OPEN CASE TODAY

OPERATORS NOW TO BE HEARD AT STRIKE HEARING.

NON-UNION MEN CONCLUDE

PROSECUTION THREATENS COAL DEALERS IN ILLINOIS.

Attorney General Finds the Evidence of a Conspiracy Very Strong and Special Grand Jury Is Summoned—Detroit Petitions Legislature.

Philadelphia, Jan. 9.—After occupying eight days, during which they presented 150 witnesses, the non-union men closed their case today before the strike commission. The coal companies will open their case tomorrow. The principal witnesses today was Lieutenant Governor Gobin, senior brigadier general of the National Guard of Pennsylvania, who was in command of the Third brigade during the time the troops were on duty in the coal fields. His testimony may be summarized as being, in effect, that lawlessness existed, the presence of troops was necessary, and it was difficult to preserve order even after all the troops had been placed in the territory. The testimony of other witnesses called during the session was along the same line as that presented during the last eight days. Chairman Gray and Commissioner Wright were both absent today. Judge Gray is slightly ill and Mr. Wright had business to attend to in Washington. In the chairman's absence General Wilson presided.

Evidence of Conspiracy at Chicago. Springfield, Ill., Jan. 9.—At 4 o'clock tomorrow afternoon a special grand jury will meet in Chicago to investigate the alleged conspiracy between the coal operators, railroads and dealers to increase the price of coal on the Chicago market.

Attorney General Hamlin left tonight for Chicago, and will lead the investigation. He took with him evidence which he claims will show that a conspiracy exists, and before his return to Springfield the whole matter will have been thoroughly investigated. This is the result of the representations of a committee of the Illinois Manufacturers' association to State's Attorney Deeney, who afterwards had a conference with the attorney general.

The attorney general secured the services of competent men, who visited the mines and made reports which even went so far as to convince Judge Hamlin that the market is being controlled by certain dealers and operators. He says the evidence to be presented to the Cook county grand jury will be surprising. However, he declines to make public the character of the evidence with which he has been furnished, nor does he state that any railroads are interested in the alleged combine.

Chicago, Jan. 9.—A venire for a special grand jury to investigate the coal situation was issued tonight and witnesses were summoned.

Demands of Ohio Miners Granted. Coshocton, O., Jan. 9.—The local operators ended the strike of coal miners today by granting the 6 per cent increase demanded. The retail price was advanced to ten cents per bushel, the highest since the Civil war.

MEAT PACKERS TO SELL COAL. Swift & Co. to Supply Anthracite to the Poor at Cost.

Chicago, Jan. 9.—To alleviate the suffering among the poor owing to the scarcity of coal, Swift & Co. announced today that it would sell coal at cost to all who applied for it. The firm has a contract for the whole output of a mine and has been selling coal at cost to its employees. Having more coal than it requires the surplus is to be placed at the disposal of the poor. No one can obtain more than a bushel at a time. The prices will be: one bushel, 20 cents; half bushel, 10 cents, peck, 5 cents. The decision to sell the coal to the poor is not limited to Chicago, but will be in effect wherever the firm has a plant, at St. Louis, Kansas City, St. Joseph, Mo., Omaha and St. Paul.

Detroit's Municipal Coal Yard. Detroit, Jan. 9.—The city council today adopted a resolution authorizing the appointment by the mayor of a commission to manage the proposed municipal coal yard and asking the legislature to pass an act enabling the city to either borrow \$50,000 or to take that amount from the city funds to engage in the coal business.

WOMAN GOES TO PENITENTIARY. Columbus, O., Jan. 9.—Mrs. Anna T. Miller, convicted of conspiracy and misuse of the mails in an alleged attempt to blackmail business men of Columbus was today sentenced to thirteen months in the penitentiary. Thomas E. Steele, her attorney, convicted on the same charges and who is out on bond pending a motion for a new trial, has not been seen for more than a week. Mrs. Miller's husband, Joseph P. Miller, and his attorney, Ives Hughes, are also under indictment on the charge of using the mails to defraud.

Milwaukee, Jan. 9.—Henry M. Pillsbury, a prominent lumberman, was stricken with paralysis today and died this evening, aged fifty.

MET WITH TERRIFIC FORCE.

Big Four Trains Collide Running at 60 Miles an Hour—One Man Dead.

St. Louis, Jan. 9.—Running at sixty miles an hour, two Big Four passenger trains collided tonight while rounding a curve between Moro and Bethalto, Ills. As far as known one fireman was killed and three other trainmen were seriously injured. A telephone message from the scene says the passengers escaped with minor injuries. The names of the dead fireman is unknown. Those injured are: Engineer W. Hendricks; Engineer J. King, Mattoon, Ills.; Tom Corrigan, mail clerk. Only the sleeping cars were left on the track. Diligent search has failed to discover the missing fireman and it is believed his body lies under the wrecked engines.

DOUBLE TRAGEDY AT VIRGINIA.

Emil Johnson, Rejected Suitor, Kills His Sweetheart and Himself.

Virginia, Minn., Jan. 9.—At the Tower Hotel this morning, Emil Johnson, a teamster, shot and killed Miss Bena Benson because she refused to marry him. He then fatally shot himself. Kills Wife and Commits Suicide. Adrian, Mich., Jan. 9.—William B. Chio, aged forty-seven of Toledo shot and killed his wife Elizabeth and then committed suicide today. The couple had been living apart. Chio came here from Toledo yesterday. The tragedy followed his visit to his wife at the hotel, where she was employed.

WOUNDS WIFE AND KILLS HIMSELF.

Eldora, Ia., Jan. 9.—Joseph Holey shot his wife at her mother's home here tonight, and supposing she was dead killed himself. The woman will recover. The wife had sued for a divorce.

MORMON'S ELECTION PREDICTED.

Apostle Smoot Leading in the Senatorial Fight in Utah.

Salt Lake, Utah, Jan. 9.—The caucus to choose a candidate for senator will not be held until next week. The candidates are Reed Smoot, an apostle of the Mormon church; Congressman Sutherland, Governor Wells, and George M. Cannon. Unless there is a wholly unexpected change in the situation, it is predicted that Smoot will be nominated.

Denver, Col., Jan. 9.—Chairman Fairley, of the Republican state central committee, today issued a call for a meeting of the committee on Jan. 19. It is said an effort will be made by the Wolf-cott adherents to oust Fairley. Frank C. Gandy, one of the leading Republican candidates for senator to succeed Taylor, today said that the present situation in Colorado is "one of the strongest arguments ever presented to the people that United States senators should be elected by popular vote."

\$10,000,000 'PHONE COMBINE.

Independent Systems in Ohio Merged Into One Corporation.

Cincinnati, Jan. 9.—A consolidation of telephone companies in Ohio to be known as the United States Telephone company, will be incorporated in New Jersey tomorrow with a capital of ten millions. It includes the Everett-Moore lines as well as other systems except the Bell interests.

PASTOR FINED FOR CONTEMPT.

Criticism of a Fine on Mrs. Nation Costs a Topeka Minister \$100.

Topeka, Kas., Jan. 9.—Dr. J. T. McFarland, pastor of the First M. E. church, was fined \$100 today by a police judge for contempt. McFarland severely scored the judge in open court for the fine imposed on Mrs. Nation, with the above result.

POSED AS WEALTHY STOCKMAN.

Quincy, Ills., Jan. 9.—After stopping since last Saturday at leading hotels, posing as a wealthy stockman and lavishly spending money, W. L. Lane, alias "Doc" Butler, an alleged member of the Abingdon bank robbery gang, was arrested early this morning in a restaurant while giving an after-theatre lunch to a small party. Lane will be taken to Galesburg for a preliminary trial.

Lincoln, Neb., Jan. 9.—Neither of the three aliases of W. S. Lane, arrested at Quincy, Ills., and said to have served time in the Nebraska penitentiary, can be found on the records of that institution.

MOROCCOAN PRETENDER ROUTED.

Madrid, Jan. 9.—A dispatch from Melilla, Morocco, says that Bu Hamara, the pretender to the throne, has been defeated near Fez and retreated to Taza. Several more tribes have abandoned the revolutionary movement and submitted to the sultan.

Sultan Again Imprisons Brother.

London, Jan. 10.—The Tangier correspondent of the Leader says: The sultan, fearful of the growing popularity of his brother, Mulai-Mohammed, has ordered him imprisoned again. The American Protestant missionaries have been compelled to leave Fez. The situation is serious.

BAY CITY DOCTOR CONVICTED.

Bay City, Mich., Dec. 9.—Dr. Roy W. Griswold was tonight found guilty of manslaughter in connection with the death of Agnes Eberstein, the Battle Creek young woman who died at a local hotel under suspicious circumstances some months ago and for whose death P. T. Bennett, a former newspaper editor here, is already serving a term in prison.

SKATING RECORD BROKEN.

St. Louis, Jan. 9.—The world's record for a mile at indoor skating, 1:20 2/10, was broken here tonight by Harley Davison of St. Paul, who covered the distance in 1:20.

GASTRO IN STRAITS

BANK OF VENEZUELA REFUSES TO LEND HIM MONEY.

ENFORCED LOAN NOW PROPOSED

SITUATION IN CAPITAL DESCRIBED AS DEPLORABLE.

Better Element Urges President to Re-sign, Troops Are Kept Under Arms and Censor Suppress Unfavorable News.

New York, Jan. 9.—The World's Post-Spain correspondent today says: France probably will join in the blockade of the Venezuelan coast for the reason that Venezuela failed to make the first payment due on the French claim. Dec. 31. Castro's attempt to borrow money from the bank of Venezuela failed. His next step will be to force a loan from the merchants. The better element in Venezuela is urging him to give up his office. Troops are sleeping in the plazas of the capital. The situation is deplorable. Castro conceals and the censor stops all unfavorable news.

Victories Over Rebels Claimed.

Caracas, Jan. 9.—The port of Tucacaes was reoccupied yesterday by government troops after a fight with the revolutionists. The place had been occupied for the last four months by revolutionists. Lately it has been a point where much of the goods and ammunition smuggled over from Caracas has been landed.

The revolutionary force under General Ramos which was defeated last Sunday near Guaitre has dispersed. The march of the rebels upon Caracas via Guaitre is completely checked.

The government is actively pursuing the rebels. Another engagement has taken place near Coro and resulted in the rout of the enemy. Octavio Marquez and 180 men were taken prisoners by the government soldiers, who also secured a quantity of rebel ammunition. The statement that France, owing to the failure of Venezuela to pay the first installment of the claims due her, would probably join the other powers in blockading the coast is not true. It can be said with authority that the home government here has asked the home government not to take aggressive action against Venezuela.

Answer Satisfactory to Allies.

London, Jan. 9.—President Castro's reply to the powers, accepting arbitration on the conditions of the allies, was delivered to the foreign office this afternoon. The reply is regarded as having much more finality than expected and as definitely settling the submission of all difficulties to arbitration.

Berlin, Jan. 9.—President Castro's acceptance of the arbitration conditions of the allies was received today at the foreign office here, where it is regarded as being a long step toward the settlement of the questions in dispute. The foreign office hopes that most points will be arranged amicably at the preliminary discussion at Washington before reaching The Hague arbitration court.

HOLLEBEN'S WORK DISPLEASED.

Speck von Sternburg to Succeed as Ambassador at Washington.

Berlin, Jan. 9.—Ambassador von Holleben was not recalled from Washington, but, learning that his government was not wholly satisfied with his work and feeling ill and depressed, he called for a leave of absence, which was immediately granted. He will not return to Washington. Baron Speck von Sternburg's temporary assignment as charge d'affaires of Germany at Washington will be followed after an interval by his appointment as ambassador. The baron, meantime, will retain his position as consul general of Germany at Calcutta. Oddly enough, the exact whereabouts of Baron von Sternburg are not known at the foreign office. It is thought, however, he is visiting his kinspeople in Saxony.

All the foreign office officials will say about Von Holleben is: "He has not been recalled and his leave of absence was granted upon his own initiative. The government would never recall an ambassador in the midst of important negotiations without grave reasons, and these certainly do not exist in this case. The supposition that the government is annoyed because the ambassador failed to obtain President Roosevelt's acceptance of the arbitration of the Venezuelan dispute is wholly incorrect. Germany reckoned in advance that the president might have weighty reason for declining hence her note of Dec. 23 contained an alternative proposition to refer the matter to The Hague arbitration court. Still it was felt that the international political factors in the case dictated the appropriateness of first offering the president the arbitration."

PRICE OF WHISKY GOES UP.

Louisville, Ky., Jan. 9.—The price of new whisky was advanced 2 1/2 cents per gallon today.

CARNEGIE'S GIFT ACCEPTED.

Philadelphia to Get \$1,500,000 for Thirty Branch Libraries.

Philadelphia, Jan. 9.—Andrew Carnegie's offer of \$1,500,000 for thirty branch free library buildings in this city was today accepted by the trustees of the free library.

\$1,500,000 for Study of Consumption.

Henry Phipps of New York, formerly a partner of Andrew Carnegie, has contributed \$300,000 for the establishment of an institution in this city for the treatment and study of consumption. The object of the institution is the eradication of tuberculosis from this country. While Mr. Phipps' original contribution amounts to \$300,000, the endowment plan will increase the fund to about \$1,500,000.

RAILROADS TO COMPROMISE.

Will Be No Strikes on Western Lines Due to Trainmen's Demands.

Chicago, Jan. 9.—As a result of a conference of the general managers of the Western railways centering in Chicago, it is declared that there will be no strikes. It is believed the demands of the trainmen will be compromised.

General Superintendent Barrett of the Chicago & Alton tonight said: "There will be no strike of the firemen on the Alton. Their demands will be met. It was reported the Alton firemen were given 25 per cent increase on Dec. 1, but the advance was five cents upon every 100-mile run and the offer is said to have been repudiated. What the firemen want is a 12 1/2 per cent increase."

INSURANCE COMPANIES HARD HIT.

Securities on Deposit With Ohio State Treasurer Held Liable to Tax.

Columbus, O., Jan. 9.—According to a decision today by Judge Thompson, of the United States court, in the case of the Western Assurance company of Toronto, Canada, all foreign insurance companies having securities on deposit with the state treasurer must pay taxes on them. In the suit of the Western Assurance company, which sought to prevent the taxing of the amount of 26,000 shares of bonds which it had deposited with the state treasurer, the court held against the company. There are several million dollars' worth of bonds deposited by foreign insurance companies with the state treasurer.

STEEL EMPLOYEES TAKE STOCK.

Subscriptions Exceed 25,000 Shares to Be Distributed by Corporation.

New York, Jan. 9.—An official of the United States Steel corporation reports that applications to take the 26,400 shares have thus far been made by over 12,000 employees who wish to avail themselves of the profit-sharing plan. The original proposition called for the distribution of only 25,000 shares, but in order to meet the increased demand, extra stock will probably be bought in the open market. The right to subscribe expires on Feb. 1.

PLAN TWELVE-CLUB LEAGUE.

National and American Ball Magnates Talk Over Peace Terms.

Cincinnati, Jan. 9.—The baseball peace conference consumed the entire day in discussion, but final action was not reached. It was admitted that amalgamation was freely discussed, with pacific plans for a twelve-club league and other changes. It was stated that special consideration will be given contract-jumpers, and that there would no doubt be something done in that matter.

500-ST. IGNAZE TROLLEY LINE.

Pennsylvania Road Interests Said to Be Back of the Project.

Sault Ste. Marie, Mich., Jan. 9.—It was stated today that the electric road to be built from this city to St. Ignace is in the interest of the Pennsylvania road. It is expected the running time between the two places will be shortened to one hour.

FIGHT AGAINST WILL WITHDRAWN.

New York, Jan. 9.—The suit brought by Mrs. Virginia Heinich, half sister of Jacob S. Rogers, to test the validity of Rogers' will, which bequeathed the entire residuary of the estate, amounting to about six million dollars, to the Metropolitan Museum of Art, was withdrawn today. The bequests will now be transferred to the trustees of the museum.

ACCUSED WOMAN GOES FREE.

Grand Rapids, Mich., Jan. 9.—Mrs. Mary Morse, accused jointly with William Lett of the murder of Mrs. Jennie Lett last April, was today set free, nolle prosequi being entered by the prosecutor. Mrs. Lett was struck down in a drunken quarrel and was then set on fire, oil being thrown on her body. William Lett was convicted and sent to prison for thirty years.

PARTNER OF CARNEGIE KILLED.

Pittsburg, Jan. 9.—Andrew McWilliams, one of the junior partners of Andrew Carnegie and superintendent of carpenters at the Edgar Thomson Steel works, was killed by an engine today.

AMERICAN SPARS FOR SHAMROCK.

Glasgow, Jan. 9.—The American-made spars intended for Shamrock III have arrived here. The hollow main mast, excluding the topmast, is eighty-two feet long.

SWORD FOR ADMIRAL TAYLOR.

Indianapolis, Jan. 9.—The first bill passed by the Indiana legislature appropriate for a sword for Admiral Taylor, who commanded the battleship Indiana at Santiago.

Frequent Throbbing Headache.

There's many a cause for headache. Men are not often troubled by headaches. When they are it is generally due to biliousness or indigestion.

Dr. Pierce's Favorite Prescription cures such headaches by curing the cause—irregularity, weakening drains, inflammation, ulceration or female weakness.

Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

DAILY MINING JOURNAL,

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

Issued daily except on Sundays. Circulation 10,000.

Subscription Rates: Per month, by carrier, \$1.00.

Per year, by mail, \$10.00.

Marquette, Mich., Jan. 10.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

If the appellate court's decision, as handed down in Chicago this week, to the effect that dealers cannot be compelled to settle trades on the basis of artificial values created by corners holds good, it is liable to work for more stability in commercial transactions, as it cannot fail to discourage the "cornering" process which is liable to slip up all legitimate calculations whenever some shrewd operator sees and seizes an opportunity to work the market up in a purely arbitrary manner.

The Howard association, of London, through its chairman, Howard Gurney, its secretary, Edward Grubb, and its treasurer, Alfred T. Buxton, has issued a brief address to the American press deploring the frequency of lynchings in this country and the barbarous cruelties practiced in some instances, notably in the south, asking the newspapers to combat this evil to the limit of their ability.

The Boston Transcript has the following comment on the short life of modern steel battleships, as testified to by the reported retirement from active service of the Philadelphia:

The reported decision of the navy department that the cruiser Philadelphia is not worth the cost of repairing and should therefore be stricken off the available list surprised only those who have not followed the history of this vessel, which was laid down only fourteen years ago.

Steel ships do not last so long as either wooden or iron vessels in the natural course of events. Iron is tougher and will stand many hard knocks, denting and twisting before it will give way.

The Cleveland Iron Trade Review says of the ore situation, from the Cleveland viewpoint:

The general situation is one of pronounced dullness. This is undoubtedly due in large measure to the fact that business is always slow in resuming after the holidays, but it is nevertheless true that the attitude of buyers is somewhat disappointing.

Catarrh

Is a constitutional disease. It originates in a scrofulous condition of the blood and depends on that condition.

Hood's Sarsaparilla. This great medicine has wrought the most wonderful cures of all diseases depending on scrofula or the scrofulous habit.

Hood's Pills are the best cathartic.

quity develops that while the larger producers of pig iron are well supplied with ore, many of the smaller companies will draw ore on docks to a considerable extent before May 1.

The beet sugar people are finally exhibiting some desire to secure an adjustment of the Cuban reciprocity question on an amicable basis.

The students of the Calumet High school will give a skating party at the Superior rink at Laurium Friday evening, Jan. 10.

000 for nineteen; in 1901, \$12,888,500 for 109; in 1902, \$2,598,500 for ninety-six, making a total of 258 libraries which he has caused to be erected in four years at a total cost of \$19,639,050.

The largest single gift or bequest of the year was that of W. S. Stratton, the Colorado mining magnate, who left to charity an estate estimated at \$15,000,000, but as the will is being contested the amount to be realized by the intended beneficiaries cannot now be known.

COPPER COUNTRY (Additional.)

COPPERDOM BREVITIES.

Sheriff Willis is in Chicago on business. He will return the first of next week.

The students of the Calumet High school will give a skating party at the Superior rink at Laurium Friday evening, Jan. 10.

The newly elected officers of Copper town, K. O. T. M. and Sutter Hive, L. O. T. M., of Lake Linden, will be publicly and jointly installed next Thursday evening.

A considerable number of the Calumet & Hecla musicians were at one time or another connected with the famous "Kilties" band, of Canada, now touring the Northwest.

The Golden Star club, of Lake Linden, will give its third annual skating party at the Mammoth ice rink next Monday evening. St. Joseph's band will furnish music.

The insurance business formerly conducted by Webb & O'Brien in Calumet will be transferred in the future to Webb & Van Orden, Mr. O'Brien having withdrawn from the firm.

Tamarack camp, Modern Woodmen, of South Lake Linden, is preparing for a social gathering for the evening of Thursday, Jan. 15. It is the intention to provide a musical and literary program.

The basement of the new Episcopal parsonage in Houghton will be used as a public reading room which will be well supplied with books, periodicals and games. It will fill a felt want in Dollar Bay and it will likely have the support of all denominations.

A force of carpenters is at work on the third floor of the manual training school building in Calumet, getting the apartment in readiness for the cooking school which is to be established in connection with the domestic science work Feb. 1. The room was formerly used by the high school as an assembly room.

It is said that John Burder will not accept the franchise recently given him for the installation of a general heating and lighting plant in Red Jacket and that he will do nothing towards the organization of the proposed company.

Dollar Bay is represented by a first-class indoor baseball team this season. The aggregate has improved in its team work since the beginning of the winter and it may now be classed among the best in the county.

The year 1902, a record breaker in so many respects, industrially and commercially, shows a marked diminution in the volume of giving, and interesting figures compiled by the Chicago Tribune show that the total of bequests and donations to educational, religious and charitable objects was less by \$46,000,000 than during the year 1901.

These figures are not entirely satisfactory, as they do not take into account gifts of less than \$10,000. The number of these, most of which were not mentioned in the press, must have been enormous, though they would hardly account for the great balance in favor of 1901.

"Diamond Drilling" will be the subject for discussion at a regular meeting of the Copper Country Engineering society to be held in Hubbard Hall, Michigan, college of Mines, this evening.

The Laurium common council declined to take any action at its recent meeting on the application from Messrs. Ingersoll and Mercer, of Calumet, for a franchise for a gas heating and lighting plant which the gentlemen propose establishing in both Red Jacket and Laurium, providing the necessary consent is obtained.

Red Jacket brokers do not relish the plan the common council has in view of taxing them, which they furthermore do not desire to do.

On the Copper Range road's extension from Houghton to Lake Linden and Calumet there are sixteen bridges over as many ravines and creeks. Several remain to be built, ranging all the way from 60 to 125 feet in height and from 100 to 170 feet in length. The bridges are of wood. The span over the Douglass Houghton creek near Lake

Linden was recently completed and C. J. Johnson's force of men is now at work on the bridge at St. Louis hill, between Lake Linden and Calumet. Two bridges beyond that point, towards Calumet, remain to be constructed, nevertheless it is expected that the extension will be ready to operate by March 1.

MINING NEWS

QUINCY'S PRODUCTION.

The December output of the Quincy mine was 1,032 1/2 tons, as against 1,173 1/2 tons for December, 1901. For the year the mine produced 13,198 1/2 tons, as against 13,877 1/2 tons in 1901. Concerning the reduction in output, the Boston Journal says:

Quincy's copper production for 1902 of about 19,250,000 pounds refined, shows a decided falling off compared with the year previous. This is due to a variety of reasons, chief among which seems to be a notable decrease in the yield of refined copper, which appears to have fallen off from twenty-three pounds for every ton of rock stamped to a fraction over twenty pounds. The reduction in the copper contents may be partly accounted for from the fact that a less careful rock selection is being made.

In the year 1900 Quincy produced 14,116,551 pounds of refined copper, and in 1901 20,540,720 pounds. The cost of production in 1901, exclusive of construction expense, was a trifle over eight and one-half cents per pound, and it is believed this figure suffered a slight reduction last year.

The mine is now supplying the largest daily rock output in its long career, and yet extensive improvements are under way both underground and at the mill, which, when completed, will permit of a still further increase of fully twenty per cent. The present rate of production, such as within eight months the company will be in possession of milling facilities capable of treating at least 4,000 tons of rock every twenty-four hours.

The average price received for Champion and Baltic copper for the year 1902 is stated to have been better than 1 1/2 cents per pound.

The Chadbourne family of Houghton, left yesterday afternoon for Jacksonville, Fla., where they will spend the remainder of the winter.

Edward Noble, of Hancock, has resigned the secretaryship of the Hancock Barbers' union. He is succeeded by Harry Campbell of Wareham's shop.

A Hancock lodge of the Catholic Order of Foresters will be organized at a meeting to be held in the basement of St. Patrick's church at 11:30 o'clock Sunday morning.

The coppers may move a little slow for the time being, but this will not hurt them. State street is ready for an unhealthy boom.—Boston Journal.

During the year the rock milled is stated officially to have averaged close to thirty-five pounds of copper per ton for the Champion mine, and close to twenty-three pounds for the Baltic mine. The Hancock authorities have taken compassion on the poor stage horses of Hancock and notice has been served on the stage drivers to keep the horses off the streets on cold nights after 12 o'clock.

W. H. Wing, secretary of the Hancock Y. M. C. A., will preach in the South Lake Linden Congregational church Sunday morning, R. M. Scott, pastor of the Baptist church, Hancock, will fill the pulpit in the evening.

During the past year Baltic expended about \$300,000 for new construction, of which \$100,000 was on the mill and \$200,000 on the mine. All of this work represents surface expenditures, such as payments for compressors, machinery, shaft houses, etc.

Mr. and Mrs. W. H. Vivian, of East Houghton, entertained in honor of their twentieth wedding anniversary last evening. About forty of their copper country friends were present. Music was furnished throughout the evening by the Twin City Mandolin orchestra.

There was an advance of 15c yesterday in the London copper market, which closed at \$23.10 for spot and \$23.16, 3d for futures, but the New York market continued quiet and nominally unchanged, with standard quoted at \$13.75, Lake at \$12.25 and electrolytic and casting at \$12.15.

Operations at the Old Dominion mine at Globe, Ariz., have been progressing smoothly since unwatering was completed a few days ago and examination of eleventh and twelfth levels indicates less serious amount of damage than anticipated. Two furnaces will continue in commission indefinitely.

Several candidates were initiated at a meeting of Houghton tent, Knights of the Maccabees, Thursday evening. The men were surprised as the meeting was being brought to a close by a visit from the ladies of Sutter hive, L. O. T. M. A pleasant social time was had. Refreshments were served by the ladies.

The newly organized Knights of Pythias lodge at Greenland will be known as No. 226. Its officers are: E. A. Mack, chancellor commander; E. L. Hesse, vice chancellor commander; J. J. Beatty, prelate; W. L. Stannard, master of records and seal; F. J. Larned, master of exchequer; E. V. Boughton, master of finance; F. A. James, master at arms; J. D. Nelson, inner guard.

There are those who cannot see the wisdom of paying \$70 per share for Wolverine with copper at twelve cents per pound, says the Boston News Bureau. The Wolverine mine is not believed to have a life of over twenty years at the present rate of production, and copper authorities doubt the mine's ability for the next twenty years to return in dividends much if any more than current selling price of the stock. Although Wolverine rock is at the present returning thirty pounds of ingot per ton, the present rate of production, and copper authorities doubt the mine's ability for the next twenty years to return in dividends much if any more than current selling price of the stock.

WE HAVE A SURE AND POSITIVE CURE FOR ALL POISONS OF THE BLOOD!

Contagious blood poison is a cruel and imperious master; it begets not the cry for mercy on the voice of prayer; it presents and the king alike succumb to its withering touch. You may have just recently contracted Blood Poison, or its lingering taint you may have had for years. It is safe to say that you are not cured. You know that you are not. The old symptoms and troubles return every now and then. There are sores in your mouth, sores on your tongue, your hair is falling out; there are copper-colored spots on your back and shoulders, nodules on your shin bones, sharp, cutting pains in your joints. There is only one positively guaranteed cure in the world today for Blood Poison in any stage, and that is

MEDERINE. It searches out the impurities, cleanses and purifies the system, strengthens the organs, restores the constitution. MEDERINE is not only a powerful blood purifier, but a system builder. It eliminates every trace of the poisonous virus, clears and beautifies the complexion, and renders the skin soft and velvety. An absolute guarantee goes with every bottle that if MEDERINE fails to cure you, you may have your money back for the full course of treatment will be refunded. MEDERINE REMEDY CO., Duluth, Minn., for any system of treatment. All letters answered. Illustrated booklet containing cures mailed free.

PAUSE AND THINK

Our asylums are full of poor devils sent there by the ravages of Blood Poison and the deleterious effects of Mercury and Iodine of Potassium and other dreadful diseases. Many are raving maniacs. The cure is to get rid of the poison.

Price \$1 per Bottle, Six Bottles for \$5.

Stafford Drug Co., Marquette, Mich.

THIS ALWAYS TELLS IT.

Road the character of a drug store in the record of its prescription department. All that a drug store is or does or aims to do, finds expression there.

The accurate filling of prescriptions with drugs of known purity and at just prices, is the first and highest mission of a pharmacy. A large prescription business is the highest testimonial a store can have; it implies confidence on the part of both public and physicians.

Such a business we have. We want you to benefit by our splendid service, and we promise to make the price right.

CANADIAN SOOS NOT COMING.

Hockey Game Announced for Next Monday Evening Is Off.

The game scheduled for Monday evening between the local hockey team and the Canadian Soo seven is off. Word was received from the Soo yesterday that the Canadians could not come to Houghton, as the Ontario Hockey association had refused to let them play Portage Lake. Just what reason the association had for its action is not known here, as there is not a professional on the local team. The general opinion is that the Soos are afraid of defeat, a natural consequence should they play Portage Lake at Houghton or anywhere else. Not a man on the local seven has been "professionalized," nor is he likely to be. Every concession has been made to the Soos for a game, but to no avail. Toronto played Portage Lake and other Canadian teams will. It seems queer that the Soos played Toronto after Toronto had played in Houghton with the Portage Lakes.

CLERKS CIRCULATING PETITION.

Early Closing Movement Revives at Portage Lake With Signs of Success.

At a special meeting of the clerks' union of Hancock and Houghton Thursday evening, the early closing movement was revived after a short discussion, which brought out the fact that several of the large merchants were willing to assist the clerks in bringing about an agreement, it was decided to circulate a petition among the businessmen of the twin cities. Two committees were appointed for the task, one each for Houghton and Hancock. They began their work yesterday afternoon.

It is proposed to have the merchants in the twin cities close their stores at 6 o'clock each evening, except Saturday and Monday, until April 1. The clerks have met with much encouragement and it was not decided to go ahead with the movement until there were good grounds for believing it would be a success. The committees will try and get their work finished up by this evening so the agreement, if satisfactorily arranged, can be put into effect Monday. It is argued by the clerks that the early closing movement is the three oldest business months in the year and that there is not enough doing to keep open until 8 o'clock or later each evening. After April 1 they are perfectly willing to work until 8 o'clock.

The early closing movement was a success in Hancock and Houghton last winter although the clerks had a great deal of difficulty in bringing it about. The clerks' organization is still in a flourishing condition. Six new members were initiated at the meeting Thursday evening.

The early closing movement is also being agitated in other sections of copperdom. Lake Linden and South Lake Linden clerks are talking of starting a movement to close the stores there at 6 o'clock each evening and it is said that a considerable number of the merchants are willing to go ahead with the movement. The big merchants have agreed to close their stores at a reasonable hour on Saturday evenings, which may lead to the adoption of the 6 o'clock closing hour every other evening in the week.

STORM KING RULES.

A severe blizzard with plenty of snow and cold weather has been raging in copperdom the last two days. Outside business has been pretty much at a standstill, although the railroads and street car company have managed to keep their service about up to the standard.

HEADS SHOULD NEVER ACHE.

Never endure this trouble. Use at once the remedy that stopped it for Mrs. N. A. Webster, of Winnie, Va., who writes: "Dr. King's New Life Pills wholly cured me of sick headaches I had suffered from for two years." Cure Headache, Constipation, Biliouness, 25c at Stafford's drug store.

RINK TO BE OPEN SUNDAY.

Management of the Amphidrome Makes a Popular Decision.

The management of the Amphidrome at Houghton has decided to open the rink Sunday afternoons for the benefit of the skating public. No music will be in attendance, however. There is usually "nothing doing" at Houghton Sunday afternoon and for that reason the decision will be received with pleasure by many. The rink will open for the first time on Sunday tomorrow afternoon.

There will be something doing at the rink each evening, but Wednesday and Saturday evenings will be made "special nights," with music and dancing as extra attractions. The full Quincey band will be in attendance on those evenings. Fully, as many people enjoy the dancing as the skating, and on band nights the dancing gallery is well filled. The Quincey band will prepare special programs of dancing and skating music for the special nights, and it is the intention of the management to furnish copies of the program to the rink patrons. Rink ushers and attendants have been employed, and these young men will assist ladies to strap on their skates and will make themselves useful in other ways. The rink is being well managed from every standpoint. The ice is always in good condition.

Palace as a Reserve Rink.

It is the intention of the management to reopen the Palace rink, on the Hancock side of the lake, just opposite Houghton, and to hold it in reserve for special occasions. The hockey team will practice there when the Amphidrome is not available, and at times when it is necessary for hockey players to practice in the Amphidrome the public will be invited to skate in the Palace rink. The season tickets for the Amphidrome will be good at the Palace rink. It will only be on rare occasions that the hockey team will need practice in the Amphidrome rink, usually once before a big game.

LAKE LINDEN WATER PROBLEM.

New Proposition Submitted by P. Gregory Is Under Consideration.

P. Gregory of Lake Linden, who announced his intention of accepting a proposition from the village council a short time ago to furnish the village with 4,000,000 gallons of water per month for \$200 per month, now offers for the same sum to supply the village with all the water from his springs without regard to meter readings. Mr. Gregory is satisfied that the village cannot get along without the water and he has made the new proposition, not because he cannot furnish the amount of water the council says the village needs, but because he wishes to avoid future trouble which may arise over some trivial thing after he has signed a contract. Mr. Gregory says he knows his springs can furnish all the water the village needs and a great deal more besides. At the meeting of the council Thursday evening the question arose as to whether the Gregory springs could supply water to the consumers located in the elevated portion of the village. Some of the councilmen thought not, as the water main is said to be too small. It was finally decided to test the system by stretching a hose up the hill from the city hall.

WILL BE PICK OF DULUTH.

Ball Team Coming Here Next Week Will Be a Strong One.

Nine players, acknowledged to be the star men of the four teams composing the Interstate Indoor Baseball League, will invade Michigan next week, says the Duluth News-Tribune, with the defeat of the crack aggregation representing the Houghton Light Infantry their objective.

A challenge was received yesterday from the Wolverines, and as promptly accepted by Secretary H. C. Daub, who then called a meeting of the advisory board for tonight, for the purpose of choosing the men to uphold the prestige of the head of the lakes.

A series of three games will be played with the Michiganers, who have designated Tuesday, Wednesday and Thursday of next week as the days on which the contests are to be pulled off. Calumet will see two of the battles, while the third will be fought at Houghton.

INCENDIARISM SUSPECTED.

The authorities are inclined to believe that the fire which destroyed the James street building, which was destroyed Tuesday morning was of incendiary origin, and an investigation will be made. There was no light or fire left in the barn, and as Calumet is not bothered with tramps these days, it is the opinion of the officers that the blaze was the work of firebugs.

C. & H. BAND PROPOSES TOUR.

The Calumet & Hecla band is contemplating a tour of the principal cities of the upper peninsula, and as soon as Manager Cox, who is now in Lansing, arrives home arrangements for the trip will be made. It is the intention of the band to visit Marquette, Ishpeming, Ironwood and the Soo. Duluth may also be included in the itinerary. The band has received assurances from those places that good patronage can be guaranteed. The band enjoys an excellent reputation throughout the upper peninsula, and there is no reason why it should not have a successful trip. The concert programs would be up to the standard of the best band in the country. It is the intention of Manager Cox to make the tour an annual one providing the coming one is satisfactory.

RHEUMATISM CURED IN A DAY.

"Mytic Cure" for Rheumatism and Neuralgia radically cures in one to three days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits, and the second cures. Sold by Frank Penfold and all druggists. (10-7-2mo)

Mr. Arlando Barsanti, 618 Lake Linden avenue, and David Armit, Laurium, Mich., authorized to take subscriptions for the Marquette and Arizona Mining Co. stock. (12-19-11)

Capacity for business receives its speediest reward in the selling department.

If you think you have the ability to sell a Five Per Cent. Twenty-Year Gold Bond on the instalment plan write me stating your age, present occupation, and give me bank or other good references.

All letters treated as strictly confidential.

GEORGE T. DEXTER, Superintendent of Domestic Agencies, The Mutual Life Insurance Company of New York, 32 Nassau Street, New York, N. Y.

TOWN WITH A FUTURE.

Rapid Growth Predicted for South Range, the New Mining Center.

The new town of South Range located a short distance south of the Baltic location, in the district south of Houghton, is destined, it is believed, to be the business and residence center of that region. A boom for the place is predicted for next summer. Already Portage Lake business men have their eyes in the direction of the territory south of Houghton, and several Houghton and Hancock merchants have given contracts for the construction of store buildings in the new town. A number of business structures and residences are under construction at the place and early in the spring a busy scene of building operations is expected.

The townsite of South Range is owned by the Wheelkate Mining company, recently organized, which is promoting the enterprise. The company is privileged to acquire, hold and dispose of all such real estate and personal property as may be necessary for the convenience of carrying on its project. The company may also, as its name intimates, engage in mining, refining, smelting or manufacturing copper, silver, or other ores, minerals or metals.

The town is not only near Baltic but is also a short distance from Trumount and Champion and Atlantic. The town will be served by the Copper Range road, whose new station will be known as South Range-Baltic. Most people in the district south of Houghton do their trading in Houghton and Hancock, but the time is not far off when things will change. Facilities for trading at home are bound to be provided in the natural course of events in the development of the region in question, and as soon as that condition of affairs is established Houghton and Hancock merchants will see a falling off in their business from the district south of Houghton. For that reason and because it is believed the region in question will continue to grow for years to come some of the Portage Lake merchants are figuring on starting branch stores in the new town and in other of the mining locations. On account of the Trumount and Champion mines, which are to be operated on a big scale, the district south of Houghton has been rapidly opened up and it is yet only in its infancy.

The new town site has been carefully laid out, not only with a view of regularity but also of attractiveness. Five streets running east and west were cleared and graded before the snow fell, and were also five thoroughfares at right angles to them. The two main business streets will be known as Trumount avenue, running lengthwise of the town, and Baltic avenue, crossing the first named thoroughfare at right angles. The town will be connected with Baltic, Trumount, Champion and Atlantic by means of highways which the company has laid out. The Copper Range road's new station now building at South Range is convenient to Baltic people as well as to those of the other mining towns known as South Range-Baltic. The depot is fifty-two feet in length and twenty feet wide. The portion to be used for the freight house will be twenty-four feet in length and one story in height. The rest of the structure will be two stories high, with living apartments on the second floor for the agent.

All streets in the new town are sixty feet wide with the exception of the two avenues, which are eighty feet. A contract was recently given a Hancock stone mason for the construction of foundations for six new business blocks in the new town. The foundations will be built this winter, and early in the spring the superstructures will go up. Although it is not given out what the buildings will be used for it is understood that one of them will be a bank. The foundations for the new building are already completed. A large double store brick building will be erected on the largest of these, which is 24 by 74 feet in dimensions. It is understood that Chicago, Houghton and Hancock men are interested in the erection of the buildings. In the spring it is said a contract high up in living apartments on second-room dwellings will be given. All structures will be of a most substantial character and modern, and each will be built with a view of making the town as attractive as possible.

Perhaps the only thing in any way detrimental to the new enterprise is the name of the new town, which is likely to be confused with South Range as the district south of Houghton is generally known.

THE SECRET OF LONG LIFE.

Consists in keeping all the main organs of the body in healthy, regular action, and in quickly destroying deadly disease germs. Electric Bitters regulate Stomach, Liver and Kidneys, purify the blood, and give a splendid appetite. The work wonders in curing Kidney Troubles, Female Complaints, Nervous Diseases, Constipation, Dyspepsia, and Malaria. Vigorous health and strength always follow their use. Only 50c, guaranteed by Stafford, druggist.

"IF I COULD GET RID of this abominable cold," exclaimed the sufferer, when the end of a span of coughing gave him a chance to talk. The way out of the trouble is plain. Take Allen's Lung Balm and you will get the germ of the cough fastened upon throat and lungs. After a few doses the cough is easier and less frequent, and a complete cure is but the question of a little time.

Terrible plagues, those itching, pestering diseases that beset the skin. Put an end to misery. Doan's Ointment cures. At any drug store.

This signature is on every box of the genuine Laxative Bromo-Quinine Tablets the remedy that cures a cold in one day.

NEW PLAN TO PROTECT GAME.

Several Calumet sportsmen intend agitating a movement for the passage of a special act of the legislature which will prevent hunting of any kind or description in the territory north of the Portage Lake waterways across Keweenaw point, for a period of four years. The matter will be brought before the local sportsmen's organization, which, in turn, may interest the members of the legislature in the proposed action. The territory included in the intended hunting ban includes all that north of Houghton beyond Calumet and Lake Linden and all that north of Portage Entry, a wide expanse of territory, and principally in Keweenaw county, where game was once plentiful. Deer were exceedingly scarce in Keweenaw county last season. It is claimed that a law, such as is proposed, will give the game a chance to grow in numbers.

INDUSTRIAL BOOM IN CANADA.

Justice C. O. Olivier of Hancock is home from a visit to his old home in Montreal, Canada. He states that Canada is undergoing a great commercial revolution and that the country has taken on a progressive and prosperous air, similar to that in the states, marking a great change from the conditions prevailing a few years ago. Mr. Olivier says it is due to great extent to the inroads of American capital and the adoption of American methods by the Canadians.

GETS POSITION AS A PAGE.

William Sleeman, a Hancock youth, who has been employed in the office of the Hancock Journal, has been given a position as page in the house of representatives. He was recommended by Hancock businessmen. He left last evening for Lansing.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure the deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous services. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

COAL DEALERS WELL SOLD OUT.

Copper country coal dealers have but small supplies of coal left and are selling only in one or two ton lots. The prices range all the way from \$8.25 to \$9 per ton. Most coppermen people are well supplied with the fuel, and in that they are fortunate compared with numerous other districts in the country. Owing to the fact that the general heating plant in the Lutey greenhouses at Calumet has run out of coal, several buildings at the north end of Fifth street which secure their heat from the plant are now without it.

BROKE NOSE PLAYING HOCKEY.

Charles A. Wright, Jr., of Hancock, while playing hockey in the West Hancock ice rink Thursday afternoon, broke his nose by bumping into another player's head.

CONTEST OVER MILLIONS LIKELY.

Millionaire Who Wedded Secretary Two Days Before Death Left No Will.

Milwaukee, Wis., Jan. 9.—So far as the attorneys and family of the late W. H. Bradley, the Milwaukee multi-millionaire, who was married to his private secretary on Monday and died Wednesday, know, he did not leave a will, and a contest for the vast estate is anticipated.

The dead lumberman is survived by an adopted son, William Bradley, whose wife gave birth to an heir Monday afternoon, a few hours before the wedding took place, and two brothers, Edward and James Bradley, both residents of Milwaukee and retired capitalists.

William H. Bradley is said to have left an estate of \$12,000,000, and under the laws of Wisconsin his wife of two days is entitled to a third of the person from the real estate.

Forty-Eight Indiana Damsels Will Seek North Dakota Husbands.

Kokomo, Ind., Jan. 9.—Forty-eight Kokomo and Howard county girls are making preparations to start to Rugby, N. D., to become wives of men they have never seen. Several weeks ago J. R. Walters, formerly of this place, wrote a resident of North Dakota, wrote a letter to a paper here stating that there were 500 bachelors in Rugby wanting wives. As a result Walters received nearly one hundred letters from young women of this place offering to go there and marry their share of the lonely bachelors.

The names of the women were given the Dakota men, and correspondence was opened. The young women being willing to take chances on securing good husbands with quarter sections of land.

The girls are making preparations for the journey, and will go in a body if rates can be secured.

Independent Sheet and Tin Plate Interests Plan Big Merger.

Pittsburg, Jan. 9.—The result of the secret meeting of independent sheet and tin plate interests held here last week has just leaked out. At the time it was announced that the meeting was to consider plans for the protection of manufacturing concerns outside of the United States Steel corporation. A. F. Baumgarten, secretary of the association, suggested a plan which, if adopted, would make the members entirely independent as to raw material.

It is proposed to consolidate all the independent interests, secure ore lands, coking and steam properties, build blast furnaces, and a large Bessemer steel plant to furnish steel to the finishing mills in this country. The project was looked upon with favor, and a committee was appointed to prepare plans for the proposed consolidation and data as to the cost of erecting the necessary blast furnaces and steel plant, and to secure options on available coal and ore properties.

A. Andrews, president of the Newport Rolling Mill company of Newport, Ky., was made chairman of the committee. When it is ready to report another meeting of the independent tin plate and sheet plants of the country will be called to consider plans for the enterprise.

Belief That She Will Be Able to Beat Life's Best Production.

Bristol, R. I., Jan. 9.—Much of the work on the new cup defender of the past week was confined to the continuation of the shaping of the craft's frames and assembling them in convenient places near the midsection of the boat. Each day's work gives ample proof that the design and manner of construction are superior to the Constitution. Things are being shaped the first of the week for setting up the frames in the midsection of the boat before the shop closed yesterday, but owing to a combination of circumstances, one of which was the lengthening of the keel plate, the beginning of the framing-out process went over for a few days more.

The sailmakers are now well along with the sails for the new boat, some of which are practically completed, while at another end of the loft the sails for the Constitution and Columbia are pretty well under way. There seems to be as much anxiety to have the sails finished early for the old boats as for the new one, the plan being to have all the boats in commission about the same time. It is understood here that Mr. Belmont is endeavoring to have the Constitution and Columbia ready next season, some assertions being that the yacht will be in sailing fettle by the latter part of March.

A new steel spar is being made for the Constitution. That no expense is to be spared in putting the Constitution in tip-top racing trim is very evident, and if she is a better than the Columbia she will have every opportunity to prove it this year. Those who are closely watching the shaping of the new boat, however, are confident that she will be some minutes faster than either the Columbia or the Constitution, and there is a growing confidence in her ability to best anything Life may turn out.

There are several orders for new steam yachts at the Herreshoff shops. Many mechanics are at work on the new class of thirty-footers.

MANUFACTURERS ORGANIZE.

Milwaukee, Jan. 9.—Over one hundred manufacturers from all parts of Wisconsin gathered in Milwaukee today and organized the Wisconsin Manufacturers' association. The object is to protect and further the interests of the manufacturers in Wisconsin. The organization is on the lines of the Illinois Manufacturers' association, with which the Wisconsin body will work in harmony.

YEAR STARTS WELL

DISTRIBUTION OF MERCHANDISE IS REMARKABLY HEAVY.

ORDERS STILL COMING FREELY

FUEL SITUATION IS THE ONE DISTURBING ELEMENT.

Iron and Steel Continue in Active Request and Demand for Ore Promises to Clean Up the Supplies at Lake Erie Ports.

Range of Money Rates.

Money on call, steady, at 4 1/2 per cent; closing, offered at 4. Time money, easier, with a good demand; sixty days, 5 1/2 per cent; ninety, 5, and six months, 5. Prime mercantile paper, 5 1/2 per cent. Exchange, steady, demand at 48 1/2, 48 1/2, and 48 1/2, at 48 1/2. Bar silver, 47 1/2.

CHICAGO GRAIN MARKETS.

Chicago, Jan. 9.—Reports of unsettled weather in Argentina, firm cables, and small receipts caused strength in wheat early in the day, but under the influence of the better prices the offerings became quite liberal and a reaction followed, May selling down to 75 1/2. At the decline the market ruled rather dull, although there was a fair demand for commission houses and scalpers. An increase of a million and a half in exports for the week, as reported by Bradstreet's, compared with the corresponding week a year ago, caused new buying late in the day and the close was strong, with January at 72 1/2. On the coast forty-five boats were taken. Liverpool was 1/4 higher. May opened at 75 1/2; highest, 76 1/2; lowest, 75 1/2; closing, 76 1/2.

In corn the close was an irregular one, January showing a loss of 1/2 and July of 1/2, while May gained 1/2. The market was easier the greater part of the day on liberal offerings from locals, while the demand was only limited. The weather conditions were "bearish," being favorable for grading and the movement, but the shortage of cars, which restricted the receipts, played an important part in the trading. Late in the session a good demand developed on reports of a big cash business at the commission houses and shorts buying freely, January closed at 46 1/2. Liverpool was unchanged to 1/4 higher. May opened at 43 1/2; highest, 44; lowest, 43 1/2; closing, 43 1/2.

Oats were active but unsettled. The market receded 1/4 early, but recovered and closed at the top, with the prices the same as yesterday on May and a shade lower for July. The break was on selling for profits by commission houses. The rally was on replacing lines recently sold and in sympathy with other grains. The cash demand, which had all offerings found buyers at 1/2 higher. May opened at 34 1/2; highest, 34 1/2; lowest, 34 1/2; closing, 34 1/2.

Receipts and shipments were as follows: Receipts, 17,000 14,000. Flour, barrels, 17,000 14,000. Wheat, bushels, 51,000 26,000. Corn, bushels, 284,000 182,000. Oats, bushels, 294,000 236,000.

COPPER STRENGTH CONTINUES.

Paine, Webber & Co. said of the copper market: "The advance in the coppers was given a new impetus today. The buying was well scattered and of a character that indicated an increasing public interest. Copper quotations from London showed a further strong recovery. The best thing about today's trading was the ease with which several of the local coppers advanced in the face of dullness and at times almost weakness in Amalgamated. It proves that there is a basis for the present market and that its strength does not depend upon the manipulation of any one stock."

Coppers started up again this morning, under the lead of Copper Range and Centennial, with some gossip that they would combine with Trimountain, Calumet and Amalgamated were much sought. While there has been a good deal of manipulation going on, the public has taken hold and the price of metal is doing better. It looks like higher prices."

Chicago Markets Rather Dull.

Laidley said of the Chicago markets: "Wheat opened slightly lower, and during the early part of the session, was inclined toward weakness. Late, however, it turned very strong, and advanced easily on good buying, closing at an advance of 1/2 cent over yesterday. The receipts were small and the clearances rather large. Thirty-five loads were reported for export, and there is a good cash demand here. It is a very hard market to judge right here, as there are arguments on both sides, but the general indications seem to point toward higher figures."

Corn opened strong and slightly higher, but also turned weak, and it looked as if it would sell off materially. A little later, however, it turned strong, upon continued good buying of the same class as yesterday, closing slightly over last night. The receipts and estimates continue small, the clearances somewhat smaller. Seventeen loads were reported for export. The Argentine shipments are

NOTICE.

Marquette, Mich., Jan. 2, 1903. Notice is hereby given that the annual meeting of the stockholders of the Lake Shore Engine works, for the election of directors and the transaction of other business, will be held at its office in the city of Marquette, in the state of Michigan, on the third Monday (the 19th) of January, A. D. 1903, at 2 o'clock p. m. J. E. SHERMAN, Secretary.

they would have little to hope for in the new position of the stock. The failure of the Louisville directors to advance the dividend rate served to emphasize this impression, and the break in Louisville accompanied that in Reading. The market was supported at the decline and the closing was firm at a rally, as follows, Paine, Webber & Co. reporting the figures:

Table with columns for stock names and prices. Includes: Wabash Pfd., N. Y. Central, Southern Ry., Sugar, New York Island, St. Paul, R. K. T., Babcock, C. P. & N., Canadian Pac., D. & W., Illinois Central, Leather, U. S. Steel, Pfd., Peoples Gas, Atchafalaya, Northern Pac., Pfd., Denver Pfd., etc.

TELEGRAPHIC NEWS CONDENSED.

Cleveland, Jan. 9.—This city is now supplied with natural gas from wells in West Virginia, 200 miles distant. The completion of the system was celebrated tonight.

London, Jan. 9.—There is absolutely no foundation for the report published today in the United States that Colonial Secretary Chamberlain has been assassinated in South Africa.

Capetown, Jan. 9.—Alfred Beit, the well-known South African financier, is reported dying from apoplexy at Johannesburg.

The Hague, Jan. 9.—It is officially announced that the styled sultan of Aceh (Sumatra, Dutch East Indies) has tendered his submission.

Columbus, O., Jan. 9.—Governor Nash issued a proclamation today calling upon the people of Ohio to observe Jan. 28 with exercises in all schools, colleges and universities commemorative of the anniversary of McKinley's birth.

Bellefonte, Pa., Jan. 9.—Former Governor Governor Hastings died this morning.

Ashkhabad, Russian Turkestan, Jan. 9.—There was another violent earthquake at Andijan Wednesday. No loss of life resulted.

Berlin, Jan. 9.—The German foreign office budget estimates provide \$10,625 for a minister-resident at Havana.

St. Petersburg, Jan. 9.—Robert S. McCormick, the newly appointed United States ambassador to Russia, and Mrs. McCormick arrived here today.

Omaha, Jan. 9.—President Burt, of the Union Pacific, will next Monday confer with the trainmen concerning their demand for an increase in wages.

Springfield, Ill., Jan. 9.—The citizens of Carlinville have started a movement for the erection in that city of a monument over the grave of General John M. Palmer, former governor of Illinois, United States senator from this state and gold Democratic candidate for president in 1896. The legislature will be asked for an appropriation.

Springfield, Ill., Jan. 9.—The state board of health today sent physicians to Christian, Gallatin and Hardin counties to investigate the smallpox which is said to prevail there to an alarming extent.

Kansas City, Jan. 9.—The sixth annual convention of the National Livestock association will meet here next Tuesday and continue in session for four days. It will be the most important meeting of stockmen ever held in this country. Every state and territory will be represented. Oregon alone will send two hundred delegates.

Council Bluffs, Ia., Jan. 9.—Judge McPherson, of the federal court here, today practically dismissed the claims of the Iowa creditors of the Elgin Creamery company. The eight thousand Iowa creditors had agreed with the company that the patrons who furnished milk or cream should receive forty cents on the dollar of their claims, while those who had claims for hauling supplies should receive 100 cents on the dollar. The patron and hauler are practically one and the same party and the settlement is considered a victory for the creditors of the company.

Columbus, O., Jan. 9.—H. A. MacNeil, the sculptor, formerly of Chicago, but now of New York, was today selected to design the McKinley Memorial arch to be erected at the entrance of the capitol grounds at Columbus. Its cost will be \$50,000.

New Orleans, Jan. 9.—Consul General works of the McLarey Manufacturing company burned today. The loss is \$300,000. There was a panic among the five hundred employes, but no one was injured.

Fargo, N. D., Jan. 9.—The Edwards building, occupied by several firms, burned tonight. The loss is \$200,000, insurance half.

Chicago, Jan. 9.—The Federal Manufacturing company's plant at South Chicago was damaged by fire today. The loss is \$150,000.

Substitutes for coal. Necessity is the surest promoter of invention. The recent coal strike causing the prices to advance to almost beyond reach has resulted in the granting of over 4,000 patents on machines to burn either oil or gas. The necessity for a family medicine that could be relied on absolutely in cases of stomach, liver and kidney ailments led to the introduction of Hostetter's Stomach Bitters fifty years ago. Today it is world famed as a cure for loss of appetite, insomnia, nervousness, flatulency, indigestion, dyspepsia, constipation and biliousness. Try a bottle and be convinced of its value. It contains nothing that will injure the most delicate system, and is therefore specially adapted for restoring strength to those who have become weak from lung sickness or those in need of a tonic. Don't accept a substitute.

Tight money causes failure. Buffalo, N. Y., Jan. 9.—Application was made today for the voluntary dissolution of the National Tube works of this city and the appointment of a receiver. The assets are \$213,000 and liabilities \$71,000. It is asserted that the stringency in the money market is the reason for the action.

A CARD. We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded. Stafford Drug Co., Desjardins Pharmacy, (11-16m-e) The People's Drug Store.

BOSTON COPPER QUOTATIONS.

The copper stocks dealt in on the Boston exchange closed as follows yesterday, the quotations being reported by Paine, Webber & Co.:

Table with columns for copper stock names and prices. Includes: Aeve, Arn, Green Con., Amalg., B. & C., C. & H., Cop. R., Franklin, Hale Coy., Ring, Mass., May Flower, Mob., Mich., Old Dom., L. S. & P., etc.

Home Duties

The real heroines of every day are in our homes. Frequently, however, it is a mistaken and useless heroism. Women seem to listen to every call of duty except the supreme one that tells them to guard their health. How much harder the daily tasks become when some derangement of the female organs makes every movement painful and keeps the nervous system unstrung? Irritability takes the place of happiness and amiability; and weakness and suffering takes the place of health and strength. As long as they can drag themselves around, women continue to work and perform their household duties. They have been led to believe that suffering is necessary because they are women. What a mistake!

The use of Lydia E. Pinkham's Vegetable Compound will banish pain and restore happiness. Don't resort to strong stimulants or narcotics when this great strengthening, healing remedy for women is always within reach.

FREE MEDICAL ADVICE TO WOMEN.

If there is anything in your case about which you would like special advice, write freely to Mrs. Pinkham. No man will see your letter. She can surely help you, for no person in America has such a wide experience in treating female ills as she has. She has helped hundreds of thousands of women back to health. Her address is Lynn, Mass., and her advice is free. You are very foolish if you do not accept her kind invitation.

For proof read the symptoms, suffering and cure recited in the following letters:

DEAR MRS. PINKHAM:—I wish to express to you the great benefit I have derived from your advice and the use of Lydia E. Pinkham's Vegetable Compound. My trouble was female weakness in its worst form and I was in a very bad condition. I could not perform my household duties, my back ached, I was extremely nervous, and I could not get to sleep, and I had such a wide experience in treating female ills as she has. She has helped hundreds of thousands of women back to health. Her address is Lynn, Mass., and her advice is free. You are very foolish if you do not accept her kind invitation.

HOTEL CLIFTON, MARQUETTE, MICH. Two Blocks From New D., S. S. & A. Depot. Rates \$2.00 and \$2.50 Per Day. DAN SULLIVAN Prop.

HEAVY LOSSES BY FIRE. Sunday at the Churches. Methodist—Services, morning and evening, conducted by the pastor, Rev. E. A. Elliott. Subject of morning sermon, "The Law of Growth." WILL PLAY AT HOUGHTON.

Maccabees Will Meet Light Infantry on Its Home Diamond.

Although all the details have yet to be arranged and the date has not yet been named, it has practically been settled that the Maccabee indoor baseball team will go to Houghton, there to meet the Light Infantry in the second contest these nine have engaged in this season. It will be remembered that the first game, which the locals won here New Year's night, terminated in a rather unsatisfactory manner. The Mining Journal would suggest, in the interest of true sport, that in selecting the umpires for the next game men are designated who are well known among the sporting fraternity of the upper peninsula, and whose decisions the public will be ready to accept without demur.

The Houghton team was more favorable to Marquette's suggestion of neutral grounds, but as the Maccabees were not insistent on this point it did not stand in the way of arrangements for the game. The Houghton Mining Gazette, commenting on the proposed contest, says:

"The Houghton Light Infantry indoor baseball team is anxious to play the Marquette Maccabees another game and hope to get the Queen City boys here the last of January or first of February. While the local team is anxious for a game with the Maccabees, it is unwilling to go away from Houghton to play. The infantry lads argue that since they went to Marquette they are entitled to a return game and they will not consent to a game on what the Marquette team calls 'neutral grounds.' The Houghton team has a good reputation for entertaining visitors and will insure the Marquette the best of treatment if they will come here for a game.

"The Houghton team bears the Marquette team and people no ill-will because of any features of the game played in that city New Year's night. In fact the local boys are loud in their praises of the courteous treatment they received. They objected to decisions of the umpire and withdrew from the game merely as protest at being beaten because of what they considered an unjust decision. The boys here do not think the umpire willfully made a wrong decision, nor do they think the Marquette players would employ an umpire whom they knew to be unfair. Houghton had protested decisions of the umpire early in the game and when it came to the scratch emphasized its protests by withdrawing from the contest.

"The games recently scheduled by the infantry team with the fast Alpena nine of the lower peninsula have been cancelled. Calumet was unwilling to take on the Alpena team and Houghton could not alone stand the expense of bringing the Alpena team to the copper country. The local fans will be disappointed at this news, as Alpena has a very fast team and good games had been anticipated.

"The next regularly scheduled games for the infantry team are those to be played with Duluth, January 13, 14 and 15.

If you have a bad taste in your mouth, feel bad, nervous, fretful, pain after eating, nausea, Rocky Mountain Tea will cure you in 30 days. No cure no pay. 35 cents. Stafford Drug Co.

CITY BREVITIES.

Today's weather: Generally fair and cold.

E. H. Towar and Miss Madge Towar arrived in the city this week.

The whist club will meet this afternoon at 2:30 with Mrs. Seldon Rose.

Ex-County Treasurer Walter Bell of Munising is in the city for a short stay.

There will be a special session of Eastern Star hut, No. 111 1/2, this evening.

Henry C. Reynolds leaves this evening for Princeton, N. J., where he will resume his studies in the Princeton university.

J. H. Gates of Milwaukee, superintendent of the American Express company, has been in Marquette the past few days.

The Spanish-American war veterans are requested to meet at the rink at 1:30 Sunday afternoon, to attend the funeral of Clement White.

Interment of the remains of C. H. Bixby, who died in Chicago this week, was made at Appleton yesterday, the funeral services having been held at Chicago Thursday afternoon.

The Light Infantry will meet at the Casino tomorrow afternoon at 1 o'clock to attend the funeral of Clement White. The members are requested to wear fatigue caps, white gloves and leggings.

A score or more of his friends tendered Paul Harris, Alger street, a surprise party last evening. An enjoyable time was spent, with progressive pedro as a leading source of entertainment.

The directors of St. Luke's hospital met Thursday afternoon and elected Rev. J. M. Rogers and D. W. Powell to the office of directors to succeed A. Kilder and Fred Needham, removed from the city.

A. J. McDonnell of Traverse City, who was here assisting the contractors while the Marquette & Southeastern road was building, arrived in the city this week, and has been here the past few days.

Miss Lillian Constance, Superior street, was pleasantly surprised last evening by a large party of her friends. Cards, music and refreshments were features of the function. The card prizes went to J. E. Reau and Miss Clara Dube.

The Mining Journal printers go to Negaunee tonight to play a return game on the indoor diamond with the up-the-road craftsmen. The contest will occur in the Adelphi rink, and the locals, with great good luck, hope to pull out a victory, although they have not been practicing of late. They, however, have the prestige of having won the first game, which was played here.

The remains of Alfred O'Meara will arrive this morning on the 10:40 train, being accompanied by William O'Meara, father of the deceased and J. M. O'Meara, paymaster of the South Shore, the latter going down to Chicago to meet Mr. O'Meara. Will O'Meara is up from Chicago to attend the funeral, which will be held Monday morning at 9 o'clock

from St. Peter's cathedral, with interment in the Holy Cross cemetery.

The annual meeting of the Marquette County Agricultural society will be held at the office of the secretary, M. E. Asire, the afternoon of the 12th at 2 o'clock. The annual election of officers will be held, and any business that may properly come before the meeting will be considered.

Mrs. Lucien Miljour died yesterday at the home of her son at the Power House location. Mrs. Miljour was aged sixty-nine years, and she is survived by a husband and two sons. The funeral will be held Monday at 9 a. m. from the French Catholic church, with interment in the Holy Cross cemetery.

The schools of the city are being put in a thoroughly sanitary condition. Some parents are a little alarmed about scarlet fever and to allay their fears the different rooms are being thoroughly fumigated. This work was done in the Fourth street building Thursday night, and the Ely and Third street schools will receive attention today and tomorrow. Other buildings will be fumigated next week, if it is judged necessary.

Recorder Donovan has received copies of the street railway franchises in force in the cities of Madison and Port Huron. He has also received a copy of the franchise under which the Grand Rapids, Grand Haven and Muskegon interurban line is operating. These charters, together with others that will be received, will be turned over to the joint council committee for examination and comparison with the franchise now in force here. All three franchises mentioned above are brief and not very complicated documents.

CAUTION! This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of Consumption and Throat and Lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe Coughs, Bronchitis, Croup—and especially for Consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25 cent size has just been introduced this year. Regular size 75 cents. At Stafford Drug Co.

GOING OUT OF BUSINESS. We wish to announce that we are going out of the grocery business. Our stock will be sold at less than cost price, at retail, from now until Feb. 1.

MRS. IDA McDONALD,

Supreme Deputy of the Maccabees of the World.

MRS. McDONALD, No. 477 Beaubien Street, Detroit, Mich., is a prominent woman who was greatly benefited by the great woman's medicine, Wine of Cardui. Mrs. McDonald is the supreme deputy of the Maccabees of the World, and one of the most widely known women in the United States. Thousands of women gather to hear her lecture everywhere she goes. The great work she has done for the Maccabees is appreciated by every member of the order. She was so absorbed in her work that she neglected to give her health proper care—failed to take warning that the symptoms of approaching kidney trouble gave her, the sallow complexion and torpid liver. But Wine of Cardui cured her the same as it has cured thousands of others and Mrs. McDonald has written this letter in order that other suffering women may secure from Wine of Cardui the same relief she got from it.

Mrs. Ida McDonald.

that I must do something to regain my health. A friend advocated your Wine of Cardui treatment so strongly that I decided to try it, although I had little faith in patent medicines. I am now very thankful that I did so, for within ten days blessed relief came to me, and in less than three months I was cured, and ever since, I know there is nothing better for a sick woman who wishes to enjoy perfect health and am very pleased to give my hearty endorsement.

No suffering woman can afford to ignore such a letter as Mrs. McDonald writes. Her plans and advice have proved valuable in building up one of the greatest women's organizations in the United States and she takes time to give advice which she knows will help you. Do not delay in securing this medicine. There is nothing to gain and everything to lose by delay. The choice is before you. Will or will you not secure relief now by taking Wine of Cardui? All druggists sell \$1.00 bottles of Wine of Cardui as well as 25c packages of Theford's Black-Draught.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

Trochet's Colchicine Salicylate Capsules.

A standard and infallible cure for RHEUMATISM and GOUT, endorsed by the highest medical authorities of Europe and America. Golden State Limited

Theoretically, the buffet-smoking-library car of the Golden State Limited is for men only. Practically, it isn't. It is a favorite resort for lady passengers—a place where they go for an hour or two, while husband, brother, father or friend talks tariff revision and smokes a fragrant cigar.

The Golden State Limited leaves Chicago daily via the El Paso-Rock Island route. Less than three days to Los Angeles. Through cars to Santa Barbara and San Francisco. Electric lights; electric fans; bath room; barber shop; Booklovers' library; compartment and standard sleepers; observation, dining and library cars.

Cut out this ad and mail it, with name and address, to this office, and beautifully illustrated book about California will be sent free.

Gen. F. Lee, G.A.P.D., 91 Adams St., Chicago, Ill.

Ishpeming and its Environs.

MARRIED TWENTY-FIVE YEARS. COMING TO UNITED STATES. Large Party Helps J. H. Molloy and Wife Celebrate Silver Wedding. Many Finlanders Settling in This Country—Majority on Upper Peninsula.

Yesterday was the twenty-fifth anniversary of the marriage of Mr. and Mrs. James H. Molloy, and last evening Mr. Molloy's railroad associates, their wives and other friends, about thirty in all, gathered at his residence and helped celebrate the occasion. The party was in the nature of a surprise and was quite unexpected by those in whose honor it was held. The guests came fully prepared. After all had arrived, John W. Steger, the popular Northwestern county doctor, first spoke and he expressed the sentiments of the entire company when he dwelt on the warm friendship that existed between Mr. Molloy and all his associates. E. O. Bengry, cashier at the Northwestern depot, with a few well-chosen words presented Mr. Molloy with a handsome roll top desk, the gift of the Northwestern employees. After a vocal solo by William Hughes and a selection by a quartet, came the banquet, which was presided over by A. P. Johnson, agent of the Northwestern at Negaunee, who called on different guests for toasts. A number of the officials of the Northwestern road were expected, but were unable to attend, and sent their regrets. Mr. Molloy has been in the employ of the Northwestern continuously for thirty-one years, in fact he began his career as a railroad man in one of the company's offices. He has been stationed at Ishpeming for eighteen years, and has made a fine record for himself, being one of the most efficient employees of the company.

FORMER RESIDENT DEAD.

A. C. Croll, a former resident of Ishpeming, died Thursday at Michigan, where he had resided for a few months. Mr. Croll came to Marquette county about forty years ago and first settled at Negaunee, where he conducted a jewelry store. From there he went to Michigan, and engaged in the same business for eighteen or twenty years. He then came here and opened a store in the opera house block. About two years ago he retired from business and went to the copper country. A few months ago he returned to his old home at Michigan. Mr. Croll had been in feeble health for some time past. He was seventy-eight years old at the time of his death, which was caused by debility. The deceased was born in Germany and came to the United States when a young man. He is survived by a wife and three sons, Emil of Iron Mountain, Fred of Milwaukee and A. M. Croll of Norway. He also left two daughters, Mrs. P. Tresize of Michigan and Mrs. James Carmichael of Hibbing. The funeral will be held today.

ISHPEMING IN BRIEF.

Fred Koimen, a well-known newspaper man of Calumet, is in the city. A party of young people enjoyed a sleigh ride to Dexter Thursday night. A son was born to Mr. and Mrs. Michael Collins, 204 Graham street, Wednesday. The Ski club will meet at Erik Hoyseth's residence, for a run, tomorrow morning at 9 o'clock. The local office of the Singer Sewing Machine company has had many applications for calendars the past few days. In yesterday's issue the marriage of Jacob Dompierre was announced. It should have read Clifford Dompierre, son of Jacob. Tom Couch has established a retail fish market in front of F. Jacob's barber shop, Main street. He buys his fish at Green Bay, his home town. The Tromby orchestra will give another hop next Wednesday evening at the Anderson hall. A car will be held for the accommodation of Negaunee patrons. E. P. Biegler went to Michigan Thursday, having been summoned there by the death of his old friend, Mr. Croll. Mr. Biegler had been acquainted with the deceased for many years. Mrs. Sofia Magnuson, one of the oldest residents of the city, died yesterday, aged seventy-two. She is survived by one son. The funeral will be held Sunday afternoon from the Swedish Lutheran church. Miss Ella Jacob, who has been clerking in the A. W. Myers Mercantile company's store for some time past, leaves there this evening to accept a place in the dry goods department of P. Braastad & Co. Several Ishpeming people witnessed the ball game between the Twin City Traveling men and Breitung House team at Negaunee last evening. The Ishpeming and Marquette printers meet on the Adelphi diamond this evening. Mrs. John Hosking entertained a large number of lady friends at her residence Thursday afternoon. Several from Negaunee were present. Lunch was served and the guests played progressive pedro. Mrs. J. S. Mennie and Mrs. George Thoney won prizes. The A. W. Myers Mercantile company announces in this issue that a clearing sale will be conducted all next week, beginning Monday morning and continuing until Saturday evening. The company is desirous of clearing out all the winter goods possible before taking the annual inventory. Rare bargains are promised all who patronize the sale. Ishpeming people who have been saving their anthracite coal for zero weather have been "digging" into the pile the past few days. Colder weather is predicted, and so far as can now be judged the zero mark, with occasional drops some degrees below, will be hugged for the next week or ten days. The fuel dealers are having a big rush as a result of the cold snap. Our winter goods of all kinds are being closed out at greatly reduced prices. Finnish Mercantile association. We are now selling 10-inch green hardwood at \$4.75 a load. Consolidated Fuel & Lumber Co. (11-24 ft.)

The past few years have witnessed a great increase in the Finnish population of the United States. Finland is not a large country, and, considering its size and comparatively small population, it has sent a remarkably large proportion of its inhabitants to this country. It is doubtful if another European nation has a similarly large representation in America in proportion to the size of its population. It is only within the past twenty years that Finlanders began to find their way to the States in any considerable numbers. During that short time nearly 300,000 have come here and settled down with the intention of remaining permanently, having renounced the fatherland forever. The famine that is now causing distress was due more to the land of freedom and plenty. At home the Finlanders are either farmers or fishermen. They carry their love for the soil to their adopted country and outside of the peninsula the men live on farms. A good many still follow their vocations as fishermen and along the shores of Lake Superior and on Puget Sound there are large colonies earning a good living in this business. In the Superior region they are miners. The average raw Finlander who has just come over knows nothing of mining and his first lessons in the craft in the Michigan iron and copper mines. In Minnesota there are large colonies of Finnish farmers. They make excellent citizens and soon acquire the habits of native Americans. The Finnish people have a number of exclusive fraternal organizations, but the K. O. T. M. is the only lodge that has a distinctively Finnish branch. The Maccabees have a large membership among the Finlanders, and since the order has been extended to other states a large number in Minnesota have joined. In Michigan there are ten Finnish lodges with about 1,500 members. The order is popular and has prospects for a large growth.

FORESTERS INSTALL.

Thursday night the Catholic Order of Foresters met in Convent hall and installed their newly elected officers. The following entered upon their duties: J. G. Welsh, past chief ranger; William Leininger, chief ranger; Jacob Bell, vice chief ranger; M. A. Morrow, recording secretary; M. F. Lally, financial secretary; Patrick Cronin, treasurer; T. Maloney, G. Grammet, J. Nolan, trustees; T. J. O'Brien, senior conductor; John Buck, junior conductor; Ed Lally, inside sentinel; Ewald Senob, outside sentinel; William Leininger, delegate to the state convention; Patrick Cronin, alternate.

"A TRUE KENTUCKIAN."

"The Columbia Theatre company opened a week's engagement at Rundle's Opera House last night, presenting 'A True Kentuckian,'" says the Iron Mountain Tribune. "Our people were pleased with the performance and the company will doubtless be greeted with good houses during the week. One pleasant feature of the Columbian performance is that there are no long tiresome waits. The time between acts is filled up with singing and dancing specialties." The sale of reserved seat tickets began this morning. Ladies' free tickets will be issued for Monday night.

LIVER TROUBLES.

Those troubles are always the result of indigestion and often appear before you feel anything wrong with the stomach. When your complexion is sallow, breath offensive, appetite fickle and tongue coated, it is a sure sign of indigestion and inactive liver. There is an easy way of eradicating these troubles quickly; buy a 25c bottle of Re-Go Tonic Laxative Syrup and within twenty-four hours you will feel like a new person. Sold by People's Drug Store.

Upper Peninsula.

Bessemer Mine Strike Still On—No settlement of the strike at the Mikado mine, at Bessemer, has been effected. Many unmarried men are leaving to find work elsewhere. Deputy sheriffs continue to patrol the property. Two hundred men are involved in the strike.

Head Crushed by Logs—Mitchell Baker, thirty years old, was instantly killed while coupling cars on the Quinnessee Logging company's narrow gauge line near Iron Mountain. His head was caught between the end of two logs and crushed to a jelly. Baker lived at Quinnessee.

Newberry Railroad Completed—The Newberry Furnace company has completed its railroad to the wood camps where it is taking out wood to be converted into charcoal. The road is six miles in length and was completed in sixty days from the time construction work started.

To Run Mine by Electricity—M. H. Morarty and Captain C. T. Beynau are negotiating for the excess water power at Crystal Falls. If the deal goes through it is planned to establish a power plant and run the machinery in Lot 3 mine by electricity. This will be somewhat of an innovation in mining in that section.

Prosecuting Attorney Kept Busy—During the past year 215 criminal cases were prosecuted in Menominee county, and of this number 190 resulted in convictions. The number charged with being drunk and disorderly greatly exceeds that of any other charge, there being fifty-six prosecutions for this offense, fifty-one of which resulted in verdicts of guilty.

He Voted for Alger—The only Democrat who voted in caucus to make the choice of Senator Alger unanimous was, curiously enough, the very man whom the Republicans of the house of representatives planned to deprive of his seat. That was Representative G. T. Werline of Menominee, who was given his seat by the county canvassers

The Horrible Tortures of Rheumatism

on the strength of two votes majority. The caucus was held in the Downey house, and as there were only eight Democrats of the total of twelve in both houses present, adjournment was taken until another time. The test vote stood, D. J. Campau 3, W. R. Burt, 2, Alger 1, blank 2.

Escanaba Man Asks Damages—Another suit for damages for alleged negligence on the part of the city has been filed at Escanaba, the complainant being Edward Flemming, who says that on the night of Sunday, Oct. 19, he was seriously injured by falling into an excavation being made in front of a saloon building, and asks for damages to the amount of \$1,000. Mr. Flemming's bill was presented to the council at its meeting this week and was referred to the city attorney for investigation. Mr. Flemming is seventy years of age and has been blind in one eye for the past thirty years. Inasmuch as there were no street lights on or near the place where the accident occurred he thinks he is entitled to damages for the injury he suffered.

State Game Warden Objects—Fred Stephenson of Menominee has received a permit from State Game Warden Overbeck, of Wisconsin, to ship any game, including deer, which was in the nature of a curiosity or freak, which he might kill or secure in any other way, from Michigan through Wisconsin. An effort is now being made to get the same kind of a permit for Mr. Stephenson from State Game Warden Morse, of this state, so that he may ship such game out of the state. During the past deer hunting season Mr. Stephenson killed a black tailed deer, the only one of the kind ever being made in this part of the country, except three other smaller ones which were killed at the same time. Mr. Stephenson applied, through Deputy Game Warden Bell, to State Game Warden Morse for permission to ship the deer carcass to the Field Columbian museum in Chicago. Mr. Morse refused this request, saying that the deer could be shipped to the University of Michigan museum at Ann Arbor. This Mr. Stephenson has not done, and the hide and head, waiting for stuffing, are still in his possession. The manager of the Field Columbian museum secured the permission to ship the carcass through Wisconsin by applying through the governor of that state. The matter has been taken up with Governor Bliss of Michigan by the manager, and an effort is being made to induce him to use his influence with the state game warden in securing a permit allowing Mr. Stephenson to ship such game out of the state, providing it is not done for gain but for the benefit of some public institution.

THERE'S MANY A SLIP on the ice or wet ground at this time of year, and many a sore spot in consequence. Be anxious to get relief from the pain against accident. That is why we keep Perry Davis' Painkiller on hand to relieve the ache or bruised flesh, and sore, throbbing muscle. It has given relief to two generations. There is but one Painkiller, Perry Davis'.

We are selling all kinds of winter goods at greatly reduced prices. Finnish Mercantile association.

H. C. Cain and George Treviskis, Voelker block, Ishpeming, are authorized to take subscriptions for the Marquette & Arizona Mining Co. stock. (12-19 ft.)

MIDWIFE AND NURSE.—Mrs. G. A. Hiden, 525 N. Lake street, Ishpeming. Graduated in Europe with highest diploma. Speaks English, Swedish, Finnish, German and Russian. Bell phone 96, county phone 273. (12-17-1m)

UNCONSCIOUS FROM CROUP.—During a sudden and terrible attack of croup our little girl was unconscious from strangulation, says A. L. Spafford, postmaster, Chester, Mich., and a dose of One Minute Cough Cure was administered and repeated often. It reduced the swelling and inflammation, cut the mucus and shortly the child was resting easy and speedily recovered. It cures Coughs, Colds, La Grippe, and all Throat and Lung troubles. One Minute Cough Cure lingers in the throat and chest and enables the lungs to contribute pure, health-giving oxygen to the blood. H. Harwood, Ishpeming; The Stafford Drug Co., Marquette.

Suffered for Over Ten Years. Cured by Dr. Iman's Ladies' Restorative
TALMADGE, MICH.
THE IMAN MED. CO., Grand Rapids, Mich.
Dear Doctor: I have been thinking for some time that I ought to write you a few words of praise for your wonderful LADIES' RESTORATIVE. It did me worlds of good. I suffered such untold agonies with my meneses, and with female complaints, for over ten years, that death would have been a relief to me. I took doctors' medicine and several kinds of patent medicine, but they all availed me nothing. I am so thankful that I learned of DR. IMAN'S LADIES' RESTORATIVE that I want to recommend it to every lady that is suffering from those terrible complaints. Any one wishing to know more about it may address, MRS. L. MORSE, Talmadge, Mich.

WEAK LUNGS
 Weak lungs are mostly due to a neglected cough. Only a small part, of the millions who have consumption inherit it. A slight cold, a tickling or hacking cough is the beginning, and after it has reached a certain advanced stage there is no ending except the grave. Any case of consumption that is curable; that is, any one having consumption whose family or friends still hold on to a ray of hope, may take comfort in the knowledge of the fact that One Minute Cough Cure will give instant relief and finally cure. This famous remedy does not pass immediately into the stomach, but reaches the throat, chest and lungs, producing the following results:
 (1) Relieves the cough.
 (2) Makes the breathing easy.
 (3) Cuts out the phlegm.
 (4) Draws out the inflammation.
 (5) Kills the germs (microbes) of disease.
 (6) Strengthens the mucous membranes.
 (7) Clears the throat.
 (8) Relieves the feverish conditions.
 (9) Removes every cause of the cough and the strain on the lungs.
 (10) Enables the lungs to contribute pure life-giving and life-sustaining oxygen to the blood. Cures Croup and all Cough, Lung and Bronchial Affections.
CONSUMPTION CURED.
 "My physician told me one year ago that I would die of consumption inside of a year. I commenced taking One Minute Cough Cure for my lung trouble and it cured me. I have gained 20 pounds and I am a pretty live 'dead' woman." One Minute Cough Cure saved me." Mary P. Soutar, One Minute Cough Cure.
 Pleasant to the taste. Good for Children. Good for every body. For Coughs, Colds, Croup, Whooping-Cough, Bronchitis, Asthma, Pneumonia and all Throat and Lung troubles no remedy is so good as

ONE MINUTE COUGH CURE.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling Home of Swamp-Root, including many of the thousands of testimonials letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

WILLS MINE LEASE SOLD.
 Hon. Alexander Maitland Has Helped Develop the Property.

The Wills Mining company owner of the lease to the Wills iron ore mine, township of McKinley, this week sold its lease to the Republic Iron & Steel company, says the Duluth News-Tribune.

The exact terms of the lease could not be learned, but it was reported in one quarter that the consideration was \$60,000. Another report had it the amount was \$75,000.
 The Wills Mining company was controlled by A. W. Thompson of Chicago, Lieutenant Governor A. Maitland of Michigan, of Negaunee, and E. D. Parmelee, of Virginia.
 Mr. Thompson is president and Mr. Maitland general manager of the Republic Iron & Steel company.
 Mr. Parmelee is superintendent of the iron and steel company's properties at Virginia, which comprise the Franklin group.
 Messrs. Thompson, Maitland and Parmelee each owned a one-third interest in the Wills Mining company and Mr. Thompson was its president.
 The Wills mine is an underground proposition and comprises 160 acres. The royalty is 25 cents a ton and the fee is owned by Pettit and Robinson of Minneapolis.
 The Wills Mining company was organized a year ago to own the lease of the property, and immediately opened it up as far as possible the first year. The mine became a shipper last fall and forwarded 14,000 for its first season of activity in the shipping list.
 The ore of the Wills mine is hauled by the Duluth & Iron Range road.
 While the mine is generally described as "township of McKinley," it is only the one deposit does not extend under the improved part of the village.
 At any rate, there is no prospect of a wholesale removal of buildings some day, as was the case at Eveleth a few years ago.

PRINTS PLAY TONIGHT.
 The Ishpeming "prints" will be over in force tonight, with a large crowd of rooters. Their professed object is to make "pi" of their Marquette brethren. The exhibition will begin promptly at 8:30. Ladies will be welcomed, and can see the game free of charge. The general admission will be twenty-five cents. The following is the line up of the teams:
 Ishpeming—R. Morell, catch; Tom Dyer, pitcher; Ed Viking, first base; C. Johnson, second base; Ed Rowe, third base; O. Gunville, left short; Soderstrom, right short; Ed Carney, right field; John Martin, left field; Frank Isaacson, substitute; George Stengline, mascot.
 Marquette—L. Varebrook, catch; Will Crowley, pitcher; Ed Butler, right short; T. Downs, left short; M. Desotelle, first base; Ed McCarthy, second base; A. Erickson, third base; J. Erickson, right field; P. Bolduc, left field; F. Savard, substitute; Delore Verdon, mascot.

LOCAL LACONICS.
 Miss Ida Muck went to Norway Thursday.
 H. G. Muck has purchased a new delivery horse.
 The Odd Fellows installed their officers Thursday evening.
 Tom Trathen is rejoicing over the advent of another son, born Thursday.
 Charles Muck, Sr., and wife attended the funeral of Mr. Croll at Michigamme yesterday.
 The Ishpeming Light Guard defeated the plumbers in the indoor baseball game Thursday night by a score of 46 to 16.
 Offer and Walter Ethier have been home from Hibbing on a ten days' visit. Offer left for Chicago Thursday, but is expected back Monday.
 C. I. Smith and wife entertained the Carpenter-Cook people Thursday evening. The guests played progressive pedro, and light refreshments were served.
 Mrs. M. E. Arland will leave for Green Bay this morning to visit her parents. From there she will go to Chicago where she will be joined by Mrs. Theodor Cornell.
 James McNeil, Jr., is engaged in prospecting about fifty miles west of St. Johns, Canada. If he is successful in locating valuable ore he will open a mine.
 Mrs. C. F. Moll and two children, who have been visiting Mrs. Moll's mother, Mrs. A. C. McKenzie, for the past ten days, returned to her home at Kenton Thursday.
 The city indoor ball team will play the Marquette Light Infantry nine in this city next Monday evening. On Tuesday evening they will play the Maca-bees at Marquette.
 Rev. C. M. Thompson, presiding elder for this district, will preach at the Mitchell M. E. church tomorrow morning at 10:30 o'clock. This evening the second quarterly conference will be held at the church, Rev. Thompson presiding.
 Captain P. L. Ramquist, now of Bessemer but formerly a Negaunee man, has recently acquired properties of the Oliver company. Until recently Captain Ram-

NOT AFRAID OF MARQUETTE.
 If the weighty ball players from Marquette think their brethren from Negaunee have "cold feet" they are greatly mistaken. The Negaunee fat men are not afraid of anything, and any time that Marquette wants to meet them on the diamond they will be on hand. All communications should be addressed to Joe Richardson, the manager of the fat men. The Negaunee men are ready to play for fun, money or a "feed," preferably the latter.

BREITUNG HOUSE TEAM WON.
 The game of indoor ball last evening between the Breitung House and Traveling Men's teams was an exciting contest. It resulted in a victory for the hotel boys by the score of 16 to 13, but it is alleged by the traveling men that six of the victor's runs were due to alleged balks.
TO CURE A COLD IN ONE DAY
 Take Laxative Bromo-Quinine Tablets. This signature on every box. 25c

DOUGLASSVILLE, GA., MAY 17, 1902.
 I have been traveling for nearly two years and have suffered very badly from indigestion and dyspepsia. I tried several physicians and all kinds of patent medicines, but Kodol is the first and only remedy that has done me any good whatever; now I have only used two small bottles and to my surprise it has cured me sound and well.—B. W. WATTERS.

Take KODOL for Dyspepsia
Sour Stomach Tired Stomach Weak Stomach Puffed Stomach Nervous Stomach Gas on Stomach Catarrh of the Stomach and all other symptoms of Indigestion

quist was in charge of the underground work at the Fayal mine.
NEW CENTURY COMFORT.
 Millions are daily finding a world of comfort in Bucklen's Arnica Salve. It kills pain from Burns, Scalds, Cuts, Bruises; conquers Ulcers and Fever Sores; cures Eruptions, Salt Rheum, Boils and Felons; removes Corns and Warts; Best Pile cure on earth. Only 25c at Stafford's drug store.

Kenton Catches.

A daughter was born Monday to Mr. and Mrs. C. B. Cushman.
 Mr. M. Seabring, of Morenci, father of Mrs. W. L. B. Collins, is visiting his daughter.
 Mr. and Mrs. William Kroll returned Friday from their holiday visit at Kalamazoo.
 Mrs. C. F. Moll and children visited at Negaunee over New Year's, returning home Thursday.
 Joseph Wilcox has contracted to cut 1,000 cords of stove wood for the Sparrow-Kroll Lumber company.
 Mrs. Leighton and son, of Grand Marais, are the guests of Mrs. Stambaugh for a few weeks' visit.
 Miss Emma Skoglund, who spent the holidays here with her parents, returned Friday to her school work at Duluth.
 U. S. Hayes invaded the copper country Monday and sold several cars of lumber for the Sparrow-Kroll Lumber company.
 Lumber operations are progressing finely since the favorable weather set in. Woodsmen, especially cathook men and teamsters, find ready employment at good wages.

Peter Johnson, a victim of smallpox, died at Sidnaw Sunday. A brother at Essexville, Bay County, is the only relative of whom the authorities have obtained trace. The remains were promptly buried at Sidnaw.
 Residents of French extraction made the dawn of New Year's ring in Kenton With the French, of all the holidays, New Year's day is the most widely observed. The day was wound up with a sleigh ride to the home of Jule King, where a dancing party was held.
 Invitations were issued to the "Kenton Juniors" and the young ladies "Literary Twenty" by Mesdames Kroll, Stambaugh, Pierson and Baker, to meet them at Opera Hall Friday evening from 6 to 9 o'clock, at which time a supper was served and a general round of games indulged in.
 Mr. and Mrs. J. L. Stambaugh ushered in the New Year social functions Saturday night with a novel party given for the young people of Kenton. Twenty guests were present and Miss McIntyre carried off first prize, a beautiful specimen of the pyrographic art, being the Queen of Hearts daintily charred on white wood, the work of the hostess. Miss Wollen of Ewen, the out of town guest of honor, rendered several piano selections.
 W. W. Schultz of Chicago, a large piling contractor, closed a deal here Friday with the Sparrow-Kroll company for a large shipment of piling that will eventually be used in the construction of a steel plant at Buffalo. Mr. Schultz gave some idea of the vastness of the work for which he was furnishing piling by saying that the plant would cover an area of one by two miles square, and that piles, seventy-five feet and less, were being driven three feet apart from center to center. Over fifty thousand pieces had already gone into the work and the job is yet uncompleted. The Sparrow-Kroll company is cutting some fine Norway, just the thing to meet the specifications.

The Inward Effects of humors are worse than the outward. They endanger the whole system. Hood's Sarsaparilla eradicates all humors, cures all their inward and outward effects. It's the great alterative and tonic, whose merit has been everywhere established. 7
 C. H. Jennings, Negaunee, is authorized to take subscriptions for the Marquette & Arizona Mining stock.
 (12-19-11)

"Little Colds" neglected—thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds—cures big colds, too, down to the very verge of consumption.
A SCIENTIFIC DISCOVERY.
 Kodol does for the stomach that which it is unable to do for itself, even when it is slightly disordered or overloaded. Kodol supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. Kodol digests what you eat and enables the stomach and digestive organs to transform all food into rich, red blood. H. Harwood, Ishpeming; The Stafford Drug Co., Marquette.

KODOL for Dyspepsia
 Repeated attacks of indigestion inflames the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucin instead of the juices of natural digestion. This is called Catarrh of the Stomach. It is caused by indigestion.
 For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. First comes slight indigestion, then repeated attacks of indigestion, and if something is not done the symptoms mentioned on the left follow in about the order named. Some of these symptoms may not be experienced, while heartburn, headache, constipation and many others may be, but chronic dyspepsia and finally Catarrh of the Stomach is certain to be the result if the proper treatment is not resorted to. KODOL relieves inflammation of the mucous membranes lining the stomach, protects the nerves, and enables the glands to secrete the natural juices of digestion. Its use enables the stomach and digestive organs to transform all of the wholesome food that may be eaten into the kind of rich, red blood that makes health, strength, tissue, brain, brawn and bone.
"Kodol Digests What You Eat"
 Recent experiments, by practical tests and examination with the aid of the X-Ray, establish it as a fact that Catarrh of the Stomach is not a disease in itself, but that it is a condition resulting from repeated attacks of indigestion.
 The stomach and alimentary canal, or digestive tract, is lined or coated with a mucous membrane. Studding the surface of this mucous membrane are the gastric glands. Here, also, are the terminal branches of the pneumogastric nerves, and many branches from the sympathetic system.
 Bottles only \$1.00. Six bottles 25c times the trial size, which sells for 50c.
 Prepared by E. O. DEWITT & CO., CHICAGO

RUSH TO PAY TAXES

CITY TREASURER HAD A BUSTY TIME OF IT YESTERDAY.

LAST DAY WITHOUT PENALTY

FOUR PER CENT COLLECTION FEE NOW TO BE CHARGED.

Fate of the Delinquents an Especially Hard One After March 1—Considerable Added Expense and Much Red Tape.

Yesterday many good people of Marquette county put in a considerable part of their time in the tax collectors' offices, and in the various cities, towns and townships large amounts were received by the treasurers in exchange for the tax receipts. The reason of the great rush to the tax collectors was the fact that yesterday was the last day on which the taxes could be settled without the addition of the penalty assessed against delinquents.

Under the requirements of the state law now in force all state, county, city and township taxes are due and payable to the city or township treasurer in the city or township in which the property is located on December 1 of the year in which the assessments are made.

When paid on or before January 9 following the date of assessment, the collecting treasurer may demand a collection fee of one per cent upon the amount of the taxes, but when the taxpayer through oversight or procrastination fails to pay, the city or township treasurer, without settling he must pay a collection fee of four per cent, the added three per cent being the penalty of his carelessness.

The city of Marquette, through a special enactment, has provided that the local or city taxes shall become due in July of each year, but they may be paid between December 1 and March 1, if desired, the same as state and county taxes.

All taxes unpaid to the local collecting officers on March 1 are returned to the county treasurer, and are then payable to that official, or to the auditor general at Lansing. When the taxes go to the treasurer without collection there is an additional penalty for the further delinquency, the total due from the taxpayer being computed with interest of one per cent per month, in addition to the four per cent collection fee incurred by failure to pay on or before January 9.

Following the matter further, it is found that for all taxes unpaid nineteen months or more from March 1 a charge of \$1 for each description of land is added until May 1 following, when, if the taxes still remain unpaid, the county

treasurer offers the descriptions for sale for the taxes and charges. After the sale the owner may redeem the property, or properties, by paying the amount for which it, or they, as the case may be, was sold, with interest at the rate of one per cent for each month. The right to redeem continues for one year from the date of sale.

It readily appears from the above statement of the working of the tax law that the fate of the delinquent is a hard one, he having to pay dearly for his carelessness, to say nothing of making himself subject to much red tape and annoyance. Under the circumstances it is little wonder that the 9th of January is the occasion of an annual rush for the tax collectors' offices.

Treasurer Eggers, with a couple of assistants, was kept busy all through office hours yesterday by taxpayers who wanted to escape with the minimum of charges. It is said that the number of delinquents for 1902 is approximately the same as 1901. The same rush that was observed here was likewise reported from the up-the-road cities and townships.

AT THE RINK TONIGHT.

Mitchell and Fredstrum Will Skate for the Peninsula Championship.

The most exciting skating race seen here so far this season is anticipated in the contest arranged to take place this evening at the rink between George Mitchell, now of the Soo, and Charles Fredstrum of Calumet. It is to settle the mooted question of superiority between the two contestants and also to determine the upper peninsula championship. Fredstrum is said to be the fastest man on skates in the copper country, while Mitchell has yet to meet his peer among Northern Michigan skaters, and the match is expected to be very close and interesting. An admission of twenty-five cents will be charged adults, with fifteen as the price for children. A big crowd is expected out.

There is some talk of inaugurating the practice of having dancing as well as skating at the rink. Dancing on the ice has grown very popular in the copper country, and it is believed it would be received with much favor here. Providing sufficient interest is manifested, it is said the rink management will give the project serious consideration.

THE SPIRIT OF WINTER.

The Spirit of Winter is with us, making its presence known in many different ways—sometimes by cheery sunshine and glistening snows, and sometimes by driving winds and blinding storms. To many people it seems to take a delight in making bad things worse, for rheumatism twists harder, twinges sharper, catarrh becomes more annoying, and the many symptoms of scrofula are developed and aggravated.

There is not much poetry in this, but there is truth, and it is a wonder that more people don't get rid of these ailments. The medicine that cures them—Hood's Sarsaparilla—is easily obtained and there is abundant proof that its cures are radical and permanent.

"THE RIVALS."

It Will Be a Dramatic Treat of Major Excellence.

Next Thursday evening Marquette county theatre goers will have an opportunity to enjoy a dramatic treat of major excellence when "The Rivals," Sheridan's famous comedy, ranking among the best of the classic comedies of the English stage, will be presented by what is described as an "all-star" cast, with Joseph Jefferson, Jr., and William W. Jefferson appearing as Sir Launcelot O'Trigger and Bob Acres, respectively. Mrs. Malaprop will be presented by Miss Paget, who comes of an old theatrical family, and who has scored heavily as the delightful old dragon of Sheridan's clever play. The company includes, besides, Messrs. John Jack, Walter Ware, Harry Odlin and the Misses Blanche Bender, Jessie Sweet and others. "The Rivals" calls for a comparatively small sized company, so the management can place every part in the cast in the hands of able artists. "The Rivals" is being vociferously received everywhere, and it will doubtless prove one of the most satisfactory attractions of the current season at the local theatre.

The Tribune, of Chicago, a very conservative paper where the stage is concerned, recently said, in discussing the present company in "The Rivals": "It remains to speak of William W. Jefferson's Bob Acres. It was really a remarkable performance. Joseph Jefferson, it is said, has claimed that William once played the part and the audience never knew that it was not his father. This is rather a rash statement, but there were times last night when it almost seemed that it may be true. In face, form, gesture and occasionally voice, William Jefferson was entirely his father, and he deserves enormous credit for stepping so early, at his age, into his father's shoes."

There is so much dash, life, light and color to "Florodora," to be presented here Wednesday evening, that those who have seen the big production, see nothing astonishing in its unparalleled success. It has choruses which overtop anything else of its kind and is most popular in the originality and tunefulness of its musical numbers. The company presenting "Florodora" here has been carefully selected, and the production, requiring seventy people, will be given in its entirety.

"If" a woman ever gets so "homely" she isn't worth looking at, she'd better take Rocky Mountain Tea. Brings back the bloom of youth. 35 cents. Stafford Drug Co.

Mrs. Claven is prepared to receive lady patients at her home. Good room and care. No. 908 North Third street. (1-7-1w)

FREE VACCINATION.

The board of health recommends that all people not successfully vaccinated within five years should be revaccinated. All who are unable to pay for their vaccinations will be vaccinated at the expense of the city at the office of Dr. Lunn during the regular office hours. (1-9-1w)
