It is too bad that Bailey and Beveridge had to mar the closing week of the session by Monday's unseemly exhibition. Who is responsible? Probably both. If Bailey attacked, Beverdge apparently furnished the provocation. In a case like this it is usually safe and conservative course to divide the blame. However, apart from this consideration, it is apparent that both enators forgot their manners and benaved like "plug uglies," rather than like representatives of sovereign states. Bailey probably appears in the worse light, insomuch as he precipitated hosilities by assuming the aggressive. The Mining Journal wonders what the senate will do to vindicate its dignity. It was greatly worked up over the Tillman-McLaurian episode, although its wrath was soon assuaged. It can hardly overlook this fresh offense. But it should do more than reprimand or punish the atest offenders. It should consider measures of preventing similar demonstrations, which are only calculated to bring the chamber into general discredit and call down the sneers of our foreign friends. 780 Jefferson Ave., Detroit. May 13, 1902 The Iron-Ox Remedy

Company, 88 Griswold Street, City: Dear Sirs,

I have found Iron-ox Tablets such an excellent medicine that I am glad to add my testimonial to the many you have already received.

For many years I suffered from constipation in its worst form, and nothing which I took gave me any permanent relief.

When your Tablets first came to my notice, last summer, I determined to try them. The results have been most gratifying. I have taken many laxatives; but no other can compare with yours so far as my personal experience goes.

The tonic properties of your remedy are most valuable, both in connection with its laxative action when desired and for those who need a tonic only.

I cannot too strongly recommend Iron-Ox Tablets, which I never fail to bring to the notice of my customers when appropriate. From those who have used them I hear nothing but praise.

Yours very truly, T. H. RICHARDS, Druggist.

OLD PEOPLE

Do not always receive the sympathy and attention which Their ailments are regarded as purely life. Disease and infirmity should not always be associated with old age. The eye of the gray haired grandsire may be as bright and the complexion as fair as any of his younger and more vigorous companions.

Good Blood is the secret of healthy old age, for it regulates and controls every part of the body, strengthens the nerves, makes the muscles elastic and supple, the bones strong and the flesh firm; but when this life fluid is polluted or poisoned and loses its nutritive, health sustaining elements, then there is a rapid decline of the vital powers, resulting in premature old age and disease. Any derangement of the blood quickly shows itself in an ulcer, sore, wart, tumor or some other troublesome growth upon the body, and rheumatic and neuralgic pains become almost constant, accompanied with poor digestion and cold extremities.

S. S. S. being purely vegetable, is the safest and best blood purifier for old people. It does not shock or hurt the system like the strong mineral remedies, but gently and thoroughly cleanses the blood and stimulates the debilitated organs, when all bodily ailments disappear. S. S. S. is just such a tonic as old people need to improve a weak digestion and tone up the Stomach. If there is any hereditary taint, or the remains of some disease contracted in early life, S. S. S.

NEW WHITE SILK MITTS, Elbow Length. NEW NECKWEAR AND TIES.

NEW NOVELTIES IN BELTS JUST IN. NEW PARASOLS AND SHADES.

Wholesale and retail stores in New York and Chicago have all agreed to close their respective places of business on Thursday night and not open again until Monday morning, July 7th. The Fourth coming on Friday this year and there being little business the day after the Fourth, it was thought wise to give the employes a three days' vacation-Friday, Saturday and Sunday. Believing this to be reasonable, and believing we will lose but little, if any, trade by so doing, we have decided to adopt this plan and will not open our store on either Friday or Saturday, and respectfully ask the public to co-operate with us in this matter and do your buying, as far as possible, by Thursday night. Our store will be open until 10 o'clock Thursday evening, but will close at 6 o'clock this evening, as usual,
