## SOLONS MEET TODAY

SHORT SESSION OF CONGRESS CONVENES AT NOON.

LITTLE WORK WILL BE DONE

ADJOURNMENT ALMOST IMMEDIATELY FOLLOWING DAY.

Message of the President Not to Go in Until Tuesday—Anti-Trust Legislation Considered Certain, With No Revision of the Tariff.

Washington, Nov. 30.—Congress will meet at noon tomorrow, but it is improbable that much business will be considered. The congressional leaders have been informed by the president that his message will not be submitted to congress until Tuesday. This decision also delays the reports of the other administrative officers who report direct to congress. There is a custom that the president should first send his message, the subordinates coming afterward.

The senate will be informed by Senator Burrows of the death of Senator McMillan of Michigan. General Alger, his successor, will be presented and sworn in and it is expected that the body will then adjourn for the day. The house is expected to adjourn out of respect to the memory of the members who died during the vacation. They are Representatives De Graffenreid and Sheppard of Texas and Russell of Connecticut.

Anti-Trust Legislation Declared Sure.

According to Senator Frye, president pro tem, of the senate, congress at the session which begins tomorrow will enact the anti-trust legislation which the president so much desires. He believes the legislation will be of a simple character in the form of an amendment to the present anti-trust law designated to meet the necessities which the attorney general has discovered by actual experience.

Mr. Frye gives notice that he intends to do all in his power to secure the passage of a ship subsidy bill. He declares that the organization of the Morgan shipping combine gives a new argument in favor of the bill, as it means that \$50,000,000, which the syndicate will expend for new vessels will go, if the subsidy bill passes, to American workmen. Without the shipping bill he says this money will go to foreign shipbuilders.

The presiding officer of the senate will suppress, as far as in his power, all attempts to tinker with the tariff. In this respect he is supported by the house leaders, Chairman Payne of the ways and means committee having officially announced that so far as his committee was able to control there would be no tariff revision at this session. Mr. Payne and Mr. Pezall called on the president today and told him of their determination in this matter. They said they were willing to make another fight for Cuba, but they would go no further.

Deluge of Anti-Trust Bills.

When the house convenes tomorrow, a perfect deluge of bills dealing with the trust question will be thrown into the legislative hopper. It is admitted that this will be the most important topic of discussion. Indeed, the leaders incline to the belief that beyond the appropriation bills and routine legislation it will be the only general subject on which there is a chance of action at the short session.

As yet the leaders have formulated no message to an audience of Catholics. The president's recommendations on the subject are awaited with interest. The most conservative opinion among the Republican leaders seems to favor an appropriation for the enforcement of the Sherman anti-trust law. Such appropriation could be placed on one of the regular appropriation bills and put through both houses without difficulty, whereas any amendment to the law itself would likely meet with opposition. Mr. Hepburn, a wide diver chairman of the interstate and foreign commerce committee, is one of those who believe the Sherman law, if enforced, is sufficient to meet the situation, and tomorrow he will introduce a bill appointing \$300,000 to be used by the department of justice in prosecutions under the present law.

It is not improbable, when the leaders ascertain exactly what can be done, that a caucus of Republicans will be called to agree on a measure. In the meantime, the trust bills introduced probably will be referred to the judiciary committee. All bills dealing with the subject have gone heretofore to the judiciary committee and this practice will be followed unless a fight for jurisdiction is made.

Supply Measures to Be Pushed.

The leaders already have resolved to expedite the appropriation bills as much as possible, in order to allow the largest margin of time for other matters. Mr. Cannon, chairman of the appropriations committee, believes the legislative, executive, judicial, and pension appropriation bills can be disposed of before the holidays.

One of the first things the appropriation committee will be called on to do, is to prepare a bill to provide for the coal strike commission. Judge Gray, chairman of the commission, has written to Mr. Cannon, asking an appropriation of \$50,000 to defray the expenses of the commission.

The session of the house tomorrow will be brief. The roll will be called and announcement made of the deaths that have occurred during the recess. The house will then adjourn until Tuesday, when the president's message will be read.

Senators at Odds on Statehood Plans.

The admission of Oklahoma, New Mexico and Arizona to statehood probably will be the chief subject of general importance to receive the attention of the senate tomorrow. It is known that

all the Republican members except Senator Quay being considered favorable to it. However, the transposition of one Republican would insure the report of the bill to admit all three territories to statehood, as Senator Quay and all the Democrats are firm in favor of the anti-state measures.

Few Republican senators admit the probability of any change of the tariff during the present session, but some bills to modify present schedules may be introduced. There is a unanimity of opinion favorable to anti-trust legislation, and this opinion is to the extent of predicting results along the lines indicated by Attorney General Knox after the amendment of the Sherman anti-trust law. Differences of opinion as to the constitutionality of some of the proposed changes have developed already. The committee on judiciary will attempt to reconcile these differences and, if it succeeds, the present indications are favorable to affirmative action by the senate. The Democrats will place no obstacles in the way of such legislation. There is no longer serious talk of constitutional amendments for the control of trusts, as it is recognized that in the short session it would be impossible to secure action on such amendments. The present week will barely witness the beginning of the three months' work.

Tomorrow the usual committee of two senators will be appointed to call on the president, and resolutions of regret for the death of Senator McMillan of Michigan will bring the day's session to a close a few minutes after assembling.

MOROS FOR PEACE JUSTICE IS CHEATED

## MOROS FOR PEACE JUSTICE IS CHEATED

AMERICAN COLUMN NOT MOLESTED IN MARCH ACROSS ISLAND.

NO HOSTILITY SHOWN WHATEVER

TRIP BELIEVED THE FIRST EVER MADE BY WHITE MEN.

Natives Surprised the Yankees Are Not Monsters, Ten Feet Tall, With Tails and Horns—A Fendish Case of Torture by Ladrones.

Manila, Nov. 30.—Captain Pershing, with sixty men, has completed a march across the island of Mindanao, from camp Vicars to Iligan. This was possibly the first time white men have made the journey. The captain found the Moros surprised that the Americans were not monsters ten feet tall, with horns and tails. At Marahui he addressed five hundred Moros, telling them of the friendly purposes of the Americans. No hostility was shown toward the column on the march.

The constabulary in Zamboanga province made a sensitive incident of cruelty, perpetrated by ladrones. Several columns of constabulary had been chasing the ladrones, with the assistance of friendly natives. Five friendlies straggled from the column and were captured by ladrones, who amputated the tongue and gouged out the eyes of a friendly and sent him back to the constabulary. The fate of the others is unknown.

MAKES PLEA FOR CATHOLICS.

Father Pardow of New York Asks National Aid for Parochial Schools.

Chicago, Nov. 30.—The Roman Catholics in the United States are annually paying into the national treasury \$25,000,000 beyond their original taxes and are educating one million children with out a charge to the country of one cent for it.

The words formed part of a plea for national aid to Catholic schools that Very Rev. William O'Brien Pardow of New York made to an audience of Catholics that filled the Auditorium tonight. The management said the net amount realized. This included \$10,000 offered by Bourke Cockran of New York, conditioned upon a like amount being raised by the sale of seats.

NEW HOSPITAL FOR CHICAGO.

Will Be for Hip and Other Deformities and Backed by Armour.

Chicago, Nov. 30.—Chicago is to have a hospital wherein hip dislocations and other deformities will be treated according to Professor Lorenz's methods. Dr. Frederick Mueller, Dr. Lorenz's assistant, who came to America with the Vienna surgeon, made the announcement today. The hospital is a direct result of Dr. Lorenz's visit to Chicago to treat the little daughter of J. Ogden Armour. Mr. Armour is interested in the project and it is said, he will give the institution financial support. Dr. Mueller will return to Chicago within eighteen months and take charge of the new institution.

MANY STEAMERS TIED UP.

Strike of Stokers at Marseilles Is Spreading to Other Ports.

Marseilles, Nov. 30.—Work at the quays is at a standstill, owing to the strike of the stokers, and thirty-nine steamers lie deserted at their docks. Crews of steamers which have arrived at various ports of France from Marseilles have left their ships in sympathy with the strikers at Marseilles.

Later—The strike at this port, started by stokers to obtain increased wages, is tonight practically complete as regards the steamers here. There has been no disorder, but the government is sending troops to meet any emergency. The strike practically has paralyzed commerce along the coast, as it is spreading to other ports. The strike committee tonight telegraphed to the minister of the marine that if the dispute is not settled in five days an appeal will be issued for a general strike at all ports.

## FIGHT WITH THIEVES IS FATAL.

Watchman of Indiana Bank Killed in Preventing Robbery of Safe.

Valparaiso, Ind., Nov. 30.—In the little town of Westville, near here, Wesley Reynolds, watchman of the State bank, was shot and killed by burglars last night while defending the bank safe from their attack. After a battle with citizens who were attracted to the bank by the noise of the shooting, the robbers got away in safety.

The robbers escaped in a stolen rig. Reynolds, who was only sixteen years of age, surprised them as they were about to blow up the safe. He opened fire on them and prevented them from getting the safe open. When found Reynolds was dead in a pool of blood on the floor. At his side were an empty revolver and another partially empty. An examination showed evidences of a desperate battle. More than twenty shots had been exchanged. From a trail of blood left by the robbers, it is believed one of them was wounded. Reynolds received three bullet wounds, one through the head, a second through the neck and a third through the heart.

AUTHOR OF THE KRUPP CHARGES.

Hamburg, Nov. 30.—The German painter, Christian Allers, a resident of Capri island, who, it is alleged, was responsible for the charges brought against the late Herr Krupp, has been arrested at the Swiss frontier.

## MOROS FOR PEACE JUSTICE IS CHEATED

DEXTER (ME.) WOMAN KILLS HERSELF WHILE UNDER ARREST.

ACCUSED OF POISONING CHILDREN

BOTH WERE INSURED AND EACH EXPIRED VERY SUDDENLY.

Husband, Who Likewise Died Unexpectedly, Also Thought to Have Been Removed in Same Manner—A Similar Case at Philadelphia.

Dexter, Me., Nov. 30.—Mrs. Hattie L. Whitten, who was arrested yesterday on the charge of having poisoned her nine-year-old daughter, from whose funeral she had just returned, committed suicide today by hanging while in the custody of a deputy sheriff.

The woman was suspected also of having caused the death of another daughter, aged eleven, on Sept. 19 last, and this body has been exhumed. Both children died suddenly, though they had appeared to be in the best of health. Mrs. Whitten's husband also died suddenly two years ago. He was insured, as also were the children, the latter for \$50 and \$25, respectively. An autopsy on the body of the younger girl disclosed arsenic and strychnine. The result of the autopsy on the older girl has not been made public.

The woman was taken in charge by a deputy sheriff, and this afternoon being left alone she tied together two towels and hanged herself to a bedpost.

Suspicious Deaths at Philadelphia.

Philadelphia, Nov. 30.—Pending an investigation of the cause of the death of Annie Williams, aged nine, and her three-year-old sister, the parents of the dead children, John W. Williams and wife, have been arrested. The children died of what the attending physician thinks was poison. It is said the children were insured the elder for \$15 and the younger for \$30. Williams and his wife deny they caused the death of the children.

STEAMER AND TOW WRECKED.

Strike on Reef in Lake Erie and Each May Be a Total Loss.

Put-in-Bay, O., Nov. 30.—The steam barge D. P. Rose, owned by L. B. Parker of Marine City, Mich., and the barge Mosher, owned by Captain David Hutchinson of Port Huron, struck Starve Island reef last Saturday night in a gale and it is feared both will be a total loss.

Bannockburn Abandoned for Lost.

Sault Ste. Marie, Mich., Nov. 30.—The steamer Bannockburn, with her crew of twenty men, is given up for lost by local marine men. The belief that the steamer has met with disaster is strengthened by the fact that the steamer Rocker, which arrived here today, reported passing through wreckage off Starve rock. This is supposed to be from the missing boat.

The wrecking tugs Boynton and Favrite have made a search along the north shore of Lake Superior without finding any trace of the steamer. The accepted theory is that the Bannockburn foundered in mid lake and went down with all on board.

SITE FOR NAVAL STATION.

Board of Experts Has Selected It but Decision Is Withheld.

Washington, Nov. 30.—The report of the board of naval experts on the location of the proposed naval training station on the Great Lakes was yesterday submitted to Secretary Moody of the navy department. The secretary will transmit the report to congress early this week, and he declines to make public the recommendation made by the board regarding the site, as he believes this would be a discourtesy to congress. From remarks dropped by members of the board and by Secretary Moody, it is believed that the board has selected a site at some point between Milwaukee and Chicago on Lake Michigan.

## DEWEY ON THE WAR

SOUTH AFRICAN LEADER PUBLISHES REMARKABLE BOOK.

IS SEVERE IN HIS CRITICISM

BOTH BOER AND BRITON COME UNDER THE LASH.

Is Declared by the General That if His Orders Had Been Carried Out, Lord Roberts and His Army Would Have Perished at Pretoria.

London, Nov. 30.—Boer General Dewet's book, entitled "The Year of War," just published here, is perhaps the most remarkable book by the most remarkable leader that any recent war has produced. In criticizing Dewet spares no one; Boer and Briton come equally under the lash.

Has Kind Word for Buller.

General Dewet declares that whatever the English people may have to say in discredit of General Buller, he had to operate against stronger positions than any other British general.

The Boer leader has but slight praise for Lord Roberts and little more for Lord Kitchener. General Knox is almost the only British general who seems to have struck Dewet as a commander with real military genius.

Dewet attributes the long immunity the Boers enjoyed from harm to the intervention of God. Nevertheless the book teems with accounts of military actions and of strategies by which Dewet outwitted his pursuers.

The general pays a tribute to Cronje for his bravery, but declares he lost at Paardeberg only on account of his fatal obstinacy to leave the laager, as he was advised to do by General Botha and by the writer himself.

Treachery Among the Burglers.

Regarding his own forces, Dewet writes: "It was far easier to fight against the great English army than against treachery among my own people, and iron will was required to fight again both. Once, if only our orders had been carried out a little strictly and if only the most elementary rules of strategy had been observed in our efforts to break the British lines of communication, Lord Roberts and his thousands of troops would have found themselves shut up in Pretoria, where they would have perished of hunger. It was not the skill of their commander-in-chief that saved them."

The writer emphatically defends the right to blow up railroad lines and trains as a usage of war, and declares he never missed an opportunity to do so. His last word is an injunction to his fellow countrymen to be loyal to the new government.

LAW-MAKERS IN TRAIN WRECK.

Open Switch Causes a Collision in Which an Engineer Is Killed.

Youngstown, O., Nov. 30.—An express train on the Baltimore & Ohio railway ran into an open switch at Carbon, Pa., near here, today, and collided head on with a freight train. Howard Bradley, engineer of the passenger train, was killed and H. E. Townsend of Pittsburgh, Pa., a passenger on the express train, was so badly hurt internally he may die. Two trainmen also were painfully hurt. Among the passengers aboard the train were John J. Feeley of Chicago, the youngest member of the house of representatives; Senator Doherty of Iowa; Congressman C. A. Houkins of Illinois; J. Ross Mickey of Macomb, Ill.; Judge Walter I. Smith of Council Bluffs, Ia.; Congressman Chester L. Long of Kansas; Congressman John H. Stephens of Texas; and Congressman Snook and wife of Ohio. All were badly shaken up but none were seriously hurt. They left this evening for Washington.

REBUKES BOY AND IS SLAIN.

Illinois Hotel Proprietor the Victim of a Juvenile Employe.

Greenville, Ill., Nov. 30.—At Pocahton today, Albert Ehrhidge, aged sixteen, shot and killed his employer, John Kesner, proprietor of the Western Hotel. Kesner had reprimanded Ehrhidge for failing to get some meat he had told him to get for dinner. Ehrhidge borrowed a gun from a neighbor, waited for Kesner on the street and shot him dead. Ehrhidge was arrested and held to the grand jury, charged with murder.

SENATOR HANNA TO STICK.

He Denies Reports He Intends to Resign—Will Serve Out His Term.

Washington, Nov. 30.—Senator Hanna tonight denied reports that he intended to resign either from the senate or from the chairmanship of the Republican national committee. He said he would serve out his term as senator, and it would then be for the people to say whether he was to retire.

CASTRO OPENS THE PRISONS.

Political Offenders Kept in Durango Are Given Their Freedom.

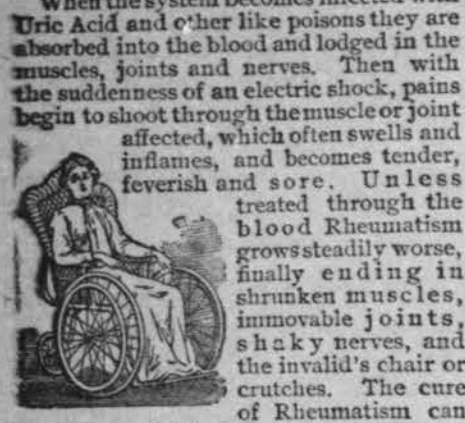

Caracas, Venezuela, Nov. 30.—President Castro has opened all the prisons in this city. Puerto Cabello and Maracaibo and liberated the political offenders confined therein. It is reported that General J. M. Hernandez and three other revolutionary leaders will also be liberated shortly.

A VICTIM OF APPENDICITIS.

Philadelphia, Nov. 30.—Dr. D. T. Trick, who was with Lieutenant Perry when he made his last expedition in search of the North pole, is seriously ill in a hospital in this city, a victim of appendicitis. He has been operated on

EXPECTS BETTER THINGS.

A Boston official of one of the large Lake producing copper properties says with reference to the copper situation at the present time:

Our sales of copper of late have been made at prices that show a considerable disparity between the quotations that are reported daily by the New York Metal Exchange.

As regards a trade agreement which shall take in the copper market of the world, while I have no definite information concerning the same, I have seen indications of late in certain directions that convince me that the Amalgamated and other large interests are working in a quiet way for the accomplishment of something of that sort.

WESTERN LAND SCANDAL. A case is now before the federal grand jury in Omaha which promises interesting developments.

THE SOCIALIST PARTY. It is pointed out as an alarming symptom that the avowedly Socialist vote in the United States is increasing steadily, being nearly, or quite, 500,000 throughout the country this year.

THE PERUVIAN COPPER MINES. The London Economist has an article on the Cerro de Pasco copper mines of Peru, which an American syndicate headed by J. B. Haggin, formerly partner of the Anaconda, is developing.

Copper Country Department

BAD BLAZE AT GREENLAND.

Maple Grove Inn, Valued at \$7,000, Burns With Much of Its Contents.

The Maple Grove inn at Greenland was destroyed by fire yesterday morning. The building, which was owned by C. D. Hanchette of Hancock, was valued at between \$12,000 and \$13,000 and is a total loss. Mr. Hanchette carried \$7,000 insurance. W. J. McKenna, former proprietor of the Lake View House, now the International Hotel, at Hancock, was the proprietor of the inn.

The fire broke out about 9 o'clock in one of the girls' rooms on the third floor, presumably from a lamp, and the flames spread quickly. The volunteer fire department was called, but the fire fighting facilities proved inadequate and the firemen were unable to cope with the flames. It is said that the hotel people and others managed to save some of the contents of the building but that the loss on the furniture and fixtures is considerable.

The hotel was a three-story frame building and comparatively new. Its construction was started in November of last year. It was Greenland's principal hotel and its loss will be distinctly felt. Mr. McKenna enjoyed a good patronage. The house was modernly appointed and he conducted a first-class place.

Mr. McKenna is reported to have been badly burned while fighting the fire, while Captain Trevorrow sustained a broken shoulder, the result of a telephone pole falling on him.

The Mass City department responded to the call and helped the Greenland department. The fire was caused by a defective chimney. The total loss is in the neighborhood of \$15,000.

W. M. F. MILLER RESIGNS.

Gives Up the Position of County Agent of Corrections and Charities.

William F. Miller of Houghton, county agent for the state board of corrections and charities, has sent in his resignation to Governor Bliss, to take effect today. Mr. Miller, who is also county land agent and secretary and treasurer of the A. Haas Brewing company of Houghton, says his time is now too fully occupied to attend to the duties of the office. The position necessarily demands of a man that he should go here and there in the county to attend to a case under his jurisdiction at almost any time and of late Mr. Miller has been often called away on other work demanding his attention. The remuneration, besides, hardly pays the incumbent for his time and labor. Mr. Miller has held the office for the last five years, the first receiving the appointment from Governor Pingree. He has made a most efficient and careful officer. As county agent Mr. Miller had charge of all cases of boys under sixteen and girls under seventeen arrested upon any charge. The most numerous complaints have been those of truancy, disorderly and petty stealing.

AN HONEST STATEMENT.

Mr. William Acton of 212 Fourth St., Lincoln, Ill., says: Our daughter, aged sixteen, was suffering with a severe cough and cold on her lungs. Common remedies seemed to afford no relief and myself and her mother feared pneumonia or consumption. She began taking Hart's Honey and Horchound and in less than two weeks was entirely cured. We always recommend Hart's Honey and Horchound to any one suffering with a deep seated cough or cold. Sold at the People's Drug Store.

"Neglected colds make fat graveyards." Dr. Wood's Norway Pine Syrup helps men and women to a happy, vigorous old age.

HIS WOUNDS NOT SERIOUS.

Lake Linden Victim of Would-Be Assassin Will Recover.

John Laverdiere of Lake Linden, who was shot and painfully wounded by some unknown person while he was returning to his home on Thanksgiving night from one of the local bowling alleys, is getting along as well as can be expected. His wounds are not serious. The shot, which grazed his head while the other took effect in his hand. Laverdiere was knocked down by the force of the first shot but regained his feet and was shot a second time while he was running to his home. His wife, who was with him, assisted him to the house. Laverdiere has no enemies that he knows of and he is at a loss to know why the assault was made. There is no clue to the would-be assassin.

SAM LEE APPEALS TO LAW.

Calumet Boy in Trouble for Annoying a Laundry Proprietor.

For making life miserable for Sam Lee, the proprietor of a laundry on Sixth street, Calumet, by smashing windows, rapping at the door, etc., a warrant has been sworn out for the arrest of Dan Sullivan, a Calumet boy, for annoying a laundry proprietor. The complaint was made by Lee, who caught Sullivan in the act, it is said, of breaking one of the laundry windows. The case will be tried before Justice Fisher on the 15th inst. Sullivan's mother, who is a smooth running line and that his maximum grade is but five per cent, compared with eight per cent on the present line.

CHANGES THE BOWLING STANDING

The executive committee of the Houghton County Bowling association has decided against the Calumets in a matter of the three games protested by the Lindens. The Calumets, by losing the three games and being defeated in the last series with the Drifters, which team won two out of three, have slumped from first to fifth place. The Lakes are now in second place, while the Lindens and Mitchells are tied for second place. The Drifters are fourth.

TRAFFIC SHOWS BIG INCREASE.

D. D. Gaillard of Duluth, who is at the head of the government engineers for this district, was in Houghton Saturday on a regular visit of inspection of the government work being done on the Portage Lake Ship canal and of the condition of things in general. Captain Gaillard has completed a compilation of the tonnage through the canal for this year, not including November, and finds the increase to be about 33 per cent.

UNDERWENT SERIOUS OPERATION.

Henry Ziegenbier, the little son of Mr. and Mrs. F. Ziegenbier of West Houghton, recently underwent a serious operation at the Hancock Y. M. C. W. (W. S.) hospital. Dr. Minthorn conducted the operation, removed an abscess from the lungs and cut away parts of five ribs. The boy, somewhat contrary to expectations, is doing well and is expected home today or tomorrow.

WANTED.

We would like to ask, through the columns of your paper, if there is any person who has seen August Flower for the cure of indigestion, dyspepsia and Liver Troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habit nervousness, nervous dyspepsia, headaches, independent feelings, sleeplessness—in fact any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size 75 cents. At The Stafford Drug Co.

G. G. GREEN, Woodbury, N. J.

COPPERDUM BREVITIE.

Captain James Hoxton has returned to Calumet from a visit to Arizona.

Rev. A. A. Maywood, of the Houghton M. E. church, addressed the young men's meeting at the Hancock Y. M. C. A. yesterday afternoon.

Rev. Addis Leeson, pastor of the Laurium M. E. church, addressed the general meeting at the Calumet Y. M. C. A. rooms yesterday afternoon.

The free mail delivery system will be inaugurated at Hancock today. There will be two deliveries and three collections a day. Three carriers will do the work.

A warrant has been issued by Justice Jackola of Calumet for the arrest of Elias Salo. Mrs. Salo charges her wayward son with non-support of both herself and children.

Mrs. Reiner of Laurium, a talented speaker, preached at both morning and evening services at the Laurium Methodist church yesterday. She will hold revival services at the church each evening this week.

A chimney fire in the old hospital, back of the dispensary at the Quincy mine, returned here with winter. The early Saturday evening. The building is now used as a tenement and is occupied by several families.

The steamers Jay Gould and City of Traverse, of the L. M. & L. S. T. company, were Portage Lake visitors Saturday. The Gould is on the way to Toronto and the City will return to Chicago.

Captain Dammes, private secretary to Booth Tucker of New York, was present at the services in the Salvation Army barracks at Calumet yesterday. Mr. Stillwell, a prominent worker of Minneapolis, addressed the Salvationists.

When John L. Harris, recently appointed superintendent of the Quincy mine, returned here from New York, he was serenaded by the Quincy band and given a hearty reception by the employees of the mine. Mr. Harris is decidedly popular with the men.

A regular meeting of the Houghton County Medical association will be held this evening in the Red Jacket council room at Calumet. Papers, which will be followed by discussions, will be read by Dr. A. F. Fischer of South Lake Linden and Dr. W. T. S. Gregg of Calumet.

Houghton lodge, F. & A. M. No. 218, has elected the following officers for the year ending Dec. 31st: W. M., G. Harris, S. W., Bert Fletcher, J. W. Joseph Schmitzer, secretary; Ed. Haas, treasurer; and H. G. Major, tyler. The new officers will be duly installed at this evening's meeting.

County Clerk Richardson issued three hundred more deer hunting licenses this season than he did last. He wrote out the last one Friday afternoon, it making

BAD LIVER

DUE TO IMPURE BLOOD, CURED BY SMITH'S GREEN MOUNTAIN RENOVATOR

St. Albans Remedy Co., Chittenden, Vt., April 28, 1920. Gentlemen—I am 30 years old, and since I was 15 have been subject to bilious attacks and constiveness. At 20 I began to feel a lameness in my legs and it kept growing worse. I saw an advertisement for Smith's Green Mountain Renovator and reading that it was especially for rheumatism, I bought a bottle and took it as directed. After the second bottle I was certainly better and continued taking it until I had used 6 bottles. For my rheumatism I was as free from rheumatism as I have ever been in my life. Yours gratefully, (Signed) EPHRAIM PIERCE.

No matter whether you are old or young, if your blood is kept pure and free from outside poisons, good health will result. Smith's Green Mountain Renovator expels all impurities. It makes no difference whether you inherit them or if they are the result of contagion. Try the Renovator on our guarantee. Money back if not satisfied.

STAFFORD DRUG CO., Sole Agents for this City.

a total of 1975. In the matter of issuing hunting licenses, Houghton county stands second this year, Marquette, as usual, being first.

John McGeary, who shot and killed William J. Evans, superintendent of the Washoe smelter, at Anaconda, Mont., on July 19, was found guilty of murder in the second degree. He was sentenced to twelve years in the state penitentiary. Mr. Evans, his victim, was a former copper country man.

George Linley and James Stanaway, the men, who, it is alleged, assaulted and robbed Fred Holst of Dollar Bay, were bound over to the next term of court by Justice Finn of Hancock, Saturday. Their bonds were fixed at \$1,000 each. Both succeeded in getting bail. The charge against the men is that of highway robbery.

The Royal Arch Masons of Hancock have chosen officers for the chapter as follows: Thomas Ingram, H. P.; L. Richardson, K. E.; Fred Stoyles, S.; W. Bath, C. U.; M. C. Hall, P.; S. D. Kendall, T.; J. Betters, secretary; F. Major, R. A. C.; H. Bentley, M. 3 V.; Joseph Rashleigh, M. 2 V.; J. Jeffries, M. 1 V., and F. Rundle, sentinel.

Two additional package boxes were recently received by Postmaster Hosking of Calumet from the postoffice department. One of them has been placed near the corner of Pine and Fifth streets and the other near the store of the Tamarrack Co-operative association. There are now four of the big package boxes in Calumet. The new ones were received just in time for the holiday rush.

A young married couple of the Allouez location could not stand for a charivari three nights in succession and the groom, who refused to appease the boys by giving them a few dollars, in desperation finally appealed to the officers for protection. He said that his life had not been as happy as it should have been since he was married. The small boys spoiled it all by making a great din and racket all hour or so each evening. The authorities promised him they would look after the boys.

Mayor Scott's statement that the two carpenters at his mine in British Columbia are on a strike reminds a Houghton man of a story that Dr. Pomeroy, ex-chief of the Calumet & Hecla medical staff, used to enjoy telling. It was during the trammee's strike at the C. & H. some two years ago. At that time Robert H. Shields was chief clerk at the Centennial and was "mealing" with Jud North at the Calumet hotel. "Bob" came in for dinner one day and the doctor asked him if he had heard of some three hundred trammee's of the C. & H. being out on a strike. "No," said Bob, "but when I left the Centennial our two trammee's were satisfied and still at work." Dr. Pomeroy told the story to President Agassiz, of the Calumet & Hecla, who was on the ground at the time. He laughed and told the doctor to send for Shields to settle the C. & H. strike.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. Toledo, O. F. J. Cheney & Co., Props., known as F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligation made by their firm. West & Truax, Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Price, 75c per bottle. Sold by all druggists. Testimonials free. Hall's Family Pills are the best.

COUGHS, COLDS AND CONSTIPATION

Few people realize when taking cough medicines other than Foley's Honey and Tar, that they contain opiates which are constipating besides being unsafe, particularly for children. Foley's Honey and Tar contains no opiates, is safe and sure and will not constipate. People's Drug Store.

RECOVERED SPEECH AND HEARING

Messrs. Ely Bros.—I commenced using your Green Balm about two years ago for catarrh. My voice was somewhat thick and my hearing was dull. My hearing has been fully restored and my speech has become quite clear. I am a teacher in our town.

The Balm does not irritate or cause sneezing. Sold by druggists at 50 cts. or mailed by Ely Brothers, 50 Warren St., New York.

REPORT FROM THE REFORM SCHOOL.

J. G. Gluck, superintendent, Pruntytown, W. Va., writes: "After trying all other advertised cough medicines we have decided to use Foley's Honey and Tar exclusively in our West Virginia Reform School. I find it the most effective and absolutely harmless." People's Drug Store.

Don't be imposed upon by taking substitutes offered for Foley's Honey and Tar. People's Drug Store.

STOCK MARKET HORROR

THIRTEEN PERSONS KILLED AND MANY HURT IN CHICAGO.

DISASTER AT THE SWIFT PLANT

EXPLOSION OF A BOILER BURIES VICTIMS IN RUINS.

Nobody Within the Building Destroyed Escaped and the Cause of the Accident May Never Be Known—Financial Loss Small.

Chicago, Nov. 30.—The explosion of a boiler at the Swift plant yesterday caused the death of thirteen persons, and injury to scores of employes, visitors and others.

The explosion was of such force that adjoining buildings were wrecked, torn and twisted like toys.

The dead were: H. Arnold, colored, died in Mercy hospital; James Owens; A. Ruchow; Simon Tate; Herman; W. O. O'Connor, sewer digger; E. H. Wright; fireman; W. Parks, foreman; Thomas Holmes, engineer; Charles Wedd, fireman; John Henry, fireman; Albert Bushnell, purchasing agent; C. H. Cabat, millwright, died in Mercy hospital; Schultz, millwright.

The injured are nearly all employes of the plant and residents of Chicago, except Peter Steinbank, whose residence is given as Clinton, Ia. His injuries are fatal.

Thought Scores Were Buried. A rumor that fifty to 100 persons were caught in the wrecked building caused excitement and patrol wagons and ambulances were sent from all parts of the city.

While the fire was still burning, the police, firemen and employes of the packing firms began to clear the ruins. Many bodies torn, bruised or mangled were taken from the ruins.

Low Water Held Responsible. Many theories are advanced as to the responsibility for the disaster. One inspector declared the explosion was caused by cold water being injected into the boiler, but the majority of investigators hold that the catastrophe was caused by low water.

Death the Penalty for Carelessness. Later, an examination with a view of determining the causes that led to the explosion was begun today by mechanical experts, representing the city and private interests.

"BABY JO" LOSES HER CASE. Is Held Not to Be the Wife of Millionaire Pike's Son.

Chicago, Nov. 30.—Judge Clifford has decided that Mrs. Josephine Moffitt, the New Orleans beauty who sued Millionaire Pike's son, Billy, for separate maintenance, has no right to be called the young man's wife.

The complainant's claim that marriage was arranged in the Masonic temple cafe was held not to be proved.

LONG TERM FOR LOGAN. Train Robber is Sentenced to 130 Years but Will Serve but Twenty.

Knoxville, Tenn., Nov. 30.—Harvey Logan, the alleged Montana train robber, was yesterday given ten sentences aggregating 130 years.

BUFFALO DOCK COLLAPSES. Locomotive and 10,000 Tons of Ore Carried Down in the Crash.

Buffalo, N. Y., Nov. 30.—Shifting quicksands about the base of Lehigh Valley's Tift farm terminal allowed fifty yards of docking to sink twenty feet.

RHEUMATISM CURED IN A DAY. "Mytic Cure" for Rheumatism and Neuropathy radically cures in one to three days its action upon the system is remarkable and mysterious.

NOTICE TO THE PUBLIC. On and after December 1st we, the undersigned dairymen, will deliver milk daily during the winter months.

ENGLAND FEARS MEAT FAMINE.

Quarantine Against Boston Will Greatly Curtail the Livestock Supply.

London, Nov. 30.—Fears of a meat famine and expressions of consternation have followed the decision of the board of agriculture to close the ports of Great Britain to the importation of livestock from Maine, New Hampshire, Massachusetts, Connecticut, Vermont and Rhode Island.

From Boston is shipped most of the supply of cattle on the hoof imported into the United Kingdom from the United States. The stoppage of these shipments alone would be a serious matter, but it is feared that the quarantine may be extended so as to exclude in part other ports of the United States, in which event meat would almost certainly rise to prohibitive prices, and be at a time when greater quantities of it are used for food than at any other time in the year.

Rigid Inspection Inaugurated. The exclusion order of the board of agriculture will take effect Dec. 5. Cargoes of livestock reaching this side of the water meanwhile will be the subject of special investigation.

Torn and Twisted Like Toys. The explosion was of such force that adjoining buildings were wrecked, torn and twisted like toys.

The dead were: H. Arnold, colored, died in Mercy hospital; James Owens; A. Ruchow; Simon Tate; Herman; W. O. O'Connor, sewer digger; E. H. Wright; fireman; W. Parks, foreman; Thomas Holmes, engineer; Charles Wedd, fireman; John Henry, fireman; Albert Bushnell, purchasing agent; C. H. Cabat, millwright, died in Mercy hospital; Schultz, millwright.

LIEUT. PEARY SAYS A SUCCESSFUL DASH WILL BE MADE.

IS A TASK FOR AMERICANS SHOULD LEAD IN ARCTIC EXPLORATION AS IN OTHER LINES.

Each Time Expeditions in Far North Come a Little Nearer the Goal and Success is Certain at Last Reward the Efforts.

Washington, Nov. 30.—Lieutenant Robert E. Peary, Arctic explorer, delivered an address last night before the National Geographic society on the subject of Arctic exploration.

"In spite of the amount of work which has been done in the North Polar regions during the past few years the work is not complete. The archipelago of Franz Josephland has, it is true, been delimitated, and the northern terminus of the land north of the North American archipelago and west of Ellesmereland has also been delimited as to their northern coasts.

The man who has the proper party, the proper equipment and the proper experience and can start fresh from the northern coast of Greenland with the earliest returning light in February will hold within his grasp the last great geographical prize that the earth has to offer, a prize that ranks with the prize which leads to the front among the nations.

WILL PAY VENEZUELA'S DEBTS. Syndicate Stands Ready but Wants Uncle Sam to Act as Guarantor.

Washington, Nov. 30.—The appearance in Washington yesterday of J. Seligman, a member of the financial house which has engaged extensively in national syndicates, was viewed in official circles here today as indicating the existence of a syndicate with the purpose of floating all of Venezuela's many debts and thus averting the imminent danger that country now stands in of the seizure of her customs houses by foreign powers.

BOSTON COPPER STOCKS. Boston, Nov. 30.—Copper shares were irregular Saturday. Quincy showed some little strength, but selling pressure was in evidence in the afternoon.

BOSTON STOCK SALES. The following were the transactions in copper stocks on the Boston exchange Saturday as furnished to The Mining Journal by Paine, Webber & Co.:

CHICAGO GRAIN MARKETS. Chicago, Nov. 30.—Dullness prevailed yesterday on the board of trade and prices in general were depressed.

FRANCE'S SUBMARINE BOATS. Wonderful stories are told in the French papers of the efficiency of the submarine boats as demonstrated in recent tests.

FORECAST OF THE WEATHER. Washington, Nov. 30.—The following is the weather bureau's forecast for Upper Michigan: Rain and warmer, Monday; Tuesday, fair.

OPENS DOOR TO PUGILISTS.

Kentucky Judge Decides Boxing Bout Cannot Be Enjoined in That State.

Louisville, Ky., Nov. 30.—Kentucky is again open to the pugilists. A decision given yesterday by Judge S. B. Toney of the chancery court will make it possible for the athletic clubs of Louisville to resume operation, at least temporarily, and the bout between McGovern and Corbett for the featherweight championship may be scheduled for this city.

IRON NOTES. End of a Busy Shipping Season is Now at Hand.

This year's shipments from the Clergue mine at Michipicoten, of which E. F. Bradt is superintendent, will be in the neighborhood of 300,000 tons, less than expected on account of the change in mining methods carried out there during the height of the shipping season and which is now about completed.

Mesa Range mines of the Republic Iron & Steel company, of which Edwin Parneke, formerly of the Mountain, is superintendent, will produce this year about 225,000 tons of ore, a very small production for the mines and for the 150,000 tons production on the Marquette range. It will largely increase on the Mesa range next year, when it will have an open pit mine working, from which it can produce ore very cheaply.

Twelve drills operated by independent concerns and individuals are at work on the Vermilion range and the Steel corporation has two at work. The Mahoning Ore and Iron range, on some of the Silverman lands on the Vermilion range for purposes of exploration. The iron deposits on the Vermilion have proved very elusive of late years, but few drills that much more exist there than has yet been shown up.

Shipments from the Fayal mine are to be continued this fall as long as boats can be secured to transport the ore. If weather conditions continue favorable for a few weeks it is possible that the mine may yet reach the 2,000,000 ton mark, which was predicted early in the season. The record at present is about 1,800,000 tons and it will certainly be increased to 1,900,000 tons if there is a sudden close of navigation.

The crosscut from No. 5 shaft, Aragon, to the ore formation north, is now in about 300 feet, and the work is progressing satisfactorily. Captain Alvar, who is in charge of all the underground workings of the Aragon, informs the Norway Current that two large pumps of a normal capacity of 1,500 gallons of water per minute each, have been shipped from the factory and will be placed in the large pump room at the bottom of the shaft at an early date.

An announcement has just been made at the Soo of the discovery of one of the largest iron ranges in Canada, and what will probably develop into one of the most important in America, in the Walmatine district, north of Sudbury, Chicago and Michigan capitalists, it is reported, who have interests in the iron ranges of upper Michigan, are interested in the new discovery.

Consumption can certainly be cured.

Not all cases, but very many. Ayer's Cherry Pectoral is the medicine.

looked over the property and are of the same opinion as those who are interested. In fact, men who have spent a lifetime in iron mining are thoroughly of the opinion that this will develop into one of the biggest things in Canada.

The ore shipments from Minnesota will exceed 15,000,000 gross tons for this season, which is at least 1,000,000 tons more than was expected three months ago.

According to Milwaukee men, lack of transportation facilities to handle the products of American mines and manufactures in times of great production like the present, will cut considerable figure in keeping down the product of mines next year unless, by unprecedented alacrity, railroads succeed within a very short time in increasing their facilities to meet demands like the present.

Milwaukee mining men have been cognizant of this fact for some time. Because they know that there will not be facilities for handling such an increase, the statement of the United States Steel corporation that it will consume from 4,000,000 to 5,000,000 more tons of its own furnaces next year is taken with a handful of salt.

Whereas, two hobs were filed in said court against the steamer "Robert A. Parker," her boats, tackle, engines, boilers, apparel, furniture, cargo, and other contents, on behalf of the Percheron Steam Navigation Company, claiming for salvage, and on behalf of Isaac Zeos, Thomas Bercher and Fred Schultz, claiming for salvage, whereas, by virtue of a writ of attachment issued out of and under the seal of said court, steamer "Robert A. Parker" has been seized and is now in custody, and whereas, the first Tuesday in January, 1903, has been fixed as the return day of the attachments and for the hearing of the said libels; now, therefore, the master, owners, and claimants of said steamer, "Robert A. Parker," and all persons interested therein, are hereby notified to appear and show cause in the district court of the United States, for the Western District of Michigan, Northern Division, at the District Court rooms, in the city of Marquette, in said District, on Tuesday, the sixth day of January, A. D. 1903, at 10 o'clock a. m. if that day of jurisdiction thereafter, then and there to answer the said libels and make their allegations in that behalf.

## NEW CRIB IN PLACE

**HUGO & TIMS HAVE FINISHED WORK AT PRESQUE ISLE.**

### CAPT. GAILLARD INSPECTED IT

**END OF BREAKWATER AND MAINLAND ARE NOW CONNECTED.**

Improvement Puts an End to Encroachments on the Shore—Visitors at Resort Must Keep Off Saper-structure.

Work on the breakwater improvement at Presque Isle was concluded the middle of last week, and now the remaining structure that protects the L. S. & I. dock at that point from the ravages of the waves is connected with the shore of Presque Isle by a flat crib, over 200 feet long.

The breakwater originally almost touched the shore, but unfortunately a small intervening space was left and during the past few years the waves, working tirelessly and ceaselessly, enlarged it to a wide gap by encroaching on the shore. The land was being eaten into at a rate that alarmed the park commissioners, while the protection of the Presque Isle dock was not as good as former. The necessity of filling in the gap was pressing, and there was much satisfaction late in the summer when it was learned that the work was to be done this fall.

Hugo & Tims of Duluth were the successful contractors among a number of bidders, and they have just finished the work. They began operations at Presque Isle on the 6th of October and completed the improvement on Wednesday, the 28th of November. Friday Captain Gaillard of Duluth, United States engineer in charge of construction work in this district, inspected the crib, and in due time will make his report. It is believed that the work was satisfactory in every particular. It proceeded under the supervision of Justin A. McCarty, United States overseer here.

The gap between the north end of the breakwater and the shore has been filled up by a rectangular crib 216 feet long ten feet wide and eight feet high above the low water datum. In this crib and the abutment on shore were placed some 274 cords of rock, which will hold it firmly in place. The crib is built of heavy timbers and will withstand the strength of the waves without yielding. The contractors worked eleven men on the job, and excellent progress was made. The contract price was in the neighborhood of \$7,000.

In this connection Captain Gaillard wishes to warn people who visit Presque Isle, particularly young people and children, to keep off the new crib. Its surface presents an inviting promenade, over two hundred feet long and ten feet wide, but it will also be a dangerous place, as the water about it is deep. Moreover it leads right up to the slanting breakwater, at the top of which is a level bit of plank only a foot wide. If foolishly people venture on to this little strip, the danger of accidentally falling into the lake will be very great. Children who are allowed to venture onto the pier would be likely to persevere their investigation into this treacherous footing, with almost a certainty of falling into the water. The tearing force of the waves makes it impracticable to fence in the crib. Signs will be posted and every provision will be made to prevent accident, but the co-operation of parents will be necessary next summer, when the resort again begins to be frequently frequented.

### WEDDED AT HANCOCK.

Miss Maude Blackwood and Eugene Swift United in Marriage Saturday.

The marriage of Miss Maude Blackwood, daughter of William Blackwood of West Hancock, formerly of Marquette, and E. D. Swift of Marquette was solemnized at the home of the bride's father Saturday evening. Rev. Father Atwick of St. Patrick's church, Hancock, officiated. The wedding was a quiet affair because of the recent death of the bride's mother. Mr. and Mrs. Swift will reside at Marquette.

### WILLIAM HICKS DEAD.

Old Resident Succumbs to Apoplexy After an Illness of a Year.

William Hicks, residing at 523 North Fifth street, died at an early hour Saturday morning. Apoplexy caused his demise, which was very sudden. A little over a year ago he experienced a severe stroke, and while he had been ill ever since and at times suffered greatly the end at this time was entirely unexpected and a great shock to the family and their numerous friends.

Mr. Hicks was aged fifty-seven. He had been a resident of Marquette for thirty years, for seventeen of which he was in business, part of that time conducting a grocery store on Washington street. Aside from the bereaved wife, four children survive. They are Mrs. E. J. Trevillion, the

### KEEPING PROMISES.

Marquette Appreciates Always When Promises Are Kept.

Every time you read about Doan's Kidney Pills you are told they cure every form of kidney ills from backache to urinary disorders. How are our promises kept? Ask any citizen who has tried the treatment. Ask the man who makes the following statement:

Mr. John Brennan, of 230 McLeod ave., employed in the grocery department of the Ironwood Store Co., says: "I have no hesitation in recommending Doan's Kidney Pills as a thoroughly reliable remedy in all cases of aches and pains through the loins and kidneys. It is also a fine tonic, strengthening and regulating the general system. I was both cured and off for a long time with spells of dull heavy aching through the small of my back just over the kidneys and at times I felt all run down. I was advised to try Doan's Kidney Pills and got them at a drug store and used them. They thoroughly and effectually relieved me of all the trouble and since using the remedy I have felt splendid. In fact never felt better."

Just such emphatic endorsement can be had right here in Marquette. Drop into the Stafford Drug company and ask what their customers report. For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name, Doan's, and take no substitute.

Misses Mayme and Clara, and William, the latter a resident of Alaska. The deceased was a member of the Knights of the Pythias and of the Knights of the Maccabees.

The funeral will be held from the Methodist church at 2:30 o'clock Tuesday afternoon, the pastor, Rev. E. A. Elliott, officiating. Relatives now on the way from Quebec will attend. The interment will be in Park cemetery.

### EXCITING FOOTBALL GAME.

Strawberry Hill Team of Ishpeming Defeats a Juvenile Eleven of This City.

The Strawberry Hill team, an Ishpeming juvenile aggregation, defeated Fred Smith's O. W. C. eleven on the local gridiron Saturday and incidentally demonstrated its possession of material for future teams that will continue to make the Hematite high school boys a power in upper peninsula football. The score was 11 to 0, which the visitors claim should have been about 22 to 0, they obliging them to not receive fair treatment from the umpire. Features of the game, which was as exciting and interesting as any here this season, were a 75-yard run for a touchdown by Will Walters, and a drop kick for goal from the twenty-one yard line by the same young gentleman. The Ishpeming lads, like their Marquette opponents, range in years from eleven to almost sixteen, and are members of the fifth, sixth and seventh grades at school. They are exceptionally well trained in the gridiron game and possess a knowledge of football somewhat surprising for young players. They frequently called into question decisions of the officials. A return game between the two aggregations will be played next Saturday afternoon at Union Park. An admission of ten cents will be charged.

### MINSTREL SHOW.

Inmates of the Branch Prison Gave It Friday Evening.

The inmates of the Marquette branch of state prison were entertained in the chapel Friday evening by a minstrel show given by the talent from their own midst, and from all reports it was a highly creditable performance. A few visitors who saw the entertainment were greatly pleased with it and stated that it would compare favorably with amateur productions of the same nature given "outside the walls." The prison orchestra furnished the overture and incidental music, and accompanied the choruses and soloists. The chapel platform was fixed up as a stage and served the purpose very well. The inmates were appreciative and pleased with the entertainment.

### Part I.

Interlocutor, Morris.

Bones—Washington, Hamilton.

Tambo—Demars and McCoy.

"Come Back Ma Baby"..... Demars.

"Why Don't You Write a Letter Home"..... Demars.

"Pasa Ma La"..... Yohey.

..... Hamilton.

"Dreamy Susquehanna"..... McNette.

"Close Dem Windows"..... McCoy.

Recitation, "Actions Make the Man"..... Washington.

"Aint No Lie"..... Swob.

"I Wonder If They Care to See Me Now"..... Moross.

Tambo, Bones and Full Chorus.

..... Ohio.

A Few Minutes With..... Demars.

A Scene on the Leaves..... Demars.

Company..... Radley.

Cornet solo..... Radley.

Monologue, "Tramp"..... Demars.

Dutch and Irish Sketch..... Hamilton and Noble.

Banjo Solo and Juggling..... Demars.

Caik Walke and Choruses..... By Entire Company.

Grand Finale, "Good Night"..... Manager, J. J. Morris; stage manager, A. Demars; musical director, A. E. Radley.

Some time before Christmas, when the sleighing is good, this entertainment will be repeated and Marquette people generally will be cordially invited, by the inmates, to go out to the prison to attend the performance. It is likely that there will be a general response to this invitation, as there should be much curiosity to see the prison talent in black face work.

### A POPULAR NEW GAME.

Military Euchre Promises to Drive Out Progressive Euchre.

A new game which promises to be in great vogue during the coming winter is "military euchre." It has some of the features of progressive euchre, but this game brings about an even more jolly combination of players than that popular amusement. There may be a number of tables. Each must have a chosen color, and each is distinguished by its color. Attached to the back of one of the chairs at each table is a sheaf of flags of the chosen color. Instead of plain colors, however, flags of all nations may be chosen, which will add a good deal to the vivacity of the game and also considerably to the expense. The players have Nos. 1 and 2 for the women and 3 and 4 for the men. When the first game is called two of the players from "table red" say Nos. 1 and 3, leave their table to go to capture a flag from "table blue." Nos. 2 and 4 will remain at "table red" to defend their own flags from "table green" who have come from "table blue" to capture them. Meanwhile two players from "table blue" have gone to "table green" as an attacking party.

If 1 and 3 win the game at "table blue" they will carry a blue flag to "table red." So it will go on through the evening. At each table there will always be a couple who will be on the defensive, seeking to keep the home flags, while two others of the table are away on an attacking party bent on capturing the flags of other colors. In the end the table having the most flags—won from other tables or retained on its own table—wins the game. The four prizes, which are of equal value. The interest to the game attaches to the fact that the four players who start out to play together remain allies throughout the evening, and thus varieties in the game are introduced as the game progresses. Sometimes the two men will go away on an attacking party and sometimes the two women, in which case their opponents are of the opposite sex. But the end is always the same—to gain new flags and to keep the home flags in their place. The entire game is systematically worked out. Cards are produced while two others of the table are away on an attacking party bent on capturing the flags of other colors. In the end the table having the most flags—won from other tables or retained on its own table—wins the game. The four prizes, which are of equal value. The interest to the game attaches to the fact that the four players who start out to play together remain allies throughout the evening, and thus varieties in the game are introduced as the game progresses. Cards are produced while two others of the table are away on an attacking party bent on capturing the flags of other colors. In the end the table having the most flags—won from other tables or retained on its own table—wins the game. The four prizes, which are of equal value. The interest to the game attaches to the fact that the four players who start out to play together remain allies throughout the evening, and thus varieties in the game are introduced as the game progresses. Sometimes the two men will go away on an attacking party and sometimes the two women, in which case their opponents are of the opposite sex. But the end is always the same—to gain new flags and to keep the home flags in their place. The entire game is systematically worked out. Cards are produced while two others of the table are away on an attacking party bent on capturing the flags of other colors. In the end the table having the most flags—won from other tables or retained on its own table—wins the game. The four prizes, which are of equal value. THE SATISFACTION OF BEING WELL DRESSED will cost you about so much at a merchant tailor's or half that price where there are clothes bearing the Friend label in the inside pocket. FRIEND CLOTHING is characterized by an utter absence of "ready-to-wear" appearance. The cut of the moment, the fabric fancy of the hour, the detail of the day, are evidenced in each product of the Friend factory. And above all is the consummate fit of every garment. THE FRIEND GUARANTEED CLOTHING IS FOR SALE BY LEADING DEALERS, MARQUETTE.

The trip there is the best part of a winter in California—that is, it is if you take the Golden State Limited. It is a veritable hotel on wheels—a flying palace, where you can sleep, dine, smoke, read, and chat with all sorts of people whose one idea is to pass time pleasantly. Leaves Chicago daily via the El Paso-Rock Island route. Less than three days to Los Angeles. Through cars to Santa Barbara and San Francisco. Electric light, electric fans, barber shop, bath room, booklovers' library, compartment and standard sleeping observation, dining and buffet-smoking-sleeping cars. Lowest altitudes of any line across the continent. Get out this and mail it, with name and address to this office, and beautifully illustrated book about California will be sent free. Tickets, berths and full information at this office. Geo. F. Lee, G.A.P.D., 91 Adams St., Chicago, Ill.

PROPOSITION TURNED DOWN. Benton Harbor's Offer to Play for Money Will Not Be Considered.

After having met with a defeat like that of last Wednesday, the Benton Harbor manager still cherishes the delusion that his team can play football. Not only that, but by offering to play for money he is willing to see the team in a position that would forever debar any of the players from engaging in amateur football. Friday night Superintendent Scriber received the following telegram from the Benton Harbor manager: Will play your team within two weeks on neutral grounds for \$1,000 to \$5,000. J. H. BURGER, Manager.

Mr. Scriber will reply to the offer today by letter, refusing to meet Benton Harbor again under any conditions. Sportsmanship in the lower peninsula town must have run to a very low ebb when those in charge of high school athletics make such propositions. The Benton Harbor team showed a bad spirit in the last game, when the referee's attempts were made to disable the Ishpeming men by unfair play. Ishpeming holds the championship and the season is over. She would have nothing to gain and everything to lose by playing another game. There is, however, no shadow of doubt in any one's mind that a second game could be won by as big a score as the Ann Arbor game.

Coach McChesney of the Benton Harbor team was here and saw the Escanaba game. He evidently thought that Bell's playing was the whole game for he hurried home and spent all the rest of the time before the championship game in putting his men through a course of sprints in catching punts. He lost a good deal of valuable time in this manner for Bell did not punt once during the game. In an interview quoted in a Detroit paper recently, Mr. McChesney said he considered Bell the greatest high school punter in the United States.

HIGHLY CREDITABLE RECORD. Swedish Lutheran Church is Now Quite Free from Debt. For the first time in its history the Swedish Lutheran church of this city is free from debt. A few weeks ago the full dollar was paid off and Thursday afternoon and evening the congregation held a jubilee of rejoicing and true thanksgiving, in celebration of the achievement. Services of praise were held in the church in the afternoon. The choir sang, and the pastor, Rev. E. V. Isanen, preached an admirable sermon. Following the sermon there were historical addresses by John Wahlman, John A. Johnson and George Skogberg. Mr. Wahlman and Hakan Johnson, of the Winthrop, are the only members of the original congregation now living in this vicinity.

Mr. Wahlman sketched the history of the church from its organization in 1870 till 1882. His talk was highly interesting, revealing as it did many incidents and people that had been half forgotten during the years that have elapsed since that period. Mr. Johnson followed, covering the ten years from 1882 till 1892. The present church edifice was built in 1882. The congregation encountered many difficulties, which were finally overcome, but great progress was made, nevertheless. This was largely due to the efforts of the two pastors who served during that period, Rev. Beckman and Rev. Stolpe. The former is now deceased. Mr. Wahlman and Hakan Johnson, of the Winthrop, are the only members of the original congregation now living in this vicinity.

NEED A NEW CARD CATALOGUE. Work at the Library Greatly Hampered by This Lack. Several months ago the librarian and her assistants began work on a card catalogue and had made considerable progress when the new rule which extended the privileges of the library to effect on Sept. 15. Immediately the demand for books began to grow and has kept on increasing until at the present time there are 645 more names on the list of consumers than there were two months and a half ago. As many as 250 books have been drawn in one day. So much extra work has been imposed on the attendants by this enlarged demand that work on the catalogue has been practically suspended.

Women as Well as Men Are Made Miserable by Kidney Trouble. Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of the same. Samuel Goodman's renal cure is a positive, guaranteed cure. Only 50c at Stafford's drug store.

ISHPeming IN BRIEF. The Snow Shoe club meets tonight at the clubhouse. J. Buckett of Minneapolis is here visiting his parents. C. F. Fairbank of Virginia, Minn. spent Sunday here. Arvid Braastad advertises a cottage for rent on North street. John Olson and George Thomey are back from Thomey's camp. Thomas Hughes and wife are the parents of a girl, born Wednesday. Trombly's orchestra will give a hop in Anderson's hall Wednesday night. Mrs. E. F. Murray returned Saturday from a visit with relatives at Crystal Falls. S. R. Elliot, employed at the Ashland mine at Ironwood as engineer, is here on business. Mrs. D. P. Householder of Republic, a former resident of the city, visited friends here Saturday. A McLeod of Manistique, of the Star opera house, was in the city yesterday for the Owen Concert company. Gunner Norberry and family of Sagola were visitors with C. F. Anderson and family the latter part of last week. The Ladies' auxiliary of the Ancient Order of Hibernians held a turkey supper Saturday night at the lodge rooms in Convent hall. Samuel Goodman's funeral was very largely attended yesterday. Sir Humphrey Davy lodge, Sons of St. George, attended in a body. Mrs. Mervin Youngs, who has been spending a few days with her parents, Mr. and Mrs. H. Dawson, returned to her home at Houghton Saturday. J. H. Crane spent Sunday in town visiting friends. He expects to leave soon for Pueblo, Col., where he will take up the duties of his new position with the Colorado Fuel & Iron company. The Ladies' Aid society of the Methodist church will hold a handkerchief and soap sale at the Ishpeming Co-operative hall Wednesday afternoon and evening. The ladies will also serve tea and coffee. Master Stephen Slaymaker will sing Mrs. Gayner's "Sailer Song" at the high school this evening. Mrs. Gayner will tell how she writes her songs. Mr. Beal, her accompanist, will play several piano selections. Mrs. John Flannigan and her niece, Mrs. Emily Nally, were here from Marquette Sunday visiting Mrs. Flannigan.

INCREASE IN PAY. The Northwestern engineers are looking forward to an interview between their representatives and the officers of the road in regard to an increase of pay. The committee has met and considered the matter and arranged the new scale that it wants adopted. This scale provides for the adjustment of certain differences that have grown up since the advent of the big engines and for an increase of pay of about 20 per cent. The scale has been presented to the officers and discussed and is waiting for them to set a date when they will consider it. The committee having finished its work as far as it can the members have gone back to their engines and awaiting the call to meet again. Other road managers have recognized the necessity of paying the men more and have acknowledged the justice of their claims, and the Northwestern men, who are full of pride for the treatment they received from their officers, look for a favorable reply and think that if there is to be any discussion or changes they will be minor and in detail only. DULUTH'S GLORY OF DEFEAT. The Duluth team, which won the "championship of three states," according to its boast, by handing out a dirty deal to Ishpeming, closed its highly creditable season with a glory of defeat, falling down before the Central High school of Minneapolis by a score of 23 to 0. The Duluths showed considerable strength in the first half, but they were made of soft stuff, apparently, for they came back weak in the second half of play, and were walked all over for their pains. Little regret will be felt at this result in the northern peninsula, as the Duluthians alienated the affections of all their friends in this section by their conduct in connection with the Ishpeming game, and their craven dodging of the issue thereafter. Ishpeming comes out of the season with a state championship and flying colors while Duluth gets a "booby" and has but an indifferent record. There was one disaster which Duluth avoided, however. It was wise, in its cowardice, in dodging the Blues, as thereby it avoided still another humiliating defeat. A MILLION VOICES. Could hardly express the thanks of Homer Hall, of West Point, Ill. Listen why: A severe cold had settled on his lungs, causing a most obstinate cough. Several physicians said he had consumption, but could not help him. When all thought he was doomed he began to use Dr. Am's New Discoverer for Consumption and writes: "It completely cured me and saved my life. I now weigh 227 pounds." It's positively guaranteed for Coughs, Colds, and Lung troubles. Price 50c and \$1. Trial bottles free at Stafford's drug store.

### Negaunee and Vicinity.

Subscribers to The Mining Journal will please remember that carrier boys are not allowed to receive money on subscription account.

#### AS A RESULT OF A SCRAP.

**Charles Schwartz Claims He Was Arrested Without a Warrant.**

A few days ago Mike Scanlon and Charles Schwartz became engaged in an altercation over some difference, and before it was settled they were the participants in a lovely scrap. Scanlon fared much the worse of the two, and in order to get redress he told his tale of woe to his brother Pat, who is a member of the police force. Pat started after Schwartz and found him at the dance at McDonald's opera house Thursday night. Without going through the formality of swearing out a warrant, and although not a witness of the assault, he laid hold of Schwartz while he was out on the floor dancing and, without further ceremony, dragged his prisoner off to the lock-up. Schwartz languished there till the next morning, when he was let out on bail. Saturday morning he appeared before Justice Thoren to answer to the accusation against him. The hearing was deferred till Saturday afternoon in order to allow Schwartz time to secure counsel. Schwartz cannot well take action until the charges against him have been disproved or sustained, but he vows that when he gains his complete liberty he will make things interesting for the policeman who was so eager to look after his brother's interest.

#### DARK STREETS.

The armature in the dynamo that generates the electricity for the arc lights burned out Friday night, and the feeble moon has been the only source of street illumination since. A new armature was sent for at once, but will not arrive for some time. It was fortunate that the dynamo which supplies the incandescent circuit was not disabled, for, in that case, the city would have been in a much worse plight than it is now.

It is customary in most plants to keep an extra armature on hand in anticipation of such accidents. Such a precaution seems to have been overlooked by the city fathers when they voted the funds for equipping the municipal plant. The present situation may lead them to prepare for such emergencies.

#### A LIBERAL OFFER.

The undersigned will give a free sample of Chamberlain's Stomach and Liver Tablets to any one wanting a reliable remedy for disorders of the stomach, biliousness or constipation. This is a new remedy and a good one. Stafford Drug Co.

Low prices on storm sash. Consolidated Fuel & Lumber Co. (11-11-f)

Eczema, scald head, hives, itchiness of the skin of any sort, instantly relieved, permanently cured. Doan's Ointment. At any drug store.

#### FINE NEW HALL.

**Negaunee Odd Fellows Will Build It in the Spring.**

The Odd Fellows met Thursday night and voted to build a brick block on their property at the corner of Iron and Tobin streets. Work will start next spring. This project has been discussed frequently, but no definite action has ever been taken before. The proposed building will be two stories high, and will be built of solid brick throughout. It will have a fifty-foot front, taking up the whole lot. The length has not yet been decided upon, but it will be either 80 or 100 feet. The ground floor will be divided into two stores, and the second will contain the lodge hall and a number of office rooms. The lodge has been paying a rental of \$200 per year for its present hall and the members think that the new block will soon pay for itself and be a source of income as well.

The Odd Fellows have the oldest organization in Negaunee. They started Sept. 22, 1868, with a membership of thirty. They now number 120, all in good standing. The lodge's financial condition has never been more flourishing than now.

Officers were elected Thursday night. They will assume the duties of their position Jan. 1. The list is as follows: Fred Eddy, N. G.; John Tamblin, B. G.; Christ Hansen, R. S.; Anson Alguire, F. S.; Joseph Williams, treasurer.

#### MAY GET FREE DELIVERY.

Dispatches from Washington that appeared in the Chicago Tribune a few days ago give Negaunee people hope of securing free mail delivery during the coming session of congress. Representative Payne of New York has announced his intention of introducing a bill as soon as congress convenes providing for the extension of the free delivery system to all cities having 5,000 inhabitants or annual receipts of \$5,000. Negaunee would come in on either score.

#### MRS. GAYNOR'S CONCERT.

The work of Mrs. Gaynor, in connection with music for children, has been compared to the work of Eugene Field and James Whitcomb Riley in their poems of childhood. She has many other delightful songs besides her songs for children, a number of which she will sing at the high school assembly room at Ishpeming this evening at eight o'clock.

#### CHARGES MUST BE PAID.

The agents of the express companies have been very obliging about delivering packages without enforcing payment of charges. Many times they have been compelled to wait for the money from those whom they have accommodated and in a few instances they have even been obliged to go down into their own pockets to make up the deficiency when

people have neglected to settle. The agents, both of the American and the Western companies, cannot be obliging in this respect any longer; even if they wanted to, for they have received positive instructions to collect upon delivery and to let no package go out of their hands until full charges have been paid.

#### DEFEATED THE BUSINESS MEN.

The indoor ball game at the Adelphi rink Friday night was a good starter for the city team, for it defeated its opponents, by a score of 31 to 24. The business men lacked two of their best players, Begle and Miller, and assign their defeat to that cause. Haupt, Dr. Hudson and P. Levine each took turns in the box. Trofochad was the catcher for the business men and Brown and Dyer were the city team's battery. A return game will be played next Friday.

#### LADIES WILL CONDUCT SALE.

The Ladies' Aid society of the Presbyterian church will hold a sale of handkerchiefs, aprons and other articles Friday next, Dec. 5, at the church parlors, between 2:30 and 5:30 p. m. Articles intended for the sale should be left with Mrs. Klime on or before Dec. 2.

#### LOCAL LACONICS.

E. E. Johnson of Newberry was here Friday.

Miss Lucy McKenzie went to Kenton Saturday.

Fred Bartle arrived home from Hibbing Friday.

William Brennan was here from Menominee Saturday.

Trombly's orchestra will give a hop at Anderson's hall, Ishpeming, Wednesday evening.

F. E. Nightingale went to Duluth Saturday night for the Republic Iron & Steel company.

Yesterday and Saturday witnessed a general exodus of hunters to the woods, and many deer were slain.

Rev. A. E. Mosell left for Nebraska Friday night, having been summoned to the bedside of his father, who was not expected to live.

A small shed on Mrs. Pelton's property on Tobin street caught fire Friday night and brought out the fire department. The blaze was quenched before any damage was done.

W. J. Begle, who has been hunting near Michigamme with Superintendent Greening of the Michigamme schools, came back Saturday. The deer were too elusive, and the party returned empty handed.

A. P. Fiskley fell and dislocated his shoulder while crossing the Northwestern track on Iron street Friday night. He had been called by the fire alarm and was making a quick sprint to get to the scene of the conflagration when the accident occurred.

Reserved seats for the lecture by Hon. G. A. Gearhart at the opera house Wednesday night will be on sale at Kirkwood & O'Donoghue's drug store at 8 o'clock this morning. This lecture is the second in the course of entertainments being given by the ladies of St. Paul's church.

### Upper Peninsula.

Melvin Moore, a South Haven boy, was camping with other deer hunters near Floodwood, and became homesick. He left a note in a crotch of a tree telling that he was going home, and started for the railroad. A mile from the station a deer ran across his path and the boy brought down the animal on the first shot. His luck cured him of his homesickness.

The total enrollment in the Iron Mountain public schools at present is over 2,500 and the actual attendance is over 2,300. This is the largest attendance in the history of the city and would indicate a material increase in the population. The rooms are crowded to overflowing, many teachers having over fifty pupils. It looks very much as if it would be necessary to enlarge some of the present buildings another year.

The Marinette & Menominee Paper company has awarded contracts for about 24,000 cords of spruce pulpwood to be delivered in the spring and summer. This is considerably in excess of the supply ordered in past years, and would indicate the company is arranging to increase its output. The contract will be divided among 150 or more firms. The getting out of this pulpwood furnishes employment to hundreds of men during the winter. Many of the farmers in Menominee county make a neat profit cutting spruce during the winter months. President Spies states that the company will operate all three plants, the two in Marinette and one in Menominee, all winter. Operations are being conducted day and night and the year 1902 will be a record breaker in the history of the company.

James Rolefske and Martin Wozniak, two fishermen living a few miles north of Menominee, started about daybreak to lift their nets, several miles out in the bay. About 8 o'clock a fierce north-easter sprang up and other fishermen made for the shore, arriving in safety after a rough trip. Rolefske and Wozniak, however, kept on working, but the sea was soon running so high that they were unable to abandon their work, but were unable to return in their small boat. They tied the boat to one of the fish stakes with a strong line and remained there. The wives of the two men, fearing that their husbands would never reach the shore alive, drove to Menominee to get a tug to go to the rescue, but before they could secure one night began to fall and the wind died down considerably. The men then made an attempt to get to shore, and after a very rough journey they finally landed safely.

J. M. White, woods superintendent for the L. Stephenson company, states that the company now has about 300 men in the woods getting out lumber. It is expected that the cut this winter will be about 50,000,000 feet. About half of this will be gotten out by the camps and the other half will be put in by jobbers. About half of the total cut is pine. At Camp No. 1, 100 men are employed who are cutting 100,000 feet a day. A great part of the cut will be sent down to the mills by rail. At present they are sending down about 100,000

feet a day, and as soon as snow comes the rail shipments will be increased to 500,000 feet a day. The company received 88 men from Minneapolis some time ago and the work in the woods is being pushed with great vigor. The mammoth factory which the company is erecting at Wells will, it is estimated, require 50,000,000 feet of lumber (mostly hardwood) for the next ten years.

The Inward Effects of humors are worse than the outward. They endanger the whole system. Hood's Sarsaparilla eradicates all humors, cures all their inward and outward effects. It's the great attractive and tonic, whose merit has been everywhere established. 7

A hunting party back at Menominee from the Net river country report the discovery of three colonies of beavers. The beavers have just completed three dams across the stream, which shows that the animals have not been located there very long. They came since the stream had been driven, which was two or three years ago, and their presence would indicate that the beavers are again commencing to inhabit the streams which had been worked by the loggers and abandoned. Beavers are protected by law and therefore none of the party shot any of them, although they could have secured a number and brought home their valuable hides. One of the members of the club, however, shot an otter.

**Schlitz MILWAUKEE'S LARGEST BREWERS**

**Over One Million Barrels of Schlitz Beer Sold in One Year**

This makes us, by over one hundred thousand barrels, Milwaukee's largest brewers, and Milwaukee, as you know is the most renowned brewing center in the world.

**THIS IS HOW IT WAS DONE**

For fifty years we have doubled the necessary cost of our brewing that Schlitz Beer might be pure.

We cool Schlitz Beer in plate glass rooms, and all the air that touches it comes through air filters.

We age our beer for months before we market it. That is why Schlitz Beer doesn't cause biliousness.

We filter Schlitz Beer through wonderful filters, then sterilize every bottle after it is sealed.

# SUCCESSFUL MERCHANDISING

AT

# THE GREAT RETAIL ESTABLISHMENT

## OF THE A. T. VAN ALSTYN DRY GOODS COMPANY.

OPERA HOUSE BLOCK.

### ...TRADE COMMENT...

December, the greatest month in the year for selling goods, begins this morning at our store with the largest showing of Seasonable Goods we have ever offered to the public.

Our shelves and counters are loaded with dependable goods of every description. The month just closed has been the largest by far in the history of our house; we expect to see December double all past records.

#### Nothing Succeeds Like Success.

Success in our case has been attained only after continued and persistent effort on our part to make our store and stock attractive to the public, both in assortment and in value, as well as to always give the public just what we say we do and will.

When we tell you that there is no other stock of Dry Goods in Marquette to compare with ours we are sure when outside people come here, they will admit all we say for our store and stock, and we are equally sure the Marquette public know it notwithstanding all the printer's ink there is in denying it.

We now employ thirty-five people in the Holiday trade. We are unable

to wait upon all the buyers promptly during the busy hours, but we shall give you ever attention possible, and hope to be prepared in a few days to meet every requirement.

Owing to death in the family of our bookkeeper and cashier and her consequent absence our monthly statements will be mailed without being itemized. An itemized statement will be given you when you pay if you wish one. In this connection we wish to call your attention to the fact that we do not run book accounts. We expect bills paid promptly the first of each month for any items which have been purchased during the previous month and kept on memorandum for your convenience; no account will be carried over from month to month. As this is the time when all our fall and winter bills fall due we will be obliged if you will send your checks in early so we can have the money to discount our bills with.

We wish to give every consideration to our Customers possible consistent with a CASH business, but must insist upon all bills being paid the first of each month.

A. T. VAN ALSTYN,  
President and Treasurer.

## EARLY HOLIDAY SHOPPING

Do your holiday shopping as early as possible, as the assortment is always the best and you can be better served than during the rush holiday week.

SUGGESTIONS OF MERIT—Articles that will be useful and also acceptable. Our showing is attractive:

Ladies' Wraps, Tailor-made Suits, Skirts, Waists, Kid Gloves, Dress Patterns, Silks, Table Linens, Towels, Laundry Bags, Pillow Covers and Pillows. Leather Table Pieces, Lunch Cloths, Rugs, Curtains, Draperies, Blankets, Beautiful Neckwear, Furs, Umbrellas in Great Variety. These are only a few of the many desirable articles we show for the holidays. The Best of Everything in Dry Goods, Carpets and Millinery. Prices are right.

In order to allow us to put the goods in shape, there will be no auction sale of the Bracher Stock tonight. Sale will resume tomorrow---Tuesday---evening.

# A. T. VAN ALSTYN DRY GOODS COMPANY.

#### STATEMENT UNFAVORABLE.

But, Nevertheless, Coppers Held Up Very Well.

Paine, Webber & Co. said of the Boston market: "The bank statement was again unfavorable, but the coppers held very well. There appears to be something brewing in coppers. The Financial News says an eastern banking house has been selected to act as intermediary between Amalgamated and Calumet & Hecla companies, looking to an adjustment of trade differences. At the present level of prices one can hardly make a mistake in buying the better class of coppers."

#### Wheat a Little Lower.

W. H. Laidley said of the Chicago market: "Lower cables and heavier receipts were responsible for a somewhat lower opening in wheat. Heavy liquidation met every little advance, and prices closed at about the bottom. We expect to see May wheat sell about a cent lower, when it will be a very good purchase. As stated before, the receipts are light, although they are heavier than anticipated. The Northwest receipts are heavier than last year, but so is the milling demand, and we confidently expect higher prices. The clearances are fair."

"Corn sympathized with the wheat market, selling off a little, but the May option continued very strong and it is certainly a purchase for ten cents a bushel. The receipts are light. Our reports from the country continue to be extremely bullish, there being very little old corn of last year's crop to dispose of. "Data seem to have reached a very fair level, and eased off in sympathy with the other grain markets. The receipts are small and the cash demand good. We look for higher prices."

"Provisions opened strong, but eased off in sympathy with the other markets, and closed at about bottom figures. The

receipts at the principal points are 45,300 as compared with 43,300 a year ago. Prices have reached a very high figure and should see some recession, but buy provisions upon every break."

#### New York Market Weak.

Walker said of the New York market: "The market today opened about steady, and there was little business in it. The traders were waiting for the bank statement, and when it came there was a rush to sell and the market sold off sharply. A good many stops were reached, but at the lowest some buying orders appeared, and there was some support. There were slight rallies before the close. We do not look for any great movement at present, and we expect to see a traders' market until the first of the year. Some of the specialties may be active. We expect to see call money stiffen up next month. Sales on rallies, and the reverse, is about the safest thing in the market."

#### CARD OF THANKS.

I desire to express my sincere thanks to the members of St. Jean Baptiste, B. of R. T. and Auxiliary of the B. of R. T. societies for their kindly attentions during the illness of and after the death of my late husband. I also desire to thank friends who assisted me in the hour of my bereavement.

MRS. JAMES HETU.

That sealbrown taste of a canton flannel tongue speaks from the liver and tells you to take Rocky Mountain Tea at night, genuine 35 cents. \* Stafford Drug Co.

#### AT DESCLAINE'S BAKERY.

Vienna rolls fresh every morning. (11-14-1f)

#### STORM SASIL.

Now is the time to order. F. W. Read & Co. (10-23-1f)

#### WAR DRAMA TONIGHT.

"Barbara Fritchie" Will Be Presented at the Opera House.

When Whittier immortalized Barbara Fritchie he built a song of fact and fancy that has given rise to more or less speculation over this heroine. And in spite of its solid foundations on fact, there has been ever since a very wide-

spread belief that it was all a legend, and that Barbara was no more than a very pleasant and inspiring myth. This is in itself a rank injustice. In 1791 she was one of a party who entertained George Washington at the Frederick Tavern. She married John Fritchie, a glove maker, who died in 1819. His adopted daughter and grandniece, Mrs. Abbott, still lives in Frederick, Maryland, and owns the celebrated flag that Barbara shook in "the fact of the rebel foe." Miss Elizabeth Forbes and her excellent company will appear at the opera house this evening in the well known drama of that name, the work of Clyde Fitch, the most successful of modern American dramatists.

#### HIGH SCHOOL NOTES.

An octette has been organized in the high school. The members are: Sopranos, Alma Olson, Jessie French; altos, Clara Hicks and Grace Cooke; and the tenor and basses are members of the male quartet.

The high school girls are anxious to begin playing basket ball in order to get in condition for a game, as they have already received a challenge from the Houghton high school girls' team.

Superintendent Thompson talked to the United States history class last week, in connection with the history of the colleges.

Last Wednesday Mr. Kienholz talked to the school on the nutritive value of foods, and their proper preparation for the table.

The tables for the commercial department have finally arrived, also the new seats for the German room.

Miss Culbertson, a teacher in the West Superior public schools, visited the high school last week.

Today the high school pupils begin their regular work, after the Thanksgiving vacation.

TO CURE A COLD IN ONE DAY  
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Only ten days more before the stock of the Marquette Gold Mining & Milling Co. will advance from 10 cents to 15 cents per share. Jos. J. Wirtz, secretary. (12-1-104)

PINE SLABS.
