## AUSPICIOUS EVENT

**CORNER STONE OF ALGER COUNTY-TY'S NEW COURT HOUSE LAID.**

**CEREMONY WAS HELD SATURDAY**

**BIG DELEGATIONS FROM SURROUNDING POINTS PRESENT.**

General Alger and President W. G. Mather, of Cleveland-Cliffs Iron Co., Present - Latter Tells of Future Plans.

Manistig, June 15.—(Special)—The laying of the cornerstone of Alger county's new court house at Manistig yesterday marked an epoch in the history of that county in various ways. Perhaps the most satisfactory event of the day to the people of the county was the short address of Mr. W. G. Mather, president of the Cleveland-Cliffs Iron Co. For many months there has been by many an impatient waiting for a public statement from Mr. Mather as to the plans of the company for the development of Alger county and while he made no specific statement yet his remarks convinced his hearers that there is no doubt as to the future prosperity of Manistig and Alger county.

Many distinguished guests were present from various parts of the state, among whom were General and Mrs. Russell A. Alger and Captain and Mrs. Fred Alger, of Detroit, who arrived in the general's private car "Michigan."

The parade, which was to have formed at 1:30 in the afternoon, had to be postponed an hour and a half on account of the rain. The parade was led by the Ishpeming Orchestra band. Following came three hundred public-school children, the members of the local lodge of Masons with the numerous visiting brethren from neighboring towns, the Odd Fellows, the Manistig Fire department; members of the International Longshoremen's Association, members of the United Workmen, the Negaunee Orchestra band, Knights of Pythias and members of the local labor union.

Arriving at the court house, Village President E. G. Sullivan officiated as master of ceremonies until the work was turned over to the grand Masonic officers. In a few well chosen words Mr. Sullivan welcomed the visitors to the village, and gave expression to words of appreciation for the honor that has been conferred upon the village by the presence of the many distinguished guests. In introducing Gen. Alger as the first speaker, Mr. Sullivan spoke of the love and esteem which the people here have for the "Father of Alger county." The general still suffers from the effects of the operation which he underwent some months ago, and all present appreciated the truth of his statement that owing to his physical condition his remarks would necessarily be very brief. He said that he was present because of a selfish motive. He "had a desire to visit beautifully located Manistig, with its magnificently wooded hills and its incomparable harbor." He rejoiced with the people of the county upon the many evidences of prosperity and congratulated them upon the assurances of a bright future.

The next speaker was Hon. Timothy Nester. In introducing him the chairman said that the first time the "father of Manistig" visited the village site he did not come in a private railroad car, nor did he ever drive in a carriage, but had pushed his way through almost impenetrable cedar swamps. Mr. Nester was in his usual happy mood and his address pleased the immense audience. He spoke of the work of first building Manistig, then its period of lethargy. He paid a high compliment to the officials of the Cleveland-Cliffs Iron Co., particularly the president. He said: "The chairman has been kind enough to speak of me as the 'father of Manistig.' I wish to say that president Mather is the 'father of Manistig.'" He said that the village had been passing through its childhood and had experienced the measles, mumps and other diseases incident to childhood, but, thanks to Dr. Mather, it had now developed into a thriving, healthy youngster.

An unfortunate accident occurred during the speech making. A horse bolted and ran into the crowd knocking down Mr. McCarty an aged man, severely injuring him. The crowds surrounding the speaker's platform were the largest ever witnessed in Manistig and embracing delegations from many surrounding cities. Following the ceremony of laying the corner stone an elaborate program consisting of a baseball game, boat and horse races and a log rolling contest was held and was thoroughly enjoyed by the crowds.

Mr. Mather after the exercises entertained a party on board the steamer Presque Isle with a ride to Pictured Rocks. Included in the guests were General Alger and son and their wives, Hon. Peter White, Hon. Timothy Nester and many others.

**SPOKE TO U. OF M. GRADUATES.**  
Ann Arbor, Mich., June 15.—President Angell of the University of Michigan tonight delivered the baccalaureate sermon to the graduating class. The hall was filled with students and their friends.

## KILLS AND IS KILLED.

**H. N. Rice Shoots Mrs. Sahler and is in Turn Shot by Another Woman.**

**EDWARD HAS A CHILL.**

**King Stayed Out Late in Night Air and Subjects Are Worried.**

London, June 15.—King Edward is suffering from a chill, the result of a prolonged stay out of doors last night upon the occasion of a torch light procession at Aldershot. The chill is accompanied by symptoms of lumbago. The reports of his majesty's illness naturally caused apprehension but apparently there is no reason to anticipate serious results.

**DIED OF HEART DISEASE.**

**G. M. Lamberton, a Prominent Lawyer, Expires Suddenly in Chicago.**

Chicago, Ills., June 15.—Genio M. Lamberton, a leading lawyer of Lincoln, Neb., died today of heart disease at the Palmer house. Saturday he saw a game of baseball and in the evening responded to a toast at the Chicago University banquet. He retired about midnight. This morning his wife found him unconscious. A physician was summoned and pronounced him dead. Under President Harrison, Lamberton was assistant secretary of the treasury.

## PROGRAM FOR WEEK

**SENATE WILL HAVE FINAL DEBATE ON CANAL BILL.**

**VOTE WILL BE TAKEN THURSDAY**

**HOUSE WILL TAKE UP SUSPENDED BUSINESS.**

**Discussion of Philippine Government Measure Begins June 19 and Will Be Voted On the Following Wednesday.**

Washington, June 15.—The senate will meet at 11 o'clock each morning up to and including Thursday in order to permit ample opportunity to discuss the canal bill prior to voting on the bill and amendments Thursday. The four days preceding the vote will be crowded with speeches on the bill. The supporters of the Panama route are confident of the success of the Spooner bill. The London dock charge bill and the bill for pure food will be considered during the week, if opportunity offers.

A strong effort will be made to have the Cuban reciprocity bill in readiness to be made unfinished business when the canal bill is disposed of.

**Program for House.**

Tomorrow is suspension day in the house and the speaker has agreed to recognize a number of members to move the passage of bills under suspension. The remainder of Monday and Tuesday is set aside for the consideration of the bill to amend the bankruptcy act. Wednesday the general deficiency bill will be taken. Thursday the consideration of the Philippine government bill will begin. Day and night sessions will be held for a general debate until the following Tuesday, when the bill is open to amendment under the five minute rule. The final vote will be taken Wednesday.

**OREGON MAN HUNT ENDED.**

**Militia Abandons Search for Two Convicts.**

Portland, Ore., June 15.—Tracey and Merrill, the convicts who escaped from the Oregon penitentiary last Monday after killing three guards, have completely eluded the militia and sheriff's posse. Last night the search was abandoned. No trace of the outlaws has been found since yesterday, when they ate lunch at a farm house near Needy. F. S. Ingram, Vancouver, Thursday was wounded while trying to frustrate last Monday's delivery at the penitentiary, will be pardoned by Governor Geer. Ingram's wound was serious and at one time he was reported to be dying. A leg was amputated.

**VICTORY FOR VENEZUELA REBELS**

**Reported in London That the Revolutionists Have Captured Caracas.**

London, June 15.—The newspapers print a statement issued by the local Venezuelan revolutionary committee saying that the revolution in Venezuela has succeeded. The committee believes that the insurgents have already captured Caracas.

**CHARGED WITH CONSPIRACY.**

**Dublin, June 15.—Patrick McHugh, a member of parliament, has been arrested on a charge of conspiracy and intimidation in connection with the complaint of a tenant on a farm from which a member of the United Irish league had been evicted.**

**CONFIDENCE IN GEN. CHAFFEE.**

Manila, June 15.—The chamber of commerce has presented to General Chaffee resolutions expressing confidence in Chaffee and the army in the Philippines.

## MINNESOTA STORM SWEEPED.

**Wires Are Down and Details Impossible to Get.**

**SICILY IS SHOCKED.**

**Earthquakes Felt but Disturbance Caused No Damage.**

Syracuse, Sicily, June 15.—Strong earthquake shocks accompanied by underground rumblings were experienced here last night. The inhabitants are panic stricken. The disturbances caused no damage. For several days past the sky over Sicily has been overcast and the heat was overwhelming. Shocks of earthquake were reported from the other parts of the island.

**SOLDIERS WERE BOLOED.**

**Friendly Filipinos Say Americans Captured May 30 Have Been Killed.**

Manila, June 15.—Friendly natives say the report is current among their countrymen that the five soldiers captured May 30, were boload to death near Teresa, Luzon. The report is not confirmed by the American authorities of that district. Twenty-five insurgents captured while fighting with General Lukban in Samar took the oath of allegiance and were released on promising to assist in maintaining peace in Samar.

## MAKE CUBA A STATE

**SENATOR ELKINS INTRODUCES A RESOLUTION TO THAT END.**

**GOVERNMENT MUST FIRST CONSENT**

**WOULD BE PLACED ON SAME FOOTING AS OTHERS.**

**Bill Provides That President May Proceed More Directly for Admission Than Through Regular Channel.**

Washington, June 15.—Senator Elkins yesterday introduced a joint resolution of the senate providing for the annexation of Cuba and for its admission as a state of the union. The resolution grants the consent of congress to the election of the republic of Cuba as a state of the union to be called the state of Cuba with a Republican form of government to be adopted by the people of said republic by deputies in convention assembled with the consent of the existing government. A condition is specified that the constitution of the proposed state shall be submitted to congress not later than Jan. 1, 1904. There was also a provision that the debts of Cuba shall not become a charge upon the general government.

There also is an alternative provision giving the president authority if he prefers to proceed in a more direct way for Cuba's admission under the terms of the resolution itself "instead of proceeding to submit the resolution to Cuba as an overture on the part of the United States." If the latter course is pursued a state is to be formed "out of the present republic of Cuba with a Republican form of government and with representatives in congress and be admitted into the union by this act, on an equal footing with the existing states as soon as the terms and conditions of such admission shall be agreed upon by the governments of the republic of Cuba and the United States." The resolution provides for the appropriation of \$100,000 to carry its provision into effect.

**Texas a Parallel Case.**

The resolution was not referred to a committee, but at Mr. Elkin's suggestion was allowed to lie on the table. Senator Elkins, speaking of the resolution introduced today for the annexation of Cuba, said that Texas was admitted under precisely the same terms as this resolution provided for Cuba. He said he preferred the admission of Cuba in preference to granting \$6,000,000 a year on her account out of the revenues without knowing where it would go. By providing for the admission of Cuba there would be no more differences in tariff relations with the island.

**TORNADO IN IOWA.**

**Buildings and Crops Destroyed—One Fatality.**

Sioux City, Ia., June 15.—A tornado near Blenno, Ia., last night lifted several freight cars from the Northwestern sidetrack, demolished them and stopped traffic for several hours. The body of Patrick Brennan of Chicago was today found buried in the debris. The storm damaged other nearby places, unroofing outbuildings and felling crops.

**NEGRO SHOOTS WHITE MAN.**

Peru, Ind., June 15.—John Haynes, colored, shot and mortally wounded Clarence Gillespie, white, this afternoon. Haynes was captured by a crowd of men who were determined to lynch him, but the officers rescued the negro and placed him in jail.

## WILL RESUME WORK

**STRIKE IN VIRGINIAS HAS PRACTICALLY PETERED OUT.**

**OPERATORS MAKE CONCESSIONS**

**MINERS STILL OUT ARE TRYING TO ENLIST RAILROAD MEN.**

**Forty-Two Thousand Employes in Soft Coal Fields of Pennsylvania Ready to Quit When Mitchell Says the Word.**

Charleston, W. Va., June 15.—It is believed that mining will be generally resumed in the Kanawha and New River districts this week and the Elkins region tomorrow. The company made a number of concessions and it is believed there will be a general resumption along the Kanawha and Michigan railway tomorrow.

Fairmont, W. Va., June 15.—Reports from throughout the coal region are that Sunday was an uneventful day. All the plants in this district expect to resume tomorrow.

Wilkes-Barre, June 15.—President Gilday, of the Bituminous district, Pennsylvania, says that over 42,000 miners in his district will strike if President Mitchell so orders.

Clarksburg, W. Va., June 15.—An effort is being made to induce the railroad men to refuse to handle coal mined in this district. Success would mean the complete suspension of mining. Some uneasiness is felt among the operators.

**MANY BOERS SURRENDERING.**

**Total to Date is 16,500—Kitchener Reports Everyting Satisfactory.**

London, June 15.—Dispatches from South Africa show that the surrenders of the Boers are proceeding with the greatest good will. The total now is 16,500. The appearance of De Wet at Windburg camp was the occasion of a great display of enthusiasm. Thousands of Boer men, women and children struggled and clamored to shake the hands of their hero. He made a speech in which he advised his hearers to be loyal to the new government.

Lord Kitchener reports that 2504 Boers have surrendered since June 13, and that everything was moving satisfactorily.

**LIGHTNING KILLS ONE MAN.**

**Electrical Storm Strikes Chicago Doing Considerable Damage.**

Chicago, June 15.—During a storm this afternoon three churches were struck by lightning and a panic ensued among the Sunday school children and one man was killed. The bolt struck the Calvary Presbyterian church and created a panic among the children attending Sunday school and set fire to the building. The children were rescued without serious injury. The German Episcopal church was destroyed and the steeple of the Church of Our Lady of Sorrows was demolished. Joseph Millan, while resting in a fisherman's hut on Lake Calumet, was killed by lightning and in a different part of the city many persons received shocks.

**MORE RIOTING IN PAWTUCKET.**

**Strikers Recommence Disturbances and Soldiers Quell Them.**

Pawtucket, R. I., June 15.—The strikers maintained order in the central portions of the city today but the rioting broke out in the suburbs and Central Falls. The trouble was caused by the resumption of street railway traffic which was temporarily suspended. The rioting was so serious that the company was compelled again to suspend service. The rolling stock was damaged and the employees hurt. The mayor of Central Falls has demanded that the troops be withdrawn which was done.

**GERMAN DUKE COMING.**

**Frederick of Mecklenburg-Schwerin Will Cruise American Waters.**

Berlin, June 15.—It is stated that Duke Paul Frederick of Mecklenburg-Schwerin will soon visit America. Duke Paul is twenty years old and is connected with all the royal houses of Europe. He is a lieutenant in the German navy and will cruise in the southern waters of the United States in the training ship Charlotte.

**EARTHQUAKE IN OREGON.**

**Two Shocks Felt but No Serious Damage Resulted.**

Newport, Ore., June 15.—Two sharp earthquake shocks were felt here last night and another early this morning. No damage was done.

**THREE DROWNED IN STORM.**

Port Huron, Mich., June 15.—During a gale this afternoon Arthur Martin, aged twenty-one, Beatrice Abraham, aged fourteen, and Norma Abraham, aged seven, were drowned in Lake Huron by the overturning of a rowboat.

**LORD HOPPE'S HEART HEALED.**

London, June 15.—The engagement is announced of Lord Francis Hope and Beatrice Ricketts. They are cousins.

Catarrh

Is a constitutional disease. It originates in a scrofulous condition of the blood and depends on that condition.

It often causes headache and dizziness, impairs the taste, smell and hearing, affects the vocal organs, disturbs the stomach.

Hood's Sarsaparilla

This great medicine has wrought the most wonderful cures of all diseases depending on scrofula or the scrofulous habit.

HOOD'S PILLS are the best cathartic.

CHIEF OF POLICE.

C. T. FAIRBAIN, Chairman Marquette County Republican Committee.

The soft coal miners are rejoicing at a break in the ranks of the operators in the West Virginia fields.

It is confidently predicted that the other operators will follow the sensible example of their confederates in securing peace by granting the trifling concessions asked by the men.

The state university is no loser as a result of Colonel E. R. Sutton's ignominious flight to avoid arrest on a charge of perjury in testimony given in connection with the military "steal."

Governor Bliss has appointed the Hon. Levi L. Barbour of Detroit to fill the vacancy left by Sutton's resignation.

Mr. Barbour is known to every alumnus and friend of the university, through his former services on the board of regents, as a conscientious, tireless and enlightened worker in its interests.

He will take his duties seriously and will give much of his time to the board's work. He is far excellence the man to fill the vacancy and the governor has rendered a great service to the University of Michigan by appointing him.

Editor Helber, ex-Republican congressional committee-man and owner of an German paper of some influence at Ann Arbor, Washenaw, who, it will be recalled, has been nursing a great dissatisfaction ever since he found that, contrary to his expectations, he was not going to receive the appointment as postmaster at Ann Arbor, has belted his party in the matter of congressional and gubernatorial candidates in right earnest.

Townsend of Jackson, who hopes to go to Washington this fall, recently wrote Helber soliciting his support and this was the cold dish handed him in reply.

"While I do not feel unfriendly to you personally, yet I do not expect to aid you or Governor Bliss in the coming contest in any way. On the contrary, I shall oppose you both vigorously if the Democrats make any good nominations, as I believe that this is the only way to rid our party of the boodlers and criminals who make our nominations with hired Democrats, and whose crimes are rewarded with the public patronage.

"The men in our party who get the

honors and who have them to peddle out, get them not because they gain the party votes, but for the very crimes they commit against the party; for smashing the party. It is a shame and humiliation to be a Republican at present in Washenaw."

Of course the question would Editor Helber be in this pessimistic frame of mind if he had landed the Ann Arbor postoffice naturally suggests itself. Notwithstanding, there is that in his statement which demands attention.

The dissatisfaction in the second district is not confined to Helber. There is a thoroughly disgruntled, if now small, minority. This is particularly true of Washenaw where there is rather "too much Judson." There will be many Republican votes for Democratic candidates in this district the coming fall and their number will increase with each succeeding election until there comes a great fall, unless the G. O. P. leaders will consent to popularize their rule by giving fair treatment all around and eschewing underhand methods.

Banking Commissioner Maltz has just issued his annual report, which contains an interesting lot of statistics on Michigan banking. As there is no session of the legislature this year, the commissioner offers no recommendations for changes in the present laws.

During the year, twenty-two new banks and one trust company were organized in the state, causing an increase in the banking capital of \$1,100,000.

But one bank went into voluntary liquidation—the Mechanics bank, of Detroit. The Peninsula Trust Co., of Grand Rapids, was merged into the Detroit Trust Co., and seven state banks renewed their corporate existence during the year.

Two banks reduced their capital stock—the Oceana County Savings bank, of Hart, to \$40,000, and the Farmers State bank, of Concord, from \$25,000 to \$25,000. Five banks increased their capital stock, making an increase of \$90,000 in the banking capital of the state.

The bill providing for the maintenance of irrigation works in the western and southwestern states, passed the house Friday by a big vote in which party lines were not a factor. The bill is comprehensive in its provisions and there is every reason to believe that it would be favorably received in the senate.

Unless it is really faulty in some of its provisions, it should be passed forthwith. If we are to redeem the arid lands of the west and southwest, we cannot make too early a start. It will be a great work and a number of years will be needed to bring appreciable results.

Mistakes will be made. Plans that were considered practicable will fall and other plans will have to be devised. The years will pass quickly and still irrigation will be far from perfect or generally applied.

With such tremendous improvements in time is an important factor. Now that the advisability of the redemption of our arid lands is generally admitted, we cannot set about the work of making them productive fields and gardens any too soon.

Tammany, in the following statement, has again announced that Croker is no longer part and parcel of the Hall:

It is stated once and for all that Richard Croker is not the leader in or of Tammany Hall and that he will never again be that leader. His friends and former associates who regarded him as one having the highest capacity for leadership are all agreed to this.

The condition that permitted individual leadership have passed. The executive committee have authorized the present management to do the real executive work of Tammany Hall and with the information and advice of all other members of that committee we purpose to direct the affairs of the organization to the best of our ability."

If Croker was anything but entirely effulgent to the considerations that make for pleasure or sorrow with the average man, he might express indignation at the studied efforts to divorce him from the Democratic organization of New York city as if he were a tainted thing. But Croker's connection with Tammany has never been sentimental; it has been a matter of dollars and cents. The Hall's latest statement does not do one. It is too transparent.

It asserts that the time for individual leadership is past and that committee rule is to be inaugurated. But the committee will rule so as to anticipate Croker's wishes and he will be the same old "boss," though he may be a little better concealed from the public. Nixon's experience with Tammany and his prompt and splendid resignation, when he found that the hirings and "booblers" were simply trying to trade on his high personal character and his reputation for integrity and patriotism, should be sufficient to convince everyone that Croker has a grip on the Tammany organization that will be loosened only at his own pleasure or by his death. Tammany can issue statement upon statement, but its work will continue to be Croker's mark because it will be Croker's work. He is a veritable old man of the sea to the Hall. It could not shake him off if it would, and there is every legitimate reason for doubting that it has any desire to do so.

QUAY IN THE SADDLE.

Attorney General John P. Elkins has gone the way of all Pennsylvania politicians who try to cast off the Quay yoke and act with any degree of independence.

The nomination of Judge Pennypacker, who has had the senator's "O. K." has been foreseen for a number of days, and Elkins' considerable strength in the convention is due to the fact that he lined up several counties

early in the fight, when it was supposed that he was the Quay man. Had the senator issued his declaration against him earlier in the canvass, Elkins could not have been a real factor in the race. The result shows that Quay retains his dominating position in the Republican councils, although Judge Pennypacker's nomination is generally interpreted as a concession to the decent political elements of the state.

Since the disgraceful "ripper" legislation which gave away, without a dollar of compensation, over a hundred miles of Philadelphia streets in railway franchises, franchises for which Wannamaker forthwith offered \$2,500,000, there has been a strong "anti-machine" sentiment in the state. Quay has met the situation by the old rule of advocating the candidacy of a man who is generally believed to be beyond machine control and who has a record of being an able, conscientious and patriotic citizen.

Sanguine Pennsylvanians believe that before Quay is through with Pennypacker he will be able to appreciate the lovely time that Platt enjoyed when President Roosevelt was governor of New York.

The Harrisburg convention unanimously elected Quay chairman of the Republican state committee and in its bearing throughout the sessions signaled its subservience to the "chief." The Republican party and Quay will be synonymous terms as long as the senator remains on this earth of political turmoil, and maybe longer, as he is said to be casting about to see if he cannot devise means of assuring the senatorial succession for his son. Fortunately Quay, Jr., is a good deal of a dolt, who would find his daddy's shoes much too large for him.

The Harrisburg platform indorses the administration of Roosevelt and demands his nomination, reaffirms loyalty to the principles of protective tariff; declares for pure and honest ballot reform; condemns trusts; approves the action of the president and attorney-general in proceeding against the beef trust, and makes no mention of the state administration.

LET US START YOU IN BUSINESS.

Why work for others? Wouldn't you rather work for yourself? Open up and control your own office. No money required. There is no money in working for other people. We want bright, energetic men of excellent address and fair business ability, to go into business for themselves, representing, in territory where not already represented, an Old Line Life Insurance company of the highest standing that gives absolute protection. Our contracts are easy sellers—every business man wants one. We have a number of young men who have built up a good, profitable, substantial business for themselves with very little effort. Why not settle down and commence your business career? Don't pass this by, but write us at once—today—for full detail particulars. If not satisfied, no harm done, but we know you can't afford to pass this opportunity by without at least investigating. Time is the most valuable asset in business. Our long experience, and facilities for helping you, are yours, and will double the value of your time. Address, C. W. Pickell and Bro., Chamber of Commerce, Detroit, Mich.

WAS WASTING AWAY.

The following letter from Robert R. Watts, of Salem, Mass., is instructive: "I have been troubled with kidney disease for the last five years. I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and in less than two bottles completely cured me and I am now sound and well. People's Drug Store."

If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have to blame yourself to some extent, as it positively cures all forms of kidney and bladder diseases. People's Drug Store.

Tickets on sale June 1st to September 15th inclusive, and good for return passage until October 31st, 1902.

COPPER COUNTRY (Additional)

LAWN SOCIAL A SUCCESS.

Ladies' Society of Congregational Church Entertained Saturday.

Hundreds attended the lawn social given by the Ladies' Industrial society of the Congregational church Saturday evening. The event was given on the lawn adjoining the church. A band stand was erected and very handsomely decorated with the national colors.

COPPERDOM BREVITIES.

Archie McKerrall of Lake Linden called on Calumet friends last evening called on Calumet friends last evening.

August Mette, manager of Ryan's store in Hancock, has returned from a visit to Detroit.

Rev. K. A. Meyers of Good Will Farm, Spoke at the Portage Lake Y. M. C. A. Sunday afternoon.

Members of Copper Tent, K. O. T. M., of Lake Linden yesterday decorated graves of deceased members.

Timbers to support the parquet floor of the new Hancock theatre are being placed in position by the workmen.

Captain John Justis of the Champion fire department, broke his collar bone while practicing with the company.

Flag day was universally observed throughout the copper country Saturday by hoisting the national colors.

N. R. Lindorff of the Hancock Art Glass Works has returned from a business trip to Ishpeming and Marquette.

The Hancock Gun club gave the second shoot of the season at the shooting range west of town yesterday afternoon.

Florist A. M. York has bought the property occupied by his greenhouses in Ripley and is making extensive improvements.

Finish society turned out in force at Germania Saturday evening to a social event. Dancing was the principal feature.

Lee Bros. opened their new branch confectionery store in the Hoeking block on Quincy street, Hancock Saturday.

The Houghton Light Infantry will give its third popular promenade concert at the Armory on the evening of June 20.

The Twin City Mandolin club will give a dancing party at the Houghton Armory tonight. The full orchestra will be present.

Invitations are out for the reception given by the Hancock high school juniors to the senior class at St. Patrick's hall next Friday evening.

Laundryman A. B. Scott of Hancock is anxious to carry out his long cherished project of adding another story to the laundry building adjoining the Hancock city hall.

The dancing party given by the young men of Houghton and Hancock at St. Patrick's hall Saturday evening was a great success. A large number attended the event.

Fred Wilnot, who fell from the top timbers of the new Hancock theatre while examining the structure, is recovering from a sprained ankle resulting from the accident.

Justice Fisher and Attorney Powers of Calumet were visitors at the Wolverine location yesterday and spent a short time looking over the sites at the Wolverine mine.

John Hotten of New Jersey is spending a few weeks in Calumet visiting with local friends and relatives and is much interested at the workings of the local copper mines.

Will Whittle of the Mass City bank was shaking hands with twin city friends Saturday. He remained over Sunday at the home of his parents, Captain and Mrs. Whittle of the Quincy.

Walter Fiege of the Calumet branch of Ed Lieblen's wholesale establishment, has been transferred to the Hancock office of the concern to take charge of the work heretofore done by J. John Tracott.

Denny Clark, Portage Lake representative of the Calumet Evening News, has gone to the Buckeye state on a vacation. Dennis Wieder is filling the place as correspondent during his absence.

Over 500 pupils of the Houghton schools went on a picnic to the canal by pleasure barges Saturday. The event was given by the teachers and school board. Dinner was served near the light house.

Miss Mcomber, teacher in the Houghton schools, left for her home at Ann Arbor June 20. A number of teachers in copper country schools will depart for lower Michigan points on that date.

The long expected fixtures for the new Bank Pharmacy at Calumet have at last arrived and proprietors MacQueen and Sibley hope to be able to be comfortably located for business in their new stand in the Bank building in a week's time.

Frank H. Rogers, the Arcadian storekeeper, and William P. Seager, have acquired an interest in the Seager store at Franklin. J. H. Seager retains an interest. The business has recently been managed by W. P. Seager, brother of the proprietor.

"Let the GOLD DUST twins do your work."

**300 TEAM WINS.**  
Defeated Calumet Ball Tossers Saturday by Score of 6 to 5.

The Soo Leaders defeated the Calumet ball team Saturday afternoon at Athletic Park, Red Jacket, by the close score of 6 to 5. The game was interesting throughout though at times some ragged playing was exhibited. The Leaders won the game in the third inning, by a combination of good stick work and errors on the part of Calumet netting the visitors five runs. After the third, the Lock City only succeeded in crossing the plate once. Calumet scored twice in the first inning and again in the seventh chalked up three more by good work with the stick. A large crowd was in attendance.

The Leaders yesterday afternoon scored another victory, defeating Lake Linden at Lake Linden by the score of 3 to 0. The support of both teams was practically errorless.

**LAKE LINDEN DEFEATS HANCOCK.**  
Interesting and Close Ball Game Between Schools of Both Towns.

Victory perched on the banner of the Lake Linden high school baseball team in the contest on the Hancock driving park diamond with the Hancock high school nine Saturday afternoon. The Hancock had the game well in hand up to the seventh inning, when Braun's support gave away and the visitors won an easy victory. At the end of the fifth inning the Hancock led by a score of eight to one. The following inning closed with the score eight to two in favor of Hancock. Then the Lake Lindenites went in and hammered out eleven runs, winning by the handsome score of 13 to 11. The game was umpired by Dennis M. Coughlin and witnessed by a large number. The batteries were Braun and Shields, Hancock; Joyce and McLaughlin, Lake Linden. The result was quite a feather in Lake Linden's cap on account of the wordy controversy in the local papers between the contestants the week preceding the game.

**ELECTRICAL FLOOR KEY.**  
Nicholas Fritz and E. C. Goodrich Secure Patent on Unique Invention.

Letters patent have been granted to E. C. Goodrich and Nicholas Fritz of Houghton for an electrical floor key. The device was invented by Mr. Goodrich, who is the local foreman of the Michigan Telephone company. Only four appliances of this nature have ever been devised. The electrical floor key can be used in residences or offices where there is an electric bell system. You press the button with the foot and electricity does the rest. The patent was secured through Munn & Co., publishers of the Scientific American.

Mr. Goodrich gives the following description of the device:  
Within the flooring is permanently mounted the floor plate consisting of a brass plate and insulation connected together by a small bolt together with the binding posts for securing the electric wires.

The insulation surrounds the stem of one of the binding posts throughout the entire length. The plate when in position makes contact with the binding post. The upper plate is made preferably of gutta percha or other insulating material and is provided with a central eye which engages a link which is attached to a cord for the purpose of holding the cord loops somewhat slack. If a sudden jerk or strain of any kind should be exerted upon the double cord it is transmitted through the link directly to the central eye and the loops are not strained or broken. When the pull on the double cord becomes sufficiently strong, the upper plate is abruptly torn away without damage to any part. For this purpose apertures are provided in the floor plate and the upper plate is provided with resilient metallic snap heads which engage the apertures in a somewhat similar manner as fastenings used for glove buttons.

The upper plate is simply placed in position upon the floor plate. The resilient metallic snap heads are forced into the apertures and the upper plate is thereby secured firmly in position. If through the moving of a table or the accidental tripping of a persons foot, a violent strain is thrown upon double cord the utmost harm that can happen will be the momentary dislodgment of the upper plate.

If it be desired to remove the electrical features, all that is required is to pull the double cord and the disengagement between the detachable top and the floor plate is complete.

Dyspepsia—bane of human existence. Burdock Blood Bitters cures it, promptly, permanently. Regulates and tones the stomach.

It indicates that your stomach is in bad condition and will remind you that there is nothing so good for such a disorder as Chamberlain's Stomach & Liver Tablets after having been used. They cleanse and invigorate the stomach and regulate the bowels. For sale at 25 cents per box by The Stafford Drug Co.

Everybody's liable to feeling piles. Rich and poor, old and young—terrible the torture they suffer. They cleanse and cure; Don's Ointment. Absolutely safe; can't fail.

**VISITED BIG TRAVERSE BAY.**

Jolly Party Guests of Engineering Society Saturday.

A party of seventy-five ladies and gentlemen went on the steamer Thomas Friant on the excursion of the Copper Country Engineering society to Big Traverse Bay from Houghton Saturday. The party visited the Wolverine and Mohawk mills and were hospitably entertained. After inspecting the points of interest and also dispensing with a hearty meal, the society was called to order by President F. G. Coggin, Jr., of the Engineering society, and the following officers were elected: F. G. Coggin, Jr., president; W. P. Sperr, vice president; J. E. Jackson, corresponding secretary; Willard Smith, treasurer. The next meeting will be held in October. The party returned to Houghton by rail.

**MANY ENJOYED OUTINGS.**

Portage Lake People Were Well Entertained Yesterday.

Yesterday was excursion day galore at Portage Lake. Five different events were presented for the amusement of twin city people. Both pleasure barges carried crowds to the canal and Entry. They were accompanied by bands. The steamer Argo took a party of excursionists to the canal. The Copper Range road ran a special train to Freda, taking a large number of tourists to the opening of Sam Wood's resort at Agate Beach on the shore of Lake Superior. Last, but not least, was the excursions to the new resort on the street railway at Highland station. Numbers attended the concert by the Calumet & Hecla band in the afternoon and still greater numbers attended the favorite attraction at the new theatre in the evening.

**FLAG DAY AT PEWABIC SCHOOL.**

Excellent Program Rendered and Exercises Well Attended.

The flag day exercises by the pupils of Pewabic school at Quincy hall Saturday evening was one of the finest events of the season. The affair was virtually the closing exercises of the school and certainly commensurate a very patriotic event. The entire program was patriotic in the extreme and was witnessed by a large number. The Quincy band aided in the program and the event wound up with the chorus, "The King of the School." The program included flag drills, recitations and musical numbers.

**FILE ARTICLES OF ASSOCIATION.**

Articles of association of the Lutey Floral company were filed with the county clerk Saturday. The new company will conduct green houses, carry on truck farming, buy and sell flowers and nursery stock. The accepted stock is \$25,000, one-half of which has been paid in. The incorporators are, Alfred E. Lutey, Houghton, 800 shares; Richard Lutey, Calumet, 250 shares; Henry Lutey, Chassell, 200 shares.

**NEW BOWLING ALLEYS OPENED.**

The new bowling alleys of John N. Mitchell, under his store on Quincy street, were formally opened Saturday. The proprietor intended the new opening in the afternoon, but people began to flock in during the morning and from that time until late at night the boys were busy setting up the pins. There is a side entrance on the west side of the Holman block.

**COMMENCEMENT NEXT SATURDAY.**

The commencement exercises of the Atlantic schools will take place Saturday evening, June 21. The school is one of the foremost in the county and is under the patronage of Mrs. Elizabeth R. Stanton of New York, who presents a historical prize. There are four graduates, Misses Lily Manderfield, Edith Northley, Julia Shea and William Miron.

**ENJOYABLE DANCE.**

Friday evening the members of the Calumet Dancing club entertained their friends at one of their enjoyable hops held in the Red Jacket town hall. A large number of guests were present. The Calumet & Hecla band orchestra had charge of the musical portion of the program. Dancing was indulged in until a late hour.

**WILL PLAY SERIES OF GAMES.**

While in the copper country the Soos will play a series of games with the other teams of Houghton county, including Lake Linden and most probably the Dollar Boys, and they hope to go home with a clean record of victories and the copper teams are positive that they will return home with a very much tattered banner.

**BICYCLE RIDER FINED.**

Friday evening one of Calumet's bicycle riders was up before a local justice and entered a plea of guilty to the charge of violating the village ordinance by riding a bicycle without a light after dusk. He was assessed a fine of \$1 and costs, which he paid.

**DEATH OF MRS. BARBARA THURMES**

Mrs. Barbara Thurmes, aged seventy-five, died at the home of her daughter, Mrs. Charles Reiding of South Lake Linden, on Saturday. Deceased is survived by six grown children. The funeral will be from St. Cecilia's church this morning, with burial at Mt. Calvary.

Of what does a bad taste in your mouth remind you? It indicates that your stomach is in bad condition and will remind you that there is nothing so good for such a disorder as Chamberlain's Stomach & Liver Tablets after having been used. They cleanse and invigorate the stomach and regulate the bowels. For sale at 25 cents per box by The Stafford Drug Co.

**CONDITIONS AT MASS MINE.**

Management Will Resume Operations With a Second Head Soon.

The management of the Mass Consolidated Mining company will, it is understood, probably at an early date resume operations with a second head of stamps. This second head was, it will be remembered, shut down some time ago, but now that the copper market is in better shape operations could be resumed to good advantage. The company, with one head of stamps, is at the present time averaging to stamp about 15,000 pounds of rock per day, and will, it is figured, stamp for the current month fully 400,000 pounds.

Considering that the average results from a single stamp are something like 300,000 pounds, this showing is counted as very satisfactory. And what is decided to be done at a fair profit. The average returns from the rock now being taken out is very close to 15 per cent mineral, which is somewhat better than Quincy rock yields. Eventually it is probable that the management will decide to put into commission a third head of stamps and open up a fourth shaft. The foundations for the additional head of stamps are already in, and the actual cost of equipment of this sort would not exceed \$25,000, although the opening up and outfitting of a shaft would cost fully \$75,000 more. As yet, however, no plans in this direction are definitely arranged, and will not be until after the second head is once more in operation and the production of the mine has been materially increased.

**C. & H. TO WORK TAILINGS.**

Claim Is Made That Sands Are Full of Copper.

Arrangements are being made by the Calumet & Hecla Mining company to work the tailings and sands that have been passing from its works during the last thirty or forty years.

Sands of Portage and Torch lakes are, it is claimed, full of copper. For years persons of an inventive turn of mind have been working on various devices by which the metal could be extracted on a profitable basis, but it was not until recently that the goal was reached. It is now believed that all of the tailings and sand within reach can be treated profitably. The first experiments were made on the Franklin sands by the Lake Superior Concentration company and were successful; others later on were confined to the tailings from the Calumet & Hecla stamp mill at Torch lake. The latter work was also a success, and it is expected that the company will work all of the tailings over again.

Two years ago the Lake Superior company began its experiments, but it was only recently that a process for saving the metal at a profit was discovered. The plant was built on the Franklin sands and operated under the direct supervision of T. J. Mays, who has had considerable experience in that line. The original plant was small, but when it was found to work all right a larger one was completed. Four Wilbey tables were used, and the sand is treated on them. The tables, however, were made for finer use than others designed for saving copper. Plans for handling the Calumet & Hecla tailings differ from that of the Lake Superior Concentration company. The company intends to erect electrical works in which the power for running the machinery will be electricity and the product itself electrical. The company will not only treat its tailings, but the sands at the lake as well.

**NEW DISCOVERIES MADE.**

Rich Placer Ground on Northwestern Gold Syndicate's Property.

Local people are greatly elated over the discovery of new placer property of the Northwestern Development company in British Columbia. The Revelstoke Herald of June 4 states that the discovery of rich placer ground on Menhennick creek, which practically runs through the townsite of Goldfields, is causing big excitement there. The whole river has been staked from one end to the other. Clarence McDowell and party have eight claims staked from which a splendid sample of coarse gold was taken a few days ago. This fact further demonstrates that Goldfields is the banner camp of the famous Fish river district. Within a mile of the town are the largest free milling gold grounds in British Columbia, to say nothing about this last strike of placer ground practically within its borders. A dispatch from Secretary A. F. Rosenberger states he will be in Houghton this soon. He says: "Recent advices from the Camborne group are that important new discoveries have been made on the property."

**PRODUCTION OF C. & H.**

Official Figures Show Big Shrinkage from Unofficial Estimates.

According to figures furnished by Secretary Flagg, of the Calumet & Hecla, to the Michigan commissioner of mineral statistics, the production of the Calumet & Hecla during 1901 aggregated 74,519,557 pounds. This compares with previous estimates of 93,000,000 pounds. The production in 1900 aggregated 77,761,382 pounds and in 1899 the output amounted to 89,619,993 pounds. The explanation of the difference of over 19,000,000 pounds in the estimated and actual output of the property for the past year appears to lie in the fact that the management gave a great deal of attention to the opening up of the Oseola beds. In view of the unsettled market which has existed in the copper market during the first half of the present year, a heavy output by the Calumet & Hecla is not expected.

**FOR AFRICAN GOLD FIELDS.**

Edward Sullivan of Hancock Will Leave This Week.

Edward Sullivan of Hancock, brother of Nightwatchman Thomas Sullivan of the local police force, will leave for the gold fields in West Africa to engage in diamond drill running this week. He is sent out by a Milwaukee manufacturer, who is shipping machinery for a London firm to the gold fields on the west coast. Sullivan is experienced in diamond drill running. He was in Africa with William the exploratory work for the Torch Lake mine, when all of the territory from the Teumseh to Lake Linden was thoroughly explored.

That Big Sale of Copper.  
The local representative of one of the

new Lake copper producing properties in talking last week with the Journal regarding the recent report that 8,000,000 to 10,000,000 pounds of copper had been sold at 12½ cents, said: "I am inclined to think that this report is without any basis in fact. I have made diligent inquiry among the selling agents and certain producers, and have also instituted an inquiry among the consumers, and I have as yet been unable to verify the story. Neither have I been able to get any such bid for the copper that my company has for sale. I have recently sold a considerable lot for 12½ cents, but the best price obtainable today is 12½ cents, and I have made a sale at that figure."—Boston Journal.

**Plan Is a Success.**

The new plan of transporting mineral from the Tamarack and Oseola mills to the smelter has proven such a success at the Tamarack mill that at the Tamarack mill only two men are now employed instead of twelve. Small iron tram cars, holding two tons each, are now used to run directly into tracks laid on standard gauge. This does away with the great expense attending the use of barrels. In one year before the plan was introduced the Tamarack alone used 30,000 oak barrels. The new Oseola mill is saving 42 per cent mineral before the stampings reach the jig, 20 per cent through Parnell-Krause mortar discharge and 22 per cent through hydraulic discharge.

**Copper Gossip.**

The secretary of state of Montana is expected to leave last week from the incorporators of the Acquisition Balm Copper Mining company, the large company organized in Butte a few days ago by E. A. Heinze, J. A. Murray and former Lieutenant Governor A. E. Spriggs, having a capital of \$2,000,000. The state's fee was \$753. The capital stock of the company is divided into 2,000,000 shares worth \$1 each. Of the capital stock \$6,000 has been subscribed.

Work on a number of the new mills is held in check by the tardiness of the machinery manufacturers. It was at first expected that the new Wolverine mill would go into commission July 1, but from present indications it will be a month later, if not more. Work on the mill is well advanced and only awaits the delivery of the remaining parts of some of the machinery.

M. R. Goldsworthy, who recently secured permission from the United States government to remove all tailings from the Oseola mill, located outside the harbor lines and forming an obstruction to navigation, is getting his plant in readiness for the working of the sands.

Although the Quincy Mining company has a supply of coal on hand sufficient to last for two months, it is feared that if the strike is prolonged through the summer operations may be hampered.

No good health unless the kidneys are sound. Foley's Kidney Cure makes the kidneys right. People's Drug Store.

NAME COMMISSION

POPE APPOINTS CARDINALS TO NEGOTIATE WITH GOV. TAFT.

MEETING WILL BE HELD TODAY

AMERICA'S PROPOSITION TO VATICAN OUTLINED IN DETAIL.

Includes Purchase of Lands from Friars, Withdrawal of the Latter and Indemnity to Be Paid Church.

Rome, June 15.—The pope has named the five cardinals who are to represent the Vatican in the negotiations with the Taft mission. They are Rampolla, Vanutelli, Vivesy Tuto, Gotti and Steinhuber. All are members of the Congregation of Extraordinary Ecclesiastical Affairs.

First—To purchase the lands belonging to the friars, the price to be fixed by arbitration.

Second—The appointment of arbiters to decide the indemnity the Americans are to pay for the occupation of ecclesiastical buildings.

Third—the above propositions are absolutely conditional on the withdrawal of the friars.

Fourth—if the other propositions are accepted the Americans propose to give a deed or by law grant a patent to ecclesiastical buildings on public land.

Fifth—to settle by compromise or arbitration the several trusts for schools, hospitals, etc., claimed on the one hand by the civil, and on the other by the church authorities.

The German cardinal, Steinhuber, the head of the index work of the expurgatorium, who, with Cardinal Vanutelli and three others, has been appointed on the vatican Philippine commission, has formed a coalition to oppose Governor Taft's mission.

The reason for the move is said to be that Steinhuber represents the anti-Ireland faction, which believes that the chief object of the Taft mission is to increase Archbishop Ireland's prestige.

London, June 15.—The Rome correspondent of the Telegraph notes that the sub-commission of cardinals to examine into the propositions of Governor Taft to the vatican included the three leading candidates for succession to the papacy. It is generally supposed that the sub-commission is constituted in this manner in order to prevent the Philippine question being used as a party cry at the next conclave.

GOING TO DEATH BY BULL.

Farmer Near Oconomowoc Meets Horrible Fate.

Oconomowoc, Wis., June 15.—Mads Sorenson, aged seventy-two years, a farmer residing in the town of Summit near here, was gored to death by a bull on his farm yesterday.

THEIR BUSY WEEK

HIGH SCHOOL SENIORS HAVE IT BEFORE THEM.

IT IS COMMENCEMENT TIME

"DOINGS" EACH EVENING EXCEPT ON SATURDAY.

Tonight at City Hall the Class Day Exercises are the Order—Conferring of Diplomas Thursday—Pat- tengill to Speak.

This is commencement week with the high school seniors, and a busy time is before them. The program has an especial feature for each evening in the week, except Saturday, and will be carried out as follows:

Monday—Class day exercises at the city hall assembly room.

Tuesday—Juniors' banquet to seniors, at Hotel Marquette.

Wednesday—Reception to juniors and seniors, at the residence of A. Mathews.

Thursday—Commencement exercises, opera house.

Friday—Alumni reception to seniors, at Fraternity Hall.

Class Day Exercises.

The program for this evening's exercises is as follows:

March, "The Ancestry".....Herbert Orpheus Mandolin Club.

Class History.....Geoff H. Williams.

Valedictory, "Mehr Licht".....George O. Randolph.

Vocal Duet.....Nettie C. Williams and Jessie R. Williams.

Class Poem.....Louis D. Stickey.

President's address, "The Outlook".....R. Eddy Mathews.

Class Prophecy.....Nettie C. Williams.

Class Song.....(Composed by George Lydia Hager)

Class of 1902.

The graduates are: Alma Bigelow, Frank Connell, Edward Connell, Katherine Connor, Grace Culver, Nora Deay, E. May Green, George Hager, Mabel Moore, Florence Manhard, Agnes Montford, Nettie Mantel, Harold Starkham, Robert Mathews, Tina Peters, George Randolph, Louis Stickey, Edna Thompson, May Van Evert, Jessie Williams, Cecil Williams.

The officers of the class are: President, Robert Mathews; vice president, Frank Connell; secretary, Louis Stickey; treasurer, Mabel Moore.

The commencement exercises, to be held at the opera house Thursday evening, will differ from those held in the past in that there will be no orations or essays by the graduates, this feature being included in the class day exercises. The program will consist principally of an address to the graduates by Henry R. Pattengill, ex-superintendent of education and a speaker and educator of national reputation. Aside from this the program will be limited to the conferring of the diplomas and the rendition of a few musical numbers.

Class Annual Out Today.

A bright little publication, replete with essays, "bits" at high school schools and faculty, and other matter prepared by the seniors and members of other classes has been published and will be issued today. It is the "class annual," and bears as its name, "The Agroa." Half-tone pictures of the different classes and of the football and track teams are an interesting feature of the publication, and a list of ads from local merchants are included in the pages within the covers. The subscription price is five cents per copy, and the sale is expected to be a heavy one. Selling of the class annual, the following has been penned by a pupil of the high school:

Here's to the bright seniors Who've made a great "bit" By making their "annual" Overflowing with wit.

It's food for the student, For in it he'll find Good sense and strong reason To strengthen the mind.

The business men want it, For it's something new; And then it's home talent, The very best, too.

The citizen buys it, And reads with delight, The tho'ts and the efforts Of his children bright.

The grade teachers read it, And in it they see Effects of their teaching As plain as can be.

In fact, they all want it.

"A HELPING HAND." Is Gladly Extended by a Marquette Citizen.

There are many enthusiastic citizens in Marquette prepared to tell their experience for the public good. Testimony from such a source is the best of evidence and will prove a "helping hand" to scores of readers. Read the following statement:

Mr. Edward Murtha, of 221 W. Rock street, says: "I suffered off and on for a long time with attacks of pain through the small of my back and around through the groin. At times it became quite severe, especially if I caught cold or strained myself. The kidney secretions were irregular and unnatural. I was advised to go to the Stafford Drug Co. and procure Doan's Kidney Pills. I did so and began to use them. The distress was removed from my back and loins and the kidney secretions regulated."

Sold for 50 cents per box. For sale by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no other.

For it is a treat To all kinds of people Both poor and "elite."

The author of the above is Miss Violet McKnight, class of '05, and one of the brightest and most popular pupils of the school.

HAPPY TIME IN OLD TOWN.

"We felt very happy," writes R. N. Bevil, Old Town, Va., "when Bucklen's Arnica Salve wholly cured our daughter of a bad case of scald head." It delights all who use it for Cuts, Corns, Burns, Bruises, Blisters, Eruptions, Itchings, Piles. Only 25c at the Stafford Drug Co.'s drug store.

CITY BREVITIES.

Today's weather: Generally fair; stationary temperature; winds shifting to brisk northwest.

Yesterday's temperature: 7 a. m., 68 degrees; noon, 72 degrees; 7 p. m., 69 degrees. Maximum, 73 degrees; minimum, 63 degrees.

The street railway did a big business yesterday on the Presque Isle branch.

Miss Jess Duncan of Salt Lake City, Utah, is the guest of the Misses Probst.

W. W. Osband was included among the Marquette visitors at Munsing Saturday.

St. Charlton has returned home from St. John's Military academy to spend the warm months.

The July issue of Wood's Railway Guide is out. The Mining Journal acknowledges the receipt of a copy.

David Keichen, who has been in the employ of E. C. Bracher, has resigned his position to accept another with D. Saldenfeld.

Miss Belle McCall, who will graduate from the Normal this spring, has been appointed to a position in the Grand Marais teaching corps.

The Misses Wilson entertained a merry party of young friends Saturday evening in honor of Miss Laura Heppner, who left this morning on her return to Detroit.

Nicholas Erickson has purchased from William Seaman the west half of Lot No. 97, in Hewitt's addition, located on Michigan street between Cedar and Spruce. The consideration was \$2,500.

One hundred new books have been placed on the shelves at the Peter White Public Library, the purchase being the first made in some time. A number of the latest works in fiction are included in the lot.

One of the city's prominent attorneys has disposed of his horse and buggy and has ordered an automobile. A small building in which the machine will be housed is being constructed at the legal man's residence.

The late Attorney Frank Peters, who died about a month ago at the home of his parents at Newbury, was insured for \$25,000 by the A. O. U. W. The money was last week paid over to his children, Edna and Frank.

An entertainment will be given at Morgan Memorial chapel Wednesday evening, the 18th, by the junior chapter of the Brotherhood of St. Andrew. The proceeds will go to St. Luke's hospital. Twenty-five cents will be the admission.

The private car of General Alger, ex-secretary of war, passed through here on the late train Saturday night, enroute for Duluth, where the general was going to inspect his lumber interests. He was last week paid over to his children, Edna and Frank.

Little Miriam Osborn, the two-year-old daughter of Chase Osborn, has succumbed to her injuries, caused by burns resulting from playing with matches, death occurring Saturday. Mayor Russell left for the Soo yesterday morning to attend the funeral.

Trunks are given more tender treatment now at the South Shore station. A large and thick cushion has been provided on which the baggage is dropped from the trucks to the door of the baggage room. "Baggage smashing" evidently is doomed to become a lost art.

Captain Blanchard arrived home Saturday from Pontiac, where he had been attending the annual reunion of the G. A. R. He was accompanied by ex-Mayor E. C. Anthony of Negaunee, who was honored with election as commander of the state organization. Mr. Anthony was heartily congratulated by many Marquette friends.

Commencing with this morning, the street car line will enforce to the letter the rule that fare must be paid for all children, except those in arms. For those under twelve years of age, half fare will be charged; and for those above that the rate will be a nickel. Half fare tickets may be procured at the office of Merwin E. Asire, in the Harlow block.

The baccalaureate sermon to the Normal graduates, preached by Rev. J. M. Rogers of the Presbyterian church yesterday afternoon, was a very able address greatly enjoyed by the large congregation in attendance. In the evening, Rev. Mr. Elliott's address to the high school graduates was listened to by an assemblage which packed the Methodist church to the doors. The sermon was eloquent and powerful.

The Frank Long company closed a very satisfactory week's business here Saturday evening. The final bill was "Under Two Flags," and it proved the best of the entire repertoire. Miss Nan Sullivan, as Cigaret, was splendid in the role. All week she has shown great improvement over her work at the time of her former appearance two or three years ago, and a glowing career is predicted for her.

There will be a meeting of the general committee on Macabea convention this evening. It will be held at the city hall beginning at 8 o'clock, and as important business is to be transacted the attendance of every member is urged.

The common council meets this evening in adjourned session. Confirmation of special assessment rolls necessitated by the proposed construction of sewers, etc., is the especial business.

The common council has authorized the city attorney to push the case against the Michigan Land & Iron company involving the taxation of land and timber contracts. The matter has been docketed at the supreme court, the

company having appealed from the decision of Judge Stone upholding the contentions of the city. If the city wins at Lansing it will be \$1,600 to the good, but if it loses it will only be out the expenses of the attorney while on his trip to the state capital.

Peter White was among the delegation of Marquette people present at the cornerstone laying at Munsing last Saturday. He took part in the speech-making and was paid a high tribute in the address of General Alger.

A large pelican shot last week near Ovington by a Baraga man has been sent to a local taxidermist for mounting. The bird, which is of a species extremely rare in the upper peninsula, is an unusually large one, measuring eight feet across the wings and five feet from bill to tail.

Under the supervision of Mrs. E. A. McCrea, the St. Paul road is expending \$10,000 in the work of beautifying the garden spots around its depots in Wisconsin. Mrs. McCrea still has some work of the kind to do for the South Shore road here, and is expected to arrive here in a short time.

A wedding that will take place on Wednesday, the 18th, at 3 o'clock, is announced to occur at the home of the bride, 148 West Arch street. The contracting parties will be George Lehman and Miss Minnie A. Dolf, daughter of Mr. and Mrs. Peter Dolf. Announcement cards have been received by numerous friends of the popular young couple.

The management of the opera house wishes to again remind theatre-goers that the overture will be played by the orchestra in time so that the curtain will be raised at 8:15 o'clock. Every one should be in their seat by that time, or they will be compelled to remain in the foyer until the conclusion of the first act. Usurping between acts is strictly forbidden.

Rev. Carl Aeppeler, pastor of the local church, is attending the general Lutheran synod at Milwaukee, beginning on Thursday last. The synod, which has jurisdiction in Wisconsin, Michigan, Minnesota, and other states, has over 300 ministers, 400 congregations and eight missions. The convention will be in session for one week, holding its sessions at the Lutheran Christ church, on the South side at the Cream City.

The Mailman is the title of a bright little monthly publication being issued by Robt. Moreland, a thirteen-year-old boy of Adrian, Mich. It is styled "an amateur journal" but is a review of its columns it is evident that the only thing amateurish about it is the age of the editor. The matter is well written and interesting and the journal is neatly arranged and printed. The subscription price is but fifteen cents annually.

The Marquette Juniors defeated the South Ends' ball team in a game played yesterday afternoon on the South Marquette diamond. The score was 17 to 12. The battery for the Juniors were Barabau and Rydholm, and for the South Ends, McDaniel and Dorais. The Juniors so far this season have been playing fine ball, and have still to be defeated. They would like to arrange a contest with the "first nine" if it is still in existence.

Friday night and Saturday witnessed a general excelsior of the visitors attracted by the Macabea convention, but although the great bulk of the strangers have gone there are still quite a large number who will remain for a few days and enjoy the scenery and hospitality of the city. Major Boynton, Lady Commander Burns and other officials of each Macabea organization left for the south on the evening train Saturday. A great reception has been arranged at Port Huron for the major.

Captain William Allen, of the Bessie mine at Humboldt, and a committee of citizens of that mining burg are arranging for a big celebration on the Fourth of July. It is their hope to make it one of the biggest that ever happened, and in this connection it is desired to know whether Ishpeming, Negaunee or Marquette will celebrate. As far as Marquette is concerned, the Humboldt people can apparently rest assured that there will be no "doings" here on the Fourth, as it is felt that the big Macabea convention is celebration enough for this year. At Negaunee the women's tournament will undoubtedly take the place of a celebration on the natal day, and at Ishpeming there seems to be no sentiment in favor of a formal observance of the nation's birthday. Humboldt will probably have a monopoly on the Fourth of July celebration business this year.

There is a pretty girl in an alpine hat. A sweeter girl in a sailor brim, And the handsomest girl you'll ever see, Is the sensible girl who uses Rocky Mountain Tea.

### WHAT DOES IT MEAN?

The above was copied from an ancient obelisk near Alexandria, Egypt. No one knows its meaning. Every man ought to know the meaning of the symptoms of nervous debility.

It's a serious matter when the strength of manhood falls; when overwork or business worries sap all energy, when memory weakens, and the very brain begins to decay.

**PALMO TABLETS** restore all elements necessary to rebuild the system. They create boundless energy, firm muscles, a clear, bright brain, and perfect strength.

80 cents a box, 12 for \$5.00. Guaranteed. Valuable book, free.

Sold Only at **PEOPLE'S DRUG STORE, Marquette.**

## Ishpeming and its Environs.

### YELLOW BASEBALL.

Yesterday's Exhibition by Cleveland-Cliffs and Menominee Teams.

After a struggle of over two hours, yesterday's ball game between the Cleveland-Cliffs and Menominee teams terminated in a dispute as to what was the correct score. The runs piled up so rapidly on both sides and the excitement ran to such a high pitch, that the scorers got their count mixed. Some claimed the score was 22 to 21 in favor of Menominee, others had it 21 to 20 in the visitors' favor, and the official scorer had it a tie, 21 to 21. The Menominee men thought the score was 22 to 21, and they quit the game in the ninth inning, proclaiming a victory.

The game might well be termed a "burlesque" from start to finish, though the contest was not without exciting features. The game was won and lost several times by both teams. It was the worst "slugging" match seen on the local grounds in years. Singles, doubles and three-baggers followed one another in dizzy succession. In the fourth inning, Navins of the local team made a home run with all the bases full.

Menominee's balloon went up in the fourth, fifth and eighth innings and the local players went to pieces in the eighth, allowing eight runs on errors and careless plays. The locals did some tremendous hitting and could easily have won the game if their playing had not been "yellow" at several points. J. Cooney did the pitching. In the third inning he presented Menominee with five runs, wild pitches causing all the trouble. In the eighth the visitors found the ball freely, bringing in most of the eight runs scored on single hits.

Conrad Whitman pitched the first five innings for Menominee and Sears finished the game. Neither was effective. Barney, Menominee's catcher, played a star game. He caught well, threw well to bases and his base running was perfect. The attendance was large. The Cleveland-Cliffs team will likely go to Menominee next Sunday, when the boys hope to play better ball.

### SAW THE CIRCUS TRAINS.

Several hundred Ishpeming people congregated about the railway tracks yesterday to see Ringling Bros.' circus trains pass through, enroute to the copper country. A great many children were out and some of them seemed impatient when the trains had not arrived at 10 o'clock. The first section did not come along until 1:30 and it was nearly 4 o'clock when the last section pulled out of this city.

Many people were out at all the stations along the line. Indeed the coming of the circus trains was quite an attraction, particularly at the smaller towns where the show will not be seen.

### LADIES HAVE A GOOD TIME.

Mrs. C. B. Dertrick of Ionia, wife of Grand Secretary Dertrick of the Royal Arcanum of Michigan, was the guest of the local chapter of the Eastern Star Friday evening. Mrs. Dertrick holds the office of Worthy Grand Matron of the society and she has been prominently identified with the grand body for some time past.

The evening was most pleasantly spent. There was a lunch of ice cream, cake and other refreshments. There were several in attendance from Marquette and Negaunee.

### GOING TO SOUTH AFRICA.

A number of Ishpeming men contemplate going to South Africa to take places in the mines which are again being started. It is likely that a few will leave next Sunday and others will follow later. Great activity in the mining industry of South Africa is anticipated, but it is possible that the country will be overrun with men. There are no dissatisfied workmen about the mines of this city, so that comparatively few will go from here.

Sleeplessness. You can't sleep in the stillest night, if your digestion is bad. Take Hood's Sarsaparilla—it strengthens the stomach and establishes that condition in which sleep regularly comes and is sweet and refreshing.

### TO FORMER PATRONS.

All persons knowing themselves indebted to the undersigned are requested to call at the grocery department of S. Johnson & Co's old stand, where payments can be made. We hope that our former patrons will come in at their earliest convenience, as we wish to wind up our affairs as soon as possible. (6-13-2w) S. JOHNSON & CO.

### WANT GREATER VOTING POWER.

Larger Lodges of the Sons of St. George Will Work for a Change.

A short time ago an item appeared in this department of The Mining Journal to the effect that the delegates who will represent Sir Humphrey Davy lodge of the Sons of St. George of this city at the annual convention of the grand lodge to take place next month in Hancock, will work for a change in the law which governs the voting power of lodges. It was stated that in view of the fact that one delegate is allowed for each 100 members, the larger lodges do not receive fair representation. For instance, a lodge with twenty-five members will have as much power with its one vote as a lodge of 200 members. It is the wish of the local members that this be changed so that the majority will rule instead of the minority. As the law now stands the smaller lodges with about one-third as many members as a few of the larger ones can control the convention.

The delegates from Sir Humphrey Davy will endeavor to win over representatives from other lodges of the state to the proposed change. It is not their desire to increase the number of delegates, but to increase the voting power of all delegates who represent the larger lodges. They think that one delegate from a lodge of three hundred members should have six votes against one for the delegate from the lodge of only fifty members.

### Slockett Will Be President.

John Slockett of Houghton, vice president of the grand lodge, will be elected president this year. Captain James H. Rought is at present the executive officer, but as it is customary to give each present but one year the next in line comes up. So far as is known now there will be no opposition to the Houghton man.

The local committee on transportation has not yet announced the rate of fare for the excursion to win over representatives from other lodges of the state to the proposed change. The South Shore officials have been consulted and it is understood that the rate will be made known soon.

### DOING SPLENDID WORK.

The officials of the Republic Iron company have reason to feel satisfied with the work being done by the new crusher at the Republic mine. The plant is operating as smoothly as though it had been in operation years instead of a few weeks.

It is possible to crush all the ore that can be handled by the workmen. The car which brings the ore from the pocket beneath the railway track to the crusher is moving constantly during a ten hour day. It is a four-ton skip, though the amount of ore is not brought up every trip, as many times the skip is not loaded to the brim. Figuring on a basis of three tons to the load something like 1,000 tons are being crushed in each ten hours. This is very good work, though a few hundred more tons could be handled in case of a rush. The skip makes a round trip about once a minute. The ore is dumped from the pocket into the skip by an air apparatus. The man in charge merely turns a valve and down comes the ore. This is a great improvement over the old way of lowering and raising the chute by hand. There are nine men employed about the crusher. One switch engine and crew handles all the ore from the stockpiles and pockets, and also does the switching after the cars are filled at the crusher.

### CARD OF THANKS.

The undersigned desire to publicly thank the friends and neighbors who came to their aid last week, when their little son Frank lost his life by being run over by a train on the Chicago & Northwestern line. The grief of the afflicted parents, unshared as it was, was greatly lessened by the kind words and deeds of those who gave assistance. To all these we will ever remain under obligations. Mr. and Mrs. Frank C. Carlson.

### IRON! METALS!

We buy and pay the highest prices for all kinds of scrap iron, metals, and rubbers. Come and see us or call Bell phone 143 and we will come to see you. At old foundry site, Upper Peninsula Iron & Metal Co., Ishpeming, Mich. (6-12-19)

Ladies! See our big line of shirt waists. Going at reduced prices. All the late patterns. Finnish Mercantile association.

### ISHPEMING IN BRIEF.

Mrs. Cleo Meilleur is down from Ontonagon on a visit to Albert Prout and family.

Virgil S. Hillyer of Iron Mountain and Miss Minnie Belcher of this city, will be united in marriage at Grace church on the 24th inst.

Harry Beer came down from Houghton Friday on a few days' visit to his family. He likes his position with Needham Bros.

The board of review will be in session today and tomorrow, when the tax roll as prepared by City Assessor J. H. Quinn will be reviewed.

A number of Ishpeming people who are at Butte, Mont., contemplate visiting relatives here soon. Several plan to arrive home before the Fourth.

A deer created some excitement in the northern part of the city one day last week. It came from over near the Detroit mine. It fled toward the Carp river valley.

Miss Annie Cashen of the Winthrop, who has been dangerously ill with pneumonia for the past few weeks, is improving, much to the satisfaction of her many friends.

Mrs. T. J. Heard has been called to the home of her parents at Cartwright, Wis., on account of the serious illness of her sister, Miss Hilda Carlson, formerly of this city.

The ordination services at the Swedish Lutheran church were largely attended yesterday afternoon. Indeed all who were provided with admission tickets were on hand and the church was filled.

C. J. Byrns tendered the members of the degree team and officers of Hematite camp of the Modern Woodmen a banquet at his home Thursday evening. After the feast there were short talks. The boys were royally entertained.

John Stickey spent a few days last week at Fall River, Wis., where he purchased six heavy horses for the Consolidated Fuel & Lumber company. All are black and they are fine specimens of horseflesh. He also brought up a driving horse for A. B. Miner.

Mrs. John Sawbridge and her daughter Mable of Yokima, Washington Territory, and Mrs. Joseph Sellwood of Duluth are guests at the home of Richard Matthews. Mrs. Sawbridge and Mrs. Sellwood are sisters of Mr. Matthews.

The Fannie Hill burlesque company will hold the boards at the Ishpeming opera house Wednesday evening. It is expected that the show will do a big business as many who attend the circus in the afternoon will want some place to spend the evening. Popular prices will prevail.

Charles Johnson and family, of North Third street, are enjoying a visit from Mr. Johnson's brother and his wife, who reside in Minnesota. Mr. Johnson formerly lived in Ishpeming, but it is about thirty years since he left here. He was one of the early employees of the Cleveland Iron Mining company.

Among the noted Swedish gentlemen in attendance at the Augustane syndicate Dr. Swanson of Lindsay, Kas., and Dr. Andreus of Rock Island, Ills. The former will be remembered as having given a political talk in this city two years ago this fall. Mr. Andreus was professor of languages at Yale for some years. Both arrived in the city the latter part of the week.

Seats for the Mansfield engagement at the Marquette opera house on the evening of the 25th will go on sale within a few days. A certain portion of the house will be reserved for Ishpeming and Negaunee people, and all mail orders for tickets will receive prompt attention when accompanied by the money. Orders by telephone will not be filled unless a deposit has first been made.

The Mining Journal has been asked to call attention to the fact that no little garbage and rubbish of different kinds is being dumped in the vicinity of the Salisbury school by people living in that part of the city. The stuff is not only unsightly, but it is unhealthy. People who have occasion to drive out that way have noticed that a nuisance ground is being established pretty close to the road. The practice should be stopped.

John Quine, who recently went from this city to the Appleton mine, is home from there. He was injured about two weeks ago and as soon as he was able to leave the house, he came home to remain until he is in shape to resume work. His leg was severely squeezed between two heavy pieces of timber. Mr. Quine says he was in great luck that his limb was not fractured. The flesh was badly lacerated, but he will soon be all right again. John likes his position at the Appleton.

## We have some more of that

# CHOICE DAIRY BUTTER...

in packages of three and five pounds. **3 pounds, 70c | 5 pounds, \$1.20**

# J. SELLWOOD & Co.

## Michigamme.

Tony Block is home from Ann Arbor, where he is attending the university.

A number of Michigamme people will go to Ishpeming next Wednesday to see Ringling Bros.' circus. A special rate of fare will be given by the South Shore company.

About forty Michigamme people took in the Macabee parade at Marquette Tuesday. A few also went down other days during the week. Marcus Levin attended the convention as representative of the local tent.

A meeting will soon be called to complete arrangements for the celebration on the Fourth. The time is getting short and some lively hustling will be necessary on the part of the committee in case the preliminary arrangements are not completed soon.

Rose Mayo, a well known actress, supported by a capable company, will produce "Under Two Flags" at Old Fellows hall this evening. The engagement will be under the management of the Michigamme fire department. All who turn out are assured a treat as the play is one of heart interest. The prices here are below what the company usually charges. The reserved seat tickets are only thirty-five cents and the general admission for adults will be a quarter, while children will be admitted for fifteen cents. Reserved seat tickets can be obtained at Murray's store.

The fire department was called out at an early hour Friday morning to extinguish a blaze in an abandoned house in the western end of the village. Immediately adjoining the building was the house occupied by Mrs. Margaret Welsh and daughter. The fire had a big start and both buildings were burning when the firemen arrived. It happened that Mrs. Welsh and daughter were at Marquette, and the house was unoccupied at the time. Much of their furniture was damaged and the house was almost completely destroyed. The blaze was of incendiary origin. The firemen did splendid work, considering the fact that both buildings were ready to drop when they arrived on the scene.

### READ IT IN HIS NEWSPAPER.

George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns and when he saw Chamberlain's Pain Balm advertised therein for lame back he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will bear of her wonderful recovery. This valuable Balm is for sale by The Stafford Drug Co.

Special sale of new shirt waists, big line just in. Going cheap. Finnish Mercantile association.

### CEMENT WALKS.

# SCROFULA

I bequeath to my children Scrofula with all its attendant horrors, humiliation and suffering. This is a strange legacy to leave to posterity; a heavy burden to place upon the shoulders of the young.

This treacherous disease dwarfs the body and hinders the growth and development of the faculties, and the child born of blood poison, or scrofula-tainted parentage, is poorly equipped for life's duties.

Scrofula is a disease with numerous and varied symptoms; enlarged glands or tumors about the neck and armpits, catarrh of the head, weak eyes and dreadful skin eruptions upon different parts of the body show the presence of tubercular or scrofulous matter in the blood. This dangerous and stealthy disease entrenches itself securely in the system and attacks the bones and tissues, destroys the red corpuscles of the blood, resulting in white swelling, a pallid, waxy appearance of the skin, loss of strength and a gradual wasting away of the body.

S. S. S. combines both purifying and tonic properties, and is guaranteed entirely vegetable, making it the ideal remedy in all scrofulous affections. It purifies the deteriorated blood, makes it rich and strong and a complete and permanent cure is soon effected. S. S. S. improves the digestion and assimilation of food, restores the lost properties to the blood and quickens the circulation, bringing a healthy color to the skin and vigor to the weak and emaciated body.

Write us about your case and our physicians will cheerfully advise and help you in every possible way to regain your health. Book on blood and skin diseases free.

(Subscribers to The Mining Journal will please remember that carrier boys are not allowed to receive money on subscription account.)

### TRAMMER MEETS DEATH.

John Kontonen, a Negaunee Mine Employee, Was Killed Friday Night.

The first fatality that has occurred at any of the mines of this city in some weeks took place Friday night, when John Kontonen, a trammer, employed at the Negaunee mine, was killed.

Ground came down near where Kontonen was working, striking him on the thigh. The limb was frightfully crushed, though so far as could be judged Kontonen was not otherwise injured. Dr. Sheldon was summoned as soon as the accident was reported on surface and he arrived at the mine before Kontonen died.

Coroner William Prin of Ishpeming empaneled a jury Saturday and the inquest will be held today. The members of the jury viewed the remains at the undertaker's rooms.

The deceased was about thirty-three years of age. One report Saturday was that he is survived by a wife who lives in Finland. This is denied by some of his most intimate acquaintances. Kontonen had had lived in Negaunee some time and he was well known among his countrymen here. He was a quiet, industrious fellow.

### JOHN C. COLE'S FUNERAL.

The remains of the late John C. Cole, who died about ten days ago at Negaunee, B. C., arrived in the city Friday evening. They were accompanied by Fred Jacobson, who was with John at the time of his death, T. F. Cole of Duluth, and Captain Richard Trezona of Duluth, Minn.

After the body was prepared for burial at Elliott's undertaking rooms, it was removed to the home of Mrs. Julius Jacobson, mother of the deceased. Services were conducted at the house by Rev. Dr. Smith, pastor of the Presbyterian church. The funeral took place at 3 o'clock and interment was in the Negaunee cemetery. The funeral was largely attended by friends of the family.

### LOCAL LAONICS.

William Hoffman and wife of St. Paul were Negaunee visitors Saturday.

The Negaunee Orchestra band furnished music at the celebration held Saturday at Munising.

Gust Larson left Saturday for Detroit, where he will take an examination before the state board of pharmacy.

The applications of three Negaunee men will be presented to the Ishpeming lodge of Elks at the regular meeting tomorrow evening.

A large number of Negaunee people turned out yesterday morning to see Ringling Bros' circus trains pass through the city. The little people manifested much interest.

Miss Heeson, who taught school in Negaunee a number of years prior to about three years ago, is here on a visit with old friends. She expects to remain three or four weeks.

Work on the building to be erected by Frank Walker on Jackson street will be started some day this week. Material for the foundation and structure is being placed on the ground.

The board of review will be in session today and tomorrow. Taxpayers will be privileged to call at any time during either day and examine the roll. It is expected that the members of the board will be kept busy both days.

Members of the local council of the Local Association had a pleasant time Friday evening, when the state secretary of the society was present. Nearly every member of the local order was present and a number were here from Ishpeming and Marquette.

The Negaunee baseball team did not go to Munising Saturday, as planned. After negotiations for the two games had been closed it was found that some of the players could not get away from their work, making the cancellation of the dates absolutely necessary.

Seats for the Mansfield engagement at the Marquette opera house on the evening of the 25th will go on sale within a few days. A certain portion of the seats will be reserved for Ishpeming and Negaunee people, and all mail orders for tickets will receive prompt attention when accompanied by a check or orders by telephone will not be filled unless a deposit has first been made.

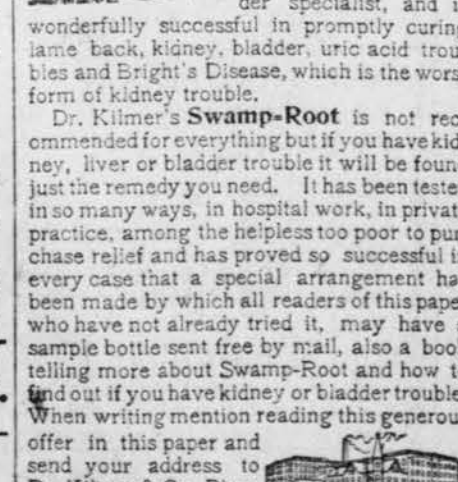

## DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Birmingham, N. Y. The regular fifty cent bottle of Swamp-Root, dollar sizes are sold by all good druggists.

Is it a burn? Use Dr. Thomas' Electric Oil. A cut? Use Dr. Thomas' Electric Oil. At your druggists.

## Kenton Catches.

Geo. C. Bently of Hancock was here Wednesday.

Mrs. C. F. Moll visited her friends at Negaunee last week.

J. J. Bently of Mass City was over on business last Monday.

Clarence Marzin has moved into his new home on Townsend avenue.

Mr. and Mrs. Wm. Kroll were guests of Wm. F. Morgan at Marquette Monday and Tuesday of last week.

F. W. Nelson has taken a position with the Duluth, South Shore & Atlantic road as agent at Bay Mills.

John Schwartz completed Friday the inspection and shipment of about thirty carloads of fine cedar poles for Raber & Watson of Chicago.

Mrs. Ray B. Canfield entertained Thursday at a one o'clock dinner several lady friends in honor of her mother who is visiting from Oconto.

Miss Emma Skoglund is spending two weeks of her vacation at home, having arrived from Duluth last Monday. She is taking a course in the Duluth high school.

J. E. Brown, L. Dessnau and J. Larouche were in attendance at the Macabee convention in Marquette last week. Mr. Brown acted as delegate for Kenton tent.

The Sparrow-Kroll Lumber company began Wednesday on the contract to hoist for the Diamond Match company several million feet of logs from the east branch of the Ontonagon. It is hoped to load a start of twenty-four cars, or one full train, daily.

The families of John Joint and Walter Lang arrived from lower Michigan Wednesday morning. Joint is in the employ of the Sparrow-Kroll Lumber company and Lang is a hustling homesteader who is rapidly carving out for himself a fine farm in the hardwood about four miles south of Kenton.

Notices were posted some time ago by the supervisors prohibiting the furnishing of intoxicating drinks for several well known habitual drunkards but the warning was not heeded and the result is that Edward Cameron will have to answer in the circuit court when it convenes at Houghton to a violation of the law in this regard.

P. J. Elliott has made a decided improvement in West Exchange street, by dynamiting several old stumps and removing the curbside bridge putting in its place a tile culvert. This portion of the street has been regraded and new gutter lines out to a point near the dump of pines in the west part of town.

W. S. Toothacker, principal of the Kenton school, has taken unto himself a wife from Lansing's coterie of young ladies on the person of Miss Fannie Sargent Foster. Preparations are being made for the return to Kenton in August of this estimable gentleman and bride. A new residence will be built for them by Wm. Kroll, between Hotel York and N. J. Dolph's residence.

The township board is industriously making use of the fine spring weather in extending new roads under contract into territory which is being settled up by the hardy pioneer. Jule King completed a half mile between sections 23 and 24 last week and J. A. Canfield has a force of men at work extending on a line with that made by King a half mile further, between section 24 and 25 in township 47, north of range 37 west.

If the present prospects are any criterion, wheat raising in the upper peninsula could be made a profitable business on cleared land. William Kroll late fall sowed an acre of ground between the high trestle and mill plant with the golden chaff variety and the cereal is having a remarkable growth. At the present time it has attained a height of almost two feet and is beginning to head out. Mr. Kroll's experiment will be watched by the farmers about here and if the results come up to present indications there is little doubt but what, before many years, will be a marketable commodity from this section.

"Everybody said I had consumption," writes Mrs. A. M. Shields, of Chambersburg, Pa. "I was so low after six months of severe sickness, caused by Hay Fever and Asthma, that few thought I could get well, but I learned of the marvelous merit of Dr. King's New Discovery for Consumption, used it, and was completely cured." For desperate Throat and Lung Diseases it is the safest cure in the world, and is infallible for Coughs, Colds and Bronchial Affections. Guaranteed bottles 50c and \$1.00. Trial bottles free at The Stafford Drug Co.

INTERESTING TO ASTHMA SUFFERERS.

Daniel Bante of Otterville, Iowa, writes: "I have had asthma for three or four years and have tried about all the cough and asthma cures in the market and have received treatment from physicians in New York and other cities, but got very little benefit until I tried Foley's Honey and Tar, which gave me immediate relief and I will never be without it in my home. I sincerely recommend it to all." People's Drug Store.

SHAKE INTO YOUR SHOES.

Allen's Foot-Ease, a powder. It cures painful, smarting, nervous feet and ingrowing nails, and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. Allen's Foot-Ease makes tight or new shoes feel easy. It is a certain cure for sweating, callous and hot, tired, aching feet. Try it today. Sold by all druggists and shoe stores. By mail for 25c. In stamps. Trial package FREE. Address, Allen S. Olmsted, Le Roy, N. Y.

HUMAN HEART A CENTURY OLD.

In the church of Val de Grace, Paris, to the left of the altar is a vault where the Carmelites used to go to pray. There on tables of marble were arranged hearts of silver and gold. These included the veritable hearts of nuns of noble blood, of kings and princesses, whose bodies repose in the tombs of St. Denis. During the revolution these silver and gold reliquary cases were converted into a monument. During some repairs at the church recently one of these heart reliquaries was found and through a crack in it the human heart that it contained was visible. It was but a poor looking thing, much like a lump of starch. On the case itself half effaced, the inscription, "Sister Williams," was deciphered.

## Undertaking...

HOW TO AVOID TROUBLE.

Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over, and if procured now you may save your trip to town in the night or in the busiest season. It is everywhere admitted to be the most successful medicine in use for bowel complaints, both for children and adults. No family can afford to be without it. For sale by The Stafford Drug Co.

RACE AGAINST DEATH

THRILLING TRIP OVER THE SOUTH SHORE LINE.

FIFTY MILES AN HOUR MADE

SPECIAL TRAIN BRINGS BRAKE-MAN SHANEY HERE.

With Both Legs Cut Off and No Hope for Recovery His Wish to See People Before Succumbing Is Granted.

A thrilling race against death Saturday afternoon, marked one of the fastest trips ever made over the South Shore line.

An employe had been badly injured in an accident happening at a point near Danaher, between Seney and Newberry, in Luce county. It was realized that recovery was practically impossible, and on the sufferer expressing the wish that he see his father and other relatives before the end came, the right of way was given to the special ordered to convey him to Marquette.

The special consisted of a freight engine, with Tom Brown at the throttle, and a caboose. Danaher is nearly ninety miles down the line, and the run to this city was made in an hour and forty-five minutes—or at the rate of about fifty miles an hour. The injured man was still alive when the special arrived, and as it proved there was plenty of time in which the sad farewells could take place, death not ensue for three or four hours.

Slipped Under the Wheels. The victim of the accident was Charles Shaney, of Ishpeming, a brakeman on a log train. The fatality occurred on the Danaher logging branch. Shaney was settling, or releasing brakes, using a brake stick in the task when he slipped and fell beneath the wheels of the moving train. Both legs were caught and were all but taken off just above the knees, the skin only holding the two portions together.

The injured man was taken to Danaher, where fortunately a trained nurse is temporarily located. His awful wounds were bandaged, preventing the man from bleeding to death, and arrangements were partially made to take the sufferer to Newberry, the location of the nearest hospital. Shaney, however, would not listen to the proposition. He realized that his chances for recovery were very slim, and requested that he be taken to Marquette or Ishpeming, if for not hospital treatment, for the purpose of bidding goodby to his people.

A Pathetic Meeting. The special with the injured man arrived here in the evening, and on the 7:35 train his father, brother, sisters and others close to the family were passengers. The party were at once escorted to the caboose, where an affecting scene took place. It was decided to remove the sufferer to St. Mary's hospital, and this was done. The young man's hurts were attended to there, but weakened by the loss of blood the injured man steadily sank until at 10 o'clock death relieved his sufferings. The remains were taken to Ishpeming on the late train, accompanied by the sorrowing party of mourners.

A pathetic connection with the fatality was that Shaney was about to be married to a young lady of Ishpeming. She, almost heart-broken by the sad tidings of the accident, was in the party which came down from the Hematite City and was at the bedside when the end came.

COPPERS ARE A PURCHASE.

Will Soon When New York Market Moves Upward. Hayden, Stone & Co. on Saturday wired the Laidley Commission company: "There is nothing new on the coppers, but we think them a purchase solely on the belief that the New York market will be active and higher, and that coppers will sympathize. We look for an advance in Old Dominion. We get the best kind of advice to buy Gen. Consolidated for investment. We do not wish to carry it on margin, however, but it holds the promise of becoming the equal of the largest copper mine in Amalgamated."

Chicago Wheat and Corn. W. H. Laidley & Co. wired Laidley Commission company concerning the grains: "Good weather and an inclination to take profits brought a lower opening in wheat and considerable liquidation in the July option. As we have repeatedly stated profits should be taken upon bulges, at least during the next week. But wheat is the cheapest commodity in the market today, and while it may take some time to reward purchasers around 71 cents, we believe that it is a safe investment."

The corn reports are not quite as bullish as they have been recently, and the next week will be the critical time for growing crops. There is no question about the manipulated condition of the July option, and it should be purchased on every recession. We believe the July option will see 70 cents."

Virulent Cancer Cured. Startling proofs of a wonderful advance in medicine is given by druggist G. W. Roberts of Elizabeth, Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless till he used Electric Bitters and applied Buckler's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power; blood diseases, skin eruptions, ulcers and sores vanish. Bitters 50c, 25c at The Stafford Drug Company.

CROOKS SURPRISED.

Came Here in Numbers but Found Detectives Awaiting Them.

A pleasing feature of convention week was the excellent manner in which the city was patrolled and the crowds were protected from pickpockets and hummers in general. Not a hold-up, "dip" or burglary occurred, and accidents because of the throngs on the streets were a minus quantity. Marshal Maney and his force, and the outside police officials who were here, did splendid service and are deserving of the thanks of the Macabees and citizens in general.

It had all along been feared that the big convention would bring pickpockets, thugs and other unwelcome visitors, and with the disastrous lesson of the firemen's tournament in mind, the authorities took precautions to guard against any such visitation. Chief of Police O'Neill of Chicago was asked to send up two of his best men, and as a result of the negotiations with him by Chief Maney, Detective Sergeants Fitzgerald and Ronan arrived here a week ago yesterday morning. The two men remained all week, and did excellent service.

Unbeknown to the crowds, the two sleuths circulated through the throngs day and night, getting very little sleep, and every train found them at hand, closely watching every passenger. As a result of their work, a number of the smoothest "dip" men and crooks in the country were gathered in, in all but a couple of cases being shipped out of town on the next train. It had not been expected that the detectives would be here, and for that reason there were several surprises.

On one occasion, last Tuesday, a gang of four pickpockets of national reputation, headed by the notorious "Pinkie Sullivan," were corralled before the men could begin their intended operations. They collapsed at the sight of the officers, who chatted familiarly with them at the meeting, and declared that had they known the detectives were anywhere in the vicinity they would have saved their railroad fare. Had this one gang of four not been recognized and caught it is an assured fact that some of the crowds, at least, would have suffered loss. Other noted evil-doers were also corralled, and although the services of the two sergeants were not gratuitous, the expense of bringing them here was more than compensated by the returns. In addition to these two detectives, another was here from Port Huron—Detective Collins, formerly stationed at Detroit—and he, too, did good work.

During the week the local police force was augmented by the addition of a number of specials, and all of the men, together with the marshal, got but little sleep. The downtown and residential districts were thoroughly patrolled, and the crowds were closely watched and kept moving. The results are plainly apparent in the entire lack of mishaps or the loss of valuables, and it is no exaggeration to state that never before was the city ever so well protected. Extra arrangements for police protection during the time of the circus at Ishpeming this week, and on the occasion of the visit of the Buffalo Bill aggregation next month, are also to be made. Crooks are not wanted here, and a warm reception awaits any who may put in an appearance.

WILL STOP THE ABUSE.

Hereafter Streets Torn Up Must Be Restored to Good Condition.

Hereafter the matter of tearing up the streets of the city will be kept under strict supervision, and the terms of the ordinance governing the matter will be enforced to the letter. In the past, the street railway, gas company, plumbers and others have caused considerable trouble and inconvenience by failing to put back the streets in as good condition as they were before the work in hand was undertaken, and often times the parties concerned have gone ahead and torn up the streets without even securing the consent of any person in authority. In the future it will be necessary to obtain the permission of the street commissioner or street committee before any work of the kind is undertaken, and in some cases it is likely that a bond will be required guaranteeing that the thoroughfare in which the work is done will be restored to its former condition. In case the men at work cannot show a written permit when asked by the marshal, police officers or other officials of the city, arrests will be made and lessons made of the offenders. In all cases, it has been made the duty of the street commissioner to see that the macadam where torn up is thoroughly replaced. The council is determined that the streets shall not be ruined by any digging operations, and it has been decided to enforce the ordinance to the letter.

STATE OF OHIO, CITY OF TOLEDO, Lucas County.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1886.

NOTICE.

To contractors and builders bids will be received by the school board of Forsyth township for the erection of a three-room school house at Princeton. Bids must be in the clerk's office on or before June 25, 1902. Plans and specifications can be seen and examined at the clerk's office at Princeton, Mich. (6-14-1v)

During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. People's Drug Store.

A HANDSOME GIFT

N. M. KAUFMAN DONATES TO THE CITY LIBRARY.

DEPOSITS \$5,000 TO ITS CREDIT

MONEY IS TO GO TOWARD THE NEW BUILDING.

Fund Now \$21,000 and Present Property Will Bring About \$10,000 More—No Work, However, to Be Done This Year.

A handsome donation has been made to the Peter White Public Library by N. M. Kaufman. It is the gift of \$5,000 cash, which Mr. Kaufman has informed the board of trustees has been deposited in the Marquette County Savings bank, subject to their order. The board has formally accepted the donation, and has adopted suitable resolutions, heartily thanking the generous donor.

The money will be used in assisting to pay for the construction of the proposed new library building, which is to be erected on the fine site at the corner of Ridge and Front streets donated by Mr. and Mrs. J. M. Longyear. A year or more ago, when the project of putting up a new structure was first talked of, Mr. Kaufman announced that at the time the actual work of construction was commenced the board could count on him for \$5,000. By depositing the money now, however, he has anticipated that date by at least several months. It is not at all likely that anything definite concerning the erection of the new building will be done this year. The parties now residing in the house occupying one of the lots at the new site have a lease on the building which does not expire until October, but were it intended to build this year, or at least make a start at the work, it is likely that amicable arrangements could be made whereby the house would be vacated. The board, however, feels that it has not sufficient money on hand for the construction of the handsome library proposed and will wait a few months for developments.

With Mr. Kaufman's donation, the board has on hand something like \$22,100, including the \$5,000 given by Mrs. Peter White some time ago and the \$5,000 which Mr. White contributed. The present building and lot on Washington street is valued at about \$10,000, although the building itself cost considerably more than that, making in the neighborhood of \$31,000. While this amount would be adequate for the erection of a handsome structure, a still finer building seems to be the desire and hence the board will wait awhile before deciding definitely what to do. It is barely possible, however, that construction work will be started next spring.

LEWIS IS OUT MONEY.

Cots in the Rooms Would Have Yielded Hotel Marquette More Revenue.

There has been some little discussion by certain persons not at all cognizant with the facts relative to the accommodations furnished and the rate charged by the Hotel Marquette during last week's convention, when the leading Macabees were accommodated at the hotel. The reports are not accurate and their circulation does Mr. Lewis a great injustice.

A STORY OF SKING.

Paul L. Haworth, of the Normal faculty, whose article on the negro officers, ten of the best in the world, in a recent issue of Outlook, is considered one of the best ever prepared on the subject, has written an interesting story for the Youth's Companion which will appear in that periodical sometime in the fall or early winter. It is a sking tale, with Ishpeming as the scene, and will be read with particular interest in this section.

MY LITTLE SON HAD AN ATTACK OF WHOOPING COUGH AND WAS THREATENED WITH PNEUMONIA; BUT FOR CHAMBERLAIN'S COUGH REMEDY WE WOULD HAVE HAD A SERIOUS TIME OF IT. IT ALSO SAVED HIM FROM SEVERAL SEVERE ATTACKS OF CROUP.—H. J. STRICKFADEN, editor World-Herald, Fair Haven, Wash. For sale by The Stafford Drug Co.

One may dwell beneath poverty's low roof, or live in mansions of brick. They'll find a friend in Rocky Mountain Tea. It rids life of its burdens. The Stafford Drug Co.

TEN YEARS IN BED.

R. A. Gray, J. P., Oakville, Ind., writes: "For ten years I was confined to my bed with disease of my kidneys. It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." People's Drug Store.

FOR SALE.

One 10x12 Double Vertical Reversing engine, new, used a few days only, price, \$450. One St. Louis Gang Edger in good order, with two saws (one more could be added) price \$100. Two single Chippers, price each, \$5. One Bolter Saw Table with four-foot ten-inch arbor, price, \$8.00. READ & CO., Marquette, Mich. (4-19-1f)

RUGS MADE OF OLD CARPET Address M. Iralson, Janzen Hotel.

of the clerk that one of the rooms lodged five persons, while in another there was but one guest—the assignment was not made by the hotel management.

With the arrangement and situation explained to Major Boynton and others of his party, they expressed their entire satisfaction and voiced thanks for the splendid care and accommodations accorded them. There is no question that had the party been quartered at the Hotel Superior, the rate would have been considerably more, but the price made, considering all, was a very reasonable one and one which did not yield the Hotel Marquette as much as had the regular rate been charged and the rooms been filled with cots.

An article going into the matter fully, and extending thanks to Mr. Lewis and his corps of assistants will, it is understood, appear in the next issue of the Michigan Macabee, the new editor of which was a member of the Boynton-Watson party and paid the same rate.

FRACTURED A RIB.

Member of Life Saving Crew Met With an Accident.

Dan Shelton, a member of the life saving crew, is at St. Luke's hospital, suffering from a fractured rib, the result of an accident Friday. Shelton was helping to put back the boat that had been used in the practice drill for the benefit of the Macabees. He was descending a rope when his feet slipped and he fell to the floor, striking his side against the boat and sustaining the fracture. The injury, though painful is not serious. Shelton is being taken temporarily by Frank Nelson.

WARD CAUCUSES SATURDAY.

Called to Choose Delegates to the County Convention.

Republican caucuses will be held in the different wards of the city next Saturday evening. They are called for the purpose of choosing delegates to the county convention that will be held in this city next Monday afternoon to name the delegates to the state, congressional and senatorial conventions. The caucuses will be held at the usual places, and the wards will be entitled to representation in the county convention as follows: First, 3; Second, 3; Third, 3; Fourth, 2; Fifth, 3; Sixth, 2; Seventh, 3; Eighth, 1, a total of twenty.

Marie, Mich., June 15.—(Special.)—United Empire, 6:20 last night; Ellwood and whaleback, 9:30; Kanawha, 11:30; Donnacoona, 12:50 a. m.; Jay Gould, 7; Pontiac, 12:43; Tolmie, 1:20 p. m.; Wm. L. Brown, 3; Philip Minch, Manitoba, 4:20; Gates, 4:40; Peshtigo, 5; Cranus, 4; Stephenson, 6:20; LaSalle, 8.

Harbor Gossip.

The steamer Falcon brought in a cargo of coal Saturday.

The only arrivals of ore boats yesterday were the Cadillac and Pontiac. The former loaded and cleared for Ashtabula.

Cleanances from the ore docks Saturday were the Presque Isle and the Louisiana, both of which took out cargoes from the upper harbor for Ashtabula.

The steamer Amaranth, the government light-house tender and supply boat, came in Saturday afternoon and left yesterday morning on her way up the lake.

Captain Benson, up to the time of the strike master of the harbor tug Schenck, is threatened with losing his license, as are all the other captains who responded to the call of their union to quit their posts. Proceedings have been brought against him by the towing trust, and today the hearing of the case will be held before Inspectors Goodwin and York. Mr. Benson is here in his own behalf.

THE PEOPLE'S FAVORITE SHOE STORE!

This is the truth about our Shoe Room. The reason is, the lowest of all prices are marked on our Shoes. A first proof of this is in the following sample description of kinds and in the accompanying prices. The statement will be absolutely clinched if you will come and see these Shoes and compare their prices with those of any other dealers in this city.

Dry Goods Department. We will offer during this month of May Special Bargains in Dress Goods—the latest weaves, the best qualities, and noskinging in measure Ladies' Wraps, Suits, Skirts and Waists.

A brilliant exposition of elegant garments in styles that are the season's successes. Skirts. The season's most fetching novelties—the close-clinging styles now so much in vogue.

Lace Curtains. Just received, a fresh line of handsome designs in widths and lengths to suit all, ranging in prices from 65c up to \$10.00 the pair.

Our Carpet Business Is still booming, but we can still give you good selection at greatly reduced prices.

Men's, Boys' and Children's Clothing. How about that spring suit? It is high time you were making your selection, and our store is beyond question the place for you to go, as we have the best assortment, from the lowest priced suits to the finest garments made. We can fit the children out in little suits from 85c up to the swellest little garments turned out. We can fit out the boys and the young men in the finest worsted, all wool clothing that, when pressed out and fitted on, look better than half of the garments that are turned out by the merchant tailors, and you know the prices are less than half of what you would pay there. \$2.50, \$3.00, \$7.50 to \$10.00 secures a dandy Suit at our store.
