ARE IN DEADLOCK

FREIGHT HANDLERS AND RAILROADS CANNOT AGREE.

BOTH SIDES TO FIGHT TO FINISH

BUSINESS MEN OF CHICAGO ARE HEAVIEST LOSERS BY STRIKE.

Attempt May Be Made Today by Letter to Handle Goods With Their Own Men and Police Protection Is Asked.

Chicago, July 14.—While the wholesale business of Chicago is almost paralyzed and the business men are losing \$100,000 a day, the striking freight handlers and the railroads are in a deadlock and announce a determination to fight to a finish over the question of half a cent per hour per man. On one side are arranged twenty-four railroads and on the other 10,000 men.

Railroads Refuse to See Committees.

The situation tonight is more serious than at any time since the commencement of the trouble and at no time since the walkout have the points at issue been so obstinately maintained. Three times today the freight handlers' committee met the general managers, but nothing definite resulted. The last committee was sent out at the demand of the teamsters who wanted something attempted toward a settlement. All the committees reported as before, that they had failed of any result. The committee that went to the Milwaukee & St. Paul office reported that they had been refused admission and were informed that their former employers did not care to receive them and that they had all the men necessary in their business and that hereafter no deputations would be received from the employees who had gone on a strike. The officials of the road declared later that they would maintain this position.

Business Men May Take a Hand.

After this was reported at the headquarters of the strikers, President Curran announced that the fight was on to a finish. Both sides now declare that they have reached the limit and absolutely nothing will be conceded. The business men, particularly those dealing in perishable goods, are restive, and declare that they can endure the situation but a short time longer. It is costing them more than either the strikers or the railroads and they say if the strike is not settled within a week, many of them will be badly crippled. President Young of the Teamsters' National union arose tonight, and the commission men decided to wait the result of his conference with the members of the union before finally deciding to go to the depots themselves and haul away the perishable freight. It is not believed that the teamsters will obey the orders of the union officers to return to work.

The Erie road has been promised ample police protection should the merchants make an effort to get their goods out of the depots.

Few Cases of Disorder.

There were a few cases of disorder today. Tarvill & Co. attempted to take dry goods from their warehouse to their store. A crowd cut the traces and refused to allow the wagons to proceed. The wagons were not near a freight house nor bound for one.

Charges of bad faith are made between the union, the arbitration board and the railroads and triangular accusations are frequent. This grew out of the amended demands said to have been presented by the handlers, in which it is said eighteen cents an hour was demanded by some of the committee instead of seventeen and a half cents as agreed upon. This angered both the railroads and the arbiters. Now the board of arbitration declare they will have nothing to do with the handlers.

Statement Issued by Railroads.

A statement issued by the railroads tonight reviews the situation since the original advance in wages by the railroads in April and covering the present conditions and negotiations. It also cites the pressure brought to bear on them to settle the strike and affirm that they are as much interested in the city's welfare as any other interest. The statement is quite lengthy and goes over the ground thoroughly from the railroad's point of view. It invites attention, too, to the contract made by the handlers in the settlement of their recent strike and which they now seem to disregard. In conclusion the statement says: "This situation must have its discouraging aspect to the law abiding rank and file among the labor unions, so many of whom as individuals, realize the absolute necessity of maintaining the integrity of their contracts and agreements, and must deplore their own inability to maintain such agreements with their employers when made, as in this case through the intervention of the union."

Business Men May Haul Own Freight.

Late this afternoon a meeting of the majority of the produce commission men of South Water street was held and it was decided that because the freight handlers' strike was ruining their bus-

REMAINS REACH ENGLAND.

Brooklyn Arrives at Southampton With Body of Lord Pauncefoot.

Southampton, July 14.—The United States cruiser Brooklyn, having on board the remains of Lord Pauncefoot, late ambassador of Great Britain at Washington, arrived here this morning. The body was landed soon after 11 o'clock.

HOLE STOVE IN ILLINOIS.

Battleship Meets With Bad Accident in Harbor at Christiania.

Christiania, July 14.—The United States battleship Illinois, the flagship of Rear Admiral Arent S. Crownsfield, and the United States cruisers Chicago and Albany have arrived here. Owing to a faulty steering gear the Illinois struck the bottom of the harbor, which will compel her to go back to England and be placed in a drydock there.

A hole was punched in the Illinois' bottom and two small compartments filled with water. The crew were piped to collision quarters and the water tight doors were closed. The rest of the squadron stood into the inner harbor. The Illinois was eventually backed off and anchored safely.

ALL THE BODIES FOUND.

Johnstown, July 14.—No additional bodies have been discovered in the Klondike mine although a thorough search was made.

HICKS-BEACH QUIT TRAIN IS HELD UP

CHANCELLOR OF ENGLAND'S EX-CHEQUER RESIGNS OFFICE.

ABDICATION IS COMPLETE SURPRISE

RENOUANCEMENT HAS NO POLITICAL SIGNIFICANCE.

It is Alleged, However, That Chamberlain's Increased Power in New Cabinet Is What Caused the Move.

London, July 14.—Sir Michael Hicks-Beach, resigned today as chancellor of the exchequer.

At a party meeting today called by Balfour and attended by Hicks-Beach, the Duke of Devonshire, Lord Londonderry and others, the new chief was given an ovation by his followers. Hicks-Beach stated the reasons for his resignation were purely personal and had no political significance. Later in the day entering the house of commons Balfour met with a great reception, but from members of the opposition.

The resignation of Hicks-Beach caused intense surprise. It is generally regarded as almost more important than Lord Salisbury's and is regarded in some quarters as being directly due to the more important voice which Chamberlain will have in the new cabinet.

CANNOT FORETELL ACTION OF MINERS

MOST OF DELEGATES TO INDIANAPOLIS CONVENTION ARE UN-INSTRUCTED, HENCE RESULT MAY NOT BE PREDICTED.

Indianapolis, July 14.—Secretary Wilson says it is impossible to foretell the action of the miners' convention. As a rule the delegates will come uninstructed and none have yet arrived. Nor can anyone tell how long the convention will be in session.

Wilkesbarre, July 14.—Father Curran, who has a plan for a settlement of the miners' strike, has gone to Philadelphia, it is said, to consult President Baer. He also said he would go to New York to consult the railroad presidents. The local operators do not believe he will succeed in his mission. Everything is quiet in the strike region. The strikers are firm. No attempt was made today to resume work at any of the collieries.

Shamokin, Pa., July 14.—The Philadelphia & Reading Coal & Iron company today announced a ten per cent increase in the wages paid in this region to the employees who had remained at work. The strikers say this increase is intended as a bait to lure them back.

CHAFFEE TAKEN FROM PHILIPPINES

GENERAL GIVEN COMMAND OF DEPARTMENT OF EAST AND IS SUCCEEDED IN ISLANDS BY MAJOR GENERAL AL DAVIS.

Washington, July 14.—General Chaffee has been relieved of command in the Philippines and ordered to command the department of the east. The order was issued today by Secretary Root and read as follows: "By direction of the president, Major General George W. Davis will relieve Major General Chaffee of command of the division of the Philippines Sept. 30, 1902. On being relieved Chaffee will, with his authorized aid, repair to Governor's Island, New York, and assume command of the department of the east."

KILLS WIFE WITH AXE.

Mason, O., July 14.—James Conover killed his wife with an axe, and attempted to murder his son. The latter is dangerously injured, however. Conover disappeared. He was recently released from the asylum.

JESSIE MORRISON IN PRISON.

Murderer of Mrs. Olin Castle Begins Her 25 Years' Sentence.

Lansing, Kas., July 14.—Miss Jessie Morrison arrived at the penitentiary today to begin her twenty-five years' sentence for the murder of Mrs. Olin Castle at Eldorado. She was very much downcast. She was taken immediately to the women's department.

POISONED BY DRINKING BEER.

Family of Twelve Ill from Indulgence in Beverage.

Waterloo, Ia., July 14.—Twelve members of the family of Peter Smith, living near Jessup, are suffering from a serious illness, showing evidence of poisoning. They believe their sickness was caused by beer from a keg of which they drank freely. It is thought some will die.

TRACY FIGHTS WITH DEPUTIES.

Outlaw Has Battle But No Particulars Are Known.

Seattle, Wash., July 14.—Outlaw Tracy exchanged shots with deputies near Palmer last night, according to the following message from Emmenclaw, received at 11 o'clock today: "Word was received here that Tracy fought a battle with two deputies at the Palmer school house last night. No particulars or names are known."

SAFE AND PASSENGERS ON DENVER & RIO GRANDE ROBBED.

MUCH VALUABLE BOOTY SECURED

BANDITS DISAPPEAR IN MOUNTAINS AFTER CRIME.

Engineer Riland Hit on Head by Rifle and Severely Injured—Several Posses Have Started in Pursuit.

Salida, Colo., July 14.—The Denver & Rio Grande passenger train was held up at 8:50 o'clock this morning at Chester, Colo., 250 miles west of Denver. The engineer was compelled at the point of a revolver to stop the train by masked men who had climbed over the tangle. Two safes in the express cars were blown open but it is asserted by the officers of the Rio Grande Express company that the robbers failed to secure any plunder from the safes. The passengers were compelled to alight from the cars and line up along the tracks in the canyon and were relieved of all their money and valuables. Many passengers threw away their money, watches and jewelry among the rocks before the robbers searched them. There were many tourists among the passengers and while it is not known how much the robbers secured it is presumed the losses were heavy.

Robbers Disappear in Mountains.

The train was the west bound, narrow gauge passenger which left Denver last night. The cars, as usual at this season, were all filled. There were four robbers. The scene of the robbery is in a wild mountainous country at the foot of Marshall Pass on the west slope. The bandits mounted their horses and disappeared in the ravines that lead into the mountains. The sheriff at Salida and the sheriff of adjoining counties and a dozen posses are in pursuit.

Engineer Only One Hurt.

Denver, July 14.—The official report of the train robbery from Superintendent Rockwell says the mail car was not molested. The engineer, Riland, understood the order of one of the bandits, was hit over the head with a Winchester, breaking the stock of the gun. The engineer was badly hurt. A train will be sent back to recover the valuables thrown away by the passengers.

The train is the most important operated on the narrow gauge line, carrying passengers from Governor's Lake City, Ouray, Telluride and other mountain towns in the western slope.

CASTRO TAKES COMMAND OF ARMY

PRESIDENT OF VENEZUELA ASSUMES PERSONAL CHARGE OF OPERATIONS AGAINST THE REVOLUTIONISTS.

Port of Spain, Trinidad, B. W. L., July 14.—By boat from Barcelona—President Castro has taken command of the Venezuelan troops at Barcelona. The revolutionist forces which were marching on Caracas and Bolivar have ceased to advance and have retired. The rebels are receiving reinforcements daily. Military events in Venezuela during the next week will, it is believed, decide Castro's future. To predict the result is impossible. Anarchy is reported in many places and the misery is said to be indescribable. Carapano was evacuated yesterday by the government forces and immediately occupied by the revolutionists.

Washington, July 14.—Minister Bowen considers the situation in Venezuela such that, at the request of the state department the navy department has decided to send the Marietta to La Guaira.

KING TAKEN ON YACHT TODAY.

Edward Will Be Given Lake Trip as Aid Towards Convalescence.

London, July 14.—The following bulletin of King Edward's condition was posted at 10 o'clock this morning: "The king continues to progress satisfactorily. His general condition is excellent and the wound is healing well." The specially constructed ambulance in which King Edward is to be removed from Buckingham palace to the railway station was taken to the palace this afternoon. His majesty, when he is taken from the palace tomorrow, will be accompanied by Queen Alexandra, the Prince and Princess Charles of Denmark, Sir Francis Knollys, the king's private secretary, and the attending physician. It is understood that no bulletin regarding the king's condition will be issued until his majesty shall be safely on board the Victoria and Alberta tomorrow evening.

GREET'S PREMIER

HOUSE OF COMMONS GIVES OVA-TION TO BALFOUR.

LATTER OVERCOME BY TESTIMONIAL

LIBERAL LEADER MAKES TOUCHING REFERENCE TO NEW HEAD.

Resignation of Hicks-Beach It Is Said Is Forerunner of Others Who Will Disappear from the Political Arena.

London, July 14.—A. J. Balfour was today formally greeted as Great Britain's premier and the new regime began its work. The momentous change was marked by only one really dramatic incident—the resignation of Sir Michael Hicks-Beach as chancellor of the exchequer. It is safe to say that Hicks-Beach is only the first of several whose names have figured largely before the public in the last half century and who now will disappear from the political arena. Balfour will remain leader in the house of commons and the first lord of the treasury, with Chamberlain still in command of the colonies, as his first lieutenant. The Marquis of Lansdowne is regarded as certain to remain in the foreign office where he is carrying out the lines laid down by Lord Salisbury.

Balfour Receives Ovation.

Balfour's first appearance in the house of commons as premier was characteristic of both the man and the assembly. As he came in there rose a chorus of "hear, hear." The members rose and kept up the applause till Balfour who sidled along the treasury bench, nearly falling over Sir Michael Hicks-Beach's feet, reached his seat and buried his head in a voluminous question paper. He was blushing like a school girl.

Sir Henry Campbell-Bannerman, the liberal leader stopped further business by making such feeling, personal reference to Balfour as is seldom heard in legislative bodies and which was delivered with an emotion that quite unnerved the premier. When Balfour rose to reply the ovation was renewed but his voice faltered and he was only just able, hesitatingly to declare he was too overcome to find words of thanks. After Balfour's tribute to Salisbury which was universally commended for its tactful reserve, the house was emptied, the members gathering on the terrace and in the lobbies, discussing the important features that the day had brought forth.

An apparently well founded report tonight is that Chamberlain desires to exchange the office of colonial secretary for the chancellorship of the exchequer and that he will carry his point. It is also intimated that Lord Curzon will be recalled from India and given a cabinet position.

REMAINS REACH ENGLAND.

TEARFUL OR CHEERFUL?

Whether a woman is tearful or cheerful depends not on what she has materially, but on what she is physically. Many an indulgent husband is driven almost to despair by the tearful outburst of a wife who has "everything she wants." He wants to know what's the matter. But she can't tell. She only knows that she is depressed and despondent. Such a condition is usually related to some form of womanly disease. The mental depression has its corresponding womanly weakness. Doctor Pierce's Favorite Prescription changes tearful women to cheerful women by curing the diseases which cause physical weakness and depression of spirits. It establishes regularity, dries unhealthy humors, heals inflammation and ulceration, and cures female weakness.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED). Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

Subscription Rates: Per month, by carrier, \$3.00; Per year, by mail, \$30.00.

CONVENTION DAY. The convention of the Twelfth congressional district will be called to order at the opera house this afternoon at 2 o'clock. The campaign of the candidates, which in many ways has been the most intense and interesting in the history of the district, is completed and it is now time to count votes.

So while Mr. Young has honestly won fifty delegates, it is within the realm of possibility that Mr. Sheldon will try to further his own ends by getting the contesting delegations from Schoolcraft and Baraga, with five votes, seated. Mr. Young needs forty-nine votes to nominate him, and if he gets what he has justly, fairly and honestly won, he will be named on the first ballot.

It would then seem that the convention would act wisely in seating the Young delegations from Baraga and Schoolcraft and the Sheldon delegation from Chippewa. Such a course would nominate Mr. Young and fulfill the wishes of the majority of the Republicans of the Twelfth district.

There was much convention talk about the city last evening. Rumor had it that there were weak points in this and that delegation, claimed by either candidate, but as far as The Mining Journal could ascertain the delegates from the several counties were all standing pat for the man in whose interest they were named.

SOMEONE BLUNDERED. Sheldon's friends in the Soo are severely criticizing the attitude of the News-Record in editorially throwing up its hands and admitting the defeat of that candidate at the critical moment when confidence on the part of his followers meant everything to him.

When a man gives a great deal in philanthropy or public benefactions, there is no particular surprise when he gives a little more. Thus if Hon. Peter White's donation of \$5,000 to the library board last week was his first gift toward the erection of the new building, there would be more pleasure and surprise

a mistake, that Sheldon has Houghton, the delegates from that county merely desiring to give Wright a complimentary vote. Of course the fact that "de gang" called on the News-Record and called it down had nothing to do with the case. Oh, no! The editor had merely investigated the situation for himself and found that the advices from the copper country were misleading, that the favorite of the postmasters was still in the ring.

The injury to Mr. Sheldon had been done, and it may prove irreparable. If he is defeated (and it certainly looks as though his chances were slim for renomination) he can credit the Chippewa county organ with having had quite a little to do with his downfall.—Soo Times.

Washington loses a picturesque figure with the recall of Minister Wu. Wu is by all odds far the brightest Chinaman that has ever been accredited to the national government and he has done valiant service during his term. Ordinarily a Chinese minister serves but three years, but Wu's lease of official life has been extended a number of times, because of important negotiations he happened to have in hand.

The Soo Journal condones Postmaster Webster of the Soo in the following strain: "It is never a good plan to burn your bridges behind you, politically." Quoth a wise man recently and this commonplace never loomed up so big, we opine, before the eyes of Chippewa county's quondam boss as it does today.

Lord Kitchener's London reception was all that was anticipated. He seems to be the bright, particular hero of the Boer war. At least the London populace thinks so. VACATION DAYS. Vacation time is here and the children are fairly living out of doors.

Notice. We have been employed to act as the attorneys for the trustees of the Military Road lands belonging to the Ayer estate to protect said lands against trespass and pillage. The prompt communication to us of any information as to trespass on said lands will be esteemed a favor.

Notice. To have given up would have meant death for Mrs. Lois Cragg, of Dorchester, Mass. For years she had endured untold misery from a severe lung trouble and obstinate cough.

The Horrible Tortures of Rheumatism can be overcome and the dreaded disease expelled from your system by the use of MATT J. JOHNSON'S 6088. For Sale and Guaranteed Only By PENDILL'S PHARMACY, MARQUETTE, MICH.

MATT J. JOHNSON'S 6088. For Sale and Guaranteed Only By PENDILL'S PHARMACY, MARQUETTE, MICH.

evinced than is perhaps the case. But Marquette is as grateful for the latest \$5,000 as for the first, and more grateful, perchance, as the gift warrants the trustees in stating that they will begin the erection of a \$40,000 building next year. When it is completed Marquette will have one of the finest libraries in Michigan and it will have been provided, without resort to outside philanthropy, mainly through the great public spirit and intelligent generosity of Messrs. White, Kaufman, Longyear and Mrs. White. The Mining Journal may also remark that the city has accorded the library magnificent support, a policy which should be persisted in in future years.

The Hancock Journal observes: The endorsement of the Hon. Chas. Smith for state senator is popular with the people of Houghton county. He has held this position for several years with honor to himself and credit to the county and has ably sustained in the senate the interests of his constituency. His reelection to his distinguished position in the senate will be a source of great pleasure and gratification to the people of the county.

Lord Kitchener's London reception was all that was anticipated. He seems to be the bright, particular hero of the Boer war. At least the London populace thinks so. VACATION DAYS. Vacation time is here and the children are fairly living out of doors.

Copper Country Department

GOVERNMENT INSPECTORS HERE.

C. G. Anderson and C. R. Willson to Superintend Work of Pryor & Son.

Carl G. Anderson and C. R. Willson of Duluth, government inspectors of dredging work, arrived at Houghton yesterday to work the balance of the season at Portage river and the canal where Pryor & Son are completing a big contract. One will be stationed at either place. George B. James, who has been an inspector on the dredge at Portage River, has been transferred to the dredge at the upper canal. Pryor & Son now have two dredges at work on the paving contract, one at the river and the other at the canal, the one at the latter place being towed there Sunday. There is considerable dredging to do at the canal at different places on an old contract. The firm has until Nov. 1 to complete the work, which it expects to do with time to spare. For the time being the dredging operations at the canal will be confined to the lake inside the breakwater and later at the head of Portage Lake and all through the canal wherever necessary. The work at the river is progressing nicely.

VICTORIA'S NEW SHAFT. Construction Work Will Be Commenced This Week.

The work of sinking and "raising" the new No. 3 shaft at Victoria will be commenced next week, and the conditions will permit of rapid operations. No. 2 is sinking to the 17th level and from this shaft a number of drifts have been extended to the Victoria warrants. The belief that the mine will be operated at a profit on a 12 cent copper market. In the matter of mining and milling plants the company possesses a wonderful advantage over any in the Michigan district. Its fuel and transportation costs will be scarcely worth mentioning, and indeed the Victoria should be able to pay dividends when other properties of like mineral value find it difficult to pay the costs of operation.—Hancock Journal.

FOUNDED TOWN OF CODY. Famous Frontiersman Starts City in Northern Wyoming.

The Burlington road has issued a new folder showing the Cody (Buffalo Bill) enterprise in northern Wyoming through the Big Horn valley. In 1894 Buffalo Bill started the town of Cody at the southern end of the valley at the foot of Yellowstone Park. People at that time thought it was a queer notion of the famous scout as there was apparently nothing there. For which he found a town and besides the place was away from everywhere. Now, however, things are different. A railroad 125 miles in length has been built through the valley by the Burlington people and numerous towns have sprung up. A more fertile and productive valley does not exist, and the early stories of the wonderful productiveness of the soil over which there was once a large lake are no longer doubted.

A BOWLING CONTEST. Iron Mountain Team Will Play Houghton Saturday.

The Iron Mountain bowling team will visit Houghton next Saturday to play two games with local teams. A contest has been arranged with the Michigan College of Mines bowlers for the afternoon at the Harold alleys and with the regular Houghton team in the evening. It has not yet been decided just who the players of the latter team will be as there are a number to pick from. The visitors will be royally treated during their stay at Houghton.

Sores and Itching Piles

A PERFECT CURE GUARANTEED. PECK'S KING OF OINTMENTS cures Wounds, Sores, Gun, Boils, BruiSES, Burns Old Ulcers, and all kinds of Skin Diseases. There is no better remedy known to science for that terrible affliction, itching Piles. It affords instant relief and is guaranteed to effect permanent cure. Ask your druggist for PECK'S KING OF OINTMENTS and accept no other. The Ointment is guaranteed to give satisfaction. Sent 25 cents for a two ounce glass jar, post-paid.

PECK BROS., Mig. Chemists, Grand Rapids, Mich.

DOLLAR BAY BALL TOSSERS WIN.

Baraga Defeated for the First Time This Season.

In one of the fastest games ever seen on the home grounds the home team met defeat at the hands of the fast aggregation from Dollar Bay Sunday. It was one of the games you read about but seldom see—consisting of fast pitching and many sensational fielding features. The pitching honors were about evenly divided but what little luck there was favored McCrickett.

Following is the score: Dollar Bay 3 7 3 Baraga 2 6 3 Batteries: For Dollar Bay, McCrickett and Croze; for Baraga, Berryman and Denomine.

EXCURSION WAS SUCCESS.

Large Number Attended Outing to Baraga on Steamer Bon Ami. The excursion to Baraga on the steamer Bon Ami of the White Line from Dollar Bay Sunday was largely attended. The ball game between the Dollar Bay and the Baraga teams was the attraction and those who visited the coast were not sorry that they took the trip. Baraga was defeated in a close game, the score being 3 to 2. It was a match in which the winner could not be picked until the last inning was over and one of the fastest contests seen at Baraga this season.

DEAL WILL BE CONSUMMATED.

Calumet Men to Acquire Interest in Copper Queen Mine. It looks now as though the deal whereby a number of Calumet capitalists are to become largely interested in the Copper Queen mine will go through. When the Copper Queen officials and directors were informed last week that they were informed that today they would have a final statement from the copper country capitalists and today they were informed that two Calumet men would leave that city tomorrow for the Soo to close up the deal. Possibly Monday the matter will be finally settled.—Saturday's Soo News-Record.

REV. CHARLES MARVIN ACCEPTS.

Will Be Pastor of the Proposed Presbyterian Church at Houghton. Rev. Charles Marvin of Buchanan, who has been in Houghton several weeks as a candidate for the pastorate of the Presbyterian church congregation, was given a call by the members of the society after services Sunday evening. Mr. Marvin will accept. A meeting of the directors was held yesterday afternoon to take formal action in the matter. Until a church can be built services will be held regularly in the new hall in the Citizens' National bank building.

I. O. F. INSTALL OFFICERS.

The following officers have been installed by Calumet Encampment, I. O. F. E.: Josiah Harper, past chief patriarch; Richard Kiest, chief patriarch; Thomas Penhall, high priest; D. McEneaney, senior warden; William Medlyn, junior warden; Joseph Chynoweth, recording scribe; Izzy Blumenthal, treasurer; William Taylor, first watch; William Messner, second watch; Richard J. Chellev, third watch; Hugh Gibson, fourth watch; H. E. Penhall, fifth watch; H. E. Penhall, inside sentinel; William Vincent, outside sentinel.

MR. HOGEBOAM WINS SHOOT.

In the ten and fifteen bird shoots at the Hancock Gun club's grounds west of Hancock Sunday the first honors went to Hogeboam, crack shot of the club. Dr. Gallen was next. Hogeboam's scores in the three ten-bird shoots were ten, eight and eight, respectively, while in the fifteen-bird shoots they were twelve and eleven.

HEARING OF INJUNCTION CASE.

The hearing in the injunction case against the township of Greenland in Ontonagon county to restrain the township board from building the proposed new town hall at Greenland will be held at Ontonagon on July 22 before Judge Haire. The contract for the structure has already been let.

COPPERDOM BREVITIES.

The new dining room at the Douglas House, Houghton, will be opened this morning. Several excursions from Duluth and other ports will be run to Hancock next week for the Elks' carnival. The new Laurium M. E. church now under construction will be dedicated about the middle of September. It is said that the street railway company is considering a proposition to extend its line to the Atlantic location. A daughter was born to Rev. and Mrs. A. Raymond Johns at the M. E. parsonage at Hancock Sunday morning. P. W. Brown of Marquette, purchasing agent for the South Shore, was a Houghton business visitor yesterday.

A REUNION MEETING.

The Houghton, Hancock and Calumet Kinnion meeting which will be held at Castle hall, Calumet, under the auspices of Charity lodge, this evening. There will be work in the third degree followed by a luncheon. The committee of Pythians recently appointed to look into the matter of an annual reunion will report tonight.

A piano recital will be given by Miss Edna Appel of the Detroit School of Music, assisted by Mrs. Samuel Byrne, soprano, this evening at the Houghton Armory Opera House. The members of the Epworth leagues of Calumet will give an excursion from Hancock to the Huron Islands in the

BEST SERVICE POSSIBLE.

South Shore Road Gets Duluth Freight Here in Quick Time.

Duluth jobbers who have been complaining of slow freight shipments have been pacified somewhat, particularly concerning South Shore service. W. W. Walker, general freight agent of the road, determined to investigate the grievance of the shippers, and recently conferred with a number of them. Mr. Walker explained to the wholesalers that the Duluth, South Shore & Atlantic is giving about the best service possible in the copper country, and that it could not well be remedied at this time. The service, he said, is much superior to that given before April 27, when the new fast freight to the copper country, Marquette and the Soo was put on.

By the new schedule trains leave Duluth at 5:30 o'clock in the morning, arriving at Houghton and Marquette just twenty-four hours later, and at the Soo about thirty-six hours later. The train carries through refrigerator cars from Duluth and Superior, and only perishable freight is allowed to be carried. This train, between stations, makes as high as thirty-five miles an hour, but much time is lost. Mr. Walker pointed out, in unloading small quantities of freight. If Duluth shippers would consign a carload to a certain point, he said, it could be disposed of much quicker and much time would be saved. The complaints mostly concern small consignments, which are the principal time-killers. South Shore officials say. The South Shore's new train cuts many hours off the time to the copper country. Under the old schedule the train did not reach Hancock and Marquette till evening of the next day, and goods could not be delivered till the morning following. This means that about forty-eight hours were required for shipments to reach the retailer in Houghton after having left the jobbing house in Duluth.

This, South Shore officials claim, has now been reduced to thirty-six hours. They point out that if the train should leave Duluth in the evening it would reach the copper country next day, too late for delivery till the morning following. They would like to see some length of time as required at present. A number of the jobbers were satisfied with Mr. Walker's explanation, and will now devote their energies to securing better service over the Great Northern and other lines.

ESTABLISH SCHOOL FOR DEAF.

The Calumet school board will establish a school for the deaf in connection with the public schools the coming school year, that decision having been reached after due consideration. Miss Gertrude Van Adestine of Little Wolf, Wis., has been engaged as instructor. A class of at least four will be formed. Miss Van Adestine has had considerable experience in that special line of work.

FORESTERS' REUNION IN AUGUST.

The Foresters will hold their reunion at Calumet this year on August 2 under the auspices of Court North Star, and extensive preparations for the event are now being made. A parade of the societies will be held the afternoon after which the festivities will commence at the St. Jean park. The Calumet & Hecla band will furnish the music.

DR. DODGE'S HORSE INJURED.

A horse belonging to Dr. Dodge of Hancock met with an unfortunate accident while running away Sunday. The animal dashed down Quincy street, which is considerably torn up on account of the preparations for paving, and caught its foot between the ties of the street railway tracks, the animal sustained by the horse badly, spraining its ankle.

MR. HOGEBOAM WINS SHOOT.

In the ten and fifteen bird shoots at the Hancock Gun club's grounds west of Hancock Sunday the first honors went to Hogeboam, crack shot of the club. Dr. Gallen was next. Hogeboam's scores in the three ten-bird shoots were ten, eight and eight, respectively, while in the fifteen-bird shoots they were twelve and eleven.

HEARING OF INJUNCTION CASE.

A REUNION MEETING.

The Houghton, Hancock and Calumet Kinnion meeting which will be held at Castle hall, Calumet, under the auspices of Charity lodge, this evening. There will be work in the third degree followed by a luncheon. The committee of Pythians recently appointed to look into the matter of an annual reunion will report tonight.

A piano recital will be given by Miss Edna Appel of the Detroit School of Music, assisted by Mrs. Samuel Byrne, soprano, this evening at the Houghton Armory Opera House. The members of the Epworth leagues of Calumet will give an excursion from Hancock to the Huron Islands in the

Thousands Have Kidney Trouble and Don't Know it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidney, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail.

Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

near future. The trip will be made on the steamer Argo of the Booth line. The Calumet & Hecla band, although not barred from the band contest which is to be a feature of the Sons of St. George convention at Hancock the latter part of this week, will likely not enter.

There is considerable interest taken here in the outcome of the convention at Marquette this afternoon, and many will take advantage of the special rate over the South Shore road to go to the Queen City.

Captain Joe Linder's team of sluggers, hailing from Hancock, defeated the Pine Street aggregation of ball tossers of Calumet at the Quiney sands, Hancock, Sunday afternoon. The score was 22 to 11.

The Calumet Germans will give their annual picnic at Section 10 park on Tuesday, July 22. A parade of the principal streets of the town with the Calumet & Hecla band will be held before going to the park.

The Calumet clerks will go for an outing to the entry on August 7. Pleasure barges have been engaged for the trip from Hancock. A baseball game between two teams of local clerks may be arranged for at the entry.

The funeral of the late Lawrence Carrigan of Hancock was held Sunday morning under the auspices of the A. O. U. W. The pall bearers were T. D. Ryan, Dr. J. E. Scallon, Stephen Leary, James Thibeault, J. D. Cuddihy and Patrick Slattery.

The Hancock authorities will be on the lookout for sharpers and fakirs during the Elks' carnival at Hancock next week. At other places where the same show has exhibited members of that class of men have been spotted and considerable trouble had with them.

According to the census of 1902 the population of Houghton county is 66,963. The population of the several villages is as follows: Red Jacket, 4,668; Laurium, 5,843; Hancock, 4,950; Houghton, 3,350; Lake Linden, 2,597. In 1890 the population of the county was 35,389.

Thursday, July 24, will be Calumet day at the Hancock Elks' carnival. The Calumet members of the order will go to Hancock in a body to take part in the festivities. The Calumet stores will close at noon and the clerks will parade with the Elks at Hancock. Each will wear a natty uniform.

The steamer Iroquois arrived down yesterday; the steamer Buffalo up; also the Ward took on a shipment of Calumet & Hecla copper at Dollar Bay and cleared for Duluth. The steam barge Siska of the Gilechrist fleet is at Dollar Bay with a cargo of coal. Captain Clark, formerly of the steamer Stevens of the Union Transit line, is in charge.

W. H. Dee, of Houghton, upper peninsula distributor for the Kon-Fernandez Cigar Co. of Duluth, states that Francisco A. Ron of the firm has gone to Havana, Cuba, to assist in the packing and shipping of the new tobacco crop now being baled. The demand for clear Havana cigars is so great that a large amount of Havana goods will be shipped and also a cartload of cigar makers. Mr. Dee has a good trade worked up and the goods are popular.

Sleeplessness. You can't sleep in the stillest night, if your digestion is bad. Take Hood's Sarsaparilla—it strengthens the stomach and establishes that condition in which sleep regularly comes and is sweet and refreshing.

FOREIGN MINISTERS ARRANGE FOR EVACUATION OF TIEN TSIN

VICTORY FOR AMERICAN DIPLOMACY

ALARM FELT OVER THREATENED INROADS ON CHINESE FUNDS.

U. S. May Take Steps to Stop Reimbursement for Grants from Provisional Government That Are Now Invalid.

Washington, July 14.—The officials of the state department are gratified at the information from Peking that the foreign ministers have agreed on the terms under which Tien Tsin is to be turned over to China and also at the victory for American diplomacy involved in the annihilation of the stringent terms first imposed.

Some concern, however, is felt here in regard to the statement that the ministers are considering a question to reimburse the foreign concessionaires for grants obtained under the provisional government which are now reported to be declared invalid by the terms of the Tien Tsin agreement.

Following are the scores in yesterday's games and the standing of the teams to date:

Table with columns for National League, American League, and scores for various teams like Pittsburgh, Boston, Chicago, etc.

Chicago, July 14.—The locals shut Brooklyn out today in another pitcher's contest, scoring twice in the eighth after two men were out on three scratch singles aided by two steals.

Pittsburg, July 14.—The locals won in the first on three singles and a three-bagger. Boston was saved from a shutout by a wild pitch of Doherty.

Cincinnati, July 14.—The visitors put up a very amateurish exhibition today and were shut out by the locals.

St. Louis, July 14.—Philadelphia won a one-sided contest from St. Louis today.

Washington, July 14.—The president has issued a commission to Director Merriam, under the new permanent census law, as director of census.

Itchiness of the skin, horrible plague. Most everybody afflicted in one way or another. Only one safe, never failing cure. Doan's Ointment.

**TO THE STOCKHOLDERS OF THE LAKE
SHORE ENGINE WORKS.**
Take notice. Pursuant to the written re-
quest of one fourth in interest of the stock-
holders of the Lake Shore Engine Works, dated July
1st, 1902, a special meeting of the stockholders
of said company is hereby called to be held
at the company's office in the city of Mar-
quette, Michigan, on Monday, the 21st day of
July, A. D. 1902, at 2 o'clock in the afternoon,
for the purpose of arranging for an increase in the
company's works in buildings, equipment
and work to be done by an increase of the
capital or by the issue of bonds secured upon
the property of the company, real and per-
sonal, or both such means, and for such other
matters as may properly be brought before
them.

MINE IS A BONANZA
ALDERMAN JOE REAU INTERESTED
IN A RICH THING.
MINING CLAIMS AT OPHIR, COLORADO

**ORE ASSAYS AS HIGH AS \$400 IN
GOLD TO THE TON.**
Marquette Man Returns from a Visit of
Inspection and Has Good News
for the Local Holders
of Stock.
Alderman Joseph Reau, who recently
visited with a party of Chicago, Mil-
waukee and Grand Rapids men the prop-
erty of the German-American Consoli-
dated Gold Mining company at Ophir,
Colo., is delighted with the results of the
party's inspection and as an outcome
has increased his holdings of stock in the
company. The mining claims are
located on Lookout mountain, in San
Miguel county, and the ore being taken
out runs as high as \$400 in gold to the
ton. Aside from Mr. Reau, a number of
Marquette people hold stock in the
company and will be interested in the
following report made by the party:

Tunnel in 500 Feet.
"We, the undersigned, on our return
from a trip to Colorado for the sole pur-
pose of inspecting your properties near
Ophir, on Lookout mountain, in San
Miguel county, do hereby express our
unqualified satisfaction with the pros-
pects. We found first-class water power,
a fine mill site, plenty of timber for all
necessary purposes and a tunnel in 500
feet and well built. The water in the
tunnel is carried away by an ingenious
method which also forces air into the
tunnel.
"Our party went the entire length of
the tunnel, taking ore from different
points in the same. Ore was also taken
from the dump, where over 300 tons are
now ready for milling, for purposes of a
test as to value. About twenty-five
pounds for each test were placed in bags
and sealed up, remaining in the custody
of one of our party, accompanied with
the assayer at Denver, Colorado, who
broke the seals in our presence. The
following certificate was given by the
assayer: 'Ore from dump: Gold, .95
ounces; silver, .75 ounces; value per
ton, \$185.96. Ore from 500 feet in tun-
nel: Gold, 18.48 ounces; silver, 0.76
ounces; value per ton, \$374.21.'
"We show our appreciation of the
value of the investment by subscribing
for stock, believing from all the condi-
tions surrounding the same that no bet-
ter investment is on the market and
that the representation of General
Manager George H. Trumble are more
than substantiated by the facts. We
desire to express our warm appreciation
of his many thoughtful courtesies ex-
tended us during the trip, and also de-
sire to thank your superintendent for
his kindly consideration at Ophir and
the mines. (Signed) J. E. Reau, Marquette,
J. E. Eddy, Grand Rapids, Mich.; Lewis
Smith, E. F. Komovsky, R. C. Schu-
macher, Chicago."

Since his return to Marquette Mr.
Reau has had assayed a sample of the
ore taken from the dump, the analysis
being made by Chemist R. Lovett, of the
Carp River furnace department of the
Pioneer Iron company. The result show-
ed the ore worth, in gold and silver,
\$383.40 to the ton.
Tells of Visit to the Mine.
In an interview with Mr. Reau, that
gentleman described in an interesting
manner the long trip from Marquette to
Ophir, and in continuing said: "Arising
at 6 a. m., our party, four mounted on
ponies and four in a mountain wagon,
started for Lookout mountain, where
the German-American Consolidated Min-
ing company's claims are situated. We
drove the wagon over a remarkably good
road to a point about 300 feet from the
California tunnel, and then walked along
a narrow path on the mountain side to
the claim. Dominating the landscape
climber boots and other accessories of a
miner's costume, we boldly entered the
tunnel, which is over 500 feet into the
mountain. The water in the tunnel is
carried therefrom by an ingenious de-
vice and a water wheel forces the air
back into the tunnel through a 6-inch
galvanized pipe, permitting the miners
to stay without discomfort for their en-
tire four-hour shift. Strong timbers
about five feet apart line both sides and
overhead. The purity of the air was
demonstrated by the candles burning
brightly through the entire journey. A
two-foot iron track, upon which the
cars are run, transport the ore outside
to the dump, where about 350 tons were
waiting use.
"The vein as measured by me gave
sixty-two inches in width at the narrow-
est point. The party secured ore from
different points in the tunnel and also
from the dump, sacking and sealing the
same for purpose of assay at Denver.
A fine water power is within 20 feet of
the tunnel entrance and would furnish
ample power for milling purposes.
Photographs were taken of the tunnel,
dump, mountains, miners and inspecting
party. Afterwards the party inspected
the Suffolk mills, witnessing the entire
process of treating ore until ready for
the smelter. We also saw the Ophir
Consolidated, the Cariboo group and
Nevada, all well known.
Big Producers Near at Hand.
"Leaving Ophir, we went to Telluride,
a two hours' journey by train, and the
next morning walked out to the famous
Smuggler-Union mine, whose tunnels
traverse nearly thirty miles of the
mountains. This mine has produced
over \$15,000,000. At the head of the
San Miguel valley, facing old 'Gray
Head,' stands two large mills of the
Smuggler-Union, handling 350 to 400
tons of ore daily. Five hundred men are
employed. Above the Smuggler-Union
is the Tom Boy, another great producer,
employing 400 men.
Mr. Reau is confident that the com-

PAIN'S CELERY COMPOUND
After the Failures of Physicians, Spe-
cial Medicines and Electric Battery,
Banishes Pain and Tortures
and Restores Health.
In the ranks of sick, tortured, and dis-
easing sufferers, many men and women
have become hopeless because of the
failures of physicians and their medi-
cines.
"We would have all such dejected and
despairing mortals take comfort this
very day. We would impress upon them
the blessed truth that Paine's Celery
Compound is abundantly able to save
and cure even at the eleventh hour.
Paine's Celery Compound accomplishes
its life-saving work for the old and
young when all other medical treatment
has failed. A multitude of people have
fished strong and incontrovertible tes-
timony in support of the statement that
"Paine's Celery Compound makes sick
people well." Mr. John W. Boyd, of
Mishawaka, Ind., refers to his own case
as follows:
"I was taken down with a
very severe attack of nervous and
muscular rheumatism, so bad that I
could not lie down, sit up or stand, with-
out the most excruciating pain. I was
all the time under the care of two of the
best physicians of the place, but I did
not improve. I took different rheumatism
cures and used an electric battery a half
hour each day for ten days without any
relief. Finally I concluded to try
Paine's Celery Compound, and to my
surprise after using one-half of a bottle,
I was able to get out, and before I used
the whole bottle I went to work and
have worked every day since. I have
gained 20 pounds in weight and am feel-
ing first rate."

COPPER FAIRLY STRONG.
Trading Still Dull but With Indications
of a Squeeze in Amalgamated.
Hayden, Stone & Co. of Boston yester-
day wired the Laidley Commission com-
pany: "Coppers are fairly strong but
very dull. The New York market looks
like the real thing just now, and we
would advise buying Union Pacific and
St. Paul."
Paine, Webber & Co. said: "It looks
as though advantage was being taken of
the current of bearish sentiment on cop-
pers to make those that had short in-
terest in Amalgamated. It has
traded in today between 63 and 62, and
good judges of the market are looking
for the shorts to be squeezed. The
metal market was weaker today and the
trading element is very bearish on cop-
per orders and thus the trade feel very
long-stocks for sale."
A Decline in the Grains.
W. H. Laidley & Co., said of the Chi-
cago grain markets:
"The wheat market opened this morn-
ing about the same as Saturday. The
weather was the principal factor. While
not decidedly bullish, still there was rain
orders and thus the trade feel very
nervous. A few orders outside of those
which come from the professionals are
beginning to be executed in the near fu-
tures.
Harbor Gossip.
The steamer Masaba and whaleback
barge No. 201 took out cargoes from the
South Shore docks yesterday.
The clearances from the L. S. & I.
docks yesterday were the following:
Mars, Parks Foster, and John Craig,
for Buffalo; the Presque Isle, for Ash-
tabula, and the Forest City for Fair-
point. The latter steamer brought in
a cargo of coal.
The Nipigon arrived yester-
day to take out a cargo of lumber from
the lower harbor for Ogdensburg, N. Y.
The three boats—the steamer Weston
and schooners Pomeroy and Jeanette—
which have been taking on cargoes of
lumber at Dead river, cleared last night
for Buffalo.

ACTS IMMEDIATELY.
Colds are sometimes more troublesome

CITY BREVITIES.
Mr. and Mrs. E. N. Brietung arrived
home yesterday from Washington, D. C.
Judge C. R. Brown was at Iron Moun-
tain yesterday in attendance at circuit
court.
The W. C. T. U. will meet this after-
noon at 2:30 o'clock at the Hotel Su-
perior.
Mrs. Frank Ward returned last even-
ing from Duluth, where she spent two
weeks with friends.
Sheriff John Stiles of Menominee was
here yesterday on his way to Newberry
with an insane patient.
Miss Mary Moranville has gone to
Escanaba to visit friends and relatives
and to take in the sights of the Elks'
carnival this week.
Mr. and Mrs. Will Hamill left last
night on the steamer Japan for Duluth.
Mrs. Hamill returns Aug. 1 for a
month's stay here.
Miss Jennie Scott of the Clifton land-
ed a four and a quarter pound trout
while fishing off the rocks up the lake
shore Sunday afternoon.
Mr. and Mrs. W. J. Miller returned to
the Soo yesterday after a three weeks'
visit with Mr. and Mrs. Charles Senecal.
Mrs. Miller and Mrs. Senecal are sisters.
Chairman Walter Fitch of the board
of supervisors was in the city from Bea-
con yesterday. He will be down again
today as a delegate to the congressional
convention.
Mrs. A. Mathews and son Ed leave to-
night for Seattle, where they will go to
San Francisco. Hence Ed will join a
party of friends on a voyage to China on
a tramp steamer, and Mrs. Mathews
will return home.
Mr. and Mrs. A. H. Hornbogen re-
turned yesterday from Duluth accom-
panied by the doctor's father, a resident
of Reed's Landing, Minn., who will
spend several weeks here as the guest
of his sons, Drs. H. J. and A. H. Horn-
bogen.
The Baptist young people will give an
ice cream and strawberry social in the
church parlors this evening to which
the public generally is cordially invited.
The ice cream and berries will be served
together, in one dish, at the reasonable
price of ten cents per plate.
Buffalo Bill's Wild West will exhibit
on the field just east of the brewery.
Special street car service will be provid-
ed from the corner of Washington and
Front streets to the Polygonal works. It
has not been decided as yet whether the
South Shore will run trains to a
point adjacent to the show grounds.
The boys who helped themselves to
the baskets belonging to a picnic party
at the beach yesterday afternoon are
apparently in for a week of trouble.
Their names are known, and as it was
not the first time that they made a sim-
ilar raid there is a disposition on the
part of the picnickers to bring them to
task.
Photographer Charles Cole of Ishpeming
took several views of the court house
yesterday for preservation in the archi-
ves of the county as souvenirs. It has
been suggested that a group picture of
the board of supervisors, who will have
much to do with the construction of the
new structure, also be taken for the
same purpose.
Mrs. Agnes Meads and daughter Is-
abel left last night on the steamer Japan
for Duluth to take up their permanent
residence with Mrs. Meads' son Rupert,
who with others of the local force of the
Standard Oil company was transferred
to the head of the lake some months
ago. The Meads residence on West Ohio
street has been leased by D. Seidenfeld.
Mr. and Mrs. Charles H. Schaffer gave
a dinner party at the Clifton last night
at which the following ladies and gentle-
men were present: Mr. and Mrs. Sid-
ney Adams, Mr. and Mrs. A. Mathews,
Mr. and Mrs. F. W. Read, Mr. and Mrs.
Maynard, M. W. Gray and Miss Cecil
Grylls. Following the dinner, the party
were the guests of E. C. Bailey on a
launched cruise to Chequamegon and return.
On the return trip the wind dashed the
spray considerably and the party were
pretty well drenched by the time har-
bor was reached. The trip, however,
was very enjoyable despite the unlooked-
for wetting.

BUT THIS YEAR IT WILL TOUR THE AMERICAN CONTINENT
FROM OCEAN TO OCEAN
Visiting the Principal Cities and Greater Railway Centers Only, as a Parting Salute to
the Great Nation which gave it birth.

THE MARKET IS FLOODED
with cheap preparations, represented to be "the same
as" Pond's Extract. Don't be imposed upon. They have
little curative power; are weak, diluted—poorer in every
way. Often, to save expense, they are prepared with
poisonous "wood alcohol." No wonder these imitations
of Pond's Extract are cheap!

**THE
COPPER
HANDBOOK**

1902 EDITION.

The new 1902 edition treats of Copper from all standpoints—Historical, Technical, Statistical and Descriptive. It is divided into ten chapters, as follows:

- I. History of Copper.
- II. Chemistry and Mineralogy.
- III. Metallurgy.
- IV. Glossary of Mining Terms.
- V. Copper Deposits of the World.
- VI. Copper Deposits of the United States.
- VII. Leading Foreign Mines.
- VIII. Lake Superior Mines.
- IX. American Copper Mines.
- X. Statistics of Copper.

The work is an octavo volume of 492 pages, set in breviter type. It is the only volume printed in any language treating of the entire subject of copper, with descriptions of all principal mines, some 700 properties being listed, the descriptions ranging from a few lines to a dozen pages for each, according to importance.

The price of the Copper Handbook is \$3 in full Morocco, and \$2 in buckram binding, prepaid to any address in the world. It will be **SENT ON APPROVAL** and may be returned within 30 days, if the purchaser is dissatisfied, for any reason whatever, and price paid will be refunded.

SUPT. SCRIBNER HERE.
He is Looking Over the City and Preparing to Move Family.

Superintendent E. E. Scribner arrived here Sunday morning and is stopping at the Nelson. Mr. Scribner came from Dunkirk, New York, where he was located last year, and is spending a few days in town making arrangements preparatory to moving his family here before the opening of school. Mr. Scribner's family consists of his wife, his mother and an eight year old daughter. He is planning to get them here about August 20. During the past week he has been attending the meeting of the National Teachers association in Minneapolis.

Mr. Scribner is a man of large experience in educational work, having been engaged in it continuously since he completed his university course in Cornell in 1886. His normal training was had in the Oswego Normal school, in connection with the same university. For some time thereafter he was principal of the schools in Parish, New York, the county seat of Ithaca county, where the university is located. After that he was superintendent of the Trumansburg school for eight years and his latest position before coming here was at Dunkirk, New York, where he was located for four years.

When seen yesterday, Mr. Scribner said: "I just arrived in Ishpeming Sunday morning and haven't had time to familiarize myself with the city or the schools. I have met members of the school board and some of the teachers. The object of my visit at this time is merely to get located and to acquaint myself with the town. I have been on a search for a house and hope to have everything all arranged for moving before I leave Tuesday. Regarding the schools, I think that some changes in the course of study may be made before the opening of the coming year. The courses will be gone over carefully and probably changed so as to raise the standard a little. Arrangements for teachers for next year are not yet completed and I cannot make any announcement as yet. I am strongly in favor of athletics and will give all my support toward having another championship football team next fall. We hope to keep Dr. Sweetland with us next year. Regarding the trouble in the school, I don't think there is any, but only a difference of opinion that can be smoothed down. I anticipate that everything will run smoothly. I certainly hope so."

NEW METHODIST CHURCH.
Congregation is Now Asking for Bids for the Structure.

The building committee of the Methodist church is advertising for bids for the new church edifice to be erected at the corner of Second and Division streets. The specifications call for one of the finest and best equipped church buildings in the peninsula. It is to be of brick veneer and will have a seating capacity of 1,000. Of this capacity, 700 can be seated in the auditorium, while the galleries will hold 300. The basement will be fitted up with a large room for the Sunday school, with smaller rooms for classes and prayer meetings. As soon as the contract is let, work will be begun immediately. It is hoped to have the church completed soon after the first of the year. Rev. Stephen Polkinghorn is chairman of the building committee.

The old building was not large enough to accommodate the audiences and last Sunday the congregation at the regular evening service adjourned to the field on Bluff hill in order that all might be accommodated. The members of the building committee are Rev. Stephen Polkinghorn, John Quayle, A. M. Argall, Edward Phillips, John Waters and Chas. Hawes.

ELKS GO TO UTAH.
Plans Are Perfect for the Trip to Salt Lake City.

Representatives of the railway lines who met delegates from the different upper peninsula lodges of the Elks society in this city a few weeks ago have completed plans for the special train to be run for the accommodation of the members and their families attending the annual convention, to be held during the week of Aug. 12 at Salt Lake City, Utah. The following schedule is announced:

Leave Beloit, Wis., 3:35 p. m., Thursday, Aug. 7, via C. M. & St. P. Arrive Savanna, Ill., 6:00 p. m., Thursday, Aug. 7. Supper.

Leave Savanna, Ill., 7:05 p. m., Thursday, Aug. 7, via C. M. & St. P. Arrive Omaha, Neb., 8:05 a. m., Friday, Aug. 8. Breakfast and dinner.

Leave Omaha, Neb., 1:30 p. m., Friday, Aug. 8, via C. R. I. & P. Arrive Denver, Col., 7:45 a. m., Saturday, Aug. 9. Breakfast, dinner and supper.

Leave Denver, Col., 3:50 a. m., Sunday, Aug. 10, via Colorado Midland. Arrive Colorado Springs, 6:20 a. m., Sunday, Aug. 10. Breakfast.

Leave Colorado Springs, Col., via train 2:40 a. m.

Leave Manitou for Pike's Peak at 8:30 a. m., via special train, returning to Manitou about noon. Train to Colorado Springs, arriving about 1:00 p. m. Dinner—in afternoon and evening, visit Cheyenne Canon and other places of interest. Supper.

Breakfast, Monday, Aug. 11, at 8:00 a. m.; leave Colorado Springs, 8:30 a. m., Monday, Aug. 11, via carriages for Garden of the Gods. Return 10:45 a. m., to Colorado Springs.

Leave Colorado Springs, Colo., 11:00 a. m., Monday, August 11, via Colorado Midland. Arrive Cascade Canon, Col., 11:40 a. m., Monday, Aug. 11. Dinner.

Leave Cascade Canon, Col., 12:10 noon, Monday, Aug. 11, via Colorado Midland. Arrive Leadville, Col., 5:25 p. m., Monday, Aug. 11. Leave Basalt, Col., 6:55 p. m., Monday, Aug. 11. Supper.

Leave Basalt, Col., 7:25 p. m., Monday, Aug. 11, via Colorado Midland. Arrive Leadville, Col., 3:25 p. m., Monday, Aug. 11. Grand Junction, Col., 11:19 p. m., Aug. 11, via Rio Grande.

Arrive Salt Lake City, Utah, 9:35 a. m., Aug. 12.

Tuesday, Wednesday and Thursday, Aug. 12, 13 and 14 at Salt Lake City.

FINNISH NATIONAL SOCIETY.
Several From This Section Will Attend Annual Meeting at Worcester, Mass.

About thirty upper peninsula men, several from Northern Minnesota and Northern Wisconsin, also a brass band from a Minnesota town, will attend the annual convention of the Finnish National Temperance society, which will be held this year at Worcester, Mass. The opening session will take place on Tuesday, the 29th, and it will require at least three days to complete the business.

The society has such a large membership in the upper peninsula that it is practically controlled by men from this section. Jacob Kaminen of this city is the president and Mike Sykta are candidates for the presidency for the ensuing year.

There are several candidates for the secretaryship. The office pays a salary of \$50 per month, and, in addition, the missions are received, aggregating from \$15 to \$25 per month. Alex Pantti, the present secretary, has held the job for the past nine years, and he is desirous of being reelected. Jofet Lukkarila of Hancock, for some years a resident of Ishpeming, is also out after the office. Kaminen, the retiring president, is mentioned for the place, but he is not a candidate, although he might accept if elected.

The Ishpeming men will go after the next national session. This is the sixteenth annual meeting, but in spite of the fact that the local organization is one of the largest in its jurisdiction, the national society has met here but once, about twelve years ago.

Four Ishpeming men besides Kaminen will attend the meeting. These are Alex Pantti, Mike Sykta, Gust Makki and John Pakkala. The latter two are delegates from the local organization and Pantti and Sykta are members of the grand lodge.

The iron and copper country men will leave a week from next Sunday, arriving at Worcester in ample time to be present at the opening session.

NEED MORE HELP.

Often the over-taxed organs of digestion cry out for help by Dyspepsia's pains, Nausea, Dizziness, Headaches, Liver complaints, bowel disorders, Spleen troubles, call for prompt use of Dr. King's New Life Pills. They are gentle, thorough and guaranteed to cure. 25c at Stafford's drug store.

A new line of silks just in. We have corded taffetas, pleu de soie, moire and other kinds too numerous to mention. Finnish Mercantile association.

Builds up the system; puts pure, rich blood in the veins; makes men and women strong and healthy. Burdock Blood Bitters. At any drug store.

Ladies! See our big line of shirt waists. Going at reduced prices. All the late patterns. Finnish Mercantile association.

USE ALLEN'S FOOT-EASE.

A powder to be shaken into the shoes. Your feet feel swollen, nervous and hot, and get tired easily. If you have smarting feet or tight shoes, try Allen's Foot-Ease. It cools the feet, and makes walking easy. Cures swollen, sweating feet, ingrowing nails, blisters and callous spots. Relieves corns and bunions of all pain and gives rest and comfort. Try it today. Sold by all druggists and shoe stores for 25c. Trial package FREE. Address, Allen S. Olmsted, Le Roy, N. Y.

A HAPPY WOMAN
In One of Detroit's Large Department Stores.

In the cloak and suit department of Partridge & Blackwell's store, Detroit, Mich., is Mrs. M. J. Remer, who has an interesting story.

"About five years ago," she said to a reporter the other day, "when living in the little town of Hart, I was in a run-down state of health. I did not pick up after my baby was born. It seemed as if I had no vitality and the doctors gave me no hope for early improvement. I felt miserable.

"My husband had received great benefit from Dr. Williams' Pink Pills for Pale People for the Dr. directed me to surgical operation and so I determined to try them. I gave up my doctor's medicine and in less than a week after I began taking Dr. Williams' Pink Pills I could see decided improvement. I continued taking them and in a short time regained my health and strength. They are the grandest medicine ever made for people who are run-down and nervous."

Dr. Williams' Pink Pills for Pale People are sold at fifty cents a box or six boxes for two dollars and fifty cents, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company, Schenectady, N. Y.

LITERARY CLUB RECEPTION.
It Was Held in Honor of Mrs. H. O. Young Yesterday.

A delightful social function was held yesterday at the home of Mr. and Mrs. Thomas Walters. A reception was given by the Ladies' Literary club in honor of Mrs. H. O. Young, literary leader for many years.

The residence was charmingly decorated with daisies and potted plants and the walls and draperies were hung with ground pine. Mrs. H. O. Young, Mrs. W. T. Potter, president of the club, and Mrs. O. B. Robinson received in the parlors, while Mrs. Thomas Walters and Mrs. N. W. Krogman received in the dining room. Over 150 invitations were issued and the house was crowded all afternoon.

Trumbly's orchestra furnished the music. In the singing room ice cream, strawberries, cake and bon-bons were served, and cake and coffee were dispensed in the reception room. The porches were decorated and punch was served out of doors.

STEEL CORPORATION'S EARNINGS.

The following from a recent issue of the Iron Trade Review relative to the earnings of the United States Steel Corporation will be of interest here in view of the company's extensive holdings on this range:

"A statement of the net earnings of the United States Steel Corporation for the quarter ending June 30 has just been issued. Earnings for April last were \$12,220,774; for May, \$13,129,329; and for June, \$12,250,000, making a total of \$37,600,103, against \$26,362,000 for the same period last year. This statement shows an increase of net earnings for the quarter of \$11,238,103. The regular quarterly dividends were declared of 1% per cent on the preferred stock and 1 on the common. James Gayle, a vice president and director of the corporation, was elected to a vacancy in the executive committee.

"Since last year the Shelby Tube company has been taken over by the corporation and part of the increased earnings during the quarter were due to this acquisition. The total net earnings for six months from Jan. 1 to June 30 were \$64,407,153. After paying \$9,120,000 interest and crediting \$6,796,456 to the sinking fund there remained a balance for dividends of \$48,490,697. After payment of dividends there were left an undivided profit account for the six months of \$30,463,623, applicable to the depreciation and reserve fund, new construction or surplus."

HOW THE OTHER HALF LIVES.

Rev. T. S. Anderson, pastor Pioneer Presbyterian church in Marquette, Wis., writes:

"The review I have been able to make of the Burton Holmes lectures has afforded me much pleasure. I find them well edited, finely printed and beautifully illustrated. They are neatly and durably bound. The subjects treated are such that afford not only entertainment but instruction to all who desire to know how and where the other two-thirds of the human family live. I have purchased and most heartily commend these books."

LEFT FOR COLORADO.

George Sleep, a well known miner, left yesterday for Boulder, Colo., where he will take a position at the property being operated by the Marquette Gold Mining and Milling company. Mr. Sleep is one of several Ishpeming men who have taken stock in the company. They have received very favorable reports of the mine and it is expected they will make good interest on the money invested. A. C. Shimmin, also well known here, and a few others, contemplate going to Boulder some time within the next two or three weeks. All have positions awaiting them.

TAKING MANY ORDERS.

C. O. Stiles, who is here soliciting orders for the illustrated book to be issued soon by a Milwaukee firm, showing the principal buildings and scenes in and about Ishpeming and Negaunee, is meeting with excellent success. He has received nearly one thousand orders up to this time and the city has not been more than half covered. All the views have been taken and the book will be published within the next three or four weeks. Meanwhile orders will be solicited in both directions. A number are taking as many as a dozen books. They will send them away to their friends.

MINSTRELS WILL GET BUSINESS.

The manager of the Gideon Minstrels, which hold the boards at the opera house here Thursday evening in opposition to the Buffalo Bill show at the park, says he is positive he will play to the capacity of the house. He took this date in

Burlington Route

The Way To Chicago

The Limited, leaving Minneapolis at 7:50, St. Paul at 8:25 p. m., daily, arrives in Chicago 9:20 next morning.

Breakfast is served en route in a comfortable Dining Car, beautifully decorated. The service is "a la carte"—you pay only for what you order. This is more popular with travelers than the "dollar a meal" charge.

The Scenic Express, leaving Minneapolis at 7:30, St. Paul Paul 8:05 a. m., except Sunday, arrives in Chicago 9:35 p. m. same day. Pullman sleeper serves lunch. Dining halls at La Crosse and Savanna.

Ask Your Home Agent for Tickets via the Burlington Route.

BY JANUARY 1ST

NEW FURNACE WILL LIKELY BE STARTED UP THEN.

WORK IS BEING RUSHED

SIDETRACKS AND ORE POCKETS BEING CONSTRUCTED.

For the Chemical Department Bids for Erection of Two Large Still Houses Have Been Received from Contractors.

The Pioneer Iron company is rushing operations at the new furnace plant, in North Marquette, in the hope of being able to carry out the original intention of starting the first fires in the ore stack by Jan. 1. The force of workmen has received several additions lately, and the heavy work is nearing completion. A large gang is at work putting in sidetracks. In all about four miles of sidings will be necessary for the handling of the ore and other cars and the yard work. Sixteen switches will be required. The large trestles leading up to the steel ore pockets are nearing the finishing touches and in a week or two the pile driver will have the large cedar posts all driven. Considerable filling in around the piles has been done and the track has been partially laid. The framework for the ore pockets themselves is about finished. The charcoal-making department of the new plant is to be very complete. Work was started last week on the brickwork of the kilns. There will be eighty of these in all and they will be for the most part of eighty-cord capacity, with a thirty-four-foot base tapering to twenty-seven feet. The brick work about the furnace stack and plant proper has reached the roof, and the steel roofing sheets are being put into place. The office quarters will be models of their kind. At present little is being done on the interior of the building, but it only awaits the carpenter and the painter to put on the finishing touches. The plant will be capable of turning out 150 tons of pig iron daily. The machinery has not yet been installed, but the foundations are all ready for it and the equipment will soon arrive. Two Large Chemical Houses. Bids for the erection of two large "still" houses are now under consideration by the company. These will constitute a portion of the chemical department and will be located between the railroad and the furnace plant. They will be frame buildings and will be erected side by side at the west end of the site. The primary still house is to be 112 by 60 feet and 24 feet high. It will have concrete foundations, and the roof and siding will be of iron. The other structure, the refining still house, will be some larger, 182 by 66 feet while a small framework on top will raise it to 60 feet in height. The specifications call for the use of asbestos in the framework of both of these buildings in order to make the houses as near fire-proof as possible. The construction of other buildings will be open for contractors' figures as soon as the present bids have been passed on.

CONDEMNATION CASE TODAY.

This morning at 9 o'clock the condemnation case brought by the L. S. & I. road in the matter of the right-of-way into the Mass mine site at Negamnce will come up in the probate court before a jury. The first point to decide is whether the right-of-way desired is necessary, and if so then the determination of the amount of the damages. The twelve jurors selected, six having been chosen by the company and six by the defendant property owners, are as follows: Frank E. Krieg, Joseph E. Reau, Daniel Sullivan, Wm. A. French, Joseph H. Neidhart, John Flynn, Frank Frei, Edwin C. Quarters and John Parker, Marquette; John W. Joachim and Wm. C. Urem, Ishpeming, and Wm. S. Ewing, Chocoley.

EXCURSION FROM MANISTIQUE.

An excursion from Manistique on account of Buffalo Bill's Wild West will be run to Marquette tomorrow, via the Manistique, Marquette & Northern and the South Shore roads. The train will leave Manistique at 5:30 a. m. and will connect at Shingleton with the South Shore special from Seney, arriving here at 9:30 o'clock, in ample time for the visitors to witness the street parade. The round trip fare from Manistique has been placed at \$2.25 and it is expected that the excursion will be taken advantage of by a large number of people residing along the Manistique road. The train will leave Marquette on the return at 7 o'clock p. m., arriving at Manistique at 11.

KNIGHTS OF COLUMBUS.

The Marquette council will be instituted tomorrow afternoon, the ceremonies taking place at the A. O. U. W. hall, beginning at 1:30 o'clock, at which time all candidates are expected to be present. The steamer conveying the party of Knights from Detroit who will have the installation of the new lodge in charge, is expected in port early in the morning. In the evening, a banquet in honor of the visitors and Knights of Columbus generally will be held at Fraternity Hall.

GETS A VALUABLE HOMESTEAD.

The local officials of the local land office have rendered a decision in the homestead case of Nathan D. Forgostein of this city vs. Daniel McLeod, deciding in favor of Mr. Forgostein. The contest involved a homestead of 160 acres in Ontonagon county. The land is but a quarter of a mile southeast of the Victoria mine and two miles southwest of the Michigan property, and is claimed to be very valuable. Mr. Forgostein is a member of the Hub Clothing company.

REPUBLICAN LEADERS HERE.

Congressional Convention Convened at Opera House at Two Today.

Today the Republican leaders of the peninsula will have rallied here either as delegates to or interested spectators at the Twelfth district convention called by Chairman Duncan of Calumet to place in nomination the candidate of the party for congress. The district is of course overwhelmingly Republican and the selection of the convention will be equivalent to election. The convention will be held at the opera house, beginning at 2 o'clock, and it is probable that routine work entirely will take up the afternoon. Ninety-seven delegates will be entitled to seats, representing the various counties as follows: Alger, 3; Baraga, 2; Chippewa, 7; Delta, 9; Dickinson, 7; Gogebic, 6; Houghton, 22; Iron, 4; Lapeer, 2; Keweenaw, 2; Marquette, 14; Mackinac, 3; Menominee, 10; Ontonagon, 3, and Schoolcraft, 3. There is great interest in the outcome of the convention, despite it is the general opinion that H. O. Young of Ishpeming will be nominated. Including the delegations from Baraga and Schoolcraft, in which counties there were contesting delegates chosen, he will enter the convention with a total following of fifty, compared with twenty-five for Congressman Sheldon and twenty-two for Hon. Charles Wright of Hancock. Yesterday and last night witnessed the arrival of many influential Republicans, who at the Hotel Marquette and Clifton House renewed friendships and discussed the prospective outcome of the convention. There were many stories of prospective deals and the air was full of rumors as to the action of this delegation or that. Included among the visitors here are the following: Ironwood—C. E. Miller, H. Wertheimer. Munising—T. G. Sullivan. Manistique—E. N. Orr, W. F. Crane, C. B. Mersereau. Ontonagon—James P. Corgan, F. A. Van Schaijk, E. J. Anderson. Escanaba—John Garvin, Ira Bush. Menominee—W. C. Spencer, W. N. Mills. Chassell—O. W. Robinson. Greenland—James E. and A. B. Bower. Baraga—C. E. Cameron, Fred W. Schvalm, James McMahon, John Neeter, F. J. Swallow, Martin Fitch, Peter Bloom, Dr. Becklund. L'Anse—Martin Voetsch. Bessemer—Iver H. Hagen, R. Bayden. Ishpeming—H. O. Young, George A. Newett. Escanaba—E. C. Jennings, George Gallup, E. Olson. Houghton—C. D. Sheldon, W. D. Cavert, Robert H. Shields, R. Skiff Sheldon, Joseph Hambitzer. Calumet—John Pentecost, J. L. Nankervis. Hancock—C. A. Wright, A. D. Pettit, Dr. W. H. Metchette, L. M. Dickins, George C. Bentley, A. H. Jansberg. Rockland—R. Chynoweth. Powers—Charles Juttner. Sault Ste. Marie—John A. Couch, James Thompson, E. G. Endress, E. Trembley, R. J. Clarke, George W. Meyers, A. L. Ferguson, H. L. Newton, E. W. Kirby, William Webster, J. J. Bennett, Sherman T. Handy, W. E. Dorr.

W. F. Knox, Wm. P. Spalding, C. H. Chapman, John McKee, E. C. Davidson. The Young headquarters have been established at the Clifton, where a large banner hung across the street proclaims the news. Most of the Sheldon and Wright men are at the Marquette, but a number of delegates with Young ribbons were noticed there last evening.

AN ARTIST WITH THE LARIAT.

Buffalo Bill Has a Mexican Who Does Marvelous Work.

The cowboys and vaqueros in Buffalo Bill's Wild West outfit are capable of doing as good work as is ever required in actual service on the range with the lariat. But however expertly a man may "rope and tie" a steer, that skill will not necessarily involve the ability to do such surprising things with the flying noose as are accomplished by Senor Oropeza in the Wild West arena. In the hands of this Mexican artist, the rope seems to be a living thing, moved simply by his volition. John Baker, an expert marksman with the show, is one of the most skillful fancy shots in this country. His trap shooting, executed in the most difficult positions and with lightning rapidity, is truly remarkable, while the fashion in which he shatters flying glass balls, shooting ricochet shots at them, or by reflection, or standing on his head, seems almost magical. The vast arena is too large for him to show his skill in shooting at very small objects, still or thrown in the air, but he does enough to prove himself a wonder. The Wild West and Congress of Rough Riders is to appear in Marquette tomorrow, and a great time may be expected. The Indian war dances, bucking bronchos, United States cavalry and artillery drills, and the battle scenes are some of the interesting and popular features that will be seen. On the morning of the engagement, a grand mounted street parade will be given.

FOR CLUB WOMEN.

"I take great pleasure in commending to all, and to club women in particular, 'Burton Holmes' Lectures.' While a follower of Mr. Stoddard in the lecture field, Mr. Holmes is in no way an imitator, but carries his readers and hearers entirely into new countries and scenes, presenting them in a manner as original and interesting as that of Mr. Stoddard. I am delighted with my investment in the work and wish that every cultured home in Janesville could possess these charming books."—Ella Hotelling Tanberg, president Art League Janesville, Wis.

ATTENTION CARPENTERS.

All members are requested to attend the regular meeting Friday, July 18, for the purpose of installing officers; also bring card for quarterly review according to Sec. 1584 of constitution. JAS. E. SCANLAN, Recording Secretary, 149 Rock street. (7-15-3d)

VAN ALSTYN'S STORE NEWS.

EDITORIAL NOTES.

Speaking of the conditions of the market and of our stock in particular, we would call your attention to the fact that this week we shall offer a few inducements to seekers of bargains that we have not previously offered this season.

The facts are about as follows: In just four weeks from this week our buyer will leave for New York City. When he made his spring purchases he overreached the demands in a few departments, and consequently has a surplus stock in those departments which he wishes to sell before leaving for market; hence the announcements in the other columns of UNDER VALUES. It is no old styles or last season's goods that we offer, but new, this season's goods, which we will not carry over and which we have marked way down to move them quickly.

SPECIAL UNDER VALUE SHIRT WAIST SALE.

All of our Shirt Waists will be found in our West Room (Millinery Department) this morning. We have arranged tables upon which are displayed the best assortment of Waists shown this season in this market. We have reduced the prices so low that you will regret it if you fail to attend this sale early. The warm weather is just here and the demand for Shirt Waists is at its height.

SPECIAL ATTRACTIONS IN SUMMER AND OUTING HATS.

This afternoon we will show some special values in New Hats that will interest you. Nobby, catchy effects, from 75 cents to \$5.00.

CHIFFON AND LACE BOAS AT HALF PRICE

We purchased this season an elaborate collection of these goods, which have had an unprecedented sale in all the large cities, but which local buyers have not bought extensively, consequently they are offered this morning at half their value.

WASH GOODS AT LESS THAN COST OF MANUFACTURE.

The cold weather during May and June lessened the demand for thin goods to such an extent that we have hundreds of pieces on hand that we offer this morning at a song. The right kind of weather is now here. Take advantage of our unloading and buy a thin dress for only a few cents.

THE BEST BRUSSEL NET LACE CURTAIN EVER OFFERED FOR \$5.00 JUST RECEIVED. AT THIS PRICE FOR THIS WEEK ONLY. A. T. VAN ALSTYN DRY GOODS CO.
