DR. PIERCE'S GOLDEN MEDICAL

"I was weak, nervous and dizzy, with a fainting sensation when walking," writes Jesse Childress, Esq., of Samuel, Sullivan Co., Tenn. "Could not walk any distance; always felt bad after eating; felt as though something was sticking in my throat, always uneasiness in stomach. Doctored with three physicians but they did not relieve me. I grew worse and used everything I could think of; was nearly ready to give up and then some one told me that Dr. Pierce's medicine was good, so I began taking his 'Golden Medical Discovery.' I have taken seven bottles of that now and am as stout as ever, and enjoying lealth as much as ever before. I worked all summer and this winter as much as any one. My case was liver disease and nervous dyspepsia of which your medicine has cured me. In September 1898 my weight was about 95 pounds, now it is 195. Please accept my sincere thanks."

> Rumor has it that the Oliver Iron Min ng company has taken the Hollister again and that exploratory work will be started thereon in a short time. While t is impossible to get the rumor authenicated, our information comes from ources that are usually correct and it more than likely that the property will be again opened. The last time that the Oliver people had this property they placed a diamond drill thereon and ut a vein of ore about 40 feet wide, if a iamond drill can be relied upon to tell he truth. The drill hole showed that he company that undertakes to open up his property must prepare for a heavy water charge as the ground was thor-oughly saturated with water and vugs were struck here and there along the ourse of the borings. These developnents are away from the old mine alto ether. That nothing can be expected rom the old mine was proved when Oglebay, Norton & Co. pumped it out several years ago and explored it .- Drill.

The United States Steel corporation is bout over shipments for the year from ome mines, but will be compelled to nustle hard from others to bring them o the expected figures. Fayal mine has hipped more than 1,500,000 tons to date, and Mountain Iron more than 1,200,000 Adams and Spruce, classed as one property, and all underground, has hipped above 1,500,000 tons, which is he most remarkable record of all, as all ts ore comes out of shafts.

Fred H. Abbott, of Crystal Falls, in onversation with the Iron River Reporer representative stated that the Me aba Iron company, which has an option on the Nanaimo mine, will begin the work of unwatering the mine by the first of November-even if it has to use buckets and ropes to do so. The Nanaimo has been idle for a good many years, but those who are familiar with the mine claim that it is through no fault of the property that it has not been worked, as it contains plenty of marketable ore.

Bad Taste in the Mouth

When you get up in the morning with a coated tongue and a bad taste in the mouth, you may or may not be seriously ill, but if there is any disease going, your system is just right to catch it.

We know what you thinkfirst you are half persuaded to try Vinol, and then you say to yourself: "That's the same story all the medicines tell; I've heard it before."

But Vinol is not like other medicines. If it were, we shouldn't be talking about it in any special way.

If you will regulate your bowels with Vinlax and take Vinol to improve your digestion and assimilation of food, these troubles, with the head-"liver complaint," neuralgia, rheumatic pains, and nerve troubles will disappear as by magic.

Lipton's New Yacht Will Carry Unusually Great Spread of Canvas.

New York, Nov. 3.-Frederick C. Penfield, ex-United States minister to Egypt and a member of the New York Yacht club, has arrived home, having crossed from England on the steamer St. Paul. He is an intimate friend of Sir Thomas Lipton, whom he visited in London Speaking of Sir Thomas' preparations for the coming contest for the America's cup, Mr. Penfield said there would be few chances for quarrels over the yacht "Sir Thomas admits that experience

has taught him much that will be of value in his third essay for the cup," said Mr. Penfield. "He states that there will be no chance for a conflict of authority on Shamrock III, for Bob Wringe is to be in supreme command. Neither Willie Jamison nor any other amateur skipper is to be on board on race days. Colonel Sherman-Crawford. ice commodere of the Royal Ulster club will represent the owner on the chalenger, but will have no voice in th sailing of the yacht.

"I was informed by English yachts men that Captain Sycamore has not been his old self for a long time, and they say he lost his nerve on occasion of the accident to Shamrock II, when King Edward had such a narrow escape from death and has never recovered it: and, further, that Jamison is held responsible by many for losing one of the Shamrock II-Columbia races-the one when most of the spectators off Sandy "Certain errors of construction in the

The attractions have been booked ith the intention of securing high-class ntertainment at nominal cost.

The charge for the five attractions will e \$1. There will be no extra harge for reserved seats. Persons who o not buy season tickets and desire to rocure seat tickets at twenty-five cents, he same course will be given at other claces in Michigan, and everywhere the price charged for season tickets ranges from \$1.50 to \$3. In view of the low orice charged here, each entertainment hould be attended by a packed house A number of season tickets have al eady been disposed of, out it is the desire that at least four hundred be sold.

The Alice Carey Concert company will pen the course at the Ishpeming Opera ouse on Wednesday evening, Nov. 19. The combination consists of Miss Carey, ioliniste; Miss Edith Hale, solo whist-

ler; Miss Stella West, soprano and anist, and Miss Ida O'Day, reader and banjoist. All the ladies are artists in their respective lines and all have very ine testimonials. Of Miss Carey and her associates the American Lyceum

highest honors and the most unqualified uccess. She has given her life to the work, studying under the best American nasters and later with Professors Breene and Remy of the Paris Conservatory. Her playing is masterful, comining a firm true tone and skillful bow-

ing. Added to these qualities she pos-sesses a charming personal appearance and pleasing manner which insures for her undoubted success. With Miss Carey we have associated a trio of artists of various gifts, that together justify us in romising an unusually pleasing proram. The company is made up of peo de who have had a good deal of experience on the concert platform, and for he organization as a whole, we anticipate a season that will prove a splendid ntroduction for the future.

Comedies and Lectures.

Melvin Robinson, an eccentric comedin, who entertains an audience all by imself, taking the part of several charcters and presenting light comedies, will e the second attraction. Mrs. Anderson, a prominent society woman of Jacksonville, Fla., daughter of Recorder of Deeds, West, who witnessed her signature to the following letter, praises Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM: - There are but few wives and mothers who have not at times endured agonies and such pain as only women know. I wish such women knew the value of Lydia E. Pinkham's Vegetable Compound. It is a remarkable medicine, different in action from any I ever knew and thoroughly reliable.

"I have seen cases where women doctored for years without permanent benefit, who were cured in less than three months after taking your Vegetable Compound, while others who were chronic and incurable came out cured, happy, and in perfect health after a thorough treatment with this medicine. I have never used it myself without gaining great benefit. A few doses restores my strength and appetite, and tones up the entire system. Your medicine has been tried and found true, hence I fully endorse it."—Mrs. R. A. Anderson, 225 Washington St., Jack-

Mrs. Reed, 2425 E. Cumberland St., Philadelphia, Pa., says:

"DEAR MRS. PINKHAM: - I feel it my duty to write and tell you the good I have received from Lydia E. Pinkham's Vegetable Com-"I have been a great sufferer with female

trouble, trying different doctors and medicines with no benefit. Two years ago I went under an operation, and it left me in a very weak condition. I had stomach trouble, backache, headache, palpitation of the heart, and was very nervous; in fact, I ached all over. I find yours is the only medicine that reaches such troubles, and would cheerfully rec-

ommend Lydia E. Pinkham's Vegetable

Compound to all suffering women." When women are troubled with irregular or painful menstruation, weakness, leucorrhœa, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, flatulence, general debility, indigestion, and nervous prostration, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles

The experience and testimony of some of the most noted women of America go to prove, beyond a question, that Lydia E. Pinkham's Vegetable Compound will correct all such trouble at once by removing the cause and restoring the organs to a healthy and normal condition. If in doubt, write Mrs. Pinkham at Lynn, Mass, as thousands do.

No other medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any substitute.

FORFEIT if we cannot forthwith produce the original letters and signatures of onials, which will prove their absolute gandineness.
