STRIKERS RIOTOUS

TURBULENCE NOW STALKING IN THE COAL FIELDS.

TROOPS MAY BE CALLED FOR

POLICE KEPT BUSY IN PROTECTING NON-UNION MEN.

Mobs of Thousands Attack the Workers at Shamokin and Mount Carmel and at Duryea a Washery Is Prevented from Resuming.

Mount Carmel, Pa., July 29.—Two crowds, numbering fully three thousand men, women and children, collected at all the Reading & Union company's operations between here and Shamokin this evening and hurled stones and sticks at the Mineral company's Cameron colliery there and hooted and cursed the non-union men as they quit work. A delegation of boys stoned several sub-stations as they entered the town. The police charged the crowd and put them to flight. The company officials say they will ask for troops tomorrow if there is a continuance of the attempts to annoy the workmen.

Shamokin Mob Routed by Police. Shamokin, Pa., July 29.—One thousand men, women and children assembled at the Mineral company's Cameron colliery this evening and hooted and cursed the non-union men as they quit work. A delegation of boys stoned several sub-stations as they entered the town. The police charged the crowd and put them to flight. The company officials say they will ask for troops tomorrow if there is a continuance of the attempts to annoy the workmen.

Demonstration at Duryea. A crowd of 1,500 men and boys prevented a resumption of work at the Wanka washery at Duryea today. The operator of the washery says he will not make another attempt to resume operations.

Wilkesbarre, Pa., July 29.—Seven striking miners were held for trial today on the charge of assaulting a non-union engineer.

Strikers Barred from Homes. Charleston, W. Va., July 29.—It has developed that if the injunction issued yesterday by Judge Keller is enforced strictly, it will prevent the strikers from going into the incorporated town of Ansted, where nearly all reside and which is located upon the coal company's property.

Blacklist Threatened. Charleston, W. Va., July 29.—One of the points brought out in the trial of John Richards and others in the federal court here before Judge Keller today, and one most strongly urged by the prosecution, is that Richards threatened to blacklist all the miners who refused to come out and join the strikers.

COSTLY FIRE AT PITTSBURG.

Five Firemen Severely Hurt at \$250,000 Blaze in Business District.

Pittsburg, July 29.—Two eight-story buildings on Liberty street, occupied by Stewart Bros. & Co. and the Denoon Bros' Paint company, were totally destroyed, and Ewart & Co.'s wholesale grocery, adjoining, was badly damaged early this morning by fire. Five firemen were severely injured by an explosion of paints and oils. The loss is a quarter of a million, partly insured.

Loss of \$75,000 at Chicago.

Chicago, July 29.—Several persons were injured in a fire today which damaged the twine warehouses of the McCormick Harvesting Machine company to the extent of \$75,000. None of them are seriously hurt.

LARGE DEAL IN COAL LANDS.

Eastern Syndicate Secures Options on 25,000 Acres in Illinois.

Litchfield, Ill., July 29.—Probably the largest single coal deal in the history of the Illinois coal fields has just been consummated in Montgomery and Macoupin counties. A. G. Simpson of New York, representing an Eastern syndicate with a capital of \$1,500,000, has secured options of 25,000 acres of coal lands in one body, and is attempting to secure 5,000 more. The speculation is that the deal is backed by the Burlington route and that a spur will be extended east from McVey through the center of the coal fields.

DEVASTATED BY HAIL.

Crops in Wide Section of North Dakota Are Ruined.

St. Paul, July 29.—Special dispatches from north North Dakota report a severe storm extending from Edmore to Larimore. Several buildings have been wrecked and crops are ruined. At Bemidjia, Minn., much damage was done by lightning.

The territory devastated by the hail yesterday is fully ten miles wide, extending from north of Devil's Lake to Grand Forks county. The crops were literally pounded into the ground.

PLUM FOR CHICAGO ATTORNEY.

Chicago, July 29.—The appointment of Henry D. Estabrook as chief counsel of the Western Union Telegraph company was announced today. He is one of the most prominent Chicago lawyers; he came here from Omaha six years ago.

ONCE A MULTIMILLIONAIRE.

Debt of \$150,000 W. W. Belvin in Jail at Boston.

Boston, July 29.—W. W. Belvin, once a multimillionaire and vice president of the Southern Pacific under the Willard regime, and who at one time controlled a number of large corporations, is in jail here on account of financial difficulties representing \$150,000.

MONSTER COMBINE IN OIL.

Rockefeller-Rothschild-Nobel Trust Declared to Be a Fact.

London, Wednesday, July 30.—The Mail this morning declares that there is no longer any doubt that the three monster oil interests of Rockefeller, Rothschild, and Nobel have entered into a working agreement. "Thus," says The Mail, "without any publicity the greatest trust the world has ever seen has sprung into being."

CRAZED BY LOSS OF CROPS.

Prominent Missouri Farmer Kills Himself on Third Attempt.

St. Joseph, Mo., July 29.—Charles Preble, a prominent farmer and stockman, residing near Latham, Neb., made three attempts at suicide today before succeeding. He first tried to shoot himself, but failed. Then he leaped into a well, but was taken out by relatives. Later, he took the rope from the well and hung himself. Floods which had ruined hundreds of acres of his crops were responsible for the act.

LONDON CHEERS UP AT DETROIT TODAY

APPREHENSION OVER THE KING IS DYING OUT.

HIS MAJESTY IS MUCH IMPROVED

ABLE TO WALK A LITTLE AND EAT SOLID FOOD.

Proclamation Fixing Date of the Coronation for Aug. 9 Is Officially Published and Arrangements for King's Return Are Making.

POPE'S CHOICE FOR SUCCESSOR.

Elevation of Cardinal Gotti Taken to Indicate the Pontiff's Wishes.

DEWET CARRIED ON SHOULDERS.

Striking Demonstration at Cape Town of the Boer Hero Worship.

PASTOR DIES A HERO.

Ohio Preacher Drowns in Attempting to Save a Boy.

BELEFONTE, O., JULY 29.—Rev. W. H. Letherman, pastor of the Methodist church at DeGraff, was drowned today in trying to save Earl Nohman, aged thirteen, who went down with him.

AMAZONS IN FIERCE BATTLE.

Yaqui Indian Band Swoops Down on Ranch but Is Repulsed.

Tucson, Ariz., July 29.—Driven to desperation by hunger and thirst, a band of thirty Yaquis, only half of them men, swooped down upon the Carmen ranch, near Hermosillo, yesterday, and a fierce and bloody fight followed. The women fought with the ferocity of wild animals and when a patrol of Mexican troops galloped down to the rescue, two of the women and five men were dead. The Yaquis were completely overwhelmed.

BULLS IN OATS ARE CURBED.

On Application of Shorts Board Directors Fix 45 as the Marginal Price.

Chicago, July 29.—The traders on the board of trade who are short of oats made their long threatened move today against the bulls, and the maneuver proved an apparent success. Application was made to the directors for a "marginal price" on new July oats. The officials decided on forty-five cents, although the new July option closed at sixty cents today, and has sold at seventy-two a few days ago.

It is a provision of the board of trade rules that when there is a suspicion of a corner the officials can be called upon to fix a price in accord with the outside markets, and without taking into consideration any peculiar local speculative conditions which may exist. There is no corner rule on the board of trade, and if the longs in oats demand their purchases the shorts must settle, deliver or default.

DEMOCRATIC STATE CONVENTION MEETS TO PUT UP TICKET.

GUBERNATORIAL CANDIDATES MANY

LAWYER BROWN OF MEMONINNEE AMONG THOSE IN THE FIELD.

SLIGH, HELME AND WHITING ALSO BEING GROOMED FOR THE PLACE, WITH ABSOLUTELY NO TALK OF ASPIRANTS FOR THE MINOR OFFICES.

Detroit, July 29.—The Democratic state convention, which convenes tomorrow afternoon in this city, has an abundance of candidates from which it will make its choice for governor, although but few of them have declared themselves willing to accept the nomination.

Among the openly avowed candidates are: Charles R. Sligh of Grand Rapids and Senator James W. Helme of Adrian, both of whom are assured of considerable support. Justin R. Whiting of St. Clair is also likely to receive a goodly number of votes, although he has declared he is not a candidate. His friends, however, believe that when the decisive vote comes he will be found in the lead.

D. J. Brown, a leading lawyer of the upper peninsula, has the support of the Menominee county delegates, and will probably have other friends from that part of the state.

There is absolutely no talk about the candidates for the minor offices on the ticket.

REPUBLICAN FIGHT ENDS IN IOWA.

Des Moines, Ia., July 29.—The withdrawal of La Fayette Young this evening as a candidate for member of the committee on resolutions is generally regarded as ending the opposition to the reaffirmation of last year's platform by the Republican convention tomorrow.

Senators Allison and Dolliver and the entire Iowa delegation in congress are here to attend the convention.

CRIPPLE CREEK, COLO., JULY 29.—Senator Teller tonight publishes a letter announcing he will accept the nomination for senator if the state committee will favor him, but if the committee decides against him he will not be a candidate.

TARIFF ON PIG IRON STANDS.

German Free Traders Are Put to Rout in the Reichstag.

Berlin, July 29.—The government succeeded in getting the pig iron clauses of the tariff bill adopted by the tariff committee of the reichstag today without amendment, but only after strenuous opposition and a long debate. When the committee took up clauses 777 to 784 amendments providing for a reduction and for the abolition of the duty on pig iron were offered. The Prussian minister for commerce, Herr Moeller, assured the Liberals that their fear of outside competition in the iron trade, owing to the retention of the German tariff, was utterly groundless.

GULF OF CALIFORNIA SWEEPED.

Cyclone Wreaks Havoc on Sea and Land, Killing Many Persons.

Tucson, Ariz., July 29.—A cyclone visited the Gulf of California Thursday night, wrecking vessels and damaging many buildings in the coast cities. The wires have been down and news of the disaster is just received. At Mazatlan, the Pomory Ruby, a large passenger steamer, was driven ashore and sunk. Five passengers were drowned. The rest reached shore on wreckage and driftwood. Between Guayamas and Mazatlan, a great deal of wreckage has drifted ashore. It is supposed many small vessels were wrecked and a large number of lives lost.

YANKEE GUNS READY

COMMANDER M'CREA SERVES NOTICE AT CAPE HAYTIAN.

IS THERE TO PROTECT FOREIGNERS

MUST BE NO BOMBARDMENT WITHOUT DUE WARNING.

Captain of the Machias Takes Energetic Action That Is Approved at Washington—City Is Menaced and Consuls Are in Danger.

Washington, July 29.—The following was received this afternoon from Commander McCrea, of the Machias, which arrived at Cape Haytian yesterday.

"Affairs are very disturbed at Cape Haytian. There is an organized mob in the city, and the foreign consuls are threatened. Will give protection on board, and will prevent bombardment without due notice."

The state department has no hesitation in fully approving the energetic and sufficient action of Commander McCrea in taking care of the foreign consuls and in preventing a bombardment without warning. The American and foreign interests at Cape Haytian are large, and an American captain is required by unwritten law to look after the life and property of other foreign residents as well as of Americans in such cases.

The navy department feels that the Machias is sufficiently large for the work at hand at this point, though if there were more such small American gunboats in the gulf and on the Caribbean, a more quieting and restraining influence would be exerted over these frequent rebellious outbreaks, involving violations of the rules of war and great suffering. The Machias carries eight four-inch rapid fire guns, and a crew of eleven officers and 143 men. While not many men could be spared for a landing party, the vessel undoubtedly could lie in the anchorage and cover the town with her guns. It is not believed there is the slightest danger of an attack upon her by the Haytian gunboats, loyal or rebel.

KAISER CHOPS OFF HEAD.

Privy Councillor Loehning's Marriage and Views Cost Him His Office.

Berlin, July 29.—The marriage of Privy Councillor Loehning to the daughter of a former sergeant in the German army has caused Herr Loehning's compulsory retirement from the chief directorship of taxes for the province of Posen.

Loehning affirms that his opinions in the matter of the ministry's Polish policy had nothing to do with his retirement from office, but notwithstanding this it is believed he probably did have something to do with the councillor's retirement.

In a pamphlet recently issued, Loehning affirms that most of the high Prussian officials of Posen condemn the government's policy toward the Poles, the prosecution of the Polish newspapers and the surveillance of the Polish societies. Loehning, although favoring the measures to Germanize Poland, is of the opinion that this should be carried out less ostentatiously.

U. S. WILL GET THE ISLANDS.

Danish Party Opposed to Sale Is Bowed Defeat in the Elections.

Copenhagen, July 29.—A leading member of the Right, speaking today to the Associated Press as to the probable result of the landsting elections and their bearing on the sale and cession of the Danish West Indies, said that although the Right had caused the non-ratification of the treaty and had a majority of three in the landsting, he regretfully believed the Left or Ministerialists would gain sufficient seats to secure the ratification of the treaty at the October session. A careful canvass had let to this conclusion, and it was feared the Right also would lose control of the upper house.

The Danish warship Ingolf sailed today for the Danish West Indies to maintain there until the sale of the islands shall have been settled.

TO SHAKE HANDS WITH BOERS.

British Will Pursue a Policy of Conciliation Says Chamberlain.

London, July 29.—Colonial Secretary Chamberlain, appeared in the house of commons this afternoon for the first time since his recent accident. He was greeted with hearty cheering.

Mr. Chamberlain in his speech, which won the applause even of such opponents as Henry Labouchere, dealt comprehensively with the past and future of South Africa. "We have no intention," he declared, "that the Boers should break with the old traditions. We desire that they should preserve all the best characteristics of their race and hope they will shake hands with us, thus securing prosperity in South Africa under the flag which protects different races and religions." This sentiment was the keynote of the speech.

ODELL OUT WITH A DENIAL.

Albany, N. Y., July 29.—Governor Odell this afternoon sent a dispatch from Peekskill in which he declares in emphatic terms that the report he intends to accept a position as general Eastern representative of the Harrisburg railroad interests is absolutely without foundation.

SURGICAL OPERATIONS

How Mrs. Bruce, a Noted Opera Singer, Escaped an Operation. Proof That Many Operations for Ovarian Troubles are Unnecessary.

DEAR MRS. PINKHAM:—Travelling for years on the road, with irregular meals and sleep and damp beds, broke down my health so completely two years ago that the physician advised a complete rest, and when I had gained

sufficient vitality, an operation for ovarian troubles. Not a very cheerful prospect, to be sure, I, however, was advised to try Lydia E. Pinkham's Vegetable Compound and Sanative Wash; I did so, fortunately for me. Before a month had passed I felt that my general health had improved; in three months more I was cured, and I have been in perfect health since. I did not lose an engagement or miss a meal.

Your Vegetable Compound is certainly wonderful, and well worthy the praise your admiring friends who have been cured are ready to give you. I always speak highly of it, and you will admit I have good reason to do so.—Mrs. G. BRUCE, Lansing, Mich. \$5000 forfeit if above testimonial is not genuine.

The fullest counsel on this subject can be secured without cost by writing to Mrs. Pinkham, Lynn, Mass. Your letter will be entirely confidential.

DAILY MINING JOURNAL.

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.) Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

SUBSCRIPTION RATES: Per month, by carrier, \$1.00. Per year, by mail, \$10.00.

Why not a wireless 'phone? To one uninitiated, it seems about as feasible as a system of wireless telegraphic transmission, and that is an accomplished fact.

Carrie Nation has expressed a desire to meet Fitzsimmons or Jeffries, or both. Wonder why? People must be persuaded by this time that Carrie is little more than a persistent old notoriety seeker.

The introduction to the Blue Book of American Shipping, which is to go to press in a few days, says: The number of vessels built in the United States during the year ended June 30, 1902, (nearly all for coasting trade, of course, and a very large part of them on the great lakes) was 1,657, of 473,981 gross tons, compared with 1,709 vessels of 489,616 tons for the preceding year.

The Democrats in Vermont have lost an opportunity to overthrow the regular Republican organization by endorsing Clement, the "bolters" nominee for governor. By this course they have proved that they are dyed in the wool Democrats, but they have also lost the first chance they have had in years to participate in the election of a governor.

Fireproof wood, it is said, will soon be on the market for use in the construction of buildings. Its sole duty is to rally around its fortunate leader and make its biennial trip to slaughter with all the grace it can muster.

The various departments of the federal government are busy with preparations looking to the undertaking of the Panama canal enterprise. While the state and justice departments are looking into titles and endeavoring to arrange a treaty with Columbia, the treasury department is casting about for ways and means of providing the enormous treasure that will be necessary to carry the great work to a successful conclusion.

Congressman Babcock of Wisconsin, chairman of the Republican congressional campaign committee, will establish headquarters in New York, whence the general direction of the congressional campaigns will be maintained.

Korea, which the two island empires of England and Japan have established as a buffer state to prevent trouble in the Orient, has agreed, for her part in the bargain which insures her integrity, to adopt a system of improvement of her interior defenses, and, further, to borrow money only from England, Japan and the United States.

You may call it eczema, tetter or skin rust. But no matter what you call it, this skin disease which comes in patches that burn, itch, discharge a watery matter, dry and scale, owes its existence to the presence of humors in the system.

Salt Rheum. Two bottles cured him. "I was troubled with kidney complaint for about two years," writes A. H. Davis, of Mt. Sterling, Ia., "but two bottles of Foley's Sarsaparilla effected a permanent cure."

Hood's Sarsaparilla. "I was troubled with kidney complaint for about two years," writes A. H. Davis, of Mt. Sterling, Ia., "but two bottles of Foley's Sarsaparilla effected a permanent cure."

the United States and has had it since its conception. It will be able to keep it as long as it remains on the straight and narrow path it has marked out for itself.

France is in need of a bold and fearless statesman who, with one daring stroke, will cut the connections that join church and state and establish the only condition under which republics can truly prosper, namely, the complete separation of these institutions.

According to a report just submitted to the government by Captain Charles Keller of Grand Rapids the plan of overcoming the harbor difficulty on the east shore of Lake Michigan by building piers is a failure, in so far as the expensive experiments along this line have not yielded the desired results.

The various departments of the federal government are busy with preparations looking to the undertaking of the Panama canal enterprise. While the state and justice departments are looking into titles and endeavoring to arrange a treaty with Columbia, the treasury department is casting about for ways and means of providing the enormous treasure that will be necessary to carry the great work to a successful conclusion.

The front of Levine & Davidson's store was painted early in the week. George Belhumer has taken a position as clerk at the Champion Co-operative store.

Richard Treweek had a couple of toes smashed one day recently. A railroad tie fell on his foot.

Charles Larson, a well known Finnish miner, is unable to work on account of an injury recently received at the mine.

Miss Edna Thompson of Marquette and Miss Bell McCall of Grand Marais, were here during the week visiting the Misses Gill.

Miss Emma Neuman of Painesdale, formerly of this place, visited her sister, Mrs. Thomas Carne here during the week. Miss Neuman is attending the Normal at Marquette.

Dr. G. D. Beech and family will spend the next three weeks on the lakes, taking a boat from Marquette Wednesday.

J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and retold by thousands of others.

"I was troubled with kidney complaint for about two years," writes A. H. Davis, of Mt. Sterling, Ia., "but two bottles of Foley's Sarsaparilla effected a permanent cure."

Champion. Memorial Service. Local Tribe of Red Men Remembered Its Dead Last Sunday Evening.

About forty members of Beacon tribe of the Red Men attended memorial services last Sunday evening at the Methodist church. This custom has been observed for some years past by the local organization.

The remains of Thomas Kelly, formerly of this place, one of the thirty-five victims of the Daly West mine disaster, arrived here last Tuesday and were given interment in the Champion cemetery the following day.

Beacon is to be provided with a water works system. The ditch leading from the mine engine house through Main street will soon be completed.

During the severe electrical storm Thursday of last week lightning struck the belfry of the high school building. The woodwork caught fire and before the blaze was extinguished the belfry was destroyed.

Mr. and Mrs. Richard Rowe are happy over the advent of a daughter.

Mrs. W. J. Gill and her daughter Lonella have gone to Canada to visit friends.

COLORED MAN IN TROUBLE.

Budd Higgins Arrested for Assaulting a Fellow Barber.

Budd Higgins, colored, of Houghton, was arrested yesterday for assault with intent to do great bodily harm. Arthur High, a barber in the employ of Charles Greiner, is the complaining witness. High interfered in a fracas between Budd and a barber near the shop Monday evening and got the worst of it. His jaw was broken and his scalp lacerated, apparently by means of a rock in the hands of the colored man. For some time Budd has not been on the best of terms with one of the men in the shop and on one occasion the two came together. One of the barbers met Budd near the shop Monday evening and commenced to joke with him about the affair. The result was that Budd got his ire up and waded into the barber. High took a hand and as a result was severely assaulted.

Budd was brought before Judge Brand yesterday forenoon and his examination was set for Aug. 9 but it was said later that the date would be changed. Budd was placed under \$300 bonds and was released.

Warrant for Calumet Man.

A warrant issued by Justice Fisher of Calumet is out for one John Malnor, charged with assault with intent to kill. Malnor has not been apprehended as yet. It is said he attempted to shoot a man named Seitz just outside a Seventh street saloon in which a party of men of which Malnor, Seitz and his brother were members, had been drinking Saturday night. Malnor fired three shots at one of the Seitz brothers but missed his mark. Marshal Trudell was attracted by the fracas but the guilty man had skipped.

Beggar Ousted from Town.

John Wilson, a beggar, was brought before Justice Jackola at Calumet Monday morning, charged with disorderly conduct. Sentence was suspended providing Wilson got out of town. He did so at the first opportunity. Wilson is one of the many beggars who have visited copperdom this season, and one of those who spend their money for drink.

SCHOOL FOR NURSES.

New Hospital Company Files Articles of Incorporation.

Articles of incorporation for the Lake Superior School for Nurses, of Lake Linden, in which copper country and Detroit men are interested, were filed in the office of the county clerk yesterday. The purposes of the corporation are to conduct and carry on one or more hospitals for the care, treatment and medical and surgical attendance of the sick, injured or diseased, and giving instruction therein and in hygiene; and to provide medical and surgical attendance to those in need of the same. The operations of the corporation may be carried on in other places besides Lake Linden. The capital stock of the organization is \$5,000, divided into one hundred shares of \$50 each. The term of existence of the corporation is fixed at thirty years. The names of the stockholders, their respective residences, and the number of shares of stock subscribed for by each are as follows: Dr. George W. Orr, Lake Linden, 75; Dr. Albert L. Lawbaugh, Laurium, 5; Dr. Edward T. Abrams, Dollar Bay, 5; Dr. John J. Mulheron, Detroit, 5; Dr. Benjamin R. Hoyt, Detroit, 5; John E. Jones, Lake Linden, 5.

NEW LODGE AT HANCOCK.

A new lodge of the Modern Brotherhood of America was organized at Scott's hall, Hancock, Monday evening. The officers are as follows: W. R. Newcomb, president; Charles L. Brown, vice president; William Grosnick, secretary; Dr. A. Gasser, treasurer; F. Livingvee, chaplain; Matt Kennedy, conductor; P. Sullivan, watchman; J. Farley, secretary; Dr. A. Gasser, lodge physician.

Sample sent FREE. Address, Allen S. Olmsted, Le Roy, N. Y.

GABLE & NORTON.

MANY CRIMINAL CASES.

August Term of the Circuit Court Opens Next Monday.

The calendar for the August term of circuit court, which convenes Monday morning, was made out at the county clerk's office yesterday. There are twenty-five criminal and a large number of civil cases. Fourteen of the criminal cases are for violating the liquor law, the defendants being: Leo Lesh, Robert Rutherford, Jacob Silverman, John R. O'Neil, Joseph S. Stukel, Richard L. Rourke, Bert Cummings, Nicholas Evert, Samuel O'Connell, Joseph Morin, Edward Cameron, William Matson, Samuel Powell, Edward Tingsted and Emil R. Wolff. The other cases in which the People are the complainants are against: Percy Brush, receiving stolen goods; Henry Heikkinen, robbery; Samuel Powell, bigamy; Alex. Holmgren, larceny; Leo Luchese, assault with intent to murder; August Jurnela, larceny; Victor Toutant and John Smith, rape; Frank Hill, bastardy; Richard Halley, larceny, and John E. Hendrickson, forgery. Samuel Powell, charged with bigamy is a Calumet man. He has one wife in Cornwall, England, it is said, and another in circuit court.

COMPANY G ELECTION.

First Lieutenant to Be Selected Tomorrow Evening.

A company election of Company G, Houghton Light Infantry, will be held Thursday evening to elect a first lieutenant to fill the vacancy caused by the promotion of Irving Shields to captain. There are two candidates for the office—Private Heckel and Sergeant Sanders. Hecker is popular with the company and has many friends. Mr. Hecker was formerly a first lieutenant in a Wisconsin company at Antigo. He came to Houghton a short time ago to work for Roach & Seebor, and enlisted in the Houghton company as a private. Sergeant Sanders has been in the service for ten years as a member of the Houghton company. He served during the Cuban campaign and is well versed in military tactics.

IS BIG MONEY IN IT.

Hockey Players Agitating the Construction of a Rink at Houghton.

If there is to be a new ice rink built at Houghton during the summer months it is time that some steps to that end be taken. Several months ago hockey for hockey, and for that reason the boys who play the game want to see a suitable rink built at Houghton. It was stated yesterday that unless a new rink is built there will be no hockey next winter. In order to have fast hockey, there must be a large rink in which to play the game, as visiting teams are generally not accustomed to a small rink and are consequently handicapped, playing a slower game than otherwise. If the rink is built the boys will promise a better hockey team than last winter and arrangements will be made for a schedule of games that will open the eyes of the natives. The rink, if built, will be brought here to play with the Portage Lake seven will be as follows: Soo, Pittsburg, New York, Montreal, Toronto, Berlin and Waterloo.

BREWERY MEN PLAY BALL.

A good game of ball which was interesting throughout and pleased those who saw it was played between a team composed of employees of the Bosch Brewing company of Lake Linden and a team from the Calumet brewery at Lake Linden last Sunday afternoon. Lake Linden won, the score being 14 to 13. Herman Kettenheil was in the box for Lake Linden and Shea did the twirling for Calumet. Both teams did excellent work, each striking out seven or eight men. In order to satisfy the Calumet team, three more innings were played, the Lakes winning out by a score of 3 to 1. Arrangements are being made for a return game at Calumet.

HURONTOWN'S FIRE HALL.

The Hurontown Fire company is receiving new bids for the erection of its fire hall. The first set received several weeks ago were rejected. All new bids must be received by the first of the month. The firemen are still endeavoring to raise enough money to build the structure without going too deeply into debt, and it is requested that all departments in the upper peninsula who have not yet forwarded their donations to the fund do so at once. The Hurontown company will give a picnic at Hancock park in East Houghton on Aug. 17 and expects to clear a handsome sum.

A DEAL IN STANDING PINE.

A timber deal of considerable magnitude was concluded at Ontonagon last week. Winston & Gilbert, of Wausau, Wis., purchasing from the Wilmont Mining company about 4,000,000 feet of standing white pine. The tract of land upon which this timber is located consists of 3,520 acres and lies in the Porcupine mountain district, between the Nonestich mine and Lake Gogebic. The sale does not include the land, nor any of the timber except the pine. This is said to be one of the finest tracts of pine in Ontonagon county.

SALOON KEEPERS WARNED.

The Calumet Civic Federation has again served notice on the Red Jacket and Laurium saloon keepers that they must keep their places of business closed on Sunday. If the law is not complied with in this respect, the federation promises to start a second crusade and have the offenders arrested.

"I am using a box of Chamberlain's Stomach and Liver Tablets and find them the best thing for my stomach. I ever used," says T. W. Robinson, Justice of the Peace, Loonis, Mich. These Tablets not only correct disorders of the stomach but regulate the liver and bowels. They are easy to take and pleasant in effect. Price 25 cents per box. For sale by the Stafford Drug Co.

CATARH CANNOT BE CURED.

With local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

F. J. CHENEY & CO., Props., Toledo, O. Sold by druggists, price 75c. Hall's Family Pills are the best.

NO FALSE CLAIMS.

The proprietors of Foley's Honey and Tar do not advertise this as a "sure cure for consumption." They do not claim it will cure this dread complaint in advanced cases, but do positively assert that it will cure in the earlier stages, and never fails to give comfort and relief in the worst cases. Foley's Honey and Tar is without doubt the greatest throat and lung remedy. Refuse substitutes. People's Drug Store.

Gloria Tonic cured them

Rev. C. Sund, of Harrisville, Wis., writes: "I testify that I have two members in my congregation who were victims of rheumatism. One had suffered 18, the other 25 years. Both had doctored without obtaining relief. They used Gloria Tonic, which remedy completely cured them."

Gloria Tonic sells at all drug stores at \$1.00 a package. Trial Box, also illustrated book on rheumatism containing many stippled drawings from actual life and which explains every form of Rheumatism known to science, free by sending name and address to JOHN A. SMITH, 624 Germania Bldg., Milwaukee, Wis.

COPPERDOM BREVITIES.

Circuit court convenes next Monday.

Williams' one-ring circus will exhibit at Houghton on Aug. 2.

C. W. Evans, of Great Falls, Mont., is a business visitor in Hancock.

G. W. Lynch and wife, of Washington, D. C., are visiting in Hancock. They are guests of the Northwestern Hotel.

An excursion from Houghton to Ontonagon will be given by the Lady Forsters over the Mineral Range road on Aug. 17.

Rev. C. E. Connolly of Detroit will address the young men's meeting at the Hancock Y. M. C. A. rooms next Sunday afternoon.

Charles Fredericks, of the Columbian gold mine in Montana, is visiting relatives and friends at Lake Linden, his former home.

Miss Katherine Tenant, a former Lake Linden girl, was married in New York City yesterday to Truman Barker, of Wilkesbarre, Pa.

The steamer Argo, of the Booth line, took another large excursion to the canal last evening. The Quincy band furnished the music.

Circuit court was opened for Keweenaw county at Eagle River Monday morning by Judge A. T. Streeter. It will be a short term.

A party of copper country Elks left last evening on the steamer Argo, of the Booth line, for Ashland. They go to attend the carnival.

Several candidates will be initiated at a special meeting of Portage Lodge, A. O. U. W., to be held Thursday evening at Hartman's hall, Houghton.

An excursion to Freda will be given over the Copper Range road from Houghton by the Calumet Congregational church society Thursday.

Arthur Lundahl, of the City Drug store, Hancock, and Professor Emil Bjorkman, of the Finnish college, are enjoying an outing at Otter Lake.

P. Scholler, the Lake Linden optician, has sold his residence on Hecla street, Lake Linden, to Mrs. Margaret McCormack, who will come from Montana to Lake Linden to live.

Monday, Wednesday and Friday evenings have been selected by the Hancock Y. M. C. A. for the water sports which are indulged in at the Quincy and smelting works docks at Hancock.

A party of four from Hancock will leave today for a ten days' fishing trip to Isle Royale. They are Professor Arminen, of the Finnish college, John Aspregren, Mr. Carlson and Charles Chyden.

At the special meeting of the Houghton village council Monday evening, Clerk Brand was instructed to call for bids for 500 feet of new fire hose, which is badly needed by the fire department. The hose will be ordered as soon as possible.

The Hancock Y. M. C. A. will send three delegates to the Lake Geneva (W.V.) conference, which opens Aug. 1 for ten days. Secretary W. H. King will be one of the three, the others not having been selected. The trio will leave Thursday.

Edward Kanter, the young Detroit man who was drowned at Port Huron last week, was a brother of Will and Frank Kanter, students at the Michigan College of Mines. The father of the boys is Charles E. Kanter, the well known Detroit banker.

Edward Ryan and T. D. Ryan of Hancock and John D. Cuddeby, Dr. M. A. Thometz and Edward F. LeGendre of Calumet, delegates from this county, left yesterday for Detroit to attend the Democratic state convention to be held in that city this afternoon.

The Calumet & Hecla band gave an open air concert on the mine office lawn at Calumet last evening that was thoroughly appreciated by the many who gathered to listen. The program included a number of new selections and several of the old favorites which people never tire of hearing.

The contract for the concrete curbing work for Quincy street, Hancock, has been let by the Barber Asphalt company to a Chicago firm. The work will be commenced in a few days. The asphalt company will not commence to lay the pavement until about the middle of next month.

Miss Bertha M. Curtis, musical director in the Lake Linden schools last year, was married at the home of her parents in Rochester, Mich., last week to Dr. S. C. Johnson of Lake Linden. Dr. and Mrs. Johnson will reside at Lake Linden, where the groom is an assistant to Dr. Orr at the Lake Superior General hospital.

The funeral of Alexander Levesque of Lake Linden, who died of cancer of the stomach after a long illness Sunday afternoon, will be held this morning from St. Joseph's church. The deceased was a resident of Lake Linden for thirty

C. A. Eggers, The Book Binder, Marquette.

Disentery is prevalent everywhere in summer and is due to miasmatic poisons, and begins abruptly with inflammation of the mucous lining of the large bowel. In America the disease is common, but properly treated does not result as seriously as in the tropics. Perry Davis' Painkiller is the best known remedy and the most efficacious in the treatment of dysentery.

ATTENTION, B. P. O. E. All those who expect to join the Salt Lake excursion will please notify the secretary of their lodge at once. This is necessary in order to arrange for sleeping car accommodations. (7-30-02)

ARMY RESENTS IT

ANTI-IMPERIALIST REPORT A MUCH GARBLED DOCUMENT.

PHILIPPINE FACTS MISREPRESENTED

ALL POINTS OF THE ATTACK INVESTIGATED BY SENATE.

Important Statements Then Added and That Weaken the Case of the Opponents of the Government's Policy Are Overlooked.

Washington, July 29.—Army officers at the war department refuse to discuss the attack of the anti-imperialists on the army. Secretary Root has strictly forbidden public discussion of military questions. It will not be difficult, however, to demonstrate the falsity of the assumptions of the anti-imperialists. These questions were fully investigated by the senate committee on Philippine affairs during the last session of congress.

There are 3,000 pages of the hearings before that committee, and the testimony was taken of general officers and private soldiers who have returned from the Philippines. Nearly all these witnesses were called by the Democrats, some of them because they had been represented as having said they knew of outrages practiced by our troops. This mass of testimony contains the official reports of the native civil governors of the various provinces in the Philippines. These reports show that peace has been restored and that the only insurgents who have threatened the peace for a year past were in Batangas and Samar and the ladrones, or highway robbers, which infest the mountains in other parts of the islands.

Concentration Camps Humane. There are also official reports giving the petitions of the natives in many provinces requesting general amnesty not to withdraw the troops, as they were needed to protect the people from the ladrones, who preyed upon them, stealing cattle and robbing and murdering innocent natives.

The report of Colonel Wagner, who investigated the concentration camps, shows they were not like those in Canton like those in South Africa. The natives were advised to move within a zone of peace, where they could be protected from the ladrones and insurgents in the mountains, and within that zone they had perfect liberty and were fed by the United States troops from their own lands. When these camps were no longer considered necessary the natives refused to leave, preferring to remain near the military posts.

The testimony of the private soldiers who said they had seen the water-cure administered showed that universally the wounded insurgents as well as other natives were cared for in our military hospitals. Governor Taft said there was never a war conducted with as much humanity as that in the Philippines.

Important Facts Omitted. The anti-imperialists' committee did not read this testimony, or else they deliberately misrepresented it. One peculiar omission of this kind is in reference to the situation in Laguna province, where the address says: "As the most unnatural result of military operations there is an official report indicating that out of a total population in a single district of 300,000, not less than 100,000 perished."

The official report referred to is that of Lorenzo R. Caedo, provincial secretary of Laguna province. The report says: "The war department officials are surprised that Charles Francis Adams and Andrew Carnegie should have their names signed to a report which seeks to misrepresent an official document which has been so widely circulated and so much discussed in the United States."

SECRETARY SHAW IS MUN.

Returns from Conference With President but Will Not Talk.

Atlantic City, N. J., July 29.—The United States revenue cutter Gresham, with Secretary Shaw and friends on board, anchored at this city today. Shortly afterward the party came ashore. The secretary left for Washington tonight by rail. He would say nothing except that he had been to Oyster Bay with the president and is going to Washington on business connected with his visit.

POWERS DECLINED TO YIELD.

Plan to Put Chinese Indemnity on Silver Basis Is Abandoned.

Shanghai, July 29.—The bankers' commission is informed that England and the United States have abandoned the attempt to induce the other powers to accept the payment of the Chinese international indemnity upon a silver basis.

New Treaty Ratified at London.

London, July 29.—The new commercial treaty between Great Britain and China was approved at a conference at the foreign office today.

GRAND RAPIDS WOMAN SLAIN.

Drunken Brother-in-Law Shoots and Kills Mrs. Dena Hubelhorst.

Grand Rapids, Mich., July 29.—Mrs. Dena Hubelhorst, a widow, aged fifty-three, was tonight shot and killed by her brother-in-law, Martin Hubelhorst, whom she had expelled from her home because of drunkenness. When arrested he expressed satisfaction over the woman's death.

His Wife Mysteriously Missing.

La Porte, Ind., July 29.—Because of the mysterious disappearance of his wife, William Talton of Westville has been arrested on a warrant charging murder. The citizens threatened lynching, but the authorities brought the prisoner to the jail here. He says his wife is in a Chicago hospital, but does not name the institution.

TENNIS CHAMPION LOSES.

Collins of Chicago Defeats Little of Princeton in Exciting Match.

Chicago, July 29.—Kreigh Collins of Kenwood wrested the Western tennis championship in the singles from R. D. Little of Princeton today at the Kenwood Country club tournament, in one of the most brilliant and bitterly contested matches ever witnessed in this part of the country. Collins, by perfect play, succeeded in winning by the following scores: 7-5, 7-5, 2-6, 3-6, 6-3. Today's victory gives Collins an opportunity of meeting the winner of the Eastern tournament for the national championship.

Minneapolis, July 29.—At the Northwestern tennis tournament at Deep Haven today, E. E. Farnsworth, the Nebraska champion, was defeated by Geo. K. Belden of Minneapolis.

PLANS GREAT GAMBLING DEN.

Lord Roslyn's Syndicate to Establish Rival Resort at Saratoga.

New York, July 29.—According to a report among sporting men Lord Roslyn, the English nobleman who tried to break the bank at Monte Carlo by playing a "system," is to head a syndicate which will establish a rival gambling clubhouse at Saratoga. "Bud" Rennett, the New Orleans sporting man, it is said, is to be the prime mover in the enterprise.

"Dick" Canfield, who runs the Saratoga club, now enjoys a monopoly of gambling at the American Spa. The possibility of a big season at Saratoga, however, attracts Lord Roslyn, who is said to be ambitious to establish a clubhouse larger than the Saratoga club. Canfield will probably fight the Roslyn project. He is simply protected through the favor of the authorities of the county and the village officials of Saratoga. Besides this the men behind the Saratoga Racing association oppose the extension of gambling privileges. Indications are that the row over gambling at Saratoga will become a feature of the state political campaign. If there should be an open conflict among the gamblers Governor Odell may be asked to close all the places. The crusade against gambling at Long Branch is said to have furnished an extra inducement to the syndicate to hasten its opening at Saratoga.

MASS SAID FOR MACKAY.

London, July 29.—Many American and English friends of the family were present today at the requiem mass said in St. Mary's Roman Catholic church, Madison square, for the repose of the soul of the late John W. Mackay. Mackay's body was removed last evening to the Notting Hill convent, where it will remain until taken to America in September or October.

A FAILURE IN BEER.

New York, July 29.—The Malcolm Brewing company of Brooklyn was today placed in the hands of receivers. The assets are \$755,000 and the liabilities \$800,000.

SAILS WITH 500 SOLDIERS.

Washington, July 29.—The transport Buford has sailed from Manila with 711 soldiers and 91 sick, 5 insane and 61 discharged soldiers.

STOCKHOLDER ASKS RECEIVER.

Albany, N. Y., July 29.—Benjamin Buford, a stockholder, today applied for a receiver for the American Lithographing company of New York.

KIDNAPING THE CHARGE.

Minneapolis Woman Arrested on Complaint of Former Husband.

San Rafael, Cal., July 29.—A warrant was issued tonight for the arrest of Mrs. Jeanette Mulford Conrad, wife of E. A. Conrad of Minneapolis. Louis D. Ventura, former husband of Mrs. Conrad, charges her with having kidnaped their nine-year-old daughter Lillian.

EXPLOSION WRECKS A MILL.

Kills a Man and Badly Damages Passenger Train at Station.

Centralia, Ill., July 29.—A boiler in a flour mill at Salem exploded today, killing Engineer Lester and wrecking the mill. A Baltimore & Ohio passenger train had just pulled into the station and was badly damaged. The passengers were panic-stricken.

DESPERATE PRISONERS ESCAPE.

Turnkey of an Illinois Jail Overpowered and Locked in a Cell.

Pontiac, Ill., July 29.—Three prisoners—Jim Nitches, an ex-convict of the reformatory; Frank Curtis, an alleged horse thief; and Frank Farrell, awaiting trial on a charge of murder—escaped from the county jail tonight. They overpowered the turnkey, locked him in a cell and were away before the alarm was given.

BOARD OF HEALTH VICTORY.

Illinois Court Decides an Important Medical Diploma Case.

Springfield, Ill., July 29.—The board of health has won in the appellate court in the case of Millard F. Bailey, a graduate of the medical department of the University of Tennessee in 1894, who the board declined to issue a certificate based on his diploma because it had determined the college was not in good standing. The courts holds the board is possessed of discretionary power to determine whether a medical college is in "good standing" and that its action is not subject to review by mandamus proceedings.

BASEBALL.

National League.

New York, July 29.—Currie kept the locals' hits well scattered today. Summary:

R. H. E. St. Louis . . . 010001030—5 9 2 New York . . . 000000010—1 6 2 Batteries: Currie and Ryan; Taylor, Miller and Bowerman.

Pittsburg, July 29.—Phillipi was too much for the locals today and was well supported in the fight. Summary: Pittsburg . . . 402000323—14 19 2 Brooklyn . . . 000000010—1 6 3 Batteries: Phillipi and O'Connor; Hughes, Newton and Farrell.

Boston, July 29.—A double play by Tenney and Greninger in the second was the feature of the game. Summary: Boston . . . 130000200—6 8 2 Chicago . . . 000001000—1 6 4 Batteries: Flinger and Moran; Williams and Kling.

Philadelphia, July 29.—Iberg was hit at opportune moments and the locals went to defeat. The game was called in the sixth on account of rain. Summary: Philadelphia . . . 000110—2 8 4 Philadelphia . . . 010000—1 6 2 Batteries: Phillips and Bergen; Iberg and Dooin.

American League.

Philadelphia . . . 000000010—1 7 1 St. Louis . . . 010000101—3 9 0 Batteries: Waddell and Schreckengost; Harper and Kahoe.

Baltimore . . . 420010106—8 7 4 Cleveland . . . 300000013—7 16 2 Batteries: Prentiss, Shields and Yeager; Varney, Wright, Joss and Wood. Washington . . . 000000320—5 11 3 Chicago . . . 000000002—2 6 0 Batteries: Carrick and Clark; Patterson and Sullivan.

Boston . . . 030002000—5 9 1 Detroit . . . 012003000—6 16 2 Batteries: Hughes, Sparks and Warner; Mercer and McGuire.

Western League.

Milwaukee, 3; Peoria, 0. St. Joseph, 4; Kansas City, 5. Denver, 6; Des Moines, 3. Colorado Springs, 7; Omaha, 8. Cincinnati Club Brings \$150,000.

Cincinnati, July 29.—The Times-Star says that negotiations have been closed for the sale of the Cincinnati ball club to August Hermann, Mayor Fleischmann and other local men. It says the consideration is \$150,000.

G. A. R. LEADER DIES IN CUBA.

Philadelphia, July 29.—Paul Van Der Voort, past commander-in-chief of the Grand Army, died at Puerto Principe, Cuba, today of paralysis of the heart, aged sixty-two. He served in the Sixty-third Illinois infantry and the Sixteenth Illinois cavalry. During his residence in Omaha he was mainly instrumental in re-organizing the department of Nebraska and was elected department commander. He was elected senior vice commander-in-chief in 1878 and commander-in-chief in 1882.

VICTOR TO VISIT KAISER.

Rome, July 29.—King Victor Emanuel, accompanied by Signor Prineti, minister for foreign affairs, will start for Berlin Aug. 22 to visit Emperor William.

TRACY HAS A RIVAL

CALIFORNIA EX-CONVICT STARTS ON CAREER OF BLOODSHED.

SHOOTS FIVE AND FLEES TO HILLS

POSSE OF OFFICERS AND CITIZENS REPULSED BY OUTLAW.

Is McKinney's Boast That He Will Break All Records If the Authorities Track Him—Armed With Two Guns and a Revolver.

Fresno, Cal., July 29.—James McKinney, an ex-convict, who rejoices that he has found an opportunity to emulate the blood-reed of Tracy, shot and killed one man and wounded four others last night in Porterville. Wounded, but armed with a shotgun, a rifle and a revolver, he then fled toward the mountains.

On the way out of Porterville he went to the house of a friend, David Moshier, awoke him and boasted that the Oregon fugitive's long list of murders would become insignificant as compared to his own if the officers attempted to follow and capture him.

List of McKinney's Victims.

LYON, WILLIAM, gambler, killed by McKinney in his attempt to shoot the cards out of Lyon's hand while the latter was playing a game.

BARROWS, GEORGE, a printer; right arm filled with shot by McKinney during his flight.

WILKS, deputy marshal; wounded in mouth by a bullet fired by McKinney in his flight.

TOMPKINS, constable; shot in the arm.

WEST, W. D., arm shattered by a charge of buckshot.

McKinney's bloody trail began in a saloon where gambling was in progress. He got into a quarrel and tried to shoot the cards out of Lyon's hands, inflicting the wound which resulted later in Lyon's death. McKinney then shot out all the lights in the saloon and fled, going to a livery stable. There he stole a horse and buggy at the point of a revolver and afterward drove out of town.

Citizens and officers pursued the fugitive, but he stopped and discharged each of his weapons at the pursuers, wounding four of them.

Boasts He Will Murder More.

After the chase ended McKinney drove to Moshier's house. To Moshier he said: "I've got into a fight. They came after me but I whipped them all. I killed three or four of them. They have not treated me right. I'll die in the game. You talk about Tracy, he won't be in it with me." Leaving the Moshier house, McKinney headed for Fresno county and the mountains. Two years ago he killed a man in Bakersfield, but he was exonerated, Moshier reports. That the Porterville posse wounded the outlaw in one leg.

LAWTON KILLED BY DESERTER.

That Theory of General's Death Supported by the British Consul.

Washington, July 29.—The theory that General Lawton met his death at the hands of an American deserter finds a supporter in Captain Henry Hartford, British consul at Manila, who is returning to England on leave of absence. He is "The Filipino are very poor shots," he said, "but with them were a good many white men, deserters, low down in supporting policy, especially in such parts as Samar, would be a mistake. They must be subjugated. You must teach the little devils to respect you. I think your officers have conducted the war as humanely and gallantly as any people in the world could have done."

RAILROAD PROMOTER BANKRUPT.

Springfield, Ill., July 29.—Dwight L. Wing today filed a petition in bankruptcy. He scheduled liabilities of \$62,000 and available assets of \$400 in addition to shares of stock in several railroad enterprises. He was formerly president of the St. Louis & Chicago railroad, which he built from Springfield to Litchfield. Lately he has been engaged in trying to build a railroad from Springfield to Peoria, via Sweetwater, where capitalists with whom he became associated have purchased important coal rights.

VICTIMS OF FAKE FOOT RACE.

Springfield, Ill., July 29.—George Puffer and John P. Green of Albert Lea, Minn., claim to be victims of a foot race here on April 25. Green says he lost \$5,000 and Puffer \$365.

It excites the wonder of the world, a magic remedy, liquid electricity, that drives away suffering and disease. Rocky Mountain Tea, 35c. Stafford Drug Co.

SOCIETY SWELL'S DOWNFALL.

Boston Man Arrested on Charge of Defrauding a Woman.

Omaha, July 29.—Mrs. Elizabeth Thompson, a prominent business woman of Boston, arrived here today and caused the arrest of Thomas V. Walton of Beverly, Mass., whom she claims defrauded her out of nearly \$5,000, part of the proceeds received by him from the sale of a farm belonging to Mrs. Thompson. Walton was received into the best social circles and clubs of the city and spent his money lavishly. Both parties are prominent in Boston.

TRAIN ROBBERY FRUSTRATED.

Section Men Rout a Desperate Gang on the Pere Marquette.

Grand Rapids, Mich., July 29.—Six masked men entered the railroad station at Dublin, on the Pere Marquette railroad, late last night, and assaulted and bound Operators McEvoy and Merrifield. The latter was so badly injured that his recovery is doubtful. After the assault the men left. McEvoy managed to break his bonds and liberate his companion. The section men were notified and chased the gang into the woods. The supposition is that the intention was to rob a train on Norway hill, near Dublin.

REPUBLIC MINE DEAL.

Directors Willing to Sell on Basis of \$15 per Share.

Cleveland, O., July 29.—According to the letter sent out by officials of the Republic from company stockholders as mentioned in these dispatches yesterday, a large company of ore is figuring on the Republic mine and the steamers Republic and Continental and schooner Grace Holland, which are operated by the company. Directors of the company favor a sale if \$15 a share is paid for the stock and if a controlling interest can be secured the property probably will change hands.

RAILROAD BARS WOMEN.

No More Female Stenographers to Be Employed on the B. & O.

New York, July 29.—President L. F. Loree of the Baltimore & Ohio has issued orders that no more women stenographers be employed in the operating departments of that road. The women now in the company's service are not to be discharged, but President Loree desires that hereafter only men shall be trained in the operating departments. He believes in promotions and wants all clerks to fit themselves for higher places. Women, he thinks, are not competent to grasp the railroad business in the way that men do.

BELL BUILDING AIRSHIP.

Inventor of Telephone Turns His Genius to New Direction.

Baddeck, C. B., July 29.—Professor Alexander Graham Bell, the inventor of the telephone, is personally supervising the construction of a flying machine. Every effort has been made to keep secret not only the details of the construction, but the fact that such a machine is being built. Nevertheless it is reported that the machine will be composed of twenty feet long and will be composed of ten or twelve distinct parts. Five miles of piano wire has been used in its construction and the principle of the kite or aeroplane, not used in any of Santos Dumont's ships, will be a feature of Professor Bell's machine.

LIFE SAVED IN COLLISION WAY.

American in Steamer Collision Is Blown from Ship's Funnel.

Washington, July 29.—Oriental mails just received give details of the collision of the Japanese steamer Kimogawa Maru and the Kisowaga Maru off the Korean coast last month, in which nearly 100 passengers lost their lives and which was marked by a remarkable incident in which an American figured. This American was J. F. Bowley of North Webster, Ind. The night was calm and the sea smooth and the Kimogawa's officers were apparently lax in keeping a lookout. Without a second's warning, according to Bowley, the Kisowaga Maru loomed up and struck the Kimogawa on the forward starboard side giving a glancing blow that brought the two steamers alongside. Fourteen second class passengers went down. Many others were caught in their staterooms. Several Korean passengers, among them Bowley, reached the deck just as the steamer sank under them. Bowley and a missionary were sucked into the great funnel of the steamer, only to be thrown out again with great violence a moment later, the weight of the water compressing the air below the funnel. The compressed air acted as a ram, throwing Bowley far above the surface of the sea. A boat from the Kisowaga rescued Bowley, who continued his journey to San Francisco.

STOCK MARKET IRREGULAR.

Trading Confined to Professionals With the Honors Even.

New York, July 29.—Today's stock market did not show as much positive weakness early as was the case yesterday, and there was even some attempt to invite a revival of the speculation for a rise. But this proved abortive and the tone of the market became decidedly weaker late in the day.

The attempt to revive the speculation turned to a few low-priced stocks, apparently on the supposition that a campaign in these stocks would prove more attractive to the general public than in the high-priced stocks. The movement exhausted itself after an advance of something over a point in Reading and in Chicago Great Western, with a slight sympathetic effect in the allied stocks. No definite announcement was made of further engagements of gold for export, but it was generally believed that at least two millions more will go out Thursday.

The renewal of the feverish tone in Rock Island has much to do with the undertone of weakness in stocks. The delay in the formal announcement of the details of the plan gives rise to some apprehension of changes. The criticism of the plan turns on the feature which proposes to convert the stock into foreclosure bonds.

Late in the day the bears were encouraged by the failure of the various attempts to put up prices to make a determined attack, under which the market yielded sharply. There was a scramble among the room shorts to cover at the close, and the resulting sharp rallies revealed the professional character of this attack.

The market closed active and extremely irregular, as follows: Paine, Webber & Co. furnishing the quotations: Wash. Pfd. . . . 45 1/2 Union Pac. . . . 49 1/2 N. Y. Central . . . 103 1/2 Mo. Suit Against Railroad Dismissed. Madison, Wis., July 29.—Judge Bunn, of the federal court, today dismissed a complaint in \$2,000,000 filed by Albert C. Gunnison, George A. Bright and Howard J. Foraker of New York city against the Chicago, Milwaukee & St. Paul Railroad company and G. Hilton Scribner, trustee. The suit was brought to recover the value of old bonds.

GRAIN MARKETS ARE LOWER.

Favorable Weather the Main Factor in the Declining Prices.

Chicago, July 29.—In wheat today there was a large trade, a great deal of it changing. The feeling was quite weak and the close was 1/2 lower. Large receipts and favorable crop reports, both domestic and foreign, were the dominating influences. The demand rested mainly on orders from shorts. The map was favorable. At Liverpool, spot wheat was steady to 1/4 lower. Fifty-two boatloads were taken at the seaboard.

Corn was active, but weak, July closing 4, September 2 1/2 and December 1 1/2 lower. Favorable weather, the weakness in the surrounding markets, and increasing receipts discouraged holders and demoralized the market for a time. Longs sold freely. At Liverpool, spot was steady to 1/4 lower, with the futures 1/4 higher to 3/4 lower.

Oats were nervous. The trading was light and the interest centered in new July, which broke 5 early and advanced 7. The close was at the top, with a net gain of 2. Old July was dull and closed at the bottom, 1 lower. Fears of complications from the squeeze in new July caused the early weakness, and covering by shorts caused the advance. The grading was better. The distant futures were weak, under con-

stant liquidation and closed at a loss of 1/4 @ 3/4.

The leading futures ranged as follows: September wheat opened, 70 1/2 @ 70 3/4; highest, 70 3/4; lowest, 70; closed, 70 1/2. September corn, opened 37 1/2 @ 37 3/4; highest, 38; lowest, 37 1/4; closed, 37 1/2. September oats, opened 24 1/2 @ 24 3/4; highest, 24 3/4; lowest, 24 1/4; closed, 24 1/2.

Receipts and shipments were as follows: Flour, barrels, 14,000 26,000 Wheat, bushels, 279,000 453,000 Corn, bushels, 224,000 241,000 Oats, bushels, 721,000 374,000

BOSTON COPPER QUOTATIONS.

The copper stocks dealt in on the Boston exchange closed as follows yesterday, the quotations being reported by Paine, Webber & Co.:

Table with columns for stock names and prices. Includes: Advs., Apr., All., Am., Ana., Anst., Batic., B. & H., Cop. R., Frankl., Isle Royal, Bing., Mass., May Flower, Mich., Old Col., Ots.

BOSTON STOCK SALES.

The following were the transactions in copper stocks on the Boston exchange yesterday as furnished to The Mining Journal by Paine, Webber & Co.:

Table with columns for stock names and prices. Includes: Adventure, Alouet, Arrol, Arcadian, Anaconda, Amal Copper, Batic., B. & H., Cop. R., Frankl., Isle Royal, Bing., Mass., May Flower, Mich., Old Col., Ots.

W. J. OLCOTT PROMOTED.

Former Marquette County Man Now Manager of the Trust Mines.

Duluth, July 29.—W. J. Olcott, who has been superintendent of Mesabi range mines for the steel trust, has just been named manager of mines for the corporation, his new duties covering all ranges. L. W. Howell has been made assistant to the president of the mining companies of the corporation. W. A. McGonagle has been named general manager for the Duluth, Mesabi & Northern, all with offices at Duluth.

LUTHERAN SCHOOLS FOR NEGROES.

Milwaukee, July 29.—The Evangelical Lutheran synodical conference closed today. It was decided to establish one or two preparatory schools in the South for the benefit of negroes. A commission was appointed for the purpose of looking into the matter and will decide on the location of the schools.

TODAY'S WEATHER.

Washington, July 29.—The following is the weather bureau's forecast for Upper Michigan: Fair Wednesday and Thursday; fresh south winds.

Cut this out and take it to Stafford's Drug Store and get a box of Chamberlain's Stomach and Liver Tablets. The best physic. They also correct disorders of the stomach. Price 25 cents.

In reply to inquiries we have pleasure in announcing that Ely's Liquid Cream Balm is like the solid preparation of that admirable remedy in that it cleanses and heals membranes affected by nasal catarrh. There is no drying or sneezing. The Liquid Cream Balm is adapted to use by patients who have trouble in inhaling through the nose and prefer spraying. The price, including spraying tube, is 75 cents. Sold by druggists or mailed by Ely Brothers, 56 Warren Street, New York.

BAKING DAY advertisement for Marquette Gas Light Co. featuring an illustration of a woman in a kitchen and text describing the benefits of their gas range.

FORCE advertisement for a breakfast food. Features a large illustration of a man's face and the word 'FORCE' in large letters, with text describing it as a 'Breakfast Food that Makes Vitality Quick as Lightning's Flash.'

addition for sale cheap or on time
at low rate of interest. For particulars in-
quire at office of Peter White. (5-4-19)**

WONDERFUL WORK

AMERICANS HAVE ACCOMPLISHED
IT IN PORTO RICAN SCHOOLS.

SPAIN'S INGLORIOUS RECORD

ISLAND IS NOW THICKLY STUDDED
WITH SCHOOLHOUSES.

Commissioner of Education Reports
on Development of Educational
Advantages in the New Island
Possession.

State Superintendent of Instruction
Delos Fall has sent to The Mining Jour-
nal the report of Martin G. Brumbaugh,
commissioner of education for Porto
Rico, on the educational work that has
been accomplished on the island since
the American occupation. Mr. Fall
thinks that Mining Journal readers will
find it of interest.

"When the American civil government
took hold of affairs in Porto Rico, there
was not one school building, erected for
school purposes, on the entire island.
Spain, in 400 years, had not built one
schoolhouse. The military government
had built one school structure, but fire
destroyed it, and the civil government
faced a population of one million souls
without one building, put up for school
purposes, at its disposal.

"In the meantime the schools had
taken a prominent part in the elevation
of the people. Under military rule, 612
schools were opened, with about 23,000
pupils enrolled. Under civil govern-
ment, the first year, 840,000 was set
aside for schools, and 800 schools with
36,000 pupils, were opened and main-
tained for nine months. During the second
year, 1901-02, \$501,000 was appropriated
by the local legislature, and now there
are 1,000 schools, with 50,000 pupils.
Illiteracy has been lessened by ten per
cent, and the demand for schools is
steadily growing. In fact, were we able
to pay the necessary salaries and if the
teachers were available in sufficient
numbers, we could now have at least
150,000 pupils in the schools. The
schools were opened in 1900-01 was
75 per cent, being one per cent more
than Massachusetts in the same year.

\$200,000 for Schoolhouses.
"Two hundred thousand dollars was
given the commissioner to begin the
work of erecting schoolhouses in Porto
Rico. Today there are forty-six first-
class, buildings, some of ten, six, four,
and two rooms, and some one-room ag-
ricultural schools. Each building stands
on a large campus, usually one acre in
extent and the grounds are well schol-
arly. The soil one-half of each school
day. Over 1,200 pupils are thus receiv-
ing systematic, practical agricultural
education. These buildings all carry
the names of prominent Americans,
some of them being the "Washington
school," the "Lincoln school," the "Ben-
jamin Franklin school," the "Mc-
Kinley school," the "Irving school," the
"Horace Mann school." The American
flag flies over every school, while it is in
session.

Came Forty Miles Afoot.
"One young man came forty miles
afoot to the summer normal school,
settled on a bare floor, begged his food,
and studied so diligently that he received
a rural certificate, and is now teach-
ing a shack schoolhouse under the palms
on the mountain side. A boy in a
school at Jimenez had only the front of a
shirt and trousers to cover his naked
body. He preferred coming to school
half-dressed to growing up in ignorance.
In a mountain school Mr. Wood, one of
our supervisors, found a boy wearing his
father's shirt, because the boy's shirt
was so small he had to be washed.
The father's shirt bore on its back the
legend, "Pillsbury's XXX!" In the
little coast town of Loiza the laborers
in the cane fields and the poor laborers
in the streets are attending a night
school. There is not a lamp in the town.
These men bring candles, and in groups
of three cluster around them, patiently
spelling out the beginnings of an educa-
tion.

"The Porto Rican is anxious to learn.
He can learn. His ambition is to ac-
quire a knowledge of American institu-
tions, and thus hasten the day when the

STRAIN TOO GREAT.
Hundreds of Marquette Readers Find
It So.

The hustle and worry of business men,
The hard work and stooping of work-
men,
The women's household cares
Are too great a strain on the kidneys.
Backache, headache, side-ache
Kidney troubles, urinary troubles fol-
low.
Doan's Kidney Pills cure them all.
Mr. John Smith of 116 Eveland Court,
Menominee, a stationary dealer, says:—
"I had symptoms of kidney complaint
for a long time and I felt that I ought
to do something to better my condition.
It was not serious yet, it annoyed me
greatly, especially when I caught cold,
for it was hard for me to get down to
sit in a chair and equally hard to rise.
My back was weak and soon tired out
and ached if I stood long or did much
walking. When I saw Doan's Kidney
Pills advertised to cure cases as mine I
bought a box at a drug store and the re-
medy did just what was claimed for it.
In a short time all symptoms of kidney
ailments were removed. Should it ever
return I will look to Doan's Kidney Pills
for relief. I can confidently recommend
them to anyone."
Just such emphatic endorsement can
be had right here in Marquette. Drop
into the Stafford Drug Co. and ask
them what their customers report. For
sale by all dealers, price 50 cents per
box. Foster-Milburn Co., Buffalo, N. Y.,
sole agents for the United States.
Remember the name Doan's and take
no substitute.

star of the island of the sea shall nestle
in the folds of the flag he, with its, so
fondly loved. He has accepted the
same reputation and it is impressive
that the door of the public school is the
door to statehood in the federal union."

GOING TO NORTH SHORE.

Judge Shiras and Party About to Leave
Soo on Fishing Trip.

Judge Shiras, associate justice of the
supreme bench of the United States, who
has been in Marquette for some days
past, is now sojourning at the Soo, in
anticipation of an early departure to the
north shore of Lake Superior.
He was sitting on the veranda of the
Iroquois with his back turned to the
activities around him, and buried in one
of the season's fiction successes, says the
Soo Journal. He cheerfully laid aside
his book, however, to talk of his plans
for the summer. Running his line
through the woods, he said: "I am
here spending my time in 'innocuous
desuetude,' as some would say. I am
waiting for a party of gentlemen from
Pittsburg, who will probably arrive in
their yacht this week. We will spend
four weeks fishing on the north shore,
making Salmon river our base of opera-
tions. For the past five years our party
has fished in the Negigon, but this year
I understand that river is already crowd-
ed with campers and anglers until there
is hardly room for any more.

"During nearly 40 years acquaintance
with the fishing grounds on both shores
of the lake, I have never seen so many
of the size and number of the trout family.
Angling has not done this. It is the
constant destruction of game fish by the
gill nets that is fast destroying the en-
joyment of this sportsman's paradise,
for the devotees of rod and line.
This extermination is much more no-
ticeable in the old trout streams around
Marquette where I have spent the past
thirty-five summers.

"The laws of Michigan do not seem to
adequately provide for the fisheries be-
cause their jurisdiction does not extend
beyond the shore. Pennsylvania,
on the other hand, is a state which has
no trouble whatever over her fish laws.
They are complete and satisfactory, cov-
ering as they do the usual league from
shore. If Michigan would not leave so
much to federal and international fish
laws, the lives of the game fish would be
protected much better.

"It used to be my ambition never to
pass a season without capturing a five
pound trout, but now-a-days I have to
show myself highly elated if my land-
ing net gathers in a three pounder occa-
sionally."

CITY BRIEVITIES.

Today's weather: Partly cloudy
with probably local thunderstorms, vari-
able winds, becoming fresh southerly.
Yesterday's temperature: 7 a. m.,
73 degrees; noon, 83 degrees; 7 p. m., 77
degrees. Maximum, 86 degrees; mini-
mum, 62 degrees.

T. G. Sullivan was up from Munising
yesterday.

Prosecuting Attorney Frank A. Bell
of Negaunee was here yesterday.

Powhattan Bowling of Hancock was in
Marquette yesterday, calling on his ac-
quaintances.

Mrs. Weeks of St. Johns, N. B., left
yesterday for her home after spending
a few weeks here visiting relatives.

Fred Conklin arrived home Monday
from a summer resort near Traverse
City, where he spent a couple of weeks.

Fred Bernier and wife left for their
home in Montreal yesterday. They
have been visiting relatives here for
some time.

Miss Anna Blossom, who has been visit-
ing Ira Blossom and family during the
past two months, left for her home in
lower Michigan Monday.

Yesterday was quite hot enough to
keep people busy trying to keep cool.
There was no sun to speak of, but this
did not prevent the mercury from soaring.

Mrs. T. Pohlman, and daughter, came
up on the steamer Japan Monday night
to visit her son, William Pohlman, and
family during the remainder of the sum-
mer.

Miss Mabel Brown and Miss Ruth
Read came down from Ishpeming yester-
day afternoon. A number of people
a few days visiting Mrs. R. P. Bronson.
Miss Read's sister.

A couple of emigrant cars were at-
tached to the 2:50 train yesterday after-
noon. They went right through
Marquette, distributing their passengers
at points further west.

The third of the series of summer As-
semblies will be held this evening at
Fraternity hall. Music, which will be
furnished by the full ideal orchestra,
will begin at nine o'clock.

The steamer Friant ran an excursion
on the lake last evening. There was
dancing on board. A number of people
took advantage of the opportunity to
get thoroughly cooled off, after the sultry
day.

G. S. Meredith and wife arrived here
yesterday. Mr. Meredith is an alder-
man and brick manufacturer of Mil-
waukee. He has important contracts
in connection with the brick work at
the new Pioneer furnace.

Mr. Van Buren of 339 East Arch street,
Grandma Van Buren is ninety-one years
of age and hereafter expects to make
her home here with her son, L. M. Van
Buren.

During the past several days of warm
weather the swimming hole at Dead
river, off the South Shore spur into the
Dead river mill, has been freely patronized
by Marquette people. Among those
who go out for a daily swim are a num-
ber of business men. The hole is a fine
place for aquatic sport and the tempera-
ture of the water is about right.

Charles Lundstrom, formerly em-
ployed on The Mining Journal, who has
been living in Houghton, where he has
worked on the Daily Mining Gazette,
for two years, came down yesterday on a
brief visit to his parents. Mr. Lund-
strom expects to leave for Chicago,
where he has accepted a fine position as
linotype operator, this evening.

The force of Indian employed by the
electric light and power commission is
busy wiring the stores in the Adams
block, corner of Front and Main streets,
for the reception of L. Getz's business.
Mr. Getz is shortly going to move into
Stafford's old stand. He will also oc-
cupy the floor directly above this store,
as well as the room above Bigelow's
store.

James R. Carroll and M. J. Carroll
came down from Houghton yesterday in
their yacht Helen C., arriving in the af-
ternoon. They were accompanied by
W. Croze. The run from Houghton
was made in seven hours and fifty min-
utes. There is a twenty-four horse
power Superior engine in the Helen C.
The party will be here for a couple of
days.

Marquette "fans" will have an oppor-
tunity of witnessing what is expected to
be one of the best base ball games of
the season at the fair grounds Sunday
afternoon, when the Ishpeming and Mar-
quette teams will try conclusions. The
game will be called at three o'clock and
admission will be twenty-five cents for
men, ladies free. The street cars will
make trips to the ground every fifteen
minutes.

The ladies of the congregation are
invited by the Ladies Aid society of the
Presbyterian church to participate in a
trolley ride and a picnic at Presque Isle
this afternoon. All intending to go
are requested to be at the church in
time to take the 2 o'clock car. The
ladies are expected to bring their own
dishes and eatables. The gentlemen are
invited to take supper at the island at
6 o'clock.

Mr. and Mrs. C. A. DuCharme, C. B.
DuCharme, Harold DuCharme, Mr. and
Mrs. Henry M. Campbell, H. M. Camp-
bell, Jr., Douglas Campbell and Miss
Burtonshaw compose a party of Detroit-
ers who arrived in Marquette yesterday
afternoon, en route for the Huron
Mountain club. They will go up on the
steamer Friant this morning. Ashley
Pond's private car was attached to the
afternoon train, it having been placed
at the service of some of the Detroit
party.

The officials of the Marquette &
Presque Isle Street Railway report that
the line has been enjoying a fine business
since the warm weather set in a few
weeks ago. Presque Isle has never been
more popular than this summer, and the
picnic parties that, establish headquar-
ters at the resort are too numerous to
keep track of and amply numerous
during the afternoon and evening. The
summer business is going to mount to
great figures.

Homeowners are urged to attend a
meeting to be held the evening of Fri-
day, August 1, in the second story of
the Frei block, corner of Washington
and Front streets. The homeowners
who have called the meeting have con-
ceived the idea of forming an organiza-
tion of their brethren for the purpose
of laboring for the common good. Agi-
tation in favor of good roads will be
undertaken, and other matters looking
toward the benefit and profit of home-
steaders will be given attention.

The Royal Theatre company enter-
tained a good house at the theatre last
evening with the roaring comedy "The
Troubles of Mrs. Trimble." Though it
was the only play to be given, "Forget-
Me-Not" the bill Monday night, the com-
pany gave it a satisfactory presenta-
tion. The Royal Theatre people really
compose one of the best popular priced
repertoire organizations that has ever
been seen here and they should have a
successful engagement. The bill to-
night will be "His First Love."

Tell us why a druggist offers you a
substitute for the Madison Medicine
Co.'s Rocky Mountain Tea. Does he
love you or is he after the bigger profit?
Think it over. Stafford Drug Co.

ELKS' CARNIVAL

At Sault Ste. Marie, August 4th to
9th, 1902.
For the above occasion agents at all
stations, Marquette and east, including
Brimley and St. Ignace, will sell excu-
sion book tickets to Sault Ste. Marie at
fare and one-fifth for the round trip.
Tickets are to be sold every day, Aug.
4 to 9 inclusive, and are valid for re-
turn passage until Aug. 11, inclusive.
Special One-Day Excursions.

Agents at the following named sta-
tions will sell special round trip tick-
ets that will be supplied at the low
rates named; the tickets will be good
only for date of sale.

Shingleton \$3.25
Seney 3.00
McMillan 2.25
Dollarville 2.00
Newberry 2.00
St. Ignace 2.50
Altenville 2.25
Moran 2.25
Soan Junction 1.00
Eckerman 1.25
Strong 1.00
Rexford 1.00
Wellsburg75
Bay Mills75
Brimley50
Children five years of age and under twelve half rates.	

The sale of one day tickets at these
rates to be made every day, Aug. 4 to
9, inclusive. (7-30-87)

IN AWE OF OUR NAVY.

Foreign Powers Showing More Respect
for Our Fighting Power Now.

Washington, July 29.—Reports from
Europe indicate that the foreign powers
are displaying the utmost interest in
the approaching maneuvers of the Amer-
ican navy that are to take place in the
late fall in the Caribbean sea, when Ad-
miral Dewey will be in command and
direct the movements of the forces.
The naval officers who have returned
recently from foreign stations say that
the navy occupies a distinctly different
position today from what it did three or
four years ago, everywhere our officers
go they see evidences of the increased
respect and regard with which our ser-
vice is considered. An officer who has
just concluded a tour of duty in the
Asiatic station said today:

Evidences of Esteem.
"I was struck on a dozen different oc-
casions with the great esteem in which
the American navy is now held by the
English, French, German, Italian and
other naval powers of Europe. For in-
stance, while our ship was in Chinese
waters we were treated with great defer-
ence by all the foreigners in the differ-
ent ports, who showed a strong desire
to converse with us. In the old times we
would receive a formal visit from each
of the foreign ships when we arrived in
a strange port, and that usually ended
the matter.

"But now things are different. In
China they paid us the customary visit
of formal attention, but made a point
of seeing that more of us were invited
on board the different vessels to din-
ners and fetes in our honor, and the fore-
igners actually seemed to vie with each
other in entertaining us. They showed
a respectful curiosity about us as indi-
viduals and about everything connected
with our vessels. Formerly we were
ignored. The deep interest of the pres-
ent day is easily traceable to the per-
formance of the American navy in 1898.
I find that all the naval countries are
greatly concerned in our approaching
maneuvers, and it is safe to say that
all the news about the movements of
our ships in the winter war games will
be eagerly read by our foreign neigh-
bors."

Other Countries' Maneuvers.
The various navies of Europe are also
actively preparing for practice. The
French navy will attempt work on a
more elaborate scale than any of the
others and will to a certain extent re-
peat last year's program. Four squad-
rons are to be formed. Great curiosity
was displayed last year to know what
was meant by the division of the fleet,
and what sort of problem France was
trying to work out. It was finally de-
termined that one fleet represented the
French navy and was working against
the combined force of Italy and Ger-
many.

Austria will have some naval maneu-
vers this year extending over a period of
two months, and all of her ships will
be engaged. Russia's navy will be simi-
larly engaged this year, but our naval
attaches thus far have been unable to
find out what problems and exercises
will be attempted. It is very difficult
to get information of the operations of
the various navies of war, their move-
ments being more closely guarded than
those of any other foreign power. Eng-
land's magnificent navy is already mo-
bilizing for summer work. The whole
Mediterranean fleet will be present, as
well as the channel fleet.

ANIMAL LOCOMOTION.

As Depicted on the Mena Tablet Seven
Thousand Years Ago.

Edward Muybridge, whose photo-
graphic investigation of animal loco-
motion attracted wide attention a number
of years ago, has written the following
letter to the London Times:

"In the new volumes of the Encyclo-
pædia Britannica is reproduced in the
article 'Egyptology,' a tablet of Mena
dating from the first dynasty, or about
4700 B. C., and is the oldest written
sentence yet discovered.

"In 'The History of Art,' by W. M.
Flinders Petrie, the author, referring to
the Egyptian artists of the fourth dyn-
asty, says: 'They did not make a work
of art as such, but they rivalled nature
as closely as possible.'

"Two figures—a bull and a deer—on
the tablet of Mena afford a remarkable
confirmation of the professor's state-
ment in regard to the knowledge and
expression of motion by the sculptor of
this age. A bull striving to attain his
utmost speed is represented in a phase
of the movement, which, after a lapse
of sixty-six centuries, is reproduced in a
photo-engraving illustrating some con-
secutive phases in the stride of a horse,
published in the Century Dictionary and
under the heading of 'Gallop,' and in the
Standard Dictionary in its definition of
'Movement.'

"The phase employed by the Egyptian
artist has been, until recent years, very
rarely used in art; the nearest approach
to it that I can at the moment recall is
in a fresco painting on the walls of the
Campo Santo at Pisa, supposed to have
been executed by Pisano. It, like the
Mena tablet, illustrates a phase of the
transverse gallop—a system of motion
attested by the horse, the ox, and the
greatest number of animals, whether
single-toed, cloven or soft-footed, when
they exert their utmost power to attain
their highest speed.

"In the lower line of figures on the
tablet is a deer, evidently jumping over
an obstacle. The animal is represented
with all its legs flexed, in pairs, under
its body. A series in the library of the
British museum, demonstrating a jump
which sometimes takes place in the ro-
tary gallop of the deer, which system of
motion is always used by the deer and
also by the dog, when, from caprice or
necessity, they endeavor to make rapid
progress. This distinctive method of
galloping was unknown, and indeed un-
conceived, by modern man, until re-
vealed by photographic investigation of
animal locomotion; but it was appar-
ently well known to the early artists of
Egypt."

ACTS IMMEDIATELY.

Colds are sometimes more troublesome
in summer than in winter, it's so hard
to keep from adding to them while cool-
ing off after exercise. One Minute
Cough Cure cures at once. Absolutely

1902 EDITION.

The new 1902 edition treats of Copper from all standpoints—Historical, Technical, Statistical and Descriptive. It is divided into ten chapters, as follows:

- I. History of Copper.
- II. Chemistry and Mineralogy.
- III. Metallurgy.
- IV. Glossary of Mining Terms.
- V. Copper Deposits of the World.
- VI. Copper Deposits of the United States.
- VII. Leading Foreign Mines.
- VIII. Lake Superior Mines.
- IX. American Copper Mines.
- X. Statistics of Copper.

The work is an octavo volume of 492 pages, set in Brevier type. It is the only volume printed in any language treating of the entire subject of copper, with descriptions of all principal mines, some 700 properties being listed, the descriptions ranging from a few lines to a dozen pages for each, according to importance.

The price of the Copper Handbook is \$3 in full morocco, and \$2 in buckram binding, prepaid to any address in the world. It will be

SENT ON APPROVAL

and may be returned within 30 days, if the purchaser is dissatisfied, for any reason whatever, and price paid will be refunded.

Ishpeming and its Environs.

JOHN M'KANA KILLED.

Old Passenger Engineer on Northwestern Line in a Fatal Accident Yesterday.

John McKana, one of the oldest engineers in the employ of the Chicago & Northwestern Railway company, was killed yesterday morning at Escanaba. The northbound passenger train ran into a freight on the main line leading to the dock yard. When McKana saw danger ahead, he jumped from his engine, striking an embankment and rolling, striking his head on a switch.

Engineer Tom Green and Steve Lyons, McKana's fireman, were slightly injured. According to what was learned here yesterday, Lyons' arm and Green's shoulder were hurt. Lyons jumped on the opposite side to McKana and fell away from the train.

Brakes Failed to Work.

It was McKana's turn yesterday morning to pull the passenger through to Ishpeming from Escanaba, and he was to relieve Green at the latter city. Shortly before leaving time, a message came that Green's engine was disabled at Narents, a small station about thirteen miles south of Escanaba. McKana was ordered to go to Narents and help pull the passenger through. Rapid time was made and the train came into Escanaba faster than usual. The air brakes failed to work and the train flew by the station. When Conductor Tom Oliver took in the situation he uncoupled the air and applied the brakes on the coaches. This reduced the speed of the train some, but not enough to bring it to a standstill before it struck the freight.

There are two tracks a short distance north of the station. One is the main line and the other leads to the dock yards. It is customary for the engine waiting for the northbound passenger to stand on the main line above the switch until after the engine which pulls the train in from Green Bay is uncoupled and taken upon the dock track, which was occupied yesterday by the freight.

The trainmen and passengers got a severe shaking up. The mail and baggage men were thrown about their ears. The passengers were thrown from their seats, and some were badly frightened. One of the two mail men received slight cuts and bruises. Peter Fitzpatrick of this city was a passenger on the train.

McKana Eligible to Pension.

McKana had been so long in the service that he was eligible to a pension. He had been an engineer on this end of the system or over thirty years. For a time he was traveling engineer, but some four or five years ago he went back to his old work. He is well known all along the line. He is survived by his wife, two sons and one daughter.

It was reported here yesterday that Mr. McKana had planned to take an extended lay-off and go west for a time. His family is left in easy circumstances. They have one of the finest homes in Escanaba. Mr. McKana also owned other property there.

WAS AN OLD SETTLER.

Mrs. Caroline Pellow, whose funeral was held yesterday afternoon, was a resident of Ishpeming for many years. She had passed her eighty-second birthday. About a year ago she fell, fracturing her hip, and from that time until she died her health was poor. She is survived by two sons, Leonard Pellow of this city, and his brother, who lives in the West. The services yesterday afternoon were conducted at the house by Rev. Stephen Polkinghorn, pastor of the Division street Methodist church.

MORTLEY GOT THE CONTRACT.

The joint committee named some time ago by the city council to let a contract for furnishing the police officers and paid employees of the city department with new uniforms, have given the job to J. H. Mortley, the Canada street tailor. The price will be \$26 a suit.

Bids were received from five Ishpeming and two Marquette tailors. A local tailor who did not submit a bid was consulted relative to the quality of the samples, etc.

WITH A NEW HOUSE.

Horace W. Outhouse, who conducted a furniture and undertaking business here for some time prior to less than a year ago, will be in the city today. He recently quit the Buckstaff-Edwards company of Oshkosh, and is now out in the interest of Powers & Walker, a furniture house of Grand Rapids. He will make the upper peninsula regularly every sixty days. Since leaving here he has traveled through Wisconsin.

ENTERTAINED GOOD CROWDS.

The Williams' circus has played to very satisfactory business here the past two days. The attendance at the afternoon performances was largely children. The tent was well filled both evening and the show was all that could be expected considering the low admission charge. From here the show heads for the towns west, including the copper country.

Summer complaints are unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of Lansing, Iowa, Journal. For sale by the Stafford Drug Co.

We handle a full line of "W. B." corsets. Finnish Mercantile association.

DRESSMAKING.

Mrs. A. Hasenwinkle, 210 North Maple street, is prepared to do dressmaking of all kinds. High class work solicited. Thirty years' experience. (7-25-1w)

STILL AFTER MURDERER.

A Search is Being Made for the Man Who Killed Conductor Young.

The authorities at Rhineland, and other towns in that vicinity, are still searching for the murderer of Conductor Young. Some three weeks ago he was killed by a hobo, who was stealing a ride on his train. It is suspected that the murderer and his accomplices are somewhere in northern Michigan or Wisconsin. It was reported last week that they were seen on the Menominee range, near the Dunn mine. The Crystal Falls Mail of last Saturday said:

"One of the trio charged with complicity in the murder of Conductor Young of the C. & N. W. road two weeks ago, is said to have been in this vicinity this week. He was traced as far as the Dunn mine by two Rhineland men who first saw him near Rhineland one day last week. The man, who answered the description of the murderer, was seen at the Dunn mine location Tuesday, where he called at a house for something to eat. That was the last seen of him about here and his whereabouts are now unknown. A reward of \$1,200 has been offered for his capture."

DON'T FAIL TO TRY THIS.

Whenever an honest trial is given to Electric Bitters for any trouble it is recommended for a permanent cure and surely be effected. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. It's a wonderful tonic for run-down systems. Electric Bitters positively cures: Kidney and Liver Trouble, Stomach Disorders, Nervousness, Sleeplessness, Rheumatism, Neuralgia, and expels Malaria. Satisfaction guaranteed by Stafford. Only 50 cents.

ISHPEMING IN BRIEF.

Miss Polly Nelson of Ironwood is in the city visiting Miss Winifred Cooley. Miss Nellie Donahue has resigned her position at Jos. Sellwood & Co.'s dry goods store.

Mrs. Tislov is improving the stone wall about her residence property on First street.

Carpenters began work yesterday on the Crowley block, to be erected on Cleveland avenue, between Main and First streets.

J. Leonard Johnson, who has held the position of assistant bookkeeper at the Finnish Mercantile association's store, resigned yesterday.

The Sunday school society of the Swedish Lutheran church will hold its annual picnic next Monday, Aug. 4, at the Cleveland park.

The bids for the construction of the Methodist church will be opened today. A number of outside contractors have figured on the job.

Harry Watson, who has not been in good health for the past few months, will leave soon for Arizona, upon the advice of his physician.

A party of glass blowers are giving exhibitions in the corner store of the Voelker brownstone block. They will be there the remainder of this week.

The street rover is building a stone curb on Maple street at the end of Ole Walseth's residence property. The thoroughfare has been in bad shape at that point for some years.

T. J. Daves is spending a few days in the city. He is on his way back from a convention of the national organization of Moulders held in the east. Tom is located in the copper country.

Hugh Sparks has taken a position as clerk with J. J. Lefler, succeeding Charles Marceau, who resigned to go to Marquette. The latter expects to move his family to that city within the next few days.

Rev. E. V. Isaacs, pastor of the Swedish Lutheran church of this city, will officiate at the funeral of Rev. E. Lind's little son at Marquette today. The child was killed Sunday by the accidental discharge of a gun.

W. J. Walters, the Cleveland avenue painter and paper hanger, is to close out his entire stock of wall paper at a big sacrifice. He wishes to clean out the stock to make room for new goods.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping this kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits.

If you are sick in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

which he will purchase within the next few weeks.

The families of U. Lavingne and Otto Schadt, also Mrs. T. Nugent of Milwaukee, who is visiting here, and her sister, Miss Nellie Dwyer, spent Monday at Marquette in attendance at the reception tendered Frank LaBonte and bride, who were united in marriage here that morning.

The grocery department of the A. W. Myers Mercantile company was yesterday transferred from the old to the new portion of the block. The meat market will be moved from the corner of Division and Pine streets to the new store within the next few days, possibly before the close of this week.

Upper Peninsula.

The new No. 5 shaft at the Aragon mine, Norway, is completed and ready for business. It is 1081 feet deep. Drifting will commence at once nearly 1400 feet where the ore will be struck.

John Lisicum of Kinnross, down near the Soo, last week had an arm cut off by a circular saw near to the shoulder joint and only the presence of mind of the foreman saved him from bleeding to death. When the accident occurred, the foreman seized the stump and twisted it, then bound a rope around it until a doctor could be called from Rudyard.

Two peddlers of Hebrew descent were recently gathered in by Marshall Shaffer of Ontonagon for selling merchandise in the village without licenses. They were brought before Justice Anglim, who fined them \$15 each and costs. They protested that the fine was too much and refused to pay it. After being incarcerated in the county jail for one day, one of them paid his fine and was allowed to depart. His companion, however, boarded with Sheriff O'Rourke for nearly all of last week and then concluded to settle, which he did, together with the additional costs.

Two Frenchmen traveling through the woods near Ford River, Delta county, last week, came onto a cross stuck in the ground and began an investigation. Upon digging into the loose ground they found the remains of a human being. It has been learned, so the story goes, that the remains are those of an unknown man, who some thirty years ago went to Ford River camp No. 4 to visit two brothers who were then working there. He lost his way in the woods and perished. The body, according to report, was found and buried in a cedar casket.

Drilling has been discontinued at both the Rapid River and Bay de Noc twinning (Delta county) oil wells, but report is that the work will be resumed in the near future. On the Wagner property, across the little bay, nothing has been done for more than a fortnight, the second well, like the first, being abandoned at a depth of 840 feet on account of its crookedness, the drillers being unable to proceed further. Mr. Herring, who has the contract is now in London, and nothing will be done until his return, when another hole will probably be started. At Rapid River work is at a standstill, although the Michigan Oil & Improvement company states that only a short time will elapse before work will be resumed.

The sinking of the car ferry St. Ignace at her pier two months ago caused a bit of nervousness among some of the employees of the boat and railway yard at St. Ignace. All this is happily ended. The blow has fallen, and upon none other than yard engine No. 14. Had the locomotive been stronger it would have been able to pull the ore-laden cars off when the boat listed heavily to port and began taking water through her decks and dodging on and off of switches, from one end of town to another, early and late, keeping the rails polished, the busiest worker in the town—now dishonorably discharged because in a pinch it could not do the work of a midget.

The last piece of lumber was taken out of the Kirby-Carpenter Lumber company's yard at Menominee last week and no more will the vessels come into that port and tie up at the company's docks for cargo lumber. The last lot was loaded on the schooner Jennie Weaver, and consisted of 29,000 feet of No. 6 boards. It was purchased by Captain E. N. Larsen, of the schooner, and taken to Sheboygan, Wis., where it will be sold to manufacturers in that city. The Kirby-Carpenter company was organized April 29, 1872, and has been shipping large amounts of lumber out of Menominee every year since that time. It was considered at one time to be the largest lumber manufacturing plant in the world and the usual cut of all three of the mills has been in the neighborhood of a million feet of lumber a year. Last year, however, the cut was only about 500,000 feet as all the mills were not running.

A few days ago, H. J. Neville, a druggist of Manistique, and John Wheeler, a bookkeeper, had a desperate encounter with a black bear that came near resulting in disaster to at least one of them. The gentlemen, accompanied by Mr. Neville's little dog "Pedro" and armed only with a twenty-two calibre rifle and a hunting knife, started for a ramble through the woods just north of the city. When scarcely two miles from town they walked very unceremoniously into the abode of a small but energetic family of black bears. The male bear suddenly remembered another engagement and left very hurriedly to keep it. The mother bear, however, remained to defend her two young cubs, who promptly scurried up a tree. Wheeler, being in the lead, was the first to be attacked. He bravely stood his ground, although his only weapon was a knife. As the bear made a lunge at Wheeler the dog nipped her in the hind quarters and as she turned to hit the dog she caught Wheeler with her paw and knocked him about fifteen feet. He was up in an instant and on the aggressive. He cut the bear repeatedly about the neck while Neville was shooting as rapidly as he could with the rifle and the dog was attacking in the flank. Suddenly one of

the bullets took effect in the bear's eye and hazled with pain she made off through the woods at a rapid rate. The two cubs were then dispatched and the gentlemen returned to the city where heavier guns were secured and they returned to the scene of the battle but were unable to find a trace of the old bears. It was a close call and but for the presence of the dog both men would probably have been killed. Wheeler's clothes were in tatters and he was slightly scratched and bruised from the blow. The cubs will be mounted and kept as a memento of the fight. The dog will hereafter wear a silver collar.

Burlington Route

The Way To Chicago

The Limited, leaving Minneapolis at 7:50, St. Paul at 8:25 p. m., daily, arrives in Chicago 9:20 next morning.

Breakfast is served en route in a comfortable Dining Car, beautifully decorated. The service is "a la carte"—you pay only for what you order. This is more popular with travelers than the "dollar a meal" charge.

The Scenic Express, leaving Minneapolis at 7:30, St. Paul at 8:05 a. m., except Sunday, arrives in Chicago 9:35 p. m. same day. Pullman sleeper serves lunch. Dining halls at La Crosse and Savanna.

Ask Your Home Agent for Tickets via the Burlington Route.

ECZEMA

is due to the retention in the system of Uric Acid or other inflammatory poisons which find their way into the blood, and are forced by the circulation through the glands and pores of the skin, causing it to burn like fire, and the incessant itching allows no rest night or day. Eczema appears in a great many different forms, beginning frequently as a mere redness of the skin, followed by little blisters or pimples, from which a clear or straw colored matter oozes, forming into sores, scales or scabs; this is weeping Eczema, commonly called Salt Rheum. These acid poisons sometimes dry up the natural oils and the skin becomes hard and dry, often cracking and causing intense pain and fearful itching. This form of Eczema is known as Tetter, and oftenest attacks the hands and feet. Unsightly eruptions in the shape of pimples and blackheads break out upon the face, neck and shoulders as a result of polluted blood, and this humiliating disease is called Acne. Local remedies afford but scant relief. The blood and system being saturated with the poison, the disease cannot be reached with washes, salves, powders or other local applications. S. S. S. restores the deteriorated blood to its normal condition, stimulates the sluggish organs, and all the waste matter is eliminated through the proper channels. S. S. S. makes the blood rich and strong, and under its tonic and invigorating effects the general health improves, and the skin becomes soft and smooth again.

S. S. S. contains no minerals but is guaranteed purely vegetable. Write us if you need medical advice; this will cost you nothing. Illustrated book on skin diseases sent free.

Negaunee and Vicinity.

[Subscribers to The Mining Journal will please remember that carrier boys are not allowed to receive money on subscription account.]

TENTS AND COTS.

Soo Visitors May Look After Their Own Comfort Tomorrow Week.

This year the Third Regiment band will be taken to the tournament at Negaunee and it is expected that the Soo will be represented by a large crowd, as a very low rate has been secured, says the Soo Times. Chief Van Wyck contemplates chartering a private car and taking along tents and cots for the accommodation of the Soo bunch.

Chief Van Wyck will in a few days inaugurate an active campaign to land the Firemen's tournament for 1923 for the Soo. According to the Times quiet work has been going on along this line for some time and all that is needed now to land the tournament is the cooperation of the citizens and their financial and moral support. Last year the Soo was an aspirant for the honor of caring for the fire fighters but when Negaunee, which had never had the tournament, came into the field the Soo gracefully withdrew in its favor.

Two years ago at Marquette the Soo department was urged to make a bid to Crystal Falls, but did not make any bid. This year Hancock, Escanaba and Munising have shied their castors into the ring but it is believed from assurances from members of the different departments that the Soo will be the victor.

"The Soo," says the Times, "should make an ideal convention spot. Our hotel facilities are large and the locks, rapids, water power canal, Fort Brady, beautiful St. Mary's river, and attractive and interesting points in the Canadian Soo make a visit to us a long road of pleasure. Our people should be up and doing in this matter, for nothing from an ordinary standpoint is more benefit than holding a firemen's tournament. Thousands of people attend. They are liberal money spenders and nothing goes out of the city except the sum provided for the prizes."

BUSINESS MEN PLAY BALL.

Two Local Teams Will Meet This Afternoon at Union Park.

The commercial men's baseball game next Saturday will be a lively affair, but local business men have agreed to give an exhibition of this athletic sport on the grounds, predict even greater sport for their game. Some years ago the bachelors and benefactors of Negaunee met on the diamond and the amusing incidents of the contest are still remembered by the participants.

There will be no crooked work on the part of the umpire today, nor will there be any beer on the grounds. The teams are composed of men who have played more or less baseball in their time. One team will be captained by City Recorder William Mitchell and City Assessor T. A. Thoren will lead the other players. The Mitchell team will be as follows: John G. Protocaul, catcher; Charles Johnson, pitcher; Will Jones, first base; Phil Levine, second base; John Washburn, short stop; Thomas Connors, third base; John McCall, right field; R. G. Jackson, Jr., left field and J. M. Perkins, center.

The Thoren team will be: Joe LaCombe, catcher; T. A. Thoren, pitcher; C. L. Sporeley, first base; J. H. Winter, second base; N. Laughlin, Jr., third base; Ed. Fall, short stop; John Hasset, right field; Al Hooper, center field and George Haupt, left field.

The game will start at 2 o'clock. Ladies are specially invited to attend. No admission will be charged.

WILL TALK POUNDMASTER.

Some of the aldermen of Negaunee have finally made up their minds that the city should have a poundmaster. The question will be brought up at the next regular meeting of the council. One of the aldermen said yesterday that he will go on record as being opposed to further trouble with the cow nuisance. He further stated that he supposed he would see his finish in local politics, but he is getting disgusted with the freedom given cows and he intends to do what he can to have them suppressed.

Mayor Homer also declares himself in favor of getting a poundmaster. At the first session of the present council his honor called the aldermen's attention to the cow nuisance and suggested that something be done, but his suggestion went for naught.

Some of the city "dads" who will advocate hiring a poundmaster have a suitable place for a pound in view.

ROYAL ARCANUM PICNIC.

The Negaunee and Ishpeming councils of the Royal Arcanum will unite in giving a picnic at Cleveland park Friday evening of next week. The party will be for members and their families only. There are nearly one hundred members in the two societies and if each member is accompanied by one lady the attendance will be just large enough to comfortably fill the pavilion. The members of the Marquette council will be invited and it is expected that several will be present.

There will be dancing all evening. Arrangements are being made by Phil Levine and Hugo Muck of Negaunee and S. E. McKenny of Ishpeming. Adolph Olson, Erick Rickstedt, George Haupt and Hugo Muck are the floor committee.

NEED MORE HELP.

Often the over-taxed organs of digestion cry out for help by Dyspepsia's pains, Nausea, Dizziness, Headaches, liver complaints, bowel disorders. Such troubles call for prompt use of Dr. King's New Life Pills. They are gentle, thorough and guaranteed to cure. 25c at Stafford's drug store.

RARE JEWELS OF ROYALTIES.

Priceless Gems Owned by the Potentates of the East.

At a time when millions of men are struggling their hardest for the doubtful privilege of keeping themselves alive it seems difficult to realize that jewels and gold whose value is counted in hundreds of millions of pounds should be lying hidden in royal treasure houses, untouched and seen only by a privileged and curious few.

Those who have been privileged to gaze on the wonders of the Shah's treasure house tell astonishing stories of wealth which is indeed beyond the dreams of avarice and which might well form a climax to the marvels of the Arabian Nights' tales. Diamonds and rubies, emeralds and sapphires, so countless that they might literally be measured by the peck; of shields, helmets and armor thickly encrusted with priceless gems and sword scabbards which it pains the eye to look on, so dazzling are the jewels which sheath them.

One of these scabbards is completely covered with diamonds, the smallest of which is as large as a finger nail. Vessels of solid gold so large that only a strong man could lift one of them, crowns blazing with every color of the rainbow, chains of gold and rare precious stones, emeralds and sapphires of beauty, lie scattered about in careless profusion; trays heaped to overflowing with sapphires and pearls, many of which are worth tens of thousands of pounds.

A glass case two feet long and a foot and a half in width and height is more than half filled with thousands of pearls perfect in shape and luster. By its side is a globe of gold twenty inches in diameter with seas of emeralds and continents of rubies and diamonds to the number of 50,000, and each stone specially chosen for its purity and beauty. The value of this globe is \$1,000,000.

Among the countless treasures of the Shah are a flawless uncut ruby said to be as large as a hen's egg and of a value which no one has ventured to estimate; a turquoise as long as a man's finger and a belt a foot wide which is so closely set with many-hued precious stones that it is one unbroken blaze of diamonds and emeralds, pearls and rubies.

Of all the native princes of India the Guckwar, of Baroda is the richest in gold and jewels, a mere catalogue of which would fill some of the world's richest millionaires with despair. One of his most interesting, though by no means most valuable, possessions, is a carpet ten feet long and six feet in width, composed entirely of a groundwork of exquisite pearls, on which is traced a design in diamonds. This carpet, which certainly has no rival in the world, is said to be worth \$300,000, or \$5,000 a square foot.

Of much greater value than this carpet of gems is a matchless collar, consisting of a row of diamonds and two of emeralds, the stones being of graduated sizes from that of a walnut to the size of a pea. From this collar of 700 of the most perfect stones in existence hangs as a pendant the famous "Star of the South" diamond, one of the most magnificent diamonds the world has ever seen.

The Czars of Russia has a treasure house in each of his many palaces, any one of which might well satisfy the ambition of any monarch in the variety and value of its contents. Two crowns alone are valued at \$3,000,000, and the jewels in the Winter Palace, which includes many of the choicest gems in the world, are valued at many millions more.

The treasures of the Kremlin are said on authority to be worth over \$10,000,000, and the gold on the walls of the Palace of Tsarsko-Selo, with its walls and ceilings of amber, tortoise shell, ivory and mother-of-pearl, has been valued at nearly \$250,000.

But it is doubtful whether the czar's wondrous gold and jewels can rival those of the sultan, the accumulations of centuries of predecessors. The sultan is as careless of his treasures as the shah, and the room in which they are kept has rather the appearance of a luggage room than a treasury of countless millions.

But no disorder can conceal the richness and splendor of gold vessels filled to the brim with diamonds and sapphires, rubies and emeralds; of suits of armor, crowns, sword scabbards, chains and rings, blazing with gems, although, as a traveler recently declared, "one cannot fail to gasp with amazement at the spectacle of hundreds of beautiful pearls worth probably \$200,000, contained in an old tin tobacco box."

NEEDED SYMPATHY.

And This Physician Gave It to Her at Five Dollars an Hour.

"When Dr. Pills went abroad," said the young physician, "he left me in charge of his practice, and opposite one address in his book he made a mark. I don't say what it was—but it meant that I was to call at that house every day, without fail. I naturally expected to find the case a serious one, but owing to another mark beside the name I learned that nothing in the world was amiss with the patient.

"It was a woman, and she lives in a handsome house in the best quarter of the town. She has a husband, who is wrapped up in his business, and two grown sons, who have their own affairs to attend to. I found her in bed, her elderly face topped by a coquettish invalid's cap. A lace shawl lay about her shoulders and a silk quilt was spread carefully over her.

"Every time I went to see her I found her in a different toilet. Even the quilt was never alike two days in succession. There was absolutely nothing the matter with her but what I may call heart ennui. She was rich, but she hadn't anything in the world to interest her. Her husband and sons were good to her and that is all. They didn't pet her or make of her. She was simply pining for a little sympathy. It diverted her to see me come in.

"It pleased her to be able to talk about herself to somebody who could listen. She gained in her own estimation from having her pulse felt every day. She wanted the doctor to plan her day for her. Some days I ordered her to drive in a closed carriage. Other days I told her a drive in her victoria would do her a world of good. I always cautioned her to wrap up well. I gave her

STRENGTH

Twenty-five years ago in accumulating jewels with the strength of the Jas. Ross Stiffened Gold Watch Case, an enterprising salesman used the method here shown. Jas. Ross Cases are still the strongest cases made. As good as solid gold in appearance. Better than gold in wearing quality. Less than solid gold in cost. In a

THE TRACK SEATS.

The executive committee of the firemen's tournament met Monday evening. Very little business was disposed of, as there is not much left to do. Most of the fire departments have been assigned places, though there will be work for the committee in charge of entertainment up to the last day of the tournament.

The committee decided to turn the matter of building seats over to the mayor and track committee. It will cost something over \$1,000 to arrange for the accommodation of four thousand persons.

THE BEST LINIMENT FOR STRAINS.

Mr. F. H. Wells, the merchant at Deer Park, Long Island, N. Y., says: "I always recommend Chamberlain's Pain Balm as the best liniment for strains. I used it last winter for a severe lameness in the knee, resulting from a strain, and it greatly pleased with the quick relief and cure it effected." For sale by the Stafford Drug Co.

LOCAL LACONICS.

A daughter was born Sunday to Mr. and Mrs. A. F. Maitland.

Herbert Farrell of Gladstone is in the city visiting his friend, Will Yates.

J. W. Elliott's painters will soon finish decorating the interior of the Freshwater church.

Miss Mary Mullaughney entertained a number of friends last evening at Cyr's hall with dancing.

The auditing committee of the board of supervisors will meet next Saturday morning at 11 o'clock at the court house in Marquette.

A special car will be run back from Ishpeming Friday night at the conclusion of the hop to be given by the Trombley orchestra.

A window is being put in the second story of the Kirkwood block, west side for the benefit of Dr. Sheldon. It will be the only window on that side of the building.

Sam J. Mitchell has placed a very attractive sign at the main entrance to the Kirkwood block, where his insurance offices are located. The sign was made in Milwaukee.

Mrs. M. E. Arland and the Misses Mamie Kirkpatrick, Ida Richardson and Lulu Pearce left Monday evening on the steamer Japan for Duluth, where they will spend a week or so sight-seeing.

The morning passenger train on the Chicago & Northwestern line was over an hour late yesterday. There was a wreck at Escanaba. The South Shore's copper country passenger waited for the belated train.

Williams' circus, which has been in Ishpeming the last two days, will be in Negaunee within a week or so. The manager stated yesterday that he intends to play Negaunee on his way down from the copper country.

L. H. Kellan's new grocery store was formally opened Monday with a complete line of groceries, provisions, etc. Mr. Kellan will do a strictly cash business. His thistle contest was not netted Monday. The judges were given further time.

STRENGTH

How the Admiral Once Belied His Reputation for Grimness.

Deservedly or otherwise, Admiral Crowninshield has the reputation of being grim and unpleasant in his bearing toward newspaper men. One day a correspondent, a newcomer in Washington, called upon Secretary Long at the Navy Department in order to obtain from that official, whom he knew personally, an introduction to Crowninshield, then head of the bureau of navigation. Long was out, but Crowninshield sat beside his chief's desk awaiting the Secretary's return. The correspondent mistook the bureau's chief for a private secretary, and addressed him thus:

"Is the grim destroyer in his coming tower?"

"The grim in his what?" asked the Admiral.

"That devourer of hapless literary lights—Crowninshield—is he in his office?"

"Not at present," responded the Admiral, smilingly. "What did you wish to see him about?"

"I wanted a picture of his tremendous highness for publication in the—"

"I can tell you who his photographer is," chuckled the Admiral, "but I happen to know that Crowninshield hasn't any prints of himself on hand just at present, the popular clamor for his particular style of beauty having exhausted the supply."—Saturday Evening Post.

The Hot Weather Test makes people better acquainted with their resources of strength and endurance. Many find the most refreshing and invigorating the blood promotes refreshing sleep and overcomes that tired feeling.

A. R. Bass, of Morgantown, Ind., had to get up ten or twelve times in the night and had severe backache and pains in the kidneys. Was cured by Foley's Kidney Cure. People's Drug Store.

THAT SANITARIUM

MARQUETTE STANDS AN EXCELLENT CHANCE OF GETTING IT.

NEGOTIATIONS UNDER WAY

COMMITTEE OF SEVEN IS EXPECTED TO COME HERE SOON.

It is the Governing Power in Adventist Church and Will Have Final Decision in the Matter.

Marquette will probably be visited by the Committee of Seven, the governing power in the Adventist church in the state of Michigan.

Marquette has a building which the Adventists could occupy immediately on their decision to locate here.

Soo Offers a Site.

The Soo has displayed its characteristic energy in connection with the sanitarium matter.

But the Soo people did not stop with more or less empty hospitality and effusions about the beauty and attractiveness of the city and its environment.

The claims and advantages of Petoskey are also said to have been urged in a very convincing manner.

Delighted With Marquette. The committee of Elders which was here last week was delighted with Marquette, and did not hesitate to express the belief that if the financial details could be satisfactorily arranged this city is the ideal place for the location of the sanitarium and school.

The Hotel Superior caught the fancy of the members. They seemed to think that the building would just about fill the bill, with comparatively few and unimportant alterations.

The hotel people are being represented in the dealings with the Adventists by Mr. L. C. Palmer, who has full power to make terms and arrangements with the prospective purchasers.

The establishment of the sanitarium and school would be a fine thing for Marquette. The term Adventist used in connection with an institution of the kind is a synonym for success.

Advantage of Central Location. One advantage that Marquette possesses over either Petoskey or the Soo, if the new sanitarium expects to draw its patronage largely from the north country, is that of central location.

The invitation to the Committee of Seven of the Adventist church to visit Marquette has been transmitted from Mr. Hibbard to the committee through Mr. Lamson, who was here last week.

A response is expected very shortly. If the committee decides to come on to the north country, as it probably will, arrangements will then be made for its reception and entertainment.

Meanwhile it is expected that Mr. Lamson will visit the copper country and other upper peninsula points, with the purpose of arriving at some idea of the nature of the upper peninsula cities and towns and the lay of the ground with regard to central location for the Adventist work.

WILL SEEK NEW TRIAL.

Jones May Get Opportunity to Prove His Off-Asserted Innocence.

As the result of a visit to William M. Jones, who is serving a life sentence in Marquette prison for the murder of George H. Heywood, Attorney George F. Monaghan has decided to make an effort to secure a new trial for the murderer.

Jones had been in solitary confinement when Mr. Monaghan visited him, and the attorney was the first person he had seen, with the exception of the warden and the jailer, since the door of his cell clanged behind him after bidding Sheriff Dickson good-bye on the night of May 22.

"I am so glad," was Jones' comment when Warden Freeman told him that Mr. Monaghan was waiting to see him in the office of the prison.

Jones shook hands effusively with his attorney and with brightened face he expressed his pleasure at seeing him.

Jones looked considerably paler than when on trial, but he appeared to have put on weight.

"My G—, George, it's been awful," he said, in referring to his experience in solitary confinement. "I would be awful for a guilty man who deserved it, but it has been more awful and unbearable to me because I am not guilty. I'm innocent, George, I'm innocent."

Over and over again Jones insisted that he was not guilty and complained that he had not had a fair trial.

Jones inquired after his wife and family and asked that their pictures be sent to him as soon as he was removed from solitary confinement and assigned to an ordinary cell.

Jones meditated a minute as though trying to arrive at some reason for the jury's action and then added: "I was the victim of prejudice. The jury thought about that other matter."

Mr. Monaghan called on President Moriarity, of the board of control of the Marquette prison, and asked that Jones be removed from solitary confinement and be given employment. Such an order was issued immediately and Jones is now at work.

THAT BASEBALL GAME.

Traveling Men Hope to Revenge Their Last Defeat.

Much interest is manifested here in the baseball game to be played between the commercial traveling men of Marquette and their brethren of Ishpeming and Negaunee at Union Park, Ishpeming, Saturday afternoon at 3 o'clock.

The fact that the up-the-road team won the first contest at Marquette has given its members great confidence, but the Queen City players are determined to change the defeat.

Handsome Steel Fleet. Although the fleet of the Minnesota Steamship company does not contain as many boats as the Barker fleet, they are much larger, and are all handsome, up-to-date steel vessels.

Funeral This Afternoon. The funeral of little August Linder, son of Rev. Frans A. Linder, who was accidentally shot and killed by a playmate at Skandia, where the family had been enjoying an outing, Sunday, will be held this afternoon at 2:30 o'clock from the Swedish Lutheran church.

IF A MAN LIE TO YOU, And say some other salve, ointment, lotion, oil or alleged healer is as good as Bucklen's Arnica Salve, tell him thirty years of marvelous cures of Piles, Burns, Boils, Corns, Eruptions, Ulcers, Cuts, Scalds, Bruises and Skin Eruptions prove it's the best and cheapest. 25c at Stafford's drug store.

Ten thousand demons gnawing at one's vitals couldn't be much worse than the tortures of itching piles. Yet there's a cure. Dean's Ointment never fails.

MARQUETTE QUITE OUTDOKE

145 VESSELS OF 39,655 TONS COMPOSE ITS FLEET.

Head of the Lakes' District Boasts 350 Craft of Different Kinds—No District Can Better This Showing.

According to the report of the customs office for the Marquette district, there are now enrolled in the district a total of 145 vessels, with an aggregate of 39,655 tons.

Ninety-nine vessels are steamers, with a total of 39,682 tons; twenty-two are sailing ships, with 5,801 tons and twenty-four are barges, with 3,772 tons.

In addition to these ships, which are mostly engaged in the lake carrying trade, four yachts are registered in the district. They are the Hattie Bradwell, 26 tons, owned by John W. Willis of Menominee; the Morgan, 29 tons, owned by A. F. Rees of Houghton; the Siesta, 102 tons, owned by F. H. Clergue of the Soo, and the Volantia, 32 tons, owned by Charles Thoman, also of the Soo.

"I don't see how the jury could have analyzed the evidence and found me guilty," he said.

Duluth the Banner Port. According to the annual report of Collector of Customs Wilcuits, of the Duluth District, which has just been completed, there are perhaps more vessels enrolled at that port than at any other port in the United States, and possibly more than at any port in the world, and the tonnage ranks correspondingly.

There are at the present time 250 boats of different kinds enrolled there. The report which embraces the fiscal year ending June 30, shows that up to the 1st of July there were 297 vessels enrolled, and since that time the number has been greatly increased by the addition of 53, 28 of which are in the Barker fleet, recently brought in from the Marquette district, and 23 in the Minnesota Steamship company's fleet, brought in from the Ashland district.

This makes the number of vessels sailing from Duluth far larger than from any other port on the great lakes. The total tonnage represented by these boats up to the 1st of July, was 403,937. At the ending of the year previous the total tonnage was 371,776, and the number of vessels were just less—287. Of the vessels enrolled in Duluth port up to July 1, 25 are sailing vessels, with a total tonnage of 66,627 tons, and 185 are steam vessels, with a total tonnage of 392,882. There are 86 barges, with a total tonnage of 40,758.

The biggest gains to the Duluth tonnage, however, made in a long time, occurred the first week in July, when the Barker and Minnesota Steamship company fleets came in. The former had previously been connected with this port, but was a few years ago transferred to Superior, which is a sub-port in the Marquette district.

Grains Weak and Lower. W. H. Laidley & Co. of the Chicago markets: "The market opened lower again this morning under the influence of rather heavy receipts and general selling. It has been a market to sell during the entire forenoon. There was a little rally toward the close. The weather map was fair and the receipts very heavy. Wheat, however, has had an excellent break, and under seventy cents, we consider it a good purchase."

ON THE MINNESOTA RANGES. Eighth Annual Meeting of Lake Superior Mining Institute. The eighth annual meeting of the Lake Superior Mining Institute will be held on the Minnesota iron ranges, beginning Tuesday, Aug. 19, and will last three or four days.

LOW RATES TO SOO NEXT WEEK. During the carnival week at Sault Ste. Marie, the South Shore will make a special rate of a fare and one-fifth—\$7.20—from Marquette to Sault Ste. Marie and return. The tickets will be on sale every day, Aug. 4 to 9, inclusive, and will be valid for return passage until Aug. 11 inclusive (the following Monday). Special low fares are also to be made from Wetmore and the stations east for one day excursions to the Sault during the week. Attention is directed to the notice in another column.

WAY BACK TO CHINA.

Three "Chunks" Taken Away by U. S. Officers Monday Evening.

Charles Sing, Moy Doo, and Ho Toy, who were convicted in the United States, court here last term of the murder of residents in the United States and who were sentenced to deportation, began their long trip back to China Monday evening, when they left for New Orleans at 6 o'clock, under escort of Ed O'Donnell, grand juror, chief deputy United States marshal, and Deputy Jacob Doll. At New Orleans the officers will turn the three Chinamen over to the deputy marshal from New York and will return home. The New York official will take them out to the Pacific coast, where they will be held until the sailing of the ship that will carry them back to the Celestial kingdom.

It is now over a year since Sing, Doo and Toy were arrested at Escanaba on the charge of illegal residence. Their cases had their first hearing in the United States court last summer, but were postponed, the Chinamen being released on bail, pending further proceedings.

When they were called again a couple of weeks ago it soon became evident that the defendants would have to go. They had no papers, although it was clear that at least two of them might have taken good buying for the New York account, but they had not been careless about it.

One of the Chinamen, Charles Sing, resided in Marquette for a number of years.

BAD DAY ALL ROUND.

Boston, New York and Chicago Markets Were Jolted.

"Coppers," said Paine, Webber & Co., "received more general attention today. Commission orders to buy were more widely scattered and there was very good buying for the New York account. We believe money can be made by picking up the best of the coppers on these reactions."

Hayden, Stone & Co. wired the Laidley Commission company: "Copper Range went up at the opening on scattered buying, but was later sold by Mr. Lawson's bullish utterances on that stock, but the decline in Amalgamated and the general dull and soft New York market acted as a damper on the rest of the local copper list. Mohawk was strong. It continued strong and is quietly, but persistently bought. The market applied to United States Mining. The rest of the list is without a feature."

Bad Day in New York.

Walker said of the New York market: "The market today opened barely steady and has been greatly increased by the addition of the active list made declines, but they didn't amount to much. Later there was heavy liquidation, and in the afternoon the whole list broke sharply. A great many stop orders were reached and in several cases the declines were many other port on the great lakes. The total tonnage represented by these boats up to the 1st of July, was 403,937. At the ending of the year previous the total tonnage was 371,776, and the number of vessels were just less—287. Of the vessels enrolled in Duluth port up to July 1, 25 are sailing vessels, with a total tonnage of 66,627 tons, and 185 are steam vessels, with a total tonnage of 392,882. There are 86 barges, with a total tonnage of 40,758.

Wheat, however, has had an excellent break, and under seventy cents, we consider it a good purchase."

Provisions opened firm. Pork was a sharp advance, but the market was lower in sympathy with grain. The cash demand was rather poor. The idea that provisions are going lower is getting too popular and we would buy upon any further break."

FRANK W. HATHWAY, PALACE MEAT MARKET.

What Fine, Tender Meat

It always is that you get from the Palace market! Juicy, fine grained, fat and delicious. We pride ourselves on being judges of prime meats and knowing how to cut and trim them for the most critical, so that they are fit for the table of a king. You can't get better meat anywhere in town than what we serve every day to our patrons. Turkeys, Ducks, Spring Chickens and Fowls.
