## STORM KING'S FURY

MINNESOTA DEVASTATED BY WIND, HAIL AND RAIN.

**MANY PERSONS REPORTED KILLED**

**BUILDINGS DESTROYED AND CROPS ALSO DAMAGED.**

Iowa Visited by Tornado Which Leaves Death and Destruction in Its Path—Wires Down and Details Hard to Get.

White Earth, Minn., June 10.—A terrific electric wind, hail and rain storm passed over the southwestern portion of the Indian reservation yesterday evening, leaving death and destruction in its wake. Reports say that the fury of the storm was terrific in Waltham and Atlantic townships. Houses and barns were torn down, crops destroyed and fifteen persons are reported killed.

Lake Park, Minn., June 10.—In a tornado fifteen miles northwest of here, yesterday one person was killed, ten injured and the homes of nine families were destroyed. The Norwegian Lutheran church at Atlanta was destroyed. Ole Johnson and son were picked up and carried a quarter of a mile but were uninjured.

Milwaukee, June 10.—A special to the Evening Wisconsin says: A cyclone swept across the northern part of Minnesota yesterday afternoon killing four persons, injuring ten others and demolishing the homes of fifteen families. Among the killed are Mrs. Berg and three members of the family of Andrew Hoin, who lived near Voss postoffice. It is believed there are other fatalities. Hundreds of heads of livestock were killed. That the storm was half a mile wide and ten miles long.

Detroit, Minn., June 10.—The greatest damage by the storm was done in Ulen township. So far as reported here, five persons were killed outright and many others injured, many fatally. The family of Andrew Heim of Ulen township took refuge in a barn. The building was wrecked and four children killed. Mrs. Heim was fatally injured. At Atlanta, Becken county, Mrs. E. O. Berg was killed in the wreck of her home. About forty families are left homeless and in destitute straits. At several places visited today the wreck found was so complete that not a vestige of property destroyed could be seen.

Des Moines, Ia., June 10.—It is thought that the tornado which struck Jordan county, Iowa, did greater damage here. Two freight trains on the Northwestern road are reported wrecked. At Grinnell the wind blew the roofs off both the opera house and livery barn and did minor damage to other property. At Oskaloosa the storm did considerable damage, partially unroofing a business block, blowing down one house and prostrating telephone and telegraph wires. The Chicago & Great Western reports that it has lost communication east on account of wires being down at Reinbeck. The officials are unable to get information.

Chicago, June 11.—Reports of a tornado near Bloomington are current. Neither telegraph companies nor rail roads have any wires going into that city. The communication was lost and the completion of the interruption caused the belief that the storm is one of exceptional severity. The area affected extends to Freeport, Ill., on the west and to Clinton, Ill., on the south.

Des Moines, June 10.—A freight wreck on the Northwestern road has occurred between Ontario and Jordan. It is reported caused by obstructions in the way of telegraph poles blown across the track.

**SHRINEES IN SESSION.**  
Twenty-Eighth Annual Conference Begins in San Francisco.

San Francisco, June 10.—The imperial council of nobles of the Mystic Shrine began its twenty-eighth annual session this morning in Golden Gate hall. It responds to the council went into secret session. Imperial Potentate Shaffer delivered the annual message. The reports from the treasurer, recorder and standing committees were all most gratifying.

The nobles closed the festivities today with a parade both grotesque and picturesque. There were basecocks, cowboys, Indians, ox teams, arab patrol in rich Turkish costumes and floats representing various scenes. The incongruous procession marched down Market street under a canopy of light made by thousands of incandescent lamps. It is estimated that ten thousand men were in line. Saratoga Springs, N. Y., was chosen for the place of the next meeting on the second Wednesday in July, 1903.

**PRESIDENT WILL GIVE DIPLOMAS.**  
Washington, June 10.—President Roosevelt will reach here in the morning and will remain until Wednesday, graduating day, when he will deliver diplomas to the graduating class. Tonight the graduation hop was a brilliant social function.

**JUSTICE QUICKLY DONE.**  
Wausau, Wis., June 10.—Within twenty-four hours after the commission of the crime, John Mason, who criminally assaulted a little girl at Schofield, was sentenced to ten years in prison, the limit of the law.

## COPIES OF LETTERS

**OPERATORS' CORRESPONDENCE WITH MINERS.**

**RECITES DIFFICULTIES IN DETAIL**

**EMPLOYERS SAY UNION HAS MEANT SEVERE LOSS.**

Differing Conditions at Various Mines Rendered It Impossible to Establish Uniform Wage Scale.

New York, June 10.—The presidents of the coal roads immediately affected by the strike of the anthracite coal miners made public today the letters and telegrams which passed between the operators and President Mitchell and other representatives of the United Mine Workers.

The operators preface the correspondence with a brief history of the unionizing of the Anthracite miners after the establishment of the United Mine Workers, originally an organization of bituminous miners, and recite an agreement to an advance of 10 per cent. in wages in 1901, following the strike of 1900; the abolishment of the sliding scale and finally the invitation February 14, 1902, to the operators to join in a conference to form a wage scale for the ensuing year. The letter of the presidents are practically of the same tenor, the claim being made that it was impossible to fix a uniform scale of wages because of the differing conditions at various mines. It is also claimed that the apparent effect of the miners' organization has been a cause of unrest and agitation, that there has been a decided falling off in the average of work by men and that the miners by reason of this restlessness have lost hundreds of days work and the product of the mines has been reduced many thousand tons. The right of the miners to organize is conceded by the presidents.

Following these letters is a copy of the propositions the operators presented at a conference May 8. Also the counter-proposition of the miners' representatives. Copies of telegrams between President Mitchell and the operators are also given, showing the offer of the former to submit their differences to Archbishop Ireland, Bishop Potter and one other arbitrator, was rejected by the operators. The operators say that no further communications were received.

**WRIGHT FINISHES INVESTIGATION.**  
New York, June 10.—Late this afternoon Commissioner Wright had a conference with the presidents of the coal roads. He said afterwards that he now had all the facts from both sides and his investigation was closed.

Speaking of the prospect of a general strike of the miners, Commissioner Wright said: "If the soft coal men who have signed contracts should strike they would be violating an agreement and thus put their unions at a decided disadvantage and forfeit the sympathy of the public. This action would put the unions on the defensive in every arbitration that would follow the outbreak. None of the strikers thus far were bound by contracts."

Huntington, W. Va., June 10.—Probably 5 per cent. of the twelve thousand miners in the Norfolk and Western territory are at work today. No violence is reported.

Keystone, W. Va., June 10.—At Eastbank last night the operators signed an agreement conceding everything, but the miners' union would not allow the men to go to work this morning.

Thurmond, W. Va., June 10.—The strikers succeeded today in tying up almost every operation in the new river district. Not one hundred miners out of six thousand were at work on Loup creek and not a single ear of coal was sent down that branch today.

**ARABS MASSACRE CARAVAN.**  
Tribesmen Surround Party of Wealthy Merchants and Kill Nearly All.

London, June 11.—The Vienna correspondent of the Express says a report has reached there from Constantinople that the Arab tribesmen have massacred a caravan of wealthy merchants in the desert 100 miles from Koweit, in Asiatic Turkey. According to the report only twenty persons out of 300 who composed the caravan escaped.

**WIFE OF INJURED MAN SUICIDES.**  
St. Louis, June 10.—Mrs. Johanna Bishop committed suicide today by taking carbolic acid. She is the wife of J. B. Bishop of this city, who was seriously injured in the fire that destroyed St. Luke's sanitarium in Chicago and took poison upon hearing of the accident that had befallen her husband.

**CAMBRIDGE HONORS REID.**  
Cambridge, England, June 10.—The degree of doctor of laws was conferred this afternoon upon Whitelaw Reid, special ambassador of the United States to the coronation of King Edward by the Cambridge university.

**PROMINENT ODD FELLOW DIES.**  
Orange, N. J., June 10.—Theodore A. Ross for twenty-eight years secretary of the sovereign grand lodge of Old Fellows, was found dead in bed at his home in East Orange today. Heart failure probably caused his death. He was seventy-eight years of age.

**GO BETWEEN FOR GAMBLERS.**  
Minneapolis, June 10.—Irwin A. Gardner was found guilty tonight of having accepted a bribe as special officer to procure police protection for shark gaming establishments.

**ENGINEER AND FIREMEN KILLED.**  
Macon, Ga., June 10.—Engineer Pittman and Fireman West were killed, and nineteen injured in a collision between a passenger and a freight train on the Southern road near Juliette today.

## PASSES NAVAL BILL.

Senate Provides for Additions to Our Sea Strength.

Washington, June 10.—Another big supply of bills was disposed of by the senate today. The naval bill, carrying more than \$75,000,000 was passed. It includes provisions for two first-class armored battleships, two first-class armored cruisers and two gunboats, but strikes out the house provision that one of each shall be built at the government yards. When the consideration was resumed of the isthmian canal question, Senator Turner delivered an extended argument in support of the Nicaragua route. He maintained that the new Panama company could not pass a clear title to the Panama canal company's rights, franchises and property to the United States and that if this government purchased it, it would be with all its encumbrances.

**Defeats Forest Reserves Bill.**  
The house today defeated the bill to transfer certain forest reserves to the agricultural department and to authorize the president to establish game and fish preserves. Its death was accomplished by striking out the enacting clause. The motion was made by Representative Cannon and carried by a vote of 100 to 70. He claimed that the bill would greatly increase the cost of administering the forest reserves and declared that the estimated receipts for the next fiscal year was already exceeded by appropriations up to the present time by over \$51,000,000. The house then adopted a special order for the consideration of the Corliss Pacific cable bill by a vote of 108 to 73, and for the remainder of the afternoon listened to the author of the measure argue in favor of its passage. Representative Dalzell, of Pennsylvania, who presented the rule, announced he was opposed to the government building the cable to the Philippines. He said that he favored the construction of the American cable by American capital, at a time when that at the proper time he would offer to substitute a bill to authorize the president to contract for the construction of the cable under certain conditions. The minority of the commerce committee oppose the Corliss bill on the ground that the Commercial Pacific cable company is now at work building the cable which is to be laid by 1905.

**REDUCTION IN SPRING WHEAT.**  
Preliminary Reports of Acreage Show Decrease of 2,571,000.

Washington, June 10.—The preliminary reports of the spring wheat acreage indicate a reduction of 2,511,000 acres, or 12.8 per cent. Of the nineteen states reporting spring wheat, thirteen report a reduced acreage. There is a reduction of 745,000 acres in Minnesota; 985,000 in North Dakota; 400,000 in South Dakota; 340,000 acres in Nebraska. The average conditions June 1 were: Spring wheat, 95.4 and 92 for the corresponding date last year and 87.3 to June 1900; ten year average 92.6. The reported acreage of condition is exceeded only three times in the last fifteen years. Of the states having one million acres or upwards in spring wheat, South Dakota reports a condition of 100; North Dakota, 96; Minnesota and Iowa, 95. Winter wheat conditions were 76.1; 76.4 May 1, 87.8 June 1, 1901 and 82.7, June 1, 1902. The mean June averages for ten years during May there was a gain of three points in Michigan, Illinois and Kansas; 1 in Indiana and two in Nebraska. Oats, 90.6; 85.3 in 1901; 91.7, in 1900; ten year average, 90. Michigan reports two, Iowa, three, Illinois, five, Wisconsin, six points above the ten year average with Nebraska 1 below, barley, 93.6; 91, in 1901; 96.2 in 1900. Ten year average, 88.6. The ten year averages are exceeded by four points in Minnesota and Iowa, six in North and South Dakota and ten in Wisconsin. Rye, 88.1; 93.9, 1901; 87.6, 1900. Ten year average, 89.3. The ten year averages are exceeded by two points in Michigan, six points in Wisconsin and Nebraska. The total acreage of oats is four-tenths of one per cent in excess of the acreage harvested last year. Illinois, Wisconsin and Minnesota report an increased acreage and Iowa and Nebraska a decrease. The average condition of apples is on the whole unfavorable. Of the fourteen large producing states but two report a condition above the ten year averages; North Carolina, 68; Michigan, 87; and New York, 5 points below the ten year average; Illinois and Iowa, 9; Ohio, 12; Missouri, 18.

The present prospects of the peach crop is quite favorable.

**ESCAPED CONVICTS RETURN.**  
But Only to Steal Clothing and Horses Before Continuing Flight.

Salem, Ore., June 10.—Tracey and Merrill, the escaped convicts who killed three guards at the penitentiary in getting away yesterday, returned here during last night, stole some clothing from two men, took a team of horses from a third man and started northward. The officers have started in pursuit.

**MCGARRY FOUND GUILTY.**  
Grand Rapids Man Convicted of Complicity in Water Supply Scandal.

Allegan, Mich., June 10.—Thomas P. McGarry of Grand Rapids was this afternoon found guilty of complicity in the Grand Rapids water supply scandal.

**TODAY'S WEATHER.**  
Washington, June 10.—The following is the weather bureau's forecast for Upper Michigan: Showers Wednesday and Thursday. Fresh winds mostly east.

**FIFTY FAMILIES HOMELESS.**  
Michel, B. C., June 10.—The residence portion of this town was completely destroyed by fire yesterday. About fifty families are homeless. Many had narrow escapes from death.

Let the GOLD DUST twins do your work.

GOLD DUST makes housework easy. It cleans everything and shines nothing. More economical than soap.

Contagious Blood Poison. Is the name sometimes given to what is generally known as the BAD DIS-EASE. It is not confined to dens of vice or the lower classes.

It begins usually with a little blister or sore, then swelling in the groins, a red eruption breaks out on the body, sores and ulcers appear in the mouth, the throat becomes ulcerated, the hair, eye brows and lashes fall out; the blood becoming more contaminated, copper colored spots and pustular eruptions and sores appear upon different parts of the body, and the poison even destroys the bones.

S. S. S. is a Specific for this loathsome disease, and cures it even in the worst forms. It is a perfect antidote for the powerful virus that pollutes the blood and penetrates to all parts of the system.

Write for our free home treatment book and learn all about Contagious Blood Poison. If you want medical advice give us a history of your case, and our physicians will furnish all the information you wish without any charge whatever.

DROWNING A SAD FATALITY.

In an Effort to Save Sons Father Also Meets Watery Grave.

The terrible drowning accident at Ontonagon, which cost the lives of William Wissing and his two sons, Willie and Charlie, is the theme in this region. The sad event took place in the Ontonagon river on the east bank, just above Penezer Bros.' saw mill. No one saw the drowning but from the circumstances it is known that the two boys, aged eleven and thirteen, were in bathing while the father watched them from the bank. This was a little after 7 o'clock Sunday evening. It is supposed that one of the boys fell from a log and his brother went to the rescue. The father then doubtless plunged in to save both. All were lost. Their bodies were found the next morning by the Diamond Match company's crew and the posse of citizens making the search. The first body was discovered by John Hawley, president of the Ontonagon village. The bodies were recovered in fourteen feet of water. When Mrs. Wissing returned from church Sunday evening she missed her husband and children. The neighbors aided her in the search and the clothing of the two boys was found on the banks of the stream. This told the tale. The river was dragged early next morning. The body of the father was clothed and the body of the mother was found. Mr. Wissing was thirty-five and highly respected. He leaves a widow and two small children. Joseph Wissing, a brother of the deceased lives in Houghton.

STEAMER ARGO NOT DAMAGED.

Booth Line Boat Goes Aground but Is Later Released.

The steamer Argo of the Booth line, bound from Duluth to Hancock, went on the rocks in Lake Superior eight miles from the Portage Lake ship canal at 7 o'clock yesterday morning. There was a dense fog on the big lake which caused the boat to run out of the usual track of vessels making for the canal. Word was received here of the accident shortly after 10 o'clock and the tug Maxwell, Rogers and Ward were dispatched to the relief of the Argo. They passed out through the canal at 11 o'clock. The boat was reported to be in danger, but it was feared that she would be if the wind came up. The boat went aground about two miles beyond where the ill-fated Bon Voyage caught fire a year ago. Agent Rompf of the Hancock office of the Booth line received the first intelligence of the disaster at 9:30. Clerk Harry Bates and Steward Marshal of the Argo came to the canal with the ship's yawl and brought the first news of the accident. The tug Maxwell towed the lighter Intersect and the tug Ward took a second tow. The boat was heavily loaded with merchandise and was lightened in order to be floated. A portion of her load was transferred to the scows for this purpose. Agent Rompf said the boat was on the rocks near the Gravelier river. The boat cleared from Duluth at 10 o'clock yesterday morning. The boat is captained by Captain Edward Smith. She is valued at \$200,000. This is her second year. Later—the Argo was pulled off the rocks by the tug Ward without damage, arriving at Houghton yesterday afternoon.

NOW A FULL FLEDGED MINE.

A telegram received yesterday from Superintendent H. Z. Brock to local members of the Northwestern syndicate in Hancock, stated that the wheels of the newly installed machinery at the Camborne group of mines in British Columbia are turning and everything is working satisfactorily. Since Superintendent Brock's arrival in the gold field he has been devoting his attention to developing a water power in order to develop the drills with electricity. He has erected a power house, office and barracks for the employees. The syndicate now has a full-fledged gold mine with three electric drills in operation.

RUSH ENGINEERING WORK.

The engineering corps under charge of Chief Engineer W. W. Stockley of Hancock are busily engaged with the engineering work on the extension of the Houghton and Ontonagon street railway from Laurium to Lake Linden. While no work has yet been done by the engineering force on prospective portion of the line from Lake Linden to Hancock, it is stated that the right of way for a considerable portion of the route has been secured. Resident of the twin cities hope to see the loop completed before snow flies.

NEW SWEDISH LUTHERAN CHURCH

Lindorf has completed the art glass windows for the Swedish Lutheran church on Railroad avenue, Hancock, and they have been placed in position in the new edifice. The auditorium will soon be decorated. The date of the dedication of the new structure has not been determined. A. L. Lundquist, a student at the Augustana college at Rock Island, Ill., who is studying for the ministry, is in Hancock holding regular services for the local society in the basement of the church.

ARRESTED ON SERIOUS CHARGE.

Leo Lucchesne of the Arcadian is charged with attempted murder. The complainant is Edward Shields of the location who charges Lucchesne with firing into his house Sunday evening. Sheriff Wills was called to the Arcadian to investigate the shooting and the arrest of Lucchesne followed. The warrant was issued by Justice Finn. Lucchesne denies the charge and emphatically states that he had nothing whatever to do with the affair.

HANCOCK'S THEATRE LOOMING UP.

The frame-work for the walls of the new Hancock theatre are looming higher each day. Architect Oscar Cobb of Chicago arrived in Hancock yesterday to take charge of the building. He urged Contractor Gauthier Bros. to immediately engage all the men that can be put to work on the structure. The building is now in shape to push the work and the contractors will comply with the request of the architect.

JAMES ASSELIN PROMOTED.

Word has reached Hancock that James Asselin has been promoted to the superintendency of the trolley line at Ponce, Porto Rico, recently built by Stone & Webster. The firm of Boston promoters has also been granted a franchise to build an electric lighting plant in Ponce. Herbert Asselin, a brother of the superintendent, will go to Porto Rico next fall.

BIG CONSIGNMENT OF TIMBER.

The scow Interstate, towed by the tug E. G. Maxwell, has arrived at the Copper Range dock with 300,000 feet of square timber from Ashland for contractor C. J. Johnson. This big shipment of material will load forty cars and will be shipped along the line of the Copper Range extension to Calumet, where it will be worked up for bridges and culverts of the new line.

My little son had an attack of whooping cough and threatened with pneumonia; but for Chamberlain's Cough Remedy we would have had a serious time of it. It also saved him from several severe attacks of croup.—H. J. Strickfaden, editor World-Herald, Fair Haven, Wash. For sale by The Stafford Drug Co.

COUNTY SOLONS MEET.

Supervisors Decide to Purchase Complete Set of Maps of County.

The board of supervisors held a very short session yesterday morning. Supervisor Duncan and Parnall were not present and Hon. Charles Smith presided over the brief deliberations which related almost wholly to routine work. The subject of the division of Portage township did not come before the board. Three meetings having elapsed since the division proposition failed to carry without the matter being brought up. It is generally thought the proposition has been shelved. The only business of any importance transacted outside of the ordinary was the adoption of a resolution to purchase a complete set of maps of the county according to the government survey. Supervisor Robinson was delegated to look after the bridge over the Sturgeon river.

PAVING COMPANY FILES BONDS.

The Barber Asphalt company was bonded by the American Surety company of New York for the fulfillment of the paving contract with the village of Hancock. The bonds have been filed with Village Clerk Finn in the amount of \$42,000. Of this sum \$22,000 is for the completion of the paving of the main street; \$10,000 a guaranty for ten years and \$10,000 security for the payment of labor bills. The last named bond was filed under the state law for the protection of working men.

WILL GIVE SUNDAY EXCURSION.

The tide of pleasure seeking has turned toward the canal. A popular excursion has been announced by Company A. Irish Rifles of Hancock. The event will take place on Sunday, June 22. The excursionists will go by pleasure barge, leaving Houghton at nine o'clock in the morning and Hancock at nine-thirty. The Arcadian band has been engaged to furnish music for the occasion.

SPECIAL RATE TO BOSTON.

On account of the Christian Science convention in Boston the South Shore road is making a special rate of \$29 to Boston and return June 10, 11 and 12. Tickets are good returning until June 25, with the privilege of an extension until July 31. The Canadian Pacific road will furnish a special sleeper for Boston at Sault Ste. Marie on the morning of June 12.

COPPERDOM BREVITIES.

Hancock lodge, Knights of Pythias will work the third rank tonight.

The steamer Argo of the Booth line arrived at Portage Lake yesterday.

The Portage Lake track team met for practice on the Quincy sands Monday evening.

Capt. Joseph Snell of Quincy street, Hancock, is recovering from his recent indisposition.

J. E. O'Neill, who went to Butte, Mont., on a visit two weeks ago, is expected home today.

Landlord Powhattan Bolling has laid a substantial maple floor in the office of the Hotel Northwestern.

The steamer Chicago arrived here Monday night with west bound freight and took on part of a cargo of copper.

General Secretary Willard H. Wing of the Portage Lake Y. M. C. A. is expected home from Detroit this evening.

The union meeting of young people's societies at the Hancock Congregational church Monday night was led by A. K. Cox.

The steamer Monticello arrived from Port Arthur Monday evening and will leave for the new schedule leaving for Duluth an hour earlier.

The contractors are building the new vestibule at the north end of the Finnish Lutheran Evangelical church on Reservation street, Hancock.

The proposition to increase the taxes in Laurium to meet the expense of proposed public improvements, was turned down at a mass meeting of citizens.

Dr. Hicks, the pharmacist at Kroll's drug store in Houghton, is completing a handsome new residence on Isle Royale street, on the hillside above the court house.

The painters are at work in the new dining room of the Douglas House. Colonel Mann expects to occupy the new part of the house the first of next month.

The new foundation walls of the Finnish church on Reservation street, Hancock, are completed. The church has been elevated about ten feet and a basement story added.

Close & Bavelin's dock was recently smashed into by some boat that ran into it last night. Yesterday carpenters were called into requisition to repair the broken place.

Artists are at work on the finishing touches of the walls and ceiling of the banking office of the Citizens' National bank of Houghton. The room will be ready for occupancy in a few days.

The steamer Mahoning of the Anchor line arrived up Sunday with the largest load of package freight brought here this season. She discharged 300 tons of freight at Hancock and Houghton warehouses.

Victor Tontant of the Quincy, charged with criminal assault, was held for trial in the circuit court by Justice Finn. Bonds for the appearance of the accused in the sum of \$500 were furnished by Tontant's father.

The Ironquois baseball club, Charles Ulrich manager, and Dr. Machette, captain, has procured a complete outfit of balls, bats and mits. They are ready to give the glad hand to any team desiring to meet them on the Hancock diamond.

Attorney C. R. Brown of Marquette secured a decree in the Ontonagon circuit court in the case of W. S. Prickett of Sidaw against the Eureka Silver Mining company. The land of the company is located in the Iron river silver district.

The board of education at Rockland has voted to engage Miss Josie Goldsmith of Hancock to teach in the Rockland schools the coming year. The board has ordered plans from Charlton, Gilbert & Demar for an addition to the Victoria school house and also for a two-story eight-room building for district No. 1.

NEW YORK STOCK MARKET.

Some Improvement in Demand and Upward Progress Made in Prices.

New York, June 10.—There was some improvement in the demand for stocks today and upward progress was made by the prices, but the market was still dull and narrow to a degree not equalled for the last two years until within the week. The dealings continued almost entirely in the hands of the professional room traders, but this element operated with somewhat more freedom than for several days. There was some concentrated buying of Southern railway, which easily led the whole market in point of activity. There was general expectation that the crop report would make a favorable showing of the progress of crops during May. This was a strengthening influence on all the grangers, including Southwestern, Atchison and St. Paul were the most prominent in the movement. The grain markets themselves rallied somewhat from the movement to discount the monthly report on the publication of the weather bureau's weekly report, indicating damage to winter wheat from too much moisture. The recent dividend increase for Chicago & Northwestern and Chicago, Minneapolis, St. Paul & Omaha has a continuing favor of the grangers. Some of the special stocks were helped by individual railroads, the Wisconsin Central on the favorable state of the crop report, and St. Joseph & Grand Island on the report that the road would be merged into the Union Pacific system.

Today's money market was rather easy, despite some demand for call loans for stock exchange purposes and in the face of the treasury absorption since last Friday of nearly \$1,000,000. The market closed dull and steady.

Closing prices of stocks are reported by Paine, Webber & Co. as follows: Wash. Pfd. 44 1/2, Union Pac. 8 1/2, N. Y. C. & H. R. 3 1/2, Manhattan 13 1/2, Alton 3 1/2, C. & O. 4 1/2, Rock Island 17 1/2, Southern Pac. 6 1/2, St. Paul 17 1/2, Reading 15 1/2, B. & O. 15 1/2, C. & N. W. 2 1/2, Erie 3 1/2, Peoples Gas 5 1/2, M. & E. 5 1/2, Atchison 10 1/2, Texas Pacific 10 1/2, Pfd. 9 1/2, Western Union 10 1/2, Northern Pac. 15 1/2, Smelter 15 1/2, Pfd. 15 1/2.

Range of Money Rates. Money on call was steady at 2 1/2 @ 3 per cent. Closing bid and asked 2 1/2 @ 2 3/4. Prime mercantile paper, 4 @ 4 1/4. Exchange, steady. Demand at 4 1/2 @ 5 and sixty days at 4 1/4 @ 5. Bar silver, 51 1/2.

CHICAGO GRAIN MARKETS.

Features of the Day in the Wheat, Corn and Oats Pits.

Chicago, June 10.—Wheat was about 1/2 higher for the day with the sales for July between 70% and 7 1/2 @ 1/2, the opening being 70 1/2, and the closing 7 1/2 @ 1/2. The trade was confined principally to the local professional traders. Statistics, generally speaking, favored the bear side. The cables were lower on improved weather. The cash sales were twenty-two boatloads taken on the coast and 130,000 bushels of number one Northern at Chicago. The local receipts were fifty-two cars.

Corn trade was moderate in September but dull in July. The former gained a small fraction while the latter was up 1/4. While the trade was dull there was the usual nervousness shown and the market presented a rather congested condition. There was a moderate demand from the longs for July while the Southwest had September in moderate quantities for sale. Trade on the whole was local. At Liverpool spot was unchanged, with the futures 1/4 lower. The local receipts were 505 cars.

Oats ruled weaker and lower with a break of 3/4 @ 1/2 at the opening. The lowest prices were made at the start and later rallied. The close was unchanged for July and 1/4 lower for September. Trading was moderate and mainly local. The fine weather was a bearish feature and statistics were bullish.

The leading futures ranged as follows: July wheat opened at 70 1/2 @ 1/2; highest, 71 1/2 @ 1/2; lowest, 70 1/2 @ 1/2; closed, 71 1/2 @ 1/2. July corn opened at 62 1/2 @ 1/2; highest, 63 1/2 @ 1/2; lowest, 62 1/2 @ 1/2; closed, 62 1/2 @ 1/2. July oats opened at 38 1/2 @ 1/2; highest, 38 1/2 @ 1/2; lowest, 38 1/2 @ 1/2; closed, 38 1/2 @ 1/2.

Receipts and shipments were as follows: Receipts, Shipments. Flour, barrels, 16,000 9,000. Wheat, bushels, 22,000 90,000. Corn, bushels, 382,000 79,000. Oats, bushels, 230,000 167,000.

BOSTON COPPER QUOTATIONS.

The copper stocks dealt in on the Boston exchange closed as follows yesterday, the quotations being reported by Paine, Webber & Co.: Adv. 2 1/2 @ 2 3/4, Anaconda 4 1/2 @ 4 3/4, Ariz. 1 1/2 @ 1 3/4, B. M. 1 1/2 @ 1 3/4, Green Con. 2 1/2 @ 2 3/4, All. 2 1/2 @ 2 3/4, Santa Fe 1 1/2 @ 1 3/4, Anaconda 4 1/2 @ 4 3/4, Ariz. 1 1/2 @ 1 3/4, B. M. 1 1/2 @ 1 3/4, Green Con. 2 1/2 @ 2 3/4, All. 2 1/2 @ 2 3/4, Santa Fe 1 1/2 @ 1 3/4, Anaconda 4 1/2 @ 4 3/4, Ariz. 1 1/2 @ 1 3/4, B. M. 1 1/2 @ 1 3/4, Green Con. 2 1/2 @ 2 3/4, All. 2 1/2 @ 2 3/4, Santa Fe 1 1/2 @ 1 3/4.

WE TAKE PRIDE IN CALLING YOUR ATTENTION TO OUR ...BILL OF FARE... "A LA CARTE." VIEWS OF BOYNTON AND WATSON ON EXPANSION.

SYNOPSIS OF THEIR REPORTS

BOTH STRONGLY AT ODDS ON THE LEADING QUESTION.

Remarkable Growth for the Order Is Shown and the Finances Are in Excellent Shape—Some Facts and Figures.

The official report of the great commander of the Michigan Macabees, N. S. Boynton, that will be read to the convention today, is, in part, as follows:

At no previous review of the great camp have questions of such moment and importance to the order been brought before it. I feel that its very existence depends upon wise and considerate action.

We must not lose sight of the principle of fraternal co-operation which underlies and supports the superstructure we have builded so well. We must not permit a stone to be removed from the solid foundation upon which the great camp has safely rested so many years.

Some few months ago, when the question of extending the jurisdiction of the great camp, an independent organization, beyond the confines of a single state was raised, I did not believe that a simple business proposition which every business man would adopt in the management of a business enterprise.

It is natural for a rival order which extends its business to all parts of this country and Canada to oppose strongly organization like the great camp, in its efforts to cover a part at least of the field outside of Michigan.

The opponents of extension, however, discovered, after a time that the membership did not take kindly to their unbusiness like position on the question and were forced to resort to other methods to mystify and mislead.

First—Shall the jurisdiction of the great camp, without changing its plan, be extended to other states with as low and lower death rate than Michigan, so as to secure the necessary percentage of increase to keep down our average age and mortality rate where it is now, and thus furnish the membership life protection and disability and old age benefits at the lowest possible cost, as has been done for over twenty years?

Second—Shall we confine the great camp to Michigan, destroy its present system, adopt the step rate plan or yearly increasing rates with a reserve fund attachment, such as the readjust-

ment committee of the Modern Woodmen of America recommends for that order, and which our great record keeper comments for the great camp, and which if adopted will do away with the disability and old age benefits provided for in our laws?

Both sides admit that in our "limited territory" (Michigan), with our very large membership, now over 100,000, it is practically impossible to secure the necessary percentage of new blood to keep down the average.

The great record keeper who has assumed the leadership of the opposition to extension, four years ago said in his biennial report: "I find that 30,000 new members at an average age of thirty-one years will be required to hold the average age of the membership down to thirty-six years and nine months, the same as it is now. Can it be done? In a limited territory such as ours, and judging from past experiences, I confess to have grave apprehensions as to our ability to secure the desired number."

I do not believe that any member can honestly charge me with ever advocating a policy detrimental to the best interest of the order. I am now nearing my sixty-fifth birthday. Should I live five years longer I will reach my three score years and ten, the allotted time of man. And while I am vigorous now, full of zeal for that which seems to me to be for the good of the order, I cannot say how long I will remain actively with you.

It is true that the great camp is on an unsound basis, and has been all these years, then no time should be lost in putting it on a sound basis. However, the representatives should understand that there is an effort being made to secure legislation which will force the great camp as well as other current cost, or low rate orders, to pay increased rates of assessment, whether the members want them or not.

I refer to the National Fraternal congress minimum rates, based upon a questionable mortality table. If the scheme succeeds the members of the great camp will have to pay three times the rates they have been paying during the last twenty years. I want to say that those who are opposing the extension of our jurisdiction are either knowingly or unwittingly aiding and abetting the efforts of the advocates of a reserve fund, for investment, to carry out that scheme, which, if successful, will bind the great camp hand and foot.

What would be thought of a farmer who had only forty acres of land all under cultivation, with his teams, his plows, his harrows, mower and reaper, fully equipped for work, who would not take his neighbor's forty adjoining him and cultivate it if he was given the privilege? What manufacturing concern with a well equipped plant would not extend its business to outside territory if it was open to it without cost, and there was a demand for its products? This is the position today of the great camp.

During the past year the deputies have had a harder struggle to make a record than in any previous year of the order's history. In the first place competition has been more fierce, material has been more difficult to obtain by reason of our large membership in a limited territory. The action of a branch of our order with no financial or other connection with the great camp, in increasing its assessment rates, the salaries of its officers beyond worth or desert, and the defalcation of its financial officer was thought to effect the parent branch. It led our members to believe that it effected our order and it required an effort to convince them to the contrary. The unwarranted and malicious attacks in the official organ on our deputies had a tendency to destroy the confidence of the membership and

discourage and dishearten the active working members who were assisting the deputies. The public declaration that the great camp was on an unsound basis and that if its rates were not readjusted and increased, it would not long survive, practically paralyzed the work in the field. But for this, the work of the past year would have shown up to much better advantage.

That the cost of securing new members in our limited jurisdiction has, and will continue to increase each year as the material grows less, cannot be questioned. The expenditure per capita of net increase during the past two years has more than doubled that of five years ago and is now much higher than that of any other progressive order with unlimited jurisdiction. If the policy of expansion is not adopted by this great camp then it would be folly to keep such a large force of deputies in the field.

One-half the present number would be all that could be used to advantage. The great camp desires the extension of its jurisdiction to other states, we will be able to secure the services of good active deputies in the new territory on commission fees, thus relieving the present drain on our general fund, and reducing the per capita cost of increase one-half or more.

I have studied closely all these years the different plans proposed for fraternal beneficiary societies, and I can honestly say that our present plan, with extended jurisdiction, seems to be the best for the great camp. At my age and my past connection with the order I cannot advise any other. The great has grown and prospered in the past, and it will continue to live, if no false step is taken. One ounce of experience is worth more than a ton of theory.

RECORD KEEPER'S REPORT.

Tells of the Standing of the Order and Argues Against Expansion.

The following is a summary of the biennial report of Great Record Keeper Watson:

As far as volume of business which the great camp has done during the past term, every member of the order has reason to be satisfied. The total number of life benefit members admitted during the term was 25,168, representing benefits to the amount of \$28,787,000, or an average amount of each certificate of \$1,145.40. This was \$692 more than the number admitted during the term ending Dec. 31, 1897, and 3,409 more than the number admitted during the term ending Dec. 31, 1899, and yet we are told that the Michigan field is nibbled bare and that the great camp is going to starve for want of sustenance.

The net increase of benefit members during the term was 16,381 as against 13,773 during the previous term, and 8,247 during the term ending Dec. 31, 1897. In other words, the net gain in benefit members during the last term is nearly double the gain during the term ending Dec. 31, 1897, and yet we are told that the great camp is on the point of starvation for want of food to keep it alive. Why did we not hear of this at the great camp review in 1898 when we were able to report a gain of only 8,247 instead of such a gain as we now report, of 16,381?

But after all it is not a question of new members which should be agitating the great camp at the present time. The

real question should be the placing of the great camp on a sound business basis. When the plan under which a society is operating is inequitable and unsound the admission of new members is only a temporary benefit. An influx of new members on the present basis of the great camp will not prevent the defects of its plan from becoming apparent.

In the matter of the average age of the membership, the expected has again happened, in that I have to report an increase of four months and fifteen days over what it was at the close of the previous term. The average age of the membership at the close of the term ending Dec. 31, 1899, was thirty-seven years, three months and thirteen days, while at the close of the past term it was thirty-seven years, seven months and twenty-eight days. Since the close of the fiscal year in 1892 the average age of the membership has slowly but surely advanced until at the present time it is five years, four months and eighteen days higher than it was at that time.

In the matter of management expenses, we are justified in saying that we have one of the most economically managed fraternal beneficiary orders in the country.

The total amount of disbursements from the general fund during the term was \$214,874.97. Deducting the cost of the official organ, the expense of the last great camp review, and the surplus transferred from the general fund to the total and permanent disability fund, amounting in all to \$69,188.99, leaves a net amount of management expenses for the term of \$145,259.48, or 77 cents per member per year on the average membership for the term, an increase of two cents per member over that of the previous term, which is exclusively owing to the increased amount paid for the services and expenses of deputy great commanders. The amount paid for services and expenses of the deputy great commanders, including commissions paid to special deputy great commanders, is \$64,496.94, as against \$45,172.45 paid during the previous term, or an increased amount paid during the past term of \$19,324.49 over the amount paid during the previous term.

The work of the deputies has been more adversely criticised during the past months of the past term than during any other period of my experience, but I hesitate to say that they were altogether to blame for the cause of the criticism. In what they have been doing (and they have been doing much to justify adverse criticism), I presume they were simply obeying instructions. If this be true, and I have no reason to doubt it, it is to be regretted. It is to be regretted that the machinery of the great camp should be manipulated for any other than legitimate purposes, but when "might is right," the weak must always suffer.

In the matter of clerk hire in the great record keeper's office, notwithstanding an increase of over sixteen thousand members, and a corresponding increase of work, a reduction of \$781.25 was made, the net amount for clerk hire during the past term being \$14,687.50 as against \$15,468.75 expended for this purpose during the previous term. This reduction is entirely due to improvement of system and a re-arrangement of office work.

In another part of this report will be found the amendments to the articles of incorporation, so that it is necessary to repeat them here. They have a very innocent appearance but their objects and intent are far-reaching. Their adoption by the great camp will be the settlement of the great issue of expansion, or more properly speaking, the extension of the jurisdiction of the great camp beyond the limits of the state of Michigan. The leading exponent of this new issue is Great Commander Boynton, and his arguments may be summed up under two headings as follows: "Lack of material in Michigan to keep down the average age of the membership," and "A business proposition."

I have already shown in this report

that it is folly to prate about keeping the average age of any order below the normal for any length of time, and also that average age is not a correct indication of death rate. But, for a moment, let us look into this question of lack of available material in Michigan. Where has it all gone to? What has become of the two hundred thousand good, insurable risks that were said to be available in 1887? In N. S. Boynton's report to the great camp in 1887 he had this to say: "It is a fact that with the increase of the average age of the membership in any beneficiary assessment association comes an increase in the rate of mortality. Hence, to prevent this in our society we should keep up an increase of at least twenty per cent annually. But some may say that the good material in this great jurisdiction, confined as it is to the state of Michigan, would soon be exhausted if we continue to increase our membership at that rate. I think it safe to say that there are at least two hundred thousand good, insurable risks in the state of Michigan. Now, how long would it take to draw in half that number? By careful computation you will find that it will take about fifteen years. In the meantime there will be a steady increase in the population of the state and hence an increase in insurable material to work upon and work into our society."

Up to the present time we have only secured about one-half of the material that the great commander said was available in 1887 but now he says that the available material has been exhausted. Where has it gone to? The vote for president in 1890 in Michigan was 544,379 and since that time the voting population must have increased at least one hundred thousand, so that the great camp at the present time has only within its ranks about one-sixth of the voting population of the state, without taking into consideration the thousands of young men between the ages of eighteen and twenty-one who are voters. The argument of there being a lack of material in Michigan to support the great camp is indeed a flimsy one. If this were the only difficulty that the great camp has to contend with and perpetuity in prospect for the order.

In regard to the other argument of expansion being a business proposition, I do not hesitate to say that expansion is not a sound business proposition. Expansion under present conditions would ultimately be as disastrous to the great camp as the borrowing of money at fifty per cent interest to enable him to continue to do business would be disastrous to a business man. When the time came for the payment of his debts his financial condition would be similar to that of a looted bank with nothing staring him in the face but liabilities. The main weakness of the arguments of the expansionists is that their conclusions are based on a wrong premise. They argue from the erroneous assumption that the great camp is operating upon a sound business basis, while the most ardent expansionist admits that the present plan of the great camp is radically defective.

That the plan under which the great camp is operating is unsound and inequitable cannot be controverted. We have been trying to do a current cost business on a level rate of assessment, and there can be neither equity nor perpetuity on such a basis. For example, a member admitted in 1890 at twenty-nine years of age paid a rate of assessment of 85 cents at \$1,800. Today he is forty-one years of age and is still only required to pay a rate of 85 cents, while a member admitted at the age of 40 or 41 years is required to pay a rate of assessment of \$1.50 on \$1,000. The applicant who comes in at the age of forty is a lot of risk because he is fresh from his medical examination than the member who is paying an 85 cent rate at the same age. Some one may say that the member who came into the order at twenty-nine years of age has paid assessments for eleven years. Yes, I admit that, but he has had pro-

tection for eleven years. He is in the same position as he would have been if he had insured his house for eleven years and had paid his premiums for that length of time without his house having burned down. Will anyone dare to say that he had not had the worth of his money even if his house did not burn?

A level rate of assessment presupposes that the member will be required to pay more than the current cost of his protection during his earlier years so as to make up the deficiency in his later years, which arises from his rate of assessment remaining the same as at the time of his admission. If the member, who was admitted at twenty-nine years of age and who is now forty-one years of age, had been required to pay twelve assessments a year instead of less than six, then he would have contributed enough to make up the difference between his continuous rate of 85 cents and that of the new member who comes in at forty-one years and pays a rate of \$1.50. All co-operative effort should be based on equity, there is no equity in requiring one member at forty-one years of age to pay an 85 cent rate on a one thousand dollar certificate while another member at the same age is required to pay a rate of \$1.50.

If we wish to continue a current cost business and I think the plan is the best (with certain necessary modifications, made necessary by the errors of the past) we should amend our laws so that the cost of protection will be equitably distributed. Common justice demands that it should be so. Moreover, we cannot successfully, for any length of time, or equitably, do a current cost business on a level rate of assessment.

It has been represented that I am in favor of a plan that will abolish our old and permanent and old age disability benefits. This is a malicious fabrication. I am in favor of any plan that will assure a continuance of these benefits and that will assure protection to every member and his beneficiaries for all time to come.

That the representatives desire to do that which is for the best interest of the membership is beyond question, and I trust, therefore, that they will see it to be their duty to defeat this amendment to the articles of incorporation, on which hinges the fate of the so-called issue of expansion.

In closing, let me say that all I have said throughout the controversy which has agitated the membership for many months, was from the motive of doing that which, in my judgment, would best subserve the interests of the great camp. I was aware that in taking a position against the extending of the jurisdiction of the great camp and in favor of a readjustment of rates, I was exposing the unpopular side of the controversy but I was, and am, fully convinced that my position was the correct one.

Whatever your decision may be on the question of extending the jurisdiction of the great camp, my services are at your disposal if you desire to continue them. If, on the contrary, I cannot be continued in your service, because of my opinions, there is no alternative but to surrender to the will of this great camp.

FEW COPPERS FOR SALE.

Hard Squeeze the Prospect in Sight for the Shorts.

Paine, Webber & Co. said: "The character of today's market indicates that of the buying of the past few weeks much has been for very strong interests. Shorts who attempted to cover found almost no coppers offering at anywhere near the current quotations. At the moment there does not appear to be any active trading interests in the market, except the bears. They are in a predicament and we shall be surprised if there is not an excited scramble by shorts before the end of this week. We strongly favor the long side on all of the better class of copper stocks."

Chicago Grain Markets. W. H. Laidley & Co. said of the Chicago grain markets: "Under the influence of lower cables and weather news, what appears to be but upon a general inclination to even up until after the government report was issued the market turned stronger. It is extremely hard to bull the price of wheat with the new crop coming on the market. But the shorts have been too popular. We are thirteen cents and a Liverpool, with a visible supply considerably less than last year and a smaller crop expected, consequently we do not feel particularly bearish for a long pull. For the present, however, it is simply a trading market."

"Corn opened lower, on fine crop conditions, but the July option was very well bought and closed at a slight advance over last night. The receipts were slightly over the estimates. Bradstreet's reported an increase of 648,000 bushels. We still advise the purchase of July corn upon every recession from present prices."

"Oats opened slightly lower, continuing dull and uninteresting, July closing the same as last night and September slightly lower. We still believe that July oats are too high."

Wall Street Strong. Dick Bros. said of the New York stocks: "The market has been very strong today, chiefly in anticipation of a good government report. Otherwise there was little news. Strike advices continued unfavorable. Money was easy at 2 1/2 and 3 per cent. Gates interests were buyers of St. Paulers, Erie, Erie and Atchison. Copper was advanced on short buying. Gould brokers bought their own specialties. The buying of Southern Railway was attributed to the Gates people. The market closed at about the best prices of the day. The trading was largely professional."

It strikes the root and annihilates disease, a subtle potent remedy, that fills the mind with sweet and charming fancies, Rocky Mountain Tea. 35c. The Stafford Drug Co.

**SUPREME HIVE PEOPLE HERE TO FIGHT EXPANSION.**  
**L. O. T. M. POLITICS A HOTBED**

Great Hive Officers, However, Are Not Worried and Declare the Game is in Their Own Hands—Certainly "Doings"

Mrs. Frances E. Burns, commander of the great hive, in an interview with a Mining Journal man yesterday stated that she and her fellow officers felt very confident of reelection and that she was not worrying in the least, even though the opposition, comprised chiefly of the anti-expansion forces, was doing its utmost to oust the present officials.

Their work certainly "doings" in the way of electioneering and smooth lobbying on the side by the ladies all yesterday. Delegates were cornered at the convention hall at the Baptist church, the Hotel Clifton and any place where eligible voters could be had to their advantage. The forces of the expansionists had done most of their good work before coming to Marquette, rounding up apparently a big majority of the delegates who, it is thought, can be depended upon at the proper time when the pressure brought to bear by the opposition.

**Supreme Hive Lobby.**  
The supreme hive, however, which is fighting the matter of expansion and leading the campaign of the opposition candidates, started yesterday on the wind-up of the quiet work it has had under way for some time. Among its most prominent workers who are at present in Marquette to win over as many delegates as possible may be mentioned Lillian M. Hollister, Bina M. West, Miss Wilson and Lincoln J. Avery. All four arrived yesterday morning and immediately got down to work. The three ladies established their headquarters at the Hotel Clifton on the same floor with the officers of the great hive, a long hall separating them. Cordial greetings or anything of that nature between the members of the opposition forces were apparently a minus quantity. One of the great hive officers, in speaking of the situation, said: "My, such wire pulling as there is going on! Nothing like this has ever predominated to such an extent at our conventions before, and expansion is the cause of it all."

Miss Wilson, who is Mrs. Hollister's private secretary, is a salaried officer of the supreme hive and she was one of the busiest ladies in town yesterday. Miss Wilson is a very prepossessing and pleasing young lady, besides being an animated talker. She has been visiting the lodges of the great hive for some weeks talking against the expansion of the order outside of the state. Miss Wilson remarked yesterday morning that it was a "light to the death" and apparently she is not far from right.

LOST—Your chance if you do not come to us for prices and terms in advance on the furniture line. Hager Bros. Co., Ltd. (4-20-17)

**Great Hive Committees.**  
Owing to the delay in the arrival of the steamer City of Mackinac, some of the members of the regular committees of the great hive were delayed and it was necessary for Great Commander Burns to appoint ladies in their places in order that preliminary work yesterday might receive attention. The personnel of the committees and substitutes in the places of regular members are as follows:

Committee on laws—Mary Tubbs, Chesaning; Leora Saunders, Detroit; Emma Oakes, St. Clair.  
Committee on new business—Cassie Seymour, (member pro tem), Saginaw; Mary Hooper, Uby; Grace Chittenden, Cadillac.  
Committee on credentials—Carrie Torrey, (member pro tem); Rochester; Alice Waldron, (member pro tem), West Bay City; Fannie Fleming, Sault Ste. Marie.  
Committee on mileage and per diem—Ida Snow, (member pro tem), Charlotte; Alta Stewart, Grand Rapids; Emma Central, Benton Harbor.  
Committee on finance—Mary Mayo, Harrisville; Mary Simpson, (member pro tem), Au Sable; Carrie Parrish, (member pro tem), Saginaw.  
Committee on appeals and grievances—Nettie Case, Greenville; S. Lina Mack, Owasco; Elizabeth Campbell, Fort Huron.

**MRS. BURNS IS CONFIDENT.**  
Great Commander of Great Hive Feels Very Sure of Re-Election.

Mrs. Frances E. Burns, great commander of the great hive, says she will be reelected Thursday morning when the ballots are counted in the convention hall for the officers of the order. Mrs. Burns has been an officer in the great hive for eight years. She was the lieutenant commander from 1894 to 1896 and has been great commander since that time. When she was placed at the head of the order in June, 1896, there were 28,000 members. Now there are 35,000. Mrs. Burns has held the office twice as long as any previous commander. The great hive has never been in better condition financially than at present, the ladies coming to the convention with \$10,000 and in the general fund and with all bills paid. In the reserve fund there are \$55,000 in U. S. bonds

and \$7,000 in cash. In the endowment fund there are \$31,100.  
**L. O. T. M. SECRET LEAKS OUT.**  
Both Factions Plan a Surprise That Isn't One After All.

Both the ladies of the great camp and the supreme hive are playing fox in respect to a certain proposition that is to come up in the convention the first thing in the morning and the best part of it is that neither of the factions presented by the two hives know what the other has up its sleeve. The committee on laws of the great hive has prepared two amendments to the by-laws which will be presented to the convention early in the session this morning and the result of the vote upon them will determine the strength of the supreme hive workers in the convention.

One of the amendments if passed will prevent any past great commander of the order from acting a voice in the convention although she may take her seat. This is a direct slap at Mrs. Hollister of the supreme hive, who will be prevented from talking against the matter of expansion if the amendment carries. The other amendment will have its effect in ousting Miss Bina M. West from the convention. At present she is allowed a seat in the convention because she holds an honorary office in the great hive, although she is not entitled to a voice in the proceedings. However, it is to prevent any magnetic affect by her presence in the convention that the special amendment in her case was framed.

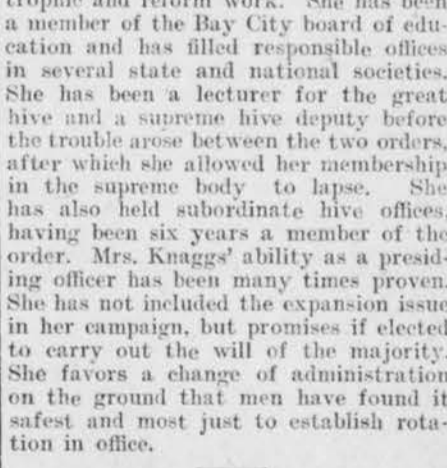

The great hive officers have kept this secret very quiet and do not dream that the opposition knows anything at all about it. But the opposition does know, still it is not advertising the fact. The whole sum and substance of it is that both factions are laying low in the matter and are preparing themselves for a first and perhaps at the same time a final test of their relative strength in the convention the first thing this morning. If the amendments are carried, as the great hive officers think they will be, the expansionists will have it very much their own way and it will mean easy sailing for their candidates for office at the election tomorrow morning.

There's surely going to be doings in the L. O. T. M. gathering behind closed doors today.

**OFFICERS AND CANDIDATES.**

**JUDGE WILLIAM R. KENDRICK.**  
Judge William R. Kendrick of Saginaw is a prominent member of the great camp and has been a very busy man as a member of the committee on laws since his arrival in the city Monday morning, as the duties of that committee are very extensive. Mr. Kendrick has for many years been a very active Maccabee and stands high in the counsel of the order. He is being strongly urged by the membership from his locality as a desirable member of the executive board, or as great lieutenant commander. It is claimed by his many friends that Saginaw county with over 6,000 members is entitled to recognition. Judge Kendrick is an earnest expansionist and has debated the question extensively during the past few months in different parts of the state. He is an able and pleasing speaker and a man of great superior legal ability. He is not a stranger to Marquette as his position on the board of pardons frequently brings him here. His election to the position sought would reflect great credit to the order.

**MRS. MAY STOCKING KNAGGS.**  
The arrival of delegates to the L. O. T. M. Review yesterday included Mrs. May Stocking Knaggs of Bay City, who is a prominent candidate for the office of great commander. Mrs. Knaggs was appointed last year by Governor Bliss as a member of the board of guardians of the State Industrial Home for Girls at Adrian, and is well known in philanthropic and reform work. She has been a member of the Bay City board of education and has filled responsible offices in several state and national societies. She has been a lecturer for the great hive and a supreme hive deputy before the trouble arose between the two orders, after which she allowed her membership in the supreme hive to lapse. She has also held subordinate hive offices, having been six years a member of the order. Mrs. Knaggs' ability as a presiding officer has been many times proven. She has not included the expansion issue in her campaign, but promises if elected to carry out the wish of the state. She favors a change of administration on the ground that men have found it safest and most just to establish rotation in office.

**MRS. MARIE WILSON BEASLEY.**  
Mrs. Marie Wilson Beasley, a candidate for great commander, is a graduate of the Lyman School of Dramatic Art, Chicago. She has been principal of the Beasley school of elocution, literature, oratory and physical culture at Grand Rapids for the past twelve years. She is a member of Oriental Chapter of Eastern Star, Violet Rebekah lodge, five years a member of Emma E. Bower live, honorary member of the Albion Ladies' Literary club at Grand Rapids, where she has been a resident for more than twenty years, and the Hillsdale College Union society.

"A Woman of the Century," a book lately published, giving a sketch of a thousand representative women of America," says: "Mrs. Beasley, after leaving Hillsdale college, studied for three years under the instruction of the late Prof. Walter C. Lyman, the eminent dramatic reader of Chicago, and since 1882, when she made her debut as an elocutionist and reader, and also as an

instructor in the art of elocution, she has taught many who are already prominent in that field, and her readings have brought her a reputation in many states. Besides her work as an elocutionist and instructor, she has been a successful lecturer, taking an active interest in the relation of women to law and society. She is a woman of amiable disposition, much force and decided powers of intellect."

**MRS. JENNIE HYATT.**  
Mrs. Jennie Hyatt, a candidate for the office of great finance keeper, is thoroughly capable of fulfilling the duties of the office to which she aspires. She is prominent in society, fraternal and church circles in Detroit and is the past commander of the hive of which she is a member. Mrs. Hyatt joined the order in 1891 and is thoroughly familiar with every detail of the laws of the great

**MRS. SUSAN S. GRAVES.**  
Mrs. Susan S. Graves, great finance keeper of the great hive, who is in attendance at the L. O. T. M. convention, is a woman of great ability and has been a very active worker in the order for many years. She is a member of the executive board and has filled responsible offices in several state and national societies. She has been a lecturer for the great hive and a supreme hive deputy before the trouble arose between the two orders, after which she allowed her membership in the supreme hive to lapse. She has also held subordinate hive offices, having been six years a member of the order. Mrs. Graves' ability as a presiding officer has been many times proven. She has not included the expansion issue in her campaign, but promises if elected to carry out the wish of the state. She favors a change of administration on the ground that men have found it safest and most just to establish rotation in office.

**CONVENTION GOSSIP.**  
"Hello, Mack."

Meals are being served by the ladies of the Methodist church. A regular bill of fare is provided and patrons can have what they wish at very reasonable prices.

The ladies of the Presbyterian church are serving meals in the basement of the church, opposite the Clifton Hotel. An excellent dinner is being served for fifty cents per plate, and all hungry people generally are cordially invited.

**WERE MARRIED HERE.**  
Duluth Herald: "Philip Malburg wants a divorce in district court from Kate Malburg on the ground of desertion. Each is thirty years of age, and they were married in Marquette in 1892 and have two children. Malburg says that on July 15, 1898, he went to North Dakota to better his finances and make a home for his family. He wrote weekly till October and got no answer. May 15, 1899, she began divorce proceedings against him in Alger county, Mich., but the proceeding were never completed. In 1899 he came to Duluth, and since he has been here he says his wife has written to inform him that she is well rid of him."

**EXCURSION RATES.**  
The Marquette & Southeastern railway and the Lake Superior & Ishpeming railway announce the following rate in effect between Marquette and Negaunee or Ishpeming. Fare for round trip 30 cents. Train leaves Marquette at 5:25 p. m., arriving at Negaunee at 6:11 and at Ishpeming at 6:29 p. m. Train leaves Ishpeming at 8:30 a. m. and Negaunee at 8:39 a. m., arriving in Marquette at 9:20 a. m. Tickets on sale June 10th to 14th, inclusive, good to return until June 16th.

**CAR FERRY SINKS**  
ST. IGNACE GOES DOWN WHILE LOADING CARS.  
CREW ESCAPES WITHOUT INJURY  
SOUTH SHORE OFFICIALS ARE PROMPT TO ACT.  
Secure Steamer Algoma to Transfer Passengers at the Straits and Ste. Marie Will Be on Deck Friday Noon.

The crowds were well taken care of yesterday and promise to be during the remaining three days of the conventions. Two of the churches yesterday served meals in addition to the hotels and restaurants and no one went hungry or had to wait very long for something to eat. The visitors expressed themselves as well pleased with the accommodations. The city is theirs while they are here.

At the Casino rink at 1 o'clock yesterday afternoon the exemplification of the new Memorial ritual of the great live was given for the benefit of the delegates. The entire program was gone through with successfully, the work apparently being very satisfactory to the delegates and appreciated by them. Two years ago at the Grand Rapids convention the great live appointed a committee to draft the ritual and the results of its efforts were shown yesterday. The ritual will no doubt be unanimously adopted in the convention.

With a class initiation of 114 candidates, the "convention hive" exemplified the degree work of the order before the delegates at 5 o'clock yesterday afternoon at the Casino rink. The ladies afterwards reported that the work was beautifully done, a special and particularly pleasing feature being the music under the direction of Mrs. Henry Patrick of Marquette. Mrs. Anna J. Holthe, great mistress of arnis, was in charge of the class. She has been in Marquette for the past five weeks training the ladies for the exhibition and yesterday she scored a complete success. Her knowledge of the work is perfect.

**CITY BREVITIES.**  
Today's weather: Partly cloudy, stationary temperature. Winds generally fresh northeasterly.  
Yesterday's temperature: 7 a. m., 45 degrees; noon, 48 degrees; 7 p. m., 50 degrees; maximum, 62 degrees; minimum, 45 degrees.

Mrs. John A. Knudsen of Escanaba is visiting friends and relatives in the city.  
A meeting of the Marquette lodge of Elks will be held at Fraternity Hall tomorrow evening.  
The May term of circuit court, which was adjourned until tomorrow, will be in session at 9 o'clock today.  
Fred W. O'Brien, editor of the Carib News, is one of the prominent Maccabees in attendance at the convention.  
The Elks' club rooms in the opera house block will be open during the convention for the accommodation of visiting Elks.  
"Hello, Mack" is the popular salutation these days. Mack meaning Maccabee, and not the junior alderman from the Fourth.  
The Marquette County Savings bank will not be open for the transaction of business tomorrow evening an account of the Maccabee convention.  
Mr. and Mrs. Joseph Warner, Miss Fannie Quick and Mrs. Emma Robinson of the Soo were in the city yesterday. They left for home this morning.  
The following marriage licenses were issued by County Clerk Ross yesterday: Nestori Holmes and Sandra Mattela, Marquette; Joseph Dubois and Henriette Douglas, Ishpeming; and John H. Wright and Anna H. Wise, Duluth.  
C. H. Wescott of Detroit, supervising inspector of vessels for the eighth district, was a business visitor in Marquette yesterday. Mr. Wescott makes regular trips to the city. He is a brother of Mrs. Susan S. Graves, great finance keeper of the great hive, who is in attendance at the L. O. T. M. convention.

The always popular Calumet & Hecla band serenaded The Mining Journal last evening and the favor was highly appreciated. Several selections were rendered which won the band the admiration of the large number who gathered to listen and the excellence of the music brought out many expressions of praise from those present.

Among the visitors yesterday were: M. Wallace, J. J. McDonald, John Santon, Houghton; T. H. Gibson, Mass City; A. R. Cole and wife, M. H. Milliken and wife, Houghton; Harry King, M. P. Mott, Calumet; John Guentblatt, Baraga; Thomas Nugent, Baraga; John J. Boyle, Baraga; Fred Hodges, Escanaba; J. E. Dalton, M. J. Reid, Ishpeming; O. Evonson, St. Ignace; Louis Dickman, John Larouche, Kenton; Geo. F. Gallagher, Escanaba; L. Demah, Kenton; Fred Currie, Soo; Frank Lewis and wife, Kenton; E. E. Johnston, Manistique; W. R. Adams, Ontonagon; John McKenzie, Houghton; W. A. Jamison, Ontonagon; A. Ward, Munising; Sam Reynolds, Negaunee.

**REPUBLICAN COUNTY CONVENTION**  
Called by Chairman C. T. Fairbairn for June 25 at Marquette.  
Chairman Charles T. Fairbairn of the Republican county committee, wired from Hibbing, Minn., where he is now located, yesterday that the Republican county convention would be held at Marquette on June 23 for the purpose of selecting delegates to the congressional, senatorial and state conventions.  
**JOHN JONES REAPPOINTED.**  
Popular Ishpeming Man Will Continue as Receiver of Land Office.  
President Roosevelt yesterday sent to the senate the nomination of John Jones of Ishpeming to succeed himself as receiver of public moneys at the land office here. The senate, of course, will confirm the president's action. Mr. Jones is a popular and efficient official and has made an excellent record while in the office. His reappointment will be decidedly pleasing to his hosts of friends throughout the peninsula.  
During the summer holidays irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. People's Drug Store.  
**IMPORTANT TO FRATERNITIES.**  
The decision of Judge Tappan of Port Huron, in the case of Dora Kerwin, against the A. O. H., Michigan division, is of great importance to all fraternal societies doing business in this state. John Kerwin, a member of the order, was six months behind in his assessments at the time of his death. The records of the order show that Kerwin was suspended for non-payment of dues on November 10, 1898. Regardless of such suspension he continued to pay assessments to the order until April 21, 1899, and they were received. He died in September of the same year. The court held that the action of the officers in receiving assessments after the man has been suspended was practically a waiver of the suspension. He gave the widow a verdict for \$1,069.80.

**CAR FERRY SINKS**  
ST. IGNACE GOES DOWN WHILE LOADING CARS.  
CREW ESCAPES WITHOUT INJURY  
SOUTH SHORE OFFICIALS ARE PROMPT TO ACT.  
Secure Steamer Algoma to Transfer Passengers at the Straits and Ste. Marie Will Be on Deck Friday Noon.

Following the had accident at the Soo last week, by which the wrecking of the railroad bridge has badly hampered railroad traffic between the east and west, the South Shore yesterday sustained another stroke of bad luck. This happened at St. Ignace, where the big car ferry, St. Ignace, suddenly turned turtle while loading cars and was completely in twenty-four feet of water. The crew escaped.  
While the accident will result in the interruption of the transfer of trains across the straits, the trouble will be of short duration, and the South Shore early in the day had arranged to accommodate all passengers and their baggage with little inconvenience. The steamer Algoma has been secured, and until the car ferries are in commission again it will transfer all passengers as if nothing unusual had happened.  
Last evening a wrecking train and crew left Marquette for the straits to assist in the raising of the St. Ignace. This, it was the expectation last night, would be accomplished today. Had the mishap occurred at almost any other season of the year it would not have been noticed, for it is seldom that both of the car ferries are not in service. However, the Ste. Marie has been in drydock at Detroit, undergoing an overhaul, and thus the St. Ignace was the only ferry in commission.  
The ferry Ste. Marie, however, will leave Detroit today, and by Friday noon it will be in the service at the straits, ready to accommodate the two special trains which go down over the Michigan Central and the G. & I.

**Notes of Marine News.**  
At the Soo, the work of clearing the channel so that boats could again look out to sea, was completed yesterday afternoon, and the marine train is again pursuing its normal course.  
Arrivals and clearances from the South Shore docks yesterday were the schooner "Henry" Cort and barge 116, the James Watt and the Alex Nimick, all left for Cleveland.  
The schooner McGregor was yesterday brought in by the steamer Hackett, which later left on the way up the lake to discharge its cargo. Both vessels are loaded with coal.  
There were no clearances from the L. S. & I. dock yesterday, but last night a couple of boats arrived which will go out today.

**Up-Bound Boat Passages.**

**Rheumatism**  
of 33 years' standing  
**Cured**  
For 33 years I suffered from rheumatism until I became so crippled that I could hardly feed myself. Seven physicians had tried their skill in vain. My last doctors told me that it was useless for me to take more medicines, claiming there was no cure for me. My family also discouraged me from taking more medicines, but when my church paper endorsed Gloria Tonic, I resorted to that and the systematic use of this excellent specific completely cured me. G. Jacob Scauar, Fountain City, Wis.  
Gloria Tonic sells at all drug stores at \$1.00 a package. Trial Box, also illustrated book on rheumatism containing many stippled drawings from actual life and which explains every form of Rheumatism known to science free by sending name and address to JOHN A. SMITH, 624 Germania Bldg., Milwaukee, Wis.

NOTHING IN IT.

Cleveland-Cliffs Iron Co. Is Not Negotiating for Purchase of Section 30.

The Duluth Herald of Saturday last contained the following startling announcement:

"A rumor is current on the streets this afternoon that a deal has been closed for an option on a lease to the famous section 30 at the largest bonus that has ever been paid for an iron mine. The figure is said to be no less than \$4,000,000, in addition to a royalty of 50 cents a ton on all the ore mined during the life of the lease.

"The party to whom the option is said to have been given is the Cleveland-Cliffs Iron company, of Cleveland, of which Samuel Mather is the president. This is the same company to which George J. Lonstorf, one of the owners of section 30, recently sold the Negaunee mine.

"Mr. Lonstorf, Richard Fagan and Frank W. Eaton, three of the owners, returned from Ely this morning, where they went to look over the property with four or five of the representatives of the Cleveland-Cliffs company. Among them were J. E. Jopling, of Marquette, mining engineer of the company; M. M. Duncan, its geologist, and H. L. Smyth, of Cambridge.

"The owners of the property deny that any deal has been closed for the property. Beyond admitting that negotiations had been going on for some months, they declared that there was nothing to say nor nothing new.

"It cannot be learned definitely that the deal is closed. It is considered by some that it is likely that it has not been consummated as yet. The consideration of the option, it is said, depends on a certain quantity of ore being shown up."

Mr. Duncan advises The Mining Journal that there is absolutely nothing in the rumor. The company is not negotiating for possession of the tract and it is not likely that steps to that end will be taken at a near date.

The amount stated as the bonus paid is unusually large and the royalty said to be agreed upon is excessive. These two things alone are sufficient to cause suspicion that there is no foundation for the report.

MANY POSTERS.

The City Is Heavily Billed for the Two Biggest Shows on Earth.

When the Ringling men finished tacking their banners on the buildings of the city last week it seemed as though there would be little space available for the banners of the Buffalo Bill show in case the management sent men here to put them up. On Monday a gang of Buffalo Bill men worked on banners and by evening nearly every prominent building in the business part of the city contained the announcement that the Buffalo Bill show is coming. Their banners are more attractive than those of the Ringling Bros.

The Buffalo Bill people will have no chance to hang lithographs in windows or to put paper on the bill boards as the Ringling show has all the space reserved. They also have an option on all the poles of the Marquette County Telephone company in this city and Negaunee. It was intended when the poles were "eined" to hang banners on them, but it is not certain that they will be used. At any rate the Buffalo Bill people are prevented from using them until after the date of the Ringling circus.

Ringling's No. 3 car is expected here today from the copper country. Additional advertising matter will be put out and much of the paper now on the bill boards will be renewed.

The Ringling trains will pass through this city enroute to the copper country next Sunday morning. It is expected that the trains will pass along between 9 and 10 o'clock.

MEN WILL BE BOYS.

In the excitement of a lively exercise like heat-racing or ball-playing, they will strain their muscles and go home limping and sore. Then they are Perry's Painkiller on hand to soothe the quivering nerves; to penetrate the muscles with warmth and healing power. It has relieved the pain of two generations of Americans. Large bottles 25 and 50 cents.

NOTICE.

The First M. E. church is for sale. Sealed proposals will be received, not later than June 14th, purchaser to remove the building off the lot not later than July 1, 1902. All bids to be presented to the pastor, Rev. S. W. Polkinghorn, or to C. Haines, secretary board of trustees. (6-10-54)

IMPROVING ROADBED.

Chicago & Northwestern Co. Is Distributing Much Gravel on Main Line.

The Chicago & Northwestern Railway company is improving its roadbed between this city and Escanaba. Gravel trains have been working for the past month and thousands of carloads of gravel have been distributed between the two points. For some miles down the line the track has been raised considerably, reducing the grade where it was the steepest. The new ballast has put the roadbed in much better shape than formerly.

The expense of hauling and distributing the gravel will be large as four train loads a day have been moving from the pits west of Ishpeming for some time past. The loading has been done by steam shovel and quite a number of men have been employed at the pit and along the route.

The work will soon be completed as the track men are now working at and near the Twin Cities. It is not known here that gravel is to be hauled to other parts of the system. It is said that there is very little gravel to be had between here and Milwaukee and that the most of that used will necessarily come from this end of the line. There is any amount of it a few miles west of this city, though the haul is long when it comes to its shipment to points below Escanaba.

THE MACCABEE TURNOUT.

Maccabees and members of their families were up early yesterday morning preparing for the trip to Marquette. As early as 8 o'clock members of the society could be seen about the streets in their miners' uniforms. At 9 o'clock the Knights began to assemble at the Finnish Co-operative hall to prepare for the march to the train an hour later.

The special leaving here at 10 o'clock was crowded. The special at 8:30 also took a large crowd to the convention city and the early Northwestern train was well filled with passengers from here and Negaunee. The noon train took down another large delegation.

The special and regular trains from the copper country which passed through the city during the forenoon were also well loaded. Ishpeming will be largely represented at the Queen City every day during the week. The races and other features during the afternoons will attract many from here, while others will go down to take in the conventions of the knights and ladies of the Maccabees.

BOARD OF REVIEW MEETINGS.

The board of review of this city was in session Monday and yesterday. The roll was read carefully and there were a number of discussions as to the valuations of certain properties, though very few changes were made. Assessor J. H. Quinn used excellent judgment in the fixing of the valuations and there was no chance for a kick on his work. The board will be in session again next Monday and Tuesday when the individual taxpayers will be privileged to come in and ascertain the valuation of their properties.

MEMORIAL SERVICES SUNDAY.

The members of the local camp of the Modern Woodmen of America will attend memorial services next Sunday morning at Grace church. Rev. C. D. Atwell, the rector, will preach an appropriate sermon. In the afternoon the cemetery will be visited and the graves of departed members of the society will be decorated. The degree team of the camp will head the procession. It is the wish of the officers that there be a large turnout.

Ladies, see our large line of trimmed hats. We are selling them off cheap. Finnish Mercantile association.

EXCURSION RATES.

The Lake Superior & Ishpeming railway and the Marquette & Southeastern railway announce the following rate in effect between Negaunee or Ishpeming and Marquette; Fare for the round trip, 50 cents. Train leaves Ishpeming at 8:30 a. m. and Negaunee at 8:39 a. m., arriving at Marquette at 9:20 a. m. Train leaves Marquette at 5:25 p. m., arriving at Negaunee at 6:11 p. m. and Ishpeming at 6:20 p. m. Tickets on sale June 10th to 14th, inclusive, good to return until June 16th. (4-28-17)

ISHPEMING IN BRIEF.

Morgan Wright is home from Chicago, where he is attending school.

Sam Byrns came down from Houghton Monday and spent the day with relatives here.

C. J. Byrns will tender the members of the degree team of the local camp of the Modern Woodmen a banquet tomorrow evening.

H. N. Meloche got home yesterday from Detroit, where he spent the past week visiting relatives. He made the trip to Marquette by boat.

The hop to be given tonight by the Trombly orchestra promises to be well attended. A number of young people are expected over from Negaunee.

George Wilbur has returned from Philadelphia, where he is attending a medical college. He is taking a five years' course. He still has two years to attend school.

The employees of the Cleveland-Cliffs Iron company will be paid this month as follows: Salisbury and Hard Ore tomorrow; Lake, Friday; Cliffs Shafts, Saturday, and Maas, Negaunee, next Monday.

Con Curran is pulling the Northwestern passenger between this city and Marquette and the towns west of here in place of Miles Sparks, who has been ill and confined to his home the past couple of days.

J. C. Funston of this city, who has been in Virginia and the lower peninsula since last fall, arrived at Marquette yesterday morning. He will spend a short time with relatives there and will then return to this city.

The Uniform Rank of the Finnish tent of the Maccabees made its first appearance in public yesterday in the parade at the head of the local tents of the order in this city. The boys made a most commendable showing in their pretty uniforms of blue. The team is about thirty strong.

A. E. Seaman, professor of mineralogy of the Michigan College of Mines, was an Ishpeming visitor yesterday. He stopped off here on his way home from Utah, where he went to examine the Kittie Burton mine, in which a number of upper peninsula men are interested. Mr. Seaman's report will be of much interest to shareholders in this section.

State of Ohio, City of Toledo, Lucas County, ss.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1886.

A. W. GLEASON, Notary Public. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

Trimmed hats going cheap. We want to clear out the stock. Finnish Mercantile association.

Is it a burn? Use Dr. Thomas' Electric Oil. A cut? Use Dr. Thomas' Electric Oil. At your druggist's.

See our big new line of dry goods, clothing and furnishings. Finnish Mercantile association.

If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. People's Drug Store.

#### TOURNAMENT ATTRACTIONS.

Firemen and Their Friends Will Have a Real Midway to Visit Here.

Thomas Trathen, chairman of the committee of amusements aside from the regular association events at the firemen's tournament to take place here the latter part of August, is well pleased with the list he has secured. There will be three big free exhibitions twice a day. One is the drop from a ladder to a tank of water by a man and his daughter. The man will drop about seventy-five feet and the girl forty feet. They will land in a tank eight feet square and containing only six feet of water. There will be a balloon ascension twice daily and a skilled performer will give exhibitions on a slack wire elevated some fifty or more feet from the ground. These exhibitions will take place at certain times each day throughout the week.

The "Midway" attractions will consist of features of merit. They will be conducted under the supervision of the executive committee and nothing but clean performances will be tolerated. There will be no gambling games in which the unsuspecting visitors can be fleeced. The list of "Midway" attractions will be large as the parties who are coming here must bring good shows or a certain percentage of the amount the committee has agreed to pay them will be deducted when the settlement is made.

The location of the midway has not yet been fully determined. Some of the attractions will be seen in the McDonald lot on East Ionia street and some will be shown on Jackson street. The committee has decided to place the "shows" in different parts of the business district so that none of the business men will have reason to complain.

### MARQUETTE COMMON COUNCIL PROCEEDINGS.

(Official.)

A regular session of the common council was called to order by the mayor, the Hon. James Russell.

Present—Aldermen Anderson, Asire, Ball, Bush, Donovan, Gorman, Gustafson, Jones, Mack, Siegel and Ward—11.

The record of the session of May 12th, approved.

The petition of Michael Hay and nineteen others, praying that Fresno lake avenue, between Wright street and Hawley street, be graded and macadamized, was presented and referred to the committee on streets and sewers.

The petition of Edward E. Hamel and thirteen others, requesting that a sewer be constructed in Fourth street from Hematite street to Prospect street, was presented and referred to the committee on streets and sewers.

The following was presented and referred to the committee on streets and sewers: To the Honorable Common Council of the City of Marquette: We, the undersigned, residents of the Third and Eighth wards, hereby respectfully petition your honorable body for the extension of the lake shore boulevard from the quarter line of Section 12, T. 48 N., R. 12 W., to an intersection with Pine street produced and macadamized; that the center line of said boulevard be north of the quarter line of Section 12 also to be macadamized; also for the extension of the Lake Shore Boulevard from its intersection with Hewitt avenue southerly to an intersection with Walnut street, and for the widening and improvement of said street, grading and macadamizing to its intersection with Ridge street.

NORTHEN LAND CO., LTD.  
By F. J. JENNISON, Treas.  
RUSSELL,  
Frank, Attorney and John H. Lewis, having been approved by the common council, and taxation, was, on motion of Alderman Siegel, accepted and approved.

The city treasurer's quarterly report was presented and read, and on motion of Alderman Siegel, accepted and ordered placed on file.

The monthly reports of all the justices of the peace were read, and on motion of Alderman Ward, ordered placed on file.

The petition of James Russell and others, praying that the sewer in the trunk sewer in Crescent street to the lake shore that had been referred to the committee on streets and sewers be referred to the Board of Fire and Water Commissioners in regard to same.

The committee on police and public order reported as follows: Your committee on police and public order have had under consideration the communication referred to them relative to the uniform of the police at the expense of the city, and would respectfully report, after giving the subject careful consideration, your committee is of the opinion that it is not expedient to incur the expense of procuring the uniform, and therefore recommend that the prayer of the petitioners be not granted.

Respectfully submitted,  
O. D. JONES,  
M. E. ASIRE,  
M. GORMAN,  
Committee.

On motion of Alderman Ward, said report was adopted.

## MILWAUKEE PEOPLE

### Could Hardly Believe It. A Prominent Woman Saved From Death by Lydia E. Pinkham's Vegetable Compound.

MRS. SADIE E. KOCH.

"I suffered for months with troubles peculiar to women which gradually broke down my health and my very life. I was nearly insane with pain at times, and no human skill I consulted in Milwaukee could bring me relief.

"My attention was called to Lydia E. Pinkham's Vegetable Compound; the first bottle brought relief, and the second bottle an absolute cure. I could not believe it myself, but felt sure it was only temporary, but blessed fact, I have now been well for a year, enjoy the best of health, and cannot in words express my gratitude. Sincerely yours, SADIE E. KOCH, 124 10th St., Milwaukee, Wis.—\$5000 for life if above testimonial is not genuine.

Such unquestionable testimony proves the power of Lydia E. Pinkham's Vegetable Compound over diseases of women.

Women should remember that they are privileged to consult Mrs. Pinkham, at Lynn, Mass., about their illness, entirely free.

## MISS ROSE OWENS,

No. 720 Seventeenth St., WASHINGTON, D. C.

"If every suffering woman has the same experience with Wine of Cardui that I had, your medicine will be most popular. About a year ago I began to have a worn out tired feeling with lassitude, pains in the back and head which kept increasing every month. I felt that I needed something, but to get the right medicine was the trouble. I finally decided on your Wine of Cardui and only needed to take three bottles when I was fully recovered."

If you are a suffering woman we would say to you that Wine of Cardui seldom fails to completely cure any case of female ills. We say emphatically, it never fails to benefit. Every day hundreds of sufferers are writing to our Ladies' Advisory Department. The letters are opened by persons competent to give advice. Mrs. Jones was cured by following the advice which was freely given her by the Ladies' Advisory Department. Miss Owens was cured without advice by just buying a \$1.00 bottle of Wine of Cardui from her druggist and taking this great medicine in the privacy of her home. No doctor's examination, treatment or advice is necessary. You have read what these cured women have written. Is this not enough to lead you to determine to be rid of suffering?

August 13, 1900, Mrs. W. H. Jones, of Cameron, Mo., writes: "I suffered terribly at monthly periods for three years. I would sometimes go for seven months with no flow at all. Now I have my health back again and am expecting to be confined in January. I cannot praise your medicine enough."

WHEN Miss Rose Owens, who has a responsible position in the Government service at Washington, D. C., decided to try Wine of Cardui, she made a wise choice. Over a million women have been relieved of female weakness by this same Wine of Cardui. It is not a strong medicine but may be taken every day in the year by any woman with benefit. It does not force results, but corrects derangements of the menstrual organs. It strengthens the nervous system, gives tone to the bodily functions, acts directly on the genital organs, and is the finest tonic for women known to the science of medicine.

A million suffering women have found relief in Wine of Cardui.

#### RECEPTION FRIDAY NIGHT.

The members of the Negaunee Alumni association are making extensive preparations for the reception to be tendered the members of this year's graduating class on Friday evening of this week at McDonald's opera house. A number of invitations have been issued to patrons of the schools and it is expected that a large crowd will attend. After the reception there will be dancing, for which music will be furnished by the Trombly orchestra. The ladies of the association will serve refreshments.

The work in the grades of the several schools practically ceases today. The commencement exercises will take place tomorrow evening at the opera house. This is an event that will attract a large number of people as the program to be rendered will be of unusual interest.

#### BUSY WEEK FOR THE BAND.

The members of the Negaunee Orchestra band will have nearly a week of solid playing. Yesterday, last night, today and tomorrow the band plays at Marquette. On Saturday an engagement will be filled at Munising and on Sunday next the procession of the Danish Brotherhood will be headed by the Orchestra band. The musicians went to Marquette on the ferry train yesterday morning. The Old City band did service yesterday, accompanying the local tents of the Maccabees to Marquette. Negaunee was largely represented at the Queen City yesterday. Large delegations went down on every train.

#### DROPPED BOTH GAMES.

The Negaunee baseball team lost both games at the Soo Saturday and Sunday last. The score in the Saturday game was 8 to 4 and on Sunday the score was 12 to 7. Both contests were interesting and there was some strong playing on both sides. The Soo team is strong, though the local players expect to break even when the nine comes to this city to play. The boys were very treated and they enjoyed their trip very much.

#### READ IT IN HIS NEWSPAPER.

George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns and when he saw Chamberlain's Pain Balm advertised therein for lame back he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties. He is very thankful and hopes that all suffering wives will read of her wonderful recovery. This valuable balm is for sale by The Stafford Drug Co.

#### WAS WASTING AWAY.

The following letter from Robert R. Watts, of Salem, Mo., is instructive: "I have been troubled with kidney disease for the last five years. I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well. People's Drug Store.

Three spectres that threaten baby's life. Cholera infantum, dysentery, diarrhoea. Dr. Fowler's "Extract of Wild Strawberry never fails to conquer them.

No good health unless the kidneys are sound. Foley's Kidney Cure makes the kidneys right. People's Drug Store.

#### EXCURSION RATES.

The Lake Superior & Ishpeming railway and the Marquette & Southeastern railway announce the following rate in effect between Negaunee or Ishpeming and Marquette with no flow at all. Train leaves Ishpeming at 8:30 a. m., and Negaunee at 8:59 a. m., arriving at Marquette at 9:20 a. m. Train leaves Marquette at 5:25 p. m., arriving at Negaunee at 6:11 p. m., and Ishpeming at 6:30 p. m. Tickets on sale June 10th to 14th, inclusive, good to return until June 16th.

#### RECOVER MONEY SWINDLED.

Police Get Back \$28,000 Stolen by Clever Ruse.

Chicago, June 10.—Last evening there was recovered from the vaults of the New Era safety deposit company \$28,000, nearly the entire proceeds of an alleged swindle. The whereabouts of Otto Jaehkel alleged to be connected with the affair are unknown, but his wife is in Chicago under the name of Warnick. He was correspondence clerk for some Buenos Ayres bankers. It is said he influenced his employers to buy drafts for 200,000 marks on a Hamburg bank and to endorse them. By the use of acids, it is alleged, he removed his bank's endorsement substituting the name of H. Newman. The International bank, representing the Buenos Ayres bank, would accept the deposit bank's sum. Jaehkel is said to have signed this advice, also commencing Newman. March 17 drafts were sent to Brussels. Jaehkel and wife are said to have later gone to Brussels where assuming the names on Newman's checks secured the drafts. These were cashed and the pair came to America. The wife was shadowed and sent to the vaults here where the money was recovered. She denies all knowledge of Jaehkel or his whereabouts.

#### SUICIDES THROUGH GRIEF.

Young Boy Despondent Over Boer Surrender Shoots Himself.

Vienna, June 10.—Overcome by grief at the surrender of the Boers, Leopold Winkler, thirteen years old, shot and killed himself in his parents' house. Winkler last year formed a band of school fellows pledged to support the Boer cause. Accompanied by a couple of companions, Winkler started for the Transvaal, but the light was intercepted and he was brought home. The boy left a letter, saying: "I maintain my oath unto death and remain true to the Boer stand."

#### SAVED FROM AN AWFUL FATE.

"Everybody said I had consumption," writes Mrs. A. M. Shields, of Chambersburg, Pa. "I was so low after six months of severe sickness, caused by Hay Fever and Asthma, that few thought I could get well, but I learned of the marvelous merit of Dr. King's New Discovery for Consumption, used it, and was completely cured." For desperate Throat and Lung Diseases it is the safest cure in the world, and is infallible for Coughs, Colds and Bronchial Affections. Guaranteed bottles 50c and \$1.00. Trial bottles free at The Stafford Drug Co.

#### LADIES CAN WEAR SHOES

One size smaller after using Allen's Foot-Ease, a powder to be shaken into the shoes. It makes tight or new shoes feel easy; gives instant relief to corns and bunions. It's the greatest comfort discovery of the age. Cures and prevents swollen feet, blisters, callous and sore spots. Allen's Foot-Ease is a certain cure for sweating, hot, itching feet. At all druggists and shoe stores, 25c. Trial package free by mail. Address, Allen S. Olmsted, Le Roy, N. Y.

#### TEN YEARS IN BED.

R. A. Gray, J. P., Oakville, Ind., writes: "For ten years I was confined to my bed with disease of my kidneys. It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." People's Drug Store.

DIG ISSUE UP TODAY

GREAT CAMP WILL DECIDE THE QUESTION OF EXPANSION.

LOOKS LIKE BOYNTON LANDSLIDE

ELECTION WILL TAKE PLACE SOME TIME TOMORROW.

Principal Offices Are the Bone of Contention and Candidates Galore Are in the Field—A Size-Up of the Situation.

Nearly a thousand delegates, representing that many tents of the great camp, K. O. T. M., of Michigan, will today decide the fate and future of this mighty fraternal organization, the deliberations taking place at the Casino risk, where all arrangements have been made to accommodate the representatives of Macabeesism.

The issue, raised two years ago, has at last come to a focus and the eyes of over one hundred thousand Macabees are looking this way, anxiously awaiting the result of today's convention. For two years the battle for supremacy in the order has been waged fiercely and the close of the contest today means one of two all important things—Boynton and expansion, or the step rate plan.

During the past two days there has been a great deal of wire pulling and political maneuvering on both sides. Before Major Boynton, after a hard day's work, retired last night, he expressed himself as perfectly satisfied with the showing for expansion; and, indeed, the expansion sentiment seems to be on the order of a tidal wave over the whole body of delegates. As a matter of fact there seems to be very little opposition now to Boynton's proposition of stretching out into a broader field to bring new blood into the order.

Torrid Fight for Office.

But the political phase of the convention is by no means settled. This hot and boiling fight, and every new delegation that has called into the town has added fuel to the flames. The election will occur tomorrow and every office is a bone of contention. There is a determined effort among the Boyntonites to have harmony in the order, and it is claimed that this cannot be so until the present issues have been decided from their official seats in the great camp.

This being the case there is a great grab for great camp stools, so to speak, and many tents have their own candidates all knocking at the door of the Boynton forces, ready to receive the official expansion O. K. on their backs. It is generally conceded that Major Boynton will have no opposition, although it was stated some time ago that Fred Cutler, the lieutenant commander, was after the highest office. Mr. Cutler is out for reelection, this does away with the opposition.

But Mr. Cutler is having a merry time all to himself. Perry Powers, auditor general; Judge Kendrick of Saginaw, a member of the state pardon board; and C. H. Thomas of Hastings, prosecuting attorney of Barry county; all loyal Boyntonites, are hot foot after the office. Thomas seems to have a little the best of the race, with Powers and Judge Kendrick pressing him closely. All three are strong men in the order and their friends are legion. Owing to Mr. Cutler's attitude in the past, he may go down to defeat—but the votes will tell.

Slay After Watson.

Great Record Keeper Thomas Watson has spent most of his time setting up his fences and has had little time for his step rate plan. A. M. Slay of Battle Creek is after Mr. Watson's job with letters in red on his card which say, "I am for expansion and harmony." Mr. Slay has Battle Creek's mayor and several other citizens of that town, besides the delegates, with him. He is city treasurer of Battle Creek, which office he has held for fifteen years consecutively. However, he has a hard man to beat.

One Watson man yesterday stated to a Mining Journal representative that he had no hope of doing anything against expansion, but that they were working hard for "Tom." "If Tom hadn't fathered some of those articles," he said, "in the official organ, where he made such bitter attacks, he might have been all right, as far as his official head is concerned. But we're working hard for him and we'll make it a close shave for somebody."

For great medical examination, the contest lies between Dr. Fraser, who is the official in that capacity now; Dr. Slenson of Jackson, and Dr. Kirkland of Lake View. All have a considerable following among the delegates and they have had the Macabee surgical instruments prepared for the occasion. Dr. Fraser doesn't see how he can be beaten. Dr. Slenson is just as blind when it comes to the point of looking in this direction, and Dr. Kirkland is hoping.

The executive committee may have a complete overhauling, as the control of this body is next in importance to the office of great commander. There are many new candidates and all of the present board are up for reelection, as the present executive committee is held responsible for the articles that appeared in the Michigan Macabee. The opposition to its members is very strong. Judge Kendrick, should the convention see fit to give him a place on the board, instead of electing him lieutenant commander, would accept it.

Wants Next Biennial Review.

For the honor of entertaining the great camp at its next biennial review, to be held in 1904, there are two lively candidates in the field—Bay City and Battle Creek. Both are putting up a lively campaign but the forces of Bay City seem to be better organized and among Macabees generally it is believed that they will succeed in landing the plum. Bay City hadges galore have been distributed about the city.

BROKE TRACK RECORD.

Ella Ola, a Hancock Horse, Distinguished Itself in Races Yesterday.

The opening day of the three days' racing met at the new fair grounds was attended by a good sized crowd yesterday. Many counter attractions down town. The day was a trifle chilly but this did not in the least detract from the enjoyment, and those present more than got their money's worth.

The afternoon's card consisted of two events, the 2:13 class, the principal race, and the county race. In the former event Ella Ola, owned by O'Connell and Saam of Hancock, broke the track record in the first heat of the race by 2 1/2 seconds, her time being 2:14 1/2 for the mile.

Considering the weather conditions and the earliness of the racing season the time is phenomenal. C. G. Wilcox, who acted as starter, said that no faster time had been made in the Northwest in the last three years. The 2:13 event was the first race run. The entries were Ella Ola, Kirkwood, owned by Thos. E. Howie of this city, Dr. Middleton, owned by Captain Lawler of Green Bay, and Enoc Jones, owned by Captain Lutes of the Soo. The race was easily won by the Hancock horse, who clearly outclassed the field. Doctor Middleton took second money and Enoc Jones, a youngster but of good promise, secured third. The time for the first heat was 2:16 1/2 and the second was run three-fourths of a second slower. In the county race there were only three entries, Duke of Nottingham, owned by Dr. Deadman of Ishpeming, Vesta Medium, owned by M. Shea, and Gas Light, owned by W. Stewart, both of this city. The Duke had everything his own way and would have won in a straight heat but for a break in the second that took the animal off its feet for nearly a quarter of a mile, thereby scoring Vesta Medium first and Gas Light second place. The three heats of the Duke were easily won by several lengths. The judges were Dr. W. S. Lyles of the Soo, Dr. O. D. Jones and G. N. Greer of Marquette.

Following is the various events by heats and the time in each:

Table with 2 columns: Event Name and Time. Rows include Ella Ola, Kirkwood, Enoc Jones, Doctor Middleton, Duke of Nottingham, Vesta Medium, Gas Light, and County Race.

During the afternoon a troyout of one hundred and thirty horses was run in which Ouida, owned by Captain Gauley, won with Superior Wave, owned by Thomas Scott took second, and Senator Roy, owned by John Johnston, third. All three animals are Soo horses.

A. V. Friedrich of Traverse City, who is here in attendance at the slalabee convention, is endeavoring to get the horses present entered in a meeting at Traverse City July 2, 3 and 4. Traverse City is included in the Michigan short circuit, which embraces many of the principal cities of the lower peninsula. Two thousand of these—upper peninsula people who came in to participate in the festivities—left for their homes on the trains last night or will go out on the regular this morning, so that during the week Marquette will have about 2,500 people to look after, something that she is well able to do.

Big Boat Through Locks.

The City of Mackinac, which was scheduled to arrive some time yesterday, did not arrive until this morning. The trouble it experienced at the Soo was not inability to get through the locks on account of extreme width, but because the boat, with a long string of others, had been caught in the blockade which followed the accident to the international bridge several days ago. Yesterday afternoon at 3:30 o'clock the wrecked draw had been swung back so that the vessels could again make the passage through on the American side, and about 6 o'clock the City of Mackinac was locked through. Of the 600 persons on board, the great majority are from Detroit and surrounding places. Among the number are included, besides numerous delegates to both the great camp and great live, some of the members of the regular committees of the great live. This has made it very inconvenient, as far as the committee work of the live is concerned, and Commander Bowers yesterday compelled to appoint delegates to fill the places of the absent ones in order that the preliminary work could be attended to.

The manner in which the delegates and others have been assigned to the quarters where they will be entertained has won the high praise of the Macabees, from the two commanders down. The system, it is believed, has never before been tried anywhere, and it has worked with great success. With the strangers all assigned before their arrival, committees on the trains handling the work, it has simply been a case at the station of guides meeting the various delegations and escorting them to their quarters. There has been no confusion, no hurrying and scurrying about for rooms, and Macabees generally highly commend the clock work system.

The crowds are being splendidly handled by the police department, not that they require a restraining hand, but that they are subject to no annoyance or anything so cordial treatment about the streets.

Crowds Well Handled and Protected.

In great gatherings of the kind, especially when they occur in the smaller cities, there is generally a delegation of crooks and the high commandment on hand to see that some in the crowds are separated from their money or valuables. In the present instance there is a notable lack of "dip" men in attendance at the convention city, although it cannot be denied that Marquette has been the Mecca of some of them. However, their stay has been very brief, and in all but two cases, as far as known, it has been confined to a short stay at the depot.

Here the unwelcome visitors have been met by two or three gentlemen well acquainted with "bad men" generally, and crest-fallen and surprised at the unexpected reception they have been shipped out of town to search for other fields. The depot grounds, yards and the crowds generally have been and are being closely watched, and the throngs in the streets, whether they have realized it or not, have been receiving and will un-

NOT FIVE THOUSAND

CROWDS YESTERDAY FELL BELOW THE ESTIMATES.

LOSS IN THE UPPER PENINSULA

STILL ABOUT 3,500 TO REMAIN DURING WEEK.

City of Mackinac Due Early Today—Pere Marquette Specials Very Late in Arriving—Crowds Well Handled by Police.

"Hello, Mack." The number of strangers which the Macabee conventions have attracted here is considerably below the estimates of the more sanguine of our committee men, but as it is Marquette is entertaining probably a larger throng than were ever gathered here before. It had been the fear in certain quarters that with the Hotel Superior closed the city would be fairly swamped in its efforts to care for the crowds. As it is, there are accommodations for all and the belated arrivals today will be well looked after.

Pere Marquette's Big Train.

The Pere Marquette special, which had been scheduled to arrive at 6 o'clock yesterday morning, was several hours late. It pulled in two sections, the first arriving at 11:30 and the other about noon. There were in the neighborhood of 550 people on board. As far as the crowds from the copper country are concerned, they fell much under the estimate. The South Shore near the hundred or so others who made the trip were taken care of on the regular arriving here at 1:15. The train from Marquette county points brought in about a thousand, and all told—from the copper and iron countries and from the east in its local territory—the South Shore brought in about 1,500 persons during the day. The last of the strangers to arrive will be those on board the big steamer City of Mackinac, which contrary to the first reports has been able to get through the locks. There are about 600 people on the big boat, and with these here it will have brought here in all about 6,000 people, a number that will be about 4,500 all told. Two thousand of these—upper peninsula people who came in to participate in the festivities—left for their homes on the trains last night or will go out on the regular this morning, so that during the week Marquette will have about 2,500 people to look after, something that she is well able to do.

LIVELY RUNNING.

Horse Takes a Turn Down a Crowded Sidewalk—No One Hurt.

One of the most exciting incidents of the day occurred about 7:30 p. m. on Washington street, at the Mining Journal office. The Calumet & Hecla band was favoring the office with a serenade and a couple of thousand people were crowded about the sidewalks and streets. The band had just finished a selection, when, without the least warning, a horse attached to a light road wagon dashed out of the alley to the west of the Michigan Telephone building and bore down on the throngs. There was a wild scramble for shelter. The frenzied animal ran onto the sidewalk on the south side of Washington and all but dashed into a big plate glass window. But it swerved and escaped this mishap. Before leaving the walk it knocked a man down. He was tramped on and run over and it was thought for a moment that the horse was seriously injured. Part of the throng pressed to his side and part chased the fleeing horse. Developments showed that the man was sound in bone and body and the runaway was captured after it had finished its lively sprint.

FOR K. O. T. M. EXAMINER.

Dr. J. W. Kirtland of Lakeview is One of the Prenomost Candidates.

Dr. J. W. Kirtland of Lakeview in Montclair, is a popular candidate for the position of examiner for the great camp of the K. O. T. M. of the state and his large circle of friends and acquaintances now present at the convention are doing some lively electioneering in his behalf. The doctor is a skilled physician and surgeon. He is highly educated in all branches of his profession and for twenty-four years of actual practice has met with wonderful success, building up for himself an enviable business, and reputation. He is a very active member of the Macabees. His friends say that with the doctor at the head there will be no danger of increasing the risks and expenses of the members by adding to the membership those possessing physical disabilities.

TO THE FAIR GROUNDS.

South Shore Will Run Trains This and Tomorrow Afternoon.

The South Shore road announces that this afternoon and tomorrow afternoon it will again be prepared to accommodate all who may wish to attend the races at the new fair grounds. A special train will be run each day, leaving the station at 2 o'clock in the afternoon. It will be run almost directly to the main gate of the driving park, and fifteen cents will be charged for the round trip. Ample accommodations will be provided for the big crowds the road is figuring on taking care of.

GAVE UP HIS AD SPACE.

Louis Grabower Has the Thanks of Macabees and Mining Journal.

The Mining Journal acknowledges the kindness of Louis Grabower in giving his regular advertising space in order that the regular convention of the Macabees might receive more adequate treatment than would otherwise be possible. Mr. Grabower's courtesy is in line with the interest which he has displayed in the big gathering now in the city. Macabees will doubtless appreciate the kindness which The Mining Journal is pleased to call to their attention.

STEAMER THOMAS FRIANT HERE.

Will Give Short Harbor Excursions Today and Tomorrow.

The steamer Thomas Friant arrived at Marquette from Houghton yesterday and will remain here during the season. Today and tomorrow the boat will make short harbor excursion trips, starting from Spear's dock at 10 o'clock a. m., 2 p. m. and 7:30 p. m. Each trip will last an hour. The fare is twenty-five cents a person. The Friant is a staunch excursion steamer and will be popular here this summer.

HOW TO AVOID TROUBLE.

Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over, and if procured now may save you a trip to town in the night. In the busy season it is everywhere admitted to be the most successful medicine in use for bowel complaints, both for children and adults. No family can afford to be without it. For sale by The Stafford Drug Co.

SPLENDID PARADE

EXTENDED LINE OF MACABEES TRAMPED THE STREETS.

FIVE BANDS IN THE PROCESSION

SOME UNIQUE COSTUMES WORN BY THE MARCHERS.

Sidewalks Well Filled With Spectators Along the Entire Route and Whole Affair Was a Success—The Prize Winners.

Several hundred upper peninsula Macabees paraded Marquette streets yesterday afternoon and thousands looked admiringly on. Fine marching weather and proficiency of good music combined to make this feature of the convention a glowing success. There may have been in the past larger parades in Marquette, but none have presented a finer or more picturesque appearance.

The parade was formed promptly at the appointed hour under the direction of Marshal Sam Wheeler and his aides, Dr. Boyce and George Hodgkins. It commenced at Front from Superior by the usual streets and it swung into the principal thoroughfare in perfect alignment and step. The order of march was:

- Marshal and Aides. Calumet & Hecla band. Calumet tent No. 218. Carriages. Ishpeming City band. Aura Unformed Rank, Ishpeming. Ambrose tent No. 490, Ishpeming. Aura tent No. 567, Ishpeming. Old City band, Negaunee. Negaunee tent No. 751. Valpas tent No. 41, Negaunee. Quincy band, Hancock. Hancock tent, No. 40. Dollar Bay tent No. 30. Negaunee City Orchestra band. Superior tent No. 130 Marquette. French tent, Marquette. Queen City tent No. 50, Marquette.

Front street was deeply lined with spectators and every point of vantage was seized. Here the marching column was seen by the greater part of those who were watching for the Macabees, and as the men filed by the crowd singled out and applauded the favorite bands and the unusual features of the parade.

Some Unique Costumes.

These were the Ishpeming and Negaunee contingents dressed in the regulation mining dress, candles in caps. The five tents from these cities united forces and with the aid of two bands made a fine and picturesque appearance, which was favorably commented on as the files went by. Ishpeming also boasted another fine feature in the uniformed ranks of the Aura (Finnish) tent. It was composed of about thirty members, handsomely uniformed and carrying swords. The men drilled perfectly, showing careful training and they received general applause at various points on the line of march. The Dollar Bay contingent was picturesquely garbed in uniforms, used in initiatory work, long white gowns with turbans, the colors being the black, white and red of the Macabees. They carried sticks and spears.

The music was the feature of the parade which attracted the most attention. Rarely has Marquette been visited at one time by five bands that could compare with those participating in yesterday's pageant. The famous Calumet & Hecla organization headed the line of March and a jaunty lot the boys were in their attractive kakkki uniforms. The remaining bands from Negaunee, Quincy and Ishpeming were only inferior to this peerless organization and they all rendered excellent and enjoyable music. They all had their friends and were well received.

After leaving Front street the parade followed the line of march as outlined in the Mining Journal yesterday. The residence streets were well lined with onlookers throughout the entire route. The marching societies were assembled in front of the City Hall, where the carriages had deposited Major Boynton, the other officers and local committeemen.

List of the Prize Winners.

The following awards were announced by the committee on the conclusion of the parade: The tent having the largest representation, silk banner, valued at \$75—Ishpeming and Negaunee uniformed contingent. The tent coming the longest distance with not less than twenty-five members, silk banner, valued at \$75—Calumet tent No. 218. The tent having the largest percentage of members in line, silk American flag.

EXPANSION RALLY

BOYNTONITES HOLD BIG JOLLIFICATION AT CASINO.

SPIRITED SPEECHES ARE MADE

MAJOR AND HON. DEVERE HALL THE ORATORS.

Both Make Strong Plans for Broader Jurisdiction and Receive an Ovation from the Assemblage—Lusty Cheers.

Expansion had its first inning at the Casino rink last night, with Major N. S. Boynton and Hon. Devere Hall at the bat, and for nearly two hours they kept the enthusiasm running high in the crowded hall. Times after times the speakers landed squarely on the expansion ball and the audience, composed of delegates from the great live and camp, responded with cheers and shouts for Boynton and expansion.

Hall's Spirited Talk.

George Tucker officiated as chairman at the meeting and introduced Hon. Devere Hall in a neat speech. Mr. Hall, who is a great past commander, was received with applause. He took up the subject of extending the jurisdiction of both orders and declared that outside influences were being brought to bear in order to keep the great live within the confines of Michigan. "They say the order is unsound," said Mr. Hall. "If this is true, we should at once suspend business and not try to palm off an unsound article on the people of this state any more than on the people of other states. But if the introduction of new blood and new life into the order will keep down the average death rate and place us in a position to extend our business, why shouldn't we expand?"

Mr. Hall referred to the report of the great commander, showing the available material for membership in Michigan and reasoned that this had almost been exhausted and it was found absolutely necessary to enter new fields. He showed that the average age of the membership had grown five years in ten years of actual time and reasoned that it would be necessary to bring in the younger element in order to again lower the average age of the order.

Ovation to Boynton.

Major Boynton followed Mr. Hall and was greeted with prolonged cheers. He gave one of his characteristic talks and brought forth rounds of laughter. Finally he settled down to the question at issue and for fully an hour poured hot shot into the "antis." He declared he would fight to expand the Michigan Macabee order as long as God gave him life and health and pledged his word he would double the membership in five years if the convention voted tomorrow to expand.

"I was almost dumfounded," he said, "when I first proposed the project to expand and found opposition to a plain business proposition. When I started this order twenty-one years ago in Port Huron, I did not confine it to the limits of that city. I reached out for more business and people saw we had a good thing and we expanded. We reached the straits and covered every little hamlet and village in the lower peninsula. Then we jumped up here and today the upper peninsula is one of our strongest points. State lines are only imaginary lines and the people of other states are no different. They are ready to receive a good thing.

"Let's settle this question tomorrow, shoulder to shoulder," and allow the great fraternal order to stretch its protecting wing over all available territory. Do we want to raise the rates and force the old men out of the order or do we want to bring new life and new blood in and increase our membership? This will be the question to decide tomorrow and I don't believe the 'boys' or the 'girls' will allow themselves to be deceived when we have nothing more than a plain business proposition before us."

The meeting closed with cheers for Boynton and expansion.

It produces a wonderful effect upon the human system. Indescribable feelings of pleasure go leaping and bounding through your body after taking Rocky Mountain Tea. The Stafford Drug Co.

"The Twentieth Century Club" will give a dance at Fraternity Hall Thursday evening. Manager Kehoe has arranged that the music be furnished by the Ident orchestra and assures all who attend an enjoyable time. The phibite is invited. (6-10-2)

VISITORS TAKE THE KEYS.

Mayer Russell Cordially Welcomed Macabees at Close of Parade.

The visiting Macabees, the Ladies and Knights, were given a hearty welcome to the city by Mayor James Russell at the close of the parade at the city hall yesterday afternoon. Mr. Russell was introduced by Chairman George Tucker. The mayor told the Macabees that as long as they were in Marquette the city was theirs to do with it as they like, remarking that the police force was not on duty to hinder them in any way but rather to enhance their enjoyment. He stated that the hotels have not only been thrown wide open for the visitors, but the homes of all the citizens, from the highest to the humblest—and the city as well.

Mayor Russell responded to the address of welcome and as usual made a bit with the crowd. The major stated that in a private conversation with Mr. Russell the evening before the mayor had told him that not only would he turn over the city to the Macabees, but also the management of it as well. Mr. Boynton said he had decided to accept the proposition and that from now on to the time of his leaving he would be the "mayor" and that if any of the boys wanted an office, to come to him for it. The major's wit put the crowd in the best of humor and when he had finished there was hearty applause. The speaker in closing, heartily thanked Mayor Russell for what had already been done for the Macabees and said he felt sure that when the members of the grand organization had returned to their homes they would think very kindly of Marquette and its people. The major expressed himself as particularly pleased with the manner in which the Macabees had been supplied with accommodations and highly commended the work of the various committees.

A MERRY DANCE.

Large Crowd of Macabees Entertained at the Casino.

The Macabees topped their lively day with an old time reunion ball at the Casino rink. Rarely has the floor of this historic auditorium accommodated more merry makers than were present last evening. At the height of the gaiety it was estimated that there were 300 couples on the floor and at that the hall was lined with spectators, including many of the principal officials of the great camp and great live.

The decorations of the Casino have already been described in The Mining Journal and being as effective as any that have ever enlivened the hall, and the floor was brilliantly lighted last evening by a profusion of lights. Of course the Macabee colors, white, black and red, were omnipresent. The gaunt lines of the auditorium were quite concealed by soft folds of lighting.

The Negaunee Orchestra band was stationed on the stage, which had been converted into a cosy nook, just large enough to hold the musicians. The band amply sustained its reputation for effective dance music and its playing received many words of commendation. The dancing started shortly after nine o'clock and the program was concluded only at an early hour this morning.

The function was attended by a large number of people from the upper peninsula cities who remained over to enjoy the climax to the day's entertainment. Ishpeming and Negaunee were well represented and while many of the up-the-road people went home on the early trains a considerable number remained for the last dance.

The ball was excellently managed and nothing occurred to mar the pleasure of the evening. Prince served refreshment to numerous relays of the merry makers.

BOTH ARE DELEGATES.

Mr. and Mrs. E. R. Penberthy of Houghton are both Macabee delegates to the state conventions, the former representing the Houghton tent and the latter Sutter live of Houghton. It seldom happens that husband and wife are selected as delegates of their respective lodges, and this instance is believed to be the only one of the kind at the present reviews.

HAPPY TIME IN OLD TOWN.

"We felt very happy," writes R. N. Beville, Old Town, Va., "when Bucklen's Arnica Salve wholly cured our daughter of a bad case of scald head." It delights all who use it for Cuts, Corns, Burns, Bruises, Boils, Ulcers, Eruptions, Inflammable Piles. Only 25c at The Stafford Drug Co.'s drug store.

"The present shapes the future. What you do today concerns the things of tomorrow. If you are at all anxious about your financial future, you should quickly seize the opportunity to save money.
