STORM IN MICHIGAN

SOUTHWESTERN PART OF STATE VISITED BY CYCLONE.

ONE KILLED AND MANY INJURED

CROPS AND PROPERTY BADLY DAMAGED.

Battle Creek, Marshall, Mendon, Kalamazoo and Other Towns in Path of Tornado and Suffer Severely.

Detroit, Mich., July 2.—A terrific storm swept through Southeastern Michigan late this afternoon and in the early evening killing one man, injuring many, and resulting in great damage to property. Near North Adams the residence of Mrs. Van Patten was demolished and the barn of M. W. Rood was blown from its foundation and another house unroofed. Mrs. Van Patten and Mr. and Mrs. Gamble, her son-in-law and daughter had taken refuge in the cellar and all were seriously injured. Mrs. Van Patten probably fatally.

It is reported that a farmer living near Leoni was dashed to death against a telegraph pole. Near Mendon, John Bowman, an aged man, was severely injured by falling rafters in the collapsing home of Henry Powers. Reports from Battle Creek, Marshall, Mendon, Wasopi, Kalamazoo, Dowagiac, and other towns in the state that the wires are down and that crops and property are greatly damaged.

"HUMAN BOMB" FATALLY INJURED

His Machine Failed to Work Properly, Dashing Him to Earth.

Louisville, July 2.—In the presence of five thousand spectators witnessing the "fast days of Pompeii" tonight, James Dull, known as the "human bomb," received probably fatal injuries. Dull's part is to be hurled high in the air by a bomb which explodes, releasing a parachute by which the performer returns to earth. Tonight the bomb failed to explode and started to earth with the victim unable to release himself. The missile was within 100 feet of the ground when it exploded and to the horror of the spectators Dull was dashed to the earth. When the victim was picked up it was found his back was broken.

FUNERAL WAS DELAYED.

Until Mourners Could Tar Husband of Dead and a Sister-in-Law.

Sterling, Ill., July 2.—The funeral of Mrs. John Seibert of Mt. Morris, near here, was delayed today until the mourners could adjourn to a cornfield and administer a coat of tar and feathers to the husband and a sister of the dead woman. Then the funeral proceeded but the two chief mourners were absent. The house was filled with neighbors when some of them discovered Seibert in another room hugging and kissing Mrs. Theodore Wolfe. A crowd quickly dragged the couple to the cornfield. Tar was poured over the victims and feathers from a pillow were emptied on each. Then the two were driven from the village and ordered never to return. Mrs. Seibert died of consumption and during her two years' sickness it is alleged her husband was continually making love to his wife's sister.

MANY NEW NATIONAL BANKS.

Comptroller Reports 437 Were Organized During Year Ending June 30.

Washington, July 2.—The comptroller of the currency today made a statement showing that during the year ended June 30, 1902, there were organized 437 national banks, with an aggregate authorized capital stock of \$30,407,000. Since the passage of the act of March 14, 1900, there has been organized, 1,061 banks with an aggregate capital of \$92,349,000 and with a bond deposit of \$15,442,500. Since the establishment of the system there has been organized 6,325 banks of which 4,546 are in active operation, 1,292 placed in voluntary liquidation, and 387 in charge of receivers.

While the records show the total authorized capital stock of the national banks has increased during the year from \$647,666,695 to \$984,061,695, there has been a deduction during that period of the bonds on deposit as security for the circulation of \$9,055,700. The circulation secured by bonds has decreased \$9,055,702. The paid in capital stock of the national banking associations has increased between April 30, 1901, and April 30, 1902 to the extent of \$39,397,712; the surplus and other profits, \$44,958,459; the individual deposits \$218,024,746; and the total resources, \$311,341,084. The aggregate resources of the reporting associations April 1901 and 1902 were \$5,430,794,367 and \$5,962,135,431, respectively.

FEARS FOR STEAMER IROQUOIS.

Houghton, Mich., July 2.—The passenger steamer Iroquois, bound down from Duluth, is nine hours overdue. Julius Rompf, the local agent, has received no news of the missing steamer. It is not known how many passengers were on board.

SPAIN SIGNS TREATY WITH U. S.

Madrid, July 2.—The minister of foreign affairs has been authorized to sign a treaty of commerce with the United States.

ESCAPE CRIMINAL PROSECUTION.

President and Secretary of St. Luke's Sanitarium Get Off Easily.

Chicago, July 2.—President Miller and Secretary Davis of St. Luke's sanitarium, held responsible by the coroner's jury for the loss of life in the fire that destroyed the sanitarium, will escape criminal prosecution. The grand jury investigated the charges against them today and returned no bills.

FOUR INJURED IN WRECK.

Passenger and Freight Trains Collide but No Fatalities Result.

St. Louis, July 2.—In a rear end collision due to an open switch today between a passenger and a freight train in the yards near Madison, Ill., Conductor Louis Carpenter, Fireman Frank Alberts and Brakeman Charles V. Monroe, all of Springfield, and Mrs. Lillie Gericke of Marine, Ill., were injured; none fatally.

WANTED TO BE FIRE SWALLOWER

Twelve-Year-Old Boy Imitates Midway Freak With Serious Results.

Chicago, July 2.—Trying to imitate the Egyptian fire swallower, Harry Loughren, twelve years old, poured burning gasoline over himself and six other children tonight. The boy and one other will probably die. Of the others only one escaped injury. The boy's mother was burned so badly stripping the burning clothing from him that she also may die. After a hard struggle the flames were extinguished by the neighbors who ran to the assistance of the children.

KING HAS LESS PAIN SWEEPED BY CYCLONE

EDWARD'S WOUND IS NOT SO TROUBLESOME.

ALEXANDRA REVIEWS INDIAN TROOPS

HIS MAJESTY DISAPPOINTED IN NOT SEEING PARADE.

Wanted to Witness Maneuvers from Window but Physicians Dared Not Risk Exposure and Excitement.

London, July 2.—A bulletin this evening says: "The king maintained his steady progress, the local pain being less. The day passed in greater comfort."

The king passed another good day. The quiet routine of the sick room was varied today by the excitement of listening to the music and cheers of the Indian troops as they marched past the palace and greeted Queen Alexandra on the balcony. The king demanded a full account of the review and a formal report was made by the Prince of Wales supplemented by the personal narrative of the queen. His majesty dictated a letter to the Duke of Connaught commanding him to compliment the colonial troops upon their excellent appearance and thank them for their expressions of loyalty and sympathy, which he had heard with pleasure in his sick room. King Edward was somewhat disappointed at not being able to see the troops. He had hoped this would be possible from his invalid couch in the window of the palace, but the doctors were unwilling he should risk the exposure and excitement and his majesty had to content himself with hearing the troops without seeing them.

Doctors Pray for King.

At a late hour tonight the king's improvement continued. It is announced he has partaken of a fairly good dinner and smoked a cigar. The Prince and Princess of Wales gave a brilliant dinner party tonight in honor of the visiting Indian princess. A unique and impressive scene was witnessed in St. Paul's cathedral this evening when two thousand doctors offered prayer for the king's recovery.

MANY BILLS INTRODUCED.

Total Presented to House Last Session Was 15,330.

Washington, July 2.—The records show that every bill presented to the president was signed by him before congress adjourned. The total of bills introduced in the house was 15,330. Three committees handled two-thirds of these—the committee on war claims, 2,488; on invalid pensions, 6,569; on military affairs, 2,338.

FLOODS IN NEBRASKA.

Auburn, Neb., July 2.—The Nemah river is the highest tonight for nineteen years and is still rising. The whole valley is flooded and Auburn is cut off from the east and north. At Elmwood seven inches of rain fell last night flooding the town and washing the Missouri Pacific tracks away.

TRAIN REPORTED WRECKED.

Ottumwa, Ia., July 2.—The Rock Island passenger train No. 29, a new fast train, is reported in a ditch near Florida, in the county of Davis county. The reported wreck occurred in an isolated place and particulars are difficult to obtain.

CHICAGO, JULY 2.—Sigmund Buttmann, vice president of the shoe firm of Buttmann, Carpenter & Telling, shot and killed himself at his home today. No cause for the deed is known.

TAFI CABLES NOTE.

Administration Receives Text of Letter to Be Sent to Vatican.

Rome, July 2.—Governor Taft has cabled to Washington the terms of the note to the vatican on the subject of the disposition of the friars lands in the Philippines which was compiled at yesterday's conference. If the terms are approved the note is to be delivered tonight.

TO VISIT DOUBTFUL DISTRICTS.

Speaker Henderson Plans Extensive Campaigning Trip.

Washington, July 2.—Speaker Henderson left today for New York where he will meet his daughter on her arrival from Europe. Later he will go to his home in Iowa and take a rest preliminary to an extensive campaigning trip in various parts of the country, his purpose being to visit as many doubtful congressional districts as possible.

TUNNEL CAVED IN.

Workmen Had Warning and Ran and but One Fatality Resulted.

Minerva, O., July 2.—While workmen were preparing to go to work on the uncovering of the tunnel in Lake Erie of the Alliance & Wheeling railroad near here today, the tunnel caved in its entire length. Four men were caught in the settling but were slightly injured. But one life was lost by the accident. The victim was Joseph Higgins, a Hungarian. The others were rescued. Most of the workmen escaped by running when the first fall occurred.

RACINE COUNTY, WIS., DEVASTATED BY CYCLONE

ONE KILLED AND SEVERAL INJURED

BUILDINGS ARE BLOWN AWAY AND CROPS RUINED.

Tornado Ravaged Path Ten Miles Long and One-Half Mile Wide, Leveling Everything It Encountered.

Racine, Wis., July 2.—The country in this county from Raymond east to Hushler for ten miles and about half a mile wide was swept by a cyclone this afternoon. One man was killed and several persons injured. Forty houses and barns were wrecked and thirty or forty head of stock killed. Hundreds of trees were blown down and hundreds of acres of grain ruined. Other damage was done amounting to possibly \$40,000.

Farmers Suffer Heavily.

The storm first struck the house of William Cook, just west of Raymond. It was a new structure and blew in pieces. J. J. Laing's house was wrecked and Laing badly hurt but the family escaped. His barns were wrecked. The roof and corner of George West's house nearby was blown away. The house and all the barns and other buildings of Elisha Lower were completely demolished and it is reported that several persons were injured. The barns of Frank Eastman at Kilbournville are gone. The barns and home of Albert Herman were carried away. William Hess lost his barns and had two horses killed. Christian Erbs' barns were demolished. The latter places were all in Caledonia.

Aged Man Killed.

The only fatality reported is at the home of G. Thysen in Caledonia. His house was completely wiped away and also the barns. The family were in the house at the time but all escaped serious injury except Thysen. He was about fifty years old. A wife and seven children survive. The reports from the storm district state that many other barns and houses were blown away and that it is hard to estimate the exact number. A son of Elisha Lower was driving a horse attached to a wagon loaded with farm implements. The storm caught and carried him and the wagon into a field one hundred yards away. The horse was killed and the young man injured.

Family's Narrow Escape.

Dr. and Mrs. S. C. Buchanan and family narrowly escaped being killed at their home during the storm. Lightning struck the house and followed the electric wires into the dining room where it came into contact with a gas service pipe. The lower part of the house was soon ablaze. The fire was extinguished with a small loss. The damage to the house was \$1,000. The house was on Milwaukee road was demolished.

Telephone Lines are Down through the Country. Forty or sixty people are left without shelter and will be cared for. It is the worst since the cyclone of 1883, which blew away the northern portion of Racine.

CYCLONE WRECKS TRAIN.

Bombay, July 2.—A train on the East Indian railroad near Ranpurba was blown down an embankment by a cyclone today. Thirteen persons were killed and fifteen injured.

BUSINESS MAN SUICIDES.

Chicago, July 2.—Sigmund Buttmann, vice president of the shoe firm of Buttmann, Carpenter & Telling, shot and killed himself at his home today. No cause for the deed is known.

MITCHELL IN STATE

PRESIDENT OF MINERS REACHES SAGINAW TO SETTLE STRIKE.

ADVISES ENDING DIFFICULTIES

CONFERENCE OF OPERATORS AND WORKERS HELD.

Local Unions to Vote on Proposition of Employers and If Terms Are Accepted Work Will Be Resumed.

Saginaw, Mich., July 2.—A conference of the coal mine operators and workers in the Michigan fields on the differences which have kept the miners on a strike for nearly two months, was begun here this afternoon. President John Mitchell in an address before the executive committee prior to the conference advised the settlement of the Michigan strike if possible, urging the men to concede the minor points if only the wages are not reduced under the new scale.

The efforts of President Mitchell to effect a settlement of the differences have not been as yet entirely successful. Mitchell addressed a joint conference this afternoon and made earnest appeals to both parties to come to terms. The scale was turned over to committees representing both sides but they failed to reach an agreement. A proposition from the operators which includes an increase in wages will be voted on by the local unions. If the vote favors adoption another conference will be called. Otherwise the strike will continue.

PUT IN OPERATION AT ONCE.

Philippine Bill to Take Effect on President's Proclamation.

Washington, July 2.—Chairman Cooper, of the house committee on insular affairs, says steps will be taken at once to put the Philippine government act in operation. The president's proclamation of the transfer of authority to the civil officials is expected Friday. The military forces will at the same time be reduced to 18,000 men. Following the transfer a census will be taken, probably by the Filipinos, this requiring about a year. As to the general effect of the act Cooper said: "I share the view of Governor Taft, who said if this bill becomes a law we would hear no more of the Philippines than we do of Porto Rico and the Philippine problem would gradually disappear."

PROFESSOR'S WIFE A THIEF.

She and a Companion Suspected of Stealing from Her Brother-in-Law.

Philadelphia, July 2.—Mrs. Aileen O'Malley, wife of Austin O'Malley, professor of English literature at Notre Dame university, South Bend, Ind., and William Hearin, of New York, were arrested here today charged with stealing \$300 worth of jewelry, preferred by Mrs. O'Malley's brother-in-law, Dr. Joseph O'Malley, of this city. Professor O'Malley is in a hospital in this city suffering from paralysis. His wife was a guest at his brother's home a few days ago when some articles of jewelry were missed. Suspicion fell upon her and her friend Hearin. Pawn tickets were found upon Mrs. O'Malley. At the hearing this afternoon they were committed to jail in default of bail for a further hearing.

SHIP BUILDING STATISTICS.

Last Year 1,675 Vessels of 473,081 Gross Tons Were Constructed.

Washington, July 2.—During the year ended June 30, 1902, the bureau of navigation reports that 1,675 vessels of 473,081 gross tons were built in the United States as compared with 1,079 of 498,016 gross tons for the previous year. The decrease is in sail vessels, canal boats, barges, etc. The new steel steamers aggregate 275,479 tons, as compared with 225,265 last year. Included in the total of new tonnage are ninety-four vessels, each over 1,000 tons, aggregating 315,062 tons, or two-thirds of the output. Of this forty-one steel steamers of 158,431 tons were built on the Great Lakes.

MICHIGAN'S CLAIM ALLOWED.

Treasury Issues Order for \$28,167 for Troops in Civil War.

Washington, July 2.—The treasury department today issued warrants in favor of Illinois, Indiana, Iowa, Michigan, Vermont and Ohio, aggregating \$2,218,584. These cover the claims of the states for expenses incident to the raising and equipping of troops during the civil war. The amounts are: Illinois, \$1,005,129; Indiana, \$635,859; Iowa, \$465,417; Michigan, \$382,167; Vermont, \$280,453; Ohio, \$458,559.

KILLED ON TRESTLE.

Youngstown, O., July 2.—Three brothers, Mike, Simon and Luke Shackler, were caught on a railroad trestle near Struthers last night. In an endeavor to escape injury they lay on the edge of the rails. Luke was killed, Mike fatally injured and Simon slightly injured.

STORM IN ILLINOIS.

Terre Haute, Ind., July 3.—A terrific wind storm swept down here this yesterday afternoon at 4:30. Meagre particulars over the railroad wires at 2:30 this morning report that three men were killed. No more particulars are obtainable tonight.

The Dinner Pail

Of the American working man is generally well filled. In some cases it is too well filled. It contains too many kinds of food, and very often the food is of the wrong kind—hard to digest and containing little nutrition.

Where there is indigestion or any other indication of disease of the stomach and its allied organs of digestion and nutrition, the use of Dr. Pierce's Golden Medical Discovery will almost invariably produce a perfect and permanent cure.

Mr. Thomas A. Swartz of Sub Station C, Columbus, O., Box 102, writes: "I was taken with severe headache, then cramps in the stomach, and my food would not digest, then kidney and liver trouble and my back got weak so I could scarcely get around."

CHARTER No. 390.

DAILY MINING JOURNAL,

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Subscription Rates: Per month, by carrier, \$1.00; Per year, by mail, \$10.00.

MARQUETTE, MICH., JULY 3.

The "smoke nuisance," which is provoking so much discussion in various cities, is not bothering Marquette at all. In fact we are courting smoke and some day hope to see it hang like a pall over the city.

The report of the land office shows that the once magnificent public domain of Michigan will soon amount to but a few thousand of worthless acres which will remain on the government's hands for the simple reason that no one will want them.

We don't think much of the precedent congress has established in paying the debt of the Buffalo exposition company. It will be dragged up time and again in the future as a warrant for further raids on the treasury.

It is stated, with all the earmarks of authority, that the President will convene the senate in special session in November, immediately after the elections.

The convention of Minnesota Republicans did its work well. In re-nominating Governor Van Sant they recognized the sterling qualities of a man who has given the commonwealth an unimpeachable administration.

The provisions and purposes of the bill looking toward an early construction of the Panama canal are matters of common knowledge.

The permanent census bureau bill makes the census office a regular department of the government. It is to collect annually statistics of the births and deaths, and there are several additions to the decennial operations of the office.

The charges of bribery, which started the country a few months ago, in connection with the proposed purchase of the Danish West Indies, have been pronounced utterly groundless by the special committee appointed to investigate them.

The irrigation bill provides that the money devoted to irrigation shall be taken from the sale of public lands in Arizona, California, Colorado, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Utah, Washington and Wyoming.

In spite of the heavy expenses of the Philippine campaign and the enormous appropriations of congress, the treasury statistics show that the nation is in exceptionally fine financial condition.

The bill repealing the war taxes was passed by a unanimous vote in both the house and senate.

A convention of the Republicans of the Twelfth congressional district of the State of Michigan is hereby called to meet at the theatre in the city of Marquette on Tuesday, the 15th day of July, 1902, at 2 o'clock in the afternoon.

The several counties in the district are entitled to representation in said convention as follows:

- Alger 3
Baraga 3
Chippewa 7
Delta 7
Dickinson 9
Gogebic 6
Houghton 22
Iron 4
Keweenaw 2
Luce 2
Mackinac 3
Marquette 10
Menominee 3
Ontonagon 3
Schoolcraft 3

Charles R. Sligh of Grand Rapids is firing with the Democratic gubernatorial nomination. He has expressed his willingness to become a candidate, if the convention should favor placing his name at the head of the ticket.

It looks very much as if the crooked work that has been the main feature of the campaigns of Congressman Sheldon since he began his political career has started again and that we are apt to see another array of contesting delegations at the Marquette convention.

The whole thing is disgusting and unbecomingly reminiscent of the Republicanism but the work having started there is no telling where it will stop.

Mr. Young stands an excellent show of winning out in the fight now being waged in this congressional district, and he wishes it distinctly understood that he prefers to lose rather than to win by disreputable means.

England was generally conceded that it had been eventually conquer the Boer republic in South Africa, but when the end comes, she will find the cost to have reached an enormous figure.

It has been generally conceded that England was eventually conquer the Boer republic in South Africa, but when the end comes, she will find the cost to have reached an enormous figure.

It has been generally conceded that England was eventually conquer the Boer republic in South Africa, but when the end comes, she will find the cost to have reached an enormous figure.

It has been generally conceded that England was eventually conquer the Boer republic in South Africa, but when the end comes, she will find the cost to have reached an enormous figure.

THE OTHER FELLOWS.

The Grand Rapids Herald believes that the political situation in the Twelfth district congressional district is becoming so interesting that it will be worth while for the managers to run excursions to the convention in Grand Rapids.

Immediately following the caucuses in Menominee county, the Houghton Gazette, which is the mouth piece of Congressman Sheldon, came out with an editorial in which it characterized the supporters of H. O. Young in Menominee county as "the little German band" and intimated that "band" had no ice, and thus was of no consequence.

Last week it looked very much as if the congressional fight would be settled before getting to iron county, and the victory of Congressman Sheldon in Ontonagon clinched the renomination of the congressman, but recent happenings have combined to upset the calculations to such an extent that things are at a higher tension than ever.

It looks very much as if the crooked work that has been the main feature of the campaigns of Congressman Sheldon since he began his political career has started again and that we are apt to see another array of contesting delegations at the Marquette convention.

The whole thing is disgusting and unbecomingly reminiscent of the Republicanism but the work having started there is no telling where it will stop.

MICHIGAMME.

MICHIGAMME'S CELEBRATION. A Good Time is in Store for All Who Visit the Village on the Fourth.

Complete arrangements have been made for the celebration to take place here on the Fourth. The program provides for excitement from early in the morning until late at night.

At 10 o'clock in the forenoon a culthumpian parade, which will be formed near the mill, will be held. The prizes aggregate \$28, and will be awarded at the hand stand.

THE CIGARS WERE "PUNK."

A short time ago the owner of the lifting machines in some of the Michigan business plants offered a box of cigars as a prize to the man who could make the best record.

The box of cigars came, and they were actually smoked, but the tobacco in them could not be smoked in a corn cob pipe.

Mr. Young stands an excellent show of winning out in the fight now being waged in this congressional district, and he wishes it distinctly understood that he prefers to lose rather than to win by disreputable means.

England was generally conceded that it had been eventually conquer the Boer republic in South Africa, but when the end comes, she will find the cost to have reached an enormous figure.

PAVING TO START SATURDAY.

J. B. Robbins, of Barber Asphalt Co., Will Be in Charge.

President Scott Wednesday morning received a telegram from the Barber Asphalt company, stating that their Mr. J. B. Robbins will arrive in Hancock Saturday morning to begin work on the Quincy street paving.

ASKS DAMAGES FOR INJURIES.

George Gohn Presents Petition to Laurium Council.

A communication was read before the Laurium council which contained the following information: "On the sixteenth of last June George Gohn of Lake Linden was driving along Third street, and coming to the corner of Hecla street he decided to turn down Hecla. As he was making the turn, an electric car passed and frightened the horse. As he had about obtained control of the fractious animal, one of the wheels of the buggy struck the rail of the street car line, throwing him out and caused the horse to run away."

MACADAMIZE RED JACKET ROAD.

Preparations are being made for the macadamizing of a portion of the old Red Jacket road and a part of Mine street. These two streets are very important thoroughfares and the act of macadamizing them will be greatly appreciated by the public in general.

REPERTOIRE AT CALUMET.

Tuesday evening the Kennedy company of players opened their week's engagement at the Calumet theatre. The troupe carried is one of the largest repertoire companies and numbers about fifteen performers.

PECK'S KING OF OINTMENTS

At the cost of only a two-cent stamp enclosed in a letter, to pay for the postage, a trial box of one of the most efficacious remedies known to modern science may be procured. This is Peck's King of Ointments, the sovereign remedy for ulcers, old sores, running sores and fever sores.

CORNELIUS BEDELL RESIGNS.

Is Succeeded as Superintendent of Quincy Mill by J. W. Shields.

A change has taken place in the superintendency of the Quincy mill. Cornelius Bedell, who has been in the employ of the Quincy for the past twenty-five years, has resigned the position of superintendent of the mill.

THE FOURTH AT TRIMOUNTAIN.

Village Will Hold Its First Celebration Tomorrow.

The first Fourth of July celebration at Trimountain will take place Friday. Great preparations have been made for the initial celebration of the nation's birthday.

LAKE LINDEN WILL CELEBRATE.

Glorious Fourth Will Be Observed With Appropriate Exercises.

Lake Linden has been a little slow this year in calling a meeting to make the necessary preparations for the observance of the Fourth, but, nevertheless, a meeting has been held and it was decided to have a celebration which Lake Linden may be proud of.

MASS CITY'S BAND.

If the present plans do not miscarry—and indications are that they will not—Mass City's Finnish Brass band will enter in all county contests throughout the copper country.

BARBER SHOPS CLOSE TOMORROW.

At a meeting of the Hancock Barbers' union Tuesday evening it was decided to close the shops all day on the Fourth. They will remain open until 10 o'clock Thursday evening in order to accommodate customers who want a Fourth of July shave.

LUSCIOUS FRUITS IN MARKET.

Cantaloupes from Rockford, Colorado, are tickling the palates of twin city people. Supper tables are being favored with pineapples from the Bermudas.

GROUND FELL ON HIM.

A bad accident happened at the Champion mine Wednesday morning. An Austrian named Strinace was injured by falling ground. His leg was broken and head crushed. It is thought the injuries will prove fatal.

ORGANIZED RUNNING TEAM.

Hancock Will Be Represented in Events at Firemen's Tournament.

The meeting at the city hall Thursday evening to organize a running team to represent Hancock at the Naganua tournament was attended by twenty-five young men.

MARRIED TUESDAY EVENING.

Nichols Klimmer and Miss Mamie Kinsman Joined in Wedlock.

Miss Mamie Kinsman of Calumet was joined in wedlock with Nichols Klimmer of Hancock at the residence of Captain and Mrs. Bath of Eighth street, Calumet, Tuesday evening.

NOTE FROM LOST STR. HUDSON.

A special from Alpena states that Tom Garrity, keeper of the Presque Isle light, picked up a sealed bottle Saturday containing a note as follows: "Str. Hudson off Keweenaw point, rolling like a ball and all hands ready to give up the ghost."

FRANKLIN TEAM WILL PLAY.

Manager Harrington of the Franklin baseball team has deposited a forfeit of \$25 with the committee in charge of the athletic events at Calumet the Fourth to insure the attendance of the club at the event.

DANCE AT LAURIUM.

The members of the Laurium fire department are working hard so as to insure the success of their annual ball which will be given on the evening of the Fourth in the Laurium town hall.

COPPERDOM BREVITIES.

W. H. Walker of Ishpeming is in the copper country on business.

Alex. Cameron, the West Hancock Mason, has sold his brick house to Dudley Johnson.

The steamer Argo arrived from Duluth Tuesday night with several carloads for Hecla dock.

L. E. Gagner of Calumet was the guest of Mr. Emily Hackett of Hancock Tuesday evening.

Mr. and Mrs. Frank Fisher of Detroit are visiting their relatives, Mr. and Mrs. George Kopp of Quincy Hill.

A meeting of great importance will be held by the Clerks' union at Scott's hall in Hancock this evening.

A marriage license was issued Tuesday to Samuel Richards and Miss Clara Baird, both of the Trimountain.

On account of the Fourth of July excursion the steamer Argo will leave Saturday morning, instead of Friday.

The Portage Lake Dancing club will give an excursion to the ship canal on the pleasure barge Pilgrim Monday evening.

A party of twenty, who went to Huron Bay on the tug Valerie, returned with an excellent catch of speckled trout.

Houghton Knights of Pythias will meet Thursday evening in the new castle hall in the Citizens' National bank building.

Members of the Onagoning club will have doings at the club house at Pilgrim the Fourth, for the benefit of their families and invited guests.

The charity ball for the benefit of Good Will farm, given by the Lunch club at the Houghton Armory last evening was well attended.

Martin L. Ellinger of Salt Lake City who has been spending the past few weeks with Calumet friends left for his home Tuesday afternoon.

bank in the Young block and will be stored until sold.

Houghton Odd Fellows have changed their night of meeting from Friday to Tuesday evenings. The first meeting in the new lodge rooms in the Hall block was held Tuesday night.

At a meeting held Tuesday evening, the Red Jacket village council decided to engage the services of an expert accountant to examine into the books of the village clerk and treasurer.

A membership contest in progress between Hancock and Houghton councils of A. O. U. W., will close July 10. The lodge securing the least number of new members in that time will pay for a supper.

The steamer Oseola cleared from Chicago for Lake Superior Saturday and will arrive at Portage Lake today. She has a small consignment of 284 steel rails for a skip road in one of the shafts of the Trimountain mine.

Messrs. R. L. McKeever, H. S. Goodell, B. T. Barry, W. Chaudron, N. Littledale, T. F. Coggin, James R. Dee, of Houghton, and William A. Paine, of Boston, were in Calumet Tuesday looking over the proposed route of the Copper Range railroad.

The strawberry festival Tuesday evening at the Y. M. C. A. rooms, given by the Ladies' Auxiliary, was a grand success, both socially and financially. The event was patronized by a large number. Music was furnished by the Twin City Mandolin club.

Alex. McKinnon, motorman on the Houghton county street railway since the line started, resigned his position the first of the week and took the steamer India for Detroit Tuesday evening. He will reside at the state metropolis. "Mack" was a great favorite with patrons of the line.

The funeral of Miss Carrie Peters of Lake Linden, who died last Saturday morning, was held Tuesday afternoon from the home where a short service was conducted by Rev. J. B. Whitford, pastor of the M. E. church. The remains were laid to rest in Forest Hill cemetery, Houghton. A large number of out of town friends attended the funeral.

General Passenger Agent George W. Hibbard has authorized agents of the D. S. & A. road to sell round trip excursion book tickets to all local stations at single fare the Fourth of July, with the exception that a rate of 50 cents will apply between Houghton and Calumet in either direction. Tickets will be sold July 3-4 and will be good returning until July 5 inclusive.

Hives are a terrible torment to the little folks, and to some older ones. Easily cured. Doan's Ointment never fails. Instant relief, permanent cure. At any drug store, 50 cents.

THE BEST LINIMENT FOR STRAINS. Mr. F. H. Wells, the merchant at Deer Park, Long Island, N. Y., says: "I always recommend Chamberlain's Pain Balm as the best liniment for strains. I used it last winter for a severe lameness in the side, resulting from a strain, and was greatly pleased with the quick relief and cure it effected." For sale by the Stafford Drug Co.

RIOTERS ARRESTED

FOUR OF STRIKING MINERS MUST STAND TRIAL.

INTIMIDATED FELLOW EMPLOYEES

WORKERS IN KENTUCKY FIELDS OPPOSE GENERAL WALKOUT.

Secret Vote Taken Shows Men Regard Their Contract With Operators and Are Averse to Breaking It.

Wilkesbarre, Pa., July 2.—The justices of the peace in Luzerne county were kept busy today giving hearings to men charged with rioting and participating in riots at the coal mines. Early this morning Deputy Sheriff Eckert brought four men from Freeland charged with engaging in a riot there. The prisoners were taken before Magistrate Pollock for a hearing. The deputies testified that the prisoners tried to intimidate their fellow employees. One of them pointed a revolver at one of the deputies. The riot act was then read and the mob refusing to disperse the riot leaders were arrested. The magistrate held the defendants in \$500 bail for trial.

Police Who Killed Italian Arrested. County Detective Phillips came to Duryea today and arrested seven coal and iron policemen. They are charged with shooting yesterday the Italian whose death today was found outside the barricade. They were held to \$1,000 bail.

The Wilkesbarre alliance made its first arrest today. William Weitzer charged with libeling merchants and others was arrested. There are fourteen counts against him. The magistrate demanded \$7,800 bail which he was unable to furnish and he was sent to jail.

Firemen Return to Work. Wilkesbarre, July 2.—The first break in the ranks of the firemen occurred this afternoon when three employees of the Kingston company applied for work and were given their old places. Three firemen at the Pine Ridge mine requested and were promised their old places.

Hazenro, Pa., July 2.—Four pickets at the Coxie Bros' colliery were arrested this morning for preventing non-union men going to work. One of the pickets drew a revolver when ordered by the guard to permit the men to pass.

Kentucky Miners Oppose Strike. Louisville, July 2.—The Courier Journal says: "The United Mine Workers of Kentucky do not sanction a sympathetic strike. Reliable information is obtained that a secret vote has been taken with the result that the men declared they highly regard their contracts with the operators. Word of the result was sent to the Illinois miners who are understood to have taken the same stand."

Carbondale, Ills., July 2.—Many miners in the southern Illinois coal fields which produce 60 per cent. of the state's output have elected delegates to the Indianapolis convention. Not a delegate has been instructed to vote for a strike. The election fairly gives the Illinois situation and the belief is general that the delegation will be unanimous against a strike. The feeling is that President Mitchell's wishes will be obeyed.

AGRICULTURE IN WISCONSIN.

Statistics Show Total of Farms in State in 1900 Was 169,795. Washington, July 2.—The census report on agriculture in Wisconsin for 1900 shows there were 169,795 farms valued at \$686,147,660. Of this 77 per cent was land and other improvements than buildings. The value of the farm implements and machinery was \$29,237,010, and the livestock, \$96,327,649. The total value of farm property was \$811,712,319. The total value of farm products in 1900, which exceeds 1880 by 122 per cent, was \$157,445,713, of which 56 per cent was in crops, including forest products cut or produced on the farms. The gross farm income in 1889 was \$115,861,963 and the gross income on the investment 14 per cent.

TODAY'S WEATHER.

Washington, July 2.—The following is the weather bureau's forecast for Upper Michigan: Showers Thursday and Friday, fresh east to southwest winds increasing.

CUSTOMS DODGERS SUMMONED.

A. S. Rosenthal and Samuel Fried Must Answer Action of Government.

New York, July 2.—Summons were issued today against A. S. Rosenthal and Samuel Fried to answer to the action against them by the government to recover \$1,500,000 which this government claims is due because of the alleged undervaluation of imports, together with the forfeitures allowed by the law.

LARGE IRON ORE SHIPMENTS.

Total from Minnesota to July: Aggregates 5,000,000 Tons.

Duluth, July 2.—Iron ore shipments to July 1 from Minnesota were five million tons. This is one quarter of the total shipments of all ranges for 1901 and 2,500,000 more than Minnesota shipped to this date last year. The Duluth, Mesaba & Northern road broke all records in June with a shipment of 800,000 tons.

COMMISSIONERS STOP FIGHT.

Mill Between Young Corbett and Sullivan Is Declared Off.

St. Louis, July 2.—The board of police commissioners today decided that the prize fight scheduled for Thursday between Young Corbett and Sullivan cannot be held as it comes under the statutes prohibiting such exhibitions. President Haughton announced this evening that the Corbett-Sullivan fight is off, in accordance with the police board's ruling.

Springfield, Ill., July 2.—Governor Yates is determined to prevent Young Corbett and Sullivan from fighting in Illinois. He wrote the sheriff of St. Clair county, opposite St. Louis, directing him to prevent the fight at all hazards and informing him that the state militia forces will aid if necessary.

UNITED STATES OPPOSES POWERS

HARSH CONDITIONS IMPOSED ON CHINA IN EVACUATION OF TIEN TSIEN ARE NOT APPROVED BY THIS GOVERNMENT.

Washington, July 2.—The United States has notified the powers formally that it objects to the harsh conditions imposed by them in connection with the evacuation of Tien Tsin, China. This action has been taken through Mr. Conger, minister of the United States in Peking. Acting Secretary of State Hill has sent a cablegram to Mr. Conger calling his attention to certain conditions, which in his opinion should be modified. The authorities are not hopeful that the representations of this government will produce satisfactory results. At the same time they will have a certain moral effect, which will be beneficial and undoubtedly will increase the prestige of the United States in China. As communicated to the state department the agreement regarding the terms of evacuation of Tien Tsin is exceedingly harsh. No objection is made here to the first provision—that the forts between Peking and Taku, which have been destroyed, shall not be rebuilt—because in this way the road from the capital to the sea will be kept open for the shipment of the arms and munitions of the Chinese army. The Chinese government is prohibited from fortifying the native city of Tien Tsin. No Chinese garrison is to be permitted in the native city, while foreign troops garrison the Tien Tsin foreign settlement; the Chinese police in the native city are not to exceed 2,500 men; Chinese garrisons are not to be established within thirty kilometers of the railway; Chinese troops are not to approach within thirty kilometers of the native city, but foreign troops are to be at liberty to pass freely. Foreign soldiers cannot be arrested by the Chinese; the Chinese government guarantees immunity to all Chinese who are employed by foreign troops; and the final provision restricts the number of Chinese warships that shall be at Taku.

GOOD YEAR FOR RAILWAYS.

Only One Line Reported in Hands of Receiver in Last Six Months.

Chicago, July 2.—The Railway Age says: "The year 1902 has so far been the most remarkable period in fifty years of railway history in respect to insolvencies and receiverships. Since Jan. 1 only one operating railway, the New York & Pennsylvania, fifty-two miles long, has been placed in the hands of a receiver and that broke all the previous records for the brevity of its stay. The receivership covering a short season of four months. The Railway Age, therefore, for the first time in its history, cannot report a railway for which a receiver has been appointed and continued in the current six months. During the twenty-six and one-half years in which the record has been kept, it has shown the appointment of receivers for 639 roads, covering 114,400 miles and representing stocks and bonds aggregating \$2,291,397,000. In the single year of 1893, no less than seventy-four roads went into bankruptcy, with 29,340 miles and \$1,781,000,000 in stock and bonds. But since that year of the greatest financial calamity, the failures rapidly decreased and the reorganizations have gone on at equal speed. Today the era of railway receiverships may be said to be ended."

PURCHASES COAL SHAFT.

Spring Valley, Ill., July 2.—The coal shaft at Seatonville, owned and operated by the Chicago, Wilmington & Vermilion Coal company was transferred to the Spring Valley Coal company today. The purchase price being \$280,000.

FATALLY SHOT BY BURGLARS.

Brooklyn, July 2.—Albert C. Letimer, a wealthy stationer, was fatally shot here early today by burglars.

GARDNER HIDES HIS WITNESSES

SENSATION AT SESSION OF BOARD WHICH IS INVESTIGATING CHARGES OF CRUELTY AGAINST AMERICAN OFFICERS.

Manila, July 2.—A sensation developed yesterday in the session of the board investigating the charges of cruelty made by Major Cornelius Gardner, governor of Tabayas province, against American officers and troops, when it was announced that the names of witnesses were being concealed by the accused. The statement was made by his counsel that Major Gardner had not trusted his witnesses in the hands of the board after the action of Recorder Johnson at the beginning of the trial, because they believed that that official had tried to influence the natives of Lucena, a town eight miles from Tabayas, the capital of the province, of the same name in giving their testimony. For this reason Gardner had withheld their names and detained them for some months at a place where they could live beyond the danger of interference. It is probable that Major Gardner will adhere to his refusal and will not produce these witnesses except in the event of an ultimate court martial.

Major Gardner says his information as to the hostility of the military to the civil authorities came from persons he believed truthful, but it was impossible to produce them as witnesses, as it would be detrimental to the interests of the government. General Chaffee instructed the board to insist that Major Gardner produce his witnesses to show the hostility of the higher officials toward the civilians. General Chaffee stated that the answer given by Major Gardner yesterday had not been expected by Secretary of War Root, who did not think Gardner should be a judge of what was detrimental to the interests of the government.

Furthermore, General Chaffee said, Secretary Root's order in calling for an investigation of Gardner's charges was equal to a direct order for him to produce his statements, and, failing to produce witnesses, the inference would be that the statements were false. However, true or false, the statements made were that they had injured high officers in the Philippines. The defense agreed to reply to this later.

INCREASES CAPITAL STOCK.

Federal Sugar Refining Co. Now Capitalized at \$50,000,000.

Trenton, N. J., July 2.—The Federal Sugar Refining company, recently incorporated here with a capital of \$100,000,000, today filed papers increasing the capital stock to \$50,000,000.

New York, July 2.—It is learned here that the business of the Federal Sugar Refining company is principally refining sugar. At the present time the company is organized by C. A. Spreckels and associates for refining sugar by a new process. Spreckels is president of the company and John W. Mackay vice president.

REPORT IS DISCREDITED.

Str. Saint Paul Contradicts Story of Centennial About Lost Vessels.

San Francisco, July 2.—The Alaska Commercial company's steamer Saint Paul arrived today from Cape Nome with news of the vessel and of her crewing with the report of the Centennial two days ago. The word now is that the Thetis was spoken in Behring street June 18. She was then out ten days and had been nothing of the vessels. The fact that she left two days after the Centennial would make her report seem more reliable. Besides, she belongs to the same people who own the Portland.

THE WHALING BARK WILLIAM F. BAYLIES.

The whaling bark William F. Baylies, Captain Cottle, arrived at Nome June 29 and reports that the natives of the Diomedes island told him the whaling bark Baylies, the steamer Jennie and a passenger steamer supposed to be the Portland, drifted through the straits between June 1 and 8, the whaler passing on the first, the Portland on the fifth and the Jennie on the eighth.

RECEIPTS AND SHIPMENTS AS FOLLOWS.

Receipts. Shipments. Flour, barrels, 27,000 11,000 Wheat, bushels, 94,000 68,000 Corn, bushels, 212,000 136,000 Oats, bushels, 352,000 238,000

BOSTON COPPER QUOTATIONS.

The copper stocks dealt in on the Boston exchange closed as follows yesterday, the quotations being reported by Paine, Webber & Co.:

Acme 27 1/2, Anaconda 31, Arctic 27 1/2, B. & C. 27 1/2, Boston 27 1/2, B. & O. 27 1/2, C. & N. 27 1/2, E. & W. 27 1/2, G. & S. 27 1/2, H. & M. 27 1/2, I. & J. 27 1/2, K. & L. 27 1/2, M. & N. 27 1/2, O. & P. 27 1/2, Q. & R. 27 1/2, S. & T. 27 1/2, U. & V. 27 1/2, W. & X. 27 1/2, Y. & Z. 27 1/2.

KAISER'S YACHT NOT IN IT.

Eckenforde, Prussia, July 2.—Emperor William's schooner yacht Meteor was beaten yesterday for the fourth time by the British schooner Cleely in a long run from Kiel. The Clara was second and Meteor third. Today the Meteor, Cleely and other schooners are racing to Kiel.

CHICAGO BROKER DEAD.

Chicago, July 2.—A cablegram today announces the death in Scotland of Alexander Geddes, head of the Chicago Board of Trade firm of Geddes & Co.

NEW YORK STOCK MARKET.

Trading Was Extremely Dull and but Little Activity Experienced.

New York, July 2.—The stock market was extremely dull today and the only notable activity was concentrated in a few stocks. The speculation was light owing to the large operations in progress in the money market and account of the July settlement and of the syndicate operations. There were large transactions all day in Missouri Pacific which held the semi-annual dividend of 2 1/2 per cent but the price range all day was restricted to a fraction. Louisville was in active demand at the extreme advance of 3 1/2. The movement seemed to be based upon the formal announcement that the purchase in behalf of the company of the Chicago, Indianapolis & Louisville was in effect. Colorado Fuel made another spurt which was supposed to be due to a struggle for control but which incidentally involved forced buying by the distressed short interest. The short covering was also an element in the advance of sugar and the rise in the price of raw sugar also helped that stock. The buying of Amalgamated copper was attributed to a more confident feeling over the trade outlook. The statement of the May net earnings of the Pennsylvania system showing an increase over last year was taken as an index of the large profits accruing to the soft coal carriers as a result of the anthracite strike. The May statement of the Norfolk & Western corroborated the showing and led to a firmness of the soft coal carriers, in which, however, Pennsylvania shared but slightly.

The rate for call loans showed further ease today but the foreign exchange advanced. Yesterday's money market operations resulted in balances to be met between the clearing house banks this morning of \$24,943,457, which is the largest on record for that item. The payments today to the underwriting syndicate for the Burlington purchase was released. The large sums to the market and the disbursements of the government interests affords relief from any sub-treasury requirements. Today there was paid out by that institution on account of Klondike gold \$500,000, the first of the season. Advances are received of an additional \$500,000 to be received from the same source this week. The market closed dull and easy.

CLOSING PRICES OF STOCKS ARE REPORTED BY PAINE, WEBBER & CO. AS FOLLOWS:

U. S. Gov. Bonds, 4 1/2, U. S. 4 1/2, N. Y. Central, 15 1/2, Erie, 10 1/2, Southern Ry., 37 1/2, Mo. Pacific, 18 1/2, U. S. Steel, 32 1/2, C. & O., 47 1/2, Sugar, 12 1/2, O. & N., 47 1/2, Rock Island, 17 1/2, Southern Pac., 64 1/2, P. & N. E., 10 1/2, Met. & S. I., 14 1/2, B. & O., 10 1/2, Rubber, 10 1/2, B. & O., 10 1/2, Canadian Pac., 13 1/2, T. C. I., 10 1/2, Illinois Central, 10 1/2, Pennsylvania, 15 1/2, Leather, 12 1/2, L. & N., 14 1/2, U. S. Steel, 32 1/2, Republic Steel, 17 1/2, C. & N. W., 10 1/2, Erie, 10 1/2, Atchafalpa, 10 1/2, Texas Pac., 44 1/2, P. & N. E., 10 1/2, Western Union, 47 1/2, Northern Pac., 10 1/2, Mon. & S. I., 14 1/2, P. & N. E., 10 1/2.

RANGE OF MONEY RATES.

Money on call was firm at 4 1/2 per cent; last loan at 5. Prime mercantile paper, 4 1/2 to 5. Exchange, 4 1/2 to 5. Sixty days at 4 1/2 to 5. Bar silver, 52 1/2.

CHICAGO GRAIN MARKETS.

Features of the Day in the Wheat, Corn and Oats Pits.

Chicago, July 2.—The wheat market today closed unsettled and irregular and 1/4 better to 1/4 lower. The weather was the principal factor. The reports of clearing weather had its late effect. The seaboard reported forty-five boatsloads of wheat and only one from the Great Lakes and mostly of the scattered commission house character. At Liverpool spot was 1/4 lower. July corn closed 1/4 higher and September 1/4 lower. There was no trade in July to speak of. The bull party was the seller of September and the bear party the buyer. There was moderate business in the months beyond July and more or less complaint from the corn belt on the continued wet weather which is retarding cultivation.

RECEIPTS AND SHIPMENTS AS FOLLOWS.

Receipts. Shipments. Flour, barrels, 27,000 11,000 Wheat, bushels, 94,000 68,000 Corn, bushels, 212,000 136,000 Oats, bushels, 352,000 238,000

BOSTON COPPER QUOTATIONS.

The copper stocks dealt in on the Boston exchange closed as follows yesterday, the quotations being reported by Paine, Webber & Co.:

Acme 27 1/2, Anaconda 31, Arctic 27 1/2, B. & C. 27 1/2, Boston 27 1/2, B. & O. 27 1/2, C. & N. 27 1/2, E. & W. 27 1/2, G. & S. 27 1/2, H. & M. 27 1/2, I. & J. 27 1/2, K. & L. 27 1/2, M. & N. 27 1/2, O. & P. 27 1/2, Q. & R. 27 1/2, S. & T. 27 1/2, U. & V. 27 1/2, W. & X. 27 1/2, Y. & Z. 27 1/2.

KAISER'S YACHT NOT IN IT.

Eckenforde, Prussia, July 2.—Emperor William's schooner yacht Meteor was beaten yesterday for the fourth time by the British schooner Cleely in a long run from Kiel. The Clara was second and Meteor third. Today the Meteor, Cleely and other schooners are racing to Kiel.

CHICAGO BROKER DEAD.

Chicago, July 2.—A cablegram today announces the death in Scotland of Alexander Geddes, head of the Chicago Board of Trade firm of Geddes & Co.

Upper Peninsula.

The Menominee and Marinette lines men employed either in the service of the street railway or telephone companies recently organized a branch of the International Brotherhood of Electrical Workers.

J. C. Smith, who has been a teacher in the public schools of Iron Mountain for some time, and who is well known there, is now pastor of the M. E. church at Florence. He will fill that pulpit on alternate Sundays, in connection with Niagara.

The health officer of Menominee is carefully looking after the duties which he is sworn to perform. He has caused the arrest of a number of people who have violated the health laws and in most cases severe fines to the offenders resulted.

While playing golf recently at the grounds of the Menominee River Golf club, Arthur Cox, near the clubhouse, struck with his lofting iron. The ball had lodged in a sandy spot and when Cox struck at it he hit something hard, just beneath the surface of the sand. It proved to be a skull, which will probably be offered as a prize in the post-season caddy's tournament.

Menominee county may now boast of two more postoffices. One of these is named "Fox" and is situated on the Bay Shore road, north of Cedar River, at the point known as "Little Cedar," and Henry Hawkins is the postmaster. The other is on the "Soo" line in Spalding township, its official name being "Eustis," and John W. Henderson will be in charge. With these additions, Menominee county now has twenty-eight postoffices.

One of the largest land transfers ever made in Delta county was consummated last week when the Pittsburg & Lake Superior Iron company transferred to the L. Stephenson Lumber company about 10,000 acres of land, the consideration being \$44,500. Another transfer of 3,000 acres was made by James T. Upton and wife of Kalamazoo to the Cleveland-Cliff company for a consideration of \$13,000.

Menominee county farmers are finding it very difficult to get seed corn that will grow, owing to the cold, damp weather of the past sixty days, which greatly retards corn growing. At the Pine Hill stock farm varieties of seed corn from various parts of the country have been tried and very little of it has survived. For these and other reasons the supply of green corn is likely to be very limited this year.

Despite the cool weather experienced this spring, there is good prospect of a big fruit crop in northern Michigan this year. While in some localities frost did a little damage, there are few instances where any serious damage was done in this section. The Michigan crop report shows a very encouraging outlook, and the percentage prospect of northern Michigan largely exceeds that in other portions of the state.

George Werner, a thirteen-year-old citizen of Escanaba, went out to the pasture after his uncle's cows one day last week and found two men leading them away. The men claimed to have bought them, but the boy was and cut the rope with his jackknife and started the cows for home with a few blows of his whip. In spite of the men's threats he got away from them and made off home on his wheel. His uncle, Otto Starrin, foreman in the car shops, rewarded his resolute conduct by the gift of a watch and chain.

Without any blowing of horns or beating of tom-toms and without any help from the city or any of its business men, the Escanaba & Lake Superior railroad will within three weeks be running its trains right into Escanaba. The company some time ago set a surveyor to work to stake out a road in Escanaba over the lands owned by the railroad company. Already the grading is nearly completed and the steel will be laid within ten days. The passenger and freight depot will be a handsome structure and will be built somewhere near the property occupied by the Standard Oil company.

It has just leaked out that Miss Rowena Harmon of Menominee, daughter of M. S. Harmon, cashier of the Lumberman's National bank, was recently married to A. H. Taylor, professor of physics at the Michigan State Agricultural college at Lansing. Miss Harmon had been attending school there for the past two years. The acquaintance formed in the class room ripened into love, which finally culminated in their marriage on commencement day, June 19. The young lady returned home from college at the end of the term, for the summer vacation, as though nothing had happened, and when it finally became known that she had been married secretly, her friends were greatly surprised. Professor and Mrs. Taylor will spend the summer in Menominee, after which they will return to Lansing to reside.

Niagara, just over the line in Wisconsin, can no longer be called the "little paper mill town" as it now contains over 2,000 souls and its population is steadily increasing. Thirty-three new dwelling houses are being built and are nearly completed. Two of these houses are exceptionally fine and would be a credit to any city. They will cost about \$4,000 each and will be occupied by Dr. A. E. Farran and Sgt. W. H. Ryan. Over five thousand feet of sidewalk have been built from the river to McNally's store, and a contract has been let to an Appleton concern to furnish electric lights. Eight arc lights will be placed at suitable places on the streets, and incandescent lights will be placed in many of the business places and dwelling houses. Niagara will, in all probability, before long, be incorporated as a village, or an effort will be made to have a new town set off from Amberg township. This is the section of Marinette county that Florence county made such a strong effort to have annexed to its territory at the last session of the legislature.

When your system is wasting away with melancholy thoughts, restless nights, sorrowing days, renew life's glorious pleasure with Rocky Mountain Tea. 35 cents. The Stafford Drug Company.

BASEBALL.

Following are the scores in yesterday's games and the standing of the teams to date:

Table with columns for National League (Pittsburg, Brooklyn, Chicago, Boston, Philadelphia, Cincinnati, St. Louis, New York) and American League (Chicago, Boston, St. Louis, Philadelphia, Detroit, Baltimore, Cleveland).

National League.

Pittsburg, July 2.—Beckley beat out a bunt and Dobbs made a clear hit to center. This was all the visitors could do with Doheny.

Pittsburg, July 2.—Beckley beat out a bunt and Dobbs made a clear hit to center. This was all the visitors could do with Doheny.

New York, July 2.—Hale was hit rather freely in the first two innings and Pittsburg took his place.

Philadelphia, July 2.—Hughes played a magnificent game for Brooklyn today, until the eighth, when a wild pitch allowed the Philadelphia's to score one run.

American League.

Boston, July 2.—Baker beat out a bunt and Doheny made a clear hit to center. This was all the visitors could do with Doheny.

Chicago, July 2.—Beckley beat out a bunt and Dobbs made a clear hit to center. This was all the visitors could do with Doheny.

Philadelphia, July 2.—Hughes played a magnificent game for Brooklyn today, until the eighth, when a wild pitch allowed the Philadelphia's to score one run.

Chicago, July 2.—Beckley beat out a bunt and Dobbs made a clear hit to center. This was all the visitors could do with Doheny.

Philadelphia, July 2.—Hughes played a magnificent game for Brooklyn today, until the eighth, when a wild pitch allowed the Philadelphia's to score one run.

Chicago, July 2.—Beckley beat out a bunt and Dobbs made a clear hit to center. This was all the visitors could do with Doheny.

Philadelphia, July 2.—Hughes played a magnificent game for Brooklyn today, until the eighth, when a wild pitch allowed the Philadelphia's to score one run.

Chicago, July 2.—Beckley beat out a bunt and Dobbs made a clear hit to center. This was all the visitors could do with Doheny.

Philadelphia, July 2.—Hughes played a magnificent game for Brooklyn today, until the eighth, when a wild pitch allowed the Philadelphia's to score one run.

"J. E. K." CIGARS

Always Reliable. The Best that Tobacco can produce. 10c, or 3 for 25c. J. E. Kenning & Co. Mfg's. Grand Rapids, Mich.

1902 EDITION.

The new 1902 edition treats of Copper from all standpoints—Historical, Technical, Statistical and Descriptive. It is divided into ten chapters, as follows:

- I. History of Copper.
- II. Chemistry and Mineralogy.
- III. Metallurgy.
- IV. Glossary of Mining Terms.
- V. Copper Deposits of the World.
- VI. Copper Deposits of the United States.
- VII. Leading Foreign Mines.
- VIII. Lake Superior Mines.
- IX. American Copper Mines.
- X. Statistics of Copper.

The work is an octavo volume of 492 pages, set in Brevier type. It is the only volume printed in any language treating of the entire subject of copper, with descriptions of all principal mines, some 700 properties being listed, the descriptions ranging from a few lines to a dozen pages for each, according to importance.

The price of the Copper Handbook is \$3 in full morocco, and \$2 in buckram binding, prepaid to any address in the world. It will be

SENT ON APPROVAL

and may be returned within 30 days, if the purchaser is dissatisfied, for any reason whatever, and price paid will be refunded.

HORACE J. STEVENS,

3 Post Office Block,

HOUGHTON, MICH.

Ishpeming and its Environs.

PEOPLE WILL SCATTER.

Tomorrow Will Be One of the Quietest Fourth in History of the City.

Tomorrow will be a very quiet day in Ishpeming. It is the first Fourth in many years that there has not been something doing. There will be but one picnic at the Cleveland park, that of a Sunday school.

The people will seek different places in quest of amusement. Musing will catch a large crowd and it will require several coaches to accommodate all who will go down on the special, leaving here at 7 o'clock a. m. The railway people expect a large turnout and it was reported yesterday that every coach on the combined roads will be in use. Many who will take the trip will pay their first visit to Musing.

A large delegation will take in the Merchants' picnic at the Marquette driving park. All the regular trains going down from here during the forenoon will be crowded.

The Winthrop celebration will catch many city people and not a few will spend the day at the towns in the western end of the county. There will be celebrations at Champion, Michigan, Republic and Humboldt.

There will be no work at any of the mines and the mercantile establishments will be closed. Special rates of fare will be given by the South Shore company to all points on its line.

REPERTOIRE ALL WEEK.

Kennedy Players Will Be at the Opera House in Good Plays.

The Kennedy Players, a theatre company new to the upper peninsula, but not new in the business, will hold the boards every evening next week at the Ishpeming Opera House. The company is playing at the theatre in Calumet this week and is doing a big business. The following, from a recent issue of the Evening Argus of Owosso, Mich., will give local theatre goers an idea of what they may expect during the company's engagement here:

"Well, in the lottery of the drama, we must occasionally draw a prize, and after weeks of blanks we drew a great prize last night. 'Kennedy Players' opened a week's engagement at Salisbury's. They came here strongly commended, but the words of praise heaped on them in neighboring cities were no more than deserved. Imagine a great big organization, numbering twenty-three people, carrying a load of scenery, sixty-eight trunks loaded with magnificent wardrobes, electric lights and calcium effect, and in fact every accessory of a first-class performance, and all for the small sum of 10, 20 and 30 cents. This is what the Kennedy company offers.

"The play presented last night was Roland Reed's successful comedy, 'Check', full of ginger from start to finish, interpreted by a company of first-class actors, headed by John and Nellie Kennedy, with not a dull moment, no levities between acts, all filled in by clever vaudeville acting with dance and song. To sum it all up it was simply immense."

The prices here will be 10, 20 and 30 cents, with ladies free on the opening night. The sale of reserved seat tickets commences Saturday morning.

MAY GO WEST TO WORK.

Thomas J. Hayes and family are spending a few days with relatives and friends. They hail from Hancock, where Mr. Hayes holds a good position in the Hodge foundry. He has done very well since his removal to Hancock two years ago, when he quit the employ of the Cleveland Hills Iron company. He will leave Saturday evening for Toronto, Canada, to attend the annual convention of the Bench & Machinery Moulders' union, which convenes in that city Monday. He will go by way of Chicago. After the convention Tom will spend a few days in New York. He has an offer of a good position at Grand Rapids, though he has not yet decided to accept it.

SYNOD PICTURES ARE OUT.

In the window of J. E. Lindomb's store is a group of pictures of members of the Augustana synod, taken on a trip during the session. The first lot of the pictures were procured yesterday and they are now being offered for sale by Rev. E. V. Isaacson, pastor of the local church. Mr. Lindomb and Swanson, Warnberg & Co. Mr. Isaacson has obtained a number of orders for the pictures from the ministers who attended the conference. The money realized from their sale will be used to defray the expense incurred during the meeting.

SOLD THE WOLVES.

John Groves, who captured six cub wolves in the Dead River district about six weeks ago, recently sold the four that survived to Dr. Deadman of Sault Ste. Marie. It is said the \$80 man gave \$200 for the animals. The wolves are very tame and a babe could play with them at the time they left this city.

SAVES A WOMAN'S LIFE.

To have given up would have meant death for Mrs. Lois Cragg of Deshobe, Mass. For years she had endured untold misery from a severe lung trouble and obstinate cough. "Often," she writes, "I could scarcely breathe and sometimes could not speak. All doctors and remedies failed till I used Dr. King's New Discovery for Consumption and was completely cured." "I suffered from Coughs, Colds, Throat and Lung Trouble until this grand remedy, for it never disappoints. Cure is guaranteed by Stafford. Price 50c and \$1.00. Trial bottles free.

A new line of silks just in. We have corded taffetas, peau de soie, moire and other kinds too numerous to mention. Finnish Mercantile association.

What's the secret of happy, vigorous health? Simply keeping the bowels, the stomach, the liver and kidneys strong and active. Burdock Blood Bitters does it.

LANDED A MONSTER PIKE.

Little Son of Andrew Talo Caught One Weighing Thirty-Six Pounds.

Andrew Talo, Henry Manley and Mike Koski, with four boys of the three families, came in from Lake Independence Tuesday evening. They had spent nearly a week there and found splendid fishing. The members of the party had the biggest kind of a time.

The sensation of the trip was the landing of a monster shovelnose pike by the boys. John Talo caught the fish, but he was not able to land it. It took the combined strength of the four youngsters to keep the fish from getting away with the line and pole. There was some lively tugging for over an hour before the fish was exhausted. The pike weighed thirty-six pounds dressed. It has been on exhibition at Mr. Talo's place of business and not a few viewed it yesterday.

The hook was badly bent when taken from the mouth of the fish. The line was not extra heavy and all who examined it yesterday were surprised that it did not break.

The party brought in 105 fine fish. They caught many more, but they did not care to bring them to the city, as they had all they wanted.

ISHPEMING IN BRIEF.

Manville Jenks is home for the Fourth.

Wanek & Fish opened their billiard and pool room Tuesday evening. The place presents a very neat appearance.

A new hardwood floor has been laid in the place occupied by A. Christanson in the Johnson block, Cleveland avenue.

An attractive electric sign has been placed in front of James H. Billings' saloon, corner of Cleveland avenue and First street.

August P. Schmidt was called to Milwaukee early in the week on account of the death of his sister, whose home was in that city.

Joe Hooper, who was recently appointed a member of the state board of barbers by Governor Bliss, received his commission yesterday.

These Johnston entertained a number of his young friends yesterday afternoon at the home of his parents, Mr. and Mrs. W. H. Johnston.

Captain John Thomas of Swanzy, D. T. Morgan of Republic and P. P. Chase of Dexter, all supervisors, were in the city for a few hours yesterday.

William Mandley was the winner of an eight-day clock recently offered as a prize by El Clark for the nearest guess of the number of peas in a bottle.

New sills are being placed under the rear portion of the Blackney block at the corner of Pearl and First streets. Other improvements will also be made.

The Negaumee & Ishpeming Street Railway & Electric company is putting in a cement crossing at the intersection of Cleveland avenue and First street.

The Ishpeming Co-operative society is building a large fuel shed at the old foundry site on Lake street. The structure is enclosed and will soon be completed.

The South Shore company is taking one hundred cars of rock from the Lake Superior dump near the hard ore mine to be used for filling at a bridge on the main line near the Beaver.

A number of the boys who attend the Ishpeming high school are employed these days getting material in shape for the new fence to be placed around the school property on East Division street.

The ladies of the Methodist church will give a lawn social tomorrow afternoon and evening at the residence of Captain Hodgson, Bluff street. The usual light refreshments will be served. The public is invited to attend.

The South Shore road will sell tickets to Marquette and return at the rate of fifty cents tomorrow. This rate is far the benefit of up-the-road people who may desire to attend the Merchants' picnic and sports at the Fair grounds.

D. P. Quinlan and wife arrived in the city yesterday. Mr. Quinlan has been granted a leave of absence from his regular duties in the United States Army on account of sickness. He has not been feeling well for some time past.

The gallery in the rear of F. Braastad & Co.'s dry goods and clothing departments is being extended the entire length of the building. The main office will be moved from its present quarters to the gallery. The office building will be utilized as a trunk department.

Palmer, on the Cascade range, is the last place to announce a Fourth of July celebration. It will be held under direction of the brass band. A good time is promised all who go out. The afternoon program will consist of athletic sports. In the evening there will be a ball in the town hall.

NEED MORE HELP.

Often the over-taxed organs of digestion cry out for help by Despesia's pains, Nausea, Dizziness, Headaches, liver complaints, bowel disorders. Such troubles call for prompt use of Dr. King's New Life Pills. They are gentle, thorough and guaranteed to cure. 25c at Stafford's drug store.

The ladies are invited to call and inspect our new line of silks white cooling off after exercise. One Minute Cough Cure acts at once. Absolutely safe. Acts immediately. Sure cure for coughs, colds, croup, throat and lung troubles. Harwood, Ishpeming; Stafford Drug Co.

ACTS IMMEDIATELY.

Colds are sometimes more troublesome in summer than in winter, it's so hard to keep from adding to them while cooling off after exercise. One Minute Cough Cure acts at once. Absolutely safe. Acts immediately. Sure cure for coughs, colds, croup, throat and lung troubles. Harwood, Ishpeming; Stafford Drug Co.

Ladies! See our big line of shirt waists. Going at reduced prices. All the late patterns. Finnish Mercantile association.

CURES WEAK MEN FREE.

Insures Love and a Happy Home for All.

How any man may quickly cure himself after years of suffering from sexual weakness, lost vitality, night losses, varicocele, etc., and enlarge small weak organs to full size and vigor. Simply send your name and address to Dr. Knapp Medical Co., 212 Hull Bldg., Detroit, Mich., and they will gladly send the free receipt with full directions so any man may easily cure himself at home. This is certainly a most generous offer, and the following extracts taken from their daily mail, show what men think of their generosity:

"Dear Sirs—Please accept my sincere thanks for yours of recent date. I have given your treatment a thorough test and the benefit has been extraordinary. It has completely braced me up. I am just as vigorous as when a boy and you cannot realize how happy I am."

"Dear Sirs—Your method worked beautifully. My results were exactly what I needed. Strength and vigor have completely returned and enlargement is entirely satisfactory."

"Dear Sirs—Yours was received and I had no trouble in making use of the receipt as directed, and can truthfully say it is a boon to weak men. I am greatly improved in strength and vigor."

All correspondence is strictly confidential, mailed in plain sealed envelopes. The receipt is free for the asking and they want every man to have it.

COPPER MINING.

TAMARACK AND OSCEOLA.

Increased Production Expected by Reason of Recent Improvement.

No. 5 shaft, Tamarack, is now connected with the main workings of the north and south sections of the mine. The great shaft is about one mile deep and to connect it with the main workings of the mine crosscuts had to be driven something like 3,000 feet, and besides a level through the lode 500 feet more. By connecting the three main workings of the mine, air currents have been changed and atmospheric conditions materially improved, for say nothing of what may be forthcoming in the near future in the way of increased production. The mine is now sending to mill in round numbers 60,000 tons of copper rock per month. That means something and thus far No. 5 contributes very little of the output. But that great opening will soon be sending 25,000 or 30,000 tons out.

In the new shaft crosscuts will not be one-quarter so long as those at the north and south ends of the mine and consequently not nearly so costly. Openings in the lode are being extended and put in shape for vigorous production as rapidly as practicable with a view to economy and good mining. From now on the output of rock from there will keep on increasing until it swells to the magnitude of 25,000 or 30,000 tons per month as before mentioned.

At the north branch of the Osceola—the two Kearsarge—a great work has been practically accomplished, and the product of the mine is now said to be about 1,000 tons high grade mineral per month. South Kearsarge is in excellent physical condition and opened up sufficiently to send out a good round product and keep it up for many years to come. Reports touching the appearance of the lode are extremely satisfactory and everything there moves along with order and dispatch. Reports from the North Kearsarge are really glowing—particularly so from the openings going north and where the company owns a vast quantity of land, and practically inexhaustible. Practically the Osceola is now getting in shape for mining copper, and the close of 1902 will see the property making a magnificent record and away and beyond anything hitherto done by the company.

Wolverine's June Output.

The prediction that Wolverine would finish its fiscal year with a handsome production is more than verified by the June output, which was 316 tons and 1,500 pounds. During the year just closed the Wolverine openings varied little if anything from that of the year previous. The percentage of mineral yield is not expected to show the least falling off, and the mine openings continue uniformly good, as amygdaloid veins go. The Wolverine's new year has an auspicious opening. Friends of the property predict that its output will be secured at not to exceed 75 cents per pound, and the statement does seem to be within the bounds of reason.

Copper Gossip.

The Quincy mining copper output for June was 1,128½ tons and the Wolverine output for June 316½ tons. The Atlantic output for June was 248½ tons.

E. W. GROVE.

This name appears on every box of the genuine Laxative Bromo-Quinine Tablets, the remedy that cures a cold in one day. 25 cts.

LAKE NOTICE.

A window display of the work of the International Correspondence Schools of Scranton, Pa., will be given by their local representative, Mr. J. R. Franks, at Republic, July 2, 3, 4 and 5. For further particulars call at the Pascoe building, opposite the postoffice. Open from 9 a. m. to 9 p. m. (7-2-3d)

IRON! METALS!

POISONING THE SYSTEM.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dullness and melancholia. First, then, unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. Harwood, Ishpeming; Stafford Drug Co.

BRONCHITIS FOR TWENTY YEARS.

Mrs. Minerva Smith, of Danville, Ill., writes: "I had bronchitis for twenty years and never got relief until I used Foley's Honey and Tar which is a sure cure." People's Drug Store.

NEW CAR AGREEMENT.

Railway Companies Using Rolling Stock of Other Lines Will Pay Increased Rate.

The railway corporations doing business in this section have notified their station agents of a recent agreement whereby a new schedule of rates for the use of cars belonging to other lines has been made. Heretofore the rate has been so low that many of the smaller lines found it cheaper to use cars of other systems than to provide their own. There has been no limit as to how long a car owned by one system might be held by another, so long as the rate per mile traveled by the car was paid within a given time. Many times a car has been used for weeks on short hauls and the revenue received by the corporation owning it has been a mere trifle. The former rate was only a small fraction of one cent per mile. A car had to travel a great many miles in a month to bring anything like a fair rental.

Under the new arrangement a rate of twenty cents a day will be charged for the use of each car owned by one system and used by another. This rate stands for twenty days only. If at the expiration of that time the car is not returned to the owner, the rate will be boosted to eighty cents a day.

The new arrangement will result in the transfer of many cars to their owners. All roads will make an effort to keep their own rolling stock in order to avoid the use of cars belonging to other systems.

It is said that the arrangement will be more expensive to the smaller lines, with which there is a shortage of cars, than to the bigger systems. Railroad men claim that the larger corporations have been very lenient with the smaller roads and that they often allowed them the use of cars when they were badly needed on their own lines.

SCRAMBLE FOR THE PLATE.

The balloon ascension at the Savings Bank store drew out a large crowd Tuesday evening. The first balloon burned before it left the ground and the second got caught in the telephone wires near the store and went up in smoke. There was a wild scramble for the tag attached to the bottom of the balloon when it came to the ground. The tag was good for a boy's suit of clothes. The fingers trying to hold it. A young man named Robey finally got the tag.

LOCAL LACONICS.

A son was born Tuesday night to Mr. and Mrs. John McNabb.

Charles Burt has been ill and confined to his home the past few days.

P. E. Kirkwood came up from his camp Tuesday. He will go down again after the Fourth.

The horse stalls at No. 1 hose house have been supplied with two new doors, made by H. B. Lehman.

Mr. and Mrs. Sol Berkson, Able and Phil Levine, will spend tomorrow with the latter's parents in Republic.

Miss Lulu Gilchrist returned yesterday from Marquette, where she spent the past few days visiting friends.

The Episcopal Sunday school society's picnic, which was to be held this week, has been postponed until some day next week.

The funeral of the late Hulda Jaenson was held yesterday afternoon at 2 o'clock from the Swedish Lutheran church.

Captain James H. Rough and family will move from Ishpeming to this city on Monday next. They will occupy the Kruse residence.

Miss Carrie Johnson of this city has taken a position as assistant bookkeeper in the office of the Carpenter-Cook company at Ishpeming.

Mrs. John P. Miller of this city and Miss Minnie Witt of Ishpeming, who spent the past week or so with friends at Green Bay, returned home Tuesday.

Casper Laiter was taken to Marquette yesterday to be examined as to his sanity. Marshal Gribble had him in charge. Laiter boarded with Matt Johnson on Peck street.

There will be a celebration at Palmer tomorrow. The members of the band organized out there some time ago, have the affair in charge. They will be pleased to have their Negaunee friends visit them.

M. Laeros, late of Michigan, has opened a saloon in Mrs. Mary Johnson's building on West street. Mr. Laeros conducted a similar business at Michigan a year or more prior to two months ago.

Charles Brungrober, supervisor of Turin township, was a Negaunee visitor yesterday morning. He stopped off here on his way to Marquette, where he attended a monthly meeting of the county board.

The Macabee ball to be given tonight at McDonald's opera house will be a big social event. The music will be furnished by Trombly's orchestra and supper will be served at Heisel's restaurant. Tickets will be \$1 per couple.

The South Shore road will sell tickets to Marquette and return at the rate of fifty cents tomorrow. This rate is for the benefit of up-the-road people who may desire to attend the Merchants' picnic and sports at the Fair grounds.

Negaunee will be almost deserted tomorrow. There will be nothing doing here. Both bands will leave the city to assist at celebrations elsewhere; the business houses will be closed and all will have a day off. Some will go to Marquette; others will visit the towns in the western end of the county and not a few will take in the Munising excursion.

Fifty Against Two. It is not reasonable to expect two weeks of outing to overcome the effects of fifty weeks of confinement. Take Hood's Sarsaparilla along with you. It refreshes the blood, improves the appetite, makes sleep easy and restful.

VISITED THE SCHOOLS.

Board of Education Inspected All Buildings and Grounds in the City.

The members of the board of education made the rounds of the school buildings of the city Monday with a view to ascertaining what repairs are necessary before the opening of the term. The buildings and grounds were found in very fair condition and there is not a great deal of work to do this summer.

Nearly all the blackboards need an overhauling, though none of them are in very bad repair. A new hardwood floor will be put in at the Queen street school and the fence at the Jackson school needs attention.

Before the schools closed it was thought that new floors would be found necessary in at least two or three of the buildings, but the board found that the Queen school is the only one that will need a floor this year.

Less repair work will be necessary this summer than for some time. The schools have been given no little attention during the past four or five years.

The meeting of the board was postponed from Friday evening last until Monday on account of the tour of inspection planned for that day.

THE MUNISING EXCURSION.

Negaunee will be largely represented on the excursion to Munising on the Fourty and the Marquette and the Southeastern line is the big attraction, though the celebration at Munising will also prove a drawing card. The Negaunee Orchestra band will go down this evening and will be at Munising when the special train arrives tomorrow morning. The special will leave here at 7:08 a. m. The fare for the round trip will be \$1. Returning the special will leave Munising about nine o'clock, or immediately after the fire works display. All who wish to remain a few days at Munising will be good until the 7th.

BAD FOR THE FARMERS.

The cold and wet weather of the past two months has caused the farmers of this vicinity no little worry. Some of them have had to replant much of their vegetables. The frost last month raised havoc with a number of crops. The more tender vegetables have not yet had a good start. As many as three crops of cucumbers have been put in by a few of the local farmers. The crops have been doing well the past couple of weeks, but three weeks ago the farmers were afraid everything they had in the ground would be damaged.

CHURCH SOCIAL TOMORROW.

The ladies of the Swedish Lutheran church congregation will give a social tomorrow in the parochial school building at the rear of the church. Refreshments of different kinds, including ice cream and cake, will be served at reasonable prices. All are invited to attend.

PULLMAN TOURIST SLEEPERS

Daily via the Northwestern Line, between Chicago and Denver.

From June 22nd until July 15th.

Recognizing the fact that the low rates to Colorado in effect via the Chicago and Northwestern and Union Pacific railways, from Chicago and all points east during the present summer season, will place this inviting trip within the reach of an unusually large number of people, the announcement is made that in addition to the present equipment of reclining chair cars, day coaches and drawing room sleeping cars leaving Chicago daily via the Northwestern and Union Pacific lines, a Pullman Tourist Sleeping Car will, during the period from June 22nd to July 15th inclusive, leave Chicago daily via the Chicago and Northwestern railway at 11:30 p. m. running through to Denver without change, arriving Denver 7:55 the second morning. Departure for Denver at 10:29 p. m. arriving Chicago at 7:15 a. m. second day, June 24th to July 15th inclusive.

The tourist sleeping car rate from Chicago to Denver for a berth that will accommodate two people, is \$2.50. This with the round trip rate of \$25.00 Chicago to Denver, Colorado Springs and Pueblo, in effect at stated intervals throughout the summer, offers one of the grandest opportunities ever afforded the traveling public to visit the West.

Two daily trains between Chicago and Denver via the Chicago and Northwestern and Union Pacific Rys. offer accommodations for all classes of travel. The 11:30 p. m. train from Chicago has in addition to the tourist sleeper referred to, drawing room sleeping cars and free reclining chair cars through without change.

The Colorado Special.

The Colorado Special now leaves Chicago daily at 6:30 p. m., reaching Denver next day at 7:50 p. m. The new schedule makes it possible to reach Denver from the Atlantic seaboard only two nights en route, while from Cincinnati, Cleveland, Detroit, Toledo, Indianapolis and Chicago, only one night is required on the road.

Free reclining chair cars, day coaches, Pullman drawing room sleepers, buffet, smoking and library cars and dining cars (a la carte) making up the equipment of this fast and handsome train.

MOTHERALWAYS KEEPS IT HANDY

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once and now, at the age of seventy-six, eats anything she wants, remarking that she feels no bad effects as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol treats the stomach and strengthens the body by digesting the food. It is a woman's own tonic. Harwood, Ishpeming, Stafford Drug Co.

Republic.

WILL OCCUPY LARGER QUARTERS.

Finnish Co-Operative Society Will Soon Purchase the Verran Block.

The directors of the Finnish Co-operative society this week decided to purchase the Verran block, one of the largest and most convenient buildings for a general store in the village. The figure submitted by Mr. Verran was satisfactory to the directors and the owner has been assured that the deal will be closed soon.

The society's business is at present conducted in the Scandinavian society's block, which was occupied by J. A. Kingstedt for a number of years before the latter sold out to the Finnish organization. The place is too small to meet all the requirements of the co-operative people and it would sooner or later become absolutely necessary to find larger quarters. Mr. Verran has been desirous of getting out of business for some time and he offered his property at a low figure.

Men were put to work Monday excavating for a basement under the Verran block.

The room in the western end of the building will be vacated by the Clergue people within the next week or two. The syndicate has finished its exploratory work on this range and the office will be closed. Most of the material used at the explorations has been forwarded to Canada and Captain McKusker will pull out within a few days.

THAT BASEBALL GAME.

The Marquette ball tossers should learn to tell the truth when they give an account of a game. Their story of Sunday's defeat was entirely misleading. There was no dispute at the close of the game. The Marquette players left the grounds satisfied that they were defeated and they had no complaints to offer here.

The visitors were at the bat for the last time. Two men had been retired and there was a man on third and another on first base. The latter attempted to steal second and he was thrown out by the catcher. The man on third started for home, but he did not reach the plate before the man went out at second. This retired the side and the Republics still had its half of the ninth inning at bat, but as the score was 8 to 7 in their favor the game ended.

THE CELEBRATION.

Republic people have arranged for a good time on the Fourth. The program will provide amusement for old and young. There will be all kinds of noise early in the morning. There will be a calithumpian parade; then a distribution of candy among the children. The afternoon will be taken up with athletic sports and baseball. The local ball teams will meet and a lively game is expected. In the evening there will be a ball at the town hall, given by the fire department. Members of the Trombly orchestra will furnish the music. Tickets will be \$1 per couple.

GOES TO CANADA.

The People's Mail of Crystal Falls gave Captain McKusker the following mention in its last issue: "Thomas McKusker, who has had charge of the exploratory work for the Clergue syndicate, returned from Canada the latter part of last week. He had been there looking over some of the syndicate's properties on the Algonquin range. Mr. McKusker expects to leave for Canada again about July 1 to take charge of the timber operations for this concern. He says that if he likes the country he will dispose of everything he has here and locate there with his family."

FORGOT THE RENT.

A party of Ishpeming men came to town last Saturday evening to give an entertainment. The "bunch" hired the Woodmen hall, but the audience longed for never came. The hall was kept open until ten o'clock with the "all star" aggregation in possession and finally they departed without even returning the key to the man they had rented the hall from. The manager would feel under obligations to the Ishpemingites if they will kindly inform him what they did with the key.

WILL REPEAT THE PLAY.

"A Noble Outcast," the melo-drama which was so well produced here by local talent a couple of months ago, will be repeated, perhaps on the 25th inst. The play made such a hit that many have asked that it be put on again. The members of the club have received an invitation to produce the play at Iron Mountain for the benefit of one of the churches. The invitation will likely be accepted.

BROKE THE ENGAGEMENT.

The management of the celebration to take place on the Fourth feels that local talent a couple of months ago, will be repeated, perhaps on the 25th inst. The play made such a hit that many have asked that it be put on again. The members of the club have received an invitation to produce the play at Iron Mountain for the benefit of one of the churches. The invitation will likely be accepted.

PENCIL POINTS.

Mrs. Frank Sabory of Ypsilanti is visiting friends in Republic.

Miss Agnes Lamson has gone to Calumet on a visit to friends.

Ed. Lind of Calumet, has taken a position as clerk with B. Levine.

Miss Teresa Buesch has taken a position as cashier at R. Levine's store.

Louis Buesch has spent the past few days at Duluth on a business mission.

Miss Carrie Extrum spent last Sunday with her people here. She resides at Anasa.

Miss Jennie Sines of Calumet, formerly a teacher here, is in the village visiting Miss Clara Pascoe.

The Republic baseball team expects to go to Mass City to play two games on Saturday and Sunday next.

The minstrel talent of Republic will likely get together again soon and give another performance. The boys gave a

ECZEMA COMES FROM THE BLOOD AND NOT FROM THE SKIN

The prevalence of Eczema among the young and old is due to the introduction of poisonous matter in the blood. These pimples, eruptions and sores upon the face, neck and body are all due to the same cause. It is a waste of time and money to attempt to cure such a condition by doctoring the skin. The seat of the trouble is in the blood and the cause is the blood's impurity. A specific course of MEDERINE will open the natural channels of the system and promote a drainage of the impurities of the blood, which will filter, cleanse and purify it so that no form of eruption upon the skin can appear. MEDERINE is the only Guaranteed Cure for Eczema and all blood impurities. It stands alone today upon its own merits and challenges the world for a specific blood purifier like it. Do not nurse your trouble along. Write MEDERINE REMEDY CO., West Superior, Wis., for their system of treatment. All letters answered.

MEDERINE

The only Remedy that Cures SKIN DISEASES Those Pimples on the Face and Body THE HOME OF MEDERINE AND GUARANTEED

splendid show some months ago and they will be greeted by a full house when they take the boards again.

D. P. Householder has resigned his position with B. Levine. He retired at the expiration of his contract.

Frank Munson and Arthur Reando, who spent the past few years at Douglas Island, Alaska, are home. They may remain here.

M. A. Sturges, D. P. Householder, and a couple of the former's friends from Iron Mountain, came in from the Pence river Monday, after a three days' outing, with over one hundred fine trout.

Mrs. Dunn, wife of Engineer James Dunn of the Chicago, Milwaukee & St. Paul line, spent the past week here visiting her husband. Their home is at Green Bay, but Mr. Dunn has been employed on this end of the system for the past few weeks.

It is said that George Bennetts, the South Shore conductor, will soon take the run out of this place, which he held for some years prior to three or four years ago. He has been on the east end for some time past, but he has an opportunity of coming here. In this event he will move his family to Republic.

The management of the Pascoe house will change the first of the coming month. George E. Veyer, who has conducted the hotelery for the past two years, has concluded to quit the business. Miss Mayne Carey, who is here looking after some alterations at the property, has another tenant in sight and it is expected that a deal will be closed within the next few days.

Dias Wiseman of Marquette and Miss Mary E. Everson, a popular young lady of this place, were united in marriage last Monday evening at the home of the bride's mother, Rev. Magahay, pastor of the Methodist church, tied the nuptial knot. The ceremony was witnessed by a large number of the couple's friends, several being present from Marquette and Calumet. Mr. and Mrs. Wiseman will reside at Marquette.

Where to Stop When in Detroit. Hotel Metropole, Woodward Ave., opp. City Hall. European plan. Rooms, \$1 per day; with bath, \$1.50

Price 50c. and \$1. Large size contains 2 1/2 times as much. Book about dyspepsia mailed free. Prepared by E. C. DEWITT & CO., Chicago. Stafford Drug Co., N. Meloch, Ishpeming.

PICNIC TOMORROW

MERCHANTS WILL MAKE MERRY AT THE FAIR GROUNDS.

FINE PROGRAM ARRANGED

VERY FEW MARQUETTE PEOPLE WILL LEAVE THE CITY.

There Are No Celebrations in This End of the County, but Musinging Will Have a Hair-Raising Time.

Although the almanacs do not show it, tomorrow is the longest day in the year. The population wakes up, or is woken up, in the neighborhood of 4 a. m. and it gets no opportunity to close its eyes until after the witching hour of midnight on the Fourth.

Marquette has arranged for no formal observance of the nation's birthday, but the retailers' reports on the sales of fireworks indicate that there will be more than the usual amount of powder burned. There will be racket enough to drive nervous people to the woods and the annual "bunch" of trifling casualties may be anticipated.

Marquette county offers no big celebration, although the term "celebration" is used in the popular mind. The celebration business some years ago; Ne-gamance is busy with the forthcoming farmers' tournament and Marquette has not yet recovered from the disappointment of last year's rainy spell, when the people tried in vain to make merry and look entertained. Michigan, Cham-paign and Republic will all make the eagle scream, but, of course, their observances will be more modest than those usually given in this end of the county.

Musinging is in the field with a big show and it will be largely visited from this section, as the Marquette & South-eastern road offers a fine excursion rate for the day. It is expected that many people will take this opportunity of seeing the country through which the new road runs. The South Shore will also offer the public an unrivalled chance for getting to and fro on its line, as it has fixed a one rate fare for the day.

Merchants' Picnic. But while Marquette has no attraction that dignifies by the term "celebration," it is unlikely that many of its people will journey away from home, as tomorrow is the date of the annual Merchants' picnic. The various committees report their work completed and they confidently expect that this year's program will outshine those prepared for the two previous picnics.

As announced in yesterday's Mining Journal, the parade feature of the program has been cancelled, but the festivities will nevertheless begin in the morning. The sport will open at the fair grounds at 10:30 a. m., when baseball teams representing the South and North Sides will cross bats. The aggregations are composed of old players, and they will go in to win, as the merchants have hung up a purse of \$25 to reward the victors. This is a bona fide purse, offered in the hope of assuring a game that will prove highly interesting.

The baseball, together with sports and races, will keep the picnickers busy until noon, when dinner will be served. It is expected that a few people will bring their baskets to the grounds, but provision for those who do not care to do this will be made in dining tents and refreshment stands.

The program of sports will be resumed at 1:30 p. m., when the trotting race for the 2-24 class will be called. There are a number of entries for this event and some real sport is promised. The heats in this race will alternate with those in the running race. Another feature of peculiar interest to deliverymen is the hitch and tie race, open to all. The wagons will stand on the line. Some distance back, the drivers and their horses will be started. They will hitch up and drive a mile. There will probably be a number of heats. There is also a race for the 2-24 class. An interesting feature will be a race between one of the fastest horses on the U. P. and a bicycle rider.

Much amusement will be derived from the wheelbarrow, sack, foot, potato, peanut and bicycle races. There will be the omnipresent greasy pig and pie, doughnut and molasses contests. One of the best features of the entertainment will be the day fireworks.

A brass band will furnish music at the grounds. Street cars will run every fifteen minutes and an extra effort will be made to handle the traffic expeditiously. Indications point to a big attendance of the merchants, their clerks and friends. An admission of twenty-five cents will be charged to help defray expenses. There will be no charge for the grand stand.

OIL-BURNING STEAMERS.

Date Not Far Distant When They Will Be Pictorial on Lakes.

The time is not far distant when oil as fuel on the large steamers on the great lakes may be taken not to waste it. On the lakes this difficulty would not have to be contended with, but a system which could be of universal use, both on the lakes and on the ocean, is now being considered by those who have been conducting the experiments for the shipbuilding company.

Live steam has heretofore been used as an atomizer, but the present experiments are to do away with this entirely on account of the difficulty mentioned in connection with ocean use—the waste of

fresh water. Compressed air will be utilized instead of the live steam, and the claim is made that it will be just as effective.

Other advantages for oil over coal as a fuel on vessels are that it weighs less, is less bulky, makes a hotter fire, and that it is nearly all pure carbon, doing away with ashes, dispenses with the services of several firemen, is easier to load, and larger quantities may be carried in a smaller space than in the coal bunkers of a coal burner.

It has been figured out that a gallon of oil weighs 7 3-10 pounds, or about 300 pounds to the barrel. Three barrels, or 900 pounds of oil, would be equal to a ton of coal, and far as heating properties are concerned, and weighs less than one-half.

With the enormous output of the new Texas oil fields, oil can be secured at a rate about equal to \$2.40 on coal, including freight.

WEAKNESS IN WHEAT MARKET.

Profit Taking Results in Break After Strong Opening.

W. H. Laidley & Co. said of the Chicago markets: A weakness developed in the wheat market after a strong opening. Heavy selling by St. Louis and local professionals taking profits resulted in the break. Crop advices are very unfavorable. The cables are indifferent to our advance. A very large short interest has been covered and the longs have generally taken their profits. It is a plain guess as to the weather. Should we have two or three days of bright sunshine we would undoubtedly become very weak.

Excitement in the corn pit subsided and the market presented an entirely different aspect from yesterday. The July was very erratic with a small trade. Plenty of September was for sale on the rallies. Reports are still coming in of considerable damage to the growing crop, but no doubt they are considerably exaggerated.

Oats went rather slow with the prices a little lower. There was not much disposition to buy except upon the part of the shorts who covered moderately. The news continues to favor the July option.

New York Market Strong. Dick, wiring Paine, Webber & Co. has this to say of the New York market: "The market was strong today although toward the close there was more or less selling in preparation for the long holiday. There was no news and money was rather stiff, getting up to 6 per cent at the close. The Gates specialties were very strong, notably Colorado Fuel and L. & N. The latter advanced on rumors that the Morgan option on the Gates stock will be exercised before July ninth. Good buying appeared in sugar which, however, reacted. St. Paul, Union Pacific and other recently active shares declined under persistent selling. Missouri Pacific was rather heavy on what seemed to be liquidation. Coal stocks were only firm. United States Steel stocks showed firmness in response to the favorable statement.

Boston Stocks Quiet. Hayden, Stone & Co. wired the Laidley Commission Co.: Another quiet day with rather a strong undertone. United States Oil shows the most strength of anything in the Boston market, with very good buying. We think this one of the best things on the list and think it will sell much higher.

HUMBLED THE BULL FIGHTERS.

What Colonel Cody's Cowboys Did in Far Off Spain.

When Buffalo Bill's Wild West show was in Spain, Colonel Cody (Buffalo Bill) almost created a riot by offering a big bet that the cowboys in his outfit would rope, tie and ride any bull that could be produced. The bull fighters were wild with rage. The "matador" is the idol of the populace in Spain and his glory would be destroyed could the public be taught that American cowboys were able to make playthings of the bulls supposed to be such terrible creatures to everybody but the matador. But the American people would like to get on Colonel Cody's side in any bet of the sort, especially after seeing the sort of cowboys he has in the Wild West. Buffalo Bill comes here on July 16.

GOOD COMEDY BILL.

"The Missouri Girl" at the Opera House Saturday Evening.

"The Missouri Girl," which comes to the Marquette Opera House Saturday evening, is a play of the "Old Home-stead" order, and one of the first of that kind to be written. That "imitation is the sincerest flattery" is clearly proven by the fact that in nearly every one of the later domestic comedies there can be seen traces of "The Missouri Girl," which has enjoyed prosperity for the past seven years. With the present company it is admirably acted and the management has given it a splendid mounting. The scenery is most elaborated at once. It will be an event of the season in the country.

CLEARING SALE.

Mrs. Todd Has Bought Out Her Partner in the Millinery Business.

The partnership which has existed between Colby and Todd, who have conducted the millinery business in the Harlow block, Front street, has been dissolved. Mrs. Todd taking the management of the store. Mrs. Todd announces a clearing sale, to be inaugurated at once. It will be an event of which Marquette ladies may well take advantage.

DISSOLUTION NOTICE.

Notice is hereby given that the copartnership heretofore existing between Elizabeth Colby and Charity Todd, under the name of Colby & Todd is this day dissolved. Elizabeth Colby retiring. Charity Todd will continue the business, collect all accounts due the late firm and settle all claims to date.

ELIZABETH COLBY, CHARITY TODD.

O ye people! have ye wasted the golden moments of never returning time in taking a substitute for the genuine Rocky Mountain Tea made by the Madison Co.—Stafford Drug Co.

WANT VAULT ROOM

COUNTY OFFICERS MAY SEEK TEMPORARY QUARTERS.

SUPERVISORS IN QUANDARY

SOME FAVOR KEEPING OLD COURT HOUSE INTACT.

While New Structure Is Building, This Seems Only Way to Insure Satisfactory Conduct of County Business.

The board of supervisors, at its regular session yesterday, was concerned principally with business connected with the erection of Marquette county's new court house. Four important resolutions were adopted. They provided for the acceptance of the plans and specifications submitted by Chariton, Gilbert & Demar; authorized the chairman and clerk of the court house board to advertise for bids; named as a site for the new structure the spacious lot occupied by the present building and empowered the court house committee to take steps for the removal or disposal of the ancient landmark that has sheltered the county officers for several decades past. As a result of the meeting, Marquette county is much nearer the possession of a fine, modern structure. Bids will be invited forthwith and the other work preparatory to the start on building operations will be given attention at once.

Are in a Quandary.

The supervisors are in a quandary as to what to do with the county officers while the new building is in course of erection. It will require several months to complete it and during this period the business of the county must be carried on without any interruption. The problem of providing quarters for the several officers is in the hands of the court house committee. It was informally discussed yesterday, when a number of very different opinions were advanced.

On first thought, it would seem a simple matter to provide ample quarters for the county clerk, the judge of probate, the register of deeds and the county treasurer. This would be true were it not for the fact that these gentlemen are using an enormous amount of vault room in conducting their every day business. The vaults connected with County Clerk Ross' and Register Primeaux' offices are really good sized rooms, and they are filled with records that, while they are in request every day, must be protected from fire, as their loss would be irremediable. The vaults used by the treasurer and the judge of probate are nearly as large. It is a patent fact that it would be impossible to find fire-proof storage rooms of sufficient capacity to receive the county records anywhere in the city, or in the county, for that matter.

Plenty of Office Room.

There would be no difficulty in finding plenty of office room. Parts of the city building might be used. In fact it might be possible to carry on all the business of the county at this place, if it were not for the lack of vaults.

There was considerable discussion yesterday of postponing the sale or demolition of the old court house until the new building is ready for occupancy, with the purpose of using it for the accommodation of the county officials. Advocates of this plan believe that the old building should be moved to the southeast corner of the court house lot, where it would be out of the way of the builders and contractors.

They say that the public should be considered and that this is the only plan promising an uninterrupted and satisfactory conduct of the county business. It was asserted in the corridors of the county building yesterday that the present court house could be moved to another point on the lot for \$1,000. It was said that there is an Ishpening contractor who would agree to do the work for that sum. The court house committee has heard from a number of outside contractors who would like to bid on the work, if it is decided to move the structure.

There was a considerable feeling in favor of such a course yesterday, and it is not unlikely that it will be decided on. It is believed that the expense would be no greater than the expense which would be incurred in providing temporary quarters for the officials, in moving their reports and furniture to and fro and in properly safeguarding their records.

Officers Don't Want to Move.

The county officers dwell with dread on the idea of having to establish themselves in temporary quarters. Their business is complex. Each of them has thousands and thousands of papers on file and they are constantly in demand. Now they know just where each document is to be found. Their systems are all but perfect and they are enabled to transact a large volume of business with ease and precision. They say that they will be greatly handicapped if they have to tear their offices inside out to establish themselves in new rooms, not adapted to their needs.

Contract Renewed.

Outside of matters pertaining to the new court house, little business, except of a routine nature, was transacted at yesterday's sitting of the board. The county's contract with the Detroit House of Correction, a Wayne county institution, for the care of any Marquette county prisoners whom the judge may see fit to send there, was renewed.

A petition of Hiram A. Burt, present owner of the old county poor house and other structures at the poor farm, for permission to allow the buildings to remain standing on their present site for the time being was referred to the poor commissioners.

CITY BREVITIES.

Today's weather: Warmer with probably showers; southerly winds.

Yesterday's temperature: 7 a. m., 57 degrees; noon, 61 degrees; 7 p. m., 61 degrees. Maximum, 66 degrees; minimum, 56 degrees.

R. P. Bronson of Ishpening was in the city yesterday.

Mrs. W. R. Culbertson of Placerville, Cal., is visiting her son, B. R. Culbertson.

Miss Mabel Grosstephan of Chicago is in Marquette, the guest of Mr. and Mrs. J. M. Lindstrom.

John Grant, of Toronto, Ont., is here for an extended visit with his nephew Joe Donohue, the railroad conductor.

Miss May Noyes of Milwaukee, is the guest of Miss Ruth Read, of Arch street. Miss Noyes will spend the summer here.

August Nordine, a dealer in cedar poles, ties, etc., of Kenton was a Marquette visitor yesterday. He was here on a business mission.

Hathway will have a fine lot of white-fish Friday morning. He desires that all parties wanting these fish order today for early delivery.

Miss Grace Winters returned yesterday from a ten days' visit in Detroit, where she was the guest of Miss Laura Heppner, formerly of Marquette.

The Ladies' Auxiliary of the B. of R. T. will give a dance at Fraternity hall this evening. Tickets are twenty-five cents. A large attendance is assured by a big advance sale.

In accordance with its time honored custom, The Mining Journal will not be printed Friday morning, but will give all its employees a day of rest. The Saturday issue of the paper will appear as usual.

Mr. and Mrs. Harry L. Stafford, child and nurse, leave for New York tomorrow morning. Mr. Stafford will return via Boston, within two weeks, but his family will remain in the east all summer, visiting on Long Island.

Mr. and Mrs. J. M. Longyear, their four children and servants, arrived in Marquette from the east Tuesday evening. They left yesterday morning for Huron Mountain, where they will spend the summer at their Ives Lake farm.

The South Shore road will have in effect tomorrow the usual reduced rates to the various trout streams east of the city. A number of Marquette anglers are expected to take advantage of this opportunity of reaching these fishing grounds.

A very entertaining musicale was given by the younger members of St. Paul's cathedral for the benefit of St. Luke's hospital last night. The music, especially the solos, were enjoyed greatly by the audience. The company wishes to thank the public for their kind assistance in attending.

The officials of the Huron Mountain club report that there are not as many people at that resort as is usual at this time of the year. The cold and backward spring has kept the members at their homes. However, it is expected that the arrivals will be numerous with the advent of warm weather and it is believed that the middle of July will see the club house and various private cottages pretty well filled.

Street Commissioner French's force is making good progress with Blaker street. The roller has been busy between Ridge and Front streets for the past three days and it will shortly be working on the final dressing. The rough material has already been put on and the finer stuff has been distributed on the upper part of the street. Residents of Blaker street will appreciate the improvement, as this thoroughfare has been in very poor condition for a number of years now.

In the course of the next few weeks, the supervisors are going to have a photograph of the old county court house taken. They want to get a fine, large view to be framed and hung up in the new building, on which work will start in the course of a month or two. The old court house has been jibed and jeered for years, but it has been a very serviceable and convenient structure. It has been suggested by a wag that one of the enormous white pillars might be preserved and erected as a memorial column on the grounds of the new building.

Henry Jennette, a would-be baseball pitcher, who came here from Marquette a month or so ago with the intention of playing with the Crystal Falls ball team, was given a specified time in which to leave town one day this week. When Jennette arrived here he expected a good job in return for his pitching power, but as the latter didn't show up very strong he was not engaged, and he has been doing odd jobs about town. Last Saturday while doing some work about the residence of a prominent citizen he happened to get his eye on several bottles of champagne which he proceeded to at once appropriate to his own use. He was caught in the act and taken before Justice Davison, who ordered him to leave town. He left—Crystal Falls Mail.

WANTED BRICKLAYERS

To work on Charcoal Kiln construction. Work will commence July 1st and continue till snow flies. Wages 15c per hour. Apply to Fred Pearce, foreman, new furnace, Marquette.
