RECEPTION AT WHITE HOUSE

ANNUAL NEW YEAR'S FUNCTION A BRILLIANT AFFAIR.

Long Line for Four Hours Files Past the President and Exchanges Greetings and Handshakes--Police Precautions Elaborate.

Washington, Jan. 1.—President Roosevelt's New Year's reception was one of the most brilliant events in Washington's recent social history. All callers were accorded opportunity of greeting President and Mrs. Roosevelt and exchanging with them the compliments of the new year.

Today also the general public, for the first time, had opportunity to see the new improvements in the White House. The floral decorations were not as large as those of previous years, but were arranged with consummate art and effectiveness.

President in Excellent Spirits.

Promptly at eleven, the hour at which the reception began, the president, with Mrs. Roosevelt on his arm, descended the main staircase and entered the blue room, where the guests were received. Following them came members of the cabinet, with their ladies. Between two sections of the receiving party a lane was formed by a cordon of velvet, through which passed the callers. The president was in excellent spirits, and Mrs. Roosevelt never seemed happier or more gracious. Members of the diplomatic corps were received first, followed by the United States supreme court and other judicial officers, senators, representatives, army, navy and marine corps and militia officers. Then came the assistant secretaries of departments and various heads of bureaus, followed by members of the Loyal Legion, Grand Army of the Republic and similar bodies.

At 1 o'clock the reception of citizens generally began, and for some time hundreds of all ages, colors, sexes and conditions passed slowly past the president and party. The president had a happy, cheery greeting for all. The throng was typically American, happy, fine looking and well dressed. There was no hurrying and sometimes slight delays occurred. The president was in excellent spirits, and Mrs. Roosevelt never seemed happier or more gracious. Members of the diplomatic corps were received first, followed by the United States supreme court and other judicial officers, senators, representatives, army, navy and marine corps and militia officers. Then came the assistant secretaries of departments and various heads of bureaus, followed by members of the Loyal Legion, Grand Army of the Republic and similar bodies.

Mrs. Roosevelt endured the long strain of the reception admirably. A few minutes before the close of the reception Mrs. Roosevelt, not knowing how long it might continue, left the president's side and was escorted by Captain Cowles to luncheon in the private apartments of the mansion. The gates were closed at 2:25, the line by that time having passed within the grounds. The reception of callers concluded at 2:45. The president, after chatting a few minutes with the receiving party, retired to his private apartments for luncheon.

Much Interested in the Babies.

According to the program the reception should have ended at 2 o'clock, but the president directed that all persons in line should be afforded opportunity of entering the White House and being received. The total number of callers fell a trifle short of 7,000. The president extended cordial greeting and a handshake to each one. He was particularly interested in the babies, many of whom were carried by their parents. At the conclusion of the reception the president manifested little fatigue and expressed himself as being delighted at the opportunity he had enjoyed of meeting so many friends.

The police arrangements were under the personal supervision of Major Sylvester, and Chief Wilkie of the secret service was present with agents of his corps. The detectives permitted no one to pass the line with hand in pocket or covered. So perfect were the arrangements that not a hitch occurred throughout the entire program.

Tonight President and Mrs. Roosevelt entertained a number of out-of-town friends at dinner. The state dining room was used for the occasion. Following the dinner the guests were given a box party by Miss Alice Roosevelt at the new national theatre.

Mrs. McKinley Visits Husband's Tomb. Canton, O., Jan. 1.—Mrs. McKinley spent the first day of the new year quietly. Early in the morning she visited the tomb of her husband and also visited the graves of her children and placed flowers thereon. She dined at the home of Judge W. R. Day. Several telegrams from friends in office here in Washington were received, containing expressions of New Year's greetings.

PALMA SENDS REGARDS.

Cuban President Wishes United States Continued Happiness and Prosperity.

Washington, Jan. 1.—Minister Quesada, of the Cuban legation, today received a message from President Palma requesting him to call on President Roosevelt and say that the Cuban president sent him personally his best wishes for happiness in the new year and in the name of the Cuban people sent greetings to the American nation, wishing it

happiness and prosperity. There was an exceedingly felicitous exchange of compliments, and President Roosevelt requested Senor Quesada to convey to President Palma and the Cuban people the wishes of himself and the people of the United States for the happiness and prosperity of the Cuban people and President Palma.

KAISER IN CORDIAL MOOD.

Sends Congratulations to Roosevelt and People of United States.

Berlin, Dec. 1.—Emperor William, in receiving the New Year congratulations of the foreign ambassadors, said to Ambassador Tower that in selecting the commission to take the statue of Frederick the Great to the United States he intended to include in it descendants of German officers who had fought under Washington. His majesty remarked that the placing of the statue in the new war college was a happy suggestion, especially as he understood that statues of other famous commanders who belonged to all the world and to all time would also be erected there.

It having been mentioned to the emperor by a member of the court that Ambassador Tower probably would go to Washington at the time of the presentation of the statue to assist in receiving the German commission, his majesty said today that the ambassador's presence upon that occasion would be a compliment to Germany and that he hoped Mr. Tower would be there. Emperor William inquired as to President Roosevelt's health and sent his congratulations to the president and people of the United States. A reception by the empress followed.

CHRISTIAN SENDS GREETING.

Aged King of Denmark Conveys Good Wishes to Roosevelt.

Copenhagen, Jan. 1.—King Christian received the diplomatic corps today. The members were presented by United States Minister Swenson. The king through Mr. Swenson conveyed his good wishes to President Roosevelt. A dinner was given tonight at which the members of the royal family, the ministers and all diplomatic representatives were present. King Christian, though eight-five years old, enjoys perfect health.

Diaz Receives at Mexico City.

Mexico City, Jan. 1.—There was a brilliant scene at the president's reception at the palace today. The diplomatic corps, consuls and army and high officials were represented. A speech of congratulation on behalf of the diplomatic corps was made by the German minister, Diaz replying fittingly. Ambassador Clayton was not present, having gone to Chihuahua, this country, to yield precedence to the German minister, who will soon go away on a long leave of absence. In the absence of Mr. Clayton, the American embassy was represented by Secretary McCree.

Brilliant Receptions at Paris.

Paris, Jan. 1.—President Loubet's New Year reception at Elysee palace was attended by foreign diplomats, government officials and members of the chamber of deputies. Practically the entire American colony in Paris attended the reception given by Ambassador Porter. A number of visiting Americans representing almost every state in the Union were present and many Parisians of social prominence were seen in the throng which filled the salons of the embassy.

OIL STAMPEDE IN WYOMING.

Claims in Newly Discovered Field Being Taken Amid Much Excitement.

Evanson, Wyo., Jan. 1.—The rush for claims in the Uinta oil fields continues, and from the present outlook not more than a week will elapse before the locating of all will have been completed. Colonel Ketchum, at the head of a party of armed cowboys, carried the Aspen country by storm. At midnight they rode down the section lines, setting stakes as they came to corners. As the first stakes were being driven they were greeted by a volley of gunshots from the opposing locators, but no one was hurt. The cowboys located every section open for filing.

In Spring Valley county there were many fist fights, but no shooting.

MARCH TO MEET PRETENDER.

Sultan's Troops Leave Moroccan Capital to Attack the Rebels.

London, Friday, Jan. 2.—A dispatch to The Times from Tangier says the courier from Fez brings a letter, dated Dec. 26, saying the pretender then was four hours from Fez. All available troops had left the capital to defend the approaches to the city. The Christians in Fez are all reported safe.

Madrid, Jan. 1.—Dispatches from Tangier report that several provision convoys have entered Fez. The sultan's troops intended marching out from Fez on Dec. 27 to attack the rebels.

LIQUOR MEN ANXIOUS.

Attitude of the Newly Installed Sheriffs Interesting All Maine.

Portland, Me., Jan. 1.—The sheriffs throughout the state chosen at the recent election took office today. Unusual interest centers in their attitude toward prohibition. Several have already given notice the law will be rigidly enforced.

COAL GIVEN RIGHT OF WAY.

Carbondale, Ill., Jan. 1.—Orders have been issued from this division of the Illinois Central giving coal the right of way over all other freight, except perishable products.

CABLE IS OPENED

TELEGRAPHIC COMMUNICATION IS ESTABLISHED WITH HAWAII.

LINE FOUND TO WORK PERFECTLY

OPERATORS ARE SURPRISED AT THE SPEED AND ACCURACY.

First Message One of Congratulation from Gov. Dole to President Roosevelt and Reaches White House at Three This Morning.

Washington, Friday, Jan. 2.—A cable message from Honolulu, via the new Pacific cable, was received at the White House shortly before 3 o'clock this morning. President Roosevelt had retired early and the contents of the message were not communicated to him. San Francisco, Jan. 1.—The patience of the watchers at the Postal Telegraph company's office was rewarded at 11:01 o'clock tonight when the instrument at the San Francisco end of the Pacific cable indicated that connections with Honolulu had at last been made and a message was coming through. The first words the ticker denoted of the tape were, "You are reversed," meaning that the Honolulu operator was getting the San Francisco signals backwards. The local difficulty was quickly adjusted, and then came the first formal communication from Uncle Sam's new possession across the Pacific cable.

It was fitting that such message should be from the chief of the far Pacific isles to the head of the United States, and so the ticker read a message of congratulation and good will from Governor Dole to President Roosevelt. Then came a cablegram from the cable officials at Honolulu to Clarence MacKay, president of the Commercial Pacific Cable company. Company messages followed rapidly, greetings being exchanged and messages of good will and prosperity passing rapidly to and fro.

The local operator said the cable worked like an old-timer and surprise was expressed at the speed and accuracy. The officials are delighted at the splendid showing of the first hour's working and accept it as an augury of a prosperous future.

JOE GANS GIVEN DECISION.

Gus Gardiner of Philadelphia Loses to the Colored Pugilist.

New Britain, Conn., Jan. 1.—After repeatedly warning Gus Gardiner of Philadelphia, the referee gave Joe Gans of Baltimore the decision in the eleventh round of a bout scheduled for twenty rounds today. Gans was on the defense from the start, but Gardiner avoided his opponent throughout the fight except in the fifth when Gans succeeded in landing several good blows with telling effect.

O'Brien Defeats Al Weing.

Buffalo, Jan. 1.—It took Jack O'Brien twelve rounds to dispose of Al Weing at Fort Erie today. The Buffalo man went down and out in the middle of the twelfth round after receiving a terrific right hand uppercut and shove which banged his head against the floor and made his arising within ten seconds an impossibility. The contest was one-sided all through. Weing did not land a score of clean blows throughout the twelve rounds and was all out at the finish. O'Brien did not have a scratch.

EDWARD PROCLAIMED EMPEROR.

Ceremony of Mucapump Marks Announcement of Accession in India.

Delhia, India, Jan. 1.—The formal announcement of the durbar that King Edward was emperor of India was made today in a mammoth white amphitheatre on the great plain outside the city. The spectacle was most brilliant and gorgeous and was a repetition of the pomp and ceremony displayed upon the state entry of the viceroy, Lord Curzon of Kedleston, on Monday. After Lord Curzon had been seated on the throne, he delivered and read a message from King Edward. The latter said the Prince and Princess of Wales would shortly visit India. He regretted his absence from the durbar and sent greetings to his Indian people.

NOT INSPIRED BY BERLIN.

Von Roguslawski's Attack on Monroism Taken on His Own Initiative.

Berlin, Jan. 1.—The Tagliche Rundschau denies that the recent article by General Von Roguslawski was inspired. The paper says the general, being retired, does not have to get the permission of the government to express his views publicly. He is one of the editors of the Rundschau.

General Von Roguslawski is considered one of the foremost military writers in Germany. He recently contributed an article to the Tagliche Rundschau, in which he advocated resistance to the Monroe doctrine. His remarks were regarded at Washington as semi-official utterances of the German government upon that principle.

LOCKJAW KILLS THEM.

Four Norfolk (Va.) Boys Dead from Firing Toy Pistols.

Norfolk, Va., Jan. 1.—Four boys, three white and one colored, have died in Norfolk since Christmas from lockjaw caused by burns received in firing toy pistols. Tonight another boy who wounded himself accidentally on Christmas morning is reported dying.

COAL DIGGERS TAKE HOLIDAY.

Miners in Anthracite Field Ignore Pleas to Work on New Year's.

Scranton, Pa., Jan. 1.—An effort was made by the operators to work the collieries today, but without success. The men were notified that the companies were desirous of working, that the relieving of the coal famine might not be retarded. Some men reported, but only in a few instances did they number enough to make a start. It is feared that tomorrow will see a repetition of the experience of the day following Christmas, when only about half the men reported for work.

Statistics of Earnings.

Statistics on the hours and wages of employes for 1901 have been forwarded to the strike commission by the Delaware, Lackawanna & Western company. Among the items are: Employes, 11,292; average earnings of miners, \$285.93; average earnings of laborers, \$333.72; number of company hands, 2,996; average earnings of company hands, \$514.93; average earnings of all employes, \$432.63.

WILLED TO THE NATION.

Mrs. Grant's Valuable Collection of Relics Placed on Exhibition.

Washington, Jan. 1.—A valuable collection of relics of the tour of President and Mrs. Grant around the world were today placed for the first time on public exhibition in the national museum here. The transfer to the government was provided for under the will of Mrs. Grant, to whom they were originally presented. They consist of an ancient Japanese cabinet of exquisite lacquer work, inlaid with gold, presented by the empress of Japan; a pair of large modern bronze vases, embossed, blazoned and decorated, presented by the emperor of Japan; a lady's gold dressing case, in the shape of an urn, with several smaller cups, the gift of the king and queen of Siam; a lady's silver perfume toilet set of monumental and classical design, and a chest containing old manuscripts, including poems and other writings, of great antiquity. The collection was placed beside that of General Grant's relics, which have been in the government's custody for several years.

AIDED IN MAKING AGUINALDO.

Filipino Who Led Funston's Expedition Is Sentenced for Murder.

Denver, Jan. 1.—Manila dispatches received at the headquarters of the Army of Colorado in this city state that Mariano Placido, a Filipino who aided General Funston in the capture of Aguinaldo, has been sentenced to life imprisonment for murder. Speaking of Placido, General Funston today said:

"He was never my spy and the only money he ever received from the United States was for the part he took in the capture of Aguinaldo. He fought against the Spaniards and then took up arms against the United States. In 1900 he surrendered and three months later was released and took the oath of allegiance. When I arranged the expedition for the capture of Aguinaldo I took Placido along. He did not know the object of the expedition until we were well under way. I then explained my plan, and he agreed to help me. In order to carry out the scheme he became the nominal commander of the expedition as it was necessary to make the natives believe the Americans were prisoners. When we reached Aguinaldo's camp Placido rushed in and threw his former chief on the floor of the hut and held him there until we made him prisoner."

POPULACE FLEEING THE CITY.

Mysterious Disease at Mazatlan, Mexico, Found to Be the Plague.

Mazatlan, Mexico, Jan. 1.—There is no longer the slightest doubt that the disease afflicting this city is a genuine Asiatic plague. Microscopic investigation proves that the bacillus pestiferus are in the blood of those afflicted with the disease. The people are fleeing from the city, some five thousand having already gone. A remarkable fact is that more than 50 per cent of the persons attacked are women.

News of the plague at this port has caused a panic in the interior towns. Cordons of armed men have been placed around the towns to prevent the entrance of any one from this place. Hermosillo, Mex., Jan. 1.—Owing to the scare caused by the epidemic at Mazatlan, strenuous measures are being taken to improve the sanitary conditions. The city government has appointed an inspector for each city block.

ACCUSED OF KILLING HUSBAND.

Girl Wife First Charged With Brother-in-Law's Murder Is Rearrested.

Syracuse, N. Y., Jan. 1.—Mrs. Maude Keil and her mother, Mrs. Addie Penner, were arrested today, charged with the murder of William Keil, husband of Mrs. Keil. This is the second time that Mrs. Keil, who is an eighteen-year-old country girl, has been arrested. Several months ago she was accused of poisoning Adam Keil, her brother-in-law, the theory of the prosecution being that she killed him to prevent his marrying another woman. She was freed. Investigation into the death of the girl's husband, who expired some time before his brother Adam, under almost similar circumstances, resulted in the issuance of the warrant for the second arrest of the women.

VICTIM OF FOOTPADS.

Traveling Salesman Murdered in Kansas on His Wedding Day.

Independence, Kas., Jan. 1.—Henry Hagner, a traveling salesman, was fatally wounded by footpads here this morning. He had come in on a night passenger train to be married today. A gash was cut across the back of his head. His body was placed on the Santa Fe track and mutilated by a train.

SAD STORY OF DOWNFALL.

Mrs. Parkinen, Victim of Alcoholism and the Cold, Once Wealthy.

The coroner's jury which investigated the death of Mrs. Ida Parkinen, the Finnish woman found dead in her room in the basement of a Seventh street saloon at Calumet, decided in view of the evidence adduced that death was indirectly caused by alcoholism, which brought on an attack of heart failure.

It was a sad sight that greeted the eyes of the two men who forced open the door of Mrs. Parkinen's room to ascertain the cause of her four days' absence. In a chair drawn up to a kitchen table was the body of the woman, frozen stiff. The face, flattened against the table and the arms stretched out over the table as if reaching for a life, her bottle half full of whisky, was a picture the men will not likely soon forget.

Mrs. Parkinen at one time was a wealthy and influential woman. In her best days in Finland she had scores of friends among the best of people. She was pretty, accomplished and brilliant, speaking seven different languages with fluency. She married Parkinen, a well-to-do Finnish lumberman, and for the first few years of their married life they were happy.

STANDS BY CHINA.

Washington Alone Accepts Payment of Indemnity on Silver Basis.

Washington, Jan. 1.—The state department has been officially advised that the second installment of the Chinese indemnity fund, which falls due today, must be paid on a silver basis.

Impression prevails here that the indemnities demanded by the powers are far beyond China's ability. She may for a year or two borrow enough money from various internal resources to pay the installments falling due every six months, but in a short time the powers will be compelled at the risk of losing everything to come to a readjustment of the whole indebtedness either by submitting the case to arbitration at The Hague, which is a long and costly process, or by mutual agreement between the creditor nations.

The American commission has cut certain class claims with a ruthless hand. In one case the claim was for \$230,000 for mission property, while \$100,000 was provided to be a generous estimate of the property. A low valuation was placed on human life. Assuming a murdered missionary of the age of fifty capable of ten more years' work at the rate of \$400 per year, it would award the indemnity at about \$4,000 to the heirs. The state department is reviewing authority probably will raise the allowances in some, but may still further cut the claims for personal property losses.

Powers Nettle at America. Pekin, Jan. 1.—The foreign ministers have telegraphed their governments of China's refusal to pay the indemnity in gold notes. The policy of the United States presents an obstacle in the way of delivering a joint note to China, and the present difficulty is generally attributed to the encouragement given the Chinese by the American government's endorsement of their arguments.

PREDICTS BLOODY WARFARE.

Austrian Writer Sees Danger in Opening of Panama Canal.

Vienna, Jan. 1.—In the course of an exhaustive review of the history of the world, contributed to the Neue Freie Presse by Max Nordau, the writer depicts the growth of military imperialism in the United States and says that by the admission of the spirit of militarism, which was formerly rigorously excluded, America is raising obstacles to the entrance of immigrants whose only capital is their strong working arms.

Speaking of the future of the new world, Nordau says the opening of the Panama canal under American ownership will mark the beginning of a new epoch. The tragic stage of the world's history, which in ancient times centered in the Mediterranean and which moved in successive naval ages to the Atlantic, will then be transferred to the Pacific. At first the Anglo-Saxons will seek to drive the Germans and French out of the Pacific. The struggle will be carried further, to the Asiatic coast, and there the Anglo-Saxons and Russians will have to decide the momentous world question of whether eastern and southern Asia shall remain British or Russian.

To this forecast, Nordau adds: "One can only imagine with horror what such a gigantic struggle of nations and races will signify."

FOR FILIPINO INDEPENDENCE.

Professor Schurman of Cornell Unversity Vigorously Declares His Views.

Lincoln, Neb., Jan. 1.—Jacob Gould Schurman, president of Cornell University, spoke tonight to thirteen hundred Nebraska teachers on the subject of "Our Philippine Policy." His address in part was a reiteration of his views heretofore expressed, but he was probably more outspoken in his declaration for the ultimate independence of the islands. At his request the teachers by a rising vote expressed their opinions, the majority endorsing his views. He said the problem in the islands was a manifold one of military, political, economical and ecclesiastical nature. On the political side he endorsed the recommendations of the civil commission and declared that the Filipinos in three years would enjoy as much political liberty as do Americans.

Professor Schurman criticized the government for not providing for a stable currency, declaring the Philippine nation had lost a million dollars and individuals as much more through lack of it. Included in what he termed other noteworthy shortcomings of the government were the keeping up of the trade barriers and the sending of too many teachers from this country at an expense to the Filipinos and in the face of the protest of many.

CARGO RECORDS. Those of the Lake Freighters Revised to Date.

It was expected that some of the cargoes of coal taken late in the season of navigation just closed by vessels of the Steel corporation fleet would exceed the record cargoes of last year. Such, however, is not the case. The largest soft coal cargo of the past season, 7,659 tons, was loaded at Lorain by the steamer John W. Gates, and the largest anthracite cargo, 6,838 tons, at Buffalo, by the steamer Superior City. Both of these were below the record cargoes of ore, grain and coal, which, revised to date, are:

Iron ore—Steel work large John Smeaton, owned by the Pittsburgh Steamship company, A. B. Wolvin, of Duluth, manager, 7,652 gross or 8,570 net tons, Two Harbors to South Chicago; steamer Isaac L. Elwood, Pittsburgh Steamship company, A. B. Wolvin of Duluth, manager, 7,642 gross or 8,559 net tons, Two Harbors to Conansburg.

Grain—Steamer S. J. Murphy, Donora Mining company, Duluth, 299,000 bushels of corn, equal to 7,532 net tons, South Chicago to Buffalo; steamer Douglas Houghton, Pittsburgh Steamship company, A. B. Wolvin of Duluth, manager, 308,000 bushels of clipped oats and 60,000 bushels of corn, equal to 7,520 net tons, Manly to Buffalo.

Coal—Steamer I. L. Elwood, owned by Pittsburgh Steamship company, A. B. Wolvin, of Duluth, manager, 7,688 net tons anthracite, Buffalo to Duluth; steamer I. L. Elwood, Pittsburgh Steamship company, A. B. Wolvin of Duluth, manager, 7,388 net tons of bituminous, Cleveland to Duluth.

IN SIXTH PLACE. Marquette Now the Last of the Big Ore Shipping Ports.

Marquette, once the proud leader in lake ore shipments, now takes last place in the list of big ore shipping ports, having fallen back a notch during the season just closed. There are six ports which sent out over 1,000,000 tons each, and Marquette is sixth on the list. Formerly, in 1901 it was the fifth, in 1900 and 1899 fourth. Its total shipments for 1902 showed an increase over the previous year, but the Superior shipments during the twelve months of last year were unusually heavy, with the result that it stepped up two notches, passing both Marquette and Ashland, making it now fourth on the list.

All ore shipping Lake Superior ports, except Gladstone, show increased shipments over any former year. The largest increase shown is from Duluth and Superior ports, the total increase being more than 7,000,000 tons.

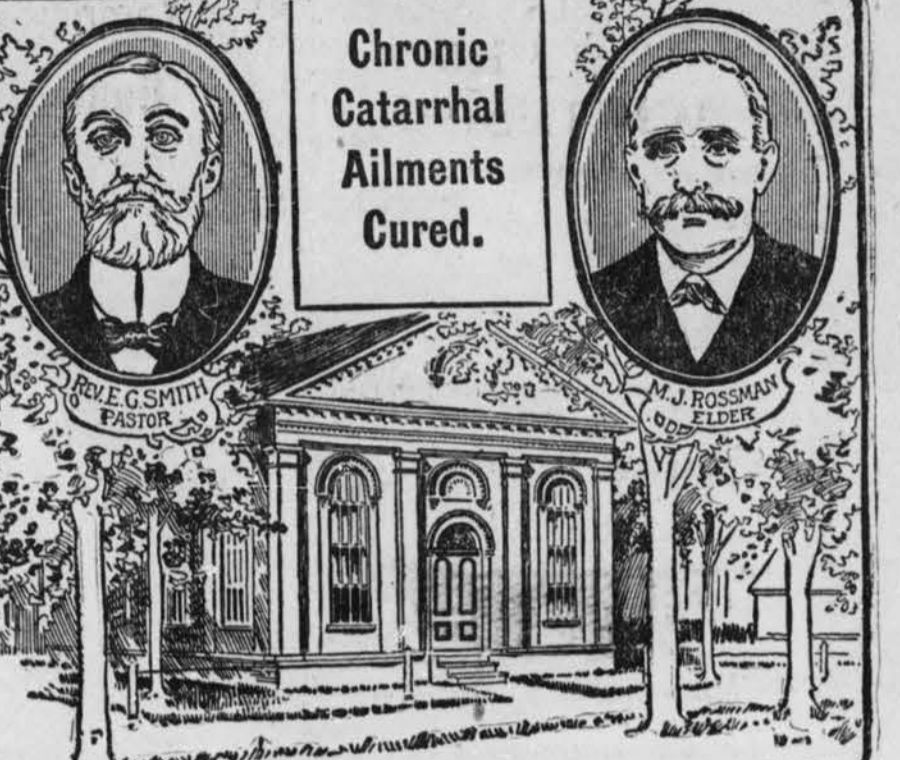

Shipments of the season just closed represented more than was shipped from all Lake Superior ports from 1855 to 1885, and is about three times the output of 1896, while the increased shipments over 1901 is about 35 per cent.

Following is a statement of the iron ore shipments during the past four years:

Table with columns for Total shipments, Total by lake, Total by rail, and Total, all rail, for the years 1900, 1901, 1902, and 1903.

PRESBYTERIAN PASTOR PRAISES PE-RU-NA.

First Presbyterian Church of Greensboro, Ga., and its Pastor and Elder.

THE day was when men of prominence hesitated to give their testimonials to proprietary medicines for publication. This remains true today of most proprietary medicines. But Peruna has become so justly famous, its merits are known to so many people of high and low stations, that no one hesitates to see his name in print recommending Peruna.

The highest men in our nation have given Peruna a strong endorsement. Men representing all classes and stations are equally represented.

A dignified representative of the Presbyterian church in the person of Rev. E. G. Smith does not hesitate to state publicly that he has used Peruna in his family and found it cured when other remedies failed. In this statement the Rev. Smith is supported by an elder in his church.

Rev. E. G. Smith, pastor of the Presbyterian church of Greensboro, Ga., writes: "Having used Peruna in my family for some time it gives me pleasure to testify to its true worth."

"My little boy seven years of age had been suffering for some time with catarrh of the lower bowels. Other remedies had failed, but after taking two bottles of Peruna the trouble almost entirely disappeared. For this special malady I consider it well nigh a specific. "As a tonic for weak and worn out people it has few or no equals."—Rev. E. G. Smith.

Mr. M. J. Rossman, a prominent merchant of Greensboro, Ga., and an elder in the Presbyterian church of that place, has used Peruna, and in a recent letter to The Peruna Medicine Co., of Columbus, Ohio, writes as follows: "For a long time I was troubled with catarrh of the kidneys and tried many remedies, all of which gave me no relief. Peruna was recommended to me by several friends, and after using a few bottles I am pleased to say that the long looked for relief was found and I am now enjoying better health than I have for years, and can heartily recommend Peruna to all similarly afflicted. It is certainly a grand medicine."—M. J. Rossman.

Catarrh is essentially the same wherever located. Peruna cures catarrh wherever located.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

These promoters floated the Copper King Mining company, limited, in Great Britain with a capital stock of \$3,400,000. Daley was sent to California to manage the mine and he erected a smelter at Bull's Point as a monument to the money that had been subscribed.

It is said that the English stockholders were dissatisfied with Daley's management and as a result he was recalled and a mining man by the name of Hatley has now been installed in his place. —San Francisco Call.

TORTURING DISFIGURING
Skin, Scalp and Blood Humours
Speedily Cured by Cuticura Soap, Ointment and Pills
When the Best Physicians and All Else Fail.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalled head; the facial disfigurements, as in pimples and ringworm; the awful suffering of infants, and anxiety of worried parents, as in milk crust, tetter and salt rheum—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment and Pills are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy have made them the standard skin cures, blood purifiers and humour remedies of the civilized world.
 Bathe the affected parts with hot water and Cuticura Soap, to cleanse the surface of crusts and scales, and soften the thickened cuticle. Dry, without hard rubbing, and apply Cuticura Ointment freely, to allay itching, irritation and inflammation, and soothe and heal, and, lastly, take the Cuticura Resolvent Pills, to cool and cleanse the blood. This complete treatment, costing but one dollar, affords instant relief, permits rest and sleep in the severest forms of eczema and other itching, burning and scaly humours of the skin, scalp and blood, and points to a speedy, permanent and economical cure when all other remedies and the best physicians fail.

"SALAMMO" SCORED HEAVILY.
 Blanche Walsh Greeted by Packed House Wednesday Evening.
 Whatever fault was found with the performance of "Salammo" at the opera house Wednesday evening was found with the nature of the play, for it was the universal verdict that Blanche Walsh and her strong supporting company presented it in a manner that was quite beyond reproach. Miss Walsh and Charles Dalton fairly divided the honors of the evening, and their work was received with enthusiastic applause by an assemblage that was wrought to a high pitch by the intense nature of the play. "Salammo" is tragically undiluted by the smallest touch of lightness or comedy, and, as a consequence, when the curtain fell on the final scene it shut off the stage from an audience that was fairly nervous from the high tension of the play.
 "Salammo" is the best vehicle for the display of her talents which Miss Walsh has been provided with for some time, and she makes the most of the essentially tragic part of "The Daughter of Hamilcar". The success of the play is due in no small degree to the excellent acting of Charles Dalton in the character of Matho, her barbaric lover. Mr. Dalton comprehends the essence of his character with exquisite fidelity, and he fits the part admirably in physique, presence and voice. The lesser parts in the drama were excellently taken, and the play was presented with a wealth of special scenery.
 As has been intimated "Salammo" is a story of severe tragic interest. The heroine is a daughter of Hamilcar, father of Hannibal, and the drama opens with the declaration of a peace between Carthage and Rome, which had late been waging a deadly warfare. This peace is unwelcome to Hamilcar, who, in his rage, determines to desert Carthage, practically turning it over to the tender mercies of his barbaric troops, who lie just without the city and who it is impossible to pay off because of the necessity of raising a tribute to satiate the Romans.
 At this juncture Matho, a barbarian, leader of the Libyan mercenaries, and Salammo, Hamilcar's daughter, meet, and they fall in love at the first sight.
 On Hamilcar's desertion of Carthage the mercenaries break all bounds and begin to ravage and slay. Spendius, a Greek, who had been imprisoned years before by Hamilcar and who had been released by the barbarians, his sole aim being revenge on Hamilcar, incites Matho to outrage the temple of Tanit, of which Salammo is a priestess, and to seize the veil of Tanit, thus proving his invulnerability to his fellow chiefs and gaining the generalship of the barbarian army.
 Matho steals the veil in the absence of the panic-stricken chiefs, and bearing his booty, meets Salammo, who denounces his sacrilege and avers her hate.
 In the second act, Hannibal, still a tender youth, who has been declared forfeit as a human sacrifice to Moloch, the god of the Carthaginians, returns to Hamilcar's palace, whence the father had fled. His presence there is revealed by Spendius, and the priests come to seize him to be sacrificed to Moloch, together with other children, as a peace offering to appease the wrath of the gods, angry at the theft of the veil.
 His life is promised Salammo if she can regain the veil, and to do this she is ready to sacrifice herself to Matho. She goes to the barbarian leader's tent, where the most dramatic scene of the play is enacted. She offers herself for the veil, telling the story of her brother's danger, and Matho, out of his great love for her, bids her take the veil without ransom. She reaches Carthage in time to save her brother's life.
 In her first moment of rage at Matho, Salammo promises a suit favored by her father, the king of Numidia, that she will marry him when he has compassed Matho's death. He accordingly arranges to betray the barbarian leader and his army. Salammo learns of the plot and to save Matho's life arranges through Hannibal to meet him at the temple of Delos at the time the betrayal is to take place. The lovers meet and in the meantime the Numidian's king's nefarious schemes are carried out. Matho is seized in Salammo's presence at Delos, and, being convinced of her complicity in the plot designed to work this undoing, curses and reviles her.
 The last act pictures the deaths of Matho and Salammo. The former is hounded from the Arropolis to the temple of Tanit, where Salammo sits in state, and he falls at the feet of her throne in a dying condition. Salammo, who has meanwhile taken poison to avoid marriage with the king of the Numidians, is likewise dying, and after an agonizingly tragic scene they both fall dead and the curtain drops on their woe.
 The foregoing sketch of the play may convey some idea of the tragic intensity of "The Daughter of Hamilcar," but it can give no idea of the skill with which Miss Walsh and Mr. Dalton enacted the two leading roles. As "Salammo" the former was in her element, the character being admirably adapted to her art. At all times was she convincing and virile, and in no scene was that annoying consciousness that she was playing to the limit of her experienced powers. Mr. Dalton expressed the varying moods of the barbarian chief with admirable truth, and demonstrated that he was an actor of excellent parts. It is not too much to say that he divided the honors of the performance.
 The support as a whole was good and some of it was excellent. Robert Lowe was an effective Narr Havaas, king of Numidia, and Hugh Toland was equal to the demands of the part of Hamilcar. As Spendius, the Greek, Jerome Harrington enacted a part of rare difficulty in a very satisfactory manner.
 The audience was demonstratively appreciative. There were curtain calls after every act, and at the conclusion of the powerful scene in Matho's tent the applause was tumultuous in honor of Miss Walsh and Mr. Dalton.

ELKS OBSERVED NEW YEAR'S.
 They Entertained Their Friends with a Dance Wednesday Evening.
 Marquette lodge of the B. P. O. E. entertained its members and friends at a dance at Fraternity hall New Year's eve, and a large company was present to dance the old year out and the New Year in.
 The guests found the hall handsomely decorated. The Elks' colors, purple and white, predominating in the scheme. Festoons of bunting were draped from the walls. In the southeast corner of the hall was a tasty cozy corner, likewise in purple and white, fenced off from the floor, and in the opposite northeast corner was a refreshment booth, which was also decorated in the Elks' colors, where lemonade and punch were served. An Elks' head, illuminated with small colored electric bulbs, was prominent on the south wall, and the stage was embellished with palms and handsome furnishings.
 With the floor full of dancers, the hall presented a truly pretty picture. The work of the decorating committee was the subject of many complimentary words, it being the general opinion that the hall had never presented a more attractive appearance.
 The ideal orchestra furnished the music and supper was served at the Clifton, where Dan Sullivan had provided a tempting menu, including cold meats, salads, relishes, rolls, coffee, ice cream and cake. Supper was served at midnight.
 The attendance at the ball was large, for every being well filled with dancers for every number. The last dance was not played until some time after three o'clock. Owing to the play at the opera house the dance was rather later than usual in starting.
 While the Elks held forth at Fraternity hall, the Trinitarian made merry at the Casino rink. The Marquette contingent at the dance was reinforced by a good delegation from the up-the-road towns, a special having been run for their benefit.
 The Trinitarian had decorated the rink in a pleasing manner. The A. O. U. W. orchestra furnished the music and supper was served at Prince's. The ball was voted a great success at a late hour yesterday morning when the wearied, but enthusiastic dancers were finally willing to leave the floor.

MARQUETTE CHAPTER PROPOSED.
 Meeting of Daughters of the Revolution Called for Saturday.
 The state regent is anxious that the organization of the Marquette chapter of the Daughters of the American Revolution should be completed this winter. Miss Anna M. Chandler was appointed the first regent for Marquette. Her term of office expired last June and Mrs. Kendall Brooks was appointed as her successor. A meeting has been called for Saturday afternoon of the ladies who are members of other chapters or are members at large. If sufficient interest is shown a chapter will be organized, otherwise the matter will be dropped for at least two years. Miss Chandler will be pleased to meet the ladies at the home of Mrs. Brooks, 346 W. East Arch street, Saturday afternoon at half past two.
LARGELY ATTENDED ASSEMBLY.
 It Wound Up the Holiday Season Last Evening.
 The last dance of the holiday season was held at the Fraternity hall last evening, when upwards of sixty couples attended an Assembly, which was one of the largest and most successful held in some months. The Marquette Ideal orchestra furnished the music and refreshments were served on the stage. Mesdames P. B. Spear, Ormsbee, P. B. Spear, Jr., and J. E. Ball received.
DEATHS YESTERDAY.
 Peter Murray, residing at 500 Washington street, died yesterday after an illness of three months. He was aged eighty-four years. Announcement of the funeral will be made later.
 Joseph Charles Kemper, son of George Kemper, 603 North Fourth street, died yesterday, aged thirteen days. The funeral will be held from the house at 2 o'clock Friday afternoon, with interment in Park cemetery.
 Many of the ills from which women suffer can be completely cured, with Rocky Mountain Tea. Rich, red blood, good digestion and health follow its use. 35 cents. Stafford Drug Co.

HARD ON MOTHER.
 Some Marquette Mothers Know Well How Hard It Is.
 A mother's cares are never light and it's no wonder. Backache and other kidney ills increase her daily burden. There is one sure way to make the burden lighter. Let a Marquette mother show you how.
 Mrs. L. W. Bissell of 71 Park street, North Kalamazoo, says: "My little brother has been troubled with a kidney and bladder weakness ever since he was a baby. The muscles of his bladder seemed to weaken, and nearly every night he wet his bed. I did not know what to do for a long time but at last I decided to try Doan's Kidney Pills. I got a box at a drug store and, when I helped him so much that we kept on giving him to him until he had used five boxes. He gained right along and now is as strong and healthy a looking boy as one can see. Both my husband and I are much pleased with this remedy and I believe it is excellent for all such ailments."
 Just such emphatic endorsement can be had here in Marquette. Drop into the Stafford Drug Co. and ask what their customers report. Sold for 50 cents per box by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
 Remember the name Doan's and take no substitute.

MERCHANT OF VENICE.
 It Will Be Presented at the Opera House This Evening.
 Walker Whiteside, the well known tragedian, will make his second appearance in Marquette for this season this evening, when he will present the "Merchant of Venice," appearing as "Shylock," a character in which he was much deserved applause. He will be supported by a capable company and the play will be given a complete production as regards scenery and effects. This production has been accorded unstinted praise in the other upper peninsula cities where it has been given this season, and it will doubtless be one of the best attractions of the year. It is deserving of liberal patronage.
CITY BREVITIES.
 Today's weather: Probably rain or snow flurries.
 Samuel Mitchell, Jr., and Ben Keeley of Negunsee attended the Elks' dance at Fraternity hall Wednesday evening.
 H. Jaedecke, of Jaedecke Bros., Ishpening, was in Marquette Wednesday, winding up the old year among his Queen City trade.
 A number of up-the-road people attended the performance of "The Daughter of Hamilcar" at the opera house Wednesday evening.
 Gus Anderson has resigned his place on the police force. It is the intention to get along for the time being at least with the present number of officers.
 The Degree of Honor will give a social dance at the A. O. U. W. hall Friday evening, Jan. 9. The admission will be twenty-five cents. Music by the full A. O. U. W. orchestra.
 Mr. and Mrs. F. B. Spear, Jr., arrived home Wednesday from their wedding trip. They will shortly be at home on East Ridge street, in the house formerly occupied by C. H. Call.
 Representatives of the business men, city professionals, men and Breitung House baseball teams of Negunsee were down last evening attending the big indoor baseball game at the Casino rink. There were twenty-two men in the party.
 Many Marquette ladies received yesterday. Among those who sent out cards were Mrs. Edward N. Breitung, East Arch street, and Mrs. R. S. Rose, W. J. Stevens and D. H. Merritt, who received at Mrs. Merritt's home, East Ridge street.
 Charlton, Gilbert and Kuenzli have issued a 1903 calendar that is attracting a great deal of favorable comment. It is small and neat, and contains a reproduction of a photograph of a sketched prospective view of Marquette county's new court house.
 The weather moderated in a noticeable degree yesterday, the mercury mounting several notches. The sun shone brightly, and it thawed freely, the sleighing suffering not a little. The day was spent quietly in Marquette, all business being suspended.
 The members of Grafton lodge, A. O. U. W., and the Degree of Honor, with their families, made merry at the Workmen's hall last night. Following a joint installation of the newly elected officers of the two lodges, a banquet was held and was succeeded by dancing for several hours. Fully 600 persons were at one time in attendance.
 Mrs. Charles Schaeffer, Mrs. George W. Hibbard, Mrs. A. Mathews and Miss Gyrill received at Mrs. Schaeffer's home yesterday afternoon. At Mrs. E. B. Palmer's the Misses Palmer, Tucker, Bigelow and Eldridge received. The gentlemen were out in force, and all the ladies who were receiving had large numbers of callers.
 John D. Mangum arrived home Wednesday from a short trip to the copper country. He saw the big hockey game between the Portage Lake and Toronto varsity teams at the Houghton rink Tuesday evening, and he is enthusiastic in his praises of the game, as well as the skill of the Portage Lake boys. Mr. Mangum says that hockey has football beaten to pieces, from the spectator's standpoint at least.

SMASHED THE SHOW WINDOW.
Runaway Team Caused Much Damage Yesterday Morning.
Yesterday morning, at about 10:30 o'clock, a runaway team created a great flurry of excitement on Main street. One of Thompson & Hodgkins' fine driving horses, which was terribly cut and mangled, is dead, and three of the large plate glass panes in one of Kahn & Skud's display windows are smashed in to a thousand pieces as a result of the run of the maddened steeds.
The team was attached to a double driving sleigh, and Miss May Hodgkins was handling the reins. She had been out driving with three other young people and two of them had just alighted from the sleigh in front of W. P. Nelson's residence, near the top of Strawberry hill. As the horses were being turned around a small boy threw a snow ball, which struck one of them. The horses both jumped and started to run, in doing so they overturned the conveyance and threw out both the occupants. Miss Hodgkins held to the reins till they both broke. The team, freed from all restraint, dashed down Strawberry hill at the top of their speed. The sleigh quickly righted itself, and bounding and swaying behind the crazed animals, seemed to urge them to greater speed. At Voelker's corner they took the sidewalk. Coming to the corner of South Main and Pearl streets one of the horses started to take another direction, and turned slightly to the right. This brought them into contact with the corner post of Kahn & Skud's store, one going either side. So great was the force with which the tongue of the sleigh struck the supporting pillar that the harness was broken, and the horses tore apart. The one on the right side plunged through the window and the other, stopped by the terrific force of the collision with the post, stood outside as if stupefied. Aside from the jar and a few slight bruises it was unhurt. The animal that made the sudden entrance into the store was fearfully cut by the broken glass. The flesh on the forehead and the top of the head was lacerated in ribbons. One of the forward legs was broken and the foot almost severed. The blood from a half dozen severed arteries streamed out in a flood. The shock seemed to paralyze the poor brute and it made no struggle when it was rolled away. All the way to the door the snow was dyed with the blood that flowed from its wounds. A merciful bullet put the beast out of its misery.
Miss Hodgkins sustained some bad bruises and was affected by the shock to the upset. The sleigh was only slightly damaged. The total loss caused by the runaway will amount pretty close to \$300, if not more. The horse that was killed was worth about \$150, and the damage to the show window is fully as great. There was a comical scene of the somewhat tragic affair. A man saw the team approaching and speedily sought refuge in the doorway of Kahn & Skud's store. When the runaways headed straight for him he nearly had a spasm but he fortunately escaped without a scratch.

IMPORTANT FIND OF ORE.
It Has Been Made by the C. C. I. Co. on the Western Mesaba.
An important find of iron ore has been made by the Cleveland Cliffs Iron company over on the western Mesaba in section 10-56-23, says the Duluth News-Tribune. A mine of considerable size is assured and the ore is of high grade. The option for lease covers eighty acres. The Cleveland Cliffs Iron company, which is one of the strongest of the independent mining and ore consuming concerns, has been actively engaged in ore explorations on the western Mesaba for many months. The lease of the land in which the find has been made is controlled by W. J. Rattle, of Cleveland, Archie Chisholm, of Duluth, and one other Duluth man.
They gave an option to the Great Northern interests for the lease and the Great Northern has enabled the Cleveland Cliffs people to take advantage of it for exploratory purposes.
The iron company will, it is believed, close for the lease, and when the ore is mined it will furnish additional tonnage for the Great Northern road.
The lease covers state land and the royalty is twenty-five cents and the minimum annual output 5,000 tons a year. The terms upon which they have given option have not been announced, though it is reported there is a bonus of \$50,000 or more provided.
The Cleveland Cliffs people have shown up about 2,000,000 tons of ore that runs 58 to 60 in metallic iron and is low in phosphorus. The property has shown a depth of 115 feet of ore.

CHEERED SCOTTISH AIRS.
The Kilties Met With a Great Reception at Chicago.
The Kilties band filled an engagement in Chicago last week and the following from the Chicago Inter Ocean of Dec. 23 gives an idea of the reception that the Canadians received in this city.
"The Kilties, the crack military band of Canada, drew a crowd that filled the Coliseum last evening. It was an enthusiastic audience, that applauded every number, and several of the soloists were obliged to respond to two or three encores.
"Dances and vocal solos were interspersed with the selections by the band. 'The Sailor's Hornpipe' by David Ferguson aroused vociferous applause. The Highland fling was danced by Master Eugene Lockhart, and four Kilties danced reels until they were ready to drop from exhaustion. A tenor solo by J. Coates Lockhart and a flute solo by David Anderson received applause.
"Selections from 'William Tell' and 'Foxy Quiller' varied the Scotch melodies.
"Cameron Brown, the proprietor of the band, says that the most enthusiastic reception of the tour was received as the Kilties passed the board of trade building at Jackson boulevard and La Salle street, where they were crowded with men, and the cheering continued for at least five minutes. The parade of forty men in the costume of the Scotch Highlander was led by the giant drum major of the band, who stands seven feet high with-out his helmet.
The seat sale for the Kilties concert will begin Saturday at 9 o'clock at Till-son's drug store. There will be two concerts, a matinee Tuesday afternoon at 2:30, for which the prices will be 50 and seventy-five cents, and the concert in the evening to which the admission will be seventy-five cents and \$1. Two different programs will be rendered. The South Shore will make a special rate for the towns west of here. Orders for reserved seats from these places can be telephoned to Tillson's, or to the manager of the opera house.

THE WOODMEN'S BALL.
The Woodmen's ball on New Year's eve was the most enjoyable social function of the season. One hundred and fifty couples danced to the music of Trombly's full orchestra till nearly four o'clock New Year's morning. The arrangements were exceptional, and the program was of the highest order. The decorations were novel and artistic in design. In one corner of the hall there was a miniature forest, with a Wood-men's log cabin, representing a picture-que winter scene. Green and white, the colors of the lodge, were in evidence everywhere.
FORESTERS ELECT.
St. John's court of the Catholic Order of Foresters elected the following officers at the last meeting: Chief ranger, William Leininger; vice chief ranger, Jacob Bell; recording secretary, N. Marrow; financial secretary, Peter Cronin; representative to the state convention, William Leininger.
The mercantile establishments of the city will start this evening to observe the early closing agreement. All stores will close tonight at 6 o'clock.
Mrs. J. H. Malloy gave a sleigh ride to a number of young people Tuesday night. After the ride refreshments were served at Mrs. Malloy's residence.
Tuesday W. H. Johnston was one of the passengers on the Northwestern train that was delayed for seven hours at Great Bend, about twenty miles north of Milwaukee.
The newly elected officers of St. John's court of the Catholic Order of Foresters will be installed next Thursday evening. The meeting will be followed by a smoker.
A big rush for seats for the Kilties concert is anticipated when the chart is placed on sale at Tillson's tomorrow at 9 o'clock. Seats will be sold for both the afternoon and evening concerts.
The fine weather yesterday resulted in a rushing business for the liverrman. Nearly every horse in all the barns was out the greater part of the day and evening. Sleighting parties were numerous.

APPROVES OF THE IDEA.
Case Downing Thinks an Effort Should Be Made to Prevent Snaring Rabbits.
Deputy Game Warden Case Downing thinks the agitation that the sportsmen of this vicinity are carrying on to prevent rabbit snaring is a step in the right direction. He says that the practice of setting traps for rabbits is carried on to such an extent that the game will soon be exterminated, or at least become very scarce, unless some vigorous means are adopted for stopping it. Dogs frequently become entangled in the snares when hunters are in quest of other game causing much annoyance and trouble, and the deer are even more plentiful than where the law has been strictly enforced.
To show that dogs do not work undue harm to deer Mr. Downing cited the case of thirteen men from Iron Mountain who spent two weeks in pursuit of deer and had hounds to help them. Altogether they secured but eight heads. Most of the party were arrested, but for want of evidence none of them were convicted. The use of dogs would also help to lessen the number of distressing accidents that occur each season.

PACKED THE HOUSE.
The Gaskell Stock company played to another packed house last night at the local theatre. A scene production, "The City of New York" was the bill. The play was well staged. Mr. Gaskell has a stronger company this season than any he has previously brought to this city, and he is doing a most satisfactory business.
The bill announced for this evening is "Jesse James, the Bandit King." Tomorrow afternoon a matinee will be given at 2:30 o'clock. The prices will be ten and twenty-five cents, without extra charge for reserved seats. Tomorrow evening a \$10 gold piece will be given to the person holding the lucky number.

DO YOU GET UP WITH A LAME BACK?
Kidney Trouble Makes You Miserable.
Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, for the great kidney, liver and bladder remedy.
It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and it wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's disease, which is the worst form of kidney trouble.
Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y.
Fifty-cent and dollar sizes are sold by all good druggists.
Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

INCREASE IN DEATHS.
Thirty-Eight More in 1902 Than in 1901—Great Mortality Among Infants.
Death claimed 210 victims in Ishpeming during the year just ended. Compared with the record of the year preceding, the conditions conducing to longevity are not so good as they were during 1901, for, according to the latest figures obtainable, there were thirty-eight more deaths during 1902.
As regards age, infants of less than two years furnish the largest proportion of the list. Seventy-seven babies had not yet seen their first birthday when they died, and thirteen had not lived till their second year. Nearly half of the deaths, 41.66 per cent exactly, were of small children. In 1901 the rate was slightly larger, 47.68 per cent.
Taking 14,000 as the population of the city the death rate for the year was 1.43 per cent, which is about the average for other places. All included in the enumeration did not die from natural causes, of course, and taking out the number who were killed in nine accidents, the figures would be very materially reduced.
As compared with November, December showed a slight increase in the death rate, the figures standing twelve and fifteen, respectively. In 1901 there were six deaths in November and nineteen in December. There was some anxiety lest Christmas should be "green" this season and in consequence there would be the proverbial plethora of graveyards. Conditions seemed to favor such gloomy fears till a few weeks before Christmas when enough snow came to dispel all anxiety.

WANTED.
We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of Indigestion, Dyspepsia and Liver Troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual costiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size 75 cents. At The Stafford Drug Co.

BUSINESS MEN TROUNCED.

Professional Men Win Indoor Ball Game by Score of 33 to 18.

The indoor ball game at the rink yesterday resulted in a Waterloo for the business men, the professional men's team winning by the score of 33 to 18. Everyone thought at the beginning of the game that the finish would be close. The business men were on hand with the goods and covered all the strong bids their opponents made. In the fifth inning the score was tied. Thoren grew anxious and his judicial mind was tortured by the fear that defeat was impending. Hudson became excited, while big Willie Mitchell went after the umpire and tried to make him take back what he thought unfavorable decisions. The business men, on the other hand, believed the pot was theirs and were ready to put up a team in the peninsula look like a worn out automobile. But their good fortune took a slump. The "profess'ns" score mounted up with each successive inning, while a row of ones and twos and zeros was the best the score keeper could do for the business men. The game went on in this style till the ninth, when a tremendous effort the professional men were shut out. The second half of the inning was not played. There was a good crowd, and the spectators wondered if the two teams intend to invest the proceeds in copper stocks.

WANT A SCHOOL.

Homesteaders Near Cascade Ask That Their Children Be Taught.

There is a goodly settlement of Finnish homesteaders south of the Palmer location, and for the past few months they have been making a loud demand on the authorities for the organization of a school district. The settlers say that their children have no school advantages and they think some steps should be taken to supply their need. This shows a progressive spirit on the part of the settlers, for they all speak the Finnish tongue and have not been in this country very long. They are anxious, however, to accustom themselves to the ways of the land of their adoption and they show the qualities that go to make good citizens. They are thrifty and intelligent, and in spite of adverse circumstances, seem determined to make their way. They have had a hard struggle with poverty in their effort to subdue the wilderness. They are fortunate, however, in having located on fertile land that will some day make fine farms.

WILL PLAY MARQUETTE.

The wait of disappointment of the fall ball players from Marquette in The Mining Journal the other morning had the effect of touching the hearts of the big men of Negaunee. After looking at the subject from all sides and carefully weighing all the points for and against a game with the men from the Queen City, the local heavyweights finally came to the conclusion that they could afford to be magnanimous and play the game as originally scheduled. Of course it will be necessary to break the resolution never to play with light weights, but it was feared that no other team could be found willing to tackle the Negaunee nine.

NO HOLIDAY AT THE MINES.

As was predicted, New Year's day was the only vacation that the miners got this week. The custom that has been followed for years of allowing the men a holiday after New Year's was not observed this season because there were three idle days last week, and with today off, work would have been suspended for almost an entire week.

LIBRARY IS POPULAR.

From the first day the library was reopened there has been a constant increase in the patronage. Many who never before drew a book are now eager readers. The reading room has also proved popular, especially with the young people, and each evening many gather around the tables where the papers and magazines are found. Miss Willett has been looking over the supply of children's books at the Ishpeming library, and she soon expects to order a large consignment for the Negaunee library. Children are manifesting great interest in the library at Ishpeming and a special effort is made to please them by getting a large supply of juvenile literature.

TRIED A DRUG CURE.

John Smith a Menominee man, sixty years old, was given medicine for asthma. He was suffering terribly and instead of taking it according to directions he swallowed the contents of the bottle. Physicians worked on him at the hospital for hours and at last accounts he was still in a critical condition.

DRIVING HORSES DROWNED.

A driving team belonging to Charles Hogberg, a liverman of Norway, was drowned in the Menominee river the other afternoon, three miles from Norway. There were five men in the rig and all narrowly escaped being drowned.

GETS SUGAR BEET SEED ABROAD.

The Menominee River Beet Sugar company, whose \$825,000 plant is to be constructed this spring and summer, has ordered sugar beet seed from German parties and the seed is now on the way to this country. There are five carloads, aggregating ninety tons, of the seed, packed in 110-pound bags, and as soon as the consignment arrives it will be repacked in the desired amount and distributed among the farmers in Menominee and other countries. The seed will be ready for distribution in March.

ACCUSED WOODSMEN RELEASED.

John Gibbons, Michael Dolinek, Richard Oliver and Thos. Johnson, employes at Bishop's lumber camps, near Eckerman, were arrested this week by Deputy Sheriff Lipsett, charged with holding up Conrad Klingblad and relieving him of \$80 and a flask of whiskey. The arrests were made at the camp and the men made no resistance toward accompanying the officer to the Soo, where they appeared before Judge Couch. The men denied taking any money from Klingblad, but they said they met him while on their way to Eckerman and he took a flask from his pocket and began waving it at them. They got off the sleigh and each took a drink from the bottle, but no attempt was made to hold him up or go

through him. After listening to their story the judge let them go on their own responsibility to appear for trial when wanted.

SURETY COMPANY BONDS DEMANDED.

At its meeting this week, the county board of Gogebie county declined to accept the bonds of the county treasurer-elect John Luxmore, insisting upon some recognized surety company instead of local bondsmen as heretofore. Sundry items of tax sales charged back to the county, "because paid to county treasurer," appearing in the auditor-general's report, the prosecuting attorney was instructed by the board to investigate and collect from the late treasurer's bondsmen, should the items prove any delinquency on his part. This is apt to reopen the accounts of Treasurer Kollander, now dead, and his bondsmen may again be called upon to chip in.

SOO MEN FORMING INVESTMENT CO.

The Soo Investment company is the name of a proposed association now in course of organization and which it is expected will be perfected at a meeting to be held next Monday, Jan. 5. The organization will be composed of twenty of the Soo's shrewdest and most progressive business men who will combine their brains and capital in a general real estate business. The full details in connection with the association have not been given out, but it is understood that besides what each member will pay in at the formation of the company, a stated sum will be paid in each month. The company will not confine its business to the local field, but will make investments in various parts of the county as well as elsewhere as occasion may require.

MORE CAR THIEVES CORRALLED.

Following the recent arrest at Gladstone of two members of the gang which for months had plundered Soo Line freight cars, two more have been taken into custody and placed in jail at Escanaba and four others have been apprehended in Ohio, whence officers have gone to bring them back. It seems that the gang numbered some eight or ten forgers who with their families live in Gladstone. They would watch for through freight trains and when such trains stopped in Gladstone for any length of time during the night, the door of a car was broken open and everything taken that could be conveniently carried and easily hidden. When the officers discovered who the thieves were, search warrants were issued and the homes of the suspected thieves searched with the result that stolen goods were found in large quantities. Before all the men could be arrested four got away to Ohio. It was learned where they were going and their arrest was soon forthcoming. The plundering of the freight trains caused the Soo company much worry and many an honest employee was the object of suspicious inquiry on the part of the railroad officials. The capture of the gang is a great relief to all concerned.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure the deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous services. THEY WOULD PREVENT MANUFACTURE OF CIGARS AT PRISON.

WILL INVOKE THE INJUNCTION

STATE STATUTE GIVES THEM GROUND FOR THIS PROCEDURE.

They Claim Marquette Goods Come in Competition With Their Product—Mr. Swisher, Who Holds Local Contracts, Talks.

Because of the provision of Section 3 of Article 18 of the Michigan state constitution, which reads, "No mechanical trade shall hereafter be taught to convicts in the state prisons of this state, except the manufacture of those articles of which the chief supply for some consumption is imported from other states or countries," the Cigarmakers' International union will start a suit for injunction against the board of the state prison at Marquette, Mich. This action will be taken because of investigation by Gustav Dible, business agent for Cigarmakers' unions Nos. 22 and 284 of this city.

While on a trip through the state, Dible learned that a large quantity of cigars were being manufactured in the Marquette prison and distributed through the state. He visited the prison and found out that there were 130 inmates whose task it was to roll up 650 cigars each day by hand, which is an average of about 84,500 cigars a day. These men, who have formed a sort of a union, and are known as "No. 15, Fourth district of Michigan," are experts at turning out these cigars, but the quality of the goods is hardly the equal of that in a Havana cigar. Besides manufacturing cigars there are inmates who make overalls.

On learning these facts, Dible communicated with G. W. Perkins of Chicago, president of the Cigarmakers' International union. He instructed Dible to communicate with the thirty different unions of the state, asking their support in a fight against the further manufacture of these cigars. In the meantime Dible wrote to the prison board. The answer was not considered favorable, and so Dible, with the assistance of all the unions in the state, will fight the prison board by starting a suit of injunction. Dible realizes that he has a big job on his hands and has asked all unions to contribute financially to help with the fight, the result of which he is very confident, as an action similar to this was won against the Jackson prison some time ago.

The above clipping from the Detroit Evening News has attracted no little attention here the past few days, and it has had a particular interest for the officers of the branch state prison and Rollin Swisher, local representative of the Franklin Cigar company, which holds the cigar contract at the Marquette institution.

Both the officers and Mr. Swisher are of the opinion that nothing will come of Dible's activity, nor do they expect that much of an effort will be made to stop the manufacture of cigars at the local institution.

Mr. Swisher Talks. "In the first place," said Mr. Swisher in the connection yesterday, "is cigar making a mechanical trade? You notice this term is used in statute. I have my doubts whether it would be so classed. You know most of the work is done by hand.

"No," he went on, "I do not anticipate any trouble from Mr. Dible's work, and I don't consider that he has any legitimate cause of complaint, nor have the unions for that matter. We are not making goods that compete with union made cigars. We manufacture cheap smokes. The best cigar we have is a piece of five-cent goods, and I don't believe that it is a serious competitor of union brands. For the most part we make cheaper cigars and stogies.

"Mr. Dible is either mistaken or wrongly informed when he states that a lot of our cigars are being sold within the state. We are, as you may know, wholesalers. The smallest order we fill is one for 10,000 cigars at a time. We sell our goods directly to the jobbers, and I state without hesitation that we haven't a jobber in Michigan. Most of our goods are shipped to the southern markets.

"The article in the Detroit News contains another example of misinformation. Our product is nothing like 84,000 cigars a day. Mr. Dible visited us and saw our shop, but he is either misquoted or is stating the case in an exaggerated manner for his own ends. The figures quoted by the News are given on the assumption that all the men employed in the shops are 'rollers,' which is not the case. As a matter of fact 35,000 is about our maximum product and this is attained only under the most favorable conditions.

"I will be very much interested in watching the developments, but as a matter of fact I do not think Mr. Dible has a case. What is more I do not believe the unions have any real grievance."

Favor the Contracts. The prison officers and the members of the board of control all favor the system of contracts now in vogue. They do not believe that it works an injustice on union labor. They point to the fact that there are too few men working in the prisons to make this a factor, while, in the local instance, they are sure the product is going out of the state.

They want the men to work in order to have something to do with them, as well as to secure an income which will go some ways toward paying for their keep. The officers generally would look with disfavor on any interference with the present order of things.

MACCABEES DEFEAT HOUGHTON.

Ball Game Ends on Unsatisfactory Decision in the Ninth.

The largest crowd an indoor ball game has yet attracted to the Casino saw an intensely exciting contest between the Maccabees team and the Houghton Light Infantry aggregation last evening. The match ended in a victory for the locals, with the score of 10 to 7, but while that result was pleasing to the Marquette fans the conclusion of the game was unsatisfactory in that the visiting players left the field through a protest against a decision of the umpire.

The dispute occurred in the last half of the ninth inning when there was not much hope of Houghton pulling out a victory. The visitors were at bat and had a man on third. The batter knocked a short, low liner which Golden, the Maccabees' third baseman, caught before it could touch the floor and then touched the bag, putting out the runner and scoring a double play, which the umpire so decided. The visitors, however, set up the claim that the liner had been picked off the floor, and not caught, and the umpire adhering to his decision they left the field and the game was awarded to Marquette. It appeared to the crowd that the ball in dispute had been caught, as the umpire decided, and while the decision was a close one the action of the Houghton men in quitting was decidedly unpopular. It is conceded, however, that the work of the umpires throughout was very ragged. Many decisions were clearly wrong, and while in the main they were impartial they, if anything, favored the visitors.

Aside from the umpiring, the game was a good one and was watched with great interest. The excitement was especially intense in the sixth inning, when Houghton by scoring four runs shot one ahead. The Maccabees tied the score in the next, and in the eighth one tally for each made it 6 to 6. In the ninth, however, Murphy, Houghton's pitcher, who had up to that time been much of a puzzle to the locals, was landed on for a number of safe hits and amid much enthusiasm four Marquette men scamped across the plate. Houghton had scored one run in the last of the ninth when it saw best to retire on Golden's double play. The score by innings was as follows:

Marquette 100300114—10
Houghton 000104011—7

The Maccabees played a fairly strong game and worked very well together, their playing at times, however, showing the lack of practice of which the manager has been complaining since the season opened a couple of weeks ago. Their defeat of the Houghton men, especially considering the experience of the visitors, was hoped for rather than expected and it was with a feeling of surprise mingled with enthusiasm that the game ended with the locals in the lead.

To the crowd it appeared that the strength of the Houghton team has been over-estimated, if last night's game was any criterion of past efforts. Their main-stay is Murphy, the pitcher, who really is a phenomenal ball-tosser. He succeeded in fanning twenty-six men, of whom five reached first base through Catcher Mutter dropping the ball on the

third strike. Without Murphy, the Houghton aggregation is far from a top-notch team. In the last inning, however, Murphy's ball failed to deceive and the visitors were kept busy chasing the sphere. Hogan, for Marquette, also threw well, as his record of sixteen strike-outs would testify.

Following the game the Houghton players were banquetted at the Hotel Clifton by the members of the Marquette Light Infantry. Plates were laid for about fifty and it was an occasion of much enjoyment.

After witnessing last night's game, the fans are under the impression they also can defeat the Houghton team, and they desire, through the Mining Journal, to hereby challenge it to a match on the condition that Murphy not resort to the swing he uses before tossing the ball. Captain Sambrook will be pleased to hear from Captain Brand of Houghton.

SUNDAY EVENING ADDRESSES.

Rev. Mr. Elliott to Talk on Six Great Lights of Religion.
Rev. E. A. Elliott, pastor of the Methodist church, will next Sunday deliver the first of a series of six Sunday evening addresses. The course will deal with "A Study in Comparative Religions," both national and universal, and it promises to not only be very interesting but instructive as well. The subjects of the addresses and the dates of delivery will be:

- Jan. 4. Confucius—The Light of the Chinese.
- Jan. 11. Buddha—The Light of the Hindoos.
- Jan. 18. Zoroaster—The Light of the Persians.
- Jan. 25. Mohammed—The Light of the Arabians.
- Feb. 1. Moses—The Light of the Hebrews.
- Feb. 8. Jesus—The Light of the World.

The various series of talks given last winter by Mr. Elliott aroused considerable interest, and it is believed those now arranged for will have the same result in even a larger degree. From a historical standpoint alone they will be well worthy of hearing. As was the case at the former series, a question box will be provided and questions deposited in it will be answered from the pulpit by the pastor. A cordial invitation to hear the addresses is extended to the public.
