Much interest is being manifested in the discovery, the same as in any other invention that is intended to save life. This is the reason so many people have been interested in Hostetter's Stomach Bitters during the past fifty years. It is recognized as the best health maker and blood purifier in existence, and with good health and pure blood, disease cannot find a foothold. It is therefore specially adapted for persons in ill-health and who suffer from heartburn, indigestion, dyspepsia, con-stipation, or malaria, fever and ague.
