CONGRESS IS OPEN

GAVELS FALL WITH GALLOPPING
PACKED TO OVERFLOWING.

CEREMONY A SPECTACULAR EVENT

DISPLAY OF FLOWERS MAGNIFI-
CENT, NOTABLY IN SENATE.

Proceedings in Both Houses Are Purely
Perfunctory and Very Brief, Ad-
journing Soon Being Taken
Until This Morning.

Washington, Dec. 1.—The opening of
the last session of the Fifty-seventh
congress in the house was a spectacular
event. The galleries were packed
with people prominent in society and
politics, and the flower show on the
chamber was elaborate as usual, filled
with grace and beauty to the scene. The
members were good natured and jovial
and there was an outpouring of partisan
feeling. Speaker Henderson received a
cordial reception as he assumed the
gavel, but beyond this there was no dem-
onstration.

The proceedings were purely perfunctory. A prayer, the calling of the roll,
the swearing in of members selected to
fill vacancies created by death or resig-
nation during the recess and the adop-
tion of the customary resolutions to
appoint a committee to wait upon the
president, to inform the senate the house
was ready to transact business and to
fix the daily hour of meeting, sum-
marizes what was done. Then the death
of the late Representative Charles Rus-
sell of Connecticut, which occurred in
the house last fall, was announced, the
usual resolutions of regret were adopted
and the house, as a further mark of respect,
adjourned until tomorrow, when the
president's message will be received. The
session lasted less than an hour.

Brilliant Scene in the Senate.
The senate was in session twelve min-
utes today, the first day of the session,
adjourning until tomorrow being taken
out of respect of the diplomatic corps.
Senator Quesada, the Cuban minister,
occupied a conspicuous place and ex-
hibited much interest in the proceed-
ings. The absence of Rev. Dr. Milburn,
the blind chaplain, was particularly no-
ticed. His place was taken by Rev. J. F.
Prettyman of Washington.

No business was transacted beyond
the passing of the customary resolutions
that the senate was ready to proceed to
business and fixing the hour of conven-
ing the sessions at 12 o'clock.

President Officially Notified.
The joint committee of congress ap-
pointed to notify the president that con-
gress had assembled was ready to re-
ceive any message he might have to
deliver if it called at the executive office
this afternoon. The committee was con-
gratulated by the president and request-
ed to convey to the two houses his fel-
lowing resolutions, suits and prosecutions
communicate with congress tomorrow
morning.

DELUGE OF ANTI-TRUST BILLS.
Numerous Measures Aimed Against
Combines Introduced in the House.
Washington, Dec. 1.—A number of
bills were introduced in the house today
affecting commercial combinations, but
none are administrative measures. Sev-
eral had been shown to Attorney Gen-
eral Knox, but he neither approved nor
disapproved any of the proposed meas-
ures. It is expected that when the ju-
diciary committee takes up the bills Mr.
Knox will be invited to state his views.
Representative Hepburn of Iowa,
senator H. C. Smith of Michigan pro-
poses an amendment to the constitution
confering on congress the power to de-
fine, regulate, prohibit or dissolve
trusts, monopolies, etc.

Representative Hepburn of Iowa,
chairman of the committee on commerce,
introduced a bill appropriating half a
million dollars to be expended under the
direction of the attorney general in the
employment of special counsel and
agents of the department of justice to
conduct proceedings, suits and prosecu-
tions in enforcement of the Sherman
anti-trust law.

A bill introduced by Representative
Snook of Iowa aims at securing evi-
dence in such suits, and provides that
no one shall be excused from testify-
ing. All measures on this subject were
referred to the committee on judiciary.

A Bill to Amend the Tariff.
A bill introduced by Representative H.
C. Smith of Michigan, places paints, col-
ors, varnishes, glass, glassware, metals
and manufacturers of, pulp, paper, books,
and coal on the free list.

Representative Brownlow introduced
a bill to create in the department of ag-
riculture a bureau of public roads, with
a director at its head. The purpose is
to secure uniformity in road construc-
tion and a uniform system of taxation
for road purposes.

SECRETARY SHAW'S ESTIMATES.
\$59,000,000 Required for the Govern-
ment During the Present Year.

Washington, Dec. 1.—The secretary of
the treasury today transmitted to con-
gress his estimate of the appropriations
required for the fiscal year ending June
30 next. The total appropriations asked
for are \$589,180,112, which is \$21,638,576
less than estimates for 1903 and \$33,030,

914 less than the appropriations for that
year.
Funds for Strike Commission.
Representative Cannon today intro-
duced a bill appropriating \$50,000 to de-
pay the expenses of the anthracite coal
strike commission.
DR. MILBURN RESIGNS.
Ill Health Causes the Retirement of the
Senate's Blind Chaplain.
Washington, Dec. 1.—Rev. W. H. Mil-
burn, the blind chaplain of the senate,
now in California, has forwarded his
resignation to President Erve. It will
be placed before the senate tomorrow.
His successor will be elected by the sen-
ate. Mr. Milburn says ill-health com-
pels him to retire from the position, and
he adds: "It is with deep sorrow that
I have come to this decision, as it was
my cherished wish that, under the favor
of the senate, I should conduct its reli-
gious services during the remainder of my
days."
WANTS INDEMNITY FROM AMERICA
Italy to Push Claims for Damages for
Deaths of Subjects Here.
Rome, Dec. 1.—In the chamber of de-
puties today, Foreign Minister Prinetti
announced that Italy was opening nego-
tiations with the United States with a
view to securing compensation for the
relatives of Italian emigrants who have
been killed while employed in America,
and that he hoped to get an equitable
interpretation of clause three of the ex-
isting treaty. The Italian government,
the minister added, also intended to pay
share of the expenses of any law suit
undertaken by Italian subjects in this
connection. The varied laws of the dif-
ferent states of the Union, however, re-
created "difficulties which could not al-
ways be overcome by the goodwill of the
federal government."

TRIES TO APEASE POWERS.

Claims of Germany and Great Britain
Now Recognized by Castro.

Berlin, Dec. 1.—President Castro of
Venezuela has handed to the German
minister at Caracas a written acceptance
of part of Germany's claims. It is be-
lieved this will render unnecessary the
presentation of a joint ultimatum by
Germany and Great Britain. It is un-
derstood Great Britain's demands will
be satisfied.

Berlin to Cling to Policy.

Berlin, Dec. 1.—President Castro has
tried by every means to keep Great
Britain and Germany apart in discus-
ing the settlements, intimating or prom-
ising first one thing and then another,
Germany, having entered into a general
agreement with Great Britain to exact
a settlement jointly, will not make a
separate agreement. Consequently, the
two powers may yet conclude it ne-
cessary to disregard Castro's offer of
offers and present an ultimatum to Ven-
ezuela.

The German cruisers Amazone, Aridne
and Niobe continue fitting out at Kiel
for a prolonged absence. The view in
naval quarters is that the cruisers will
be sent to the West Indies, irrespective
of the Venezuelan affair, hence it is be-
lieved they will sail even though Castro
may yield. It is understood the Ger-
man will touch at the Azores and thence
go to St. Thomas, where it will receive
Commodore Scheler's instructions. This
is the commodore's first command prom-
ising action beyond routine sea duties.
He is reputed to be a cool, sensible man,
who will do nothing hastily.

Rebel Stronghold Falls.

Washington, Dec. 1.—Minister Bowen,
at Caracas, reports to the state depart-
ment that the revolutionists were yes-
terday driven out of the town of Barce-
lona, which is now occupied by govern-
ment troops.

NANSEN OUTDONE POLYGAMY WAREND

STEAMER PORTLAND GETS TO
WITHIN 600 MILES OF POLE.

JOURNEY AN INVOLUNTARY ONE

CRAFT CAUGHT IN ICE AND CAR-
RIED TO THE FAR NORTH.

St. Louis Man, a Passenger on Board,
Returns With a Thrilling Tale of the
Trip and the Escape of the
Vessel Given Up for Lost.

St. Louis, Dec. 1.—Wilson R. Mizner
has returned from an involuntary and
perilous trip to the Arctic regions, in
which an ordinary ship, caught in a
mass of swiftly moving icebergs, reached
a point as near or nearer the North
pole than was ever attained by profes-
sional explorers.

Mizner was gone six years and re-
turns perceptibly aged and worn from
the perils and privations he suffered,
but he says the experience was worth
it all. He relates a most thrilling tale
of a remarkable voyage to within six
hundred miles of the goal of all Arctic
expeditions.

The ship, he says, narrowly escaped
being dashed to pieces by huge blocks
of ice, the only stout timbers of the
vessel and the bravery and ingenuity
of her captain saving the passengers and
crew from terrible deaths.

They started in the steamer Portland
from Seattle April 26, for Cape Nome,
but were forced out of their course by
icebergs and carried beyond Herald is-
land. Efforts to rescue the ship were
futile. A revenue cutter, after two
months' search, returned and reported
the vessel had been sunk north of Ber-
ing straits.

Mizner's account of the perils and ex-
periences of the trip with icebergs to
within six hundred miles of the pole is
detailed in full. He says that finally
a gale from the north helped the ship
to escape, the captain taking advantage
of splits in the berg to run his vessel
through the cracks.

VALUABLE MAIL MATTER MISSING

Sack Containing Drafts, Checks and
Registered Letters Stolen in Kentucky.

Danville, Ky., Dec. 1.—A sack of mail
containing \$1,000 in drafts and checks
from the internal revenue office here
and \$9,000 in bank checks and drafts,
besides registered letters from various
parties, was stolen or lost between the
Danville postoffice and the depot or
the Cincinnati mail train ten days ago.

James Hoeker, the carrier, says he de-
livered the sack to the mail agent on the
train, but the latter says Hoeker did
not. It was after dark and there were
a large number of sacks, and the general
impression is that the sack was stolen
at the depot.

The matter was kept quiet until to-
day, but an investigation has been in
progress by the government.

HAVANA LABOR TROUBLES END.

Cigar Makers Return and Government
Gets After Anarchistic Plotters.

Havana, Dec. 1.—The cigar makers re-
turned to work today, ending the possi-
bility of another general strike. The
authorities have been notified that anar-
chists from Barcelona, Spain, are in Ha-
vana and are supposed to have been in
collusion with the socialistic element
during the strike. The authorities are
conducting an investigation with a view
to the arrest and deportation of the
anarchists.

BURGLAR ALARM PROVES VALUE.

Attempt to Rob a Bank Results in Cap-
ture of Men Implicated.

Aurora, S. D., Dec. 1.—An unsuccess-
ful attempt was made to burglarize the
Bank of Aurora this morning. An elec-
tric alarm awoke Henry Kelsey, the
cashier, who hurried to the bank with a
rifle. The burglars tried to escape, go-
ing toward Brookings. Kelsey shot one,
who crawled into a straw stack. The
other burglar came to town and gave
himself up, telling where his companion
was hiding, and he also was captured.

DISASTER ON LAKE

STEAMER CHAS. HEBARD IS LOST
TOGETHER WITH CREW.

HAD FOURTEEN PERSONS ON BOARD

BOAT IS WRECKED AND GOES TO
PIECES ON ROCKY SHORE.

Nothing Has Been Heard of One of Her
Tows, the Aloha, and It Is Feared
She Has Met the Same Fate—
Had a Crew of Seven.

Sault Ste. Marie, Dec. 1.—The steamer
Charles Hebard has been wrecked at
Point Manse. She broke up and dis-
appeared completely, and it is believed
her crew of fourteen is lost.

The schooner Aloha, which the Hebard
had in tow, is still missing on Lake
Superior. The Warrington and Fran-
comb, which formed the other boats of
the steamer's tow, are anchored at Point
Manse.

Caught in a Terrific Gale.
The boats were lumber laden, bound
for Lake Erie ports. When in the mid-
dle of Lake Superior Saturday night,
they were struck by a gale and soon
after the Aloha, the rear vessel of the
tow, parted her tow line and went adrift.
When last seen she was rolling in the
trough, with none of her canvas set. The
remaining two consort either broke
away or were set adrift soon afterward.

Before daylight Sunday morning, the
Francomb reached Copper Mine point,
at the end of the lake. When day
dawned the wreck of the Hebard was
discovered on shore, with only the
smokestack and the pilot house sticking
out of the water, but by 8:30 o'clock
everything had disappeared and the ship
and cargo was being strewn along the
beach by the breakers. As the shore
at that point is very rocky, it is feared
that even if the crew attempted to leave
the steamer when she struck their boat
must have been dashed to pieces.

List of the Victims.

The list of the Hebard's crew is:
George R. Ryan, captain; William Schu-
maker, Joseph Roy, engineers; T. F.
Correll, A. Jackson, mates; John Korias,
watchman (all of Detroit); C. Eastman,
wheelman; Charles Barton, wheelman;
Mt. Clemens; Neil Fay, watchman; Wil-
liam Egan, Ed. Hughes, fireman; George
Turpin, Matthew Hudson, deck hands;
Mrs. Barnes, cook; Buff, steward.

The crew of the Aloha is: Peter John-
son, master; Tonawanda; Benjamin Ber-
ry, mate; Mrs. Olsen, cook; C. Ander-
son, William Much, S. G. Miller, R. A.
Bell, seamen.

NO TRACE OF BANNOCKBURN.

Considered Certain Now the Steamer Is
Lost With Her Crew of 20.

Sault Ste. Marie, Mich., Dec. 1.—There
is no longer hope for the safety of the
steamer Bannockburn and her crew of
twenty men. A dispatch was received
today from the captain of the tug Boy-
nton stating he had traversed the entire
shore where the missing steamer was be-
lieved to have stranded. No trace of the
boat was discovered. It now seems cer-
tain that the wreckage found by the
steamer Rockefeller in the middle of
Lake Superior marked the site of the
graves of the steamer and crew. As the
waters of Lake Superior reach their
greatest depth at that point, it is prob-
able none of the bodies will ever be re-
covered.

MISSING IN LAKE HURON.

Schooner Celtic Is Given Up for Lost
With All On Board.

Detour, Mich., Dec. 1.—The schooner
Celtic, in tow of the steamer Runkels,
broke away from the steamer in a gale
Saturday night when in the north end
of Lake Huron, and it is feared she has
been lost with her crew of eight. The
schooner was owned by Spence Brothers
of Cleveland, who have given the schooner
up for lost.

RUSSIA AND AUSTRIA TO ACT.

Join in Agreement to End Macedonian
Question Through Reforms.

London, Dec. 1.—The correspondent of
the Telegraph at Vienna telegraphs that
Russia and Austria have agreed to make
a determined effort to end the Mace-
donian question by carrying out specific
reforms under their combined control.

Horrible Atrocities by Turks.

London, Tuesday, Dec. 2.—The Bul-
garian newspapers are publishing stor-
ies of horrible atrocities by the Turkish
in Macedonia. Children are reported to
have been torn into pieces in the pres-
ence of their parents; men have been
roasted alive, and others tortured with
red-hot moulds placed on their heads.
Many are said to have been starved
to death.

ACTOR KILLS ACTRESS.

Then Fatally Shoots Himself—Jealousy
the Cause of the Tragedy.

Philadelphia, Dec. 1.—Mrs. Kate Has-
sett, aged twenty-eight, leading actress
in Keith's Eighth Street Theatre stock
company, was shot and killed tonight
by Perry Johnston, a well known actor.
The tragedy occurred at Darien and
Wood streets, in Philadelphia's tender-
loin. Johnston fired at his victim five
times, two bullets taking effect. John-
ston then shot himself and is not ex-
pected to live. The cause of the tragedy is
believed to be jealousy.

AUTO RECORDS SMASHED.

Detroit, Dec. 1.—Barner Oldfield to-
day lowered the world's mile automobile
record for a circular track to 1:01.15
and the five-mile record to 5:20, which is
eight seconds under the previous world's
record.

TWO DROWNED WHILE SKATING.

Millersburg, Mich., Dec. 1.—Nelson
and Frank Hamlin, brothers, aged twelve
and ten, were drowned here today while
skating. The bodies were recovered.

SAN DOMINGO OBJECTS.

Cannot Agree to the Arbitration of an
American Claim.

San Domingo, Dec. 1.—The Dominican
government today informed United
States Minister Powell that it could not
agree to submit its disagreement with
the improvement company to interna-
tional arbitration. The question in-
volves the payment of \$4,500,000 by the
government to the improvement com-
pany, an American concern.

At the Wyandot, the ledge has been encountered at a depth of ninety-five feet by the exploratory shaft started about two months ago.

Patent papers have been taken out which describe the process as a method for separating copper from copper matte in which the iron and other metals exist largely in sulphides, which consist in melting the matte, oxidizing iron and sulphur of the matte by forcing air into contact therewith while in a molten state, thereby generating heat sufficient to maintain the mass in a molten state and thereby causing the formation of iron oxysulphides under such conditions that substantially no silicate of iron is formed and separating the copper therefrom by causing it to remain quiescent a sufficient time to separate by gravity.

Conditions at the Atlantic have undergone a decided change for the better during the past month or so, during which period the mineral yield has shown a marked improvement that is reflected in increased production.

THRONE LOST TO HIM

PRINCE MIRKO'S HOPE TO RULE SERBIA IS SHATTERED.

LOVE LETTERS BRING DISASTER

FALL TO THE SOFIA GOVERNMENT THROUGH REACHERY.

Czar and Kaiser Are Score in the Epistles and People of the Country Montenegro Aspires to Govern Are Scornfully Referred To.

Vienna, Dec. 1.—Some stolen love letters, it became known today, may cost Prince Mirko, second son of the reigning Prince of Montenegro his ambition to ascend the Serbian throne, for which, in the event of King Alexander having no heir, he is a strong candidate. Prior to Prince Mirko's marriage last July with Natalie Constantinovitch, daughter of the grand duke of King Alexander, he had a love affair with a Serbian actress and wrote her many letters containing criticisms of the policy of several European states. The czar and the German emperor were especially hard hit, while the Serbian people were slightly and scornfully referred to. After his marriage, Prince Mirko sent a trusted adjutant to buy the letters from the actress. She readily sold them, but the adjutant, who is a Serbian, sold them to the Serbian government for a considerable sum after having had printed copies made. In the event of the Montenegro dynasty making any active move to acquire the Serbian throne, it is anticipated the publication of the letters will alienate Prince Mirko's Serbian friends and ruin his prospects of succeeding King Alexander.

ON TRIAL FOR ROBBING GRAVE.

Prominent Indianapolis Surgeons the First of a Long List of Defendants.

Indianapolis, Ind., Dec. 1.—The first of the trials of the alleged grave robbers and their patrons began today. Dr. Joseph Alexander, demonstrator of anatomy at the Central College of Physicians and Surgeons, is the defendant. There are three indictments against him, charging him with robbing a grave and buying and concealing the body of Rose Weidinger from Pleasant Hill cemetery. The body of the woman was found in the college. A continuance was granted the defense until tomorrow.

MANY FREED FROM DEBT.

Bankruptcy Law Taken Advantage of by 76,374 Persons Last Year.

Washington, Dec. 1.—A report made public today on the practical operation of the bankruptcy law for last year shows that the aggregate number of voluntary petitions filed during the year was 16,374, against 17,000 in 1919 and 20,000 in 1920. During the same period 2,100 involuntary petitions were filed. Of the cases called during the year, 1,329 were in behalf of farmers, 6,859 were farmers, 2,585 merchants, 245 manufacturers, 531 professional men, 1,758 contractors and the others of a miscellaneous character.

HANDSOME SURPLUS SHOWN.

Government Receipts the Past Five Months Are \$33,000,000 to the Good.

Washington, Dec. 1.—The monthly comparative statement of government receipts and expenditures show that for November the total receipts were \$45,292,701 and the disbursements \$12,940,257. Last year the surplus for November was \$5,177,860. The statement shows an increase of \$1,800,000 in expenditures on account of the war department and an increase of \$150,000 on account of the navy. Pensions show a falling off of \$326,000. For the five months of the present fiscal year, the receipts are \$32,878,930 in excess of the expenditures.

RAILROADS CLASH FOR BUSINESS.

Rate from St. Paul to Chicago Cut to \$7 by the Great Western.

St. Paul, Dec. 1.—A rate war is on between the Chicago lines over the division on business arising from the movement of discharged soldiers from Northwestern army posts to the East. Perhaps one thousand soldiers are moving this week. The Chicago-St. Paul lines had made an agreement to charge \$6.65 from St. Paul to Chicago. Today the Great Western announced its withdrawal from the agreement and a rate of \$7. A meeting of the other lines was called and the probable result will be that a joint agent of the six lines will be authorized to meet any rate made by the Great Western.

PLANS LONG WIRELESS LINE.

Italy to Establish System Between Genoa and Buenos Ayres.

Rome, Dec. 1.—Minister of Telegraphs Gamberti has decided to establish wireless telegraphy between Genoa and Buenos Ayres. The line will be a novelty in wireless operation, as it will cross both land and sea. The straight line connecting Genoa and the Argentine capital along which the wireless messages will pass crosses the Mediterranean, the Sahara desert, the Atlantic ocean and partly skirts and partly crosses the coast of Brazil southward from Cape St. Roque. Rio de Janeiro and Montevideo are almost on the line. Should it be decided to establish intermediate relay stations the consent of co-operation of at least three other nations, France, Brazil and Paraguay, would be necessary.

Washington, Dec. 1.—Admiral Dewey resumed active sea duty this morning for the first time since his return from his memorable cruise in Philippine waters. Accompanied by his staff, the admiral sailed away this morning on the president's yacht Mayflower to assume direct command of the large fleet engaged in the maneuvers in the Caribbean sea.

PRISON FOR J. H. DALTON.

Chicago Politician Convicted of Fraudulently Using the Mails.

Chicago, Dec. 1.—In the United States district court today, John H. Dalton, a local politician and saloon keeper, was found guilty of fraudulent uses of the mails, involving a scheme to swindle newspaper publishers in advertising contracts for a concern known as the International Aerial Clinic. The charges against Dalton amount to more than \$200,000.

HOME RULE FOR DENVER.

PLEADS GUILTY TO MURDER.

Charles Holada, Iowa Farm Hand, Admits Killing Employer.

Iowa City, Ia., Dec. 1.—Charles Holada pleaded guilty to murder in the second degree. James Gallagher, a farmer, was shot while he slept one night last spring. His wife, Mrs. Ella Gallagher, and Holada were indicted. Holada had been in the employ of Gallagher. Mrs. Gallagher was tried first and Holada was a witness against her, testifying she had told him it was her intention to kill her husband. Holada's testimony was badly riddled and Mrs. Gallagher was acquitted. Holada's trial was called for today.

MINNESOTA LAW UPHELD.

Claim Against Estate Disallowed Because Not Filed in Time.

Washington, Dec. 1.—In the case of the Security Trust company of St. Paul, administrator of the estate of S.W. Matteson, vs. the Black River National bank of Lovell, N. Y., the United States supreme court today dealt with the Minnesota state law prescribing the time in which claims may be filed against the estates of deceased persons. The claim was for \$5,000 on a note given by a non-resident to Matteson, and the only defense was that there was no effort to collect on the note until after the estate had been settled. The decision of the circuit court of appeals for the Eighth circuit was favorable to the Lovell bank, but this judgment was reversed by today's action. The opinion was delivered by Justice Shiras and was based on the ground that when United States courts are engaged in administering the laws of a state bearing upon estates they are bound by the same rules which govern local tribunals.

WESTERN UNION HOLDS ON.

Keeps Wires Along Pennsylvania's Line Despite Cassatt's Order.

Philadelphia, Dec. 1.—This is the day on which the Western Union Telegraph company was to have removed its poles and wires from the Pennsylvania Railroad company's right-of-way, according to the order President Cassatt served on the telegraph company in June last. But the order was not enforced because the Western Union has asked the United States court to grant an injunction against it and a decree has been declared. Gould is looked on as having outwitted Cassatt at the last minute by taking his case into the United States court and making the novel plea that the railroads are postroads and that, therefore, the Western Union, which is a common carrier, cannot be ousted from any part of the right-of-way so long as it does not interfere with the free operation of the road.

SECRETARY WILSON HOPEFUL OF SAVING CATTLE IN WEST.

FIGHTING THE MALADY IN EAST

HUNDREDS OF VETERINARIES WILL SOON BE IN FIELD.

Congress to Be Asked to Appropriate \$1,000,000 in Aid of the Struggle to Stamp Out the Dreaded Hoof and Mouth Epidemic.

Chicago, Dec. 1.—The west is not to suffer because of the epidemic of hoof and mouth disease of cattle, hogs and sheep in the New England States, says Secretary James Wilson, secretary of Agriculture, who has arrived in Chicago to attend the international livestock exposition and to assure western cattlemen that the foreign market for their cattle, hogs and sheep is not in danger.

"At present it looks as if the west is all right and that we will be able to stamp out the disease before it affects the shipping industries of this section," he said. "I did not hear of the epidemic until about four days ago," he continued. "I then took immediate steps to have it brought to a standstill. The first move was to send Dr. Salmon, chief of the bureau of animal industry, to Rhode Island, Massachusetts and Maine. Dr. Pearson, one of the best-known veterinary surgeons of Philadelphia, followed him. Dr. James Law of Cornell university was the next to tour the states in which the disease was prevalent.

Find Serious Condition.

"They immediately reported the epidemic was serious and that it would be well to take steps to stamp it out. Then came the announcement that England has quarantined against certain of our ports, including Boston and Portland. This put us still more serious phase upon the case and I saw that if we did not act quickly other ports might be closed by quarantine and then the cattle-shipping industry would be at a standstill for a time at least. The next reports were more encouraging. They said the disease was confined to the territory east of the Hudson river, and the river is now the line of battle. If we can keep the disease from spreading the west is all right. And the reason is this: we can keep it on the other side of the river that gives us New York as a shipping point. But with the disease across the river it means New York must be quarantined and then there will be no point from which to ship.

Hopes to Succeed.

"The latest indications are that we will be successful too. The most encouraging bit of news is a report that the disease is at a standstill. The next report will decide the number of men that I will send to the infected district. But you may be sure a large number will go. "Before many days have passed there will be several hundred veterinary surgeons in the field. And every one of them will be instructed to inspect every cow, sheep or hog. I believe we need three or four weeks to stamp out the disease. This is the first time in eight years that the cattle in that district have been so afflicted by the disease. "Congress will be asked for a special appropriation to cure the disease permanently. Usually the department asks for an appropriation of from \$5,000,000 to \$10,000,000. The special appropriation I intend to ask will be \$1,000,000 or more.

Heroic Action Necessary.

"I feel that it would be money well spent. There is danger of the disease returning and that means a part of the country will again be without a foreign market. The present epidemic is costing the New England stock-raisers \$100,000 a week. And even so there are a lot of it at the Hudson the whole cattle-shipping industry will be crippled. Hence the reason we are to fight so desperately."

Secretary Wilson will leave for Washington early tomorrow morning.

COLOMBIAN MINISTER REMOVED.

Present Secretary of the Legation Now to Negotiate the Canal Treaty.

Washington, Dec. 1.—Senator Concha has been relieved as minister for Colombia and the present secretary of the legation, Senator Herran, has been clothed by the Colombian government with full authority to prosecute the negotiations looking to a canal treaty. It is believed the question of sovereignty, which has thus far held up the negotiations of a treaty, is in a fair way to be settled between Colombia's new representative and Secretary Hay. There is no doubt that the state department will give its cordial assent to the succession of Dr. Herran as minister. Dr. Herran called at the state department today and acquainted Acting Secretary Hill with the facts in the case. The department's statement is that Senator Concha remains in New York for the sake of his health and for private reasons; that Dr. Herran is charge d'affaires ad interim, and that he has been empowered to conduct the further negotiation of the canal treaty. This statement does not change the expectation here that in the end Senator Herran is to be made minister.

STOCK MARKET STRONGER.

Tone Is Much Firmer and Prices Generally Are Lifted a Point or More.

New York, Dec. 1.—Today's stock market made a rather notable show of strength and the prices were lifted quite generally 1 per cent or more. A conspicuous center of strength was the soft coal group, especially the north and south stocks traversing the region between the Ohio river and the lakes. Rumors were current of a plan for combining all the railroads in a group by making a holding company of one of the smaller companies. Hocking Valley and Kanawha & Michigan were the most conspicuously affected.

Amongst the more general considerations which affected the market was the fact that the December disbursements of interest and dividends, estimated at about seventy-five million dollars, would afford relief to the local money market.

The payment in London today of twenty to twenty-five million dollars on account of the shipping combine also aroused hopes of easier conditions in the money market. The actual quotations for call money were firm under the continuing influence of the preparations for the December disbursements, and the money rates were unchanged. New York exchange at Chicago rose again to par, but a deposit was made at the sub-treasury of \$250,000 for transfer to the interior.

The opinion of bankers, in spite of today's stock market rise, is for a continuance of the close money conditions over the end of the year.

There was some speculation on the assumption that the selling of stocks on the ground of the supposed anti-trust views to be expressed in the president's message would prove unwarranted. Some very heavy blocks of St. Paul were placed on the market, the source of which gave rise to much gossip in connection with the authorized new stock issue. The mystery of the selling was unveiled. The seasonal cold weather had a good effect on the general market and more especially on the coals. There were occasional setbacks throughout the day, but the closing was firm and at about the highest, for many reports will decide the number of men that I will send to the infected district. But you may be sure a large number will go.

Chicago Grain Markets.

Chicago, Dec. 1.—There was a large trade in wheat today. The market was weaker and the close showed December off 1 1/2% and May 1/2% lower. Liquidation in May, presumably led by a principal long interest through commission houses, was the chief feature. The decline was narrow until 7 1/2% was reached, many stop orders being executed. Favorable weather and the heavy movement was apparently the main bear influences. The large increase in the visible—3,351,000 bushels, compared with 3,484,000 increase last year—also was a depressing factor. The total visible was reported at 45,082,000, against 52,396,000 last year. Liverpool was steady to 1/2% lower. The December discount widened at one time to 2 1/2%. On the coast forty-three boatloads were taken. May opened at 75 1/2% to 75%; highest, 75%; lowest, 74%; closed, 75 1/2%.

Out-wet there was a moderate trade, mainly local. The near futures were again sensitive and irregular, but May, considering the weakness in wheat, held up very well. December closed 1/2% lower, with January and May up 1/4%. More favorable weather for movement, easier cables, increased visible and the action of wheat tended to increase speculative offerings. Receivers sold more freely, indicating a larger movement, but the offerings were well taken by floor traders and professionals. Liverpool was steady to 1/2% lower. The visible increased 650,000, against 237,000 decrease a year ago. May opened at 42 1/2% to 42%; highest, 42 1/2%; lowest, 42 1/2%; closing, 42 1/2%.

Richmond, Ind., Dec. 1.—The Methodists of the United States, and especially those who are friends of the late Bishop William Taylor, who recently died in California, will be asked to assist in the work of raising a \$2,000,000 memorial fund. The movement started by the board of trustees of Taylor university, and their idea is to have the memorial take the form of a building on the university campus.

PIANO WILL COST \$10,000. Roxbury Factory Building Costly Instrument Supposedly for Schwab.

Boston, Mass., Dec. 1.—On the order of a Philadelphia store for a customer, believed to be Charles M. Schwab, the steel magnate, a Roxbury factory is building what will be probably the most elaborate and expensive piano constructed in this country in the last fifty years. The price will be \$10,000. The instrument is a marvelous middle-sized grand of Louis XVI design. The case is gilded and decorated ornately with foliage after the Watteau pattern.

Just when the piano will be ready for delivery is not known, but it is understood that when Mr. Schwab returns from his health-seeking trip abroad, it will be reposing in the parlors of the wonderful new mansion he is having erected in New York City.

NOME COMPANY TO EXPAND. Will Build Eighty Miles of Road to Connect Gold Properties.

Seattle, Wash., Dec. 1.—The Pioneer Mining company of Nome has just completed the annual clean-up, and declares a dividend of 6 per cent on a capitalization of \$5,000,000, leaving a reserve in the treasury of \$750,000 for future expansion and improvements in the spring. It has been decided to connect the different properties by rail from Nome to Circle City, involving the construction of eighty miles of road. This will open an extensive new mining country.

The past season, while a quiet one in Nome district, has been the most satisfying in its history, nearly all the people doing well. There are now 3,000 men in the several camps prepared to spend the winter, and all have plenty of provisions. The Behring sea fleet, numbering about forty vessels, cleared from Nome waters last week, leaving the country cut off from the outside world till next May, when navigation opens again.

Valdes is in touch with the outside world, and the steamers engaged in this trade are making regular trips, which will continue during the winter. There are 1,600 miners in this district at present. There is great activity in Valdes, with promise of still greater during spring and summer.

Among the other great resources, Cook's inlet is now boasting of productive oil wells, which give great promise.

Paine's Celery Compound supplies strength and energy to those who are low from nervousness and physical exhaustion. It builds up the weakened nervous system, makes the blood pure and rich, establishes a perfect action of the heart, gives natural sleep and digestive vigor.
Lucy Regaladez, 43 Abasco St., Monterey, Mexico, who was in a critical condition of health owing to nervous suffocation, was providentially saved by Paine's Celery Compound after vain attempts to procure a cure with other medicines; she writes as follows:—"I feel very grateful for the good which Paine's Celery Compound has afforded me. Before using it I had been suffering for some time nervous suffocation which prevented me from sleeping, speaking or eating. If I attempted to take a meal, I was obliged to stand in order to breathe. After the use of various remedies which brought no relief, my uncle, Mr. Dias, advised me to try Paine's Celery Compound, which I did, and found immediate relief. I took six bottles of it and now I am completely cured, thanks to the Compound."

WILL SHIP ORE.

Breitung Iron Mine in Ontario About Ready to Produce.

George Wagner, of Marquette, superintendent and general manager of the Breitung iron mine, at Wilde, Ont., is in the city, says the Soo News-Record.

Mr. Wagner was seen by the News-Record at the Hotel Belvidere. He says that he and Mr. Carey, of Escanaba, now have an option on the Breitung interest in the mine and that they also have a lease of the property, expecting eventually to have control of the mine.

Regarding the development of the mine, Mr. Wagner said that the trestle and chute from the mouth of the mine is now completed and that by the end of next week a spur from the Algoma Central will be finished up to the chute. The ore, which runs close to 60 per cent iron, is being rapidly mined and there are now some 3,000 tons on the stock piles at the mine. He expects to begin shipping ore from the mine within two weeks.

H. Cleague has purchased from the Breitung Mining Co. the entire output of its mine for a term of years and it will be shipped to his blast furnaces in the Canadian Soo. The furnaces are still in process of construction, but Mr. Cleague is now ready to receive Breitung ore and shipments will begin within a very short time.

COPPERS HAVE GOOD TONE.

Indications Seem to Point to Much Better Prices.

Paine, Webber & Co. said of the Boston market:

"Coppers continue to show a very firm undertone. Amalgamated was the feature, and, on very strong buying, advanced to 88. We believe the buying in this stock is of the best and that it is a good purchase. United States Mining was strong. The buying was confident, and it is talked of for higher prices."

Hayden, Stone & Co. said:

"Coppers were more active today than for some time. United States Mining and Utah were about the only ones to show advances, however. The buying in United States Mining has been excellent, and several thousand shares have been traded in. There is no special news other than that their smelter is at work, and the mine will be a producer, with big possibilities from now on."

Wheat Rather Weak.

W. H. Laidley said of the Chicago market:

"The market opened at about Saturday's close, but, after remaining firm a few minutes, sold off sharply, reaching a low point and closing considerably forced liquidation. It showed very little strength until near the close, when the pronounced strength in corn and oats caused a slight rally. We think that this market has now had a severe shake out and that prices today are just about at the bottom. We would buy wheat upon any little recession tomorrow, or at about tonight's closing figures, for a good start on the closing figures, for a good start on the closing figures."

"Corn opened at about Saturday's close, and while it sold off somewhat early in the session in sympathy with wheat, it had a stubborn undertone, and the May option advanced easily, closing over Saturday and at top prices. The receipts are small and the cash demand excellent. It looks as if May oats are going to sell several cents higher."

New York Does Well.

Walker said of the New York market:

"The market opened steady and with some little buying, but it was mostly by traders. The commission house business was very light. Later in the afternoon became quite active, and the whole market showed a better tone. There was talk that the President's message would not be severe on trusts and this had a good effect. In the afternoon, there was quite heavy buying and prices advanced. Profit-taking prevented the market from making any very great gain, but all the afternoon stocks were well taken. The market was steadier, with the greatest activity in the traction. Some of the industrials had a better feeling. The feeling is better and more hopeful."

UNUSUALLY MILD NOVEMBER.

There Has Been Nothing Like It for Years.

The lamb-like close of the month Sunday brought to an end one of the mildest Novembers that has been experienced in this section in years, and old settlers say that November has rarely before been characterized by such soft and pleasant weather, its distinguishing marks usually being violent storms, heavy snow and generally unsettled weather. Not so with November, 1902, which has been one of the best months of the year for fine weather. It was marked by only one disagreeable week, the first of the hunting season, during which it rained almost continuously. For the rest there have been more than the average of fine days, and, while at times it has been cold, the country is not yet bound in by winter's ices, as in the case by the first of December.

Sleighting is, as a rule, inaugurated some time during November to endure all winter, but as yet there have been no snow falls that can be dignified by calling them anything more than "furies." No snow has fallen that has remained on the ground for any length of time, although last year there was good sleighting long before this date.

However, conditions are now ripe for a snow that will stay and will soon give good sleighting. As a result of the dry, cold weather of the past few days, the ground is frozen to a depth of a number of inches, and any fall will remain on its surface without melting.

As yet there is no skating to speak of in the vicinity, although this sport is usually in full swing on the ponds and streams before this comparatively late date. Ice is forming now, however, and the enclosed waters will soon be well covered.

To the mildness of November weather, more than any one thing, can be attributed the ill success of the deer hunters during the season just closed.

Winter cannot now come any too soon. Any further delay of cold weather and more may work harm for the lumber men, who are now waiting for the rigorous weather.

Charles McCabe arrived home yesterday afternoon from a trip to Detroit.

Gad Smith arrived home yesterday morning from a couple of days' trip to Chicago.

J. C. Wood, formerly of Ishpeming, who has located in Marquette, was a Marquette visitor yesterday.

The Ladies' Aid society of the Baptist church will meet at the home of Mrs. Arthur H. Palmer this afternoon at 2:30.

The Ladies' Aid society of the Presbyterian church will meet this afternoon at 2 o'clock with Mrs. J. H. Lewis, Hotel Marquette.

Miss Irene Johnson went to Ishpeming yesterday to hear Mrs. Gaynor's concert at the high school. Mrs. Gaynor is one of the best known composers of children's songs.

Some deer were brought in from the woods yesterday, and other carcasses are to be brought in today. The last of the venison steaks and roasts are about to be eaten.

Yesterday was the finest day of a number of weeks notable for unusually fine fall weather. The air was warm, although crisp enough to have a reminder of winter.

Van Alsty's store will close at 1 o'clock this afternoon in order to give the clerks opportunity of attending the funeral of William Hicks. Business will be resumed after the obsequies.

Attorneys Peters, Thoren, Crocker, Potter, Dundon, Nolan, Adams, Bell and Sedgwick were down from up-the-road yesterday attending the opening of the September term of circuit court.

The ladies of the Baptist church will next Saturday offer for sale a variety of goods, useful and ornamental, suitable for Christmas presents or home use. Tables of home-made bread, cakes, etc., will be a special feature. Orders are solicited.

The W. C. T. U. will give a ten-cent tea this afternoon, beginning at 2:30 o'clock, at the residence of Mrs. G. M. Wills, 125 North Fifth street. The proceeds will be applied to the purchase of a chair for the W. C. T. U. room at the hospital.

Bigelow & Co. have a \$20 diamond ring displayed in their window. It was placed on sale yesterday, with the understanding that fifty cents will be taken from the price each day until it is sold. Today it will be offered for \$19.50; tomorrow for \$19 and so on until it is purchased.

The funeral of the late William Hicks will take place this afternoon at 2:30 o'clock from the Methodist church. Members of the Knights of Pythias and Knights of the Maccabees, to which orders the deceased belonged, will attend in a body. The interment will be in Park cemetery.

A good sized wolf, laid out cold and stiff, attracted much attention in Price Park window yesterday afternoon and evening. It was shot by Joe Price Sunday morning at Hill's dam on the Yellow Dog, it being busy following him at the time.

William Ready, foreman of C. R. Brown's camp at Au Train, was in Marquette Sunday looking for men. There is a steady demand for lumberjacks at all the camps in the vicinity. They are hard to get this season, in spite of the prevailing good wages and attractive board that is offered. Their scarcity promises to be a real handicap on lumbering operations.

The electric light and power commission is a considerable employer of labor. Its pay roll averages in the neighborhood of twenty persons right along, and foots up only a little under \$1,000 a month. This includes all the office help, station hands, linemen and electricians. Everyone in the commission's employ is now busy installing lights, or looking after the regular operation of the plant.

(At a meeting of Albert Jackson post, G. A. R., last evening, the following officers were elected for the ensuing year: Commander, C. E. Moore; senior vice commander, W. W. Walker; junior vice commander, A. O. Kruger; quartermaster, P. Beanson; surgeon, E. M. Shephard; chaplain, C. C. June; officer of the day, A. O. Hall; officer of the station, H. Knapp; delegate to state encampment, W. W. Walker; alternate, Addison Cole.

At a meeting of the Degree of Honor last evening, officers for the ensuing year were elected as follows: Past chief of honor, Mrs. Agnes Charlesworth; chief of honor, Mrs. Elizabeth Quarters; lady of honor, Mrs. Margaret Kerr; chief of ceremonies, Mrs. Gertrude Johnson; recorder, Miss Fanny Hoffenbacher; financier, Mrs. Maggie Westworth; receiver, Mrs. Anna Fahlstedt; usher, Miss Jennie Young; inner watch, Mrs. Mary Young; outer watch, Mrs. Margaret Hedrick; trustee, three years, Mrs. Elizabeth Campbell; representative to grand lodge, Miss Hoffenbacher; alternate, Mrs. Elizabeth Quarters.

D. H. Ball and Hon. F. O. Clark are in receipt of invitations to attend a supper to be tendered Chief Justice John Marshall Harlan and Keatney at the New Willard, Washington, D. C., the evening of December 8th. The supper will be given in honor of Justice Harlan's completion of twenty-five years of highly distinguished service on the supreme bench. The Marquette lawyers, both of whom are members of the supreme bar and who have frequently conducted cases before the supreme court, regret that they will not be able to attend the supper, being engaged with cases at issue in the present term of circuit court.

Two of the boats chartered to bring coal to this port have arrived in safety, but the third—the steamer Pathfinder—has met with a mishap at Buffalo and may possibly not make the trip. Concerning the accident, a Buffalo dispatch of Sunday's date says: "While the steamer Pathfinder was coming down from Pitt Farm today in tow of a single tug she took a sheer and ran into the abutment of a bridge. A hole was broken in the steamer's side above the water line and she was taken to drydock. Three plates will have to be replaced in her hull. The Pathfinderman on her way to a trestle to take a cargo of coal for Marquette."

KENO, FOR CHICKENS.

Until further notice men with chickens as the prizes, will be played each evening at the Grand saloon, opposite the city hall. (11-12-12)

COAL NEAR AT HAND. Ishpeiming People Will Have Anthracite Before End of the Week. A portion of the coal which Pickands, Mather & Co. received at Marquette yesterday will come to Ishpeiming, and it is likely that patrons of the Marquette concern in other towns of the county will also be favored with at least a few hundred tons. Two cargoes of something like 1,500 tons each arrived at Marquette yesterday, with more on the way. Advice from the mine will sell here, but it is expected that a part of the consignment will be shipped to the Consolidated Fuel & Lumber company of this city just as soon as it can be transferred from the mine cars. It is expected that several carloads will arrive here before the close of the week. The local concern has many orders on its books, some of which have been in since the middle of the summer. At present the Consolidated people distributed the coal they had left over from last season, only a small percentage of the standing orders were filled. It has not yet been announced at what price the coal will sell here, but it is assumed it will be \$8 per ton, the same as it brought a couple months ago, when the Consolidated people disposed of the coal they had on hand. The price at Marquette, however, is \$8, and it is possible it will be a little more at Ishpeiming. Not a few who announced early in the season they would try and get along all winter with wood, will sell here, but it is assumed that they will not get the best of satisfaction and many will make a change as quickly as possible. The supply of dry wood is limited and many people have been using green wood. With the cold weather, however, the latter will be a poor substitute for anthracite and only those who have sufficient wood for the winter and are without coal stoves will burn it.

FAMILY ROW AHEAD IN COURT. Humboldt township was largely represented in town last Saturday, the occasion being the trial of Richard Trevinnick on the charge of assaulting Frank Houseman Nov. 21. Six witnesses were on hand to testify that the defendant was guilty of the offense. Houseman carried his arm in a sling and wore a badly battered countenance, and his appearance seemed to produce a great effect upon the jury than the testimony of his witnesses. Trevinnick had no witnesses. The two men are relatives and the little unpleasantness between them was caused by a family quarrel shortly before Christmas. A number of neighbors and friends were present as spectators. The jury was not long in reaching its decision and brought in a verdict of \$10 and costs. The case was immediately appealed to the circuit court and will come up at this term. Attorney Crocker looked after the interests of the defendant and Prosecuting Attorney Bell appeared for the people.

THE PRIDE OF HEROES. Many soldiers in the last war wrote to say that for Scratches, Bruises, Cuts, Wounds, Corns, Sore Feet and Stiff Joints, Bucklen's Arnica Salve is the best in the world. Same for Burns, Scalds, Boils, Ulcers, Skin Eruptions and Itches. It cures or no pay. Only 25c at Stafford's drug store.

ISHPEIMING IN BRIEF. J. D. West is in Milwaukee on business. William Odd is here from the copper country on a visit to friends. August Hendrickson left last evening for Chicago, on a business trip. A regular monthly meeting of the city council will be held tomorrow evening. Miss Anna Lund is the new clerk at the court department at Braastad's. Fred Kaufman has left for Chicago. He expects to return with a carload of horses. Miss Leona Smith of Marquette was visiting with Miss Anna Richards yesterday. Mrs. T. B. Nugent of Milwaukee is here, visiting her sister, Miss Nellie Dwyer. Notices are out announcing that taxes are due and payable at the Miners' National Bank. Stephen Moyle, 104 Ready street, and John Kuski, 257 Hill street, are fathers of boys born Sunday. The finder of a black fur cap, lost yesterday, will be rewarded by returning it to Sellwood's dry goods store. The young people of the city are enjoying very fair skating on Bancroft and Mud lakes. Several hundred were on the ice last evening. T. Gabovry will leave with his family the latter part of the week for Menominee county, where he intends to locate on a farm near Harris. Will Gill arrived home Monday morning. Since the championship football game he had been at St. Cloud, Minn., taking treatment for his injured knee. Rev. E. V. Isaacsen left for Chicago yesterday to attend a meeting of the Illinois conference to be held there this week for the purpose of appointing a manager of the Augustana hospital. The ladies of the Methodist church will hold a handkerchief and soap bazaar at the Ishpeiming Co-operative hall tomorrow afternoon and evening. They will also serve refreshments for ten cents. Classes were dismissed in all the schools yesterday afternoon in order that the pupils might have an opportunity to attend the concert given by Mrs. Gaylor in the auditorium of the high school. The Mining Journal is frequently requested to publish the results of raffles. Such requests must be refused. The law regards raffles as lotteries, and papers that contain the results are debarred from the mails. Frank James, treasurer of Houghton county, did business in Ishpeiming yesterday. He is interested in an Arizona mining property, which is just now attracting the attention of Marquette and Houghton county mining men. R. H. Jones, who left here three months ago to take a position with Corrigan, McKinney & Co. at the Armenia mine, three miles from Crystal Falls, left there yesterday and went to the copper country, where he takes a better job. The Armenia is in the "woods" and Mr. Jones grew tired of the place. Dress goods, former price \$1.65, now \$1.15. Other goods in proportion. Finnish Mercantile association.

Women as Well as Men Are Made Miserable by Kidney Trouble. Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness become a thing of the past. It is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates frequently, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose. Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling how to get it. Home of Swamp-Root, 333 North Dearborn Street, Chicago, Ill. The thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. A prominent Southern lady, Mrs. Blanchard, of Nashville, Tenn., tells how she was cured of backache, dizziness, painful and irregular periods by Lydia E. Pinkham's Vegetable Compound. "Gratitude compels me to acknowledge the great merit of your Vegetable Compound. I have suffered for four years with irregular and painful menstruation, also dizziness, pains in the back and lower limbs, and fitful sleep. I dreaded the time to come which would only mean suffering to me. Six bottles of Lydia E. Pinkham's Vegetable Compound brought me health and happiness in a few short months, and was worth more than months under the doctor's care, which really did not benefit me at all. I feel like another person now. My aches and pains have left me. I am satisfied there is no medicine so good for sick women as your Vegetable Compound, and I advocate it to my old friends in need of medical help."—Mrs. B. A. BLANCHARD, 422 Broad St., Nashville, Tenn.—\$6.00 Post-Office if original of above letter proving genuineness.

When women are troubled with menstrual irregularities, weakness, leucorrhoea, displacement or obstruction of the womb, that bearing-down feeling, inflammation of the ovaries, backache, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound.

FOR DESTITUTE COUNTRYMEN. A large collection was taken up at the Swedish Lutheran church last Sunday for the people in northern Sweden who are on the verge of starvation owing to continued crop failures. Conditions in the north of Sweden are much the same as in Finland, where the people are also suffering from extreme want. In Finland, however, the situation is rendered worse than in Sweden owing to the unsettled political conditions and the dissatisfaction with the Russian government. The people have been deprived of the last vestige of self government, the young men have been compelled to serve in the Russian army and new and burdensome taxes have been imposed by the czar's government. When starvation is added to all these adversities the lot of the unfortunate Finns becomes deplorable indeed, and their neighbors across the boundary are much let off in comparison even in their want and privation.

CAUTION! This is not a gentle word—but when you think best, you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1898 for the cure and treatment of Consumption, Throat and Lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe Coughs, Bronchitis, Croup—and especially for Consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25 cent size has just been introduced this year. Regular size 75 cents. At Stafford Drug Co.

Dr. Humphreys. ANCIENT TORTURE How it has Been Revived in Modern Times. An ancient method of poisoning criminals was to force them to swallow quantities of bull's blood. Bull's blood is really no poison at all. Yet the prisoner usually died in agony, caused by the coagulation or hardening of the bull's blood in the stomach. The pressure of this solid mass on the vital organs almost always resulted fatally. That's like indigestion. If your food doesn't digest it remains in a hard lump in the stomach. Cases for which we have commenced taking Kodol Dyspepsia Cure. A few bottles have cured me entirely I can now eat and enjoy anything I want. "During the last few years my stomach was in such condition that I couldn't retain the food I ate," writes Henry Williams of Booneville, Mo. "Two months ago I commenced taking Kodol Dyspepsia Cure. A few bottles have cured me entirely I can now eat and enjoy anything I want." This trouble is removed by the use of such a preparation as Kodol Dyspepsia Cure, which gives the stomach perfect rest by digesting what you eat without the stomach's aid. The food builds up the body. The rest restores the stomach to health. You don't have to diet. "Dr. Humphreys' New Pocket Manual of All Diseases mailed free. Humphreys' Medicine Co., Cor. WOULD YOU INVEST \$125.00 TO MAKE \$10,000.00? If so, buy Hidden Fortune Stock. The property is surrounded by the mines of the Homestake Company, whose stock shows a profit in keeping with the above. As it advanced from \$1.00 per share to over \$100 per share, many \$1000 per share per month in dividends, and has never missed a dividend for over 20 years. The Hidden Fortune stock should be as well. This company has upwards of \$10,000,000 in sight, and will be a dividend paying basis just as soon as the new mill is completed, which will be some time next month. A carload of ore has just been shipped from its property that, from tests, will net \$500,000. This one carload is equal to a dividend of 1 cent per share on the outstanding stock. More of this ore will be shipped immediately, and there is no doubt but that the stock will show a wonderful advance in the immediate future, as all the treasury stock will be withdrawn from the market the latter end of this month. This investment is absolutely safe, as there is about \$450 worth of gold ore in sight for every share of the stock issued. The stock is fully paid and non-assessable. NEGAUNEE MEN HARD HIT IN CIRCUIT COURT YESTERDAY.

VIOLATORS OF THE LIQUOR LAW

MOST OF THEM FAILED TO OPEN THEIR SCREENS PROPERLY.

It Being First Offense, Fines Were Rather Light—Disposition of Other Cases on the Criminal Docket.

Negaunee saloon keepers went down into their pockets to the tune of \$337 yesterday. It was all because they had forgotten to open their screens in the manner prescribed by the law on one Sunday several weeks ago and because one of their number had been guilty of selling the drink that cheers on a Sunday.

The men who helped make up the \$337 were Christ Johnson and Dominick Rate, who were fined \$25 and \$8.30 costs; Julius Lahti, who was fined \$20 and \$10.30 costs for failing to have his screens properly opened; and \$50 for selling liquor on Sunday; and James Kangas, Jacob Salo, John Nesbitt, Isaac Isaacson, Oscar Field and Michael Scanlon, who were assessed \$20 fines and \$10.30 costs for the screen offense.

The aggregate of these several amounts was the aforementioned \$337, of which the fines go to the library and the costs to the general fund.

The majority of the accused pleaded guilty without any ceremony. Michael Scanlon considered putting up a fight, but he thought better of his intention and decided to pay up.

Oscar Field likewise contemplated fight. In fact he was granted a continuance of his case. However, he finally decided that he preferred to pay the \$30.30 and get quit of the trouble, although he maintains that his screens were drawn on the date in question and that he was not guilty of the violation.

The saloon keepers were all originally arrested on the complaint of Rev. Gilchrist of Negaunee, who has dedicated a considerable part of his time to keeping the up-the-road town straight, and it appears, with considerable success.

The reverend gentleman was down yesterday to look after the progress of the cases and if necessary to appear on the stand. It is said that Negaunee is a very peaceful city of late, as there is a wholesome fear of Rev. Gilchrist, who has the reputation of being the most persistent "reformer" that has ever struck Marquette county.

Judge Stone, in addressing the men accused of a violation of the screen law, said that inasmuch as this point of the liquor law had never been brought out in this county he would regard their offense as a first violation of the law and would let them off lightly. He read the statute, and warned them against further transgressions.

Julius Lahti, who was fined for the second time for selling liquor on Sunday, was given a severe warning and a heavier fine.

The liquor law case against Joseph Trachten, likewise of Negaunee, was dropped, there being no evidence against him.

Other criminal cases were disposed of, or set for trial.

That of the people vs. William Gray and Slay Ward will be argued during the present term.

The case of the People vs. Franc Dumont was dropped.

That of the People vs. Edwin Blair, assault, was continued; of the People vs. Richard Trewnick, assault and battery, set for trial.

Stephen Knight, alias Charles Olson, accused of forgery, pleaded guilty and will be sentenced later in the term.

The civil docket was run through and the term's dispositions made. Most of the cases will be tried during the next two weeks.

There was the usual throng of lawyers, witnesses and litigants present at the opening of the court, and the court room presented a busy scene.

BAR BANQUET.

It Will Be Held on the Evening of December 30.

HARD COAL IN PORT.

But It Will Not Be Unloaded Until the Middle of the Week.

The steamers Massachusetts and Choctaw, with cargoes of hard coal aggregating some 4,000 tons, arrived in port Sunday night, and are now moored at the South Shore's dismantled ore dock in the lower harbor waiting to be unloaded.

The coal dock is now busy with the steamers Castalia and Pioneer, with cargoes of soft coal. The Castalia was in hand yesterday. It will be Wednesday before a start can be made with the task of unloading the anthracite, and it will be the end of the week before it is completed.

The Massachusetts will be unloaded first. The delivery of the anthracite will begin Thursday, at the latest, and before the end of the week many tons of it will have been placed in Marquette householders' bins, at a rate of 88 per.

The common council held its regular monthly meeting last evening, when the routine grist of business was disposed of.

The aldermen adopted a resolution recommending that three lights be installed on Lake street; one a short distance south of the old rolling mill; one further down, near the Carp furnace, and one east of the Carp river bridge.

These, with the single light now on the street, will provide the thoroughfare with good light.

The street committee recommended to the council the purchase of a new road roller, a new street sprinkler and a new set of curbing moulds.

After discussing some other matters, according to the regular reports and approving the usual batch of bills the aldermen adjourned until the 15th.

War Play Entertained Fair Assemblage at Opera House Last Evening.

When Clyde Fitch wrote "Barbara Fricchie" he adopted the name but very little of the substance of either the old yarn or Whittier's poem.

The play is worked into the dramatic structure in the last act for the purpose of bringing about the death of the unhappy Barbara who has just lost her lover, and it is the only thing but the name reminding of the old story or poem.

The play was presented last evening with Miss Forbes in the title role, supported by a very fair company, and appearing before only a good house. Miss Forbes' work was well received. She is a striking woman and an actress of nice discretion.

The play makes considerable demands on her, which she is fortunate in being able to meet satisfactorily. She was freely applauded last evening.

The best of her support came from Wilfred Roger, Captain Trumbull, her lover, Louis Morrison, Mr. Fricchie, her father, Miss Bessie Bacon, Ste. Royce, although there were no conspicuously weak points in the cast.

The presentation last evening was marred by a couple of things over which the company had no control. The electric lights failed, and it was some minutes before the gas could be illuminated, during which time the speeches were carried on faithfully though nothing or hardly nothing could be seen of the players. Then the house exhibited an unusual, but none the less provoking propensity to laugh at the wrong times.

The stress of the action was great, and comedy touches were lacking, but the laughter was frequently very much out of place, and in one instance Miss Forbes honored the offending parts of the house with a stare chilly enough to have come straight from the North pole.

Unrecorded Fatalities. But few of the fatalities occurred as a result of men being mistaken for deer. John McCormick, it will be remembered, was in line with the aim of his friend's gun, the latter actually firing on a deer.

Other accidents occurred through the accidental discharge of rifles, while hunters were making their way through the brush.

The death of Louis Goodrich of Negaunee was one of the saddest fatalities of the season. His leg was shattered as a result of an accidental discharge of a rifle in camp. Every effort was made to save his life, and even amputation was resorted to, but death ensued.

It is probable that there are some unrecorded fatalities. This is usually the case. Men are shot, and, unwittingly, perchance, are left in the woods, where their bleaching skeletons are found months later.

14 HUNTERS KILLED

SEASON OF 1902 HAD THE USUAL CROP OF FATALITIES.

MANY OTHERS BADLY WOUNDED

FEW NIMRODS MISTAKEN BY THEIR SLAYERS FOR DEER.

The Quantity of "Booze" That Goes to the Woods Responsible for Some of the Accidents.

Fourteen hunters were killed in the woods of northern Michigan and northern Wisconsin during the fall months of 1902, and particularly during the deer season. Some tens of additional unfortunates were more or less seriously wounded, but survived.

The list of the killed, as far as is known, follows: Dietzel, Paul, Phillips, Amend, Andrew, Merrill, Fordham, Nelson, Virginia, Minn., Nov. 25. Found dead in woods. Goodrich, Louis, Negaunee, Mich., Nov. 19.

Knorr, William, Wausau. Instantly killed Nov. 21. Meyer, George, Cheshire, Mich. Instantly killed Nov. 20.

Otto, Rudolph, Spirit Falls, McCormick, John, former sheriff of Gladwin county, killed near Newberry, Nov. 25, by bullet from gun of friend.

Ross, Walter, Hollean, Portage county, Nov. 2. Accidentally shot himself. Scherland, Arnold, Black Wolf, Nov. 9. Sinez, John, Baraga.

Wren, Mrs. Thomas, Central Mine, Mich. Accidentally killed by son who was returning from hunting. Unknown, Park Falls, Wis., Aug. 19. Unknown, Catawba, Wis., Sept. 14.

A partial list of the wounded is: Motosi, Houghton, Mich., eye destroyed, Oct. 16. Ole Nelson, Grantsburg; wounded in leg, Nov. 11.

Antone Sevon, Wakefield, Mich.; lost part of hand, Nov. 11. William Weber, Algonquin, Mich.; lost arm, Nov. 12.

Joseph Berg, Houghton, Mich.; lost hand, Nov. 12. Tillo Abtoli, Negaunee, Mich.; shot in the hip, Nov. 13.

Two unknown men wounded, refused to give names, Nov. 15. John Ellison, Blair, Wis.; shot in shoulder, Nov. 17.

Hiram Kelly, Moran, Mich.; shot in foot, Nov. 17. Unknown man, near Marquette; toes shot off, Nov. 17.

Henry McGill, Ladysmith; chest grazed by bullet, Nov. 18. H. Johnson, Owosso, Mich.; wounded in hand, Nov. 20.

L. Pawaha, Calumet; lost finger, Nov. 22. A. Honn, Tony, Wis.; lost finger, Nov. 26.

Charles Schulkowski, Green Bay; shot in feet, Nov. 28.

This record of killing and maiming is about the average. One compilation shows seventeen hunting fatalities in the fall of 1901, while a partial list of the wounded includes some thirty-three names.

It should be borne in mind in this connection that all, or most of these accidents occurred in northern Michigan and Wisconsin, and deer hunters, both legal and illegal, are usually the victims.

A list taking in all the hunting fatalities and casualties in the two states would swell to truly formidable proportions.

The hunters escaped rather easily during the season just closed. Reference to the above list will show that several of the fatalities occurred before the season opened. The death rate among upper Michigan and northern Wisconsin hunters is said to have been the lowest of the last few seasons.

300 CANAL PASSAGES. Sault Ste. Marie, Dec. 1.—(Special).—Up—Brazil, 12:30 a. m.; Amazonas, New York, 2:40; W. P. Palmer, 4; Pope, 6; Bangor, Eads, Bell, 8; La Salle, 9; Williams, Naples, 10:40; Presque Isle, Mancha, 3 p. m.; Saxon, Fairbairn, Corlies, 7:40; Langham, 8:20; Colby, 8:40.

Don't think because you have taken many remedies in vain that your case is incurable. Hood's Sarsaparilla has cured many seemingly hopeless cases of scurvy, catarrh, rheumatism, kidney complaint, dyspepsia and general debility. Take Hood's.

Condensed from Statement to the Commissioner of the Banking Department at the close of business Tuesday, November 25th, 1902:

It is a Modern Drama of an Absorbing Interest.

"Gentlemen, what is your verdict on Esmond's play? Most admirable! New, pure, fresh and invigorating, with thorough Thackeray tone in it that takes our thoughts back to 'Colonel Newcombe', and 'Pendennis', and another 'Harry Esmond'.

"When We Were Twenty-One." It is a Modern Drama of an Absorbing Interest.
