KING HAS GOOD DAY
PROGRESS OF EDWARD CONTINUES SATISFACTORILY.
DANGER OF PERITONITIS IS PAST
PHYSICIANS SURPRISED AT RAPID RECOVERY MADE.
London Rejoices as News from Sick Ruler's Bedside Grows More Encouraging With Each Bulletin Issued.

London, June 27.—The following was issued from the palace tonight at 11 o'clock: "His majesty's condition is in all respects satisfactory. The king has had a comfortable day and has made substantial improvement."
"It's the best yet," was the popular comment with which the bulletin posted tonight was greeted. A smoky crowd waited before the palace until the bulletin was brought out and when the good news became known there were cheers. Lord Churchill, acting lord chamberlain, drove up to the palace just as the bulletin was issued and expressed keen pleasure at the doctor's report. The crowd will be pacifically dispersed and the rejoicing already apparent in the crowded streets increased in keeping with the terms of the latest report. The Prince and Princess of Wales dined at the palace tonight in company with several foreign royal personages. The unanimity among the prominent physicians in expressing their opinions as to the case of the king is quite remarkable. All the professional opinions gathered are distinctly favorable and hopeful. The doctors regard the danger of peritonitis as almost past and believe his majesty's recovery is entirely probable. Liverpool was illuminated tonight in recognition of the good news.

King Has Had Lots of Pluck.
King Edward's calmness, cheerfulness and pluck are considered most favorable auguries for a speedy recovery and messages from Queen Alexandra and the king's private secretary in reply to expressions of solicitude and the statements of persons most familiar with the situation all bear out the confident hopefulness which prevails today. The king's recovery is so satisfactory that it has been decided the Indian and colonial troops will be reviewed next week by the queen and the Prince and Princess of Wales. It is probable that as soon as the king is pronounced out of danger there will be a general illumination and the order abandoning the naval review will be rescinded.
The Mail this morning (Saturday) says all King Edward's functions are working admirably. The drainage pipe has not yet been removed says the paper but the king's general progress is very sure and steady.
Today's official bulletins from the king's bedside:
Ten-fifteen a. m.—His majesty had a fair night and had some natural sleep. His appetite is improving and his temperature is much more comfortable. On the whole the king's condition is attended with less anxiety.
Two p. m.—His majesty passed a comfortable morning. All the symptoms today so far are satisfactory. His temperature remains normal. No other than important fluctuations in the king's temperature can be recorded in the bulletins issued.
Six-fifteen p. m.—The king maintained the satisfactory condition described in the last bulletin. He shows no disquieting symptoms.

STRIKE SITUATION IS UNCHANGED
END OF SEVENTH WEEK OF ANTHRACITE MINERS' STRUGGLE AND NEITHER SIDE SHOWS SLIGHTEST DISPOSITION TO YIELD.
Wilkesbarre, Pa., June 27.—Tomorrow will end the seventh week of the miners' strikes. The lines remain tightly drawn and neither side shows the slightest disposition to weaken. Excepting President Mitchell's offer to arbitrate there has been no proposition advanced by either party and the prediction that the struggle will be one to the finish holds good. That a settlement may be reached without both sides fighting to the bitter end is by no means impossible. While no information can be had on the matter, it is still believed here that some outside party is going over the situation with a view of finding a way to bring the miners and operators together. It is not unlikely that the report of Labor Commissioner Wright to the president may suggest a way that may lead to a settlement. The publication of the report is eagerly awaited by the strikers. Considering the great number of men idle the strike is a remarkably quiet one. It is estimated that fully 165,000 persons are out of work.

Saginaw, Mich., June 27.—A joint conference of the miners and operators is called for July 2 in this city to consider the wage scale and other questions over which there are disagreements.
NEW STEEL COMPANY.
One Incorporated in New Jersey With \$40,000,000 Capital.
Trenton, N. J., June 27.—A certificate of incorporation was filed here today for the American Steel Foundries company with a capital of \$40,000,000. The concern is authorized to manufacture iron, steel and other materials, all the articles of which will partially consist of the same.
JUDGE CHARLES D. LONG DEAD.
Prominent Justice of State Supreme Court Expires in Detroit.
Detroit, June 27.—Justice Charles D. Long of the state supreme court died here this afternoon after a long illness. Justice Long was born at Grand Blanc, Mich., in 1841. He was a veteran of the civil war, receiving wounds which made him an invalid all his life. He had been on the supreme bench since 1887. He became well known by reason of a suit against Pension Commissioner Lockren to compel the restoration of a pension of \$72 per month.
WOUND UP ITS LABORS.
Missouri Pacific Commission Ends After Twenty Years' Activity.
St. Louis, June 27.—The Missouri river commission today wound up its business. This ends the commission after an activity covering nearly a score of years. In the future whatever government improvements are made on the Missouri river below Sioux Falls will be done under the direction of an army officer. Since its appointment in 1884 the commission expended \$7,000,000 in improvements from the mouth of the river to Sioux City.

BOER PRISONERS RELEASED.
First Consignment from St. Helena Sails for South Africa.
Island of St. Helena, June 27.—The first consignment of Boer prisoners, 478 men, sailed yesterday for South Africa. After taking the oath of allegiance to Great Britain the prisoners marched to the boats singing the national anthem.
YOUTHFUL MATRICIDE.
Seventeen-Year-Old Missouri Boy Confesses Killing His Mother.
St. Joseph, Mo., June 27.—William Coats, aged seventeen, today confessed to the murder of his mother, whose partly decomposed body was in her home on the farm. He implicates his father. The son says he choked his mother to death.
STORMS IN TEXAS.
Rains Break Drouth and Will Greatly Help Cotton Crop.
Dallas, June 27.—Heavy rains were general in Texas today. There was considerable alarm today over the report of an excessive storm at Galveston. When communication was restored it was learned no damage was done there. At Houston and Saline, a heavy wind did some damage. A drought of six weeks was broken in southern Texas by a slow but steady drizzle. It is too late to materially aid corn, but will help cotton.

HITS SUGAR TRUST
TELLER SAYS CUBAN RECIPROcity IS WANTED BY COMBINE.
COLORADOAN OPPOSES MEASURE
FAVORS REVISION OF TARIFF BUT NOT FOR ONE ARTICLE ONLY.
Platt Replies That Proposed Bill Is Act of Justice Toward Island and Not Prompted by Any Sordid Desire.
Washington, June 27.—Quite unexpectedly a sharp debate arose in the senate today on the question of Cuban reciprocity. Senator Teller of Colorado, at whose instance the senate committee on Cuban relations made its investigation of the subject, delivered a spirited speech in opposition to reciprocity with Cuba. He charged the entire reciprocity propaganda was backed by the American Sugar Refining company and by American interested financially in Cuban sugar plantations. Their purpose he said was to strike down an important agricultural industry of this country. He was willing to join in a general revision of the tariff to meet the changed conditions, but unless the duties on iron and steel and other products were reduced together with those on sugar in order that the arrangement might be equitable, the beet sugar growers never would consent to a reduction on their product.
Senator Platt replies, chairman of the Cuban relations committee, replied to the Colorado senator. He maintained that there was nothing sordid in the desire to promote reciprocal relations between the United States and Cuba and said the making of some concessions to Cuba was the plain duty of this country. It was a duty which this government owed to itself as well as to Cuba because absolutely friendly relations with the new republic were a necessary means of defense to this country unless the United States should annex the island. Senator Platt said he hoped that would not be done as a grave menace to our institutions.
The District of Columbia appropriation bill was disposed of finally, as were several other less important measures.
DEWEY ROASTS AGUINALDO.
Admiral Says Insurgent Chief Was After Lor Not Independence.
Washington, June 27.—Admiral Dewey continued his testimony before the senate committee on the Philippines today and explained further details of the negotiations entered into with the governor general of the Philippines in regard to the surrender. When asked his opinion of Aguinaldo, Dewey replied: "Since you ask my opinion I will say I believe Aguinaldo was there for loot, for gain and for money, and that independence never entered his head."

STALWARTS WIN IN WISCONSIN.
Conventions at Fond du Lac and Milwaukee Go Against La Follette.
Fond du Lac, Wis., June 27.—The stalwarts today elected a solid delegation to the state convention from this county. La Follette's forces met later and chose another delegation.
Milwaukee, June 27.—The stalwarts elected 110 of the 145 delegates to the Republican state convention.

ST. LOUIS MAY GET NEXT CONVENTION
MEMBERS OF REPUBLICAN NATIONAL LEAGUE AND PRESIDENT, IT IS SAID, FAVOR THAT CITY AND TIME, IN OCTOBER.
Washington, June 27.—A committee representing the Republican national league called on President Roosevelt today in company with Postmaster General Payne, a member of the Republican national committee. They discussed the time along which the campaign shall be conducted as well as the place for holding the next convention of the league. In all probability the convention will meet in St. Louis about the first of October. While the members of the committee would not disclose the details of the conversations, it is understood the president favored St. Louis and suggested the names of several public men whom he would like to have speak upon that occasion. The feature of the convention will be the presence of over two-thirds of the Republican governors of states.
CONTRACTS FOR TEN STEAMERS.
Chicago, June 27.—The Great Lakes and St. Lawrence Transportation company has contracted for ten steel steamships to cost \$2,000,000.

QUEEN TO RECEIVE REID.
London, June 27.—Ambassador and Mrs. Reid were received by the Prince and Princess of Wales today. Tomorrow they will be received by Queen Alexandra.

BLOW AT TRUSTS
DEMOCRATIC REPRESENTATIVES WANT MORE STRINGENT LAW.
FAVOR IMMEDIATE LEGISLATION
ALLEGED PRESIDENT IS CONTROLLED BY MONOPOLIES.
Republican Members in House Severely Arraigned for Failure to Pass the Cuban Reciprocity Measure.
Washington, June 27.—A caucus of the Democratic members of the house tonight unanimously adopted the following declaration: "We condemn the Republican majority in congress for the failure to pass the measure providing reciprocity with Cuba. The bill which passed the house of representatives was heartily supported by the Democratic minority after the protection to the sugar trust had been removed by a solid Democratic membership aided by a small minority of the Republican members. As it passed the house the bill carried relief to Cuba, reduced the price of sugar to American consumers and struck a heavy blow at the notorious and obnoxious sugar trust. The refusal of the Republican senators to consider this measure unless protection to the sugar trust should be restored gives evidence that the president and the Republican party in congress are willing to refuse relief to Cuba and to trusty ignore the American consumers rather than abandon their alliance with the trusts. The failure of reciprocity legislation with Cuba rests upon the Republican administration which is willing to reduce the duty on raw sugar of our producers but are unwilling to destroy the sugar monopoly.
Advocates New Anti-Trust Law.
"The Republican majority in congress is dominated and controlled by the trusts and monopolies which have the great industries of the country in their grasp as is shown by its action in passing the anti-trust bill through the house of representatives in the fifty-seventh congress in the closing hours of the session and the senate refusing to consider the same as a subterfuge to tide over the election of 1902. That bill has been abandoned and they have ever since refused and do now refuse and fail to bring any measure to suppress the trusts or favorably report any of the numerous anti-trust bills introduced by Democratic members during this congress. We favor the immediate passage of a measure to amend the present anti-trust law so as to more fully protect trade and commerce against unlawful restraints and monopolies and also advocate a measure to reduce the duties on all articles and commodities manufactured and controlled of produced in the United States by a trust or trusts so as to destroy such illegal combinations and to reduce the rate of duty on any article or commodity manufactured in the United States and sold in a foreign country more cheaply than in the United States. We oppose the adjournment of congress until the measure mentioned above has been enacted into a law."

PARDON AGUINALDO
CABINET TO ISSUE AMNESTY ORDER TO FILIPINOS.
BECOMES EFFECTIVE JULY FOURTH
GRANTS PERMISSION TO PARTICIPATE IN GOVERNMENT.
Proclamation May Be Delayed Until Congress Ratifies Bill Recently Passed in Regard to the Islands.
Washington, June 27.—At the cabinet meeting today it was agreed to issue a proclamation of amnesty in favor of all political prisoners in the Philippines to take effect on the Fourth of July. It includes Aguinaldo and all other like him. The proclamation is based on the general objects of the Philippine government bill, namely to restore peace and substitute civil for military administration. That bill is now in conference and the proclamation may not be issued until the measure is agreed upon by both houses and the president has affixed his signature. The proclamation will declare a state of peace exists in the Philippines save where the Mindanao or pagan tribes are giving trouble and will declare in effect that with the transfer of the government from military to civil the status of all those arrested and held for political reasons shall be restored to liberty, granted full amnesty and allowed to participate in the civil government that is to be inaugurated.
Military Force Will Be Left.
The benefit of the amnesty are limited to political prisoners. Criminal offenders will be left to the action of the action of the authorities under the civil government. An adequate military force will be left for the protection of the new government. The cabinet also considered the trial land question. It is understood Secretary Root feels great confidence in the successful outcome of Governor Taft's efforts at Rome.
The cabinet meeting was held in the president's temporary quarters in Lafayette Square and was the first time in eighty-eight years that a regular session of the cabinet was held outside the White House.

NICARAGUA AIDING REBELS.
President Zelaya Sends Coal to Venezuelan Revolutionists.
Panama, Colombia, June 27.—It is learned on the authority of government officials in Panama that Zelaya, president of Nicaragua has despatched a vessel loaded with coal to the revolutionary gumbat Padilla and the Nicaraguan warship Momotombo was to carry this week a big consignment of munitions of war for use of General Herrera, leader of the Colombian revolution. It is believed Zelaya's action renders a rupture between Colombia and Nicaragua imminent.

RICH TRAMP KILLED IN WRECK.
Knoxville, Tenn., June 27.—Two freight trains ran together on the Norfolk & Western this morning, demolishing thirty-six cars. A tramp was killed and in his clothes was found \$1,000 in cash.
MORE GOLD FROM KLONDIKE.
Seattle, Wash., June 27.—The Konauck arrived from today, bringing \$100,000 gold. When she left it was the opinion that the Portland and Jeanie were both lost.
RETURNS TO WASHINGTON.
Washington, June 27.—The president and party arrived from New London on a special train at 10:35 o'clock this morning.

QUEEN TO RECEIVE REID.
London, June 27.—Ambassador and Mrs. Reid were received by the Prince and Princess of Wales today. Tomorrow they will be received by Queen Alexandra.

Copper Country Department

(Additional Copper Country on Page 2.)
BROUGHT IN VERDICT.
FRIGHTFUL ACCIDENT.

August Walters, Nine-Year-Old Boy,
Dragged by Horse Two Miles.
August Walters, the nine-year-old son
of Joseph Walters, was the victim of a
frightful accident yesterday from the
effects of which he died soon after. The
boy's shoe became entangled in a chain
link walking off dragged the boy two
miles from the Atlantic sands to the
Houghton armory. The child's clothes
were torn almost entirely from his body.
His skull was fractured and his neck
broken.

SHOT BY UNKNOWN PERSON.
Elmer Donovan and Albert Meltzer
Wounded While at Play.

Thursday evening about seven o'clock
an accident happened which might have
turned out serious. While Elmer Dono-
van, son of Mr. and Mrs. Philip Dono-
van, and Albert Meltzer, son of Mr. and
Mrs. John Meltzer, were playing near
their home in South Lake Linden, they
were shot by some unknown person.
The shot came across the ravine about
five hundred feet away, striking the
Meltzer boy on the back of the hand,
making a deep flesh wound and then
glancing and striking the Donovan boy in
the hip. There have been several nar-
row escapes before through reckless
shooting in that vicinity.

LACROSSE GAME TODAY.
Portage Lake and Calumet Teams Meet
at Hancock.

The Portage Lake and Calumet lac-
rosse teams will meet on the Hancock
driving park at 4 o'clock this afternoon.
This will be the initial game in the twin
cities and the first match of the Portage
Lake team. A great deal of interest
is being taken in the event for the reason
that many consider it a faster game
than hockey, over which the copper coun-
try went wild. The pastime is said to
be the most interesting of all out of
door sports. The Portage Lake twelve
will probably comprise the following
players: Gibson, Jones, Hartney,
Stevens, O'Leary, Dr. Har, Dr. Wil-
son, Namara, Wagner and Edwards. This
list is liable to alterations. Charles
Webb is manager of the Portage Lake
team.

PROGRAM IS COMPLETED.
Good Events Arranged for Reunion of
Sons of St. George.

The program has been completed for
the fourteenth annual reunion of the
Sons of St. George. The celebration
will be held in Hancock, July 19, under
the auspices of Mistletoe lodge, No. 274.
At 11:30 in the morning fifteen lodges,
each headed by a band, will parade
through the principal streets and will
then march to Hancock grove, where din-
ner will be served. The grand mar-
shal of the parade is W. Frank James;
aides, James T. Sampson and Sidney
Wills. The exercises will take place at
2 o'clock in the afternoon in the grove.
Arthur P. Bennetts will be president of
the day and addresses will be made by
Rev. William B. Coombe and W. R.
Oates of Calumet and Rev. A. R. Johns
of Hancock.

The athletic events will come off at 3
o'clock. They include foot races, egg
races, three-legged races, tug of war, one
team from each lodge, children's races.
The hammer and drill contest will be
for the following prizes: First, \$40;
second, \$25; third, \$15. The following
rules will govern the contest: One
inch steel and one and a quarter inch bit
two hammers on a drill and fifteen min-
utes drilling. Entries should be made
to the following: Captain John Ed-
wards, chairman; Captain John Doney,
Richard Wills, William H. Moyle, Cap-
tain Richard Coking. The foregoing
events will be in the grove.
The grand wrestling tournament will
be held in the large rink in West Han-
cock at 3:30 in the afternoon. The prizes
are: First, \$100; second, \$60; third,
\$40; fourth, \$25. Entries will be re-
ceived by Joseph Martin, chairman; John
Kinsman and George W. Emery. A
prize of \$75 will be given in the band
contest. A moonlight excursion will
be given on the lake in the evening, with
music by the Quincey band.

Following is the executive committee
in charge of the celebration: George
Prynn, chairman; J. W. Squires, secre-
tary; Trevenan Andrew, treasurer; Wil-
liam Goudge, George Martin, Arthur
Bennetts and W. Frank James.

PEACE CELEBRATION TODAY.
The English residents of Calumet will
hold a big peace celebration today. An
elaborate program consisting of a big
parade and speeches has been arranged.

**Cured of
Rheumatism**

After prominent doctors of Worms
and Frankfurt, Germany, failed.
Gloria Tonic cured my father-in-
law whom the best physicians
of Germany called incurable.
He had suffered for 20 years
and to-day he is free from pain
and able to work. His recovery
seems almost like a miracle
and his relatives on the other
side of the water at first dis-
credited the fact, as they could
only see him as a cripple, but
the cure was a complete one.
Ernest Mahlhorn, P. O. Box
906, Bennington, Vt.

Gloria Tonic sells at all drug stores
at \$1.00 a package. Trial box, also
illustrated book on rheumatism con-
taining many stippled drawings from
actual life and which explains every
form of Rheumatism known to science
free by sending name and address to
JOHN A. SMITH, 624 Germania
Bldg., Milwaukee, Wis.

COPPERDOM BREVITIES.

coal dock.

A. McMillen of Toledo is visiting the
Lake Superior region.
Thomas Flynn of Escanaba is the
guest of twin city friends.

T. E. Dockery of Fond du Lac is vis-
iting the mining locations.
J. M. Quinn of Utica, N. Y., is seeing
the sights of the copper mines.

Quincey lodge, F. & A. M., met last
evening for work in the third degree.
The steamer Iroquois arrived from
Duluth at 7 o'clock yesterday morning.

F. J. Larned and M. J. McKenna of
Greenland were in Hancock Thursday
evening.
Messrs. Scott and Weissmiller have
returned from a business trip to Mil-
waukee.

Boat Agent Seaton sold fifty tickets
for Duluth on the last trip of the steam-
er Iroquois.
Quincey lodge, F. & A. M., held a special
meeting last night for work in the
M. M. degree.

Darius Cole, physical director at the
Y. M. C. A., has gone to Duluth for a
week's visit.
Miss Lottie Rough of Ishpeming is the
guest of Mr. and Mrs. A. D. Bohrer of
West Hancock.

Miss Mamie Ghena of Calumet is the
guest of Miss Mayne Harrington of
West Hancock.
Mrs. C. C. Douglass of Houghton en-
tertained at the club house at Pilgrim
Friday afternoon.

The subject of Rev. R. Hancock at the
Huron town M. E. church Sunday evening
is "Children for Jesus."
The Michigan Telephone crew is re-
pairing the lines in Hancock, recently
damaged by an electric storm.

The Max Vaudeville company is giv-
ing excellent satisfaction at Ancevida
park and is drawing large crowds night-
ly.
Oscar Sunderlin of the Quincey, who
submitted to an operation for appendi-
citis at St. Joseph's hospital, is doing
well.

Ben Andrews of the Franklin, who has
been in St. Joseph's hospital for
some time with paralysis, is quite
poorly.
Pilgrim lodge, I. O. O. F., of Houghton
has rented quarters in the new lodge
room in the new Hall block on Sheldon
street.

The funeral of Mrs. Solf of the Quincey
will be from St. Patrick's church at 9
o'clock this morning, with burial at
Lakeside.
The walls and ceiling in the suite of
offices owned by Attorney W. A. Burritt,
in the Scott block, have been handsomely
decorated.

The Woman's Library association will
give a reception in the library rooms in
the town hall at Houghton from 3 to 5
this afternoon.
Contractor Peter Blue expects to go to
Chicago Monday to take a position in
the estimating office of the Chicago Con-
struction company.

Miss Agnes McCarthy arrived home
Thursday evening from Ypsilanti, where
she completed a course at the Michigan
State Normal college.
The Calumet & Hecla orchestra will
furnish music for the dancing party giv-
en by the Houghton Light Infantry at
the Armory this evening.

Thomas Russell and Daniel Crowley
are getting ready to open a grocery
store in the Mason building, formerly oc-
cupied by August Tangen.
Dr. and Mrs. George E. Gallen will
move into their handsome new home on
Quincey addition, purchased of Dr. Burn-
ham, the first of the week.

Laurium, Hecla and South Hecla fire
departments were called out to a chim-
ney fire on Tamarack street Thursday
morning. No damage resulted.
The Ladies' Industrial society of the
Congregation church met at 2:30 yes-
terday afternoon. The honorary mem-
bers were invited to tea at 6 o'clock.

John Hawk of Painesdale will meet
Charles Thomas of the Atlantic in a
wrestling match at Forester's hall in
Atlantic Saturday evening for \$50 a
side.
The Detroit excursion of members of
the Knights of Calumet will come to
Hancock by boat July 18. Five hun-
dred ladies and gentlemen will come here
on the trip.
A meeting of the bachelors of Hancock
will be held in the parlors of the Hotel
Northwestern Tuesday evening to dis-
cuss the arrangements for the annual
Bachelors' ball.

The following marriage licenses were
issued at the county clerk's office Thurs-
day: Henry Pakka and Hannah Peter-
lin, both of Quincey; Charles Duval of
Laurium, O., and Miss Addie I. Weir of
Houghton; Thomas Laity and Miss Kate

Francis of Quincey; Arvid Riekkala of
Atlantic and Miss Ida Pippus of Han-
cock, and Matt Sitari and Catherine
Stafanich of Calumet.

The steamer China arrived down yes-
terday. The steamer India will arrive
up today with Messrs. Todd and De-
venen, two officials of the Quincey Mining
company on board.
The steamers Mohawk and Colonus of
the Anchor line arrived up Thursday
night with large consignments of mer-
chandise for Portage Lake merchants,
and loaded copper here.
John Mutla contests the claim of
Mrs. H. H. Hollace of Hancock of a
homestead on the South range. Testi-
mony in the case has been taken in the
office of the county clerk.
Out of a possible ten in the practice
shoot of the Hancock Gun Club Thurs-
day afternoon, Andrew Bram made 8;
Dr. Gallen, 7; Dr. Dodge, 8; J. A. Ful-
ler, 5, and Peter Hendrickson, 5.
On account of the convention of the
Baptist Young People's Union at Provi-
dence, Rhode Island, July 10-13, South
Shore agents will sell tickets for one
fare on July 6, 7 and 8, via the Soo.
Frederick Ward and Louis James,
two great favorites in the copper coun-
try, among theatre going people, will
open the new Kerdelle theatre in Han-
cock, when completed, with "The Tem-
pest."

Coal trains are hustling dusky dia-
monds from the Mineral Range dock at
Calumet. The new switch engine No. 160
shoves nine loaded cars of coal up Han-
cock hill with the aid of an engine in
the lead.
John Orr, who has been stopping in
Houghton for the past three weeks while
recovering from a bruise on his leg from
a fall from the Tamarack trestle three
weeks ago, is able to be about with the
aid of crutches.
Sister Stephanie of Nativity convent,
Chicago, will arrive home Saturday to
attend the first mass of her brother,
Rev. Father Sullivan, who was recently
ordained to the priesthood by Bishop
Ireland at St. Paul.

Now that Hancock village has been
enlarged to twice the former size a
third team will be bought for general
purposes. The two spans owned by the
town are splendidly trained to handle
the fire equipment.
Mrs. Bird and Miss Lucy Bird, teach-
er in the Quincey school, took the boat
Thursday evening for Detroit on their
way home to Ohio. They were accom-
panied by J. Gardner Lincoln of Ware,
Mass. Miss Bird will return to the
Quincey school next year.

The largest catch among the Calumet
fishermen for the present season was
made on last Sunday by Fred Ford, who
succeeded in catching sixty-four brook
trout in one day's angling. Up to date
no other one has appeared with a better
story, so Fred must be given the honor
of hooking the largest catch.
The steamer Gould of the Lake Michi-
gan Superior line, arrived in Hancock
Friday and cleared for Lake
Superior Tuesday night. She will ar-
rive at Portage Lake this morning. The
steamer Osceola will leave Chicago Sat-
urday night, July 5. The steamer
Peerless of the same line arrived down
on time Thursday and loaded copper at
Quincey and Dollar Bay docks.
For some time past the many friends
of the old and respected townsman,
George W. Smith of Greenland have
been greatly alarmed in regard to his
physical condition, due to the fact that
for several weeks he has been closely
confined to the house and bed. Dr. W.
B. Hammar is in attendance and terms it
a general breaking down of the system
and recovery is retarded by old age.
Powhattan Bolling, the genial boni-
face at the Hotel Northwestern, is ex-
perimenting with a new dog from the
Kemp kennels at Calumet. The new
acquisition is a thoroughbred Scotch ter-
rier, one of the variety that can be
picked up and carried in an overcoat
without making a noise. The pup is in
strong contrast with the bull "terror"
which has been experimenting with for
the past few weeks. He is just recovering
from the effects of trying to train the
"terror," Mr. Bolling has disposed of
the bull "pup" and it has taken quite a
load from his mind.

FOR SALE.
The Pfeiffer hotel, located at Hough-
ton, Mich. Completely furnished and in
good condition. Including bar and stor-
rooms. This property now rents for \$275
a month. With a few alterations it
could be made to rent for \$350 a month.
This hotel is one of the best patronized,
and one of the most widely known in
the upper peninsula. Located on the
main street in the center of the
business portion of the town. This is
certainly the best investment offered in
the copper country today for the
amount of money asked. This property
must be sold to settle the Pfeiffer estate.
Title is perfect. For terms and condi-
tions, apply to Ernest J. Deane, Hough-
ton, Mich.

Francis of Quincey; Arvid Riekkala of
Atlantic and Miss Ida Pippus of Han-
cock, and Matt Sitari and Catherine
Stafanich of Calumet.

(8-6-1f)

NAVAL TRAINING SCHOOL.
Suggested That Marquette Put in a Claim for Its Location.

To The Mining Journal: A naval training school is to be established on the great lakes at some place not yet decided on. Other lake ports are making a hustle for the location and it seems that Marquette also ought to enter the lists.

The training school will be similar to that at Newport, R. I., where young men are taken and put through a course of practical instruction second only to Annapolis. The object is to get competent men in the navy to act as non-commissioned officers. The graduates of the naval training schools, however, are eligible to the commissioned grades of the service. It is reported from Washington that the school on the great lakes will be one of the finest in the country and the port that secures it will have an institution that will make the city famous in naval circles in years to come. It has been suggested that Marquette citizens get together and make an extraordinary effort to secure the station for this city. In this connection it is urged that Marquette has as good a location as any port along the chain of lakes. The harbor is among the best and is well fitted for the work of naval instruction.

There are already a number of ports after the plum, but it seems to me that Marquette has as good claims as some and better than the others of the applicants. A little lobbying, at any rate, would do no harm.

Harbor Gossp.
The steamer Pioneer and consort Chattanooga, and the steamer Angeline arrived at the L. S. & L. dock yesterday, and will clear today.

The steamer Nipigon cleared yesterday with 730,000 feet of lumber for Ogdensburg, N. Y. Her consort, the schooner A. Gehbart, took out a cargo of 340,000 feet.

The big schooner Warriner yesterday finished unloading her cargo of coal, and last night was loading ore at the South Shore docks. She will clear today, in tow of the steamer Flag, for Ashland. The steamers Republic and Matota arrived, and will clear for Cleveland.

UNWRITTEN LAWS.

The "Next" of the Barber and Giving a Smoker a Light.

"Next," the time-honored barber shop word, is the audible evidence of administration of one of those unwritten laws which are enforced more strictly than many engrossed statutes. "Next" is part of the fair-play code and probably was inscribed in invisible ink on imperceptible parchment by the patrons of the first man who scraped chins for hire. It is "first come, first served" crystallized. The barber who permits any man to break the law of "next" is punished on the spot, as an accessory after the fact, and the crime he commits is to be charged before his lawful turn is looked upon as a worthy candidate for penitentiary honors.

A man may step ahead of the one before him in the line leading to the box office of a theater and every person in line will feel a personal grievance against him, but no one holds the ticket seller responsible for this infraction of the "first come, first served" rule.

A hurried depositor may reach over the shoulders of those who lined up before him in front of the receiving teller's window, but no one feels that the man behind the plate glass screen is a subject for a grand jury investigation. But in a barber shop "next" means next. It is the basic principle of the consensual profession are founded. Any barber who will permit the wrong man to get into the right place after he has called out "Next!" loses the respect of his customers then and there. He is a brave man who refuses to comply with the request, "Will you give me a light?" The one with a lighted cigar and the one with a cigar he wants to smoke may be so strange to each other that they never dreamed of each other's existence. This generally is the case, but 999 times out of 1,000 the smoker promptly hands over his lighted cigar, the other man lights his, the cigar is returned with thanks and the unwritten law, "Never refuse a request for a light," which has come down through many generations of smokers, has been duly and promptly obeyed.

If a man on the back platform of a street car asks his fellow-passenger, whom he never saw before, "What is your name?" the chances are that he will have a cold, stony glare turned on him and will be told it is none of his business. If, however, he hits off the end of a cigar and asks for the light the other man will give it to him as a matter of course. He does not know why he should take his good cigar out of his mouth and risk its being ruined by contamination from a cheap weed. He simply does it because he has done it ever since he learned to smoke. It is one of the unwritten laws.—Milwaukee Sentinel.

Rounds out the hollow places; smoothes out lines that crease about one's face; waxes rosy back to faded cheeks. That's what Rocky Mountain Tea does, 35 cts. The Stafford Drug Co.

A blessing alike to young and old; Dr. Fowler's Extract of Wild Strawberry; nature's specific for dysentery, diarrhoea and summer complaint.

PECK'S KING OF OINTMENTS

At the cost of only a two-cent stamp enclosed in a letter, to pay for the postage, a trial box of one of the most efficacious remedies known to modern science may be procured. This is Peck's King of Ointments, the sovereign remedy for ulcers, old sores, running sores and fever sores. For that most annoying affliction, itching piles, it is the best remedy extant. This ointment has made many remarkable cures after every other means of relief had failed. Everyone who gives the ointment a fair trial will heartily endorse all its makers claim for it. It is put up in two-ounce glass jars at 25 cents. If your druggist does not keep Peck's King of Ointments it will be sent by mail, postpaid. The well-known reputation of the proprietors of this wonderful ointment, Peck Bros., Grand Rapids, Mich., confirms in the strongest manner the true and high character of this remedial agent.

HOW BIRDSHOT IS MADE.

Dropped From Dizzy Heights Into Water.

For many years gun shot was made by the melting of lead in colanders, which are merely vessels of suitable size, pierced with small holes, through which the heated metal dripped into a tank of water. The result, as the result, says an exchange, was that the small drops of lead, being still hot, were invariably flattened at the point of impact with the water. This was a serious defect in all eighteenth century shot, and troubled the manufacturers of that article of ammunition very much.

The problem seemed insuperable, until one day a shot maker of the town of Bristol by the name of Watts dreamed a dream in which was revealed to him the inspired fact that if only his drippings of melted lead were to fall from a sufficient height before impact with the water beneath they would be sufficiently cooled during their descent and would retain their regular globular shape.

The result of this happy dream was a speedy test from the tall tower of the Church of St. Mary Redcliffe in Bristol town so much success that the inventor immediately took out a patent and secured by the same name.

Nowadays in nearly every manufacturing town in this country can be found one of these tall shot towers where the process of shot making may be seen busily carried on.

This process is an extremely interesting one. The typical shot tower is divided into two stories, one floor about eight feet from the ground, and the other, which is at the top of the tower, nearly twice that height. On the floor of each story is a tremendous caldron, heated by a stove placed beneath it. Beside it may always be found a strange-looking instrument resembling a much distorted frying pan with a long handle and supported by an iron framework close to the caldron. Just under this is a hole in the floor opening down into 200 feet of dizzy darkness. The "pigs" of lead are hauled up to the top of the tower by means of a massive iron chain, and there melted down in one of the two melting chambers. When this is accomplished one of the attendants stands by with his tremendous ladles and spoons the liquid soup of molten lead into the colanders. And as the thick liquid drips away it is replaced by fresh ladlefuls.

The shot is then removed from the water tanks below and carefully dried, after which it goes through the process of sifting. A certain small proportion of the shot is always imperfectly formed and to separate the goats from the sheep, as it were, or rather the chaff from the wheat, it is put through a sort of primitive threshing machine. It is then placed in long horizontal cylinders revolving by machinery and pierced by different sized holes. According to the hole from which it issues, the shot drops into appointed receptacles. After that it is placed in revolving barrels, the long continued turning wearing away the irregularities of the shot, and leaving it a glossy black. It is then done in stout canvas bags, ready for shipment.

LIVE BY CRACKING WHIPS.

The Paris police have recently been informed by one of the fraternity of whipcrackers that such a calling exists and claims recognition as one of the "professions" by the exercise of which men earn their livelihood in France.

Whipcrackers, it appears, are men who possess strong wrists and are willing to crack whips all day long, if required, on receipt of a suitable fee. The commencement of the shooting season, when the proprietors of neighboring demesnes are not good friends, and the one who bears ill-will to the other engages a whipcracker, whose duty it is to crack a whip so as to frighten away all the birds at the approach of the disliked sportsman and his friends.

The whipcrackers are also found useful by farmers afflicted with diseased cattle which they cannot sell. Having engaged a whipcracker, they turn out the sick beasts on the most frequented highway they can find. The cracker follows with his whip, ostensibly to

TEN YEARS IN BED.

R. A. Gray, J. P., Oakville, Ind., writes: "For ten years I was confined to my bed with disease of my kidneys. It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." People's Drug Store.

Marvelous Escape from Death!

PAINE'S CELERY COMPOUND

Does a Wonderful Work for a Lady Who Was Almost Crazed with Pain and Suffering.

It is well known that terrible rheumatism, sciatica, and neuralgia cause more helplessness, acute suffering and agony, than any of the other diseases that afflict humanity. The great medicinal virtues of Paine's Celery Compound make it the only trustworthy specific for the cure of all forms of rheumatism and neuralgia. Thousands of strong testimonial letters from the most prominent people of the land, prove that Paine's Celery Compound has banished these terribly fatal troubles when all other treatment has failed. Mrs. Margaret Bethel, of Brainerd, Minn., after thirty years of agonizing tortures had a desire to end her life, if it was the will of Heaven; she almost prayed for the time to lay it down. Heaven-directed, she made use of Paine's Celery Compound, and is enjoying true life once more. She says:—

"For thirty years I have been a great sufferer from neuralgia in the head, and also with rheumatism in the whole body. I began taking Paine's Celery Compound and soon found I was much better. Before taking the Compound, my life was such a burden that I almost prayed to lay it down. I was bedfast every two weeks with horrible pain in the head, back, and neck, until I was almost crazed. I am able to do harder work and more of it today than for twenty-five years. I am really enjoying life again, thanks to Paine's Celery Compound. I am satisfied that my life has been prolonged many years by its use."

Retrieving them, he saw that they were genuine blue-winged teal, many days and thousands of miles in advance of their brethren and sisters. They were in excellent condition, too, showing that they had not made a long continuous flight from the north.

Strayhorn resumed his seat in a state of great satisfaction, and in the five minutes following missed a dove or two. A couple of birds dropped swiftly to the bank of the tank not twenty yards from him and instantly disappeared.

He had only a glimpse of them, but would have been willing to swear that they were jacksnipe, only no jacksnipe were to be expected for at least two months. He understood, of course, that the pair had squatted, their brown backs blending with the brown earth.

He ran his eyes carefully along the red bare bank five or six times, and then he made them out, crouched in true jacksnipe fashion, legs under, belly to the ground, bullet-head drawn down upon the back, bill upon breast, and sharp black eyes gleaming and betraying them. They were not a foot apart and only one barrel was necessary.

When he got them in hand, Strayhorn said that they were birds of the size of jacksnipe with bills like the bills of jacksnipe and with backs of the same hue. Their breasts, however, were a beautiful reddish brown almost a true red. He did not know what they were, but an amateur ornithologist in Beeville identified them as robin-snipe.

They had never been seen in that country before and were, like the teal, really a species of the time for their southward flight.—New York Sun.

HISTORIC NAZARETH.

The Place in Which Jesus Lived for Nearly Thirty Years.

Nazareth lies upon the side of a stony slope surrounded by fifteen hills, which have been compared to a shell, to guard it from intrusion. Its white houses are separated by clumps of green fig trees, small gardens, hedges of prickly pear, and little fruit orchards, which grow with wondrous fertility from a soil that looks almost barren, says William E. Curtis in the Chicago Record-Herald. The modern name of the town is En-Nasira, and although not a single artificial object within sight existed during the lifetime of the Savior, we know that every rock in the mountains, every gorge, every valley slope and every fertile field were familiar to His eyes. The landscape is absolutely the same, even to the pathways which cross the goat pastures and divide them like a checker board. As a lad Jesus may Himself have herded sheep and goats among these very hills, and His hands may have plucked the wild flowers that brighten the landscape in every direction.

The streets of Nazareth are narrow and dirty, but not so dirty as those of Jerusalem or Tiberias. There are no sewers or garbage collectors, hence everything has to be thrown into the streets in the Moslem quarter, but the new section of the town, among the monasteries and hospices, is well kept. The city has been razed to the ground and entirely obliterated several times during the last 1,900 years. Nothing that now stands is older than the seventeenth century, and during the last few years there has been considerable improvement. Nazareth is now a much larger and more important place than it ever was before, and probably more prosperous than at any previous time in its history, because of the large sums of money expended by the religious brotherhoods in building monasteries, hospices, hospitals and entertaining pilgrims and tourists. A new hospice now being erected by the Russian government alone represents an expenditure of \$150,000, and the Greek church has expended several hundred thousands of dollars here during the last few years. Most of the pilgrims who come here are Russians. Their number between 50,000 and 60,000 annually.

"J. E. K." CIGARS

Always Reliable. The Best that Tobacco can produce. 10c. or 3 for 25c. J. E. Kentrig & Co. Mfg's. Grand Rapids, Mich.

1902 EDITION.

The new 1902 edition treats of Copper from all standpoints—Historical, Technical, Statistical and Descriptive. It is divided into ten chapters, as follows:

- I. History of Copper.
- II. Chemistry and Mineralogy.
- III. Metallurgy.
- IV. Glossary of Mining Terms.
- V. Copper Deposits of the World.
- VI. Copper Deposits of the United States.
- VII. Leading Foreign Mines.
- VIII. Lake Superior Mines.
- IX. American Copper Mines.
- X. Statistics of Copper.

The work is an octavo volume of 492 pages, set in Brevier type. It is the only volume printed in any language treating of the entire subject of copper, with descriptions of all principal mines, some 700 properties being listed, the descriptions ranging from a few lines to a dozen pages for each, according to importance.

The price of the Copper Handbook is \$3 in full morocco, and \$2 in buckram binding, prepaid to any address in the world. It will be

SENT ON APPROVAL

and may be returned within 30 days, if the purchaser is dissatisfied, for any reason whatever, and price paid will be refunded.

Address the publisher,

HORACE J. STEVENS,

3 Post Office Block,

HOUGHTON, MICH.

Ishpeming and its Environs.

PRESIDENT MAY COME.

Theodore Roosevelt Has Expressed a Desire to Visit Ishpeming Mines.

Theodore Roosevelt, president of the United States, may visit Ishpeming. He will be in Detroit in October and if he accepts the invitation to be extended by the business men and municipal officials he will come on to Ishpeming.

At the meeting of the board of review Wednesday, the matter came up for discussion. Mayor Felch said that he had been informed that the president has expressed a desire to visit the Ishpeming iron mines. He has heard much about them and he is sufficiently interested in mining affairs generally to have a desire to don a miner's uniform and go underground.

To Send Man to Washington.

It has been practically decided to send an invitation to the president through a personal friend of his who is now a resident of this city. The gentleman referred to is John Greenway, assistant district superintendent of the Oliver Iron company's mines of this range. President Roosevelt and Mr. Greenway have been staunch friends for many years; they were boys together; went to school together and they fought side by side during the Spanish-American war. Although the president is very busy with the duties of his office, he still keeps up a correspondence with Mr. Greenway. In a recent letter, the president said he would like to visit the mines. Mr. Greenway feels quite certain that the president can be prevailed upon to pay the city a visit immediately after his sojourn in Detroit.

Business Men Will Act.

It is the wish of the mayor and members of the council that the business men of the city get together at a near date to formulate plans for extending the invitation to the president. An invitation will be sent in writing direct from the local Business Men's association and the municipal authorities. Mr. Greenway will be delegated to pay the president a personal visit and assure him that it will give the people of this and adjoining cities great pleasure to have him come to this section. Meanwhile Mr. Greenway will drop the president a line and give him a hint as to what sort of a reception he would receive if he came to Ishpeming.

Council Names Committee.

At the suggestion of Mayor Felch, a committee was named yesterday to take the matter in hand and devise ways and means of entertaining the president in case he accepts the invitation. The committee is composed of Mayor Felch, Aldermen George G. Barnett, J. J. Silney, J. D. West, A. Peterson, George R. Persons, M. M. Duncan and Dr. J. Vandeventer. The latter is in Europe at present, but he will be home before October.

In case President Roosevelt accepts the invitation, elaborate preparations will be made for his entertainment. A party of prominent mining men will be organized to escort him through the principal mines. It is assumed that he will spend at least a day here. He will be prevailed upon to address the people. The president's visit would be the means of bringing thousands of strangers to the city from all parts of the upper peninsula.

NEW BUSINESS BLOCK.

Will Be Erected on the Site of the Crowley Building on Cleveland Avenue.

John Sullivan of Milwaukee, who has been in the city for the past three weeks or so, yesterday let a contract to J. Wahlman & Son for the erection of a new block to replace the structure on the Crowley lot, immediately east of the Mine Workers' building on Cleveland avenue. The old building is one of the landmarks of the city and it has been in bad repair for some years past.

The new structure will be one-story with basement, the dimensions being thirty-two feet by fifty feet. It will be a frame, covered with iron. Carpenters will begin tearing down the old structure Monday. It will take but a few days to clear the site. The contractors will hasten the work with a view to completing the building as soon as possible. The location is one of the most desirable on the street. Mr. Sullivan will spend the greater part of his time here while the building is being erected.

CHURCH PEOPLE ARE GRATEFUL.

At a meeting of the deacons and trustees of the Swedish Lutheran church last Thursday evening a vote of thanks was extended to all non-members of the congregation for courtesies extended during the Augustana synod recently held here. The favors were appreciated by the church people. The vote of thanks was extended in behalf of all the members of the congregation.

Very flattering reports as to the treatment the officers and delegates received have been printed in some of the Swedish papers.

During the meeting all the officers and delegates were photographed in a group on the east side of the church building. The picture was taken by N. M. Nelson. The members of the congregation propose to sell these pictures at \$1 each to assist in liquidating the expense incurred in entertaining the visitors during the ten days they were in attendance. This was an expensive undertaking, but the amount spent was not as large as expected, as many contributed liberally.

PASSION PLAY TONIGHT.

A reproduction of the Passion play will be given this evening at St. John's church. The presentation is based on the original Bavarian and Bohemian plays. There are four thousand feet of film, illustrating the scenes and characters with true realism. The lecturer, Walter Kilrain, gives an interesting explanation. No reserved seats will be sold.

Special sale of new shirt waists, big size. In going cheap. Finnish Mercantile association.

INDIAN OPERA "POWHATAN"

Local Amateurs Will be Greeted by a Packed House This Evening.

The sale of reserved seat tickets for the Indian opera "Powhatan," to be produced tonight and Monday night by local talent, under the direction of William A. Baker of Chicago, started with a rush, indicating that the players will be greeted with a packed house. It is expected that the production will give such satisfaction that the attendance Monday evening will tax the capacity of the house. The cast of characters is as follows:

Powhatan, king of Virginia... Ross Rule
Pocahontas... Mrs. Will Watson
Laughing Star... Miss Nellie Girzi
Minnehaha... Miss Florence Millon
Sunbeam, a little Pappoose...

Florence Olson
Pathfinder... Roy
J. H. Crane
Spotted Tail... Roy Bennett
Enokese... Harold Eger
Captain Rolfe... James Tucker
Captain John Smith... William A. Baker
Miss Ethel Hanby is the pianist.

The chorus of Indian maidens and the composition of the Misses Mackenzie, Nealey, Dyson, Daniels, Nelson, Ham, Mourrie, Van Brocklin, Trebilcock, Hodgkins, Peterson, Hansen, Cronin, Graverock, Collins and Robinson, and Messrs Arthur Devine, Tony Bell, Slater Bargh, Professor Schlaicht, Harry Peterson, William Huggles, Will Tislov, John Olson, William Hemmerly, Fred Paul and Olof Holmoe.

The young ladies who will appear in the National dance are: Beatrice Eddy, Winnifred Cooley, Mary Outhwaite, Anna Bronson, Mae Waltham, Charles Nelson, Florence Tomson, Loretta Burke, Marion Pellow and Mary Nelson.

The violets executing the fancy march will be: Ethel Sparks, Ida, Grace and Laura Kinsman, Ruth, Ethel and Florence Frances, Lucy Fox, Florence Eddy, Grace Shaver, Winnie Chapman, Edith and Olive Carion, Bertha Smith, Minnie Anderson, Lucille Bancroft, Mildred Atwell, Marie Newett, Bernadette Butler, Marion Sober, Dorothy Eger, Gertrude Atwell, Viola Jones, Edna Sundblad, Elizabeth and Mona Crellin, Marie Barney, Leonora Trygland, Ruth Kinsman, Florence Olson, Dorothy Peterson, Louise Mathews, Myrtle Delbridge, Stella Hooper, Marion Allen, Mary Adams, Myrtle Watters, Marjorie Needham and Merle Trembath.

Twenty-four selected from the above will perform the La Cicala dance. The "Chickler's Dance" will be given by Lucille Bancroft and Dorothy Eger.

The Indian boys are: James Steinbrecker, Arlington and Eddie Ham, Billy and Edgerton Cooley, James and Willie Mandley, Clyde Lundahl, George McWilliams, Edward and Roy Bennett and Harold Eger.

SUMMER PAROCHIAL SCHOOLS.

The parochial schools of the Swedish Lutheran church here and at the Winthrop will be open during the summer months. The Ishpeming school will be in charge of Professor M. W. Broman and will be opened on Monday next. It is likely he will have an assistant, as an unusually large attendance is expected. The Winthrop school will open a week from Monday with Miss Lillie Isaacson of this city in charge. About forty-five pupils will attend the latter school.

SAVED FROM AN AWFUL FATE.

"Everybody said I had consumption," writes Mrs. A. M. Shields, of Chambersburg, Pa. "I was so low after six months of severe sickness, caused by influenza, that I thought I could get well, but I learned of the marvelous merit of Dr. King's New Discovery for Consumption, used it, and was completely cured." For desperate Throat and Lung Diseases it is the safest cure in the world, and is infallible for Coughs, Colds and Bronchial Affections. Guaranteed bottles 50c and \$1.00. Trial bottles free at The Stafford Drug Co.

ISHPEMING IN BRIEF.

The Ishpeming men who attended the Republican state convention at Detroit are expected home today.

George Hayden, who was ill and confined to the house the early part of the week, is able to be out again.

The infant son of Edward Quillian of Salisbury street died Thursday. The funeral will be held this afternoon.

About fifty young people of this city attended a sylvan tea given at Cleveland park last evening in honor of Miss St. Ongie, who is visiting friends here.

Mrs. T. J. Heard, who was called to Cartwright, Wis., three weeks ago on account of the illness of her sister, who died one day last week, got home yesterday.

J. A. Voelker and Cass Downing went out to Camp Clark yesterday. They will be lined tomorrow by Fred Ongie and his two sons, John Lacey, John Veemer, William Burder, John Anderson and

"Let the GOLD DUST twins do your work."

Don't use soap for your cleaning.

GOLD DUST

Is more convenient, cheaper and better than Soap at any price. It softens hard water, lessens labor and injures nothing.

A FIGHT FOR LIFE

THE STORY OF A MINISTER'S WIFE IN COLORADO.

She Had Almost Abandoned Hope When Her Sister Came to Her Aid—Mrs. Huston's Account of the Struggle.

How often does it fall to the lot of woman to struggle hand to hand with death as did Mrs. Huston, the wife of Rev. H. J. Huston, pastor of the Methodist Episcopal church in Elizabeth, Elbert Co., Colorado. It was her grit in keeping up the fight against the trifling odds which brought her through. She relates the story of it:

"To tell you about my awful struggle," she says, "I must go back a little. When I was a young girl I had spinal trouble, and this together with a throat and lung difficulty made great inroads on my constitution, so that I never have been real strong. I became generally run down and suffered for many years with stomach trouble and extreme nervousness. Doctors did not help me and I was in a desperate state of health, struggling constantly for life. Oftentimes I was confined to my bed but I never gave up until I found I could not keep upon my feet without fainting.

"It was a continual struggle for existence with but little to encourage me until, upon my sister's suggestion, I took Dr. Williams' Pink Pills for Pale People. About six years ago she was in very poor health, suffering especially from an excruciating pain in her head which the doctors could not relieve. She tried Dr. Williams' Pink Pills and received so remarkable and prompt relief that I thought I would see what these wonderful pills would do for me.

"I did not take them a week before a marked improvement was manifest. I continued taking them and they made me feel better and stronger than in a long while. I have had no return of the least symptoms of the stomach or nervous trouble and have no hesitancy in saying that if it were not for Dr. Williams' Pink Pills for Pale People, instead of being up and about the house at my work, I would now be confined to my bed."

Mrs. Huston took a medicine that attacked her trouble at the root—the blood and nerves. Poor blood and disordered nerves are at the seat of nearly all the ailments which afflict mankind, and Dr. Williams' Pink Pills for Pale People have been proven to be a certain remedy for all diseases arising from this cause. They will cure locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexion and all forms of weakness, either in male or female. Dr. Williams' Pink Pills for Pale People are sold by all dealers or will be sent postpaid on receipt of price, fifty cents a box; six boxes for two dollars and a half, by addressing Dr. Williams Medicine Co., Schenectady, N. Y. Send for free booklet of medical advice.

John Lehman, Downing and Voelker went in advance to catch fish for the Sunday dinner.

The raising of the upper section of the new flag staff attracted no little attention yesterday. The pole is one of the highest in the state. It cost the city about \$200.

Fred P. Tillson and wife got home yesterday afternoon from the east. Mrs. Tillson has been absent from the city over two months. Her husband joined her about two weeks ago.

A. W. Myers Mercantile company's block was painted yesterday. The new part of the building is rapidly nearing completion. It will be ready for occupancy within the next few days.

Walter Kilrain, the lecturer of the Passion play, which will be reproduced this evening at St. John's church, is said to be a splendid singer. He will be heard in sacred solos during the presentation.

Kaufmann & Son, horse dealers, will soon move from the Lesseyong stables on Pearl street to the barn on East Ridge street at one time used as a livery by Peter Adolph. The place is being improved for the firm.

Rev. H. S. Higgins will preach tomorrow at Calvary Baptist church at 10:30 a. m. and 7:30 p. m. The subject for the morning will be: "If a Man Dies, Will He Rise Again?" The evening subject will be, "The Power of a Purpose." All are invited.

C. I. Cook and W. O. Carpenter, members of the wholesale grocery firm of Carpenter-Cook company, spent yesterday in the city inspecting the business of the local house. They returned to their home at Monroeville last night. W. D. Hutchinson, the lawyer for the Monroeville house of the concern, will be here today. He will visit the boys of the Ishpeming house over Sunday.

GLORY OF A GOOD NAME

A Prominent Chicago Woman Writing to Mrs. Pinkham Says:

"Honor to Whom Honor is Due, and You Deserve Both the Thanks and Honor of the Mothers of America Whom You Have So Blessedly Benefited."

After years of struggle to attain public confidence, with a firm and steadfast belief that some day others will recognize in us the truth, good faith and honesty of purpose that we know we possess, what a genuine satisfaction it is to have succeeded and to feel the uplifting influence of the merited confidence of the vast army of our fellow beings.

This is the standing of Mrs. Pinkham among the women of America today, and Mrs. Brown's letter which we have the great privilege to reherald with her portrait, is only another visible evidence of this truth, and that of all the medicines for women's ills in the world Lydia E. Pinkham's Vegetable Compound stands today pre-eminently at the head.

MRS. MAY BROWN,

Chairman Program Committee, Westside Literary Union, Chicago, Ill.

"DEAR MRS. PINKHAM:—'Honor to whom honor is due,' and you deserve both the thanks and honor of the mothers of America whom you have so blessedly helped and benefited. I have used Lydia E. Pinkham's Vegetable Compound when I would feel run-down or have any of the aches and pains which but few women escape, and I have found that it relieved me at once and gave me new strength. Several ladies, members of our Literary Union, speak in highest praise of your Vegetable Compound, as they have been cured from serious female troubles. One lady, who thought she must submit to an operation was cured without using anything in the world but Lydia E. Pinkham's Vegetable Compound and Sanative Wash. You have hosts of friends in Chicago, and if you came to visit our city we would delight to do you honor. Gratefully yours,—Mrs. MAY BROWN, 57 Grant Place, Chicago, Ill."

"How Mrs. Pinkham Helped Mrs. McKinny."

"DEAR MRS. PINKHAM:—I feel it my duty to write and let you know the good you and your Vegetable Compound are doing. I had been sick ever since my first baby was born, and at the birth of my second, my doctor, as well as myself thought I should never live through it. After that menstruation never came regular and when it came I suffered terribly. I also had womb and ovarian trouble. A friend of my husband's advised me to get Lydia E. Pinkham's Vegetable Compound for me. At first I had no faith in it, but now nothing could induce me to be without it. Menstruation has become regular and I feel like a new woman. Your medicine is a God-send to suffering women. I hope this letter will lead others to try Lydia E. Pinkham's Vegetable Compound. Yours truly, Mrs. MILDRED MCKINNY, 28 Pearl St., San Francisco, Cal. (March 16, 1901)."

If there is anything in your case about which you would like special advice, write freely to Mrs. Pinkham. Address is Lynn, Mass. Her advice is free.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

RIGHT HAND SMASHED.

E. C. Anthony Met With a Bad Accident at His Farm Thursday.

E. C. Anthony had his right hand badly smashed at his Low Moor farm Thursday. He was struck on the back of the hand with a sixteen-pound sledge and the fracture of the bones may result in the crippling of the member. Mr. Anthony was assisting one of the workmen to drive a post. The man was standing on a barrel using the sledge, while Mr. Anthony held the post in position. Several blows had been struck and the post was moving downward satisfactorily. Finally, it occurred to Mr. Anthony that it might be down a sufficient depth, so he thoughtlessly put his hand on top of it to ascertain if it was firm, and down came the hammer. The workman saw the hand as he was bringing the hammer down, but he was unable to turn it in another direction. However, he succeeded in reducing the force of the blow, otherwise Mr. Anthony's hand would have been so frightfully smashed that amputation would have been necessary.

Mr. Anthony suffered a great deal of pain at first, but he is around and he has hopes of having use of his fingers after the fractured bones grow together.

WHISTERS HAVE A GOOD TIME.

The Visitors at Upper Peninsula Meeting Enjoyed Themselves Yesterday.

The summer meeting of the Upper Peninsula Whist League came to a close last evening. The outdoor amusements yesterday morning were much enjoyed by the visitors. The visiting ladies were driven around the Cliffs and the gentlemen played golf. The weather was just right and the ladies did not find it too chilly for the drive. It was the first time a number of them had ever been around the Cliffs and all were delighted with the outing. The reception and hop at the opera house last night was attended by about fifty couples. A large number of the visitors remained for the function.

NEGAUNEE PEOPLE PLEASED.

The nomination of Hon. Alexander Maitland of this city to the office of lieutenant governor on the Republican ticket pleases his many friends here. The news was received Thursday evening, when messages came from the Negaunee men in attendance at the state convention. The result of the ballot was not given, so that all read the account of the convention in yesterday's Mining Journal with no little interest. The nomination of Mr. Maitland did not come as a surprise to his most intimate friends in Negaunee, as it was understood that a number of the lower peninsula delegates were favorable to him.

JOE GREGG RETURNS.

Joe Gregg, who spent the past four or five weeks at the Augustana hospital, Chicago, where he submitted to an operation for appendicitis, returned home yesterday morning. He is feeling much improved and the surgeons assured him before he left the hospital that he would not be bothered again with the disease. Joe was ill some time before he went to the Chicago institution.

AN AUCTION SALE.

Max Herkowitz is in possession of the stock of goods formerly owned by Simon Benyas and will move them to Mrs. C. Sporely's building on Jackson street, where an auction sale will be conducted. Mr. Herkowitz intends to let the goods go at any price they will bring as he is anxious to wind up the business. The sale will begin some day next week.

VIEWS OF THE TWIN CITIES.

A Milwaukee Concern Will Publish Interesting Scenes in Book Form.

A book that will doubtless find its way into the homes of many Negaunee and Ishpeming people will soon be published by Wright and Sons Publishing company of Milwaukee. O. Stiles is already on the ground soliciting orders for the publication and he is doing well. He is at present working in Ishpeming, but he will be here within the next few days. The book will contain views of all the principal scenes of the mines of both cities; also the Cliffs drive; the public buildings, the churches; best business blocks, most attractive residences, etc. The more important mine buildings will also be shown. A double view of Lake Argeline—before and after pumping—will also be included. The book is a picture that many Ishpeming people have in their homes.

All the pictures are being taken by C. D. Cole, the Ishpeming photographer. There will be ninety views in all, each covering a full page of the publication. There will also be a few pages descriptive of both cities.

The book will retail at seventy-five cents and it will be ready for delivery next month. Mr. Stiles states that there will be very few extra books for sale after the edition is published, so that all who want one or more copies will do well to order when the agents call.

A GLOIBOUS FOURTH.

On the Fourth of July, every true patriot will celebrate the signing of the Declaration of Independence by the Colonists, and although the struggle which followed was both costly and disastrous yet it resulted in their ultimate freedom from the yoke of English bondage. Another very important day in the life of anyone, especially those suffering from indigestion, constipation, biliousness or insomnia. Try it today and be convinced. Our Private Stamp is over the neck of the bottle.

LOCAL LACONICS.

A daughter was born Thursday to Mr. and Mrs. Paul Marketty.

Mrs. James Piper has been quite ill the past few days. She has been ill for two months or more. Her condition has been alarming at times during her recent bad spell.

Phil Levine spent the past couple of days in Republic doing some work at his father's store. D. P. Householder, who kept the books for Mr. Levine for the past year, has resigned.

Timothy Curran has been suffering a great deal the past week or more with rheumatism. He was obliged to lay off work Thursday and yesterday. He was taken with his first attack last week, when he was unable to work for a couple of days.

A number of Negaunee people will attend the production of the Indian opera, "Pochatan," by members of the church choir and others, at Ishpeming tonight. There was a rush for the reserved seats yesterday, though there are some desirable ones left for those who have not yet procured them.

The funeral of the late Mrs. Joseph Kirkpatrick, Jr., was held yesterday afternoon and was largely attended by friends of the family. Among the relatives present from outside were Theodore Mather of Pittsburg, sister of the deceased, Clark Kirkpatrick and wife of Escanaba, and Allen Kirkpatrick of Oshkosh. Clark and Allen are brothers of Joseph.

VIRULENT CANCER CURED.

Startling proofs of a wonderful advance in medicine is given by druggist G. W. Roberts of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless till he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power; blood diseases, skin eruptions, ulcers and sores vanish. Bitters 50c, 25c at The Stafford Drug Company.

An Egyptian fortune teller, gives past, present and future; perfect satisfaction or no pay; can tell about business affairs, money matters, etc. At Montreal House, Negaunee, one week only. MRS. BOSS, (6-25-1w) Egyptian Fortune Teller.

SPRING FEVER.

Spring fever is another name for a torpid liver and inactive bowels. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. Safe pills. The Stafford Drug Co.; H. N. Meloche, Ishpeming.

This signature is on every box of the genuine **Laxative Bromo-Quinine Tablets** the remedy that cures a cold in one day.

POISONS OF THE BLOOD

MUST BE TREATED INTERNALLY ONLY

You may have just recently contracted Blood Poison, or its lingering taint you may have had for years. It is safe to say that you are not cured. You know that you are not. The old symptoms and troubles return every now and then. These are sores in your mouth, sores on your tongue, your hair is falling out, there are copper colored spots on your back and shoulders, nuddles on your shin bones, sharp, cutting pains in your joints. There is only one positively guaranteed cure in the world today for blood poison, in any stage and that MEDERINE. It searches out the impurities cleanses and purifies the system, strengthens and invigorates the whole constitution. MEDERINE is not only a forceful blood purifier but a system builder. It eliminates every trace of the poisonous virus, clears and beautifies the complexion and renders the skin soft and velvety. We have thousands of testimonials from people in all walks of life, who have been cured by MEDERINE after trying all other treatments. Write MEDERINE REMEDY CO., West Superior, Wis., for their system of treatment. All letters answered.

Kenton Catches.

N. S. Hayes left for Chicago Wednesday on business.

J. L. Stambaugh and C. B. Kroll saw Mansfield Wednesday at Marquette.

Wm. Kroll made a business trip to Lansing and Houghton the last week.

Ringling's at Calumet and Ishpeming attracted several of Kenton's young people.

Mrs. Fred Nelson and little son Best joined Mr. Nelson at Bay Mills Saturday.

Sels Hanson has disposed of his home here and moved with his family to Minnesota.

Joseph Vidal is the proud father of a fine baby girl which arrived at his home Friday.

W. J. Nichols was called to Houghton Sunday on account of the illness of a brother.

Chas. Strathern and Miss Nella Pardee were visitors in the copper country last week.

Manager Kiernan of the Murphy Lumber company, Green Bay, paid Kenton a visit Tuesday.

H. J. Burns of St. Louis, Mich., was the guest of Mr. and Mrs. Wm. Kroll over Sunday.

Mrs. B. Leiberman and mother of Chicago are spending the summer with Mr. and Mrs. Joseph Harris.

Olaf Matson and Carl A. Naxstrom of Calumet have entered the employ of the Sparrow Kroll Lumber Co.

Mr. and Mrs. Wm. Kroll started Wednesday morning for the Pacific coast. They will be absent about thirty days.

The South Shore railroad company is replacing the rotted ties with new ones where the track passes through this village.

Mr. W. Lafr, an experienced watch repairer and jeweler, may be found at Joseph Harris' where he is picking up a good trade.

Even with its usual energy, is advertising a "bang up" celebration for the Fourth. Kenton Woodmen in full uniform are down on the program as an attraction in the grand parade.

Rumor has it that the office building vacated by Dr. Moll will be used by Mrs. F. A. Lewis for an ice cream parlor and restaurant. The fizz of a soda fountain would be a tempting attraction for Kenton.

Mesdames J. D. F. Pierson, J. A. Baker, Jos. Wilcox, Chas. Clumper, C. F. Moll and J. E. Brown composed a theatre party that attended the Mansfield engagement Wednesday evening at Marquette.

Dr. C. F. Moll moved into his new office at the foot of Townsend avenue Tuesday. When the doctor gets all of his equipment in position there will be no finer appointed office in the upper peninsula.

Dr. and Mrs. C. F. Moll will leave for Milwaukee Saturday to attend the wedding of the doctor's sister, Phionta, which occurs in that city July 2nd. Doctor E. A. Florentine of Saginaw has been engaged to take charge of the local practice during Dr. Moll's absence.

With the excellent train service furnished by the South Shore to and from Marquette for "up the road" playgoers it would seem that the management of the Marquette opera house would do well to provide some method that would guarantee patrons desirable seats when engagements of superior distinction like that of Mansfield are announced. Several more Kentonites would have seen Mansfield, but for the fact a report became current that no desirable seats could be obtained, though the contrary has since been learned.

Hoisting for the Diamond Match Co. was temporarily held up a few days last week owing to a broken tender truck on the Murphy locomotive. The accident was caused by backing against a log that had rolled onto the track. Fortunately the engine was running slowly or a bad wreck would have occurred, as three large box cars would have piled on top of the locomotive. The accident took place on a curve on a cut only a few rods from the St. Paul road on the Kenton and Houghton line.

Loss of Vitality is loss of the principle of life, and is early indicated by failing appetite and diminishing strength and endurance. Hood's Sarsaparilla is the greatest vitality—it acts on all the organs and functions, and builds up the whole system.

Poor Indeed

are those weighed down by mental depression. Men rise in this world through buoyant nerve force. The loss of this force daily drags down to failure some of the world's brightest minds. Such a condition is commonly known as Nervous Debility. When you lose self-confidence and feel your strength, energy and nerve force are slipping away, it is high time you seek sensible aid. You prefer health and success to misery and failure.

Sexine Pills

have no equal as a nerve restorer. A couple of boxes will dispel that heavy feeling; the unnatural weakness disappears and replaces languor with new force and vigor of body and brain. Six boxes will cure any ordinary case of nervous debility. If you get your money back.

IT OPENS MONDAY

THIRD SUMMER TERM OF THE NORMAL SCHOOL.

WILL BE LARGELY ATTENDED

IS PRINCIPALLY FOR THE BENEFIT OF TEACHERS.

Forty-Four Courses Will Be Offered and the Work Will Be Conducted by Eleven Instructors, All of Them Specialists.

The third summer term of the Northern State Normal will open on next Monday, June 30. With the completion of the new building—Science Hall—and the addition of new equipment, working conditions are in every way better than ever before; and it is expected that the coming term will be the best attended and most successful in the school's history.

The summer term is conducted largely for the benefit of those who have been engaged in teaching during the winter. By attendance at the summer term such persons are able to do half of a regular term's work, and at the same time enjoy a change of scene. Every possible care has been taken to make expenses for the term as low as possible. Tuition for the term is \$3, and this sum admits to all the privileges of the school. Public lectures and musicales are free. Board and room at the dormitory cost but \$2.75 per week; while books are supplied at the lowest possible prices.

The work will be conducted by eleven specialists who will offer forty-four courses. Among the courses offered by the department of psychology and pedagogy, those that are expected to be especially helpful are one that is offered by Miss Barnes on "primary methods," which is designed to give a knowledge of the work of the first four grades, such as is needed by students preparing for primary teaching, and a course offered by Mr. Anderson on the "history of education," which is intended to give the student a knowledge of the outlines of educational thought from the time of Greek supremacy down to the present.

During the absence of Miss Hill in Europe, the work in English will be offered by Miss Luella Melhinch. In this department courses will be offered in advanced grammar, teacher's literature and reading. The course in teacher's literature is designed to give a comprehensive view of the whole field of literature suitable for children in the grades, and is an especially helpful one for teachers.

The department of drawing and geography, conducted by Miss Ackermann, will offer five courses, three in drawing and two in geography. Of these blackboard sketching and teacher's geography will be especially emphasized.

Dr. Ford, of the French and German department, will offer six courses, including French and German for beginners.

In mathematics, Dr. Faught and an assistant will give five courses—teacher's arithmetic, applied arithmetic, beginner's algebra, advanced algebra, and geometry. Dr. Ford will give also a course in trigonometry in case a sufficient number of students apply for it.

In music, Miss Linton will offer three courses, one for beginners, one for students with some previous training, and a third for advanced students. Daily lessons will also be given pupils requiring private instruction.

In the absence of Dr. Downing, Mr. McCracken will have charge of the combined departments of natural and physical science. He will offer five courses. Of these the teacher's course in physics and chemistry will be most emphasized. This is a lecture course, and is intended to show what may be done to present the elementary facts of physics and chemistry to children in the grades. The two departments are now installed in Science Hall, and possess an equipment equal, if not superior, to that of any normal school in the Northwest.

In the kindergarten department, Miss Mowbray will offer three courses—one on the mother play songs, a second on the theory of the gifts and occupations, and a third on stories, games and songs. Miss Mowbray will also offer a special nature study course on birds. During the past three years she has been making a careful study of the subject, and she probably has a wider knowledge of the birds found in this section of the country than any other person on the peninsula.

The work in history and civics will be done by Mr. Waldo and Mr. Haworth. Six courses will be offered, among which will be a double course on the history of the United States and a course on method in history. The last named presupposes a fair knowledge of the history of the United States and consists of a study of the problems of teaching history, combined with the collection of stories, biographies, and other material that will be of direct use to teachers in their school work. In the work in history frequent lectures are given, and special efforts are made to develop ability in the students to follow intelligently the current history of the present time.

TONTINE PLAN NOT GAMBLING.

Two decisions rendered this week by the supreme court enforce contracts held by citizens of Detroit against the Tontine Surety company of New Jersey, which succeeded to the business of the Tontine Surety company of Detroit. The court refused to hold that the diamond contracts are gambling contracts within the meaning of the law, and denied the defendant company the privilege of setting up a defense of usury as a bar to the contracts.

It's the well spring of joy. The center around which happy home life centers. Rocky Mountain Tea. The great family remedy that makes home happy. The Stafford Drug Co.

DEATH OF WM. STEWART.

Wellknown Liveryman Succumbs to Lung Trouble—Funeral Sunday.

The death of William Stewart, which occurred at 7 o'clock yesterday morning, was not entirely unexpected, but it was none the less a sad blow to the many persons who knew and liked the genial horseman and liveryman. Mr. Stewart had been in poor health for five years, suffering from lung trouble, but it was only recently that he became seriously ill, and then he sank rapidly. It was only a few weeks ago, at the time of the Maccabee convention, that he participated in the last horse race meet held here, and to those of his friends who were not entirely cognizant with his critical condition the news of his demise came with startling suddenness.

Mr. Stewart was generally known to Marquette people and was popular. He was forty-two years of age and was unmarried. He was born in County Derry, Ireland, and in 1881 crossed the ocean and located in Canada. He remained there for two years and then located in Marquette, which had been his home ever since. In 1887 he entered on a homestead in Ontonagon county, the sale of the pine from which netted him some thousands of dollars, and in 1893 he established himself in the livery business on Superior street. He was a member of Superior tent of the Maccabees, in which order his life was insured for \$2,000, and in addition he carried policies for \$2,000 each with two New York companies.

The deceased is survived by five brothers in America, these being James A. and Hugh of Marquette, John and Alphonse, of Ishpeming, and Robert, of Telluride, Colo. His parents are still living in Ireland, and as well three brothers and one sister.

The funeral will take place at 2 o'clock tomorrow afternoon from the residence of Hugh Stewart, on Superior street. Interment will be in Park cemetery. The obsequies will be in charge of the Maccabees.

TO MUNISING ON THE FOURTH.

Marquette & Southeastern Road Will Run an Excursion.

The Marquette & Southeastern will run an excursion from Ishpeming, Negaunee and Marquette to Munising, on the Fourth of July. The train will leave Ishpeming at 7 o'clock in the morning, Negaunee at 7:08 and Marquette at 8 o'clock, arriving at Munising at about 10. Returning, the train will leave for the iron country at 9 o'clock in the evening, though the tickets will be valid for return on the regular trains on the 5th and 7th. The fare for the round trip is \$1 from Ishpeming and Negaunee and seventy-five cents from Marquette. A big celebration is to be held at Munising. There will be a calithumpian parade, balloon ascension, horse, foot and launch races, a jog rolling contest and other sports and games, and in the evening fireworks and a grand ball will be the features. The Negaunee band will furnish the music.

PICNIC ON THE FOURTH.

Merchants' Association Decides on the Date of Its Celebration.

At the meeting of the Merchants' association last evening at the city hall, it was definitely decided that, in lieu of any formal celebration of the day, the annual picnic of the merchants be held on the Fourth of July—next Friday. The conference was largely attended, and considerable enthusiasm was manifested. An elaborate program for the day's festivities is being prepared, and it is promised that it will be unequalled for anyone to go out of town in quest of a good time on the natal day. An outline of the program will be published in next Monday morning's Mining Journal, as well as the list of the committees who are in charge of the affair.

LIFE CERTIFICATES ARRIVE.

Graduates of the Normal Entitled to Them Now Receiving the Papers.

Owing to a miscarriage the life certificates for the graduating class of this year and also for the class of 1901, did not reach the normal school in time to be given to the two classes on commencement day. The certificates, bearing the proper signatures, have, however, at last arrived, and are being sent to those who have earned them. All doubts of the power of the Northern Normal to issue the life certificate are thus finally, fully and forever set at rest.

SUNDAY AT THE CHURCHES.

St. Margaret's Mission (Episcopal), South Marquette—Sunday school at 2 o'clock; evensong and sermon at 3. Rev. Hugh Spencer officiating.

German Lutheran, Ridge street—Services at 10 o'clock, with preaching by the pastor, Rev. Carl Aeppler; Sunday school at 11 o'clock.

First Church of Christ, Scientist—Service at church hall, 109 Spring street, at 10:30 a. m. Subject, "Christian Science." All are welcome.

Methodist—The pastor, Rev. E. A. Elliott, will preach, morning and evening, as usual. The Epworth League will meet in the church parlors at 6:45 o'clock.

St. Paul's cathedral—Fifth Sunday after Trinity: Holy communion, 7:30 a. m.; matins and sermon, 10:30 a. m.; Sunday school, 12 m.; evensong and sermon, 7:30 p. m.

First Baptist church, Rev. H. E. Purinton, pastor—Public worship at 10:30 and 7:30. Morning, "Prayer"; evening, "A Patriotic Song Service." The history of the following songs will be given: "Tramp, Tramp, Tramp, the Boys Are Marching," "The Star Spangled Banner," "The Vacant Chair" and "The Battle Hymn of the Republic."

WAS WASTING AWAY.

The following letter from Robert R. Watts, of Salem, Mo., is instructive: "I have been troubled with kidney disease for the last five years. I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well. People's Drug Store."

CLASH AT DETROIT.

YOUNG AND SHELLEN MEN LOCKED HORNS.

OVER SCHOOLCRAFT DELEGATION

RESULT A COMPROMISE ON HALF-VOTE PLAN.

For Member of Credentials Committee, the Shelden Candidate Won Out, 49 to 47, Because of Mistake by Luce Delegates.

At the state Republican convention at Detroit Thursday, there was a lively fight before the credentials committee in which the Young and Shelden men locked horns. It was on the question as to which delegation from Schoolcraft county should be seated. Charges of trickery were made by both sides, and several affidavits were presented to enforce them. For the Shelden men, Lawyer C. W. Danton of Manistiquet and W. M. Mills, prosecuting attorney of Menominee county, argued the case, and for the Young men Prosecuting Attorney Hixon of Schoolcraft county appeared. The credentials committee finally decided on a compromise by seating both delegations and giving each member of both, half a vote. The decision was accepted by both sides, and as a result the contest will be fought over again at the congressional convention here on July 15.

Mistake Gave Victory the Claim.

Preceding this fight, another clash occurred in the caucus of the delegates from the Twelfth district. It was over the selection of the district member of the convention credentials committee. Attorney General Oren of the Soo was the Shelden candidate, and C. E. Miller of Gogebic was the candidate of the Young faction. Oren won by the vote of forty-nine to forty-seven, which the Young men are claiming was due to the mistake of the Luce county delegates in voting for Oren when they intended to vote for Miller. While the Detroit papers failed to state the division by county, it is evident that Chippewa, Mackinaw, Menominee, Ontonagon, Houghton and Keweenaw voted for the Shelden candidate as did also the delegates from Luce. This made the forty-nine votes, or with Luce omitted forty-seven, two less than the number needed to nominate. A Newberry dispatch giving the result of this week's county convention says it was a love feast, and continues: "W. G. Fretz and F. P. Boln, delegates to the congressional convention, go un-instructed, but strongly favor Wright, of Hancock. Postmaster Webster of the Soo and other out-liers were here working for Shelden's interests."

ACTIVITY IN LITTLE STOCKS.

Buying Orders from the Lake in Winona and Wyandot.

Hayden, Stone & Co. of Boston yesterday wired the Laidley Commission company: "The market was dull and weak generally, in sympathy with Anaconda. Mohawk lost its gain yesterday, but Adventure was up 1/2 point. There was quite a little activity in Winona and Wyoming, the buy orders apparently coming from the Lake."

Paine, Webber & Co. had this to say: "The reaction in Amalgamated caused copper stocks to be dull today at prices slightly below the highest of yesterday. On the metal exchange, Lake copper was offered at 12 1/2 cents and was made to look weak. We do not believe the metal market is as weak as it appears, but think Lake copper will sell at 13 cents before it sells at 12. Lawson is out with a strong letter today advising the purchase of copper. There is a good market for all the copper stocks if anyone cares to sell. We look for a revival of interest and higher prices later."

Grain Markets Lower.

W. H. Laidley & Co. said of the Chicago grain markets: "Wheat opened higher upon bad weather, but after an early show of strength it turned weak, selling off one cent a bushel and closing 1/4 under yesterday. Snow's report was bearish and Modern Miller received similar construction. All these taken together helped the downward course, but we do not look for very much of a reaction and would buy upon breaks from present figures."

"Corn opened higher and sold up rapidly, the July option making a new high figure. The market eased off near the close, in sympathy with wheat. We advise purchases of September corn for big profits."

"Oats followed the course of the other cereals, selling very much higher early and eased off toward the close, but the last prices were slightly above yesterday for the July option. Reports continue to be somewhat mixed, but in the main are favorable for a big crop. The cash demand, however, continues good. When the new oats came, the market, we think, somewhat too high at present prices."

Dullness in Wall Street.

Walker Bros., wiring Paine, Webber & Co. had this to say of the New York stocks: "The market today opened barely steady as the passing of the dividend by Colorado Fuel and Iron preferred was tending to liquidation. There was no particular break in C. E. L. as the shorts covered, and later the price advanced. Illinois Central was strong on tips and most of the other stocks were steady and inactive. There was no particular feature and the transactions were light. A fair bank statement is expected."

PLANTS AT REDUCED PRICES.

We have a surplus stock of plants which we offer for sale at reduced prices. Call early and get first choice. Stafford's Greenhouse. (6-28-24)

CITY BRIEVITIES.

Weather forecast: Fair; stationery temperature; winds shifting to easterly. Yesterday's temperature: 7 a. m., 50 degrees; noon, 49 degrees; 7 p. m., 50 degrees; maximum, 52 degrees; minimum, 47 degrees.

George Shaw came up from Munising yesterday.

Miss Fanny Mathews is home after several weeks spent in Tennessee.

The Misses Elizabeth Chamberlain and Susan Heffernan left for Chicago last evening.

Mrs. O. L. Bingham of Battle Creek is the guest of her mother, Mrs. A. R. Williams, Bluff street.

Mrs. A. E. Boswell very pleasantly entertained at cards yesterday afternoon, about forty ladies were present, and nine tables were played. The honors were taken by Mrs. M. E. Asire, Mrs. S. Jacka and Mrs. Dr. Drake.

Pierre Penfill has completed his studies at Boston and has returned home. He graduated with high honors this spring from the electrical department of the Massachusetts Institute of Technology, and was awarded the degree of bachelor of science.

Sidney Adams has purchased from the National Loan & Investment company M Detroit, portions of lots 43, 44, 45 and 46, of Adams addition, for a consideration of \$1,650. The property is located on Prospect street and on Third street, between Prospect and Crescent.

Professor Kluge will furnish the music for the social hop to be given at the A. O. U. hall next Monday evening by the Ladies' society of the B. of L. E. The public generally is invited. The installation of officers, which was to have been a feature of the affair, will take place at a later date.

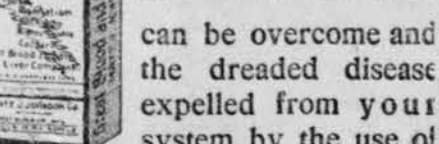

W. C. Carpenter and C. I. Cook, members of the well known firm of the Carpenter-Cook company of Menominee, were here yesterday with W. M. Boaz of Ishpeming, manager of the concern's business in this locality. The visit had to do with the establishment of the branch wholesale house here.

The gas company is entirely cleaned out of stoves. Another carload of ranges has been ordered and will arrive in a few days. Half of these stoves, however, have already been sold and as this is the last consignment the company will have this season, persons desiring of securing a stove must order quickly or go without. The ranges are going at cost price and can be paid for on the monthly payment plan.

Starting on the first of July and continuing for four days a week during the summer, classes for the instruction of children in the use of the German language will be conducted in the basement of the German Lutheran church by Rev. Carl Aeppler. Lessons will be given to German children during the forenoon, from 9 until 12, and to children of English and other parentage, in the afternoon from 1:30 to 3:30. The classes will be open to all, and the tuition will be reasonable. The German school which has been conducted for the past few months will be in session this morning as usual.
