## BEGGING FOR FOOD

FLOOD SUFFERERS IN IOWA THREATENED WITH FAMINE.

EPIDEMIC OF SICKNESS FEARED

RISE OF WATERS MENACE LEVEES ALONG RIVER.

Farmers Are Working Day and Night Strengthening Embankments—Losses to Crops Will Be Enormous.

Des Moines, July 11.—Hundreds of homeless flood sufferers spent the night in the school house yards and downtown parts without a blanket to cover them. Some had to lie on the ground every possible effort is being taken to provide for them. The charitable societies and city officials are becoming better organized today and it is believed the wants will be generally met. Neither the Des Moines nor the Racoon rivers have receded perceptibly. It is believed the situation in the flooded district cannot be materially relieved for several days and the fear is expressed of an epidemic of malaria and typhoid fever. To estimate the damage is practically impossible. It is expected to reach \$1,000,000. Tommy Crooks, well known as a boxer and athlete was drowned in the flooded district this evening. He drove off the roadway into twenty-feet of water. In a collision on the Chicago & Northwestern at Ankeny this evening fifteen persons were more or less injured.

Levee May Give Way.

Keokuk, Ia., July 11.—The crest of the flood in the Des Moines river reached its mouth tonight. Through preparations prevented immense damage but large areas of tomatoes and cucumbers merged. A break in the Egyptian levee is imminent and would submerge many square miles of corn. The farmers are working day and night repairing the levee. The Mississippi is four inches higher than at any time before this year.

Kansas City, July 11.—The Missouri river is falling tonight. Though large areas are flooded the financial loss is small.

Council Bluffs, Ia., July 11.—The high waters continue to play havoc along the bottoms of the rivers in southern Iowa. The levees in that section are out of their banks.

## WISCONSIN TOWN FIRE SWEEP.

Bear Creek, Near Appleton, Destroyed With Loss of \$50,000.

Appleton, Wis., July 11.—The village of Bear Creek, thirty miles northwest, was destroyed today by fire. The fire burned every business house in town except a hotel, three stores and two schools. About fifty persons are homeless. The loss will exceed \$50,000. The insurance is small. The origin of the fire is believed to be incendiary. The places destroyed include the postoffice, the Northwestern depot, two general stores, a butcher shop, a millinery, drug, hardware and furniture stores and a lumber mill.

## KING CROWNED ON AUGUST 9

OFFICIALLY STATED YESTERDAY THAT EDWARD WOULD TAKE OATH ON THAT DAY—PROPOSED PROCESSION ABANDONED.

London, July 11.—It was officially stated today that the king will be crowned Aug. 9, since the holding of the ceremony Monday, Aug. 11, would involve another full bank holiday with an attendant dislocation of general business while the Saturdays are almost universally observed as half holidays. The fixing of such an early date for the coronation is regarded as an additional guarantee of the confidence the king's physicians have in the continuance of his rapid recuperation. The proposed procession has been abandoned.

## CONVICTED OF TREASON.

Two Filipino Generals Found Guilty and Sentenced to Prison.

Manila, July 11.—General Maxilom has been convicted of treason at Cebu and sentenced to ten years' imprisonment and pay a fine of \$2,000. General Novizo, jointly charged with General Maxilom, was sentenced to seven years and a similar fine.

The spread of cholera has slightly decreased. The total since the outbreak is: Manila, 2,181 cases and 1,718 deaths. Provinces, 12,476 cases and 9,257 deaths.

## JIMINEZ REACHES NEW YORK.

Deported President of San Domingo Arrives at Empire City.

New York, July 11.—Juan Jimenez, the deposed president of San Domingo, arrived today.

## MASS MEETING OF CATHOLICS.

Members of Church in Grand Rapids to Consider Friars Question.

Grand Rapids, Mich., July 11.—A mass meeting of the Catholics will be held here Sunday to consider the attitude of the administration in regard to friar lands.

## HUSBAND AND WIFE SENTENCED.

Former Will Hang and Litter Gets Life for Brutal Murder.

Henderson, Minn., July 11.—Death by hanging for one and life imprisonment for the other is the punishment to which Frank Tank and wife, respectively, were sentenced this afternoon for the murder of John Wellnor, Mrs. Tank's first husband, Dec. 31, 1898.

## KITCHENER REACHES ENGLAND.

His Steamer is Sighted and Due at Southampton This Morning.

Southampton, July 11.—The steamer Oratava on board of which is Lord Kitchener returning to England, was sighted off Ushant at 4 o'clock this afternoon. She cannot reach a berth in Southampton before morning.

## SHOOTING AFFRAY AT IRONWOOD.

One Finlander Killed and Another Fatally Wounded.

Ironwood, Mich., July 11.—A shooting affray which occurred at an early hour at Iron Belt on the west end range is mystifying to the authorities. A Finlander named Hill was killed and a fellow countryman named Reibeck probably fatally wounded. Each had received several bullet wounds from a revolver fired nearby. It is not yet determined whether either of the men did the shooting or whether an unknown party is responsible.

## TO SETTLE STRIKE CONVENTION ENDS

FREIGHT HANDLERS AND RAILROADS WILL CONFER TODAY.

TEAMSTERS PRECIPITATE ACTION

WILL QUIT IN SYMPATHY IF TROUBLE IS NOT ENDED.

Mutual Concessions Are Made by Both Sides in Struggle and It is Expected an Agreement Will Be Reached.

Chicago, July 11.—Mutual concessions by the freight handlers and the railroads have paved the way for conferences between the managers and their employes which it is hoped will lead to a settlement of the freight handlers' strike. These conferences will be held tomorrow morning in the offices of the respective general managers. The board of arbitration had intended delaying the formulation of the strikers' demands until tomorrow but the Teamsters' union declared their 25,000 members would strike in sympathy in the morning unless something was done tonight. There was some rioting today but no one was seriously hurt. If tomorrow's conference does not settle the strike it is predicted the teamsters will go out immediately. This would mean the spoiling of \$500,000 worth of produce that will arrive in the morning. The result of this will be an enormous increase in the prices of provisions.

## TRACY FIGHTS WITH DEPUTIES.

Convict Slips Through Cordon of Guards and Escapes Into Woods.

Covington, Wash., July 11.—Early this morning the convict Tracy slipped like a phantom through a cordon of guards at the mouth of Shute creek and fought a battle with deputies a mile west of here. He escaped into the timber. In the fighting none were hurt.

## WHEATON GIVEN OVATION.

Famous American Army Officer Royally Received at Old Home.

Peoria, Ill., July 11.—Major General Wheaton was given an ovation on the occasion of a visit to his old home today. After luncheon a military parade square speeches were made by prominent citizens. General Wheaton's speech was carefully worded. He said if the United States desired it could dominate one third of the earth.

## WOULD SETTLE FRIARS QUESTION.

Rome, July 11.—It is understood that the question of the withdrawal of the friars from the Philippines could be settled immediately if Washington would accept the oral assurance of the vatican that they will be withdrawn gradually. It is believed here that only President Roosevelt can decide whether such a promise shall be accepted.

## NEGRO MURDERER ARRESTED.

Kansas City, Mo., July 11.—Len Hickman, a negro charged with the murder of his wife in Springfield, Ill., and who escaped from the officers there July 1, was arrested here tonight.

## SPREADING RAILS CAUSE WRECK.

Four Injured in Smashup on Chicago & Northwestern.

Malone, Wis., July 11.—Spreading rails caused the wreck of the Chicago & Northwestern work train near here today. The injured are Roy W. Harris, Alex. DeRusher of Fond du Lac; Edward J. Dolan of Harvard, Ill.; Cassian Deitler of Kenosha. The car was badly damaged.

## BALK AT OATH OF ALLEGIANCE.

Many Boer Commandants Refuse to Sign on Account of Stringent Terms.

Bloemfontein, July 11.—A difficulty has arisen regarding the oath of allegiance. Many Boer commandants and field coronets officials in the late Free State government refuse to sign the oath, though few object to signing the document called the "declaration acknowledging King Edward as sovereign. The oath of allegiance is much more binding.

## URGE REBELS TO LAY DOWN ARMS.

Revolutionists in Panama May Quit to Reach Decision on Canal Bill.

Panama, July 11.—Prominent revolutionary leaders have issued a manifesto urging their followers to lay down their arms in order that the nation may reach a decision on the canal bill. The manifesto sets forth that the commercial interests of the world demand the prompt construction of the canal. This declaration shows that both political parties favor the project.

## MONT PELEE AGAIN ERUPTS.

Paris, July 11.—It is officially reported that an eruption of Mont Pelee July 9 set fire to the ruins of St. Pierre. For twenty-five minutes stones and cinders rained on the neighboring communes.

## MEETING OF EDUCATORS WAS VERY SUCCESSFUL.

PROMINENT SPEAKERS PRESENT

RESOLUTIONS RELATIVE TO SCHOOL WORK ADOPTED.

Organization of National Bureau on Broad Lines and Efficient Compulsory Education Law Is Advocated.

## MINNEAPOLIS, JULY 11.—The National Educational association convention closed today. Forty-five meetings and six general sessions was the day's program, each of which were addressed by speakers of national reputation.

The report of the committee on resolutions was adopted this evening. They urge the necessity of organizing a national bureau of education on broad lines and clothing the commissioners with more power; advocate the organization of a department of education; favor the enactment of a conservative but efficient compulsory education law with such proper regulation of child labor as is necessary to complete the reorganization of a good common school system; commend the steps taken to increase the qualification of teachers; plead for unity of effort for the complete education of the child; renew endorsement and commendation of the effort to keep the country schools up to the standard; invite attention to the necessity of greater care in arrangement of the courses of study; urge that strict attention be given to moral instruction in the schools as the true foundation of character and citizenship hope that public sentiment may change so as to permit and encourage the reading and studying of the English bible as a literary work of the highest and purest type; commend the employment of teachers upon merit with out reference to other considerations; endorse the organization of summer schools throughout the country for the instruction and training of teachers by leading educators.

## KING LEAVES PALACE TUESDAY.

Condition of His Majesty Improved Enough to Warrant Yacht Trip.

London, July 11.—The following statement was issued today: "The king has made such excellent progress that his medical advisers believe his majesty is now strong enough to be moved from London. They feel a change of air very necessary at the present stage of the healing process. It is hoped his majesty will be able to leave Buckingham palace Tuesday for the royal yacht, which is at present at Portsmouth."

## TO DO ONE OF TWO THINGS.

Convention of Miners to Call General Strike or Plan Defense Fund.

Wilkesbarre, July 11.—Speaking of the Indianapolis convention President Mitchell today said that it was utterly impossible to forecast the action of the convention. From his remarks it is almost certain that the convention will do one of only two things, either decide on a general suspension or provide a defense fund for the strikers.

## BIG FAILURE IN FRANCE.

Paris, July 11.—The tribunal of commerce today declared the "Classe Generale des Familles" to be insolvent. The liabilities are said to be 40,000,000 francs.

## INTO MINE OF DEATH

RELIEF PARTIES AT WORK AT SCENE OF JOHNSTOWN HORROR

TWENTY-TWO ARE RESCUED ALIVE

ENTOMBED MEN MADE MANIACS BY THEIR AWFUL EXPERIENCE.

Up to Eleven O'Clock Last Night Ninety Dead Bodies Were Brought Out—List of Killed Will Be More Than 150.

Johnstown, July 11.—This has been a day of heroic rescues at the Cambria Steel company's mine. Thrilling experiences attended the efforts of forty brave and daring rescuers. The reward of their efforts was the saving of the lives of fourteen men. Dead and maimed bodies were located but no effort was made to bring them out until every human energy was put forward towards seeing that no living soul might escape their aid. Those done, the dead were attended to and put in a train of cars and brought up. Eighty-seven dead bodies were recovered up to 6 o'clock tonight. The impression prevails that 150 is a low estimate of the casualty list. Great throngs surged about the pit, the morgue, at the army and at the stricken homes of the dead all day.

Rescuers Have Terrible Experiences. The rescuers had terrible experiences and the story probably will never be told. Brave men went into the jaws of death, encountered their fellows transformed into raving maniacs by the hours of waiting, lifted them moaning from their beds of fallen rock and then bending and crawling on all fours, carrying them a quarter of a mile underground where the cars could be reached to take them outside. The first train reached the mouth of the pit at 3 o'clock. Eight men were lifted to ambulances and taken to the hospitals. Half an hour later six more living men were brought to the surface.

At 4:35 o'clock, thirty-nine terribly distorted dead bodies were brought up. Most of those brought out alive this afternoon saved themselves by crawling into a chamber and turning on the valve of the compressed air pump. One man was found dead with his hands clutched so tightly about a monkey wrench that it could not be removed.

Number of Known Dead Ninety.

At 11 o'clock tonight the number of known dead is ninety; injured in the hospitals, eighteen; injured but able to go home, four. The coroner has selected a jury to inquire into the disaster but the investigation may not begin for a week. Superintendent Robinson declares the explosion was not due to any special amount of gas in the mine. This opinion is based on the small amount of damage done to property. Fully ten thousand people are packed in the streets surrounding the morgue tonight. Twenty bodies have been identified. Orders have been issued to bring up no more dead tonight.

Two members of the relief party said that on Saturday morning fifty-two bodies loaded on cars were ready to be brought out after daylight. This will swell the dead list to 143.

## SOLDIERS HAVE QUIETING EFFECT

PRESENCE OF MILITIA AT ELDORADO, SCENE OF RECENT RACE RIOTS, AWE MOB—NUMBER OF ARRESTS MAY BE MADE.

Carbondale, Ill., July 11.—The presence of soldiers at Eldorado the scene of the recent race trouble has had a quieting effect. General Ewart has commenced an investigation and has requested the state's attorney to assist him. It is likely a number of arrests will follow. President Alston denies that he stoned the school himself as charged by the sheriff.

## ILLINOIS DEMOS PLAN CAMPAIGN.

State Executive Committee Elects John P. Hopkins Chairman.

Chicago, July 11.—The Democratic state executive committee today elected John P. Hopkins chairman and George E. Brennan secretary. Hopkins also is chairman of the central committee. The state campaign will open early in September either at Springfield or Peoria. It is proposed to invite David B. Hill of New York; Richard Olney of Massachusetts; Mayor Johnson of Cleveland and Robert E. Pattison of Pennsylvania to speak at the opening.

## SEC. SHAW GOES TO VERMONT.

Boston, July 11.—Secretary Shaw arrived in Boston with his family today. He remained in Boston only a short time. He left with his wife and daughters during the day for Vermont.

DAILY MINING JOURNAL.

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

SUBSCRIPTION RATES: Per month, by carrier, \$1.00; Per year, by mail, \$10.00.

MARQUETTE, MICH., JULY 12.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Johnstown, Pa., is a singularly afflicted city. A little over a decade ago it was destroyed by a flood which caused the loss of thousands of lives, it being one of the worst catastrophes of later years.

Now the city has undergone another visitation that has plunged it into the depths of woe and mourning, making widows and orphans on every hand. There is nothing in Johnstown's manner of living to explain such heavy strokes of misfortune. It is a well behaved community. It will have national sympathy and assistance to help it bear its latest burden of sorrow.

The preliminaries of the negotiations for the control of the Panama canal by the United States have been completed to the satisfaction of Minister Concha and Secretary Hay and it is expected that the agreement between the United States and Columbia will be signed this week. Likewise the negotiations with the canal company and France are so far advanced that nothing but the formalities remain to be completed.

The Iron Trade Review says: A comparative statement of ore shipments from upper lake ports for the month of June and to July 1, 1901 and 1902, shows a very large increase this year. The most conservative estimate for the year is now 23,000,000 tons, while there are those who for reasons of their own place the estimate at 25,000,000 tons.

The Mining Journal sincerely trusts that the Ishpeming business men will receive a favorable response from the cordial invitation they have extended to President Roosevelt and his party to visit their city on the 25th of September, and there is a strong probability that they may, as there is no doubt that the president is anxious to pay the upper peninsula a visit.

Minister Quesada of Cuba, in a Washington interview, states that the island is quiet from one end to the other, that all the prominent generals have announced to President Palma their intention of upholding his administration and that the governors of all provinces have reported their localities free from disorder.

This is the way George Wagner sizes up the situation in the Twelfth district, according to an interview published in the Detroit Free Press: Ex-Representative George Wagner of Marquette, is in Detroit, being engaged in financing an iron mine in Canada, a few miles from the Soo, in which A. I. McLeod and a number of other Detroit men are interested.

Young forces will easily be in control of the convention. This will probably result in the Young delegations from the contested counties being seated, and Young will probably be a winner. Sheldon's defeat is probably due to the fact that the strong men in Houghton county did not consider him a broad enough representative.

Baraga's two votes will give Young fifty delegates and nominate him on the first ballot. This is one way in which the Ishpeming man can be the choice of the district convention without receiving assistance from Charles A. Wright, or the Republicans of Chippewa county.

At the county convention Wednesday the Sheldon party finding that Mr. Wright had full control agreed to withdraw any opposition to the twenty-two delegates to be appointed, being instructed to endorse Mr. Wright's candidacy at the congressional convention at Marquette upon certain conditions.

Hon Carlos D. Sheldon is a dead duck in the political pit. Sheldonism has been effectually eliminated from upper peninsula politics despite the desperate efforts of the congressman's supporters.

Iron county has also repudiated him. In Baraga county, after a desperate attempt to influence the legal voters to rally to the Sheldon banner, fake caucuses were resorted to and with the help of non-residents a contesting delegation was elected to the congressional convention.

Mr. Sheldon is no longer in the contest and there is no good reason why his supporters in this county should longer continue the fight. It was a hopeless fight, anyway. The result of yesterday's conventions ensures the nomination of Hon. H. O. Young of Ishpeming.

What are humors? They are vitiated or morbid fluids coursing the veins and affecting the tissues. They are commonly due to defective digestion but are sometimes inherited. How do they manifest themselves? In many forms of cutaneous eruption, salt rheum or eczema, pimples and boils, and in weakness, languor, general debility, and in various other ailments.

How are they expelled? By Hood's Sarsaparilla which also builds up the system that has suffered from them. It is the best medicine for all humors.

of the candidates. It will have seven votes and with it Mr. Young will have forty-eight delegates, or one less than a majority. In Baraga county there is a pretense of a contest by the Sheldon men, but people who have read fair and conservative reports of the happenings at the county convention Wednesday and the caucuses the previous evening are satisfied that it is a very shadowy pretense.

NEED MORE HELP. Often the over-taxed organs of digestion cry out for help by Dyspepsia's pangs, Nausea, Dizziness, Headaches, liver complaints, bowel disorders, Such ailments all for prompt use of Dr. King's New Life Pills. They are gentle, thorough and guaranteed to cure. 25c at Stafford's drug store.

L'Anse and Baraga. "The Missouri Girl" company played to a large audience Tuesday last at the L'Anse opera house. Mrs. L. B. Armstrong, and daughter, of Houghton is visiting at the Blankenhorn residence, L'Anse for a week.

Major Wm. K. Haviland, who was operated on for appendicitis at the Hancock hospital some two weeks ago, like King Edward is considered out of danger and sat up and enjoyed a cigar yesterday. A quiet home wedding was celebrated at the Beecher residence in L'Anse Wednesday morning last, when Miss Adeline became the wife of Thomas J. Welsh of East Grand Forks, Minn.

New "Dry" House for Baltic. A new "dry" house, 90 by 30 feet, will be built at the Baltic. Each man will have a locker, for his clothes. The building and equipped with all sanitary improvements. The Baltic has received its new electric plant and the work of installing it is under way.

Copper Gossip. It is thought that the prospects for striking the Baltic lode on the Globe property just south of the Champion are very good at present. An overburden of 21 feet has been penetrated by the drills and the character of the ground is such to warrant the belief that the lode is near. The operations will be watched with interest.

Caused a Sensation. Mr. Wm. Gutow, of Eau Claire, Wis., writes: "I state with profound gratitude that Gloria Tonic cured my wife of rheumatism when everything else had failed, for which we are very thankful. Her recovery has caused a sensation, as she was known to be such an invalid, that many people call to learn the name of the remedy which cured her. We always tell them that it was Gloria Tonic."

Through Sleeping Cars, Coaches and Baggage Cars Every Day in the Week. MEALS IN DINING CARS A LA CARTE. A. Miller, G. P. & F. A., Chicago. W. E. Tyler, D. F. & P. A., Milwaukee. S. E. Vaughan, Com'l Agt., Houghton.

IRON-OX TABLETS ARE ABSOLUTELY UNIQUE From the first they have sold as readily as the oldest established remedies. My customers are delighted with them. -H. A. DUPEE, Druggist, Bridgeport, Conn.

COPPER MINING. NEW LEASE OF LIFE. Resumption of Mining Operations at Allouez Likely Soon.

It is believed that the chances are more than even that the conglomerate workings on the Allouez will be given another trial, and it goes without saying that such a move would prove highly acceptable to the business and industrial interests in Calumet and vicinity.

Double Smelter Capacity. Owing to the increased tonnage at the Calumet & Arizona, it is recommended by the superintendent and two of the directors that the smelter capacity be at once doubled.

Wolverine's Fine Record. The annual report of the Wolverine for the year just closed is that of the most successful period of its career. The Wolverine stands pre-eminently at the head of Michigan's copper stock investments, and it is only simple justice to say that the property is justly managed, and fairly entitled to the high rank it has attained in the world of mining.

Caused a Sensation. Mr. Wm. Gutow, of Eau Claire, Wis., writes: "I state with profound gratitude that Gloria Tonic cured my wife of rheumatism when everything else had failed, for which we are very thankful. Her recovery has caused a sensation, as she was known to be such an invalid, that many people call to learn the name of the remedy which cured her. We always tell them that it was Gloria Tonic."

HIBERNIANS ARE DRILLING.

The Hibernian Rifles of Hancock are drilling regularly in order to make a good showing at the state convention of the A. O. H. to be held at Hancock next month.

DOUGLASS HOUSE ANNEX.

When Completed Hostelery Will Be One of Most Complete in Northwest.

Mr. Mann of the Douglass House, Houghton, is very busy these days getting things in readiness for the complete opening of the new portion of the hotel which will be soon.

VISIT TRIMOUNTAIN BROTHERS.

Houghton Lodge Will Be Guests Tuesday of South Range Knights.

Part of Houghton lodge, Knights of the Maccabees, will visit their brethren at Trimountain next Tuesday evening.

INSTALLED I. O. O. F. OFFICERS.

At a recent meeting of the Lake Linden lodge of Odd Fellows the following officers were installed: John Nichols, noble grand; William J. Burgean, vice grand; John J. Currie, secretary; John Burgean, treasurer; W. J. Glanville and Thomas Darlen, right and left supporters to noble grand; Lyon Mellon, warden; John Aischbach, conductor; L. Avery and Alex Larond, right and left supporters of vice grand; Thomas Jeffery, right side supporter; Peter Mounen, outside guardian; Charles Aischbach, inside guardian; James Cornelius, chaplain.

GIRLS ATTACKED BY MAD BULL.

Two Finnish girls, who carry milk to customers in Hancock from the Anthony farm at the Quincy, while coming down the Quincy hill yesterday morning were furiously attacked by a mad bull.

IF A MAN LIE TO YOU, And say some other tale, ointment, lotion, oil or alleged healer is as good as Bucklen's Arnica Salve, tell him thirty years of marvelous cures of Itches, Burns, Blisters, Corns, Follies, Clevers, Scalds, Bruises and Skin Eruptions prove it's the best and cheapest. 25c at Stafford's drug store.

BUFFALO BILL'S BIG SHOW.

It Will Be Seen Soon at Hancock and Calumet.

Buffalo Bill's Wild West, with all its army of Indians, cowboys, scouts, vaqueros, gaudios, pioneers, cavalrymen, Cossacks, Arabs, Light Dragoons, Cuirassiers, Lancers, Life-savers, Artillery and what not else, in all numbering several hundred men, and at least enough bright Western girls for a quadrille on horseback, will be seen in Hancock on July 18.

Each is a stupendous organization, splendidly disciplined, with marvelous capacity for such realistic presentations of thrilling episodes illustrative of frontier life as have never been even attempted by any other troupe.

FIRE AT BALTIMORE LOCATION.

A serious fire at the Baltimore mine location Thursday night destroyed two barns, one at the boarding house and the other adjoining. Landlord William Arne lost a valuable horse which was cremated.

FORCED MARCH TONIGHT.

Captain Irving J. Shields of Co. G, Houghton Light Infantry, has issued orders to the members to report at the Armory at 8:30 o'clock this evening to go on a forced march.

DREDGING NEAR M. R. DOCKS.

The bottom of Portage Lake along the Mineral Range docks at Hancock is being dredged by one of Pryor's big dredges.

MARQUETTE GOLFERS WIN.

The Marquette team of golfers, consisting of A. B. Eldredge, C. V. Green, E. W. Allen, J. E. Ball and Egan, defeated the Houghton team at the twinning links near Houghton Thursday afternoon.

WHY TAKE ANY CHANCES.

with some new and untried medicine for such serious troubles as rheumatism, cramps, dysentery, when you should know that for over half a century Panikler has cured millions of cases? Look out for imitations. There is only one genuine, "Perry Davis."

INDIGESTION

A Grand Rapids Man Tells How He Was Permanently Cured.

Mr. John D. Leahy, a travelling salesman, whose home is at No. 65 West Bridge street, Grand Rapids, Mich., was cured by a severe case of chronic indigestion by Dr. Williams' Pink Pills for Pale People. He says:

"For nearly ten years I was a victim of chronic indigestion, caused, I suppose, by irregular and hasty meals. I tried many remedies but kept growing worse until, in April of last year, I had to give up work.

"I began taking Dr. Williams' Pink Pills for Pale People and was improving before the first box was used up. A few boxes cured me. Now my stomach does not give me the slightest trouble, my nerves are sound, I am at my normal weight, and enjoying better health than in twenty years."

Dr. Williams' Pink Pills for Pale People are sold only in boxes at fifty cents a box, or six boxes for two dollars and fifty cents, and may be had of all druggists, or direct by mail from Dr. Williams Medicine Company, Schenectady, N. Y.

COPPERDOM BREVITIES.

Mrs. E. Brule of Lake Linden is visiting her son, Fred, at Butte.

The Misses Gilbert of Lake Linden left yesterday afternoon for Pueblo, Colorado, yesterday afternoon via the Northwestern road.

A considerable number of copper country men aside from the delegates will go to Marquette next Tuesday to attend the congressional convention.

The Calumet & Hecla and not the Quincy band will furnish the music for the Houghton firemen's picnic at Haas' park, East Houghton, Sunday, July 20.

The Calumet banks will after all likely follow in the footsteps of those at Portage Lake and close at 3 o'clock in the afternoon instead of Saturday. The matter is under consideration.

The promenade concert given under the auspices of the Houghton Light Infantry at the Armory last evening was an enjoyable affair. Music was furnished by the Calumet & Hecla orchestra.

Camille Romain, who was arrested by Sheriff Willis for larceny on the charge of John Bolland of Hancock, will be given a hearing in Justice Brand's court at Houghton this morning.

The annual meeting of the Calumet township school district No. 1 will be held Monday evening to elect successors to John Duncan and W. B. Anderson. They will likely succeed themselves.

Owing to counter attractions this month the fair and carnival arranged by St. Joseph's church, Lake Linden, has been postponed for one month. It will be given during the week commencing Aug. 15.

The Dollar Bay and Calumet baseball teams will not play at Calumet this afternoon as announced, but the Calumet and Franklin aggregations will contest for the prize of \$100. Much interest is being taken.

The steamer Argo of the Booth line took an excursion party to Isle Royale yesterday morning. The weather was fine for the trip and the large number who went were well prepared to enjoy themselves.

The children of Rev. and Mrs. James Pascoe of the Quincy location are sick with the measles. Two boys are ill at home while Miss Martha Pascoe, who recently went to the Soo for a visit was taken sick while there.

Another big engine from the American Locomotive Works arrived for the Copper Range road via the D, S. S. & A. and Northwestern yesterday morning. It is the second engine to arrive for the Copper Range this week.

The Houghton saloonkeepers, Sam O'Connell, Butler & Nichols and Frank St. Dennis, who were arrested for keeping their places of business open after hours, will have a hearing in Justice Brand's court this morning.

The north side of Quincy street, Hancock, which will be paved is now being graded in preparation for the work. The south side is finished. The street railway crew which is lowering the tracks is necessarily slower with its work.

William Kauth of Hancock has a patent on a cover, consisting of a frame and canvas, for a carriage or wagon seat. The cover is so constructed that it forms a complete protection for the occupant. It weighs but ten pounds.

Village Treasurer Mitchell of Hancock is ready to receive taxes both on the regular roll and the special roll for the new additions. The amount to be collected this year is larger than ever before because of the increased territory.

Representative Rubison of Hancock, has returned from a visit to the scenes of his boyhood in New York state. He saw old friends and surroundings for the first time in many years. On his way home he stopped off at Chicago and Fond du Lac.

John St. Antoine of Painesdale, formerly of Lake Linden, has joined the Lake Linden firemen's running team. He is one of the fastest sprinters in the upper peninsula and will be heard from at the tournament at Negaunee next month.

WE TAKE PRIDE IN CALLING YOUR ATTENTION TO OUR

...BILL OF FARE... "A LA CARTE."

The extra fine service that we are offering the public, the universally admitted excellence of our viands, and the convenience of being served at all hours of the day by experienced waiters should commend our cafe to your esteemed patronage.

RAND DRILL PARTS IN STOCK.

month. During his residence in Lake Linden he took a prominent part in athletics.

The second set of new compressors, which are replacing the old, in the compressor house at the Calumet branch of the Calumet & Hecla will soon be ready for a test.

Rev. Mr. Collins was installed as pastor of the Congregational church at Kenton Thursday evening. The copper country ministers of the denomination who assisted in the ceremonies were Appleton of Red Jacket, Hassold of Lake Linden and More of Hancock.

There are twenty members of the Hancock fire department's running team at present. All are putting in hard work in preparation for the coming tournament at Negaunee.

Word Bros., the inventors of the drill sharpening machinery which is manufactured in the Lake Superior Foundry & Machinery company at Ripley, left for Sacramento, Cal., yesterday.

The Hancock council did not hold a meeting Thursday evening as a quorum was not present. Superintendent Oakley of the street railway company was on hand to make an agreement with the council in regard to the lowering of the street car tracks on Quincy street in preparation for paving.

Preparations are being made by Hamlet Kent of the government engineers' office at Houghton to take soundings in Torch Lake. The work which will occupy the greater part of the summer will be similar to that done in Portage Lake. Maps of the lake will be made when the work is completed.

The steamer Ironquins ran an excursion from Houghton to Duluth yesterday. The Elks' carnival at West Superior was the attraction. The White line, which owns the boat, will run one or two excursions from Duluth to Hancock during the week of the Elks' carnival at Hancock commencing July 21.

MOTHERALWAYS KEEPS IT HANDY "My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once and now, at the age of seventy-six, eats anything she wants, remarking that she fears no bad effects as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. Harwood, Ishpeming; Stafford Drug Co.

REVIEW OF TRADE

REPORTS OF DAMAGE TO GRAINS BY STORMS EXAGGERATED.

WHEAT CROP ABOVE AVERAGE

COAL MINERS' STRIKE AFFECTS IRON AND STEEL INDUSTRIES.

Failures in United States for Week, One Hundred and Ninety-Three, Fifteen Less Than Same Period Last Year.

New York, July 11.—Bradstreet's Review tomorrow will say: The warmer and more settled weather in many sections has helped the seasonal trade and made it possible to ascertain that the earlier reports of the grain crop damage from the rains were rather exaggerated.

The liabilities of the commercial failures for the first week of July were \$1,570,258 of which \$483,048 is from manufacturing; \$826,416 trading and \$450,994 in other lines.

NEW YORK STOCK MARKET.

Trading Stimulated Somewhat by the Monthly Crop Report.

New York, July 11.—The opening prices this morning were at the highest level of the day.

There were striking advances afterwards notably in Rock Island and Missouri but these proved unavailable to sustain the general market which sagged slowly but steadily throughout the rest of the session.

The stocks closed lower than last night. Declines were substantial in such stocks as New York Central, Chesapeake & Ohio, Chicago & Northwestern and others which have recently been prominent in the rise.

A spur at the opening was due especially to the encouragement felt on account of the government's monthly crop report especially in respect to corn which had a stimulating effect on the demand from the grain carrying roads.

But it became plain at once that the buying was conspicuous only in Missouri Pacific and Rock Island which stocks are peculiarly associated with the bull leaders of the market.

A heavy movement of currency to the interior indicates the balance against New York of only a little over \$1,000,000.

But the sub-treasury operations promise to bring the decline in the cash reserves to nearly \$5,000,000. The market closed dull and easy.

Closing prices of stocks are reported by Paine, Webber & Co. as follows:

Table listing various stocks and their closing prices, including Union Pac, Mo Pac, Rock Island, etc.

Range of Money Rates.

Money on call was steady at 3 3/4 per cent; last loan 3 1/2. Prime mercantile paper, 4 1/2 to 5. Exchange steady.

CHICAGO GRAIN MARKETS.

Features of the Day in the Wheat, Corn and Oats Pits.

Chicago, July 11.—In wheat today owing to the favorable weather and lower price at Liverpool there was a short-lived pressure of the offerings at slightly lower prices.

In corn trade was not particularly heavy but after a weak opening caused by the increased receipts and good weather, the market became strong.

Wheat, corn ruled heavy on the good weather and the better government report that was anticipated early but in sympathy with wheat, corn ruled, September closing 3/16 higher. Trade was only moderate.

The leading futures ranged as follows: September wheat opened at 73 3/4; highest, 74 1/2; lowest, 73; closing, 74 1/4.

Receipts and shipments were as follows: Receipts, Shipments. Flour, barrels, 7,000 6,000. Wheat, bushels, 46,000 97,000.

BOSTON COPPER QUOTATIONS.

The copper stocks dealt in on the Boston exchange closed as follows yesterday, the quotations being reported by Paine, Webber & Co.:

Table listing copper stock prices, including Pat, Phoenix, Rhode Isl, etc.

By placing a little want ad, which tells just what you have to sell or exchange, at a cost of just a few cents.

WHY PHYSICIANS FAIL

To Cure Many Cases of Female Ills. Some Sensible Reasons Why Mrs. Pinkham is More Successful Than Many Family Doctors.

A woman is sick—some disease peculiar to her sex is fast developing in her system. She goes to her family physician and tells him a story, but not the whole story.

She holds back something, loses her head, becomes agitated, forgets what she wants to say, and finally conceals what she ought to have told, and this completely mystifies the doctor.

Is it a wonder, therefore, that the doctor fails to cure the disease? Still we cannot blame the woman, for it is very embarrassing to detail some of the symptoms of her suffering, even to her family physician.

This is the reason why hundreds of thousands of women are now in correspondence with Mrs. Pinkham, at Lynn, Mass. To her they can give every symptom, so that when she is ready to advise them she is in possession of more facts from her correspondence with the patient than the physician can possibly obtain through a personal interview.

Following we publish a letter from a woman showing the result of a correspondence with Mrs. Pinkham. All such letters are considered absolutely confidential by Mrs. Pinkham, and are never published in any way or manner without the consent in writing of the patient; but hundreds of women are so grateful for the health which Mrs. Pinkham and her medicine have been able to restore to them that they not only consent to publishing their letters, but write asking that this be done in order that other women who suffer may be benefited by their experience.

Here is Proof of the Value of Mrs. Pinkham's Advice.

"DEAR MRS. PINKHAM:—I have been taking your medicine for two months and write to you for some advice concerning it. I am in very poor health and have been for nearly three years. I am troubled with a pain and soreness in the back of my head and neck which develops into an almost unbearable headache at time of menstruation. Since last August I have been confined to my bed a great part of the time. In January I was taken very sick with one of my awful headaches, and lay for five weeks in a critical condition. Our doctors were unable to tell me the cause of my illness. I had a slow fever seemingly in my nerves with a marked bilious affection. I was completely prostrated. My physician did nothing for me but to put me to sleep, said it was the condition of my nerves at the time of menstruation. I was advised to take Lydia E. Pinkham's Vegetable Compound, and would like your advice and to know the cause of my bad feelings."—Mrs. FRANCES I. McCREA, Sheridan, Mont. (April 27, 1900.)

"DEAR MRS. PINKHAM:—I wish to testify that I have been greatly benefited by the use of your medicine. After taking four bottles I felt better, my head and neck were greatly relieved. After reading the testimonials I book you sent me, I believed that I had a tumor, and a while after when something the size of an egg passed from me, I was convinced of the fact. I now feel like a new creature, can go to my work, and can eat and sleep well, a privilege that I appreciate very much."—Mrs. FRANCES I. McCREA, Sheridan, Mont.

REWARD.—We have deposited with the National City Bank of Lynn, \$5,000, which will be paid to any person who can find that the above testimonial letters are genuine, or were published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

**MAJOR BURKE TURNS STATESMAN FOR AN HOUR.**  
TELLS OF CANADA'S GREATNESS  
DISCUSSES OUR RELATIONS WITH OUR NEIGHBORS.  
Perpetual Peace and Development Assured for North America With Establishment of Sound Amity Between the Three Countries.  
Major John M. Burke, general manager of Buffalo Bill's Wild West, and a man remarkable in bulk, geniality and good fellowship, left yesterday for the road points in the interest of Canada and Cody's aggregation. The major is the only one of the kind. There are other shows and all have their managers but the Buffalo Bill outfit possesses the premier in the business. His show travels in two trains of twenty-five cars each.  
Boers Welcomed Canadians.  
The major a year ago made a trip into Canada and picked up a score of more of the members of some of the most famous Canadian fighting regiments who had but recently returned from the bloody battlefield of the South African veldt. He tells an interesting story of the meeting of the Canadians and the detachment of Boers who are included in the show's outfit.  
"I approached the sergeant in command of our squad of Boers with a good deal of apprehension to tell him of the addition of some of his foemen to our contingent.  
"Canadians," the sergeant exclaimed, "they're all right. Those fellows are soldiers; you'll not have any trouble with us and the Canadians."  
And do you know," added the major, "the scene in our camp when these fellows met was similar to that described in the dispatches when Kitchener's men and DeWet's met after the surrender. There was handshaking and fraternizing and the fact was developed that the sergeant of the Boers and Sergeant McDougall in charge of the Canadians had fought on opposing sides in more than twenty engagements in South Africa."  
Here the major abruptly left the show business and plunged into an academic discussion of our relations with Canada and included the Canadian side of the other of the three great countries which occupy the territory bounded, as the major expressed it, "on the north by the aurora borealis and on the south by the southern cross."  
Burke the Statesman.  
Burke, the manager of a show, Burke, the philosopher, Burke the Indian fighter, Burke the jovial good fellow, became Burke the statesman and after mauling over his effects in a fat looking dress suit case he proceeded a hot cigar, passed the smokes around and proceeded to enter into the following intelligent discussion of the relations of the three countries of the northern hemisphere:  
"Present statesmanship, true patriotism and intelligence regard for the advancement of civilization, alike demand of us more amicable understanding of and fraternal relations with our immediate neighbors, Mexico and Canada."  
"I spent much of the past winter in talking with the Mexicans and the Canadians," Major Burke continued, "and this is my conclusion: For the perpetuation of peace and prosperity on this great continent, harmony between these three factors is necessary—the United States from the great lakes to the Rio Grande, Mexico, from the Rio Grande to the northern boundary to the north pole. Isolated from the rest of the world as we are by a great ocean on each side of us, it would hardly be practicable for even the combined world to effectively harm us by invasion if the neighbors on our borders were also our friends. In assured peace and safety, as we are of incalculable resources in our fields, forests, mines, fisheries, and manufactures, with infinite diversity of climate, and animated by love of personal liberty, regard for social freedom and conservative good government, the highest aim of the evolution of humanity may well be ours if we maintain amity with those whom the providence of God has most closely associated with us in that evolution."  
Greatness of Canada.  
"Canada, while politically a dependency of England and closely connected with the mother country by sentimental considerations, is really attached to her by a very slender thread. No people are more liberty-loving, free-spirited and prone to independence than the Canadians and it may be questioned if New York would not be justified in envying the practical home rule, freedom, and good government Canada enjoys under English rule.  
"Excepting one section where the common speech is different, the Canadians are exactly like our people in language. And Canada is a much better country to live in than people who have written about it would have us believe. Her agricultural resources are stupendous; her mineral fields are continuations of ours; her forests are practically inexhaustible; her fisheries are of enormous value. Few Americans have any idea of the magnitude of our commercial relations with Canada.  
"Do you know that the total trade of the United States with Canada last year amounted to \$185,597,000, of which the imports of the United States were \$116,972,000, and the exports to Mexico, Central and South America, and the West Indies? Canada's enormous exportation of farm products to England gave a balance of trade against that country in Canada's favor of \$68,000,000, nearly every dollar of which was paid over to the United States for goods imported from this

**A VERMONT LADY'S**  
Desperate Fight for Life.  
Mrs. Nathan Beal Says:  
**Paine's Celery Compound**  
Saved Me from the Insane Hospital as Well as Cured My Rheumatism.  
There never was a remedy so highly recommended as Paine's Celery Compound. There never was a remedy in such universal demand. It is popular and prized in tens of thousands of homes, because it makes sick people well.  
Paine's Celery Compound has saved thousands from nervous prostration and collapse; it has effected wonderful cures in kidney and liver complaints; its victories over rheumatism and neuralgia have commanded the attention and admiration of our best physicians. It has cured diseases when everything else has failed.  
Mrs. Nathan Beal, a well known lady of Gallup's Mills, Vt., writes as follows: "For ten months before I commenced taking Paine's Celery Compound, I could not put my foot on the first round of my chair, only five inches from the floor. I had nearly lost the use of my left side. For ten months before I commenced taking Paine's Celery Compound, I could not lift a pound weight with the left hand without danger of dropping it. Many times I would lift something at the table, only to drop it. I had a pressure in the top of my head and a pain at the base of the brain, which would leave me so nervous that I used to tell my husband I would surely go crazy. I could not keep still at night, and Sundays were just awful to me. I found my whole system prostrated, and it took a long time to build up my poor, worn-out nerves. I think that Paine's Celery Compound saved me from the Insane Hospital, as well as cured my rheumatism."  
GORDON CASE APPEALED.  
The famous suit of Representative John E. Gordon of this city against the Lansing State Savings bank, involving the legality of a check purported to have been drawn by Mr. Gordon and cashed by the bank, has been appealed to the supreme court. Mr. Gordon won in the court below, the check being held worthless and judgment being rendered for the full amount, principal and interest.  
MARINE MATTERS.

### "J. E. K." CIGARS

Always Reliable. The Best that Tobacco can produce. 10c. or 3 for 25c. J. E. Kenning & Co. Mfg's. Grand Rapids, Mich.

## 1902 EDITION.

The new 1902 edition treats of Copper from all standpoints—Historical, Technical, Statistical and Descriptive. It is divided into ten chapters, as follows:

- I. History of Copper.
- II. Chemistry and Mineralogy.
- III. Metallurgy.
- IV. Glossary of Mining Terms.
- V. Copper Deposits of the World.
- VI. Copper Deposits of the United States.
- VII. Leading Foreign Mines.
- VIII. Lake Superior Mines.
- IX. American Copper Mines.
- X. Statistics of Copper.

The work is an octavo volume of 492 pages, set in Brevier type. It is the only volume printed in any language treating of the entire subject of copper, with descriptions of all principal mines, some 700 properties being listed, the descriptions ranging from a few lines to a dozen pages for each, according to importance.

The price of the Copper Handbook is \$3 in full morocco, and \$2 in buckram binding, prepaid in any address in the world. It will be

SENT ON APPROVAL

and may be returned within 30 days, if the purchaser is dissatisfied, for any reason whatever, and price paid will be refunded.

## Ishpeming and its Environs.

### SALARIES ARE RAISED.

City Librarian and Her Assistant Get an Advance in Pay.

At the regular monthly session of the city council Wednesday evening the library committee recommended that the salary of the librarian be advanced to \$65 and that of her assistant to \$45 per month. It was also recommended that the committee be empowered to hire extra help for library work whenever it is necessary. Objection was raised to the latter proposition, but the raise in salaries was granted on recommendation of the finance committee. The power of hiring extra help was placed with the council.

### Other Municipal Business.

Alderman Martin, of the committee on claims and accounts, reported favorably on the bills against the city in the sum of \$5,981.27; also on pay rolls, as follows: Highway, \$999.36; water, \$442.78; sewer, \$27.75; official, \$1,171.49. The total, including bills and pay rolls, footed up \$8,622.65.

Taxpayers on East Division street petitioned the council for an arc lamp at the intersection of Division and First streets. The communication was referred to the committee on lighting, with power to act.

Anna M. Menhennett, Richard Matthews, August P. Schmidt and J. H. Andrus, submitted a petition asking that an alley adjoining their properties be closed. The lot runs east and west through the block bounded on the east by North street, on the west by North Pine street, on the north by East High street and on the south by East Ely street. The petition was referred to the committee on streets and alleys.

John McKear, secretary of the League of American Municipalities, asked that a delegation be sent from this city to the sixth annual convention of the league to be held at Grand Rapids, Mich., Aug. 27, 28 and 29. The communication was placed on file.

The bond of Constable Hector Tupin was presented and accepted, on recommendation of the committee on bonds and sureties. J. J. Lefler is the surety.

The committee on lighting recommended that the arc lamp at the rock cut on North Pine street be removed to the intersection of North Second and Empire streets. The recommendation was approved.

The fire, police and purchasing committees were empowered to purchase new uniforms for the city employees, including police officers and paid members of the fire department. Bids will be called for.

The committee on buildings, grounds and insurance was instructed to secure a suitable place for a band stand. It is understood that the city cannot build a stand around the city flag pole without consent of the original owner of the ground. This is in accordance with an agreement entered into at the time the city acquired the property.

Upon the suggestion of Mayor T. A. Fitch the council voted to donate \$300 to Charles Towne post of the Grand Army to assist in defraying the expenses of the seventh annual reunion of the old veterans held here this week.

### U. P. MEDICAL SOCIETY.

Seventh Annual Meeting Takes Place in Ishpeming July 15 and 16.

Ishpeming physicians holding membership in the Upper Peninsula Medical society are in receipt of the program of the session to be held here next Tuesday, commencing at 10 o'clock, at the Nelson House parlors. The doctors will spend two days in the city, but the greater part of Wednesday will be given up to sight seeing. The program was arranged by Dr. Kruse of Iron Mountain, secretary of the society, and is as follows:

- Calling meeting to order, 10 o'clock a. m.
- Prayer.
- General business.
- President's annual address, Dr. Walter R. Hicks, Menominee.
- Medical Reciprocity or Inter-State Exchange of Licenses," Dr. B. D. Harrison, Sault Ste. Marie.
- "The Surgical Treatment of Prostatic Hypertrophy," Dr. A. I. Bouffleur, Chicago.
- "Laminectomy," Dr. J. A. Crowell, Iron Mountain.
- "Tolerance in Brain Injuries," Dr. F. M. Harkin, Marquette.
- "The Therapeutic Use of X Rays, with Lantern Slide Demonstration," Dr. Wm. Allen Pusey, Chicago.
- "Diagnosis of Small-Pox," lantern slide demonstration, Dr. Heman Spaulding, Chicago.
- "Vaccination," Dr. P. J. Noer, Menominee.
- "Pathology," Dr. Ludwig Hektoen, Chicago.
- "The Indications and Limits for Operations by the Vaginal Route," Dr. C. O. Thienbats, Milwaukee.
- "Abortion and Its Treatment," Dr. James Hosking, Alhousz.
- "Some Phases of Infantile Feeding," Dr. E. T. Abrams, Dollar Bay.
- "Some Points of Interest," Dr. E. D. Gardner, Hancock.

The members are advised by the secretary that papers will be presented at the different sessions according to the convenience of contributors.

Tuesday evening the annual banquet will take place at the Nelson. It will be an elaborate affair and the invitations will be limited to members of the society and visitors.

Rev. H. S. Higgins will preach tomorrow, July 13, in the Calvary Baptist church at 10:30 a. m. and 7:30 p. m. The morning subject is "The Sleeper's Mistake." The evening subject is "Profit and Loss." All are invited.

The infant son of John Kennaugh of Michigan street, died Tuesday night. The father has been in the Michigan hospital for the past few months. He arrived home yesterday. The funeral will take place this afternoon at 2 o'clock.

Mrs. Thompson and her daughter, Miss Virginia, mother and sister of H. S. Thompson, of this city, are visiting Mr. Thompson and his family. They come from York state. They made the

### VIOLATED GARBAGE ORDINANCE.

Three Negligent Taxpayers Pay Fines for Their Carelessness.

"It might as well be understood first as last that the board of public works will insist on people taking care of their own garbage," said Superintendent Devine one day this week. The superintendent intends to see that garbage is not thrown in the alleys or streets.

Three arrests for violations of the garbage ordinance have been made within the past week. All were on account of the refusal of citizens to remove the manure from the alleys at the rear of their stables. Each paid a stiff fine.

Speaking of the matter of expense in taking care of the garbage, Mr. Devine said that a couple of years ago three teams and several men were employed the greater part of the summer on that work alone. This summer, since the ordinance governing that matter has been enforced, one team and two or three men have done the work the greater part of the time.

### NEW FUEL DEALER.

Richard Quayle has practically closed out the wood and coal business which he has carried on for the past few years, with headquarters on First street, opposite the Chicago & Northwestern freight depot. John Willis, who has been in charge of the business since Mr. Quayle went to the Michigan district, returns to the employ of S. Johnson & Co. as collector, a position he held before the latter firm sold out to F. Braastad & Co.

### NEW CLOTHING FIRM.

Otto Peterson and Iver Johnson, late of S. Johnson & Co., have rented the Nolan block, corner of Cleveland avenue and Second street, opposite F. Braastad & Co.'s grocery store, and will soon open up there a stock of clothing and gentlemen's furnishings. Both are in Chicago purchasing goods. The building will not be ready for occupancy for two or three weeks, as it is being overhauled. Mr. Peterson had charge of S. Johnson & Co.'s clothing and furnishing goods department for a number of years. Mr. Johnson had an interest in the firm and was the head bookkeeper. Both are popular and it is certain they will receive liberal patronage.

Ladies! See our big line of shirt waists. Going at reduced prices. All the late patterns. Finnish Mercantile association.

### IRON! METALS!

We buy and pay the highest prices for all kinds of scrap iron, metals, all rubbers. Come and see us or call Bell phone 143 and we will come to see you. At old foundry site. Upper Peninsula Iron & Metal Co., Ishpeming, Mich. (6-12-1m)

A new line of silks just in. We have corded taffetas, pleat de soie, moire and other kinds too numerous to mention. Finnish Mercantile association.

### ISHPEMING IN BRIEF.

F. M. Sackrider is down from Houghton on a visit to his family.

A special meeting of the local clerks' organization will be held Monday evening.

Ernest Malmgren, cashier of the Peninsula bank, is enjoying a few days' vacation.

F. Braastad & Co. announce a special sale today that will be of interest to housekeepers.

Mrs. Hugh Williams and son, Stanley, of Bessemer, are in the city visiting Mrs. Anne Bennett and family, on North Second street.

The reception to be given in honor of Mrs. H. O. Young by the Hematite Reading circle will occur next Monday afternoon, July 14.

The baby daughter of Frank Parault of 122 Salisbury street died Thursday morning of bronchitis. The funeral took place that afternoon.

William McGinty and his bride arrived home yesterday from their wedding tour. They started housekeeping at their home on Barnum street.

Mrs. Mable Swift, for many years a resident of this city, is here visiting friends. Mrs. Swift left Ishpeming for the east about a year ago.

The remains of the fifteen-months-old son of Jonas Niemie of Baraga were buried in this city yesterday afternoon. Mr. Niemie and his family formerly resided in Ishpeming.

The Cleveland-Cliffs Iron company's paydays this month are as follows: Cliffs shafts, today; Hard Ore and Salisbury, Monday; Maas and Volunteer, Tuesday, and the Lake mine, Wednesday.

Rev. H. S. Higgins will preach tomorrow, July 13, in the Calvary Baptist church at 10:30 a. m. and 7:30 p. m. The morning subject is "The Sleeper's Mistake." The evening subject is "Profit and Loss." All are invited.

The infant son of John Kennaugh of Michigan street, died Tuesday night. The father has been in the Michigan hospital for the past few months. He arrived home yesterday. The funeral will take place this afternoon at 2 o'clock.

Mrs. Thompson and her daughter, Miss Virginia, mother and sister of H. S. Thompson, of this city, are visiting Mr. Thompson and his family. They come from York state. They made the

## A WASTE OF MONEY

IN FRUITLESS EFFORTS TO CURE STOMACH TROUBLE.

Not Artificial Digestion But Natural Digestion Is What Is Needed—How This May Be Obtained.

More money is spent experimenting with worthless medicines for stomach trouble than for any other disease. These preparations may temporarily aid digestion but they cannot cure indigestion. They go at it the wrong way.

To permanently cure indigestion, dyspepsia or other stomach trouble, the medicine should act upon the digestive organs themselves—not upon their contents. It should not do the stomach's work but should make the stomach able to do its own work.

This is what Dr. Williams' Pink Pills for Pale People will do as no other medicine can. They are not composed of digestive ferments, which promote an artificial digestion, but they tone up the stomach, restore the weakened functions of the digestive organs and thereby promote natural digestion. A case in point is that of Arthur McLaughlin of No. 228 North Lincoln street, Chicago, Ill. He says:

"For a long time I was troubled with severe pains in the stomach—a case of chronic indigestion. I would feel a craving for food, but when I ate I experienced those wretched pains which nearly drove me distracted. My kidneys also became affected. I tried several different stomach medicines and, for a while, they seemed to help me. Then the same old pains would come back. This went on for nearly two years and at times I was pretty much discouraged.

"One day a friend advised me to try Dr. Williams' Pink Pills for Pale People. I did so. Before I finished a box the pains were less frequent and less severe, and by the time I had finished three boxes the pains were a thing of the past. Now I can eat anything and enjoy it and I feel like a new man."

Dr. Williams' Pink Pills for Pale People will not only cure stomach trouble but are a positive cure for all diseases arising from impoverished blood or shattered nerves. They are sold by all dealers or will be sent postpaid on receipt of price, fifty cents a box or six boxes for two dollars and fifty cents, by addressing Dr. Williams Medicine company, Schenectady, N. Y.

trip by boat, arriving at Marquette on the China.

J. Wahlman & Son have taken a contract to put a plate glass front in the Eckre building, corner of Cleveland avenue and First street, which is occupied by Ed Clark. The partition dividing the two departments will also be removed. The work will be started soon.

The Kennedy Players will conclude their week's engagement at the opera house this evening, when "The World" will be produced. Special scenery will be used for every act. A matinee will be given this afternoon. "Tom Sawyer" a comedy that will delight the little folks, will be the bill. The matinee prices will be ten and twenty cents.

EVERY HEALTHY BOY likes to get himself into places of danger. Hence bruises and sprains. Danger scolds and brings out the bottle of Perry Davis' Painkiller and rubs it on the injured spots with an energy and frequency depending on the seriousness of the case. There is nothing like Painkiller to take out the soreness. There is but one Painkiller, Perry Davis'. Price 25c. and 50c.

Kenton Catches.

Dr. Moll returned Monday from Milwaukee.

August Olson is building a front porch to his house.

Mrs. Carl F. Moll, and sons, Arthur and Reginald, returned from Negamsee Thursday.

Phyllis Baker of Valley City, North Dakota, is spending the summer with her uncle, A. A. Baker.

Over seventy of Kenton's patriots joined even forces in a celebration at that place on the Fourth.

Enid Bacon, daughter of E. L. Bacon, formerly proprietor of Hotel York, is visiting her girl friends here.

Edward Cameron moved his saloon fixtures and stock of liquors from his location on Exchange street to the old barroom of the Kenton House Tuesday afternoon.

A. E. Parrot, night operator at the Kenton station, served at Trout Creek during the illness of Agent Boylan and until a new man was supplied that place last week.

Mr. and Mrs. Gus Johnson returned Thursday from Michigan where they attended the marriage of Miss Gunda Almas to David Peterson. Miss Almas is a niece of Mrs. Johnson.

Thirty-five Kentonites enjoyed the hospitality of Mine Host Schroeder at Trout Creek Saturday night. The evening was spent in dancing. Refreshments of ice cream, cake and strawberries were served.

The Sparrow-Kroll Lumber company completed the stamper's work building Wednesday, having loaded out a train of twenty-four cars daily for several weeks for the Diamond Match company. The company owns a fine apparatus for hoisting logs.

Delegates C. F. Moll, J. L. Stambaugh and F. A. Lewis left for the Houghton county Republican convention Tuesday afternoon. They were instructed for C. D. Sheldon, thought at the Duncan township caucus that sent them it developed that the Republicans of the township were not a unit in Sheldon's favor.

Sam Ervin, a farmer boy from Mount Pleasant, lower Michigan, who arrived here Saturday, says that he was exposed to small-pox in a camp at Grand Marais a few weeks ago. The disease is now developing on him. A pest-house has been fixed up in an old building a mile west of town and an

immune is in charge of the victim. No fears are entertained for a spread of the disease.

One of Kenton's promising young men had an attack of nightmare Sunday night that came near resulting seriously. Upon regaining consciousness he found himself prone on the floor of his room badly bleeding from severe cuts on his foot and shin, caused by being caught in the frame of a metal bedstead. What provokes the young man most is that he cannot recall the dream that excited him.

The case of S. H. Shonkey vs. D. S. S. & A. R. Y. company was heard in Judge Ormsby's court Tuesday afternoon. Attorney Miller of Marquette appeared for the defendant and W. S. Van Slyke and Judge Houser of Sidaw for the plaintiff. The suit was brought to recover for a charge made for damage to a car caused by overweight when loaded with scrap iron by the plaintiff and was decided in favor of the plaintiff, the defendant being taxed \$25 and costs.

Manager Shingles of the market department of the Sparrow-Kroll Lumber company is kept busy mornings, counting his chickens after they are hatched. His heretofore rapidly increasing flock took a slump Thursday night when some bird or beast of prey diminished the number by twenty-three and the following night by thirteen. Each night since some have been killed and the destroyer cannot be caught, despite the number of traps that have been set to intercept him. Ole Nasland, one night last week, shot an owl that was attacking his chickens and it is thought the owl's mate is now doing the mischief, though it has not been seen.

The ordination services to install Rev. W. L. B. Collins in the Kenton pastorate were held at the Congregational church Thursday afternoon and evening. Rev. E. Moore of Hancock was elected moderator and E. S. Grierson of Calumet scribe. The minutes of the afternoon council were read at the evening services by E. S. Grierson and the ordination sermon preached by Rev. E. Moore. The ordination prayer and laying on of hands was made by Rev. H. Appleton of Calumet. Rev. Fred Bagmalls of the Soo gave the charge to the pastor and Rev. F. A. Hassold of Lake Linden gave the charge to the people. The services were impressive.

### HENRY R. PATTENGILL

OF LANSING, MICH., WRITES:

It affords me genuine pleasure to speak these words of hearty commendation concerning the set of "Burlington Holmes Lectures." The books are a handsome addition to my library, but far better than their beauty is their attractive and entertaining usefulness. The illustrations on every page are exquisite and emphasize most artistically the clear, terse, and discriminating description of strange lands and people. The publishers deserve great praise for placing in our hands such an elegant library of travel at a price so reasonable.

This signature is on every box of the genuine Laxative Bromo-Quinine Tablets the remedy that cures a cold in one day.

### The Way To Chicago

The Limited, leaving Minneapolis at 7:50, St. Paul at 8:25 p. m. daily, arrives in Chicago 9:20 next morning.

Breakfast is served on route in a comfortable Dining Car, beautifully decorated. The service is "a la carte" you pay only for what you order. This is more popular with travelers than the "dollar a meal" charge.

The Scenic Express, leaving Minneapolis at 7:30, St. Paul at 8:45 a. m., except Sunday, arrives in Chicago 9:35 p. m. same day. Pullman sleeper serves lunch. Dining halls at La Crosse and Savanna.

Ask Your Home Agent for Tickets via the Burlington Route.

**Negaunee and Vicinity.**

(Subscribers to The Mining Journal will please remember that carrier boys are not allowed to receive money on subscription account.)

**FINE RUNNING TRACK.**

Negaunee Firemen Predict That Record Time Will Be Made.

Work on the track for the firemen's tournament is progressing satisfactorily. The greater part of the rock crushed to date has been spread on it. The foundation will be completed within the next few days, when the second dressing will be put on. The plant turns out three grades of material. The largest rock is about the size of a hen's egg; the second is considerably smaller and the finer material is not any larger than fine gravel. The top dressing will be of the latter material.

The roller packs the rock down smooth. Water is sprinkled over the surface every day and the roller is working steadily.

The street is well suited for the track. On the east side, the dwellings set back in the lots, so that there will be ample room for the seats. They can also be erected without difficulty on the opposite side, although a portion of some of the yards will have to be utilized for the bleachers.

The track is one of the widest ever built in the upper peninsula. It will be perfectly flat from one end to the other, a distance of 800 feet. Local firemen are satisfied that some new records will be made.

**TO VISIT NEW ROAD.**

Supervisor's Committee on Goose Lake Thoroughfare Will Inspect It.

The committee of supervisors entrusted with building the road from the city limits of Negaunee to Goose Lake, will go over the thoroughfare today. The committee is composed of Frank Sharon of this city; John Hodgson and John A. Lindberg of Ishpeming; William Iron of Chassell and D. W. Powell of Marquette.

Mr. Sharon went over the road with a pole team and light buggy Wednesday. He was pleased with what he saw, as he found that John Stewart, who has charge of the work, used excellent judgment in carrying out the instructions of the committee. Mr. Sharon stated yesterday that the road will be much better than he expected. He also expressed the belief that it will stand for some years without an overhauling.

It is expected that the workmen will finish some day next week, possibly Tuesday or Wednesday.

**HOBOS HAD TO GO.**

Marshal Gribble made life miserable for a gang of hobos which took town Thursday. There were about a dozen, but the officer did not get all of them. Five were taken in hand and advised what they had to do to avoid a term at the county jail. They were quite willing to leave the city and they took the afternoon train as soon as the marshal ordered them from the coop. One fellow answered the description of one of the burglars who recently broke jail at Bessemer, but after going through all their pockets and talking with them a while the marshal was satisfied that the fugitives were not included in the "bunch."

The local officers had not had a great deal of trouble with hobos this summer. A great many pass through here, but very few stop over.

**UPPER PENINSULA.**

Herman Storm was killed at the Crystal Falls mine recently through his own carelessness. He got on an up-going skip of rock, and in jumping off at the surface, missed his footing and fell to the bottom of the shaft.

Sherman McKay, an Iron River boy, had the fingers of his right hand cut off while working in the mill at that place. He relieved a fellow workman at the stove cutter for a few moments, and while cutting staves was struck on the leg by the pitman. In trying to prevent himself from falling he threw his hand under the stove knife, which cut off all four fingers.

P. N. Minkler of Iron River has a 300-acre farm, which a few years ago was nothing but stumps and stones but which today is as well cultivated as any farm in southern Wisconsin or Michigan. He is now giving considerable attention to stock raising and dairying, having a herd of sixty-five milk cows, made up principally of Shorthorns, Heresford and Jersey. In the same vicinity are also thousands of acres of cut-over lands, which some day be made into valuable stock farms.

Ed Robinson of Munising was fishing near Bay Furnace a few days ago and had a small gun with him. A deer passed past him and as he watched the gun a large wolf, which was pursuing the deer, came into view. By a well directed shot Mr. Robinson gave it to the wolf in the neck and ended the beast's career. The wolf was a female and proved to be six feet and eight inches in length. By his fortunate shot Mr. Robinson is ahead \$20, which he obtained as wolf bounty.

**WILL ACCOMMODATE 4,000.**

Al. Willman, secretary of the Negaunee fire department, who holds the position of head carpenter at the Cambria and Little mines, is drawing the plans for the seats, which will be erected under his supervision. They will extend along both sides of the street and will accommodate in the neighborhood of four thousand persons.

**Painsdale Enters a Team.**

W. J. Russell, an old Marquette county boy, spent yesterday in the city in the interest of the new fire department at Painsdale, Houghton county. He came down to look up quarters for thirty men. A running team will be entered from the little town and Russell stated that the boys are very much interested in their practice work.

The Painsdale department will have an immediate turnout, the nature of which will not be made known until the day of the parade.

J. H. Winter, chairman of the committee on accommodation, yesterday secured desirable quarters for the Painsdale men. The committee has located a number of departments during the past few weeks and applications for rooms are coming in right along. Many individuals are also securing accommodations.

**SYMPATHY FOR ENGLAND.**

In the recent disaster at St. Vincent the United States was among the first to extend sympathy to England and also to offer assistance to the fortunate survivors. Giving sympathy is a very appropriate way of showing our feeling for those in distress, but the person who is unable to sleep on account of a weak or disordered stomach needs more than sympathy. He wants a medicine that will cure him. Then Hostetter's Stomach Bitters is needed, because it positively cures loss of appetite, belching, flatulency, indigestion, dyspepsia, heartburn, constipation, biliousness, insomnia or malaria, fever and ague. It positively cures. Hundreds of persons have said so, and many prominent physicians and druggists always recommend it. Be sure to try it. Our Private Stamp is over the neck of the bottle.

**INFORMATION BUREAU.**

Mr. Winter's committee will engage a room at some prominent point, where an information bureau will be established. A competent man will be placed in charge and as fast as the visitors are assigned rooms their names will be recorded. The committee will know in advance just how many rooms are available in the hotels and private homes.

**LOCAL LACONICS.**

Mrs. T. F. Cole was a visitor in the city yesterday.

A. J. Daser of Grand Marais, did business in Negaunee yesterday.

The Misses Alice and Emma Quinn, daughters of M. C. Quinn of Champion, are here visiting their grandmother, Mrs. Theodore Kruse.

Good progress is being made at the Walker block on Jackson street. The structure will be ready for occupancy in less than a month.

The Gideon Minstrels, an organization of thirty-five colored people, will hold the boards at McDonald's opera house next Tuesday evening.

Considerable ore is being shipped these days from the Little mine to the furnace at Manistique. From fifty to one hundred cars have gone forward daily for nearly a week past.

**EXCURSION TO CANADA.**

The South Shore road is distributing circulars advertising the twelfth annual excursion to the Shrine of Ste. Anne de Beaupre, which takes place on the 22nd and 23rd of this month. The copper country excursion will go on the 22nd and the iron country people are scheduled to leave the following day. The fare for the round trip from all points in this county will be \$25. The feast of Ste. Anne de Beaupre this year falls on Saturday, July 26, and excursionists from this county will arrive there in time to participate in the ceremonies. Tickets will be good for the return trip until the last day of August. This will give upper peninsula people ample time to visit relatives and friends in Canada.

**THOSE MICHIGAMME BALL GAMES.**

In the report of the baseball games at Michigan on the Fourth there was a slight error, one of the contests being omitted. The games with the scores are as follows: Michigan and Ishpeming, score 4 to 2 in favor of Michigan; Marquette and Negaunee, score 11 to 8, favor of Marquette; Ishpeming and Negaunee, score 16 to 11, favor of Negaunee; Michiganme and Marquette, for first prize of \$25, score 10 to 4, favor of Michiganme; Marquette and Negaunee for second prize of \$15, score 7 to 4, favor of Marquette. This gave Michiganme first money and Marquette second.

**"THE MISSOURI GIRL" TONIGHT.**

"The Missouri Girl" which comes to McDonald's opera house tonight, is a play of the "Old Homestead" order, and one of the first of that kind to be written. That "imitation is the sincerest flattery" is clearly proven by the fact that in nearly every one of the later domestic comedies, there can be seen traces of "The Missouri Girl," which has enjoyed prosperity for the past seven years. With the present company, it is admirably acted and the management has given it a splendid mounting. The scenery is elaborate.

**DR. FENNER'S KIDNEY and Backache CURE**

All diseases of Kidneys, Bladder, Rheumatism, Neuritis, Nephritis, and expels Malaria. Satisfaction guaranteed by Stafford. Only 50 cents.

Don't become discouraged. There is a cure for you. If necessary write Dr. Fenner. He has been curing just such cases as yours. All consultations free.

"Eight months in bed, heavy backache pains and soreness across kidneys, also rheumatism. Other remedies failed. Dr. Fenner's Kidney and Backache Cure cured me completely." H. WATERS, Hamlet, N. Y.

Druggists, 5c. 81. Ask for Cook Book—Free.

ST. VITUS'S DANCE Pure Cure, Circular, Dr. Fenner, Fredonia, N.Y.

**DON'T FAIL TO TRY THIS.**

Whenever an honest trial is given to Electric Bitters for any trouble it is recommended for a permanent cure will surely be effected. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. It's a wonderful tonic for run-down systems. Electric Bitters positively cures Kidney and Liver Troubles, Stomach Disorders, Nervousness, Sleeplessness, Rheumatism, Neuritis, and expels Malaria. Satisfaction guaranteed by Stafford. Only 50 cents.

**ACTS IMMEDIATELY.**

Colds are sometimes more troublesome in summer than in winter. It's so hard to keep from adding to them while cooling off after exercise. One Minute Cough Cure cures at once. Absolutely safe. Acts immediately. Sure cure for coughs, colds, croup, throat and lung troubles. Harwood, Ishpeming; Stafford Drug Co.

**E C Z E M A**

COMES FROM THE BLOOD AND NOT THE SKIN

The prevalence of Eczema among the young and old is due to the introduction of poisonous matter in the blood. Those pimples, eruptions and sores upon the face, neck and body are all due to the same cause. It is a waste of time and money to attempt to cure such a condition by doctoring the skin. The seat of the trouble is in the blood and the cause is the blood's impurity. A specific course of MEDERINE will open the natural channels of the system and promote a drainage of the impurities of the blood, which will filter, cleanse and purify it so that no form of eruption upon the skin can appear. MEDERINE is the only Guaranteed Cure for Eczema and all blood impurities. It stands alone today upon its own merits and challenges the world for a specific blood purifier like it. Do not nurse your trouble along. Write MEDERINE REMEDY CO., West Superior, Wis., for their system of treatment. All letters answered.

**MEDERINE**

**Upper Peninsula.**

Herman Storm was killed at the Crystal Falls mine recently through his own carelessness. He got on an up-going skip of rock, and in jumping off at the surface, missed his footing and fell to the bottom of the shaft.

Sherman McKay, an Iron River boy, had the fingers of his right hand cut off while working in the mill at that place. He relieved a fellow workman at the stove cutter for a few moments, and while cutting staves was struck on the leg by the pitman. In trying to prevent himself from falling he threw his hand under the stove knife, which cut off all four fingers.

**THE ONLY REMEDY THAT CURES SKIN DISEASES**

Owing to the many complaints of trains blocking public streets at railroad crossings, in violation of city ordinances, Chief of Police English of Menominee has been stirred to action. He has caused the arrest of the yardmaster and two engineers of the Chicago & Northwestern, who have been cited to appear for trial next Wednesday. In arresting the engineers a freight train was delayed at least two hours and other inconveniences were experienced at the C. & N. W. depot, but Chief English said that so many kicks had been registered before the committee decided that he had decided to take summary action. Upon the occasion noted the chief asserts that the traffic on the blocked streets was delayed at different times in periods of from four to eight minutes. According to the ordinance the offenders are subject to a fine of from \$10 to \$100 in the discretion of the court.

# BIG RAISE MADE

### STATE TAX COMMISSIONERS INCREASE A VALUATION.

### THAT OF L. S. & I. DOCK

WLS ON ROLLS AT \$100,000; NEW FIGURE, \$450,000.

Assessment of Trolley Line Is Allowed to Stand—Tax Rate Is Fixed at \$1.20 Per \$100—\$80,000 to Be Raised.

The state tax commission, in session at the city controller's office, yesterday raised the assessment of the Presque Isle dock property, owned by the Lake Superior & Ishpeming Railroad company, from \$100,000 to \$450,000. This big raise over the figures of the board of review was a big surprise to all interested. Because of the complaints made against the valuation of the property as assessed, a raise was looked for, but none expected an increase of \$350,000. The property of the Marquette City & Presque Isle Street Railway company was left at the same valuation. The board of review fixed the value of the company's property at \$43,800. The tax commissioners after an investigation concluded that this was just and did not tamper with it.

### Tax Rate Is Fixed.

City Controller and Assessor F. E. Ray yesterday announced that the fixed valuation of Marquette city for the year 1902 was \$6,890,705. There is \$82,281.40 to be raised by taxation this year, as follows: General fund, \$30,000; school fund, \$45,280.70; and library fund, \$6,800.70. The rate of taxation this year will be \$1.20 per \$100 valuation. Taxes are due July 15.

### PECULIAR SENTENCE.

Latest Arrival to Serve 1 Year and 81 Days at the Pen.

There are at present 240 convicts enrolled at the branch state prison. The latest arrival to come into Warden Freeman's charge is William Thorpe, of Gogebic county. He was confined in the jail at Bessemer for some minor offense, but the desire for liberty got the better of him, and he broke jail. He was soon apprehended and given the peculiar sentence of one year and eighty-one days in payment for his lark.

Jones, the Detroit murderer, who was sentenced to "solitary confinement" has spent most of his time since his arrival sleeping in his cell. Prison life does not agree with him the best, and a couple of days ago he asked Warden Freeman for medical attention, complaining of a headache. Medicine was prescribed for him. It is probable that after the next meeting of the prison board, soon to be held, he will be assigned to work.

The new dining room on the west end of the main building is nearing completion and it is expected that the new use it in about three weeks. The new addition will prove very convenient. An opening will be cut into the room direct from the cell corridor.

### SOUTH DAKOTANS PLEASED.

Editors and Ladies Much Enjoyed Their Stop Here Yesterday.

A party of about a hundred excursionists, members of the South Dakota Press association, and ladies, arrived on the steamer Peerless early yesterday morning and spent several hours in the city, the boat leaving on the way down the lake at 10 o'clock. The editors are en route to Chicago, where the summer meeting is to be held.

The party visited various points of interest in the vicinity, the steamer being held an hour longer than scheduled in order to give the excursionists that much more time here. Nearly all of the party made the trip to Presque Isle, where they viewed the scenery with much admiration. The next stop was to be at the Soo, where it had been arranged that a few hours be spent.

The party is making the tour in charge of an ex-president of the association, George Schlosser, postmaster at Sioux Falls, and Secretary C. M. Farley, mayor of the city of Madison and editor of The Outlook. Ex-President Schlosser is editor of The Union at Sioux Falls. A member of the party stated that the trip so far had been very enjoyable, and that there were none in the party who were not delighted with what they saw here. The stop at Marquette, he said, would be remembered with much pleasure.

### DEATH OF AN OLD SETTLER.

Mrs. Nicholas Brown, aged about seventy-five, died yesterday at St. Mary's hospital. She was an old settler in this vicinity, having come to Marquette about 1860. Her husband died last April at the age of seventy-six. The funeral of Mrs. Brown will take place Sunday from the house on Fisher street to St. Peter's cathedral, where services will be held at 3:30. The interment will be in Holy Cross cemetery. No relatives, at least none residing in this part of the country, survive the deceased.

### A SUSTAINING DIET.

These are the emervating days, when, as somebody has said, men drop by the sunstroke as if the Day of Fire had dawned. They are fraught with danger to people whose systems are poorly sustained; and this leads us to say, in the interest of the less robust of our readers, that the full effect of Hood's Sarsaparilla is such as to suggest the propriety of calling this medicine something besides a blood purifier and tonic, — say, a sustaining diet. It makes it much easier to bear the heat, assures refreshing sleep, and will without any doubt avert much sickness at this time of year.

### TO GO INTO BUSINESS.

Charles Willesen to Establish a Stand on Washington Street.

Charles Willesen, who several months ago was accidentally shot in the leg, is shortly to establish himself in business on Washington street, occupying the quarters where the shooting gallery at present is located. He will deal in tobacco and cigars, confections and books, newspapers and magazines. Mr. Willesen is far from recovered from the effects of his accident and does not feel able to again take up the duties of his old position as agent of the Western Express company here. Charles is popular and will doubtless be accorded a very liberal patronage.

### ROLL IS STILL MISSING.

Only About Half of the Cost of Spring Street Sewer Ever Collected.

The city attorney, who is investigating the claim that the city has never been reimbursed for a large portion of the cost of constructing the Spring street trunk sewer, has so far not been able to get a trace of the long missing special assessment roll. The roll was made in 1872, when the sewer was built, and later it was used in evidence in the suit of the city against the First National bank, which declined to pay its assessment on the ground that it was too high. The suit was carried to the supreme court and was finally compromised by the bank paying a total of \$1,000. In the meantime, the assessment roll appears to have turned up missing, or at least it can be traced to no later date, although the search is still on. The sewer cost about \$10,000 and it seems that only about half of that amount was ever paid. The liability to collect now is doubted.

### BIG TRAFFIC TO PRESQUE ISLE.

Afternoon Cars to the Island Well Filled With Picnic Parties.

The warm weather since the Fourth has caused a great rush of picnic parties to the "island." Afternoon cars to Presque Isle are loaded nowadays with parties bearing well-filled baskets, and at times it has been necessary to put on extra cars.

The park looks unusually attractive. The roadway about the "island" has this season been graded wherever necessary and the floor-like surface is better than ever. The animals at the Zoo are not taking kindly to the heat, and the two black bears have, it is said, become rather cross of late. They spend most of their time in their retreat back of their pen and come out only occasionally, principally when a visitor has the remains of a lunch to offer. The deer in the large enclosure have to depend largely on their keeper for food, the scanty foliage having been pretty well cropped. One large buck presents a very pretty sight now, with his horns in their velvet, while there are a number of spotted fawns in the herd. The boat livery has been having a good trade this season so far. Four new boats have recently been added to the fleet and there is a demand for more.

### GREAT HIVE TRIUMPHS.

Wins Notable Victory in Litigation With the Supreme Body.

The Lady Macebees of the city will be interested to learn that the litigation between the great hive and the supreme hive has resulted in a complete victory for the state organization. Circuit Judge Kinne, before whom the suit was tried, has decided that the great hive has an earlier and prior right to the name of the order and an exclusive right to use the same in this and any other state, along with the use of certain secret ritual and paraphernalia, banners, emblems and signs. This decision, supplementing as it does the one in which the state organization successfully defended its title in the suit which the supreme hive brought, asking an injunction restraining it from using the same emblems and initials in dispute in the present suit, makes the victory of the older organization complete. It will undoubtedly be appealed to the supreme court, which also passed on the former suit, but as Judge Kinne's first decision was affirmed by that tribunal, the officers of the great hive have implicit confidence that there will be no reversal this time. The suit will undoubtedly be followed by a similar one on the part of the great tent of Macebees against the supreme tent, as Commander Boynton and his compatriots in the executive chairs have long cherished such a campaign, contingent on the favorable passage of expansion which was attained at the recent convention at Marquette.

### AT THE CHURCHES.

German Lutheran, Ridge street—Services at 10 o'clock, a. m., with preaching by the pastor, Rev. Carl Appeler. Sunday school at 11. The quarterly meeting will be held in the afternoon at 2 o'clock.

St. Margaret's Mission (Episcopal), South Marquette—Sunday school at 2 o'clock; evensong and sermon at 3. Rev. Hugh Spencer, officiating.

First Baptist church, Rev. H. E. Purinton, pastor: Morning, at 10:30, subject, of sermon, "The Three Fold Message of the Gospel." Evensong, 7:30, topic, "The Tremendous Importance of Now." Sunday school, 12 m.; B. Y. P. U., 6:30, with Miss Grace Cooke in charge, and with "Constant Companionship" as the subject. All are cordially invited.

St. Paul's cathedral, seventh Sunday after Trinity—Holy eucharist, 7:30 a. m.; matins and sermon, 10:30; Sunday school, 12 m.; evensong and sermon, 7:30 p. m.

Methodist, Rev. E. A. Elliott, pastor—Morning, 10:30, subject, "The Beginning of Christian Life." Evening, 7:30, topic, "The Preparation Necessary to Live." The Epworth League will meet as usual at 6:45 o'clock.

Health restoring, life renewing cordial, a tonic that fortifies the body and brain and stops the mine of decay. That's what Rocky Mountain Tea does. 35 cents. The Stafford Drug Co.

Years of suffering relieved in a night. Itching piles relieved at once by the unique properties of Doan's Ointment. Never fails. At any drug store, 50 cents.

# GOGEBIC IS YOUNG'S

### SUPPORTERS OF ISHPEMING MAN DOMINATE AT IRONWOOD.

### DELEGATES CHOSEN ARE FOR HIM

### BRINGS THE TOTAL OF HIS VOTE TO FORTY-THREE.

Primaries in Dickinson, Where Last Convention Is Held Today, Won by the Young Workers—Means Seven Votes More.

The candidacy of Hon. H. O. Young of Ishpeming received another boost yesterday, when at Ironwood the Gogebic county convention selected as delegates to the congressional convention to be held here next Tuesday, representatives favorable to the Marquette county man. The delegates it was not deemed necessary to instruct, but all are strong Young men and will vote solidly for him. They are: John F. McLean, Charles E. Miller, Hugh F. Ellard, James R. Thompson, John W. White-side and Iver Hagen. The convention was dominated by the Young supporters, and at no stage was there opposition manifested. The senatorial delegation chosen favors the nomination of Senator Charles Smith of Lake Linden, and for representative the delegation is for the renomination of James S. Monroe of Ironwood.

Today the Republicans of Dickinson county will assemble at Iron Mountain. At the primaries held yesterday the Young men practically carried all before them, and there is little question that Young will be endorsed almost unanimously. With Gogebic's six, Young now has forty-three delegates on his list, and with Dickinson's support the number will be raised to fifty. It is hinted that a few other votes can be counted on for the first ballot. Forty-nine is required to nominate.

### BIG TREES IN THE U. P.

Some Notable Examples Are Found in Alger County.

People who live in Michigan, and those who dwell in the lower peninsula in particular, have come to believe that one who wants to find big timber must go out of the confines of this state. It is probable that even among the residents of this section few have any idea of the gigantic proportions to which some of the trees native to the upper peninsula attain.

George Forster, of the Forster Lumber company at Munising, says some of his men recently cut cedar that was four feet in diameter and "sound as an American dollar." On the state experimental farm at Chatham is the stump of a gigantic elm, believed to be one of the largest of its kind on record. The stump measures about nine feet across. Recently at the state experimental farm, a photograph was taken of a cedar stump out of which eight cedar trees grew. The smallest of these trees was nineteen inches and the largest thirty-four inches across.

### WHO ARE THEY?

Said Two Drummers Will Meet in a Boxing Bout Here.

The following, clipped from the Soo News-Record, will be of interest to the traveling fraternity and Marquette business men generally: "The hardware traveling men of Duluth and Detroit are evincing considerable interest in an eight-round boxing contest between two of the fraternity, which is scheduled at Marquette July 19. One of the principals will be from Duluth and the other from Detroit." The Mining Journal was told yesterday, apropos of the affair, that as a sort of booby prize a doll, esconced in a doll carriage, had been procured by the local drummers and that the man the best-clever with the "mit" shall "wheel her" down Front street at noon on Sunday, the 20th.

### CAUGHT A SALMON.

Daniel Morrison and William Parker, who have a pound net in commission off the shore down near the pier, this week caught among other fish a salmon that weighed four pounds. It has been claimed that this fish could not flourish in Lake Superior's fresh waters, and as an experiment several thousand salmon fry were planted in the lake at West Superior about four years ago. It is believed the fish taken here is one of that lot.

### SAVES A WOMAN'S LIFE.

To have given up would have meant death for Mrs. Lois Cragg, of Duchesne, Mass. For years she had endured untold misery from a severe lung trouble and obstinate cough. "Often," she writes, "I could scarcely breathe and sometimes could not speak. All doctors and remedies failed till I used Dr. King's New Discovery for Consumption, and was completely cured." Sufferers from Coughs, Colds, Throat and Lung Trouble need this grand remedy, for it never disappoints. Cure is guaranteed by Stafford. Price 50c and \$1.00. Trial bottles free.

### VACATION DAYS.

Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and wounds. "I used DeWitt's Witch Hazel Salve for sores, cuts and bruises," says L. B. Johnson, Swift, Tex. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeits. Harwood, Ishpeming; Stafford Drug Co.

### CITY BREVITIES.

Today's weather: Partly cloudy, probably threatening with showers; southerly winds.

Yesterday's temperature: 7 a. m., 66 degrees; noon, 76 degrees; 7 p. m., 72 degrees. Maximum, 82 degrees; minimum, 66 degrees.

Walter S. Prickett was here talking "Sidewalk" yesterday.

Mr. and Mrs. F. L. Barr of Vulcan are Marquette visitors.

Judge A. L. Flewelling of Crystal Falls was among the day's visitors in Marquette.

James M. Courtney of Molton, Ark., is the guest of his brother, Joseph, and family.

Fred Kern went to the copper country yesterday on business for the Lake Shore Engine works.

Milton Spencer of Chicago is the guest of his parents here. He is accompanied by his wife and child.

The Misses Brown and Nicholson of Manistique arrived yesterday for a visit with Miss Edith Rose.

Miss May Greene has gone to Portland, Ore., to spend a couple of months with her brother Floyd.

Miss Adams, of 909 North Third street, has gone to Escanaba to visit Mrs. Frank Brotherton.

It cost the city but \$43.50 for the board of the city prisoners during the months of April, May and June.

Fred Case, cashier of the Munising bank, came up yesterday for a short visit with his brother and mother here.

This evening at the Methodist church parlors, there will be a continuation of the ice cream and strawberry festival inaugurated last night. The public generally is invited.

The Misses Jaen and Martha Lawton of Ann Arbor, who have been spending two weeks at the residence of Rev. E. A. Ellet, left yesterday for a short stay in Ishpeming and Negaunee.

The first of the Saturday evening assemblies will be held this evening. Dancing begins promptly at 8 o'clock. A large number have signed the subscription list and a highly successful series is anticipated.

The Mining Journal received complaints from downtown merchants yesterday that Front and Washington streets had not been properly sprinkled. The dust caused the business men much annoyance.

Harriet E. Brooks and other heirs of Captain Smith Moore, deceased, have sold to Charles H. Brown, Lots 95 and 96 of Moore & Sang's addition. The price was \$1,200. The lots are situated on Third street between Park and Magentic.

Rev. Weston T. Johnson and bride, formerly Miss Sadie McLeod, have returned from the east and will spend several weeks at the home of Mrs. Johnson's parents before departing for Japan, to which mission field the young divine has been assigned.

Peter White has been appointed a member of the general committee named at the Soo to have charge of the celebration in commemoration of the opening of the canals fifty years ago. He will act as chairman of the sub-committee on the Fort Michilimackinac memorial arrangements.

A fifteen-year-old girl from Houghton was arrested as she alighted from the 1:30 o'clock train yesterday and was taken to the county jail to await the arrival of Sheriff Wilde, who will take her back to copperdom. The girl ran away from home and was corralled in accordance with instructions telephoned to Marshal Maney.

The "Social Twenty," an organization of young ladies, which gave an invitation dancing party at A. O. U. W. hall Thursday evening, proposes to give a hop about every two weeks for a few months to come. The one which took place Thursday night was a great success financially and was thoroughly enjoyed by the fifty couples in attendance.

A civil service examination for the grades of deputy collector, clerk and inspector in the classified customs service will be conducted by the examining board, A. C. Thiel, secretary, next Monday at the customs building. Six persons—three men and three women—will possess well trained voices, and the meeting will partake of the nature of a musical. Mrs. Ayer is a sister of Captain Hillborn, who is in charge of the Salvation Army work in this city. The visitors will remain in this locality for several months in the interest of the Army, doing special work here and "brigade" work in the outlying districts.

With local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

P. J. CHENEY & CO., Props., Toledo, O. Sold by druggists, price 75c. Hall's Family Pills are the best.

## TELL-TALE TEETH.....

If you neglect your teeth you know it, and everybody else knows it, because the teeth are so prominently located that any lack of care is quickly visible.

Good tooth brushes cost but little here. We have some that we guarantee never to shed a bristle. We also have the latest and best tooth preparations: those that polish, whiten and preserve the teeth and cannot harm. Can supply a tooth-saving outfit for very little money.

A BAD CASE OF GRIP,

or when suffering from a heavy cold, usually gives away to the influence of good whisky or brandy. For the sick room there is nothing that will prove more beneficial where brandies, whiskies or gins are prescribed, or where occasion demands, as our high grade malt whisky, our Lienterie cognac or our fine Sloe gin.
