## RAILROADS TO FIGHT

SEE DANGER IN THE HOAR ANTI-TRUST MEASURE.

MASS FORCES AT WASHINGTON

RECOGNIZE IN BILL THE END OF PREFERENTIAL RATES.

Senator Quay Said to Have Been Selected to Lead Campaign and Will Use Statehood Proposition as a Stumbling Block.

Washington, Jan. 5.—Practically all of the great railroads in the country are massing their forces against the Hoar anti-trust bill, which aims a vital blow at preferential rates to the trusts. Section 3 of the bill has been noted in the way of opposition to any congressional measure introduced in recent years. As the railroad influence in the senate is very strong, there is where the hardest fight will be made against it. This, it is believed, will be led by Senator Quay. In this connection it is said in certain quarters that the Pennsylvania senator's first interest in the statehood bill is to use it as a stumbling block against the Hoar anti-trust bill. It is well known that Mr. Quay threatens to hold up all legislation until the statehood bill is passed as he wants it.

Hoar to Open Fight Today. The fight will practically open on Tuesday, when Senator Hoar will address the senate on his bill. It will be the first speech of the session on the question of trust legislation, and by a lawyer of Mr. Hoar's reputation it will attract more than ordinary attention. It is predicted that the fight will be made in the senate and that the house will wait the result of the issue there. The senate is a conservative body, which hesitates over radical departures from the existing law, and the Hoar bill, while not radical in its changes from existing laws, would, if enacted, enable the department of justice and the interstate commerce commission to bring about a radical change in the enforcement of old laws which have been a dead letter on the statute books.

Hits at Koot of Trust Evil. Section 3 of the Hoar bill strikes at the root of the evil of trust organization and manipulation, according to the views of some of the most acute legislators. This section among other things requires, as a condition for engaging in international and interstate commerce, that all trusts and corporations must file with the interstate commerce commission a statement of all stock owned by it in any other business, and that the amount of its stock held by other corporations, or held in trust for it, specifying the corporation, companies, or other association. The same section provides that the attorney general may at any time require any corporation any statement of all stock owned by it in any other business, and that the amount of its stock held by other corporations, or held in trust for it, specifying the corporation, companies, or other association. And he may especially require any such corporation to give a list of all contracts or transactions entered into within the twelve months preceding such requisition in which it sold any article or product or carried any article or product at a rate less than the ordinary market price, if such articles or products had been sold or carried by any other person than the party to such transaction.

These two provisions of the Hoar bill would make effective the interstate commerce law prohibiting preferential rates given by the railroads, as well as the provisions in the attorney general's hands ample power to secure the evidence in regard to such transactions. The first provisions would enable the department of justice to secure the evidence as to whether railroads were engaged in manufacture or production, and whether manufacturers or other producers owned controlling interests in railroad corporations. The second provision would enable the attorney general to secure the evidence of preferential rates and the reasons for giving them.

Rate Cutting Greatest Evil. The interstate commerce act prohibits the giving of preferential rates, but the difficulty has always been to secure the evidence showing such preference either by lower rates or by secret rebates. It is held by those who have studied the question that this combination or cooperation between the railroads and the manufacturers or other producers is the one great evil of trust organization because it enables the trusts to secure such preferential rates as to destroy all competition. The case of the Standard Oil company is cited, wherein it secured by secret contracts with all the railroads touching the oil region such preferential rates as to enable it to utterly destroy all competition. It is claimed that the steel trust, the sugar trust, and other great combinations of capital would be practically harmless if they had the same relations to the transportation companies that other smaller and independent manufacturers possessed.

Can Coerce Railroads. The power the beef trust and the steel trust have in the enormous amount of their shipments to compel the railroads to grant them secret preferential rates is regarded as the greatest evil of those combinations. The Hoar bill proposes to give the attorney general the power to secure the evidence regarding these secret transactions and to make that a condition for the privilege of engaging in international and interstate commerce.

The friends of this bill believe they have the support of the administration, but they admit that there will be stub-

## TRAINMEN CONFERENCE

SECRET SESSIONS HELD IN WESTERN RAILROAD CENTERS.

COMMITTEE REPRESENTS EACH LINE

DEMANDS FOR INCREASED PAY ARE TO BE FORMULATED.

Requests for Raise of 20 Per Cent Proposed by Conductors and Brakemen and Will Be Discussed With Company Officials.

TRAINMEN IN CONFERENCE.

Increase in Wages Wanted by Western Conductors and Brakemen. Chicago, Jan. 5.—Grievance committees representing every railroad centering in Chicago met here today and negotiations were started which are expected to result in an increase in the wages of the conductors and brakemen of the Western roads. It is understood that similar committees met in every railroad center west of Chicago.

William G. Lee, vice grand master of the trainmen, before leaving for St. Louis with the other grand officers, tonight, where they confer with railway officials, said the trainmen hardly expected to have their full demands acceded to. He said that each road had its own committee which would meet the management of that particular road, and he expressed the belief the increases would be granted at not less than 12 per cent more than the present wages.

St. Paul, Jan. 5.—Of the four railway systems whose general offices are in this city, only the Chicago Great Northern held a conference with the conductors and trainmen today on the question of an increase in wages. The conference was amicable and satisfactory as far as it went, but no definite results were reached. The conference will be continued tomorrow.

St. Louis, Jan. 5.—A committee representing the Order of Railway Trainmen and Order of Railway Conductors is in session here today and expects to receive a speedy answer to the general demand of the trainmen on every railway west of Chicago for a 20 per cent advance in wages.

COSTLY DECISION TO STATE.

New York Supreme Court to Hold the Franchise Tax Law Illegal.

Albany, N. Y., Jan. 5.—It is said tonight that the supreme court will tomorrow hand down a decision declaring the franchise tax law unconstitutional. The decision is one of the most important both to the state and to corporations ever given in this state. So far twelve million dollars of taxes are involved, the state by the decision practically losing that amount, while at least four million dollars a year in future revenues are also involved.

SAGASTA IS DEAD.

Demise of the Noted Spanish Statesman Shocks Madrid.

Madrid, Jan. 5.—Former Premier Sagasta died at half-past six this evening. Death was due to bronchitis and gastric trouble. His family was at the deathbed and the former Liberal members of the cabinet were near their old leader. A bishop administered the last sacrament this afternoon. The news of the former premier's death created a painful impression throughout Madrid. King Alfonso expressed profound regret.

RAILROADS TO RAISE RATES.

Freight Charges to Go Up to Pay Present Dividend Scale.

Chicago, Jan. 5.—Freight rates on nearly all commodities transported by the Western railroads will be raised at least five per cent during the next thirty days, declares the Record Herald. The officials are actuated largely by fear that the increased cost of everything the railroads buy will make the maintenance of the present dividend rates impossible during 1903.

TELEGRAPH COMPANY LOSES.

Supreme Court Rules Town Has Right to Tax Wires and Poles.

Washington, Jan. 5.—The United States supreme court today decided the case of the Western Union Telegraph company vs. New Hope, Pa., in favor of the town. The case involved the validity of an ordinance requiring a license fee for telegraph wires and poles in the town.

ST. IGNACE MAN A SUICIDE.

Body of Dr. Waldo Clark Found Frozen in River at Saginaw.

Saginaw, Mich., Jan. 5.—The body of Dr. Waldo E. Clark of St. Ignace, Mich., was found in the river this afternoon, frozen in the ice. It is thought he committed suicide on Dec. 29, when he was last seen at a hotel here.

SHOCKED MOTHER TO DEATH.

News of the Suicide of Her Son Fatal to an Indiana Woman.

Rockville, Ind., Jan. 5.—George Mayer, living near Mecca, shot and killed himself Saturday. The news of the suicide

## WABASH LOSES BIG SUIT.

Pennsylvania Supreme Court Forbids the Road Entering Pittsburg.

Philadelphia, Jan. 5.—The supreme court today reversed the decision of the Pittsburg courts, which held that a railroad company had a legal right to extend its lines between any point in the state. The decision today affects the railroad situation in Pittsburg arising from the attempt of the Gould system to enter that city and thereby secure a line to the seaboard. The supreme court reversed the lower court on constitutional grounds and granted an injunction prohibiting the extension of the Pittsburg, Carnegie & Western railroad. It is understood the extension was intended to permit the entry into Pittsburg of the Wabash company.

Means Idleness for Many Men.

Pittsburg, Jan. 5.—The result of the decision against the Pittsburg, Carnegie & Western road today was an order issued by the company to stop all Wabash work here immediately. This means that several thousand men will be out of employment tomorrow morning and that over three million dollars' worth of contracts will be cancelled, including a million-dollar bridge for which the piers already have been built.

TOBACCO TRUST WINS SUIT.

Its Right to Impose Terms Governing Sales Upheld at St. Paul.

St. Paul, Jan. 5.—In the federal court today the case of Joseph P. Whitwell, a local tobacco dealer, against the Continental Tobacco company, known as the tobacco trust, was dismissed. The suit was brought under the Sherman anti-trust law, which gives a dealer the right to bring suit for three times the amount involved. Whitwell, who had ordered \$600 worth of goods of the Continental Tobacco company and was refused them for the reason the goods would be delivered only on condition the buyer accept other goods which he had not ordered, sued the company for \$1,800. Judge Lochren held the company had the right to impose the terms and conditions under which it should dispose of its goods and that such action was not in violation of the law.

BLOW TO STOCK SPECULATION.

California Law Prohibiting Buying on Margins Is Affirmed.

Washington, Jan. 5.—Justice Holmes, of the United States supreme court, today delivered the first opinion pronounced by him as a member of that court. The case was that of Otis Gassman vs. E. Parker and involved the question as to whether the provision of the state constitution of California prohibiting dealings in stocks on margin contravenes the constitution of the United States. The decision of the California court, which sustains the constitutional prohibition of such dealings, is affirmed.

Stock Exchange Seat Property.

The supreme court today decided that a seat in the Philadelphia stock exchange constitutes property and should be classed as such. The question arose in the case of E. D. Page, bankrupt, and C. W. Edmunds, trustee.

SHEEPMEN UP IN ARMS.

Government Closes to Grazing a Vast Tract in Wyoming.

Cody, Wyo., Jan. 5.—The sheepmen of this vicinity are up in arms over the creation of a forest reserve embracing one-seventh of the state. To prevent the sheep reaching the grazing grounds in the reserves the rock trails along sides of the canons have been blasted away by government agents. This action has aroused the sheepmen, as they feel one of the principal industries of the state is about to be destroyed. The feeling is running high and bloodshed is anticipated. The sheepmen are declaring they will protect their rights with their lives before they will submit to the action of the government agents.

NEGRO CARRIER THREATENED.

Mob of Louisiana Whites Forbids Him to Deliver Mail.

Washington, Jan. 5.—Postmaster General Payne received information today that a posse of white citizens at Bonifant River, La., last night ordered Charles Jackson, a negro mail carrier, not to return with the mail on his route and threatened him with death in case he did not heed their injunction. The reason given by the posse was the color of the carrier. An inspector has been ordered to investigate.

ONE NAMED ROOSEVELT.

Four Children Born to a Polish Woman at Toledo.

Aledo, Jan. 5.—Rivals of the famous Ormsby quads were born in Toledo yesterday and today. Mrs. Stanislaus Spychalski is the mother of the infants, three of whom were born last night and the fourth today. The two boys have been named Samuel Jones and Theodore Roosevelt. Six years ago the woman gave birth to twins and about a year later to triplets. All of these died.

PORTO RICAN OFFICIALS HELD.

Authorities Accused of Smuggling to Be Tried in Federal Court.

San Juan, Porto Rico, Jan. 5.—The United States commissioner today completed his investigation of the charges of smuggling against certain officials and others, and held the defendants in \$1,000 each for trial before the federal court.

Honolulu, Jan. 5.—Bishop Gulstan F. Rupert, head of the Roman Catholic church in the Hawaiian islands, is dead.

REAL ENJOYMENT.

The woman who reads this will understand to the full what Mrs. Tipton meant when she says: "I am enjoying good health."

There are very many women who suffer as did Mrs. Tipton, who might be cured as she was by the use of Dr. Pierce's Favorite Prescription.

"I am with pleasure recommending Dr. Pierce's medicine," writes Mrs. Nora Tipton of Cropper (Cropper Station), Shelby Co., Kentucky. "You remember my case was one of female weakness and weak lungs."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases.

PAIACE LIVERY STABLE. FAY & BRICKER, Props. First-Class Livery Service at All Hours. FIRST-CLASS BOARDING STABLE. Teams of all kinds.

DAILY MINING JOURNAL.

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

SUBSCRIPTION RATES: Per month, by carrier, \$1.00. Per year, by mail, \$10.00.

MARQUETTE, MICH., JAN. 6.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Notwithstanding Great Britain's cry over hard times the nine months of 1902, compared with a corresponding period of 1901, show an increase of both exports and imports.

Governor Taft reports a distressing, and in many ways discouraging, state of affairs in the Philippines. The mere fact that \$15,000,000 worth of food is required for the relief of needy natives shows, without further comment or elaboration, that conditions are far from satisfactory.

There is apparently a screw loose somewhere at the Soo. Fort Brady's barracks were destroyed by fire Saturday morning, with a loss to the government of over \$80,000, and it is the general testimony that they might easily have been saved had the city's standpipe been full of water, as it should have been.

A Pittsburg dispatch chronicles the fact that the malleable iron manufacturers' merger, which was recently organized at Detroit, has died a-borning, it having been decided that the time is not ripe for the enterprise.

The Mining Journal predicts that little attention will be paid to the suggestion that rabbits be preserved for the hunters by a law prohibiting snaring. Stopping the boys' adventures in snaring would be pretty small business, and it is doubtful if much good would result.

Easy to Take Easy to Operate Hood's Pills. Because purely vegetable—yet thorough, prompt, healthful, satisfactory.

seems to be the general verdict that if any change is made in the present law it should be in the direction of increasing the stringency of the provisions which look to the protection of Michigan's remaining game.

The race for Senator Mason's seat in the United States senate is rapidly developing into a free-for-all. Not the least of the entries is the honorable senator himself, with an assorted lot of friends and a very determined band of enemies.

The boroughs of Manhattan and Brooklyn, of greater New York City, have reached the limit of endurance in regard to lack of street transportation facilities. A determined investigation has been begun with the firm purpose of gain relief, if necessary, from the legislature at Albany.

The Consolidated Power company of the Soo has gotten out of its late financial pickle only at the expense of turning a big representation among the officers and on the board of control over to the interests which came to its rescue.

Marquette county should know that it is well off when it notes the widespread complaint at the scarcity of coal, both soft and hard, and the constantly ascending prices that obtain in sections of the country much nearer the anthracite fields.

The Mining Journal predicts that little attention will be paid to the suggestion that rabbits be preserved for the hunters by a law prohibiting snaring. Stopping the boys' adventures in snaring would be pretty small business, and it is doubtful if much good would result.

Easy to Take Easy to Operate Hood's Pills. Because purely vegetable—yet thorough, prompt, healthful, satisfactory.

deer be so disposed of. We have seen hundreds of carcasses piled on sleighs on our streets looking for market. From two to three cents per pound was the price at such times, and in many camps the deer spoiled because the market for it was overstocked.

MUCH WORK—LITTLE TIME. Congress, now that it has reassembled, finds a long list of measures awaiting its action. Even with the best intentions for their passage, it is doubtful if all could become laws in the fifty working days of the session, and there is good ground for suspicion that the majority are not really desirous of the passage of some of the measures ostensibly championed by them.

The omnibus bill has the floor in the senate, and is likely to be used to block the way of some other measures. The omnibus bill which was sent to the senate by the house has been pushed from its place by a substitute reported from the committee, which rejects New Mexico and Arizona and provides for the admission of Oklahoma with the addition of Indian Territory, the omnibus bill coming on the senate floor as an amendment instead of as an original bill.

At some distance behind the omnibus bill is the new interstate commerce bill, which enlarges the scope of the Sherman law and provides among other things for the publicity feature which has been heralded as a sovereign panacea for trust evils. It is understood that the trusts and great corporations object bitterly to this feature of the bill, and will use every effort to prevent its enactment.

IS BULLISH ON COPPER. The Mass Consolidated Mining company has sold all its copper up to date and has received bids for its January product that have been declined. An official of the company in speaking with reference to the metal market, says he knows that the demand for copper at the present time is larger than it has been in many years.

MINING NEWS. COPPER MARKET STRONGER. Advance Abroad Reflected at New York With Gain of 25 Points.

Copper at London gained 12 1/2 6d yesterday, spot closing at \$53.15, 6d and futures at \$54.58. The New York market reflects the foreign advance by a gain of about 25 points. Standard was quoted at 11.37 1/2 @ 11.75. Lake at 12.20 @ 12.40 and electrolytic ana casting at 12.10 @ 12.30.

According to a report compiled by the New York Metal exchange, there has been an increase in the production of copper for the year just closed. The figures for the production in 1902 are 293,830 tons as compared with 266,716 tons in 1901. Adding the net importations of foreign copper the total for 1902 is 368,757 tons as compared with 328,002 in 1901.

The Iron Ore takes a stand, in the following paragraph, against any alteration in favor of the sale of game, of the present game statute: The upper peninsula wants not pot hunting. The sale of venison is the curse of the woods. It brings numberless hunters who only seek to kill for the money there is in it, it induces violation of the game laws, it suggests traps for fish so the customers may be supplied. It is against true sportsmanship.

some about in part at least as the result of a threatened move on the part of a large body of stockholders to bring about a change in the management at the coming annual meeting.

CONCERNING MOHAWK. One head of the Mohawk mill ran nineteen days in December, yielding a product of 150 tons 1,300 pounds, which is equal to thirty-five pounds of copper to the ton of rock stamped, or 1 1/2 per cent.

Hayden, Stone & Co., of Boston, state that their private wire letter of Dec. 18 did not say that "the Mohawk had petered out," even though the letter as sent out from their Hancock branch did. It appears that Hayden, Stone & Co. intended saying in their Hancock letter that the "Mohawk" had petered out, but the "it" was either lost in transmission or it was left out through carelessness.

John Stanton is reported to have sold all the copper that he cared to at twelve cents. He believes that its price will lift to fourteen cents before the new year is far advanced.

Now that the copper share movement is started the people who have been telling that it would not come at all will be the liveliest of all the traders to get on board the band wagon.—Boston Journal.

The United Verde mine fire is now out, but the company will be slow in resuming operations. It has, however, sufficient ore on hand to supply its customers with copper for the next six months. It is now running two furnaces out of six. It has recently sold electrolytic copper for several months forward delivery at twelve cents per pound.

MINING NEWS. IS BULLISH ON COPPER. The Mass Consolidated Mining company has sold all its copper up to date and has received bids for its January product that have been declined.

The Montana Ore Purchasing company now gets the larger part of its ore from the Rarus mine. The company owns several other full claims and interests in about fifteen, most of which are tied up in litigation. All of the first class rock is reduced in the smelter of the company but the low grade ore, which there is a large quantity, is sent to the concentrator of the Basin & Bay State company at Butte, which plant Heinze leased about a month ago. The Basin plant has a capacity of about 400 tons a day.

RICHEST IN LAKE DISTRICT. The Michigan is opening a mine on the Calico amygdaloid and reopening the old Minnesota mine simultaneously, says Horace J. Stevens, while between these two mines, 140 feet apart, there is a branch vein, making from the Calico on the fifth level to the Minnesota contact vein at about the fourteenth level.

INCREASED OSCEOLA OUTPUT. A private letter just at hand from a prominent copper man at the Lake, states the Boston Journal, calls attention to the fact that the Osceola management has recently shown a disposition to let their property achieve better results than it has been doing in the recent past.

FINDS WAY TO LIVE LONG. The startling announcement of a Discovery that will surely lengthen life is made by Editor O. H. Downey, of Churubusco, Ind. "I wish to state," he writes, "that Dr. King's New Discovery for Consumption is the most infallible remedy that I have ever known for Coughs, Colds and Grip. It's invaluable to people with weak lungs. Having this wonderful medicine no one need dread Pneumonia or Consumption. Its relief is instant and cure certain." Stafford guarantees every \$1.00 bottle, and gives trial bottles free.

WINONA'S BIG MILL RUN. It is given out at Boston that the copper contents of the Winona rock now being stamped at the Atlantic mill are surprisingly favorable. The mill returns for the week ending Dec. 6 were 35.19 pounds of mineral per ton of rock stamped; for the week ending December 13, 55.02 pounds; for the week ending Dec. 20, 37.5 pounds. The rock now being milled is coming from the stopes on three levels south of No. 2 shaft.

Quincy's December product was 1,032 tons, 665 pounds. The December output of the Franklin was 413 tons of mineral. Locally, the assessment that is expected to be levied on Mohawk this month is put at \$2 per share. John Stanton is reported to have sold all the copper that he cared to at twelve cents. He believes that its price will lift to fourteen cents before the new year is far advanced.

Now that the copper share movement is started the people who have been telling that it would not come at all will be the liveliest of all the traders to get on board the band wagon.—Boston Journal.

The United Verde mine fire is now out, but the company will be slow in resuming operations. It has, however, sufficient ore on hand to supply its customers with copper for the next six months. It is now running two furnaces out of six. It has recently sold electrolytic copper for several months forward delivery at twelve cents per pound. Labor trouble is interfering with the operations of both the United Verde, and Mountain Copper company in California.

ALL WORK ON THE NEW COPPER DISTRICT on the east side of Butte has been suspended except in the Farrell properties, which are being developed by the Pittsburg Mining company. All the bonds in the Farrell properties have been taken up and the development work continues. At a depth of 500 feet, it is claimed, a rich vein of copper 30 feet wide was struck. The shaft has since been sunk 3,000 feet additional and it is believed that the vein has been opened to that depth.

The Montana Ore Purchasing company now gets the larger part of its ore from the Rarus mine. The company owns several other full claims and interests in about fifteen, most of which are tied up in litigation. All of the first class rock is reduced in the smelter of the company but the low grade ore, which there is a large quantity, is sent to the concentrator of the Basin & Bay State company at Butte, which plant Heinze leased about a month ago. The Basin plant has a capacity of about 400 tons a day.

RICHEST IN LAKE DISTRICT. The Michigan is opening a mine on the Calico amygdaloid and reopening the old Minnesota mine simultaneously, says Horace J. Stevens, while between these two mines, 140 feet apart, there is a branch vein, making from the Calico on the fifth level to the Minnesota contact vein at about the fourteenth level. This branch vein is almost fabulously rich in heavy copper, and its stopes are without question the richest openings shown by any Lake Superior mine at the present time.

FINDS WAY TO LIVE LONG. The startling announcement of a Discovery that will surely lengthen life is made by Editor O. H. Downey, of Churubusco, Ind. "I wish to state," he writes, "that Dr. King's New Discovery for Consumption is the most infallible remedy that I have ever known for Coughs, Colds and Grip. It's invaluable to people with weak lungs. Having this wonderful medicine no one need dread Pneumonia or Consumption. Its relief is instant and cure certain." Stafford guarantees every \$1.00 bottle, and gives trial bottles free.

PURE BLOOD. Necessary to Life. Vinol Makes it. POOR BLOOD CAUSES ERUPTIONS AND WEAKNESS.

Vinol Makes Pure, Rich, Red Blood. BECAUSE WE KNOW THIS WE GUARANTEE ITS ACTION.

Impoverished blood is a sure sign of internal disorders. We see every day too many people whose faces plainly show that there is something radically wrong. We want all of our fellow-citizens to know of our splendid blood purifier and blood maker.

Vinol, as we have before stated, is a purely scientific preparation. Vinol owes its virtue to the fact that it contains in a highly concentrated state the active curative principles, taken from the livers of live cods—the same elements that formerly were found in cod-liver oil, and which made it famous.

Won't you please come in and see us? We are always glad to extol the merits of Vinol. We will give you back your money if you don't find Vinol will do all we claim it will. Could any one do more for you?

THE STAFFORD DRUG CO.

Sifter STOVE POLISH. No dirt or odor. Does not soil hands. Lasts longer than other kinds. Gives finest jet black lustre.

Nasal CATARRH. ELY'S CREAM BALM. Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows.

Stunken Eyes with "half-moons" under them. These tell stories of suffering, worry, and nerve-decay which all understand. This foe to good looks is quickly dispelled by the use of Palmolive Tablets.

### FOUND FROZEN STIFF.

Charles Koski, Quincy Miner, Succumbs to Exposure in a Field.

Charles Koski, a Quincy miner, was found dead, frozen stiff, along the rock pile in a field on the Anthony farm on Quincy hill at 8:30 o'clock yesterday morning. The discovery was made by a young man named Horace Goodman. A bottle of liquor was found by Koski's side. Coroner Finn of Hancock was notified and a jury was impaneled to investigate the case yesterday afternoon. It is believed that Koski was intoxicated and that while on his way to his home in the Anthony addition he laid down in the field to sleep and perished from the cold. Koski was about forty years of age. He is survived by a wife and five children. For over ten years he had worked in the Quincy mine and he was well known on the Quincy hill. Koski was a half brother of John Steinback, the Tezeuco street saloonkeeper, who identified the remains. Steinback stated that he last saw the deceased in his saloon Saturday night. The remains were taken to the Finnish undertaking rooms.

### GAMES WITH ALPENA OFF.

Contests With Duluth Ball Team to Be Arranged Instead.

The games scheduled between the Houghton Infantry and the Calumet and Alpena, acknowledged champion of the lower peninsula, and Calumet and Alpena, in Houghton and Calumet, Jan. 21 to 24, have been cancelled by the Houghton management. Practically all arrangements for the games had been made but at the last minute Calumet refused to take on the visitors. Houghton being unable to shoulder the expense of bringing Alpena here, had the contests called off. The Infantry team figured on going to Alpena in March, but the trip has now been abandoned. Calumet has agreed to take on Duluth's crack team in place of Alpena, and as Duluth is willing to come to the copper country on any dates the copperdom teams may suggest, arrangements for a series of games at Houghton and Calumet will be made by the Houghton management for Jan. 13, 14 and 15. The games will be played with the Infantry team at Houghton and one at Calumet. The Houghton team is planning on a trip to Duluth in February or March in place of the trip to Alpena.

### WAR VETERANS ORGANIZE.

Copperdom Soldiers Who Served Under Shafter Form Cuban Society.

The copper country veterans of the Cuban campaign organized at Hancock Sunday morning. The meeting, held in Scott's Hall, was well attended. The organization will be known as the Captain George Millar branch in honor of George Millar, now of Lake Linden, who was captain of old Company F of Houghton, during the late war with Spain. Officers were elected as follows: Captain George Millar, president; Major Charles V. Hendricksen, Houghton, vice president; W. Frank James, Hancock, secretary and treasurer. Both Messrs. Hendricksen and James were officers of Company F during the war. The branch has a charter membership of thirty-five and it promises to gain in numbers. Each member served in Cuba and was present at the surrender of Santiago on July 17, 1898. Only those who took part in the Cuban campaign are eligible to membership. The branch expects its charter, applied for a few weeks ago, in a day or two, and arrangements will then be made for regular monthly meetings. A hall may be rented in Houghton. It is expected that the entire membership of the branch will attend in a body the first reunion of Cuban veterans to be held in Detroit July 17 and 18 of this year. July 17 will be the anniversary of the date of the official surrender of Santiago to the American forces.

### TO TAKE COURSE AT ANN ARBOR.

Dr. W. S. Jackson, of Houghton, left Sunday afternoon for Ann Arbor to take a special course in the medical department of the state university on the eye, ear and nose. He expects to be away six or eight months, or possibly a year.

### A TALE OF WOE.

If you were out driving with a friend on a Sunday and you happened to be on the road between Lake Linden and Calumet when the horse ran away, pitching you out, wouldn't it jar you—especially when you ran nearly all the way to Calumet in an effort to recover the blasted horse only to fail in the attempt? That's what happened to a well-known young newspaper man and an equally well-known young professional man of Houghton, a doctor by the way, last Sunday. The doctor was making a professional call when the horse, which had been standing peacefully, suddenly started on the run, rudely awakening Mr. F., who had been sitting quietly conjuring up an article from the trip, by throwing him rudely out.

Mr. Arlando Barsanti, 618 Lake Linden avenue, and David Armit, Laurium, Mich., authorized to take subscriptions for the Marquette and Arizona Mining Co. stock. (12-19-11)

### J. E. HOCKING, HANCOCK, DEAD.

Pioneer of Copperdom Who Had Lived Here Over Half a Century.

John E. Hocking, of Hancock, owner of a well-known millinery establishment on Quincy street and a resident of the copper country for half a century, died Sunday evening at 7:30 o'clock from Bright's disease after an illness of two months' duration. Mr. Hocking was seventy-two years of age. He was born in England and came to this region when a young man. He is survived by two children, Mrs. Mary E. Frink of Laurium and William John Hocking of Republic. The funeral will be held from the Hancock M. E. church at 1 o'clock tomorrow afternoon.

For eighteen years Mr. Hocking was in charge of the Quincy stamp mills, and was in the millinery business on Quincy street for the past forty years. Mr. Hocking was married twice, his first wife dying in 1860. He married again in 1865. His second wife died at Hancock in July last. Mr. Hocking participated in the organization of Mystic Lodge, I. O. O. F., of Hancock and was one of the few remaining charter members. He was also affiliated with the Sons of St. George. The members of both orders will attend the funeral.

### Other Obituary Mention.

Herman Schoepfer, aged seventeen, son of Adolph Schoepfer, of the Quincy, died Saturday night at 10:30 o'clock. The funeral of the bowels was the cause. Mr. Schoepfer was ill three weeks. The funeral was held yesterday afternoon from the Schoepfer residence. Mrs. Murray of West Houghton, an aged dressmaker, died suddenly at 4:30 o'clock yesterday morning. Heart failure is attributed as the cause. She is survived by one grown-up son, Frank. The funeral of Miss Mary Murphy, daughter of Patrick C. Murphy, of Hancock, who died Friday, was held from St. Patrick's church yesterday morning. The cause of death was pleuro-pneumonia. Miss Murphy was twenty-one years of age.

### SUBSTITUTES FOR COAL.

Necessity is the surest promoter of invention. The recent coal strike causing the prices to advance to almost beyond reach has resulted in the granting of over 4,000 patents on machines to burn either oil or gas. The necessity for a family medicine that could be relied on absolutely in cases of stomach, liver and kidney ailments led to the introduction of Hostetter's Stomach Bitters fifty years ago. Today it is world famed as a cure for loss of appetite, insomnia, nervousness, flatulency, indigestion, dyspepsia, constipation and biliousness. Try a bottle and be convinced of its value. It contains nothing that will injure the most delicate system, and is therefore specially adapted for restoring strength to those who have become weak from lung sickness or those in need of a tonic. Don't accept a substitute.

### COPPERDOM BREVITIES.

Night school sessions will be resumed at the Hancock Y. M. C. A. this evening.

Superintendent LaRove, of the Hancock schools, has returned from his holiday vacation.

Miss Maud Allen, of Albion, a teacher in the Calumet public schools, has resigned. She has returned home.

Captain James Cleary of Alpena, one of the oldest captains on the lakes, is in Calumet visiting his son, W. J. Cleary.

A regular meeting of the board of trustees of the Calumet schools will be held this evening at the superintendent's office.

Matt Jounsu, a Quincy miner, lies at the Hancock hospital suffering with an injured thigh. He was hurt Saturday night in No. 7 shaft.

Nilsson, champion skater of the world, will be seen at the Hancock city rink on Jan. 9 and 10. He visited copperdom last season and was greeted by large crowds.

The Michigan College of Mines resumed sessions yesterday morning after a two weeks' holiday vacation. The schools in the county also commenced the winter terms.

The Lake Linden polo team has been organized with Henry Hodge as captain. Practice has started in the Mammoth rink. The polo players at Calumet will also organize, it is said.

A skating party will be given at the Mammoth rink, at Lake Linden, on the evening of Jan. 20 by the Everybody's Favorite club, comprised of young ladies and gentlemen. The music will be furnished by St. Joseph's Military band.

Some of the banks in the county have received commitments of the new gold dollar which the government turned out for the St. Louis world's fair. Some of the coins have the likeness of the late President McKinley, while others bear

**INDIGESTION** besides the sense of discomfort in the stomach, often results in weakness of the heart, palpitation and fluttering, shortness of breath, pain in the left side, and constipation. **The Best Cure for Indigestion is IRON-OX TABLETS** Fifty Tablets 25 Cents

## All the National Bank Circulation

in the United States could not purchase the assets of The Mutual Life Insurance Company of New York.

Total circulation of all National Banks in the United States, September 30, 1902

\$323,900,000

\$352,800,000

\$569,159,000

Assets of The Mutual Life Ins. Co. of New York, are larger than those of any other company in existence. Since organization this company has paid policy holders over which is more than any other company in the world has disbursed. Write today for "Where shall I insure?"

**THE MUTUAL LIFE INSURANCE COMPANY OF NEW YORK** RICHARD A. MCCREY, President. FRED O. PAGE, Manager, Detroit, Mich.

that of Thomas Jefferson, who was president at the time of the Louisiana purchase. The coins are selling for \$3 each, two-thirds of which goes to the exposition fund. J. H. Oakley, general manager of the Houghton County Street Railway company and the Houghton County Electric Light company for the past year and a half, left yesterday afternoon for Boston. He will not return to copperdom. John Mann received a second large consignment of white fish from Bete de Gris yesterday morning from the Douglas House at Houghton. There were 900 pounds in the lot, all large, fine specimens. The first consignment, received last week, weighed 600 pounds.

The management of the Houghton Infantry indoor baseball team desires to thank the Marquette Light Infantry for courtesies extended during its recent Marquette trip. The Houghton boys thoroughly enjoyed the entertainment provided and only hope they can reciprocate at some future time.

C. J. Johnson, the Houghton railroad contractor, who was severely injured a few weeks ago by being thrown from a moving train at Elgin, Ills., where he is working on a railroad contract, has returned to Houghton. Mr. Johnson carries an arm in a sling as the result of his unfortunate experience.

Conductor Clemenson, of the D. S. S. & A., who was in charge of the South Shore passenger train by which Brake-man Kingsbury was killed at Hancock Sunday noon, accompanied the remains of the young man to Lapeer yesterday. The young man's parents reside at that place. No inquest was held in the case as it was not deemed necessary. A petition will likely be circulated by the Houghton and Hancock clerks in a few days, asking that the Portage Lake merchants close their places of business at 6 o'clock each evening in the week, except Saturday and Mondays. It is believed the movement will meet with little opposition as the agreement was in successful effect last winter. The stores now close at 8 o'clock. Miss Luella Vandergriff, a graduate of the Illinois Training School for Nurses, has been engaged as head nurse for Laurium's new hospital. She has had much experience in the Chicago hospitals and she was highly recommended. She will have charge of the training school for nurses to be established in connection with the Laurium institution. Several other professional nurses will be employed.

The Calumet & Hecla band is through giving promenade concerts in Calumet and Houghton. Colonel Cox, the manager, has found out that the "proms" do not pay as well as it was expected they would. The dances in Calumet were always well attended, but despite that there wasn't very much in it for the musicians. The band figures that the orchestra business in Calumet. Copperdom young people will regret the decision of the band.

**DEAFNESS CANNOT BE CURED** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous services. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

The crowned heads of every nation, the rich men, poor men and misers. All join in paying tribute to DeWitt's Little Early Risers.

Dr. Williams, San Antonio, Tex., writes: "Little Early Risers Pills are the best I ever used in my family. I unhesitatingly recommend them to everybody. They cure Constipation, Biliousness, Sick Headache, Torpid Liver, Jaundice, malaria and all other liver troubles. H. Harwood, Ishpeming; The Stafford Drug Co., Marquette.

There is one rational way to treat nasal catarrh; the medicine is applied direct to the affected membrane. The remedy is Ely's Cream Balm. It restores the inflamed tissues to a healthy state without drying all the life out of them and it gives back the lost senses of taste and smell. The sufferer who is tired of vain experiments should use Cream Balm. Druggists sell it for 50 cts. Ely Brothers, 56 Warren Street, New York, will mail it.

# CUTICURA SOAP TO CUT FINE GROVE

## The World's Greatest Skin Soap.

### The Standard of Every Nation of the Earth.

#### Sale Greater Than the World's Product of Other Skin Soaps.

#### Sold Wherever Civilization Has Penetrated.

Millions of the world's best people use Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, for baby rashes, itching and chafings, in the form of baths for annoying irritations and inflammations, or too free or offensive perspiration, in the form of washes for ulcerative weaknesses, and many sanative, antiseptic purposes which readily suggest themselves to women, especially mothers, as well as for all the purposes of the toilet, bath and nursery.

Cuticura Soap combines delicate emollient properties derived from Cuticura, the great skin cure, with the purest of cleansing ingredients and the most refreshing of flower odors. No other medicated soap ever compounded is to be compared with it for preserving, purifying and beautifying the skin, scalp, hair and hands. No other foreign or domestic toilet soap, however expensive, is to be compared with it for all the purposes of the toilet, bath and nursery. Thus it combines in one soap all the best qualities of the best soap ever compounded. Sold in every part of the civilized world.

FOR SALE—Choice building lots in Nester addition for sale cheap for cash, or on time at low rate of interest. For particulars inquire at office of Peter White. (6-4-19)

# ANOTHER GOOD DAY.

Strength in the Copper Market Continued Yesterday.

Paine, Webber & Co. said of the Boston market: "Copper metal advanced again today, both in New York and in London, and coppers were higher, as a result. The public shows a growing interest in coppers. There is an increase in the volume of buying orders every day. The improvement in the metal market appears to be wholly responsible for the advance in coppers and the prospects are that the upward movement will continue for some time to come. The best of the coppers still look attractive at their level of prices."

Hayden, Stone & Co. wired the Laidley Commission company as follows: "Coppers opened fairly firm. The trading sentiment is more confident than for some time. Money is not in sufficient supply as yet for any great increase in speculation, and a great deal will be done to kill it. The move that started was too fast and many people are waiting for a reaction to buy. Amalgamated continues well bought. We hear Winona well spoken of, and it is the best of the cheap stocks."

Chicago Markets Promise Well.

W. H. Laidley said of the Chicago markets: "The foreign markets reflected our break of Saturday and the wheat market opened a shade lower and continued weak during the early part of the session, but it turned strong toward the end in sympathy with corn, and closed at a net advance of 1/4 over Saturday's last prices. The receipts and estimates continue very small. The world's shipments are about the same as last week, America contributing the largest proportion. The on passage statement showed a decrease of 56,000, as against an increase last year. The wheat market has had a fair break and has reached prices where export demand and cash business are having their influence. We believe it should be bought now upon every break."

Corn opened at Saturday's prices, but was strong throughout the session. The buying of January was especially good, and it advanced 1 1/2 cents and closed 1 cent above Saturday. May was firm. We look for higher prices for the May option.

New York Market Strong.

Walker said of New York: "The market today opened steady. It was inclined to be strong and there were some good buying orders. The active stocks were bid up and the tone of the market was good. There was sufficient profit-taking to keep the market from going up too quickly, but the stocks were well taken all day. Call money was easier and this had a very good effect. It looks as if the big interests were trying to get the public into the market and were slowly succeeding. Good buying on very slight recession kept prices up and the close was at nearly the best prices, with talk bullish."

Weather forecast: Partly cloudy and warmer.

Yesterday's temperature: 7 a. m., 11 degrees; noon, 20 degrees; 7 p. m., 21 degrees; maximum, 25 degrees; minimum, 11 degrees.

A meeting of Morse Hose company will be held at the fire hall this evening at 8 o'clock.

J. B. Mason and family, 203 Hewitt avenue, east, returned home from a visit to Petoskey Saturday last.

The supervisors will not hold a meeting in January. Their next session will occur on the 4th of February.

John E. McCarthy has accepted a position with the Oliver Mining company at Duluth. He left for that place Sunday night.

The meeting of Marquette council, No. 689, Knights of Columbus, set for this evening will be held next Tuesday night instead.

Mrs. Cuffman and John Lamond are in the county jail to spend twenty days. They were arrested for indulgence in a disorderly drinking bout.

Work was resumed at the Northern Normal yesterday, after the holiday vacations. Most of the students were on hand to begin their study.

St. Mary's guild will hold a business meeting this afternoon at 2:30 o'clock. The members will assemble with Miss Neidhart, Washington street.

Robert Matthews, of the First National bank barber shop, has taken the Goodrich shop at Negawega and will open for business there today.

Miss Susan Heffernan left Saturday night for Minneapolis, where she resumed her work as instructor in one of the high schools Monday morning.

The present winter season, to date has proven one of the mildest in recent years. There have been but few days of severe weather and the total snowfall has been much lighter than usual.

Superintendent Retaille's men are now putting in the three arc lights, which the council recently ordered placed on Lake street. When they are in commission that thoroughfare will be fairly well lighted.

An overturned lamp was responsible for an alarm of fire which called the department to the Hanscom residence, 339 East Ridge street, last evening. The flames communicated to some papers, but the blaze had been quenched by the time the firemen arrived. A quick run was made.

The Ladies' Auxiliary—the L. U. S. C. L.—to the St. Jean Baptist society installed its newly elected officers last evening at a meeting at Fraternity Hall and also initiated a large class.

The work was followed by refreshments and an enjoyable social session. A feature of the festivities was the presentation of silverware and a handsome rocker to the president of the society, Mrs. Louise Benet.

County Clerk Ross issued a total of 366 marriage licenses during the year 1902. Among the early applicants for licenses in 1903 were Henry Cardew and Bessie Treblecock of Ishpeming and John Majenpa and Eliza Koski of the National location.

The Klitties paraded the streets yesterday noon. They left their musical

# THE PERFECT FOOD

Shredded Whole Wheat Biscuit is thrice cooked and spun into fine shreds. Each shred contains many thousands of little pores which give great surface for the digestive fluids to act upon. It is crisp and compels thorough mastication which insures perfect digestion.

Poached or Scrambled Eggs on Shredded Wheat Biscuit

Moisten the Biscuit slightly with cold water. Place small bits of butter on top. Put in buttered pan in hot oven about three minutes. Remove with pancake turner to warm plate. Use as toast for scrambled or poached eggs.

## THIS ALWAYS TELLS IT.

Read the character of a drug store in the record of its prescription department. All that a drug store is or does or aims to do, finds expression there.

The accurate filling of prescriptions with drugs of known purity and at just prices, is the first and highest mission of a pharmacy. A large prescription business is the highest testimonial a store can have; it implies confidence on the part of both public and physicians.

Such a business we have. We want you to benefit by our splendid service, and we promise to make the price right.

## DARANTELLA CLEAR HAVANAS

## Suffered for Over Ten Years. Cured by Dr. Iman's Ladies' Restorative

TALMADGE, MICH.  
THE IMAN MED. CO., Grand Rapids, Mich.

Dear Doctor: I have been thinking for some time that I ought to write you a few words of praise for your wonderful LADIES' RESTORATIVE. It did me worlds of good. I suffered such untold agonies with my meneses, and with female complaints, for over ten years, that death would have been a relief to me. I took doctors' medicine and several kinds of patent medicine, but they all availed me nothing. I am so thankful that I learned of DR. IMAN'S LADIES' RESTORATIVE that I want to recommend it to every lady that is suffering from those terrible complaints. Any one wishing to know more about it may address, MRS. L. MORSE, Talmadge, Mich.

FOR SALE BY:  
People's Drug Store, Marquette; Werner Nikander, Negaunee. City Drug Store, Ishpeping, Mich.

### Trochet's Colchicine Salicylate Capsules.

A standard and infallible cure for RHEUMATISM and GOUT, endorsed by the highest medical authorities of Europe and America. Dispensed only in spherical capsules, which dissolve in liquids of the stomach without causing irritation or disagreeable symptoms. Price, \$1 per bottle. Sold by druggists. Be sure and get the genuine. WILLIAMS BFG. CO., CLEVELAND, OHIO, Sole Props. STAFFORD DRUG CO., Marquette.

### Why Don't You Go, Too?

Why don't you go to California? It is not an expensive trip. It is quickly made, and it is worth making. The best way to go is, of course, via the Golden State Limited, the newest and finest train across the continent.

The second best way is in a Rock Island tourist sleeper. You make fast time; are comfortable all the way; meet pleasant people; have a porter to do your bidding, and an experienced excursion manager to relieve you of all bother about tickets and baggage.

Rock Island tourist cars leave Chicago daily for Los Angeles and San Francisco, via the El Paso-Rock Island route. The Wednesday and Friday cars are personally conducted. Tourist cars for California, via Colorado Springs and Salt Lake City, also leave Chicago Tuesdays and Thursdays. Write for folder given full information.

Geo. F. Lee, G.A.P.D., 91 Adams St., Chicago, Ill.

## Ishpeping and its Environs.

**THE KILTIES TODAY.**  
Scottish Military Band Will Be Greeted by Large Houses.

From present indications, the Kilties band will play to large crowds here this afternoon and evening. The advance sale of reserved seats for the evening entertainment is unusually large, though there are still some choice seats left. It is expected that there will be a heavy demand for tickets during the day and that there will not be many seats unsold by the time the door opens. The sale of tickets for the afternoon performance is fairly large, and it will be surprising if the house is not filled.

Delegations will be drawn from Humboldt, Champion, Michigan and Republic for both performances. Most of the Champion and Humboldt people will likely attend the afternoon entertainment, which begins at 2 o'clock, giving them time to return home on the train leaving here at four. Republic and Michigan people will have larger delegations at the evening entertainment.

The Kilties will parade through the principal streets at noon. The band will not play, but the bagpipers and bagpipers will be heard. Just before the evening performance the Ishpeping Club will serenade the Highlanders and escort them to the opera house.

**BIG SKI TOURNEY PLANNED.**  
Experts from All Over Northwest May Be Invited to Red Wing.

There is some talk of having a ski tournament at Red Wing this winter on a big scale, the same as years ago when this grand sport was generally indulged in, says the Minneapolis Journal. The Red Wing tournament held New Year's day, in which nineteen local runners participated, demonstrated the fact that that city still has splendid material to enter in a big tourney.

The last ski tournament of any importance was held at Ishpeping, Mich., a year ago. If it is decided to have such a contest at Red Wing runners from Ishpeping, Eau Claire, La Crosse, Stillwater, the twin cities, Ada and other towns will attend.

There is plenty of snow at present and there is no reason why such a tournament should not be a success.

**ATTRACTIVE CALENDARS.**  
Most of the business houses of the city have issued very attractive calendars and distributed them gratis.

Some of the calendars bear reproductions of famous works of art. One sent out by George B. Sedgewick's insurance agency bears a fine colored lithograph of President McKinley's favorite driving team. Those carrying the imprint of the Peninsula bank have a number of very pretty lithographs. The Miners' National bank and the insurance agencies connected with it have a large half tone of the Salisbury mine on the calendars that it has given away. The insurance companies represented by Carl Tellefsen have also distributed a large number of calendars, also has the local agency of the Metropolitan Life insurance company. Those supplied by the latter are novel and attractive. They are printed on engraved bank note paper and have a picture of the main office of the company in New York. Fred Bennett has been handling out some very handsome calendars for his firm, the insurance and factory company of Milwaukee. They bear the head of a pretty girl surrounded by red poppy blossoms. The calendar is one of the most elaborate and prettiest that has been sent out.

**SELECTED A PASTOR.**  
The Finnish Lutherans, after several futile attempts to reach an agreement with the congregations at Humboldt and Champion, have finally chosen a pastor. They have voted to extend a call to Rev. J. K. Lamm, now living in Finland. The gentleman had signified his willingness to accept a call, and he is expected here to take charge of the work of the church within two months. The church is organized on somewhat the same plan as a fraternal organization and has officers the same as a society. The following were elected at the last meeting: John Luao, president; M. Pesamaki, vice president; John Mattson, secretary; E. Riskikangas, treasurer; Jacob Passi and Henry Talback, door keepers; K. A. Ruona, M. Kandelin, A. Kaupilla, trustees; A. Pantti, J. Mattson, M. Pesamaki, Mr. Laukko, K. A. Ruona, Wm. Maki, deacons. The Sunday school is in a flourishing condition. It has 224 pupils and thirty-two teachers.

**FIREMEN ON THE DIAMOND.**  
The firemen have fallen into line. Last night they organized an indoor baseball team and they now stand ready to receive bids from any of the numerous aggregations running rampant here and at Negaunee. They exact only one condition, namely that the loser in each game stand for an oyster supper, a turkey supper, a champagne supper or any other variety of swell "feed" that may be mutually agreed upon. The firemen wish the public to understand that they are not going to play for fun but for grub. The fire fighters think they have a chattle mortgage on a victory no matter who they play. Any team that wants to disprove this claim is welcome to try.

**LIVER TROUBLES.**  
Those troubles are always the results of indigestion and often appear before you feel anything wrong with the stomach. When your complexion is sallow, breath offensive, appetite fickle and tongue coated, it is a sure sign of indigestion and inactive liver. There is an easy way of eradicating these troubles quickly; buy a 25c bottle of Re-Go Tonic Laxative Syrup and within twenty-four hours you will feel like a new person. Sold by People's Drug Store.

**H. C. Cain and George Trevaski, Voelker block, Ishpeping, are authorized to take subscriptions for the Marquette & Arizona Mining Co. stock. (12-19-11)**

**DATE FOR DEDICATION FIXED.**  
Methodists Will Dedicate Their New Church Sunday, Feb. 22.

Ishpeping Methodists will worship in their new church for the first time on the last Sunday of next month. The building is rapidly approaching completion, and it is expected that by Feb. 22 the last stroke of the workmen's hammer and trowel will have been given and everything will be in readiness for the dedicatory services. Noted Methodist divines from various parts of the state will be here to participate in the ceremony. J. W. Powell, a Buffalo (N. Y.) business man, who has the unique distinction of having raised over \$1,000,000 to pay the indebtedness on a great number of churches of his denomination, will preside. Mr. Powell has the reputation of being eloquent and fervent speaker as well as a most persuasive pleader for money. When the Methodist church was dedicated at Laurium last fall he presided and over \$14,000 was pledged toward raising the debt. The entire basement of the church will be used by the Sunday school. The floor space is almost as large as that of the main auditorium. Folding doors divide it into a number of compartments that will be used as class rooms. The doors can be thrown open and the whole space can be made into a general assembly room. The heating plant occupies a small place in the basement and takes very little room. The pipes have all been connected and the heating plant is now in operation. The basement is connected with the upper floor by two stairways and has two outside entrances. The greater part of the work remains to be done in the auditorium. The work of laying the hardwood floor will begin this week. A large force of carpenters is engaged on the woodwork and will soon have it ready for the painters. The woodwork is to be finished in natural color.

All the members of the congregation are making a great effort to raise money so that the church may be dedicated free from debt and in order that a large amount may not be left to be raised the Sunday of dedication. They have met with gratifying success and when the eventful day arrives it is expected that there will be only a small deficit that can easily be removed.

**FOR THE CHILDREN.**  
Children will be admitted to the Kilties entertainment this afternoon at twenty-five cents, good for seats in the rear of the house. No reduction in the prices will be made for children this evening.

**ISHPEMING IN BRIEF.**  
J. T. Jackson was here from Houghton yesterday.

A daughter was born to Mr. and Mrs. Isaac Stryjola, 426 East High street, Sunday.

Mrs. James Trebilcock went to Calumet yesterday to visit her daughter, Mrs. Albert Lutey.

Dr. W. S. Picotte has returned from a two weeks' visit with his parents and other relatives at Montreal.

The students who have been home for the holidays have all returned to the various schools they attend.

The Ladies' Aid society of the Methodist church will meet tomorrow afternoon at the residence of Mrs. T. F. Gill.

George F. Stokes, senior member of the firm of Stokes & Whittingham, contractors for the Methodist church, arrived from Detroit Saturday.

The Lake Superior & Ishpeping road is now prepared to handle freight, via the Soo line, for Minneapolis, St. Paul and the Soo and all intermediate points.

B. W. Vallet, mining engineer at the Lincoln and Grant mines of the Interstate Mining company of Virginia, Minn., has been here for a number of days visiting friends.

The plumbers will play indoor baseball with the Ishpeping Light Guards at the Adelphi rink Thursday evening. For men the admission charge will be 25 cents; ladies free.

The degree team of Hematite camp, Modern Woodmen, wishes to extend its heartfelt thanks and to express its most sincere appreciation to the Royal Neighbors, wives of Modern Woodmen, and the Woodmen, who so kindly donated and assisted them at the annual New Year's ball and whose efforts did so much to make it successful. The members will reciprocate to the extent of their ability whenever they are called upon.

**UPPER PENINSULA.**  
Good Month's Work for Trapper—  
At the monthly meeting of the Baraga county supervisors last week, about \$170 bounty on wild animals was allowed various persons. Wendelin Krish, the famous Nestora trapper, came in for the lion's share, his portion being \$125.

**Falls Eighty Feet and Lives—**  
William Kellef, a young man about nineteen years of age, fell about eighty feet in the Aurora mine at Ironwood, but strange to say was not seriously injured. No bones were broken, though he was severely bruised and will be confined to his bed for some time.

**Its City Taxes \$40,000—**  
The Chicago Lumbering company is paying a good share of the taxes in Schoeller county. It will require a check for more than \$40,000 to square the company's taxes in the city of Marquette. This is two-thirds of the total levy.

**Bullet Tore Off Collar Button—**  
Norman Thompson, a Cooks (Schoolcraft county) boy, narrowly escaped being killed last week while attempting to extract a load from a gun. The cartridge was discharged, incinerating three of his fingers, while the bullet in its flight tore off his collar button.

**Fell and Broke a Hand—**  
Bernard King, clerk of the Edison Soo Electric company, at the Soo, met with an accident the other day that will put him out of business for some time. With a meter under his arm he was ascending the steps to the office when he slipped and fell, the whole weight of his body striking on his hand, breaking it across the back and badly cutting one of his fingers.

**Saloonists Threaten Retaliation—**  
The saloon men of Menominee have issued a letter stating that if the threat of the local W. C. T. U. is carried out and early saloon closing hours enforced, they will get after druggists, cigar dealers, bootblacks, newsboys and even street car employes to prevent their working on Sundays. The public letter concludes with this question: "Will the W. C. T. U. pay the \$25,000 in license money to the county treasury if the saloonkeepers move away?"

**Pioneer Drops Dead on Street—**  
Dan O'Rourke, a familiar figure on the streets of Ironwood for many years, and one of the pioneer residents of the range, dropped dead on the sidewalk at the corner of Suffolk and Ayer streets, last week. His death was due to heart disease. In the morning he came into town from his cabin in Ironwood township, where he had lived alone for several years, and was around town all the forenoon. The deceased was about seventy-three years old, and was a native of Ireland. He came to America in 1855,

### We are closing out our Winter Goods. Bargains in all lines. . . .

## J. SELLWOOD & CO.

and lived for many years at Chilton, Wis., later spending several years on the Marquette and Menominee ranges. He came to Wakefield when ore was first discovered on the Gogebic, and later to Ironwood. Dan O'Rourke made several fortunes during his lifetime, but lost them all. He was a bachelor, and his only relatives in this country, so far as is known, are two nephews at Chilton.

**Sheriff's Orders Ignored—**  
The concert saloon is still in existence in Escanaba, notwithstanding Sheriff Roberts' orders to discontinue the practice of musical entertainments in grog shops. It is true that the "piano," covered by the order, has been relegated to oblivion, but musical instruments of other kinds have been substituted and the concert continues. In one particular Ludington street saloon a passerby may hear a "concert" almost any night, and at almost any time of night—Iron Port.

**Butterfly Hatches in House—**  
C. Elliott, of Somerville avenue, Menominee, has in his possession a fine specimen of the Cecropia moth, which was hatched from the cocoon a few days ago. It measured fully six inches across its outstretched wings. Its general color is dark brown and it is beautifully marked with light brown and yellow spots. Mr. Elliott's son found the cocoon hanging from a tree near the house last fall and detached it and hung it in the house. In the warm atmosphere the cocoon developed and the moth hatched out.

**Exposure and Drink Kills—**  
John Tull, an employe of the Chicago Lumbering company at camp 74, is dead as the result of exposure and alcoholism. Tull and several companions spent the day at Wetmore and drank heavily. On their return they left Tull at a point about a mile from camp. He made an effort to reach camp and had traversed about one-half the distance before he was compelled to lie down in the snow. Another party found him unconscious and carried him to camp where he was placed in his bunk. He was given no attention and died during the night. The deceased was about fifty years of age, and a native of Hungary. He came here about a year and a half ago and leaves a wife and son in his native land.

**Waterworks Capacity Doubled—**  
The new three-million-gallon pump recently installed by the Escanaba Water company will be connected with the main on Wednesday and will be put in operation the following Saturday, when the normal capacity of the plant will be six million gallons in twenty-four hours, with a crowding capacity of nine million gallons. The building of the company is now fully completed; the dimensions are 48 by 30 feet. An entirely new structure was erected over the old building, and upon its completion the latter was torn down. The company will put in a new intake pipe this winter at a cost of \$15,000, making the total improvements to the plant cost upwards of \$40,000.

**Bonded Warehouse Wanted—**  
Charles W. Hutchinson, deputy collector of customs, in conjunction with representatives of several prominent business firms of Menominee and Marquette is trying to secure an early establishment of a government bonded warehouse in Menominee. Mr. Hutchinson has taken the matter up with Gad Smith of Marquette, collector of customs. The Carpenter Cook company recently imported a carload of tea and was permitted to apply the duty as it was used, giving a bond not to remove any from the car until the required settlement was first made. This, however, was merely a temporary arrangement and required the special sanction of Collector Smith to secure its legality.

**Close Shave for a Brakeman—**  
Garfield Vincent of Ontonagon had a close call from being killed the other night by falling off a St. Paul freight train which was running about thirty miles an hour. He is a brakeman and was running from Channing to Champion. At a point about midway between these places his duties called him to the rear platform of the caboose. He had just got outside and before he fully realized what happened he was hurled through the air. Fortunately he met with no obstruction and landing in the deep snow he was not seriously injured. One side of his face and one shoulder were badly bruised and he suffered a general shaking up. In his sudden flight he lost his hat, mittens and lantern and suffered considerably from the cold before he was picked up by the train. Vincent says that he thinks that he was pushed from the platform by someone who was stealing a ride and alleges that he caught a fleeting glance of a person as he was traveling through space.

**Priest Acquitted of Assault—**  
Father Julius Papon, pastor of St. Adelbert's Roman Catholic church, at Menominee, has been acquitted by a jury of assault and battery. Valentine Wesloski, a trustee of the church, was the prosecuting witness. The case was tried before Justice Opsahl. The courtroom was crowded with members of the

**THE SECRET OF LONG LIFE.**  
Consists in keeping all the main organs of the body in healthy, regular action, and in quickly destroying deadly disease germs. Electric Bitters regulate Stomach, Liver and Kidneys, purify the blood, and give a splendid appetite. They work wonders in curing Kidney Troubles, Female Complaints, Nervous Diseases, Constipation, Dyspepsia, and Malaria. Vigorous health and strength always follow their use. ### ACTION GOES OVER

STREET RAILWAY FRANCHISE EXTENSION NOT APPROVED YET.

WILL BE EXAMINED FURTHER

ALDERMEN DISCUSSED THE MATTER IN DETAIL LAST NIGHT.

Resolution Referring Question to Joint Committee, to Report on January 19, Was Passed Unanimously.

The ordinance extending the franchise of the Marquette & Presque Isle Street railway was not approved on its second and final reading last evening at the common council, but, instead, was referred for further examination to a committee comprising the members of the committees on railways and public conveyances and on ordinances, this joint committee being charged to report to the aldermen at a meeting to be held Jan. 19.

This action was taken as a result of a feeling among the aldermen that they had acted rather hastily on an important matter when they first approved the ordinance extending the franchise without, as is the usual custom, referring the matter to a committee for examination. It does not indicate any hostility to the street railway company, but is simply indicative of a desire to protect the city and the people. It is likely that the ordinance will finally, and that at an early date, be passed in a form satisfactory to all concerned. The meeting last evening was spirited at times, the franchise matter being thoroughly debated, most of the aldermen having something to say in the connection. When action was finally taken, it was unanimous.

#### Ward's Motion.

Alderman Ward opened the ball with a motion which was finally approved by his colleagues. It was to the effect that the matter be referred to the joint committee indicated above, with instructions to report at the meeting set for the 19th. In explaining his reason for offering the resolution the alderman said he desired that full and careful consideration be given such an important matter.

Mayor Russell suggested that the proposed reference of the ordinance would delay its passage, which should not be done unnecessarily.

Alderman Shea thought the people's streets should not be given away without proper safeguards, and Alderman Donovan stated that he and other aldermen had been criticised for passing the

ordinance in such a hasty manner, and that he favored a section in the ordinance securing facilities for an inter-urban road. At this juncture Mayor Russell took the floor. He said that the claim that the franchise was worth \$100,000, or any other large sum, was pure nonsense, and that men who make such claims do not know what they are talking about. He remarked that the franchise for which the company is asking is no new thing. The proposition is simply to extend an old franchise. No objection to the franchise had been stated in the council chamber, and as for fault finding nothing ever comes up but there is criticism by people who have nothing to do but find fault with men who do things.

Alderman Donovan gave as his opinion that the franchise granted in other cities ought to be examined and their good features inserted in the franchise being sought by the local road.

Mayor Russell stated that he had not the least objection to referring the matter, although he thought that it was well to hear the company's representatives, who were in attendance at the meeting.

#### Kaufman and Clark Speak.

On motion Messrs. N. M. Kaufman and F. O. Clark, of the traction company, were permitted to address the aldermen.

Mr. Kaufman first took the floor. He sketched the present financial condition of the road, showing that it was running behind. He stated that the present holders of the stock desired to take hold of the line and put it in first-class condition, but that, for this, it would be necessary to bond the road, which could not be done unless the franchise was extended. The stockholders wanted nothing but what was right, and if the aldermen were desirous of postponing action in order to ease their consciences, well and good, but most of the aldermen had fully considered the matter only a year ago and had approved just this proposition of extension, the only difference being that at the present time the company wants a little longer extension. It is necessary to make a road which shall be a credit to the city. "I have faith in Marquette," said Mr. Kaufman, "and I want to take part in putting in a road of which the people can be proud."

Referring to the much mooted inter-urban, he said that the company would be only too glad to make traffic arrangements with any inter-urban line. It would be business to do so, and the company would act foolishly if it did not encourage the building of such a road.

Mr. Clark pleaded that "we are brothers here in this town and we should work together in this matter." He stated that the line has been operated at a loss, but all the time the running of the road helped the city. "We have not made money, but we hope to do so. We can't expect to make much in the next twenty-five years; nobody expects this city to become a great city in that time."

#### Other Remarks.

Alderman Jones got the floor to remark that as long as the road was owned at home everything was O. K.,

but that it was not known how soon it might be sold to outsiders. Here Mr. Kaufman caused a round of laughter by remarking that "if Mr. Gordon or any other person should offer \$100,000 it would be taken up mighty quick."

Some further desultory discussion preceded the passage of the Ward resolution, which, as had been remarked, was approved by unanimous vote.

#### KILTIES' CONCERT PLEASSED.

Large Audience Assembled at Opera House Last Evening.

A large audience gave the Kilties a warm reception at the opera house last evening, and manifested its approval of their concert by enthusiastically encoring the majority of the fourteen members which composed their varied program.

The curtain was raised at the usual hour on a darkened stage, from which the Kilties were blaring forth the "Star Spangled Banner." Gradually the lights were turned on, revealing the bandmen, gaily and picturesquely clad in plaid and tartan.

The Kilties' program was unusually varied for an entertainment of its nature, selections from the band alternating with music from the choir, bag pipe selections, Scotch dances, and solo numbers. Each of the individual performers received the same hearty reception that was accorded the band.

The Kilties are an excellent musical organization, and, under the able direction of William F. Robinson, they render music which deserves to be classed with the work of the best bands on the continent. Their opening number last evening was the "William Tell" overture from Rossini's opera. It was rendered with force, grace and precision, and a nice balance of the wood and brass instruments. Mr. Robinson's direction was very capable. The favorable impression made by the band in this number was enforced in the succeeding selections, which were of a more popular nature.

The Kilties' choir of sixteen voices, sang "Boys of the Old Brigade" and were compelled to respond to an enthusiastic encore. Pipe-Sergeant Ferguson made a very favorable impression, as did Master Eugene Lockhart in a Highland fling and sword dance. The Kilties' quartet of reel dancers received vociferous applause.

In the second part David Anderson rendered a very acceptable flute solo, and J. Coats Lockhart, tenor, was compelled to respond to two encores. David Ferguson was seen again, this time in a sailor's hornpipe.

As a whole, the Kilties gave exceptional satisfaction and they may be unhesitatingly recommended to all lovers of good music and unique entertainments.

You have looked into a beautiful face, seen the sweet smile, rosy cheeks, laughing eyes, and wished nature had made you attractive. Rocky Mountain Tea makes homely women beautiful. Stafford Drug Co.

#### PINE SLABS.

Four-foot Pine Slabs delivered anywhere in city, \$2.50 per cord. Phone No. 231 or 959. South Arm Lumber Co.

#### REMOVAL RUMOR REVIVED.

Duluth Is Still Figuring on the South Shore's General Offices.

Rumors that the Duluth, South Shore & Atlantic road had taken a lease of the space vacated by the Duluth & Iron Range road in the First National bank building have been current, but no further confirmation than that the officials of the road have looked the building over with a view of establishing their headquarters there could be obtained, says the Duluth News-Tribune.

A year ago it was thought that the headquarters would be moved to Duluth from Marquette in the spring, but W. F. Fitch, then vice president, said he could not think of making the transfer while dwellings were so hard to find here. The proposed removal was abandoned for the time, but it is still a live subject with the officials of the line. It was then expected that the road would establish its headquarters in the Lyceum building, where the Duluth headquarters of the road are located. The Duluth, Missabe & Northern road has removed from the Lyceum to the new Wolvin building and the South Shore people could probably get all the additional space they might require in close proximity to the present offices. There is but one general office of the South Shore in Duluth, W. W. Walker, the general freight agent. It is known that the officials consider Duluth the logical place for the headquarters.

The general offices of the South Shore road afford employment for a large force, and the removal would be important for Duluth in other ways.

#### WEEK OF PRAYER.

The congregations of the Methodist, Baptist and Presbyterian churches are to unite this week in union services in celebration of the week of prayer. Tonight the service is to be held in the M. E. church and it is to be led by Rev. J. M. Rogers. The subject is "The Church Militant." It is expected that a representative congregation will be present. The meeting on Wednesday will be held in the Baptist church and will be led by the Rev. E. A. Elliott. A cordial invitation to attend is extended to all, irrespective of church affiliation.

#### RHEUMATISM CURED IN A DAY.

"Mystic Cure" for Rheumatism and Neuralgia radically cures in one to three days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents and \$1.00. Sold by Frank Pendill and all druggists. (11-7-32m)

#### FIRE WOOD.

Good dry hardwood, block or split. Dry pine slabs; dry hemlock slabs—any length required. F. W. Read & Co., Marquette. (12-19-1f)

Louis Grabover, C. B. Jones and J. J. Wirtz, Marquette, are authorized to take subscriptions for the Marquette & Arizona Mining Co. stock. (12-19-1f)

Impossible to foresee an accident. Not impossible to be prepared for it. Dr. Thomas' Electric Oil. Monarch over pain.
