Desjardin's Pharmacy

There was a hurry call for the ambulance of the City Hospital. In the course of a few moments a very sick woman was brought in on a stretcher — she was pale as death and evidently suffering keen agony. There was a hasty examination and consultation, and in less than a quarter of an hour the poor creature was

on the operating table to undergo an operation for ovaritis. The above is an accurate account of an incident which occurred in New York recently; the young woman in question had warnings enough of her dangerous condition in the terrible pains and burning sensation low down in her left side. She had no one to advise her, and she suffered torture until it was too late for anything to save her life.

Women should remember that if they do not care to tell a doctor their troubles, they should be willing to tell them to a woman, who stands ever ready to advise and help them. Again we state that Mrs. Pinkham's advice is freely and confidentially given to every one who asks for it. Address, Lynn, Mass.

The following letters prove beyond question that Lydia E. Pinkham's Vegetable Compound has the power to cure, and does cure thousands of cases ef inflammation of the ovaries, womb, and all other derangements of the female organism.

MRS. OTTOSON SAVED FROM A SURGICAL OPERATION.

"DEAR MRS. PINKHAM: - I cannot thank you enough for what your Vegetable Compound has done for me. If it had not been for your medicine, I think I would 'I will tell you how I suffered. I could hardly walk, was unable to sleep or eat. Menstruation was irregular. At last I had to stay in my bed, and flowed so badly that they sent for a doctor, who said I had inflammation of the ovaries, and must go

through an operation, as no medicine could help me, but I could not do that. I received a little book of yours, and after reading it I concluded to try Lydia E. Pinkham's Vegetable Compound, and I am now a well woman. I shall praise your medicine as long as I live, and also recommend the same to any one suffering as I was."—Mrs. Minnir Ottoson, Otho, Iowa. (June 9, 1901.)

Follow the record of this medicine, and remember that these thousands of cures of women whose letters are constantly printed in this paper were not brought about by "something else," but by Lydia E. Pinkham's Vegetable Compound, the great Woman's Remedy for Woman's Ills. Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want - a cure. Moral

-Stick to the medicine that you know is Best. Write to Mrs. Pinkham for advice. INFLAMMATION OF THE OVARIES CURED WITHOUT THE KNIFE.

"Dear Mrs. Pinkham: — I wish to express my gratitude for the restored health and happiness Lydia E.

Pinkham's Vegetable Compound has brought into my life.

For Indigestion K Bad breath, sour risings, a sense of fullness after eating, belching of gas, heart burn, no appetite and a loss of strength are some of the symptoms the person

must endure whose stomach and digestive organs fail to digest and assimilate the food they eat. If not cured catarrh of the stomach is the result.

For a number of years I was troubled with Dyspepsia and Indigestion. It grew into the worst form, nothing I used did me any good. Finally I tried Kodol and after using four bottles I was entirely cured. Kodol does all that you claim for it. I recommend it to all sufferers from Dyspepsia and Indigestion.— Mrs. Carrie Granfill, Tray, I. T.

'Kodol digests what you eat"

Kodol represents the natural juices of digestion as they exist in a healthy stomach. It cleanses, purifies and sweetens the stomach, and cures positively and permanently all stomach troubles, indigestion and dyspepsia.

It restores health to the stomach and strength to the body by enabling the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. Makes the sick well and the weak strong.

One of the contingencies for which the aldermen desire to provide is the construction of an inter-urban road between here and Negaunee, and it is not im-probable that the council will ask a guarantee that the street railway comany will co-operate, when the occasion ids, to secure such a road, either milding it itself or uniting with other interests to secure its construction and success.
