ARBITRATION ASKED

VENEZUELA REQUESTS SETTLEMENT BY DIPLOMATIC MEANS.

HAS REVIVED HOPE AT LONDON

FEARED AT WASHINGTON THE CRISIS HAS GONE TOO FAR.

Castro Continues His Defensive Preparations and Has Called the Populace to Arms—Complete Blockade of the Coast Established.

Caracas, Dec. 12.—It is stated on good authority that the Venezuelan government has asked United States Minister Bowen to act as arbitrator in the controversy with Great Britain and Germany.

The government is making defensive preparations at strategic points on the heights back of LaGuaira.

Bowen Authorized to Act.

Washington, Dec. 12.—Minister Bowen cables the state department today that the Venezuelan government has requested him to propose to Great Britain and Germany that the difficulties arising out of their claims for alleged damages and injuries to British and German subjects during the civil war be submitted to arbitration.

Better Feeling at London. London, Saturday, Dec. 13.—The Venezuelan crisis is regarded less seriously here. On the question of arbitration the general opinion of the papers is that the proposal might be accepted if by guarantee of the United States or other means Venezuela could be bound to carry out an award.

The statements attributed to consuls and other representatives of Venezuela in European cities betray a stronger feeling against Germany than against Great Britain.

No Orders to Sink the Fleet. Berlin, Dec. 12.—It is stated here that no orders were given to sink the Venezuelan vessels.

Threatened Bombardment Rumored. London, Dec. 12.—A dispatch to the Mail from Wilhelmstadt says the foreign residents of Puerto Cabello are taking refuge on board the German cruiser Vineta and the British cruiser Ariadne, and that these vessels are threatening to bombard the port.

Calls on Hay for Information. Washington, Dec. 12.—Representative Deamond introduced a resolution today calling upon the secretary of state for information concerning the present trouble in Venezuela, and what has been done in relation to the observance of the Monroe doctrine.

ULTIMATUM PRESENTED TOO SOON. Said Castro's Deputation Had Arranged for Settlement of All Claims.

London, Dec. 12.—As a result of the agreement that Venezuela has asked Minister Bowen to act as arbitrator in the controversy with Great Britain and Germany, Senator Schetchberg, the Venezuelan consul here, tonight made an important statement to the Associated Press.

Senator Schetchberg is the only representative of the Venezuelan government in London and has been acting in concert with the members of Castro's secret delegations whose actions in Rome, Paris, Amsterdam and London would form, in the event of arbitration, an important part in Venezuela's case.

The consul says that six months ago the commission visited the European capitals to arrange for the consolidation and unification of Venezuela's foreign debts and that a plan of settlement was arrived at.

"In conjunction with this plan," says Senator Schetchberg, "an international bank of European control was to be established, and the interest on the loan was to be guaranteed by the customs. Fiscal agents appointed by this bank were to be installed in all custom houses and were themselves to collect the interest on the loan. If at any time the customs receipts proved insufficient to meet this interest, the government undertook to make good any deficiency out of other revenues."

While the final steps were being taken, after ascertaining the attitude of the United States, the crisis became acute and an unfeigned effort was made to gain the good offices of the United States to procure a slight extension of

time. The final arrangements were called to President Castro and were ready for presentation to the foreign office pending Castro's reply, when news of the presentation of the ultimatum was received.

Venezuela's Revolution Record. London, Dec. 12.—At a banquet to-night Lord Lansdowne, after speaking of Venezuela's delinquencies in the matter of the claims, said: "Venezuela should be content to put herself on a moderate allowance in the matter of revolutions. In less than seventy years, Venezuela has indulged in 104 revolutions."

The Venezuelan representative in Paris says that Germany's motive in urging Great Britain to join in the present course is found in the question of trade, that the Americans have been pushing German products out of South America, and that the German consuls there are constantly impressing this fact upon their government.

Mexican Censure for Powers. Mexico City, Dec. 12.—El Imparcial, the leading Liberal newspaper, discussing the Venezuela troubles, sees in the attitude of Germany and England an attempt to ascertain how far-reaching is the shadow, for some threatening, for others protecting, of the Monroe doctrine.

Second, the directors issued a statement, deferring payment of the last quarterly dividend.

Third, it is learned the board has succeeded in arranging for a loan of a million dollars. It is to be secured by the stock of the company.

Further Decline of Millions. Today preferred stock dropped to \$33, a decline of \$34.25 per share since yesterday's decline began.

The closing of the company's steel mill at Sault Ste. Marie, Ont., which precipitated the decline of the stock, is said by officials to be due to the non-completion of the blast furnaces, steel plants and other improvements, the contractors being nearly two years behind in their work.

General Manager Clergue's Explanation. F. H. Clergue, general manager, wired the directors from Sault Ste. Marie today that the mill was temporarily closed because of failure to receive pig iron.

During the past five years the company has expended twenty-six million dollars for improvements.

Sault Ste. Marie, Dec. 12.—Francis H. Clergue, general manager of the Consolidated Lake Superior company, today stated to the Associated Press that he knew of no cause for the sensational decline in Consolidated shares.

The steel plant, he said, had closed down because all orders booked were filled. Last night the company received orders from the Canadian government for steel rails sufficient to keep the mills in continuous operation at prices satisfactory to the company.

He further stated that the company's various operations were progressing with entire satisfaction; that the company owns outright all its various iron plants and is free from bonds and mortgages, and that the only bank loans are those for current and operating expenses and that these have never been equal to the material and stock on hand.

Waterpower Canal Regulations Signed. Washington, Dec. 12.—In accordance with the provisions of the river and harbor law, Secretary Root has prescribed the conditions under which the Michigan Lake Superior Power company may divert water from St. Mary's river into its big water power canal at Sault Ste. Marie for waterpower purposes.

These conditions are that the proposed diversion of the water shall not injuriously affect navigation in the waters affected, nor impair or diminish the water levels or any natural increase thereof in Lake Superior, in the United States ship canal and the locks or their tributaries.

The necessary papers were signed by both Secretary Root and representatives of the water power company today. The Michigan Lake Superior company subsidiary to the Consolidated Lake Superior.

RETAIL TRADE AT FLOOD TIDE. Distribution Larger at This Time Than in Any Previous Year.

New York, Dec. 12.—R. G. Dun & Co.'s Trade Review for this week tomorrow will say: "Lower temperature and holiday demands have combined to accelerate the retail trade, the sales largely exceeding the corresponding week in preceding years. Much postponed business is made up and shipping departments are crowded with work."

"The railroad earnings for November exceeded last year's by 7.06 per cent and those of 1900 by 20.5."

"At first glance the sudden rise in the furnace stocks of pig iron might suggest consumption below production, but obviously the accumulation is due to inadequate transporting facilities, since needs are urgent, as evidenced by imports by eastern steel works."

"Small supplementary orders for spring shoes are received by New England shops, but the season is practically over. The conditions are practically unchanged as to cotton goods, a fair volume of orders preventing accumulation at the mills. Woolen goods for next fall have been opened at an average advance of 5 to 10 per cent."

"The failures in the United States this week have been 209, against 273 in the corresponding week of last year."

Bradstreet's Summary. Bradstreet's will say: "Retail distribution, further stimulated by colder weather and the advance of the holiday season, has expanded largely until now it easily occupies first position in the trade situation. The wholesale trade, except where inroads upon retail stocks have induced reorders,

BASEBALL WAR IS ENDED. New York, Dec. 12.—After a conference between committees of the National and American Baseball leagues, at which harmony between the two organizations seems assured, Harry Pulliam of Pittsburgh was elected president, secretary and treasurer of the National today.

CUBAN TRADE TREATY SIGNED. Havana, Dec. 12.—General Bliss and Secretary Zaldo have signed the commercial treaty between Cuba and the United States. It provides a uniform reduction of 20 per cent from the present rates on Cuban products entering the United States.

BANK ROBBED OF \$30,000. Sante Fe, N. M., Dec. 12.—The bank at Hillsboro was held up in broad daylight today and robbed of \$30,000, according to a report received here. The robbers escaped. A posse is following the trail of men who passed through Fairview.

M'MILLAN NOT A CANDIDATE. Detroit, Dec. 12.—W. C. McMillan, son of the late senator, announces that he will not be a candidate against General Alger before the next legislative general senator.

TODAY'S WEATHER. Washington, Dec. 12.—The following is the weather bureau's forecast for Upper Michigan: Generally fair, Saturday and Sunday; fresh winds, mostly north.

STOCK STILL DROPS

CLERGUE COMPANY TROUBLES DUE TO MONEY STRINGENCY.

DIRECTORS PASS THE DIVIDEND

PRESIDENT HANDS IN RESIGNATION AND IT IS ACCEPTED.

Non-Completion of Mills at the Soo Held to Have Precipitated the Sensational Collapse in the Shares—\$1,000,000 Loan Arranged For.

Philadelphia, Dec. 12.—There were three important developments today in connection with the sensational collapse of the shares of the Consolidated Lake Superior company, which began yesterday and continued today.

First, at a meeting of the directors, the resignation of President Lewis was accepted. His successor was not chosen.

Second, the directors issued a statement, deferring payment of the last quarterly dividend.

Third, it is learned the board has succeeded in arranging for a loan of a million dollars. It is to be secured by the stock of the company.

Further Decline of Millions. Today preferred stock dropped to \$33, a decline of \$34.25 per share since yesterday's decline began.

The closing of the company's steel mill at Sault Ste. Marie, Ont., which precipitated the decline of the stock, is said by officials to be due to the non-completion of the blast furnaces, steel plants and other improvements, the contractors being nearly two years behind in their work.

General Manager Clergue's Explanation. F. H. Clergue, general manager, wired the directors from Sault Ste. Marie today that the mill was temporarily closed because of failure to receive pig iron.

During the past five years the company has expended twenty-six million dollars for improvements.

Sault Ste. Marie, Dec. 12.—Francis H. Clergue, general manager of the Consolidated Lake Superior company, today stated to the Associated Press that he knew of no cause for the sensational decline in Consolidated shares.

The steel plant, he said, had closed down because all orders booked were filled. Last night the company received orders from the Canadian government for steel rails sufficient to keep the mills in continuous operation at prices satisfactory to the company.

He further stated that the company's various operations were progressing with entire satisfaction; that the company owns outright all its various iron plants and is free from bonds and mortgages, and that the only bank loans are those for current and operating expenses and that these have never been equal to the material and stock on hand.

Waterpower Canal Regulations Signed. Washington, Dec. 12.—In accordance with the provisions of the river and harbor law, Secretary Root has prescribed the conditions under which the Michigan Lake Superior Power company may divert water from St. Mary's river into its big water power canal at Sault Ste. Marie for waterpower purposes.

These conditions are that the proposed diversion of the water shall not injuriously affect navigation in the waters affected, nor impair or diminish the water levels or any natural increase thereof in Lake Superior, in the United States ship canal and the locks or their tributaries.

The necessary papers were signed by both Secretary Root and representatives of the water power company today. The Michigan Lake Superior company subsidiary to the Consolidated Lake Superior.

RETAIL TRADE AT FLOOD TIDE. Distribution Larger at This Time Than in Any Previous Year.

New York, Dec. 12.—R. G. Dun & Co.'s Trade Review for this week tomorrow will say: "Lower temperature and holiday demands have combined to accelerate the retail trade, the sales largely exceeding the corresponding week in preceding years. Much postponed business is made up and shipping departments are crowded with work."

"The railroad earnings for November exceeded last year's by 7.06 per cent and those of 1900 by 20.5."

"At first glance the sudden rise in the furnace stocks of pig iron might suggest consumption below production, but obviously the accumulation is due to inadequate transporting facilities, since needs are urgent, as evidenced by imports by eastern steel works."

"Small supplementary orders for spring shoes are received by New England shops, but the season is practically over. The conditions are practically unchanged as to cotton goods, a fair volume of orders preventing accumulation at the mills. Woolen goods for next fall have been opened at an average advance of 5 to 10 per cent."

"The failures in the United States this week have been 209, against 273 in the corresponding week of last year."

Bradstreet's Summary. Bradstreet's will say: "Retail distribution, further stimulated by colder weather and the advance of the holiday season, has expanded largely until now it easily occupies first position in the trade situation. The wholesale trade, except where inroads upon retail stocks have induced reorders,

is relapsing into the quiet usual at the stock-taking period. The leading industries note the quieting down usual at this season.

"Alone among the industries, iron and steel show some symptoms of weaker prices for crude material, but this on the whole more apparent than real. Rather more interest is taken in pig iron; judging from the reopening of negotiations by leading interests with the Bessemer association for deliveries in the second half of 1903."

"The wheat (including flour) exports for the week are 3,761,000 bushels, against 3,880,000 in this week last year; since July 1 they total 120,507,000. The corn exports are 1,201,000 bushels, against 278,000 in this week last year; for the fiscal year they are 5,160,000, against 19,705,000 last season."

"The total bank clearings at the principal cities of the United States for the week are \$2,083,914,353, a decrease of 17.6 per cent compared with the corresponding week of last year."

MINERS RECITE TALE OF WOE. Numerous Grievances Aired Before the Strike Commission.

Scranton, Pa., Dec. 12.—The greater part of today's session of the strike commission was taken up in presenting cumulative testimony on matters already heard by the commission. This testimony tended to show that there has been excessive docking, that many men were discriminated against because they went on strike rather than do the work of strikers, that they are paid one price for mine cars of all sizes, that they do not get paid for all coal mined, that they should have an eight-hour day because the mines are unhealthy and dangerous, and that they ought to receive higher wages.

Late in the day President Mitchell was called and presented comparative figures which showed that the men paid by the day receive from 40 to 50 per cent higher wages in the bituminous regions than in the anthracite fields.

The attorneys for the miners do not expect to close their case until the early part of next week. It is not known to the lawyers for the companies whether they will be able to immediately proceed with their case, and it is possible they will ask for a short recess.

Baer Discusses Confiscation. New York, Dec. 12.—At the annual banquet of the Pennsylvania society to-night, President Baer of the Reading railroad spoke on "Pennsylvania's Theories of Government." He declared the chief theory of the Pennsylvania government was liberty directly applied to the individual in his right to work unhampered by others. He said that recently there had been expressions of a desire to undertake the power of regulating affairs in Pennsylvania, but he was glad to say these efforts would be in vain, for there is a constitutional limitation which if not respected by the masses will be protected. The supreme court of the United States will protect the sovereignty of Pennsylvania during the cry for the seizure of land within the state.

Fuel Famine Threatens Packing Plants. Omaha, Dec. 12.—The probability is that the coal famine will cause the closing of the South Omaha packing plants.

Topeka, Dec. 12.—Considerable suffering has already resulted from the scarcity of coal in various portions of Kansas. The railroads are accused of confiscating coal.

WON OFFICE ON CARD GAME. Novel Suit Started in Missouri to Oust a Circuit Judge.

Jefferson City, Mo., Dec. 12.—An ouster writ was issued today against Judge Burkhead, of Douglas county, to compel him to show why he is entitled to the office of circuit judge. George W. Thornberry, the Democrat, contestant, alleges that Burkhead and Ernest Bronson were the Republican candidates for the judgeship and that they agreed to play a game of cards for the nomination, against which \$1,375 was put up. Bronson won, but, being unable to carry the convention, threw the vote to Burkhead in consideration of the financial stake. An supreme court will be asked to determine whether this is a violation of the corrupt practice act.

AGAIN RAISES PRICE OF OIL. New York, Dec. 12.—The Standard Oil company, whose stockholders next Monday will receive a cash dividend of \$10,000,000, has sent out notices to 100,000 customers that it had advanced the price of oil 1 cent a gallon to the middleman, who in turn must exact an additional cent a gallon from the consumer. The price of oil to the jobber hereafter will be 14 1/2 cents a gallon. This is an increase of 3 1/2 cents since the beginning of the coal strike. The revenue of the Standard Oil company will be increased about \$8,000,000 a year.

THREE KISSES WORTH \$500. Oshkosh, Wis., Dec. 12.—A jury in the circuit court decided that three Miss Ida Zachers' kisses were worth \$500. Miss Zachers was employed as a servant in the family of Miner H. Ballou, a well-known paper mill man of Menasha. The girl started a suit for \$1,000 damages against Mr. Ballou, alleging that he went into the kitchen and threw his arms about her, kissed her three times. Mr. Ballou did not deny that he kissed the girl, but claimed he meant no harm.

MOROS ATTACK CAMP VICARS. Manila, Dec. 12.—A force of Moros attacked Camp Vicars, island of Mindanao, Tuesday after seventy days of inactivity. They were repulsed and driven away without loss on the American side. The Moros approached stealthily at midnight, but the Americans were not surprised. The entire force was called to arms. It is believed the hostiles were from the country east of Lanao, which Captain Pershing has not yet visited.

FRENCH SEIZE GERMAN TOOLS. Berlin, Dec. 12.—A dispatch from Strasbourg says the French officials at La Garde, on the Lorraine frontier, has seized the entire plant and tools of a German drilling and boring company, whose employes, believing they were still on German territory, bored ten metres beyond the frontier. The French officials demand 8,000 francs as caution money before they will restore the property.

SALT CELLAR SELLS FOR \$15,000. London, Dec. 12.—A silver Elizabethan salt cellar, of the date of 1577, and weighing nine ounces, was sold at auction here today for \$15,000.

Kaiser Wilhelm is forced to decline an invitation to attend the Louisiana Purchase Exposition and largely through the reasons that would obtain were President Roosevelt invited to Berlin.

The Cleveland Iron Trade Review says of the ore situation at Cleveland: The usual annual holiday quiet prevails in the market, and buyers are providing for immediate needs only.

The usual annual holiday quiet prevails in the market, and buyers are providing for immediate needs only. While some purchases can be made at lower figures, there is no real weakness or indication of any material change in the level of prices.

As before stated, this bill will not become a law. A large number of congressmen have gone back to Washington with anti-trust bills in their pockets and a great ambition in their breasts to pose as solvers of the trust problem.

Too much in the way of controlling the trusts should not be attempted at once, and this bill seems to offer a good foundation for future legislation, as well as a practical method for immediate use.

How's this? We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

mer loading on cars at Kitchie and the later hauling to the St. Paul near Sidnaw. At the present rapid rate of lumbering timbered lands in this vicinity will be entirely denuded of their pine in a few more winters, when attention will be turned to the heavy growths of hardwood.

After a week's darkness, the electric lights were turned on Tuesday night, the repairs to the hot water pump having advanced far enough to permit the gates being lowered and a head of water secured.

Preparations are going forward for an entertainment at the church Christmas eve. It has been decided to have a house and Christmas trees for the little ones. Mr. and Mrs. Collins are arranging a pleasing program for the evening.

The home of F. F. Hotchkiss was saddened Sunday night by the death of their three-week-old baby boy. Funeral services were held at the house Tuesday afternoon at 2 o'clock and interment made in the Kenton cemetery. Rev. Collins officiated.

George Davenport, for the past year car accountant at the Kenton office, has accepted a position as agent on the Copper Range at Elm River station. Mr. Davenport has proven himself a faithful and competent employee and is well worthy of the promotion.

The party celebrating the seventy-fourth birthday of Mrs. Waring, mother of A. L. Waring of Eben, terminated in a most pathetic manner Saturday last. That estimable lady had just parted with her friends who had spent a delightful evening in her company when, stepping through the kitchen to get a piece of wood for the kitchen fire, she slipped and fell heavily on a back door step. As soon as she could be moved, it was found that the thigh bone was broken. The case being so serious, both Dr. Hall of Kenton and Florence of Sidnaw were promptly called. On account of her age it will be a long time before she will be able to walk freely again.

A NEW YEAR'S HEALTH GUIDE. The edition for 1903 of the famous Hostetter's Illustrated Almanac is now ready, and may be obtained from your druggist or general dealer, free of charge. It contains much interesting reading matter, both for the young and old, and it should be found in a place in every home throughout the country, as a handy reference. Their celebrated Stomach Bitters should also be found in the medicine chest as a means of counteracting serious illness. No other medicine is so good in case of heartburn, loss of appetite, indigestion, dyspepsia, constipated bowels, liver and kidney disorders, or malaria, fever and ague. Be sure to try a bottle. It will surely cure you. The genuine must have our Private Stamp over the neck. Avoid all substitutes.

A COLD WAVE. The forecast of sudden changes in the weather serves notice that a hoarse voice and a heavy cough may invade the sanctity of health in your own home. Cautious people have a bottle of One Minute Cough Cure always at hand. E. H. Wise, Madison, Ga., writes: "I am indebted to One Minute Cough Cure for my present good health, and probably my life." It cures Coughs, Colds, La Grippe, Bronchitis, Pneumonia, and all Throat and Lung troubles. One Minute Cough Cure cuts the phlegm, draws out the inflammation, heals and soothes the mucous membranes and strengthens the lungs. H. Harwood, Ishpeming; Stafford Drug Co., Marquette.

NOTICE TO TAXPAYERS. City Treasurer's Office, Marquette, Mich., Dec. 1, 1902. Notice is hereby given, that the general tax roll of the city of Marquette, with all regular taxes, state, county and municipal, for the year 1902, spread hereon, has been deposited with me and is now in my office in the city hall, and that the amount of taxes therein assessed and specified are due, and may be paid to me at any time up to and including the 28th day of February, 1903.

mer loading on cars at Kitchie and the later hauling to the St. Paul near Sidnaw. At the present rapid rate of lumbering timbered lands in this vicinity will be entirely denuded of their pine in a few more winters, when attention will be turned to the heavy growths of hardwood.

After a week's darkness, the electric lights were turned on Tuesday night, the repairs to the hot water pump having advanced far enough to permit the gates being lowered and a head of water secured.

Preparations are going forward for an entertainment at the church Christmas eve. It has been decided to have a house and Christmas trees for the little ones. Mr. and Mrs. Collins are arranging a pleasing program for the evening.

The home of F. F. Hotchkiss was saddened Sunday night by the death of their three-week-old baby boy. Funeral services were held at the house Tuesday afternoon at 2 o'clock and interment made in the Kenton cemetery. Rev. Collins officiated.

George Davenport, for the past year car accountant at the Kenton office, has accepted a position as agent on the Copper Range at Elm River station. Mr. Davenport has proven himself a faithful and competent employee and is well worthy of the promotion.

The party celebrating the seventy-fourth birthday of Mrs. Waring, mother of A. L. Waring of Eben, terminated in a most pathetic manner Saturday last. That estimable lady had just parted with her friends who had spent a delightful evening in her company when, stepping through the kitchen to get a piece of wood for the kitchen fire, she slipped and fell heavily on a back door step. As soon as she could be moved, it was found that the thigh bone was broken. The case being so serious, both Dr. Hall of Kenton and Florence of Sidnaw were promptly called. On account of her age it will be a long time before she will be able to walk freely again.

WEAK LUNGS. Weak lungs are mostly due to a neglected cough. Only a small percent of the millions who have consumption inherit it. A slight cold, a tickling or hacking cough is the beginning, and after it has reached a certain advanced stage there is no ending except the grave. Any case of consumption that is curable; that is, any one having consumption whose family or friends still hold on to a ray of hope, may take comfort in the knowledge of the fact that One Minute Cough Cure will give instant relief and finally cure. This famous remedy does not pass immediately into the stomach, but lingers long in the throat, chest and lungs, producing the following results: (1) Relieves the cough. (2) Makes the breathing easy. (3) Cuts out the phlegm. (4) Draws out the inflammation. (5) Kills the germs (microbes) of disease. (6) Strengthens the mucous membranes. (7) Clears the head. (8) Relieves the feverish conditions. (9) Removes every cause of the cough and the strain on the lungs. (10) Enables the lungs to contribute pure life-giving and life-sustaining oxygen to the blood. Cures Croup and all Cough, Lung and Bronchial Affections. CONSUMPTION CURED. "My physician told me one year ago that I would die of consumption in a year. I commenced taking One Minute Cough Cure for my lung trouble and it cured me. I have gained 20 pounds and I am a pretty live, glad woman." One Minute Cough Cure saved me." MARY F. SULLIVAN, Grand Rapids, Mich. Pleasant to the taste. Good for Children. Good for every body. For Coughs, Colds, Croup, Whooping-Cough, Bronchitis, Asthma, Pneumonia and all Throat and Lung troubles no remedy is so good as

Burlington Route. St. Louis and the South. Are conveniently and comfortably reached by our two trains a day. The Limited, leaving Minneapolis at 7:25 St. Paul 8:00 p. m. daily, arrives in St. Louis the following afternoon. Combination Compartment and Standard Sleepers and Reclining Chair Cars. The Scenic Express, leaving Minneapolis at 7:30 St. Paul 8:05 a. m., except Sunday, arrives in St. Louis early next morning. Sleeping Cars from Rock Island south. This is the most direct route from Minneapolis and St. Paul to Clinton, Davenport, Rock Island and all Mississippi River cities. Passengers by either train make close connections with lines south, southeast and southwest in St. Louis Union Station. ASK YOUR HOME AGENT FOR TICKETS VIA THE BURLINGTON.

DRILL STRUCK MISSED HOLE.

Quincy Miner Is Instantly Killed and His Brother Badly Hurt.

John Daniels, a Quincy miner, was killed while at work in No. 7 shaft yesterday and his brother Samuel was badly injured. A "missed" hole was responsible. The two men were drilling in the forty-ninth level. Their drill struck the missed hole and exploded it. John was killed outright and his brother was hurt so seriously he may not recover. The sufferer was taken to the Hancock hospital. The injured man is, as was his brother, in his twenties and single.

WILL WINTER IN COPPERDOM.

Ice Will Prevent the Departure of Five Coal Boats Now Here.

The report sent out from Cleveland that the steamer William H. Gratwick is stuck in the ice at Portage entry is not the truth. As mentioned in The Mining Journal in a recent issue, the boat reached the docks of the Portage Coal & Dock company, and she is now being relieved of her cargo of hard coal. The Gratwick will winter at the Cleveles dock.

The steamer Pascal P. Pratt, with the schooner Athens, both bound for Duluth with coal, are still at Portage Lake and will likely remain here all winter. The steamer Marquette, which lies at Dollar Bay, will also winter here.

The steamer M. B. Grover, loaded with 2,500 tons of cupola coal for the Calumet & Hecla smelters at South Lake Linden, is due to arrive today. Tugs are keeping Portage river open for the vessel.

PLAN ROUSING MASS MEETING.

The students of the Michigan College of Mines are planning to hold a rousing mass meeting at the end of the present term to stir up additional interest in the gymnasium project. The students' committee, appointed several weeks ago to assist in securing funds for the proposed new structure, has charge of the arrangements. The meeting promises to be even more rousing than that held a short time ago, when the students and faculty started the gymnasium fund by subscribing \$5,000. A number of stirring speeches are being arranged for delivery at the coming meeting, the object of which will be to send each student home for his Christmas vacation with increased interest in the project of a "gym or bust." It is hoped he will hustle among his own townpeople and raise whatever money he can for the fund. The mass meeting will be held in the mining engineering building on Dec. 18 or 19. The present term closes on the 19th. The gymnasium fund has now reached \$26,500, more than half the required amount. There is not much doubt that the fund will reach \$50,000 by spring, when it is hoped building operations can be commenced. To date the friends of the college have responded very liberally, but a large number still remain to be heard from.

SHOW BUSINESS BOOMING.

"Lazarus," which will be presented at the Kerredge theatre, in Hancock, next Tuesday evening, with Otis Skinner in the title role, will be one of the best engagements of the season. The seat sales yesterday morning with a big rush.

G. H. Gilbrath, an old theatrical manager, advance man for Mr. Skinner, is in Hancock arranging for the production. In speaking of the stage of today, Mr. Gilbrath says the business was never in a more prosperous condition. There are more troupes on the road than ever before and all, or most, are making money. Most of the bookings for the companies is done in New York and Chicago. The theatrical business is a sign of the times, for when hard times come on people give up the luxury of going to the theatre and as a consequence the theatrical business is one of the first to suffer.

Mr. Gilbrath has also made arrangements for the production of "Lazarus" at the Calumet theatre next Wednesday evening.

COPPER RANGE EXTENSION.

General Manager McKeever of the Copper Range road said yesterday that he did not know just when the Copper Range extension from Houghton to Lake Linden and Calumet would go into operation. The work is being pushed as fast as possible all along the route. Just at present the bridge work is holding the road back, the delay being caused by the non-shipment of material on schedule time. The Wisconsin Bridge & Iron company, however, expects to have the approach to the county bridge ready for the running of trains at least by the first of next week, and that should hasten the opening of the extension very materially.

CHANGE AT HAAS BREWERY. A change has taken place in the brewing department of the A. Haas brewery of Houghton. Philip Scheurmann has resigned and has been succeeded by Joseph Kazmarik of Chicago. Mr. Scheurmann has retired from the company altogether. His successor is an expert who comes highly recommended. For years he has been connected with the Pilsener Brewing company of Chicago, one of the largest of its kind in that city.

CAPTAIN O'BRIEN GOES FREE. Captain Wm. J. O'Brien, former master of the large Wilbur, who was implicated in the sale of his boat's cargo of lumber to John Pryor of Houghton, has been released from custody by Justice Brand of Houghton. The case of Gordon C. Blair, arrested on the same

WATER QUESTION DEBATED.

Lake Linden Council Submits a Proposition to P. Gregorie.

The Lake Linden village council held a meeting Thursday evening to consider the water question. Several proposed franchises were read. No definite action was taken on any of them, and P. Gregorie, who submitted a proposition to pump the water for all domestic purposes, was the only applicant to whom terms were made. The council offered Mr. Gregorie a five-year contract to furnish all the water necessary, between four and five million gallons, at \$200 per month and gave him five days in which to accept. The Houghton County Electric Light company has offered to pump 5,000,000 gallons each month for \$250 per month, and to keep the reservoir three-quarters full all the time with about seventy-five pounds pressure.

Franchise Given at Red Jacket.

A thirty-year franchise was granted to John Burder Thursday evening by the Red Jacket council, giving him authority to install a heating and lighting plant providing the village have the right to purchase the plant at the end of ten or any five years thereafter. Mr. Burder must also have to agree to furnish heat and light for the town hall, theatre, fire station, and other village buildings free of charge, and to provide heat and light to property owners whenever five or more request it at the usual rates.

FIRST PRIZE TO CALUMETS.

Are Winners of the County Bowling League Series of Games.

The Calumets are winners of first place in the Houghton County Bowling league by just one game, with the Lakes, Lindens and Mitchells tied for second. The Drippers are next, but one game behind, and next in order are the Harolds, Red Jackets and Harolds. The Mitchells, who were defeated two out of three games by the Lakes Thursday evening, lost its last chance for first place. Had the Mitchells won two games, they would have tied the Calumets and had to play a deciding game, which would have forged one game ahead. By winning two out of three games Thursday evening, the Lakes tied the Mitchells and Lindens for second place. The Lakes won its two games from the Mitchells by a total of 317 pins and lost the other by 182.

The standing of the teams, in order, is as follows:

	Won.	Lost.
Calumets	24	18
Lakes	23	19
Lindens	23	19
Mitchells	22	20
Drippers	22	20
Lauriums	20	22
Red Jackets	18	21
Harolds	14	25

Official scorer Gibson announced yesterday that the Lakes, Lindens and Mitchells would play to determine second, third and fourth positions. The Calumets will be given the first prize of \$25 but the second and third prizes of \$15 and \$10, respectively, cannot be awarded until it is decided which teams will get second and third places. The Harolds and Red Jackets will not play the remaining series of games early in the season. The seat sales yesterday morning with a big rush.

MAY PLAY CALUMET ALSO.

The Spauldings, reputed to be the best indoor baseball team in Chicago, who will likely play the Houghton Light Infantry team at Houghton in February, is also desirous, it is said, of playing the Calumet Light Guard team at Calumet while on the same trip. There is little choice between Houghton and Calumet this year.

The Houghton Light Infantry players, however, refuse to believe that Calumet has received a letter from the manager of the Spauldings, inviting Calumet to play in Chicago. They believe that Houghton is not "the whole thing" any more. The sentiment of letters written by the manager of the Spauldings to the Houghton club is said to be directly the reverse.

CAR LINE HAS SIXTY DAYS.

The council of Laurium was in error in granting the street railway company but thirty days from Nov. 12 to accept the proposition made by the council in regard to granting a right-of-way for the use of a portion of Calumet avenue for the connection of the Lake Linden extension with the main line. The franchise itself gives the company sixty days and that holds. Before the expiration of the time it is likely the company will accept the terms, which are to the effect the company must pay for the removal of snow from streets upon which its tracks run.

FELL THIRTY FEET.

While working on the cornice on the third story of the new Walz building on Pine street, Calumet, Thursday, Frank Albrecht of Saginaw, connected with the Saginaw Valley Corncise & Slate company, slipped and plunged headfirst to the ground thirty feet below. He fell on his shoulder and side and when picked up was unconscious. It was found upon examination, however, that the only injury the man sustained was a concussion of the spine which is not considered serious in Albrecht's case. His escape from more serious injury is thought remarkable.

charge, has been taken under advisement by the judge, who will render his decision next Tuesday.

COPPERDOM BREVITIES.

Born to Mr. and Mrs. Samuel Byrne, of East Houghton, Wednesday, Dec. 10, a boy.

R. T. McKeever, general manager of the Copper Range road, left yesterday afternoon for a Chicago business visit.

Mitchell's new bowling alleys at Hancock were opened to the public Thursday evening. The station has five alleys.

Most of the copper country schools will hold appropriate Christmas exercises. Rehearsals for the same are now under way.

Captain Dunn of Houghton, who is in charge of the Gates copper exploration in Douglas county, Wis., returned home for a short visit yesterday.

The Laborers' Commercial company of West Hancock is building a store in the new town of South Range. It will be opened with a large stock of goods about Jan. 1.

William Holman of Dollar Bay has left for Chicago, where he will undergo X-rays treatment at the hands of a specialist for throat trouble of long standing.

The west end beacon light on the Portage Lake canal's east breakwater, carrying the light of Dec. 7, will not be re-established until the opening of navigation in 1903.

The Hancock Fuel & Supply company is shipping coal to Trimountain and other South range points, retailing it at \$8.50 per ton. Several car loads have already been sent out.

Justice Curtis and Prosecuting Attorney Larson are busy with the examination of saloon keepers arrested for violation of the liquor law upon complaint of Civic Federation members.

The present good sleighing in the woods is enabling owners of cordwood to get the fuel out without much difficulty. In consequence the prices of wood have dropped to their former figures.

The Dollar Bay Colts defeated the Dollar Bay Seniors in a spirited contest in indoor baseball at the club on Sunday evening. The score was 29 to 27. The game was witnessed by a large crowd.

It was reported in Houghton yesterday that C. J. Johnson, the well-known railroad contractor, had fallen from a car at Elgin, Ill., where he has a railroad contract, and sprained both of his wrists.

E. L. Wright of Hancock, who was elected president of the State Sunday School association at the recent convention in Lansing, will talk of the convention at the Hancock Congregational church Sunday evening.

At its regular meeting Thursday evening, Houghton lodge of the Knights of Pythias decided to hold dancing parties for members and their ladies in the lodge hall in the Citizens' National bank building once each month.

The Dollar Bay Dramatic club will present "The Vagabond," a three-act indoor drama, at the Palace rink building, which has been remodeled into an entertainment hall, next Wednesday evening. A matinee for the benefit of the children will be given in the afternoon. The club has taken much pains to make the production a great success, and such it promises to be. Special scenery has been secured.

Officers for the ensuing year have been elected as follows by Charity lodge, Knights of Pythias of Calumet: Samuel Martin, past chancellor commander; B. H. Weber, vice commander; W. S. Paddock, prelate; John Bracco, master of work; A. Schneiderhahn, master of exchange; Frank Schumaker, master of finance; Joseph Kemp, keeper of records and seal; A. E. Rosewarne, master at arms; G. J. Kemp, trustee for three years.

A lumberman, whose name was not learned, was found, badly cut about the head and face, lying beside the roadway leading from Calumet to the Phoenix mine, near the latter place, Sunday afternoon. The man was suffering from a severe cough and cold on her lungs. Common remedies seemed to afford no relief and myself and her mother feared pneumonia or consumption. She began taking Harts' Honey and Herbs and in less than two weeks was entirely cured. We always recommend Harts' Honey and Herbs to any one suffering with a deep seated cough or cold. Sold at the People's Drug Store.

The funeral of Nelson Hepala, a timberman who was killed in the Kearsarge mine at Calumet Wednesday, was held yesterday afternoon from the Finnish Lutheran church on Pine street. Hepala was killed while working to board a cage to go to the surface to eat his dinner. He fell under the cage and it passed over his head, causing almost immediate death. The accident occurred between the fourteenth and fifteenth levels in No. 1 shaft. The cage was occupied at the time by twelve miners.

Neither the creditors of A. P. Barnes, formerly agent for the Wheeler & Wilson Sewing Machine company, nor the Calumet authorities know anything as yet of the missing man, who disappeared a few weeks ago. Some of Barnes' friends still believe he committed suicide, as he worried considerably over his financial affairs, while others are inclined to the belief that he has gone

to Canada. It is said that Barnes' accounts with the sewing machine company are short over \$1,200, while he is indebted to the village of Red Jacket to the extent of \$300 for rentals.

The musical talent of the Hancock Congregational church met last evening at the church for a rehearsal of the Christmas exercises. The program this year will be largely musical and will comprise several choruses from the Messiah.

MINING NEWS

TAKES A MORE HOPEFUL VIEW.

A prominent Boston banker, who is closely associated with certain large copper producing properties, and who has for a year past taken an extremely pessimistic view of the copper situation, says to the Boston Journal: "I am now inclined to think that a turn for the better in the copper market, and incidentally in the copper share situation, is close at hand. I am led to this belief not alone by reason of my knowledge that matters are certainly shaping up for an early adjustment of the long standing trade differences, but also because the demand for copper is increasing. When, on the one hand, I draw that there is a large surplus of copper on hand and on the other I find the people who buy the product of the companies with which I am connected not only desirous of getting large amounts but even extremely eager to buy and unable to get what they want, I am forced to the conviction that this surplus supply is wholly for effect. I have felt for a long time that the market was in bad shape and the conditions that have ruled have confirmed my opinion. Now, however, I believe that the outlook is brighter and I am anticipating with much faith that the whole situation will show a marked improvement before the new year is far advanced. The conditions, as I now know them to be, have as a whole not looked so promising in three years as they do at the present time."

AN HONEST STATEMENT.

Mr. William Acton of 212 Fourth St., Lincoln, Ill., says: "Our daughter, aged sixteen, was suffering with a severe cough and cold on her lungs. Common remedies seemed to afford no relief and myself and her mother feared pneumonia or consumption. She began taking Harts' Honey and Herbs and in less than two weeks was entirely cured. We always recommend Harts' Honey and Herbs to any one suffering with a deep seated cough or cold. Sold at the People's Drug Store."

MINING GOSSIP.

The Champion mine's November output of 420 tons mineral yielded about 74 per cent fine copper. Official figures show that the Greene Consolidated Mining company is now producing copper at the rate of \$2,000,000 pounds per annum. The company's cash on hand on Nov. 30 was \$906,847.

The head of one of the largest metal selling agencies in the country predicts that the price of copper will remain around its present level for some time to come, but he looks for a steady improvement in the demand throughout the coming year.

Copper declined 2 1/2 cts at London yesterday, making spot \$50.64, 3d and futures \$50.12, 6d. At New York copper was unchanged and the quotations were nominal. Standard at 107.75. Lake at 11.65 and electrolytic and casting at 11.45.

The director of a copper producing company says: "I think there is no doubt that the copper outlook is improving. This in my opinion is not the result of any negotiations between the Amalgamated and the Calumet & Hecla interests looking to any artificial bolstering of conditions, but to natural laws. I think it is becoming more difficult to buy large quantities of copper at current prices."

DO NOT BE AFRAID
to look the facts squarely in the face. That cough, racking and persistent, accompanied with loss of sleep and appetite, is a sign of consumption. Common sense dictates the use of Allen's Lung Balm, an honest remedy, since it contains no opium; an efficient remedy, since it heals the irritated, inflamed throat and lungs, and so prevents a deep-seated cold from running into incurable forms of consumption.

HOUSE CLEARS PRIVATE BILL CAL- ENDAR BY GRANTING 173.

EIGHT-HOUR LAW HEARING LIVELY

UNION LABOR AT SHIPYARDS IS ACCUSED AND DEFENDED.

Unlikely Senator Alger Will Receive Any Committee Places This Winter—\$7,000,000 Asked for Purchase of Site for Judicial Building.

Washington, Dec. 12.—The house devoted today to consideration of private pension bills. The calendar was cleared, 173 bills being passed. None of them were of special interest. The bill to appropriate a million dollars for the eradication of the foot and mouth disease in New England was made the special order for next Tuesday, with the understanding that only the legislative features of the bill would be considered and the appropriation would be reported from the appropriations committee.

Eight-Hour Law Hearing Spitted. The hearing on the eight-hour law was continued by the senate labor committee today. Frank Morrison, secretary of the American Federation of Labor, argued in favor of the bill and former Secretary of the Navy Herbert

Payson, president of the American Federation, said he wanted to take cognizance of statements that the International Association of Machinists had attempted to precipitate a strike at the Cramp shipyards during the Spanish war, and that the labor men had attempted to tamper with the machinery of a transport. He vehemently denounced the charge and said that Major Carson, of the Thomas, had declared the statements without foundation and had said that such an attempt had been made by Carson would have known it.

St. Louis, Dec. 12.—Mrs. James Abernathy, the woman who fell asleep six days ago in a chair, almost uninter- ruptedly, has been awakened.

Chicago, Dec. 12.—Walter E. McCracken was tonight chosen coach of the Northwestern University football team. He coached Dartmouth this fall.

Chicago, Dec. 12.—A change in the time of the fast mail train will be made tomorrow which will result in saving five minutes on mail from Philadelphia to Chicago, the West and Northwest. The train will connect with the fast mails on the Northwestern, Burlington, St. Paul and Wisconsin Central roads, leaving Chicago at 3 a. m.

COL MOSBY ON THE WARPATH. Still Tearing Down Ranch Fences in Nebraska Despite Threats of Violence.

Omaha, Dec. 12.—Colonel John S. Mosby, the special agent of the land department whose whereabouts have been unknown here for ten days and concerning whom some anxiety has been felt, is now near Alliance, Neb., tearing down fences around range lands belonging to the government despite the threats of violence made by some of the ranchmen.

CRACK JOCKEY HURT. New Orleans, La., Dec. 12.—Only by a miracle was Jockey Walter Robbins, one of the best light-weight riders here, saved from death. While exercising Sidney Bender's Oriole the horse became unmanageable and before young Robbins had an opportunity to dismount he was crashed into a fence. The horse rolled over the boy, who when picked up was found to have his right arm, wrist and collar bone broken. Robbins, in addition to having his bones fractured, was also found to be severely bruised, but at the hospital the attendants say that he will recover.

COLLEGE GIRLS BAR FIGHTS. Madison, Wis., Dec. 12.—The play to be given by the Haresfoot club of the University of Wisconsin was previously announced. No young woman could be found among those dramatically inclined who was willing to wear tights. So in place of "All the Comforts of Home" "My Friend From India" will be presented. This comedy presents no difficulties of accentuation, all the participants being clad in noncholar girl costumes.

When one liberated within your system, it produces a most wonderful effect. It's worth one's last dollar to feel the pleasure of life that comes by taking Rocky Mountain Tea. Stafford Drug Co.

Mormons Score a Point. The house judiciary committee today decided not to report to the house any joint resolutions proposing an amendment to the constitution that would disqualify persons found guilty of polygamy from holding office and to prohibit polygamy.

Mrs. Roosevelt received Washington society this afternoon at a tea at the White House. It was the first large social function of the winter season at the White House and was attended by several hundred members of resident and official society.

Commissioner Sargent appeared before the house committee on interest and foreign commerce in favor of the project of transferring the immigration bureau to the proposed department of commerce.

Elmer Pettiford, the treasury clerk, who, being a Seventh Day Adventist, refused to work on Saturday, has been transferred to the sixth auditor's office.

at a salary of \$720 a year and will be paid only for the time actually employed. His former salary was \$1,200.

TELEGRAPHIC NEWS CONDENSED.

The Hague, Dec. 12.—Vice Admiral Krays, minister of the marine for the Netherlands, is dead.

New York, Dec. 12.—The consolidation of the National Bank of the United States and the Western National bank, with a capital of ten millions and under the name of the Western Bank of the United States, was announced today.

New York, Dec. 12.—Commissioner of Police Partridge has resigned on account of ill health.

Clinton, Ia., Dec. 12.—Mrs. Catherine Collins, aged 104, died here today.

Des Moines, Dec. 12.—The final report on the yield and value at current prices of the Iowa crop of 1902 was made public today. The report indicates that the rains of the past season, were more disastrous than the drought of 1901. The total value of the crop is \$215,222,330, or \$80,000,000 less than in 1901. The greatest falling off is in corn.

New York, Dec. 12.—Herr Lewald, German commissioner general to the Louisiana Purchase exposition, will sail for Germany tomorrow. It is his desire that Germany have an exhibit worthy of that position among the nations, and if his ideas are carried out his country's building will be one of the big attractions at St. Louis. Besides industrial and art exhibits, he will suggest that the social life of the country be portrayed and that the building be surrounded with German gardens.

New York, Dec. 12.—The directors of the National Lead company met today to perfect arrangements for the proposed combination of the lead interests. The arrangements had not been completed at the close of the meeting.

St. Louis, Mo., Dec. 12.—Twenty laborers bound from Chicago to Kansas City got into a fight on a Rock Island train near Centerville, Ia., today. Three were seriously injured and one will die.

Kingsley, Mich., Dec. 12.—Ella Beardley was found dead, tied in her buggy, four miles from town this morning. Foul play was at first suspected, but this proved groundless. The theory now is that she found herself becoming seriously ill, she strapped herself in the buggy and died before reaching home.

Ithaca, N. Y., Dec. 12.—Cornell and Pennsylvania tonight debated the justification of the present tariff on raw materials. Pennsylvania had the negative and won.

Princeton, Dec. 12.—The annual debate between Princeton and Harvard tonight was won by Princeton, who had the affirmative. The question was, "Whenever in the event of continued domestic violence and property are not adequately protected by the state, should the public good that the president should have power to afford protection without the application of the state for federal aid?"

Port Huron, Mich., Dec. 12.—William S. Jenks, aged eighty-four, president of the Jenks Shipbuilding company, died suddenly this afternoon.

Grand Forks, N. D., Dec. 12.—The Brevoort block burned this afternoon. The loss is \$60,000.

Fremont, Neb., Dec. 12.—The state game warden today intercepted a con- signment of five hundred quail being shipped to Chicago. The warden expects to arrest the offender. Under the law the fines will aggregate \$2,500.

St. Louis, Dec. 12.—Mrs. James Abernathy, the woman who fell asleep six days ago in a chair, almost uninter- ruptedly, has been awakened.

Chicago, Dec. 12.—Walter E. McCracken was tonight chosen coach of the Northwestern University football team. He coached Dartmouth this fall.

Robbins, in addition to having his bones fractured, was also found to be severely bruised, but at the hospital the attendants say that he will recover.

COLLEGE GIRLS BAR FIGHTS. Madison, Wis., Dec. 12.—The play to be given by the Haresfoot club of the University of Wisconsin was previously announced. No young woman could be found among those dramatically inclined who was willing to wear tights. So in place of "All the Comforts of Home" "My Friend From India" will be presented. This comedy presents no difficulties of accentuation, all the participants being clad in noncholar girl costumes.

When one liberated within your system, it produces a most wonderful effect. It's worth one's last dollar to feel the pleasure of life that comes by taking Rocky Mountain Tea. Stafford Drug Co.

Mormons Score a Point. The house judiciary committee today decided not to report to the house any joint resolutions proposing an amendment to the constitution that would disqualify persons found guilty of polygamy from holding office and to prohibit polygamy.

Mrs. Roosevelt received Washington society this afternoon at a tea at the White House. It was the first large social function of the winter season at the White House and was attended by several hundred members of resident and official society.

Commissioner Sargent appeared before the house committee on interest and foreign commerce in favor of the project of transferring the immigration bureau to the proposed department of commerce.

Elmer Pettiford, the treasury clerk, who, being a Seventh Day Adventist, refused to work on Saturday, has been transferred to the sixth auditor's office.

SUDDEN UPTURN TO STOCKS. Market Closes Strong and Higher After Many Wide Declines.

New York, Dec. 12.—There was a sudden revolution of sentiment during today's trading on the stock exchange which transformed a demoralized market into what looked like animated bull speculation. Undoubtedly the bear account, which had suddenly expanded to unwieldy proportions in the last three days, was partly responsible for the sudden and violent recovery of prices, but the change in sentiment on the part of this element was prompted by evidences of large and influential buying of more substantial character. This was the signal for the upturn of the market.

Before noon there were declines of one to five points in the prices of the active railroad stocks. In the inactive list, including the specialties, the losses extended to twelve to twenty-five points, the last named in New York & Harlem. The sale of securities of this grade in a demoralized market is generally regarded as evidence of extreme pressure for money. That there was much pressure today is beyond dispute, and a great part of selling was probably without the free choice of the nominal holders of securities. The withdrawal of credits from holders of stock and the practical impossibility of obtaining fresh accommodation left no resource but to throw over their holdings at the best prices they could get.

The buying did not develop until the extreme decline was reached. The drastic liquidation gave relief to the crisis in the money market and this was followed by an effective rally. The upturn of prices transformed earlier losses into general net gains which in some cases were sufficient to wipe out all of yesterday's declines. Evansville & Terre Haute gained six points, Great Northern preferred a per cent and a great sprinkling of leaders of the market from two to three. The market closed steady, but slightly below the best, as follows, the quotations being reported by Paine, Webber & Co.:

Table of stock prices including Wabash Pfd., N. Y. Central, Southern Ry., etc.

Range of Money Rates. Money on call, firm, at 6 1/2 to 12 per cent; closing, offered at 6. Time money, firm; sixty and ninety days loans made under special arrangement; six months, 6 per cent. Prime mercantile paper, 6 per cent. Exchange, weak, demand at 487 and sixty days at 483.31@483.55. Bar silver, 47 1/2.

BOSTON COPPER QUOTATIONS. The copper stocks dealt in on the Boston exchange closed as follows yesterday, the quotations being reported by Paine, Webber & Co.:

Table of copper stock prices including Adve., All., Arn., etc.

CHICAGO GRAIN MARKETS. Chicago, Dec. 12.—In wheat today there was a good trade, but rather a choppy market. The undertone on the whole was easier. December closed 1/2 lower and May lost 3/4. Strong cables, renewed claims of unfavorable weather in Argentina, moderate receipts, and the Venezuelan situation were bull influences. There was good general buying early, led by commission houses, but around 78 there was considerable for sale, causing a reaction to 77 1/2. Further buying brought about a rally to 77 3/4, but near the close the price receded to 77 1/4 and closed as above noted. Liverpool was steady to 3/4 better. The exports were fair, and eleven boatloads were taken on the coast. The heavy increase in the Prussian wheat harvest was a late bear factor. May opened at 77 1/4 @ 78; highest, 77; lowest, 77 1/4; closing, 77 1/4 @ 78.

Corn was moderately active and fair with the feeling unsettled. The market was strong early and higher prices were secured, but the values weakened later. December closed 1/2 better and May 1/4 @ 1/2 lower. Bad weather and moderate receipts helped the market early, and buying by elevators and professionals helped along the advance. Pit traders became long and then, reacting, sold out and the prices declined. Liverpool was 3/4 lower to 3/4 higher. On the coast eleven boatloads were taken. May

Upper Peninsula.

Iron Mountain Taxes.—The collection of \$113,752.27 taxes has begun in the city treasurer's office at Iron Mountain. Last year the peninsula \$111,000 collected out of \$118,106.46 assessed.

Demands the Money from Fines.—The school board of Menominee decided at its meeting this week to demand of the city that the fines collected as penalties for infractions of the penal code of the state be turned into the county treasurer, as the law provides, and by him apportioned among the different townships. The school board claims that the city has turned none of these fines over, but that townships of the county have done so.

Tangle Involving \$300,000 Settled.—An Escanaba dispatch states that an amicable settlement has been reached regarding the differences which have existed for the past six months in the Escanaba Lumber company, which operates a big hoop plant at Masonville. Messrs. Corcoran and Stack giving Joseph Reinger a receipt in full for all money loaned him and a release from all obligations or claims they had against him, and Reinger in turn executing a quit-claim deed for all the personal property which was in the name of Corcoran and Stack, but which was held by them only in the form of a trust deed. The amount involved in the settlement is said to have been \$300,000.

They Smoked on the House.—The other day a young man walked into an Escanaba saloon and announced to several of his friends who happened to be in the place that he would buy a cigar all around if the house could change a bill that happened to be all the money he had. The bartender said he would risk it. The cigars were passed around and then a beautifully colored \$1,000 bill was handed over to the man that takes the money. "One hundred dollars," said he, as he started with it toward the safe; then, as he again looked at the money in his hand, a tremor seized him and he rubbed his eyes and looked again. Then he handed it back with a sad look on his face and told the gentlemen to smoke on the house.

May Move Mill to Louisiana.—The Ludington, Wells & Van Schaick company will move its old mill plant from the property at the foot of Grand avenue at Menominee, now that the Menominee River Sugar company has closed a deal for the purchase of the site for a refining plant. The mill is one of the oldest on the river, having been built in the fifties, and it was operated up to within two years ago. The company may move the mill South. The management has not definitely decided this matter, but it is known that the company has for some time intended transferring its operations to the South. The machinery still stands in the mill, and now that the plant must be removed arrangements will likely be made to have it shipped to the scene of future operations in Louisiana. The work of dismantling the mill will start at once, in order to permit of the immediate construction of the best sugar plant.

Sugar Factory Site Chosen.—The site for the Menominee beet sugar factory has been decided upon, the island property on which the Ludington, Wells & Van Schaick company's mill stands being chosen. The Kilby Manufacturing company and the American Construction company both have submitted bids for the construction of the plant. Neither bid has as yet been accepted, as the sugar beet company intends to have expert engineers first examine the site and the bids. Both bidders guarantee to have the factory completed inside of ten months, that is by the middle of October at the latest, and possibly by the first of that month, or to stand all expenses occasioned by further delay in the completion of the mill structure. If the factory is finished in October it will be in plenty of time for the first delivery of beets by the farmers. The temporary organization of the company will probably be made permanent in about a week. The stockholders are now considering the advisability of increasing the capacity of the factory from 600 to 800 or 1,000 tons. Both bids submitted by the contractors contain prices for a 600 and a 1,000 ton plant.

Coal Held Back for Weeks. Some of this coal has been waiting on sidings for weeks and is covered with snow, the men owning it holding the fuel for the zero weather they expected soon to afflict New York. While they kept up the talk of the steady consumption of the daily supply they were holding out a percentage for the rich harvest which the first cold snap would assure them.

The coal roads admit that the evil of speculation is partly responsible for the present situation, but they blame it all on the independent operators. They say that ever since mining was resumed coal has been coming into New Jersey from the independent mines at an average of 1,000 tons a day. All this has been bought at the mines by speculators and little of it has been sold. Therefore there is a total on hand, they say, of 40,000 tons of coal. It is this coal which is now being sent out at exorbitant prices. Michael J. Burns of Burns Brothers, one of the largest retail firms in the city, admitted today that there was a conspiracy, but he said it was not among the members of the coal combine, but among the jobbers, who bought the coal at the flat rate of \$5 and then held it for the rise. "I do not know of a single instance," he said, "where a member of the regular flat rate of \$5 a ton at the water. The conspiracy is among the middlemen, who market the product of the independents. They buy the coal at the mine, ship it here and pay the freight. Then they sell it to the consumer, paying \$1 a day demurrage for a forty-ton car until the price gets up high enough to give them a tremendous profit."

"Coal from these individual companies is being brought here and sold for \$10 a ton. Any quantity of it is to be had. I got two cargoes yesterday at \$9. I should say that the estimate of 1,000 tons a day coming in here for the speculators is a gross exaggeration. I know it is. Another reason why the New York public has to pay high prices is that the large owners, who were idle all summer, have raised their rate per ton from 17 to 25 cents."

In the meantime the suffering among the poor is pitiable. The city is taking care of more homeless men and women than in any previous year, but those who have homes without fuel are the real victims of this rapacity.

BRAIN YIELDS TO PSYCHOLOGY. Wealthy New York Girl Goes Insane Over Occult Study.

New York, Dec. 12.—In the insane pavilion at Bellevue hospital sits Lillian Norton, handsome, highly educated, wealthy and of good family, who does nothing the whole day but talk on psychology and occultism, making frank passes with her hands at physicians and attendants in the vain hope of hypnotizing them, in short, a woman who, the doctors say, is attempting to hypnotize others has lost her own mind. She pathetically exclaims that she sat at the feet of the professor of psychology at Columbia university, Dr. James H. Hyslop, and by his teachings learned to take an interest in the occult and to share his belief in spiritualism. One of the theories advanced by Miss Norton's friends to account for her mental aberration, in addition to over-study and religious mania, is that her necessary pursuit of "Wisdom and Destiny," a psychological work by Metterlinck, the Dutch writer, caused her brain to go awry.

STORM BASH. Now is the time to order. F. W. Read & Co. (10-23-12)

COUGHS, COLDS AND CONSTIPATION. Few people realize when taking cough medicines other than Foley's Honey and Tar, that they contain opiates which are constipating besides being unsafe, particularly for children. Foley's Honey and Tar contains no opiates, is safe and sure and will not constipate. People's Drug Store.

WATCHES and JEWELRY

Make ideal Gifts for Christmas. You will find in our stock just what you have been looking for—

A Present That Will Please, Watches That Keep Time, Sparking Precious Stones, Artistic Effects in Gold Jewelry.

Bright, new and desirable goods at reasonable prices, and the quality can be depended upon—an important point in making presents.

108 Washington St. 12-13-101 HAMIL, THE JEWELER.

YOUR HOLIDAY OPPORTUNITY.

We are in position to do you good on holiday gifts this year. Our line is very large and it contains a lot of new and desirable things—the very feature that helps puzzled holiday buyers most.

You Are Invited.

We want you to see our line while the assortment is complete. It is worth seeing for seeing's sake, and those who come to look are as welcome as those who come to buy. Suffered for Over Ten Years. Cured by Dr. Iman's Ladies' Restorative
TALMADGE, MICH.
THE IMAN MED. CO., Grand Rapids, Mich.
Dear Doctor: I have been thinking for some time that I ought to write you a few words of praise for your wonderful LADIES' RESTORATIVE. It did me worlds of good. I suffered such untold agonies with my menses, and with female complaints, for over ten years, that death would have been a relief to me. I took doctors' medicine and several kinds of patent medicine, but they all availed me nothing. I am so thankful that I learned of DR. IMAN'S LADIES' RESTORATIVE that I want to recommend it to every lady that is suffering from those terrible complaints. Any one wishing to know more about it may address,

SECTION 16 MINE.
Two Shafts Opened Yesterday, and Gas Has Been Escaping Freely.
From present indications it will be possible to resume operations at Section 16 mine within the next few days, possibly Tuesday or Wednesday.
Two shafts which have been sealed since Monday last were opened yesterday afternoon, when gas and steam began to escape. An abandoned shaft at the Lake Angeline mine, which connects with the upper levels of Section 16, was one of the shafts opened and the Section 16 incline, or rock shaft, was the other. Captain Joseph Hodson and some of his men went into the Lake Angeline mine by way of the old shaft a short time after the openings were made. They found less gas in the workings than on the previous day, when the Lake Angeline men were obliged to quit work.
There was no indication of fire to be found in the workings, nor did any smoke come to surface. The men at the mine feel certain the fire is extinguished and that it will be possible to enter any part of the mine today.
Six Miners Overcome.
Six of the Lake Angeline miners had a close call Thursday. The men working in the levels above the eighth quit early, the gas being strong, but the workmen on the eighth remained down. Early in the afternoon the men began to feel its effects, and they decided to stop work. Two of them succeeded in getting up the ladders, but the other six fell back, and were found unconscious. The two who reached surface knew that the others had been overcome, as they saw some of the fall when they attempted to take the ladder at the shaft. Rescuers immediately descended. They found the men lying near the ladderway. All were taken to surface in the skip and in a few minutes they were revived.
No work was done yesterday in that part of the Lake Angeline mine, but it is expected that the usual force will be out today.

Section 16 Improvements.
The improvements being made at the shaft house, trestle and crusher plant at Section 16 will be completed within the next few days. It will be possible to hoist ore there Monday or Tuesday, if the management decides to resume mining work so early in the week.
The improvements are important, inasmuch as the ore will hereafter be handled more economically and to much better advantage than formerly. The shaft house was recently built some feet higher to admit of the changes. The trestle work is fifteen feet higher, so that the ore going to the crusher will be handled but once. With the old system a separate plant was necessary to deliver the ore to the crusher. With the new arrangement the ore is dumped into a car which will operate on a trestle on a level with the pockets of the plant. The new arrangement will be a slight incline so that power will not be necessary to get ore to the crusher. The same will be true of the trestles going to the stocking ground in the opposite direction. The trestle hands will not have to push cars, as formerly. The empty cars will be returned to the shaft by a small plant located on the trestle.

NO MORE GAMES.
Hyde Park and Ishpeming Cannot Meet This Season.
Ever since Hyde Park ran up such a phenomenal score in the game with the Brooklyn Polytechnics a short time ago there has been a strong desire here to have a game arranged between the famous Illinois team and the Michigan champions. The Hyde Park high school has had a remarkably strong team for a number of seasons, without doubt the finest team of its class in the west, if not in the country. The sturdy players bumped up against Stagg's players in practice games a number of times and succeeded in scoring. Many teams in large colleges have no finer material. Interest in football is not so strong in the high schools in the East, and the Brooklyn team, though not the winner in championship games, was probably as strong a team as could be found east of Chicago.
Ishpeming has won notable victories over some teams that had large reputations and many have thought that Hyde Park, in spite of its great prestige, would not prove too tough a proposition for the Hematite boys to handle. Since winning the state championship many have wanted to see a trial made for Hyde Park's scalp. It was proposed to play the game in the Coliseum at Chicago. For a while the prospects of arranging the contest were bright, but now all hope of securing a meeting between the two teams has vanished. A new hardwood floor is being built in the Coliseum for roller skating, which of course unfits the building for a football gridiron.
Minneapolis wanted to play with Hyde Park but received no reply to its challenge. So football in the central states has seen its finish for this season and if Ishpeming wants to try for the high school championship of the country a winning team must be put into the field next fall.

FOOLS A DEADLY ATTACK.
"My wife was so ill that good physicians were unable to help her," writes M. M. Austin of Winchester, Ind., "but was completely cured by Dr. King's New Life Pills." They work wonders in stomach and liver troubles. Cure constipation, sick headache. 25c at Stafford's drug store.

High Time for Reform.
"It is incomprehensible that those in whose care we place our higher educational institutions should tolerate this deadly game. It is high time that the people should raise their voice and demand its reform or abolition."
"I, therefore, offer the following resolutions:
"Resolved, by the board of school directors of the city of Milwaukee, that the game known as football, as now played, is dangerous to life and limb and should be suppressed.
"Resolved, further, That all pupils of our public schools be, and they are hereby directed to discontinue the organization of football teams by their pupils.
"Resolved, further, That all pupils of our public schools be, and they are hereby forbidden to name any football team after any public school."
Mr. Quin's resolution was referred to the committee on rules and probably will die a natural death, if it ever comes up for discussion, which is doubtful.
Is Roundly Criticized.
Now the would-be reformer is being criticized in about as severe terms as he himself used in censuring the game. Many prominent residents of the city, while admitting that football has the bad feature of serious and sometimes fatal injuries, declare that the game not only could not be eliminated from the public schools, but that it would be a decided misfortune if it was taken out of public school life.
"I have a son only eight years of age," said Court Commissioner John F. Harper, "and he plays football now, and I hope he will continue to play it until his manhood has been framed and established for the battle of life. Football teaches boys and young men courage and manliness as nothing else can teach them. It trains the body and mind in strength and alertness, and it develops in every player discipline and a fine sense of honor. I know of no sport in our public schools and institutions of learning which so merits general commendation. Any criticism of the game that can be made. I do not consider worthy of serious consideration in the face of the great good that it accomplishes among the youth of the land. The game may be somewhat too rough in some of its features, but leave those features alone and evolution of the game will eliminate them. Should football be prohibited from our public schools, I should consider it a deplorable action, indeed."

A Former Director's Views.
Attorney Charles Quarles, a former member of the school board, while opposed to a proposed fostering of the game on the part of the teachers as teachers in the public schools, does not exactly agree with Director Quin that the game should be prohibited altogether. In speaking of the Quin resolutions he said: "When I was a member of the school board I expressed my opinion as being opposed to a fostering of the game by teachers as teachers. I don't think that anything has happened since I thus expressed myself to change my opinion. If teachers care to foster the game as individuals, I have nothing to say. Whether the game should be prohibited altogether, I hardly care to express an opinion."
With few, if any, exceptions all the college men among the citizens of Milwaukee—and especially the younger men—oppose the adoption of the Quin resolutions, regarding such a procedure as being in the nature of a decided impediment to the education of the youth of the country.

Thousands Have Kidney Trouble and Don't Know It.
How To Find Out.
Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen, is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.
What to Do.
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail.
Address Dr. Kilmer & Co., Swamp-Root Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

BUY COLUMBUS
Consolidated Gold Mining Co.'s Stock at 75 cents
per share. The company controls 645 acres of land, located in the Black Hills, Lead City, S. D. A large force of men are developing the property, a mill is in operation and steady shipments are being made. The company has the extension of the ore bodies that have made the Homestake and Hidden Fortune properties famous and have opened them for nearly a mile. Columbus will undoubtedly prove a dividend-payer in the very near future, and stock show a tremendous advance in price. There is no reason why this property should not prove a better one than Homestake, whose stock has advanced from \$1.00 per share to \$115.00 per share, and has never missed a dividend in twenty years.
HIDDEN FORTUNE
at \$1.25 per share.
located in the same general vicinity, is also an excellent purchase. The new mill is nearly completed, and as soon as same is in operation the company will be on a dividend-paying basis.
I strongly recommend the purchase of the above stocks. \$10.00 invested in Homestake shows profits of over \$10,000, besides many times your money back in dividends. The Columbus and Hidden Fortune will undoubtedly do as well. Stocks fully paid and non-assessable. Write for illustrated prospectus and full particulars. HERBERT S. SHAW, Offices, 14 and 15 Brown Palace Hotel, Denver, Colo.

NEW SHAFT HOUSE. ENOUGH FOR 100 YEARS.

It is Being Erected at the Hartford—a Prosperous Year Ahead.

Steel Trust Has Iron Ore Properties of Great Extent.

The finest shaft house in Marquette county, and the equal of any in the entire Lake Superior region, is being erected at the Hartford mine. The structure presents a fine example of mining architecture and is being erected by the American Bridge company. It is constructed on a plan that will enable it to stand the wear and tear of many years to come, the foundation and the whole superstructure being as solid as the ground on which it stands. The abutments are of cement, extending well into the ground and reinforced on the side toward the engine house. Above the foundation the building towers up 128 feet, completely encasing the old shaft house, and so much larger that operations are carried on without the least interruption. The skip will not need to stop for a moment until the rope is shifted to the new pulley, after the last touch has been put upon the new building.

When the shaft house is put in commission the Hartford will be provided with an equipment that will enable it to add greatly to its production. The bottom of the shaft is now down 700 feet, and from that point drifts will be opened in various directions where there are indications of iron and tests show a high percentage of iron and a percentage of phosphorus that places it in the Bessemer class. Besides the 15,000 tons shipped, 10,000 tons are lying in the stockpile. Operations have been hindered somewhat by water in the workings. The mine is owned and controlled by the Oliver company. The season of 1902 will be a record breaker, unless all indications are at fault.

LIBRARY TO OPEN MONDAY.

After over two months of preparation, the city library is at last ready to be opened. A number of new books have been added, and those already on the shelves have been looked over and placed in the best possible condition, many having been rebound. Despite the serious depletion of the collection by careless patrons, who failed to return the volumes that they borrowed, there are still a large number of popular books that merit a wide reading. The library urgently needs large increases in the number of volumes and more spacious quarters. It will be necessary for the public to come to understand the need of these things, however, before sufficient interest can be aroused to make the demand for better facilities imperative. Until that time the present accommodations will serve the purpose fairly well. The efforts of the librarian deserve the highest appreciation, for the difficulties under which she has labored, and must still labor for some time to come, are by no means slight.

The Oliver Mining company, as the ore-producing branch of the trust is known, is the largest employer of labor in the Lake Superior district. It pays the largest wages and treats its men with unusual consideration. Strikes with it, since the trust assumed control of its affairs, are unknown.

SCHEDULE OF TWELVE GAMES.

Executive Committee of the New Association Has Arranged It.

The executive committee of the indoor baseball association met Thursday night and made out a schedule of twelve games to be played during the balance of the winter. There are four teams in the league, and each will participate in six games. One game will be played each week. The following is the schedule: Traveling men vs. professional men, Dec. 13; business men vs. Breitung House, Dec. 17; traveling men vs. Breitung House, Dec. 20; professional men vs. business men, Jan. 1, 4 p. m.; business men vs. traveling men, Jan. 9; professional men vs. Breitung House, Jan. 14; traveling men vs. professional men, Jan. 17; business men vs. Breitung House, Jan. 21; traveling men vs. Breitung House, Jan. 24; professional men vs. business men, Jan. 28; business men vs. traveling men, Feb. 4; Breitung House vs. Breitung House, Feb. 11. The scores will be carefully recorded. At the end of the season the percentage of each team will be computed and the winner of the series determined. The rink will be heated and spectators will not experience the least inconvenience. The first game will be played tonight between the traveling and the professional men.

PAINLESS DENTISTRY

Does not equal a painless laxative. "Mr. C. L. Hizer of Lincoln, Ill., says: 'I have been a sufferer from constipation for the past twelve years, with severe griping pains in my bowels every day. Since I began taking Re-Go Tonic Laxative Syrup my bowels have moved freely without griping. It is certainly a wonderful laxative.' Sold at the People's Drug Store."

LOCAL LACONICS.

M. S. Thorsen of Escanaba was here Thursday.

A. J. Bice has received a fine collection of clay pipes direct from England.

John Mitchell and Fred Anthony went on a hunting expedition to Low Moor yesterday.

Mrs. J. E. Sues entertained the ladies' whist club at her home Thursday afternoon. Light refreshments were served.

Oral Loombe has finished painting a number of dwellings for the Cleveland-Cliffs company at Marquette, and has returned home.

The local society Chevalier de Lafayette is an exception to most of the fraternal organizations. It holds its election in March.

Pent Mitchell, a former resident of Negaunee, but now a well-known mining man of the Gogebic range, is spending a few days here visiting his brother and sister.

The Negaunee Co-operative society is offering three prizes to persons buying the most coupon books between now and Feb. 1, next. Attention is called to the society's display aid, in which the details are given.

Work on the railroad branch to the Maas mine has been suspended for the winter. It will be resumed early in the spring and can be completed very quickly, for the largest part of the job is already finished.

A number of the friends of Fred Nightingale gathered at Heisel's Thursday night and tendered him an informal spread. Several short speeches expressed the regret felt for Mr. Nightingale's departure.

Tim Curran of Lathrop was here yesterday on his way home from Marquette, where he secured the bounty for two wolves that he killed recently. One of

Mrs. F. Wright, of Oelwein, Iowa, is another one of the million women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

A Young New York Lady Tells of a Wonderful Cure.

"My trouble was with the ovaries; I am tall, and the doctor said I grew too fast for my strength. I suffered dreadfully from inflammation and doctored continually, but got no help. I suffered from terrible dragging sensations with the most awful pains low down in the side and pains in the back, and the most agonizing headaches. No one knows what I endured. Often I was sick to the stomach, and every little while I would be too sick to go to work for three or four days; I work in a large store, and I suppose standing on my feet all day made me worse. "At the suggestion of a friend of my mother's I began to take Lydia E. Pinkham's Vegetable Compound, and it is simply wonderful. I felt better after the first two or three doses; it seemed as though a weight was taken off my shoulders; I continued its use until now I can truthfully say I am entirely cured. Young girls who are always paying doctor's bills without getting any help as I did, ought to take your medicine. It costs so much less, and it is sure to cure them.—Yours truly, ADELARDE PRAHL, 174 St. Ann's Ave., New York City."—\$5000 forfeit if original of above letter proving genuineness cannot be produced.

the animals he shot and the other he poisoned. Mr. Curran says that the wolves would soon be exterminated if the bounty was raised to a figure that would give hunters some inducement for killing them.

The son of the late Rev. Robert Wood did not arrive here as was expected and yesterday neither he or two of his sisters had been located in spite of diligent efforts on the part of the friends of the deceased clergyman. A former business associate of Mr. Wood at Ionia was notified and he replied that he knew the whereabouts of the children and would inform them of their father's death. Some of them are expected to arrive in time for the funeral this afternoon.

A MILLION VOICES.

Could hardly express the thanks of Homer Hall, of West Point, Ia. Listen why: A severe cold had settled on his lungs, causing a most obstinate cough. Several physicians said he had consumption, but could not help him. When all thought he was doomed he began to use Dr. King's New Discovery for Consumption and writes: "I completely cured me and saved my life. I now weigh 227 pounds." It's positively guaranteed for Coughs, Colds and Lung troubles. Price 50c and \$1. Trial bottles free at Stafford's drug store.

Additional Ishpeming

THREE AT A TIME.

The family of Charles Gustafson, 615 Angeline street, was enlarged from seven children to ten yesterday morning. Trip-tlets, all girls, came to gladden the family fireside. The late arrivals aggregated sixteen pounds in weight and give all the evidences of making a successful struggle for life. So far as is known at the hospital Mr. Gustafson's triplets are the only ones ever born here.

Convalescence after pneumonia, typhoid fever and the grip, is sometimes merely apparent, not real. To make it real and rapid, there is no other tonic so highly to be recommended as Hood's Sarsaparilla. Thousands so testify. Take Hood's.

ISHPEMING IN BRIEF.

George Farney is here from Oshkosh, Wis.

William Niva is clerking at Braastad's.

M. M. Duncan is in St. Paul on a business mission.

The Tourist club will give a dance at Union Hall Saturday night.

R. C. Mann of Cleveland, auditor of the Cleveland-Cliffs company, is here.

The Pioneer club met at the home of Dr. and Mrs. Feleh Thursday evening.

Axel Nord and Emil Olson will spend several days hunting rabbits south of town.

Mrs. Maria J. Pavola, 317 East Pearl street, died Thursday. The funeral was held yesterday.

C. H. Moss, cashier of the Citizens' National bank at Houghton, is the guest of Dr. A. Felch.

Miss Jennie Egan has a position in the office at Braastad's. There are also four new clerks in the fancy goods department.

Services will be held at Grace church as usual tomorrow at 8 and 10:30 a. m. and at 7 p. m. Sunday school will be held at 12.

Mrs. J. J. Voelker has bought of the Miller Brewing company of Milwaukee the dwellings at 703 and 707 North First street. The consideration was \$2,075. E. C. Cooley made the sale.

A break in a connection with the water main at the corner of Cleveland avenue and Main street kept several men busy yesterday. A large hole was dug a short distance further west on Front street in an effort to locate the leak.

One of the street cars broke down near the Lake Angeline end of the line at noon yesterday. It took several hours to remove the broken axle and put in a new one. Traffic was not interrupted as the accident occurred near the terminus.

KEEP UP A BRISK ATTACK

upon that bad cold, and do not wait for it to "wear itself out." Perry Davis' Painkiller is a powerful ally. Use it internally, with warm, sweetened water. Rub it well into the inflamed throat and sore chest, and when the foe has taken flight you will understand why time and spasmodic competition make no difference in the popularity of the one Painkiller—Perry Davis'.

L'Anse and Baraga

A son was born Tuesday to Mr. and Mrs. Charles Ramband of L'Anse.

Mrs. J. J. Byers and Mrs. Jas. Fleming of Baraga were L'Anse visitors Thursday.

E. A. Hamar, of the Worcester Lumber company, of Chassell, was at L'Anse yesterday on business.

John Q. McKernan of L'Anse arrived home yesterday from Milwaukee, where he went to consult an eye specialist.

Wendell Kirsch, the Nestoria trapper, was at the court house Thursday to draw bounty on two wolves he shot last week.

James McMahon, the newly elected judge of probate, will be at his office in the court house every Monday to accommodate persons having probate business.

W. E. Hamilton, state deputy instructor of the Knights of Pythias, will visit the L'Anse lodge on Tuesday evening next. The Baraga lodge will join in the meeting.

The ladies of the Modern Maccabees of L'Anse have elected the following officers: Mrs. C. Johnston, past commander; Mrs. J. R. Smith, commander; Mrs. H. J. Seifert, lieutenant commander; Miss Isabel R. Steinbach, record keeper; Miss Elsie McKernan, finance keeper; Mrs. John Campbell, chaplain; Mrs. C. L. Hanksborn, secretary; Mrs. M. Hansen, mistress-at-arms; Miss L. Beehler, sentinel; Miss Ella Shields, picket.

CAUTION!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of Consumption and Throat and Lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe Coughs, Bronchitis, Croup—and especially for Consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25 cent size has just been introduced this year. Regular size 75 cents. At Stafford Drug Co.

Brooches

Every Woman is interested and should know about the wonderful Marvel Whirling Spray Douche.

ASK YOUR DRUGGIST FOR IT. If he cannot supply the MARVEL, send for it to the nearest wholesale drug store. It is sold in all cities and is available to all.

Like a Diamond in the Sky

In the annals of medicine Kodol is up above the world so high that it is like a diamond in the sky.

True merit has elevated this famous remedy to that position wherein it stands preeminently as the world's recognized cure for all disorders of the stomach and digestive organs.

Unlike all other remedies, Kodol combines the natural digestants with the greatest known tonic and reconstructive properties. It does not purge the system. The weak should never be weakened and the sick should never be sickened. Such treatment gives temporary relief often, but permanent good never.

Immediate benefits follow the first dose, and perfect health is the permanent result derived from the use of Kodol.

Kodol

DYSPEPSIA CURE

PROJECT NEW MINE

MARQUETTE & ARIZONA COMPANY RECENTLY ORGANIZED.

LOCAL MEN ARE INTERESTED

PROPOSITION IS IN THE NOW FAMOUS BISBEE DISTRICT.

It is on the Same Formation as the Rich Calumet & Arizona and Other Valuable Properties—Other Details.

The Marquette & Arizona Mining company, organized in this city a few days ago, is the newest proposition launched in the now famous mining region of Bisbee, Arizona.

The claims of the Marquette & Arizona company have the same ore that is taken from the Copper Glance, and have the same general formation.

This proposition for the organization of this company has been under consideration for the past six months, during which time Mr. Marks was engaged in securing the claims and getting the titles.

The certificates for stock in the new company are not yet out of the hands of the printer, but many subscriptions are in for large blocks.

SUNDAY AT THE CHURCHES.

Methodist—Preaching by the pastor, Rev. K. A. Elliott, at the usual hours, morning and evening.

St. Paul's Mission—Sunday school at 2 o'clock; evensong at 3 o'clock, Rev. Hugh Spencer presiding.

RHEUMATISM CURED IN A DAY.

"Myrtle Cure" for Rheumatism and Neuralgia radically cures in one to three days. Its action upon the system is remarkable and mysterious.

Four-foot Pine Slabs delivered anywhere in city, \$2.50 per cord. Phone No. 231 or 959. South Arm Lumber Co. (11-27-1f)

GOVERNOR BLISS HERE.

He Came In Last Night for a Brief Stay.

Aaron T. Bliss, of Saginaw, governor of Michigan, arrived in Marquette on the late train last night for a brief stay. The governor is on a tour of inspection to the various state institutions with the purpose of determining personally whether the special appropriations asked for are necessary and urgent.

STOOD UP WELL.

After Break in New York Market Coppers Rallied Quickly.

Paine, Webber & Co. said of the Boston market: "After the heavy pressure to liquidate stocks in New York had run its course today, Amalgamated and the other coppers were among the first stocks to rally.

Wheat Strong and Higher.

W. H. Laidley said of the Chicago markets: "Wheat opened strong and higher upon the higher cables, reflecting stronger markets in England. The receipts were very light and the weather is rather unsettled.

"Provisions opened weak and lower on heavy receipts and free selling by the packers. The cash demand is small and the premium for cash over the future is also getting smaller.

New York Breaks and Rallies.

Dick said of the New York market: "The market broke again badly in the first hour this morning, but the liquidation seemed to run itself out and in the afternoon there was a general sharp rally, which closed the stocks with net gains.

THE CHRISTMAS DINNER.

In spite of the fact that the word dyspepsia means literally bad cook, it will not be fair for many to lay the blame on the cook if they begin the Christmas dinner with little appetite and end it with distress or nausea.

KENO, FOR CHICKENS.

Until further notice keno, with chickens as the prizes, will be played each evening at the Grand saloon, opposite the city hall. (11-12-1f)

DAILY WOOD TRAIN

IT WILL BE RUN BY MARQUETTE & SOUTHEASTERN ROAD.

WILL START TODAY OR MONDAY

WILL SUPPLY CARP AND PIONEER FURNACES WITH FUEL.

For the Present It Will Run Between Marquette and Rumley, Making a Round Trip, With Thirty Cars, Each Day.

Today or Monday the Marquette & Southeastern railroad will put on a regular wood train which will probably be continued in operation between Marquette and points at the other end of the system throughout the winter.

General Manager Harris informs The Mining Journal that the task of charging the eighty kilns at the North Marquette furnace is to be undertaken immediately, while deliveries at the Carp furnace will be continued right along.

The kilns at North Marquette are arranged in four parallel rows of twenty each. Between the pairs of these rows is a trestle onto which the wood train will be run. Platforms extend from the trestle to the openings in the kilns and the latter will be charged directly from the cars, without any stocking, an economical arrangement.

Some 225 Cords a Day.

The charcoal plant at North Marquette will do a sort of continuous performance when the furnace is operating. The stock will require 225 or possibly more, cords of charcoal a day.

For the present the wood train will run to Rumley, a point about five miles this side of Chatham, where the Cleveland-Cliffs people are operating a camp that employs upwards of 125 men and where there is already a large cordage of wood ready for shipment.

These operations were undertaken some time ago, and they have been pushed with great vigor. As a result there is already piled in the woods tributary to the two camps some hundred thousands of cords of wood intended for the furnaces controlled by the Cleveland-Cliffs Iron company.

SPECIAL TODAY AT HEPPNER'S.

Cinnamon Rolls, Coffee Cake, Black Fruit Cake, Mollasses Fruit Cake, Orange Square Cake, Fig Cake, Walnut Cake, Layer Cakes, Lady Fingers, Macaroons, Angel Foods, Pure Ice Cream, Pure Sweet Cream, Fresh Milk, Fresh Oysters, Pure Candies.

JOHN W. DESCHAINE, Prop.
