MORGAN SAYS NO

AGAIN DECLINES TO INTERFERE IN THE COAL STRIKE.

GOV. STONE'S MISSION A FAILURE

EVIDENCE, HOWEVER, THAT SOME MOVE IS PENDING.

Philadelphia, Wednesday, Sept. 10.—The North American this morning says that J. Pierpont Morgan has assented to a plan proposed by Governor Stone of Pennsylvania for ending the coal miners' strike. The plan, according to the North American, was submitted to Mr. Morgan yesterday by P. A. B. Widener of this city.

It is for the mine workers to return to work, without a signed agreement; the operators, by concessions to adjust the differences existing between the men and companies; if, after waiting a reasonable time, the operators fail to do this, arbitrators be appointed, and if the men deem the decision of the arbitrators unjust, then the men can again go on strike.

The paper also says that Governor Stone immediately telegraphed President Mitchell for a conference.

Is News to Union Leader.

Wilkesbarre, Pa., Wednesday, Sept. 10.—President Mitchell early this morning said he had received no information from Governor Stone in reference to a conference, and that as far as he knew the strike situation was unchanged.

MAIL BUSINESS GOOD.

Handsome Gain in Receipts Shown Over Figures of a Year Ago.

Washington, Sept. 9.—A net increase of 9 per cent, occurred in the receipts of fifty of the largest postoffices in the United States last month, compared with August, 1901. The total receipts at these fifty offices aggregated \$4,321,444, a net gain of \$357,810. The largest increase was 26.6 per cent, at Des Moines, Ia.

New York, Sept. 9.—Gov. W. A. Stone of Pennsylvania, who came to this city last evening, made an effort during the day to see what could be done toward settling the anthracite coal strike. He returned to Harrisburg, Pa., tonight without apparently having been able to accomplish a settlement.

There were rumors abroad that the governor's visit had had results, but George W. Perkins, of the J. P. Morgan company, denied tonight there was any change in the situation. Word to the same effect was received by long distance telephone from President Trustadale, of the Delaware, Lackawanna & Western railroad, who is out of town.

Long Conference Is Held.

Governor Stone was accompanied to the city by Attorney General Elkin of Pennsylvania and Senator Flynn of Pittsburg. The three held a conference of several hours' duration with P. A. B. Widener of Philadelphia at the offices of the United States Steel Corporation.

After the conference had lasted an hour, Mr. Widener went to see J. Pierpont Morgan at the latter's office and asked him to use his influence to end the strike. Ten minutes later he returned to his fellow conferees and told them that Mr. Morgan declined to interfere.

Governor Stone gave out this statement: "Attorney General Elkin, Senator Flynn and myself have been in consultation for several hours today with P. A. B. Widener of Philadelphia, who is a director of the United States Steel Corporation and is associated with Mr. Morgan in many business interests. Mr. Widener is very anxious to see the strike settled, and today took the matter up with Mr. Morgan. We are doing what we can."

Roosevelt Anxious for Arbitration.

Cincinnati, Sept. 9.—A guest of President Roosevelt during a portion of his trip through Ohio, had asked today if the subject of the settlement of the Pennsylvania coal strike had been discussed, said it had. The president said the printed interview with him on the subject was imaginative. The guest of the president went on to say that no one deplores the present conditions more than the president does, but he does not see clearly how he could take any part in adjusting the differences.

Any interference on his part, except by the request of both parties, would be construed into a threat to use the great power of his office to coerce one side or the other, and that were really so, the action would be interference, not arbitration. If both sides would make the request that the president select an arbitration committee, he would be glad to do so, but could not give his personal time to investigate the subject to the end of arriving at a just conclusion. Unless both sides make the request voluntarily, he will not feel at liberty to interfere in the matter.

Coal Cars in Motion.

Seranton, Pa., Sept. 9.—General Superintendent Ross, of the Delaware & Hudson Railroad company's mine department, said today that he had no knowledge of any negotiations which could possibly lead to a settlement of the strike. The opinion prevails here, however, that the mine superintendents have knowledge of some movement which will likely soon end the strike. During the past few days there has been unusual activity in the movement of coal cars on the four coal-carrying railroads whose mining operations are centered here. Long lines of coal cars have been placed on sidings convenient to the different collieries.

Governor Still Has Hopes.

Harrisburg, Pa., Sept. 9.—Governor Stone returned from New York tonight. He said he was doing everything possible to settle the differences between the miners and operators. He had invited Senator Flynn of Pittsburg to accompany him because the senator employs ten thousand men and has never had a strike. He said he believed Senator Flynn's advice as to the best means of ending the strike would be carefully considered by the operators.

Up to Companies, Says Mitchell.

Wilkesbarre, Sept. 9.—President John Mitchell of the United Mine Workers of America, tonight denied in most emphatic terms that the coal miners' strike had been declared off. He said: "I have received no proposition from the other side and I have made none to the operators. The strike is still on and will remain so until declared off by the mine workers in convention. It is up to the operators."

NO LONGER HEAD OF B. OF L. F.

Resignation of Grand Master F. P. Sargeant Is Accepted.

Chattanooga, Tenn., Sept. 9.—At today's session of the convention of the Brotherhood of Locomotive Firemen, Grand Master F. P. Sargeant submitted his resignation as grand master, to take effect immediately. It was accepted.

ST. LOUIS POLICE HAVE ARRESTED ALL BUT SEVEN.

GRAND JURY PROMPT TO ACT

THREE INDICTMENTS AGAINST EACH ONE OF THE GANG.

Develops at Investigation That Members of the Combine Took Oaths Not to Betray the Operations Under Penalty of Death.

St. Louis, Sept. 9.—In connection with the alleged hoodie combine of members of the house of delegates, it developed today that an oath had been administered to each of the members of the combine. A copy of the oath has been given to Circuit Attorney Folk and the grand jury. In taking the oath the party solemnly swore to vote and act with the combine whenever and wherever ordered to do so, and also not to divulge any secrets of the combine to any outsider; under penalty of forfeiture of life.

Several of the Gang Jailed.

Shortly after noon today Edmund Bersch was taken into custody. He was lodged in jail in default of bail, as were also John H. Schettler, J. J. Hannigan, John Helms, Otto Schumacher and Charles Gutke, who spent last night at their homes in the custody of deputy sheriffs. Former Delegate W. M. Tamblin is under arrest at Cleveland, O. When Judge Douglas adjourned court tonight seven of the nineteen members of the alleged hoodie combine were still at large and the police and deputy sheriffs were using their best efforts to find them.

An important feature of the day's developments was the finding of new indictments against eighteen members of the combine. In addition to the charges of bribery and perjury in connection with the suburban street railroad deal, the members of the alleged combine now rest under additional indictments charging bribery. These were found by the grand jury, before which J. K. Murrell testified today as to the city lighting scandal of 1900, in which each member of the combine is said to have received \$2,500 in payment for his services in securing the passage of the bill.

Bail Fixed at \$45,000 Each.

Bonds were fixed at \$15,000 for every indictment, making a total of \$45,000 necessary to be secured for the release of any one of the accused. Charles Gutke, one of the men arrested today, was released in bonds of \$30,000 on the first two indictments, but was soon re-arrested on the bribery indictment and is still in custody, having failed to secure additional surety. Ex-Delegate Bersch, taken into custody this morning, has been liberated, Ed Butler, a wealthy local politician, signing a bond to the amount of \$45,000. Butler also went surety in like sum for Delegate Charles J. Denny and former Delegate T. E. Albright.

The police and sheriff's deputies are still looking for Delegate Charles J. Kelly and former Delegates Emile Hartmann, Louis Decker, John A. Sheridan, Julius Lehmann and Harry E. Faulkner. The last named were released on bond yesterday, and the authorities want him on the indictment found today.

Minneapolis Man Held in Bail.

Minneapolis, Sept. 9.—Joseph Cohen, charged with extortion and conspiracy and with acting as the go-between in the police corruption cases, was arraigned this afternoon on three indictments. He was released on \$5,000 bail. He went to the courtroom direct from the train on which he arrived from Montana in custody of a deputy sheriff.

GERMAN ARMY MANEUVERES BEGIN IN EARNEST.

FORTUNE FAVORS THE "RUSSIANS"

SUPERIOR POSITION IS GAINED BY THE INVADERS.

Now About to Push Forward Along a Battle Front of Twelve Miles—Cavalry, Artillery, Riflemen and Balloons in Action Yesterday.

Frankfort-on-the-Oder, Sept. 9.—The war maneuvers began today. A peaceful sunlit spread of country to the west of here was covered by parties of cavalry, searching the hollows and woods for the supposed enemy or seeking to catch glimpses of him from ridges; by batteries galloping into action through wheat fields and beet patches, and by long lines of riflemen advancing along a twelve-mile front.

Artillery in Action.

Sausage-shaped war balloons swung high in the air, and there were many other signs of warlike activity. The artillery, of which the invading reds and defending blues each have about a hundred pieces, came into action and there was a sound of irregular firing along far extended fronts.

Six or eight miles in the rear of the fighting lines were the generals commanding the two contingents—General Von Steupnagel the reds, who are considered the invading Russian army, and General Von Lignitz the blues, who fill the role of the German defending army. Field telegraphs spread fan-like from the headquarters of each commanding general to the extended fronts, and on nearly every elevation has been established a telephone station.

Cavalry Detachment Taken.

Today was spent by the contending armies in playing for positions. It was an artillery duel, with occasional brushes between cavalry. The infantry never got into action. The German defenders captured one gun from the Russians, but this was immediately retaken by the invaders. A cavalry detachment of blues fell into the hands of the invaders, who at the end of the day had gained a superior position and were ready to push forward.

Emperor William, as umpire of the maneuvers, visited both sides.

OVATION TO RELEASED PRISONER.

Irishmen Do Honor to Editor Jailed for Contempt of Court.

Dublin, Sept. 9.—Patrick A. McHugh, member of parliament for the north division of Leitrim, was released from Sligo jail today at the expiration of his sentence of three months' imprisonment for contempt of court. He was accorded a reception in which the mayor, town councillors and two thousand Nationalists took part. The streets of Sligo were decorated with flags in McHugh's honor.

His Persecutors Denounced.

In an interview McHugh headily denounced the methods of his political opponents, which he described as only comparable in malignity to the tribunals which Robespierre set up during the reign of terror in France. "While I was a prisoner," said McHugh, "Crown Solicitor Penton, my accuser at the time of the scene which led to my imprisonment, had me adjudged bankrupt, looted my premises and closed the offices of the Sligo Champion. As long as this horror is allowed to oppress and terrorize the land under the sanction of the law and judges, men must needs fly from Ireland as from a land where justice is not."

COMES OUT FOR SENATOR.

Benton Hanchett of Saginaw Is a Receptive Candidate.

Saginaw, Mich., Sept. 9.—Benton Hanchett, a prominent Republican attorney, today announced himself a receptive candidate for the nomination to succeed the late Senator James McMillan, making the third candidate, with D. M. Ferry and ex-Secretary of War R. A. Alger, already actively in the field. Mr. Hanchett says: "I should neither seek to secure the office nor decline if called upon to perform its duties. If the office should come to me, I would give to the performance of the duties imposed the best services at my command."

BRYAN TALKS IN MISSOURI.

Says the Tariff on Goods Made by Trusts Should Come Off.

Joplin, Mo., Sept. 9.—The Democratic campaign in Missouri was opened here this evening at a meeting attended by five thousand people. William J. Bryan was the principal speaker. He talked at length on the tariff, saying, among other things, that it was time to take the tariff off at least all kinds of trust-made goods. The country, he said, could not look to the Republicans for reforms in tariff matters.

HAVEN FOR PROHIBITIONISTS.

Government to Prohibit the Sale of Intoxicants in Samoa.

Washington, Sept. 9.—The government, it was announced today, has decided against the sale of intoxicating liquor of any description in our Samoan possessions.

DURAND IS TO RUN

FLINT JURIST TO REMAIN AT HEAD OF TICKET.

DEMOCRATIC LEADERS DECIDE IT

NOMINEE IS RAPIDLY REGAINING HIS HEALTH.

In View of This It Is Resolved by the State Central Committee That No Change Be Made in the gubernatorial Candidate.

Grand Rapids, Sept. 9.—Despite the paralytic stroke which he suffered a week ago, from which he is now recovering, Judge George H. Durand of Flint will remain the Democratic candidate for governor and will head the party's ticket in the fall campaign. This decision was arrived at this afternoon at a special meeting of the Democratic state central committee held here.

Judge Durand's brother appeared before the committee and made a detailed statement of his brother's condition. He said the judge's family had left it to him to decide whether or not the judge's name be left on the ticket. All things considered, Mr. Durand said, he did not feel like requesting that the judge's name be taken off. He left the matter to the committee to act on it as it thought best after hearing of Judge Durand's condition.

After a short secret session, the committee adopted resolutions declaring that Judge Durand's name be left at the head of the ticket in view of the present encouragement for speedy recovery. The formal address accepting the nomination which Judge Durand was to read to the committee here today, was read this afternoon by the brother, it having been written before the judge was stricken.

Said to Be Nearly Well.

Flint, Mich., Sept. 9.—Judge Durand shows remarkable improvement. He sleeps and eats well and walks about his room at will. Friends think he manifested pleasure when he understood his brother had started for Grand Rapids to deliver his letter of acceptance of the Democratic nomination for governor.

CUBAN LOAN BILL PASSES.

Authorizes President Palma to Borrow Thirty-Five Millions.

Havana, Sept. 9.—The loan bill passed the house of representatives today by forty-eight votes to twenty.

President Palma is authorized to make a loan, in the name of the nation, for the amount of \$35,000,000, the minimum price of the issue to be ninety and the maximum rate of interest to be 5 per cent. According to the bill, the loan is payable in forty years, and the payments begin ten years after the date of issue. Four millions will be devoted to the encouragement of the agricultural and cattle industry and the sum of \$31,000,000 is for the fulfillment of obligations contracted during the revolution and for the payment of the Cuban army. The executive is authorized to issue the loan in whatever series he may deem fit, and also is authorized to guarantee the operation with the custom receipts of the nation. In order to provide for the appearance in the regular budget of funds for the payment of interest and for maintaining the sinking fund, a consumption tax on alcoholic drinks is specially imposed, besides 10 per cent of the total receipts from customs.

The bill will go to the senate conference committee.

ITALIAN VOLCANO IN ERUPTION.

Fire and Lava Gushing from the Crater on Stromboli Island.

Rome, Sept. 9.—The volcano on Stromboli island is in full eruption. It is throwing up great columns of fire and torrents of stones. The island is shrouded in smoke. Mount Vesuvius also is showing signs of activity.

Honolulu, Sept. 3, via San Francisco, Sept. 9.—The volcano of Kilauea has again broken out in active eruption.

NEGRO MURDERER CAPTURED.

Indiana Sheriff Holds Mob at Bay and Prevents a Lynching.

Terre Haute, Sept. 9.—Matthew Alexander, the negro who killed his employer, Thomas Burke, last Sunday, was captured this afternoon in a hayloft. When the sheriff started with his prisoner for Indianapolis, a mob of two hundred surrounded them at the depot, but the officers with drawn revolvers kept the crowd at bay.

DROWN NEAR MANISTIQUE.

Three Young Men Lose Lives While Fishing in Indian Lake.

Manistique, Mich., Sept. 9.—Leroy and Walter Woodruff, aged twenty-four and eighteen, sons of a prominent farmer, and William Tennant, their brother-in-law, aged twenty-one, were drowned today in Indian Lake. They were fishing. The body of Leroy Woodruff has been recovered.

MICHIGAN MAN A SUICIDE.

Honolulu, Sept. 3, via San Francisco, Sept. 9.—The body of F. T. Merry, clerk and stenographer of the Fifth district court at Kaula, has been found in a forest. It is thought he committed suicide by shooting while temporarily insane. Merry came from Ann Arbor, Mich.

The police and sheriff's deputies are still looking for Delegate Charles J. Kelly and former Delegates Emile Hartmann, Louis Decker, John A. Sheridan, Julius Lehmann and Harry E. Faulkner. The last named were released on bond yesterday, and the authorities want him on the indictment found today.

Minneapolis Man Held in Bail.

Minneapolis, Sept. 9.—Joseph Cohen, charged with extortion and conspiracy and with acting as the go-between in the police corruption cases, was arraigned this afternoon on three indictments. He was released on \$5,000 bail. He went to the courtroom direct from the train on which he arrived from Montana in custody of a deputy sheriff.

BOODLERS IN TOILS KAISER IS UMPIRE

ST. LOUIS POLICE HAVE ARRESTED ALL BUT SEVEN.

GRAND JURY PROMPT TO ACT

THREE INDICTMENTS AGAINST EACH ONE OF THE GANG.

Develops at Investigation That Members of the Combine Took Oaths Not to Betray the Operations Under Penalty of Death.

St. Louis, Sept. 9.—In connection with the alleged hoodie combine of members of the house of delegates, it developed today that an oath had been administered to each of the members of the combine. A copy of the oath has been given to Circuit Attorney Folk and the grand jury. In taking the oath the party solemnly swore to vote and act with the combine whenever and wherever ordered to do so, and also not to divulge any secrets of the combine to any outsider; under penalty of forfeiture of life.

Several of the Gang Jailed.

Shortly after noon today Edmund Bersch was taken into custody. He was lodged in jail in default of bail, as were also John H. Schettler, J. J. Hannigan, John Helms, Otto Schumacher and Charles Gutke, who spent last night at their homes in the custody of deputy sheriffs. Former Delegate W. M. Tamblin is under arrest at Cleveland, O. When Judge Douglas adjourned court tonight seven of the nineteen members of the alleged hoodie combine were still at large and the police and deputy sheriffs were using their best efforts to find them.

An important feature of the day's developments was the finding of new indictments against eighteen members of the combine. In addition to the charges of bribery and perjury in connection with the suburban street railroad deal, the members of the alleged combine now rest under additional indictments charging bribery. These were found by the grand jury, before which J. K. Murrell testified today as to the city lighting scandal of 1900, in which each member of the combine is said to have received \$2,500 in payment for his services in securing the passage of the bill.

Bail Fixed at \$45,000 Each.

Bonds were fixed at \$15,000 for every indictment, making a total of \$45,000 necessary to be secured for the release of any one of the accused. Charles Gutke, one of the men arrested today, was released in bonds of \$30,000 on the first two indictments, but was soon re-arrested on the bribery indictment and is still in custody, having failed to secure additional surety. Ex-Delegate Bersch, taken into custody this morning, has been liberated, Ed Butler, a wealthy local politician, signing a bond to the amount of \$45,000. Butler also went surety in like sum for Delegate Charles J. Denny and former Delegate T. E. Albright.

The police and sheriff's deputies are still looking for Delegate Charles J. Kelly and former Delegates Emile Hartmann, Louis Decker, John A. Sheridan, Julius Lehmann and Harry E. Faulkner. The last named were released on bond yesterday, and the authorities want him on the indictment found today.

Superintendent Machin, of the rural free delivery service, does not fall in with the notion widely entertained that the delivery hurts the country store-keeper.

The difference in the attitude of the Democrats and the Republicans toward the negro vote seems to be largely theoretical.

Millions and millions of dollars have been lost to the contending parties in strikes of the past, but when the history of the present coal strike shall have been written it is believed that the total damage created by it will eclipse that for any past warfare between employers and employees.

Figures are published by the census bureau showing a rather steady increase in longevity in this country since 1810, basing the comparisons on the so-called median age, that is the mean age of the total population.

How it reddens the skin, itches, oozes, dries and scales.

How it reddens the skin, itches, oozes, dries and scales.

How it reddens the skin, itches, oozes, dries and scales.

How it reddens the skin, itches, oozes, dries and scales.

against 224 in 1890. Among the colored population the increase was less steady. The bureau attributes the gain partly to the progress of medical and sanitary science and partly to the decrease in the relative number of children born.

SOME STRIKE HISTORY. Commissioner of Labor Wright, who has just made a report on the coal strike, recently said that "the present strike among the miners of the anthracite region promises to be the longest and costliest strike in the history of the United States."

With but occasional exceptions the number of strikes each year since 1881 has grown steadily and the number of establishments involved and the number of employes thrown out of employment because of such troubles have increased in the same proportion.

The number was practically the same in the succeeding year, but in 1888 there was a considerable decrease, the total dropping below 1,000.

CANCEROUS ULCERS

Are in many respects like other ulcers or sores, and this resemblance often proves fatal. Valuable time is lost in fruitless efforts to heal the sore with washes and salves, because the germs of Cancer that are multiplying in the blood and the new Cancer cells which are constantly developing keep up the irritation and discharge, and at last sharp shooting pains announce the approach of the eating and sloughing stage, and a hideous, sickening cancerous sore begins its destructive work.

No ulcer or sore can exist without some predisposing internal cause that has poisoned the blood, and the open discharging ulcer, or the festering sore on the lip, cheek or other part of the body will continue to spread and eat deeper into the flesh unless the blood is purified and the Cancer germs or morbid matter eliminated from the circulation.

SSS

If you have an ulcer or chronic sore of any kind, write us about it, medical advice will cost you nothing. Books on Cancer and other diseases of the blood will be sent free.

FOR BASEBALL CHAMPIONSHIP.
Five Games Between Soo and Calumet Teams—Now Have Victory Each.

The Soo "Leaders" are making a good record in the copper country. Up to yesterday morning they had played three games, winning two. The first game was won by Calumet by a score of 5 to 2; the second contest, played with Lake Linden, was won by the visitors by the score of 10 to 1; while the third, with Calumet Monday afternoon, was also won by the Leaders; the score was 14 to 6. The game Monday afternoon was played in spite of the chilly weather and wet grounds. The Soos made six runs off Peterson, Calumet's pitcher, in the first inning. After that the visitors were held down until the sixth inning, when six more runs were batted in. Curry, for the Leaders, pitched a remarkably good game. Calumet made three of its six runs in the last inning. The result of the present series will determine which team may be called the champion baseball aggregation of the upper peninsula. Calumet is without doubt the best team in this region, while the Leaders of the Soo claim the championship of the entire peninsula. Up to yesterday afternoon Calumet and the Soo each had a game to its credit. This afternoon the teams will play again, if the weather will allow it, and Friday and Saturday two more games will be played. Tomorrow afternoon the Soos will meet Dollar Bay.

RAILS GOING DOWN THIS WEEK.
Grading of Street Railway Extension is Practically Completed.

The work of grading the extension of the street railway line from Calumet to Lake Linden will be completed the latter part of this week. Ties and rails for the five miles of road have been delivered along the route and the work of laying the steel will commence this week. All ground within the extension is on the grade, with the exception of the poles for the trolley wire. They are at Agate Harbor ready for shipment. The company expects to have its new line in operation before snow falls. The management is congratulating itself upon securing the steel for the track, as steel manufacturers are finding it difficult to fill their orders. Although several lines have been run for the extension from Lake Linden to Hancock, which would complete the loop around the county, the company will be unable to build this section of line this year. Lake Linden people are highly pleased to see the prospect for an early completion of the street railway connection. Although the towns are but a few miles apart, there is no public means of travel to Calumet except the stage, which answers well enough in the summer, but which is discarded on cold winter days, especially when a Lake Superior blizzard reigns almost supreme. The street cars will make the journey to Calumet three or four times faster than the stage and the trip will be made in comfort, summer or winter.

A VICTIM OF APPENDICITIS.
Albert Brown, the nineteen-year-old son of Spencer Brown of Lake Linden, died at the Hancock hospital yesterday morning from appendicitis. An operation had been performed but the young man was too weak to survive it. He was one of Lake Linden's most popular young men and his death is a shock to his many friends. He graduated from the Lake Linden High school in 1900 and had a promising future.

COUNTY BOWLING LEAGUE.
It Likely Will Be Organized at Early Date—Much Interest Shown.
The Lake Linden bowlers are taking the initiative in the movement to organize a bowling league and as much interest appears to be manifested in the project the association will no doubt be formed. Preliminary steps have already been taken and a meeting will soon be called to launch the organization. It is said that the bowlers in each town are very much in favor of a league. Calumet will furnish four teams and Houghton, Hancock, Lake Linden and South Lake Linden, two each. It is proposed to start the series of contests early in the season. A lively interest in the outcome of contests early in the season. A lively interest in the outcome is predicted. Lake Linden has two alleys; South Lake Linden, two; Houghton, one; Hancock, two, and Calumet, one.

NOT DOOMED FOR LIFE.
"I was treated for three years by good doctors," writes W. A. Greer, McCollerville, O., "for Piles and Fistula, but when all failed, Hancock's Army Salve cured me in two weeks." Cures Burns, Cuts, Corns, Sores, Eruptions, Salt Rheum, Piles or no pay. 25c at Staff-drug store.

TO RETAIN PRESENT POOR FARM.

County Board Decides to Add Eighty Acres to It by Purchase.
After listening to the report of the special committee appointed to look over prospective sites for a new poor farm, and considering the matter for over an hour yesterday morning, the county board of supervisors decided to retain the present farm of eighty acres and to purchase an additional eighty acres adjoining. The deal will be consummated at once. The additional land wanted is owned by John Marks, who asks \$4,000 for it. A month ago when the county board was considering the purchase of the land, Mr. Marks offered his farm for \$2,500, but the price now is still considered reasonable. The purchase will give the county 160 acres of contiguous land, admirably situated and in the opinion of the board it will make one of the best farms in this section of the county. The additional eighty acres are cleared and possess excellent soil. The location of the poor farm is nearly two miles west of Houghton, on Portage lake.

The committee, comprising Supervisors Parnall, Scott, Evans, Smith and Cook, has visited the present farm on the Pilgrim river; the Dodge farm, south of Houghton, and others. W. E. Parnall, chairman, submitted the report of the committee. He stated that after careful consideration the committee felt it would be best to purchase the adjoining eighty acres, offered by John Marks, for the sum of \$4,000. He urged definite action at once. The board discussed the situation carefully. Three-quarters of the members had something to say on the matter and it was not until 12 o'clock that the motion to make the deal, offered by O. W. Robinson of Chassel, was seconded by W. E. Parnall and unanimously carried.

Poor Farm Inmates to Work.
In speaking of tracts of land in the Trap Rock valley, near Lake Linden, offered to the county, Captain Parnall informed the board that there is an excellent spring on the eighty acres which it was proposed to purchase, and that it would be easily worth \$500 to the county. It may be necessary to remove the present farm building, which stands on the location. Mr. Marks has a building site of eighteen or twenty acres which may be purchased by the board for \$300.

The approach to the poor farm is in bad condition. The road is sandy in dry times and muddy after a hard rain. There is plenty of good road-building rock on the farm which Captain Parnall believes could be broken up by means of small hammers and be utilized to macadamize the road. He suggested to the board that the male inmates of the poor farm who are physically able to work, do the work of good road-building. The institution from which they derive their support, the board thought well of the idea and it will likely be carried out. Hereafter the men at the farm have not performed any work of that kind, the keeper not requesting it because of sentiment. Captain Parnall says there are at least five or six of the male inmates who are perfectly able to work, and he believes they should be made to do so.

Another Smallpox Bill.
The board is getting plenty of experience in auditing smallpox bills, and if the present practice is adhered to each and every member will be fully able to talk exhaustively on the subject of the care of patients. Those bills were not considered at all. Captain Parnall presented from Duncan township yesterday morning. It resulted from one case of smallpox which broke out in a camp of fifty men located back in the woods. It was necessary to remove the man to a vacant house and to employ a watchman also a physician. The men in the camp commenced to scatter, but they were finally brought back and a number of men were employed to guard the men in the camp. That was kept up for fourteen days. Considering everything, the bill was reasonable in every way. The precautions taken were absolutely necessary. Supervisor Kroll stated that the Sparrow-Kroll Lumber company has had all its men vaccinated, and that so far the township has had good luck in keeping smallpox out of the lumber camps.

BROTHERHOOD OF ST. PAUL.
Branch of the Society is Organized at Laurium Methodist Church.
A branch of the Brotherhood of St. Paul has been organized by members of the Laurium M. E. church. The charter has an enrollment of twenty-five. The organization will inaugurate a new feature in church work and one that is comparatively new. William Cudlip is chosen president and the other officers are: Thomas Downing, vice president; R. H. work, secretary; Thomas Bryman, treasurer; Horatio Lowry, door-keeper; Rev. Addis Leeson, chaplain.

BLACK BASS FRY.
Consignment Comes and is Planted in Several Copperdom Lakes.
A consignment of black bass "yearlings" was received by President George Williams, of the Houghton Gun & Rod club, yesterday morning. The baby fish were taken at once from the car and transported to several lakes in the county. Mr. Williams had been expecting the shipment for several months, but as black bass yearlings are scarce, owing to the great demand for them, he had to wait longer than expected. A consignment which was to have been sent him over a month ago was wrong. He heard that the fish died. The fish which arrived yesterday came from Bellevue, Ia., and were seined out of the Mississippi river.

A NEW JERSEY EDITOR'S TESTIMONY.
M. T. Lynch, editor of the Philadelphia N. J. Daily Post, writes: "I have used many kinds of medicines for coughs and colds in my family, but never anything so good as Foley's Honey and Tar. I cannot say too much in praise of it." People's Drug Store.

CURED HEMORRHOIDS OF THE LUNGS.
"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. "It took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." People's Drug Store.

MEN WILL BE BOYS.
In the excitement of a lively exercise like boat-racing or ball-playing, they will strain their muscles and go home limping and sore. Then they have Perry Davis' Painkiller on hand to soothe the quivering nerves; to penetrate the muscles with warm, soothing power; to relieve the pain of two generations of Americans. Large bottles 25 and 50 cents.
Don't delay a minute. Cholera infantum, dysentery, diarrhoea come suddenly. Only safe plan is to have Dr. Fowler's Extract of Wild Strawberry always on hand.

Gloria Tonic cured them

Rev. C. Sund, of Harrisville, Wis., writes: "I testify that I have two members in my congregation who were victims of rheumatism. One had suffered 18, the other 25 years. Both had doctored without obtaining relief. They used Gloria Tonic, which remedy completely cured them."

Gloria Tonic sells at all drug stores at \$1.00 a package. Trial Box, also illustrated book on rheumatism containing many stippled drawings from actual life and which explains every form of Rheumatism known to science free by sending name and address to JOHN A. SMITH, 624 Germania Bldg., Milwaukee, Wis.

WRESTLERS SIGN ARTICLES.

Farmer Burns and Sonny Dwyer to Meet Saturday Night.
"Farmer" Burns, the well-known wrestler, who hails from Iowa, and "Sonny" Dwyer, of Hancock, have signed articles to wrestle next Saturday night. The match promises to be one of the best ever seen in this region. Each principal has a fine reputation. The contest will be pulled off in the Laurium town hall. Burns and Dwyer have agreed to wrestle a mixed match, catch-as-catch-can and Cornish style, for \$100 a side and 75 and 25 per cent of the gate receipts. One fall Cornish style and one catch-as-catch-can will be wrestled, and the man winning the quickest fall will have the choice of the third fall, should there be one. Burns and Dwyer have each posted fifty dollars, and the balance of the money will be put up before the match is held. The referee will be chosen two days before the contest. There will be no rest between matches in the Cornish style. If the match does not take place in the Laurium town hall, it will be pulled off in the Italian Hall at Red Jacket.

EXCITING RIDE ON HORSEBACK.

Hancock Man's Steed Runs Away Down Steep Quincy Hill.
George Watson of Hancock had an exciting horseback ride down the steep Quincy Hill, Monday night, that he will long remember. The dash was witnessed by many people and for them it was an intensely thrilling sight. Mr. Watson clung to his mount through it all and came out of it with a whole skin. He was riding leisurely down the grade when his horse suddenly commenced to run. The rider was unable to control the animal, which seemed to Mr. Watson to hit up a faster pace with every step. Horse and rider reached the foot of the hill in safety, but the horse did not slacken its gait. At a cross street near the lake the animal attempted to turn the corner too sharply and in doing so slipped and fell. Both the horse and his rider shot through the bottom board of a fence near by like out of a gun, but singularly enough neither was hurt. Mr. Watson picked himself up, mounted his nervous steed and rode on.

ASPHALT COMPANY PRODDED.

Slowness of Paving Work Exasperating to the Hancock People.
Thus far but slow progress has been made by the Barber Asphalt company in the paving of Quincy street, Hancock. The thoroughfare has been torn up for weeks and the business men along the street are naturally a little hot under the collar at the manner in which the company has apparently been fooling along with the work. It has been about a one-wheelbarrow affair so far and at best only a very small force of men has been employed on the work. Mayor Scott has asked the firm to get a move on, or snow will be on the ground before it realizes it.

BLACK BASS FRY.

Consignment Comes and is Planted in Several Copperdom Lakes.
A consignment of black bass "yearlings" was received by President George Williams, of the Houghton Gun & Rod club, yesterday morning. The baby fish were taken at once from the car and transported to several lakes in the county. Mr. Williams had been expecting the shipment for several months, but as black bass yearlings are scarce, owing to the great demand for them, he had to wait longer than expected. A consignment which was to have been sent him over a month ago was wrong. He heard that the fish died. The fish which arrived yesterday came from Bellevue, Ia., and were seined out of the Mississippi river.

"A CHAIN"

Is no stronger than its weakest link. We are no stronger than our nerves. Weak nerves mean weakness all over. Strong nerves, strength all through. Loss of nerve force means loss of everything worth living for.

IN NORTH CAROLINA

ROOSEVELT IS GREETED WITH GREAT ENTHUSIASM.

MET BY CHEERING CROWDS

MANY CONFEDERATE VETERANS JOIN IN WELCOME.

President in His Speeches Refers to the Industrial Awakening of the South and to the Eradication of Sectional Lines.

Asheville, N. C., Sept. 9.—The president and party arrived here this morning from Hot Springs. The trip was uneventful. At the station the president was met by a reception committee headed by Senator Pritchard and Congressman Moody. Carriages were in waiting, and under the escort of the local company of Confederate veterans and two companies of state militia, the party started for the court house square where ten thousand people had assembled. At Battery Park, assembled school children sang "America" as the party passed. The president stood in his carriage, bareheaded. The city was elaborately decorated and hundreds of people had come from the country to greet the president. When the president was introduced he was enthusiastically cheered. Glad to See Southern Veterans.

The president spoke of the pleasure it gave him to speak before the monument to the late Senator Vance, which was near the stand. He was glad, he said, to meet people whose forefathers fought under Marion; glad to be greeted by men who served in the Confederate army. He told of his visit Sunday to the battlefield of Chickamauga, and repeated his declaration that a man would be but a poor American who did not come from the scenes commemorating the valiant deeds of those armies, a better American. He also told of serving under General Wheeler in Cuba.

The president spoke of the benefits to be derived from the brotherhood of man. He said he did not care what section of the country a man came from; if he was a good American that was enough for him. He concluded as follows: "As a member in this country, no law, no leadership can possibly take the place of the exercise by the average citizen of the fundamental virtues of good citizenship; the exercise of the fundamental qualities of honesty, courage and common sense."

As the president finished he was given three cheers. The presidential party was then driven to Baltimore the estate of George Vanderbilt. An hour was spent in inspecting the grounds. The train left at 1:30 for Washington.

Mountain Run Greatly Enjoyed.

Salisbury, N. C., Sept. 9.—President Roosevelt arrived here at 6:30 p. m. on his way to Washington and was welcomed by a large crowd. The run from Asheville through the mountains was greatly enjoyed by the president. A short stop was made at Old Fort, where the president spoke briefly to a large number of country people who were waiting to greet him. At Connelly Springs, the president also made a short address, thanking the people for their greeting. One of the largest crowds encountered on the run from Asheville was at Hickory. The president was introduced by Senator Pritchard, and the short speech made to the people was enthusiastically received. He spoke of the industrial awakening of the South, which, he said, is a feature fraught with great benefit to the South and to the entire country. Concluding he said "The things that intelligent, hard work is a gospel that pays; and of all gospels, the one that pays the least is that of envy and rancor, whether it is a gospel preached to inflame class against class or section against section."

At Statesville, where several hundred people assembled, the president was introduced by Congressman Blackburn. He addressed the crowd for a few moments, and then a picture was taken of the president and party grouped on the rear platform of his car.

Big Crowd Despite Rain. Notwithstanding rain, which was falling steadily, a large crowd greeted the president here. Introduced by Congressman Blackburn, he spoke in part as follows: "The things that divide one American from a fellow American are very small, compared to the things that unite them. The difference of a section, the difference of a party, is of no concern if we can develop decent citizenship in this country, and to do that we need as the foundation, but only as the foundation, industrial prosperity. That which brings it to one part of the country will bring it to all. The way you have been building up industries here in North Carolina, as in Tennessee, is a thing that cannot but rejoice the heart of every American who realizes as we must, if we are wise, that whatever helps one part of the country helps all."

Greensboro, N. C., Sept. 9.—President Roosevelt was accorded an enthusiastic reception here tonight. Fully six thousand people were at the station when the train arrived, and they cheered the president when he appeared on the platform of his car, and also at the conclusion of his brief address. Senator Pritchard and Congressman Blackburn left the train here.

DUTCH CABINET MINISTER DIES. The Hague, Sept. 9.—Dr. Van Wyck, minister for the colonies, who underwent a surgical operation recently, died today.

BOER PETITION DENIED.

Refugees Cannot Return to Africa Without Swearing Allegiance. London, Sept. 9.—The Boer General Botha, De Wet and Delany started for Holland today. They were given hearty cheers by the crowds at the station. It is understood that one of the requests the visitors made to Colonial Secretary Joseph Chamberlain was for permission for the Boer refugees in Europe to return to their respective districts in South Africa without taking the oath of allegiance. Secretary Chamberlain, however, did not agree to either of these or to a suggestion that certain holders of office under the late South African governments be reappointed to their old positions.

GIRL KILLS JEALOUS WOMAN.

Waitress at Bloomington Defends Herself Against Angry Wife. Bloomington, Ill., Sept. 9.—Mrs. Joseph Leslie, aged twenty-eight, whose husband is employed as a cook in a local restaurant, was shot and killed here tonight by Miss Daisy Carlton, aged twenty, a waitress. Mrs. Leslie had accused her husband of paying too much attention to the waitress. While Miss Carlton and a girl friend were going home tonight Mrs. Leslie came from behind a tree and struck the Carlton girl several blows with a buggy whip. The waitress retaliated by drawing a revolver and firing one shot. The bullet struck Mrs. Leslie's jugular vein and she died in a few minutes. Miss Carlton gave herself up.

COLORADO'S GOVERNOR LOSES.

Judge Stimson the Nominee of Democrats on First Ballot. Denver, Sept. 9.—Edward C. Stimson of Cripple Creek, judge of the Fourth Judicial district, was today nominated for governor by the Democratic state convention on the first ballot. The ticket will be completed and the platform submitted tomorrow.

The following names were placed in nomination for governor: Judge Edward C. Stimson, Cripple Creek; Judge Thomas Stevens, Ouray; Governor James B. Orman, Gunnison; Joseph B. Maupin, Fremont. The informal ballot resulted: Stimson, 306; Orman, 359; Stevens, 108; Maupin, 29; Spencer, 18. The first regular ballot was at once taken up, but before it was finished a motion to make the nomination by acclamation cut short the roll call, and Judge Stimson was declared the nominee of the convention.

NOTABLE FUNERAL AT BERLIN.

High Honors Paid to the Memory of Scientist Virchow. Berlin, Sept. 9.—The city of Berlin today gave the remains of Professor Virchow a funeral worthy of the great scientist. The town hall was profusely decorated with laurels, palms and flowers, and the assembly room of the magistracy, where the services were held, was most lavishly decorated. In the adjoining lobby was a display of magnificent wreaths sent by medical, political and scientific societies. There were also floral memorials from all parts of Germany and some from foreign cities. Among the prominent wreaths near the catafalque was an exquisite one of Easter lilies and maiden ferns from American physicians practicing and studying in Berlin, with an inscription expressing the high esteem in which the American medical profession had for the world renowned pathologist, Rudolf Virchow. The assembly room was crowded with the most distinguished professors, scientists and physicians of the country and with the highest medical officers of the German army.

LEAVES BRIDE A MILLION.

McGregor, Young Standard Oil Magnate, Dies Soon After Wedding. New York, Sept. 9.—As a result of the delicate surgical operation to which the young man had submitted to save his life, Bradford B. McGregor, the young Standard Oil millionaire, lies dead at his home in Mamoroneck, while Dr. J. Willis Hassler, who performed the operation, is in a critical condition from injuries received in a collision in Philadelphia. Mrs. McGregor, who married the young man just before the operation that she might nurse him back to health, if possible, and who became a widow within thirty-six hours from the time she became a bride, is prostrated. It was that she might be with him during the trying hours of the operation which it was hoped would save the young man's life that Miss Clara Schlemmer, daughter of wealthy parents in this city, decided to wed the young man on a sick bed on Saturday. Before the operation was performed, at which the young bride was present, Mr. McGregor made a will by which his widow, it is said, will inherit more than \$1,000,000. Although the details of the funeral have not been arranged, it has been decided to bury McGregor at Cleveland, O., the McGregors' former home.

KILLED BY HEADACHE POWDER.

Toledo, Ohio, Sept. 9.—Miss Helen K. Wetzler, a pretty telephone operator, is dead and her sudden death at first caused rumors of suicide. It develops she took some new headache powder. One of her associates noticed Miss Wetzler taking it, and observed that a shudder ran through her body almost as soon as the stuff was swallowed. The remedy developed gastritis and death shortly ensued.

NOW ENDS HER OWN LIFE.

Greenville, Miss., Sept. 9.—Mrs. Mollie Westroble, who, while insane, murdered and burned her five children near Hazlehurst on June 16, committed suicide here yesterday by jumping into the river.

NILSSON'S HUSBAND DEAD.

Paris, Sept. 9.—Count de Miranda, husband of Christine Nilsson, is dead at Cambo. Madame Nilsson has been summoned from Sweden. Rocky Mountain Tea braces up the whole system. Renews your lost energy. Great bowel tonic for tired and sick people. The Stafford Drug Co.

STEAMBARGE SINKS AT DOCK.

Two Members of Crew Drown in Their Berths at Detroit. Detroit, Sept. 9.—The steam barge H. Houghton, owned in this city, sank at her dock early today. Two of the crew were drowned in their berths. They were William Daniel, aged sixteen, and Edward C. Giese, aged eighteen, of Harbor Beach, Mich. Daniel had no home, it is stated.

EVACUATION OF MARTINIQUE.

Northern Part of the Island Now to Be Abandoned. Paris, Sept. 9.—A cablegram has been received from M. Lemaire, governor of the island of Martinique, saying that measures have been taken to ensure the evacuation of the northern part of the island. Gendarme posts have been established outside the zone of danger, and the cremation of the dead at Morné Rouge and Ajoupa Bouillon is progressing.

MANY ALPINE FATALITIES.

Sixty-Three Deaths Reported So Far This Season—The Record. Geneva, Sept. 9.—According to statistics compiled by the Alpine club, the alpine accidents this year have resulted in a total of sixty-three deaths. This is the record for any one season.

MAKING TOUR OF STATE.

Mayor Rose of Milwaukee Opens His Gubernatorial Campaign. Fond du Lac, Wis., Sept. 9.—Mayor David B. Rose of Milwaukee, nominee for governor by the Democratic state convention, opened his campaign today, traveling in a special train. The mayor made short speeches during the day, which his train made stops at Jackson, West Bend, Kewaskum, Campbellsport and Eden. At the army here, where Rose delivered his speech tonight, he was greeted by a vast audience which was liberal in its applause. The speech in the main was a severe criticism of Governor La Follette's administration.

M'KINLEY MEMORIAL SERVICES.

Governors of Ohio and Nebraska Request Them on Sunday Next. Columbus, O., Sept. 9.—Governor Nash today issued a proclamation expressing the wish that the people of Ohio join in the movement started throughout the country to hold memorial services on Sunday, Sept. 14, in their regular places of worship, in remembrance of the late President McKinley. Next Sunday will be the first anniversary of the death of McKinley.

MILES TO START TOMORROW.

Sails for the Philippines on the Thomas About the 30th. Washington, Sept. 9.—Lieutenant General Miles today presided over a meeting of the army of engineers and fortifications, which is giving final consideration to its annual report to congress. He will leave this city on Thursday for the Philippines, but will stop at Chicago and possibly other important points on his way to Portland, Ore., from which city he will proceed leisurely down the coast of California in order to inspect the recent extensive improvements in the coast defense system on the Pacific. He will take passage for Manila on the transport Thomas, which is scheduled to leave San Francisco about the 30th.

STARTLING CHARGES BY PREACHER.

Allegations of Persecution by Ministers Made by Wisconsin Divine. Oshkosh, Wis., Sept. 9.—The Wisconsin Methodist conference, whose history is marked by numerous scandals, seems destined to have another at the session that opened at Milwaukee this afternoon. The Rev. Thomas Clithero of Portage, once a prominent member of the conference, will present some sensational and exciting charges against his fellow-ministers. Briefly, Mr. Clithero asserts that he has been the victim of a malignant persecution; that when he was preaching he was deprived of his right to preach and when he obtained secular employment as express agent his enemies secured his dismissal; that his wife joined his enemies and they caused him to be incarcerated in an insane hospital for five months when he was perfectly sane; that he was made a delegate to the general conference to quiet him, and many other charges.

OFFER TO AMERICAN FIRE CHIEF.

Kansas City Expert Wanted at London to Reform the Department. Kansas City, Mo., Sept. 9.—George C. Hale, former chief of the Kansas City fire department, has received a letter from Horace Faulkner, honorable secretary of the British Fire Brigades union, asking him if he can visit London with a view of giving his advice and suggestions in the reorganization of English fire-fighting service. Mr. Hale has replied that he is in a position to consider such a proposition and will discuss the subject further with a committee of English fire officials, whom he is to meet in New York.

MOTHER GRAY'S SWEET POWDERS.

For children. Mother Gray, for years a nurse in the Children's Home in New York, treated children successfully with a remedy, now prepared and placed in the drug stores, called Mother Gray's Sweet Powders for Children. They are harmless as milk, pleasant to take and never fail. A certain cure for feverishness, constipation, headache, teething and stomach disorders and remove worms. At all druggists, 25c. Sample sent FREE. Address, Allen S. Olmsted, Le Roy, N. Y.

STOCKS FIRM AND HIGHER.

Strength Continues Despite the Menacing Outlook for Money.

New York, Sept. 9.—With business well in excess of a million shares and widely distributed, today's stock market felt generally firm with many marked advances and closed with the sentiment rather mixed. Except for further good crop advices and word of an approaching importation of gold from Australia, there was little to account for the strength shown. On the other hand, the financial outlook was again menacing, call loans advancing to 9 per cent. No little dissatisfaction was shown at the status of the coal strike situation. The market opened with gains in the southwestern stocks, particularly those in the Gould system, and the strength of these issues, more especially that of Missouri Pacific, which was the feature in point of activity, was accompanied by a host of rumors, none of them authoritative. The "street" ascribed much of Missouri Pacific's strength to the operations of a well-known pool, and this belief was heightened by the character of the buying. Concurrent with the move in these issues was the strength of St. Louis Southwestern and the so-called Denver class, but in these as well as in Southern Pacific the manipulation was at times almost flagrant. The advance in Southern Railway met with free selling for London accounts, but at the same time market bought moderately Southern Pacific, which it also sold when that stock moved up. The day as a whole once more found London a seller on the balance. In the last hour stocks which had previously been neglected were taken up and made good advances. In addition, there was a heavy buying movement in the Washab issues and the southwestern group, with a counter move in St. Paul and Missouri Pacific which appeared to be in the nature of profit-taking. New high records were made by the last named stocks, as well as by Atchafalaya, Washab, Wheeling & Lake Erie, Pacific Coast, St. Louis & Southern preferred, and Southern Pacific. The Rock Island issues were the feature both on the exchange and in the curb operations, in the first named place being stimulated by the strength of the new securities in the outside market. In addition to the adverse conditions already mentioned, the technical position of the money market as a whole was not regarded with favor. Paine, Webber & Co., report closing prices of stocks as follows:

Range of Money Rates. Money on call, firm, at 5 1/2 per cent, closing bid and asked at 5 1/2 1/2. Prime mercantile paper, 5 1/2 per cent. Exchange, steady, demand at 4.86 1/2 and sixty days at 4.83 1/2. Bar silver, 51 1/2.

GRAINS IN DEMAND.

Shorts and Professionals Are Buyers and Prices Are Higher All Around. Chicago, Sept. 9.—There was a larger trade and a better feeling in wheat today, the close showing gains of 1/4 to 1/2. Demand from shorts was more in evidence and speculative offerings were less liberal. Among the bull influences were the receipts at the Northwest, which were only half of those of last year; inferior grading, and better cables. The feature was buying of December and selling of May, the spread narrowing to about a cent at one time. The Southwest bought quite freely, also floor traders and professionals. At Liverpool, spot was steady to 1/4 lower, with futures 1/4 to 1/2 higher. The local receipts were 593 cars, but three of which were contract. The exports were liberal, and the seaboard reported eighty-two boats laden. December opened at 67 1/2 @ 68; highest, 68 1/2; lowest, 67 1/2; closed, 68 1/4 @ 68 1/2.

FRATERNAL ORDERS CONGRESS.

Chicago, Sept. 9.—Thirty-five fraternal insurance primary give these figures for the woman's Western tennis championship in order to allow Miss McAteer to compete in the semi-finals in the doubles. In the latter contest Miss McAteer and La Crosse won, defeated by Miss Pound and Miss Wimer, 1-6, 6-4, 6-4.

TENNIS AT CHICAGO.

Chicago, Sept. 9.—The contest scheduled for today between Miss McAteer of Pittsburg and Miss Neely of Chicago for the woman's Western tennis championship was postponed until tomorrow in order to allow Miss McAteer to compete in the semi-finals in the doubles. In the latter contest Miss McAteer and La Crosse won, defeated by Miss Pound and Miss Wimer, 1-6, 6-4, 6-4.

SOUTH CAROLINA PRIMARIES.

Columbia, S. C., Sept. 9.—Partial returns from today's second state Democratic primary give these figures for nomination: United States senator, John Gary Evans, 25,314; A. C. Lattimer, 37,751. Governor, D. C. Heyward, 36,393; W. J. Rabert, 27,421. Lieutenant Governor, Gray, 28,924; Sloan, 31,082. Secretary of state, Gantt, 30,379; Wilson, 30,288.

NAMED FOR CONGRESS.

Madison, Wis., Sept. 9.—John J. Wood of Berlin was today nominated for congress by the Second district Democrats. La Crosse, Wis., Sept. 9.—William Carnahan of Eau Claire was today nominated for congress by the Seventh district Democratic convention.

TODAY'S WEATHER.

Washington, Sept. 9.—The following is the weather bureau's forecast for Upper Michigan: Partly cloudy and warmer Wednesday; probably showers at night or Thursday. Fresh to brisk west to south winds.

National League. Boston, Sept. 9.—Fast fielding by the locals and a one-hand catch by Long were the features of the game today. Summary: Boston . . . 4-0001200-6 7 2 Chicago . . . 101121000-4 10 2 Batteries: Eason, Malarkey and Kirtledge; Hardy and Kling.

American League. Boston . . . 00000020-2 6 2 Washington 200001000-3 10 1 Batteries: Young and Criger; Patten and Drill.

Games at Detroit, Philadelphia, Cleveland, New York and Brooklyn, all postponed on account of rain.

MINNESOTA GUNNERS LEAD.

Camp Douglas, Wis., Sept. 9.—The Minnesota artillerymen won the second day's competition by the remarkable score of 42 to 31 points. Four gunners participated in today's contest gave a splendid exhibition of marksmanship. Out of forty shots fired, twenty-one hits were made, scoring over 50 per cent of the shots. The Minnesota men secured twelve hits, for a total of 42; the Wisconsin men one for a total of 31. The score for the two days stands Minnesota, 68; Wisconsin, 58.

MYSTERIOUS DISAPPEARANCE.

Atlanta, Sept. 9.—Henry W. Grady, only son of the late Henry W. Grady, editor of the Atlanta Constitution, has disappeared. Young Grady was last seen at Norfolk, Va., on Friday last, when he left the hotel where he was staying with his wife and child in order to secure transportation for the return trip to Atlanta. Since that time no trace of him has been found. Mrs. Grady, prostrated with grief, has returned to Atlanta.

TENNIS AT CHICAGO.

Chicago, Sept. 9.—The contest scheduled for today between Miss McAteer of Pittsburg and Miss Neely of Chicago for the woman's Western tennis championship was postponed until tomorrow in order to allow Miss McAteer to compete in the semi-finals in the doubles. In the latter contest Miss McAteer and La Crosse won, defeated by Miss Pound and Miss Wimer, 1-6, 6-4, 6-4.

SOUTH CAROLINA PRIMARIES.

Columbia, S. C., Sept. 9.—Partial returns from today's second state Democratic primary give these figures for nomination: United States senator, John Gary Evans, 25,314; A. C. Lattimer, 37,751. Governor, D. C. Heyward, 36,393; W. J. Rabert, 27,421. Lieutenant Governor, Gray, 28,924; Sloan, 31,082. Secretary of state, Gantt, 30,379; Wilson, 30,288.

NAMED FOR CONGRESS.

Madison, Wis., Sept. 9.—John J. Wood of Berlin was today nominated for congress by the Second district Democrats. La Crosse, Wis., Sept. 9.—William Carnahan of Eau Claire was today nominated for congress by the Seventh district Democratic convention.

TODAY'S WEATHER.

Washington, Sept. 9.—The following is the weather bureau's forecast for Upper Michigan: Partly cloudy and warmer Wednesday; probably showers at night or Thursday. Fresh to brisk west to south winds.

ALASKAN STEAMER WRECKED.

Seattle, Wash., Sept. 9.—The steamer Cottage City was wrecked in the Wrangell narrows Sunday. All the passengers were saved. The steamer Spokane conveyed them from Skagway to Seattle.

FINDS A JUG OF GOLD.

New Orleans, La., Sept. 9.—John Moore, a farmer living near Hermantown, Claiborne county, Mississippi, while demolishing an ancient dwelling on his farm, found a jug containing nearly 24-

MISS VIRGINIA GRANES

Tells How Hospital Physicians Use and Rely upon Lydia E. Pinkham's Vegetable Compound.

"Dear Mrs. PINKHAM:—Twelve years continuous service at the sick beds in some of our prominent hospitals, as well as at private homes, has given me varied experiences with the diseases of women. I have nursed some

MISS VIRGINIA GRANES, President of Nurses' Association, Watertown, N.Y.

most distressing cases of inflammation and ulceration of the ovaries and womb. I have known that doctors used Lydia E. Pinkham's Vegetable Compound when everything else failed with their patients. I have advised my patients and friends to use it and have yet to hear of its first failure to cure. "Four years ago I had falling of the womb from straining in lifting a heavy patient, and knowing of the value of your Compound I began to use it at once, and in six weeks I was well once more, and have had no trouble since. I am most pleased to have had an opportunity to say a few words in praise of your Vegetable Compound, and shall take every occasion to recommend it."—MISS VIRGINIA GRANES.—\$500 forfeit if above testimonial is not genuine.

Lydia E. Pinkham's Vegetable Compound has stood the test of time, and has cured thousands. Mrs. Pinkham advises sick women free. Address, Lynn, Mass.

000 in \$20 gold pieces. Nothing is known of how the money got there, but it is thought to have been hidden by some one during the Civil war.

GAMBLING DEN ON SHIP.

Soldiers from Philippines Play for Heavy Stakes on Transport. San Francisco, Sept. 9.—Soldiers who returned aboard a Philippine transport returned Budford from Manila tell tales of heavy gambling by soldiers on the voyage. The Budford carried over 900 men, who had been paid sums ranging from \$100 to \$500 before the ship left Manila.

The soldiers' messroom was used as a gambling place several times a day with soldiers playing for high stakes at monte, poker, and craps. Play ceased only when tables were in use for meals. A casual of the Sixth cavalry won over \$6,000 from his comrades and a private in the Eighth infantry won \$3,000.

After receiving their orders in Manila the soldiers were in quarantine and had no chance to spend the money in that city. The soldiers say it was not uncommon to see \$500 staked on the turn of a card at monte, and that two soldiers in the Eighth cavalry shot craps for \$1,750. At times the play became so intense the officer of the day had to go into the messroom and stop the gambling to allow the mess boys to set tables for meals.

MUST BE HOME EARLY.

The Crystal Falls school board has taken a position that has caused considerable comment among the teachers in that village, details of which are set forth in the following from the Diamond Drill:

The Crystal Falls school board has handed it out to the teachers of the corps that hereafter, teachers who attend dances and parties that keep them out after 11 o'clock on nights of the week when they are to teach the following day, do so against the wishes of the board and a continued indulgence in the practice is liable to bring a dismissal. The board felt that it is not necessary to go on record with a formal resolution so, in an unofficial way, authorized Professor Hill to impart the above information to his teachers.

This action on the part of the board is the result of a general movement throughout the peninsula to impress on the teachers a stricter sense of the responsibility that rests upon them and, that late hours, which certainly incapacitates them for vigorous work as they would be able to do had they partaken of a good night's sleep in plain terms, stated that it is not calculated to infringe upon the personal rights of the teacher or to throw about her any blue laws that the board is making this rule, but from a common business principle. School boards feel that they pay the teacher for all the ability that there is in her and they want full measure. If the teacher prefers amusements to work why, they want to know it so that they can get some one that does not. It's simply the application of "work before play."

A member of the school board said to the Diamond Drill reporter when asked regarding this matter: "There was a very decided sentiment on this subject on the board but we thought best not to be too hasty in the matter and so did the business unofficially. In fact we have been spoken to by numerous of the school patrons who, by putting the matter in plain terms, stated that they were of the opinion that the teachers were thinking more of having a good time than of attending to their school duties, and we thought that was time to take cognizance of the feeling before it was fanned into a flame and caused unnecessary dissensions in the community."

MORE IRON ORE.

J. Clark, who owns forty acres of land in the township of Tarentorus which he now thinks to be very valuable, is talking very enthusiastically over the find of iron ore on his property which he made last week, says the Soo News-Record.

The property is situated about two miles from the Soo on the Great Northern road and the find was made in a gravel pit just off the road on the west side. The pit has been in use for many years and gravel has been taken out to a depth of eight or ten feet. Mr. Clark was at work there Friday and suddenly uncovered a ledge of bog iron. He broke off a portion and he is having it examined by experts. He says the ledge, a portion of which he uncovered, appears to be a large one. Iron rust has been seen about the pit for years but no notice was ever taken of it before.

This find, following as it does so closely upon others that have been made within the last two weeks, very close to the Soo, will cause a considerable amount of excitement in mining circles and men who are interested in iron will lose no time in seeing how extensive the deposit is there. It would indicate that throughout the whole region, back of the Soo, iron is to be found, for this is several miles from the location of the other most recent finds.

GEORGE WASHINGTON'S QUEUE.

It had a Luxurious Suit of Straight and Very Dark Hair.

The Father of his Country concealed a luxuriant suit of hair beneath his queue wig. Many now wish the old fashion were in vogue; to conceal thinned hair or baldness. Yet no one need have thin hair nor bald, if he cure the dandruff that causes both. Dandruff cannot be cured by scouring the scalp, because it is a germ disease, and the germ has to be killed. Newbro's Hairicide kills the dandruff germ—no other hair preparation will. "Destroy the cause, you remove the effect." There's no cure for dandruff but to kill the germ.

Foley's Honey and Tar is peculiarly adapted for chronic throat troubles and will positively cure bronchitis, hoarseness and all bronchial diseases. Refuse substitutes. People's Drug Store.

SCHOOL BOOKS.

Champion.

THE FOOTBALL TEAM.

Champion's Eleven Will Line Up Against the Ishpeming Team Saturday.

Football enthusiasts of this place expect the local team to give a good account of itself in the contests to be played this season. As it was organized a few days ago, the team contains some fine material. Included in the line-up are men who have played the game before and they understand all the points of football. The practice work was started Monday evening. The opening contest of the season will take place Saturday, when the team goes to Ishpeming to meet the famous school eleven of that city.

The Champion team's line-up is as follows: W. Simons, center; Will Duhaime, right guard; Dennis Lacroix, left guard; George Reed, left tackle; E. Erickson, right tackle; Will Reed, right end; Frank Vancan, left end; Ed Belhumeur, quarterback; Fred Slesman, left halfback; Charles Carter, right halfback; and Ed Tourville, fullback. Tom Baker and James Blamey are substitutes.

The Reed brothers were former members of the West Superior team, at one time the strongest eleven in this section. Both are working here and they have promised to play all season with the Champion team.

There are some heavy men in the line-up and it will take stiff work on the part of the opposing eleven to break through their line.

It is expected that quite a number of backers will accompany the team to Ishpeming Saturday. A special rate of fare will be procured from the South Shore. The team will return on the midnight train.

CHAMPION CHIPS.

Mrs. Jake Levine is visiting friends in Chicago.

Jake Davidson returned from Chicago Monday.

Miss Alice Belhumeur is spending a week with relatives in Escanaba.

The employees of the Champion Iron company will be paid on Monday next for last month's work.

Some of the young people of the village conducted a hop at the Swedish hall last Saturday evening.

Harry Huber left Tuesday for Canton, Miss. He is expected to be home a few days longer than he expected when he arrived.

Raphael Thomas has been at Even the past few days, assisting at the store of Thomas & Suits. They are short-handed up there, though Mr. Thomas expects to remain but a short time.

Mrs. M. Wiley, late of Ishpeming, paid a farewell visit to her Champion pupils last week. She is located at Marquette, Mich. Mrs. Wiley had a large class here and her pupils regret her departure, as her work was very satisfactory.

Isadore Poltowitz, who has been clerking for Levine & Davidson the past few months, will soon leave for Neegaunee, where he enters the employ of Max Hirchowitz. He formerly lived in Neegaunee and always liked the town. John Strickman, late of Chicago, succeeds Poltowitz. He arrived Monday.

A number of Champion people will take in the county fair at Marquette this week. A special train will be run from this end of the county on Wednesday, Thursday and Friday, leaving here at 7:30 a. m. Returning, a special will leave Marquette at 7:15 in the evening. The fare for the round trip will be seventy-five cents.

Some of the young men of the village will manage a hop to be given on Friday night of next week at the town hall. Clifford's orchestra of Ishpeming will furnish the music. Tickets will be \$1 per couple. An oyster supper will be served at the Johnson House at fifty cents per couple. The boys expect a large delegation over from Michigan and several young people are coming up from Humboldt.

Now's the time to take Rocky Mountain Tea; keeps the whole family well. A great medicine for spring and fall tiredness. 35 cts. Stafford Drug Co.

REPUBLICAN COUNTY CONVENTION.

A Republican convention for the county of Marquette will be held at the assembly room of the city hall, in the city of Marquette, on Tuesday, the 23rd day of September, A. D. 1902, at 8 o'clock in the evening, for the purpose of nominating candidates for the following county offices, viz: Sheriff, treasurer, county clerk, register of deeds, the evening attorney, two circuit court commissioners, two coroners and one county surveyor.

Also for the purpose of electing fourteen delegates to the state convention called to meet at the city of Grand Rapids, on Friday, the 26th day of September next, for the purpose of transacting such other business as may properly come before said convention.

The several wards of the cities of Marquette, Ishpeming and Neegaunee and the townships of the county will be entitled to representation in the convention, based upon the vote cast for governors at the last presidential election, as follows:

—Marquette City—

First ward 260

Second ward 262

Third ward 286

Fourth ward 297

Fifth ward 251

Sixth ward 214

Seventh ward 218

Eighth ward 90

—Neegaunee City—

First ward 202

Second ward 206

Third ward 157

Fourth ward 274

SATURDAY EVENING.

"A Royal Slave" Will Be Presented at the Opera House.

Too much cannot be said in appreciation of the merits of "A Royal Slave," a play in which Mr. Clarence Bennett is starring the west. The play may be said to be distinctive from the rise to the fall of the curtain. It appeals to all. It is based on historical facts and deals with a country where the flowers bloom the greater part of the

RETAIL CLERKS TO MEET.

Will Ask Proprietors to Close Stores Two Nights a Week.

The Retail Clerks' union will hold an important meeting Monday night, Sept. 15, in the A. O. U. W. hall. It is called for the purpose of taking action on the question of closing the stores two nights in the week.

Last spring an effort was made to have the stores closed four nights a week, but it failed, and since then the one night arrangement has been observed.

ITS TENTH MINE.

U. S. Steel Corporation Now Opening It on the Mesaba Range.

The United States Steel Corporation is opening its tenth mine in the Hibbing district, and it will be known as the St. Clair, says the Duluth Tribune. The mine is situated in the southeast quarter of northwest quarter of 23-58-20, a town that is furnishing the best ore on the Mesaba, according to all accounts.

Estimates are being made for an immense stripping job at the Hill mine at Hibbing. This project will be expected, he undertakes next year. The Hill adjoins the Mahoning. The earth surface over the ore is sixty feet deep, and the ore deposit is large.

In the first place there is more competition among the stripping concerns, there being more of them. The increased cost of mine labor and mine timber are also factors.

The drill men are of the impression that there is much gold on the west coast. They have no means of ascertaining what the drill cores assay, as that part of the business is kept secret.

REPUBLICAN REPRESENTATIVE CONVENTION.

A Republican representative convention for the Western district of the county of Marquette is hereby called to meet at the Nelson House, in the city of Ishpeming, on Wednesday, the 24th day of September, A.D. 1902, at 2 o'clock p. m.

Table with 2 columns: Ward/Township and Votes. Lists wards 1-10 and townships Champion, Ely, Humboldt, Ishpeming, Michiganame, Republic, Tilden.

Dated, Ishpeming, Michigan, September 10, 1902. H. O. YOUNG, Chairman Republican Representative District Committee.

A new line of Fur Scarfs just in at the Finnish Mercantile association.

DRILL MEN RETURN.

William Condon and Domino Betters Are Back from the West Coast of Africa.

William Condon and Domino Betters, two well known Ishpeming men, who spent the past seven months on the west coast of Africa doing diamond drill work for the Sullivan Machinery company of Chicago, have returned from there.

Condon is feeling well. He was sick but three days all the time he was away. Betters drew full pay while he was ill, as well as his expenses home, but Condon had to stand his own expense bill.

GOLD IS PLentiful.

The drill men are of the impression that there is much gold on the west coast. They have no means of ascertaining what the drill cores assay, as that part of the business is kept secret.

CARD OF THANKS.

We desire to express our appreciation of the many favors extended by friends and neighbors during the illness and after the death of our mother, the late Mrs. Elizabeth Goodman.

MRS. NATHANIEL ROWE. MRS. MARTIN TIPPETT.

Rev. P. Girard of Champion was an Ishpeming visitor yesterday.

Oscar Oie, clerk at F. P. Tillson's drug store, is enjoying a vacation.

D. T. Morgan, superintendent of the Republic mine, was here yesterday.

The Hematite club, more extensively known as the Ladies' Monday afternoon club, will take up the study of English

SAND SHAFT DEVICE.

Description of the One Invented by Captain Samuel Hoar.

Captain Samuel Hoar, an old mining man of this region, will soon obtain a patent on a device for sinking sand shafts.

Mr. Hoar brings out some entirely new ideas, and to those who best understand the sand shaft problem, his plan seems practical. A model made by himself, also one turned out at the Lake Shore Engine works at Marquette, are at J. H. Billing's place.

The plan is to case the outside of the shaft timbers with steel plates, from one to two inches in width, about twelve inches in length.

The shafts are bolted together in sets, they are forced down by the use of jackscrews. The outside slats are also put down by the aid of these same jacks.

The slats seem like an improvement over the steel shoe device, which has been used at some of the sand shafts sunk in this region during the past few years.

Enoch Rogers, who may be one of the players to represent Ishpeming at the golf tournament, left yesterday for the Soo.

W. T. Nichols and daughter, Marcia, left Monday night for Plattville, Wis., to attend the funeral of Mr. Nichols' mother.

Thomas Ford and family, who have been in the city visiting relatives since Friday last, departed for their home yesterday.

Miss Anna Richards, who clerks at Sellwood's store, is spending her vacation in Marquette, where she is visiting Miss Leona Smith.

The L. S. & I. road is making repairs on the water tank at the round house. It will be enclosed in a shed, as a protection from the cold weather.

The funeral of Helmar Sorli, who was accidentally shot Sunday while hunting on Mud Lake, was held yesterday from the Swedish Lutheran church, the Rev. Isaacsen officiating.

Dr. Sweetland was disappointed with the work of the high school team Saturday. He says the team is not heavy, but that it is fast when the boys want to be.

Mrs. I. Lallerstedt, the milliner, has returned from Chicago, where she spent the past couple of months. She is now busy preparing for the fall opening of her parlors, which will be announced soon.

E. S. Diamond, press agent for "Hunting for Hawkins," a comedy which has been playing to good business for the past two seasons, was in the city yesterday. His company will be here on Tuesday, Sept. 23.

Thompson and Hodgkins are sending men to the woods, nine miles west of Ishpeming, to cut and skid timber. Eight men were sent out yesterday, and five have been there for the past two months. Five teams are now at work.

The school board has advertised for bids for the winter supply of coal for the public schools. Sealed proposals will be received up to, and including, the 22nd day of September, 1902, for anthracite and lump soft coal, a supply for the ensuing year being wanted.

Hon. H. F. Pingree, ex-governor of Michigan, who signed the bill legalizing osteopathy in this state said after a thorough and careful official investigation: "Osteopathy is a science entitled to the respect and confidence of all, as a distinct advance in medicine. I know that it is doing a vast amount of good in relieving suffering and deformity that is not amenable to benefit from drug medicine."

For free books explaining osteopathy, address Dr. J. L. Shorey, Front and Bluff streets, Marquette, Mich. At Ishpeming Tuesdays and Fridays, 212 W. Ridge street. (8-22-10)

MISS ROSE OWENS,
No. 720 Seventeenth St., WASHINGTON, D. C.

"If every suffering woman has the same experience with Wine of Cardui that I had, your medicine will be most popular. About a year ago I began to have a worn out tired feeling with lassitude, pains in the back and head which kept increasing every month. I felt that I needed something, but to get the right medicine was the trouble. I finally decided on your Wine of Cardui and only needed to take three bottles when I was fully recovered."

WHEN Miss Rose Owens, who has a responsible position in the Government service at Washington, D. C., decided to try Wine of Cardui, she made a wise choice. Over a million women have been relieved of female weakness by this same Wine of Cardui. It is not a strong medicine but may be taken every day in the year by any woman with benefit. It does not force results, but corrects derangements of the menstrual organs. It strengthens the nervous system, gives tone to the bodily functions, acts directly on the genital organs, and is the finest tonic for women known to the science of medicine.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

MINE WATER IN THE LAKE.
The Outlet to Teal Lake Will Be Examined by Some of the Councilmen.

At the regular monthly session of the city council last Thursday evening Alderman Washburn advised the "dads" that the water being pumped from the Maas mine is flowing into Teal Lake. According to information the alderman had received, the outlet to the lake through the mine water has been passing since pumping was started there a few months ago has been filled and the water is backing up and flowing toward the lake instead of in the opposite direction.

While the mine water is just as wholesome as that which comes from the aldermen have received complaints from taxpayers, who think the outlet should be kept open.

Considerable sand is passing down through the launder leading from the mine to the outlet and in time there will be a large quantity of it deposited near the lake. With a constant stream of water flowing from the mine it is expected that quite a lot of sand will be washed down.

Speaking of the matter yesterday, one of the aldermen said he thought the outlet should be kept clear, though he expressed the hope that the water from the mine will do no harm. He figures that if the outlet is blocked, and there is no flow from the lake, the water will soon become stagnant and injurious to the public health.

The expense of removing the sand would not be very great at this time, as there is not more than four hundred feet of territory to go over. However, the outlet will need attention just as long as the sand continues to move in that direction. There is no way to check the movement of the sand until the ledge is reached in the shaft.

Some of the aldermen and the superintendent of the water works will visit the lake today or tomorrow to inspect the outlet and ascertain just what work is necessary to clear the channel through which the sand and water passes. They will also visit the mine at the south shore to ascertain whether any of the water pumped from underground is flowing back into the lake.

LOCAL LACONICS.

Rev. A. E. Monell preached at Palmer Sunday.

The First National Bank savings banks are becoming popular.

Oscar Westman left for Chicago, where he will enter North Park college, Monday night.

Abel Levine is spending a few days in Chicago and Milwaukee purchasing new goods.

P. B. Kirkwood and wife, who have been at Little Lake for the past month, came in yesterday.

Thursday George Haupt will have the first bulk oysters of the season. They will be extra fancy select.

Rev. A. E. Monell is collecting the spring subscriptions for the Lutheran church. The debt is about all paid.

J. M. Perkins, Mrs. Perkins and A. T. Maas left yesterday morning for the Soo, to attend the golf tournament.

Miss Mary Enderlin of Marquette, who was formerly in business in Ishpeming, stopped off here Monday on her way to Chicago.

Thomas Cole, who was called here by the illness of Mrs. Julius Jacobson, left yesterday for Duluth. Mrs. Jacobson is much improved.

Mrs. C. S. Mitchell and daughter, Maud, left yesterday for Ann Arbor, where they will live. Miss Mitchell will enter the university.

John Murray, Will McClelland and Henry Larson spent Sunday at Sands. They caught sight of some large game, including a wildcat.

Excavating was begun yesterday for the basement of Dr. Hudson's new hospital. A team and four men were at work on the ground.

Charles Kronberg and Miss Gertrude Lund are taking the business course in the correspondence department of the Augustana college, Rock Island, Ill.

Captain James Foley has received a new bay mare from Ackerson, Wis. It is a pacer. He has been speeding the horse about the city during the past week.

Mrs. Jennie McCann will be at Haupt's grocery store today, and for the balance of the week, demonstrating shredded wheat. Chaffing dish lunches will be served each afternoon at 4 o'clock.

The new fountain has not yet been put in place. It is at the depot, and people wonder why it remains there untouched. It will be popular Sundays in Negaunee, in view of the "reform" crusade.

The Bellevue farm, which will exhibit at the county fair for the first time this year, is three and a half years old. It now has 1,280 acres under cultivation. There are 200 sheep, forty cows, thirty-five head of young cattle, forty-five hogs, besides chickens and other tows, at the farm.

The third annual convention of the Knights Templar of the upper peninsula will be held this week at the Soo. The following gentlemen from this city left last night to attend the meeting: E. C. Anthony, Harvey Pearce, T. M. Wells, Tom Long, C. L. Sporey, William Anderson, Frank H. Bell and G. L. Kuhlman.

The Brooklyn Eagle says of David Higgins' new play, "The Secret Dispatch," which appears at McDonald's opera house Wednesday, Sept. 17, that "it keeps the audience interested from start to finish. The second act has the best scenic effects. The old mill scene in the last act is also good. The action is brisk and quick and in the working out of the dramatic story, bright and natural comedy is supplied. The performance evoked frequent applause as well as laughter." This realistic and effective play is produced by a fine company.

along that line for the past few years and he is a bright student. His school friend, Will Harrington, of the Barnum, spent last year at the institution, and he likes the place very much. The college is a new one, but it is highly recommended by priests and others in a position to judge of the work done there.

A PARSON'S NOBLE ACT.
"I want all the world to know," writes Rev. C. J. Budlong of Ashaway, R. I., "what a thoroughly good and reliable medicine I found in Electric Bitters. They cured me of jaundice and liver troubles that had caused me great suffering for many years. For a genuine, all-around cure they excel anything I ever saw." Electric Bitters are the surprise of all for their wonderful work in Liver, Kidney and Stomach troubles. Don't fail to try them. Only 50 cents. Satisfaction is guaranteed by Stafford Drug company.

PROPOSALS FOR COAL.
Notice is hereby given that the Board of Trustees of School District No. One (1), of the city of Ishpeming will receive sealed proposals, up to and including the 23d day of September, 1902, for the purpose of supplying the schools of said district with anthracite and lump soft coal during the ensuing year. The successful bidder will be required to deliver such quantities as shall be needed from time to time, to the several school buildings of the district, on the order of the board. The right to reject any and all bids is expressly reserved. By order of the board.

WILLIAM SEDGWICK,
Director.

Bad blood and indigestion are deadly enemies to good health. Burdock Blood Bitters destroys them.

"THELMA" NEXT TUESDAY.

Mr. Aiden Benedict will present a dramatization by Chas. Chase of the Correll's popular novel "Thelma." The morning train will leave Negaunee at 8:20, and the afternoon train at 12:55. Tickets will be good for return passage until the special train leaving Marquette at 7:15 p. m., Sept. 12, Wednesday, Thursday and Friday will be the big days at the fair, and it is expected that the large crowds will attend from Negaunee.

FAIR OPENS TODAY

WITH GOOD WEATHER IT WILL BE AN UNQUALIFIED SUCCESS.

EXHIBITS ARE UP TO STANDARD

MANY PEOPLE WERE BUSY AT THE GROUNDS YESTERDAY.

Amusement Features and Horse Racing Will Entertain the Crowds—Lionel Legare's Thrilling Spiral Tower Act.

Bad weather is the only thing that can prevent the present fair from being the most successful in the history of the Marquette Agricultural association, and, although the prospects were a little discouraging yesterday, the officers hope to be favored with three bright, warm days.

Yesterday the grounds presented a scene of great activity. There were a couple of hundred people about during the day, although most of them were exhibitors, admission not being charged until the afternoon, when the association took in its first receipts. However, yesterday, while announced as a fair date, was expected to be given up entirely to preparations for the three main days of the exhibition.

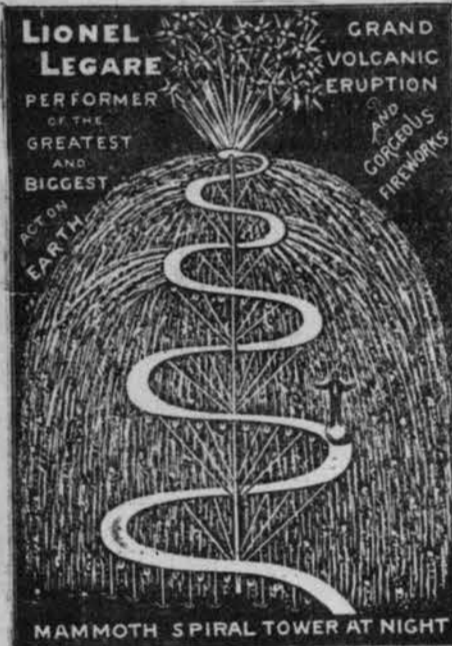

The fair will be complete this morning, and this afternoon the amusement program will be given in its entirety, furnishing the fair crowds the best entertainment they have ever received.

Today the music will be furnished by the Negaunee (new) City band, which will play both during the afternoon and evening, coming down in the morning.

Strong Circus Features.

Yesterday the work of assembling the paraphernalia that will be used in connection with the circus and specialty features of the fair program was completed and all preparations made for entertaining today's crowds. Trapezes and high wires were hung and Lionel Legare's spiral tower, used in his wonderful feats, was erected.

As has been remarked, the entertainment program this year will be the peer of all others previously arranged by the fair association. Legare's feats will be among the most daring and sensational ever seen in the country. He is a wonderful equilibrist. His performance is given on a narrow path, winding spirally down from the lofty elevation of his

tower. He makes this daring coast with his hand on a small truck, his body in the air, and he also rolls a large ball down with his feet, riding safely to the bottom. His performance is specially adapted to a night program, and it is expected to prove one of the most popular features of the fair.

In addition to Legare, the Grotesque Trio, acrobatic contortionists, will be seen in their inimitable stunts, including "Legomania"; the Langfords in daring aerial acts, the climax being the famous return feat, and Monsieur Perry, one of the leading slack wire artists in the profession, in his skillful exhibition.

These performances will be given a couple of times daily and in the evening, to the accompaniment of hand music.

Horse Races Today.

The race program will start today. All of the well known Marquette county horses are at the track to participate in the sport, and a number of outside horses have been attracted by the goodly purses, they aggregating \$1850. The course will be in the hands of competent officials and some of the best sport that has been seen at the track in years is promised, as the horses entered in the several events are evenly matched. The band will be located in the grand stand and will furnish music between heats.

The program is as follows: 3:00, mixed—Purses, \$250; 2:15, mixed—Purses, \$300. The races will be best three in five heats, purses \$0, 25, 15 and 10 per cent of the money.

Entries Numerous.

Reports from the fair grounds yesterday afternoon lead to the effect that the entries had been coming in at a good rate all day, and that the total number would exceed that of last year. The various buildings were filling in good style, and today they will exhibit interesting interiors.

One of the largest exhibits of livestock that has been made by any individual exhibitor in years will be seen. It was sent down from the Bellevue farm, operated by the land department of the Cleveland-Cliffs Iron company, near Negaunee. Most of the stock was raised at the Bellevue and it will exhibit typical examples of what may be done in the way of stock raising in this section.

This is "copper country day" at the fair, special rates being offered from that section. The facilities for reaching the grounds are excellent, special service on the

South Shore supplementing the street car service. In the past only the railroad service has been available, and, while it has been satisfactory, the total of people visiting the grounds should be much greater under the new conditions.

CITY BRIEVITIES.

Today's weather: Fair; stationary temperature; brisk westerly winds. Yesterday's temperature: 7 a. m., 51 degrees; 12 noon, 53 degrees; 7 p. m., 51 degrees; maximum, 57 degrees; minimum, 46 degrees.

F. H. Noble was up from Gladstone yesterday.

Mr. and Mrs. Trowbridge Johns left for Chicago last evening.

E. L. Munson of Newberry was a Marquette visitor yesterday.

W. W. Hendricks of Crystal Falls was a Marquette visitor yesterday.

Grabower's trimmer, Miss K. Hannah, will arrive home from the east today.

C. L. Sporley of Negaunee and George J. Shing of Gladstone were in the city yesterday.

E. J. Robinson of Lincoln, Neb., arrived in Marquette yesterday morning to visit E. A. Culver and Rush Culver, and families.

Attorneys M. H. Crocker, T. Nolan, T. J. Dandon and Theodore Thoren were down from Ishpeming and Negaunee yesterday, attending circuit court.

Joe Smith wishes the many friends of the family to know that his little daughter Florence, who has been very seriously ill, is convalescent and out of danger.

John James, H. McLaughlin, A. Cruise, F. W. Richards, W. J. McLaughlin, M. Caldwell and F. D. Anderson of Iron Mountain were in Marquette yesterday.

The Twentieth Century club will give a dance at the Huron Mountain Hotel this evening. The ideal orchestra will furnish the music and will play a number of new selections.

A team of musicians, playing the mandolin and guitar, have been furnishing good music about the city the past few days. They were at the Marquette last evening.

Mr. and Mrs. Lightner, Theodore Lightner and Miss L. J. Voorhis of Detroit are in the city. They will go up to the Huron Mountain club this morning, weather permitting.

Gooding & Ormsbee have a Fair window which is attracting a great deal of deserved attention. It has one of the neatest window dressings that has been seen here in some time.

The boys of the high school football team have started practice work. The material this season is excellent and it is stated the team will be the strongest in the history of the school.

Good progress is being made with the new Werner block front street. Work on the foundations was finished a couple of days ago, and now the superstructure is under way. It is going up with good speed.

Mr. and Mrs. J. M. Longyear and family arrived here yesterday. Monday they drove down from Huron Mountain to the So-sa-wa-gaming club, completing the trip to this city yesterday. Mrs. Longyear and the girls left for Chicago last evening. Mr. Longyear and Jack are still in the city.

There was nothing on in circuit court yesterday morning. The "Mapes" "maimure" case had been set for a hearing, but it was settled. Court, on convening, adjourned until the afternoon, when the case of Leon Therbert vs. Harry Adams, trespass, appealed from the justice court, was called, the trial proceeding.

A fine exhibition of thoroughbred livestock will be made at the county fair by the Cleveland-Cliffs company's Bellevue farm. It will comprise cattle, sheep and swine. The animals, comprising a full carload, were brought down from Negaunee last evening and were taken to the fair grounds. Admirers of fine livestock should not fail to see the exhibit.

Marquette's delegation of golfers left to play in the Soo championship tournament yesterday morning. Their friends hope to hear a good account of their work. It is said that the Marquette golfers will be among the best in attendance at the tournament. They hope to return home with some sort of a memento of the meeting.

The United States court finished its sitting for the September term Monday evening. Judge Wandy and the other officers from outside points have returned to their homes. As a result of the court's sitting, Wong Moy, another Chinaman, will be deported. He was found guilty of illegal residence in the United States. Wong was one of a number of Chinamen arrested at Escanaba over a year ago. Three other Chinks were deported a few weeks ago.

It is expected that the lower harbor breakwater, or rather the outer half of it, will suffer greatly in the fall storms. The planks at many points in the wooden structure are torn out, giving the waves an opportunity to exert their tearing strength to great advantage. If the storms are as heavy as usual it would not be surprising if the breakwater was almost entirely denuded of its top for a considerable part of its length. The wave pressure is immense in big storms, as high as three and a half tons to the square foot having been recorded on the great lakes. The breakwater may be saved by one combination of circumstances. If a freezing spell provides it with a coat of ice, it will weather the fall in pretty good condition.

FEET SWOLLEN TO IMMENSE SIZE.

"I had kidney trouble so bad," says J. J. Cox of Valley View, Ky., "that it could not work. My feet were swollen to immense size and I was confined to my bed and physicians were unable to give me any relief. My doctor finally prescribed Foley's Kidney Cure, which was a well man of me." People's Drug Store.

IS WELL UNDER WAY

POWELL & MITCHELL WILL LAY PIONEER FURNACE INTAKE.

FIRST SECTION PUT IN SUNDAY

MISTAKE IN MANUFACTURE WILL CAUSE SLIGHT DELAY.

Pumping Plant at the New Industry Almost Three Times Larger Than Municipal Plant—Capacity Is 15,000,000 Gallons.

Powell & Mitchell have made a good start with the work of laying the intake which will furnish the North Marquette plant of the Pioneer Iron company with its supply of water, although a mistake in the manufacture of the material, discovered Sunday, will cause some little delay.

The contractors worked a big force of men Sunday laying the first length of the intake, extending from the well to the Presque Isle drive, but when it was successfully deposited in the twelve foot trench it was discovered that the bolt holes in the flange from the well and those in the flange of the intake length were bored at different distances apart, with the result that they did not coincide. One set of holes were four inches from center to center, the other four and three quarters.

This mistake in manufacturing the material will cause some delay with the intake work, although it is expected that the error will be made good by some expedient without as great a loss of time as might be expected.

The progress of the work of laying the first length of the intake was observed Sunday by a large number of interested spectators, if being a delicate operation and one that the contractors were greatly pleased to complete successfully.

When they started work in the morning, the section lay on the ground several feet from the twelve foot trench. At 5:30 in the evening it rested securely on the trench's bottom, and the work was unattended by the slightest accident or trouble.

The trench was excavated in sandy soil, permeated with water, and a pump was worked constantly to keep the well free of the drainage water. It was necessary to take out the top braces of the side walls of the trench to lower the big pipe in, and then to replace them. This was considered the most dangerous part of the work, and after it was successfully completed everything went smoothly.

A Big Plant.

The pumping plant at the Pioneer furnace is almost three times as large as the municipal plant at Lightner point. The three big Prescott pumps at the furnace have a capacity of 15,000,000 gallons, compared with a capacity of about 6,000,000 gallons at the city's pumping station. The intake at the furnace is thirty-six inches in diameter, compared with ten inches at the city's largest intake. The well capacities are approximately the same, but the Pioneer Iron company has by far the finest and most expensive well. It is of iron plate and has been sunk a distance of thirty feet. It will shortly be pumped out and provided with a concrete bottom.

The furnace intake will extend out into the lake approximately 1,700 feet from the well, to a good depth of water. Powell & Mitchell will do this work, which will be undertaken as soon as the first section is properly connected with the well. The open end of this section is but a few feet from the water's edge and the next section will be laid partly on the shallow shore bottom.

The tug Ward will be employed on the work, her propeller being relied on to do some of the excavating for the submarine trench necessary for the reception of the intake. The Ward was backed in so close to the shore the other day that it was possible to board her from dry land, it being ascertained that the nature of the lake bottom would permit of her being used to excellent advantage.

Depends on the Weather.

The date when the work will be completed depends on the nature of the fall weather, which is always an unknown quantity. If it is fair, the contractors will have the work completed in good season, but of course a period of heavy storms would seriously interfere with its progress. There will, however, be no additional delays on account of material, as it is all on the ground, including the last section of the intake, which now lies at Spear's dock. This section contains two arms, each with an opening against trouble with ice.

In addition to the pumping plant proper, the water system at the furnace includes a water tower.

Powell & Mitchell have considerable trestle work to complete at the new plant. Yesterday they received a car of Washington lumber which was billed on the 2nd of August, it being about three weeks overdue. The shipment should not have taken more than fourteen days. It chanced that the material was needed some time ago, so the trestle work was somewhat put back as a result of its non-receipt.

This is the time to use Rocky Mountain Tea. Keeps you well all the year. Great blood life renewer. 35 cts. Stafford Drug Co.

A little life may be sacrificed to a sudden attack of croup if you don't have Dr. Thomas' Electric Oil on hand for the emergency.

DOCTORS COULD NOT HELP HER.

"I had kidney trouble for years," writes Mrs. Raymond Conner of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure, and my very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure." People's Drug Store.

DR. POWELL ANSWERS QUERIES.

A Feature of the Mission at St. Paul's Cathedral Last Evening.

At the mission at St. Paul's cathedral last night, Father Powell spent a short time answering some of the questions placed in the question box. He said he had received one paper in which the person had written, "You talk about going to church; going to church won't save a man's soul." Of course not, said the preacher, neither will staying at home save a man's soul. But one who goes to church is much more likely to have his soul saved than one who stays away. Obedience to Christ, feeding upon Him in His sacrament, faith in Him, doing what He has taught, will save a man's soul, and this is the only thing that will. The mere going to church and always hearing but never doing, of course, will never save a man. Hunger will never be satisfied by looking at a meal; a sick man will never be made well by watching the label on a medicine bottle. One who goes to church, and has Christ, will be saved.

Another person asked, "Is it a sign of unbelief to ask certain questions about religion?" In answer to this, Father Powell remarked that it depended upon the nature of the question. When the angel announced to Zacharias that John, the Baptist, should be born, Zacharias' attitude was that of one who did not believe. He should have believed, as he was a priest, so he was punished for his skepticism and was dumb till the circumcising of the child, when his act of faith released him. But on the other hand, when the angel made the announcement to Mary that she should be the mother of Jesus Christ, the son of God, her question was perfectly natural and without the slightest taint of unbelief. Mary asked, "How shall this be? I know that it will all come to pass, because God said so; but, what are the means?" So we have to ever asking the question of Mary, not of Zacharias. I know that Christ lived on the earth because he died, rose and ascended. I know that he ascended because that, according to His promise, He had given us His holy spirit—the ground and confirmation of our faith. I know that it will all come to pass, because God said so; but I may ask, How can I receive the gift of the Holy Spirit or the body and blood of Christ? What must I do, what must I leave off?

The speaker then went on to refer to the act of the Good Samaritan in dismounting and binding up the wounds of the injured traveler. He said we try to reform by peeling off the crust of committed sins, or by lopping off bad habits, turning over new leaves; but this is not the way. We must never expect to do anything else than go on turning over new leaves in this way. What we want is Christ Himself, the Good Samaritan, and then everything else will come right. God does not deal with us by giving us a little of Himself at a time, but He gives the best first. He gives us Himself completely at the beginning and then we will develop after His likeness.
