## TO SETTLE STRIKE

NEW PLAN AGREED UPON BY MINERS AND COMPANIES.  
IS PROPOSITION OF THE OPERATORS ISSUES TO BE ADJUSTED OUTSIDE THE COMMISSION.

Scranton, Pa., Nov. 21.—The mine workers have agreed with the mine owners to attempt to adjust the differences between them outside of the strike commission.  
The proposition was made on a compromise basis, and negotiations, it is expected, will be at once entered upon with a reasonable hope of settlement with the aid of the arbitrators.  
Basis of the Negotiations.  
The rough proposition which is to form the basis of the negotiations is a 10 per cent increase in wages, a nine-hour day and trade agreements between the miners and the company by whom employed. The only one of the demands not touched upon is that of weighing coal by the legal ton.  
Both sides have expressed their willingness to settle the differences among themselves, but it is not to be construed that this carries with it acceptance of the terms proposed. The terms are mentioned only as a basis, it is understood, from which the settlement is to be effected. It is possible that the foundation already laid can be wrecked by either party holding out too strongly against some question and thus leave the whole matter in the hands of the arbitrators, who, in the meantime, will act as a sort of board of conciliation, rather than a board of arbitration. Present Proceedings Intermittent.  
Few persons were aware that an attempt would be made at outside settlement until it was practically so intimated today by Judge Gray, chairman of the commission, who read a carefully prepared announcement from the "bench."  
The move, one of the most important in the whole history of the coal strike, created a mild sensation when it became known.  
The surprise was all the greater when it will be remembered that numerous persons, from the president of the United States down, and that many organizations, from the National Civic Federation to the small boards of trade of the mining towns, failed to bring the two parties together. It is said it was all brought about by both sides seeing that the proceedings before the commission would be interminable and that in the intermingling of the lawyers for both sides the outside agreement proposition was broached and taken up.  
It cannot be officially stated which party made the proposition. It is generally believed, however, that the operators were the first to propose the plan. Wayne MacVeagh, who cross-examined President Mitchell, went to New York after he had finished with Mitchell and had a conference with certain persons connected with the coal industry, among them, it is reported, J. Pierpont Morgan. He was in New York today in connection with the matter.  
Commissioners Sanction Plan.  
The commissioners were informed of the new turn of affairs last night and acquiesced in the proposed arrangement. The subject did not directly come up in the public hearing today and an adjournment of the commission is to be taken tomorrow to permit both sides to complete the work of preparing the documentary evidence.  
Near the close of the day the miners' attorneys suggested that they be given more time in which to prepare their evidence. They wanted to present the due bills and wage statements of thousands of miners running back for several years, a stupendous task. They also wanted to examine the company's books. The commissioners were all attention, and soon as the chief counsel had completed stating the request Chairman Gray made a brief statement approving the suggestion and then delivered the following:  
"According to the suggestion just made by counsel, that an interval of time be taken for the preparation of documentary evidence and for a possible agreement as to certain facts and figures which would forward the work of the commission, the commission desires to express the hope that an effort be made by the parties to come to an agreement upon nearly all, if not all, matters now in controversy and that they will adopt the suggestion heretofore made by the commission to the counsel on both sides that we aid them in such effort by our conciliatory offices.  
Is Hopeful of Settlement.  
"It seems to us that many of the conditions complained of—and which have been the subject and study of our examination—might be better remedied by the parties to the controversy approaching the subject in a proper spirit and with the purpose of fairly adjusting them. We hope, gentlemen, that the interval of time to be granted may be availed of with this end in view. Of course, in the meantime, we shall proceed with the work before us as we have begun it."  
Everett Warren, one of the operators' attorneys, made a statement approving the suggested adjournment. This all agreed to, and to give all the parties opportunity to confer on the new state of affairs adjournment was then taken

until tomorrow morning. It is probable that the suggestion for a week or ten days' adjournment will be adopted. It is learned tonight that all the big companies have not yet assented to the proposed outside agreement, but in all probability they will continue to work as a unit, as they did during the strike.  
Believed Scheme Will Succeed.  
There is wide difference of opinion as to whether the proposal to settle the differences among themselves will meet with success. As a general proposition, it is believed by the lawyers that it will succeed, but that some disputed points will have to go before the arbitrators.  
It has been realized that at least two of the four demands of the miners—uniform wage scale and weighing of coal—cannot be satisfactorily settled in the hearing room but must be fixed up at the mines. The proposition to make contracts only with employees does not carry with it recognition of the union, and on that ground it is not likely the parties will be able to settle it without resort to the arbitration commission.  
Must Be Permanent Agreement.  
It is not doubted that whatever agreement is reached it will be approved by the commission. The agreement, however, will have to be one that will provide for a reasonably sure and permanent settlement. The instructions given the commissioners by President Roosevelt are explicit. In these instructions, he said:  
"You will endeavor to establish the relation between the employers and wage workers in the anthracite fields on a just and permanent basis, and, as far as possible, to do away with such difficulties as those which you have been called in to settle."  
When one of the commissioners was asked what the commission would do in case it thought the agreement would not be permanent, he said: "We will cross that bridge when we come to it."  
It was agreed tonight by representatives of both sides to ask the commission to adjourn tomorrow until Wednesday, Dec. 3. It is likely the request will be granted.  
Many Miners in Poor House.  
At the hearing today, Drs. Gibbins of Scranton and Butler of Luzerne county told the commission that the time came when the miners were subjected to a medical examination before undertaking mining. Dr. Butler said that 75 per cent of the inmates of the county poor house were miners, 40 per cent of them crippled by accidents in mines, and that many are insane through worry over affliction.

Violation of Law Denied.  
Washington, Nov. 21.—The answers of the Delaware & Hudson, New York, Susquehanna & Western, Erie, and Lehigh Valley railroads to the complaint of Edith Hearst against the anthracite coal-carrying roads were filed today with the interstate commerce commission. All the answers deny that the interstate commerce law has been violated.  
TRAGEDY AT ANN ARBOR.  
Student Shoots at Young Lady Clerk and Kills Himself.  
Ann Arbor, Mich., Nov. 21.—Because Bertha Sheldon had allowed another man to escort her home last night from the site where she is employed, G. A. Baird, a student at the university school of music, today shot her in the arm and then shot himself dead.  
Murderer Hale Killed Himself.  
Sault Ste. Marie, Mich., Nov. 21.—The body of Noah Hale, who shot and killed his son Frank here Oct. 3 and then disappeared, has been found under a pile of brush within two miles of his former home. He had shot himself.  
Suicide at Kansas City.  
Kansas City, Nov. 21.—Fred J. Peifer, one of the best known men of Kansas City, was found dead today in a Turkish bath room. He committed suicide by taking morphine.

WILL PLAY AT ANN ARBOR.  
Objection Raised by Minnesota Is Withdrawn—Cheap Railroad Rates.  
Minneapolis, Nov. 21.—The University of Minnesota board of control has withdrawn its objections to playing the Thanksgiving game with Michigan at Ann Arbor.  
Deep Slash in Railroad Rates.  
St. Paul, Nov. 21.—The Great Western today commenced booking Minnesota football business at 88 per cent head for the round trip to Ann Arbor with \$2 additional for round-trip sleeping car accommodations. This is the lowest rate made in many years. It is almost certain that the other lines will meet the rate.  
BROKERAGE FIRM WINS SUIT.  
Plea That Speculation Is Gambling Doesn't Hold in Illinois Court.  
Galesburg, Ill., Nov. 21.—The George H. Phillips company of Chicago was given a judgment for \$20,700 against J. A. Baird in the Knox county circuit court today. The suit was to recover an amount involved in speculation on the Chicago Board of Trade last fall. The defendant admitted the debt, but pleaded illegality on the ground that it was a gambling transaction.

KILLS SON OF FATHER'S SLAYER.  
West Virginia Man Avenge a Murder of Twenty Years Ago.  
Hamlin, W. Va., Nov. 21.—Wayne Brumfield was instantly killed near Guyan Falls today during a pistol duel with Henry Tiller. Twenty years ago the fathers of these men engaged in a shooting affair which resulted in Tiller being killed. Today's trouble is traced to the old tragedy.

## GERMANY HARD HIT

FINANCIAL DEPRESSION CONTINUES THROUGHOUT EMPIRE.  
GOVERNMENT REPORTS BIG DEFICIT  
PROPOSES NOW TO LEVY A TAX ON BEER AND TOBACCO.

Berlin, Nov. 21.—In the reichstag today, the secretary of the treasury, Baron Von Thielmann, announced that the deficit in the imperial budget in 1903 was estimated at \$37,500,000. The deficit for 1902 is \$14,750,000.  
It would not do, the secretary said, to always providing for deficits by loans, nor could the contributions of the federated states be increased. Nevertheless, it was probable that the states would ultimately have to bear the deficit. He favored an increase in the imperial revenues so as to balance the expenditures. In beer and tobacco, he said, were suitable objects for increased taxation.  
Socialistic Plank Adopted.  
Baron Von Thielmann also intimated that the government intended, as soon as practicable, to propose a pension for widows and orphans. He was unable to say how much such pensions would increase the treasury burdens, but the suggestion was made that \$25 per person yearly was insufficient. Assuming that \$50 was enough, it would call for forty million dollars.  
It was impossible to say how much the government tariff bill would yield, but a mere mechanical estimate, based on present imports, showed that the customs receipts would increase \$20,500,000. The supporters of the commission's tariff schedules thought a total of \$125,000,000 would be derived. Secretary Von Thielmann mentioned considerations that reduced the estimate largely.  
The secretary's hint that the government is meditating pensions for widows and orphans caused a stir among the members, because it is one of the things the Socialists advocate.

Hard Times Are Rampant.  
The deficit is the result of the financial depression, which still effects almost every form of business, limiting the purchase power of every class. While there have been no large failures recently, various symptoms of continued hard times appear. At the Krupp works, 50,000 laborers have had their time reduced two hours daily, and some departments are shutting down each week.  
The empire collects no beer tax, that heretofore being left to the states, whose rates vary. The principal reason which has deterred the laying of an imperial tax on beer was that it would disturb the relations with Bavaria, which relies a great deal on its beer tax, which is still enough to permit Bavaria to sell largely to outside states. The proposed additions of beer and tobacco taxes are certain to be unpopular.  
Tariff Majority Stands Firm.  
Chancellor Von Buelow is holding frequent conferences with the representatives of the various parties, seeking to break the opposition to the government's tariff schedules, but so far without decisive results. The majority parties appointed committees to keep in touch with one another, so the chancellor must deal with the majority as a compact whole and not with individuals or groups.  
Ambassador White Entertains.  
Ambassador and Mrs. White gave a musical entertainment this afternoon at which Chancellor Von Buelow, the foreign office officials, cabinet ministers and members of the diplomatic corps were present. Alma Stencel, the American juvenile pianist, played.

ROOSEVELT IN PHILADELPHIA.  
He Will Participate There Today in Two Celebrations.  
Philadelphia, Nov. 21.—President Roosevelt will be the guest of honor at two celebrations in this city tomorrow. Accompanied by several members of his cabinet, he will attend the dedicatory exercises at the Central High School for Boys during the day, and in the evening he will participate in the observance of Founders' Day by the Union League, where he will be the chief speaker.  
The president is expected to arrive here at 11:45 in the morning. Elaborate preparations for his reception have been made. During the interval between the two ceremonies, the president will be the guest at a luncheon given by Charles Emory Smith, former postmaster general, and will be tendered a reception at the home of E. T. Stotesbury, a director of the Union League.  
Washington, Nov. 21.—President Roosevelt arrived here at 8 a. m. A small crowd was at the station to welcome his return. The president was driven direct to the White House.

MORE WAGES BOOSTED.  
Omaha, Nov. 21.—The Burlington & Missouri River railroad increased today the wages of the switchmen on its system to the Chicago scale. The Illinois Central also advanced the wages of its switchmen to the same scale.

TRAIN HOLD-UP IN IOWA.  
Bandits in Raid Early This Morning Blow Up Express Safe.  
Davenport, Ia., Saturday, Nov. 22.—Robbers held up a Rock Island train early this morning west of Davenport. The whole police force of Davenport has gone to the scene. It is reported the robbers numbered twelve men.  
The train was held up three miles west of this city. The robbers uncoupled the express car and ran it two miles further west, where the safe was blown open. The explosion was heard in Davenport. The train left Chicago at 6:05 last night. It was a fast train that runs to Fort Worth, via St. Joseph and Kansas City.  
Later—At 2:15 a. m. it was definitely learned that the robbers were successful in removing the contents of the safe. No person was injured. The robbers stopped the train by placing a red lantern on the track.  
Five masked men boarded the train, detached the mail and express cars and, forcing the engineer to accompany them, took these cars westward. Near Gale took the express car was blown up. The train usually carries a large amount of money.  
The robbers are said to have got into the safe containing the large through-express. They mounted the engine and escaped down the track. A large posse has been sent after them, but no word of their capture had been received up to 3:45 a. m.

REBELLION GAINS IN CHINA.  
Another Province Invaded and People of Captured City Slaughtered.  
Victoria, Nov. 21.—Advices received today from south China are that the Kwangsi rebels have invaded Kwei Chou province, proclaiming their object to ravage that province. They already have captured the city of Hsing Hsien, in Kwei Chou, and many of the inhabitants, who had held out for eight days, have been slaughtered. The government troops sent to relieve the place were within one day's march when it fell and, hearing of the success of the rebels, retired to the Kwangsi borders.  
The Boxers in Soe Chuan are posting placards in the villages, stating with the authority of Tao Chuan, their patron, and at the will of the sage Confucius, that they will fulfill the will of heaven by murdering all the "foreign devils" in China who continue to propagate their doctrines, and exterminate all who enter their churches or become their followers.

Physicians are calling attention to the fact that influenza or grip has come to stay. In the larger cities there has been a marked increase in diseases affecting the organs of respiration, which increase is attributed to the prevalence of influenza.

Dr. Pierce's Golden Medical Discovery cures coughs, bronchitis, lung "trouble" and other diseases of the organs of respiration. It is the best tonic medicine for those whose strength and vitality have been exhausted by an attack of grip.

It purifies the blood, cleansing it of the poisonous accumulations which breed and feed disease. It gives increased activity to the blood-making glands, and so increases the supply of pure blood, rich with the red corpuscles of health.

"A word for your 'Golden Medical Discovery,'" writes Mrs. E. A. Bender, of Keene, Coshocton Co., Ohio. "We have been using it as a family medicine for years."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood, and lungs.

The sluggish liver is made active by the use of Dr. Pierce's Pleasant Pellets.

CHARTER NO. 390.

First National Bank Of Marquette Mich

Organized January 22, 1864.

CAPITAL AND SURPLUS, \$200,000

DESIGNATED DEPOSITORY OF THE UNITED STATES.

PETER WHITE, President. L. G. KAUFMAN, Vice President. CLAUDE W. CASE, Vice President. EDW. S. BICE, Cashier.

DIRECTORS: PETER WHITE, N. M. KAUFMAN, S. R. KAUFMAN, L. G. KAUFMAN, CLAUDE W. CASE.

Transacts a General Banking Business of Discount and Deposit.

MARQUETTE, MICH., NOV. 22.

Michigan is lined up for Uncle "Joe" Cannon of Illinois for speaker of the house to succeed Colonel Henderson.

The delegation is a unit on the question. Cannon's general support in the middle west assures his selection.

The University authorities have settled the controversy over the location of the Michigan-Minnesota game by deciding that it will be played in Ann Arbor.

The reason, found in the better and safer accommodations at Ferry field, being amply sufficient. Minnesota will have to fall in with this arrangement.

Next year the Minnesotans can have the annual game on Northrup field, and, in turn, enjoy the advantages of a familiar gridiron and a home crowd.

As far as Minnesota is concerned, Detroit would be as much the enemy's country as Ann Arbor.

The Philippine tariff will not be regarded as a boon by those who are preparing Christmas boxes for the soldiers and civilians in the Philippines.

The cabinet has decided that packages of this character will be subject to inspection the same as any other merchandise and dutiable articles will have to pay the stipulated tariff charges.

In view of this decision a publication of the free list would be a boon to those who have friends in the archipelago.

In the death of George Alfred Henty, which has just been announced from London, the youth of England, and only in a lesser degree of the States, have lost a friend who has given them many hours full of rare delight.

Year after year he has been turning out breezy, healthy stories of land and sea, presenting scenes of English history, which he probably covered from Alfred to Victoria, in a manner which always charmed his young readers and frequently led them to historical readings of moment and worth.

Up to the time of his death Henty had written some eighty or ninety stories for boys, and even at his death, at the age of seventy, he left unfinished a manuscript upon which he had been working with undiminished zeal.

His books, though written for the young, frequently appealed to their elders, the severest test to which a juvenile literature can be put. He wrote to quicken patriotic impulse, to exemplify manliness and to teach the eternal les-

sons of truth and honor. His record is bright and unstained. Within his field he was a good, benignant and stirring influence. Henty saw much of the great world and the scenes of which he wrote. He was at Crimea; took the field as a correspondent in the Austro-Italian, Franco-Prussian and Turco-Serbian wars; followed Garibaldi's fortunes and went to Abyssinia and Ashanti with the British expeditions. From these experiences, as well as from the storehouses of history, he drew the materials for his voluminous writings. He will be missed by the youth of two continents.

The upper peninsula football championship will be decided today at Ishpeming before what promises to be far and away the largest crowd that has ever assembled on a northern Michigan football field.

From all accounts the Ishpeming authorities have taken every precaution to secure a fair match. Interference of any kind will not be tolerated, and the people are being urged to treat the visitors with courtesy and consideration.

It is to be hoped that the result will be a manly, sportsmanlike contest that will leave no embittered feelings. Any other kind of football should be vigorously suppressed. Irrespective of the outcome of today's game, the upper peninsula will send a valiant bidder for state championship honors to Ann Arbor, as both the Ishpeming and Escanaba elevens have established high class.

Two deputy United States marshals received severe sentences in the U. S. court at Fargo, N. D., Thursday for mean little steals that could not have netted them more than a couple of hundred dollars during all the time they were practicing. The deputies had been charging mileage on their expense accounts for journeys on which they traveled on passes. The money issued to them on account of these charges went into their pockets. They were given two and five years, respectively, so they will have abundant time to regret their small thievery and make good resolutions for the future.

Sheriff Tyler, of Rolette county, was given six months in jail and fined \$2,500 for a similar offense. The severity of these penalties will have a good effect in curtailing the number of similar steals in the Dakotas, and will have the additional effect of making officials in other states who are guilty of the practice of irregularly fattening their bank accounts go slow.

The Cleveland Iron Trade Review says of the ore situation:

The general situation is somewhat confusing, as there are two distinct classes of observers who view conditions in a widely different manner. On the one hand, it is held that prices are bound to be lower, for the reason that demand is rapidly bringing new and important competition and that if it were not for the inability of railroads to deliver fuel, there would be no scarcity of iron and its price would decline.

On the contrary many hold that, with the exception of the lines of finished material on which prices have recently been reduced, the market is just as strong as it has been and that, while there is truth in the assertion that the inadequacy of transportation has helped to keep up the price of iron, it is also true that there is no probability that the railroads will be able at any time in the near future to meet the demands upon them.

There is considerable hesitancy about making contracts and sales of large volume are not numerous. The moderate weather has been favorable for vessels and the shipments for the first half of November have been large. There has, however, been no advance in freight rates during the week, and shippers have had little trouble in getting tonnage. Dispatch continues slow, but in spite of all the complaints about the railroads not being able to handle the ore, shippers are, as a rule, willing to admit that they will have their affairs in good shape at the close of navigation.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them.

Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists, price 75 cents per bottle. Hall's Family Pills are the best.

ASLEEP AMID FLAMES. Breaking into a blazing home, some firemen lately dragged the sleeping inmates from death. Fanned security and death near. It's that way when you neglect coughs and colds. Don't do it. Dr. King's New Discovery for Consumption gives perfect protection against all Throat, Chest and Lung Troubles. Keep it near, and avoid suffering, death, and doctor's bills. A teaspoonful stops a late cough, persistent use the most stubborn. Harmless and nice tasting it's guaranteed to satisfy by Stafford. Price, 50 cents and \$1.00. Trial bottles free.

MINING NEWS

PLANS TO SAVE INCOME TAX.

For the past year efforts have been making by the American management of the Utah Consolidated company to effect a change in the organization of the company by making it an American instead of an English corporation.

The English management would be eliminated thereby and the company saved \$10,000 per annum in salaries paid to the English officers and directors as well as the English income tax, which in 1901, when the company paid two dividends of five shillings each, required the payment of over \$100,000 to the English government.

John E. Dudley Ryder of London, chairman of board of directors of the Utah company, is now in New York, and it is understood that this question of effecting a change in the organization has again been taken in hand and that Mr. Ryder has given his assent to the change. This does not affect the English ownership in the Utah company, which is now in New York, and it is understood that this question of effecting a change in the organization has again been taken in hand and that Mr. Ryder has given his assent to the change.

This does not affect the English ownership in the Utah company, which is now in New York, and it is understood that this question of effecting a change in the organization has again been taken in hand and that Mr. Ryder has given his assent to the change.

The company is producing about 10,000,000 pounds of copper per annum, and considering previous metal values, it is figured that there has been shown a profit of about 5 cents per pound upon this production, or \$500,000.

CHANGES AT ADVENTURE MILL.

Two of the three heads of the Adventure mill are now in commission, and about 400 tons of rock daily. About a month has elapsed since actual stamping was commenced and already it has been necessary to take portions of the machinery of one head to replace damaged parts of the others, thus putting the head drawn upon for purposes of repair out of commission.

A very significant fact about this is that instead of minor portions of the machine giving out such a vital piece as the piston-rod has been bent. In just what manner this occurred, is not known, but it is generally attributed to defective installation. Not only this, but soon after they were set to work, the tops of the jigs worked loose, so that when they were in operation they produced an unpleasant rattling sound which could be heard at a great distance from the mill. It was found necessary to have new tops manufactured by the local iron workers. Important changes are said to be in contemplation. The mill is situated between those of the Baltic and Atlantic, and that of the Timontain company, and consists of three heads, together with the other machinery necessary to the equipment of a modern stampmill. Water is supplied to the heads by a pump of 15,000,000 gallons capacity. The heads are worked on a principle identical with that involved in the operation of a steam hammer.

IF YOU WERE SCARED easily you might suppose that the pain in the lower part of your back meant kidney trouble. But being a person of sense you know it is only muscular stiffness, from cold, and that prompt treatment with Perry's Kidney Pills will prevent it from growing into something serious. Act accordingly. You will be glad you saw this. There is but one Painkiller, Perry Davis'.

MINING GOSSIP.

All exploratory work has been stopped at the Globe, John Stanton's property on the South range, for the time being.

The Winona is preparing to sink another shaft on the lode north of its No. 2 shaft. The character of the lode warrants its further opening. The Winona is at present working but one shaft.

Oscoda is now selling at the lowest prices it has touched in four years. Though little of a favorable nature can be said of its present earnings it is a valuable property, with copper a little higher, and the stock will eventually go back to the dividend list, says George L. Walker. Those who buy it below 50 and hold it a few years will not likely have cause to regret.

VICIOUS ATTACK ON HIGHWAY. Two Men Jailed for Assaulting and Robbing a Companion.

Two men, giving their names as George Linley and James Stanaway, are prisoners at the county jail, the result of a murderous attack on Fred Holst, their companion of Thursday night, perpetrated on the highway leading to several questionable resorts west of Hancock. All three men hail from Dollar Bay. The men assaulted Holst with the intention of robbing him, it is said, as he came out of the melee minus his watch and a roll of bills. Linley and Stanaway may be held to answer two charges—one of assault with intent to do great bodily harm less than the crime of murder, and the other of highway robbery.

The men were arrested early yesterday morning on the highway west of Hancock by Nightwatchmen Taylor and Sullivan. The officers had occasion to go in that direction in search of a runaway horse, a broncho which had led them a chase for the greater part of the night. They ran across Holst in a terribly battered condition on the road near one of the resorts. Holst told them his story. Stanaway was not far distant and he was quickly collared. Linley was arrested a few minutes later at one of the resorts, where he had gone after the attack on Holst. Linley and Stanaway were taken to the village lockup and later to the county jail. Holst was taken care of by friends and a physician was called in to spend an hour or two with him. All three men were more or less under the influence of liquor.

Holst is in rather a precarious condition and whether he will survive the attack upon him is a question. According to his story he was set upon by Linley and Stanaway and terribly kicked and beaten. He looks it. His face appears as if it had been run through a pulp mill and his body is badly bruised and cut. His clothes, torn and soiled, show in a measure the rough way in which he was handled. The garments of the other two men also show that Holst did not submit to the assault without resistance. Holst has but one arm, but he did the best he could with that.

Thursday night the three men left Dollar Bay for Hancock and later drove to the resorts west of town. Holst had considerable money with him. After the attack on Holst, Linley got into the rig and drove to a nearby resort, leaving Holst and Stanaway on the roadway. Just before Linley was taken to the county jail from the Hancock lock-up, he gave Officer Taylor Holst's watch. He stated that he had picked it up in the road and that he did not want Holst to lose it. The money has not yet been recovered, but it is believed one of the two men have it hidden somewhere. The officers hope to recover it. Holst was formerly a member of the firm of Johnson & Holst, proprietors of the Stockholm saloon, at the corner of Hancock and Texaco streets at Hancock.

BULLET HITS BLIND MOTHER.

Keweenaw County Man's Rifle Is Discharged While He Is Cleaning It.

Mrs. Thomas Uren, aged sixty-five and blind, an old resident of the Central mine location in Keweenaw county, has been accidentally shot by her son, Thomas, as, who was engaged in cleaning his rifle. The bullet entered her thigh. Her condition is serious, and although hopes are entertained for her recovery she may not survive owing to her advanced age. Thomas Uren had returned from a hunting trip and it was while cleaning his rifle that his clothing caught the hammer and snapped off the gun. His mother was sitting in a chair near him and when the accident occurred the weapon was pointed straight at her.

DOOLEY'S DEFI ACCEPTED.

Chapman Posts \$100 for a Match With Calumet Wrestler.

Reuben Chapman, a well-known Tri-mount intramural wrestler, has put up \$100 that he can defeat Mike Dooley of Calumet in a Cornish match. Chapman's action is the result of a recent challenge issued by Dooley. He wants the match pulled off either in Hancock or Houghton, as he thinks he cannot get a square deal in Calumet. Chapman says he threw Dooley once and believes he can do so again. If the match is arranged it will take place in three or four weeks. Both men are good men on the mat and a contest between them would be a fine drawing card.

BOWLING LEAGUE STANDING.

The ninth series of games between teams of the county bowling league was played Thursday evening. The results were: Red Jackets won three straight from the Lindens at Calumet; the Mitchells won two out of three from the Lauriums at Hancock, and the Drippers got two out of three from the Harolds at Houghton. The games scheduled between the Lakes and Calumet at Lake Linden were postponed. One of the games won by the Mitchells from the Lauriums has been protested. It is claimed the game was first announced to have been won by the Lauriums, but that later the scorer changed his mind, saying he had made a mistake in the count. The standing of the teams, in order, is as follows: Lakes, Calumets, Mitchells, Drippers, Red Jackets, Lauriums and Harolds. The Lauriums have dropped from fifth to seventh place. The Harolds are still hugging last place and seem to have a cinch on it.

WAS A LEADING FINLANDER.

As was briefly noted in yesterday's issue Alex. Leinonen, one of the most prominent of Calumet Finns, died late Wednesday afternoon after an illness of several weeks. He was 57 years of age. Death occurred at the Lake Linden hospital. The attending physicians found it necessary to operate on Mr. Leinonen a week or so before his death. It was his only chance but it was found that the disease was too far advanced. Mr. Leinonen is survived by wife and two children. The death came to this country from Finland when he was a young man, first settling in Texas. He later came to Calumet, where he embarked in the newspaper business, editing a small Finnish weekly. He had a hard time at first, but finally succeeded in making the business a success and in the end sold out at a handsome profit. Mr. Leinonen was instrumental in the organization of the Finnish Mutual Life Insurance company and the Finnish Mutual Fire Insurance company, which are now doing an excellent business in the copper country. He was a leader among his nationality here.

CAUTION!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of Consumption and Throat and Lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Bosche's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe Coughs, Bronchitis, Croup—and especially for Consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25 cent size has just been introduced this year. Regular size 75 cents. At Stafford Drug Co.

READJUSTMENT OPPOSED HERE.

The Calumet Woodmen, members of Seneca camp, as well as the Lake Linden members of the order, will, it is said, oppose the proposed readjustment of insurance rates when the question comes up for a vote. Official action has not yet been taken by any of the copper country lodges and none will be until after the first of the year. From sentiment expressed by many Woodmen in this region, those opposed to the plan will not be in the minority, and the Calumet and Lake Linden lodges will strongly fight readjustment despite that many of the leaders in the order are supporting it. Woodmen say the proposed rates are all right for the young man but are decidedly too high for older men, and too high for the young man as he grows older.

IS NAMED SOUTH RANGE.

The name of the new townsite, owned by R. R. Goodell of Houghton, R. C. Pryor of Houghton, N. F. Leopold of Chicago and others, between Atlantic and Tri-mount in the South Range, and hitherto described in these columns as South Range. The name is very likely to be confused with the common name of the entire territory south of Houghton. The town has been nicely laid out and it promises to have a rapid growth.

SOLD TO SATISFY CLAIMS.

In connection with the arrest of Gordon C. Blair and William J. O'Brien, both of Chicago, for securing money from John C. Pryor, the Houghton lumber dealer, under false pretenses, the fact that the barge Wilbor, of which O'Brien was the captain, has been sold in Chicago will be interesting. The Wilbor is the boat which carried the lumber which O'Brien and Blair fraudulently sold to Mr. Pryor. Not only was the Wilbor sold, but also all of the vessels of the Chamberlain fleet, to satisfy claims against them. The steamer Worthington brought \$9,700 and was purchased by J. O. Nessen & Co.; the schooner A. T. Bliss was sold to Clinton Wolfolk for \$2,085, and the Wilbor was bought by Thomas Bradwell for \$800. All of the prices were considerably lower than the boats are reputed to be worth.

The Chicago Inter Ocean says: "Chicago's marine world was treated to a sensation yesterday when it was announced that G. C. Blair, secretary of the Chamberlain Transportation company, had been arrested. Interest in the arrest was increased when it became known that Captain William O'Brien, late master of the schooner John B. Wilbor, had also been taken in custody. The men are charged with obtaining money under false pretenses through the sale of lumber from the Wilbor when that ship was wrecked near Houghton last September."

WILL GO IN FOR ATHLETICS.

Students of Houghton High School to Organize an Association.

An athletic association will soon be organized at the Houghton high school and hereafter more interest than heretofore will be taken in football, basketball and other sports. The faculty as well as the students are interested in the plan and a committee, comprised of students and members of the faculty, has been appointed to draw up a constitution and by-laws for the proposed association. Next year Houghton will be represented on a high school track team and a football team. It is thought the material on hand is sufficient to develop fast aggregations in either class. The association will be organized and conducted under the rules of the Upper Peninsula Interscholastic Athletic Association. Principal Constock, of the Houghton High school, is secretary and treasurer of the U. P. organization and for that reason is all the more anxious to have his school represented in upper peninsula athletic work. The school has a well equipped gymnasium which can be used to great advantage in athletic training.

KEWEENAW COUNTY'S VOTE.

An official canvass of the vote cast at the recent election in Keweenaw county shows that Hon. H. O. Young ran two votes ahead of his ticket in the congressional race. He received 277 out of a total of 309 cast. The total vote was two hundred less than that of two years ago. Bliss polled 275 votes while Mr. Matlam of Negaunee got 270 for lieutenant governor. Treasurer Frank Kaiser made the best run among the county candidates. He polled 280. Sheriff Booley received 288 and Clerk Smith polled 286.

BLAZE EXCITES SCHOOL CHILDREN.

A small blaze, which started in the basement, evidently from hot air pipes, nearly caused a panic in the Grosse Pointe school Wednesday afternoon. The teachers finally succeeded in getting the children out of the building in an orderly manner. The blaze was then located and easily extinguished. The smoke was detected in the rooms soon after the blaze broke out. The damage done is slight.

WAR VETERANS TO ORGANIZE.

A meeting of the copper country veterans of the Spanish-American war who served in the Cuban campaign and who were present at the time of the surrender of the Spanish forces will meet at 10 o'clock sharp at the Houghton Armory tomorrow morning to organize a branch of the Society of Santiago. As many signatures as possible are wanted on the application for the charter. The members will have a charter membership of about forty.

TO CURE A COLD IN ONE DAY.

Take Laxative Bromo-Quinine Tablets. This signature, E. W. Grove, on every box. 25c.

E. L. WRIGHT IS HONORED.

E. L. Wright of Hancock has been elected president of the State Sunday school association. His selection was heartily endorsed by all the delegates and the active part he has always taken in Sunday school work is an assurance that he will make an able and vigorous executive and that the career of the association under his presidency will be characterized by progress and usefulness.

COPPERDOM BREVITIES.

The Hancock barber shops will close Thanksgiving Day at noon. Dr. M. A. Thometz is the manager of the Calumet indoor baseball team, recently organized.

Ed Merz, proprietor of the Arlington Hotel, at Calumet, has returned from a trip to British Columbia, California and Utah.

The regular and annual meeting of Houghton lodge, F. & A. M., will be held Monday evening. Officers for the ensuing year will be elected.

P. C. Murphy of Hancock is a strong candidate for the appointment of oil inspector for the counties of Houghton, Keweenaw and Baraga.

The funeral of the late Mrs. Arthur Finley of Hancock will be held from the residence this afternoon. Interment will take place at Forest Hill.

The Atlantic and Hancock football teams will play on the Atlantic gridiron this afternoon. The championship of the copper country is at stake.

Alex. Onkka of Calumet has purchased a farm valued at \$12,000 near Mankato, Minn. He will soon leave to take personal charge of the agricultural work.

About eighty deer hunting licenses have been issued by County Clerk Smith of Keweenaw county this season. As yet but few deer have been killed in that region.

About the most disgusting road in the county is that between the Lake Linden depot and the village. Its condition is far worse than that of Sheldon street, Houghton.

A consignment of new books, mostly classics, for use as supplementary reading in the high school literary classes, was received this week by the Hancock High school.

The gymnasium work for boys at the Houghton High school will be in charge of Professor J. P. Magnuson this year. Miss Elizabeth Rawson will have charge of the work for the girls.

Simon J. Beahan has returned to Houghton from Chicago, where Mrs. Beahan underwent an operation at the hands of Dr. Murphy, the celebrated surgeon. She is much improved.

The steamer Bon Ami, of the White line, is due at Portage Lake from Duluth today. The boat will make but one trip a week to the copper country from now on until the end of navigation.

The Paine Memorial library, under construction at Painesdale, will be completed about Christmas. A committee of ladies, of which Mrs. L. L. Hubbard is chairman, is making a selection of books.

The Duluth News-Tribune again receives the report that the steamers Northwest and Northland will ply on Lake Superior next season. In that event the palatial boats will regularly visit Portage Lake.

A reception will be tendered Rev. Adis Leson, pastor of the Laurium M. E. church, and his family, at the church parlors this evening by the Brotherhood of St. Paul, the Ladies' Aid society and the Epworth league of the church.

Peter Charrier, clerk of the Laurium water board, is making out a list of the delinquents and on Monday the water will be shut off from all places where the tax has not been paid. The village means business. The list will be much longer than usual.

W. H. Harlow, a Chicago grocery salesman, who has been coming to this region off and on for the last thirty-two years, has retired from the road and will settle down at Maywood, Ill. During his life as a commercial traveler he has represented several grocery firms at different times. Mr. Harlow has seen the copper country develop from its infancy. He has many old acquaintances and friends here who will miss him.

Mayer's SCHOOL SHOES. Are made for boys and girls, in every conceivable style—They are made of the best material only and will WEAR LIKE IRON. PRICE from \$1.50 up. ASK YOUR DEALER FOR OUR SHOES and look for the trade mark stamped on the sole. F. MAYER BOOT & SHOE CO., MILWAUKEE, WIS.

We Like Your Dollar in payment of laundry work left in our care, but we strive as well for your approbation. Our aim is to wash clothes clean, iron shirts, collars and cuffs to your liking (we mean by that, polished or domestic finish), and generally to afford you the best satisfaction at prices commensurate with good work. Needham Bros' Laundries, Marquette, Houghton and Ishpeming.

HIDES IN LEGATION

SON OF DR. HUNTER, MINISTER TO GUATEMALA, A MURDERER.

GRAND RAPIDS MAN HIS VICTIM

WILLIAM FITZGERALD, A CONSUL, IS SHOT AND KILLED.

Tragedy Believed to Have Been Connected With the Charges Against the Father of the Slayer That Led to His Recent Removal.

Washington, Nov. 21.—The state department is informed that Godfrey Hunter, Jr., son of the United States minister to Guatemala, at Guatemala City today shot and killed William Fitzgerald of Grand Rapids, Mich.

Not much is known here of the personality of Godfrey Hunter, Jr., and it is impossible to learn definitely whether he was actually connected officially with the legation at Guatemala City at the time of the killing.

The excitement in the neighborhood of the legation in Guatemala City has made it difficult for the state department to obtain information from an unbiased person connected with the legation and not involved in the affray.

Charges Filed Against Him.

The doctor has been embroiled with members of the American colony almost since he assumed office in 1897, and lately owing to his connection with matters not supposed to be proper for a minister to meddle with, the pressure became so acute that the department was obliged to relieve him from office.

Louisville, Nov. 21.—Godfrey Hunter, Jr., is well known here.

He has acted as his father's private secretary in Guatemala. Young Hunter figured in a social affair in Louisville which was extensively aired about a year ago.

Fitzgerald, whom young Hunter shot and killed today, made charges about a year ago against Dr. Hunter. He criticized sharply the way in which Dr. Hunter conducted his office and made some serious reflections on the minister.

Grand Rapids, Nov. 21.—William Fitzgerald, father of former Consul Fitzgerald, at Champerico, Guatemala, reported shot at Guatemala City, has received no advices. A dispatch, indicating the victim may be some other Fitzgerald, has given him hope his son is still safe. His son served about a year as consul at Champerico and then resigned and entered the service of the Guatemalan government.

LODGE FUNDS LIABLE TO TAX.

Springfield, Ill., Nov. 21.—The Illinois supreme court today decided in the case of the state council of the Catholic Knights of Illinois against the board of review of Ellingham county, that all cash in the hands of the treasurer of a benevolent insurance company is subject to taxation regardless whether part of the fund is subject to payment to beneficiaries. The treasurer of the society refused to list certain money because there were outstanding orders payable to the heirs of deceased members.

PORTIFICATION OF WEST INDIES.

London, Nov. 21.—Regarding the story that the British authorities are exhibiting unusual activity in connection with the fortifications in the West Indies, with a view to strengthening strategic positions there against any eventualities consequent upon the construction of the Panama canal, the war office states that this work is merely carrying out the policy decided upon some years ago and has no new significance.

COLORADO COAL MINE ON FIRE.

Trinidad, Colo., Nov. 21.—The fire in the Engleville coal mine is beyond control. Two men have lost their lives. The fire started yesterday 600 feet from the mouth of the slope. Today the miners were driven out by gas and smoke. Many were overcome, but all were rescued except two.

FORECAST OF THE WEATHER.

Washington, Nov. 21.—The following is the weather bureau's forecast for Upper Michigan: Fair Saturday; Sunday, fair and cooler; fresh west winds.

BRINGS PEACE TO COLOMBIA.

Treaty Is Signed by Rebel Leader and Government Officials.

Panama, Nov. 21.—Consul General Guder landed from the Wisconsin this afternoon, bringing news that a treaty of peace has been signed by the revolutionary General Herrera and the government commissioners.

The principal points in the treaty specify that Herrera shall deliver to the government the entire revolutionary fleet. All the war elements of insurgents in Cauca and Panama and the arms and ammunition captured at Agua Dulce are also to be surrendered. Once peace is declared, the Colombian congress will decide the Panama canal matter.

INDIANS COSTLY WARDS.

Washington, Nov. 21.—Commissioner of Indian Affairs Jones' annual report, issued today, estimates that the government, from its foundation to 1890, spent \$845,275,290 in fighting, subduing and controlling the Indians of the country and \$240,000,000 for the education and care of their children.

"The extent and demoralizing effects of the ration system evil," says the commissioner, explaining his policy of abolishing that system, "were generally recognized and universally condemned, except, perhaps, by mistaken philanthropy, which, ignoring the natural law that a man must earn his living by the sweat of his brow, would exempt the Indian from labor and carry him upward on flowery beds of ease."

The total cost of the Indian schools during the fiscal year was \$3,437,785, or \$138 per capita. This maintained 249 schools, with an enrollment of 24,434 pupils, and in addition a number of pupils are at the Hampton (Va.) institute and at public schools.

TRAIN ROBBER CONVICTED.

Sentence of from Thirty to Ninety Years Confronts Harvey Logan.

Knoxville, Tenn., Nov. 21.—Harvey Logan, alias Kid Curry, the Montana train robber, was found guilty on ten counts of an indictment in the federal court this afternoon. He now stands to receive a sentence of from thirty to ninety years.

Oklahoma Prisoner Confesses.

Guthrie, O. T., Nov. 21.—One of the men who, it is alleged, participated in the robbery of the Rock Island train at Lincoln, Neb., several weeks ago, when \$8,000 was taken from the express car, is under arrest in Oklahoma for some territorial offense. It is said that he has made known his part in the Lincoln robbery and offers, if pardoned for his territorial offense, to divulge all the facts of the train hold-up.

WOULD GIVE VOTE TO WOMAN.

National Grange Again Goes on Record in Favor of Equal Rights.

Lansing, Mich., Nov. 21.—The National Grange today renewed its recognition of woman's equality by adopting the report of a committee which declared that every possible thing should be done to "put woman in the possession of all those political rights and property interests that the spirit of modern civilization demands." A resolution endorsing initiative and referendum was defeated. The grange adjourned sine die.

CHOLERA AT MANILA SUBSIDING.

Washington, Nov. 21.—A cablegram from the Philippine commission today states that the cholera in Manila is decreasing daily and that the commission feels much relieved.

ASSASSIN'S BULLET IS FATAL.

Telluride, Colo., Nov. 21.—Arthur L. Collins, general manager of the Smuggler Union Mining company, who was shot by an unknown assassin Wednesday night, died this morning.

Makes people prick up their ears, makes people strenuous, puts one on tip-toe of expectation. That's what Rocky Mountain Tea will do. 35c. The Stafford Drug Co.

IRON TRADE BETTER

FURTHER STRENGTH A FEATURE OF SITUATION THIS WEEK.

BUSINESS GENERALLY STILL BOOMS

A FEW LINES RETARDED SOMEWHAT BY MILD WEATHER.

Railroad Congestion Is But Little Relieved and Bears Eloquent Testimony to the Remarkable Prosperity of the Country.

New York, Nov. 21.—R. G. Dun & Co.'s Trade Review for this week tomorrow will say:

"The voluntary increase in wages by some of the largest railway systems in the country, bears eloquent testimony to the amount of business handled in the past and emphasizes the confidence in continued heavy traffic."

"Temporarily, the sales of seasonal lines of wearing apparel are retarded by the mild weather, but this loss will be fully made up when the low temperatures for the holiday trade are on an unprecedented scale, especially at interior points."

"There is no belief as to the congestion of railway traffic, nor any immediate prospect of free movements at the points of the most serious blockade. The coal freight is steadily gaining, and all railway earnings thus far reported for November exceed last year's by 5.9 per cent. and those of 1900 by 15.9 per cent."

"Orders are now coming forward for iron and steel products that have been held back for many months in expectation of an easier market. A fairly steady demand is reported for staple cotton goods, but buyers are stalling out for immediate requirements. Orders for spring shoes are coming forward freely."

"The failures for the week were 266 in the United States, against 218 in the same week of last year."

As Noted by Bradstreet's.

Bradstreet's will tomorrow say: "Favorable conditions still govern the trade situation. The mild, open fall weather is complained of as restricting the movement of winter goods at retail and delaying collections at a few points, but it is not to be forgotten that the present temperatures favor the continued growth of the cotton crop and a larger yield than heretofore expected, while it is enabling the railroads to make a far better fight against the freight congestion than was earlier deemed possible."

"The railroad situation is certainly a remarkable one. The country is no longer one of car shortages, lack of motive power, or even insufficient yard facilities. The fact is becoming appreciated that the business of the country offered to the railroads is so large that new measures must be devised to meet the new conditions. Among the features brought out this week is increased activity noted by jobbers in holiday goods, especially in the better grades of jewelry and fancy products."

"The iron trade situation is rather stronger than a week ago. Pig iron prices, immediate delivery, are slightly higher."

"The wheat (including flour exports) for the week total 5,278,000 bushels against 5,319,000 in this week of last year, and since July 1, 106,862,000 bushels, against 122,701,000 last season. The corn exports this week have been 243,000 bushels, against 445,000 last year, and for the fiscal year 2,452,000 bushels, against 18,523,000 last season."

"The total of the bank clearings at the principal cities of the United States for the week is \$2,701,978,323, an increase of 10.8 per cent compared with the corresponding week of last year."

STOCKS STRONG AND ACTIVE.

Marked Improvement Shown on Greater Ease of Time Money.

New York, Nov. 21.—The marked improvements shown by today's stock market was doubtless due in a great measure to the greater ease of time money. There was no apparent reduction in the rate, but the willingness of certain large banking interests to lend for long periods was accepted as proof that financial conditions heretofore have once more been placed on a substantial foundation. There were indications also that the flow of money to the interior is at an end.

Manhattan was overshadowed by St. Paul. That stock advanced to 180 and

FOR THE PACIFIC CABLE.

Soundings Taken by Navy Given to Company in Return for Concessions.

Washington, Nov. 21.—Secretary Moody today directed that the Nero soundings be turned over to the Pacific Cable company. These soundings represent more than a year's work and the expenditure of a hundred thousand dollars. As the secretary's determination to relinquish the soundings of the Nero is in return for concessions to the government in cable rates and in the military use of the cable it is expected the cable will be in operation between San Francisco and Honolulu within six months and that the work then will be pushed on the line between Honolulu and Manila. It is due to the work of the Nero that Guam is to be a landing station of the Pacific cable.

TELEGRAPHIC NEWS CONDENSED.

Havana, Nov. 21.—President Palma issued an order today, appointing Secretary of State Zaldo and Secretary of Finance Montes as a committee to meet General Biss, representing the United States, to discuss the tariff question.

Windsor, Nov. 21.—A state banquet was held in Windsor castle tonight, among the guests of King Edward and Queen Alexandra being the king of Portugal, members of the royal family and Secretary and Mrs. Chamberlain.

Paris, Nov. 21.—An autopsy on Mrs. Gore, killed yesterday by a revolver shot, established that the bullet entered her head from below and passed upwards, thus supporting the story of Actor Ryzdewski, her companion, that the accident was due to a fall of the revolver. Mrs. Gore, it develops, was the wife of Thomas Sinclair Gore of the City of Mexico. The couple had lived apart for some time.

Christiana, Norway, Nov. 21.—The industry & exchange bank here has suspended. Other banks will co-operate with the government in guaranteeing to cover the bank's liabilities.

Lansing, Mich., Nov. 21.—Ira Ford and Alex Wilson, fourteen-year-old colored lads from Detroit, were today sentenced to ten years each in the Detroit house of correction for laying a tie across Pere Marquette tracks. The obstruction was struck by a fast train, but no damage resulted.

Milwaukee, Nov. 21.—Eddie Santry of Chicago and Charles Neary of Milwaukee went six rounds to a draw tonight.

Washington, Nov. 21.—Monsignor Falcone, the newly appointed apostolic delegate to the United States, arrived here this afternoon.

Hard Colds—People whose blood is pure are not nearly so likely to take hard colds as are others. Hood's Sarsaparilla makes the blood pure; and this great medicine recovers the system after a cold as no other medicine does. Take Hood's.

CHICAGO GRAIN MARKETS.

Chicago, Nov. 21.—The trade in wheat today was much smaller than yesterday, still the market was quite nervous and unsettled at times. The close showed December off 1/2 and May 1/4 lower. The market started firm, at 76 1/4 for May. Later May receded to 75 1/2 on general selling, stop orders being executed at that figure. Bull interests here gave fair support, and a rally to November exceeded last year's by 5.9 per cent. and those of 1900 by 15.9 per cent.

Orders are now coming forward for iron and steel products that have been held back for many months in expectation of an easier market. A fairly steady demand is reported for staple cotton goods, but buyers are stalling out for immediate requirements. Orders for spring shoes are coming forward freely.

SILVER AT BOTTOM NOTCH.

New York, Nov. 21.—A further decline of 1/2 cent an ounce for silver in London today brought the price down to another new low record in the world's history, the new price being 45 1/2 cents an ounce. This compares with 46 1/2 cents a month ago and with 52 1/2 cents a year ago. On Monday of this week the price of silver was also at its lowest figure, declining to 45 1/2 cents. Previous to the present movement the low record was on April of this year, when it fell 1/2 cents to 45 1/2 cents.

MRS. GILBERT ALLIS GETS DIVORCE

Milwaukee Court Frees Her from Absent Son of the Late Millionaire.

Milwaukee, Nov. 21.—Mrs. Gilbert Allis has been granted a divorce from her husband, the youngest son of the late E. P. Allis, who amassed millions in the manufacturing industry which he founded and which is now a part of the property owned by the Allis-Chalmers company of this city and Chicago. Deser-

tion was the ground on which the divorce was granted. It is said the wife obtained \$100,000 alimony. The amount was not made public by the court, but it is not generally believed to be so large, since Gilbert Allis' share of his father's estate is said to have been \$300,000.

Young Allis is now living in Paris. At the divorce trial Mrs. Allis was the only witness. By the decree she was allowed to resume the name of Mrs. Jessica Stevens Aylward, a combination of her maiden name and that after her first marriage. Before she became Mrs. Allis she was the wife of Herbert Aylward of Chicago, a Harvard man who was famous as a football player and amateur athlete. His death left her a widow.

Mrs. Allis is the daughter of Judge Stevens, a millionaire lumberman of Neenah. She married Aylward secretly, it is said, about ten years ago. A girl

LUCK IN THIRTEEN.

By sending 13 miles Wm. Spirey, of Wilton Furness, Vt., got a box of Bucklen's Arnica Salve, that wholly cured a horrible Fever Sore on his leg. Nothing else could. Positively cures Bruises, Felons, Ulcers, Eruptions, Boils, Burns, Corns and Piles. Only 25 cents. Guaranteed by Stafford, Drugist.

**TO RENT—Furnished rooms.** 219 Blaker st. 11-12-17

**FOR RENT—Dwelling** 127 E. Michigan st. Seven rooms. Enquire on premises. 11-10-17

**WANTED—Can furnish steady employment to two good men selling our line of household specialties from wagon on easy payments. From \$5.00 to \$50.00 daily easily made. No investment or experience necessary. Call at store, 111 South First st., Ishpeming, Mich., or write for particulars to John Gately Co., 111 S. Salle st., Chicago, Ill. 11-12-17**

**FOR SALE—Ayer estate residence property** 443 E. Michigan street. Inquire of A. E. Miller, Nester block. 11-17-17

**FOR SALE—15 acres on Washington St. west half Carney block, Superior st., 330 ft. of harbor water front and two cottages on E. Michigan St. M. H. Ford, office in Marquette County Savings Bank Building. 11-17-17**

**FOR SALE—Chico building lots in Nester addition for sale cheap for cash, or on time at low rate of interest. For particulars inquire at office of Peter White. (8-4-17)**

## MARKET LOOKING UP.

It Is Predicted That Prices Will Continue to Improve.  
Paine, Webber & Co. said of the Boston market:  
"The market for coppers was broader and decidedly stronger today, and the advances were scattered in all the active stocks. There were persistent reports from New York that some kind of an amalgamated and the Calumet & Hecla. Coppers are popular with the traders, and the outlook is that prices will continue to improve."  
Hayden, Stone & Co. said:  
"Coppers were favorably influenced by the strength in Amalgamated. Though the trading was not broad, Osceola advanced to 53 and Copper Range to 56 1/2. It is still believed that the Amalgamated interests are quietly, but steadily, absorbing Tamarack and Osceola. Mohawk is well bought on every sign of weakness. We think that it is very good, and will sell much higher."

**New York Does Well.**  
Walker said of the New York market:  
"The market today was very strong and active, and with large gains all through the list. From the opening, traders began to bid up and shorts to cover. All the active stocks boomed up and the buying was good. It was said that all through the morning Standard Oil brokers were buying heavily. Call money eased up and some time money was offered, which had a good effect. St. Paul was the most active stock, and led the market. The close was steady and strong, and with better feeling. Conservative people seemed to think that the advance had been too rapid."

**Wheat Off a Little More.**  
W. H. Laidley said of the Chicago markets:  
"Cables failing to respond to our hopes of yesterday brought a trifle higher opening in wheat, but the market immediately turned weak upon heavy local selling. Later the market turned firm, upon some short covering and strength in corn, but the close was slightly under last night. The receipts and estimates continue very small. The receipts in the northwest were slightly heavier, although considerably under last year. The Argentine shipments were small. It is quite generally reported that the big bull interest has sold very extensively, and we would hardly care to enter the market again until lower prices are reached. We therefore look for a little further reaction, upon which wheat may be safely bought."

"Corn opened strong and higher, and continued very firm until late in the session, the May option making a new high record. Toward the close, however, very heavy selling by large interests hampered prices down a cent a bushel, and the close was 1/2c under yesterday for May and 1 1/2c for December. It would look as if the big people were working for a little reaction, but we would buy corn for a turn."

**Kenton Catches.**  
Miss Kittie McDermaid of Two Harbors, Minn., is visiting Miss McIntyre.  
Miss McKenzie, who visited her sister for several weeks, returned to her home at Negaunee Monday.  
C. F. Rothansen of St. Paul and George B. Young of the Baer Lumber company of Indianapolis were Kenton visitors Saturday.  
L. Herrick, of Petoskey, spent several days at Kenton the past week. Mr. Herrick located a tract of land near here about ten years ago.  
The euphonious title of "judge," is now borne by A. H. Kroll, who was recently elected to the office of justice of the peace at Avon, Idaho.  
F. F. Hotchkiss is wearing smiles several grades better than number one common. A boy that tipped the scales at twelve pounds arrived at his home Tuesday.  
Eugene Clumpper and Charles Clumpper are enjoying a visit from their parents, who came up from Prairie Farm, Wis., Saturday and will remain here several days.  
Rev. Frederick Bagnalls of the Soo reached Kenton Tuesday and visited the several congregational appointments around here during the week. Rev. Bagnalls will preach in the local church Sunday evening.  
Parties in honor of Mrs. Judge Kroll, Mrs. David Hope and Mrs. Pardee, who are visiting here, have been the order this week. Mrs. L. A. Baken entertained Tuesday, Mrs. John Brown Wednesday and Mrs. J. D. F. Pierson, Friday.  
Messrs. E. W. Sparrow and William Kroll will spend a few weeks on the Pacific coast. They will return via San Francisco and one of the central or southern routes, having made the trip out over the Northern Pacific last week.  
Rev. Collins announced to his congregation Sunday evening that hereafter he will devote every second Sunday morning and evening to Trout Creek congregationality. Rev. Matias of Ewen will conduct Episcopalian services here when he is at Trout Creek.  
U. S. Hayes, the veteran salesman, representing the Sparrow-Kroll Lumber company, started on a business trip in Wisconsin and Illinois Friday. He will incidentally visit his home at Grand Rapids, Mich., and eat Thanksgiving dinner with his family.  
The open season has extended the time already a week longer than usual for operating the Sparrow-Kroll mill. It is expected, however, freezing weather will soon require the use of the hot pond when the mill will shut down until about Jan. 1 to make necessary repairs.  
After many repeated delays on account of bad weather, the fine play prepared for the Kenton public school was raised Thursday afternoon and Old Glory thrown to the breeze amid songs and salutes from a hundred children. Principal Toothacher and Miss Dunbar had arranged a patriotic program which was carried out, after the pole raising, in the school building before a company of visitors.  
Notwithstanding the absence of snow, several deer have been killed the past week. Will Watson of Negaunee brought in a fine buck Monday and another Thursday. C. B. Kroll, William Murray and John Newlander have also been successful in the hunt. Drivers of "tote" teams report that the deer show but little fear this year. One large buck came up close to a tote wagon Monday morning and waited until the team of horses were watered, the while watching the operation as if interested and not scampering off until the teamster mounted his wagon.  
It is said that every bride has many friends, but in a few years they dwindle down to one. That's Rocky Mountain Tea. Makes and keeps her well. 35 cents. The Stafford Drug Co.

## Upper Peninsula.

The jury in the case of Louis Beauchamp, former treasurer of Spalding township, on trial at Menominee, accused of the embezzlement of \$9,185.25 of the township funds during his term of office, returned a verdict of not guilty.  
George Murray, a prisoner in the Menominee county jail, for the third time attempted to commit suicide this week by hanging. He had been in the cell hardly an hour before the other prisoners heard strange noises. Upon investigation the man was found lying on the floor of his cell, a broken strap encircling his neck. The other portion of the strap was attached to an iron bar overhead. He was uninjured. Doctors pronounced Murray insane and he was ordered confined in the asylum at Newberry.  
Ed Heath, boss switchman for the Soo line at Gladstone, had a narrow escape from probable serious injury as a result of an act of revenge taken by the discharged switchmen the other night. Last week Heath had occasion to discharge two switchmen and the men, it is said, determined upon revenge. Heath was sitting in his office when suddenly he was struck in the stomach by a rock as large as a man's head. The missile had been thrown through a window with such force that had it not struck the woodwork in the window it would have probably been fatal. The assailants made good their escape in the darkness and it is thought they have left town.  
A Soo man has seized upon a new plan to awaken interest among the farmers of Chippewa county in the raising of sugar beets for the proposed sugar factory. He has started out to raise enough money among a few of the leading business men to lease 500 acres of land and to raise a crop of sugar beets, the profits accruing to the enterprise to be divided among those who invest in the scheme. The plan is not only devised to make money for those who interest themselves in the venture but also to demonstrate to the farmers of the county the degree of confidence which the business men of the Soo have in the profitability of raising sugar beets in this section of the state.  
What promises to be one of the largest labor organizations in this part of the country, according to the Soo Journal, is now being organized. It is a union among the woodsmen in both Ontario and Michigan. The moving spirit in this enterprise is M. Frazier, who formerly conducted an employment agency at the Lock City. To give an idea of how well the matter is thought of the Journal states that in one camp alone 107 out of 111 voted to join. Although the Michigan men will be for hospital attendance the idea is to do away with several things that the men complain of. They will also demand larger pay for the work done and expect to better their condition in a great many ways. Hereafter they have had no organization what-so-ever.  
Mrs. Alf Seales, residing on a farm near Dollar settlement, Chippewa county, heard a commotion among a flock of turkeys, which she is fattening for the Thanksgiving market. She looked out of the house and saw a big black bear and a cub chasing the national bird around the barnyard. The moving spirit in this enterprise is M. Frazier, who formerly conducted an employment agency at the Lock City. To give an idea of how well the matter is thought of the Journal states that in one camp alone 107 out of 111 voted to join. ## Upper Peninsula.

The jury in the case of Louis Beauchamp, former treasurer of Spalding township, on trial at Menominee, accused of the embezzlement of \$9,185.25 of the township funds during his term of office, returned a verdict of not guilty.  
George Murray, a prisoner in the Menominee county jail, for the third time attempted to commit suicide this week by hanging. He had been in the cell hardly an hour before the other prisoners heard strange noises. Upon investigation the man was found lying on the floor of his cell, a broken strap encircling his neck. The other portion of the strap was attached to an iron bar overhead. He was uninjured. Doctors pronounced Murray insane and he was ordered confined in the asylum at Newberry.  
Ed Heath, boss switchman for the Soo line at Gladstone, had a narrow escape from probable serious injury as a result of an act of revenge taken by the discharged switchmen the other night. Last week Heath had occasion to discharge two switchmen and the men, it is said, determined upon revenge. Heath was sitting in his office when suddenly he was struck in the stomach by a rock as large as a man's head. The missile had been thrown through a window with such force that had it not struck the woodwork in the window it would have probably been fatal. The assailants made good their escape in the darkness and it is thought they have left town.  
A Soo man has seized upon a new plan to awaken interest among the farmers of Chippewa county in the raising of sugar beets for the proposed sugar factory. He has started out to raise enough money among a few of the leading business men to lease 500 acres of land and to raise a crop of sugar beets, the profits accruing to the enterprise to be divided among those who invest in the scheme. The plan is not only devised to make money for those who interest themselves in the venture but also to demonstrate to the farmers of the county the degree of confidence which the business men of the Soo have in the profitability of raising sugar beets in this section of the state.  
What promises to be one of the largest labor organizations in this part of the country, according to the Soo Journal, is now being organized. It is a union among the woodsmen in both Ontario and Michigan. The moving spirit in this enterprise is M. Frazier, who formerly conducted an employment agency at the Lock City. To give an idea of how well the matter is thought of the Journal states that in one camp alone 107 out of 111 voted to join. Although the Michigan men will be for hospital attendance the idea is to do away with several things that the men complain of. They will also demand larger pay for the work done and expect to better their condition in a great many ways. Hereafter they have had no organization what-so-ever.  
Mrs. Alf Seales, residing on a farm near Dollar settlement, Chippewa county, heard a commotion among a flock of turkeys, which she is fattening for the Thanksgiving market. She looked out of the house and saw a big black bear and a cub chasing the national bird around the barnyard. The moving spirit in this enterprise is M. Frazier, who formerly conducted an employment agency at the Lock City. To give an idea of how well the matter is thought of the Journal states that in one camp alone 107 out of 111 voted to join. (Additional Ishpeming on Page Seven.)

AFTER ARIZONA PROPERTY. H. O. Young and Captain Samuel Mitchell Expect to Negotiate Big Deal.

H. O. Young, who has been in the lower peninsula the past few days, will join Captain Samuel Mitchell of Ne-gaunee in Chicago this morning, and both will go to Arizona, where they expect to negotiate a deal for a big tract of mineral land.

Some weeks ago Captain Mitchell and Captain Chynoweth of Calumet spent some time in Arizona inspecting the property, and before leaving they procured an option. Since their return 30,000 shares of stock at \$10 per share have been placed with prominent men of Marquette and Houghton counties.

According to all reports the property will prove a big thing. The tract is extensive and copper, gold and silver have been found. Development work will be started at once, under the direction of experienced mining men. Messrs. Young and Mitchell will be absent ten days or so, but they hope to close up the deal and return sooner if possible.

A NOTED COMPOSER.

The children of the Ishpeming public schools are to have a treat Monday afternoon, Dec. 1, when Mrs. Jessie L. Gaynor of St. Joseph, Mo., will be here. Mrs. Gaynor has written more delightful songs for children than any other American composer and it is not often that Ishpeming children and the school patrons can have an opportunity to hear so gifted a singer and composer.

The children will help defray her expenses in the afternoon by a small admission fee of five cents, and it is hoped that the public at large will attend her evening song and lecture recital at the high school assembly room. An admission of twenty-five cents will be charged for adults.

SWEDISH MISSION.

Special meetings will be held at the Swedish Mission church beginning this afternoon and continuing till Monday evening. There will be services this afternoon at 3:30 and 7:30 in the evening. Tomorrow there will be three meetings, one at 10:30 a. m., and at 3 and 7 p. m. Four ministers will be here as follows: Rev. Carl Hanson, of Iron Mountain; Rev. C. A. Turnquist, of Escanaba; Rev. G. A. Lundquist, of Marinette, and Rev. E. A. Rundquist.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it--heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease, if kidney trouble is allowed to advance the kidney poisons and blood will attack the vital organs or the kidneys themselves break down and waste away call by call.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

TODAY'S FOOTBALL GAME.

U. P. Championship Contest Will Be Witnessed by Large Crowd.

There has been much football talk in Ishpeming this week. The same is true of many other places on the upper peninsula, as interest in the Ishpeming-Escanaba contest is widespread. Many Ishpeming people will witness their first game this afternoon.

All arrangements for the contest were completed yesterday. Ticket sellers and gate tenders will be at the grounds at 12 o'clock in anticipation of an early rush. Many will go down early to get desirable positions alongside the wire fence, as all who are close to the fence will get a good view of the game.

Carriages will be admitted at the north gate. The rush will be largely at that entrance, as the street cars pass on that side. Marquette people arriving by special train will enter by the south gate. The management will not permit carriages to come too close to the fence, shutting out the view of standing spectators.

Several of the regular police officers, as well as a number of deputies, will be present to keep order and to see that no one comes over the park fence. The Athletic association is under heavy expense in pulling off this game and it is hoped that the receipts will be reasonably large.

High School's New Songs.

During the past few days the high school pupils have learned the following new songs, which will be heard this afternoon.

(Tune, "Mister Dooley.") Oh Captain Peterson, Oh Captain Peterson, The greatest captain Ishpeming ever knew. It's very handy That we have Harry

To show you Escanaba what we can do. Oh Mister Johnson, Oh Mister Johnson, The greatest rabbit Ishpeming ever knew.

He makes his distance Without assistance. Whenever Ishpeming needs a yard or two. Oh Mister William, Oh Mister William, Maturity reduction. Will show he's done his duty thro' and thro'.

Is it true? Just try your hand, sir; At Jolliffe's band, sir; And if you kill a few we'll stand by you.

Oh Mister Tony, Oh Mister Tony, The greatest punter Ishpeming ever knew. Isn't it swell, We have our Bell, To ring aloud our victories not a few.

Oh Dr. Sweetland, Oh Dr. Sweetland, The greatest coach Ishpeming ever knew. Minute inspection, Mature reflection. Will show he's done his duty thro' and thro'.

A cheer for Ishpeming. A cheer for Ishpeming. The greatest high school in the country, too. It is our year, boys; So never fear, boys; We'll bury Escanaba before we're through.

(The Enemy.) Please go away and let them sleep. Don't disturb their slumbers deep. They would rather sleep than play. For sleep they want to have both night and day.

I never saw a team so slow. Don't they wish they had a show? Unless they wake won't they feel cheap? So please let them sleep.

Line-Up of the Teams. Following is the line-up of the teams: Escanaba--H. Stonehouse, center; J. Robinson, right guard; W. Embs, right tackle; F. Nugent, right end; J. McKillop, left guard; T. Riley (captain), left tackle; W. Hessel, left end; T. Strom, quarter back; George Bartley, right half; P. Semer, left half; J. Tyrrell, full back.

Ishpeming--S. Bargh, center; O. Brodine, right guard; H. Peterson (captain), right tackle; M. Conoly, right end; O. Nichols, left guard; W. Gill, left tackle; E. Tellefsen, left end; H. Talleen, quarter back; C. Nelson, right half; H. Johnson, left half; T. Bell, full back.

Substitutes: Escanaba--Stephenson, Lehr, Driscoll, Hedstein, Rosenberg, Ishpeming--Urquhart, Markert, Burke, Hayden, Swanson, Cole, Ruez, Charles E. Juttner, who refereed the game at Escanaba two weeks ago, will officiate in the same capacity again today. He is an old player and understands all the points. It is also expected that William Talcott of Bessemer will again act as umpire.

The Escanaba team and its friends will arrive here about 11:30 o'clock. It was impossible to ascertain last evening just how many were coming, though it is expected that there will be three or four coachloads.

THIS CLIMATE IS GOOD enough for anybody with weak lungs. The patient need not travel. He can get well here with the help of Allen's Lung Balm, a cougher who consequently and shortness of breath after exercise serve notice upon him that serious pulmonary trouble is far away. Allen's Lung Balm is free from any form of opium.

A CURE FOR RHEUMATISM.

A Scientific Discovery Which Cures Rheumatism Without Upsetting the Stomach.

Anyone suffering from Rheumatism can now be sure of a speedy cure without any discomfort and no matter of what age by the famous Gloria Tonic, which remedy has already cured many thousands of hopeless cases.

It is a purely scientific discovery of rare ingredients and the only remedy known, that contains the vital principles necessary in the cure of rheumatism and blood disorders. It is guaranteed to cure acute and chronic Rheumatism, Sciatica, Lumbago, Gout, Eczema, Scabies, Neuritis, Salt Rheum, Inflammatory Rheumatism, and all diseases due to uric acid in the kidneys and blood and which sooner or later result in Rheumatism. And the worst is, if neglected it may reach the heart.

Among the thousands it cured, Mrs. Biller of Hastings, Ind., after suffering 30 years; H. Hoffmann of Stockton, Kas., at 85; Fred G. Witt, Reed City, Mich.; besides many who could only walk on crutch and cane and others who were bed-ridden for years and given up to die. But that is not all.

Gloria Tonic is preferred by all others by such world-noted men as Dr. Quintero of the University of Venezuela; the Hon. E. H. Fitch, U. S. Senator; Hon. L. L. Rathman, Calcutta, Australia; Professor MacAdam of Surgeons Hall, Edinburgh, Scotland; the famous magazine "Health" of London; Hospital and Sanitarium Superintendents and a column of others.

With such strong endorsements it would seem that everybody would resort to this remedy at once. It is a medicine of short duration, it quickly stops the aches, pains and swellings, removes the sores, blotches and eruptions and drives out the uric acid from the muscles, bones and joints, curing you completely. It will do this every time. Besides it is free from poisonous drugs, such as Morphine, Salicylates, Codeine, Narcotics, etc. Gloria Tonic is put up in tablet form and can be obtained at all the leading drug stores at \$1.00 and \$3.50 a package. The large size package contains a two months course and is the average cure. It is enough to banish all the accumulated poisons.

Big Illustrated book on rheumatism which contains many stippled drawings from actual life mailed free. Address, JOHN A. SMITH, 624 Germania Bldg., Milwaukee, Wis.

THANKSGIVING SERVICE.

In accordance with the annual custom, the approaching Thanksgiving will be the theme of the morning services at the Presbyterian church tomorrow. The pastor, Rev. M. M. Allen, will preside, and will preach a sermon befitting the occasion. The choir, assisted by Dr. Robbins, will render the following special selections:

Festival, "Te Deum,".....Buck. "O Lord, How Manifold,".....Bartlett. "Come, Ye Thankful People, Come,".....Reed.

A LARGE CONTRIBUTION.

The last contribution of the Mine Workers' Union to the fund sent to relieve the strikers in the anthracite coal regions in Pennsylvania, raised the amount given in Ishpeming to \$631.55. Of this sum \$104.40 was donated by the members of the local union before an appeal was made to the public. The balance was raised by subscription.

RHEUMATISM CURED IN A DAY.

"Mytic Cure" for Rheumatism and Neuralgia radically cures in one to three days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents a bottle. Sold by Frank Penfield, all druggists. (10-7-3mo)

ISHPEMING IN BRIEF.

P. A. Kelstrom, a former resident, is here from the copper country. John West is the new teamster for the A. W. Myers Mercantile company.

P. R. McKernan and Philip Voetsch, both of L'Anse, were in the city yesterday.

The employees of the Lake Angeline mine will be paid today for last month's work. Mr. and Mrs. August Murray are entertaining their daughter, Mrs. John O'Neil, of Marquette.

Win J. Morgan, a well-known real estate dealer of Milwaukee, is spending a few days in the city. The second in the series of mid winter dancing parties will be given in Anderson's Hall Friday evening, Nov. 28.

The clerk's union will hold its regular meeting in the hall of the Mine Workers' union on Monday evening.

John Johnson, of Calumet, deputy sheriff of Houghton county, is here for the Wyoming Queen Mining company. C. D. Cole has a fine enlarged picture of the old court house and grounds at Marquette. It can be seen in the window of his gallery on Division street.

M. L. Lee arrived home yesterday from Chatham, where he spent the past month building a house on his homestead.

Miss Olcott, superintendent of the Roosevelt schools, is here to see the football game. She is the guest of Mrs. D. McVichie.

Willie Newett, son of Editor George A. Newett, shot a 250-pound buck near Camp Nine one day this week. It was his first deer.

Dr. Daley, the veterinary surgeon, will spend the winter at B. J. Goodman's farm, Sands, where he will take care of Mr. Goodman's stock.

All the rooms on the first floor of the high school are being wired for electric lights. The second floor was thus equipped when the building was erected.

Henry Harwood, the druggist, has been confined to his bed for nearly a week as a result of a severe strain sustained in trying to lift a heavy package.

Mrs. M. A. Kahn received word this week of the death of her father at Buffalo, N. Y., on Tuesday. She was unable to attend the funeral, on account of sickness in the family.

Clifford Barabe, one of the coaches of the Escanaba football team, and wife will visit E. A. Sterne and family over Sunday. They will arrive this morning with the Escanaba team.

Fred Larson, a former resident, but now a street car conductor in Chicago, writes that he has been unable to do any work for several weeks, owing to a severe attack of rheumatism.

Sellwood & Co. will present a broom decorated with the team's colors to the winner of today's game and a sou-

venir of the high school to the lacer. Both may be seen in the company's display window, which is decorated in a most unique manner.

Miss Agnes Van Orden of Houghton and Miss Eva Lyon of Detroit are visiting Andre Formis and wife at their home on North Third street. Miss Van Orden is a sister of Mrs. Formis.

The first coat of plaster is being put on the Oliver Iron company's new office. The contractor is rushing the work, with a view to completing the building before the first of the year.

The double funeral of Nels Pantti and Matt Leppamaki, the two men who were suffocated at the Lake Superior Hematite mine Wednesday, was held yesterday afternoon from the Swedish Lutheran church. A large number attended the services, the church being filled to its capacity. Leppamaki was a member of the uniform rank of the Maceabes and the members of that order attended in a body.

A STARTLING SURPRISE.

Very few could believe in looking at A. T. Hoadley, a healthy, robust blacksmith of Tilden, Ind., that for ten years he suffered such torture from Rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters. "Two bottles wholly cured me," he writes, "and I have not felt a twinge in over a year." They regulate the Kidneys, purify the blood and cure Rheumatism, Neuralgia, Nervousness, improve digestion and give perfect health. Try them. Only 50 cents at Stafford's drug store.

# "Saved My Life."

"Lydia E. Pinkham's Vegetable Compound cured me when all else had failed. I suffered a long time with female troubles."  
 "Mrs. Pinkham's advice and medicine saved me from a surgical operation. Doctors said an operation was necessary."

Thousands upon thousands of women throughout this country are not only expressing such sentiments as the above to their friends, but are writing letters of gratitude containing just such expressions to Mrs. Pinkham until she has more than a million from women in all classes of society who have been restored to health by her advice and medicine after all other means had failed.

Women should remember that it is Lydia E. Pinkham's Vegetable Compound that is performing such remarkable cures, assisted by Mrs. Pinkham's advice.

If you are asked by a druggist to take something else, demand the medicine which you know is best—the medicine which has made the greatest number of cures—the medicine whose record is unequalled by any other medicine, exclusively for women, in the world.

## Lydia E. Pinkham's Vegetable Compound.

### MISS MAY MARKELL, A Society Belle of London, Canada.

MISS MAY MARKELL of London, Ontario, Canada, is a beautiful girl who knows what suffering is and Wine of Cardui has brought her back to health. She is one of the social favorites of her home and her recovery to health has permitted her to enjoy the company of her many friends instead of lying on a bed of sickness and suffering. For the health she now enjoys she gives credit to Wine of Cardui. She writes:

"I have found Wine of Cardui an excellent remedy for female trouble, suffered for three years with terrible bearing-down pains at the menstrual period. I could hardly stand on my feet and was never real well. Wine of Cardui was the only medicine that I could depend on to do me any good, as I tried several with no success. Wine of Cardui cured me and I have now enjoyed perfect health for two years, and give you all the credit for I know you deserve it."

For a young girl Wine of Cardui is the best remedy to guide her through womanhood by starting the menstrual flow in a healthy and natural manner. Menstruation started right is very easy to keep regular through the years of mature womanhood. Then the "change of life" need not be feared. Thus Wine of Cardui is woman's best relief from youth to old age. A million women have secured blessed relief from their sufferings by taking this treatment. It relieves menstrual troubles in an incredibly short time. In a simple case of deranged menses Wine of Cardui never fails. To relieve disordered menses is to remove the cause of other female troubles. Any physician will tell you that to remove the cause of a disease renders the cure easy, in fact seldom fails to complete the cure. If you would have the same relief which Miss Markell secured try Wine of Cardui. You can take it without an examination and without any publicity whatever. You can take it in the privacy of your home and secure just as much benefit as if a doctor had prescribed it for you. Thousands of women are feeling the vigor of returning health by taking Wine of Cardui.

## Negaunee and Vicinity.

[Subscribers to The Mining Journal will please remember that carrier boys are not allowed to receive money on subscription account.]

### UNWATERING THE BARASA.

Work Nearly Completed—Its Exploration to Begin Soon.

For two weeks the pumps have been working at the Barasa, unwatering the shaft. When operations began, the water extended nearly to the collar of the shaft, which is 270 feet deep, and up till Thursday it had been lowered 150 feet. The two pumps have a capacity of 150 gallons per minute and are suspended by a wire rope from the hoisting drum, so that the work suffers no interruption. The intakes of the pumps follow the declining water as the rope unwinds from the drum.

Exploration will begin as soon as the mine is dry, which will be within ten days. The work will probably be in the direction of the Negaunee mine. If any of the Negaunee deposit is found on the Barasa description, a third working shaft for the Negaunee would be feasible, as ample railroad and stocking facilities already exist there.

Henry Beal has charge of the pumping.

### OLD RESIDENT DIES.

Yesterday morning Mrs. August Swedberg, of the Jackson location, a well-known resident of the city, died after a two weeks' illness. Mrs. Swedberg's friends became alarmed over her condition a number of days ago, and her daughter, Miss Annie, of Chicago, was sent for and arrived several days before her mother's death.

The deceased was sixty-three years old. She is survived by a husband and one daughter. The funeral will be held Sunday at 2:30 o'clock from the Swedish Lutheran church.

### BACK TO IRELAND.

Dan Flynn expects to leave for his native land next week, sailing from New York on the Cunarder "Campania" Dec. 4. Mr. Flynn left County Kerry forty years ago, when he was ten years old, and he has not visited the old sod since. He looks forward with great anticipations of pleasure to his trip. He expects to remain abroad about two months.

### EXCURSION TO THE SOO.

The South Shore has announced an excursion to the Soo tomorrow. The round trip fare from here is \$3, the train leaving here at 4:20 a. m. Tickets will be good for return until the 5:30 p. m. train leaving the Soo Monday, Nov. 24.

### STARTLING, BUT TRUE.

"If every one knew what a grand medicine Dr. King's New Life Pills is," writes Dr. H. Turner, Dempseytown, Pa., "you will sell all that you have in a day. Two weeks' use has made a new man of me." Infalible for constipation, stomach and liver troubles. 25 cents at Stafford's drug store.

### LOCAL LAONICUS.

W. J. Allen, of Humboldt, was here Thursday.

Oliver Lacombe is building a barn in the rear of his residence on Case street.

Captain Samuel Mitchell left Thursday for Arizona, where he will transact some mining business.

Captain C. D. Blanchard, of Marquette, county agent, was here yesterday, looking after an aggravated case of truancy.

Ed Blee is here visiting his family. Mr. Blee is employed at the Helen mine, one of the Clergue properties in the Michigan district.

John Bray writes from California, whether he went on a business trip three weeks ago, he is enchanted with the Pacific coast state.

Attorney McClear, a former resident of Negaunee, but who has been located at Menominee for six years past, has opened an office at Coeur d'Alene, Idaho.

The ladies of St. Paul's church will serve meals all day today in the vacant store in the Muck block. The charge will be fifty cents. They will also have a number of fancy articles on sale.

Captain James Foley is driving a fine bay roadster that he received from Green Bay a few days ago. The pacer he has been driving for several months has been shipped back to the former owner.

Rev. W. F. Kerney, rector of St. John's Episcopal church for the past year, has received word that his resignation was made many friends during his short pastorate here and his resignation was received with sincere regret.

Marshal Gribble and his officers gathered in six hilarious celebrators of pay day Thursday evening. They lunked in the inebriates' asylum for the night, and were duly lined up before Justices Thoren and Trathen the next morning. After paying the usual fines they were allowed to go forth in peace.

### FROM AN AUCTIONEER.

Col. C. H. McDonald of Greenview, Ill., in a letter May 1st, 1901, says, "I am an auctioneer and being often exposed to the weather, am seriously troubled by my throat becoming irritated and hoarseness following. When troubled in this way, I always use Hare's Honey and Horehound. It is the only remedy that has ever done me any good and it positively cures." Sold by the People's Drug Store.

### A THANKSGIVING DINNER.

Heavy eating is usually the first cause of indigestion. Repeated attacks inflame the mucous membranes lining the stomach, exposes the nerves of the stomach, producing a swelling after eating, heartburn, headache, sour risings and finally catarrh of the stomach. Kodol relieves the inflammation, protects the nerves and cures the catarrh. Kodol cures indigestion, dyspepsia, all stomach troubles by cleansing and sweetening the stomach. H. Harwood, Ishpeming; Stafford Drug Co., Marquette.

### WEATHER TOO WARM.

Woodsmen Are Anxiously Looking for a Cold Wave.

The present weather may be all right for football, but it's not what the woodsmen want. The hunters are likewise disconsolate. They mourn the lack of snow. Most of the roads leading into the woods are so soft that the horses sink to their knees in the sticky ooze and to drag a loaded wagon through the mire is an utter impossibility. The local woodsmen have had their sleighs and outfits in readiness for weeks. Their horses have been standing idle in the stables and men who expected to go into the woods are seeking other occupations.

But there is no loss without some gain. If cold weather had set in on schedule time, the people with empty coal bins would have been complaining more loudly than are the lumbermen.

Old residents say that the present season has not been equalled since one autumn in the early eighties, when Indian summer lasted till Christmas.

### OUR GUNBOATS BUILT IN JAPAN.

The United States government has ordered six gunboats to be built in Japan for coast protection in the Philippines. The receipt of an order of this kind is the best evidence of the wonderful progress made by the Japanese in the last half century. The best evidence of the progress made by Hostetter's Stomach Bitters during that time is found in the unequalled record of cures back of it. Hundreds of people, including many prominent physicians, have voluntarily testified that the Bitters cured them of stomach, liver and kidney complaint when other medicines had failed. You will therefore make no mistake in trying it for heartburn, nausea, headache, indigestion, dyspepsia, constipation or biliousness. One bottle will convince you of its value.

### Additional Ishpeming

WILL IMPROVE DEPOT.

Lake Superior & Ishpeming Road Plans Considerable Work.

Some important work will soon be done at the local station of the Lake Superior & Ishpeming Railway company. The waiting room will be improved, and a couple of toilet rooms added. The depot will also be connected with the water system. A number of incandescent electric lights will be placed on the veranda, which extends across the front and east side of the building, and additional lights will be added inside.

The erection of the new warehouse will be started Monday. The ground has been ready for the masons and carpenters for nearly three weeks past, but the contractor, C. C. Van Iderstein, has been rushed with work elsewhere, and has been unable to get the local job started. He advised Agent T. W. Durham yesterday that he will put on a large force Monday, and that he expects to have the building completed within a week or ten days.

It is evident that the management of the road intends to go after passenger and freight business. It is expected that there will be much more traffic over the line next summer than there was during the past season. The company will bid for special business between here and Marquette, and excursions will be run to Munising and other points. The road will have direct connection with other systems, so that freight can be handled as cheaply and to as good advantage as it is now handled over any of the other lines entering this city.

A new station will soon be erected at Negaunee. The old depot is to be abandoned, and the company will also be prepared to handle freight business there. The depot will be a short distance from the Union station and will be convenient for both passenger and freight traffic.

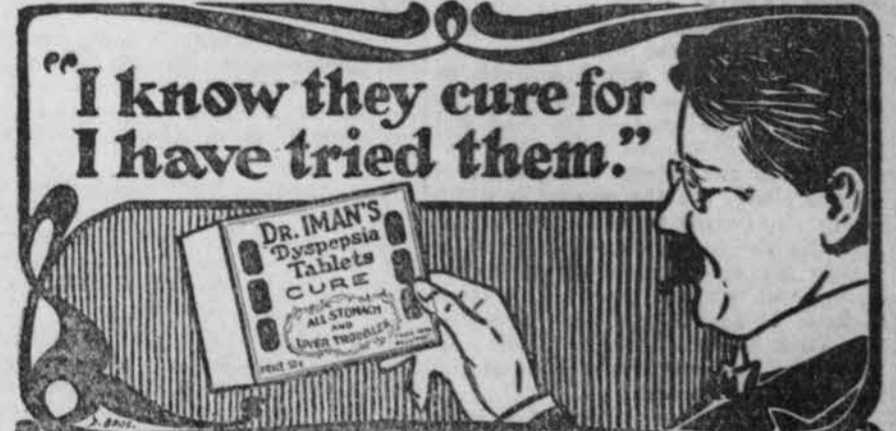

Low prices on storm sash. Consolidated Fuel & Lumber Co. (11-11-1f)

Tickets are on sale for the early morning train of Sundays, and are good for return passage until the night express of same day.

For further particulars apply to agent at the stations named or to GEO. W. HIBBARD, Gen'l Pass. Agt., Marquette, Mich. (11-15-1f)

## WEAK LUNGS

Weak lungs are nearly due to a neglected cough. Only a small per cent. of the millions who have consumption inherit it. A slight cold, a tickling or hacking cough is the beginning, and after it has reached a certain advanced stage there is no ending except the grave.

Any case of consumption that is curable; that is, any one having consumption whose family or friends still hold on to a ray of hope, may take comfort in the knowledge of the fact that One Minute Cough Cure will give instant relief and finally cure.

This famous remedy does not pass immediately into the stomach, but lingers long in the throat, chest and lungs, producing the following results:

- (1) Relieves the cough.
- (2) Makes the breathing easy.
- (3) Cuts out the phlegm.
- (4) Draws out the inflammation.
- (5) Kills the germs (microbes) of disease.
- (6) Strengthens the mucous membrane.
- (7) Clears the head.
- (8) Relieves the feverish conditions.
- (9) Removes every cause of the cough and the strain on the lungs.

(10) Enables the lungs to contribute pure life-giving and life-sustaining oxygen to the blood. Cures Croup and all Cough, Lung and Bronchial Affections.

CONSUMPTION CURED. "My physician told me one year ago that I would die of consumption inside of a year. I commenced taking One Minute Cough Cure for my lung trouble and it cured me. I have gained 20 pounds and I am a pretty live 'dead woman.' One Minute Cough Cure saved me." MARY F. SULLIVAN, Grand Rapids, Mich.

Pleasant to the taste. Good for Children. Good for every body. For Coughs, Colds, Croup, Whooping-Cough, Bronchitis, Asthma, Pneumonia and all Throat and Lung troubles no remedy is so good as

## ONE MINUTE COUGH CURE.

Prepared by E. C. DeWitt & Co., CHICAGO

### PRESIDENT FITCH

MARQUETTE MAN NOW HEAD OF THE SOUTH SHORE ROAD.

WAS ELECTED NOVEMBER 19

TO RETAIN PRESENT POSITION OF GENERAL MANAGER.

Change Will Make Practically No Difference With Present Order—General Samuel Thomas the Retiring Executive.

Word was received at the South Shore general offices here yesterday that W. F. Fitch, the second vice president of the road, had been elected president at the meeting of the directors held in New York, Nov. 19. He succeeds General Samuel Thomas.

Mr. Fitch retains his position of general manager of the South Shore system, and his title will henceforth be president and general manager. His elevation to the head of the road is not, therefore, involve any particular change from the present order, and it is notable chiefly for the manner in which it bears testimony to Mr. Fitch's standing with the South Shore's directorate.

Only the bare announcement of the change was received yesterday, so there is little to be said in the connection. Mr. Fitch himself is in New York, although he was not in attendance at the meeting of the board.

There has been no intimation, at least none that reached the press, of the impending change of his status in the company, so the news will come as a great deal of a surprise to his upper peninsula friends, to whom it will be very acceptable.

#### TO THE SOO TOMORROW.

Big Crowd Expected to Patronize Morse Hose Company's Excursion.

The South Shore road has prepared to take a big crowd to the Soo tomorrow, on the occasion of the excursion to be run under auspices of Morse Hose company. The firm have done considerable hustling the past few days, in the way of advertising the trip, and they have reason to believe the excursion will be liberally patronized. The rates of fare are certainly low enough to insure a large crowd.

The round trip fare from Michigamme, Champion and Humboldt will be \$2.50, and from Ishpeming, Negaunee, Marquette, Ontonagon, Au Train, Munising Junction, Wetmore and Shingleton \$3. The tickets will be valid for return passage until the regular train leaving the Soo at 5:30 o'clock p. m. Monday, but to accommodate those who desire to return on the day of the excursion the Sunday evening train will be held at the Lock City until 6 o'clock. Going down, the excursionists will leave here on the early morning train tomorrow, departing at 5 o'clock.

#### CITY BREVITIES.

Weather forecast: Partly cloudy with possible showers; westerly winds, shifting to southerly.

Yesterday's temperature: 7 a. m., 44 degrees; noon, 47 degrees; 7 p. m., 46 degrees; maximum, 52 degrees; minimum, 43 degrees.

Al Sedgwick was down from Ishpeming yesterday.

The Whist club will meet with Mrs. George P. Brown this afternoon.

M. H. Moriarty of Crystal Falls, senator-elect from this district, was in Marquette yesterday.

Walter Jamieson and W. R. Adams, prosecutor of the county, were down from Ontonagon yesterday.

Marshal Gribble brought Edwin Henderson down from Negaunee yesterday. He is a youth who was committed to the reform school at Lansing by Judge C. D. Blanchard, who was at Negaunee yesterday looking into the case. The lad has been a persistent truant.

F. A. Bell and C. G. Griffey of Negaunee and Walter Fitch of Champion were Marquette visitors yesterday.

The steamer Falcon, which several days ago came in with a cargo of soft coal, cleared yesterday with pig iron, the product of the Carp River furnace.

Three boats took out ore yesterday. They were loaded at the L. S. & L. dock. The vessels were the Andaste and Gramplan, for Ashabula, and the Paisley, for Toledo.

Price Bros. are installing a complete new set of fixtures in their place on Washington street. The fixtures are up-to-date, and will give them one of the best appearing saloons in the city.

The Marquette land office has handed down a decision in the case of John Britz vs. Nels C. Anderson, 120 acres in Marquette county's affected. The decision is in favor of the first named party.

If Rev. Carl Appeler of the German Lutheran church, receives a sufficient number of applications, he will organize a German class for adults, to meet at its pleasure in the basement of the church.

The semi-annual water rates are due on the 31st of the month. If not paid by or on that date, consumers are liable to penalties. There are many water takers who have yet to settle with City Treasurer Eggers.

An Assembly hop is being arranged for Monday night. The Marquette Ideal orchestra will furnish the music. As the Assembly will be the first to be held for a couple of months, it promises to be well attended.

The Homesteaders' association will hold a meeting this evening at 8 o'clock in Siegel's hall, for the purpose of making the final settlement for the construction and repair work on the road up in the Yellow Dog country.

Rush Culver's buck, killed a few miles this side of Big Bay, at Weston's place, this week, is one of the largest that has been brought in this season, although it is some pounds short of being the largest that has ever been killed in this section. It was weighed at Fassebender's market yesterday, where it was on exhibition. It tipped the scales at 227 dressed and cleaned.

At 1 p. m. the South Shore special for Union Park, where the Ishpeming-Escanaba football game will be played, will leave the Marquette depot. Inquiry yesterday showed that many people are figuring on going up, if the weather is fine. The game will settle, unless it is a tie for the second time, the championship of the upper peninsula, and it is expected to be the best contest of the kind ever held in this section. The rate for the round trip is fifty cents; tickets being good for the return trip on the trains arriving here at 5:30 and 7:40 p. m.

By keeping track of the daily shipment of deer across the straits, it is very evident that fewer deer are being shot this season than in former years. This is not due to the fact that there are fewer hunters or that the deer are more scarce than last year, but to the fact that the weather is such as to protect the deer to quite a noticeable extent. The lack of snow makes it more difficult to track the deer, and for this reason more deer are wanted and left to die in the woods. In former seasons where the daily consignment of deer across the straits would reach the hundreds, twenty-five to thirty is now the average number. Should this weather continue during the season, the deer of northern Michigan will have a much needed respite from the hunters' bullets. —St. Ignace Enterprise.

#### THANKSGIVING DAY EXCURSION.

The L. S. & L. Munising, and Marquette & Southeastern railways will have in force, Nov. 26 and 27, their regular Sunday excursion rates. The tickets will be good for return until Nov. 29.

#### AT DESCHAIN'S BAKERY.

Cream Puffs, Chocolate Eclairés, Coffee Coogan, Crescents, Cinnamon Rolls, Vienna Rolls, Apple Turnovers, Angel Foods, Layer Cakes. All fresh today. (11-22-1d)

A big haul by highwaymen, substitutes and others who steal the good name and fame of Rocky Mountain Tea made famous by Madison Medicine Co. 35c. The Stafford Drug Co.

### INTAKE FINISHED

POWELL & MITCHELL ABOUT THROUGH AT NEW FURNACE.

WORK COMPLETED IN GOOD SEASON

BAD WEATHER OCCASIONED COMPARATIVELY FEW DELAYS.

Firm Is Likewise Finishing Up Its Timber Work—Construction at the Plant Is Well Advanced.

Early this week Powell & Mitchell completed the last length of the intake that they have been laying the past couple of months for the Pioneer Iron Co. This intake will furnish water for the company's new furnace plant, which will be put in operation shortly after the first of the new year. The intake was furnished by Logemann Bros. of Milwaukee. It is some 1,700 feet long, and thirty-six inches in diameter, was built with special care and a view to durability, and as it now lies in the lake is one of the best intakes on the south shore. It was described in detail in a recent article in The Mining Journal.

Powell & Mitchell have a little more work to do at the intake before they finish their contract. The pipe is all in and connected up in the proper manner, but the outer section has yet to be anchored firmly on the lake bottom. It will be recalled that the extreme end of the intake stands some thirty feet high, and has a wide spread, it having two arms, through either of which water may be drawn. This enormous mass of iron is to be held in an upright position by guys, sufficient in number to secure its safety, which will be anchored on the solid rock bottom of the lake. In addition much stone will be dumped around the outer section, to secure it firmly and reduce the possibility of accident to a minimum.

Powell & Mitchell have done a good stroke of work in completing the intake this fall. They were late, owing to delays in the receipt of material, in making a start, but since about the first of September the work has progressed rapidly, under the superintendence of Mr. Ed Mitchell. Occasional days of broken weather caused delays, but when the lake was calm every effort was made to make the last time good, with favorable results.

Much Excavating Required.

Much submarine excavating was required. Near the shore the amount of this work was very great, and it had also to be continued a good distance out. The wheel of the tug Ward removed some of the sand, but the greater part of the trenching was done with a sand pump. A diver was constantly employed on the contract.

The firm is greatly pleased at having finished the work in good season and in a satisfactory manner, as it was realized that the late start made the completion of the contract a doubtful matter. A run of bad weather would have upset all calculations.

Powell & Mitchell have but a few more days work on their contract for the Pioneer Iron company. They have built the trestles at the furnace, and have done other heavy timber work, during the progress of which they suffered annoying delays on account of the non-arrival of material. The timber for the heaviest work had to be obtained from Washington, and shipments are distressingly slow. Some carloads of stuff were on the road between Tacoma and Marquette for as long as two months.

Work in general at the new furnace is well advanced. The brick contracts are practically complete, and the plant has assumed a finished appearance. However, there is still much to be done and it will be the second or third month in the new year, it is said, before it will go into blast.

Keno for turkeys at Price Bros.' tonight. Sample rooms just renovated. (11-22-1d)

### BENEFIT FOR ST. LUKE'S.

Was Dr. Drummond's Entertainment Thursday Evening.

It may not be generally understood that Mr. Drummond's entertainment at the opera house Thursday evening, in which he gave readings from his own poetical works, was a benefit for St. Luke's hospital, but this was the case. It proved to be a profitable benefit, too. The receipts totalled \$137.20 and the expenses were but \$9, leaving a balance of \$128.20 for the hospital. The officers and friends of this institution feel very grateful to Dr. Drummond for his effort in its behalf.

#### HUNTING FATALITY.

It Occurred Near Trout Lake Last Tuesday Morning.

Another hunting fatality swells the list of similar occurrences on the upper peninsula. Last Tuesday morning George Myers of Allegan was shot and killed, at a point about six miles from Trout Lake, by Jackson Galbraith, also of Allegan. A undertaker was summoned from the Soo and the remains prepared for shipment to Allegan, where they have already been sent. Galbraith was nearly crazed with grief when he learned what he had done.

The tale of Myers shooting is the tale of many another hunter who has been mistaken for a deer by a hasty nimrod, and brought to the ground by a fatal shot. He was a member of a party of Allegan hunters comprising Jackson Galbraith, his two brothers, Sam and Jack, H. H. Aitkens, John Richards and Seth and George Rockwell. Tuesday morning all but two of the party started out from their camp for a day's hunt. Jackson Galbraith and a companion traversed the top of a ridge along a ravine, the bottom of which was being scoured by Myers and one other. A number of deer were sighted by the men on top of the ridge and fired on. Finally Galbraith saw Myers' tan coat in the brush. He thought it was a deer, brought his gun to his shoulder and fired. The bullet passed through a small sapling and penetrated Myers' heart, killing him almost instantly.

The entire Allegan party accompanied the remains on the sad homeward journey Wednesday evening.

#### SUNDAY AT THE CHURCHES.

Methodist—The pastor, Rev. E. A. Elliott, will have for his morning subject, "The Christian Brotherhood." In the evening the subject of the sermon will be, "The Teacher." The Epworth league will meet in the church parlors at 6:45 p. m.

Presbyterian—Rev. A. F. Bruske, D. D., president of Alma college, will preach both morning and evening. Sunday school and Christian Endeavor meeting at the usual hours. All are welcome.

St. Paul's cathedral—Sunday next before Advent: Holy eucharist, at 7:30 a. m.; matins and sermon, at 10:30 a. m.; Sunday school, at 12 m.; evensong and sermon, at 7:30 p. m.

First Church of Christ, Scientist—Service at church hall, 100 Spring street, at 10:30 a. m. Subject, "Ancient and Modern Necromancy or Mesmerism and Hypnotism."

German Lutheran—Service here in the evening at 7:30; in the church at Green Garden Sunday morning at 10:30; Sunday school at 12 o'clock.

St. Margaret's Mission—Sunday school will be held as usual, at 2 p. m.

St. James', Choceoly—Evensong and sermon at 3 p. m.

#### CHEAP RATES TO ISHPERING.

The Marquette & Southeastern and L. S. & L. railways will sell excursion tickets from Marquette to Ishpeming and Negaunee and return today on account of the big football game at Union Park. The train will leave Marquette at 9:10 o'clock this morning, and returning, will leave Negaunee at 4:33 p. m.

#### CRYSANTHEMUMS.

We extend to all an invitation to our chrysanthemum opening. We have the finest lot of chrysanthemums ever grown in this part of Michigan; also an especially nice line of cut flowers and house plants. The Stafford Greenhouses, North Third street. (11-11-1f)

## BIG ORE DOCK BURNS

FIRE AT ASHLAND DOES MORE THAN \$500,000 DAMAGE.

### THREE MEN LOSE THEIR LIVES

OTHERS ARE INJURED, THREE SO SERIOUSLY THEY WILL DIE.

Structure Destroyed the Largest of Its Kind in the World--Blaze Started in the Center and Spread Rapidly Both Ways.

Ashland, Wis., Nov. 23.—One of the big ore docks of the Wisconsin Central road here was destroyed by fire yesterday and the bodies of three men are in the ruins. The men were GUS ANDERSON, upper dockman, foreman of crew. WILLIAM LINDON, driver of Ellis hose car. LEO, a workman. The injured are: Andy O'Toole, pipeman Barton company; badly injured about head and internally; is unconscious; will die. Charles Workes, pipeman Deaver company; badly injured on head; may die. Vivian Young; injured internally and skull fractured; may die. John Stenz, pipeman Ellis company; injured on head; will live. Tony Schabach, Ellis company; knee wrenched and flesh wounds; will live. There are scores of others with slight injuries.

### Flames Cut Off Escape.

When the fire was discovered at 5 o'clock in the afternoon the day crews on the dock were just getting ready to quit work. Seeing flames the workmen rushed for land, but many were cut off and jumped into the bay, a distance of sixty feet. Twenty men who sought refuge on an outer end of the dock were scorched by flames. Several passing vessels succeeded in having a tug come to their aid just in time to save them. Gus Anderson, day foreman of the dock, started with his men, but was overcome by smoke and fell into one of the pockets on the dock. He has not been heard from since, and as that portion of the dock is all gone it is believed that he is dead.

The blaze was first seen in the center of the dock and spread rapidly both ways. Before ten minutes the entire dock was enveloped in flames fed by the seasoned and oily timbers and framework. The fire shot high into the air, attracting thousands of people to the bay shore. All of the fire departments were called into service, but to no avail. Business and professional men turned frenzied about 100 climbed into the approach to the dock and with streams of water attempted to keep the flames confined to the portion of the dock over the water.

### Collapse Buries Many.

After the fire had been going fifteen minutes the outer part of the dock fell, carrying with it the approach on which the men were fighting. With little or no warning the approach was dragged down and with it the fire fighters, most of whom were buried. When the approach fell fully 7,000 people were lined up on the bay front and witnessed the awful scene. In this crowd were mothers, fathers, sisters and brothers, and their cries of anguish added horror to a scene that was sickening in the extreme. All of the men carried down, however, were rescued before the flames reached them. A number were seriously injured.

Three trains of cars that were on top of the dock were also burned. There was little ore in the pockets as the Wisconsin Central was about to wind up the season's business. The origin of the fire is unknown. The total loss is estimated at \$525,000, most of it covered by insurance. The destroyed dock was built in 1887 and was the largest dock in the world. The company announced yesterday morning that it was the intention to tear down the old dock and build a new one on the same site this winter. The work of tearing the dock down was to begin Dec. 1 and it was thought that about 600 men would be employed on the work until next spring.

### IRISH RALLY AT CHICAGO.

Nearly \$10,000 Raised at Mass Meeting --John Dillon Taken Ill.

Chicago, Nov. 23.—John Dillon, the well-known Irish leader, who came to Chicago to address a meeting at the Auditorium here tonight in celebration of the Manchester martyrs' anniversary, was taken suddenly ill today and was unable to appear at the meeting. While driving today Mr. Dillon suffered a chill, which was followed by a high fever, and tonight his temperature is 104. While Mr. Dillon is not seriously ill he will be confined to his room for several days. Michael Davitt, who came to Chicago with Mr. Dillon, was the principal speaker at tonight's meeting. He told of the present situation in Ireland, particularly regarding the land war between the landlords and tenants. Nearly \$10,000 was secured for the Irish cause at tonight's meeting.

### FOUND DEAD IN HIS ROOM.

Lloyd Q. Richardson, Saginaw Lumberman, Comes to a Sudden End.

Saginaw, Mich., Nov. 23.—Lloyd Q. Richardson, for thirty years a prominent lumberman in Michigan, was found dead on the floor of his room at the Nagley Hotel this morning. Death was due to hemorrhage.

### BIG ELEPHANT RUNS AMUCK.

Kills Keeper and Escapes to Woods, Where It Is Later Shot.

Savannah, Ga., Nov. 23.—Gypsy, a big elephant belonging to a circus touring the South, went crazy near Valdosta yesterday and killed her keeper, O'Rourke, by crushing him against the side of a car. She then escaped to the woods. A hunt was organized and the big beast was shot a number of times today before she succumbed to a bullet in the brain.

### WROTE HUNDREDS OF SONGS.

Septimus Winner, Composer of the "Mocking Bird," Dies Suddenly.

Philadelphia, Nov. 23.—S. Winner, aged seventy-six, composer of the "Mocking Bird," hundreds of other popular songs, died suddenly today at his home here. He was the author of 200 technical books on musical instruments. Mr. Winner was a frequent contributor to Graham's Magazine when Edgar Allan Poe was the editor of that publication. One of his compositions—"Give Us Back Our Old Commander"—written after the removal of General McClellan, is said to have threatened the disruption of the military forces, and its publication was stopped by the government. Mr. Winner sold the "Mocking Bird" for \$35, but the publishers years later admitted having realized three million dollars from its sale.

## FROM SEA TO SEA MAIL WAGON RIFLED

CANADA TO HAVE SECOND TRANS-CONTINENTAL ROAD.

### GRAND TRUNK IS TO EXTEND VEHICLE HELD UP IN STREET

ESTIMATED THE LINE WILL COST A HUNDRED MILLIONS.

Will Be 3,000 Miles Long and Run from North Bay, Ont., through Manitoba and Northwest Territory, to British Columbian Coast.

Montreal, Quebec, Nov. 23.—Canada is to have a second trans-continental railway. The announcement was made today by Second Vice President and General Manager Hays, of the Grand Trunk railway.

The construction of the line will begin as soon as the necessary legislation can be obtained from the Canadian parliament. The Grand Trunk will be behind the new road, which will have a mileage of about 3,000 and will cost about a hundred million dollars all told. The road, starting from North Bay, or Gravenhurst, Ont., will extend through Manitoba, the Northwest territories and British Columbia, thither to Butte inlet, or Port Simpson, B. C.

### Railroad Congestion Relieved.

Pittsburg, Nov. 23.—After thirty-six hours of hard work, the Pennsylvania railroad system has made a comparative clearing up of its congested terminals. The car movement breaks all records for similar time. It is estimated that fifty thousand cars were moved into and out of Pittsburg.

### IS SUNK IN DETROIT RIVER.

Steamer Chili Goes Down in Collision With Two Other Boats.

Detroit, Nov. 23.—The steamer Chili of Buffalo was sunk in the Detroit river off Amherstburg tonight as a result of a collision with the steamers Owego of Buffalo and H. B. Tuttle. The Owego and Tuttle were bound up and the Chili down, the first two almost abreast, when the Tuttle veered against the Owego and caused her to crash into the Chili. The Owego came to Detroit for repairs. No one was injured in the collision. The Chili lies in twenty-feet of water just outside the channel at Ballard's reef. She has a big hole in her starboard side at the third gangway, where the nose of the Owego plowed into her. The Owego is only slightly damaged.

### SILVER SLUMP EMBARRASSES.

Business in Mexico and the Philippines Is Much Affected.

Mexico City, Nov. 23.—The heavy advance in gold premium has caused great excitement in business circles. The premium has been rising all week and has now reached 171. It is generally conceded that the gold standard cannot long be delayed.

Manila, Nov. 23.—Silver has suffered a further decline. The government has issued a proclamation making the official rate 250 for 100 gold. The former rate was 260. The rapidly changing rates embarrass business houses, making it almost impossible to fix prices.

### GOPHERS AT MOUNT CLEMENS.

Will Make Ready There for Thursday's Game With Wolverines.

Chicago, Nov. 23.—The Minnesota football team passed Chicago today, en route to Mount Clemens, Mich., where it will prepare for the game with Michigan. There were twenty men, in charge of Coach Williams. Thorpe, half back, is on crutches, but the others are in excellent condition.

### FORECAST OF THE WEATHER.

Washington, Nov. 23.—The following is the weather bureau's forecast for Upper Michigan: Fair Monday and Tuesday, cooler Monday.

### ORGAN DIVIDES A CHURCH.

Minister Withdraws When Members Decide on Up-to-Date Music.

Lexington, Ky., Nov. 23.—The withdrawal of Rev. James McGarvey, president of the Bible college of Kentucky University, from the Broadway Christian church became final today, when that church by vote adopted an organ for use in worship. Rev. Mr. McGarvey opposed it on scriptural grounds. Several other prominent members threaten to leave the church for the same reason.

### CZAR NOT TO DIVORCE CZARINA.

No Truth in Such Reports Concerning the Russian Royal Couple.

St. Petersburg, Nov. 23.—Advices from trustworthy sources in Yalta, Crimea, report that the czar and zarina are an excellent spirits and that there is no change in the affectionate relations of the imperial couple. Neither revolutionists or conservatives credit the rumors that the czar intends to abdicate or that there is a question of his divorcing the czarina. The stories that the czar's mind is affected are rejected as unworthy of credence.

### TURKS TORTURING PEASANTS.

Constantinople, Nov. 23.—The Turks are inflicting terrible tortures on Bulgarian peasants near Salonika in order to extort confessions which may lead to the discovery of revolutionary bands.

## BOLD RAID AT CHICAGO NETS CONSIDERABLE BOOTY.

Block of Securities Worth \$100,000, Not Negotiable but Due on New York Stock Exchange This Morning, Also Stolen by the Thieves.

### OVER \$12,000 IN CASH AND MARKETABLE PAPER TAKEN.

Chicago, Nov. 23.—The robbery of a Chicago mail wagon late last night in a leading business street will cause certain New York stock brokers considerable inconvenience, as it was discovered today that one of the stolen mail pouches contained several packages of securities which it was intended should reach New York in time for the opening of the stock exchange Monday morning.

A member of the Chicago Stock exchange, whose name is not made public, is said to have mailed paper of the face value of a hundred thousand dollars which was in one of the missing sacks. This paper is not negotiable, but its loss may cause considerable annoyance, as the brokers affected probably will have to furnish a bond to cover the temporary lack of the securities. As near as can be estimated, the robbers secured between \$12,000 and \$13,000 in cash, certified checks and other negotiable paper.

### FRENCH OFFICERS MOBBED.

Anti-Military Songs at Theatre Cause Serious Rioting at Tours.

Tours, France, Nov. 23.—A riot broke out here this evening in Alcazar Music Hall owing to the singing of anti-military songs by a performer. A party of officers belonging to the garrison of Tours hissed the songs, while the public applauded in the galleries and threw missiles at the officer, wounding several. The occupants of the gallery then invaded the floor of the hall, where a free fight ensued until the police cleared the building.

### WANT MORE FOR THEIR COAL.

Independent Operators to Make Proposition to Coal-Carrying Roads. The independent operators will make a firm stand for some recognition in the matter of settlement with the miners. They feel that if an increase in wages is agreed upon they will want some compensation from the coal-carrying roads in order to enable them to meet the increased wage scale. The independent companies, it is understood, do not sell coal direct to the consumer, but turn it over to the coal-carrying roads, who pay only sixty-five cents for it, retaining thirty-five cents on the dollar for hauling and selling the coal. The independents say they will make an effort to have this increased to seventy or seventy-five cents on the dollar.

### SCORES TRIUMPH AT PARIS.

Playing of Chicago Lady Pianist Captivates An Audience.

Paris, Nov. 23.—Mrs. Fannie Bloomfield-Zeisler, the Chicago pianist, achieved a notable triumph here today at a concert given by the famous Lamoureux orchestra, she being the second American ever allowed a place on the program of this exclusive organization. At first a noisy demonstration was made by the anti-foreign element in the audience and the police had to quell the disturbance. After that the player won her audience completely and salvos of applause greeted her at the end of her performance.

### CHEBOYGAN GIRL DYING.

Shot by One of a Drunken Crowd Driving in a Wagon.

Cheboygan, Mich., Nov. 23.—Eva Featherstone, aged sixteen, was shot in the back today, probably fatally, by one of a party of five riotous and drunken fellows who passed her in a wagon and made insulting remarks, the shot being fired while the girl was running away.

### QUEEN LIL IN WASHINGTON.

Washington, Nov. 23.—Former Queen Liliuokalani of Hawaii arrived here tonight to remain for some time, seeking favorable action by congress on measures for her relief.

## FEARED THE INQUIRY

WHY COAL OPERATORS CALLED OFF THE INVESTIGATION.

### TOO MUCH LIGHT ON METHODS

EXPOSURE OF COMBINE DETAILS NEXT ON PROGRAM.

Said It Was to Forestall This and Subsequent Action by Congress That Agreement to Negotiate Direct With Men Was Made.

New York, Nov. 23.—It was to head off an exposure of railroad and coal combines, the nature of which would not stand the light of publicity under the Sherman act, that it is believed, the coal operators have called off the inquiry. That is the coal strike situation as reported here by those who are very close to the situation and are in a position to speak with authority. The railroad and mine owners fear the effect of further exploitation of the miners' side of the case. They fear its effects on public opinion, and subsequently on congress.

The next thing on the program, as arranged by John Mitchell, was a thorough inquiry into the charge that a combination exists between the coal-carrying railroads amounting to a complete monopoly and to an illegal conspiracy in restraint of trade, violating both the common law and the Sherman anti-trust act.

### Had Plenty of Evidence.

The miners claim to have ample evidence in their possession and they have been quite anxious to get it before the commission and the public.

The mine owners are known to be much disappointed at the results of the investigation so far as conducted. After marshaling all the highest-priced legal talent within reach of their millions and making the most desperate attempt to break down the leader of the union, they have had to admit that the case of the workmen has been stronger instead of weaker with every day that the cross-examination progressed.

Their cause has been damaged by the evidence as to the health of men, the shortness of life in the mining country, the prevalence of child labor and the general starvation conditions which prevail. But the evidence as to the responsibility for such condition was still in reserve.

### Congress Would Know Too Much.

The existence and methods of the combination were still to be exploited. This exploitation was to come right on the verge of the president's message dealing with trusts, and the assembling of congress, charged with the formulation of legislation to curb trusts. In view of these conditions the attorneys employed by the railroads and the mining companies counseled a "strategic movement to the rear."

Hence the eagerness of operators to get together and settle without further hearings before the commission.

### INDEPENDENT OPERATORS TO MAKE PROPOSITION TO COAL-CARRYING ROADS.

Scranton, Pa., Nov. 23.—The independent coal operators held a meeting last night, when a committee of nine was appointed to go to New York Tuesday and meet the presidents of the coal-carrying roads to learn from them what the independent companies are to expect providing they agree to adjust the labor dispute without arbitration.

The independent operators will make a firm stand for some recognition in the matter of settlement with the miners. They feel that if an increase in wages is agreed upon they will want some compensation from the coal-carrying roads in order to enable them to meet the increased wage scale. The independent companies, it is understood, do not sell coal direct to the consumer, but turn it over to the coal-carrying roads, who pay only sixty-five cents for it, retaining thirty-five cents on the dollar for hauling and selling the coal. The independents say they will make an effort to have this increased to seventy or seventy-five cents on the dollar.

If the independent companies were disposed to disagree on the settlement made by the large companies with the miners, it would make things interesting, as it is understood that any form of settlement agreed upon must be approved by all the coal companies.

### DYNAMITERS BLOW UP HOUSE.

Home of Non-Union Coal Miners Is Badly Wrecked.

Mahony City, Pa., Nov. 23.—Dynamiters this morning blew up the home of Christopher Portland. The front of the building was blown across the street and adjoining houses were wrecked, every window of the houses in the block being broken. Portland and family were sleeping on the third floor, and beyond being thrown out of their beds were uninjured by the explosion. Portland's two sons are non-union men who worked during the coal strike.

### QUEEN LIL IN WASHINGTON.

Washington, Nov. 23.—Former Queen Liliuokalani of Hawaii arrived here tonight to remain for some time, seeking favorable action by congress on measures for her relief.

A Secret Disease

Of all human diseases, that known as contagious blood poison, or the Bad Disease, has caused more misery and suffering and ruined more lives than all others combined.

MARQUETTE, MICH., NOV. 24.

The elevation of W. F. Fitch to the presidency of the South Shore road was a no less welcome piece of news because it was unexpected.

The constitutionality of the new constitution of Virginia is to be tested if certain legal proceedings recently instituted have been undertaken in good faith.

In the statement of the Lehigh Coal and Navigation company just submitted to the anthracite strike commission there occurs an interesting bit of statistical information.

What has become of the bimetallic party? Are there still existent faithful adherents of this misguided faith?

Difficult Digestion

It makes life miserable. Its sufferers eat not because they want to—but simply because they must.

Hood's Sarsaparilla cured Joseph F. Lobo, Plattsburgh, N.Y., who writes: "I was troubled with dyspepsia for a number of years and took medicine that did me no good."

Hood's Sarsaparilla Promises to cure and keeps the promise. Beware of substitutes. Buy Hood's and only Hood's.

The Superior Trust Company, Hancock, Mich. Capital \$150,000. Surplus \$30,000.

There are far too many hunting accidents in northern woods. In spite of the general effort on the part of the press and the veteran woodsmen to teach lessons of care and prudence to hunters, there is the usual crop of fatalities this fall.

Scott's Emulsion brings everything to its aid; good appetite, strong digestion, rich blood, new body strength, and above all the power to get all the good out of ordinary food.

Latest News of the Lake Superior Ore Industry. The Pewabic company, which has been exploring in the vicinity of Hazel and Beechwood for nearly a year, has finished operations in that vicinity and has moved its outfit onto section four, near Brule Island, where camps have already been established.

The Bivabik mine has stopped shipping for the season. Its output was not as large as expected in the early part of the season. While the exact figures cannot be obtained at present, it is understood that the output was not over 600,000 tons.

What has become of the bimetallic party? Are there still existent faithful adherents of this misguided faith? If so, then there never was a better opportunity for them to assert themselves.

SEVEN TO ONE

Sometimes the weight goes up that way when taking Scott's Emulsion. Seven pounds of new, healthy flesh from a one pound bottle of Scott's Emulsion is on record.

Scott's Emulsion brings everything to its aid; good appetite, strong digestion, rich blood, new body strength, and above all the power to get all the good out of ordinary food.

FOR A BAD COLD. If you have a bad cold you need a good reliable medicine like Chamberlain's Cough Remedy to loosen and relieve it, and to allay the irritation and inflammation of the throat and lungs.

FOR A BAD COLD. If you have a bad cold you need a good reliable medicine like Chamberlain's Cough Remedy to loosen and relieve it, and to allay the irritation and inflammation of the throat and lungs.

at the explorations of the Bird Iron company and the Thomas Furnace company over among the diorites to the northeast of that city.

Whether these notions are right or wrong, it is certain that the explorations in this vicinity have their noses set for Bessemer ore; that they are getting a sniff of it here and there and that the tendency of exploring just at the present time outside of development work in the immediate vicinity of proved ore bodies, is to get over close to the diorite outcroppings—Crystal Falls Diamond Drill.

The Standard Mining Co., which is a W. P. Snyder interest, has closed an option on 320 acres of the wellknown Arcturus tract in the west end of the Mesaba range and is already at work there, with the same man in charge who had the work under control when the late and unsuccessful option holders were working there.

There will be activity on the Vermilion range in the future, as a number of new explorations will be conducted this winter. The list to take lands there is the Mahoning Ore & Steel Co., which has taken an option on eleven tracts of the Silverman lands east of Ely, in section 24 and 25.

The LaRue Mining Co. has been formed at Duluth by Captain Joseph Sellwood and associates. It is named for Mr. Sellwood's younger daughter.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces.

Hall's Family Pills are the best. "I suffered for months from sore throat. Electric Oil cured me in twenty-four hours." M. S. Gist, Hawesville, Ky.

A POLICEMAN'S TESTIMONY. J. N. Patterson, night policeman of Nashua, Ia., writes, "Last winter I had a bad cold on my lungs and tried at least a half dozen advertised cough medicines and had treatment from two physicians without getting any benefit."

PHYSICIANS PRESCRIBE IT. Many broad minded physicians prescribe Foley's Honey and Tar, as they have never found so safe and reliable a remedy for throat and lung troubles as this great medicine. People's Drug Store.

Education Will be the topic of interest in Marquette this week. While our visitors have been devoting their lives and energies cultivating the young minds we have devoted ours to the old ones, and we flatter ourselves that we have them educated to the knowledge that ours is the store that gives the best values and qualities as well as price of any in the county.

BIG TRAFFIC IN COAL.

Over Sixty Boats Unloaded at Mineral  
Range Dock This Season.

Over sixty coal boats have discharged  
their cargoes so far this season at the  
Mineral Range coal docks at Hancock.  
Twelve thousand tons of hard coal for  
one dealer alone—Paul Roehm, of Calu-  
met—were unloaded there. Next sea-  
son the docks will not be used as exten-  
sively, as most of the coal handling  
business heretofore done at the Mineral  
Range docks will be done at the new  
docks of the Portage Coal & Dock com-  
pany. The Mineral Range docks will be  
used only in cases where the boats are  
too small for the scooping apparatus at  
the new docks.

TO RUN TRAINS TO HOUGHTON.

Mineral Range Said to Contemplate a  
Change in Schedule.

It is the intention of the Mineral  
Range road, it is said, to occasionally  
run the trains of its Lake Linden, or  
Lake Shore branch, to Houghton as well  
as to Hancock as soon as the proposed  
changes on the Hancock side of Portage  
lake made necessary by the building of  
the Copper Range extension are com-  
pleted. The Mineral Range will either  
have an approach of its own to the  
county bridge at the east side of the  
Hancock end of the span or it will uti-  
lize the approach to be built by the Cop-  
per Range. In either case the Mineral  
Range will have direct connection with  
Houghton from its Lake Linden branch,  
so a train may be run if necessary direct  
to Houghton and then on to Hancock.  
As it is at present the Lake shore branch  
has connections with Houghton but in  
an indirect way. A train from Lake  
Linden can after considerable switching  
get across to Houghton by way of the  
regular Mineral Range approach to the  
county bridge at the west side of the  
span, but it is rather inconvenient and  
time-consuming. All Lake Linden trains  
make connections at Hancock with  
trains going to Houghton, but Houghton  
passengers on trains coming from the  
Lake Linden region prefer getting off at  
the Quincy smelter, opposite Houghton,  
instead of going on to the Hancock sta-  
tion and from there taking a train to  
Houghton. They save more time by  
doing so. However, it would be  
necessary for the Mineral Range to run  
its trains from Lake Linden direct to  
Houghton only occasionally. An attrac-  
tion like a big hockey game at  
Houghton, for instance, would bring  
large crowds from the Lake Linden  
district. The new approach will give  
the Mineral Range the desired direct con-  
nection at small expense.

For a considerable distance east of the  
county bridge on the Hancock side of  
Portage lake the tracks of the Mineral  
Range and Copper Range roads will run  
parallel. The Mineral Range will take  
the side nearest the lake and because of  
the arrangement it has been necessary  
to drive piles in the lake at different  
places along the lake shore for the  
foundation of the new Mineral Range  
roadbed. This is being done to make  
room for the Copper Range tracks. The  
changing of the Mineral Range tracks  
and the building of the Copper Range  
tracks along the lake shore has necessi-  
tated the clearing away of the machin-  
ery, scrap iron and other things in the  
yards of the Lake Superior Iron & Metal  
company just at the Hancock end  
of the county bridge to make room for  
the Copper Range approach to the  
bridge. C. J. Johnson will build the ap-  
proach. Work on the Copper Range  
road east of the bridge has not yet been  
started.

LUCK IN THIRTEEN.

By sending 13 miles Wm. Spirey, of  
Walton Furnace, Vt., got a box of Buck-  
ley's Arnica Salve, that wholly cured his  
horrible Fever Sore on his leg. Nothing  
else could. Positively cures Bruises,  
Felon, Ulcers, Eruptions, Boils, Burns,  
Corns and Piles. Only 25 cents. Guar-  
anteed by Stafford, Druggist.

53 STATE STREET, BOSTON, MASS.  
COPPER A SPECIALTY.

HANCOCK, 19; ATLANTIC, 0.

Hancock won a decisive victory on the  
gridiron at the Atlantic Saturday, the  
game ending with a score of 19 to 0.  
The features of the playing of the Han-  
cocks was the work of the backs and  
ends on offense and the work of the line  
on the defense. The playing of the At-  
lantics was good. But showed lack of  
science. The touchdowns were made in  
the first half, only five minutes being  
allotted to the second half on account  
of darkness. Stratton and Gribble were  
the star players for the Atlantics.

HOPES TO RAISE \$10,000.

Dr. C. J. Sorenson of Calumet is chairman  
of the relief committee, recently appointed  
at a mass meeting of the Finns of the  
county, to solicit subscriptions for the  
aid of the farmers in Finland who are  
suffering through the failure of their  
crops. Every Finn in the county will be  
called upon for aid and Finnish lodges  
and societies will do their utmost for  
the cause. The committee will endeavor  
to raise \$10,000.

colds; reliable, tried and tested, safe and  
sure. People's Drug Store.

GABLE & NORTON.

# COPPERDOM BREVITIES.

The schools of Calumet and Osceola  
townships will be closed the three last  
days of the week.

The "Quiet day" services at the Calu-  
met M. E. church were well attended.  
Various pastors in the country were  
present.

The Houghton high school junior foot-  
ball team defeated the Lake Linden  
juniors in a hard-fought battle Saturday  
afternoon.

Mr. and Mrs. William Goggin, of  
Quincy street, Hancock, are entertaining  
their daughter, Mrs. John Driscoll, of  
Butte, Mont.

The Calumets now lead in the county  
bowling league, with the Mitchells and  
Lakes tied for the second place. The  
Drifters are third and Lindens fourth.

For securing twenty-five dollars under  
false pretenses from Peter LaPointe of  
Calumet, William Fisher was sentenced  
to thirty days in the county jail by Jus-  
tice Trathen.

A class of 125 candidates will be in-  
stituted by Saima hive, Finnish Ladies of  
the Macabees, Tuesday evening. Mary  
J. Hammond, deputy great commander,  
will direct the ceremonies.

John Carney has accepted the posi-  
tion of assistant supply clerk at the  
Quincy, made vacant by the resignation  
of James Watson, Jr., who is now sup-  
ply clerk at the Adventure.

While Captain Kopp, of the Pewabic,  
was assisting some trammers to unload  
a piece of rock into a skip, a big piece  
of rock rolled from the car upon his  
foot, breaking some of the bones.

Manager Ray Kerredge, of the Ker-  
redge theatre, Hancock, has returned  
from a trip to Chicago and New York.  
While at the metropolis he booked a  
number of star attractions for the local  
theatre.

Contractors Prendergrast & Clarkson  
set a large force at work Saturday morn-  
ing, laying the floor of the Houghton  
ice rink. The work was rushed, two-  
thirds of the floor space being planned  
during the day. There will be no delay  
in the completion of the rink.

A union prayer meeting will be held  
at 9 o'clock Thanksgiving morning at  
the Hancock Y. M. C. A. rooms. E. L.  
Wright will lead the services. At 7:30  
o'clock p. m. union services will be held  
at the First M. E. church. Rev. R. M.  
Scott, of the Baptist church, Hancock,  
will preach.

J. W. McDonald of Calumet, who has  
been at McLeod, Alberta province, Onta-  
rio, for some time getting ready to  
settle on some land, has sent for his  
family, comprising wife and nine chil-  
dren. They will leave at once. Mr.  
McDonald is settling on government  
land which promises to become very val-  
uable.

The Copper Range passenger trains  
are doing a big business to and from  
Houghton, especially on Saturdays and  
Sundays. The trains on those days are  
crowded from one end to the other.  
Houghton and Hancock are the favorite  
stopping-places for the visitors,  
and the two towns derive considerable  
revenue from the South Range people.

Master Mechanic James Moore and  
wife, of the Quincy, are entertaining  
their son, Captain James E. Moore, of  
the Twenty-seventh United States In-  
fantry, who will remain here until after  
Thanksgiving, when he will rejoin his  
command in the Philippines. The re-  
union in the Thanksgiving season is  
fraught with considerable interest lo-  
cally, where Captain Moore is so well  
known, for the reason that the Moore  
family have much to be thankful for.  
It will be recalled that Captain Moore  
was severely wounded in the head by a  
Moro bullet at the storming of the fort  
at Bayuan. It was great relief when a  
cablegram was received from General  
Chaffee containing the cheering news the  
captain would pull through.

SALE OF ARGO AGAIN RUMORED.

The Booth steamer America was at  
Portage Lake yesterday, discharging  
freight, in place of the steamer Argo of  
the same line. The America is seldom  
seen here, her regular run being on the  
north shore. The America is a very  
trim and pretty craft. She sits higher  
on the water than the Argo and looks  
somewhat strange on that account. The  
fact that the plan to acquire the Argo  
at Duluth has been changed and the  
boat ordered sent to Chicago has caused  
talk to be revived in marine circles that  
the Argo has been sold by the Booth  
people.

INDOOR BALL THANKSGIVING.

The Houghton Light Infantry indoor  
baseball team will play either the Calu-  
met Light Guard or the Calumet City  
team, likely the former, at the Houghton  
Armory on Thanksgiving night. It will  
be the first game of the season for  
Houghton. Mart Haas, who played in  
the outfield on the last season's team, will  
take Roy Braun's place as one of the  
shortstops this season. Mr. Braun is  
attending the university. There are  
numerous candidates for Mr. Haas' posi-  
tion in the field.

HANCOCK, 19; ATLANTIC, 0.

Hancock won a decisive victory on the  
gridiron at the Atlantic Saturday, the  
game ending with a score of 19 to 0.  
The features of the playing of the Han-  
cocks was the work of the backs and  
ends on offense and the work of the line  
on the defense. The playing of the At-  
lantics was good. But showed lack of  
science. The touchdowns were made in  
the first half, only five minutes being  
allotted to the second half on account  
of darkness. Stratton and Gribble were  
the star players for the Atlantics.

HOPES TO RAISE \$10,000.

AMALGAMATED'S WORTH.

Sentiment is becoming more bearish  
on Amalgamated in financial circles both  
in New York and Boston than ever be-  
fore in the history of the company, says  
the Boston News Bureau. People who  
believed in the stock above par have now  
no good word to say for it in the 50s  
and say the stock is likely to sell below  
50. It should not be forgotten, how-  
ever, that there is value in Amalgamated  
stock. It is worth \$1,000,000 and \$2,-  
000,000 in Montana to win the last elec-  
tion and that Heinze practically swept  
the state, burying Senator Clark under  
such an avalanche of votes that his tick-  
et survives only in the election of a cor-  
ner in Silver Bow county. It is not be-  
lieved that Heinze spent any great  
amount of money.

EXPECTS AN IMPROVEMENT.

A prominent Boston copper man, who  
has been exceptionally correct in his  
measurement of the metal situation  
through all its ups and downs during the  
past three or four years said to the  
Journal:

"If there was nothing else in the sit-  
uation to indicate an impending im-  
provement, the fact that the available  
supply of copper abroad is showing a  
steady shrinkage is sufficient to convince  
any one who is unprejudiced that better  
things are ahead for the market. If one  
will study the statistics closely he will  
find that this absorption has been going  
on now slowly but steadily, for several  
months past; that it is due chiefly to an  
increased foreign consumption and that  
it means just what has been maintained  
by the most conservative producers all  
along, that the law of supply and demand  
is gradually working out a cure for the  
ills that have affected the situation for  
so long a period. I know, as a matter  
of fact," he added, "that not only is the  
foreign demand increasing, but that home  
consumption has also been well main-  
tained during the past 90 days. The Calu-  
met and Hecla people have admitted this,  
and other large producers are equally  
ready to tell the same story, regardless  
of so-called statistics which are made up  
to show a contrary condition of affairs.

"So far as the copper shares are con-  
cerned, I have been giving little atten-  
tion to them, but it stands to reason,  
now that the present liquidation has re-  
duced the weak holdings to such an ex-  
tent, and has transferred the shares into  
the strongest possible hands, that there  
can only be one possible result in the  
immediate future, and that a material  
improvement, when the time is ripe for a  
speculative movement."

BALTIC ACTIVITY.

Four Baltic shafts are now supplying  
stamp-rock to the mill at Redridge.  
The daily output of the mine averages  
from twenty-eight to thirty cars of  
forty tons capacity. In transporting  
this rock to the mill it is loaded into  
Copper Range cars, but the old Atlantic  
rock is still used to carry it to Redridge.  
The new siding into the mine from the  
Copper Range main line has been com-  
pleted, but it is not known at the pres-  
ent writing just when it will be utilized  
for hauling rock. The shafts at this  
mine are numbered, not according to  
their situation, but in the order in which  
they were sunk; and accordingly one  
finds No. 1 between No. 2 and No. 3. For  
a considerable time there has been no  
surface work at No. 2, which is the fur-  
thest shaft south, operations being sus-  
pended here because of the desire of  
the management to rush the work in  
other portions of the mine as quickly as  
possible. However, this does not mean  
that the ground here is not being devel-  
oped, for drifts are being run to this  
shaft from both No. 1 and No. 3; and  
it is the general impression that work  
from the top will again be resumed  
whenever it is deemed proper to do so.  
No. 1 has reached a depth of three lev-  
els, while 3 and 4 are about at equal  
depths, they being down to the eighth  
level. A large Nordberg hoist has been  
ordered for No. 4, while a Frazer &  
Chalmers hoist is already in commission  
at No. 2.

MASS COPPER AT QUINCY.

The double skip road in the Mesnard  
shaft of the Quincy is about completed,  
and two skips will be put in commission  
there this week, perhaps today. Much  
mass and barrel copper is now being  
hoisted from the Pewabic shaft. It is  
being taken from a very large mass  
which the men have been cutting up for  
some time. A considerable amount re-  
mains. Friday and Saturday were big  
days for taking out big masses, from

## Shelf and Heavy Hardware AND MINING SUPPLIES.

We carry the only complete stock in the  
Upper Peninsula, bought direct from the man-  
ufacturers. Trade with us and save the small  
dealers extra cost in buying from second hands.

(I-2-ft.)

tons being the second best on record, and  
comparing with a 1901 average of 8,353  
tons.

In response to an inquiry by wire,  
J. W. Bowen & Co., of Boston, stock and  
bond brokers, advise W. H. Mason of  
Hancock that they have no opinion to  
offer on railroad shares in general, but  
they feel they are unquestionably high.  
On the other hand, copper shares have  
been liquidated to rock bottom prices.  
Brokers are carrying no stocks and  
those the public have must be amply  
margin'd or put away in tin boxes. A  
rise in copper shares may not come im-  
mediately, Bowen & Co. say, but they  
are cheap and profit is certain. For this  
reason Mr. Mason is therefore advising  
his friends to hold fast to their copper  
shares and not sacrifice them needlessly.

STEPPED AGAINST A HOT STOVE.

A child of Mrs. Geo. T. Benson, when  
getting his usual Saturday night bath,  
stepped back against a hot stove which  
burned him severely. The child was in  
great agony and his mother could do  
nothing to pacify him. Remembering  
that she had a bottle of Chamberlain's  
Pain Balm in the house, she thought she  
would try it. In less than half an hour  
after applying it the child was quiet and  
asleep, and in less than two weeks was  
well. Mrs. Benson is a well known resi-  
dent of Kellar, Va. Pain Balm is an an-  
tiseptic liniment and especially valuable  
for burns, cuts, bruises and sprains. For  
sale by the Stafford Drug Co.

"Cure the cough and save the life."  
Dr. Wood's Norway Pine Syrup cures  
coughs and colds, down to the very verge  
of consumption.

ANXIOUS MOMENTS.

Some of the most anxious hours of a  
mother's life are those when the little  
ones of the household have the croup.  
There is no other medicine so effective  
in this terrible malady as Foley's Honey  
and Tar. It is a household favorite for  
throat and lung troubles, and as it con-  
tains no opiates or other poisons, it can  
be safely given. People's Drug Store.

HERR KRUPP DEAD

WORLD'S GREATEST GUNMAKER A VICTIM OF APOPLEXY.

NEWSPAPER ATTACK RESPONSIBLE

AGITATION IT CAUSED HIM LED TO THE FATAL STROKE.

Dead Man the Richest Person in Germany and His Works the Largest Steel Plant on the Globe—Noted for Kindness to Employes.

Berlin, Nov. 23.—Friedrich Albert Krupp, the greatest gunmaker in the world and the richest man in Germany, is dead.

Apoplexy, brought on, it is supposed, by the agitation over the recent charges made against him by a Socialist newspaper, inspired by political enmity, was the cause of his death, which occurred yesterday.

Herr Krupp had been ill for several days, and a report of his condition was telegraphed daily to his wife, who had been several months in Jena under medical treatment. Concerned by the latest dispatch regarding her husband, Frau Krupp left Jena Friday, accompanied by Professor Binswanger, of the medical faculty of the university there.

Herr Krupp's villa, where he so suddenly died, is several miles from Essen. The great gunmaker lived there in almost feudal fashion and the place tonight is unapproachable, nobody being admitted within the gates except the police and the directors of the Krupp works and the undertakers and their assistants.

Attacked by Socialist Paper.

The case which probably brought on the apoplexy attack was the publication a week ago by The Vorwaerts of an article reflecting on Herr Krupp's personal life. The paper charged that the Italian police had taken action against Herr Krupp, and that Herr Krupp was forced to leave the Island of Capri, where he had a winter home, by the Italian government. This was denied by the Italian foreign minister, however. It was suggested that the article was inspired by int-keepers of Capri, who feared that Herr Krupp would build rival inns on more modern lines, as he had done in other localities. Political animosity was also involved as one reason for the article.

Monday afternoon The Vorwaerts published its attack the German police seized the paper, and destroyed all the copies of the Saturday publication. The police also searched the office for the manuscript, in an effort to learn the author of the attack. In this the police were unsuccessful. The next day Herr Krupp announced that he would sue for libel. Friday Herr Krupp posted placards on the walls of his works at Essen declaring that he would prosecute to the utmost those who were responsible for the attack upon his character.

Annual Income Over \$5,000,000.

Herr Krupp was forty-six years old and was one of the wealthiest men of the world. His annual income, it is said, was over \$5,000,000. He succeeded his father, Alfred Krupp, as head of the family and the mighty industry at Essen, Germany.

While engaged in making cannon and other munitions of war in one of the most warlike nations of the earth, Alfred Krupp and, like him, his sons were lovers of peace. In beginning the manufacture of implements of war the elder Krupp said the underlying idea was to bring peace by creating guns so destructive to human life that war would be too horrible even to contemplate. This idea lived in Frederick Alfred, his worthy son.

Herr Krupp was the largest individual employer of labor in the world. Twenty-five thousand men worked for him and each one was his friend. The great profits of the business brought comforts not alone to the owner. The laborers dwell in "model houses." Schools, baths, libraries, hospitals and a pension system made them contented and valuable citizens of the empire.

Thirty-four governments have purchased guns from the Krupp factory. Twenty-five thousand pieces of artillery made in the plant now crown from ramparts in every port of war, contributing more to peace than to war.

Essen a Model Town.

The town of Essen, in which the Krupp employes live, is one of the model towns of the world, and it was planned and built under the direct supervision of Herr Krupp and his father. "Model houses," separate from one another, are provided for the laborers, and there are schools, baths, libraries and hospitals under his direction. Wages are paid in part on the co-operative system, and he had provided a complete system of pensions for employes invalidated by sickness or old age.

Philanthropy and the golden rule, which would abolish war if adopted throughout the world, prevail to a large extent in the Krupp foundries. The relations of employer and employe have never been unfriendly. Each worker feels he has an interest in the establishment, and the highest wages are paid. The plant as it exists today represents

the labor of three generations of Krupps. Frederick Krupp, the first, was born in 1787. To his son Alfred, born in 1812, he left the secrets he had discovered of smelting. The fortune was increased by Alfred, and when he died July 14, 1887, he left the greatest factory of its kind to his son, Frederick Alfred. Under his management the business flourished, and assisted by his wife he devoted much of his time to the humanitarian arrangements of his vast enterprise.

Herr Krupp was a member of the reichstag, but, like his father, he steadfastly refused to accept a title or decorations from the government. He stood as a citizen and business man and did not aspire to vie with the aristocracy in their own honors. His wealth is estimated at \$125,000,000.

Suicide Theory Unfounded.

The first assumption that Herr Krupp committed suicide has yielded to abundant testimony to the contrary. A number of doctors, including Krupp's family physician, were with him at the time of death and it is regarded as beyond belief that they should have concealed the real cause of death, which they pronounced apoplexy, induced by mental worry and excitement. Herr Krupp had been in delicate health for several years and was subject to fainting spells due to weak heart and an asthmatic affection. The funeral has been held for Wednesday.

Herr Krupp owned 5,409 dwellings, and besides the "doctors' houses," "widowers' retreats," hospitals and orphanages, he had a pension fund for his employes of \$4,125,000.

MAY WAR WITH VENEZUELA.

Said England and Germany Contemplate Serious Reprisals.

London, Nov. 23.—Great Britain is contemplating serious reprisals against Venezuela. The Associated Press is officially informed that Great Britain is acting with Germany in all matters relating to the present state of affairs in Venezuela. Whether the contemplated action will take the form of a joint naval demonstration, accompanied by or following the severance of diplomatic relations, is a matter now being discussed in Berlin and London.

There is reason to believe that the British government has either been officially or otherwise informed that the United States will not intervene in any demonstration having the object of protecting the property rights of British citizens in Venezuela. The reports that Germany and Great Britain have been urging Minister Bowen, at Caracas, to join them in a combination are desecrated. Both Berlin and London have a thorough understanding with Washington regarding the main features of the policy involved, which, it is maintained, in no way encroaches on the Monroe doctrine.

BIG FLEET IS GATHERING.

More Than Fifty Ships Will Participate in the Caribbean Manuevers.

Washington, Nov. 23.—The greatest war fleet the world has ever known is gathering in the Caribbean Sea. More than fifty ships of war compose the fleet. All fly the stars and stripes.

The North Atlantic squadron, which is to form part of it, arrived at Culebra today. The European squadron is on its way to the Gulf of Paris, off the Venezuelan coast, to join there the South Atlantic squadron, when they will move northward. The Caribbean division is already at Culebra. The torpedo boat flotilla will be there today or tomorrow from San Juan, Porto Rico.

Admiral Dewey, the commander in chief, will sail from Hampton Roads Dec. 1 on the Mayflower, and assume the supreme command of the united squadron upon his arrival at Culebra on Dec. 6. More than 15,000 men will be engaged in the maneuvers.

The mobilization of this great war fleet at this time is regarded by foreign diplomats here as America's warning to all European powers of her ability and readiness to defend any application of the Monroe doctrine that she may make to impress upon the world her political and commercial supremacy in the American Mediterranean, and to demonstrate her absolute power of control over any inter-oceanic canal that may be built.

President Roosevelt himself is credited with having planned this master stroke in world politics.

CONGRESS MEETS NEXT MONDAY.

Members of Both Houses Already Arriving at Washington.

Washington, Nov. 23.—Senators and members of the house of representatives are beginning to arrive preparatory to the meeting of congress a week from tomorrow. Today's arrivals included Senators Spooner, Allison, Fairbanks and Bailey and Speaker Henderson. The latter expressed the opinion there would be little legislation at the coming short session aside from the passage of the appropriation bills. The speaker expressed the belief that a constitutional amendment would be the only method of dealing with the trust question.

STARTLING, BUT TRUE.

"If every one knew what a grand medicine Dr. King's New Life Pills is," writes Dr. H. Turner, Dempseytown, Pa., "you'd sell all you have in a day. Two weeks' use has made a new man of me." Infallible for constipation, stomach and liver troubles. 25 cents at Stafford's drug store.

STORM SASH.

Now is the time to order. F. W. Read & Co. (10-23-14)

ELIOT PRAISES LABOR UNIONS.

Harvard President Says They Go to Make Lot of Mankind Happier.

Cambridge, Mass., Nov. 23.—In an address at a private meeting of the Colonial club of this city, it was announced today, President Eliot of Harvard made a statement of his views on labor unions. He said that the work of the unions must be counted among the efforts to make the lot of mankind happier. He enumerated various conditions which he designated as humane conditions of employment, as follows: A rising wage based on increased experience, attainments and age; steady employment after adequate probation; opportunity for the working man to establish a permanent home; conditions which enable him to give his employer generous service and to take pride in it; the right to pension on disability, which gives throughout life, relief from one great anxiety, and that public consideration which goes with a steady job and a self-respecting though humble career.

ADMIRAL CASEY MEDIATOR.

An American Who Brought the Warring Elements Together in Colombia.

Panama, Nov. 23.—The Star and Herald today says that at the conference on board the battleship Wisconsin at which he acted as mediator and peacemaker, which conduct, it remarks, reflects great credit on a nation whose motives for doing good are too frequently disparaged.

Admiral Casey, in a brilliant speech, extended to the negotiators his heartfelt good wishes. General Cobas, chief of Minister of State Perdomo's staff, made an eloquent reply in English, thanking the admiral for the hospitality the negotiators had received on the flagship and also for his generous intervention in arranging to bring about peace. It is said that the patriotic utterances of General Cobas brought tears to the eyes of General Herrera.

Troops are already being sent away.

HOSTILITY TO SPAULDING.

Wellknown Prelate May Not Be Made Archbishop of Chicago.

Rome, Nov. 23.—The decision of the propaganda regarding the appointment of the new archbishop of Chicago to fill the vacancy caused by the death of Archbishop Fechan has been postponed, principally on account of objections received from several American bishops concerning the doctrines held by Bishop Spaulding. It has been decided that the question shall be discussed at the meeting of the propaganda on Dec. 15. Bishop Spaulding continues to be considered the most likely candidate for the post.

Lead, S. D., Nov. 23.—Right Rev. John N. Stariba was installed as Catholic bishop of the Black Hills diocese today. Bishop O'Gorman of Sioux Falls presided.

Cheyenne, Wyo., Nov. 23.—At St. Mary's cathedral this morning Right Rev. J. J. Keane, formerly of Minneapolis, assumed the bishopric of the diocese of Wyoming.

DEATH CLAIMED ACCIDENTAL.

Strong Effort at Paris to Clear the Alleged Slayer of Mrs. Gore.

Paris, Nov. 23.—The investigation into the circumstances of Mrs. Gore's death probably will remain at a standstill until Tuesday, the day devoted to the examination of witnesses and the "reconstruction of the scene," which will take place in the room in which the tragedy occurred and in the presence of Delzydzeski, the actor suspected of having killed the woman but who claims death due to accident. It is evident that strong efforts are being made to influence public opinion in favor of Delzydzeski. The newspapers with hardly an exception adopt the view of pure accident and manifest much sympathy for Delzydzeski. Interviews are published in which his friends speak of him in the highest terms.

RUSSIAN CHURCH DEDICATED.

Imposing Ceremonies at New York Marked by Great Splendor.

New York, Nov. 23.—With imposing ceremonies to which extraordinary splendor was lent by the presence of many gorgeously vested ecclesiastics, members of the Russian embassy and a guard of Cossacks, fully armed, the new Russian orthodox church of St. Nicholas was consecrated today by Archbishop Tikhon of San Francisco. The edifice was thronged. Count Cassini, the Russian ambassador, Nicholas Ladyginsky, Russian consul general in New York, and other Russian diplomatic and consular officials stood at the left of the altar during the services.

FROM AN AUCTIONEER.

Col. C. H. McDonald of Greenville, Ill., in a letter May 1st, 1901, says, "I am an auctioneer and being often exposed to the weather, am seriously troubled by my throat becoming irritated and hoarseness following. When troubled in this way, I always use Hart's Honey and Horchound. It is the only remedy that has ever done me any good and it positively cures." Sold by the People's Drug Store.

The Madison Medicine Co. owns the exclusive right to manufacture Rocky Mountain Tea. Tea sold which is not made by us is a deception. Never sold in bulk. Always packages at 35c. Stafford Drug Co.

BIG COPPER MILLS

GREAT PLANT TO BE ERRECTED AT NORTH TONAWANDA.

LAWSON, FRICK AND MORGAN

THEY CONSTITUTE THE SYNDICATE BACK OF PROJECT.

Thousand Acres Have Been Secured for the Site and Orders for Material to Be Used in the Construction Work Are Already Placed.

Boston, Nov. 23.—Thomas W. Lawson, the Boston copper magnate; Henry C. Frick, the Pittsburgh steel manufacturer, and J. Pierpont Morgan have formed a syndicate to build immense steel and copper mills at North Tonawanda which will rival anything of their kind in the country.

They have secured 1,000 acres for a portion of the site, having a water frontage of more than two miles and through which two of the Niagara Falls Power company's transmission lines run.

The syndicate is said to have control of vast copper properties in the Chittynna valley of Alaska. It will own its own vessels and will ship the ore from Valdez to Seattle by boat and thence to Tonawanda by rail. Other mines, near Lake Superior, have also been secured.

A big order for brick, to be delivered within forty days, has been placed with the Millheil Brick company of Pennsylvania.

STOCK MARKET TURNS WEAK.

Poor Bank Statement Responsible for the Change in Sentiment.

New York, Nov. 23.—At the opening of business Saturday the stock market displayed the same tendencies which were in evidence at the close Friday. The dealings were in large volume, widely distributed, and resulted in a number of extensive advances. Within the course of the morning quite heavy profit-realizing sales were undertaken, under which reactions were scored in a number of instances, notably in St. Paul, but the under-reserve of the market remained exceedingly firm. The improvement in confidence seemed to be based upon the moderate relaxation appearing in the monetary situation.

The bank statement was a disappointment in several respects. In the first place the loan account was curtailed to the extent of only \$2,200,000, whereas there had been many predictions that the decrease in this item would extend from \$10,000,000 to \$15,000,000 on account of the very heavy stock market liquidation of last week.

In place of the estimated gain in actual cash of upward of \$1,000,000 that item showed an increase of only \$373,000. The deposit account decreased \$2,533,000 and surplus reserves rose \$1,201,000. The banks now hold \$19,529,000 in excess of the lawful requirements. Eliminating the government's deposits from their liabilities their surplus resources would amount about \$10,000,000 larger than the amount named.

The market sold off sharply upon the publication of the bank statement and the tone at the close was exceedingly regretful, as follows: Paine, Webber & Co. reporting the quotations: Wabash Pfd. .... 45 Mo Pacific. .... 109 1/2 N. Y. Central. .... 151 1/2 Manhattan. .... 151 Northern Ry. .... 37 1/2 C. & O. .... 43 Alton. .... 34 Southern Pac. .... 45 Sugar. .... 127 1/2 Reading. .... 62 1/2 St. Paul. .... 175 1/2 Metropolitan. .... 100 1/2 B & O. .... 100 1/2 R. CHICAGO GRAIN MARKETS.

Chicago, Nov. 23.—There was a fair trade in wheat Saturday and the market was strong, December closing 1/4@3/8c higher, with May up 3/8c. December corn closed 1 1/2c lower, with oats 1/4@3/8c higher. January provisions closed 7/8c to 1 1/2c higher.

Wheat ruled strong after an easier opening due to weak cables, liberal receipts and favorable weather for the movement. December opened 3/8c lower at 74 1/2c, sold down to 74c, but rallied to 75 1/2c and closed 3/8c higher at 75 1/2@75 3/4c. Clearances of wheat and flour were equal to 418,000 bushels. Primary receipts were 1,235,800 bushels against 1,018,000 bushels a year ago. Minneapolis and Duluth reported receipts of 953 cars, with local receipts of seventy-two cars—nine of contract grade—made total receipts for the three points of 1,030 cars, against 867 cars the previous week and 937 cars a year ago.

There was a fair trade in corn, but prices dropped under the influence of increased receipts, better weather, lower cables and weakness of the cash article. Receipts were 260 cars, December sold

between 56 1/2c and 53c and closed 1 1/2c down at 55c. The oats market, while quiet, was steady. On the rise in May there was considerable selling of that delivery. Receipts were 184 cars, December closed 30 1/2@31c and May 31 1/2c.

BOSTON COPPER STOCKS.

Boston, Nov. 23.—Tamarack and Oscoda were the features of the copper market Saturday, the former advancing 3 points to 150, and the latter 1 point to 54 in the first hour. There was also good buying of United States Mining. Amalgamated opened at 59 1/4, but sold down to 57 1/4 at the close of transactions, amounting to about a thousand shares. Copper Range was off a half point at the close. Thirteen hundred shares changed hands. Paine, Webber & Co. report closing quotations as follows:

Adv. .... 16 1/2@18 1/2 Osc. .... 53 All. .... 24@26 Par. .... 22@23 1/2 Ariz. .... 20@25 Phoenix. .... 4@4 1/2 Green Chan. .... 25@26 Rhode Isl. .... 2@2 1/4 Atl. .... 27 1/2@28 Ten Cop. .... 14@15 Ana. .... 57@57 1/2 Tamar. .... 150 Baitic. .... 45@46 U. \*Bid + Asked + New Stock.

FOOTBALL SCORES.

Chicago, Nov. 23.—The results of the leading football games played Saturday were as follows: In the East.—Yale, 23; Harvard, 0. Virginia, 6; Carleisle, 5. St. John's, 18; Maryland, 11. Brown, 16; Dartmouth, 12. In the West.—Michigan, 63; Oberlin, 0. Illinois, 17; Northwestern, 0. Wisconsin, 12; All-Stars, 0.

FATHER OF WRONGED GIRL KILLS.

Havana, Nov. 23.—Senor Rodriguez, father of the girl who eloped recently with Senor Infanzon, shot and killed the latter as he was being brought into court yesterday. Rodriguez was arrested. Infanzon is alleged to have previously induced other girls to elope.

BOILER EXPLOSION KILLS.

Pittsburg, Nov. 23.—One man was killed and several other trainmen were seriously injured by the explosion of a locomotive boiler at Thompson, on the Pennsylvania railroad, today.

There is no cough medicine so popular as Foley's Honey and Tar. It contains no opiates or poisons and never fails to cure. People's Drug Store.

Ayer's Cherry Pectoral quiets tickling throats. Your doctor will explain this. He knows. Trust him. J. C. Ayer Co., Lowell, Mass.

HUNTER CASE PERPLEXES.

A Possibility the Murderer of Fitzgerald Will Go Free.

Washington, Nov. 23.—An extremely perplexing and delicate diplomatic situation involving the United States and Guatemala has been precipitated by the action of W. Godfrey Hunter, Jr., at Guatemala City, in shooting and killing an American, William Fitzgerald of Grand Rapids, Mich.

Minister Hunter refuses to surrender his son to the local authorities. His communication to the state department puts the case in a new light. He says that his son Godfrey and Secretary Bailey, while sitting on a bench in a public park were attacked by Fitzgerald, who struck young Hunter and snapped a pistol, which failed to explode. Hunter thereupon shot and killed him. The existence of a conspiracy between members of the American colony, including Consul General McNally, is charged by Dr. Hunter. It is known here that a bitter personal feud has existed for several years between Dr. Hunter and Mr. McNally.

On the other hand, it is said that Hunter fired the shots from behind, while James O. Bailey, secretary of the legation, was standing by with a drawn revolver. Both then ran away with revolvers in their hands. They were arrested, but are now at liberty, through Minister Hunter claiming immunity for them. It is asserted Fitzgerald had no chance to defend himself and that he was an inoffensive man. The lives of Hunter and Bailey are threatened by indignant Americans.

The department takes the ground that if the Guatemalan law was violated in the killing of Fitzgerald it is for that government to take the initiative in the prosecution of the guilty parties. It is said the department will not allow itself to be used to shelter a guilty person, and that it has a right to waive the diplomatic immunities. It is stated that if Hunter and Bailey are exempt from the Guatemalan law they will go unpunished, even if guilty, because they cannot be tried in the United States for an offense committed in a foreign country even though the victim was an American citizen.

The state department will wait to hear from the Guatemalan government before taking action in the matter.

SENATE TO CHOOSE CANAL ROUTE.

Treaties With Both Colombia and Nicaragua Are to Be Negotiated.

Washington, Nov. 23.—Minister Corea of Nicaragua called at the state department and informed Secretary Hay that his government is ready to negotiate a canal treaty on the lines of the protocol signed last winter. It is now possible that such a treaty may be negotiated and sent to the senate to carry out the obligations resting on the state department regarding the canal. Colombia is still holding out against a perpetual lease, claiming that under her constitution territory cannot be alienated. The state department is satisfied, from a careful examination of the constitution of that republic, that this is not a correct interpretation.

The Colombian minister has been informed that this government will never accept the Panama route without a perpetual lease of the territory necessary for the construction and control of the canal. But the state department is acting under instructions from congress, and will send some kind of a treaty with Colombia to the senate. The senate may amend or reject it if it is not satisfactory. A treaty with Nicaragua may also be sent to the senate to leave that body free to act on either provision of the Spooner law, that there need be no long delay in beginning the work on one route or the other. The administration is proceeding with the view that the government is committed to building a canal.

Colombia has had her opportunity to secure the canal by the Panama route. All the difficulties regarding the transfer of title have been removed save the action of the Colombian government. If that government continues to haggle over the perpetual lease, congress will be left free to choose the Nicaragua route, and a satisfactory treaty with Nicaragua and Costa Rica may be ready for ratification when the senate rejects the treaty with Colombia.

Get a free sample of Chamberlain's Stomach and Liver Tablets at Stafford's drug store. They are easier to take and more pleasant in effect than pills. Then their use is not followed by constipation as is often the case with pills. Regular size, 25 cents per box.

Builds up the system; puts pure, rich blood in the veins; makes men and women strong and healthy. Burdock Blood Bitters. At any drug store.

Order your turkey before Thanksgiving if possible, and we will furnish you with any kind of a bird that you may desire.

# FRANK W. HATHWAY,

PALACE MEAT MARKET.

### CITY BREVITIES.

Today's weather: Generally fair except possibly showers; diminishing southwest winds, shifting to westerly. Yesterday's temperature: 7 a. m., 34 degrees; 12 noon, 40 degrees; 7 p. m., 43 degrees; maximum, 45 degrees; minimum, 34 degrees.

Born to Mr. and Mrs. Seldon B. Cray yesterday, a son.

The steamer Wm. R. Linn spent several hours in port for shelter Saturday. Will Hamill arrived in the city Saturday evening to spend Sunday with his parents.

Judge Stone spent Sunday in the city. He left last evening on his return to Menominee, where he is holding circuit court.

The young ladies of St. Genevieve's guild will give a card party this evening in the vacant store in L'Huillier's block.

Mrs. L. M. Van Buren left on the 1:30 train Saturday for lower Michigan, where she will spend a month visiting relatives and acquaintances.

There will be an Assembly at the Fraternity Hall this evening. The Marquette Ideal orchestra will furnish the music. There promises to be a good attendance.

Henry C. Russell has just purchased the residence property on West Munising avenue, Munising, recently vacated by J. H. Bice, from George Conklin of Marquette.

Alderman Meredith of Milwaukee, who has been superintending some work at the North Marquette furnace of the Pioneer Iron company has returned to that city, having completed his work here.

Word has been received from Shingleton that one of the largest bucks shot this season was killed by a woman. The carcass weighed 250 pounds. Mrs. Sidney McDougal is the name of the fortunate huntress.

The only boats to clear with ore yesterday were the Warriner, in tow of the steamer Flagg, and the Montague. The former is bound for Ashtabula and the latter for Cleveland. They were loaded at the South Shore docks. There were no clearances Saturday.

Rev. E. A. Elliott is also numbered among the successful Marquette hunters. He killed a deer last week while in camp at Stewart's homestead, up the lake shore. The animal was a buck weighing in excess of 200 pounds. It was Mr. Elliott's second deer, although his first this season.

As will be seen from a notice published in another column of the millmen of the city have agreed to make but one delivery a day after the 30th. They will aim to serve their customers satisfactorily, and also to avoid tramping through the snow on dark winter nights.

Bellinger & Thurston, dealers in marble and granite, have dissolved partnership. The business will hereafter be conducted by Mr. Bellinger. He can be found at the old stand, corner of Front and Bluff streets, where he will be pleased to transact business with all who may want monuments or head stones.

ASLEEP AMID FLAMES.  
Breaking into a blazing home, some firemen lately dragged the sleeping inmates from death. Fancied security, and death near. It's that way when you neglect coughs and colds. Don't do it. Dr. King's New Discovery for Consumption gives perfect protection against all throat, chest and lung troubles. Keep it near, and avoid suffering, death, and doctor's bills. A teaspoonful stops a late cough, persistent use the most stubborn. Harmless and nice tasting. It's guaranteed to satisfy by Stafford. 50c, 50 cents and \$1.00. Trial bottles free.

HIGH SCHOOL NOTES.  
R. D. Williams, representing Rand, McNally & Co., spent two days at the high school last week.

A new clock has been placed in the high school.

Rev. J. M. Rogers addressed the United States history class last Friday afternoon, in connection with their lesson, his talking being on the origin of the Quakers, Congregationalists and Presbyterians.

All the classes of the high school are now organized, the last class falling in line last Wednesday afternoon, when the Freshmen elected the following officers: President, Margaret Conklin; vice president, Lowell Youngquist; secretary, Jessie French; treasurer, Oak Egan.

It was first intended to give the High school pupils only Thanksgiving Day, but it has now been decided to allow them Thursday and Friday.

The Seniors elected the following officers for the supervision of the annual: Editor in Chief, Gilbert Cooper; business manager, Bart Lewis; assistant, Fred Conklin; literary board, Alama Olson, Lattie Bahaman; art board, Gilbert Cooper, Ray Bell; athletic board, Bart Lewis, Elsie Lewis.

A new club has been organized in the Marquette Citizen.

ABSOLUTE FAITH.  
You Can Depend Upon the Word of This Marquette Citizen.

She has had the experience. She has thoroughly tested the article. She found it as represented. She has absolute faith in its merits.

Mrs. Wm. Warren, 220 W. Jackson street, says: "I had a constant pain through the small of my back; at night I was very restless and could find no position to lie in that was comfortable and consequently rose in the morning feeling tired and worn out. The secretions from the kidneys were unnatural and greatly in excess. I also suffered from persistent headaches and had intense thirst, feeling as though I could not drink enough. I saw Doan's Kidney Pills recommended highly for just such troubles and I procured them from the Stafford Drug Store. The treatment promptly relieved me of the trouble."

For sale by all dealers, price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name, Doan's, and take no substitute.

high school under the name of the High School Mandolin and Banjo club. The members are Fred Conklin, leader, George Call, Chester Thompson, Max Reynolds and Winthrop Allen. The club is necessarily small, but excellent work may be expected, as most of its members played on last year's club. The new organization will make no engagements for a few weeks.

### COPPERS LOOK GOOD.

They Opened Strong Yesterday, and Promise an Advance.

Hayden, Stone & Co. said of the Boston market: "Coppers opened strong, in sympathy with Amalgamated and the rest of the New York market, but they sold off again on profit taking. We look for no particular move at present, but they will go up in sympathy with a good New York market."

W. H. Laidley said of the Chicago markets: "Influenced by lower cables and good weather, wheat opened lower and, during the early part of the session, was weak. Selling of December and buying of May was the feature of the day, but toward the close both options turned strong. San Francisco reports a continued foreign demand. The cash business both here and at Duluth is good. The market is somewhat of a puzzle, but it has all the earmarks of working higher, and should be bought on every little break for a turn."

"In corn, the selling of December was the feature, it at one time being 3/4c under yesterday. It recovered 2c, however, before the close. May closed 1/2c under yesterday. The buying of May was good, and we believe it will work higher. The receipts are small and a very small proportion is contract. The cash demand is good, much in excess of the supply, and we look for much higher prices."

"Oats opened strong and higher, but eased off somewhat, the close being about the same as last night. The receipts are small, the cash demand good, but there was some little realizing by the longs. We believe oats are going higher."

"Provisions opened higher, on smaller receipts and a steady hog market, and were firm throughout. The packers and shorts are liberal buyers. Stocks are very much smaller than last year, and receipts much lighter. Prices are sure to go higher, and they should be bought on every break."

### WANTED.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of Indigestion, Dyspepsia and Liver Troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual constiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—some of the ailments needed with the stomach and liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size 75 cents. At The Staff, Ford Drug Co.

G. G. GREEN, Woodbury, N. J.

### Upper Peninsula.

At the school house situated between Powers and Spaulding the health officer discovered last week that some of the children were ill with small-pox. Children of Mrs. Joe Areond were found seriously sick and several other pupils had symptoms of the disease. The health officer immediately closed the school and a wholesale investigation of the neighborhood is under way.

George McPherson of Manistique took a little jaunt into the woods last week in quest of deer. He was following up tracks when he heard a noise at short distance away. Looking in that direction he saw a young lad with a gun to his shoulder and the muzzle pointed toward him. George ducked and hollered and the lad ran away. The lad had the woods to himself, as far as George was concerned, for the remainder of that day.

The other day an Iron Mountain policeman arrested a man known there as "Charley the bum," on suspicion of having passed counterfeit money. The fellow was taken before Justice Miller and was discharged. It seems that he had \$10 in silver in his pocket. One of the pieces had been plated with a solution of some kind, making it look very bright, and some of the other pieces being rubbed against that one, also took on a shining brilliancy. The money was taken to the banks and declared all right, and "Charley the bum" was given his freedom.

The village of Stephenson has been enjoying a building boom this season, about \$40,000 having been expended for new buildings and for additions to others already built. The new store now under construction by Wm. B. Winter will cost about \$15,000, and S. Hart will have expended about \$10,000 for his new buildings by the first of January. Other improvements are contemplated at an early date, among them being an electric light plant to furnish lights for the business houses and residences in the village. C. S. Hart will soon begin the erection of a shingle mill.

The Oliver Mining company has awarded to John March of Iron Mountain a big contract for stripping at its Dober mine near Iron River. Work will commence in a few days. The contract calls for the excavating of over 100,000 yards of dirt. The stripping will be done between No. 1 shaft house and the dry. The size of the pit will be about 300 feet by 200 or over, and in some places it may be necessary to excavate to a depth of twenty to twenty-five feet before striking the ore. This will make an open pit nearly as large as the one at the Riverston mine; it will be wider but not nearly as long.

The common council of the Soo has passed an ordinance that will prevent charging rates such as Detroit has been suffering under for the past several years. The ordinance was the outcome

of the belief that the rates were to be raised at the Soo as they have been in various other cities in the state. It is provided that for any one telephone for a business place, \$24 per annum shall be charged and for the use of a telephone for a place used exclusively as a dwelling \$12 per annum. All rates are to be paid quarterly in advance, providing no such persons or corporations shall be required to put in any telephone for less than the rental for one-quarter of a year.

Last week two valuable hounds, the names of whose owners are not known, were, while running deer, shot and killed by the settlers living a dozen or more miles up the river from Menominee and the same fate is awaiting any other hounds which may be found chasing deer in that section. Game Warden De Bell, who has just returned from there, says that he gave the settlers to understand they had a perfect right to shoot any dog found under like circumstances. He states that the authority is extended to every farmer, and if any suit for damage is brought by the owners against the slayers they are requested to come to him and he will take care of the case. He will defend the suit without any costs to the defendant, and will also prosecute the owner of the dogs.

It was reported a few days ago that Judge Steere of the Soo had been treed by an angry bear while hunting. He has returned to the Soo and denies the allegation, but admits that his experience was a thrilling one. He first saw the bear's head when bruin was about thirty feet from him and immediately fired, striking him in the face. This so enraged the beast so that instead of running away, as is usually the case, he made directly for the judge. The two were in the midst of a thick growth of jack pines and the judge did some lively dodging around while he pumped four balls in bruin's body. As he pulled down the lever of his gun for another charge, the judge discovered the magazine was empty. Bruin was less than six feet away, and it was at this time his honor was thoroughly scared and wished himself safe in camp. The charge in the face which he had received had evidently blinded him, for the judge was able to make a detour and reached a clearing when he ran until he came to a small hill where he stopped and placed five shells in the magazine of his gun, all he had with him. He then went back and succeeded in sending a bullet through the bear's body, which knocked him down. He was quickly up, however, and this time did not wait for more lead and hastily started in another direction. As it was getting late, the judge returned to camp feeling confident he would find a dead bear awaiting him in the morning. During the night there was a heavy downpour of rain and it was lost altogether. Blood covered the ground where the encounter took place and the small jack pines through which the bear had made its escape were covered with blood. He evidently crawled into a swamp and died and his carcass will no doubt provide a feast for the wolves.

SOMETHING FOR NOTHING.  
If any of our readers are troubled with headache or indigestion out this notice, and present it at the People's Drug Store and they will supply you with a sample bottle of Re-Go Tonic Laxative Syrup free. Re-Go is a sure cure for these diseases.

## Ishpeping and its Environs.

### ISHPEMING WON IT

ESCANABA DEFEATED IN BIG FOOT-BALL GAME SATURDAY.

SCORE WAS ELEVEN TO FIVE

CONTEST DESPERATELY FOUGHT FROM START TO FINISH.

Record-Breaking Crowd Saw the Game and Now With Clear Title to U. P. Championship the Locals Again Go After State Honors.

The football game between the Ishpeping and Escanaba high school teams at Union Park Saturday afternoon is declared to have been the fiercest and most exciting game ever played on an upper peninsula gridiron. The contest between the same teams two weeks before on the Escanaba field was fully as scientific, but there were fewer sensational plays.

The game ended in Ishpeping's favor, by a score of 11 to 5. In spite of the fact that Ishpeping had two touchdowns against one for Escanaba, there was danger of the score being tied up to within a few minutes of the finish of the last half. The ball was punted many times during the last fifteen minutes of play, and it was difficult to tell what might occur to advance either team to the other's goal.

The Ishpeping team won its victory by its superior hard work and generalship, assisted by Bell's great punts. Had the team attempted to win by line bucks, the score might have been different, as Escanaba's weight was too much for the locals. There was a difference of thirteen pounds to the man in Escanaba's favor and their weight counted against Ishpeping's light line. Escanaba gained more ground by line plays than did the local team.

Both teams fumbled the ball more than in any previous game this season. Strom, Escanaba's quarterback, was scored because he could not hold Bell's punts. The latter kicked the ball so that it comes down with a twist. Local players who have been playing with Bell the past two seasons are unable to hold his punts. Strom had reason for waiting for the ball to bound. He discovered early in the game that he could not catch it on the fly, so he took a chance the other way.

The game was not started on time, as the special from Marquette was a few minutes late. The officials were first to come upon the field. They were: Charles Juttner, Menominee, referee; W. W. Talcott, Bessemer, umpire; D. D. Randall, Ishpeping, official timekeeper; Newett, Ishpeping, and J. M. Miller, Escanaba, timers; B. J. Goodman, Jr., Ishpeping, and Arthur Redner, Houghton, linesmen.

The Escanaba team followed a few minutes later. The boys were cheered heartily. The regular men approached the western end of the field and went through a few plays under the direction of Assistant Coach Barabes. The substitutes occupied a bench on the south side of the field. The Ishpeping team entered a few minutes later. Their appearance was the signal for a tremendous outburst. The applause continued for some time, while the players lined up.

Ishpeping Wins the Toss.

Captain Peterson of the Ishpeping team won the toss, and selected the west goal, getting the advantage of the wind. Escanaba would walk the ball to Gill, who was downed after a three-yard gain. Ishpeping went at Escanaba's line, making short but steady gains, until the center of the field was reached. The ball went to Escanaba on a short punt. Escanaba was held after a gain of fifteen yards, when a punt was called for. The ball was caught by Bell on Ishpeping's thirty-yard line. After a few desperate attempts to make advances through Escanaba's line and with fair success, Bell punted down the field for seventy-six yards, landing the ball on Escanaba's fifteen-yard line. Ishpeping secured the ball on a fumble on Escanaba's twenty-two-yard line. Gill took five yards; Johnson three; Peterson over for a touchdown. Time six minutes. Gill kicked a pretty goal. Score, Ishpeping, 6; Escanaba, 0.

On the next kick-off Escanaba had the advantage of the wind. The ball was kicked to Bell on Ishpeping's ten yard line. It was returned fifteen yards. By steady line bucks and end runs Ishpeping forced Escanaba to the center of the field. On the third down with four yards to gain Bell punted. The wind was blowing hard, the ball went upward and came back for a loss of ten yards. An Escanaba man fell on it. Riley took ten yards through left tackle. Two plunges followed in which Semer took five and Tyrrell three, both through center and guards. Escanaba took four more through center. Ishpeping held Escanaba for downs within eighteen yards of her goal. Gill took five yards. Johnson followed with five more; Nelson took three; Gill found a hole through left tackle for five; Johnson took four on a double pass; Peterson went through center for five. Escanaba secured the ball on a fumble in the center of the field.

On the third down, with two yards to gain; Escanaba punted to Bell on Ishpeping's forty-yard line; Bell and Johnson each took three yards on line bucks; Johnson lost two on the left end. Second down and seven yards to gain. Bell punted forty-five yards against the wind. Strom returning the ball ten yards to Escanaba's forty-yard line; Escanaba took two yards, then

one. In the next attempt Ishpeping held for downs, securing the ball on Escanaba's forty-yard line. Gill took the ball for a one-yard loss, then for a gain of four; Peterson took five through right tackle; Nelson followed with one and Johnson with four. Ishpeping made three on the revolving wedge. The linesmen were not in position and the ball was returned. The wedge was again worked for five yards. As the men were down and the referee was preparing to separate them, with the ball on Escanaba's fifteen-yard line, an Escanaba man stole it from the man on the ground, and ran the length of the field to Ishpeping's goal. Peterson gave him a short chase, but was unable to overtake him. Much to the young man's disappointment the ball was returned and again given to Ishpeping. Johnson took one yard and then two. Escanaba held Ishpeping for downs on the fifteen-yard line. Bartley took five yards through right end and tackle; the next play netted two yards. Tyrrell took five through center. Escanaba was penalized ten yards for foul tackle, bringing the ball to the five-yard line. After advancing eight yards, Escanaba was held with three yards to make the five on the third down. Tyrrell punted forty-five yards to Bell, who returned the ball twenty-yards. Time was called with the ball in Ishpeping's possession, on Escanaba's forty-five-yard line.

Great Punting in Second Half.

Excitement was at a high pitch in the second half, particularly after Escanaba crossed Ishpeping's goal for a touchdown. Ishpeping kicked off, the ball was returned to the five-yard line. Tyrrell returned it eight yards, when he was downed on the thirteen-yard line. Escanaba took three yards on two trials, then Tyrrell punted fifty-five yards, Bell catching and returning the ball to Escanaba's fifty-yard line. Ishpeping was held for two downs without five-yard gain. Bell punted to Escanaba's twenty-yard line. Ishpeping secured the ball, but the referee returned it to Escanaba on some technical point. Escanaba advanced to its forty-five-yard line. A plunge through center for four yards followed; then a gain of five was made through left tackle. After the second down with three yards to make, Escanaba punted to Bell on Ishpeping's twenty-yard line.

At this juncture Ishpeping's trouble began. Escanaba held Ishpeping and forced a punt, which was blocked. Ishpeping secured the ball and again attempted to shatter Escanaba's line, but with poor success. Another punt was tried against a strong wind. Hessel blocked it, securing the ball on Ishpeping's twelve-yard line. The next play brought the visitors one yard nearer a touchdown; Riley took three yards; Tyrrell followed with three; Semer took nearly two. It was the third down, with one foot to gain; Semer made four yards, advancing the ball to Ishpeping's one-foot line. On the next down Escanaba was held for no gain, but the next plunge at the line sent Semer over for a touchdown. The time of play was sixteen minutes. The kicker failed to put the ball between the posts, making the score Ishpeping, 6; Escanaba, 5.

Escanaba Fooled on Dribble.

Ishpeping kicked off and a dribble kick, with which the team has had much success, placed the ball in its possession on Escanaba's fifty-yard line, Gill having caught it.

Escanaba had a stone wall defense, holding the local players. After a few exchanges of the ball, without any material gain for either team, Ishpeping made the visitors one yard nearer a touchdown. The center threw the ball above the quarterback's head, and Peterson, who was to make the kick, caught it. He attempted to get around the left end, but was downed for a loss. Escanaba secured the ball on its forty-three-yard line. Ishpeping's line was hit with force and several times it looked as though the visitors would walk the ball to the end of the field; Escanaba fumbled, but secured the ball for a loss of three yards. Escanaba was forced to punt, but the ball passed but twenty yards, Tellefsen getting it on his own forty-yard line. Ishpeping punted forty yards to Escanaba's twenty-five-yard line. Escanaba pounded the line for gains of five and ten yards, finding holes in Ishpeping's line more frequently than at any other time during the game. Escanaba took four yards on a false punt. Finally Ishpeping took a strong brace and held Escanaba for two downs, forcing another punt. The ball went fifteen yards to Ishpeping's forty-three-yard line.

Star Play of the Day.

Bell punted seventy yards to Escanaba's five-yard line. Connelly was almost under the ball when it dropped. Strom fumbled it and Connelly tackled him, getting him away from the ball. Tellefsen fell on it five yards from Escanaba's goal. The next three plays brought the ball squarely on Escanaba's line with but a few inches to spare. This gave Ishpeping its second touchdown, Johnson carrying the ball. Time, ten minutes. Ishpeping failed to kick goal. Score, Ishpeping, 11; Escanaba, 5.

On the next kick-off Escanaba sent the ball to Bell on Ishpeping's ten-yard line. He returned it fifteen yards. Ishpeping took gains of six yards. Semer, Escanaba's strongest player, was forced to retire on account of injury. Stephenson took his place as left half. Ishpeping punted to center of the field. Strom fumbled the ball and an Escanaba man fell on it. Ishpeping attempted a criss-cross, but without gain. Bell punted to Strom on Escanaba's thirty-yard line. After a number of advances through center and ends, Ishpeping secured the ball on downs on its fifty-yard line. During the remaining few minutes of play the two teams were tied. Ishpeping played the ball to Escanaba's thirty-five yard line. Escanaba was held and punted. The ball went to Bell on Ishpeping's fifty-yard line. He returned it twenty yards, when time was called.

Record-Breaking Attendance.

It would be difficult to get a larger at-

(Continued on Page Seven.)

## DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for anything but you have kidney, liver or bladder trouble it will find just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Inc., 481 North Dearborn St., Chicago, Ill. The regular fifty-cent bottle of Swamp-Root, dollar sizes are sold by all good druggists.

## RAILROAD TELEPHONES.

Chicago & Northwestern Railroad Is Making an Experiment.

The Chicago & Northwestern Railroad company is making extensive experiments with a telephone system designed, if found successful, to be installed in the more important offices of the system and to be used as an auxiliary equipment to the telegraph, mainly for local messages. There is no contemplation, it is said, that the telephone shall supersede the telegraph. The idea of instituting a system of telephones is merely to provide a means of relieving the telegraph system, which a vast increase of business has rendered busy to a point of embarrassment. The messages to be transmitted by telephone are those communications between not distant local agents that now are sent by wire. The agents will be enabled to converse themselves, rendering greater facility of conversation and occupying none of the time of the operators.

The installation of the system is not to be made in the very near future. At present, extensive experiments are being made, but the results are being frequently shifted, the present work being largely in the way of testing wires. A system of telephones is now being installed in Iowa, between Clinton and Boone, but the character of the experiments indicate that the system to be developed will be of much novelty.

It is found by the experiments that the same wires can be utilized simultaneously by the telephone and telegraph. This has been known for some time, but it has been difficult to get satisfactory results on long circuits, necessitating transposing wires at intervals of a mile or less.

A circular has been sent to the stockholders of the Chicago & Northwestern road that confirms the reports published in regard to the increase of the capital stock. The circular calls a meeting of the stockholders for Feb. 10 to consider the increase of the stock to \$100,000,000. This means an increase of nearly \$10,000,000, as the first reports had it. It is said that one of the purposes of the new stock will be to take over the Freeport, Elkhorn and Missouri Valley roads, which is now operated by the Northwestern. It is also reported that the Omaha will be taken into the corporation. In addition there are the plans for improvements in the copper country and the extension of iron country lines and one docks. It is also reported that the new stock will go to the old stockholders at par at the rate of 15 per cent of their present holdings.

## DULUTH'S FOOTBALL REPORTER.

The Duluth Herald has a football reporter who is worthy of a place in a collection of natural curiosities, says the Houghton Mining Gazette editorially. He evidently has never seen a football team outside of his own high school organization and he throws on more brag and fuss and feathers over the team than are expected from a boy with a new pair of red-top boots. Just now he is in a state of mind because a naughty collection of St. Cloud boys turned around and walloped the stuffing out of the Duluth Highs after they had given out that the game was to be just "for fun," a contest just strong enough to give the Duluths practice, etc. Really the chap makes an amusing spectacle of himself over the football business. It was his brilliant suggestion that the Duluth team get even with Ishpeping by playing the Escanabas who had held the champions down to a tie and this, in a round about way, settle the question of superiority between the hematite team and that from the head of the lake.

## FORMER RESIDENT DIES.

Word has been received of the death of Patrick Nugent at Butte, Mont., last Wednesday. The deceased was well known in this vicinity, having come here in 1869. He was employed by the Cleveland Lake company for many years. Several years ago he left here for Butte, Mont., where he continued his occupation of miner. Nugent was fifty years old at the time of his death. He leaves four children, all married, and a brother, Jeffery Nugent, who resides here.

## RHEUMATISM CURED IN A DAY.

"Mystic Cure" for Rheumatism and Neuralgia radically cures in one to three days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first result is a feeling of ease and relief. Sold by Frank Pendill and all druggists. (10-7-2mo)

## MEETS WITH AN ACCIDENT.

A few days ago Miss Miriam Ropes fell down stairs and sustained a fracture of her arm and other injuries that will confine her to her home for several weeks. Miss Ropes is one of the oldest school teachers in this vicinity, having taught in the grades of the city schools for many years. She was the instructor of a large number of the residents of the city who are now well advanced in life. She withdrew from active service in the schools over fifteen years ago and since then has lived in retirement at her home on East High street. She is the sister of Julius Ropes, well-known as the discoverer of the Ropes gold mine.

**MARRIED SATURDAY NIGHT.**

Miss Ada M. Nichols and Charles Sundblad were married Saturday evening at 7:15 at the parsonage of the First Methodist church by Rev. Stephen Polk-ingham. Miss Ella S. Sundblad was bridesmaid and Gus Schultz supported the groom. After the ceremony a reception was held in honor of the couple at the home of the groom's parents, Mr. and Mrs. John P. Anderson. A large number of guests attended. Both of the young people are natives of the city, and are well known. They will be at home to their friends at their residence at the corner of High and Fifth streets.

**ISHPEMING IN BRIEF.**

J. M. Hayden and wife came home from Chicago yesterday.

Trombly's orchestra will give a ball tomorrow night in Anderson's Hall.

Rev. Father Bueholtz, of Munising, came up to see the game Saturday.

Miss Minnie Tremewan, who has been in Butte, Mont., for three months past, came home Saturday.

Trombly's orchestra will give a hop at Anderson's Hall tomorrow night. A car will be in waiting after the dances.

Miss Anna M. Chandler, principal of the high school at Escanaba, formerly of Marquette, was in the city Saturday.

W. Day, cashier of the bank at Greenland, was here Saturday. Mr. Day is well known as a former resident of the city.

Jerry LaRochelle, a former resident of the city, but now engaged in business at Greenland, was here Saturday to witness the football game.

The Swedish Home society will serve a turkey supper at the Swedish Home Hall Thanksgiving night. A literary and musical program will also be rendered.

Mrs. John P. Jones left last week for Milwaukee, accompanied by her family. Mr. Jones is employed there and the family will make that city their place of residence.

The W. C. T. U. will hold its postponed meeting tomorrow afternoon at 2:30 at the residence of Richard Quayle. The program which was to have been rendered two weeks ago will be given at that time.

Harvey Pearce, superintendent of the street railway, lost a pocketbook Saturday that contained some memoranda and valuable papers. The finder will be liberally rewarded if the property is returned to the office of the company.

The pupils in the grades at the schools are making extensive preparations for the Thanksgiving day exercises, and interesting programs, appropriate to the occasion, have been arranged. The exercises will take place Wednesday afternoon.

The A. O. U. W. and Degree of Honor Lodge, No. 113, will hold a progressive pedro party and serve refreshments at the Anderson Hall Thanksgiving night. A musical program will be rendered. Prizes will be offered, both for the ladies and gentlemen.

Representatives of five out-of-town papers watched the game from the side line Saturday. They were Charles Slater, of the Milwaukee Sentinel; C. W. Yockey, of the Chicago Record-Herald; A. P. Chambers and Editor Van Valkenburg, of the Escanaba Journal; John Schwartz, of the Escanaba Mirror, and Mr. Feard, of the Houghton Mining Gazette.

The high school eleven is not the only local contestant for football honors. The Peoria team, composed of youngsters who will meet Escanaba and lower peninsula teams in championship contests a few years hence, goes to Marquette Thanksgiving day to give a junior eleven of that place an idea of what real football playing is like. They are a husky bunch and can give a good account of themselves.

**A FATAL WOUND.**

Death Follows the Amputation of Louis C. Goodrich's Leg.

Despite all the efforts put forth to save his life, Louis Goodrich died Saturday at 1 o'clock. The direct cause of his death was the shock produced by the amputation of his leg on the day before. An operation was performed Wednesday, and the attending physicians were hopeful of saving his limb, but instead of showing any signs of healing, the flesh began to mortify and Friday afternoon the leg was amputated just above the knee. The patient's vitality had been exhausted, however, by his keen and prolonged suffering and loss of blood. He was unable to retain any nourishment and was weakened by frequent fainting fits, gradually growing more feeble until death resulted.

The accident by which the man sustained his mortal wound occurred last Monday evening at 7 o'clock. In company with Louis Moll and William Barabe, he was on a hunting expedition near Maple Ridge. After the party had arrived at the camp, Moll was unloading his rifle when a cartridge exploded, the ball taking effect in the calf of Goodrich's leg, the muzzle of the gun being a few feet distant. He was without medical attendance till early the next morning and lost much blood before the doctor arrived. Goodrich was brought home the next morning and Wednesday the doctors performed an operation, removing the splintered pieces of bone and tying up the arteries. The bullet had wrought fearful havoc, having lacerated the flesh and cut some of the main arteries, besides badly shattering both the bones, but, even under such adverse conditions, the man might have recovered if he had had more prompt medical attendance as many people have been known to sustain even worse wounds and yet retain their limbs.

The deceased was thirty years old, and a native of Negaunee. He had been married thirteen months, and leaves a wife and a girl a few months old. He was insured in the Foresters for \$1,000. He was also a member of the local Chevalier de Lafayette society and of the Fire department. For a long time he had conducted a barber shop on East Iron street. The funeral will take place tomorrow morning at 9:30 from St. Paul's church. The members of the various organizations to which the deceased belonged will attend in a body.

**MAAS MINE SHAFT.**

It Is Slowly but Surely Being Sunk to the Ledge.

The first bucketful of ore that the Cleveland-Cliffs company hoists out of the deposit it has sought so persistently at the Maas mine will be literally worth at least its weight in gold, for the sinking of the shaft at that property has probably already been one of the most extensive operations undertaken on this range, and the end is not yet. For months there was no perceptible progress, and the task seemed like the unending labors of the fabled Sisyphus.

However, a better advance with the work has been made during the past month than in all the preceding six months. Two powerful pumps are constantly at work sucking up the watery ooze that boils into the bottom of the shaft at the rate of 2,000 gallons per minute. Two other pumps are in constant readiness, so that they may be lowered in case of a sudden break-down. The sand eats away the valves very rapidly, and they give out without a moment's notice. Besides the pumps, a shift of five men work in the shaft, filling the bucket, but the amount of sand taken out in this way is small compared with what is being pumped up.

The shaft is now down 139 feet and it is estimated that it must go eighteen feet further before the ledge that covers the ore bed is reached. This distance would soon be traversed if it was not for the uncertainty of the inflow of water. Frequently it will boil up fifty or sixty feet deep and 300 feet in diameter in the center of which stands the shaft. Great care has been exercised to prevent a lateral movement of the shaft, yet the exposed portion is slightly out of plumb. However, this error can easily be corrected when the chaise is filled.

At first the sand poured forth by the pumps was filled back into the hole, but this was impracticable, for the hundreds of tons of pig iron heaped upon it, in addition to its own weight, barely sufficed to keep the shaft from being squeezed out of the quicksand entirely.

Operations at the Maas began on the tenth of last February, and everything was lovely until the first of April, when the quicksand was reached at a depth of 130 feet. Then began the difficulties that have continued all the while, and kept the shaft practically "hung" for the greater part of the time since.

The opening of the mine will be hailed with delight, for not only will a great engineering feat have been completed, Negaunee will be in line for great additions to its wealth and prosperity.

**ISHPEMING WON IT**

(Continued from Page Six.)

tendance at a football contest in the upper peninsula. The attendance at the Escanaba game was estimated at 1,500, but no one present Saturday placed the total number at less than double that figure.

It was impossible to determine just how many witnessed the battle from the grand stand and side lines. In addition to those who passed through the gates, several hundred went over the fence and just before the game started the crush at the gates was so great that not a few passed in without delivering their tickets.

A record-breaking crowd also witnessed the game from the bluff immediately north of the park. Not less than 1,000 men and boys had seats there, where they got a fine view of the field, although it was impossible to distinguish one player from another. The officers made no attempt to clear the hill, otherwise the receipts, which fell below \$1,000, would have been larger. After the game started the fence was neglected, and many came in that way.

Visitors from Far and Near.

Every train arriving in Ishpeming Saturday brought large delegations. The early train from Duluth had passengers from Houghton and Ontonagon counties, also points along the South Shore line west of here. The Escanaba regular brought a goodly number; the train from Iron Mountain and other Menominee range towns carried a large delegation, and the noon train from the copper country was crowded. Passengers were picked up at every station, while the delegations from towns in the western end of this county helped to swell the crowd considerably.

The Escanaba special arrived here at 11:30, bringing over two hundred rooters for the Sandy City aggregation. The Marquette special reached Union Park a few minutes before the teams lined up for the first half.

Soon after the visitors began to arrive, there was a rush for the stores where ribbons and rosettes were sold. The latter were in such demand that the milliners who had them for sale were quickly cleaned out.

The visitors were treated with the utmost respect and attention was said or done while they were here to mar their pleasure.

A few days before the contest Superintendent Scribner went before the school children and gave them advice on good behavior. It is much to the credit of the children that they obediently obeyed their instructions. Many of them left their horns home, so that the din on the grounds was not as great as anticipated.

Rush Started Early.

The rush for Union Park started before 12 o'clock. When the ticket sellers, gate tenders and special officers arrived at 12 o'clock a number were lined up waiting to get in. The rush continued until 1:45. At times the line at the north gate was seventy-five feet long and from three to six persons deep. The carriages were frequently lined up for a distance of one hundred yards or more. It was difficult to secure a good position near the gridiron fence after 1 o'clock. Both sides were lined with men, women and children. Late comers had to find places at either end of the field or force their way to the front at the side fences.

The gridiron could not have been improved. The surface was almost level, and all the lines were distinct.

The goal posts were white. On the top of the posts at the east end were the Escanaba colors and an American flag. At the other end Ishpeming's blue floated side-by-side with the stars and stripes.

The fence was of sufficient height to keep all off the field. Several officers were on the side lines to see that no one came upon the gridiron. The officials, members of the Ishpeming City band, coaches of the teams, and the newspaper men were the only ones inside the enclosure.

The field had every appearance of a "varsity" gridiron. On the south side a high platform had been erected by Manager George Ruez of the local office of the Western Union company, and two operators were kept busy sending bulletins to outside papers and individuals. Many telegrams addressed to private parties were received on the grounds. All wanted information about the game.

Hockey Team Presents Banner.

Among the many admirers of the Ishpeming team present there were none more enthusiastic than the members of the Portage Lake hockey team. All were provided with handsome banners of green and white, the team's colors. Above these floated the blue. At the conclusion of the game, Manager Charles Webb presented Captain Peterson with his banner in behalf of his team. The banner was accepted with thanks, and it will be given a prominent place in the high school.

The colors of both teams were conspicuous on the grounds. Nearly every carriage was decorated. The spectacle was never before equalled in picturesqueness at any contest ever held on the upper peninsula.

Parade and Reception.

As soon as the Ishpeming City band and the Ishpeming players arrived up town a parade was formed. The band led the procession, and the members of the team were in a decorated bus with Teddy Murray on the front seat waving the decorated broom which Sellwood & Co. presented to the victors. No less than two thousand persons followed the band, yelling and blowing horns.

The reception and hop in the evening at the Anderson Hall was a pleasant function. All the Escanaba people, as well as visitors from many other points, attended. The reception committee was composed of Mayor T. A. Flech and wife and Superintendent E. E. Scribner and wife. Luncheon was served. The Escanaba special pulled out at 11 o'clock. The Escanaba people expressed themselves as pleased with the treatment accorded them here. So far as they are concerned the hatchet has been buried. The same can be said of Ishpeming, so that all future football contests will be fought in a friendly spirit. The satisfactory outcome of the meeting of the teams has been the means of improving the athletic spirit in the upper peninsula. For a while it looked as though the football business was about to receive its

death blow, and as if this season would end school games.

Escanaba people manifested the proper spirit here Saturday. Many of their number expressed the hope that Ishpeming might win the championship game at Ann Arbor Wednesday. Ishpeming appreciates the fact that good feeling has been restored and that the cities are no longer at loggerheads.

State Championship Game.

The local team will leave this noon for Ann Arbor, where it will line up against the Benton Harbor eleven Wednesday afternoon. Some of the players are not in the best of form, as a result of Saturday's game, but the boys are going in to win if possible. The team is allowed \$400 for its expenses. Fourteen or fifteen players will take the trip. Last year Ishpeming had to pay all but \$100 of its own expenses, and it also guaranteed Kalamazoo's expenses. The latter tried to get out of playing and Ishpeming forced the game. This feeling does not exist this season and the lower peninsula enthusiasts are looking forward to the contest with much interest.

All upper peninsula football cranks will watch the returns from the game Wednesday. It is expected that bulletins will be received here. On Thursday the Ishpeming boys will witness the Michigan-Minnesota game at Ann Arbor. They will be back Friday afternoon on the 4 o'clock train.

**HOPE TO RAISE \$10,000.**

Copper Country Finns Will Help Relieve Their Suffering Countrymen.

Negaunee Finlanders, who have already taken active steps to secure financial aid for those in the old country who are suffering from want and cold, will be interested in learning what their copper country brethren are doing to the same end. The Houghton Daily Mining Gazette says:

Copper country Finns expect to raise at least \$10,000 for the aid of their suffering fellow-countrymen in their native land. The movement has already taken definite form and the activity among the Finns for this cause is such that it will result in very large contributions. Some four or five years ago the people of Finland were in a destitute condition, due to much the same trouble as this year and the Finns in the copper country got together and raised something over \$5,000 in cash at that time.

This year the condition of affairs in Finland is even worse than it has ever been before. Let us recently received by Finns in Calumet state that the famine in the rural districts is worse than was at first thought. The Finns in the cities or living near the cities are not in such terrible plight, but the farmers living far out in the country are suffering greatly.

Conditions Worse Than Supposed.

Under ordinary conditions the lot of the Finnish farmer in his native home is not any too cheerful. He barely manages to make a good living off his farm, by the hardest kind of work and the closest saving, but when the climatic conditions are as unfavorable as they have been this season, he has nothing upon which to fall back.

As a rule the winters in Finland come about the same time as they do in this country, but this year the cold weather came at least two months ahead of schedule time. The wheat and rye was frozen in the fields before it could be cut down and while the grain was yet green. All the crops were ruined and the farmer is up against the proposition of keeping body and soul together this winter. One letter says: "Some idea of the terrible condition of affairs in the farming country may be imagined when I tell you that some of the people are compelled to eat bark and green grain in order to eke out an existence. The famine this year is far worse than it ever was before, and the people are greatly in need of immediate aid. People are already starving and the condition of affairs will be much worse before the winter is over."

Dr. C. J. Soren is chairman of the county committee which has charge of the collection of funds for the suffering Finns. He says that the entire county will be divided into districts and each district canvassed so that every Finn in the copper country will have an opportunity of giving something for the suffering people in his native land. In addition to this there will be a series of lectures in Finnish and a number of church affairs; all the church and lodge organizations in the county have expressed a willingness to help the committee along and do everything possible to see that the fund reaches a big figure.

**SENT TO LANSING**

Elwin Hendrickson, aged eleven years, son of Henry Hendrickson, was sent to Lansing for a confinement in the city of Lansing for a period of six months, on his seventeenth birthday. The act seems to be incorrigible. He played truant so often that the patience of the school authorities was completely exhausted. Appeals to the boy's father were unavailing. He said he was absolutely unable to control his cunning and ingenuity in perpetrating numerous acts of mischief and petty criminality that gave evidence of unusual precocity that might have been directed into better channels. But the boy was unusually stubborn and willful and all efforts to reform him seemed useless.

County Agent Blanchard came here from Marquette Friday, and after hearing the testimony of the accused and his father before Justice Trauben, decided that the reform school was the only place for Elwin.

**EXCURSION TO CHICAGO.**

The Live Stock show takes place at Chicago from December 3 to 8. The Northwestern will make a special round trip rate of \$12.35.

**LOCAL LAOCONICS.**

James H. Cudlip of Iron Mountain was here Friday.

J. D. Campbell was here over Sunday, visiting his family.

The Upper Peninsula Brewing company has a new team of horses on the local delivery wagon.

Harry Moyer has been at his home, forty-two miles from Marquette, near the copper country, for a week past.

Captain Richard Webb, well known in this range, recently disposed of a sixth interest in a mining lease on the Mesaba range. The entire property sold for \$28,000.

Union Thanksgiving services will be held Thursday at the Mitchell Methodist church at 10:30 a. m. Rev. Dr. Smith, pastor of the Presbyterian church, will preach the sermon.

The ore shipments are nearly over for the season. The Negaunee mine will probably send out some more of its product for a week or more, but most of the work will be dumped on the stock pile from now until spring.

The sale of seats for the minstrel show Thanksgiving night will be opened at 7:30 o'clock Tuesday evening at Perkins' drug store. A large number of tickets have already been sold, and those who want desirable seats should get in line early.

The Ladies' Aid society of the Mitchell Methodist church will serve its annual supper in the Sunday-school rooms of that church Thanksgiving evening, from 4 till 9 o'clock. It will cost 25 cents. The ladies have a reputation for providing about the best that is going at their suppers and their efforts on the forthcoming occasion will doubtless be fully up to the standard.

**TURKEY SHOOT.**

McDonald & Johnson will hold a turkey shoot at Teal Lake Thanksgiving day. The turkeys have been ordered from Green Bay. Ten cents will be charged for each shot.

Low prices on storm sash. Consolidated Fuel & Lumber Co. (11-11-14)

### LARGE DELEGATION

IT WENT FROM MARQUETTE TO BIG FOOTBALL GAME.

CONTEST PLEASED THE VISITORS

TEAMS SHOWED ABOUT THE SAME SKILL AND STRENGTH.

In Opinion of Most Queen City People Result Saturday Should Have Been a Tie—Interest in Ann Arbor Battle.

Saturday afternoon one of the largest delegations that has ever been attracted from Marquette by any sporting event was present at the gridiron at Union Park where the Ishpeming and Escanaba teams contested stoutly for the championship of the upper peninsula. The special train which left here at 1 o'clock carried some 225 people, three full coach loads, and, with those who had gone up on the earlier trains and who chanced to be in either Negaunee or Ishpeming, nearly three hundred Marquette people saw the game.

The universal verdict was that it was worth the trip and expense. It was probably the best high school football game that has ever been played in the north country, and it was fiercely, stubbornly, and, withal, fairly contested. No exception can be taken to the preparations the Ishpeming management made for handling the grounds and the gridiron. The arrangements left nothing to be desired. The gridiron was enclosed with a high fence, and only the officials, subs and a bunch of newspaper men were allowed on the side lines. All others were rigorously excluded. The gridiron itself would compare favorably with many gridirons where much more important contests are waged. The turf was dry springy and firm, and straw had prevented the frost from getting any hold on it, so that danger of injury was reduced to the minimum.

The crowd was unusually well behaved and courteous. There was a good sprinkling of Escanaba "rooters" present, and the encouragement to the teams seemed to be fairly divided.

Summing up, Ishpeming could not have provided a fairer or better field, or have done anything more to demonstrate its sportsmanship. Little Choice Between Teams. Ishpeming won the game by a score of 11 to 5, but only the extreme partisans of the Hematite eleven maintained that this score represented the relative merits of the teams, as they played Saturday. For the most part it was the opinion that the game should have been a tie, say 6 to 6, and that

it is a toss up as to which is the best eleven. As far as demonstrating the decisive superiority of either team, Saturday's game was a flat failure, although otherwise it left little to be desired. Ishpeming had the big end of things in the first half, but in the second the Escanaba men came back stronger than ever, and quite outshone their sturdy opponents. In this half Ishpeming had no business scoring, as at no interval did the Blue exhibit football calculated to make good against the Escanaba eleven. Its points in this half were the result of a fluke, pure and simple, and should not be taken into consideration in summing up the strength of the two teams in straight football. They came as a result of Strom's unfortunate fumble of Bell's sixty-yard punt right in front of his own goal line, an Ishpeming man getting the ball. Of course the touch-down came, although Ishpeming just got the ball on Escanaba's goal line on its third down.

Ishpeming's work in the second half was loose, and not up to the Ishpeming standard, while Escanaba's play showed more finish and precision, its tricks working particularly well. Ishpeming's fakes were miserable failures. However, Ishpeming's victory was fairly won and it is certainly as good an eleven as that from the Sandy City, if it is not a shade the better of the two. Ishpeming's journey to Ann Arbor will be followed with close attention by all who saw Saturday's game, and there will be a general desire in this section to see it return with the state championship, for which it is the legitimate contestant from this peninsula.

The Marquette contingent returned on the 5:30 and 7:40 trains with good words for the excellent work of both teams and the manner in which the Ishpeming management handled the big game.

#### FROM DAWSON CITY.

B. R. Culbertson Has Two Brothers Visiting Him Here.

B. R. Culbertson received a quartet of his brothers and sisters Saturday morning. They are E. M. and J. M. Culbertson, of Dawson City, Alaska, Miss Gertrude Culbertson, of Superior and Miss Agnes Culbertson, of Menominee, and they will visit their Marquette brother for a number of days, at least. His two brothers came here from Dawson City, Alaska, where they have spent the past six years, being pioneers in the gold fields. They went to Alaska before Dawson City was thought of, and have had many varied experiences in the gold fields. They plan on returning there, after a short visit in the States.

Aches and Pains of rheumatism are not permanently, but only temporarily, relieved by external remedies. Why not use an internal remedy—Hood's Sarsaparilla, which corrects the acidity of the blood in which rheumatism depends, and cures the disease?

A novel feeling of leaping, bounding impulses goes through your body. You feel young, act young and are young after taking Rocky Mountain Tea. 35 cents. Stafford Drug Co.

#### CHINESE FREE MASONS.

An All-Night Session of the Grand Lodge Held in Marquette.

Chinese Free Masons held forth at Zaman's hall, on Washington street, all night. It was a session of the grand lodge. Grand Master Quong Sing of Indianapolis presided over the ceremonies, and delegates from the copper country, Ishpeming, Negaunee, Escanaba, Green Bay and Oshkosh were present. All told, some sixty Celestials participated in the meeting. The proceedings began at 7 o'clock last evening and continued without interruption until 5 o'clock this morning. The feature of the work was the initiation of thirty candidates into the mysteries of the order. An elaborate banquet followed. Some of the estates were imported direct from China, and The Mining Journal is informed by one Celestial that the feast required an expenditure of \$800. The local arrangements were in the hands of Pong Sam and Pong H. Lee, proprietors of the laundry on Washington street opposite the postoffice. The former bears the lodge title of grand superintendent.

#### QUICK WORK.

E. J. Sink Installs a Boiler in One Day's Work.

E. J. Sink did one of the fastest jobs of steam fitting that has ever been accomplished in the north country yesterday, when he completed the task of installing the new boiler that will henceforth heat The Mining Journal block. The boiler was delivered in front of the building Friday night. Saturday was consumed in getting it into the basement, through the sidewalk, and moving it to its position, whence the old heating plant had to be removed. The work of setting it in brick and making the connections was only undertaken yesterday morning, yet it was completed before last night. Mr. Sink employed a force of several bricklayers and steam fitters under his own supervision, thus the unusually fast work.

#### MORE QUESTIONS.

Applicant for a Deer License Has to Answer Too Few.

There is considerable red tape about the granting of hunters' licenses and the applicant must answer a large number of questions. It has been suggested by an exchange that the law be amended to include the following: "Do you smoke Peerless?" "Are you addicted to strong drink when in the woods?" "Can you distinguish the difference between a red or blue hunting jacket and a deer?" "Have you ever had St. Vitus dance or would the falling of a leaf cause you to fire your gun?" "Could you hit the power house with a gatling gun?" "Will you be willing to care for all the orphans and widows you may make?" "Have you ever seen a deer except in a natural history?" "How many times have you had the buck fever?" "Do you get lost when in the woods, frighten your friends and bother searching parties, who want to hunt something else?"

#### A FISH HATCHERY.

President W. G. Mather is Building it Near Munising.

President W. G. Mather has undertaken a work in which Munising sportsmen are manifesting much interest. He is building a fish hatchery, from which the neighboring streams will be stocked, near that village. The News says: "As a further earnest that he means Munising shall lose none of that attractiveness which has drawn visitors here in the summer. President Mather has ordered another improvement, the value of which cannot be overestimated and which will be in years to come, if not now, fully appreciated by the people of this village and by the guests who come here in summer to lure the shy trout from his hiding places in the clear, cool waters of neighboring streams. About two miles from the village, near the Munising Railway, between the village and the junction, on the south side of the track, in a pretty little gully, is a beautiful spring stream, whose waters, clear as crystal, are cool in the summer and do not freeze in the winter. At this point very little if any surface water gets into the creek, the volume of water is sufficient, the fall is just right for forming fish ponds, and taken all in all few more ideal spots for the purpose can be found in the Lake Superior country or anywhere else.

At this point, by order of Mr. Mather, a fish hatchery, 30x50 feet, with the necessary modern equipment, is being erected. The purpose of this hatchery is to keep the adjacent streams abundantly stocked with speckled trout, in order that the joy of the angler, who fishes therein, may never grow less. The contract for the construction of the hatchery has been let to George Leiphart of Munising, and when completed, which it will be at a day not far distant, the plant will immediately go into commission.

The work is in the personal charge of Mr. Richard E. Pollett of Chicago, president of the National Sportsmen's Association.

#### SOO CANAL PASSAGES.

Sault Ste. Marie, Nov. 23.—(Special.)—Up—Waldo, 1:30 a. m.; Livingston, 5:40; Milwaukee, 7:20; Stewart, 8; Walter Seranton, Harlem, 9:30; Hill, Russell, Majestic (Canadian), 10; Marietta, Naslyth, Cadillac, 10:30; Thomas, Presque Isle, Fryer, 11:20; Matoa, Grover, Maunaloa, Matoa, 12:30 p. m.; Manitoba, 1; Thomas, Wilson, 3; Yuma, 3:40; Senator, America, Antrim, Princeton, 5; Curry, Gilchrist, 5:40; Harvard, 7:40; Rockefeller, 8.

#### NOTICE TO THE PUBLIC.

On and after December 1st we, the undersigned dairymen, will deliver milk but once daily during the winter months. Respectfully yours, H. Vandenboom & Son, Anton Johnson, J. W. Rustenhoven, Christian Jensen, Mike Guelff, Gross Anderson, Claus Johnson, A. Quant, Peter Stuer, Peter Johnson, Anton Henrich. (11-25-1w)

## GREAT CLOAK, SUIT AND MILLINERY SALE TO BE CONTINUED

.....AT.....

# GRABOWER'S BIG STORE

This week we include our entire stock of Cloaks and Millinery with the balance of the sample lines left from last week's sale. This gives everybody a chance to find whatever necessary in Millinery or Cloaks for Thanksgiving.

### Cloak Dep't.

Ladies' Suits, Monte Carlo Coats  
Ladies' Skirts, Fur Jackets,  
Children's Coats, Capes and Collars.

### Millinery Dep't.

Beaver Hats, Ostrich Feathers,  
Felt Hats, Breast Wings,  
Street Hats, Paradise Feathers,  
Ostrich Plumes,

AND ALL KINDS OF MILLINERY TRIMMINGS INCLUDED IN THIS SALE.

Everything at a Great Reduction.

Last week's sale was the greatest success of any sale ever inaugurated. It proves plainly that the people have confidence in our ability to serve them and give them what we advertise as we have no time to exaggerate. Come to us for whatever you need as we give good treatment to everybody.

## LOUIS GRABOWER, MGR.

# "WHATSOEVER A MAN SOWETH" ETC.

This saying applies alike to the individual and the business. Reliable and Dependable Goods, combined with honorable, liberal and courteous treatment on the part of a merchant, brings back in time the good will and confidence of the public. The first six months of this year our business increased fifty per cent. The six months closing the last of next month will show an increase of one hundred per cent. in our business.

This result is not surprising when you stop to think that we show the only really complete stock of Dry Goods and Carpets within two hundred miles of Marquette, and that discerning buyers are daily becoming acquainted with these facts from a vast territory tributary to Marquette.

Notwithstanding we are selling more goods than ever, and still have five weeks before the holidays to move our vast stock, we have decided, in view of the very warm weather that has prevailed this fall, to make some very great concessions in prices on certain lines of Ladies' Ready-to-wear Garments and will place on sale this morning the greatest values in LADIES' JACKETS offered this season:

Jackets worth \$20.00 are marked \$10.00

Jackets worth \$10.00 are marked \$5.00

Jackets worth \$15.00 are marked \$7.50

Jackets worth \$5.00 are marked \$2.98

WALKING SKIRTS, JUST RECEIVED, WORTH \$7.50, MARKED \$5.00

Our Regular Prices on Millinery Are Lower than Special Sale Prices by Other Houses, while the Styles and Quality Are Far Superior. Inspection Invited.

In order to give us time in which to rearrange what there is left of the BRACHER STOCK OF GOODS and put it in shape for sale, we will not sell any goods this (Monday) evening, but will continue the sale, beginning TOMORROW (TUESDAY) EVENING and continuing each evening during the week. The entire stock at auction. J. N. Williams, auctioneer.

## A. T. VAN ALSTYIN DRY GOODS COMPANY.
