Marquette, Michigan

KAISER HITS OUT

SCORES SOCIALISTS IN A VIGOROUS ADDRESS AT ESSEN.

THERE TO ATTEND KRUPP'S FUNERAL

PAYS WITH MANY THOUSANDS A TRIBUTE TO THE DEAD.

Declares Later in Speech to Workmen That the Newspaper Attack Which Caused the Fatal Stroke Was Nothing Less Than Murder.

Essen, Prussia, Nov. 26.—The presence of Emperor William at Herr Krupp's funeral today was designed by his majesty to show his absolute disbelief of the accusations that caused the gun-maker's death. A statement to this effect the emperor was indignant at the cruelty and malice of the Socialists' charges. About 24,000 of Krupp's workmen were present at the funeral and the city was hung with crepe. As the remains were lowered into the grave, the emperor saluted and the workmen's chorus chanted a requiem. After the burial the emperor talked with Rev. Dr. Klingemann, expressing the hope that Herr Krupp's benevolent enterprises would continue. One end of the coffin of the deceased father, where the body was laid in state, was removed in order to admit the large metallic coffin. Flowers in great profusion were piled around. At the head of the coffin was Emperor William's wreath of orchids, violets and palms.

Vigorous Address by Emperor. Before departing for Berlin, the emperor addressed the directors of the Krupp plant and a deputation of workmen at the railway station. His majesty expressed great regret at the death of Herr Krupp, and said: "Certain special circumstances which attended the sad event also impelled me, as supreme head of the empire, to be present here in order to hold the shield of the German emperor over the house and memory of the dead." Speaking of Herr Krupp's sensitive nature, the emperor said: "He has been a victim of his unassailable integrity. A deed has been done in German lands so base and mean that it makes all hearts shudder and must have brought to the cheek of every German patriot a blush of shame at the disgrace cast upon our whole nation."

The man who was German to the core, who lived always only for others and for the welfare of the fatherland and, above all, for his own workmen, had his honor assailed. This deed, with its consequences, is nothing less than murder. There is no difference between him who mixes and presents a poisonous draught to another and him who, from the safe shelter of his editorial sanctum, with the poisoned darts of his slanders, robs his fellow man of his honorable name and kills him by the mental torture he inflicts. Unworthy of the Name of Germans. "Who were they that committed this shameful act upon our friend? Men who hitherto had passed as Germans, but are now unworthy of this name. Men sprung from that class of labor population which owes so infinitely much to Herr Krupp and of which class thousands today in the streets of Essen bowed their last farewell with weeping eyes to the coffin of their benefactor."

Turning to the workmen, emperor said: "The men who want to be leaders of the German workers have robbed you of your dear master. It lies with you to defend and preserve the honor of your master and shield his memory from defamation. I am confident you will find a right way to demonstrate clearly and tangibly to the German working world that in the future it will be out of the question for honest, honor-loving German workmen, whose escutcheon has been stained, to hold any community or relationship with the authors of this shameful deed. He who does not cut himself off from these people will morally bring a certain measure of this guilt upon his own head. I am confident that the German workmen are fully imbued with a sense of the gravity of the present moment and that as German men they will find a solution for this serious question."

SILVER AGAIN DEPRECIATES. Mexican Currency Dollar Now Worth Only Thirty-Five Cents.

City of Mexico, Nov. 26.—The premium on New York exchange continues to advance and today is 185—that is, \$2.85 Mexican silver is required to buy one American gold dollar. The large farmers in the interior and planters throughout the country say they do not care if the dollar falls to 30 cents, as only the city merchants and importers want gold. They urge that the depreciated silver keeps the dollars in the country and makes business good.

Importers take another view and are generally refusing to make prices on machinery, supplies, etc., except in gold. Bankers realize that payments coming due will be made in dollars worth considerably less than when the money was loaned. The government has the matter under advisement and advises regarding the adoption of a gold standard from Europe and the United States are being constantly received. The country is undeniably prosperous and there is a natural hesitancy in taking radical measures, which might give business a set-back.

PRESIDENT BAER ARRAIGNED.

Operators Denounced by Miners' Counsel for Calling Off Peace Plan.

Seranton, Pa., Nov. 26.—The attorneys representing the miners issued a statement today regarding the calling off of the negotiations for an amicable adjustment of the strike controversy. They declare that the operators, after being seen by Attorney MacVeagh last Thursday, agreed to a tentative plan of settlement out of court. Attention is called to the fact that President Baer, of the Reading company, signed the telegram to Judge Gray signing the proposed amicable adjustment was agreeable to the operators and that Baer also signed the telegram to MacVeagh yesterday in which the operators said they did not wish to subscribe to the amicable adjustment plan.

The attorneys say, in conclusion: "We can see no reasons for the expression of any opinion; the facts speak for themselves. We have been ready at all times to consult with any one interested and make any reasonable adjustment, but we have no anxiety over the case whatever, or its results, and shall be ready for business when the commission meets."

The independent operators say it did not require much argument to bring the cool head presidents to their way of thinking. President Mitchell and several other union officers who are here to attend the commission's hearings spent the afternoon in conference as to the details of the evidence to be presented when the commission reassembles.

TRAIN WRECKED AT A CURVE.

Overturned Stove Fires the Debris and Several Persons Are Badly Burned.

Greenville, Ills., Nov. 26.—While rounding a curve east of Ayres at high speed today, a Jacksonville & St. Louis passenger train plunged over a thirty-foot embankment. Ten persons were injured, two of whom may die. The injured are: George Enloe, Jesse Williams, Greenville; Clyde Meltsken, F. E. Chapman, Guy O'Hara, Callie Jones, Corinto; R. Sturtenhoffer, Tamlaico; Thomas F. Boyd, brakeman, Litchfield; H. M. Jackson, Litchfield; James Carter, conductor, Jacksonville. An overturned stove ignited the debris and several passengers were severely burned. Conductor Carter and Clyde Meltsken may die. It is believed a truck broke as the curve was rounded.

MUCH BITTERNESS IN HAVANA.

Outcome of the Strike Threatens Serious Political Complications.

Havana, Nov. 26.—With the exception of the cigar makers, all the strikers returned to work this morning and business generally has resumed its normal condition. There is much bitterness toward the motomen, who refused to join the strike, and the streets through which the cars run are patrolled by rural guards. La Discusion, organ of the administration, blames the mayor and Secretary Tamayo for the bloodshed. The resignation of Tamayo threatens political complications. The National party controls the house by its recent coalition with the Radicals, and will vigorously oppose Palma if Tamayo is discredited.

ACCUSED OF ATTEMPTED BRIBERY.

Ex-Senator Holbrook Is Brought Back to Lansing from Mexico.

Lansing, Mich., Nov. 26.—John Holbrook, former state senator and deputy labor commissioner, who is charged with attempting to bribe one of the taxmen called for the trial of Eli R. Sutton of Detroit on the charge of complicity in the state military clothing frauds, arrived here today from Missouri in the custody of an officer. He gave bail in the sum of \$2,000. His examination was set for Friday.

CLAIMS A MILLION-DOLLAR FEE.

New York, Nov. 26.—Justice Fitzgerald, of the supreme court, today issued an attachment for a million dollars against the property in this city of the International Power company, a New Jersey corporation. The attachment is on the suit of John F. Plummer, an alleged breach of contract. Plummer asserted that through his efforts the American Locomotive Works company was formed; that he had engineered the financing of the company and believed himself entitled to a million dollars for his services. The company denies the allegations.

ARMY POST AT M'KINLEY'S TOMB.

Canton, O., Nov. 26.—Major Miller, United States Army, quartermaster of the department of the Lakes, is here to investigate the matter of increasing the guard at the temporary tomb of the late President McKinley. It is expected that the garrison will be put on the basis of an army post. The hospital and dispensary facilities are to be increased and a new site selected to accommodate sixty-five men.

ROOSEVELT'S BIG TURKEY.

Washington, Nov. 26.—The feature of President Roosevelt's Thanksgiving dinner menu will be a thirty-two-pound, chestnut fed turkey, which reached the White House last night. It was sent by Horace Vase of Westerley, R. I., who for a quarter of a century has supplied a fine turkey for the Thanksgiving dinner of the president of the United States.

ODESSA MUSEUM DESTROYED.

Odessa, Russia, Nov. 26.—A watchman at the museum of the University of Odessa today set fire to the building and committed suicide by hanging himself. The edifice, containing a very valuable collection, was destroyed.

GREAT GAME TODAY

MICHIGAN AND MINNESOTA TO BATTLE FOR SUPREMACY.

BOTH TEAMS IN FINE FETTLE

YOST IS CONFIDENT AND ODDS ON WOLVERINES ARE 10 TO 6.

Some Disappointment at Ann Arbor That Fullback Jones, Who Is Ill, Will Not Participate—A Prospect of a Contest With Yale.

Ann Arbor, Mich., Nov. 26.—Coach Williams and the Minnesota football team arrived this evening. It is predicted that the Gophers will average 200 pounds, although Dr. Williams said tonight that the line-up would not be finally settled until tomorrow. "The best team will win," said Yost, Michigan's coach, tonight. "There will be no 'ifs' about it. We will do the best we can and if beaten will not say it was due to any lack of men. Of course, we hope to win."

Coach Williams stood guard at the dining room door when the men came out from supper, and he sent the Minnesota players directly to their rooms. "We did not come here for nothing," said Dr. Williams. "Our men are in splendid form, and that means a good deal. Every man who will go into the battle is as sound as a bullet, and if we don't win it will be because the Michigan men are the better players."

Jones Unable to Play. Great disappointment is felt among Michigan's supporters owing to Jones' inability to play full back. He is laid up with water on the knee and will not even be able to witness the game, but Graver, who will take his place, has been credited with being the best all-around player on the team.

There is some hope that if Michigan wins the Western championship tomorrow the Wolverines will meet Yale, winner of the Eastern title. Several telegrams from the East, among them one from the New York Herald, have been received, asking if Michigan would play the winner of the Yale-Harvard game. No answer was made, as Michigan is not in a position to assume to represent the West until the Minnesota game is won—if it is won at all. In case of victory, which is confidently predicted by the Wolverine supporters, it is thought Michigan's ascent to a game with Yale will be forwarded. The team has had an offer to play Carleton at New York on Dec. 29, but a refusal was sent because the Indians are hardly considered in Michigan's class.

The report shows that in number of pieces the coinage of the year has never been exceeded, aggregating 191,419,608, but in value it has fallen from \$136,340,781 in 1901 to \$94,326,678, due to the greater demand for small denominations.

GREAT STORE OF GOLD.

Uncle Sam's Treasury Has Five Hundred Millions in Coin Alone.

Washington, Nov. 26.—According to the annual report of Director of the Mint Roberts, the treasury holds about five hundred million dollars of coined gold, which the report says is doubtless more than will be called for in a generation to come. Practically all the current coinage is being deposited in the treasury for certificates. When gold is required for export it is wanted in bars, while for domestic circulation the public prefers treasury certificates, which with some modification of the statutes might as well be issued against bars.

The report shows that in number of pieces the coinage of the year has never been exceeded, aggregating 191,419,608, but in value it has fallen from \$136,340,781 in 1901 to \$94,326,678, due to the greater demand for small denominations.

PRaises AMERICAN SCHOOLS.

St. Louis, Nov. 26.—Dr. Theodore Le-wald, imperial commissioner to the World's Fair from Germany, visited several of the public schools today. He expressed surprise at the high development of the public school system in this country, has attained and asked many questions relative to its operation. Dr. Lewald was introduced to the class in domestic science. The class cooked an omelette, which he ate with relish. He expressed the wish domestic science formed part of the German public school curriculum.

MANHATTAN ROAD LEASED.

New York, Nov. 26.—Official announcement was made today that the Manhattan Elevated Railroad company will be leased to the Interborough company, which is to operate the subway now being built, to take effect April 1 next. The Manhattan company will increase its stock to \$55,200,000 for the purpose of completing improvements.

MURDER AT MILWAUKEE.

Milwaukee, Nov. 26.—F. W. Reul, an employee of the bank at Watertown, was shot and killed early this morning while escorting Mrs. A. L. Schieler to her home. Both had attended the theatre. The woman's husband was arrested today, charged with the murder.

SLAIN BY ROBBERS.

Warren, Mich., Nov. 26.—Clint E. Osborne, assistant postmaster, was shot dead early today by a gang of robbers that had broken up the safe of the Warren bank. The thieves escaped without booty.

CAN SHOOT TWENTY-ONE MILES.

Gigantic Gun That Cost \$750,000 Is Shipped to the Proving Grounds.

Albany, N. Y., Nov. 26.—A sixteen-inch coast defense gun manufactured at the Watervliet arsenal was shipped today to the Sandy Hook proving grounds. The length of this great weapon is over 40 feet, the diameter of the breech is 5 feet and its bore is 16 inches. Its construction was begun May 14, 1898, and it was finished June 12, 1902. A faint idea of its power can be obtained by the statement that it shoots a projectile 2,370 pounds a distance of over 21 miles. If smokeless powder is used it will require 576 pounds, or about 1,000 pounds of black powder, for each shot. The crude steel from which the gun was assembled weighed 368,000 pounds. The cost of the gun was about \$750,000. When it was decided to build this gun it was the intention to construct twenty sixteen-inch guns, but the cost has been such that the project probably will be abandoned.

SIBERIAN CONVICTS ON STRIKE.

Horrible Treatment Causes Revolt and Prisoners Refuse All Food.

Victoria, B. C., Nov. 26.—From the Siberian convict settlement at Alexandrovsk, news is received by steamer today that the convicts have gone on a strike, refusing all nourishment until they are more humanely treated. A Shanghai paper, the Free Press, gives some horrible details of the treatment of these unfortunates, who are mostly educated men, sentenced for political offenses. The paper says they are loaded with chains, herded in dark, unsanitary cells and are not taken out into the open air for weeks at a time. Infectious diseases have broken out and the corpses of those who have succumbed are left to rot among the living.

The convicts carried out the strike resolutely. On the third day many lost consciousness from their fasting, but no sufferings induced them to accept food. The condition of the convicts in Kokshetavsk is still worse. Desperate revolts there have only been quelled after much bloodshed.

CITY IS OVERWHELMED.

Late Reports from Guatemala Show the Volcano Devastation Complete.

San Francisco, Nov. 26.—The steamer City of Panama, which arrived today from Champerico, brings news that as a result of the eruption of the volcano of Santa Maria, the city of Quezaltenango has been visited by ruin. Quezaltenango is located at the base of Santa Maria, on the eastern slope, and no fear had heretofore been entertained for the town's safety. The damage is reported to have been on the western side. That the damage has extended across the mountain is evidence of the terrific activity of the volcano. It is said that absolute ruin stares many planters in the face and that the livelihood of thousands of natives for many months to come has been shut off by the destructive work of the volcano.

M. E. Otis of New York, a passenger on the City of Panama, said today: "As far as the city can reach from Champerico, there is nothing to be seen but ashes and pumice stone. We sailed for miles through a sea of ashes. From the sea to Santa Maria the country looked as if visited by a snow storm, and the mountain itself looked like a boiling cauldron. At times the discharge would be carried up a short distance and at others leap high into the air as if propelled by shock that could be felt all the way to Champerico. The people in Champerico are unable to form any estimate of the number of lives lost, but all agree that the devastation, as far as the coffee plantations are concerned, is complete."

AGAIN IN VIOLENT ERUPTION.

Sixth Great Outburst Occurs at La Soufriere Volcano in St. Vincent.

Kingstown, St. Vincent, Nov. 26.—A violent eruption of La Soufriere, the fifth big outburst since the catastrophe of May 7, occurred today. Georgetown and Chateau Belair were evacuated by their inhabitants. "Telephonic communication in those districts is interrupted owing to being lightning. Subterranean rumblings can be heard, and volcanic clouds are seen from this city."

TRAIN ROBBERS' TEAM FOUND.

Davenport, Ia., Nov. 26.—The team stolen by the robbers who held up the Rock Island express train here Saturday morning was found today in the Wapsie river bottoms, forty miles northwest of Davenport. It is now thought the bandits escaped down the Wapsie in a boat. The banks of the stream are covered with thick shrubs and the river is well concealed. No further clue has been secured.

CHAMPION ERNE DEFEATED.

San Francisco, Nov. 26.—Frank Erne of Buffalo lost his hold on the world's lightweight championship tonight in a contest with Jimmie Britt of this city, who knocked out Erne in the seventh round. Britt, while not so clever as the Buffalo man, was more aggressive and landed the most telling blows. The bout was the fastest ever witnessed in this city.

TODAY'S WEATHER.

Washington, Nov. 26.—The following is the weather bureau's forecast for Upper Michigan: Snow during Thursday, Friday, and warmer; brisk north-easterly winds.

STEAMER BANNOCKBURN MISSING.

Chicago, Nov. 26.—The Canadian steamer Bannockburn, missing since she left Port Arthur, Ont., last Friday morning and should have arrived at Sault Ste. Marie, but nothing has been heard of her.

EXTENSION TO COPPERDOM.

Alleged Plan of the Northwestern Again a Topic of Discussion.

A great many copper country people firmly believe the Northwestern road will extend its line from Interior, near Watersmeet, to Mass City to connect with the Copper Range early next summer. It is a rumor which will not, down, and the article in a recent issue of The Mining Journal regarding the new issue of stock by the Northwestern for copper country improvements gives credence to the report. A connection with the Copper Range at Mass City, giving the Northwestern a direct route to the copper country, is about the only improvement for a starter that could be made. The long-talked-of connection has never been denied by the Northwestern, neither has it been confirmed, but it has been believed for some time that there is going to be something doing. It was authentically reported some weeks ago that the Northwestern had closed all deals for the right-of-way to Mass City, and then it is known that the connection is desired. People here would not be surprised to see some of the money from the new stock issue used in making the copper country improvements and the connection mentioned. On the other hand, a whole lot of people would like to see the Northwestern get into the copper country by way of a direct line, as sharper competition would tend to make some rates lower.

In this connection it may be said there are many persons in the copper country who cannot see how the Copper Range road can make its extension, now building, from Houghton to Lake Linden and Calumet, pay unless a connection is made with the Northwestern road at Mass City. The Mineral Range road, which operates between the Portage Lake towns and Lake Linden and Calumet, has a large part of the business, such as hauling copper rock, cinched by long time contracts. What freight and passenger business the Copper Range will get between the towns and even from South Range places to Lake Linden and Calumet will not go very far toward paying expenses, at least that is what railroad men say. The freight business to Calumet is not what it used to be a few years ago when so much building material was being rushed to the copper country metropolis. The passenger business on the whole does not amount to a great deal, as the street cars get most of it. The Mineral Range has lost money on its passenger business between the Portage Lake towns and Calumet, as evidenced when several trains were taken off the run a few weeks ago when a new train schedule was put into effect. Trains, which seldom carried more than three or four passengers and which were run at a dead loss, were dispensed with. However, the Copper Range expects to haul con-

IS GIVEN UP FOR LOST.

Charles Heideberg, a Finnish fisherman of the Entry, who has been missing for over a week, has not yet been found and the fear that he was drowned in Portage lake during his last trip to Hancock is now firmly believed by Mayor A. J. Scott and the man's friends who have endeavored to find him. The lake was dragged in the vicinity of the Houghton, the favorite landing place of fishermen from the Entry, last week but the search was finally given up. If Heideberg did meet a watery grave the exact place where he was drowned will probably never be known. Just before his disappearance he was fishing in a boat towed in his snook to Hancock by a gasoline launch. Heideberg went up town, disposed of his fish and bought provisions which he had placed in his boat for the return trip. He then prepared to a salmon from which he emerged late in the evening never to be seen again. It is believed he started for his boat and while on the way there fell into the lake.

WANTS ARBITRATION BOARD.

The Northwestern Development syndicate is having more trouble. It is now battling against a labor strike at its property in the Lardau mining district in British Columbia. Two carpenters, who each received \$4 a day and who worked ten hours a day, struck because the company wanted to cut them down to nine hours a day and \$3.00. They said they would rather get the four and work the ten hours. In order that they do that, however, the company would have to supply lights for the men to work by, as the days in that region are getting short. The company may be compelled to give in, but if the trouble continues President Scott says he will ask President Roosevelt to appoint an arbitration board. The carpenters were employed on the new tramway under construction at the property.

CALUMET MAN MISSING.

Edward Rowe, of Sixth street, Calumet, has been missing for over a week and his family and friends do not know what to think of his sudden disappearance. So far the local officers have been unable to find any trace of Rowe and police in other places have been notified of his absence. Rowe and his wife have been residents of Calumet but a few months. Previous to that they had lived in South Africa, where Rowe owned several gold claims which he sold before the outbreak of the Boer war. Rowe and his wife then came to Calumet to visit their son. Just before Rowe disappeared he had practically made arrangements to go to California to spend the winter.

ANOTHER INDOOR BALL TEAM.

N. Littledale, wellknown in Houghton as the instructor of the Portage Lake golf club, has applied on behalf of the city indoor baseball team, soon to be organized in Houghton, for permission to use the Army for practice. Mr. Littledale is at the head of the plan to put a new team in the field, and he believes he will succeed. He said yesterday that there is material enough for another team and that he is confident of organizing in a few days. Mr. Littledale is an old indoor baseball player and takes a great deal of interest in the sport. Two teams in Houghton will create a local rivalry which promises to stir up more than the usual interest.

GOLFERS QUIT FOR THE WINTER.

The links of the Houghton Golf club have been abandoned for the season. The golfers are still as enthusiastic over the game up to a few days ago, when it became too cold to play comfortably. The past season has been a most enjoyable one and much genuine sport was secured. The links were in excellent condition for the game, and it is doubtful whether there are any links in the northern country. The season developed several expert golfers who promise to make things interesting for some of the other upper peninsula cracks next summer. The next annual tournament will be held here.

SOFTNESS OF SEALSIN.

Is Rivalled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff no falling hair, but a luxuriant growth of glossy, soft hair is certain. Sealing the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide.

If you are bilious and seeking advisers, Take DeWitt's Little Early Risers, Just before going to bed. You will find on the morrow, You are rid of your sorrow—That's all; just enough said.

These famous pills do not gripe, but move the bowels gently and easily, cleansing the liver. Their tonic effect gives strength to the glands, preventing a return of the disorder. H. Harwood, Ishpeming; Stafford Drug Co., Marquette.

COPPERDOM BREVITIES.

The Lake Linden firemen will give a social dance at the town hall tonight. Music will be furnished by the Linden orchestra.

The Young Men's Catholic club of Laurium will formally open its new rooms this evening by a progressive polo and bowling party.

Most of the schools in the county will be closed today and tomorrow. The Houghton school, however, will continue its sessions as usual tomorrow.

J. P. Huberty has resigned the management of the general merchandise store of the Wertin estate at Calumet. His successor has not yet been appointed.

The steamer City of Traverse, of the L. M. & L. S. T. company, is due Friday on its last trip of the season. The Gould, of the same line, is on its way up.

C. J. Wickstrom of Calumet, vice president of the Finnish Mutual Fire Insurance company, is acting secretary of the company in place of Alex Leinonen, deceased.

Captain J. N. Thomas, formerly of the Champion mine, has left for Sopora, Mexico, to visit the Alma gold mines, owned by Denver people. He may take charge of the properties.

An Austrian miner at the Isle Royale lost his life late Tuesday afternoon by falling three levels. He was knocked down the shaft from the twelfth level by a car which had left the track.

Work on the foundation for the new public hospital at Laurium is well under way. The contract for the sub-structure was let in a few days, just as soon as the plans and specifications are completed.

The Houghton Light Infantry indoor baseball team and the Calumet city team will cross bats at the Houghton Armory this evening. The contest is the first important one of the season in Houghton.

The Ladies' Industrial society of the Hancock M. E. church, will hold a fair in the church parlors on the evening of Dec. 4. Money and useful articles will be displayed for sale. Supper will be served.

The North Side Athletic club, recently organized in Calumet, has elected the following officers: Albert Matheson, president; Louis Beaudoin, vice president; Emil Gasser, secretary; William Rauch, treasurer.

At the meeting of the Hancock Barbers' union Tuesday evening the following officers were elected: Charles Heide, president; James Gardner, vice president; Edward Noble, secretary; Henry Campbell, recorder; Joseph Chicoski, guard.

Mr. Pope, an old employe of the Calumet & Hecla, died at 4 o'clock yesterday morning at his home in Lake Linden. He was 82 years of age. His wife and a large family survive. The funeral will be from Holy Rosary church at 9 o'clock Friday morning.

The Calumet lodge of Elks has appointed a committee to make arrangements for memorial services which are usually held the first Sunday in December in memory of departed brethren. Since its organization the lodge has lost but one member, J. B. Wertin.

Messrs. Power and O'Brien, the attorneys who defended Samuel Powell, just convicted of bigamy, will appeal the case to the supreme court. They will protest against the admission of English law books from the Chicago library as evidence of the English marriage statutes.

Dooley, the Calumet wrestler, has not yet covered the \$100 forfeit put up by Frederick Chapman, the Trimmontain wrestler, in answer to a challenge from Dooley for a Cornish wrestling match. Dooley's action in issuing a deft to meet Chapman now looks like a bluff. Chapman has agreed to wrestle Dooley anywhere but in Calumet.

William Sherwood, one of America's greatest pianists, will entertain at the Academy theatre in Hancock tomorrow evening under the auspices of St. Cecilia's club. Lovers of music at Portage Lake have been looking forward to his coming for some weeks and he will no doubt be greeted by a large audience. A share of the proceeds will be given over to the club.

C. J. Johnson, the Houghton contractor, has been given the contract to enlarge the coal docks of the Copper Range road at Houghton. Mr. Johnson will have the work done during the winter. The docks is to be extended for a couple of hundred feet upon lines similar to the present structure. Another steel tower will be placed in position on the new addition. When the work is completed the road will have as complete and up-to-date coal docks as any in the upper peninsula. The storage capacity will be greatly increased. The addition to the docks has been made necessary by the Copper Range's extension now building to Lake Linden and Calumet and its increased business.

It says Something

for a new article when it becomes immediately popular. There must be a reason for it. Only twelve weeks after the first box of

IRON-OX

TABLETS

left the factory in New England they were selling in every State and Territory except Alaska, Delaware and Indian Territory.

Why Was It?

If you try the Tablets, or ask any person who has tried them, you will have the answer.

It is a great medicine for the Stomach, for the Blood, for the Nerves.

MINING NEWS

CHAMPION MILL READY.

The Champion mill will go into regular commission with one head this week. The machinery was given a thorough test for a few hours last Sunday and everything was found satisfactory. A little trouble was previously had with the pump, but the pump is now in the best of condition. Everything is in readiness at the mill, the starting of which will soon put the Champion well up among the lake copper producers. The bins are filled with rock, shipments having commenced Monday morning. The finishing touches are being put on No. 2 head and it should be ready within two weeks. The third head is well along and the foundation for the fourth is being put in. As soon as the mill is in regular commission Superintendent F. G. Coggin will have entire charge and E. W. O'Neil, who has been superintendent of construction for the past two years by appointment from Mr. Coggin, will go back to the mine as mining engineer.

DEPRESSING TONOPAH STOCK.

An effort is being made by Philadelphia bears to depress the price of Tonopah stock so small stockholders will sell out, but so far the scheme has proven a flat failure as no sales of any consequence have been reported. The larger stockholders in the East desire to increase their holdings, and letters have been sent out to other stockholders hinting to them to sell. All Tonopah stockholders who know the conditions at the mine and what is being done there are not anxious to sell their stock and would not. All rock being blasted at the property will average over \$100 per ton, and that is a conservative estimate. Nothing else is being done at the mine but sinking and drifting in five shafts and a profit of \$100,000 per month is being cleaned up. The gold values have a tendency to increase with the depth. Between forty and fifty thousand shares of Tonopah are held in this region. The company is capitalized for a million shares, most of which is held in the East. It is believed that none of the stock would be sold for less than \$20 per share, and very little of it for that price.

MINING GOSSIP.

The Amalgamated interests are said to be selling copper as fast as produced and at what they can get for their product. Beyond this they have latterly made no effort to depress the market. A Boston paper states that Treasurer Todd has arranged with the Allis-Chalmers company for the retooling of all the machinery of the Adventure mill. It is declared that Treasurer Todd will hold \$50,000 from the Allis-Chalmers people to insure the correction of faults in the mill.

At a meeting of the directors of the Portage Lake & Calumet Development company Tuesday evening it was decided to place the 80,000 shares, sold to the promoters at twenty-five cents, in escrow at the bank. This large block of stock is therefore withdrawn from the market and leaves a limited amount available to the general public.

The new filtration plant, just completed at the Calumet & Hecla stamp mills and previously described in these columns, is now in commission. Hereafter all water to be used in the boilers will be filtered through sand after having passed through a process of lime precipitation. All impurities in the water will be eliminated and the boilers should be quite free from injury from acid and other chemical action hereafter. The new plant is located close to the big boiler house.

The Adventure still has two important appointments to make, one that of mill superintendent in place of Superintendent Key, resigned, and the other of mine superintendent in place of Superintendent Roberts, also resigned. The mill position was offered to August F. W. Hagen, mill foreman at the Calumet & Hecla mills at Lake Linden, but he refused to take it. The mine superintendent was offered H. A. Allen of Chicago, who has also declined. It is not now known just what men the company has in mind for the places.

ASLEEP AMID FLAMES.

Breaking into a blazing home, some firemen lately dragged the sleeping inmates from death. Famed security, and death near. It's that way when you neglect coughs and colds. Don't do it. Dr. King's New Discovery for Consumption gives perfect protection against all Throat, Chest and Lung Troubles. Keep it near, and avoid suffering, death, and doctor's bills. A teaspoonful stops a late cough; persistent use the most stubborn. Harmless and nice tasting it's guaranteed to satisfy by Stafford. Price, 50 cents and \$1.00. Trial bottles free.

ISHPEMING WINNER

IT ONCE MORE CAPTURES STATE FOOTBALL CHAMPIONSHIP.

BENTON HARBOR PROVES EASY

LOST BIG GAME AT ANN ARBOR BY THE SCORE OF 12 TO 35.

Hematite Team Makes Its First Touchdown in Forty-Two Seconds and Is Not Held With Much Success Until Late in Second Half.

The Ishpeiming high school football team won an easy victory at Ann Arbor yesterday. The Benton Harbor eleven was defeated during the first few minutes of play. The Hematite City lads walked all over them in the first half, running up twenty-three points before time was called.

In the second half Benton Harbor braced up, and, according to information received from the gridiron, Ishpeiming's touchdowns did not come as easily as in the first half. But two were made, making the total score 35 against 12 for Benton Harbor.

Ishpeiming's first touchdown was made in forty-two seconds. This must have surprised the heavyweights of the lower peninsula, as the team had shut out all the eleven it had met this season.

Ishpeiming had its usual good luck in winning the toss. Benton Harbor kicked fifteen yards; Ishpeiming pushed the ball for big gains to the touchdown. Gill kicked an easy goal.

As will be seen by the bulletins which follow, Bell made a run of fifty-five yards from the center of the field for a touchdown. Peterson ran thirty-nine yards, bringing the ball to Benton Harbor's one-yard line. This was toward the latter part of the second half. Johnson made a run of thirty yards, while Gill was credited with several good runs.

In view of the fact that the man who wired the bulletins did not mention Nelson as having made either gains or losses he was doubtless mistaken for one of the other men. As a rule, Nelson is as sure in ground-gaining as any of the other men back of the line.

Benton Harbor's Defense Weak.

Before leaving home the boys heard a great deal about Benton Harbor's strong defense. There is a difference of eight-hundred pounds to the man in favor of the lower peninsula chaps and it was feared that the local team would not be able to shatter their line. The reports do not indicate that Benton Harbor's line was any stronger than that of some of the upper peninsula teams Ishpeiming has met this season.

It is evident that the local team played recklessly during the second half. It will be noticed by the reports that a Benton Harbor man hurled Ishpeiming's line and got away for a good run. This is something that does not often occur against Ishpeiming. Tricky teams invariably try hurdling. The Ishpeiming boys knew that Benton Harbor did a great deal of it, and it surprised their friends at home that they allowed their opponents to fool them even once.

Reports from the Field.

Bulletins, giving all the principal plays of the game, were received at the offices of the Cleveland-Cliffs company, the Oliver Iron company, the Ishpeiming hospital, Sedgewick & Cooley, the Nelson House and the high school. Large crowds congregated at the downtown offices, and the entrance to the Western Union was blocked.

The news of the victory flew over the wires to all parts of the upper peninsula. Many of the operators caught the scores as they came through the Ishpeiming and in this way nearly all the neighboring cities and towns had the final score as quickly as Ishpeiming.

The Bell Telephone company had a man at Ann Arbor giving the news to Ishpeiming over the long distance line. The service was completely free.

Following are the bulletins, as received here:

2:15—Shipp, referee; Montgomery, umpire; Benton Harbor weighs 155; weather cloudy, wind from the north. Ishpeiming wins the toss and defends the north goal. Game starts at 2:20 p. m. Benton Harbor kicks off 15 yards; Ishpeiming runs it back 5 yards; Ishpeiming gains 25 yards around left end and steadily pushes it for a touchdown; kicks goal. First touchdown made in 42 seconds.

2:35—Benton Harbor kicked back of goal post; Bell ran ball back; Johnson makes 30 yards through center by fake back; Ishpeiming carries to Benton Harbor's 5-yard line; second touchdown; Johnson misses goal; score, Ishpeiming, 11; Benton Harbor, 0.

Benton Harbor kicks off; three mass plays and end run not Ishpeiming 25 yards; Ishpeiming is playing a fierce game; Benton Harbor seems unable to hold them; Benton Harbor has held for downs once; Bell runs from center of field for Ishpeiming's third touchdown; Gill kicks goal; score, 17 to 0.

2:46—Benton Harbor kicks to Ishpeiming's 5-yard line; Bell ran the ball back 15 yards; Peterson went around left end for 20 yards; Ishpeiming fumbles; Benton Harbor gets the ball in the middle of field; side play by Benton Harbor; is penalized 15 yards; and gets the ball in middle of field; Benton Harbor punts to Ishpeiming's 35-yard line; Ishpeiming advances ball steadily again; fake back for big gain; delayed pass nets Ishpeiming 10 yards; Ishpeiming is walking all over Benton Harbor.

2:53—Benton Harbor gets ball on downs on her own five-yard line; bucks center for five yards; fumbles; Ishpeiming has ball on Benton Harbor's forty-yard line; Ishpeiming goes through center for eight yards to touchdown; Gill kicks goal. Score 23 to 0.

3:13—Benton Harbor kicks to Bell on ten-yard line; he runs the ball back forty yards; Ishpeiming makes ten yards by revolving mass of right tackle; Ishpeiming fumbles but gets ball on Benton Harbor's forty-yard line; Bridgeman of Benton Harbor steals the ball and runs for a touchdown, but the ball is brought back to Benton Harbor's thirty-yard line and given to Ishpeiming; Ishpeiming gains steadily through center; Benton Harbor holds for downs on her twenty-eight-yard line and gains steadily through center. Benton Harbor fumbles; Ishpeiming gets ball in center of field. Gill makes nice gain by cross buck. Half ends with ball on Benton Harbor's thirty-five-yard line. Score, 23 to 0. Thirty-five-minute halves.

3:30—Bell, Gill, Connolly and Johnson were stars in first half. Second half, Ishpeiming kicks off toward north goal; ball is downed on forty-two-yard line and is bucked from there to a touchdown. Benton Harbor kicks goal. Score, 23 to 6.

3:43—Ishpeiming kicks back of goal poles; Benton Harbor punts from twenty-five-yard line; Ishpeiming runs it back to thirty-two-yard line. Johnson bucks center for five yards; Johnson bucks again for five yards; Ishpeiming makes touchdown by mass on tackle; Gill kicks goal. Score, Ishpeiming, 29; Benton Harbor, 6.

4:22—Benton Harbor kicks to Ishpeiming's five-yard line; Bell returns ball back to twenty-eight-yard line; Ishpeiming makes five yards through right tackle; four yards through left tackle; five yards through left tackle; eight yards by mass on right tackle; Ishpeiming steadily gaining by short gains. Johnson fails to gain and it looks as though Benton Harbor would hold for downs; Ishpeiming misses place kick; Benton Harbor man runs from fifteen-yard line to Ishpeiming's forty-five-yard line; Ishpeiming penalized five yards for off-side play; Benton Harbor marches toward goal; Ishpeiming seems unable to picture her line bucks.

4:25—Benton Harbor makes another touchdown on scores. Score, Ishpeiming, 29; Benton Harbor, 12. Ishpeiming kicks to five-yard line; Benton Harbor runs ball back fifteen yards; Ishpeiming gains ball on Benton Harbor's forty-yard line; Peterson runs to one-yard line; Johnson goes over; Bell punts out; Johnson catches the ball and Gill kicks goal. Score, Ishpeiming, 35; Benton Harbor, 12.

School Bell Sounded.

As soon as the last bulletin arrived the big bell at the high school was sounded. All who had not heard the news were satisfied that the team had carried the day at Ann Arbor when they heard its rapid strokes.

The school boys yelled for some time and there was general rejoicing everywhere.

Not a few Ishpeiming men wired congratulations to the boys. One business man directed Dr. Sweetland to give the team a banquet at his expense.

RHEUMATISM CURED IN A DAY.

"Myatic Cure" for Rheumatism and Neuralgia radically cures in one to three days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 25 cents and \$1.00. Sold by Frank Pendell and all druggists. (10-7-3m)

Young men support themselves while learning a profession. How? See or write International Correspondence school. T. F. Price, Manager. (11-14-1m)

A few of last season's cloaks at one-half price. They are stylish and are going below cost. Finnish Mercantile association.

Young man, do you wish to rise higher in the world? Learn how! Call on or address International Correspondence school. T. F. Price, Manager. (11-14-1m)

Dress goods, former price \$1.65, now \$1.15. Other goods in proportion. Finnish Mercantile association.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medicinal triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Ringhamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

THE KINODROME SHOW.

It Will Give a Popular Entertainment at the Opera House Tonight.

The Kinodrome show, which begins a three-nights engagement at the opera house this evening, is the finest of its kind on the road. George K. Sporr, who owns it, has invested more money in his outfit than is represented in any other similar attraction in this country. He has two companies out, one playing in the west and the other in the east. The western company was here last season, playing three nights, and a return engagement later, and every performance was largely attended.

There is \$10,000 represented in the pictures to be shown during the engagement, and there will be a complete change of program each evening. There will be six specially fine features, including the coronation of King Edward at Westminster Abbey; the eruption of Mount Pelee, said to be a masterpiece in motion photography; Foxy Grandpa, scenes of which were arranged by "Benny" and enacted by Joseph S. Hart, Jack and the Beanstalk, and the beautiful production of Alladin and the wonderful lamp.

On Saturday afternoon at 2:30 o'clock there will be a special matinee for children. Many interesting views will be shown. The prices of admission will be ten, twenty and thirty cents. At the matinee children will be admitted to any part of the house for ten cents.

A FAMILY REUNION.

The home of Harry Hulst will be the scene of an interesting family reunion today. Mrs. W. B. Brett, of Milwaukee, mother of Mrs. Hulst, is expected here this morning. Her husband and son are already here. In the evening Dr. Nelson P. Hulst and his wife and two daughters, Misses Edith and Alice, and Mrs. Nelson Hulst's mother, Mrs. Terry, and Miss Terry, will come here from Milwaukee in Dr. Hulst's private car. The party will remain here a few days.

OLD RESIDENT DIES.

Samuel Goodman, living on Wabash street, died yesterday afternoon after a prolonged illness. Pneumonia was the original cause of his illness, but complications developed later and caused death. The deceased was sixty-five years of age and had lived here for many years. He is survived by a wife and seven adult children, four sons and three daughters. The daughters are all married. Two of them live here and one at Negaunee.

STARTLING, BUT TRUE.

"If every one knew what a grand medicine Dr. King's New Life Pills is," writes Dr. H. Turner, Dempseytown, Pa., "you'd sell all you have in a day. Two weeks' use has made a new man of me." Infallible for constipation, stomach and liver troubles. 25 cents at Stafford's drug store.

Low prices on storm sash! Consolidated Fuel & Lumber Co. (11-11-1f)

MRS. I. LALLERSTEDT.

A TIGHT SQUEEZE.

By the narrowest chance, Oscar Laitonen escaped a horrible death at the Cliffs shaft Tuesday night. The incident occurred at 7 o'clock in the evening. Laitonen tried to get on a moving cage, but failed in the attempt and was caught between it and the shaft. His back was badly bruised, but the cage was stopped before anything more serious happened. Laitonen is now at the hospital and will not be able to go back to his duties for a week at least.

ISHPEMING IN BRIEF.

Charles Bennetts of Houghton was in the city yesterday.

Tuesday a girl was born to Andrew Watson, 412 Greenwood street.

Thanksgiving services tomorrow morning at Grace church will begin at 9:30 o'clock.

The Pioneer club was entertained at the home of Dr. Barnett Tuesday evening. Most of the members attended.

The funeral of Mrs. Johanna Erickson was held from the Swedish Lutheran church yesterday, and was very largely attended.

Great interest is manifested in the outcome of the Michigan-Minnesota game. The result will be awaited as eagerly as that of yesterday's contest.

Ollie Eye and wife, living at the corner of Ridge and Fifth streets, celebrated their silver wedding Monday evening. A large number of guests were present.

The W. C. T. U. held a very interesting meeting at the home of Richard Quayle. A number of new members were admitted. The next meeting will be held Dec. 9 at the residence of R. H. Shaver, on North Maple street.

All business places will be closed today, but aside from the numerous turkey suppers and events of a similar nature the day will be an unusually quiet one. Union services will be held at the Baptist church at 10 o'clock. Rev. Stephen Polkinghorn will preach the sermon.

George Ruez attended the ball given last night at Milwaukee by the national organization of telegraph operators. Gordon Rogers, who has been working in Milwaukee for the past few months, and is here visiting his people, is looking after the work at the Western Union during Mrs. Ruez's absence.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo-Quinine Tablets. This signature, E. W. Grove, on every box. 25c.

Five-pound gray blankets only \$1.30, formerly \$1.75. Great bargains. Finnish Mercantile association.

MINSTREL SHOW TONIGHT.
Fine Array of Local Talent Will Take Part in the Performance.

The amateur minstrel show will be given tonight at the opera house. Much time has been spent in rehearsals and the performance promises to be one of unusual excellence. Trombly's orchestra will assist and will furnish music for a dance immediately after the conclusion of the program, which follows: Grand ensemble, the Whitmark Minstrel overture and opening chorus, by the entire circle and the Trombly orchestra. Synopsis: 1, Introductory; 2, curtain raiser, "Along the Mobile Shore"; 3, "Darling Sadie"; 4, "Coax Me"; 5, "The Good Old Ways of the Dear Old Days"; 6, Drinking Song with Whistling Solo; 7, "I'll Shake Up This Mean Old Town"; 8, "Number Song"; 9, "What Yer Gwine to Do in the Winter"; 10, "He Good, Be Good"; 11, "Katie"; 12, "The Italian Organ Grinder"; 13, Operatic Quartet; 14, "All Coons Look Alike to Me"; 14, Finale, "U. S. Volunteers."

LOCAL LACONICS.
William Blake and wife of Escanaba are here visiting friends.
The supervisors from the various wards attended a meeting of the board at Marquette yesterday.
Andy Seass and F. D. Davis, county commissioner schools, went out to the Seass camp at Little Lake Tuesday.
E. C. Peterson left yesterday with a force of men for a point near Clowry. He intends to erect a camp and get out mining timber.
A delegation of young people went to Escanaba last night to attend the ball given by the Brotherhood of Locomotive Engineers.
Clifford Barab of Escanaba, who came up here to attend the football game Saturday, remained until Tuesday night, to attend Louis Goodrich's funeral.
Louis Moll and Miss Rose Burgh of DePere, Wis., were married yesterday morning at 6 o'clock at St. Paul's church. They left on the 8:50 train for DePere.
Work on the Caples building is delayed on account of a lack of brick. The foundation is completed and as soon as the needed material arrives work will be resumed.
Union services will be held today in the Mitchell Methodist church at 10:30 a. m. Rev. Dr. Smith, pastor of the Presbyterian church, will preach the sermon.
James, the infant child of Andrew Giorgio, of the Cambria location, died Tuesday morning. The funeral was held yesterday at 3 o'clock from St. Paul's church.
The funeral of Louis Goodrich was very largely attended. The brethren of the Catholic Order of Foresters, and the Chevalier de Lafayette society, of which the deceased was a member, attended in a body.
The Business Men's association will meet Tuesday night at Shea's hall. The president is anxious that as large a number as possible shall attend so that some pressing business may be transacted without further delay.
The ladies of the Methodist church will serve the annual Thanksgiving supper tonight in the Sunday school room of the church, beginning at 4 o'clock, and continuing till nine. A charge of 25 cents will be made.
The place of the turkey shoot has been changed from Teal Lake to a place near the cemetery. It has always been customary to shoot across the lake, but it is not so desirable. Thanksgiving dinner will be served at the same place. Mrs. Frank Walker received word Monday that her mother, Mrs. A. McKenzie, of Owen Sound, Ontario, had died very suddenly. She left Monday noon to attend the funeral, and will be absent for about two weeks. She was accompanied by her sister, Mrs. Alex Fordyce of Ishpeming.

READING ROOM FURNISHED.
The reading room at the library has been fitted up and will be ready for occupancy in about a week. The walls have been handsomely decorated, and the apartments present a very attractive appearance. Two massive oak library tables have been purchased by the city and will be abundantly stocked with all the best magazines and newspapers. The room will be open every day and evening, and will undoubtedly prove very popular. The room is formed of two rooms that were a part of the marshal's residence. They are on the second floor of the city hall. It is expected that the present quarters, both of the library and the reading room, will be outgrown before very long and that, eventually, the whole upper story will be none too large to properly accommodate the increasing demand for books and reading room privileges.

ACCEPTED THE CHALLENGE.
The business men's club has accepted the challenge of the city team to a game of indoor baseball, and tomorrow night has been chosen for the contest. The game will be played at the rink, and the price of admission will be 15 cents. The business men have made a very good record this season. The city team has never played together before, but all the members have had experience, and undoubtedly can put up a very swift game. In view of the enthusiasm that has been aroused over indoor baseball during the past few weeks there certainly will be no lack of earnest rooting.

A QUIET DAY.
Thanksgiving will be celebrated in a very quiet manner this year. Aside from the dancing parties in the evening and a turkey shoot in the afternoon, the festive turkey at the Thanksgiving dinner will be the star attraction, as in former years. The mines and business houses will all be closed and everyone will have an opportunity to enjoy a quiet holiday.

REPUBLIC.
NIGHT IN THE WOODS.
Searching Party Tramped the Forest Sunday in Search of W. F. Tobin.
Republic friends of Will F. Tobin, local agent of the Chicago & Northwestern company, were much alarmed Sunday night, when the report that he was lost in the woods was circulated about town.
Tobin and a friend went into the woods early in the day, going toward the Magnetic. They tied their horse to a tree and both started out together. Early in the afternoon they separated, agreeing to meet where the horse was tied at 4 o'clock. Tobin's friend got back all right, but when he did not show up, the fellow waited until 5:30, when he came to the conclusion that Tobin was either lost or had been mistaken for a deer and shot.
The man reached town as quickly as the horse could take him there. The news spread rapidly and within a short time a searching party was organized. Tobin was located during the night, and the whole party returned to town at 3 o'clock Monday morning.
Tobin knew where he was, but it was so dark he could not get back to the road which led to where the horse was tied. He got a shot at a deer and he felt certain he hit it. After firing the shot he traced the deer some distance, expecting to come upon it at any time. In his flight after the animal he paid little attention to territory he covered, and when he attempted to get back he could not retrace his tracks in the dark. Tobin was not the least bit alarmed, as he knew he would get out of the woods all right as soon as day light came. He was quite hungry and much fatigued when the searching party came upon him.

CURED OF PILES AFTER 40 YEARS.
Mr. C. Haney, of Geneva, Ohio, had the piles for forty years. Doctors and dollars could do him no lasting good. DeWitt's Witch Hazel Salve cured him permanently. Invaluable for cuts, burns, bruises, lacerations, eczema, tetter, salt rheum, and all other skin diseases. Look for the name DeWitt on the package. All others are cheap, worthless counterfeits. H. Harwood, Ishpeming; Stafford Drug Co., Marquette.

TURKEYS WERE CHEAP.
In spite of the fact that not a few up-peninsula dealers were unable to get turkeys for Thanksgiving, there was no shortage in Republic. A war on prices started early in the week, and before Wednesday the price was down to fifteen cents per pound. At most places in the county turkeys sold for eighteen cents. At Ishpeming different prices prevailed;

Shot-Gun Prescriptions.

We suppose we are not revealing any trade secret when we say that many medicines are made up on the principle of the so-called "shot-gun prescriptions," which were formerly somewhat in vogue.
The idea of the shot-gun prescription was to put in a large number of different drugs, each useful for different purposes, in the hope that some of them might hit the case.
Vinol, the medicine we sell over our name and guarantee, is not a scattering "shot-gun prescription," but goes straight to the mark.
It is the best thing we know for a run-down condition, for a listless feeling, nerve troubles, for lung troubles—in fact, it is a safe, pleasant, reliable tonic and reconstructer.
It has cured so many people right here in town we offer money back if it fails to benefit.

Kirkwood & O'Donoghue
Negaunee Pharmacy.
Mail Orders Supplied, \$1 Per Bottle, Express Paid.

NO. 9 CLOSED TEMPORARILY.
The workmen at No. 9 shaft of the Republic mine have been idle the past few days, on account of a breakdown on the drum which hoists the skip at that shaft. A gear, which had been cracked for some months past, gave out. A new gear is being made at the Lake Shore Engine works, and it is expected here by the end of this week.

THANKSGIVING ENTERTAINMENT.
The ladies of the Methodist church congregation will conduct an entertainment tonight at the town hall. The program will consist of musical and literary numbers, recitations, etc. Refreshments will be served at the conclusion of the program.

SNAP SHOTS.
The school teachers and pupils are enjoying their Thanksgiving vacation.
Louis Lofaris is not doing a great deal of work in the woods this fall. He expects to put on a number of men as soon as there is good sleighing.
John Sealy is suffering from a dislocated shoulder, caused by a fall. It occurred while he was sweeping at the Pascoe House one day last week.
Republic hunters are not having as good luck as they did early in the season. Not a few went into the woods this week, but returned without even getting a shot at a deer.
Republic hunters are still wondering when anthracite coal will arrive. The local dealers offer no encouragement, as it is certain they will not get coal until after it reaches Marquette or Escanaba.
The ball given Thanksgiving eve under direction of the Republic baseball team was well attended. The music was furnished by the Michigan orchestra. The dancers had supper at the Chicago restaurant.
"The Commercial Drummer," a comedy drama, will be produced at the town hall on the evening of Dec. 19 by local talent, for the benefit of the Catholic church. William Kendall is directing the rehearsals.
Thomas Tucker, who has held the position of head timberman at the mine here for a number of years past, will leave the employ of the company on the first of the coming month. His reputation as a skilled timberman and miner is such that he will have no difficulty finding a desirable position.
Moy Len, the local laundryman, will conduct the Thanksgiving turkey shoot at the Scandinavian society's picnic grounds. If the weather is favorable, a number will go out and try their luck. Last year the turkey shoot was a financial success. The wind was strong and most of the participants paid dearly for the birds they brought home.
Donald McDonald, editor of the American, had a few men at work on his building early in the week. Some of them were not provided with tools, so they gave up their job and nothing has been done since Tuesday. Mr. McDonald evidently means to establish his printing plant here in spite of the friendly advice Editor Griffey of the Iron Herald has given him. Mr. McDonald devoted considerable space to the Negaunee newspaper man last week and the controversy promises to become quite warm.

LUCK IN THIRTEEN.
By sending 13 miles Wm. Spirey, of Walton Furnace, Vt., got a box of Bucklen's Arnica Salve, that wholly cured a horrible Fever Sore on his leg. Nothing else could. Positively cures Bruises, Felons, Ulcers, Eruptions, Boils, Burns, Corns and Piles. Only 25 cents. Guaranteed by Stafford, druggist.
