S. M. Sexton of the United Mine
Workers' official organ, the Journal, pub-
lishes the following official synopsis of
the organized strikers in both soft and
hard coal districts. Anthracite district,
14,000 men out, 95 per cent. of the en-
gines, firemen and pump men out;
railroad men refuse to handle non-union
coal. In the Virginias, total number of
miners is 28,000; total number idle, 25,
000; gains being made daily. In Michi-
gan, every mine worker idle; no sign of
a settlement.

REMAIN AT WORK

MAJORITY OF MINE BOSSES IG-
NORED ORDER TO GO OUT.

SITUATION CONTINUES PEACEFUL

IN SOFT COAL FIELDS MANY STRIK-
ERS RESUME LABORS.

Operators and Workmen Are Feeling
Effects of Struggle, Which Has
Cost Nearly \$30,000,000
So Far.

Wilkesbarre, Pa., June 16.—The sixth
week of the anthracite coal miners' strike
began today without a ripple to
disturb the calmness of the situation.
It is felt nearly all day which helped
to keep the more than 150,000 idle men
and boys indoors. Several reports of as-
saults on workmen and coal and iron
policemen were received from different
sections but no one was seriously in-
jured. Most of the attacks occur under
cover of darkness or at starting time in
the morning. It was expected that to-
day would witness the refusal of a large
number of fire bosses and other mine
bosses to go to work but the best in-
formation obtainable show the number
who quit is not large. Several super-
intendents asserted that they had more
men at work at the engines and pumps
than they had last week. President
Mitchell and other labor leaders ques-
tion this assertion and claim that nearly
half the men at work Saturday re-
fused to go into the collieries today.
Neither side gave out any figures.

So far as can be learned the effort
of the strikers to bring out the fire
bosses and other bosses today was not
as great a success as was expected by
the union. However, nearly a hundred
fire bosses in the mines of the Lacka-
wanna region refused to make the usual
inspections today and it is claimed that
the result cannot be other than disas-
trous to the mining property for with
an accumulation of gas the pump run-
ners cannot keep at work.

Washington, June 16.—The house to-
day transacted some miscellaneous busi-
ness under the suspension rules. It in-
cluded the adoption of resolutions ap-
propriating \$25,000 for the preparation
of plans for a memorial in this city to
Abraham Lincoln; \$100,000 toward the
erection of a monument to the prison-
ers who died of Brooklyn as a result of
cruelty they were subjected to by the
British during the Revolutionary war; \$100,000 for the erection of a
monument at Fredericksburg, Va., in
memory of General Hugh Mercer, killed
during the Revolutionary war. The res-
olution adopted today was to carry out
the authorization made for this purpose
in 1777 by the continental congress.

Two bills were passed to amend the
general pension laws. One provides for
the restoration to the pension rolls of
widows of soldiers who subsequently
married and were again widowed and
one to increase the pension of those who
have lost a limb or were totally dis-
abled while in service. The latter bill
also carried an important provision to
increase the pension of a soldier under
the dependent act of 1890 from \$12 to
\$30 per month when such pensioner re-
quires frequent or periodical atten-
dence. A resolution calling on the sec-
retary of war for the reason for dis-
missal of Rebecca Taylor, a clerk in the
war department, was laid on the table
by a vote of 109 to 84. Three Republi-
cans voted on this question with the
Democrats. A bill to authorize the sec-
retary of war in his discretion to favor
American built ships in the transporta-
tion of government supplies to the
Philippines was adopted.

Senators Continue Canal Debate.

After a discussion extending over
parts of several days the senate today
passed what is popularly known as the
London dock charges bill. The opposi-
tion to the measure practically col-
lapsed and it was passed without divi-
sion.

Consideration then was continued of
the isthmian canal project. Senators
Cullom, of Illinois, and Kittredge, of
South Dakota, delivering speeches ad-
vocating the Panama route. The former
based his argument principally on the
report of the isthmian commission re-
commending that route and asserting
that he was satisfied that a good title
could be obtained. Senator Kittredge
not only strongly favored the Panama
route which, in his judgment, was much
the better, but also attacked the Nicara-
gua plan as lacking in definiteness. He
pointed out that Costa Rica was con-
stitutionally unable to grant the neces-
sary concessions to the United States
and said that if the Nicaraguan route
were selected it probably would be a
long time before work could begin, even
if it ever could be.

Just before adjournment a spirited
discussion was precipitated over a mo-
tion by Senator Proctor, of Vermont, to
agree to a conference with the house
on the army appropriation bill. Sev-
eral weeks ago the senate was affronted
by a message from the house refusing to
submit to conference on certain senate
amendments. The opposition to Proctor's
motion was so vigorous that finally
he was forced to withdraw it for the
present.

OBJECT TO REBATE PROPOSITION.

President Palma Says Plan Is Almost
Impossible to Carry Out.

Washington, June 16.—President Palma
has indicated to President Roosevelt
his conviction that the rebate proposition
relative to Cuban sugar would not only
be very objectionable in itself but would
be extensively expensive and almost im-
possible to carry out in distribution.

VARSITY CREWS WORKING OUT.

Poughkeepsie, N. Y., June 16.—The
varsity crews who will take part in the
regatta were out for practice today.
Wisconsin's boat was fairly filled by the
high waves and the crew was obliged to
put into Cornell's float and dump out
the water. Hubbard, the Columbia's
freshmen's bow, is so ill with appendicitis
that he will not be able to take
part in the race.

CUTS THROAT OF HIS GIRL BRIDE.

Would-Be Murderer Then Succeeds by
Drinking Carbolic Acid.

Indianapolis, June 16.—Andrew Deiss
of Peoria cut the throat of his girl-bride
at the home on the subject of today and
killed himself by swallowing carbolic
acid. Mrs. Deiss, who is only sixteen
years old, is perhaps fatally injured.

TAFT'S MISSION WILL SUCCEED.

Majority of Vatican's Sub-Committee
Favors Governor's Proposals.

Rome, June 16.—The complete suc-
cess of the negotiations between Judge
Taft, governor of the Philippines and
the Vatican on the subject of the friar
lands in those islands, appears assured,
four out of the five cardinals composing
the sub-committee of cardinals favoring
the governor's proposals.

BODIES HEWN LIMB FROM LIMB.

Remains of U. S. Soldiers Captured May
Go Found Horribly Mutilated.

Manila, June 16.—The bodies of a
sergeant, two corporals and four privates
of the Fifth Cavalry captured May
30 by hordes of Binangonan, have
been recovered. Most of the bodies were
hewn limb from limb and it was found
impossible to recognize the dead men.
A number of arrests have been made
and nine men are absolutely iden-
tified as belonging to the band of in-
dians which captured the Americans.
The identified men include two members
of the police force of Teresa, in Morong
province. The American soldiers were
buried today together. It was impos-
sible to make separate interments.

GRIST OF BUSINESS TO ADJOURN JULY 1

HOUSE DISPOSES OF SEVERAL

PASSES BILL TO AMEND PENSION LAW

SENATE CONTINUES DEBATE ON
ISTHMIAN CANAL PROJECT.

Senators Cullom and Kittredge Advo-
cate the Selection of the Pan-
ama Route and Tell
Their Reasons.

Washington, June 16.—Several sen-
ators who have a knowledge of the con-
dition of business in the senate said to-
day that congress would adjourn by
July first. One earnest advocate of re-
ciprocity with Cuba said that adjourn-
ment would be taken whether an agree-
ment was reached or not. The advo-
cates of reciprocity say that when it is
known just what the Republican mem-
bers of the committee offer it is expected
it can be definitely determined how
many Republicans can be counted for
and against it.

STIFF FIGHT IN SIGHT.

Reciprocity advocates believe the
measure to be presented will command
the majority of the senate within the
Republican party. The best sugar men
say in the Republican conference eight-
een or nineteen senators will announce
for himself that he will not vote for
the reciprocity bill and will vote for
any amendments which will help defeat
it. They will vote against taking up the
bill for consideration, thus forcing the
friends of the measure to rely on the
Democratic votes and make the first al-
liance with the Democrats after which
the best sugar men will vote with the
Democrats to secure amendments to de-
feat the bill. They say the French re-
ciprocity treaty is being put in shape to
be germane as amendments to the re-
ciprocity bill when brought forward.

Treaty With Cuba Revived.

Talk is revived about a treaty with
the Cuban government. Senator Foraker
some days ago suggested this to the
president as a way out of the diffi-
culty. It also was one of the proposi-
tions of the best sugar men to the Re-
publican members of the committee on
relations with Cuba and was rejected.
The best sugar men say fifty-two Re-
publicans would support such a treaty
and it is expected enough Democrats
could be secured to ratify it. The lead-
ers for reciprocity say a treaty would
mean the defeat of legislation in this
session. There is not time enough to ne-
gotiate and pass it before adjourn-
ment.

QUESADA PRESENTS CREDENTIALS

Formal Meeting of Cuba's Minister and
President Roosevelt.

Washington, June 16.—Senator Quesada
today presented his credentials as min-
ister from Cuba. After the formal ex-
changes, the president shook the minis-
ter's hand warmly and expressed the
deep gratification he felt in being able
to greet as the first minister from Cuba
the man he had known as a personal
friend in prior years. The minister re-
sponded in the same unconventional way.
Secretary Hay also had cause for grati-
fication. He recalled the fact that today
marked the culmination of his own
efforts of thirty-two years. Hay was
first secretary of legation at Madrid
when General Siskies was United
States minister there and Hay had to do
then with the proposition to pur-
chase Cuba for \$100,000,000. He did not
abate his interest in the subject or
relax his efforts when an opportunity
served to bring about the result achieved
today when Cuba's first minister was
recognized by the president.

NO TRUTH IN REPORT.

Alleged Plot to Assassinate Emperor
Francis Joseph Denied.

Vienna, June 16.—There is no truth in
the statement published in the United
States that an anarchistic plot to as-
sinate Emperor Francis Joseph was
discovered here today.

SOLDIER KILLS SWEETHEART.

Then Shoots Himself and All Through
Jealousy.

Columbus, O., June 16.—Harry W.
Bragg, a private in Company F, Twen-
tieth United States infantry, tonight
shot and killed Mrs. Lizette Tibbits, then
shot and killed himself. The tragedy
was enacted at Columbus barracks,
jealousy being the motive. Bragg's
home is in Pelican, Wis. He served in
the Philippines in the Thirty-fourth
United States volunteers.

MOTHER'S MAD DEED.

Shoots Five of Her Children and Then
Burns the Bodies.

Jackson, Miss., June 16.—Mrs. Leous
Westrop (white) living near Martin,
yesterday afternoon killed five of her
children by shooting them to death in
an outhouse, afterward burning the
structure over the bodies. The woman
escaped.

A searching party found Mrs. West-
rop in a grave yard where she had
spent the night. Beside her was a rifle.
When she saw the party she shot her-
self, though she did not inflict a fatal
wound. She said she did not know how
she came to be in the cemetery nor
what she had done yesterday.

WILL RACE FOR LANDS.

Fort Hall Reservation in Idaho to Be
Opened for Settlement Today.

Pocatello, Idaho, June 16.—Fort Hall
reservation will be opened to settlement
at noon tomorrow. Some 2,000 miners
and homeseekers are in Pocatello to-
night ready to make a run and probably
as many more are at various points
along the outer boundaries of the reser-
vation.

HANNA IS NOT A CANDIDATE.

Senator Declares He Is Not Looking for
Renomination.

Florence, Ala., June 16.—Senator Hanna,
replying to a suggestion from Col-
onel Outter Smith of this city, that he
become a candidate for president in
1904, says: "I'm not to be considered
in any sense as a candidate for the
nomination as president in 1904."

EDWARD CAN'T SEE RACES.

London, June 11.—King Edward bore
yesterday's journey to Windsor well, but
it has been decided that he will not go to
Ascot today. Queen Alexandra, how-
ever, accompanied by the Prince and
Princess of Wales and other members of
the royal family, will attend the races
in state.

CRISIS IS REACHED

VENEZUELAN REBELS AND GOV-
ERNMENT TROOPS BATTLE.

ONLY PEACEFUL WOMEN KILLED

REVOLUTIONISTS ATTACK PORT
CARACAS BUT ARE REPULSED.

Fight Against Castro Is Most Formid-
able to Happen in Years and
Administration Hangs in
Balance.

Willemstad, June 16.—Advises re-
ceived here today announce that the
Venezuelan revolutionists attacked La-
guaira, in Port Caracas, Saturday, the
15th inst. The government forces an-
swered by shelling Matuceta, a suburb
of Laguaira, from the forts ashore and
from the Venezuelan warship Miranda.
Only peaceful women were killed. All
the commercial houses at Laguaira were
closed the day of the bombardment and
the inhabitants were panic stricken.
Eventually the revolutionists, who num-
bered about 400 men, were repulsed.
They destroyed the bridge at Boqueron
and stopped all traffic for twelve hours.
They cut the French cable and telegraph
wires. The situation in Venezuela as
these advices were dispatched indicated
a crisis was near.

Washington, June 16.—In well-in-
formed diplomatic quarters here the im-
pression prevails that the revolution
threatening President Castro in Vene-
zuela, is the most formidable of any
that has arisen there during the past
few years. Nevertheless as long as the
revolutionists can be confined to the out-
lying towns it is thought here that there
is no possibility of the final success of
the revolutionists. If the revolutionists
fall this time it is thought the accom-
plishment of their aim can be relegated
to the rather distant future.

ROOT TAKES RESPONSIBILITY.

Secretary of War Says Wood's Expen-
diture of Money Was Wisely Done.

Washington, June 16.—Secretary Root
has assumed full responsibility for the
payment of money to General Gomez
by General Wood during the American
occupation of Cuba and if congress asks
for an explanation of the matter he
stands prepared to furnish what he re-
gards as most convincing proofs that the
payments were dictated by wisest
statesmanship.

The president today sent the following
nominations to the senate: Captain
Charles E. Clark to be advanced seven
numbers in rank and to be rear ad-
miral in the navy; Joseph E. Proffit,
of West Virginia, to be consul at Pre-
toria, South Africa.

RACE WAR IN ILLINOIS.

Mob of Whites Attack Negroes and
Stone Their Houses.

Carbondale, Ills., June 16.—The race
war in progress in Eldorado, Ills., since
May 29, when a mob attacked the col-
ored normal and industrial institute still
continues. The homes of colored citi-
zens have been stoned, warnings sent
the occupants to leave the vicinity and
shots fired into their homes late at
night. Many, through fear, have left.
Last night a mob visited Rev. Peter
Green, pastor of the African Methodist
church, and stoned his house. Govern-
or Yates has been appealed to for pro-
tection.

STRIKE AFFECTS RAILROAD WORK

Structural Steel Mills Have Shut Down
on Account of Tie-Up in Mines.

St. Paul, June 16.—The coal strike in
Pennsylvania promises seriously to in-
terfere with the construction work of
the Chicago & Great Western. Presi-
dent Stickney, is authority for the
statement that unless the steel mills
resume work within ten days it will be
necessary to call off the crews at work
on the big Des Moines viaduct and quit
work. The structure is the key to the
new Omaha and Sioux City lines, and
no trains can enter either city until it is
completed.

There have been times when the wild beasts have been more merciful than human beings, and spared the woman cast to them in the arena. It is astonishing how little sympathy women have for women. In the home the mistress sees the maid with the signs of suffering she recognizes so well, but she does not tighten the sick girl's load by a touch of her finger. In the store the forewoman sees the paller and exhaustion which mark womanly weakness, but allows nothing for them. It is work or quit.

Doctor Pierce's Favorite Prescription makes weak women strong and sick women well, by curing the womanly diseases which undermine the health and sap the strength. "Favorite Prescription" establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

"When I first commenced using Dr. Pierce's medicine," writes Mrs. George A. Strong, of Hancock, Saragosa Co., N. Y. "I was suffering from female weakness, a disagreeable drain, bearing-down pains, weak and tired feeling all the time. I dragged around in that way for two years, then I began taking your medicine. After taking four bottles of Dr. Pierce's Favorite Prescription, two of 'Golden Medical Discovery' one of the 'Pleasant Pellets,' I began to feel better. I took four more of Dr. Pierce's Favorite Prescription, two of 'Golden Medical Discovery,' one of the 'Pleasant Pellets,' and now I feel like a new person. I can't thank you enough for your kind advice and the good your medicine has done me."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women. Dr. Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

DAILY MINING JOURNAL. A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED). Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

Subscription Rates: Per month, by carrier, \$1.00; Per year, by mail, \$10.00. MARQUETTE, MICH., JUNE 17. Entered as mail matter of the second class in the postoffice at Marquette, Mich.

In the absence of the editor, The Mining Journal feels that it can publish the following handsome compliment from the Mining News without playing havoc with the editorial reputation for modesty: The News wishes to congratulate Editor James Russell of the Marquette Mining Journal on winning a two-fold success during the recent Macabee convention in his city. In his capacity as editor of The Mining Journal he furnished complete reports of the convention, besides giving his subscribers the usual amount of local and telegraphic news.

Prof. Isaac C. Russell, of the University of Michigan, one of the eminent geologists who went to Martinique on the United States steamship Dixie with the purpose of investigating the eruption of Mt. Pelée, is home. Although cautious about expressing himself definitely, the professor believes that Pelée will be quiescent for the next fifty years. He does not believe that Pelée has any connection with any volcano or supposed volcano in the United States, but he does believe that the country in which Martinique lies is dangerously volcanic in nature. It would be interesting to hear definitely from Professor Russell on the canal question from the volcanic viewpoint. He should give the country the benefit of his ripe scholarship by offering his testimony on this highly important subject.

It is said that there is about to be made, near Capac in the lower peninsula, a systematic attempt to market peat fuel. Experiments at the state university have resulted in the perfection of an electrical drying process which leaves the peat perfectly dry, whereas the air drying process is effectual in removing only eighty per cent of the moisture. After treatment by the new process peat has a fuel value of seventy-five per cent compared with coal, the ash percentage being one and six or seven respectively. At Capac, where it is proposed to give the peat business a commercial test, is a bog of 2,200 acres, from fifteen to thirty feet deep, a practically inexhaustible supply. If the new process should prove successful, there are a sufficient number of similar bogs in the state to give the fuel consumer a fine club to hold over the coal man.

A bill to establish a biological station at some point on the great lakes has recently passed the senate and has already been reported favorably by the house committee. The bill was introduced by Senator McMillan, who was interested in its success largely through the efforts of Jacob Reighard, director of the zoological laboratory at the University of Michigan. The proposed biological station would be part of the system of hatcheries established and maintained by the national government and it would devote its time and energies to a study of the habits and conditions of life of the important food fishes with the idea of making the work of the hatcheries more scientific and sure. There are now great gaps in the available knowledge, to fill which is required a station of the nature of that proposed. The appropriation asked for the new institution is modest and yet sufficient to establish it adequately. The bill has strong support and its passage is expected. It is a vital measure, as it proposes a means to the end of preserving for all time the important food fishes. It is in no respect a party bill and there should be no question of its passage.

There will be no particular delight with Senator Elkins' joint resolution looking toward the admission of Cuba as a state or the union some time before Jan. 1, 1904. The time will come when such a resolution will be popular, as the time will come when Cuba will be admitted to statehood, but there is nothing to be gained by "rush" methods. The United States cannot consistently go "gunning" for Cuba, but must wait for the natural and gradual growth of the annexation sentiment. The annexation of the island within the limit set by Senator Elkins' resolution would be a grave political error and would more than offset the moral effect of the fulfillment to the letter of our pledges to the Cubans. Senator Elkins' bill is now, to say the least, impertinent. The new republic is just fairly afloat, and if it receives fair tariff concessions, it should, under President Palma's able direction, justify the Spanish-American war by proving the boasted capacity of the Cubans for self government. Until this capacity is proven and the people of the new Republic have shown their fitness for Republican citizenship, how can we be sure we want the island as a state? Be this as it may, the fact remains that every consideration of statesmanship and decency demands that we wait upon the Cubans in the

matter of annexation sentiment. We have nothing to gain and everything to lose by hastening the island's natural gravitation toward our union. It is inconceivable that Senator Elkins' resolution will be taken seriously.

Henry Clews & Co. have the following to say of the speculative market and of its probable course in the immediate future: Conditions are favorable for a good trading market for some weeks to come. There is no material for a bear campaign, and a bull campaign would be rather difficult to inaugurate until the big leaders are agreed and the public shows a sharper appetite for stocks, which it is very likely to do after sufficient rest. Already there is an improving investment demand for good securities, which promises better things when the time is ripe for action. In many respects the market position is better than at any time since President McKinley's death; and the same powers are still under the market which sustained it then and have persistently supported it ever since. When the public appetite for speculation eases, when funds now locked up in syndicate operations are released, when some of the deals now in the air approach consummation, when the crop outlook becomes more certain, when labor moderates its demands we may look for a revival of confidence and general improvement. Meanwhile, good stocks bought on profits are likely to afford a profit if sold on the moderate rallies, the outlook being, as said above, favorable to a good trading market.

FOURTEEN YEARS OF SILENCE. Under the above caption the Soo Journal holds forth in the following strain: The Twelfth congressional district has never been heard from on the floor of the house of representatives for the past fourteen years. For almost a decade and a half her representatives have observed a sphinx-like silence. No word of counsel or note of encouragement, no ringing words of eloquence, not even a motion to adjourn has the twelfth ventured toward national legislation for almost a generation. For a period covering sessions when question of immense national import have been solved, a period which has seen the country transformed, a period which, save the civil war epoch, has seen the solution of more difficult legislative problems than any similar epoch, the great, rich, immense twelfth district has added not a line to the volumes of history which have been written. And now the man who lengthened this interregnum of incompetency by six long years comes back from Washington to ask that he be permitted to return to the capital and keep the chair allotted to this district in the house of representatives. He wants an opportunity to return to Washington to keep silent in more than thirty different languages. Fourteen years since a representative from the twelfth district opened his mouth on the floor of congress. Fourteen years and the twelfth an unknown factor. Fourteen years—shall we make it sixteen?

What an odd sensation it would be to read in the press an account of an eloquent speech delivered by a member of our representative on some question that cries for solution. Or what even stranger sensation would follow the announcement of the securing for the eastern half of the district at least some of the factors that are showed so plentifully upon districts of half our importance. Is it not time the interminable silence was broken? Isn't fourteen years long enough to be dead to the world? Are there no men in the upper peninsula who can break the spell? Fourteen years of silence! Let's break it.

Silence we have had; there is no doubt of that. But is not the Journal making a grave mistake when it couples silence and incompetency as necessary concomitants? By implication, it says that loudness is a sure sign of wise statesmanship. The facts will not bear this out. Our senior senator, than whom there are few more influential men at Washington, is never heard in the upper house and he is but one of a number of such examples that might be enumerated. Nor have any but Democratic papers and leaders asserted that this district has been incompetently represented during the fourteen years which the Journal bewails. Our congressmen have been fairly influential and effective, especially where the interest of their district was concerned, even if oratorical flights have been beyond them. The Journal makes too much of oratory and eloquence. It would be pleasant and fitting indeed if our representative was so gifted as to be able to hold the ears of his colleagues and attract the attention of the state and country to the Twelfth district of Michigan, but if we continue to send capable, conscientious and patriotic men to congress there can be no legitimate cause for complaint.

COPPER COUNTRY (Additional) COPPERDOM BREVITIES.

There will be no Boston market on account of Bunker Hill day. The Houghton Light Infantry will go on a forced march next Saturday evening and will camp out over Sunday. A number of Calumet people have received invitations to the Lake Linden high school commencement exercises.

Miss Daisy North of Lake Linden has gone to Ann Arbor to attend the graduation of her sister from the university. Richard Allan, a senior in the dental course at the state university has returned to Calumet for the summer vacation. Dr. Moore, mine doctor at the Atlantic, has bought a trim gasoline launch and will float it on the Salmon Trout river dam.

The Epworth league of Painesdale M. E. church will give a literary entertainment Saturday evening. Home talent was assisted by Miss Agnes Mitchell of Calumet. Marriage licenses have been issued to Henry Uhlman and Miss Sadie Denas, both of Hancock, and John Nieman and Miss Lizzie Savala, both of the Winona location.

A special meeting of the Laurium common council was held Saturday afternoon. Andrew Belau was appointed to fill the vacancy of poundmaster and dog warden. William Kingshot of Lake Linden met with a painful accident while working with a chisel Saturday. The tool slipped and cut a gash three inches long in his wrist. Portage Lake people will take a holiday this afternoon and everybody will go to the circus at Hancock. The big show will be seen at the Driving park west of town.

The steamer Iroquois arrived at Houghton yesterday morning. She took a party of Michigan College of Mines students on a pleasure trip to Isle Royale on the return trip to Duluth in the afternoon. E. W. Baker of Cheboygan, who was a delegate to the Macabee state convention at Marquette last week, is in the copper country seeing the sights. Mr. Baker took the advantage of being in the upper peninsula to come to this region.

The Hancock Gun club held its second shoot west of Hancock Sunday afternoon and some excellent scores were made. Scores as high as twenty and twenty-one out of a possible 25 were placed to the credit of several of the members. The committee on privileges for the Elks carnival at Hancock in July is George W. Emery, Dan T. Pearce and W. A. Washburn. Mr. Haber of the Bostwick-Pearl company is here aiding the Elks committee in making the preliminary arrangements.

The "Witch of the Woods" will be put on at the Calumet theatre in the very near future by the ladies of the Calumet Congregational church and the great success which this production scored in the Portage Lake cities will without doubt be repeated in Calumet. Mrs. W. A. Washburn, of Hancock has left for South Hancock Sunday afternoon at the graduation of her daughter, Mary R. Vertin, from St. Mary's academy at Notre Dame. She will be accompanied by Miss Vertin on her return home and also by her son, John, who is a student of Notre Dame college.

The Junior baseball team of the Young Men's Catholic association of Calumet defeated the Hancock Juniors at Houghton Sunday afternoon. The game broke up at the end of the eighth inning, the Calumet boys protesting against the treatment they were receiving. The score was 6 to 5. The Hancock Juniors were defeated by the South Lake Linden Junior ball team at Hancock Sunday afternoon by the score of 14 to 12. The Batteries were McLaughlin and Lamotte for South Lake Linden and Lauzon and Linder for Hancock. The contest was well worth seeing.

All Sunday large crowds gathered at Calumet to witness the coming of Ringling Bros.' big show trains, and despite the fact that bulletins were out announcing that the trains would not arrive until evening from 3,000 to 5,000 people gathered along the tracks and at the circus grounds near the Centennial location and were there from 4 o'clock until late in the evening.

Additional Neagaunce. LOCAL LAOONICS.

Harry Goodman, who spent last week here, returned to his home on the Ontonagon range yesterday. Joseph H. Winter got home yesterday morning from Chicago, where he spent a few days on a business mission. Dan Taylor submitted to an operation Saturday. A telegram has brought the pleasing news that he is getting along nicely.

The board of review will finish its labors today for this year. Taxpayers who did not call yesterday to look over the roll may do so today. Mrs. S. E. Sprout and son Jay of Rosnoke, Va., former residents of this city, are expected here within the next few days on a visit to relatives.

T. M. Wells has resigned his position with the state tax commission. The compensation was insufficient, particularly as he was obliged to spend nearly all his time away from home. Joe Richardson is nursing a sprained ankle. He is obliged to use a crutch and he finds it mighty inconvenient. Joe came in from the Volunteer mine the latter part of the week, remaining over Sunday.

A number of the young people of this city will attend the Trombly orchestra's hop at Ishpeming tonight. It will be the last hop of the season by the orchestra and will last until an early hour in the morning. The Danish Brotherhood of this city had a very fine turnout Sunday afternoon, when the graves of the departed members were decorated. The Neagaunce Orchestra band was at the head of the procession.

The employees of the Maas mine were paid yesterday. All the other mines of the city will pay their men this week. On Friday the men at the Regent group, the Neagaunce and Hartford mines, will get their money. Mrs. George W. Barnes and daughter left Sunday for Kansas City, where they will spend the next two months or so visiting relatives. On their way out they will spend a week or so with friends at Bloomington, Ill.

The greater part of Neagaunce's population will be out Sunday to see Ringling Bros.' circus trains pass through the city. They were expected along during the forenoon, but it was 1 o'clock before the first section arrived. An extended stop was made at Escanaba, where men and animals were fed.

NEARLY DIED OF STARVATION. A young man in one of our large cities was recently found in an unconscious condition, and upon examination it was found that he was dying of starvation. Food was given in small quantities and in a few days the patient recovered. There are many other people starving themselves because they are afraid to eat good substantial food. Their stomachs are weak and cannot therefore digest it properly. Consequently the patient loses flesh and the blood and nerves become impoverished. A few doses of Hostetter's Stomach Bitters will restore the stomach to its normal condition and cure headache, indigestion, dyspepsia, flatulency, constipation and biliousness. It is the best stomach strengthener and health builder in existence. Try it and see for yourself.

NORTH AMERICAN GYMNASTIC UNION. Davenport, Iowa, July 5th to 15th. For the above event, tickets will be sold via C. M. St. P. railway at one-third the fare for the round trip. The Chicago Turner society having selected the "St. Paul" railway as the official route, extends a cordial invitation to all "North Country" Turners to join them. Special train leaves Chicago 1:30 p. m., July 5th. (6-17-31)

COAL DEALERS HERE.

Members of Illinois and Wisconsin Association Visit Copper Country.

The steamer Manitowish, bearing about 300 members of the Illinois and Wisconsin Coal Dealers' association, who are taking a sightseeing junket from Chicago through the Northwest, arrived at Houghton early yesterday morning. Superintendent Shields of the Mineral Range road had a special train of four coaches ready at 9 o'clock for the visitors to go to points of interest in the county. The party as guests of Mr. Shields went to Calumet in the morning to visit the Calumet & Hecla and other mines and later went to Lake Linden to see the stamp mills. The next place visited was Dollar Bay, where the smelting works and the wire manufactory were visited. The steamer was boarded at that place for Marquette and Duluth. From all that could be learned the coal men were highly pleased with what they saw during their brief stay in copperland and were quite impressed with the growth of the district and the great strides forward it has made.

CAPT. S. B. HARRIS RESIGNS.
Is Succeeded by His Son as Superintendent at Quincy Mine.

Captain Samuel B. Harris has resigned as superintendent of the Quincy mine and is succeeded by his son, John L. Harris. The change really took effect at the first of the present month, but the announcement has just been made. John Harris is a 'chip of the old block' and when he came to the mine as mining engineer and later was made assistant superintendent. It was predicted that he would eventually take his father's place in the management of the mine. The sinking of No. 7 Peawabic shaft, which is over 4,000 feet deep, is illustrative of the good work of John L. Harris, and shows that he is capable of performing feat of difficult engineering. Captain Harris will retire from the superintendent position from the superintendent mine with a most excellent record as the result of his long years of service for the company.

GRADUATES ENTERTAINED.
Dr. and Mrs. H. W. Jones held Reception for Class of Houghton School.

The Houghton high school graduating class and teachers were the guests of Dr. and Mrs. H. W. Jones last evening and a few hours were pleasantly spent. A feature of the reception was a banquet at the Douglas House at 8 o'clock. This week will be a busy one at the school in the hurry of closing. Tomorrow evening the class day exercises for parents and a reception to friends will be tendered, and on Thursday evening the grammar department graduation exercises including the class play, a dramatization of Longfellow's "Miles Standish" will be the program. During the week, afternoons and evenings, some of the work of the school, such as drawing, commercial work, etc., will be on exhibition. The high school commencement exercises will be held Friday evening. The principal address will be given by Oscar L. Larson, prosecuting attorney, who will take as his subject the words of Michael Angelo, "I Still Learn." Mr. Larson is well known as a strong and fervent speaker and a very good talk may be expected of him.

COMMENCEMENT SATURDAY.
Atlantic Schools Will Hold Closing Exercises in Foresters' Hall.

Commencement exercises of the Atlantic schools will be held in Foresters' hall Saturday evening. The class of 1902 will equal any of its predecessors, and that is saying a great deal. Superintendent and Mrs. Jeffers and staff are maintaining the high standard of the Atlantic school. The motto of the graduating class is the memorable utterance of Cecil Rhodes just previous to his death, "So little done, so much to do!" There will be quite a change in the corps of teachers next year. Four or five of the present staff contemplate a change.

COMMENCEMENT EXERCISES.
The invitations have been issued for the Junior reception to the Hancock high school graduates. The event will take place at St. Patrick's hall Friday evening. The commencement exercises will take place at the same place Thursday evening. The closing events in the Houghton schools will also take place this week.

RINGLING BROS. AT CALUMET.

Popular Show Greeted by Immense Crowds Yesterday.

Same old circus,
Same old band,
Same old sawdust,
Same old stand;
Same old bears and
Same parade;
Same old peanuts,
Same lemonade;
Same old clown and
Same old jest;
Same old crowd with
Brand-new zest.

Ringling Bros' circus was in Calumet yesterday and measured by the small boy's standard it was great. All the old-time attractions were on hand just as in the days of old Dan Rice's show, but there were also many novelties and exclusive features.

The parade reached the downtown district about noon and when the great gilt wagon drawn by eight gray horses and bearing the best band carried by the show swept down Fifth street the thoroughfare was filled with people and from every window peered faces looking eagerly at the sights which are dear to everyone. The pageant was also witnessed by thousands before it reached the downtown streets. The parade was a stupendous, extravagant affair and the same may be said of the performance. The great tent was filled with people before the grand triumphal march opened the afternoon performance.

Features Were Varied.
The features of the show were many and varied. The cake-walking horses were loudly applauded and the performing seals and elephants were marvelous. Gus Dunbar performed the exceptional feat of turning a triple somersault into a net and the other trapeze acts were high-class. The clowns were as funny as usual and the old friends of the Nelson family of aerobats found their work just as sensational and pleasing as it was ten years ago and possibly even a little better.

The menagerie was just as comprehensive and interesting as the Ringling menagerie always was. The giraffe, said to be the only one of the very few of its kind in the world owing to the species being rapidly exterminated, attracted a great deal of attention. The royal Bengal tigers and other carnivorous animals had their admirers and the elephants as usual were lionized by everyone.

The circus again last evening was attended by an immense crowd. This afternoon and tonight Hancock will be favored with two performances, and the interest promises to be fully as great.

FRANKLIN DEFEATS OSCEOLA.
Game Was Uninteresting and Very One-Sided.

The Franklin baseball team defeated Osceola at the Franklin location grounds Sunday afternoon. The score, 28 to 7, tells the story. Hocking, a college pitcher, threw for the Franklin team with the exception of the last inning, when Berryman went in, striking out three men in succession. Hocking is a local boy and since his return home from Valparaiso has strengthened the team considerably. The Franklins will play the Hurontown team at the ship canal next Sunday afternoon, the occasion being the picnic of the Irish societies.

BARAGA SEUT OUT.
One of the most interesting ball games was played here Sunday between Baraga and the Even Reds. The score at the end of the game was 4 to 0 in favor of Even. The nine innings were played in one hour and ten minutes. The Baraga boys are a gentlemanly lot and took their defeat without a kick. A return game will be played at Baraga next Sunday, June 22.

Following is the score by innings:
Even. 0 1 1 0 1 0 4 5 1
Baraga. 0 0 0 0 0 0 0 0 5
Batteries: Hanley and Gerard of Duluth for Even; Pequit, McDonald and Denmie for Baraga. Earned runs, Even, 2. Home run, Hanley. Base on balls, off Hanley 2. Hit by pitched ball, by Pequit, 2; McDonald, 1. Passed balls, Denmie, 1. Struck out, by Hanley, 6; by Pequit 12; by McDonald, 1. Left on bases, Even 7; Baraga, 13. Attendance, 200. Umpire, Gartner.

BOARD OF REVIEW TO MEET.
The board of review of Hancock village will assemble again in the council chamber June 19-20 to review the assessment rolls of Assessor Cornelius J. Keough in the new districts recently annexed to Hancock. The assessor and members of the board of review went over the new territory very carefully, inspecting all of the property added to the rolls.

DEATH OF MRS. DUNN.
Mrs. Elizabeth Ann Dunn of the Quincy location died at the home of her daughter, Mrs. Joseph Giles, Sunday. She leaves a husband, a son and two daughters. Mrs. Dunn recently came to this country for her health. The funeral will be held from the Peawabic M. E. church tomorrow morning with interment at Forest Hill.

EWEN WILL CELEBRATE.
Ewen will celebrate the Fourth of July this year and every effort will be made to have exercises as good as last year. Dr. Morris, president-elect, will go to Marquette Monday to look after the printing of the bills and make other arrangements.

BOUND OVER TO CIRCUIT COURT.
Alex. Hoffgren, who was brought to Calumet from Escanaba by Sheriff Willis last week for larceny, has been bound over to the next term of circuit court for trial. Hoffgren is charged with stealing \$177.50 from a fellow boarder at Calumet.

Three spectres that threaten baby's life. Cholera infantum, dysentery, diarrhoea. Dr. Fowler's Extract of Wild Strawberry never fails to conquer them.

TO CELEBRATE OR NOT.

Calumet Citizens Have Not As Yet Decided to Observe July Fourth.

Will there be a celebration in Calumet this year on the Fourth or not is the question that many of the citizens are asking at the present time. Judging from the outlook one would naturally say that there will not. There seems to be a lethargy on the part of all concerned and if this state of affairs continues to exist there most assuredly will not be a celebration. No steps have as yet been taken by either the citizens or the business men and unless steps are taken in the very near future the celebration of our great national holiday will be conspicuous by its absence.

FUNERAL SERVICES SUNDAY.
Remains of J. L. Moon Given Military Burial.

The funeral of the late John L. Moon, who was killed in an underground accident at Butte, was held Sunday afternoon at Calumet. The members of the G. A. R., veterans of the Spanish-American war, and Company E, Calumet Light Guard, had charge of the services. Mr. Moon was a former member of the military company at Calumet and during the war saw active service in Cuba. The remains were taken to the Army and a guard placed over them when they arrived.

A BIG PRODUCTION.
Output of Lake Superior Mines Aggregates 22,000 Tons Daily.

The Lake Superior copper companies are at present stamping 22,000 tons of rock daily, or at the rate of 6,000,000 tons per annum. From this rock about 7,300 tons of refined copper are obtained monthly, or at the rate of 175,200,000 pounds per annum. These figures indicate that from the above tonnage of rock stamped an average of twenty-six pounds of copper is obtained from every ton, an input percentage of 13. At first glance it would seem that Calumet & Hecla producing more than one-half the copper of the Lake Superior district, and from rock running between 3 and 4 per cent copper would bring the general average yield above the 13 per cent noted above. The explanation lies in the fact that from a rock tonnage of only 5,000 tons per day, Calumet & Hecla produces yearly 90,000,000 pounds of copper, while the remainder of the Lake producers are compelled to stamp 17,000 tons per day to yield 85,000,000 pounds of copper per annum. It is very probable that with the addition of the new South range producers the Lake district will at the close of this year be producing at the rate of 200,000,000 pounds per annum, as against 170,000,000 pounds for the year 1901.

FIND MUCH MASS COPPER.
Rich Discovery Made in Southern Douglas County, Wisconsin.

Another rich copper strike is reported from the property of the Weyerhaeuser syndicate on the Minong range in the southern part of this county. A streak of mass copper has been found and is being weighed over 100 pounds have been taken out of the property. The mass copper was found in the regular formation and was not dead, but, on the contrary, there has been a great deal of it found, leading to the belief that there is a good deal more there.

Hoist Big Mass.
At the Michigan Friday about nine tons of copper was hoisted. This was cut from the huge mass encountered in C shaft some time ago and about which so much has been said. The enlargement of this shaft has been completed, all but laying the skip track, and active operations are again under way, hoisting being done as heretofore over the old skip road. Everything continues to look healthy and all work is being pushed as rapidly as possible.—Ironland Reporter.

Copper Gossip.
The Victoria Copper Mining company the past week let the contract to J. J. Beatty, of Greenland, for the putting up in the neighborhood of thirty new dwelling houses at the mine locations. Work on the structures will be commenced as soon as the material can be gotten on the ground, and will furnish employment for a large force of carpenters.

President Lamb, of the Mass mine, who concluded a visit of inspection last Saturday, says the mine never looked better. However, the mine needs a \$300,000 assessment to extend developments sufficiently to operate three heads and to equip the new shaft now being sunk. The output of mass copper continues surprisingly large.

All the latest advice from the Wisconsin mine are very encouraging. The vein at the site in the south is now settled and uniform. It is a stamp vein and also carries considerable copper, and small masses from 30 to 50, 100 and as high as 300 pounds, are frequently encountered.

SPRING FEVER.
Spring fever is another name for a torpid liver and inactive bowels. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. Safe pills. The Stafford Drug Co.; H. N. Meloche, Ishpeming.

A POSITIVE CURE
For Wounds, Sores, Cuts, Burns, Bolls, and Itching Piles.

Peck Bros., druggists, of Grand Rapids, Mich., have manufactured "Peck's King of Ointments" for many years. It has proved so valuable in hundreds of cases in curing persistent fever sores, that a wider field is desired in order that the afflicted may avail themselves of its great efficiency. They have on file many hundreds of letters from all parts of the country, speaking in the highest terms of this efficacious remedy. It is a positive cure for wounds, sores, cuts, burns, boils, old ulcers and all kinds of skin diseases. It is also equally valuable for itching piles, and has cured cases where patients have gone the rounds to find a remedy that would allay the intolerable itching. Two-ounce glass jar, only 25c. DOINGS OF THE SYNOD.

Consideration of Home Missionary Work the Order Yesterday.

The Augustana Lutheran synod yesterday devoted almost all the time to a discussion of the home missionary work. Encouraging progress was reported, especially in Montana and Utah. It was decided to increase the appropriation for the work from \$8,000, which was the amount spent last year, to \$10,000, and in addition the board was authorized to engage a superintendent to actively push the work and to solicit funds. The members of the home missionary board were elected as follows: C. E. Lindberg, Rock Island, Ill.; Dr. L. G. Abrahamson, Chicago; Dr. C. A. Hennberg, Moline, Ill.; S. T. A. Lindahl, Rock Island; Dr. C. W. Ross, Rock Island; Victor Headman, Geneseo, Ill.; and A. Soderquist, Burlington, Ia.

DEPLORABLE FATALITY.

Death of Charles Shaney, Jr., Is Mourned by Many Friends Here.

The death of Charles Shaney, Jr., a young man born and raised in Ishpeming, who succumbed to injuries received while following his occupation as brakeman on a South Shore train, is mourned by many here. Charles was an exemplary young man. He had been engaged in railroad work since long before he became of age. He started to work when a mere boy at the South Shore depot. A more industrious or conscientious young man would be hard to find. During the summer months for the past four or five years he had been switching in the local yard. In the winter he worked in the depot. About two weeks ago he took the job he held at the time of his death.

The deceased was twenty-five years of age. He held membership in Jacques Carrier tent of the Maccabees and carried \$2,000 insurance in that society. The funeral will take place this morning at 9 o'clock from St. John's church.

AMATEURS IN OPERA.

Members of Grace church choir and others of the city will produce the Indian opera, "Tombahitan" on Saturday and Monday evenings, June 28 and 30, at the Ishpeming opera house. Rehearsals are being conducted at regular intervals under direction of W. A. Baker of Chicago. Mr. Baker has directed the production of the opera in many places, and he says he seldom finds as good talent as will comprise the cast here. In addition to the opera proper there will be marches and other features. Full particulars as to prices, etc., will be announced within a few days.

CIRCUS DAY TOMORROW.

Everything in Readiness for the Engagement of Ringling Bros' Big Show.

Tomorrow is Ishpeming's circus day. After much preliminary heralding and a world of pleasurable anticipation Ringling Brothers' famous big show will be seen here in all its magnificent completeness. In the organization of such a colossal national entertainment, and in bringing to the homes of the people the rare and curious things of the wide world, the five famous proprietors of this greatest of all great shows have constituted themselves public benefactors.

Ringling Brothers' circus is so admirably organized that there is something to interest and hold the attention of every spectator. The student of natural history is furnished the grandest object lesson that the human mind could possibly conceive of, for the wonders of the animal world are brought together in living, breathing reality. The lover of fine stock has here 500 magnificent, thoroughbred horses upon which to feast his eyes. The admirer of physical beauty and perfection in athletic achievement is regaled with the performances of hundreds of the world's most famous acrobats, gymnasts and riders. The artistic instinct finds gratification in the splendor of a pageantry that out-Neros Nero. Even the devotee of the turf is not forgotten, for the finest racing thoroughbreds of Europe, Arabia and our own Kentucky are matched in the most thrilling and hotly-contested trials of speed and equine endurance.

From the initial parade that precedes the opening of the engagement until the close of the final performance, everything is upon a scale of grandeur and magnitude hitherto unknown in the amusement world. The inaugural street parade takes place at 10 o'clock in the morning, and is a fitting introduction to the wonders of the big show. This great parade is Ringling Brothers' free offering to the people. No one who sees Ringling Brothers' parade will miss the performance. It is a splendid promise of what is to follow in the big show. Its hundreds of proudly-stepping horses, with waving plumes and trappings of gold and silver glittering in the sunlight; its gorgeously costumed knights and ladies, heralds and courtiers; its brilliantly uniformed soldiery and mounted military bands; its great herd of cannon-drawing war elephants; its resplendent gold-illumined chariots and cars of state; its superb tableaus floats, and its scores of magnificently carved and ornamented dens and cages of openly-exhibited rare wild beasts, form a spectacle that in wealth of display and beauty of coloring rivals the rainbow in prismatic brilliancy.

The opening performance begins at 2 o'clock, but the doors will be open an hour earlier to afford visitors an opportunity to see the zoological display, including the only living giraffe, and to enjoy the grand concert by Gansweiler's famous military band. The performance introduces hundreds of new and novel acts, including the services of 300 high-class performers, forty choruses and hundreds of auxiliaries, and is declared by all who have seen it to be the grandest and most complete arctic exhibition ever presented before the American public. Reserved numbered seats and admission tickets will be for sale on show day at Fred P. Tillson's drug store at exactly the same price as charged at the regular ticket wagons on the show grounds.

(Additional Negaunee on Page 2.) E. C. ANTHONY HONORED.

Ex-Mayor of Negaunee Now at the Head of the Grand Army of Michigan.

When E. C. Anthony departed for Pontiac early last week to attend the annual convention of the Grand Army of Michigan he had no idea that he would be placed at the head of the veterans' organization for the coming year.

The honor conferred upon Mr. Anthony is one that all upper peninsula people should feel proud of. This is the first time that a man from this part of the state has been chosen as the executive officer of the Michigan branch of the Grand Army.

Mr. Anthony has been a prominent figure at the Grand Army conventions for some time past. He has not missed many of the annual gatherings during the many years he has resided in Negaunee. He has attended all of the conventions for eleven years and he is known personally to the old soldiers who have been attending the meetings during that time.

The meeting at Pontiac last week was one of the most enthusiastic the Grand Army of Michigan has ever held. There were over five hundred delegates in attendance. The report of the secretary showed that there are over 14,000 old soldiers in the state.

Mr. Anthony as Soldier and Citizen.

Mr. Anthony is one of upper Michigan's oldest and best known citizens. He has held so many offices of public trust that all the older residents of this section either know him personally or by reputation.

Mr. Anthony is one of upper Michigan's oldest and best known citizens. He has held so many offices of public trust that all the older residents of this section either know him personally or by reputation.

During the service Mr. Anthony was captured at the second battle of Winchester and placed in a Rebel prison at Bell Isle, opposite Richmond on the James river. He remained there four months when he was exchanged.

As a public official, no man in this section has served his municipality more faithfully than has Mr. Anthony. Before Negaunee was incorporated as a city he served the township three years as treasurer. After it became a city he was treasurer one year. He held the position of superintendent of poor for the second district of the county for eighteen years; he served as member of the school board nine years, part of the time being director; he was mayor five years in succession.

As a business man Mr. Anthony has been among the most successful in the city. He has been identified with many of Negaunee's leading enterprises. At present he devotes the greater part of his time to the management of his farm at Low Moor, some nine or ten miles west of here.

Band and Citizens Greet Him.

Mr. Anthony returned from the lower peninsula Saturday afternoon. It was not known until he arrived that he had been honored by his old comrades, but the news spread rapidly and the members of the Negaunee City band were assembled. Shortly before 8 o'clock the band marched to Mr. Anthony's home, several hundred citizens following, all congregating in front of his residence on Main street.

Main street. After the band had played a couple of selections Mr. Anthony came forward and addressed the assemblage briefly. He said: "Fellow Citizens:—I cannot refrain from telling you how gratified I feel upon my return from Pontiac to find such a hearty greeting awaiting me. It gives me great satisfaction to have you pay your respects to me in this manner. I feel that I have been highly honored by my comrades, who have elected me department commander of the state organization (applause). This is the first time that an upper peninsula man has been chosen to fill the executive office and in view of this fact I deem it an especial honor. I wish to most heartily thank my fellow citizens for coming out this evening."

The band played a few more selections and then marched to Iron street.

YOUNG BOOMERS.

Local Republicans Will Work in Interest of Marquette County's Candidate.

A meeting of the supporters of H. O. Young was held in Negaunee yesterday afternoon for the purpose of organizing ward committees to look after his interests in the canvass to be held this Thursday evening at 7:30. The following committees were selected: First ward—John Deacon, R. E. Drake, Anthony Richards, Phil Abbott, James Thomas, Peter Johnson, Fred Standberg, L. P. Peterson, Gregoria Degabriel, John Vaughn, R. C. Treloar, Samuel McHugh, Harvey Pearce.

Second ward—Charlie Johnson, Chas. Steel, Chas. J. Markety, Felix Chibotte, B. Borassa, C. G. Griffey, C. A. Taylor, Wm. Neely, A. Lindquist, Charles Thoron, Jr., Christ Johnson, Werner Nikander, A. J. Bice, F. D. Davis.

Third ward—N. Latuelli, Sr., J. H. Hudson, Phil Hogan, Harvey Pearce, Frank Anderson, Duncan McDonald, Frank Sharon, Jas. Nicholson, Harvey Pearce, Samuel Hooper, Jr., Oscar Field, Carl Pello, D. Harrington, Wm. Pen glase, Aug. P. Johnson, Ed. Langhlin, John Nesbitt, Theo. Thoren, Joseph Richardson.

Fourth ward—Joseph H. Winter, Jas. Piper, J. D. Stephens, J. W. Gouge, Thos. Pellow, J. P. Miller, Ben C. Neely, George A. McDonald, Joseph Barabe, Joseph E. Sness, Frank A. Bell, Wm. F. Anderson, R. A cordial invitation is extended to the friends of Mr. Young who may desire to attend and are not included in the committees named. It is earnestly expected that all members of the different ward committees meet at the office of Frank A. Bell at 7:30 o'clock p. m., Tuesday June 17, for the purpose of further organization.

OVERHEAD CROSSING.

The street and highway committee has a proposition before it that will likely be referred to the city council for adjustment. The Lake Superior & Ishpeming railway line is to be extended over the city thoroughfare down near the Carp river bridge.

THE STETSON UNCLE TOM SHOW.

Stetson's "Uncle Tom's Cabin" company, with two Toppies, two Marks and everything up-to-date without destroying the venerable earmarks of this wonderfully attractive dramatization of Harriet Beecher Stowe's great work, will be presented in Negaunee tomorrow evening under canvas. Grandfathers who saw this play years ago will be there with their grandchildren, and there will be no difference in the heartiness of their applause. The same old procession, Toppies, Marks, Uncle Tom and Little Eva will be there, but it is a procession that will march right into the heart despite its tramp of half a century.

FORMER NEGAUNEEITE DEAD.

Mayer Kaufman, for many years a resident of Negaunee, died recently at Flint, Mich., to which place he moved from this city some four years ago. A paper published in Flint gave the following announcement of his death: "Mayer Kaufman died Wednesday morning about 10:30 o'clock at his home at 549 Asylum street, of Bright's disease. Before coming here about four years ago he lived in the northern part of the state. The deceased was sixty-three years of age and is survived by his wife and a son, Fred."

ISHPEMING IN BRIEF.

The banks of the city will close at noon tomorrow—"Circus day."

The funeral of the late Charles Shaffer, Jr., will take place this morning at 9 o'clock from St. John's church.

The Lake Superior Iron company is improving West Superior street, also South Lake street beyond Division.

The finder of a small purse containing \$10, lost Saturday, will be rewarded for leaving it at the branch office of The Mining Journal.

F. M. Sackrider was down from Hill and spent Saturday and Sunday with his family here. He returned to copperdun yesterday.

Mrs. H. Reed of Sturgis, Mich., mother of E. G. Carney of this city, left Sunday evening for her home after spending a week here and at Marquette.

Kid Barry, the champion bantam weight fighter, is with the Fannie Hill Burlesque company, which holds the boards at the local opera house "circus night."

Master Stephen Slaymaker has gone to his home at Beloit, Wis., where he will spend the summer with his people. He will return to this city in the fall to resume his studies in one of the local schools.

A number of Swedish people from towns in the western end of the county attended the meetings at the Swedish Lutheran church Sunday, when sermons were preached by prominent ministers in attendance at the synod conference.

A. Laffrenier is preparing to open a restaurant in connection with his saloon business in the Charbonneau building on West Division street. He has made a number of improvements about the place since moving there. His family has moved to rooms upstairs.

Trombly's orchestra will give its last hop of the season tonight at the Anderson hall. The complete orchestra will be on hand and dancing will be continued until 4 a. m. Light refreshments will be served in the hall. A number are expected up from Marquette and Negaunee.

In the match golf contest Saturday last at the links of the local club between Henry Thompson and J. C. Wood the latter won by one up. In a contest held a week previous Henry Thompson took the cup from Leslie Maitland of Negaunee. A progressive contest has been started with some forty contestants.

W. T. Cole and J. T. Verran left Saturday evening for Saginaw, where they will attend the annual session of the State council of the Redmen. They will represent the Ishpeming tribe of the order. Mr. Cole is a candidate for representative to the great council meeting to take place in September at Norfolk, Va.

Mrs. Nina Nolan, who recently sent a communication to the city council asking \$100 damages for alleged injuries received from a fall on a defective walk, has instituted suit to recover damages. Her communication was disposed of at the last regular meeting of the council, when the committee on claims and accounts recommended that the claim be denied.

E. R. Sundberg, editor of the Pilot, published at Walker, Minn., and family, arrived in the city yesterday. Mr. Sundberg was raised in Ishpeming and has been in the newspaper business for many years. He is municipal judge of the town and he is getting along splendidly. "Dick" departed for home last night, but his family remains here with relatives for a week or more.

SAVED FROM AN AWFUL FATE.

"Everybody said I had consumption," writes Mrs. A. M. Shields, of Chambersburg, Pa. "I was so low after six months of severe sickness, caused by Hay Fever and Asthma, that few thought I could get well, but I learned of the marvelous merit of Dr. King's New Discovery for Consumption, used it, and was completely cured." For desperate Throat and Lung diseases it is the safest cure in the world, and is infallible for Coughs, Colds and Bronchial Affections. Guaranteed bottles 50 c and \$1.00. Trial bottles free at The Stafford Drug Co.

LEADS THEM ALL.

"One Minute Cough Cure beats all other medicines for coughs, colds, croup and throat and lung troubles," says Dr. Scott Currin of Loganton, Pa. Perfectly safe. Acts immediately. Croup yields to it. Cure grip, bronchitis, coughs. The Stafford Drug Co.; H. N. Meloche, Ishpeming.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable

Almost everybody who reads the newspaper is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century. It is covered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for anything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Birmingham, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

IT WENT FOR YOUNG

ALGER COUNTY CONVENTION AT AU TRAIN YESTERDAY.

DELEGATES FOR ISHPING MAN

MAKES VOTE TO DATE 13 TO 12 IN SHELLEN'S FAVOR.

Moriarty of Crystal Falls Endorsed for Senator and Leighton for Representative—State Convention Delegates Uninstructed.

The forces of H. O. Young of Ishpeming were in the saddle at the Alger county convention, held at Au Train yesterday afternoon, and as a result the three delegates chosen to represent the county in the congressional convention yet to be called with work and vote for the Marquette county candidate.

The delegates elected were Charles Schaffer of Onota, William Leighton of Grand Marais and President T. G. Sullivan of Munising. They are under instructions to support the Ishpeming man. With the three votes gained yesterday, Mr. Young now has twelve—those of Delta and Alger—compared to thirteen for Shelden, the latter having the support of the Menominee and Mackinac counties.

For Moriarty for Senator.
Alger county's delegates to the Republican state convention, who also were selected yesterday, are Editor F. L. Baldwin of the Munising Republican, William Leighton and H. R. Freeman of Munising. They will go uninstructed, but in accordance with party precedent they will, it is understood, support Governor Bliss for renomination.

To the senatorial convention, the delegates selected are Register of Deeds G. A. Baldwin, John Saul of Munising and Arthur D. Wood, editor of the Grand Marais Herald. They were instructed to vote for Michael H. Moriarty of Crystal Falls, treasurer of Iron county and a member of the board of control of the branch state prison. The district—the thirty-first—embraces the counties of Marquette, Dickinson, Iron, Baraga and Alger.

F. L. Baldwin, C. D. Doig and T. G. Sullivan will represent the county at the convention of the representative district of Schoolcraft, embracing the counties of Alger, Luce, Mackinac and Schoolcraft. They go with instructions to support William Leighton.

Dates of Other Conventions.
Aside from the selection of the delegates, the details of the convention are meagre, but it is known that it was very harmonious. The next county convention will be held in Baraga, on the 18th, but according to the call it is only

for the selection of delegates to the state convention and "the transaction of such other business as may come before it." Following that come the conventions of Ontonagon, on the 19th; Gogebic (state delegates only), also on the 19th; Houghton (state delegates only), on the 20th; Dickinson, Chippewa, Iron and Schoolcraft, on the 21st; Marquette, on the 23rd, and Luce, on the 24th. The call for the other convention—that of Keweenaw—has not yet been issued, as far as known by The Mining Journal.

Innovation at Caucuses Here.

At the city caucuses to be held here Saturday evening, an innovation in the selection of the delegates to the county convention will be inaugurated. The delegates elected in the various wards will be chosen direct to the county convention, contrary to the practice in the past, when they have been sent to represent their wards at a city convention, which in turn has selected the county convention delegates. The caucuses, which will be held at the usual places, will take place at half-past seven. The county convention will be held in the opera house in this city on the afternoon of next Monday.

COMPLIMENTARY EXCURSION.

It Will Be Run to Pictured Rocks for the Newspaper Men.

The Munising Republican has received a letter from C. E. Ainsworth, of Sault Ste. Marie, manager for A. Booth & Co.'s steamer Hunter, stating that his company has tendered the boat to the Lake Superior Press association for a complimentary excursion to the Pictured Rocks and Grand island on the 22nd of July. The date when the association will visit Munising. The members of the association will fully appreciate the kindness and courtesy of the company.

At the Experimental Farm.

L. M. Geismar, superintendent of the State Experimental station at Chatham, writes the editor of The Republican as follows: "I am delighted that you have suggested a stop at this station on July 22. If this is meant to be in the forenoon and on the way to Munising, I want to enter a protest, because such a stop would in no way be long enough to suit me. I want a regular old-fashioned stop where every editor can bring his knittling along and forget all about your Munising dinner. I thought it advisable to notify you in time so as to enable you to make arrangements accordingly, and I want it understood that I will not accept no as an answer."

BUFFALO HUNTING.

About the only place in the United States where the boys of the present generation can see how buffaloes used to be hunted, when there were plenty of them, is in Buffalo Bill's Wild West arena. A herd of the animals amble easily in, are suddenly alarmed to activity and start running. The hunters dash in, Buffalo Bill himself among them, firing right and left. It is very exciting, even though no buffalo falls. Good care is taken that none shall fall, for no prize blooded cattle are today so valuable as buffaloes. The only herd on exhibition is with Buffalo Bill's Wild West, which comes here on July 16.

AT THE NORMAL TODAY.

Class Day Exercises Will Take Place This Afternoon.

The class day exercises at the Normal school will take place at the assembly room this afternoon, commencing at 3 o'clock. An invitation to the public has been extended, and the auditorium will, it is anticipated, be taxed to its capacity. The following excellent program will be rendered:

- Quartet
- Presbyterian Choir
- President's address Lucille Bell.
- Class history Mary McAuliffe.
- Solo Norma Ross.
- Class oration Norine Reidy.
- Septette Belle Kelly, Gertrude Boase, Marie Cartier, Mary McAuliffe, Katharine Merrick, Maude Bettes, Mabel Hubbard.
- Class story Ruth Schurtz.
- Duet Jessie Williams and Belle Kelly.
- Class prophecy Bee Boyle.
- Giftatory Katherine Reidy.
- Valedictory Mary Deasy.
- Class song. (Satie Thompson.)

Tomorrow morning, beginning at 10:30 o'clock, the regulation commencement exercises will be held at the assembly room. The program will be limited to music, the delivering of the commencement address, and the conferring of the diplomas. The address will be made by Dr. Nathaniel Butler, who as an educator and speaker is densed with the most prominent men in the country. He holds a chair at the University of Chicago and is one of the deans of that institution. A large attendance of the citizens and friends of the school generally is looked for.

Harbor Gossip.

These boats arrived at the South Shore docks yesterday: Grecian and whaleback barge No. 127, Uranus, Briton

and Eads. There were no clearances.

Two line steamers discharged package freight here yesterday. They were the Gould, which was in port early in the morning on the way up from Chicago, and the Japan, from Buffalo, the latter arriving last evening.

The freighter New York is due to arrive tomorrow with 2,000 bags of cement for F. B. Spear & Sons. Last week a cargo of 2,400 bags was brought in for the same concern by the steamer Portage.

The vessels which took out ore from the L. S. & I. dock yesterday were the Pontiac, Spokane and Kalyuga, for Buffalo, and the Whitaker, for Ashabula. The Pioneer and Chattanooga, arrived and will clear today.

HAVE LONGER TRIPS.

The passenger conductors on the South Shore night run now run through from the Sault to Duluth, a distance of 416 miles. This is perhaps the longest consecutive run made by any conductor as a regular thing who runs into Duluth.

The change is said to have been made at the solicitation of the conductors themselves. All of them have homes at Marquette, and heretofore their longest lay-off was at this point. Under the new order of things, this lay-off at home is materially lengthened. The new arrangement also allows the conductors to get in about 6,300 miles of mileage each month. Some passenger conductors running into Duluth draw pay, it is said, for as low as 4,300 miles each month.

The South Shore men have materially increased their mileage under the new arrangement. Heretofore they have run only from between Duluth and Marquette, a distance of 261 miles.

The present method was in use some six or seven years ago, but was changed at the request of the conductors themselves.

MANSFIELD ON THE 25TH.

This city is to be favored with the appearance at the opera house on Wednesday, June 25, of the most distinguished of living actors, Richard Mansfield. This event has been looked forward to for months as the most promising of artistic treats. Mansfield's appearance means not only that we are to see a supreme artist, but that every detail of his environment will be relatively perfect. He travels with an enormous retinue. Every player of the original cast of "Benedict" is with him; he brings several carloads of scenery, costumes, furniture and stage dressing. He even brings his own horses. Mansfield's private car is a part of the special train by which he carries his enormous company and equipment en tour.

HAPPY TIME IN OLD TOWN.

"We felt very happy," writes R. N. Bevil, Old Town, Va., "when Bucken's Arnica Salve wholly cured our daughter of a bad case of scald head." It delights all who use it for Cuts, Corns, Burns, Bruises, Boils, Ulcers, Eruptions, Inflammation of the Skin. Only 25c at the Stafford Drug Co.'s drug store.

One may dwell beneath poverty's lowly roof, or live in mansions of brick. They'll find a friend in Rocky Mountain Tea. It rids life of its burdens. The Stafford Drug Co.
