VENEZUELA TO PAY

IMPORTANT STEP TAKEN TO AVERT
THREATENED RUPTURE.

SECRET MISSION IS IN LONDON

HAS A PLAN TO SATISFY CLAIMS
AGAINST THE REPUBLIC.

Scheme Has Been Submitted for Approval
and There Is Hope That Vigorous
Action by Britain and Germany
Will Be Unnecessary.

London, Nov. 28.—The Associated Press learns that important steps were taken in London today with a view to satisfying all the financial and diplomatic claims for foreign powers and bondholders against Venezuela. It is maintained that if the contemplated action meets with approval, Germany and Great Britain will have no cause to take the vigorous steps now contemplated.

The details of the suggested settlement have not been communicated to the European government as yet. Their gist will be made known first to the United States, probably tomorrow. The medium of such communication is one of the most important Anglo-American bankers. Venezuela's propositions were mentioned to Ambassador Choate today, but pending the result of direct representations at Washington no action will be taken by the embassy toward suggesting that Venezuela be given time to submit her proposals.

Envoys of Castro in London.
The new development in the crisis, which is regarded as hourly growing more serious, is due to the arrival in Europe of a secret delegation from the Venezuelan government empowered to deal with the outstanding liabilities of the republic. Until a suitable plan could be arranged, it was considered inadvisable to communicate with the foreign ministers at Caracas, with whom the relations have become so strained. Such a plan has now, in the belief of the delegation, been arrived at and unofficially, through an Anglo-American banker, the attitude of the United States will be ascertained. Besides, the state department will be put in position to be able to judge of the value of Venezuela's offer and her good faith in the matter.

It is explained that President Castro has hitherto had no opportunity of taking up the question of national finances, but while he himself was engaged in suppressing the revolution he sent to Europe the secret delegation referred to, with a view of accomplishing what was regarded as impossible of execution at Caracas. Secrecy was regarded imperative in view of Castro's belief that if it had been known that Venezuela contemplated a new financial settlement he would have been inundated with claims of every description and the dealings with the bondholders would have presented many more difficulties.

Not a Move to Gain Time.
The details of the plan, which will be communicated to the state department, are carefully guarded, but the Associated Press is in a position to announce that the main feature is the unification of all outstanding government and government guaranteed loans upon a basis of security much greater than has been hitherto offered.

It is strenuously denied that the present movement is due to any desire on the part of Venezuela "to spar for time" with Great Britain and Germany, and in proof of this it is pointed out that the secret mission left Venezuela before her relations with Great Britain and Germany had assumed their present acute aspect. Should the United States give its moral support, the plan will be submitted to American bankers. The Venezuelan delegation believes it is not too late to secure the necessary facilities from Europe to bring about a settlement satisfactory to all parties concerned.

Invaders from Colombia Badly Defeated.
Caracas, Nov. 28.—The Colombian invaders under Generals Garibair and Espiridion Morales after several defeats, have been obliged to retreat from the front. They left numerous prisoners in the hands of the Venezuelan troops, among them Chief of Staff Brieno, who was abandoned in a wounded condition, also a quantity of ammunition.

BANNOCKBURN NOT ASHORE.
Rumor Missing Steamer Has Been Located Is Discredited at the Soo.

Montreal, Nov. 27.—Manager Tuttle of the Montreal Transportation company, today received a dispatch stating that the steamer Bannockburn is on shore on the mainland north of Michipicoten island.

Sault Ste. Marie, Nov. 28.—The report that the steamer Bannockburn has been reported by a down-bound vessel to have been sighted ashore on Michipicoten island, was disproved today by the steamer Strathcona. Her captain reported that he passed within four miles of the island and saw no boat ashore.

ALONGSIDE ROBERT E. LEE'S.
Portrait of Lincoln to Be Hung in the Mississippi Hall of Fame.

Jackson, Miss., Nov. 28.—A portrait of President Lincoln will be placed in the Mississippi hall of fame. The picture will be furnished by Robert T. Lincoln in response to a request and will be placed alongside that of Robert E. Lee.

UNITED KINGDOM CLOSES PORTS.

Imports of Cattle from the New England States Are Prohibited.

Will Cause Heavy Loss.
Boston, Nov. 28.—Dr. Samuel E. Bennett, inspector of the United States bureau of animal industry, said today regarding England's action in closing the ports against New England cattle:

"The British government would close her ports to all our ships on a slight pretext. All they would look at is that there is foot and mouth disease in the United States. It makes no difference whether the cattle are herded in Massachusetts, Kansas or Iowa. The embargo will probably mean great loss to American exporters of livestock.

"It was only a short time ago that the Argentine republic was shipping a great many cattle over to Liverpool. A number of ships were on sea, but word was carried ahead of them that there was cattle disease in Argentina and when the vessels got there they found every British port closed against them. Those ships had to put to sea, slaughter the cattle in mid-ocean and throw them overboard. The ports were closed to them for three years. Three years would mean a loss of upwards of two million head in the export of cattle from ports of the United States."

J. A. Hathaway, one of the largest exporters of cattle in the country, who controls several stock yards, considers the order of the secretary of agriculture forbidding the exportation of cattle from New England a very serious blow to dealers in livestock. In response to an inquiry he tonight received from Washington notice that the cattle on hand at his Watertown yards and those at Sift's Somerville yards could be moved immediately. They were shipped tonight.

FEDERAL DECISION PERPLEXES.

Numerous Iowa Cities Affected by Ruling in Water Works Case.

Des Moines, Ia., Nov. 28.—Attorney General Mullen stated tonight that while no action has been taken by the executive council, the state would probably seek to intervene in the Ottumwa waterworks case on its appeal to the United States supreme court.

In this case the United States court of appeals at St. Louis held that the contract entered into by Ottumwa for the erection of a water works plant and the purchase of the land on which it was to be erected, was void upon city districts by the Iowa constitution, although the Iowa supreme court had previously held such debt was not created under the conditions of the contract.

Mr. Mullen said he could not understand how the decision of the court of appeals could stand when the only question involved was the interpretation of a section of the Iowa constitution. In an interview at Dubuque today, United States District Judge Shiras said he considered the decision of the court of appeals remarkable, although he did not care to discuss it until he had opportunity to read the full opinion.

A number of Iowa towns and cities, including Cedar Rapids and Ottumwa, are interested in the case as, if the federal court's ruling stands, these cities will be unable to carry out existing plans for the construction of water works.

SEVERAL PASSENGERS HURT.

Wreck of the St. Louis Flyer Caused by Broken Rail.
Indianapolis, Nov. 28.—In the wreck of the St. Louis flyer on the Big Four, derailed at 1:30 o'clock this morning at a high embankment west of Avon, six miles east of Danville, three passengers were seriously injured and a dozen or more slightly hurt, none fatally. The train, running at high speed, struck a broken rail. The entire train except the engine and two mail cars left the track and the rear sleeper, containing five persons, rolled down a bank twenty-five feet high. The other coaches were overturned, but did not go down the embankment. All the passengers were put in the mail cars and taken to Danville, whence they continued their journey west, all being able to travel.

INDIANS AT WHITE HOUSE.

Members of the Carlisle Football Team Call on President.
Washington, Nov. 28.—President Roosevelt today received the members of the Carlisle football team, which defeated Georgetown yesterday. The Indians were introduced individually and the president had a pleasant word for each, asking him about his tribe or some famous Indian chief.

To one the president referred to the Carlisle-Harvard game. The Indian, who was a Sioux, said they had been defeated, 24 to 0. "That was better than Harvard did with Yale," observed the president, smiling.

Another strapping big fellow, whose eye showed the result of a bad collision, in response to the president's interrogation said that he played left tackle.

HOLBROOK IS BOUND OVER.

Ex-State Senator to Be Tried for Attempting to Bribe a Juror.
Lansing, Mich., Nov. 28.—Ex-State Senator Holbrook was tonight bound over for trial on the charge of attempting to corrupt a juror in the case of Colonel Eli R. Sutton, who two years ago was acquitted of the charge of complicity in the military board scandal.

ROBBED FOR YEARS

CITIZENS OF ST. LOUIS HAVE BEEN
MERCILESSLY PLUNDERED.

GRAND JURY'S REPORT SENSATIONAL

SAYS EXPOSURE OF CORRUPTION IS
GREATEST WORLD HAS KNOWN.

City Officials Concerned in the Boondoggery
Are Severely Censured and Change
in Election Laws Is Advocated
—Gross Frauds at the Polls.

St. Louis, Nov. 28.—The October grand jury submitted its final report this evening and adjourned. The report is sensational in the extreme, advocating a sweeping reorganization of the city government, severely criticizing the city officials who have been connected with the boondoggery case, and charging fraudulent voting was issued against four men and a number of other indictments were returned against parties whose names were kept secret because they are not yet in custody. The report, in part, says:

Public Treasury Plundered.
"The citizens of St. Louis have learned with shame how they have been mercilessly robbed for years. We have, for the past nine months, been regaled with the greatest exposure of corruption the world has ever known. We believe the people have been awakened and that public conscience is quickened, and we feel gratified the law is being vigorously enforced and due and proper punishment is being meted out to these public plunderers."

"We have spent some time in an investigation of crimes against the ballot. While it is clear many frauds have been perpetrated, the difficulty in procuring direct testimony is very great. Corrupt and incompetent men were appointed as judges and clerks of election in a number of precincts which are controlled by the baser elements of the community, and the bargains made by ward and precinct bosses were carried out by these plant tools."

Boodler Surrenders for Trial.
Philadelphia, Nov. 28.—Charles F. Kelly, former speaker of the house of delegates of St. Louis, who reached New York from Europe today, was arrested here this afternoon on a fugitive warrant charging him with perjury and embezzlement. Kelly said he was on his way to St. Louis to face the charges.

SPARK STARTS CONFLAGRATION.

Destructive Fire Raging in Lumber and Ship Yards at Norman, Ont.
Rat Portage, Ont., Nov. 28.—A spark blown into a pile of cedar started a destructive conflagration today in the Rat Portage Lumber company's yards at Norman, Ont. Twenty-five million feet of lumber have been burned, and LeMay's ship yards, six steamboats, two barges and eleven houses have so far been destroyed. Desperate attempts are being made to prevent the flames reaching the residence portion of town.

Later—A number of wooden structures in the path of the fire were destroyed and the progress of the flames were checked. A dozen houses and barns were destroyed. The lumber yards are great masses of glowing embers, but there appears to be no fear of a further spread of the fire. No accurate estimate of the loss can be secured tonight.

POLITICAL STIR IN CUBA.

Leader of the Nationalist Party Is Ousted from the Cabinet.
Havana, Nov. 28.—The cabinet tonight unanimously accepted the resignation of Secretary Tamayo. The Republicans are jubilant at the practical removal of the president of the Nationalist party from the most important cabinet position and claim that this step means the breaking up of the party.

It is understood that Secretary of State Zaldo threatened to resign unless President Palma accepted Tamayo's resignation and intimated that the secretaries of finance and public works would go out with him.

Palma and Tamayo have been close friends, and it is rumored the president will provide the latter with a position in connection with the work of sanitation. Senor Zaldo may succeed Tamayo in the cabinet.

HARSH WORDS FOR AMERICA.

Berlin Paper Says Rumanian Jews Are Better Off Than Negroes Here.
Berlin, Nov. 28.—The Kreuz Zeitung, discussing Ambassador White's recent letter regarding the treatment of the Hebrews in Roumania, says it is to be recommended that the ambassador remove the mole from his own eye before removing that from his neighbor's. The Roumanian Jews, says the paper, are far better situated than the American negroes. They are not treated with the same contempt and do not suffer lynch law, nor are Jewish funeral processions in Roumania mobbed as in New York.

BIG SUM GIVEN STRIKERS.

Mine Workers Have Donated Over \$2,000,000 to the Anthracite Men.
Indianapolis, Nov. 28.—It was officially announced today that when the mine workers meet in national convention here in January, Secretary Wilson will report the amount of money given by them for the strike. It is understood the total was over two million dollars.

COL. MOSBY GIVES WARNING.

Cattleman's Fences in Nebraska Must Come Down or Blood Will Flow.

Omaha, Nov. 28.—Colonel John S. Mosby, special land agent for the government, who has been called here to testify before the federal grand jury now in session, says:

"There will be bloodshed in Nebraska over that fence matter before it is done with, but I propose to have the fences torn down if I have to send a cavalry force there to do it."

"President Roosevelt," Mosby continued "has assured me that the fences would be removed. He said, 'This thing must stop or there will be bloodshed over it.' And the president knows just as much about this Western land question as any one in the country, too, for he lived in the West a number of years."

"Just as soon as I get through this grand jury work here, I will go on to Alliance and look after the Standard Cattle company. That firm probably has more land fenced in Nebraska than any two other people, and I must look into it."

HORRIBLE BARBARITIES.

Macedonian Peasants Being Shockingly Tortured by Turkish Troops.
Constantinople, Nov. 28.—Mail advices from Constantinople, under date of Nov. 24, says:

"In spite of official denials, the porte has adopted barbarous methods of crushing the Macedonian peasants. Winter has set in and the danger from revolutionary bands is over, yet the Turkish authorities seem to think the time has come to act. In the face of promises of free pardon to those who returned to their homes, Christian villagers have been shockingly tortured to make them betray alleged concealed depots of arms or give information regarding the working of the Macedonian committees. The bastinado has been frequently employed until the victims have been crippled for life, their feet being beaten to a pulp by Turkish soldiers. Peasants were also hung by the heels to the ceiling and boiling hot eggs were put in their arm pits. Even priests were not spared, while the troops openly plunder the peasants, who are being driven to despair."

RUSSIA WOULD ARBITRATE.

Makes Answer to Great Britain on the Sugar Bounty Question.
St. Petersburg, Nov. 28.—It is officially announced that Great Britain is the only power that has replied to the Russian note regarding the sugar conference. Great Britain's reply hoped the Russian government would still signify its adherence to the Brussels convention, but if not, Great Britain would be compelled to impose a retaliatory duty on Russian sugar provided the international commission decides a sugar bounty exists in Russia.

The Russian government has replied to Great Britain's note, declaring that such action would be an infringement of the Anglo-Russian commercial treaty of 1859, and maintains it did not take part in the Brussels conference because it wished to assure itself of full freedom to adopt domestic measures for the regulation of the Russian sugar industry. The Russian reply concludes by offering to submit the question of sugar and all other goods to The Hague arbitration court.

MAKES THEM MILLIONAIRES.

N. K. Lonstorf and Associates Again Win in the Famous Sugar Case.
Minneapolis, Nov. 28.—Judge Lovgren of the federal district court, today decided that F. W. Eaton and his associates are entitled to the eighty forty acres of the famous Section thirty, situated near Ely, Minn. This section is rich in iron ore and the decision makes the successful litigants millionaires, as the United States supreme court six months ago confirmed their title to 920 acres in the same section. The land has not been improved, but iron mines surround it on every side. The litigation has occupied more than a dozen years. In the case decided today the Midway Iron company is the defeated litigant. Association with Eaton are R. H. Fagan and Leonidas Merritt of Duluth and N. K. Lonstorf of Milwaukee.

FLORENCE BURNS IS WEDDED.

Brooklyn Girl Accused of Killing Sweetheart Figures in Secret Marriage.
New York, Nov. 28.—Florence Burns, the young Brooklyn woman who was accused and later exonerated of the murder of her sweetheart, Walter Brooks, in a hotel in this city some months ago, was married last week to Charles W. Wildrick. The marriage was kept secret until today.

Wildrick is a son of Lieutenant Colonel Abram C. Wildrick, United States army, who died in 1894. He was arrested last April, charged with passing a bad check at the Hotel Gerard, where he had been accompanied by Mabel Strong, a wealthy young woman of Cleveland, Ohio. Miss Strong's father came from Cleveland to look after her, but she would not leave her while Wildrick was in prison. She was removed to a hospital, where she died shortly after of quick consumption.

ADOPTS THE PENSION PLAN.

Union Pacific to Distribute \$300,000 Yearly Among Old Employees.
Omaha, Nov. 28.—The Union Pacific has decided to retire old employes on pension. The plan will involve an annual distribution of over \$300,000 and is intended to cultivate closer relations between the railroad and its employees.

J. L. SULLIVAN BANKRUPT.

New York, Nov. 28.—John L. Sullivan, formerly heavy-weight champion pugilist of the world, filed a petition in bankruptcy in the federal court today.

ROW IN REICHTAG

SESSIONS ARE AGAIN MARKED BY GREAT DISTURBANCE.

SITTING OF HOUSE SUSPENDED

IS FIRST TIME DISORDER HAS FORCED ADJOURNMENT.

Protests by Socialists Against Passing the Tariff Bill Without Debate the Cause of the Stormy Scenes—Are Upheld by the Press.

Berlin, Nov. 28.—There were stormy times again today in the reichstag. After a quiet afternoon Dr. Bachem, centerist, took the tribune and threatened the Socialists with more strenuous parliamentary measures, whereupon the Socialists members rushed forward as if intending to storm the tribune and President Von Balleström put on his hat and left the chair, suspending the sitting at 6:15 p. m. The session was resumed at 7 o'clock.

This is an unprecedented occurrence for the reichstag to suspend a sitting owing to disorder. The house was discussing a motion of Baron Von Kardorff, representing the majority parties, to vote the second reading of the tariff bill as a whole, without paragraph discussion as contemplated by the rules. The minority would thus be unable to long delay the final vote and were furiously indignant at what they called a "parliamentary coup d'etat" and a complete suppression of the rights of the minority.

At the evening session Dr. Bachem attempted to resume his speech, but the Socialists raised such an uproar he had to discontinue and the house adjourned.

Bitter Comment by the Press.

The Liberal papers, discussing yesterday's proceedings in the reichstag, emphasize the gravity of Baron von Kardorff's proposal to pass the tariff bill without a discussion of the details. Even the National Zeitung, the chief organ of the National Liberal party, says "it is a parliamentary coup d'etat" and expresses amazement and indignation to find the names of the National Liberal leaders, Sattler and others, attached to Baron von Kardorff's motion. The Tageblatt and Vossische Zeitung characterize the proposition as revolutionary. The Tageblatt calls yesterday "black Thursday."

Baron von Kardorff's motion provides that the house shall vote the bill en bloc, but embraces certain reductions upon the government's figures for agricultural implements and machinery averaging from 15 to 25 per cent.

Compromise on Tariff Measure.

The compromise on the tariff bill, said to have been agreed upon at a conference between Chancellor Von Buelow and the leaders of the majority parties in the reichstag, is, according to Germania, as follows: The minimum duty on malting barley is raised to a dollar; the minimum duty on cattle and meat is abandoned under conditions to be hereafter announced; certain duties on manufactures are reduced, and the surplus derived from the duties on foodstuffs are to be applied to an insurance fund for widows and orphans.

Chancellor Von Buelow and Home Secretary Von Posadowsky have at various times pronounced such changes in the tariff bill as acceptable to the government. The indications are that after the adjournment of Baron von Kardorff's motion some days will elapse before the final vote on the second reading of the tariff bill is reached. The Socialists and Radicals will attempt to graft many amendments upon the compromise scheme, which may keep the house voting for weeks.

TWO DIE IN DUEL OVER WOMAN.

Kansas City, Nov. 28.—At Armourdale today, Ernest Damms and Charles W. Tucker, packing house employes, fought a pistol duel over a woman. Damms was mortally wounded but before he died he shot Tucker twice, fatally wounding him. Tucker had met Damms and the woman on the street and without warning fired two shots at him, the wounded man returning the fire as he lay on the ground.

NEW WAR THREATENS IN HAYTI.

Port au Prince, Nov. 28.—General Nord, who is at St. Marc with ten thousand men, has sent an ultimatum to the government, demanding the invalidation of the election of deputies who are members of the Firmin party. If the chamber refuses to cancel the election of these deputies, another civil war is probable.

Father's Prediction Son Would Die Before Aged Thirty Comes True.

Omaha, Nov. 28.—Michael Shields, chief electrician at Armour's packing plant at South Omaha, was found dead this morning, his hands grasping a bunch of live wires. Shields' father died several years ago and on his deathbed predicted that Michael would not live to be thirty years of age. He would have been thirty next Sunday.

TO ABOLISH TAX ON PROPERTY.

West Virginians to Make Professional Men and Firms Support State.

Parkersburg, W. Va., Nov. 28.—West Virginia is about to take a radical step in the matter of taxation. The state tax commission, appointed by the governor under an act of the last legislature for the purpose of suggesting a new method of taxation, has formulated its report. The principal feature of this is the recommendation that all taxes on real and personal property for state purposes shall be abolished.

The taxation of property has hitherto been the basis of the state's revenue, but the proposition, which will probably be adopted by the legislature, is to let all property go tax free and to raise all that is needed for state purposes—nearly \$1,000,000 a year—in other ways.

License taxes are to take the place of taxes on property. The production of coal and oil, which are among the principal industries of the state, are to be taxed. A tax of a third of a cent a ton on all coal produced in the state is recommended. A tax on the oil produced and the natural gas taken from the earth is to be levied in giving the necessary income.

Taxes on charters issued to corporations and annual license taxes on corporations will help to spell the state's revenues. The taxes now assessed on brewers, distillers and liquor dealers will be raised and license taxes will have to be paid by lawyers, doctors, dentists, embalmers and men in other professions.

RECIPROCITY ITS SLOGAN.

Chicago, Nov. 28.—Reciprocity primarily with Cuba and Canada and eventually with the civilized world is the result aimed at by the National Non-Partisan Reciprocity league, now sending invitations to its first convention, to be held in Detroit Dec. 10-11. Governors of the Canadian cabinet, members of the Canadian parliament, boards of trade and similar organizations are expected to be represented.

THREE KILLED WHILE HUNTING.

Kansas City, Nov. 28.—Harold H. Merrick, aged fourteen, a high school student of this city, accidentally shot and killed himself today while hunting. James Gist, aged fourteen, was shot and killed today at Oxford by his brother while hunting. The fourteen-year-old son of H. N. Boyd of Belleville, Kan., was also accidentally killed while hunting.

CONFERS DEGREE ON DR. LORENZ.

Chicago, Nov. 28.—The honorary degree of doctor of laws was conferred upon Professor Adolph Lorenz, the noted Vienna physician, by Northwestern University tonight. The ceremony was held in the new art and science building and was witnessed by the trustees, faculty and several hundred invited guests.

WISCONSIN TOWN SCORCHED.

Weyauwega, Wis., Nov. 28.—Fire today destroyed the general store of Loos & Co., Uitermark Brothers, hardware and Weedburner & Co.'s bank. The loss is \$40,000. The entire town was threatened with destruction, but the arrival of a fire engine from Waupaca prevented the fire from spreading.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

"BIG NINE" BARS ENTRY.

Nebraska and Notre Dame Not Admitted to College Conference.

Chicago, Nov. 28.—The applications for membership in the college conference made by Notre Dame and Nebraska were rejected by the representatives of the "big nine" at the annual meeting here today. This action was rather unexpected, as it had been understood that Nebraska had backing her such allies as Stagg of Chicago and Jones of Minnesota. Nebraska's winning football team this season was supposed to be a strong card in favor, while Notre Dame hoped to get in because of her adherence to the conference rules this year. Both, however, shared the same fate.

Make Merry at Gridiron Fest.

The faculty representatives of the "big nine," coaches of the football teams and some of the best known valedictorians and athletes were the guests of the Chicago Press club tonight in a "gridiron fest" and dinner. Captains Flynn of Minnesota and Stahl of Illinois, Coaches Huff, Holt, Williams and Stagg and other sang football songs and faculty leaders of the "big nine" told about the work of the annual conference, respectively speakers from the colleges were Professors Jones, Minnesota; Lane, Michigan; Long, Northwestern; Stagg, Chicago; Barton, Illinois; Moran, Purdue; Waldo, referee of the conference; Coach McLean, Knox; Dr. Williams, Minnesota, and President Carr of the Press club.

STORM SASH.

Now is the time to order. F. W. Read & Co. (10-23-14)

TRADE CONTINUES LARGE.

Activity Still Reported in All Lines and Factories Are Depleted With Orders.

New York, Nov. 28.—R. G. Dun & Co.'s Trade Review for this week to-morrow will say:

"The jobbing and wholesale trade has been fully maintained during the past week, and manufacturers have orders far ahead. The gross earnings of the railways are fully maintained, for November thus far exceeding last year's by 6.3 per cent and those of 1900 by 16.4 per cent, while it is anticipated that the higher freight rates will offset the advances in wages, sustaining the net earnings."

"The inquiry for pig iron have become more urgent as the scarcity grows more acute. Furnaces are added to the idle list when there is full occupation for every plant in the country, but the fuel shortage is not perceptibly improved. The pressure is less severe in the various finished lines, aside from structural steel and railway equipment. Numerous projected additions to mileage, improved terminals and increased rolling stock insure activity at the shops for months to come. Silver bullion has fallen to much the lowest price on record."

"A firmer tone prevades the market for footwear and orders are coming forward for spring goods. There is still no inclination to place large orders for distant delivery of cotton goods, but the steady current demand fully absorbs the limited stocks and buyers are compelled to hunt for desirable lines of staple cloths. The letter tone that appeared some weeks ago in yoolens has finally caused a moderate advance in staple lines for spring."

Bradstreet's Summary.

"Warm weather has been, in some sections, the only apparent drawback to distributive trade, but the lowered temperatures and the early holiday buying have tended to minimize this deficiency. That a large, in fact unprecedented, holiday demand will develop, is confidently predicted, all sections of the country sending this report. Wholesale trade as a whole is in excess of a year ago, and comfortable increases are expected to be finally shown in nearly every department of trade. General industry is active, the country over, and manufacturers and producers are being still urged to push to deliver on orders booked some time ago. The collections are in the majority of cases still good, the exceptions noted being the effect of the mild weather in the Northwest and too much rain in Texas."

The wheat marketing (four) exports for the week ending Nov. 27 aggregated 4,180,000 bushels, against 5,117,000 in this week last year; since July 1 they aggregate 111,042,000 bushels, against 127,819,000 last season. The corn exports aggregated 255,000 this week, against 631,000 last year, and for the fiscal year 2,707,000 bushels, compared with 19,154,000 last season.

"The total bank clearings at the principal cities of the United States for the week were \$2,032,401,237, an increase of 3.8 per cent compared with the corresponding week of last year."

STOCKS DULL BUT FIRM.

Closing Prices Are Higher Despite Unfavorable Developments.

New York, Nov. 28.—The prices of stocks closed today considerably higher than on Wednesday, in spite of some rather unfavorable developments, and the continuance of some apprehension over monetary conditions. The advances were attributed to some extent to the demand from short interests to cover. Today's trading was dull, as is shown by the fact that the total transactions did not exceed half a million shares. The most notable demonstration of the day was in Louisville & Nashville, which was lifted nearly 7 points, carrying with it Southern Railway and Illinois Central in sympathy. The movement was unexplained except on the ground of the comparisons contained in a recent circular.

HAVE YOU GOT RHEUMATISM?

A Common Sense Remedy.

The quickest, safest and altogether the best way to stop Rheumatism and Gout, drive out the impurities of the blood, is to use the famous Gloria Tonic. It is a strictly scientific discovery of nature's most wonderful blood purifying properties and shows right to the seat of the disease and removes the cause. This is the reason why it has cured so many thousands of deprecant persons, whom no other remedy would either cure nor benefit. You know yourself that when your blood is pure, blood disease and Rheumatism can not exist.

Don't spend your life in bodily torture, waiting for some unknown remedy to take effect. Take a complete course of Gloria Tonic at once and you will soon have freedom of body and mind. Gloria Tonic is a common sense remedy—it removes the cause of disease, thus it is not like a liniment which only treats the symptoms.

Take it when your muscles are sore and stiff, the joints dry and painful and refuse to act, and the entire body feels like a sore. Gloria Tonic will cause nature to re-adjust herself at once.

Gloria Tonic sells at all leading drug stores at \$1.00 a package. Big illustrated book on rheumatism, testimonials, etc., all mailed free. Address, JOHN A. SMITH, 824 Germania Bldg., Milwaukee, Wis.

of the investment value of Louisville as compared with other dividend-paying stocks. The movement in Sugar continued all the earmarks of a campaign against the shorts, and an urgent demand at the last carried the price up over 5 points. Manhattan was very active, but fluctuated narrowly and showed the effects of realizing. The strength of St. Paul was due to expectation that the directors would act on their authority to issue new stock at today's meeting. The stock ran off on the adjournment of the meeting without action.

These various centers of strength helped the general advance in the market, which reached a point or more in a long list of stocks. The market receded when the call money rate advanced 6 per cent in the late dealings, but rallied again and closed steady under the influence of the spurt in Sugar. Closing prices, as reported by Paine, Webber & Co., were as follows:

Sterling exchange continued firm, but the retention of the 4 per cent discount rate by the Bank of England had a favorable effect.

CHICAGO GRAIN MARKETS.

Chicago, Nov. 28.—There was a good trade in wheat today. The market was stronger early, but toward the close the prices receded sharply and the closing was 1/2@3/4 lower. The cables were indifferent, the movement was large and the weather was fairly favorable, but buying by a long interest was the chief factor in causing the early upturn. Considerable December was on sale at the advance. Liverpool was 1/4 lower to 1/2 better at the close. Eleven boatloads were taken on the coast. Selling of May by commission houses about 7 1/2 was a feature, part of the same credited to a local long interest and the Northwest. Modern Miller was moderately bullish. December opened at 74 1/2@75; highest, 75 1/2; lowest, 74 1/2; closing, 74 1/2.

Corn was fairly active; it was strong-

CONVENES MONDAY

MUCH BUSINESS FOR DECEMBER TERM OF CIRCUIT COURT.

JUDGE STONE WILL PRESIDE

CRIMINAL DOCKET CONTAINS SIXTEEN UNIMPORTANT CASES.

They Are Mostly Violations of Liquor Law by Neagaunee Men—Their Disposition Will Not Take Much Time.

Circuit court will open Monday for the regular December term with Judge Stone presiding. The term promises to be busy, as the calendar is rather heavy, although it contains no cases of particular note, or importance.

The criminal docket contains sixteen cases, as follows:
People vs. Julius Lahti, violation of the liquor law; People vs. Julius Lahti, violation of the liquor law; People vs. Jonas Kangas, violation of the liquor law; People vs. Jacob Salo, violation of the liquor law; People vs. Isaac Isaacson, violation of the liquor law; People vs. John Nesbitt, violation of the liquor law; People vs. Oscar Field, violation of the liquor law; People vs. Michael Scanlon, violation of the liquor law; People vs. Edward Blair, assault, etc.; People vs. Stephen Knight, alias Charley Olson, assault; People vs. Joseph Trathen, violation of the liquor law; People vs. William Gray and Stay Ward, violation of the game law; People vs. Frank Dumont, burglary; People vs. Chris Johnson, violation of the liquor law; People vs. Dominick Rate, violation of the liquor law and People vs. Hugh C. Cole, larceny.

The liquor law cases which make up the greater part of the criminal docket are brought against Neagaunee men who are in the toils for the most part as a result of the reform activities of the Rev. Gilchrist of that city. These cases are usually disposed of in a hurry. The accused usually pleads guilty, and if it is his first offense, is given a reasonably heavy fine and a severe warning. None of the other cases on the criminal calendar are calculated to consume much of the court's time.

There are thirteen cases of fact-trial by jury cases on the docket, many of which have been continued from other terms and several of which, for one reason or another, will go over again. There are seven issue of fact-trial by jury; two issue of law—trial by court; one default and four chancery cases.

The Jurors.
The jurors who have been summoned for services during the ensuing term are: Marquette City—Edwin J. Sink, Joseph H. Hogen, F. P. Nies, L. G. Kaufman, W. A. Gray, D. P. Fountain, Conrad Wellman.

Ishpeming City—William C. Stewart, Antoine Dobbs, Luke Demars, Edward Phillips, August George, Thomas Roberts, John T. Nicholls, Matthew Richards. Neagaunee City—William H. Bath, Michael O'Leary, Jr., Edward Brant, Axel E. Larson, Robert Uren.

Townships—Austin E. Freeman, Neagaunee; Robert Blemluber, Marquette; William Smith, Chocoma; Benson Specker, West Branch; A. P. Berg, Skandia; Joseph Roy, Jr., Sands; Charles Brunngreaber, Turin; William Fountain, Forsyth; John M. Roman, Richmond; John Flack, Tilden; Peter Olof, Ishpeming; Frank Smith, Ely; William Roskelley, Humboldt; A. J. Rich, Champion; John Hickey, Jr., Michigamme; Thomas Roberts, Republic.

FIRM UNDERTONE TO COPPERS.

Market Would Easily Rally on Good News, Say the Brokers.

Coppers were stronger today, reported Paine, Webber & Co., yesterday, on buying that appeared to be largely for New York account. In view of the fact that the metal made a new low record in London, it was thought that some new developments were responsible for the sudden improvement in the copper share market. We hear that negotiations are on foot for settlement of the differences between the various producing interests with a view to getting better prices for the metal, and it may be that some progress has been made.

Hayden, Stone & Co. said: "The market has been dull and strong. Copper Range was again the only feature, selling up to 58 1/2. There is a good undertone to the market and coppers would easily rally on any good news."
Wheat Higher; Corn Lower.

W. H. Laidley & Co. said of the Chicago grain markets:

"Wheat—An almost perfect weather map and disappointing cables brought a little lower opening, but the buying became quite general and the offerings were light, forcing the prices up considerably over Wednesday's. The market met heavy realizing, however, and sold off quite sharply, closing 1/2c under Wednesday. The receipts in the Northwest are very heavy, with those in the Southwest falling off. The Argentine shipments are small. We believe this break is a very good place to buy wheat upon, and think that it will show handsome profits from these prices."
"Corn—Corn also opened slightly lower, but strength in the May option was the feature throughout the session, the close being slightly over Wednesday. There was also a considerable trade in the December option. The receipts are very small, but the weather is better for the crop. The country advices are still extremely bullish. We advise buying May corn for a profit of ten cents per bushel.

"Oats—Oats continued firm, although the range of prices was rather narrow. The receipts are rather small, considerably under requirements, and it looks as if the price of the May option should work considerably higher."
New York Stocks Dull.

Walker Bros. said of the Wall street stocks: "The market today opened barely steady and with some disposition to sell. The commission house business was very light and the market was in the hands of traders. Later there was some bidding up by shorts and in the afternoon the market became quite strong and some of the specialties made good gains. The tone was better. We do not look for much activity in the near future and expect to see the market move up and down through professional trading. Money was firm, with little time money in sight. The close was steady."

"Let the GOLD DUST twine do your work."

The commission house business was very light and the market was in the hands of traders. Later there was some bidding up by shorts and in the afternoon the market became quite strong and some of the specialties made good gains. The tone was better. We do not look for much activity in the near future and expect to see the market move up and down through professional trading. Money was firm, with little time money in sight. The close was steady."

The steamer Gogebic is on the way to Escanaba with the first cargo of coal that will have been received there since the strike was inaugurated. The cargo consists of 2,000 tons.

Spencer M. White, a Chicago musician, was stricken with a paralytic stroke while assisting at a musical at the Presbyterian church at Escanaba. He is reported as being in a precarious condition.

Alderman P. M. Peterson of the Third ward of Escanaba, president of the council and manager of the opera house, was secretly married in Chicago to Emma Gustafson. The couple stole a march on their friends.

A party of Kalamazoo men hunting in the vicinity of Ford River, Delta county, killed an animal curiosity the other day. It was a white raccoon. The animal was pure white, had pink eyes and pink feet and nose. It was caught in a trap that had been set for some other animal.

MRS. HELENA BLAU,
Young Milwaukee Society Woman.

When thousands of women have written to tell how Wine of Cardui bestows the blessing of health on every woman who takes it, rich and poor alike, Mrs. Helena Blau, No. 123 Seventh Street, Milwaukee, Wis., is one of the young women whom Wine of Cardui has rescued from a life of suffering. She writes:

"Wine of Cardui is certainly 'worn out' women's best friend and I am pleased to give my experience with it. A few months ago I caught a severe cold, having been out in inclement weather, which settled all over me, particularly in the abdomen. I was in almost constant pain. I consulted a physician and took his medicine for a month and without any relief. I then decided I would try your medicine and it was a lucky day for me when I did so. I noticed a change in a few days and felt encouraged to continue taking Wine of Cardui, and my patience was rewarded, for in two weeks my pains had left me and I felt like a new woman."

The woman who has suffered from female weakness should do anything within reason to secure health. Wine of Cardui is the medicine that appeals to reasonable women—women who hold operations and cutting in horror—women who know that Nature is the best physician. Wine of Cardui gives women back their health by giving Nature a chance to build up the wasted and diseased tissue. Wine of Cardui regulates the menstrual flow and Nature, when relieved of the drains or of the poisons in the system, makes the functional organs strong and healthy again.

Any woman who is silently suffering untold pains because she is too sensitive to undergo a physician's examination and treatment can find no excuse for not securing relief when Wine of Cardui is offered to her. There is no publicity to deter her. She can take Wine of Cardui in the privacy of her home, with as much assurance of a final cure as though a dozen doctors recommended it. Many physicians do recommend Wine of Cardui to their patients.

Why not get a \$1.00 bottle of Wine of Cardui from your druggist today?

A million suffering women have found relief in Wine of Cardui.

Ishpeping and its Environs.

GET A BIG OVATION.
Half the Town Out to Welcome the Football Team Home.

High school champions of the state for the third successive season, the football team arrived home yesterday afternoon from Ann Arbor. Half the population of the city was waiting about the depot when the 4 o'clock train pulled in, and as the crowd caught sight of one or two of the members of the team standing on the platform of one of the coaches and was assured that the gridiron heroes had really come a mighty shout burst forth, the high school boys leading with the Ishpeping yell. Many horns joined in the discordant clamor. Soon every bell in the town was ringing and then the whistles at the mines began to blow.

The boys wedged their way through the dense mass of humanity that surged about the platform and found their places in the conveyances that were in waiting. A huge representation of a football, covered with blue bunting and suspended from a pole, was carried in the van on the shoulders of half a dozen youngsters. A large triangle was carried alongside and was lustily beaten by a couple of aspiring athletes. Following these Dr. Sweetland and Superintendent Scribner rode in a trap and then four chariots belonging to the Kinodrome show that is exhibiting here carried Joe Rasleigh and the substitutes. The members of the team rode in the firemen's patrol wagon. The procession went through the principal streets and wound up at the opera house, where the real jubilee took place.

Short Talks by the Boys.
Rev. M. M. Allen presided and introduced the speakers in order. First he called for three cheers and a tiger for the team and the crowd responded with a shout that fairly shook the building. Captain Peterson first displayed his oratorical powers. He said that the game was a hard one. The Benton Harbor team played viciously and was heavy and swift, but was not so strong as Escanaba.

Mr. Allen next asked Bargh to tell the story of the game as it impressed him, and in the course of his introduction said the center was like the sun—everything in the game revolves about him. Bargh emphasized the good treatment the Ann Arbor people gave them, and told of the interest the university students showed in them both before and after the game. He also paid his respects to the Ypsilanti girls, many of whom came to witness the contest.

Tellefsen related the experience in crossing the straits. Urquhart wished he was home when he felt the pangs of seasickness, but when he reached Ann Arbor he would not have taken \$100 to be home.

Nelson praised the coaching of Dr. Sweetland and referred to the unanimity with which the whole team worked on the gridiron. He said that Bell hit the line as hard as he kicked the ball when he punted. Benton Harbor lacked in unified action.

Johnson told of the playing of the Benton Harbor team and a certain troublesome "coon" that strove to lay out Gill and Peterson.

Brodine told about a man from St. Joseph who came all the way to Ann Arbor to experience the satisfaction of seeing the team from his neighboring city defeated.

Tallefsen and Nichols could not be induced to speak.

Urquhart showed how the team "rightened" its opponents with a new and original yell manufactured for the occasion, and he led the boys as they gave it.

George Newitt's Poem Recited.
The high school girls next sang a song, also lately composed, and then the following original poem, written especially for the occasion by George A. Newitt, was read; its title is "Rah, Rah, The Blue":

Rah, rah, let loose the dogs and roosters,
Unhitch the melodious horns of tin;
Give chance to all the great noise boosters,
For we the championship have gained in.

The doughty lads who hailed from Benton Harbor
Were fed on fruit and things so wondrous light
They couldn't hold the line down at Ann Arbor
Against the boys who feed on hematite.

In '90 Orchard Lake was sailed all over;
Kalamazoo's celery was chewed in '91.
And now a torpedo in Benton Harbor stove her;
Their scalps we are now drying in the sun.

All hail to the brave lads, our goal defenders,
The coach, and all the push so strong and true;
We'll yell until we burst our new suspenders,
Then yell again for victory and the Blue.

Six Nationalities in the Team.
Three cheers were given for the blue, following which George Markert told of the cheer and encouragement that the supporters on the side lines gave the team as it struggled for the championship.

Bargh gave a short speech in which he referred to the various nationalities the team represented. There are Finns, Swedes, French and Italians, besides Irish and Americans.

Miss McKittrick, who accompanied the team as "chaparron," declared it was one of the proudest moments of her life when she walked up and down the side lines and watched the boys go through their opponents' line and heard the compliments the experienced football men of the university showered on the Ishpeping team. It was a contest of brain against muscle.

Dr. Sweetland, in telling how the game was won, said the victory was due altogether to the fact that all the boys were willing to work. So long as the present spirit continues in the school and among the people of the town, Ishpeping will never lack a championship team. He concluded by thanking the team and the

citizens of the town for their earnest co-operation.

Mascot Scores a Hit.
Little Joe Rasleigh made the hit of the afternoon. The experience in crossing the straits had evidently made an immense impression on him and his remarks were confined to a recital of the rough time he had of it. He responded to an encore with the following song:

I wonder what George Washington would say,
If he could see our little team today;
They have won every victory yet;
They are dandies, you bet!

Oh, I wonder what George Washington would say.

After describing the trip, Professor Scribner gave the tonight each member of the team the university scales by the gymnasium trainer. They are as follows:
Bargh, 137½; Peterson, 148; Tellefsen, 127; Brodine, 141; Gill, 164½; Johnson, 119; Tellefsen, 122½; Connelly, 135; Nelson, 129½; Nichols, 134; Bell, 137; Urquhart, 157; Market, 119. The average is 135.17-22 pounds, against an average of 150½ for Benton Harbor.

Challenge from Benton Harbor.
It was reported on the streets last evening that a telegram had been received from Superintendent Scribner from Benton Harbor challenging the Ishpeping team to a game for \$1,000 to \$5,000 a side. Mr. Scribner could not be reached by phone to confirm the report.

IN LARGER QUARTERS.
Clerical Force of the Carpenter-Cook Co. Has a Neat Office.

The office of the Carpenter-Cook company at the main building of the wholesale establishment, which has been enlarged to more than twice its former size, will be neat and convenient. The workmen will give it the finishing touches within the next few days. A new iron ceiling is being put in; the walls will be decorated and the furniture and fixtures will be in keeping with the decorations. Manager Baker of the Bell Telephone company was here yesterday directing the placing of a long distance phone in the office. The Carpenter-Cook company is one of the Michigan people's largest patrons. A great deal of business is transacted over the long distance line. The system is frequently used between the Ishpeping and Menominee houses.

The Carpenter-Cook company's business is increasing right along. During the past few months much extra warehouse room has been required to take care of the additional stock.

A WRETCHED MILLIONAIRE.
The story is told of the owner of several railroads who was unable to buy relief from the nerve-twisting agony of neuralgia. It was suddenly told that Perry Davis' Painkiller would help him at once, as it has helped so many thousands of sufferers in the past sixty years. There is but one Painkiller, Perry Davis'.

LAUNDRY TEMPORARILY CLOSED.
Needham Bros. will not do any more laundry work at their old stand, corner of Pine and Division streets. The machinery is being removed to the firm's own building—formerly the Iron Ore office—but it will be a week or more before everything is in running order. The removal of the plant is a big job, as there are a number of heavy pieces among the machinery.

A half dozen or more men will be busy for the next two or three weeks getting the machinery in position and doing other work. A new dry room is being put in. It will be one of the largest and most complete north of Milwaukee. It came in sections and it required a box car to transport the parts.

The Marquette laundry is taking care of the firm's Ishpeping work just now. A number of the local hands are down there helping out during the rush. Mr. Needham stated yesterday that he expects to have the local plant in running order by Dec. 8, but it is possible it may be a few days later before all the machinery will be in position.

SHOWING FINE PICTURES.
The Kinodrome show is making a big hit at the local theatre. The pictures are even more attractive than those exhibited here last season. The company remains tomorrow evening, when pictures appropriate to the day will be shown. A children's matinee takes place this afternoon, when many funny scenes, including "Jack and the Beanstalk" which runs for twelve minutes, and is shown in nine scenes.

Peter Paquin, proprietor of the North-western Hotel at Michigan, was out for a few hours' hunt yesterday afternoon and returned with a fine buck weighing 247 pounds. The deer was one of the largest shot in the neighborhood in many a season. Mr. Paquin feels very proud over his good luck.

IN MEMORIAM.
Whereas, Death has for the first time broken into the ranks of Ishpeping lodge, No. 596, Modern Brotherhood of America, and has taken one of its choicest members, in the person of our sister, Eliza Mortley; and

Whereas, Our sister has left behind a loving husband and dear children and sorrowing parents, brother and sister, to mourn her loss. Let us remember that we, too, are hastening to meet them here, where there will be no parting and where Christ Himself will wipe all tears from our eyes.

Resolved, That we extend our heartfelt sympathy to the bereaved husband and others to whom she was very dear, and affectionately commit them to one who is mighty to keep and to comfort.

When the SUN SHINES

On the morning dew and the birds sing their sweet songs, all Nature seems to lift a smile of reverential gratitude to the blessed Creator for making the world so beautiful. The man or woman out of harmony is out of health. Indigestion affects one's disposition as much as disease affects the mind.

Kodol Dyspepsia Cure

Kodol cures indigestion and restores health to mind and strength to body. This new discovery cures the sick and strengthens the weak when all other remedies fail, because it rests the stomach and at the same time enables the digestive organs to transform all foods into nourishment. What more is needed?

Relieve the stomach of all nervous strain, and nourish the body—give it strength, and you lay the foundation for health. Kodol does not only relieve indigestion, dyspepsia and all stomach troubles, but it gives such strength and vigor to each individual organ of the body that the disease is thrown off—overcome entirely.

YOUR DEALER CAN SUPPLY YOU.
Bottles Only. The \$1.00 Size holds 2½ times the trial size, which sells for 50c.

I SUFFERED 20 YEARS.
I suffered with stomach trouble for 20 years, during which time I tried many remedies, and spent much money, none of which did me any good. My condition gave me the blues and I despaired of ever being cured. A. F. Hine advised me to try Kodol, and while I felt it useless at first, I kept on taking it, and it entirely cured me. It is the best stomach medicine in the world. J. R. SANFORD, Orson, Pa.

KODOL SAVED MY LIFE.
For a number of years I was troubled with Dyspepsia and Indigestion. It grew into the worst form, nothing I used did me any good. Finally, seeing Kodol advertised I tried it and, after using four bottles I was entirely cured. Kodol does all that is claimed for it. I heartily recommend it to all sufferers from Dyspepsia and Indigestion.

Free Medical Advice to Women.

All Letters

Are Strictly Confidential.

Every sick and ailing woman,
 Every young girl who suffers monthly,
 Every woman who is approaching maternity,
 Every woman who feels that life is a burden,
 Every woman who has tried all other means to regain health without success,
 Every woman who is going through that critical time—the change of life—is invited to write to Mrs. Pinkham, Lynn, Mass., in regard to her trouble, and the most expert advice telling exactly how to obtain a CURE will be sent absolutely free of cost.

The one thing that qualifies a person to give advice on any subject is experience—experience creates knowledge.
 No other person has so wide an experience with female ills nor such a record of success as Mrs. Pinkham has had.
 Over a hundred thousand cases come before her each year. Some personally, others by mail. And this has been going on for twenty years, day after day, and day after day.
 Twenty years of constant success—think of the knowledge thus gained! Surely women are wise in seeking advice from a woman with such an experience, especially when it is free.

Mrs. Hayes, of Boston, wrote to Mrs. Pinkham when she was in great trouble. Her letter shows the result. There are actually thousands of such letters in Mrs. Pinkham's possession.

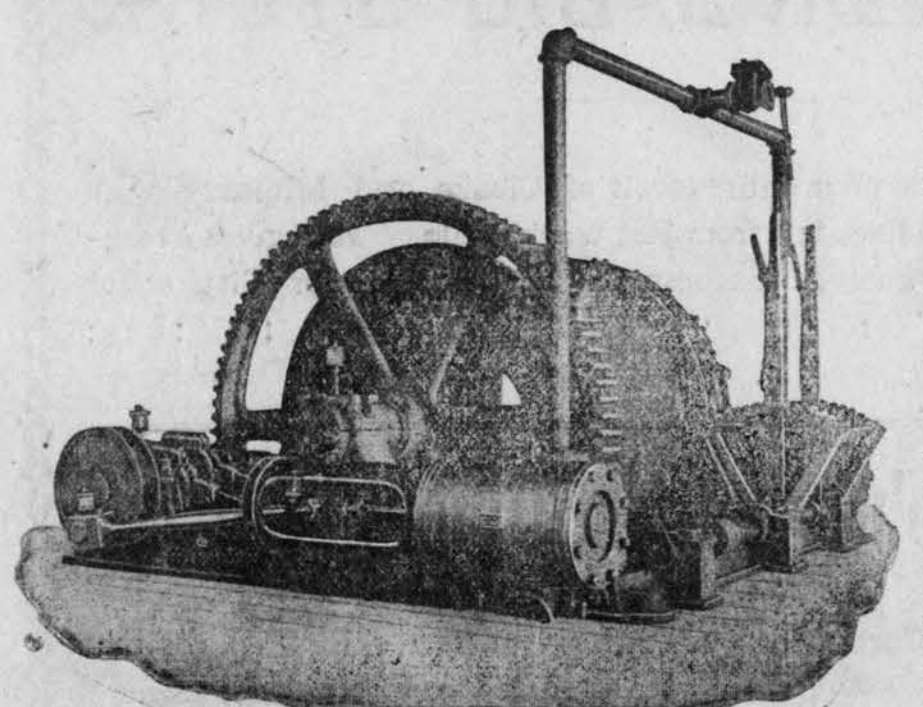

"DEAR MRS. PINKHAM:—I have been under doctors' treatment for female troubles for some time, but without any relief. They now tell me I have a fibroid tumor. I cannot sit down without great pain, and the soreness extends up my spine. I have bearing down pains both back and front. My abdomen is swollen, I cannot wear my clothes with any comfort. Womb is dreadfully swollen, and I have had flowing spells for three years. My appetite is not good. I cannot walk or be on my feet for any length of time.
 "The symptoms of Fibroid Tumor, given in your little book, accurately describe my case, so I write to you for advice."—Mrs. E. F. HAYES, 252 Dudley St. (Boston), Roxbury, Mass.

"DEAR MRS. PINKHAM:—I wrote to you describing my symptoms, and asked your advice. You replied, and I followed all your directions carefully for several months, and to-day I am a well woman.
 "The use of Lydia E. Pinkham's Vegetable Compound, together with your advice, carefully followed, entirely expelled the tumor, and strengthened the whole system. I can walk miles now.
 "Your Vegetable Compound is worth five dollars a drop. I advise all women who are afflicted with tumors, or any female trouble, to write to you for advice, and give it a faithful trial."—Mrs. E. F. HAYES, 252 Dudley St. (Boston), Roxbury, Mass.

Mrs. Hayes will gladly answer any and all letters that may be addressed to her asking about her illness, and how Mrs. Pinkham helped her.

\$5000 FORFEIT if we cannot forthwith produce the original letter and signature of above testimonial, which will prove its absolute genuineness.

PRIMARY SCHOOL FUND.

Negaunee Gets a Large Slice for Its 2,370 Children of School Age.
 The semi-annual apportionment of the primary school fund has just been made. Marquette county gets \$28,730.10, and Negaunee receives the third largest amount. Ishpeming heads the list with \$9,357.60 and Marquette follows with \$6,552. The fund is divided in proportion to the number of children of school age residing in each city and township, the figures being based on the returns of the previous census. The ratio this year is \$2.10 per capita. The actual ratio for children attending school is much greater, of course, than this amount, for every person between the ages of five and twenty-one is classed as a school child and comes in for a share of the fund according to the letter of the law. But the actual school attendance falls considerably below the school population. The attendance is large, considering the conditions under which the authorities labor. Many parents fail utterly to see the necessity for sending their children to school and come in for frequent attention from the superintendent, and sometimes from the truant officers.

IN NEW QUARTERS.
 The office of the American Express company has been transferred from the ticket office of the G. & N. W. railway in the Union depot to the apartment formerly used as a ware room and opening out of the general waiting room. The new quarters are larger and much more convenient than the old office, but still leave much to be desired in appearance. The unpainted rafters present an unseemly aspect. The office of the company is, however, all that could be desired.

A STARTLING SURPRISE.
 Very few could believe in looking at A. T. Hoadley, a healthy, robust blacksmith of Tilden, Ind., that for ten years he suffered such tortures from Rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters. "Two bottles wholly cured me," he writes, "and I have not felt a twinge in over a year." They regulate the kidneys, purify the blood and cure Rheumatism, Neuralgia, Nervousness, improve digestion and give perfect health to their users. Only 50 cents at Stafford's drug store.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medicinal triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.
 Dr. Kilmer's Swamp-Root is not recommended for anything but if you have kidney, liver or bladder trouble it will be found in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a simple bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Birmingham, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Henry G. Jason, the piano man, and Miss Tillie Lyman stole a march on their friends Thanksgiving evening, when they were man and wife at the home of the bride's parents, John Lyman and wife, on Michigan street. Rev. Mr. Carlson, pastor of the Swedish Methodist church, performed the ceremony.

Master Stephen Slaymaker will sing Mrs. Gaynor's "Sailor Song" at high school Monday evening. Mrs. Jessie L. Gaynor's program on that date will be open to the public. Her personal magnetism and charm cannot fail to delight her audience. Frederick Beal, her accompanist, will render several piano selections.

The juvenile football players—future champions of Michigan—who spent Thanksgiving at Marquette, made quite a racket upon their arrival home. They gave yells that would make a variety squad blush. The Peerless team has a local reputation that is second only to the high school champions. The strawberry hill team, captained by Herbert Devine, go to Marquette today to meet a kid aggregation of the Queen City. What the local chaps lack in size they make up in enthusiasm and knowledge of the game. Captain Devine is said to be the best posted eleven-year-old football player in the upper peninsula.

Unimpeachable—if you were to see the unequalled volume of unimpeachable testimony in favor of Hood's Sarsaparilla, you would upbraid yourself for so long delaying to take this effective medicine for that blood disease from which you are suffering.

ONE MINUTE COUGH CURE
 Is the only harmless cough cure that gives quick relief. Cures Coughs, Colds, Croup, Bronchitis, Whooping Cough, Pneumonia, Asthma, LaGrippe and all Throat, Chest and Lung troubles. I got soaked by rain, says Gertrude E. Fenner, Muncie, Ind., and contracted a severe cold and cough. I failed rapidly; lost 48 pounds. My druggist recommended One Minute Cough Cure. The first bottle brought relief; several cured me. I am back to my old weight, 148 pounds. One Minute Cough Cure cuts the phlegm, relieves the cough at once, draws out inflammation, cures croup. An ideal remedy for children. H. Harwood, Ishpeming; Stafford Drug Co., Marquette.

WEAK LUNGS
 Weak lungs are mostly due to a neglected cough. Only a small per cent. of the millions who have consumption inherit it. A slight cold, a tickling or hacking cough is the beginning, and after it has reached a certain advanced stage there is no ending except the grave.
 Any case of consumption that is curable; that is, any one having consumption whom family or friends still hold on to a ray of hope, may take comfort in the knowledge of the fact that One Minute Cough Cure will give instant relief and finally cure. This famous remedy does not pass immediately into the stomach, but stays long in the throat, chest and lungs, producing the following results:
 (1) Relieves the cough.
 (2) Makes the breathing easy.
 (3) Cuts out the phlegm.
 (4) Dries out the inflammation.
 (5) Kills the germs (microbes) of disease.
 (6) Strengthens the mucous membranes.
 (7) Clears the head.
 (8) Relieves the feverish condition.
 (9) Removes every cause of the cough and the strain on the lungs.
 (10) Enables the lungs to contribute pure life-giving and life-sustaining oxygen to the blood. Cures Croup and all Cough, Lung and Bronchial Affections.
CONSUMPTION CURED.
 "My physician told me one year ago that I would die of consumption inside of a year. I commenced taking One Minute Cough Cure for my lung trouble and it cured me. I have gained 20 pounds and I am a pretty live 'dead woman.' One Minute Cough Cure saved me." MARY F. SULLIVAN, Grand Rapids, Mich.
 Pleasant to the taste. Good for Children. Good for every body. For Coughs, Colds, Croup, Whooping-Cough, Bronchitis, Asthma, Pneumonia and all Throat and Lung troubles no remedy is so good as

COAL NEAR AT HAND

THREE STEAMERS HAVE CARGOES FOR MARQUETTE.

DUE HERE IN A DAY OR TWO

SUPPLY COMING AMOUNTS TO ABOUT 6,000 TONS.

Up-the-Road Owners Are Also Waiting for Anthracite—Why Copper Country Was Supplied Before This County.

The famine in anthracite coal will soon be a thing of the past in this city. Three steamers loaded with the fuel are on their way to this port, carrying all told in the neighborhood of six thousand tons.

The present price of anthracite here is \$8 per ton, and it is expected that this will be the charge for the coal now enroute.

Many Waiting for It. The prospect for getting in an early supply of hard coal will be pleasing to many Marquette householders who have been holding off making arrangements for heating their homes for the winter in the hopes of getting anthracite.

However, while the demand will be great, it will not be as large as might be expected, on account of the provision which many people have made for using other fuels.

Just now the up-the-road cities are keeping an eager eye on Marquette shipping notes, desiring to learn when they will get their anthracite.

Puzzles Many People. Many people have expressed surprise that Marquette has not been supplied with hard coal at an earlier date.

the Delaware, Lackawanna & Western and Lehigh Valley concerns. The end of the strike found them with some stocks on hand and in addition their mines could be made to yield the normal output with more expedition than was the case with the Philadelphia & Reading concern, which supplies Marquette county.

GOOD NEWS FROM THE MINE.

Lake Superior Gold Mining & Milling Co. Running Into Bonanza Ground.

Telegraphic advices from the mine of the Lake Superior Gold Mining & Milling company show that the vein matter is seventy-five feet wide, with streaks of rich ore running from \$45.08 to \$175.42 per ton.

Mr. Laidley, president of the company, is at the mine with an expert to make a thorough examination; his report will be sent forward in a few days.

Alderman Ernie Bush has received from a friend, Robert Mooney of Ontonagon, a pair of interlocked deer horns, together with the head of one of the animals which carried them, that have been attracting considerable attention. The antlers are so firmly wedged together it is impossible to pull them apart, and it is evident that the two deer had engaged in a terrific combat.

In fact, one had already succumbed when Mr. Mooney appeared on the scene and put an end to the career of the other. The head, with its two sets of antlers, is being mounted by Bailey.

THE DOCTORS AGREE.

Two Physicians Both Agree on the New Scientific Dandruff Treatment.

Dr. J. M. Powell of Spokane, Wash., says: "Herpicide has given good satisfaction in my family for dandruff."

Dr. W. G. Alban of Walla Walla, Wash., says: "I find Herpicide all that is claimed for it as a dandruff cure. I shall prescribe it." Dandruff is a germ disease and you can't cure it unless you kill the dandruff germ; and you can't do that unless you use Newbro's Herpicide, the only preparation in the world that destroys the parasites.
