PRESIDENT NETTLED

OYSTER BAY PREACHER LAUDS HIM FROM THE PULPIT.

ROOSEVELT IN THE CONGREGATION

HIS FACE COLORS AND HE SHOWS PLAIN DISAPPROVAL.

Pastor Devotes Much of His Sermon to Trusts and Declares the Executive to Have Been Providentially Placed in the Chair.

Oyster Bay, N. Y., Sept. 14.—Dr. Henry Homer Washburn, rector of Christ Episcopal church, in the presence of President Roosevelt and his family and a congregation that filled the church, today preached a sermon in which he devoted considerable attention to the "peculiarly dangerous coming by and through the unguarded use of great wealth concentrated in the hands of a few," and in which he also stated that "if ever circumstances indicated that one was placed providentially in the executive chair of the nation, the circumstances that attended the promotion of Mr. Roosevelt so indicated."

President Shows Displeasure.

President Roosevelt had requested Dr. Washburn to hold McKinley memorial services today at Christ church. The first part of the rector's sermon was devoted to an eulogy of McKinley, and to this the president listened attentively. But when in the second part of the sermon Dr. Washburn spoke of the possibility of danger coming through certain trusts, and also lauded the president, Roosevelt's face colored and he showed plain disapproval of the rector's utterances. At the conclusion of the sermon he said to Mrs. Roosevelt, who sat beside him, that "he should not have done that."

After the services the president stated that while he had requested Dr. Washburn to hold memorial services, he had no knowledge of what the sermon contained, nor had he any intimation that the rector would refer to the trusts or to himself. The rector also stated that he had prepared the sermon without consulting any of the president's family.

Dr. Washburn, after sketching briefly the career of McKinley, and praising him for his purity of character and ability as a statesman, spoke of his death, and then referred to Roosevelt in these words:

A David Called to Office.

"Who can tell why McKinley was so suddenly taken from earth in the hour of his greatest usefulness? Who could fill his place? Fortunately a David was vice president. He has been in office less than a year, but love of him is filling the hearts of the people. His honesty, bravery, positive convictions, resolute purpose, frankness, impartiality, independence, ability and willingness to look at every side of a question, his kindness of heart, and his democratic simplicity command the respect of every rank. Only in one thing do some of his friends fear he is making a mistake, and that is regarding the trusts."

"But he has studied trust methods and is convinced that the good of all demands that the trusts be brought under the control of the national government. Is not his sound judgment? To hold that no danger may come through great accumulations of wealth is to ignore the teachings of the Holy Scriptures. The Bible is filled with precepts and warnings regarding power and the use of wealth. Evidently the president sees and is convinced of the possibility of danger. Shall trusts have their own way, or come under control of the national government?"

Has Faith in President.

"The first utterances of the president favoring government control of the trusts brought upon him caustic criticism. This shows the animus of the power he is seeking to control. Meanwhile, slowly but surely, we are marching toward a new national event. Civilization ever progresses, but great reforms have generally come through perils of fire and sword."

"If ever circumstances indicated that one was placed providentially in the executive chair of the nation, the circumstances that attended the promotion of Mr. Roosevelt so indicate. If words mean anything, his motives contemplate good for all. From past experience with trusts we know he will labor toward that end, come what may. Every consideration calls upon fair-minded men throughout the country to hold up his hands."

RIOTING AT OTTUMWA ENDS.

Street Car Strike Is Settled With Victory for the Men.

Ottumwa, Ia., Sept. 14.—The street car strike here was settled this evening. The company practically recognizes the union. Cars on all lines are now running.

The main streets were in the hands of a mob of sympathizers with the striking street car men last night. The crowd broke the windows in the cars and went to the suburbs to stop all the remaining cars.

Not a wheel was turning on the street car system at 10 o'clock at night. After a wild hour of smashing car windows, cutting trolley wires and doing minor damage to the property of the company by the mob, all the men were finally induced to leave or were driven from the cars with stones. Several arrests were made. One motorman was hurt. The mob was dispersed at midnight.

FIERY TOMBS FOR MANY.

Wide Sections Swept by Forest Fires in Oregon and Washington.

Kalama, Wash., Sept. 14.—The forest fires on the Lewis river have wrought sad havoc. A number of people are reported to have perished in fire. D. L. Wallace, wife and two children, who were camping in the woods, were burned to death. A twelve-year-old boy; Mrs. John Polly and baby and a brother, name unknown, and a Mr. Newhouse and Mrs. Graves are also dead. Fifteen others were found without clothing except gamsacks.

The worst of the fire on Lewis river is about twelve miles above Woodland. It is impossible to give any estimate of the amount of damage to property. Five people are dead and two are missing in Goltz county, with only partial reports from the burned district.

A courier who has just arrived from Lewis river states that only two houses are left standing on the river from Trout's place to the head of the river, a distance of thirty miles.

The fire swept everything before it from Ariel, Wash., to the foot of Mount St. Helena, a distance of twenty-five miles. Sixty people who were camped at a lake at the foot of the mountain have not been heard from since the fire. It is not known whether they escaped or not.

A Vista of Ruined Hamlets.

Portland, Ore., Sept. 14.—About three hundred people left homeless in Multnomah and Clackamas counties, as a result of forest fires. A wide scope of country has been burned over, but the worst damage has been done in the two counties named. The loss of several lives is reported. The whole length of the Clackamas river presents a vista of ruined settlements. In the Astingwater region immediate help is all that can save the lives of the many so far rescued from the flames.

CHANDLER EGAN GOLF CHAMPION.

Defeats His Cousin Walter One Up in Finals for Western Title.

Chicago, Sept. 14.—H. Chandler Egan, of the Exmoor club, won the Western amateur golf championship yesterday on the Chicago Golf club's links by defeating his cousin, Walter E. Egan, of Lake Geneva, 1 up in thirty-seven holes. Never since the championship was instituted by the Western Golf association four years ago, had the finals been marked by such sensational and at times brilliant golf as was the feature of the contest Saturday. Walter fought every foot of ground, bringing matters all square at the thirty-sixth hole. His desire to play an iron shot safe from the bunker guarding the first green (the thirty-seventh hole) instead of trusting to the brassie that would carry to the green and the resulting bad lie in the sand, was the cause of his defeat. Walter spoiled Walter Egan's last chance to take the match from Chandler and for the second time in the western championship Walter had to be content with being runner up to the trophy.

PENNSYLVANIA MOB REPULSED.

Batters Down Jail Door but Is Held at Bay by Officers.

Butler, Pa., Sept. 14.—A mob of two thousand persons shortly after midnight this morning battered down the jail door, bent on lynching Jerry Bennett, who assaulted the seven-year-old daughter of John H. Wagner.

When the attack on the jail was made Sheriff Hoon and a number of deputies and policemen fired over the heads of the crowd. The mob was repulsed with great difficulty after wounding several officers with sticks and stones. One member of the mob was shot in the leg.

At 12:40 o'clock another rush was made on the jail by a small crowd of rioters, who were again forced to retreat. The mob still surrounded the jail, threatening to make further rushes. The local militia refused to act without orders from the governor.

At 3 o'clock the mob practically dispersed and all danger was over.

CITY IS SACKED BY REBELS.

Barcelona, Venezuela, Captured After a Week of Fighting.

Washington, Sept. 14.—Louis Goldschmidt, consul at La Guayra, has cabled to the state department that the city of Barcelona has been surrounded by the Venezuelan revolutionists, after seven days and nights of fighting in the streets. The city is in ruins. Many houses were sacked without consideration for the foreigners and the situation is reported critical. There remains but one port (Cumana) in the hands of the government on the whole coast of La Guayra.

ROOSEVELT HAS NEW YORK.

Conference of Leaders Determines on His Endorsement.

New York, Sept. 14.—A conference of prominent New York state Republicans was held last night and at its close United States Senator Platt said it was decided to endorse Roosevelt's administration and to endorse him for 1904. Platt said no other subject was discussed at the meeting. He admitted that there had been some opposition to a resolution proposing the endorsement, but the opposition was in the minority and the final decision was practically unanimous.

J. W. GATES BUYS A COAL MINE.

Carbondale, Ill., Sept. 14.—The Jupiter coal mine and 1,000 acres of coal lands northeast of Danquon, have been purchased by the Weaver Coal company, of Chicago, the leading stockholder, of which is John W. Gates, for a sum said to be \$125,000.

Chicago, Sept. 14.—Bishop Samuel Fallows left here tonight for Philadelphia to investigate the situation in the anthracite coal field.

STRATTON IS DEAD

WELLKNOWN CRIPPLE CREEK MINE OWNER IS NO MORE.

LEAVES A LARGE FORTUNE

WEALTH ESTIMATED AT FIFTEEN TO FIFTY MILLIONS.

Went to the West a Poor Carpenter Thirty Years Ago and After Weeks of Prospecting Staked Out the Rich Independence Claims.

Colorado Springs, Colo., Sept. 14.—William S. Stratton, the millionaire mining man, died at 9:30 o'clock tonight.

Mr. Stratton had been ill for several months and had been in a critical condition for several weeks.

Stratton was born in 1848 at Jeffersonville, Ind. After a city school education he learned the carpenter's trade. He came to Colorado Springs in 1872 and had since lived here. For thirty years he had been interested in mining, and in 1891, in the Cripple Creek gold district, after weeks of prospecting, he staked out the Independence claim, which gave him original assays of \$380 to the ton. The Independence yielded Stratton millions, and in 1898 was sold by him for ten million, he retaining a considerable interest. His wealth is estimated at from fifteen to fifty million.

Death of Lumberman Whitebeck.

Chicago, Sept. 14.—Richard T. Whitebeck, for many years largely interested in the lumber business in Chicago, died at his residence here yesterday. Mr. Whitebeck also was interested in lumber corporations in Wisconsin and Indiana.

Charged She Incited the Assassination of Her Husband.

Rome, Sept. 14.—Countess Bon Martini, widow of Count Bon Martini, who was assassinated at Bologna by his brother-in-law, has been arrested. It is alleged she instigated her brother to commit the crime.

OIL FIRE EXTINGUISHED.

Burning Gusher in the Texas Field Stops Flowing.

Beaumont, Tex., Sept. 14.—The burning oil gusher ceased flowing of its own accord today, and the fire was easily extinguished. A smoldering fire at a big tank is all that remains of the flames.

BELCHING OUT BLACK SMOKE.

New Crater of St. Vincent's Volcano Is in Activity.

Kingston, St. Vincent, Sept. 14.—La Soufriere's new crater, which has been quiet hitherto, is today throwing out black smoke. The old crater is still issuing white steam in dense clouds.

WOULD FIGHT FITZSIMMONS.

Kid McCoy Posts a Forfeit of \$5,000 at New York.

New York, Sept. 14.—"Kid" McCoy today posted in New York a forfeit of \$5,000 for a match with Fitzsimmons. Fitzsimmons has not yet replied to the challenge.

CRUSHED UNDER FALLING LUMBER

Oakland, Cal., Sept. 14.—Captain William Golden of the British vessel General Gordon, was crushed to death last evening under a pile of lumber which fell from a car that he was passing. His wife and the wife of Captain Greene, of the British steamer Mount Stewart, were also caught under the lumber and badly crushed.

ODD FELLOWS MEET TODAY.

Des Moines, Ia., Sept. 14.—Every representative to the sovereign grand lodge of Odd Fellows, which convenes here tomorrow, was registered tonight. Grand Sire Cable and his official party arrived this morning. Ten thousand persons are expected in this city tomorrow.

ENDS LIFE IN RIVER.

Rich Mine Owner, a Benedict of Two Days, Dead at Saginaw.

Saginaw, Mich., Sept. 14.—Charles R. Robson, of Alin, British Columbia, a rich mine owner, today ended two days' honeymoon by going insane and jumping into the river after forcing his bride, who was Miss Phoebe Stephens of Saginaw, to walk through the streets with him at 2:45 a. m. in her night robes.

Wages of Sin.

Rochester, N. Y., Sept. 14.—Ethel Dingle, a young girl, is dead with her throat cut, and Leland Kent is at a hospital with a wound in his throat. Kent claims that the girl wounded him and then killed herself. His story is doubted. The couple came from Buffalo yesterday and registered at a hotel as man and wife. They were found in their room today, she dead and he wildly raving. Kent has a wife and a child in Buffalo.

PLANS TO STOP PRIZE-FIGHT.

Gov. Beckham of Kentucky Moves Against Corbett and McGovern.

Frankfort, Ky., Sept. 14.—Governor Beckham today directed Attorney General Pratt to institute legal proceedings tomorrow to stop the McGovern-Corbett fight, scheduled for Louisville a week from tomorrow. The proceedings, so the governor and attorney general have determined, will be an injunction suit seeking to restrain the Southern Athletic club from allowing the fight to be given under its auspices. The case will be reached by the courts in ample time to prevent the fight if held to be in violation of the Kentucky laws.

Ryan-Carter Bout Tonight.

Buffalo, Sept. 14.—Tomorrow night, before the International Athletic club at Fort Erie, Tommy Ryan meets Kier Carter in defense of his title of middle-weight champion of the world.

COLOR LINE IS DRAWN.

Negro Girls Are Excluded from Northwestern University.

Chicago, Sept. 14.—The color line has been drawn at Northwestern University, and no co-eds of color will be admitted to the young women's dormitories of that institution. The Women's Educational association, which has general supervision of the several halls in which the girls live, has passed on the matter after many stormy meetings, and the action in favor of drawing the color line has won a decisive victory. The controversy over the question began a year ago, when a young woman engaged a room at Chapin Hall, and when she arrived it was learned for the first time that she was colored.

LAID TO A FIRE-BUG.

Costly Blaze in the Business Section of Wolsey, S. D.

Huron, S. D., Sept. 14.—Several pieces of business property to the value of \$40,000 burned at Wolsey, thirteen miles west, today. The flames threatened at one time to wipe out the entire business section of the town, but assistance sent from Huron prevented further destruction than that named. The burned district includes several of the best buildings in the town, among them the telephone office and the halls of the Old Fellows, Workmen and Woodmen. The fire is believed to be of incendiary origin.

COSTLY JEWEL FOR POPE.

A Topaz Bearing a Remarkable Engraving to Be Presented Him.

Paris, Sept. 14.—The Count of Caserta, brother of the last King of Naples, has started a collection to buy Pope Leo the most extraordinary jewel in the world, namely a Brazilian topaz, weighing over 25,000 grains, on which the last supper is engraved by Andrea Carriello, the late Italian sculptor. Carriello worked on the engraving, said to be the most wonderful and artistic of miniatures, for ten years, using in the work \$75,000 worth of diamond dust.

LONDON MESSIAH IN PERIL.

Mounted Police Save a Former Clergyman from a Mob.

London, Sept. 14.—Nearly five thousand persons today attempted to mob a former Episcopalian clergyman named Smyth Piggott, who is now the leader of a sect called the "Apapomonites." Piggott last week announced himself to be the Messiah. Only the energetic efforts of mounted police saved him from the mob today.

MAN HUNT IN NEBRASKA.

Bloodhounds on Trail of Tramps Wanted for Heinous Crime.

Beatrice, Neb., Sept. 14.—Mrs. Kate Fournell, who was alone in her parent's home near here, was last night criminally assaulted by tramps, who murdered her, dragged the body in the yard and set fire to her clothing. When found the clothing was entirely burned from the body. Bloodhounds have been put on the trail of the murderers.

CRUISER BADLY DAMAGED.

Repairs to the Brooklyn Will Cost More Than \$400,000.

Washington, Sept. 14.—The report of the board which has investigated the injuries done to the cruiser Brooklyn in the recent navy maneuvers, was made public today. The repairs of the damage will cost \$420,000, and the ship will be laid up in dock for three months.

Deputy Sheriff Hodgson of Norway has disappeared and the police are searching for him. Hodgson assaulted the chief of police at Norway, striking him with brass knuckles. His appointment has been revoked.

DAILY MINING JOURNAL, A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Indications seem to point to a lively senatorial election when the new legislature faces the task of choosing the late Senator McMillan's successor.

The energy of American railroad management is shown by the project of the Southern Pacific road to pierce the mountains by a tunnel seven miles long.

Uncle Sam is posing as the sternest kind of a prohibitionist down in Samoa, the navy department, which is in control there, having forbidden the sale of any kind of intoxicating liquors in the American portion of the islands.

The Marquette county fair was greatly handicapped by unfavorable weather, but the management should be thankful that the conditions were not much worse.

It is an interesting coincidence that while the United States has just been furnished with a census bulletin showing a substantial increase in the median life rate of our white population which is ascribed in part to a decreased birth rate.

ROOSEVELT AND THE TRUSTS. A few quotations from recent speeches of President Roosevelt will do more to enlighten intelligent readers concerning his attitude on the trust question than any amount of discussion, however well considered, without the excerpts.

The mechanism of modern business is as delicate and complicated as it is vast, and nothing would be more productive of evil to all of us, and especially to those least well off in this world's goods, than ignorant meddling with this mechanism, and, above all, if the meddling was done in a spirit of class or sectional rancor.

I am far from being against property when I ask that the question of trust be taken up, I am acting in the most conservative sense in property's interest. When a great corporation is sued for violating the anti-trust law it is not a move against property; it is a move in favor of property.

When you make it evident that you will not be excused for violating the law you make it evident that every man will be protected from violation of the law.

So you can see, gentlemen, I am not advocating anything very revolutionary. I am advocating action to prevent anything revolutionary.

If by trust we mean merely a big corporation, then I ask you to ponder on the utter folly of the man who either in a spirit of rancor or in a spirit of folly says "Destroy the trusts," without giving you an idea of what he means really to do.

I will go with him if he says destroy the evil in the trusts gladly. I will try to find out that evil. I will seek to apply remedies, which I have already outlined in other speeches. But if his policy, from whatever motive, whether hatred, fear, or just sheer ignorance, is to destroy the trusts in a way that will destroy all our prosperity—no.

So that the man who advocates destroying the trusts by measures which would paralyze the industries of the country is, at best, a quack and, at worst, an enemy to the republic.

I think we can get laws which will measurably increase the power of the federal government over corporations; but, gentlemen, I believe firmly that in the end there will have to be an amendment to the constitution of the nation conferring additional power upon the federal government to deal with corporations. To get that will be a matter of difficulty and a matter of time.

I want you to think of what I have said, because it represents what of sincerity and earnestness that I have, and I say to you here from this platform nothing that I have not already stated and nothing that I would not say at a private table with any of the biggest corporation managers in the land.

Here is coherence, conviction and sincerity, and also a conservatism that should assure trust magnates that whatever President Roosevelt may do to insure their control he will do nothing to permanently injure their tremendous undertakings, on which the prosperity of the country now so largely depends.

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity.

Six old-cricker players of Dollar Bay have a field laid out for the good old English game at the rolling mill town and each Saturday afternoon after a 1 o'clock interesting matches are played. Much interest is being taken in the sport and those who desire to see a match are cordially invited to visit the grounds.

"On the Stroke of Twelve," a five-act sensational play, was the attraction at the new Kerregde, at Hancock, Saturday evening. It was the second play to be given in the handsome new theatre. Attractions this week at the Kerregde are "The Royal Slave," on Tuesday evening, and "Thelma," the following night.

The Atlantic Powder company, which supplies most of the mines on the South range with powder, will soon have the use of its new magazine and docks now building in the valley of Lake Superior, on the Houghton side of the lake. The magazines of the company on the Hancock side will be abandoned, per the instructions of the Hancock village council.

The executive staff of the new Kerregde theatre at Hancock is as follows: William Kerregde, proprietor; Ray Kerregde, manager; John McAskill, treasurer; Dennis Donohoe, assistant treasurer; Joseph Kelly, stage machinist; Geo. Carah, electrician; Thomas Brimacombe, assistant electrician; A. Truscott, head usher manager; Joseph McGrath, head usher; Gus Flynn, Emory Jones Edward Carrigan and George Rentenbach, assistant ushers.

The Hancock barbers, who have the only union of the kind in the copper country, were invited to send a representative to the barbers' state convention to be held at Lansing, Sept. 17, but owing to the distance did not do so. However, the Hancock knights of the razor are heartily in sympathy with the objects of the coming meeting. The convention was called to suggest some amendments to the present laws relative to the barbers' trade. The barbers propose to raise the license fee from fifty cents to a dollar, and they also desire to have the state divided into five districts and the state board of examiners increased from three to five members, accordingly, so there will be one member from each district whose duty it will be to look after affairs in his own territory. A Barbers' protective organization will be organized at the same time by the boss barbers. The proposed amendment to the Michigan statutes are taken from the laws of Minnesota.

FARMER BURNS DEFEATED.

Dwyer Won Two Out of Three Falls Saturday Night.

"Sonny" Dwyer of Hancock defeated "Farmer" Burns in the wrestling match at Italian Hall, Calumet, Saturday night. He won two out of three falls, but the farmer proved to be the better man at the catch-as-catch-can style. Dwyer took the first fall, Cornish style, in eighteen minutes. In the next bout, catch-as-catch-can, Dwyer was bested in twenty-six minutes, the contest proving the finest exhibition of this style of wrestling ever seen in the copper country. By the terms of the agreement, the man who threw his opponent in the shortest time had the designation of the style for the third bout. Dwyer chose the Cornish style, and threw his man in twenty-one minutes. Thomas Harris of Lake Linden was referee. The match lasted an hour and thirty-five minutes. A good crowd was present, but there was little betting.

IT MAY BE LANDLORD SCOTT.

Creditors May Decide to Conduct the Northwestern Hotel.

The creditors of Powhatan Bolling, late proprietor of the Hotel Northwestern, at Hancock, who recently filed a petition in bankruptcy, will meet at the court house today. B. O. Pearl of Marquette, referee in bankruptcy, will be present and will doubtless appoint A. J. Scott as receiver. Mr. Scott had had possession of the hotel as temporary receiver since the doors were locked. It is possible that the creditors will conclude to conduct the hotel in order to get their money back. If this course is not adopted, the lease and furniture will be sold to some party desirous of continuing the business. Burt Cummings, proprietor of the International Hotel, formerly known as the Lake View House, is prominently mentioned as the probable landlord of the Northwestern should the lease be disposed of.

LIVED HERE THIRTY-FIVE YEARS.

Jas. Allen, Veteran Ice Man, Dies from Paralysis—Buried Yesterday.

The funeral of James Allen, the veteran ice man of Hancock, was held from the family residence, near the city park, at 2 o'clock yesterday afternoon. Rev. Edwin More officiating. Mr. Allen died at 1 o'clock Saturday morning from paralysis. He had been in declining health for the past eighteen months. Mr. Allen was born in Pontiac sixty-one years ago and had been a resident of Portage Lake for thirty-five years. In the early days he conducted the Hotel Northwestern, in company with Congressman Sheldon. He was married to Miss Evelyn Moralee, who died two years ago. He leaves four children—James Allen, Jr., and three young girls.

—PRIESTS PUBLISHING PAPER.

The Franciscan Fathers of the Sacred Heart church at Calumet are to issue a monthly publication to be known as "Sacred Heart Chimes." The first number appeared last week. It has twenty pages of reading matter and a few pages of advertising. The magazine contains interesting church news, news of the Sacred Heart High school, and some of the literary efforts of the students. The object of the publication will be to keep the parishioners in touch with the church and school. The Chimes will be made a powerful means of perfecting the school and of securing to the young and old a more thorough acquaintance with their religion and the obligations it imposes upon them. The magazine will endeavor to secure the co-operation of the parents in the work of the school and church.

STRANDED SCHOONER RELEASED.

Barge Wilbur Is Freed from Beach and Towed to Houghton.

The stranded schooner John T. Wilbur was released from the beach inside of the breakwater at the Portage Lake ship canal yesterday morning by "White Bros." tugs. She was brought to Houghton in the afternoon by the tugs Major Dana and Stanwood, aided by Whitney Bros.' scows No. 7 and 9, which helped to keep the boat afloat. The Wilbur was leaking badly and the pumps kept a large stream of water pouring from her side. The steam barge H. Laebla Wellington and barge A. T. Bliss sailed through the draw of the county bridge immediately after their consort, the Wilbur, passed through. They were in good condition and their loads of lumber were intact. The Wilbur's deckload was removed.

Comes to Aid of the Rowe.

The steamer Genoa has arrived from the Soo to assist the carrier City of Rome, beached at Dete Gris last week to prevent the boat from sinking. The stranded boat is in a sheltered position and is safe excepting in the case of a northeaster.

The Piers and Breakwater at the Canal were extensively damaged by the barges Bliss and Mautance during the mishaps these crafts encountered at the ship canal in the recent storm. Repairs to the pier will cost \$800.

Big Reward for Recovery of Copper.

The wreck of the steamer W. H. Stevens, of the Union Transit line, lies in seventy feet of water thirty-five miles southwest of Long Point, in Lake Erie. The steamer's stern is apparently resting on the bottom, and 100 feet away a mast is floating. As the wreck is on the direct route between Point Pelee and Buffalo, it is a serious menace to navigation. The wrecking crew which delivered to the underwriters the copper bars loaded with the steamer at Portage Lake, will receive \$20,000. The bars weigh 180 tons and are worth \$40,000. When this announcement was made by Captain J. V. Tuttle, at Detroit, wrecking crews began to rush for the wreck.

TRAVELING MEN PLEASED.

Entertainment in Copperport Will Be Long Remembered by Them.

The members of Upper Peninsula council, No. 186, United Commercial Travelers, who remained in the copper country Saturday after attending their annual ball at the Douglas House, Houghton, the evening before, visited Calumet. While in copperport's metropolis they were the guests of Ed Merz, proprietor of the Arlington Hotel. The mines and other points of interest were visited.

Most of the guests left for home on the Northwestern train in the afternoon. The traveling men and their ladies were highly pleased with their entertainment, and the hospitality of Landlords Mann and Mertz and others who aided in making the ball and visit in general a success will live long with them.

Coming up to Houghton from Marquette, Negaunee, Ishpeming and other iron country places, Friday evening, Mr. and Mrs. Auger of Detroit, who were guests of the U. P. council, gave a progressive party in the special coach with which the visitors were provided by General Manager Fitch of the South Shore road. The playing served to while away the time in an enjoyable way. Three ladies' prizes and three gentlemen's prizes were given. The ladies' prizes were won by the following: Mrs. Maloney, Sault Ste. Marie, first; Mrs. A. E. Boswell, Marquette, second, and Miss Ella Jacobs, Marquette, third. The gentlemen's prizes went to A. E. Boswell, Marquette, first; William Boaz, Ishpeming, second, and R. E. Lee, Milwaukee, third and "booby."

The Upper Peninsula council started with a charter membership of thirty-two. The membership is now fifty-three and since its organization a year ago twenty or more councils have been launched in other parts of the country. The order, which is a secret one, has had a healthy and steady growth since it was first started in 1888, its membership now numbering in the neighborhood of 20,000.

NOT TO RUN FOR SHERIFF.

It has been rumored for several weeks that John R. Ryan of Calumet would again run for sheriff on the Democratic ticket this fall. Mr. Ryan, however, says he has no intention of entering the field again. He made a splendid run two years ago that well illustrated his popularity inside of the party and out. It is not known just who the Democrats will put up again Mr. Ryan, the present incumbent. The sheriff's re-nomination on the Republican ticket is assured and renomination practically means re-election.

QUEEN VICTORIA'S HAIR.

Its Profusion, at Her Age, Had Always Been a Wonder.

Over 80 years old, Queen Victoria yet had luxuriant hair, which had for years been a marvel. The court physician, following Prof. Una's discovery, treated her Majesty's scalp with a germ destroying preparation, which he had always kept secret. It is now known, however, that the remedy for dandruff, the germ destroying element, is embodied in Nestle's Hairpeptide, the only hair preparation on the market that does destroy the dandruff germ. Without dandruff, hair will grow profusely, and falling hair will be stopped. "Destroy the cause, you remove the effect."

SOOS WIN ANOTHER GAME.

Dollar Bay Nine Defeated Yesterday by the Score of 3 to 2.

The Soo baseball team kept up its work of victory yesterday by defeating the Dollar Bay club to the tune of 3 to 2. The contest took place at the Hancock Driving Park in the presence of two thousand spectators. The game was very close up to the eighth inning, which opened with the score a tie, 2 to 2. The visitors then, in the next two innings, rolled up six tallies on a bunching of hits and on errors on the part of Dollar Bay, amid much excitement on the part of the fans.

Umpire Topping gave Saturday's game to the Calumets, in the contest with the Soo at Athletic Park, by a score of 7 to 6. He afterwards reversed this decision and declared the game a draw, saying that the Soo player who made a run for the home plate had not been put out, as he had declared when the game was in progress. The crowd was the largest of the season and Renwick, who was in the box for the locals, started in to wipe the earth with the Soos and avenge former defeats.

Friday's game with Calumet was won by the Soo by the score of 8 to 7.

Escanab Club Here This Week.

According to the Escanaba Mirror, "Manager Peterson of the Escanaba ball team has arranged for a tour of the copper country, in which district games will be played with some of the crack nines of that vicinity. Manager Peterson has picked a strong team and it is expected the boys will make a better showing for Delta county than did the Rapid River and Garden Bay teams. Among those who will comprise the team are Beitzer, Strom, C. Buckley, O. Bergmann, Fish, Fred Olmsted, Nick Waleh, all of this city, Pitcher Foote of the Garden Bay team; Landermann of Wells, and Brophy and Marvin of the southwest of Long Point, in Lake Erie. The team will sail from Houghton with the Calumet, Dollar Bay and Lake Linden teams and some warm contests are expected. The team will leave Escanaba Sunday morning."

BOATS FOR NORTH SHORE ROUTE.

Booth Line to Have Complete Circuit of the Lake Next Year.

"The Booth line will have a complete circuit of Lake Superior next season," said H. H. Brigham of Chicago, traffic manager of the Booth company, in an interview at Duluth last week. "The company is now building a Canadian bottom boat," continued Mr. Brigham, "that will run next season between Port Arthur and the Soo, thus completing the chain formed by the America from Duluth to the copper country, and the Hunter from the copper country to the Soo. The new boat will be of about the same class as the America, and will be handsomely fitted out. She will run in conjunction with the Argo, thus carrying out an idea we have had in mind for some time. The new vessel will open up a great tourist country along the Canadian shore, including the Nipigon, the Slate islands, Michipicoten, etc."

"There have been reports out to the effect that the Argo had been sold. These reports are incorrect. The vessel business is peculiar in that there is no market on the lakes, probably that has not her price, and that could not be bought for enough money, and the Argo is no exception. There is no sale in contemplation, out if the Argo were sold she would be replaced by a bigger and handsomer boat that would be the peer of any on the lakes."

WILL HOUSE A \$100,000 PLANT.

Work of Building an Addition to Electric Light Station Is Started.

The work of excavating for the foundation of the addition to the plant of the Houghton County Electric Light company was commenced Saturday by Prendergast & Clarkson. The structure will house a duplicate plant that will cost \$100,000. The machinery was ordered by the Peninsula Electric Light & Power company a year ago. The new annex will be 75 by 75 feet in size. It will be constructed of stone and will be ready for occupancy in three months. A 3,000 horsepower engine will be installed. The new plant will be kept in readiness for emergencies and will only be used in case of necessity.

According to the terms of the articles of incorporation of the new company, recently filed, the company may extend its operations to the counties of Baraga and Ontonagon. It is thought that this refers to the extension of the street car system to these counties. Both enterprises are now controlled by Stone & Webster of Boston.

EXCURSIONS TO DETROIT.

In connection with the Detroit & Cleveland company's steamers, the South Shore road will run three more excursions this month to Detroit and Buffalo.

The dates are Sept. 16, 17 and 19. The first excursion having been run today. Copper country people look forward each year to the annual autumn trips to Michigan's metropolis, and the excursions are sure to be well patronized. D. & C. steamers, connecting with the South Shore at St. Ignace, will sail from that place on Sept. 17, 18 and 20.

For the trip to Detroit and return the following very low fares will be given: From Calumet, Oscoda and Lake Linden, \$9.50; and from Houghton, Hancock and Chassel, \$9. To Buffalo and return the rate will be two dollars more. Children five years of age and under twelve will be charged half fare. Tickets will be on sale at copper country stations for the night express train of Tuesday, Sept. 16, Wednesday, Sept. 17, and Friday, Sept. 19. All tickets will be good for return passage until the steamer leaving Buffalo at 5:30 p. m., Thursday, Oct. 9, and steamer leaving Detroit at 9:30 a. m., Friday, Oct. 10, 1902.

Excursionists will be carried from St. Ignace to Detroit on the steamer City of Mackinac, leaving Thursday, Sept. 18, and on the steamer City of Alpena, leaving Wednesday, Sept. 17, and Saturday, Sept. 20, after arrival of through express from the West. The trip from Detroit to Buffalo and return will be made on the palatial steamers, Eastern and Western States, the finest steamers on fresh water. They will be the banner excursions of the season.

TRIBUTE BY NATION

ANNIVERSARY OF THE DEATH OF MCKINLEY IS OBSERVED.

MEMORIAL SERVICES GENERAL

PULPIT ORATORS AND OTHERS LAUD LIFE OF MARTYR.

His Favorite Hymns Are Sung and His Favorite Flower Is Worn, and at Canton His Tomb Is Visited

Washington, Sept. 14.—The anniversary of the death of President McKinley was marked by mention of him in nearly every church in Washington. In many were exhibited emblems of mourning, together with the national flag.

At the Metropolitan Methodist church, where McKinley worshipped, a laurel wreath was hung over the marble tablet placed to the memory of the late president. His pew was unoccupied. The pastor, Rev. Frank Bristol, paid a tribute to the martyred president.

Reports from all sections report that the observance of the day in churches was general. McKinley's favorite hymns, "Lead Kindly Light" and "Nearer My God to Thee," were sung; many persons wore pink carnations, McKinley's favorite flower, and pastors and others eulogized the dead president.

Among the cities in which the day was especially observed were: Columbus, O., where Governor Nash delivered a memorial address; Cincinnati, Dayton, Springfield, and Cleveland, O.; St. Louis, Kansas City and St. Joseph, Mo.; Lincoln, Neb.; Helena, Mont.; San Francisco; Des Moines, Ia.; Omaha; Knoxville, Ky.; Indianapolis, St. Paul; Salt Lake; Seattle; Portland, Ore., and Milwaukee.

In Boston, Mass., little departure was made from the customary services in the churches, though several pastors referred touchingly to the death of McKinley a year ago. In Denver the day was but little observed, this being explained by the fact that the matter was overlooked by the Ministers' Alliance of that city. Several preachers, however, referred to the death of McKinley.

Judge Day Speaks at Canton. Canton, O., Sept. 14.—There was general observance of McKinley Memorial day in this city, the martyred president's old home. From almost every pulpit there was reference to him and his work, and his favorite hymns were sung. Portraits of McKinley, draped with flags and festooned with flowers, were the only decorations.

The principal address here was made at the First Methodist church, of which McKinley was a member, and from which the public funeral took place on Sept. 19 last year. This address was made by Judge W. R. Day, former secretary of state, and friend and adviser of McKinley for many years.

Judge Day said in part: "William McKinley never conscientiously wronged any one. It was his rule to scatter joy wherever he could. Standfast in friendship, he would not swerve from loyalty for the glittering prize of the presidency. He would turn from the most important affairs of state to give a flower to a little child or to say a kindly word to some visitor for whom he could do no more. Resentments he had none. He believed life too short to give any time to cherishing animosity. No one ever heard him utter an unkind word of another. He met calamity with silence, and unfair criticism with charity. His presence was sunshine and his encouraging words dispelled doubt and nerve to others to their duty."

In the Catholic churches of this city a special mass was said and tributes were paid to the memory of McKinley by the priests who knew him personally.

Mrs. McKinley, accompanied by Mrs. Garrett A. Hobart, visited Woodlawn cemetery in the forenoon and placed flowers on her husband's casket. Mrs. Hobart also placed flowers on the coffin. During the day there were many visitors to the McKinley tomb.

Great Public Meeting at Buffalo. Buffalo, Sept. 14.—The anniversary of the death of McKinley was universally observed here today. The pastors in all churches paid tribute to his memory and the congregations sang his favorite hymns, "Nearer My God to Thee" and "Lead Kindly Light."

In the afternoon a public meeting was held in the city convention hall. The auditorium was crowded and hundreds were turned away. Mayor Knight presided and made a brief talk. Addresses were made also by Rev. E. C. Locke, Tracy C. Becker and Anselm J. Smith. "Nearer My God to Thee" and "America" were sung by the audience, and the services were ended with the rendition of McKinley's funeral march by an orchestra. Tomorrow memorial services will be held in all public schools.

Impressive Tribute at Chicago. Chicago, Sept. 14.—Chicago paid impressive tribute to the memory of McKinley. Throughout the city, from platform and pulpit, men of all nationalities and creed lauded the life and death of the martyred president, whose death occurred one year ago today. Musical services were arranged especially for the occasion in many churches.

The principal meeting was held in the afternoon at the First Methodist church, where speakers of national reputation expressed their esteem for the character

and life work of the late president. The church was crowded to the doors and hundreds were turned away. The principal speaker was Bishop Fallows, who said in part:

"Anarchy, which knows no government and destroys rather than uplifts, was responsible for the death of President McKinley a year ago. We also have anarchy of wealth, which is used not for the welfare of mankind, but for its injury and oppression. The way to suppress anarchy is to keep in mind the sentiments of McKinley and the practice of reciprocity at home first, and then abroad. Let there be reciprocity between capital and labor, and recognition of mutual rights."

Among other speakers was Dr. Joseph A. Milburn, brother of John C. Milburn of Buffalo, at whose home President McKinley died.

Observance at New York. New York, Sept. 14.—The first anniversary of the death of President McKinley was specially observed today in many churches here and was referred to by the pastors of almost all the others.

Rev. Charles L. Thompson preached at the Fifth Avenue Presbyterian church on the religious elements of the national strength. This is the church President McKinley attended when his visits here included Sundays.

Dr. Francis Edward Marsten, one of McKinley's personal friends, spoke at the Bethany Presbyterian church, giving many personal reminiscences of the president, his home life and lovable character.

Fifteen thousand persons gathered around the band stand in Central Park this afternoon to hear a memorial concert by the regimental band.

In Brooklyn and all the suburbs of this city, as well as in the neighboring towns and villages of New Jersey, the day was observed in all churches.

W. H. Barnes, an Escanaba barber, couldn't wait for the duck season to open and went out hunting Friday at Portage creek, with the result that he was rounded up by Game Warden Charles Olmsted. Mr. Barnes' sport cost him \$14.15, or a trifle over ninety-eight shaves.

The new depot of the Escanaba & Lake Superior railroad at Escanaba has been completed and the first passenger train from Escanaba to Channing was run Thursday last week. Heretofore the passenger train service has only been between Wells and Channing, but now a daily service has been inaugurated from Escanaba. With this new service a competitive freight line has been established.

A long distance telephone line is to be run from Grand Marais to Whitefish Point, Lake Superior, and will furnish invaluable assistance to life savers in case of disaster. It will also be of great service in the display of storm signals at Whitefish Point by the weather bureau. Norman B. Conger of the weather bureau service at Detroit, who originated the plan, expects it will be in operation by the middle of September.

For the first time in its history, the Soo high school will be represented on the gridiron by an eleven. On Oct. 11 a game in the interscholastic association will be played with St. Ignace and if victory perchance on the banner of the Soo pigskin-chasers they will have an opportunity to play other upper peninsula eleven. Active practice under the direction of Charles Barney has begun and with the material at hand a good aggregation should be developed.

Ephraim Devan, Jr., manager for W. F. Burns company, Chicago, who is playing home savings banks in Ironwood and Hurley for the People's Banking company, shot an employe named McKellepp in front of the People's Savings bank at Ironwood one night last week. Devan gave himself up to the chief of police and claims self-defense. Paul Wicker, a young man from Escanaba, was jailed on the charge of assisting Devan to escape, but will likely be released. Devan gives Louisville, Ky., as his home. He has charge of six men who came from Iron Mountain the first of the week. He claims to have reprimanded three of his men, eight, Depass and McKellepp, on different occasions for being drunk and disorderly, and in this way incurred their enmity. Depass accused Devan of carrying a gun for him and said McKellepp had told him so. Devan called McKellepp a liar and received in return a blow from the pocket of a small iron bank which were suspended from a strap in the hands of Depass. Devan pulled his revolver and fired to the ground to scare his assailants, whereupon the three attacked him and McKellepp was shot in the groin. He will probably recover. In the excitement Devan went to a police station for this assistance Wicker was arrested on the charge of assisting Devan to escape. Devan used a 38-caliber revolver, which he claims to carry for protection in case of robbery, as he carries considerable money to pay employes at stated intervals.

ENDS ALL CORNERS

DECISION IN JULY OATS DEAL OF HIGH IMPORTANCE.

HARD BLOW TO SPECULATION

FOUNDATION KNOCKED FROM UNDER BOARD OF TRADE.

"Squeeze" Declared by Judge Chytraus to Have No Standing in Law and Directors to Be Minus Power to Adjudicate in Such Cases.

Chicago, Sept. 14.—A most important decision against the Chicago board of trade was rendered yesterday by Judge Axel Chytraus in the "July oats corner" injunction cases.

Not only does the opinion of the court, it is sustained by higher tribunals, put an end to all corners in commodities on this exchange, but it strikes at the very life of the institution as now organized.

The directors for all time will have their powers so curtailed that they can no longer adjudicate upon property rights of the members of the association. Judge Chytraus goes even farther and says that under the charter of the board of trade there is no provision for succession of membership, and he asks the pertinent question, "What should be the case of the corporation when persons now composing the original board would be dead?"

The case in question was one brought by the commission firm of Waite, Thorburn & Co. against the Chicago board of trade, the Bank of Montreal and several prominent members of the board of trade, in which a temporary injunction was granted to prevent the board from being put up by the complainants from being handed down to the contracting defendants.

Contracts Not Denied. The claim was made that defendants had run a corner in the "July oats" market. The complainants who had sold "short" to the defendants, while not denying their contracts, and while declaring their purpose to make these same contracts, made protest against having the case adjudicated by the board of trade as provided in the by-laws of the association.

The "standard" oats in question were of a grade and fitness almost impossible to obtain in sufficient quantity to fill contracts during July, because of delay to crops by rainy weather. In the pit on "change highly fictitious prices had been put on the market and the complainants asked the court to set a fair price between which price and the one at which they had contracted the difference might be paid. This case was filed July 30, one day before settlements were required. Shortly after this twenty-three other cases were filed in force against the board of trade, and the complainants against various defendants; ten cases by Pratt, Buckley & Co., six cases by H. C. Avery & Co. and one case by J. Henry Norton. By common consent all cases are affected by the same ruling.

The court said, in ruling, that as far as the merits of the case were concerned it did not matter whether there was a corner, for it was taken for granted that an honest price was intended. This part of the matter can be decided at a further hearing which will be had. The decision makes the injunction in force until this hearing of facts is had. The losing parties have appealed, but this does not prevent further hearing.

Powers of the Board Are Curbed. The gist of the decision is that a special committee which, according to the board rules, should be appointed by the president to adjudicate such differences, has no authority to act in matters where property rights are involved. The right of the directors of the board to preserve the integrity of its rules, so far as disciplining members is concerned, by fine, suspension or expulsion is upheld by the court as their proper right, but he rules against the question that "against the will of the complainants the power of disposal over that money which in a sense has been placed in trust or escrow exists in a select committee of three disinterested persons, the members of the association, to be appointed by the president, i. e., whether that money can be appropriated by such a committee to contracting defendants."

Regardless of the fact that the complainants agreed to be bound by the rules which provide for settlements of disagreements, the court ruled that they were not so bound, that the arrogating of such power to such a body was against public policy, and that it would be introducing sovereignties within a sovereignty for the function of constraining the law.

The court goes into great detail into the merits of the case, speaks at some length of the operations upon the board of trade, of the benefits to the community from the institution and the great influence it exerts upon the commerce of the world. It holds that as a corporation not for profit it possesses government and disciplinary powers over the members that are not possessed by stock corporations where money or property rights are directly involved.

Infringes on Power of Courts. The general power to pass upon the right of property in the margins, in question, however, is held a judicial power which never can be considered to have been delegated or confirmed by dubious implication. "The ordinary court of justice," said the court, "constituting one of the branches of our government, ought not to be and should not submit to being excluded or ousted of jurisdiction by intermeddling."

With some sarcasm the court adds: "The masterly ingenuity of the plan devised to prevent appeal to common law courts of the state commands our admiration. Think of the long time of operation that has proved the scheme a successful one. The loser who may feel himself aggrieved and who may know him-

WEATHER PREDICTIONS

Washington, Sept. 14.—The weather bureau at 9 o'clock this evening announced the following weather predictions:

Illinois—Partly cloudy and warmer Monday; fresh to brisk south winds; possible showers at night or Tuesday in the north portion; in the southeast, variable winds.

Upper Michigan—Partly cloudy Monday and Tuesday; variable winds.

Wisconsin—Partly cloudy Monday; warmer in the east portion; possibly showers at night or Tuesday in the south; fair in the north portion; variable winds.

Minnesota—Partly cloudy Monday; possibly showers in the southwest portion and at night in the southeast portion. Tuesday partly cloudy. Variable winds.

Lower Michigan—Partly cloudy Monday; warmer in central and east portions, possibly showers in the northwest; showers Monday night. Tuesday fair in the west, showers in the east portion.

self to have been wronged by the operation of a corner or otherwise at law can only sue to get his money back. "Even that remedy is by the resourcefulness of the scheme abridged. For it is possible for him to do even that only after he has an award or adjudication against him by the board of trade committee or tribunal."

RELIEVES THE MONEY MARKET.

Light Millions of Federal Funds Released by Secretary Shaw.

Washington, Sept. 14.—Secretary Shaw has issued a statement in which he says he has made arrangements to release about \$4,000,000 of the treasury holdings, held free or pledged by certain national banks throughout the country. He has sent a notice to all such that if they will send these bonds to the treasurer of the United States in sums of \$50,000 or more they will be designated as temporary depositories and the face value of the bonds will be deposited with them to the credit of the treasurer of the United States.

The secretary states that he has pursued this course in preference to designating depositories in the ordinary way, which compels them to buy the bonds in the market at a large premium, thus paying out more for the bonds than they get from the government. The customs receipts are extremely heavy at this particular season of the year and the present conditions no cause for alarm. He calls attention to the fact that there is no evidence of a currency famine present or prospective elsewhere than in New York and even there the rate is not high for commercial paper.

Armour & Co. to Loan \$4,000,000. Chicago, Sept. 14.—Seeking to relieve in a measure the stringency in the eastern money market and also to benefit by the advancing rates for loans, Armour & Co., today sent \$4,000,000 to New York to be loaned until Jan. 1, 1903. The loan is made by the corporation, admitted sending the money but concerning the details of the transaction he had nothing to say.

CLOSE IN STOCKS IS STRONG.

Action of Secretary Shaw a Bull Point in Wall Street.

New York, Sept. 14.—Same assurance was imparted to the stock market at the opening Saturday by reason of the better demand from London and the early news of the government's decision to anticipate the October interest on bonds, but the list was generally dull and inactive during the first hour. The commission houses did very little and foreign buyers were only moderate buyers.

In money a slight pressure was directed against some issues in the early trading, but support came later. Although the bank statement shows a decrease of nearly \$3,382,000, there still remains a balance of slightly more than \$700,000,000 as the result of the heavy shrinkage in the loan account. The statement proves beyond a doubt that the surplus of the bank is at this time much below the legal reserve requirements. The loss in cash—slightly over \$7,000,000—was about equal to expectations.

The market appeared to take kindly to the bank statement, and this, together with the action of Secretary Shaw, brought increased activity with improved prices to a number of leading issues, including St. Paul, Illinois Central and Sugar. The closing was strong and active, as follows, Paine, Webber & Co. reporting the quotations:

Table with columns for stock names and prices. Includes Wabash Pfd., N.Y. Central, Southern P., Sugar, Rock Island, C. & N. W., C. & O., C. & G. I., O. & W., Illinois Central, U.S. Steel, Erie, Pfd., C. & N. W., Peoples Gas, Atchison, Northern Pac., Union Pac., and Pfd.

GRAIN MARKETS LOWER.

Warm Weather a Depressing Factor in the Chicago Pits.

Chicago, Sept. 14.—Trading in wheat Saturday was moderate, the market was less active and the feeling was weaker. The lowest wheat losses were 1/2 to 3/4. Lower wheat and the rising temperature in the Northwest were among the bear influences. The Southwest was rather prominent on the short side and the Northwest was credited with covering shorts. At Liverpool, spot was steady to 1/2 lower. The exports were fair, thirty-two headlands being accepted on the coast. The demand for September wheat was moderate and the trade was smaller.

In corn the trade was good, firm early on buying by the country. Late professionals sold freely, partly to secure profits, and the prices weakened.

SELLWOOD'S IRON MINES.

He Has Opened Several Fine Properties on the Mesaba This Year.

Jos. Sellwood is opening more new mines on the Mesaba this year than any other man. Some of these are for himself and associates, and two are for the Deering Harvester company, says the Iron Age. A brief outline of the work that has been done on these properties this summer will be interesting as showing instances of hustling and what can be accomplished on that range.

The Longyear mine, in the western half of the northwestern quarter of section 5, 57-20, was started in April last, and none of the remaining six mines under Mr. Sellwood's charge were entered until the following month. At the Longyear a shaft 100 feet deep was sunk and four large pumps were installed and are busy caring for the water, which is coming in very fast. A large amount of drifting has been done, and the mine is shipping ore. It will make an output this season—that is, before December 1—of about 55,000 tons. The mine is on the line of the Eastern Minnesota road and ships to Lake Superior over that line. It was explored by E. J. Longyear for Hill, Bennet & Longyear, the fee owners. The ore of the Longyear is of moderate grade and is rather too fine, physically, for best results in the furnace.

The Morrow was entered in May. It is the northwestern quarter of the southwestern quarter of section 29, 58-20, adjoining the Pillsbury mine, and is a surface property of good ore. It was explored by Hawkins and others, and is under a 25-cent lease from J. S. Pillsbury estate. It commences shipment next week and will put out about 50,000 tons this year. A large area will be stripped before cold weather, so that the shipments of another year may be several hundred thousand tons.

The Pearce is a third mine. It was entered in May also. It lies adjoining the Chisholm in the northeast quarter of the northwest quarter of section 28, 58-20, and contains a corner of the latter's fine deposit of ore. A shaft has been sunk through very hard taconite, and considerable drifting has been done. The mine is now shipping about 600 to 700 tons a day, and will make an output for the season of not less than 60,000 tons. This is the finest ore of the various mines being opened by Mr. Sellwood this year, and is guaranteed at 63 per cent iron and 0.635 phosphorus. The royalty here is 36 cents a ton.

The Croxon, another underground mine, is in section 13, 58-20, and has been opened since May. It has a shaft down and begins shipment this week. It will produce about 50,000 tons this year.

At the fifth of these mines, the Lator Bros., of St. Paul, to strip 1,000,000 cubic yards of overburden and to mine 3,000,000 tons of ore at prices that are lower than any ever made on the Mesaba range. The mine lies in the eastern quarter of the northwestern quarter of section 10, 57-21, and joins the Donora on the south. It was explored by E. J. Longyear for Hill & Warren, the fee holders, and carries a 25-cent lease. It is the agreement between the mining company and the contractors that an average annual output of 200,000 tons shall be maintained. The stripping is now under way, and the mine will produce this year 75,000 tons.

Two more mines are under Mr. Sellwood's management and are the property of the Deering Harvester company. One is the Agnew, in the northwestern quarter of the northeastern quarter of section 11, 57-21, and was explored by Messrs. Agnew, Alworth, Cole and Van Horn, who sold to the Deering company for a bonus of \$150,000 above the 25-cent royalty. The minimum output is 100,000 tons per year. This mine is underground, and has commenced shipping from a 150-foot shaft. It will produce about 50,000 tons this year.

The Hawkins is the second of these Deering mines. It is in four adjoining forties of sections 31 and 32, 57-22, and is twelve miles from Hibbing. It was explored by Messrs. Kinney, Hawkins et al. two years ago. It contains about 9,000,000 tons of merchantable ore running about 58 per cent and a large amount of lower grades. It is to be a milling property, but has been opened underground this season. Though but five miles from the end of a railroad, it costs \$500 to haul to two portable boilers, and every stick of timber used in the works was hewed on the site. A branch of the Eastern Minnesota road will reach at the mine about October 15, and it is hoped that 35,000 to 40,000 tons can be shipped this year. Ore is now being hoisted from the drifts. Next year these seven mines will produce well toward 2,000,000 tons.

BOER TACTICS BY GERMAN.

Wireless Telegraphy Also a Feature of the Recent Maneuvers.

Berlin, Sept. 14.—Two novelties at the army maneuvers just ended were wireless telegraphy and Boer tactics. The results of the wireless experiments seem completely satisfactory, and in the opinion of the military chiefs will enormously affect the transmission of intelligence during battle.

The system used was neither the Slaynor nor the Marconi, and a description of the apparatus is not available because visitors at the maneuvers when they came close to the stations were requested to retire. The exterior of the apparatus is simply a cubical iron box, about three feet each way, mounted on a wagon resembling a gun carriage and drawn by four horses. The messages sent were caught on a wire attached to a small balloon several hundred feet above the carriage. These stations were moved freely about the field, the horses sometimes going at full trot, but they were stopped for telegraphing. The operator used a key producing a shrill, metallic sound, audible for a hundred yards.

The cavalry corps, in making the detour Friday, kept constantly in touch with headquarters through the wireless telegraph, enabling the corps to hasten or retard its movement, throughout the thirty-mile ride, as in the judgment of the headquarters staff changes in the situation were required. It will now be possible to deliver co-ordinate attack by widely separated divisions in a way heretofore impossible.

Boer tactics were used extensively during the third day of the maneuvers, when the infantry developed in order and advanced regardless of regular formation, each man or squad taking advantage of irregularities of the ground for cover and running forward in small sections instead of in a whole line, sitting down again and once again advancing. The artillery also, instead of being massed on prominent points, where guns and gunners would become targets for the enemy's guns, was placed in selected covered locations, each battery taking up its position without regard to alignment with the others.

PROPOSALS.
Proposals will be received up to and including Oct. 1, 1902, for the delivery of 200 cords of green, hard, body wood, 8 ft. and four feet long, said wood to be delivered at the city of Marquette during the months of December, 1902, and January and February, 1903, in such quantities per month as may be desired. Right reserved to reject any and all proposals. All proposals containing proposals should be so marked.
C. D. BLANCHARD, Superintendent. (9-4-23)

EFFIE ELLISER.
Is Said to Be Not an Unworthy Successor of Julia Marlowe.
Effie Elliser, who will be seen here tomorrow evening, is said to be not an unworthy successor of Julia Marlowe in "When Knighthood Was in Flower". Miss Elliser's bill for the forthcoming engagement. She has been generally praised by competent critics for her interpretation of the part of Mary Tudor, which gives her an excellent opportunity to display her talents. Miss Elliser's production of "Knighthood" is complete in every particular, all the stage effects being carried.
When Miss Elliser was in London last summer she spent much time visiting scenes and places mentioned in "When Knighthood Was in Flower". During one of her trips over the old part of the city, she discovered that Duck's Foot Lane near Cannon street has nothing at all to do, so far as the origin of its name is concerned, with ducks, but was named after the first Duke of Suffolk. This is the title which Mary wheedled from Henry VIII. for her humbly-born lover, Charles Brandon, hero of "When Knighthood Was in Flower." He and many of the subsequent dukes of his line lived in Duck's Foot Lane and their town house was called the Manor of the Rose. The nearby Cannon street gets its name, not from heavy artillery, but from candles which were made in it when it was known as Candlewick street.

SAM JOHNSON OF MUNISING.
He Was Given a Great Scare by a Bear That Walked Like a Man.
Despite the fact that Sam Johnson of Munising is an old woodsman and has from time to time encountered nearly every species of the brute creation that roams these northern wilds, he had a "creepy" feeling one day recently when he came suddenly face to face with one of the denizens of the "forest primeval," says the News. The circumstances under which the encounter took place are as follows:
Mr. Johnson, who has a cedar contract at Metzger, on the east branch of the Munising Railway, started to walk across a fallen tree when he saw the largest black bear he had ever met. The bear was walking like a man, with his fore paws raised and in Mr. Johnson's imagination he loomed up the biggest thing that ever happened in the bear line. Bruin was directly in the course that Mr. Johnson intended to take and did not seem to mind it a bit. For several minutes man and beast stood facing one another till the former got mighty uncomfortable. Finally the bear gave sharp knocks with the small axe he was carrying on the tree. The bear then slowly settled down onto all fours and slowly shuffled off into the bush.
A medium sized black bear was recently killed at Mr. Johnson's camp and others have been seen around there.

COPPERS DULL.
Insiders, However, Are Said to Be Principal Buyers of Amalgamated.
Paine, Webber & Co. said of coppers: "The market is still unsettled because of the tightness of money. Coppers continued dull today, but were among the firmest stocks on the list. The opinion is growing here that insiders are the principal buyers of Amalgamated and the old active coppers, and that, as soon as the money situation is straightened out, copper stocks will have a good advance. We strongly favor the long side of all good coppers."
Hayden, Stone & Co. said:
The market is very dull and the stocks inactive. Daily West and the old active coppers, and that, as soon as the money situation is straightened out, copper stocks will have a good advance. We strongly favor the long side of all good coppers."
W. H. Laidley said of the Chicago markets:
"What opened a little easier, on lower cables and selling by the local crowd on rising temperature in northwest. The outside trade was small. The northwest receipts were only fair. The Minneapolis stocks are expected to decrease 345,000 for the week. The market sold off late in the session, on realizing by longs, and in sympathy with the weakness in corn. The clearances continue very good.
"Corn opened steady, but the offerings became heavy, and soon caused a decline. The receipts are somewhat larger, and the grade better than usual. The reports received in sympathy with corn. The trade was light and featureless. There was very little commission house business. Local longs have sold, and the market improves with the other grains.
"Provisions were steady, with but little interest in the market. There is a 'HELPING HAND.'"
Is Gladly Extended by a Marquette Citizen.
There are many enthusiastic citizens in Marquette prepared to tell their experience for the public good. Testimony from such a source is the best of evidence and will prove a "helping hand" to scores of readers. Read the following statement:
Mr. Edward Murtha of 221 W. Rock street, says: "I suffered off and on for a long time with attacks of pain through the small of my back and around through the groin. At times it became quite severe, especially if I caught cold or strained myself. The kidney secretions were irregular and unnatural. I was advised to go to the Stafford Drug Co. and procure Doan's Kidney Pills. I did so and began to use them. The distress was removed from my back and loins and the kidney secretions regular."
Sold for 50 cents per box. For sale by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Doan's and take no other.

LOOK FOR BIG OIL STRIKE.
Directors of the Eastern Co. Return Enthusiastic from Visit to Kentucky.
The Michigan directors of the Eastern Kentucky Oil company, of which W. H. Hibbard of this city is vice president, have just returned from Lexington, where they have been in conference with the other officers of the company, says the Detroit Tribune. They are more enthusiastic than ever over the prospects of the company.
The new pipe line now being put down in the immediate vicinity of their property which proves they have an immense pool of oil. Their own well on the Morgan county anticline passed through two zones of oil. The first one made but a slight showing of oil, the second one better and would pay to pump if necessary, but these showings they claim only indicate an immense body of oil when they strike the true sands, and the indications at the well are day by day proving true the theories of the eminent geologists who made the survey and located the property.
The new pipe line now being built by the Standard Oil company at a cost of a million dollars will pass directly through the property of the Eastern, thus making a market for the oil in the near future. All these things taken together determined the directors of the company to raise the price from 40 to 60 cents per share, and it was the opinion of the officers who live in Kentucky that the price should be advanced at once, but the Michigan directors secured permission to sell a few thousand shares more at 40 per share. This was agreed to by all the parties, with the express understanding that as soon as the stock is sold there will be no more 40 cent stock. Only a small block will be put upon the market at 60 cents as the company has nearly all the money they will need and as soon as they reach the required amount, the stock will be withdrawn from the market. This company is organized at 500,000 shares at a par value of \$1 per share. There are no preferred stock, no bonds and no debts, and all stockholders share exactly alike in the organization.
A question that is often asked is "what dividends can be expected on this oil stock?" It is hard to estimate what the future will do. The J. W. Geary Oil company began selling oil the first of May and they are now selling oil enough to make their earnings fully 300 per cent per annum on their entire capitalization and their stock was sold here in Michigan at 50 cents on the dollar. The Licking Valley Oil & Gas company, in which many Michigan men are stockholders, had not sold any oil yet, but they have over twenty wells ready to pump and will sell oil as soon as the pipe line is put in. From the proceeds of these wells, even though they never get another well, it is estimated they can pay more than 100 per cent per annum on their capital stock and this stock was sold in Michigan at 50 cents on the dollar. The Central Oil, Gas & Mining company, whose stock is nearly all owned in Michigan, have some twelve or fourteen wells ready to pump as soon as the pipe line is put in. They should never get another well, the proceeds of the wells they now have ought to pay 150 per cent per annum upon their entire capitalization. Many other instances might be mentioned, but only these companies are referred to in which large blocks of the stock are held in this state. What the Eastern Kentucky company will pay is a problem yet to be solved. All the experienced men who have been over the Kentucky field predict that the Eastern will rank among the very best of the Kentucky companies. Their land is carefully selected. The officers of the company are of high standing and ability and everything seems in their favor.

TO CLOSE TROUT STREAMS.
The Consolidated Sportsmen's Association Will Appeal to Legislature.
The Consolidated Sportsmen's association of Grand Rapids, which has prospered beyond expectations in the last year, has several important matters on hand. The club expects to go before the legislature next year and ask for the closing of several of the more important trout streams of northern Michigan for at least two years, in order to allow them to recuperate. It is declared that the past season has been the worst, so far as trout fishing is concerned, ever known in the state, and it is insisted that the streams have been whipped to death. The state fish commission is doing an excellent work, but the number of fishermen has increased to such an extent that the supply cannot keep up with the demand, and it is felt that a temporary closing is also urgently needed for the benefit of the streams themselves. The club will also make an effort to get the legal length of trout raised to seven inches.

The steamer Forest City arrived yesterday with a cargo of soft coal.
Arthur Palmer left this morning for New York on a purchasing trip.
Miss Gene Rankin entertained a number of her friends at cards Saturday afternoon.
Miss Rose Mayer of the Soo is in Marquette, visiting her sister, Mrs. P. J. McCarthy.
The Ishpeming Presbyterian Sunday school held its annual picnic at Presque Isle Saturday.
Superintendent Thompson moved into the Mathews house, corner Bluff and Front streets, Saturday.
There will be a meeting of the class of 1902 at H. F. Handford's residence this evening at 7 o'clock.
Edward H. Smith left on the early train today for a two weeks' visit at Buffalo and Niagara Falls.
Mrs. Jennie D. Dwyer left for West Superior, where she will spend a few months, Saturday morning.
Mrs. Flo Sullivan, who has been visiting her mother, Mrs. P. Dutsch, here, left for her home in Chicago yesterday.
Miss Olive Blanchard left for Ann Arbor, where she will attend the University of Michigan during the ensuing year, this morning.
Mrs. H. Rivers and daughter Agnes left on the Detroit excursion this morning. They will stop off at Alpena for a few days on the way home.
A pair of musicians, a man and a little girl, furnished music about the streets the latter part of last week. They played the harp and violin.
The steamer Japan, which was in port, bound down, Saturday, had a small passenger list, the season for passenger traffic on the lakes being about over.
The Marquette Light Infantry attended the morning service at St. Paul's cathedral yesterday. There was a large representation of members of the company.
The terminal section of the intake which is being laid at the plant of the Pioneer Iron company in North Marquette is being put together at Spear's dock.
The freighter John M. Nicols is due in port today. She is carrying a consignment of a thousand bags of nitrate of soda for the Lake Superior Powder company.
Ford McGregor left Saturday noon for the lower part of the state. After a short visit with his parents, he will enter the law department of the University of Michigan.
The flag pole at the court house lot was taken down Saturday morning. Its location was such that it had to be removed, as it was in the way of the buildings operations.
Glenore, the infant daughter of Zie Gauthier, died Saturday noon of cholera infantum. The funeral was held yesterday afternoon at 4 o'clock, interment being in Holy Cross cemetery.
Miss Mae Green has returned from a two months' visit with her brother, Floyd, at Portland, Ore. She will leave for Ann Arbor, where she will attend the university during the coming year, early this week.
Eva Houle, two-year-old daughter of Albert Houle, 431 Craig street, died yesterday after a brief illness. The funeral will be held this afternoon from St. John's church. Interment will be in Holy Cross cemetery.
The subscription Assembly at Fraternal hall this evening promises to be well attended. The Marquette Light orchestra will furnish the music, and will play a number of new selections. Refreshments will be served on the stage.
Work on the group of houses being built by the Pioneer Iron company on its North Marquette furnace site is proceeding rapidly. All the dwellings have been staked out and the framework of one is up. The office building is also beginning to assume shape.
The Laidley Commission company is now nicely located in its new offices on the second floor of the new Thatcher building, Ludington street, Escanaba. The firm occupies a suite of two rooms, conveniently arranged to meet its needs. Manager Stratton has a private office.
William J. McCre, who has been manager of the Escanaba exchange for the Michigan Telephone company, has given up that position and will take charge of the construction work on the upper peninsula for the Michigan people. Mr. McCre expects to make his headquarters in Marquette.
Gil Hodgkins of Ishpeming has the contract for excavating for the foundations of the new court house. Saturday he had five men and three teams at work, and he expects to add another team this morning. Mr. Hodgkins expects to be busy all this week, at least, completing the work.
There was a good traffic to and from the fair Saturday. It was made up mostly of exhibitors who went out to get their displays. The exhibition buildings were cleaned out by evening. The performers who furnished the circus

features of the entertainment program left the city Saturday.
The slab and refuse burner at the Deal River mill, located between the mill and the street car track, is being torn down, the present management not having any use for it. It is being demolished to get the iron used in its construction. The work was undertaken about a week ago, and will be some time in completion.
Deputy Warden Catlin, of the branch state prison, received word Saturday that his son Bert had sustained serious injuries at Iron Mountain. Young Catlin was at work on a telegraph pole, which broke, throwing him to the ground and falling on him. A live wire also came in contact with his body. He was picked up in an unconscious condition and taken to the hospital. Mrs. Catlin left Saturday evening for his bedside. The young man is still in a critical condition.
W. R. Breen of the Soo, who drove Little Johnny in the race with Hugh Stewart's Gas Light at the fair Friday afternoon, takes exception to the judges' ruling in the fourth heat, when they gave the heat and race to Gas Light, charging Breen with an illegal use of his whip. Breen denies the charge that he violated any track regulation, and asserts that at no time in the heat was Gas Light near enough to his horse to make an illegal use of his whip possible. He was greatly surprised at the judges' decision, and asserts that he had the heat won and could have also taken the fifth heat and the race.
Mr. Bennett, of "A Royal Slave" company, in speaking Saturday night, of Miss Elliser's opening engagement at the opera house, said that it was played thirteen years ago. Mr. Bennett was in error. The opening date at the opera house was Feb. 8, 1892, when Miss Elliser appeared in "Hazel Biker." The opening really continued the following two nights, when two other bills were played. William Ross, the first manager of the theatre, played his first attraction the evening of Feb. 22. Thus the theatre has been open a little over ten years. It is a notable commentary on the Marquette's progressiveness or the backwardness of the rest of the upper peninsula that for some eight years its opera house was the lone first class theatre north of the straits.
Following is the list of guests who went to Houghton from the iron country Friday to attend the annual ball of the Upper Peninsula Council of the United Commercial Travelers of America at the Douglas House that evening: C. A. Wheeler and wife, W. C. Allan and wife, C. A. Shelton and wife, A. E. Boswell and wife, George C. Eccles and wife, Edward L. Kellan and wife, John E. Krafft and wife, W. F. Mitchell and wife, M. Patterson, J. M. Johnson, R. E. Lee, P. J. O'Donnell, W. M. Boaz, W. H. Kinsman, O. M. Holomo, C. W. Peterson, Mrs. James E. Burtless, Mrs. M. Egan, Mrs. Liddell, Miss Graham, Miss Laura Jacobs, Miss Ella Jacobs, Miss Johnson, Miss Egan, Miss Catlin, Miss Wallace, Miss Byrne, Miss Kinney, Miss Josephine Johnson and Miss Donahue.
General Passenger Agent Hibbard of the South Shore road has issued the following circular, which should have the effect of discouraging, in some degree, the annual influx of pot hunters from the lower part of the state, to ticket agents: "The D. S. S. & A. R'y will not make any reduction in rates from Mackinac City to points on its line for the transportation of hunters. Regular round-trip thirty day rates will be charged, and lines south of Mackinac are requested to make through rates on that basis. Camp equipment to the amount of 150 pounds for each whole ticket and 75 pounds with each half ticket will be carried free at owners' risk when accompanied by owners holding hunters' tickets. All in excess of the weights described will be charged for at regular excess baggage rates. Small boats, game, including carcasses of deer, elk, bear and boxes of fish, will not be carried as baggage on passenger trains. They must either be shipped by freight or turned over to the express company."

ONE-SIDED GAME.

Ishpeming Had No Trouble Defeating
Champion Saturday.

About 300 people saw the Ishpeming
high school football team defeat the
Champion eleven, by the score of 32 to
0, Saturday. The Champion line-up was
slightly changed from that published
Saturday, as neither the Reed brothers
nor Lacross, the crack guard, showed up.
Max Harbour acted as referee, and D. D.
Randall umpired the game. Twenty-five
minute halves were played, and Ishpeming,
winning the toss, took the east goal,
giving Champion the kick-off.

On the first kick-off, Peterson got the
ball on the twenty-yard line and carried
it forward twenty yards. Then, by a suc-
cession of quick rushes, the ball was
advanced to Champion's six-yard line,
where it was lost by a fumble. Sleeman
was given the ball, and, with the aid of
splendid interference, ran around Ish-
peming's right end for twenty-five yards.
This was the most exciting period of the
game, but the excitement was short
lived, for the visitors fumbled on their
forty-yard, Ishpeming getting the ball.
Bell made five yards, and Gill went
through the line for ten. Johnson
went around the left end for fifteen
yards, scoring the first touchdown in
thirteen minutes and five seconds. Pet-
erson kicked the goal.

On the second kick-off, Peterson ad-
vanced the ball ten yards to Ishpeming's
forty-yard line. By a succession of
brilliant runs Ishpeming carried the oval
down the field, and Johnson was pushed
over the line, for the second touchdown,
in six minutes time. Peterson failed to
kick goal and the score stood 11 to 0.

On the next kick-off, Bell carried the
ball to the forty-yard line. Johnson
made a sensational run around the right
end for thirty yards. For the first time
Ishpeming lost the ball on downs, on
Champion's twenty-yard line. The vis-
itors then advanced the ball to their
thirty-five yard line. At this interval
time was called.

On the kick-off in the second half
Peterson made a dribble kick, and Gill
fell on the ball on Champion's fifty-yard
line. Johnson carried it ten yards, Pet-
erson twenty yards and Johnson ten
yards to Champion's two-yard line. Bell
was pushed over for the third touch-
down. The time was two minutes and
thirty seconds. Peterson failed for goal,
making the score 16 to 0. On the kick-
off, Bell advanced the ball twenty yards
to Ishpeming's forty-yard line. Pet-
erson made thirty yards around the right
end. Gill was sent through the line for
ten yards, and Johnson went around the
left end for a touchdown. Peterson
kicked goal and the score stood 22 to 0.

Taleen got the ball on the next kick-
off and advanced it to the forty-yard
line. Then, by a succession of five and
ten-yard runs, Johnson and Peterson
carried the ball through Champion's ter-
ritory to the visitors' twenty-yard line.
Ishpeming was here penalized ten yards
for off-side playing, and they lost the
ball on downs. Champion failed to
make the required five yards. Peterson
shortly went around the right end for a
touchdown. He missed the goal; score
27 to 0. On the kick-off Johnson car-
ried the ball to the forty-yard line. It
was then given to Peterson. He passed
it to Johnson, who, aided by splendid
interference on the part of Bell, carried
it twenty yards. Nelson scored the
touchdown, in three minutes time. Pet-
erson again failed to kick the goal;
score 32 to 0.

Peterson got the ball on the kick-off,
and Bell punted to Champion's forty-
yard line. Champion was unable to
gain. Time was called with the ball in
Ishpeming's possession on Champion's
thirty-yard line.

Fred Belland, who played right half
on the Champion team, is the captain
and fullback of Ypsilanti Normal school
team. The best playings for Champion
was done by Belland, Sleeman, Ulrick-
son and Belhumer.

ANNUAL MEETING.

The annual meeting of the stockholders
of the Oxford Mining company was held
here Tuesday at the Hall and Moss bank-
ing rooms. Officers were elected as fol-
lows: C. H. Hall of Evanston, Ill.,
president; Alexander Maitland, of Nega-

CORNER STONE LAID.

Perfect Weather Marked the Occasion at
New Methodist Church Yesterday.

The corner stone of the new M. E.
church was laid yesterday afternoon in
the presence of an assemblage of people
that filled Division street from curb to
curb, and overflowed into Second street.
The crowd numbered in the neigh-
hood of 3,000 people and, with few ex-
ceptions, they all remained until the end
of the services. The stone was laid by
Hon. T. A. Felch. The services were at-
tended by members of the city council,
and by Sir Humphrey Davy lodge of the
order of Sons of St. George.

The services began at 2:30 p. m., with
anthems by the church choir, followed
by the pastor's charge, by Rev. Polking-
horn. Rev. E. Bickford read the Scrip-
ture response, and Rev. D. Casler read
the lesson. The principal address was
delivered by Rev. C. M. Thompson. The
special offering netted \$338.75. Mayor
Felch delivered an address, following
which he laid the corner stone. The
services were concluded by Rev. Thomp-
son, who pronounced the benediction.

ALFRED CHIPMAN'S FUNERAL.

The funeral of the late Alfred Chip-
man, who met death in a copper country
mine one day last week, was held yester-
day afternoon at 2 o'clock from the
home of his wife on East Pearl street.
Services were conducted at Grace church
by Rev. C. D. Atwell, the rector. The
deceased was well known here. He re-
sided in Ishpeming about twenty years
prior to going to the copper country
some four years ago. For some time be-
fore leaving here, he was in the city's
employ. He is survived by eight adult
children, five daughters and three sons.
The daughters, who were present at the
obsequies, were Mrs. William Lucas and
Miss Bessie Chipman of this city; Mrs.
Emanuel Dunn of Lead City, S. D.; Mrs.
James Burns of Ashland, Wis., and Mrs.
Richard Jenkins of North Freedom, Wis.
The sons present were Alfred and Rich-
ard of this city and John of Norway.

"THELMA" TONIGHT.

This evening at the opera house Aiden
Benedict, the well known producer of
popular and realistic plays, will present
Chas. W. Chase's dramatization of Marie
Corelli's novel "Thelma". The play is in
four acts, and includes all the principal
and interesting scenes of the novel. The
Alten Fjord, the death of the Viking on
the burning ship, the Aurora Borealis
and the snow storm, may be named
amongst its chief scenic adornments.

TO RESTORE STOLEN MONEY.

Young New York Man Worked in Woods
and Mines in This Vicinity.

A New York dispatch gives the follow-
ing recital of the experiences of a
young man formerly employed in the
lumber woods and iron mines in this sec-
tion:

"Struggling for seventeen months to
earn money by difficult and dangerous
work in order that he might pay back a
few hundred dollars he had stolen, Her-
man Apeler found accident or illness dis-
rupting his small hoard each time that
he accumulated it, and finally, broken in
health, he gave himself up to the au-
thorities in Cleveland. He was returned
to Brooklyn, and was sentenced to a
month's imprisonment.

"His recital of his experience and his
plea for mercy in a letter he wrote to
Judge Crane was effective. Apeler is
a young man and married. He was
employed as a cashier in Nelson Morris
& Co.'s Brooklyn house for several years.
About ten months ago he stole \$237 and
disappeared. The police lost all trace
of him until two months ago, when they
were informed by the police of Cleveland
that Apeler had surrendered himself
there.

"Apeler worked in the tunnel under
Lake Erie, at Cleveland, at fifty pounds'
air pressure. Fifty-nine men were
killed during the two years this tunnel
was building, and he safely escaped with
his life from two accidents last summer,
from which fourteen lives were lost. He
became a sailor on the lakes and had
two ribs and his knee cap broken. Then
he worked in the woods near Champion,
Mich., in snow three feet deep, and the
thermometer 15 to 20 degrees below zero.
Next he was in the iron mines in Michi-
gan. A piece of ore fell on his foot
and broke his ankle."

ANOTHER ORE DOCK.

It is Said That St. Paul Road May Build
It at Escanaba.

The arrival of a party of officials of
the Chicago, Milwaukee & St. Paul road
is daily expected here, at which time it
is believed and semi-officially reported
that the question of erecting another
ore dock at this place will be decided
and work on the structure ordered com-
menced at once, says the Escanaba Mir-
ror. The party has been expected for
the past few days, and its arrival is
awaited with considerable interest.

That the St. Paul company's facilities
for handling ore are not of the best is
well known, and the announcement that
the corporation contemplates erecting a
new dock during the coming winter is
being hailed with satisfaction by a large
number of Escanaba people who are di-
rectly and indirectly interested. So far
nothing definite in regard to the matter
has been announced officially, but it is
known positively that the construction
of another mammoth dock is under con-
sideration by the officials of the com-
pany, and it is believed that the matter
will be definitely decided upon the ar-
rival of the St. Paul party.

The shipments of iron ore over the
Escanaba docks of the St. Paul com-
pany for the present season will probably
not reach expectations by 250,000 tons,
it having been found necessary to cut
off some of the contracts owing to inade-
quate facilities. Something over 1,000-

000 tons, however, will be handled, which,
taking all things into account, is con-
sidered an exceptionally good showing.

The insufficient facilities for handling
ore, and the scarcity of certain grades,
have been the means of causing much
trouble and annoyance among the vessel-
men who have chartered for cargoes of
ore from Escanaba. It is a common
thing for boats to be at Escanaba from
three days to a week over time.

It is felt that with the erection of a
new dock at Escanaba, this trouble will
be at an end and that hereafter there
will be no difficulty in loading boats with
good dispatch.

CASHING POOR ORDERS.

F. Braastad & Co. have decided to cash
county orders. This is a convenience
the poor people who are dependent upon
the county for aid will appreciate. Mr.
Braastad cashes the orders at their full
value and waits a month for his re-
turns from the county. The firm has al-
so adopted the weekly payment system
at its establishment. The employees are
paid every Monday for the previous
week's work.

THE MARQUETTE GOLD MINING & MILL- ING CO. IN GOOD ORE.

The following are the results of three sam-

Eczema, Psoriasis, Salt Rheum, Tetter and Acne

Belong to that class of inflammatory and disfiguring skin eruptions that cause more genuine bodily discomfort and worry than all other known diseases. The impurities or sediments which collect in the system because of poor digestion, inactive kidneys and other organs of elimination are taken up by the blood, saturating the system with acid poisons and fluids that ooze out through the glands and pores of the skin, producing an insupportable itching and burning, and the yellow, watery discharge forms into crusts and sores or little brown and white scabs that drop off, leaving the skin tender and raw. The effect of the poison may cause the skin to crack and bleed, or give it a scaly, fishy appearance; again the eruptions may consist of innumerable blackheads and pimples or hard, red bumps upon the face. Purification of the blood is the only remedy for these vicious skin diseases. Washes and powders can only hide for a time the glaring blemishes. S. S. S. eradicates all poisonous accumulations, antitoxins the Uric and other acids, and restores the blood to its wonted purity, and stimulates and revitalizes the sluggish organs, and the impurities pass off through the natural channels and relieve the skin. S. S. S. is the only guaranteed purely vegetable blood purifier. It contains no Arsenic, Potash or other harmful mineral.

Write us about your case and our physicians will advise without charge. We have a handsomely illustrated book on skin diseases, which will be sent free to all who wish it.

QUIET CAMPAIGN.

Candidates for County Offices Are Not Very Numerous This Fall.

There will not be many warm contests between candidates seeking nominations on the Republican county ticket at the convention to be held at Marquette on Tuesday, the 23rd. The warmest fight will doubtless be between J. H. Primeau and J. E. Reau, who are seeking the nomination as register of deeds. Mr. Primeau spent a couple of days here this week, looking after his fences. He lived in Negaunee so long that he is well known here, where he rather looks for strong support. He met with encouragement, although it is pretty well understood that Mr. Reau will get some support in this city. The contest will be interesting, as both candidates intend to make an active canvass. Mr. Primeau has held the office for two terms, and he has made a good official. Mr. Reau stands very well in the county.

As for the other places on the ticket, no opposition has been heard to any of the present officials, except in the case of coroner in this end of the county. There are two or three Negaunee men who would like to hold the office which William Prin of Ishpeming is filling. Mr. Prin is a candidate for reelection.

Frank A. Bell is the best candidate for the nomination as prosecuting attorney. His work has been very satisfactory during the past two years, and from present indications, he will receive the nomination without opposition. The same can be said of Sheriff Pengase and County Treasurer Skoglund. No opposition to either of these officials has yet appeared. As for Billy Ross, it is a "cinch" that he will be the next county clerk.

The Democratic party has not yet called its county convention. It is assumed, however, that the call will be issued soon, and that a complete ticket will be placed in nomination. No candidates have yet been mentioned for any of the offices.

HEARING POSTPONED.

Four of the seven saloon keepers who were arrested last week for violating the screen law were given a hearing before Justice Thoren Saturday morning, and the cases of the other three will come up Oct. 4. Oscar Field, Jacob Salo, Kangag Terkar and Isaac Isaacson were examined Saturday, the decision being held open until the other three offenders, Julius Lahti, Michael Scanlon and John Nesbitt, have had their hearing. A postponement for three weeks was taken to accommodate the Rev. Gilchriese, who leaves the city today to attend the Methodist conference at Saginaw.

The hearing of the Rev. Gilchriese and one other witness gave testimony against the saloon keepers, who appeared without an attorney.

SCHOOL BOARD MEETS.

The first meeting of the school board for the ensuing year was held Friday night, when the following officers were elected, the list being the same as for last year: J. H. Sawbridge, moderator; R. G. Jackson, assessor; Nicholas Laughlin, director. The board decided to purchase new seats, and to fit up another room in the Park street school, which was built three years ago, when but four of the eight rooms were placed in use. The room now to be fitted up is the last vacant room in the building. In view of the crowded condition of the schools, there is some talk of erecting an additional structure.

LOCAL LACONICS.

A. Maitland went to Chicago Friday. J. H. Winter left Friday for Chicago. Werner Nikander and T. A. Olin were in Marquette Friday.

J. D. Campbell is here spending a few days with his family.

Frank E. Tompkins leaves today for Postoria, Mich., for a ten days vacation.

Alex. Carlson of Escanaba, who does a wood jobbing business, was in the city Saturday.

Miss Rose Legault has gone to Iron Mountain for a week's vacation. She will visit relatives.

Will Maas went to Crystal Falls, where he is doing some exploring at Iron River, Saturday.

Andrew Erickson moved his family to Ishpeming, where he will occupy his own house, Friday. He will continue his business in this city.

There will be a meeting of the Retail Clerks' union tonight, to take action on the question of closing the stores two nights in the week at 6 p. m.

Mrs. Christ Fox of Houghton, a former resident of this city, is visiting Mrs. Adam Katus. It is fifteen years since Mrs. Fox was in Negaunee.

Willis Crane, who has been visiting his parents for a week, left Saturday for Manistique, where he holds a position as clerk in the Osawatomie Hotel.

The Negaunee team was defeated by the baseball nine of Crystal Falls at that place in the game played yesterday. The score was 4 to 2. No details of the contest were received.

T. C. Yates and son, Will, went to Chicago Friday. Will will go from there to Madison, Wis., where he will take a course in engineering in the University of Wisconsin.

Frank Sauer is remodeling Frank Koob's house on Mitchell avenue. Mr. Koob has done some extensive repairing at his property on Cherry street. He will move into the old house, when the present work is finished.

General Manager Thomas F. Cole had carte blanche on the Northwestern road Thursday night, when he was given a clear track between this city and Negaunee, at which place his engine lay all into death. Mr. Cole came from Duluth in his private car and upon reaching this city a special train was made up and freight and passenger trains were sidetracked so that the general manager might get to his mother's

National bank. He intends to sell it cheap in order to dispose of it in a hurry.

John Peters is here visiting his nephew William Peters, and will remain for a few days. Mr. Peters was a former resident of Ishpeming. He now resides in Trimountain.

William Davidson, janitor of the High street school, and wife, celebrated the twenty-fifth anniversary of their marriage Friday. They were tendered a surprise that evening by a number of their friends.

Win J. Morgan and wife are guests at the home of John Power, Ridge street. Mr. Morgan is a prominent real estate man of Milwaukee. He formerly traveled in the upper peninsula, and is well known in this section.

Mrs. Olaf Liff of Winthrop, a Swedish woman, who had lived in the country fifteen years, died Friday at the age of seventy. She is survived by her husband and daughter, Mrs. Herstein. The funeral was held yesterday from the Swedish Lutheran church, the Rev. Isaacson officiating.

A mild form of diphtheria has made its appearance among the children of the Junction school during the past few days. About six cases are reported, but the school will not be closed, as the disease is not considered a serious nature. Dr. Picotte fumigated the building Saturday.

Mrs. A. J. Lyons and Raymond Nolan, who have been visiting Mrs. Lyons' mother, Mrs. R. Mayer, will leave here for their home in Butte, Mont., next Monday. Miss Ada Mayer will accompany them, and remain in Butte for a month. The party will stop in Duluth for a few days.

Mrs. Nicholas Cox, whose husband keeps a saloon on Main street, died Saturday of consumption, after a long illness. Mrs. Cox was twenty-one years old, and was born and raised in this city. Her father is Ole Osgaard. The funeral will take place from the Swedish Mission church, the Rev. Polkinghorn officiating.

The championship golf trophy which the Ishpeming-Negaunee golf club won at the 800 tournament is on exhibition at Tilton's drug store. It is sterling silver, gold lined, with raised figures of drivers and golf balls. It stands on four balls. It was engraved with this inscription: "Upper Peninsula Golf Association Team Trophy."

Walter Day, who has held the position of bookkeeper at the Miners' National bank for the past four years, will resign his position in a few days, and leaves for Greenland, where he has been made cashier of the Greenland bank. Mr. Day will assume the duties of his new position Oct. 1. Before going there he will take a trip to Detroit. His position at the Miners' National bank will be filled by Clarence Dawson.

It is said that Iron Mountain will have a formidable high school football team this year. There are several of the old players in the line-up, which is as follows: Wright, R. G.; Karkket, R. E.; Sortor, L. E.; Plovman, C.; Sandercock, T.; Matthews, T.; Meyer, L. G.; Sackerston, R. H.; Powers, L. H.; Schober, Q. B.; Runne, F. B. The boys are being coached by Principal Reed, of the high school, who is said to be well posted on the intricacies of the game and on training matters.

Pauline Duncan, a little miss of fifteen years, took second place in the ladies' golf play at the 800 tournament last week. Her score was 71 for one round. Will Duncan won in the driving contest, making 107 yards against a high wind. George A. Newett made a record of thirty-nine strokes, which is the lowest score that has ever been made on the So-links in match play. In the individual medal play, Will Duncan surprised his friends, in what was the most brilliant contest of the tournament, losing only by one hole against Louis Egan of Marquette. The Ishpeming-Negaunee team, which carried off the trophy, was composed of Will Duncan, George A. Newett, J. A. Wood, Max Barbour and J. M. Perkins.

PLEASANT TO THE TASTE.

One of the most important requirements in a medicine to be given to small children should be that it is pleasant to take. Bad tasting medicines disturb the stomach, destroy the appetite and are extremely obnoxious to get children to take them. The pleasant flavor of Re-Go Tonic Laxative Syrup, the certain cure for dyspepsia, constipation, and biliousness, pleases the most sensitive persons and is the ideal laxative for young children. Sold by The People's Drug Store.

PRESIDENT SPEAKS

KNIGHTS TEMPLAR LISTEN TO THEIR EXECUTIVE AT THE SOO.

PRESENTS MANY RECOMMENDATIONS

U. P. ASSOCIATION LOST NUMBER OF MEMBERS THROUGH DEATH.

But Its Commanderies Are All in Flourishing Condition, With Over 600 Members in Good Standing.

President Sperry's address to the Upper Peninsula Knights' Templar association, assembled in annual convention at the Soo last week, contained much information of interest. The following excerpts contain the gist of his remarks:

We mourn the loss of our knights of our association since our last convocation so far as reported, as follows: Sir Knight E. F. Douglas, Montrose Commandery, number 38. Sir Knight T. B. Dunstan, Montrose Commandery, number 38. Sir Knight H. J. Hopkins, Lake Superior Commandery, number 30. Sir Knight George Hayden, Lake Superior Commandery, number 30. Sir Knight J. A. Crozier, Menominee Commandery, number 35. Sir Knight J. K. Niven, Gogebie Commandery, number 46. (First Eminent Commander of Gogebie Commandery.) Sir Knight J. H. McKana, Escanaba Commandery, number 47. Sir Knight D. G. Lockwood, Hugh McCurdy Commandery, number 43.

No deaths are reported from Sault Ste. Marie Commandery, number 45 or Marinette Commandery, number 26. Not being personally acquainted with the knights who have left our association for the "Great Beyond," that house not made with hands I can only leave their memory to the commanderies to which they belonged, with the assurance that this association will drop the sympathetic tear upon the grave of each.

Sir knights, "Ever keep in mind this solemn truth, you know not how soon you may be called upon to render an account unto the Supreme Judge, from whom the minutest act of your life is not hidden."

The membership of the association, as reported to me, is as follows: Lake Superior Commandery, No. 30... 139 Menominee Commandery, No. 35... 89 Montrose Commandery, No. 38... 141 Marinette Commandery, No. 26... 53 Hugh McCurdy Commandery No. 43... 46 Sault Ste. Marie Commandery No. 45... 69 Gogebie Commandery, No. 46... 45

Escanaba Commandery No. 47... 68

Total 641 I would suggest that the recorders of each commandery report the number of knights created during the association year (as well as the deaths) to the secretary, that he may have a complete record of membership.

Recommendations. I would recommend that when one of the three first officers and past commanders of a commandery dies, it be immediately reported to the president and secretary of the association, and that the secretary be authorized to order a suitable floral tribute not to exceed the amount decided upon by this association.

The first three officers of each commandery are the representatives, and compose the official part of the association. I would recommend that this association procure a suitable jewel for its officers, to be worn during the convocation. I would recommend that a committee be appointed to draft a suitable code of by-laws governing the U. P. A. of K. T. and submit them at the annual convocation of 1903.

I would recommend that the past presidents, vice presidents and secretaries become permanent members of the executive board of the association. There has been some little misunderstanding in regard to getting dispensations to attend this meeting. I would recommend that a committee be appointed by the incoming president to take the matter up at the next meeting of the Great Commandery of Michigan and get it through officially, that this association has authority to organize and hold an annual convocation, with permission for Marinette Commandery to attend that convocation.

The matter of Knight Templar dress is one of which we desire at this time to call to the attention of the association. A full dress K. T. uniform should be worn on all occasions when Knights Templar congregate as commanderies, and when not on duty it is permissible to substitute the fatigues suit. For a Knight Templar to discard his uniform and substitute evening dress at a K. T. reception or ball is in my opinion very improper.

The members of this association cannot know too much about it, I therefore suggest that the president's address be read in full at a regular meeting of the commanderies of this association and that the representatives present at the annual meeting of the association be requested to make to their several commanderies, written reports of the meetings of the association.

I cannot close this report without thanking the sir knights generally for the kind and considerate treatment I have received from all, during my term. They have ever been ready and willing to aid and assist me on all occasions. I wish especially to thank Sault Ste. Marie commandery for their courtesy and the very cordial manner in which they have complied with every request.

FOR \$500 A SIDE.

Texas Jessie and Ella Ola Will Race Thursday Afternoon.

What should prove one of the most interesting, as well as one of the fastest, races that has ever been held on the upper peninsula is announced for Thursday afternoon, when Mike Shea's new flyer, Texas Jessie, and Louis Saam's wonderful animal, Ella Ola, will be pitted against each other for \$500 a side. The race will be best three out of five heats, and the side bets are in the hands of William Bricker, of Fay & Bricker. Of course there are those who will assert that the race will be a cut and dried affair, cooked up by the horsemen as a business proposition, but The Mining Journal is assured that it will be a bona fide event, and that the \$1,000 of the side bets is actually at stake.

Texas Jessie and Ella Ola came together in two races last week. Wednesday Shea's horse beat Ola in three straight heats, and Friday Ella Ola did the same trick for Jessie. The horses appeared on the track Thursday together, when Texas Jessie tried for the track record, succeeding in lowering it three-fourths of a second and making a new mark of 2:16 flat. There has been much discussion of the speed of the two animals, and it is now asserted that their respective owners have become a little nervous over the question. Shea is confident that he has the speedier traveler and Saam is equally sure that his horse can defeat Texas Jessie handily. Thursday's event should settle the question in a decisive manner.

Saam has sent to Grand Rapids for H. C. Clark, who will drive Ella Ola, and Hitchcock of Escanaba will handle Texas Jessie.

FRENCHMEN HOLD MASS MEETING.

They Declare for J. H. Primeau, Candidate for Register of Deeds.

Representatives of the French people of this city held a mass meeting at the old armory yesterday to consider matters in connection with the fight for the nomination for register of deeds on the Republican ticket. E. Bertrand acted as chairman and Dr. Z. Vadnais was secretary of the meeting. The following resolutions were adopted:

Be It Resolved, By the French-American voters of the city of Marquette, in mass meeting assembled, that we hereby declare that Joseph H. Primeau is our choice for the office of register of deeds for Marquette county on the Republican ticket, and that we hereby pledge him our hearty support for that office; be it further

Resolved, That a copy of these resolutions be published in The Daily Mining Journal and other papers. (Signed, Alfred E. Archambeau, Alfred Fleury, Charles Crozier, C. E. L'Heulier, Edmond Nault, J. Charland, A. V. Bernier, J. Glaude, Simon Toupin, J. B. Nault, P. Savard, Jos. Nault, Andre Trudeau, T. Duquette, Alfred Brisson, committee on resolutions.)

Loss of Appetite is commonly gradual. One dish after another is set aside. It is one of the first indications that the system is running down, and there is nothing else so good for it as Hood's Sarsaparilla—the best of all tonics.

KRIEG PROPERTY VERY RICH.

Last Assays Show Gold to the Value of \$125 to the Ton.

Recent assays of ore taken from the Krieg property, now being developed by the Sauk's Head Copper Mining company, show it wonderfully rich. Samples analyzed by a Detroit chemist showed gold to the value of \$125 to the ton, two and a half ounces of silver and 2 per cent of copper. An assay by Chemist Tower, of the Carp River furnace here, gave this result: Gold, \$116 to the ton; silver, three and one-sixth ounces; copper, 2.18 per cent. The ore was taken from a depth of thirty-eight feet. The work of development is progressing favorably.

"A ROYAL SLAVE."

It Was Presented to a Crowded House Saturday Evening.

"A Royal Slave" was presented to a crowded house at the theatre Saturday evening, and, judging from the vociferous applause, it afforded satisfactory entertainment to a not too critical audience. "A Royal Slave" is an eventful melodrama of Mexican life. It fairly surges with passion and intrigue. An advance notice says that "not a shot is fired," which is true, but there is a liberal use enough of cold steel to satisfy the most exacting taste. The play bristles with action and startling climaxes and developments succeed each other with rapid succession.

"A Royal Slave" is given a complete scenic production, it not being necessary for the company to use any of the house scenery. It is also brightly and correctly costumed. Many of the stage pictures are unusually pretty, and some of them are among the most elaborate ever seen here.

The title role is acted by Mr. Bennett, who acquires himself creditably and wins the favor of his audiences by always being on hand at just the proper moment to do just the proper thing.

In a certain speech Saturday evening, Mr. Bennett thanked the house for its warm reception of himself and supporting company, and gave an unqualified recommendation and endorsement of the production of "When Knighthood Was in Flower," which will be seen here Tuesday evening.

WHY SHOULD YOU ALWAYS REMAIN POOR

When a few dollars a month invested in a good gold mining company will bring you a comfortable income within a very short time. Our gold mines are located in the well known Colorado mining district, Boulder county, Colorado. We have ten very valuable claims, one of which we are now sinking two shafts and one tunnel, and the ore in all of them is showing very good values, assaying from \$19.75 to \$122.50 per ton according to better than any stock in this company. At any rate, write us for prospectus and information at once, as we intend to sell only a limited amount of stock to place the mines on dividend-paying basis. TWELVE THOUSAND DOLLARS' WORTH OF DRY GOODS, CLOAKS, SUITS, UNDERWEAR, HOSIERY, ETC., ETC., TO BE SOLD REGARDLESS OF COST.

We have purchased from Mr. E. C. Bracher his entire business, including all goods, fixtures, lease of store, book accounts, etc. We do not want the goods, neither do we want to mix them up with our own well selected stock. We have, therefore, decided to sell this stock regardless of cost, and will put it on sale in our Carpet Department at the lowest prices ever made on dry goods in this city.

Sale will begin Wednesday Morning, September 17th.

We want to sell the entire stock this week, and have employed a large force of salespeople. The greater part of this stock will be found in the Basement Salesroom, but we have arranged to show some lines in our **MAIN FLOOR SALESROOMS** in order to accommodate the vast number of buyers that will be here.

TERMS OF SALE WILL BE CASH, AND NO GOODS WILL BE TAKEN BACK OR EXCHANGED.
SALE WILL BEGIN AT 8 O'CLOCK AND WILL CLOSE AT 6 O'CLOCK DAILY.
