## MOLINEUX IS FREED

ONCE CONDEMNED TO DIE, HE IS NOW AT LIBERTY.

## JURY SPEEDILY ACQUITS HIM

RETURNS VERDICT OF NOT GUILTY IN THIRTEEN MINUTES.

Applause Greets the Decision and Later in the Street a Great Crowd Cheers the Defendant as He Leaves the Court House for Home.

New York, Nov. 11.—Roland B. Molineux was set at liberty today after spending nearly four years in prison and being once condemned to death and twice placed on trial for his life for the murder of Mrs. Katherine J. Adams.

But thirteen minutes sufficed for the jury to reach a verdict of acquittal at the close of a trial that lasted but four weeks, the first trial which resulted in Molineux's conviction and sentence, having been prolonged for about three months.

The verdict, which was confidently anticipated, was greeted with an instantly suppressed outbreak of applause. Justice Lambert having delivered a stern admonition that no demonstration would be permitted.

Molineux, who was brought into court as soon as it was known the jury had agreed, was apparently as unconcerned as he has been throughout the trial and gave no evidence of emotion when the words that established his innocence were pronounced. His aged father, General Molineux, was deeply affected and could with difficulty respond to the greetings of the friends who pressed forward to offer their congratulations.

Immediately after the rendering of the verdict, the prisoner was hurriedly discharged from custody and left the courtroom with his father and counsel. In passing out of the building the three were cheered by a great crowd that had gathered in anticipation of acquittal. After removing his effects from the Tombs, Lambert having delivered a stern admonition that no demonstration would be permitted.

Molineux, who was brought into court as soon as it was known the jury had agreed, was apparently as unconcerned as he has been throughout the trial and gave no evidence of emotion when the words that established his innocence were pronounced. His aged father, General Molineux, was deeply affected and could with difficulty respond to the greetings of the friends who pressed forward to offer their congratulations.

## BLAMED HIM FOR LOSS OF SIGHT.

Ex-Policeman Kills Prominent Kansas City Oculist and Himself.

Kansas City, Nov. 11.—Dr. W. H. Kimberly, a pioneer oculist and prominent oculist, was shot and killed in his office this afternoon by John Scanlon, formerly a policeman, who then shot and killed himself. The bodies were found in the doctor's office. Dr. Kimberly was shot three times and both must have died almost instantly. Scanlon, who was a brother of a prominent politician, asserted, it is said, that Kimberly had caused him to lose his eyesight.

Another patient waiting in the outer office saw Scanlon enter the doctor's private office, and heard them talking. Finally he heard Dr. Kimberly cry, "Oh, don't, John." Shots immediately followed, one bullet passing over the waiting patient's chair. A physician who occupied an office on a lower floor was the first person to enter after the shooting and found both men on the floor dead and covered with blood.

## MINNEAPOLIS JUDGE RESIGNS.

Says Cost of Living Is Now So Great That Salary Is Inadequate.

Minneapolis, Nov. 11.—Judge John F. McGe, of the district bench, has resigned. The reason given for his action is the insufficiency of the salary. He says the increased cost of living has practically reduced the salary from one-third to one-half, and that it is wholly inadequate.

## IGNORES THE UNION

PRESIDENT BAER MAKES ANSWER TO MINERS' CHARGES.

TREATS MITCHELL AS INDIVIDUAL

DENIES HIM OFFICIAL STANDING BEFORE THE COMMISSION.

Demands of the Men Denounced as Arbitrary and Their Organization as Having Brought About a Condition Boding for Anarchy.

Washington, Nov. 11.—The reply of President Baer, of the Reading company, to the charges of President Mitchell, of the United Mine Workers, which was presented to the coal strike commission was made public today. Baer refers to Mitchell simply as an individual, ignoring the miners' organization. He denounces the demands of the men for an increase in wages and brands them as "arbitrary, unreasonable, unjust and impracticable."

Mr. Baer says that since the advent of the miners' organization into the anthracite fields, the business conditions have been intolerable, the output of the mines has decreased, discipline has been destroyed, strikes are almost daily occurrence, the men work when and as they please and the cost of mining has greatly increased. He takes the position that the jurisdiction of the commission is limited to the conditions named by the coal company presidents, which excludes the miners' organization.

Hazlet, Pa., Nov. 11.—The First City troop and Sheridan troop, the last of the National Guard on duty in the coal fields, were ordered to disband and will return home tomorrow morning.

QUITTS CHICAGO UNIVERSITY.  
Prof. Loeb Accepts the Chair of Physiology at California.

Chicago, Nov. 11.—Professor Jacques Loeb has decided to leave the University of Chicago and go to the University of California. He was today appointed professor of physiology at the Western university. Rudolph Spreeckles has given \$25,000 for a laboratory and aquarium for Loeb, and his salary will be supplied by another friend of the California university. Dr. Martin Fisher, associate in physiology at the University of Chicago, and Dr. Charles Gardner Rogers, assistant in physiology, will go with Dr. Loeb.

MASCAGNI AGAIN ARRESTED.  
Man Who Arranged His Tour Now Sues for Commission.

Boston, Nov. 11.—On the order of the court today, Mascagni, the composer, was discharged from the \$10,000 bond given at the time of his arrest Saturday night. Later in the day Mascagni was again arrested, this time on complaint of Joseph Smith, who conducted the negotiations in Italy which resulted in the composer coming to America. Smith's claim is for \$1,000 commission he alleges Mascagni owes him. A temporary settlement was effected through the acceptance of a \$1,200 bond.

EXPLOSION AT GOTHAM FIRE.  
New York, Nov. 11.—An explosion occurred in the cellar of a tenement house tonight while firemen were at work. Fourteen firemen were more or less injured. Besides these, twenty-five persons watching the fire were hurt by debris from the store front blown out by the explosion.

FOUR DIE IN PEST HOUSE FIRE.  
Charleston, S. C., Wednesday, Nov. 12.—The pest house at the city hospital burned shortly after 2 o'clock this morning. Four negroes were burned to death before they could be rescued.

## ALAN G. MASON GOES FREE.

Boston Clubman Is Discharged and Perry, the Negro, Held for Murder.

Cambridge, Mass., Nov. 11.—At the hearing today of Alan G. Mason, held for the murder of Clara A. Morton at Waverly, the prisoner was discharged from custody. George Perry, the negro, held as a witness, was charged with Miss Morton's murder. Perry pleaded not guilty and was remanded without bail.

## TAMMANY AGAIN ON TOP.

Is Once More in Control of the New York Board of Aldermen.

New York, Nov. 11.—Tammany Hall today secured control of the board of aldermen, which had been controlled by the fusionists since January last. Today four fusion Democrats voted with the Tammany men against a motion to declare that Joseph Krulish, a fusionist, has been rightfully elected a member of the board.

## DROPS DEAD PLAYING CHESS.

Lester Brooks, Minneapolis Millionaire, Succumbs to Apoplexy.

Minneapolis, Nov. 11.—Lester R. Brooks, a millionaire grain and lumber magnate, dropped dead this evening while playing chess with his physician, Dr. Lester W. Day, at the West Hotel. Mr. Brooks was aged fifty-three. The mental strain of the game is believed to have superinduced apoplexy.

## HARSH POLICY OF RUSSIA IS BEGGINNING TO BE RESENTED.

Altered Temper of People Due in Part to the Famine in the North, Where Crops Have Failed and Bread Is Being Made from Bark.

Helsingfors, Finland, Nov. 11.—Finlanders are showing restlessness as a result of the Russianizing measures of the St. Petersburg government. Self-restraint is beginning to yield to willingness on the part of a portion of the population to tolerate acts of violence, which such acts have hitherto been severely frowned down. Another serious indication is the beginning of closer relations between the Finlanders and the Russian revolutionists, a consummation devoutly wished for by the latter but hardly to the taste of Interior Minister Von Plehew.

It is believed the altered temper of the people is partly due to the terrible famine in the north, which is worse than any since 1867, when a hundred thousand people died of disease and starvation. The crops have failed to ripen. The grain, cut green, makes miserable, unhealthy bread. In places bread is also being baked of bark. The emigration has reached eighteen thousand persons this year.

## INVADERS MENACE BOLIVIA.

Signal Victories Gained by Peruvian Forces on the Frontier.

LaPaz, Bolivia, Nov. 11.—Great astonishment and excitement was caused here today when the government officials posted placards declaring the whole republic in a state of siege, owing to the country being threatened. It is not known definitely what is the cause of the decree, but it is rumored the Bolivians have been completely defeated in Acre, and that 2,000 Peruvians are on the frontier. It is understood that Colonel Rojas, commander of the Bolivian forces in Acre, has surrendered for lack of ammunition.

## CLOSURE PLAN ADOPTED.

Balfour's Scheme to Push the Education Bill Carries in Commons.

London, Nov. 11.—Premier Balfour's motion to apply automatic closure, by compartments, to the government's education bill was agreed to in commons today, 222 to 103. Following this method the bill must be passed by Nov. 28. A vigorous amendment to the motion made by Sir Henry Campbell-Bannerman, the Liberal leader, and which drew fighting speeches from Chamberlain, Balfour, Asquith and many others, was defeated, 284 to 152.

## SAGASTA TO ORGANIZE CABINET.

Madrid, Nov. 11.—King Alfonso has entrusted Prime Minister Sagasta with the reconstruction of the cabinet and gives him a free hand in the matter. It is believed that General Weyler will not be retained in the war office. Sagasta is endeavoring to embody in the new cabinet a more democratic element than found in the previous cabinet.

## COLORADO DEMOCRATS TO FIGHT.

Denver, Nov. 11.—The Democratic state senators tonight decided to meet any action by the Republicans in the house looking to unseating Democrats by similar action in the senate.

## BOERS SEE CHAMBERLAIN.

London, Nov. 11.—Generals Botha and Delarey had a private interview today with Colonial Secretary Chamberlain.

## A STIR AT LANSING

RUMORS OF SENSATIONAL PROBABLE ARRESTS AGITATE.

## AFTERMATH OF ELI SUTTON TRIAL

SAID THE JURY, WHICH ACQUITTED, WAS TAMPERED WITH.

Committee of Local Bar Which, With the Prosecutor, Has Investigated Has Filed Charges of Corruption and Warrants Are Due to Follow.

Lansing, Mich., Nov. 11.—A sensation was created today by the announcement from persons in authority that several arrests probably would be made in a few days of persons charged with corrupting the circuit court jury which two years ago acquitted Colonel Eli R. Sutton of a conspiracy to defraud the state in connection with the military clothing deal. Rumors of corruption were so rife after the trial that a committee of the local bar was appointed to assist Prosecutor Tuttle in his investigation. Ten days ago the committee made a general complaint to Judge Weist, who proceeded to sit as a magistrate to examine a number of witnesses. The result is that several warrants will probably issue in a few days.

## Foomeers of Michigan Town Indicted.

Grand Rapids, Nov. 11.—The federal grand jury today returned an indictment against Postmaster Elmer Herndon of Baldwin, Mich., and D. H. Miller of Chicago, who were arrested last month on the charge of running a lottery and promotion scheme through the fraudulent use of the mails. In the case of County Treasurer Homer Outler of Lake County, arrested on the same charge, a "no true bill" was returned. When arraigned in court today, Miller pleaded guilty and Herndon not guilty. The alleged lottery scheme was intended to boom the village of Baldwin.

## THREATENED STRIKE AVERTED.

Increased Pay Granted the Railroad Trainmen at Chicago.

Chicago, Nov. 11.—The wage differences between the railways and the Brotherhood of Trainmen were adjusted tonight when the companies agreed to pay an advance of about 12 per cent. The rate agreed upon increases the pay of helpers three cents an hour and of foremen four.

## Increase Wanted at Denver.

Denver, Nov. 11.—One effect of the increase in wages granted the Chicago switchmen was a demand tonight from the employes of the Union Pacific and Colorado Southern for a 20 per cent advance.

## NAVAL BATTLE IMMINENT.

Colombian Gunboats, Manned by Yankees, Searching for Rebel Fleet.

Panama, Nov. 11.—The captain of a sailing vessel which arrived here yesterday reports having met the government gunboats Bogota and Chucuito off San Carlos. These vessels left here Saturday in search of the revolutionary fleet. The captain also reports having sighted a disabled schooner with 300 revolutionists on board in tow of the revolutionary gunboat Padilla, which was proceeding in the direction of David. The revolutionary gunboats are reported to be in Montijo bay, where an engagement between them and the government vessels may be expected.

## OLD-TIME BROKER EXPELLED.

W. E. McHenry Loses His Seat in the Chicago Board of Trade.

Chicago, Nov. 11.—William E. McHenry, one of the oldest members of the Board of Trade, was expelled today on the charges of dishonorable and uncommercial conduct. McHenry declared the irregularities occurred during his enforced absence from office because of ill health. In 1872 he was the principal broker in the celebrated John B. Lyons wheat deal and the only broker connected with it who did not fail.

## ANNEXATION SCHEME SCENTED.

Radical Press in Cuba Assails the Planters' Society.

Havana, Nov. 11.—The planters' society is being severely attacked by the radical press, which claims the movement to organize branches of the society throughout the island is being carried on in the interests of annexation.

## DISORDERS IN THE REICHSRATH.

Vienna, Nov. 11.—There were uproarious scenes in the reichsrath today, growing out of a discussion of the election riots in this city on Nov. 7. Several members engaged in virulent recriminations. The premier was obliged to desist from speaking.

## GOVERNOR YATES IS BETTER.

Springfield, Ills., Nov. 11.—Governor Yates' condition is considered favorable. He enjoyed a short sleep early this evening and afterwards appeared much brighter.

## PRESIDENT STARTS FOR MEMPHIS.

New York, Nov. 11.—The president and party departed for Memphis tonight. With a party of three governors, Mr. Roosevelt will hunt bear for a week or more.

Catarrh

The cause exists in the blood, in what causes inflammation of the mucous membrane.

It is therefore impossible to cure the disease by local applications.

It is positively dangerous to neglect it, because it always affects the stomach and deranges the general health, and is likely to develop into consumption.

Many have been radically and permanently cured by Hood's Sarsaparilla. It cleanses the blood and has a peculiar alternative and tonic effect.

Hood's Sarsaparilla

Promises to cure and keeps the promise. It is better not to put off treatment—buy Hood's today.

LAND! LAND! LAND!

TIMBER AND FARMING LAND of quality and quantity to suit the purchaser. Enquire of the

DAILY MINING JOURNAL.

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

Subscription Rates: Per month, by carrier, \$1.00; Per year, by mail, \$10.00.

MARQUETTE, MICH., NOV. 12.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

It has been officially denied from the White House that the president has given his approval to the proposed reduction of the Southern representation in Republican national conventions.

Admiral Taylor echoes the demand for more officers for the navy, he contending that the present shortage of trained officers constitutes a real menace to the efficiency of our fleets.

Sunday was a bad day for Michigan hunters. Although there were no serious accidents in northern Michigan, where the woods are teeming with men in quest of deer.

A consular report from Berlin points out that the German farmers have some ground for their demand to share in the benefits of protection if that is to be the settled policy of Germany.

Football in the north country seems to be degenerating. Time was when the various teams kept out of the papers and devoted themselves exclusively to the gridirons.

Here's the way the London Daily Chronicle comments on our demonstrations of disapproval at King Oscar's Samoan dispute decision:

Great dissatisfaction is expressed in the United States at King Oscar of Sweden having decided the Samoan dispute in favor of Germany, and it is stated that never again will the great republic look to a monarch for justice.

THE SUPERIOR TRUST COMPANY HANCOCK, MICH. CAPITAL \$150,000. SURPLUS \$30,000.

award, but merely its result; so that the Americans have the less justification for their ill-humor.

HOW ABOUT BRYAN.

The recent election seems to have left Mr. Bryan more of an orphan than ever—if such a condition be possible.

Discussing these complaints, the Advertiser is inclined to believe that the only one of them that has real basis is that concerning the police department.

Will Mr. Bryan be discouraged and disconsolate at the conditions that confront him? Will he cease to hope and consent to be dropped from the roster of the party leaders?

NOT A TAMMANY VICTORY. The New York Commercial Advertiser takes issue with those who interpret Cole's great vote in New York City last week as a Tammany victory.

HE COULD HARDLY GET UP. P. H. Duffy of Ashley, Ill., writes: "This is to certify that I have taken two bottles of Foley's Kidney Cure and it has helped me more than any other medicine."

DOMINION LINE BRITISH-MEDITERRANEAN SERVICE. Mammoth, modern twin screw S. S. Commonwealth and S. S. New England.

PHYSICIANS PRESCRIBE IT. Many broad minded physicians prescribe Foley's Honey and Tar, as they have never found so safe and reliable a remedy for throat and lung troubles.

Eugene Field's Views on Ambition and Dyspepsia. "Dyspepsia," wrote Eugene Field, "often incapacitates a man for endeavor and sometimes extinguishes the fire of ambition."

NURSING MOTHERS

A mother's poor health is bad enough for the mother but worse still for the nursing baby.

Mothers find Scott's Emulsion a nourishing and strengthening food. If the breast milk is scanty or thin Scott's Emulsion will make it rich and more abundant.

When mothers take Scott's Emulsion the babies share in the benefits. Thin babies grow fat. Weak babies get strong.

Send your baby to try it, if you like. SCOTT & BOWNE, 409 Pearl Street, New York.

tionment substantially to cut the budget, exerted a powerful influence. Then there seems to have been a feeling, more or less general, that the Low administration has not given enough palpable evidence of the benefits it confers upon the citizens at large.

Discussing these complaints, the Advertiser is inclined to believe that the only one of them that has real basis is that concerning the police department.

Copper Country Department

COAL FAMINE NEARING ITS END.

More Anthracite Enroute for Copperdom With Still More to Follow.

The steamer Francomb is due to reach Portage Lake today or tomorrow with 1,300 tons of hard coal for the M. Van Orden company of Houghton. The boat comes from the Lehigh Valley Coal company's docks at Buffalo. The Van Orden company has had coal orders in for months. It expects to receive another cargo before many days have passed. J. J. Ethier & Co., the Lake Linden coal dealers, are expecting a cargo of a thousand or more tons this morning. The company is expecting another cargo before navigation closes. The Hancock Fuel & Supply company expects a cargo Friday.

The coal famine which started copper country people in the face a short time has already been alleviated, and it now looks as if few if any people will go without the anthracite fuel this winter. Paul Roehm of Calumet has already received 5,000 tons and but four or five thousand more are needed at the metropolis. Mr. Roehm and other Calumet coal dealers expect fully that amount before navigation closes. The Hancock Fuel & Supply company expects one or two more cargoes, while Harry Northey, Joseph Croze and other Portage Lake dealers are figuring on getting at least a cargo each.

BELIEVES SISTER INNOCENT.

Brother of Miss Busch a Wellknown Resident of Hancock.

Carl Busch, a mason contractor of Hancock, is the only living relative of Miss Augustine Busch, the young woman found dead with Rev. W. C. Rabe in an Omaha church last week. Mr. Busch saw to it that the remains of his sister, whom he believes to have been innocent of any wrongdoing, were properly cared for. Mr. Busch does not believe the sensational stories about, and says that his sister was a good and true woman and was so to the last. Mr. Busch is grief stricken over the sad affair. He is a member of the Portage Lake Baptist church and is highly respected by all who know him. He is married and has two children.

BODY INTERRED AT MADISON.

The remains of the late William E. Fagg, the young man who was killed by a Copper Range passenger train, were shipped to Madison, Wis., Monday afternoon. Funeral services were conducted at the residence of C. C. Heighens of West Houghton, Rev. J. O. White of Trumountain, Rev. A. A. Maywood of Houghton and Rev. Edwin More of Hancock officiated. The Hancock Congregational church choir and the Trumountain M. E. church choir assisted. The remains were escorted to the depot by the church people and the Trumountain mine officials. Dr. Marcus Fagg of Milwaukee, a brother of the decedent, and Rev. J. O. White accompanied the remains to Madison. The funeral was held in that city yesterday, clergymen of Madison acting as pall-bearers.

RHEUMATISM CURED IN A DAY.

"Myrtle Cure" for Rheumatism and Neuralgia radically cures in one to three days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents and \$1.00. Sold by Frank Pondill and all druggists. (6-7-300)

GABLE & NORTON.

2-9-1

RINK WILL GO UP FAST.

Contract for Its Construction Will Be Let This Week.

It is the intention of the Houghton Warehouse company to build the new Houghton ice rink with all possible speed. At present advantage is being taken of the good building weather to get the foundation of the structure in and are lamps have been strung about the site on the Portage Lake front so work can be pushed by night, as well as by day. The company will put in the foundation, but a contract will be let for the superstructure. Several contractors are figuring on the work, and the award will be made this week. The outside dimensions of the building will be 230 by 110 feet. The ice surface will be 180 by 80 feet. It is proposed to have the rink completed by the first good freeze up. As soon as the contract is let, work on the structure will be started with a big force of carpenters. The plan of the new rink is ideal. It will have twenty or more exits, one every thirty feet or so apart all around the building. There will be two ticket windows, to accommodate hockey crowds. The seats about the rink will be arranged in amphitheatre style and will accommodate several thousand people. At one end a gallery, having a large dancing space, will be built. The rink will have ample cloak room capacity, also rooms for hockey teams. The Portage Lake hockey rink is the every reason to feel proud of its new rink, and should now have no trouble in getting Eastern and Canadian teams to visit Houghton.

NEW DEPOTS AT CALUMET.

The Copper Range railroad company has let a contract for the construction of its two Calumet depots, one at Red Jacket and the other at Laurium, to Edward Ulseth, the Calumet contractor. The structures will be two stories high, with two large waiting rooms and office on the first floor, and office rooms on the second floor. Mr. Ulseth has already started work. The site of the Red Jacket station is just outside of the village limits, in the direction of the Tamarack Junior mine. At Laurium, the depot will be on Fourth Street, and will be on the side of the village near the limits. It is just a block from the Laurium station now going up for the Mineral Range road.

HEBREWS TO HAVE TEMPLE.

Jewish Congregation Organized at a Meeting Held at Calumet.

The Hebrews of the orthodox and reformed beliefs in the county assembled at Calumet last Sunday and heard Rabbi Caro of Milwaukee, one of the best known Jewish preachers in the country, lecture along lines of the Jewish faith. The meeting was held in the Odd Fellows block on Fifth street and was well attended, Hebrews from all parts of the county being in attendance. The rabbi spoke of the great need of educating the Jewish children in their religion and as a result it was decided to institute a regular Sunday school. A Jewish congregation with a large membership was also started and as soon as the funds can be raised a temple will be built and a regularly ordained rabbi secured.

CHINESE MASONS MEET.

Fifty Attend Session at Calumet Conducted by Indianapolis Official.

In honor of their guest, Hop Sing said to be the highest ranking Chinese Free Mason in the West, the Chinese Masons of Calumet held an all night session Sunday. Mr. Sing arrived from Indianapolis Sunday noon. He will leave Calumet today. There were fifty Chinamen in attendance at the meeting. The Calumet lodge is one of the strongest in the country. It was organized twelve years ago by Willie Lee, one of the first Chinese laundry proprietors. Hop Sing is being entertained at one of the local laundries.

FINE ART EXHIBITION.

An exhibition of one of the most complete collections of pictures, suitable for school room decoration, ever seen in the copper country was opened at the Hancock city hall yesterday. The collection is owned by the Society Art committee of Boston, but is in immediate charge of Superintendent LaRove of the Hancock schools. A small admission fee will be charged, and the proceeds of the exhibit will be used to buy pictures to decorate the walls of the Hancock school rooms. The exhibit will continue for several days. All stages of art are represented, beginning with Egyptian architecture. A beautiful collection of landscape photography, including many views of the Yosemite and Yellowstone parks, will also be displayed. Pictures in the schedule of reproductive of much good. The child learns to study their detail and comprehend their meaning. The refining and elevating influence of art on the minds of children is admitted. Great care must be taken, however, in the selection of the pictures. Reproductions of masterpieces meet the requirements.

OLD ORDINANCE IN THE WAY.

Until the Red Jacket council can enforce the new ordinance compelling Fifth street property owners to remove their steps back of the curb sidewalk line, and off the village property, an ordinance, passed long ago, giving property owners the right to use three feet of the sidewalk for the display of their wares or for steps will have to be repealed. The old ordinance was recently unearthed by President Ryan, and as the law has never been repealed it is still in force. The council did not know of its existence and was much surprised when the ordinance was brought to light. The old ordinance will be repealed in the near future.

NIGHT SCHOOL AT Y. M. C. A.

Night school sessions will begin at the Hancock Y. M. C. A. on the evening of Nov. 18. Bookkeeping, mechanical drawing, arithmetic, penmanship and English will be the branches taught. As yet instructors have not been engaged, but Secretary Wing says there will be no difficulty in getting competent teachers. Two sessions a week will be held. Those not members of the association and who wish to take advantage of the school privileges can join the organization and enter the classes by paying a small tuition fee. Later if needed, it will be possible to add additional studies will be introduced in the course.

WELLS WISE DOCTORS

pre-paring the bacillus of consumption thoughtful laymen realize that cold accompanied by coughing, sore throat and tightness across the chest, is too serious a matter for delay or experiment. They also realize that Allen's Lung Balm cures a common cold in a day or two. Obsolete cases take more time, of course.

TWO TIED FOR FIRST PLACE.

Mitchells and Calumets Lead the Bowling League Teams.

Monday evening's series of bowling games played by teams of the county resulted as follows: Lakes defeated the Harolds three straight at Houghton; the Dritlers defeated the Red Jackets, two out of three, at Hancock; and the Calumets defeated the Mitchells three straight at Calumet. The game between the Lindens and Lauriums was postponed, a number of the players being out hunting. The standing of the teams is now as follows: Mitchells, won eleven and lost seven; Calumets, won eleven and lost seven; Lakes, won ten and lost five; Lindens, won nine and lost six; Dritlers, won eight and lost seven; Lauriums, won eight and lost seven; Harolds, won seven and lost thirteen; Red Jackets, won five and lost thirteen. It will be seen from the above that according to the number of games played the Lakes have the best of it, but that the Mitchells and Calumets are tied from the standpoint of the full quota of games, eighteen, to date. The Harolds and Red Jackets are vying with each other for last place.

WOODMEN'S RALLY AT CALUMET.

C. E. Whalen, national lecturer of the Modern Woodmen of America, addressed a large gathering of Woodmen at the Calumet theatre Monday evening on the proposed readjustment plan. W. A. Northcott, head consul of the order, was unable to be present. Mr. Northcott, who is lieutenant governor of Illinois, was detained by the illness of Governor Yates and Mr. Whalen was sent north to take the consul's place. Mr. Whalen spoke along the same lines as Mr. Northcott intended to do, for like Mr. Northcott he is an ardent supporter of the proposed change of rates.

LEASE THE ARLINGTON HOTEL.

Frank Dunn and A. W. Hansen, both of Houghton, have leased the Arlington Hotel at Calumet, Mich., to hold today. The hotel was until recently in charge of Ed Merz. Mr. Dunn was formerly in charge of the Douglass House bar, while Mr. Hansen has been with Sackrider & McKenzie for some time. It is the intention of the gentlemen to conduct a first-class up-to-date hostelry, with a restaurant in connection. Both men are well and favorably known to the traveling public.

BALKS ON LONG-TIME CONTRACT.

The proposition of the Houghton County Electric Light company to reduce the rates of street lighting at Calumet from \$80 to \$78 per light a year may not be accepted by the Red Jacket council. The company desires a long time contract but being the only stipulation it makes, but the village fathers do not wish to be tied down for any considerable length of time. John Burder will likely put in a general hearing plant next spring and the council thinks the competition will result in lowering the rates still further.

CALUMET PASTORATE FILLED.

Rev. A. Lincoln Shearer of Newton, Mass., has accepted the call recently extended him to the pastorate of the Calumet Congregational church. He will succeed Rev. Dr. Hunter. Rev. Mr. Shearer will assume his duties about the first of the month. He is an able pulpit orator and church worker, and the Congregationalists consider themselves fortunate in securing his services.

SUPERVISORS' SESSION SHORT.

The county board of supervisors held one of the shortest meetings in its history yesterday morning. After the minutes of the last regular meeting had been read and a number of bills were allowed, adjournment was taken. W. E. Parnall, supervisor from Osceola township, was unable to be present on account of illness. His place was taken by his son, W. E. Parnall, Jr.

PRESENTED WITH A WATCH.

William Dolan, who resigned his position as private secretary to General Manager McKeever, of the Copper range road, to leave for a milder climate in the West, was the recipient of a gold watch from Mr. McKeever and the employees of the road Monday. Mr. Dolan is popular with the "boys," who showed their esteem for him in that manner.

FOR A BAD COLD.

If you have a bad cold you need a good reliable medicine like Chamberlain's Cough Remedy to loosen and relieve it, and to allay the irritation and inflammation of the throat and lungs. The soothing and healing properties of this remedy, and the relief it affords, is of great value like it a favorite everywhere. For sale by the Stafford Drug Co.

GYM FUND IS GROWING.

The Michigan College of Mines gymnasium fund has now reached \$18,000. The students, citizens and others interested are not allowing the work of soliciting to slacken and from the present showing it would appear that the time is not far distant when the \$50,000 necessary for the proposed building will be all in.

LUCK IN THIRTEEN.

By sending 13 miles Wm. Spirey, of Walton Furnace, Vt., got a box of Bucklen's Arnica Salve, that wholly cured a horrible fever. Some on his leg. Nothing else could. Positive cures. Bruises, Felons, Ulcers, Eruptions, Boils, Burns, Corns and Piles. Only 25 cents. Guaranteed by Stafford, druggist.

CHANGE OF LIFE.

Some sensible advice to women passing through this trying period. The painful and annoying symptoms experienced by most women at this period of life are easily overcome by Lydia E. Pinkham's Vegetable Compound. It is especially designed to meet the needs of woman's system at the trying time of change of life.

It is no exaggeration to state that Mrs. Pinkham has over 6000 letters like the following proving the great value of her medicine at such times. "I wish to thank Mrs. Pinkham for what her medicine has done for me. My trouble was change of life. Four years ago my health began to fail, my head began to grow dizzy, my eyes pained me, and at times it seemed as if my back would fall me, had terrible pains across the kidneys. Hot flashes were very frequent and trying. A friend advised me to try Lydia E. Pinkham's Vegetable Compound. I have taken six bottles of it and am to-day free from those troubles. I cannot speak in high enough terms of the medicine. I recommend it to all and give every suffering woman would wish it a trial." BELLA ROSS, 88 Montclair Ave., Rosindale, Mass. - \$5000 forfeit if original of above letter proving genuineness cannot be produced.

COPPERDOM BREVITIES.

Dr. Gardner of Hancock has returned from Lapeer.

The steamer Bermuda is at Portage Lake with a cargo of soft coal for the Mohawk mine.

A promenade concert and dance will be given on the evening of Nov. 21 at the Lake Linden Opera House by St. Joseph's Military band.

The Gartner diamond medal, presented to the Hancock Gun club, is on exhibit in Gartner's store at Hancock. The medal was recently won by Harold Behrens.

J. C. Foley, of the Protogene gold mines, who has been in the copper country for several weeks, has left for the property in the Rainy River district in Ontario, to look over the work.

The funeral of the late Jacob Rohlfman of Dollar Bay was held from St. Francis church at that place yesterday morning. Rev. Father Miller officiated. Interment took place at Houghton. The funeral was very largely attended.

A promenade concert will be given at the Houghton Armory Friday evening by the Calumet & Hecla orchestra under the auspices of Company G. The floor space in the Armory has been considerably enlarged by the removal of the stage.

The Hancock Knights of Pythias will hold a banquet after their meeting this evening. McNeil & McNeil, proprietors of the Northwestern Hotel, will cater. The spread will be in honor of Hartley Taylor, who will take the second degree this evening.

Postmaster Emery of Hancock expects to hear from the postoffice authorities at Washington this week as to the successful candidates recently examined at Hancock for positions as mail carriers. The free mail delivery service will be inaugurated at Hancock about the first of the month.

The new steamer of the Western Transit company, for which a contract was recently let with the American Shipbuilding company, will be a duplicate of the Buffalo, built some time ago for the same line. The Buffalo measures 3,051 gross tons, is 381 feet in the keel, by 29 feet beam.

The Calumet Elks will give a dancing party at the Red Jacket town hall this evening for the young ladies who assisted of the lodge in the production of "A Night in Bohemia." A Calumet & Hecla orchestra will furnish the music. The party is expected to prove one of the most enjoyable of the season.

Miss Catherine Dunn, daughter of Dennis Dunn, of the Franklin location, and Samuel O'Connell, of the Arceadian, were married at St. Patrick's church in Hancock yesterday morning by Rev. Father Atfield. A reception was held for the young people at the home of the bride's mother last evening.

Harvey Gillett is the representative of the Houghton Lumber company in Ontonagon county. He is purchasing hemlock logs on the Fire Steel and Flint Steel rivers, paying \$5 and \$5.50 per thousand banded. This company is in the market for all the hemlock it can secure, and it will tow it to Portage Lake next season where it will be cut into lumber.

Marshal McKinnon of Lake Linden, who is also a deputy sheriff, says he intends to close up all disreputable and questionable houses in the Torch lake district. The officer appears to be in earnest, for one place has already been raided and the inmates arrested and heavily fined. He asks the co-operation of the county officers and justices of the peace in that district.

It is said that nothing but the lateness of the season is preventing serious trouble between the Seamen's union and the A. Booth company, owner of the steamer Argo. The men have little or nothing to say against the company, but are much incensed against Captain Howard. Mr. Coventry and C. W. Turner, of the Booth company, say: "We have nothing to do with the hiring of the wheelmen and sailors. We hire the captain and engineer; the captain hires his own crew

and decides on their wages, and we pay them."

George Gouin of Lake Linden will build a three-story business structure, 45 by 60 feet in dimensions, at the corner of First and Calumet streets. The foundation is now being built, but work on the superstructure will not be commenced until spring. The first story will be of sandstone and the remainder of the building brick veneered. When completed, the building will likely be used for hotel purposes.

The steamer Hunter of the Booth line, which has been operating at the eastern end of Lake Superior has arrived at Duluth and takes the place of the S. B. Barker as a local boat. The Barker is to be transferred to Bayfield, where she will engage in the herring fishing operations by the Booth company the balance of the fall. The Hunter, of the Booth line, and the Bon Ami, of the White line, will run as late into the winter as possible, in and out of Duluth on the north and south shores.

The Hancock Knights of Pythias will hold a banquet after their meeting this evening. McNeil & McNeil, proprietors of the Northwestern Hotel, will cater. The spread will be in honor of Hartley Taylor, who will take the second degree this evening.

Postmaster Emery of Hancock expects to hear from the postoffice authorities at Washington this week as to the successful candidates recently examined at Hancock for positions as mail carriers. The free mail delivery service will be inaugurated at Hancock about the first of the month.

### FRIDAY NIGHT.

### "Human Hearts" Will Be Presented at the Opera House.

"Human Hearts" which will be presented at the opera house Friday night, deals with a story that teems with heart interest. Tom Logan, an honest young blacksmith in the Arkansas hills, falls in love with and marries a reformed confidence woman. The dull country life soon palls on her. She accidentally meets her former lover and "pal." Without any just cause, they conspire together to ruin Tom and kill him, if necessary. They go to his home. The woman rings the bell, while her accomplice conceals himself. Tom's father responds and a mistake for the young blacksmith. He is fatally stabbed by the ambush man. Tom, coming out to see where about his father, is accused by the adventuress and her "pal" of the murder. He is finally sentenced on that charge. But his friends ultimately establish his innocence and he is released. Retribution overtakes his villainous accomplices. No play of its kind possesses a stronger plot or more sensational incidents. The serious element is mingled with comedy.

### GOOD THING FOR HUNTERS.

### Deer May Be Shipped Through Two States, Say State Game Wardens.

The action of the game wardens of Michigan and Wisconsin, in making arrangements for hunters to transport their deer through portions of either state in getting the game home will be greatly appreciated by all Michigan men hunting in Wisconsin, and all Wisconsin hunters who may kill deer in Michigan. The carcass of the deer must be tagged with the card provided in the hunting license, and must also have attached another tag issued by Warden Overbeck of Wisconsin. The tag issued by Warden Overbeck bears the following:

"Permission is hereby granted to transport the carcass of venison bearing Wisconsin resident coupon to which this tag is attached from Commonwealth of Florence, Wis., through Michigan to Marinette, Wis., enroute to some points in Wisconsin, when countersealed below by the agent of Commonwealth of Florence, on date of shipment. Void after Nov. 30, 1902."

### SEVEN HUNTING CASUALTIES.

### They Occurred in U. P. and Wisconsin Before the Deer Season Opened.

The upper peninsula and the northern part of Wisconsin had a record of seven hunting casualties before the season for killing deer legally opened, and it is not believed that this number includes all the accidents.

In Price county, Wisconsin, in August and September two young men were killed, but every effort was made to keep the news out of print because of the violation of the law involved, as deer were being sought at the time. In the same county farmer Paul Detzel, a well known farmer, lost his life through the accidental discharge of his own gun. He had climbed a stump to break away limbs which prevented him seeing ahead, when his gun slipped, the trigger striking the stump with sufficient force to discharge it. The bullet entered the stomach and left the body at the shoulder, death following almost instantly. A wife and several small children survive him.

John Sinez of Baraga, Mich., was killed by hunters while in the woods hot far from his home, the belief being that he was fired upon for a deer.

Rudolph Ott of Spirit Falls, Wis., was killed by his step-father. He had gone away from home and the father was not aware that he had returned. Ott was picking wintergreen berries when his father, who was hunting, saw his gray jacket moving in the bushes and at once fired upon him, the bullet going through both arms and the abdomen.

Andrew Amend of Merrill, Wis., was killed by his brother. The two were hunting and had separated. John saw something move and thought it was a deer. He fired, and upon making a search found Andrew dead.

The sight of one eye, and probably that of both, of an Italian miner named Motosi was destroyed at Houghton, Mich., the man being mistaken by his companion for the deer which both were in search of.

It is believed that a number of deaths occur each month which are not recorded, the killing being either unknown to the man who shot or concealed by him through fear. Bodies are found in the woods frequently showing bullet marks, and it is impossible to tell whether death was due to suicide, murder or accident.

From their location, usual in a deer country, it is believed by those who best know the conditions that the deaths are due to accidents among hunters.

The extreme long range of modern rifles are capable of being deplorable by the best hunters—that is, the real sportsmen—and it is contended that as many deer could be shot with heavily loaded shotguns as now and that the hunter would have a better chance, shot traveling a shorter distance and not glancing from stones and trees and bottles as bullets do.

### BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them.

Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists, price 75 cents per bottle. Hall's Family Pills are the best.

I am prepared to take pupils in shorthand and typewriting. Call at 219 Blaker street any afternoon or evening for terms, etc. (11-4-10d) MRS. L. LOWELL

### COPPERS IN BAD WAY.

### They Reflect the Discouraging Conditions in New York Market.

Paine, Webber & Co., said of the Boston market: "Coppers were under some pressure, and were lower today. Amalgamated was again the leader of the decline, and the operations appeared to be chiefly manipulative. It is believed by some that the Amalgamated interests are depressing their stock to help them make a bear turn on the rest of the market. The necessity of liquidating weak accounts on the New York market is the chief factor of the situation at present. After this liquidation is over coppers ought to sell higher."

### New York Stocks Pounded.

Walker said of the New York market: "The market opened strong today, with some good buying on a somewhat better feeling, but it did not last long. After prices had advanced a little, traders began to sell and there was a flood of selling orders. There was no news of particular importance, but there was a general feeling of nervousness and later on traders began to hammer, uncovering a great many stops. The liquidation was on an enormous scale, and the price dropped sharply. All the active stocks made big declines. Amalgamated Copper was the leader of the drop, and the whole list followed. The close was weak, at the lowest prices, with a very unsettled feeling."

### ENTERTAINMENT COURSE.

### Marquette Council, K. of C., Has Arranged an Excellent One.

Marquette council, No. 689, Knights of Columbus, has arranged one of the strongest entertainment courses ever given in Marquette for the season of 1902-03. It comprises five numbers, and the price of the season's tickets is \$2.

Following are the attractions on the course: The Alice Carey Concert company, Nov. 18; Melvin Robinson, in modern comedies, Dec. 11; Rev. Edward P. Graham, lecturer, Feb. 11; Rev. Francis P. Kelly, in "The Yankee Volunteer," Feb. 27.

The course will be concluded in March by Henry Austin Adams, the well known scholar and orator, the exact date for whose appearance has not yet been fixed.

The Alice Carey company, which will open the course with a concert on the evening of the 18th, is composed of Miss Carey, violinist; Miss Elith Hale, solo whistler; Miss Stella West, soprano and pianist; and Miss Ida O'Day, reader and banjoist. This company comes with the best recommendations, and the entertainment bureau states that the first entertainment will be one of the best.

Melvin Robinson, who presents light comedies, has three bills he is using this year, "David Garrick," a play founded on the life of that well known actor; "David Copperfield," founded on Dickens' masterpiece; and "For a Virgin's," a romantic war play. Mr. Robinson's readings are said to be highly interesting and dramatic.

Rev. Graham has three subjects which are particularly well received this year. They are "The Growth of Democracy," "The Scientific Foundation of Religion," and "Christian Science, an Exposé." The lecture here will be on one of these subjects.

Rev. Kelly is the well known priest-soldier who served all through the Spanish war as chaplain.

"The Scientific Foundation of Religion," and "Christian Science, an Exposé." The lecture here will be on one of these subjects.

### MARINE MATTERS.

### Soo Canal Passages.

Sault Ste. Marie, Nov. 11.—(Special.)—Up—Yosemite, 7:30 last night; Hille and whaleback, Queen City and Whiteback, Rees, Northern Light, 11; Warner, Thompson, Foster, Gilchrist, 12:30 a. m.; Choctaw, C. W. Elphicke, 2; Ottawa, 3:20; Bunsen, Jenney, 3:40; Sonora, 4:00; Portland, 7; Hankinson, Matson, 7:30; Roumania, Crete, 10; Uranus, 10:30; A. E. Stewart, 11; Massachusetts, 3:40 p. m.; Pioneer, Chattanooga, 4:30; Idaho, 5:30.

### NORTHERN PACIFIC FILES DENIAL.

Washington, Nov. 11.—The answer of the Northern Pacific Railway company to the bill of complaint of the state of Washington in the case of that state against the Northern Securities company was filed today in the United States supreme court. The brief, signed by General Counsel Bunn, of the Northern Pacific company, is a general denial of "the unlawful combination and confederacy wherewith it is charged."

I live and let my brethren live With all that's good with me. Unto the poor, some cash I give. The balance I give Rocky Mountain Tea. Stafford Drug Co.

### SO. DAKOTA POSTOFFICE ROBBED

Sioux Falls, S. D., Nov. 11.—Burglars last night blew open the safe of the postoffice at Spence, S. D., securing a quantity of stamps and jewelry. There is no clue.

Get a free sample of Chamberlain's Stomach and Liver Tablets at Stafford's drug store. They are easier to take and more pleasant in effect than pills. Their use is not followed by constipation as is often the case with pills. Regular size, 25 cents per box.

### FORECAST OF THE WEATHER.

Washington, Nov. 11.—The following is the weather bureau's forecast for Upper Michigan: Rain, Wednesday and Thursday; brisk south, shifting to west, winds.

Convalescence after pneumonia, typhoid fever and the grip, is sometimes merely apparent, not real. To make it real and rapid, there is no other tonic so highly to be recommended as Foley's Sarsaparilla. Thousands so testify. Take Hood's.

Foley's Honey and Tar for coughs and colds; reliable, tried and tested, safe and sure. People's Drug Store.

W. A. Herren of Finch, Ark., writes: "I wish to report that Foley's Kidney Cure has cured a terrible case of kidney and bladder trouble that two doctors had given up." People's Drug Store.

### MARQUETTE GETS \$28,730.10.

### It Is This County's Share of the State School Money.

State Superintendent of Instruction Delos Fall has apportioned \$1,530,790.20 among the counties of the state, this being the largest amount of school money that has ever been divided in any single year. Marquette's share is \$28,730.10, which will shortly be received here.

The increase in the amount distributed is due to the increased specific tax collected. The apportionment is at the rate of \$2.10 per capita. Following is the apportionment for the upper peninsula counties:

Children.	Amount.
Alger	1,472 \$ 3,001.20
Baraga	1,592 3,343.20
Chippewa	6,351 13,337.10
Delta	7,443 15,630.30
Dickinson	6,049 12,702.90
Gogebic	4,978 10,453.80
Houghton	21,826 45,834.00
Iron	2,490 5,229.00
Keweenaw	841 1,766.10
Luce	724 1,520.40
MacKinae	2,601 5,462.10
Marquette	13,681 28,730.10
Menominee	9,380 19,608.00
Ontonagon	1,644 3,452.40
Schoolcraft	2,146 4,506.00

### NOTICE.

To whom it may concern:—In pursuance of section 4 of act No. 224 of the public acts of 1899, we, the undersigned board of county canvassers, of the county of Marquette, do hereby certify that the following persons have been elected to the several offices set down opposite their respective names, to-wit:

John Pengelase..... Sheriff.  
William A. Ross for county clerk  
Joseph H. Primeau..... Register of Deeds.  
Emanuel Skoglund..... Treasurer.  
Frank A. Bell..... Prosecuting Attorney.  
Theodore A. Thoren, Circuit Court Commissioner.  
Geo. P. Brown, Circuit Court Commissioner.

George P. Cummings..... Surveyor.  
William Prin..... Coroner.  
Leonard P. Cray..... Coroner.  
Thomas M. Wells, Representative State Legislature, First District.

Charles J. Byrns, Representative State Legislature, Second District.  
The vote cast for the several candidates being as follows:

John Pengelase for sheriff received..... 3,275  
John H. Manning for sheriff received 799  
Peter Dolf for sheriff received..... 1

Total..... 4,075  
William A. Ross for county clerk received..... 3,290  
Charles T. Giell..... 749

Total..... 4,039  
Joseph H. Primeau for register of deeds received..... 3,278  
Frank W. Gossela..... 761

Total..... 4,039  
Emanuel Skoglund for county treasurer received..... 3,188  
Charles F. Sundstrom..... 854

Total..... 4,042  
Frank A. Bell for prosecuting attorney received..... 3,268  
John L. Heffernan..... 774

Total..... 4,032  
Theodore A. Thoren for circuit court commissioner received..... 3,257  
George P. Brown..... 3,230  
Rush Culver..... 797

Total..... 7,284  
George P. Cummings for surveyor received..... 3,254  
David H. Dalton..... 773

Total..... 4,027  
William Prin for coroner received..... 3,253  
Leonard P. Cray..... 3,253  
Theophile Roy..... 774  
Frank Vivian..... 790

Total..... 8,069  
Thomas M. Wells representative first district received..... 1,305  
George A. Genell..... 416

Total..... 1,721  
Charles J. Byrns representative second district received..... 1,883  
Edward C. Thomas..... 441

Total..... 2,324  
Dated, Marquette, Mich., Nov. 11th, A. D., 1902.

F. M. MOORE,  
E. G. CARNEY,  
J. E. SHERMAN,  
Board of County Canvassers.

Attest: Wm. A. Ross,  
Secretary.

# RHEUMATISM

### ACUTE AND CHRONIC, MUSCULAR, MERCURIAL, ARTICULAR AND INFLAMMATORY.

Some people have been suffering from Rheumatism so long that they can scarcely remember the time when they were entirely free from an ache or pain, and have long since forgotten the joys of a painless existence. They are at the mercy of every ill wind, and their misery is aggravated by exposure to cold or sudden changes in the temperature. They become walking barometers and most accurate in weather predictions, the increasing pains in muscles and joints foretelling the approaching storm or the coming of bad weather. It is from these constant sufferers that the great army of rheumatic cripples is recruited. Their bodies are worn out by the incessant pains and the joints become so stiffened and bent that they are at last compelled to give up or hobble about on crutches.

Nobody ever outlived Rheumatism; the disease never loosens its grip or leaves of its own accord, but must be driven out by intelligent and persistent treatment through the blood, for Rheumatism of every variety and form is caused by an over acid condition of the blood, and the deposit in muscles, joints and nerves of corrosive poisons and gritty particles, and it is these irritating substances that produce the inflammation, swelling and pains, which last as long as the blood remains in this sour and acid state.

To cure Rheumatism permanently the blood must be purified and invigorated, and no other remedy does this so well or so promptly as S. S. S. It refreshes and restores to the thin acid blood its nourishing and health-sustaining properties. And when strong, rich blood is again circulating through the body the acid poisons and irritating

matter are washed out of the muscles and joints, and the pains at once cease and Rheumatism is a thing of the past. S. S. S. is a purely vegetable medicine and does not derange the stomach like the strong mineral remedies, but builds up the general health, increases the appetite and tones up the digestion.

Through our Medical Department sufferers will receive helpful advice from Physicians of experience and skill without charge. Write us fully about your case.

**THE SWIFT SPECIFIC CO., ATLANTA, GA.**

## SSS

### Champion.

DESERTER CAPTURED.

Frank Townsend is Taken Back to Detroit After an Absence of 8 Months.

Thursday last Deputy Sheriff Charles Lavigne of Champion received a telegram from H. F. Elliott, deputy sheriff of Kenton, giving a description of Frank Townsend, who deserted from Uncle Sam's post at Fort Wayne, near Detroit, some eight months ago. Officers had been after Townsend ever since he left Detroit. He had been in Champion but a short time when Elliott learned of his presence here.

After studying the description, Lavigne went over to Harry Davidson's place, with a view of ascertaining from the lumbermen there if any of them knew Townsend. He did not expect to find his man in the saloon. After sizing up the crowd Lavigne spotted Townsend. He approached him saying: "Hey, hello, Frank, when did you come to town."

"You have the letter of me. I don't remember of ever meeting you," said Townsend. "I can't be mistaken in you; I met you some time ago, your name is Frank Townsend," said the officer. "Where did you meet me?" asked the deserter. "I think it was at Kenton or somewhere up there," replied Lavigne. "It must have been a long time ago then, as I have not been at Kenton for quite a while," the fellow answered. He then admitted that his name was Townsend, not suspecting, however, that Lavigne was an officer.

Lavigne called Townsend one side and told him what was up. The fellow tried to deny that he was the man wanted, but his excuses did not go down.

After being placed in the lock-up, Townsend confessed that he was formerly in the service, but he claimed that he had been discharged after serving his full time of three years. He said he had left Fort Wayne eight months ago. He has been at various places in this and other states since that time, but he never knew that officers were endeavoring to locate him. Townsend was in Marquette early in the week and he walked from that city to Champion. He intended to go into the woods to work for the winter.

Mr. Elliott came down Friday and took

### Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers; they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Some people have been suffering from Rheumatism so long that they can scarcely remember the time when they were entirely free from an ache or pain, and have long since forgotten the joys of a painless existence. They are at the mercy of every ill wind, and their misery is aggravated by exposure to cold or sudden changes in the temperature. They become walking barometers and most accurate in weather predictions, the increasing pains in muscles and joints foretelling the approaching storm or the coming of bad weather. It is from these constant sufferers that the great army of rheumatic cripples is recruited. Their bodies are worn out by the incessant pains and the joints become so stiffened and bent that they are at last compelled to give up or hobble about on crutches.

Nobody ever outlived Rheumatism; the disease never loosens its grip or leaves of its own accord, but must be driven out by intelligent and persistent treatment through the blood, for Rheumatism of every variety and form is caused by an over acid condition of the blood, and the deposit in muscles, joints and nerves of corrosive poisons and gritty particles, and it is these irritating substances that produce the inflammation, swelling and pains, which last as long as the blood remains in this sour and acid state.

## Negaunee and Vicinity.

Subscribers to The Mining Journal will please remember that carrier boys are not allowed to receive money on subscription account.

### INDOOR BASEBALL.

Lots of Enthusiasm for the Sport—A New Team Organized.

Ishpeming may be able to boast of fourteen football teams, but Negaunee can equal the sister city in indoor baseball, at least in the number of cranks, fans and expert players. The business men have a team; several Negaunee men are in the Twin City traveling men's team and now the Breitung House enters the field with a formidable aggregation. The Breitung outfit probably would take the premium if the contest was one in which the total avoirdupois of the players cut any figure. They enter the lists full of enthusiasm and they want a game with the guests of the Nelson House right away, and they are not likely to stop at trying conclusions. The challenge has not been accepted yet, but a game will undoubtedly be arranged. The line up is:

B. Webber, catch; Phil Levine, pitch; W. G. Beagle, first base; Ed Laughlin, second base; Harvey Pearce, right short; Andy Seass, left field; Able Levine, third base; Dr. Goodnow, right field; Mr. Clinton, left field; Frank Sharon, mascot.

The ladies at the Breitung are manifesting great interest in the proposed contest, and they are lining up to cheer and encourage their team.

The Twin City traveling men's team does not know what to make of the action of their Marquette brethren of the grip in failing to organize a nine. When the Marquette team was defeated by the Twin City ball tossers during the outdoor season they told their Ishpeming-Negaunee friends to wait till the indoor season opened, when sweet revenge would be secured for past humiliations, but a short time ago word was received that Marquette would not organize a team this winter. This was a great surprise to the Twin City club, but if Marquette really does think she can turn her former defeats into victories and wants to make good her boasts of last summer, the opportunity is open at any time for Negaunee to accept the challenge for the action of the Queen City drummers, except that they are afraid that the Twin City club will prove too swift for them, as it did last summer. This is the opinion expressed by every member of the local club.

In lieu of the Marquette games several contests have been arranged with the local Business Men's club. The line-up of the two teams is as follows:

Twin City—Ed Graham, catcher; Miles Butler (captain), pitcher; Will Kinsman, first base; Joe Gannon, second base; Will Quin, third base; Peter Trudell, right shortstop; Howard O'Kieffe, left shortstop; W. J. Crane, left field; F. C. Bennett, right field.

Business Men—J. Lacombe, catcher; George Haupt, pitcher; Will Mitchell, first base; T. A. Thoren, second base; J. Wasmuth, third base; P. Levine, right shortstop; J. McCall, left shortstop; Christ Johnson, left field; Dr. Hudson, right field.

### LOCAL LAONICS.

H. B. Hallway of Escanaba was here Monday.

Next Monday will be pay day at the Maas mine.

John Phillips is here from Spruce Siding, visiting friends.

Robert Jackson is expected home today from his trip in the lower peninsula. One hundred and fifty-two deer licenses have been secured by Negaunee hunters.

A number of deer from the camps in this vicinity have already been received here.

A cow belonging to Samuel Tassen was killed at the South Shore crossing on Peck street Monday.

Ed Murphy, son of M. T. Murphy, has secured the Negaunee agency of the Ishpeming Steam Laundry.

The Royal Arcanum held a meeting last night, and made further plans for the stag party that the lodge will hold Dec. 9 in Shea's hall.

John Ollila, Finnish clerk in the Savings Bank store, and Miss Annaliija Hanuina will be united in marriage this afternoon at 2 o'clock at the Finnish Lutheran church.

A party consisting of John Shea, Thomas Gribble, John Wasmuth, Benjamin Webber and Thomas Trathen leaves today for Little Lake for a few days' sojourn, in quest of deer.

Mrs. Charles Kingsman is visiting her mother, Mrs. Corrish. Mr. Kingsman has secured a position in the Lake Shore Engine works at Marquette, and will take up his residence there soon.

Trombly's orchestra will give a hop tonight at Anderson's hall. A special car will run to Negaunee after the dance. The management reserves the right to eject or deny admission to any person, without stating the reason or intention, of taking such action.

Tickets for the lecture and concert course to be given by the Twin City outfits of Columbus are being sold rapidly. The price of a season ticket is \$1 and it entitles its holder to a reserved seat at every one of the five entertainments. Henry Austin Adams' lecture alone is worth the price of the whole ticket.

### ASLEEP AMID FLAMES.

Breaking into a blazing home, some firemen lately dragged the sleeping inmates from death. Fancied security, and death near. It is that way when you neglect coughs and colds. Don't let Dr. King's New Discovery for Consumption give perfect protection against all Throat, Chest and Lung Troubles. Keep it near, and avoid suffering, death, and doctor's bills. A teaspoonful stops a late cough, persistent use the most stubborn. Harmless and nice. It is guaranteed to satisfy by Stafford. Price, 50 cents and \$1.00. Trial bottles free.

Low prices on storm sash. Consolidated Fuel & Lumber Co. (11-11-14)

### AN ATTRACTIVE DISPLAY.

It Is Found in the Windows of the Savings Bank Store.

The display windows at the Savings Bank store have been attracting much attention lately. A large canvas, stretched across the background, displays a very realistic painting of Bellevue farm, and the whole space between it and the window is arranged to represent a farm yard. To make the scene more complete, there are three live turkeys, two of which are perfectly at home, and to enjoy their conspicuous positions. In one corner there is a notice which states that the turkeys will be given free to the three brightest boys in Negaunee. Of course everyone wants to know who the three bright boys are, and the answer to inquiries the managers provide those who wish to contest with a list of ten questions asking why it pays to trade at the Savings Bank store. The boy returning the best answers will be given first choice of the turkeys; the lads giving the next best answers will be given second and third choices, respectively. In the evening, especially, the sidewalk in front of the window is crowded with people anxious to see the display.

### IN QUEST OF DEER.

Four young ladies will go with a hunting party to Sands Saturday for a ten days' outing. The party will consist of Misses Anna and Grace Murray, Miss Louise Tourville and Miss Mabel Jackson, Jake Murray, Will McClelland, Robert Jackson, Jr., and George Young of Sands. The young ladies can't go without some of the members of the gentler sex cannot shoot deer and enjoy the pleasures of a hunting camp as well as their brothers. Last season several of the same party procured deer licenses and used them, each bringing home at least one trophy of the chase.

### Upper Peninsula.

Menominee is to have a woolen knit goods factory. It will be operated by S. Hermanson, a Marinette man.

The motormen of Menominee and Marinette have formed a union under the Trades' council of the twin cities. Nearly every form of labor there is now organized.

The Barret & VanGorder Electric company of the American Soo has been awarded the contract of wiring F. H. Clergue's new residence in the Canadian Soo. The contract is for 650 lights and it is understood it is worth \$1,000.

Peter Isaac, while cleaning sawdust away from the boiler in the lath department of the Chicago Lumber company's m.l. at Manistique, had his right hand sawed off at the wrist. His glove was caught by the saw, drawing his hand in.

An old hunter was driving along a road at Witch Lake, near Iron Mountain, when his horse was shot in the head and dropped dead on the spot. Immediately afterward two men stepped out of the woods upon the road. They presumed they had shot a deer.

There was another candlestick stabbing case at the Ashland mine, at Ironwood, last week. Eric Hull, a Finlander, stabbed Joseph Osheki, a Poleander, in the side inflicting a severe wound. Hull was arrested, and in default of \$300 bail was sent to Bessemer to await his examination.

There is a race on between the contractors erecting the car barns for the traction companies on each side of the river at the Soo. A prize has been offered for the contractor who completes his work first, and every effort is being made by each to make better progress than the other. The car barns are exactly similar in plan, and everything in each barn is a duplicate of the other. The buildings are each 153 feet deep by 90 feet on the front, and include operating offices, repair shops, etc.

The three- and one-half-year-old daughter of M. Nirva of Ironwood was horribly burned while playing with matches, and died the next day. The child was playing in the kitchen, and while Mrs. Nirva was engaged elsewhere in the house, managed to get hold of some matches. These became ignited, the child's clothing catching fire, and before aid reached her the body was frightfully burned from her face to her knees. Half a dozen charred matches were found tightly grasped in the little one's hand when her wounds were dressed.

Senator John Patton and George C. Clapperton, of Grand Rapids, where they have spent several days in connection with the appointing of a receiver for the Hall & Munson company. Messrs. Patton and Clapperton are attorneys for some of the parties interested in the matter. After several days spent with Mr. Munson, the two attorneys return fully satisfied that the condition of the Hall & Munson company is all right and that every creditor will receive 100 cents on the dollar and that the affairs of the company will be straightened out in a satisfactory manner. The appointment of a receiver was made solely to protect the creditors and stockholders in an hour of stress caused by the failure of the Export Lumber company, of New York, in which Mr. Hall was interested. The present arrangement is merely temporary and will continue for but a short time.

### MERELY A REMINDER.

Dear in mind that Perry Davis' Painkiller is just as good for internal as for external troubles. It will stop the agonizing cramps and death shivers, relieve exposure to cold and wet when taken internally, and will cure strains, sprains and bruises when applied externally. It is absorbed by the system, water, slightly sweetened. There is but one Painkiller Perry Davis'.

### ANXIOUS MOMENTS.

Some of the most anxious hours of a mother's life are those when the little ones of the household have the croup. There is no other medicine so effective in this terrible malady as Foley's Honey and Tar. It is a household favorite for throat and lung troubles, and as it contains no opiates or other poisons, it can be safely given. People's Drug Store.

## CONSUMPTION CAN BE CURED.

Marvelous Discovery by the Famous Dr. Yonkerman of Kalamazoo, Mich.—State Official and Great Medical Men Pronounce It the Only Cure for Consumption and All Throat and Lung Troubles.

Consumptives Given Up to Die and Sent Back from California Hopeless and Helpless Are Now Alive and Well Through This Wonderful Cure for Consumption.

A Free Package Containing Sufficient to Convince the Most Skeptical Sent to All Who Write.

Consumption can at last be cured. Marvelous as it may seem after the many failures, a sure, positive and certain cure for the

DR. D. P. YONKERMAN, the Discoverer of Tuberculozine, the Only Cure for Consumption.

dearly consumption has at last been discovered by Dr. D. P. Yonkerman, a great Michigan doctor, who has made a life study of this fatal disease. His wonderful remedy has been fully tested and rigidly proven a sure cure by state officials, and noted medical men all over the world testify to its power to kill the dread germ that causes consumption. The doctor makes no secret of the ingredients of his wonderful cure, believing that the people are entitled to such a production of science, and he is sending free treatments all over the world, bringing joy of knowledge of certain rescue from this awful fatal disease. Such eminent scientists as Koch, Linton, Pasteur and all the great medical and germ specialists and chemists have already repeatedly declared that the consumption germ of the earth is a minute in the presence of the ingredients of his wonderful remedy that has already revolutionized the treatment of consumption and has taken it from the catalogue of deadly, fatal diseases and placed it in the curable list. Free trial packages and letters from grateful people—former consumptives rescued from the very jaws of death—are sent free to all who write to Dr. D. P. Yonkerman, 104 Shakespeare Building, Kalamazoo, Mich. Dr. Yonkerman wants every consumptive sufferer on the face of the earth to have this marvelous and only genuine cure for consumption. Don't delay—there is not an hour to lose when you have consumption, throat or lung trouble. Send today for Free package.

ON READJUSTMENT

HEAD LECTURER WHELAN DELIVERED INTERESTING ADDRESS

BEFORE GATHERING OF WOODMEN

HE WAS HEARD WITH MUCH INTEREST, AND ATTENTIVELY.

His Talk Was an Argument in Favor of Step Rate Form of Assessment—Other Notables Present at the Meeting.

Charles E. Whelan, national lecturer of the order, substituted for Head Consul W. A. Northcott as the principal speaker at the gathering of the Modern Woodmen of Marquette county at the opera house here last night.

There was great disappointment that the head consul was unable to be present, but this was an impossibility on account of the illness of Governor Yates of Illinois. Mr. Northcott occupies the important office of lieutenant-governor of the state, and the illness of the executive made it imperative for him to remain at home to look after the latter's duties.

Mr. Whelan made much of his subject, which might be expected to be dry and uninteresting, so it was followed with attention by those outside the ranks of Woodmen who attended the meeting, while the latter heard it with rare attentiveness and appreciation.

The gathering last evening was voted a distinct success, in spite of the greatly regretted absence of Head Consul Northcott. There was a general interest manifested by the Woodmen of the county, who turned out well in spite of the inclement weather; Head Lecturer Whelan presented the insurance plan which will be proposed at the next head camp in an impressive and convincing manner; the attendant Woodmen were brought in closer contact and the social side of the assemblage, as developed at the banquet in the L'Huillier block, was highly pleasant and entertaining.

Came Down on Special.

The visiting Woodmen notables came down on a special train over the L. S. & L. road, accompanied by some fifty members of the up-the-road camp, and the Ishpeming degree team, which acted as an honorary escort here. The up-the-road delegation would have been much larger had it not been for the unfavorable weather.

The outside officials of the order, who were under the escort of State Deputy C. J. Byrns of Ishpeming, included, besides Head Lecturer Whelan, A. M. Fleischhauer, the state consul and J. Earl Brown of St. Johns and W. A. Nevins of Osego, lecturers.

Owing to the fact that it was some time after eight when the special train arrived, the meeting in the opera house was not called to order until shortly before nine, when the parquet was well filled by a gathering of men and women, mostly members of the Woodmen and the Royal Neighbors.

A. W. Brown, of the Marquette camp, and C. J. Byrns, both apologized for Head Consul Northcott's absence, the latter introducing Mr. Whelan.

His address, as well as those of the other visitors, was an argument in favor of the innovation of the step rate plan of assessments in the Woodmen order, a plan by which it is proposed to

grade assessments according to age and which is in high favor with the officers. It will be considered at the next head camp, and is said to be practically sure of adoption.

Mr. Whelan is an orator of no mean parts. He stayed his audience last evening at will and made a notable impression.

Text of His Address.

Mr. Whelan held the platform for over an hour. He made an eloquent appeal to the Woodmen to stand by the order and to do all in their power to maintain it in the front rank. The fraternal tie which binds the Woodmen together should not be shattered.

It was declared by the speaker that the readjustment plan will be carried by a big majority at the camp meeting to be held at Indianapolis in June. He paid a glowing tribute to the Woodmen of Michigan for their loyalty to the society and its management. Michigan has always been on the right side, he said, and he felt sure it will not be found wanting upon this most important question.

The speaker called special attention to the fact that the members of the society whose ages are under forty years are paying more than the actual cost of their insurance and that the members whose ages are over forty are paying much less than the cost of the insurance. His argument along that line was very convincing. Under the present plan, members under forty years of age are paying something over \$130,000 a month more than the cost of their insurance, while the members whose ages have gone above the forty-year mark are paying nearly twice that sum less than the actual cost of the insurance.

Mr. Whelan pointed out that the downfall of the Woodmen is sure to come if the present plan is not substituted for the one proposed or one equally as practicable. He said that if the business is conducted along the plans not in force the membership will have to increase 25 per cent annually in order that the rates may be kept down to their present basis. This is an impossibility, as in four years, on a 25 per cent increase, the membership would have to be just double what it is at this time. In twenty-three years the total membership would have to be 74,000,000.

Mr. Whelan was obliged to cut his talk short, as he had to leave the city on the 10:45 o'clock train. F. C. Bennett, the well-known baritone singer of Ishpeming, favored the audience with a couple of songs, which were well received, following which Mr. Nevins gave a splendid talk in favor of the proposed readjustment plan, covering a number of points on which Mr. Whelan did not speak. The meeting adjourned to the banquet hall, where A. M. Fleischhauer, state consul of Michigan; J. Earl Brown, C. P. Sundstrom of Michigan, E. J. Butler of Ishpeming, W. L. Plummer, John Dumond, Mrs. Christenson and others discussed Woodmen affairs. Chief Deputy Byrns of Ishpeming presided. The banquet was served by the ladies of the Royal Neighbors, whose efforts in that direction did themselves proud.

Head Consul Northcott's Argument.

In connection with the arguments advanced by the Woodmen who spoke last night on the readjustment plan, a statement of the reasons for the change that are advanced by the head consul will be interesting. In a recent speech, delivered at Kansas City, Mr. Northcott said: "The following truths should govern our discussion and consideration of this question of readjustment:

"First—Insurance cannot be furnished under any plan at less than cost. We cannot pay \$1,000 without receiving it. "Second—The aggregate mortality cost under any plan will be the same, as it is governed by the number of deaths. The mortality cost in the Modern Woodmen of America cannot be less than the mortality cost in the New York Life, or any other association which is careful in the selection of its risks.

"Third—The death rate of a membership is not governed by the form of insurance. "Fourth—The death rate increases with each added year of age of the member. "Fifth—The cost of insurance is governed by the chance of dying, and should be proportioned amongst the members according to age. "Sixth—Men die by the step-rate, and the step-rate plan of rates is the basis of all plans. "Seventh—There is only one way to avoid this step-rate in cost, and that is by the accumulation of a reserve. "Eighth—The only adequate plans of

insurance are the step-rate, the reserve or a combination of both.

"Any attempt to establish rates that are not based on these facts will fail. Owing to the fact that the Modern Woodmen of America is a co-operative society, its expense of management is much less than that of any old line company. This one fact will always enable us to furnish cheaper insurance than can be furnished by these companies.

"If our society is once placed upon a sound and adequate basis of rates, we will then invite the renewed and continued confidence of the public, and will in the future become the greatest society in the world furnishing insurance.

"If we delay this readjustment, we will have an increased number of old men to take care of by a fraternal rate, and we will have to load the young members and young applicants with these additional burdens, and they will probably refuse to join our society and accept a greater burden than a fraternal rate of 5 cents a month. "To fail in making a proper readjustment of rates of the Modern Woodmen of America means a failure and a disaster."

CITY BREVITIES.

Today's weather: Rain. Rising temperature. Southeasterly winds becoming brisk and probably high.

Yesterday's temperature: 7 a. m., 32 degrees; noon, 38 degrees; 7 p. m., 40 degrees. Maximum, 40 degrees; minimum, 30 degrees.

E. C. Cooley of Ishpeming was a Marquette visitor yesterday.

William Leighton of Grand Marais was a Marquette visitor yesterday.

St. Genevieve's guild will meet this afternoon with Miss Payette, North Third street.

A card party will be given Friday evening at Siegel's Hall under auspices of the U. L. A.

T. McKenzie, in the employ of the Anderson Fish company, left this morning for his home in Ontario.

The Wednesday afternoon circle will assemble this afternoon at the home of Mrs. Thomas Hooper, 216 West Crescent street.

J. B. Neault has received a fine 190-pound deer from his son, George, who is doing his hunting at Danaher this season.

Mrs. S. A. Houck, who has spent the last three weeks visiting relatives in Standish and Bay City, arrived home yesterday.

Mr. and Mrs. N. McAuley and Mr. and Mrs. Neil Murray left this morning for their home at Southampton, Ont., after a visit with Marquette friends.

The funeral of Clara Clause, the thirteen-year-old girl who died Monday, will be held this morning at 8:30 o'clock from St. Peter's cathedral to Holy Cross cemetery.

The steamer Choctaw arrived yesterday with a cargo of soft coal. The Elphicke, for ore, also was an arrival. There were no clearances from either harbor.

Mrs. L. Lowell has reopened her school of shorthand and type writing at her home, 219 Blaker street. She desires that students who intend taking her work start in early, as in this way the best results can be obtained.

Twenty couples were present at the meeting of the "O. K. club" held at the residence of Miss Catherine Murphy, Ohio street, last evening. Cards were the order. The favors went to Miss Kate Grauff and C. F. Willman.

The board of canvassers met here yesterday afternoon at 1 o'clock to go over the returns from the various precincts in this county in last week's election. The work was finished up in an expeditious manner, and the results declared, a summary of which appear in another column.

The Marquette Light Infantry indoor baseball team, which was organized recently, has been practicing regularly of late and is now open for games with other teams. The team is composed of the following players: Ed Weiser, manager; J. Frei, captain; J. Bueraft, J. Bennett, E. Gilbert, Webb Smith, Harry and Jay Quarters, Clarke Osgood, V. McGuire and L. Hall.

A good force of masons and bricklayers has been employed at the new court house during the past few days, and excellent progress has been made, and the stone work is now well along, and

if the weather continues favorable for a couple of weeks all the work projected for this year will be completed in good season. The heavy rain which set in early yesterday afternoon made it necessary to lay the men off for the remainder of the day.

The Washington street car ran down a farmer's wagon at the corner of Third street yesterday noon. The farmer was bound up Third street. Accounts differ as to the responsibility. It appears that the farmer endeavored to drive in front of the car, but was unsuccessful in getting clear of it. His horse and wagon were struck, the harness being whipped off the former and some minor damage being done. A few weeks ago this same Washington street car rammed a wagon loaded with wood, throwing the fuel into the street.

The Sage is in port with a cargo of coal for F. B. Spear & Sons. The first of the hard coal has yet to be received in Marquette, and while the dealers express themselves as hopeful that they will be supplied they hesitate to fix a date when they will be able to begin filling the orders they carry on their books. Lake Superior ports are general in their complaints about non-delivery of hard coal. It is very evident that this section is up against more or less of a famine in this fuel. However, most householders have already discounted it by laying in supplies of hardwood, or arranging to burn soft coal.

After today but two days will remain in which parties assessed on the concrete roll No. 2 can pay one-third of the amounts against them, getting two years in which to pay the balance. After Friday they will be liable to pay the whole sum of the assessment in one payment. Comparatively few have taken advantage of the arrangement by which they can make an initial payment of one-third the amount, a thing which surprises the city officials. It is believed that most people affected are unacquainted with this provision to accommodate them, notwithstanding that it has been given wide publicity.

Deer carcasses are now to be seen at every turn about the city. The meat markets have them hanging on display, and the express companies are handling many of them. Wagons bound in from the camps in the vicinity usually contain a pair or two. The sportsmen complain that the weather has been on the side of the deer thus far. Saturday, on which the season opened, was a fine enough day, but Sunday was wet and disagreeable, while the present week, inaugurated by yesterday's rain, is likely to take the edge off of the hunting for a considerable part of this week. Most of the men in the woods are now wishing for a light snow.

A meeting of the Sauk's Head Development Syndicate will be held the evening of Thursday, Nov. 13, at 8 p. m., at the office of S. E. Byrne in the Harlow block for the purpose of reorganizing the syndicate on a plan which it is believed will be beneficial in carrying out the development work. It is urged that there be a full attendance of stockholders at the meeting, as it is desired that the action be thoroughly representative of a good majority of the people interested. The shaft at Sauk's Lake is now down ninety feet in a well defined fissure vein, twelve feet from top to hanging walls. Machinery is on the ground and everything is in readiness for pushing the work. The last assays are gratifying.

TO CURE A COLD IN ONE DAY. Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

KENO, FOR CHICKENS. Until further notice keno, with chickens as the prizes, will be played each evening at the Grand saloon, opposite the city hall. (11-12-11)
