A MORSSEL FIT FOR LUCULUS can be prepared by broiling a steak or chop over such a bright, clear fire as is made with our coal.

Wilkesbarre, June 8.—Strike headquarters were very dull today and presented a deserted appearance.

Morgan Hung in Effigy. The hanging in effigy of J. Pierpont Morgan in one of the streets of South Wilkesbarre by a crowd of men and boys was the only incident to mar the stillness of the Wyoming valley yesterday morning.

Must Vacate Company Houses. The news from Washington that President Roosevelt could not find his way clear to take a hand in bringing about peace between the miners and operators was received here with genuine disappointment.

Keystone, W. Va., June 8.—There was no disturbance throughout the fields of Norfolk and the Western district today.

One Operator May Yield. Montgomery, W. Va., June 8.—Deputy United States marshal are at the McDonald mine to enforce the injunction made permanent in 1896 against interference with the property of men.

President is Investigating. Washington, June 8.—The president and Commissioner of Labor Wright had a conference today touching the situation in the Anthracite strike.

Hazleton, June 8.—At their meeting at Freedland this afternoon the employees of the Delaware, Susquehanna & Schuylkill railroad unanimously refused to handle trains carrying special officers, deputies and non-unionists.

Davy, W. Va., June 8.—The operators have announced that tomorrow they will operate the mines with non-union labor.

Northfork, W. Va., June 8.—The coal operators here have given notice that all strikers must vacate the company houses tomorrow.

Monroah, W. Va., June 8.—It was a quiet day in the coal region of Northern West Virginia. A meeting was held here addressed by "Mother" Jones and other agitators.

Thurmond, W. Va., June 8.—This is the center of a new river field. The miners are parading and much drinking and agitation prevails.

PARDONED TWO LYNCHERS. Governor of Alabama Exercises Executive Clemency for White Men.

MARQUETTE, MICH., JUNE 9.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

BETTER WAIT A BIT.
The Menominee Herald is immensely elated over the success of Mr. Sheldon's supporters in their county, whose convention chose a solid delegation for him Saturday. It decorates its first page with a mammoth roster in the effort to give complete expression to its enthusiasm. The Herald and its roster are crowing over a result that, never having been seriously in doubt, in no wise changes the congressional situation. The fight put up by Mr. Young in Menominee county did not give him that county, it is true, but it diverted attention from Delta sufficiently to enable him to gather in the delegation of that county, which the Sheldon men had confidently counted on carrying. The fight in Menominee was a feat, and it accomplished its real purpose. We hate to detract from the Herald's exuberant satisfaction over the outcome of the great contest in its county, but it is hurrahing over a victory that was won over a skirmishing party while the Young army was engaged in capturing what the opposition had counted on as an impregnable stronghold.

The Herald is good-natured in its hour of triumph, however, and handsomely says of Mr. Young: "H. O. Young of Ishpeming is one of the brightest and best Republicans in the upper peninsula, one for whom Menominee county has great respect, and the turning down of his congressional aspirations here is not in any way a personal matter. He is practically out of the congressional race now because the voters believe Mr. Sheldon is the man for the district this year, a man who has demonstrated what a 'working member' can accomplish in Washington for the good old Michigan Twelfth.

Begging the Herald's pardon, Mr. Young is more in the race today than ever. The counties which held their conventions last week were all counted as safe for Sheldon. These were Mackinac, with three votes, Delta, with nine, and Menominee with ten. The conventions were called early in these counties in Mr. Sheldon's interest, so that the prestige of getting their twenty-two votes on the send-off might be obtained for him. Of the twenty-two votes of these counties Mr. Sheldon will have thirteen and Mr. Young nine. A pretty good week, that, for Young, we should say.

Commenting on the way the issue of the caucuses in Menominee Friday night was received by the voters there generally the Herald breaks into this strain: "Enthusiasm was abroad last night, and this morning we all sit about the party board in good spirits again, for we are Republicans first and contestants after that. The Republicans are solid for the nominee and they all belong to the grand old party.

Menominee county isn't the Twelfth congressional district, and there isn't any "nominee" for representative in congress yet. When there is, be the man so honored Mr. Young, or Mr. Sheldon or Mr. Wright, we will all support him heartily and loyally, as a matter of course. All three are good Republicans and good men, and any one of them will make a faithful and capable representative in congress. But the real contest has only opened, and in the preliminary engagement last week Mr. Young met Mr. Sheldon on his own ground and came out enough a winner to necessitate a revision of the figures in Mr. Sheldon's "sure" column by which nine votes are subtracted from it. If that is a victory the Herald has permission to raise a whole barn-yard of roosters over the story of how it happened, if it has the gall to do that—and the roosters.

EASILY ANSWERED.
An opponent of Governor Bliss inquires through the Grand Rapids Evening Press: "Why did Governor Bliss veto, with expressions of virtuous indignation, the house bill granting its clerk, Mr. Miller, extra compensation for extra work, and promptly approve of a bill giving the state board of auditors \$1,800 each annually for services that they had contracted with the people of the state of Michigan to perform at a price fixed by the state constitution? The state supreme court handed down an opinion that must meet the approval of all honest men, namely, that the auditor general was right in refusing to put his O. K. mark on this kind of a salary grab."

The answer to this ingeniously constructed query is not creditable to the governor. He vetoed the Miller bill because he believed that the house clerk is being very well paid for his services—an assumption that would appear to be warranted by the facts, for Miller has hung on to his job for fifteen years and shows no disposition to relinquish it, even though he is not to enjoy increased remuneration. He signed the bill granting the state board of auditors additional pay because he believed they earn and should receive more salary, but before signing it he stipulated that no payment should be made to any member of the board under the increase proposed until a test case had been made up and

the validity of the law passed on by the supreme court. In accordance with this understanding, Auditor General Powers, who is a member of the board of auditors, refused to issue a warrant for the salary one of the other members demanded, pursuant to the arrangement stated, and the supreme court was appealed to for an order directing that the warrant be issued. The court ruled the law invalid and sustained the auditor general in his action, but in the course of its opinion the court expressed a regret that it was compelled to deny to the members of the board of auditors the relief the legislature sought to give them when it passed the bill in question. The court conceded that the members of the board are required to render services in that capacity for which they are not properly compensated. The governor was aware of this and signed the bill because it proposed doing a just thing, but being doubtful of its constitutionality he stipulated that no money should be paid out of the state treasury under its provisions until the supreme court had passed upon its validity.

Now, we dare to claim that the governor's action in both the cases mentioned by his unjust critic was decidedly creditable to him, but the questions here answered are put in such a way as to convey the impression that he was either unfair to Clerk Miller or willing to improperly favor the members of the state board of auditors at the expense of the taxpayers of Michigan. This may be very clever pettifoggery, but it is both dishonest and cowardly. Governor Bliss may have made mistakes, but vetoing the Miller bill and signing that granting the state auditors increased pay cannot be fairly regarded as anything but a proper use of his executive prerogative.

COPPER COUNTRY
(Additional.)

COPPERDOM BREVITIES.
S. L. Lawton is the captain of the newly organized Y. M. C. A. track team.

The Hancock Gun club held its first shoot on its grounds west of the village yesterday afternoon.

C. J. Johnson will work on the street railway extension from Laurium to Lake Linden well under way this week.

The annual picnic of Kaiser Wilhelm lodge, O. D. H. S., Houghton, will be given at Haas' park in East Houghton Sunday June 15.

Rev. Dr. Hunter of the Calumet Congregational church has recovered from his recent severe illness and occupied his pulpit yesterday morning.

Hancock's two parks opposite the village hall are now very pretty owing to the trees which are beautifully leading out and the grass. The caretaker is Matthias Bell.

Contributions of a very substantial character continue to be received by the Sisters of St. Joseph, Hancock, for the building fund of the new hospital to be erected this summer.

Robert Rutherford, a bartender for James Arnitage, the Laurium saloon keeper, who was arrested for selling liquor to a minor, has been bound over to the next term of circuit court.

A pier where boats may land has been built in Portage Lake at the Ontonagon club near the golf grounds. The golf club is planning for several big tournaments and a fine day of sport for the Fourth of July.

Bajari & Useth, Calumet contractors, are building several dwelling houses for the employees of the Trimonium Mining company at Trimonium. Activity in building operations is also noted at Baltic, Painesdale and Atlantic.

Ernest Toutant of Hancock is building a large and modern three story house with basement on Franklin street adjoining his residence. It is the third residence structure he has on his property, having the extra one to rent.

Yesterday was children's day at the Lake Linden Congregational and Methodist churches, and last evening churches were nicely decorated with flowers and ferns. Appropriate programs were carried out.

recovered the time piece and returned it to the owner. The boy will be sent to the reform school.

Notices have been posted up about the Champion mine on the South range warning employes to conduct themselves with all due respect on trains of the Copper Range road. This was done in view of the recent trouble on a passenger train out of Houghton.

Mrs. Pauline Holland, a well known woman journalist and representative of the Northwestern Magazine, is in Calumet in the interests of the publication. She spent some time in the copper country last summer. Mrs. Holland is a good writer and is well acquainted here.

The two new structures at the Michigan College of Mines, the Engineering and Chemical buildings, are very near completed and will soon be accepted by the board of control of the institution. The board meets in Houghton tomorrow and the buildings may be formally accepted then.

The Ladies Industrial society of the Hancock Congregational church will give an outdoor band concert, the Quincy band being engaged for the occasion, and an ice cream social at the Congregational church next Friday evening. In case of bad weather the affair will be held indoors.

The Dollar Bay and Calumet baseball teams played a fine match game at Athletic park, Calumet, Saturday, Dollar Bay losing by a score of 7 to 9. The contest was not marred by wrangling and throughout it was interesting. A return game will be played at Dollar Bay in a week or two.

At Lake Linden Saturday afternoon the Houghton High school baseball team was defeated by the Lake Linden High's, the score being 6 to 10. The game was either team's up to the last inning. It was one of the best ever seen at the Lake and the kind of ball put up by the High school players was a revelation.

Of what does a bad taste in your mouth remind you? It indicates that your stomach is in bad condition and will remind you that there is nothing so good for such a disorder as Chamberlain's Stomach & Liver Tablets after having one used them. They cleanse and invigorate the stomach and regulate the bowels. For sale at 25 cents per box by The Stafford Drug Co.

INTERESTING TO ASTHMA SUFFERERS.
Daniel Bante of Otterville, Iowa, writes: "I have had asthma for three or four years and have tried about all the cough and asthma cures in the market and have received treatment from physicians in New York and other cities, but got very little benefit until I tried Foley's Honey and Tar, which gave me immediate relief and I will never be without it in my house. I sincerely recommend it to all." People's Drug Store.

FOR SALE.
One 10x12 Double Vertical Reversing engine, new, used a few days only, price, \$425.00. Liver, which gave me immediate relief and I will never be without it in my house. I sincerely recommend it to all." People's Drug Store.

WILL MAKE IMPROVEMENTS.

Hancock City Fathers Laying Plans for Water and Sewer Systems.

The Hancock council intends just as soon as possible to give the new additions recently taken into the village limits all the necessary improvements they are asking for, including water and sewer connections, sidewalks and electric lights.

Mayor Scott is already negotiating with the electric light company for a number of street lights to be placed on the darkest streets in the additions.

The council intends buying another street sprinkler, as the one in present use has all it can do within the confines of the original part of the village.

It is said that the street leading from Hancock to the county bridge which has always been a very dusty thoroughfare will be kept sprinkled this summer, something that will be duly appreciated by not only Hancock but Houghton people as well.

There are several new sidewalks to be built and the water and sewer mains will have to be extended. It will mean the expenditure of a goodly sum of money but with the new additions and the increased valuation the improvements can be made.

NO OUTSIDE SPEAKER.

Hancock Graduates Will Be Addressed by Member of School Board.

The Hancock high school graduating class will not have an outside speaker this year to make the principal address as was expected, the class being disappointed in securing the man desired.

Consequently the principal talk on the evening of graduation to the graduates will be given by the member of the school board who makes the presentation of diplomas.

The baccalaureate sermon will be preached by Rev. A. E. Johns of the Methodist church at the church on the evening of June 15. The class day exercises will be held at St. Patrick's hall on the evening of June 19.

They will consist of an appropriate program and the presentation of diplomas. There are twelve members in the class this year. The promotions in the grades of the schools will be made on the morning of Friday, June 20, and the reception to the graduating class, alumni, parents and patrons of the school will be tendered that evening.

SWEDISH JUBILEE.

Saturday and yesterday the congregation of the Swedish Lutheran Carmel church in Calumet held a service celebrating the twenty-fifth anniversary of the organization of the church in Calumet.

The gathering held last evening at the church was one long to be remembered, as all of the pastors except one who have presided over the congregation are present to deliver addresses. Rev. C. O. Glander of Minneapolis, who organized the church and was its pastor for several years, was present, also Rev. E. Rehner, Buffalo, Mich.; Rev. J. M. Rydman, Keweenaw, Ill.; and Rev. J. T. Olander.

MEETING OF FINNISH SYNOD.

At the recent meeting of the Finnish synod of Evangelical Lutheran churches at Crystal Falls, Rev. J. K. Nikkanen of Suomi college, Hancock, was elected president of the organization, and J. H. Jassberg, manager of the Finnish book concern connected with the college at Hancock, was chosen treasurer.

The report given of the college was most satisfactory to the many delegates present at the convention from all parts of the country. The organization has pledged its support to the college.

STUDENTS DANCE TONIGHT.

One of the best social events of the season will be the annual party of the Michigan College of Mines students at the Houghton Armory tonight.

A large number of invitations have been issued and besides the young people from Houghton and Hancock expected in attendance a big delegation from Calumet will be represented. The hall has been very prettily decorated, and a fine music will be furnished by the full Calumet & Hecla orchestra.

SUMMER TRAIN SCHEDULE.

Yesterday the Copper Range road put into effect its new summer schedule, giving improved service on both its main line and what is known as the Lake Shore branch.

The train for Greenland on Sundays now leaves at 6:15 p. m. and from Greenland to Houghton the train arrives at 9 o'clock a. m., leaving Greenland at 7:30 o'clock. Trains leave Houghton for Freda on Sundays at 9:30 a. m. and 1:30 p. m. and returning leave Freda at 12 m. and 5:30 p. m.

WRESTLE AT CALUMET.

Ed Blau, the well known Calumet wrestler, has a match on with "Billy" Jones, also of Calumet, for the evening of June 28 at Calumet. A purse of \$100 will be put up for the bout, the best two out of three falls, Cornish style, determining the winner.

Both men are good wrestlers and a fine match may be anticipated. Blau threw Jones in the recent tournament at Calumet but the decision was not allowed.

Everybody's liable to itching piles, Rich and poor, old and young—terrible the torture they suffer. Only one sure cure: Doan's Ointment. Absolutely safe; can't fail.

MUCH INTEREST IN MOHAWK.

Ranks Among Most Valuable of Recent Copper Acquisitions.

With the time for the starting of its stamp mill but a few months distant, interest is to a great extent being diverted to the affairs of the Mohawk mine, which upon all sides is conceded to rank among the most valuable of the recent acquisitions to the Lake copper industry, says S. J. Bauman in the Hancock Journal.

From the time the Mohawk company was organized the stock has been looked upon as a desirable investment, largely due to the fact that the value of the mine was fairly well established as a result of the exploratory work. The Mohawk has four miles of openings, and considering their character no new mine in this district ever started better equipped in this respect.

The showing at each of the shafts from the surface down is good. That at No. 3 shaft is not up to the standard of the others, but the drift from this shaft compare favorably with those in the other portions of the mine. The second level drift south of No. 4 is in exceptionally good ground.

CALUMET & HECLA.

Reduction of Working Force Will Not Affect Output of Mine.

Calumet & Hecla people say with reference to the report coming from the Lake to the effect that the property is now employing 5,000 men as against 7,000 two years ago, and that it is turning out more copper and making a large profit than it ever employed in producing copper, and its retirement, therefore, has had no effect whatever upon the output of the property or its profit.

As regards the progress making in the equipment of the six new heads of stamps now in process of installation, the delay has been caused wholly by the manufacture of the machinery in fact to ship the same according to agreement—something that was unavoidable by reason of the great demand for machinery that has been under way now for two years past. The Calumet & Hecla people are still very confident concerning the metal situation and are looking for a steady market for all the copper that they care to sell.

RESULTS AT THE SHEBA.

Weekly Report Shows the Opening of Two New Ore Bodies.

The regular weekly report from the Sheba property's Humboldt county, Nevada, property reached Secretary Child yesterday, and shows a most satisfactory condition of affairs at the mine. Two good ore bodies, the report says, have been developed in the Sheba claim—one in the Franklin tunnel, where a very high-grade streak, six inches wide, has been followed in for a distance of nine feet through several feet of good milling ore. The other strike occurred east of and adjoining the old workings of the footwall of the bedded vein. One of this point has been followed in on the floor of the drift for ten feet, and from twelve to twenty-two inches of it are exposed. It consists of a mixture of high-grade and milling ore that gives promise of developing into something really big.

One has also just made its appearance at a point in the Sheba tunnel workings, described as "just east of the big stall," but enough work has not yet been done to show its extent. There are two other places, also, the report says, where ore is just beginning to appear.

On the Mammoth, another of the company's properties, the work of driving the tunnel to tap the ledge at a depth of 35 to 150 feet is progressing nicely, while a force of several men is kept at work on surface milling ore bodies. About twenty-five pounds of samples accompanied the report, and some of them look good enough to eat—Salt Lake Herald.

LITIGATION FOR TONOPAH CO.

Salt Lake & Tonopah Company and Others Contesting Patents.

What promises to be very interesting mining litigation is now making great headway in this city, and many hundreds of thousands of dollars are involved. The Tonopah Mining company of Butler, Nye county, in this state, some time ago filed applications with the United States land office in this city for patents to the land on which the several claims of the company are located.

Now contests have been filed in the office, and a legal battle is in the making. The Tonopah Mining company on the one hand, and the Salt Lake & Tonopah company on the other, are both claiming patent on the Valley View claim. Both these claims are producing splendid ore, the latter having a dozen shafts down to a considerable depth. A number of attorneys are now on the ground gathering evidence and having surveys made.—Salt Lake Herald.

BIG CONSUMPTION OF COPPER.

John Stanton Says Rate This Year Is in Excess of Last.

John Stanton says: "Last year at this time the consumption of copper in this country was at the rate of 35,000,000 pounds per month. It is now at the

rate of 50,000,000 pounds per month. I figure that during the past month there have been consumed in this country over 125,000,000 pounds of copper more than was consumed during corresponding period of one year ago. Since January exports have increased about 80,000,000 pounds and the copper exported has gone into consumption. No one has any copper to sell at present time. The reason for this is plain. When copper was selling at 17 cents every purchase brought from hand to mouth, when price was reduced every one believed that it would be further cut until it reached 12 cents. Below 12 cents there was an extraordinary rush to buy. The surplus was rapidly eaten up, demand was stimulated, copper was used where other materials were formerly made to serve and the result is that there is no surplus in existence. I look to see a continued strong market, for I consider trade in the best possible condition."

MASS HAS BRIGHT FUTURE.

Boston Evening Transcript Tells of an Expert's Visit to the Mine.

Mr. Nutter with Frederick H. Tibbitts, has returned from a thorough exploration of the Mass mine at Lake Superior and tells the Boston Evening Transcript that the mine is fully as good as the reports have made evident. "I spent one afternoon underground and with Captain Hall explored the entire mine below the sixth level, looking over every drift, cross-cut and stope in that part of the mine. The Mass mine is small as compared with some of the older lake properties but it is a proposition of great promise as it stands today. The mass and barrel work is running very heavy in the drifts west of the B shaft. All indications point to a bright future for the mine when the openings have been extended further west from the B shaft. The C shaft, which is going down rapidly on the Butler lode 2,000 feet west of B, will give an opportunity to drift east to the B shaft, opening up some very rich stoping ground below the seventh level. The immediate future of the mine lies between these two shafts and a comparatively small amount of development work will give openings enough to supply rock for both heads of stamps at the mill. It is expected that the amount of mass copper found in the Evergreen lode will increase upon drifting west. The drifts east from the A shaft and toward the Adventure property carry excellent stamp rock and are yielding good returns. The surface workings of the Mass are up to the requirements for a good while to come. The rockhouse is so situated that it can be enlarged at small expense and the hoisting plant is ready for another drum whenever the new shaft requires it. The Mass stamp mill situated at Keweenaw Bay is as good as can be bought, although comparatively small. The mill is in charge of Mr. Krause who is an inventor of some repute and has attached to both heads of the Mass mill an appliance of his own patent for removing small masses of native copper, which necessarily go in with the rock and which of course cannot be crushed. There has been so much talk of a consolidation of the Mass and Adventure companies of late that it is hard to pass over this phase of the situation at the mines without comment. I have no desire to make comparisons between the two properties but there is such a wide gap between the selling prices of the two stocks on 'Change that one expects to note a corresponding difference in the properties themselves. Such a difference is not apparent and where it does appear it is all in favor of the Mass. The Adventure people are spending large sums of money on their new buildings and machinery, but the work underground is not extensive enough as yet to furnish a real test of the mine's worth. It is an open question whether or not it is wise to spend so much money above ground until the mine has been tried out thoroughly underground."

MASS-ADVENTURE CONSOLIDATION.

William R. Todd of the Adventure Mining Co. says: "I know of no intention to consolidate the Mass and Adventure mining properties and do not believe that such a consolidation could take place without my knowledge." A director of the Adventure company says: "There is certainly no truth in the report that Mass and Adventure are to consolidate. The properties are so situated that a single management for the two would result in a saving in expense accounts, but such a move is not under serious consideration."

NEW MINE OFFICE FOR BALTIC.

A new mine office is being built at the Baltic and hereafter the clerical work of the Atlantic and Baltic will be done separately. A. D. Edwards will continue as clerk at the Atlantic and W. C. Cole, who has been Mr. Edwards' assistant, will be in charge of the Baltic office.

COPPER GOSSIP.

The Phoenix mine railroad has been completed. Grey copper will be produced hereafter for less than nine cents per pound. With the coal dock-completed Quincy is permanently equipped in all departments. All of the shafts on the conglomerate vein will be free from July 1 when a thorough examination of the underground workings takes place.

ST. ANNE'S COMMENCEMENT.

St. Anne's academy of Lake Linden will hold its third annual commencement exercises at the opera house on the evening of June 23. Oliver G. Parvank is the only student to be graduated. A fine program will be rendered for the occasion, the address being delivered by Rev. Father Atfield of Hancock.

LOWER RATE OF TAXATION.

Houghton's assessed valuation this year shows a big increase, that of \$97,000, over last and the rate of taxation will be lower as the village will raise by taxation the same amount for improvements as last year. The council decided to raise \$17,500 for street work and other improvements.

ST. ANNE'S COMMENCEMENT.

St. Anne's academy of Lake Linden will hold its third annual commencement exercises at the opera house on the evening of June 23. Oliver G. Parvank is the only student to be graduated. A fine program will be rendered for the occasion, the address being delivered by Rev. Father Atfield of Hancock.

My little son had an attack of whooping cough and was threatened with pneumonia; but for Chamberlain's Cough Remedy we would have had a serious time of it. It also saved him from several severe attacks of croup.—H. J. Strickfaden, editor World-Herald, Fair Haven, Wash. For sale by The Stafford Drug Co.

RESPIRE FROM WAR

PHILIPPINE ARMY ENJOYING A FITFUL PEACE.

INSURRECTION PRACTICALLY ENDED

NO REASON WHY CIVIL GOVERNMENT CAN'T BE ESTABLISHED.

Acting Governor Wright Sends Detailed Report to War Department of Existing Conditions in the Archipelago.

Washington, June 8.—There is now no armed insurrection against the authority of the United States in any province or island of the Philippine Archipelago, outside of the Moro country. Neither is there any reason why civil government may not now be established in every island and every province.

No Armed Insurrection.

There is no armed insurrection in any of them and no reason so far as relates to peaceful conditions why civil government in all may not be now established.

Government Vessels Needed.

While Principe and Infanta could be organized at once, it would be difficult to look after them until we receive vessels now building, say by Sept. 1, few inhabitants and the unimportant.

NINE KILLED IN MARINE WRECK.

Whaleback Thos. Wilson and Steamer G. G. Hadley Collide at Duluth.

Duluth, June 8.—The whaleback steamer, Thos. Wilson, Captain Cameron, master, was out almost in two by the steamer George G. Hadley, Captain Fitzgerald, master, a half mile south of the Duluth canal yesterday and nine men went down.

The Hadley had a hard run for shore, and did not win the race by any too great a margin. At a moment after her bow went on the bottom just south of the ship canal pier, her stern began to settle, and finally went down.

TODAY'S WEATHER.

Washington, June 8.—The following is the weather bureau's forecast for Upper Michigan: Fair and warmer Monday and probably Tuesday with fresh winds becoming southeast.

DR. FENNER'S KIDNEY and Backache CURE. All diseases of Kidneys, Bladder, Urinary Organs, etc.

ST. VITUS DANCE. Sure Cure, Circular, Dr. Fenner, Prodnosia, N.Y.

MERCURY FINDS BOY'S BODY.

Placed in a Loaf of Bread It Floats to Spot and Stops.

Green Bay, Wis., June 8.—The body of Ollie Goeben has been recovered from Fox river, in which he was drowned on Tuesday last. In the search for the body a peculiar method was resorted to.

NEGROES ARE RUNNING RIOT.

Black Population Left in Martinique Thinks Island Its Own.

Port de France, June 8.—Since the greater part of the whites have left Martinique the negroes imagine that the island is at length their own. They have met and elected a negro governor and other officers.

MILES AND ROOT WILL MEET TODAY

HEAD OF THE ARMY AND CHIEF OF WAR DEPARTMENT WILL HAVE AN UNDERSTANDING AS TO ALLEGED CHARGES.

Washington, June 8.—General Miles arrived here last evening, and he will meet Secretary Root tomorrow, when it is expected the fur will fly in the war department. His reputation of his Chicago interview quoting him as saying that he has been recalled to Washington pacified in a manner Secretary Root, who earlier in the day had denied the report, but the disposition of the administration to run down the leak in the war department and punish the offender is as determined as ever.

BASEBALL SCORES.

Table with columns for American League and National League, listing teams and scores.

CHICAGO GRAIN MARKETS.

PROGRAM FOR WEEK

WHAT THE SENATE AND HOUSE INTEND DOING.

FORMER WILL DISCUSS CANAL BILL

LATTER WILL TAKE UP CABLE AND IMMIGRATION MEASURES.

Supporters of Nicaragua Route for Inter-Oceanic Waterway Will Try to Have Vote on Question Saturday.

Washington, June 8.—The greater part of the senate's time this week will be given to the inter-oceanic canal bill. An effort will probably be made by the supporters of the Nicaragua route to secure an agreement for a vote on Saturday, but the probabilities are all against their success.

WHAT THE HOUSE WILL DO.

The house program contemplates the consideration of the Pacific and the senate irrigation bills. The cable bill will be given two and the irrigation three days. The friends of the cable bill are confident it will pass. Some of the house leaders, including Representative Cannon, chairman of appropriations, is understood will oppose the irrigation bill, but friends of the measure are hopeful it will pass. Monday will be District of Columbia day.

NEW YORK STOCK MARKET.

Labor Troubles and Weather Have Adverse Effect on Trading.

New York, June 8.—There was no change in the several repressive influences upon speculation in stocks yesterday and the market was practically idle in consequence. The policy of a large interest in stocks seems to be defined as one of pernicious holding until the underlying strength of the situation emerges from the present obscuring influences. Meantime professional speculators are apparently unwilling to venture upon a campaign against values.

NOTES OF MARINE NEWS.

The steamer Spokane cleared from the L. S. & I. dock with one Saturday, the W. P. Palmer cleared from the South Shore docks yesterday. Clearances from the L. S. & I. were the Paisley, for Astoria; the Chocoma, for Buffalo, and the Portland, for Kalguna, for Cleveland. The steamer Sitka will be loaded and clear today.

Soo Canal Passages.

Sault Ste. Marie, June 8.—(Special)—Hutchinson, Arabian, Flint, 10:30 p. m.; Briton, Queen City, 1:30 a. m.; J. Emery Owen, Eber Ward, 3; Bansen, Manda, 4:30; Mars, Tyrone, 7; Castle, Folsom, Marvin, Scantling, 8; City of Rome, Roy, Sage, 9; Troy, Mavery, Smith, 11; Empire City, Holly, L. p. m.; Sitka, Nottingham, 2; Manitoba, Gogebic, Bewabic, 4; Thos. W. Palmer, Mohegan, Mingo, 6:30; Huronia, Livingstone, 8; McDonough and whaleback, 10:30.

CITY BRIEVITIES.

Decorate today. Frank Russell arrived home from Ann Arbor Saturday. A. C. Hargrave of Lake Gogebic circulated among friends here Saturday. Peter Primm came down from Calumet to spend Sunday with his family. Arthur W. Pierson of the Northern Construction company, is registered at the Hotel Marquette.

CHICAGO GRAIN MARKETS.

Chicago, June 8.—Wheat was dull yesterday, the fluctuations covering but a 1/8% range. The feeling was quite strong early; a moderate reaction followed and the close showed a 1/8% gain. Wet weather and strong cables were the main bull features, causing considerable covering. The elevator interests bought July and sold September, though one concern sold heavily in July. Some buying was reported for foreign account and St. Louis shorts covered on the early return. One of the bear factors was the rumored purchase of 200,000 bushels of new No. 2 red from Illinois points, to arrive in July.

Washington, June 8.—The greater part of the senate's time this week will be given to the inter-oceanic canal bill. An effort will probably be made by the supporters of the Nicaragua route to secure an agreement for a vote on Saturday, but the probabilities are all against their success.

WHAT THE HOUSE WILL DO.

The house program contemplates the consideration of the Pacific and the senate irrigation bills. The cable bill will be given two and the irrigation three days.

NEW YORK STOCK MARKET.

New York, June 8.—There was no change in the several repressive influences upon speculation in stocks yesterday and the market was practically idle in consequence.

NOTES OF MARINE NEWS.

The steamer Spokane cleared from the L. S. & I. dock with one Saturday, the W. P. Palmer cleared from the South Shore docks yesterday.

Soo Canal Passages.

Sault Ste. Marie, June 8.—(Special)—Hutchinson, Arabian, Flint, 10:30 p. m.; Briton, Queen City, 1:30 a. m.; J. Emery Owen, Eber Ward, 3; Bansen, Manda, 4:30; Mars, Tyrone, 7; Castle, Folsom, Marvin, Scantling, 8; City of Rome, Roy, Sage, 9; Troy, Mavery, Smith, 11; Empire City, Holly, L. p. m.; Sitka, Nottingham, 2; Manitoba, Gogebic, Bewabic, 4; Thos. W. Palmer, Mohegan, Mingo, 6:30; Huronia, Livingstone, 8; McDonough and whaleback, 10:30.

CITY BRIEVITIES.

Decorate today. Frank Russell arrived home from Ann Arbor Saturday. A. C. Hargrave of Lake Gogebic circulated among friends here Saturday.

CHICAGO GRAIN MARKETS.

Chicago, June 8.—Wheat was dull yesterday, the fluctuations covering but a 1/8% range. The feeling was quite strong early; a moderate reaction followed and the close showed a 1/8% gain.

DROWNED AT NEWBERRY.

Contractor Ruggles' Young Son the Victim of the Fatality.

John Hager was summoned to Newberry yesterday morning to prepare for burial the body of a boy who was drowned at that place last Saturday. The victim of the fatality was Frank F. Ruggles, the fifteen-year-old son of George X. Ruggles, superintendent of the construction of the new addition to the Newberry asylum and also of the new court house being erected at Munising. The lad, it appears, was fishing from a scow and, over-reaching, tumbled into the water from which he was later taken out dead. Mr. Hager returned with the body on last night's train and this morning the remains will be forwarded to Whitewater, Wis., the family home, for interment, accompanied by the grief-stricken father.

SHAFT FIFTY-FIVE FEET DEEP.

Captain Daniels Reports on the Progress at the Sauk's Head Mine.

Captain Daniels, who came down from the Sauk's Head mine to spend Sunday with his family, reports that the shaft has now attained a depth of fifty-five feet. Last week a crosscut was driven across the lead from the foot to the hanging wall, the latter being reached last Friday. The lead was found to be nine feet, three inches in width, and the walls as true as any the miners have ever seen. Next to the foot wall the mineral formation is constituted of a gray copper ore and at the hanging it is of yellow copper ore, both well charged with gold and silver. A miner who up to a short time ago was in charge of a Colorado property as captain, is assisting in the work at the Sauk's Head property, and he is well pleased with the showing. The lead, he

DOING THEIR DUTY.

Scores of Marquette Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty. When they fail to do this the kidneys are sick; Backache and many kidney ills follow. Urinary trouble, diabetes, Doan's Kidney Pills cure them all. Marquette people endorse our claim. Mr. C. C. Young, of 127 E. Michigan street, painter and decorator, says: "I had such pains through my back and joints at times that I could scarcely keep at my work. The kidney secretions became affected, were highly colored, unnatural, irregular and deposited a heavy dark sediment. I could not rest comfortably at night; lay awake for hours at a time and was rarely able to secure more than three or four hours sleep during a night. I saw Doan's Kidney Pills advertised, procured them at the Stafford Drug Co.'s store and began to use them. I felt relief almost at once. They relieved the irritated condition of my nerves. I was able to enjoy a good night's rest and arose in the morning feeling strengthened and refreshed." Sold for 50 cents per box by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's and take no other.

states, is one of the best he has ever seen, and he is confident that it will be found running into the main ore deposit of great depth. This evening, at the office of Button & Culver, a meeting of the trustees and other stockholders will be held at 8 o'clock. Arrangements for the final development of the property, whose future seems practically assured, will be included in the business to be attended to.

SCORED A DISTINCT SUCCESS.

"The Power Behind the Throne" Is a Very Capable Hand.

Miss Katherine Willard, as Aria, in "The Power Behind the Throne," scored a distinct success at the opera-house Saturday, and with her in the honors shared Wright M. Lorimer, as the baron, the president's son. The play itself is powerful, intense and thrilling, the theme is a pathetic one and there are few touches of comedy to lighten the generally sombre tone, yet in the end, when it was difficult of comprehension how the climax could logically be brought to a happy ending, the wickedness is checked and the persecuted young couple are started on the way to the haven in France with the well wishes of the audience.

The play was given a very capable production. It was the first time Miss Willard had been seen here, but she had no difficulty in gaining many admirers. She made a charming and powerful Aria. The character is a strong one and its demands are great, yet in every requirement Miss Willard was mistress of the situation. She passes from pretty love scenes to terrible trials involving the lives of father and mother she loves dearer than her own, and in which she is forced to fight for them under terrible situations. In all the various moods, the young lady's acting was exceptionally good, but it was in the extremely dramatic situations that she was at her best, throwing into them an intensity of feeling and earnestness that stirred the emotions of the audience and had result in several curtain calls. It is evident that a glowing future is before her. Fully in keeping with the standard of the star was the work of Mr. Lorimer as the manly young baron who, living in a court where virtue and honor were apparently an unknown quality and licentiousness flourished unrestrained, was unswayed by the vice around him. In love with a girl not of the nobility of title, loved by a wicked woman who constituted "the power behind the throne," and possessed of a father selfish and ambitious, there was much in the part that called for a display of strong histrionic ability; and it is enough said that every demand was filled. Few leading men the equal of Mr. Lorimer in their roles have appeared here. The others of the cast were well balanced, and there was not a weakling on the stage. Dolphine, maid of the duchess, was portrayed splendidly by Camille Porter; and in the difficult part of the duchess, Miss Norris was excellent. W. H. Prendergast, as the secretary, was very good, and the same was true of the remainder of the troupe.

ALL WEEK LONG.

Santry and Long Will Present a Strong Repertoire of Plays.

Joe Santry will present Frank E. Long and his big company of metropolitan players, including Nana Sullivan and eighteen others, at the Marquette Opera House for one solid week, beginning tonight. This season the plays are new, the specialties are high class and a big feature of the entertainment. "Queen's Secret," "The Fatal Wedding," "Runaway Wife," "Under Two Flags," and several other well known new successes will be presented during the week. The company arrived here this morning from Duluth and West Superior, where it has been playing for the past two weeks to a record-breaking business. Mr. Long and his company have been on the road for years, and come to Marquette once more, stamped with the seal of public approval and the well wishes of the legion of friends they have made everywhere they have played. This evening will be ladies' free night. Popular prices will prevail. Seats are now selling at Bigelow's.

See the Long company at the opera house tonight. Ladies free. Popular prices. Seats now selling at Bigelow's.

When once liberated within your system, it produces a most wonderful effect. It's worth one's last dollar to feel the pleasure of life that comes by taking Rocky Mountain Tea. The Stafford Drug Co.

THE PEOPLE'S FAVORITE SHOE STORE!

This is the truth about our Shoe Room. The reason is, the lowest of all prices are marked on our Shoes. A first proof of this is in the following sample description of kinds and in the accompanying prices. The statement will be absolutely clinched if you will come and see these Shoes and compare their prices with those of any other dealers in this city.

Dry Goods Department.

We will offer during this month of May Special Bargains in Dress Goods—the latest weaves, the best qualities, and noskimping in measure Ladies' Wraps, Suits, Skirts and Waists.

A brilliant exposition of elegant garments in styles that are the season's successes. Skirts. The season's most fetching novelties—the close-clinging styles now so much in vogue.

Lace Curtains. Just received, a fresh line of handsome designs in widths and lengths to suit all, ranging in prices from 65c up to \$10.00 the pair.

Our Carpet Business Is still booming, but we can still give you good selection at greatly reduced prices.

Men's, Boys' and Children's Clothing. How about that spring suit? It is high time you were making your selection, and our store is beyond question the place for you to go, as we have the best assortment, from the lowest priced suits to the finest garments made. We can fit the children out in little suits from 98c up to the swellest little garments turned out. We can fit out the boys and the young men in the finest worsted, all wool clothing that, when pressed out and fitted on, look better than half of the garments that are turned out by the merchant tailors, and you know the prices are less than half of what you would pay there. \$2.50, \$3.00, \$7.50 to \$10.00 secures a dandy Suit at our store.

When once liberated within your system, it produces a most wonderful effect. It's worth one's last dollar to feel the pleasure of life that comes by taking Rocky Mountain Tea. The Stafford Drug Co.

GRABOWER'S GREAT JUNE SALE OF WASH GOODS

Thousands of Yards of Beautiful Fabrics at Remarkably Low Prices

JUNE MILLINERY at SPECIAL PRICES

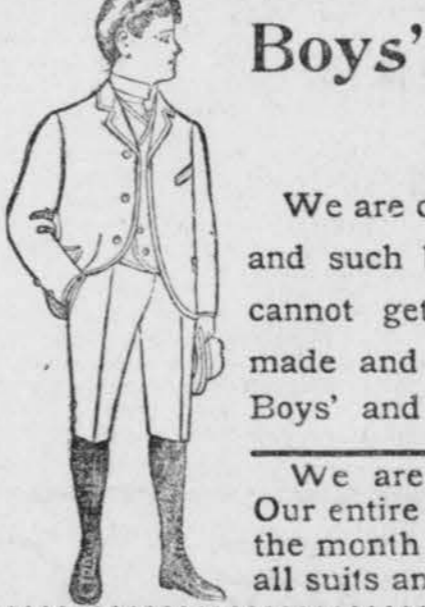

Our Big Millinery Bargains will be continued this week. We have bought from Blumenfeld, Locher & Brown Co. and Thomas H. Osborn & Co., Wholesale Milliners, their sample line of Hats at 33 cents on the dollar, and we propose to give our customers the benefit of this lucky purchase, and will make Special Prices on all Hats.

June Sale of Muslin Underwear

Begins tomorrow morning. We have for all, for everybody, just what they want in Undermuslin; our prices will interest you. We can confidently promise that the assortment, styles, qualities and prices will be a revelation to those who are familiar with the usual offering at June Sales.

We show vast quantities of beautiful Wash Goods, which we have bought this season before the scarcity of Domestic Goods commenced. These Goods have been bought at least 25 per cent. less than same Goods can be bought for now, but we want to give our customers the benefit of our purchase, and have made the price of these Goods less than our competitors are buying them for now. FRENCH GINGHAMS, SCOTCH GINGHAMS and DOMESTIC GINGHAMS at reduced prices. FANCY CORDED DIMITIES, BATTISTES, PERCALES, PRINTED SWISS MUSLINS, FRENCH BATTISTE, DOTTED SWISS, all at reduced prices. PRINTS, BLEACHED and UN-BLEACHED SHEETINGS, READY-MADE PILLOW CASING and SHEETS included in this Sale.

Boys' Clothing forLess Than Cost

We are closing our entire line of Boys' Clothing, and such bargains as you will get at our Store you cannot get elsewhere. Our little Suits are well made and give satisfaction. Little Men's Suits, Boys' and Youths' Pants, all included in this Sale. We are closing out all our Ladies' Suits, Skirts and Jackets. Our entire line of ready-to-wear stuff must be cleaned up before the month of June is gone, and we have made very low prices on all suits and skirts. It will pay you to get a suit or skirt here.

Special Carpet Bargains.

WE MAKE NO CHARGE FOR SEWING CARPETS. Anybody who knows anything about Carpet values will tell you that you can do very much better in price and quality by coming to Grabower's than you can anywhere else in Marquette. The reason is we carry by far the largest stock of Carpets in the city; of course we buy closer than other stores and sell cheaper. Large selections of all sizes in Velvet, Axminster and Ingrain Rugs, Axminster Carpets, Wilton Carpets, Velvet Carpets, and large assortment of Ingrain Carpets.

Ladies' & Children's Shoes

You know we have the Utz & Dunn line of Rochester Shoes; nothing better; made to fit; there is good leather in them, and you enjoy wearing them. Never miss a pair of these shoes. If you are not already a customer, it will pay you for your own sake to become one.

We want to make June our Banner Month of the Season. It is a well known fact that we are doing the big business of this town; if you only come into our Store and look through our different Floors you will soon be convinced of the fact that what we say is right.

YESTERDAY'S BALL GAME.

Cleveland-Cliffs Team Defeated Marquette in a Score of 9 to 2.

Yesterday's ball game at Union Park between the Cleveland-Cliffs and Marquette teams resulted in an easy victory for the home nine. The score at the end of the seventh inning, when the contest came to a close, was 9 to 2. It would have been a shutout for the visitors had the locals played more carefully toward the latter part of the game. In the sixth inning Marquette had men on second and third bases. The one on third was taking a long lead and the catcher attempted to throw him out, sending the ball down when the baseman was off his guard. The ball went wide of the baseman and both runners came home. The game started off well, neither team making a run in the first or second inning. In the third the Cleveland-Cliffs began to find the ball and six runs were brought in before the inning ended. The locals took another batting streak in the fifth and three men were brought across the plate. The Marquettes played ragged ball at times and occasionally some good plays were made. Maroney played a good game at second for the Cleveland-Cliffs and Olson played well at first. The feature of the game was Charles Larson's fielding. He caught some very difficult flies. Navins did some good batting and bave running.

The Cleveland-Cliffs team was composed of the following players: Navins, catcher; Lynn, pitcher; Olson, first base; Maroney, second base; Korr, third base; J. Cooney, short stop; J. Cox, left field; C. Larson, center, and Fred Lavigne, right.

Marquette's team was made up of J. N. Trudeau, catcher; Freidstein, pitcher; Sam Calderon, first base; James Hogan, second base; F. Hawley, short stop; W. Jellison, third base; W. Corbett, left field; P. Graff, center, and W. Maney, right.

D. D. Randall did the umpiring and there were no protests to his decisions. The attendance was large.

FIRE AT LEE'S FLAT.

Blaze Caused Great Excitement Among Occupants of the Building.

The fire department was called out yesterday morning between 3 and 4 o'clock to fight a blaze in M. L. Lee's flat on North Fifth street.

The fire started in the third story, where Mr. Lee has been fitting up rooms. It appears that a preparation he had used the previous day on the floors ignited and it had been burning some time before the blaze was discovered. The fire had passed through the floor, cropt along the rafters and broke out through the hall ceiling on the second floor. Mr. Lee, who occupies rooms on the first floor, heard the cracking of the timbers. As soon as he left his apartments and entered the hall he saw the blaze in the ceiling above him. He immediately aroused everyone in the building and in a few minutes the whole house was in an uproar of excitement. Meanwhile Lee went to the telephone to give the alarm of the fire department. He rang until he had very little strength left in his arm, but could not raise central. He then started for the engine house, without shoes or stockings. His building and in a few minutes he had reached his destination. The fire was making headway, but during Lee's absence the other occupants of the house were fighting it with pails.

The firemen responded promptly after the alarm had been sounded and in a few minutes the blaze was under control. The fire was making headway, but during Lee's absence the other occupants of the house were fighting it with pails. The firemen responded promptly after the alarm had been sounded and in a few minutes the blaze was under control. CONCERT THIS EVENING.

Upper peninsula people who have heard the Canadian Jubilee Singers will give a concert this evening at the Epworth league. The members of the Epworth league, who are managing the engagement of the troupe here, have met with good success in the sale of tickets and a large attendance is assured. However, those who have not purchased tickets should hasten to attend on that account, as there will be room for all who turn out. The prices of the tickets are within the reach of all, being twenty-five cents for general admission and thirty-five for reserved seats. Children will be charged fifteen cents. The reserved chart is at the Ishpeming Co-operative store, where tickets can be purchased. W. J. Roberts, the jeweler, is also selling tickets. The concert will begin at 8 o'clock.

THE EXCURSION RATES.

An error was made in the rates announced on the bills distributed by the South Shore people relative to the rates of fare to be charged during the Maccabee convention this week at Marquette. A fifty-cent round trip fare will prevail today, tomorrow and Wednesday. Tickets will be good returning on any train during these three days, also on all trains up to and including the 16th.

RECITAL THIS AFTERNOON.

The pupils of Miss Ropes, assisted by Stephen Shaymaker, will give a recital this afternoon before a limited number of guests at the home of George Jones.

Loss of Appetite is also loss of vitality, vigor, tone. To recover appetite and the rest take Hood's Sarsaparilla—that strengthens the stomach, perfects digestion, makes eating a pleasure. It also makes the blood rich and pure, and steadies the nerves.

TEN YEARS IN BED.

R. A. Gray, J. P. Oakville, Ind., writes: "For ten years I was confined to my bed with disease of my kidneys. It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." People's Drug Store.

ISHPEMING IN BRIEF.

H. N. Meloche, who has been in Detroit for nearly a week past, will be home tomorrow.

A. W. Conradson, Gust Olson, John Ring, Peter Adolph, Gust Carlson and Charles Gustafson are spending ten days at Bass lake, fishing.

Kaufman & Son, horse dealers, have a very pretty team of white driving horses. The animals attract considerable attention when they are on the street.

Bit Lemire won the picture of Rev. Father Poulton, pastor of St. Joseph's church, rolled off by the children of the convent school. The lucky number was seventy-two.

T. F. Cole, Nelson P. Hulst and W. N. Merriam, officials of the Oliver Iron company, spent yesterday in the city. Mr. Merriam is the expert geologist with the corporation.

P. H. Donahoe is making some needed improvements about his business block on West Division street. A new platform and steps leading to the front entrance is among the most important work being done.

Large classes of children were confirmed yesterday by Bishop Eis at St. John's and St. Joseph's churches. The confirmation at the latter church took place in the morning and the class at St. John's was confirmed at 3 o'clock in the afternoon.

G. G. Johnston will leave today for Pontiac to attend the annual convention of the state organization of the Grand Army. Every post commander of local posts is eligible as a delegate, though very few of the posts in this part of the state will be represented by more than one delegate.

Charles Gillstrom and Peter Gummerson captured six young foxes some miles south of Ishpeming one day last week. The animals are at Gummerson's saloon, corner of Cleveland avenue and Second street, where they are attracting a great deal of attention. Four of the foxes are as gentle as kittens, but two of them are snappish and will bite every chance they get.

The members of the local tents of the Maccabees are quite enthusiastic over the parade to take place tomorrow afternoon. The officers are urging the members to come out with a view to making the turnout as large as possible. The members are requested to meet at the Finnish Cooperative hall at 9 o'clock to prepare for taking the special train an hour later. The Ishpeming City band will lead the Maccabees of this city.

Kenton Catches.

Two dozen houses, all told, 300 brawny men, two women, one dog, one barber shop, one store, those make up the town of Quarry Sloss, in Ventura county, says the Los Angeles Herald. No church, no saloon. An odd, well behaved town, despite the fact that men—quarrymen—so largely predominate.

Quarry Sloss is the town built for the comfort of the people who do the work in Sloss quarry. Sloss quarry is in the Guadalupe range of mountains of Ventura county, twenty miles east of the town of Ventura, the county seat.

The quarry is run by the Southern Pacific railroad and is the place from which the company is getting its ballast rock for bracing its great coast line. Already rock has been put upon the track from this quarry from Santa Barbara to the town of Somis, near the quarry. It is intended to continue the ballasting from this point on to the Chatsworth tunnel, and when the tunnel is completed, to continue the work to Los Angeles.

There is a huge rock crusher at the quarry and daily thirty-seven carloads of the crushed rock are hauled out and placed on the roadbed. Two trains are kept in constant motion for this purpose. A locomotive and train of cars is also kept busy hauling rock from the quarry to the crusher. The work is incessant, the 250-horsepower engine also running a dynamo for lighting at night. The quarry itself is about a quarter of a mile in extent along the mountain side, with enough rock in sight to ballast a road around the earth.

The general management of the work at the tunnel is in the hands of C. Brackman, while Daniel Ogden runs the crusher and is general superintendent. Mrs. Ogden is one of the two women

A BIG LINE OF GOOD THINGS FOR SUNDAY...

Fruits, Vegetables, Received fresh this morning.

J. SELLWOOD & Co.

This gives employment to a large crew of loaders who have been working on the drives since the winter's work was finished.

The dapple gray horse of Rev. Mr. Collins became entangled in a barbed wire fence a short distance south of town, one day last week, and when found was badly cut about the head. The poor animal was nearly exhausted from loss of blood and it was with difficulty that it was removed to its stable where necessary attention could be given. It will be some time before the animal will be serviceable for conveying the reverend gentleman to his several appointments.

Since the demise of Adolph Laplant, Frank Lewis has administered the estate and rendered his final accounting to the probate judge last week. El Cameron purchased the stock of liquors and fixtures and has moved them to his place of business. The title of the property is held by different parties in undivided interests and its final disposition has not been determined. The place will probably be used as a tenement, which would eradicate one of the old landmarks in the removal of the Kenton House sign.

D. F. Root, the expert bookkeeper for the Sparrow-Kroll Lumber company, is not wholly a novice at running a locomotive, having had considerable experience before coming to Kenton. However, the other day he had a firm grip on the throttle and full control of the air, but all the resistance he was able to exert could not stop the train's momentum as it approached a black tabby soundly sleeping between the rails at Camp 1. Unfortunately for pussy, the rumble did not awaken her until the logging cars had passed above her, and then, frightened, she made a mad leap just in time to be amputated. A shotgun relieved her misery. An initiation of this kind where a black cat and lumber interests figured as principals has given the K. & H. the title of "Hoo-Hoo Line."

QUEER LITTLE TOWN.

Contain Three Hundred Men, Two Women, a Dog and a Barber Shop.

Two dozen houses, all told, 300 brawny men, two women, one dog, one barber shop, one store, those make up the town of Quarry Sloss, in Ventura county, says the Los Angeles Herald. No church, no saloon. An odd, well behaved town, despite the fact that men—quarrymen—so largely predominate.

Quarry Sloss is the town built for the comfort of the people who do the work in Sloss quarry. Sloss quarry is in the Guadalupe range of mountains of Ventura county, twenty miles east of the town of Ventura, the county seat.

The quarry is run by the Southern Pacific railroad and is the place from which the company is getting its ballast rock for bracing its great coast line. Already rock has been put upon the track from this quarry from Santa Barbara to the town of Somis, near the quarry. It is intended to continue the ballasting from this point on to the Chatsworth tunnel, and when the tunnel is completed, to continue the work to Los Angeles.

There is a huge rock crusher at the quarry and daily thirty-seven carloads of the crushed rock are hauled out and placed on the roadbed. Two trains are kept in constant motion for this purpose. A locomotive and train of cars is also kept busy hauling rock from the quarry to the crusher. The work is incessant, the 250-horsepower engine also running a dynamo for lighting at night. The quarry itself is about a quarter of a mile in extent along the mountain side, with enough rock in sight to ballast a road around the earth.

The general management of the work at the tunnel is in the hands of C. Brackman, while Daniel Ogden runs the crusher and is general superintendent. Mrs. Ogden is one of the two women

in the queer little town, the barber's wife is the other. The Ogden residence is a unique one. It is a freight car raised high enough above the ground to warrant a flight of steps five feet in height. Externally the car is just a car. Inside, however, can be seen the handiwork of a cultured woman. It is fitted up elegantly, yet simply, and with no comfort lacking that goes to make home pleasant. The women of Quarry Sloss do not see much in a society way in the little town, but they get away from home occasionally and mingle with the outside world. The one dog of the town is of the hairless Mexican variety. He belongs to everybody—is the baby of the burg, and is treated as such.

NOTICE TO TAXPAYERS.

City Controller's Office, Marquette, Mich., May 19, 1902. Notice is hereby given that the assessment roll of the taxable property of the city of Marquette for the year 1902 will be in the hands of the board of review on Monday, June 2, 1902. Said board of review will convene at the common council room in the city of Marquette on Monday, June 2, 1902, at 9 o'clock a. m. and will be in session each day thereafter up to and including Saturday, June 7, 1902, for the purpose of reviewing and correcting said assessment roll.

Every person having property in the city of Marquette is requested to call at the common council room during the session of said board of review and inspect said assessment roll, in order that all errors which may have been made in said assessment can be corrected. MACCABEES TO MARQUETTE.

Both Tents of This City Will Turn Out in the Parade Tomorrow Afternoon.

The two local tents of the Maccabees will be represented by nearly their entire membership in the big parade to take place at Marquette tomorrow afternoon, commencing at 1:30 o'clock. The Knights are manifesting much interest in the celebration and all are anxious to assist their Marquette brethren in every way possible to make the re-union a grand success.

The captains of all the mines where Maccabees are employed have told the men that they may have a day off. It is understood that the local Knights will turn out in miners' uniforms. A large number have already procured their outfits, while others will go to Ishpeming today to get them. It is not certain that the Negaunee and Ishpeming tents will walk together. Should they do this the procession of "miners" would be large. However, the Knights from the Twin Cities will not fail to attract all kinds of attention as the representation will be large and the uniforms are unique.

The local tents will be accompanied by the Old Negaunee City band. All will go down on the special train which leaves here soon after 10 o'clock. The round trip fare will be fifty cents.

Large delegations of Negaunee and Ishpeming people aside from members of the Maccabees will visit Marquette tomorrow. There will also be large delegations of ladies going down to attend the convention of the Great Live.

SEASS' CAMP READY.

Andy Seass intends to spend the greater part of the summer at his camp near Little Lake. The building is now about completed and his furniture is on the ground. Mr. Seass spent the better part of last week down there superintending the construction of the house. He intends to go down again early this week to complete the work he left unfinished when he returned to the city Saturday.

P. B. Kirkwood and wife came up from their camp Saturday. Mr. Kirkwood will return within a few days. He has ten acres of his land fenced in and is now putting in crops, including grain and vegetables of all kinds. Mr. Kirkwood enjoys the crops on his farm and is having splendid health. He owns several forties of good farming land. Seass' camp is located about a quarter of a mile from Kirkwood's.

ROAD WORK STARTED.

The committee of supervisors named to look after the improvement of the Goose Lake road has placed supervision of the work in the hands of Supervisor Frank Sharon of this city. Mr. Sharon has engaged John Stewart, ex-street commissioner of Negaunee, to take charge of the job. A better selection could not have been made as Mr. Stewart is thoroughly familiar with road building. He was commissioner here during the years most of the good roads of which Negaunee people are now so proud were built.

About a dozen men will be put to work today. There is about two and a half miles of thoroughfare to go over. There are a great many mud holes to fill in and fifteen culverts are to be built. Mr. Sharon thinks the \$200 appropriated by the board of supervisors will be sufficient to put the road in good shape.

DEGREE TEAM REORGANIZED.

The degree team of the local camp of the Modern Woodmen of America was reorganized at a meeting held Friday evening. It is the intention of the re-composing the team to get down to work with a view to assisting the officers of the camp to increase the membership. The team will begin practice work without delay. Another meeting has been called for next Thursday evening, when officers for the ensuing year will be chosen.

It is likely that the boys will arrange for an excursion soon. During the past few years the team has conducted some very successful excursions. This matter will be given consideration at the meeting next Thursday evening.

WILL GIVE A BALL.

The English tent of the Maccabees will give a grand ball at McDonald's opera house on Friday evening of next week, June 20. The musical orchestra has been engaged for the event and the tickets will be 81 per couple.

At the last regular meeting of the tent the following committees were named: Arrangements—J. Blee, R. J. Miller, W. McClelland, W. Westemeyer and E. Martin.
 Reception—John McCall, Al Lagergren, E. Martin, J. Lenz and W. Trochograd.
 Floor—B. J. Miller, J. Blee, A. Rasmussen and W. McClelland.

L'Anse and Baraga.

Mrs. Henry St. Arnold went to Duluth last week for a few weeks' visit with relatives.

The infant son of Mr. and Mrs. August Kupperman of Pequaming died last Tuesday after a short illness.

John E. Brennan and bride of L'Anse, who recently returned from Chicago, are arranging to start housekeeping in the Turner residence.

Mrs. E. L. Mason intends making her home in Detroit in the near future and is disposing of most of her household effects here.

Archie Pequet of Sidnaw and Miss Leli Pennock of Baraga were married by Judge Jackson last Thursday. They left on the morning train for Sidnaw, where they will reside.

Will T. Hendricks, a former L'Anse boy, now of St. Clair, was at L'Anse for a few days last week, meeting old friends and looking up some land interests that he has in this county.

D. J. Norton and wife and their daughter Julia visited L'Anse friends last week on their way to Even. Mr. Norton intends building a residence at Ontonagon, where he expects to reside in the future.

L'Anse will be represented this week at the Maccabee convention, which convenes at Marquette, by about twenty-five members. Mrs. J. B. Smith being the representative from the L. O. T. M. lodge and O. H. Sengbusch from the K. O. T. M.

Alex G. Shields was appointed by Governor Bliss to fill the vacancy caused by the death of E. L. Stone, late judge of probate of the county. Judge Stone was a Republican, and Shields being a Democrat, it would look as though the governor had but little regard for the 400 majority he got in this county in the last election.

SPOKEN IN THE PHILIPPINES.

Many Different Languages in Use Among the Islanders.

Here are the languages they speak in the Philippines: Ilocana, Igorote, Pangasinan, Pampangan, Tagal, Biscio, Bicol, Visayan, while in the northern part of Luzon there is still another tongue, and the Jolo tribes speak still another, making ten languages for the 10,000,000 people. The dialects and languages of the "most Christian tribes" as Governor Taft designates a large proportion of this 10,000,000, are beyond comprehension. In answer to a question when he was before the house committee on insular affairs a few weeks ago Governor Taft gave the following idea of the linguistic qualities of the inhabitants of the Philippine archipelago: "Beginning at the north of Luzon there is a language in Cagayan and Isabela that is different from any other in the island. On the west side of the northern end of the island of Luzon is the Ilocano. In Benguet they speak an Igorote language, and also Ilocano to some extent. Coming down the map there are Pangasinanian and the Ilocano. In Pangasinan both are spoken. Pampangan is spoken in Tarlac, in the southern part, and Pangasinanian is spoken in the northern part. In Bulacan, Cavite, Batangas and Tayabas Tagal is spoken, and in the northern part of Ambos Camerines. In Albay and Sorsogon and the southern part of Ambos Camerines the Bicol is spoken. In Masbate, where the three tribes meet, the Bicol, the Visayan and the Tagal are all spoken. In Samar Leyte, Cebu, Bohol and Negros Visayan is spoken and also Remblon. In Mindoro the Tagal is spoken. Where the Visayan language is spoken they have two dialects, the northern and Cebuyan. The Jolo tribes speak a language of their own."

ORTHOGRAPHICAL WONDERS.

My second teacher, Absalom Barnes Bandy, was a great character. He believed that the whole of a man's education centered in his ability to spell. It mattered not what exercise was being gone through with, a certain amount of spelling had to be introduced. At the reading, arithmetic or writing lessons spelling was a prominent element. Nothing pleased him better than to get up the whole school in a spelling class just before dismissing in the afternoon, and giving them some of the longest and most obscure words in the English language. Fortunately for his class, there were not as many English words as there are in Spanish. In the recent Webster or Century dictionaries, but still there was enough for him to drill us with, and he took great delight in giving us such words as

In-di-vid-u-al-ty.
 In-di-vid-u-al-ty.
 Im-pen-try-ble-ty.
 Im-pen-try-ble-ty.

 Trans-sub-stan-tia-tion-able-ness.

—Dr. R. J. Massey in the Stubby South.

CANCEROUS ULCERS

Are in many respects like other ulcers or sores, and this resemblance often proves fatal. Valuable time is lost in fruitless efforts to heal the sore with washes and salves, because the germs of Cancer that are multiplying in the blood and the new Cancer cells which are constantly developing keep up the irritation and discharge, and at last sharp shooting pains announce the approach of the eating and sloughing stage, and a hideous, sickening cancerous sore begins its destructive work.

No ulcer or sore can exist without some predisposing internal cause that has poisoned the blood, and the open discharging ulcer, or the festering sore on the lip, cheek or other part of the body will continue to spread and eat deeper into the flesh unless the blood is purified and the Cancer germs or morbid matter eliminated from the circulation.

S. S. S. cleanses the blood of all decaying effete matter. It has great antiseptic and purifying properties that soon destroy the germs and poisons and restore the blood to its natural condition. And when pure blood is carried to the ulcer or sore the healing process begins, the discharge ceases and the place heals over and new skin forms. S. S. S. is a strictly vegetable blood purifier containing no mercury or minerals of any description.

If you have an ulcer or chronic sore of any kind, write us about it, medical advice will cost you nothing. Books on Cancer and other diseases of the blood will be sent free. **THE SWIFT SPECIFIC CO., Atlanta, Ga.**

ROUTE OF PARADE

IT WAS MAPPED OUT YESTERDAY BY THE COMMITTEE.

THOUSANDS TO BE IN LINE

SOME OF THE PRIZES ON DISPLAY AT HAGER BROS.

Program for the Week Calls for Exhibitions by Fire Department and Life Savers--Gossip of the Convention.

The general committee in charge of the Maccabee convention, at a meeting held at the city hall, yesterday afternoon mapped out the line of march which the big parade which takes place on Tuesday afternoon will traverse. The route is a long one, and will give all the people ample opportunity of viewing the procession without being congested at any particular point. The parade will, it is hoped, get into motion by 1:30 o'clock. It will form on Superior street, with the right of line at the corner of Fourth.

The procession will move south on Fourth street, to Fisher; east on Fisher, to Front; north on Front, to Bluff; east on Bluff, to Baker; north on Baker, to Ridge; east on Ridge, to Cedar; north on Cedar, to Arch; west on Arch, to Spruce; north on Spruce, to Hewitt avenue; west on Hewitt, to Front; south on Front, to Fourth; south on Fourth, to Washington, and west on Washington, to the city hall, where the parade will be disbanded.

It is the anticipation that the procession will be the longest and most unique in appearance ever given in the upper peninsula. The estimates of the number of Maccabees who will be in line vary materially, but a conservative prediction would seem to be at least 5,000--some place the figure at as high as 8,000. There will be numerous brass bands in line, and the marchers of many of the tents will be garbed in uniform of different and unique design.

So far, little in the way of decoration has been done by the merchants and citizens generally, but it is hoped that today will witness a general rush to put up flags and bunting, especially in the business district and along the line of march.

Program for the Week. The program for the week has been arranged as follows:

Monday--Arrival and reception of delegates.

Tuesday--A. M.--Reception of delegates. The credential committee will be in session at the mayor's office, City Hall, from 9 a. m. Credential committee of the L. O. T.

Maccabee Convention Gossip. The renovation and decoration of the Casino rink was completed last night. The work has been well done, under the supervision of Chairman Senechal, and visitors to the big auditorium will hardly recognize the place. The rink has been remodelled somewhat in its interior arrangement, has been thoroughly cleaned and has been decorated in a very tasteful manner with bunting, flags and electric lights. Never has the Casino looked prettier or has it been cleaner than now finds it. Ample provisions for the accommodation of the great camp officers and the delegates and alternates have been provided, and some sixteen hundred chairs have been installed. The officials will be located on the stage. On each side of the stage have been located the branch telegraph offices, and on the stage or directly in front of it the representatives of the press will be accommodated. George C. Warner, a hustling Maccabee delegate from Saginaw, arrived in the city Saturday. Saginaw is out for the honor of hereafter being the headquarters of the great camp, in place of Port Huron, and Mr. Warner came here

early to look up suitable "boom" quarters and to spy out the lay of the land. He has secured headquarters in Canadian Agent Laurier's office in the Vierling block, but a few feet from the convention hall, and will direct his campaign from there. Mr. Warner is chairman of the Saginaw county delegation, with 102 votes, and with the supporters he has gained from other lower Michigan counties he will be no small factor in the race. Saginaw's claims are being ably presented by Mr. Warner, and will be given further treatment in these columns tomorrow, having been unavoidably crowded out this morning.

Only a few of the incoming guests have been assigned quarters by mail. The committees assigned to the various trains will complete this work on the trains, joining them at convenient points down on the line, and on the arrival of the trains they will superintend the transfer of the passengers to their accommodations. There will be plenty of guides, and a special corps of hotel runners at the station.

Superintendent Retailie and a force of men labored nearly all night installing the electrical arches. Made of gas pipe, the arches do not present a very attractive appearance during the daytime, but at night, with the current turned on, the arches will present a pretty sight. The big flag, shield and eagle, formed of different colored lights, will also be in place by tonight.

Last evening found about twenty horses on hand, ready for the races. Arrivals Saturday were Kirwood, a speedy stepper purchased at Marinette by Thos. Howie of this city, and Mark Range, owned by Fred Carney of Marinette. Yesterday Strathbury Junior arrived from the Soo on board the steamer Japan, and this morning Doc Middleton, a horse from DePere, Wis., and owned by a Mr. Lawler, will get here.

It is estimated by Commander J. J. Healy, of Ingot tent, K. O. T. M., of Houghton, who is now in the city, that fully three thousand visitors from the copper country will be in Marquette tomorrow. The first special train will leave Calumet at 6:45, another will depart from the copper country half an hour later and a third will be run should the remainder of the crowd fail to be accommodated on the regular train arriving here at 1:15. It is figured that thirty-five coaches will be necessary to accommodate the throngs expected from copperdom.

The Mining Republican says: "A sink hole has shown upon the line of the Marquette & Southeastern railway. And it will be impossible for train service to be established next week." The Mining News "learns from semi-official sources that it will be impossible to get the track of the Marquette & Southeastern ballasted in time to run through trains to Marquette to accommodate visitors to the meeting of the great camp of the Maccabees."

All members and candidates of Superior tent, No. 28, are requested to meet at Fraternity Hall this evening at 7:30 o'clock sharp. It is desired that the initiation be out of the way in time so that the members assigned to meet the various trains will be able to do so without hindrance to the lodge work. Both the Western Union and Postal Telegraph companies will have branch offices at the Casino rink during the big

convention there this week. One will be located on each side of the stage, prepared to cater to the wants of the delegates, convention officials and press. The Detroit delegates to the meeting of the great hive here this week left Detroit by steamer yesterday.

The prizes to be awarded the different tents adjudged victorious in the big parade are on display in the north window of Hager Bros' store.

All large blacksmith shops of the city will close at noon on Tuesday, Wednesday and Thursday of this week, and the heavy smiths and helpers will make merry with the Maccabees.

The Calumet & Hecla band will be heard here tomorrow. The organization has been engaged by one of the big parade. Other bands are also expected down from the copper country. One dollar per couple will be charged for tickets to the big Maccabee ball to be given at the Casino rink on Tuesday night, not \$2 as was reported about the streets yesterday. The music will be furnished by the Negaunee Orchestra band.

Closed on to \$2,200 was raised in this city as a fund to apply to the expense of entertaining the Maccabee conventions and delegates this week. Of this amount, \$100 was the donation of each of the banks, the Upper Peninsula Brewing company and Pekands & Co. Several other concerns and individuals contributed \$50 and there were many \$25 and \$15 donations.

The ladies of the Methodist church will serve meals in the parlors of the church all this week. An elaborate bill of fare has been arranged, and the prices to be charged are extremely reasonable; in fact, not as much as the charges ordinarily made. Among the items are steak, sausage, liver and bacon, ham and eggs, and mutton chops, at 25 cents per order, which includes potatoes and bread and butter. In addition there will be served: Fish, pork and beans, doughnuts, sandwiches, pie, eggs, vegetables, fruits, salads and a long list of other eatables, all for very low prices.

The side excursion trips into the iron and copper countries and to the Soo and the head of the lake, arranged by the South Shore road, have been well advertised in the lower Michigan papers, and it is expected that several hundred of the visitors will visit other sections of the Lake Superior district after the convention shall have concluded. All the tickets from lower Michigan are valid until June 16 and may be extended until the 23rd on presentation to Ticket Agent Wright at the station here. It is likely and expected that a large number of the delegates and others will remain in Marquette, also, for a week or more.

The St. Ignace contingent to the Maccabee review at Marquette will include the following from Gateway City hive, L. O. T. M.: Mesdames W. J. Ross, T. Dolan, D. McIntosh and E. Jones. Mrs. Ross is the delegate. From St. Ignace tent, Lieutenant Commander J. J. McHugh is the representative and Ralph Gleason the alternate. In addition to the above, many members from neighboring tents and hives in the county will

TODAY, TOMORROW,

The present shapes the future. What you do today concerns the things of tomorrow. If you are at all anxious about your financial future, you should quickly seize the opportunity to save money.

An Account with This Bank Affords an easy way for saving money

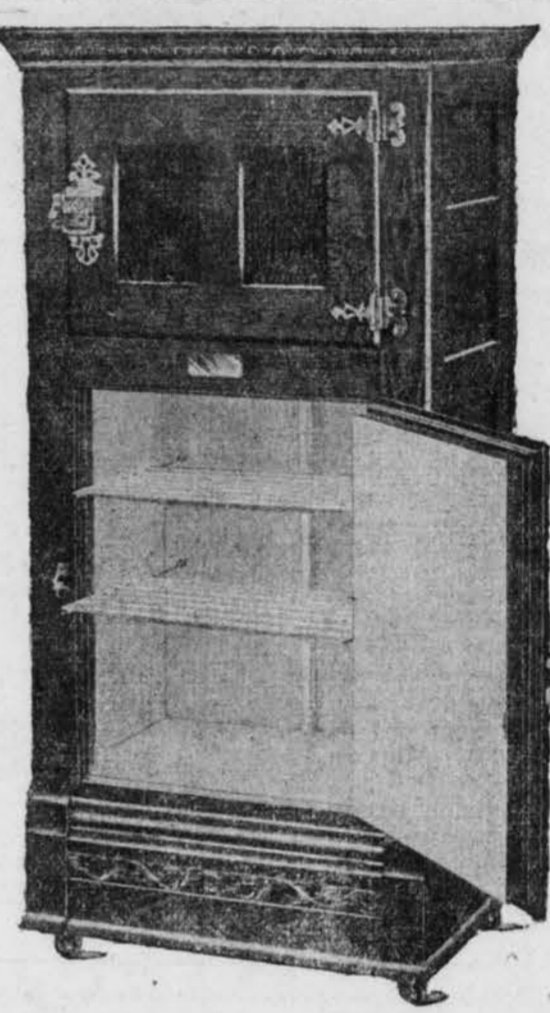

The Marquette County Savings Bank, Marquette, Michigan.

attend the convention, according to Editor Jones of the St. Ignace Enterprise. Says the Munising News: "The Marquette Mining Journal has commenced to wonder what the Queen City is going to do with all the people who are likely to visit it on account of the Maccabee convention there next month. If, as is now planned, through trains are run between Munising and Marquette during the Maccabee meeting, we can take care of a hundred or more visitors." The kindness of the News' suggestion is appreciated, but judging from the rate rooms have been secured lately, Marquette will have accommodations for all who come.

Frank Howard, commander of the Munising tent of the Maccabees, will represent his tent at the big convention here. Mrs. John T. Thornton, commander, will be the representative of the Munising lodge at the review of the great hive.

Special meeting of Pure Marquette tent, No. 758, K. O. T. M., at Fraternity Hall tonight to make arrangements for Tuesday's parade. All members are requested to be present. CHAS. J. SENECHAL, (6-9-1d) Commander.

It produces a wonderful effect upon the human system. Indescribable feelings of pleasure go leaping and bounding through your body after taking Rocky Mountain Tea. The Stafford Drug Co.

Refrigerators, Screen Doors and Lawn Hose. Large Stock at Right Prices. Marquette Hardware Company.

Show the Visitors Through Our Store.

In your endeavor to entertain the thousands who will be in the city this week, please remember that it will only give us pleasure to have you bring your guests to our store and show them through one of the most modern Dry Goods Establishments in Michigan. Neither you nor your friends will be importuned to buy anything unless you wish to do so.

We have added a great many chairs for the use of our customers and their guests, where you can rest and entertain, and our Ladies' Waiting-Room is furnished with writing material for the free use of all who wish to use it.

The past week has broken all records in sales. We shall offer during this week many lines of goods at materially reduced prices, and, while we expect the festivities of the week will occupy the attention of almost everyone, we know many strangers will want to do some shopping while in the city, and in anticipation of this added demand for bargains we have prepared for it with special attractions in almost every department.

Special Sale of Silk and Velvet Skirts.

Continued clearing of SUMMER DRESS GOODS all this week. Notwithstanding the enormous sales in Wash Goods the past week, our purchases in these goods were so extensive that we still have almost an unbroken assortment to show you. No such bargains have ever been offered.

NOTE.---We will open more NEW CARPETS this morning.
