AGREE ON MEASURE

REPUBLICANS IN SENATE COMMITTEE ACCEPT SPOONER BILL.

PROVIDES RECIPROCITY WITH CUBA

CONFERENCE CALLED FOR TONIGHT TO CONSIDER QUESTION.

Proposed Law is Effective Conditionally Five Years and is Designed for Revenue for the Government.

Washington, June 17.—The Republican members of the senate committee on Cuban relations today finally agreed to the acceptance of the Spooner bill providing for reciprocity with Cuba and decided to ask that a conference of Republican senators be called for tomorrow night to consider its terms. This conclusion was reached at a meeting of the Republican members of the committee today. After the meeting adjourned the text of the bill was made public. It is a substitute for the house bill and is as follows:

Text of Bill.
"When the republic of Cuba shall have enacted laws establishing preferential rates and customs duties on any or all articles of growth, production and manufacture of the United States imported into Cuba, which preferential rates shall in the opinion of the president of the United States constitute a satisfactory equivalent for the reduction hereinafter provided in the rate of customs duties upon articles of growth, production and manufacture in Cuba imported into the United States, and he shall so declare by proclamation, thereupon and thereafter so long as such preferential duties shall be continued by the government of Cuba, not longer, however, than five years, the duties levied, collected and paid upon such articles so exported from Cuba to the United States shall be 80 per centum of the duties specified in this act entitled 'an act to provide revenue for the government and to encourage the industries of the United States' and any amendment thereof. Provided, however, that it shall be the duty of the president to thoroughly investigate, through our diplomatic consular representatives in Cuba and such other means as he may deem necessary to employ for that purpose, whether or not such investigation has been conducted upon the articles of growth, production and manufacture of Cuba substantially inures, so far as the articles of sugar and tobacco are concerned, to the benefit of the producers of said articles in Cuba, and if the president shall be satisfied that such investigation has shown that a substantial benefit from said concession upon either of said articles is inuring to the purchasers thereof, individual or corporate in the United States, it shall be his duty to so declare by proclamation that effect, and thereupon and thereafter so long as said conditions shall continue there shall be levied and collected upon such articles or that of one of them as to which said conditions exist a rate of duty and collected by law upon such article or articles coming into the United States from other foreign countries."

Beet Sugar Men Encouraged.
The beet sugar men are so much encouraged by the recent occurrences that many of them claim the conference decision tomorrow night will be another legislative victory for the industry of Cuba. They still claim that interest Republicans will oppose any effort at legislation on the floor of the senate and assert that there are many others in sympathy with them and will so express themselves in the privacy of the conference rooms. They believe the show will be such as to convince the advocates of reciprocity of the futility of their move and cause them to abandon the effort without taking the question to the senate. Friends of the measure, however, say there can be no doubt that the conference will pronounce for the Spooner bill and it will be reported to the senate. There was some renewal today of the talk of a treaty with Cuba and it was stated as quite probable that it would be sent to the senate before the adjournment of the present session. The impression is strong that legislation either in the form of an act or treaty is quite out of the question for this session. Some of the reciprocity leaders freely admit this and while the others more hopeful do not go so far even they admit the chances are doubtful.

WELL KNOWN EDITOR EXPIRES.
Connel Bluffs, Ia., June 17.—Howard W. Tilton, editor of Nonpareil and the author of "Lay Sermons," who died today was one of the best known newspaper men in Iowa, having been in the newspaper business in this city since 1886. Among the telegrams of sympathy were one from General Dodge, Secretary Shaw and a number of Iowa delegates in congress.

ANNUAL CONVENTION OF K. P.
Madison, Wis., June 17.—The annual convention of the grand lodge of Knights of Pythias, and the Grand Templar of the Rathbone Sisters, began today. 400 delegates being in attendance. The visitors were welcomed by Governor La Follette.

MILWAUKEE, June 17.—Henry Smith Pritchell of Boston has been chosen president of the University of Wisconsin to succeed Charles Kendall Adams.

DEPUTIES WILL FIGHT DUEL.

Sensational Outcome of a Disorder in French Chamber.

Paris, June 17.—Following a disorder in the chamber today, M. Syveton and M. Messureur in the lobby and insults were exchanged, resulting in Syveton challenging Messureur to fight a duel. The seconds of the two deputies will meet tomorrow.

JAILED FOR HUSBAND'S MURDER.
Wife and a Brother-in-Law Suspected of Horrible Crime.

Hyattsville, Neb., June 17.—James Gorman and his sister-in-law, Mrs. Thomas C. Gorman, are under arrest charged with the murder of the latter's husband, a wealthy cattleman, who disappeared from home two weeks ago. Mrs. Gorman's daughter, aged three, is also missing. The mutilated remains of Gorman have been found buried in the garden.

OFFICER NORKICK DISAPPEARS.
Minneapolis Has a Sensation in Bribery Case.

Minneapolis, June 17.—When the case of Christopher Norkick, the police detective charged with bribery, was called this morning his attorney created a sensation when he announced that he did not know the whereabouts of his client. A bench warrant will be issued for Norkick. Another sensation developed when it became known that Albert A. Ames, mayor of Minneapolis, had been indicted by the grand jury for offering a bribe in connection with his endeavor to have his secretary, Thomas R. Brown, appointed sheriff by the county commission. Ames is prominent in G. A. R. circles and has been mayor for four terms.

MILL SHUTS DOWN

BIG LACE INDUSTRY CLOSED BY COAL STRIKE.

ALL ON ACCOUNT OF FIVE GIRLS

IMPORTANT DEVELOPMENT IN ANTHRACITE TROUBLE.

Miners Attack a Coal and Iron Policeman and Badly Handle Him—General Situation is Unchanged.

Wilkes-Barre, June 17.—Because the general manager would not discharge five girls whose relatives are still at work in the mines, the Wilkes-Barre Lacey Manufacturing company, the largest in the United States, was compelled to shut down today. Some thousand persons are affected. The shutting down of the lace mill was the only important development in the Wyoming situation today. The general strike situation remains unchanged. The miners report that more men are out today. The company officials, on the contrary, claimed that they are increasing their forces around the collieries. There was a mysterious air about strike headquarters all day. President Mitchell was unusually reticent. A number of men attacked a coal and iron policeman in south Wilkes-Barre tonight and used him up rather badly. Relief work among the striking miners has been started in several sections of the region.

CUTS THROAT OF A CORPSE.
Doctor at St. Charles, Ill., Wanted to "Make Sure It Was Dead."

Elgin, Ill., June 17.—The town of St. Charles is stirred to the utmost, lynching is threatened and indignation runs high because Dr. H. A. White, a young physician of that city, cut the throat of a Swedish who was drowned in Fox river near that city yesterday morning. "I make sure that he was dead." Efforts were being made to restore life to the body when Dr. White arrived at the morgue. Taking out a jackknife he cut the throat of the victim, destroying any chance which he might have had for recovery. He explained that he wanted to see if there was any pulsation in the jugular vein. The verdict of the coroner's jury has been withheld pending an examination.

OFFICERS SEEK COL. SUTTON.
Missing Regent is Wanted Badly by Lansing Authorities.

Lansing, Mich., June 17.—Sheriff Hammond of this county has issued circulars asking for the arrest of Colonel Eli R. Sutton, the missing ex-regent of the University of Michigan, who is wanted to answer to a charge of perjury in connection with his testimony while on trial for complicity in the state military clothing fraud.

GERMANY WILL WAIT.
Berlin, June 17.—Before adopting a determined attitude toward Cuba, the German foreign office is waiting to see what the relations between Cuba and the United States are to be. The feeling here is that the present status of these relations is only temporary. A special from Madrid says that Spain will call her recognition of the Cuban republic today.

SPAIN RECOGNIZES CUBA.
Madrid, June 17.—The Spanish minister at Havana has been instructed to call upon President Palma and inform him that his majesty will send him a letter recognizing the Cuban republic.

KING EDWARD MUCH BETTER.

Physicians Issue Bulletin of His Majesty's Health.

London, June 17.—It was officially announced this morning that King Edward is much better. He passed a good night and his progress towards complete recovery is uninterrupted.

CLEVELAND HAS DISTINCTION.
Former President Given Degree by Augustinian College.

Philadelphia, June 17.—For the first time in the United States, the honorary degree of doctor of jurisprudence was conferred today at the Augustinian college of St. Thomas, of Villanova. The recipient was former President Cleveland, who had already had the degree of LL.D., conferred by Princeton university. Mr. Cleveland spoke briefly.

CONGER IS DEAN.
American Minister Now Ranks Foreign Representatives in China.

Peking, June 17.—As a result of the departure from Peking of the Austrian minister to China United States Minister Conger today became dean of the diplomatic corps here. The position of dean is more important in Peking than in the other capitals because in a number of questions the diplomatic corps deals with the Chinese authorities as a unit.

DENVER POSTOFFICE ROBBED.
Denver, Colo., June 17.—The registry department of the Denver postoffice was robbed some time last night. Thirty letters are missing but nothing is known of the value of their contents.

ASSASSINATE KING

PLOT AGAINST EDWARD OF ENGLAND DISCOVERED.

SCOTLAND YARD HAS THE EVIDENCE

RECENT ILLNESS AN EXCUSE FOR WITHDRAWING FROM PUBLIC.

Story Lacks Official Confirmation, but it is Not Denied—Principals Have Not Yet Been Arrested.

London, June 17.—According to current report King Edward's sudden illness was not due to a cold but was merely an excuse for withdrawing his majesty from public functions owing to a discovery by the Scotland Yard detectives of a plot against his life. The principals in the plot are not arrested.

It is cited in confirmation of this story that the king's recovery when he was announced at Windsor castle was as complete and speedy as the attack had been sudden. On the other hand it must be pointed out that if his majesty's illness was merely diplomatic the officials certainly took a great deal of trouble keeping up the fiction. The king's physicians were summoned by telegraph and everything about the king's apartments indicated the genuine nature of his illness. The king's journey to Windsor and subsequent drive do not seem to indicate a fear of further attack upon him.

Won't Deny or Confirm Story.
Scotland Yard tonight was reticent concerning the rumors. It was noticeable, however, that the chief inspectors who usually return home at night, were all on duty there and while they refused to see the reporters until tomorrow morning, declined either to deny or confirm the rumor.

In a dispatch from Geneva, Switzerland, the correspondent of The Chronicle says the continued police are co-operating with the English police to prevent anarchists and evil-doers from smuggling themselves into England during the coronation festivities. Numerous anarchists have recently disappeared from Zurich and Geneva, says the correspondent, and are supposed to be waiting for a favorable opportunity to cross the channel.

RUSH FOR LANDS.
Fort Hall Reservation Thrown Open for Settlement.

Pocatello, Idaho, June 17.—At noon today thirteen hundred men and boys rushed across the line of the ceded Fort Hall reservation and disappeared in a cloud of dust in their mad rush for homestead and mineral lands. Most of them are mounted and the majority were heavily armed. Probably a thousand persons departed later with pack animals.

NEGROES URGED TO FIGHT FOES.
Bishop Walters, Colored, Says Darkeys Must Protect Themselves.

Chicago, June 17.—"The time has come when the black man must depend upon himself for protection. I do not stand for mobs, but every negro should be prepared to protect his home, his wife and children even to the death." This advice was given at a meeting of negroes last evening by Bishop Alexander Walters, of the colored church of Ohio, after he had warned his hearers that all signs pointed to a time of great trouble for them. Bishop Walters, who is president of the Afro-American council, said that the civil war and the freeing of the slaves had been forecasted by signs years in advance, and just as surely the indications of today pointed to strife and bloodshed.

WALLER FACING MORE TROUBLE.
Officer Made Statements Reflecting on Superior and Must Explain.

Washington, June 17.—Major L. W. T. Waller, who was court-martialed for executing the orders of Brigadier General Jacob Smith in the island of Samar, has been called to account by Secretary of the Navy Moody for the interview he gave on Friday last upon his arrival at San Francisco. Unless Major Waller explicitly denies the interview, he is in danger of being severely reprimanded, or even court-martialed. When Secretary Moody's attention was called to the interview, he sharply condemned it. The president also objected to the interview, the more so because in his reprimand of Lieutenant General Miles some months ago he gave both services to understand that he did not propose to permit officers to make statements criticizing their superiors in either service.

In the interview credited to Major Waller, that officer specifically reflected upon the authorities in Washington and made statements which were highly objectionable, not only so much on account of the words themselves as because of the insinuation they conveyed.

THANKS BOER GENERALS.
Pretoria, June 17.—Lord Kitchener has sent identical telegram to Generals Botha, Delarey and De Wet expressing the high appreciation of their efforts in facilitating the surrender of the burghers which is now completed.

GIRLS DROWNED WHILE BOATING.
Markesan, Wis., June 17.—Maud Moore and Axy Walker, two fifteen-year-old girls, were drowned today at Kingston while boating.

DEPUTIES WILL FIGHT DUEL.

Sensational Outcome of a Disorder in French Chamber.

Paris, June 17.—Following a disorder in the chamber today, M. Syveton and M. Messureur in the lobby and insults were exchanged, resulting in Syveton challenging Messureur to fight a duel. The seconds of the two deputies will meet tomorrow.

JAILED FOR HUSBAND'S MURDER.
Wife and a Brother-in-Law Suspected of Horrible Crime.

Hyattsville, Neb., June 17.—James Gorman and his sister-in-law, Mrs. Thomas C. Gorman, are under arrest charged with the murder of the latter's husband, a wealthy cattleman, who disappeared from home two weeks ago. Mrs. Gorman's daughter, aged three, is also missing. The mutilated remains of Gorman have been found buried in the garden.

Entered as mail matter of the second class in the postoffice at Marquette, Mich. Why can't they capture rogues of prominent position and connections in lower Michigan? Colonel Eli R. Sutton is still pursuing a bee line away from the state.

Reciprocity with Cuba is the only thing between congress and adjournment and it is predicted that this issue will be settled before July 1. Reciprocity sentiment seems to be in the lead just now.

The estimated cost of the strike in the anthracite regions of Pennsylvania for the period of five weeks just closed is \$30,000,000 and it is announced that it will soon be costing \$1,000,000 a day.

There is no appreciable change in the gubernatorial situation. Bliss has the pole and only an unforeseen contingency of a startling nature will prevent him from coming in an easy winner.

With Alger in the Young column, honors are about even in the congressional fight, Sheldon being one vote to the good. Young's twelve votes come from Alger and Delta, and Congressman Sheldon has already brought Mackinac and Menominee into camp.

A desadly attempt was made at the Soo Sunday morning to blow up the residence of Donald M. MacKenzie, Elizabeth street, a charge of nitro glycerine being exploded on the front porch.

Commencement week is in full swing at the University of Michigan. One of the largest classes that has ever been sent forth from the institution, which is just closing one of the most prosperous years in its history, will be given degrees on commencement day.

Field of usefulness is greater than ever before, and, again fortunately, it is assured, through the labors of the tax commission, of a largely increased income.

before, and, again fortunately, it is assured, through the labors of the tax commission, of a largely increased income. The university plant is being greatly improved and enlarged.

As might have been expected, Senator Elkins' Cuban bill has met with a storm of very enthusiastic adverse criticism. The American people, as a whole, are actuated by a spirit of fairness toward Cuba and they will not consent to have the new republic "hullyragged" at this early day.

Mr. Elkins' bill is generally regretted. It is thoroughly inconsistent with the history of our relations with Cuba and it is well calculated to awaken suspicions of our honesty of purpose in the minds of foreign powers.

The arrangement committee has been fortunate in securing the Ishpeming City band. The band was engaged to play at Gladstone, but it appears satisfactory railroad arrangements could not be made.

There will be dancing and other amusements at the grove. It is not certain that there will be a decision as to this within the next week or so. The refreshment privileges have been given to A. J. Rich and M. C. Behlmer.

Pete Rasmusen takes off his hat to one of Archie Abbott's horses. Two weeks ago he went to a stean some miles out from here on a fishing expedition. He tied his horse to a tree and then started for the river.

By the slow destruction of mine property. By that I mean that if they do not give the men the hours and pay they ask for they will not consent to go into the mines and preserve the operations.

The following letter from Robert B. Watts, of Salem, Mo., is instructive: "I have been troubled with kidney disease for the last five years. I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief.

How it reddens the skin, itches, oozes, dries and scales! Some people call it tetter, milk crust or salt rheum. The suffering from it is sometimes intense; local applications are resorted to—they mitigate, but cannot cure.

Champion. BIG CELEBRATION PLANNED.

Solicitors Have Raised Over \$400 for the Fourth and More Is Coming. The young people of Champion are manifesting much interest in the celebration to be held here on the Fourth.

At a mass meeting held last Friday evening at the Beacon club rooms the arrangement committee was named as follows: Dan Toms, Thomas Carmichael, George Huler, Jr., D. C. Peacock, Charles Champion, John Deupied and W. O. H. The committee will meet frequently between now and the Fourth with a view to completing the arrangements.

It will take the greater part of the day to run off the program. At about 9 o'clock the morning exercises will be a parade of the civic societies of the village. An effort will be made to induce all the lodges to come out with full membership.

There will be dancing and other amusements at the grove. It is not certain that there will be a decision as to this within the next week or so. The refreshment privileges have been given to A. J. Rich and M. C. Behlmer.

The Hancock authorities are determined to have no public gambling of any kind in the village and the marshal has strict orders to enforce the orders he receives to that effect.

Manager J. H. Oakley of the Houghton County Street Railway company is now general manager of the electric light company, at least temporarily, in place of James R. Dee.

The graduation exercises of the Sacred Heart school, Calumet, were held at the Calumet theatre last evening. The graduates are Anna E. Koch, Grace McArron, Peter A. McCarron and Joseph A. Bir.

Major Marr of the government engineers' office at Houghton, left Monday evening for Ann Arbor to attend the graduation exercises at the state university. The major is a graduate of the class of '02.

The Soo Leaders were defeated yesterday by the Dollar Bay team in a closely contested game by the score of 5 to 2. COPPERDOM BREVITIES. The Misses Goldsworthy of Hancock will leave Friday for a Detroit visit.

The steamer India of the Anchor line passed down yesterday and the China and Schuykill up. Sheriff Willis went to Calumet yesterday and brought an insane woman to the county jail. She will be sent to Newberry.

The steamer Mohawk of the Western line arrived at Portage Lake Monday evening with a large consignment of sugar for Ed. M. Leiblein. Hancock was visited yesterday by many strangers from different parts of the county who came to see the big circus parade and the shows also.

William H. Moyle, a Quincy miner, who has been in the employ of the company for eight years, will remove to the Adventure mine this week. The South Lake Linden and Hancock junior ball teams, each having won a game, will play off the tie at South Lake Linden a week from next Sunday.

Gloria Tonic cured them

Rev. C. Sund, of Harrisville, Wis., writes: "I testify that I have two members in my congregation who were victims of rheumatism. One had suffered 18, the other 25 years. Both had doctored without obtaining relief. They used Gloria Tonic, which remedied completely cured them."

Gloria Tonic sells at all drug stores at \$1.00 a package. Trial box, also illustrated book on rheumatism containing many stippled drawings from actual life and which explains every form of rheumatism known to science, free by sending name and address to JOHN A. SMITH, 124 Germania Bldg., Milwaukee, Wis.

The Citizens' National bank of Houghton is now located in its new quarters in the Hall building on Sheldon street, the removal having been made from the Young building Monday.

In other years when Ringling Bros. have visited copperdom it has taken two engines to push the circus trains up the steep grade on the Mineral Range road from Hancock to Calumet.

The Good Will Farm youngsters enjoyed the circus parade, also the big shows at Hancock yesterday. They were entertained by Miss Grace Kavan and a number of other young ladies of Houghton.

A. F. Rosenberger secretary of the Northwestern Gold Development Syndicate in which Hancock people are heavily interested, is in Hancock the guest of Mayor A. J. Scott, the president of the company.

HAS FOUND THE LEAK.

Houghton Board Locates Spot Where Water Has Gone to Waste.

The water board of the village of Houghton believes it has found one of the sources of the leaks in the water mains which has been a factor in the waste of 200,000 gallons of water a day out of the total amount, 300,000, flowing through the pipes. Although the exact leak has not been located there will be no difficulty in finding it, as the ground referred to has been carefully gone over. Above J. P. Edward's residence in West Houghton strong indications of a leak which wastes about 50,000 gallons a day, estimated, have been discovered. There is an old spring in the near vicinity from which a stream of water flows but the volume of water is greater than the amount that comes from the spring and it was on that account that the ground there was examined. In a few days it will be known whether the leak in the mains is there and whether it is as serious as thought. There are believed to be breaks in the pipes at other places.

PREPARATIONS INTERESTING.
Large Crowds at Hancock Grounds Yesterday Watching the Circus.

"You git," yelled the man. "Ah, g'wan," answered the small boy, as he disappeared beneath the circus tent, only to reappear with reinforcements at another point almost before the irate attendant had recovered his breath. Kingling Bros.' circus came to Hancock yesterday morning and with it, apparently by the same magic which in a few hours transformed an open field into a densely populated village, appeared the small boy and the equally small girl. The circus man is adored by the youngsters.

Feeding the Men.
The feeding of such an immense number of people as travel with a circus in various capacities would seem a difficult task, but here it moves smoothly and systematically as though only a small family was being cared for. The catering on the grounds is all done by an experienced man who has a contract with Kingling Bros. at so much a meal, and is counted up by the tickets the caterer is paid in full for that day. Great quantities of unperishable food are carried from place to place. The "candy butchers" or peanut and candy vendors at three meals a day on the grounds. The side show freaks eat breakfast in the dining car and two meals on the grounds, and the regular performers have only a dinner there before the afternoon performance. The dining car is handled by the company itself.

Every day a regular printed menu card is provided and the performers are just as well fed as though in a brick and mortar hotel. Naturally some little niceties of detail are lacking, but the food is of the best quality and exceptionally well prepared.

In Working Horses' Tent.
Every man in the circus has his special work and never under any circumstances does any other. He works his rig or his horse each day, and is through at the same time, no matter the town he is in. The razzbacks who load and unload the trains work a certain time each morning and evening. The remainder of the time is their own to sleep, rest, or enjoy. The canvassers have their time of putting up and taking down the tents. The groom have their work on the horses, the men who make the rings and look after the properties their time for work. Each gang of men are under a boss and each group of bosses is under a head boss. The entire business is systematized as is the executive work of our government, national and of the various states. There is no loud talking or shouting on the grounds, even when the men are doing work that requires the exertions of a Hercules. Not one performer, man or woman, boss or workman, will acknowledge that life with a circus is a hard one. They think it amusing that outsiders believe it to be so.

PLEASED WITH COPPER QUEEN.
David Brown, R. N. Adams and John R. Scott accompanied by Messrs. Joseph Wilmes, Hermann and Bibbir of Calumet, returned last evening from the Copper Queen mine. The Calumet capitalists are stockholders in this richly equipped and well equipped mine with their investment as a result of their visit of inspection. The visitors will visit this afternoon for Calumet—Lake Superior Journal, Soo, Mich.

Three specters that threaten baby's life. Cholera infantum, dysentery, diarrhoea. Dr. Fowler's Extract of Wild Strawberry never fails to conquer them.

AT THE MICHIGAN.

Work Progressing Satisfactorily With Excellent Results.

Operations at the Michigan mine have been slightly delayed for a few days on account of some improvements which are being made to the equipment. An additional boiler is being installed for the compressor and hoist at "B" shaft and as soon as it is coupled up sinking will be resumed in this shaft. The task of cutting down "B" to the first level, a distance of 200 feet, to a three compartment size has been finished. As soon as the riders for the additional compartment are installed this shaft will be complete to the tenth level, and like the other two shafts, it is a three compartment size and is substantially finished. Drifting is going on in the ninth and tenth levels on the branch vein in "B" both east and west with very satisfactory results. A part of the big mass, which was encountered some time ago in the ninth, projecting out into the drift surface the latter part of this week. However, no effort will be made at the present, to get out the balance of it or determine its size.

The crosscut which is being extended from the tenth level of "B" is now in about seventy feet. This is in virgin ground all the distance and the Minnesota lode will be cut in about another month it is figured. This will show to some extent the value of this famous lode, at a point deeper than it has ever been opened. The branch vein on the eighth level in this shaft is showing to well in small masses and rich stamp rock. What augurs well for the future of the property is the fact that the branch vein gains in value and size as depth has been attained. This is in virgin ground all the distance and the Minnesota lode will be cut in about another month it is figured. This will show to some extent the value of this famous lode, at a point deeper than it has ever been opened. The branch vein on the eighth level in this shaft is showing to well in small masses and rich stamp rock.

GAME GIVEN TO CALUMET.
Soo Leaders Resent a Coach's Actions and Leave Field.

The ball game between the Soo and the Calumet teams at Athletic Park, Calumet, Monday morning ended in a row in the fifth inning with the score 13 to 12 in favor of the visitors. The squabble was over the actions of a Calumet coach, which were resented by the Soo. As a whole the match was a poor one and entirely unsatisfactory. The visitors left the field and the umpire gave the game to Calumet, making the score 9 to 0.

ORGANIZE KNIGHTS OF COLUMBUS
Lodge Will Be Installed at Hancock During July.

A council of the Knights of Columbus, a Catholic order, will be installed at Hancock either on July 13 or 20. James T. Lawler, of the Bay City Council, state advocate of the order and official organizer, is in Hancock arranging the details for the organization, and when seen by a Mining Journal man yesterday stated that on either of the above dates a big delegation of Knights and their ladies, numbering about 500 in all, would visit Hancock, coming on one of the D. & C. steamers, for the purpose of instituting the council. Lawler will remain in Hancock until Thursday of Friday when he will go to Escanaba and Menominee, remaining a day in each place, to see how the councils in those towns are progressing. Last week Mr. Lawler spent in Marquette, arranging for the organization of a council there. The Marquette lodge will start out with a charter membership of fifty and will be organized about the same time as the council in Hancock.

A preliminary meeting of those interested in the proposed Hancock council at Hancock was held at the Kauth Hall Monday evening. Some of the most prominent citizens of the copper country will be enrolled in the membership including Ed. Ryan and Dr. Thomas, of Calumet, T. D. Ryan, and Thomas Coughlin, R. T. Looney and Dr. J. E. Scallon of Hancock, who are the prime movers. The council will be instituted with seventy-five charter members. Only men of integrity and principle will be allowed to join so that there will be a good, substantial membership from the first. At the meeting Monday evening plans were made for the organization of the council. The visitors to Hancock next month will be royally entertained during their visit, and at the conclusion of the usual instituting services a banquet will be tendered them. Prominent speakers will be heard and the occasion will be one long to be remembered on the part of those who will become members of the grand organization. The visiting Knights and ladies will combine pleasure with business and while here will visit points of interest in the county. They will then go to Marquette where a similar program will be carried out.

The Knights of Columbus is a Catholic organization, having as its principles, charity, unity, patriotism and brotherly love. None but the Catholic laity can join the order. The degree work is conferred under the supervision of State Deputy George F. Monaghan of Detroit. On May 30 at Detroit 250 members took the fourth degree, it being a notable event in the history of the organization in this state.

At present there are 625 councils of the order in the country with a membership estimated at 80,000. There are thirteen of the councils in this state, three being in the upper peninsula—at Escanaba, the Soo and Menominee. The number will be increased to fifteen next month when the Hancock and Marquette councils are organized. At the institution of the council at Escanaba not long ago several copper country men assisted and became members. The order's motto is "Tempus Egil, Memento Mori," meaning "Time Flies, Remember Death."

READ IT IN HIS NEWSPAPER.
George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns and when he saw Chamberlain's Pain Balm advertised therein for lame back he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back, and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will bear of her wonderful recovery. This valuable liniment is for sale by The Stafford Drug Co.

Kindly Take Notice that Ely's Liquid Cream Balm is of great benefit to those sufferers from nasal catarrh who can not inhale freely through the nose, but must treat themselves by spraying. Liquid Cream Balm differs in form, but is essentially the same as Cream Balm that has stood for years at the head of remedies for catarrh. It may be used in any nasal atomizer. The price, including a spraying tube, is 75 cts. Sold by druggists and mailed by Ely Brothers, 56 Warren street, New York.

MISS LAURA HOWARD,

President South End Ladies' Golf Club, Chicago, Cured by Lydia E. Pinkham's Vegetable Compound After the Best Doctors Had Failed To Help Her.

"DEAR MRS. PINKHAM:—I can thank you for perfect health to-day. Life looked so dark to me a year or two ago, I had constant pains, my limbs swelled, I had dizzy spells, and never

MISS LAURA HOWARD, CHICAGO.

knew one day how I would feel the next. I was nervous and had no appetite, neither could I sleep soundly nights. Lydia E. Pinkham's Vegetable Compound, used in conjunction with your Sensitive Wash, did more for me than all the medicines and the skill of the doctors. For eight months I have enjoyed perfect health. I verily believe that most of the doctors are guessing and experimenting when they try to cure a woman with an assortment of complications, such as mine; but you do not guess. How I wish all suffering women could only know of your remedy; there would be less suffering I know."—LAURA HOWARD, 113 Newberry Ave., Chicago, Ill. —\$5000 forfeit if above testimonial is not genuine.

Mrs. Pinkham invites all women who are ill to write her for advice. Address Lynn, Mass., giving full particulars.

MAY PRODUCTION HEAVIEST ON RECORD.
The production of copper for the month of May this year is the heaviest on record, being 1,500 tons larger than the last previous record month. There was produced during the month 25,703 tons against 22,302 tons during May a year ago. The production for five months this year is 113,718 tons, against 110,993 tons for the same period last year.

Copper Gosspis.
At No. 3 shaft of the Wolverine the management is now extending the skip road to the 22d level. The drift on that level is already in thirty feet in each direction. From the 13th to the 18th levels, between shafts 3 and 4, the drifts show the richest ground yet opened in the mine.

The growth of the production of the South range mines will soon necessitate an increase in the number of furnaces in blast at the Hancock branch of the Lake Superior Smelting company, where the mineral from these properties is smelted.

It is believed that commencing Aug. 1, when No. 1 shaft on the Kearsarge lode goes into commission, Escanaba will produce 1,300 tons of mineral monthly. The Kearsarge branch will supply rock to four heads.

Kindly Take Notice that Ely's Liquid Cream Balm is of great benefit to those sufferers from nasal catarrh who can not inhale freely through the nose, but must treat themselves by spraying. Liquid Cream Balm differs in form, but is essentially the same as Cream Balm that has stood for years at the head of remedies for catarrh. It may be used in any nasal atomizer. HOPKINS WINS OUT

DEFEATS CARTER HARRISON IN ILLINOIS CONVENTION.

CONTEST BITTER AND PERSONAL

DEMOCRATS PLACE STATE TICKET IN THE FIELD.

Platform Opposes Tariff; Asks Enforcement of Anti-Trust Laws and Denounces Administration's Philippine Policy.

Springfield, Ill., June 17.—Clerk of the Supreme Court—John L. Pickering of Springfield.

State Treasurer—George W. Duddleston of Chicago.

Superintendent of Public Instruction—Anson L. Bliss of Hillsboro.

Trustees of the State University—Dr. Julia Holmes Smith of Chicago, J. A. White of Urbana, S. S. Paxton of Mammouth.

The foregoing ticket was nominated by the Democrats this afternoon, and John P. Hopkins was elected chairman of the state committee after a bitter contest with Carter H. Harrison of Chicago. The election of Hopkins was the only fight in the convention but it was stirring enough to make up for the tameness of the other proceedings.

Harrison and Hopkins Clash.

The day was full of clashes between Hopkins and Harrison. They indulged in an acrimonious quarrel in a hotel during the morning. Later the Harrisonites beat Hopkins in the district caucuses for state committee, electing Thomas J. McNally of Chicago in his stead. Hopkins' one chance to be re-elected chairman was in the caucus of the general committee. The Harrison forces were jubilant claiming that Hopkins was beaten beyond all redemption, but the committee by a majority of three recommended Hopkins' selection. The minority report favoring Harrison was made and the fight carried to the floor of the convention. The struggle produced wild excitement. Impassioned speeches were made in favor of both reports and the adherents of both men were cheered or jeered according to their approval or dislike of the speaker's attitude. Every orator was received with wild applause and tumultuous hoots. He lacked nothing either way. The delegates at times were frantic and highly personal criticisms were frequently exchanged. The convention voted down the minority report and adopted the majority by a vote of 802 to 397.

Only Two Nominations Contested.

In the contest for treasurer, Millard F. Dunlop could have been nominated by acclamation but refused to run. George W. Duddleston of Chicago, John Cuno of Chicago and E. C. Penzell of Coles county were named. Cuno withdrew and Duddleston was nominated on the first ballot. For clerk John L. Pickering of Springfield was nominated on the first ballot over Luther Dearborn of Chicago. The other nominations were by acclamation. The committee on resolutions had a long and stormy session before the report was finally adopted. The principal fight was over the first plank which read:

"The Democrats of Illinois declare their adherence to the fundamental principles of the Democratic party as laid down in the declaration of independence and the constitution of the United States and affirmed at our last national convention. The anti-slavery fight of this three hours and when it was agreed to make the paragraph and repeatedly affirmed by past Democratic conventions."

Text of Platform.

The Democratic state platform declares adherence to the Democratic principles as laid down in the declaration of independence and the constitution and repeatedly affirmed at past Democratic conventions. It insists upon rigid enforcement of the anti-trust laws; denounces the present tariff and demands revision; denounces the Republican plans for the government of the Philippines as "monopolistic, autocratic and as dangerous to liberty at home as liberty abroad."

It denounces the ship subsidy bill; insists upon the independence of the Philippines and the establishment of a stable government as was done in Cuba; extends congratulations to Cuba; regrets the assassination of President McKinley and denounces anarchy; declares the death of the late John P. Altgeld and commends the course of the Illinois Democratic congressmen. The remainder of the platform is devoted to state issues.

SHIPPERS' KICK INVESTIGATED.

Chicago, June 17.—The complaints of shippers who alleged they had been discriminated against by the Chicago, Peoria & St. Louis road and the Chicago & Eastern Illinois, were investigated here today by the interstate commerce commission. Very little information damaging to either company was elicited and the commission adjourned indefinitely.

HARCOURT TO BECOME PEER.

English Baronet Slated for Honor from King at Coronation.

London, June 17.—Speculation is rife as to the persons to be honored at coronation time. Of the opposition it now looks as if Sir William Vernon Harcourt would be offered a peerage. Herbert Beerholm Tree, the actor, will in all probability be made a knight. Baron Rothschild will doubtless go a step higher in the peerage; Sidney Lee, editor of the Dictionary Biography; Reuben Sassoon, the Anglo-Indian Jew, and Captain Marks, who distinguished himself in South Africa, will be raised to knight-hood. Sir Ernest Cassel, who gave £250,000 for a tuberculosis hospital, and Sir Thomas Lipton are not likely to gain a peerage owing to Premier Salisbury's opposition.

WILL WATER BABYLON VALLEY.

German Capitalist Hopes to Improve a Section of the Holy Land.

Denver, Colo., June 17.—Baron von Oppenheim, commissioner from Germany to investigate western irrigation, has completed a tour of northern Colorado and is enthusiastic over the application of water from the mountains and the results derived. He proposes to adopt the same form of storing storm water for the reclamation of the valley of Babylon, which is largely owned by German capitalists along the line of a railroad under construction from Constantinople through Bagdad to the Persian gulf. Upon the site of Babylon there is now being built a small city which will be touched by the railroad, and Baron von Oppenheim believes that once the water is stored and again turned into the canals the land will become productive and resume its former prosperity.

BASEBALL.

Following are the scores in yesterday's games and the standing of the teams to date:

Table with columns for National League and American League, listing teams like Pittsburgh, Brooklyn, Chicago, Boston, Philadelphia, Cincinnati, St. Louis, New York, Cleveland and their respective scores.

National League.

Morning—Boston, June 17.—Three hits, a base on balls and three errors added to Coolidge being hit by a pitched ball, gave the Bostonians four runs and the game.

R. H. E. Boston . . . 00200004—6 12 3

New York . . . 002000010—3 6 3

Batteries: Willis and Kittredge; Taylor and Bowerman.

Afternoon—Boston, June 17.—Every man on the Boston nine came to bat in the fourth inning five of them making hits and five crossing the plate. Blewitt was fanned for nineteen hits.

Boston . . . 31050310—13 19 0

New York . . . 110000000—2 8 3

Batteries: Pittinger and Moran; Blewitt and Bowerman.

Philadelphia, June 17.—A wild throw by Dahlen gave the locals two runs in the eighth and another was secured in the ninth on a base on balls and Huls-witt's double. Brooklyn won by good consecutive hitting and fast inside work.

Brooklyn . . . 200010010—4 11 1

Philadelphia . . . 000000021—3 5 0

Batteries: Newton and Farrell; Berg, Felix and Dooin.

American League.

Chicago . . . 40002000—6 6 4

Philadelphia . . . 000010001—2 5 4

Batteries: Garvin and Sullivan; Mitchell and Schreckengost.

Detroit . . . 100000003—4 11 0

Washington . . . 000000000—0 3 2

Batteries: Mercer and Bulow; Lee and Clarke.

St. Louis . . . 00010100000—2 11 2

Baltimore . . . 00011000000—2 11 1

Worcester Defeats Pittsburg.

Worcester, Mass., June 17.—Before a crowd of five thousand the Pittsburg National league club was defeated in an exhibition game here today by Worcester by the score of 8 to 2.

FIX ALASKAN BOUNDARY LINE

CONGRESS WILL LIKELY TAKE UP MATTER AT THE FALL SESSION AND END FOR ALL TIME THE MUCH MOOTED QUESTION.

Washington, June 17.—Negotiations for the permanent delimitation of the Alaskan boundary, which Sir Wilfrid Laurier said Sunday is a standing menace to the peace of the United States and Great Britain, will begin in the fall. Sir Michael Herbert, the new British ambassador, will present his credentials to the president either in September or October, and then probably will be initiated the negotiations for the settlement of the only important question pending between the United States and Great Britain—those relating to Canada. So far as the British government is concerned, it has made it clear that it is prepared to take action for the permanent settlement of the Alaskan boundary question, and Sir Wilfrid therefore spoke by the card in making the statement he did that the London authorities were willing to have the matter disposed of.

But the administration is hesitating because the president and Secretary Hay both understand that it will be extremely difficult to get through the senate any treaty providing for the arbitration of the Alaskan boundary. Nor is the attitude surprising in view of the preposterous claim of Canada to the Lynn canal. Secretary Hay has made a most careful study of the boundary question, and he is convinced that the Canadians have no claim whatever to the line water, and he certainly will resist any attempt on the part of the British government to obtain recognition of the Canadian contention. If an arbitration treaty is arranged the facts which the arbitrator must take under consideration will be those recognized by both governments, so that a fair and impartial ruling can be assured.

Russia is taking a deep interest in the boundary controversy and has made it clear to this government that it will regret any action which will cause withdrawal from the boundary line which the fixed when the territory was ceded to the United States. She has been assured that there is no intention on the part of the government of relinquishing a single foot of the territory which rightfully belongs to it.

INDIANA MAY HAVE RACE WAR.

White Near French Lick Said to Have Notified Blacks to Leave.

Indianapolis, Ind., June 17.—French Lick and West Baden and the valley in which the two Indiana health resorts are located are threatened with a race war. Already the reports from the two resorts state the whites have posted notices ordering the negroes to make a hasty evacuation. The notices, tacked to trees and placed in conspicuous places, are adorned with skull and cross bones, underneath which is written the ultimatum calling upon the negroes to leave the vicinity without delay. All the waters at the hostilities have received letters, some signed by the word "Whitecap," others bearing no signature whatever, declaring that if they do not take their departure at once they will be horsewhipped. Some, in fact, were threatened with death. The negroes are terror-stricken and many have already obeyed the injunction. Many others, however, having been assured protection, are remaining at their posts.

COPY OF VOTE OF THANKS.

Washington, June 17.—Senator Foraker and Representative Grosvenor called on Secretary Hay today as a committee representing both branches of congress and presented to him an engrossed copy of a vote of thanks recently adopted by congress for his eulogy on President McKinley pronounced by Secretary Hay and requested him to supply a copy of his address in order that it might be published in the shape of a memorial volume.

FAMOUS MISSIONARY DEAD.

Boston, June 17.—The American Board has received word of the death of Rev. Willis C. Dewey, D.D., in New York. Dr. Dewey has been a member of the eastern Turkey mission board since 1877 with location at Mardin, in northern Mesopotamia. He was born in Canton, Ill., graduated from Beloit college in 1873 and from Chicago Theological seminary in 1877.

ANNIE OAKLEY ILL.

New York, June 17.—Mrs. Frank E. Butler, widely known as Annie Oakley, the crack shot, is in St. Michael's hospital at Newark, where an operation was performed on her on Saturday. She was internally injured in an accident while traveling with Buffalo Bill's Wild West.

Don't be persuaded into taking something said to be "just as good" as Madi-son Medicine Co.'s Rocky Mountain Tea. There is nothing like it. 35 cts., no more no less. The Stafford Drug Co.

NEW YORK STOCK MARKET.

Monday's Volume of Activity About Maintained.

New York, June 16.—Yesterday's volume of activity in stocks was about maintained today and the degree of diversity of trade was very similar. The movement of prices was rather irregular in spite of the striking gains by some of the stocks which led the market in point of activity. The movement to take profits in St. Paul added to the irregular appearance of the market as the grain carrying railroads generally showed some conspicuous points of strength. Several minor stocks among the grangers were active and strong, notably St. Joseph and Grand Island under the combined influence of the approach of the dividend period and the rumors of absorption by the Union Pacific. There was great irregularity among the industrials but the most important stocks in that department were heavy. There was active liquidation in sugar owing to the unfavorable opinion of the chances of a collapse in prices and the rumors of the United States Steel stocks were depressed by yesterday's injunction measure against the stocks conversion. General Electric was easily forced down nine points on light selling. There was no news to explain the movements among the leaders beyond the progress of the speculative campaign.

The excitement in the corn market seemingly did not affect the corn carrying railroads as it was not associated with bad crop reports. The falling off of showers in the cotton belt was learned with satisfaction in the foreign markets was reflected here and was a favorable influence on the prices of securities. There was no news of the coal strike to account for the strength of Readings, although assertions were heard in Wall street that the collapse of the strike was probably near at hand. No uneasiness is apparent over the money market, notwithstanding the approach of the time for preparation for the semi-annual settlement and the known requirements for several syndicate operations. The market closed quite as favorably as yesterday.

Closing prices of stocks are reported by Paine, Webber & Co. as follows:

Table listing various stocks and their prices, including Union Pac, N.Y. Central, Southern Ry, etc.

Range of Money Rates.

Money on call was steady at 2 1/2 per cent. Closing, offered at one per cent. Prime mercantile paper, 4 1/2 to 5. Exchange firm. Demand at 4.87 1/2 and sixty days at 4.85 to 1/2. Bar silver, 52 1/2.

CHICAGO GRAIN MARKETS.

Features of the Day in the Wheat, Corn and Oats Pits.

Chicago, June 17.—Wheat had a little strength gained from corn late in the day and the final figures showed net gains of 1/8 to 3/8. The commission houses were active. Cash sales were thirty-one boatloads at the seaboard. There was no great interest in the market, trade being largely professional in character. The range was narrow and the cables bullish. The local receipts were forty-eight cars.

In corn July showed a gain of three cents for the day and closed at the top, ranging between 64 1/2 to 67 1/2. September gained 1/2 and December, 1/4. July was the center of attraction and the market looked like a runaway affair for the first hour when quite a number of smaller shorts and one or two of the larger ones had broken in the pit taking everything they could lay hands on. The local receipts were 378 cars. The cables were unsettled and irregular.

Oats ruled unsettled with fair trading within a range of 1/2. July advanced 1/2 to 1/4 and 3/8 to 1/2 for the other months. The close showed a net gain of 1/8 to 1/4 on all except new July which lost 1/8 on yesterday.

MONEY FOR MCKINLEY FUND.

Cleveland, June 17.—Colonel Herriot, treasurer of the McKinley National Memorial association, has received from Paris a draft for \$7,214 from the same source. The memorial association as a result of the efforts there, and principally receipts from the benefit concert given in Paris in aid of the memorial fund.

CAPTAIN LEMLY RETIRED.

Washington, June 17.—The navy department today issued an order placing Captain Samuel C. Lemly, judge advocate general of the navy, on the retired list.

LAW IS AMENDED

BANKRUPTCY RULES REVISED TO SUIT PRESENT NEEDS.

CHANGES IN FIFTEEN PARTICULARS

FOUR NEW GROUNDS FOR REFUSING DISCHARGES ADDED.

Senate Continues Discussion of Isthmian Canal Question and Advocates of Both Routes Are Heard.

Washington, June 17.—The house spent the day considering bills reported from the judiciary committee. The most important was that to amend the bankruptcy law. The minority made a vigorous effort to repeal the present law in toto but were overwhelmingly defeated by a vote of 65 to 137. The bill passed amends the law in fifteen particulars to meet defects which it is said experience has proven. The most important amendment is one to define preference, to meet the supreme court decision in the case of Pirie vs. the Chicago Title & Trust company. Four additional grounds for refusing a discharge in bankruptcy also are added: The first is for obtaining property on credit on materially false statements; the second for making fraudulent transfer of property; third, having been granted or denied a discharge in bankruptcy within six years; fourth, having refused to obey the order of the court or refusal to answer material questions approved by the court. An evening session was held for the consideration of bills from the Indian committee.

Senate Continues Canal Debate.

Throughout today's session of the senate the isthmian canal question was under consideration. Speeches were delivered by Senators Perkins of California, Gallinger of New Hampshire, Stewart of Nevada and Morgan of Alabama. All advocated the Nicaragua route except Senator Gallinger, who made a forceful argument in support of the Panama way and who said his investigations convinced him that the Panama route was more healthful. The arguments of the senators in support of the Nicaragua route were especially on the ground of feasibility and business wisdom. Senators Stewart and Morgan both contended that health conditions in Nicaragua were superior to Panama.

Morgan's Significant Remark.

A remark made by Senator Morgan in his speech on the canal is regarded as significant and possibly foreshadowing the result of the vote Thursday. Referring to the alleged wrong doing by the Panama company, he said: "The people believe it now and when this substitute is passed they will know it."

PRICE OF MEAT WILL FALL.

Head of Big Packing Plant Deplores Recent Agitation.

Kansas, City, Mo., June 17.—Ferdinand Sulzberger of New York, president of the Schwarzzeid & Sulzberger Packing company, who is in Kansas City inspecting the local plant, stated today that the "beef trust" agitation has hurt the business of the packers considerably. He thinks, however, that the agitation is dying out and that the meat business will soon recover its lost ground. "The people are coming to their senses. I think," he said. "This agitation has hurt our business naturally, but I think it is being dropped. Those who have been hurt worst, though, are the farmers and stockmen of this western country. They have suffered greatly. The lower grade of beef will surely drop in price in the near future," he said. "The coming movement of the grass cattle will bring it about. As yet the number of such cattle slaughtered has been small. In a week or two the rush will come and then the price of cheaper meats should go down."

FILTHY TEMPLES IN INDIA.

Sacred cows often defile Indian temples, but worse yet is a body that's polluted by constipation. Don't permit it. Cleanse your system with Dr. King's New Life Pills and avoid untold misery. They give lively liver, active bowels, good digestion, fine appetite. Only 25c at The Stafford Drug Co.'s drug store.

On the first indication of kidney trouble, stop it by taking Foley's Kidney Cure. People's Drug Store.

NOTICE.

To contractors and builders bids will be received by the school board of Forsyth township for the erection of a three-room school house at Princeton. Bids must be in the clerk's office on or before June 25, 1902. Plans and specifications can be seen and examined at the clerk's office at Princeton, Mich. (6-14-1w)

Chronic bronchial troubles and summer coughs can be quickly relieved and cured by Foley's Honey and Tar. People's Drug Store.

The Sign of a Watch Case. This Keystone is the identifying sign of the best watch case made—no matter what it costs. It stands for worth and wear—for beauty equal to an all-gold case, at a much smaller price. The Sign of a Watch Case. JAS. BOSS Stiffened GOLD Watch Case. Is better protection than a solid gold case, because of its stiffness and strength. Better than any other case, because it will last for 25 years without wearing thin or losing its luster. A reputation of 50 years proves the value of the Jas. Boss Case. Consult the jeweler. Write us for a booklet. THE KEYSTONE WATCH CASE COMPANY, Philadelphia.

THE COPPER HANDBOOK. 1902 EDITION.

The new 1902 edition treats of Copper from all standpoints—Historical, Technical, Statistical and Descriptive. It is divided into ten chapters, as follows:

- I. History of Copper. II. Chemistry and Mineralogy. III. Metallurgy. IV. Glossary of Mining Terms. V. Copper Deposits of the World. VI. Copper Deposits of the United States. VII. Leading Foreign Mines. VIII. Lake Superior Mines. IX. American Copper Mines. X. Statistics of Copper.

The work is an octavo volume of 492 pages, set in Brevier type. It is the only volume printed in any language treating of the entire subject of copper, with descriptions of all principal mines, some 700 properties being listed, the descriptions ranging from a few lines to a dozen pages for each, according to importance. The price of the Copper Handbook is \$3 in full morocco, and \$2 in buckram binding, prepaid to any address in the world. It will be

SENT ON APPROVAL and may be returned within 30 days, if the purchaser is dissatisfied, for any reason whatever, and price paid will be refunded. Address the publisher,

HORACE J. STEVENS, 3 Post Office Block, HOUGHTON, MICH.

It is a sure cure for all cases of hemorrhoids and itching piles. It is a sure cure for all cases of hemorrhoids and itching piles.

STAFFORD DRUG CO., Marquette.

A HIGHLY CREDITABLE ANNUAL.

The High School "Agora" is in Great Demand.

The "Agora," the first annual ever published by the young people of the Marquette high school, has been well received during the past two days that it has been on sale.

It is a book of quips and jokes and gentle "roasts," in which every pupil in the school receives attention and in which all had an opportunity to display their cleverness.

That the "Agora" is clever and creditable is the universal verdict. Of course it has a peculiar interest for the young people of the school, as its contents are largely concerned with the incidents and events of school room life, but parents and elders derive no little pleasure from its perusal, while it is as good as "Life" to those who are able to appreciate its manifold subtleties.

The "Agora" has a number of short poems, both serious and light in vein, of considerable excellence. Miss Violet McKnight of the Class of '05 is the heavy contributor of these readable trifles. There are numerous literary features, one of which is a Sentimental Skit, or Cash vs. Capital, by Cecil Williams, has attracted much attention. A tragedy in two acts, "Two Late," by Miss Alma Bigelow is also a clever skit. But the Mining Journal has no intention of going further into an enumeration of the annual's excellencies. It is going to be generally read and further discussion would but anticipate and perchance spoil the pleasure of the perusal.

The "Agora" was not made in a day. In fact it is the result of a couple of months thought and work. It was published under the management of a student board of editors constituted as follows: Harold Markham, editor-in-chief; literary editors, Nettie C. Mantley, F. May Green; business editors, Louis D. Stuckney, Harold Markham; art editors, Alma Bigelow, Hazel Hager. The high school faculty constituted an advisory board, who counseled with the young people during the progress of the work.

The annual is copiously illustrated with half tone engravings of the members of the school board, the several classes, the school teams and societies, the new Ridge street school, the faculty and board of editors and with numerous original drawings by young artists.

It may be remarked further that the "Agora" is entirely original in form and conception. The editors used nothing but words of their own making. Nothing but in stating that the annual exhibits the school's own work and ideas.

The Mining Journal understands that it is to be henceforth a yearly feature. Friends and patrons of the school will hope this is the case.

The "Agora" was secured at the High School, or from any member of the Senior class, for thirty-five cents.

DETROIT MEN SORE.

Turned Down by Boynton on the Headquarters Proposition.

That the Detroit delegation to the Maccabee convention did not relish the sidetracking of the proposition to remove the great camp headquarters from Port Huron, Mayor Boynton's home, will be noted from the following, which appeared in Monday's Free Press.

SAVED FROM AN AWFUL FATE.

"Everybody said I had consumption," writes Mrs. A. M. Shields, of Chambersburg, Pa. "I was so low after six months of severe sickness, caused by Hay Fever and Asthma, that few thought I could get well, but I learned of the marvelous merit of Dr. King's New Discovery for Consumption, used it, and was completely cured." For desperate Throat and Lung Diseases it is the safest cure in the world, and is infallible for Coughs, Colds and Bronchial Affections. Guaranteed bottles 50c and \$1.00. Trial bottles free at the Stafford Drug Co.

CITY BREVITIES.

Mrs. G. A. Ritchie of Calumet is a guest at her old home here.

Dr. A. W. Hornbogen and wife arrived home last night from Toronto.

Rev. Mr. Hamilton of Manistique will preach at the Swedish Lutheran church this evening.

The G. I. A. to the B. of L. E. will meet this afternoon at 2:30 at the A. O. U. W. hall.

Miss Gertrude Elmer of Escanaba leaves for home today after a few weeks' stay with friends.

St. Mary guild will meet this afternoon at 2 o'clock with Mrs. Joseph Courtney, 114 East Ohio street.

Mrs. Clarence M. Smith of Reidsville, California, arrived yesterday for a visit of several months at the home of her father, D. H. Ball.

Mrs. A. C. Anderson and Miss Nellie Anderson, of the Anderson cottage, have departed for Chicago to attend the funeral of their uncle.

The infant daughter of Edward Lefner, Fifth and Rock streets, was buried yesterday, the funeral taking place from the French Catholic church. Death occurred Monday.

The Cleveland Chiff company has still further increased its holdings of land in Alger county. The latest purchase is a tract of 1,800 acres in Town 46, Range 20. The consideration is not stated.

AUGUSTANA SYNOD.

STRUCK BY A CAR.
 Andrew Larson Probably Fatally Injured While Crossing Tracks.

Andrew Larson, an aged resident of Ishpeming, was struck by a car on the Northwestern tracks about 10 o'clock last night and received injuries from the effects of which he will undoubtedly die. Mr. Larson was returning home from a prayer meeting at the Swedish Lutheran church. It was raining and he had raised an umbrella for protection. This what undoubtedly prevented him from seeing the approaching train. The engineer and firemen shouted out warnings, but as Mr. Larson is somewhat deaf he failed to hear them. He was knocked down, one of the wheels of the car passing over his right leg. That member was crushed. He also had his right arm and hand badly smashed. Mr. Larson was pulled out from beneath the train by the engineer and hurried to the Ishpeming hospital. There amputation of the leg was found necessary and it was accordingly done. It is probable that two of the fingers of the injured hand will also have to be cut off. Owing to his advanced age the injured man will probably not recover from his injuries. Mr. Larson resided at 811 North Pine street. He has been employed as janitor of the Swedish church for a number of years.

Appropriations for Missionary Work.
 At yesterday morning's session \$7,500 was apportioned among the different conferences for special mission work. This is the largest sum ever apportioned in one year for that purpose. The amount set aside for the regular mission work has been \$30,000 a year during the past few years. The sum remains the same for next year.

TEARING DOWN THE CHURCH.
 Willing Hands Will Soon Clear the Site for the New Structure.

From thirty to forty members of the Division street Methodist church congregation have labored the past couple of days tearing down the old building, which is soon to be replaced by a handsome new edifice. An attempt was made to sell the building as it stood, but no one cared to undertake its removal. It was figured that it would cost almost as much to tear it down as the lumber is worth. The lumber is in excellent condition and it will bring a good price. A number have already been around trying to buy some of it, but the trustees are not yet ready to sell. They will wait until the building is all down, before making a deal for the sale of any part of the lumber. It is expected that the old church structure will be a thing of the past before the end of this month. A big force will work there today, as many of the men who will be idle on account of the circus have promised to assist. Men working night shift at the mines worked there a few hours yesterday and Monday.

The Foreign Missions.
 A report from the foreign mission board was read. The work is to be carried on more extensively than heretofore. Two buildings are to be erected, one at Telugu, India, and the other at Porto Rico. The Students' Mission association of Rock Island has \$3,000 in its treasury to be used in the foreign countries. The synod will send a missionary to Persia, in the person of Rev. Joseph Kannishu, who was one of the class ordained Sunday afternoon. He is a native of that country and is expected to do splendid work.

Ladies' Mission Society.
 While it is generally understood the synod conference was honored by the presence of a number of noted gentlemen, it is not so well understood that there were also several ladies of prominence present. These were Mrs. C. A. Ewald of Chicago, president of the Ladies' Home & Foreign Mission society, and Mrs. C. A. Swanson of Lindborg, Kansas, secretary of the same organization. The fact that the ladies are doing splendid work is recognized by the officers and members of the synod. The society is at present perfecting plans for the erection of a hospital at Rajamundry, India. The institution will be a great blessing to the people of that country.

English-Speaking Conference.
 The question was raised as to the advisability of organizing an exclusively English-speaking conference in distant fields. In countries where ministers are many miles apart laymen will be privileged to minister their own communion. Petitions for aid from the smaller congregations were referred to the mission board.

WINDOW DISPLAY OF FINE WORK.
 There will be a window display of work done by students of the International Correspondence schools at the Voelker block in this city tomorrow, Friday and Saturday. All who are interested are invited to call and examine the work. There will be explanations regarding the methods and courses of the school. There will be music from a large phonograph. The display will be in charge of J. E. Franks, local representative of the schools.

CEMENT WALKS.
 We are prepared to put in cement walks by contract or day work. The best of satisfaction and reasonable price guaranteed. SEARLE & BLANEY, 633 Michigan street or 707 Park street, Ishpeming. (6-13-17)

IRON! METALS!
 We buy and pay the highest prices for all kinds of scrap iron, metals, and rubbers. Come and see us or call Bell phone 143 and we will come to see you. At old foundry site, Upper Peninsula Iron & Metal Co., Ishpeming, Mich. (6-12-17)

Norlieus at First Conference.
 Dr. Norlieus, president of the synod, was present when the organization was perfected forty-two years ago. The first Swedish Lutheran congregation organized in the United States in 1850 at Andover, Ill., with only ten members. All of these have since passed away. Dr. Norlieus came to this country in 1854 and there were very few members of the church here at that time. His first work was in Illinois. Many times he and others engaged in missionary work in that state were compelled to walk hundreds of miles. There were no railroads west of Chicago in those days and the missionaries had to walk when stages were not available. The veteran present is now sixty-seven years of age and he is enjoying splendid health. He is the only person present who attended the initial meeting of the synod.

Norlieus at First Conference.
 Dr. Norlieus speaks English just as fluently as does Swedish. He received the greater part of his education in this country and graduated from an

American college. In an address at the church Monday evening, Dr. Norlieus talked on the necessity of unity in the church. He attributes the success of the church in this country to the fact that its people have stood united. Without union success cannot be achieved. Among the older ministers present are men who did missionary work in the Indian campaigns in Minnesota as early as 1862.

Two Invitations for Next Meeting.
 Dr. C. A. Swanson, who is not a stranger to Ishpeming people, is among the distinguished gentlemen present at the meeting. He came prepared to invite the synod to hold its next conference at Lindborg, Kan., his home. He is at the head of the college, also pastor of the Swedish Lutheran church, there. Paxton, Ill., also wants the next meeting.

Hearty Thanks Extended.
 It is very evident from the hearty resolutions of thanks to the members of the local congregation, as well as the ladies of the church, adopted at yesterday's session, that the visitors who had never heard much about Ishpeming were astonished at the manner in which the meeting was handled.

Ladies' Mission Society.
 While it is generally understood the synod conference was honored by the presence of a number of noted gentlemen, it is not so well understood that there were also several ladies of prominence present. These were Mrs. C. A. Ewald of Chicago, president of the Ladies' Home & Foreign Mission society, and Mrs. C. A. Swanson of Lindborg, Kansas, secretary of the same organization.

HOW TO AVOID TROUBLE.
 Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over, and it procured now may save you a trip to town in the night or in the busiest season. It is everywhere admitted to be the most successful medicine in use for bowel complaints, both for children and adults. No family can afford to be without it. For sale by The Stafford Drug Co.

DO YOU GET UP WITH A LAME BACK?
 Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmor's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; it is the result of years of scientific research by Dr. Kilmor, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing large back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmor's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which a readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmor & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

TO FORMER PATRONS.

F. BRAASTAD & CO.

CRUTCH-BOUND

The crutch is a poor substitute for legs, and affords a very inconvenient and tiresome mode of locomotion—there is no more pathetic sight than a person slowly and painfully moving along the street supported by these artificial limbs.

When Rheumatism settles in the bones and muscles of the legs, it is safe to predict that the victim will eventually become helpless and crutch-bound. The corrosive, irritating matter that is deposited in the joints and muscles causes the most intense pain, the knees and ankles swell, and when the natural oils and fluids that lubricate these parts are completely destroyed the joints become locked and the muscles drawn and stiff, and crutches a necessity.

The acid poisons that produce rheumatic pains form in the blood, and are distributed through the system, and lodged in the arms, shoulders, hands, back and feet, or other parts of the body—resulting often in total disability. A permanent cure of Rheumatism can be effected only by a complete cleansing of the blood, and no other remedy so surely accomplishes this as S. S. S. It neutralizes the acid effects, purifies and invigorates the stagnant blood, and the gritty particles are washed out or dislodged by the new rich blood, and relief comes to the pain-racked sufferer. S. S. S. leaves no morbid, irritating matter in the blood to reunite and produce another attack, but expels every atom of it from the system. S. S. S. is a purely vegetable remedy, and does not impair the digestion or general health like alkali or potash remedies.

Write for our special free book on Rheumatism, and if any medical advice or other information is wanted, our physicians will gladly furnish it without charge.

DAN TAYLOR DEAD.

Was Too Weakened to Survive the Third Operation.

Negaunee people were not entirely surprised yesterday to learn of the death of Dan Taylor, son of C. W. Taylor, who passed away at Chicago, where he had been operated on for an intestinal trouble. It was realized when Dan left for the hospital a few days ago that his chances of returning to Negaunee were slim, as he was in a greatly weakened condition, as a result of the severe operation which he had undergone only a short time before. Still his people and friends hoped for the best and his death is no less hard to bear because its likelihood was recognized.

Mr. Taylor underwent the third operation Saturday. He was fairly strong when he was removed from the table and his condition Sunday was such as to give his people real hope for his recovery. However, there was a turn for the worse Monday. He had a bad day and it was seen that death was practically inevitable.

The remains will arrive in Negaunee this morning. Funeral arrangements have not been completed, but they will be announced tomorrow.

The deceased was a young man of twenty-two years. He was well known in Negaunee, where he had spent much of his life. Since the trouble that caused his death assumed its acute stage he has undergone much suffering, but he has always borne up bravely and hoped for the best. He made a brave fight for his life and every expert of medical skill was tried in an effort to save it.

Dan will be sincerely mourned by a large circle of acquaintances and his death is a severe blow to his people.

SAME SCHOOL TEACHERS.

A Complete Corps Engaged and Positions Assigned for Next Year.

It is seldom that the Negaunee school board has a complete corps of teachers engaged so far in advance of the opening of the fall term as this year. The new list will be about the same as it was during the year just closed, provided there are no resignations between now and September. As a rule the resignations usually come a week or two before the opening of the schools, when teachers are offered better salaries elsewhere.

The work of the teachers was so satisfactory last year that the board re-engaged all of them, and the teachers were satisfied to continue in their positions. The schools were conducted satisfactorily. The list is as follows:

Superintendent—Orr Schurtz.
 High school—E. D. Dennison, principal, history and mathematics; S. O. Chittenden, science; Edie M. Griffith, English and French; Mary Horrigan, Latin and German; Jessie S. Allison, stenography and commercial; Helen Almindinger, music and drawing.
 Case street school—Lydia Steele, Besie Pengelase, Ann Richardson, Mary L. Wallace, Abbie Coffee, Helen Riedy, Mary Milroy, Anna Wasnuth, Lillian Taylor and Lula Cyr.
 Park street school—Jennie Hassett, Victoria Collins, Anna May, Ida Jackson, Katharine Sullivan, Margaret Murphy and Bertha Clark.
 Jackson school—Nellie McLaughlin, Lillian Pengelase, Margaret Nolan, Lizzie Morarity, Anna Murphy and Blanche Jockell.
 Cambria mine school—Mary Sullivan.
 Rolling mill school—Anna Ryan.
 Regent mine school—Bertha Paynter.

MEMBERSHIP INCREASING.

The roster of the local French society has been considerably increased during the past month or so. There are now about 180 members enrolled. The society was never in a more flourishing condition than at this time. The members are manifesting much interest in the order and all meetings are well attended. Large classes of young men were initiated at the last two meetings.

The Negaunee lodge will be represented at the annual reunion to be held at Ishpeming on the 24th. The officers will make an effort to induce every member in the city to attend. They will go to the Hematite City on street cars, which will be chartered for their exclusive use.

PALMER ROAD IMPROVED.

Richmond township has expended a considerable sum on the improvement of the road leading from the Palmer location to the city line. A dressing of fine gravel has been put on an entire length of the road. The work will be in better shape than it has ever been before. The red hematite dressing can no longer be seen. The Palmer people would be much pleased if the municipal authorities would give the Negaunee end of the road a new dressing, but it is not likely that anything will be done this year, as there are too many of the streets in the city that need attention.

RUBBING IT IN.

This is one of the many gentle "roasts" Negaunee has received from papers of the upper peninsula during the past few weeks, since the cows have taken possession of the lawns, walks and streets. "Negaunee folks save themselves the trouble of mowing their lawns by letting the cows do it for them. The bovines keep the grass cropped close, and when a man has to make a detour to get around some "bossy" who is occupying the sidewalk and refuses to stand aside, he just thinks of the exertion in the way of pushing a lawn mower she saves him and forgets to cuss."

STARTED ON THE TRACK.

That part of Case street which will be used for the races during the firemen's tournament is being torn up by the road roller. The entire surface will be loosened and the track will be made of sufficient width to admit of two teams running side by side. It is expected that the rock crusher will be in operation soon, when the track will be given the first dressing. The roller will be used on the track until it is as near perfect as is possible to make it.

CLERKS WILL DANCE.

The members of the local Clerks' association will give a hop a week from next Friday evening at Boulson's hall. No outsiders will be invited, so that the attendance will not be large. A lunch will be served.

AT NO TIME IS MAN SECURE FROM ATTACK.

of such disorders of the stomach as cholera morbus, cramps and diarrhoea, but these complaints are common during the heated term, when it is dangerous to neglect them. Painkiller is a remedy that has never failed and the severest attacks have been cured by it. Avoid substitutes, there is but one Painkiller, Perry Davis' and no other.

LOCAL LACONICS.

There will be no work at the mines of the city today.
 Henry McFarland of Little Lake was a Negaunee visitor yesterday.
 The employees of the Cambria and Lillie mines were paid yesterday.
 Advertising matter for the Buffalo Bill show was posted here yesterday.
 The culverts on the Goose Lake road were finished yesterday. There are seventeen in all.
 Mrs. Joseph Kirkpatrick has been dangerously ill the past few days at her home in this city.
 The fire department was called out Monday afternoon to extinguish a blaze

in Boulson's barn. The damage was trifling.

The new tar walks in front of the Muck, Quinn and Mitchell residence properties on East Main street are about completed.

T. F. Cole, who came to the city Friday evening last to attend the funeral of his brother, the late John C. Cole, departed Monday.

There was an exciting runaway on Iron street Monday afternoon. A couple of Italians were occupants of the buggy. Both were thrown out, but neither was injured.

Will Yates will take in the graduating exercises at the Shadick Military academy. Austin Farrell's oldest son is one of the graduates. He and Will are intimate friends.

A number of the heavy taxpayers of the city called at the city building Monday and yesterday to examine the tax roll. Most of the callers found that the valuations of their properties were higher than last year.

Permanent Muscular Strength cannot exist where there is not blood strength. Young men giving attention to muscular development should bear this in mind. Hood's Sarsaparilla gives blood strength and builds up the whole system.

Additional Ishpeming

ISHPEMING IN BRIEF.

President W. G. Mather of the Cleveland-Cliffs Iron company is in the city.

Richard Burke has returned from Ann Arbor, where he attended the University for a year past.

Miss Jennie Broad went to Ironwood yesterday. She will visit friends there for four or five weeks.

Miss Etta Daniels went to Houghton yesterday to visit friends. She will be away two weeks or longer.

J. M. Forville has gone to the copper country, where he has taken a position in a tailoring establishment.

Rev. Father Paulin, pastor of St. Joseph's church, went to Houghton yesterday. He will be back tomorrow or Friday.

The employees of the Lake Superior Iron company will be paid Friday for last month's work. The Lake Angeline men will get their money Saturday.

The Catholic Lady Foresters will give a social for the members at Convent hall this evening. Ice cream and cake will be served. A large attendance is desired.

There will be no work at any of the mines today. All will lay off to see the circus. If the trains arrive as early as expected the parade will take place between 10 and 12 o'clock.

The Ishpeming City band has been engaged to furnish music at Champion on the Fourth. The engagement at Gladstone was cancelled. The band assisted at the Munsing celebration Saturday last.

The Fannie Hill Burlesque company will hold the boards at the Ishpeming opera house tonight. The show has been playing to big business in the copper country towns for a week or so.

Buffalo Bill's No. 1 advertising car was here yesterday. The city was heralded and the paper on the bill boards was renewed. Men will be here the remainder of the week covering a part of the Ringling paper, now so conspicuous about the city. There are two advertising cars with the Buffalo Bill show, but Ringling Bros. have three.

The Iron-Ox Remedy Company,
 88 Griswold Street, City:

Dear Sirs,
 I have found Iron-ox Tablets such an excellent medicine that I am glad to add my testimonial to the many you have already received.

For many years I suffered from constipation in its worst form, and nothing which I took gave me any permanent relief.

When your Tablets first came to my notice, last summer, I determined to try them. The results have been most gratifying. I have taken many laxatives; but no other can compare with yours so far as my personal experience goes.

The tonic properties of your remedy are most valuable, both in connection with its laxative action when desired and for those who need a tonic only.

I cannot too strongly recommend Iron-Ox Tablets, which I never fail to bring to the notice of my customers when appropriate. From those who have used them I hear nothing but praise.

Yours very truly,
T. H. RICHARDS,
 Druggist.

By providing the best of everything and paying close attention to details, the

Dining Cars a la carte

in service on Burlington Route trains have gained an international reputation. The "pay-for-what-you-order" plan is much more acceptable than the "dollar-a-meal" charge.

AT NORMAL SCHOOL

CLASS DAY EXERCISES YESTERDAY AFTERNOON.

LARGE AUDIENCE IN ATTENDANCE

VARIED PROGRAM PRESENTED HEARTILY ENJOYED.

Interesting Feature the Presentation of the School of a Handsome Specimen of Greek Art—Commencement Today.

The annual class day exercises of the Normal were given in the Normal assembly hall yesterday afternoon.

A large audience was present, and enjoyed very heartily the varied program which the graduating class presented.

After musical selections by Professor Kluge and Miss Irene Johnson, Miss Lucille Bell gave the customary presidential address.

Her speech was a carefully considered one, and was well received by the audience. The class history, the class story, and the class prophecy were given by Misses Mary McAuliffe, Ruth Schurtz and Beatrice Boyle, respectively.

The history contained a spirited account of the celebration in honor of the discovery that the Normal would be allowed to grant the life certificate, and it also gave some interesting individual history of the various members of the class.

The class oration was delivered by Miss Norine Reidy, whose subject was "Cecil Rhodes." In her oration the speaker traced the rise to fortune of "the great empire builder," as he has so often been called, but said that he sought wealth merely as a means to an end, and that he became famous not because of his wealth but because he made himself "the exponent of a great idea—that idea being the unification of the Anglo-Saxon nations of the world."

She also attempted an impartial estimate of the man, and said that in his good and bad elements were "strangely intermingled."

In behalf of the class, Miss Kate Reidy presented to the school a cast of a part of the frieze of the Parthenon. The frieze represents the pan-Athenian procession taking its way to the temple in order to do honor to the patron goddess of Athens.

The valedictory address was given by Miss Mary Deasy, who was also valedictorian of the class graduating from the city high school two years ago, and she again fully demonstrated her right to the honor accorded her.

Her speech was really a masterpiece. In it she brought out in forceful language the great importance to a community of the possession of high ideals by its teachers.

The exercises closed with a class song, composed by Miss Sallie Thompson, and sung by the class. The program was interspersed with musical selections rendered by Professor Kluge, Miss Irene Johnson, Miss Norma Ross, Miss Jessie Williams and by students of the Normal. The program in its entirety was as follows:

Violin solo—Prof. Kluge. Vocal solo—Miss Irene Johnson. President's address—Lucille Bell. Class history—Mary McAuliffe. Sole—Norma Ross. Class oration—Norine Reidy. Septette—Belle Kelly, Gertrude Boase, Marie Cartier, Mary McAuliffe, Katherine Merrick, Maude Bettes, Mabel Hubbard.

Class story—Ruth Schurtz. Duo—Jessie Williams, Belle Kelly. Class prophecy—Bea Boyle. Presentation of class memorial—Katherine Reidy. Valedictory—Mary Deasy. Class song.

Get Diplomas This Morning. This morning, beginning at 10:30, will occur the commencement exercises. These will also be held at the Normal assembly room, and those who attend will be accorded the pleasure of listening to a splendid commencement address. This will be delivered by Dr. Nathaniel Butler, of the Chicago University. Several musical numbers are on the program.

FATHER BARTH AN INNOVATOR. He Reas a Theatre for the Benefit of His Church. Upper peninsula friends of Father Barth of Stephenson, formerly of Marquette, will be interested in the following dispatch from the Detroit Free Press:

"Rev. Father Barth, of Stephenson, Mich., is probably the only priest in the United States who combines with his clerical duties those of a manager of an opera house, which he runs for the benefit of his church. Some time ago his congregation built a handsome new church at a cost of \$16,000. The old church, a frame building, was moved to a corner of the church lot and used as a parish hall.

ly purchased scenery and fitted up a first-class stage in the parish hall and now has a full-fledged opera house. "Brown's Comedy company opened the new theatre this week, with the following repertoire: "Her Bitter Alonement," "The Man in Black" and "The Fatal Wedding."

"Father Barth intends to exercise most careful supervision on the attractions he allows in the hall. In this way he feels that he can do much for Stephenson and the surrounding country. The opera house also brings in considerable revenue for the church, as it takes a percentage of the receipts."

TWO SPECIAL TRAINS TODAY.

South Shore Will Run Them to Ishpeming and Return.

For the accommodation of the Marquette people desiring to attend the circus at Ishpeming today without the loss of much time, the South Shore will run two special trains to the Hemetite City, instead of one, as first advertised. The first will leave the station at 1 o'clock this afternoon and, returning, will depart from Ishpeming at 3:45 p. m. The other train will leave Marquette in the evening, and on the return trip will leave Ishpeming at 11 o'clock. Both trains, westbound, will stop at Union Park, where the circus has pitched its tents, but on the return it will be necessary for the excursionists to board the trains at either Ishpeming or Negaunee, as they will not stop at the park to take on passengers. The fare for the round trip will be fifty cents, which rate will also be valid on the regular trains and be good to return on the morning train arriving here at 4:40 Thursday. It is the expectation that a large delegation of Marquette people will make the trip, either in the afternoon or evening, and the South Shore is deserving of commendation that it has arranged to cater for them in so excellent a manner and at so small cost.

BIG SEWER TO BE LAID.

Will Be a Twenty-Inch and Serve the Railroad Shops.

City Controller Bay has been instructed to advertise for bids for the construction of a twenty-inch trunk sewer which, starting at the corner of Third and Maple street, near Joe Brickman's second hand store, will run through the South Shore company's property to the corner of Fifth street. Although the sewer will be but two blocks long, it will drain a much larger territory, and not only the owners of property along the route will be assessed to pay for it, but assessments will be levied against lots for several streets beyond, this being the first trunk sewer ever ordered laid in the district affected. The only protest entered against the improvement was one by Mm. J. O'Meara, as the owner of property some distance back from the route of the sewer. The council, however, by the vote of 12 to 2, Aldermen Siegel and O'Neil voting in the negative, decided that the sewer go in.

TO DETROIT NEXT SATURDAY.

South Shore's Excursion Will Be Taken Advantage of Here.

A number of Marquette people are contemplating taking advantage of the excursion to be run to Detroit by the South Shore road, to visit friends and relatives at lover Michigan points. The party will leave here at 5 o'clock on the morning of next Saturday, and will be landed in the City of the Straits at 9:30 that night, the run, which will be all rail, being practically a day's trip. A lunch car will be attached to the train for the entire distance, and refreshments will be served at very reasonable prices. The round-trip rate from Marquette has been placed at the remarkably low price of \$8.75, and the tickets will be valid for return until July 6, good on any of the regular trains. The excursion this spring is an innovation, in that the trip will be made all rail, and it promises to be very much more popular than were a boat to be taken from St. Ignace down.

RELATES TO SHADE TREES.

Important Ordinance Adopted Which Council Means to Enforce.

An important ordinance relating to shade trees has been adopted which the common council means to enforce to the letter. It provides that the limbs or branches of trees must be so cut or trimmed that, where they extend over the sidewalk or project out into the roadway, there must be a distance of ten feet from the ground to the lower limbs or branches. Some of the aldermen desired that the distance be made twelve or more feet, but after some discussion ten was made the figure.

MUNISING WILL CELEBRATE.

A citizens' mass meeting was held at Munising Monday evening, at which was unanimous and enthusiastically decided to celebrate the coming Fourth of July. A good sum of money was subscribed, the proper committees were appointed and nothing will be left undone to give the people of the county the best time they ever had in Munising. The usual games, horse races and fireworks will be features of the observance. Supervisor John Saul will act as president of the day. Preparations are being made to take care of a large crowd.

CONTRACT TO PLATTENBERG.

Three bids have been received for the contract of laying the six-inch sewer recently ordered put down in Crescent street, between Third and Fourth. They were made up as follows: John Plattenberg—Per lineal foot, 33 cents; lampole, \$2. Erick J. Johnson—Per lineal foot, 48 cents; lampole, \$1.50. John Dviro—Per lineal foot, 44 cents; lampole, 81.

The contract has been awarded to Mr. Plattenberg, whose bid, considering the other two, was remarkably low.

For biliousness use Chamberlain's Stomach & Liver Tablets. They cleanse the stomach and regulate the liver and bowels, effecting a quick and permanent cure. For sale by The Stafford Drug Co.

One may dwell beneath poverty's lowly roof, or live in mansions of brick. They'll find a friend in Rocky Mountain Tea. It rids life of its burdens. The Stafford Drug Co.

CONDUCTORS PLEASSED.

New Arrangement of Runs Very Satisfactory to the Men.

The conductors on the South Shore's passenger trains are delighted with the new arrangement regarding runs that is now in effect. Practically all of them make their homes here, and the new plan gives them much more time in Marquette.

Under the old system, on the Duluth run a man would arrive from Duluth at 4:45 in the morning; would leave here on the return to the head of the lake at 10:50 p. m., arriving at Duluth in the morning at 8:30, and in the evening would again leave for Marquette, repeating the schedule. On the run east of here, the conductor would arrive from the Soo at 10:40 p. m. The next day he would leave at 1:30 p. m. for Mackinac, arriving at 8:45. He would leave here the next morning at 7:25, arriving at Marquette at 2:50 p. m., and the next morning at 5 would leave on the return to the Soo, departing from there in the late afternoon and arriving here again at 10:40. The men were allowed one trip off every other week, but even with that they had very little time to spend with their families. Under the new plan, the conductor arriving here from Duluth at 4:40 in the morning lays over until the next morning at 5, when he takes the train to the Soo, thus giving him twenty-four hours to spend with his family on the east end, he arrives at the Soo about 10 in the morning, remains there until evening and arrives on the return here at 10:40, not going out again until the next night at 10:50, when he starts on the return to Marquette, which would be reached at 7:50 in the evening. He would leave Calumet, returning, at 7:45 the next morning, arriving here at 1:10 p. m. At 6 o'clock that evening, however, he would leave for Republic, would spend the night there and, returning, would arrive here at 10:40 the next morning, departing in the afternoon at 3:05 for Calumet, when the schedule outlined would be repeated. On the morning run, the conductor would leave here at 7 o'clock, arriving at Calumet at 11:50. He would leave there at 3:10 p. m. on the St. Paul train and run to Champion, which would be reached at 7 o'clock. The night would be spent at Champion, and the next morning at 9:45 he would leave on the return to Calumet, and shortly after arriving there would depart for Marquette, getting here at 7:55. The next day he would again start out on the same trip. As now arranged, the man arriving at 7:55 in the evening, would not go on again until 3:05 p. m. the next day. To handle the Marquette-Calumet run there are four men, as formerly, but an extra man has been put on who has charge of the Republic train. This gives the four conductors considerably more time at home and makes it better for them, as well as making room for another man, the one on the Republic train.

On the Duluth-Soo run, as first outlined, there are also four men, and on the Marquette-Mackinac run there are two. On this latter run, a conductor leaves here at 1:30 p. m. and arrives at 7 o'clock. The night would be spent at Mackinac, and he would arrive here at 2:50 p. m., not going out again until 1:30 next day. All the conductors are highly elated with the new arrangement.

TUG CASE HARD FOUGHT.

Proceedings for Revocation of Captain Benson's License on Here.

The hearing of the case brought by the loving trust against Captain Benson, for the revocation of his license, was still being argued before the local inspectors yesterday. The defendant, who up to the time of the strike was master of the harbor tug Schenk, is accused of a violation of Section 449 of the Revised Statutes. This provides that when a master or pilot shall, to the hindrance of commerce, wrongfully or unreasonably refuse to serve in his official capacity on any steamer, as authorized by the terms of his license or certificate, his license shall be revoked. The Revised Statutes. This provides that when a master or pilot shall, to the hindrance of commerce, wrongfully or unreasonably refuse to serve in his official capacity on any steamer, as authorized by the terms of his license or certificate, his license shall be revoked.
