TAKE ACTION NOW

PRESIDENT URGES CONGRESS TO ADOPT CUBAN RECIPROCITY.

ISLAND FACES FINANCIAL RUIN

REVISION OF TARIFF LAWS WOULD AFFORD REPUBLIC RELIEF.

Beet Sugar Men Say Move Has Not Affected Them While Advocates of Change in Laws Grow More Confident.

Washington, June 13.—The president today sent to congress a message urging that action be taken immediately to afford Cuba relief from the impending financial ruin. The president explains that the present tariff law was designated to promote the adoption of such a reciprocity treaty with Cuba, expressly providing for a reduction not to exceed 20 per cent. of the tariff upon goods coming from Cuba, leaving the tariff rates on the same articles unchanged as regards all other countries. The president favors such reduction in tariff as against the doubtful policy of having recourse to a bounty in the form of rebate. The message closes with an urgent appeal to give the weak struggling Cubans all possible chance to use to the best advantage the freedom which the Americans have a right to be proud of, and for which so many American lives were sacrificed.

Senators Discuss Message.

The president's message gave the senators a live topic of conversation but so far as is yet apparent there is no change in the attitude of the senate on the part of the leaders of both parties of the controversy to claim when speaking publicly some advantage from the message. The straight reciprocity men urged that the effect would be to cause at least some of the beet sugar Republicans to abandon their opposition. They contended that many of them had misunderstood the attitude of the president and now that this was made clear there could be no longer any excuse for opposing the straight reciprocity measures. The message they argued would clear the atmosphere, render the president's attitude unmistakable and therefore bring the opponents within the party face to face with the fact that in continuing the opposition they are antagonizing the official head of the party.

Beet Sugar Men Unaffected.

The beet sugar leaders declared at the close of the day that the message caused no loss whatever to them and that all the senators who had stood with them yesterday were still with them. They also asserted that the president's interposition had had the effect of causing to hesitate some of the senators who heretofore had not taken a positive stand against the reduction because of the feeling that the president should leave congress to deal with the subject in its present stage. Senator Deitrich among the most outspoken of the beet sugar men made an unsuccessful effort to secure the attention of the chair after the reading of the message. Those in his confidence say it was his purpose to move for a discharge of the committee from further consideration of the measure in order to permit an immediate consideration of that measure. There is still more or less canvassing of the wisdom of holding a Republican caucus and it is probable that ultimately one will be held but no date is now mentioned.

JOHN DILLON DEFENDANT IN SUIT

Lord Dufreyn Charges Him and Others With Conspiracy.

Dublin, June 13.—At the instance of Lord Dufreyn a writ has been issued against a large number of the members of the Irish parliament, in connection with the charge of conspiracy in connection with the tenant troubles on the Dufreyn estate, Roscommon county. Among the defendants are John Redmond, John Dillon, W. O'Brien, J. G. Swift, MacNeill, Conner and O'Kelly, and members of the standing committee of the United Irish league which includes Michael Davitt and a number of former members of parliament. The Freeman's Journal is also defendant. Lord Dufreyn seeks an injunction and damages.

SPENT MONEY FOR GOOD PURPOSE.

General Wood Talks on Alleged Irregular Expenditure of Funds.

Boston, June 13.—During a visit in this city today General Wood, former governor general of Cuba, regarding the irregularity in the expenditure of government funds in the interest of reciprocity declared that acting as trustee for the island he had spent the money for good purposes and had done simply what any good administrator would do in like circumstances. He spoke in the highest terms of President Roosevelt's special message on reciprocity with Cuba.

FAMINE IN SIBERIA.

Sufferers Flocking to Irkutsk and Are Without Food or Clothing.

St. Petersburg, June 13.—The famine in Siberia is spreading with increasing intensity. Reports from Irkutsk show that enormous numbers of famine-stricken people are flocking to that city. They are camped in the open without shelter of any kind, clad in rags and are dependent entirely on private charity.

ESCAPED BY JUMPING INTO NETS.

Fire in Leather Factory in Philadelphia Imperils Many Lives.

Philadelphia, June 13.—Fire today destroyed H. M. Rosenblatt & Co. novelty leather factory, resulting in severe injuries to a dozen persons. The John Moffet public school was damaged, three dwellings destroyed and nine others slightly damaged. There were many sensational and narrow escapes of employees of the factory, most of the 400 men and women saving their lives by leaping from the windows into nets held by the firemen. For a time the wildest excitement prevailed. The firemen and policemen, however, prevented the panic-stricken workers from leaping until the nets were spread to receive them. The loss on the factory is \$150,000; on the other properties, \$15,000.

WIPED OFF THE MAP.

Alexander City, Ala., Destroyed by Fire and Loss Will Reach \$750,000.

Opelika, Ala., June 13.—Alexander City was wiped away today by fire the loss being at least \$750,000. The flames began in the foundry machine works and a long period of hot and dry weather had well prepared the buildings for rapid destruction. The fire was fierce in its rapidity until the entire town was a mass of flames. The place has no water-works and all the terror-stricken people could do was to save what little they could and then almost prostrate flee from the awful heat. The depot of the Central Georgia railway was burned with all its contents and the telegraph office, two hotels, the postoffice, several saloons a livery stable and practically all the stores and eight residences besides numerous offices were destroyed. The loss in valuable papers will run into thousands of dollars. Owing to the destruction of the telegraph and telephone wires it is impossible to obtain details.

BRINGS GOLD FROM KLONDIKE.

Vancouver, B. C., June 13.—What may be termed the first gold to arrive from the Klondike this season was brought today on the steamer Princess May. Approximately \$150,000 in dust came on that boat. About \$70,000 came on the City of Seattle.

SIGNS RIVER AND HARBOR BILL.

Washington, June 13.—The president today signed the river and harbor bill.

IRRIGATION BILL PASSES HOUSE

MEASURE PROVIDES MAINTENANCE FOR WORKS IN WESTERN AND SOUTHWESTERN STATES BY SECRETARY OF INTERIOR.

Washington, June 13.—The house today passed the irrigation bill by a vote of 146 to 55. Many amendments were offered but only one except those offered by the committee was adopted. It was a minor character. The bill already has passed the senate. Friends of the measure greeted the announcement of its passage with a round of applause. The bill as passed creates a reclamation fund from the sale of public lands in Arizona, California, Colorado, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Utah, Washington and Wyoming. Less the amount paid to the local land offices and 5 per cent. due the state under the existing laws for educational purposes, the reclamation fund is to be used for the construction and maintenance of irrigation works in the states and territories enumerated. Provision is made for the payment out of the treasury of any deficiencies in the allowance to agricultural colleges owing to this disposition of the public lands. The secretary of the interior is authorized to examine, survey and construct irrigation works and report the cost thereof to congress at each session. Contracts for works contemplated is to be let in sections when the necessary funds are available in the reclamation fund for such sections.

Section 5 provides that "no right to the use of water for land in private ownership shall be sold for a tract exceeding 60 acres to any one land owner and no such right shall permanently attach until all payments therefor are made and no such sale shall be made to any land owner unless he is an actual bona fide resident on such land or occupant thereof residing in the neighborhood of said land." The secretary is authorized to use the reclamation fund for the operation and maintenance irrigation works. Section 8 requires state control over the waters of non-navigable streams such as are used in irrigation.

Senate Hears President's Message.

During the greater part of the day the senate was in executive session, the nomination of Captain Crozier to be chief of ordinance of the army being the particular subject considered. The president's message urging the establishment of reciprocal relations between the United States and Cuba was received after the senate had gone into secret session. The doors were opened until the message was read and the secret session was resumed. Notwithstanding an almost entire day's discussion of the appointment of Captain Crozier to be chief of the ordinance bureau and the failure to reach a conclusion his ultimate confirmation is generally conceded by his opponents.

BYRON S. WAITE NOMINATED.

Washington, June 13.—The president has sent the nomination of Byron S. Waite of Michigan, as general appraiser of merchandise, to the senate.

COL. ELI R. SUTTON MISSING.

In His Flight Leaves Letter of Resignation as University Regent.

Saginaw, Mich., June 13.—Governor Bliss today said that he received word from Lansing of the resignation of Col. Eli R. Sutton of Detroit as regent of the University of Michigan and it was in the executive office at Lansing. A warrant has been issued for the arrest of Sutton on the charge of perjury in connection with his trial on the charge of complicity in the state military clothing frauds and he is missing.

TEAMSTERS MAY STRIKE AGAIN.

Packers Have Discharged Union Men and Employees Do Not Like It.

Chicago, June 13.—The likelihood of another strike of the teamsters employed in the stock yards increased today when it was announced that twenty-one union drivers of Swift & Co. were discharged. No reason was given for letting the men out and the action has aggravated the ill feeling among the teamsters. They fear the discharge of members is the first step toward doing away with the teamsters. They have learned that the packers are making preparations to deliver meats to substations by rail.

REVIEW OF TRADE

LABOR TROUBLES ONLY CLOUD TO IMMEDIATE OUTLOOK.

CROP PROSPECTS ARE FAVORABLE

RAILWAY EARNINGS INCREASE OVER LAST YEAR.

Manufacturers of Iron and Steel Are Unable to Assure Delivery of Contracts on Specified Time.

New York, June 13.—Bradstreet's review tomorrow will say: Labor troubles cloud the immediate outlook but the good crop prospects fairly well assure the future trade. The effects of the Anthracite coal strike is no longer localized. It affects the distributive trade in a wide area and the high prices for fuel has reduced the profits of the manufacturers generally throughout the east. The crop prospects are not of course perfect but they are little less than that. Confidence in the fall trade seems to be growing. Some lines of trade heretofore depressed, notably boots, shoes and woolen goods are displaying a better tendency. Farm products strengthened slightly in price this week. Cotton strengthened slightly on the report that rain is needed but also on a natural reaction from the late decline. Sugar reflected the active demand of the past two weeks for canning purposes in a fractional advance. The feature of the dry goods' market has been the improved re-order business. Summer fabrics are being especially called for.

Wheat, including flour, exports for the week were 3,400,314 bushels against 4,791,000 this week last year. The wheat exports from July 1, 1901 to date are 241,424,500 bushels against 204,248,475 last season. Corn exports were 95,000 bushels against 2,569,250 bushels last year. From July 1, 1901 to date the corn exports were 26,082,000 bushels against 108,889,000 last season.

Dun's Weekly Review.

R. G. Dun & Co.'s weekly Review of Trade tomorrow will say: No diminution in business is apparent from the labor controversies owing to the prosperous condition of the agricultural sections and the bright outlook for this year's crops. Railway earnings in May were 8.7 per cent larger than last year and 21.7 per cent. above those of 1900. There continues to be a wide discrepancy between the amount of business offered and contracts closed in the many branches of the iron and steel industry owing to the inability of the producers to assure delivery at a specified time. Contracts running well into next year indicate that the end of the activity is not near. Purchases of cotton goods are influenced by the prospect of cheaper raw material after the new crop begins to move. The grain markets show the effect of the conflicting crop estimates and the weather reports.

QUIET IN PAWTUCKET.

Rioting of Strikers Ceases and Troops May Be Withdrawn.

Pawtucket, R. I., June 13.—As a result of the withdrawal of the deputy sheriffs from the street cars no rioting occurred today. The probable withdrawal of the troops will begin tomorrow.

MOVE OFFICES TO CLEVELAND.

Duluth, June 13.—The local office of Corrigan, McKinney & Co., one of the largest important ore operators on the Mesabi range, is closed. The business will be conducted from the company's offices in Cleveland.

OPERATORS GIVE IN

TWO OF SOFT COAL MINING COMPANIES CONCEDE DEMANDS.

IMPROVES SITUATION IN VIRGINIA

STRIKERS IN ANTHRACITE FIELDS THREATEN NON-UNION MEN.

Places of Miners Who Are Out Filled by Imported Laborers and Feeling in Consequence Is Threatening.

Charleston, W. Va., June 13.—The Mile Branch company has made concessions reducing the price of powder, allowing a nine-hour day and pay every two weeks. The men voted today to return to work. The granting of concessions by the Hocking valley and the Mile Branch operators it is believed will put new phases on the strike in that section. It is the first break of the operators to get their men to return to work and the other operators will probably follow their example.

Huntington, W. Va., June 13.—Strikers along the Norfolk and Western are losing ground rapidly. At Algona, Indian Ridge, probably one thousand miners returned today. The indications are that more than this number will break away from the strikers' ranks tomorrow.

Tamaqua, Pa., June 13.—All last night Panther creek valley was in a state of excitement. Large delegations of striking miners visited the homes of non-union men and warned them not to go to work this morning. Today it is claimed the pumps at five of the nine collieries in the valley are not running. The strikers are endeavoring to induce all tradesmen to go out. The feeling is at high tension.

Importing Laborers.

Reading, Pa., June 13.—Another carload of workmen went through here for the coal regions today. Thus far it is said the Philadelphia & Reading company has secured more than a thousand men.

Springfield, Ill., June 13.—State Secretary Ryan of the United Mine Workers says there is no ground for the statement that there will soon be a strike of the miners in Illinois in sympathy with the strikers in the anthracite fields. He received a telegram today from President Mitchell arranging a conference at Wilkesbarre, Pa., some day next week when the Illinois situation will be discussed. Thus far it is said the Illinois officials are going to confer with President Mitchell regarding a sympathetic strike.

BASEBALL.

American League.

TODAY'S WEATHER.

Washington, June 13.—The following is the weather bureau's forecast for Upper Michigan: Fair Saturday, Sunday, partly cloudy with probably showers in the west portion and variable winds.

DAILY MINING JOURNAL.

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED)...

SUBSCRIPTION RATES: Per month, by carrier, \$1.00; Per year, by mail, \$10.00.

MARQUETTE, MICH., JUNE 14.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Professional pugilism is mighty tame compared with the bare knuckle methods by which Montana politicians settle their disagreements.

The lower Michigan delegations which came to Marquette with the idea of helping to land the Maccabee headquarters in their favorite city, if it were decided to move them from Port Huron, will leave disappointed, as the motion looking to the consideration of this matter was side tracked with a committee which will not report until the next review.

The Iron Trade Review thus comments on the May ore shipments in this week's issue: The May shipments of iron ore from upper lake ports amounted to 3,293,235, or nearly 20 per cent less than the 4,000,000-ton rate that seemed to be indicated by the April figures.

Colonel Arthur Lynch, of the Boer army, who has been returned to the house of commons from Galway, Ireland, was taken by English officers at New Haven this week. He was immediately carried to London where he was arraigned on the charge of high treason.

We do not hear that Colonel Lynch is a notable orator or that in any other way he gives promise of being a valuable addition to the Irish forces in parliament.

The operators should be prevented from employing negroes to take the places of the striking anthracite miners. They should be informed that such labor will not be given protection.

Judging from the resolutions adopted by the great camp and hive of Maccabees at their concluding sessions yesterday, the members of the order are satisfied that they made no mistake in coming to Marquette.

The Mining Journal acknowledges the very complimentary mention which the Maccabees were pleased to make of its services in connection with the great review. It has thought that it has been doing very well, but it is modest about dwelling on these things.

Each of the chief organs of the body is a link in the chain of life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ.

BOYNTON'S TRIUMPH.

As was expected by all but the most sanguine of the "antis," Major Boynton was securely in the saddle at the great camp of Maccabees that has been convened here this week.

Major Boynton, enjoying the confidence and esteem of a big working majority of the Maccabees, is a personal expression of Maccabeesism. There is a wonderful trust in his foresight in matters in which the welfare of the order is concerned and not a little of a willingness to follow his teachings blindly.

This week's camp has been another of the series of notable personal triumphs that the major has enjoyed during his connection with the order. By this statement The Mining Journal does not intend to question the value of the great commander's expansion scheme. It may, and probably will, prove the very thing that will insure the permanence of Maccabeesism.

Portage lake is fairly alive with well-iced pike. It is no uncommon thing to see a "big fellow" leaping to the surface near the docks.

The May death reports for both the villages of Red Jacket and Laurium have been prepared by the clerks of the villages and sent to Lansing. Red Jacket for the first time in 1902 has by far the most favorable death report.

J. C. Shields has purchased a valuable piece of acreage at Ripley, west of the Highlands. This will make valuable residence property from the fact that Ripley is in close proximity to Hancock.

Tim White contributed \$3 to the common school fund in Justice Finn's court at Hancock Thursday afternoon. He was the central figure in a row in Dominick Vignetta's saloon and bore all of the appearance of having gone through a threshing machine when the combatants were rounded up by Officer Sullivan.

The annual excursion to the ship canal under the auspices of the Irish societies of Hancock will take place Sunday, June 22, leaving Houghton at 9 a. m. and Hancock at 9:30, returning at 6 p. m. Good music will be secured for the event.

Startling proofs of a wonderful advance in medicine is given by druggist G. W. Boller at Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless till he used Electric Bitters and applied Backlen's Arnica Salve, which treatment completely cured him.

Architect C. Archibald Pearce of Hancock is making plans for a commodious farmhouse to be built on the Cooper farm near Birmingham, Oakland county. The feature is a large living room with a brick fireplace. There is a very large dining room for the farm hands; kitchen; pantries; and ice boxes and the caretaker of the farm. On the second floor are five bed rooms. The design is original and homelike. The structure will cost in the neighborhood of \$5,000.

Jeweler Otto Borresen of Hancock is exhibiting a decided novelty in the form of a clock invented in Germany, which nearly solves the problem of perpetual motion. The mechanism runs by springs and runs 400 days when wound up. Mr. Borresen calls it the "anniversary clock" for the reason that it can be wound on the wedding anniversary of the owner and does not need to be touched until another anniversary rolls around.

They are vitiated or morbid fluids coursing the veins and affecting the tissues. They are commonly due to defective digestion but are sometimes inherited.

How do they manifest themselves? In many forms of cutaneous eruption, salt rheum or eczema, pimples and boils, and in weakness, languor, general debility.

How are they expelled? By Hood's Sarsaparilla which also builds up the system that has suffered from them.

It is the best medicine for all humors.

HOUGHTON HIGH RECEPTION.

The Houghton High school Juniors tendered a reception to the high school seniors at the Houghton Armory last evening. The high school commencement exercises will take place in the high school assembly room on the evening of June 20.

There are seven members of the graduating class, as follows: David B. Cavan, Chester A. Gibbs, Mary L. Healy, Marie T. Hennes, Marion E. Jennison, Mathilda L. H. Wallace, William J. Wallace. Following is the evening's program: Concert Waltz in C major, Mosakowski; Miss Skinner.

Lee Bros. of Hancock will no longer be known as the West End confectioners and caterers. They will open a palatial emporium for sweets and summer delicacies at the east end of Quincy street.

Portage lake is fairly alive with well-iced pike. It is no uncommon thing to see a "big fellow" leaping to the surface near the docks.

ECEZEMA AND NOT FROM THE BLOOD THE SKIN

The prevalence of Eczema among the young and old is due to the introduction of poisonous matter in the blood. Those pimples, eruptions and sores upon the face, neck and body are all due to the same cause. It is a waste of time and money to attempt to cure such a condition by doctoring the skin.

EDWARD LARSON KILLED.

Was Thrown Down a Cellar Way and Sustained Fatal Injuries.

Edward Larson, a driver for the Finnish Undertaking company, of Calumet, was fatally injured yesterday afternoon. His wagon capsized, throwing him down a cellar way. He sustained injuries from the effects of which he died soon after. The unfortunate man was a brother of Prosecuting Attorney Larson.

IN HYMEN'S BONDS.

Albert H. Floeter and Miss Rose Hamel Married Thursday.

The nuptials of Miss Rose Hamel of Ripley and Mr. Albert Henry Floeter of the Phoenix were celebrated Thursday evening at the home of the bride's parents, Mr. and Mrs. Joseph Hamel of Ripley. It was a pretty home event, about sixty guests being present. Rev. Henry Harris, pastor of the South Lake Linden Congregational church, officiated. A fine wedding supper followed congratulations. The bride is a charming young woman. The groom is a graduate of the College of Mines and is chief engineer at the Phoenix. Mr. and Mrs. Floeter will reside at the Phoenix. Among those present from out of town were Misses Emma and Freda Floeter of Menominee, sisters of the groom.

BOARD OF DIRECTORS ORGANIZE.

Management of Finnish College Have Elected Officers.

The board of directors of the Finnish college were in session yesterday. A portion of the list of teachers in Suomi college for next year has been selected. The staff will be completed during the summer. At the recent meeting of the Finnish Lutheran Evangelical church of America at Crystal Falls, the following board of directors of Suomi college were selected: Rev. J. K. Nikander, Rev. John Back, Rev. A. Granholm, Rev. P. Aikmanen, Alex. Leinonen, Joseph Salami, Alex. Pantti, J. Lakkahala, Isaac Silberg, J. H. Jasberg and Matti Prokaki. This board has since been organized as follows: Rev. J. K. Nikander, president of the college and chairman of the board of directors; Alex. Leinonen, secretary and treasurer; J. H. Jasberg, manager. The next annual meeting of the Finnish Lutheran Evangelical church of America will be held in Hancock next year. At the recent meeting at Crystal Falls, Rev. J. K. Nikander was elected president of the church association and J. H. Jasberg was again chosen treasurer.

NO CHANGE IN SIGHT.

There was a rumor going around the city Wednesday morning to the effect that all the employees at the Calumet postoffice were to be put on a shift which would be virtually an eight-hour one. Postmaster Hosking was seen and asked if there was any truth in the story. He stated that the proposed eight-hour shift had been brought up before every session of congress for the past four years but as far as the local postoffice was concerned he was positive that there would not be any change in the number of working hours of the employees for some little time to come. At the present time the mail carriers are the only employees of Uncle Sam in Calumet that have what can be considered on an eight-hour shift, they being permitted to work but forty-eight hours throughout the week.

BACK INTO HOTEL LIFE.

Emil Wolfe, who had charge of the Michigan House up to a few years ago, but who has recently been in the saloon business for himself, has decided to take up the old love again and in a few days will remove to Lake Linden where he will in the very near future assume active charge of the Lake View House at that place. Mr. Wolfe is cognizant with all the details of hotel management and there is not the slightest doubt but that the old Lake View stand will after a short time under his management be one of the leading houses in the country.

LAKE LINDEN COUNCIL MEETS.

A meeting of the common council of the village of Lake Linden was held at the city hall Thursday afternoon. The general collections of bills were allowed. The assessor presented the tax role with a total valuation of \$677,400, on which the council decided to raise \$8,466 by taxes. They then adjourned till June 21.

HAPPY TIME IN OLD TOWN.

"We felt very happy," writes R. N. Beville, Old Town, Va., "when Bucklen's Arnica Salve wholly cured our daughter of a bad case of scald head." It delights all who use it for Cuts, Corns, Burns, Bruises, Boils, Ulcers, Eruptions, Inflammation of Piles. Only 25c at the Stafford Drug Co.'s drug store.

MAY BE SETTLED OUT OF COURT.

Hancock Township Division Matter Likely to Be Compromised.

It is quite probable that the Hancock township division matter will be settled out of court. Conferences have recently been held by the authorities of the new township of Stanton and the township board of Hancock. Supervisor Coggin and others have also canvassed the matter with the school officers of district No. 1. All concede that the township division will be settled to the satisfaction of both parties. The new township will assume a portion of the school and township debt of Hancock township. The basis of settlement has nearly been arrived at and the whole matter will be disposed of before the case is called in the circuit court June 18.

DIRECTORS HOLD MEETING.

The temporary board of directors of the new Finnish Mutual Life Insurance company held a meeting Thursday afternoon at the Finnish college. Articles of incorporation of the company are in the hands of Oscar J. Larson and will be filed as soon as the permanent organization is completed. A board of directors will be elected soon. This board will select the officers of the company. The next meeting will be held at the headquarters of the company in Hancock July 18.

RETURNS FROM CONFERENCE.

General Secretary Willard H. Wing of the Portage Lake Y. M. C. A. returned last evening from the conference of state secretaries at Detroit. He was accompanied by General Secretary S. A. Aekley of Calumet. The conference was very helpful and resulted in a definite policy being mapped out for the state. This means a forward movement. Many who attended the meeting went to Mountain Lake, Maryland, to attend a national conference.

LAKE LINDEN VS. HANCOCK.

The Lake Linden High school baseball team will meet the Hancock High school nine on the Hancock Driving Park diamond at 2:30 this afternoon. In a close, clean game at the driving park Thursday afternoon the Hancock team defeated the Houghton High school nine by a score of 9 to 6. Features of the game were the fielding of Funkey, the work of Keough at short and the playing of Black.

COPPERDOM BREVITIES.

Quincy lodge, F. & A. M., met for work in the third degree last night.

The Y. M. C. A. track team met on the Quincy sands for practice last night.

J. D. Cuddihy returned to Calumet yesterday morning from a short business trip to Boston.

Rev. K. A. Meyers of Good Will Farm will speak at the Hancock Y. M. C. A. Sunday afternoon.

G. F. Hartt and wife of Montreal are at the Douglass House. Mr. Hartt is a large dealer in coal.

The Young men's club of Houghton and St. Patrick's will give a dancing party at St. Patrick's hall tonight.

The second shoot of the Hancock Gun club will take place on the grounds west of town tomorrow afternoon.

Frank Diestel returned yesterday morning from a few days' business trip to Ishpeming and other iron country cities.

The members of the Laurium fire department had a trial spin Thursday evening and turned out in very quick time.

The exterior of the Finnish church on Reservation street is being greatly changed by the addition of a new entrance.

The Twin City Mandolin club will give a dancing party at the Houghton Armory Monday night. The full orchestra will be present.

The steamer Manitou will arrive at Portage Lake Monday with the coal men's excursion. The salesmen are making the tour of the lakes.

All of the piles have been driven and planks are now being laid for the dock of the Portage Lake Dock & Coal company at Ripley opposite Houghton.

On account of the closing of the school at Ann Arbor Thursday a large number of students are expected to arrive home on the Japan of the Anchor line Tuesday.

The steamer Jay Gould of the Chicago line will arrive at Port Arthur Monday with a cargo of steel rails for a Canadian road.

Port Arthur Masons are coming to Houghton on the return visit on the steamer Iroquois June 26. This is to repay the visit of the Houghton Masons a few years ago.

Mr. and Mrs. Paul Roehm of Calumet are spending a few days at the Orchard Lake Military academy attending the commencement exercises. Their son Charles being graduated this year.

Frank Francis, secretary of the C. M. B. A., Hancock, has delivered a check for \$2,000 to Mrs. Joseph Malherbe, being the beneficiary amount on the life of her late husband in the society.

Captain Joseph Shell and wife yesterday morning took the train for Ann Arbor to attend the graduation of their daughter at the University of Michigan. They will also visit at Dodgeville, Wis.

This morning Thomas Schnotala who is a graduate of the Lake Linden high school this year, leaves for Detroit where he will take an examination to join the United States revenue cutter service.

Joseph Bernard, who acts in the capacity of manager for the Miner Livery company of Calumet, is already located in the rebuilt livery, which was destroyed a short time ago by fire. A few weeks ago the insurance adjusters of the different companies were in Calumet and the loss was satisfactorily settled

Let the GOLD DUST twins do your work.

The steamer Bon Ami cleared at 10 o'clock today for Duluth. The steamer arrived down on time Thursday and took on a large quantity of junk for Chicago. She also loaded 125,000 pounds of copper.

St. Margaret's Mission, (Episcopal), South Marquette—Sunday school at two; evensong and sermon at three. Rev. Hugh Spencer officiating.

First church, Christ Scientist—Services at church hall, 109 Spring street, at 10:30 a. m. Subject, "God the Preserver of Man."

NEW YORK STOCK MARKET.

New York, June 13.—After a dull and hesitating market during the greater part of today with isolated upward movements, the market opened somewhat brighter in the final hour and moved upwards quite generally with a considerable show of strength.

Part of the strength of wheat was attributed to the improved demand for export but this failed to develop fully. The figures of May agricultural exports were decidedly unfavorable and decreased in value from those of May last year, reaching over \$20,000,000, the breadstuffs alone decreasing \$13,595,000, amounting to only about half of those of last May.

CHICAGO GRAIN MARKETS.

Chicago, June 13.—In wheat today there was a strong rally as the close, when a net gain of fully a cent was shown. July sold between 72 3/4 and 73, opening at 72 3/4 and closing at 72 3/4. The feature was the closing of short contracts believed to be for a prominent trader of the Southwest, who is known to be short on a big line here.

Corn was fractionally lower and quite dull generally speaking. The market was exceptionally narrow and the country offerings small. The local receipts were 323 cars. Trade was dull and dragging and mostly local.

The leading futures ranged as follows: July wheat opened at 72 3/4 @ 73; highest, 72 3/4; lowest, 72 3/4; closed, 72 3/4. July corn opened at 63 3/4 @ 64; highest, 63 3/4; lowest, 63 3/4; closed, 63 3/4. July oats opened at 40 3/4 @ 41; highest, 40 3/4; lowest, 40 3/4; closed, 40 3/4.

FIVE KILLED BY HEAT. New York, June 13.—Five deaths in the result of intense heat in Greater New York today.

It says Something

for a new article when it becomes immediately popular. There must be a reason for it. Only twice weeks after the first box of

IRON-OX TABLETS

left the factory in New England they were selling in every State and Territory except Alaska, Delaware and Indian Territory.

Why Was It? It you try the Tablets, or ask any person who has tried them, you will have the answer.

It is a great medicine for the Stomach, for the Blood, for the Nerves.

50 Tablets, 25 Cents. LAKE EXCURSIONS. STEAMER THOMAS FRIANT GEO. W. SMITH, Master. MONDAYS, WEDNESDAYS, FRIDAYS

COAL MEN COMING.

The Illinois association of retail coal dealers will be in Marquette from 6 a. m. to 10 p. m. Wednesday of next week. They are touring the great lakes. As far as can be learned the local coal men have no movement looking toward the entertainment of the party while here.

First Baptist church, Rev. H. E. Purinton, pastor—Public worship at 10:30 a. m. and 7:30 p. m. Morning topic, "Moses, the Leader; His Life Teachers and His Accomplishments." Evening subject, "The Joy That No Man Taketh Away."

St. Paul's cathedral—Third Sunday after Trinity. Holy eucharist, 7:30 a. m.; matins and sermon, 10:30 a. m.; Sunday school, 12 m.; evensong and sermon, 7:30 p. m.

St. Margaret's Mission, (Episcopal), South Marquette—Sunday school at two; evensong and sermon at three. Rev. Hugh Spencer officiating.

First church, Christ Scientist—Services at church hall, 109 Spring street, at 10:30 a. m. Subject, "God the Preserver of Man."

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

BURTMORE PARK ASSOCIATION.

It Invites Maccabees and Public to Visit Its Lands.

The Burtmore Park association respectfully invites its members of the M. O. T. M. and the I. O. T. M. also all visitors and residents of the city, to visit Burtmore Park at any time during today and partake of the hospitality it has prepared and is desirous of offering, and look upon Marquette and its environs from the points of view of the Cinderella, the Hermitage, Sky High, the Outlook, the Oaks, the Pines and other vantage points.

Coffee will be served at the Cinderella and at the Hermitage. The band will play at Sky High, the east peak of Mt. Mesnard. The park surreys and backboards of the association will convey those unable to walk, or some other means of conveyance. To visitors and to the people of Marquette generally, I take this occasion to announce that on July 1, possibly sooner, the association will have in stock all kinds of tents and furnishings suitable for camp life, which it will erect on any site chosen, and rent for a short or long time at reasonable terms.

It will also erect a large tent of a camp desired, of wood, or of a summer villa, and rent same furnished, on reasonable terms. It will also run a commissary wagon to various localities to meet the requirements of the tenants, also park surreys and backboards. Samples of its furnishings can be seen at the association's office and store rooms at the Corners house, Lake street; also at the Cinderella.

The general object of the association is to furnish the comforts of a summer home to the multitude at reasonable rates, with profit to itself and the general good of the city of Marquette.

HIRAM A. BURT, General Manager.

Fifty Against Two. It is not reasonable to expect two weeks of outing to overcome the effects of fifty weeks of confinement. Take Hood's Sarsaparilla along with you. It refreshes the blood, improves the appetite, makes sleep easy and restful.

CITY BREVITIES.

Today's weather: Partly cloudy, with probably local showers and thunderstorms; variable winds.

Yesterday's temperature: 7 a. m., 58 degrees; noon, 54 degrees; 7 p. m., 55 degrees. Maximum, 58 degrees; minimum 50 degrees.

Miss Mable Brown is home from Ann Arbor university.

Miss Edith Hager has returned from the copper country, where she spent a few days with friends.

Forsyth township is advertising bids for the erection of a three-room school house at Princeton, Mich.

The supreme court this week denied a motion for a rehearing in the case of Shoultice vs. the McLeod estate.

J. M. Crennan, of the cigar firm of J. M. Crennan & Co., called on his Marquette trade yesterday. E. L. Kellan is the wholesale distributor for the Crennan brand.

Dr. J. H. Shorey, the osteopath, is now located in the southeast corner of Front and Bluff streets. He expects his family to arrive here the first of next week.

Three of the Burtmore Park association vehicles, two surreys and a three-seated backboard, appeared on the streets for the first time yesterday and attracted much attention.

The informal opening of Burtmore Park yesterday was attended by a large number of citizens and strangers. It was so successful that it will be continued today, and an special invitation is extended to the citizens of the city.

M. G. Giles left for Chicago Thursday evening to meet the school board to consult concerning a position which he may take in the Chicago schools. Mr. Giles expects to be in Chicago next year. He will return Monday to wind up his business in Marquette.

It is expected that Marquette will be represented at the ceremonies attending the laying of the corner stone of the new court house at Munising today. A number have declined going down. The Munising people are prepared to give all visitors a hearty reception, having arranged a program of sports and races. The Negaunee Orchestra band, which has done good service during the Maccabee convention here this week, will furnish the music.

Frank Kergan, who has been employed in the dispatcher's office of the South Shore road for a number of years, has resigned his position with the purpose of leaving Marquette to accept a more important and remunerative place with the Chicago & Northwestern company at Escanaba. Mr. Kergan is well known about the city and his circle of friends and acquaintances will look with regret on his departure, although they will be thoroughly pleased to learn of his advancement.

According to the latest reports from the Soo there is considerable question of the recovery of Miriam Osborn, the two-year-old daughter of Chase S. Osborn, who was so terribly burned at her home early this week. The little

HON. T. F. MADDEN

FORMER MAYOR OF ST. IGNACE, MICHIGAN.

Relates an Experience Which, He Says, Taught Him a Valuable Lesson.

"I have had an experience which taught me a valuable lesson," said the Hon. Thomas F. Madden, former mayor of St. Ignace, Mich., to a reporter the other day.

"It was while crossing the Gulf of Mexico," he continued, "in an attempt to recover my health, that the suggestion came to me. For twenty years I had been a sufferer from indigestion. It tortured me. I could not eat a hearty meal and even the lightest food distressed me. I doctored with possibly eight different physicians, but grew worse all the time.

"This chronic indigestion brought on a whole train of other troubles. I became nervous, suffered from violent headaches and biliousness, and I feel that a medicine which made good blood must be a cure for stomach trouble. As soon as we landed I purchased a box of Dr. Williams' Pink Pills and they gave me almost instantaneous relief. If it had not been for them I think I should have died. The indigestion was cured by better and in a short time I was cured.

"It is now over a year since these pills cured me. My stomach is sound and my digestion is perfect. I can eat heartily of the richest food, my nerves are quiet and my blood good and I feel well and strong. I have been made a well man by Dr. Williams' Pink Pills for Pale People."

The Hon. Mr. Madden's address is St. Ignace, Mich., and he is willing to corroborate the statement given above. The power of Dr. Williams' Pink Pills for Pale People in curing many cases due to impure blood or to derangements of the system, has been demonstrated in thousands of instances as remarkable as his. No one who is suffering can rightfully neglect this way to restore health.

Dr. Williams' Pink Pills for Pale People are sold by all dealers, or will be sent postpaid on receipt of price, 50 cents a box, or six boxes for \$2.50, (they are never sold in bulk or by the hundred) by addressing Dr. Williams' Medicine Company, Schenectady, N. Y.

one was very low Thursday, although she rallied somewhat, later in the day. The child's lungs were affected as a result of inhaling the flames, and this, with the great shock, may cause death, although the family and friends are hoping for the best.

The coroner's jury in the case of the drowning of Joseph Bushman, a character about the city who was found in the lake near "Gaines" rock" at the mouth of Whetstone creek Thursday afternoon, held a verdict of accidental death. The death was accidental, the jury estimated. It developed the fact that Bushman was accustomed to sleep on "Gaines" rock" and the theory held by the police authorities is that he rolled into the water while stirring in his slumber. Funeral arrangements have not yet been made.

The enamel Roof Paint Co., of Dayton, O., have been painting roofs in Marquette for the past two months and have given satisfaction wherever they have done work. Mr. Poling who is sole owner and "supplier" of this paint, guarantees all work for five years to five years, and backs his guarantee with the cash among the customers in Marquette. Can refer to Lake Superior Powder Co., Lake Superior Brewing Co., Marquette & Presque Isle Street Railway Co., Opera House block, Nester block, Mining Journal and many smaller jobs. Any one having a bad roof or any one having a roof to repair or paint will do well to drop me a card. We work anywhere. Will be in Ishpeiming for the next three weeks or a month. A card or letter to E. E. Poling, Marquette, Mich., will receive immediate attention. (6-11-14)

FOR SALE. One 10x12 Double Vertical Reversing engine, new, used a few days only, price, \$450.

One St. Louis Gang Edger in good order, all work for free, (one more could be added), price, \$100.

One Double Circular Saw Mill, will cut up to 42 feet, boilers, engine, steam feed, grinders, gear edger, cut-off saws, live rolls, etc., complete, price, \$1,000.

Complete piping and fixtures for dry kiln forty thousand capacity, price \$500

One Portable Chas. P. Willard & Co. 3x4 vertical steam engine and boiler in good order, price, \$75.

F. W. READ & CO., Marquette, Mich. (4-9-14)

Republic.

DEATH OF RICHARD GEACH. Popular Young Man Passes Away After Lingering Illness.

Republic friends are mourning the death of Richard Geach, who passed away at 2 o'clock Wednesday, June 4, after an illness of a little over a year, he being a victim of tuberculosis.

His death, although not unexpected, was a great shock to his family and friends, for he had been admired by all classes as an upright and capable young man.

He was born here in February, 1875, and had always made Republic his home. About a year ago last April he stopped work and the following June went to Detroit for treatment in St. Mary's hospital. He remained there for four months and came back somewhat improved and hopeful of recovering his usual health. But he slowly declined. During his sickness he was patient, helpful and cheerful.

The funeral was held Sunday afternoon from the M. E. church. It was the largest cortege ever seen in Republic, the seating capacity of the church being taxed. The service was conducted by Rev. Magahay, assisted by Rev. Dahlberg.

The deceased was an Odd Fellow, Maccabee and Fireman. The funeral services were conducted by the Odd Fellows.

The floral tributes were many and beautiful. They came from friends in Milwaukee, Marquette, Negaunee, Ishpeiming, Escanaba and Republic.

Besides his parents, three sisters and three brothers survived the deceased. The sisters are, Mrs. Fred Williams of Champion, Mrs. Rose Williams and Miss Lydia of St. Ignace, and Mrs. Edith of Marquette. The brothers are Wilfred, Sam and LeRoy.

Among those from outside in attendance at the funeral were Mrs. Mary Weiser and Miss Edith of Marquette, Mrs. Jas. Edwards of Anama, Mrs. Peimear of Humboldt and Albert Williams of Calumet.

RECENT FATALITIES.

Richard Granis, a well known young man of Republic, was killed Wednesday last week at the mine here. He was working in No. 9. It appears he had occasion to walk toward a mine. He dark and he walked into the opening, dropping about sixty feet. His injuries were such that he lived but a few hours.

The deceased was about nineteen years of age. He was a bright, industrious young man who held the esteem of all who knew him. The funeral took place Friday afternoon from the Swedish Lutheran church. Services were conducted by Rev. A. D. Dahlberg, the pastor.

The five-year-old son of Isaac Antala met a most shocking death Wednesday last week. He was playing with other boys near a pulley stand on the hill south of the mine shops. In some unaccountable manner he was dragged into the shive and his body was cut in two, the rope catching him just below the arms.

EXPLORATIONS SHUT DOWN.

The Clergue syndicate has decided to pull up stakes at Section 18. A number of men have been employed there for some months and held the esteem from the fact that the work is to be abandoned that the showing was not satisfactory. The exploratory work at the Dexter mine will also cease. Indeed the syndicate will do but very little more work at any point on this range. It is asserted that the company has all the ore it will need for some years to come in the Canadian fields, where large forces are employed. The local office will remain open until the work on this range is cleaned up. E. F. Bradt was here Tuesday outlining plans for winding up operations.

"BIBI" NEXT WEEK.

The teachers and pupils of the Republic schools are making extensive preparations for the entertainment, entitled "Bibi," to be given on Monday and Tuesday evenings of next week at the town hall. It is said to be a decided novelty and those who do not attend will miss a rare treat. The Boston Herald of recent date said of it: "Bibi" proved an irresistible attraction. The audience was large and enthusiastic. The production was an elaborate one and well merited the praise it received from all who saw it." The Herald of Carbondale, Pa., said: "Its greatest charm lays in its novelty. It bristles with fun and is bright and sparkling throughout."

SELF PROTECTION.

demand that you be on the alert to see that you get Painkiller (Perry Davis) when you ask for it; some dealers will try and persuade you to take something else, claimed to be just as good; insist upon getting Painkiller, the remedy which has been the world's family doctor for 50 years; it never fails to stop diarrhoea, griping pains in the stomach or bowels, dysentery, etc. Large bottles 25 and 50 cents.

PENCIL POINTS.

A baseball team is expected over from Champion Sunday afternoon to meet the second nine.

The whistles of the two saw mills are heard daily. Both plants are now running smoothly.

The Republic baseball team will go to Michigan Sunday to cross bats with the nine at that place.

James Gibson was up from Munising early in the week. He went from here to Marquette, where he took in the Maccabee parade Tuesday.

A number of Republic people took in the Maccabee celebration at Marquette Tuesday. J. Smith attended the convention as representative of the Local tent.

The members of Republic's second baseball team are making extensive preparations for the ball to be given at Woodmen's hall on Monday night of next week, June 23. The net proceeds are to be used in the purchase of equipment for the team. Tickets are being sold for \$1 each and it is expected that a sufficient number will be disposed of to comfortably fill the hall. Music will be furnished by Bradley's orchestra.

M. Sampson is home from Calumet. He intends to remain here permanently. Sampson is a fine ball player and the boys are glad that he has returned. He will wear the mask in the games to be played during the remainder of the season.

The genial Charley Munson is no longer a bachelor. He stole a very quiet march on his friends late last week. He was not gone long, however, when it leaked out that he had departed to meet the future Mrs. Munson at Evanston, Ill., where they were married on Tuesday. The bride was Miss Jessie Polkinghorn, formerly of this place, who has been in New York for the past two years or so. Charley certainly had to laugh on his friends here as none could say positively that they knew what his intentions were. He simply kept them in the dark until the day he left, when he told a friend or two what was going to happen. The young couple's friends here gave them an enthusiastic reception on their arrival.

CARD OF THANKS.

Words cannot express our thanks for the many acts of kindness and cheering words shown us by our neighbors, friends and the different lodges, during the sickness and death of our beloved son and brother, Richard. To all these, as well as the friends who sent the floral offerings, we feel most grateful. The many acts of kindness will be forever cherished in our memories as they have greatly tended to lighten our burden of sorrow.

MR. and Mrs. JOSH. GEACH and Family.

A NOISELESS TYPEWRITER.

Scientists claim that the exercise necessary to operate an ordinary typewriter, together with its noise, tend to injure the health and cause nervousness. A German inventor has therefore perfected a machine which is operated by air pressure on the keyboard, and does away with the noise and much of the labor. Its adoption may be one way of preserving health and preventing nervousness, but there is a better and less expensive way, and that is by using Hostetter's Stomach Bitters. All people of sedentary occupation need this wonderful medicine to aid digestion and to keep the bowels regular. It will also cure dyspepsia, biliousness, insomnia and nervousness. Don't be deceived into taking something "just as good." There is no medicine equal to the Bitters.

It strikes the root and annihilates disease, a subtle potent remedy, that fills the mind with sweet and charming fancies. Rocky Mountain Tea. 35c. The Stafford Drug Co.

Dyspepsia—bane of human existence. Burdock Blood Bitters cures it, promptly. Regulates and tones the stomach.

On account of the rush of business this week there will be no specials for Saturday at Heppner's. (6-13-21) J. W. DESHAINE, Prop.

SPRING FEVER.

Spring fever is another name for a torpid liver and inactive bowels. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. Safe pills. The Stafford Drug Co.; H. N. Meloche, Ishpeiming.

LADIES FINISH UP

CONVENTION CAME TO AN END LAST EVENING.

A STIR BY MRS. BECKER MAXWELL

IS GOING TO WORK FOR A RIVAL FRATERNITY.

Miss Bina West, Blamed for All the Litigation, Ousted as Past Commander—Give Hereafter to Pay the Delegates.

Miss Bina M. West, great record keeper of the supreme hive, L. O. T. M., is no longer a past great commander of the great hive, to be known in the future as the "Ladies of the Modern Maccabees."

At the Lansing convention, in 1894, the great hive delegates passed a resolution, in view of the work Miss West had done for the order, making her a past great commander. Yesterday afternoon a resolution was passed rescinding the action taken at Lansing and consequently Miss West will attend no future conventions unless selected as a delegate from her own hive. Miss West is blamed for being at the bottom of the litigation that has been going on in the parts for some time between the supreme hive and the great hive over the expansion question, and it was on that account that she was deprived of her office.

By making the office of acting great past commander of the great hive an elective one, which was done during the convention just closed, Mrs. Hollister, too, is deprived of certain privileges in the great hive. Although she is still a past great commander, and is entitled to both a seat and a voice in a convention, she is no longer active in that capacity. The vacancy was filled by an election in the morning.

Mrs. Maxwell's Sensation.

Mrs. Leota Becker Maxwell, who sought the office of great record keeper in opposition to Miss Emma E. Bower and who was defeated, springing rather of a sudden in the convention yesterday afternoon when she informed the delegates that she had decided to accept a position, one that she had refused before, with another fraternal order, and that she would likely meet some of the ladies in competition in the future. Her decision in the matter was occasioned by the fact that the action of the great hive in not electing her to office.

The ladies were informed in the convention in the afternoon yesterday that the great-camp had donated \$500 for the children's bed in the Detroit hospital and an additional \$500 for the prospective bed in the Butterworth hospital at Grand Rapids. Enthusiasm followed the announcement and the great hive set aside a donation of \$1,000 for the Grand Rapids hospital bed.

Death Claims Turned Down.

Judge Kelley of Battle Creek and W. A. Leet of Ithaca, both lawyers, were not successful in presenting appeals in three death claims before the great executive committee. Judge Kelley presented two of the claims and Mr. Leet the other. Hon. Devere Hall spoke for the great hive in the matter of the claims before the committee, which decided to reject the appeals, having already previously refused to pay them.

Other business attended to in the afternoon was the acceptance of the new memorial ritual and the acceptance of a set of resolutions drawn up by the convention. The ladies did not forget to mention their appreciation of those who had entertained and aided them as well as seen by a copy of the resolutions elsewhere in this issue.

Hive to Pay Delegates.

The laws were also amended so that a per capita tax of twenty cents could be levied to pay the expenses of the delegates to the biennial review. Up to now the delegates have been compelled to pay their own expenses, contrary to the practice in the great camp, where a per diem and mileage account is allowed the representatives. In the great hive, the attendance will no doubt be stimulated under the new plan.

At the close of the regular business in the afternoon the newly elected officers were installed by Mrs. Rachel A. Bailey, who was elected to the office of acting past great commander during the forenoon session. Last evening the delegates who remained in the city assembled at Fraternity Hall to witness the exemplification of the memorial ritual of the order. Many of the ladies found it impossible to be present at Casino hall Tuesday afternoon when the work was shown, which was the reason for the repetition.

Yesterday morning's session, as the others have been, was highly satisfactory to the officers of the great hive and the proceedings resulted, as they had hoped, in a unanimous vote. Mrs. Rachel A. Bailey of Grand Rapids, who during the

Whereas, The review of the great camp of the Knights of the Maccabees of Michigan, now concluding its session in the city of Marquette, has been one of the most noteworthy and most enjoyable official events in the history of our organization, made so in great part by the generous hospitality and congenial co-operation of the officials, business men and residents of this city; therefore be it

Resolved, That we hereby express our sincere appreciation for the courtesies and kindnesses which have made our sojourn in this "Queen City by the Inland Sea" so pleasant and successful.

Duties which we had thought would be burdensome have been pleasurable and the days of our labors, which we had feared would be hindered through inconvenience and lack of accommodations, have been assisted through unusual provision for all our requirements.

Special thanks are due to the editor, reporters and managers of "The Daily Mining Journal" for the fair and full report of our proceedings; to the citizens who so hospitably opened their homes to us; to the telephone and telegraph companies; to the railroads of our state and their able representatives for their attention and care in providing suitable and convenient transportation; to the Neguague Orchestra band which has remained with us and has rendered our stay pleasant by their charming music.

We will return to our homes in the different cities, towns and hamlets of Michigan, carrying with us happy remembrances of our grand review in Marquette. Our confidence and reliance upon the principles of fraternity have been increased through the spirit and expression of this great gathering, and through the years to come the memory of the meeting of the Maccabees at Marquette in 1902, we hope and believe, will be an event from which will be dated higher, better and more successful work in behalf of all the interests and purposes of our order.

W. R. KENDRICK,
S. D. WILLIAMS,
G. S. LOVELACE.

RESOLUTIONS OF THE GREAT HIVE.

Report of committee on resolutions and courtesies. To the officers and members of the great hive biennial review:

"We, the committee on resolutions and courtesies, realizing that the ladies of Marquette have given much time and attention to do everything possible in arranging for the comfort and pleasure of their guests during their stay in this city.

"Resolved, That we extend to them our most hearty thanks for their kindness shown us;

"Resolved, That special thanks be tendered Mr. Kremer (chairman) and Mr. Hanck, secretary of the general committee, for the attention shown us on our arrival and stay in the city, and that the general committee be congratulated on the excellent arrangements made for the representatives and visitors of this convention;

"Resolved, That special thanks be tendered them for the commodious and suitable place provided for the exemplification of the memorial service and floor work;

"Resolved, That we extend thanks to the wives of Marquette for the splendid manner in which the memorial service, its form and spirit, and also the floor work were exemplified;

"Resolved, That our thanks be extended to Mr. Sullivan, the manager of the Clifton House, and his efficient corps of assistants, who so untriflingly ministered to our needs and comforts;

"Resolved, That we express our hearty appreciation to the press of the city, for the full and complete reports and complimentary notices received during our convention;

"Resolved, That we thank the trustees of the Baptist church for their attention to our convention needs;

"Resolved, That for the services of the bureau of information, and the post-office facilities, and for the varied services of the convention live officers, and for the attentions we have received from the ushers, and all other official and personal courtesies, this review extend sincere thanks and will ever cherish the memory of our visit to Marquette as among the most pleasant events in the history of the great hive."

KITTIK C. WARREN,
JOSEPHINE MARSHALL.

DEATH CLAIM ALLOWED.

Ontonagon Physician Carries Through Certificate of Wm. Wissing.

Dr. Nitterauer, an Ontonagon delegate, was successful in presenting the death claim of William Wissing, who was drowned at Ontonagon last Sunday with his two sons, before the convention of the great camp Thursday. Although Wissing was not a full fledged member of the order his application for membership in the Ontonagon lodge had been favorably passed upon and his medical examination accepted, and Wissing was to have been taken into the order shortly after his certificate was returned but owing to the failure of the local record keeper to notify him to attend the proper meeting action in his case was tardy. The Ontonagon Maccabees felt badly indeed when the unfortunate fatality occurred and Wissing was to that time to attend the convention of the great camp in Marquette and took advantage of the opportunity Thursday to present the case before the officers and delegates of the order. He told the story of the accident and the broad-mindedness was nicely shown in the result of the vote, the full amount of the insurance, \$2,000, being allowed. It reflects great credit upon the grand organization outside of the order as well as in it by all who know of and were interested in the case.

Mr. Wissing's certificate for admission into the local lodge was received at Ontonagon at 4 o'clock in the afternoon of May 28. The lodge held a meeting that evening but the record keeper forgot to notify Mr. Wissing to be present and his certificate was not acted upon. The next meeting was to have been held on June 11 but Mr. Wissing was drowned on June 8. The news of the drowning was reported in The Mining Journal in Tuesday's issue. The insurance will be paid to the widow who will use it for her support and that of her four children, the oldest of whom is fourteen, and for their education.

MACCABEES EXPRESS THANKS.

Whereas, The review of the great camp of the Knights of the Maccabees of Michigan, now concluding its session in the city of Marquette, has been one of the most noteworthy and most enjoyable official events in the history of our organization, made so in great part by the generous hospitality and congenial co-operation of the officials, business men and residents of this city; therefore be it

Resolved, That we hereby express our sincere appreciation for the courtesies and kindnesses which have made our sojourn in this "Queen City by the Inland Sea" so pleasant and successful.

Duties which we had thought would be burdensome have been pleasurable and the days of our labors, which we had feared would be hindered through inconvenience and lack of accommodations, have been assisted through unusual provision for all our requirements.

Special thanks are due to the editor, reporters and managers of "The Daily Mining Journal" for the fair and full report of our proceedings; to the citizens who so hospitably opened their homes to us; to the telephone and telegraph companies; to the railroads of our state and their able representatives for their attention and care in providing suitable and convenient transportation; to the Neguague Orchestra band which has remained with us and has rendered our stay pleasant by their charming music.

We will return to our homes in the different cities, towns and hamlets of Michigan, carrying with us happy remembrances of our grand review in Marquette. Our confidence and reliance upon the principles of fraternity have been increased through the spirit and expression of this great gathering, and through the years to come the memory of the meeting of the Maccabees at Marquette in 1902, we hope and believe, will be an event from which will be dated higher, better and more successful work in behalf of all the interests and purposes of our order.

W. R. KENDRICK,
S. D. WILLIAMS,
G. S. LOVELACE.

RESOLUTIONS OF THE GREAT HIVE.

Report of committee on resolutions and courtesies. To the officers and members of the great hive biennial review:

"We, the committee on resolutions and courtesies, realizing that the ladies of Marquette have given much time and attention to do everything possible in arranging for the comfort and pleasure of their guests during their stay in this city.

"Resolved, That we extend to them our most hearty thanks for their kindness shown us;

"Resolved, That special thanks be tendered Mr. Kremer (chairman) and Mr. Hanck, secretary of the general committee, for the attention shown us on our arrival and stay in the city, and that the general committee be congratulated on the excellent arrangements made for the representatives and visitors of this convention;

"Resolved, That special thanks be tendered them for the commodious and suitable place provided for the exemplification of the memorial service and floor work;

"Resolved, That we extend thanks to the wives of Marquette for the splendid manner in which the memorial service, its form and spirit, and also the floor work were exemplified;

"Resolved, That our thanks be extended to Mr. Sullivan, the manager of the Clifton House, and his efficient corps of assistants, who so untriflingly ministered to our needs and comforts;

"Resolved, That we express our hearty appreciation to the press of the city, for the full and complete reports and complimentary notices received during our convention;

"Resolved, That we thank the trustees of the Baptist church for their attention to our convention needs;

"Resolved, That for the services of the bureau of information, and the post-office facilities, and for the varied services of the convention live officers, and for the attentions we have received from the ushers, and all other official and personal courtesies, this review extend sincere thanks and will ever cherish the memory of our visit to Marquette as among the most pleasant events in the history of the great hive."

KITTIK C. WARREN,
JOSEPHINE MARSHALL.

DEATH CLAIM ALLOWED.

Ontonagon Physician Carries Through Certificate of Wm. Wissing.

Dr. Nitterauer, an Ontonagon delegate, was successful in presenting the death claim of William Wissing, who was drowned at Ontonagon last Sunday with his two sons, before the convention of the great camp Thursday. Although Wissing was not a full fledged member of the order his application for membership in the Ontonagon lodge had been favorably passed upon and his medical examination accepted, and Wissing was to have been taken into the order shortly after his certificate was returned but owing to the failure of the local record keeper to notify him to attend the proper meeting action in his case was tardy. The Ontonagon Maccabees felt badly indeed when the unfortunate fatality occurred and Wissing was to that time to attend the convention of the great camp in Marquette and took advantage of the opportunity Thursday to present the case before the officers and delegates of the order. He told the story of the accident and the broad-mindedness was nicely shown in the result of the vote, the full amount of the insurance, \$2,000, being allowed. It reflects great credit upon the grand organization outside of the order as well as in it by all who know of and were interested in the case.

Mr. Wissing's certificate for admission into the local lodge was received at Ontonagon at 4 o'clock in the afternoon of May 28. The lodge held a meeting that evening but the record keeper forgot to notify Mr. Wissing to be present and his certificate was not acted upon. The next meeting was to have been held on June 11 but Mr. Wissing was drowned on June 8. The news of the drowning was reported in The Mining Journal in Tuesday's issue. The insurance will be paid to the widow who will use it for her support and that of her four children, the oldest of whom is fourteen, and for their education.

NOW "K. O. T. M.'S" You Will Be Happy If You Are Well.

MACCABEES NOT TO DROP THE FAMILIAR INITIALS.

EXPANSION POLICY TO BE PUSHED

OTHER STATES WILL BE INVADED AT ONCE.

Convention Remarkable for Its Harmony and Delegates Are Leaving the City With Many Kind Words to Say.

Despite that the name of the order has been changed, the familiar initials, "K. O. T. M." will be retained by the Knights of the Modern Maccabees, as the great camp of Michigan will hereafter be known, with the addition, however, of the small letter "S"—"K. O. T. M.'S." This was the decision reached by the executive committee last evening or to incorporate an extra "M" would react in injury to the order and to the advantage of the supreme camp, now that the Boynton society is to actively enter into competition with the order. It is the understanding that the work of expanding the order into the new territories—all the healthier states—will be commenced at once and be prosecuted with vigor. The delegates are enthusiastic over the prospects, and are confidently predicting that the "K. O. T. M.'S." will before many years become the largest fraternal organization in the country. In the new executive board, Major Boynton possesses five loyal supporters who can be depended upon to push the wise policies fathered by the great commander. A progressive campaign will be the slogan, and it is said that the supreme tent officials at Port Huron are much depressed over the outlook.

A Tribute from Detroit.

Editorially commenting on the great personal victory scored by the major, the Detroit Evening News arriving yesterday said:

"The News has no purpose to enter on a discussion of the merits of the controversy that has been agitating the Maccabees of Michigan for the better part of a year; but the universal sentiment of admiration for a sturdy fighter impels us to toss a bouquet or two in the direction of Major N. S. Boynton, of Port Huron, who won a personal victory of most gratifying proportions when the great camp in session at Marquette, decided by an overwhelming majority to inaugurate his policy of expansion.

"Last year, in the national gathering of the order, the major was badly worsted by a faction created within the state. To be perfectly frank about it, he was routed, horse, foot and draught. The office that had been created for him in recognition of his services as 'father of the Maccabees' was abolished, and his policies and proteges were treated with scant respect. He was defeated but not discouraged, he set about to regain in the state organization what he had lost in the national. With several pairs of seven-league boots, he began striding up and down the two peninsulas, preaching his gospel of expansion as opposed to high rates and reserve funds in fraternal insurance bodies. He had to meet the same men who had been the architects of his woe in the general body, and had to overcome the prestige of their former victory.

"The vote adopting his plan was a handsome compliment to the energy, the ability and enthusiasm he has put into the campaign, and a fine testimony to the confidence still reposed in him by a large majority of his brother knights in the state and throughout the country. Boynton on his triumph and to the Michigan Maccabees on having settled a vexatious controversy without apparent bitterness or abatement of loyalty to their order."

Fraternal Spirit Rampant.

Had The News' editorial writer eliminated the word "apparent" in the latter part of the last sentence, it would have accurately expressed the sentiment of the delegates. With the defeat of the anti-expansion faction on the opening day of the convention, the hatchet was buried—as one speaker expressed it—and from that time on the various propositions presented were discussed by the delegates, not as expansionists or anti-expansionists, but as Maccabees and brothers all actuated by the same spirit of fraternity and the desire to do what was best for the order. For the elimination of all bitterness and the incorporation of harmony as the key-note, the convention presented a spectacle even more remarkable than the personal ovations time and again tendered the hitherto rivals on the great question—Boynton and Watson.

The Mining Journal cannot refrain from especially commenting on the high personnel of the great body. The Maccabees, it was known, included in their membership many of the most prominent men in the state, yet the character of the convention as constituted was a pleasing revelation. Men who stand high in the councils of their political parties, judges, prospective candidates for congress, brilliant and well known attorneys, physicians, business men, well-to-do farmers—men who stand well in almost all walks of life constituted the representation and with delegates such as these to decide and ratify the policies of the order, it was nothing remarkable that the deliberations were prosecuted with the intelligence and spirit so manifest. The Maccabees are a splendid and most representative body of men, and the members ought to feel proud that they hold allegiance to such an order.

Convention a Great Success.

The convention held here was a great success—not from a Boynton standpoint but because its work was performed so expeditiously and with such great unanimity of purpose. Concerning their treatment here, the delegates are leaving highly satisfied with the manner of their

ORDINATION TOMORROW.

Twenty Students Will Be Made Ministers at Swedish Lutheran Church.

A notable service will be held tomorrow afternoon, commencing at 3 o'clock, at the Swedish Lutheran church. Twenty students, whose homes are in different parts of the United States, will be ordained ministers by officers and members of the Augustana synod.

The ministers who are here attending the annual conference of the synod, as well as many other prominent members of the church, have looked forward with no little pleasure to this service. Such a service is not held more than once in each year and many who will be present here will never have an opportunity to attend another. Two ministers, former members of the synod, who have been laboring in Sweden for some time past, will renew their membership. They will appear with the students and renew their vows.

Although the local church will accommodate a larger number of people than any other building in the city, many who desire to witness the ceremonies will be denied admission. Two hundred tickets have been issued and all who apply for admission without one of these tickets will be turned away. It would please the officers and members of the synod, as well as the members of the local congregation, if the general public could be admitted. But the line must be drawn in order that those who are most entitled to admission can be accommodated.

Among those who will attend the ordination service are the most prominent Lutheran ministers in this country. Many townspeople aside from members of the local congregation will be present on special invitation of friends holding membership in the society.

"UNCLE TOM'S CABIN"

There are some attractions that are not affected in the least degree by the shifting public taste, one of which is Stetson's "Uncle Tom's Cabin," the great standard American drama that has retained its hold upon the public for over a decade. Its first production took place in the Troy Museum. It was then put on at the old National theatre, Chatham street, New York, in January, 1853, where it enjoyed a three years' run to enormous business. It will be presented at the Cleveland Cliffs lot on North Third street on Thursday next by Stetson's company, an organization said to be of a very superior order. The prices will be twenty-five cents for adults and fifteen for children.

CHANGED THE DATE.

The annual entertainment by the pupils of the Convent school under direction of the sisters, will take place on the afternoon of June 24 instead of Sunday, the 22nd, as originally intended. A change in the date is necessary and the sisters did well in selecting the 24th as there will be many idle that day. This year's entertainment will take place in the opera house. The sisters have been laboring for some time past with a view to making this entertainment the most successful ever given in connection with the school. Something over 150 children will take part. The program will be announced in due time.

CEMENT WALKS.

We are prepared to put in cement walks by contract or day work. The best of satisfaction and reasonable price guaranteed. SEARLE & BLANEY, 633 Michigan street or 707 Park street, Ishpeming. (6-13-14)

TO FORMER PATRONS.

All persons knowing themselves indebted to the undersigned are requested to call at the grocery department of S. Johnson & Co.'s old stand, where payments can be made. We hope that our former patrons will come in at their earliest convenience, as we wish to wind up our affairs as soon as possible. (6-13-2w) S. JOHNSON & CO.

NOTICE.

The First M. E. church is for sale. Sealed proposals will be received, not later than June 14th, purchaser to remove the building off the lot not later than July 1, 1902. All bids to be presented to the pastor, Rev. S. W. Polkinghorn, or to C. Haines, secretary board of trustees. (6-10-5d)

A. W. MYERS MERCANTILE CO.

The New Firm Now in Possession of the Business.

The old and well known firm of A. W. Myers & Co. has been succeeded by the A. W. Myers Mercantile company. The new organization was recently incorporated under the laws of the state with a capital of \$35,000.

At a meeting of the stockholders, all of whom are employees of the firm, held Thursday, A. W. Myers was chosen president; John S. Olson, vice president; August Lundahl, treasurer, and Miss Emily Williams, secretary. The board of directors is made up of A. W. Myers, J. S. Olson, August Lundahl, Charles Sundblad and Harry Trebilcock.

Mr. Myers states that the business will be conducted on much the same lines followed by the old firm. The old employees will be found in their usual places and it is expected that the business will run along as smoothly as in the past. The policy of interesting employees in the business has been pursued a number of years. Mr. Myers thinks this has had much to do with the success of the enterprise. During the many years he has been at the head of the firm he has gathered around him some of the most efficient and trustworthy people that can be found in any mercantile establishment in this section. The oldest employees of the house have never worked for any other firm. They have been treated fairly from the first day they entered the employ of Mr. Myers and they have always got along well with him.

Within the next few weeks the addition to the corporation's business block will be completed. The store will be one of the largest and best equipped in this section. The location of the meat market is to be changed from the building at the corner of Division and Pine streets, to the rear of the new section of the block.

COMMITTEES HOLD MEETING.

One hundred or more members of the ward committees named to work in the interest of H. O. Young, candidate for congress from the Twelfth district, met at the opera house Thursday evening. Nearly every man invited to attend was on hand and much interest was manifested. All the ward committees were increased, so that there are now nearly two hundred names on the lists.

The ward caucuses have been called for next Thursday evening. In view of the few days remaining before the date of the caucuses, some lively hustling may be necessary to cement the forces in the event of very strong opposition on the part of Sheldon supporters. It is pretty generally understood that there will be strong fights in some of the wards, so that all the caucuses will be largely attended.

ODD FELLOWS OFFICERS.

The new officers of Ahmeek lodge, I. O. O. F., recently elected, are as follows: Noble grand, Ernest Brown; vice grand, T. J. Rule; secretary, Abba Tullon; treasurer, N. E. Skul; trustee, three years, J. T. Miners; representatives to the grand lodge, John Hosking and John Dahlstrom; alternates, Robert Nortley and H. N. Trebilcock. The grand lodge session will be held at Port Huron on the third Tuesday in October.

MISSIONARY FROM INDIA.

Dr. Harper, a missionary from India, will address the Women's Missionary society of the Augustana synod at 3 o'clock this afternoon at the Norwegian Lutheran church. He will speak in English, and women of all denominations interested in missionary work are cordially invited to attend.

COMMENCEMENT EXERCISES.
 Members of the Class of 1902 Were Greeted With a Packed House.

It has been many years since a larger audience greeted the graduates of the Negaunee high school than was present at the commencement exercises which took place Thursday evening at McDonald's opera house. Every seat was taken and considerable standing room was occupied. The program rendered was quite different from that given at previous commencements. It was as follows:
 Piano solo, "Norwegian Bridal Procession" (Grieg)
 Mary Louise Gilchrist.
 "Welcome Song" (Wiegand)
 High School Chorus.
 Salutatory
 Edward James Pearce.
 Music, "Hail Mary" (Abt)
 High School Chorus.
 Valedictory
 William Henry Yates.
 Music, "Midnight Mite" (Adams)
 Boy Chorus.
 Address, "School and Life" (Pres. Charles McKenny).
 Music, "Anchored" (Watson)
 High School Chorus.
 Presentation of diplomas
 Supt. Orr Schurtz.
 Miss Helen Almandinger directed the musical part of the program and Miss Julia McAuliffe was the pianist.
 "Knowledge is Power" is the motto of this year's class. The members and the courses they complete are as follows:
 Scientific course—Grace Mary Christopher, Walter Hansen, Myrtle Leele Mitchell and William Henry Yates.
 English-French course—Mary Anna Boyer, Leslie Mackenzie Matfield, Mary Isabella Kirkpatrick and Edward James Pearce.
 Latin course—Mary Louise Gilchrist.
 Elective course—Emma Rowe.
 Commercial course—Henry Joseph Curley, Eva Lavinia Hooper, Michael Curley and Abe Ruttenberg.

AGED DYSPYPTICS.
 The Fluid-Secreting Glands of the Alimentary Canal Dry Up.
 The feebleness of old age is largely due to the inability of the stomach to get needed nourishment from food. The stomach juices have ceased to flow, and food decomposes in the intestines instead of digesting, carrying rheumatic poison through the system, besides causing constipation, piles, mental feebleness, impaired sight and hearing and all the signs of old age.
 Kaskola Tablets supply every element needed for digestion. They prepare the food for assimilation, and help bring back the vigor of youth.
 Dartford, Wis., Dec. 25, 1930.
 The P. L. Abbey Company, Kalamazoo, Mich.

RAIL EXCURSION TO DETROIT.
 The South Shore company has arranged an all rail excursion from this section to Detroit to take place Saturday of next week, July 21. Excursionists will depart on the early morning train, leaving here shortly after 4 o'clock and will arrive at Detroit that night about 9 o'clock. No change of cars will be necessary from the time the train leaves Calumet until it reaches its destination. The trip will be made over the South Shore line to St. Ignace; from there to Mackinac City via the Mackinac Transportation company's line, and from Mackinac City to Detroit over the Michigan Central. In view of the fact that it will be a day-long ride from this county clean to Detroit the trip should be a most pleasant one. The fare for the round trip from this city and Ishpeming will be \$9.75. A lunch car will be attached to the train and good service in that line is assured.

EXCURSION TO MENOMINEE.
 The Chicago & Northwestern Railway company will on Wednesday to Menominee and Marquette on Sunday of next week, June 22. There is to be a big celebration at Menominee that day, conducted under direction of the Scandinavian Republican league of that city. Extensive plans have been made for the celebration and a good time is promised visitors. A special train will run from this county and the round trip fare from Negaunee and Ishpeming will be \$1.75. The fare from the towns in the western end of the county will be \$2. The special train will pull out of Negaunee at 7:20 and will arrive at Menominee at 11:45. Returning, the train will leave Menominee at 7:10 in the evening.

FROM HOT TO COLD.
 Dysentery is prevalent everywhere in summer and is due to uncleanliness, and more abruptly with indigestion of the mucous lining of the large bowel. In America the disease is common, properly treated does not result seriously as in the tropics. Perry Davis' Pinkettes is the best remedy and the most efficacious in the treatment of dysentery.

LOCAL LACONICS.
 Mr. and Mrs. George O'Connor are happy over the advent of a daughter at their home.
 Theophile Roy has completed taking the census of births in this city. The record for last year was 223.
 The building owned by Mrs. Broad on East Tenth street has been painted a bright red, with green trimmings. The improvement is quite noticeable.
 William Maas is preparing to do some exploratory work in the vicinity of Iron River, Menominee range. He recently shipped a diamond drill to that place.
 The remains of the late John C. Cole arrived here last evening. The funeral will be held at 3 o'clock this afternoon from the home of the deceased's mother, Mrs. Julius Jacobson.

Additional Ishpeming
 ISHPERING IN BRIEF.

Mrs. H. Nelson and daughter of Ironwood, are visiting relatives in the city.
 Rev. A. A. Dahlberg of Republic attended yesterday's session of the Augustana synod.

J. E. McDonald, revenue collector for this district, did business in Ishpeming Thursday and yesterday.

The Recreation club will give a hop this evening at the Anderson hall. The usual large attendance is expected.

The funeral of the late John C. Cole will be held from the home of Mrs. Julius Jacobson at Negaunee at 3 o'clock this afternoon.

Ringling Bros' circus trains will pass through Ishpeming tomorrow morning sometime between 8 and 10 o'clock, en route to Calumet.

C. Landin of Appleton has a car load of cows at Oliver Ayotte's pasture for sale. Anyone wishing to see them may do so by enquiring at Losselyong's stables.

The side door in the Peninsula bank building, first floor, is being moved a few feet further to the front of the building. This will admit of more space in the private office at the rear of the banking rooms proper.

Henry Wiggins, late of the Rochester Theological seminary, will preach to the English speaking Baptists at Calvary Baptist church, corner of Third and High streets, tomorrow afternoon at 3 o'clock. The public is invited.

The Superior Posten published a very creditable synd edition this week. About four pages were given up to matters of interest pertaining to the synod and the men who manage the affairs of the organization. Several half tone cuts were used.

The reputation of the Menominee baseball team is such that the game at the park tomorrow afternoon should attract a large crowd of fans. The Cleveland Cliffs men will enter the contest determined to win. The game will start at 3 o'clock.

Members of the Danish Brotherhood society of this city will join the Brotherhood of Negaunee tomorrow morning and all will visit the Ishpeming cemetery, where the graves of departed members will be decorated. The turnout will be about 10 o'clock.

The last hop of the season by the Tromby orchestra will be given next Tuesday night at the Anderson hall. Dancing will be continued until 4 o'clock in the morning and light refreshments will be served. All the parties during the winter came to a close at midnight.

James Green and John Fisher, two well known engineers with the Chicago & Northwestern Railway company, were in the city yesterday. They came up to pull down two special Maceabee trains. There were something like three hundred delegates at the Marquette convention who went over the Northwestern line on the special last night. Green and Fisher will pull Ringling Bros' circus trains over part of the Peninsula division tomorrow.

Negotiations are pending for a game of baseball between teams composed of members of the Catholic Athletic clubs of this city and Calumet, to take place at the Union Park grounds on the 24th inst. It is said that the Calumet boys have a strong team. A good nine can be chosen from among the members of the local organization. Three of the Cleveland Cliffs team, Mike Xavins, George Ruez and J. J. Kerr, are members of the club, and all will play with the local team in case the game is arranged.

OUR WORKING GIRLS.

Help and Health for Those Who Now Cry, "Oh! Dear. I am Really Not Well Enough to Work, But I am Obligated To."

How often these significant words are spoken in our great mills, shops, and factories by the poor girl who has worked herself to the point where nature can endure no more and demands a rest! The poor sufferer, broken in health must stand aside and make room for another.

The foreman says, "If you are not well enough to work you must leave, for we must put some one in your place."
 Standing all day, week in and week out, or sitting in cramped positions, the poor girl has slowly contracted some deranged condition of her organic system, which calls a halt in her progress and demands restoration to health before she can be of use to herself or any one else.

To this class of women and girls Mrs. Pinkham proffers both sympathy and aid. When these distressing weaknesses and derangements assail you, remember that there is a remedy for them all. We have on record thousands of such cases that have been absolutely and permanently cured by Lydia E. Pinkham's Vegetable Compound, restoring to vigorous health and lives of usefulness those who have been previously sorely distressed. Read the following letter.

Here is the Story of Thousands of Young Women who are Helped to Health by Mrs. Pinkham.

"DEAR MRS. PINKHAM:—I am troubled very much with the whites, and a bearing down of the womb. My back aches so that I am hardly able to work. Will you kindly inform me what to do as I am suffering most terribly."
 —Miss MAY BURCHNER, Middle Village P.O., Long Island, N.Y. (Mar. 17, 1900.)

"DEAR MRS. PINKHAM:—I write to thank you for the good your remedies have done me.
 I wrote to you describing my troubles and followed your directions. I had doctored a great deal but nothing seemed to help. After using six bottles of Lydia E. Pinkham's Vegetable Compound and four packages of Sanative Wash I am again strong and healthy. The Sanative Wash cured me of the leucorrhoea (whites). I would recommend your remedies to all suffering women who need them."
 —Miss MAY BURCHNER, Middle Village P. O., Long Island, N.Y.

When a medicine has been successful in restoring to health more than a million women, you cannot well say without trying it, "I do not believe it will help me." If you are ill, do not hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice. It is free and helpful. Write to-day, delay may mean death.

\$5000 REWARD
 Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonial letters we are constantly publishing we have deposited with the National City Bank of Lynn, Mass., \$5,000, which will be paid to any person who shall show to our satisfaction that he or she has obtained the writer's special permission.—Lydia E. Pinkham's Medicine Company, Lynn, Mass.

CIRCUS PASSES TOMORROW.
 Many Negaunee people will be out tomorrow morning to get a glimpse of Ringling Bros' circus trains. It is expected that they will pass through Negaunee between 8 and 10 o'clock. There are sixty-two cars and these will be divided into about three or possibly four sections. It is expected that the transfer to the South Shore line will take place here.

EVERYBODY SAID I HAD CONSUMPTION.
 writes Mrs. A. M. Shields, of Chambersburg, Pa. "I was so low after six months of severe sickness, caused by Hay Fever and Asthma, that few thought I could get well, but I learned of the marvelous merit of Dr. King's New Discovery for Consumption, used it, and was completely cured." For desperate Throat and Lung Diseases it is the safest cure in the world, and is infallible for Coughs, Colds and Bronchial Affections. Guaranteed bottles 50c and \$1.00. Trial bottles free at the Stafford Drug Co.

EVERYBODY'S LIABLE TO ITCHING PILES.
 Rich and poor, old and young—terrible the torture they suffer. Only one sure cure: Dean's Ointment. Absolutely safe; can't fail.

AT BATTLE CREEK

NEXT MACCABEE REVIEW TO BE HELD THERE.

KNIGHTS CONCLUDE CONVENTION

EXPANSION IDEA IS EXTENDED TO SALARIES.

Well-Merited Increases Given Boynton and Watson—Lively Debate on the Liquor Question a Feature of the Closing Session.

With the selection of Battle Creek as the meeting place of the next biennial review, to be held in June, 1904, the great convention of Maccabees came to an end yesterday and tonight saw the exodus of delegates well under way.

The close of the review came shortly before noon, after a session of less than two hours in duration. The proceedings throughout were characterized by hearty and the spirit of fraternity was rampant to an enthusiastic degree. The Boynton men—and all the delegates appeared to be Boynton men—continued in full control, and every proposition especially favored by the major was carried without a struggle. However, there was no "railroading" of the business. Full and complete opportunity was given for deliberate action on the important propositions that were presented and the convention acted always intelligently and just at its itself saw fit.

Liquor Question Bobs Up.

During the closing session the liquor question was interjected into the deliberations by a report from the committee on laws recommending the adoption of an amendment providing that hereafter stockholders in a brewing company or in any other concern engaged in the manufacture of malt or spirituous liquors be not barred from the benefits of the order. The amendment was designed to cover the case of members who through inheritance or stock deals became in possession of the said stock, the holding of which under the laws of this order implies connection with the manufacture and sale of intoxicants. A lively debate was precipitated on the proposition, but in the end the project was practically defeated by being referred back to the committee, where it will slumber for two years at least. The plan came up at the Saginaw review six years ago and at that time, too, went down in defeat.

With great enthusiasm the convention donated liberally to the support of the hospital beds maintained by the ladies' branch of the Maccabees, the action being taken after an embassy from the great hive had stated a request for financial assistance and had explained the movement.

Expansion in the Salaries.

The salary of the great commander was increased from \$1,500, which it was generally realized was far too low, to \$3,500. The friends of the major voted to have made the amount \$3,000, which would be more in accord with the salaries paid to the heads of other fraternal organizations, but Mr. Boynton would not have it that way and objected that the amount be made as large as proposed. "Tom" Watson will also receive a larger remuneration than formerly, the convention voting him an increase of \$500, to \$3,500, despite that the finance committee recommended that his salary remain the same. The finance keeper, too, was given an increase as far as the regular salary is concerned, but as he will no longer have the use of the funds of the order he will probably not draw as much as in the past. His salary was raised from \$700 to \$1,500. And thus the idea of expansion was also carried out with reference to salaries as well as jurisdiction.

The issuance of certificates for \$500 and \$1,500 were authorized, the amount of the policies heretofore having been limited to \$1,000 and \$2,000. Included in the other business disposed of was the decision to adhere to the system of deputies in the extension of the order to new fields.

Doings in Detail.

The review was called to order a few minutes before 10 o'clock and Chairman Melvain, of the committee on laws, was given the floor. Mr. Melvain has written him another batch of proposed amendments which the committee deemed advisable of adoption. The reading of the first one created considerable of a stir and some lively debate.

This amendment related to the liquor question in so far as it concerned the stockholders in brewing or other companies engaged in the manufacture of intoxicants. As the laws are at present made up, it was stated, the person even indirectly engaged in manufacturing malt or spirituous beverages was barred from membership in the order, as well as the bartender or saloon-keeper. It was proposed to change the provision so that a person who comes into possession of brewery or other similar stock would be entitled to membership, the amendment being designed to protect the innocent holder.

The statement of the amendment was greeted with cries of "Vote it down!" that showed a considerable adverse sentiment in the hall. Perry F. Powers, a member of the law committee, was recognized and took the floor in support of the proposition. It was a plain business proposition, he said, and sentiment should not be allowed to have influence. The new provision had been compiled so that should a member come into possession of stock through inheritance or by stock market deals, in the latter case with the intention of holding it but temporarily, he should not be ousted from the benefits of the order.

Proposition Sidetracked.

The explanation of the auditor general was endorsed by Delegate Buchanan of Grand Rapids, who was followed by S. D. Williams of Battle Creek, a member of the committee on laws. The latter stated that he did not concur in the amendment, and did not believe that

the order should deny the bartender admittance to its benefits and at the same time open the doors to the millionaire brewer or manufacturer, who had more to do with the extension of the liquor traffic than the saloonist. He argued along this line for some little time, and throughout his address his remarks were punctuated with applause. One delegate, however, asked how many millionaires there were who took out fraternal insurance. That was not the question, Mr. Williams replied—there was a principle at stake that must not be overlooked.

In the body of the hall, Delegate Frederick of Traverse City, one of the newly elected members of the executive committee, arose and supported the proposed amendment as a business principle, but, he said, he would make it clear that stock falling into the hands of a member must be sold within sixty days, with the alternative that the holder be subject to suspension.

Delegate J. E. Williams supported the amendment in so far as it would protect the innocent holder of stock and still bar the man who makes a business of manufacturing intoxicating beverages. He moved that the matter be referred back to the committee for further investigation and amendment in accordance with his idea. This solution was received with favor and the motion to refer was carried with little opposition, sidetracking the proposition for two years.

Postal Laws "Dodged."

A second amendment proposed a change in the laws whereby ten cents of the \$1 per capita tax should be applied as the subscription price of the official organ. This, it was explained by Record Keeper Watson, who by the way was received with vociferous applause, was simply designed so that it would be possible to incorporate the amount of the subscription price on the front page of the paper in order that the publication be not excluded from the privilege of second class matter, as had been threatened. "It is only to dodge the postal laws," remarked Major Boynton, and amid laughter and applause the amendment was carried.

At this time Commander Boynton announced that a committee from the great hive was present and desired to be heard. He called upon Mrs. Arthur Van Dyne, chairman, and the lady stepped to the front of the platform. She addressed a few words and introduced Mrs. Sarah J. DeTour of Detroit. The latter immediately announced the purpose of the visit. It was to obtain financial support for the hospital beds maintained by the L. O. T. M. organization. Mrs. LaTour, who is prominent also as a leading W. C. T. U. worker, explained in an interesting way the hospital bed movement. The demands she said were overwhelming and the beds were totally inadequate to meet them. There were now on hand many applications for needed hospital treatment that could not be complied with. Mrs. LaTour was followed by Dr. Emma Cook, medical examiner of the Lady Maccabees, who further explained the movement and the desires of the committee.

Get More Than They Expected.

Judge Kendrick of Saginaw was recognized in a graceful address, proposing the idea of lending financial aid. He moved that for the woman's bed at Grand Rapids \$100 be appropriated from the general fund and a similar amount for the bed maintained at Detroit for children. That the proposition was heartily favored was shown by cries of "double it," "make it \$500," and amid great enthusiasm the major put the motion appropriating \$500 for each bed. It was carried with a great volume of yeas, followed by liberal applause.

The committee of ladies was fairly overwhelmed with the generosity of the Knights, and with beaming faces the members briefly thanked the convention. They had hoped for the success of their mission, they stated, but had not dreamed that the Knights would be so liberal.

"When a little girl," Mrs. Van Dyne stated, "I was offered ten cents at one time to keep my mouth shut. I wouldn't do it. But now that you have given us \$500, I haven't another word to say."

"God bless you," exclaimed Mrs. LaTour as she left the platform, and with happy faces the ladies retired to report to the great hive the success of their errand.

Amendments Given Immediate Effect.

On motion, it was voted without opposition that the various amendments adopted by the convention be given immediate effect, and thus the executive board and commander are authorized to at once inaugurate the work of extending the membership to other states.

An amendment was adopted so that a definite time was fixed for the payment of the per capita tax. It was also unanimously decided to legalize the action of the executive committee in all matters pertaining to the order, no matter which name appears in the records. This was done so as to avoid all legal technicalities. The laws were amended so that certificates of \$500 or \$1,500 can be had as well as other certificates.

The committee on appeals brought up the case of a young man who purchased carbolic acid, poured it into a glass of beer and swallowed it, resulting in his death. He left a widowed mother with seven children. The committee reported to disallow the claim and Judge Kelly appeared in behalf of the old lady. Sir Knight Evans also made an eloquent appeal for the widow, and the claim which was for \$2,000 was allowed.

Resolutions of commemoration were adopted on the death of the late Alex. H. Avery, past great commander and first life commander of the order. Commander Boynton spoke feelingly on the death of his old friend and brother and delivered an eloquent eulogy to his memory.

Following the resolutions of appreciation to the citizens and others were then adopted as published in another column.

Salaries Question Comes Up.

The committee on finance recommended that the salary of the great finance keeper be raised from \$700 to \$1,500; that of the record keeper

remain at \$3,000 and that the salary of the great commander be raised from \$1,500 to an adequate sum. Sir Knight Buchanan then offered a resolution that Major Boynton's salary be raised to \$5,000 per annum. He highly recommended the work of the great commander and urged that with his increased responsibilities it was but fitting that he receive a much larger remuneration.

Major Boynton took the floor and said he didn't want the delegates to raise his salary to that amount. He thought it was better to go out for a raise just because the order had decided to expand, and said a smaller amount would be sufficient. It was moved that the salary be fixed at \$3,500, and this was carried unanimously. Great Record Keeper Watson's salary was then raised to \$3,500 by a rising vote.

J. B. Melvain, chairman of the committee on laws, said he did not believe that \$1,200 was sufficient for the great finance keeper and thought it should be placed at \$1,500. He explained that the finance keeper would no longer be allowed the use of the order funds, but interest on which has been considerable. The increase was voted unanimously.

Plum to Battle Creek.

The matter of locating the next convention then came up. Sir Knight Evans reported that the conference committee of Knights and Ladies favored Battle Creek by a vote of six to three. Sir Knight Lusk, as a representative of Bay City, took the platform and said the delegation from Bay City would withdraw in favor of Battle Creek. His statement was greeted with cheers. Judge Kelly then extended the formal application to visit Battle Creek and it was unanimously accepted. A. M. Slay started in to thank the convention on behalf of the city of Battle Creek, but Major Boynton jokingly told him thanks were unnecessary.

Deputy System Endorsed.

The matter of the number of deputies to carry the work of expansion was an interesting matter to then came before the convention. Delegate Jeffries of Detroit, a member of the executive board, said it would only cost \$1 per capita and there would be no greater cost to the membership. He contended it should remain with the executive committee and this action was sustained. This matter was of considerable interest to the delegates and they seemed well pleased with the decision.

Past Commander Connor then moved to proceed with the installation of the newly elected officers. At this point some of the delegates, who were in the hall, "Saw, boys," cried the great commander, "you won't get a dum cent if you go away now. I was just going to tell you where to get your money." The "boys" made a quick scramble for their seats and were greeted with rounds of laughter.

The installation ceremonies then proceeded and after Pickett Sinaberg had sounded the closing ode through his graphophone arrangement the great camp was declared adjourned sine die.

The phonographic arrangement of Pickett, now Sentinel, Sinaberg is deserving of special mention. It had been the custom to open the convention with the sounding of the trumpet by the picket, this being done by voice alone and with the trumpet itself minus. Mr. Sinaberg, however, had made a large trumpet, emblematic of the order, and in it was incorporated a graphophone. At the opening of the convention the machine was started, and the strains of "America" and of the opening ode were easily heard in all sections of the great hall. Mr. Sinaberg was honored by advancement from picket to sentinel.

A RUN ON THE BANKS.

But It Did Not Threaten Marquette's Stable Institutions.

There was a run on Marquette banks yesterday, but it was not the kind of a run that threatens business recovery, it was a legitimate business run for which the Maccabees attending the great camp as delegates were responsible. Yesterday they received their checks footing up the amounts of their mileage allowance and the \$3 per diem that they received for the time they were in session. As rapidly as the checks were dealt out, they sought one or another of the banks and received their currency.

The banks were provided with extra money to meet the unusual demands, approximately the amount of the disbursements having been shipped in for that purpose some weeks ago, so that the unusual rush did not interfere in any way with the transaction of the regular business.

But it did give the bank officers and clerks a busy day. The noon hour was a popular time with the Maccabees for cashing their checks and the bank people had keen appetites before they could get to their luncheons.

The disbursements totalled in the neighborhood of \$25,000 and over nine hundred Maccabees were in possession of checks drawn by the great officers.

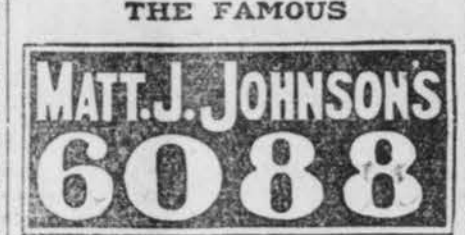

Business was more lively for many of the merchants and others yesterday than it had been at any previous time during the week. Maccabee hearts expanded as the great camp dollars clinked down into their trouser pockets and the money flowed into circulation quite freely. There was a thriving business in souvenirs yesterday. Many visitors were looking for mementos of their stay in Marquette.

DETROIT WAS AFTER IT.

Wanted the Headquarters of Great Camp If Removed.

Harry Lansfield, commander of Michigan tent, K. O. T. M., of Detroit, who was in attendance at the convention in the interest of changing the headquarters of the great camp to Detroit, came equipped with an invitation from Mayor Maybury of Detroit and the entire backing of the Wayne county delegation, but as the question was sidetracked Saginaw and Detroit will be in the light two years hence, and the matter will be opposed by the Port Huron supporters. There is no question that there is considerable of a sentiment among Maccabees that the headquarters of the great camp should be removed from Port Huron in order that the business be not transacted so close to the influence of the great camp, especially now

that the two orders will compete for members in the same states. In Mr. Lansfield, Detroit was ably represented, and had the matter been brought before the great camp he would without a doubt have put up a brilliant and convincing struggle for the plum.

DETROITERS ENTERTAIN.

City of Mackinac Ran a Short Excursion Yesterday Afternoon.

The Detroit Maccabees who came to Marquette in the D. & C. steamer City of Mackinac to attend the great camp and have entertained their friends yesterday afternoon with an hour's run on the lake. The steamer left her berth at Spear's coal dock with a thousand or more people aboard, they being Marquette friends of the Detroiters and their Maccabee brethren. Admission to the craft was by ticket, but there was a big rush before the sailing hour, as the pasteboards had been profusely distributed. While the capacity of the Mackinac was by no means taxed, she was fairly well crowded and her decks presented very lively scenes.

The steamer ran out past Presque Isle and headed out into the lake. After a run of several miles, she was gradually brought about and headed into port. The afternoon was ideal and there was general satisfaction with the trip. There was good music. The craft's regular orchestra was stationed on the lower deck and its efforts to entertain the crowd were eeked out by a little German band which a number of choice spirits had picked up in the city and brought aboard the Mackinac. The band tooted away on deck for a time but presently this amusement grew too tame for its sponsors, who insisted that the band be taken on board. A fine Indian file march through the boat. This feature, carried out with spirit and abandon, greatly amused the more sedate passengers.

The Mackinac left the dock shortly after 4 o'clock and was discharging its passengers at about twenty minutes after five. The run was a delightful feature of the review and the courtesy of the Detroit delegation was greatly appreciated by their guests.

The Maccabees cleared for Detroit about ten last evening. The Maccabees who took advantage of the boat's excursion for attending the convention expressed great satisfaction with their arrangement. They enjoyed a fine lake trip and good accommodations here at a very reasonable rate.

NORMAL SCHOOL EXERCISES.

Rev. J. M. Rogers Will Give Baccalaureate Address Tomorrow.

The baccalaureate exercises of the Northern State Normal school, marking the beginning of this year's commencement, will be held at the auditorium of the institution at 3 o'clock tomorrow afternoon. The address will be given by Rev. J. M. Rogers, of the Presbyterian church. All who are interested in the school are very cordially invited to be present. The program arranged for the occasion is as follows:

- "O Shepherd of Israel"..... Normal Chorus.
 - Invention.....
 - "O Saviour, Hear Me".....
 - Miss Sophia Linton.
 - Sermon..... Rev. J. M. Rogers.
 - "The Strain Uplift"..... Miss Irene Johnson, George Trucker, Miss Agnes Withey, E. W. Allen.
- The program of exercises for the third annual commencement exercises to be held from June 15 to 18, has been arranged. It is as follows: Tuesday, June 17, 3 p. m., class day exercises; Wednesday, June 18, 10:30 a. m., commencement address, Nathaniel Butler, Ph.D., of the University of Chicago; conferring a diploma; Alumni dinner, 1 p. m.

LIFE.

The poet's exclamation: "O Life! I feel thee bounding in my veins," is a joyous one. Persons that can rarely or never make it, in honesty to themselves, are among the most unfortunate. They do not live, but exist; for to live implies more than to be. To live is to be well and strong—to arise feeling equal to the ordinary duties of the day, and to retire not overcome by them—to feel life bounding in the veins. A medicine that has made thousands of people, men and women, well and strong, has accomplished a great work, bestowing the richest blessings, and that medicine is Hood's Sarsaparilla. The weak, run-down, or debilitated, from any cause, should not fail to take it. It builds up the whole system, changes existence into life, and makes life more abounding. We are glad to say these words in its favor to the readers of our columns.

A STRONG PULL.

our pure and choice wines, liquors, whiskies and cordials have with the public who appreciate high-grade excellence in wet goods generally. We have a superior stock of the best domestic and imported wines in the country that have purity, age and low prices to recommend.

The Key to Summer Comfort

Get Real Perfumes

The art of making perfumes is so complicated that few master it. It is easy to make an odor that will seem desirable when smelled from the bottle; but to give this odor permanence and the quality of remaining sweet and unchanged on the handkerchief requires skill that few perfumers possess. It is the maker's name and not the name of the odor that counts. We carry a large assortment of the finer grades of perfumes. They have every quality that good perfumes should have. They cost you no more than the poorer sort.
