LA FOLLETTE WINS

HIS ADHERENTS CARRY DAY IN WISCONSIN CONVENTION.

PLATFORM ADOPTED TO HIS LIKING

SENATOR SPOONER IS PLEDGED SUPPORT CONDITIONALLY.

Principal Planks on Which Fight Was Made Favor Primary Elections and Equalization of Taxation.

Madison, July 16.—Governor Robert W. La Follette carried the day in the state Republican convention which was the most exciting political gathering ever held in the state. His adherents succeeded in piloting through the convention tonight a platform to his liking which the stalwart Republicans in committee held up for nearly six hours. While the planks favoring the primary elections and equalization of taxation are not to the stalwart's liking they stood for them and waged a battle against the Spooner plank which practically called upon the senator to stand upon the principles laid down in the platform.

Judge Bancroft Presides.

The convention was called to order at 12:15 o'clock today by Chairman Bryant of the state central committee. Judge Bancroft of Richmond Center was appointed temporary chairman. At the conclusion of his speech the various districts announced their selection for the committee on resolutions and at the conclusion of the announcement of the district selections three resolutions were offered from Milwaukee county, which were accepted without being read and handed to the committee on resolutions. One provides for the endorsement of John C. Spooner for re-election unconditionally to the United States senate. Another against the proposed primary legislation of the La Follette wing and the third provides for the modification of the tariff laws on strict protection lines. The last is in line with the views of Congressman Babcock. The convention adjourned until 4 o'clock.

Text of Platform Adopted.

It was not until 8:30 o'clock that the convention reconvened and received the report of the committee on resolutions, which were agreed to by a vote of 8 to 3. The committee had been in session nearly six hours. The platform reaffirms the support of the principles of the party as expressed in the last national platform and as loyally exemplified in the policies of the administrations of McKinley and of Roosevelt; laments the untimely death of McKinley; testifies to the ability of his successor to fully administer the highest trust. And then says: "We approve the public services of Wisconsin's representatives in both houses of congress and especially commend the official career of Hon. John C. Spooner, who by his notably able, conservative and patriotic course upon questions of national and international importance has become recognized as the leader in the United States senate.

Pledges Spooner Conditionally.

"We again express regret in his announced determination not to serve the state another term in the senate. Should he now find it possible to reconsider his decision and express his willingness to stand as a candidate in harmony with the sentiments and in support of the platform and principles here adopted and for the election of a legislature favorable to their enactment into law, we pledge him the enthusiastic support of the party for re-election. In case Spooner does not find it possible to again be eligible for United States senate we demand that all candidates for this position endorse the principles of this platform and favor the election of a legislature pledged to enact these principles into law."

Favors Abolishment of Caucuses.

"We regret the failure of the last legislature to enact the laws pledged to the public by demand of the Republican party through the platform in the last state convention. We condemn the pernicious activity of the federal officials of the state in their flagrant disregard of the civil service laws in attempts to forestall, and control the conventions and caucuses of the party and in assisting professional lobbyists before the legislature and elsewhere in the possible of defeating the legislation in refutation of the party pledges. We declare that the equal and uniform taxation of all taxable property and the right of every citizen to an equal voice with a direct vote in the nomination of candidates for office are issues of supreme importance in the existing state campaign. We therefore demand that the caucuses and conventions for the nominations of candidates for office be abolished by legislative enactment and that all candidates for the state legislature, congressional and county offices, be nominated at a primary election upon the same day by direct vote under the Australian ballot.

Work of Tax Commission Endorsed.

The work of the tax commission is endorsed and the demand of the party is renewed for the enactment of such laws as may be necessary to compel each individual and every corporation transacting business within the state, except such fraternal and other associations

WU GETS NOTICE OF RECALL.

Chinese Minister Receives Official Confirmation of His Change.

Washington, July 16.—Minister Wu has received official confirmation of his recall to Peking to assume connection with the new Chinese foreign office. The date of his departure depends on the arrival of Liang Chen Tung, his successor.

KING STOOD JOURNEY WELL.

Edward Is Enjoying Ocean Breezes at Cowes, Isle of Wight.

Cowes, Isle of Wight, July 16.—The following bulletin was issued at 11:30 o'clock this morning: "His majesty bore the journey from London to Cowes extremely well and suffered no inconvenience in the process of moving. The king had a good night. His general condition is excellent. He is much gratified at the change of air and scene. His majesty had his couch wheeled out upon the open deck for two hours yesterday afternoon.

METEOR LOSES RACE.

Dover, July 16.—Emperor William's schooner yacht Meteor III was the first to arrive here in the race from Heligoland for the Bush trophy, valued at six hundred guineas, and two other prizes in the order named. Lasca was declared the winner on the time allowance. Meteor III took forty-six hours to cover 310 miles and allowed the Lasca three hours.

SMITH IS RETIRED SENDS LAST NOTE

AUTHOR OF "KILL AND BURN" ORDER PUNISHED BY PRESIDENT.

APPROVES COURT'S FINDINGS

ROOSEVELT SAYS WALLER'S ACT SULLIED AMERICAN NAME.

In Passing Sentence Chief Executive Declares Officers in Command Are Held for Acts of Subordinates.

Washington, July 16.—Secretary Root has brought from Oyster Bay the case of General Jacob H. Smith, tried by court-martial at Manila on account of orders issued to Major Waller. Smith was found guilty of the charges by the court and sentenced to be admonished by the reviewing authority. The president has so admonished Smith and retired him under the law which provides that officers having reached the age of sixty-two years may be retired at will by the president. Root supplements the reprimand of President Roosevelt in a long circular in which he explains the conditions which resulted in the court-martial. It shows that although Smith issued the "kill and burn" order, as a matter of fact only a few persons were killed as a result of that order, the casualties being confined almost wholly to eleven natives killed under Waller's direction.

Waller's Act Sullied American Name.

The president in approving the sentence of the court says he is well aware of the danger and the great difficulty of the task our army had in the Philippines and of the well high intolerable provocations which resulted from the cruelty, treachery and total disregard of the rules and customs of civilized warfare on the part of its foes. He also heartily approves the employment of the sternest measures necessary to put a stop to such atrocities and bring the war to a close. "But," he says, "the very fact that the warfare is of such a character as to afford infinite provocation for the commission of acts of cruelty by the junior officers and enlisted men must make the officers in high, responsible positions particularly careful in their bearing and conduct so as to keep a moral check over any acts of improper character by their subordinates. In the recent campaign ordered by General Smith, the shooting of native bearers by the orders of Major Waller was an act which sullied the American name and can be but partly excused because of Waller's mental condition at the time; a condition due to the fearful hardship and suffering which he had undergone in the campaign. It is impossible to tell exactly how much influence language like that used by General Smith may have had in preparing the minds of those under him for the commission of the deeds which we regret.

General Smith has behind him a long career distinguished for gallantry and on the whole for good conduct. It is deeply to be regretted that he should have so acted in this instance as to interfere with his further usefulness in the army. We hereby direct that he be retired from the active list."

RACE TROUBLE IS QUELLED.

Colonel Ewart Reports on Situation in Eldorado, Ill.

Springfield, Ill., July 16.—Adjutant General Smith has received a written report from Colonel Theodore Ewart, assistant adjutant general, who had been sent to Eldorado to take charge of the squad of the state troops sent there from Company F, Fourth infantry, Mount Vernon, Lieutenant Moore in charge, to protect the colored people. General Smith did not make the contents of the letter public, but they were evidently reassuring, as he telegraphed to Colonel Ewart to return to Springfield and leave Lieutenant Moore in charge.

STRIKERS AT WORK

FREIGHT HANDLERS AND TEAMSTERS RESUME LABORS.

TROUBLE HAS COST \$10,000,000

BUSINESS MEN PLAN AGAINST SYMPATHETIC WALKOUTS.

State Board of Arbitration Gets Credit for Settlement of Difficulty—Result Is a Victory for the Railroads.

Chicago, July 16.—Renewed activity on the part of Chinese business men followed the settlement of the freight handlers' and teamsters' strike today. At the close of business hours tonight thousands of tons of freight had been sent from various freight depots. Every one of the 24,000 strikers who could obtain employment returned to work by 2 o'clock in the afternoon.

Strike Cost \$10,000,000.

The strike, it is estimated, cost the business men of Chicago \$10,000,000. In order to guard against such a contingency in the future they are preparing to inaugurate an educational campaign in opposition to sympathetic strikes. The labor unions will be asked to forego the use of this potent weapon. The business interests which suffered through the strike join in pledging themselves, it is said, not to sign any union agreements which do not guard them against these strikes. On the other hand, the labor unions are fighting to secure the right to arbitrate agreements for the purpose of ordering sympathetic strikes. The freight handlers blame the national officers of the teamsters for the loss of the strike. They declare the strike shows the necessity for incorporating in all agreements the reservation which permits the strikes.

Board of Arbitration Gets Credit.

The credit for the settlement rests with the state board of arbitration. It was the adoption of suggestions by that board which led to the action of the freight handlers' union in declaring the struggle with the railroads at an end. At the same time, it is probable that even had the board not made its suggestions, the fight would have been practically over tomorrow, as the majority of the freight handlers returned to work before the mass meeting at which the strike was called off officially, convened. The knowledge of this fact had much to do with the action taken by the union. However, the proposition made by the state board of arbitration enabled the freight handlers to retire gracefully from the field and prevented any hard feelings resulting from the struggle.

Vote to Return Almost Unanimous.

The meeting of the strikers presided over by President Curran resulted in an almost unanimous vote to return to work, leaving the wage scale and other questions for settlement between the men and their respective roads. At the conclusion of the meeting the strikers went by hundreds to the warehouses to apply for their old positions and the teamsters who remained out in sympathy again took up their reins. By noon immense quantities of freight which had been held back for days were being rushed to the railroads or taken from the warehouses and cars. Chicago merchants express unbounded relief at the termination of hostilities but they are scarcely less happy than the men themselves.

Railroads Issue Statement.

The Association of Railway General Managers, embracing every road which enters Chicago, issued the following signed statement: "All of our old men not before on hand for work, reported at the freight houses at noon today and were put to work. No conference was held with any committee or otherwise since Tuesday and no agreement was made with the union or with any committee. The men simply reported for work and they doubtless expect and will receive the pay offered July 1 and which the railroad companies have been willing all along to pay."

NEGRO ASSAULTER BURNED.

Mississippi Black Outrages Girl and Pays Penalty.

Clayton, Miss., July 17.—William Obey, a negro, was tied to a tree and burned at an early hour this morning. Obey outraged a young woman named Virginia Tucker. The negro was saturated with oil and a match applied to the fagots piled around him. The young lady was out riding in the country when attacked. She was so violently pulled from the buggy by the negro that both her lower limbs were broken. Miss Tucker is highly connected in this vicinity. She is at the point of death as a result of her injuries.

FIRE IN OIL FIELDS CONTINUES.

Jennings, La., July 16.—The fire which attacked the oil storage tanks here yesterday afternoon are still uncontrolled. No progress has been made in conquering the flames and if anything they are getting stronger.

TODAY'S WEATHER.

Washington, July 16.—The following is the weather bureau's forecast for Upper Michigan: Showers Thursday and Friday. Brisk south shifting to west winds.

TAFI'S NEGOTIATIONS WITH VATICAN MAY END.

GOVERNOR OF PHILIPPINES INFORMS THE HOLY SEE THAT FURTHER CONFERENCES WILL BE HELD AT MANILA.

ROME, JULY 16.—The last note of Judge Taft on the withdrawal of the friars from the Philippines was delivered to Cardinal Rampolla, papal secretary of state, at noon today. It is presumably the end of the governor's negotiations here.

Taft's note is addressed to Cardinal Rampolla, the papal secretary of state, and says in substance that Secretary Root is glad to see by the two notes received from the vatican that the holy see is animated by the best intentions to come to an understanding with Washington about the relations between the church and state in the Philippines and acknowledges the wisdom of these propositions, but observes that they would not solve the question. Taft concludes by requesting, in obedience to Secretary Root's dispatch, that further negotiations on the points raised be held in Manila between the apostolic delegate and the governor, after information suggested by Root has been ascertained and presented.

Vatican Has Befooled Americans.

London, July 16.—The Chronicle's Rome correspondent, referring to the closing of Taft's negotiations, says that great indignation is felt among the Americans in Rome, who are astounded at the utter want of appreciation the vatican has shown for American courtesy. The correspondent reports an interview with an American prelate, in which the latter is quoted as saying: "The vatican has befooled us and has missed the greatest chance ever offered her for prestige for a century. The treatment meted out to our representatives and the exposure of the unbusinesslike methods of Rome is an incident in our history which the Americans will never forget."

London, July 17.—The Rome correspondent of the Morning Post declares that the failure of Taft's negotiations with the vatican is attributed there to the influence of the heads of religious orders, especially to the Jesuit Cardinal Steinhilber, and that the vatican is considered to have sacrificed a splendid opportunity.

TOM JOHNSON FOR PRESIDENT.

Will Ask Nomination at Next Democratic National Convention.

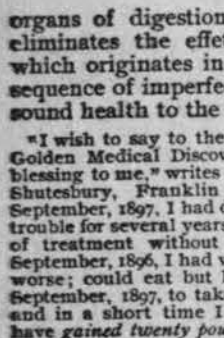

Cleveland, O., July 16.—Mayor Johnson will ask the Democrats of the country for the presidential nomination in 1904. The mayor has quietly informed a friend from Colorado that he would tour that state and probably several of the other western states, making a few platform talks. The Johnson boom for the presidential nomination was given momentum yesterday afternoon when a former Populist congressman, Lafe Pence of Denver, arrived in the city for a few days' visit. He was not in the city five minutes till he started in search of Mayor Johnson. Mr. Pence and Mayor Johnson were chatted in the fifty-third congress. They were in an hour in the mayor's office at the city hall over the outlook for the mayor's nomination for the presidency.

CREST OF FLOOD PASSED.

Keokuk, Ia., July 16.—The crest of the flood in the Mississippi river passed here at noon today and the river has been falling since. The Des Moines river began to fall at the same time.

GOOD LIVING

Quite often results in bad health, because what is termed "good living" is usually the gratification of the palate without reference to the nutrition of the body.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other internal organs of digestion and nutrition.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

SUBSCRIPTION RATES: Per month, by carrier, \$1.50 Per year, by mail, \$15.00

MARQUETTE, MICH., JULY 17.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

A GOOD ENDING.

If the congressional convention made a bad start Tuesday, it made a good ending last evening, when, amid a scene of vigorous Republican enthusiasm and complete harmony, H. O. Young of Ishpeming was nominated for congress.

The Mining Journal has felt for some time that this would be the issue of the fight that has been waging in the Twelfth district during the past few weeks and it regards it as a wholesome result for the party.

Yesterday's proceedings were in marked contrast to those of Tuesday, in that they were characterized by harmony and agreement, and in that the convention worked along with one organization, this resulting from the acceptance of the credentials committee's report on the contests.

The district is to be congratulated on the outcome. Tuesday the situation looked very threatening, but if the action last evening in making Mr. Young's nomination unanimous is any criterion and if expressions of good will and mutual respect and esteem go for anything the Republicans of the upper peninsula are now as close together as they have ever been.

Of Mr. Young's qualifications for the great office to which he will be elected this fall, The Mining Journal does not propose to speak. They are sufficiently known.

Speaking for itself, The Mining Journal may say that it is highly gratified with the result. A campaign which it has had much at heart has prospered to a successful conclusion and the Twelfth district has honored a gentleman who, it is quite sure, will deserve to be classed with the ablest men in the Michigan delegation in congress and with the capable representatives who have, from time to time, been sent from this district.

MERIT RULE FOR PROMOTIONS.

The merit rule for promotions in the government departments at Washington which was promulgated last week is a demonstration that President Roosevelt has not forgotten that friends of civil service reform still regard him as their leader.

It is now reported from Washington that congressmen are very friendly to the new rule, as it will relieve them from disagreeable work that they have heretofore been unable to avoid.

"All along the line the trail of the 'influence' regime can be seen over the activities of the departments, with the result that the government pays a large sum every year for far less work than a private employer could get for the same money.

The correspondent goes on to observe that the efficiency of the new rule will depend largely upon the congressmen themselves. He remarks:

"The first thing that nine clerks in every ten will do, who have depended on influence rather than merit to carry them along, will be to figure out some way to 'beat' the new rule. They will suggest occult and underhand means to reach the same end without the outward machinery put in force hitherto.

It is to be hoped that in this matter the congressmen will stand by the Pres-

ident, which will be standing by the public interest.

The June statement for the fiscal year of exports of breadstuffs, provisions and cotton, representing as they do about three-fourths of our exports, is matter of common interest.

The situation in Venezuela is serious enough to demand the presence of another warship in Venezuelan waters. The difference between the "ins" and "outs" seems to promise more real trouble than is usually the case with these South American disturbances.

The exultation with which the Democrats greeted the renomination of Governor Bliss, in their belief that he would be an easy man to defeat, has all passed away and the "Dems" are now in their usual condition of despondency and gloom.

The date for this year's meeting of the Upper Peninsula Press association are Tuesday and Wednesday of next week, when the members will be entertained in Marquette and Munising.

he has surely discovered the elixir of life. That he is able to do this is a mysterious compound, known only to himself, produced as a result of the years he has spent in searching for this precious life-giving boon, to cure any and every disease that is known to the human body.

AGED DYSPPEPTICS.

The Fluid-Secreting Glands of the Alimentary Canal Dry Up.

The feebleness of old age is largely due to the inability of the stomach to get needed nourishment from food.

Kaskola Tablets supply every element needed for digestion. They prepare the food for assimilation, and help bring back the vigor of youth.

Very truly, G. BUCKLAND. Fifteen and 50 cents at druggists. Sample and illustrated booklet free by writing the P. L. Abbey Company, Kalamazoo, Mich.

PITTSBURG WALL PAPERS

are the most notable success of the new season. Already accepted by the best judges as most perfectly adapted to their needs.

A CRITICAL TIME.

And How an Allegan Woman Was Brought Through it Safely.

In the experience of Mrs. J. H. Leach, of Allegan, Mich., will be found a valuable lesson to women. She says: "When the change of life came to me, I had such a hard time that it left me broken down in health and miserable, suffering with palpitation of the heart, nervous debility and rheumatism...

COPPERDOM BREVITIES.

The steamer New York of the Union Transit line is due up Saturday.

Work on the foundation for the new M. E. church to be built next to the city hall on Quincy street, Hancock, has started.

Simon Beahan, mining editor of the Hancock Evening Journal went to Marquette yesterday afternoon for a short business trip.

Copper country people are wearing Elks' carnival badges. The Bostock-Ferrari's big shows will be seen at Hancock all next week.

The new dining room at the Douglass House, Houghton, is now in commission, and Mr. Mann is well prepared to accommodate all guests.

The extension of the street railway line to Atlantic will likely be made this year. It is understood that a survey of the route has been ordered.

On account of Quincy street being torn up in preparation for the work of paving Buffalo Bill's parade will be seen on Hancock street, Hancock.

The rumor circulated yesterday to the effect that Superintendent Hosking of the Franklin has resigned to take a Western position was unfounded.

The Northern Construction company has been awarded the contract for Attorney J. G. Stone's new residence to be built at East Houghton. The work will commence at once.

The iron country delegates who will be in attendance at the convention of the Sons of St. George at Hancock today tomorrow and Saturday, arrived in copperdom last evening.

The Misses Jennie and Lillian Weider, daughters of A. H. Weider of Helena, Mont., who have been living at Dollar Bay for some time, left yesterday morning for Helena to join their father.

If the weather is favorable Sunday the picnic to be given at Haas' park, East Houghton, by the Houghton firemen will be a fine success. The Calumet & Hecla band will be the attraction. A big attendance is looked for.

The veterans of old Company F, Spanish-American war veterans, will meet at the Houghton armory at 7:30 o'clock tomorrow evening to march in a body to the Buffalo Bill show at Hancock. Captain George Millar will be in charge.

Multiple controllers have been attached to the street railway company's cars which enable two cars to be coupled and run together, the speed being regulated. The company is now in a position to handle large crowds to a better advantage.

Samuel Penberthy, a popular office employe of the Hoide Iron foundry at Ripley, submitted to an operation for appendicitis in the Hancock hospital yesterday morning. The operation was successful and Mr. Penberthy will soon be ready to resume work.

The Misses Ryan of Hancock gave a dancing party in the new hall in the Citizens' National bank building, Houghton, last evening. A large number of Portage Lake young people were in attendance and several hours were very enjoyably passed.

Marie and Nannie Veneterno, of Laurium, aged fifteen and eighteen, respectively, were arrested for disorderly conduct and brought before Justice Tratten yesterday morning. The judge decided to send them to the Industrial School for Girls at Adrian until they are of age.

C. J. Seymour of Flint has been awarded a sub-contract by the Barber Asphalt company to put in the curbing and catch basins on Quincy street, Hancock, which is to be paved with asphalt. Mr. Seymour started work yesterday. The preparatory work for the paving is being rushed.

A delegation of twenty Macabees, members of the Houghton lodge, drove to the Trimonant location Tuesday evening to visit the tent at that place. The degree team was taken along to initiate a candidate. After the usual ceremonies a fine supper was served, covers being laid for thirty-five. The visitors were royally entertained and were not at all sorry that they took the trip.

DON'T FAIL TO TRY THIS. Whenever an honest trial is given to Electric Bitters for any trouble it is recommended for a permanent cure will surely be effected. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. It's a wonderful tonic for run-down systems. Electric Bitters positively cures Kidney and Liver Troubles, Stomach Disorders, Nervousness, Sleeplessness, Rheumatism, Neuralgia, and expels Malaria. Satisfaction guaranteed by Stafford, only 50 cents.

CATARRH CANNOT BE CURED.

With local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is a blood purifier, and acts directly on the blood in the mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

F. J. CHENEY & CO., Props., Toledo, O. Sold by druggists, price 75c. Hall's Family Pills are the best.

One of nature's remedies; cannot harm the weakest constitution; never fails to cure summer complaints of young or old. Dr. Fowler's Extract of Wild Strawberry.

This signature is on every box of the genuine Laxative Bromo-Quinine Tablets the remedy that cures a cold in one day.

Sexine Pills

For years this remedy has been the standard nerve restorative. Thousands of happy men owe their newly found strength to its use.

Sexine Pills replace weakness and exhaustion with strength and vigor; the brain becomes clear; the nerves steady and calm; gloomy forebodings are banished and perfect vitality is fully restored.

If you are suffering as above, try a box; you'll be encouraged by its effect to take the full course of six boxes; then if you are not entirely cured, we will refund your money. This satisfactory offer is one of the factors of our success.

\$1.00 per box; 6 boxes (with guarantee to cure or money back, \$5.00, mailed in plain packages. Book free.

"J. E. K." CIGARS

Always Reliable. The Best that Tobacco can produce. 10c. or 3 for 25c. J. E. Kenning & Co. Mfg's. Grand Rapids, Mich.

1902 EDITION.

The new 1902 edition treats of Copper from all standpoints—Historical, Technical, Statistical and Descriptive. It is divided into ten chapters, as follows:

- I. History of Copper. II. Chemistry and Mineralogy. III. Metallurgy. IV. Glossary of Mining Terms. V. Copper Deposits of the World. VI. Copper Deposits of the United States. VII. Leading Foreign Mines. VIII. Lake Superior Mines. IX. American Copper Mines. X. Statistics of Copper.

The work is an octavo volume of 492 pages, set in Brevier type. It is the only volume printed in any language treating of the entire subject of copper, with descriptions of all principal mines, some 700 properties being listed, the descriptions ranging from a few lines to a dozen pages for each, according to importance.

The price of the Copper Handbook is \$3 in full morocco, and \$2 in buckram binding, prepaid to any address in the world. It will be

SENT ON APPROVAL

and may be returned within 30 days, if the purchaser is dissatisfied, for any reason whatever, and price paid will be refunded.

ATTEMPTED BRIBERY.

Gamblers Following Buffalo Bill Attempt to Set Up Games.

A party of fakirs is said to be following Buffalo Bill's Wild West show, which is here today. These men have no connection whatever with the show and only make the towns where Colonel Cody exhibits to take advantage of the large crowds which the Rough Riders draw. An attempt was made Tuesday by one of these "graffers" to bribe the city officials who have authority to grant licenses to amusement games. In the afternoon a smooth looking individual entered the office of Marshal A. Fandrem and after exchanging a few pleasant remarks began to talk of his business. He claimed to be conducting a legitimate trade, and asked for a license. Mr. Fandrem, however, was wary and determined to look further into the proposition. He attempted to put the man off for a time, whereupon the stranger coolly offered the marshal \$500 in cash if he would use his influence to license a gambling game which he managed. What was more, he was ready to put up the money forthwith and showed the "color" of his metal. Ishpeming, however, is fortunate in having honest officials. The fakir was told that there was not enough money in the country to do any bribery here, and was ordered out of the office. He is one of the fellows who worked several clever games at Union Park here two years ago. At that time he succeeded in getting off with several hundred dollars and was not captured. He is only one of many and the greatest care has to be taken to keep the craft out of town. The local police force has been receiving warning letters from Pinkerton headquarters against these schemers, and they are watched closely by the government officials. Several detectives accompany the show and on its arrival in town immediately go into conference with the local authorities with the idea of preventing the working of their games.

Most of the members of the gambling fraternity have their headquarters in some large city and from there they conduct their operations. Their usual plan is to send one of their number on in advance who claims some connection with the show and first sounds the officials. If he fails to find any who can be bribed he pretends to be conducting some legitimate business. If he fails to secure his license he resorts to bribery, and offers the highest sums to locate his gambling machines. If he secures this he usually sets up a fortune wheel or some other device. His two pals work in the crowd and play their money just like the crowd and play their money just like the crowd. The operator of the wheel has a spring beneath the wheel which works by foot power and he can make the wheel stop where he desires. The result is that his companions in the crowd are enabled to make large winnings and by their supposed luck, induce others to become victims of the game and these of course lose. If the "graffers" fail to make their bribery money back besides a large sum in addition, immediately after the show they begin their work of "lifting" from the pockets of the departing spectators. They are usually skilled pickpockets and the sums they get away are enormous.

Today no licenses have been granted to any outside parties, and only local parties have been allowed to secure any privileges. This is upon the advice of the head detective agency. A special force of policemen will be on duty all day and it is thought that if any game are worked they will all be the most secret kind of "confidence" deals. Every effort will be made to keep all gambling out and Marshal Fandrem assures the people that they will be protected against fakirs of every kind.

TO OPEN AUGUST 20.

Iver Johnson and Otto Peterson, members of the new clothing and furnishing firm which will shortly open business in the Nolan block, at the corner of Cleveland avenue and Second street, returned yesterday from Chicago, where they have been for a few days purchasing their stock. In case there is no further hindrance from the freight men's strike they expect to have their goods here by August 15 in time to open their store about the 20th. They say that the strike has practically killed the trade in Chicago, and that the strikers have been very desperate, not permitting the railroads to remove any of the loaded cars from the yards or allowing them to be unloaded. They say that in one year several thousand dozen eggs rotted in the cars and that many carloads of butter and other perishable goods were permitted to stand. Guards of strikers watched the cars, and any attempt to load them by any of the business houses resulted in interference. The drivers were seized and harnesses cut to pieces. They say that the tie-up has been complete and the Chicago market is closed tight.

LEAVE FOR CONVENTION.

Quite a delegation of Ishpeming members of the order of Sons of St. George left for Hancock yesterday to attend the annual reunion held there today and tomorrow. In the party are Thomas Atwell and Harry Jewell, delegates from Sir Humphrey Davy lodge; Richard Cole, delegate from Trelawney lodge, and Richard Barneet and John Treblecock of Sir James Watts lodge of Winthrop. Several members of the grand lodge also will attend, among them Jabez Treblecock, William Andrews and Joseph Benney. It is expected that a large delegation will leave on the excursion Saturday morning.

NEED MORE HELP.

Often the over-taxed organs of digestion cry out for help by dyspepsia's pains, Nausea, Dizziness, Headaches, liver complaints, bowel disorders. Such troubles call for prompt use of Dr. King's New Life Pills. They are gentle, thorough and guaranteed to cure. 25c at Stafford's drug store.

The ladies are invited to call and inspect our new line of silks. All the latest, Finnish Mercantile association.

DOCTORS' MEETING.

The Seventh Annual Convention of U. P. M. A. Was a Great Success.

The doctors of the upper peninsula closed their seventh annual meeting at the Nelson at 2 o'clock yesterday afternoon. The session has proven one of the most successful in the history of the association. In point of attendance, it has far surpassed any previous gathering. The program proved most interesting and the papers were of a uniformly excellent quality. The banquet Tuesday evening, a delightful affair, was largely attended.

Six additional members registered yesterday. They were B. D. Harrison, Sault Ste. Marie; W. H. Dodge, Hancock; W. T. Carpenter, Iron Mountain; C. F. Larson, Crystal Falls; R. S. Forsyth, Gladstone, and H. Smith, Negaunee.

Yesterday forenoon the new officers were elected. The president is Dr. J. A. Crowell of Iron Mountain, J. Edwin Cruise of Iron Mountain was re-elected secretary and treasurer. The other officers are: First vice president, George D. Beach, Champion; second vice president, C. J. Ennis, Sault Ste. Marie; third vice president, H. M. Joy, Calumet.

The next meeting will be held in July, 1903. An invitation was received from Sault Ste. Marie and it will be held there.

CONVENT TO BE REPAIRED.

Many Improvements Will Be Made in and About the Buildings.

The trustees of St. John's church are contemplating several changes in the arrangements of the convent building and Sisters' residence, and are figuring with J. Wahlman & Sons on the work. There are at present eight school rooms in the convent building, besides the large hall on the third floor. These will be overhauled and fitted with hard-wood floors. A new foundation wall will be placed under the entire building and a basement will be provided. A complete system of plumbing and a new heating plant will be installed.

GIDEON'S MINSTRELS TONIGHT.

Gideon's Big Minstrel show will hold down the boards at the opera house tonight. The company played in Negaunee Tuesday and those who attended their performance say that it is the best traveling troupe that has struck this section for some time. The show has been playing to crowded houses in the south and its program is full of merit from start to finish. The first part stage is decorated and the company presents the regulation minstrel show, consisting of all the latest ballads, and comic songs, with a budget of jokes that are absolutely new and said by those who have heard them to be of rare merit. This is followed by a large bill of specialties consisting of eleven numbers.

The minstrel show will prove an excellent diversion from the Buffalo Bill show in the afternoon and for an evening of solid, clean fun the bill has few equals.

DAILY WEST MINE LOSS.

Yesterday afternoon local brokers received notice that the Daily West mine at Daly West, Utah, had been destroyed by a powder explosion, and that the stock had taken a sudden drop in consequence, from fifty-nine to fifty, a drop of nine points. Several Ishpeming parties have shares.

The explosion buried over one hundred miners. Up to yesterday afternoon twenty-seven dead bodies had been taken out. The force of the explosion was so great that the shock was felt in another mine more than a mile away.

ISHPEMING IN BRIEF.

A baby girl was born to Mr. and Mrs. Con Curran Tuesday.

J. A. Voelker has a cellar and two office rooms in his store to rent.

John Beerling from the copper country was in the city yesterday, visiting his family.

J. T. Wills and wife of Calumet are visiting at the home of Thomas F. Gill on Empire street.

The Andrews block on East Division street is being given a coat of paint by W. J. Walters.

The property of the Presbyterian church has been improved by the addition of a new cement walk.

Wm. Leininger and wife and J. P. Sherer and wife took in Buffalo Bill's show at Marquette yesterday.

Fruit dealers say that the strawberry crop is about exhausted and that in another week, Mr. Straw Berry will have departed.

Miss Maude St. Onge of Iron Mountain has been visiting Miss Louise Lavigne in the city for some time returned home yesterday.

Mrs. S. J. Pearce living on N. Main street will leave Friday for St. Paul, Minn., to visit her daughter Mrs. Wm. Richards. After a short visit there she will go to Lead City, Dakota, to

DR. FENNER'S KIDNEY and Backache CURE

All diseases of Kidneys, Bladder, Urinary Organs. Also Rheumatism, Backache, Headache, Gravel, Dropsy, Female Troubles.

Don't become discouraged. There is a cure for you. If necessary write Dr. Fenner. He has spent a life time curing just such cases as yours. All consultations Free. "For years I had backache, severe pains across kidneys and scalding urine. I could not get out of bed without help. The use of Dr. Fenner's Kidney and Backache Cure restored me. G. WAGONER, Knoxville, Pa. Druggists, 50c.-\$1. Ask for Cook Book—Free. ST. VITUS' DANCE Sure Cure, Circular, Dr. Fenner, Fredonia, N.Y.

CURES WEAK MEN FREE.

Insures Love and a Happy Home for All.

How any man may quickly cure himself after years of suffering from sexual weakness, loss of vitality, night losses, varicocele, etc., and enlarge small weak organs to full size and vigor. Simply send your name and address to Dr. Knapp Medical Co., 519 Hull Bldg., Detroit, Mich., and they will gladly send the free receipt with full directions so any man may easily cure himself at home. This is certainly a most generous offer, and the following extracts taken from their daily mail, show what men think of their generosity:

"Dear Sirs—Please accept my sincere thanks for yours of recent date. I have given your treatment a thorough test and the benefits have been extraordinary. It has completely braced me up. I am just as vigorous as when a boy and you cannot realize how happy I am."

"Dear Sirs—Your method worked beautifully. Results were exactly what I needed. Strength and vigor have completely returned and enlargement is entirely satisfactory."

"Dear Sirs—Yours was received and I had no trouble in making use of the receipt as directed, and can truthfully say it is a boon to weak men. I am greatly improved in size, strength and vigor."

All correspondence is strictly confidential, mailed in plain, sealed envelope. The receipt is free for the asking and they want every man to have it.

spend several months with her husband who for the past five years has had charge of mining interests there. She will return the last of October.

Ole Walseth is placing a new wall under the south and east side of his residence. He is also surrounding his place with a cement walk.

The merchants of the city have agreed to close their places of business today at noon. Some of them will reopen again at six and others have consented to remain closed all day.

Early last evening a horse without a driver came running down Division street at headlong pace. It ran into a hydrant at the corner of Main and Division completely destroying the buggy, and leaving with it most of the harness. The horse was captured on the edge of the city limits.

Reil Delary has opened a shooting gallery in the Robbins block. Next week he will inaugurate his opening by holding a shooting contest for which he has set up as prize a 45-70 Remington rifle. The contest will last throughout the week and the person having the highest score will receive the prize.

About 2:30 yesterday afternoon a telegram was received by the freight department of the Northwestern saying that the embargo on freight into Chicago had been lifted and that traffic could again be resumed. A large quantity of freight has been held in the freight rooms and big shipments will be made today and tomorrow.

LOCATING SMOKELESS GUNS.

The English war office has many schemes for training their soldiers, and which are generally allowed up by practical demonstration. The latest is a device for locating guns firing smokeless powder, and its success will mark a new era in military progress. It is also interesting to consider the wonderful advancement in medicine during the past fifty years. It was about that time that Hostetter's Stomach Bitters was first introduced, and during those years has made such a wonderful record of cures of such ailments as indigestion, heartburn, dyspepsia, belching, constipation and liver and kidney troubles, that today it occupies the foremost position as a family medicine. Don't fail to try it. Our Private Stamp is over the neck of the bottle.

Republic.

"KIDS" MAKE A HIT.

Juvenile Minstrels Pleas Large Audience Friday Evening.

A letter pleased audience never attended a local entertainment in Republic than that which greeted the "kid" minstrels last Friday evening at the town hall. The hall was packed to the doors and many more persons would have been there had seats been available.

The performance was a most agreeable surprise to all. The work of the little tots compared favorably with that of the older amateurs who gave an entertainment here last fall. Their chorus was splendid; the solos, duets, trios and quartets were "cute" and the dancing by a couple members of the troupe made a hit. The "gags" fairly brought down the house and the hits on local people were the talk of the village for the next few days. The children were well costumed and the make-ups of some of them caused much merriment.

During the afternoon the performers gave a street parade that caught the town. All were mounted and the biggest horses to be had were used. The end men were attired in the costumes they wore on the stage.

The youngsters were trained by Louis Levine, who is one of the cleverest amateur minstrel men in this section. He had a hard time keeping the children to their work during the rehearsals, but the performance moved without a hitch.

It is likely that the "kids" will give performances at Champion and Michigan.

BALL TEAM DOWNED.

The Republic baseball team is playing very well this season, but the boys seem to have hard luck when they met the Crystal Falls team. On Sunday last the local aggregation visited the Menominee camp town and secured its second game this season to the team over there. The score at the end of the ninth inning was 7 to 1. For a time it looked as though the local nine was doomed to a shut out, but by a streak of good stick work at the proper time one man was brought across the plate. The Republics played fast ball and succeeded in giving their opponents six "goose eggs." The teams will likely meet in Republic within the next few weeks.

TO THE BILL SHOW.

The Buffalo Bill show will attract more Republic people to Ishpeming Thursday than have ever visited that city on any previous occasion. The men employed at the mine have been granted a holiday and it is expected that nearly one thousand persons will go from here. Many of these are children and will be among the excursionists.

gone to Marquette to see the show in order that all the members of their families would not be away from home Thursday. The South Shore company did not offer special rates for Wednesday, as all the extra cars on the system were needed that day on the east end.

HOTEL IN NEW HANDS.

Comile Forsey and Mrs. Gauthier, both of this place, have taken the management of the Sundquist house. The property passed to Mr. Forsey on Saturday last and Mr. Sundquist and his family immediately began preparing to move. They are occupying the last house on the north end of Main street. Mr. Sundquist is thinking of locating at Crystal Falls, where he has relatives who want him to engage in business there.

SNAP SHOTS.

The employees of the Republic iron company were paid Tuesday for June work.

Mrs. D. Harrington of Calumet has been a visitor at her parents' home here the past few days.

George Parr spent the past few days at Mass City visiting friends. He has been offered employment there, though he has not yet made up his mind to leave Republic.

Mrs. Reando has decided to rebuild her dwelling, which was destroyed by fire during the winter. The site is one of the most desirable in the village for residence purposes.

The Misses Julia and Mary Lang of the copper country, who have been here the past two weeks visiting Miss Annie Parr, will return home the latter part of this week. They will be accompanied by Miss Parr, who has been granted a ten days' vacation.

D. P. Householder expects to leave soon for Montana, where he has been offered a position as bookkeeper in a mining company's office. He will look over the ground before accepting the place. In case he decides to remain West he will move his family from here as soon as he can secure a house.

Several men have been working all week in the Verran block, which was recently purchased by the Finnish Co-operative society. The basement was finished early in the week and the carpenters are making good headway with the shalving and other woodwork. The entire interior is being painted by William Schmidt and later the outside will be given two coats of paint. The block will be ready for occupancy about the first of the coming month.

FRUIT PRICES HIGHER.
Chicago Freight Handlers' Strike Causes Them to Rise.

According to local fruit dealers, the big strike of the teamsters and freight haulers in Chicago is causing no end of trouble to the trade here. Until a little over a week ago fruit and vegetables had been coming in daily from Chicago, and most of the towns of this section have been depending solely upon the Chicago market for their green produce. Now within a few days all has changed and the piles of fruit that were destined to find their way into the local markets are rotting in the large freight houses of Chicago. The great trouble, according to dealers, is experienced in the western fruits. In the case of potatoes and small vegetables native to Michigan and the central states, farmers are seeking other markets, and the supply running into Chicago has been cut off, but with western fruits (Chicago is the only central market, and the supply coming in has been undiminished. As it is dealers are having trouble to get even the Michigan products. The vegetables of the western part of the southern peninsula are being sent for the most part to Milwaukee, instead of Chicago, as heretofore, and the Wisconsin market is booming. Various other markets have received the products of Michigan and other central states, and retail dealers are at a loss where to order.

The result of all this has been a scarcity of green stuffs all around and a consequent raise in prices. The only possible way to get any quantity of western fruit is by the express companies and the high transportation charges have raised the prices of these fruits twenty-five per cent. In many cases small fruits cannot be had at any price. A prominent dealer in the retail trade said yesterday: "The fact that the common vegetables and fruits are not sent to Chicago should tend to make prices here lower. When the Chicago market is closed and they are shipped to other points nearer, the necessities would be that the price would be lower, but not so. Those who get hold of the produce realize the demand and take advantage of the circumstances, holding back for a higher price than even the Chicago marketers demand. Of course retail men have to stand this and if necessities demand a raise at home. Some goods have to be expressed that on ordinary occasions would be sent by freight, and that, too, tends to raise prices. The conditions now are, however, nothing to what what they will be if the strike continues a week or two longer. Then it will be almost impossible to get anything except at outrageous prices that the people will not stand for."

LOCAL LACONICS.

The walks about the city building are being repaired.

Edwin Frank of Milwaukee visited friends in town yesterday.

H. C. Higgins of Xenia, Wis., was at the Breitung House Tuesday.

Orr Schurtz, superintendent of schools, was in Marquette on business yesterday.

A. Linquist, contractor, is placing new parquet flooring in the residence of D. McDonald.

Workmen on the Breitung estate have moved their drills to the Lonsdorf property and have commenced operations there.

The brick work on the Walker block on Jackson street has been completed and the building is ready for the finishing and wood work.

A large number of politicians besides the regular delegates attended the Republican congressional convention at Marquette yesterday.

Mrs. Tom Atkinson of Atkinson arrived in town yesterday and is visiting her parents, J. P. Foley and wife. Mr. Atkinson will arrive tomorrow.

The mines are closed today and most of the miners will attend the Buffalo Bill show in Ishpeming. Several of the business firms will be closed this afternoon.

GAMBLERS SEEK ADMISSION.

Amusement fakirs are trying all sorts of plans to get locations here at the firm's tournament in August. Justice T. H. Trathan, who is chairman of the committee on amusements and also a committee of one on privileges, has been receiving letters from several parties who want to run gambling devices, and plenty of money has been offered to allow their installation. The committee will, however, allow no games to be run during the tournament that are intended to fleece the visitors. There will be plenty of shows and amusements, but only of the legitimate sort.

UPPER PENINSULA.

Dan Suanto of Bessemer had one of his eyes destroyed by a giant fire cracker on the Fourth. A boy came along and lit the cracker under Suanto's feet, and when it exploded a pebble flew into his eye and completely destroyed it.

A young son of Gust Soderquist of Pentago, Iron county, was quite badly injured last week by the explosion of a mining cap, with which he was playing. He had the cap and some stones inside of a shell, and was pounding the latter on a rock, when it exploded, several of the stones, a piece of shell entering his leg and side.

The work of driving the piling for the new dock of the Chicago & North-western road at Escanaba is well under way. The job is no small one as it will require over 7,000 piles to support the dock. The entire structure, including the approach, will require between 9,000,000 and 10,000,000 feet of lumber. It is expected to have the dock completed by the first of next April.

Charles Burley was instantly killed last week while loading logs at his farm in Hiawatha township, seven miles from Manistee. Unaided he was placing a large basswood log on a wagon from a skidway. He had one end of the log up, and was in the act of raising the other end when the log slipped, striking a wheel. The wheel of the log came one end of the skid to fly upward. In so doing it struck Mr. Burley under the chin with such force as to break his neck. He was thrown about sixteen feet.

Never again will Fred Richards of Menominee defy Fate and superstition by treating lightly that ill-omen known as the Number 13. Richards, who conducts an individual employment bureau, started out the other day with just a dozen and one man to take them to Iron Mountain to work for a lumber company. Upon reaching his destination Richards invited his charges to dinner and they accepted the meal with avidity, but when the host began to make a roundup to take his men into camp he found that just ten of them, after partaking of strong waters, had strayed into parts unknown. Consequently the unfortunate Mr. Richards lost just ten-thirteenth of the total sum he should have received for hiring his slippery crew.

KIRKWOOD BLOCK REPAIRS.

The walk in front of the Kirkwood block, on Iron street, is being repaired. The surface of the present walk is being covered with a new tar coating. The entire building is to be overhauled and repaired. The walls will be newly decorated and plastered and the offices above the drug store of Kirkwood & O'Donoghue will be refitted. The floors will be covered with the new linoleum flooring and the interior of the drug store rearranged. Thomas Laporie has the contract for repairing the sidewalk and Louis Kellan will do the other work.

ST. PAUL'S HEATING PLANT.

C. L. Anderson, of the Lake Superior Steam Heating company, was in town yesterday on business. The company has the contract to install new heating plants in St. Paul's church and in the parsonage. The church will be heated by steam and the parsonage by hot water. The work will not be started for a few days.

J. M. PERKINS
DRUGGIST
Negaunee, Mich.

up in the air, didn't lose his presence of mind. He quickly seized the rope, freed his foot and slid down to mother earth. The whole thing happened in a few seconds, and the distance of the fall was probably not over twenty feet. Mr. Kirstine's hands were badly burned by the rope and his face and knee were considerably bruised by the fall. He says he doesn't want any more ballooning for some time to come. Had he been unable to release his foot from the rope as quickly as he did he would undoubtedly have been killed. It was a close call.

Lieutenant Brombell, of Co. C, located at Fort Brady at the Soo, is probably the smartest man in the United States infantry. There is one at West Point who is reported smaller than the Fort Brady officer, but it is not certain that he can claim the distinction. The lieutenant entered soldier life four years ago from the civilian ranks and did not have the advantages of a schooling at West Point. Under these circumstances his rise in the service has been remarkable. Lieutenant Brombella is five feet one inch in height and weighs 105 pounds. He has seen hard service in the Philippines and China and appears none the worse for wear. His comrades claim that of brave soldiers he is of the bravest and at all times is a most gallant and active officer.

A neatly dressed and smiling young man walked into Riorian & Young's barber shop at the Soo a few days ago and as his face seemed to be good for a shave Dan Riorian yelled "Next!" in his most stentorian tones. Dan shaved over and around the protracted smile that lingered with the stranger and after he had departed the barber remarked, "Well, that was a pleasant young customer!" About thirty minutes elapsed and the same young man was seen coming back to the shop again. "I know that face—I've seen that fellow somewhere," Mr. Riorian remarked. "Hello, Dan!" Jack Riorian exclaimed as he offered his hand to the brother whom he had not seen for seven years. And friends are still laughing at the expense of the barber who shaved his own brother without recognizing him.

The other day Martha Wazinski of Hermansville called on a certain genial dispenser of law, order and martial bliss at Menominee and told him she wanted a husband. When asked where her prospective husband was she said she did not have any, but had been told the justice could supply her with one. She left her native town, she said, because there were twelve women to every man there. She had heard there was a dearth of girls in Menominee and had been referred to the justice. He told her he did not have any young men on hand, but if she would leave her name and address he would try to find her one. She left the following with the justice: Martha Wazinski, Hermansville, Mich., aged 19; height 5 feet 8 inches; weight 170 pounds; blond hair; good cook and housekeeper; fond of tall dark men; very affectionate, religious.

Charles Sandelin of Daggett was brought before Justice Elger at Stephenson last week, charged with disorderly conduct and other offenses, for which he was convicted and sentenced to the county jail for a term of sixty days. Sandelin in a spirit of frenzy, conceived the idea that he would make kindling wood out of his house and his wife and other persons into space by the use of dynamite. He first took a stick of the dangerous stuff, attached a burning fuse to it and put it into the kitchen for the purpose of reducing the house to splinters and at the same time put an end to the usefulness of his wife. He was detected in the attempt by a neighbor who managed to pull the fuse out of the cartridge before it reached the explosive. Being baffled in this, he put another dynamite charge under the corner of the building, but this was also made harmless by the prompt arrival of a neighbor who pulled out the fuse in the nick of time. Mrs. Sandelin, fearing that he might succeed in future efforts, caused his arrest, and will now seek a divorce from him. When Sandelin has served his sixty days' sentence he will have to answer to another charge, which will probably result in his retention in a place where he cannot get hold of any dynamite.

Something of a novelty occurred at Ironwood recently. "Old Glory" floated to the breeze over a thousand feet above the housetops. The Rev. Wm. C. McCracken, rector of the Church of the Transfiguration, is an expert kite maker. The idea occurred to him that the stars and stripes should float over the city at a height exceeding that of the great Eiffel tower. Somewhat in doubt as to whether the desired result could be obtained he procured 1,800 feet of twine and made five kites with which the novel feat was accomplished. The top was a thirty-two inch red, white and blue kite. The second kite represented the shield of the country with forty-five stars and thirteen stripes; the third was a blue star, the fourth white and the fifth red. All were attached to one string, with the American flag midway between the topmost kite and second. Mr. McCracken estimates that the highest kite was up nearly fifteen hundred feet, and as the flag was one hundred yards down the string he calculates that "Old Glory" was between ten and twelve hundred feet above the house tops. The idea was a novel one, to say the least, and its successful accomplishment required something more than ordinary skill. The heaviest string used was hardware wrapping twine upon which there was a tension of about seventy-five pounds. Taking the kites in was no small task and gloves were necessary to keep the string from cutting the hands.

IF A MAN LIE TO YOU,

And say one other salve, ointment, lotion, oil or alleged healer is as good as Bucklen's Arnica Salve, tell him thirty years of marvelous cures of Piles, Burns, Scalds, Corns, Felons, Ulcers, Cuts, Gouls, Bruises and Skin Eruptions prove it's the best and cheapest. 25c at Stafford's drug store.

ADAMS BLOCK, Marquette, Mich.

ISHPEMING MAN IS THE NOMINEE

H. O. Young the Choice of the Republican District Convention for Congress.

NAMED LAST NIGHT ON SIXTEENTH BALLOT

Break from Shelden in the Menominee Delegation Put an End to Threatened Prolonged Deadlock and Brought Victory—Credentials Committee's Report a Compromise.

On the sixteenth ballot, in the midst of one of the wildest pandemoniums that has ever marked the close of a congressional fight in this district, Menominee county last evening nominated H. O. Young of Ishpeming for congress by swinging its ten votes into his column, forsaking the Shelden colors in pure vexation at the stubbornness of Houghton county in standing out for Wright. Ontonagon county, another Shelden stronghold, followed suit, giving Mr. Young, in all, thirteen additional votes, or a total of sixty-one, Carl Shelden's strength being reduced to fifteen votes and Mr. Wright standing where he started, with Houghton county's solid delegation.

This was the exciting close of one of the most intensely interesting days in Marquette's political history. After Menominee's action, it was several minutes before business could be resumed. The city hall, to which the convention had adjourned from the opera house, was packed with delegates and spectators and at the break everyone arose and strained his lungs to the breaking point, either in delight at the outcome, or in pure love of confusion. When the roll was completed, on motion of Mr. Bentley of Houghton county, the seconds being Messrs. Mills of Chippewa, Mills of Menominee and others, Mr. Young was declared the unanimous nominee.

Agreement on Credentials.
Yesterday was a day of severe trial to all the parties to the congressional convention. The morning found the credentials committee in session and, work hard as it could, it was late in the afternoon before it was ready to report. The situation, until the fate of the several contesting delegations was decided, was greatly involved and no one could be sure of their ground. It was realized that the contest from Chippewa would be turned down, but the question was whether Young would lose the Baraga or Schoolcraft delegations, or both. It was certain that the credentials committee, with a member representing Wright and another Shelden, would not nominate Young by seating both his Baraga and Schoolcraft men.

Fortunately, for the good of all concerned, the report of the credentials committee clarified the situation considerably. As was expected, it proposed to seat the Shelden delegation in Chippewa. It also gave Shelden the Baraga votes, but left Mr. Young in possession of his delegation from Schoolcraft, thus with forty-eight votes, only one less than a majority.

The credentials committee's work was accepted by all the factions in the convention. It gave the Shelden men everything they could possibly ask for, and if the Young people were disposed to quarrel with it, in the interest of harmony and in view of the fact that they were but one vote from victory, they decided that they would acquiesce and go in to win.

It was late in the afternoon before the delegates were finally called to order and it was six o'clock when the tenth ballot was taken, the proceedings being very orderly and quite interesting. At this stage an adjournment was taken until 8 o'clock.

A Stampede to Young.
Good snappers put the delegates in a pugacious mood and the proceedings after order was called at eight o'clock were snap and go until the final adjournment.

The eleventh and twelfth ballots showed no change in the lineup, but the delegates were very noisy. Delegate Juttner, from Menominee county, clamored onto the platform and started merrily on an arraignment of Houghton county for its desertion of Carl D. Shelden and for its obduracy in clinging to Mr. Wright. Mr. Juttner did not, at this time, have his say out, as the convention was in no mood to listen and howled him down. When he saw that all further efforts to speak were hopeless, he gave up the attempt and sought his delegate's seat.

The thirteenth ballot showed no change, the chairman's voices ringing out with a defiant air that, in many quarters, gave rise to the prophecy that the deadlock would last all night.

But at this interval Mr. Juttner was granted a hearing and this time he had his say out. He brought the convention to its feet by announcing, in no undecided terms, that if the Houghton delegates did not care to stand by the candidate from their county, who stood the best chance of being nominated he did not see why other delegates should worry about their interests. Then Mr. Juttner tickled the Young men by stating that unless Houghton broke for Shelden on the second ballot following he would vote for Young.

A Protest from Houghton.
During a lull in the resulting pandemonium, Mr. Robinson of Houghton

county was recognized by Chairman Smith. He registered a vigorous protest at the interruption of the proceedings by addresses or remarks from delegates, insisting that it was the convention's business to proceed with roll calls until a nomination was made.

Here Mr. Mills of Menominee moved an adjournment of ten minutes, to gain time to line up the Menominee delegation with the purpose of seeing where it was at. Cries of "Mr. Shelden," "Mr. Shelden," "Where is Mr. Shelden?" rang through the hall, but the congressman was not forthcoming.

The idea of an adjournment was not pleasing to the Young men, who manifested their disapproval by calling loud and long for further roll calls on the nomination. Mr. Mills was, however, seconded and, on the aye and nay vote, Chairman Smith declared it carried. Demands for a roll call of the vote were complied with and a call of the vote followed that it was defeated by the overwhelming vote of eighty to seventeen, a result at which the Young forces were highly jubilant.

The fourteenth and fifteenth ballots were taken amid scenes of the greatest noise and confusion. The atmosphere of the convention was strained and tense, a break being expected momentarily, but the deadlock continued.

Menominee Ends the Fight.
There was almost perfect silence during the call of the sixteenth roll, as it marked the time when the Menominee men had promised to bolt. Secretary Peterman read the counties slowly and deliberately, getting the same old responses until he came to Menominee, when Young's name was sung out in place of Shelden's.

Here the assembly took ten minutes off to relieve its feelings in enthusiasm and noise. When order was restored and the final roll call completed, Mr. Young was escorted to the stage. His appearance was the signal for another outburst. Mr. Young has rarely spoken with better effect than last evening, both in the manner of his delivery and the nature of his subject matter. His remarks were well received by the convention, the delegates evidently being satisfied that they were listening to a gentleman with whom the disagreements and jangles of the past few days would go for nothing and who, as he asserted, has no enemies to punish or friends to reward who are not friends of the Republican party.

Speech of the Next M. C.
Mr. Young said:

"Mr. Chairman and gentlemen of the convention: I recollect some six years ago I was called before a congressional convention at Ironwood, on a similar and yet different occasion. I have a feeling that I made a better speech than I am likely to make this evening, at the conclusion of a somewhat strenuous and arduous campaign. Yet I am confident that the speech I delivered on that occasion did not give me one half the satisfaction of this one.

"I wish to express my highest appreciation for the honor of the nomination. To my loyal friends, I offer my heartfelt thanks. For those who have stood loyally by the other candidates, I have assurances of consideration and respect. I am confident to believe that as a result of this convention there will be no sore spots or hard feelings. I assure you gentlemen, that I have no enemies to punish and no friends to reward who are not the friends of the Republican party.

"It is a great honor to be nominated for congress in the Twelfth district of Michigan. It has a big population, a wide diversity of industries and a large extent of coast line, on which the government continually makes great expenditures. It stands almost unique.

"The district has always had a high standard for its representatives. For ten years I supported a gentleman from Houghton county, a gentleman who was an honor not to upper Michigan and Michigan alone, but to the nation at large, Hon. Jay Hubbell of Houghton. He was followed by Seth Moffat, who died all too soon for the profit of his district and state. His successor was not in congress long enough to prove his ability and worth. Then came a gentleman from Menominee, Sam Stephenson, whose word no man doubted and whose sterling sense and business insight were of great benefit to the district. Mr. Stephenson was followed by the present member, who has always been a loyal and faithful servant, reflecting credit on the district and the party. I speak of Carlos D. Shelden. These representatives have fixed a high mark of excellence for the emulation of their successors.

"It will be my ambition to do my duty to the district, to each and every section of the district, and to all portions of the party, having no enemies to punish and no friends to reward.

"I know the gentlemen of the convention do not expect a long speech from

me and I will say the speeding word. I thank you."

Congressional Committee Named.
A committee was sent to find Charles A. Wright and Menominee cheerfully, but they were not about the hall, nor did they appear before the convention.

The matter of the congressional committee was then taken up and disposed of very expeditiously. Charles E. Miller of Gogebic was named for chairman. The other members are George C. Bentley of Houghton, Michael Kern of Menominee, M. M. Duncan of Marquette and Otto Davidson of Dickinson. On motion, the following important resolutions were adopted:

Resolved, That hereafter, when delegates are elected to any Republican congressional convention in the Twelfth district of Michigan, that the chairman and secretary of each county convention shall forward by mail to the chairman of the congressional committee, immediately after they shall have been chosen, a certified list of the delegates elected at said county convention, in order that a prima facie roll of the convention may be prepared by the congressional committee.

Resolved, further, that the sense of this resolution be incorporated in the call of any congressional convention hereafter held in this district.

Roosevelt Endorsed.
The following resolutions, reported by the committee, J. R. Van Evera, chairman, were approved by the convention.

Resolved, By the Republicans of the Twelfth congressional district of Michigan, in convention assembled, that we pledge anew our fealty to the principles of the Republican party, as enunciated in the platforms, adopted in its national and state conventions, and pledge ourselves to support the principles of the party and its candidates for election to all national, state, county and municipal offices.

We congratulate the country at large and this district in particular, upon the great prosperity which now prevails, as a result of the wise and efficient laws which have been enacted by the Republican party of the nation and the state, and the policies pursued under Republican administrations.

Our industrial development has been tremendous and unparalleled. It has brought with it problems of supreme importance and great difficulty. Those problems will be can safely be left to the common sense legislation of the Republican party. The remedies suggested by the Democratic party in their latest national platform and in their various state platforms would mean, if adopted, general business chaos and financial ruin.

We most heartily endorse the administration of President Roosevelt. We have complete confidence in the wisdom and patriotism and humanity of his statesmanship. In his foreign policy he has displayed matchless diplomacy. He has walked in the path that William McKinley would have walked had he been permitted longer to serve as president of the United States. He fully recognizes, as did McKinley, that the manifest destiny of the American Republic is to lead the van of humanity's advance.

We most emphatically commend the conservative and business-like administration of Governor Aaron T. Bliss.

We confidently invoke the considerate judgment of the voters of the Twelfth congressional district of Michigan and trust that that judgment, expressed at the ballot-box, will send to the congress of the United States the candidate nominated by this convention—a congressman who will assist in enacting legislation in harmony with the principles of the Republican party and for the general good of all the people.

At this juncture an adjournment was taken, the convention breaking up in good spirits, as conventions go, although, of course, there were a few delegates who were greatly disappointed at the outcome. But the Young push was enthusiastic enough for all.

Earlier Proceedings.
It was shortly after 9 o'clock in the morning when Chairman Charles Smith called the convention to order. It explained that the committee on credentials was still unable to report, and on motion it was carried unanimously that an adjournment until 2 o'clock in the afternoon be taken. At 2:10 o'clock p. m., the assembly was again called to order, but in a few minutes a committee on credentials believed a report could be arrived at at that time.

At half-past three the convention reconvened, and Delegate Duncan of Marquette addressed the chair. He had been informed, he stated, by a member of the credentials committee that it was likely a decision would be arrived at very shortly, and he therefore moved that the delegates remain in session for a reasonable time to await the long-looked for report. This was carried unanimously but it was until 3:30 o'clock that the committee had filed into the hall and announced itself ready to report.

"Vaudeville" Entertainment.
The wait from 3:30 to 5:10 would have been a tiresome one had not the convention resolved itself into a committee on entertainment and insisted on being amused. The quartet of the colored minstrels who held the boards at the opera house in the evening was trotted out and rendered several selections which were much appreciated and which were rewarded by hearty applause, and finally by a good-sized collection of silver dropped into a hat passed by a delegate. After the singers had stepped from the stage, there were calls for Messrs. Petermann, Tucker and Hambitzer, the latter of whom responded with a humorous recitation, or burlesque sermon, as Mr. Hambitzer called it.

The genial Houghton man's effort made a hit with the house which was further emphasized when one of the minstrel banners, inscribed "Juggler," was placed on the table by his side. At the conclusion of Mr. Hambitzer's recitation, J. R. Van Evera was called on and recited "Kelly, and Burke and Shea," being in turn succeeded by Mr. Hambitzer, who told a couple of good stories.

Mr. Van Evera was again called on, and in response recited a poem written by Dr. Drummond of Montreal shortly after the bloody battle of Glenora, the topic being an Irish soldier's toast to Com Paul. This wound up the amusement program, and for the time remaining

the delegates waited patiently to hear from the credentials committee.

Credentials Committee's Report.
Chairman Bentley, of the committee on credentials, was vigorously cheered as he stepped to the front of the stage to read the report in which he and his associates had unanimously agreed. He expressed regret that the wait had been so long, but stated that the committee had given all the delegations from the counties contested a full and fair opportunity of being heard and had gone over the testimony carefully and in an impartial manner. He hoped that the report would be satisfactory to the convention and moved its adoption. The report was as follows:

"Your committee on credentials unanimously reports to this convention as follows: All delegates who have presented their credentials to this committee are entitled to seats except as hereinafter mentioned.

"In Delta county, we find the following delegates, entitled to seats: Thomas B. White, E. V. R. Townsend, Edward C. Voght, Ira C. Jennings, Charles F. Thateher, Joseph E. Reinger, George Gallup, Manuel Olson, E. J. Bergman.

"Chippewa county—John A. Couch, Emil G. Endress, H. J. Clarke, James Thompson, George W. Meyers, E. W. Kibby, Eusebe Trembley.

"Baraga county—Charles Krause, Peter Bloom.

"Schoolcraft county—Wm. F. Crane, Elmer N. Orr, George G. Rogers.

Mr. Bentley's motion for the adoption of the report, and the Young delegates from Baraga in favor of the Shelden delegation, threw out the anti-Shelden contest from Chippewa, ignored the Shelden contest from Delta and seated the Young men from Schoolcraft, was heartily seconded by both Mr. Miller of Houghton and Mr. Mills of Menominee, a Shelden supporter, and was carried by acclamation by the convention.

Order of Business Adopted.
It was moved by Delegate Shields of Houghton that the temporary organization be made permanent. This was supported by Delegate Van Evera, and was carried. Mr. Van Evera then moved that the usual custom of appointing a committee on order of business be dispensed with and that the convention proceed, first, with the naming of candidates for congress; second, the balloting for nomination; third, the designation of the resolutions committee; fourth, the election of the congressional committee, and that the nominating speeches be limited to five minutes. Delegate Houghton moved, as an amendment, that the committee on resolutions be named first, in order to save time. This was accepted and Mr. Van Evera's motion was adopted.

The chair appointed John E. Van Evera of Marquette, Robert H. Shields of Houghton and Delegate Kern of Menominee.

It was moved by Delegate Miller, and adopted, that in the balloting for the nominee a roll of the counties be called in the usual way, and that two tellers be named to check up the votes. As tellers, the chairman named Delegate Garvin of Ontonagon and Delegate Kern of Chippewa. The latter, however, stated that he believed that Mr. Garvin and himself favored the same candidate for congress, and that he would prefer that some other delegate be named. M. J. Sherwood was accordingly appointed.

Candidates Are Named.
In the call of the counties for nomination of candidates, silence followed the reading of every name until Houghton was called, when George C. Bentley was recognized and in an able address formally put the name of C. A. Wright of Houghton before the convention.

M. J. Sherwood responded to the call of Marquette, and on stepping to the eloquently presented the name of H. O. Young.

It was Prosecuting Attorney Mills of Menominee who nominated Congressman Shelden. Mr. Mills and Mr. Sherwood are both graduates of Hamilton college, and as the former stepped to the platform the latter gave the college yell and the delegates cheered.

When Mr. Mills had retired, the chairman announced that the next business in order was the balloting for the nominee of the convention. It was realized that the roll of the counties would show just where the convention stood, and although there were few who did not have a well-defined idea as to the outcome of the ballot, the poll was listened to with great interest. The ballot resulted as follows:

Young, Shelden, Wright.	
Alger	3
Baraga	2
Chippewa	7
Delta	9
Dickinson	7
Gogebic	6
Houghton	22
Iron	4
Keweenaw	2
Luce	2
Mackinac	3
Marquette	14
Menominee	10
Ontonagon	3
Schoolcraft	3
Totals	48 27 22

As the roll progressed, applause and cheers greeted the announcement of the standing of each county. Mr. Young was one short of nomination, and another ballot was taken. This resulted the same, as did all the others until ten had been had, when, at 6 o'clock, an adjournment until 8 o'clock at the city hall was taken. The proceedings of the evening session, at which Mr. Young was nominated, were as first related.

The Federation of Women's clubs has extended the right of honorary membership to the men who make Rocky Mountain Tea. Women's greatest benefactor, The Stafford Drug Co.

LADIES CAN WEAR SHOES
One size smaller after using Allen's Foot-Ease, a powder to be shaken into the shoes. It makes tight shoes feel easy; gives instant relief to corns and bunions. It's the greatest comfort discovery of the age. Cures and prevents swollen feet, blisters, callous and sore spots. Allen's Foot-Ease is a certain cure for sweating, hot, aching feet. DISTINGUISHED VISITORS.

Harbor Work Is Inspected by General Gillespie and Others.

The government lighthouse tender, the steamer Ananias, was in port yesterday with a distinguished party of visitors. The visitors comprised Brigadier General G. L. Gillespie, chief of engineers, U. S. A., and Majors Fish and Lusk and Captains H. Beach and D. D. Cahill, of the corps of engineers. The officials were here on a visit of inspection of the harbor work.

CITY HALL EVACUATED.

School Will Not Be Held There Next Term—Desks Removed.

The work of removing the desks from the temporary school rooms at the city hall and hauling them to the Froebel building has been completed. During the summer the desks will be revarnished and put in condition for installation in the new high school structure, which it is intended shall be occupied during the next term. It is likely that the opening of the high school department will be delayed for a couple of weeks or so, as the building will probably not be completed by the beginning of the term, but in any event school will not be held next year at the city hall.

FATHER VERMARE RESIGNS.

Feels That a Younger Priest Should Have Charge of French Church.

At the services at the St. Jean de Baptiste church last Sunday, Rev. Father Vermare, the pastor announced that he had tendered his resignation to Bishop Eis. It is the intention of the congregation to erect a new church edifice, and in making his announcement, Father Vermare, who is well advanced in years, stated that he did not feel able to take up the extra work the plan would necessitate and thought it best that a younger clergyman should succeed him. Father Vermare is very popular with his parish, and the announcement of his decision was learned with general regret. He has given the best years of his life to the interests of his church, and now in his declining years will doubtless be placed in charge of some parish where the duties are less arduous than here.

EDITORS' MID-SUMMER OUTING.

Enjoyable Time Is Promised at Marquette and Munising July 22-23.

The mid-summer outing of the Lake Superior Press association, to be held at Marquette and Munising, July 22-23, promises to be an enjoyable event in the history of the association. Each member should bring his family with him to enjoy the good time which is being planned.

All members are expected to report at Marquette on the evening of the 21st. They must absolutely refrain from indulging in lemonade, ice cream, or any drinks that might result in their failure to be on hand at 7:30 on the morning of the 22nd, when a special train will leave over the Marquette & Southeastern and the Munising railways for Munising.

At Munising there will be a carriage drive to Munising Falls, a complimentary dinner by the citizens of Munising, and a trip to Pictured Rocks on the steamer Hunter (this steamer trip being complimentary to the association by the A. Booth company.) A special train will leave Munising about 4 p. m. for Marquette, stopping for an hour and a half at the Michigan Experiment station at Chatham.

At Marquette on the evening of the 22nd there will be a complimentary supper and dance. The 23rd will be spent in picnicking at Presque Isle and a trip in launches to points of interest.

PINE FURS AT SUMMER PRICES.

Mrs. C. H. Bixby, now a member of the firm of L. S. Berry & Co., manufacturers of fine furs in Chicago, will be at the Clifton House, Thursday and Friday, July 17 and 18, displaying the finest line of fur garments, in jackets, capes, scarfs and boas, ever shown in Marquette. All the latest novelties in Seal, Otter, Persian Lamb, Sables, Fox, etc.

Estimates given and orders taken for new garments and repair work of all kinds at special summer prices for fall delivery. The ladies of Marquette are invited to see this beautiful display, even if they do not wish to buy. Thursday and Friday, July 17 and 18. (7-17-21)
