## ELECTIONS A TRIUMPH FOR THE REPUBLICANS

### Majority for the Ticket in Michigan Is Thirty to Forty Thousand.

### ODELL WINS IN NEW YORK BY CLOSE MARGIN

LaFollette Is Re-elected in Wisconsin by 35,000, Van Sant Is Victorious in Minnesota and the Democrats Are Worst in Ohio, Indiana, Iowa, Illinois, Pennsylvania and Numerous Other States by Heavy Pluralities.

Elections were held yesterday in forty-two states, and up to an early hour this morning the returns indicated that control of congress remains with the Republicans. While the official returns may make the working majority a close one, there is no doubt it will be sufficient for all party purposes. From a national standpoint, control of the lower branch of congress was the real contest. In the East, the main interest centered in New York and Pennsylvania, in the latter because of the conditions brought about by the recent coal strike, and in New York because of its bearing on the future of his party of the Republican candidate for governor.

New York re-elected Governor Odell and the entire state ticket, though the falling off in the Republican plurality compared to 1900 was enormous. At a late hour Odell's plurality was placed at about ten thousand. The Democrats made a gain in the legislature, but not enough to injure the election of a Republican successor to Senator Platt. The Democrats also made slight gains in the congressional elections, unofficial figures placing the delegation at twenty Republicans and seventeen Democrats.

In Pennsylvania, Samuel W. Pennypacker, Republican, was elected governor by a plurality of more than 150,000, while the legislature is overwhelmingly Republican. The Democrats elected two and possibly three of the thirty-two congressmen.

In Illinois, there is every indication the Republican ticket has been elected by a good majority, and the next legislature will be safely Republican. In the West, Kansas, Idaho and Utah were the storm centers because of the fight for United States senators, while in Ohio, Indiana, Illinois and several other states the close congressional districts attracted much interest.

In Michigan, the Republicans elected Governor Bliss and the entire state ticket, besides securing eleven of the twelve congressmen. The legislature will be strongly Republican.

In Rhode Island the Democrats elect governor. The legislature is Republican.

The California returns indicate the governorship is in doubt, but the legislature is probably Republican.

The indications in Kansas are that the Republican state ticket is elected, with eight congressmen.

The Nevada returns point to a fusion victory.

In Minnesota a plurality of seven thousand is claimed for Van Sant, Republican, for governor.

The Indiana returns show one Democrat, with the reelection of Governor LaFollette, was indicated by late returns from Wisconsin.

Nebraska shows a vote exceedingly close for governor, with the remainder of the Republican ticket probably elected.

A small plurality for Morrison, Republican, for governor, was indicated early this morning in Idaho.

Washington and Wyoming appear to be safely in the Republican column.

Indiana is estimated to have given the Republican candidate 25,000 to 40,000. The indications from Utah point to a Republican majority in the legislature on joint ballot.

The returns from Missouri show the election of fifteen Democratic congressmen and one Republican.

North and South Dakota are again in the Republican column.

The Southern tier of states, as usual, show a solid Democratic front.

**MICHIGAN.**  
Democrats Carry First District, but State Is Heavily Republican.

Detroit, Nov. 4.—The Republicans of Michigan have elected Governor Bliss and the entire state ticket, eleven of the twelve congressmen and an overwhelming majority of the legislature. The Republican majority is estimated at thirty to forty thousand behind his ticket. At midnight the indications pointed to the election of Alfred Lucking, Democrat, to congress from the First district. John B. Corliss, the present member, was out deeply.

**NEW YORK.**  
Republican State Ticket Successful by a Very Close Margin.

New York, Nov. 4.—In spite of a phenomenally large vote in New York and Kings county for Odell, Democrat, the returns indicate the reelection of Odell, Republican, by six to nine thousand. Odell's plurality in Greater New York exceeded 115,000, but even that large vote was not sufficient to overcome the Republican majorities

up the state. In New York city, Odell's plurality was approximately 117,500. Late returns from the remote districts show a falling off in the Odell vote. Oneida county gave Odell a plurality of 142, a Republican loss of 5,208.

**Roosevelt's District Democratic.**  
Oyster Bay, L. I., Nov. 4.—President Roosevelt's township, complete, gives Odell 1,528 and Odell 1,637. In 1900, the town gave Odell 2,041 and Stanchfield 1,529. President Roosevelt's own district, the Fifth, gives a plurality of thirty-one for the Democratic state ticket.

**WISCONSIN.**  
Plurality of the Republicans at Least Thirty-Five Thousand.

Milwaukee, Nov. 4.—Wisconsin has gone Republican by at least 35,000 plurality, and Governor LaFollette and the complete state ticket are elected. The Republicans will also control the next legislature, which will elect a United States senator to succeed Spooner. In addition, the election of eight congressmen is certain, with probably two more, if not the entire delegation. The candidates in the Fourth, Fifth and Sixth districts are having a close run so far as the returns show.

William George Bruce, chairman of the Democratic committee of Milwaukee county, said late tonight: "We have carried the city by a plurality of 1,200 but have lost the county."

General Bryant, chairman of the Republican state committee, said: "Up to this time we have heard from thirty-five precincts, which show a net loss of 237 votes as compared with the vote four years ago, when Scofield had a plurality of 37,784. I can see no reason for reducing my estimate of forty thousand plurality for LaFollette. The losses are in Dodge and Fond du Lac counties."

Chairman Worden, of the Democratic state committee, said: "The returns thus far have been very limited but gratifying, showing substantial gains over the vote of two years ago but insufficient on which to make any definite statement."

**MINNESOTA.**  
Governor Van Sant, Republican, Is Re-elected by Thirty Thousand.

St. Paul, Nov. 4.—The entire Republican ticket is elected in Minnesota by a plurality of over twenty thousand, possibly over thirty thousand. Full returns have not yet been received, but enough have come in to indicate that the claim that Governor Van Sant has been re-elected by over thirty thousand plurality is well founded. Chairman Buck, of the Democratic committee, is not yet willing to admit publicly that the Republicans have taken everything, but other Democratic leaders are more ready to concede an entire victory. On the balance of the state ticket, very little has been received, but it is believed all the nominees were elected by even greater majorities than that for Van Sant. The legislature will be Republican in both branches.

On congressmen, the Republicans claim the entire delegation, although very little has been received from some districts. The First, Second, Third, Fourth, Seventh and Ninth are thought to be surely Republican, and also probably the Eighth. Very little has come from the Sixth, and that indicates that Buckman, Republican, is running behind his ticket. The Fifth district, Minneapolis, holds the chief interest, and the returns from the contest between John Lind, Democrat, and Loren Fletcher, Republican, have been watched for with anxiety. The indications point to Lind's election.

**OHIO.**  
Plurality Given Republican Ticket Is Next to Largest on Record.

Columbus, O., Nov. 4.—The Republicans carried Ohio by next to the highest plurality on record. Nothing above seventy thousand had been predicted, but partial returns indicate it may reach a hundred thousand. The present Ohio congressional delegation consists of seven Republicans and four Democrats. The returns show sixteen Republicans and four Democrats elected, with the Twelfth district in doubt.

**PENNSYLVANIA.**  
Pennypacker, Republican, for Governor, Wins by 175,000 Plurality.

Philadelphia, Nov. 4.—Today for the first time in the history of the state, more than one million votes were cast in an election. Samuel W. Pennypacker,

Republican, was elected governor by a plurality of 175,000 and the Republican ticket generally was successful in the various counties. The Democrats elected two and possibly three of the thirty-two congressmen. The legislature will be more strongly Republican than ever before, with the exception of 1897, and Pennypacker will see himself in the United States senate. The Republican loss in the anthracite region was not as heavy as anticipated.

### ILLINOIS.

Legislature and State Republican and Cook County Divided.

Chicago, Nov. 4.—With two-thirds of the district to be heard from, William Lorimer has a lead of only forty-one in the Sixth district. The result will not be known before tomorrow. In the Third district, Wilson, Republican, has 200 majority with half the district to report; his chances are favorable.

Busse, Republican, for state treasurer, carried Cook county by 14,000, but Barrett, Democrat, for sheriff, is elected by 10,000. The present outlook favors the election of Klobbassa, Democrat, for treasurer.

Meagre returns prevented at midnight anything like an accurate statement of the result in Illinois, although there is every indication the Republican ticket is elected by a good majority. The next legislature will be Republican, without a doubt, and the successor to Senator Mason is certain to be a Republican.

Chicago, Wednesday, Nov. 5.—At 2:50 a. m. the indications are that the Republicans have elected the entire county ticket, except Barrett, for sheriff.

Later—The Republicans carried Illinois by a plurality of about forty-five thousand, and will have at least fourteen congressmen, against eleven in the last

(Continued on Page Four.)

## LIGHT VOTE IN U.P.

### HEAVY FALLING OFF THROUGHOUT THE DISTRICT.

### YOUNG'S MAJORITY ABOUT 12,000

### GOVERNOR BLISS RAN SLIGHTLY BEHIND HIS TICKET.

### In Menominee, Chippewa and Baraga Counties Democrats Elected Some Nominees, but in the Balance It Was a Republican Sweep.

At an early hour this morning, the indications, based on returns from a number of the counties in the district and conservative estimates in the others, were that H. O. Young, Republican, for congress, has been elected by about 11,000 or 12,000 majority. The vote except in one or two counties, showed a heavy falling off. Governor Bliss ran slightly behind his ticket.

In Houghton county, the vote was phenomenally light. Only about 4,000 votes were cast, or less than half the normal. The Republican state, congressional and county ticket was elected by an average majority of 2,500. Practically the only fight was in Calumet township, between W. J. Galbraith, Republican, and Edward Ryan, Democrat, nominees for the legislature. The former won by about 700.

Chippewa county gave Bliss, for governor, about 800 majority; Young, 800; Fuller, for the state senate, 700, and Adams, for the legislature, about 500. The entire Republican county ticket was elected except that the nominee for sheriff was defeated by his Democratic opponent, John Bone. The latter has a majority of about 400.

In Dickinson county the Republican ticket was successful by good majorities. The feature of the contest was the fight at Iron Mountain between Cook, Republican, and Cameron, Democrat, nominees for prosecuting attorney. Cook carried the city by about fifty majority, running considerably behind the balance of the ticket.

In Menominee county the vote was exceedingly close, with the honors, as far as the county ticket is concerned, resting with the Democrats. The only Republican nominees on the county ticket who were elected were Hansen, for treasurer, and Jerne, for coroner. The majority of Stiles, Democrat, for sheriff, who led his ticket, was 600. The city of Menominee gave six majority for Durand, Democrat, for governor, and Young, Republican, for congress, about fifty. In the county at large, however, Bliss received a majority of 500 and Young rolled up about 600.

Baraga county, with one precinct to hear from, gave the Republican county ticket, with one exception, a majority of about 200. The exception was in the case of the township, to which Beal, Democrat, was elected. The missing returns will not change the result. Bliss ran a little behind his ticket.

Alger county gave the Republican county, state and congressional tickets a majority of about 400, although Bliss fell somewhat short of that. The nominees on the county ticket were successful by majorities ranging from 100 to 400. Only about two-thirds of the normal vote was cast.

All the Republican nominees received handsome majorities in Delta county. They ranged from 1,000 to 1,400. There was no Democratic county ticket in the field, and the vote was unusually light.

In Iron county, the Republican majority is about 800 on the county ticket, with a somewhat larger majority for M. H. Morarity, nominee for the state senate. A light vote was cast.

**STANDING OF THE SENATE.**  
Indicated Republican Majority, Now Twenty, Will Be Sixteen.

Washington, Nov. 4.—The next United States senate will be Republican by at least sixteen majority, against a present majority of twenty. The present senate contains fifty-four Republicans and thirty-four Democrats.

The terms of thirty senators expire with the present congress. There is a vacancy from Michigan, caused by the death of Senator McMillan. Of these thirty-one seats to be filled, not including two from Delaware, but including McMillan's vacancy, nineteen will be Republican and twelve Democratic.

Washington, Nov. 4.—Although the returns from the doubtful districts are slow in arriving, the indications at midnight were that the Republicans would control the next house by a narrow margin.

In the present house, with a membership of 357, the Republicans have forty-one majority. Under the new apportionment, the fifty-eighth house will consist of 386 members.

Summary of Results.  
Thirteen Southern states, not counting West Virginia but including Missouri, have 125 representatives. The Democrats have carried 116 of these districts and the Republicans probably five. Two in Tennessee, one in Kentucky, two in Missouri, two in North Carolina, one in Virginia and one in Alabama are doubtful, according to the latest returns.

To obtain a majority in the next house, it was necessary, therefore, for the Democrats to secure seventy-eight votes in the North and West. In this territory they have at present fifty-two representatives. The latest returns indicate this strength has been held, with the exception of one each from Idaho, Montana and Nevada, as to which the returns at this hour are inconclusive. Adding forty-nine to the 116 gives the Democrats 165.

The Democrats show they have made gains of three in Pennsylvania, one in Nebraska, one in Delaware, one in Wisconsin, two in Maryland, one in Colorado and probably four in New York, swelling the totals to one hundred and sixteen short of a majority with the result in the four doubtful Southern districts to be heard from, and doubtful districts in the North and West from which returns are inadequate, as follows: West Virginia, two; Ohio, one; Indiana, two; Illinois, two; Iowa, one; Nebraska, one; Kansas, one; Minnesota, two; Michigan, one; California, two; Utah, one; total, twenty-one.

Claims of Party Managers.  
Chairman Griggs, of the Democratic congressional committee, at 11:30 tonight said the returns were too meagre to permit of a definite statement, but he saw no reason to waver in his original declaration that the Democrats would have a majority of twenty-two in the house. He claimed a gain of five in New York, two each in Massachusetts, Maryland and Kentucky, one in New Jersey and others from various states.

At midnight, Chairman Griggs claimed the house would be Democratic by ten to twelve majority. He added his specifications of gains, three in California, one in Wisconsin, two in Michigan and two in Minnesota.

Washington, Wednesday, Dec. 5.—2 a. m.—Chairman Griggs claims the Democrats have elected 159 congressmen, or a majority of five.

New York, Nov. 4.—At midnight, Chairman Babcock of the Republican congressional committee, sent the following to Senator Hanna: "The returns are coming in slowly. They are very satisfactory outside of New York city. I think an estimate of 204 Republican members safe. We have elected four of the six congressmen from Maryland."

At the congressional headquarters at 10 o'clock, Congressman Overstreet of Indiana, secretary of the Republican committee, said the big plurality for Coler in Greater New York had made it possible that Democrats would be elected by every one of the first nineteen congressional districts in New York. This would mean a net loss of four Republicans in the New York delegation. Mr. Overstreet said there was some chance of saving four of these nineteen. The First district is that in which President Roosevelt lived and is now represented by a Republican. When Roosevelt ran for governor, the Republican plurality in this district was 2,351.

**HAVE HOUSE SAFE**  
REPUBLICANS WILL RULE BY A NARROW MARGIN.

**DEMOCRATS HAVE MADE GAINS**  
ALSO SEEM ASSURED OF A FEW MORE SENATORS.

Majority Against Them in the Upper Branch, Now Twenty, Apparently Is Cut to Sixteen, Excluding New Jersey's Representation.

Washington, Wednesday, Dec. 5.—At 2:30 a. m. the returns indicate the Republicans have elected 196 representatives, the Democrats 176 and independents three (in Pennsylvania), leaving eleven districts in doubt.

Washington, Nov. 4.—Although the returns from the doubtful districts are slow in arriving, the indications at midnight were that the Republicans would control the next house by a narrow margin.

In the present house, with a membership of 357, the Republicans have forty-one majority. Under the new apportionment, the fifty-eighth house will consist of 386 members.

VILLAGE LAYS DOWN TERMS. Heating and Lighting Franchise Amended and Referred to Promoters.

The Red Jacket village council has completed its draft of the heating and lighting franchise, and the matter is now ready to be submitted to Mr. Burder and his associates. The original franchise, submitted by Mr. Burder, was considerably changed. If the changes and amendments are satisfactory to him, the franchise will be adopted at the next meeting of the council.

Work on the new addition to the Houghton County Electric Light company's Houghton power house is well under way. Pendergrast & Clarkson, the contractors, have managed to complete the foundation, work upon which was rather extensive, despite the fact that masons and other labor, skilled and unskilled, are decidedly scarce in copperdom.

Work on the superstructure is about to commence. Although the proposed addition, according to the original plans of the old company, the Peninsula Electric Light & Power company, which was succeeded by the present company, was to be 112 feet in length, the building will not be made as long as first intended.

Other use the plans of the old company will be in detail. The other dimensions of the addition are: Width, 65 feet, and height, 50 feet. The building will entirely be of brick and steel, and fire-proof construction will be followed throughout.

The new station will be provided with a gallery, which will run along one side for high tension apparatus, twenty-foot traveling crane will span the main engine room. The equipment, which was ordered by the old company and which will be accepted by the new company, consists of one 1,500 horse-power Nordberg engine, to be directly connected to a 1,000 k. w. generator of the General Electric company's make, switchboard, apparatus exciter set, and all necessary adjuncts.

The Mining Journal was yesterday informed that although the machinery was to have been delivered before the first of the year, it will not be received before the first of the year. When the new addition is completed with all its machinery to capacity, the new station will be amply large enough to contain sufficient machinery to care for double this capacity.

RINK COMPANY INCORPORATES.

Articles of incorporation of the Houghton Warehouse company, which will build Houghton's new \$15,000 ice rink, have been filed in the office of the county clerk. The value of the corporation is to acquire by purchase, lease or otherwise, and to own and hold such real estate and personal property within the state of Michigan, and elsewhere, as may be necessary for the purpose of carrying on the business of this corporation, and for any other purpose.

NEW BENEFICIARY SOCIETY.

A branch of Lillian tent, K. O. T. M. of South Lake Linden, providing a sick and disability benefit for its members, has been organized. The membership is now forty-five and effort will be made to increase it. The prospects are that it will soon rank among the strongest beneficiary societies in the county.

NOT A MINUTE TO LOSE

If you are wet and feel chilled to the bone, after a tramp through a storm. Get into dry clothes at once and warm your insides with a teaspoonful of Perry Davis' Painkiller, in hot water, with a little sugar. Thus you will avoid a cold, and, possibly, a long sickness. The precaution is worth while. There is but one Painkiller, Perry Davis'.

FRONT TO BE ALTERED.

Paul F. P. Mueller, the Houghton and Chicago contractor, has secured the contract for an extensive alteration to the front of the Strobel stone block, on Sheldon street, Houghton. The front will be increased in height and a cornice put on so that the building will conform in appearance to those on either side. The work will soon be started. The new Dec building which is going up under Mr. Gundlach's supervision next to the Strobel block, is ready for the roof.

GREAT RIVALRY IN BOWLING.

Mitchells and the Lakes Tied for First Place in County League.

The results of the fourth series of games played by teams of the county bowling league Monday evening, were: Lakes defeated Lauriums at Laurium; Lindens beat Harrolds at Lake Linden; Mitchells defeated Red Jackets at Calumet, and Calumets beat Drippers at Calumet. The next series will be played tomorrow evening, when the Lakes will meet the Drippers at Lake Linden, the Lindens will play the Calumets at Calumet, the Red Jackets will play the Lauriums at Laurium and the Harrolds will play the Mitchells at Houghton. The standing of the teams, so far as games won and lost are concerned, to date is: Mitchells, won three and lost one; Lakes, won three and lost one; Harrolds, won two and lost two; Laurium, won two and lost two; Lindens, won two and lost two; Calumets, won two and lost two; Red Jackets, won one and lost three, and Drippers, won one and lost three.

THURSDAY'S ATTRACTION.

"Sandy Bottom," which comes to the Keweenaw Thursday, is one of the leading melodramas of modern years, which in this day of froth and folly on the stage, affords theatregoers an evening's entertainment which appeals to all lovers of the higher ideals of the dramatic art. The piece is one of these pastoral realizations of the people's poetry, a plain country folk, always so interesting when faithfully produced on the stage. "Sandy Bottom" as it will be seen here, is so realistic that one can almost imagine one's self sniffing the ozone of the Ozark Mountains and listening to the quaint utterances of speech of the people themselves, instead of mere stage characterization.

BIGAMY TRIAL THIS WEEK.

The case against Samuel Powell of Calumet up for bigamy will be called in circuit court this week. When Powell came to this country he left a wife in Cornwall. After residing in Calumet for some time he married again with the intention, it is said, of casting off wife No. 1. A number of Powell's Cornish acquaintances knew of his first wife and after Powell's arrest they came together and raised enough money to bring the first Mrs. Powell to this country to testify against her husband. Mrs. Powell arrived last week and is now with relatives at Painesdale. There is not much doubt that Powell will be convicted.

WATER SYSTEM FOR RIPLEY.

It is said to be the intention of the people of Ripley, the little hamlet on the Hancock side of Portage lake opposite Houghton, to put in a water works plant next summer if a sufficient supply of water can be located on Quincey hill back of the location. Ripley is minus an adequate water system and the question is becoming more and more perplexing. It is thought a water course sufficient to meet the demands can be located at a small expense. A reservoir would be put behind the water brought to the village by means of gravity. The highest suggestion would be occasioned by the water mains. To some the scheme seems feasible, while to others it appears impossible.

FOR A MUNICIPAL PLANT.

President A. F. Heikamp of Lake Linden, and Alderman Samuel Eddy and Dr. Orr, are a committee to look into the cost of operating a municipal lighting and power plant for the village. The proposition of the Houghton County Electric Light company to furnish Lake Linden with light for the streets and to pump the water necessary for domestic and fire purposes for \$350 per month was rejected by the council. The committee will make its report at the next meeting of the council to be held on the evening of Thursday, Nov. 13. At that time it is hoped a large number of citizens will be present to offer the council suggestions in regard to a municipal plant.

BAD ACCIDENT AT TAMARACK.

By the blowing out of the body of a throttle valve in the big hoisting engine pump at No. 5 Tamarack shaft last Sunday, A. G. Andrews, master mechanic at the mine, and J. K. Simmons, a foreman, were painfully injured. That the results of the accident were not more serious is considered miraculous. Mr. Andrews was struck in the hip by a piece of flying iron and his face was badly bruised, while Mr. Simmons was scalded by the escaping steam. A good sized piece of casting was blown out and so much force that it went through a window and struck the wall of the compressor house thirty feet away.

ASLEEP AMID FLAMES.

Breaking into a blazing home, some firemen lately dragged a sleeping inmate from death. Fanned security, and death near. It's that way when you neglect coughs and colds. Don't do it. Dr. King's New Discovery for Consumption gives perfect protection against all Throat, Chest and Lung Troubles. Keep it near, and avoid suffering, death, and doctor's bills. A teaspoonful stops a late cough, persistent use the most stubborn. Harmless and nice tasting. It's guaranteed to satisfy by Stafford. Price, 50 cents and \$1.00. Trial bottles free.

AFTER SALOON MEN.

It is said members of the Calumet Civic Federation will swear out warrants for the arrests of several Red Jacket saloonkeepers this week. Evidence was collected by Rev. W. E. Gombel and the Civic Federation members last Sunday. They claim they found several saloons open and doing business.

WHAT TO DO UNTIL THE DOCTOR ARRIVES.

"One of my children has taken with a cramp colic and suffered severely," says S. B. Elze, of Monett, Mo. "I telephoned for a doctor, then gave a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and a few minutes later the child was relieved." For sale by The Stafford Drug Co.

COPPERDOM BREVITIES.

B. V. Nordberg, of Milwaukee, is in the copper country.

Q. A. Shaw, a Calumet & Hecla official, is in Calumet.

The Laurium council will hold a regular meeting this evening.

Mr. and Mrs. John Holman have returned from an extended Western visit.

The Epworth league of the Baltic M. E. church will give a social on the evening of Nov. 15.

A promenade concert will be given at the Calumet Armory Thursday evening by the Calumet & Hecla band.

Circuit court, which adjourned Monday morning on account of yesterday's election, will continue its sessions this morning.

The Episcopal ladies, of Houghton, will hold a bazaar in the hall in the Citizens' National bank building some evening next week.

At a meeting of the stockholders in the Finnish Workmen's Mercantile company at Calumet next Saturday a new manager will be elected.

The Mineral Range company has disposed of the last of its narrow gauge rolling stock, formerly in use on the Hancock & Calumet branch.

The mines in the county shut down for several hours yesterday to allow their men to vote. It was a "quiet" election in every sense of the word.

An informal party will be given at the Onigaming clubhouse Friday evening. Music will be furnished by the Twin City Mandolin club of Hancock.

Prospects are good for the organization of a mining exchange, recently advocated in these columns, by well known copper country men of good standing.

Members of the Hancock Gun club will hold a shoot on their grounds west of Hancock this afternoon. The Jacob Gartner diamond medal will be the prize.

The class presidents of the Calumet High school this year are as follows: Seniors, Carl Kingston; juniors, Charles Raley; sophomores, William Anderson, and freshmen, John Dymock.

George Dillon, who has been employed with the C. T. Hampton brokerage firm at Iron Mountain for the past two years, is the new manager of the Calumet brokerage office of J. A. Fuller of Hancock.

The Allouez school house, erected by Contractor Usteth of Calumet, will be ready for occupancy this week. It is a four-room structure. A similar school building at the Mohawk location will be ready next week.

For assaulting Nightwatchman Chas. Taylor at Hancock early Sunday morning, John Aho was fined \$20 and costs in Justice Finn's court. Aho was arrested several hours after he struck Taylor with a rock.

The funeral of Mrs. Elizabeth Effinger of Laurium, who died last Sunday, will be held from the Laurium M. E. church this afternoon. Mrs. Effinger was thirty-eight years of age. She is survived by her husband.

L. J. Shepard, who has been employed in the Tamarack mine office, has been appointed manager of the Tamarack Cooperative store by the board of trustees in place of W. J. Light, resigned. Mr. Light will remove to the Soo next month.

The ladies of the Presbyterian church society of Houghton have organized an aid society with the following officers: Mrs. Ira Randall, president; Mrs. John Ferris, vice president; Mrs. C. H. Moss, second vice president; Mrs. M. Wallace, secretary, and Mrs. S. H. Vaughan, treasurer.

Mr. and Mrs. Hohenhoff, who have lived at Copper Falls, in Keweenaw county, for the past thirty years, will remove to the Wolverine mine location this week to live with their son, A. B. Holtenhoff, master mechanic at that property. There are but two remaining families at Copper Harbor.

Professor Gilbert Random, science teacher at the Calumet High school, will read a paper on "The Amount and Character of Quantitative Physical Laboratory Practice in Smaller High Schools" at the meeting of the Central Association of Physics Teachers to be held at Chicago the latter part of this month.

Mrs. John Sterbanz of Calumet avenue, Calumet, created some excitement in the neighborhood of the Sterbanz residence the other morning by wandering about the premises in her nightgown. She escaped from the house while her husband was asleep and it was not until some time afterwards that she was found and escorted home.

The Caesar building, at the corner of Fifth and Oak streets, Calumet, has been remodeled by Contractor Charles Anderson. The entire front of the structure has been changed and the entrance to the second floor switched from Oak to Fifth street. The storeroom on the first floor has been considerably enlarged by the removal of two partitions.

According to the annual report of the fourth assistant postmaster general, the gross receipts of the postoffices in Michigan during the last fiscal year were \$3,758,271, an average annual expenditure of \$1.52 for each man, woman and child in the state, based on an estimated population of 2,493,611, the number of postoffices of all classes in the state was 2,019.

Some of the members of the Hancock football team, which defeated the eleven of the Ironwood high school on the grounds of the latter last Saturday afternoon, complain of harsh treatment at the hands of Ironwood "rooters" while the game was in progress. One of the boys said yesterday that the noise was so great at times that the Hancock team could not hear its signals.

E. Guilbault, the Lake Linden jeweler, has received an instrument called a demagnetizer, the only one of its kind in the copper country, to extract magnetism from watches that have been in contact at some time or other with an electrical current. The instrument does its work well and watches tested by it so they will keep time as good as when they were first turned out.

Charles H. Repath, who has occupied the exalted position of chief engineer of the reduction works of the Washoe Copper company at Anaconda, Mont., has resigned his position to join Mr. Frank Klepetko in New York with

whom he will be associated as consulting engineer in private enterprises. Mr. Repath is a former Lake Linden and Hancock man, while Mr. Klepetko was formerly superintendent of the Dollar Bay Smelting works. Most of the coal assigned to the Mineral Range docks at Hancock will hereafter be unloaded at the docks of the Portage Coal & Dock company, except when the boats are too small for the clam shell hoists at the new docks. The Mineral Range for many years has attended to the unloading of boats with cargoes for the Quincy, Franklin, Arcadian and other mines, but in the future the docks of the Portage company will do most of that work.

Duluth is talking of putting up a new ice rink, and in that event a hockey team will be organized there. At present the Zenith City is without a suitable hockey rink and unless one is built the game will not be played there during the coming season. Duluth has a number of old Canadian hockey players who are anxious to get into the game again. Most of the men have played on big Canadian teams. When Duluth organizes the Portage Lake seven will immediately open negotiations for games.

in payment of laundry work left in our care, but we strive as well for your approbation. Our aim is to wash clothes clean, iron shirts, collars and cuffs to your liking (we mean by that, polished or domestic finish), and generally to afford you the best satisfaction at prices commensurate with good work.

Dining Cars a la Carte

Our Dining Cars, operated on the European plan, afford service of the highest character, and have an international reputation.

Mr. S. S. McClure, of "McClure's Magazine," writes: "I have traveled on most roads in Europe and America, and have dined on such have restaurant cars. I would rather dine on a Burlington Route dining car than on any other I know of in the world."

Burlington Route

These cars are beautifully decorated, lighted by electricity and ventilated by electric fans. The tableware was made to order for the Burlington Route. Fresh flowers are always on the tables. Close attention is paid to every detail of the service.

ASK YOUR HOME AGENT TO SEND YOU THE BURLINGTON TON.

COAL MINERS' CASE

STATEMENT OF MITCHELL IS GIVEN PUBLICITY.

DEMANDS OF MEN STATED

REASONS GIVEN WHY THEY SHOULD BE GRANTED.

Increased Wages, Shorter Hours, Reduction in Weight and Union Recognition Are Asked and Hope of Lasting Peace Is Expressed.

Hazleton, Pa., Nov. 4.—The statement of the anthracite mine workers case, which was filed with the strike commission on Sunday night, was made public today. Copies of the statement have been furnished to the operators, who will reply in three or four days. The miners' statement, in full, is as follows:

"The mine workers make of the operators the following demands which were formulated by the Shamokin convention, held March 18 to 24, and for the enforcement of which the strike was inaugurated:

More Pay for Contract Men.

"First—An increase of 20 per cent upon the prices paid during the year 1901 to employees performing contract or piece work. This demand is made on account of the following reasons:

"1. The present rate of wages is much lower than the rate of wages paid in the bituminous coal fields for substantially similar work.

"2. The present rate of wages is lower than is paid in other occupations requiring equal skill and training.

"3. The average annual earnings in the anthracite coal field are much less than the average annual earnings in the bituminous coal fields for substantially similar work.

"4. The average annual earnings in the anthracite coal fields are much less than the average annual earnings for occupations requiring equal skill and training.

"5. The rate of wages in the anthracite coal fields is insufficient to compensate the mine workers in view of the dangerous character of the occupation in relation to accidents, the liability to serious and permanent diseases, the high death rates and the short grade life incident to this employment.

"6. The annual earnings of the mine workers are insufficient to maintain the American standard of living.

"7. The increased cost of living has made it impossible to maintain a fair standard of life upon the basis of present wages and has not only prevented the mine workers from securing any benefit from increased prosperity, but has made their condition poorer on account of it.

"8. The wages of the anthracite mine workers are so low that their children are prematurely forced into the breakers and mills instead of being supported and educated upon the earnings of their parents.

"9. Wages are below the fair and just earnings of mine workers in this industry.

Less Hours for Day Work.

"Second—A reduction of 20 per cent in hours of labor without any reduction of earnings for all employees paid by the hour, day or week. The second demand is similar to the first in that it is designed to increase the hourly rate of wages of mine workers employed by the hour, day or week, and all the reasons applicable to the first demand are asked to be applied to the second with repetition. In addition thereto we submit the following:

"10. The ten-hour day is detrimental to the health, life, safety and well being of the mine workers.

"11. Shorter hours improve the physical, mental and moral conditions of the workers.

"12. Shorter hours increase the intensity and efficiency of labor.

"13. The tendency of national and state government of organized trade and of production generally is toward shorter hours.

"14. A working day of eight hours is sufficiently long for the best interests of the workingmen and of the community.

More Fair Weight Demanded.

"Third—The adoption of a system by which coal shall be weighed and paid for by weight wherever practicable; the minimum rate per ton to be sixty cents for a legal ton of 2,240 pounds; the differentials now existing at the various mines to be maintained. This demand is made on account of the following reasons:

"1. Measurements by the legal ton wherever practicable is the only honest and just system of measuring the earnings of mine workers.

"2. When the operators sell or transport coal it is on the basis of a legal ton of 2,240 pounds.

"3. The excessive ton was originally intended to compensate the operator for the weight of the small sizes of coal which were then discarded but which are now utilized and sold, and therefore there is no present necessity for the use of an other than the legal ton.

"4. The adoption of this system would remove an incentive, both to the operator and the worker, to cheating and dishonesty, and would allay jealousy among the miners and prevent unjust discrimination and favoritism.

"5. The change of the present system to the one asked for would prove a strong factor in allaying suspicion and discontent among the mine workers.

"Fourth—The incorporation in an

agreement between the United Mine Workers of America and the anthracite coal companies of the wages which shall be paid and the conditions of employment which shall obtain together with satisfactory methods for the adjustment of grievances which may arise from time to time to the end that strikes and lockouts may be unnecessary. In support of this demand we submit the following reasons:

"1. The anthracite mine workers should not be compelled to make or sign individual agreements, but should have the right to form such organization and choose such agents and officers as they desire to act collectively instead of individually when they deem that their best interests are subserved thereby.

"2. Experience shows that the trade agreement is the only effective method by which it is possible to regulate questions arising between employers and employees in large industries, and that a trade agreement is the only possible way to establish the relations between employers and the wage workers in the anthracite fields on a just permanent basis, and as far as possible to do away with any cause for the occurrence of such difficulties as those you (the anthracite coal commission) have been called in to settle."

Commissioners Visits Mines.

Hazleton, Pa., Nov. 4.—The anthracite strike commission, accompanied by District President Fahy, spent the day visiting the mines in the Shamokin region.

ACCUSED OF MANY MURDERS.

Alan G. Mason, Boston Clubman and Harvard Graduate, Is Arrested.

Boston, Mass., Nov. 4.—Allan G. Mason, a prominent clubman and Harvard graduate, member of the piano establishment of the Mason & Hamlin company, was arrested today on suspicion of being connected with the murder of Miss Clara A. Morton at Waverly last Saturday. It is also suspected that Mason was responsible for various murders and assaults committed recently in Cambridge and vicinity. It is said Mason is insane.

State Officers Proctor and Dunham went to the Mason home this afternoon and searched it thoroughly. Nothing was found which would indicate that Mason was connected with any of the mysterious assaults on women in Boston and vicinity. Inspector Murray of Cambridge and Lieutenant Carter of Somerville, who have been for weeks looking for the "slugger," say they have nothing that will identify Mason as the man they want and it is believed the police will have to confine their attention to attempting to prove that Mason killed Miss Morton at Waverly.

DROPS TWO THOUSAND FEET.

Dora Morrison, Illinois Aeronaut, Killed by Fall from Balloon.

Anna, Ill., Nov. 4.—Dora Morrison, an inexperienced aeronaut of Galesburg, fell from a balloon here today and was instantly killed. She had ascended to a height of two thousand feet. She was hanging by her arms as she started, being unable to draw herself up to the trapeze bar. In vain she struggled to draw her body up to the bar. Finally, the climax was reached, when her form was seen to quiver and leave the balloon; over and over it turned until the body was crushed and broken against the earth.

WISCONSIN BANK PLUNDERED.

Robbers Use Dynamite at Greenwood and Get Away With \$8,000.

Marshfield, Wis., Nov. 4.—The state bank at Greenwood, several miles from here, was entered by burglars early today and \$8,000 in gold was stolen. Five men were implicated in the work. They blew open two vaults with dynamite. The noise of the explosion attracted several citizens and a gun fight ensued. Several shots were exchanged, but no one was injured and the robbers escaped.

SHOT AND KILLED BY THUGS.

Chicago Man Who Resisted Hold-Up Men Meets His Death.

Chicago, Nov. 4.—Because he resisted the efforts of thugs to relieve him of his valuables, Chas. E. Bohrons, a West side real estate dealer, was shot early this morning and died shortly after being taken to a hospital.

RENEWED UPRISING IN HAYTI.

Port Au Prince, Nov. 4.—A troop of twelve hundred Foucharits who entered the capital yesterday had a conflict with the civil authorities. There was heavy firing during the night. Seven persons were killed and many wounded. The situation is grave and threatens a new civil war.

TODAY'S WEATHER.

Washington, Nov. 4.—The following is the weather bureau's forecast for Upper Michigan: Rain and cooler, Wednesday; Thursday, fair, except rain in the east portions; fresh to brisk northwest winds.

WARSHIP OUT OF QUARANTINE.

Washington, Nov. 4.—The commandant at San Juan reports that the Montgomery, on which a case of yellow fever had appeared, is out of quarantine and will be ready for sea Friday.

HALE JOHNSON SLAIN

NOTED PROHIBITION LEADER IN ILLINOIS IS SHOT DOWN.

SUICIDE FOLLOWS THE TRAGEDY

MURDERER KILLS HIMSELF WITH POISON IN COUNTY JAIL.

Quarrel Between the Two Men Over a Judgment of the Cold-Water Advocate Sought to Collect Led to the Double Crime.

Effingham, Ill., Nov. 4.—Hon. Hale Johnson, a Prohibition leader of national prominence and vice presidential candidate on the Prohibition ticket in 1896, was shot and killed by Harry Harris this afternoon at Bogota, a village in Jasper county.

Johnson, who was practicing law at Newton, the county seat, went to Bogota to collect an account on the judgment had already been rendered against Harris. An altercation occurred between Johnson and Harris at Harris' home and the latter secured a shotgun and fired at Johnson at close range, causing striking Johnson in the face and causing instant death.

Immediately after the shooting, Harris jumped into Johnson's buggy and attempted to make his escape, but was apprehended by a deputy who had accompanied Johnson and who was a witness to the shooting. Johnson's body was taken to his home in Newton, and Harris placed in jail at the same place.

Johnson was the nominee of the Prohibition party in this state for governor in 1896, but later accepted the nomination for the vice presidency and withdrew as the gubernatorial candidate.

Later—Harris committed suicide in the county jail tonight by taking poison.

GOVERNOR YATES DELIRIOUS.

His Condition Changes for Worse and Is Very Alarming.

Springfield, Ill., Nov. 4.—The condition of Governor Yates is considered very alarming. He has been delirious all today and his temperature is 104 degrees. He is a very sick man.

Later—Governor Yates' physician stated that the governor was improved tonight, and that the delirium which he had experienced from the fever had almost passed away. His temperature tonight is 101 and his condition is considered satisfactory.

CHEAP RICE FOR FILIPINOS.

Governor Taft and Associates Plan Measures to Relieve the Famine.

Manila, Nov. 4.—The Philippine commission has taken strong measures to avert the rice famine which is threatening many provinces. They today appropriated two million dollars (Mexican) for the purchase and transportation of rice to be sold to sufferers at a cash price covering the cost. Governor Taft will control the purchases and sales. The commission has already purchased a large quantity of rice and the distribution will begin immediately.

ROOSEVELT CASTS HIS VOTE.

Goes to Philadelphia Today to Attend the Masonic Celebration.

Oyster Bay, N. Y., Nov. 4.—President Roosevelt cast his vote in the first district of Nassau county a few minutes before eleven. He then started on a long drive with Mrs. Roosevelt.

Philadelphia, Nov. 4.—President Roosevelt will tomorrow attend the celebration of the grand lodge of Masons of Pennsylvania and the sequentennial anniversary of the initiation of George Washington into the Masonic fraternity. The exercises will include an address by the president and prominent Masons. A gold medal, struck at the United States mint to commemorate the anniversary, will be presented to the president.

Election Result Pleases Him.

New York, Nov. 4.—Having been kept fully informed as to the course of the election, President Roosevelt returned at 11 o'clock, fully satisfied with the result. He was particularly gratified with the returns from New York state, which showed the reelection of Odell. The president late tonight sent a telegram of congratulation to the governor.

Makes Nomination Sure.

Augusta, Me., Nov. 4.—Hon. Jos. H. Manley tonight telegraphed President Roosevelt: "The splendid Republican victories today make you the presidential candidate in 1904. Hearty congratulations."

CAUGHT VOTING THIRD TIME.

Woman Arrested at Denver Polls on the Charge of Repeating.

Denver, Nov. 4.—For the first time in the history of Colorado politics, a woman was arrested today on the charge of repeating. When booked at the city jail she gave the name of Jennie Sanderson, but was subsequently identified as Mrs. Harriette Hibbard, a widow fifty years of age. It is alleged that she was in the act of casting her third ballot when arrested. She admitted her guilt and said she could give no reason for her act except a desire to make some extra money.

NEGROES OPENLY SELL VOTES.

Many Frauds and Much Excitement at Kansas City Election.

Kansas City, Nov. 4.—Several fights occurred at voting places today. Two men were arrested for intimidating voters and quite a number of negroes openly sold their votes for \$2 and \$3 each. Some votes were bought openly at the entrance to booths. At one booth, a Democrat offered a negro \$2 and was about to vote him when a Republican raised the price to \$3. The Republican was sent sprawling with a fist blow.

WANTS NO CARNEGIE LIBRARY.

City of Albany by Popular Vote Refuses Offer by Big Majority.

Albany, N. Y., Nov. 4.—The question of accepting \$163,000 from Andrew Carnegie for a library building in this city was put to popular vote today and was defeated by an overwhelming majority.

SENATOR CLAY REELECTED.

Atlanta, Nov. 4.—The Georgia legislature, in joint session, today reelected United States Senator Clay.

SCHOONER SINKS WITH FOUR.

Boston, Mass., Nov. 4.—The steamer Admiral Sampson ran down and sank a schooner off Cape Cod today. Four of the schooner's crew were drowned.

HAVE HOUSE SAFE

(Continued from Page One.)

sure of fifty-two and the Democrats thirty-four members of the next senate. The result of the contests, owing to meagre returns at this hour, is still in doubt in Nevada, Idaho, Utah and Colorado, with the chances favoring the election of Democratic legislatures in Colorado, Idaho and Nevada and a Republican legislature in Utah. If these probabilities should be realized, the senate will stand fifty-three Republicans and thirty-seven Democrats, with a loss of four to the Republicans compared with the present political division.

If the present Republican legislature of Delaware should be called in extra session, and should be able to get together, and elect two Republican senators before the new legislature convenes, the Republican strength in the senate will be increased two.

ASSOCIATED PRESS FIGURES.

All but Seventy Congressional Districts Heard from at Washington.

Chicago, Wednesday, Nov. 5.—Dispatches to the Associated Press up to 3:30 o'clock this morning show that the Republicans have elected 195 congressmen and the Democrats 180, with eleven districts to be heard from.

Chicago, Nov. 4.—Dispatches to the Associated Press up to midnight show the Democrats elected 161 members of congress and the Republicans 147, to which should be added the eight elected in Oregon in June and Maine and Vermont in September. This leaves seventy districts to be heard from.

The dispatches show the election of the following: Alabama, 9 Democrats; Arkansas, 7 Democrats; California, 1 Republican; Connecticut, 5 Republicans; Delaware, 1 Democrat; Florida, 3 Democrats; Georgia, 11 Democrats; Illinois, 10 Republicans, 6 Democrats; Indiana, 9 Republicans, 3 Democrats; Iowa, 7 Republicans; Kansas, 8 Republicans; Kentucky, 10 Democrats, 1 Republican; Louisiana, 7 Democrats; Maryland, 4 Republicans, 2 Democrats; Massachusetts, 10 Republicans, 2 Democrats; Michigan, 10 Republicans; Minnesota, 7 Republicans, 2 Democrats; North Dakota, 2 Republicans; Tennessee, 9 Democrats, 1 Republican; Texas, 16 Democrats, 1 Republican; West Virginia, 9 Democrats; Wisconsin, 8 Republicans; Wyoming, 1 Republican.

ROOSEVELT CASTS HIS VOTE.

Goes to Philadelphia Today to Attend the Masonic Celebration.

Oyster Bay, N. Y., Nov. 4.—President Roosevelt cast his vote in a few minutes before eleven. He then started on a long drive with Mrs. Roosevelt.

Philadelphia, Nov. 4.—President Roosevelt will tomorrow attend the celebration of the grand lodge of Masons of Pennsylvania and the sequentennial anniversary of the initiation of George Washington into the Masonic fraternity. The exercises will include an address by the president and prominent Masons. A gold medal, struck at the United States mint to commemorate the anniversary, will be presented to the president.

Election Result Pleases Him.

New York, Nov. 4.—Having been kept fully informed as to the course of the election, President Roosevelt returned at 11 o'clock, fully satisfied with the result. He was particularly gratified with the returns from New York state, which showed the reelection of Odell. The president late tonight sent a telegram of congratulation to the governor.

Makes Nomination Sure.

Augusta, Me., Nov. 4.—Hon. Jos. H. Manley tonight telegraphed President Roosevelt: "The splendid Republican victories today make you the presidential candidate in 1904. Hearty congratulations."

CAUGHT VOTING THIRD TIME.

Woman Arrested at Denver Polls on the Charge of Repeating.

Denver, Nov. 4.—For the first time in the history of Colorado politics, a woman was arrested today on the charge of repeating. When booked at the city jail she gave the name of Jennie Sanderson, but was subsequently identified as Mrs. Harriette Hibbard, a widow fifty years of age. It is alleged that she was in the act of casting her third ballot when arrested. She admitted her guilt and said she could give no reason for her act except a desire to make some extra money.

NEGROES OPENLY SELL VOTES.

Many Frauds and Much Excitement at Kansas City Election.

Kansas City, Nov. 4.—Several fights occurred at voting places today. Two men were arrested for intimidating voters and quite a number of negroes openly sold their votes for \$2 and \$3 each. Some votes were bought openly at the entrance to booths. At one booth, a Democrat offered a negro \$2 and was about to vote him when a Republican raised the price to \$3. The Republican was sent sprawling with a fist blow.

WANTS NO CARNEGIE LIBRARY.

City of Albany by Popular Vote Refuses Offer by Big Majority.

Albany, N. Y., Nov. 4.—The question of accepting \$163,000 from Andrew Carnegie for a library building in this city was put to popular vote today and was defeated by an overwhelming majority.

SENATOR CLAY REELECTED.

Atlanta, Nov. 4.—The Georgia legislature, in joint session, today reelected United States Senator Clay.

SCHOONER SINKS WITH FOUR.

Boston, Mass., Nov. 4.—The steamer Admiral Sampson ran down and sank a schooner off Cape Cod today. Four of the schooner's crew were drowned.

MANY DIE IN PANIC

FIREWORKS EXPLOSION IN NEW YORK IS DISASTROUS.

TWELVE PERSONS KILLED OUTRIGHT

AT LEAST FIFTY HURT, SEVERAL OF THEM FATALLY.

Premature Discharge of Mortar Bomb Explodes Others and the Projectiles Plough Through Big Crowd Watching Election Returns.

New York, Nov. 4.—By a premature explosion of fireworks in Madison Square tonight, ten persons are believed to have been killed and a number seriously injured. Owing to the panic and confusion among the crowd, which was watching election returns, it is impossible to make a correct estimate of the fatalities.

The explosion took place among fireworks to be set off to celebrate the announcement of the election. When the panic had subsided, sixteen persons were found unconscious on the ground. Some of these, however, quickly recovered. Others were horribly mutilated. It is stated that fully fifty persons were more or less injured.

Later—Investigation now shows that twelve were killed outright, several of whom were blown almost to pieces, and that at least fifty were injured, many fatally. Among the dead were Policeman Dennis Shea; William G. Finney; George Ritzer; Harold Robley and six unknown men.

Immediately following the discharge of one set of mortar bombs, a mortar fell, the bomb being shot among the crowd. When it exploded it hurled pieces into heaps. The concussion exploded other bombs, and the projectiles ploughed through the crowd. Still other bombs exploded, and instantly another group of mortars burst. In panic, scores of persons were trampled down by the crowd and the wildest confusion reigned.

After the smoke had cleared away, sixteen persons were found lying on the ground. Scores of injured were scattered about Madison avenue and the square. A force of 500 policemen, upwards of one hundred physicians and two hundred nurses were summoned, every available vehicle being pressed into service for the transportation of the wounded.

The persons connected with the fireworks company in charge of the display have been arrested.

AIRSHIP DRIVEN AGAINST WIND.

First Test of New French Machine Attended With Great Success.

Paris, Nov. 4.—It has been known for some time past that the brothers LeBaudy and an engineer named Julliot have been constructing a steerable balloon, but such secrecy has been observed that little or nothing has been published about the new flying machine.

A newspaper reporter now claims to have witnessed the first experiment with the new balloon, which he says occurred yesterday at Robert LeBaudy's country house, near Bonnières, where the airship was constructed. The balloon ascended to a height of about twenty yards, with two persons in the car. It was held down by ropes, and the motor drove the airship against a stiff breeze.

After maneuvers lasting half an hour, during which several circuits of the park were made, the experiment was conducted, where the airship was replaced in its shed. Engineer Julliot, who had charge of the motor, said he was completely satisfied with the test, but declined to be interviewed. The reporter described the LeBaudy balloon as similar in appearance to that which was used by M. Santos-Dumont. It is 6 1/2 yards long and 12 yards in diameter. The car is 5 1/2 yards long and can hold three persons. The propeller is driven by a motor of forty horse power. The owners of the new airship are anxious to have it tested in the open air, and it has made a trip to Paris and return.

REFUSE TO LAUD THE DEAD.

Ohio Preachers Decide to Withhold Eulogy Except Where Deserved.

Hamilton, O., Nov. 4.—Indiscriminate eulogy of the dead will not be given by Hamilton ministers in the future. Strong resolutions on the subject were adopted today by the Ministerial alliance, including the pastors of all Protestant churches. In these resolutions the ministers declare that it is against their conscience to misrepresent the character and lives of persons just because they have died. They add that since relatives demand eulogy in funeral sermons they will preach no sermons at funerals in the future except in cases where eulogy is merited. The different clergymen will confine themselves to the rituals of their churches and will not commit themselves to discussions of the characters of the dead.

The preachers also decided that they would hold no more Sunday funerals and served notice to this effect on the undertakers.

DIES FROM HIS INJURIES.

Chicago, Nov. 4.—Frederick Carten, aged fourteen, died today from injuries received in the collapse of the grandstand during the football game on Marshall field last Saturday.

FROM AN AUCTIONEER.

Col. C. H. McDonald of Greenville, Ill., in a letter May 1st, 1901, says, "I am an auctioneer and being often exposed to the weather, am seriously troubled by my throat becoming irritated and hoarseness following. When troubled in this way, I always use Hart's Honey and Horehound. It is the only remedy that has ever done me any good and it positively cures." Sold by the People's Drug Store.

ELECTION TRIUMPH

(Continued from Page One.)

IOWA.

State Republican by 65,000, With Two Districts Doubtful.

Des Moines, Ia., Nov. 4.—On the basis of precinct returns, the Republicans have elected their state ticket by about 75,000 plurality. The reports from congressional districts are meagre. Enough has been received from the Third to indicate that Judge Birdsall, Republican, to succeed Speaker Henderson, ran substantially with his ticket and will be elected by 4,000 to 5,000 over former Governor Boies. The returns indicate close counts in both the Sixth and Second, but they are not numerous enough to base an estimate upon.

At the Republican headquarters it is asserted the Republican plurality in the state as a whole is sufficient to carry all congressional candidates. Chairman Spence, of the Republican committee, said: "We have carried the state by at least 65,000. The figures indicate a larger plurality, but we are not claiming more at present. We have elected eleven Republican congressmen."

CONNECTICUT.

Election of Entire Republican Ticket Conceded by Democrats.

New Haven, Nov. 4.—Returns from fifty towns in Connecticut indicate the election of the entire Republican ticket by pluralities ranging about 15,000; also that all four congressmen are Republicans as well as the congressman at large. The general assembly will be Republican.

The Democratic state organization concedes the election of the entire Republican ticket, with the general assembly safely Republican.

Later—The indications are that the plurality for Chamberlain, Republican, for governor, is at least 15,000, an increase of a thousand over his plurality two years ago.

NORTH DAKOTA.

State Ticket, Legislature and Congressmen All Republican.

Fargo, N. D., Nov. 4.—North Dakota has gone Republican by the usual majority. Governor White, Republican, will have seven to eight thousand majority. North Dakota elected two congressmen-at-large this year, and both are Republicans. The legislature will be strongly Republican.

NEBRASKA.

Election Very Close, but With the Republicans in the Lead.

Lincoln, Nov. 4.—Nebraska has probably gone Republican, but by so narrow a margin on the head of the ticket that an unusual slump in any great number of precincts will give the governorship to the fusionists. The Republicans elect three congressmen and the fusionists three.

DELAWARE.

Deadlock on the Senatorial Vacancies Seems Still Unbroken.

Wilmington, Del., Nov. 4.—It is apparent that a deadlock on the two United States senatorial vacancies will be the result of the election, as was the case two years ago. The claims of both parties fail to show that either has the necessary majority.

INDIANA.

Democrats Lose by a Plurality of 25,000 to 40,000.

Indianapolis, Nov. 4.—Indiana went Republican today by 25,000 to 40,000. The congressional delegation remains the same, with nine Republicans and four Democrats. The legislature will be Republican on joint ballot.

SOUTH DAKOTA.

Plurality of the Republicans Is Figured at Twenty Thousand.

Sionx Falls, S. D., Nov. 4.—Chairman Case, of the Republican committee, at 11 o'clock tonight claimed the state by not less than twenty thousand plurality. The legislature will be overwhelmingly Republican.

MONTANA.

Victory for Republicans Indicated by Returns at Midnight.

Butte, Mont., Nov. 4.—Reports up to midnight give the state to the Republicans almost without a doubt. For associate justice of the supreme court, W. L. Holloway, Republican, has 9,567 and Jerry Leslie, Democrat, 7,847.

MASSACHUSETTS.

Boston Democratic, but the State Gives Bates, Republican, 35,000.

Boston, Nov. 4.—Bates, Republican, for governor, will have over thirty-five thousand plurality. This city gives Gaston, Democrat, for governor, 13,095 plurality. Last year the Democratic plurality was 7,608.

KANSAS.

Election Result a Republican Sweep by Forty Thousand.

Topeka, Kas.,

**Mayer's COMFORT SHOES**

Made with silk goring on the sides and over the instep. All styles and grades. We recommend them to persons wishing easy wearing and comfortable shoes.

They fit like a glove and always look stylish. The elastic retains its strength until the shoe is worn out. Price from \$1.75 up.

**SCHEME Laid Bare**

STATE ACCOUNTANT SHOWS UP HOME PURCHASING SOCIETIES.

ARE DOING BUSINESS IN MICHIGAN

THEY ARE GOOD THINGS FOR THE PROMOTERS AND OFFICERS.

But the General Public Will Be Hard Pressed to Win from Them—Of a Kind With Other Get Rich Quick Schemes.

The Home Purchasing association is the latest device of that array of ingenious people who live by their wits for separating the public at large from its hard earned money. The Home Purchasing associations, some dozen of 'em, are doing business in Michigan, despite Attorney General Owen's efforts to have them barred from the state. They are operating on the theory that the public is only a question of time when they will start their harvest in Marquette.

An Illinois paper, which has the interest of these associations at heart, recently made a vicious attack on State Accountant Humphrey on the score of testimony inimical to the associations, which he delivered before the Calhoun circuit court in a case brought against a Battle Creek concern. Mr. Humphrey's exposure of the workings of the scheme is thorough and comprehensive and it is believed that its general circulation throughout the state will prevent much deception and give the Home Purchasing associations a timely black eye.

The contracts are sold in \$1,000 combinations. A membership fee of \$5, which is credited to the expense fund, is charged. In addition there is a monthly payment required of \$2.35, of which \$2 is credited to the expense fund and 35 cents to the expense fund. This monthly payment is to continue until the contract matures, at which time it is increased to \$5.35, of which \$5 is credited to the home fund and 35 cents to the expense fund. These payments are to continue until the total amount, which is credited to the home fund equals \$1,000. The contract is said to mature when the credits to the home fund in excess of home fund obligations amount to \$50. After such maturity the association agrees to pay \$50 a month on such contract until the total amount, which is credited to the home fund, equals \$1,000. The contract is said to mature when the credits to the home fund in excess of home fund obligations amount to \$50. After such maturity the association agrees to pay \$50 a month on such contract until the total amount, which is credited to the home fund, equals \$1,000.

**Results of Accounting.**

In view of the fact that there has not yet been discovered any rule of progression that will apply to the problem under consideration, Accountant Humphrey made an accounting with a certain definite number of contracts, and the accounting being with 500 contracts taken out monthly in blocks of 25. That statement allowed the following results:

Starting on Jan. 5, 1902, by issuing 25 contracts, the last series of 500 contracts would be issued on Aug. 5, 1903, at which time the membership fee of \$5 credited to the home fund would be \$1,473.50, of which \$1,100 would be credited to the home fund and \$4,473.50 to the expense fund. The debits to the home fund at that date would be just \$10,000 and would include 20 \$50 payments upon contract No. 1. This would "fully perform" that contract on the part of the association, but at that time the holder of contract No. 1 would have contributed only \$97 to the home fund. He would, therefore, be required to make 180 3-5 more \$5 payments before he would be entitled to his deed. It will be observed that 28 per cent of the membership fee is paid on the part of the contract holders would be credited to the expense fund.

Mr. Humphrey discovered that in this statement the dates of the membership payment of \$5 and the first monthly payment were made the same. It appears, however, that the membership fee is paid one month previous to the first monthly installment, consequently all of the above calculations are one month more favorable to the association than they should be.

The next statement prepared by the state accountant showed that the 500 contract holders would pay during the period required for the "full performance" of the contract, and also the amount of the several payments credited to the home fund and to the expense fund, respectively, upon each contract. The total payments by the contract holders during the period were \$15,473.50. The highest amount credited to the home fund upon any one contract was upon contract No. 1, which was \$97. The lowest amount credited would be on contracts Nos. 476 to 500, inclusive, which would be \$2.

Thirty-Nine Years to Mature.

Another statement upon which an accounting was made by Mr. Humphrey was based upon 25 contracts taken out at the same time, no additional contracts to be issued by the association. This showed as follows: The first of the 25 contracts would be "fully performed" in 201 months by the payment of \$1,075.35, while the last one would be "fully performed" in 470 months by the payment of \$1,189.50. The total payments to the society in performing the 25 contracts would be \$27,293.75, of which \$25,000 would be credited to the home fund and \$2,293.75 to the expense fund. Therefore, 10 per cent of the entire payments would be credited to the expense fund. The holder of contract No. 1 would obtain his home in 201 months, or 16 1/2 years, by a contribution of 7 per cent to the expense fund, while it would take the holder of the 25th contract 470 months, or 39 1/6 years, with a contribution of 14 1/2 per cent to the expense fund to obtain his home.

The state accountant also made an accounting with one contract standing alone and receiving no benefit from payments upon other contracts. This accounting showed that it would require \$1,080.25 to fully perform this contract,

and that it would take 215 months, or 17 1/2 years to accomplish this.

There is no speculation about any of the above statements, as the same transactions are entered in each of them.

The attorney general puts these concerns on the same basis as the diamond contract and other schemes that have been exploited within the past few years. A careful examination of the workings of the project leads to the conclusion that some of the contract holders in every association of this character will have been a long time dead before their contracts are "fully performed," and that all of them, whether they win or lose, will have paid dearly for their whistles.

**FOOL HUNTERS.**

They and Long Range Guns Responsible for a Frightful Carnage.

Eighteen human lives was the Wisconsin score during the last deer-shooting season. That is to say, there were eighteen bodies found and accounted for. How many men were shot and still lie in deepest woods, their bones now white in the underbrush, nobody knows, nor ever will know. The killing of hunters by other hunters who mistake their victims for deer is primarily, of course, to excitable persons who shoot at anything they see moving, having deer in their heads and not being able to remember that there are other things alive in the forests, but to this cause may be added two others, dress and long range rifles.

Nearly every hunter, whether experienced or inexperienced, wears a coat and hat of dead grass hue. Seen through the branches at any distance, there is little difference between this color and the color of a deer's hide.

The fellow who has buck-ogee, or has just recovered from it, gets a glimpse of this slowly moving form and fires at it. If it were a deer, he would inevitably miss it, but, being a man, he plunks it every time.

It is easy enough to correct the dress. Men will wear brown naturally, since it is the most indistinguishable color in the woods, and taking a leaf from the books of the Indians, wear a bright red handkerchief bound around the head.

This gleaming bit of crimson can be seen, and often when they are invisible. It would serve as warning to the rapt gunman that the object upon which his staring eyeballs are fastened is bi-pedal, not quadrupedal.

It has been objected that the handkerchief, while it would be a protection, would alarm the deer, but this is not true. Scarlet or crimson seems to have no power to terrify animals. Sometimes it angers them, sometimes arouses their curiosity, but never urges them to flee. The Indians found this out long before clothes were brought to America. They dyed strips of hair brightly and wore them as head dress.

As for the use of long range rifles in the woods legislative action would seem to be necessary and in several of the states this winter there will be an effort to regulate the kind and calibre of sportsmen, however, for some years professor of mathematics in the University of Southern California, and the left for the West last evening. Rev. and Mrs. Elliott are also entertaining a niece, Miss Ethel Smith, of Aldershot, Ontario.

**CITY BREVITIES.**

Today's weather: Threatening and foggy, with rain turning to snow flurries; winds shifting to northwest, brisk and possibly high.

Yesterday's temperature: 7 a. m., 44 degrees; 12 noon, 56 degrees; 7 p. m., 50 degrees; maximum, 58 degrees; minimum, 43 degrees.

The Anchor line steamer Japan is due in port today, bound up.

St. Genevieve's guild will meet this evening with Miss Emma Henne, 443 Spring street.

The Twentieth Century club will give its first hop of the season at Fraternity Hall Thursday evening.

A special meeting of the Ladies' Benevolent society will be held at 11 o'clock this morning at the home of Mrs. Eldredge.

W. C. Brandon, who is in charge of Peter White's camp down the line, was in Marquette yesterday, when he called on his friends.

Yesterday was an ideal day for election, and as far as the weather was concerned, the vote should have been large. However, the favorable conditions did not seem to operate to bring the voters out.

The Bricklayers' union enjoyed a smoker at its hall in the Frei block, corner of Front and Washington streets, last evening. It was largely attended and the members enjoyed a pleasant social time.

The inmates of the branch prison were entertained Monday evening by Dr. Markham, who gave them a practical and instructive address on "The Two Sides of Life," as seen from a doctor's standpoint.

Married, on Nov. 1, at the home of Mrs. Edward Larson, Washington street, sister of the bride, William Hogan of this city and Miss Gertrude Bostrom of Ishpeming. The groom is a son of Officer Dennis Hogan.

The saloons were closed yesterday, but the other business places were open, and work proceeded as usual, although men had no difficulty in getting time off to vote, if they desired to go to the polling booths. Most of them were not particular about this.

C. A. Laurier, agent of the Inland department of the Canadian government, left this morning with a party of seven men who go to look up homesteads in the Northwest territory with the intention of settling. The party is from Marquette, Menominee and Delta counties.

The clearances from the South Shore docks yesterday were the Warriner, in tow of the steamer Flagg, for Ashtabula, and the Mariska and whaleback No. 118, for Cleveland. The Andaste, for Buffalo, and the Centurion, for Ashtabula, took out cargoes from the L. S. & I. dock.

A young man who was arrested for passing remarks to women passing by on downtown streets and for pelting them with beans, and other harmless missiles, was fined and severely lectured in Justice Byrne's court Monday. The police officers intend to stop the slightest manifestations of rowdiness on the downtown streets.

A. W. Bannister of California has been visiting his sister, Mrs. E. A. Elliott, at the Methodist parsonage. Mr. Bannister has been for some years professor of mathematics in the University of Southern California, and the left for the West last evening. Rev. and Mrs. Elliott are also entertaining a niece, Miss Ethel Smith, of Aldershot, Ontario.

**THE BEST REMEDY FOR CROUP.**

[From the Atchison, Kan., Daily Globe.]

This is the season when the woman who knows the best remedies for croup is in demand in every neighborhood. One of the most terrible things in the world is to be awakened in the middle of the night by a whoop from one of the children. The croup remedies are almost as sure to be lost, in case of croup, as a revolver is sure to be lost in case of burglars. There used to be an old-fashioned remedy for croup, known as hives syrup and sold by some modern mothers. They say that Chamberlain's Cough Remedy is better and does not cost so much. It causes the patient to "throw up the phlegm" quicker, and gives relief in a shorter time. Give this remedy as soon as the croup cough appears and it will prevent the attack. It never fails and is pleasant and safe to take. For sale by The Stafford Drug Co.

**SPIRITUAL MEDIUM.**

Treasurer of the Brooklyn East End Art Club.

Menstrual irregularities are generally the beginning of a woman's troubles. With the vitality at a low ebb, the blood weakened, the digestion disordered, she goes about pale-faced, hollow-eyed and haggard, a piteous contrast to the blooming health of her former self. But over 1,000,000 women have found health again by taking Wine of Cardui.

Wine of Cardui and Theodor's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me.

to their health we would have more happy wives, mothers and daughters, and if they would use more intelligence in the matter of medicines, observing results, they would find that the doctors' prescriptions do not perform the many cures they are given credit for.

You may secure the same relief as Miss Snyder, if you take Wine of Cardui. Theodor's Black-Draught is the companion medicine of Wine of Cardui and it is a liver and bowel regulator which assists greatly in effecting a cure. If you take these medicines according to directions, the relief and cure is simple. Some cases are cured quickly and others take longer because the disease has run longer. Remember how Miss Snyder took Wine of Cardui and has health. The same medicines are offered you to-day.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

Trochet's Colchicine Salicylate Capsules. A standard and infallible cure for RHEUMATISM and GOUT, endorsed by the highest medical authorities of Europe and America.

DELEGATES ALL HOME.

Local Men Say the Convention at Port Huron Was a Great Success.

The delegates to the I. O. O. F. convention from Ishpeming and Negaunee have all returned, and they say that the grand session of the order, held this year at Port Huron Oct. 21-23, was a success in every way.

The secretary's report showed a large increase in membership, as the following table indicates:

Table with 2 columns: Description and Amount. Rows include Total membership within jurisdiction, Number initiated during the year, Number admitted by card, etc.

Total gain during year ending Dec. 31, 1901. 2,712

Net gain in membership till June 30, 1902. 2,380

\$58,806.23 was distributed among the members through the state for benevolent purposes, apportioned as follows:

Table with 2 columns: Description and Amount. Rows include Amount paid for the relief of widowed families, Amount paid for the education of orphans, etc.

Grand Master—A. H. Brown, Traverse City.

Deputy Grand Master—Fred H. Daley, Kalamazoo.

Grand Warden—W. L. Barr, Chocoma.

Grand Secretary—E. H. Whitney, Lansing.

Grand Treasurer—B. D. Pritchard, Allegan.

Grand Master Brown made the following appointments, which were confirmed by the lodge:

Grand Chaplain—Rev. D. H. Reiter, Rochester.

Grand Marshal—Brakie J. Orr, Bay City.

Grand Conductor—Fred A. Rogers, Mt. Pleasant.

Grand Herald—William H. Flynn, Detroit.

PAID THE COSTS.

Angelo Galeazzi and Riccardo Aznoli, Italians as the names indicate, partook too freely of the cup that cheers and as a result they became involved in a little unpleasantness in which both were somewhat bruised.

TAKEN BACK TO NEWBERRY.

James Long, who was an inmate of the Northern Michigan Insane Asylum at Newberry for three years and was released as cured three months ago, was taken back yesterday morning.

ATTENDED FAMILY REUNION.

Mrs. James Foley has just returned from Ironwood, where she has been visiting relatives. She was accompanied by her daughter-in-law, Mrs. M. Foley.

PHYSICIANS PRESCRIBE IT.

Many broad minded physicians prescribe Foley's Honey and Tar, as they have never found so safe and reliable a remedy for throat and lung troubles as this great medicine. People's Drug Store.

AFTER DEER.

Chicago Men Coming Here to Get Licenses.

The deer season is only a few days distant, and licenses are still going. About one hundred have been issued here already, and the number will probably be raised by fifty or sixty before Saturday.

Local sportsmen will not be alone in their quest after the fleet footed game. Several from outside the state, who are not deterred by the \$25 fee, will enjoy short outings and try to get the worth of their money by bagging the three deer allowed them.

Those who have been out in the woods say that wolves are numerous, and that they have the acute acumen of the dog. Skeletons and half eaten carcasses have been found by a number of hunters.

A STARTLING SURPRISE.

Very few could believe in looking at A. T. Hoadley, a healthy, robust blacksmith of Tilden, Ind., that for ten years he suffered such tortures from rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters.

LOCAL LACONICS.

J. H. Erickson was here from Escanaba Monday.

The Twin City club will give a dance at Cyr's Hall Friday night.

A son was born to Mrs. Wilfred Domper Sunday, at her mother's home.

Philip Levine, manager of the Savings Bank store, spent Tuesday in Republic.

Mark Bennett of Escanaba spent Sunday in the city, visiting friends, returning Monday morning.

The infant son of Joseph Theobout, aged two years, died Sunday afternoon. The funeral was held yesterday afternoon.

A. F. Maitland goes to Bass Lake today on a hunting excursion. At Swanzy station he will meet several friends from the lower peninsula who have come up here for the deer season.

John Mitchell, who conducted a grocery store on Peck street, has been closed up shop at that location and removed his effects to his residence on the race course addition, where he will continue to handle groceries.

The indoor baseball game between the traveling men and the business men, which was to have occurred Saturday night, has been deferred on account of the expected absence of several members of both teams who hope to see the Escanaba-Ishpeming football game.

Trombly's orchestra will give a dance tonight at Anderson's Hall, Ishpeming. A special car will be ready after the dance to take Xogout and people home. The management reserves the right to deny admission to any person or persons, without having its motives questioned.

The light vote yesterday surely could not have been caused by lack of due and sufficient notice to the voters, of whatever nationality they might be. Election notices in no less than seven languages, besides the English, were posted in conspicuous positions around the voting places.

HE COULD HARDLY GET UP.

P. H. Duffy of Ashley, Ill., writes: "This is to certify that I have taken two bottles of Foley's Kidney Cure and it has helped me more than any other medicine. I tried many advertised remedies, but none of them gave me any relief. My druggist recommended Foley's Kidney Cure and it has cured me. Before commencing its use I was in such a shape that I could hardly get up when once down." People's Drug Store.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out. Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also

convincing proof that the kidneys and bladder are out of order.

What to Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage.

Some kinds of hot air only warm you to the collar button, but if you will order storm sash from the Consolidated Fuel & Lumber company you can reduce your coal bill one-fourth and still get hot air enough to keep you warm all over.

PHYSICIANS PRESCRIBE IT.

Many broad minded physicians prescribe Foley's Honey and Tar, as they have never found so safe and reliable a remedy for throat and lung troubles as this great medicine. People's Drug Store.

RHEUMATISM Can Now Be Cured.

A Scientific Discovery.

It is now possible to be cured of any form of rheumatism without having your stomach turned curd-sole or being half choked to death and made to vomit, and every sufferer from rheumatism should welcome this new and marvellous discovery with open arms and give it an honest trial.

It therefore gives me pleasure to present a remedy that will cure every form and variety of rheumatism without one single unpleasant feeling. That remedy is "GLORIA TONIC."

Before I decided to tell the world about the discovery of "Gloria Tonic" I had it tried on hospital patients, on old and crippled persons with perfect success, and in thousands of instances it cured persons whom hospitals and medical men failed to cure. No matter what your form of rheumatism is—acute, chronic muscular, inflammatory, degenerative, sciatic, neuralgia, gout, lumbago, etc., "Gloria Tonic" will surely cure you.

Champion.

Old and Young "Kids" of Champion Had a Good Time Friday Evening.

There was considerable fun in Champion Halloween. The children of the village were not the only ones out for a good time. Some of the bald heads and the gray haired people of the village pranced around doing mischief.

Next morning when a number of the residents got up they found other people's belongings laid at their doors.

A crowd of the older "boys" had no little amusement at the expense of Jake Levine and Tom Wallace. Everything in Levine's barn was transferred to Wallace's barn and the latter's outfit was brought down to Levine's stable.

The deliverymen came around in the morning they were shy of horses. In one of the stalls they found Wallace's pony and in the other a strange cow.

The harnesses were missing. The drivers suspected that their outfit was at Wallace's so they lost no time in getting to his stable.

Old Maids Fool the Boys.

A number of the girls of the village announced a few days before Halloween that they intended to give a party at the Beacon House. The young men figured on a "bid," and some of them were slightly provoked when they learned that the girls had left them out and were having a "stag" party.

CHARLEY BUYS THE CANDY.

Charley Woodcock, who has charge of the Silverthorn Lumber company's operations near here, is an enthusiastic admirer of the Wisconsin football team. He is an old player and he knows all the points of the game.

A QUIET ELECTION.

The workmen of Champion enjoyed a holiday Tuesday. The election was one of the quietest ever held in the village. The vote cast was lighter than usual. Not a few of the men spent the day in the woods, and paid no attention to election affairs.

CHAMPION CHIPS.

Raphael Thomas has been suffering the past week or more with inflammation of the eyes.

W. J. Gill, who spent two weeks or more at Boston, arrived home one day last week.

Fred Johnson and members of his family visited friends at Escanaba during the week.

Fred Pearce of the Silverthorn Lumber company visited the camps out from here last week.

There was a dance, managed by young men of the village, at the town hall election night.

Fred Hebert has closed out his barber business here and has taken a position in a Marquette shop.

Mike Farrell and Miss R. Gouslin, two well known Champion people, were married one day last week at Baraga.

James Nottle and bride returned Monday from a two weeks' visit to Milwaukee, Chicago, and points on the Menominee range.

Some of the young men of the village will conduct a ball at the town hall on New Year's eve. The Michigan orchestra will furnish the music.

Charles Simons and Miss Annie Tregay, two popular young people of this village, were married last Saturday.

SEND FOR CATALOGUE.

They departed on the evening train for a week's visit in the cities.

Jake Davidson and wife left Monday evening for Chicago, where they will spend a few days. While there Mr. Davidson will purchase some new goods for Levine & Davidson's store.

Miss Nellie Biopelle, who is teaching school in the copper country, spent Saturday and Sunday with relatives in Champion. She stopped off on her way home from the Teachers' Institute at Marquette.

A. J. Beatty is prepared to issue deer licenses. The season opens next Saturday and continues until the last day of the month. It is expected that as many licenses as usual will be taken out by local sportsmen.

Upper Peninsula.

Silas Page and family, of the Soo, had a narrow escape from injury the other evening when a bullet from a 32-caliber rifle or revolver came whizzing through the sitting room window and lodged in the opposite wall. The ball passed over a chair where Mr. Paige had been sitting but a few minutes before.

The enrollment in the public schools at the Soo has increased to 2,400. Says the Manistique Pioneer-Tribune: Jacob Yager brought a red beet to this office which was twenty-six inches long. While the beet in question is almost a freak and a great advertisement for the possibilities of Schoolcraft county's soil, yet we have beats on our subscription list that are from sixty to seventy-two inches in length.

John H. Roe and George O. Gomb of the Soo expect to build a handsome brown stone business block at the corner of Astor and Ann streets. Mr. Roe owns fifty feet at the corner of the two streets and Mr. Gomb owns an adjoining fifty feet on Ashmun street. The two gentlemen plan to build together and erect a structure with 100 feet frontage on each of the streets. Excavation work will probably be commenced this fall and active building operations started next spring. A three-story structure will be built.

The Newberry furnace is a scene of great activity these days and work is being pushed with a rapidity that is astonishing. The work of remodeling the furnace proper is under way; machinery that has become obsolete is being torn out and hurled in the scrap pile. The old ovens are being torn down to make room for more modern ones and other changes are being made so that when the furnace resumes operations it will be practically a new plant and strictly up-to-date.

The work of building the new kilns is progressing favorably. The foundations for ten of the forty kilns having been laid, and as soon as sufficient number of bricklayers can be secured this work will be pushed with the greatest possible speed. A large gang of men is at work cutting out the right-of-way and grading the roadbed for the railway which will tap the hard-wood belt north of town. The management is paying the highest wages for laborers and is putting every man it can secure to work.

The contract for the machinery for the new hardwood mill of The I. Stephenson company at Wells, near Escanaba, will be delivered in a few weeks and installed by the first of the year, by which time it is expected operations will start. J. M. Wells, manager of the company, stated recently: "The order for machinery has been placed now and we expect to have the factory in operation about the first of January. The building is nearly completed. This factory will be one of the largest of its kind in the world. It will have a capacity of 40,000 feet of hardwood flooring daily." The plant is built at Wells where the mill is also located. It is a large frame building and that town presents the appearance of a South Chicago, with its new buildings under process of construction.

The new saw mill which the company is building there, will also be ready for operation about the first of the year. The building will be completed the coming month. The machinery to equip this mill was purchased of the Kirby-Carpenter company and was that taken out of the brick mill in Menominee. The machinery is in first class condition and The I. Stephenson company will have one of the best mills in the state. This will give it two large saw mills, a planing mill, flooring factory, dry kilns and every accessory of a lumbering manufacturing plant.

STARTLING, BUT TRUE. "If every one knew what a grand medicine King's New Life Pills is," writes Dr. H. Turner, Dumpsytown, Pa. "you'd sell all you have in a day. Two weeks' use has made a new man of me." Infallible for constipation, stomach and liver troubles. 25 cents at Stafford's drug store.

E. J. WRIGHT LANSING MICH. CONSULTANT ADJUSTER

REPUBLICANS WIN

FEATURE OF YESTERDAY'S ELECTION WAS THE LIGHT VOTE.

DEMOCRATS WERE NOWHERE

HOWEVER, THEY LOST LESS IN PERCENTAGE THAN OPPONENTS.

Balloting Was Unattended by Any Excitement—Representation Will Not Be Changed on Basis of Yesterday's Vote.

The Republicans carried Marquette city by a generous margin in yesterday's election, although figures show that the opponent apathy hit them harder than it did their Democratic brethren.

voters. The Third made a particularly good showing in this respect, thus its comparatively large vote. Carriages were securing the ward all day, and the telephone was employed freely to arouse the people to the importance of getting to the polls.

For the purpose of admitting of a comparison that will show the falling off in the vote The Mining Journal prints the vote by wards for the gubernatorial candidates in 1898: First, Pingree, 96, Whiting, 62; Second, P., 110, W., 49; Third, P., 166, W., 55; Fourth, P., 97, W., 42; Fifth, P., 121, W., 59; Sixth, P., 133, W., 31; Seventh, P., 100, W., 30; Eighth, P., 39, W., 15.

Yesterday the vote filtered in at an even rate all through the day. At no time were the election officers in any of the wards rushed. The heaviest part of the voting was done about the noon hour, as the men were returning from work for dinner or going back to their posts.

As a consequence of the light vote the election clerks had a rather easy time of it last night. Their duties were by no means as irksome as usual, and most of them had reported at the city recorder's office shortly after eight o'clock. The returns from the Fifth ward were the last to be received.

There was comparatively little splitting, as a general proposition, a fact which also facilitated the work of the election officials. The reports and election blanks were not turned in in the most satisfactory manner, and they will need attention beyond that given them yesterday to put them in first class condition. The average election officer is

Register of Deeds Primeau led the ticket here by a few votes. This is said to be accounted for by the fact that many French Democrats split their ballots in his favor. He was closely pressed by County Clerk Ross, who has but five votes less than his total, and who would unquestionably have led the ticket had he not had a Marquette man for his opponent.

Marquette stood by Governor Bliss loyally, he running but some forty votes behind the county officers. O. O. Young was also very popular with Marquette Republicans, he getting the full vote.

Up the Road.

Returns from Ishpeming and Negaunee last evening were to the effect that the vote at the former place approximated 1,600, and that it totalled 557 at Negaunee.

In Ishpeming Governor Bliss received 1,259 votes, compared with 307 for Mr. Durand, and H. O. Young 1,038, compared with 566 for Mr. Powers of Escanaba.

At Negaunee Governor Bliss received 413 ballots, as against 120 for his opponent, the vote on congressman being approximately the same.

In both these cities the vote on the county officers was approximately the same as that on the head of the ticket.

RHEUMATISM CURED IN A DAY.

"Mytic Cure" for Rheumatism and Neuralgia radically cures in one to three days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents and \$1.50. Sold by Frank Penttil and all druggists.

U. P. I. A. ASSOCIATION.

Its Directors Held a Meeting in Marquette Last Week.

At the recent meeting of the Upper Peninsula Interscholastic Athletic association in this city, held during the educational association convention last week, the following resolutions were passed: "Resolved, That the indifference of certain schools in this association toward pure athletics in the matter of spirit of interpretation of and conformity to the rules with regard to age, scholarship, attendance, and work taken by members of teams, is detrimental to the spirit of pure athletics and therefore to be condemned."

"Resolved, That we deplore the recent manifestation of professionalism as was shown by a member of this association."

"Resolved, That all games among schools of this association, whether scheduled by the board of control or not, shall be played under the rules of this association."

"Resolved, That we support more heartily the rule fixing the age limit at twenty-one years."

"Resolved, That the procedure in the case of protests shall be as follows: One copy of the protest, together with the original documents in the case, shall be sent to the secretary of the board of control; and that copies of all papers sent the secretary, together with the formal protest, shall be sent to the protesting school."

"Resolved, That the board of control be empowered to decide in favor of the protesting school in case the protest is

COUNTY TICKET.

Table with columns for Governor, Congress, State Senator, Legislature, Sheriff, County Clerk, Register of Deeds, County Treasurer, Prob. Attorney, Circuit Court Commissioners, Coroner, and Surveyor. Rows list candidates and their vote counts across various wards and totals.

door, getting 870 votes, compared with 348 for Whiting, the Democratic nominee.

Figuring on the basis of the votes in the two "off" years of 1898 and 1902 it becomes apparent the Democrats of Marquette showed a much more commendable zeal in getting around to the polls yesterday than their Republican brethren. The loss of votes yesterday, compared with election day in '98, was 244, and the percentage of loss was only some twelve per cent for the Democrats compared with twenty-five per cent for the Republicans, a fact which can probably be accounted for by the fact that the latter were confident of the result, although it was remarked yesterday that the Democrats did not seem to be applying themselves very industriously to the task of getting the vote out.

The total vote in Marquette city was 1,036. This is very little better than a fifty per cent vote, as Marquette normally polls 1,800 ballots, while there is little doubt that there is an actual voting population of 2,200 in the city. Indeed in 1896 the city polled the magnificent vote of, approximately, 2,100.

Little Interest Shown.

It was realized yesterday that the city would cast a lamentably light vote. Apathy was abroad. It was complained of about equally by the Republican and Democratic leaders. It was almost impossible to get people to the polls except by dragging them there, and it was only in a few wards that there was any systematic effort made to bring out the

too unacquainted with his duties and responsibilities to do first class work.

No Change in Representation.

Many people were immensely concerned yesterday because they understood that the representation in the county convention during the next two years would depend on yesterday's vote, in which event a light total would mean that Marquette would have a slim body of delegates to look after its interests. However, the representation will not be changed, as it is now based on the vote polled in the presidential elections. This is a good thing for Marquette, although the difference would not have been as great as was anticipated, owing to the fact that the apathy noticeable here was general throughout the county.

It obtained in Ishpeming and Negaunee and in the townships, and the result will be lessened majorities for the county officers, as well as for the congressional and legislative nominees.

It appears from the returns that were available last evening that the vote for the county showed a decrease approximating that for Marquette city and that the Republicans in the county suffered more than the Democrats in the same ratio as they did in Marquette.

However, the Democrats never had a peep at anything in the election, and it is admitted by everyone that if the conditions had been right for bringing the full vote out the G. O. P. majorities would have attained their nominal proportions.

An inspection of the table shows that

UNITED STUDY OF MISSIONS.

Baptist Ladies Will Make a Start Today With an Interesting Work.

The Woman's Mission circle of the Baptist church will meet this afternoon at 3 o'clock at the home of Mrs. H. J. Lobdell, 213 East Arch street, for the study of the third lesson in the course prepared by a committee from several denominations which should, on this account, be acceptable to all.

The Christian work of Europe for the first thousand years A. D. was of necessity done by Roman Catholic missions. Many histories of Missions ignore the work of the early priests.

This united study of missions endeavors to treat all mission work of all denominations, down to the time of Carey, with equal thoroughness and fairness.

Ladies of other societies who may be interested in this study are cordially invited to attend this afternoon's meeting. The topics embrace subjects treating of the times from Constantine to Charlemagne, with sketches of Columba, Patrick, Boniface, etc.

Has a strange mysterious influence on the human system. Brings personal influence, subtle force, will power, stamina. It charms the human mind. That's what Rocky Mountain Tea will do. Stafford Drug Co.

RUGS MADE OF OLD CARPET Address M. Iralson, Clifton Hotel, City.

not answered and the answer is in the hands of the secretary within ten days from the date of the receipt of protest by the secretary.

"Resolved, That the board of control be instructed to act on all protests at the earliest opportunity after receipt of answer by the protested team."

At the same meeting the resignation of A. L. Clark of Calumet was received and accepted and Kendall P. Brooks of Marquette was selected to fill the vacancy. In the place of B. S. Hopkins of Menominee, whose term expired, E. H. Constock of Houghton was elected. This leaves the board of control composed of the following members: Wm. Joffile of Escanaba, president; Kendall P. Brooks of Marquette, treasurer, and E. H. Constock of Houghton, secretary.

SOMETHING FOR NOTHING.
