est, To Catarrh sufferers there is nothing cheering in these climatic changes, for with the return of cold weather, all the disagreeable symptoms of Catarrh appear: blinding headaches, dizziness, a stuffy feeling about the nese that makes breathing difficult, chest pains, and as the disease progresses, a discharge of nauseating matter from the throat and nose keeps one continually hawking and spitting.

Catarrh is a most disgusting disease. The foul mucous secretions that are conatantly dropping back into the stomach contaminate and poison the blood and is distributed throughout the body, and it then becomes a deep-seated, systemic, persistent disease that must be treated through the blood, for it is beyond the reach of sprays, washes, powders or ex-ternal treatment of any kind.

Miller was an easy loser in his candidacy for re-election to the clerkship of the house. As was predicted, he had very little strength when it came to lining up the opposing factions. His supporters were but a handful compared with the men that the Bliss influence was able to gain for Pierce's support. and he never had a chance to win out. Miller leaves the house with a clean record. No one denies that he has made an excellent and valuable clerk, and had his ability to discharge the duties of the office been the sole criterion he might have died clerk of the house. His fall is to be attributed to a too strenuous participancy in partisan politics. He disliked Governor Bliss, with or without reason, and he fought against his renomination, and would have rejoiced to see the governor undone. Governor Bliss, like most carnal men, has not arrived at that beatific state where one turn's the other cheek, and he has struck at Miller because Miller struck at him. It was the governor's game and he wins. The new clerk is excellently qualified for the office, and, good a man as Miller was, there is no reason to believe that the state will lose oy the change.

It is an unfortunate circumstance that while the work of assessment has prohave, in some counties, been partially or wholly neutralized by boards of supervisors in their work of equalization. The action of these boards is controlled more often by local interests of the members than by a desire to conform to the law, in the matter of original assessments, they frequently ignore the question of ash value altogether. And this will always be the result when there is no control over the assessing officers by an independent and disinterested authority. It is clear that if the work of the

BABY'S FUTURE

Something for Mothers to Think About.

Lives of Suffering and Sorrow Averted

And Happiness and Prosperity Assured by

Cuticura Soap, Ointment and Pills When All Else Fails.

Every child born into the world with an inherited or early developed tendency to distressing, disfiguring humours of the skin, scalp and blood, becomes an object of the most tender solicitude, not only because of its suffering, but because of the dreadful fear that the disfiguration is to be lifelong and mar its future happiness and prosperity. Hence it becomes the duty of mothers of such afflicted children to acquaint themselves with the best, the purest and most effective treatment available, viz., The Cuticura Treatment. Warm baths with Cuticura Soap to

cleanse the skin and scalp of crusts and scales, gentle applications of Cuticura Ointment, to allay itching, irritation and inflammation, and soothe and heal and mild doses of Cuticura Resolvent Pills, to cool the blood in the severer cases, are all that can be desired for the alleviation of the suffering of \*kin tortured infants and children, and the comfort of worn-out parents. Millions of women use Cuticura Soap,

assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, for baby rashes, itchings and chafings, in the form of washes for annoying irritations and inflammations, and for many sanative, antiseptic purposes

#### Why Don't You Go, Too?

Why don't you go to California?

It is not an expensive trip. It is quickly made, and it is worth making. The best way to go is, of course, via the Golden State Limited, the newest and finest train across the continent.

The second best way is in a Rock Island tourist sleeper. You make fast time; are comfortable all the way; meet pleasant people; have a porter to do your bidding, and an experienced excursion manager to relieve you of all bother about tickets and baggage.

Rock Island tourist cars leave Chicago daily for Los Angeles and San Francisco, via the El Paso-Rock Island route. The Wednesday and Friday cars are personally conducted. Tourists cars for California, via Colorado Springs and Salt Lake City, also leave Chicago Tuesdays and Thursdays. Write for folder given full information.

CITY TEAM WON OUT.

Closely Contested Game.

Wednesday night the professional men ere laid low by the city team, Callian's players. However, the victory was leated nine feels no discouragement, but, on the contrary, thinks it is to be congratulated on the showing it made ame was closely contested up to the ast inning. Mitchell and Thoren, the professional men's battery, played a star game. Mitchell fielded his position re-markably well and repeatedly struck out the men who came up to bat. Mitchell's work in Wednesday night's game, as well as in previous contests, places him mong the few all round good players in Negaunee. Calligan was hit freely, and he work of the city team's battery, as whole, did not compare with that of he professional men. Ben Miller at short played in his usual good form.

The game was won in the last half of he ninth inning. Up to that time the professional men were in the lead by couple scores, the runs numbering 13 to 16, with the difference in their favor. In

RECALLED MINE DISASTER. Negaunce's Greatest Catastrophe Oc curred One Year Ago Wednesday.

Wednesday was a day of mourning in a number of Negaunee homes, for just one year ago, on the seventh of January, occurred the terrible disaster at the Ne gaunee mine, one of the worst catastrohies in the annals of mining in the Lake Superior region. Most of the victims were married and left families and relalives who are still living here. The return of the date refreshed the gloomy nemory of the sad occurrence.

For Detroit and the east, daily | 1:30 P. M. At the mine the traces of the great all of ground are plentifully in evidence. For Houghton and the copper | 3:05 P. M. The yawning crater can never be reilled. In other respects everything surounding the entrance of the shaft has een changed. A new engine house has een built, and other improvements completed, so that the property is in better For Houghton, Hancock, Calumet, Hurley, Ironwood, Ashland, Duluth and the west, ondition than was the case a year ago. There is now no danger of a recurrence f the cave-in. The timbering has been strengthened and the arrangements for andling the water are much more complete than ever before. It required a ong time and no small expense to clear away the debris and to put the work ings into condition.
