### OVERTURES FOR SETTLEMENT OF STRIKE FALL THROUGH.

### ROADS OFFER NO NEW TERMS

### ALL TEAMSTERS' UNIONS VOTE TO KEEP AWAY.

Situation Hourly Grows More Serious and There Seems to Be No Chance for an Early Adjustment of Trouble.

Chicago, July 13.—The final overtures for the settlement of the strike of the freight handlers and teamsters were made at meetings of the unions tonight. At the instigation of the Chicago Board of Arbitration, the freight handlers agreed to send committees to all the railroads tomorrow. This agreement was made after it was announced that the largest railroads had agreed to pay 12 1/2 cents per hour to truckers, to pay for overtime and to do away with the probationary period of service.

Chicago, July 13.—The funeral of Archbishop Feehan will be held in the cathedral of the Holy Name Thursday morning. The interment will be at Calvary cemetery. The body will be taken to the cathedral Tuesday and will lie in state until Wednesday. The services Thursday will be the most impressive in the ritual of the church. A pontifical high mass, participated in by bishops and archbishops all over the country and with more than a thousand priests forming the congregation, will be celebrated. Messages of condolence were received today from every diocese in the United States and from Rome.

## FUNERAL OF ARCHBISHOP FEEHAN

## BUBONIC PLAGUE SPREADS.

Rats Carry It to All the Great Cities of Egypt.

Port Said, July 13.—The bubonic plague, which has been raging in the interior for the last two years, is spreading to the seaboard, invading village after village, traveling from city to city. It has reached Alexandria and Cairo is threatened. Now, when it is almost too late, the authorities are beginning to exterminate the principal agency for spreading the disease—the rats. It has been observed that rats leave the places where the plague becomes epidemic in large numbers, many of them doubtless carrying the germs to other districts.

## DECIDE RIGHTS OF SEALERS.

United States and Russian Contentions to Be Settled.

The Hague, July 13.—The court of arbitration promises an early decision on the case: The rights of the United States and Russia, respectively, in Behring's strait. The court will decide one for all whether or not American sealers have a right to catch seal in that latitude. The Dutch State Counselor Asser, very learned in international law, is chief lord justice in this complicated case which began in 1891, when Russian cruisers captured American vessels in Behring strait.

Seattle, Wash., July 13.—Nothing has been heard of Tracy today, but it is believed he is still within the condon thrown about his hiding place by the sheriffs.

### NO TRACE OF MISSING BOATS.

Steamers Jeanie and Portland Are Believed to Be Crushed in Ice Floe.

Port Townsend, Wash., July 13.—The steamship Oregon, from Dutch Harbor, July 4, brings no news of the missing steamers Portland and Jeanie, long overdue at Nome. Many searching vessels have returned with absolutely no tidings of the overdue steamers, and the belief is that they have been crushed in the ice and all aboard perished. The cutter Manning reports that there is no truth in the rumor that the Jeanie blew up and sank at Nunivak Island.

## PORTLAND REACHES ST. MICHAELS

One of Missing Vessels Turns Up Safe at Port in Alaska.

Seattle, Wash., July 13.—The steamer Portland arrived at St. Michaels July 2, according to a Post Intelligence special from Dawson. The news was telegraphed up the river at Nulato, where the steamer Sarah brought it on to Eagle. Thence it was wired to Dawson. The Portland sailed July 3 for Port Townsend. The vessel is in good condition and the passengers and crew are well. Nothing is reported regarding the Jeanie. Two more steamers are due at Dawson tomorrow.

## SALISBURY RESIGNS

### AGED PREMIER OF ENGLAND GIVES UP REINS OF GOVERNMENT.

### SUCCEEDED BY HON. A. J. BALFOUR

### ABDICATION WAS MADE TO KING EDWARD FRIDAY.

Resignation Had Been Under Contemplation for Some Time and Was Occasioned Principally by Ill Health.

London, July 13.—The Marquis of Salisbury has resigned the premiership of Great Britain and the Right Hon. A. J. Balfour, first lord of the treasury and government leader in the house of commons has been appointed to succeed him. Salisbury tendered his resignation during an audience with King Edward last Friday. Yesterday Balfour visited the king and accepted the premiership.

### Salisbury's Resignation No Surprise.

The fact of the resignation of the premiership by Salisbury was officially given out this evening. While it was expected that Salisbury's retirement would be coincident with the coronation of the king it was scarcely looked for prior to that event. Consequently about the only surprise expressed concerns the date, rather than the fact of the resignation. The real interest is not so much in reference to Salisbury's withdrawal as in the appointment of his successor. The liveliest speculation is rife as to the person of the new cabinet. The most discussed feature is the position of Chamberlain, who, in many quarters has been regarded as a most promising candidate for the premiership, but it is predicted relations with Balfour will be satisfactory. Well informed circles believe the reason for Salisbury's withdrawal is simply a desire for a quiet life.

### Balfour the Man for the Place.

Thomas Power O'Connor, after reviewing the possible political reasons which induced Salisbury to retire, spoke of Balfour as the most popular figure in the house of commons; and that he is "courteous, tolerant and broad-minded, and will not insult other nations as Chamberlain has done." O'Connor regards the change as beneficial to Ireland. He thinks Balfour just the man to propose a solution of the long standing difficulties in Ireland. He also says that Balfour has many important matters to consider at once that will make his accession not entirely pleasant.

### No Change in Diplomatic Relations.

Washington, July 13.—The appointment of Balfour to the English premiership will not result in any change in the existing relations between Great Britain and the United States. This is the opinion of state department officials who express the opinion that Balfour will be as much disposed, as was his predecessor, to continue the friendly relations between the two countries.

Rome, July 13.—Salisbury's resignation has produced here a feeling of regret, tempered with the hope that the relations between Great Britain and Italy, which grew cooler under the retiring premier, will resume their ancient cordiality.

## TODAY'S WEATHER.

Washington, July 13.—The following is the weather bureau's forecast for Upper Michigan: Fair and warmer Monday and Tuesday showers. Light, variable winds.

## AGREED UPON CONDITIONS.

Tien Tsin Will Now Soon Be Restored to China.

Pekin, July 13.—The foreign ministers have agreed upon the conditions for the restoration of Tien Tsin to China, and the agreement only awaits the signature of the Italian minister, who is absent, to be presented to the Chinese government.

### REPORT IS DENIED.

Revolutionists in Nicaragua Have Not Taken Town of Bluefields.

Managua, Nicaragua, July 13.—The director general of the telegraphs of Nicaragua declares that Bluefields has not been captured by the revolutionists as reported by Government reports announcing the capture of a number of revolutionists near Bluefields July 7.

### FIVE BOYS DROWN.

Fatal Accidents in Iowa and Michigan Yesterday.

Sioux City, Ia., July 13.—At Crystal Lake this afternoon Archie Howesington, aged sixteen, was drowned. Near Sloan, Ia., Roy Blair, aged eighteen, was drowned while in swimming. Henry Goodrich was drowned while swimming near Climbing Hill.

Detroit, July 13.—Anthony Bukamp, aged sixteen, and Adolph Budelier, aged eighteen, residents of this city, were drowned today in Cass lake, a small body of water about twenty-seven miles from here, by the upsetting of a boat. A girl with them was saved.

## SIR LIAN CHON SUCCEEDS HIM AS CHINESE AMBASSADOR.

### LATTER IS GRADUATE OF YALE

### RETIRING OFFICIAL HAS HELD OFFICE FOR FIVE YEARS.

Wu Has Been Very Popular With United States Government and Was Great Help During Recent Boxer Troubles.

Pekin, July 13.—Sir Lian Chon, secretary of the Chinese embassy to the coronation of King Edward was today appointed Chinese minister to the United States.

New ministers to Russia, France and Italy have been named. The selections show the dowager empress continues to regard the diplomatic services as unimportant. Lian Chon's appointment to Washington pleases the Americans here. He is a graduate of Yale and is able, dignified and honest.

Wu Is Not Surprised.

Washington, July 13.—Mr. Wu, the Chinese minister was not surprised that he was not appointed successor to himself as he has been expecting the announcement for some time. Sir Lian Chon, the newly appointed minister is said to be a man of progressive ideas. He was educated partly in the United States and was once connected with the Chinese embassy here. Retiring Minister Wu has been here since April, 1897. His relations with the government have been of the most cordial character. The ordinary term of ministers in the Chinese diplomatic service is three years and they are not reappointed. Wu's terms of service, however, has been continued indefinitely from time to time. He was of great assistance to his government during the Boxer troubles. Several months ago he was appointed a member of the commission to codify the Chinese laws and prepare a set of modern laws for his country and it is this business which in all probability the Chinese government has in store for him when he returns to his native land.

## DETROIT RACES ON TODAY.

### Grand Trotting Circuit Opens With Good List of Entries.

Detroit, Mich., July 13.—The grand trotting circuit opens here tomorrow. Indications are for a fast track and a big attendance. The feature of the opening day will be the Chamber of Commerce stake, 2:30 class of pacers. There are nineteen entries, and all but one have beaten 2:10. Tuesday the Classic Merchant and Manufacturers' \$10,000 stake, for 2:24 trotters, will be decided.

### JEWES ORDERED TO QUIT.

### Must Embrace Orthodox Church If They Would Work in Russia.

St. Petersburg, July 13.—Fifty thousand Jews working in the iron and coal mines of the government at Jakostev-moslaw were given three days' notice to quit the district lest they be willing to embrace the orthodox church. The measure is purely one of religious fanaticism.

### SAENGERFEST ENDS.

Sioux Falls, S. D., July 13.—The business meeting today concluded the tenth annual convention of the Saengerfest of the Northwestern Scandinavian singing association. Grand Forks was selected as the place for holding the next Saengerfest. A committee was appointed to revise the constitution.

## DEATH LIST GROWS

### TOTAL IN JOHNSTOWN HORROR ONE HUNDRED FOURTEEN.

### TWO MORE DIE AFTER RESCUED

### CITY IS GIVEN OVER TO MOURNING AND FUNERALS.

Dead Are Interred Together in Common Burying Ground—Mine Free from Gas and Work Will Be Resumed Today.

Johnstown, Pa., July 13.—Two more deaths of those rescued from the mine today increases the list of dead to 114. The state inspectors say the mine is now free from gas and have issued a permit to the company to resume operations tomorrow. The most interesting feature of the funerals and all the afternoon there were scenes of mourning in various parts of the city. The tolling of bells, marching of societies in funeral processions and the mournful music of the bands were the features of this day of sadness.

All night Saturday workmen dug graves in the cemetery. By this morning they had enough completed to care for the day's arrivals and for those who were taken to the cemetery entrance Saturday and had to be stored in a barn until the excavations could be made for them. The burial was simplified by digging trenches in place of separate graves. In one of these twenty-five coffins were lowered.

Knows How Explosion Occurred.

Joseph A. Roderick, chief of the state bureau of mines said tonight: "We know where the explosion in the Rolling Mill mine occurred, what caused it and who caused it. If he were alive, criminal action might reach him. He is dead, undoubtedly. There is nothing sensational about the cause. I will only say that the explosion was not caused by a blast."

### DISCUSSED FRIARS QUESTION.

President and Secretary Root Held Conference Yesterday.

Oyster Bay, N. Y., July 13.—President Roosevelt and Secretary Root were so busy engaged today in consideration of important subjects that neither attended church. The friar lands was one of the questions discussed. Both the president and the secretary deem it unwise to permit the friars to remain in the Philippines under present conditions. The attitude of the friars is regarded as a menace to the peace in the islands as well as destruction to the government and to the civilization of the inhabitants. It is understood a note is being drafted in response to the pope's but nothing official is learned as to its contents. The assurance is given that the United States will have strong ground in support of its contention that the friars must be eliminated from the Philippines.

### NEW BATTLESHIP MAINE.

Trial of Most Powerful Vessel in Navy Will Be Next Thursday.

Philadelphia, July 13.—The battleship Maine, which has been under construction in Crump's shipyards, since the spring of 1899, will leave for her builders' test off the Delaware Capes Tuesday afternoon. The trial will take place on Thursday, and it is expected the Maine will be again moored at the shipyard on Friday. Easily the most powerful battleship that Crump's yard has turned out for the United States navy, the Maine also is planned to be the fastest. She must attain a speed of eight-een knots, the same requirement as for the Russian battleship Retvizan, recently completed at the yard. In most respects the Maine and the Retvizan are alike.

### CATHOLICS PROTEST.

Grand Rapids Meeting Declares Friars Are Treating Unjustly.

Grand Rapids, Mich., July 13.—A mass meeting of the Catholics today adopted resolutions declaring that the friars in the Philippines are maligned, threatened with expulsion and the spoliation of their property, and protesting against the unjust acts perpetrated on our fellow Catholics in the Philippines. They also expressed the appreciation of Secretary Root's efforts to investigate and remedy the evils complained of.

### REID IS FIRED AND DINED.

Special Ambassador and Wife Have Round of Pleasure in Europe.

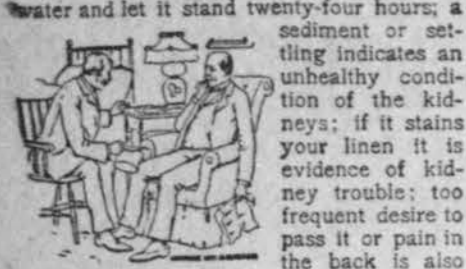

London, July 13.—Whitelaw Reid, the American special ambassador, and Mrs. Reid will pay a week-end visit to the Duke and Duchess of Marlborough at Blenheim. They will go to Liverpool on Thursday, where Mr. Reid will make a short speech at the banquet of the American Chamber of Commerce, afterward visiting Mr. and Mrs. Carnegie, and will sail on the 26th.

### RATE WAR IS ON.

Detroit, July 13.—The promised rate war between the rail and lake lines was inaugurated today by one of the steamship companies reducing first class rate to half of the railroad's second class rate and promising a further reduction if this was met by the railroads.

DAILY MINING JOURNAL.

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Subscription Rates: Per month, by carrier, \$3.00. Per year, by mail, \$30.00.

MARQUETTE, MICH., JULY 14.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

The following "Ode to the Houghton Gazette" is a sample of what happens when C. G. Griffey of the Iron Herald is moved by his muse:

Young, Hung, Shelden, And the people sung, "Well Done."

The Iron Port office at Escanaba was recently robbed of \$25 in cash. We move that Editor Cases be asked to explain to the fraternity at the Munising-Marquette meeting how he managed to secure that amount of money...

The Mining Journal seconds the motion.

It now seems likely that the coronation will be held on the 9th of August, although the ceremonies will hardly be as elaborate as those projected for the original date.

The St. Ignace Enterprise observes: With the question of the lieutenant governorship for the upper peninsula arises another. It will be observed that the honor the lower peninsula is willing that we, north of the straits, may enjoy, whilst undoubtedly a dignified and distinguished one, is still very far separated from those leaves and fishes that give substantial form to the positions the lower part of the state carefully keeps for itself.

Lansing advises say that Clerk Miller, of the house of representatives, will have hard sledding, if he seeks re-election at the next session of the legislature. Miller, it will be remembered, in a pique at Governor Bliss because he vetoed a bill that would have fixed him (Miller) up with an increased salary, wrote letters for the press during the recent gubernatorial campaign attacking Bliss and booming Stearns, he thinking that Stearns was the proprietor of the real hand wagon and expecting to satisfy his dislike and assure his continuance in office—to kill two birds with one stone.

The Copper Country Evening News takes exception to an editorial appearing last week in the Houghton Mining Gazette, the gist of which was found in its conclusion, where the Gazette declared that the Houghton county delegation, after giving Wright time to develop strength in other counties, in event of his failure to do this, would rally to Shelden's support.

The News calls attention to the fact that the delegation was instructed "to use all honorable means to secure the nomination of Charles A. Wright of Hancock, as representative to congress to succeed Carlos D. Shelden" and it insists that the delegates' plain duty is to vote first, last and all the time for Mr. Wright. There is a disposition among the Shelden forces to assume that the Houghton county delegation was put up merely to give Mr. Wright a complimentary vote.

The Mining Journal does not believe this. As it sees the situation, Houghton county's twenty-two delegates will stand by Mr. Wright until the bitter end. This was assuredly the intention of the Houghton county convention.

The instructions to the delegates meant that they were to adhere to Mr. Wright from the first ballot until a nomination was obtained, if it took all summer to do so; if the delegates should act otherwise they would disgrace Houghton county, as well as themselves, and prove the truth of the old saying, "Put not thy trust in politicians."

Iron Mountain is stirred to its very center over the serious differences between one of the honorable aldermen of the city and a reporter on the Gazette. Sir Alderman, who goes by the name of Martin, took exception to the manner in which the Gazette has been using his name and, last week, started out to annihilate at least a part of the editorial staff. The Tribune, the Gazette's esteemed contemporary, in speaking of the result said that "the scribe received the castigation he so well merited," but the Gazette claims that "the result of the encounter will not add anything to the coffers of the doctors."

The following paragraph gives an idea of journalistic amenities as they are practiced at Iron Mountain and of the virile, if rather ignominious, style characteristic of the Gazette:

Bill Martin, the dryman, who is known as the traitor alderman, assault-

is still rationed our troops in large quantities; and identically the same kind of canned roast beef, about which so much opprobrium was cast in 1898 is now sent our troops in the Philippines at a rate of 160,000 rations a month with no complaint whatever. This is due to the fact that the soldiers have learned how to prepare the food palatably, for it is both a palatable and nutritious food.

The book is beautifully printed by Harper & Brothers, and no less than seven maps serve as aids to illustrate the military operations.

THE OTHER FELLOWS. In his appointments Shelden deliberately slapped life long friends in the face and then sent federal office holders through the district with instructions to cram the bitter dose down the throats of the people.

Postmaster Mangum spent Wednesday at Baraga on a fishing trip—Mining Journal.

In another column the Mining Journal gives an account of the Baraga county caucus in which the Shelden forces played crooked and were defeated anyway. It continues by saying that "Last evening the Shelden voters including a couple of outside postmasters were gathered around at Baraga secure affidavits and preparing in general to seat their delegation. In an instance where the resident Shelden supporters had accepted and acknowledged their defeat, the same tactics were pursued."

From all this we are forced to opine that the net result of Postmaster Mangum's fishing expedition was a "rump" convention—the luck this particular federal office holder invariably has—Manistiquie Pioneer-Tribune.

Two bottles cured him. "I was troubled with kidney complaint for about two years," writes A. H. Davis, of Mt. Sterling, Ia., "but two bottles of Foley's Kidney Cure effected a permanent cure." People's Drug Store.

GENERAL ALGER'S WAR HISTORY. The editor of The Mining Journal is in receipt of a handsome presentation copy of General Russell A. Alger's "The Spanish-American War," with the compliments of the author, who was secretary of war from March 5, 1897, to August 1, 1899.

The publishers say: "This history of the Spanish-American war gives an inside view of many much discussed phases of the question, especially the conduct of the war department during Secretary Alger's incumbency, the Miles-Alger controversy, the beef-supply investigation, etc. Much information is given which has not been heretofore published and the book is an important contribution to the literature of the war."

The author draws upon the mass of statistics and information available to him by virtue of the office he held during the war and in a clear, comprehensive and interesting style he places before the reader an accurate account of this country.

First is taken up "The Cuban situation in 1898." Then follow in logical sequence: "Our unpreparedness and the preparations for war made by the country; the plans of campaign; embarkation at Tampa; march on Santiago; the affairs of Las Guasimas, Caney and San Juan; after the capture of San Juan; siege and surrender of Santiago; Admiral Sampson and the army at Santiago; the 'round robin' incident; resumption of Porto Rico; the Philippine campaign; our relations with Aguinaldo; the Tagalog rebellion; the Miles-Eagan controversy; camps and disease; the conclusion."

Regarding the canned beef furnished the troops while in Cuba, General Alger says: "Identically the same kind of army supplies that caused such vituperation and scurrility in 1898 are now being daily furnished our troops in the Philippines without complaint. The same kind of refrigerated beef, furnished by the same American packers who supplied the army in 1898"

Catarrh. Is a constitutional disease. It originates in a scrofulous condition of the blood and depends on that condition. Hood's Sarsaparilla. This great medicine has wrought the most wonderful cures of all diseases depending on scrofula or the scrofulous habit.

Don't want to be to free with advice as to how the other fellow should conduct his newspaper, but if the Menominee Herald has any old cuts of roosters that it has no use for it might send us a few, as we may have use for them. The Menominee boys are a right good lot of fellows and can take a joke in the proper spirit. They felt

under obligations to Mr. Shelden and they stood by him, which was the proper thing to do. Had they known how Houghton county would have acted they might have done differently, but they are good losers as it is. Menominee is all right. For many seasons Marquette stood by its candidate through thick and thin, putting up its time and money in his interest and while they have not returned us the compliment, we have no hard feelings. We cannot always be together in those things, but we can be gentlemen, nevertheless. In the matter of Postmaster Kern we believe he played fair, and was a gentleman in his fight. We can respect an enemy of that character even though he be a postmaster. For the square fighter the whole world has respect, and that's the kind of a warrior Mr. Young is.—Ishpeming Iron Ore.

GENERAL ALGER'S WAR HISTORY. The editor of The Mining Journal is in receipt of a handsome presentation copy of General Russell A. Alger's "The Spanish-American War," with the compliments of the author, who was secretary of war from March 5, 1897, to August 1, 1899.

The publishers say: "This history of the Spanish-American war gives an inside view of many much discussed phases of the question, especially the conduct of the war department during Secretary Alger's incumbency, the Miles-Alger controversy, the beef-supply investigation, etc. Much information is given which has not been heretofore published and the book is an important contribution to the literature of the war."

The author draws upon the mass of statistics and information available to him by virtue of the office he held during the war and in a clear, comprehensive and interesting style he places before the reader an accurate account of this country.

First is taken up "The Cuban situation in 1898." Then follow in logical sequence: "Our unpreparedness and the preparations for war made by the country; the plans of campaign; embarkation at Tampa; march on Santiago; the affairs of Las Guasimas, Caney and San Juan; after the capture of San Juan; siege and surrender of Santiago; Admiral Sampson and the army at Santiago; the 'round robin' incident; resumption of Porto Rico; the Philippine campaign; our relations with Aguinaldo; the Tagalog rebellion; the Miles-Eagan controversy; camps and disease; the conclusion."

Regarding the canned beef furnished the troops while in Cuba, General Alger says: "Identically the same kind of army supplies that caused such vituperation and scurrility in 1898 are now being daily furnished our troops in the Philippines without complaint. The same kind of refrigerated beef, furnished by the same American packers who supplied the army in 1898"

Catarrh. Is a constitutional disease. It originates in a scrofulous condition of the blood and depends on that condition. It often causes headache and dizziness, impairs the taste, smell and hearing, affects the vocal organs, disturbs the stomach. It is always radically and permanently cured by the blood-purifying, alterative and tonic action of Hood's Sarsaparilla.

Hood's Sarsaparilla. This great medicine has wrought the most wonderful cures of all diseases depending on scrofula or the scrofulous habit.

Don't want to be to free with advice as to how the other fellow should conduct his newspaper, but if the Menominee Herald has any old cuts of roosters that it has no use for it might send us a few, as we may have use for them. The Menominee boys are a right good lot of fellows and can take a joke in the proper spirit. They felt

under obligations to Mr. Shelden and they stood by him, which was the proper thing to do. Had they known how Houghton county would have acted they might have done differently, but they are good losers as it is. Menominee is all right. For many seasons Marquette stood by its candidate through thick and thin, putting up its time and money in his interest and while they have not returned us the compliment, we have no hard feelings. We cannot always be together in those things, but we can be gentlemen, nevertheless. In the matter of Postmaster Kern we believe he played fair, and was a gentleman in his fight. We can respect an enemy of that character even though he be a postmaster. For the square fighter the whole world has respect, and that's the kind of a warrior Mr. Young is.—Ishpeming Iron Ore.

Whenever an honest trial is given to Electric Bitters for any trouble it is commended for a permanent cure will surely be effected. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. It's a wonderful tonic for run-down systems. Electric Bitters positively cures Kidney and Liver Troubles, Stomach Disorders, Nervousness, Sleeplessness, Rheumatism, Neuralgia, and expels Malaria. Satisfaction guaranteed by Stafford. Only 50 cents.

CRISIS REACHED IN MINERS' STRIKE

ACTION OF INDIANAPOLIS CONVENTION WILL EITHER END CONFLICT OR PROLONG THE STRUGGLE INDEFINITELY.

Wilkes-Barre, July 13.—The tenth week of the miners' strike may witness the crisis. Everything depends on the Indianapolis convention. If the convention votes support to the hard coal miners the conflict may be prolonged indefinitely. On the other hand, should substantial support not be forthcoming, it may have a discouraging effect on the strikers, and the operators, taking advantage of it, may attempt to resume operations.

Altoona, Pa., July 13.—Reports from all sub-districts of District No. 2, United Mine Workers, shows that the delegates to the national convention from this field are unimpaired as regards to voting for a general sympathy strike. The delegates will urge the convention to donate a day's pay weekly to the attractive mine, permitting the bituminous miners to continue at work.

CHINESE CONSUL SMUGGLES. Gigantic Scheme to Cheat America Unearthed at Honolulu.

Washington, D. C., July 13.—Honolulu has been made the base of a gigantic smuggling operation. Yang-y-Ting, the Chinese consul at that port, is said to be the moving genius in a plan to cheat the United States of duties on opium and other Chinese imports. Some time ago Customs Collector Stackable reported to Secretary Shaw that he had evidence implicating Yang-y-Ting in smuggling operations and requested authority to investigate the premises occupied by the Chinese consul. The secretary of the treasury replied that a search might participate international complications, but that the collector should gather all evidence obtainable and report, but later Mr. Stackable was authorized to adopt vigorous measures. The result being the disclosures of a clearing house for Chinese and American smugglers in the Chinese consulate. It was discovered that Yang-y-Ting was engaged in a conspiracy to smuggle Chinamen into the United States. It is thought that China will make any representations against the punishment of her agent, as she is under too great obligations to the United States to risk any such complications.

RECOVERY GOOD FOR SOCIETY. King Edward's Progress Causes Resumption of Social Plans Abandoned.

London, July 13.—The announcement that the coronation will occur Aug. 9 has caused a hasty arrangement of plans in all directions. Visits to the country and the continent have been canceled and the season has been automatically lengthened to the middle of August. While on all sides there is deep gratification that the king is well enough to go through the ceremony it is generally accompanied by an expression of feeling that it will be a relief when it is all over. The shock caused by the sudden postponement of the first-planned ceremony must inevitably produce national nervousness until the king is actually crowned. Everything except society functions is still at a standstill. These continue to be exceptionally brilliant, and in them Americans have never played such a prominent part. The coronation bazaar proved to be a gala meeting place and its success was an eloquent tribute to the American women who did so much to organize it. The Bradley Martins and the Mackays and others are entertaining on a lavish scale.

AIRSHIPS AT THE WORLD'S FAIR. Rules Governing Contests for \$100,000 Prize and Minor Prizes.

World's Fair Grounds, St. Louis, July 13.—The rules and regulations to govern the airship tournaments at the World's Fair will be published in pamphlet form with diagrams of the course in a few days. The contest is for airships, balloons and kites. Of the \$200,000 appropriated there will be a first prize of \$100,000, also minor prizes. There will be no limit to the number of competitors. The balloons and airships must carry one passenger each and the competitor must have made a trip of not less than a mile with a machine similar to the one entered in the contest. The entrance fee is \$250, which will be refunded when the entries appear on the day of the races. The entire course must be traveled three times at a speed of not over twenty miles an hour. The course will not be less than ten miles nor more than fifteen miles in length. The contests will take place between June 1, and Sept. 30, 1904.

TRAMP KILLS CONDUCTOR. M. T. Young, of C. & N. W. Road, Shot by Hobo.

Rhineland, Wis., July 13.—H. T. Young, a Chicago & Northwestern freight conductor, familiarly known as Brigham Young in railway circles here, was shot through the head at Monico about 5 o'clock last night by one of a trio of hoboes who were stealing a ride on his train. He died at the hospital here, where he was brought immediately after the shooting. The ball entered his head just back of the eye and was extracted by the doctors from the other side. Death followed the operation. The man who did the shooting is described as of sandy complexion, sparse face, whiskers, weight, 160 pounds. All of the men escaped. A reward of \$100 is offered by Oneida county for the apprehension of the murderer. Young was a veteran railroad man and has a large family at Antigo.

EXCHANGE OF AMENITIES.

Czar and Victor Emanuel Banquet in Russia.

St. Petersburg, July 13.—At a banquet to King Victor Emanuel, the czar made a speech voicing his pleasure of the visit of the king, and expressing it as an evidence of the bonds of friendship uniting Italy and Russia. Emanuel responded, also expressing his gratification over the friendship of Russia.

FRANCE THREATENS TURKEY.

Ambassador Constans Asks Amends for Arrest of Fellow Countryman.

Constantinople, July 13.—Turkey is again embroiled with France. This time the trouble has arisen out of the arrest of a passenger on a French steamer in the harbor of Smyrna. The man was released by the police after the French had threatened to bombard the town. After a pretended investigation the porte declared that the man had come ashore of his own accord, but the French embassy is dissatisfied and M. Constans has demanded further amends.

ASIATIC FORCE IS REDUCED.

Secretary Moody Orders Six Gunboats Out of Commission.

Washington, July 13.—Secretary Moody has called to Rear Admiral Wildes, the ranking admiral in Philippine waters, instructing him to place the gunboats Ararat, Basco, Calamianes, Marceles, Panay and Paragua out of commission. These vessels are small gunboats, which have been engaged in patrol duty in the lower islands of the archipelago. This action is part of the movement recently decided upon to reduce the active naval force of the Asiatic station.

CONVENTION OF STATE C. E.'S.

Annual Meeting Will Be Held at Ludington July 22-25.

Grand Rapids, July 13.—The annual convention of the state Christian Endeavor societies, the program for which was announced Thursday, will be held in Ludington, July 22, 23, 24 and 25, the first session opening on Tuesday evening. The indications are that the convention will be noteworthy in attendance and in strength of program. Among the more prominent speakers are Rev. E. B. Allen of Toledo, Rev. C. B. Newnam of Christ church, Detroit; Miss Maud Hess, formerly of Turkey; Chaplain Orville of Jackson; Shailer Mathews of Chicago university, and Oliver W. Stewart of Chicago. The last named man, who has won a national reputation because of his work in the Chicago good citizenship movement, will talk on that subject.

Each morning Rev. C. B. Newnam will conduct devotional services. Two conferences on practical phases of Christian work will be held. Committee work will be given special attention and denominational rallies, Junior and Intermediate societies' work and a pastors' conference will be other features. The convention's keynote will be the deepening of the spiritual life.

WELCOME TO HERO LORD KITCHENER RECEIVES OVATION ON RETURN TO ENGLAND.

GREETED BY PRINCE OF WALES LUNCHEON GIVEN AT THE PALACE IN HIS HONOR.

Progress Through Streets From Station to St. James' Marked by One Continuous Outburst of Applause.

London, July 13.—Lord Kitchener reached London at 12:45 p. m. yesterday and his progress through the metropolis was one of the most memorable of the many remarkable ones of the past three years. The small procession of carriages containing the general and his staff, in simple veldt dress, lacked spectacular features, but evidently created an interest in the hearts of thousands to see the man of the hour, and not a pageant.

From the moment he set foot in London to the time of his disappearance beneath the portal of St. James' palace, Kitchener received such an outburst of popular enthusiasm as quite overshadowed the demonstration on previous and similar occasions. The platform at Paddington railroad station, when Kitchener arrived, looked more like a reception room of the war office than a railroad station.

When Kitchener's train arrived, punctuated to the minute, a tremendous cheer greeted the latest hero as he emerged from his car and shook hands with the Prince of Wales. He stood head and shoulders above nearly every one on the platform and his workmanlike khaki uniform, with the large brown sun belt, and an escort of his military staff, in striking contrast to the glittering uniforms and rows of medals and orders worn by most of those in waiting.

Reception at the Station.

The reception lasted ten or fifteen minutes when the Prince of Wales and other members of the royal family drove off. After an interval Lord Kitchener and Generals French and Ian Hamilton took seats in one of the royal carriages and followed by the brilliant headquarters staff headed by Lord Roberts and an escort, left the station amidst loud cheers from those inside, which grew into a perfect roar as Kitchener and his companions came in sight of the great gathering outside.

At Victoria gate the mayor of Westminster presented an address to the national hero expressing the high admiration of his tenacious genius, indomitable energy and devotion to duty, and Kitchener, with the brevity habitual to him, uttered ten words of thanks and drove off.

Merely Salutes Society Folk.

The vast stands on Constitution hill were crowded with people belonging to the highest classes of society and Kitchener's well known antipathy to "drawing-room folk" immediately became apparent. Whereas he had been all smiles to the man-in-the-street, his features here became illiberal and contented himself with a cold military salute until he again reached the open ground in front of Buckingham palace, where the ovation was repeated.

Shortly before the arrival of the procession at Buckingham palace Queen Alexandra and the prince and princess of Wales and remained there until the victor of South Africa had passed in his triumphal journey to St. James' palace, which he entered amidst a final hurricane of cheers.

Luncheon in Great Hall.

Kitchener and the generals who accompanied him were entertained at luncheon in the great banqueting hall, where covers were laid for fifty persons. The Prince of Wales occupied the central seat, with Kitchener on his right and Lord Roberts opposite. Among the guests were the premier, Lord Salisbury, Lord Lansdowne, Mr. Broderick and Lord Raglan, the under secretary for war. The hall was hung with pictures representing war scenes.

The luncheon occupied an hour and a half. The Prince of Wales toasted King Edward and then proposed a toast to Kitchener. The prince expressed the pleasure which it gave him to extend to the general in behalf of the king the hearty congratulations on the successful manner in which he had terminated the long and arduous campaign. His royal highness also expressed confidence that the sovereign's sentiments in this matter were shared by the empire, which had watched with admiration the general's tenacity, skill and patience, qualities in which his army had followed his example.

Kitchener made a brief reply, which exhausted the toast list, and soon after 3 o'clock the general proceeded to Buckingham palace to see the king and queen.

Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of every pebble. This is not intended as a free puff for the company, who do not advertise with us, but to benefit sufferers who may not be within easy access of a physician. No family should be without a bottle of this medicine in the house, especially in summer-time.—Lansing, Iowa, Journal. For sale by the Stafford Drug Co.

NEW YORK STOCK MARKET.

Rumor Current of Combination of Southwestern Railway Lines.

New York, July 13.—The stock market yesterday opened irregularly. While two or three stocks were generally strong the railway list in general backed and filled within narrow price limits. The conspicuous features of the railway list were Rock Island, Missouri Pacific and Atchafalpa. A further advance in the first named was unattended by any definite news, but a rather vague rumor was current that steps were on foot looking to important combinations among certain of the southwestern railways, and that the Rock Island would be the central company in the deal. Neither Missouri Pacific nor Atchafalpa was mentioned in connection with these reports, however. The dealings in St. Paul, Union Pacific, Illinois Central and the other recently active granger stocks were in comparatively light volume and prices. Pennsylvania and New York Central, while moderately active, also fluctuated within narrow limits. The anthracite coalers continued neglected on the absence of any definite intelligence respecting the strike.

Yesterday's market showed fine weather throughout the corn and spring wheat belts and this was really the most substantial feature of the day's news. In the earlier part of the day trading was chiefly dominated, however, by the fact that the market could show a large decrease in surplus reserves, as a result of their losses in cash last week through the heavy transfer of currency to Chicago. The London market maintained virtually stagnant and little was done here for foreign accounts. Outside of the railway list the tone was generally heavy. Amalgamated Copper sold at the lowest figures it has attained since the violent break in the stock last December, seemingly on the rather belated consideration of the showing made by its constituent companies published Friday. During the greater part of the day Sugar Refined reacted fractionally below its final prices of yesterday on light transactions. The United States Steel stocks were dull and slightly lower. The local traction shares were again neglected.

Table of closing prices of stocks as reported by Paine, Webber & Co. including Wabash Pfd., N.Y. Central, etc.

CHICAGO GRAIN MARKETS.

Chicago, July 13.—Trading was dull on the Board of Trade yesterday and prices for all grains were higher. Soft winter wheat closed 1/2¢ higher, September wheat was 1/2¢ lower, oats were 1/2¢ lower, with September provisions unchanged. September opened 1/2¢ lower at 73 3/4¢, fluctuating within a narrow range. After selling at 73 1/4¢ the close was at about the bottom, with a loss of 1/2¢ at 73 1/4¢. Local receipts were 603,000 bushels, against 734,000 bushels a year ago. Local receipts were 90 cars, with seven cars extra.

Corn opened easier on better weather and larger receipts, with larger proportion of contract grain. There was little doing in the July option, and after opening 1/2¢ lower at 85¢. The close was 1/2¢ higher at 86 1/2¢. September opened 1/2¢ lower at 61 1/2¢, advanced to 62 1/2¢ at 62 1/2¢. Local receipts were 313 cars, with 69 cars of contract grain.

Oats were weak under the influence of excellent weather, with prospects of a favorable condition over Sunday. Shorts took advantage of the decline to cover extensively, and this resulted in strengthening prices. September opened 1/2¢ lower at 33 1/2¢ and ranged between 33 1/2¢ and 33 3/4¢, closing 1/2¢ lower at 33 1/4¢. Local receipts were 115 cars.

The leading futures ranged as follows: September wheat opened at 73 1/4¢; highest, 74; lowest, 73 1/4; closed, 73 1/4; September corn opened at 61 1/2¢; highest, 62 1/2; lowest, 61 1/2; closed, 61 1/2. September oats opened at 30 1/2¢; highest, 30 1/2; lowest, 30 1/2; closed, 30 1/2.

BOSTON COPPER QUOTATIONS.

The copper stocks dealt in on the Boston exchange closed as follows yesterday, the quotations being reported by Paine, Webber & Co.

KING ALFONSO MAY BE INSANE

ECCENTRIC ANTICS OF SPAIN'S RULER LEADS TO THE BELIEF THAT HIS MAJESTY IS MENTALLY UNBALANCED.

Cincinnati, O., July 13.—A Madrid correspondent sends the following to a local newspaper: "The eccentric behavior of Alfonso XIII is causing the royal household considerable anxiety for the future of the young king, who seems to combine the depraved tastes of his notorious grandmother with the irresponsibility of his half-insane father. After the military authorities and antagonizing his ministers he is now on strained terms with the queen mother, whom he has repeatedly insulted grossly, and has estranged the sympathy of the family and of his court by the fondness he has developed for low associates. The household has made desperate efforts to conceal these facts and prevent a public scandal, but a portion of the truth has, nevertheless, leaked out in social circles here.

"The king's attitude toward the queen mother is the most severely criticized part of his conduct, for he seems to have lost all sense of respect due to her, and when any way crossed by her he curses her in the language of a coal heaver, even though servants and others may be present. The most recent of these scenes very nearly resulted in an open rupture between the king and the queen mother. One evening, shortly after dinner, the king, disguised as a laborer, had slipped away from the place unrecognized by the guards and had proceeded alone to the stables quarters of Madrid, where he had made up his mind to attend a workmen's ball.

"He passed the night dancing, drinking and playing, and in the morning the palace at dawn in a half intoxicated condition. The queen mother, acquainted with his mysterious disappearance from the palace, had spent the night in agony, fancying him the victim of a plot. When she heard the news of his absence she felt compelled to remonstrate against conduct so unworthy of a king. The king in a passion showered upon his mother all the oaths acquired from his low caste associates, and finally ordered her out of the royal palace. The queen remaining impassively, the king cried violently: 'Shall I call my guards to throw you into the streets of Madrid?' 'He was ringing to give the order when his confessor came hurriedly in and succeeded in vesting outward peace. It is said that she thought of retiring from the court, but that the king's advisers persuaded her to remain in the present at least. The young king has passed into tradition as the most unmanageable pupil professors have ever had to deal with. It is notorious that not long before the coronation he came down from his apartments starknaked one morning, declaring clothing to be superfluous, and paraded the palace in that condition for half a day, defying anyone to touch his sacred person."

THE FRIARS' LANDS.

Vatican Desires to Continue Negotiations with the United States.

Rome, July 13.—There is apparently a disposition on the part of the vatican to take advantage of the Philippine question to forward its desire for the establishment of diplomatic relations with the United States. The vatican authorities hope that the question of the purchase of the Friars' lands and other matters involving the payment of money will render indispensable the continuance of relations initiated by Governor Taft for at least two years, while they are also hopeful of reserving the question of the withdrawal of the Friars' lands to the pope as to prolong these relations even longer.

CELEBRATES FALL OF BASTILLE.

Paris, July 13.—Though official observance of the fall of the bastille was not begun until tomorrow, the Parisians began the celebration today. There were parades by a number of societies and the streets were thronged with merry-makers.

MONT PELEE STILL ALIVE.

Fort de France, July 13.—Last night and today Mont Pelee was in eruption, the activity being as great as that of Saturday and Wednesday last. The volcano emitted a dense column of flame.

KING STILL IMPROVING.

London, July 13.—The progress of King Edward toward recovery is maintained, and it is understood that he will be transferred to the royal yacht Victoria and Edward at Portsmouth Tuesday.

TREAT YOUR KIDNEYS FOR RHEUMATISM.

When you are suffering from rheumatism, the kidneys must be attended to at once so that they will eliminate the uric acid from the blood. Foley's Kidney Cure is the most effective remedy for this purpose. R. T. Hopkins, of Polar, Wis., says: "After unsuccessfully doctoring three years for rheumatism with the best doctors, I tried Foley's Kidney Cure and it cured me. I cannot speak too highly of this great medicine." People's Drug Store.

ESCANABA STREET FAIR.

This a Gala Week There Under Auspices of the Elks.

Beginning with this morning and lasting until and including Saturday, the Escanaba lodge of Elks, No. 354, will hold a big street fair. The main attraction will be the unsurpassed exhibits of the Bostock-Fenari company, which showed on the Midway at the Pan-American last year. The people of Escanaba have been working hard in hand with the Elks to make the carnival a success, and the city council has granted the Elks, during carnival week, the exclusive use of portions of the broadest avenue in the city.

Preparations have been made to entertain a big crowd of visitors during the week. Special rates have been secured on all routes of travel to Escanaba, supplemented on special days by excursions.

TO THE STOCKHOLDERS OF THE LAKE SHORE ENGINE WORKS, 34, W. Front Street, Marquette, Mich. Take notice, Pursuant to the written request of one fourth in interest of the stock of the Lake Shore Engine Works, dated July 1st, 1920, a special meeting of the stockholders of said company is hereby called to be held at the company's office in the city of Marquette, Michigan, on Monday, the 21st day of July, A. D. 1920, at 2 o'clock p. m., for the purpose of transacting for an increase in the company's works in buildings, equipment and working capital by an increase of the capital or by the issue of bonds secured by the property of the company, real and personal, or both such means, and for such other matters as may properly be brought before them. Dated Marquette, Mich., July 5, 1920. J. E. SHEPMAN, Secretary Lake Shore Engine Works. 7-5-1d

MURDER NEAR CHATHAM.

Munising Officers Believe One Committed-Two Arrests Made. John Jutila and Matt Tekari, two Finns, were arrested by Sheriff Gibson of Alger county and Marshal Thornton of Munising late last week at the Manistique & Northwestern railway boarding cars fourteen miles south of Wetmore, on a warrant charging them with having murdered Alex Peterson, a fellow-countryman, during a drunken spree near Chatham. The two men were brought to Munising and are now in the village jail awaiting examination, the date for which has not been set.

THIRTY-FIVE PERFORMERS.

Gideon's Minstrel Troupe One of the Largest on the Road. Gideon's Big Minstrel carnival will be seen at the Marquette Opera House on Wednesday evening, July 16, in the most elaborate minstrel bill ever offered the American public since the first invasion of negro minstrelsy before the footlights. The comedians, singers, dancers, acrobats, aerial artists, in fact all that goes to make this class of entertainment complete, have been selected with more than ordinary care and the result is the biggest show of the kind ever produced. The scenery and costumes used are veritable triumphs of the scenic artist's skill and the delivery, from a brilliant eighteen karat setting in which reposes this dazzling first water diamond of minstrelsy. The company numbers thirty-five performers, every one of whom is a specialist in his own particular line. At 12 o'clock on Wednesday the hand of this organization will make a street parade and at 7 o'clock in the evening will give a free open air operatic concert. Seats are now on sale at Bigelow's.

COMING TO MARQUETTE.

A special meeting of Sault Ste. Marie council, No. 646, Knights of Columbus, will be held at the Soc tonight for the purpose of forming a party to attend the installation ceremonies at Marquette where a new council is to be formed July 17. A class of fifteen will come from the Soc to take the work with the Marquette council and a party of from twenty-five to thirty members expects to come to give them aid and comfort in their trying ordeal. Grand Knight Jas. R. Ryan, of the Soc council, will also visit Houghton and Menominee, where large classes are to be installed, and it is thought that a number of other Societies will accompany him. The installations of the new councils are to be under the direction of State Deputy Geo. F. Monaghan of Detroit, who installed the Soc council last January.

FIRST ASSEMBLY HOP.

The Assembly at Fraternity Hall Saturday evening, the first of a series to be given through July and August, was attended by about forty-five couples, including a number of out-of-town people. It was a gratifying success and the interest and enthusiasm displayed augur well for the succeeding hops. The ideal orchestra furnished the music. Messdames J. E. Ball, E. W. MacPherran, James Jopling and E. C. Williams, followed. Dancing, which began shortly after eight o'clock and lasted until twelve, was followed by light refreshments. The next assembly of the series will be held Saturday of this week, the 19th, the invitations erroneously announcing the second meeting as the 20th.

TROUBLE BEGINS.

At the Same Point With Marquette People as elsewhere. Trouble begins with the first backache. Neglect means other pains more dangerous. Urinary disorders quickly follow. Doan's Kidney Pills cure all kidney ills. Mr. Theo. Farrell of 411 Weeks avenue, Escanaba, engineer on the Northwestern says: "The majority of men who follow the rail are a long time on the road before the symptoms develop, in others the jarring and swing of the cab brings on attacks much sooner. I watched the action of my kidneys carefully and had a specially constructed seat on the engine to counteract its effects. As soon as I found that my kidneys were not just right I took some kidney tonic to correct them. I found Doan's Kidney Pills answered my purpose admirably. Reading about them I decided to leave off the remedy I always depended upon, and procured a box of Doan's Kidney Pills at a drug store, with the intention of giving them a chance to prove that there was something of merit in their composition. The results obtained were all that could be desired. Since I stopped the treatment I have had no indication of a return. Just such emphatic endorsement can be had right here in Marquette-Drop into the Stafford Drug Co. and ask what their customers report. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

HARBOR GOSSIP.

The steamer Manola cleared from the South Shore docks Saturday for Cleveland. The schooner Warriner, in tow of the steamer Flagg, loaded with cop-

COPPERS TREND DOWNWARD.

Scattered Selling Sufficient to Cause Recessions in Prices. Wiring concerning Saturday's copper stock market, Paine, Webber & Co. of Boston said: "The weaker tone of Anacosta and Amalgamated caused some scattered selling of the other coppers today and there were slight recessions in prices. There was no news to explain the selling and it was apparent that bear traders took advantage of the fact that there were some buyers present at the moment. The metal market is dull and unchanged. The New York market is showing great strength. We believe the steels and other industrials will soon follow the railroad stocks and that later the coppers will join in the procession. Amalgamated shows excellent buying around 63. The opinion of the copper is getting so generally bearish that we think the prices must be near bottom."

WEAKNESS IN THE GRAINS.

W. H. Laidley & Co. said of Saturday's Chicago grain markets: "Fine weather, heavy Northwest receipts and rather heavy receipts here combined to bring about a lower opening in wheat and the market continued dull but rather weak, closing 5/16 lower. The market is getting so generally bearish that we think the prices must be near bottom."

NEW YORK STOCKS FIRM.

Walker Bros. advised Paine, Webber & Co. as follows concerning the New York stocks: "The market today opened quiet but with considerable strength. It was generally expected that the bank statement would be unfavorable, and this curtailed the buying orders and induced some profit-taking. The Atchison stocks began to advance shortly after the opening and this, in conjunction with continued buying by the pool in Missouri Pacific, gave tone to the market. Amalgamated Copper was weak on recently published reports showing approximately only two per cent earned on the stock. On the appearance of the bank statement, showing an increase of \$2,000,000 in reserves, which was due largely to the heavy deposits, the market rallied sharply on short covering and buying for long account and closed at about the top prices of the day, with bullish feeling."

BUFFALO BILL'S WORK.

What One Good Man Writes About His Great Deeds. Opie Read, in the Chicago Post, has written of Buffalo Bill and his Wild West work as follows: "The world's greatest study is man, of what worth has Buffalo Bill been to the student? Strip him of romance, of history, and regard him simply as a collector of the human species, and then note the distance he advances beyond any other man. When Barnum gathered up the bones of the mammoth, the bones of the earth, wise men applauded, for they declared that he had brought home to every child the truth of natural history. "And what has Buffalo Bill done? He has opened a great school of anthropology and not only so, but he has made the world's greatest study of man, of what worth has Buffalo Bill been to the student? Strip him of romance, of history, and regard him simply as a collector of the human species, and then note the distance he advances beyond any other man. When Barnum gathered up the bones of the mammoth, the bones of the earth, wise men applauded, for they declared that he had brought home to every child the truth of natural history. "And what has Buffalo Bill done? He has opened a great school of anthropology and not only so, but he has made the world's greatest study of man, of what worth has Buffalo Bill been to the student? per mineral from Lake Linden to Buffalo, left here for Ashtabula. From the L. S. & F. dock, the steamers Choctaw and Frontenac took out cargoes for Buffalo.

Supervising Inspector C. H. Westcott of Detroit has been notified that the local steamboat inspectors at Marquette have revoked the license of Captain Fred Bennet, formerly master of the harbor tug Schoenck, as the result of the investigation instigated by Great Lakes Towing company. It was claimed that he violated section 4419 of the revised statutes. The action of the Marquette inspectors marks the first victory of the tug trust in its efforts to have the licenses of its striking employees taken away for their refusal to man the tugs of its fleet, thus interfering with navigation at nearly every port on the lakes.

CITY BREVITIES.

Weather forecast: Generally fair except possibly local thunderstorms, variable winds. Yesterday's temperature: 7 a. m., 75 degrees; noon, 66 degrees; 7 p. m., 61 degrees. Maximum, 78 degrees; minimum, 60 degrees.

John Getz left last evening for Chicago.

John McKelvie of Calumet is the guest of Marquette friends.

F. M. Sakrider of Houghton was greeting Marquette friends, Saturday.

Will Brown was down from Duluth to spend Saturday and Sunday in the city.

Mrs. "SI" Jacka, now a resident of Crystal Falls, spent Sunday in the city.

Mrs. C. H. Call arrived home Saturday after an extended stay in the East and South.

Louis Lee caught a four and a quarter pound speckled trout in the Carp river yesterday.

The Misses Belle and Daisy Bennie have gone to Antigo, Wis., for an extended visit.

Mrs. George Shiras, wife of Supreme Justice Shiras, is a guest at the C. H. Call residence.

Fred Bernier and wife are here from Montreal on a visit at the home of Mr. Bernier's parents.

A regular meeting of the Clerks' association will be held this evening at the A. O. U. W. hall.

Miss Katherine Waters of Detroit is the guest of her uncle Thomas Fitzgerald and family, Front street.

Mrs. Fred Maynard and son James of Chicago are here for the summer at the residence of Miss Pickands.

W. G. Sundstrom and wife and Mr. and Mrs. George Fletcher of Iron Mountain were Sunday visitors in the city.

Judge J. W. Stone left last evening for Iron Mountain, where the July term of court for Dickinson county opens this morning.

Will Hamill of Detroit is in Marquette. He is accompanied by Mrs. Hamill, who will remain in Marquette for a month.

E. C. Kilby, of the Soo News-Record, came in on the late train last night. Mr. Kilby is a delegate from Chippewa to the congressional convention.

Mrs. C. E. Lytle, Arch street, gave a largely attended reception Saturday afternoon in honor of the Misses Thompson and Hall, who are visitors here for some weeks.

Mrs. Charles Farrell left Saturday night for Washburn, Wis., to join Mr. Farrell. She was accompanied by her brother, Isadore Varelbrooks, who has gone to West Superior.

Congressman Sheldon came down from the copper country last evening. Han. C. A. Wright of Hancock, also a candidate for the congressional nomination, was a passenger on the same train but stopped off at Ishpeming.

The forces in the general offices of the South Shore enjoyed a half-day holiday on Saturday, all work being suspended at noon. As is usual during July, August and September, the practice will be continued for the next three months.

A big crowd spent the afternoon yesterday at Presque Isle. The street cars did a large business, but many persons made the trip on the steamer Friant, whose Sunday excursions to the island are becoming increasingly popular.

In a ball game played at South Marquette yesterday the South Ends were defeated by the "gas house nine" by the score of 6 to 2. The berries were Anne and McDonald, and Hogan and Dorais, the latter for the South Ends.

A young girl singer, accompanied on the accordion by her mother, entertained about the streets last Saturday. The girl has a very sweet voice and her singing was much appreciated. A goodly number of dimes and nickels was collected by the couple.

An order for another carload of mining machinery for a company operating in the west has been booked by the Lake Shore Engine works, the first consignment having given such excellent satisfaction that it is now to be duplicated for service at another shaft.

Carl C. Carleton, of Onen, Webster & More of Sault Ste. Marie, is in the city on business. Mr. Carleton is the youngest practicing attorney in the state of Michigan, being just of age. He is both a college and University graduate and has traveled in thirty foreign countries. He spent one summer in the office of Clark & Pearl, in this city.

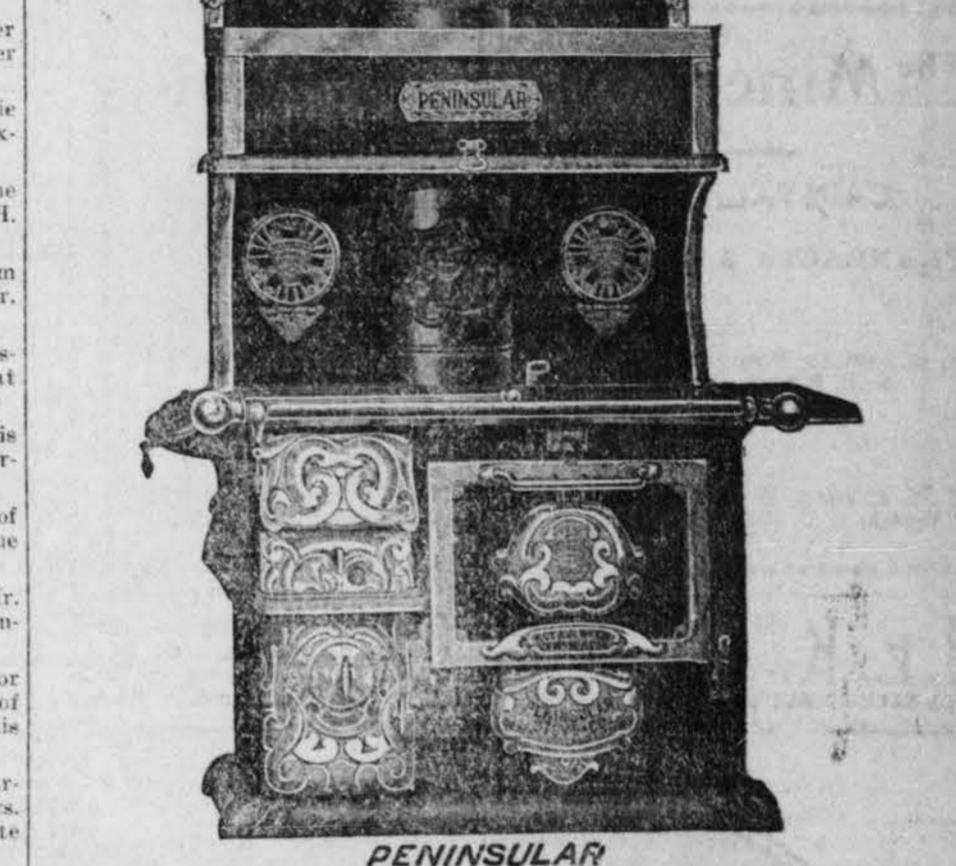

The Duluth Herald says that Charles L. Peterson of Marquette and Miss Emma Keitel of Marinette, Wis., have been married at Duluth by Judge Bonham in his office at the court house. According to the directory, there is no Charles L. Peterson residing in this city, but there is a gentleman by that name living at Ishpeming—a plumber of the Ideal Plumbing company.

### NATIONAL CONVENTION.

Hibernians Will Assemble in Biennial Session at Denver.

Matt Demison, state secretary of the Ancient Order of Hibernians, left Saturday evening for Denver, Colo., where he will spend the greater part of next week attending the biennial convention of the national organization of the Hibernians. Over twelve hundred representatives will be present from all parts of the United States and from some countries of the old world. All state officers and county presidents are eligible to attend. Thomas J. Dundon, president of Marquette county's organization, intended to visit the convention, but he was unable to leave the city.

The biennial session of the Ladies' Auxiliary will also be held at Denver next week and, as is the case with the major order, state officers and county presidents are eligible to attend. Miss R. A. Mahoney, state president of the Auxiliary, whose home is at Calumet, goes as a delegate. She visited friends here Saturday, having stopped off on her way west. John Wade, president of Houghton county's organization of Hibernians was also here Saturday.

Mr. Demison will visit his daughter Anna before returning home. Miss Demison is attending school at Grand Rapids and she is spending her vacation with friends in Detroit. Matt will be away until about the 25th of the month.

Canada and several of the countries across the Atlantic will be represented. The Hibernian society is flourishing in a number of the foreign countries, including all the British possessions. At the last session of the head organization a membership of over 150,000 was reported for the parent organization and over 50,000 for the auxiliary.

### Delegates to State Convention.

At the last meeting of the local lodge of the Ladies' Auxiliary, Miss Nora P. Kennedy was chosen representative to the state convention, to be held at Hancock Aug. 19, 20 and 21. Miss Margaret Malloy is the alternate. Miss Kennedy has held an office in the local society for some time and she is one of its most enthusiastic workers. Miss Anna Lacey, president of the county organization, will also attend the state meeting.

The membership of the local society has increased steadily for the past year or more, until now there are a few less than 140 enrolled. At a special meeting last Sunday, several ladies from Republic were received.

The local branch of the Hibernians will have four delegates at the annual state convention. These will be the four leading officers of the lodge.

### PRAISE WELL DESERVED.

Rev. T. D. Williams, pastor of the M. E. church in Marquette, writes: "I have used the Stoddard lectures in my library for some time and have recently purchased the illustrated travel lectures of his successor—Burton Holmes. It is no reflection on Stoddard to say that Burton Holmes' lectures carry with them some elements of superiority.

A trip with this famous traveler through the most interesting countries of the world by means of these volumes will not only be an entertainment but a liberal education. We cannot all personally visit Honolulu, Peking, Tangier or Morocco, but here is an opportunity to see these interesting cities, and hundreds of others, through the trained eye of a master-genius. Holmes is a young man and will entertain the public for many years. I am simply charmed with his work throughout."

### MINSTRELS THURSDAY NIGHT.

Gileon's Big Minstrel carnival will be seen at the Ishpeming opera house on Thursday evening of this week in an elaborate minstrel bill. The comedians, singers, dancers, acrobats, aerial artists, in fact all that goes to make this class of entertainment complete, have been selected with more than ordinary care and the result is the biggest show of the kind seen here this season. The scenery and costumes used are attractive and the first part setting is very pleasing. The company numbers thirty-five performers, every one of whom is a specialist in his own particular line.

At 12 o'clock that day the band will make a street parade and at 7 o'clock in the evening will give a free open air operatic concert. Seats will be on sale tomorrow at 'Tilson's. The prices will be twenty-five, thirty-five and fifty cents.

### A UNIQUE CONTEST.

The members of the Ancient Order of United Workmen in the lower and upper peninsulas have entered into a contest that will attract no little attention. The two sections of the state will hustle for new members. The contest commenced on the first of this month and it will end with the closing of the year. The upper peninsula grand lodge officers issued the challenge to Grand Master Wetmore and it was promptly accepted. Deputy Holdings of Detroit will lead the upper peninsula forces.

### WILL BE A MODEL CAMP.

No Carousing at the Michigan National Guard Encampment This Year.

If what the Detroit papers say of the coming encampment of the Michigan National Guard is true, the soldiers will have more work than play this year. As a rule the soldier boys manage to have a pretty good time during the week they are in camp, but this year the commanding officers intend to hold them to closer lines. The following from the Detroit Today will be of particular interest to the military men of the upper peninsula.

Quartermaster General James H. Kidd, Adjutant General Brown and Brigadier General C. L. Boynton of the Michigan National Guard, held a meeting yesterday to discuss plans for the coming state encampment. "Things are going to be entirely different at the camp this summer from any previous encampment," said General Boynton. "We are going to have everything as near a regular army basis as it is possible to have it. The regiments will be about a quarter of a mile from each other, and each colonel will be held responsible for his camp and men. The camp this year is for instruction of the troops and the carousing will be eliminated. There will be a large number of new officers that will need instruction as well as recruits."

### ISHPEMING IN BRIEF.

A large number of Ishpeming people visited Marquette and Presque Isle yesterday.

W. E. Ten Broeck, a well known insurance man of Milwaukee, had business in the city Saturday.

Andre Formis and wife have returned from a visit to Cleveland and other points on the lakes.

Arvid Braastad drove from this city to Skandia and back yesterday, a distance of about fifty-four miles.

The Kennedy Players left the city yesterday morning for Hancock, where the company will remain this week.

Will Finnegan, a well known engineer on the Chicago & Northwestern line, spent Saturday in Ishpeming. Mr. Finnegan ran an engine in the local yards some five or six years ago.

Harold Faugh, pharmacist at Tillson's drug store, got home Friday from Chicago and other points, where he spent a few days. He was also at Gladstone visiting his people.

Mrs. M. Martineau of this city attended the funeral of her little grandchild at Marquette Saturday. The child died at Onota. Louis Martineau, father of the child, formerly lived here.

Miss Kate Cullen, teacher at the National school, is visiting at St. Paul and Minneapolis. She attended the annual meeting of the National Educational association at the latter place last week.

Mrs. Nick Debeck of Escanaba visited her husband here over Sunday. Mr. Debeck is conductor on the Chicago & Northwestern train running between this city and Marquette and the towns in the western end of the county.

The slaughter sale of dry goods, clothing, etc., at S. Johnson & Co.'s old stand will be resumed today. The store was closed the greater part of last week for the readjustment of the stock.

The Misses Lizzie Bamford and Winnie Montree have gone to Grand Rapids to take instructions in kindergarten work during the summer. Both will resume their studies at the Ishpeming high school in September.

Richard Quayle's commission business will not be closed out with the wood and coal branch. It will be managed by John Wills, whose headquarters will be at S. Johnson & Co.'s office in the block formerly owned by that firm.

Thomas Symons departed a few days ago for England, where he will spend the next three months on a sight-seeing tour and visiting friends at his native town. His brother, Steve Symons, will look after Tom's business while he is away.

Miss Mae Blaney is visiting her sister, Mrs. Joseph Roskilly at Virginia, Minn. She will spend the next five or six weeks there. Captain Roskilly and his family like Virginia very much. The town is booming and large forces are employed at nearly all the mines.

Officials of the United States Steel corporation arrived in the city yesterday. They will spend the greater part of today examining the properties operated by the corporation here and at Negaunee. The visitors will be entertained for a few hours this afternoon at the golf links.

A number of Ishpeming people enjoyed a drive around the Cliffs yesterday. Many Negaunee people also were out. The scenery along the route was never more beautiful. The road is in good shape for the greater part of the distance. There is one place in Tilden township that needs attention.

## Upper Peninsula.

The plans for the new \$35,000 opera house which is to be built in Menominee were opened last week and those of George M. Garnsey of Chicago were accepted. The seating capacity of the building will be 1,204, excluding the boxes, and the proscenium of the stage will be thirty-two feet.

The other afternoon Alfred Linquist, a well known young man of Norway, was mixing whitewash, to cover a barn, and was using carbolic acid in it. In some way a little of the acid got in his eyes. He was taken to a doctor, but it was necessary to have him removed to the hospital at Menominee. The doctors at Norway think he will lose both eyes.

Lenne Jacobson, a five-year-old Menominee boy, was seriously injured a few evenings ago. He was playing back of a shed, built onto the house, when an old brick chimney that had stood useless for years and was unstable, fell from the roof, about eight feet high, onto the lad, crushing him to the ground and burying him beneath the pile of brick.

The allied companies have given further evidence of the broad scope of their plans for the development of the American Soo. The company has recently concluded the purchase of a vast tract of real estate, located in the west end of the city and fronting on the river. The total area purchased exceeds 1,100 acres and is admirably suited for the location of almost any kind of manufacturing business. The tract extends from a point three-quarters of a mile west along the river to two and one-half miles west along the river to a point opposite Point aux Pins. The depth of the land varies from less than half a mile to a mile and a half where it extends across the railway tracks.

This is house cleaning time at the state fish hatchery at the Soo. Superintendent Marks has a force of men at work scouring out the trout ponds and putting clay banks in the runways. The hatching building has been cleaned and the surrounding grounds are undergoing an overhauling. There are no fry at the hatchery except about 30,000 small trout that have been kept for raising. They are a very lively bunch and just beginning to develop a fear of human kind. A glance over the hatchery register shows that over 9,000 visitors have left their names inscribed during the past year. This by no means includes all the visitors, for many never register. It is quite probable that the number of visitors for the year will aggregate 12,000.

A well known Menominee woman received last week a rather strange gift. It came by mail and was enclosed in a cigar box neatly wrapped up. The lady suspecting nothing out of the ordinary, opened the box and was almost frightened into insensibility when she lifted the cover and saw coiled in the box a garter snake. The snake hissed and darted out its tongue and screeching the woman ran out the room, leaving the box and snake were turned over to the chief of police. Friends of the woman in question are at a loss to account for the unusual occurrence. The snake was about a foot and a half long but is of a non-poisonous species. The matter is being thoroughly investigated and the United States postal authorities have been asked to look into it.

Treasurer B. Leclere of Mackinac county put in two days of good solid work last week in making out two reports for the taxes of 1900 and 1901 on the Holland lands, so-called. There were 276 descriptions in the receipt for 1900, and 225 in that of 1901. The tract embraces upwards of 13,000 acres, located in the vicinity of Naubinway. The amount of tax on the lands for the two years was about \$800. The lands were lumbered for pine by N. Holland & Co. some years ago, but is thought that there is from 1,000,000 to 2,000,000 feet left that was not deemed worth cutting in past years. Besides pine, there is cedar, spruce, hemlock and hardwood stumpage in large quantities. The lands were recently purchased from Frank Blake by Vincent W. Bayless of Minneapolis.

John Totten, an employe of the Northwestern Leather company of the Soo, had the narrow escape of his life in the tannery at Algonquin a few days ago. He is employed in operating a combing machine and in some way his hand was caught and dragged into the machine. One finger was broken and two dislocated before a fellow machine hand could stop Totten's machine. Only the fact that the side of leather in the machine was between his hand and the knife of the machine prevented the member from being amputated or badly cut. Totten regrets the fact that a few days ago his accident insurance policy expired and he failed to have it renewed. His carelessness in this regard is a serious feature of an accident as his injury will incapacitate him from work for some time.

The residence of W. H. Scandling of Iron Mountain was visited by burglars the other night. A gold watch and some \$15 or \$16 in money were taken. Mr. Scandling did not hear any noise and did not know he had been visited by robbers until he looked for his watch in the morning to see the time. It was not under his pillow, where he usually keeps it, and then he looked for his watch-pocket, thinking he left the watch in a chair by his bedside along with his trousers. The clothes were not there, and a search found them in the hallway, where they had been taken by the burglars to be examined. A remarkable feature of the affair is that neither Mr. nor Mrs. Scandling heard the noise, though sleeping in the room. Mr. Scandling is of the opinion that they were chloroformed, as he was suffering from a severe headache.

Bending over a rough table with a half emptied cup of coffee clutched by stiffened fingers, the corpse of August Penet, a hermit, was found in a cabin in a swamp about a mile and a half above Menominee on the county road the other night by William Healy, the occupant of the adjoining farm. Some four years ago Penet settled upon eighty acres and constructed for himself a rude shanty, which he made his residence. His only companions were a

# Contagious Blood Poison

Is the name sometimes given to what is generally known as the BAD DIS-EASE. It is not confined to dens of vice or the lower classes. The purest and best people are sometimes infected with this awful malady through handling the clothing, drinking from the same vessels, using the same toilet articles, or otherwise coming in contact with persons who have contracted it.

It begins usually with a little blister or sore, then swelling in the groins, a red eruption breaks out on the body, sores and ulcers appear in the mouth, the throat becomes ulcerated, the hair, eye brows and lashes fall out; the blood becoming more contaminated, copper colored spots and pustular eruptions and sores appear upon different parts of the body, and the poison even destroys the bones.

S. S. S. is a specific for this loathsome disease, and cures it even in the worst forms. It is a perfect antidote for the powerful virus that pollutes the blood and penetrates to all parts of the system.

Unless you get this poison out of your blood it will ruin you, and bring disgrace and disease upon your children, for it can be transmitted from parent to child. S. S. S. contains no mercury or potash, but is guaranteed a strictly vegetable compound.

Write for our free home treatment book and learn all about Contagious Blood Poison. If you want medical advice give us a history of your case, and our physicians will furnish all the information you wish without any charge whatever.

### CALL FOR MEN.

Railway People Want Them to Replace Striking Freight Hustlers.

There is all kinds of work for men who will take the places of the striking freight handlers in Chicago. An order, calling for young men, was received on this end of the Chicago & Northwestern line Friday. An effort was made to pick up a few at Ishpeming, but none were found. Steady employment at good wages was offered, but the inducement was not sufficient.

Dennis Callahan, local section foreman, who was called into Chicago early in the week, got back Saturday. He did not work while away, but he reported that nearly all the other employees of the company called from different points on the system are busy. Some station agents, who have not done any heavy work in years, will return to their homes weighing less than when they went away. Up to the time Callahan left the city the strikers had not interfered with the regular employees of the company. However, should new men come in to take their places there is no telling what might happen. A. W. Johnson, local agent of the company, is employed as a freight checker. He does not know when he will be home, that depending on the length of the strike. During his absence his work is being looked after by Ed Laughlin, the company's local cashier.

Fruit and provision men of this section are not getting their goods as easily as they did before the walk out. One man who visits Chicago frequently said yesterday he had a hard time getting a car of fruit loaded last week. He spent two days hustling around before he got his goods ready for shipment. The teamsters were then talking strongly of going out. He said there might be serious trouble if the drivers quit work. The prices of fruits and vegetables have advanced in the Chicago markets. Farmers in many sections have stopped shipping their goods to the city and there is a scarcity in some lines. Potatoes jumped twenty cents a bushel last week and all fruit is higher than it was ten days ago.

MINSTRELS THURSDAY EVENING.  
Gideon's big minstrel carnival will be at the Macdonald Opera House Thursday evening. The company puts on a big street parade, which will be seen here at the usual hour. It is one of the largest organizations that has visited Negaunee in many months, as its roster includes thirty-five performers. The carnival will include many specialties, turns of high grade. The olio will offer fine acrobatic features and a spectacular finale will send the audience home well pleased. The first part is brilliantly mounted and the management asserts that the costuming has never been excelled in this section of the country.

LOCAL LACONICS.  
J. D. Campbell came up from Chicago Saturday to spend a couple of days with his family.  
Mrs. P. R. Kirkwood, and son Tom, left Saturday for Mr. Kirkwood's camp at Little Lake.  
Mrs. Ed Cummings, and children, of Chicago, arrived here Saturday on a visit to the Winter family.  
Phil Levine spent the latter part of last week at Republic, doing some work on the books at his father's store.  
The "Missouri Girl" company was greeted with a fair audience at McDon-ald's Opera House Saturday evening.  
Miss Pearl H. Rothie, who is attending the Marquette Normal, was in town, or, the latter part of last week, at the home of Mayor Houle and family.  
The Independents will cross bats with the Marquette Juniors at the Union Park grounds next Sunday afternoon. All communications should be addressed to W. J. Ethier, manager.  
S. A. Adams and wife of Chicago, arrived in the city yesterday on a visit of a couple of weeks or so to Mr. and Mrs. Sol Berkson. Mrs. Adams and Mr. Berkson are brother and sister.  
The death rate in Negaunee has been light the past few months. In June there were but six deaths. Last year there were also six deaths in June. So far this month there have been but three.

THE EMPLOYEES OF THE MAAS MINE will be paid tomorrow for last month's work. The workmen in the employ of the Cleveland-Cliffs iron company at the Volunteer stockpile will also get their checks tomorrow.  
Mrs. J. H. Martin of Green Bay, formerly Miss Josephine Gaffney of this city, was here Saturday morning, on her return from a visit to her sister, Mrs. Fred Reinhart, who will spend a few weeks at the bay. Mrs. Reinhart is not in good health.  
John Penglass, Jr., was here Saturday morning subpoenaing witnesses in the condemnation proceedings instituted by the Lake Superior & Ishpeming Railway company against certain land owners, through whose places the company wishes to extend its Maas mine track. The hearing is set for today. It is expected that a dozen or more local men will be in attendance.  
The Bell Telephone company will charge for residence telephones after Aug. 1. The rate will be \$1 per month. A representative of the company has been here and at Ishpeming the past few days making contracts at that price. The Bell people have furnished a great many of their patrons free 'phones ever since the Marquette County Telephone company began doing business.

### SONS' REUNION.

Excursion to Hancock Next Saturday Will Be the Largest of the Season.

All the members of the Sons of St. George lodges of this county are manifesting interest in the annual reunion at Hancock next Saturday. Large posters are displayed about the county and smaller bills, giving full particulars as to the special train, etc., are to be distributed this week.

The South Shore road offers a round trip rate of \$2.50 for adults and \$1.25 for children, between five and twelve years of age. Tickets will be good returning until the 23rd, but they will be sold only for the special going up, except in the case of delegates and grand lodge officers. The latter can go to Hancock on any of the regular trains during the three days prior to the celebration.

The special will leave Negaunee at 7 o'clock a. m. Ishpeming at 7:10; Humboldt, 7:35; Champion, 7:45; Michiganville, 8:00, arriving at Hancock at 10:30. A train will be run from Republic to Humboldt, leaving the former place at 7 o'clock.

The largest delegation from this section will go from Ishpeming. There are two lodges there, and one at the Winthrop. It is expected that a majority of the members will take in the celebration. The South Shore people will thus have one of the heaviest passenger trains they have ever sent from this county to the copper country.  
The special train, returning, will leave Hancock at 11 o'clock.

### RARE AND GRAPHIC.

Mr. John Weston, a well known lawyer of Detroit, Mich., writes: "I wish especially to commend 'The Burton Holmes Lectures,' not only from a standpoint of travel, but also for its rare and graphic presentation of the past and present, its famed and leading architectural features and the manners and customs of the people that have made history. I consider it the most valuable acquisition to my library."

### GYPSIES HERE.

Some fifteen or twenty gypsies have pitched their tents south of the Lake Superior & Ishpeming railway, almost midway between this city and Ishpeming. Some of them were out Saturday telling fortunes. The men have a few horses and they are on the lookout for trades.

### CRUSHER DOING GOOD WORK.

The city's rock crusher is doing splendid work. Friday afternoon the plant was run steadily and a record was made. Something like seventy tons were treated. The manufacturers claim the plant will treat twenty tons an hour and the operator is satisfied that it will do it, if crowded.

### INDEPENDENTS WANT GAMES.

The Independent ball team of Negaunee is prepared and anxious to meet any junior nine in the upper peninsula. The boys have showed up well in all the games played to date and some of the players think they can give the regular city team a good contest.

### THE SAME OLD STORY.

J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and re-told by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than I expected. I had used other remedies, but Mr. Kelly is a well known citizen of Henderson, N. C. For sale by the Stafford Drug Co.

HANDSOME GIFT

LIBRARY FUND IS ENRICHED BY ANOTHER \$5,000.

PETER WHITE IS THE DONOR

MEANS THAT WORK WILL START EARLY NEXT YEAR.

Board Will Have, With Value of the Present Building, About \$40,000 With Which to Erect the New Structure.

Hon. Peter White has increased the debt of gratitude which the city of Marquette owes him by making another donation of \$5,000 to the Peter White Public Library building fund.

Mr. Charles R. McCabe, President Public Library of Marquette Mich.

Dear Sir: Being very desirous that an early start may be made toward the construction of the new library edifice on the premises on the southwest corner of Ridge and Front streets, Marquette, and that in order your board may be enabled to make the building better than the funds at present at your disposal might warrant, I have concluded to donate the sum covered by enclosed check. Yours truly,

PETER WHITE. Through this public spirited action, the board has at command in ready cash some \$27,000 in round numbers. Of this sum, Mr. White has donated \$10,000, Hon. N. M. Kaufman \$5,000 and Mrs. White another \$5,000. The remaining \$7,000 has been accumulated from miscellaneous sources.

Will Have \$40,000.

With Mr. White's latest gift, the trustees expect to have about \$40,000 to spend on the proposed new building, as they hope to realize \$10,000 from the sale of the Washington street structure which now houses the library. The remaining few thousand necessary to make up the forty will be accumulated as a result of economies in the conduct of the library. The board expects to lay aside \$2,000 or \$2,500 of the money received from taxation for the support of the library during the current year. Few new books are being bought. The building fund will be further increased by from \$800 to \$1,000 which will be derived from the sale of the big dwelling on the Front street site donated by the Hon. J. M. Longyear.

To Build Next Year.

It is now certain that work on the new Peter White library will be started next year. The lease of the dwelling

now encumbering the middle lot of the site expires in a few months and there will be ample time to dispose of the structure before the contract can be let. The fact that the lease ran through most of this year, in itself, would have prevented the trustees' building this spring, although, in any event, they would have waited for more money.

The fund that will be at their command, \$40,000, will erect a building that will be ample large enough to provide for Marquette's library needs for at least a couple of decades to come and which at the same time will be a great architectural embellishment to the city.

The sentiment among the library trustees is in favor of erecting a library which, while it will be ample large enough to supply the city's library needs for years to come, will yet be notable for beauty of design and finish. It is desired that the structure be elegant and tasteful, rather than large and cheaply imposing.

The trustees feel that with \$40,000 they can provide Marquette with the finest library building on the upper peninsula and one that will have but few peers in the state.

Handsome Grounds.

Thanks to the generosity of Mr. Longyear, the building will have a site that could not be excelled if the trustees were allowed to pick whatever lots they wanted. The site at the corner of Front and Ridge streets fronts 162 feet on Front and there is a fourth lot at the rear, fronting fifty feet on Ridge. It is said that \$10,000 would be a small figure for the value of the gift.

Of course the library will occupy but a small part of the area of this spacious site, so that it will be displayed to the greatest advantage. It is assumed that the surrounding grounds will be beautified and that they will be admirably kept up. The new library and the surrounding lawns will be one of the city's most notable beauty spots.

Marquette Singularly Blessed.

Marquette is singularly blessed with public-spirited citizens, as a perusal of this article is sufficient to show. Few cities in the state are fortunate in this respect in anything like an equal degree. When the city is in possession of the new building, it will enjoy its advantages solely through the generosity of four of its citizens, Messrs. White, Kaufman and Longyear and Mrs. White, whose donations will aggregate over \$30,000.

This figure does not take into account any of Mr. White's gifts prior to the time when the project of erecting the new building was conceived. His generosity in connection with the present Peter White Library is well known. He donated the present Washington street building and its site, from which the trustees expect to realize \$10,000, and assisted the institution in other ways too numerous to mention. Marquette has every reason to be proud of citizens who, like Messrs. Longyear, White and Kaufman, possessing means, possess at the same time the inclination and desire to beautify and benefit the city.

INSTRUCTED FOR YOUNG.

Dickinson County's Seven Delegates Chosen at Convention Saturday.

As has all along been predicted by his friends, the Dickinson County Republicans have endorsed H. O. Young of Ishpeming for congress. The seven delegates were selected at the county convention, held at Iron Mountain, Saturday afternoon and were instructed to vote for Mr. Young and to use all honorable means to secure his nomination. The delegates are O. C. Davidson, Tom Hanna, R. L. Hammond, G. Murray, R. T. Miller, T. B. Catlin and F. Janson. There was no contest in the convention. A few of the delegates favored Congressman Sheldon, but they were in such a small minority that they concurred with the majority and throughout the convention was very harmonious. With Dickinson's seven, Mr. Young has fifty of the ninety-seven delegates, including Baraga's two.

SPEEDY ELLA OLLA.

Louie Saam's Horse Wins Glory and Money in Lower Michigan.

Louis Saam of Hancock passed through Marquette Saturday enroute home from Traverse City and Lake City, where with his speedy bay mare Ella Olla he successfully participated last week in two horse meets. The copper country horse, which carried off the honors at the races held here recently, duplicated her success in the southern part of the state, winning three firsts and one second in the four events in which she was entered. At Lake City, the horse won both the free-for-all and the 2:15 pace, and at Traverse City she was victorious in the 2:15 event and took second money in the free-for-all, in which she was not hand pressed. The winner of this last event—Stranger O, a Chicago horse—was beaten very handily by Ella Olla in the 2:15 go. In this latter event, the Hancock horse took the money in three straight heats, and incidentally broke the track record of 2:20 making the last heat in 2:16 1/4. The first quarter was paced in 33 1/4 and the half in 1:05 1/4. The time of Stranger O, which won second money, was 2:17 1/4. The other two heats were made by Ella Olla in 2:22 1/4 and 2:17 1/4. The participation of the Chicago horse was the result of a fast heat made by Ella Olla in the practice work preliminary to the racing. Stranger O then being sent for especially to defeat the Saam entry. Each purse was \$300 and second money was 75. Mr. Saam thus clearing up \$975 in addition to hitting the pool box hard, Ella Olla was left at Traverse City, where she will participate in another meet, to be held next week. It is predicted that the horse, which cost Mr. Saam \$1,000, will make the mile in 2:07 before the season closes.

HANDSOMEST YET SEEN.

The Detroit Free Press says: "Every one who has seen the magnificent views with which E. Burton Holmes illustrates his lectures will be glad to know that a publisher has been found who has undertaken the task of making the ephemeral permanent.

In 'The Burton Holmes Lectures' this has been done in a remarkably handsome manner. The lectures which have delighted the ears of hundreds of thousands are here set down in print; the pictures are thrown on the canvass in color and are reduced to beautiful half-tone cuts. Truly, this is a trying transformation, yet the result is quite the handsomest subscription set it has been our fortune to behold.

Mr. Holmes' pilgrimages have taken him to the most interesting and storied parts of the world, and he has the artistic instinct that tells him when to snap his camera, so that his views are picturesque. The vogue of his lectures has increased from year to year, largely on account of the beauty of the views he presents and his happy command of descriptive language.

SPECIAL TRAIN TO HANCOCK.

South Shore Will Run It Saturday—\$2.50 for the Round Trip.

For the Sons of St. George celebration at Hancock, the South Shore will next Saturday run a special train to the copper country and will put very low rates of fare into effect. The special will leave the station here at 6:30 o'clock in the morning, and will arrive at Hancock at 10:30. The round trip rate from all points in the county has been placed at \$2.50, and the tickets will be good for return until the regular train leaving Hancock at 8:35 o'clock Wednesday morning. The railroad people are counting on taking up a big delegation from Marquette county, and the rate is certainly low enough to cause every coach of the special to be well filled with passengers.

Low Rates for Buffalo Bill.

For the Buffalo Bill Wild West show, which appears here on the 16th, the South Shore will run a special train from points down the line, starting at Seney. The schedule provides for the train departing from Seney at 6:45 a. m. and arriving here at 9:30. Returning, it will leave Marquette at 7 o'clock p. m. From Seney, the round trip fare will be \$2, from Shingleton, \$1.25; from Wetmore, Munising Junction, Au Train, Rock River and Onota, 75 cents, and from Sand River 60 cents, with half rates for children. The tickets will be valid only on the special.

Low Rates on the Southeastern.

The Marquette & Southeastern road will also run an excursion to Marquette on "Wild West day." The train will leave Munising at 6:55 o'clock a. m. and will arrive here at about 9. The fares for the round trip have been fixed as follows: Munising, Chatham, Rapelly, Little Lake and Carlsend, \$1; Selma, Skandia, Yalmer and Mangum, 50 cents, and Harvey, 25 cents. The tickets will be valid for return on the regular evening train, which will be held at Marquette until 5:40 o'clock.
