MITCHELL'S REPLY

PRESIDENT OF MINERS STATES THEIR POSITION.

TRIED TO PREVENT THE STRIKE

COST OF LIVING INCREASED AND MORE WAGES NECESSARY.

Leader of Strikers Says He Is Willing to Arbitrate Disputed Question and Abide by the Result.

Wilkesbarre, Pa., June 22.—President Mitchell, of the United Mine Workers of America, today issued an address to the public. It is partly in reply to the letters of the operators declining to accede to the demands of the union, which were published about ten days ago. Briefly summarized the address says that every possible means was resorted to in an effort to prevent the strike and claims that the cost of living has increased to a point where the miner was compelled to ask for higher wages. It denies the allegations of the operators that the productive capacity of the mine workers has fallen off, but, on the other hand, has increased. It quotes official figures to substantiate the contention that employers can pay higher wages without increasing the cost of coal to the consumer and asserts that the coal carrying railroads which control about 85 per cent of the mines absorb the profits of their coal companies by charging exorbitant freight rates. It claims that a ton at the mines means anywhere from 2.70 to 3.190 pounds instead of 2.240, and says that the men are killed or injured in the anthracite mines of Pennsylvania annually than were killed or wounded during the Spanish-American war. The address also says that in event the union is crushed, which it adds, is not likely, a new organization would rise from its ruins.

Tells Why Wages Can Be Increased.

President Mitchell lays special stress upon the matter of increasing wages, saying: "The railroad presidents contend that they cannot increase the wages without making a corresponding increase in the selling price of their product to the consumer, and have accused the mine workers of suggesting a proposition that impose hard-ships upon the public by increasing the market price of coal ten cents a ton, an amount that would have been required to meet all the demands by the miners; however, their solicitude for the public weal has not deterred them from advancing the market price of their coal more than 81 per cent since the strike was inaugurated without giving any part of this increase to the mine workers."

Is Willing to Arbitrate.

Concluding his address President Mitchell says: "Conscious of the great responsibility resting upon us, and apprehensive of the danger threatening our commercial supremacy should the miners of the entire United States become participants in this struggle, we propose our proposition to arbitrate all questions in dispute, and if our premises are wrong, if our position is untenable, if our demands cannot be sustained by facts and figures, we will again return to the mines, take up our tools of industry, and await a day when we shall have a more righteous cause to claim the approval of the American people."

Wilkesbarre, Pa., June 22.—The strike leaders have issued a long appeal in which they request all fair workmen to remain away from the anthracite region. It concludes: "Every man who at this time accepts a position with any anthracite coal company is arraying himself against his brother and becoming a tool in the hands of the corporations to tighten the bonds of the toiling miners of our country, whose only means of defense is by joining together and demanding their rights by conciliation, arbitration or strikes. Therefore, as peace-loving and law-abiding people, they appeal to every man to remain away from the anthracite coal region until they win their present battle and secure for themselves and their posterity the God-given rights warranted to all men without regard to race, color or creed, by the laws of our beloved country."

Search for the missing man is being made by the police, but that department cannot follow his trail with more astuteness than his creditors and the woman who claims to be Mrs. D. Sydney Burch. In endeavoring to quell a Boxer outbreak at Kulu the imperial troops killed 2,000 inoffensive persons whom they supposed to be Boxers. The Boxers in that section had committed many atrocities. This alarmed the inhabitants so that they gathered in hundreds, left their homes and marched in the direction whence the imperial troops were approaching. OLD SOLDIERS' REUNION.

Citizens Asked to Assist in Entertaining the Veterans July 9 and 10.

On July 9 and 10 Ishpeming people will be called upon to entertain the old soldiers of the upper peninsula. The seventh annual reunion of the veterans will be held here during those two days, and the local G. A. R. post desires free and generous assistance to make the reunion the most successful ever held. Help is needed in different ways to bring about the most satisfactory results, particularly financial aid. It will require a large sum to carry out the program planned. There will be a large number of old soldiers in the city during the two days and it is the wish that they be received royally.

This will be the first time Ishpeming people have had an opportunity of entertaining the veterans, and everything should be done to make the reunion a great success. Subscriptions to the fund being raised to help pay the expenses are being taken at both banks of the city. The old soldiers do not like to solicit aid personally and it is the hope that there will be many of the citizens who will contribute voluntarily. A number of the big hearted people of the city have already subscribed, but the amount wanted is far below what is needed to defray expenses.

The visiting veterans will have a good time here. The program has been arranged and it will be published in this department in due time. The exercises and amusements will extend over two days.

READ IT IN HIS NEWSPAPER.

George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns and when he saw Chamberlain's Pain Balm advertised therein for lame back he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of his wonderful recovery. This valuable liniment is for sale by The Stafford Drug Co.

ISHPEMING IN BRIEF.

Mrs. Michael Mullins of Calumet is in the city visiting at the home of M. F. Lally and family.

Mrs. Homer Shepherd and sister, Miss J. Quinn, are here from Butte, Mont. They intend to remain the greater part of the summer.

A number of Ishpeming people have procured seats for Richard Mansfield in "Beaucaire" at the Marquette Opera House Wednesday evening.

Saturday was the coldest day the older residents of this city have ever experienced so late in June. Heavy over-casts and coal fires were the order.

Mrs. Sam Byrne of Houghton, who has been in the city visiting her parents, Mr. and Mrs. Daniel Sullivan, for the past ten days or so returned home Saturday.

About fifteen Ishpeming people went to Detroit Saturday on the all-rail excursion. Most of the excursionists from this city will remain away until early next month.

CEMETERY CROWDED.

Cleveland-Cliffs Iron Co. Permits Use of Additional Land for Burial Purposes.

A special meeting of the city council was held Friday evening. Three matters of importance came up for consideration. The question of securing additional land to be used for burial purposes has worried the municipal authorities for some time, but it now looks as though the difficulty will soon be remedied, as the Cleveland-Cliffs Iron Company, through its agent, M. M. Duncan, has granted the city the use of the tract immediately east of the present cemetery, where the old pest house stood some years ago.

The present cemetery is crowded and there is room for very few more bodies. There is about an acre of ground in the proposed addition. During the course of account of mining operations, this space will be sufficiently large for burial purposes for many years to come.

The corporation grants the use of the land on certain conditions, the most important of these being that in case the land is ever wanted for mining purposes the city will be obliged to remove the bodies. The Cleveland-Cliffs people control three-fourths of the tract and the Breitung estate controls the balance. It is assumed that the latter will allow the use of their land as has the Cleveland-Cliffs company. The matter will be taken up with the Breitung estate at once.

The Overhead Crossing.

The Lake Superior & Ishpeming Railway company will be granted the privilege of erecting a trestle above the city's thoroughfares near Haupt's farm for the extension of its track to the main mine, provided certain requirements are observed. In view of the fact that the company is anxious to build its road to the mine without further delay, it is certain that any reasonable demand on the part of the city will be complied with.

The council will ask for mining walls to be built on both sides of the road near the trestle to keep the filled dirt from drifting and falling into the clear space. The road will also have to be graded and made serviceable to a certain width. The overhanging strings must not be less than fourteen feet above the ground.

All the work must be done under the supervision and to the satisfaction of the street and highway committee of the council.

Crusher Plant May Be Rejected.

The delay in starting the new rock crusher is annoying to the members of the council. The setback on account of the non-arrival of the fly wheel, to take the place of the one broken when the engine was being put in position, seems like carelessness on the part of the company furnishing the outfit. The city attorney is instructed to write Austin & Western advising them that the outfit would be left on their hands, if they do not get it in operation by July 1.

The crusher will be of little use this summer if it is not started soon.

The municipality has thirty days after the crusher is started to accept it. If the plant is not just what the company says it is the city will not be obliged to keep it.

It is now up to Austin & Western to get a tracer after the fly wheel. It might be easier and less expensive for them to ship another direct than to take a chance on hunting up the one that has been lost in transit, as they claim is the case in this instance.

Librarian Gets Raise of Pay.

The library board asked the council to advance the salary of the librarian from \$190 to \$200 per year. The request was granted. It is the purpose of the board to keep the library open a couple of hours each afternoon, and also an hour or two in the evening. The library may not be opened for a few weeks yet as many of the books are being rebound by C. A. Eggers, the Marquette book binder. A lot of new books have been ordered and these are expected here about the time the old books arrive from Marquette.

The improved service will be appreciated by patrons of the library. For some years past the library has been open only certain evenings each week.

LARGE CROWD TO DETROIT.

The all-rail excursion to Detroit via the South Shore and other lines leading to that city was well patronized by up- peninsula people. There were ten coaches on the train when it passed through Negaunee and all were well filled. At least 80 per cent of the excursionists were from the copper country. There were only five from Negaunee and fifteen went from Ishpeming. The weather was all right for the ride down as it was not warm. The tickets will be good for return until July 6.

PICNIC JULY 5.

The Negaunee Orchestra band will hold a picnic at the Cleveland park on July 5. The picnic would have taken place on the Fourth, but the band has been engaged to play at Munising that day. There is to be a celebration down there and the band was hired the day the corner stone of the new court house was laid. Dancing will be the principal feature of the picnic on the 5th. Refreshments of various kinds will be served and the fun will continue all afternoon and evening.

HAD A GOOD TIME.

The attendance at the ball given Friday night at McDonald's opera house under auspices of the English tent of the Maccabees was well attended. The weather was bad, but in spite of this nearly all who planned on attending came out. The music furnished by the Trembly orchestra pleased the dancers and all things considered the party was one of the pleasantest the society has ever given.

SOCIETIES WILL PICNIC.

The Finnish Temperance societies of the county will have a picnic at a public house in this city and Ishpeming tomorrow. They have selected a place near the road leading to the Iron Cliffs loca-

JONES IN PEN HERE

NOTED DETROIT MURDERER BECOMES CONVICT NO. 1332.

CONVICTED SATURDAY EVENING

LIFE TERM IN THE MARQUETTE PRISON HIS SENTENCE.

Wayne County Sheriff and Deputy Arrived With the Prisoner Last Night—Latter, Cool and Jaunty, Would Not Talk of Crime.

William M. Jones, who has been on trial at Detroit for the cold-blooded murder of George Heywood, and with whose case readers of The Mining Journal are very familiar, has lost his identity to the world to become Convict No. 1332 in the branch state prison here.

The trial of the noted case was concluded in the Wayne circuit court Saturday by the jury returning a verdict of guilty after being out but a short time. The convicted man was sentenced to hard labor for life in the Marquette penitentiary, and at 8:15 o'clock that evening Sheriff Dickinson and Chief Deputy Himes started with him for the upper peninsula.

Much of yesterday was spent at St. Ignace awaiting train connections. The party arrived here on the 10:40 o'clock train last night, and half an hour later the prison doors had clanged behind the noted prisoner. Through the courtesy of Warden Freeman, a representative of The Mining Journal was permitted to see Jones for a short time.

Jones is a man about thirty-five years of age, about 5 ft., 6 in. tall and very quick and active in his movements. He has a smooth thin face, and piercing eyes that were an especially noticeable characteristic. His hair is well streaked with grey—it was black when he was arrested, but evidently was dyed for after one or two baths the blackness wore off. Jones states that his hair has become much grayer during the past few weeks than it ever was. He is a plumber and something of a machinist by trade.

Sheriff Dickinson and Deputy Himes will spend this morning here and will take advantage of the opportunity to inspect the model institution over which Mr. Freeman so well presides.

have survived the long ordeal to which he has been subjected. The police, he said, had did their utmost to elicit a confession from him; they would put him in the sweat-box at all hours of the night, yet all their endeavors failed to move him. Throughout the long trial he had retained his calmness and nerve, and the stares and calls by the curious had had no effect whatever. A guilty man, he said, would have broken down, especially under the fierce arraignment of the attorneys for the prosecution.

Pales at Prison Door. The prisoner, who made the long trip handcuffed except that last evening he was permitted to eat supper with hands free, gave the two officers no trouble and was in a very jolly mood until the start for the prison was made from the depot. He laughed and joked with his guardians almost up to the last moment, but when he stepped into the prison his face paled and for the first time he seemed to realize what his sentence meant. Just before arriving at the penitentiary, he remarked that it was better illuminated than its appearance at a distance indicated.

It was with a jaunty air, however, that, within the inner office of the prison, he stepped forward to be searched. Some loose change, a few keys and a pocket comb constituted his possessions except two or three small photographs which he asked to be permitted to retain. After being searched Jones was taken to the receiving cell, where he will remain until this morning. He will then be given a bath and will don the prison garb, after which he will be measured in accordance with the Berillon system. This done, he will be placed in solitary confinement, there to remain until the board of control decides as to what line of work he will be assigned. Jones is the first prisoner to be sentenced direct from Wayne county to the Marquette institution.

Remarkable Piercing Eyes.

EVERY WARD IS HIS

YOUNG MADE CLEAN SWEEP OF THE CAUCUSES HERE.

WILL RULE TODAY'S CONVENTION

SHELDEN MEN OUTNUMBERED IN SCHOOLCRAFT COUNTY.

Fairly Defeated, They Will Send a Contesting Delegation to Congressional Convention—Results in Other Counties Saturday.

The city caucuses held here Saturday evening resulted in a sweeping victory for H. O. Young of Ishpeming delegates favorable to him being selected in every ward. The Sheldon supporters had done some lively campaign work, but when it came to the count of noses the voters friendly to the congressman were in a hopeless minority, they made no fight and the contests were limited to a good-natured strife among the Young men for the honor of being designated as the representatives to the county convention. The delegates were named as follows:

- First ward—Martin Gorman, John Shea, Martin Johnson; Second ward—F. O. Clark, James Maloney, Joseph Falardeau; Third ward—D. W. Powell, M. J. Sherwood, N. M. Kaufman; Fourth ward—Joseph Neidhart, Ernie Bush; Fifth ward—John H. Bivers, Abe Agnew, Wm. O'Meara; Sixth ward—Dr. O. G. Youngquist, Wm. A. Ross; Seventh ward—John R. Van Evert, Walter Ward; Eighth ward—E. J. Sink.

The caucuses were all fairly well attended. The county convention, which will be very largely dominated by the Young men, will take place this afternoon at the opera house in this city. It will be a veritable love feast.

Warm Time at Manistique.

Down at Manistique, the Schoolcraft county convention was held Saturday, the result being related as follows by the correspondent of The Mining Journal: "Young gained a signal victory here today, despite that Postmaster Websters of the Soo, Kern of Menominee, Ryan of Escanaba and one or two others, together with a bunch of Sheldon husters from Menominee, had been putting in some lively campaigning during the week. The result of the caucuses in the townships was about an even split between the two candidates, but in Manistique Young carried every ward and entered the convention with an overwhelming majority. The three delegates to the congressional convention, who go under instructions for the

Ishpeming man, are W. F. Crane, E. N. Orr and N. W. Fox. The Sheldon supporters, however, propose sending a contesting delegation to the convention. Outnumbered in the ward caucuses, the congressman's friends later held rump caucuses and chose delegates who named congressional delegates favorable to the Houghton man 'for use in case he needs them' it is explained. The regular convention also endorsed the governor for re-nomination, and V. I. Hixon, Editor George E. Holbein and Editor J. McNaughton—all strong Bliss men—will go to the state convention. The rump convention also named state delegates, likewise favorable to Bliss. The tactics of the Sheldon men, beaten in a fair fight, are denounced by the great bulk of the people here, who bitterly resent the outside influence in county politics."

Iron County Endorses Maitland.

In Iron county, a Republican convention was held at Stambaugh. The selection of congressional delegates was not on the program, the convention for that purpose not having yet been called. Delegates to the state convention were chosen Saturday. They are Bliss men. Alexander Maitland of Negaunee was endorsed for lieutenant governor, and the delegates to the senatorial convention were instructed to work and vote for M. H. Moriarty of Crystal Falls. The leading places on the county ticket were filled by the nomination of the following: For treasurer, John McGillis; prosecuting attorney, Charles Watson; sheriff, Herman Holmes; clerk, John Wall. All of these officials were re-nominated except Mr. McGillis, who has been deputy treasurer under Mr. Moriarty. The latter has served two terms and was ineligible for re-nomination.

Shelden Convention in Chippewa.

The Sheldon men were in full control of the Chippewa county convention, also held Saturday, and the seven delegates selected are under instructions to support the congressman. The anti-ring or Young faction of the party made no fight and allowed the "ring" politicians to have things all their own way. To judge from the Soo papers, however, the "anti-ring" element will hold a convention later, at least for the nomination of a county ticket and probably for the sending of a contesting delegation to the congressional convention.

At Iron Mountain, the Dickinson county convention held Saturday was for the purpose of electing state delegates. Instructions were given for Bliss, who so far has received the endorsement of every upper peninsula county convention except that of Baraga, where the recent appointment of a Democrat to be judge of probate resulted in Stearns delegates being selected.
