### UPHOLDS HIS UNION

**MITCHELL STILL ON THE STAND AT STRIKE HEARING.**

**HIS CROSS-EXAMINATION SEVERE**

**YET HIS SKILLFUL INQUISITOR FAILS TO CONFUSE HIM.**

Demand for Recognition of the Miners' Organization the Bone of Contention and the Contest Will Be Resumed This Morning.

Scranton, Pa., Nov. 17.—In the presence of as many persons as could be jammed into the court room today, Wayne MacVeagh, for the Erie company, and John Mitchell, for the miners, continued a brilliant battle of cross-examination before the strike commission. The two men, the one in his thirties, the other in his seventies, were followed with intense interest by both commissioners and crowd throughout the day, and the contest will be resumed in the morning.

Attorney Lauds the Witness.

The fourth demand of the union, which calls for a yearly trade agreement and which means straight recognition of the union, was the bone of contention, and although four hours were taken up in the discussion of the question not much material progress was made. MacVeagh, skilled in the art of cross-examination, attempted to show the utter responsibility of the union and its inability to make contracts which it could not live up to. His principal argument was the alleged boycott, and he often hard-pressed the miners' president for answer. The latter, however, slowly and deliberately gave his replies, but they did not always satisfy his inquisitor.

Mr. MacVeagh, in the presence of the assemblage, expressed his admiration of the ability of the witness, and on one occasion, when Mitchell parried a question regarding the boycotting of a coal and iron policeman by a hotel keeper, the distinguished attorney threw up his hands, laughed, and said: "Mr. Mitchell, you are the best witness for yourself that I have ever confronted."

Alludes to Reign of Terror.

MacVeagh weighed heavily on what he said was a reign of terror in the anthracite region during the strike, citing the number of persons killed and injured, and presented a long list of alleged acts of violence and intimidation, maintaining it was impracticable for the companies to make an agreement. Mitchell maintained that the discipline was good as it possibly could be with 147,000 men involved, and denied that the strikers were responsible for all the acts of violence. The miners' president, no matter how skillfully he was questioned, could not be dragged into a flat admission that he, as president of the union, approved of the boycotts complained of by the companies.

The attorney examined Mitchell regarding the eight-hour demand and referred to the fact that Abraham Lincoln, James A. Garfield and William McKinley worked more than eight hours a day and were thus enabled to climb the ladder to the presidency. MacVeagh's element in the course of putting one of his questions to Mitchell regarding the martyred presidents, and added: "I only mention these because they are the three victims of the spirit of anarchy, which is the curse of this country today and the only serious cause affecting it."

Mitchell, quick as a flash, came back with the inquiry: "Trade unions are not held responsible for it, are they?" to which MacVeagh quickly responded that they were not and supplemented this with the remark that labor unions are most desirable. The bringing of the word "anarchy" into the examination caused a distinct murmur of disapproval from many miners in the court room.

Mitchell Denies a Statement.

In reply to MacVeagh's questions, Mitchell said he had never stated it was none of his business what additional cost the people will have to pay for coal if additional cost is the immediate result of the miners' demands; that was something entirely beyond the miners' control, he stated. There are five hundred thousand persons in the anthracite fields who are starving, and it is their fundamental right to ask for living wages in return for their labor.

Concerning the matter of the protection of properties during the strike, Mitchell insisted that the city, county and state authorities were competent to handle the matter. Regarding the eight-hour day question, he said the union favored a maximum of eight hours, but would accept whatever award the commission makes, the award taking precedence of the laws of the union.

The fact was brought out that Mitchell had a telephone conference with Senator Hanna just previous to the settlement of the strike of 1900, in which the senator told him the operators had decided to make an offer of a 10 per cent advance. He believed the fact an election was pending had something to do with the settlement.

The commission has decided to invite representatives of the Illinois Coal Operators' association to appear before the commission and tell of the conditions in that state under the system of yearly agreements with the union. The investigation is moving so slowly that the commission will probably suggest that the attorneys agree upon a plan to expedite it.

Non-Unionists File Their Case.

The non-union mine workers, through their attorneys, tonight filed a statement of their case with the strike commission. When the commission was

created it was not expected a third party would be injected into the investigation. On Friday the non-union men employed during the strike asked whether they could present their case. The commission decided it would have to know what case they had before determining their status. Today they presented their statement.

They ask for a similar increase asked by the union men; for the right to work as many hours as opportunities afford; protest against making an agreement between the operators and union that affect the wages or conditions of the union; protest against an agreement that may make it impossible for non-union miners to earn a living; insist that the union men shall be required to desist from annoying the non-union miners and their families; protests against union men being favored, and asks protection against intimidation and violence.

### RUSSIANS ROUT JAPANESE.

**In Fight at Vladivostok, Three Sealers Are Killed and Schooner Seized.**

Victoria, B. C., Nov. 17.—Sealers who arrived here today tell of the seizure of the Japanese schooner *Chetose Maru* at Vladivostok, where she called for water. Boats with armed Russians put off from shore to seize the sealer and a fight ensued. The Japanese captain first fired a bomb gun. The Russians replied with rifles and the sealers used sealing guns. Three Japanese were killed and the schooner was seized. The other members of the crew were imprisoned at Vladivostok.

News is also brought that an unknown Japanese schooner was sunk off being seized by the Russian cruiser *Yakutsk* off Copper islands.

### LABOR ROW STIRS

**SHAFFER'S CHARGES COME UP IN FEDERATION CONVENTION.**

**COMMITTEE NAMED TO INVESTIGATE**

**FULL INQUIRY COURTED BY PRESIDENT SAMUEL GOMPERS.**

**Is Accused by Leader of Steel Workers of Having Refused Aid in Strike Against the Trust and of Secretly Helping the Latter.**

New Orleans, Nov. 17.—Either Theodore Shaffer, president of the Amalgamated Association of Iron, Steel & Tin Workers, or Samuel Gompers, president of the American Federation of Labor, is destined to pass under a cloud. The eclipse may be temporary and the man who goes under may emerge at some other time, but an eclipse there will be for one or the other. It is a fight to the finish, and at present the odds favor Gompers.

**Echo of the Steel Strike.**

The trouble, which so suddenly came to a point in the convention of the Federation of Labor this morning, is an echo of the strike against the United States Steel company fought and lost last year by the Amalgamated association under the leadership of Shaffer. At that time Shaffer's charges were that Shaffer did not hesitate to utter charges of a serious nature against Gompers, as well as against John Mitchell and Frank Sargent. He asserted that the organizations over which these men presided had, while listening to the advice of their leaders, refused to lend a helping hand to the Amalgamated association and had even fought against it in the dark.

The charges were leveled at Gompers in particular, and a secret circular issued by Shaffer containing them came to Gompers last fall. He made a reply, declaring he had acted in good faith toward the Amalgamated. The matter rested until today, when it was brought up by a delegate representing the Amalgamated, who asked consent to introduce a resolution relating to the charges against Gompers.

Upon the invitation of Gompers, Delegate Wilson, of the Mine Workers, took the chair. The resolution was then read. It recited Shaffer's charge and asked the federation to appoint a committee to investigate. A delegate objected to the admission of the resolution after it had been read.

Instantly Gompers and Shaffer started toward the platform. Gompers spoke first, urging the delegate to withdraw his objection. This was done. Then Gompers faced the convention and asked that prompt action be taken. Shaffer said, "I ask, I urge, yes, I demand, the fullest investigation of these charges."

Shaffer Caught Unawares.

A motion was adopted for a committee of five—Gompers to name two, Shaffer two and the four a fifth—to investigate the matter. This committee was named immediately and began its work at once.

The general opinion among the delegates is that Shaffer is not an adequate witness. The investigation came upon him as a surprise, he having no knowledge of the matter until just before the convention opened. Whatever proof of his charges he may have elsewhere, he has, by his own admission, none with him. His only reliance to uphold the burden of proof which is on him, is his personal narrative of the steel strike of 1901.

Shaffer said after the convention that he had no intimation of the resolution would be introduced, and that it looked to him as if Gompers and Delegate Sheridan, who introduced the resolution, "were in collusion and by forcing me to bring charges, which they think I cannot substantiate, to discredit me before the members of the Amalgamated association." He also said he tried to prevent Sheridan's election as a delegate.

Gompers declared that the charges cannot be upheld, insisted that he had always upheld organized labor, denied any collusion between himself and Sheridan, and welcomed the investigation.

Delegate Sheridan also denied he was not acting with Gompers. He said he is not an admirer of Gompers and would vote against him for president even if he was the only candidate.

**BEAUTY SPECIALIST IN JAIL.**

Her Medicine Contains Arsenic and Killed an Illinois Woman.

Pooria, Ills., Nov. 17.—Mrs. Rosetta Etzler, a "beauty specialist," was arrested today, charged with the death of Mrs. Hattie Hart at Pekin. A witness testified that "Dr." Etzler induced Mrs. Hart to purchase a bottle of "beauty medicine." This, it is alleged, is composed largely of arsenic and, taken in excess, is a virulent poison.

**RICHEST CARGO EVER CARRIED.**

Train of Silk Valued at \$10,000,000 Moving East Over Canadian Pacific.

Winnipeg, Man., Nov. 17.—A train of silk, consisting of thirteen cars, passed through the city today on its way from the Orient to Boston, New York and European ports. It is probably the richest cargo ever carried over the Canadian Pacific, its value being \$9,750,000.

**YANKEE FIRMS GET CONTRACTS.**

St. Petersburg, Russia, to Install a Model Telephone System.

St. Petersburg, Nov. 17.—An American firm was today awarded a million dollar contract to construct twenty miles of underground tubes in this city.

St. Petersburg is preparing to install a model telephone system. A Chicago firm has secured the contract for the switchboard.

**MEDICAL STUDENTS FIGHT DUEL.**

One Wounded in Affray Resulting from Remark About Woman.

Chattanooga, Tenn., Nov. 17.—Andrew J. Harness of Ohio and W. H. Downey of Alabama, students at Grand Medical college, fought a duel this morning. Harness was shot in the abdomen. Downey was unharmed. No arrests have been made. The duel was the result of a remark Harness made about a woman.

**DIDN'T KNOW GUN WAS LOADED.**

Pulaski (Iowa) Boy Kills a Younger Brother in Play.

Ottumwa, Ia., Nov. 17.—John Mavingo, aged eighteen, today shot and instantly killed his brother, Laevy, aged eleven, near Pulaski. He playfully pointed the weapon and pulled the trigger, not knowing the gun was loaded.

**NOT IN RACE FOR SPEAKER.**

Utica, N. Y., Nov. 17.—Congressman Sherman today sent a letter to the Republican members of congress from New York, saying he is not a candidate for the speakership.

### WIFE PLANS DIVORCE.

**Mrs. Roland Molinoux Takes Up Her Residence in South Dakota.**

Sioux Falls, S. D., Nov. 17.—Mrs. Blanche Chesebro Molinoux has arrived here from New York. She refuses to be interviewed, but friends say she has come here to establish a residence.

**Causes Surprise at Residence.**

New York, Nov. 17.—A dispatch from Sioux Falls today, announcing Mrs. Roland B. Molinoux's arrival there to take up her residence, was shown to General Molinoux and he was asked if his daughter-in-law intended to get a divorce. "I have nothing to say," said he.

Mrs. Molinoux's absence from court during her husband's last trial revived the rumors of family differences, but she went to the Molinoux residence in Brooklyn a few hours after her husband was acquitted and remained until the next morning, when she returned to New York, where she had been staying. She was there an hour or two and then disappeared.

Ex-Judge Oleott, of Molinoux's counsel, said the news from Sioux Falls was a surprise to him, because the differences between Mrs. Molinoux and her mother-in-law had been settled and family relations, as far as he knew, were amicable.

The general paid the expenses of his son's wife all the while his son was in prison, and last week he made a public statement about his daughter-in-law in which he said, "She is as good and pure a woman as breathes." He said he had traced all the stories concerning her and had found they were false.

### GRUESOME FIND IN NEVADA.

**Skeletons at Arsenic Spring Reveal Fate of Party of Prospectors.**

San Bernardino, Cal., Nov. 17.—A party of prospectors, headed by Henry Arnel, has arrived here, bringing word of the discovery in the Timber mountains, southern Nevada, of the remains of several people supposed to have been a party of prospectors. The exact number is not given. They had apparently been poisoned by water from a spring around which the skeletons lay. The cause of death was soon revealed. No sooner had members of Arnel's party drank from the spring than they were seized with cramps, some of them suffering intensely. Samples of water brought to this city and analyzed were found to be heavily charged with arsenic.

**IS FINDING BEARS SCARCE.**

President Has Yet to Have His First Shot at Bruin.

Smodes, Miss., Nov. 17.—The bears in the swamp country around the president's camp seem to have effected a successful combination to prevent the president having a single shot. The only bear the dogs started today fled at the first alarm and did not stop running until he reached the cane brakes some miles from camp, where he was killed by another hunter. The president did not hear the dogs after they struck the trail. The president takes his first luck good-naturedly.

**HUNDREDS OF LIVES LOST.**

Destruction of the Volcano District in Guatemala Is Complete.

Panama, Nov. 17.—Passengers from Central America report the complete destruction of the territory surrounding the volcano of Santa Maria, Guatemala, in consequence of the recent eruption. Adjacent villages, rich coffee plantations, with over \$300,000 worth of coffee stored in bags, and hundreds of lives were lost. The censorship established in Guatemala makes it impossible to get exact news regarding the situation.

**VIOLENT ERUPTION IN HAWAII.**

Volcano Especially Active Since Martinique Horror Bursts Out in Fury.

Honolulu, Nov. 17, via San Francisco, Nov. 17.—A wireless message received here this morning from the island of Hawaii states that the volcano of Killawee has broken out in its most violent eruption. For the past twenty years, Killawee has shown mild intermittent activity, especially since the outbreak of the volcano in Martinique which overwhelmed St. Pierre.

**DRINKS POISON AND DIES.**

Daughter of Illinois Circuit Judge Ends Life by Suicide.

Belleville, Ills., Nov. 20.—Miss Blanche Wilderman, aged twenty, daughter of Judge Wilderman of the circuit court, committed suicide tonight with carbolic acid. No reason is assigned.

Bloomington, Ills., Nov. 17.—Roy Rogers, aged nineteen, a high school student of Clinton, committed suicide tonight by shooting himself with a rifle. Overstudy is said to be the cause.

**DETROIT GRANDSTANDS UNSAFE.**

Michigan-Minnesota Thanksgiving Game to Be Played at Ann Arbor.

Detroit, Nov. 17.—Athletic Manager Paul of the University of Michigan, announced this afternoon that the Michigan-Minnesota Thanksgiving Day game, which will decide the championship of the West, will be played in Ann Arbor. An expert representing both clubs pronounced the grandstands in Detroit unsafe, hence the decision not to play there.

**LOST IN PLAYING THE RACES.**

A. B. Lamb, Detroit Clerk, Arrested for Embezzling \$4,000.

Detroit, Nov. 17.—Albert B. Lamb, aged twenty-six, a clerk in Jackson's mortgage and loan office, was arrested today, charged with embezzling \$4,000 from his employers. He lost the money in playing the races.

**ASK RAILROADS FOR INCREASE.**

Engineers on St. Paul and Northwestern Demand Higher Wages.

Chicago, Nov. 17.—The engineers and firemen on the entire St. Paul system today submitted a demand for increased wages and an entirely new schedule. The same classes on the Northwestern have made similar demands. The increases demanded range from 10 to 20 per cent.

**Lake Shore Switchmen Get Raise.**

Cleveland, Nov. 17.—The Lake Shore railway today announced an advance of 10 per cent in the wages of all switchmen outside of Chicago. A thousand men are benefited.

**BANDITS RAID SALOON.**

Proprietor Is Slain and Customers and Cash Drawer Robbed.

St. Louis, Nov. 17.—At East Carondelet, across the river, two highwaymen entered the saloon of Nick Boismenne tonight, killed Boismenne, robbed four customers and the cash drawer and escaped. Four men were standing at the bar when two masked men entered and commanded, "Hands up." Boismenne gave battle and was shot to death. The customers were then robbed at the point of revolvers and then followed the looting of the cash drawer. The robbers escaped over the Illinois Central on a hand car.

PATRIOTISM

The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism can withstand hunger but not dyspepsia.

The confirmed dyspeptic "is fit for treason, stratagems and spoils." The man who goes to the front for his country with a weak stomach will be a weak soldier, and a fault finder.

A sound stomach makes for good citizenship as well as for health and happiness. Diseases of the stomach and other organs of digestion and nutrition are promptly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery.

"After I received the advice which you gave me in regard to my treatment," writes Geo. Dorner, Esq., of 1035 Pulaski Street, Baltimore, Maryland, "I used your 'Golden Medical Discovery' according to directions. After using four bottles I considered myself cured, as I have not felt any symptoms since."

The dealer who offers a substitute for the "Discovery" is only seeking to make the little more profit realized on the sale of less meritorious preparations. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps.

First National Bank Of Marquette Mich. Organized January 22, 1864. CAPITAL AND SURPLUS, \$200,000. DESIGNATED DEPOSITORY OF THE UNITED STATES.

Marquette National Bank, Marquette, Mich. Capital, \$100,000. A general banking business of discount and deposit transacted. Exchange sold on all parts of the world.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.) Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

President Roosevelt has a very happy faculty of putting a big thought into an attractive paragraph. What he said in his speech at the Chamber of Commerce dedication about our desire to help, not to hinder, Cuba to stand alone, if Cuba would show fair conduct toward the rest of mankind, is a case in point.

After all, the thing that lies nearest the heart of a people is what brings out their enthusiasm. There were not any popular parades when the Cuban congress assembled or when it was discovered that there was no more yellow fever in the island or that smallpox had been driven out, but there was a parade the other day and it would have been a big one had it not been for the rain.

The Philippines commission seems determined to knock all the poetry out of highway robbery. In vain will that amusement masquerade hereafter as a patriotic fight for liberty.

The American Bankers' association, which assembled in New Orleans, took a conservative position in regard to banking and currency reform. A resolution favoring measures for "imparting a greater degree of elasticity to the currency system, to make it responsive to the business demands of the country" was passed.

President Eliot of Harvard and Dr. Hillis are coming in for round criticism for their recent utterances in connection with strikes. The president classed the non-union strike breaker as a type of American hero and Dr. Hillis expressed something of the same sentiment.

THE SUPERIOR TRUST COMPANY HANCOCK, MICH. CAPITAL \$150,000. SURPLUS \$30,000. As Executor, Administrator, Guardian, Assignee, Receiver, Trustee, Registrar and Transfer Agent.

President Mitchell, of the Mine Workers' union, with his accustomed good sense, refused to comment on them, but his followers were not so backward and their arrangements of Messrs. Eliot and Hillis are scathing and severe, and at the same time largely just and well founded.

Henry Clews, in his weekly letter, remarks that liquidation has considerably improved market conditions. Compared with the highest points for the past two years, stocks have undergone a remarkable decline.

The improvement in the situation has not been entirely confined to the market, as considerable relief is observed in monetary circles; call money is easier, and bank reserves are rising as a result of the forced contraction in loans.

With reference to the decline in Amalgamated from 130 to under 54, a shrinkage of nearly \$120,000,000, the Boston News Bureau says: "The original Boston & Montana who received four shares of Amalgamated for one share of Boston & Montana, and who is still a holder of the new shares received in exchange, finds his Boston & Montana, which once had a market value of above \$500 per share, worth the equivalent of but \$218 per share."

Outside of the money market the situation is fairly satisfactory. There is little occasion for concern beyond the fact that high prices are beginning to check new enterprise, and declining profits are certainly becoming more numerous.

The future of the stock market depends largely upon the tactics of the big bankers and capitalists who engineered the recent decline, chiefly by bringing about a wholesale readjustment of values and incidentally to curb the power of reckless speculators whose operations were a menace to the entire street.

Easy to Take Easy to Operate Hood's Pills Because purely vegetable—yet thorough, prompt, healthful, satisfactory.

MINING NEWS

Work has been commenced on opening the mine, and the dam at the mill site on the Victoria property, a distance of a little more than a mile, says the Ontonagon Herald. A large number of teams and a big crew of men are employed and the work will be pushed.

The dam has been thoroughly tested and it is filling all requirements. There is not a weak spot in the whole structure and it is of a character which will last for many years.

The Victoria and Michigan have yet to make their first pound of refined copper under the present companies. They have produced mass and barrel copper, taken out in the course of regular development work, but actual milling operations have not yet been inaugurated.

Within a good hot water bottle and apply it to the frigid section of the bed, down near the foot, and you will pass the winter devoid of the terrors of cold feet.

**HIT BY SILVER SLUMP**

**PHILIPPINE GOVERNMENT LOSES A MILLION IN SIX MONTHS.**

**GOLD BASIS URGED BY TAFT**

**DECLARES IT ONLY REMEDY OF THE PRESENT CONDITIONS.**

**Cut in Tariff Rates to Stimulate Trade With United States and Admission of Chinese Labor Also Recommended by the Governor.**

Washington, Nov. 17.—The report of the Philippine commission will not reach Washington before a month, but a synopsis has been called to the war department for Secretary Root to use in his annual report. This brief abstract will not be made public until the secretary's report is published. It is known, however, that the commission will make strong recommendations regarding currency, which at present is in a deplorable state.

The continued depreciation of silver currency has caused a loss to the Philippine government estimated at about a million dollars during the past six months. The commission believes that the currency must be established on a gold basis as the only safe and sure way in which the financial affairs of the islands can be put in order.

Judge Taft has always favored further tariff concessions to the Philippines, and it is believed he recommends that the rate of 75 per cent of the Dingley rates be made 25 per cent in order to encourage commerce between the islands and the United States. The governor believes also that the commission should be allowed discretion in the matter of admitting Chinese labor.

Secretary Root is not disposed to have many changes made in the present Philippine law, as he believes sufficient time should be allowed to see whether the conditions will not adjust themselves in a satisfactory manner.

**FILIPINO TEACHERS ARE NEEDED.**

**Millions of the Densely Ignorant Must Be Taught by Educated Natives.**

Manila, Nov. 17.—An impartial observer who has been investigating the perplexing question of the education of Filipinos has come to the conclusion that it must be accomplished through natives previously educated in the United States. In describing the present condition of the people mentally and morally he quotes Governor Taft, who says that not 10 per cent of the people of the Philippines speak Spanish and the remaining 90 per cent are densely ignorant, and are subject to imposition of all sorts. There are, then, not less than 7,200,000 of these densely ignorant in the islands. The enlightenment of these millions is considered the hardest task America has ever undertaken. They must be educated, but the observer declares that it is becoming harder and harder to find American teachers to take up the work.

In this connection comes the federal party with a petition, now being considered in council and shortly to be presented to Governor Taft and his associates on the commission. As it stands today the petition is in a rough state, but the general opinion of the members favors the asking of the following concessions:

"Select 200 of the brightest lads in the islands and send them to the United States for a four years' course at the various universities. Before their departure from the Philippines secure their signatures to a contract with the government whereby they bind themselves to return to the islands and enter upon the duties of teaching school for a period of years to be determined upon later. The pay for the teachers is to be placed around the figure of \$100 (Mexican) a month.

It is suggested by the leaders of the federal party that each student could live and pay tuition at a cost not exceeding \$450 per year. To this would have to be added \$70 for the first and fourth years necessary for transportation going from and returning to the islands. The figures on this basis would be brought up to a total of \$402,000 gold as the cost of the experiment. It is considered unlikely that Governor Taft will approve the petition.

The federal party, however, is the only organization of natives which has received the public approbation of Governor Taft.

**GIVES \$50,000 FOR MISSION WORK.**

Chicago, Nov. 17.—Dr. D. E. Pearson tonight offered the Congregational club \$50,000 for city mission work conditioned on the club raising a hundred thousand dollars. The offer was accepted.

**LAUDS HIS AMERICAN WIFE.**

**Secretary Chamberlain Pays Her High Tribute at Banquet in His Honor.**

London, Nov. 17.—Colonel Secretary Chamberlain received an ovation tonight at Birmingham, where a farewell banquet on the occasion of his departure for South Africa was given in his honor. Members of parliament who numbered all parties joined in the demonstration, as the affair was of a non-political character. Responding to a tremendously enthusiastic welcome, the secretary paid an affectionate tribute to his American wife, whom he declared had sustained him by her courage and cheered him by her sympathy. He had found in her his "best and truest counselor." On the conclusion of Mr. Chamberlain's speech, there was a torch-light procession and a display of fireworks.

**FATAL ROW OVER BOARD MONEY.**

Madison, Wis., Nov. 17.—John Davenport, proprietor of a students' boarding house, shot Charles Olmquist, a student boarder, this afternoon and then shot himself, dying almost instantly. Olmquist was taken to a hospital. He will live. His home is at Charles City, Ia. Davenport started the trouble over Olmquist's board money, which he accused his wife and Olmquist of withholding.

**Dispute Over Wages Ends in Death.**

Decatur, Ills., Nov. 17.—Frank Lemar, a farm hand working for C. E. Atterberry, was shot today by his employer and is expected to die. The men quarreled over wages. Atterberry, who was arrested, says he fired in self-defense.

**ASHES OF COLUMBUS REMOVED.**

Seville, Spain, Nov. 17.—The ceremony of depositing the ashes of Christopher Columbus in a special mausoleum was carried out in the cathedral here today. The coffin containing the ashes was borne on the shoulders of a party of naval seamen and behind it walked in procession the Archbishop of Seville, the cathedral chapter, the minister of the marine and other dignitaries. After mass the captain general of Cadiz and the archbishop took charge of the coffin and it was deposited in the mausoleum, where it will remain permanently.

**WILL TREAT WITH TENANTS.**

London, Nov. 17.—The poll of Irish landlords undertaken by a committee interested in the Irish agrarian question on a proposal to call a conference of landlords and tenants with a view to the sale of the land to the latter, has resulted in the vote of 1,128 to 578 in favor of holding the conference, for which arrangements will be proceeded with immediately.

**FIERCE BATTLE IN COLOMBIA.**

San Jose, Costa Rica, Nov. 17.—According to news reaching here through Colombian revolutionary sources, a battle has taken place between Colombian government and insurgent forces at Agua Dulce, and the government gunboats Chucur and Bogota are on their way hither to convey back with them the war vessel Poas. The Bogota, according to reports, is now on her way back to Panama in a disabled condition as the result of an engagement at Agua Dulce. Five officers and fifteen of her crew are said to have been killed.

**CHAFFEE AND WRIGHT IN CHICAGO.**

Chicago, Nov. 17.—Major General Adna R. Chaffee and Vice Governor Jesse E. Wright, of the Philippine islands, arrived here this morning. The greater part of the afternoon was spent in a visit to the stock yards. The entertainments tonight were a dinner at the Auditorium Annex to the general and his companions by the Union League club's reception committee, and a visit to the theatre. Governor Wright was not present, as he left tonight for Memphis, where arrangements have been made for him to meet President Roosevelt.

**DOUKHOBOR ARDOR IS COOLED.**

Winnipeg, Man., Nov. 17.—Immigration Officer Roy, who assisted in driving the Doukhobor horde back to their villages, arrived today and says there was great rejoicing on the return of the Doukhobor men. The women, since being separated from the men, appear to have cooled in their frantic ardor and are quite contented to remain at home.

**DISASTROUS FIRE IN ALABAMA.**

Birmingham, Ala., Nov. 17.—As a result of a fire and an explosion in the freight depot of the Southern railway at Pell City, fifty miles east, this morning, two men were killed and ten injured and ten business houses, including the Pell City Hotel, were wrecked.

**FORECAST OF THE WEATHER.**

Washington, Nov. 17.—The following is the weather bureau's forecast for Upper Michigan: Showers Tuesday and probably Wednesday; warmer Tuesday; fresh southeast to south winds.

**TO CURE A COLD IN ONE DAY.**

Take Laxative Bromo-Quinine Tablets. This signature, E. W. Grove, on every box. 25c.

**REFORM IN MAILS**

**ASSISTANT POSTMASTER GENERAL MADDEN URGES CHANGES.**

**REVISION NEEDED IN SECOND CLASS**

**ONE-CENT LETTER POSTAGE UNLIKELY AT AN EARLY DATE.**

**A Three Million-Dollar Deficit in Postal Service This Year, Though Entirely Due to the Expenditure for Rural Delivery.**

Washington, Nov. 17.—Edwin C. Madden, third assistant postmaster general, in his annual report recommends the establishment of the following new postage rates:

Four cents per pound for all publications now admitted to second-class mail, except daily, tri-weekly, semi-weekly and weekly newspapers in the general understood sense of the word "newspaper." This rate is to be paid on bulk weight without regard to number of pieces, the same as now is the case under the pound rate.

The consolidation of third and fourth-class mail matter, and that the postage thereon be at the rate of one cent for each two ounces or fraction thereof, to be prepared by stamps affixed.

Concerning the public impression that one-cent postage is probable in the near future, Mr. Madden says it is altogether too soon to consider the reduction of the letter rate postage on the mere basis that reforms in the second-class mail matter will save enough to the government to compensate it for the loss of revenue through the reduction of the letter rate.

Mr. Madden recommends that congress be requested to pass a law allowing the reply envelope and the reply postal card service under a plan for the collection of the postage at the place of delivery rather than at the place of mailing.

The official concludes by stating that nearly four million dollars were expended during the year on account of experimental rural free delivery, and that had it not been for this postal service for the fiscal year would have been self-sustaining and have had more than a million dollars to its credit.

**SHIP SUBSIDY BILL OPPOSED.**

**National Grange States Its Position on Several Important Questions.**

Lansing, Mich., Nov. 17.—The committee on legislation reported today to the National Grange, favoring the extension of the rural mail system; the establishment of postal savings banks; the early completion of the Nicaragua canal; the building of a canal to connect the Mississippi, the Great Lakes and the Atlantic; the election of judges by popular vote; improved pure food laws; a constitutional amendment giving congress power to regulate and control all corporations and combinations of capital of a monopolistic nature, thus preventing the use of their corporate power to restrain trade or arbitrarily fix prices, and additional powers for the interstate commerce commission. The passage of the ship subsidy bill is opposed. The report was adopted. The report of Grand Lecturer Bacheider favors teaching agriculture in rural schools.

**FRISK HEADS THE LIST.**

Chicago, Nov. 17.—President Sexton of the Western league, gave out the averages of the players today. Holmes, of Des Moines, leads in batting, but he only played twenty-three games for an average of .398. Wright, of Omaha, is second, with .397 for sixteen games. The real leaders in the batting department are Frisk and Delehanty of Denver, who played the whole season and have averages of .373 and .350 respectively. Nichols, of Kansas City, leads the pitchers, with .704, and Kenna and Adkins, of Milwaukee, come next, with .739 and .714 respectively. Denver leads in club batting; Omaha takes the honors in fielding.

**A PESTIFEROUS GERM.**

Barrows Up the Scalp Into Dandruff and Saps the Hair's Vitality. People who complain of falling hair as a rule do not know that it is the result of dandruff, which is caused by a pestiferous parasite burrowing up the scalp as it digs down to the sheath in which the hair is fed in the scalp. Before long the hair root is shriveled up and the hair drops out. If the work of the germ is not destroyed hair keeps thinning till baldness comes. The only way to cure dandruff is to kill the germ, and until now there has been no hair preparation that would do it; but today dandruff is easily eradicated by Newb's Herpicide, which makes hair glossy and soft as silk.

**THE OLD RELIABLE**

**ROYAL BAKING POWDER**  
 Absolutely Pure  
 THERE IS NO SUBSTITUTE

**GERMAN VICTORY COMPLETE.**

**Samean Decision Against America and Great Britain on Every Point.**

Washington, Nov. 17.—The text of the decision given by King Oscar II, as arbitrator between Germany, the United States and England in the claims of Germans owing to the military operations conducted in Samoa in 1899, was received here today.

The preceding publications have not conveyed to the officials a full realization of the complete victory won by Germany, for it appears that on every single point the arbitrator has adopted a most extremely German view in opposition to the United States and Great Britain.

The question at issue was whether or not the British and United States government should be considered responsible for the losses. He holds that they are. In support of the decision he cites the Berlin treaty, whereby he states they could proceed only by common accord, and that their consular representatives had recognized the provisional government of Mataafa and were bound to maintain the situation until changed by common accord. The action of the British and American authorities tending to overthrow the provisional government is held contrary to their obligation.

The arbitrator finds nothing in the evidence to sustain the British and American contention that their military action was warranted, and therefore holds them responsible for the losses resulting from such military action.

**STOCK MARKET IRREGULAR.**

**Feature Is Manhattan, Which Gains Five Points on Heavy Trading.**

New York, Nov. 17.—The stock market presented few if any marked characteristics today. The feature of the early trading, as well as of the entire day, was Manhattan, which was exceptionally strong and active, making a net gain of over five points on transactions that more than exceeded one-fifth of the day's total operations.

Considerable attention was drawn to St. Paul by reason of its rather irregular movements, and the stock closed with a slight loss. New York Central, which made an early gain of 1/2, lost much of its advance and Baltimore & Ohio fell off a point from the top. The other active railway issues that displayed heaviness included the Pacific group, the pressure against Union Pacific at one time being very marked. In the special class, Colorado Fuel, United States Steel, American Smelting, Sugar and a few others were steady. Sugar making a material net gain. Call money was as high as 6 per cent and as low as 3 1/2, but the bulk of the loans were at 4 1/2 with the attempt made Saturday by Rubino of Cleveland and "Young" Mcwatt of Chicago went six rounds to a draw.

**Range of Money Rates.**

Money on call, firm, at 3 1/2@6 per cent; closing, bid and offered at 4 per cent. Prime mercantile paper, 5 1/2@6 per cent. Exchange, steady, demand at 487 and sixty days at 483. Bar silver, 49.

**CHICAGO GRAIN MARKETS.**

Chicago, Nov. 17.—There was a fair trade in wheat today, within 1/4@3/4 range. The feeling was firm early, weakened later and rallied again sharply toward the close. The final figures being at the top and 1/2@3/4 higher than Satur-

day. Firm cables, the bulge in corn and unfavorable weather were bull helps at the start. Buying of December by warehouse interests was a feature, the Northwest selling May against such purchases. Liberal receipts, indications of better weather in the Northwest, a large increase in the visible and liberal world's shipments checked the upward tendency. The visible increased 1,993,000 bushels against 1,718,000 a year ago. Locals sold May at the advance, around 76, and the price settled back to 75 1/2, but rallied and closed at 76 1/4. Liverpool was 1/2 @ 3/4 higher. December opened at 75 1/2 @ 3/4; highest, 75 3/4; lowest, 75 1/2; closing, 75 3/4.

In corn there was a fair trade in December and a large business in May. The feeling was firmer, the former option closing 2 cents higher and the latter 1/4 @ 3/4. Wet weather, strong cables, small receipts, poor grading and bull statistics were the chief influences. The visible decreased 685,000 bushels against an 485,000 bushels last year. Liverpool was 1/4 @ 3/4 higher. On the advance locals sold considerable, a good deal of May also coming out around 42 1/2. December opened at 53 1/4 @ 3/4; highest, 53; lowest, 53 1/4; closing, 55.

Oats were more active, sympathizing with other grains and closing at the top with gains of 1/4 @ 3/4. The feature was selling of May by large local holders and scattered buying. The receipts and shipments were as follows: Receipts, Shipments.  
 Flour, barrels, 25,000 25,000  
 Wheat, bushels, 127,000 55,000  
 Corn, bushels, 152,000 241,000  
 Oats, bushels, 287,000 357,000

**ENGLISH SUSPECT RELEASED.**

Brussels, Nov. 17.—The police today arrested an Englishman, a labor leader, on suspicion of having been connected with the attempt made Saturday by Rubino of Cleveland and "Young" Mcwatt of Chicago went six rounds to a draw.

**SHOULD BEWARE OF DUDES.**

**Chicago Preacher Also Warns Girls Not to Marry "Dead-Game Sports."**

Chicago, Nov. 17.—"Beware of dudes, girls," said the Rev. D. F. Fox in a sermon preached for the benefit of the marriageable young women of the California Avenue Congregational church, last evening. "Dudes are triflers. They are giggling jumping-jacks. All they know how to do is to throw cigarette smoke into their hollow heads in a hopeless chase after brains and to convert their nostrils into smoke stacks." After Dr. Fox had said a great many other uncomplimentary things about dudes, he told the young women of his congregation there were other kinds of young men they should avoid as well when seeking a husband, such as the "dead-game sport," the young man who promised to reform after marriage but never did so. Dr. Fox said, and the young man who "didn't believe in religion." Marriage with any of these would surely wreck a girl's life, said the pastor. Then Dr. Fox described to the young women present the kind of young men that made the best husbands, thereby causing the escorts of the young women to feel extremely self-conscious. "He should attend church," affirmed the pastor. "If he attends your church, so much the better. He should also be a young man of character—of too much character to spend upon you more than he can afford. In conclusion, don't marry even the nicest young man unless you are desperately in love with him."

**ROADS AGREE TO BOOST RATES.**

Chicago, Nov. 16.—The Western traffic officials agreed today to advance, on Dec. 15, the rates on wheat and corn from points west and southwest from the Missouri river to the east and from the Missouri river to the Gulf two cents per hundred pounds. The new rates apply to export business only. It is understood a similar advance on eastbound rates on grain from Chicago and the Mississippi will be made by the eastern roads.

**LARGE COMMISSION HOUSE FAILS.**

Marshalltown, Ia., Nov. 17.—Boardman Bros. of Nevada, one of the largest commission houses in the state, assigned today. The liabilities are estimated at \$150,000, with the assets about the same. The Des Moines Savings bank is the largest creditor, but is secured by real estate. Other creditors are the First National bank of Nevada, for \$50,000 and the Farmers' bank of Nevada, for \$15,000.

**Chicago, Nov. 17.—Clarence Forbes won the decision over Johnny Regan of New York after six rounds of fast fighting tonight. In the same ring "Crocky" Boyle of Philadelphia sparred six rounds tonight. Boyle's staying qualities surprised everybody who saw the fight.**

**ITCHING HUMOURS**

**Complete External and Internal Treatment, One Dollar.**

**CUTICURA**

The set, consisting of Cuticura Soap, to cleanse the skin of crusts and scales, and soften the thickened cuticle, Cuticura Ointment, to instantly allay itching, irritation, and inflammation, and soothe and heal, and Cuticura Resolvent Pills, to cool and cleanse the blood, and expel humour germs.

A Single Set, price \$1, is often sufficient to cure the most torturing, disfiguring skin, scalp, and blood humours, rashes, itchings, and irritations, with loss of hair, when all else fails.

**MILLIONS USE**

CUTICURA SOAP, assisted by CUTICURA OINTMENT, the great skin cure, for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, for itchy rashes, itching, and chafings, and for all the purposes of the toilet, bath, and nursery. Millions of Women use CUTICURA SOAP in the form of baths for annoying irritations, inflammations, and excoriations, or too free or offensive perspiration, in the form of washes for ulcerative purposes, and for many sensitive, antiseptic purposes which readily suggest themselves to women, especially mothers.

CUTICURA RESOLVENT PILLS (Chocolate Coated) are a new, tasteless, odorless, economical substitute for the celebrated liquid CUTICURA RESOLVENT, as well as for all other blood purifiers and humour cures. Put up in pocket vials, 60 doses, price 25c.

**MUNISING NOW THE CAPITAL.**  
 It Became County Seat of Alger Last Wednesday Noon.

At noon Wednesday last, in conformity with a resolution passed earlier in the day by the supervisors, Munising became the county seat of Alger. The first meeting of the supervisors was held in the new court house Thursday. The furniture, records, books, etc., have been moved from An Train, and the county officers who have been living there have transferred their residence to Munising. The formal opening of the new court house will not occur until early in December, says the Munising Republican. The date will be announced later, together with a program for the day. It is proposed to make the event one of the invitation to "come" will be general. Judge Steere has already promised to be present. President W. G. Mather of the Cleveland-Cliffs Iron company will be here, and several other distinguished gentlemen will be invited.

Alger county's new county building is a credit to the county, to the village, to the Northern Construction company, the contractors from whom it has been accepted by the board of supervisors, to the architects, Charleton & Gilbert, and to the members of the board of supervisors, under whose administration the work has been done.

The building is a beautiful structure of Portage Entry red stone and Memomine pressed red brick. Its dimensions over all are 84 by 107 feet. There is a handsome bay window at each side of the court house proper and a massive portico at the front. There are three stories and the basement, and the building is capped by a large dome upon which stands a large statue of the goddess of justice. The distance from the ground to the top of the dome is about eighty feet. The work on the building has been well done and the supervisors are highly pleased with the painstaking manner in which every contractor has performed his contract. There can be no doubt but that the taxpayers of the county have got more than value received for every dollar that the new building has cost.

The court room proper is one of the most beautiful auditoriums in the country, for one of its size. The architecture of the room is Doric. It is 35 by 50 feet in dimensions and the ceiling is twenty-one feet high. There is a most artistic skylight in the ceiling through which penetrates a soft subdued light. There is a wainscoting seven feet deep finished in dark brown, while the walls are finished in Pompeian red. The wood work is stained old ivory. At one end of the room and over the judge's desk is a beautiful oil painting 6 by 18 feet representing Justice, supported by Peace and Plenty.

The entire building will be heated by steam, the system being installed by the Lake Superior Steam Heating company, of Ishpeming. The heat will be furnished by the direct system, except in the court room and jail, where there will be an indirect radiation which will furnish a good supply of fresh air. The interior woodwork of the building, except in the court room, is golden oak, very finely finished.

It would not do to fail to make mention of the beautiful interior decoration. The work is in entire harmony and the color combinations are very pretty. This work was done by the Associated Artists, of Milwaukee.

The furniture throughout the building is first class and is ornamental as well as useful. The office furniture is all of oak, and that in the court room is birch. The office furniture is all of the very latest and the various desks, tables, etc., are models of convenience. The two vaults are fitted with the best fixtures that money can buy. The furniture was purchased from the A. H. Andrews company, Chicago.

By the middle of this week the county officers will be well settled in their new quarters. If they appear "cheery" for a few days their friends surely will pardon them, for such fine offices naturally would cause one to have more than an ordinary amount of pride.

**AT THE OPERA HOUSE.**

Dr. Drummond Will Be Here the Evening of the 20th.

Dr. Drummond of Montreal, the well-known author, will give readings from his works at the opera house the evening of the 20th. Dr. Drummond is no stranger in Marquette, where he has been entertained by Peter White numerous times, and where he has also been heard in readings before. Last winter he entertained a large and enthusiastic assemblage at a literary evening at the Snow Shoe club, assisted by Henry Russell of Detroit, these two gentlemen being the guests of the club. The memory of this evening is still green and

pleasant in Marquette people's minds. Dr. Drummond's readings will be of his best and most characteristic poems in the French Canadian dialect, of which he is an inimitable master. "Johnny Conneau," "Lettie Lac Greenier" and other well-known gems will be included on the program. Dr. Drummond should be heard by a large audience.

**LOOK UP A LITTLE.**

Coppers Were a Shade Better in Tone Yesterday.

Paine, Webber & Co. said of the Boston market: "Coppers were a shade firmer in tone today, but were prevented from any decided upward movement by the irregularity and uncertain character of the New York market. There was a further decline of over 1,000 tons in the foreign visible supplies of copper during the first half of the month, reducing the supplies to the lowest point reached in a long period of years. This indicates that foreign consumers are using up supplies and waiting for lower prices. It stands to reason that they will be forced to buy at a higher level. Amalgamated is acting better. The best of the coppers should be bought."

Hayden, Stone & Co. said: "There was a better undertone to the market today, but coppers were not as strong as the New York market. The most of the trade now is in Copper Range and United States Mining. We think these two are the best to trade in. Just as soon as conditions warrant, Copper Range will sell at 60 or above."

**Advices Sales for a Turn.**

W. H. Laidley said of the Chicago market: "Influenced by a little stronger tone to the foreign markets and a better cash demand, the market opened slightly stronger, and continued to advance almost throughout the entire session, closing at the top, an advance of 1/2 cent over Saturday. The market has now reached a point where statistics cut very little figure, and prices should work higher. We have been consistent bulls since December wheat sold at 65%, but we think that, possibly, on any further bulge tomorrow we would take profits for a turn."

"Corn opened strong and the manipulation of the December option continues unabated, the close tonight being at the top figures of the day and a new record price for the option. We believe December corn is going to sell at 60, but it has now reached a price where, like wheat, it might be wise to take profits on any further bulge."

"Oats followed the course of the other markets, although they did not respond as rapidly as might have been expected. The receipts and estimates were good. We would buy oats on the breaks."

"Provisions opened strong and higher, upon 13,000 less hogs than estimated, and continued firm, closing at about the top prices. It has been extremely popular of late to sell provisions, and we believe there is a big short interest in that market which will be obliged to cover at higher prices. We, therefore, feel inclined to be bullish on provisions, for a turn."

**New York Market Strong.**

Walker said of the New York market: "The market today opened steady and slightly higher on better London advices. Some of the specialties were taken hold of and advanced, notably Manhattan and Fuel. The rest of the market held firm most of the day, and the buying seemed to be of a good character. In the afternoon there was some profit taking, and prices eased off a little, but before the close they braced and closed at nearly the best of the day. The tone of the market was better, and the short interest was probably increased on the advance."

**LUCK IN THIRTEEN.**

By sending 13 miles Wm. Spirey, of Walton Furnace, Vt., got a box of Bucklen's Arnica Salve, that wholly cured a horrible Fever Sore on his leg. Nothing else could. Positively cures Bruises, Felons, Cleers, Eruptions, Boils, Burns, Corns and Piles. Only 25 cents. Guaranteed by Stafford, drugist.

Thousands of Women Suffer, and Many Die, Owing to False Treatment.

**Paine's Celery Compound**

Never Fails to Banish Disease and Re-establish Lasting Health.

Thousands of women are kept in sickness for months and years owing to false treatment and the use of worthless medicines, and we are inclined to believe that Milton thought of this class of almost dying women when he said:—  
 "The angelic guards ascended,  
 and she died."

The common sense treatment of today for weak, rundown and suffering women, is Paine's Celery Compound. This marvelous medicine is spoken of in every part of the civilized world, and men and women of all classes derive new life from its use. M. Elizabeth Messick, of Marietta, Ohio, writes about her rescue from a low condition of physical weakness; she says:—  
 "Eight years ago I was most successfully operated on for an ovarian tumor, weighing twenty-five pounds. After the operation tonics and foods were used in vain to bring back strength. In some way Paine's Celery Compound came to the rescue, and it really seemed that four doses produced a change. I was then sixteen years old, and had three years more of school work. Your compound is the only thing I have to thank for strength during the last three years at school. Now, I am eight months of each year in the South in home mission-ary work among the freedmen. This last spring I would have had to give up, but one bottle of Paine's Celery Compound made me over again. My sister cured her eczema with Paine's Celery Compound. We recommend it to all."

**DIAMOND DYES**

for children's clothes are most serviceable. They color jackets, coats, caps, ribbons, stockings, as well as dresses. No other dyes equal Diamond Dyes in variety of uses they never disappoint. Direction book and 45 dyed samples free. **DIAMOND DYES, Burlington, Vt.**

**PLEASED BIG HOUSE.**

Neil Burgess Was Warmly Received Last Evening.

There was no mistake about Neil Burgess' welcome at the opera house last evening. It was gilt edged, eighteen karat fine. A full house was out to greet him, and it was in a mellow good humor until the fall of the curtain in the final scene. Much of the interest of the play centered in Mr. Burgess' work as Abigail Prue, a down east spinster; in fact it was almost the whole show. Without Mr. Burgess, it is a safe guess that "The County Fair" would be a good deal of a bore, but with him cast in the principal role it is highly and innocently entertaining. Mr. Burgess' Miss Prue is much more feminine than might be expected, and it is certainly irresistibly funny. The audience last evening was fairly fired out with laughing before the conclusion of the play. "The County Fair" is well staged, and the accessories leave little to be desired. The supporting company is exceptionally good.

**GOES TO CALIFORNIA.**

C. C. Jones Has Taken a Position With the Mountain Copper Company.

C. C. Jones left Saturday evening for the Pacific slope, where he goes to take a position on the staff of Lewis T. Wright, general manager of the Mountain Copper company, Keswick, Shasta county, Cal.

Mr. Jones, for the past three years, has been consulting engineer to E. X. Breitung, and engineer and manager of the Breitung mining interests in Michigan and Canada. He goes direct to Vancouver, B. C., where he will be engaged for some weeks in mine examinations. Thence he will go to Keswick, where he will make headquarters.

Mrs. Jones left some days ago for Augusta, Me., where she will visit her mother until after the holidays, when she will go to New Orleans to spend the carnival with Mr. Jones' family, joining him in California in the early spring.

Mr. Jones is well known among the mining men of the upper peninsula, and his departure, and that of his wife, is greatly regretted by their Marquette friends.

**CHAMPIONSHIP GAME SATURDAY.**  
Escanaba Notifies Superintendent Scribner That the Team Will Play.

The long deferred championship football game will be played here Saturday. The Escanaba managers have decided that by taking out large life insurance policies and wearing life preservers, they can trust themselves and the team to the tender mercies of the Ishpeming savages and yet live to tell the tale. The course is to be commencing Saturday afternoon. Superintendent Scribner telephoned Superintendent Joffe, asking the intentions of the team, whether it would play or forfeit the game. He received a reply that the team would come.

Business houses will probably be closed during the game, as there is hardly a person in the city who does not want to see the contest. And to give Escanaba every assurance and to represent any disorderly action by the rougher element of either town that might lead to disturbances, extra police officers will be sworn in and will be on hand in sufficient numbers to preserve peace strictly.

Special trains will be run from six points from which delegations are expected to come. It is said that Escanaba, aside from a crowd of several hundred, will bring along a band and if that is the case the City band will probably be induced to lend its services.

**The Cause of Many Sudden Deaths.**

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the kidneys themselves break down and waste away call by call.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to get up during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

**Chauncey Depew Says:**

"One can better afford to economize on their clothes, their pleasures, their home and office expenditures than on what they take into their stomach. Purity and variety are the essentials of a good meal," and Chauncey ought to know. Enough said.

**MRS. J. H. MORTLEY DEAD.**  
Wife of Wellknown Business Man Passed Away Yesterday.

Mrs. Eliza Mortley, wife of John H. Mortley, the Canada street tailor, died at an early hour yesterday morning. Pneumonia was the cause of demise. Mrs. Mortley had been ill only two weeks. During the latter part of last week and on Sunday she was much improved and it was expected that she would soon be able to leave her bed. A sudden change for the worse occurred Sunday evening, however, and death came within a few hours.

Before her marriage, Mrs. Mortley was Miss Webb of Negaunee, where she spent her girlhood days and where her parents and other members of her family still reside. She was married five and a half years ago and she leaves two daughters, one four years old and the other two. Her age was twenty-five years.

The funeral will take place from the house tomorrow afternoon at 1:30 o'clock. Religious services will be conducted at the Mitchell Methodist church, Negaunee, and interment will be in the Negaunee cemetery.

**CAUTION!**

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of Consumption and Throat and Lung troubles without losing its great popularity all these years, you will be thankful we have returned and will resume the German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light coughs perhaps, but for severe Coughs, Bronchitis, Croup—and especially for Consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25 cent size has just been introduced this year. Regular size 75 cents. At Stafford Drug Co.

**DR. IMAN'S DYSPEPSIA TABLETS.**

I have no words strong enough to praise DR. IMAN'S DYSPEPSIA TABLETS. I was confined to my bed with Gastric Dyspepsia and could take no food except a very little milk. I had four different doctors but they could not help me, and at last I was advised to take Dr. Iman's Dyspepsia Tablets.

I know they saved my life and I am now able to eat a hearty meal. Hoping that this testimonial may help any who are suffering as I was, I remain  
Yours very truly,  
Port Huron, Mich.

We have One Thousand Dollars (\$1,000) to prove that this testimonial is genuine and will furnish name on application.

**WOODSMEN PLENTIFUL.**  
Local Lumbermen Experience No Difficulty in Securing Labor.

Ferguson Brothers say that they experience no difficulty in supplying their lumber camps with all the men they need. One hundred applicants for jobs in the woods have been refused during the past two weeks, and every day additional applications are received by mail and phone.

Ferguson Brothers say they were hampered somewhat at the beginning of the season by a scarcity of men, and attribute the present large supply to extensive advertising and good treatment of the best of men in the camps. The firm's reputation for giving their employees square and liberal treatment has attracted experienced lumberjacks from Minnesota and Wisconsin. Last week twenty-five green men were laid off and replaced by professional woodsmen.

No men have quit voluntarily, an unusual thing in lumber camps. Some 210 men are now employed by Ferguson Brothers.

The Chicago Lumber company at Manistique and Munising has complained of the limited supply of lumbermen and their work has been much hindered on that account. Nearly all the lumbering firms tell a similar story. The experience of the local firm seems to be unusual.

**LOST HIS HANDS IN YOUTH.**  
But, Nevertheless, George Sutton Can Play a Fine Game of Billiards.

A remarkable man came to Ishpeming Saturday. His name is George Sutton, and he hails from Milwaukee. Though he has lost both his hands and has only the stumps of his forearms, about five inches long, he is yet able to accomplish many feats of delicate dexterity.

To a representative of The Mining Journal Mr. Sutton said in the course of an interview: "A dog would die without his fore feet," he said. "An elephant wouldn't be in it with a mouse—the big fellow lost his trunk and didn't have his check, but a man has his brain, and really, he doesn't need his hands. He can get along without them easily enough. I never use them. And I can do almost anything that the next man does except play the piano. I prefer the jew's harp anyway."

Mr. Sutton has done without his hands for a quarter of a century. It was as a farmer's lad, eight years old, and correspondingly inquisitive, that he took a dare to stand up close to a circular saw in a mill near Toledo, Ohio. The moving plank caught him suddenly. "The big, bright saw jumped at me—I haven't forgotten it yet—and the next minute, I thought, I woke up in bed with a pain in both arms. They say I came near being cut in two. But I put out both hands to save myself and they were sawed off about five inches below the elbow."

"But I could feel the hands right there, though all cramped up, for weeks after I was hurt. I was told later by doctors that the actual hands were likely buried, and that it would have relieved me if the hands had been dug up and straightened. That sounds like a pipe dream, but I've read about such cases since, especially in reference to soldiers who have lost their legs in battle, or from wounds."

"When my arms healed up I was helpless enough, the Lord knows. Only I was too young to know how badly I was off. Besides, as soon as I got up and around I objected to having everything done for me. I wanted to do things for myself."

"I was soon putting on my own clothes and shoes. I had a pair of little congress gaiters made for me. I'm wearing gaiters yet. I could fasten my shoes with my arms, but it was a big waste of time. Then I learned to hold a knife, fork or a spoon between the ends of my arms. In a month or two I was feeding myself."

"But the thing I was proudest of was learning to shoot one more. I'd been very fond of running about the fields with a little shot gun, and after I lost my hands my chief worry was that I couldn't hold my gun or pull the trigger. I made up my mind I'd learn to shoot, handle or no hands. I got so I could hold the gun steady while I rested it over my left forearm and then I had a gun repairer put in a trigger that would work by being pressed instead of being pulled."

"Since then I've got to be a first-class shot. That's a fact. I'm not boasting. Why, I go out hunting almost every year. I've not only hunted birds, but I've gone out with a rifle after big game and have knocked down more than anybody else in the party."

"When I learned how to shoot I was the happiest lad in Ohio. I thought that I could do anything that any other boy could do, and I never hesitated to try, though it was a fully developed case of try, try again. I learned to write a clear, regular business hand, and I can keep it up hour after hour, longer. I think, then, most men can write with the hands. I can not only drive a horse and ride a horse, but I do a good part of my business on a bicycle. I have a jewelry

**LOOKING FOR COUNTERFEITERS.**

The secret service is endeavoring to locate the headquarters of a gang of counterfeiters who have been making and circulating spurious half-dollars and quarters in some of our large eastern cities. When caught they will be given the full extent of the law, the same as should be done with the unscrupulous dealer who puts up an imitation article and sells it for the genuine Hostetter's Stomach Bitters, claiming it is "just as good." Don't believe him. His medicine has not the record of cures which it that the genuine Bitters has, insist on having the genuine with our Private Stamp over the neck of the bottle. It will positively cure nausea, headache, heartburn, indigestion, dyspepsia and malaria. Try it and be convinced.

**IN BEHALF OF ALMA COLLEGE.**

Dr. A. F. Bruske, president of Alma college, occupied the pulpit at the Presbyterian church Sunday morning. Dr. Bruske visits all the Presbyterian churches in the state, soliciting funds for the endowment of the college of which he is the head. He explained that a lady had offered to give \$25,000 to endow the chair of Theism and the English Bible on condition that a like amount was contributed by the Presbyterian churches of the state before next June. Dr. Bruske received permission from the synod to try to raise the amount by a personal application to the pastors and members of each church. He estimates that if each pastor contributed an average of \$5 and each member an average of \$1 and pupils in the Sunday school five cents each the whole amount could be raised. The local church contributed about \$150, as a result of his appeal.

Dr. Bruske has been engaged in the work of soliciting for the college for eleven years, but in June it is expected that the endowment fund will have become sufficient to meet the running expenses and that contributions from the churches will no longer be necessary.

**AN ARTISTE OF MERIT.**

Henry Austin Adams said of Miss Alice Carey, who appears here tomorrow evening under direction of the Twin City Knights of Columbus: "Having recently had the opportunity of hearing Miss Alice Carey, the violinist, I wish to say that I consider her an artist of very great gifts. Her technique is superb, and her interpretation of the masters gives evidence of insight and feeling of a rare kind. Miss Carey has certainly a brilliant future, and I congratulate your bureau in securing her as your musical attraction." The performers will be greeted by a large audience here.

**A STARTLING SURPRISE.**

Very few could believe in looking at A. T. Hooley, a healthy, robust blacksmith of Tilden, Ind., that for ten years he suffered such tortures from Rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters. "Two bottles wholly cured me," he writes, "and I have not felt a twinge in over a year." They regulate the Kidneys, purify the blood and cure Rheumatism, Neuralgia, Nervousness, improve digestion and give perfect health. Try them. Only 50 cents at Stafford's drug store.

# ANCIENT TORTURE

### How it has been Revived in Modern Times.

An ancient method of poisoning criminals was to force them to swallow quantities of bull's blood. Bull's blood is really no poison at all. Yet the prisoner usually died in agony, caused by the coagulation or hardening of the bull's blood in the stomach. The pressure of this solid mass on the vital organs almost always resulted fatally.

That's like indigestion. If your food doesn't digest, it remains in a hard lump in the stomach. Gases form which crowd other organs. Many cases of supposed heart disease are due to indigestion.

This trouble is removed by the use of such a preparation as Kodol Dyspepsia Cure, which gives the stomach perfect rest by digesting what you eat without the stomach's aid. The food builds up the body. The rest restores the stomach to health. You don't have to diet.

"During the last few years my stomach was in such condition that I couldn't retain the food I ate," writes Henry Williams of Bonville, Mo. "Two months ago I commenced taking Kodol Dyspepsia Cure. A few bottles have cured me entirely. I can now eat and enjoy anything I want."

## Upper Peninsula.

Menominee has received a couple of cargoes of hard coal, which is retailing at \$8 per ton. At the Soo the dealers are getting \$8.50.

A party of capitalists from Chicago spent a day in Gladstone recently looking over the city with the idea of establishing a large manufacturing plant. Nothing definite could be learned of the nature of the business, but one of the party said they would return in the near future to complete details and plans.

Carlisle Johns and Mike Shea forged due bills on the Ashtand Iron & Steel company aggregating \$300 and got them cashed by merchants and saloonkeepers at Bessemer. They were caught in Hurley and brought to the Gogebic county jail. Shea was bailed out by his brother and skipped out again, only to be caught at Wakefield.

Charles Boucher, an eight-year-old Menominee boy, was shot in the eye the other day by a playmate. The weapon which did the mischief was an air-gun shooting lead bullets. The shooting was an accident. The bullet was sent with such force that it imbedded itself out of sight just at the corner of the eye in the nose. A doctor was called and extricated the bullet and it is thought the eyesight may be saved, as the shot did not enter the ball of the eye.

While attempting to alight from a moving Soo train at the depot at Ferrisville, an unknown immigrant fell beneath the wheels of one of the passenger coaches and was almost immediately ground to death. The corpse was removed to an undertaking establishment, where a search of the clothing of the dead man resulted in a find of \$31 in currency. There was also a small slip of paper on which was written: "Gus Skovata, Amasa, Mich."

Miss Nellie Spies, youngest daughter of one of Menominee's wealthiest lumbermen and paper manufacturers, and R. W. S. Hoskin, manager of the R. G. Dun commercial agency at Menominee, which is the headquarters for the upper peninsula, were married last week at the home of the bride's parents by Rev. R. H. Hoskin, of Detroit, father of the groom.

The season at the state fish hatchery at the Soo began last week with the receipt of 3,500,000 lake trout spawn from the United States Fish commission. This shipment was made up at Manistique. It is expected by Superintendent Marks that an additional 4,000,000 lake trout eggs will be received in a few days. The first shipment of whitefish eggs to the hatchery will be from the Detroit river, Nov. 20, when 40,000,000 will arrive.

It is said that another movement will be made in a short time to organize the retail clerks of Menominee. This time the effort will be made under the direction of the trade council, which has succeeded in organizing nearly every form of labor in the twin cities and which has grown wonderfully within the past year.

David E. Murray, Democratic candidate for county treasurer of Mackinac county, has filed with the canvassing board a petition for recount of the votes of the county on account of certain irregularities in the counting and throwing out of votes. The necessary \$100 has been deposited with the board and the petition granted. The ballot boxes have been ordered brought to St. Ignace and as soon as possible a recount will be taken.

A serious stabbing affray occurred on board the tug Colonel Graham at St. Ignace last week. Shortly after dinner, a discussion took place over a bottle of whiskey, and in the brawl "Scotty" Miles of St. Ignace was hit over the head with a knife in the hands of the infuriated cook, Louis Murray. The latter was arrested. He is said to be a Champion (Mich.) man.

R. N. Adams has been elected president of the Iron Central Association at the Soo, the other officers being R. Desenberg, vice president and Victor E. Metzger, cashier. The directorate consists of the above officers and M. N. Hunt, W. B. Earle, Chase S. Osborn, H. von Schon, Frank Shafer, W. M. Snell, W. A. Rudell, C. E. Mansour and F. E. Ketcham. The bank will open in Victor E. Metzger's insurance office as soon as a charter can be secured, which is expected not later than December 1st. The success of the enterprise seems assured from its inception. The stockholders comprise representatives of business men and not a dollar of the \$50,000 capital will be tied up in building, all being available for investment.

John W. Wickham has arrived at Menominee from Buffalo and will remain there for several weeks to contract for a portion of the season's catch of fish. He is the representative of Dornier & Co., wholesale fish dealers. This firm has a branch at Marquette. The company handles more of the Green bay catch than any of the other dealers, its purchases annually aggregating considerably over 25,000 packages. Mr. Wickham states that the fish market is good. The wholesale dealers are offering good prices for the fish, and there is every indication that the prices will be maintained. The catch in Green bay has been very light so far this season.

Strawberries are being raised on the farm of Magnus Nelson, just north of Menominee, and they are no small puny ones either, but are as large as the average berry seen in the summer time. Mr. Nelson says they are a certain species of berry, the plant of which bears two crops, one in the summer and one in the fall. The latter crop is not as sweet, but they are a very hardy berry and grow to good size. They grow in the open air like the earlier berry, and are not covered nor protected. The Menominee grocer who has some of the berries on display did not expect to get them when he gave the order. Mr. Nelson happened to be in the store and the grocer gave him an order for some apples. Jokingly he said, "You might also bring me some strawberries." Mr. Nelson said he would and to the grocer's surprise, on receiving the apples he also received several boxes of berries. J. W. Cochrane, who was on his way to attend the Farmers' institute as representative of the state agricultural college, said that he considered the fact that strawberries could be grown here at this time of the year remarkable. He sent several specimens to the college to show the people there what could be done in the upper peninsula in the way of garden farming.

## Negaunee and Vicinity.

(Subscribers to The Mining Journal will please remember that carrier boys are not allowed to receive money on subscription account.)

### FOUND DEAD IN HIS BED.

Luger Guillemette, an Old Resident, Passed Away Suddenly.

Sunday afternoon Luger Guillemette was found dead in his bed by one of his neighbors. For several years he had lived alone in his carpenter shop near the Presbyterian church. He had not been seen since Wednesday. A neighbor, thinking that something might be wrong, secured entrance to the shop and found the old man dead. It is thought that he died Wednesday night. Judging from his peaceful attitude and the orderly appearance of the room, he expired suddenly and without a struggle, death probably being due to heart failure. Coroner Prin was notified, and, after making a thorough investigation, decided that death was due to natural causes and that there was no need of an inquest.

The deceased was about seventy years of age, and had resided here for over thirty-six years. He was a carpenter and had followed his trade up to the time of his death. He had been twice married and had five children, three of whom are living, a daughter in Oregon, a son living at Dupierre, Wis., and Mrs. Joseph Remillard, of Ishpeming. The date of the funeral will be decided upon when the son at Dupierre is heard from.

### FALLING INTO DECAY.

Old Merry Residence Is Now in a Dilapidated Condition.

If Negaunee people believed in ghost stories their superstitions could very easily be worked into positive belief, for a blood-curdling yarn of the uncanny spirits that haunt lonely places could be fabricated, without the least difficulty, with the old Merry residence, near the Jackson location, as the scene of the ghastly apparitions.

The house has not been occupied for years. The windows are broken and boarded up, the shingles are falling from the roof and the foundation walls are crumbling, the whole exterior presenting an aspect of utter loneliness and desolation. Time and neglect have worked almost as great havoc with the interior, where the floors are rotted and plaster has fallen from the walls and ceilings.

The building is the largest residence in the city and when occupied and in repair it was a delightful home, situated on the high bluff and overlooking the city and the towering hills beyond. Within a stone's throw of the house the first iron ore ever found in this region was discovered, so the location has a historic interest.

Captain Merry, the man who built the house, was one of the early mining captains on this range. He is well remembered by the older residents of the city. For years he was at the Jackson mine. He built the house intending to make it a permanent home, but business changes necessitated his removal elsewhere. The property was occupied by other parties until fifteen years ago. Since that time it has been vacant.

It was constructed on an extensive scale, and is large and commodious. It seems almost a pity that such a fine property should be allowed to become an unsightly ruin. If repaired it would make a good tenement house, or hotel.

### INDOOR BASEBALL.

The athletic event of the season will take place at the Adelphi rink tonight when the teams from the Nelson and the Breitung Houses play their game of indoor baseball. Grandstand plays and sensational home runs are expected to be the features of the contest. Admission twenty-five cents, ladies free.

### LOCAL LACONICS.

S. W. Purser went to Manistique last night, to dispose of a carload of apples. George Legaut was here from Escanaba over Sunday, visiting his parents. John Q. Adams and William F. Anderson went to Iron Mountain yesterday.

Louis Moll, Louis Goodridge and William Barabue went to Maple Ridge yesterday, for a hunt.

M. E. Jamar, superintendent of the Bird Iron company's properties at Humboldt, was in the city yesterday.

Alex Steele, agent of the Northwestern at Bagley, who has been hunting for a new location, left for his station Monday.

The Alice Carey concert company appears tomorrow night at Ishpeming. Tickets can be secured at Kirkwood & O'Donoghue's store.

The ladies of St. Paul's church will hold a bazaar in the vacant store in the Muck block all day Saturday and will serve refreshments in the afternoon and evening. The admission will be twenty-five cents.

Misses Louisa Tourville and Grace Murray left yesterday for Soudan, where they will spend a week or ten days, hunting. Misses Anna Murray and Mabel Jackson, and the other members of the party, went down Saturday.

Frank A. Bell returned from his hunting trip to Swazey Saturday. He says that all the members of the party had fine success. Messrs. Elliott, Sporkley, Connor and Marketti accompanied him on the trip, and all have returned.

It was erroneously stated in this department yesterday morning that Napoleon Marketti had lost an infant child by death. The item should have read that Paul Marketti had been so bereaved. The error is much regretted by The Mining Journal reporter.

Yesterday morning the five-year-old daughter of Alex Bashaw died, being a victim of scarlet fever. Mr. and Mrs. Bashaw never had a child except one, and their share of misfortunes, for it was on a week ago that they lost an infant daughter, which renders their latest bereavement all the more sad. The two surviving children are just recovering from an attack of diphtheria.

Extensive repairs will soon be made at the D. S. S. & A. depot. The office of the American Express company will be moved from its present location to a new room that will be partitioned off from the ladies' waiting room. The entrance will be from the men's waiting room. By the change the express company will be provided with much more commodious quarters than it at present occupies.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on strict directions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by E. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by E. J. Cheney & Co. Testimonials free.

Sold by druggists, price 75 cents per bottle. Hall's Family Pills are the best.

**THE STAFFORD DRUG CO.**

Many old people are lame, nearly all are weak. Worst of all, is that feeling of languor, of inability to act, of weariness at trifling exertion. Nothing will make the old young again, but Vinol will prevent 99 out of 100 old people from feeling so humb. There is no humbug about it. We found out about Vinol, and tried it every way before we decided to put it on the market and guarantee it. Now we believe that almost any tired, discouraged old person who will take a bottle of Vinol and use it as directed will feel better right away. It will increase their strength, relieve their lameness and brighten their spirits. It does this by nourishing. Don't blame the old folks for being blue and cross. Take home a bottle of Vinol. Mail Orders Supplied, \$1 Per Bottle, Express Paid.

Additional Ishpeming MINERS ARE SCARCE.

Captain John H. Wills of the Eleanor Mine Is Here Looking for Men.

According to Captain John H. Wills of the Eleanor mine of Loretta, Mich., who was here Saturday, there are no idle miners on the Menominee range. He came up with a view to engaging twenty or more first class men, but he stated to a Mining Journal representative that he doubted very much if he would be successful in securing that many.

Captain Wills took charge of the Eleanor mine less than a year ago. The property was formerly known as the Appleton. It had been idle some nine or ten years. Chicago parties purchased it, and, from present indications, the new owners will some day have a fine mine. The property is looking well and the captain is satisfied that it will be a big producer within the next few years.

The Eleanor is a wet mine, and it was largely due to this fact that it was closed down some years ago. Since it was opened up under the new management, excellent pumping facilities have been provided and no particular trouble has been experienced on account of the water. The mine is alongside the Sturgeon river, and within a short distance of the Loretta property.

The Loretta is working a force of nearly three hundred men. There is a large deposit of ore in sight, and the mine will be a producer for many years. The Eleanor people have not yet reached the main ore body, but they are working towards it. They have ore of Bessemer grade and something like 1,200 tons have been hoisted and stored since September. No shipments will be made until next spring.

Captain Wills states that he is working about fifty men. John Quine, who left here a short time after Captain Wills went down, is one of the bosses of the mine. The wages offered for first class miners are \$2.50 per day if they desire to work company account, or they will be given contracts. Heretofore the daily wage-rate has been \$2.25, but the captain is willing to pay twenty-five cents a day more for miners from this range.

The Eleanor people intend to build a number of new dwellings at the mine next summer. At present there is a shortage of desirable houses.

Loretta is about midway between Escanaba and Iron Mountain, on the line of the Chicago & Northwestern road.

ASLEEP AMID FLAMES. Breaking into a blazing home, some firemen lately dragged the sleeping inmates from death. Fancied security, and death near. It's that way when you neglect coughs and colds. Don't do it. Dr. King's New Discovery for Consumption gives perfect protection against all Throat, Chest and Lung Troubles. Keep it near, and avoid suffering, death, and doctor's bills. A teaspoonful stops a late cough, persistent use the most stubborn. Harmless and nice tasting. It's guaranteed to satisfy by Stafford. Price, 50 cents and \$1.00. Trial bottles free.

What to do in cases of accidents, before the physician arrives, is told in a compact little volume "Accidents, Illnesses and Emergencies" issued by the Medical Department of The Mutual Life Insurance company of New York. This book is sent on request to those who address the Home Office of the company, Nassau, Cedar, William and Liberty streets, New York City.

The book makes suggestions about diet, ventilation, disinfectants, drainage, and gives hints on first aid to the injured and the general care of health.

CURED OF PILES AFTER 40 YEARS. Mr. C. Hanev, of Geneva, Ohio, had the piles for forty years. Doctors and dollars could do him no lasting good. DeWitt's Witch Hazel Salve cured him permanently. Invaluable for cuts, burns, bruises, lacerations, eczema, tetter, salt rheum, and all other skin diseases. Look for the name DeWitt on the package. All others are cheap, worthless counterfeits. H. Harwood, Ishpeming; Stafford Drug Co., Marquette.

GEO. E. FRENCH, Both Phones, Marquette, Mich.

LOST IN THE WOODS

LEO ROSE WENT ASTRAY AT SANDS RIVER SUNDAY AFTERNOON.

SEARCHING PARTY LEFT THIS A. M.

ED. DALEY AND FRANK CARNEY ALSO LOST, BUT FOUND.

It Is Expected That the Relief Expedition Will Locate Young Man Without Difficulty - Arranged by the Elks.

Leo Rose, son of Jacob Rose, is lost in the woods in the vicinity of Sand River. A party of fifteen or twenty men, including a number of experienced woodsmen and landlookers, left on the early train this morning to undertake the task of locating him, and it is hoped that he will be found before nightfall, if he does not, of himself, make his appearance at some hunter's camp or at some point on the railway. The searching party was organized by the Elks, and contains members of that order, to which the missing young man belongs.

Rose was one of a party which went down to Sand River on a hunting expedition Sunday. Two other young men of the same party were E. J. Daly and Frank Carney, Jr. It appears that Daley, Carney and Rose were hunting together in the afternoon. It was about 4 o'clock when the two former saw the last of their companion. At that time they left him in a clearing, while they went out to round up deer, if this should prove possible. Rose left this clearing, as he was gone when they returned a little later. They, too, lost their way, and spent the night in the woods.

They were located yesterday by Frank Carney, Sr., who, alarmed by his son's failure to return Sunday night, went down on the early train yesterday morning to look him up. He located the youth and Daley about five miles from the track, rather dispirited as a result of their misadventure, but not much worse for it. The young men came in on the freight early last evening.

The news that Rose was astray caused much regret and alarm here yesterday and last evening, but it was the general belief that he will either turn up all right or be found before he has experienced anything more than passing discomfort. The country in the neighborhood of Sand River is rather uninviting for a wanderer just now, but as it is deer season it is likewise pretty well peopled with hunters, so that one who is so unfortunate as to stray from his friends stands an excellent chance of encountering someone who is well acquainted with his whereabouts and the points of the compass.

However, there will be much anxiety in the city until tidings of the young man are received.

STORM SASH. Now is the time to order. F. W. Read & Co. (10-23-02)

CITY BRIEVITIES.

Weather forecast: Possibly showers, with rising temperature; southerly winds. Yesterday's temperature: 7 a. m., 31 degrees; noon, 38 degrees; 7 p. m., 37 degrees; maximum, 42 degrees; minimum, 31 degrees.

The freighter Osceola was in port, bound up, Sunday. Born, Sunday, to Mr. and Mrs. C. J. Erickson, West Ridge street, a daughter, Nelson Lessard has sold to F. H. Vandenberg Lot 33 of Harlow's addition No. 5.

A special meeting of Morse Hose company has been called for 8 o'clock this evening. The W. C. T. U. will meet this afternoon at 2:30 o'clock with Mrs. Jas. A. Pearce, 341 Baulf street.

Mrs. Belle Bailey has sold to Julius Olson the property embraced by Lot 20 of Moore and Sang's addition. P. T. McCarthy received a fine deer from Champion last Saturday, a gift from his friend, Thomas Connolly.

Friends of the couple are in receipt of announcements of the approaching marriage of Miss Bessie Holmes and A. O. Smith. Dr. Boyce is back from his hunting trip, bringing with him a 160-pound buck that fell as testimony to his skill with the rifle.

Mrs. Flavia Pendill left last evening for Chicago, whence she will go, Friday, to Lake Maitland, Fla., where she will spend the winter months. Frank Kergan, formerly of the train dispatcher's office here, is in the city from Escanaba, where he holds a similar position with the Chicago & Northwest.

The local land office has handed down a decision in the case of Joseph Bertrand vs. Anders Larsson, 160 acres in Marquette county affected. It is in favor of Bertrand.

Invitations to the traveling men's ball, to be held at Fraternity Hall Thanksgiving Day night, have been issued. The party promises to be a leading social event of the season.

The local land office has handed down a decision in the case of John J. Hubbell vs. George Brooks, forty acres in Grant Traverse county affected. It is in favor of the first named party.

Professor J. B. Roche and Mrs. Roche, who have been conducting physical culture classes here the past five weeks, left for Ishpeming, where they will pursue the same work, yesterday. Mrs. Roche was the recipient of several gifts from members of her classes.

The board of supervisors will meet Wednesday, Nov. 26, at 11 a. m. The auditing board will meet Saturday, Nov. 22, at 11 a. m. All bills must be in the hands of the county clerk not later than Thursday evening, Nov. 20.

Mr. and Mrs. E. C. Bailey left last evening for California to take up their permanent residence. Mr. Bailey for years has been with D. Murray, the grocer. His son, Edward, has been on the Pacific coast for several months. Principal D. B. Walde, of the Northern Normal, left last evening for Ypsilanti and Lansing, by way of Chicago. He will attend the meeting of the recently organized Normal council, composed of the executives of the three Michigan Normals, at the former place Tuesday

evening and Wednesday, and Thursday he will attend the regular meeting of the state board of education at Lansing. He will return the latter part of the week.

Dr. Markham has presented the Normal museum with a valuable collection of shells, from the Bermudas. They are mounted in slides, for use in the microscope, and are considered a notable addition to the Normal's collection of curios.

George Smith, son of Captain Smith, of the steamer Friant, returned yesterday from Baraga, near which place he spent several days hunting. He shot three deer, which he brought back with him.

George Sutton, the noted handless billiard player, will be at Brown's billiard hall Wednesday evening. He will give an exhibition of his skill and will play pool or billiards with any of the local cranks who may wish to contest with him.

A force of carpenters and masons is at work remodeling the building at the corner of Spring and Lake streets, occupied by Shea Bros. previous to a couple of years ago. It has been vacated of late, but is now being put in condition for occupancy.

County Clerk Ross now has more than a sufficient number of deer licenses to carry him through the season, having received a second additional allotment of 200 the other day. Some 1,350 were issued to yesterday evening, and there are still over 200 on hand.

The Marquette Light Infantry has announced a ball to be held Thanksgiving eve in the Casino Rink. The ideal orchestra will furnish the music. Special rates will be in force from up-town points, and a special train, leaving at the conclusion of the dance, will return the visitors to their homes. The Light Infantry will make full arrangements for this event, which is expected to be as successful as the previous dances given by the company.

The Eastern Star Hut No. 111 1/2 has issued a dance dodger that is attracting considerable attention. Among other things it says, "Although it has been our custom to have our music furnished by a full orchestra, we will endeavor on this occasion to keep it sober," and "Professor Johnson will do the prompting. He will introduce some new dances, which will be danced by Queen City society for the first time, and possibly the last. Next!" This function occurs at the A. O. U. W. hall the evening of the 20th.

The Angeline, for Ashabula; the Kalyuga, for Cleveland, and the Pratt and Athens, the former for Erie and the latter for Ashabula, cleared from the L. S. & L. dock yesterday. From the South Shore docks, the steamers Griffin and Joliet took out cargoes for Cleveland. The steamer Continental and consort, the Grace Holland, arrived during the day with soft coal. The steamer Republic came in the evening for ore. Other boats in port are the Choctaw, Andaste and Falcon, with soft coal, and the Sage, Grampan and Parsley.

There is talk of a special train from Marquette for the Escanaba-Ishpeming game, which, it is asserted, will be played at Union Park, Ishpeming, next Saturday. Many people here express a wish to see this contest. It is likely that at least fifty would go up on a special leaving at 12:30 and arriving in time for the game. If there was sufficient interest manifested in the game the South Shore road would undoubtedly provide such a train. The Ishpeming-Escanaba game, deciding as it will the upper peninsula championship, promises to be the best of the season in high school circles.

ing-Escanaba game, deciding as it will the upper peninsula championship, promises to be the best of the season in high school circles.
