PELEE HURLS DEATH

**MARTINIQUE VOLCANO AGAIN
CAUSES HEAVY LOSS OF LIFE.**

OVER 200 PERSONS ARE DEAD

**NORTHERN DISTRICT OF ISLAND
BOMBARDED WITH LAVA.**

Tidal Wave Engulfs Coast Towns, Driving the Surviving Inhabitants in Terror to the Interior—Whole-sale Evacuation Is Ordered.

Castries, Island of St. Lucia, B. W. L., Sept. 1.—The British steamer Korona, which arrived last night from Fort de France, Island of Martinique, reports that a terrible eruption of Mont Pelee occurred at 9 o'clock Saturday night. People who had arrived at Fort de France from the northern part of the island reported that the village of Morio Rouge, near the district previously devastated, entirely destroyed, and that Le Carbet, a village on the coast which was destroyed at the time of the great eruption, had been swept by a tidal wave. About two hundred persons have lost their lives.

A sloop from the Island of St. Vincent which reached here this morning reports that Mont Pelee's crater is now quiet, but that the detonations during Saturday night were the loudest heard up to that time and the inhabitants were terribly alarmed.

In Constant Eruption for Days.

Later advice indicates that Mont Pelee has been in constant eruption since Aug. 15. There was an enormous fall of ashes from the volcano on the night of the 25th and the very severe rumblings of the volcano were heard at a great distance. The mountain burned fiercely that night, and out at sea passing vessels were covered with ashes. On the night of Aug. 30 there were three separate eruptions.

It is impossible to approach the ruined town of St. Pierre from the sea. The people of the village of Le Carbet, on the coast, terror-stricken, are flying to the interior. Hot water is pouring down on Lorraine and Basse Pointe, villages to the northeast of the crater. Horrible detonations were heard, the ground cracked and quaked and articles on tables were thrown to the floor. The governor of Martinique has ordered every available boat to remove the people from the coast villages to Fort de France.

Flames Shoot Out from Crater.

At eight in the evening of Saturday, the 30th, the sky was cloudless. Suddenly without warning half of the horizon was obscured by a pitch black cloud of dust. The cloud was the centre of most magnificent electrical effects and the flashes continued to burst from the cloud until nearly midnight. Columns of flame shot out of the crater of Mont Pelee to explode about the cloud in showers of balls of golden fire, which fell through the darkness in myriads of sparks. These large aureoles were seen in the sky over the opening in the crater.

A tidal wave rushed upon Fort de France and, terrified, the inhabitants fled in large numbers to the interior. The wave was not severe and did but slight damage. At midnight on the 30th Mont Pelee became quiet, but shortly after that hour there came another shower of ashes, accompanied by vivid sheets of lightning.

Feared Death List Will Grow.

In addition to the two hundred persons reported to have lost their lives at Le Carbet and Morio Rouge, many other persons are said to have been killed all over the northern districts of the island. The governor of Martinique is believed to have started for the scene of destruction.

When the steamer Korona arrived here yesterday she was covered with ashes.

Japanese Island Devastated.

Yokohama, Sept. 1.—The Japanese cruiser Takachiho returned today from an inspection trip to the island of Torishima, which was destroyed by a volcanic eruption between Aug. 13 and 15. The captain reports that the eruption utterly devastated the island and nobody on it was left alive. Over one hundred and fifty persons were killed.

Severe Earthquake in Italy.

Rome, Sept. 1.—Several shocks of earthquake were experienced today at Gubbio, province of Perugia. A number of houses were destroyed and three persons were killed. Many persons were injured.

WINS RACE WORTH \$8,000.

Scintillant, an Imported Horse, Breaks World's Record at Chicago.

Chicago, Sept. 1.—A new world's record for running horses was set at Harlem today, when Ed. Corrigan's Scintillant, with Jockey Winkfield up, won the Twenty-sixth century handicap, a mile and three-sixteenths, in 1:57 2-5. The previous record for the distance was 1:58 1-2, made by Boanerges at Washington Park on July 7, 1898. Scintillant, carrying 109 pounds, won in a gallop by four lengths, Jimmie, an added starter, being second, a length and a half in front of Scarlet Lily. The race was worth \$8,000. Scintillant is an imported horse, six years old. He won the Cesarewitch stakes in England, in 1899.

HORSE RACE SELLS FOR \$17,000.

Chicago, Sept. 1.—McChesney, conceded to be the best three-year-old in the West, was sold today by P. J. Ryan to Burnell & Hertz for \$17,000.

JUDGE DURAND VERY ILL.

Condition of the Democratic Nominee for Governor Is Alarming.

Flint, Mich., Sept. 1.—Judge George H. Durand, Democratic nominee for governor, is dangerously ill tonight. He is suffering with cerebral thrombosis. Judge Durand has been in poor health for two weeks. His condition is alarming.

BOLD EXPRESS CAR ROBBERY.

Messenger, With Revolver at Head, Is Compelled to Open Safe.

Nashville, Tenn., Sept. 1.—As the through northbound passenger train on the Louisville & Nashville road due here at 7:20 tonight was pulling out of Frankling, Tenn., eighteen miles south, the express car was boarded by two masked men. With a revolver at his head messenger Battle was forced to open one safe, which the robbers rifled. Keeping the messenger covered with their guns, the men stole with him into the South Nashville yards, where the train slowed down and where they disappeared. It is not known how much booty was secured.

Escaped Convict the Leader.

Later—According to his own announcement, one of the principals in the robbery was Gus Hyatt, who made a sensational escape from the Tennessee penitentiary here on Aug. 4. The express officials estimate the loss at \$500. The two big through safes were not molested. The police are at work on the case.

ROOSEVELT WARNS ATTITUDE OF EUROPE DEPENDS ON OUR NAVY.

MUST BE STRONG AND EFFICIENT

**PREPARED TO BACK UP MONROE-
ISM AT ANY TIME.**

Just So Long Will the Doctrine Be Respected, Declares the President, Who Concludes a Tour of Vermont Marked by Ovarions.

East Northfield, Mass., Sept. 1.—President Roosevelt today, at Brattleboro, near Brattleboro, today the engine and four cars of an excursion train on the Southern railway left the track and rolled over, smashing the coaches and causing the instant death of thirty persons and the injury of eighty-one others. The physicians say that at least twenty-nine of the injured cannot live. With the exception of H. M. Dudley, a trainmaster of the Southern railway, of Birmingham; J. W. Crook, engineer, of Birmingham; and Roscoe Shelby, of Columbus, Miss., who were killed, all the dead and injured were negro excursionists.

The reception accorded him at Brattleboro was among the prettiest, the most well conducted and the most enthusiastic he has received in his tour of New England. Upon arriving at the station he was met by a company of infantry, headed by a band, and was escorted to the common, where he delivered a brief address in which he spoke of Abraham Lincoln as the man of the hour in the great Civil war. He feelingly referred to the venerable ex-governor Hubbard, who was on the platform and who had accompanied the president a short distance through the state, as being one of the few men who had received the distinction of being a war governor.

The president's progress through Brattleboro was a continuous ovation. On the line of march his carriage stopped in front of the leading hotel, and from the balcony men, women and children showered loose flowers and bouquets upon him. Arriving at the common, the pavilion steps were strewn with flowers by little girls who were drawn up on both sides.

Eulogizes the Working Man.

Labor Day was generally celebrated throughout the state, and wherever the train stopped holiday crowds were out to extend the president welcome. The president's remarks on the subject of labor were confined mostly to a tribute to the people of Vermont. He expressed pleasure at being greeted by representatives of organized labor, because, he said, the typical American is the man who works. The president began his day's journey at Burlington, reaching that city from Shelburne, the home of Dr. W. Seward Webb. After the visit had been driven about the city, the presidential train started southward, stops being made at Vergennes, Middlebury, Brandon, Proctor, Rutland, Ludlow, Bellows Falls, Chester and Brattleboro, and the Vermont trip was ended. The party crossed into Massachusetts in the early evening and went to Northfield to remain tonight, the president as the guest of William R. Moody, a son of the noted evangelist, Dwight L. Moody, at the Northfield Hotel.

The president spoke at every stop today, but most of his addresses were brief. That of greatest import was one delivered at Proctor, the home of Senator Proctor, wherein he defined his idea of the Monroe doctrine. The president said:

Advocates a Powerful Navy.

"We believe in the Monroe doctrine, not as a means of aggression at all. It does not mean that we are aggressive toward any power. It means merely that as the biggest power on this continent we remain steadfastly true to the principle first formulated under the presidency of Monroe, through John Quincy Adams—the principle that this continent must not be treated as a subject for political colonization by any European power. That is a doctrine of peace, a doctrine of defense, a doctrine to secure a chance on this continent for the United States to here develop peacefully along its own lines.

"The Monroe doctrine will be respected as long as we have a first-class, efficient navy, and not very much longer. Shame to us, if we assert the Monroe doctrine and, if our assertion be called in question, show we have only made an idle boast and that we are not prepared to back up our words by deeds."

MANY SHIPS AND MEN LOST.

Fierce Gale Strews the Coast of South Africa With Wreckage.

Cape Town, Sept. 1.—Eighteen vessels, mostly sailing craft, were driven ashore in a gale at Port Elizabeth last night. Five of them were dashed to pieces, all the members of the crews being lost. Two tugs are also reported to have foundered, and a score of lighters are ashore. It is feared there has been great loss of life.

Later—The storm broke shortly before midnight last night and was accompanied by a deluge of rain and brilliant lightning. Daylight revealed the beach at the north end of Algoa bay strewn with vessels. With the exception of four vessels, which foundered with all hands, every sailing vessel in the roadstead was ashore by midday. Fifty bodies have already been washed ashore.

ZIEGLER EXPEDITION BAFFLED.

Relief Ship Unable to Reach Franz Josef Land Because of Ice.

Tromsø, Norway, Sept. 1.—The Baldwin-Ziegler supply ship, Fritiof, which left here July 1 for Franz Josef Land, was spoken on Aug. 14. She reported all well on board. The sealing yacht Soholmsten, which arrived at Alton-Fjord on Sunday, brought a letter from the Fritiof. The latter was spoken in latitude 76.50, north; longitude 40, east. She reported the ice very bad and that she had been unable to reach Franz Josef Land.

ALABAMA EXCURSION TRAIN JUMPS THE TRACK.

LOSS OF LIFE IS FRIGHTFUL

**30 PERSONS ARE DEAD AND 29 CAN-
NOT LIVE.**

Victims All Negroes With the Exception of Three—Four Coaches Carried Over a High Embankment and Smashed Into Splinters.

Birmingham, Ala., Sept. 1.—While rounding a curve on a high embankment near Berry, Ala., today the engine and four cars of an excursion train on the Southern railway left the track and rolled over, smashing the coaches and causing the instant death of thirty persons and the injury of eighty-one others. The physicians say that at least twenty-nine of the injured cannot live. With the exception of H. M. Dudley, a trainmaster of the Southern railway, of Birmingham; J. W. Crook, engineer, of Birmingham; and Roscoe Shelby, of Columbus, Miss., who were killed, all the dead and injured were negro excursionists.

BALLOON WRECKED BY STORM.

Denver Aeronauts Have a Thrilling Experience at Pike's Peak.

Denver, Sept. 1.—After a lapse of more than twenty-four hours, during which no word was received from the three aeronauts who left Denver yesterday to try for a transcontinental balloon voyage, a telegram came tonight announcing that the airship had been wrecked in a storm twenty-seven miles north of Florence, Colo. Although bruised and somewhat frostbitten, the occupants were not seriously hurt.

The storm first struck the balloon at 9:30 o'clock last night, and between that hour and daylight the experience of the aeronauts was terrible in the extreme. Three times the balloon was carried over Pike's peak and the last time it was necessary to throw out all the water, provisions and instruments in order to clear the rocky summit of the mountain. At daylight a landing was made, and tonight the men reached Florence.

The adventurous men were Thomas Baldwin and Percy Hudson, both experienced balloonists, and C. L. Shortman, an artist on the staff of the Denver Post.

ROOSEVELT DENIES RUMORS.

Appointment of Knox to the Supreme Bench Is Not Contemplated.

East Northfield, Mass., Sept. 1.—The attention of the president having been called to published statements that Attorney General Knox's name is being considered with a view to appointing him to a justiceship on the supreme bench to succeed Justice George Shiras, he can be said on the authority of the president himself that not only does he not contemplate such a move, but that Justice Shiras has not resigned.

The same published statements also credit him with having reached the conclusion to place the construction of the isthmian canal under the jurisdiction of the army, with General Leonard Wood as chairman of the canal committee. The president likewise is authority for the statement that he has no intention whatsoever of changing the civil nature of the commission.

PERISHES IN FIRE WITH DOG.

Keokuk, Ia., Sept. 1.—George Robinson was burned to death in a fire which destroyed his home at Hamilton, Ills., today. He lived alone with his dog, which also was burned. It is thought the fire started from a gasoline stove.

ARKANSAS ELECTION.

Little Rock, Sept. 1.—Returns at midnight from twenty-five of seventy-five counties in the state indicate that Jefferson Davis, Democrat, for governor, is sweeping the state by a large majority.

BIG GUNS BOOM

**WAR GAME TAKES ON AN APPEAR-
ANCE OF REALITY.**

BOLD STROKE BY THE FLEET

**MARTHA'S VINEYARD AND BLOCK
ISLAND ARE SEIZED.**

Is Followed at Night by a Demonstration Against the Forts That Ends in Two Ships Being Put Out of Action.

Port Judith, R. I., Sept. 1.—After a period of heavy firing off Block Island, communication between the army signal station here and the Beacon Hill station, at Block Island, was cut off for a time this morning. At 10:45 communication was restored, when word was received that the enemy had captured the signal station and all but four men had escaped. The corps at that point included one officer and eight men.

Block Island, R. I., Sept. 1.—After a bombardment of two hours and a quarter, Admiral Higginson today captured the signal and wireless stations on Boston Hill and is now holding Great Salt Pond harbor. The signal corps abandoned the station and escaped.

Woods Hole, Mass., Sept. 1.—The United States cruiser Olympia dashed into this port early this forenoon, landed a force and seized all the telegraph, telephone and cable stations, thereby cutting off all communication with Martha's Vineyard and Elizabeth Island. Vineyard Haven, Mass., Sept. 1.—A United States cruiser early today landed a detachment of men at Gayhead, and the cable from that point to Pasque island has been cut.

Newport, R. I., Sept. 1.—Admiral Higginson did not delay, after the declaration of hostilities today, to cut out work for the jacks and masts of his fleet, accomplishing at daylight, but under cover of fog, two things General MacArthur's army had anticipated. These were the seizure of Martha's vineyard and Block Island, and the capture of the army's signal station at each place.

Tonight he followed up his good work by a demonstration in forced against the extreme western end of the line of defending fortifications; but it cannot be determined until later if he actually attempted to force his way into Long Island and sound or simply aimed to give the crews a little big gun practice and the captains an opportunity to maneuver within striking distance to determine the location and calibre of the ordnance in the forts. The navy's night attack was not expected at the western end of the line quite so early in the game.

Remote Landing of Marines "Scares."

One tonight Newport got a scare when a message came from Port Judith that marines were being landed there in the fog. All communication with that point was cut off. Then at 10:30 came an official bulletin, announcing the bombardment of Fort Michie and Wright; but when the Point Judith signal station again came in touch with the central intelligence bureau, it was explained that the signal men there had been given a drill in saving equipment on the supposition an enemy was making a landing. They cut out the telegraph, cut the phone wires, picked up the equipment and made a record-breaking retreat, then returning to the re-established station, doing a creditable piece of work.

Outside of this incident the routine war duty along Narragansett bay was simply a good measure of hard work all day and some very lively searchlight work tonight.

Late Attack Is Repulsed.

Later—Just before midnight four vessels tried to storm Price's neck signal station. Their gun fire against that point was followed by ninety-six shots from Fort Adams. So well placed were some of the latter that it is believed at the fort two of the vessels were put out of action. The vessels retired toward the westward.

BLOODY BATTLE WITH NEGRO.

Six New York Policemen Are Wounded, Two of Them Fatally.

New York, Sept. 1.—Patrolmen John McKenna and Arthur Brill were fatally injured and Police Captain Darcy and three other policemen were seriously wounded tonight in besieging and capturing Jerry Hunter, a negro desperado, at North Beach, Queens borough.

This afternoon Hunter shot at a man passing along the beach, but failed to hit him. McKenna, a patrolman, was sent to arrest Hunter, who shot out both of his eyes with a load of buckshot. Three other policemen were sent to effect Hunter's capture. Patrolman Brill received a load of buckshot in the face, destroying one eye. He will likely die. Reserves were then ordered out and twenty policemen surrounded the house. After two hours' shooting on both sides, the Hunter house caught fire. Hunter's wife ran out the front door and attacked the men with an old sabre. In the excitement Hunter escaped by the rear, but was run down and captured. Police Captain Darcy and three men were taken to a hospital, seriously wounded. Both Hunter and wife were found wounded when finally overpowered.

KICKED TO DEATH BY HORSE.

Vinton, Ia., Sept. 1.—John Giesch, a wealthy stockman, was kicked to death by a horse today.

DAILY MINING JOURNAL, A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

It is a great affliction for a woman to have her face disfigured by pimples or any form of eruptive disease.

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines.

C. A. WRIGHT, President. JACOB BAER, Vice President. M. C. GETCHELL, Cashier.

Pelee is said to be sputtering again, and another eruption is threatened.

This is the week of the interesting maneuvers between the army and navy.

It is hoped that the talk of arbitration which is characteristic of the beginning of the seventeenth week of the coal strike has something behind it.

Statistics compiled by Carroll D. Wright show that the business of taking summer boarders footed up the rather startling sum of \$6,669,364 in New Hampshire alone, in 1899, and it has to all appearances, steadily increased since.

There is something more than a mere question of prices in the trust movement. There is a pathetic phase in the ruin of thriving villages by the removal of manufacturing plants.

The only definite result of The Hague peace conference held some years ago was the establishment of an international tribunal of arbitration, which has not yet had a sitting, despite the fact that it was confidently expected that the nations would find in it a convenient way out of their friendly differences.

After Dinner. To assist digestion, relieve distress after eating or drinking too heartily, to prevent constipation, take Hood's Pills.

Hood's Pills. Sold everywhere. 25 cents.

settlement made by the Mexican government after the expulsion of the Spaniards, when it undertook certain interest payments to religious bodies.

Representative Henry B. Vandercook, in a recent interview, went into the subject of state taxation for last year comprehensively.

Montana Copper Traffic Divided. President Hill of the Northern Securities company and Mr. Harriman of the Union Pacific have so far adjusted the difficulties which arose between the two contending interests over the railroad situation in the far Northwest.

These facts are patent, and the reading people of the state should be fully cognizant of them. The Democrats will never succeed in making their "extravagance" argument go very far with the well informed electorate.

THE NEW MAINE. The Maine, in her first trial off Cape Ann Saturday, attained a speed of 18.1 knots.

The destruction of the concentrator of the Montana Ore Purchasing company at Butte, which was burned to the ground late last week, will make necessary a partial suspension of operations in the Heineze mines for several months at least.

COPPER MINING. OLD MINES MAY RESUME.

Evidences of Activity in the Porcupine Mountain District. The Ontonagon Herald is informed that active development work will soon be commenced upon the Halliwell property in the Porcupine mountains.

Charles B. Gray, of Detroit and Thomas Watson of England, in company with George E. Perkins of Providence, R. I. last week inspected the Carp Lake mine, also in the Porcupine mountains.

The Calumet stockholders of the Union Gold Mining company will not send a committee to look over the property as originally intended, but will send W. J. Bloy and E. F. LeGendre to Detroit to examine the books of the company.

A PARSON'S NOBLE ACT. "I want all the world to know," writes Rev. C. J. Budlong of Ashaway, R. I., "what a thoroughly good and reliable medicine I found in Electric Bitters."

BEWARE OF THE KNIFE. No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary.

Excursion Rates for Conventions, Meetings, Etc. Special Excursions to Colorado, Utah and South Dakota, June 1st to September 15th, inclusive.

CALUMET WINS FIRST PRIZE.

Defeats Lake Linden and Dollar Bay in Baseball Tournament.

The Calumet and Lake Linden teams played the second game of the tournament arranged between the Calumet, Lake Linden, Dollar Bay and Garden Bay teams, at Lake Linden yesterday morning. It was a close contest, Calumet winning by the narrow margin of one tally. The score was 11 to 10. The game was witnessed by a large crowd, many fans from Calumet and other parts of copperdom being present.

In the afternoon Calumet played Dollar Bay, the winner of Saturday's game with Garden Bay. The contest was for the first and second prizes of \$150 and \$100, respectively. Calumet was the victor by the score of 12 to 3, and its supporters are now claiming the championship of the county.

NEW TOWN BEING PLATTED.

Houghton Men Laying Out a Site Well Located on the South Range.

A townsite is being laid out on a tract of land, comprising 340 acres, between Painesdale and Baltic, on the South range. The property is owned by Houghton men. They have planned an admirable townsite, and it is their firm belief that the district between the Champion and Baltic will some day be a second Calumet or Hecla location. It is proposed to lay out a main street of 100 feet width and to establish sidewalk grades for cement walks. There is already a good demand for desirable building locations in that district and there is no question that the lots in this particular townsite will find ready sale. Both the Champion and Baltic mine locations are contiguous to the tract. The Champion is a rich mine and it gives promise of being one of the biggest producers in the copper country, while the success of the Baltic has already been determined. It is only a question of a short time when the Champion will necessarily have to take on a larger force of men. It is generally predicted in the copper country that the district about the two mining locations will become a thickly populated section.

FINANCES IN GOOD CONDITION.

School District of Portage Township Has a Balance of \$11,230.

At the annual school meeting of District No. 1 of the township of Portage, held at the Houghton High school last evening, Director John Slockett read his report for the school year ending Sept. 1, 1902. It shows a balance on hand in the treasury of \$11,230.14, compared with \$10,029.24 at the same date a year ago. The latter sum was increased by receipts from different sources during the year that swelled it to \$61,547.75. Of this amount, \$12,000 was transferred to the fund provided for the building of the new addition to the East Houghton school. The total of other disbursements, including the amounts on account of sinking fund and interest, was \$38,318.61, leaving the balance of \$11,230.14. The board believes it can get along with \$30,000 this year, and it recommended that that amount be levied upon the taxable property of the district. The total enrollment for the year was 1,125. The average attendance was 804.25. The per capita tax per enrollment was \$28.89, and for non-resident pupils \$9; the per capita tax for superintendent and instruction was \$15.56. Out of the \$12,000 transferred from the general fund to the building fund, the board has paid \$6,392.10; the balance, \$5,607.90, is contracted for.

BOWLING SEASON OPENS.

The Miller bowling alleys at Calumet have again gone into commission. The alleys have been placed in the finest kind of condition and that they will prove as popular this season as last there is no doubt. Calumet has a large number of good bowlers, and they have come out of them successfully we have no doubt. The legitimate properties will continue active, making satisfactory earnings, while several that are now claiming much will be silent in their idleness.

It is predicted that the game will be more popular this season than last. Several new alleys have been built in copper country towns and numerous matches are in store. Calumet bowlers will not doubt reorganize their league, which was a great success last winter. There is also talk of a county organization. It is said it will be formed this week, with Calumet, Lake Linden, Hancock and Houghton represented by teams. The winner for the season will be given a gold and silver trophy, worth \$50, by the Balk-Bowler company, manufacturers of bowling alleys, Chicago.

GETS ANOTHER BIG CONTRACT.

C. J. Johnson Will Put In Extensive Switch Yards at Elgin, Ills.

C. J. Johnson, the Houghton railroad contractor, has been awarded a contract by the McCormick Harvester Manufacturing company that calls for the grading, the laying of ties and rails and the performance of other necessary work in the construction of extensive switch yards to be established at the company's main plant at Elgin, Ills. The contract price is \$100,000. It is the contractor's intention to start work on the yards the latter part of this month. Some of the men now at work in the copper country will be transferred to Elgin. Mr. Johnson is also negotiating with the Elgin, Joliet & Eastern railroad for a contract for the building of what will be known as the "Outer Belt line" out of Chicago.

Street Railway Having Trouble.

It was mentioned in a previous issue that the Copper Range railway is having trouble in securing from the Tamarack and Osceola companies rights-of-way over their lands on the route of the extension from Houghton to Lake Linden and Calumet. Condemnation proceedings have been started, however, and there will be no delay in the work. The street railway company, which is building an extension from Calumet to Lake Linden, is also having trouble in securing similar permission from the two mining companies. The street railway is not given the right by law to condemn property, as is a steam railroad, and hence it is taking longer to secure the necessary permission than it will take the Copper Range railway. The work on the street railway extension, however, will not be delayed materially. Other parts of the route are receiving attention now, and by the time the remaining right-of-way is secured the contract will be ready to work on. It is said the line will be completed on time. Mr. Johnson is building the street railway branch in conjunction with the Copper Range extension work, having both contracts. The work of grading on the street railway extension is completed for half the distance from Calumet to Lake Linden, and the roadbed is ready for the ties.

CONTRACTOR ROBERT HALL OF CALUMET,

who has been in charge of the grading work on the Copper Range extension in the vicinity of the street plant, is necessary, and permission and authority to dig such trenches, erect such poles, and to do such excavating and other work for the purpose of erecting, equipping, and maintaining a steam heat and electric lighting plant and system. Mr. Burder will agree not to obstruct the alleys or streets unnecessarily during the course of the construction work, and that after the work is completed the surface of the thoroughfares will be left in as good condition as they were before.

THE PRESIDENT'S DOUBLE.

If the president had been seeking a double of himself, he could not have come more closely to the mark than in the man selected for secretary of the navy, while the resemblance may be very striking, there is no more possibility of his being taken for the executive than there is of success in palming off a substitute remedy for Hostetter's Stomach Bitters. It has become so well known as a cure for headache, nervousness, indigestion, dyspepsia, constipation and malaria that many unscrupulous dealers will refill the bottles with a bogus article and offer it as the genuine. Beware of such counterfeiters. The genuine Hostetter's Bitters has their Private Stamp unbroken over the neck of each bottle. Don't fail to try it.

COPPERDOM BREVITIES.

Superintendent Brady, of the Michigan mine, was a Houghton visitor yesterday.

John Slockett of Houghton left for Marquette last evening. He will serve on the grand jury at the session of the United States court.

Clifford Therrien, wife and child of Laurium have left for Detroit and points in Canada for a visit with relatives. They will be gone for five weeks.

James Prendergrast, son of T. J. Prendergrast, has returned to Chicago to resume his studies at the Chicago University. Mr. Prendergrast spent the summer in copperdom.

Captain Richard Edwards, of the Osceola mine, who was badly injured in an explosion at the mine a little over a week ago, is improving steadily at the Tamarack hospital. His physicians now hope for his recovery.

What has been known as Science Hall at the Michigan College of Mines will be called Hubbell hall in the future, in honor of the late Hon. Jay A. Hubbell, who was instrumental in founding the institution and who donated the site for the first building. Hubbell Hall was erected in 1887 at a cost of \$75,000.

Despite the threatening weather and the heavy sea on Lake Superior yesterday, the steamer Ironquits took out a crowd of 250 people from the iron and copper countries on its excursion to Isle Royale and Port Arthur. Had it been a calm day a much larger number would have taken the trip. The boat left at 9 o'clock in the morning and returned last night. Several hours were spent at Isle Royale.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is a certain cure for sweating, hot, itching feet. At all druggists and shoe stores. 25c. Trial package free by mail. Address, Allen S. Olmsted, Le Roy, N. Y.

LINGERING SUMMER COLDS.

Don't let a cold run at this season. Summer colds are the hardest to cure and if neglected may linger along for months. A long siege like this will pull down the strongest constitution. One Minute Cough Cure will break up the attacks at once. Safe, sure, acts at once. Cures coughs, colts, croup, bronchitis, all throat and lung troubles. The children like it. H. Harwood, Ishpenning. Stafford Drug Co., Marquette.

Foley's Honey and Tar is peculiarly adapted for chronic throat troubles and will positively cure bronchitis, hoarseness and all bronchial diseases. Refuse substitutes. People's Drug Store.

ARRESTED AFTER TWO YEARS.

Anton Stukel has been arrested in Calumet for assault with intent to do great bodily harm, less than the crime of murder, after an absence of two years. Stukel, a well known and steady man, Frank Bench in a fight two years ago. Stukel made a hasty departure to Montana, but came back the other day when he thought everything about his fracas in Calumet had been forgotten. He was nabbed, however, not long after he struck town. He will be tried Friday in Justice Jackola's court.

LABOR DAY CELEBRATIONS.

All a Success Despite the Cold and Disagreeable Weather.

The Labor Day celebration was carried out as planned at Hancock yesterday, although the weather was cold and disagreeable all day. The festivities began with a parade in the afternoon, two bands and 500 men participating. The parade formed at Hancock shortly before 2 o'clock and marched to Houghton out as far as the East Houghton school, when a counter march was taken back to Hancock to the Hancock grove. The order of the parade was as follows: Chief Marshal Louis Stralow; Twin City band; molder's union; dignitaries; carpenters; masons; Arcadian band; tailors; painters; Aide J. W. Disney; butchers; newsboys, clerks, and floats. At the Hancock grove the men were addressed by Matthew Wasley, of Ishpenning.

The Hancock Y. M. C. A. conducted a field day meet at Hancock, in Driving Park in the afternoon in which amateur athletes of the copper country participated.

The celebration at Baraga was largely attended by people from Lake Linden and other parts of copperdom. The Calumet and Hecla, Quincy, Lake Linden and Ishpenning bands furnished the music. There was racing on the streets, an Indian war dance, speaking, and other features.

HEATING AND LIGHTING.

Central Plant to Furnish Them at Calumet if Councils Assent.

If franchises granting the use of alleys and portions of the streets can be secured from the Laurium and Red Jacket common councils, a company will be organized to furnish the residents of Calumet with steam heating and electric lighting. The council will consider the question at their next regular meeting and on their decisions will depend the fate of the project. A similar movement was started in Red Jacket last year, but it had an early death. The council did not consider it very seriously and the matter was dropped by those interested. This time John Burder, who is connected with the Carlton Hardware company, will endeavor to convince the councilmen of the advantages of his plan. It is Mr. Burder's idea that it will prove a success. It is figured that the expense will be much less than the amount now paid by Calumet residents for heat and light, and the establishment of the proposed plant is favored by many.

Mr. Burder will ask for the use of such alleys as part of the street plant, and necessary, and permission and authority to dig such trenches, erect such poles, and to do such excavating and other work for the purpose of erecting, equipping, and maintaining a steam heat and electric lighting plant and system.

Mr. Burder will agree not to obstruct the alleys or streets unnecessarily during the course of the construction work, and that after the work is completed the surface of the thoroughfares will be left in as good condition as they were before.

THE PRESIDENT'S DOUBLE.

If the president had been seeking a double of himself, he could not have come more closely to the mark than in the man selected for secretary of the navy, while the resemblance may be very striking, there is no more possibility of his being taken for the executive than there is of success in palming off a substitute remedy for Hostetter's Stomach Bitters. SUCCUMBS TO TYPHOID.

Julian Ellis, Formerly of Houghton, Dies at Chicago.

Julian Ellis, formerly assistant to S. H. Vaughan, commercial agent of the St. Paul road at Houghton, died Sunday at his father's home at Riverside, a suburb of Chicago, after several weeks' illness with typhoid fever. The news of his demise was telegraphed to friends at Houghton and it caused most profound regret. Mr. Ellis was taken sick during the freight handlers' strike in Chicago, in July. With other clerical employees he was assisting in the moving of freight, contracted the fever while at work and went home sick. He steadily grew worse until the physicians recently gave up all hope of recovery. Mr. Ellis was well known in the copper country, especially at Houghton. He was transferred from Houghton to Chicago a year ago and was later given the position of soliciting freight agent in Milwaukee. Mr. Ellis was twenty-three years of age and a son of John A. Ellis.

TO RAISE SUNKEN BOILERS.

F. M. Cooper of Houghton and Adam Kiyoski, the well known Indian diver, are making preparations to raise the boilers of the steamer Topeka, which sunk in Lake Superior a mile northwest of the canal in the fall of 1898. The boilers, which are said to be intact, were purchased from the underwriters by James Pryor of Houghton, who gave Mr. Cooper the contract to raise them. Mr. Cooper will use one of the Pryor dredges in his work. He has a complete outfit. Mr. Cooper was recently given a contract to raise part of the wreckage of the steamer Scotia, which sunk off Eagle River some years ago.

THE PRESIDENT'S DOUBLE.

If the president had been seeking a double of himself, he could not have come more closely to the mark than in the man selected for secretary of the navy, while the resemblance may be very striking, there is no more possibility of his being taken for the executive than there is of success in palming off a substitute remedy for Hostetter's Stomach Bitters. TOILERS CELEBRATE

OBSERVANCE OF LABOR DAY MORE GENERAL THAN USUAL.

BIG PARADES IN THE CITIES

TEN THOUSAND MEN IN THE PHILADELPHIA PROCESSION.

President Mitchell Rides at Head and Later Speaks at Park, Spring J. P. Morgan Vigorously—Large Sum Collected for Strikers.

Reports to the Associated Press yesterday show that Labor Day was more generally observed throughout the country than ever before. In all cities the parades were very large, and in most cases features of the celebrations were addresses by men of national reputation.

Mitchell Speaks at Philadelphia. Philadelphia, Sept. 1.—The organized workmen of Philadelphia today paid a tribute to John Mitchell, president of the United Mine Workers of America, and at the same time showed sympathy in a substantial way for the striking anthracite mine workers of Pennsylvania.

"We have this year government by injunction and ownership by divine right in their most accentuated form. If one of the most conspicuous capitalists of our country represents the sentiment and feeling of his assistants, then we must take for granted that he believes that God in his infinite wisdom has given into their control all the resources of our country. I was taught to believe, when a boy, that God loved all his people alike; that he conferred no more power or favors upon one than upon another, and notwithstanding the declaration of the controller of trusts, I am not prepared to abandon the teachings of my boyhood days."

Mitchell then reviewed the Pennsylvania coal miners' strike and made an earnest appeal to working people and the public in general to give at least a small portion of their earnings to keep the miners from starving. The second speech was confined to an appeal for aid.

Among other speakers at the two meetings was M. M. Dolphin of New York, formerly national president of the Railway Telegraphers' union. The entire proceeds of the picnic, estimated at \$10,000, will be turned over to the miners' union.

Debs Talks of Coal Strike. Davenport, Ia., Sept. 1.—Eugene V. Debs spoke at the joint celebration of Labor Day by the labor unions of Davenport, Rock Island and Moline, today.

Public and private business houses were closed with scarcely an exception. There was an imposing parade of uniformed trade unionists followed by speaking and amusements. W. J. Bryan was the principal orator.

40,000 in Line at Frisco. San Francisco, Sept. 1.—The celebration of Labor Day here was more generally observed today than ever before. Forty thousand men and women formed the procession, representing every union in the city. Mayor Schmitt and other leaders delivered addresses.

Chinese Minister the Orator. Binghamton, N. Y., Sept. 1.—Wu Ting Fang, Chinese minister at Washington, was here today as the guest of the Central Labor union. After reviewing the Labor Day parade, Minister Wu delivered an address at Stow Park to four thousand workmen.

DENVER SOCIETY PEOPLE INJURED

Denver, Sept. 1.—By the collapse of a temporary stand at a horse show here this afternoon, two hundred persons, prominent society people, occupying boxes, were precipitated a distance of five feet. C. E. Whittaker, Mrs. H. C. Woodward and Mrs. Edward Woodward were seriously hurt and many others were slightly injured.

MINNESOTA STATE FAIR.

St. Paul, Sept. 1.—The forty-third annual state fair opened today. The number of exhibits is the largest on record. The national livestock shows of the National Hereford and Shorthorn associations are being held in connection with the fair. A good roads convention will be one of the most popular instructive exhibits at the exposition.

NEBRASKA INDIANS IN ARMS.

Company of Militia Sent to Protect a Town Against Angry Redskins.

Omaha, Sept. 1.—Governor Savage tonight received word of an uprising of Yankton Indians at Naper, Hold county. Mayor Serr telegraphed that mixed-bloods threaten to burn Naper. Enraged because of failure to secure whisky last Saturday, five of them fired eighteen shots into the town but no one was injured. The mixed-bloods threaten to take the town. The mayor requests that guns and ammunition be sent.

BASEBALL.

National League. Boston, Sept. 1.—Ragged fielding by the visitors in the seventh and ninth gave the victory to Boston. Summary: R. H. E. Cincinnati.....0000011302—7 9 3 Batteries: Eason and Moran; Thielman and Maloney. Second game—Poole, though unsteady, managed to keep the home club hits well scattered and unproductive of runs in the afternoon game. Summary: Boston.....0200000002—4 7 4 Cincinnati.....330000100—7 9 3 Batteries: Malarky and Kittredge; Poole and Barger.

New York, Sept. 1.—The visitors won the morning game by better all-round fielding. Summary: St. Louis.....201300000—6 7 0 New York.....020110000—4 12 5 Batteries: Murphy, Curry and Ryan; Taylor and Bowerman. Second game—The visitors won the afternoon game, hitting Matthewson hard and again fielding cleverly. Summary: St. Louis.....030020003—8 13 0 New York.....000000101—2 12 5 Batteries: Yerkes and O'Neill; Matthewson and Bowerman.

Philadelphia, Sept. 1.—Chicago and Philadelphia broke even on a double header today. The first game was a miserable exhibition. In the second the locals could not hit Taylor, while Dugleby was batted freely. Summary: Chicago.....102000000—3 8 5 Philadelphia.....20201420—11 14 2 Batteries: Rhodes and Kling; White, Dooin and Douglass. Second game—Chicago.....010023000—6 16 1 Philadelphia.....001000000—1 4 2 Batteries: Taylor and Kling; Dugleby and Douglass.

Brooklyn, Sept. 1.—A bunching of hits by the visitors in the ninth this morning enabled them to win. Summary: Pittsburgh.....000000112—4 5 2 Brooklyn.....000020100—3 8 2 Batteries: Chesbro and Zimmer; Donovan and Ahearn. Second game—Fine running catches by Clark, Beaumont and Smith were the features of the afternoon game. Summary: Pittsburgh.....010000003—8 14 2 Brooklyn.....310001200—7 10 2 Batteries: Leever and Smith; Evans, Kitson and Ahearn.

American League. Chicago.....02011121—8 11 5 Baltimore.....000021001—4 9 6 Batteries: Piatt and E. McFarland; Butler and Smith. Second game—Chicago.....200010002—5 6 4 Baltimore.....000020030—5 8 6 Batteries: Griffith and E. McFarland; Witse and Robinson. Called on account of darkness. Detroit.....11010001—4 9 2 Washington.....200000000—2 5 2 Batteries: McCarthy and McGuire; Patten and Clarke. Second game—Detroit.....03340003—13 18 1 Washington.....100000000—1 5 2 Batteries: Mullin and Buelow; Lee and Drill. Cleveland.....51030100—10 15 0 Boston.....000000000—0 6 5 Batteries: Moore and Bemis; Sparks and Criger. Second game—Cleveland.....10012040—8 13 2 Boston.....000000000—0 6 0 Batteries: Bernhard and Wood; Dineen and Warner. St. Louis.....01102100—5 10 9 Philadelphia.....000000001—1 3 2 Batteries: Sudhoff and Kahoe; Waddell and Schreckengost. Second game—St. Louis.....012000001—4 6 1 Philadelphia.....000200010—3 8 1 Batteries: Powell and Kahoe; Mitchell and Schreckengost.

Western League. Omaha, 6; Des Moines, 2. Second game: Omaha, 3; Des Moines, 1. Kansas City, 3; Milwaukee, 2. Second game: Kansas City, 2; Milwaukee, 4. St. Joseph, 5; Peoria, 2. Second game: St. Joseph, 11; Peoria, 3. Denver, 6; Colorado Springs, 4. Second game: Denver, 9; Colorado Springs, 4.

MINING CONGRESS OPENS.

Butte, Sept. 1.—The International Mining congress assembled this afternoon. Two hundred delegates were present. Governor J. K. Toole delivered the address of welcome, which was responded to by President E. L. Shafner, of the congress.

KING VICTOR HOME AGAIN.

Rome, Sept. 1.—King Victor Emmanuel reached Raecigni, near Turin, today, from Berlin, where he had been visiting Emperor William.

If you want to be well all the year, take Rocky Mountain Tea now. Greatly renovating medicine known. 35cts. The Stafford Drug Co.

ALGER IS ACCUSED

CHARGED WITH FRAUD IN A LAW SUIT IN TENNESSEE.

GOV. BLISS INVOLVED IN CASE

GAVE THE INFORMATION AGAINST EX-SECRETARY OF WAR.

Michigan Executive Prevented from Taking Possession of Lands Sold Him by General While Settlement of Titles Was Still in Courts.

Winchester, Tenn., Sept. 1.—The noted lawsuit between ex-Secretary of War R. A. Alger and the heirs of John F. Anderson, deceased, involving some 15,000 acres of land, valued at \$200,000, in the mountains of middle Tennessee, has been reopened by the filing of a bill in the chancery court at Winchester in behalf of the heirs of Anderson alleging fraud on the part of General Alger while the case was before the courts previous to its apparent settlement in 1900.

The bill alleges that while the lands were in controversy and while General Alger was seeking a recovery of his purchase money and asking that the heirs of Anderson be compelled to take back the land and repay all expenses incurred by him in purchase, taxes, interest, etc., which suit Alger won after six years of litigation in the United States circuit court and the United States circuit court of appeals, Alger sold the lands to Governor Bliss of Michigan for a consideration of about \$90,000, but by fraud and persuasion prevented Governor Bliss from registering the deed given to him. The bill claims that Alger was not entitled to a recovery, inasmuch as he parted with his title while the case was in the court and while he was seeking to have the sale to him from Anderson rescinded.

The bill exonerates Governor Bliss from all blame in the matter and alleges that the information on which this bill is filed was gained recently from Governor Bliss and his attorneys at Chattanooga while they were attempting to dispose of the lands which Governor Bliss bought from General Alger while the former suit was pending.

FATAL DUEL OVER A GIRL.

One Man Killed and Two Badly Wounded at Colorado Mining Camp.

Winfield, Colo., Sept. 1.—In a revolver and rifle duel here today, Gus Sjostron, a miner, was killed; Simand Amsdon, a miner, was fatally wounded, and Chauncey Bennett, a bartender, was shot in the groin and may die. The shooting was the result of Amsdon's jealousy of attentions paid by Andy Maloy, a young miner, to Amy Bitts, a fifteen-year-old girl with whom Amsdon was in love. Amsdon, armed with a rifle, went on a hunt for Maloy. He saw his rival on the street and fired two shots at him. Neither reached the mark, and Maloy escaped. Sjostron later attempted to make peace between the two men. Amsdon resented the interference, and the shooting followed. Bennett was an innocent bystander.

Florida Mob Lynches Two.

Newberry, Fla., Sept. 1.—Manny Price, murderer of W. F. Brunson, a mine superintendent, and Bob Serages, a negro whom Price named as accessory, were lynched near here today by a party of three hundred men. The negroes were being taken from Newberry to Gainesville by special deputies.

Utah Man's Bloody Deed.

Salt Lake City, Sept. 1.—William Troutman of Snyderville, Utah, recently discharged from an insane asylum, brained his two daughters today, fatally wounded his wife, attempted to kill the remainder of his family and then killed himself.

Iowa Sheriff Fatally Shot.

Sioux City, Sept. 1.—W. E. Strain, sheriff of Mohoka county, Ia., while trying to place Fred Carns under arrest at a farm near Whiting, today was shot in the stomach by Carns and fatally wounded.

CORN CROP OUT OF DANGER.

Immense Yield of the Cereal Indicated by Late Reports.

Chicago, Sept. 1.—The Corn Belt, issued by the Chicago, Burlington & Quincy railroad, says in its issue today: "Reports received about the condition of growing crops in Nebraska, Iowa, northern Kansas, northern Missouri and northwestern Colorado cover the field up to nearly the end of August. All small grains were cut and in stack, and the threshing had reasonably progressed. An immense crop of corn is maturing and is so far advanced that it is, as a rule, practically 'made' and past danger from any unusual source."

ATHLETE BREAKS RECORD.

Dr. Mulligan, at New York, Covers 116 Feet in Ten Jumps.

New York, Sept. 1.—Dr. B. J. Mulligan, of the Knickerbocker Athletic college, made a new world's record at the games of the Greater New York Irish-American Athletic association at Celtic Park, L. I., today. In a contest against Ray C. Ewry, New York Athletic club, who held the American record for the standing high jump and for three standing long jumps, Mulligan covered 116 feet, 3/4 inches in ten-standing long jumps. The former record was 113 feet, 5 1/2 inches, made by Malcolm Ford at Brooklyn in 1886.

TODAY'S WEATHER.

Washington, Sept. 1.—The following is the weather bureau's forecast for Upper Michigan: Fair and warmer Tuesday; Wednesday, fair. Light to fresh west winds, becoming variable.

\$142,500.00

WILL BE GIVEN AWAY IN JAN. 1903

TO SMOKERS OF THE

BEST AND LARGEST SELLING BRANDS OF CIGARS IN THE WORLD!

HOW MANY CIGARS will the United States collect Taxes on during the Month of December, 1902?

\$142,500.00 will be given in January, 1903, to the persons whose estimates are nearest to the number of cigars on which \$3.00 tax per thousand is paid during the month of December, 1902, as shown by the total sales of stamps made by the United States Internal Revenue Department during December, 1902.

Table showing distribution of estimates for tax collection. Columns include number of persons, amount of tax, and total value of cigars.

Every 100 bands from above named cigars will entitle you to four estimates.

Table showing information for making estimates, including number of cigars now bearing \$3.00 tax per thousand and for which stamps were purchased.

In case of a tie in estimates, the amount offered will be divided equally among those entitled to it. Distribution of the awards will be made as soon after January 1st, 1903 as the figures are obtainable from the Internal Revenue Department of the United States for December.

Write your full name and Post Office Address plainly on packages containing bands. The Postage, or Express charges on your package must be fully prepaid, in order for your estimate to participate. All estimates under this offer must be forwarded before December 1st, 1902, to the FLORODORA TAG COMPANY, Jersey City, N. J.

Her gray hair makes her look 20 years older. And it's so thin, too. Tell her all about Ayer's Hair Vigor.

The Unhappy Burden Bearer Must Make Choice.

Paine's Celery Compound

Takes Away the Load of Disease, and Leads to New Life, Health and Happiness.

The unhappy victim of disease and suffering who has just dragged through the summer, and who is now racked with suffering and almost a physical wreck, must make immediate choice of two paths. One leads to increased misery and certain death, the other to new life, health and happiness.

The use of Paine's Celery Compound is a necessity for all who seek the path of health and long years. Victims of rheumatism, neuralgia, kidney disease, liver trouble, dyspepsia, nervousness, and blood diseases quickly and surely find new life, vigor, and strength in Dr. Phelps' medical prescription—Paine's Celery Compound. It builds up the system, purifies the blood, braces the nerves, and regulates digestion as no other medicine can do.

Mr. John C. Minn, 137 E. Winifred street, St. Paul, Minn., says: "Some six years ago I suffered with rheumatism in my knees so painful I could get no relief, and I had to rub them for a moment's ease. Paine's Celery Compound cured me and eradicated the disease from my system. I had also been afflicted with kidney disease as most railroad men are, and I had catarrh so bad that my head ached and my eyes were inflamed with continual pain, and I could retain nothing but liquid food on my stomach. Today, thanks to Paine's Celery Compound, I think I am as healthy as any man that stands on the globe."

opening of court Monday next, and the week was busy all yesterday, making substantial progress.

Miss Cora Sunberg of Marquette, the guest of Mr. and Mrs. Wm. Richardson, was driving to the dock Friday morning in Dr. Husband's carriage, in company with Mrs. Orvis, when the vehicle collided with an oil wagon in front of C. H. Dyssinger's grocery store on South Ashmun street. Both ladies were thrown from the rig and Miss Sunberg's left wrist was severely sprained. A pleasure trip to Des Moines was postponed. —See Times.

The case of Mrs. Ann-Jones vs. C. V. and B. F. McMillan is listed for trial in the United States court here the forthcoming term. This case was tried in the February, 1901, term of the circuit court of Ontonagon county and a verdict of \$4,392.96 was given the plaintiff. It was carried to the supreme court and the decision was reversed. A. E. Shuster of Ontonagon is the attorney for the plaintiff, with C. E. Miller of Ironwood as counsel, and Ball & Stone represent the defendants.

E. J. Stackpole, brother-in-law of Frank Oyster, spent yesterday in Marquette, visiting Mr. Oyster and family. Mr. Stackpole, who is postmaster of Harrisburg, Pa., has been attending the national convention of the Postmasters' association, and he seized the opportunity to pay the north country a brief visit. Mr. Stackpole is also the publisher of the Harrisburg Telegram, and he paid The Mining Journal office a fraternal visit yesterday. He was accompanied on his trip by Mrs. Stackpole.

F. P. Gormley circulated a subscription paper among Newberry people and collected in the neighborhood of \$70 to aid Mr. Hatch who is being treated by a Marquette specialist for blindness. Mr. Hatch was employed as a cook in one of Culhanes' camps and was suddenly afflicted with total blindness while in the performance of his duties. Mr. Gormley has received a letter from Marquette which stated that Mr. Hatch is improving. It is expected he will regain his sight. —Newberry News.

The high school football team played yesterday. The boys will practice on numerous upper peninsula grounds this season, and it is expected that they will make a good showing. They should. They will have nothing to do all through the month of September but master the intricacies of the game and get into condition. If the Logging and "make good," they will have few legitimate excuses to offer. The team will work under the direction of Principal Kienholtz, who will have charge of the high school this year.

Charles Sjoquist, a homestead farmer, has been arrested in Florence county, Wis., charged with complicity in the frauds perpetrated against Raber & Watson by A. V. Freeman, now imprisoned in the Marquette penitentiary, and Charles Yroman, now under arrest. Some cedar was bought from Sjoquist, but his reports far exceeded the shipments actually made by the Wisconsin logging company, with the result that Raber & Watson paid for timber the existence of which was purely mythical. Other arrests are said to be impending. The Raber & Watson frauds have not yet been entirely cleaned up.

The South Shore road will give through the General Manager, George Fitch, a complimentary trip from Marquette to Houghton, leaving Marquette the morning of the 12th of September and arriving in Houghton about noon, to the traveling men of Marquette, Ishpeming and Negaunee who will attend the annual grand hall of the Upper Peninsula Traveling Men's association, to be held this year in the Douglas House, Houghton. Arrangements will be made for the transportation of a party of seventy-five. A special coach will be provided for the Logging and Upper Peninsula Traveling Men's association, and it will be left at Houghton until the 13th for their benefit. A rate of \$2.50 has been made for other people who may desire to go to Houghton to attend the meeting. The station will draw a large Marquette contingent in each train this week. The station will draw a large commercial men of Marquette, Ishpeming and Negaunee are enthusiastic members of the association.

LONG WALK.

G. Phelps Dodge took it in '98 in order to get to Marquette.

G. Phelps Dodge, of Danville, Ill., who has been spending a few days at the Hotel Iroquois, is making his second visit to Sault Ste. Marie and as his first one was made forty years ago, he is in a position to note the changes which have taken place in the city since that time, says the News-Record.

In 1858 the old gentleman was interested in an iron mining property at Marquette and it became involved in litigation, the result of which hinged on possession. He started for Marquette early in May, taking a steamer at Detroit. At the straits all of the boats became blocked in the ice with no immediate prospect of release.

It was imperative that Mr. Dodge reach Marquette in all haste and he decided to walk to the Soo and secure transportation from here. He was fortunate in finding at DeTour Peter B. Barbeau, who is so prominent in the history of the Soo, and the latter made the trip with him. They walked from DeTour to the Soo in two days, spending one night on St. Joseph's island. It is interesting to know that Mr. Dodge's mission to Marquette was successful.

Mr. Dodge's reminiscences of the Soo as it was in 1858 are necessarily brief. His visit here was of short duration, but he remembers the Soo at the time of his first visit as being more than a fur company post. He is not surprised

at the advancement the former village has made for at the time of his first visit its natural advantages were apparent to him.

DULUTH FIRM.

It Makes the Lowest Bid on Presque Isle Breakwater Extension.

The bids on the breakwater extension at Presque Isle, designed to close the gap between the north end of the present breakwater and the shore of Presque Isle and thus to put an end to the washing away of the land at that resort, have been opened at Duluth in the office of the U. S. engineer, and the contract will probably be awarded on the return of Captain D. D. Galliard, U. S. engineer, as the lowest bid is within the amount of money available for the improvement.

It was submitted by Francis L. McDonald of Duluth and the amount is \$5,534.90. Other bidders were Foyell & Mitchell of Marquette, \$6,958.26, and Hugo & Tims, Duluth, \$5,999. The amount of money available for the improvement is \$7,500, and the amount to be expended is \$6,000.

The work is to be done this fall, and it is expected that it will be started soon after the contract is signed. Several cribs will be necessary to fill in the gap, as it is now some 700 feet in width.

BOOKER T. WASHINGTON.

He May Attend an Educational Meeting Here in October.

Arrangements for the annual meeting of the Upper Peninsula Educational association, which will be held in Marquette in October this year, are now well under way. It is expected that the meeting will be one of the most successful in the history of the association, as the location of Northern Normal here makes Marquette a particularly suitable point for these meetings. The Normal faculty and officers, it is understood, will co-operate with the officers and teachers of the city public school system in entertaining the visitors and in preparing attractive programs.

It is expected, according to Secretary Ferguson of the Soo, that Booker T. Washington, the foremost negro educator in the United States and one of the brainiest men the negro race has ever produced, will be in attendance at the meeting as an attempt has been made to secure him for an address. Mr. Booker T. Washington would be a great attraction, as his able work and in connection with his negro institute has given him a foremost rank among educational people and he has made him known all over the country.

Superintendent H. E. Kratz, of the Calumet public schools, has been invited to address one of the sessions. His subject will be "The Spirit of Criticism."

Upper peninsula railroads will make special rates for the meeting. Fuller details concerning these rates, the program and prominent speakers will be published later.

RAILROADS MAKING READY.

New Equipment Being Ordered to Care for Great Traffic.

Chicago, Sept. 1.—It is announced that the Baltimore & Ohio railroad company will place orders for 100 locomotives in a short time. The same line bought 100 engines in June and ordered fifty some time ago, which are now being delivered. These large purchases are but a sample of the way in which managers are fortifying themselves with new engines and cars. In the last few days it has been announced that the Chesapeake & Ohio has leased from a car trust twenty-five locomotives and 2,300 cars adapted to handling coal and coke. The Missouri Pacific has ordered for 100 locomotives in a short time.

It is estimated that the corn crop will make 4,000,000 carloads of thirty tons each. With fifty cars in each train this would load 46,000 trains. Even estimated that the largest portion of this corn crop will not be given a long haul, but will be fed to livestock near the place where it is grown, it will mean just so much more in the way of fat cattle and hogs that must be moved to market, and whether it is carried in one form or the other the big crop means business for the freight department. Then when the farmers of the corn section have plenty of grain and livestock to sell they have money to spend and the return trips of the freight trains must carry to them from the east the articles they want to buy.

President J. J. Hill says his northern system has cars enough to move all of the immense wheat crop of the northwest in five trips. The wheat crop of the country tributary to his roads amounts to about 95,000,000 bushels.

NOBILITY STORY CONFIRMED.

Copenhagen, Sept. 1.—The report that William Bartholin, who is wanted by the police of Chicago to explain the murder of his mother and his sweetheart, is a son of a seign of Danish nobility, is confirmed.

Rocky Mountain Tea taken now will keep the whole family well. If it fails, bring it back and get your cash. 35 cts. The Stafford Drug Co.

Terrible plagues, those itching, peevish diseases of the skin. Put an end to misery. Doan's Ointment cures. At any drug store.

FOR COLD LUNCH. Roasted chicken, tongue, beef, sardines, canned fowl mustard and pickles in bottles, at Heppner's. (7-22-0)

MAINE SPEED TEST FAILS.

Naval Authorities Say She Did Not Make Eighteen Knots.

Philadelphia, Pa., Sept. 1.—In a dispatch from Washington it is claimed that the battleship Maine, even with tide allowances, did not come up to her contract speed of eighteen knots on the official trial over the Cape Ann course. In the trial she went over the course two hours outward and two back at an average speed of 17.96 knots an hour, according to the official figures. Although these figures surpass any ever made by a battleship of the United States navy, they were disappointing for the Maine had made an excellent showing on her builders' trial and predictions were freely made that she would run far ahead of eighteen knots on the official trial.

Commander Walter C. Cowles, U. S. N., who acted as recorder of the board, has estimated the tidal influences and still the Maine is found wanting. According to the terms of the contract with the Cramps the builders shall pay a forfeit at the rate of \$25,000 a quarter knot between eighteen and seventeen and one-half knots. The Cramps will not, in any event, have to pay more than \$3,500, which is a much smaller sum than would be the expense of a new trial.

Charles Cramp would not say what steps he proposed taking. When asked in regard to the Maine's failure, he said he had not been notified of the official time.

RELICS OF FREE RIDES.

Collection of Annual Passes to Be Exhibited at World's Fair.

World's Fair, St. Louis, Sept. 1.—One of the rarest among the transportation curios to be exhibited at the World's Fair in 1904 is a scrapbook of annual passes, the property of E. E. Prevost, general southern agent of the International Navigation company of New Orleans. In this remarkable book Mr. Prevost has passed to delight the artistic eye others that will interest the student of character through handwritings. Some have been used, others have not, but each has an interesting story behind it. Whether worn and defaced, or as bright as the day they came from the engraver; they bear strange and characteristic autographs. Ever since he entered the wheel world, years ago, Mr. Prevost has been making this scrapbook of annual passes. W. K. Vandervort, second vice president of the New York Central & Hudson River railroad, signs the annual passes for 1882 in his own handwriting. On the same page are bearing the signatures of the late Chauncey M. Depew of the same line, but just ten years later date. The most difficult signature to read is that of F. W. Wolcott Jackson, general superintendent of the Pennsylvania. The signature of H. P. Baldwin is another hard one to decipher. He is now president of the Long Island railway, but was formerly with the Southern railroad. The book is filled with passes of all colors, but all are about the same size. Every line changes the color of its annuals each year.

BOY BABY IN A TREE'S TOP.

Child Thrown from a Train Escapes Without Injury.

Desota, Mo., Sept. 1.—William Heims, a farmer living near Irontdale, about twenty miles south of here, found a baby boy in a valise outside the Iron Mountain railroad tracks Friday afternoon. Everything about the place indicated that the valise had been thrown from a passenger train that passed an hour earlier. The child, apparently about five years old, was neatly dressed but neither on its clothes nor about the valise was any mark indicating its identity. The train passes that point at sixty miles an hour, but the valise had landed in the top of a low bushy tree and the baby had not been hurt. Heims says he will adopt the boy unless its parents can be found. He is a prosperous farmer and is delighted with the boy's appearance.

Conductor Anderson Robertson, who was in charge of the train, declares that he saw nothing which would indicate the identity of the person who threw the child away.

ANSWER IN MERGER SUIT.

St. Paul, Sept. 1.—The defendants in the suit brought by the state of Minnesota against the Northern Securities company; James J. Hill, as president of that company, and James J. Hill, as an individual; the Great Northern Railway company, and the Northern Pacific Railway company, to prevent the consolidation of the two last named companies, filed their answers with the clerk of the United States circuit court this afternoon. They form a general denial of the complaint and follow the general lines of their answer in the suit brought by the federal government, although differing on some points.

TURKS AND BULGARIANS CLASH.

Athens, Sept. 1.—A telegram from Larissa, Greece, reports an encounter between a detachment of Turkish troops and a band of thirty-five Bulgarians under Captain Petroff, near Drekkli. Nineteen Turks and twenty Bulgarians, the latter including Captain Petroff, were killed.

Complete Treatment

FOR EVERY Humour

Price \$1.00

CUTICURA SOAP, to cleanse the skin of crusts and scales and soften the thickened cuticle, CUTICURA OINTMENT, to instantly allay itching, inflammation, and irritation, and soothe and heal, and CUTICURA RESOLVENT PILLS, to cool and cleanse the blood. A SINGLE SET of these great skin curatives is often sufficient to cure the most torturing, disfiguring, itching, burning, bleeding, crusted, scaly, and pimply skin, scalp, and blood humours, with loss of hair, when all else fails.

Charles Cramp would not say what steps he proposed taking. When asked in regard to the Maine's failure, he said he had not been notified of the official time.

MILLIONS OF PEOPLE

USE CUTICURA SOAP, assisted by CUTICURA OINTMENT, for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, for baby rashes, itchings, and chaffings, and for all the purposes of the toilet, bath, and nursery. Millions of Women use CUTICURA SOAP in the form of baths for annoying irritations, inflammations, and excoriations, or too free or offensive perspiration, in the form of washes for ulcerative weaknesses, and for many sanative, antiseptic purposes which readily suggest themselves to women.

CUTICURA RESOLVENT PILLS (Chocolate Coated) are a new, tasteless, odorless, economical substitute for the celebrated Liquid CUTICURA RESOLVENT, as well as for all other blood purifiers and humors cures. In screw-cap vials, containing 60 doses, price 25c.

Sold throughout the world. SOLE U. S. DISTRIBUTORS: CUTICURA MEDICINE CO., 150 N. 2nd St., St. Louis, Mo. French Depot: 2 Rue de la Paix, Paris. Wholesale Depot: 217 E. Washington St., Boston, U. S. A.

Ishpeming and its Environs.

(Additional Ishpeming on Page Seven.) TWO VOTES TO ONE. It was the Ratio in Yesterday's Election and Peninsula Bank "Push" Won.

Yesterday's school election was an overwhelming and decisive defeat for the "Miners' National" ticket, and it was, probably, a victory largely won by the superior organization and more telling work of the supporters of the "Peninsula bank" ticket. To say that the result was a surprise to the friends of the former ticket is putting it mildly. They may have anticipated defeat, but it is "cinch" that they never dreamed of defeat at a ratio of two votes to one. Both parties, alike surprised, were busy last evening explaining how it happened.

The school election yesterday will go down on record as being the most spirited contest of the kind that has ever taken place between opposing factions in this city. There were very few qualified voters who were not brought out. Indeed the carriages were so numerous and the pluggers so active that no one had any chance to stay away from the polls. Almost as many women as men voted, and not a few of the former cast their first ballot.

The opposing factions were made up of men who are favorable to one or the other of the banking institutions of the city. Indeed one ticket was referred to as the "Peninsula Bank Ticket," while the other was designated as the "Miners' Bank Ticket." It was also noticed that the local representatives of the insurance companies were also active in the interest of the candidates from whom they thought they could get the most business. It was a case of business on both sides.

There were something like fifty carriages and busses kept busy all day. An hour or more before the polls opened there were anywhere from fifteen to thirty vehicles lined up at the city square between the two banks. Banners were pinned upon the backs of the horses. Both factions were pretty well organized and their statements of the day were every ward. Indeed there were ward committees whose business it was to get to the homes as early as possible and coax out the voters.

East Division street, from the corner near the Methodist church property, reminded one of the Illinois Central station in Chicago upon the arrival of the trains. The street was filled with carriages and the sidewalk was lined from one end to the other with ticket peddlers, who had a hand shake or smile for the voters as they came forward.

The total vote cast was 1,562. Three years ago, when the election was most spirited, 700 votes were cast. No municipal election that has taken place in Ishpeming in years created the stir that accompanied yesterday's contest. The so-called Miners' bank faction was slow in organizing. Their forces did not get together until late last week, while the others were lined up nearly a month ago, although the candidates were not decided upon until Friday last. The Peninsula's lusters engaged every liveliest carriage and omnibus in the city before the other side thought of sending out vehicles to bring in the voters. The Miners' people had to get their carriages from individuals in the city and the liveries of Negaunee. The Peninsula carriages were out earlier than the others and the rush to the polls started just as soon as they were opened. The horses were kept on the move all day, and at times, when there seemed to be a possibility of one side capturing a voter or two before the others reached their homes, the horses were driven over the ground on a gallop.

MRS. POWERS' FUNERAL. The funeral of the late Mrs. Mary Powers, who died Saturday, will take place this morning from St. John's church, Father Kehoe officiating. Mrs. Powers is survived by her husband and two small children one two years and the other eight months old. She was a daughter of Mrs. Katherine Kennedy and sister of Alderman Joseph Kennedy. Mrs. Powers was born and raised in this city, and was esteemed by all who knew her. She had been sick a week, but was not seriously ill until two days before her death.

THE ELMORE SISTERS. The Elmore Sisters, the clever sou-ebrettes, who will be seen tomorrow evening at the local theatre in their own play, "A Devil's Lane," made a great hit with the "Two Merry Tramps" company three years ago. They will be remembered for their newsy and bawdy specialties. The stars are surrounded by a company of clever people, among whom is James Green, who played the tramp with Mr. Rice's company the last three seasons. The reserved seat tickets are on sale today.

Permanent Muscular Strength cannot exist where there is not blood strength. Young men giving attention to muscular development should bear this in mind. Hood's Sarsaparilla gives blood strength and builds up the whole system. M. J. Olson, late of the F. Myer Piano factory of Oak Park, Ill., is prepared to tune and repair pianos. Address, 327 Vine street, Ishpeming, Marquette county, phone 317. (8-14-1m)

Exciting Baseball. Cleveland-Cliffs Team Defeated Negaunee Yesterday by Score of 16 to 5.

Although the temperature was decidedly chilly yesterday, there was a warm time at Union Park. The baseball fans of the Twin Cities were on hand, and there was no little excitement during the game between their two leading ball teams. The attendance was the Negaunee fans warmed up in the hope that they might "rattle" the Ishpeming players.

The exhibition was one of the best seen here in some time until the sixth inning, when the Cleveland-Cliffs piled up six runs by clean hits, assisted by a couple of costly errors. Neither team scored in the first inning, but in the second, both brought a runner across the plate. In the third both were goose-necked in the fourth the local team touched Crans freely and three men came home. The Negaunees didn't see the plate again until the sixth, when two men came around. Both runs were due to errors on the part of the Ishpeming infielders. One came in on a poor throw by the catcher and the other on a wild pitch. In the eighth Negaunee's balloon again went skyward and the Henanite City chaps added five more runs to their score.

In the last inning Will Mitchell, Negaunee's first baseman, who had not hit the ball at any previous time at bat, "nailed" the sphere for a home run. There were two out at the time and no one on bases. The Negaunee rooters got excited and there was much amusement for a time. The next two men up took their bases, one on balls and the other on an infield error. The next popped to second and the side was retired.

Polly Kelsey of Houghton, who lived here a couple of years ago, was in the box for the local team the first seven innings. He did splendid work, in spite of the fact that he pitched the entire game against Escanaba the previous day. The Negaunee were unable to solve his curves. During the seven innings he fanned twelve men, and but five single hits were made off him. His support was excellent, there being but four errors charged to the team up to the time he retired. In the eighth Ruez went in the box. He fanned four of the six men put out in the two innings.

Crans of the Negaunee team threw a good game, considering that he also did the twisting for nine innings against Crystal Falls Sunday. Crans retired in the seventh and Barbeau of Marquette, who held down third base, finished the game. Crans had four strike-outs to his credit. He was hit for six singles, three doubles and one three-bagger. Kelsey let two men walk, Crans one and Barbeau one. Sib Larson caught for Ishpeming and Roberts wore the mask for Negaunee. Barbeau struck out one man and he was touched for four singles.

Following is the score by innings: Negaunee . . . 0 1 0 0 2 1 0 1 - 5 Cleveland-Cliffs . . . 0 3 0 6 1 5 7 - 16

Portiers and Table Covers at Finnish Mercantile Association.

No need to fear sudden attacks of cholera infantum, dysentery, diarrhoea, summer complaint of any sort if you have Dr. Fowler's Extract of Wild Strawberry in the medicine chest.

New Way to Polish a Stove. No Waste - Odor - or Dirt. By sprinkling Sifter Stove Polish on the stove and then rubbing with a damp rag and gently brushing with a dry cloth, a brilliant, jet black lustre is obtained. Sifter Stove Polish comes in a large box with a perforated top, through which the polish is sifted just like peppering a beefsteak. Sifter Stove Polish is made of pure powdered graphite, which is not affected by fire, produces the most brilliant polish, and when applied, won't rub off. It is odorless. It never dries up. It does not require soaking in water before using. A 10 cent box of Sifter Stove Polish will polish more stoves than three times its cost in any other polish. Get Sifter Stove Polish of any dealer at 5 cents a box, a 10 cent box contains more than twice as much. Insist on the yellow label with the hand.

REAU; NEIDHARDT

THEY WERE SUCCESSFUL IN YESTERDAY'S SCHOOL ELECTION.

CHOSEN BY GOOD MAJORITIES

YOUNGQUIST AND POWELL WERE IN THE LEAD AT ONE TIME.

Largest Vote Ever Polled in Any Similar Election Was Recorded, 1,719 Ballots Having Been Cast.

Joseph Neidhardt, 1,057. J. K. Beau, 1,039. D. H. Powell, 669. Dr. O. G. Youngquist, 657.

Above is the result of what proved to be the most interesting and closely contested school election ever held in Marquette.

The vote was the largest ever polled at such an election in this city, 1,719 ballots being cast. This vote was most nearly approached six years ago, when J. L. Johnson and Joseph Neidhardt defeated F. B. Spear and F. M. Moore on a direct issue, but there was no idea when the voting began yesterday that the total of ballots at this former election would be approached, as there seemed to be no particular issue or issues to attract the people to the polls.

But issue or no issue, they began coming early and did not stop until the polls were closed at 8 o'clock p. m., when some people had not yet voted. There was a constant stream of the qualified voters all through the day, the number of women voting at least equalling the number of men, while it is claimed by some that it was greater.

The size of the Marquette vote becomes notable when it is considered that at Ishpeming, with a much larger population, practically a whole new board at stake and the incentive of a factional fight to get the vote out, only approximately 1,500 ballots were polled. "Where do they all come from?" was a frequent remark yesterday, as the men and women poured into the voting room at the city hall.

brought out early. During the morning their vote out early.

The Youngquist and Powell vote was hours the atmosphere about the city hall was permeated with Youngquist and Powell sentiment and the Neidhardt-Reau supporters looked rather down in the mouth. At noon, according to men who had the situation well sized up and according to the admissions of the successful candidates, Youngquist and Powell were some hundred votes to the good. But after the dinner hour the hustling of the Reau-Neidhardt forces began to tell. They soon had the election safe, and after two or three o'clock they were confident that it was only a question of how much of a majority they would get. Still they did not stop getting out the voters, employing carriages and workers in the parts of the city where their strength lay. The Powell-Youngquist men also were active, although they were hardly as energetic as their opponents. If they were, their energy was not, as the results indicate, as well directed.

The votes came in right along and there was hardly an interval during the day when the members of the board of the election and the clerks were not busy. At times the voting room was fairly packed with men and women, and the corridors of the city hall presented a busy scene, they being the stamping ground of the official "pluggers" for the several candidates.

There was little splitting, the split ballots not numbering more than forty or fifty. On account of the heavy vote, it was about 9:20 before the result was officially announced. The count was observed by a big crowd of Reau-Neidhardt partisans, who received the result with a satisfied cheer.

The director reported that the school census had been completed and that there are in the city 3,993 children between the ages of five and twenty years, the school age.

The board of trustees announces that it has hopes of resuming high school work in the new building about the 20th of the month.

Director's Report.

The following report of Director Barnes, containing full information concerning the board's financial status, was accepted:

Table with columns for items and amounts. Includes Receipts (Balance on hand, City treasurer, etc.) and Disbursements (Teachers' wages, Janitors' wages, etc.).

Table with columns for items and amounts. Includes Account of new buildings, Amount in hands of assessor, Total, etc.

GERMAN SCHOOL. The Work of the Second Term Will Begin Today.

The first term of the German school, which is held under the auspices of the German Lutheran church, and which is directed by its officers, has been concluded. The class was large, and the school is said to have been successful from every point of view.

HERE TONIGHT. Miss Bernice Castello Will Appear at the Presbyterian Church.

Miss Bernice Castello, the well known dramatic reader, impersonator and vocalist, will give one of her clever entertainments at the Presbyterian church this evening.

FATHER POWELL AT ST. PAUL'S. Very Impressive Mission Service at the Cathedral Last Evening.

In spite of the fact that yesterday was a holiday and that an election of school trustees was in progress, the services at St. Paul's cathedral were fairly well attended and those who were present could not help but feel that a benefit and genuine spiritual treat the absent ones were missing.

PICNIC A SUCCESS

ATTRACTIVE PARADE WAS AN INTERESTING FEATURE.

MARQUETTE LIGHT INFANTRY

THEIR SOLDIERLY APPEARANCE CREATED MUCH COMMENT.

Many People Assembled at the Fair Grounds in the Afternoon to See the Fun—Bad Weather Passed Over.

Brick Layers and Masons' Union No. 4 deserves much credit for the Labor Day picnic that was given under its auspices yesterday. At noon, for a few minutes, it looked as if bad weather were going to mar the program, but a rainfall proved to be only a passing shower and the afternoon was, in the main, favorable, if a little chilly.

Parade in the Morning. The first thing on the program was a parade, which moved from Superior street, where it was formed, promptly at 10:30 o'clock, marching west on Superior to Fourth, south on Fourth to Fisher, down Fisher to Front and then north on Front to Washington, where it turned to the city hall, shortly to be disbanded.

The parade contained representations of most of the Marquette unions, it being one of the largest labor parades ever held in the city. The Negaunee orchestra band headed the line of march. Immediately following came the Marquette Light Infantry, which made its first public appearance, resplendent in new uniforms and equipped with rifles. The carpenters and joiners were next, with the largest single turnout in the parade. The Clerks' association also had a good representation, the lady members being comfortably seated in gaily decorated carriages.

After the parade disbanded, the men and their families began to seek the fair grounds, where many of them ate picnic dinners, although the main movement to the grounds did not commence until after the noon hour.

Marquette Light Infantry. Many words commendatory of the Marquette Light Infantry, its uniforms and its facility in drill work were heard yesterday. The company is formed entirely of young men, some of them boys in their teens, but they give promise of soon being able to give a drill worthy of veterans.

The enterprise of the young men composing the organization and their officers deserves hearty commendation. They give much of their time to drill and have gone to no little expense on their own account to equip their company. Marquette people should be proud of the boys and should give them hearty support in their effort to build up a permanent independent military company.

In this connection the Light Infantry wishes to express its appreciation of the work of Walter, the tailor, who was busy through all of both Saturday and Sunday nights providing their uniforms with stripes, so that they would be complete for yesterday's parade.

The crowd which assembled at the Fair grounds was probably the largest of the year, being, at least, as large as any other that has gathered there this season. In size it compared favorably with the annual County Fair crowds.

The street cars gave good service to the grounds. It was supplemented by the work of the hacks and buses. Dancing and sports were the principal features of the afternoon's entertainment. The former proceeded in the administration building, to music furnished by the Negaunee orchestra band, and the latter at various points on the grounds, there being a multiplicity of attractions, principal among them the ball game between the Brick Layers' and Masons' and Carpenters and Joiners' teams.

The latter were first at bat and they made a solitary run. The Masons would only rest content with five, which they were to increase materially as the contest progressed. The stiff wind, against which they had to bat, and the curves of Pitcher Wolf for the Masons were too much for the Carpenters and they were never able to secure the lead. The coaching of the mechanics was a cheering feature of the game and the antics of the players provoked much merriment.

Following is the lineup of the teams and the score by innings: Masons. Van Gamert, Fagan, Haskins, Swan, Riopelle, Russell, Kaiser, Hooper, Roman, Wolf, Dollar, Duchaine. Runs by innings: Masons 5 1 3 7—16 Carpenters 1 0 3 1—5
