TITLE IS MICHIGAN'S

WESTERN FOOTBALL CHAMPIONSHIP DECISIVELY SETTLED.

MINNESOTA IS DEFEATED 6 TO 23

TALLY OF THE GOPHERS THE RESULT OF A CURIOUS FLUKE.

Game a Desperate Contest Characterized by Ragged as Well as by Brilliant Work—Wisconsin Loses to Chicago, 0 to 11—Other Scores.

Michigan, 23; Minnesota, 6. Chicago, 11; Wisconsin, 0. Pennsylvania, 12; Cornell, 11. Columbia, 6; Syracuse, 6. Illinois, 8; Iowa, 0. Nebraska, 12; Northwestern, 0. Carlsbad, 17; Georgetown, 0. Ohio, 6; Indiana, 6. Stanford, 35; Utah, 11. Kansas, 17; Missouri, 5. Drake, 47; Grinnell, 0. Purdue, 6; Notre Dame, 5.

Ann Arbor, Mich., Nov. 27.—By the score of 23 to 6, Michigan today defeated Minnesota and earned an undisputed title to the Western football championship. It took seventy minutes of furious play to finish the game. At times both teams, especially Michigan, were brilliant, and at times the game on both sides was ragged, but it never ceased to be desperate.

The superiority of the Wolverines over the Gophers is not questioned to night. In the first half they carried the ball 205 yards, compared with eighty-five to the credit of Minnesota. In the second Michigan made 180 yards against 165 for Minnesota. Minnesota braced wonderfully after Flynn's touchdown and played a better game thereafter. It was no fault of the determination that they did not score again, but rather that they were up against a team wonderfully well drilled in defense as well as offense.

First Touchdown in Ten Minutes. Michigan made her first score after about ten minutes of play in the first half. Heston, Herstein, Graver and Maddock, the last named hurdling like a kangaroo, smashed the Gopher line back to Minnesota's one-yard line. The attacks were directed mostly against left tackle, which seemed totally incapable of coping with the diversified form in which the Michigan men came at them. With only a yard to gain for a touchdown, Michigan hit the line, but play was stopped there. A cheer went up from the Minnesota rooters. Another grinding mass play, however, sent Maddock over the line and the first score of the Western championship contest was recorded. This was the only touchdown of the game made on straight line bucking. Sweely converted it into a goal and the score was: Michigan, 6; Minnesota, 0.

The Michigan supporters, who included nearly everyone present, cheered and waved their flags, but it remained for Heston, who was destined to be the star of the game, to electrify them. Hard play had carried the ball in Michigan's possession to Minnesota's twenty-yard line. Maddock dismounted the Minnesota line in this vicinity and quick-eyed Heston saw the hole and went through it like a streak. Two men missed him as he went through. With a burst of speed which brought everyone to his feet, Heston circled toward the side lines and by a hair's breadth escaped Harris. He ran squarely behind the goal posts and a moment later the bulletin board bore the score: Michigan, 12; Minnesota, 0. The half closed with these figures unchanged and with the ball in Michigan's possession on its own fifty-yard line.

Substitutes Used in Second Half. In the second half the first substitutes were made. Dr. Williams put in Davies for Van Valkenburg, who had been worn out by his exceedingly strenuous exertions. In every scrimmage his great shoulders could be seen working, and he was responsible for some of Minnesota's longest gains. Infield went in for Lafans. Later in the half Knowlton gave place to Liggett, who lasted only a minute and was succeeded by Beckman. Herstein, of Michigan, was so badly crushed in a scrimmage that he staggered limply as he was taken from the field. With the first return of strength he tried to break from his captors and return to the game with tears rolling down his cheeks. Graver took his place and Lawrence went in at full back.

The next score went to Minnesota on one of the most curious flukes ever seen on a gridiron. McGowan broke through the Minnesota line as Knowlton was punting, but succeeded in only checking the flight of the ball. It hit the ground before Weeks, who was playing back, could reach it. On the bound a Michigan-gander touched the ball, but it bounded away and Flynn caught it without checking his speed and went down the field with Redden chasing him to no avail.

Sweely next came into prominence by kicking a goal from a rather awkward angle at the twenty-five-yard line. Heston made Michigan's last score by breaking through Minnesota on its thirty-yard line and running down the field without once being in imminent danger of a Gopher tackler.

Victory Well Merited.

It was the universal opinion after the game that it was Michigan's superior speed and team work which earned its victory. Minnesota depending on grid-

ing plays, but the Michigan line, although lighter, was still heavy enough and, better still, skillful enough to hold when a stand was necessary.

Cochran, of Michigan, after the game expressed entire satisfaction and stated that Michigan outplayed Minnesota at every stage. He said Minnesota's play was extremely vicious, and that the cleanest and hardest game of the Gophers was played by Rogers, the game Indian end.

IS LOST IN LAKE ERIE

CHICAGO OUTPLAYS WISCONSIN.

Badgers Are Given Their Third Defeat of the Season—11 to 0 the Score.

Chicago, Nov. 27.—Chicago outplayed Wisconsin today and won, 11 to 0, in a hard fought but not a brilliant game of football. The Maroons settled a score of a year's standing with Coach Phil King's Badgers and administered the third defeat of the season to Wisconsin. Chicago made only one touchdown from which goal was kicked. Ellsworth scored the other five points by a place kick from Wisconsin's 16-yard line.

The honors were about even until the second half, when Driver made a poor punt and Schurr, taking advantage of the shifting of position, broke through tackle and placed the pigskin behind the work for Chicago. Speick's end play for Ellsworth kicked goal. Ellsworth tried a place kick for goal from Wisconsin's 27-yard line in the second half, but failed. The rest of the game was routine work.

Chicago's anxiety to charge during the game resulted in off-side plays three times and the penalizing of the Maroons. Ellsworth was extremely fortunate in punting, but Bertie blocked two of them. Interference through tackle, the man with the ball going through center and vice versa, was a good ground gainer for Chicago. Speick's end play for Chicago was too strong for Wisconsin's attempted end runs.

Wisconsin came to Marshall Field with a hospital list. Captain Juneau was severely hit for a hard contest and Vanderboom, the new "Norsky Larson" of the Badger backfield, had scarcely recovered from his injuries received in the game with Minnesota.

PENNSY DOWN'S CORNELL.

Never a More Exciting and Uncertain Contest on Franklin Field.

Philadelphia, Nov. 27.—The University of Pennsylvania today defeated Cornell, 12 to 11. The Ithacans kicked a goal from placement and scored a touchdown from which a goal resulted in the first touchdown while Pennsylvania scored two touchdowns and kicked two goals in the second half.

Never had a more intensely exciting and uncertain contest been witnessed on Franklin field. Until the end of the game there was painful uncertainty in the hearts of the Pennsylvania supporters. Cornell had three carries the ball and once carried it over. Another touchdown or opportunity for a second goal from placement would probably mean defeat for the local team. But as the time drew near for the close of the contest Pennsylvania's play became more fierce, while that of Cornell grew correspondingly weak, and the game ended with the ball in Cornell's possession on her twenty-five-yard line.

HAS WON EVERY GAME.

Nebraska Defeats Northwestern, 12 to 0—Not Scored on This Season.

Lincoln, Neb., Nov. 27.—The University of Nebraska finished the season today without once having been scored against, defeating Northwestern University 12 to 0. The game was the hardest Nebraska has played on the home field this year. Today's score makes a total of 188 points scored by Nebraska against none by her opponents.

During the last part of the first half Northwestern seemed almost certain to score, but time was called with the ball on Nebraska's 5-yard line. The punting of Benedict, for Nebraska, was the feature, one of his punts going sixty yards. Both teams tried place kicks several times, but all failed. Van Kyper and Sabiu did excellent work for Northwestern, while Benedict, Bender and Mickell were Nebraska stars. Mickell made both touchdowns.

IS TIE BY NARROW MARGIN.

Columbia and Syracuse Play a 6 to 6 Game at New York.

New York, Nov. 27.—Columbia's football team played a tie game today with Syracuse. Syracuse escaped defeat only by a narrow margin, as, with the score 6 to 5 for Columbia, in Boland's attempted goal the ball hit the cross bar and, fortunately for Syracuse, rolled over the stick for the point that tied the score.

SCORES EIGHTY AGAINST IOWA.

Illinois' Goal Never in Danger in the Game With the Cornhuskers.

Champaign, Ill., Nov. 27.—Illinois defeated Iowa, 80 to 0, today. Iowa never entered Illinois' territory and gained the required five yards but once during the game. Cook and Stahl made their last appearance in Illinois uniforms, and both

FAST TRAIN IN A DITCH.

May Be Great Loss of Life in a Big Four Week Early Today.

Indianapolis, Friday, Nov. 28.—A Big Four passenger train is wrecked near Avon, Ind. The report is that the whole train is ditched.

The train wrecked was the St. Louis flyer. It is reported the train is piled in ruins at the bottom of a high embankment.

At 2:20 a message came, asking for all possible medical assistance, and a special train has gone with a number of physicians.

The wrecked train left the Union station in this city for St. Louis at 12:59 o'clock this morning. It consisted of two sleepers, two express cars, a baggage car and a day coach. The train was well filled with passengers.

BIG SWINDLE CHARGED.

Buffalo Man Arrested for Bouncing a Gotham Bank out of \$200,000.

New York, Nov. 27.—William Landau, 33rd by his attorney to be a former business man of Buffalo, was arrested here today on suspicion of being connected with a swindle involving, it is said, \$200,000 or more. The firm alleged to be swindled is that of Ladenburg, Thalmann & Co., bankers of this city. The members of the firm will not talk about the case and further details are lacking. The attorney for Landau insists the investigation will show that great injustice has been done his client and that when the circumstances surrounding the case have been examined he will be placed in an entirely different light.

STATE COURT RULING IGNORED.

Federal Tribunal Declines to Recognize Decision by Iowa Supreme Bench.

Ottumwa, Nov. 27.—For the first time since the Dred-Scott decision, it is said, a United States court has refused to allow the decision of a state supreme court. The case is that of the Water Supply company of Ottumwa against the city of Ottumwa. The plaintiff sought to prevent the building of a municipal water plant and carried the case to the United States circuit court at St. Louis. That tribunal decides that Ottumwa has reached the legal limit of indebtedness, notwithstanding that the Iowa state supreme court decided that the levy for this purpose would not be part of the constitutional indebtedness of the city.

ALASKAN INDIANS UNDER ARREST.

Charged With Murder in Torturing Companions Thought Bewitched.

Tacoma, Wn., Nov. 27.—United States Commissioner Folsom, Marshall Hepler and Prosecuting Attorney E. St. Louis, returned to Juneau from Hoonah, where they held inquests over the remains of Indians who had been starved to death by tribesmen because they were thought to be bewitched. One was tied to a tree and compelled to stand eight days and nights without food under heavy rains, the object of the treatment being to exorcise the evil spirit of which he was thought to be possessed. The federal officers placed the entire tribe under arrest during the investigation. Four members found directly responsible for the barbarity were taken to Juneau under charges of murder.

FRENCH EPISCOPATE CENSURED.

Council of State Finds Recent Manifesto an Abuse of Authority.

Paris, Nov. 27.—The government recently submitted to the council of state the action of the greater part of the French episcopate in signing a manifesto last month, for presentation to the senate and deputies, in which the laws of associations was discussed in length and which urged a return to the principles of the concordat as the only means of securing religious peace in France. The question submitted to the council of state was whether signing this manifesto was not contrary to the article of the concordat forbidding the episcopate to act in concert. The council has decided that the signatories committed an abuse of authority. This decision may lead to the suspension of the salaries of all the French cardinals, archbishops and bishops, save five who did not sign.

GREAT DISORDER IN REICHSTAG.

Socialists Combat a Motion to Vote on Tariff as a Whole.

Berlin, Nov. 27.—Scenes of great uproar and disorder resulted in the reichstag today from a motion introduced by the leaders of the Center, National Liberal and the two Conservative parties, providing for the taking of a vote on the tariff as a whole. Baron Kardorff offered the motion, which was greeted with laughter by the Socialists and Radicals, whereupon the baron remarked, "Gentlemen, you have driven us to this course."

Socialist speakers and Herron Richter and Barth contended that the motion was contrary to the rules of the house. President Von Ballestrem admitted he was in doubt on the question raised and declined to decide on the advisability of the motion, leaving the matter for the house to decide after full discussion.

During the debate on rules, the Socialists created a great disorder. Herr Antsch and others shouted "Pickpocket" and Herr Ulrich, who repeatedly interrupted the speakers, was called to order three times. The Conservatives shouting, "Put him out." Further discussion was postponed until tomorrow.

TWO KILLED IN TRAIN WRECK.

Indianapolis, Nov. 27.—A passenger train on the Pennsylvania road ran into an open switch at Safford station tonight. Engineer Frazier was killed and Fireman Grant fatally injured. Baggage-master Clayton was seriously injured and three passengers were slightly injured.

KILLS SELF ON WEDDING DAY.

Des Moines, Nov. 27.—Bert McNutt, aged twenty-six, committed suicide this afternoon by shooting himself. He was to have been married at noon, but did not appear and after waiting several hours his parents returned home, where they found the son's body. No cause is given.

(Continued on Page Four.)

SLOW-HEALING SORES

Slow healing sores are unsightly, painful and dangerous. They are a constant care and source of anxiety and worry.

Chronic, slow healing sores are frequently the after effects of some long debilitating sickness that leaves the constitution weakened and the blood in a polluted, run down condition, when a scratch, cut, simple boil or bruise, becomes a fearful looking ulcer that grows and spreads, eating deeper and deeper into the flesh in spite of everything that can be done to check its progress.

SSS

the old plague spot for all time. If you have a slow healing, stubborn sore, write us about it, and our Physicians will advise you without charge.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Exit turkey and football, particularly the latter. The passing of football for a period of ten months will leave, for the present, an aching void. The public will have to go back, for its sporting diet, to unpalatable prize fights, hockey matches, and all the lesser sports of which religious track is kept. They are all tame and colorless after football, which has come to be the pre-eminent athletic game.

A further depreciation of silver has brought the value of the Mexican dollar down to thirty-five cents, dangerously near the "thirty cents" of which we hear so much. The sooner the silver nations desert their present standard and adopt the gold basis the better it will be for all concerned. Now that all the first-rate nations have committed themselves to the yellow metal, the fact that a few of the lesser fry are still loyal to silver causes much confusion in the business world, while their loyalty to the white metal is a severe handicap to their own progress.

The Mining Journal would advise lower Michigan football elevens which have thought of championship honors to send north of the straits for some Ishpeming high school graduates and entrust them with the task of teaching the rudiments and then the fine points of the game to their players. It is a safe prediction that several of the old Ishpeming men could turn out a better team than the Benton Harbor aggregation which the Blues put out of the way Wednesday. The lower Michigan football team do not appear to have class at all. Of course it will be claimed that Ishpeming has an unusually good team. This is true, but it must also be remembered that it had to fight hard for the upper peninsula championship, and that Escanaba, too, on the showing Wednesday, could beat the Benton Harborites out of their shoes.

The people of Pittsburg will probably not object to the rivalry between Henry Clay Frick and Andrew Carnegie when it takes the form of donations for libraries and educational institutions for the city. Carnegie has planned for a great polytechnic school, and now Mr. Frick proposes to endow a great university. Educational institutions endowed by rich men do not seem to be as healthful in their influence as those which grow gradually by the favor of the public; but in time the hampering influence of the donor, as in the case of Chicago and Stanford universities, will disappear. The donors and their immediate heirs die, but the endowment remains, and will work for good through many generations, like the Girard endowment in Philadelphia. Pittsburg will no doubt take all that Carnegie and Frick are inclined to give, and will profit by the gifts sooner or later.

A New York paper rejoices that the attempt of the operators and the men to bring about a settlement on their own terms failed, arguing that it is important inasmuch as the strike commission was called into being that it be the sole arbiter of the dispute, and that all the questions connected with the status of the railroads and companies, the men and their employers, the conduct of the mines, cost of production and kindred matters be thoroughly probed by it. General opinion is that it would have been a great card to have a mutual satisfactory settlement arrived at without the aid or interference of a third party, but the continuation of the commission's hearing will have its good results. It is certain that much light will

Hood's Pills

FROM AN AUCTIONEER.

NEW SOURCE OF OIL SUPPLY.

The recent rich "strikes" of petroleum in Texas and on the Pacific coast have been followed by discoveries of even greater magnitude in Canada. It has been found in immense quantities in all parts of the dominion, from New Brunswick to British Columbia. Only a few days ago the news dispatches reported the striking of a monster gusher near Chatham, in Ontario, the value of which on the basis of Standard Oil valuation is not less than half a million dollars. New Brunswick possesses an oil basin 100 miles long, in which are three strata of oils, at varying depths, and of a quality reported to be quite equal to that of Pennsylvania. As the southern end of this immense deposit is within thirty miles of St. John the facilities for shipping are clearly of the best. Another district now being explored for oil is in the western part of Alberta, close to the British Columbia boundary. An interesting question is raised in

be thrown on the operators' management of their business and the amount of their profits. It is believed that the showdown will be favorable for the contentions of the men, but the reverse is possible and among the contingencies which should be considered.

Brooklyn militia officers ascribe poor attendance at drills during the past few weeks to the union labor influence, which is being cast against the militia because of the likelihood of this state soldiery being called into service against the unions in case of labor disturbances. The Schenectady case, where a union directed that one of its members should not remain in a company of the guard, is having a far reaching influence. It is readily manifest that the trend noted in Brooklyn and other cities has great potentialities for danger. If the union men keep aloof from the militia it will be recruited from non-union and professional classes. Then, on the advent of labor trouble, when the troops are called out, there will be something akin to class feeling to embitter the strife. The labor union that influenced its members to leave the militia at Schenectady cannot be condemned in too severe terms, as it was the pioneer in blazing the way for a very undesirable state of affairs. The militia must be kept representative of all classes. It follows that extreme care should be taken in using it in troublesome times when two big and important segments of the population may be at miniature war. It must be employed to prevent riot and preserve property intact, but the unions should be willing to help in such a work. If they are not, they cannot be the law abiding organizations that their leaders claim for them.

The Navy and Army Illustrated, an English periodical, has an interesting, and, perhaps, timely, article in its last number on the possible danger which threatens the United States in consequence of the relative impairment of our naval strength through the much more rapidly growing strength of the German navy. This authority affirms that the time cannot be far off when the German emperor will insist upon having a naval station on the American continent, and that, when that time comes, the only obstacle that the government of Berlin will consider will be that thrown up by the United States navy. If for this reason in the next few years the German navy is so far increased in size as to represent a fighting strength almost twice as great as our own, the German emperor may think the time has come to assert himself. It may be, as this English contemporary points out, that the story that, during the summer maneuvers on the Baltic when the German emperor parted company from the czar, he made a farewell signal to "The Admiral of the Pacific," is without foundation; but there is not the least question of the wish of the imperial ruler of Germany to acquire control of what is desirable territory in what are now foreign countries, and certainly there is no place in the world where the opportunities are greater than those afforded in Central and South America. The tactical mistake that we have made, and one which beyond a question will later on come up to plague us, is that we have departed from the negative requirements of the Monroe doctrine in taking possession of the Philippine islands. We have, in effect, repudiated our side of this doctrine, and hence can depend upon nothing but force to sustain it, while on the basis of naval force Germany is unquestionably rapidly acquiring ascendancy.

COSTLY EXPERIMENT IN SOCIALISM

The Cleveland Plain-Dealer thus discusses Glasgow's experiment with state socialism:

Most Americans are free to admit that we have much to learn from Great Britain in the matter of municipal government. Many large English cities, notably Birmingham, are pointed out to us as examples of what can be done in the way of obtaining clean and efficient city administration. The principles of state socialism have been applied in Great Britain to an extent not dreamed of in this country, and a panacea for civil ills are in the habit of singling out Glasgow as a striking evidence of the proof of their theory.

If statements and figures printed in the London Times are to be relied upon the lot of the taxpayers in the Scotch metropolis is not a happy one. The extent to which Glasgow has been "municipalized" can be seen from the following:

The corporation supplies its citizens with water, gas, electric light, tramways and telephones; it controls eleven municipal houses, seven baths and wash houses, a fruit and vegetable market, two foreign cattle markets, a cheese market, a bird and dog market, and an old clothes market, four slaughter houses and offices, four hospitals, and one burying ground, as well as large numbers of public houses, thirteen hotels and lodging houses (of which it manages seven itself), a family home (also managed by the corporation), 372 shops, forty-nine stores, forty-three warehouses, forty-three workshops, twelve halls, two churches, two hotels, one theater, one studio, one music hall, one cinema home, one powder mill, one panorama (site), one laundry bakehouse, one golf course and one gospel tent. It farms over 1,000 acres of land, where large crops are grown, including all the hay used in the stables of the cleansing department, as well as large crops of wheat, turnips, etc.; it converts the city sewage into solid matter, which it sells to the farmer for manure; it carries on business as market gardener; it possesses stone quarries and has 900 railway wagons; it builds trams, reclaims bogs, conducts a civic garden, and a club of persons who constitute the Glasgow corporation.

But there are thorns among the Glasgow roses. This vast experiment in state socialism is proving a costly one. It was expected to operate to reduce taxation. The contrary is the fact. In fifteen years the expenditures have grown from \$965,000 to \$8,989,000, though the annual revenue has only doubled within the same period. The city's debt is greater by \$4,000,000 than in 1887, while the assessable rental has increased only \$9,000,000. The tax, which has come up from \$120 to \$160 and is still mounting.

Naturally many Glasgow people are wondering if all this is worth while and where it is all to end. There may easily be too much of a good thing. The question seems to be forcing itself upon the sunny Glasgow folk whether a little more scope for private enterprise, with the greater economy which accompanies it, might not be some compensation for the partial sacrifice of a theory.

FOR AUTUMN EVENINGS

When your rooms are damp and chill, there is nothing like a gas radiator for heating. A touch of the match and your room is warm in a few minutes. No dirt, ashes or after work to clean up. For offices, stores or residences there is nothing that gives such perfect satisfaction as gas.

FRACTURES SKULL AND DIES.
Quincy Boy Fatally Injured While Attempting to Board a Moving Car.
Roy Verran, the eight-year-old son of John Verran, of the Quincy, died at St. Joseph's hospital, Hancock, last evening as the result of injuries received earlier in the day. The lad attempted to board a trolley car while it was in motion, his intention being to ride from Limerick to Frenchtown. He missed his footing however, fell against the car and was hurled against a trolley post, sustaining a fractured skull. He was unconscious when removed to the hospital and from the first his death was only a question of hours.

IRON BRIDGE ORDERED.
Ontonagon township has awarded a contract for the erection of an iron bridge across the Fire Steel river on the lower road to the Joliet Bridge & Iron company. The span will be ninety feet in length and the contract calls for it to be completed by March 1, 1903. A number of bids were received, but this company's one was the lowest, being \$1,739. With the completion of this structure Ontonagon township will have its bridge construction nearly finished. There are still a few old wooden structures across some of the smaller streams, but they are in a fair condition, and a few years hence they will probably be replaced with iron.

OLD ROLLING STOCK SOLD.
It is just a year since the Hancock & Calumet road was changed from narrow to standard gauge. Since that time the sixteen narrow gauge locomotives owned by the line have been sold. The last three, Nos. 31, 32 and 33, went to California, while the others were shipped to the Kentucky coal fields and to Tennessee. A large number of rock cars were also sent to those states. Besides its passenger engines, the Mineral Range now has fifteen locomotives. Some of them are as heavy as 157 tons, with a hauling capacity of a thousand tons.

THEATRE ATTRACTIONS.
Manager Cuddihy, of the Calumet theatre, has several good attractions booked for December. Among them are Elizabeth Mary Forbes, in "Barbara Frietchie," next Tuesday evening; Olin Skinner, in "Lazarus," on Dec. 16; Walker Whitehead, who will play a return engagement on the evening of Dec. 31, presenting "The Merchant of Venice," and Blanche Walsh, who is now playing at McVicker's in Chicago.

CASE WON ON NOVEL POINT.

Public Morals Figures in Litigation Decided in Circuit Court.
In the chancery case of Frankie McDonald against Louis Bond, on a bill of foreclosure, Judge Streeter of the circuit court held that the contract and mortgage were void because of an illegal consideration and against public morals and public good. It was contended by Attorney Hamilton, who represented the defendant, that the property had been used for immoral purposes. This was a novel point and the decision is entirely new.
The suit resulted from a verdict in another case which was sustained in the supreme court. Pending this decision by the upper court, Bond entered into a contract with Frankie McDonald, promising to repay her any money she might pay him for rent, while to guarantee the repayment of such money, in case she eventually won her case, he gave her a mortgage on the north half of a lot in Houghton. When the suit was decided in her favor she filed a bill to foreclose this mortgage. The contention of Attorney Hamilton was that this money could not be recovered back by foreclosure, inasmuch as it had been paid for the rental of a house used as a house of ill-fame.

COPPERDOM BREVITIES.
M. J. Evers, of the Hancock stock exchange, and wife went to Chicago to spend the Thanksgiving holiday.
Miss Lillian Keller of West Hancock has returned from Detroit, where she was called by the fatal illness of her aunt.
It is expected that the new hospital now building in West Hancock for the Sisters of St. Joseph will be completed soon after the first of the year.

The Ladies' Aid society of the Hancock M. E. church will conduct a Woman's exchange Saturday afternoon in the Melbourne fruit store, West Hancock.
The dancing party given by the Lake Linden ladies at the town hall last evening was a brilliant success. The Linden orchestra furnished the music.
The name of the Copper Range station at the new town of South Range will be known as South Range-Baltic. The location is near that of the new town.
Colonel John T. Mann responded to the general demand for his famous planked whitefish by serving the delicacy at the Thanksgiving dinner at the Douglas House yesterday.

MINING NEWS
AMALGAMATED PRODUCTION.
The production of the Amalgamated mines at Butte at present averages about 10,000 tons of ore a day. The Boston & Montana ships daily to the Great Falls smelter from 3,000 to 5,000 tons. The latter shipment was reached one day last week and was the highest record. The Anaconda mines ship between 4,000 and 5,000 tons daily to the smelter at Anaconda. This includes the Parrot and Colusa-Parrot ores. The Colorado company makes up the remainder of the total average. The product of refined copper has varied very little during the past six months, the total being, as near as can be ascertained, about 18,500,000 pounds per month. The percentage of copper runs about 2% for the Anaconda ores and 3 to 3 1/2% for Boston & Montana, Parrot and Colorado. The Amalgamated mines employ at present about 5,500 men in all capacities, but the working force is being slightly and gradually increased, and the output is also being increased correspondingly.

TRIMOUNTAIN'S NEW HOIST.
At No. 1 shaft, Trimountain, the first to be sunk and which is now down to a depth of approximately 1,000 feet, a Nordberg hoist is already in commission. It recently went into active service, displacing a relatively small Fraser & Chalmers hoist, and is giving much satisfaction. This is the engine which, formerly did duty at the No. 4 shaft at the Arcadian and is rated at 2,500 horsepower. Its one single drum is eighteen feet in length, and a test made the other day of the speed demonstrated that the engine is capable of hoisting a skip from a depth of 900 feet, dumping it, and lowering it to the same depth in less than one minute. This gives some idea of the tremendous power of the machine and the facility with which a large quantity of rock may be handled even when the depth of the shaft itself is increased to thousands of feet.

DR. FENNER'S KIDNEY and Backache CURE
All diseases of Kidneys, Bladder, Urinary Organs. Also Rheumatism, Backache, Headache, Gravel, Dropsy, Female Troubles.
Don't become discouraged. There is a cure for you. Write Dr. Fenner. He has spent a life time curing just such cases as yours. All constitutions are alike. A gravel lodged in my bladder. After using a few bottles of Dr. Fenner's Kidney and Backache Cure I passed a gravel half large as a marble. The medicine prevented further formations. I was cured.

HEINZE THE KEY.
The talk of a copper combination under the Amalgamated plan, either with Heineze or the Calumet & Hecla, is only a revival of ancient yarns, says the Boston News Bureau. There are plans in embryo in Amalgamated circles for an international adjustment of the copper trade, but the Calumet & Hecla is no necessary part thereof, because the Calumet & Hecla never has need to undersell the copper market, its copper selling on the average at a price higher than any other copper in the world, and the company maintains definite relations with a definite line of customers. Heineze is the real key to the copper situation, placing a relatively small Fraser & Chalmers hoist, and is giving much satisfaction. This is the engine which, formerly did duty at the No. 4 shaft at the Arcadian and is rated at 2,500 horsepower. Its one single drum is eighteen feet in length, and a test made the other day of the speed demonstrated that the engine is capable of hoisting a skip from a depth of 900 feet, dumping it, and lowering it to the same depth in less than one minute. This gives some idea of the tremendous power of the machine and the facility with which a large quantity of rock may be handled even when the depth of the shaft itself is increased to thousands of feet.

MINING GOSSIP.
The earnings of the Copper Range Consolidated company, both from the railroad and the mines, are increasing, it is hinted, greater than is generally appreciated.
There seems to be a steady accumulation of the better grade of copper properties on a scale. The buying of Tamarack is thought to be especially good.—Boston News Bureau.
A large consignment of cupola coal is on the way to Lake Linden for the Calumet & Hecla smelting works, and the furnaces which were closed down will be started up within a week. This is good news to the men who were thrown out of work by the shut down.
Mr. W. H. Kelcevic & Co., metals, London, says: Copper has been depressed in sympathy with the break in Amalgamated shares. American advices have been weaker and these combined factors have caused a certain amount of uneasiness and consequent realizations in the standard market. Forward delivery has been rather freely offered, but operators for the fall are adopting a cautious attitude in view of possible manipulation, which, with stocks at the present level, can easily be brought about. A fair amount of covering has been noticeable at the lowest level. The refined market remains quiet, with eager competition on the part of dealers to secure horsepower monster now in commission, is that while the price which the company paid for the latter was \$80,000, the new one, on account of great advances in the prices of iron and steel and also the increase in wages paid to labor, will cost at least \$90,000, thus increasing the cost by about one-half. Much of the space in the large rock house is still unoccupied. While there is room in this building for eight crushers, three of which are in position, but two of these are doing actual service. A tan-

PRESIDENT REPLIES TO PROTESTS RAISED IN THE SOUTH.

DECLINES TO CHANGE ATTITUDE

HOLDS THE WORTHY COLORED MAN ENTITLED TO OFFICE.

Qualities Deserving of Reward Alone Considered in the Matter of Federal Appointments and Not Whether Person Is White or Black.

Washington, Nov. 27.—The president has sent a communication to a prominent citizen of Charleston, S. C., in relation to the objections to the appointment of colored people to federal positions there.

The president says it has been his sedulous endeavor to appoint only men of high character and good capacity, whether white or black. "But it has been my consistent policy," says he, "in every state where their numbers have warranted it, to recognize colored men of good repute and standing in making appointments to office."

These appointments have been made in various states, and the president is unable to see how he can "legitimately be asked to make an exception for South Carolina." He calls attention to the fact that in that state he has appointed in Charleston three men and continued in office a fourth, all white men—three originally gold Democrats—two of them sons of Confederate soldiers.

Door of Hope Open to All.

The president says he shall always endeavor to pay regard to the wishes and feelings of the people of each locality, "but," says he, "I cannot consent to take the position that the door of hope—the door of opportunity—is to be shut upon any man, no matter how worthy, purely upon grounds of race or color. Such an attitude would, according to my convictions, be fundamentally wrong. If, as you hold, the great bulk of the colored people are not yet fit in point of character and influence to hold such positions, it seems to me that it is worth while to put a premium upon effort among them to achieve the character and standing which will fit them."

The president denies that "negro domination" enters into the matter at all. The question raised by the Charleston citizen, he holds, "is simply whether it is to be declared that under no circumstances shall any man of color, no matter how upright and honest, no matter how good a citizen, no matter how fair in his dealings with all his fellows, be permitted to hold any office under our government."

Continuing, the president says: "I certainly cannot assume such an attitude, and you must permit me to say that in my view it is an attitude no man should assume, whether he looks at it from the standpoint of true interest of the white man of the South or of the colored man of the South—not to speak of any other section of the Union. It seems to me it is a good thing from every standpoint to let the colored man know that if he shows in marked degree the qualities of good citizenship—qualities which in a white man we feel are entitled to reward—he will not be cut off from all hope of similar reward."

FRAU KRUPP GIVES \$750,000.

Establishes a Benefit Fund at Essen in Memory of Late Husband.

Essen, Prussia, Nov. 27.—Frau Krupp, it was announced today, has given \$750,000 to establish a benefit fund for the workmen here in memory of her late husband.

Scandalous Charges Proven False.

Rome, Nov. 27.—The inquiry instituted in the scandals concerning the late Herr Krupp at Capri island is said to have completely cleared Krupp's character, and that it has been decided the government will prosecute the newspapers which made the defamatory statements. It is stated that the accusations against Krupp have been traced to a German painter, a resident in Capri, whose arrest was ordered. The painter has disappeared.

DISASTER TO DUTCH TROOPS.

Achin, Sumatra, Nov. 27.—Lieutenant Dokok and forty-five Dutch troops, on board a barge on a river in the interior, were recently attacked by a band of Chinese, with the result that the barge sank and the lieutenant and twenty men were drowned.

TWO DULUTH SKATERS DROWNED.

Duluth, Nov. 27.—Eddie Anderson and Joseph Stevenson, each eleven years old, were drowned today by breaking through the ice on the bay while skating.

A Paris dispatch says, "M. Rosey has just discovered the secret of perpetual youth." Too late, we've had it for years. Madison Medicine Co.'s Rocky Mountain Tea. Stafford Drug Co.

Talk this over with your doctor. If he says Ayer's Cherry Pectoral is all right for your hard cough, then take it.

THANKSGIVING AT MANILA.

Catholic Church Observes the Day for First Time in Philippine History.

Manila, Nov. 27.—The first general observance of Thanksgiving Day by the Roman Catholic church in the Philippines took place here today. Bishop Gracia issued a letter, calling attention to the proclamation of President Roosevelt and Governor Taft, and directing the observance of the American holiday. Solemn high mass was celebrated in the cathedral, the apostolic delegate, Archbishop Guadi, giving his benediction to the worshippers. Governor Taft and many Americans were among those present.

The other churches held a united service, Bishop Brent delivering the address and Rev. George Pentecost reciting prayer. General Taft and the majority of the American colony also attended this service. In the course of his address, Bishop Brent said he had opposed the President's assumption of responsibility in the Philippine islands, but he added "now we must remain and face our duty."

Brilliant Dinner at London.

London, Nov. 27.—Nearly five hundred American citizens and a sprinkling of distinguished Englishmen and women participated in the annual Thanksgiving dinner tonight under auspices of the American society of London. The speeches were numerous and abounded in good feeling and reciprocal compliments. Toasts in honor of King Edward and President Roosevelt were drunk with equal enthusiasm.

The Right Hon. Mr. Asquith, proposing the health of Ambassador Choate, spoke of the happy relations between England and America. Ambassador Choate made a happy response, concluding with an eloquent tribute to President Roosevelt, who he said, was strong, brave and true and that he might himself have been the leading spirit of the Mayflower. It was his influence and example, continued Mr. Choate, that was responsible for the interest young Americans are now showing in politics, and the vigor, courage and human sympathy with which Roosevelt brought the coal strike to a successful outcome was admired by all the countries in the world.

Day's Observance at Rome.

Rome, Nov. 27.—Numerous United States flags hanging from houses of Americans announced Thanksgiving day to the people here. Special services were held in the American church, Rev. Dr. McCracken of New York officiating. Francis MacNutt, papal cavalier of the Cape and Sword and the highest American layman at the Vatican, gave a magnificent dinner in honor of the day. The guests included Archbishop Chapelle of New Orleans, Archbishop Norton, director of the American school of classical studies, gave an entertainment to his students. The Thanksgiving reception at the United States embassy today was a brilliant function. Five hundred guests attended, including the whole diplomatic corps, court officials, several members of the government and prominent clergy.

Americans Celebrate at Berlin.

Berlin, Nov. 27.—Three hundred Americans celebrated Thanksgiving Day by dining together at Kaiserhof. Ambassador White, who presided, proposed the health of the German emperor and President Roosevelt, who he said were in many respects alike. Consul General Mason proposed a toast to Ambassador White and also to Secretary Jackson, who leaves for Athens in a few days. A telegram of good wishes was sent by the assembly to President Roosevelt.

Reception the Feature at Vienna.

Vienna, Nov. 27.—In the absence of the ambassador, Charge D'Affaires Hale and Mrs. Hale gave a Thanksgiving reception this afternoon. Second Secretary G. B. Rives and Captain Harris, military attaché, assisting. Nearly two hundred Americans attended the function.

Great Ball in Mexico City.

Mexico City, Nov. 26.—A Thanksgiving ball was given tonight by the American colony in this city. President Diaz was among the invited guests. The ball was a great social success, many representatives of the highest society of Mexico being present.

Special Services in Paris.

Paris, Nov. 27.—Thanksgiving Day was quietly observed here by the American colony. Special services were held in several churches.

IS DEDICATED TO AMERICA.

Berlin, Nov. 27.—Adolf Von Menzel, the noted painter, has finished a painting of "Frederick the Great in the Year 1778," the year in which Frederick recognized American independence. The painting is inscribed, "Dedicated to Free America." Von Menzel has arranged to reserve the rights of reproduction for the benefit of German-American hospitals.

TODAY'S WEATHER.

Washington, Nov. 27.—The following is the weather bureau's forecast for Upper Michigan: Fair Friday and Saturday; warmer Saturday; fresh southwest winds.

GERMANY MEANS BUSINESS.

Three More Warships are Ordered to Venezuelan Waters.

Berlin, Nov. 27.—Three additional cruisers have been ordered to leave Kiel as soon as they can be made ready to proceed to Venezuela.

British Warship Sails.

Hullfax, N. S., Nov. 27.—The British cruiser Charybdis sailed tonight under sealed orders. Though her destination is unknown here, the general impression is that she is going to Venezuela. Extra supplies were rushed on board at short notice, and when steam was up the cruiser left the harbor.

American Intervention Not Expected.

London, Friday, Nov. 28.—The morning papers here, commenting on the Thanksgiving banquet, in addition to speaking of the customary compliments to the United States and to Ambassador Choate, take occasion to call attention to the rapid disappearance of the old animosity and in this connection allude to the change between the conditions now and those existing in the previous Venezuelan boundary crisis. It is universally taken for granted that there is no need to fear, under President Roosevelt, a repetition of anything like the manifesto of Cleveland.

KAISER DOES WHITE HONOR.

Presents Him With a Gold Medal Awarded Only Once a Year.

Berlin, Nov. 27.—Emperor William in his farewell audience with Ambassador White today presented him with the gold medal of the empire for science and art. The medal is given once a year to the person who, in the opinion of the government, is best entitled to it.

As Mr. White approached the palace a United States flag was raised over the building. The emperor was very cordial in his reception and spoke of how much White had done to forward the good understanding between the United States and Germany. He alluded laughingly to Roosevelt's hard luck in hunting bear. After the audience Mr. and Mrs. White dined with the emperor.

Ambassador Tower at Paris.

Paris, Nov. 27.—Ambassador Tower arrived today and exchanged a call with Ambassador Porter, and later with Mr. Porter and others attended a Thanksgiving dinner given by Ambassador Tower will go to Berlin early in December, when he will present his credentials to Emperor William as ambassador to Germany.

EXPORTS PROHIBITED.

Agriculture Department Declares Quarantine on New England Livestock.

Washington, Nov. 27.—The secretary of agriculture today promulgated an order establishing a quarantine on cattle, sheep and swine in the New England states, and prohibiting the exportation of such animals from Boston until further orders. The action was taken on account of the discovery of the foot and mouth disease in New England.

Boston's Milk Supply Affected.

Boston, Nov. 27.—The order of the secretary of agriculture placing an embargo on the shipment of cattle from Boston and declaring in quarantine the cattle and swine of New England will greatly assist the Massachusetts cattle commission in its effort to stamp out the epidemic of foot and mouth disease in this state. The disease has broken out in herds of cows in a dozen towns from which the great bulk of the milk supply of Boston is received.

NO CHANGE IN CONTROL.

Pere Marquette President Denies Rumors Concerning the Road.

Grand Rapids, Mich., Nov. 27.—President Head, of the Pere Marquette railroad, tonight denied the report that a St. Louis syndicate would drop options on a large share of the road Dec. 1. He said the option had been given to place the road in the hands of a voting trust which would prevent it from passing into other hands, but that no change in management was even contemplated. He also denied that the Pere Marquette has acquired the Lake Erie & Detroit River road or any part of it.

THANKSGIVING AT WHITE HOUSE.

Washington, Nov. 27.—President and Mrs. Roosevelt had at their Thanksgiving dinner only the members of the family and a few personal friends. The table was set in the state dining room. Those present were: President and Mrs. Roosevelt; Senator and Mrs. Lodge and Mrs. Brooks Adams; Mrs. C. H. Davis and Miss Davis; Mr. and Mrs. Cowley; Theodore Douglas Robinson; Miss Helen Roosevelt; Miss Roosevelt; Miss Robinson; J. K. Gracie; Robert Ferguson; Theodore Roosevelt, Jr.; John Elliott, and Miss Ethel Roosevelt.

PINE SLABS.

Four-foot Pine Slabs delivered anywhere in city. \$2.50 per cord. Phone No. 231 or 959. South Arm Lumber Co. (11-27-4f)

GOLD BASIS URGED

MORE STABLE CURRENCY WANTED FOR THE PHILIPPINES.

LEGISLATION EXPECTED THIS WINTER

EARLY PASSAGE OF LAW DESIRED BY ADMINISTRATION.

House Bill, Opposed by the Senate Last Session, is Believed to Contain a Remedy for the Situation and Will Likely Be Adopted.

Washington, Nov. 27.—Extraordinary losses in the Philippines, due to the fluctuation in the rate of exchange, makes it important that there should be some legislation by the present congress to establish a stable currency on a gold basis in the islands. The continuance of the present currency system there threatens all business enterprise except that of banking, causes loss to the soldiers in their pay, and makes even the government subject to this fluctuating exchange.

Governor Taft's report was mailed from Manila Nov. 18, and, while the exact nature of his recommendations is not known, private letters from the governor indicate that he regards the necessity for some currency legislation as very urgent, before the present condition destroys all trade in the islands and leaves them a helpless burden on the United States Treasury.

Wright, who has recently returned from Manila, reports the situation serious, and in his talks with President Roosevelt, Secretary Root, Senator Lodge, and other representative men in congress, he has urged that something be done to give stability to the currency in the Philippines at the coming session.

Cooper Has a Bill.

Representative Cooper, chairman of the insular committee of the house, will have a modification of the bill passed at the last session before his committee, as soon as Governor Taft's report is received. This bill will provide that the standard of money in the Philippines shall be the United States gold dollar.

Chairman Cooper insists that the perilous situation in the Philippines confirms the position taken by his committee and the house at the last session, when that branch of congress insisted that the standard of money in the Philippines be the United States dollar. This provision of the Philippines bill was sacrificed in the closing days of the session, to break a deadlock between the house and senate. The civil government bill was regarded as so urgent that both the house and senate agreed to drop it from the bill to reach an agreement on the provision for civil government.

The senate will be more inclined to yield, now that the experience with a silver currency has been disastrous. The standard of money in the Philippines was inclined to agree with the house on this question at the last session, but they could not do so without repudiating the recommendations of those regarded as financial experts in that body.

Senator Allison was chairman of the sub-committee charged with reporting the currency provisions of the Philippines bill, and Senator Beveridge of Indiana and Senator Dubois of Idaho were the other members. They were impressed more with the arguments of several bankers from Hong Kong than with any arguments presented by American financiers.

Hong Kong Wanted Free Silver.

The Hong Kong bankers wanted free silver coinage in the Philippines. Some of the other Republicans who heard their arguments were only impressed with the desire of those bankers to do a good business in the Philippines through the fluctuations of the exchange. But Senators Allison and Beveridge and Aldrich, who agreed with them, believed that the Hong Kong bankers were wise financiers and unselfish in their recommendations, so the sub-committee reported a bill providing for free coinage in the Philippines.

Senator Lodge, as chairman of the Philippines committee, accepted the recommendations of his sub-committee, backed up by such an expert as Senator Aldrich. The senate likewise accepted the recommendations of Allison and Aldrich and the senate locked horns with the house on this issue, which for a time endangered the whole Philippines bill, and was finally settled by dropping the whole currency provision.

The question will have to be met at this session. The house has no reason to change its attitude. The senate will have much difficulty in defending its old position in favor of free silver. Some of the Hong Kong bankers have found their position untenable since the rates of exchange have fluctuated so radically, owing to the demoralization in China in the effort to meet the payment of her enormous indemnities to the powers, which must be in gold.

Several of these bankers have since

A BROOKLYN BELLE THREATENED WITH CONSUMPTION.

Pe-ru-na Promptly Saved Her Life.

Miss Alice O'Neil, 312 Adams street, Brooklyn, N. Y., writes: "I cannot say too much in favor of Peruna. About a year ago I was completely worn out, had a serious cold and a hard cough which seemed to be in danger of affecting my lungs. If my system had been in a stronger condition it would have been much easier to throw off this cold, but I could not seem to get any relief until I took Peruna, and I must say that it did the work thoroughly. Within a week I could see a wonderful improvement, and I took Peruna four weeks and am in perfect health now." ALICE O'NEIL.

Miss Alice O'Neil.

WHAT PEOPLE SAY

About Pe-ru-na as a Remedy for All Diseases of Winter, Coughs, Colds and Catarrh.

That Peruna cures catarrh, coughs, colds, is well known to both the medical profession and the people generally. It is undoubtedly the most popular remedy for this class of diseases in existence. Read the following letters:

Pe-ru-na Cures a Cold at the Outset. Miss E. M. Isaacs, Armstrong, Pa., Vice-President of the Fortnightly Club, writes:

"No one who has tried the comforts Peruna brings would ever be without it. I used to dread the slightest cold, as its consequences were so lengthy and so unpleasant, and the catarrhal condition which invariably followed so hard to get rid of, but since I have known of the blessed relief secured through the use of Peruna, I am free from all this unpleasantness and suffering."

admitted that they were mistaken in regard to the effort of continuing the present silver currency in the Philippines. But aside from their recommendations, the actual experience of the government, the soldiers, and the business men in the Philippines, points to the urgent necessity for some legislation similar to that enacted by the house at the last session. That was in harmony with the recommendations of the Philippines commission and the financial experts sent to the Philippines to report on the situation. Governor Taft will make the same recommendations in his report this year, and emphasize them by calling attention to the condition of trade and finance.

The principal embarrassment will be to Senators Allison, Aldrich and Beveridge, in reversing their position in favor of free silver coinage and reporting a bill for the gold standard. But the situation is believed to be too grave to permit even Allison and Aldrich to stand in the way of legislation for the sake of consistency in their views on currency.

TWO SLAIN IN HAVANA.

Havana, Nov. 27.—Two men who were wounded yesterday evening while on a street car by shots fired from neighboring houses died today. The mayor has ordered the police to arrest the occupants of houses from which the shots may have been fired.

CONFESSES TO ANOTHER MURDER.

Grand Forks, N. D., Nov. 27.—William Ross, under sentence to hang for the murder of Thomas Walsh last summer, has confessed that last November he and a man named Benson killed another man and concealed the body in a well. The body was found where indicated.

SIAM CLOSES MINTS TO SILVER.

Bangkok, Siam, Nov. 27.—The gold standard scheme for Siam has become a law. The mints have been closed to the free coinage of silver.

KENO, FOR CHICKENS.

Until further notice keno, with chickens as the prizes, will be played each evening at the Grand saloon, opposite the city hall. (11-12-4f)

"A few doses never fails to cure me of a cold and I keep well through its use."—Miss E. M. Isaacs.

Hon. W. J. Purman, ex-member of Congress from Florida, writes from 1428 Q street, N. W., Washington, D. C., as follows:

"From representations to me and my own experience I feel justified in recommending your Peruna to any and all persons suffering with catarrh, nervousness or stomach troubles. I regard it as a great tonic and remedy for such afflictions. I, and others to whom I recommended it, are using it now with beneficial results."—W. J. Purman.

If you do not derive prompt and satisfactory results from the use of Peruna write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

TROLLEY CARS COLLIDE.

Mother and Daughter Killed and Six Persons Hurt at Des Moines.

Des Moines, Ia., Nov. 27.—Mrs. J. H. Frawley and daughter Helen were fatally injured and six other passengers were seriously hurt in a street car collision here this morning. One car got away at the top of a hill and crashed into another at the bottom. The cars were crowded. Most of the passengers escaped by jumping.

JOCKEY EARNS A BIG SUM.

Danny Maher Returning from England With \$125,000, Made in a Year.

New York, Nov. 27.—Danny Maher American jockey, who reached the zenith of his success in England this season, is on his way home with nearly \$125,000 in British gold. This is the largest sum a jockey ever earned in one year on the turf. Maher is the only American jockey who ever was under contract to ride King Edward's thoroughbreds.

JOINS HER THESPIAN LOVER.

Fifteen-Year-Old Battle Creek Girl Leaves Home for Romance.

Battle Creek, Mich., Nov. 27.—Fifteen-year-old Zelda Fletcher has run away from home to join Wright Lorimer, a handsome young actor, who is the leading man for Katherine Willard in "The Power Behind the Throne."

BOXING BOUT RESULTS.

Kansas City, Nov. 27.—Hugo Kelley of Chicago tonight got the decision over Rube Fene in a ten-round bout.

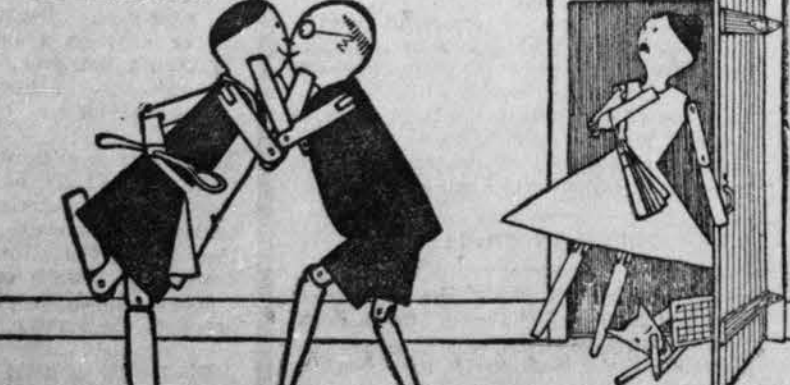

Boston, Nov. 27.—Kid Goodman won from Chester Goodwin in twelve rounds tonight.

AT DESCHAIN'S BAKERY.

CITY BREVITIES.

Today's weather: Partly cloudy, with possibly showers or snow flurries; southerly winds, increasing in force.
Yesterday's temperature: 7 a. m., 26 degrees; 12 noon, 27 degrees; 7 p. m., 27 degrees; maximum, 28 degrees; minimum, 26 degrees.

Superintendent E. C. Thompson left for Chicago last evening on a business mission.

Mrs. James Russell and Miss Frances Russell left for Chicago last evening, for a couple of days' stay.

Mrs. James W. Young left last evening for Denver, Colo., where she is going to spend some weeks.

Copies of "Progress," the paper published by inmates of the branch state prison, are on sale at Bigelow's.

The Baptist Ladies' Aid society will meet this afternoon at 2:30 with Mrs. Chas. E. Dutton, Michigan street.

The young ladies of St. Genevieve's Guild will meet with the Misses Bertrand, Ohio street, this afternoon.

The Young Woman's guild of St. Paul's church will meet at the home of Miss Stone, Spruce street, this afternoon at 2 o'clock.

Ollie Jacobs, formerly of Marquette, was down from Duluth, where he is now employed, to eat Thanksgiving dinner with his people here.

Mrs. E. M. Hebsky and mother, Mrs. Burris, of Ishpeming, spent Thanksgiving here, the guests of Mr. and Mrs. Charles Koons, Washington street.

The public generally is invited to a supper to be served this evening in the parlors of the Swedish Lutheran church. The charge will be twenty-five cents.

The annual praise service for the Woman's Missionary society of the Presbyterian church will be held in the church parlors this afternoon at 3 o'clock.

A number of Marquette people attended the railroad men's dance at Escanaba Wednesday evening. They returned yesterday morning. The ball was a great success.

The light at Standard rock has been closed for the season. The keeper and his three assistants have been taken off by the tug Columbia and have departed for their homes.

Charles Patenaude celebrated Thanksgiving by bagging the largest deer brought into town this season. The animal weighed 237 pounds. Mr. Patenaude shot the deer, a buck with fine antlers, while it was on the run.

The Frontenac, loaded at the L. S. & I. dock, cleared yesterday for Buffalo. From the South Shore docks, the Maritima and whalack No. 117 took out cargoes for Cleveland. The arrivals were the Angelina, Kaliyuga and Ketchum. They will be loaded at the L. S. & I.

The Marquette Juniors football team was victorious in its contest at Champion yesterday afternoon with the junior aggregation of that place. The score was 6 to 5. The Champion players were much larger than their opponents and the Marquette boys are elated over the outcome of the game.

Dr. Downing, of the Normal faculty, will lecture this evening at 8:30 o'clock in the lecture room of the Baptist church to the Men's club of that church. His subject will be "The Making of a World," and he will illustrate his talk with stereopticon views. The president requests that each member be accompanied by a gentleman friend.

John Stuart, superintendent of the county poor farm, set up a fine Thanksgiving dinner for the inmates of that institution yesterday. The menu included turkey, with chestnut dressing, mashed potatoes, turnips, celery, red cabbage, and squash pie. The Christian Endeavorers of the M. E. church presented the inmates with a barrel of Northern Spy apples, for which they are very thankful.

There was eager inquiry yesterday afternoon for returns from the Michigan-Minnesota football game at Ann Arbor, and there was much enthusiasm at the outcome. The Michigan victory was no more than was expected, but it was not generally believed that the score would be so much in Michigan's favor.

BIGELOW & CO. STATIONERY AND BOOKS.

Front St., Marquette.

ABSOLUTE FAITH.

You Can Depend Upon the Word of This Marquette Citizen.

She has had the experience. She has thoroughly tested the article. She found it as represented.

Mrs. Wm. Warren, 220 W. Jackson street, says: "I had a constant pain through the small of my back; at night I was very restless and could find no position to lie in that was comfortable and consequently rose in the morning feeling tired and worn out. The secretions from the kidneys were unnatural and greatly in excess. I also suffered from persistent headaches and had intense thirst, feeling as though I could not drink enough. I saw Doan's Kidney Pills recommended highly for just such troubles and I procured them from the Stafford Drug Store. The treatment promptly relieved me of the trouble."

For sale by all dealers, price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

Frequent bulletins were received here, and the rapid scoring of the Ann Arbor eleven in the early part of the first half satisfied everyone that the victory was safe enough. News of the game was received with the telegraph and telephone offices, and the result was generally known very shortly after the contest ended.

A very enjoyable entertainment was given last evening at the residence of D. H. Merritt, on Ridge street. An attractive feature was a short play in two acts, entitled "The Witch's Revenge," composed and performed by the Misses Helen Stevens, Carrie Van Evera, Ruth Stafford, Rhoda Williams and Master Breese Stevens. The Misses S. Williams, F. Mathews and A. Eldredge rendered a pretty selection with mandolins and guitar.

Some fifty Ishpeming youngsters, many of them not beyond the overall suit age, journeyed to Marquette yesterday. They were the Excelsior II and Peerless football teams, and their trains of "rooters" and their camp gear, to endeavor to maintain Ishpeming's prestige on the gridiron. In this they were unsuccessful, as Freddy Smith's team took the Excelsiors into camp to the tune of 11 to 0. The battle between the Peerless aggregation and Jimmie Cameron's team was a tie, although the Ishpeming lads had the ball inside Marquette's five-yard line when time was called. The little fellows took their games very seriously and worked like Trojans. They were played at the Fair grounds. Freddy Smith's team, which is known as the O. W. C.'s, is composed of boys ranging in age from eleven to fourteen, with an average weight of 100 pounds. The eleven will contest with the Strawberry Hill team at the Fair grounds next Saturday afternoon. The public is invited to attend.

BEEF MERGER ABANDONED.

Tight Money and Fear of Federal Action Cause Change of Plans.

Chicago, Nov. 27.—The merger of Chicago's beef packing firms has been indefinitely postponed. This is not ruinous; it is an authoritatively confirmed fact. Tight money, an uncertain condition of affairs in Wall street, and an underlying syndicate of packers have all combined to cause the postponement.

There are other reasons. Chief among them is the notice served in an unofficial way from the White House that the beef merger would certainly be attacked by the government if the movement it was launched. Again, the public pulse has been "felt" and found to be in no condition to absorb the \$200,000,000 common stock, largely of a liquid character, which the merger proposes to float.

For some time it has been an open secret that the three big packers have been loading themselves up with properties bought at high figures to be put in the combine at still higher figures. It has been known that the indebtedness incurred for promotive purposes is already enormous, the total being placed as high as \$50,000,000.

Employees Are Hard Hit. This confidence, assumed or real, that the promoters of the deal have hitherto shown in its immediate success is directly responsible for the "tragedies" in the finances of the packing house employees. The latter have felt that the opportunity of their lives to make enormous fortunes lay in buying Swift & Co. stock on margins.

The supposed opportunity was not allowed to go begging. They bought the stock with a vengeance, some of them paying as high as 160 and 165. Getting it on margins did not require much capital, so they took over as much as they could afford. If the combination had been effected the prices would have soared, and undoubtedly the fortunes of the employees would have been made. But a slump came, and with great distress. Many of the employees had invested all the money they had in the world, and to margin the stock down to keep ahead of the falling prices they were compelled to borrow capital. Several mortgaged their homes; others their advance salaries. The slump continued, and daily these small speculators were "shaken out." The mortgaged homes went, the labor of years was sacrificed. One employee, J. & Co., is known to have lost \$40,000, including a house that it had taken years to pay for.

Originally the combine was planned to be a \$500,000,000 corporation. There was to be \$200,000,000 preferred and \$300,000,000 common stock and \$100,000,000 5 per cent bonds. The latter securities were to be held for money advanced in purchasing outside plants. The profits of the underwriting syndicate, estimated at \$10,000,000, for which J. Pierpont Morgan and Kuhn, Loeb & Co. waged a battle royal, were to come off the bonds.

NOTICE TO THE PUBLIC.

On and after December 1st we, the undersigned dairymen, will deliver milk but once daily during the winter months. Respectfully yours, H. Vandenberg & Son, Anton Johnson, J. W. Rustenhoven, Christian Jensen, Mike Guelif, Gros Anderson, Claus Johnson, A. Quant, Peter Stuer, Peter Johnson, Anton Henrich. (11-25-1w)

WASHINGTON BANK FAILS.

Capital Savings, Managed Solely by Colored People, Is Closed.

Washington, Nov. 27.—The Capital Savings bank, the only institution of the kind in the city, which was managed exclusively by colored men, has closed its doors owing to heavy withdrawals of deposits. No statement of its assets and liabilities has been made, but the officials of the bank express the opinion that depositors will be paid in full. The capital stock of the bank is \$50,000. John R. Lynch, formerly a member of the house of representatives from Mississippi and later auditor of the treasury, is president of the institution.

CANNON'S ELECTION ASSURED.

138 Votes Pledged for the Illinois Candidate for Speaker.

Washington, Nov. 27.—Congressman James Mann of Chicago came to Washington today, and as chairman of the Illinois delegation reported that Congressman Cannon has 138 pledges from state delegations and individual members for speaker of the Fifty-Eighth congress. This is thirty more than a majority of the Republican caucus, and Mr. Mann is confident that it settles the contest. He predicts that Dabzell and Burton and Littlefield will withdraw before the holidays, and that the selection of Cannon for speaker will be by acclamation in the Republican caucus whenever it meets.

STRIKERS ASK INJUNCTION.

Want Corporation Restrained from Interfering With Them.

Vineland, N. J., Nov. 27.—On application of the Glass Bottle Blowers' Association of the United States and Canada, Vice Chancellor Grey of Camden has granted an order to show cause why an injunction should not be issued restraining the Jonas Glass company of Minot from interfering with the legitimate business of the strikers.

This is the first time in the history of jurisprudence that a labor union has asked for an injunction against a corporation. Without a precedent, the granting of the order asked for and which was served on the Jonas company today has at last brought before the courts the great question whether organized labor has the same legal standing as organized capital.

MRS. EDDY WRITES OF HER ORDER.

Christian Science Leader Tells of Inhibition Against Sentient Cases.

New York, Nov. 27.—The Christian Science Sentinel, the official organ of the cult, today publishes an editorial by Mrs. Mary Baker G. Eddy in which she explains in a number of ambiguous paragraphs why she issued an order for her followers not to endeavor to treat contagious diseases. In part, she says:

"Our faithful laborers in the field of science have been told through the alert editor-in-chief of the Christian Science Sentinel and Journal that Mrs. Eddy advises, until the public thought becomes better acquainted with Christian Science, to decline to doctor infectious or contagious diseases.

"When, under the protection of the state or the United States, Christian Scientists are arrested for manslaughter because one out of three of their patients, having the same disease and in the same family, dies, while the others recover, we naturally turn to divine justice for support and wait on God.

"Christian Scientists should be influenced by their own judgment in the taking of a case of malignant disease. They should consider well as to their ability to cope with the case and not overlook the fact that there are those lying in wait to catch them in their sayings; neither should they forget that in their practice, whether professional or not, they are not specially protected by law.

"It is known that the good young student, Mr. Lathrop, after he was prosecuted for practicing Christian Science, finished healing the cases of diphtheria which he had in hand, and statistics show that this science cures a larger percentage of malignant diseases than does materia medica.

"I call disease by its name and have cured it thus, so there is nothing new on this score. My Book, 'Science and Health,' names diseases, and thousands are healed by reading its name and learning that so-called disease is a sensation of mind and not of matter."

ROADS TO SPEND \$10,000,000.

Philadelphia, Pa., Nov. 27.—The directors of the Pennsylvania railroad and the Pennsylvania company have authorized improvements to cost more than \$10,000,000. The Pennsylvania Railroad company will expend nearly \$3,000,000 on improvements between this city and Harrisburg, which will include surveys for a new low-grade line from Cressville across Lancaster and Chester counties to a connection with the main line at Atglen, Pa., a distance of thirty miles. The Pennsylvania company authorized the expenditure of \$1,000,000 for improvements on the northwest system to be completed within the next two years. These will include the double tracking of the Fort Wayne between Pittsburg and Chicago.

MYRON HERRICK FOR MAYOR.

Cleveland, Nov. 27.—Colonel Myron G. Herrick, a millionaire and president of the American Bankers' association, is to be the Republican candidate for mayor of Cleveland to make the race against Tom L. Johnson. Such is the program outlined by the Republican leaders with the backing of Senator Hanna. If Herrick defeats Johnson he will be the logical candidate for governor of Ohio, it is said. Mr. Herrick does not wish to be mayor, but he does covet the governorship and is willing to enter the first race in order to qualify for the second.

The Madison Medicine Co. owns the exclusive right to manufacture Rocky Mountain Tea. Tea sold which is not made by us is a deception. Never sold in bulk. Always packages at 35c. Stafford Drug Co.

"I suffered for months from sore throat. Electric Oil cured me in twenty-four hours." M. S. Gist, Hawesville, Ky.

FALLING HAIR

Save Your Hair with Shampoos of CUTICURA SOAP

And light dressings of CUTICURA OINTMENT, purest of emollient skin cures. This treatment at once stops falling hair, removes crusts, scales, and dandruff, soothes irritated, itching surfaces, stimulates the hair follicles, supplies the roots with energy and nourishment, and makes the hair grow upon a sweet, wholesome, healthy scalp, when all else fails.

From Duluth, Superior, Ashland, Ironwood, Ontonagon, Houghton, the copper country and intermediate points	7:35 P. M.

**Ishpe-
ming and its Environs.**

ISHPEMING'S GREAT RECORD.
State Champions Have Played Nine Games With a Total of 328 Points.

This year's record of the Ishpe-
ming high school football team is, in many ways, better than those of previous seasons. Nine games have been played, with a total of 328 points for the blue, and with seventeen points to the credit of its adversaries. The Benton Harbor and Escanaba teams were the only ones that crossed Ishpe-
ming's line for a touchdown. Last year Escanaba had the honor of being the only upper peninsula team that scored on Ishpe-
ming, while the Kalamazoo eleven, which went down before the sturdy Henatti City chaps in state championship battle, scored twenty-one points. In that game Ishpe-
ming had twenty-eight points to its credit.

In the nine games this season the number of minutes consumed in actual play was 530. This would place the average time for each game at about ninety-seven seconds. In the first game of the season against Champion the time for each point scored was one minute and fifty-eight seconds; in the game against Gladstone, one minute and forty-four seconds; in the Hancock game, one minute and thirty seconds; in the West Superior game, forty seconds; in the Marquette game, fifty-six seconds; in the Escanaba game, six minutes and twenty-five seconds. The time for each point against Benton Harbor was just two minutes.

Next Year's Team.
Seven members of this year's team will finish their school work next June, so that next season's eleven will contain but four of the old players. Those who go out are Peterson, Bell, Brodine, Tallen, Barg, Connolly and Nelson, leaving Gill, Nichols, Tellefsen and Johnson remaining. A great deal has been said about Gill's eligibility to play on this year's team. This is his third season and he is eligible for another year according to the rules of the interscholastic association. It is not certain that Gill will care to play next year. He is a hard working boy, and his ambition is to assist his parents all he can.

It is a well known fact that he has held a position of high honor at the son house for the past year. So much to his credit, as there are not many boys who would work nights and attend school during the day. Gill has done this all year and he intends to continue his studies during the winter. He is a powerful player, and he will be a valuable man on next year's team, if he continues his school work. Gill was a target for the heavy men of opposition teams all this year and last. Many of the football players who have lined up against the local eleven have had the idea that if Gill were knocked out at the Ishpe-
ming team would stand up well during the remainder of the game. This is not so. The substitute who would have taken his place is fully as good a man in the line, and there would be very little difference in the team work.

Several of the team's opponents will give a good account of themselves next season, but all are very light. The average weight of the team will hardly reach the 135-pound mark, but the boys will play rapid ball. Bell and Peterson will be greatly missed, the former for his catching and the latter for his line bucking, coaching and generalship. Peterson is conceded to be the best posted captain and high school player in the north country. During the three years he has been at the head of the team he has never been found wanting. Bell's punting and various other pieces of freemen's paraphernalia, together with the numerous trophies the department has won at tournaments, were placed in conspicuous positions about the tables. The banquet was an excellent one and was very daintily served.

The universal opinion that the ball was a good man to go through the line held. The attendance would have been largely augmented if there had not been other attractions of a similar nature at Escanaba and Marquette that drew away a large number. The freemen are very well satisfied, however, with the financial results and feel amply repaid for their efforts.

FIREMEN'S BALL.
The firemen's annual ball, held Wednesday night at Anderson's hall, was a great success. One hundred couples tripped the light fantastic to the music of the Ishpe-
ming City band orchestra until an early hour in the morning.

At midnight the dancers adjourned to the Nelson House, where a banquet was served. The dining room was very prettily draped with red bunting, while the freemen's and various other pieces of freemen's paraphernalia, together with the numerous trophies the department has won at tournaments, were placed in conspicuous positions about the tables. The banquet was an excellent one and was very daintily served.

It is the universal opinion that the ball was a good man to go through the line held. The attendance would have been largely augmented if there had not been other attractions of a similar nature at Escanaba and Marquette that drew away a large number. The freemen are very well satisfied, however, with the financial results and feel amply repaid for their efforts.

GETS A BETTER POSITION.
J. H. Crane of Virginia, Minn., mining engineer for the Donora Iron company, recently went to Colorado, where he has a position with the Colorado Fuel & Iron company. Mr. Crane was very well known here, having been in the employ of the Cleveland Lake company for a long period. J. D. Gilchrist, the superintendent of the Colorado company, is a former Ishpe-
ming citizen, having lived here as a boy and until manhood. The following is the list of freemen and a man known here, having been in the employ of the Cleveland Lake company for a long period. J. D. Gilchrist, the superintendent of the Colorado company, is a former Ishpe-
ming citizen, having lived here as a boy and until manhood.

Greenway Shares the Honors.
Before departing for the lower peninsula Monday, Dr. G. J. Sweetland, Ishpe-
ming's coach, stated that he did not wish to assume all credit for bringing out this year's team. He said that John Greenway, an old Yale player, did splendid work in coaching the boys during the two weeks they were preparing to meet the Escanaba team in last Saturday's game. Mr. Greenway also worked with the boys earlier in the season. He is a first-class coach and his suggestions were always heeded. Dr. Sweetland said that much of the success of this year's team is due to Mr. Greenway and he desires that the value of his work be recognized by all. It is hoped that Mr. Greenway will manifest the same interest next year and all the regular coach in bringing out the team.

Team Will Be Home Today.
The boys and their friends who accompanied them will arrive home this afternoon at 4 o'clock. The team will be given a rousing reception. The mine whistles will be blown and an effort will be made to have every bell sounded for some minutes after the team arrives. It is likely that the Ishpe-
ming City band will be out. There will be a short parade through the principal streets of the city. All who have horns are asked to use them. Even cow bells will be permissible.

Many of the business people will decorate their places and every flag in the city will be flung to the breeze in honor of the victory. Citizens are urged to come out in their carriages and help swell the procession.

After making a circuit of the principal streets the boys will be taken to the auditorium of the high school, where there will be speeches by different persons, including the members of the team.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found to be the best remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to cure kidney trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Birmingham, N. Y. The regular fifty cent and Home of Swamp-Root, smaller sizes are sold by all good druggists.

ISHPEMING IN BRIEF.

C. F. Donahoe came up from Munising and spent Thanksgiving with his people.

Martin Johnson is here from Lorretta. He is the mining engineer at the Eleanor mine.

A large number attended the concert given last evening at the Salvation Army barracks.

R. C. Mann, auditor of the Cleveland-Cliffs Iron company, spent Thanksgiving in Ishpe-
ming.

Three Calumet men—John C. Vogel, Charles Ojala and William A. Keary—were here yesterday.

Thomas Bettison came back today from Rossland, B. C., where he had been for the last two years.

Water mains have been extended to Excelsior street and have been connected with the residences of George Martin and Martin Sullivan.

The fire department was called out yesterday morning at 9 o'clock. A fire broke out at the corner of First and North streets was responsible for the alarm.

Nearly three hundred Ishpe-
ming people attended the Brotherhood hall at Escanaba Thanksgiving eve. The train was crowded and not a few were compelled to stand.

The Catholic-Athletic club gave a party last night at the clubrooms. A large number of invited guests were present. Refreshments were served and the evening was very pleasantly spent in dancing.

Jacques Cartier tent, No. 767, K. O. T. M., will meet at the Finnish hall Dec. 4 to elect officers. After the election short speeches will be made both in the French and English languages. Visitors will be welcome.

The Bachelors' supper and entertainment at the Salisbury Methodist church last evening was largely attended. The Bachelors have given many very successful Thanksgiving entertainments in the past, but none were more pretentious than last night's function.

The funeral of Samuel Goodman will be held from the Swedish Lutheran church Sunday afternoon. Mr. Goodman was a member of the Sons of St. George and the obsequies will be conducted under their auspices. Rev. Stephen Polkinghorne will preach the sermon.

Work on the Methodist church is progressing very satisfactorily. The stators completed their labors Wednesday afternoon and the exterior of the building is now practically completed. The plastering is well under way and the steam fitting is also far advanced.

Saturday morning the teachers of the Grace church Sunday school will conduct a market at the Voelker building, on Main street. They will have for sale hot pasties, doughnuts, spice cakes, pound cake, mince pies, orange marmalade, pork and beans, and layer cakes.

The Knudrone show attracted a large crowd to the Ishpe-
ming Opera House last evening. The moving pictures are by far the best ever seen here. The coronation views were alone worth the price of admission. The company gives three more performances, remaining for two more nights and a matinee tomorrow afternoon at 2:30 o'clock.

STEPPED AGAINST A HOT STOVE.

A child of Mrs. Geo. T. Benson, who stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Kellar, Va. Pain Balm is an antiseptic liniment and especially valuable for burns, cuts, bruises and sprains. For sale by the Stafford Drug Co.

ANXIOUS MOMENTS.

Some of the most anxious hours of a mother's life are those when the little ones of the household have the croup. There is no other medicine so effective in this terrible malady as Foley's Honey and Tar. It is a household favorite for throat and lung troubles, and as it contains no opiates or other poisons, it can be safely given. People's Drug Store.

EVERYTHING...

Sauces, Relishes, Pickles, Olives, Preserves, Jams, Nuts, Raisins, Fresh Fruits and Fresh Vegetables.

J. SELLWOOD & CO.

TROCHET'S COLCHICINE SALICYLATE CAPSULES

Trochet's Colchicine Salicylate Capsules.
A standard and infallible cure for RHEUMATISM and GOUT, endorsed by the highest medical authorities of Europe and America. Dispensed only in spherical capsules, which dissolve in liquids of the stomach without causing irritation or disagreeable symptoms. Price, \$1 per bottle. Sold by druggists. Be sure and get the genuine. WILLIAMS MFG. CO., CLEVELAND, OHIO, Sole Props. STAFFORD DRUG CO., Marquette.

Upper Peninsula.

Hans Everson's team ran away at Ironwood, totally demolishing a \$1,400 hearse. The vehicle struck a water hydrant on Aurora street, breaking the iron spout completely off, and took a corner post out of Everson's Aurora street store building.

A fall of forty-five feet, striking on the hard rock, did not make Charles Griffin's head even ache. Griffin is a miner at the Cundin mine. He was at work in one of the stopes when he slipped over the edge. He was again at work in a few hours.

Each married man in the employ of the Chapin mine at Iron Mountain was given a turkey for Thanksgiving. The Northwestern Leather company of the Soo gave turkeys to the men of families in its employ and to each single man a dollar with which to "drink smoke or eat to the company's health."

Joseph Winn was buried alive while working in a new sewer in the Ironwood cemetery. The sewer was about ten feet deep and caved in without warning. Winn was dead when his body was recovered, although fellow workmen made heroic efforts to save him. He was sixty years old and leaves three daughters.

It is claimed that residents near the Chapin mine, at Iron Mountain, have kept themselves plentifully supplied with fuel and timber for sidewalks and other purposes during the past summer from the Chapin timber pile. It is said that at least fifty cords have been stolen. Investigation this week resulted in finding considerable of the timber and a number of arrests were made.

Dr. Christopherson of the Soo adds one to the fall crop of hunting stories. While on his trip this fall he met a hunter who had a tale of woe. He had killed his first deer and had hung it up in a camp which he went out for another try. When he returned he found the deer missing and pinned to the wall of the camp was an envelope containing \$2.50 and this laconic note: "From a Friend in Need."

A dastardly crime was contemplated at Iron Mountain the other night, when an attempt was made to blow up and set on fire the home of Steve Orloski, of Kent street, Ludington location. Several sticks of dynamite were set off on the front porch, but beyond making a loud noise, shattering the porch and badly frightening the family, which had been asleep, no damage was done. A day or two previous one of the Orloski boys had called on an officer about the neighborhood on a search for stolen mine timber, and to this fact is attributed the attempt to blow up the house.

The estimated consumption of hard coal by Sooites during the winter season is between 10,000 and 11,000 tons. The Union Dock & Coal company during the past two weeks has received 3,000 tons and has arranged for 2,000 tons more for early delivery. The Port Royal company and Frank Perry each expect a cargo of 2,000 tons before the close of navigation, making a total of 9,000 tons. Add to this the amount on the docks left over from last winter, and the fact that many who have here the coal used last week have arranged to burn bituminous or wood this winter, and the Soo should not suffer from a fuel famine, as was at one time feared.

Fifty German families will settle on farms adjacent to Iron Mountain in the next six months. They are now arranging for the purchase of land approximating 2,000 acres. The families are all members of a German society, who have for years been paying a monthly fee with the object of ultimately acquiring homes. The land is being purchased from J. A. Van Cleve of Marquette. It is situated in Homestead, five miles from Iron Mountain. The land will be divided into parcels and each family will erect a dwelling. Poultry farming will be the business in which these thrifty Teutons will engage, and as they are familiar with the business it is almost certain they will make their venture a profitable one. The advent of the new settlers will lend an impetus to the colonization of the district and may be looked upon as the beginning of a new era of the upbuilding of that section.

One of the main topics of conversation in Grand Marais for the past week has been the sudden disappearance of Charles Champlin, camp foreman for the Manistique Lumber company. On Saturday the 8th inst. he left camp, stating he was going to Seney to get a blacksmith. He was dressed in his working clothes, and left the camp for Seney via a short cut trail. He was last seen at Seney and has not been heard of since. Where he went from Seney, or what happened to bring about his disappearance, is as yet a mystery. Rumors of various character are afloat relative to his disappearance, some to the effect he has either met with foul play; been accidentally shot in the woods by a stray bullet from some hunter's gun, or was seized by a spell of ill-

ness while returning to camp and met his doom in the woods. Champlin had been employed by the Manistique Lumbering company for several years.

Prominent lumbermen, whose manufacturing interests on the Menominee river are on the decline, are investing in cut-over timber lands as a matter of speculation, feeling confident that real estate values in this country will develop rapidly. Robert F. Goodman, the well-known lumberman of Chicago, recently closed a deal for the purchase of a tract of several thousand acres of cut-over lands in the Menominee county. Most of the lands are situated along the river, can be cleared cheaply and will make excellent tracts for farming purposes. He bought these tracts with the purpose of offering them for sale later and to promote some colonization scheme. Mr. Goodman is not the first Chicago lumberman who has taken an interest in the Menominee county to the extent of making large purchases of property. William Kent, also of Chicago, some time ago purchased several thousand acres of cut-over lands in that county and will hold them for speculation and colonization purposes.

An exciting tale of the encounter of a boy and a buck deer comes from DeTour. Eugene St. Onge, a fourteen-year-old lad, went out to hunt rabbits with a gun loaded with small shot. He had not proceeded far before he heard a rustle in the woods and looking up chanced a large buck entering the clearing sniffing the air as if he knew an intruder was present. Both deer and boy discovered each other about the same time. The boy, not being prepared for war, decided to take to the tall timber when the deer, shaking its head on which were a magnificent pair of antlers, started on a mad run for him. The blood of the race from which Napoleon sprung began to boil in the heart of the little fellow, and, standing his ground, he raised his gun when the deer was but a few feet away and shot him almost in the face. The shot was a lucky one. The dose of bird shot struck the deer in the neck, bringing him to the ground. Before he could get up St. Onge seized a club and hit him over the head with it, putting him into a stupor. The deer, when dressed, weighed over 150 pounds.

Dr. J. F. Deadman is showing to visitors at the city treasurer's office at the Soo a photo of himself and his horse, Molly Spencer, in the Bone deer hunting camp on the Hendrie river. The doctor is an enthusiastic deer hunter, and though he wears an artificial leg as a souvenir of one of his hunts, he takes his annual outing just the same. Dr. Deadman is perhaps the only hunter in Chippewa county who goes hunting on horseback. Molly Spencer is as well trained in the sport as a team of sled dogs. It is a state when her master fires his rifle from her back. It is a well known fact to horsemen that a horse shows fright at the sight of a wild animal or of blood, in most cases, but Molly Spencer is an exception. The photo which was taken last week shows the doctor sitting on Molly's back and with a deer thrown across the saddle in front of him. He says the horse knows by her sense of smell of the approach of a deer and that when one is lit she starts at once to trail it in the woods. When Dr. Deadman went up to the Hendrie this fall for his annual hunt a party of lower peninsula hunters in the vicinity expressed the opinion that he could never hunt deer on horse back and that his infirmity would prevent his hunting on foot. The picture he has was taken just after he had forced the river to show the skeptics that he and Molly made a team that was hard to beat.

RHEUMATISM CURED IN A DAY.
"Mystic Cure" for Rheumatism and Neuralgia radically cures in one to three days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents and \$1.00. Sold by Frank Penell and all druggists. (10-7-220)

Low prices on storm sash. Consolidated Fuel & Lumber Co. (11-11-14)

Young men support themselves while learning a profession. How? See or write International Correspondence school. T. F. Price, Manager. (11-14-14)

PAINTING.

Is it Only a Fashionable Feminine Accomplishment?

In the novels of a generation or so back, fainting seems to be generally regarded as an accomplishment of a fashionable woman.

despises weakness, and all its symptoms. It may be taken for granted therefore that now-a-days if a woman faints it is because of genuine weakness that she cannot conceal.

WHY WOMEN FAINT. In general women who faint are more liable to do so at some special periods than at others, and the liability to faint is generally increased with the recurrence of the periodic womanly function.

"It gives me great pleasure," writes Miss Ella Sapp, of Jamestown, Guilford Co., N. C., "to thank Dr. Pierce for the great good received from the use of his Favorite Prescription."

"I received the 'Medical Adviser' and am much obliged for it," writes Mrs. Elmer D. Shearer, of Mount Hope, Lancaster Co., Pa. "I would not part with it if I could not get another in its place, as it is a help every woman should have."

Golden State Limited advertisement with illustration of a train and text describing its services.

WEAK WOMEN MADE STRONG.

Doctor Pierce's Favorite Prescription makes weak women strong and sick women well. It does not matter how great is the weakness or how chronic the sickness, "Favorite Prescription" may be used with the utmost confidence and assurance that it will cure and strengthen if the disease lies within the bounds of a medicinal cure.

"I suffered for twelve years with female trouble," writes Mrs. Milton Grimes, of Adair, Adair Co., Iowa, "which brought on other diseases—heart trouble, Bright's disease, nervousness, and at times would be nearly paralyzed."

There are hundreds of thousands of healthy women to-day who have been restored by "Favorite Prescription" to a happy, useful life after years of suffering, and years of useless medical treatment.

"The statement that Hill and the United States Steel corporation control the Mesaba ores is not a new thought, it is true. It has been known for some time."

"The article from which the Engineering News took this item intimated a possibility that the United States Steel corporation might buy out Hill's interests."

"I received the 'Medical Adviser' and am much obliged for it," writes Mrs. Elmer D. Shearer, of Mount Hope, Lancaster Co., Pa.

Rock Island System advertisement with illustration of a train and text describing its services.

Negaunee and Vicinity.

(Subscribers to The Mining Journal will please remember that carrier boys are not allowed to receive money on subscription account.)

END OF MESABA IN SIGHT.

Engineering Paper Makes Statement That Creates Comment.

Duluth and Mesaba range papers do not take kindly to the following statement, taken from the last issue of the Engineering News:

"The Mesaba iron ores, which last year furnished 32 per cent of the total iron produced, are said to be controlled by the United States Steel corporation and James J. Hill, who owns 85 per cent of the ore lands."

"There is said to be quite as much exploratory work in progress now as there has been at any time, and it is very probable that the experts who are conducting it are entirely correct in their throw money away on an endeavor to find iron when all the iron there is to be found has been located."

"The Mesaba range has been exhausted before," said a mining man this morning, "and this clipping is not the first attempt to show that its limits have been developed and that there was nothing beyond."

"This statement is said by mining men to be absurd. What the steel corporation wants is ore. The Hill interests cannot furnish it."

RUSSIAN MUSICIAN HERE.

Mr. George Wickholm, a native of Russia who has enjoyed a musical education in the conservatories of Moscow and St. Petersburg, is in the city, with a view to locating here if he receives the encouragement that his merits deserve.

WENT TO ESCANABA.

A large number of young people attended dances in other towns Wednesday night. Many went to Escanaba and ten to Marquette. The Escanaba train reached here shortly after six yesterday morning.

A STARTLING SURPRISE.

Very few could believe in looking at A. T. Hoadley, a healthy, robust blacksmith of Tilden, Ind., that for ten years he suffered such tortures from Rheumatism as few could endure and live.

LARGE UNDERTAKING.

L. E. Chaussee Will Move the Burtis Mill from Munising to Canada.

L. E. Chaussee has the contract for one of the most extensive operations of its kind that has ever been undertaken on this peninsula.

"The loss of the mill will be felt at Munising. It will remove an important industry and necessitate the removal of over 100 men and their families."

"We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of Indigestion, Dyspepsia, Biliousness, etc., and who has not been cured—and we also mean their results such as sour stomach, fermentation of food, habitual constiveness, nervous feelings, headaches, despondent dejections, sleeplessness—in fact any trouble connected with the stomach or liver?"

WANTED.

Michigamme.

LARGE TRACT OF GRAVEL.

Chicago & Northwestern Railway Co. Owns the Dishno Pit Near Here.

The Chicago & Northwestern Railway company recently purchased the Dishno gravel pit, a desirable property in view of the shortage of gravel at many places along the company's various lines.

"The gravel is loaded by steam shovel. One cut the entire length of the pit, which is nearly a mile long, was taken out, and the shovel is now working on the second cut."

"A shovel and train are at present working on the Dishno gravel pit. All the bridges on the main line in this end of the country are being filled in. The work will be continued as long as the weather remains favorable."

LITERARY SOCIETY.

A number of the school children hold membership in a recently organized literary society. One of its principal objects is to teach its members how to write.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces, such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them.

LATE SKATING THIS YEAR.

There was skating on Lake Michigamme this time last year. The ice formed on Nov. 23, when the search for the bodies of the four young men drowned twenty days before was abandoned.

FOR A BAD COLD.

If you have a bad cold you need a good reliable medicine like Chamberlain's Cough Remedy to loosen and relieve it, and to allay the irritation and inflammation of the throat and lungs.

MICHIGAMME PICK-UPS.

Turkeys sold here this week for eighteen cents per pound.

J. A. Johnson is building an addition to his barn at the rear of his business block.

The employees of the Beaufort mine and F. W. Read & Co. were paid one day last week.

The ladies of the Methodist church congregation served a fine supper at the Woodmen's hall Thanksgiving night.

Messrs. Miller and Hopkins, officials of the corporation which operates the Beaufort mine, were visitors in Michigan Monday.

W. W. OSBAND, MGR

HE HAS CHARGE OF AFFAIRS OF INSURANCE COMPANY.

NORTHERN MICHIGAN BENEFIT ASS'N

CORPORATION ASSURED OF A PROMISING FUTURE.

Its Business Has Been Growing Rapidly Since Its Headquarters Were Established Here—Many Branch Agencies.

The Northern Michigan Benefit association is a Marquette institution which exhibits a healthy growth and which, apparently, has a promising future.

The management of the association has lately been accepted by W. W. Osband, who has now full charge of its field work and general affairs.

The present officers comprise well known Marquette business men. They are: President and general manager, W. W. Osband; vice president, M. E. Asire; treasurer, George Barnes; secretary, H. J. Lobdell; attorney, M. J. Sherwood.

The general manager has offices in the Marquette County Savings bank block. The association is duly incorporated under the laws of the state and is chartered to do a general accident and health insurance business.

Health and accident insurance is fast becoming one of the most popular forms of insurance, for the reason that its moderate cost places it within the reach of all.

A novel feeling of leaping, bounding impulses goes through your body. You feel young, act young and are young after taking Rocky Mountain Tea.

RAILROAD MEN ATTENTION. All members of the several railroad organizations are requested to meet at Fraternity Hall Thursday morning, Nov. 27th, at 8 o'clock for the purpose of attending in a body, the funeral of our late brother, James Hetu.

TRAVELING MEN ENTERTAIN.

Their Ball at Fraternity Hall a Brilliant Event.

The Upper Peninsula council of the United Commercial Travelers entertained its members and friends at a brilliant ball at Fraternity Hall last night.

Fraternity Hall was fairly transformed by the conscientious work of the committee on decorations, and its new dress was the subject of many approving words.

A complimentary luncheon was served at the Hotel Clifton about midnight by Landford Sullivan. The menu included chicken and potato salads, sandwiches, wafers, coffee, tea, milk, cake and ice cream.

QUIET THANKSGIVING.

It Was Snowless, Wintery and Unusually Quiet.

Marquette passed an unusually quiet Thanksgiving yesterday. The weather was cold and wintry to a degree, but the snow, which some people freely prophesied Wednesday, failed to put in an appearance.

The churches attracted good congregations of worshippers in the morning. The churches were entirely suspended about the city.

The vacations will extend over today for the pupils of the city schools and the young people of the Northern Normal, many of whom left Wednesday for their homes.

OUDOTTE-RAYMOND.

Marriage Ceremony Performed at the French Church Wednesday Morning.

A pretty wedding was celebrated at the French Catholic church Wednesday morning at 9 o'clock, the bride being Miss Agnes Oudotte, daughter of John Oudotte, and the groom William Raymond.

Following the ceremony dinner was served the bridal party. A reception was held in the afternoon, attended by friends of the newly wedded couple.

Get a free sample of Chamberlain's Stomach and Liver Tablets at Stafford's drug store. They are easier to take and more pleasant in effect than pills.

PINE SLABS. Four-foot Pine Slabs delivered anywhere in city, \$2.50 per cord.

IS A UNIQUE PAPER

PRISON "PROGRESS" A VERY UNUSUAL PUBLICATION.

BOTH IN ITS SOURCE AND MATTER

FURNISHED FREE TO THE INMATES OF BRANCH PRISON.

For Support It Relies on the Outside Public—Its Introductory Announcement and Appeal for Subscribers.

"Progress," the newspaper published by the inmates of the Marquette branch of state prison, which was introduced to Marquette readers for the first time yesterday, attracted the curious interest of many people.

The contents of "Progress" exhibit a considerable range of comment, in which the writers of the different articles exhibit original opinions and considerable ability in phrasing their thoughts.

"Progress" makes its bow in the following paragraphs: "Progress," making its debut to the public with this number, is edited and printed by the inmates of the branch prison at Marquette.

"Progress," in a measure, will be a voice for the 'silent minority' (and it will speak with no forked tongue). The powers that be may pass laws and rules, but only the one actually experimented upon can fully realize their effects to a nicety.

"For none could point out with a surer hand the good and the bad points of the laws and measures affecting them. The question of how to dispose of the criminal is a burning one. It is recognized that simple restraint and punishment will not do, as it also leaves the prisoner a worse man after the expiration of his sentence than he was before.

"The mission of 'Progress' will not be in vain if it can impress here and there a sane and healthy philosophy of life and conduct upon some prisoner. Or cast some clear ray of light occasionally upon this dark phase of human existence, showing to people at large the actual effects resulting from divers penal laws and measures."

On the Jackson Outbreak. The editorial reference to the recent outbreak at Jackson merits particular attention: "Ancient that disturbance at Jackson one cannot help but wonder at the singular inability of some of the gents in

prison to perceive on which side their bread is buttered. Granted there was a grievance, yet has experience not demonstrated to prisoners 'ad nauseam' that nothing will make an evil thing worse in such a place with greater certainty than trying to rectify it by means of a riot? It always draws tighter the reins of discipline, curtails privileges and makes life unpleasant to all.

"Let us hope that this disturbance will not reflect unfavorably upon that large majority of the Jackson prison population who had nothing to do with it, and probably heartily condemn this outbreak. It is the writer's opinion that, if the foot killer would but visit these institutions occasionally, he could accomplish a large amount of good."

"Progress" appeal for support can best be summed up in its own words: "Wanted—Every progressive citizen in the state of Michigan as a subscriber to the Marquette Prison 'Progress.' It will give you an insight into the problems confronting the submerged 'minority,' and how you can help them, and incidentally society and yourself, by making laws which will tend to put them on their feet once more.

The contents of "Progress" exhibit a considerable range of comment, in which the writers of the different articles exhibit original opinions and considerable ability in phrasing their thoughts.

The contents of "Progress" exhibit a considerable range of comment, in which the writers of the different articles exhibit original opinions and considerable ability in phrasing their thoughts.

U. P. LOGGING NOTES.

News of the Passing Industry, Taken from the Exchanges.

D. A. Hapeman, formerly of Illinois, is erecting a saw mill at Sidway. He recently secured some large tracts of timber, sufficient to last him for several years.

Joseph Gauthier, of Baraga, has closed a deal for the purchase of a tract of timber near the Sturgeon river for \$18,000. There are 4,000,000 feet of pine, hemlock, cedar and hardwood.

The heirs of Aranzott Schmidt, of Detroit, Mich., have sold to Frank F. Tilton, A. B. Scott and Frank Filler, all of Detroit, several sections of timberland in Point Abay, in 42-30, Baraga county. The consideration was \$35,500.

The Calumet & Hecla Mining company has shut down its mill at Sheldrake and laid off fifty men. The company owns a tract of land on which there is over 170,000,000 feet of standing timber.

The Sparrow-Kroll Lumber company will log extensively this winter. Although the mill at Kenton is operated only six months in the year, operations in the woods continue the year round.

SOMETHING FOR NOTHING.

If any of our readers are troubled with constipation, biliousness, sick headache or indigestion cut out this notice, and present it at the People's Drug Store and they will supply you with a sample bottle of Re-Go Tonic Laxative Syrup free. Re-Go is a sure cure for these diseases.
