**MORE PAY FOR MANY**

**PENNSYLVANIA ROAD RAISES WAGES EAST OF PITTSBURG.**

**NEARLY 60,000 MEN INVOLVED**

**INCREASE IS 10 PER CENT, EFFECTIVE FROM NOVEMBER FIRST.**

Advance Due to Increased Business and Higher Cost of Living and Will Cause an Additional Expense of \$4,350,000 Yearly.

Baltimore, Nov. 13.—The Northern Central and Philadelphia, Baltimore & Washington Railway companies today increased the wages of their 20,000 employees 10 per cent. The lines are controlled by the Pennsylvania company.

Pittsburg, Nov. 13.—Announcement was made today that the wages of all employees receiving less than \$200 per month on the Pennsylvania road east of Pittsburg will be increased 10 per cent, effective Nov. 1. Twelve thousand men are benefited.

Action of Company Voluntary.

Philadelphia, Nov. 13.—The Pennsylvania Railroad company today announced an increase of 10 per cent in the wages of all its employees east of Pittsburg and Erie now earning less than \$200 per month. The advance became operative on Nov. 1. The increase will, it is estimated, effect about 50,000 employees.

The various division superintendents were notified of the directors' action and notices announcing the advance were immediately posted. The cost of the increase to the company will be heavy. Estimating the average wage rate per month at \$60 a man, the additional expense to the company would be \$354,000 a month or about \$4,250,000 a year.

First Vice President Pugh, of the Pennsylvania company, speaking of the increase, said the advance was due to the increased business of the company and also to the fact that living is at present more expensive than heretofore. Also that many employees had not had their wages adjusted for some time, and as they had worked faithfully for the interests of the company it was considered only just that they should receive some substantial recognition of their services.

The advance was entirely voluntary and has caused great satisfaction among the men.

**GOMPERS SOUNDS WARNING.**

Counsels Peace Among Unions in Opening Federation of Labor Convention.

New Orleans, Nov. 13.—President Sam Gompers at the opening of the twenty-second annual convention of the American Federation of Labor, today delivered an impassioned warning to the members that the immediate future of the trade and labor assemblies was seriously endangered by the conflicting claims of jurisdiction made by different bodies. Unless such things were approached in calmness and handled with moderation, he declared the labor organizations of the country would soon be involved in a conflict which would by comparison dwarf all struggles in which they have so far been engaged. The matter would, unless checked, he asserted, come to a point where laboring men would fight with laboring men from behind barricades, in a manner in which men deal with their mortal foes. His warning of danger and his counsels of peace and moderation met with hearty response from the assembled delegates and will applause greeted the speaker as he closed that portion of his annual address in which he had pointed out the perils which in his opinion will surely come unless the methods are altered and altered soon. His words of praise for Mitchell were greeted with great applause.

The first day of the convention, aside from the address of President Gompers, was not of great interest to outsiders and many delegates found it fatiguing. The morning session was occupied with addresses of welcome and responses and the report of the committee on credentials. The afternoon was consumed by the eleven minutes ending Sept. 30 last, making the total affiliated unions, 3,597, with a membership of 1,025,300. There were 1,558 strikes in which 412,871 persons were involved. Out of that number, 352,967 were benefited and 14,916 were not. The strikes cost \$2,729,694. In the Federation there were 217 strikes, of which 121 were won, 48 were compromised and 27 were lost. Ten are still pending. The persons involved numbered 34,380, of whom there were benefited 29,454 and worsted 2,635. The cost was \$80,053. Two hundred and sixty-four unions reported gains in wages, and 150 reported a reduction in hours.

To Reorganize Knights of Labor.

Niagara Falls, Nov. 13.—Delegates are here arranging for reorganizing the Knights of Labor. It is stated a membership of three hundred thousand is assured.

**GOV. YATES' FEVER INCREASES.**

Springfield, Nov. 13.—At 5 o'clock this afternoon the pulse of Governor Yates was 108, the fastest since the beginning of the fever. At the same time the fever rose to 102.3.5. The physician anticipates no permanent evil results from the extreme high pulse of today, as the governor continues to sleep and take nourishment.

**CZARINA'S CONDITION ALARMS.**

London, Nov. 13.—In a dispatch from Livadia, the Russian correspondent of the Mail says the zarina has fallen into a condition of deep melancholy which takes the form of preserving silence for long periods, even in the presence of guests. Her majesty's condition is causing her doctors considerable anxiety.

**MORE RUBBER WORKERS QUIT.**

Chicago, Nov. 13.—Two hundred and fifty employees of the Mechanical Rubber company struck today in sympathy with the employees of the Morgan & Wright company, who struck last week.

**FROG IS POISONED IN COURT.**

Novel Demonstration Given at a Murder Trial at Camden, N. J.

Camden, N. J., Nov. 13.—A frog was poisoned in court today to show the jury the agonies of a human being dying as a result of being poisoned with strychnine.

Paul Woodward, who is alleged to have lured two boys, Brice Jennings and Paul Coffin, from this city into the woods and having caused their death with strychnine, was on trial and Professor Marshall, of the University of Pennsylvania, was testifying.

The professor took some of the poison extracted from the liver of Paul Coffin and forced it into a live frog. In a few minutes the frog went into convulsions. The professor explained the action of the drug as the frog writhing, exhibited all the agonies the boy had suffered as he died. The experiment caused a sensation in the court room.

**IDLE PLANTS NOW RESUMING.**

New Agreement With Tin Workers Gives Work to Many Men.

Pittsburg, Nov. 13.—As a result of the recent agreement between the American Tin Plate company and the Amalgamated Association of Iron & Steel Workers to secure the export tin trade, many plants idle for months are starting up. On Monday last twenty of the twenty-six mills of the Elwood plant was started and the remainder, which are being repaired, will be put to work as rapidly as repairs are completed. The plants at Anderson, Gas City and Mid-dleton have orders to start about Nov. 15. At the four plants about forty-seven mills will be operated, giving employment to about 3,100 men. Arrangements are being made to start the Demmler plant at Bradock and the two plants in Pittsburg.

**DR. KOCH'S THEORY DISPUTED.**

Experiments Show Tuberculosis Can Be Transmitted from Cow to Man.

Lansing, Mich., Nov. 13.—At today's session of the National Grange, Assistant Secretary of Agriculture Brigham spoke of the work of the department. Discussing the department of animal industry, Mr. Brigham made the statement that the department did not accept Professor Koch's theory tuberculosis could not be transmitted from animals to man. "Experiments," he said, "which we are now making indicate that the disease can be very readily transmitted when the conditions of the subjects are suitable. Guinea pigs and monkeys easily get tuberculosis from being kept in the same stalls with infected cows."

**DEATH REVEALS DUAL LIFE.**

Two Wives of Indiana Soldier Attend His Funeral With Children.

Marion, Ind., Nov. 13.—Thomas H. Davis died at the National Soldiers' home last Tuesday and today two women claiming to be legal wives of the decedent attended the funeral with their two grown children. They learned that Davis had lived a double life for over twenty-five years. There was an affecting scene when the wives went together while the children made friends with each other.

**CHINESE SERVANT CANNOT LAND.**

Immigration Officials Deny Request of Lieut. Gov. Wright of Philippines.

San Francisco, Nov. 13.—The application of Luke Wright, lieutenant governor of the Philippines, to Collector Stratton for permission to take his Chinese servant with him while he remains in this country, with the understanding the servant be taken back to Manila with the official, was denied today on the ground it would be in violation of the exclusion act.

**STRIKE HEARING BEGINS TODAY.**

Statement of the Miners' Case Will Be Made by Mitchell.

Scranton, Pa., Nov. 13.—The strike commission will begin its hearings tomorrow morning. All the parties actively interested have arrived. President Mitchell probably will open the proceedings with a formal statement presenting the miners' case. Witnesses on the miners' side will then be called.

**LIGHTNING HITS SCHOOLHOUSE.**

Wisconsin Teacher and Her Pupils Badly Stunned by Bolt.

**IRON PLANT IN RUINS**

**EXPLOSION OF A BOILER AT LEBANON, PA., IS DISASTROUS.**

**MANY CASUALTIES AMONG MEN**

**FOUR KILLED OUTRIGHT AND SEVERAL OTHERS ARE DYING.**

Ten Puddle Furnaces Are Completely Wrecked and It Is Feared More Bodies Are in the Debris—Injured Horribly Maimed.

Lebanon, Pa., Nov. 13.—The explosion of a boiler in a scrap-puddle furnace of the American Iron & Steel company's plant this afternoon caused the death of four workmen and serious injuries to some forty others. The dead were: JACOB BRICKER, WALTER TURNER, JAMES HISSINGER, WILLIAM OAKES.

The wreck and ruin of the nine immediate puddle furnaces is complete. Physicians were called from every quarter of the city and hospital ambulances and other vehicles were hurried into service. The offices of the works were at once converted into a hospital into which the maimed and soiled were carried and given attention. Some have their eyes burned out and others their hands blown off. Many of the injured, it is believed, cannot live through the night. It is also feared the list of the dead will be materially increased when the ruins of the wrecked furnaces are explored.

**TARIFF MADE THE WEAPON.**

Reichstag Authorizes Retaliation for Discrimination Against German Goods.

Berlin, Nov. 13.—The reichstag today adopted, by the vote of 122 to 71, the paragraph of the new tariff bill, authorizing the government to retaliate on any country discriminating against German goods. The agrarians openly affirmed it was necessary to arm the government with weapons of reprisal, especially against the United States' customs practices.

Today's session of the reichstag lasted until 9:45 o'clock this evening and was of unprecedented length. The dilatory tactics of the Socialists and Moderate Radical members occupied the time of the house. Many exciting passages characterized the night session. Herr Spahn, Centrist, finally offered to lay the twenty-first Socialist amendments to the bill on the table, and this motion was adopted, 187 to 65. At this stage, Count Von Ballestres, president of the reichstag, announced that the illumination of the hall would not be provided for later than 10 o'clock. The reichstag then adjourned until tomorrow, when the debate on the amendment of the rules will be resumed. Today's session lasted nine and three-quarters hours.

**DEPORTATION IS STAYED.**

Notice of Appeal Filed in the Case of the Cuban Children.

New York, Nov. 13.—Notice of appeal was filed with the treasury department today in the case of the eleven Cuban children detained by the immigration bureau here when they arrived enroute from Santiago de Cuba to a school of Buddhism at Point Loma, California. The appeal calls for the reversal of the decision of the special board of inquiry that the children be deported. The notice of appeal acts as a stay and the little immigrants will remain at Ellis Island until Secretary Shaw acts on the appeal.

**OPENS DOOR TO UNITED STATES.**

Trade Treaty With Newfoundland Puts Us on Equal Footing With England.

London, Nov. 13.—Colonial Secretary Chamberlain, in commons today, denied that the Bond-Hay convention prohibited Newfoundland from according preferential duties to the mother country and colonies. But he admitted that if such preferences were made, it would also be by the terms of the convention apply to the chief imports of the United States.

**DANCE AT STATE PRISON.**

Novel Charity Ball at Joliet Proves an Elaborate Social Affair.

Joliet, Ill., Nov. 13.—Inside the walls of the state prison tonight for the first time was held a benefit dance, which proved an elaborate society affair. The receipts were for the Silver Cross hospital. Over a thousand guests were present. For the banquet 800 covers were laid. The principal address was by Congressman Hopkins.

**DEATH PENALTY FOR LADRONES.**

Highway Robbery Made a Capital Offense in the Philippines.

**CALLED THE GERMAN PIGS.**

Czech Member Starts a Fight in the Austrian Parliament.

Vienna, Nov. 13.—The sittings in the lower house of the reichsrath were suspended today on account of the German and Czech members coming to blows. The cause of the trouble was a debate on the advisability of the use of the two languages in the names of stations on a Bohemian railroad.

Herr Schanl started the disorder by shouting, "You Germans are a lot of pigs." Thereupon a number of German deputies cast themselves upon Herr Schanl, shouting "Smash him," "Kick him," which they proceeded to do. Eventually Herr Schanl was thrown down a gangway to the bottom of the amphitheatre. The fighting continued for a quarter of an hour after the suspension of the sitting. Throughout the disorder the combatants were encouraged by hearty plaudits from the strangers' gallery.

**Pistol Shot Excites French Deputies.**

Paris, Nov. 13.—Intense excitement was caused in the chamber of deputies today by the firing of a pistol in the lobby by an officer of a colonial regiment while he was shouting "Viva Lapierre." He is believed to be crazy.

**Night Session in Commons.**

London, Nov. 14.—Five clauses of the educational bill and amendments were passed by commons during the night, the session continuing until three this morning.

**VOLCANOS SPREADING HAVOC.**

Terrific Eruptions on a Sicilian Island and in Samoa.

Rome, Nov. 13.—The volcano on Stromboli island (off the north coast of Sicily) has commenced a terrible eruption. A colossal column of fire is rising and incandescent stones are being emitted from the craters. Many houses have been destroyed.

Auckland, N. Z., Nov. 13.—According to advices from Apia, Samoa, a volcanic eruption has broken out in Savaii, the western-most and largest island of the Samoan group. Six craters are reported emitting smoke and flames. In one village in the vicinity the earth is covered several inches deep with ashes.

**SHE THIRSTS FOR BLOOD.**

Iowa Woman Jailed for Shooting at Her Former Husband's Wife.

Ottumwa, Ia., Nov. 13.—Mrs. Joseph Garret was arrested today for firing two shots at the present wife of her former husband. The prisoner charges that her children have been maltreated by her stepmother. She begged for another chance to kill the stepmother and stolidly declared she would kill her successor in the Garret family if it were the last thing she ever did. She was held to the grand jury.

**FORTY PERSONS STILL MISSING.**

Ninety Survivors from Wrecked Ship Rescued After Terrible Experience.

Wellington, N. Z., Nov. 13.—Forty persons who were on board the British steamer Elingamite, wrecked Nov. 9 off the north coast of New Zealand, are still missing. The ninety survivors rescued two days ago had a painful experience. They spent three days on a barren island, where they had to subsist upon shell fish until rescued by a passing steamer.

**BANDITS COME TO GRIEF.**

Engineer Frustrates Train Robbery and Sheriff Bags the Gang.

Frankfort, Ind., Nov. 13.—Four men attempted to hold up the south bound Monon express at Cyclone today. The train slackened speed on striking torpedoes, but when the engineer faced four revolvers he threw open the throttle. The sheriff caught the men, who claim to live in Cincinnati.

**DEMOCRAT TO HOLD OFFICE.**

New York Republican Candidate for Attorney General Concedes Election.

Albany, N. Y., Nov. 13.—Henry R. Coman, Republican candidate for attorney general at the recent election, today gave out a statement conceding the election of John Cunneen of Buffalo, his Democratic and Prohibition opponent.

**HIS MISSION TO AFRICA.**

Declared Chamberlain Goes to Arrange for Taking Over Rhodesia.

London, Nov. 14.—The Express asserts that the principal object of Secretary Chamberlain's visit to South Africa is to make arrangements for the British government to take over Rhodesia.

**A COMBINE IN INDIANA COAL.**

Indianapolis, Nov. 13.—The Sentinel states that a party of Indiana capitalists is in New York completing an organization to include the coal mines of Indiana. The project, it is said, includes a company capitalized at \$25,000,000. The financing of the project is completed.

**FOR CANNON FOR SPEAKER.**

Chicago, Nov. 13.—The Republican members-elect of the Indiana congressional delegation met here today and unanimously declared in favor of Congressman Cannon for speaker.

**SERIOUS REBELLION IN MOROCCO.**

Gibraltar, Nov. 13.—The British cruisers Furious, Pactolus and Prometheus have sailed for Tetuan, Morocco, where the Kabyle tribesmen have rebelled. The situation there is considered grave.

**EMPEROR FRANCIS JOSEPH ILL.**

Vienna, Nov. 13.—Francis Joseph is suffering from a slight attack of lumbago, which today caused the postponement of the usual Thursday reception.

SCARCITY OF MEN HAMPERS.

But Logging Operations in This Section Will Be Extensive This Winter.

Logging operations in Houghton and Ontonagon counties will be very extensive during the coming winter, and already scores of camps have been started. Men for the lumber woods were never scarcer than this season, however, and the cost of supplies never higher.

The real "lumberjacks" are not so numerous in this section as they were a few years ago. It is not because the wages offered are not high enough, but presumably because the fast disappearing forests have caused an exodus of the men to other states. In recent years also men have turned their attention to other kinds of labor which offer equally good wages, far less hardships and a better future. The typical lumberjack, rough and uncouth, but always with a heart "as big as an ox," is still to be found in some sections of the peninsula. His place, however, is being taken largely by an entirely different type of man, foreigners, principally Finlanders. Few have not been in this country long, and are now being hired by lumber operators. One of this class comes out of the woods in the spring with a nice big stake, and he usually hangs on to it. The lumberjack of the old days, the man who was seldom known to wear either coat nor mittens even on the coldest of days in winter and whose constitution was like iron, came out of the woods in the spring and spent his money in one grand spree. That was the finale of several months of hard work for him. He would then find work on the "drive," and when that was ended he would wait patiently for all to again find employment in the woods.

In spite of the scarcity of men, however, the operators in Houghton and Ontonagon counties have started to get out in the neighborhood of 150,000,000 feet of pine during the coming winter. That is the estimate given by several wellknown lumbermen. Most of the output will be in large lots, running up as high as 20,000,000 feet. Camps which will accommodate as many as 150 men have been put in, but few of them have their full quota of men. Lumber is bringing a big price, however, and the operators in this section are for men.

D. J. Norton, the wellknown Ontonagon lumberman, says more logs will be cut this winter than last, and that several more camps have been established. A large part of the logging in Houghton county will be done on the South range, and the estimate given by several large tracts of timber which have never been touched in that region but which in the last two years have been opened up by the Copper Range railroad. The Copper Range has been the means of bringing the timber to the various mills in the county or to Portage lake, whence the logs can be rafted to Dollar Bay, Baraga or L'Anse. The Copper Range has already done a good stroke of business in transporting logs to Houghton, and is in line for much of that business during the coming season.

Richard Francis of Ontonagon, who has a contract from the Diamond Match company to put in 10,000,000 feet of lumber on the middle branch of the Ontonagon river, in Ontonagon county, was in Houghton this week in company with John Niva of Calumet. He was looking for men. Mr. Francis has two camps established, each of which will accommodate about eighty-five men. He informed a Mining Journal man that he wanted 170 men, but so far had only about forty. Mr. Francis spent two or

three days in Houghton and Hancock, but all he could scrape up was about twenty-five men, mostly Finlanders who have not had much experience in the woods. Mr. Francis is satisfied, however, to put up with green hands. The wages he is offering are from \$30 to \$45 per month and board. Men are being paid at those rates according to their worth, and although higher wages were never before known, the increased pay is not attracting the men into the woods in sufficient numbers. Idle men in this region are few and far between. If there are any, they object to working in the woods or to leaving town, preferring to look for other kind of employment which will pay as well and keep them at home.

Mr. Francis says he has been hiring men for the woods for years, and that they are more scarce now than at any time in his experience. The wages are about the same as they were a year or two ago. Men for the woods are offered work for an indefinite period, straight time and fair conditions. A man in the woods, earning \$35 or \$40 each month, with board, is really getting more money than the man who works in the city for \$75. Considering the wages of the woods and the high cost of provisions, lumber operators must have a very liberal contract these days to be able to meet the conditions and log successfully.

The figures of the estimated cut of timber in Houghton and Ontonagon counties this year are as follows: Sparrow-Kroll Lumber company, 20,000,000; Dollar Bay Land & Improvement company, 15,000,000; Morrison & Williams, 6,000,000; Hebard & Sons, 20,000,000; Nester estate, 22,000,000; Houghton Lumber company, 5,000,000; Andrew Johnson, 1,000,000; George Hall, 1,000,000; D. J. Norton, 5,000,000; Diamond Match company, 20,000,000; Sturgeon River Lumber company, (now C. H. Worcester & Co.), 15,000,000; and other contractors and jobbers, 15,000,000; total, 148,500,000. Much of the timber will be put in by contractors working by contract.

CARS SOON TO BE RUNNING.

Opening of Calumet and Lake Linden Extension Set for Sunday.

The street railway extension from Calumet to Lake Linden is practically ready to go into commission. Whether the line will be held back owing to the difficulty of the company in getting permission from the Laurium common council to lay three hundred feet of track on Calumet street to connect the extension with the main line is not known. The matter will likely be amicably settled. The stretch between Laurium and Lake Linden is nearly ready for regular service. Some ballasting remains to be done and that work is now under way. Gravel and sand are being used for that purpose. The bridge spanning the Copper Range tracks near Lake Linden is completed with the exception of a few finishing touches and it is thought that work can be done this week. The current has been sent through the trolley wire and a car run the full length of the line. The opening day of the extension is set for Sunday, when, it is said, cars will commence running regularly. A stage will likely be operated between Lake Linden and the Lake Linden end of the line, which is without the village limits.

CAR LINE MUST BEAR EXPENSE.

Laurium Will No Longer Help Pay Removing Snow from Streets.

The village of Laurium took a fall out of the Houghton County Street Railway company at a special meeting Wednesday evening when the ordinance granting the company a right-of-way through the village was passed. It was agreed that the village should pay half the cost of removing the snow from the tracks. Laurium taxpayers never relished that clause and they were not backward in letting the councilmen know of it, as before the railway was built the village was without expense in removing the snow. At Wednesday evening's meeting the ordinance in question was amended by stipulating that hereafter the street railway shall shoulder the entire expense of removing the snow. The company will be given the right-of-way on Calumet avenue to connect the Lake Linden extension with the main line on the same terms.

SWITCH TAMPERED WITH.

Investigation Being Made of the Recent Wreck Near Calumet.

The cause of the freight wreck near Calumet Tuesday evening was partly open switch at the "Y" of the Hancock & Calumet road. The railroad officials are of the opinion that the switch was tampered with, as an examination found that the rails had been hammered. The rails were but a little over an inch apart, not enough to let the train pass, and which told the engineer everything was clear ahead. A close watch will be kept hereafter to see that no miscreant tampers with the switch. The recent mishap is being investigated.

STEPS AGAINST A HOT STOVE.

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Keller, Va. Pain Balm is an antiseptic liniment and especially valuable for burns, cuts, bruises and sprains. For sale by the Stafford Drug Co.

ANXIOUS MOMENTS.

Some of the most anxious hours of a mother's life are those when the little ones of the household have the croup. There is no other medicine so effective in this terrible malady as Foley's Honey and Tar. It is a household favorite for throat and lung troubles, and as it contains no opiates or other poisons, it can be safely given. People's Drug Store.

CHICAGO PITCHER NOT COMING.

Houghton Light Infantry Ball Team Meets With Disappointment.

The Houghton Light Infantry indoor baseball team is much disappointed in not having been able to secure Goeckle, the pitcher on the Spalding team of Chicago. A position was secured for him, but he wired at the last minute that he could not come. Goeckle is one of the best men in the game and the Houghton team was anxious to secure him. Goeckle pitched for the Spaldings against the Light Infantry team at Houghton last winter and did great work. But few of the local men were able to touch him and his pitching was greatly admired by everyone who saw the series of games. At that time and on several occasions since Goeckle expressed a desire to come to Houghton to live and a position was finally secured for him. It appears that the Spaldings gave him a good job recently to keep him on the team, and Goeckle decided to remain in Chicago. The Houghton team was very disappointed in not getting him. It was not the intention to replace Murphy by Goeckle, as Murphy is considered equally as good as the Chicago man. Murphy is the only good available pitcher Houghton has, and Goeckle was wanted as an extra man. Every other team in the copper country has two or more pitchers, but Houghton is unfortunate in that respect. Oftentimes Murphy has been overworked. He and Goeckle would have made a great pair.

TRUANCY LAW VIOLATED.

Calumet Junk Dealer to Be Tried for Not Keeping Boy in School.

Calumet's trustee officer has his troubles. Although he has the law on his side he has to meet the opposition of many parents in his efforts to enforce the statute relative to the attendance of children at school. Because A. Burlewitz, a dealer in junk, refused to cooperate with the officer in sending the junior Burlewitz, aged thirteen, to school regularly, he was arrested and brought before Justice Fisher. The judge offered to suspend sentence if Burlewitz would pay the costs. The prisoner agreed to do so, but later demanded a trial, which was set for this morning. It seems that young Burlewitz has been out of school about half the time lately, because of his staying out late at night attending to social duties. The trustee officer got tired of chasing him up and finally arrested so the father, A. Burlewitz, of the truancy act. There are others just like Burlewitz in Calumet and the sooner they understand the truancy law the better it will be for them.

ATLANTIC TEAM UNDEFEATED.

Wants to Play Hancock or Calumet for Football Championship.

The manager of the Atlantic football team has issued a sweeping challenge to play any high school or city football team in the county for the championship. Atlantic claims its senior team has not yet been defeated, and that it was the junior team which was beaten by the Hancock city eleven a few weeks ago. According to the Hancock management, a game was scheduled with Atlantic for last Saturday at Hancock, but the manager of the Atlantic says he knew nothing of it.

DOING A GOOD BUSINESS.

McNeil & McNeil Already Scoring Success at Hotel Northwestern.

The Northwestern Hotel at Hancock, which was recently opened to the public by McNeil & McNeil, the new proprietors, is enjoying a good patronage. Before the house was opened it was renovated from top to bottom. The hotel is proving more popular than ever, under its careful management, and from the first day took on a fashionable and metropolitan air. The culinary department is in charge of two Chicago chefs and first-class meals are served on the American and European plans. The proprietors are certainly succeeding in their intention to run a first-class hotel. There is a big field at Hancock for a hotel like the Northwestern and there is no reason why it should not get its share of the business.

DAMAGE SUIT TO CONTINUE.

The case of C. O. Oliver of Hancock, administrator of the estate of Cyrille Boivine, versus the Houghton County Street Railway company, was dismissed until next term in circuit court yesterday morning. Mr. Oliver claimed the company was responsible for the death of Boivine, who was killed by a street car last spring, and he sued for big damages. W. A. Borritt was his attorney, while Gray, Haire & Stone represented the company.

FROM AN AUCTIONEER.

Col. C. H. McDonald of Greenview, Ill., in a letter May 1st, 1901, says, "I am an auctioneer and being often exposed to the weather, am seriously troubled by my throat becoming irritated and hoarseness following. When troubled in this way, I always use Hare's Honey and Horshound. It is the only remedy that has ever done me any good and it positively cures." Sold by the People's Drug Store.

A STARTLING SURPRISE.

Very few could believe in looking at A. F. Headley, a thickly, robust blacksmith of Tilden, Ind., that for ten years he suffered such tortures from Rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters. "Two bottles wholly cured me," he writes, "and I have not felt a twinge in over a year." They regulate the Kidneys, purify the blood and cure Rheumatism, Neuralgia, Nervousness, improve digestion and give perfect health. Try them. Only 50 cents at Stafford's Drug Store.

Foley's Honey and Tar for coughs and colds; reliable, pleasant, tested, safe and sure. People's Drug Store.

METHODISTS EARLY COMERS.

First Work by the Church in the U. P. Done in 1838.

The Calumet M. E. church has issued its first annual reference manual, a neatly printed pamphlet of thirty pages. Copies will be distributed among the members and friends of the church. The manual is filled with information concerning the church, its history, officers, and purposes. Speaking of the Methodist church in the upper peninsula it says: "The first religious work of our denomination in the upper peninsula was done among the Indians, and dates back to 1838, when Wellington H. Collins was superintendent of the Indian missions. In 1843, Rev. George W. Brown took charge of the Indian missions at L'Anse, then called by the Indian name, Kewawenon. As white explorers and settlers came into the country, circuits were formed, which were subsequently divided into stations, or charges, until the present work has developed. The Methodist church in Houghton is undoubtedly the oldest Protestant church in what is now known as the copper country; but as a child of hers, the Calumet Methodist church has had a long and honorable career." Of the Calumet church the manual goes on to say: "From a somewhat meagre historical record of this church, we learn that the first sermon ever preached in Calumet was delivered by Rev. J. M. Gordon (then pastor of our church in Hancock) during the winter of 1866 in the home of Joseph Phillips. In 1868 the question of erecting a church building was taken up in earnest. The Calumet & Heda Mining company donated a lot and gave \$500 to the building fund. The church was commenced in January, 1869, and was dedicated the following August. Rev. S. M. Lada was its first pastor. On Nov. 29, the first quarterly conference was held."

Aches and Pains of rheumatism are not permanently, but only temporarily, relieved by external remedies. Why not use an internal remedy—Hood's Sarsaparilla, which corrects the acidity of the blood on which rheumatism depends, and cures the disease?

COPPERDOM BREVITIES.

R. Skiff Sheldon of Houghton left yesterday for Chicago.

Most of the freight boats which make Portage Lake will tie up about the first of the month. Several tons have already gone into winter quarters at Houghton.

E. L. Wright, superintendent of the Hancock Congregational Sunday school, will attend the state Sunday school convention to be held in Lansing next week.

John Hermann, a former Lake Linden boy, but now of Elveh, Minn., is playing the position of left half back on the Elveh city football team. He is an all-around athlete.

W. H. Roberts of Hancock, who recently returned from a visit to his old home in Maryland, brought a Revolutionary relic—a leather pistol holster—back with him.

The Trimountain mine location is badly in need of a public hall for entertainment and social purposes and last evening a meeting was held at No. 3 dry house to consider plans to provide one.

The children of the kindergarten and primary departments of the McKinley school at Lake Linden will give an entertainment this evening for the parents. It will take place at the high school assembly room.

A large number of Lake Linden people will attend the production of "The Country Fair," in which Neil Burgess will be seen as the star, at the Kerredge theatre, at Hancock, tomorrow evening. They will return home after the show by special train.

Apples are being brought in now by the shipload from lower Michigan. One vessel with 1,800 barrels reached Lake Linden Wednesday. The fruit was sold for \$2.25 per barrel and it was not long before all was disposed of. There was a perfect rush for the apples.

A fire, originating from spontaneous combustion, started in the immense pile of coal at the Quincy docks at Mason a day or two ago. Not much damage was done, however, for enough of the coal was removed by means of a steam pick-up to prevent its spread.

The condition of Elmer Olson, the Ocedula boy who was recently run over and badly injured internally by a hay wagon, is still precarious. An operation was successfully performed upon him at the Tamarack hospital. The physicians are hopeful for his recovery.

Mrs. Richard Pierce, of Sixth street, Calumet, was knocked down and run over by a dray, driven by a reckless driver, while crossing a Sixth street corner Tuesday. The wheels of the wagon passed over her abdomen, but, strangely enough, she was not injured. The members of Calumet Lodge of Odd Fellows were pleasantly surprised by the members of Elizabeth Lodge, Daughters of Rebecca, at the conclusion of their regular meeting Tuesday evening. The doors of the dining room were thrown open, presenting a nicely set table to the view of the astonished men. The spread was greatly enjoyed.

Considerable complaint is being registered concerning the condition of the highway from the Lake Linden depot as far as the Congregational church in that village. It is now in more deplorable trim than ever, on account of the recent rains. It has been a long time since the street has been given any attention by the overseer of highways. The road is well traveled.

Burlington Route

Dining Cars a la Carte

Our Dining Cars, operated on the European plan, afford service of the highest character, and have an international reputation.

Mr. S. S. McClure, of "McClure's Magazine" writes: "I have traveled on most roads in Europe and America, and have dined on such as have restaurants cars. I would rather dine on a Burlington Route dining car than on any other I know of in the world."

These cars are beautifully decorated, lighted by electricity and ventilated by electric fans. The tableware was made to order for the Burlington Route. Fresh flowers are always on the tables. Close attention is paid to every detail of the service.

IS IN A WILDERNESS

NO SETTLERS FOR MILES AROUND ROOSEVELT'S CAMP.

BEAR SIGNS ARE NUMEROUS

PRESIDENT PROMISED A SHOT BEFORE THIS EVENING.

Several Hundred Smiling Negroes Greeted Him as He Stepped from Train in Hunting Clothes and Left for Long Ride Through Woods.

Smedes, Mass., Nov. 13.—President Roosevelt and party arrived here this afternoon and in their hunting togs started soon afterward for camp, which was not reached until after dark.

Work on neighboring plantations was suspended this afternoon and several hundred negroes were at the siding when the train stopped. Most of the men sat on cotton bales, but the black mamies and pickaninnies stood along the track.

They showed their white teeth in broad grins, but made no other demonstrations as the president stepped from the train.

The president was clad in hunting costume, with kakalin riding trousers, heavy leather leggings, a blue flannel shirt and corduroy coat, and wore a brown slouch hat.

The party went to the woods mounted on horseback. Signs of bears in the vicinity of the camp are plentiful and the president has been promised a shot before tomorrow evening.

Curious Persons Kept at a Distance. Clarksdale, Miss., Nov. 13.—President Roosevelt was joined this morning at Memphis by the members of his hunting party, which include some of the best bear hunters in the country.

The camp is fifteen miles east of Smedes, on the banks of the Little Sunflower river and in a practically unbroken wilderness. There are no settlers for miles in any direction.

Precautions have been adopted to keep the curious away from the camp. The country for miles around the camp location is owned by the Illinois Central.

It is practically impossible for any one to reach the camp on foot, and arrangements have been made to prevent any one obtaining a horse or mule at Smedes without a permit.

GUARDS FOR THE PRESIDENT. Extra Secret Service Men Necessary at the New Office Building.

Washington, Nov. 13.—The removal of the president's executive offices from the White House proper to the new office building necessitates an increased force of secret service agents and other officers who are charged with the duty of guarding the person of the president.

Ever since the assassination of President McKinley there have been several secret service men stationed at the White House. These and others have been retained at the remodeled executive mansion, while three or four secret service men and ushers have been placed on duty in the new office building.

REBEL GENERAL A REFUGEE. Willenstadt, Curacao, Nov. 13.—General Matos, chief of the Venezuelan revolutionists, and his son arrived here this afternoon in a small boat.

MINISTER WU IS DINED. New York, Nov. 13.—Wu Ting Fang, the retiring Chinese minister, was the guest of honor of the Silk Association of America and the American Asiatic association at a banquet tonight.

METHODIST SECRETARIES BARRED. Albany, N. Y., Nov. 13.—The general missionary conference of the Methodist church decided today not to admit the secretaries of the various conferences as members of the missionary conference.

FORECAST OF THE WEATHER. Washington, Nov. 13.—The following is the weather bureau's forecast for Upper Michigan: Fair in west, showers in east, portion, Friday, Saturday, fair.

ARE DINED AT WASHINGTON.

Commercial Delegates from Abroad the Guests at Notable Banquet.

Washington, Nov. 13.—A banquet was given at the Arlington Hotel tonight in honor of the representatives of foreign commercial bodies who came to America to attend the dedication of the New York chamber of commerce and who arrived in Washington from the metropolis for a short visit today.

Prince Hans Heinrich Von Pless, representative of Germany; Sir Albert K. Rolit, M. P., chairman of the delegation of the London chamber of commerce, with delegates from the same body—Lieutenant General J. W. Laurie, M. P.; H. C. Richards, K. C. M. P.; James Dixon, W. P. Wood, Arthur Serena, r. Faithful Begg, Major S. Flood-Page, John Hume, J. Y. Henderson and Kenrich B. Murray; also Count Raoul Chandon and V. Hugel, delegates from the chambers of commerce of Rheims and Paris, respectively; Jos. Guinet, from the Lyons chamber of commerce; Francis Kimbel, president of the American chamber of commerce of Paris; Mr. Heckman, vice president of the Berlin chamber of commerce; M. Porto de Paris, and Erik Pontoppidan of Hamburg.

In addition to the foreigners, there were present Secretary Shaw and Postmaster General Payne, Admiral Dewey, Generals Corbin, Young and Wood, members of the diplomatic corps and local business men.

Commerce Makes for Peace. Secretary Shaw expressed pleasure in welcoming the guests. He said the spread of intelligence and the prudence of commerce were making for international peace.

BOXERS SLAY MANY

REBELLION BREAKS OUT AGAIN WITH RENEWED VIOLENCE.

NUMEROUS VILLAGES PLUNDERED

1,700 CATHOLIC CONVERTS MASSACRED AT ONE PLACE.

Several Important Cities Are Besieged and Reinforcements Are Being Forwarded to Aid the Harassed Imperial Troops.

Victoria, B. C., Nov. 13.—The rebellion in Kwangsi, which was thought to have been suppressed, has broken out with renewed violence, according to mail advices from south China.

Large numbers of the Kotsihui, a new secret society which is both anti-foreign and anti-dynastic, have joined the rebel movement. The rebels are singularly supplied by caravans, which cross the adjacent French and Portuguese territory, with arms and war munitions.

NET LOSSES IN STOCKS.

Closing Is Weak After Considerable Strength at the Opening.

New York, Nov. 13.—The quite violent advance of today's stock market, which rose somewhat exceeded by the rally from the subsequent reaction, were entirely melted away before the close, which was weak and at net losses reaching a point for some of the leading speculative stocks.

The high level of prices at the opening proved inviting to traders who have bought at declines. It became evident also that the substantial buying which was a feature yesterday was lost to the market at the higher range of prices.

For the rest of the day, in consequence, there was a crumbling process, which ended with quite a sharp break. There were no actual news developments of importance to account for the movements in the day's market, beyond a shifting of speculative sentiment.

Paine, Webber & Co. report the final prices as follows: Wash. Field, 44 1/2; Mo. Pacific, 109 1/2; N. Cent., 110 1/2; Southern, 137 1/2; Southern Ry., 33; C. & O., 46 1/2; Erie, 22 1/2; Southern Pac., 64 1/2; Rock Island, 10 1/2; Metropolitan, 137 1/2; Atchafalaya, 10 1/2; B. & O., 101 1/2; B. & T., 77 1/2; Pfd., 101 1/2; Hubber, 10 1/2; T. C. I., 58 1/2; C. P. & N. W., 24 1/2; L. & N., 13 1/2; Canadian Pac., 130 1/2; Pennsylvania, 157 1/2; O. & N. W., 24 1/2; L. & N., 13 1/2; Atchafalaya, 10 1/2; B. & O., 101 1/2; B. & T., 77 1/2; Pfd., 101 1/2; Hubber, 10 1/2; T. C. I., 58 1/2; C. P. & N. W., 24 1/2; L. & N., 13 1/2; Canadian Pac., 130 1/2; Pennsylvania, 157 1/2; O. & N. W., 24 1/2; L. & N., 13 1/2; Atchafalaya, 10 1/2; B. & O., 101 1/2; B. & T., 77 1/2; Pfd., 101 1/2; Hubber, 10 1/2; T. C. I., 58 1/2; C. P. & N. W., 24 1/2; L. & N., 13 1/2; Canadian Pac., 130 1/2; Pennsylvania, 157 1/2; O. & N. W., 24 1/2; L. & N., 13 1/2; Atchafalaya, 10 1/2; B. & O., 101 1/2; B. & T., 77 1/2; Pfd., 101 1/2; Hubber, 10 1/2; T. C. I., 58 1/2; C. P. & N. W., 24 1/2; L. & N., 13 1/2; Canadian Pac., 130 1/2; Pennsylvania, 157 1/2; O. & N. W., 24 1/2; L. & N., 13 1/2; Atchafalaya, 10 1/2; B. & O., 101 1/2; B. & T., 77 1/2; Pfd., 101 1/2; Hubber, 10 1/2; T. C. I., 58 1/2; C. P. & N. W., 24 1/2; L. & N., 13 1/2; Canadian Pac., 130 1/2; Pennsylvania, 157 1/2; O. & N. W., 24 1/2; L. & N., 13 1/2; Atchafalaya, 10 1/2; B. & O., 101 1/2; B. & T., 77 1/2; Pfd., 101 1/2; Hubber, 10 1/2; T. C. I., 58 1/2; C. P. & N. ## THIS EVENING.

"Human Hearts" Will Be the Bill at the Marquette Opera House.

"Human Hearts," a melodrama of the Arkansas hills, will be the bill at the opera house this evening. Like "More Acres" and "The Old Homestead," as well as other favorites, time only increases its hold upon the people. The prattle of an innocent child; the tears of an old blind mother; the strong love of a simple country girl; the truth of a half-wit; the love of an old-time negro; the passion of an adventurous and tender memory of a dead mother of the past of the governor of Arkansas are all intermingled by the deft hand of the author of this absorbing tale of the Arkansas hills.

## STREET WORK FINISHED.

Road Roller Has Been Laid Away for the Winter.

The last of the street and sidewalk work of the busiest season in the city's history has been finished, and the street roller stored until next spring. It was put away a couple of days ago, and the last of the cement sidewalks were laid the early part of the month. The inclemency of the weather brought about the cessation of the work, but, anyway, more improvements had been made both by the street and sidewalks committees than had been figured on at the beginning of the season.

## SLAUGHTER LIGHT SO FAR.

Weather Conditions to Date Have Favored the Deer.

It is generally remarked that, despite the unusually large number of hunters in the woods in this section, the slaughter of deer has been rather lighter than usual up to the present date. This fact is explained by the fact that weather conditions have favored the deer.

The first day of the season was dry, and the woods were so noisy that it was the hardest kind of work to run down the game, the result being that only the best hunters were successful. As one man put it, a hunter might as well walk on tin pans as try to get about the woods quietly in the condition they were in last Saturday.

Since then it has rained so heavily that hunters have been discouraged from venturing forth from their camps, particularly in view of the fact that the deer, too, are inclined to lay low in nasty weather.

Yesterday, however, was good hunting weather. The rain had ceased, and it left the woods business, if a little damp. It is expected that the weather for some few days now will be favorable for hunting, in which event the deer will begin to fall at a right merry rate. Certainly there are hunters enough abroad to bring about this result. The issue of deer licenses was never heavier.

A deer, seemingly about two years old, dashed into town yesterday morning, just before the noon hour. It came in from the south part of the city and ran down Fourth street, with a couple of dogs in chase. It paused a moment at the point where John Mattenberg is excavating for the Maple street sewer, and then pursued its way unmolested, escaping to the woods toward the north. The animal's flight was observed and wondered at by many people.

Richard Mettie, a bridge builder of Lester Park, killed a deer near his home. It was little more than a fawn, having horns but six inches long.

John Mettie, a carpenter living at Lester Park, laid away his bear hunting gear for a stroll back of Crosby Park. He took a shot gun along for protection, and from what he says it is lucky he did. It was all he could do to keep the deer from running right over him. He killed two large ones and managed to get away from three others.

A West Duluth man, whose name could not be learned, started toward French river looking for game. He came back, before he had fairly started with one small deer. While standing on the railroad crossing on Howard road drinking in the beautiful lake view he noticed a bear in the woods, and he was coming directly towards him. He killed it as it got out of the water.

Richard Mettie, a bridge builder of Lester Park, killed a deer near his home. It was little more than a fawn, having horns but six inches long.

Richard Mettie, a bridge builder of Lester Park, killed a deer near his home. It was little more than a fawn, having horns but six inches long.

## STREET WORK FINISHED.

Road Roller Has Been Laid Away for the Winter.

The last of the street and sidewalk work of the busiest season in the city's history has been finished, and the street roller stored until next spring. It was put away a couple of days ago, and the last of the cement sidewalks were laid the early part of the month. The inclemency of the weather brought about the cessation of the work, but, anyway, more improvements had been made both by the street and sidewalks committees than had been figured on at the beginning of the season.

## WITHIN THE CITY LIMITS.

Four Deer Knocked Over at Duluth One Day This Week.

Duluth is either the happiest of hunting grounds, or its newspaper men are accomplished dreamers. The News-Tribune says:

Four deer were killed within the city limits of Duluth one day this week.

Duluth has been advertised the world over during the past two months as the place to which to go for bear hunting ground in the world. Something over two dozen the specimen of bear hides have been taken in the city.

Now that the deer season has opened bear stories are too stale to be worked off on the public, but the fleet-footed animal, protected by the law all except ten days of the year, comes nobly to the front and can be seen walking down Superior street most any time of the day. For a week or more they have been more common than bears in Lakeside and Lester Park.

John Mettie, a carpenter living at Lester Park, laid away his bear hunting gear for a stroll back of Crosby Park. He took a shot gun along for protection, and from what he says it is lucky he did. It was all he could do to keep the deer from running right over him. He killed two large ones and managed to get away from three others.

A West Duluth man, whose name could not be learned, started toward French river looking for game. He came back, before he had fairly started with one small deer. While standing on the railroad crossing on Howard road drinking in the beautiful lake view he noticed a bear in the woods, and he was coming directly towards him. He killed it as it got out of the water.

Richard Mettie, a bridge builder of Lester Park, killed a deer near his home. It was little more than a fawn, having horns but six inches long.

Pure and Sweet as the Skin, Scalp, and Hair of Infants Purified and Beautified by

## Cuticura SOAP

MILLIONS USE CUTICURA SOAP, assisted by CUTICURA OINTMENT, for preserving, purifying, and beautifying the skin, for cleansing the scalp, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, for baby rashes, itchings, and chafings, and for all purposes of the toilet, bath, and nursery. Millions of Women use CUTICURA for its benefits for annoying irritations and inflammations, for too free or offensive perspiration, in washes for ulcerative weaknesses, and for many sanative, antiseptic purposes which readily suggest themselves to women.

## Complete Treatment, \$1.

CUTICURA SOAP (25c.) to cleanse the skin of crusts and scales, and soften the thickened cuticle, CUTICURA OINTMENT (50c.), to instantly allay itching and inflammation, and soothe and heal, CUTICURA RESOLVENT PILLS (25c.), to cool and cleanse the blood. CUTICURA SOAP (25c.) to cleanse the skin of crusts and scales, and soften the thickened cuticle, CUTICURA OINTMENT (50c.), to instantly allay itching and inflammation, and soothe and heal, CUTICURA RESOLVENT PILLS (25c.), to cool and cleanse the blood.

Sold throughout the world. British Depot: 57-59, Abchurch Lane, London, E.C. 4. Sole U.S.A. Depot: THE GREAT NORTHERN PACIFIC CO., 100 Broadway, New York, N.Y. "All about the skin." Free.

## MAY BUILD MORE STEAMERS.

James J. Hill Has a Plan for Combining Water Traffic.

St. Paul, Nov. 13.—James J. Hill is understood to be holding aloof from the plan to consolidate the various transportation companies on the great lakes. The Great Northern magnate himself has in mind a drawing together of the various interests, represented by the merger roads in lake traffic. His plan is to place the entire lake business of the Northern Securities company under one traffic official and this idea would have taken form before had not litigation been developed against the merger company. The lake business of the Northern Pacific and Great Northern is an important item of lake traffic. If President Hill's plan is carried forward he will increase the number of northern steamship freighters sufficiently to handle the business of both the Great Northern and Northern Pacific and place the whole under one traffic official.

## He Was Surprised

"I never knew that such clothes could be bought ready-to-wear," said a prominent citizen yesterday. "It is a revelation to me. Of course I have heard dealers claim that their goods equaled the best tailor-made, and several times I have investigated their claims only to be disappointed. This K. N. & F. clothing surpasses any I have ever seen."

This compliment is only one of many concerning our K. N. & F. Co. garments. They are a new feature in the clothing world, possessing that stylish elegance which only the cleverest tailors can impart to their work.

## Ishpeming and its Environs.

**MUST PLAY HERE.**  
Lower Peninsula Board Decides Against Escanaba's Position.

Escanaba must play here or forfeit all claims to the upper peninsula championship. That is the football situation at present. Superintendent Scribner received a telegram yesterday from the chairman of the board of arbitration at Ann Arbor, stating that, unless both sides agreed on neutral grounds, the return game should be played here. This leaves the matter just where it stood after the game last Saturday.

The Ishpeming management then stated that the team would play here, and only here, giving reasons that ought to have convinced Escanaba of the fairness of Ishpeming's intentions.

The city authorities have promised ample police protection to Escanaba's players if they come here. Mayor Felch would issue a proclamation requesting everyone to treat the visitors courteously and not to bring dishonor upon the city by resorting to any form of intimidation or blackguardism.

Mr. Scribner wrote a letter yesterday to Superintendent Felch setting forth the facts enumerated, and he stated in addition that if the game were played in a neutral town no police protection would be afforded and the municipality could not be held responsible for the actions of the rougher element, or for any disturbance they might create. Light came from the mayor's pen, and he would compel good order and fair treatment of the Sandy City people, both the members of the team and those who come as rooters.

Mr. Scribner said further that the Ishpeming gridiron would be entirely enclosed by a six-foot fence, including the side next to the track, which is now enclosed by a three-foot fence.

With such assurances the Escanaba players surely can have no excuse for refusing to play here and still demanding neutral grounds. Dr. Sweetland and others expressed the opinion that Escanaba will not forfeit her claims to the championship by refusing to play.

So much time has been lost in the contention that it is now too late to arrange for a game Saturday, even if Escanaba should immediately consent to come here. The twenty-second will probably be the date of the contest and that will play the state championship game till after Thanksgiving.

People who enjoy good football and true sportsmanship are earnestly hoping that they will see less quarreling and more football. Beginning with the Duluth game a vast amount of ill feeling has been stirred up by the close of the side teams and fever lathes have been fought on paper than on the field.

**ISHPEMING IN BRIEF.**  
A boy was born to Nicholas Nankervis, 502 East North street, yesterday.

A new floor is being laid in the ladies' waiting room at the South Shore depot.

Miss Bending of Marquette is the new bookkeeper in the office of the Carpenter-Cook company.

H. S. Thompson, of the Miner's National Bank, is the father of a son, born Wednesday.

Superintendent G. J. Scribner went to Chicago last night to meet his family. He expects to return with them tomorrow.

The condition of A. Steier's family, several members of whom are seriously ill with diphtheria, is somewhat improved.

A turkey supper will be served at the Swedish Home Hall on Thanksgiving eve. A good program and fine music will be provided.

## Upper Peninsula.

**TWO ENGINES DERAILED.**  
Rails Spread, Causing a Wreck on the Chicago & Northwestern Main Line.

Two switch engines, coupled together, running under special orders from Neegaunee to Ishpeming Wednesday evening on the part of the rails about the west of the crossing at Union Park. The wreck was caused by the rails spreading.

The engines were moving at a fairly rapid rate of speed and it was a miracle that the engineer and fireman on the first engine escaped without serious injury. The head locomotive went into the creek on the south side of the track, and was buried to a great extent in mud. Dave Caples was the engineer. He received a bad cut over one eye. The fireman escaped without a scratch.

The rear engine remained on the ties, and all the wheels were off the rails. It took but a short time to pull it back on the track, but it was late yesterday before Caples' locomotive was removed from the mud. A wrecking crew came up from Escanaba. The engine will need an overhauling before it can be used again.

The main line was blocked all Wednesday night and part of yesterday. Meanwhile trains passed over the South Shore line between the two cities.

**DIPHTHERIA INCREASING.**  
Considerable alarm is felt by many people over the prospect of a general epidemic of diphtheria. The number of cases is increasing. There was one death recently and several patients are in a precarious condition, recovery being doubtful.

The trouble seems to be caused in great measure by lack of care on the part of parents who allow their children to attend school when members of the family are sick with the disease. There is no more certain method of spreading the contagion than to allow children to associate with those who carry the infection.

The malady at an incipient stage can be easily checked by using the most simple precautions, such as common sense would ordinarily dictate.

**MUST PAY UP TODAY.**  
Water takers who have not settled their last three months' account are reminded that they will be put in extra expense if they do not call at the board of public works' office today.

Superintendent Devine gives notice in this issue that the water will be turned off in all cases where payments are not made. Mr. Devine means just what he says, and it can be assured that Tom will be around with his wrench in hand turning off the water of delinquent patrons. The charge for renewing the service is \$2. Pay today and avoid the penalty.

**TO CURE A COLD IN ONE DAY.**  
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

**AN INTERESTING PLAY.**  
Manager Nankerville, of the "Human Hearts" company, billed for next Tuesday at the Ishpeming Opera House, announces a virtually new production of the play. He has procured new scenery to stage it and a company of competent players. He has omitted nothing. After five continuous seasons throughout the country, the play has lost none of its magnetism. Like "The Old Homestead," "Shore Acres" and kindred dramas, it appeals forcibly to the human heart.

**BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY.**  
As mercury will surely destroy the sense of sight and completely deprave the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them.

Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists, price 75 cents per bottle.

**Hall's Family Pills are the best.**

### Eugene Field's

#### Views on Ambition and Dyspepsia.

"Dyspepsia," wrote Eugene Field, "often incapacitates a man for endeavor and sometimes extinguishes the fire of ambition." Though great despite his complaint Field suffered from indigestion all his life. A weak, tired stomach can't digest your food. It needs rest. You can only rest it by the use of a preparation like Kodol, which relieves it of work by digesting your food. Rest soon restores it to its normal tone. Strengthening, Satisfying, Enriching.

Prepared only by E. C. DeWitt & Co., Chicago. The \$1. bottle contains 2 1/2 times the 50c. size.

AFTER BABY COMES.

The Disappointments of a Weak Mother.

After the baby's coming the weak mother often has her first great disappointment in not being able to nurse her child. Perhaps she is not strong enough to sustain more than her own life during the days of slow convalescence. Perhaps there is a lack of the secretions which make the baby's food. In any case she feels robbed of half the joy of her maternity because she cannot nurse her child. And she envies the healthy woman who cares for it and who permits the mother to occasionally see and caress her own baby. If women would consider the matter they could hardly expect to be strong after the baby's coming if they were weak before. The woman who suffers during the prenatal period—who is nervous and sleepless and without appetite, is exhausting her vitality before the hour of her trial, and when that time comes her very weakness increases her sufferings and prolongs them. It is no wonder, if, after the baby is born, the mother has no strength to nurse it. The one great necessity for happy motherhood is good health.

THE SECRET OF HEALTHY MOTHERHOOD lies largely in the proper preparation for the great physical strain and drain which women undergo at such a time. A proper preparation for maternity will keep the nerves tranquil and the temper even; it will encourage the appetite and give restful sleep. It will enable the mother to actively engage in her household duties until the time of the baby's advent, and give her strength to give her child.

Because it does all this and more women have named Dr. Pierce's Favorite Prescription "A God-send to mothers."

"I take this opportunity of expressing my everlasting gratitude to you for the wonderful benefits I have received from the use of Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,'" writes Mrs. E. H. Newton, of Vanburen, Aroostook Co., Maine. "My baby was born in May, 1895, and for weeks after I was delirious. My friends did not know whether I would live or die. The doctor in attendance did not give much encouragement, and said that if I did get well I would never live through another such period. When I consulted you in April, 1899, I was in poor health; had been sick all winter, and to add to my trouble, was on the road to what the doctor said would end my days. I was almost discouraged, did not expect any help, but thought the end was only a matter of time, and—oh! my two poor, little, motherless children.

"It was in this condition that I began the use of your valuable medicine. On receipt of your letter of April 6th my husband purchased six bottles and I used it as you directed. When you wrote me words of encouragement on April 27th I had received no benefit from the medicine, but determined as a last resort to give it a fair trial. I am now taking the thirteenth and last bottle. I have a lovely baby girl three weeks old that weighed 11 1/2 pounds at birth. My baby and I are enjoying perfect health, thanks to your wonderful medicines, to which I believe I owe my life. I cannot find words to express my gratitude to you, and I hope you may long be spared to perform the good work in which you are now engaged."

MOTHERS PONDER THIS! It is not you only who suffer when you are weak during the term of maternity, but your child must suffer also. It can have only what strength you can give. Your nervousness, fretfulness and fearfulness will leave a life-long impress upon your child, and while you in a few months will recover from the effects of having undergone the baby's whole life will reflect the influence of those months of maternal misery.

If you can be a strong, healthy mother by any means, you owe it to your child to use those means at any cost. It is a matter of record that thousands of women to whom maternity was a menace and a misery have been made healthy, happy mothers by the use of Dr. Pierce's Favorite Prescription, which gives abundant strength and makes the baby's advent practically painless.

"I cannot say too much for Dr. Pierce's Favorite Prescription," writes Mrs. S. E. Rose, of Big Otter, Clay Co., West Va. "I feel it my duty to say to all women who are suffering from female troubles that it is the best medicine on earth that they can use. I cannot praise it too highly for the good it has done me.

It is the mother of five children, and has been as high as eight days in the doctor's hands, and never less than two days at any time until the last. Then I had used two bottles of Dr. Pierce's Favorite Prescription and was only two hours in the hands of the doctor."

REALLY WONDERFUL RESULTS. Read the letter of Mrs. Rose carefully and you will realize why she cannot praise "Favorite Prescription" too highly. The difference between one hundred and ninety-two hours suffering reduced to two hours by the use of "Favorite Prescription" explains her gratitude, but cannot express it. It takes a woman and a mother to understand all that can be possible in one hundred and ninety-two hours of suffering at maternity. Dr. Pierce's Favorite Prescription not only gives the mother strength in the period of waiting, but it cures or prevents nausea, and makes the baby's advent practically painless. It is the best tonic and nerve for nursing mothers. It promotes the secretion of an abundance of nourishment for the child while giving strength to the mother. All alcoholic and stimulating medicines are particularly dangerous to nursing mothers, or in the period of convalescence which follows the baby's birth. "Favorite Prescription" contains no alcohol, and is entirely free from opium, cocaine and all other narcotics. It is a real nerve-feeding, body-building medicine.

FRER TO MOTHERS. Dr. Pierce's Common Sense Medical Adviser, the best modern medical work, is sent free on receipt of stamps to pay expense of mailing only. Send thirty-one one-cent stamps for the cloth-bound volume, or only twenty-one stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

SINKING SIX BIG SHAFTS. CARELESSNESS IS RAMPANT. It Threatens to Cause the Spread of the Contagious Diseases.

According to the Duluth News-Tribune the United States Steel Corporation is preparing to do an unusually large amount of development work on the different ranges during the coming year. At the present time the corporation is sinking six great shafts at as many of its mines on the various ranges. The largest ever made in the Lake Superior region will be at the Chapin mine on Mountain. The Chapin, like the Penobscot, is a wet property. The shaft will have a net size between the timber of 10 to 24 feet. At the Norrie, on the Gogebic range, a shaft which will be 1,300 feet deep is being sunk. At the Mansfield mine, on the Menominee range, another big shaft is being put in. The other three are on the Vermillion range, one at the Pioneer, one at the Sibley and another at the Savoy. The last mentioned will be 1,300 feet deep. Each of the shafts is supposed to have a capacity of about 500,000 tons, and the shafts are lined with non-combustible material. The theory is advanced by one well posted on Mesaba mining matters that the Elizabeth mine will, when the property is developed, drain considerable of the water now being taken care of by the Penobscot mine at Hibbing. Speaking of this proposition a mining man said: "There is a certain amount of water in the neighborhood of the Penobscot mine and at present the shaft in this property is the only one in the locality which is deep enough to catch the flow. If the Hull shaft were deeper it would get some of the water. The same is true of the Mahoning, but as this mine is an open pit the operations may never go deep enough to cause the operations to be bothered by water. The Hull will eventually get to the water, however, and so will the operations of the Elizabeth. Eventually the Penobscot will be relieved of pumping as much water as at present."

It is reported that the Penobscot, in fact, is not pumping as much water now as formerly, not finding it necessary. While the management of the corporation has not announced that any new shafts are to be sunk on the Marquette range, it is not unlikely that one or more may be put down. The company is preparing to do considerable exploratory work here, and, from present indications, the coming year will be the busiest it has ever experienced on this range.

R. G. JACKSON HOME. Robert Jackson arrived home a few days ago from his extended trip in the upper peninsula. Mr. Jackson is the upper peninsula member of the board of seven appointed to select a site for the Old Fellows home for indigent, aged and infirm Old Fellows, and their families, and the orphan children of members of the order. The home will be a large and expensive establishment, and many towns in the lower peninsula have been striving to have it located within their limits. The committee spent the past month visiting the most likely sites, examining the sites and considering the inducements offered in doing so. Grand Rapids, Ann Arbor, Ypsilanti, Battle Creek, Jackson and Hillsdale were carefully weighed, and the choice finally lay between the three latter towns. So strong were the claims presented by each of these places that the board finally gave up the idea of putting the whole matter into the hands of the chairman and secretary, promising to endorse whatever action they may take. Michigan Old Fellows are much interested in the new undertaking. It is another indication of the benevolent spirit of the order, which rewards all its members with equal solicitude, caring for them in sickness and poverty and old age and providing a shelter for the orphans.

GOING TO EUROPE. A party will be given at Cyr's Hall Friday night in honor of Miss Frances Winter and Arthur Maas, who, in company with their parents, Mrs. J. B. Maas and Mrs. J. Winter, leave here next week on their trip to Europe. They sail from New York Dec. 6, going first to Germany. In January they expect to meet the Lonstorf party at Naples, and from there they will travel together through southern Italy and the Holy Land. The Lonstorf party consists of Mrs. Lonstorf and her two daughters, Misses Viola and Edvena, and Mrs. Ida Lonstorf. In Germany George J. Maas and wife, who have been in Europe several months, will meet Mrs. J. B. Maas and Mrs. Winter and will accompany them on the remainder of the trip.

Get a free sample of Chamberlain's Stomach and Liver Tablets at Stafford's drug store. They are easier to take and more pleasant in effect than pills. Their use is not followed by constipation as is often the case with pills. Regular size, 25 cents per box.

A NEW DEPOT. The L. S. & I. road has broken ground for the new combination freight and passenger depot which will be located at the head of Silver street. This change will be welcomed by Negaunee people, and will result in a good increase in the passenger traffic of the road.

SKATING AT THE RINK. Until further notice there will be skating at the Adelphi Rink Tuesday, Thursday and Saturday evenings. There will be skating Saturday night from 7 to 8:30 o'clock, before the indoor baseball game.

SOMETHING FOR NOTHING. If any of our readers are troubled with constipation, biliousness, sick headache or indigestion cut out this notice, and present it at the People's Drug Store and they will supply you with a sample bottle of Re-Go Tonic Laxative Syrup free. Re-Go is a sure cure for these diseases.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble. If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar bottles. You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Michigamme.

WOOD FOR THE POOR. Superintendent Milroy Has Awarded Contracts for Winter Delivery.

Contracts for supplying green hardwood for Michigamme, Champion, Republic and Ironwood people on Superior and Ironwood lists have been awarded to Olof Goldstrand and Nels Mahjannu of this place. Mr. Goldstrand will supply the wood needed in Michigamme at \$3.65 per cord, delivered on the cars here. Mr. Mahjannu will receive \$3.35 per cord for his wood loaded on the cars at the shipping point. The county will pay the freight on the fuel supplied by Mahjannu. It is Mr. Milroy's intention to purchase all the wood needed for Champion, Republic and Ironwood people from Mr. Mahjannu. He figures that the cost, with freight added, will be about the same as that charged by Mr. Goldstrand for the wood delivered here.

The superintendent says it will require over two hundred cords to supply all the poor families on his list in the four places. The total number of cords may reach 250, but it will not go above that figure. There are about fifty families receiving aid from the county in Mr. Milroy's district. The average distribution of funds for Michigamme is about \$80 per month; Humboldt about \$25, and Republic and Champion each about \$175. Last month the Republic list footed up \$165 and a similar amount went to the poor of Champion township. During the winter season, the distribution of funds is from ten to twenty per cent heavier than it is during the summer.

The superintendent's list is smaller now than it has been at any time in some years. Michigamme has a very light list, considering the number of families living in the township. It has never drawn very heavily on the poor funds and for the past ten years the amount distributed has not averaged more than one-half the sum given out at Republic and Champion. In 1892, soon after several of the mines of the county closed down, the poor list climbed rapidly. In one month during the time the Republic mine was idle, Mr. Milroy distributed nearly \$800 among the poor families of that township. Down in Ishpeming and Negaunee the poor superintendents were besieged for some months the average distribution went above the \$3,000 mark in the two cities.

MARRIED MONDAY EVENING. George Karpensky, a popular Michigamme boy, was married Monday evening last at 7:30 o'clock to Miss Carrie J. Gray of Ironwood. The nuptial knot was tied by Rev. Father Hassenberg at the Catholic church parsonage here. The bride is a daughter of Captain Richard Gray of the Germania mine, Ironwood. She is a trained nurse and for the past three years has held a position at the Bessemer hospital. The groom is a railroad man, who is well and favorably known in this section. He has been in the employ of the South Shore company for the past four years on a run between here and Thomaston. The former home of Mr. Karpensky's father will be his home. The place is being remodeled and enlarged and it will soon be ready for occupancy. After the ceremony Monday evening a number of the groom's most intimate friends called to extend congratulations. The newly married couple will leave

DAINTY BREAKFAST SAUSAGE...

FOR RENT—A desirable house on Main st. Apply to Mrs. Macgregor, Negaunee, 11-15-10.

WILL BREAK THE RECORD. From present indications the record in the number of deer licenses issued in Michigamme township will be broken this year. Up to Thursday noon Township Clerk G. J. Murray had received eighty-five applications, and he expects several more before the close of the season. Last year the total number issued was in the neighborhood of eighty-five. This included a number taken out by residents of Spur township. This year the Spur people are getting their licenses at home.

Nearly one-half the men of the village will hunt deer at some time during the season. Every young man in town has taken out a license. Among the applicants received by the clerk is one from a Michigamme lady. She will go into the woods, accompanied by relatives, some day within a week.

MICHIGAMME PICK-UPS. Marcus Levin arrived home Saturday from Chicago, where he had spent four or five days on business. Ed Stensrud was the first Michigamme man to bring in a deer. He arrived Monday morning with a 200-pound buck, which he shot three miles above Three Lakes. C. F. Sundstrom disposed of about twenty riles during the first two days of the deer season. He also sold an unusually large quantity of ammunition. The social conducted last Friday evening at Old Fellows hall by ladies of the Methodist church was largely attended. Boxes containing lunches for two brought a good price, and the ladies realized a neat sum on the sale. The decorations were attractive.

C. F. Sundstrom, Peter Dolf and G. J. Murray attended the Woodmen's meeting at Marquette Tuesday evening. Several others intended going down, but the unfavorable weather kept them home. The local men say that the speeches on the proposed readjustment plan were the best they have ever heard in connection with any Woodmen meeting.

The young people of the village are disappointed because there will be no more dances here before the holidays. It was generally supposed that one of the ladies would give a ball on Thanksgiving, but the orchestra has been engaged out of town Thanksgiving eve and night. A party has not yet been announced for New Year's, and it is a question if one will be held then.

WANTED. We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, Dyspepsia and Liver Troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual costiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size 75 cents. At The Stafford Drug Co. G. G. GREEN, Woodbury, N. J.

Low prices on storm sash. Consolidated Fuel & Lumber Co. (11-11-10). Foley's Honey and Tar always stops the cough and heals the lungs. Refuse substitutes. People's Drug Store.

TURNSTONEWFIELD

LAKE SHORE WORKS TO PUSH MANUFACTURE OF HOISTS.

WILL BID FOR THE BUSINESS

ACTIVE CAMPAIGN TO BE INSTITUTED IN MINING REGIONS.

Numerous Unsolicited Orders Filled the Past Few Months and in All Cases With Great Satisfaction—Gas Engines Not to Be Neglected.

The manufacture of hoisting plants for mining work, which was only commenced somewhat over a year ago, has become an important part of the Lake Shore Engine works, and it is now receiving about as much attention as the manufacture of gas engines, the specialty which has won for the company its far reaching and enviable reputation.

The notable success encountered in the manufacture of the hoists is all the more wonderful for the fact that the management of the Engine works has been so busy filling orders that it has had very little time to date for letting the mining men know that it was looking for that class of business.

In the interval when it has been turning out orders that came in unsolicited or as a result of the quiet work of the management, the Lake Shore Engine works has manufactured some twenty-five plants of varying sizes, having, however, an average cost of in the neighborhood of \$2,000.

Iron All Stripped. The Engine works has had men employed at the old Grace furnace, Lake street, for some weeks past, but they are now about finished, as all the iron from the old blowing engine has been stripped from the plant.

FORGER IN THE TOILS. Passed a Check for \$25 in Stirling & Co.'s Store Yesterday. A man named Murphy passed a forged check for \$25 in Stirling & Co.'s establishment on Washington street yesterday afternoon, between 5:30 and 6 o'clock, and was arrested for the crime at Negaunee upon the arrival of the train which leaves here at 6 p. m.

CITY BREVITIES.

Today's weather: Probably fair and colder. Brisk northwest winds becoming variable. Today's temperature: 7 a. m., 38 degrees; noon, 40 degrees; 7 p. m., 35 degrees. Maximum, 42 degrees; minimum, 34 degrees.

decision is in favor of the first named party.

Mrs. L. M. Van Buren leaves this week for Saginaw on a two weeks' visit at the home of her parents.

The meeting of the Methodist Ladies' Aid society this afternoon will convene at 1:30 in the church parlors.

The Woman's guild of St. Paul's church will meet this afternoon at 2 o'clock in Morgan Memorial chapel.

The Presbyterian Ladies' Aid society will meet this afternoon at 2:30 with Mrs. J. Godwin, corner of Pine and Prospect streets.

The ladies of the Baptist Aid society will be entertained this afternoon, beginning at 2:30, at the home of F. W. Road, East Arch street.

Bigelow & Co. are offering a line of stationery, including some of Hurd's and Crane's finest grades, at half price. The sale will last only a few days.

Assistant Light Keeper Campbell, of the local station, has been transferred to the DeFour station, at the mouth of St. Mary's river, and left yesterday to assume his new duties.

The Marquette Light Infantry desire it understood that as it has no football team it cannot well play a Champion eleven the latter part of the month. Any use of its name by a football team is quite unwarranted, and will be discontinued by the Light Infantry.

Although the site of the new court house is fairly heaped with sand excavated for the foundations, a team is working steadily hauling more sand to the grounds. It is from the beach, and is used by the masons in making mortar. It has a better grain and is cleaner than the sand ready at hand at the site.

For the number of hunters in the woods, this is the greatest deer hunting season on record. Reports from all counties show that licenses have been issued far in excess of last year.

The senior class at the Normal has issued invitations for a reception to be tendered the juniors at the dormitory this evening. A short musical program and dancing will be special features.

Professor Clarence Ongman of Chicago lectured on the "Siege of Peking" before a good audience at the Swedish Lutheran church last evening. His talk being illustrated with colored and moving pictures and being well received.

E. E. Homeier has returned from his place up-the-lake, and has resumed his work as a mail carrier. He brought a couple of deer down with him.

A display of wonderfully rich copper specimens in Stafford's window is attracting much attention. They are from the Canadian lands controlled by J. S. Wilson.

Leo Paquette, who came down from Calumet to attend the wedding of Mr. and Mrs. A. Messier, left yesterday morning for his home.

He had fallen into the hands of some rare blades who proceeded to blacken his person and to add some further touches of bronze paint. Quigley is a good woodsman, but he is a bad actor in town, and he is intimately acquainted with the interior of the county bastille.

Alfred Messier of Calumet and Miss Marie Louise Bertrand of this city were married Wednesday morning at 9 o'clock at St. John's church, Rev. Father Jacques officiating.

Advertising matter announcing the rates and arrangements for the second annual excursion of the Morse Hose company to the Soo will be issued soon. It will take place on the 23rd.

The Soo this week received the first cargo of hard coal delivered there since the big strike was inaugurated in May, when the schooner Redington arrived. The orders on the dealers' books nearly consumed the total consignment, and the fact that consumers paid \$8.50 per ton for the anthracite does not argue well for low prices in the north country during the coming winter.

Norway is taking full advantage of Judge Stone's decision that every brewing company doing business in the state must pay \$500 for every warehouse or depot maintained, this decision being recently affirmed by the supreme court.

The aldermen there recently took the matter up, with a view of deciding whether it would be possible to collect back taxes. The opinion of the city attorney was that the liability for such a duty authorized tax is a debt, and as such, that the tax may be collected within the statute of limitation, that is for six years back.

RHEUMATISM CURED IN A DAY. "Mystic Cure" for Rheumatism and Neuralgia radically cured in one to three days. His action upon the system is remarkable and mysterious. It removes at once the cause and cures the disease in 24 to 48 hours. The first dose greatly benefits. 75 cents and \$1.00. Sold by Frank Penhall and all druggists. (11-3-100)

MARINE MATTERS. Soo Canal Passages. Sault Ste. Marie, Nov. 13.—(Special.)—Up—Northern Queen, 12; Walter Scammon, 2 a. m.; Prospe Isle, 5; Ellwood, 11; Black, 3 p. m.; Chilli, 4; Taylor, 5; Heffelfinger, 6; Watt and whaleback, 7; Thomas and whaleback, Nicol, 7:30.

See, young maiden, that thou take not a substitute for the genuine Rocky Mountain Tea made by the Madison Medicine Co., if thou likest thy face fair. Stafford Drug Co.

Chocolate Eclaires and Cream Puff made every day; filled with whipped cream. (11-14-11)

Until further notice keno, with chickens as the prizes, will be played each evening at the Grand saloon, opposite the city hall. (11-12-11)

CRYSTANTHEMUMS. We extend to all an invitation to our crysanthemum opening. We have the finest lot of crysanthemums ever grown in this part of Michigan; also an especially nice line of cut flowers and house plants. The Stafford Greenhouses, North Third street. (11-11-11)

I am prepared to take pupils in short-hand and typewriting. Call at 219 Blaker street any afternoon or evening for terms, etc. (11-4-104) MRS. L. LOWELL.

Our Nickel-Plated Safes Are Strong, Handsome and Useful.

We loan them to those who wish to save up small sums at home. For particulars write or call at the bank.
