FRIDAY MORNING, JUNE 20, 1902.

# MALARIA An Invisible

Means bad air, and whether it Enemy to Health comes from the low lands and marshes of the country, or the filthy sewers and drain pipes of the cities and towns, its effect upon the human system is the same.

These atmospheric poisons are breathed into the lungs and taken up by the blood, and the foundation of some long, debilitating illness is laid. Chills and fever, chronic dyspepsia, torpid and enlarged liver, kidney troubles, jaundice and biliousness are frequently due to that invisible foe, Malaria. Noxious gases and unhealthy matter collect in the system because the liver and kidneys fail to act, and are poured into the blood current until it becomes so polluted and sluggish that the poisons literally break through the skin, and carbuncles, boils, abscesses, ulcers and various eruptions of an indolent character appear, depleting the system, and threatening life itself.

The germs and poisons that so oppress and weaken the body and destroy the life-giving properties of the blood, rendering it thin and watery, must be overcome and carried out of the system before the patient can hope to get rid of Malaria and its effects.

S. S. S. does this and quickly produces an entire Change in the blood, reaching every organ and stimulating them to vigorous, healthy action. S. S. S. possesses not only purifying but tonic properties, and the general health improves, and the appetite increases almost from the first dose. There is no Mercury, Potash, Arsenic or other mineral in S. S. S. It is strictly and entirely a vegetable remedy. Write us about your case, and our physicians will gladly help you by their advice to regain your health. Book on blood and skin diseases sent free.

#### SEAT SALE HEAVY.

#### Big House Will Greet Mansfield Next Wednesday.

There was a rush for scats for the Mansfield engagement when the sala opened at the opera house yesterday morning, and during the day the de mand continued strong, the result being that evening saw the house about three quarters sold but. In the afternoon th chart was removed to Bigelow's, when all those who have not yet procured seats will be accommodated while the tickets last. There are still some very good seats left, but it is expected that they will go in short order and that a house that will be packed to the doors will great the distinguished actor. The great success of the production is as-

The dignified and elegant posters announcing Mansfield's coming have attracted much attention. There is a no table absence of adjectives. Indeed there is no other announcement except "Mr. Richard Mansfield," - This is guar antee enough for the public, who know that this means the appearance of America's greatest actor, surrounded by a carefully selected company of artista and a complete production finished to the slightest detail. Mr. Mansfield nev er lends himself to methods of advertis ing sometimes adopted by others of com parative eminence. Perhaps no other artist is nearly so often requested to address universities as Manstield, but h always refuses, believing that an artist cannot do justice to his audience in the evening after devoting the day to speech making. Another form of advertising frowned on is the scene picture and character picture. They are unworthy a great artist. No one comes to see Mansfield's scenery and furniture though they are always harmonious and elegant. Moreover the flashlight photograph is nearly always inartistic and disillusionizing. In brief, Mansfield has reached a point in his career beyond mere advertising. He is an institution and not to have seen him in his celebrat. ed creations is a criticism of the one who confesses it.

### TWO FIRE ALARMS IN TWO DAYS.

The fire department was called out yesterday morning by a chimney fire on Park street. It made the second alarm responded to in two days, after a long alarm answered on Wednesday was for a blaze on the old Grace furnace dock. fact of her wide affiliation and acquaint-A small building was destroyed. Money continued casy."

## "MARQUETTE'S FORGER" AGAIN.

The same swindling game worked ew weeks ago on Marquette business men by the forger who succeeded in having several checks cashed, has just been successfully played at Lansing. As was the case here and at Iron Mountain, Menominee, Port Huron and a few other places, the checks were presented mostly to meat dealers. They were for \$10 and \$18 in amount, were marked with a rubber stamp and were presented at Pickands' coal dock has been taken ov a man in the garb of a workman. The fellow's description, as well as the method, fits the case of the operator ere, and it is evident that he is one and

where they will be employed in towing ogs for the Hines Lumber company. For biliousness use Chamberlain's Stomach & Liver Tablets. They efit of the stores and the public that steaks, chops and roasts are the delight of the stores know over until S o'clock in the family. Try a roast today. It is fine. They cleanse the stomach and regulate the the stores keep open until 8 o'clock in
