DISPUTE AT QUEEN'S BIER. Daughter of King Leopold Driven by Him from the Palace. Brussels, Sept. 21.—A dispatch from Spa says that when King Leopold arrived there he refused to speak to Princess Stephanie, his daughter, and compelled her to leave the royal palace. The princess rode to the station in a hired carriage and, amid demonstrations of sympathy from the people, took a train for Brussels minutes.

DISGUEST OF DETROIT. PRESIDENT ARRIVES THERE FOR A TWO DAYS' STAY. FINDS CITY IN GALA ATTIRE. RIDES TO HOTEL THROUGH LINES OF CHEERING PEOPLE. Detroit, Sept. 21.—President Roosevelt arrived here at 8 o'clock this morning and found Detroit in gala attire, with flags flying and the city bright with lighting. Pictures of the president greeted the eye at every turn. Crowds lined the streets about the Cadillac Hotel all day, anxious for a glimpse of the president, and his appearance was always the signal for enthusiastic cheering. The weather was bright and warm, with a pleasant breeze stirring.

Met by Governor and Mayor. When the president's special train rolled into the station this morning there was a great cheer by the assembled crowds on the platform and the station. A reception committee, composed of Governor Bliss, former Secretary of War Alger, Mayor Maybury, Congressman J. B. Corliss, Hon. W. E. Quinby, former United States minister to the Hague, and a number of others, including a delegation from the Spanish War Veterans, now in session here, met the president and through lines of cheering people escorted him toward the station entrance, the president bowing and smiling as the people cheered him. As the party passed the engine of the presidential train the president stopped to shake hands with the engineer and fireman.

Attends Presbyterian Church. At the hotel the president went immediately to his room, where he received a number of local newspaper men. He then was left to prepare for church. He attended the Fort Street Presbyterian church, accompanied by General Alger, Secretary Cortelyou, Mayor Maybury and Mrs. Alger, who joined the party at the Alger residence, near the church, where a brief stop was made. The church, which was crowded to its capacity, was decorated with flowers and American flags were draped about the pulpit. Rev. E. H. Pence preached on "A Three-Fold Gospel." During the services the president's favorite hymn, "God Guard Columbia," was sung.

Drive Nearly Marred by Accident. The president occupied a carriage which belongs to the police department during the afternoon drive. All along the route the streets were crowded with cheering people, the crowds on some streets being so great as to seriously impede the progress of the party, and the carriages were turned into more secluded streets. Mayor Maybury and Secretary Cortelyou rode with the president and a secret service man sat on the box with Police Captain Guyman, who drove.

Cheers a Dying Man. During the drive he called at St. Mary's hospital, where Thomas Doherty, a veteran of the Spanish war, is dying of consumption. Doherty had expressed a wish to see the president, and when General Alger today asked the president if he would call on Doherty at the hospital, he readily agreed. He remained at Doherty's bedside for some minutes, expressing words of cheer and hope. Tonight the president dined at the Hotel Cadillac with a party which included Francis H. Clergue of Sault Ste. Marie, General Alger, Hon. William E. Quinby, General In Light, Mayor Maybury, Secretary Cortelyou, Dr. Lung and Assistant Secretaries Loeb and Barnes. Tomorrow the president will address the convention of Spanish War Veterans at 10 o'clock a.m. and at 8 o'clock p.m. he will attend the banquet of the veterans in Light Guard Armory, where he will make an address. The president retired at midnight, hav-

THOUGHT IT AN EARTHQUAKE.

Blast Underground at the Quincy Is Felt Throughout Hancock.

An air blast in the Quincy mine early Saturday morning, occurring in the forty-eighth level in the old workings, a little south of No. 4 shaft, was felt all through Hancock.

BUILDING WILL COST \$30,000.

Contract for Erection of Memorial Library at Painesdale Is Awarded.

The contract for the erection of the "Sarah Sargent Paine Memorial Library," to be built at Painesdale by William A. Paine, president of the Copper Range company, at a cost of \$30,000, was let Saturday to Prendergast & Clarkson.

COAL MEN STILL HAVE HOPE.

Shipments of Anthracite Expected Before Navigation Closes.

Local coal men have not yet given up hopes of getting any coal before navigation closes. The outlook is brighter than it was a few weeks ago and it is the belief that as soon as the mines are ready to begin shipping coal will be sent north.

INDOOR BALL LEAGUE.

Talk of Organization Reviving as the Season Draws Near.

Indoor baseball promises to be played as much during the coming winter as in any past season. The organization of several teams is already contemplated, and it will not be long before practice work will start and games be arranged.

MINUS A FOOTBALL TEAM.

The Houghton High school is minus a football team and the prospects for an aggregation to take part in the games arranged by the High School Athletic association are decidedly slim.

EVIDENCE OF INCENDIARISM.

It was reported at Houghton last evening that the fire which destroyed the general store of James McLaughlin, at Redridge, a few days ago, has been discovered to be of incendiary origin.

TIED THE GOLF RECORD.

Graham Pope, a member of the Ontonagon Golf club of Houghton, tied the record for the local links last Friday afternoon.

COPPERDOM BREVITIES.

Born to Ticket Agent and Mrs. Will Hart, of Houghton, Saturday morning, a son.

WOMAN'S CLUB.

A woman's club, whose objects are not given out, will likely be organized in Houghton Wednesday. A meeting has called to talk over the project.

THE COPPER RANGE ROAD.

The Copper Range road, which had some trouble in securing a right-of-way over the grounds of the Portage Lake Foundry & Machinery company, has succeeded in reaching an agreement so that condemnation proceedings will not be necessary.

INVESTIGATION DEMANDED.

Friends of Newby Not Satisfied Death Was Due to Suicide.

The body of the man found in Portage lake by Ferryman John Harper Friday morning, were identified as those of John Newby, a veteran miner of the Quincy. Newby resided at the Pevabic location. He left home early Friday morning. When he did not return home the family grew worried and a search resulted in finding the body at the Crawford morgue.

THE FINNISH MUTUAL LIFE INSURANCE COMPANY.

Hancock end of the bridge and Dollar Bay will commence in earnest this week.

Mrs. George Duquette.

The Finnish Mutual Life Insurance company of Hancock has rented a suite of office rooms in the Kauth block, on Quincy street, and will soon be ready for business.

THE SEAT SALE FOR THE WEDNESDAY EVENING PRODUCTION OF "A NIGHT IN BOHEMIA."

by Calumet Elks at the Calumet theatre, will open this morning. The first presentation will be given tomorrow evening.

THE STEAMER MARK HOPKINS IS AT THE COPPER RANGE DOCKS.

Houghton, with its fourth cargo of steel rails for use in the extension of the Copper Range road from Houghton to Lake Linden and Calumet.

GEORGE H. BRACKENBURY, A MICHIGAN COLLEGE OF MINES GRADUATE.

formerly in the employ of the Quincy Mining company, has secured a position as mining engineer with the Tharsis Sulphur & Copper company of Glasgow, Scotland.

ALTHOUGH THE TOURIST BUSINESS TO PORTAGE LAKE AND ISLE ROYALE HAS BEEN GOOD.

Mr. Pryor says that it is falling off now. The summer hotels at Isle Royale will close for the winter at the end of this month.

THE NEXT DRILL TO BE HELD BY COMPANY G, HOUGHTON LIGHT INFANTRY, WILL BE MONDAY EVENING, OCT. 6.

An order having been issued to that effect by Captain Shields. After drill the boys will be entertained at a "smoker," to be given by the officers.

PRYOR & SON'S DREDGE NO. 2, WHICH HAS BEEN ASIDE TWO WEEKS FOR REPAIRS, WILL RESUME WORK AT PORTAGE ENTRY THIS WEEK.

The delay will necessitate day and night work from now on until cold weather in order to complete the contract on schedule time.

THERE IS NO TRUTH IN THE REPORT OF THE ALLEGED FRAUDULENT TRANSFER OF A DECKLOAD OF LUMBER FROM THE BARGE WILBUR TO JAMES PRYOR OF HOUGHTON, AS PUBLISHED BY THE QUINCY MINING COMPANY.

Mr. Pryor says that the alleged difficulty about the transfer but that it will be settled amicably without loss to him.

AT A SPECIAL MEETING OF THE STOCKHOLDERS OF THE FIRST NATIONAL BANK OF HANCOCK, TO BE HELD OCT. 11, A VOTE WILL BE TAKEN ON THE PROPOSITION TO DECREASE THE CAPITAL STOCK OF THE INSTITUTION FROM \$200,000 TO \$100,000.

The following members of "A Night in Bohemia" company registered yesterday at the Arlington Hotel, Calumet: Katzenjammer Kids; Flora Dorrax; Leona De Repertore; Rag Time Liz; Carrie Ping; Carrie Pong; Maurice De Kieck; Count de Lumbago; Sue Broetto; and Tottie Congh Drops.

ASIDE FROM THE "WILD MAN," THE NEGRO, SMITH, SHERIFF WILLS WILL TAKE TWO INSANE PATIENTS TO NEWBURY THIS WEEK.

They are Louis Munich, of Calumet, and Herman Kartajarvi, of the Atlantic location. Smith will be taken down today. He has been positively identified as the man who escaped from the asylum in July last.

THE LAKE LINDEN-ESCANABA ALL GAME SCHEDULED FOR YESTERDAY WAS POSTPONED BECAUSE OF WET GROUNDS.

Escanaba defeated Calumet Friday afternoon, the score being 6 to 1. Calumet's defeat was owing to its poor playing throughout. The visitors showed no improvement. Thus far Calumet has won two games and lost one with Escanaba.

THE ITALIAN SOCIETIES OF CALUMET CELEBRATED SATURDAY, THE OCCASION BEING THE ANNIVERSARY OF THE CAPTURE OF ROME BY THE ITALIANS.

The day is a national holiday in Italy. The Garibaldi society, of Ted Jacket, and the Christopher Columbus society, of Laurium, held parades in their respective towns, Calumet & Hoela musicians furnishing the music.

THE MUSIC FOR THE SALVATION ARMY TRUPE TO BE SEEN IN THE SECOND ACT OF "A NIGHT IN BOHEMIA," TO BE PRESENTED BY THE CALUMET ELKS AT THE CALUMET THEATRE TOMORROW AND WEDNESDAY EVENINGS, WILL BE FURNISHED BY THE FOLLOWING WELL KNOWN MUSICIANS:

Ed Mertz, on the bass drum; Fred Rhamen, jew's harp; Michael Evers, "yeller character;" Michael Kern, mouth organ; Dr. Rumprecht, zobo; Nick Kaiser, "second" bass drum; John Cuddihy, slide trombone; and Dr. Thometz, zither.

A PARSON'S NOBLE ACT.

"I want all the world to know," writes Rev. C. J. Budlong of Ashaway, R. I., "what a thoroughly good and reliable medicine I found in Electric Bitters. They cured me of jaundice and liver troubles that had caused me great suffering for many years. For a genuine, all-around cure they excel anything I ever saw." Electric Bitters are the surprise of all for their wonderful work in Liver, Kidney and Stomach troubles. Don't fail to try them. Only 50 cents. Satisfaction is guaranteed by Stafford Drug company.

"I HAD KIDNEY TROUBLE SO BAD," SAYS J. J. COX OF VALLEY VIEW, KY.

"that I could not work. My feet were swollen so immense size and I was confined to my bed and physicians were unable to give me any relief. My doctor finally prescribed Foley's Kidney Cure, which made a well man of me." People's Drug Store.

TAKE CARE OF THE STOMACH.

The man or woman whose digestion is perfect and whose stomach performs its every function is never sick. Kodol cleanses, purifies and sweetens the stomach and cures positively and permanently all stomach troubles, indigestion and dyspepsia. It is the wonderful reconstructive tonic that is making so many sick people well and weak people strong by conveying to their bodies all of the nourishment in the food they eat.

Rev. J. H. HOLLADAY, OF HOLLADAY, MISS., WRITES: "KODOL HAS CURED ME. I CONSIDER IT THE BEST REMEDY I EVER USED FOR DYSPEPSIA AND STOMACH TROUBLES. I WAS GIVEN UP BY PHYSICIANS. KODOL SAVED MY LIFE." Take it after meals. H. H. HOLLADAY, Ishpeming, Stafford Drug Co., Marquette.

COPPER MINING.

John Stanton expresses the firm belief that copper is now being consumed in the country at the rate of 45,000,000 pounds per month, or 540,000,000 pounds annually.

PRESENT OFFERINGS OF COPPER RANGE CONSOLIDATED STOCK ARE FINDING READY TAKERS.

Conditions at the property are more than fulfilling expectations, and once there is any movement of importance inaugurated in the copper share group this stock is practically certain to take a leading place in the same.

IT IS SAID AT BOSTON THAT THE AMALGAMATED PEOPLE ARE BUYING GREENE CONSOLIDATED SHARES WHILE THE GREENE CONSOLIDATED OFFICIALS DECLARE THAT THEY WILL MAKE NO COMBINATION WITH THE AMALGAMATED.

Some of the Greene people, however, fear that copper will have to go down to nine cents a pound to absorb their proposed output unless there is a restrictive arrangement between all copper producers.

THERE IS CONSIDERABLE COPPER PILED UP ON THE DOCKS AWAITING SHIPMENT.

New drifts have been opened at the Trimountain at a rate to exceed 1,300 feet per month, with the result that the mine has now an aggregate of nearly four miles of openings. The underground workings show little, if any, change and since stamping commenced the results have equalled expectations. Few mines in the Lake district will produce cheaper than Trimountain.

PLEASANT TO THE TASTE.

One of the most important requirements in a medicine to be given to small children should be that it is pleasant to take. Bad tasting medicines disturb the stomach, destroy the appetite and it is extremely difficult to get children to take them. The pleasant flavor of Be-Co Tonic Laxative Syrup, the certain cure for dyspepsia, constipation, and biliousness, pleases the most sensitive persons and is the ideal laxative for young children. Sold by The People's Drug Store.

A STARVING BILLIONAIRE.

One of the richest men in the world, worth almost a billion dollars, is starving to death because his stomach has become weakened through worry and anxiety in looking after his immense fortune. His digestion is destroyed and the stomach cannot therefore assimilate nourishment. What a life is worth when your health is gone! If your stomach is in a similar condition, no matter from what cause, commence taking Hostetter's Stomach Bitters at once. It is nature's own remedy for the stomach and will restore the appetite, perfect the digestion and cure belching, flatulency, dyspepsia, constipation, biliousness and liver and kidney troubles. The genuine is for sale by all druggists and has our private stamp over the neck of the bottle.

Foley's Kidney Cure makes the diseased kidneys sound so they will eliminate the poisons from the blood. People's Drug Store.

A PERFECT MAN has yet to be born; but immaculate linen goes a long way toward making perfection in one's apparel.

C. A. Eggers, The Book Binder, Marquette.

Needham Bros' Laundries, Marquette, Houghton and Ishpeming.

A HAND out of the DARK often comes to our aid when we least expect hope or help. If you are one of the millions of sufferers from Nervous Debility, and the future seems gloomy and hopeless, this advertisement of PALMO TABLETS will seem providential.

POLAR SEA FROZEN

IDEA OF OPEN WATER REFUTED BY EXPLORER BALDWIN.

SAYS POLE CAN BE REACHED

MOST PRACTICAL WAY A DASH BY MEANS OF SLEDGES.

Several Stations Established in Readiness for the Next Expedition and Moving Pictures Taken for First Time in Arctic Regions.

London, Sept. 21.—Evelyn B. Baldwin, of the Baldwin-Ziegler Arctic expedition, arrived in London last evening on her way home. He had little to add to what has already been said regarding his experiences, but he gave extended details of the technical interest to Arctic navigation on the work accomplished and the stations established.

The most southerly is on Alger island, eighteen miles north of the Jackson Harroworth expedition's former headquarters. A second station was situated on Greeley island, close to the eighty-first parallel, near a large island which was charted last spring and named President McKinley island. Thirty-five miles further north is a third station equipped with 5,000 pounds of condensed food on an island discovered but not yet named.

Later the America, Mr. Baldwin's ship, was in immediate peril of being crushed by icebergs, but escaped by putting on available steam.

While in the Arctic fields Mr. Baldwin released 300 balloons, which were driven northward and may later furnish data regarding air and sea currents.

Some Exciting Incidents. The expedition's start for home was attended by exciting incidents. It was necessary to charge the heavy ice drafts, blast them with dynamite and saw a channel through the ice.

Native Guides Blamed for Failure. New York, Sept. 21.—Because of the unusual interest in Arctic exploration which has been aroused by the Baldwin-Ziegler and the Peary expeditions Dr. Frederick A. Cook of Brooklyn has given his views on the general question of reaching the pole, with the causes which he believes so far have prevented the attainment of the goal.

"Lieutenant Peary," said Dr. Cook, "has discovered the most northern point of land on the globe. He has been handicapped, in my opinion, more or less by having only natives with him. Native guides are good in their place, but they cannot be relied on for serious adventure."

Chicago, Sept. 21.—The International Union of Commercial Telegraphers was formed here today at a convention of forty delegates, representing as many countries throughout the United States.

WHISKY HIGH AND SCARCE. Louisville, Ky., Sept. 21.—There is a strong demand for whiskies of 1895, 1896, 1898 and 1899 and the prices have advanced from 10 to 25 cents a gallon.

BASEBALL. Chicago, Sept. 21.—Pittsburg took both games from the locals today by the score in each of 4-1. Both teams fielded brilliantly. Summary: R. H. E. Chicago...00000100-1 9 1

"MOISTURE IN L. S. ORE."

Interesting and Instructive Paper Recently Read by Dr. N. P. Hulst.

The Mining Journal has received a number of requests for the reproduction of the text of the paper on "Moisture in the Superior Ore" delivered by Dr. Nelson P. Hulst of the Oliver Iron company at the recent annual meeting of the Lake Superior Mining Institute. The problem of ridding ores of their superfluous moisture, with the purpose of cutting down transportation expense, is one of constant interest in this section. Hulst's views concerning it are highly interesting. His paper follows:

Of the 20,589,392 tons of iron ore shipped from the Lake Superior region in 1901, it is to be noted that 88 per cent was of the variety we call soft hematites. If the Chandler and Pioneer grades are classed with the soft hematites, then 94% per cent of the total product of 1901 shipped from the Lake Superior iron mines was of this variety. All of the soft hematite ores carry a considerable percentage of moisture. In the very complete list of cargo analyses for the season of 1901, we find the product of one mine carrying moisture in its two grades of ore of 17.12 and 16.24 per cent respectively. This list of cargo analyses shows that some 30 different grades of ore carry moisture exceeding 12 per cent of their weight. In addition to these are some 62 other grades of ore in the list which contain moisture from 10 per cent to 12 per cent of their weight. The amounts shipped of these high moisture ores are as follows: Containing 12 per cent and above 3,356,242 tons

Containing 10 per cent and up to 12 per cent 6,077,737 tons
Total 9,433,979 tons
or practically 46 per cent of the entire shipments of ore for 1901.

It has been found that it would not be advantageous to remove all of the moisture from a soft hematite prior to shipment, because of the dust losses which would ensue in handling from mine to furnace, and on account of annoyances from dust in handling. Some experiments that have been made show that several per cent of moisture should be left in ores, these percentages to be left varying with different ores in order to prevent dust losses.

For Norrie ore 4 per cent moisture should remain;
For Tilden ore 5 per cent moisture should remain;
For Mountain ore 6 per cent moisture should remain.
For Chandler ore 2 per cent moisture should remain.

Assuming that these experiments give reliable data to proceed from, then the fine grained Mesaba ores, like that of the Mountain Iron mine, and several others which contain between 12.46 per cent and 15 per cent moisture, can allow the removal of 6% to 9 per cent of moisture, while the fine grained dusty ores of the Mesaba range may require 6 per cent moisture to prevent dustiness in handling. Some of the Mesaba ores, and probably all of those of other ranges containing 10 per cent and 12 per cent moisture, being of coarser physical structure, will not require more than 4 or 5 per cent moisture to be left in them to overcome dust losses in handling.

It may be stated with considerable confidence that 5 per cent of moisture may be without detriment, removed from quite all of the soft hematites carrying 10 per cent or more of moisture where the physical structure of such ores shows a more or less coarse grain. Will it pay to remove some 6 per cent of moisture from the class of ores I have named? If so, in what direction will the gain be made? Primarily, the saving would be in the freights.

Here Dr. Hulst shows the cost of the transportation per ton of ore from the mines to the furnaces to be the following for the three ranges: Mesaba, \$2.36; Gogebic, \$1.95 and Marquette, \$1.75.

Six per cent of the moisture removed would save 6 per cent of the freights, which, for the high moisture ores of the ranges named, figures out as follows:
Mesaba 14 1-10 cents
Gogebic 11 7-10 cents
Marquette 10 5-10 cents

Other probable gains would result from the partial drying of ores, viz: greater ease in unloading cars or dock pockets; reduced loss in furnaces, since the volume of steam driven out of them, constituting part of the furnace burden, would be diminished in proportion as the moisture is diminished; reduced fuel required for smelting, due to a smaller amount of water to be evaporated from the ore charges. Neglecting altogether these indefinite and possibly uncertain savings, we may base our calculations only on savings arising from freight 6 per cent less tonnage of ore. The actual gain would be represented by the difference between the sum saved in freight and the cost of the removal of the required amount of moisture.

This cost of drying the ore to the percentages of moisture will be made up of fuel, labor, wear and tear of plant, interest and cost of installation. In correspondence had with a firm engaged in building dryers for varied purposes (in such work), they guarantee that dry-dryers of their construction will evaporate 10 pounds of water to the pound of fuel used. On this basis, the removal of 6 per cent of moisture from one ton of iron ore would require the expenditure of 13.44 pounds of coal. On account of freight, only the best coal is economical, cost \$3.50 per ton. Therefore, the fuel cost to remove 6 per cent of moisture would be 2.51 cents per ton. Labor cost would be 1 cent per ton; interest and repairs, 7 mills per ton. A charge of 1 cent per ton would sink the cost of the drying plant in four or five years. I should state that the items of fuel, cost of labor and of interest and repairs were given me by my correspondent, the Cummer Dryer Co., of Cleveland, O. We have no reason to doubt their correctness. The above items make a total of 4.58 cents per ton. Adding 14 cents per ton for fuel for engine rotating the dryers, engineers and cost of bringing the ore to the dryers, and contingencies, and we have 6.33 cents per ton as the total for removing 6 per cent of moisture from ores under consideration. In a plant of magnitude equipped with labor saving appliances, I should expect that the cost of drying might be brought down to 6 cents or less per ton. Sum-

CITY BREVITIES.

Today's weather: Showers; stationary temperature. Variable winds, shifting to brisk northerly.

Yesterday's temperature: 7 a. m., 53 degrees; noon, 58 degrees; 7 p. m., 60 degrees. Maximum, 60 degrees; minimum, 53 degrees.

The Traverse was in port yesterday morning, bound up.

Frank Sharon of Negaunee was a Marquette visitor Saturday.

Born to Mr. and Mrs. Frank H. Vandenberg, yesterday, a girl.

Captain Bennett was a Crystal Falls visitor in Marquette Sunday.

Mr. and Mrs. J. H. LaRoche arrived home from the East, Saturday.

Mrs. Charles Schech and son spent Sunday with friends at Ishpeming.

The steamer Nipigon, lumber laden, picked up the schooner Melbourne Saturday.

Gilbert Cooper has returned from a two months' visit in Detroit and Chicago.

The steamer Continental and schooner Grace Holland arrived Saturday with cargoes of soft coal.

The China, of the Anchor line, touched here, bound down, Saturday. She had a light passenger list.

County Clerk Ross has issued a marriage license to John Pickard and Hilda J. Mikkala of Negaunee.

The steamers Britton and Republic cleared from the South Shore docks yesterday with cargoes of ore for Cleveland.

The China, of the Anchor line, touched here, bound down, Saturday. She had a light passenger list.

County Clerk Ross has issued a marriage license to John Pickard and Hilda J. Mikkala of Negaunee.

The steamers Britton and Republic cleared from the South Shore docks yesterday with cargoes of ore for Cleveland.

Mr. and Mrs. Richard Blake of Chicago are visiting Judge C. R. Brown and family. They will spend the winter in the city.

A. T. Van Alstyn left last evening for the Chicago and New York markets. He will be absent from the city for about two weeks.

The steamers R. S. Warner and Nelson and schooner A. W. Thompson cleared for Cleveland Saturday from the South Shore docks.

Attorneys W. T. Potter and T. J. Dundon of Ishpeming and F. A. Bell and Theodore Thorne of Negaunee were in Marquette Saturday.

Sereno B. Clark, instructor in the Marquette high school, is here, ready to begin his year's work when the new building is ready for use.

The steamer City of Rome, which ran on the rocks at Keweenaw point last Wednesday night, was towed into the harbor Saturday for repairs.

The work of removing the iron work from the burner formerly in use at the Dead River mill furnace has been completed, and the removal of a few more bricks will complete the demolition of the structure.

The frames of four of the new houses being built by the Pioneer Iron company at its furnace location are up. The carpenter will shortly be enclosed, as the carpenters are making famous progress with its erection.

J. R. Patterson, formerly of Marquette, who is now superintendent of the Algoma Central's docks at Michipicotenet, and also of the Michigan division of that road, is in Marquette visiting friends and relatives.

The sailing yacht Corsair of Cleveland, with a Cleveland party on board, made this port Saturday. The Corsair will go on as far as Houghton. She is out of Cleveland three weeks. She is a handsome craft, painted white.

Miss Enderlin has returned from Chicago to resume her duties at the department store. She can be found there this morning, prepared to enter to the wants of all ladies desirous of having dressmaking work done.

The Kew Schenk left Sunday morning for Keweenaw point. She came down to engage men to shift the coal on the steamer Yakima, which is fast on the rocks. The men will be paid at the rate of fifty cents per hour, from the time they leave the harbor until they return.

The sale of bread at Heppner's bakery has grown so large that Mr. Deschaine is compelled to increase his facilities. He has ordered an additional oven of the latest improved pattern, to enable him to supply the increasing demand for the excellent quality of bread he is turning out.

Superintendent Leo M. Geismar of the upper peninsula experiment farm at Chatham will conduct a series of farmers' institutes in Menominee county the first part of next month. Mr. Geismar expects to conduct a series of similar institutes in this city some time during the winter months.

Miss Genette Lohman, who has been spending her vacation in Marquette, left yesterday for Lansing, where she will resume her duties as stenographer in the state employ. It is said that Miss Lohman carried with her a fine bunch of endorsements for her continuance in her present position.

Beatrice Chubb entertained a number of her little friends Saturday afternoon from two to five o'clock. The occasion was her sixth birthday. Numerous games were played, for which prizes were given, and a dainty luncheon was served. Miss Beatrice was the recipient of numerous handsome gifts.

The fair to be held by the ladies of St. Peter's cathedral at Fraternity hall this week will open this evening. The hall will be filled with booths for the sale of various articles, including the displays of fancy and useful needlework. There will be musical programs and refreshments will be served each evening.

E. E. Ferguson of the Soo, Principal D. B. Waldo of the Normal, F. D. Davis, county commissioner of schools, and C. M. Thompson held a conference here Saturday to discuss preparations for the annual meeting of the Upper Peninsula Educational Association, to be held in this city Oct. 30, 31 and Nov. 1. The Marquette county Inspiration institute, also an annual affair, will likewise be held in Marquette this year. Its dates are Wednesday and Thursday, Oct. 29 and 30. At least one speaker of national reputation will be heard at the meeting of the Upper Peninsula association. Telegrams were sent Saturday to three or

four well known public men, including Senators Dooliver and Spooner, asking if they could come here to address the gathering of school people.

The building committee Saturday appointed Andrew Anderson of Marquette a superintendent of construction for the Marquette county court house. Mr. Anderson will keep track of the contractor's work, seeing that it, in every particular, complies with the specifications, the appointment of such a superintendent being a large building in the construction of all large buildings.

Miss Cecil Grylls, who has been located in Marquette during the past several years, will leave the early part of this week for Chicago, where she will henceforth reside and pursue her art work. Miss Grylls has shipped all her furniture and studio furnishings. Miss Grylls will be accompanied by Miss Lettie Pendill, who will spend a few months at least, in Chicago, assisting in her studio.

The yacht Walden, owned by J. H. Wade of Cleveland, which spent the latter part of last week in port here, cleared Saturday for Munising. Yesterday it gave the directors of the Cleveland-Cliffs Iron company and a few invited guests an excursion in the waters neighboring to Munising. The trip included a run about Grand Island, which the Cleveland-Cliffs people are to make a big resort and game preserve.

Upper peninsula counties, according to the appointment of State Accountant Humphrey, will have to stand the following shares of the state tax to be collected in December: Alger, \$3,832.50; Baraga, \$4,905.56; Chippewa, \$22,710.90; Delta, \$17,078; Dickinson, \$20,348.97; Gogebic, \$5,436.21; Houghton, \$254,362.01; Iron, \$10,901.23; Keweenaw, \$7,267.49; Luce, \$3,033.74; Mackinac, \$4,542.18; Marquette, \$54,506.17; Menominee, \$4,257.28; Ontonagon, \$14,542.18; and Schoolcraft, \$7,267.49. The county of Houghton stands second on the list in point of aggregate of taxes, being outranked only by Wayne.

O. F. Campbell of Charlotte, J. D. Gonnell of Herperia, W. R. Mathews of Saginaw and A. G. Hanghey of Grand Rapids, representing the Seventh Day Adventists, spent yesterday here conferring with prominent citizens and members of the citizens' committee in relation to the establishment of the proposed branch sanitarium, health-food, dispensary and industrial school, which, it is expected, will be opened somewhere in Northern Michigan. There are a number of holders for the proposed institution, including the Soo and Marquette. The visitors were entertained yesterday, being driven about the city in the afternoon. During the day a visit was paid to Hotel Superior, a possible location of the sanitarium. E. R. Williams of the Soo accompanied the party. From here it proceeds to Calumet.

China Sale
Our annual sale on China is now on. Every piece is marked in plain figures at just about
HALF PRICE.
There are a number of very handsome pieces that are astonishingly low in price. The sale will last about 10 days.
Come in early and take your choice.

A SHOCKING DEATH.

A Young Mother Shot Yesterday Near Mud Lake by a Stray Bull.

Mrs. Joseph Clucas, who lives at 635 Iron street, was shot and instantly killed yesterday, while carrying a pail of slop in her back yard. The accident happened between 9 and 10 o'clock in the morning, while Mrs. Clucas was walking from her kitchen door, down the walk leading to the lot in the rear of the house. She was shot in the right breast by what is supposed to have been a stray bull. No one heard the shot, but a neighbor who happened to be looking out of his window at the time, heard her scream, and saw her reel and fall. A hospital physician was called, but the woman had been killed instantly. Her husband was sent for at No. 16, Lake Superior mine, working, and arrived soon after her death. It is supposed that the shot was fired by some one hunting on Mud Lake. Mr. Clucas' house is about two hundred feet from the lake. This is the second hunting fatality at Mud Lake. Two Sundays ago young Helmar Sothe lost his life there, while hunting. Mrs. Clucas is survived by a husband and six children, between one and twelve years of age. The coroner's jury viewed the body last night.

WARM FOOTBALL.

Two "Kid" Teams Make a Hit in a Grid-iron Contest Saturday Morning.

The famous high school football team will have some strong rivals for honors this season, judging from the warm games played here Saturday. There were two contests, one in the morning between eleven styling themselves the "Peerless Juniors" and the "Strawberry Hills," and another in the afternoon between the "Peerless Seniors" and the "Recreations." The morning game was won by the "Strawberry Hills" in a score of 12 to 11 and the afternoon contest resulted in a victory for the "Peerless Seniors," the score being 11 to 3. There were all sorts of amusement at the morning game. The participants were boys ranging in age from ten to fourteen years. There had been a great deal of talk for a week or more about the contest and the youngsters comprising both eleven practiced during their leisure moments from the time they got up in the morning until bed time. The game took place on the vacant ground near the Lake Superior Iron company's office. There was more shouting, wrangling and scrapping than there was at the IshpeMING-Escanaba school game last fall. Residents and workmen in that vicinity gathered to witness the sport.

The boys played exceptionally well, and when the man with the ball made a gain he and the players back of him had to work. There was an argument after nearly every play and at times it was difficult for the onlookers to keep the kids from mauling one another. One lad was sent to the hospital for repairs and two or three others left the field "bawling." The defeated players claim that the score should have been a tie as the last time the Hill team kicked for the goal the ball was caught by one of the Peerless players. This is a point the referee could not settle to the satisfaction of both sides so he declared that the point should count. That lad has refereed his last game for the "Peerless" chaps. The line-up of the team was as follows: Strawberry Hill—Herman Allen, center; Will Cooley, left guard; Sylvester Griffin, right guard; E. Dougherty, left tackle; L. Harrington, right tackle; J. Bell, right end; Tim Hughes, right half back; Joe Poore, left half back; Herbert Divine, full back. Peerless Juniors—Frank Carso, center; Guy Robear, right guard; Joe Pope, left guard; George McWilliams, left tackle; George Winnington, right end; Joe Temperance, left end; Clement Prox, quarterback; Henry Huot, right half back; Peter Dolbe, left half back; Grover Gourdeau, full back. The feature of the game was the playing of "Hul" Divine, the heavyweight of the winning team. Another contest is on for next Saturday when the losers of Saturday's game expect to redeem themselves.

TOOK CHLOROFORM.

Domestic Troubles Leads a Young Woman to Attempt Suicide.

Mrs. John Marshall, of Marquette, who has been in Champion for the past week, took chloroform at the Champion House at 7 o'clock last Thursday night. Dr. Paul Van Riper was notified at once. He administered an antidote which caused the woman to vomit the poison. Friday she had recovered sufficiently to be moved, and Deputy Sheriff C. H. Lavigne took her to Marquette, where she is now at the county house. Mrs. Marshall went to Champion Sept. 11, for the purpose of seeing her husband, who was working at silverhorn's camp, about twenty-five miles north of here. She was driven to camp by C. H. Lavigne, who says that she reproached her husband for leading her an unhappy life. She did not remain at the camp, however, but returned to Champion the following day. Mr. Marshall came in to Champion the day after his wife took the chloroform and accompanied her and the deputy sheriff to Marquette. It appears that Mrs. Marshall attempted to commit suicide because her child was taken from her. It is a baby girl, a year and a half old, and is in the possession of Mr. Marshall's people, who live near the Huron Mountain club. They claim that Mrs. Marshall is not a fit person to have the care of the baby. Last spring Mrs. Marshall had the old people arrested for kidnaping the child. She was given the custody of the baby at that time, but it has since been taken from her. The young woman is but twenty years old.

CAUCUSES TONIGHT.

The Republicans will hold their ward caucuses tonight at 7 o'clock to select delegates to the county and district conventions, at the following places: First ward, No. 1 hose house; Second ward, Lake Superior land room; Third ward, Jones' barn; Fourth ward, No. 2 hose house; Fifth ward, No. 4 hose house; Sixth ward, Eric Anderson's store; Seventh ward, Lake Angeline office; Eighth ward, Division street school; Ninth ward, Ridge street school; Tenth ward, No. 3 hose house. The convention will be held in the assembly room of the city hall, Marquette, Tuesday, at 1:30 p. m. The district representative convention will be held in this city Wednesday.

ITALIAN PICNIC.

The Italian societies of IshpeMING and Negaunee united in an all day picnic at Cleveland Park Saturday. The Negaunee society paraded in that city in the morning, headed by the IshpeMING City band, and afterwards came here, where it was joined by the society in this city. There were about one hundred and fifty in the parade, of which one hundred were from Negaunee. The members wore uniform caps, with sashes, and made a fine appearance. The picnic at the park was well attended. Dancing

began in the afternoon and continued until ten o'clock. The IshpeMING City band furnished the music.

ISHPEMING IN BRIEF.

John Schneider of Norway was here last week. Miss Elsie Bohmer spent Sunday in Mieligamme. Frank Armstrong of Republic spent Sunday here. Paul Swift of Houghton was in the city yesterday. Captain John Trebilcock was in Marquette Saturday. Henry Schwartz of Manistique was in the city last week. Miss Annie Nelson is here from St. Paul, visiting her parents. J. H. Lawery has a carload of cows for sale at his place on Excelsior street. The Cleveland Cliffs company will make an exhibit of woods at the state fair. The open season for ducks and partidges begins Oct. 1. Deer may be killed after Nov. 8. Mrs. Ash, mother of Mrs. Wm. Backett, is visiting at the home of the latter on North Oak street. Miss Calhoun, who has been visiting at the home of Dr. Feleh, left last week for her home in St. Joseph, Mo. The Smith house has challenged the Sweet house to a ping pong tournament. The date will be settled later. Miss Gora Duffy, who has been in Chicago attending the convention of milliners, arrived home yesterday. J. M. Hayden was in the city last week, looking after his little son, who has been ill, but who is now improving. Master Theo. Johnston, son of W. H. Johnston, left last week for Kenilworth, Ill., where he will enter Rugby school. A zebra band, with seven instruments, has been organized on Strawberry Hill. It serenaded the hill residents Friday night. Jack Feeley of Champion, who recently returned from Butte, Mont., spent Saturday and Sunday in IshpeMING and Negaunee. Mrs. D. G. O'Connell will leave Tuesday for Kingsbridge, Canada, where she will spend several months with relatives and friends. The pastor and councilmen of St. John's church will erect a house on the school property. The structure will be built at once. John McEnroe and George Thoney, who are interested in the Beaufort mine, Michigan, paid a visit to the property last week. Miss Annie Nauze of Negaunee, who has been visiting Mrs. W. J. Dompierre, Pearl street, for the past week, returned home Saturday. Reserved seats are on sale at Tillson's drug store for "Hunting for Hawkins," which will appear at the opera house Tuesday night. The Catholic Athletic club held its third annual election yesterday. The following officers were chosen: President, T. J. Maloney; vice president, Ed Hiskey; recording secretary, Patrick

MALARIA An Invisible Enemy to Health

Means bad air, and whether it comes from the low lands and marshes of the country, or the filthy sewers and drain pipes of the cities and towns, its effect upon the human system is the same.

These atmospheric poisons are breathed into the lungs and taken up by the blood, and the foundation of some long, debilitating illness is laid. Chills and fever, chronic dyspepsia, torpid and enlarged liver, kidney troubles, jaundice and biliousness are frequently due to that invisible foe, Malaria. Noxious gases and unhealthy matter collect in the system because the liver and kidneys fail to act, and are poured into the blood current until it becomes so polluted and sluggish that the poisons literally break through the skin, and carbuncles, boils, abscesses, ulcers and various eruptions of an indolent character appear, depleting the system, and threatening life itself.

The germs and poisons that so oppress and weaken the body and destroy the life-giving properties of the blood, rendering it thin and watery, must be overcome and carried out of the system before the patient can hope to get rid of Malaria and its effects.

S. S. S. does this and quickly produces an entire change in the blood, reaching every organ and stimulating them to vigorous, healthy action. S. S. S. possesses not only purifying but tonic properties, and the general health improves, and the appetite increases almost from the first dose. There is no Mercury, Potash, Arsenic or other mineral in S. S. S. It is strictly and entirely a vegetable remedy.

Write us about your case, and our physicians will gladly help you by their advice to regain your health. Book on blood and skin diseases sent free.

ISHPEMING IN BRIEF.

A boy was born to Mr. and Mrs. John McCarthy of Winthrop, Sept. 10. The child was christened by Father Harrington, who is its uncle.

The corner stone of the new M. E. church, which was laid last Sunday, was moved shortly afterwards by a boy who is known to the police.

Officer Prin arrested a foreigner Saturday afternoon, for being drunk and disorderly. He was locked up, and will be given a hearing this morning.

Father Harrington is still at Winthrop, where he is awaiting instructions from the bishop of LaCrosse. He assists Father Kehoe in the Sunday masses.

Iron Mountain has organized a golf club to be known as the "Pine Grove." The players have raised \$3,000, and will build a club house and improve the links.

Don, G. McViech, son of D. McViech, left last night for Pottstown, Penn., where he will enter Hills school. His mother accompanied him on the journey.

Rev. Fathers McGloin and O'Connell of Buffalo, N. Y., friends of Father Kehoe, are rusticating in the neighborhood of Clowery. Father Kehoe and Robert Kyle visited them last week.

The Republican state convention will be held at Grand Rapids, Mich., this week. The Northwestern railroad will sell excursion tickets, one fare for the round trip, on Sept. 24, limited for return until Sept. 27, inclusive.

The funeral of the late Mrs. J. H. Lawry, who died Friday at 2 o'clock, was held yesterday from the Swedish Methodist church. In the absence of Rev. Polkinghorn, the services were conducted by Rev. J. T. Richardson of Bay City. The local Foresters attended in a body. The funeral was largely attended, despite the bad weather.

The fifty year jubilee of the Swedish Baptist church of America, will be held in Chicago this week, beginning Tuesday the 23rd, and lasting until Sunday, the 28th of the month. The following persons left here Saturday to attend the service: Mrs. E. A. Johnson, Mrs. C. Anderson, Miss Ellis Larson, Mrs. August E. Johnson, Mrs. Andrew Grundhild, Miss Alma Johnson, Charles Larson and C. J. Eck.

Ten of the eleven boys on the high school football team are seniors, and will probably be graduated next June. It is possible, however, that half of them may take another year's work, in which event the old team would be preserved intact. Should they all graduate an entirely new team would have to be selected from the members of the second team. There are between ten and fifteen "scrubs" out for practice every afternoon, and, although they are not very

heavy, they show up well. The average weight of the players on the first team is 130 pounds.

Twenty-five members of the Cleveland-Cliffs club went to Munising Saturday afternoon, spending Sunday there. They left at 4 p. m. on the L. S. & I. road, and returned last night. It was the club's first excursion, but it will be made an annual affair. The members stopped at Beach Inn. Sunday a sail on the lake was enjoyed, and a visit was made to Pictured Rocks. The party also visited Grand Island.

The order of the Sons of St. George will organize a new lodge at Champion Thursday night. State Grand Lodge Organizer George Tucker, of Marquette, has spent a week there securing members, and it is expected that there will be a charter membership of fifty. The members of the local lodge expect to have a special train for Champion Thursday night. There will be several grand officers present, and it is expected that all the Sons from Ishpeming, Negaunee and Winthrop will be in attendance.

The library committee, composed of J. D. West, chairman; G. R. Persons, and Dr. Barnett, has been looking up the proposed sites for the new library, and getting prices on the same. The delay has been due to the committee's inability to secure satisfactory terms. It is understood, however, that the committee will be able to make its report in a short time. This will be welcome news to the patrons of the library, as they are beginning to notice the cramped condition in the present library room.

OSTEOPATHY.
Hon. H. F. Pingree, ex-governor of Michigan, who signed the bill legalizing osteopathy in this state said after a thorough and careful official investigation:

"Osteopathy is a science entitled to the respect and confidence of all, as a distinct advance in medicine. I know that it is doing a vast amount of good in relieving suffering and deformity that is not amenable to benefit from drug medicine."

For free books explaining osteopathy, address Dr. J. L. Shorey, room 8, Harlow block, Marquette, Mich. At Ishpeming Tuesdays and Fridays, 212 W. Ridge street. (8-22-02)

Jackets—three-quarter lengths and Newmarkets. Large assortment at Finnish Mercantile association.

CURED HEMORRAGES OF THE LUNGS.
"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." People's Drug Store.

USED FOR PNEUMONIA.
Dr. J. C. Bishop, of Agnew, Mich., says: "I have used Foley's Honey and Tar in almost all cases of pneumonia with good results in every case." Refuse substitutes, People's Drug Store.

Negaunee and Vicinity.

TWIRLER FOOLED THEM.

Negaunee's Ball Players Unable to Touch Munising's Pitcher Yesterday.

The Negaunee baseball team lost to Munising yesterday by the score of 5 to 1. About one hundred fans from Negaunee witnessed the game. The contest is declared to have been one of the best ever seen at Munising.

The home team was considerably strengthened by Baldwin, a twirler from Newberry, and to his pitching may be attributed the defeat of Negaunee. In fact the visitors touched him for only six singles and one two-bagger, and these hits were nearly all made when the bases were empty.

Negaunee's "balloon went up" in the second and third innings, when their opponents scored four of their five runs. The fifth run was made in the ninth. The Negaunees made their only run in the second.

Crans was in the box for Negaunee. He did good work, holding down his opponents to eight hits, two of which were doubles, made by the Newberry twirler. Crans was credited with nine strike-outs against five for Baldwin.

The features of the game were the fielding of Callahan and Frank Brown and the base running of Dave Scatman, of the Negaunee team, and the pitching and batting of Baldwin and the general work of Munising's infielders. Phil Levine of this city pitched the game.

The excursion was attended by nearly three hundred Marquette county people. Thirty-two members of the Cleveland-Cliffs club of Ishpeming, who went to Munising Saturday, returned on the special last night.

AT THE HARTFORD MINE.

Boiler House Is Completed and the Engine House Is Well Along.

The building improvements at the Hartford mine will be completed in less than a month, when the addition to the engine house will be given the finishing touches.

The boiler house was completed a short time ago, and during the past few weeks, workmen have been engaged installing four boilers. These are now about ready for use, but the fires may not be started for a week or two. One large stack, raised within the last few days, will answer for the entire battery.

The frame of the engine house addition was raised this week and the large cranes are now going into place. The building will be enclosed within a week and the contractors, J. Wahlman & Son, of Ishpeming, expect to finish their work in less than a month. They have seven carpenters on the job.

It is likely that the buildings will be lined inside with brick, set between the studs. This work can be done after the carpenters finish.

With the addition of old engine house combined, the building will be large enough to accommodate the hoisting plant and the air compressors. New machinery has been purchased and is due here soon.

MORTALITY FOR AUGUST.

There were 2,466 deaths reported in Michigan for the month of August, a slight increase over the preceding month. The death rate was 118 per 1,000 of population, as compared with 122 for August, 1901. There were 585 deaths of infants under one year of age; 191 deaths of children aged one to four years; and 630 deaths of elderly persons, aged over sixty-five years.

The important causes of death were as follows: Pulmonary tuberculosis, 158; other forms of tuberculosis, 20; typhoid fever, 45; diphtheria and croup, 33; scarlet fever, 12; measles, 8; whooping cough, 27; pneumonia, 88; diarrheal diseases, under twenty years of age, 325; cancer, 124; accidents and violence, 173. There were three deaths from smallpox, and one from lightning.

Including reports by regular observers and others, meningitis was reported present in Michigan during the month of August, 1902, at 13 places; whooping cough at 39 places; into pneumonia at 56 places; smallpox at 50 places; measles at 56 places; scarlet fever at 92 places; typhoid fever at 148 places, and consumption at 227 places.

A BOY'S WILD RIDE FOR LIFE.

With family around expecting him to die, and a son riding for life, 18 miles, to get Dr. King's New Discovery for Consumption, Coughs and Colds, W. H. Brown of Leesville, Ind., endured death's agonies from asthma, but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night." Like marvelous cures of Consumption, Pneumonia, Bronchitis, Coughs, Colds and Grip prove its matchless merit for all Throat and Lung troubles. Guaranteed bottles 50c and \$1. Trial bottles free at Stafford's drug store.

A NEW JERSEY EDITOR'S TESTIMONY.
M. T. Lynch, editor of the Philadelphia, N. J., Daily Post, writes: "I have used many kinds of medicines for coughs and colds in my family, but never anything so good as Foley's Honey and Tar. I cannot say too much in praise of it." People's Drug Store.

USED FOR PNEUMONIA.
Dr. J. C. Bishop, of Agnew, Mich., says: "I have used Foley's Honey and Tar in almost all cases of pneumonia with good results in every case." Refuse substitutes, People's Drug Store.

LOCAL LAONICS.

D. H. Ladd of Houghton was here Friday.

T. M. Wells went to Chicago Friday night.

John Neido has taken a position at Spierley's hardware store.

J. S. Mitchell and wife have a new baby girl, born Friday.

John Hulquist, a former resident of this city, is here from Chicago on a visit.

Mrs. E. E. Drake entertained a number of her lady friends Saturday afternoon.

A baby boy made his appearance at the home of William Gilbert, Friday morning.

George LeGant came up from Escanaba yesterday and spent the day with his parents.

Frank Goethe of Moline, Ill., arrived here Saturday on a visit to Max Rasmussen and family.

Miss Marie L'Huilier of Marquette is here for a week's visit with members of the Willett family.

A bad leak in the Jackson street water main, near the C. & N. W. depot, was repaired Friday.

William Holman has taken a position in the furnishing and clothing department at John Shea's store.

John Collins has taken Jim Han's place at Hughes' meat market in Ishpeming for a few days. Han is ill.

Fred LeVigne left Saturday for Hancock on a two weeks' vacation. He will also visit Escanaba, and other places.

Dan Sullivan, who has been working in Marquette, will take a position here as switchman on the South Shore road.

A special car will be run late Wednesday night to accommodate those who go to Ishpeming to attend the Trombly orchestra dance.

Miss Anna Schurtz and sister, Helen, left Saturday on the South Shore-D. & C. excursion for Ypsilanti, where they will attend the normal.

The Palmer band gave a dance at Township hall in Palmer, Saturday night. A number of Negaunee and Ishpeming people attended.

Mrs. T. F. Riley and children, who have been visiting her parents, Mr. and Mrs. James Sheehy, left Saturday for their home in Chicago.

Improvements are being made in the interior of the bank building. The partition between the directors' room and the main department is being torn out.

Charles H. Jennings, a director in the Marquette Gold Mining & Milling company, just received a nice lot of samples of ore taken out of the mines at Sunshine, Boulder company, Colorado.

The Italian picnic at Cleveland Park Saturday was well attended by the members of the Negaunee Italian societies. They marched through the city, one hundred strong, by the Ishpeming City band, before going to the park.

Mrs. Archie Orr returned yesterday from Laporte, Ind., where she had been visiting for the past week. Laporte is Mrs. Orr's former home. She was secretary of the ladies' department of the County fair, which was held last week, she going down to fill the duties of her office.

The dance at Cyr's hall, given for John Winters and Leslie Maitland Friday night, was attended by thirty-five couples. Mr. Maitland left Saturday for Houghton, to attend the Michigan College of Mines. Mr. Winter leaves this week for Baltimore, Md., to enter Johns Hopkins university.

The Finnish double quartet of Calumet will give a concert in this city at the Finnish hall next Sunday afternoon.

In the evening it will give a concert at the Finnish Mercantile Association hall in Ishpeming. This is the double quartet that won the prize at the Finnish convention held in Hancock two years ago.

The news that the Pendill property may pass into the hands of the Cleveland-Cliffs company, is received here with considerable satisfaction, one reason being that the deal would allow the Lake Superior and Ishpeming railroad to move its depot nearer the center of the city. The depot, as now located on McComber hill, is too remote. The summer excursions would be better patronized if the depot were more conveniently placed.

Negaunee fans are pleased to hear talk of an upper peninsula baseball league. The proposition which comes from the Soo does not include the copper country teams. The Negaunee men would like to see the teams from the copper country included in the league. This would give a league of twelve teams, whereas, if only those in the eastern end of the peninsula were included, there would be but six teams. In Negaunee there are at least seven players, who could be counted on to devote all their time to the game, if it should be decided to form a league.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure taken internally, acts directly upon the blood-mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Upper Peninsula.

Face in the yards of the Menominee River Shingle company, at Menominee, last week, destroyed a thousand cords of wood.

Morse Kinner, sixty-seven years old, an engineer in charge of the construction engine at the Federal Leather company's plant at Manistique, was caught on the main shaft of the engine last week and killed. He is survived by an invalid wife and two married children.

According to the Escanaba papers, it is not likely that the Democrats will nominate a candidate for representative from the Delta district in opposition to George Gallup, the Republican nominee. The Democrats appreciate the utter uselessness of contending for the election of a candidate.

John Jenkins was instantly killed in the Newport mine, at Ironwood, last week. He was riding to the surface in a skip, when trammers at work at the top accidentally dumped an ore car and its contents into the shaft. A companion named Ebli jumped from the skip and was uninjured. Jenkins was forty years of age and leaves a wife and daughter. He represented the Eighth ward in the common council.

The Garth Lumber company, operating at Garth, Delta county, is about to suspend operations at its mill at that place, preparatory to going out of the lumber business. Several new companies have been formed among the stockholders of the old company. The Garth Lumber company has been engaged in business at Garth for a number of years and has been one of the chief industries at the head of the bay.

The Oliver Mining company is constructing a large coal dock on the St. Paul road near the Hamilton shaft, at Iron Mountain. There are two underground subways, of about 125 feet in length, leading to the old coal dock. An automatic car, self dumping, which has a capacity of holding seven tons of coal, will be used. It will be hauled up the incline to the old dock and in this way as rapidly as cars come in they will be handled. The car and engine can be operated by one man.

The main drive of the Menominee river has been completed. This year's drive, owing to the low water, has been the most difficult known in years. A year ago it was completed by the last of August, and at that time it contained 265,000,000 feet. This year it is estimated at 180,000,000 feet and was started on June 11. About ninety-six men were employed. Superintendent William Stephenson believes that the work at the sorting gap will be finished by Oct. 26. Most of the mills will have enough logs to run late in the season.

Since the work of mining was commenced in June, R. R. Williams has shipped eight carloads of Lake Superior graphite to the works of the Detroit Graphite company, Detroit. The graphite is being taken out by Mr. Williams in use by the Detroit concern in the manufacture of paint. It is not generally known, but it is a fact nevertheless, that the warpaint used on Uncle Sam's battleships during the war with Spain was furnished by this Detroit company. Baraga county graphite is being used to a great extent in the manufacture of the paint.

E. A. Culver, of Marquette, state trespass agent, made a tour through Stephenson township, Menominee county, recently, and was agreeably surprised to see so many excellent farms in that locality where only twenty years or so ago was a wilderness with scattering homesteads. It is his opinion that in a very few years not only Menominee county but the upper peninsula as well will become thickly settled by farmers from lower Michigan and Ohio, where land values are high and the returns to the farmers from their crops are considerable less than in this locality.

After several weeks of forced idleness the crew of drillers has resumed work at the Rapid River (Delta county) oil well, and operations will continue unabated until "oil, coal or gas" is discovered, or the management is fully satisfied that none of these commodities exist within the domain of the Michigan Land & Improvement company. The Milwaukee contingent is out of the retractor, and out of the management, and the affairs of the company are, practically speaking, in new hands. When the work was discontinued the well was down something over 900 feet. Traces of oil having been found at 600 and 700 feet, the shareholders believe that at a greater depth the quantity will be largely increased, and it is now proposed to proceed downward fully 2,000 feet, unless, of course, an abundant flow is found previous to reaching that depth. This is being done without raising additional funds, and the treasury was practically depleted when work was stopped several weeks ago. Thos Burns, an experienced driller in the Pennsylvania oil fields, and who has had immediate charge of the work since its inauguration, has great faith in the ultimate success of the explorations, and is sufficiently sanguine to resume operations and depend upon finding oil in paying quantities for reimbursement. The machinery in use is the very best obtainable, and is operated by skilled drillers.

CAUCUSES TONIGHT

BUT THE COUNTY CONVENTION IS A CUT AND DRIED AFFAIR.

ONLY ONE CONTEST IN PROSPECT

REAU AND PRIMEAU BOTH WANT TO BE REGISTER OF DEEDS.

Otherwise the Important Officers Are Assured of Renomination—May Be Fights on Minor Offices.

Caucuses will be held in the various wards and townships of the county this evening to choose delegates to the county Republican convention called for this city, in the city hall, tomorrow afternoon, when nominations for the various county offices, viz: Sheriff, treasurer, county clerk, register of deeds, prosecuting attorney, two circuit court commissioners, two coroners and one county surveyor, will be made.

The forthcoming convention has attracted much less interest than is usually the case this year, because this is one of those fortunate seasons, for the office-holders, when the old slate goes through practically intact. There is but one fight of consequence on the program—that between J. H. Primeau, the incumbent, and J. E. Reau for the office of register of deeds. This contest concerns an office of first importance. If there are any other contests for nominations they will be over the minor offices on the ticket. There is hint of opposition to William Prin, the present coroner in the western end of the county, and it is possible that there may be more than one candidacy for other minor offices. As far as is known all the present officers are in the field for renomination.

Judge of Probate Kelsey's present term does not expire for two years yet, his being a four-year office. Thus he is not concerned in the present campaign.

The friends of the respective candidates have given no little attention to the contest between J. H. Primeau and J. E. Reau. Considerable quiet work has been done, and it is likely that either gentleman will develop strong support in the convention.

A Strong Ticket. The convention will put a strong ticket in the field, composed, as it will be, for the most part, at least, of men who have already proved their worth in the public service and their ability in the offices they respectively fill. Sheriff Penglase is an officer who, during his past term, has won a strong following in the county. He has given his office an efficient, businesslike ad-

ministration. Personally he is a pleasant gentleman to meet, and under his unassuming and unassertive manner lies an ability to handle decisively and well any emergency that might arise during his service in office. Mr. Penglase's renomination will be an element of great strength to the county ticket.

Treasurer Skoglund's office is one that does not bring him very prominently in the public's eye, but those acquainted with county affairs speak highly of the manner in which it has been administered during his term, and Accountant Watkins, of Lansing, who visited the county building on a tour of inspection a few days ago, paid the manner in which his books and accounts are kept up an unqualified compliment. County Clerk Ross and Prosecuting Attorney Bell, two men slated for renomination, are candidates whose services in their respective offices it has given The Mining Journal pleasure to commend, without reservation, numerous times before. They are both highly efficient public servants who well deserve the honor of renomination.

In all the above cases a unique tribute to the popularity and strength of the candidates is the fact that there has been no hint of opposition to their renomination.

The nominees for the office of register will be popular with the electorate of Marquette county. Either J. H. Primeau, the incumbent, or J. E. Reau will be qualified to fill the office satisfactorily. They both represent the French American element in the county, to a representative of which, under the present scheme of things, the nomination is to go.

The nominations for the minor offices will fill a strong ticket, and, with a possible exception or two, they will probably be the endorsement of the present officials.

Editorial Comment. The up-the-road papers comment editorially on the convention as follows: There is little opposition developing to any of the candidates for county offices, or for the position occupied by State Representative Byrns. The only matter that is attracting any attention is the canvass of J. E. Reau against Joseph Primeau for register of deeds. Mr. Reau has not yet come out of the woods to show just how many delegates he will have with the big R stamped on. From the figure that he cut in the recent school election at Marquette he may reasonably be classed as a hustler. If he eliminates Mr. Primeau's signature from the official records for the county of Marquette he will be somewhat fatigued after the convention closes next week, for Mr. Primeau has shown considerable speed in political sweepstakes.

The approaching representative convention promises to be about as listless as the Morarity convention of a month ago. We hear of no opposition to Mr. Byrns. He has been faithful to his constituency and will be nominated by acclamation, a compliment that he well deserves.—The Peninsula Record.

The county convention to be held the 23rd will be a harmonious one. The only talk of a contest we hear is for the office of register of deeds, two popular representatives of the French-Americans having come to the front asking for rec-

ognition. There appears to be little interest in the matter. Mr. Jos. Primeau, the incumbent, was endorsed by a meeting presided over by his countrymen, held at Marquette Sunday. Mr. Reau, also of Marquette, claims he can be similarly endorsed if he cares to make an effort for a meeting. There is no doubt that the right man will be chosen. Sheriff John Penglase, whose term expires, is a candidate for reelection. In speaking of the list of county officers last week, we omitted him from the list, but unintentionally. Mr. Penglase has made a model officer. He has given every department of the office his personal attention, has filled the place creditably to himself and pleased his friends, and he will unquestionably be renominated by acclamation. Ishpeming is well satisfied with "Johnny" Penglase and all other portions of the county feel the same way. The entire list of county officers have done excellent work and we take pleasure in giving them credit for their performances.—The Iron Ore.

FIRST SHOVELFUL OF CONCRETE. It Was Placed in Foundations of New Court House Saturday.

Building operations at the new court house were inaugurated without much ceremony Saturday, when Walter Fitch of Champion, chairman of the building committee, at the earnest solicitation of the other members of the committee, laid the first shovelful of concrete to go into the foundations. The architects, builders, members of the committee and county officers observed Mr. Fitch's work, following which the workmen began to shovel the concrete mixture into the foundation boxes at a lively rate. The stone foundations will rest on a solid concrete structure, firmly set in the hard sand.

A LUCKY BREAKDOWN. It Saved the Steamer Ketcham from a Serious Disaster.

The Detroit Tribune has the following concerning the steamer Ketcham, a regular caller at this port: The steamer V. H. Ketcham is still at the Great Lakes Engineering company, Detroit, for repairs to machinery, and her accident has proved a lucky one. On her last trip down she pulled in with a broken crank coupling. The break was not so bad that it could not be temporarily repaired, and she was patched up and sent on down below to unload. Meanwhile a new shaft coupling was made ready. On her way up she stopped to have this installed, and on disconnecting the shaft it was discovered that something was wrong with the crank pin on the high pressure engine. Examination disclosed the fact that this was broken clean in two. The curve of the fracture and the rough edges of the break held it in place. If this had given away the engine would have gone through herself and probably wrecked the entire machine. The crew consider their breakdown was one of the most fortunate accidents that ever occurred.

It stands alone, it towers above. There no other, it's nature's wonder, a warming poultice to the heart of mankind. Such is Rocky Mountain Tea. 35 cents. Stafford Drug Co.

INTERRED HERE YESTERDAY.

Geo. M. Goodwin Died at Chicago Friday—Other Obituary Mention.

George M. Goodwin, a former resident of this city, died in Milwaukee on Friday last. He had been in the employ of the Allis-Chalmers company for the past year, holding a very responsible position. A slight cold developed into pneumonia and his sickness was only a matter of five days' duration. The remains reached here at 10:40 o'clock yesterday and funeral services were conducted in the Presbyterian church by the pastor at 2:30 p. m.

Many of the older residents remember Mr. Goodwin with warm regard and much regret was expressed at his sudden death. He was thirty-five years of age and there is left but one sister of the originally large family. Much sympathy is felt for her in her inability to go with her brother in his last days or to accompany his remains to the old home for interment.

Mary Agnes Doherty. Miss Mary Agnes Doherty, aged twenty years, died from heart trouble at 4:30 o'clock Saturday morning. She resided with her parents, Mr. and Mrs. J. H. Doherty, 115 Palm street. She had been ailing for the past five weeks. Miss Doherty was unusually well liked by a large circle of friends, whose floral tributes have been many and beautiful. She is survived by father, mother, seven brothers and one sister, Elizabeth, Mr. and Mrs. W. P. Flynn of Milwaukee are here to attend the funeral, which will be held from St. Peter's cathedral at 9 o'clock this morning. Interment will be at Holy Cross cemetery.

Owen J. Goodman. Owen J. Goodman, a brother of Supervisor B. J. Goodman, of Sands, died at St. Mary's hospital at 7:30 o'clock last evening. He was aged fifty-seven years. The funeral will be held at 9 o'clock Tuesday morning, from the hospital to St. Peter's cathedral. The interment will be in Holy Cross cemetery. Mr. Goodman was born in Canada. He came to Marquette in 1864 and ever since had made his residence in the upper peninsula. He belonged to a family of fourteen children, eight girls and six boys, and his is the first death among them. Mr. Goodman's parents are both dead.

Patrick McCarthy. Patrick McCarthy, aged thirty-nine years, died at St. Mary's hospital Saturday morning. The deceased is survived by father, two sisters and two brothers. The funeral will be held from St. Peter's cathedral at 8:20 o'clock this morning.

NOT DOOMED FOR LIFE.

"I was treated for three years by good doctors," writes W. A. Greer, McConnelville, O., "for Piles and Fistula, but, when all failed, Bucklen's Arnica Salve cured me in two weeks." Cures Burns, Cuts, Corns, Sores, Eruptions, Salt Rheum, Piles or no pay. 25c at Stafford's drug store.

None other than strictly pure ice cream turned out at Heppner's. JOHN H. DESHAINE, Manager. (7-23-0)

CLOSING OUT THE BRACHER GOODS! ...SALE WILL CONTINUE... Beginning this morning at 10 o'clock we will sell in our Basement Salesroom all the Shoes formerly contained in the Bracher stock. An opportunity will be given to try on the shoes during the sale, but no shoes will be exchanged or taken back under any circumstances, and will be sold for cash only. Owing to the time required in marking down this stock of shoes, they will not be placed on sale until 10 o'clock. Sale on Shoes and all other goods in Basement Salesroom will positively close Wednesday night. OUR STORE WILL CLOSE AT 6 O'CLOCK EVERY EVENING THIS WEEK, EXCEPTING SATURDAY. OUR MR. VAN ALSTYN left for New York City last night to purchase new goods. We find that the most exclusive styles in tailor-made suits and outer garments are not shown in New York before the 15th of September, and would suggest to our customers that they defer making any purchases in these lines until they have inspected our line, which will be sent forward by express at the earliest possible moment, thus enabling us to place our cloaks and suits on the market the 1st of October. Every department in our store will be replete with the season's latest fashions, special attention being given to the Dress Goods, Silks, Trimmings, Carpets and Rugs. A. T. VAN ALSTYN DRY GOODS COMPANY.
