PEACE PLAN IS OFF
SCHEME TO SETTLE STRIKE OUTSIDE COMMISSION IS GIVEN UP.
ABANDONED BY THE COMPANIES
INVITATION TO A CONFERENCE SENT MITCHELL IS RECALLED.
Decision of Coal Roads Due to a Protest by Independent Operators Against Treating With Miners, and Hearing Will Now Be Resumed.

Washington, Nov. 25.—All prospects for an understanding between the miners and coal operators outside the strike commission came to a sudden termination late this afternoon through the receipt of a dispatch to Wayne MacVeagh, notifying him that at a meeting of the coal road men in New York today it had been decided not to grant an interview to President Mitchell and his associates which had been suggested for Friday next.
News a Big Surprise.
The announcement, coming as it did after an all-day conference between Mr. MacVeagh and Mitchell and his associates, attended part of the time by Carroll D. Wright, in an endeavor to adjust some details of the proposed agreement between the operators and miners, completely surprised everyone here. From a reliable source it is learned that the proposition that the operators meet Mitchell Friday next was made at the instance of MacVeagh, who was no less surprised than Mitchell at the turn affairs took today.
From statements made by Attorney Darrow early in the day the impression had spread that a complete agreement would be affected at today's conference, but when the meeting broke up Darrow read to the newspapermen a statement which made it clear that no final agreement had been reached and that no further conferences were likely.

Miners' Attorneys Nettled.
President Mitchell, when shown the dispatch from New York telling of the action of the operators, simply smiled and said he had not asked for a conference but that when it was suggested to him it would be agreeable to meet the operators, he had said he would. Messrs. Darrow and Lloyd, however, were outspoken regarding the action of the operators. Mr. Darrow said it was "now or never" and that he would not return at once to Scranton and on Tuesday next would appear before the commission ready to go with the hearing.
Mr. Lloyd, holding in his hand the New York dispatch, referred to the fact that Friday's conference had been suggested in order to adjust some matters on which there was still some disagreement. "Yet," said Mr. Lloyd, "the same men who only last week wired the commission their assent to the general provisions of the tentative agreement and upon the strength of which the commission adjourned for a week in order to give the parties time to get together, now go completely back on their former action and call it all off. We are satisfied to go before the commission and continue the hearing."
President Mitchell and Messrs. Darrow and Lloyd left here at 6:50 o'clock for Scranton.

INDEPENDENT RESPONSIBLE.
File Protest Against Treating Directly With Miners and It Is Heeded.
New York, Nov. 25.—A serious hitch occurred today in the plans for the settlement of the coal controversy by a conference between the operators and the miners' union, and it is now almost certain that the final adjustment of the points at issue will be referred again to the commission.
At the meeting between the presidents of the coal roads and a large number of independent operators, a strong protest was entered by the latter against treating directly with the miners. The invitation to meet President Mitchell at Washington Friday was declined peremptorily, and it was agreed unanimously that in the judgment of the operators it was best, for the present, to go on with the hearing before the commission.

Reasons for the Objections.
Mr. Simpson, representing the independents, presented the protest, and in doing so made a statement of the reasons for the protest. This statement was long and went into details. Briefly, Mr. Simpson said the operators owed it to themselves to continue the investigation that testimony may be taken which will prove that the wages paid and the treatment accorded the miners have been fair, that their earnings are large in proportion to the intelligence required and that their wages per hour are greater than those of skilled mechanics in the same regions.
Mr. Simpson compared the occupations of the miner and mechanic, citing the fact that the latter must serve a term of apprenticeship at low wages before receiving a high rate of pay, while the "immigrant" just landed on American soil, speaking one or two words of English and utterly ignorant, is eligible as a miner's laborer to a position which gives him opportunity to learn and to acquire his miner's certificate while earning between \$2 to \$2.40 per day.

He asked that the commission be permitted to bring out these matters, believing it would be of "infinite service to every mining company" and will give
(Continued on Page Four.)

ORE CARRIER IS WRECKED.
Steamer Quito Runs Ashore While Trying to Make Lorain.
Lorain, O., Nov. 25.—The steamer Quito, one laden from Escanaba to Cleveland, ran ashore while trying to make this port tonight. A northeast gale prevailed at the time. The captain and twelve of the crew were first rescued. Two engineers and two mates were left in the engine room, but were taken off afterwards. It is believed the boat will be a total loss.

WILL REVOLUTIONIZE INDUSTRY.
New Method of Manufacturing Tin Plate Discovered and Patented.
Joliet, Ill., Nov. 25.—Representative-elect S. J. Drew and Jenkin Howell have secured a patent on an invention which will, it is claimed, revolutionize the manufacture of tin plate. The invention effects a great saving in the time necessary to handle sheet plates, does away with costly annealing pots and materially reduces the fuel and labor expenses.

ANOTHER CABINET OFFICER.
Confidence at Washington That Department of Commerce Will Be Created.
Washington, Nov. 25.—President Roosevelt today informed Representative Hepburn, chairman of the house committee on interstate and foreign commerce, that he would appoint at once a representative from each government department to confer with his committee as to the creation by congress of a department of commerce and to furnish any information desired. Mr. Hepburn is confident that the bill creating the new department will be passed at the approaching session of congress.

DECLARES ALL CHARGES FALSE.
President Gormley Makes Sweeping Denial in Masonic Temple Case.
Chicago, Nov. 25.—President James H. Gormley, of the Masonic Fraternity Temple association, on trial for conspiracy to defraud Cook county by evading the payment of the Masonic Temple taxes, today made a sweeping denial of all the statements of Captain Edward Williams and Luke Wheeler, who were convicted on the same charge, and of Director D. G. Rush, of the association, who is charging him with knowledge and approval of a plan to pay the \$26,770 of taxes with \$20,000.

THINK TRAGEDY ACCIDENTAL.
American Physicians Said to Agree With French Doctors in Gore Case.
Paris, Nov. 25.—An independent post-mortem examination over the remains of Mrs. Ellen Gore was made this morning by the commission of four American doctors appointed by Consul General Govey. The doctors have been given forty-eight hours in which to consult the official report. Consul Govey, in the meanwhile, has ordered them not to give any official opinion on the case. He is seeking to avoid a clash with the French experts. There is reason to believe, however, that the American doctors, while holding the wound almost horizontal, incline to the general conclusion that the tragedy was the result of an accident.

NATIONAL DINNER TO HARLAN.
His Quarter Century on Supreme Bench to Be Commemorated Dec. 9.
Washington, Nov. 25.—Justice Harlan, of the supreme court, on Dec. 9 will have completed twenty-five years of service as a member of that court, and his friends at the bar throughout the country have arranged to express their appreciation of his services by a dinner in his honor that evening in this city. The purpose is to make the affair a national one. The president and cabinet, the justices of the supreme court, speaker of the house, president of the senate and others of note will be the guests. About a thousand invitations have been sent to lawyers in all parts of the Union practicing before the supreme court, to be present.

RIFLED EXPRESS BAG FOUND.
Davenport, Ia., Nov. 25.—The search for traces of the bandits who held up the Rock Island express train near here Saturday morning has resulted in finding a rifled express bag, some jewelry boxes, and dynamite in the barn of William Rohwer, where the robbers stole the train with which they made their escape. The day was barren of developments pointing to the present whereabouts of the robbers.

SOLDIER EARNS HIS FREEDOM.
Joliet, Ill., Nov. 25.—Louis Rhen, just home after three years' service in the Philippines, and wanted in Pontiac as a fugitive from the reformatory, was given his liberty on parole today. The citizens thought his record as a soldier had earned him freedom and induced the parole board to let him go.
TODAY'S WEATHER.
Washington, Nov. 25.—The following is the weather bureau's forecast for Upper Michigan: Rain or snow Wednesday; Thursday, fair; fresh northwest winds.

CANAL PLAN STIED UP
ALL NEGOTIATIONS HAVE COME TO A DEAD STOP.
COLOMBIA DECLINES THE TERMS
ARE STATED THE BEST WASHINGTON CAN MAKE.
Nicaragua and Costa Rica Also Are Now Adverse to a Deal and the Outlook for a Treaty Covering Either Route Seems Very Dubious.

Washington, Nov. 26.—At the cabinet meeting today Secretary Hay, while presenting the subject of the canal negotiations to the cabinet, was not able to report that any progress had been made during the past week.
In fact, it appears that the negotiations have come to a dead stop, and while no such thing as an ultimatum has been passed the precise situation may be described in the statement that the Colombian minister here, Senor Concha, has distinctly informed the state department that he cannot in behalf of his government accept the last proposition of the United States as the basis of the canal treaty. The state department has already let it be known that it has come to the end of its concessions, so the chances of a renewal of the negotiations in the near future are not very bright.
The state of affairs will stimulate the negotiations with Nicaragua and Costa Rica for an alternate route, but it now appears that the diplomatic representatives of those countries are not disposed to allow themselves to be used to coerce Colombia and therefore are desirous of remaining in the background until it shall be clearly established that no treaty can be made between Colombia and the United States.

Colombia Looking for New Customer.
One of the statements of fact in connection with the Panama route which has been brought to the attention of the state department is that the original canal concessions will expire in 1904, and it had been suggested that the Colombian government has that fact in mind and is disposed to refrain from making a treaty now in expectation that the franchise will lapse and it thus may be in position to build the canal itself or to sell a new concession. Such a course would raise a very serious question between the Colombian government, and the Panama Canal company, the French government and the government of the United States as to whether or not the supplementary decree extending the concession ten years from 1904 was valid.

CUT IN INTERNAL REVENUE.
Receipts the Past Year \$35,000,000 Less Than in Previous Twelve Months.
Washington, Nov. 25.—John W. Yerkes, commissioner of internal revenue, in his report for the fiscal year ended June 30 last, says that the internal revenue taxes have been reduced about a hundred million dollars. There has been, however, increased revenue from the taxes laid on distilled spirits and other objects not affected by the war revenue legislation.
The receipts of the bureau for the fiscal year 1901 were \$306,871,669 and for the year ended June 30, 1902, \$271,867,990. Under various acts of congress the amount refunded and rebated during the year was \$3,748,511. In addition to this an abatement of taxes amounting to \$4,187,081 was allowed.
In 1901 the total production of spirits was 128,308,291 gallons and in 1902, 132,843,802. In 1901, a hundred million gallons of tax-paid spirits were withdrawn, and in 1902, 104,000,000.
It is estimated that the receipts from all sources of internal revenue for the current fiscal year of 1903 will aggregate \$229,000,000.
During the year tax was paid on 123,133,850 pounds of oleomargarine.
The report shows that during the year revenue agents seized and destroyed 1,094 illicit stills and arrested 1,036 persons for violations of the revenue laws. During that time one agent was killed in a raid and two were wounded.

INCREASE IN FREIGHT RATES.
Chicago, Nov. 25.—The general traffic officials of the Central Freight association lines today decided that new freight rates will go into effect Dec. 8. The advance in grain and flour rates is 2 1/2 cents, with 5 cents on provisions. The rates on coal, iron, cement and other special commodities go up 10 to 35 per cent. No changes have been made in class rates, but the classification has been revised so as to make the class rates on many articles considerably higher.

IOWA BANK IS ROBBED.
Sioux City, Ia., Nov. 25.—The Bancroft bank, at Bancroft, Neb., was broken into by robbers this morning. The safe was blown up with nitro-glycerine and \$3,000 to \$4,000 in cash was secured. A considerable amount of commercial paper was destroyed.
NEGROES AT AUCTION.
Lancaster, Ky., Nov. 25.—Two negro women and one negro man will be sold by the sheriff to the highest bidder before the courthouse on Friday, one for three months and the others for two and three years, respectively. They were convicted of vagrancy.

PROF. CLARK MISQUOTED.
Did Not Say \$300 a Year Would Keep Workingman and Family.
Chicago, Nov. 25.—Professor Clark, of Northwestern University, says there is no truth in the published report quoting him as having said, Sunday that on a salary of \$300 a year, a unskilled American workman can keep his family in comfort and save money. Dr. Clark tonight said he had said nothing of the kind and that he had confined himself to the case of a single man or woman, at least eighteen years of age, with no one else dependent on him or her.
"The statement attributed to me is, in my judgment, wildly absurd," said Professor Clark. "I believe that John Mitchell's recent estimate of \$600 as the minimum for supporting the average family is quite as low as can reasonably be made."

ENTERTAINED BY THE CAZAR.
Ambassador Tower and Wife Pay Visit to Nicholas' Country Home.
Vienna, Nov. 25.—Ambassador Charlesmagne Tower has arrived here from Livadia, where he was received in farewell audience by the czar. Mr. and Mrs. Tower took lunch informally with their majesties, no other guests being present. Both the czar and zarina talked freely and with animation about the affairs. The ambassador says he found the czarina entirely recovered from her recent indisposition and that she is now looking as well as he ever saw her, since he went to Russia.
Mr. and Mrs. Tower took a drive in a carriage from Sebastopol to the imperial residence at Yalta, a distance of forty miles, as no railroad approaches the czar's secluded country home. After bidding goodby to the emperor and empress, they traveled west across Russia to the Austrian frontier, finding everywhere, says Mr. Tower, "evidence of peace and order."

RAILROADS MAKING MONEY.
Net Earnings in the Past Fiscal Year Aggregated \$605,616,000.
Washington, Nov. 25.—The preliminary report of the interstate commerce commission on the income account of the railways in the United States for the year ending June 30 last contains the returns of railway companies operating 195,945 miles of line, or probably 98 per cent of the total mileage of the United States.
The passenger earnings of these were \$172,429,165 and the freight earnings were \$1,200,844,603. Including these and other earnings from operation, the gross earnings amounted to \$1,711,754,290. The operating expenses were \$1,106,137,405, showing net earnings of \$605,616,795. The net earnings were \$51,305,421 greater than the previous year.

The total income of the operating roads of the country, including \$82,714,492 derived from investments and miscellaneous sources, was \$688,331,257. The dividends declared on stocks amounted to \$150,685,959, or substantially \$29,834,690 greater than the previous year. The surplus from the operation of the roads is \$79,185,367. The complete report for the previous year gave a surplus of \$84,764,782. As this report relates to operating roads only, it does not include the dividends paid by leased lines from the income they receive as rental.

WORLD'S FAIR EMBLEM PICKED.
Design of a Clinton (Ia.) Man Wins in the St. Louis Contest.
St. Louis, Nov. 25.—The contest for the design for the emblem to be adopted as the official emblem of the Louisiana Purchase exposition was decided today. The winner is Charles Holloway of Clinton, Ia., well-known in art circles of the country.
The successful design contains five figures. One in the center is a woman representing the territory of Louisiana. On her side stands Columbia, placing around her an American flag. The garments of France have fallen from her, and lie at her feet. The colors of the French flag and the fleur-de-lis are plainly recognizable in them. In the background is a background containing two figures, Progress and Rectitude. In front of Columbia and alongside Louisiana, sits a female figure representing France, holding in her lap the Louisiana territory treaty. Draped over her arm is the tricolor of France. She holds in one hand the sword of municipality.
The border contains four large figures typifying agriculture, commerce, art and science. Above are two small figures of Genius and Progress, crowning Art and Science with a laurel wreath. In the lower corners are two shells bordered with the colors of France and the United States.

COURT PASSES ON LABOR LAWS.
Indianapolis, Nov. 25.—The supreme court decided today that the act of 1886, by which employers are required to pay wages every week and all assignments of future wages are declared void, is constitutional and valid, at least as to the latter provision. The same court also held that the law against "pluck-me" stores passed by the legislature in 1901 is invalid. It prohibits the assignment of wages that have already been earned in exchange for tokens payable otherwise than in lawful money of the United States.

BURNS TO DEATH.
Shullsburg, Wis., Nov. 25.—The body of J. W. Sheffer of this city was found in a field two miles from town horribly burned today. The skin was entirely gone from the face and upper part of the body. When found the body was still burning and the surroundings indicate that the victim had rolled over and over in trying to extinguish the flames. The origin of the fire is a mystery.

Eruptions Dry, moist, scaly tetter, all forms of eczema or salt rheum, pimples and other cutaneous eruptions proceed from humors, either inherited, or acquired through defective digestion and assimilation. To treat these eruptions with drying medicines is dangerous. The thing to do is to help the system discharge the humors, and strengthen it against their return. Hood's Sarsaparilla permanently cured J. G. Hines, Franks, Ill., of eczema, from which he had suffered for some time; and Miss Alvina Walker, Box 212, Altona, Wis., of pimples on her face and back and chafed skin on her body, by which she had been greatly troubled. There are more testimonials in favor of this great medicine than can be published.

Hood's Sarsaparilla Promises to cure and keeps the promise. Don't put off treatment. Buy a bottle of Hood's today.

PITTSBURG WALL PAPERS are the most notable success of the new season. Already accepted by the best judges as most perfect, they are now being made in larger quantities than ever before. NEW WALL PAPERS now offered. We say it with all modesty. They are the best line of wall papers shown this season. Sold in Marquette only by J. E. Tretthewey, Front St., Marquette, Mich. CHARTER NO. 390.

DAILY MINING JOURNAL, A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED). Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interests. SUBSCRIPTION RATES: Per month, by carrier, \$1.50. Per year, by mail, \$16.00. MARQUETTE, MICH., NOV. 26. Entered as mail matter of the second class in the postoffice at Marquette, Mich.

This will be an anxious day for the friends of the Ishpeming football team, and they are legion on the upper peninsula. The sturdy little eleven has journeyed into a strange land to meet an eleven of which practically nothing is known north of the straits. However, there is nothing that would lead a believer that it is much, if at all, better than their other Michigan championship teams which Ishpeming has put to one side in the past, and there is no reason why upper peninsula people should not look for a victory. They may be assured of one thing, that the Hematite players will put up a hard and consistent fight. This they never fail to do. They may be defeated, but they will never be dishonored. This afternoon will tell the tale.

The closing of navigation on the great lakes for the present season is to be very late. No advanced freights are expected, and if the mild weather continues into December the ore shippers will probably have no difficulty in fully carrying out their plans for the closing part of the season. The vessels as a whole will not show earnings equal to last year. Profits will be confined to vessels of the larger type, and there will be no big earnings in any branch of the trade. There has been none of the three-cent grain of 1901 and no high rates on final trips with ore to make an average against low summer rates, while the delays at unloading ports have been worse than in any past year, and operating expenses have steadily increased. It is not probable, therefore, that any talk of contracts for 1903 will contemplate a lower basis of rates than those prevailing in the present season. If anything lower is proposed, contracting for another season will certainly be very much delayed. From present indications it would seem that 1903 will be another big year in ore, and the shortage of coal in the Northwest will be so great when the present season closes that next year should see the greatest movement of coal ever known.

The American Federation of Labor has appointed a special committee of eleven to promote the eight-hour work day movement in all branches of industry, and in the coming year special efforts will be put forth to bring about the general adoption of the shorter day. This is a rational movement and in keeping with the spirit of the times. Not many years ago twelve and fourteen hours a day was thought none too much for the toilers, and this equally applied to factories, stores, the building trades and on the farm. After long agitation and a few strides the ten-hour work day was established. One of the longest and bitterest labor fights in Michigan history was in Muskegon against the work day that reached from 5 a. m. to 7 p. m., and that was only about twenty years ago. The demand now is for the eight-hour day, and in several industries this has already been established, and it should be extended to all. With the

THE SUPERIOR SAVINGS BANK, HANCOCK, MICH. CAPITAL \$50,000. SURPLUS \$20,000. TRANSACTS A GENERAL BANKING BUSINESS. LOANS MONEY ON REAL ESTATE AND APPROVED COLLATERAL. Pays 3 per cent. interest on Savings Deposits, compounded semi-annually. Pays 4 per cent. interest on Certificates of Deposit payable one year after date. C. A. WRIGHT, President. JACOB BAER, Vice President. M. C. GETCHELL, Cashier.

eight-hour day a higher degree of intelligence will prevail, and the average of happiness and contentment will rise. The many labor saving devices that have been introduced in all lines of industry will make the shortening of the work day feasible without reducing the production, and by shortening the hours labor itself will receive a direct benefit from the improvements. Reports from the war department are to the effect that the army officers are practically a unit in advising the restoration of the old canteen. Such of their reports as have reached the public have led to the belief that this was the case. The war department denies any effort in the direction of influencing public opinion on this question. It has been needless for the war department to extend its activities in this direction, even if its head and his chief advisers desire such a restoration. The public has been slowly sizing up the canteen question and absorbing the reports on the results of its abolition. The preponderance of testimony has gone to prove that it was a bitter and costly mistake to change its character in such a degree that American soldiers were led to patronize the saloons and groceries about the posts to such an extent that their number has been increased by three hundred since the new law went into effect. Their seems little doubt that a measure looking to the restoration of the canteen will be introduced at the next session of congress, and its passage should be easy in light of the developments of the past two years and the unanimous testimony of the army officers. It is a question of drinking moderately in decent surroundings or debauching in a low environment, and there should be no doubt as to the answer. The attempt to make soldier men tin gods by statute has been a lamentable failure.

AN UNPROFITABLE SYSTEM. There is a general demand in the country for a postal currency of a character safe to transmit through the mails. It is likewise a well-known fact that many members of congress, both in the house and the senate, as well as many officials of the departments, are in favor of this reform. It, like all other reforms, has tireless opponents, and as in almost every other case, they are found among the people who might be slight losers, though the whole nation would gain through its institution. They are found in the money order bureau, which, fearing annihilation, has been strenuously opposing the postal currency, and with such good effect that the friends of the reform have as yet been unable to have the bill reported before congress for a vote.

There is a general belief that the money order system is profitable to the government. That it is not is interesting in view of the open hostility of the bureau to the postal currency. That its unprofitability may be demonstrated appears from the following extracts from the report of Auditor Henry A. Castle of the postoffice department: In our annual report for 1899 an explanation was given that the statement of Table 15, printed in the statistical department of the auditor's report for many years, showing on its face a large "net revenue" from the sale of money orders, was misleading. Quotations made from the official reports of the postoffice department which, admitting that numerous items of expense which would be a legitimate charge against the revenues from the sale of money orders do not appear, being paid out of appropriations from the postal service and the departmental service, nevertheless claimed that "the system is wholly self-sustaining, and in addition it pays a liberal proportionate share of the expenses of the general service." In view of our own misleading table reproduced in reports for many successive years, it seemed incumbent on this bureau to throw all possible light on this subject. Efforts were accordingly made to secure an approximate statement as to the profit or loss of the business of selling exchange carried on by the government through the postoffice department. The result of those efforts was tabulated in the report referred to, and after a correct statement of many items of expense properly chargeable, a conservative estimate was made as to the matter of salaries of money order clerks in city postoffices, which was one of the unascertained items. Including this, this admittedly minimum estimate, the aggregate expenses of the money order business were shown to exceed the total revenues by \$105,000 per annum.

The correctness of the statement was challenged by persons interested in exploiting the supposed profits of the money order system. Since the item of clerks' salaries was the only one in which our table was not sustained by indisputable official figures, the challenge could only apply to that portion. The estimate of such salaries was \$824,880. That this estimate was too low rather than excessive was believed and stated at the time, and has since been confirmed by the independent calculations of another division of the postoffice department. In an official letter from the general superintendent of salaries and allowances to the chairman of the committee on the postoffices and postroads of the house of representatives, figures are given of the aggregate salaries of employees exclusively engaged in money order business in city postoffices, aggregating \$803,400. The letter goes on to say: "In addition to these clerks exclusively employed on money order work, there are 938 assistant postmasters in second-class postoffices, with salaries aggregating \$97,700, and 1,132 clerks in charge of sub-stations, with salaries amounting to \$270,000, a total of 2,070 employees, with aggregate salaries of \$1,247,700, one-third of whose entire time, perhaps, was devoted to the money order service. In addition to the above, there were more than 1,000 clerks, with salaries aggregating at least \$60,000, performing dual service in postoffices, practically dividing their time between the money order and the registry divisions." Accepting these carefully prepared figures, from a perfectly authentic source, which

CURING CONSUMPTION. When Scott's Emulsion makes the consumptive gain flesh it is curing his consumption. Exactly what goes on inside to make the consumptive gain weight when taking Scott's Emulsion is still a mystery. Scott's Emulsion does something to the lungs too that reduces the cough. More weight and less cough always mean that consumption is losing its influence over the system. Scott's Emulsion is a reliable help. Send for Free Sample. SCOTT & BOWNE, Chemists, 409 Pearl St., N. Y.

cannot be controverted by another division in the same bureau, our item for salaries of money order clerks should have been \$1,219,300, instead of \$824,880. As looking for a reasonable increase during three years, it is evident that the ascertainable loss on money order business should have been fixed at over \$500,000 in 1899, instead of \$105,000, as stated. It is greater rather than less at this time, and many other known but uncalculated expenses should still be added.

PROSPECT OF TARIFF REVISION. Senator Lodge is a strong personal friend of the president and thoroughgoing supporter of the administration, yet he notifies the president that he will be compelled to antagonize the reciprocity treaty negotiated by the administration with Newfoundland, because it will interfere with the Gloucester fishery interest at lower rates of duty. Senator Lodge will support the reciprocity with Cuba, as Massachusetts people are not interested in sugar except as consumers. Senator Burrows of Michigan is another staunch supporter of the administration. His constituents eat dried codfish and are interested in getting it as cheap as possible. He therefore will vote for the reciprocity treaty with Newfoundland. But some of his constituents are interested in beet sugar-making, and therefore he will do what lies in his power to defeat the reciprocity arrangement with Cuba which the president has been so anxious to have congress sanction.

That recalls once more the truthful, but untimely, remark of the late General Hancock, presidential candidate at the time, that "the tariff is a local issue." It will also suggest the difficulty the president will encounter in trying to carry out his policy of revising the tariff while it is still in the hands of his friends. Each of the "friends" will use his utmost efforts to prevent revision of that part of the tariff in which his own constituents are interested. There would be so much opposition to the president's idea of a tariff commission, if the scheme is worked right. A commission that will be given plenty of time in which to make its investigations, and which can do no more than present the evidence taken, leaving congress free to make what use of that evidence it chose, might meet with favor among even the anti-revisionists, because it would serve to postpone any action until the commission had made its report, and then congress might be too busy with other matters to take it up. The fate of the tariff commission report twenty years ago suggests what is not unlikely to be done with a similar report, if acted upon at all.

But there is a still more recent example. More than four years ago congress provided for an industrial commission of nineteen members, of whom five were members of the senate, five of the house of representatives, and nine others, charged with the duty of investigating questions relating to immigration, labor, agriculture, manufactures and business, and report to congress upon such suggestions for legislation on those subjects that it might deem best. The commission had three years and a half in which to carry out its work. It reported last February, the printed hearings and recommendations filling nineteen bulky volumes. There was plenty of time for congress to take some steps towards acting on the recommendations, but nothing whatever has been done looking to such action. As a way "How not to do it" the appointment of a commission to recommend legislation is evidently the most effective. For that reason it is not improbable a tariff commission may be agreed upon.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists, price 75 cents per bottle.

Hall's Family Pills are the best. PHYSICIANS PRESCRIBE IT. Many broad minded physicians prescribe Foley's Honey and Tar, as they have never found so safe and reliable a remedy for throat and lung troubles as this great medicine, People's Drug Store. TRIPS TO THE MEDITERRANEAN By the splendid modern British Twin screw steamships Commonwealth and New England, also regular Sailings to The Azores and to Liverpool, Dominion Line. T. H. Larke, General Northwestern Agent, 127 Guaranty Bldg., Minneapolis. "I suffered for months from sore throat. Eucletic Oil cured me in twenty-four hours." M. S. Gist, Hawesville, Ky.

Chronic Sores Eating Ulcers, A Constant Drain Upon the System. And a source of worry, anxiety and endless trouble to those who are afflicted with them, particularly so when located upon the lower extremities where the circulation is weak and sluggish. A gangrenous eating ulcer upon the leg is a frightful sight, and as the poison burrows deeper and deeper into the tissue beneath and the sore continues to spread, one can almost see the flesh melting away and feel the strength going out with the sickening discharges. Great running sores and deep offensive ulcers often develop from a simple boil, swollen gland, bruise or pimple and are a threatening danger always, because while all such sores are not cancerous, a great many are, and this should make you suspicious of all chronic slow-healing ulcers and sores, particularly if cancer runs in your family. Face sores are common and cause the greatest annoyance because they are so persistent and unsightly and detract from one's appearance. Middle aged and old people and those whose blood is contaminated and tainted with the germs and poison of malaria or some previous sickness, or excessive use of mercury, are the chief sufferers from chronic sores and ulcers. While the blood remains in this unhealthy, polluted condition healing is simply impossible and the sore will continue to grow and spread in spite of washes and salves or any superficial or surface treatment, for the sore is but the outward sign of some constitutional disorder, a bad condition of the blood and system, which local remedies cannot cure. S. S. S. reaches these old chronic sores through the blood. It goes to the very root of the trouble and counteracts and removes from the blood all the impurities and poisons, and gradually builds up the entire system and strengthens the sluggish circulation, and when the blood has been purified and the system purged of all morbid, unhealthy matter the healing process begins, and the eating ulcer or chronic sore is soon entirely gone. S. S. S. contains no mineral or poisonous drugs of any description, but is guaranteed a purely vegetable remedy, a blood purifier and tonic combined and a safe and permanent cure for chronic sores and ulcers. If you have a slow-healing sore of any kind, large or small, write us about it, and our physicians will advise you without charge. Book on Blood and Skin Diseases free.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Education Will be the topic of interest in Marquette this week. While our visitors have been devoting their lives and energies cultivating the young minds we have devoted ours to the old ones, and we flatter ourselves that we have them educated to the knowledge that our's is the store that gives the best values and qualities as well as price of any in the county. To continue the good work we will offer SPECIAL FOR THIS WEEK Ladies, Misses and Children's Shoes, Rubbers and Warm Footwear. Our regular \$3.25 and \$3 shoes... Sale price, \$2.50. Our regular \$2.75 shoes... Sale price, \$2.38. Our regular \$2.50 shoes... Sale price, \$2.10. Our regular \$2.25 and \$2 shoes... Sale price, \$1.75. Our regular \$1.75 and \$1.60 shoes... Sale price, \$1.38. Our regular \$1.50 shoes... Sale price, \$1.25. Our regular \$1.25 shoes... Sale price, \$1.00. Every shoe guaranteed by the manufacturer. We will replace any shoe that is not satisfactory. We do as we advertise. SEIDENFELD'S Next to First National Bank, Marquette, Mich. NEW DRY GOODS HOUSE.

SHERIFF WILL INVESTIGATE.

Will Today Look Into the Identity of the Skeleton Found at Redridge.

Today Sheriff Wills will go to the Adventure mill at Redridge, near which the skeleton of a man was found in the woods Sunday by Fred Sherman, to conduct an investigation. Nothing is known as to the identity of the remains so far, but Adventure mill employees and the authorities are still of the opinion the skeleton is that of St. Germain, who was lost in the woods in the vicinity of the mill last spring.

When Sherman ran across the gruesome find he did not stop to do much investigating but made tracks from the place about as fast as he could. He merely took a good look at the skeleton before he "hiked" out. Sherman says it is not a very pleasant experience for a man hunting alone in the woods, where everything is deathly quiet, to run upon a discovery such as he made. Mr. Sherman says it makes the cold shivers run up and down one's back. Although he did not remain long in the vicinity of his find, he took enough notice of the surroundings to locate the place again, and yesterday, in company with another man, he started out to mark the location where the sheriff will have no difficulty in going there today. Sheriff Wills will likely take a coroner out with him.

BOWLING LEAGUE STANDING.

Monday evening's games played by teams of the Houghton County Bowling association resulted as follows: The Drifters defeated the Lauriums two out of three games at Laurium; the Lakes took two out of three games from the Red Jackets at Calumet, and the Calumets won two out of three games from the Harolds at Calumet. The Linden-Mitchell team, scheduled at Lake Linden, were postponed. Three games, recently won by the Calumets, have been protested, and should they be taken away from the team the Calumets will no longer stand at the head as they do now. The standing of the teams in their order in the league is as follows: Calumets, played twenty-seven games, won seventeen and lost ten; Lakes, played thirty games, won eighteen and lost twelve; Mitchells, played twenty-seven, won sixteen and lost eleven; Drifters, played thirty, won sixteen and lost fourteen; Linden, played twenty-seven, won thirteen and lost fourteen; Red Jackets, played twenty-seven, won thirteen and lost fourteen; Laurium, played thirty, won thirteen and lost seventeen; Harolds, played thirty, won eleven and lost nineteen.

FOUR GO TO PRISON.

Sentence Pronounced on Men Found Guilty in Circuit Court.

Judge Streeter, of the circuit court, discharged the jurymen Monday after thanking them very kindly for their good services. Chancery cases are now occupying the attention of the court and the final adjournment will likely not be taken until next week. Several prisoners were sentenced by the judge late Monday afternoon. The prisoners, their sentences and crimes are:

William Werner, ten years at hard labor in the branch state prison at Marquette for arson.
Samuel Powell, three years at hard labor for bigamy.
Louis Richards, ten years at hard labor for taking indecent liberties.
Dan Heureka, nine months at hard labor for larceny.
The sheriff took the prisoners to Marquette for arson.
John McLaughlin, convicted of arson, will be sentenced later.

FOOTBALL HONORS DISPUTED.

The Pine street football team of Calumet is disputing the claim of the Hancock eleven to the copper country championship and a game is wanted for Thanksgiving to settle the question. The Pine street players say they have defeated the Calumet city team and that the Hancock men have no right to claim the championship title just yet. The Pine street team charges Hancock with crawling out of a game with both of the Calumet city eleven and that the only Calumet team defeated by Hancock this season was a high school aggregation. The Pine street eleven says it has not yet been defeated and that it has just as much right to the "championship" as Hancock. It is very likely that Hancock will agree to a game before the end of the season as it has not yet taken a bluff or a back seat.

NEW TRAIN SCHEDULE.

A change in the train schedule of the Copper Range road went into effect last Sunday. The train from Houghton to Painesdale will leave daily at 2 p. m. hereafter, instead of 1:30 p. m. as before. The express from Painesdale will arrive at Houghton at 9:30 o'clock a. m. instead of 9:20. Hereafter there will be but one Sunday train from points on the lake shore branch to Houghton, arriving at 9:25 a. m., and but one leaving Houghton for Freda, at 7 p. m. The Mass City and Greenland passenger service has not been changed.

COPPERDOM BREVITIES.

The Irish Relief club, of Hancock, will give its annual ball in St. Patrick's Hall tonight.

The Royal Arch Masons of Hancock will meet this evening for the annual election of officers.

The colors chosen by the American Soo hockey team, recently organized, are green and white, the same as those of the Portage Lake seven.

Mrs. Christina Lindstrom, aged nearly ninety-two years, one of the oldest women in the state, died Sunday at Calumet at the home of her son Charles.

The Hancock Gun club will hold a blue rock shoot on its grounds west of Hancock tomorrow afternoon. Friends of members will be invited to participate.

Mrs. John Jeffrey, of Hancock, gave a "stag" dinner in honor of her husband's birthday anniversary Monday evening at their home on Quincy street.

Only a part of the new Crofton church on Seventh street at Calumet will be occupied during the winter. The edifice will not be entirely completed until spring.

Superintendent A. W. Lord, of the Quincy & Torch Lake road, is confined to his home in Hancock from an injury he sustained in his leg not long ago. The hurt did not bother him at first but blood poisoning is now feared.

The Protestant church congregations of Calumet will join in union services at the Calumet M. E. church at 8:30 o'clock Thursday morning. Rev. H. Appleton, pastor of the Red Jacket Congregational church, will deliver the sermon.

John McGeary, who shot and killed William J. Evans, at one time a resident of this region, at the Wasioke smelter at Anaconda, is now on trial for murder in Anaconda. The counsel for the defense will try to save his client on the plea of insanity.

The steamer Milwaukee, of the Western line, was a Portage Lake arrival yesterday. The steamer Rochester, of the Union line, is due tomorrow. The New York has left Buffalo for Portage Lake. All of the boats are on their last trips.

Although not enough veterans of the late war with Spain were present at the Houghton Armory to organize a branch of the Society of Saratoga last Sunday morning, the charter for the organization has been sent for. Upon its arrival another attempt at organization will be made.

for two years, Anderson having lost his case before Circuit Court Commissioner Sheldon, of Houghton, and also in the circuit court. Anderson purchased the hotel property when the estate of his father, who owned the place, was settled.

A union prayer meeting will be held in the Hancock Y. M. C. A. rooms at 9 o'clock tomorrow morning. E. L. Wright will conduct it. Union services will be held in the evening at the M. E. church. The sermon will be preached by Rev. R. M. Scott, of the Portage Lake Baptist church at Hancock.

Mrs. Jesse McCurdy of Houghton, who died at the home of her friend, Mrs. R. S. Cowden, of East Third street, Duluth, last Sunday evening, from cancer of the stomach, had been ailing for a year or more. Last week she expressed a desire to visit friends in Duluth. She had only reached Duluth Sunday morning.

During October seventy-nine deaths were reported in Houghton county. Twenty-nine were under one year of age; eleven between one and four, inclusive; and nine were sixty-five and over. Six died from tuberculosis; two from typhoid fever; eight from pneumonia; six from diarrheal diseases; four from cancer; and eleven from violence.

The funeral of Mrs. Lietze Fietel, one of Calumet's oldest and most respected residents, who died Sunday morning at the home of her daughter, Mrs. Fred Pepler, was held from the German Lutheran church yesterday afternoon. Mrs. Fietel was seventy-six years of age and had lived in the copper country for the last fifty years, first in Hancock. Seven children survive her. All but one reside in Calumet.

This week and one more will put an end to the official season of navigation on the great lakes, for at midnight Dec. 6 the insurance on vessel hulls expires, and few boats attempt to run after that. From all appearances the close this year will be a very tame one. No advanced freights are expected, and if the present mild weather continues into December the shippers will probably find no difficulty in carrying out their plans for the closing part of the season.

Friends of E. Sorensen, the Calumet fish dealer, who was struck and severely injured by a street car one day last week, have a couple of attorneys investigating the action and a damage suit may be started against the street railway people. Sorensen is suffering from concussion of the brain and his condition is serious. Some claim Sorensen was intoxicated when he was hit by the car and that it was his fault, while others claim the motorman was to blame for the accident.

The steamer Argo, which has been traded by the Booth company to the Graham & Morton line for the steamers Soo City and C. W. Moore, was a Portage Lake visitor for the last time this season and perhaps for all time yesterday. The boat unloaded considerable freight at the local docks. The Argo is a popular craft and will be missed here. She is on her way to Chicago, where she will be turned over to her new owners. The Argo was the first boat to arrive at Portage Lake last spring. She came in on April 3.

"Home and Education" will be the subject for discussion at the regular meeting of the Calumet Woman's club Friday afternoon. The quotation for the evening is "The Love that creates order, is the most powerful of all our country's pillars." The program will be as follows: Reading from "Children's Rights," Mrs. Hosking; "Modern Tendency to Individualism in the Family," Mrs. Fox; "The Disadvantages of Individualism," Mrs. Guek; reading from "The Child's Standpoint," Mrs. Faucett, and "Thoughts Pertaining to the Child."

Superintendent Kratz, of the Calumet public schools, recently received a letter from a Kansas educational committee asking him about the success of kindergarten and manual training school work in Calumet. The superintendent was surprised to be questioned in reference to the manual training work, however, as the Calumet school is as good as any in the country in that respect.

An entertainment, consisting of tableaux, singing, etc., was given by the pupils of the seventh and eighth grades of the art fund as a fund-raising party during the winter, so that next spring many pictures may be purchased. After the holidays an art exhibit will be held in Houghton for the benefit of the fund. Arrangements have been made with the Thurber company of Chicago, for an exhibit of 150 valuable pictures.

ASLEEP AMID FLAMES.

Breaking into a blazing home, some firemen lately dragged the sleeping inmates from death. Famed security, and death near. It's that way when you neglect coughs and colds. Don't do it. Dr. King's New Discovery for Consumption gives perfect protection against all Throat, Chest and Lung Troubles. Keep it near, and avoid suffering, death, and doctor's bills. A teaspoonful stops a late cough, prevents the most stubborn. Harmless and nice tasting, it's guaranteed to satisfy by Stafford, Price, 50 cents and \$1.00. Trial bottles free.

HE COULD HARDLY GET UP.

P. H. Duffy of Ashley, Ill., writes: "This is to certify that I have taken two bottles of Foley's Kidney Cure and it has helped me more than any other medicine. I tried many advertised remedies, but none of them gave me any relief. My druggist recommended Foley's Kidney Cure and it has cured me. Before commencing its use I was in such a shape that I could hardly get up when once down." People's Drug Store.

Builds up the system; puts pure, rich blood in the veins; makes men and women strong and healthy. Burslock Blood Bitters. At any drug store.

MINING NEWS

UNITED VERDE FIRE.

The fire in the United Verde mine is not yet extinguished because of a leak somewhere in the ground which prevents the carbonic dioxide gas now being pumped in the mine from rising to its top level, but in a short time it is expected that the fire will be completely smothered and the mine reopened. The fire is fought in the same manner as have been two previous ones and in the same way as the Calumet & Hecla fires have been smothered. The reason that the Anaconda does not adopt the same method in extinguishing the fire which has been burning in a part of its mine for nearly ten years is because the Butte mountain has been so opened by borings as to make the introduction of poisonous chemical gases dangerous to life underground throughout the whole district. It would require the closing of all the mines of Butte to smother the Anaconda fire with chemical gas.

ADDS \$1,500,000 TO SURPLUS.

The Calumet & Hecla is back to its old rate of \$5 quarterly dividends and the stock has declined in consequence. The company, however, is accumulating a big surplus more, having added more than a million and a half dollars to reserve during the last fiscal year. The cost of making copper, which reached nearly 11 cents per pound in 1900, has been cut down to about 7 cents, and, if absolutely necessary, can be brought down to nearly or quite 6 cents, without reducing wages. It is doubtful if there are a half dozen producers in the world that can make copper so cheaply, and there is no danger that the bonanza mine of the Lake district will be put out of business or restrained from paying substantial dividends by any vagaries of the copper market.

COPPER SITUATION.

Geo. J. Walker says in his weekly market letter: The weakness of the market appears to be due almost wholly to shattered confidence and manipulation. Consumers have been carefully educated to believe that a period of over-production and resultant declining prices is just ahead of them. They are acting on this belief and buying no more copper than their immediate needs require. Amalgamated interests are aggravating the situation by offering prices down whenever the opportunity offers; and two or three of the small independent producers, fearing a decline, are pressing their output on the market at slight concessions from going prices. The situation in London illustrates the extent to which sentiment is a factor in the copper market. During the past three or four months imports of copper into England have been on the decreasing scale, and at the same time exports from that center have steadily increased. Consumption in the meantime has had a considerable growth, and there has consequently been a most decided reduction in the visible supplies of copper there. Here are grouped all the natural conditions that make for advancing prices, but in spite of this London prices have declined. A number of the independent producers are watching the Amalgamated selling agency and making their prices correspond. They offer their copper at the same price that is quoted by the agency mentioned, and at such prices they usually find buyers. There is a feeling in some circles that the Amalgamated interests are now waiting for the independents to get sold up a few months ahead, and as soon as they see the market cleared of spot copper they will advance the price. There is little question that the Amalgamated people could easily advance the metal price if they desired to do so, and there is good reason for the belief that conditions are such that prices will soon advance whether Amalgamated interests wish it or not.

RHEUMATISM CURED IN A DAY.

"Mytic Cure" for Rheumatism and Neuralgia radically cures in one to three days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 25 cents and \$1.00. Sold by Frank Penfold and all druggists. (10-7-2m)

MINING GOSSIP.

During the remodeling of the Adventure mill, made necessary by unsatisfactory machinery, two heads will continue in commission. One head at a time will be remodeled.

F. W. Hartmann, of Houghton, a graduate of the Michigan College of Mines, has been appointed chief engineer for the Mohawk and Wolverine mines. During the past two years he has been the assistant mining engineer.

A new set of jigs is being installed at the new Quincy mill for a special purpose. The plan is to take the tailings from the launders and wash them over again. It is figured that a considerable saving can be effected by this process.

An officer of the Old Dominion mine says that while the company has been producing copper for about twenty years the mine is hardly scratched yet. Its deepest shaft is down only 800 feet, and what is of more importance the ore seems richest at depth.

Mayers' COMFORT SHOES
Made with silk goring on the sides and over the instep. All styles and grades. We recommend them to persons wishing easy wearing and comfortable shoes.
They fit like a glove and always look stylish. The elastic retains its strength until the shoe is worn out. Price from \$1.75 up.
If your dealer does not keep Mayers' shoes, write to us and we will help you get them. Look for the trade mark on the soles.

(3-3-1y.)

number from the former shaft and constituting the first lift in the latter. No stopping has yet been done at No. 5. Thirty-four power drills are in operation at this shaft.

The Boston News Bureau computes the total shrinkage in market value of nineteen copper stocks to recent quotations at \$233,802,500, to which Amalgamated contributes \$119,350,000, Calumet & Hecla \$44,500,000, Tamarack \$13,020,000, Anaconda \$11,362,500, Utah \$9,712,500, Isle Royale \$9,487,500, Quincy \$9,000,000, and Osceola \$7,250,000. If other copper shares were included—Anaconda, Parrot, Trinity and the smaller properties—the total doubtless would run close to \$300,000,000.

J. W. Bowen & Co. of Boston say: Ingot copper was about two cents lower in 1894 than in 1892, yet the dividend-paying copper stocks averaged but little lower, showing that copper share prices discounted the decline in the metal. Were ingot to go to ten cents in 1903 we think that dividend-payers would decline but little, having discounted the drop, as was the case ten years ago. Ingot has declined nearly 45 per cent from the high record of 1899, and the copper shares have suffered as much or more. Prices still show an advance over the low prices of 1894, when ingot touched 9 cents, but the great amount of money put into plants and improvement in methods, entitles stocks to some part of this advance. We conclude that the present is a time when one is justified in buying coppers; the risk of decline is slight and the reward of courage will be fine profits.

FOR A BAD COLD.

If you have a bad cold you need a good reliable medicine like Chamberlain's Cough Remedy to loosen and relieve it, and to allay the irritation and inflammation of the throat and lungs. The soothing and healing properties of this remedy and the quick cures which it effects make it a favorite everywhere. For sale by the Stafford Drug Co.

in payment of laundry work left in your care, but we strive as well for your approbation. Our aim is to wash clean, iron shirts, collars and cuffs to your liking (we mean by that, polished or domestic finish), and generally to afford you the best satisfaction at prices commensurate with good work.
Needham Bros' Laundries,
Marquette, Houghton and Ishpeming.

Since Lincoln's Time,
more than 7,000,000 Ias. Boss Stiffened Gold Watch Cases have been sold. Many of the first cases are still giving satisfactory service, proving that the Ias. Boss Case will outwear the guarantee of 15 years. These cases are recognized as the standard by all jewelers, because they know from personal observation that they will perform as guaranteed and are the most serviceable of all watch cases.

IAS. BOSS
Stiffened Gold Watch Cases

are made of two layers of solid gold with a layer of platinum metal between, all welded together into one solid sheet. The gold plating gives strength. United they form the best watch case it is possible to make. Tests on having a Ias. Boss Case. You will know it by the trademark.

"VOIGTLANDER AND I"
"Voigtlander and I, in Pursuit of Shadow Catching" is the title of a unique book which The Mining Journal has just received from the author, James F. Ryder of Cleveland, Ohio. As might be deduced from the title, Mr. Ryder is a veteran photographer, and his book is a delightful story of his fifty-two years experience with his camera. It is filled with fine illustrations by photographic half-tone cuts, worked with excellent pressmanship upon enameled paper, 262 pages, magazine size. The book contains one hundred and twelve half-tone illustrations, and is neatly bound in stiff cover, full cloth of light color, embossed in fine black. "Voigtlander and I" may be seen and procured at Bigelow & Co.'s, and likewise may be obtained from the author, 3586 Euclid avenue, Cleveland, O.
LUCK IN THIRTEEN.

By sending 13 miles Wm. Spirey, of Walton Furnace, Vt., got a box of Bucklen's Arnica Salve, that wholly cured a horrible Fever Sore on his leg. Nothing else could. Positively cures Bruises, Felons, Ulcers, Eruptions, Boils, Burns, Corns and Piles. Only 25 cents. Guaranteed by Stafford, druggist.

NOTICE TO THE PUBLIC.
On and after December 1st we, the undersigned dairymen, will deliver milk but once daily during the winter months. Respectfully yours, H. Vandenberg & Son, Anton Johnson, J. W. Rustenhoven, Christian Jensen, Mike Gueff, Gross Anderson, Claus Johnson, A. Quant, Peter Stuer, Peter Johnson, Anton Henrich. (11-25-17)

TELEGRAPHIC NEWS CONDENSED.

San Francisco, Nov. 25.—Wu Ting Fang, former Chinese minister, sailed for China today.
Lexington, Va., Nov. 25.—James E. A. Gibbs, inventor of the Wilcox and Gibbs sewing machine, died today, aged seventy-three.
San Francisco, Nov. 25.—Captain A. H. Mordant, who is credited with having made the first discovery of pay gold at Nome, died here today.
Plymouth, Eng., Nov. 25.—The steamer Deutschland, from New York, Nov. 19, arrived here today and reported having encountered terrible weather.
Grand Rapids, Mich., Nov. 25.—In a ten-round bout here tonight, Harry Griffin of Chicago knocked out Kid Lepper of Ionia, Mich., in the tenth round.
London, Nov. 25.—Colonial Secretary Chamberlain and Mrs. Chamberlain started for South Africa today amid cordial farewells from a large circle of friends.
Washington, Nov. 25.—President Roosevelt today laid before the cabinet his annual message to congress in completed form. It was sent to the printer this afternoon.
Columbus, Wis., Nov. 25.—Miss Frankie Johnson committed suicide by twisting a small cord around her neck. Her throat had become paralyzed and she feared death from starvation.
Hot Springs, Va., Nov. 25.—Thomas O'Chilree died here today of heart trouble. He had been in a sinking condition since yesterday morning and it was a surprise to his physicians that he lived until today.
Chicago, Nov. 25.—John Dillon, the Irish leader, who is ill, was taken to the Mercy hospital tonight. His illness is said to be due to over-exertion, and according to the physicians it will be several days before he can leave the hospital.
Texarkana, Ark., Nov. 25.—Lee Weigel and wife were found in their room at a hotel this evening with their throats cut. The woman was dead. A bloody razor lay on the floor near the bed. Weigel is conscious, but refuses to make a statement.
Manitowoc, Wis., Nov. 25.—Miss Frances Smith, head milliner for Schutte Brothers, was arrested today on the charge of shoplifting and pleaded guilty. In default of \$100 she was sentenced to ninety days in jail. Miss Smith came here from Chicago early in the summer.

New Haven, Conn., Nov. 25.—It was voted at a meeting of the state board of health in this city tonight that the surgeon general of the United States army be requested to call a convention of the state boards of health for the purpose of preventing the spread of the typhoid plague.
London, Nov. 25.—The British award in the boundary arbitration between Chile and Argentina consists of a compromise between the claims of the two countries. The area in dispute amounted to about 58,374 square miles. The award gives Chile about 33,531 and Argentina about 24,840 square miles.
Berlin, Nov. 25.—The Tageblatt today prints a double-leaded statement to the effect that a compromise on the tariff bills is about to be reached between the government and the agrarians; but conservative sources in formation will confirm the report and represent the situation as being as confused as ever.
New York, Nov. 25.—The North German Lloyd steamer Kaiser Wilhelm der Grosse arrived tonight from Bremen. Among the passengers were Dr. Von Holleben, German ambassador to the United States, and first lieutenant Federico de Monte Verde y Sedno, military attaché of the Spanish legation at Washington.

Washington, Nov. 25.—Secretary Root left Washington for New York this evening on receiving news of the very serious illness of Mrs. Root's father, Salem H. Wales, who has suffered a stroke of apoplexy. Mrs. Root is still in Europe with her two sons, but is expected to sail for New York not later than Saturday.
Sioux Falls, S. D., Nov. 25.—The authorities have ascertained that W. C. Gilliam of Sioux Falls, found dead at Rock Rapids a few mornings ago, was murdered. Two women, who had been arrested, charged with the crime, Gilliam when last seen was inquiring for them. In addition to a bullet hole, Gilliam's head was split open and the body was horribly mutilated.
Springfield, Ill., Nov. 25.—A young man believed to be Amos Stuart of Plymouth, Ill., died tonight under circumstances that pointed to death by poison. Before becoming unconscious he handed a bell boy a bottle, asking him to have the remaining contents analyzed, as he believed it was poisoned, though given him by a friend for whiskey. It is believed a clue has been secured to the person who gave Stuart the bottle of liquor.

"IF I COULD GET RID
of this abominable cold," exclaimed the sufferer, when the end of a span of counting gave him a chance to talk. The way out of the trouble is plain. Take Allen's Lung Balm before the merciless grip has fastened upon throat and lungs. After a few doses the cough is easier and less frequent, and a complete cure is but the question of a little time.

300 CANAL PASSAGES.

CITY BREVITIES.

Today's weather: Showers or snow flurries; stationary temperature; light to fresh variable winds.
Yesterday's temperature: 7 a. m., 29 degrees; 12 noon, 30 degrees; 7 p. m., 30 degrees; maximum, 31 degrees; minimum, 28 degrees.
Mrs. C. H. Kelsey of Houghton is here for a week's visit at her old home.
There will be a Thanksgiving service in the German Lutheran church at 10 a. m. tomorrow.
Gil Hodgkins and J. R. Hodgkins were down from Ishpeming on a business mission yesterday.
Mrs. J. W. Sparling returned yesterday from Escanaba, where she spent two weeks visiting friends and relatives.
The board of control for the upper peninsula branch of state prison met here yesterday, holding its regular monthly session.
The board of supervisors meets today. As far as is known in advance, there is no business of particular importance to be considered.
A number of townspeople went out to the branch of state prison last evening to participate in a concert for the inmates, given in the prison chapel.
The steamer Massachusetts has been chartered at Cleveland to carry a cargo of hard coal from Erie to Marquette. Seventy-five cents per ton is the freight rate.
There was a cabbage on exhibition at Delf's grocery yesterday which attracted a great deal of attention. It was a twenty-five pounder, grown by Robert Blumhuber.

The one boats to clear yesterday were the Mataoa, Continental and Holland, for Cleveland, and the Presque Isle, for Ash-cabula. The arrivals were the Griffin, Mataoa and barge No. 117.
The funeral of James Hetu will be held tomorrow morning at 9 o'clock from the French Catholic church, with interment in the Holy Cross cemetery. The Brotherhood of Railroad Trainmen will attend the obsequies.
Ed Reavey of Menominee came up Monday with Sheriff Stiles and stopped off here to visit friends while the sheriff continued on to Newberry with an insane patient. Messrs. Stiles and Reavey both returned home yesterday.

O. C. Davidson of Iron Mountain, the newly appointed member, and John Henes of Menominee were here yesterday attending a meeting of the board of control of the branch state prison. Mr. Davidson is general manager of the steel trust mines on the Menominee range.
A Paris dispatch says, "M. Rosey has just discovered the secret of perpetual youth." Too late, we've had it for years. Madison Medicine Co.'s Rocky Mountain Tea. Stafford Drug Co.

The Marquette Juniors football team will play the Champion Juniors at Cham-pion on Thanksgiving Day. They will leave on the 8:20 train and remain over for the dance in the evening. A number of rosters will accompany the boys. Special rates will be in effect on the South Shore road.
Jos. J. Wirtz, secretary of the Marquette Gold Mining & Milling company, has received a letter from W. B. Le-Veque containing good news for stock-holders. Mr. LeVeque states that the miners have opened up a three-foot vein

ABSOLUTE FAITH.
You Can Depend Upon the Word of This Marquette Citizen.

She has had the experience. She has thoroughly tested the article. She found it as represented. She has absolute faith in its merits. Mrs. Wm. Warren, 220 W. Jackson street, says: "I have a constant pain through the small of my back; at night I was very restless and could find no position to lie in that was comfortable and consequently rose in the morning feeling tired and worn out. The secretions from the kidneys were unnatural and greatly in excess. I also suffered from persistent headaches and had intense thirst, feeling as though I could not drink enough. I saw Doan's Kidney Pills recommended highly for just such troubles and I procured them from the Stafford Drug Store. The treatment promptly relieved me of the trouble."
For sale by all dealers, price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
Remember the name, Doan's, and take no substitute.

of very rich smelting ore in the 100-foot level at the Batimons shaft, and expect that the ore will get richer from now on.
Frank B. Spear left yesterday noon for Gander, N. J., where his marriage to Miss Rachel C. Reeves will be celebrated next week. Fred Schultze will go down to act as an usher, and F. B. Spear, Sr., will likewise leave for Marquette to be present at the ceremony, the latter part of this week. The Assembly at Fraternity Hall Monday evening was given in Mr. Spear's honor. It was a highly enjoyable function.
D. R. Crampton of Monroe, Mich., grand regent of the state council of the Royal Arcanum, is in the city for a day or two. He is on an inspection tour of the upper peninsula and reports the order flourishing and growing rapidly. A number of the members of McKinley council called on him at the Hotel Marquette last night and others will do so today and this evening. Mr. Crampton will be pleased to see all members of the Royal Arcanum.
A contract has been signed by the Empire Shipbuilding company of Buffalo for rebuilding the steamer C. W. Elphicke. The vessel will have a new steel deck and frames and will be the first wooden boat on the lakes to be so remodelled. The change will increase the vessel's capacity 400 tons. The same firm will also place steel decks on the steamers Pontiac and Frontenac, owned by the Cleveland Cliffs Iron company. All three vessels are well-known in this port, especially the Pontiac and Frontenac, which are regular callers for ore.
Superintendent C. E. Wilde of the Michigan Telephone company and S. Morris, superintendent of construction, both of Marquette, were in Menominee this week inspecting the cable work on Main street there and arranging to build some new lines and generally improve the wire service. The Michigan people rebuilt their Menominee system a couple of years ago at a cost of \$20,000, but since then so many new telephones have been put in that it is necessary to lay new cables on Main street and stretch other wires. The company will spend a couple of thousand dollars in the general improvement of the service.

RAILROAD MEN ATTENTION.
All members of the several railroad organizations are requested to meet at Fraternity Hall Thursday morning, Nov. 27th, at 8 o'clock for the purpose of attending in a body, the funeral of our late brother, James Hetu. (Signed.)

Mrs. Fred Vnrath,

No. 228 Territorial Street, Benton Harbor, Mich.

"I am pleased to give my experience with Wine of Cardui as I am very grateful for its help. After my first baby was born I could not seem to regain my strength, although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband came home one evening with some Wine of Cardui and I sized that I take it for a week and see what it would do for me. As he seemed to have so much faith in it I did take the medicine and was very grateful to find my strength slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."

Wine of Cardui, in re-inforcing the organs of generation, has made mothers of women who had given up hope of ever becoming mothers. Wine of Cardui will cure almost any case of barrenness except cases of organic trouble. How can you refuse to take such a remedy that promises such relief from suffering? Wine of Cardui simply makes you a strong woman, and strong, healthy women do not suffer. They look forward to motherhood with joy.

A million suffering women have found relief in Wine of Cardui.

WINE of CARDUI

Why Don't You Go, Too?

Why don't you go to California? It is not an expensive trip. It is quickly made, and it is worth making. The best way to go is, of course, via the Golden State Limited, the newest and finest train across the continent.

The second best way is in a Rock Island tourist sleeper. You make fast time; are comfortable all the way; meet pleasant people; have a porter to do your bidding, and an experienced excursion manager to relieve you of all bother about tickets and baggage.

Rock Island tourist cars leave Chicago daily for Los Angeles and San Francisco, via the El Paso-Rock Island route. The Wednesday and Friday cars are personally conducted. Tourist cars for California, via Colorado Springs and Salt Lake City, also leave Chicago Tuesdays and Thursdays. Write for folder given full information.

STAFFORD DRUG CO., Marquette.

DULUTH, SOUTH SHORE AND ATLANTIC RY.

THE KINODROME SHOW

The new Kinodrome show is the only big attraction of its kind on the coast. It carries a stock of pictures that represent an outlay of \$10,000. This is not surprising when it is understood that moving pictures cost about \$200 a hundred feet and one hundred feet is of only one minute's duration on the screen. An entire change of bill will be offered at each performance at the opera house Thursday, Friday and Saturday evenings. The prices will be ten, twenty and thirty cents.

The Metropolitan Life Insurance Company has a position open, to the right man, on a guaranteed weekly salary. The prospects for early advancement in the life insurance business ought to make openings of this kind most sought after. Parties desiring further particulars should apply at the local office in the Dundon block.

LEON TEBEAR KILLED. AFTER HARD ORE.

Wellknown Resident of Clarksburg Found Dead Near His Home.

The lifeless body of Leon Tebear of Clarksburg was found yesterday morning about one hundred feet west of the Clarksburg bridge, a few feet from the South Shore track. It is not known how he came to his death, but it is supposed that he was struck by a moving train.

Section men in the employ of the South Shore company, who were coming down from Humboldt to do some work on the track, found the body. Life had been extinct but a short time, as it was still warm.

Tebear spent the greater part of Monday at Ishpeming. He left here on the 4 o'clock train, making the trip to Humboldt with Supervisor D. H. Dalton of Humboldt township. It appears Tebear remained at Humboldt until after 7 o'clock when he started to walk home. He usually walked along the county road, but Monday night he took the track. He was very near-sighted and it was difficult for him to find his way even in the day time. In view of this, it is assumed that if a train struck him he did not see it approaching.

Mark on the Body.

Coroner William Prin was called to Clarksburg yesterday morning. He empaneled a jury and the body was examined. Two bruises, one on the hip and another on the back, were found. Neither looked as if it could have caused the man's death. It is assumed that the train struck Tebear from behind, throwing him off the track. It is possible that he was unable to get up, and that his death was largely due to exposure. Tebear had lived at Clarksburg for the past thirty-five years. He was single and lived alone on a farm adjoining a place owned by his brother, Magloire. Their places are about a quarter of a mile north of the South Shore track. The deceased was about fifty-three years of age.

SHORTER HOURS.

That is What Clerks' Union Wants—Effort to Get Next Convention Here.

Though not a labor union in the strict sense of the word and in no way connected with the Federation of Labor, the union of clerks has many of the same objects cherished by regularly organized labor. It seeks to benefit its members by giving them a shorter working day, and it has the usual fraternal features. The state organization also has a beneficiary feature. Sick members receive five dollars per week.

Besides efforts in its own behalf, the union seeks to inform the merchants who employ its members by securing agreements to uniform hours of closing and opening and by compelling the parties to observe the compact by subjecting them to fines or some discipline for disobedience.

Above the local unions there are two organizations, state and international, and each has a benefit and insurance feature. The state union is bound to the international and the local unions to the state by very loose ties. Local unions frequently have no connection with the higher bodies. In view of this, members of a local union may belong to either the state or international unions.

The Ishpeming Clerks' union has been in existence for four years. It has about 125 members. Meetings are held monthly and matters of general interest are discussed. During its lifetime it has helped to bring about several salutary reforms. It works in perfect harmony with the merchants, who realize that their interests are identical, in large measure, with those of their employees.

The state union has also been organized for four years. It holds annual conventions, usually in the summer, at a time and place determined by the executive committee. Edward Thomas was formerly vice president and is now deputy organizer. The only state officer in this peninsula. He hopes to influence the committee to select Ishpeming as the place for the next convention. All the officers are favorably inclined toward the idea. The convention would bring 75 or 100 delegates to the city.

THANKSGIVING ENTERTAINMENT.

There will be a musical and literary entertainment given at the Salvation Army hall on Thanksgiving night, Nov. 27. It will commence at 7:30 o'clock. Admission, adults 15 cents; children, 10 cents. The program will be as follows:

Opening hymn, "Crown Him Lord of All."
Prayer by Rev. C. W. Thomas.
Recitation, "Sisterly Sympathy."
W. Palmer.
Selection, "Mrs. Schumacher's String Musical Class."
Solo, "Wandering Through the City."
Miss E. Vivian.
Instrumental duet, "Cory and Thomas."
Recitation, "Sisterly Sympathy."
W. Palmer.
Selection, "Mrs. Schumacher's String Musical Class."
Solo, "Sing Oh Ye Mountains."
W. Thomas.
Recitation, "The Flooding of Wheel Owles."
J. Norris.
March, "Ring the Bells."
Band.
Duet, Selected.
Selection, "Mr. and Mrs. Hooper."
Mrs. Schumacher's String Musical Class.
Duet, Selected.
Misses S. and M. Hooper.
Solo, Selected.
Mrs. Hooper.
Selection, "Three Old Standards."
Band.
Doxology.

SINGERS WILL NOT MEET.

Delegates from the societies forming the Northern Michigan Singers' union assembled Sunday at the opera house for the purpose of deciding upon the place for holding the next convention. The union has not met for two seasons, the last gathering having been held at Hancock.

Those chiefly concerned do not express much regret over the failure to name a place for the next meeting.

GETS A CHARTER.

The Finnish Mutual Fire Insurance company is now incorporated, and will receive its charter in a week or ten days. Notice to that effect was received from Lansing yesterday. The company was recently organized and has a membership of 100, and paid in subscriptions of \$50,000.

Get a free sample of Chamberlain's Stomach and Liver Tablets at Stafford's drug store. They are easier to take and more pleasant in effect than pills. Their use is not followed by constipation as is often the case with pills. Regular size, 25 cents per box.

THE NEW KINODROME SHOW.

The new Kinodrome show is the only big attraction of its kind on the coast. It carries a stock of pictures that represent an outlay of \$10,000. This is not surprising when it is understood that moving pictures cost about \$200 a hundred feet and one hundred feet is of only one minute's duration on the screen. An entire change of bill will be offered at each performance at the opera house Thursday, Friday and Saturday evenings. The prices will be ten, twenty and thirty cents.

The Metropolitan Life Insurance Company has a position open, to the right man, on a guaranteed weekly salary. The prospects for early advancement in the life insurance business ought to make openings of this kind most sought after. Parties desiring further particulars should apply at the local office in the Dundon block.

Low prices on storm sash. Consolidated Fuel & Lumber Co. (11-11-17)

Five-pound gray blankets only \$1.30, formerly \$1.75. Great bargains. Finnish Mercantile association.

A POLICEMAN'S TESTIMONY.

J. N. Patterson, night policeman of Neshua, N. H., writes: "Last winter I had a bad cold on my lungs and tried at least a half dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." People's Drug Store.

FOOTBALL THANKSGIVING.

Lovers of football, and there are many of them in Champion, look forward to the contest between the local team and the Queen City eleven, to be played here Thanksgiving Day, with no little pleasure. The Champion team is in fairly good form in spite of the fact that it has not played a game since early in the

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for anything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Elgin, N. Y., regular fifty cent and Home of Swamp-Root, dollar sizes are sold by all good druggists.

ISHPEMING IN BRIEF.

The library will be closed all day tomorrow.

J. E. Buchholz is home after ten days on the road.

J. N. Olson goes to Menominee today to spend Thanksgiving.

Alice Clifton has taken a position as clerk at Harwood's drug store.

Captain John Sinox and wife returned to their home at Bessemer Monday.

A marriage license has been granted to Charles Brimacombe and Miss Evaline Phillips.

The Snowshoe club met Monday night at the club house, and played indoor baseball.

A. W. Myers, president of the A. W. Myers Mercantile company, leaves tonight for Milwaukee.

All the barber shops in the city will close at midnight tonight, and will not be open again till Friday morning.

The firemen's ball will be given tonight in Anderson's Hall, and not tomorrow night as previously stated.

Anitti Polimaki, 119 North Third street, and Fred Carlson, 756 Michigan street, are both happy parents of boys, born Monday.

There will be union services tomorrow at the Baptist church at 10 a. m. Rev. Stephen Polkinghorn, pastor of the First Methodist church, will preach the sermon.

John Gately & Co. have rented the vacant store building opposite the Miners' National bank and will occupy it with a stock of furniture and house furnishings.

Hensheng Sjlander, a diamond drill operator, came here Monday from Ironwood and will take up his residence here. His parents lived here and this was his boyhood home.

A special train will leave here for Escanaba tonight at 7:15 for the benefit of those who will attend the ball given by the Brotherhood of Locomotive Engineers. Tickets cost \$1 per couple and they entitle the holder to free transportation.

SOMETHING FOR NOTHING.

If any of our readers are troubled with constipation, biliousness, sick headache or indigestion cut out this notice, and present it at the People's Drug Store and they will supply you with a sample bottle of Re-Go Tonic Laxative Syrup free. Re-Go is a sure cure for these diseases.

Champion.

TOOK WRONG TRAIN.

Three Local Teachers Started for Ishpeming and Landed in Michigan.

Three of Champion's popular school teachers had no little difficulty explaining how they happened to take a train for Michigan, when they intended going to Ishpeming. Some of their friends have made so much of their little error, that they actually charge the girls with forgetfulness. However, it is not difficult to make a mistake of this kind, as the two trains met here in the morning. There is no little switching done and one can easily become confused.

The teachers did not discover their mistake until the conductor came along for their tickets. He knew the girls, and when he laughed and told them they were on the wrong train they would not believe him. When they came in view of Read & Co.'s saw mill they knew that the conductor was not joking.

The girls had nearly three hours to spend at Michigan. They were not acquainted in the town, so they spent most of the time at the station. The minutes passed so slowly that they went up town and purchased a pack of cards and returned to the depot, where they played "old maid."

They went on to Ishpeming on the noon train. Realizing that their friends at home would have the laugh on them, they resolved to keep the matter to themselves. The next time the conductor came to town, however, he gave the "snap" away at the station.

THERE'S MANY A SLIP ON THE ICE OR WET GROUND AT THIS TIME OF YEAR, and many a sore spot in consequence. No amount of caution will guarantee you against accident. That is why we keep Perry Davis' Pain-Expeller ready to relieve you of sore, bruised, or aching muscles. It has given relief to two generations. There is but one Pain-Expeller, Perry Davis'.

Young men support themselves while learning a profession. How? See or write International Correspondence school. T. F. Price, Manager. (11-14-1m)

Dress goods, former price \$1.65, now \$1.15. Other goods in proportion. Finnish Mercantile association.

ANXIOUS MOMENTS.

Some of the most anxious hours of a mother's life are those when the little ones of the household have the croup. There is no other medicine so effective in this terrible malady as Foley's Honey and Tar. It is a household favorite for throat and lung troubles, and as it contains no opiates or other poisons, it can be safely given. People's Drug Store.

EVERYTHING...

Sauces, Relishes, Pickles, Olives, Preserves, Jams, Nuts, Raisins, Fresh Fruits and Fresh Vegetables.

In fact, everything in Table Delicacies found in our stock.

SWEET-CIDER, POP CORN.
FRESH OYSTERS, SWEET CREAM.

J. SELLWOOD & CO.

TRIMMED HATS CHEAP

All this season's Trimmed Hats, including many Pattern Hats, going for LESS THAN COST.

MRS. I. LALLERSTEDT.

OLD RESIDENT LEAVES.

Antoine Rivard and family left Monday for Bessemer, where they will reside permanently. Mr. Rivard was one of the Champion Iron company's oldest hands. He had been here for something like thirty years. For some time past he had had charge of the surface work. He takes a similar position at the mine where Grant Barber, formerly of this place, is superintendent. Mr. Rivard is succeeded here by Charles Carter, who held a position in the office prior to a few months ago.

THANKSGIVING BALL.

Members of the local lodge of the Ancient Order of United Workmen expect a large attendance at their sixteenth annual ball, which takes place Thanksgiving night at the town hall. The Calumet & Hecla orchestra will furnish music and will be a drawing card. Tickets are \$1 per couple. Supper will be served in the hall by ladies of the Degree of Honor, the auxiliary which was organized here a few weeks ago.

CHAMPION CHIPS.

A. J. Rich will attend the circuit court as a juror next month.

Frank Dine, late of Lake Linden, has taken a position as clerk at the Champion Co-operative store.

B. R. DeLorimer and wife are happy over the arrival of a son at their home. The little stranger came Monday morning.

Charles Danielson was recently transferred from this village to Chassel, where he takes the agency for the South Shore company.

Louis Cardinal, who is working for the Chicago & Northwestern Railway company at Loretta, spent Sunday with his folks here.

Turkeys are selling for sixteen cents per pound in Champion. At most places in the county they bring eighteen. Turkeys are not as plentiful this year as they were last.

John Strickman, who has been in the employ of Levine & Davidson for the past few months, has returned to Chicago, where he takes a place clerking in a dry goods store.

The Detroit men who spent the past couple of weeks out from here hunting deer, returned home the latter part of last week. They shot a few deer, but they did not get as many as they expected.

Andrew Wiseman's baby boy, aged eight months, died Saturday morning last, bronchitis being the cause of death. The funeral was held Sunday afternoon. Andrew Anderson buried an infant at the same time, both funerals taking place together.

J. C. McMillan, who calls himself the Milwaukee "Cuckoo" country's "third man," was a visitor in Champion Saturday. He intended leaving on the morning train for the copper country, but failed to make connections. He went to Ishpeming and took in the football game. He received such a big order from R. B. Thomas that he could afford to lay over an extra day.

MICHIGAN COLLEGE OF MINES.

An Engineering School with unique location, giving it unusual facilities. New Mining, Engineering and Hydraulic Building, also Chemical and Metallurgical Building. Free. For full term, 1922. For catalogue giving list of graduates and their occupations, address F. W. McNAIR, President, Houghton, Mich. (7-12-17)

Burlington Route

Dining Cars a la Carte

Our Dining Cars, operated on the European plan, afford service of the highest character, and have an international reputation.

Mr. S. S. McClure, of "McClure's Magazine" writes: "I have traveled on most roads in Europe and America, and have dined on such as have restaurant cars. I would rather dine on a Burlington Route dining car than on any other I know of in the world."

These cars are beautifully decorated, lighted by electricity and ventilated by electric fans. The tableware was made to order for the Burlington Route. Fresh flowers are always on the tables. Close attention is paid to every detail of the service.

THEY WANT THAT GAME.

Breitung House Team Would Like to Meet Marquette Hotel Men.

Immediately after they put the Nelson House players to sleep last Tuesday night the Breitung House began to look about for other foes to conquer and Manager Seass sent a challenge to the Marquette Hotel men. The Breitung House picked a team from both houses on any terms they wanted, providing only that all players should be connected with the hotels as employees or boarders. No answer has been received to the challenge and the players here think that the Marquette people are afraid they will meet the same fate as the crowd from the Nelson House that drifted over, expecting to do big things, only to go away disappointed.

The Queen City sent their Maccabee team here a few weeks ago and the business men's team was astounded by the expert exhibition given by the visitors. The Breitung players only want to meet those who are in their class, hence they do not look to the Maccabee team for a game. However, they think their latest challenge at least deserves an answer. If the Marquette people have a dread of being defeated, the Breitung House nine will seek other games.

More Indoor Baseball.

The hotel people and the business men have demonstrated their skill at indoor baseball, and now a city team has been organized that stands ready to play them all. Their challenge to the business men has been accepted, and a game will be played Friday night. The following is the line-up of the newest team: Joseph LaCombe, catcher; Geo. Reichel, pitcher and left field; Thomas Dyer, first base; Joseph Pengelley, second base; Frank Beyer, third base; James Roberts, right short; William Kraus, left short; E. Roberts, right field; A. Dyer, pitcher and left field.

GRAND REGENT HERE.

R. D. Crampton, of Monroe, state grand regent of the Royal Arcanum, was here Monday and addressed members of the local lodge at the parlors of the Breitung House. Mr. Crampton enjoys the distinction of being the only grand regent elected four years in succession. He explained the plan of his state lodge to establish hospitals in the large cities at which members of the order will receive free treatment. This plan has been tried in the eastern states and has worked very successfully.

The local lodge has a membership of nearly sixty, and is in a flourishing condition. It met last night and made further arrangements for a projected stag party. Each member will have the privilege of inviting a gentleman friend.

FALSE RUMOR.

Those who thought their coal supply would be forthcoming this week have been previous in their expectations, for a local coal dealer offers no encouragement. They say they have not heard of any being shipped and will not know when to expect their supply until the vessels laden with the anthracite reach Marquette. So the rumors that have gained currency during the past few days that coal would be here this week are false and misleading.

ELECTED OFFICERS.

The English Oak Lodge, Sons of St. George, met Monday evening and elected officers. The following is the list: W. J. Thomas, junior past president; John J. Sinek, worthy past president; John worthy vice president; Ernest Oates, worthy secretary; Anthony Richards, worthy assistant secretary; John D. Stevens, worthy treasurer; Bert Turran, worthy messenger; Eli Dave, trustee.

LOCAL LAONICS.

A. A. Brotherton and J. F. Carey, both from Escanaba, were here yesterday.

John Peterson came back Monday night from a six months' visit to his old home in Finland.

Three sisters of L. H. Stanley are here from Chicago, having been summoned on account of the serious illness of Mr. Stanley.

Robert Jackson, Jr., Miss Mabel Jackson, Jack Murray, the Misses Grace and Anna Murray, Louise Tourville and William McClelland have all returned from their trip to Sands.

A surprise party was held Monday night in honor of Rev. A. E. Monell at the pastor's residence. A large number were present, including Rev. Isaacson of Ishpeming. Before leaving, the guests presented Mr. Monell with a purse of money.

Mrs. J. B. Maas and son, Arthur, started yesterday morning for their trip to Europe. They will spend a short time in Montreal, and will proceed from there to Boston, whence they will sail on the Dominion line steamship "New England" on Dec. 6. Mrs. Joseph Winter and daughter, Miss Francis, will leave soon by way of Chicago. They will meet Mrs. Maas and her son at Boston and will sail with them.

WANTED.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of Indigestion, Dyspepsia and Liver Troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual costiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced. At the Stafford Drug Co.

G. G. GREEN, Woodbury, N. J.
Low prices on storm sash. Consolidated Fuel & Lumber Co. (11-11-11)

An Ideal Woman's Medicine.

So says Mrs. Josie Irwin, of 325 So. College St., Nashville, Tenn., of Lydia E. Pinkham's Vegetable Compound.

Never in the history of medicine has the demand for one particular remedy for female diseases equalled that attained by Lydia E. Pinkham's Vegetable Compound, and never during the lifetime of this wonderful medicine has the demand for it been so great as it is to-day.

From the Atlantic to the Pacific, and throughout the length and breadth of this great continent come the glad tidings of woman's sufferings relieved by it, and thousands upon thousands of letters are pouring in from grateful women saying that it will and positively does cure the worst forms of female complaints.

Mrs. Pinkham invites all women who are puzzled about their health to write her at Lynn, Mass., for advice. Such correspondence is seen by women only, and no charge is made.

propositions. The contract will be awarded before the first of December, and the work started immediately, it is believed. The question of a site will be settled in a few days.

Frank Manning of Troy, N. Y., was seriously injured on the D. S. & A. railroad a few days since. He had been working at the Peninsula Park & Lumber company's camp No. 2 at Munising. Thinking he could get better wages at the Soo he attempted to steal a ride to that city and climbed onto the trucks under the passenger coach. In time the man lost his balance and fell onto the track. The wheels passed over his left leg just above the ankle, almost severing the leg. He was picked up and brought to the Soo general hospital, where an operation was found necessary and the foot and ankle were amputated.

Alderman P. M. Peterson of Escanaba is enthusiastic over his proposed plan to bond the city for the purpose of constructing streets, and as president pro tem of the council will call a meeting of the business people early in December for the purpose of discussing the plan and ascertaining their views on the question. Mr. Peterson thinks \$150,000 necessary to carry out the work as proposed, and is firm in his belief that fully 50 per cent can be saved over the present method of street building. For this sum the city would issue serial bonds in denomination of \$5,000 each, one issue to be taken up annually, the whole covering a period of thirty years. The principal or \$5,000 bond, and interest would mean only \$11,000 each year, and Escanaba would have good streets.

The Lindsay Bros. company has purchased from the Kirby-Carpenter company all of the lumber piling driven into the ground more than twenty years ago to serve as a foundation for the company's mills at Menominee. Some of the piling was put down thirty years ago, and what is considered remarkable is the excellent condition in which it is yet preserved. Most of this piling is nearly as sound as it was on the day that it was driven into the ground. A feature of this purchase, which is worthy of more than passing notice, is that, owing to the current price of cedar of the grade of this piling, the material is now worth more than it was on the day it was put in place. Several hundred pieces of this piling will be taken out of the ground and converted into shingles and other manufactured products. The Kirby-Carpenter company has now disposed of nearly every vestige of machinery and most of it has been removed and shipped away.

Private Herman Ehlert, who was recently tried by court-martial at Fort Brady for desertion, has been sentenced to two years' imprisonment. Ehlert was twice a fugitive from the United States army. Early in the spring he deserted the army and married a young Soo girl. The two were living in a camp some distance up the D. S. & A. railroad when he was captured and brought back to the post. In August he made his escape from the guard house and crossed the river to the land of King Edward. Thinking he would not be seen he ventured to the American Soo under cover of darkness, but as luck would have it an old comrade of his from the post was on the police force and apprehended him. He was placed under arrest and turned over to the military authorities and was later tried by court-martial, with the above result. Under ordinary circumstances the prisoner would spend his sentence in Fort Sheridan, but as the military prison at that post is taxed to the limit of its capacity, Ehlert will spend his sentence at the Soo, and will therefore be confined to the guard house at Fort Brady.

The Girard Lumber company is another Menominee manufacturing concern which will continue operations during the winter. Work for the summer and fall season was suspended last week and the plant will remain idle until about the first of the year. Repairs will be made and the mill put in condition for the winter's work. Hardwood and pine lumber will be cut and there will be plenty of logs to stock the mill for several months. The company has finished one of the most successful seasons' work since it has operated in Menominee.

For the above occasion the D. S. S. & A. Ry. will sell tickets to Chicago, Ill., and return at rate of single fare plus \$2.00 for the round trip.

Tickets will be on sale Dec. 1st, 2nd and 3rd and will be good for return passage up to and including the night trains leaving Chicago, Dec. 8th, 1902.

For further particulars apply to station and ticket agents, or to
GEO. W. HIBBARD,
Gen. Pass. Agent.

Upper Peninsula.

Dr. J. F. Deadman of the Soo is a marvel to the tenderfoot hunters from northern Michigan. Even if he only has one leg and one eye, he shot two deer this fall, notwithstanding the fact that it is an off year.

Charles Hursley, foreman of the Weitzel lock at the Soo, has received a goat from Chicago, a mate for the one he already had. He will train them to the harness and use them on a sleigh in place of dogs this winter.

Hermansville has a new play house, which is to be opened soon. It is a frame structure, which cost several thousand dollars, and is an adornment to that thriving village. The main floor is 60 by 20 feet. The main auditorium is on the first floor, and on the floor above a hall has been fitted out for the use of societies.

To kill two deer with one charge of buckshot was the good fortune of Grant Chamberlain of Ontonagon a few days ago. While out hunting he espied a couple of two-year-olds standing close together. He blazed away at one of them and to his surprise both of them dropped to the ground dead. Mr. Chamberlain has killed a good many deer, but this was the first time he ever brought them down in pairs.

While in Chicago recently George Gallup of Escanaba settled with the Chicago & Northwestern Railway company in the case of Mrs. George Greene, whose husband, a well-known engineer, was killed by a train on the city line operated by that company. Legal proceedings had not been instituted by Mrs. Greene, her attorney preferring to adjust the matter out of the courts, which he did by accepting \$3,000.

At Ironwood, the various mining companies will this year pay the following taxes: Cleveland-Chiefs Iron company, \$18,825; Newport Mining company, \$5,631; and the Oliver Iron Mining company, \$79,749. The latter sum is apportioned to the company's mines as follows: Norrie, \$14,728; East Norrie, \$23,114; Aurora, \$13,854; and Palst, \$8,507, with \$19,345 as the personal tax. The total tax of the mining companies is \$101,206.24.

A couple of days ago an unknown man stole a couple of old shoes from in front of an Escanaba store. Later he returned for the mate of one of them. He represented to John Peterson, the proprietor, that he had a friend in camp who had suffered the misfortune to lose a limb some years previous and he had authorized him to purchase a single shoe for the remaining pedal appendage. The shoe dealer soon struck a bargain with the fellow, got his coin, and discovered, when too late, that he had been bucconed.

A good deal of rivalry has existed between the east and west sections of Iron county as to which has the best shot. Accordingly a match has been arranged for Thanksgiving Day at Stambaugh between George Premo of Amasa, who will defend the honors of the east side, and Wm. Kelly of Iron River, who will try and demonstrate that the west side holds the winning hand when it comes to shooting. Both men are good shots and the score will undoubtedly be close. Fifty birds will be shot at, twenty-five with the gun at the hip and twenty-five at the shoulder. The purse is \$100.

The proposed beet sugar factory at Menominee will have a capacity of about 700 barrels a day. To establish such a plant will mean the expenditure of over \$500,000. All of this amount has been raised and the organization of the company and the awarding of the contract are all that remain to be completed. The contract to build and equip the plant will be awarded to some company. There are several large manufacturing concerns in the country which make a specialty of building and equipping the sugar best plants. Agents of a number of these have visited Menominee to make their

PRESCRIPTIONS Carefully Compounded

This is an old familiar saying; in fact, it is so old that some druggists have forgotten what it means. We have not. We believe it is the most important thing in our business. We not only do it carefully, but we do it quickly.

REX POROUS PLASTERS
For aches and pains of all humankind

A Porous Plaster that is once identified by the name of REX needs no further evidence of reliability. It is a positive and quick cure for coughs, colds, aches and pains.

MASONS LAID OFF

NO MORE CUT STONE WORK AT COURT HOUSE THIS WINTER.

VAULTS TO BE COMPLETED

BIG DERRICKS WILL BE MOUNTED SQUARELY ON THEIR TOP.

Lack of Brick Has Caused Temporary Suspension, but Additional Supply Is Already On Order.

Delay in the receipt of material, that hampers all contractors, is now causing the Northern Construction company some annoyance at the new court house.

Work was suspended at the court house site yesterday. The force of bricklayers was laid off until more brick should be received.

It is the intention, however, to push the brick work on the vaults to completion as fast as the weather and the receipt of the necessary brick will permit.

It was originally planned to carry the vaults up only to the water table line this fall, but in accordance with the intention of completing them they are to be raised an additional sixteen feet.

Will Raise Derricks on Them.

This is being done as a result of a change in the plan for installing the big twin derrick which will handle all the heavy stone that is to go into the building's walls.

The advantages of this latter arrangement are manifest. Once the derrick is installed in this commanding position, they will not have to be moved, as from such a height and such a central location they can reach all parts of the walls.

As soon as the vaults are completed the erection of the derrick will be commenced, that is if the lumber ordered from the west is here by that time. It has now been on the road for a couple of weeks, and should be received in good season.

Contractor Sinclair, who is getting out this stone, is working a force of men for that purpose at the South Marquette quarry buildings. They will be kept busy all through the winter and once the delivery is started in the spring there will be no interruption of the supply.

Although the masons who were employed on the walls have been let go, there will be more or less work at the court house site before spring.

The contractors have every reason to feel gratified at their progress to date. Favored by good weather, they have worked to excellent advantage.

STORM SASH.

Now is the time to order. F. W. Read & Co.

REMEMBERED THE EX-DEPUTY.

Prison Inmates Present Mr. Mosher With a Handsome Gold Watch.

A very pretty musical entertainment in the chapel of the branch prison last evening served as a clock for a pleasant surprise to ex-Deputy Warden Mosher.

The entertainment was made the occasion of securing the presence of Mr. Mosher, who was invited to attend it. After an opening number by the prison orchestra, which acquitted itself very creditably, and several vocal selections by members of the cathedral choir and young ladies of the city who kindly assisted, one of the men took the platform and, ingeniously calling Mr. Mosher to a place beside him, presented the watch in a very neat address, in which he alluded to the grateful feeling of the men which found expression in the gift made the popular ex-officer.

Mr. Mosher was taken quite by surprise, but managed to respond in what he afterward confessed was "the longest speech he had ever made." It was certainly full of feeling and evidenced that the recipient of the handsome gift appreciated the gratitude of the donors.

The whole affair was very pleasing to the inmates and others who were present, and the action of the men in thus remembering Mr. Mosher was very much to their credit.

LIGHT INFANTRY BALL.

It Will Be Held in the Casino This Evening.

The Marquette Light Infantry will hold its Thanksgiving ball in the Casino this evening, and it is expected that the attendance will be unusually large.

The Light Infantry does not do things by halves, and the members hope that this evening's affair will sustain their reputation for being royal entertainers.

The national colors, in flags and bunting, figure most prominently, and thousands of yards of the former have been draped.

The committees will put the finishing touches on their work today, and the members say that the old Casino will never have looked better than it will tonight when the dancers are ready to take possession.

One of the attractive features of the ball will be an exhibition drill by the infantry. It will be held just previous to the opening of the dance. The company will exhibit some new tactics.

FIRE LAST EVENING.

Fire in the house at 220 W. Crescent street, owned by Mrs. Michael Gueff and occupied by Mrs. Pauline Cassin, gave Morse Hose company a little over an hour's work last evening. The alarm was turned in about 7:15 o'clock.

The Madison Medicine Co. owns the exclusive right to manufacture Rocky Mountain Tea. Tea sold which is not made by us is a deception. Never sold in bulk. Always packages at 35c. Stafford Drug Co.

AND STILL ANOTHER

HUNTING FATALITY OCCURRED NEAR NEWBERRY MONDAY.

JOHN MCCORMICK THE VICTIM

PROMINENT CITIZEN AND EX-SHERIFF OF GLADWIN.

Burt Ensign, His Slayer, a Dear Friend—Shooting Accidental, as Latter Had Fired Upon a Deer.

Meager details of another hunting fatality were received here yesterday, and again the victim is a lower Michigan man who journeyed north of the straits in quest of deer without, probably, the remotest idea that his death was decreed.

The accident occurred some time Monday, some distance out from Newberry, where the lower Michigan men had been hunting for some days.

McCormick happened to be in the line of his bullet, concealed by the brush, and fell mortally wounded.

The remains were taken in to Newberry and prepared for burial. They were shipped to McCormick's home in Gladwin county yesterday.

It appears that there was some circumstance in connection with the shooting that must have aroused suspicion that it might not have been accidental, as Ensign was taken in charge by the authorities and held for a short time. However, he was released on receipt of a telegram from McCormick's brother advising that he be let go and stating that the deceased and he were great friends.

SHOT A HOUND.

It Was the Old Story of "Thought It Was a Deer."

A Marquette nimrod performed a queer "stunt" on the road leading to Negau Sunday, when he shot the foot of a hound owned by the Rubleins. The shooting was done in front of the Rubleins place, some five miles out of the city, in broad daylight, the hour being about nine in the morning.

The hound's injury was one that would render it helpless and useless, the hunter did the best thing to be done under the circumstances— took the dog to one side and put it out of misery. If the hound had been a man, or if the hunter had not been discouraged from further hunting by his mischance, there might be another fatality to add to the already too long list.

You needn't keep on feeling distressed after eating, nor belching, nor experiencing nausea between meals. Hood's Sarsaparilla cures dyspepsia—it strengthens the stomach and other digestive organs for the proper performance of their functions. Take Hood's.

There is no cough medicine so popular as Foley's Honey and Tar. It contains no opiates or poisons and never fails to cure. People's Drug Store.

THANKSGIVING CHEER.

Rev. J. M. Rogers Seeks Aid in Dispensing It.

This afternoon the Presbyterian church will be open for the receipt of clothes and provisions donated by people who may desire to help gladden some destitute homes on Thanksgiving day.

For the past two years there has been little organized work done in the provision of Thanksgiving dinners for the poor, and Mr. Rogers should receive generous assistance.

This distribution used to be looked after by the schools, and it was always a big annual event, but the practice seems to have fallen into disuse since the old high school building went up in smoke, a fact probably due to the high school's disorganized existence in the city hall, it having always been the leader in the work.

GRACIOUS RECOGNITION.

Duluth Paper Comments on Mr. Fitch's Elevation to Presidency.

Says the Duluth News-Tribune of Mr. Fitch's elevation to the presidency of the South Shore road.

"Announcement that W. F. Fitch has been elected president of the Duluth, South Shore & Atlantic road has occasioned much interest in railroad circles at the head of the lakes.

"Mr. Fitch has held the title of second vice president and general manager, and in that capacity he has been virtually at the head of the road all the time. The former president, General Samuel Thomas, and the board of directors, appear to have had the utmost confidence in Mr. Fitch's judgment, and have relied on him to a greater extent than a railroad company usually does on a general manager."

"His election as president is regarded as a very gracious recognition of his valuable services to the South Shore road. Mr. Fitch is described by a railroad man, who knows him intimately, as a big railroad man running a not very big road. He is a man of action and quick judgment. It is said that he can transact more business in two hours than most men can in a day."

"Mr. Fitch is one of the most popular railroad men in the West, and he has a very large number of Duluth friends who will be extending their congratulations to him on account of his selection to the presidency of the road."

NOTICE TO FRENCH MACCABEES.

Members of Pere Marquette tent, No. 758, K. O. T. M., are requested to meet at Fraternity Hall at 8 o'clock Thursday morning for the purpose of attending the funeral of our late brother, James Hetu. By order (11-26-02) CHARLES SENECAI, Commander.

DISSOLUTION NOTICE.
