WORN OUT EXPRESSION
Every druggist ever known advertises "Pure Drugs." Of course, druggists themselves know that there is a whole lot of substitution and adulteration being done all the time, not to speak of downright buying of cheap, stale stuff and known to be so—but labeled "Pure Drugs."
But the general public also knows that there's "lying" somewhere; for no class of men is perfect. When every last druggist says that he sells "Pure Drugs," there's certainly a screw loose in the honesty valve.
The question is, "Who can you believe?"
Come in and let us show you our back room and down stairs, and behind our prescription counter and everywhere through the store—then judge of the quality and freshness and purity of our drugs.

APPEALS FOR JEWS
UNUSUAL COURSE ADOPTED BY SECRETARY HAY.
SENDS NOTE TO THE POWERS
CALLS ATTENTION TO THE PERSECUTION IN RUMANIA.
Asks That It Be Stopped in the Name of Humanity and Also to Head Off Undesirable Emigration to the United States.

Washington, Sept. 17.—With the double purpose of protecting the long suffering Jews of the Balkan states and of averting the peril of the immigration into the United States, of Great Britain, France, Germany, Russia, Italy, Austria and Turkey, marking the termination of the Russo-Turkish war and the creation by direct act of the powers of the independent Balkan states.
Because the powers are thus responsible for the existence of Rumania, the culprit in this case, the secretary of state has directed the note to them in the hope that they will bring this government to the sense of its duties toward civilization at large, as well as to cause it to ameliorate the frightful condition of the Rumanian Jews.
In a measure, this action by the department of state may be traced to numerous petitions from Jewish societies and humanitarians generally, as well as to the warnings of publicists respecting the growing dangers of the immigration of degenerates.
Condition of Hebrews Pitiable.
The secretary's note considers in detail the situation of the Jews in Rumania, reciting the fact that that government's course is such that those people can neither earn a living nor acquire education, and that their condition makes it impossible for them to support themselves. Secretary Hay cites the article of the treaty of Berlin prescribing that in Rumania the difference of religious creeds and confessions shall not be alleged against any person as a ground for exclusion or incapacity in matters relating to the enjoyment of civil and political rights, admission to public employments, functions and honors, or the exercise of the various professions and industries in any locality whatsoever; stipulating freedom in the exercise of all forms of worship to Rumanian dependents and foreigners alike, as well as guaranteeing that all foreigners in Rumania shall be treated without distinction of creed on a footing of perfect equality.
Danger to United States.
The secretary says, in conclusion, that "whether consciously and of purpose or not, these helpless people, burdened and spurred by their native land, are forced by the sovereign power of Rumania upon the charity of the United States; this government cannot be a tacit party to such international wrong. It is constrained to protest against the treatment to which the Jews of Rumania are subjected, not alone because it has unimpeachable ground to reiterate against the resultant injury to itself, but in the name of humanity."
"The United States may not authoritatively appeal to the stipulations of the treaty of Berlin, to which it was not and cannot become, signatory, but it does earnestly appeal to the principles of international law and eternal justice, advocating the broad toleration which that solemn compact enjoins and standing ready to lend its moral support to the fulfillment thereof by its co-signatories; for the act of Rumania itself has effectively joined the United States to them as an interested party in this regard."

NEBRASKA MAN HUNT ENDS.
Murderer With a Thousand Dollars on His Head Is Captured.
Windsor, Neb., Sept. 17.—This afternoon two men attempting to arrest Niegend, the Pierce county murderer, were fired upon by the fugitive. They were not injured, while Niegend was seriously wounded. He was brought to Windsor. Niegend a week ago murdered his divorced wife and her father, wounded his mother-in-law and his sister-in-law and escaped. Night and day, posters with bloodhounds have been searching for him. Rewards aggregating a thousand dollars were offered for his capture.

CHINESE CITY IN PERIL.
Fifty Thousand Boxers Besieging the Capital of Sze-Chuen.
London, Thursday, Sept. 18.—Cabling from Shanghai under date of Sept. 17, a correspondent of The Mail says that Cheng-Tu-Fu, capital of the province of Sze-Chuen, is surrounded by fifty thousand Boxers, whose attempts to take the city so far have failed. Without immediate help, however, Cheng-Tu-Fu must fall.

RECEIVER FOR BICYCLE COMPANY.
Chicago, Sept. 17.—Receivers were appointed today for the American Cycle Manufacturing company, owner of the largest bicycle factory in Chicago. It is a New Jersey corporation, with a capital of eight million dollars. It is said the corporation is solvent, but the cash on hand is small.

VICTORY FOR MINERS INDICATED.
Said the Coal Companies Are About to Yield to the Men.
Chicago, Sept. 17.—Word was received in Chicago tonight from Henry E. Weaver, of the Weaver Coal company, who is in Buffalo, that the coal strike will soon end; that one of the largest mines in Pennsylvania is about to give in to the strikers and that other mines will directly follow the example of the leader.
Mitchell Denies Reported Desertions.
Wilkesbarre, Pa., Sept. 17.—Inactivity at President Mitchell's headquarters and apparent activity in the coal operators' circles covers the situation in this section today.
Mitchell still insists that his followers are remaining firm and that there will be no break in the ranks of the miners. He discredits all reports about an increase in the output of coal, claiming that there will be no coal mined and sent to market, of any amount, until the strike is ended. The local coal companies claim they are adding to their working forces every day and that the output of coal is gradually increasing, but no figures are furnished.
The Exeter mine of the Lehigh Valley Coal company was opened today. Preparations, it is said, will at once be made for mining coal on a large scale. When in full operation the mine employs six hundred men.

JUDGE STONE'S DECISION UPHOLD
State Supreme Court Hands Down an Important Opinion on the Liquor Law.
Lansing, Mich., Sept. 17.—The supreme court today affirmed the conviction of Clayton Voorhis, agent at Gladstone, Mich., of the Minneapolis Brewing company, for selling liquor without a license.
By this decision, brewers in other states will have to pay a \$500 annual tax for every cold storage and distributing warehouse maintained in this state. Michigan brewers will pay a similar tax for each warehouse operated away from the brewery, the latter being covered by the manufacturer's tax. The court declares that the right to manufacture carries with it the right to sell the product only at the factory.

SCARCITY OF MONEY DENIED.
Western Banks Have More Funds Than They Know What to Do With.
Washington, Sept. 17.—The treasury department today received the following from a bank in western Illinois which had free bonds on hand at the time of the secretary's request to banks to deposit such bonds with the treasury and accept government deposits thereon:
"We see no particular advantage that will accrue to us by making the change you mention. We have more money than we know what to do with. We notice that it is a common thing for the New York people to report money scarce in New York on account of the demand to move crops. This is not correct. Every bank in the West has money to invest in any legitimate channel. There is a plethora of it already, and all the banks in the West ask is an opportunity to handle the money they have."
Letters of similar import have been received from other Western banks.

DYNAMITER WRECKS BANK.
Drops Bomb on Ignoring of Demand for Money and Is Killed.
Skagway, Alaska, Sept. 17.—About 3 o'clock yesterday afternoon an unknown man walked into the Canadian Bank of Commerce, a revolver in one hand and a dynamite bomb in the other, and demanded \$20,000, threatening otherwise to blow all into eternity.
Cashier Pooley and Tenter Wallace were the only men in the bank. When they ran into the rear of the room the man dropped the bomb. The clerks then had just gotten out of a window. The bank was wrecked. The robber's head was smashed and one arm was torn off. The people living above the bank were blown into the air. The dynamiter died without regaining consciousness.
The bank had about a thousand dollars in the Standard bank, which was lying on the counter.

TO EXHUME SOLDIERS' BODIES.
Remains of the Fallen to Be Brought Home from Philippines.
Washington, Sept. 17.—A detachment of the United States burial corps, a branch of the quartermaster's department of the army, left tonight for the Philippines for the purpose of exhuming the bodies of Americans buried there and bringing them to the United States.

HENDERSON IS FIRM
PROTESTS FROM ALL OVER COUNTRY FAIL TO MOVE HIM.
IS DELUGED WITH TELEGRAMS
PRESIDENT AND MANY OTHERS IMPLORE HIM TO RUN.
The Speaker, However, Firmly Refuses to Reconsider His Declination of the Nomination and Declares That His Action Is Final.
Dubuque, Ia., Sept. 17.—Speaker Henderson is as positive today in his declination of the congressional nomination as he was last night, notwithstanding a flood of telegrams from all parts of the country protesting against his decision and imploring him to reconsider the same.
From Roosevelt, Hanna and Others.
President Roosevelt sent a telegram deploring his action and urging him to withdraw his declination, but the speaker replied that his decision was final. Other telegrams of the same tenor were received from all the members of the national committee and of the national congressional committee, and from Senators Allison, Hanna, Spooner, Lodge, Fairbanks and others.
The following is the telegram from the president: "I most earnestly ask that you reconsider your determination not to run."
Congressman Babcock, chairman of the Republican congressional committee, sent the following: "I am in receipt of a telegram, signed by you, saying you have this day declined the nomination for congress. We cannot believe the telegram genuine. Messrs Hepburn and Hull are here, and all enter an earnest protest against action of this kind by you. The Republican party that you have served so long and faithfully cannot part with your services now."

YANKEE MARINES ON GUARD.
Force Is Landed to Protect Trains Running Across the Isthmus.
Colon, Sept. 17.—American marines are now traveling as guards on passenger trains to and from Panama. The cruiser Cincinnati landed fifty marines today and sent ashore a small rapid-fire gun.
A small detachment of insurgents was seen near Mundi station early today. Government troops attacked the enemy immediately and drove them back. A colored woman was killed.
Castro's Head in Jeopardy.
Willemstad, Sept. 17.—President Castro, of Venezuela, has retreated from Cumare before the advance of the revolutionists. The Venezuelan government's situation is critical.

NAME COUPLED WITH ANARCHY.
Secretary of Roosevelt Entertainment Committee Resigns at Chicago.
Chicago, Sept. 17.—Ephraim Philip Rosenthal, secretary of the committee arranging for the reception and entertainment of President Roosevelt during his visit to Chicago next month, resigned the position suddenly today because his name was coupled with a story that the committee contained one and possibly two members whose sympathy leaned toward anarchy. Rosenthal says that he is not concerned over the report, but desires the president's visit to be absolutely clean from the shadow of a suspicion that any one whose name had ever been coupled with anarchy was to be associated with his entertainment.

CLOSE RACE TO WAGON.
Lord Derby Defeats The Monk in Record-Breaking Time.
New York, Sept. 18.—At the Empire City track today, in the grand special City Handicap, Lord Derby, 2:05 1/2, and the Monk, with the same record, the latter won the first heat by a nose. In the second heat the Monk led to within fifty yards of the wire, when Lord Derby passed him and won by a neck. The Monk broke in the third heat Lord Derby winning by five lengths. This was the fastest race of three heats to wagon ever trotted, the time in the second and third heats being 2:06 and in the first heat 2:06 1/2.

BIG DEAL IN COAL LANDS.
New York Syndicate in Control of 40,000 Acres in Illinois.
Springfield, Ill., Sept. 17.—Colonel Simpson of New York, who has been here for several months, purchasing mineral rights in coal lands in Macoupin and Montgomery counties for a New York syndicate, has perfected the deal and begun payments for the land. The deal is the largest in coal lands ever made in Illinois. It covers forty thousand acres and nearly a million dollars is involved.
TWO BOYS DIE IN FLAMES.
Were Playing in a Straw Stack and It Took Fire.
Frankfort, Ind., Sept. 17.—Two sons of George Trobough, a prominent farmer living six miles north of this place, crawled into a crevice in a strawstack this afternoon. While they were there the straw took fire. They escape was cut off, and the boys were cremated.

REPUBLICAN VICTORY SURE, ANYWAY.
Replying to these, the speaker further explained his action, adhering to his position. He gave positive assurance, there was no danger to the Third district, that Governor Boies was a very weak candidate and the Republican candidate would be elected, and that he will do what he can to insure his election. After these assurances, the speaker said he must decline to reconsider his withdrawal.
The district congressional committee will meet here tomorrow and act upon the speaker's declination. There is a question whether the committee can fill the vacancy or whether another convention will be necessary. This will be decided at the meeting tomorrow.

RETIREMENT DECLARED UNWARRANTED.
Washington, Sept. 17.—Director of the Mint Roberts, editor of the Des Moines Register-Leader, today said:
"The speaker's action is unaccountable to me. His letter does not convey any reason that seems sufficient to justify so extraordinary an act. He says, he is out of harmony with a great many Republicans in the state upon the tariff issue, but indicates that the state platform is not unacceptable; and I see no reason why he should be disturbed by the expressions of individuals. He attended a conference of Republican leaders at Des Moines two weeks ago, which was also attended by Governor Cummins and others who favor tariff revision, and they had a frank discussion of the situation, which ended harmoniously. The speaker invited the governor to make several speeches in his district, and the latter agreed to do it."
"The clause of reciprocity as a natural complement of protection. The 'shelter to monopoly' clause is in the trust resolution and is, of course, to be read and interpreted in connection with the regular tariff resolution. Together they amount to an assurance that the party will adhere to the policy of protection and reciprocity, and that it will see that monopolies are not allowed to abuse the advantages given to home industries."
"General Henderson's action is very much to be regretted, for he has certainly exaggerated the differences that exist between himself and the Iowa Republicans who favored the platform and has given them a commanding importance to which they are not entitled."

Views of Senator Jones.
Hope, Ark., Sept. 17.—Senator Jones, chairman of the Democratic national committee, said tonight that he was greatly surprised at Speaker Henderson's withdrawal.
"It is virtually a distinct recognition of the strong feeling in the West in favor of tariff revision, especially on trust-made articles," said Jones, "and if the Republican party does not take action in that direction I believe the result will be a material falling off in their vote and a corresponding increase in the Democratic vote."
Littlefield Out for Speakership.
Boston, Sept. 17.—Congressman Charles B. Littlefield of Maine today stated that he would be a candidate for the speakership of the national house in the event of General Henderson persisting in his refusal to accept the nomination from the Third district of Iowa.

ALLEGED POSTAL THIEF FREED.
Minneapolis, Sept. 17.—Harvey S. Rogers, tried for one of the most gigantic postoffice robberies ever known in the Northwest, was acquitted tonight. The case involved the disappearance of ten thousand letters containing money.

Copper Country Department

(Additional Copper Country on Page 2.) PACK "TURKEYS" AND QUIT. REPUBLICAN CONVENTION TODAY.

Contests for Only Two of the Places on the County Ticket. The county Republican county convention will be held this afternoon, commencing at 1:30 o'clock, in the new Kerredge theatre at Hancock.

Only the offices of prosecuting attorney and registrar of deeds are being contested for, and it is very likely the present incumbents will be re-nominated. The ten delegates selected by the Portage township caucus, held at Houghton Tuesday evening, are for Joseph Hamblizer for prosecuting attorney.

No action was taken by the caucus in regard to the candidacy of either Messrs. Kullson and Pettit for the legislature. Mr. Pettit is counting on the support of Portage. The Schoolcraft township caucus was held at Lake Linden Tuesday evening.

Eight delegates were selected to attend the county convention. The delegation is unopposed, but it is said to favor W. J. McDonald of Calumet for prosecuting attorney. SOOS CLAIM CHAMPIONSHIP.

Ball Players Given a Great Ovation on Return from Copperdom. On their return, Monday, from their tour of the copper country, the Leaders were given a great reception at the Soo.

The boys were met at the station by the Third regiment band, and a crowd of spectators equipped with flag decorated brooms, significant of the sweep made by the team in the copper country. The players were provided with carriages and with the band leading, made a triumphant progress down town.

The Soo Journal says of the affair and of the record of the team for the season: "The Leaders are home again and bring with them the undisputed title of champions of the upper peninsula. The best that the copper country could oppose to them was not good enough to lower their colors and the best that the Soo can give them is none too good."

Two carryalls and the band were at the depot waiting for the boys to arrive. A good sized crowd carrying brooms and banners was present and as the first man appeared on the platform of the car a big cheer went up. The Leaders were placed in the carriages and headed by the band were driven up town to Ryan's store, the base ball headquarters. Here Mayor Stralvey was waiting and delivered his usual neat address of welcome, in which he recalled the old days when he managed a base ball team.

The recent trip was the most successful in the history of base ball in this section of the country. Nine games were played and eight won. The teams defeated were strong aggregations, representing Calumet, Lake Linden and Dollar Bay. A glance at the score shows us that while the Leaders crossed the home plate sixty-eight times their opponents only scored thirty-eight runs.

The team will disband in this city, Curry and Doherty going to their home in Flint, Currier to Alpena and Lizzett to St. Paul. Taylor, Becker, Klayburn, Mackin and Watson will remain here. Comparison with the score of last season shows us that while the team of 1901 batted at 328 and fielded at 873 this year's aggregation hit at a 290 clip and fielded 880. A noticeable improvement over the game of last year, however, was the fact that the boys played together better and also played a snappy game regardless of personal records.

Not a team was able to break even or defeat the Leaders in a series of games. During the season, thirty-seven games were played, of which the team won thirty. The teams defeated were: Baraga, Lake Linden, Calumet, Dollar Bay, Munising, Newberry, Crystal Falls, Ne-gamgee and Sidnaw.

HOUGHTON MEN IN LUCK. Tonopah Mine Declared One of the Richest Gold Properties in World.

John F. Anderson of Philadelphia, a director in the Tonopah Mining company, is in Houghton, a guest of Graham Pope, one of the largest stockholders. Mr. Anderson is much impressed with this region, and having long been in the mining business thoroughly appreciates the advanced methods in use in every department in the mining and reduction of copper rock.

To a Mining Journal representative yesterday he said, "It is wonderful, the ponderous machinery that is used in the work, and one has to see it to realize and appreciate the fact." Mr. Anderson was entertained by Mr. Pope at the Onigaming clubhouse last evening, when he incidentally had opportunity to meet some of Houghton county's most prominent and influential men.

One Mile in Length. There are eight claims in the Tonopah gold mining district, all of which are controlled by the Tonopah Mining company. They are the Sand Grass, Red Plume, Buckboard, Mizpah, Burro, Desert Queen, Silver Top and Valley View.

The distance from the western end of the Sand Grass claim, the furthest west, to the eastern end of the Mizpah, the claim to the east, is approximately one mile. The Sand Grass, Red Plume, Buckboard and Mizpah claims are practically in a line from west to east. The Burro, Desert Queen, Silver Top and Valley View adjoin in the order named on the south. The ore deposit from the Mizpah, on the north, to the southern boundary of the Valley View, on the south, is 1,000 feet.

The most extensive operations in the way of development work have been done on the Mizpah claim. Of the others more attention has been paid as a whole to the Valley View to the south. On all of the other claims enough work has been done to secure and hold them. The Mizpah, Buckboard, Burro and Valley View claims are dotted with shafts, as are the others to a more or less extent.

The various shafts on the Mizpah are from 100 to 300 feet in depth, with the exception of a three-compartment shaft, which is deeper. The ore shoots on the Mizpah are developed and proved up for a distance east to west of 1,000 feet, extending into the Buckboard claim, where the westerly shaft on the Mizpah is located. The Mizpah claim itself is 1,500 feet long.

At the westerly shaft on the Mizpah, at the Buckboard claim, the lode disappears, evidently taking a dip downward. A contract to sink that shaft 500 feet was given by the company to O'Meara & Lynch in order to prove up the richness of the territory.

Messrs. Anderson and Pope said yesterday that the extension of the road would soon be built. Some Ore \$800 to the Ton. The Tonopah is employing a force of 300 men and about its various shafts and before snow falls the force will be considerably increased.

One is being shipped at the rate of 1,000 tons per month. None but the highest grades are sent forward, as the cost of transportation—done over wagon roads by means of teams—is very high. It costs just as much per ton to ship the poorer grades of ore, and for that reason none of the so-called "poor" stuff is loaded for shipment. On every ton that leaves the mine a fixed price of \$40 per ton, expense of transportation from Tonopah to Sodaville, the nearest shipping point on the Carson & Colorado railroad, can be figured.

The ore shipped averages about \$200 a ton. All grades below that are placed on the dumps. The ore shipped is sent to Lake City and Tacoma for treatment. At present there are 20,000 tons of ore stacked up on the property. As soon as railroad facilities and water are at hand, reduction works will be set up at Tonopah and all ore, including that on the dumps and that hoisted, will be treated there, thus greatly decreasing the present expense. The company has 800 horses and mules employed in hauling the ore across the desert to Sodaville. A round trip requires ten days, four going and four coming and a day to rest up in each end.

An electric power line from a plant at falls on the Twin river is being run to Tonopah, a distance of sixty-five miles. It will furnish all power for all purposes. Work is also under way on a water line from the river to Tonopah, the distance being the same. The water will run to Tonopah by force of gravity under great pressure and there will be water enough for all uses.

Covered With Rich Veins. The three compartment, or main, shaft on the Mizpah claim is down 500 feet. Crosscuts will be run from that shaft in a southerly direction through the

A PERFECT MAN

has yet to be born; but immaculate linen goes a long way toward making perfection in one's apparel. No matter how fine your outer clothing, if your shirts and underwear are not well laundered you won't feel comfortable. We do that kind of work perfectly. Needham Bros' Laundries, Marquette, Houghton and Ishpeming.

FAIR IS A MONEY-MAKER. Great American Festival at Lake Linden Well Patronized.

The Calumet Athletic club entertained last evening for the "Great American Festival," being conducted in the Mammoth ice rink, Lake Linden, by the ladies of St. Joseph church. Numerous acrobatic feats pleased the spectators, the performers, though amateurs, doing work that would do credit to professionals.

The articles unsold will now be auctioned off, as the fair closes this week. Each evening numerous articles will be disposed of in that way. This evening a musical entertainment will be given, after which the St. Joseph band will furnish music for dancing. Tomorrow evening the Lake Linden minstrels will again hold forth, and they promise an interesting program. A concert is scheduled for Saturday evening. It will be followed by dancing. The winners in the contests for the gold watches will be announced Saturday evening, on which it is thought there will be a record-breaking attendance.

This fair has been a great success. A handsome sum will be cleared for the church building fund. The festival closes Saturday evening. NO EVIDENCE AGAINST O'MEARA. Calumet Man Held for Girl's Death Goes Free—Inquest Postponed.

The inquest into the death of the young woman who expired suddenly in the basement of the Fanett block, Laurium, Monday evening last, for whose death Edward O'Meara, a well-known Calumet barber, was held responsible, will be continued next Tuesday afternoon. Mr. O'Meara has been released, by order of Prosecuting Attorney Larson, and the charge against him has been dismissed. The evidence to show that the barber was responsible for the girl's death. His release is pleasing to his friends. O'Meara bears an excellent reputation and is popular. The dead woman has been identified as Minnie Johnson, the divorced wife of John Willis, who died four years ago.

Her immediate relative is her mother, who is an inmate of the county poor farm. The coroner's jury is comprised of the following: James C. Smith, John T. Rowe, Harry Lean, M. B. Vertin, Albin Burkan and Tim Sullivan. Some testimony was taken in the case yesterday morning, but a decision will not be rendered until the analysis of the stomach of the woman, which has been sent to Ann Arbor, is made. It is believed poisoning was the cause of her death and that she committed suicide.

WEDDED AT HANCOCK. Miss Francis Barryman, a popular Hancock girl, was united in marriage to John Ralph, also of Hancock, at the home of the bride's parents on Summit street last evening at 8 o'clock. Rev. James Cassady, of the Pevarie M. E. church, officiated. Miss Bessie Barryman, a sister of the bride, was maid of honor, and August Erickson of Marquette was best man. Mr. Ralph is a valued employe of the Houghton County railway, holding the position of foreman at the yard here. Mr. and Mrs. Ralph will go to housekeeping immediately on Summit street, in West Hancock.

\$100 REWARD, \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure taken internally, acts directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up his constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

LINGERING SUMMER COLDS.

Don't let a cold run at this season. Summer colds are the hardest kind to cure and if neglected may linger along for months. A long siege like this will pull down the strongest constitution. One Minute Cough Cure will break up the attacks at once. Safe, sure, acts at once. Cures coughs, colds, croup, bronchitis, all throat and lung troubles. The children like it. H. Harwood, Ishpeming. Stafford Drug Co., Marquette.

LINE UP FOR TEDDY

THREE MORE STATES ENDORSE PRESIDENT FOR NOMINATION.

ALSO DECLARE AGAINST TRUSTS

ARE NEW HAMPSHIRE, CONNECTICUT AND ALABAMA.

In Massachusetts, the Silverites are Routed in the Democratic Convention and the Kansas City Platform is Replanned.

Concord, N. H., Sept. 17.—The Republican convention today nominated N. J. Dechelder of Andover for governor. The platform endorses the administration, favors the nomination of Roosevelt, and condemns illegal combines.

Connecticut for Tariff Modification. Hartford, Conn., Sept. 17.—Abraham Chamberlain of Meriden, present state comptroller, was today nominated by the Republican convention for governor. Resolutions endorsing the administration of President Roosevelt and favoring his nomination in 1904 were adopted. The platform opposes a general revision of the tariff, but favors the correction of the schedules to suit changing conditions. It recommends state and national supervision of trusts.

Roosevelt on Top in Alabama. Birmingham, Ala., Sept. 17.—When the Republican state convention was called to order today, the platform as reported by the committee was read. When that part endorsing Roosevelt for nomination in 1904 was reached, the opposition is understood to have originated from the recent action of the president in removing state Chairman Vaughan from the office of district attorney for alleged neglect of duty. The platform, as adopted, is a modification of the platform adopted at the Philadelphia labor, favoring the settlement of labor troubles by arbitration and endorsing the Dingley law, expresses confidence in the administration of Roosevelt and endorses his nomination in 1904. J. A. W. Smith of Birmingham was nominated for governor.

Massachusetts Silverites Routed. Boston, Sept. 17.—The Democratic state convention today nominated William A. Gaston of Boston for governor and other candidates in harmony with his views. The fight of the convention was over national issues. The silver Democrats were routed and resolutions were adopted repudiating the Kansas City platform.

Named for Congress. Fond du Lac, Sept. 17.—William H. Froehlich, of Jackson, was today nominated for congress by the Sixth district Republicans.

Dwopage Mith. Sept. 17.—Former Circuit Judge Thomas O'Hara of St. Joseph was today nominated for congress by the Fourth district Democrats.

GOLD MINE SWINDLE CHARGED.

Chicago Man Failed for Selling Alleged Bogus Stock. Chicago, Sept. 17.—Charged with obtaining money through an alleged gold mine swindle, George H. Sharpe, a civil engineer, was arrested last night by Detective Seagraves Kane and Quality. The arrest was accomplished only after a search of several days on the part of the detectives and he was finally taken on a fugitive warrant issued at St. Louis, in which H. C. Begole, state senator, in which H. C. Begole, state senator of the Belleville, Ill., district, is the complainant.

In the complaint State Senator Begole charges that last March Sharpe and another man known as Henry Seeley, alias Chapman, induced him to invest \$2,000 in shares in a gold mine located at Thunder Mountain, Idaho, which at that time was represented to be owned and operated by the Fairview Gold Mining and Milling company. Begole, the police say, now alleges that no such mine is in operation and that he is the victim of a swindle.

KILLS HIM AS HE SLEEPS.

Iowa Woman in Fit of Jealousy Shoots Her Husband. Litchfield, Ills., Sept. 17.—Mrs. Emma Pindexter shot and killed her husband, Emmett Pindexter, today at Rockford, in a fit of jealousy. She shot her husband as he slept. Pindexter was twenty-three years of age. The couple had been married but a year.

Close Call for Illinois Woman. Springfield, Ills., Sept. 17.—Marshall Derry made an unsuccessful attempt last evening to murder Mrs. Lou Wolf, his paramour. After failing in his intent, Derry drank a quantity of carbolic acid and died in great agony. The woman had jilted Derry because of his excessive drinking. Going to her home he attempted to shoot her. Mrs. Wolf managed to push one finger into the trigger guard, at the rear of the trigger, and Derry was unable to discharge the weapon, which he held to her head. He then went to a hotel, where he drank the acid.

MEN WIN OTTUMWA STRIKE.

Ottumwa, Ia., Sept. 17.—The strike of the electrical workers, which had been on for two weeks, was settled today. The union is recognized and an increase in wages is granted.

STRIKE AT THE WHITE HOUSE.

Union Labor Ordered Not to Work With New York Painters.

Washington, Sept. 17.—President Roosevelt's plan to occupy the White House during the early days of October may be upset by the calling out of Painters, Decorators and Paper Hangers who have been at work on the white house improvements. The brotherhood is affiliated with the American Federation of Labor and its members employed at the White House were ordered upon a strike by Daniel Lear, their Washington business agent, because four painters belonging to the Amalgamated Association of Painters of New York city are employed on a contract at the White House.

Union Against Union. The strike is the beginning of open warfare between the artisans of Manhattan and the unions of the rest of the country. It appears the New York unions have organized a close corporation. They have concluded that they are sufficient unto themselves and have uniformly refused to recognize the working cards of the members of outside unions. By this plan they have cleared from employment in New York thousands of mechanics, especially those engaged in the building trades.

Their action has provoked a storm of criticism and indignation and union labor throughout the country has denounced the New York unions and their attitude without stint. The New York contractor who was awarded the contract for performing an important piece of decorative work in one of the rooms of the White House brought four members of the so-called Amalgamated association to Washington with him and their presence has been a source of constant discontent among the members of the brotherhood. The brotherhood men finally found themselves unable to withstand the urging of the unions of the country outside of New York not to work on the same job as the New Yorkers. In quitting they have simply served notice on behalf of union labor from San Francisco to Manhattan island that members of New York unions are hereafter to be debarred from work controlled by unions affiliated with the American Federation of Labor.

Contractors Likely to Yield. The war threatens to involve other workmen and to delay the completion of the White House. So well had the work been proceeding that the outlook was favorable that the residence part of the White House would be ready for the occupancy of the Roosevelt family the first of October and that the new office building would be ready soon afterward. A recent demand for an increase of pay for the brotherhood painters was promptly met and since Sept. 1 the painters, decorators and paper hangers have received the maximum rate of the union schedule. The brotherhood men have served notice that they will not return to the White House until the New Yorkers have been shipped back to their homes. The situation is delicate owing to the desire of all of the contractors to finish the White House improvements on a schedule time and it is predicted tonight that they will accede to the demands of the brotherhood.

TO COST MILLION OR TWO. Handsome New Courthouse Proposed to Be Erected at Milwaukee. Milwaukee, Sept. 17.—Milwaukee may have a new courthouse to cost anywhere from \$1,000,000 to \$1,750,000 if the suggestion of one of the county supervisors, into which need with favor. Within the past six years nearly \$200,000 has been expended in repairs, and there is a constant outflow of county money for this purpose, the reason being that the old rockery is fast falling to pieces, notwithstanding it was built at a heavy expense less than thirty years ago. The building was long ago out of date and unfit for the use for which it is intended, and the expenditure of thousands will be necessary to make it fit for use, and even then it will be far from what is required of such a building.

REMARKABLE GOLF SCORE.

Cleveland, Sept. 17.—Willie Anderson of Pittsfield, Mass., won the Western open golf championship here today. He is at present national champion. Anderson today played the greatest golf ever seen in this vicinity. He made a score of 209 for seventy-six holes on a six thousand yards course.

ANOTHER FAILURE BY CRESCUS.

Philadelphia, Sept. 17.—Crescus failed to break the trotting record here today. The first attempt resulted in a break about 150 yards from the finish. On the time for the mile was 2:08. A second attempt was a little better, the mile being trotted in 2:05.

ODD FELLOWS PARADE.

Des Moines, Ia., Sept. 17.—The feature of the third day's session of the sovereign grand lodge of Odd Fellows was the parade this afternoon. Twenty-five thousand men participated. The procession was reviewed by Governor Cummins and Mayor Brenton.

INCREASES RESERVE FUND.

Chattanooga, Tenn., Sept. 17.—The Brotherhood of Locomotive Firemen today decided to increase the reserve fund of the order. It also decided to pay every member who is over seventy years of age the full amount of his insurance claim. The receipts and shipments were as follows: Receipts. Shipments. Flour, barrels, 36,000 21,000 Wheat, bushels, 35,000 21,000 Corn, bushels, 325,000 250,000 Oats, bushels, 381,000 280,000

ROOT BENEFITTED IN HEALTH.

Washington, Sept. 17.—Secretary Root returned to Washington tonight after his 82,000-mile trip to California. He looks rugged and says he is in splendid health. He will resume charge of affairs at the war department tomorrow.

MONEY CONTINUES SCARCE.

Trading in Stocks is Restricted, But With Prices Holding Steady. New York, Sept. 17.—The speculative sentiment was further improved in Wall street today, and the prices of stocks enjoyed additional recovery. The relief of the acute uneasiness over the money situation by large engagements of gold for import checked the liquida-

IOWA'S HANDS TIED

CANNOT STOP THE ROCK ISLAND REORGANIZATION.

OPINION OF ATTORNEY GENERAL

PROPOSED TRANSFER NOT OUTSIDE THE STATE LAW.

Governor Declares the Plan Simply a Scheme for Watering Stock and Will Appeal to the Next General Assembly.

Des Moines, Ia., Sept. 17.—Attorney General Mullan, in an opinion filed with Governor Cummins today, holds that the acts of the new Iowa corporation, the Chicago, Rock Island & Pacific Railroad company, in connection with the Rock Island reorganization, are not outside the powers conferred by the statute nor contrary to public policy in the legal sense of the term. The most serious problem involved in the reorganization, "The thing done is neither a merger nor a consolidation. Not a mile track nor a dollar in value is added to Rock Island property. It is simply a new device for watering securities. It is for the next general assembly to say whether it is wise to permit our laws to so remain that such things are possible."

Held Within the Law.

The attorney general says: "The transfer of the stock of the new Iowa company to the New Jersey company under an agreement that in consideration of such transfer the New Jersey company will deliver to the shareholders of the old Rock Island railway company certificates of stock of the New Jersey company, and when such transfer is made the stock of the last named company is to become the property of the new Iowa company, does not in any wise affect the right of the Iowa company to purchase and hold the stock of the old Rock Island company or invalidate its purchase thereof."

The chief serious problem involved is whether the state may interfere to prevent the issuance of the stocks and bonds of the Iowa and New Jersey companies for the reason that the aggregate amount thereof proposed to be issued, exceeds the market value of the stock of the Chicago, Rock Island company which the Iowa company receives therefor; or whether it may by quo-warrants have the forfeiture of the charter of the Iowa company declared on the ground that such act is ultra-vires and against public policy."

Remedy in New Statutes.

Attorney General Mullan holds that it is clear that, in the absence of a statutory provision to the contrary, a corporation may issue its stock and bonds for the purchase of property, although the face value of the issue is in excess of the actual value received. The public policy of the state must be determined by statute and judicial decisions of the state, and not by the opinion of an individual, no matter how eminent. "Tested by this rule," says Mr. Mullan, "the acts of the Iowa incorporation cannot be said to be opposed to the public policy of the state."

GRAINS SOME STRONGER.

Bad Weather the Main Influence in the Chicago Markets. Chicago, Sept. 17.—Wheat ruled irregular today, the close showing the nearby months 3/4 lower and the deferred higher. The seaboard export contract boatlands turned for shipment. There was an undercurrent of strength during the morning, the principal influence being the fact that the local crowd was generally short and inclined to do some buying on rains last night in Minnesota and the Dakotas. The receipts at Chicago were larger than a year ago, but there was no improvement in the grading, 200 cars being received, with only eight contract. The cables were about unchanged. December opened at 69 3/4; highest, 69 1/4; lowest, 68 3/4; closed, 69 1/4. In corn there were gains of 3/4 for the day, and the market showed reactionary power. There was some buying late on predictions of further frosts tonight in Iowa and Nebraska and on predictions of rains in Illinois, Indiana and Missouri. Cash corn was steady at a slight advance. The feature was improved buying on outside account. While the fluctuations were narrow, the feeling was nervous. The receipts were 102 cars, thirty-two contract. The cables were better, Liverpool coming up at 43 1/2; highest, 44 3/4; lowest, 43 1/2; closed, 43 3/4. Oats were slow, but developed fair strength, 20 1/2; highest, 21 1/4; lowest, 20 1/4; closed, 20 3/4. Hogs were neglected, and sold by longs and bought by shipping houses. May was the most interesting and was taken by speculators. There were reports of rains in this state and in the Northwest, and the country offerings were small. The arrivals were 162 cars, eight contract. December opened at 31 3/4; highest, 31 1/2; lowest, 31 1/4; closed, 31 3/4. The receipts and shipments were as follows: Receipts. Shipments. Flour, barrels, 36,000 21,000 Wheat, bushels, 35,000 21,000 Corn, bushels, 325,000 250,000 Oats, bushels, 381,000 280,000

WESTERN LEAGUE.

Des Moines, Ia.; Milwaukee, 8. Denver, 12; St. Joseph, 4. Colorado Springs, Sept. 17.—Today's Western league game with Kansas City was forfeited to the visitors, Manager Burns refusing to allow his team to play, owing to the fact that the remains of the late W. S. Stratton were lying in state in the mining exchange. Tomorrow's game will also be forfeited.

Upper Peninsula.

Louis Setunski, a Menominee fisherman, a couple of days ago caught a monster sturgeon which measured seven feet nine inches from its nose to tip of tail and weighed a trifle more than 150 pounds. While playing with a 22-caliber rifle a few days ago, Benjamin Simon, aged fourteen, of Ford River, Delta county, was seriously wounded. The gun was accidentally discharged, the bullet entering the boy's head. It is expected he will recover. A large deer wandered into Ironwood one afternoon recently and created some excitement. He ran into the railroad yards between the two depots, and then turned and went west on the Northwestern road, and thence north to the river. It was a somewhat novel sight to the many people who witnessed it. A boom of logs containing 400,000 feet of pine, owned by the Edward Hines Lumber company, broke away from the Bradley-Watkins booming grounds near the Soo, the other night, and the logs are now scattered down the river. The loss will be considerable. There is suspicion that the boom was purposely cut. The present month will be a record-breaking in the receipts of the Soo customs office. This is due to the fact that the rails being used on the street railway are all shipped in from Canada and on which a heavy duty is exacted. On one shipment last week duty to the amount of \$2,500 was exacted. Collector McCallum says that the business of the office for the past two months has exceeded that of any five previous months last year. A man broke into the St. Anne's parochial school building where the sisters of the school live, at Menominee, early Sunday morning, with the evident intention of stealing. His attempt, however, was unsuccessful, due to the bravery and nerve of Sister Superior Isabel, although he greatly frightened the inmates of the building who were awakened from their sleep. Sometime between 1 and 2 o'clock Sister Superior Isabel heard a noise downstairs as if some one was rummaging about in the rooms on the first floor. Sister Isabel, quickly dressed and went down to investigate. She entered the dining room, and upon turning on the light was startled to see standing before her a man. The sister did not scream or faint, but coolly asked the intruder what he wanted. The man

WEATHER PREDICTIONS

Washington, Sept. 17.—The weather bureau predicts for this evening and tomorrow the following weather predictions: Illinois—Showers and cooler Thursday. Friday, fair. Fresh west to northwest winds, becoming variable Friday. Wisconsin—Fair, Thursday; cooler in east portion; fresh west to northwest winds. Friday, fair; warmer in west portion. Iowa—Fair, Thursday; warmer in extreme west portion. Friday, fair; warmer in west portion; light north winds. Friday, fair; warmer. Missouri—Fair, Thursday, preceded by showers in southern portion; cooler in west portion; northeast portion. Friday, fair; warmer. Nebraska—Fair, warmer, Thursday. Friday, fair; warmer in east portion. Upper Michigan—Fair in west, showers in east portion. Thursday; cooler in west portion; fresh west winds. Friday, fair. The Dakotas—Fair, warmer, Thursday. Friday, fair.

TROLLEY LINE FOR CUBA.

American Syndicate to Build Road Running Across the Island. Sharon, Pa., Sept. 17.—A syndicate of New York, Chicago and Philadelphia capitalists, headed by G. P. Penhale of New York, W. A. Davitt of Chicago and George H. Ireland of Philadelphia are financing the deal. The company will also colonize a large tract of land purchased along the coast.

BIG RECEIPTS OF CATTLE.

Kansas City, Sept. 17.—Receipts of cattle at the stock yards yesterday exceeded 30,000, breaking all records, and at the close of business 34,650 head were in the yards. Most of the cattle are thin, the range country in Kansas furnishing large numbers. Buyers from all over the central west are here to purchase stockers and feeders. The farmers have a surplus of thin cattle in spite of the big corn crop. Seventeen head of native steers averaging 1,220 pounds sold here at \$8.75, the highest price for beef ever received in this market. The cattle were sent by C. C. Slaughter of Dallas, Tex. They were fed at Council Grove, Kan., and in twenty months gained 942 pounds.

BONDSMEN CAUSE ARREST.

Former Employee of Vermont Bank Short in His Accounts. White River Junction, Vt., Sept. 17.—James N. Cassidy, who was arrested at Watery, Kan., today, was an investing agent of the White River Savings bank of Council Bluffs, Ia. Last fall he became involved in his financial affairs, and an insurance company, for which he also was acting, had him arrested. In November last the White River bank discovered that Cassidy was short in his accounts. The bank notified Cassidy's relatives and the loss was made good. It is believed that Cassidy has a new name and is acting under it. Cassidy is said to have wealthy relatives in Des Moines, one of whom is a prominent banker.

said not a word, but after standing there for a few seconds walked calmly to the front door, unlocked it and walked out. Meanwhile the other sisters had awakened and were ringing the bell on the top of the building to sound the alarm. After the man had gone several of them went over to engine-house No. 3, which is near by, and informed the firemen of the incident. Some of the firemen went to investigate, but no trace of the would-be burglar could be found. He had entered through a kitchen window, which he had left open. Sister Isabel described him as wearing a long coat and a peaked front hat. A cub bear which wandered into Menominee the other day came to grief at the hands of a party of embryo hunters. The killing took place on Stephenson avenue. The bear had climbed a small tree, from which he was yanked down by means of a long sturgeon hook. As the frightened little animal struck the earth, the would-be captors threw a heavy board over its body and sat upon it while a chain and muzzle were adjusted. This operation being over, the board was lifted, when it was discovered the bear's life had been crushed out by the weight of the men.

John Clark, of Whitefish Point, near the Soo, who owns and operates the largest cranberry farm in Michigan, recently suffered a \$2,000 loss by fire, which there was not a cent of insurance. A spark from the engine used in gathering his crop set fire to the 20x20 foot dry house and the building, together with its contents of packing cases, boxes, tools, etc., was burned. It is an old saying that misfortunes never come singly and to bear out this statement is the fact that a couple of nights later the engine house which had been destroyed, together with much valuable machinery. The buildings will be at once rebuilt. Mr. Clark estimates his cranberry crop this season at 3,000 bushels. The body of an unknown man was found in the river near the cemetery at Ford River, Delta county, late last week by lumbermen engaged in hauling logs into the mills at that place. The body had evidently been in the water for several months, and the features were wholly beyond recognition. It attempting to take the body from the river the head, from which the hair was nearly gone, dropped off and fell into the water with a splash. The right arm also fell from the body, which was badly decomposed. The body was that of a medium sized man weighing about 150 pounds, who was probably of foreign birth. The hair was light brown. The remains were buried at Ford River. Preliminary work on the long talked-of and much surveyed railroad from the Soo to St. Ignace, has actually begun, and it is stated on authority that the road will be in operation by next summer. An important change in the original plans, that will prove an especial benefit to the Soo and Chippewa counties, is the making of the thriving little town of Pickford a station on the new line. The first work on the new road will be done in that vicinity, preparations being already under way near that point. The road will pass through a fine section of proposed new industry in the Soo which few seem assured. A huge transfer boat of greater tonnage than any yet used on the straits will be built and put in operation when the road is completed and another of like proportions will probably be installed at the Soo to transfer cars across the river for the Algona Central. C. E. and D. A. Brotherton of Escanaba are estimating timber near Swanzy, Marquette county, for the Northwestern road. The timber lies adjacent to the Escanaba river, and is to be penetrated by the proposed branch from Perkins, the survey for which has been made. This land has not been "looked" since 1874, when Mr. C. E. Brotherton estimated the timber thereon. In order to show the rapid growth of pine it may be stated that in 1874 no pine was accredited to one of the four fortunes now under consideration, while today there is 300,000 feet of available pine thereon, and 800,000 on the section, against less than one-tenth of that amount twenty-eight years ago. Nine years ago Mr. D. A. Brotherton estimated the timber on a forty near Lathrop, but a reference to his notes does not show any pine. Recently he again went over the same forty and found 20,000 feet of pine large enough for the woodman's axe.

FORTUNE FAVORS A TEXAN.

"Having distressing pains in head, back and stomach, and body without appetite, I began to use Dr. King's New Life Pills," writes W. P. Whitehead, of Kennedale, Tex., "and soon felt like a new man." Infallible in stomach and liver troubles. Only 25c at Stafford's drug store.

FOR COLD LUNCH.

Canned chicken, tongue, beef, sardines, roast fowl mixed and pickles in bottles, at Heppner's. (7-22-c)

Thou has strange notions for one so young a substitute to think that thou are the same as Rocky Mountain Tea made by the Madison Medicine Co. 35c.

FOR SALE—One top buggy, one open buggy, one two-seat side bar wagon, one portable engine and sawing machine complete. F. B. Spear & Son. (5-15-11)

CAN GET A MATCH.
Either Dwyer or Burns Will Meet "The Terrible Swede."
There is a wrestler down in the town of Newberry, who appears to be anxious to gain newspaper notoriety or really wants to get a match with Farmer Burns or Sonny Dwyer, says the Houghton Daily Mining Gazette. He can have a contest with either without any difficulty and the only thing necessary preliminary for the "Terrible Swede" will be putting up a little of the long green; he will be covered so quickly that he will be surprised.

This wrestler, known locally and throughout the upper peninsula as the "Terrible Swede," recently published a challenge in the Marquette Journal in which he said he would be willing to wrestle either Burns or Dwyer for any amount they might see fit to put up.

To a Mining Gazette reporter Burns, the "farmer" said: "I will agree to wrestle that fellow and throw him three times inside of an hour catch-as-catch-can. The Police Gazette rules are to govern the match and I have \$250 to say that I will win under the conditions. If he means business let him deposit a forfeit with your paper or with the Journal at Marquette, notify me that his forfeit is up and I will cover it and arrange the match in a hurry."

"Now, if that style of wrestling doesn't suit him I am willing to wrestle a mixed match, Cornish, catch-as-catch-can and Graeco-Roman with him for the same amount of money. Wrestling is my business and I have no time to lose in newspaper talk. If that man wants a match there are the conditions. Let him put up a forfeit and we can arrange together for the match, he doesn't mean business and only wants to hear himself talk, it is time wasted."

The Farmer left Tuesday morning for Iowa. He has dates ahead for over a week. By the first of October, however, he will have an open date for the accommodation of the "Terrible Swede" on the latter is anxious to do business on the mat.

TOURIST SEASON A FAILURE.
Soo Suffered, Along With Mackinac, Marquette and Other Places.

The tourist season is about over and it has been a disastrous one for the entire lake region in comparison with former years, says the Soo News-Record. The number of tourists has been far less than in former seasons and has almost entirely disappeared from the scene. At Mackinac Island business fell off nearly half from last season, and at Petoskey and contiguous resorts come reports of the same condition of things. The reports from the head of the lakes are along the same lines.

The Soo has not suffered in comparison with other resort towns, although the tourist trade here did not begin to come up to expectations. The excursions run into the city, the conventions that have been held and the Soo's attractions as a business center have brought many visitors to the city, who could not be classed as tourists or resorters.

This is the first season in years, however, that the two big hotels, the Iroquois and Park, have not had to refuse guests at some time or another. Only on one or two occasions during the past summer was either hotel over-crowded. Mr. Welton, of the Iroquois, was all ready to enlarge his hotel, if the trade warranted it, which has not so far been the case. He may conclude to do so, however, before next season opens up.

The reason for the small amount of travel this season is either hotel over-crowding or unfavorable weather conditions. It has been a cold summer all over the country, and people living in the big cities and interior towns did not feel compelled to seek relief from the heat by a trip to the lake resorts. They simply staid at home.

With a warm summer next year, the Soo should do the largest tourist business in its history. There is almost a certainty that either the North West or North Land will next season be again placed on the Buffalo-Duluth run, and it is also said the Leopolds will either run the Manitow between Chicago and the Soo or secure another steamship for this route.

Marquette has entertained a greatly decreased number of visitors this year, owing to the facts that the Western Hay Fever association transferred its headquarters to St. Ignace and that the Hotel Superior remained closed.

There has been no complaint, however, and people have seemed to think that they have been as well off without the customary summer influx of visitors as they were last year. Business has not suffered. If there would naturally have been any difference, it has been made up by other things.

It was a piece of good fortune that the Superior was not opened this year, as in view of the prevailing bad weather, the season could not have failed to have proven disastrous.

RECKLESS TIM.
That Is Tim Tarsney—Put a Dollar in the Collection Box.

The two Tims—Tarsney and Tetter—have a difference. It involves a claim on the heads of the plaintiff. He has searched the books, but can find no law or statutes bearing on the case and like the conscientious lawyer that he is, he told the other Tim so. But he is sure equity is on his side. Jointly the two have submitted it to some of the wise heads who are willing to listen to something besides politics. The opinions they get aren't satisfactory either. The case is this:

Tim Tarsney was at the Soo one Sunday recently and went to church. When he saw the contribution plate coming his way he dug down for his trousseau for a coin. The only thing he could find was a penny and a silver dollar. It was a dollar that he carried all through the campaign of 1896 and 1900, and had used when he was talking to illustrate the beauties of 16 to 1. Years ago, before he took to the law, he used to steamboat around the Soo, so they all knew him—up there—at least they thought they did—and he knew that they would say he had a pinched soul if he put the cent on the plate. His soul isn't pinched, and he is proud of

it. So to save his reputation he parted with the silver dollar. A venerable, gray-haired priest, was passing the plate, and when he saw the silver dollar, he smiled benignly at Tim and whispered:
"Thank you, Mr. Tetter."
On the spur of the moment Tim wanted to whisper back that he was the other Tim, but he hesitated a moment and then it was too late. He believes Tim Tetter, having the credit of the contribution, though he was hundreds of miles away at the time, should repay him the dollar. Tim—that is Tim Tetter—won't admit that he is liable and so the difference continues. They are talking of calling for an arbitration board.—Detroit News.

MARINE MATTERS.
Coo Canal Passages.
Sault Ste. Marie, Mich., Sept. 17.—(Special)—Up—Colby, 8:30 last night; Samosa, 9:40; Shaw, 10:30; Fitch, Maitland, 11:30; Hesper, Quayle, Sandusky, Presque Isle, 2:20 a. m.; Beatty, 5:20; Germanic, 6; Hill, 8; Reis, 8:30; C. W. Elphicke, Jupiter, Starucca, 9:20; Gates, 12:20 p. m.; Trevor, Archiback, 12:40; Corsica, 1:40; Lackawanna, Troy, Alberta, 2; Matosa, 3; Odorous, 3:40; Chili, Massachusetts, Scranton, Ottawa, 5; R. R. Rhodes, 7:40; Stratheona, 8.

PLEASANT TO THE TASTE.
One of the most important requirements in a medicine to be given to small children should be that it is pleasant to take. Bad tasting medicines disturb the stomach, destroy the appetite and it is extremely difficult to get children to take them. The pleasant flavor of Dr. Geo. W. Parke's Laxative Syrup, the certain cure for dyspepsia, constipation, and biliousness, pleases the most sensitive persons and is the ideal laxative for young children. Sold by The People's Drug Store.

CITY BRIEVITIES.
Today's weather: Threatening with showers and cooler. Winds brisk and high tonight.

Yesterday's temperature: 7 a. m., 54 degrees; noon, 65 degrees; 7 p. m., 54 degrees. Maximum, 68 degrees; minimum, 54 degrees.

W. H. Johnston was down from Ishpeming yesterday.

Postmaster Mangum went to Petoskey on business yesterday.

The Marquette Light Infantry will hold a drill Friday evening.

The schooner A. W. Thompson arrived yesterday morning with a cargo of soft coal.

The regular meeting of the A. O. U. W. this evening will be transformed into a "smoker."

The eighteen-months-old child of James Hetu, 503 W. Rock street, died last night.

Miss Francis Doty left for Detroit, where she will visit for some time, yesterday morning.

Mrs. E. E. Homier has left for Owen Sound, Ont., and Toronto to visit with relatives for a few weeks.

The revenue cutter Morrill arrived in port yesterday afternoon. She is anchored out near the breakwater.

Misses Mable Brown and Mae Green left for Ann Arbor, where they will attend the university, yesterday morning.

Rollin Thatcher, who has been visiting at the home of Mrs. G. M. Willis for some weeks, has returned to La Grange, Ill., where he lives.

The funeral of John Watt will be held this morning at 9 o'clock from St. Peter's cathedral. Interment will be in the Holy Cross cemetery.

The contractors are making excellent progress on the superstructure of the Werner block. They are now up to the second story and most of the iron work for the first story is in.

The steamer Friant made a trip up the lake yesterday. She came down in the afternoon, with Dr. Dudley of Chicago and other resorters on board. Dr. Dudley left for Chicago last evening.

Charles, the ten-year-old son of Alfred Johnson, 908 North Fourth street, died yesterday. The funeral will be held Friday afternoon at 2 o'clock, from the Swedish Lutheran church.

Fine progress is being made with the finishing work at the new High school building. Material is now being received at a good rate, and it is not believed that the resumption of school will be delayed beyond the first of October.

Frank Blackwood and sister, Miss Maude Blackwood, were called to Hancock yesterday afternoon on account of the serious illness of their mother. Mrs. Blackwood will leave for Chicago for medical treatment in a few days, if able to stand the journey.

Heart failure caused the death, at 9:30 o'clock last night, of Francis Dennette, residing at 423 W. Washington street. The deceased was aged about forty-six and is survived by wife and several grown-up children. Mr. Dennette was formerly proprietor of the Northwestern Hotel.

Laura M. Carr died early yesterday morning at the home of her parents, Mr. and Mrs. C. E. Carr, 358 West Genesee street, aged nineteen years and ten months. The cause of the death was diabetes. The funeral will be held this afternoon at 3 o'clock from the Baptist church, interment in the Park cemetery.

The Marquette & Southeastern system will give an excursion from Ishpeming, Negaunee, Marquette, and points down the line, to Munising Sunday. The fare from Marquette, Ishpeming and Negaunee will be \$1 and the leaving time 8:10 and 9:05 a. m., respectively. Returning, the special train will leave Munising at 6 p. m.

The marriage of Miss Aida Bertrand, daughter of Mrs. Josephine Bertrand, and Andrew E. Cerveson of Menominee will occur this afternoon at St. John's rectory. Mr. and Mrs. Cerveson will visit in Chicago, St. Paul and Minneapolis on their wedding trip. They will be at home November 15 at 704 Grand avenue, Menominee.

Ward caucuses for the selection of Marquette city delegates to the county Republican convention to be held next Tuesday at the city hall will take place

Monday evening at 7:30 o'clock at the usual places. The call was issued Tuesday by John R. Van Evera, chairman of the city committee. This city is entitled to nineteen delegates.

The first day of the sale of the Bracher stock was a big success. A veritable jam of buyers was attracted to the assessment department of Van Alstyne, and the largely augmented force of clerks was kept busy from 8 a. m. to 6 p. m. It is Mr. Van Alstyne's expectation that the entire stock will be closed out this week. The sale will again be in progress today.

Eugene Mosher has been appointed general manager and adjuster for this district for the National Protective Society of Detroit, a well known accident and health association, and will assume his duties immediately. His appointment was made by A. F. Horton of Flint, general manager and adjuster for Michigan and the northwest, who is now in the city.

There has been considerable debate among Marquette hunters concerning the date on which the legal duck hunting season opens. Some of them have maintained that it was September 1, and have been conducting themselves accordingly. The season opens October 1, and all who have been banging over ducks during the past few days, or weeks, have been violating the law. It is said that there has been a great deal of duck shooting in this vicinity of late.

In a communication to The Mining Journal, Wm. Sherkey, proprietor of the barber shop at 229 Washington street, states that he, as well as Beaudry & George, is conducting a union tonorial establishment. He received his card some little time ago, somewhat earlier than Beaudry & George, and has it conspicuously displayed at his place of business. Mr. Sherkey states that he believes he was the promoter of the shop to unionize the various barber shops of the city.

MACCABEES ATTENTION.
All members of Superior, Peay, Marquette and Queen City tents are requested to meet at Fraternity Hall Thursday at 8 a. m., to attend the funeral of Sir Knight John Watt, a member of J. W. Balkmap tent, No. 508, of Otaota. By order of COMMANDERS. (9-17-11)

Restores vim, vigor, mental and physical power, fills your body with warm, tingling life. That's what Rocky Mountain Tea does. 35c. Stafford Drug Co.

WHY SHOULD YOU ALWAYS REMAIN POOR?
When a few dollars a month invested in a good gold mining company will bring you a comfortable income within a very short time. Our gold mines are located in the well known Gold Hill mining district, Boulder county, Colorado. We are offering very valuable claims, on which we are now sinking two shafts and one tunnel, and the ore in all is showing very good values, assaying from \$10.75 to \$12.25 per ton according to different reports that we have had made. If you intend to invest in a safe and profitable gold mining company then you cannot do better than to buy stock in this company. At this rate, write us for prospectus and information at once, as we intend to sell only a limited amount of stock to place the mines on a dividend-paying basis. The Marquette Gold Mining and Milling company, Marquette, Michigan. Office, Marquette National Bank building. (9-11-11)

NOTICE.
Republican ward caucuses will be held in the several wards of the city of Marquette, Monday evening, September 22d, 1902, at 7:30 o'clock, to elect delegates direct to a Republican convention for the county of Marquette to be held at the Assembly Room of the City Hall, in the city of Marquette, on Tuesday, the 23d day of September, A. D. 1902, at 1:30 o'clock p. m., for the purpose of nominating candidates for the following county offices, viz: Sheriff, treasurer, county clerk, registrar of deeds, prosecuting attorney, two circuit court commissioners, two coroners and one county surveyor. Also for the purpose of electing fourteen delegates to the state convention called to meet at the city of Grand Rapids, on Friday, the 26th day of September, 1902. Also for the purpose of transacting such other business as may properly come before said convention. The Ward caucuses will be held at the places, and are entitled to representation as follows: First ward, corner Lake and Garden streets, 3 delegates. Second ward, Road Roller house, 3 delegates. Third ward, Hodgkins' livery stable, 3 delegates. Fourth ward, City Hall, 2 delegates. Fifth ward, 429 Washington street, 3 delegates. Sixth ward, Third street school house, 2 delegates. Seventh ward, 825 North Third street, 2 delegates. Eighth ward, corner Front and Park streets, 1 delegate. Dated, Sept. 16, 1902.
JOHN R. VAN EVERA,
Chairman.

Ishpeming and its Environs.

MARAUDERS ARE ACTIVE.

They Have Been Prowling Around North First St. and First St. Homes.

People in the neighborhood of North First street and North street are aroused over a number of robberies that have occurred there recently. Sunday night a man entered the house of Charles Pascoe, 707 North First street, and got away with a pocketbook and a breast-pin. Mr. and Mrs. Pascoe were at home at the time and hearing some noise in the bedroom, Mr. Pascoe opened the door just in time to see a man disappear through the window. He followed the robber and caught him before he had time to leap over the fence. The man gave his name, and said he thought he was in Mrs. Voelker's house, and Mr. Pascoe, thinking it didn't amount to much, allowed him to go. On returning to the house he discovered that a pocketbook containing \$1.18 had been taken. The drawers of the bureau had been rummaged but a roll of bills, containing twenty-five dollars, was overlooked. Mr. Pascoe started out to look for the fellow and met him at the door. He handed the pocketbook back. He told Mr. Pascoe that he thought it belonged to Mrs. Voelker, and that he meant his action as a practical joke.

Mrs. Voelker, when seen by the reporter, said that the man had tried to enter her house Saturday night, but that she ordered him out. She recognized him as a man who had lived in the neighborhood for some time. Mrs. Voelker is a widow and lives on North street. Last week a bicycle was found in her barn, placed there by some unknown person. Sunday night a man entered the out-house of Mr. Johns, First street, and stole some wood. Mr. Nichols' house, on First street, also was entered last Saturday night, but the man was frightened off.

HUNTING FOR HAWKINS.

The accompanying cut, which has appeared in this department for some days past, with catch lines that have been more or less a puzzle, simply means that a big, merry comedy attraction is to play the local theatre next Tuesday evening. "Hunting for Hawkins" is what the mysterious characters, "H. & H." stand for. The company is a large one and the play is making a hit everywhere.

William Prin is a candidate for reelection to the office of coroner on the Republican ticket. He has held the office for some time, having served a couple of terms prior to his election two years ago. He has made one of the county's most efficient coroners, and he will doubtless be re-nominated by acclamation. It was said a few days ago that Prin would have an opponent from Negaunee, but so far no announcement of candidacy has been made from that city. Mr. Prin will have no opposition in Ishpeming.

ON THE MESABA RANGE.

H. H. Alden is making a tour of the Mesaba range. He will also visit the Vermilion range before returning home. This is the judge's first visit to that country. In a letter he wrote to a friend he stated that the vastness of the mining industry of that section fairly staggers him. He was greatly surprised at the advanced development of some of the larger mines. He is much interested in his trip as there is nothing he enjoys more than looking over good mining property.

P. H. DONAHOE'S FUNERAL.

The funeral of the late P. H. Donahoe will be held this morning at 9 o'clock. A requiem high mass will be celebrated at St. John's church by Rev. H. Buchholz of Munising, assisted by Revs. Father Sullivan of Gladstone and Moeckler of St. Ignace. The obsequies will be directed by the local division of the Ancient Order of Hibernians, of which the deceased was an old member. The members will attend in a body.

Our fall line of Dress Goods and Waist Cloths will be in stock this week. Finnish Mercantile association.

PRAISE FOR TEKLA FARM.

Ishpeming Girl Delights Soo People With Her Singing.

The Soo Journal, of Monday, had this nice mention of Miss Tekla Farm, until recently an Ishpeming girl: The Methodist and Presbyterian churches were treated yesterday to some of the finest solo singing the Soo has heard for some time. The favor was that of Miss Tekla Farm, of Detroit, who is spending her vacation in this city. Miss Farm was formerly of Ishpeming and left that city to study voice culture under the instruction of Marshall Pease of Detroit. During her residence in that city she has become a favorite in musical circles, especially in the churches. Miss Farm has a clear, rich soprano voice of great range and remarkable power. Her pronunciation is above that of the average professional and this together with the spirit with which she enters into her singing carries her hearers with her. It has been suggested that Miss Farm be asked to give a recital before leaving the city and it is probable that this can be arranged.

SEEK AID OF SCIENCE.

C. C. Iron Co.'s Unique Procedure on the Minnesota Ranges.

There are more ways than one for detecting the presence of a body of iron ore, says the Duluth Tribune. One is experience in such matters and the other is science. The Cleveland-Cliffs Iron company is bringing the latter to bear on the Vermilion. Prof. H. L. Smith, of Cambridge, Mass., professor of geology at Harvard college, and J. E. Jopling, of the Cleveland-Cliffs company, have spent some days on the Vermilion range, and since their return to Duluth have been busy with official data and such other information in that field. It is understood that the services of the eminent geologist have been obtained with a view to getting "a line" on additional iron ore deposits on the Vermilion. The iron formation is traceable nearly all the way between Ely and Tower, but explorations have been, as a rule, discouraging between the two towns. If Professor Smith can inform the iron ore people that he has become of the opinion that it would naturally be sought to be between the two places, he will have solved one of the most interesting questions that puzzles them now.

The Cleveland-Cliffs Iron company is a new comer in Minnesota, as far as acquiring iron properties is concerned, but it is longer in the Lake Superior region. It is an extensive concern. The company practically dates from 1846, when it sent a representative into the then unknown iron country of this region and secured a mine on the Marquette range. It was the second mine to be located and the first to ship ore. The Cleveland-Cliffs Iron company is considered one of the most liberal and enterprising in its line of business. The company is conducting extensive operations on the Mesaba range, and evidently has an eye to the Vermilion. It is looking for some line of iron ore. It is figuring on leasing the famous section 30.

A BOY'S WILD RIDE FOR LIFE.

With family around expecting him to die, and a son riding for life, 18 miles, to get Dr. King's New Discovery for Consumption, Coughs and Colds, W. H. Brown of Leesville, Ind., engulged death's agonies from asthma, but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night." Like marvelous cures Consumption, Pneumonia, Bronchitis, Coughs, Colds and Grip prove its matchless merit for all Throat and Lung troubles. Guaranteed bottles 50c and \$1. Trial bottles free at Stafford's drug store.

W. H. Wagner, who represents Sigler Bros., of Cleveland, O., will be at Girz's store today with a line of diamonds, watches and fine jewelry. Any one wishing to select from a large stock of goods, will find it to their advantage to call at Girz's and see Mr. Wagner's line. (9-17-11)

Two million Americans suffer the torturing pangs of dyspepsia. No need to. Burdock Blood Bitters cures. At any drug store.

ISHPEMING IN BRIEF.

C. D. Porter of Hancock was here yesterday.
Miss Bridget Ryan left for Detroit yesterday.
Father Kehoe arrived home from Clowry last night.
Miss Emma Ruez returned yesterday from Chicago.
Mrs. T. A. Felch entertained yesterday afternoon.
L. T. Whiting of Iron Mountain was in the city Tuesday.
Jacob Luhtanen has taken a position with William Leininger.
D. F. Wadsworth, wife and daughter, left for Minneapolis yesterday.
James Stokoe left yesterday for Ann Arbor, to attend the University.
John Hultquist, an old resident of this city, is here from Chicago for a week or ten days.

Diphtheria has appeared at the Salisbury school, and two rooms had to be disinfected yesterday.

The funeral of the late Christ Clancy, held yesterday morning from St. John's church, was largely attended.

A number of fire alarm boxes have been burnt out recently, as a result of the wires crossing the trolley.

City Attorney W. T. Potter has moved from his old house on North Main street to 808 North street.

H. F. Heyn has gone west on a visit to different points of interest. He will be absent about two or three weeks.

The Country club held a meeting Tuesday, with thirty present. Supper was served, and a musical program rendered.

James Ward has taken Thomas Oliver's place as conductor for the North-western road, on the run between here and Green Bay.

J. A. Lacey, chief of the fire department, arrived yesterday morning from Detroit, where he attended the convention of the National Firemen's association.

The second football game of the season between Ironwood and Bessemer, was played last Saturday at Bessemer. The score was 16 to 0 in favor of Ironwood.

The Cleveland-Cliffs club will enjoy an excursion to Munising Saturday afternoon, returning Sunday night. It will be a stag affair, and there will probably be twenty-five in the party. If the weather permits, Pictured Rocks will be visited.

Six Ishpeming boys, Will Harrington, Roscoe Kiefer, Walter Lally, Joseph O'Neil, Robert Dorey and Ray McNulty, left yesterday morning for St. Norbert's college at West De Pere, Wis. At least two of the boys will study for the priesthood.

The members of the Catholic Athletic club intend to give a fine party Saturday night at the Anderson hall. Delegations of young people are expected from the different cities and towns in the county. The City Band orchestra will furnish the music. Tickets will be fifty cents per couple.

David Lind, who lost an arm in an accident on the Northwestern railroad in this city, two years ago, has settled his claim against the company through Attorney Crocker for \$400. This is considered a good settlement, as the evidence showed that the accident was partly due to Lind's carelessness.

There will be another excursion to Munising next Sunday via the Lake Superior & Ishpeming, Marquette & Southern and Munising railways. The fare for the round trip will be \$1.00 and the special train will leave this city at 8 o'clock. The previous excursions given over these lines have been well attended and if the weather is favorable there will doubtless be a goodly number out next Sunday.

OSTEOPATHY.
Hon. H. F. Pingree, ex-governor of Michigan, who signed the bill legalizing osteopathy in this state said after a thorough and careful official investigation:

"Osteopathy is a science entitled to the respect and confidence of all, as a distinct advance in medicine. I know that it is doing a vast amount of good in relieving suffering and deformity that is not amenable to benefit from drug medicine."

For free books explaining osteopathy, address Dr. J. L. Shorey, room 8, Harlow block, Marquette, Mich. At Ishpeming Tuesdays and Fridays, 212 W. Ridge street. (8-22-11)

OFFICERS ELECTED.

The county board of the A. O. H. met Sunday at 1:30 p. m. and elected officers for the ensuing year. T. J. Dundon, who has held the office of president for the past twelve years, retired. The Hibernians will have charge of P. H. Donahoe's funeral, which will be held today. They will attend in a body. Following are the new officers: James Clancy, president; Patrick Whalen of Republic, vice president; Joseph Mack, of Marquette, secretary; John Shea, of Negaunee, treasurer.

Sleeplessness. You can't sleep in the stillest night, if your digestion is bad. Take Hood's Sarsaparilla—it strengthens the stomach and establishes that condition in which sleep regularly comes and is sweet and refreshing. 5

Impossible to foresee an accident. Not impossible to be prepared for it. Dr. Thomas' Electric Oil. Monarch over pain.

REPUBLICAN REPRESENTATIVE CONVENTION.

A Republican representative convention for the Western district of the county of Marquette is hereby called to meet at the Nelson House, in the city of Ishpeming, on Wednesday, the 24th day of September, A.D. 1902, at 2 o'clock p. m., for the purpose of nominating a candidate for representative in the state legislature; also for the purpose of choosing a representative district committee and to transact any other business that may properly come before such convention. The several wards of the city of Ishpeming and the townships of said district will be entitled to representation in the convention based upon the vote cast for governor at the last presidential election, as follows:

Ishpeming City—	Votes.	Delegates.
First ward	220	2
Second ward	247	2
Third ward	353	4
Fourth ward	319	3
Fifth ward	231	2
Sixth ward	252	3
Seventh ward	168	2
Eighth ward	197	2
Ninth ward	225	2
Tenth ward	122	1

Townships—	Votes.	Delegates.
Champion	277	3
Ely	58	1
Humboldt	63	1
Ishpeming	46	1
Michigamme	233	2
Republic	388	4
Tilden	253	3

Dated, Ishpeming, Michigan, September 10, 1902.
H. O. YOUNG,
Chairman Republican Representative District Committee.

WANTED—A good, all round machinist, one who is able to repair rock drills. Steady work and good wages to the right man. Apply to 645 E. Vine st., Ishpeming, Mich. 9-15-11

LOST—Light bay mare, short tail and nose, two white hind hoofs, white spot on forehead. A reward for animal's return to William Penrose, National. 9-13-11

LOST—A red and white cow, with straight horns; age five years; strayed away Sunday, Sept. 8. Reward of \$5 for her return. Alfred Berry, Winthrop. 9-11-11

DREAMED OF RICHES

BUT CONVICT MILLER WILL FIND THIS NOT TO BE.

AN INMATE OF MARQUETTE PRISON

THOUGHT HE WAS ENTITLED TO SHARE IN DETROIT ESTATE.

But Investigation Shows That, While Part of His Story Was True, His Thousands Will Not Be Forthcoming.

It will be remembered that a few weeks ago the Mining Journal published an interesting yarn concerning the claims of Convict Miller, an inmate of the upper peninsula branch of state prison, to a share in the division of a Detroit estate, said to be worth a couple of hundred thousand dollars. Convict J. L. Heffernan interested himself in the case, and he secured the assistance of Tim Tarsney to look up the Detroit estate of it. This has been done, with the result that it has developed that, while there was a great deal of truth in Miller's story, he did not have all the facts straight, and he is entitled to no share in the division of the estate, or the proceeds thereof. The Detroit News has the following interesting comment on the case:

Convict William Miller's dream of a vast estate in Detroit has ended in disappointment. Miller is at present serving five years in Marquette prison for the theft of a bicycle. He was sent up from Detroit about two years ago, but it was not his first offense, he having been convicted of embezzlement before this and having served time.

A short time ago Miller communicated with an attorney at Marquette and divulged to him that he was an heir and grandson of George W. Miller, one of the early settlers in Detroit, who obtained about 320 acres of land by mortgage foreclosure in the vicinity of Michigan avenue and the Pere Marquette railroad. Miller claimed that through his father Henry Miller, one of George W. Miller's sons, he became entitled to a big share in the land, but he stated that the estate out on Michigan avenue had never been probated and that there was a good thing in it for him if the estate could only be adjusted properly and his share distributed.

Worth \$700 an Acre.

The property in question is now worth about \$700 an acre, and Miller's dreams of a generous estate in Detroit crystallized in a map which he drew within the walls of the prison, defining the boundaries of the estate of his grandfather near Michigan avenue. Miller's attorney at Marquette, seeing the vast possibilities

of the case, communicated with lawyers in Detroit, and a thorough investigation of his claims has just been made. Although a careful analysis of Miller's claims practically shows that he has nothing coming to him, yet his statements in regard to his relatives owning the land in question are correct.

His father undoubtedly was George W. Miller, and he had a son, Henry Miller, father of William Miller. But the old man was married twice, and he had a generous allowance of sons and daughters by each marriage. The land was divided among them, and parts of it were sold, as an examination in the register of deeds office by the Detroit attorneys indicates. Miller's father, Henry, appears to have had no land left to him, he having quitted Detroit after the death of his father in 1873 and gone to Kansas City, where he died a few years ago.

The land is now built up, brickyards occupying part of it and the tracks of the Pere Marquette railroad running through it. The railroad paid a big sum for the right of way through the land, and Miller was in hopes of sharing in this. At present three of George W. Miller's grandsons, Edward, Herbert and John, are occupying a small portion of the land, but for the most part the Miller estate has been divided and sold.

Miller is now 58 years of age, and so sure was he of a valid title to the estate in Detroit that he had made an effort to obtain a pardon that he might look up his property in this city. He alleges that his relatives here purposely prosecuted the charges against him, that he might be placed in security behind prison walls to leave them to enjoy the estate which he believed to be his by right of inheritance.

There seems to be little question, however, that Miller's hopes cannot be realized, and the attorneys here have practically dropped the case for good.

FAST RACE TODAY.

Texas Jessie and Ella Ola Will Be Driven at the Fair Grounds.

The match race, for \$500 a side, between Louis Saam's Ella Ola and Mike Shea's Texas Jessie will occur this afternoon at 2:30 o'clock at the Fair grounds track, and it is confidently expected that one of the fastest races ever ran on the upper peninsula will be put up. Both horses have records pretty well down toward 2:10 and, while the Marquette track is heavy, it is likely that the record of 2:16, made by Texas Jessie during the fair, will be considerably improved upon. This afternoon Ella Ola will be driven by a man brought in from Grand Rapids. Hitchcock of Escanaba will handle Shea's horse. The admission to the track will be fifty cents for men, twenty-five cents for women.

There's no beauty in all the land, That can with her face compare. Her lips are red, her eyes are bright. She takes Rocky Mountain Tea at night. —Stafford Drug Co.

For forty years Dr. Fowler's Extract of Wild Strawberry has been curing summer complaint, dysentery, diarrhoea, bloody flux, pain in the stomach, and it has never yet failed to do everything claimed for it.

FIRE FATALITY.

Infant Child of William Johnson Burned to Death Yesterday Morning.

William Johnson, employed at the Presque Isle dock, lost his twelve-months-old son, Walter, yesterday morning in a fire which also destroyed his home, situated about 300 feet southwest of the power house of the Marquette & Presque Isle Street Railway company.

The blaze occurred shortly after nine o'clock. Mrs. Johnson left the house, a frail two room affair, to go to a shed, a few feet distant, in which were stored furniture and other belongings of the family.

She had been in the shed but a few moments, when she smelt smoke. She investigated and found the interior of the house in flames. She made an attempt to rescue her little son, but she found that the upper portion of the structure had fallen in on the bed on which he was lying, and she could not reach him. Other attempts at rescue made by people who arrived on the scene early also failed.

The house was not provided with a chimney, but the smoke was carried away from the stove by a pipe which ran through the roof. The theory is that the fire started from this pipe some time before Mrs. Johnson left the house, and that it burst out as soon as her back was turned, otherwise it could not have obtained the great headway it had when she discovered it.

The dwelling, as well as the nearby shed, was burned to the ground, the family losing everything it owned, including \$100 which Mrs. Johnson asserts she had hidden away in the house.

The fire was fought, without avail, by a stream of water from the power house, and the fire department also turned out, with its chemical cart, which was brought right up to the blaze. The firemen could do nothing to save the Johnson house, but they did prevent an adjoining dwelling from being wiped out by the flames.

The remains of the child were recovered shortly before noon. They were almost completely consumed by the fire.

LIMITED ACTIVITY.

There Was Nothing in Particular Doing in Coppers Yesterday.

Paine, Webber & Co. said of coppers: "Only a few coppers were active today, and prices were irregular. The London metal quotations were off at the opening and this checked any bull enthusiasm that may have been growing. Copper Range showed a good buying demand and Mohawk was conspicuously strong. There continued to be good support in Amalgamated. The feeling in copper circles is very bullish on both the metal and copper stocks. We firmly believe that good coppers will soon sell higher."

Hayden, Stone & Co. wired the Laidley Commission company: "The market was dull today, with the exception of Copper Range, which advanced a fraction. The future price of copper appears to hang on whether our experts increase. For the last month, or so, they have decreased, this with Clark's United Verde closed and Anaconda not working to its full capacity. It seems to us that copper on hand will pile up

as the consumption will not increase in proportion to the increase of production. It looks like 12 cent copper, or lower, and nothing doing in copper shares for some time except at lower prices."

Chicago Markets Quiet.

W. H. Laidley and company said of the Chicago markets:

"The wheat market today was again an extremely dull affair, and confined itself to a very narrow range of prices. The September closing was slightly under last night, while the other options were slightly over. The market was strong and higher early, but toward the end of the session, felt the effects of considerable liquidation. Wheat was helped materially by strength in corn, but trade was so light that no decided tendency could be noted. The receipts and estimates were light. The north-west receipts were heavier. The clearances were fair. We still advise the purchase of wheat upon all recessions, and, while we do not look for any big advance, we much prefer the long side at these prices.

"Corn opened strong and higher, and although it experienced a little setback toward the close, the last prices were 1/2c over yesterday. The receipts and estimates were comparatively light. Predictions of frost in the northwest had something to do with the strength shown. We advise purchases of corn, as we think considerably higher prices are going to be seen.

"Oats followed the course of the corn market, although the advance was only slight. The receipts continue to show a very good amount of contract grain, and this, with the steady cash demand, would seem to indicate that they should be purchased upon all breaks.

"Provisions opened weak and lower, upon heavier receipts than expected, and continued to sag during the entire session, closing at about the bottom prices. The local operators and the outside trade generally sold. The cash demand was reported as not so good. There was scarcely any support to the market. Prices may go a little lower, but we certainly think that provisions should be bought upon any further break."

New York Market Dull.

Walker said of the New York market: "The market today was very dull and the transactions were light, but there was good support all day, and, in a great many cases, prices advanced. The grangers and Pennsylvania were particularly strong and made good advances. The money rates eased up a little, but were around 10 per cent on renewals, and this kept the public from buying. The close was steady at about the best prices of the day."

BEWARE OF THE KNIFE.

No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles for example, it is seldom needed. DeWitt's Witch Hazel Salve cures quickly and permanently. Unequaled for cuts, burns, bruises, wounds, skin diseases. Accept no counterfeits. "I was so troubled with bleeding piles that I lost much blood and strength," says J. C. Phillips, Paris, Ill. "DeWitt's Witch Hazel Salve cured me in a short time." Soothes and heals. H. Harwood, Ishpeming. Stafford Drug Co., Marquette.

Our Nickel-Plated Safes

Are Strong, Handsome and Useful.

We loan them to those who wish to save up small sums at home. For particulars write or call at the bank.

The Marquette County Savings Bank, Marquette, Michigan.

N. M. KAUFMAN, Pres't.
E. N. BREITUNG, Vice-Pres't.
S. R. KAUFMAN, Vice-Pres't.

GEO. BARNES, Cashier.
W. B. McCOMBS, Asst. Cashier.

Tomorrow

Mrs. McCann will serve samples of "Shredded Whole Wheat Biscuit" from 8 a. m. to 6 p. m.

Her chafing-dish lessons are exceedingly fine, and we will be glad to have all the ladies avail themselves of the opportunity of learning something new in scientific cooking.

Creamed oysters will be served at 4 p. m.

JOHN SIEGEL'S,
The Up-to-Date Grocer.

WOOLENS FOR GENTLEMEN'S WEAR.

MY FALL AND WINTER SUITINGS are now ready for your inspection. I have a large, fresh stock of novelties in Scotch Tweeds and Cheviots, and solicit your orders.

FRED L. SIMMONS, Tailor

OLD, TRIED, TRUE--THE BEST INSURANCE IN THE WORLD.

National Life Insurance Co.

OF VERMONT.
Sells the most modern, profit-sharing, non-forfeitable contracts of Life Term, Endowment and annuity insurance. Good agency contracts for reliable men. Apply to
