ARE READY TO FIGHT

AMERICANS IN ISLE OF PINES DENY CUBAN AUTHORITY.

WILL NOT PAY TAXES NOW DUE

SERVE NOTICE THEY WILL RESIST BY FORCE IF NECESSARY.

Havana Government Admits Question of Ownership Is Open but Holds It Has de Facto Control Until Matter Is Settled by Treaty.

Havana, Jan. 20.—Americans residing in the Isle of Pines deny the assumption of the Cuban government that the United States has no special interest in the island and that it is not likely to insist on eventual ownership. In any event, they seem confident of having the support of the United States, if necessary, in their resistance to being governed and taxed by the Cuban officials pending the settlement of the question of ownership. The matter is expected to receive important consideration in connection with the settlement of the location of the coaling stations and other pending questions between Cuba and the United States.

Notice Served on the Alcalde.

Recently the American residents of the island unitedly notified the alcalde of the Isle of Pines and the Cuban government of their intention to resist by force if necessary, the collection of taxes or any assumption of authority over the island by the Cuban government. The taxes are now falling due, and every American has pledged himself not to pay them. The Americans' contention is founded on the section of the Platt amendment which expressly omits the Isle of Pines from the boundaries of Cuba and leaves the title to it for future adjustment by treaty.

The government, while acknowledging the ownership of the island is open, holds it has de facto control over the island for the time being at least, and therefore is authorized to levy taxes and perform other governmental functions. It is believed here the United States will approve of this position, as against the protest of the American residents who refuse to pay the taxes although they avail themselves of whatever protection and privileges the present government supplies.

DETECTIVE INDICTED.

J. T. Norris, Noted Sleuth, Accused of Extorting Money from Saloomen.

Springfield, O., Jan. 20.—Detective John T. Norris, known all over the United States for his operations against gold brick and confidence men, will have to answer to eight indictments for blackmail found against him on the testimony of many saloon keepers who allege he has extorted money from them to prevent their indictment for violation of the Sunday closing ordinance. Samuel Kelly, another prominent sleuth, dealer and politician, was also indicted today on testimony tending to show he acted as a go-between for Norris and the saloon men.

MOTORMAN MADDEN SENTENCED.

Man Whose Car Killed Craig Given Six Months and Fined \$500.

Pittsfield, Mass., Jan. 20.—Eugene Madden, motorman, and James T. Kelly, conductor, indicted for manslaughter in connection with the recent here last August in which William Craig, President Roosevelt's bodyguard, was killed, today withdrew their plea of not guilty and pleaded guilty. Madden was sentenced to six months in the house of correction and a fine of \$500. Kelly, against whom the government decided not to proceed, was released without bail.

WRESTLER M'LEOD NEAR DEFEAT.

Scranton, Pa., Jan. 20.—D. S. McLeod, the new champion catch-as-catch-can wrestler, lost his recent here acquired honors in a match in this city tonight with D. A. McMillan of Milwaukee. The first bout, catch-as-catch-can, was won by McLeod in 18 minutes and 8 seconds. In the second, Graco-Roman, McMillan downed McLeod in 23 minutes and 33 seconds. In the third bout, catch-as-catch-can, McLeod after a hard struggle downed McMillan in 14 minutes and 35 seconds.

EXPLODING BOILER KILLS FOUR.

Cochocton, O., Jan. 20.—The locomotive of a Pan Handle freight train exploded near Bowerstown today. The locomotive was thrown sixty feet in the air, and twenty-six cars went down an embankment. Fireman McCurdy and brakeman Clemens, on the exploding engine, were killed, as well as Engineer Ward and brakeman Petrie of a passing freight train. Engineer Dan O'Donnell was fatally injured. Both tracks were torn up for 300 yards.

MICHIGAN EDUCATOR DIES.

Ypsilanti, Mich., Jan. 20.—Professor Austin George, superintendent of schools of this city, and one of the most prominent educators of the state, died today from heart disease.

JULIAN RALPH DEAD.

New York, Jan. 20.—Julian Ralph, the author and war correspondent, died at his residence here tonight.

LORENZ EULOGIZES AMERICANS.

Says We Have Best Doctors and Hospitals in World—Charity Amazes.

Vienna, Jan. 20.—Dr. Lorenz, who arrived here today from London, told the Associated Press of his impressions of the United States, "above all," he said, "I was struck with the magnificent charity of the Americans and their immense gifts to educational institutions and hospitals. Their willingness, even their anxiety, to spend money in aiding others is almost beyond belief." The doctor declared that the American doctors, nurses and hospitals lead the world.

TILLMAN'S VICTIM BURIED.

Columbia, S. C., Jan. 20.—Two thousand people today attended the funeral of Editor Gonzales, who was shot by Lieutenant Governor Tillman. Most of the members of the general assembly, state officers and leading men from all parts of the state were present. Business was suspended during the services. No statement has yet been made by Tillman. The story he intended to resign is without foundation.

LOOKS LIKE TELLER AGUINALDO APPEALS

COLORADO LIKELY TO SEND A DEMOCRAT TO THE SENATE.

PLANS OF WOLCOTT MISCARRY

HOSTILITY TO DRASTIC MEANS DEVELOPS IN REPUBLICAN RANKS.

Governor Declines to Call Militia to Seize Senate Chamber and House Leaders Refuse to Unseat Denver Delegation—Election Today.

Denver, Jan. 20.—Both houses of the general assembly balloted for senator today, and Henry M. Teller received fifty votes, one less than needed to elect. Senator McGuire, Democrat, refrained from voting, but he has frequently said he would vote for Teller if it should appear he could be elected. Only two Republican senators were in the senate chamber when the vote was taken, and then they did not respond when their names were called. Soon afterwards nine regular Republican senators, two who were expelled by the Democrats and eight contestants who had been sworn in on the steps of the capitol last night, assembled in the lieutenant governor's room and formed a separate organization. Subsequently the two regularly elected Republican senators returned to the senate chamber, where they announced they would act with the "regular senate" with the constitution.

Plan of Today's Procedure.

Lieutenant Governor Haggott is presiding officer of the joint session, which will meet tomorrow to vote for senator. He will insist that the body over which he presided today was the regular senate and that its vote for senator should be accepted. The speaker of the house will then be called upon to decide which senate shall be recognized as regular. If the Democratic senate is recognized, and the house remains with its present membership, as seems likely, Senator Teller will be reelected. On the contrary, if the Republican senate is recognized, there is likely to be no election and the balloting will continue indefinitely.

Edward C. Wolcott, the leading Republican candidate for senator, and his followers are urging the governor to call out the militia to place Haggott and the Republicans in possession of the chamber. The governor, however, said today he would not interfere.

The Republican leaders in the house today refused to carry out Wolcott's plan and unseat the eleven Arapaho Democrats. The senate remains in continuous session, but will not remove more Republicans pending further aggression by the house.

Later—There is a well defined rumor tonight the Governor Peabody has notified Lieutenant Governor Haggott he will not recognize the Republican senate nor give certificates of election to the senators elected by it.

Elections in Many States.

Washington, Jan. 20.—In separate session, the legislatures in the following states today elected senators whose election will be ratified by joint sessions tomorrow:

Illinois—Albert J. Hopkins, Republican.

Michigan—Russell A. Alger, Republican.

South Dakota—Alfred B. Kittredge, Republican.

Indiana—Charles Fairbanks, Republican.

Connecticut—Orville H. Platt, Republican.

New York—Thomas C. Platt, Republican.

New Hampshire—Jacob H. Gallinger, Republican.

Pennsylvania—Boies Penrose, Republican.

Arkansas—James P. Clark, Democrat.

Missouri—Wm. Joel Stone, Democrat.

Utah—Reed Smoot (an apostle of the Mormon church) Republican.

North Dakota—James Hansbrough, Republican.

No Agreement in Delaware.

Dover, Del., Jan. 20.—The twenty-one Democratic assemblymen who have offered any six regular Republicans who

will join them to elect a Democrat for the short term senatorship and a regular Republican for the long term held a conference tonight on a request from the regulars asking for more time to consider the fusion plans to defeat Adickes. The request was refused, and the time limit will expire after the balloting tomorrow.

WILL MAKE FUEL FROM PEAT.

Detroit Company Capitalized at a Million Dollars Incorporates.

Dover, Del., Jan. 20.—The National Peat Fuel company of Detroit, organized to manufacture from peat fuel of all kinds, was incorporated today. Its capital is a million dollars.

BODY BLOWN TO PIECES.

Boulder, Colo., Jan. 20.—Frank H. Sanderson, president of the Sanderson Nitro-Glycerine works and the most expert well shooter in this belt, was blown to pieces and a tool dresser named Fred Krebs was badly shocked today by an explosion of nitro-glycerine which it is supposed Sanderson was warning by the use of steam.

THINKS STRIKE WON

MITCHELL PREDICTS VICTORY AT ANTHRACITE HEARING.

ADDRESSES MINERS' CONVENTION

BITTERLY DENOUNCES GOVERNMENT BY INJUNCTION.

Annual Report of Treasurer Wilson Shows \$2,645,000 Donated to the Strikers and a Balance of \$1,027,000 on Hand.

Indianapolis, Jan. 20.—When the miners' national wage convention met today, President John Mitchell read his annual report. After giving a brief history of the great strike, Mitchell said while it would be improper for him to comment upon the investigation now being conducted by the coal strike commission, he had full confidence in the impartiality and judgment of the members of the commission and had no fear of the outcome. He denounced government by injunction as hostile to constitutional liberty, and the demand for the incorporation of trade unions as impudent and presumptuous.

Finances in Prosperous Condition.

Secretary-Treasurer Wilson, in his annual report, says that \$2,645,324 were donated by various labor organizations and the general public for the relief of the anthracite strikers. The income during the year was \$3,101,877 and expenditures \$2,080,805, the balance on hand being \$1,027,120.

Vice President Lewis, in discussing injunctions, said: "If we expect to secure relief, every laborer must act, not by denouncing the courts or those who issue injunctions, but to demand of our representatives in congress to know where they stand with reference to the growing evil of government by injunctions." He recommended the framing of laws covering the demands of the labor organizations on the question and insistence on congress enacting them.

Gavel from Historic Wood.

At the afternoon session of the convention President Mitchell was presented with a gavel made from wood taken from the house and tomb of Patrick Henry in Charlotte county, Virginia. During the session several addresses were made.

Mitchell has accepted an invitation to address the Indiana legislature.

Move to Buy Him a Home.

A movement has been started to buy President Mitchell a home in this city. The suggestion has been received favorably.

COAL DEALERS WANT TRIAL.

Illinois and Indiana Men Indicted Will Surrender for Hearing.

Will Make Strong Defense.

Terre Haute, Ind., Jan. 20.—Attorney S. P. Hamill, of this city, left for Chicago tonight to appear before the grand jury, representing all the Indiana operators as individuals and as companies, to furnish bond and make arrangements for their appearance. This action was decided upon at a meeting of the Clinton district operators held tonight upon their return from Indianapolis, where they met with Governor Durbin and a committee from the Indiana legislature this afternoon. Hamill, for the operators, makes a general denial there is anything wrong in the combination, and says they will make a strong defense.

Fact of Combine Admitted.

Indianapolis, Jan. 20.—President Tolley, of the Indiana Coal Operators' association, and the heaviest individual operator in the state, said today that the alleged illegal combine of Indiana operators indicted by the Chicago grand jury is nothing more than a square, open and above board trade agreement. The operators of the Clinton district, he admitted, entered into an agreement whereby the output was pooled and a sales agent appointed.

RIGHTS OF THE UNION MAN.

Chairman Gray and Lawyers' Attorney Argue at Strike Hearing.

Philadelphia, Jan. 20.—Before the strike commission today, the Delaware, Lackawanna & Western Railroad company concluded its case, and the Temple Iron company began the presentation of its side. Today's testimony did not bring out anything particularly new.

There was an interchange of opinion during the morning session between Chairman Gray and the attorney for the miners, on the question of the rights of union men. Mr. Darrow believed a union man had the right to refuse a non-union man cars in the mines and also had a right to use every power, within the law, in persuading union men from working with non-union workers.

The unionists, he said, have no right to kill, assault or slander any man. Chairman Gray remarked that the employer has his rights, too; that is, he has the right to refuse to employ union labor. The miners' attorney agreed with him.

KILLED BY STRAY BULLET.

St. Louis, Mo., Jan. 20.—Jay Lahner, manager of the Scott Soap company, was today shot dead accidentally, it is believed, while alighting from a street car. The police are looking for a suspicion keeper and four negroes who participated in a pistol duel near where Lahner was killed.

BALL MAGNATES DEADLOCKED.

Cincinnati, Jan. 20.—The National league is still deadlocked on the peace agreement, adjourning tonight without having reached a conclusion. The hearing of the injunction at Philadelphia was postponed until Friday in order to allow a continuance of the consideration of the peace conference agreement.

CHICAGO PIANO FACTORY BURNS.

Chicago, Jan. 20.—Fire destroyed the plant of the Scheffer Piano company at River View today. The loss is \$200,000.

BACKACHE.

DAILY MINING JOURNAL, A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

It is to be hoped that the prediction that Addicks is in for another defeat at the hands of the Delaware legislature is true.

Now that most of the appointments are out of the way there is a diminution in interest in the doings at Lansing.

My mother got a bottle of Lydia E. Pinkham's Vegetable Compound for me, and it seemed to strengthen my back and help me at once.

Lydia E. Pinkham's Vegetable Compound cures because it is the greatest known remedy for kidney and womb troubles.

Every woman who is puzzled about her condition should write to Mrs. Pinkham at Lynn, Mass., and tell her all.

MINING NEWS

COPPER MARKET VIEWS. The General Electric Company has just purchased a six months' supply of copper at the full market rates.

The property of the Portage Lake & Calumet Development Company, in which Houghton and Hancock are largely interested, is reported by Montana papers as a "comer."

H. H. Rogers has been the principal buyer of Utah mining stock during the last two months, many thousands of shares having been transferred upon the books of the company to his name.

There is now some interest in the reported finds of iron ore a few miles back from Lake Superior near the station of Highland on the Duluth & Iron Range road.

Following is a summary of the production by the Lake mines during December. The compilation is based on American Metal Market statistics.

The New York Sun says in its financial news, "Statically and superficially, the condition of the market for raw copper does not seem overcast."

Rules governing riding on man ears, which take the miners up and down the shafts, have been posted in each shaft house at the Quincy and hereafter they will be rigidly enforced.

An official of the Tennessee Copper Company says: "For the year 1902, without furnace running for the first five months of the year, and two furnaces for the remaining seven months, \$2,500,000 pounds of fine copper were produced at a cost of about nine cents per pound laid down in New York."

The Wisconsin mine, formerly the Davis property, now under the supervision of I. W. Turner, is being put in shape during the winter for the shipping season.

The Penobscot mine, Hibbing district, that has been turned over to the United States Steel Corporation by its purchase of the Union Steel Company is to be abandoned at once.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear.

Mining Gossip. Forty drills are now in use at the Adventure.

The directors of the Quincy Mining Company yesterday declared a semi-annual dividend of \$2.50.

The Champion is now shipping fifteen cars of rock daily to the mill, which will be increased to twenty-five when the second haul goes into commission.

The resignation of the copper companies controlled by the Amalgamated Company from the Copper Producers' association have not been accepted.

COUGHS CURED QUICKLY BY FOLEY'S HONEY AND TAR. Refuse substitutes. Sold by People's Drug Store.

THE POST CHECK BILL. The post check bill is now before the house postoffice committee.

THE MARQUETTE COUNTY SAVINGS BANK. What have I? Scrofula, fat alone, is capable of all that, and more.

HOOD'S SARSAPARILLA. Hood's Pills cure liver bile, the non-irritating and only cathartic to take with Hood's Sarsaparilla.

THE SUPERIOR TRUST COMPANY. COUGHS CURED QUICKLY BY FOLEY'S HONEY AND TAR. Refuse substitutes. Sold by People's Drug Store.

DUNN FOUND GUILTY.

Saloon Keeper Convicted of Violating the Screen Law.

John T. Dunn, a Calumet saloon keeper, charged with violating the screen law, was tried in the circuit court yesterday. The jury brought in a verdict of guilty. Sentence will be pronounced later. All the evidence was taken yesterday forenoon and the case went to the jury shortly after dinner. The saloon case then taken up was that of Frank Knivel, for an alleged violation of the screen and Sunday laws. Two saloon keepers changed their plea from not guilty to guilty Monday afternoon and each was fined \$25 and costs, which they paid. The men were Bernard Lantz, arrested for selling liquor without a license, and Leo Lesh, charged with keeping his saloon open on Sunday. Both are from Calumet.

KERR WILL DO HIS DUTY.

New State Tax Commissioner Discusses His Appointment.

Although Angus W. Kerr, of Calumet, the new state tax commissioner, has been sworn in, it is not likely that he will act with the commission on the railroad assessments this year, as he is not on the work that has been done in this regard, and he will not exercise his right to vote unless the other members of the commission should get into a deadlock on some proposition. Mr. Kerr does not deny that his record in the legislature is that of a corporation advocate. He believes in consistency, but he promises that he will administer the law as to taxing railroads fairly. "I believe," said Mr. Kerr to the Lansing representative of the Detroit Free Press, "that in making appointments to the tax commission it has been the theory to select men from the various parts of the state, and who are well posted on its different interests. My appointment, I suppose, is accredited to the upper peninsula, and I believe that I am fully qualified to give the commission the fullest information as to the great interests of that part of the state."

When asked what he had to say about the charge that the railroads dictated his appointment, Mr. Kerr said: "I don't know anything about it. I never asked a soul to secure this position for me. It is true that I fought the bill to change the system of taxing railroads, so that they would be assessed according to the value of their property, instead of on their earnings, and I still believe that I was right in my position. I also tried to have the tax commission law amended so that the members would not have the power to interfere with local assessments as between townships, believing that the theory of the constitution is that the men closest in touch with the localities should have such things in their control. "But as a tax commissioner, I shall do my duty by the whole state. The law is on the statute books; I have taken my oath to administer it faithfully, and I shall endeavor to do so."

FOR HALL AT PAINESDALE.

The four fraternal societies—Old Fellows, Maccabees, Workmen and Woodmen of the World—of the South range boaters, are interested in a project to build a hall for entertainment and lodge purposes. A joint meeting of the lodge members will be called in a few days to devise ways and means to that end. It is probable that a stock company will be organized. The proposition is to erect a building which will cost about \$6,000.

NEW CENTURY COMFORT.

Millions are daily finding a world of comfort in Bucklen's Arnica Salve. It kills pain from Burns, Scalds, Cuts, Bruises; conquers Ulcers and Fever Sores; cures Eruptions, Salt Rheum, Boils and Felons; removes Corns and Warts. Best 1/4c cure on earth. Only 25c at Stafford's drug store.

EXTENSION OF SCREEN LAW.

Proposed Plan of Saloon Reformers Not Likely to Get Strong Support.

It is not likely that the movement to secure the passage of a law to compel saloonkeepers to remove their screens and shades from the front windows of their places of business for all the time, such as it is said the Civic Federation of Calumet is interested in, will meet with the approval of the general public. The present law provides for the removal of shades and screens after hours and on Sundays and holidays. The movement was not launched at Calumet, but it is reported the Civic Federation will take up the matter at its next meeting and give it a boost by officially supporting it. The Federation is determined to continue its campaign against the saloons in Calumet to make them live up to the law and in that it will be supported by the public, but when the passage of unreasonable laws are upheld by the organization the Civic Federation people are liable to run up against strong opposition. Those favoring the movement believe that an unobstructed view of the interior of a saloon would prevent minors going into it, as they could easily be detected. An unobstructed view, however, would arouse the curiosity of more than one youngster on the outside and it is a sure thing that some saloons would prove more harmful to them than now.

TUGMEN IN SESSION.

Five Members of Portage Lake Union Attending Milwaukee Convention.

Five members of the Portage Lake tugmen's union, of Houghton, left Monday afternoon for Milwaukee to attend the fourth annual convention of the Licensed Tugmen's Protective Association. The convention convened yesterday morning. While in the Cream City the tugmen will be royally entertained. A ball and banquet will be given this evening in their honor. The association, which includes the territory of the great lakes and has been in existence for four years, is just beginning to assert its power. While only the tugmen of the great lakes comprise the membership of the organization at present, applications from outside districts, notably the seaport cities, have been received, and one of the important matters for the decision of the delegates will probably be the extension of the association so as to include all tugmen. The membership at present numbers 3,000 tugmen. The question of wages may also be brought up.

NAME TO BE CHANGED.

Already One Houghton County Agricultural Society, at Lake Linden.

At the adjourned meeting of the county agricultural society, which was held in Hancock, at the Hancock city hall this afternoon the name of the organization will likely be changed to the Houghton County District Agricultural Society. The title was suggested at the meeting of the executive committee, at the suggestion of outside districts. A new name is necessary, as there already is one Houghton County Agricultural society, organized at Lake Linden two years ago. Although the Lake Linden society has never been very active it is still in existence. At the meeting this afternoon a list of directors, selected by the executive committee Monday evening, will be presented for confirmation, also a constitution and by-laws. It is expected that the meeting this afternoon will be largely attended. Among others who have written J. H. Jasberg of Hancock, president of the society, endorsing the movement taken to promote the pursuit of agriculture in this county, is W. S. Prickett of Sidaw. Mr. Prickett is very much in favor of the organization and he will be one of its workers.

A. O. U. W. GROWING RAPIDLY.

During the last six months sixty-one new members have joined the ranks of the association Monday evening. The increase was largely due to the membership contest on between the upper and lower peninsula lodges of the order. Quiney lodge now has a membership of 200. In the membership contest the upper peninsula lodges came out on top even though there are but twenty-nine in the upper peninsula as compared with 124 in the lower part of the state. The lower Michigan fraternity was beaten by 134 members in the contest which brought hundreds of new members into the order. The copper country lodges did their full duty and between some of them the friendly rivalry waxed strong. The Calumet lodge is one of the largest in the state.

BIG RINK WELL PATRONIZED.

Six hundred seats, three hundred on each side, are being upholstered in the Amphidrome rink at Houghton. The seats will be reserved for hockey games. The big crowds of skaters still keep up at the rink. Every evening several hundred people enjoy the sport and the big structure is pretty well filled in the afternoons. The band plays each evening. The dancing pavilion is also well patronized.

Sheriff Dwelle, Jackson, Mich.

Has Used Over 100 Bottles of Dr. Colwell's Magic Egyptian Oil in 25 Years.

When a remedy has stood the test of time for a quarter of a century and has never failed in any emergency—when a remedy has healed the sores, soothed the burns, aches and pains of the entire household for 25 years, it certainly does seem like it is a good thing to have a bottle sitting 'round the house handy. Sheriff Dwelle of Jackson, Mich., says:

A. W. DWELLE, Sheriff of Jackson County, Mich.

I have used Dr. Colwell's Magic Egyptian Oil for at least 25 years and I cannot speak too highly of its merits. I always keep it in my house, and I believe I have used over one hundred bottles. I think it the greatest family medicine on earth. A. W. Dwelle, Sheriff of Jackson Co., Jackson, Mich. Many other well-known Michigan men have a good word to say of Dr. Colwell's Magic Egyptian Oil. Dr. Colwell's Magic Egyptian Oil is for sale by all druggists and by mail order everywhere. Should have a bottle sitting around the house handy, in case of emergency, for it cures all pains and bruises, sores and aches of the body, limbs or head; and remember, every druggist is authorized to refund the money on any bottle of Dr. Colwell's Magic Egyptian Oil that does not prove entirely satisfactory.

PAY IS TOO SMALL.

Lake Captains and Pilots Claim Present Remuneration Insufficient.

The Masters and Pilots, a powerful body of national importance, is framing demands to be acted upon at the national convention in Washington, D. C., this week. Before the season of navigation opens these will be presented to the vessel owners. A serious tie-up of lake commerce may be expected if the demands are refused. It is understood that among the demands to be made will be that of regulating salaries of the masters and pilots on a basis averaging from \$1,500 to \$2,500 a year, and the establishment of fixed dates for the beginning and ending of the working season. The highest wages will be demanded on ships of the greatest tonnage. It is also understood to be the intention of demanding a third mate and a clerk on the biggest steamers such as those engaged in the iron-ore trade. The steps to be taken by the masters and pilots are regarded as serious by vessel owners because heretofore their organization has been one of purely benevolent tenets, and the adoption of union-broker politics, such as demanding a scale of wages, is causing deep concern among those upon whom it has a direct bearing. Speaking of the greater scope of the organization, a well-posed man yesterday said:

"The pay of a lake captain is far too low for the responsibility he assumes in braving the dangers of navigation with millions of dollars' worth of property every season. Compared with managing the machinery of land industries, where the risks of life and property are innumerable, the master of a wheel is poorly paid. Some of the old captains, who have sailed for years, perhaps in the employ of the same interests, the greater part of their careers, are receiving satisfactory remuneration for their services, but this does not apply, by any means, to the rank and file of men in the association. It is time steps were taken to enforce our cause and as this end can be accomplished only through unionism, it is well that the action has been taken."

ENTITLED TO COUNTY AID.

According to the Michigan statutes the Houghton County Agricultural society, recently organized in Hancock for the encouragement and advancement of agriculture, is entitled to aid from the county, providing the society itself raises \$100 or over for the promotion of its objects. At the annual meeting of the board of supervisors a tax of not more than one-tenth of one mill on the dollar may be levied on the assessment roll of the county. The county treasurer shall keep the sum raised subject to the order of the county board, which shall expend the money in the purchase of premiums, the diffusion of valuable agricultural knowledge or in such other way as shall in the opinion of the board be calculated to promote and encourage the purposes of the society. The Houghton county organization will no doubt take advantage of the law in question.

WANTS DAMAGES FOR SLANDER.

The old trouble between Rev. John Back, of the Finnish Evangelical Lutheran church, Hancock, and Herman Aho, another Hancock Finnish resident, has cropped out again. Some months ago it is alleged that Aho wrote to a prominent Finnish publication in New York city making slanderous statements against Back's character. Back, who preached temperance, was said to be an imbibler himself and he was otherwise attacked. Back will now sue Aho for \$10,000 damages. The case will be noted for trial in the April term of circuit court. Oliver's court at Hancock but it was never settled.

ANNUAL CHARITY BALL.

The annual charity ball of the Young Ladies' Lunch club, of Houghton, will be given at the Armory Thursday evening. The proceeds of the party will be turned over to poor people. Each year the charity ball is looked forward to as a society event and a large attendance is expected. A Calumet & Hecla orchestra will furnish the music. During the course of a year the Lunch club does a great deal of good for the poor people of Houghton through the individual efforts of its members.

COPPERDOM BREVITIES.

Lauzier's orchestra will be succeeded at the Kerredge theatre in Hancock by a Calumet & Hecla orchestra. Presiding Elder C. M. Thompson will conduct special services at the Atlantic M. E. church Wednesday evening. Miss Minnie Cummings, the champion lady figure skater, will give an exhibition of her skill on skates at the Hancock rink tonight. The Lake Linden Dancing club will give its third party of the season in the city hall Friday evening. The Linden orchestra will play. Justice Brand disposed of four truancy cases yesterday. Sentence was suspended upon the youthful offenders upon the promise of future good behavior and they were turned over to their parents. The funeral of the late Frederick Mackenzie, editor and proprietor of the Calumet News, was held from the family residence yesterday afternoon. Short services were conducted by Rev. Daniel Stalker, pastor of the Presbyterian church. The Calumet & Hecla band is making arrangements for its annual ball, which will be given at the Light Guard Armory on the evening of Jan. 30. An elaborate party is planned and the band will have one of the best programs it ever prepared for such an event. The Calumet City indoor baseball team, which will play the Maccabee team at Marquette Thursday and Friday evenings, has an excellent chance of winning each game with Wagner and Wester, two star pitchers, and a superb fielding and batting team. Miss Nellie V. Harrington, daughter of Sylvester Harrington, of Lake Linden, will be married to M. E. O'Brien, a well-known Calumet insurance man, on Wednesday, Feb. 4. The ceremony will be performed in Holy Rosary church in Lake Linden by Rev. Father Richter. Miss Delvina M. Guilbault, daughter of Louis Guilbault, of Lake Linden, was married to Arthur L. Michael, also of Lake Linden, at St. Joseph's church Monday morning. Rev. Father Bordas performed the ceremony. The young couple have left for Marquette and Duluth for a short wedding trip. John Barrett, the well-known old offender in Calumet, has been arrested again, this time for the alleged stealing of \$15 from Emil Swanson. Swanson claims he was robbed while asleep in a chair in a restaurant. Barrett was taken before Justice Jackola, but Swanson

WOMEN AND JEWELS.

Considerable improvement work will be done in Houghton next summer. Besides putting in a new sewer in Sheldon street and paving that thoroughfare, the council will carry out other plans it has for street work. Main street, the continuation of Sheldon, in East Houghton, will be macadamized by the property owners on the special assessment plan. Jewelry, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boesche's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get this reliable remedy at Stafford Drug Co. Price 25c and 75c.

RICH IN MINERAL GREAT DEVELOPMENT IN WONDERFUL TERRITORY OF ARIZONA.

BISBEE A HUSTLING BUSY CITY MARQUETTE & ARIZONA COMPANY HAS PROMISING PROSPECT.

Man Who Has Just Visited the Great Southwest Writes of the New Country-Will Be a Great Copper Producer.

The wonderful richness and large ore bodies of the Arizona copper mines have drawn the attention of mining men more and more to that territory during the past few years.

The country in which the Warren district is located is part of an immense table land, stretching from Texas clear across the southwestern part of the country.

The greatest development during the past two years or more has been made in what is commonly called the Bisbee district.

Bisbee a Lively Place. Bisbee, the heart of the Warren mining district, is situated in a narrow gulch adjoining the Copper Queen mine.

The Bisbee mining region lies in the southeastern corner of Arizona, in Coconino county.

Next to and adjoining the Copper Queen is the now famous Calumet & Arizona.

Naco a Border Town. Bisbee gets its drinking water from Naco, a town on the Mexican border.

M. & A. Has 37 Claims. The Marquette & Arizona has thirty-seven claims in a bunch directly on the line of the copper bearing strata.

The land in the Warren district, from Bisbee down to the Mexican line, ten miles south, has been declared a mining district by the government.

The homely unkempt mountain burro is everywhere to be seen. He is gentle, patient and strong.

The companies now in the field and producing ore on the alert for good claims and a well located tract brings a large price, generally enough to make the seller a rich man for the rest of his life.

The ores of the Warren district lie in pockets, extending to within between 400 and 1,200 feet of the surface.

The Copper Queen, which is the pioneer mine of the district, has achieved a marvelous record as a producer.

The country in which the Warren district is located is part of an immense table land, stretching from Texas clear across the southwestern part of the country.

The Texas steers wander at will, over a territory large enough to make several empires.

The formation of new development and mining companies goes merrily on in this region.

In conclusion the writer would state that the party traveled to Bisbee via the Rock Island system.

With a back constantly aching With distressing urinary disorders Daily existence is but a struggle.

Green Onions Radishes Celery Parsley Oranges Bananas

THOS. S. SPRAGUE & SON, PATENTS Wayne County Bank Bldg., DETROIT

The level table land is used for grazing and numerous ranches dot the country in every direction.

Bisbee is in direct communication with El Paso, via the El Paso & Southeastern Railroad, which runs from El Paso to Benson, a distance of 291 miles.

The writer hereof was one of a party who went to Bisbee specially to take a look over the claims of the Marquette & Arizona Mining Co.

The party spent two days in the mountains of the district in company with men well posted on the geology of the country.

During his short stay in Bisbee the writer met many of its prominent business men, and comes away with the best opinions of the good people of that thriving town.

Coming through New Mexico the ground was covered with several inches of snow, nearly to the Texas border.

The formation of new development and mining companies goes merrily on in this region.

In conclusion the writer would state that the party traveled to Bisbee via the Rock Island system.

With a back constantly aching With distressing urinary disorders Daily existence is but a struggle.

Doan's Kidney Pills will cure you. Marquette people endorse this claim.

RHEUMATISM

ACUTE AND CHRONIC, MUSCULAR, MERCURIAL, ARTICULAR AND INFLAMMATORY.

Some people have been suffering from Rheumatism so long that they can scarcely remember the time when they were entirely free from an ache or pain, and have long since forgotten the joys of a painless existence. They are at the mercy of every ill wind, and their misery is aggravated by exposure to cold or sudden changes in the temperature. They become walking barometers and most accurate in weather predictions, the increasing pains in muscles and joints foretelling the approaching storm or the coming of bad weather. It is for these constant sufferers that the great army of rheumatic cripples is recruited. Their bodies are worn out by the incessant pains and the joints become so stiffened and bent that they are at last compelled to give up or hobble about on crutches.

Nobody ever outlived Rheumatism; the disease never loosens its grip or leaves of its own accord, but must be driven out by intelligent and persistent treatment through the blood, for Rheumatism of every variety and form is caused by an over acid condition of the blood, and the deposit in muscles, joints and nerves of corrosive poisons and gritty particles, and it is these irritating substances that produce the inflammation, swelling and pains, which last as long as the blood remains in this sour and acid state.

To cure Rheumatism permanently the blood must be purified and invigorated, and no other remedy does this so well or so promptly as S. S. S. It refreshes and restores to the thin acid blood its nourishing and health-sustaining properties. And when strong, rich blood is again circulating through the body the acid poisons and irritating

MISS MONIE BOWEY,

No. 38 Perry Street, DETROIT, MICHIGAN.

A couple of winters ago I slipped on a frozen sidewalk and fell flat on my back. On being examined I found that I had sustained internal injuries which laid me up for more than two months. After that I noticed that I had pains in the back and groin which I never had before. I doctored and doctored for several months but as the pains increased instead of growing better I decided that I was not having the right treatment. Reading in the papers of the wonderful cures performed by Wine of Cardui I wrote to one of the parties and received a very satisfactory reply and I immediately sent for some. In a very short time I felt generally better and after seven weeks faithful use I was once more well and strong. I have never had a sick hour since and I daily bless your splendid medicine.

Miss Monie Bowey.

Wine of Cardui makes women more womanly by curing their weakness and making them stronger. Wine of Cardui cured Miss Bowey. As a medicine for all women in every trying period of their lives can you think of a better medicine for yourself, your sister, your daughter or your mother? Can you think of a more acceptable present to give your friend than a bottle of this medicine which will bring her health and happiness? You are suffering? Your duty is to rid yourself of this pain. If your daughter, mother, sister or friend is sick and in need of relief, your duty is equally great to them. Many women, now well, owe their lives to friends who brought them Wine of Cardui.

Wine of Cardui is adapted to women at any age in any walk of life. For the working woman it gives her strength for her tasks and better treatment than a doctor for very small cost. Your druggist will sell you a \$1.00 bottle of Wine of Cardui. Secure the medicine today. Take it in the privacy of your home. Relief will come to you as surely as you take it.

WINE OF CARDUI A million suffering women have found relief in Wine of Cardui.

THINK BETTER OF IT.

Menominee Range Miners Ready to Accept Profit-Sharing Plan.

A short time ago it was reported that the employees of the steel trust on the Menominee range had no confidence in the profit sharing plan recently promulgated by the company and that but few were buying the stock. It was shown in The Mining Journal that the objections that were offered to the scheme were not well founded. Since then a great light seems to have burst upon the minds of the people in that region and now they are said to be anxious to purchase stock. The Diamond Drill of Crystal Falls, which previously seemed to have misconceived the plan, contains the following article in its last issue: "The employees of the Oliver Mining company in this locality are getting more information upon the profit sharing plan this week as a result of the article in last week's issue of this paper calling the attention of our readers to the objections that were being urged against the scheme and going, in most cases, unanswered or unheeded. The more those interested are enlightened upon the points at issue the more they change their opinions regarding the scheme and are drawn to it."

There was a general mis-conception on the point of the time in which a subscriber could pay for and receive his stock certificate and the privileges accorded a subscriber, should circumstances be such that he cannot pay in all on his stock.

"The circular sent out by the chairman of the finance committee explains these matters in detail, but many of the men got their ideas from distorted newspaper reports or word of mouth so that when checked up with the actual facts they look altogether different. For instance; one of the principal complaints we heard was that a man cannot pay for his stock at once, but must pay in installments. As a matter of fact a man can pay in at the rate of 25 per cent of his monthly wage if he so chooses and at that rate he will have paid for all of the stock he is allowed to subscribe for under the arrangement within one year at most. The reason for the company's objecting to receiving payment for the stock in full and issuing a certificate at once is that they set a fixed price, \$82.50, for the stock and guarantee to turn it over to the subscriber at that price irrespective of what the stock is selling for on the market. The market price of this stock today is about \$80 and was this restriction not placed on purchase of the stock, many would subscribe for the stock, pay for it immediately and sell it at once on the market thus making a handsome profit and defeating the very end which the corporation aims at bringing about that of interesting its employees in the affairs of the company by having them partners in the enterprise. Or, speculators might connive with the men to buy the stock under the arrangement, furnishing them the money with which to pay for it, and then sell it on the market."

"The second objection that we mentioned last week was that put forth by men who claimed that if they subscribed for the stock and, after paying part on it failed to pay the balance of the subscription, they lost what money they put into it. This is wholly wrong and diametrically opposite to the wording of the circular which says: 'In case a man shall discontinue payments before his stock is withdrawn he must pay 5 per cent interest while his money is lying idle or bringing him but 3 per cent in a savings bank. When the short time is considered in which he may pay for his stock and the very small amount involved is taken into consideration, it will readily be seen that the difference is so trifling as to be not worth considering and is far more than made up for in the 7 per cent dividend which is granted him.' We notice a decided change in the attitude of the men towards the scheme as these points are made plain to them. A great deal of the initial opposition to the scheme came from a misrepresentation of the object of the arrangement in the press of the country. The impression that they were going to get something for nothing; that the corporation was going to donate them a sum of money, had got out and, consequently, many had their months set for pie and so the dish of good, plain, healthful bread didn't taste as sweet to them for that reason. The plan is a simple business proposition and must not be considered as anything more. It is an excellent one for the educational features it contains, and is well worth the effort. Subscriptions to the stock in this district will be a little better than first anticipated. In Dickinson county it is meeting with very cordial success, over 350 shares having been subscribed for."

Don't think because you have taken many remedies in vain that your case is incurable. Hood's Sarsaparilla has cured many seemingly hopeless cases of scrofula, catarrh, rheumatism, kidney complaint, dyspepsia and general debility. Take Hood's.

SUFFERING IN SWEDEN.

Distress Very Great Owing to Crop Failures—Local Swedes to Send Aid.

Reports that many of the Swedish people here have received from their friends in the old country tell of great suffering in certain provinces of King Oscar's domains. Conditions in those parts of Sweden are much the same as just across the border in Finland. A succession of crop failures combined with an unusually severe winter has caused a famine which in turn has brought on many fevers and other diseases caused by lack of sufficient and nourishing food. The districts thus afflicted are hemmed in by impassable barriers of snow and despite the best endeavors of the authorities at Stockholm to provide relief there are grave fears that thousands of the wretched sufferers will perish before assistance can reach them.

Norrland, the province that is most grievously afflicted, contains about 100,000 people. They depend upon agriculture almost exclusively for a living though fishing is followed to some extent. This latter source of food supply has also been cut off, for through some cause that is not thoroughly explained the fish have almost entirely deserted the streams of northern Sweden. The summer season in Norrland never lasts longer than a few weeks and crops must be gathered in August before the heavy frosts and snows set in. Rye, potatoes and vegetables that mature quickly are the only crops that can be raised.

The winter came on this year with unusual suddenness and severity and the cereals and vegetables froze in the fields. The people are now maintaining a precarious existence by eating the bark of birch trees and grass, the only substances obtainable that can be made into food. These articles of food further deplete the strength and cause fever. The bark is ground into a sort of meal and then mixed with grass or hay. The cows and all the live stock have been sacrificed as there was no fodder for them and the milk that had previously been a staple article of diet cannot now be obtained. The carcasses of the slaughtered animals helped out for a time but that source of food supply was soon exhausted.

The demand for funds to aid the famine sufferers is very great. Another crop cannot be harvested before August and the food supply for the entire population must be brought in from outside. The farms will have to be restocked and the peasants have no money to do it. The government is doing everything in its power to alleviate the suffering but the expense is so great that it finds itself almost powerless to cope with the demands and resources must be had to an enforced loan. Even with the addition to the funds that this would furnish there would still be a great deficiency and unless aid comes from outside the present winter will be a memorable one in Sweden's history. Relief funds have already been started in Chicago and other cities in which there is a large Swedish population. About \$50,000 has been raised in this country to date. The money is forwarded to the relief committee appointed by King Oscar. The amount that is now being collected averages from \$2,000 to \$3,000 per week.

No steps have yet been taken here toward raising funds on a large scale though individual contributions have been large. The Finnish people here were very prompt to respond to the demands as that came from their country and it would seem that the Swedes would be not less willing to render assistance to their suffering countrymen.

FASCINATING GIRLS.

"The Liberty Belles," which will be presented at the opera house tonight, is a new musical comedy written by Harry H. Smith and staged by Frank Hennessey's company. This is the same company that produced the play in New York and Boston last winter and must pay 5 per cent interest while his money is lying idle or bringing him but 3 per cent in a savings bank. When the short time is considered in which he may pay for his stock and the very small amount involved is taken into consideration, it will readily be seen that the difference is so trifling as to be not worth considering and is far more than made up for in the 7 per cent dividend which is granted him. We notice a decided change in the attitude of the men towards the scheme as these points are made plain to them. A great deal of the initial opposition to the scheme came from a misrepresentation of the object of the arrangement in the press of the country. The impression that they were going to get something for nothing; that the corporation was going to donate them a sum of money, had got out and, consequently, many had their months set for pie and so the dish of good, plain, healthful bread didn't taste as sweet to them for that reason. The plan is a simple business proposition and must not be considered as anything more. It is an excellent one for the educational features it contains, and is well worth the effort. Subscriptions to the stock in this district will be a little better than first anticipated. In Dickinson county it is meeting with very cordial success, over 350 shares having been subscribed for."

CLERKS ELECT.

The clerks held a meeting at the hall of the Mine Workers' union Monday night. There was a large attendance and after the formal business and the election of officers a lunch was served and dancing was enjoyed for a few hours. The following are the officers for the following year: President—H. E. Nelson. First Vice President—Mayne Harrington. Second Vice President—Alice Swenson. Financial Secretary—Lizzie Molloy. Recording Secretary—Clara Martin. Treasurer—Hilda Hansen. Guard—William Burrows. Guide—Emil Lindberg. Trustee—Frank Bashaw. Grievance Committee—Mr. Lee, Frank Bashaw, Will Bettison.

DO NOT EXPECT MIRACLES. If a cold, long neglected, or improperly treated, you by the throat, you cannot shake it loose in a day, but you can stop its progress and in a reasonable time get rid of it altogether. If you use Allen's Lung Balm. There is nothing like this honest remedy for bronchitis, asthma, and other affections of the air passages.

Catarrh, Foul Breath.

If You Continually K'hawk and Spit and There is a Constant Dripping from the Nose Into the Throat, If You Have Foul, Sickening Breath, That is Catarrh.

Large Trial Package Free—Quickly Cures Any person having catarrh always has a bad breath. The sense of smell and taste are nearly always totally destroyed in time so that the person who has catarrh does not realize how loathsome their disease is. They

FRANK M. JONES, Sweet Home, Ark., Cured of Catarrh After Years of Suffering.

continue their K'hawking-K'hawking and spitting and spitting about promiscuously until they are shunned by everyone, and the sight of them is enough to make a well person sick. This is not an exaggerated picture. James Atkinson, of Helena, Mont., says: "Twelve years ago I contracted what seemed to be a cold in the head. It soon proved to be a horrible form of catarrh. I tried cough cures, catarrh snuffs, inhalers and all sorts of remedies, and one celebrated specialist treated me over a year without any relief. I gave up in despair. The dripping of mucus into my throat and the constant and hawking in the morning, with awful pain in my ears, grew constantly worse and my breath was something awful. I dare say I used 50 catarrh remedies before I tried Gauss' Combined Catarrh Treatment. In a week I could breathe easily and naturally and I felt better than for years. Today I am entirely cured of the loathsome disease and I owe my good health to Mr. Gauss and his wonderful combined treatment."

It gives wonderful relief, especially in those chronic cases where the mucus drops down the throat and lungs, sickening the stomach, and leading to many diseases, including consumption. Catarrh is a deep-seated disease, and local applications, inhalations, sprays, ointments or saives will do no good. A trial package that will convince you, free. Send name and address at once to C. C. Gauss, 902 Main St., Marshall, Mich.

OFFICERS OF FRENCH SOCIETY.

L'Union Canadienne Française met Sunday and elected officers for the following year. The meeting was very largely attended and some strife was manifested in the election but good feeling prevailed. The following is the list: President—Peter Lamire. First Vice President—Aldard Morin. Second Vice President—Eugene Vermit. Recording Secretary—Leo Vanclous-teing. Financial Secretary—H. Routhier. Corresponding Secretary—A. Mault. Assistant Secretary—Arthur St. Jacques. Treasurer—Emil Lioret. They will be installed next Sunday.

ISHPEMING IN BRIEF.

Mrs. C. F. Moll of Kenton was here Monday. Miss Julia Donnelly left for her home at Michigamme yesterday. Trombly's orchestra will give a hop tonight in Anderson's Hall. Dr. T. A. Felch came home from Milwaukee yesterday morning. John Stensaa, 619 Park street, is the father of a daughter born yesterday. M. L. Lee visited the towns west of here yesterday on a business mission. A large number of Negaunee people attended the presentation of "The Rivets" Monday night. The infant daughter of John A. Johnson died Monday. The funeral will be held from the residence this afternoon. The firemen beat the prints by a score of 22 to 12 in the game at the rink at Negaunee Monday night. The prints played fast ball and held their own well till the middle of the game, when the ball went up and took away the vic-

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers. They filter out the waste or impurities in the blood.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

CHURCH IS NEEDED

AND ONE WILL SOON HAVE TO BE BUILT IN NORTH MARQUETTE.

WILL BE ERECTED IN DUE TIME

BISHOP KIS HAS RECOGNIZED CITY'S GROWTH TO THE NORTH.

Proposed Edifice Will Likely Be Put Up on the Tract Just Purchased as a Site for the Proposed Orphan Asylum

Marquette, it is given out, will soon have an addition to its already creditable number of churches. The growth of the city to the north is becoming so pronounced that Bishop Kis and his advisers realize that it is now but a matter of a short time when another parish will have to be set apart in Marquette so that all the Catholic people of the city may have proper facilities for divine worship. The new parish, and the church or chapel which will be built when it is set apart, will be located, it goes without saying, in North Marquette and it will be built for the accommodation of the people in the extreme northern and northwestern part of the city. Its probable site is the tract just purchased by Bishop Kis for the location of the proposed diocesan orphan asylum.

There are, as yet, no definite plans in connection with the proposed new church, but it is recognized that it will soon be an imperative necessity, and the bishop has announced his intention of arranging for its erection in due time. The church, it is understood, will be an English church, and its purpose will be simply the accommodation of those people who would otherwise be compelled to make the long trip to the cathedral. It would also be valuable for use in conjunction with the proposed orphan asylum.

There was much comment yesterday on the announcement of Bishop Kis' purchase of the site for the proposed asylum. The fact that the details of the deal had been arranged and that it was definitely decided to build the institution here was known to comparatively few people.

It was the consensus of opinion that the bishop has acted very wisely in going to the north of the site and also in buying such a goodly piece of land. Its value is bound to increase materially with the growth of the city and its large acreage will give the new asylum fine and ample grounds.

The A. O. U. W. orchestra will be in attendance at the West Washington street ice rink tonight. (1-21-11)

K. OF C. INSTALLATION.

It Will Be Held at A. O. U. W. Hall the Evening of the 23rd.

Marquette Council, No. 689, Knights of Columbus, will hold its first installation next Friday, the 23rd, inst. District Deputy M. H. Kern of Menominee, will conduct the proceedings, which will begin at 8 p. m. at the A. O. U. W. hall. Following is a list of the officers of this council:

G. K.—Joseph Courtney.
Deputy G. K.—Jos. P. Sherer.
Financial Secretary—J. J. Donovan.
Recording Secretary—Phil. L. Pelisier.
Treasurer—Jas. J. Maney.
Chaplain—Rev. Jacques.
Chaplain—M. J. McKenna.
Chancellor—Rev. H. A. Bucholtz.

Advocate—Dr. E. H. Flynn.
Trustees—Geo. Barnes, Frank Dushane and C. R. McCabe.
Following the installation, the members and their ladies will spend the remainder of the evening playing cards and dancing. Refreshments will be served. A most cordial invitation is extended to all members, from any council, who can attend.

Not a dollar need be paid until you're cured. Get a package of Rocky Mountain Tea. If it fails to make you well, and keep you well, it don't cost a cent. 25 cents. The Stafford Drug Co.

CITY BREVITIES.

Today's weather: Colder with snow flurries near the lake.

Yesterday's temperature: 7 a. m., 26 degrees; noon, 32 degrees; 7 p. m., 20 degrees. Maximum, 33 degrees; minimum, 20 degrees.

Charles Kruse of Ishpeming was in the city yesterday.

Walter Prickett of Sidnaw was in the city on business yesterday.

The Marquette Light Infantry will not hold the usual drill tonight.

The A. O. U. W. orchestra will be in attendance at the rink tonight.

W. T. Potter and F. A. Bell were up the road yesterday.

M. C. Scully and C. B. Burt were down from up the road on business yesterday.

Jacob Rose is absent in the east, where he is purchasing his stock of spring goods.

St. Genevieve's guild will meet this afternoon at 2 o'clock with the Misses Lafortune, Bluff street.

The Ladies' Home Missionary society of the M. E. church will meet in the church parlors at 2:30 o'clock.

County Clerk Ross has issued a marriage license to William Richards and Beatrice J. Mutton of Ishpeming.

Monday night a bill for \$372.78 rendered by F. B. Spear & Sons and held up by the council in November, on account of a question which arose as to the price at which the city should have been supplied with cement, was referred to the committee on claims and litigation for investigation. It is predicted that the bill will be ordered paid in full, as it

does not appear that Spear & Sons were at fault in the trouble over the cement supply.

Miss Pearl Powell entertained a company of her friends at her home, corner of Pine and Michigan streets, last evening.

Tonella & Johnson's store will be closed until noon today owing to the funeral of Mrs. Tonella's father, Frank Fassbender.

Cold and mild spells are alternating with refreshing regularity of late. The mercury mounted yesterday, after Monday's sharp weather, and the sleighing suffered.

A few venturesome spirits were skating on the bay yesterday, north of one dock No. 4. The ice was excellent, although the soft weather made it none too safe.

The Degree of Honor will hold a card party and dance the evening of February 2. Members of the A. O. U. W. and the public are invited to attend. Twenty-five cents admission will be charged.

The street railway company is to be requested not to use so much salt on its tracks, the matter having been brought up at the council meeting Monday evening. The use of too much salt makes the sleighing poor, and the street railway is a constant offender. The street at the corner of Washington and Front is in particularly bad condition.

Harvey Saunders was taken to the Newberry asylum for the insane Monday. Saunders was received at St. Mary's hospital with a broken leg a number of weeks ago. He was all right for some time, but as the date of his discharge approached his mind seemed to become affected. Just before he was removed from the hospital he was in a bad way and Monday he was violent. He was taken to Newberry by Sheriff Penglase and Dan Shelton.

The announcement that the Snowshoe club is "going on a tramp" and intends to have supper at the old stand brings to mind what appetites some of the members had in the early days of the club. Who that was there has forgotten the records made by Billy S., and Sam W., with Howard K. a good third, and when you see an orange at the supper will your mind not revert to the scraps between Hobbs and Doc D., and the polishing that the floor received weekly?

Auction sale every evening at 7 o'clock at the Union clothing store next to Freeman's livery. (1-15-11)

The ice rink on West Washington street will be open every afternoon and evening during the week. Sundays excepted. (1-21-11)

Malted Milk Biscuit, finest cracker made; ask your grocer; manufactured by the Annen Candy & Biscuit Co., Green Bay; non-trust.

PINE SLABS.
Four-foot Pine Slabs delivered anywhere in city, \$2.50 per cord. Phone No. 231 or 959. South Arm Lumber Co. (11-27-11)

Lovers of Bargains Now Find Their Affinities Here.

January mark-downs have nipped many of our choice things in price value. We inventory these rear guards—odds and ends and little lots—at a discount from cost price; glad to trade them at that for your cash. Your bargain appetite will be satisfied here to the extent of 30, 40 and 50 per cent. under retail value.

SEVERAL THOUSAND DOLLARS' WORTH OF MEN'S AND BOYS' CLOTHING AND FURNISHINGS, MEN'S, WOMEN'S AND CHILDREN'S SHOES FOR YOUR CHOOSING AT MARKED-DOWN-SALE PRICES.

304-306 FRONT STREET.
