MAY END THE STRIKE.

FREIGHT HANDLERS AND FOUR ROADS REACH AGREEMENT.

SETTLEMENT WAS UNEXPECTED

MEETING TO BE HELD TODAY TO RATIFY ACTION.

President Curran Dissatisfied With the Outcome and Will Urge Strikers to Continue the Battle.

Chicago, July 15.—With an agreement reached between the four railroads and their employees, the strike of the freight handlers and teamsters that has paralyzed the industries of Chicago for a week is apparently broken. The majority of the strikers are expected to return to work tomorrow. By Thursday according to the present outlook there will be few evidences of a strike. Some of the more radical of the unionists may refuse to accept the terms but apparently they will be able to yield but little influence with the majority of the strikers. It is possible, however, that the radicals may prevent the strike being called off at a mass meeting of the handlers tomorrow. Upon the action of this meeting will depend the attitude of the striking teamsters. Their national president, Al Young, ordered them back to work tomorrow but if the handlers refuse to declare the strike off officially some of the teamsters may refuse to work.

Four Railroads Enter Agreement. The railroads that entered into the agreement tonight were the Lake Shore & Michigan Southern, the Nickel Plate, the Northwestern and the Illinois Central. The two latter accepted the proposition made upon the advice of the teamsters' board of arbitration. The others succeeded in getting the men to sign the scale presented by the handlers side claims a victory. As the employees of the Lake Shore were the first to sign, however, the railroads are expressing the greatest satisfaction over the break in the strike. The handlers return to work without having obtained a recognition of the union, time and a half for overtime or the abolition of the probation period. On the other hand they obtained increases in pay.

Strike Not Yet Ended. While the signing of the agreements breaks the strike it does not end it. It is still in progress as far as twenty of the twenty-four railroads are concerned. President Curran and a few supporters are still unreconciled and state they will not recognize the agreements. The fact remains however, that the majority of the handlers are seemingly tired of the strike and are eager to return to work. It is probable they will be given an opportunity to do so tomorrow for all the railroads are eager to sign agreements similar to that obtained by the employees of the Lake Shore and Michigan Southern railroad.

Settlement Was Unexpected. This agreement was signed tonight after all hope of a break in the strike appeared at an end. All the roads had refused to accept the demands originally made by the strikers. The business men were meeting and determining to deliver freight under police protection tomorrow. Mayor Harrison had called a conference between the railroad officials, the strikers and labor leaders for tomorrow morning. The manufacturers and merchants were declaring unless the police could afford protection the militia should be ordered out, and the strike situation appeared more serious than before. While the affairs were thus apparently reaching a crisis the handlers' committees had accepted the invitations by some of the railroads to enter into a discussion of the situation. The executive committee of the Freight Handlers union was meeting with the committee of officials of the Teamsters' union who were attempting to compel them to settle the strike and Chairman Job of the state board of arbitration was still endeavoring to bring the railroad officials and strikers together.

Terms of Scale Accepted. Then came the announcement that the employees of the Lake Shore & Michigan Southern railroad had accepted the scale offered July 1 as follows: Check, transfer and receiving clerks for the first three months, \$50; and after that period \$55; stokers per hour, for the first three months eighteen cents and after three months, 18½; callers, first three months, seventeen cents and after that, eighteen cents per hour; trackmen, per hour for the first three months, fifteen and after three months, seventeen cents. The Lake Shore men have had no differences as to overtime. Ten hours constitute a day's work; straight pay for overtime, Sundays and holidays.

Pres. Curran Says Strike Is Lost. The committee which signed the agreement failed to report at the union headquarters. Gradually, however, the strikers became convinced the report was true. A meeting of the men in the vicinity of the hall was immediately called. President Curran practically told them the strike was lost. He informed them that the teamsters' officers had ordered the men back to work and announced that they were responsible for the failure of the strike. He asked

FIRE IN OIL FIELDS.

Lightning Starts Blaze in Tank in Louisiana and Flames Spread.

Jennings, La., July 15.—Lightning today fired an oil tank. The fire was communicated to a neighboring well and soon spread to others. The heat was so great that the firemen were driven away and the fire is still raging. There is great danger that the entire field will be destroyed. A special train of experts will be taken to the field to assist in saving the remaining property from destruction as soon as they arrive from Beaumont.

LAW WILL TAKE ITS COURSE.

Effort to Commute Sentence of Murderer Rice Fruitless.

Ottawa, Ont., July 15.—A determined effort to secure a commutation of the sentence of Fred Lee Rice, the Toronto murderer of Mrs. Rice of Champagne, Ill., Mrs. Rice and her daughter, was made today by the Ontario minister of justice, Mrs. Rice pleaded strongly for mercy. The minister received her kindly and heard her through but her tears and pleadings were of no avail and the law will take its course.

CONVENES TODAY

REPUBLICANS OF WISCONSIN WILL NAME STATE TICKET.

LA FOLLETTE FACTION IN CONTROL

ONLY FIGHT IS OVER ENDORSEMENT OF SENATOR SPOONER.

Platform Projected Favors Primary Law, Equalization of Taxation and Babcock's Tariff Views.

Madison, Wis., July 15.—Practically the only topic under discussion tonight among the delegates to the Republican convention which meets tomorrow is what the convention will do as to endorsing Senator Spooner. The La Follette faction who are in control are determined that the only condition on which Spooner shall be endorsed is for him to recall his letter of withdrawal from being a candidate for reelection. He must also stand upon the principles to be adopted by the committee on resolutions and support the candidates of the convention. While the stalwarts hope to have the endorsement without restrictions it can be stated definitely that this plan will not work out. The platform will favor the primary election law and the equalization of taxation. It will also favor Babcock's tariff views. Governor La Follette will be renominated and in all probability the other candidates are favored by his followers. Little was done at the stalwarts' caucus tonight. Senator Whitehead, the stalwart candidate for governor, made a brief speech in which he urged the endorsement of Spooner. Another conference of the stalwarts will be held tomorrow morning when the question of the Spooner resolutions will come up for final action.

ANOTHER WARSHIP SENT TO VENEZUELA

MARIETTA ORDERED TO LA GUAYRA TO PROTECT AMERICAN INTERESTS THAT ARE IMPERILED BY THE REVOLUTION.

Washington, July 15.—The political situation in Venezuela has become so serious and American interests there are regarded as being in such danger that Herbert W. Bowen, the United States minister at Caracas, telegraphed to Washington that the presence of another American warship was urgently needed. After giving careful consideration to Mr. Bowen's request, Secretary of the Navy Moody yesterday afternoon sent a telegram to Commander John A. Rodgers of the gunboat Marietta, addressed to Kingstons, Jamaica, resending his orders to investigate conditions at Bluefields and Greytown, Nicaragua, and then proceed to Colon, isthmus of Panama, and directing him to go direct from Kingstons to La Guayra, Venezuela.

Minister Bowen's dispatch indicated that he thought it inadvisable, in view of expected occurrences of a momentous character at Caracas and La Guayra, to permit the cruisers Cincinnati and Toledo to be away from the vicinity of those places for any length of time. He therefore urged that another and smaller vessel be assigned to duty in Venezuelan waters for the purpose of visiting places along the coast where there are American interests, and also to be used for carrying dispatches to the nearest available telegraph cable office, if communication between La Guayra and the rest of the world is suspended. The fact that Mr. Bowen wants to keep two cruisers constantly at La Guayra shows that he regards the Venezuelan political situation as extremely critical.

GLOVER CRASHES INTO MICHIGAN.

Bad Marine Accident Occurs at Erie, Pa.—Damage, \$10,000.

Erie, Pa., July 15.—The freighter M. B. Glover crashed into the United States steamer Michigan here today, causing \$10,000 damage. The accident will put her out of commission for several months and prevent the annual cruise of the naval cadets at Detroit. Two of the latest pattern rapid fire guns were ruined by the accident.

CANAL MATTER SHELVED.

Diplomatic Phase of Question to Be Delayed Pending Hay's Vacation.

Washington, July 15.—The diplomatic phase of the Panama canal matter will be shelved until the return of Secretary Hay from his vacation. The Columbian minister expects an early reply from his government on the various questions of sovereignty and the modification of the treaty. The United States is likely to insist that the treaty must be ratified first by Colombia. Secretary Hay has forwarded letters to various states and territories bearing on the American scholarships at Oxford. The secretary also encloses a letter of the trustees of Rhodes' will regarding the matter.

PLAYED GOOD GOLF

YOUNGSTERS HAD BETTER OF VETERANS IN AMATEUR CONTESTS.

TRAVIS TIED FOR FIRST PLACE

CHAMPION MEETS FORMIDABLE OPPONENT IN ORMISTON.

Letter Is in Excellent Form and Stands Fine Chance for First Honors—Travis Played a Flawless Game.

Glensview Golf Course, Ill., July 15.—The youngsters had the better of the veterans in the opening struggle for the amateur golf championship honors today. Of the sixty-four who qualified in the medal play at eighteen holes, the large proportion were lads who have learned the game in the last three or four years and whose strength is not yet upon them. Many veterans fell by the wayside while such old timers as J. G. Thorp, the Massachusetts state champion and Herbert J. T. Weedie of Belmont, turned in scores that barely entitled them to contest in the match play tomorrow. Champion Travis Tied. The biggest surprise of the day was furnished by G. A. Ormiston, of Pittsburg, who tied the Champion Travis for the medal by the score of 79 made earlier in the day, and in doing so showed such form that his chances for championship honors are considered exceedingly bright. Abram Poole, Jr., of Onwentsia, with 80, H. Chandler Egan, of Exmoor, 82; Walter Egan, of Lake Geneva, 84 and Allan Hibbard of Milwaukee, 83 are looked upon as formidable competitors, nevertheless, the close followers of the game predict for Travis, his medal score of 79 was golf that was almost flawless. Thirteen Tied for Last Two Places. One peculiarity about the play was the tying at 94 of thirteen men for the last two places on the qualifying list. The tie for the gold medal given for the lowest qualifying score will be played off by Travis and Ormiston at their convenience probably before Saturday. There were 132 starters in today's list. G. A. Ormiston of Pittsburg, tied W. J. Travis for the medal score with 79, missing a short putt on the home green for 78.

STEEL TRUST FILES ANSWER

CORPORATION REPLIES TO SUIT TO PREVENT PROPOSED BOND CONVERSION AND CITES AFFIDAVITS OF SCHWAB.

Newark, N. J., July 15.—The answer of the United States Steel corporation to the suit designed to prevent the \$200,000,000 bond conversion plan brought by J. Aspinwall Hodge, William H. Curtis and Bernard Smith was filed today. The suit is based on the contention that the corporation's assets are not equal to the amount of preferred stock, therefore it cannot proceed as intended under the act of 1902. The answer, which is supported by the affidavit of Charles Schwab, states the assets will amount to the entire stock, bonds, common and preferred, or more than \$1,400,000,000. Schwab in his affidavit maintains his position is such as to give him knowledge of the actual worth of the properties and lists his estimates of their value. He says among other things that the earnings of the corporation in the fifteen months of its existence has been in excess of ten per cent of the entire capital stock.

MITCHELL WILL DOMINATE MINERS

LEADER OF STRIKERS WILL HAVE CONTROLLING VOICE IN ACTION OF INDIANAPOLIS CONVENTION TOMORROW.

Indianapolis, July 15.—An accurate forecast of the action of the miners' convention is still impossible. President Mitchell is not expected before tomorrow. It is evident that he will dominate the convention and his advice will be accepted. There is a strong sentiment against a sympathetic strike, as it would be in violation of contracts with the operators and it is argued that this will place the miners in a bad light. It is said the miners of Illinois will have a potent voice in determining any action. Messages have been published that the men of that state are opposed to the strike with the exception of one delegate. The socialists, it is said, are using their influence in favor of a strike but this is denied.

BIG FIRE NEAR CHICAGO.

Chicago, July 16.—The Ridgeland power house of the Consolidated Traction company of Cicero was partially destroyed by fire this morning. Before the fire was controlled forty street cars, the summer's supply of coal and half the power house were destroyed. The loss is \$100,000.

STEAMER PORTLAND ARRIVES.

Port Townsend, July 15.—The steamship Portland arrived today. She left San Francisco April 19. On May 10 she was made prisoner by heavy ice, and a week later the Jeanie also struck in the ice. They kept company and after a desperate struggle escaped late in June. The Jeanie was at Nome when the Portland left.

TOWNS WIPED OUT

THREE CITIES IN NORTH DAKOTA DESTROYED BY CYCLONE.

NO LOSS OF LIFE IS REPORTED

THOUSANDS OF ACRES OF GRAIN ARE RUINED.

Telegraph and Telephone Wires Are Down and Particulars Cannot Be Obtained—Storm Traverses Wide Area.

St. Paul, July 15.—Tremendous damage and it is thought great loss of life has been caused by a cyclone which this evening swept across the northeastern portion of North Dakota. Three towns, Borup, Eulrado and Thompson, according to the meagre reports obtained at midnight are totally wiped out. The telegraph lines are wrecked. Borup on the St. Vincent line of the Great Northern is an absolute wreck. The final report says the town is wiped out and hardly a structure is left standing. This report came from an operator who tapped the wire near Borup. It is also reported a hamlet some miles distant was destroyed besides other property. No Loss of Life Reported. Reports also come that Emerado, seven miles from Grand Forks and Thompson, between Grand Forks and Larimore, has been destroyed. At Thompson the Great Northern station lies a confused mass of wreckage directly across the main line. The stores and residences are in ruins and the main portion of the town is wiped out. Many fragments of information came from Emerado and these indicate the destruction of that town. No loss of life is yet reported from either place. The Northern Pacific at midnight was unable to gain the slightest information over its wires from the storm district. Storm Traverses Wide Path. The path of the storm seems to have unusually wide and the effects are unusually severe. The devastation indicates the storm was of extreme violence. Grand Forks reports two storms, three hours apart, both doing great damage to the crops. The depots at Emerado, Thompson and at McDonalds were blown away. Thompson was badly wrecked and the farm buildings are destroyed. In Meekins, Gibby, Inkster, Conway and other towns north and west great damage was done. The wires are down everywhere. Crops Are Destroyed. Fargo, N. D., July 15.—A cyclone is reported to have destroyed thousands of acres of grain near some considerable damage to property in eastern North Dakota and western Minnesota tonight. The telegraph and telephone wires are down and the only meagre details are obtainable. There are several reports of loss of life but none are authenticated. The storm crossed into Minnesota south of Grand Forks, containing south and east of Crookston doing great damage. A family is reported killed near Ulen, but the story is not confirmed. Many farm buildings were destroyed and stock killed. The crops are ruined.

PRINCESS VIROQUA, M. D.

Endorses Lydia E. Pinkham's Vegetable Compound After Following Its Record For Years.

"DEAR MRS. PINKHAM—Health is the greatest boon bestowed on humanity and therefore anything that can restore lost health is a blessing. I consider Lydia E. Pinkham's Vegetable Compound as a blessing to State and Nation. It cures her mothers and daughters and makes them well and strong.

PRINCESS VIROQUA, Practicing Physician and Lecturer.

"For fifteen years I have noted the effect of your Vegetable Compound in curing special diseases of women.

"I know of nothing superior for ovarian trouble, barrenness, and it has prevented hundreds of dangerous operations where physicians claimed it was the only chance to get well. Ulceration and inflammation of the womb has been cured in two or three weeks through its use, and as I find it purely an herbal remedy, I unhesitatingly give it my highest endorsement.

—Fraternally yours, DR. P. VIROQUA, Lansing, Mich. —\$5000 forfeit if above testimonial is not genuine.

If you are ill do not hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write to Mrs. Pinkham at Lynn, Mass. for special advice; it is entirely free.

A BAD START.

The Republicans of the Twelfth district will not be satisfied with the work done in yesterday's congressional convention, or that part of it which was concluded yesterday afternoon, nor can they be expected to seal the proceedings with their approval.

The convention at one time bade fair to be a duplication of the Sheldon-Stephenson embroglio at Ishpeming, as at one stage of the proceedings, two organizations were doing business at the same time. But a long recess gave heated blood a chance to cool, with such good effect that it was decided to postpone further deliberations until this morning.

A credentials committee of three members, one named by the lieutenants of each candidate, having in the meantime an opportunity to arrive at some determination relative to the contesting delegations.

Of these, there were four in the convention. The fourth and latest contest was sprung from Delta county and it had its birth some time between midnight and morn yesterday. It was cooked up by the Sheldon men to offset the contesting "Anti-Shelden" Chippewa delegation and to give the Wright-Shelden forces control of the temporary organization of the convention.

This eleventh hour delegation came through from Escanaba on a special train yesterday, arriving here shortly after noon. It may be remarked that the Delta county congressional convention was one of the first to be held and that it chose its regular delegates several weeks ago.

It is not The Mining Journal's intention to go into the matter of the legitimate function of contesting delegations, or their rights and privileges. This is not the time for such a discussion. It may remark, however, that each of the other contesting delegations asking for seats in this year's convention were named on the dates on which the regular conventions were held and were, to all appearances, the spontaneous work of Republicans resident in the three counties.

In no instance were they cooked up with the purpose of thwarting what seems to be the will of the Republicans of the district. The Mining Journal does not care to go into a detailed discussion of the merits of this latest exhibition of reckless politics. The reasons and motives for the contest are transparent, within the comprehension of any schoolboy, and will be understood by everyone who witnessed or reads of yesterday's convention.

The delegates are expected to resume their work this morning, under a single organization. It is assumed that by the time the session is called to order all yesterday's snarls will be untangled and that business will be transacted without friction.

The decision by which the settlement of the several contests, including that of the palpably fake delegation from Delta, was left to the credential committee of three, was reached by the agreement of the candidates and their friends, and it is assumed that the result of the committee's deliberations will be accepted.

Last night, when the Delta contest was called, there was no response. The eleventh hour men had completed the work for which they were sent and put in no appearance, so only the delegations from Chippewa, Baraga and Schoolcraft are in doubt.

There is every prospect that there will be a harmonious ending of the convention, despite its inauspicious start. The delegates were feeling in decidedly better humor last evening and the pleas of the candidates yesterday afternoon for peace and concord made a considerable impression.

The Mining Journal trusts that the credentials committee will make a report that will convince all of its honesty and impartiality and that the closing scenes of the convention will be so pleasant that the memory of yesterday's squabble will fade away.

VIGOROUS LANGUAGE. Representative Cooper of Wisconsin, chairman of the house committee on insular affairs, is a good friend of Cuba and, withal, well informed on all matters pertaining to its welfare. He is one of the men who insist that the new republic be given every opportunity to vindicate the Cuban patriots and demonstrate their capability for self government before there is any talk of annexation to the United States. Thus he is unqualifiedly opposed to any agitation of the question at the present time and, in consequence, is opposed to the resolutions introduced by Senator Elkins and Representative Newlands at the late session of congress, or to any measures of the same general character.

Representative Cooper feels quite strongly on this subject. In a recent interview he presented the following lucid and convincing statement of his position:

"I consider all talk of the annexation of Cuba at the present time absolutely brutal. We have launched Cuba as a new republic among the nations of the world, and it certainly would not be in

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out. Fill a bottle or common glass with your water and let it stand twenty-four hours: a sediment or sediment of sediment indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also

convincing proof that the kidneys and bladder are out of order.

What To Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidney, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may get a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail.

Address Dr. Kilmer & Co., Home of Swamp-Root, Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

plans or policies. Perhaps the most important contingency is the crops; though, as the outlook in this respect is satisfactory, there is no present anxiety in that quarter. All that can be said about the crops is that failure or even partial failure, especially if it involves the corn crop, would be very injurious to the general market.

An average harvest might permit a renewal of the upward movement if other circumstances favored; but it must be frankly admitted that there is not yet sufficient certainty in the crop outlook to warrant a pronounced bull stock market. The government monthly report was rather more favorable than anticipated, indicating a 2,500,000 bushel crop of corn, or 1,900 million bushels more than last year, and a wheat crop of 433,000,000 compared with 748,000,000 of last year's bumper crop. The oat yield promises 916,000,000 bushels, an increase of 180,000,000.

Then attention is called to the fact that the market is liable to be affected by several uncertainties during the next few months. The bank reserves lately have not been all that could be asked and unless, during the next six weeks, they are strengthened by contractions of loans or additions to the reserve fund the result will not be reassuring. The fall elections, with their discussion of questions likely to effect stocks, are drawing an apace and while the short session of congress will probably be more notable for talk than legislation, this fact will make it all the more a stock disturber. Then there is the labor situation. The coal strike is still on, with no prospect of early settlement, and labor in general is restless, witness the number of minor strikes, including the freight handlers' trouble at Chicago.

To offset these disturbing factors is our unrivalled commercial prosperity, which bids fair to continue uninterrupted.

Commerce between the United States and its newly acquired territory is growing with remarkable rapidity. In 1897, the year preceding that in which Porto Rico, Hawaii and the Philippines came under the American flag, the shipments to those islands were, according to the figures of the treasury bureau of statistics, \$6,773,560. In 1901 they were over \$30,000,000, and in the fiscal year just ended they will be, according to the best figures that the bureau of statistics can obtain, fully \$35,000,000. To this may be added the estimate of \$15,000,000 of shipments to Alaska in the last year. This would bring the total of American goods in the non-contiguous territory of the United States up to about \$50,000,000 in the last fiscal year, against about \$10,000,000 in that same territory in 1897.

The imports from the "provinces" show an increase almost as great. In 1897 Porto Rico, Hawaii and the Philippines sent us \$20,252,563 worth of products, while for the fiscal year just closed the imports were \$40,000,000.

Spain has evidently drawn another blank in Alphonso the XIII, unless reports of his behavior since he ascended to the throne are grossly colored. He has, it appears, behaved more like a court squire than one fit to wear the purple. The most lamentable feature of the young king's course is his unflinching conduct toward his mother, who has spent the best years of her life to school him for the role of king. But Alphonso seems to combine the depraved tastes of his grandmother with the irresponsibility of his half-witted father. His sanity is suspected. It is a conservative statement that unless Alphonso mends his ways he will not occupy the Spanish throne long. The kingdom is in such condition that the wisest statesmanship of a clever ruler is required to keep the royal family in power. It was hoped that the young king would prove such a ruler, but he appears to have cast early habits and all restraint to the winds. It looks as if Alphonso had been spoiled by a too careful bringing up.

The Norway Current observes: Apropos of the turning down of Congressman Sheldon by his own county, it may not be amiss to emphasize the fact that it is well to stick to old friends and treat them in a civil manner, as well as to choose new ones of the butterfly

Let the GOLD DUST twain do your work.

No Soap. Borax. Soda or Ammonia is needed with GOLD DUST. With little water and less effort you can clean any thing about the house better, easier and cheaper than with soap or any other cleaner. Once try it, you'll always buy it.

MADE UP BY THE N. K. FAIRBANK COMPANY, Chicago, New York, Boston, St. Louis. Makers of OVAL FAIRY SOAP.

LIGHTNING STRIKES HOUSE.

Bolt Damages Home of A. Gregowitch at Tamarack Junior. During a short but severe electrical storm at Calumet Monday evening about 6 o'clock a bolt of lightning struck the house of A. Gregowitch at the Tamarack Junior location, entered the chimney and went down to the kitchen, where it tore up the floor and wrecked the stove. Mrs. Gregowitch was shocked and rendered insensible. She recovered after restoratives were applied.

INSPECT LIGHT INFANTRY.

General Greene Expected Tomorrow to Look Over Houghton Company. Captain Shields of Company G, Houghton Light Infantry, received the information Monday to the effect that Inspector General Fred Greene would arrive in Houghton Thursday for an inspection of the company and equipment. He will also visit Company E at Calumet. The clothing and outfit in general will be carefully looked over, and in the evening company drill will be watched. An inspection of the companies is made about once a year. Company G will drill Wednesday evening.

SECURE SIDEWALK CONTRACT.

Hobart & Hosking Will Build Cement Walks in Red Jacket.

The Red Jacket council at an adjourned meeting at 9 o'clock yesterday morning awarded Hobart & Hosking, Houghton contractors, the contract to build the cement walks on Fifth street. The bids were opened at the meeting Monday evening but an adjournment was taken. The bid of the Houghton firm was not the lowest but it was considered the most favorable. The contract price is \$8,176, the amount of work to be done including 36,000 square feet of walk and 4,000 lineal feet of curbing. Hobart & Hosking are required to give an \$8,000 bond for a five-year guarantee.

SOLDIERS GIVEN PASSES.

Veterans of Companies F and D Receive "Comps" to Buffalo Bill.

Major John M. Burke of the Buffalo Bill show which exhibits at Calumet Friday and Hancock Saturday has presented old Company F of Houghton and old Company D of Calumet, formerly enrolled in the state service and which are now organized as veterans of the late war, with complimentary tickets to the wild west performance at Hancock and Calumet. The Houghton veterans have received forty tickets while the Calumet company have fifty. The boys will attend the exhibition in their own town in a body. It is a well known fact that Colonel Cody has a company of Rough Riders who participated in the battle of San Juan hill and all through the Cuban campaign. Both the copper country company, F and D, were also at the front, and were prominent in the fighting at the battle of Santiago, the Calumet company losing many men as a result of the campaign. The boys will be nicely treated at the Buffalo Bill show, and Major Burke's favor is appreciated.

IS A LEADING ATTRACTION.

Nothing Cheap and Tawdry About the Bostock-Ferari Midway.

The leading attraction at every first-class exposition, carnival or street fair throughout the country, has been the Bostock-Ferari Midway, and everywhere it has been exhibited it has been the consensus of public opinion that for high-class general excellence and marked superiority they have far exceeded anything else of the kind ever seen in America. They are educational and refined, entertaining and clean, amusing and harmless, elevating and edifying, honorably conducted and honestly advertised. The fronts of the shows are true works of art resplendent with rich carving, gilding, painting and decoration, studded with hundreds of vari-colored incandescent lights, which flash and glitter like a myriad of jewels, while crowning all are the great white dazzling arcs, which shed light as bright as day over the entire midway. Each show is the best of its kind in existence, and there is an air of splendor about them that is so sadly lacking with other aggregations. There is nothing of the cheap and tawdry, flashy and trashy about them. Instead, all is the richest, most refined elegance, where the very best of people are wont to go, and where the old and young, and the rich and poor alike seek and find pure, innocent recreation and amusement. It will all be seen at the Elks' carnival at Hancock July 21-26.

Tired Mothers. It's hard work to take care of children and to cook, wash, wash, and mend besides. Tired mothers should take Hood's Sarsaparilla—it refreshes the blood, improves the appetite, assures restful sleep, and helps in many ways.

REUNION OF MACCABEES.

Annual Event to Be July 26 Under Auspices of Sampo Tent.

A week from next Saturday the Maccabees of the county will hold their summer reunion at Calumet under the auspices of Sampo tent, Finnish Knights. Committees have already been appointed to look after the arrangements for a big celebration which promises to prove enjoyable for all who attend. The several lodges will be there in force. George Wright of Calumet has been selected for president of the day; John F. Hansen for grand marshal; and the commanders of the county tents as vice presidents. A parade of the lodges with the Calumet and Hecla bands will be held at 10 o'clock in the afternoon, after which all will proceed to St. Jean park for the exercises. The address of welcome will be delivered by President J. R. Ryan of Red Jacket. O. J. Larson will talk in English and Fred Karinen in Finnish. Music will follow both in Finnish and English and at 5 o'clock a program of athletic sports will commence. The tent having the largest number of marchers in the parade will be presented with a silver trumpet; a prize of \$20 will be given to the tent having the largest percentage of marchers in line. The grand march of the Grand Army will close the celebration in the evening. It is thought the attendance will be larger than at any previous reunion.

DETROITERS WILL COME.

Will Help to Organize Knights of Columbus Council at Hancock.

For the organization of a council of the Knights of Columbus, the strong Catholic order, at Hancock Sunday, a party of fifty from Detroit and delegates from Marquette, Escanaba, Menominee, Green Bay and Duluth, will be present to assist ex-Senator George F. Monaghan of Detroit, state organizer. The ritualistic work will be exemplified at Kauth's hall. J. T. Lawler of Bay City, who was in Hancock several weeks ago making preliminary arrangements, will also be present. Sunday will be a gala day at Hancock for those of the Catholic denomination who are to don the knightly armor of adventure and assume the oath of fealty to wear it in constant emulation of the life principles of the immortal Columbus. The organization of Hancock county's peaceful citizens will be decorated with the helmet and spurs of valiant knights, and penetrate the mysteries of an impressive ceremonial. Following the ceremony of initiation a banquet will be served. The organizing committee is comprised of the following well-known gentlemen: Dr. J. E. Seaton, Edward Ryan, Dr. M. A. Thometz, R. T. Looney, John R. Ryan, Thomas Coughlin and T. D. Ryan. The order was founded in New Haven, Conn., in February, 1882. In its twenty years it has grown to a body of more than four million members in all parts of the country. An insurance order it has been equally successful, although the social features are made the more prominent. Its ritualistic work is said to be especially impressive. Competent critics have pronounced it superior to that of any other order in the world, save possibly the ritual of Masonry.

ARRANGEMENTS COMPLETED.

Hibernians Ready for State Convention at Hancock August.

R. T. Looney, chairman of the executive committee for the A. O. H. state convention to be held at Hancock on August 19 to 22, stated yesterday that arrangements for the gathering have been completed. All in view in readiness for the visitors and the time will be awaited with interest. A full program has been prepared and it is predicted that the convention doings will be carried out on a grand scale. The members of the executive committee which has labored faithfully for the past few months are prominent Hancock citizens as follows: R. T. Looney, chairman; T. D. Ryan, secretary; R. H. Merrick, treasurer; E. Ryan, Daniel Crowley, J. F. Ryan, E. McCauley, T. F. Russell and T. F. Dwyer.

The convention will open with high mass at St. Patrick's church at 9:30 o'clock on the morning of August 19, Rt. Rev. Bishop Eis of Marquette officiating. At noon the business session of the convention will open at Kauth's hall, and in the evening a reception will be tendered by the members of the local Ladies' Auxiliary to the visiting delegates of both the A. O. H. and the Ladies' Auxiliary at St. Patrick's hall. Music will be furnished by the Calumet & Hecla orchestra and dancing will be indulged in. On Wednesday morning, August 20, the forenoon will be devoted to a business session, the afternoon and evening to be given up to the entertainment of the Houghton County Street Railway features. A trolley ride over the line of company to Calumet will be taken in the afternoon, and in the evening a banquet will be served at St. Patrick's hall, Hancock, at which some of the most prominent speakers of the state will address several toasts. The business sessions will be continued on Thursday morning. A parade in the afternoon which holds to be the largest and best ever held in the upper peninsula will be an attractive feature of the convention, and it is expected that the nearly even division of the order in the state will be represented. Special trains for the occasion will be run that day from Ironwood, Ontonagon, Marquette, Ishpeming and other towns in the iron country. In the parade will be seen several Irish military companies, including a company from Detroit, the Michigan Central road running an excursion for their benefit. The business of the convention will close Friday morning by an election of officers. Friday afternoon the visitors will be treated to an excursion on the steamer Argo of the Booth line. The Calumet & Hecla band will accompany the delegation to the meeting at Lake Linden and the melting works of the Tamarack-Oscoda at Dollar Bay will be visited, after which the steamer will run to the entry and out into Lake Superior. The Calumet & Hecla's famous band will accompany the excursion and a delightful trip is assured. During the convention the headquarters of the executive committee will be located in Room 6 in the Kauth block, and the headquarters of State Secretary Matt. Demunson of Ishpeming, will be at the Northwestern hotel.

URGES DETROIT TO GET A MOVE ON

Upper Peninsula Trade Should Be Worth While.

To the Editor of The Detroit Free Press:—It is probable that not a few of your readers have the same impression of this copper country that I had before visiting it, and, doubtless, this prevalent impression is largely to blame for the unfavorable feeling which exists between the upper and lower peninsulas. My impression was that Lake Linden, Laurium, Calumet and Hancock and Red Jacket were a collection of mining camps, made up of huts, interspersed with stumps and boulders, with here and there the inevitable grocery and the company store. To find these towns practically deserted and the streets empty of people, leaving all the appointments of a metropolis, splendid buildings, both public and private, macadamized pavements, schoolhouses and church edifices equal to anything in that line of which you boast, was indeed a revelation.

COPPERDOM BREVITIES.

The steamer John M. Nichol of the Union line will arrive up tomorrow. A new cement walk is being laid in front of the Faucett block at Laurium. Vivian Fellow, a Baltic miner, will leave in a few days for South Africa to work in the mines. A social session of Portage camp, Modern Woodmen, will be held at Hancock tomorrow evening. The canal is as popular an outing place as ever this summer. There was a very noticeable exodus there Sunday.

THE HANCOCK M. E. SUNDAY SCHOOL

will give its annual excursion on the canal on the large Pilgrim on Wednesday, July 23. Miss Hennes and Miss Smith of Detroit have arrived in Houghton to spend five or six weeks with Mr. and Mrs. Adolph Hennes. The Hancock barber shops will close at 6 o'clock Friday evening to give the shavers a chance to see Buffalo Bill's Wild West and Congress of Rough Riders.

THE PORTAGE LAKE AND DOLLAR BAY

teams will play at the Hancock park Sunday afternoon. Both teams are foremost in the championship race in the county this season. Frank C. Condon of Hancock has entered the law firm of Hanchette & Lawton at Hancock. Mr. Condon is a graduate from the law school of the state university. Dr. Gallen, Dr. Matchette and Dr. Gardner of Hancock, and Dr. Abrams of Dollar Bay were in attendance at the meeting of the Upper Peninsula Medical Association at Ishpeming yesterday.

LAKE SUPERIOR IRON & METAL CO

Iron, Metals, Belting, Boilers and Engines; Pumps, Shaftings and Pulleys; Rails and full line of Saw Mill Machinery always on hand. HANCOCK, MICHIGAN. LONG DISTANCE PHONE 356. Yard at Old Smelting Works: (5-2-11)

WOLF-ISAACSON NUPTIALS.

The marriage of Peter Wolf and Miss Elizabeth Isaacson, both of Hancock, was solemnized at the home of the bride's parents, Mr. and Mrs. Samuel Isaacson, on Ohio street, West Hancock, by Rev. Mr. Fosness of the Norwegian Lutheran church of Ishpeming. About seventy-five friends were in attendance. The bride was attended by her sister, Miss Selena Isaacson and Miss Marie Thompson, while the groomsmen were Fred Isaacson and Adolph Wolf. The bride was handsomely gowned, in white silk mull and carried carnations and roses. Mr. and Mrs. Wolf have left for a tour of the lakes, and will be at home on Michigan street, West Hancock, Aug. 1.

TENNIS TOURNAMENT ON.

Y. M. C. A. tennis tournaments on the grounds of C. A. Wright, Hancock, are in full swing afternoons and evenings. There are sixteen players in all who are paired as follows: Baer and Lowdy; Wright and Gardner; Hay and Main; Lawton and LaRoue; Nichols and Fisher; John Condon and Wing; Borresen and McLennan; Frank Condon and Jeffery. Handicaps are given. The preliminaries are being played this week. Next week the finals will be played.

REMOVING OLD PUMP.

The work of removing the old Smith & Dall pump which has been in use at Hancock's old water works station for the past twelve years to the new structure was started Monday morning by Engineer B. B. Richardson and a force of men. The old pump will be connected up and will be used in conjunction with the new All-Chalmers pump which was installed by Mr. Richardson. The new boiler ordered recently by the council will not be installed for some time as it is yet to be made.

R. H. CORBETT TO BE IN CHARGE.

The copper country interests of the Norberg manufacturing company will be taken in charge by R. H. Corbett of Pittsburg next month. Mr. Corbett is an expert engineer. He was formerly employed by the American Smelting & Refining Co. at El Paso. The Norberg interests here are extensive, the firm making much of the machinery in use at the mines.

NOTES OF COPPER MINING NEWS.

Black Diamond stock is quoted in the Pittsburg markets at \$6.75 bid and \$7 asked. Over 25,000 shares of Sheba are held in copperdom. The stock is popular, and it is believed here to be one of the best of the Western propositions.

WINS M. & M. RACE

RHYTHMIC TAKES BIGGEST EVENT AT DETROIT MEET.

TIME WITHIN 2 SECONDS OF RECORD

ZEPHYR, THE FAVORITE, WITHDRAWN AFTER ACCIDENT.

Direct Hal Captures Third Heat and Race in Champs of Commerce Stake, Unfinished from Monday.

Detroit, July 15.—The Merchants' and Manufacturers' \$10,000 stake for 2:24 trotters this afternoon was won by Rhythmic, a blind horse owned by Jesse Turner of Paris, Ky., that had never before been started in a race.

Direct Hal Wins Race.

The racing began with two unfinished events and seven races on the card. The amateur race to wagon and the second heat of the 2:11 trot were postponed until tomorrow.

Dick See won the 2:11 pace straight. Palm Leaf won the only heat driven in the 2:11 trot in a close finish with Poindexter and King Chimes.

The 2:20 pace furnished one surprise. Dandy Chimes was the favorite at \$100 with the field at \$35.

The famous Merchants' and Manufacturers' race was next Zephyr, who brought \$250 in the auctions and others ranging down to \$15 with the field on account of lameness.

Summaries of Races. 2:15 trot; \$1,500 (six starters; unfinished Monday): Silver Sign 4 1 4 1 1 1; Png 2 1 2 5 3 2; General Johnson 3 4 1 2 3.

2:20 pace; \$1,500; (fourteen starters): Greenline 1 1 1 1 1 1 1 1; Sylviane 3 2 2 3 2 3 2 3; Dandy Chimes 2 2 3 4.

2:24 class for trotters; \$10,000; (seven starters): Rhythmic 1 1 1 1 1 1 1 1; Hallie Hardin 2 3 6; Lord March 2 3 6.

2:24 pace; Chamber of Commerce stakes; \$5,000; (unfinished yesterday): Direct Hal 1 1 1 1 1 1 1 1; Eldrone 2 2 2 2 2 2 2 2; Cubanola 4 3 3 3 3 3 3 3.

2:19 trot; \$1,200; best two in three heats (twelve starters): The Roman 1 1 1 1 1 1 1 1; Mrs. Brown 3 3 2 3 2 3 2 3; Dr. Strong 2 5 1.

2:07 pace; \$1,500; best two in three heats (six starters): Shadow Chimes 1 1 1 1 1 1 1 1; Fannieillard 2 2 3 3 3 3 3 3; Riley B. 5 2 3 3 3 3 3 3.

2:11 pace; \$1,200; best two in three heats (eighteen starters): Dick See 1 1 1 1 1 1 1 1; Daphne Dallas 2 2 4 4 4 4 4 4; Don Riley 3 2 3 2 3 2 3 2.

2:11 trot; \$1,500; best two in three heats (unfinished; ten starters): Palm Leaf 1 1 1 1 1 1 1 1; Poindexter 2 2 2 2 2 2 2 2; King Chimes 3 3 3 3 3 3 3 3.

ADMITS AMERICAN SUPERIORITY.

Comparison of German and U. S. Artillery in Favor of Latter.

U. O. O. F. ELECTS OFFICERS.

H. L. Southworth of Chicago Chosen Supreme Ranger.

Duluth, Minn., July 15.—The supreme court of the United Order of Foresters has elected the following officers: H. L. Southworth of Chicago, supreme ranger; R. C. Sherrard of Chicago, vice supreme ranger; S. W. Demmons, of Milwaukee, secretary; John McMurphy of Duluth, treasurer; Dr. R. J. Ough of Chicago, physician; S. C. Olmstead of St. Paul, councillor; E. L. Schweder of Chicago, auditor.

KING GOES ON BOARD YACHT.

Edward Takes Ocean Trip as Aid Towards Recovery.

Portsmouth, July 15.—The king arrived from London at 2 o'clock this afternoon and was immediately removed to the royal yacht which steamed off almost immediately. The warships in the harbor fired the royal salute as the king embarked.

Coves, Isle of Wight, July 15.—The royal yacht having on board King Edward, Queen Alexandra and the princess anchored in Coves Roads at 4:20 o'clock this afternoon.

BODY TAKEN TO CATHEDRAL.

Thousands View Remains of Late Archbishop Feehan.

Chicago, July 15.—While the priests intoned the funeral chants and the melancholy bells tolled in the church bellfry the remains of the late Archbishop Feehan were taken to the cathedral today. Throngs crowded the streets to see the cortege and after the coffin was placed on the catafalque thousands viewed the remains of the venerable prelate.

Baltimore, July 15.—Cardinal Gibbons left this afternoon for Chicago, where he will attend the funeral of Archbishop Feehan Thursday.

MISSISSIPPI RIVER RISING.

Grave Danger Threatened from Floods in Iowa.

Keokuk, Ia., July 15.—The flood danger has been transferred from the Des Moines valley to the Mississippi lowlands for seventy-five miles in Missouri. The Des Moines river after a further rise of twenty inches is stationary this evening. The Mississippi rose a foot and a half in twelve hours today. Advances tonight from down the Mississippi report the water is "lapping the lowlands on the Missouri side and threatening for many miles in extent and including large corn fields already flooded. The danger line is already reached and the rise coming from here will cause havoc. The damage caused by the Des Moines river flood is estimated at \$60,000 in this vicinity. The damage up the Des Moines river runs into the hundreds of thousands. The inhabitants at Belfast have been compelled to flee to the highlands.

BODY OF MERRILL FOUND.

Seattle, Wash., July 15.—A special from Chehalis says: "The body of David Merrill, who escaped from the Oregon penitentiary with Tracy, June 9, has been found. A bullet wound in the back reveals the nature of his death and substantiates the story told by Tracy about the duel in the forest. The remains are in a somewhat advanced stage of decomposition but still recognizable."

TEXAS DEMOCRATS MEET.

Galveston, Tex., July 15.—The Democratic state convention today organized with George Pendleton of Bellville, temporary chairman. The usual committees were appointed and an adjournment taken until tomorrow. Judge Reagan was given an ovation and resolutions complimentary to him were adopted.

TODAY'S WEATHER.

Washington, July 15.—The following is the weather bureau's forecast for the day: Fair and warmer Wednesday; probably showers by night; Thursday showers and cooler. Brisk east to southeast winds increasing Wednesday afternoon.

A. O. H. CONVENTION ADJOURNS.

Denver, Colo., July 15.—After the addresses of welcome and responses, and the celebration of the pontifical high mass, the biennial national convention of the Ancient Order of Hibernians adjourned until tomorrow in token of respect to the late Archbishop Feehan.

TAFT RECEIVES INSTRUCTIONS.

Rome, July 15.—Governor Taft today received from Secretary Root the basis upon which the reply of the vatican's note should be framed. It will be delivered to the vatican Thursday.

DON'T FAIL TO TRY THIS.

Whenever an honest trial is given to Electric Bitters for any trouble it is recommended for a permanent cure will surely be effected. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. It's a wonderful tonic for run-down systems. Electric Bitters positively cures Kidney and Liver Troubles, Stomach Disorders, Nervousness, Sleeplessness, Rheumatism, Neuralgia, and expels Malaria. Satisfaction guaranteed by Stafford. Only 50 cents.

ENDS CORN CORNER

PRIVATE SETTLEMENT EFFECTED WITH HARRIS, GATES & CO.

JULY OPTION TAKES BIG SLUMP

IDENTITY OF LOSERS IN DEAL NOT KNOWN.

Farmers Responsible for Termination—Manipulators Take Profits of Over Million and Half Dollars.

Chicago, July 15.—The famous Gates' corner in July corn came to an abrupt termination today when it became known that the shorts to the extent of a good many million bushels had effected private settlements with Harris, Gates & Co. and the deal was at an end as far as the steel magnate was concerned.

Just how many bushels were subject to the private settlement will probably never be known nor is there much chance that the identity of the "big fellows" in the trade who doubtless contributed liberally to the fortunes of Gates and the friends associated with him in the deal will ever be positively known.

Settlement on 17,000,000 Bushels.

The only unusual thing in the pit prior to the time at which it became known the corner was at the end was the unusual purchase of July corn in small lots by various commission houses. The pit trade during the day, however, was not much over 500,000 bushels. The settlement price, however, was not a matter of decided interest to the trade generally.

Money on call was steady at 2 1/2 to 3 1/2 per cent. Closing bid and asked 2 1/2 to 3. Prime mercantile paper, 4 1/2 to 5 per cent. Exchange firm. Demand at 4.87 1/2 and sixty days at 4.85 1/2. Bar silver, 53.

CHICAGO GRAIN MARKETS.

Features of the Day in the Wheat, Corn and Oats Pits.

Chicago, July 15.—In wheat today there were losses of 1 1/2 to 1 3/4, September closing at 71 1/2. The market was without reactionary power closing at the lowest point for the most active month. The seaboard reported twenty-five hundred loads and there was talk of a hundred thousand bushels here. The ideal weather, the sensational loss in July corn and the generally bearish sentiment were the weakening factors.

Amount of Profit Will Never Be Known.

The profit by the deal can never be known unless gates chooses to divulge it. It is estimated, however, that the gates' profit will not exceed \$1,600,000. This will be divided into two parts, a dozen millionaires interested in the deal, Gates and his friends have four to five million bushels of cash corn which they must dispose of before the corner can be called absolutely settled. If the average price of the Harris-Gates holdings should prove well up to the 70 cent note, the clique has on hand several million bushels of corn which cost its holders in excess of the present market price. Right here is the salient point. Will it be necessary to market this large holding at 80 or 81 cents?

Farmer to Resist for Breakup.

The corner at one time promised many millions of profit and the farmer who well filled ribs line the tracks of near yevery railroad entering Chicago are held responsible for the disappointing ending of the corner. There were substantial reserves from the bumper crop of 1900 and the large yield of 1901. This corn had been held for a satisfactory market. The farmer did not begin to take advantage of the situation until the price for July got in the 70 cent note, when it finally reached 90 cents the Chicago market was deluged with cash corn. For a while the Harris-Gates people kept the market cleaned up but steadily increasing quantities began coming and the prospect of loading up with a lot of 80 cent corn which they might not be able later to dispose of at over 60 cents became somewhat appalling. Without warning they withdrew all their support, settled with the shorts and closed the deal.

VIRGINIA ASSEMBLY MEETS.

Richmond, Va., July 15.—The general assembly met today for the first time under a new constitution. J. P. McLean, Republican, refused to take the oath and left the hall.

THIRTY PERSONS DROWNED.

St. Petersburg, July 15.—Thirty persons were drowned today by the sinking of a small passenger steamer on the large river. The disaster was caused by overcrowding.

U. OF M. MAY LOSE PROF. BIGELOW

Detroit, July 15.—It is stated that Professor Bigelow, law lecturer at the Michigan university, has accepted the position of dean of the Boston law school.

NEW YORK STOCK MARKET.

Prices Continue Their Upward Tendency.

NEW YORK STOCK MARKET.

Prices Continue Their Upward Tendency.

New York, July 15.—The prices in stocks started with a touch this morning, apparently as an extension and broadening of the buying movement which became conspicuous yesterday in the grangers and the Pacific. There was the appearance of a confident demand from new sources and the opening of the brokers which have been employed by the western contingent during the recent rise did not affect the strength of the market.

The very favorable weather map this morning and the somewhat easier tone of money added to the belief that important financial interests were newly embarked in the market, helped in the morning's advance. A violent slump in corn at the close of the day threatened the integrity of the corner was threatened had much to do with the break in the market, as it was feared the liquidation would be forced in the stock market.

The sub-treasury contributed this far this week to the money market \$1,570,000. The time money market continues to harden but the bankers are still disposed to keep their funds ready to hand in call loans. The threatening developments in the freight handlers' strike in Chicago may have been an influence on the reaction in market.

Closing prices of stocks are reported by Paine, Webber & Co. as follows: Union Pacific 45 1/2; Missouri Pacific 37 1/2; Southern Ry 37 1/2; Manhattan 32 1/2; Rock Island 30 1/2; Southern Pac 26 1/2; St. Paul 18 1/2; Reading 16 1/2; N. Y. C. & H. R. 15 1/2; Erie 14 1/2; C. & N. W. 13 1/2; O. & W. 12 1/2; P. C. & O. 11 1/2; U. S. Steel 10 1/2; L. & N. 9 1/2; C. & N. W. 8 1/2; Erie 7 1/2; Peoples Gas 6 1/2; M. & E. 5 1/2; Pfd 4 1/2; Western Union 3 1/2; Northern Pac 2 1/2; Monon 2 1/2.

BASEBALL.

National League.

Following are the scores in yesterday's games and the standing of the teams to date: Pittsburgh 53 15 779; Boston 37 30 553; Chicago 39 33 541; Brooklyn 32 41 438; Philadelphia 31 40 437; Cincinnati 29 40 420; New York 22 49 309.

(Continued from Page One.)

The men present to stand by him and announced that he would try and maintain the battle.

While the meeting was in progress the committee that had visited the Chicago & Northwestern reported the road would pay 17 1/2 cents to the truckers; do away with the probationary period and pay straight time for overtime. This was what the committee asked for and the acquiescence of the officials was considered a victory.

Vote to Ratify This Morning.

When the news was imparted to the strikers there was considerable grumbling. They declared that there was a conspiracy to break the strike and refused to admit themselves beaten. Some members of the executive committee counseled the men to accept the terms, that the struggle had become hopeless and asked them to declare the strike off. The majority agreed, but the minority of the radicals was with Curran and shouted down the majority. An adjournment was taken until tomorrow morning when another meeting will be held and the final vote will be taken on the proposition of going back to work.

NEW MINISTER AT PARIS.

China Will Send Sun Pato Chi to Succeed Yu Keng in French Capital.

Peking, July 15.—Sun Pato Chi, a member of the board of national administration, will succeed Yu Keng as minister at Paris. Hoo Weitch, at present charge d'affaires at St. Petersburg, will succeed the late Yang Yu. This appointment is due to Russia's preference, as Hoo Weitch is a man of no influence here.

QUESADA WILL NOT COMMENT.

Washington, July 15.—Cuban Minister Quesada refuses to comment on the words derogatory to the Cubans attributed to Consul General Bragg at Havana. It is believed, however, the Quesada will take some action.

PEARY'S RELIEF SHIP SAILS.

Windward Left New York With Supplies for Explorer.

New York, July 15.—The Peary arctic steamship Windward arrived at its pier in Jersey City Sunday, and left for the north yesterday. The Windward came down under its own steam from Newburg, N. Y., where for the last two months it has been receiving new equipment of boilers and machinery.

The Windward will coal at Sydney, C. B., and proceed north through the straits of Belle Isle, touching at Godhavn and possibly at Upernivik, and should reach Peary's headquarters about Aug. 1. Stores for the expedition at Cumberland sound were taken on today, that the departure might be effected at the earliest possible moment. In addition to the customary supplies a large amount of material for the Eskimos, presents from Mr. Peary in recognition of their faithful work, and scientific instruments with which to carry on deep sea work were shipped. Mrs. Peary and daughter will join the ship at Sydney.

MILWAUKEE, WIS.

BUFFALO BILL TODAY.

Parade This Morning and Afternoon and Evening Performances.

Buffalo Bill's Wild West will be in Marquette today, and the great military drills of the foreign bodies of soldiers, the battle scenes, the bucking horses, Indian war dances, and all the other well-known features will be seen. A grand mounted street parade will go over the principal streets of the city in the morning, and at the show grounds near the brewery afternoon and evening performances will be given.

Among the numbers, almost painfully realistic scenes, illustrative of pioneer life on the Western border, is one showing the manner of approach and attack by the stealthy, cunning Indians upon a settler's cabin. As enacted, a band of pioneers, men who ride fast and shoot straight come to the rescue in good time and leave a satisfying evidence of Indians effectively reformed from their evil ways.

In the show also, horsemen from the armies of the United States, Europe, Asia, Russia, Mexico and South America are presented. As a study of the horse, Buffalo Bill's Wild West is a living college, a graphic school of equestrianism. Nothing like it has ever been seen before, and nothing like it can ever be produced when this extraordinary exhibition disappears, as some day it must. Daring and almost incredible feats of horsemanship are shown by the Indians, Cubans, cowboys, Cossacks, Mexicans, English, German, French and other horsemen from every corner of the world.

Readers of American history, pioneers and settlers who visit the Wild West are fondly reminded of the early days by the truly portrayed scenes of old time frontier life. It revives memories both sad and pleasant. The school boys and girls are amazed, awestricken and delighted by seeing a true reproduction of their wildest dreams of the daring achievements on the plains, prairies, and in the Rocky Mountain fastnesses, in the days of the old frontier.

All parents should at least bring their young ones out to see the grand street pageant that will go over the principal streets in the morning.

CONVICT FREEMAN CHEERFUL.

A resident of Menominee, who called on Archie V. Freeman in the branch prison here, says that the ex-convict is enjoying the best of health and taking things as comfortably as he can under the circumstances. Freeman is employed in the overall manufacturing department, where his daily task is comparatively easy, the main part of his work being in cutting threads. The prisoner is cheerful, and states that since his incarceration he has made up his mind that when he is released he will go to parts where he is unknown and begin life all over again. Freeman refrains from discussing his trial or the alleged crimes which led up to his arrest. He thinks he will have to serve out his entire sentence of four years, less the good behavior, commutation of sixty days, but would like to be cured a pardon on the day before his term expires in order to retain his rights of citizenship.

WILL SEE MURDERER JONES.

Attorney Geo. F. Monaghan of Detroit, who will be here tomorrow as state deputy of the Knights of Columbus, conducted the defense of Murderer Wm. M. Jones in the recent trial at Detroit. While here Mr. Monaghan will visit Jones, who is serving a life sentence for the murder of George Henry Haywood. When he returns to Detroit and makes a further study of the testimony introduced during the noted trial, the attorney says he will be ready to decide as to whether he will ask for a new trial. The people who furnished money for the first trial are willing to produce the funds for another trial. Mr. Monaghan declares, but he declines to disclose the identity of the parties.

M'MYLER LEASES HOTEL.

The Munising Republican learns from a reliable source that the Hotel Grand Portal, at Munising, will be opened to the public about Aug. 1, under the management of W. F. McMyler, formerly of the Hotel Marquette and now connected with the Dewey Hotel at Marquette in this city. Mr. McMyler is a hotel man of many years' experience, having managed some of the best hotels in this state. It is stated that he will go to Chicago soon to purchase everything needed to furnish the new hotel in first-class style.

TROUBLE BEGINS.

At the Same Point With Marquette People as elsewhere.

Trouble begins with the first backache. 'Tis serious trouble—kidney trouble. Neglect means other pains more dangerous.

Primary disorders quickly follow. Doan's Kidney Pills cure all kidney ills.

Mr. Theo. Farrell of 411 Weeks avenue, Escanaba engineer on the Northwestern says: "The majority of men who follow the rail are a long time on the road before the symptoms develop, in others the jarring and swing of the cab brings on attacks much sooner. I watched the action of my kidneys carefully and had a specially constructed seat on the engine to counteract its effects. As soon as I found that my kidneys were not just right I took some kidney tonic to correct them. I found Doan's Kidney Pills answered my purpose admirably. Reading about them I decided to leave off the remedy I always depended upon, and procured a box of Doan's Kidney Pills at a drug store, with the intention of giving them a chance to prove that there was something of merit in their composition. The results obtained were all that could be desired. Since I stopped the treatment I have had no indication of a return."

Just such emphatic endorsement can be had right here in Marquette. Drop into the Stafford Drug Co. and ask what their customers report. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

DEFI IS ACCEPTED.

Marquette Drummers Ready to Trim Up the Road Men on the Diamond.

The challenge from the Negaunee and Ishpeming traveling men for a game of outdoor baseball to be played at Marquette July 19, is hereby accepted. It is universally conceded that the Marquette boys are best outdoor travelers' team in the world, but in order to make the game as even as possible, they will put their scrubby players into commission on this date, under instruction to make sufficient runs to hold the score down. This will be done not in a feeling of contempt for the prowess of the twin city team, but simply in a spirit of true courtesy, as they desire the visitors to leave town in a most satisfied and cheery condition of mind, which will allure them on later to go up against the Real Thing.

U. C. T. BALL TEAM.

PARADE THIS MORNING.

The exact time of the Buffalo Bill parade this morning could not be determined last night by Press Agent Fellows, who arrived on the late train from Green Bay, where the parade closed yesterday to crowds that packed the big enclosure. The train left the Lock City early this morning in two sections and on the time of its arrival here depends the time of the parade. It is hoped that the line be in motion by 10 or 10:30 o'clock, but as Colonel Cody always insists that the men and stock be well taken care of after arriving at a destination, the hour may be a little later. The parade will traverse the principal streets.

MARINE MATTERS.

See Canal Passages.

Sault Ste. Marie, July 15.—(Special.)—Hesper, 7:20 last night; Maudslowi, 8:30; Mohawk, 9; Fryer, 10:20; Roumania, Crete, 3 a. m.; Rosedale, 3:25; Palki, 4:15; Geneva, Manhattan, Samsun, Sophia Mine, 8:20; Louisa, 8:40; Amaranth, 9:40; Stafford, McWilliams, 11:40; Briton and whale-back, noon; Etruria, Osoda, Corning, Filer, 2:20; S. O. Nell, 4; Amazonas, Paisley, 5; Van Hise, Bryn Mawr, 5:40; Germanic, 7:30.

Harbor Gossip.

The rush of vessels to the ore docks at lower lake ports last week was the worst in the history of the lake trade. When business closed Saturday night every man who was connected with the handling of vessels at Ohio docks was thoroughly tired out. The outlook is for another week as bad as that one has been. The longshoremen are as badly used up from overwork as the office men and if hot weather comes on there will be great difficulty in handling the unprecedented amount of iron ore now being pressed forward by the steel trust and other iron companies.

The steamer Forest City cleared from the South Shore docks yesterday for Cleveland. The clearances from the L. S. & L. docks were the Grammar and the Angelina, for Ashtabula. The propeller Neshota arrived.

CITY BREVITIES.

Today's weather: Generally fair; stationary temperature; southerly winds.

Mrs. Wm. Fitzgerald of Peshigo, Wis., is spending the summer with relatives.

Daniel McCarthy, an old soldier of this city, has been granted a pension of \$8 per month.

Mrs. Harvey Cole and sister, Miss Josephine Hornby, are guests in the city from Fort Worth, Tex.

Miss Catherine Walters of Ishpeming is the guest of Miss Handford, Michigan street, for a few days.

The meeting of the G. I. A. to the B. of L. E. has been postponed until 2:30 o'clock Saturday afternoon.

Frank Egan, after a ten days' vacation in Marquette, has left to resume his railroad duties in Alabama.

Miss Mary Campbell, who has been a prominent O. T. M. worker at the Soo, has taken up her residence here.

The regular meeting of Superior have, L. O. T. M., will be held tomorrow noon at Fraternity Hall at 2:30 o'clock.

Parquet tickets to the performance to be given by Gideon's minstrels this evening have been placed at fifty cents.

The regular meeting of Busy青年 have, L. O. T. M., will be held Friday, instead of Thursday, afternoon at 2:30 o'clock.

J. A. Michaelson of Grand Rapids has been appointed traveling passenger agent for the South Shore road, with headquarters at Grand Rapids.

Charles M. Bogue, formerly of this city and late of Ontonagon, is now holding a responsible position in the office of the Ashland mine at Ironwood.

Street cars will be run every fifteen minutes on the Washington street line today to accommodate the desire of witnesses the Buffalo Bill performance.

The Cleveland-Cliffs company has a large force of men employed in improving Grand Island, down near Munising. The force has recently been increased to a hundred men.

Mr. and Mrs. George Hager and the Misses Hager will entertain a large number of invited guests tonight, from eight until eleven, at a lawn party at the Hager residence.

The traveling salesmen who make their headquarters here are considering the proposition of a picnic in the near future on Grand Island, down near Munising, the trip to be made by boat from Marquette.

Complaint is made that the youthful herdsmen who drive cows to and from the pastures on the outskirts of the city are at all particular whether the bovines take the sidewalks or not. The matter has been called to the attention of the poundmasters, and there doubtless will be trouble soon brewing if the lads are not careful in keeping the cows in the streets.

There is promise of a good huckleberry crop this year. Reports from the

pickers centres are that the berries are of a good quality and that there are lots of them.

The South Shore will run its berry trains as usual this season. The strike of the freight handlers at Chicago has caused considerable annoyance to business men here. Some shipments have been much delayed, and other orders have not been filled at all or have been sent forward by express.

There is a prospect for an interesting baseball game in this city in the near future. The South Ends have challenged the city team for a contest for \$100 a side and have posted a forfeit which The Mining Journal understands will soon be covered.

Bishop Eis has decided to take the trip to the Shrine of St. Anne de Beaurpre this summer, and will leave with the South Shore excursion departing from here at 5 o'clock on the morning of Wednesday, the 23rd. He will be accompanied by a large number of the priests of the diocese which will soon be covered.

The city controller has been instructed to prepare a special assessment roll covering the estimated cost of grading, curbing and macadamizing High street, between Crescent street and Hewitt avenue. The roll will come up for final confirmation at a meeting of the council to be held on the 21st.

Hewitt avenue, east of Spruce street to the lake, is to be improved with the intention of making it a good residential street. The roadway is to be put in first class condition, and sidewalks are to be built on each side of the thoroughfare. The improvement decided on is the result of a petition from residents in the vicinity.

Marquette friends of the family have received cards from Mr. and Mrs. A. P. Swindford announcing the approaching marriage of their daughter Agnes to Allen Shattuck. The wedding will take place at the home of the bride at Ketchikan, Alaska, at 4 o'clock on the afternoon of Monday, July 28. After Oct. 1 the couple will be at home at Juneau, Alaska.

Says the Gladstone Delta: Among the bills which were allowed by the Marquette common council at its meeting held Monday evening was one for fifty cents "for hauling a cat to the dump ground." The transportation of a dead calf to the same place cost a dollar. In the interest of science it would be useful to know how far a cat can be transported for half a dollar. There are times when a man would gladly pay more than that for relief.

The Marquette council of the Knights of Columbus will be instituted tomorrow afternoon by State Deputy Monaghan of Detroit, assisted by a large number of Knights from Detroit, the Soo and other places. The ceremonies will take place at the A. O. U. W. hall, beginning at 1:30 o'clock, at which time all candidates are requested to be on hand. All visiting Knights in the city are cordially invited to participate. In the evening, at Fraternity Hall, a banquet will be served in honor of the Knights here from outside points.

THE BEST LINIMENT FOR STRAINS.
Mr. F. H. Wells, the merchant at Deer Park, Long Island, N. Y., says: "I always recommend Chamberlain's Pain Balm as the best liniment for strains. I used it last winter for a severe lameness in the side, resulting from a strain, and was greatly pleased with the quick relief and cure it effected." For sale by the Stafford Drug Co.

ATTENTION CARPENTERS.
All members are requested to attend the regular meeting Friday, July 18, for the purpose of installing officers; also bring card for quarterly review according to Sec. 158d of constitution.
JAN. E. SCANLAN,
Recording Secretary,
149 Rock street.

The Federation of Women's clubs has extended the right of honorary membership to the men who make Rocky Mountain Tea. Women's greatest benefactor. The Stafford Drug Co.

What Fine, Tender Meat

It always is that you get from the Palace market. Juicy, the grained, fat and delicious. We pride ourselves on being judges of prime meats and knowing how to cut and trim them for the most critical, so that they are fit for the table of a king. You can't get better meat anywhere in town than what we serve every day to our patrons.
Turkeys, Ducks, Spring Chickens and Fowls.

FRANK W. HATHWAY,
PALACE MEAT MARKET.

Eczema, Psoriasis, Salt Rheum, Tetter and Acne

Belong to that class of inflammatory and disfiguring skin eruptions that cause more genuine bodily discomfort and worry than all other known diseases. The impurities or sediments which collect in the system because of poor digestion, inactive kidneys and other organs of elimination are taken up by the blood, saturating the system with acid poisons and fluids that ooze out through the glands and pores of the skin, producing an indescribable itching and burning, and "I can cheerfully endorse your S. S. S. as a cure for Eczema. I was troubled with it for 25 years and tried many remedies with no good effects, but after using a few bottles of S. S. S. was entirely relieved."
Wm. Campbell,
313 W. Central St., Wichita, Kan.

consist of innumerable blackheads and pimples or hard, red bumps upon the face. Purification of the blood is the only remedy for these vicious skin diseases. Washes and powders can only hide for a time the glaring blemishes. S. S. S. eradicates all poisonous accumulations, antitoxes the Uric and other acids, and restores the blood to its wanted purity, and stimulates and revitalizes the sluggish organs, and the impurities pass off through the natural channels and relieve the skin. S. S. S. is the only guaranteed purely vegetable blood purifier. It contains no Arsenic, Potash or other harmful mineral.

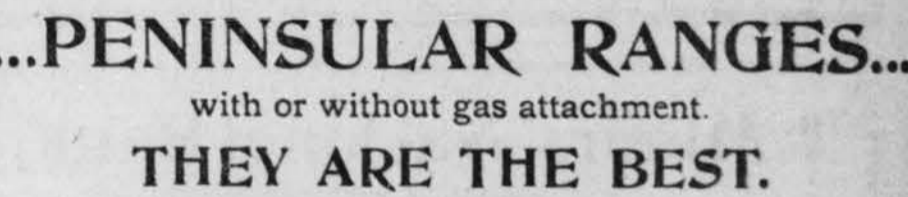

Write us about your case and our physicians will advise without charge. We have a handsomely illustrated book on skin diseases, which will be sent free to all who wish it.

THE COPPER HANDBOOK

1902 EDITION.

The new 1902 edition treats of Copper from all standpoints—Historical, Technical, Statistical and Descriptive. It is divided into ten chapters, as follows:

- I. History of Copper.
- II. Chemistry and Mineralogy.
- III. Metallurgy.
- IV. Glossary of Mining Terms.
- V. Copper Deposits of the World.
- VI. Copper Deposits of the United States.
- VII. Leading Foreign Mines.
- VIII. Lake Superior Mines.
- IX. American Copper Mines.
- X. Statistics of Copper.

The work is an octavo volume of 492 pages, set in Brevier type. It is the only volume printed in any language treating of the entire subject of copper, with descriptions of all principal mines, some 700 properties being listed, the descriptions ranging from a few lines to a dozen pages for each, according to importance.

The price of the Copper Handbook is \$3 in full morocco, and \$2 in buckram binding, prepaid to any address in the world. It will be

SENT ON APPROVAL

and may be returned within 30 days, if the purchaser is dissatisfied, for any reason whatever, and price paid will be refunded.

UPPER PENINSULA DOCTORS.

Meetings of the U. P. M. A. Began Yesterday at the Nelson.

The sessions of the seventh annual meeting of the Upper Peninsula Medical Society opened at the Nelson yesterday and will continue today. There were about forty physicians present when President Hicks' gavel fell for the opening meeting at 10 o'clock yesterday morning. After the organization was completed, the business was postponed until today, and Dr. Walter R. Hicks gave the president's address.

During the sessions yesterday forenoon and afternoon papers were read by C. O. Theinhaus of Milwaukee on "The Indications and Limits for Vaginal Operations"; by James Hosking of Allouez on "Abortion and Its Treatment"; and by E. T. Abrams of Dollar Bay on "Some Phases of Infantile Feeding."

At the evening session, Dr. William Allen Pusse of Chicago had a discussion on "The Therapeutic Use of X Rays" with a lantern slide demonstration and D. Heman Spalding of Chicago had a similar demonstration on the "Diagnosis of Small Pox."

At the banquet after the evening session an elaborate menu was served. Toasts were responded to by members of the association.

Following is a list of those who had registered up to the close of the afternoon session. Trains last night swelled the attendance somewhat: S. E. Lamb, Cruse, Iron Mountain; W. R. Hicks, Menominee; F. A. Felch, G. G. Barnett, V. Vandeventer, M. D. Kean, Ishpeming; G. D. Beech, Champion; C. A. Mall, Kenton; H. M. Cunningham, Marquette; G. E. Gallen, Hancock; James Hulsing, Wolverine; O. T. Theinhaus, Milwaukee; A. I. Lawbaugh, Calumet; J. D. Cameron, Iron Mountain; E. E. Lamb, Republic; H. H. Loveland, Michigan; C. Passanetti, Iron Mountain; E. T. Abrams, Dollar Bay; H. M. Joy, Calumet; H. W. Sheldon, Negaunee; C. J. Eunis, Sault Ste. Marie; H. W. Long, Escanaba; A. J. Hornbogen, A. W. Hornbogen, Marquette; R. J. Phillips, Menominee; J. H. Andrus, W. C. Conley, Ishpeming; A. W. Kirby, Sault Ste. Marie; W. S. Pussey, Chicago; Heman Spalding, Chicago; A. I. Bouffeur, Chicago; James Hosking, Allouez.

Business will be taken up at the session this morning, when the following papers will be read:

"Medical Rectovaginity or Inter-State Exchange of Licenses"—Dr. B. D. Harrison, Sault Ste. Marie.

"The Surgical Treatment of Prostatic Hypertrophy"—Dr. A. L. Bouffeur, Chicago.

"Laminectomy"—Dr. J. A. Crowell, Iron Mountain.

"Tolerance in Brain Injuries"—Dr. F. McHarkin, Marquette.

"Vaccination"—Dr. P. J. Noer, Menominee.

"Pathology"—Dr. Ludwig Hektoen, Chicago.

"Some Points of Interest"—Dr. E. D. Gardner, Hancock.

NOW FOR CIRCUS DAY.

Buffalo Bill and His Rough Riders Will Own the City Tomorrow.

G. S. Van Osten, special agent of Buffalo Bill's Wild West Show, was in the city yesterday making final arrangements for the appearance of the Rough Riders. He was distributing lithographing tickets and consulting with newspapermen and others relative to the reports that have been current regarding the prices which the show will charge in the upper peninsula. He strongly asserts that no deception will be practiced anywhere and that the same rates will prevail in all the cities of the upper peninsula.

It looks now as if the city would be jammed with visitors tomorrow. Everywhere within a radius of fifty miles people are preparing to come and business, except the show business, will be at a stand still on the afternoon of the seventeenth.

The Bessie and Foxdale mines of Humboldt will be closed down all day, as will the Republic mine of Republic and possibly the Champion mine of Champion. It is estimated that nearly 2,000 people will come in on the various excursions. The Ishpeming, Negaunee and Winthrop populations will show the number to the neighborhood of 25,000.

HOME FROM THE WEST.

James Bondy, formerly of this place, but now foreman of the Montana & Boston company's boiler works of Great Falls, Mont., is in the city for a time with his wife and two children. Mr. Bondy has been in charge of a gang of some thirty men for several years.

In the plant with Mr. Bondy, are several Ishpeming boys. His brother Thomas Bondy has been placed in charge of operations during Mr. Bondy's absence, and with him are also his nephew, Henry Collins and Walter Treweek. Mr. Bondy and family will spend a few days here and then will leave for the copper country to visit Mr. Bondy's sister, Mrs. John Fallon, and family, before returning home.

POLITICIANS WERE ANXIOUS.

Interest in the congressional convention was lively all through yesterday and the query on every hand was, "How did it come out?" As the afternoon advanced the wires between this city and Marquette were kept busy. On the street corners and in the hotel lobbies, the convention was the chief topic of conversation, and politicians were arriving at all sorts of varied conclusions as to the possible outcome. There was much surprise at the news of the trouble in the convention hall, and further intelligence this morning will be awaited with great interest.

NEED MORE HELP.

Often the over-taxed organs of digestion cry out for help by Dyspepsia's pains, Nausea, Dizziness, Headaches, Liver Complaints, bowel disorders. Such troubles call for prompt use of Dr. King's New Life Pills. They are gentle, thorough and guaranteed to cure. 25c at Stafford's drug store.

VALUATION RAISED.

Tax Commissioners Re-Rate the Ishpeming & Negaunee Electric Property.

The board of state tax commissioners met here Monday and raised the assessment of the Ishpeming & Negaunee Street Railway & Electric Company from \$80,000 to \$144,000. The members of the board present were W. F. Dust of Detroit, A. C. McLaughlin of Muskegon and Manville Jenks. This is the second time the figures of the board of review have been raised within a year. Last spring the property was boosted from about \$40,000 to \$80,000, but complaints have resulted in the property being rated still higher.

From here the commissioners leave for Houghton, where they will pass upon the assessment of the Street Railway and Electric Company of Houghton. The session was to have been held yesterday, but there was a delay in getting in the figures and the commissioners spent yesterday here.

A. H. Rolph of Escanaba has been taken onto the field force of the examiners and will take the place of T. M. Ellis of Negaunee, who resigned a few weeks ago.

GRADING AT LAKE BANCROFT.

John T. Burke started work with six teams yesterday on the Cleveland (Cliff) Iron company's property near Lake Bancroft. Two sets are being made, one through the center of the rows of houses and the other between the houses and the hill. The sand for the grading is being taken from the large hill to the north. Part of the work was done last fall when the houses were completed.

ISHPEMING IN BRIEF.

A. E. Seaman and wife of Houghton were in town yesterday.

Frank Zoehline is building an addition to his dwelling on Euclid street.

The foundations for the Crowley block on Cleveland avenue have been started.

Rev. Father Mockler of St. Ignace was in town yesterday on a short visit.

Mike Redmond formerly with the Marquette County Telephone company is now working in Duluth.

Rev. J. Keul, some years ago pastor of St. John's church, this city, is visiting here for a few days.

Arrangements are being made for a ball game here Sunday between the Crystal Falls and Cleveland-Cliffs teams.

The running team of the Ishpeming fire department will begin training this evening. Tom Sullivan will captain it again this year.

Charles Johnson, house mover, is sending his apparatus to Marquette preparatory to moving the old court house building there.

J. E. Buchholtz, the popular confectioner, has reduced the prices on his ice cream and ice cream soda from ten to five cents.

A large delegation of the members of the local Knights of Columbus will be present at the institution of the Marquette lodge tomorrow evening.

The reserved seat tickets for the Gideon Minstrels are on sale at Tilson's drug store. The company holds the boards at the local theatre Buffalo Bill night.

Miss Jennie Benedict, formerly of this place, was married June 30 to Mr. Howard Patton at Butte, Mont. They are now residing at 224 Petree street, Missoula, Mont.

A new sidewalk is being constructed on the west side of First street between Ridge and Ely. The improvement has been needed for a long time as the old walk had become dangerous.

About fifteen Ishpemingites left Monday for the Elks Carnival at Escanaba and another large party left last evening. The Northwestern is making a rate of \$3.50 for the round trip.

George Skogberg got home Sunday from Corter, Ind., where he was called one day last week on account of the death of his sister, Mrs. Lomer. His mother will not return for a few weeks.

John W. Jochim and W. C. Muren served as jurors in the condemnation proceedings instituted by the Lake Superior & Ishpeming company against certain Negaunee property owners at Marquette yesterday.

An excursion will be run to Hancock Saturday, July 19, for the annual reunion of the Sons of St. George. The train leaves for Hancock at 7 a. m. A call has been issued for the members of Sir Humphrey Davy lodge to be present in the lodge rooms at 6:30 a. m.

D. P. Hon-sholder spent Monday and part of yesterday in the city. He will soon leave for Montana, where he has an offer of a desirable position. He will not accept the place until after he looks the ground over. Dan returned to his home in Republic yesterday morning.

Mrs. A. Hasenwinkle, mother of M. L. Lee, has moved here from Minneapolis. She has been spending a few weeks at the residence of her son, but has now moved into rooms at 219 N. Maple street. Mrs. Hasenwinkle is a dressmaker and has been engaged at her trade in Minneapolis for several years. She will open a dressmaking establishment at her rooms here.

NOTICE TO CONTRACTORS.

Bids will be received until 8 p. m. July 30, for the construction of a brick veneer Methodist Episcopal church on the corner of Second and Division streets, Ishpeming, including the stone work of the basement to the completion of the building in accordance with plans and specifications. Right is reserved to reject any or all bids. Bids will be received by Charles Hawes, 724 Wabash street, Ishpeming, where plans and specifications can be seen and secured. (7-15-1f)

The ladies are invited to call and inspect our new line of silks. All the latest. Finnish Mercantile association.

Upper Peninsula.

Charles Sum, a Pentago (Iron county) man, killed a 300-pound bear last week. One that weighed 350 pounds was lagged by John Bisette of Greenwood, Ontonagon county.

The Arnold Brewing company of the Soo has filed articles of incorporation at Lansing with a capitalization of \$150,000. The new brewery will commence operation in about a month or six weeks.

One of the heaviest pieces of express press matter ever received at the Western Express office at the Soo came in the other day. It was a disc for the rock crushing machinery at the Rock Lake mine and came from Akron, O. The disc weighed 2,500 pounds and the express charges were \$77.

Recently John Michela was appointed policeman in Iron Mountain. He had no chance to distinguish himself till the other day, when he learned that ten-year-old Charles Grant had been bitten by a dog. Officer Michela at once became the animal's Nemesis. He stuck to the trail till he came upon the dog and then he shot him dead. Marshall Grant commended the cop for his action. The boy was not seriously bitten.

John Huittu, a Finnish miner of Ironwood, twenty-three years of age, employed at the Aurora mine, was run over by a switch engine and instantly killed in the railroad yards at the mine while coming from work a few evenings ago. Huittu, with two companions, was going from the shaft to the dry and made an effort to cross the track in front of the engine, which was so close upon them that Huittu started to turn back and was struck with the above fatal result, the engine passing over his body, nearly cutting it in two.

Plans are now being made, which, if perfected, will give to the Soo a building which will be a sort of sky-scraper. E. N. Adams is responsible for this bit of good news. He is seriously contemplating the erection at Spruce and Ashmun streets of a six story building which will be the finest building of its kind in the city. The plans have not yet been definitely made and it is probable that construction will not be begun before fall. As now conceived the projected building will be built of stone and brick over a steel frame. The lower floors will be for store rooms while the others will be suited for offices and possibly lodge quarters.

John Erikson of Crystal Falls is an authority that there are very few, if any game fish, such as pickerel, left in the lakes around that city. Mr. Erikson has tried his luck in nearly every one of them. Swan lake, the upper Holmes' lake, Lake Mary and several others. He has fished morning, noon and night, but has yet to record the first bite. He has fished Runkle lake by moonlight in the hope that he would run afoul of the "lost carp" which are said to have been planted there several years ago but of which no tidings have ever been heard, except to startle the natives by coming into town with a wagon load. He has not been found and Mr. Erikson is now busy studying the Iron county map to see if he can't find a lake that has never been fished.

Frank Emmerson, an Iron Mountain land-looper, was walking through the woods near the Mastodon mine, when he came across two bear cubs, according to a correspondent of the Detroit Journal. He picked up one of them, intending to take it to Crystal Falls. He had not gone far before he heard the cub's mother coming. He made a run, but the old bear was the better sprinter. Emmerson now became frightened, as he was unarmed. He dropped the cub and tried to get away. He was better time, but the old bear came on and the cub, which he had dropped, joined in the chase. The bear overtook the land-looper near the Northwestern tracks, and pounced on him. When he was rescued by section hands he was in a bad condition. He had been chewed and clawed by the animal in the most unmerciful manner. The rest of this encounter is ludicrous. Harry Witt, a brakeman on the Northwestern, was freight running between Florence and Crystal Falls, is obliged to walk down the side-track at night to where the above encounter took place to open the door. He now will not go alone for fear of being attacked, and says that if the company will not detail another man to go with him he will quit.

The Newberry News gives this account of the recent accident of which Village Trustee McDurmon was the victim: Mr. McDurmon had charge of the fireworks display and upon opening the box of fireworks discovered a single giant fire cracker among the other pieces. His first inclination was to throw it away, but fearing that some youngster might find it and injure himself he concluded to touch it off. He attempted to light it twice but the fuse apparently did not burn, and he was in the act of stooping to pick it up—his fingers just touching the cracker—when it exploded, blowing off the ends of his two first fingers and thumb and tearing the palm of his hand in a frightful manner. The force of the explosion threw him to the ground and his face was burned considerably by the powder. Drs. Bohm and Chamberlain amputated the shattered fingers and cut away the burned flesh on the hand. Mr. McDurmon showed the stern stuff he was made of by refusing to be put under the influence of any anesthetic and undergoing the painful operation without a murmur. At first it was feared that it would be necessary to amputate the hand, but unless some unforeseen complication arises the physicians are now confident of being able to save it. Mr. McDurmon is one of the village trustees and is a blacksmith and carriage maker. The accident will prevent him from attending to his business for several months. Two young boys, Claude Leighton and Bernard Smith, who were standing near where the explosion took place, were slightly burned about the face.

The escape of James Wilson, George Clifton, George Long and George McElwards, the four men who were in the county jail at Bessemer awaiting trial on the charge of burglary at Watersmeet, at which place they are believed to have blown open the safe at Al Peterson's saloon about a month ago, was a clever piece of work. The men occupied cells on the second floor of the jail.

If You Wear a Watch In a Factory or Shop

you should have a Jas. Boss Stiffened Gold Case in order to protect the works and lessen the cost of repairs. The Boss Case is made of two layers of solid gold with a layer of stiffening metal between. It is better than a solid gold case because it is stronger and so close-fitting as to keep out gas, smoke, dust and dampness.

JAS. BOSS Stiffened GOLD Watch Cases

are recognized as the standard the world over, and sold as such by all jewelers. The Boss is the only stiffened case in use long enough to prove by actual wear that they will outlast the ordinary case. There is no "just as good." The Keystone trademark here shown is stamped in each Boss case.

General Passenger Agent.

Negaunee and Vicinity.

(Subscribers to The Mining Journal will please remember that carrier boys are not allowed to receive money on subscription account.)

PRIZES FOR DECORATIONS.

They Will Be Offered to Owners of Stores and Dwellings.

At a meeting of the executive committee of the local firemen Monday evening, it was voted to offer a prize of \$20 for the best decorated business house and \$10 for the best decorated dwelling to be found here during the firemen's tournament. The judges will be chosen from among the ladies. The decorated buildings need not be along the line of march.

Prizes Are Ordered.

The prizes have been ordered and will consist of banners, silver cups, punch bowls, etc. The arrangements for the convention lodge were completed at the meeting and the order was sent in yesterday. It will be worked in metal and will represent the historic stump, where iron was first discovered, at the Jackson mine. These badges will be given to all firemen in attendance. It is probable that some arrangement will be made for the sale of other souvenirs.

Elaborate Decorations.

Harvey Pearce, chairman of the decorating committee, will be given \$800 of \$700 to spend in electrical and other displays, and in decorations for the streets. Subscriptions for the entertainment fund have been coming in rapidly and it is thought that by July 20 they will be all paid in. Requests for quarters for the visiting fire teams have been coming in rapidly, but the entertainment committee is having no difficulty in finding places for all.

FUN WITH THE MARKETMEN.

The friends of John Hemmingson, butcher and William Westmeyer, teacher, in Mack's meat market are having all kinds of fun with these gentlemen. The occasion of the merriment is the advent of new members in the family of each. What makes the fun all the merrier is the fact that the two young people came on the same day within a few hours of each other. Mr. Westmeyer passes out the cigars on receiving congratulations at the arrival of a fourteen-pound boy, and Mr. Hemmingson smiles when they mention a baby daughter. Friends have already begun to plan a future for the little couple and their progress will be closely watched.

WORK COMPLETED.

The work of repairing the Goose Lake road through Richmond, Sands and Negaunee townships was completed yesterday afternoon. The committee of the board of supervisors went over the road Saturday and pronounced it in good condition, with the exception of one small hole, which a force of workmen filled in yesterday. The \$800 appropriated for the repairs has proved ample and Chairman Frank Sharon declares himself well satisfied. A small portion of the work in Sands township remains to be finished by E. J. Goodman. In all thirty-eight culverts have been put in and the bridges have been repaired all along the line.

FINNISH NATIONAL CONVENTION.

J. Hogberg and John Matilla, delegates to the National convention of Finnish Temperance societies, will leave for the meeting at Worcester, Mass., one week from Sunday. Mr. Hogberg is a member of the grand lodge and Mr. Matilla is local delegate. Both men will put up a strong fight for Ishpeming for the next annual session. The local lodge is now in flourishing condition.

LOCAL LAONICS.

W. J. Webb of Calumet was in town Monday.

E. C. Anthony is having his house on Main street repainted.

Emilia Kallio has arrived in the city from Sweden and is visiting a sister here.

Several Negaunee ladies attended the Ladies' Literary Club reception in honor of Mrs. H. O. Young in Ishpeming Monday.

The Finnish Lutheran church is erecting a new parsonage on the church grounds. The excavating is about completed.

Fred Pleau and Aurelia Jereaux of this place were married by the Rev. Father Lauger at St. Paul's church yesterday morning.

The business men of the city are talking of closing their places of business on Buffalo Bill day to allow their employees to attend the Wild West.

Alexander Maitland, Republican nominee for lieutenant governor, has just purchased a fine saddle horse. The animal arrived here Saturday.

The interior of the Presbyterian church is being decorated. The walls are being reclaimed and frescoed. J. H. Elliot is doing the work.

There will be a cricket game tomorrow afternoon at Maas field between the "North England" and "Cornish" teams. The game will be called early in the afternoon.

David Barabee has been selling stock in Captain Daniels' mine at Sault's Head, here for the past few days. He has disposed of a large number of shares to Negaunee parties.

Gideon's big minstrel show played to a good sized house at McDonald's Opera House last evening. The show is one of the best minstrel organizations that has shown here for some time.

THE SAME OLD STORY.

J. A. Kelly relates an experience similar to that which has happened in all most every neighborhood in the United States and has been told and re-told by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C. For sale by the Stafford Drug Co.

NEW GROCERY STORE.

Louis Kellan Will Start One at the Corner of Mitchell Avenue and Park.

Louis Kellan has just completed his new store at the corner of Park street and Mitchell avenue. Some time ago Mr. Kellan conceived the idea of erecting a store building on his vacant property at this location and launching into the grocery business with his sons. The location is almost ideal for a grocery store, in the heart of the residence district and very easy of access. The building is of brick veneer, twenty-two by seventy feet, with a stone foundation and large cellar. The interior is neat and roomy. Mr. Kellan did most of the brick work himself.

He has announced a formal opening on July 28, when he hopes to have all his stocks in. He will carry a complete line of groceries and smoked and salt meats, and will do a cash business. If the trade warrants, he expects to add to the rear of the present building a meat market, fronting on Park street. Plans for this addition were included in the original thought of the building.

Mr. Kellan has a cozy office fitted up in the rear of the store. He will be assisted by his sons, and will deliver all goods. The basement will be used for storage purposes. A four-foot cement walk surrounds the store property.

For the opening he has arranged an unusual form of amusement for the patrons of the store. Mr. Kellan has been troubled for some time by the large thistle patch on the grounds of the Park street school. He claims it has been a nuisance for years. He has transferred a choice specimen of the thistle family, which he has grafted several other varieties of herbage, to his store window. He now offers a prize of \$5 to the visitor offering the best suggestion for a name of the new member of the vegetable kingdom.

NEW BAKERY WAGON.

Frank Walker has just received a fine new delivery wagon built by Edward Jury, who did the woodwork and painting, and Peter Cheverette, who did the blacksmith work. The trade of the home bakery is growing and the demands for delivered goods came in so rapidly that the new wagon was necessary.

Sam J. Mitchell, the insurance man, is fixing up his offices in the Kirkwood building. A hardwood floor is to go down and the offices will be refurbished throughout. J. Q. Adams & Son, in the bank building, are also giving their offices a thorough overhaul.

Champion.

DIED IN OREGON.

Father of Mrs. Thomas Carmichael Recently Passed Away.

Joseph Rix, father of Mrs. Thomas Carmichael of Beacon, died on the 7th inst. at Salem, Ore., of blood poisoning, caused by a cut in the finger. The deceased was known to a number of upper peninsula people and he was well known in Duluth and vicinity, having lived up there for some time before going West. The Duluth Evening Herald, of recent date, had the following mention of the deceased and his family:

"Joseph Rix, a former resident of Proctor, Minn., and well known in Duluth, died July 7 at his home in Salem, Ore., of blood poisoning, caused by a cut in the finger.

"He is survived by a wife and family of grown up children—Mrs. E. F. Smith, Mrs. Frank Paul, Mrs. Thomas Carmichael, Mrs. F. D. Pattan, Miss Sara Rix, J. C. Rix and H. R. Rix.

"Mr. Rix was fifty-nine years of age and for the past thirteen years had made his home at the head of the lakes. His sterling qualities of manhood made him beloved and respected by all that knew him. Only four months ago he moved to his new home in Salem, Ore."

MANY NEW FARMS.

The next few years will witness a great increase in the farming industry in this end of the county. A number of new farms have been taken up this season in the vicinity of Champion, Michigan, Humboldt and Republic. Considerable activity in this line is noticed between Champion and Humboldt. Much of the available farming land on either side of the county road has been preempted. Most of the settlers are Finlanders, some old residents of this place, and others new comers to this country. Natives of Finland who engage in farming understand the business thoroughly, so that within a few years some of the tractive places will be seen at points where the work is now being started.

There is a large acreage of desirable land in this end of the county and it is being sold cheap and on reasonable terms.

There are several very good farms.

DR. FENNER'S KIDNEY and Backache CURE

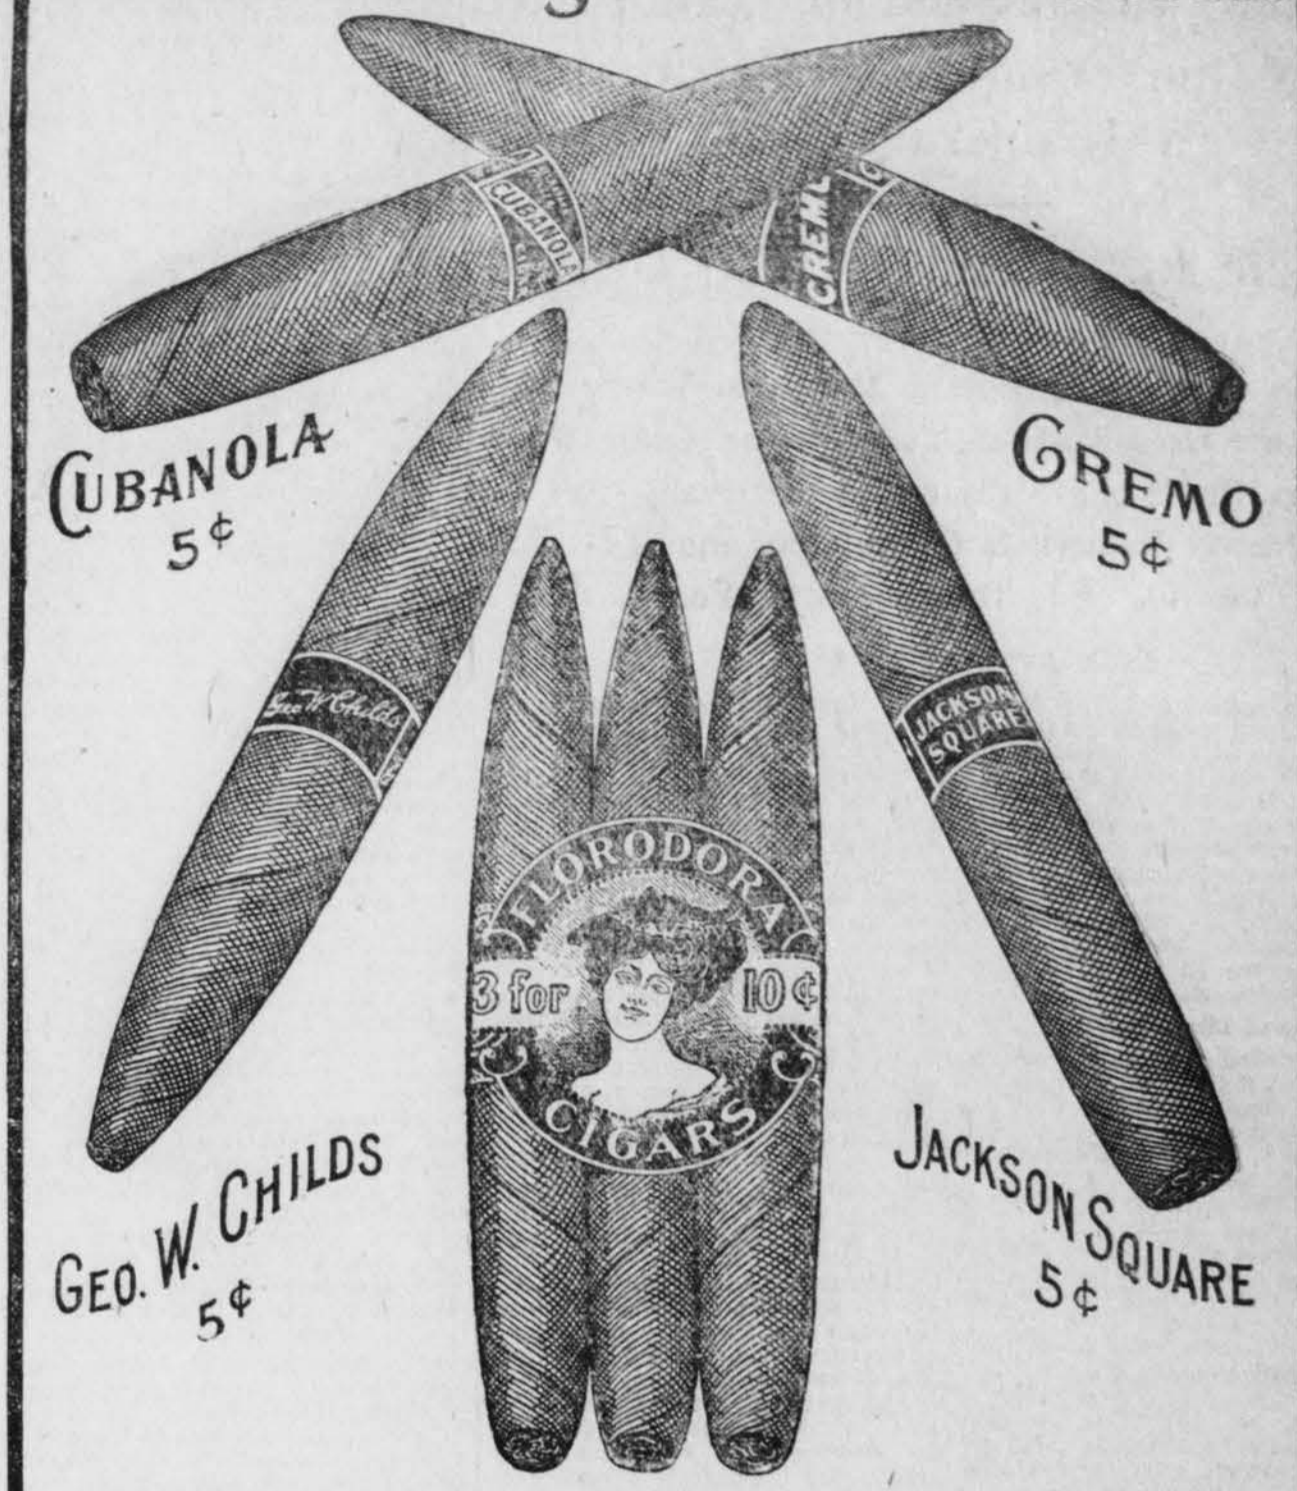

All diseases of Kidneys, Bladder, Urinary Organs, Rheumatism, Backache, Heart Disease, Gravel, Dropsy, Female Troubles.

Don't become discouraged. There is a cure for you. If necessary write Dr. Fenner. He will send you a full and complete book such as yours. All consultations Free.

"For years I had backache, severe pains across kidneys and scalding urine. I could not get out of bed without help. The use of Dr. Fenner's Kidney and Backache Cure restored me. G. WAGNER, Knobsville, Pa. Druggists, 50c. Ask for Cook Book—Free."

PANDEMONIUM IN THE CONVENTION

Coup by the Shelden Men, Supported by the Wright Vote, Results in a Temporary Split.

ELEVENTH HOUR CONTEST FROM DELTA IS SET UP And on Chairman's Ruling the Anti-Young Men Capture Organization—Compromise Later Refers the Whole Matter to a Mutually Selected Credentials Committee and Adjournment Is Taken Until Today.

The Republican convention for the Twelfth district is still face to face with the task of naming a congressional candidate, yesterday's session succeeding in getting no further than the choice of a temporary organization, and this only after a couple of hours of most stormy and most unparliamentary proceeding which has been approached in recent years only by the Shelden-Stephenson fight at Ishpeming, when the rival candidates tore the Republican party in the upper peninsula fairly in two.

Looked Like a Bad Split.

And it looked at one time yesterday afternoon as if there was going to be a split that would drive the G. O. P. men into hostile camps clear from Mackinac to Gogebic. The crowd that thronged the balcony and gallery of the opera house had the excitement of beholding two conventions in full working order in the parquet of the house, while, in all but the lulls, bedlam reigned, and such a bedlam as has rarely been equaled in Marquette.

For upwards of an hour it was hard work to distinguish much that was said. Delegates lost their manners and, at times, all but lost their tempers. Speakers were howled down and the numerous officials occupying the stage were treated with but scanty respect by members of the opposing factions. All the while the balcony and gallery crowd looked gleefully on and added to the confusion by cat calls, facetious remarks and a world of unsought advice. The audience in the upper part of the house was composed largely of ladies, and they seemed delighted with the unique experience they were enjoying. But while the trouble bore outward resemblance to the Shelden-Stephenson fight that created the last big split in the party in this section, at heart there was not the rancorous, bitter feeling that was characteristic of that struggle, so, after the delegates had tired themselves out with shouting and fighting, it was not difficult to get the two sets of officers to agree to adjourn for a period of half an hour, the interval to be employed in an endeavor to straighten out the tangle in which the convention found itself.

Mutual Agreement Reached.

The half hour recess dragged out to forty-five minutes. The curious assemblage became impatient and called for a resumption of the proceedings. But the forty-five minutes became an hour, and still the delegates wandered about the stage and main floor of the house, endeavoring to reach some common grounds of agreement. There were proposals and counter proposals. The most popular solution of the dilemma, at least by the Shelden-Wright forces, was a credentials committee of three, a man representing each candidate, to determine which of the contesting delegations would be seated. This proposal was not enthusiastically received by the Young men; in fact it had been rejected even before the convention convened. They asserted that it would be surrendering their claims to a committee that would manifestly be able to vote them into a hole.

However, this was the only basis that offered any solution of the trouble and it was finally agreed to refer the matter of the contesting delegations to such a committee and C. E. Miller of Ironwood was named to represent Young, George C. Bentley of Hancock to represent Wright and W. N. Mills of Menominee to look after Mr. Shelden's interests. Then came an immediate adjournment from the heated hall to cool resorts where things could be talked over quietly and comfortably.

A Coup by the Shelden Men.

The Shelden people had something up their sleeve yesterday. It was a contesting delegation from Delta county. No one heard of it until yesterday morning, when the word passed around that it was speaking to Marquette on a special train. Rumor was true in this instance and shortly after the noon hour nine Delta county men, with Postmaster Ryan as guide, were here big as life demanding seats in the district convention.

As far as The Mining Journal knows they never reached the floor of the opera house. They found burly policemen at the door, by an arrangement of the congressional committee, to exclude all persons who had not delegates' tickets, and the contestants from Delta and no tickets. They roared around at the door, while their disposition was discussed inside. They were refused admittance because their contest was considered a palpable fake, the other contesting delegations being allowed on the floor.

Ignored by the Committee.

This was brought about through the action of the congressional committee, which, about half an hour previous to the convening of the convention, took up the question of the contesting delegations. It decided that the delega-

tion of Bentley of Houghton supported. "This convention," he said, "was called for 2 o'clock; it is now 2:15—the gentleman is playing for time." Delegate Mills of Menominee moved that the time be extended for five minutes, which Chairman Duncan granted.

Delegate Russell arose and moved that the delegations seated in the convention be allowed the full vote to which they were entitled, and that "we now proceed to call the convention to order to transact the business." The five minutes are not up yet," was the reply of the chair. At the expiration of the time, 2:18, the chair again called the delegates to order and read the call, nominations for temporary chairman then being called for.

Delta Is Counted Out.

Senator Charles Smith of Houghton county was nominated by George C. Bentley of Houghton, and C. E. Miller of Gogebic named Ira C. Jennings of Delta. It was moved and carried unanimously that the delegations proceed to vote by counties and that no county having a contest be permitted to have voice in the ballot. Here Delegate Bentley interjected a query as to which of the counties had contests, which was answered by Delegate Mills. "Baraga, Chippewa and Schoolcraft—and Delta," was the reply, the naming of the latter being greeted by loud laughter and shouts of derision. "And the Delta contesting delegates are at the door demanding admission," continued Mr. Mills. Delegate W. S. Hill of Marquette was unanimously elected secretary, to the chairman, and the convention proceeded to vote on the selection of chairman, the vote resulting as follows:

Jennings, Smith	3
Dickinson	7
Gogebic	6
Houghton	22
Iron	4
Keewenaw	2
Luce	2
Mackinac	3
Marquette	14
Menominee	10
Ontonagon	3

Delta, with nine, had also voted for Jennings, but Chairman Duncan ruled that as there was a contest its vote would not be counted. The result of the ballot was announced as 40 to 37 in favor of Smith, who took the platform amid cheers which were followed by a great uproar.

Scene of Turmoil.

"The delegation is counted out," replied the chair. At this stage, George H. Petermann of Keewenaw was named to act as temporary secretary and another uproar ensued. The roll call on Delta as the pivot point. There were loud protests that there were no contests in Delta, denials of this claim and appeals from the ruling of the chair. The congressional committee, it was declared, had investigated the Delta situation and had unanimously decided that the regular delegation was the only legal representation.

In support of the claims of the regulars, Delegate Gallup vigorously discussed the matter and protested against "this open attempt to steal." He was continually interrupted by the roll call on Delta as the pivot point. There were loud protests that there were no contests in Delta, denials of this claim and appeals from the ruling of the chair. The congressional committee, it was declared, had investigated the Delta situation and had unanimously decided that the regular delegation was the only legal representation.

Vanished in Thin Air.

The Delta contest will, however, occasion the convention no more trouble. The members of the delegation were brought in solely with the purpose of giving the Shelden men temporary control of the convention. They did this, as one of the terms of the agreement reached after the squabble yesterday afternoon was that the Shelden-Wright officials should preside over this morning's deliberations of the delegates. When the Delta "push" fulfilled its mission it vanished into thin air. Not a man of the nine who flew here by special train in the morning appeared when the credentials committee opened the proceedings in the Delta contest last evening. The Young delegation will sit in unquestioned seats today. If the Delta contest had not been sprung, Young would have organized the convention, and there would have been no trouble. As it is no one can with certainty predict what today has in store.

It is assumed that the credentials committee's report will be accepted as final by the convention, at least this is the understanding with which it was named. Its members appeared to have the full confidence of all the delegates, they expressed themselves as determined to decide all questions solely on their merits.

If the committee decides against Mr. Young in every point, he will lose Baraga and Schoolcraft counties, where he has been supposed to possess the "regular" delegations, and their five votes, leaving him forty-five, or four less than the number required to nominate.

In case the contesting delegations in Schoolcraft and Baraga are seated, Mr. Shelden will gain these five votes, and his total in the convention will be thirty. Mr. Wright can neither lose or gain strength as a result of the work of the credentials committee. These facts would go to prove that Mr. Young, irrespective of the action of the committee, will still be in the saddle when the convention convenes this morning. He may not have votes enough to nominate him, but he will have mighty near the requisite number. Congressman Shelden and Mr. Wright will both be a long way from a nomination, while it is asserted that neither have such control over their delegations as would enable them to throw about at will. Mr. Young's delegation will stand by him to the bitter end, and the Shelden and Wright men are also said to be sticklers.

Proceedings in Detail.

It was 2:10 when Chairman John Duncan, of the congressional committee, stepped to the front of the stage and called for order. "Are all the delegates present," he asked, and a voice in the body of the hall replied that they were not. Mr. Duncan resumed his seat, and then did as a delegate asked, "What time was the convention called for?" "This convention was called to meet at 2 o'clock," was the answer, "but not all of the delegates are here." Here a delegate announced that there was a little confusion at the door concerning the tickets the delegates were required to have before being allowed admission. "These delegates are not making any attempt to enter," said another delegate, "this being for the purpose of delaying the work when they know that the convention is open."

and there was a renewed uproar. Mr. Jennings called for nominations for secretary. Delegate R. A. Douglas of Gogebic was elected, only the Young men participating in the vote, and on his stepping to the stage the two officers were sworn in by Delegate George Gallup of Delta, and the "Young convention" proceeded to business. The committees were named by Mr. Jennings as follows:

Two Conventions Organize.

Mr. Jennings called for nominations for secretary. Delegate R. A. Douglas of Gogebic was elected, only the Young men participating in the vote, and on his stepping to the stage the two officers were sworn in by Delegate George Gallup of Delta, and the "Young convention" proceeded to business. The committees were named by Mr. Jennings as follows:

Credentials—Charles E. Miller, Gogebic; George Gallup, Delta; O. C. Davidson, Dickinson.

Permanent organization—M. J. Sherwood, Marquette; Charles Juttner, Menominee; William Leighton, Alger.

These committees retired for deliberation. In the meantime, the other faction had organized their convention by swearing in Mr. Smith as chairman and Mr. Petermann as secretary. Chairman Smith announced his selections for committees as follows:

Credentials—George C. Bentley, Houghton; C. E. Miller, Gogebic; Willis N. Mills, Menominee. Mr. Miller, however, had been chosen on the Young committee and declined to serve on the committee named by Smith. His place was filled by the selection of John Garvin of Ontonagon.

Permanent organization—Graham Pope, Houghton; E. H. Benjamin, Mackinac; F. X. Kaiser, Houghton.

An adjournment of half an hour, until 4 o'clock, was announced by each chairman, and a series of consultations was inaugurated on the stage and in other portions of the rear portion of the opera house with the intention of endeavoring to reach some amicable agreement between the various candidates and their supporters. The wait was considerably longer than twenty minutes, and finally it was suggested by Delegate Russell that while the convention was waiting the call to order, the three candidates be heard from. This was received with applause, and there were loud calls for H. O. Young. The Ishpeming man was heartily cheered as he stepped forward to, as it developed, counsel harmony. He said:

Pleads for Fairness.

"Gentlemen of this convention: This call upon me to speak upon this occasion is somewhat unexpected. Four years ago the Republican party of this district voted in a regular convention to be created, and seats were left which have yet hardly healed, because, gentlemen, the convention, which was held upon that occasion was not honestly and fairly conducted. (Applause.) You all know it; we all know it, and we all regret it. Now, it seems to me very appropriate that a proposition somewhat similar to that which was made at that time, now, I want to say to you, gentlemen, is this: Sacrifice me, sacrifice Mr. Shelden, or sacrifice Mr. Wright, but do not sacrifice the Republican party of this district. (Great applause and cheers.) And I want to say to you just one thing more—that you can't save the Republican party of the Twelfth congressional district by doing an injustice here, or by any faction stealing this convention. (Applause.) You can't save it in that way. Now, gentlemen, I believe that there is honesty enough and fairness enough in the Republican party of this district to conduct this thing fairly. You have had a somewhat breezy time here, I understand. All I say to you is take a little time; act coolly; act honestly; act fairly, and whatever the result may be, for one, will be satisfied. (Prolonged cheers.)"

At the conclusion of Mr. Young's address there were calls for C. A. Wright, who responded with the following short talk:

Endorses Young's Views.

"Ladies and Gentlemen: I certainly approve most heartily the expressions of Mr. Young in favor of fair play in this convention. (Applause.) I have endeavored already to arrange some compromise which might have avoided the scene which has been conducted here in this convention, and which no one can regret more than I do. I believe that the interest of the Republican party is far paramount to the interest of any individual candidate for congress (applause), and I am confident that the moment that there will be some compromise which will save the Republican party of the Twelfth district of Michigan, the stronghold of the Republican party in the state, will arrive at a fair and just solution of the difficulties which are presented to them. The organization that has been established here, with Mr. Smith as chairman, was regular, and I understand that it is now the purpose of Mr. Young's adherents to recognize it (applause), and I hope, gentlemen of the convention, that there will be no effort made on the part of any candidate to prevent a fair and just solution of the claims of the various contesting delegations. I certainly would be glad to abandon any hope that I may have of representing this district in congress for the purpose of obtaining a union of this great party of the upper peninsula of Michigan. (Applause.) When we get through this preliminary struggle the better judgment will prevail and it will find united this great party in this district to accomplish the great and overwhelming victory that makes this the stronghold district of the state of Michigan."

Congressman Shelden appeared in response to hearty calls, and stated his position as follows:

Shelden for Harmony.

"Ladies and Gentlemen: I merely wish to endorse all that was said by the gentlemen who have spoken. I, for one, believe in harmony in the party, and think that it is necessary for the good of the district. I shall help to carry out any project that is brought forth to bring it about. That is all I have to say. (Applause.)"

There was another wait following the outlining of the candidates' positions, and it was nearly 5 o'clock when the convention was again called to order. In the meantime as a result of the conference between the three candidates and their lieutenants, an agreement had been reached that the Smith organization be recognized and that George C. Bentley, representing Wright; C. E. Miller of Gogebic, representing Young, and W. N. Mills of Menominee,

representing Shelden, be named as a credentials committee to investigate the contests from the various counties and to make report to the convention. Chairman Smith, as per the agreement, called the delegates to order, and announced the selection of the credentials committee as above named. It was moved by a delegate, at the instigation of the credentials committee, that the convention be adjourned until 10:30 o'clock this morning. As an amendment, however, it was moved that the time be fixed at 9 o'clock. This was carried and the proceedings of the session had come to a conclusion.

Credentials Committee's Session.

The credentials committee was called to meet at the office of W. S. Hill, in the Nester block, at 7 o'clock last evening, and it spent half of the night in going over the various contests. The committee was in session until 11:45 o'clock, when it adjourned until 8 o'clock this morning. There is still considerable evidence to take, and it is probable it will not until noon that the committee will be ready with its report. Testimony was completed in the Chippewa county contest and partially taken in the case of the Baraga contest. The latter will be taken up the first thing this morning, and following the Schoolcraft contest will be given attention. The Delta contestants failed to put in an appearance, their purpose having been accomplished in the selection of the temporary organization, and the regular delegates from that county will be seated without a fight.

In the Chippewa county case a number of affidavits were read, witnesses were examined and testimony was taken in general. Both sides were there with a great deal of argument, of which none were better handled than that of C. H. Chapman, who appeared in the interest of the contesting delegates. The same procedure was had in the Baraga county contest, which was not completed.

Home Co-Operative Company

Pioneers in the Co-Operative Field. The Old Reliable

300 homes matured in the first 12 months. Why pay rent or interest?

This \$2,000 home bought for Etta S. Gamble, 1320 Cleveland ave., Kansas City, Mo. She pays \$10.70 per month.

The membership fee and monthly dues are less with us than in any other co-operative company. We will furnish you the money to pay off your mortgage or buy a home, city or country, anywhere in the United States, and give you 16 years and 8 months to pay it back at the rate of \$5.25 per month on each thousand applied for, WITHOUT INTEREST.

We are an association of people loaning money to one another. This plan is devised to help the salaried man and the wage-earner. Each subscriber pays a small amount each month. This money is collected by the company each month and the company buys as many homes each month as it has the money to buy with. All money paid before maturity is applied on the purchase price of your home.

Each member gets his home in his turn. When the subscriber gets his home he pays for it at the rate of \$5.25 per month until all the money loaned him has been repaid. This company is not loaning its own money. The members furnish all the money. It is the exchange of the members' money that makes it possible for each one to get the use of money without interest.

GUARANTEE—We guarantee each man a home in his turn. IT IS IMPOSSIBLE TO GUARANTEE WHEN YOUR CONTRACTS WILL MATURE, THE LARGER THE MEMBERSHIP THE SHORTER THE TIME CONSUMED IN MATURITY. THIS IS THE LARGEST AND OLDEST AND MOST RELIABLE COMPANY OF ITS KIND IN THE UNITED STATES. The more money paid in the more homes we purchase. WE GUARANTEE TO DEAL HONESTLY WITH OUR MEMBERS. Come and investigate us. We have the endorsement of thousands with whom we are doing business.

If you are sick or out of employment we make your payments out of the Reserve Fund. If the husband dies we forgive the debt to the wife or heirs. Don't say it can't be done until you have heard it explained. Insurance men and mathematicians say it can.

Send 2-cent stamp for further information.
