SAY FORT IS IN RUINS

GERMANS REPORT HAVING UTTERLY DESTROYED SAN CARLOS.

REFUTED IN VENEZUELAN ADVICES

MARACAIBO CABLEGRAM ASSERTS THE BATTLE CONTINUES.

Is Declared in Official Advice to Berlin That Land Guns Fired on Cruiser and Bombardment Was Ordered in Punishment.

Berlin, Jan. 23.—Commodore Scheder, commanding the German fleet in Venezuela waters, officially reports the bombardment of Fort San Carlos, from Maracaibo, under date of Jan. 21, as follows:

"On the 17th inst., while the Panther was passing the Maracaibo bar, she was unexpectedly attacked by Fort San Carlos, which opened a heavy fire on her. To this the Panther replied and the cannonade was exchanged for half an hour. Owing to difficulties of navigation, the Panther then desisted.

"In order to exact immediate punishment for this attack, more so as the Venezuelan government has proclaimed victory, I bombarded the fort, with the Vineta, on the 21st inst. and destroyed it."

This dispatch was received this evening. The first official report of the bombardment arrived earlier in the shape of a dispatch from the commander of the Falke, dated Willemstad, Feb. Curacao, Jan. 22, saying he had received information from Maracaibo that Fort San Carlos had been shelled and set on fire by the Vineta and Panther and had ultimately been destroyed.

Battle Reported Still in Progress. Maracaibo, Jan. 23.—At 2 o'clock this afternoon, Fort San Carlos was still in possession of the government forces and the bombardment by the Germans was still going on. There is no material change in the situation. The Panther is the only vessel to come inside the bar. Communication with the fort is very difficult. Great excitement prevails in Maracaibo.

President Anguierin, of the state of Maracaibo, has by decree called to arms all citizens from sixteen to sixty years of age, belonging to the militia, in order to resist a possible landing of German forces at Lake Maracaibo. About 500 men immediately answered the call.

Caracas, Jan. 23.—The report that the German warship Panther has entered Lake Maracaibo and that the Venezuelan cruiser Miranda has surrendered to her, is declared here to be without foundation.

Shot from Fort Fired as a Warning. London, Saturday, Jan. 24.—In a dispatch from Willemstad, Curacao, a correspondent of The Mail says: "On Wednesday the German gunboat Panther, which was insecurely anchored off San Carlos, moved in close to the Castillo battery, which fired one shot as a warning. The Panther disregarded the hint. Another shot was fired from the Castillo battery; thereupon the Panther opened fire and continued the cannonade for half an hour, when it retired. The Panther immediately began a heavy bombardment of Fort San Carlos, seriously damaging the fort and houses in the vicinity."

Excitement at La Guaira. Arrival of Venezuelan Boat Manned by Germans Stirrs Populace. La Guaira, Jan. 23.—The former Venezuelan gunboat Restaurador, now in possession of the Germans, arrived here this afternoon from Puerto Cabello and anchored near shore. Her presence caused great popular indignation. At 3 o'clock several rifle shots were heard in the distance. Shortly afterwards the Restaurador moved to a position outside the harbor and opened fire on the guns of the British cruiser Tribune.

The Restaurador has been armed, equipped and manned by the Germans since her capture. Her anchoring close in shore was taken by the populace, in view of the Maracaibo occurrences, as a direct provocation to retaliation. It is not known where the rifle shots were fired, but it is believed the precaution of the Restaurador is moving from shore was timely, as the hungry and unemployed populace of La Guaira, excited by the recent events and driven to desperation by their condition, had applied to the local authorities for arms and purpose making a night attack on the gunboat. The excitement against the Germans is running high.

Will Ignore Bombardment. Policy of Administration or Bowen Not Changed by Incident. Washington, Jan. 23.—Minister Bowen has not yet received a reply to his initial proposition to the allies regarding the Venezuelan affair. As such as he deplores the inexplicable action of Germany in twice bombarding the San Carlos fort with a force many times as large as that of the Venezuelans, Mr. Bowen is disposed to treat this parade of strength as "local," and as far as he is concerned will not let it interfere with his efforts to secure peace.

Kaiser Was Nettled. The departure of the German charge from Caracas after the presentation of his ultimatum, with an ensuing attack

(Continued on Page Four.)

PREVENTS TUBERCULOSIS.

Cattle Made Immune by Vaccination—Successful Experiments.

Philadelphia, Jan. 23.—Dr. Leonard Pearson, dean of the veterinary department of the University of Pennsylvania, today announced that experiments covering a period of more than two years had proven conclusively that cattle may be rendered immune from tuberculosis by vaccination. The vaccination consists of injecting into the veins of the animal a small quantity of suspension of tubercle bacilli non-virulent for cattle. This is repeated several times with gradually ascending quantities.

To prove the efficacy of the treatment, four healthy animals were secured and two were vaccinated. Then the four were inoculated with virulent tubercle bacilli. At the expiration of nearly a year, the vaccinated cattle were killed. The two vaccinated animals were perfectly sound, while the others were extensively tubercular.

POLICE OVERPOWERED.

Striking Eastern Carriage Builders Mob Men Who Took Their Places.

Amesbury, Mass., Jan. 23.—Five hundred union carriage builders tonight attacked the strike breakers who had taken some of their positions. The police were overpowered and the non-union men were chased, dragged from their places of concealment and assaulted.

LYNCH CONVICTED SPLITS HEAD OPEN

IRISH MEMBER OF PARLIAMENT FOUND GUILTY OF TREASON.

HE IS SENTENCED TO DEATH

FOUGHT IN THE BOER ARMY AGAINST THE BRITISH.

Is Thought Likely, However, the Sentence Will Be Commuted and the Irish Colonel Be Given a Short Prison Term Instead.

London, Jan. 23.—Colonel Lynch, M. P., who fought with the Boers, was today found guilty of treason and sentenced to death, although it is believed the sentence will be commuted.

The lord chief justice, in his charge to the jury, said that if in war time a British subject joined the king's enemies, whatever his purpose, he was guilty of an unlawful act. The jury was out half an hour. When asked if he had anything to say, and why he should not be sentenced to death, Colonel Lynch replied he had nothing to say. The sentence of death was then pronounced.

After the prisoner was removed Colonel Lynch and his counsel had a conference regarding the course to be adopted in the future, and later it was announced no action would be taken at present. The counsel can proceed with applying for a writ of error, but it is thought this may be rendered unnecessary by the communication of the sentence to short term imprisonment, in which case it is probable the prisoner will accept the situation.

SOUTHERN STATES SHAKEN.

Decided Shocks of Earthquake Felt in South Carolina and Georgia.

Columbia, S. C., Jan. 23.—A decided earthquake shock was felt here at 8:16 o'clock tonight.

Charleston, S. C., Jan. 23.—A distinct shock of earthquake was felt here tonight. No damage was done. The shock was felt throughout lower South Carolina.

Savannah, Ga., Jan. 23.—Two shocks of earthquake were generally felt in Savannah tonight. News from settlements along the coast indicate that they were of sufficient violence to rock houses. From Tybee island come reports of the greatest violence. The keeper of the lighthouse telephoned that five shocks had shaken the lighthouse so that in the living rooms, forty feet from the ground, sleeping children were awakened and greatly frightened. In other houses of the island the shocks were as perceptible and it was sometimes before the excitement they caused subsided.

Augusta, Ga., Jan. 23.—A slight earthquake shock was felt here tonight. No damage was done.

RUMOR TRANSPORT IS LOST.

Unconfirmed Report at Seattle Asserts the Dix Is Sunk With All Hands.

Seattle, Wash., Jan. 23.—A rumor is current among shipping men to the effect that the transport Dix, bound for Manila with lumber and forage, has gone down this side of Yokohama with all on board. It is impossible to locate any credible origin for the story.

Later—Careful inquiry fails to find the slightest foundation for the rumor that the United States transport Dix had foundered.

KING OSCAR TO YIELD THE REINS.

Crown Prince to Govern as Regent Because of Monarch's Illness.

Stockholm, Jan. 23.—King Oscar today decided to temporarily intrust the government of the country to the crown prince, Gustaf, who will take over the regency next week. The action of the king was taken as a result of medical advice.

DINE ON HUMAN FLESH.

Drought in New Guinea Drives Natives Back to Cannibalism.

Victoria, B. C., Jan. 23.—The steamer Miowera, which arrived tonight, brings news of the murder of several white men by natives in New Guinea. Drought has been experienced for some time on the island, and it is thought that as a result of the shortage of food the natives have reverted to cannibalism. Murders are reported from several places. One report tells of the killing of two European prospectors who were eaten by the blacks, and a Dutch constable is reported to have been kidnaped and eaten. Several blacks also have been murdered. Many natives have no food and are subsisting on roots and herbs.

CUBANS SHOW HOSTILITY.

Not Disposed to Give Coaling Stations Provided for in Treaty.

Havana, Jan. 23.—Public sentiment is retarding the agreement between Cuba and the United States with regard to coaling stations. The Cubans, while realizing their obligations toward the United States, dread having their ports placed between fires in the event of a conflict with the United States and a foreign power. The Cuban government and one coaling station, but is not ready to believe the United States will bring pressure to bear to secure more than two or three stations.

CHICAGO HOUSEKEEPER MURDERS HIS HOUSEKEEPER.

NO KNOWN MOTIVE FOR DEED

ATTEMPT AT SUICIDE FOLLOWS THE BUTCHERY.

Chicago, Jan. 23.—Mrs. Stella Wright, a young woman acting as housekeeper for William F. Lewis, a carpenter living at 4449 State street, was killed by Lewis today. The crime, the cause of which is not known, was committed with a hatchet, the head of the woman being cut open. Lewis disappeared. There was no trace of him until tonight, when he appeared at his home, where officers were on guard. He was arrested after a desperate fight.

While on the way to the station he requested the officer who was holding his hand to loosen his grasp. As soon as the officer complied, Lewis snatched a razor from his pocket and cut his own throat. He admitted killing the woman, and said he had left letters which would give his reasons for the crime.

Is Killed in Trivial Quarrel.

Kansas City, Jan. 23.—Thomas H. Holman, forty-seven years old, a traveling engineer of Iowa, was shot and killed in this city tonight by his friend and roommate, Marcus C. Emanuel, as a result of trivial quarrel. Emanuel had been unemployed for a long time and worry impaired his mind. Today the landlady asked him to vacate his apartments temporarily to accommodate guests of Holman. Emanuel resented this and shot Holman while the latter was trying to explain he had not sought to humiliate Emanuel.

TRAIN HITS PROJECTING CAR.

Engineer and Fireman Killed in a Wreck in Missouri.

Wichita, Kan., Jan. 23.—A Missouri Pacific passenger train was wrecked this morning at Yates Center. The train struck a projecting car on a siding. The engineer and fireman were killed and the mail clerk was seriously injured.

Train Wreckers Blamed.

Memphis, Tenn., Jan. 23.—In the wreck of the Illinois Central passenger train which went into an open ditch on the outskirts of this city early this morning, the train was derailed. The engineer and fireman were fatally hurt and three other trainmen seriously. Not a passenger was injured. It is believed the accident was due to train wreckers.

COMMENDS THE TRUSTS.

Ex-Gov. Savage, Nebraska, Urges Farmers to Organize and They Do.

Lincoln, Neb., Jan. 23.—Nebraska and Kansas farmers met here today and organized a co-operative grain and livestock association. The feature of the meeting was an address by former Governor Savage, in which he commended trusts and urged the farmers to organize one of their own.

CALLED TO LONDON PASTORATE.

Rev. S. G. Smith of St. Paul Invited to Fill Westminster Pulpit.

London, Jan. 23.—Westminster chapel, one of the best known churches in London, has decided to invite Rev. Samuel George Smith of St. Paul, Minn., to fill the pulpit.

POLICE SUPERINTENDENT DIES.

Cincinnati, Jan. 23.—Colonel Philip Ditsch, superintendent of police, died today.

SCALE IS DRAFTED

SOFT COAL MINERS FORMULATE THEIR DEMANDS.

WILL ASK 12 1/2-CENT INCREASE

ALL COAL TO BE PAID FOR ON MINE-RUN BASIS.

Convention Declares Its Intention to Stand by the Demands and Strikers Will Follow Refusal of the Operators to Grant Them.

Indianapolis, Jan. 23.—The miners' convention, in executive session this afternoon, completed consideration of the wage scale. It was decided to demand an increase in wages of 12 1/2 cents per ton on the mine-run basis, all coal to be paid for on that basis. A differential of seven cents between pick and machine-mined coal will be asked.

The entire competitive district, composed of Ohio, Indiana and Illinois and the Pittsburgh district, is governed by this scale. The increase, if granted, would make the rate of wages in Indiana and Illinois 61 1/2 cents per ton, in the Pittsburgh district 65 and in Ohio 70. A demand also will be made for a proportionate advance to the inside and outside common laborers.

Some Demands for Still More.

The result will not be entirely satisfactory. Some demands were for nearly 50 per cent advance. It was said tonight that the desire of the convention was to ask a reasonable increase and stand by it. There will be no receding from this demand, it was said. It was the opinion of the majority that it would be better to make a demand which they expected to enforce rather than to demand a large increase and probably come down.

The convention today refused to endorse a resolution presented by an Iowa delegate favoring co-operation between producer and consumer in the sale and purchase of goods. The report of the committee of officers' reports endorsed all the recommendations of the officers except one advocating changing the time of holding the convention. It also approved a proposition to appropriate \$10,000 to appeal from the decision of Judge Jackson in the injunction cases.

MINERS' UNION CENSURED.

Witnesses for Operators Say It Has Badly Affected Discipline.

Philadelphia, Jan. 23.—The independent operators of the Wyoming and Pennsylvania regions, in which Scranton and Wilkesbarre are situated, occupied the time of today's session of the strike commission. Attorneys representing thirty companies in these two regions called about a dozen witnesses.

Nothing of importance was elicited. There was unanimity of opinion, however, that the lack of discipline among the miners and the restriction of their earning capacity, testified to by witnesses for large coal companies, are more pronounced since the union came into the anthracite field than it was before the men were organized.

The independent operators in the Hazleton region will open their case tomorrow.

Chicago Indictments Taken Up.

Chicago, Jan. 23.—A motion to quash the indictments against the coal men was overruled today, and pleas of not guilty were entered. An agreed stipulation of facts was presented to the court. The date for hearing the arguments will be fixed early next week. At the request of the state attorney, the case against the Bruceville Coal company was dismissed.

COLORADO DEADLOCK CONTINUES.

Absence of One Man Again Blocks Election of Senator by Democrats.

Denver, Jan. 23.—The joint session of the Democratic members of both houses of the legislature continued today except for two hours. Again today action on the senatorship was blocked by the absence of one man. Representative Kelley, who could not be found yesterday, was present today, but Representative Madden, of Denver, had disappeared and at a late hour could not be found. There is a suspicion he has been kidnaped. Caucuses and conferences were held during the day, but no settlement of the deadlock appears in sight.

Within One of a Choice.

Later—At 10:30 o'clock tonight a ballot was taken in joint session. The Democratic Senators Bailey and Hill, who are sick, were brought to the state house in carriages. Fifty votes were cast, all for Teller. Madden was still absent, and there was no choice. The session was adjourned until tomorrow morning, and the Democratic senate resumed its continuous session in the senate chamber.

A committee from the Republican state central committee made a proposition to the Democratic senate that one of the Republicans unseated be reinstated, so as to tie the legislature and prevent a senatorial election. The Democrats refused.

TRUST CAN'T GET THEM.

Havana Cigar Factories Sign Agreement Not to Sell Out.

Havana, Jan. 23.—Four of the largest cigar factories here have signed an agreement to refrain for ten years from selling their brands or plants to the tobacco trust. Other factories are expected to do likewise.

DAILY MINING JOURNAL,

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Issued daily except on Sundays Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

SUBSCRIPTION RATES: Per month, by carrier, \$1.50; Per year, by mail, \$15.00.

MARQUETTE, MICH., JAN. 24.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Germany will have a lot more explaining to do as a result of her bombardment of Fort San Carlos. This latest piratical attack of the kaiser's navy has created a profound impression of distrust, not only in this country but on the continent.

The Ministerial association of Salt Lake City has protested against the admission of Apostle Smoot to the United States senate, and there will doubtless be many wry faces when he is seated.

The American people, except here and there a few isolated but undaunted friends of the Nicaraguan route, will rejoice at the tidings that the last obstacle in the way of the construction of the Panama canal has been cleared away.

Editor Wilson, of the Native Copper Times, declares the time has come when there should be a change in the affairs of the Osceola Mining company.

Proxies are being received daily by the stockholders' committee, at Houghton, and from very many sections.

Who buys St. Mary's buys a proportionate interest in the Champion mine. The Champion produced 700,000 pounds of copper in December to 720,000 pounds by Baltic.

Whoops! The fact is, according to the most conservative interests in the trade, those whose records stand out as manipulators, but as genuine buyers in copper metal, that statistics or no statistics, producers of copper are sold ahead for months to come.

The operations of the Greene Consolidated Mining company have been somewhat interfered with by lack of coke or cars to haul coke to the smelters.

however, it is anticipated there will be a full supply of coke and the seven furnaces will be in operation, bringing the company's product above five million pounds of copper per month.

John Stanton, in an interview at New York yesterday, said: "The trade is in very good condition. More copper was consumed last year than was produced and the demand is good."

A Boston paper figures at what price the refined copper production of the various Lake Superior mines is selling in the stock market. By dividing the annual output of these properties into the market value of the shares, it is found that the production of the Copper Range is selling for eighty cents per pound and Wolverine's for fifty-two cents.

There have been recent sales of Ahmeek Mining stock at 12 1/2c per share. There are sixty thousand shares of Ahmeek, practically all of which is owned by A. S. Bigelow and associates. The stock has been selling around \$5 up to a recent date.

It is said that Captain Wilcox, superintendent of the Mass, will go to the "Trimountain" to assist Superintendent (Clyde) and that Captain Trezona, of Evelyn, Minn., formerly of the Mass, will take the management of the Mass. The rumor, although current, has not been confirmed.

The Boston News Bureau estimates that the American copper production for this calendar year will be not far from 800,000,000 pounds, as compared with 600,000,000 pounds the past year. It assigns 50,000,000 pounds of this increase to Michigan, and the same to Montana.

Whoops! The fact is, according to the most conservative interests in the trade, those whose records stand out as manipulators, but as genuine buyers in copper metal, that statistics or no statistics, producers of copper are sold ahead for months to come.

VISITORS EASILY TRIMMED. WILL BOOM AGRICULTURE.

Portage Lake Hockey Team Scores 20 to St. Paul's 2.

Houghton County District Society Maps Out a Campaign.

Last evening's hockey game at the Amphidrome rink, at Houghton, resulted in an easy victory for the local team. The score was: Portage Lake, 20; St. Paul, 2.

The visitors are speedy, but lacked team work, while the combination work of the home team was superb. It was 9 to 0 at the end of the first half. St. Paul scored one of its two goals just as time was called in the second half. The game was interesting and pleased a big crowd.

The teams lined up as follows: Portage Lake, St. Paul. Goal, W. Newell Baker; point, Ohne Haller; coverpoint, Barron Westcott; right wing, Clayton Meinke; center, Armstrong Stephens; coverpoint, Cook.

The two teams will again meet at the Amphidrome tonight.

STOLEN ARTICLES RECOVERED. Come Back to Calumet Through Return Card on Hotel Envelope.

Ernest Bostwick, the member of the Walker Whiteside company who was arrested a few weeks ago while in Calumet with the troupe, on suspicion of having stolen a watch, two rings and chains from the room of Mrs. Anna Wells, assistant cook at the Central Hotel, where Bostwick was stopping, has apparently been proven guilty of the theft by the postal service of the United States and Canada.

Proprietor Loch, of the Central House, was surprised on Thursday to receive a package containing the stolen articles. The package was addressed to Ernest Bostwick, Winnipeg, Canada. A Central House envelope, with the return receipt printed in the upper left hand corner, had been used by Bostwick in addressing the letter to himself at Winnipeg, where the company expected to play the week after the letter was sent. The letter was mailed on Jan. 21. Bostwick did not get to Winnipeg to claim the letter, as he was turned over by the Calumet police to Marquette (Wis.) authorities, who also wanted him on a charge of theft.

Bostwick was let off at Calumet because the evidence against him was not strong and it was thought there was a better case against him in the Wisconsin town. However, the case was dismissed by Justice Bird of Marinette, and he has already left that city his whereabouts are unknown. It is not likely he will ever be punished for his Calumet theft. Bostwick in sending the stolen jewelry away did so with the evident intention of paying it upon arriving at Winnipeg. He was quite enough not to get rid of the articles in Calumet.

FIREMEN URGE ACTION. Hancock Department Anxious for Early Start on Tournament Work.

Hancock firemen are of the opinion that it is high time to take hold of the arrangements for next summer's tournament of the Upper Peninsula Firemen's association, at Hancock. It takes a long time to bring about a successful tournament, and it is believed a joint meeting of firemen and citizens should be called for the appointment of various committees to look after the preparations. That was the plan talked over a few weeks ago, but since then nothing has been done. The firemen believe the citizens should be up and doing and not wait until spring or early summer to plan what will be done at the tournament and to advertise it. All that should be done now, the firemen say, and they are willing to help.

consumed in the United States during the course of a year and that annually the farmers of that state receive \$7,000,000 for cheese alone. He believes there is more money to be had in the dairy business than in gold and copper mining. Mr. Mylrea is not a farmer, but never the less, he is a devotee of W. S. Prickett, of Slinway, will also join the society, having informed Mr. Mylrea of his intention.

The society adjourned subject to a call by the board of control.

GOOD WILL FARM AFFAIRS. Officials of Institution Sum Up the Work of the Past Year.

The annual meeting of the board of directors of the Good Will Farm and Home Finding association was held in the office of the president, Dr. A. H. Dodge, at Hancock, Wednesday afternoon. A number of interesting reports for the fiscal year just closed were read, among them that of Superintendent K. A. Myers. He called attention to a few salient features of the year's work, his report in part being as follows:

"Considering that the erection of a new building must be deferred for a year more, it became necessary to make some extended improvements on the old building. The rooms on the main floor and dormitory have been plastered; the entire house, inside and out, has been painted; a water and drainage system, including a bath room, lavatory and closet, has been installed; a cottage, providing an office, school, teacher's apartment, and milk room supplied with a large refrigerator has been erected; the main yard and pastures have been fenced in; a lay barn and a fuel shed have been built; and the stables have been enlarged. The stock has been increased by one horse, four cows, four calves, four pigs and poultry. The income from the farm has been somewhat disappointing, but no more so than all farms in this locality. Small fruit has been planted and an asparagus bed made. The house furnishings have been increased by the purchase of bed and table linen and window furnishings. The children have had school instruction nine months of the year.

The kindness of old friends and new in visiting the farm and sending boxes of clothing, money magazines and other reading matter, and providing the Christmas treat, is gratefully remembered. Cyril Brackenbury's gifts of a Morris chair and a fine cabinet organ are worthy of special mention. Our thanks are also due to the four hundred friends who have pledged themselves to the current expense fund. They are the upper peninsula four hundred, but may their ranks increase. We wish to express appreciation of the courtesy of the local railroad companies in granting half fare permits to all of our workers, and to the hotels for special rates. The sad feature of the year's work has been our inability to care for all the cases of destitute childhood for which application has been made. It seems cruel to turn a deaf ear to the cries of a homeless child, but until we have sufficient room for them these conditions will remain. Hasten the day when the new building will be completed.

Mrs. K. A. Myers, wife of the superintendent, reviews the year's work in the field as follows: "Thirty-nine children had been secured and nineteen placed in homes, of whom eight were returned to the farm. Every important place in our territory has been visited. Addresses have been made in the churches, aside from the talks to children in every school room sending contributions. Over 6,000 miles have been traveled. The work at the home has been the superintending of the small hands and feet in helpfulness and reaps the benefits of his work in his bank account. We purpose extending this year to the larger one, a vacation school, should it be desired and provided for. In that case the boys and girls from town can be taught gardening and have systematic training in nature study and in the elements of the correlated sciences."

Mrs. G. M. Walker, financial agent for the home, said: "The chief feature has been the securing of the current expense fund for five years by yearly pledges. The amount pledged is \$2,780, subscribed to by four hundred people and coming from thirty-seven localities, two of which are outside of our territory. This income has been apportioned among the months of the year as evenly as circumstances permit, and according to the original estimate it should cover all current expenses except the cost of collecting. A new feature has been the employment of an assistant agent. It has increased the total collections 36 per cent. The apportionment of local solicitors has been tried and proven

fruitful in such places as the agent could not profitably work. Mrs. J. W. Blake, of Winona, Minn., and Miss A. N. Martin, of Minneapolis, have been appointed as assistants for the ensuing year, with the view of hastening as rapidly as possible the securing of a fund for our new building."

The board of inspectors reported that "the rooms were neat cheerful and comfortable, showing interest and care on the part of the managers. In the school room little busy bees buzzed over their lessons, and such a perfect spirit of freedom prevailed that we felt that element of love had cast out fear. In submitting this brief report we, the undersigned, concur in one opinion of approval of the ways and methods used at the farm." The report is signed by Elizabeth L. Senter, Elva Johnson, Katherine T. Rice, Margaret L. Johnson, Mrs. C. H. Krause, and Marguerite Goodell.

The auditor's report showed: Balance in bank, Jan. 1, 1902, \$100.21; total deposits in 1902, \$9,414.84; checks issued, \$9,037.15; balance, Jan. 1, 1903, \$667.90. The report of collections was: Balance from Mrs. G. M. Walker, Jan. 1, 1902, \$97.05 and Miss Bristol, \$3.56. Collections, Mrs. Walker, \$5,147.23; Miss Bristol, \$2,915.25; Mr. and Mrs. Myers, \$1,000.31; Miss Hemminger, \$443.75; donated by mail, \$59.62.

The money contributed by public schools for the building fund was: Bay Mills, \$4.83; Calumet, \$204.31; Dollar Bay, \$15; Ewen, \$1.50; Gladstone, \$12.25; Grand Marais, \$15.97; Loretto, \$2.15; Manistique, \$22.86; Menominee, \$42.42; Munising, \$6.40; Ontonagon, \$10.30; Phoenix, \$7.06; Rockland, \$8; Seney, \$4.03; St. Ignace, \$8.40, and Thomaston, \$8.00; total, \$362.95.

The cities and towns from which subscriptions to the five-year fund came, and the amounts are: Alouez, \$30; Arcadian mine, \$5; Atlantic, \$15; Bessemer, \$16; Calumet, \$425; Champion, \$2; Dollar Bay, \$19; Escanaba, \$41; Franklin, \$5; Gay, \$5; Gladstone, \$0; Hancock, \$308.50; Hermansville, \$5; Hibbing, Minn., \$10; Houghton, \$948; Iron Mountain, \$15; Ishpeming, \$92.50; Ironwood, \$94.50; Kearsarge, \$7; Kenton, \$20; Laurium, \$67; Lake Linden, \$92; Marquette, \$313.50; Menominee, \$76; Mohawk, \$10; Mountain Iron, Minn., \$5; Negaunee, \$42; Norway, \$22; Ontonagon, \$10; Opechee, \$10; Palmer, \$5; Phoenix, \$5; Rockland, \$20; Slinway, \$10; South Lake Linden, \$23; Vulcan, \$5; Wakefield, \$5; total, \$2,780.

JUNKETERS' TRIP POSTPONED. The biennial junket of the house and senate committees on the Michigan College of Mines to copperdom has been adjourned for another week. The legislature will adjourn on Jan. 30 for a ten days' recess, during which time the various committees will visit the upper peninsula. They will remain in the copper country at least two days, coming here from Marquette. There will be about fifty in the party, including the wives of the legislators.

EXCURSIONS TO DULUTH. Duluth jobbers are making arrangements for the annual merchants' excursion to that city next month. The attention of merchants throughout the entire Northwest will be called to the advantages offered in Duluth and what they can see in the line of wares when they get there. A considerable number of copper country merchants took the trip last year and greatly enjoyed it. No doubt another copper country excursion will be arranged for this year.

WORKMEN'S ANNUAL BALL. The annual ball of Hancock lodge, No. 128, A. O. U. W., which will be given on the evening of Feb. 20, will be made more of a county event this year. With that object in mind, the committee on arrangements will personally visit every United Workmen lodge in the county for the purpose of extending an invitation. The committee will meet to talk over preparations for the party after the regular session of the lodge in Kautz's hall Friday evening.

MOUGA ARRESTED BY SHERIFF. Sheriff Willis went to Kenton Thursday and returned in the evening with George Moug, who shot and dangerously wounded Joseph Morris, a Michigan blacksmith, by the accidental discharge of a 38-caliber revolver while in a friendly scuffle in Frank Lewis' saloon early Wednesday morning, as noted at the time in The Mining Journal. Moug will be held pending an investigation. He is a man well along in years.

THE CHILDREN'S FRIEND. There is no use trying to persuade American mothers that a substitute exists for Perry Davis' Painkiller. They know how it relieves the troubles of childhood from sprained arms and legs to stomachache. Other preparations may do good, Painkiller is certain to do a big difference, and one that has been recognized for sixty years. There is but one Painkiller, Perry Davis'.

COPPERDOM BREVIETTES. Leonard Johnson of Ishpeming is a Portage Lake visitor.

Elgin Troyer of the Soo, the well-known skater, is in copperdom looking for races. Troyer is a speedy man.

Vital Paradise of Montreal, formerly in the lumber business in Lake Linden, is visiting old friends at the Lake after an absence of thirty years.

Rev. A. A. Maywood, pastor of the Grace Methodist church, Houghton, will exchange pulpits with the Rev. Edwin More, of the Hancock Congregational church, tomorrow.

The Lake Linden and Grover Dancing club will hold a social dancing party at the Lake Linden opera house on the evening of Jan. 31. Music will be furnished by the Linden orchestra.

A meeting of those interested in the organization of a new lodge of Catholic Order of Foresters in Hancock will be held tomorrow to talk over plans. The requisite number of members has been secured.

Five fish nets, found distributed at intervals along Portage lake from Hancock to the canal by Game Warden Vivian, were brought into Justice Finn's court at Hancock yesterday and condemned. The nets will be burned.

DON'T TRIFLE WITH COUGHS

Every cough means tearing down of tissues and the accumulation of waste products in the system. The morbid state of the membranes of the air passages invites serious throat and bronchial troubles and is the favorite condition for breeding the germs of consumption. It is serious; don't trifle with it, and don't waste time and money on inefficient remedies.

Our White Pine Cough Syrup cures effectively and as promptly as an efficient cure can be had, removes the cause. Cheapest because it is.

Price 25 and 50 cents.

DESJARDINS' PHARMACY,
417 N. Third St.

COPPERS SOMEWHAT WEAK.

Talk of Venezuelan Complications Influences the General Market.

Paine, Webber & Co. said of the Boston market: "The general market sold off this afternoon on fear of unfavorable developments in the Venezuelan trouble and coppers sagged somewhat in sympathy with the other stocks. Copper was up ten shillings in London, and was 1/4 higher on the New York metal exchange. We do not anticipate that the scare will last long. If it does it will affect the railroad and industrial stocks more than the coppers. As soon as the situation clears a little, copper should rally."

Hayden, Stone & Co. wired the Laidley Commission company as follows: "The market held well today in face of the Venezuela trouble and dullness. Outside people are waiting for developments before committing themselves; therefore they are taking no position. We look for a dull, uninteresting market for the next few days, with but slight changes."

Chicago Markets Sell Off.
Laidley said of the Chicago markets: "Wheat opened higher, on better cables and buying by the local crowd. There was heavy commission house realizing at an advance, causing a 1/2 cents reaction early. There was a good demand for January wheat shorts. An improvement overalls that the big holders have sold considerable wheat through brokers. The market was nervous and the fluctuations were violent at times. Exporting houses say that their bids this morning were the highest so far, but the offerings last night were small and so the acceptances are not large. The close was steady, 1/2 cent lower than yesterday. We think wheat should be picked up on these breaks."

Corn opened at top prices. The feature has been unlimited commission house selling at 45 cents for May and the market went off under weight of these offerings. The cables were higher. The closing was at a 1/2 cent decline. We would buy on good breaks only.

Scalpers had out for sale this morning, while commission houses bought moderately. The market was governed entirely by the fluctuations in the other grains.

Efforts on the part of commission houses to sell May hard and ribs and weakness in wheat caused a partial loss of the early advance in provisions. The market was strong early, with hogs and general buying by the commission houses. There was a sale of 4,000 barrels of pork credited to Cadamy."

Some Weakness in New York.

Walker said of the New York market: "The market today opened barely steady, with a weak tone. There was very little going on and commission house business was nearly at a standstill. This dullness continued until the afternoon, when prices began to weaken and traders found a great many weak spots. Prices broke quite sharply and there was little support given. The transactions were very weak and sugar was also sagging. The bank statement tomorrow is expected to be good, but talk of Venezuelan troubles was the chief cause of weakness today."

SUNDAY AT THE CHURCHES.

Methodist—The pastor, Rev. E. A. Elliott, will preach in the morning on the subject, "Following the Master." In the evening the fourth of the series of addresses on "Six Great Lights" of religion will be given. Its subject will be, "Mohammed, the Light of the Arabians." All are welcome.

St. Paul's Cathedral, Third Sunday after Epiphany: Holy communion, at 7:30 a. m.; matins and sermon, at 10:30 a. m.; children's missionary service at 3 p. m. All the children of the parish and their parents and friends are invited to attend. Evensong and sermon, at 7:30 p. m.

Presbyterian—Preaching service at 10:30 a. m. Sunday school at 12 m. Junior C. E. society at 3:30 p. m. Senior society at 6:30. At 7:30 p. m. the pastor will give the second illustrated sermon on the "Life of Christ Topically Considered." The morning subject is "What Ministering?"

Baptist—Rev. Charles Maxson will preach, morning and evening, at the usual hours. The public is invited to attend these services.

First Church of Christ, Scientist—Service at church hall, 109 Spring street, 10:30 a. m. Subject "Love."

HIGH TRIBUTE TO THE ARMY.

After making a thorough investigation of the prevailing condition of affairs in the Philippine Islands during the past year, the inspector general of the army, in his report pays a high tribute to the courage and kindness with which military operations have been carried on. The highest tribute is also paid to the celebrated Hostess's Stomach Bitters by people all over this broad land, because of its reliability in cases of sick headache, vomiting, heartburn, indigestion, dyspepsia, liver complaints or malaria, fever and ague. These people having once tried it and proved its value will not accept anything else. If you are a sufferer from any stomach, liver or kidney complaint, you need the Bitters at once. It will surely do you good. Your druggist will supply you with the genuine.

Don't fail to attend the auction sale of clothing at the Union clothing store, next to Freeman's livery, every evening this month. (1-16-15)

PINE SLABS.
Four-foot Pine Slabs delivered anywhere in city, \$2.50 per cord. Phone No. 231 or 859. South Arm Lumber Co. (11-27-14)

ONE HUNDRED DOLLARS A BOX
is the value H. A. Tidale, Summerton, S. C., places on DeWitt's Witch Hazel Salve. He says: "I had the piles for twenty years. I tried many doctors and medicines, but all failed except DeWitt's Witch Hazel Salve. It cured me." It is a combination of the healing properties of Witch Hazel with anti-septics and emollients; relieves and permanently cures blind, bleeding itching and protruding piles, sores, cuts, bruises, eczema, salt rheum and all skin diseases. H. Harwood, Ishpeming; The Stafford Drug Co., Marquette.

MUSICAL COMEDY TONIGHT.

"The Liberty Belles" the Bill at Marquette Opera House.

This evening "The Liberty Belles," Harry B. Smith's new musical comedy, will be the bill at the opera house, it being presented this season by Frank Hennessy's company. The piece is said to be one of the real novelties of the season, and, in fact, it is utterly unlike any other musical comedy that was ever constructed. Considerable notoriety attaches to the "pink pajama girl," who makes her appearance in the first act, and also to the other women who wear night robes in the same act, but the real novelty of the act, is of course, the scene and not the costumes. The dormitory of a young women's seminary, when peopled with stage struck girls, allows of an easy introduction of songs and specialties and the musical comedy gets fairly under way with the girls still in their beds. In this act, as in every one of the piece, each character is given lines to speak. In fact, the dialogue is foolishly furious and almost incomprehensible, since Mr. Smith's idea was to fit characters with the matinee-idol-making characteristics of the girls still in their beds. The cast includes Gertrude Millington, Nevada Helton, Percy Leach, Harry Stuart and others. The second act takes place in a cooking school and the third on the lawn of a fashionable hotel in Florida.

CITY BRIEFS.
Weather forecast: Stationary temperature. Yesterday's temperature: 7 a. m., 13 degrees; noon, 16 degrees; 7 p. m., 13 degrees; maximum, 16 degrees; minimum, 12 degrees.

The Whist club will meet this afternoon with Mrs. James Jopling. Mike McKenna arrived home yesterday from a couple of days' visit at Duluth.

Miss E. Catherine Hemminger of Escanaba spent yesterday here as the guest of Mrs. J. W. Spurling.

St. Agnes court of Foresters will give a social dance Friday evening, Jan. 30, in the A. O. U. W. Hall.

Mrs. O. D. Jones and Mrs. R. W. Boyer and son left Thursday evening for Birmingham, Ala., where they will visit for the next two months.

The flow of water at the lighting plant was satisfactory yesterday, confirming a belief that there will be no further interruption of the service.

The members of the Hibernian lodge will attend the funeral of Michael Murphy Sunday afternoon in a body. They will meet at their hall at 1 o'clock for the purpose.

M. H. Kern, postmaster at Menominee, was here last evening. He is the upper peninsula deputy of the Knights of Columbus and officiated at the ceremonies at the meeting of the local council last night.

The local land office has handed down a decision in the case of Dan Toohy vs. Edward Yerke, 100 acres of land in Houghton county affected. The decision was in favor of the first named party. The case concerned the prior right of entry.

There is much local interest in Miss Cummings appearance at the Marquette skating and curling rink Monday evening. In previous seasons Miss Cummings has been seen by large crowds here, and it is not expected that this winter will prove any exception to the rule.

The Seidenfeld clothing store is shortly to be moved to the stand that will be vacated by Werner Bros., who are about ready to move into their new building on Front street. A plate glass window in the present Seidenfeld store was shattered the other day by a sign, advertising a sale, blowing down on it.

Michael D. Murphy died yesterday, after a lingering illness, aged forty-one years. The funeral will be held Sunday afternoon at 2 o'clock from the residence of the Misses Fleming, corner of Third and Superior streets, to St. Peter's cathedral, with interment in the Holy Cross cemetery. The Ancient Order of Hibernians will attend in a body.

Judge Kelsey has received a letter from H. H. Taft, located in this county, at Ishpeming and later at Marquette, some ten years or so ago, to the effect that the writer had just been made general agent of the Fernando Mining company in the Estado de Durango, Mexico. Mr. Taft has been in the west and southwest practically all the years that he has been away from this county.

Miss Cummings, the noted fancy skater who will give an exhibition at the rink next Monday evening, has been entertaining copper country people the past two weeks. She has attracted large crowds and has given excellent satisfaction. At Calumet the other evening the attendance was in excess of 1,500 and the exhibition so pleased that a return engagement was arranged for the following night.

The ladies who are working out their papers for membership in the local chapter of the Daughters of the American Revolution are requested to hand them in as soon as possible to Mrs. Brooks, 346 East Arch street. Since the last meeting special directions have been received from headquarters for those seeking information from ancestral records and Mrs. Brooks will be glad to give any assistance necessary this afternoon from 3 to 5 o'clock.

"The Liberty Belles," which appears at the opera house this evening, gave good satisfaction in the copper country where Thursday evening it entertained at Hancock and last evening at Calumet. The Houghton Gazette says of the Hancock production: "Liberty Belles," Harry B. Smith's musical comedy, was presented last night at the Kennedy to a good-sized audience. This charming story in rhyme and music of the escapades of two school girls proved a continuous round of mirth to the audience, which was not slow to show its appreciation."

Ladies, if you want a refined and brilliant complexion, free from blemishes; rosy cheeks, bright eyes, take Rocky Mountain Tea. Never fails. 35 cents. The Stafford Drug Co.

Auction sale every evening at 7 o'clock at the Union clothing store next to Freeman's livery. (1-15-15)

Upper Peninsula.

Telephone Pole the Harder—

Teddy Cass, an Escanaba boy, met with a mishap the other day which will keep him from play for some time. The lad was out with his dog and sleigh, when the animal ran away and young Cass was thrown against a telephone pole with such force that his right leg was broken above the knee.

Hand Severed by Explosion—
Wm. Callier, a miner employed in the Ashland mines, at Ironwood, lost a hand in an explosion a few days since, while working underground. Callier had charged a hole for a blast and in pulling out the scraper an explosion took place which severed the hand from his arm. He was otherwise uninjured.

Wins a Skating Championship—
Elgin Troyer of the Soo has arrived home from Blind River, Ont., where he skated Harry Brizol for the championship of Algoma. The race was one mile in an eighteen-lap rink, and Troyer won it handily in 3:4. He next skated backwards in a half mile race against two local men and won that event in 1:28 1/2.

Bargain Sale Due on Hats—
Fire broke out in Mrs. Elmo Kibby's millinery, at the Soo a couple of evenings ago and wrought damage to the extent of about \$1,500 before it was extinguished. Mrs. Kibby had left the building but a short time before and how the fire started at that hour is a mystery. When noticed it had gained considerable headway and would have created greater loss than it did but for the coolness of Mr. Kibby who kept the doors shut tightly until the fire department was ready to enter with extinguishers and water, thereby smothering the flames.

Excitement at Church Social—
The exploding of an oil lamp in the basement of St. Joseph's church, at Escanaba, the other evening during a card party being held under the auspices of the men of St. Joseph's School society, caused considerable excitement and some damage. The lamp was a large one and the heat set the wood overhead on fire. The wire that was holding the lamp broke and the latter fell to the floor, exploding. Instantly there was great excitement among the many ladies present, the basement being well filled. A number of cool-headed gentlemen present soon grasped the situation—ditch the lamp—and soon had the blaze out.

Leaves Bondsman in the Lurch—
The friends of John F. Westerberg of Stambaugh, Iron county, were considerably surprised when it was whispered about a few days ago that he had disappeared, apparently leaving his bondsman to make good the balance in his shortage to the township as treasurer. Where he has gone is a mystery. Through the assistance of relatives and others he had reduced his shortage to about \$2,300, and was in a fair way to pull through without suffering any unnecessary trouble. Now prosecution is likely should be apprehended. The township board has appointed a new man to succeed Westerberg as clerk, which office he has lately been filling, and steps have been taken to collect from the bondsman.

Dead Logs Being Removed—
The Boom company has a crew of men at work at Menominee removing the "dead heads" from the bottom of the river and above the third dam. The crew has been at work for several weeks, and several hundred thousand feet of timber will be taken out. This work is done every winter and the dead heads are sold in the spring. Superintendent Wm. Stephenson says that little, if any, work will be done on the dams on the Menominee and tributary streams this winter. The dams are in good condition, and little repair work is needed. The spring is the only time of the year when there is much chance of the dams being injured by the ice and heavy rush of water. The Boom company is preparing for a full year's work. It is believed that there will be nearly as much timber floated down the Menominee and tributary streams this year as last.

Important Suits at Crystal Falls—
Ten suits filed against it in the circuit court of this county is the record for the city of Crystal Falls the past week. The suits are for the refund of the taxes of 1900 which were paid under duress by the plaintiffs and are the outcome of a demand made upon the council and refused by a unanimous vote of that body. The principals in the suits are J. H. Parks, John Erikson, The Parks Mercantile company, A. Lustfield, J. K. Hooper, J. C. Wilkinson and Luke Welch. The suits are simply test cases which if successful will mean the refunding of all of the tax paid by the mining companies that year. They are based on the fact an error was made in equalization by the county board, each ward having been equalized separately instead of the city as a whole. The courts have heretofore passed on the matter, and have held the entire tax illegal. The taxes for which the plaintiffs ask a refund includes county, state, school and county road, in addition to the city. The city is asked to pay all of these taxes, whereas, when the money was received in 1900, the city treasurer paid over to each of the other treasurers the share of the tax that was due them.

David J. Ryan of Lincoln, Ill., gave Hart's Honey and Horehound to his little baby and cured it of Croup. He affirms that it is the best remedy he ever used for croup. Sold by People's Drug Store.

Order your fresh milk and Jersey creamery butter of the Marquette City Dairy. The oldest, largest and most complete dairy in the upper peninsula. (1-23-17)

GOING OUT OF BUSINESS.
We wish to announce that we are going out of the grocery business. Our stock will be sold at less than cost price, at retail, from now until Feb. 1. KREIG BROS., Mack Building, Washington street. (1-18-17)

Is There a Weak Spot That Is Likely to Develop Disease?

Paine's Celery Compound

Quickly Reaches the Affected Parts, Fortifies Them and Imparts New Life to the Blood.

Are you conscious of a weak spot in connection with any of the great organs of the body? Do your kidneys bother you? It may be that you experience pain in urination or pain in the small of the back. You perhaps find the skin dry and harsh, the urine high colored or a deposit in it. Any of these symptoms point to kidney trouble.

Is your liver doing its work properly? If you have vomiting, nausea, furred tongue, constipation or disordered vision there is a weak spot in connection with the liver. This demands instant attention.

Is the network of muscular fibres of the stomach in a healthy condition, or are the nerves weak, irritated or inflamed? Is the digestion poor? Have you dyspepsia, indigestion, heartburn, or waterbrash? Any of these troubles are forerunners of suffering and ill health.

Does your blood as it courses to all parts of the body carry nourishment and life, or is it filled with impurities and poisons? Unless you have a full and vigorous supply of pure blood, your life is daily in danger.

Eminent medical men and the tens of thousands made well and strong by Paine's Celery Compound, will tell you that this marvelous medicine is your sure deliverer from all the troubles we have mentioned. Paine's Celery Compound quickly and promptly reaches the weak suffering parts, fortifies them, gives new life to the blood, nourishes the nerves, builds muscle and tissue, and makes you rejoice in a condition of health that will be permanent and lasting.

The Ills of Women Act upon the Nerves like a Firebrand.

The relation of woman's nerves and generative organs is very close; consequently nine tenths of the nervous prostration, nervous despondency, "the blues," sleeplessness, and nervous irritability of women arise from some derangement of the organism which makes her a woman. Herein we prove conclusively that Lydia E. Pinkham's Vegetable Compound will quickly relieve all this trouble.

Details of a Severe Case Cured in Eau Claire, Wis.

"DEAR MRS. PINKHAM:—I have been ailing from female trouble for the past five years. About a month ago I was taken with nervous prostration, accompanied at certain times before menstruation with fearful headaches. I read one of your books, and finding many testimonials of the beneficial effects of Lydia E. Pinkham's Vegetable Compound, experienced by lady sufferers, I commenced its use and am happy to state that after using a few bottles I feel like a new woman, aches and pains all gone. I am recommending your medicine to many of my friends, and I assure you that you have my hearty thanks for your valuable preparation which has done so much good. I trust all suffering women will use your Vegetable Compound."—MRS. MINNIE TRETZ, 620 First Ave., Eau Claire, Wis. (May 28, 1901).

Nothing will relieve this distressing condition so surely as Lydia E. Pinkham's Vegetable Compound; it soothes, strengthens, heals and tones up the delicate female organism. It is a positive cure for all kinds of female complaints; that bearing down feeling, backache, displacement of the womb, inflammation of the ovaries, and is invaluable during the change of life, all of which may help to cause nervous prostration.

Read what Mrs. Day says:

"DEAR MRS. PINKHAM:—I will write you a few lines to let you know of the benefit I have received from taking your remedies. I suffered for a long time with nervous prostration, backache, sick headache, painful menstruation, pain in the stomach after eating, and constipation. I often thought I would lose my mind. I began to take Lydia E. Pinkham's Vegetable Compound and was soon feeling like a new woman. I cannot praise it too highly. It does all that it is recommended to do, and more. I hope that every one who suffers as I did will give Lydia E. Pinkham's remedies a trial."—MRS. MARIE DAY, Eleanora, Pa. (March 25, 1901).

Free Medical Advice to Women.

Mrs. Pinkham invites all women to write to her for advice. You need not be afraid to tell her the things you could not explain to the doctor—your letter will be seen only by women and is absolutely confidential. Mrs. Pinkham's vast experience with such troubles enables her to tell you just what is best for you, and she will charge you nothing for her advice.

Another Case of Nervous Prostration Cured.

"DEAR MRS. PINKHAM:—Allow me to express to you the benefit I have derived from taking Lydia E. Pinkham's Vegetable Compound. Before I started to take it I was on the verge of nervous prostration. Could not sleep at night, and I suffered dreadfully from indigestion and headache. I heard of Lydia E. Pinkham's wonderful medicine, and began its use, which immediately restored my health. I can heartily recommend it to all suffering women."—MRS. BERTHA E. DEERIKS, 25 1/2 Lapidge St., San Francisco, Cal. (May 21, 1901).

\$5000 REFUND

If we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness, Lydia E. Pinkham Medicine Co., Lynn, Mass.

Like a Welcome Guest.

"It is doubtful if such kindness and courtesy can be met anywhere else as is shown by the railroad employes on the through train west of Chicago. They are all mind readers. All you have to do is to look a little anxious and somebody will immediately inquire for the information you need. You are looked after like a welcome guest. You have every convenience that a first-class apartment home affords except a bathtub, and I presume the porter could have produced that if necessary."

This letter was written by a lady who made the trip to California in a Rock Island tourist sleeping car. It tells its own story. All that it is necessary to add is that these cars leave Chicago, daily, for Los Angeles and San Francisco via the El Paso-Rock Island route; Tuesdays and Thursdays via Colorado Springs and Salt Lake City. Call or write for folder giving full information. Geo. F. Lee, G.A.P.D., 91 Adams St., Chicago, Ill.

Ishpeming and its Environs.

FATHER FRANK STICKS.

Much Adversated Pastor Says He Will Not Be Ousted from His Pulpit.

Rev. E. M. Frank, the former Ishpeming clergyman, who has been prominently before the public for several weeks on account of a serious disagreement with his parishioners at Sheboygan, Wis., is standing by his guns and he declares he will not leave Sheboygan. He has been sustained by the bishop of the diocese all through the controversy which has been steadily increasing in bitterness. Frank's flock seems to have repudiated him entirely and have thus come into direct conflict with Bishop Grafton. The whole diocese has become involved in the dissension and much discord and ill-feeling has resulted. The following Fond du Lac dispatch is from one of yesterday's Milwaukee papers:

"If the standing committee of the diocese of Fond du Lac attempts to interfere in the matter of the trouble between Father Frank and the members of the Sheboygan congregation I shall resign as bishop of this diocese."

This statement was made by Bishop Grafton Tuesday at the conference held at the bishop's home, which was attended by Bishop Grafton, Judge Gilbertson and Father Frank of Sheboygan and Father Hopkins of Waupaca. Father Hopkins is a member of the standing committee and attended the conference in behalf of the excommunicated Sheboygan people. When the bishop found Father Hopkins present, he asked him what his business was. The Waupaca clergyman replied that he had formerly been rector of the Sheboygan church and that he knew what the condition of affairs was at that place. For that reason he wished to tell the bishop some things that he thought he ought to know. After a private interview with the bishop, Father Hopkins said that the charges made by Father Hopkins were too trivial to be considered.

A warm session resulted, at the conclusion of which Bishop Grafton made the announcement given above. Father Hopkins then withdrew.

Bishop Grafton stated Wednesday in regard to the conference Tuesday as concerns the removing of Father E. M. Frank from the parish, that the whole thing has been settled now as far as he was concerned and that it was now in the hands of Father Frank to decide as to whether or not he would remain in charge.

"There is absolutely no truth in the report that I am to give up my place as rector," said Rev. Father Frank Wednesday. "Bishop Grafton said Tuesday that the controversy was closed finally and that I was to remain here, in view of the fact that charges against me are not sustained. Those who left the church are at liberty to return and will be welcomed back to the parish."

FOR POSTAL SERVICE.

Examination for Carrier and Clerk Will Be Held Here Feb. 21.

Uncle Sam is making a bid for employes in the postal service. Notices have been sent out announcing a civil service examination to be held here Feb. 21. The test will be open to all citizens of the United States who comply with the requirements, which are comparatively easy. The applicant must be over eighteen years of age and less than forty-five and must have a medical certificate testifying to good health. Men who are less than five feet four inches in height and weigh less than 125 pounds need not apply. The examination is in all the common branches, but the most stress is laid on arithmetic, letter writing and penmanship. All who pass the examination will be placed on the list of eligibles. Immediate employment is not guaranteed, but all existing and future vacancies will be filled from the list. The notice states specifically that "competitors will be rated without regard to any consideration other than the qualifications shown in their examination papers, and eligibles will be certified strictly in accordance with the civil service law and rules."

The circular urges those who are qualified to take the examination, saying that it "offers an excellent opportunity for entering the federal service to bright, energetic young persons who are not afraid of hard work, and as previous examinations have failed to result in a sufficient number of eligibles, the commission urges all persons who are qualified, and who may desire to enter the post-office service, to apply for and take this examination. It may be stated that there is a wider field for advancement upon merit in the federal service than in many private employments. While the salary in the postoffice service is usually about \$400 per annum at the start, this amount compares favorably with the compensation of a beginner in private employment."

MRS. SOBER RESIGNS.

Mrs. Gertrude Sober, principal of the high school, has sent her resignation to the school board to take effect next Wednesday. She will be succeeded by Miss May McKittrick, who now teaches English. Mrs. Sober has given up her position on account of ill health. She began her work in the schools in the fall of 1901 and has filled her position very acceptably. Miss McKittrick, who succeeds her, has been teaching the department of English since the fall of 1900 when she came here with Miss O'Leary, filling the position of principal for the remainder of the term after the latter's death which occurred in June, 1901. She is a graduate of the University of Wisconsin.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo-Quinine Tablets. This signature, on every box. We are selling all kinds of winter goods at greatly reduced prices. Finnish Mercantile association. We are now selling 16-inch green hard-wood at \$4.75 a load. Consolidated Fuel & Lumber Co. (11-24-11)

MORE ANENT PEAT FUEL.

Company Has Been Organized in Wisconsin—Will Operate in the Spring.

Wisconsin people are taking hold of the peat business and they will find by practical test if the substance will actually make available fuel. At Waukesha the Wisconsin Peat Fuel & Gas company has been organized with a capital of \$100,000, and it is expected, will erect a peat pressing plant to be in operation early during the coming spring. The incorporation papers were taken out in March.

The officers of the company claim to have two machines, one for drying and compressing the peat and one for producing gas, which will turn out from between fifteen and twenty tons of the finished product a day.

The following Fond du Lac dispatch is from one of yesterday's Milwaukee papers:

"The product turned out by the machines differ greatly from the Swedish product, burning with less flames and giving out more heat. The officers claim that the output can be put on the market at \$3 per ton, and that it is superior to coal where great heat is required, as in iron and smelting works. The patents on the machines are pending.

HARVEST BEGINS NEXT WEEK.

Charles Johnson and Andrew Christianson, who recently purchased F. Braastad & Co.'s ice business, including their season's supply at Teal lake next Tuesday. The business will be managed by Mr. Christianson and Charles Johnson, Jr. The partnership will exist under the firm name of Johnson & Christianson. Mr. Christianson has disposed of his saloon business to Axel Nord, his bartender, the transfer to take place May 1, at the expiration of Mr. Christianson's license. The latter will devote all his time to the ice business. He has already started out to secure contracts for the season and he stated yesterday that he is meeting with gratifying success. The firm will open an office in the Johnson building, at the rear of Johnson & Heard's barber shop. The Marquette County telephone will be put in within the next few days.

RINK OPENS TONIGHT.

The Crescent ice rink, located in the church basement on Third and York streets, will be formally opened this evening at 7:30 o'clock. The Ishpeming City band will furnish music all evening. The admission prices will be twenty-five cents for gentlemen and fifteen for ladies and children. Manager Sanders yesterday stated that he has about three inches of fine ice on the floor and that it will be in first class condition tonight. The rink promises to be well patronized, as there are many lovers of skating in the city.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for the appearance and prevent their coming by taking regular doses of Green's August Flower the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get this reliable remedy at Stafford Drug Co. Price 25c and 75c.

TRAINMEN TO GIVE BALL.

Hematite lodge of the Brotherhood of Railroad Trainmen has decided to give a grand ball at Anderson's Hall on the evening of Feb. 19, and is already preparing to make it the event of the season. Trombly's full orchestra has been engaged.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste and impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble. Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-worked in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble. If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists at fifty cents and one-dollar size. You may have a sample bottle by mail from Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Sheriff Dwelle, Jackson, Mich.

Has Used Over 100 Bottles of Dr. Colwell's Magic Egyptian Oil in 25 Years.

When a remedy has stood the test of time for a quarter of a century and has never failed in any emergency—when a remedy has healed the sores, soothed the burns, aches and pains of the entire household for 25 years, it certainly does seem like it is a good thing to have a bottle setting round the house handy. Sheriff Dwelle of Jackson, Mich., says:

I have used Dr. Colwell's Magic Egyptian Oil for at least 25 years and I cannot speak too highly of its merits. I always keep it in my house, and I believe I have used over one hundred bottles. I think it the greatest family medicine on earth. A. W. Dwelle, Sheriff of Jackson Co., Jackson, Mich. Many other well-known Michigan men have a good word to say of Dr. Colwell's Magic Egyptian Oil. Dr. Colwell's Magic Egyptian Oil is for sale by all druggists at 25c, and everyone should have a bottle setting around the house handy, in case of emergency, for it cures all pains and bruises, sores and aches of the body, limbs or head, and remember, every druggist is authorized to refund the money on any bottle of Dr. Colwell's Magic Egyptian Oil that does not prove entirely satisfactory.

ISHPEMING IN BRIEF.

Carl Tolfeisen is supplying his patrons with some neat calendars.

Andrew Olson, 203 Marquette street, is the proud father of twins, both girls, born yesterday.

Tickets for the Crescent ice rink are on sale at the Atlantic and Pacific Tea company's store.

Avery T. Hanson of Laurium and Timothy Nester of Munising were both in the city Thursday.

The Oliver company has begun its annual ice harvest and the large houses are being filled rapidly.

The ski club will ski north tomorrow to the Ten Kilms. The members will meet at the usual place. A delegation went to Marquette to see the game between the Calumet team and the Macabees Thursday night.

Stephen Slaymaker will sing "The Choir Invisible" at the morning services at Grace Episcopal church tomorrow.

The decorators have begun work at the Methodist church. Trembath Brothers have the contract for the work.

The seats for John Griffith in "Macbeth" Tuesday night will be placed on sale at Tilson's drug store this morning at 9 o'clock.

A number of Ishpeming Ladies attended the installation of the officers of the Ladies' Auxiliary of the Ancient Order of Hibernians Friday night.

John Quayle has not taken a permanent position with the Finnish Mercantile association. He is merely assisting temporarily with the book work.

The Finnish young men will give a dance at Anderson's Hall this evening. The music will be furnished by the Ishpeming City Band Orchestra. Dancing will continue until midnight.

Reserved seats for the entertainment for the benefit of the Sisters which will be held Wednesday evening will be on sale at Tilson's Tuesday morning. The price will be fifteen cents.

A large number of the Ishpeming Lady Foresters attended the social given by the Neagunee lodge Thursday night. Miss B. Laughlin won the first prize at cards. Mrs. Navin was also a prize winner and received a large beet, elaborately decorated.

FINDS WAY TO LIVE LONG.

The startling announcement of a Discovery that will surely lengthen life is made by Editor O. H. Downey, of Chubbuck, Ind. "I wish to state," he writes, "that Dr. King's New Discovery for Consumption is the most infallible remedy that I have ever known for Coughs, Colds and Grip. It's invaluable to people with weak lungs. Having this wonderful medicine no one need need dread Pneumonia or Consumption. It relieves in instant and cure certain." Stafford guarantees over 50c and \$1.00 bottle, and gives trial bottles free.

H. C. Cain and George Trevaskis, Voelker block, Ishpeming, are authorized to take subscriptions for the Marquette & Arizona Mining Co. stock. (12-19-11)

Our winter goods of all kinds are being closed out at greatly reduced prices. Finnish Mercantile association.

UNCONSCIOUS FROM GROUP.

During a sudden and terrible attack of group our little girl was unconscious from strangulation, says A. L. Stafford, postmaster, Chester, Mich., and a dose of One Minute Cough Cure was administered and repeated often. It reduced the swelling and inflammation, cut the mucus and shortly the child was resting easy and speedily recovered. It cures Coughs, Colds, La Grippe, and all Throat and Lung troubles. One Minute Cough Cure lingers in the throat and chest and enables the lungs to contribute pure, health-giving oxygen to the blood. H. Harwood, Ishpeming; The Stafford Drug Co., Marquette.

"It was almost a miracle. Burdock Blood Bitters cured me of a terrible breaking out all over the body. I am very grateful." Miss Julia Fibridge, West Cornwall, Conn.

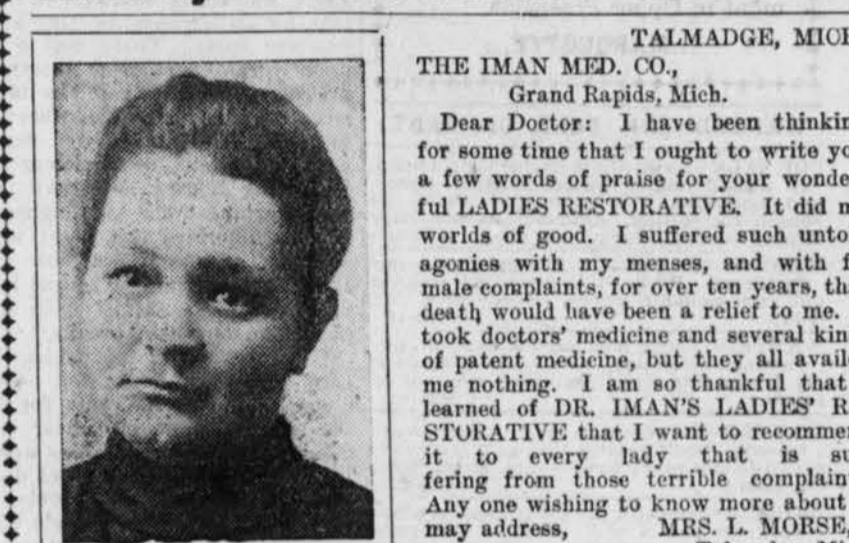

FANCY NAVEL ORANGES.

We are selling them at 20, 25, 30, 40 and 50 cents per dozen....

Fancy Grape Fruit, Egg Plant, Cauliflower, Vegetables, Etc., of all kinds. We have Strawberries and Cream.

J. SELLWOOD & CO.

Suffered for Over Ten Years. Cured by Dr. Iman's Ladies' Restorative

THE IMAN MED. CO., Grand Rapids, Mich. Dear Doctor: I have been thinking for some time that I ought to write you a few words of praise for your wonderful LADIES' RESTORATIVE. It did me worlds of good. I suffered such untold agonies with my menes, and with female complaints, for over ten years, that death would have been a relief to me. I took doctors' medicine and several kinds of patent medicine, but they all availed me nothing. I am so thankful that I learned of DR. IMAN'S LADIES' RESTORATIVE that I want to recommend it to every lady that is suffering from those terrible complaints. Any one wishing to know more about it may address, MRS. L. MORSE, Talmadge, Mich.

People's Drug Store, Marquette; Werner Nikander, Negaunee. City Drug Store, Ishpeming, Mich. 9-24-0

MISS FAY LEE, President of the Shakespearian Club, Kansas City.

"Your booklet came to my home like a message of health when I had suffered with headache, backache and bearing-down pains. I was weak, nervous and hysterical, and had not consulted any doctor, thinking it would pass away in time, but instead I found the pains increased and were more frequent. I decided to try Wine of Cardui and in a short time was much improved. It seemed to act like a charm. I kept up the treatment and the result was most satisfactory. Words fail to express my gratitude for the suffering that is now saved me. I am in fine health, physically and mentally. I can only say 'thank you', but there is much more in my heart for you."

BEARING-DOWN pains are the worst that women know. If you are suffering from this trouble you need not be uncertain about it. The pains in the abdomen and back that feel as if heavy weights were pulling down on the nerves of the stomach are "bearing-down pains." They may not be particularly severe at present, but they are growing worse. That headache which nearly drives you distracted now is caused by the terrible nervous tension. The nerves soon begin to give way under the strain. You perhaps jump at an unusual disturbance, or laugh or weep, hysterically, at no apparent cause. That is what Miss Fay Lee, 63 1/2 North Seventh Street, Kansas City, Kansas, was coming to when she rescued herself by taking Wine of Cardui. The Wine made her a strong, healthy woman again, as it has made a million other women strong and healthy. By inducing regular menstruation the entire system is relieved of the terrible wasting drains. The ligaments which hold the womb in place are strengthened by a healthy flow and that organ is returned to its normal position. Returning health is the result. This is what Wine of Cardui has done for thousands of the best women in America.

If you need advice write The Ladies' Advisory Department, The Chattanooga Medicine Company, Chattanooga, Tenn., describing all your symptoms freely, and a letter of advice will be sent you. Secure a \$1.00 bottle of Wine of Cardui from your druggist to-day.

WINE of CARDUI

PLANS MUCH WORK

WATER BOARD PLANS ONE HIGHLY IMPORTANT IMPROVEMENT.

NEW MAINS WILL BE SOON LAID

THEY WILL SECURE CITY AGAINST INTERRUPTION OF SUPPLY.

Will Be Put Down in the Immediate Neighborhood of Pumping Station—Will Provide Duplicate System.

The board of fire and water commissioners has definitely decided to make during the present year an improvement which will put the finishing touch on Marquette's system of water supply and fire protection, making it unequalled in the north country.

It is the purpose to strengthen the weakest point in the system, as it now exists, by, in brief, providing against any accident to the mains in the immediate vicinity of the water works cutting off the city's water supply. This will be done by putting in several hundred feet of pipe and eight gates, the cost of the improvement being estimated by Superintendent Kern at \$4,791.65.

The work will be undertaken in the spring and will be completed during the summer.

As a preliminary to describing what is to be done it is fitting that the present conditions at the pumping plant be outlined.

The main leading from the pumps is twenty inches in diameter. It turns at a right angle onto Ridge street and continues twenty inches in diameter until it reaches a point about two rods beyond the corner of Walnut, where its size is reduced to sixteen inches. At the corner of Cedar street is found a gate.

This sixteen inch main continues up Ridge street and forms the main feed pipe for the residence part of the city.

Twelve-Inch Main on Lake. There is also, in the neighborhood of the corner of Walnut and Ridge, another main twelve inches in diameter, connecting with the twenty-inch main and running under J. M. Longyear's lot south of Ridge. It connects with the twelve-inch main on Lake street, this being the source of the water supply and fire protection for the business district.

The system of gates now in use in conjunction with these two mains in the immediate vicinity of the pumping station is entirely inadequate and makes possible, by its inadequacy, the entire suspension of the water supply for a greater or less time in case of serious accident. This for years has been the real weakness in the water system, and

there will be much satisfaction with the knowledge that it is to be corrected. The board of fire and water commissioners now proposes to make practical application of a plan whereby the city will be secured against disastrous consequences from almost any possible accident to the mains.

It is the intention to make a connection for another twenty-inch main running from the pumping station parallel to the present main, and only a short distance from it, to Walnut street where it will be continued south to Ridge street, there being joined with the present main.

It is also the purpose to abandon the twelve-inch main now running under J. M. Longyear's lot and to make the connection with the Lake street main direct on Walnut street from the corner of Ridge.

The plan that the commissioners have approved contemplates the installation of no less than eight valves, seven of them being of twenty-inches and the eighth of twelve. These will be arranged so that no matter what accident may happen to the mains in the immediate vicinity of the pumping station an uninterrupted supply of water can be sent up town, securing continuous service for water takers as well as a reliable fire protection. There will be four twenty-inch valves at the corner of Walnut and Ridge street, they permitting the water to be cut off from any section where trouble may be experienced and still enabling the city to be supplied by other mains, all that is necessary being an adjustment of the valves.

To Supply North Marquette. The further intention of the board is to make adequate provision for supplying North Marquette with water and for obtaining a good pressure in that section by extending a twelve-inch main north on Walnut street. This main will be connected with the mains on Arch, Michigan, Ohio streets, Hewitt avenue, and the other thoroughfares as they are reached and it will, in the course of time, be extended as far north as is necessary to give prospective water takers good service.

The work projected for the neighborhood of the pumping station will be rather difficult, owing to the fact that most of the excavating will have to be done in solid rock. However, it is believed that it can be completed for inside of \$5,000.

The improvement will practically give the city a duplicate system. It has two pumps, either one of which may be used singly, and it has a duplicate set of boilers. With several combinations of valves by which the city can be kept supplied with water it will have the equivalent of two separate and independent pumping stations, the best guarantee in the world against disastrous interruptions of the service.

It is said that the proposed improvement will result in a somewhat better rate for fire insurance.

Not a dollar need be paid until you're dead. Get a package of Rocky Mountain Tea. If it fails to make you well, and keep you well, it don't cost a cent. 35 cents. The Stafford Drug Co.

BETTER GAME LAST NIGHT.

Maccabees Again Defeat Calumet at Indoor Ball—10 to 7.

The Maccabee ball team again defeated the Calumet city aggregation at the Casino last evening, the match resulting in the score of 10 to 7. The contest was a much better one than that played the previous evening. The locals were never in danger of losing, gaining a good lead at the start, but after the first two innings the Calumet men put up a star game and the honors were evenly divided. By innings, the runs were made as follows:

Marquette 25000102 *—10
Calumet 021000013—7

The seven runs scored by the Maccabees in the two first innings were mainly due to a combination of wild pitches and passed balls. After that Wester studied down somewhat, had better control of the ball and kept the hits well scattered, while the backstop work also improved and better support was given on the diamond and field. Wester, as in the first game, was much of a puzzle to the locals, as his record of twenty-two strike-outs would show. On eight of the strike-outs, however, the Maccabees gained first base through the catcher missing the third strike. Hogan, for Marquette, aside from striking out sixteen men, allowed but a few scattering hits, his pitching as usual being first-class. Hogan's strike-out record is generally large, but he does not throw the ball with the speed of which he is capable, preferring to make it as easy for his catcher as possible and depending more on his support before the home plate, a policy that so far has proven very successful. The Maccabees played a strong game, as usual, last evening, although a bad fumble in the last inning by one of the fielders was responsible for three Calumet men scampering across the plate, even the batsman scoring, when it was an easy matter to retire the side with another blank. But two of Calumet's runs were earned.

The attendance was very fair, considering the one-sided contest Thursday evening, but the Maccabees have made no money on the two games. This evening the Calumet men will play at Ne-gaunee.

So far this season the locals have won ten games and lost none. They have scored 159 runs to thirty-six for their opponents.

Shot from Fort Fired as a Warning.
 London, Saturday, Jan. 24.—In a dispatch from Willemstad, Curacao, a correspondent of The Mail says: "On Wednesday the German gunboat Panther, which was insecurely anchored off San Carlos, moved in close to the Castillo battery, which fired one shot as a warning. The Panther disregarded the hint. Another shot was fired from the Castillo battery; thereupon the Panther opened fire and continued the cannonade for half an hour, when it retired. The Vineta immediately began a heavy bombardment of Fort San Carlos, seriously damaging the fort and houses in the vicinity."

SAY FORT IS IN RUINS

GERMANS REPORT HAVING UTTERLY DESTROYED SAN CARLOS.

REFUTED IN VENEZUELAN ADVICES

MARACAIBO CABLEGRAM ASSERTS THE BATTLE CONTINUES.

Is Declared in Official Advice to Berlin That Land Guns Fired on Cruiser and Bombardment Was Ordered in Punishment.

Berlin, Jan. 23.—Commodore Schoderl, commanding the German fleet in Venezuelan waters, officially reports the bombardment of Fort San Carlos, from Maracaibo, under date of Jan. 21, as follows:

"On the 17th inst., while the Panther was passing the Maracaibo bar, she was unexpectedly attacked by Fort San Carlos, which opened a heavy fire on her. To this the Panther replied and the cannonade was exchanged for half an hour. Owing to difficulties of navigation, the Panther then desisted.

"In order to exact immediate punishment for this attack, more so as the Venezuelan government has proclaimed a victory, I bombarded the fort, with the Vineta, on the 21st inst. and destroyed it."

This dispatch was received this evening. The first official report of the bombardment of the government forces in the shape of a dispatch from the commander of the Falke, dated Willemstad, Isle of Curacao, Jan. 22, saying he had received information from Maracaibo that Fort San Carlos had been shelled and set on fire by the Vineta and Panther and had ultimately been destroyed.

Battle Reported Still in Progress.
 Maracaibo, Jan. 23.—At 2 o'clock this afternoon, Fort San Carlos was still in possession of the government forces and the bombardment by the Germans was still going on. There is no material change in the situation. The Panther is the only vessel to come inside the bar. Communication with the fort is very difficult. Great excitement prevails in Maracaibo.

President Anguierin, of the state of Maracaibo, has by decree called to arms all citizens from sixteen to sixty years of age, belonging to the militia, in order to resist a possible landing of German forces at Lake Maracaibo. About 500 men immediately answered the call.

Caracas, Jan. 23.—The report that the German warship Panther has entered Lake Maracaibo and that the Venezuelan cruiser Miranda has surrendered to her, is declared here to be without foundation.

EXCITEMENT AT LA GUAIRA.

Arrival of Venezuelan Boat Manned by Germans Stirs Populace.

La Guaira, Jan. 23.—The former Venezuelan gunboat Restaurador, now in possession of the Germans, arrived here this afternoon from Puerto Cabello and anchored near shore. Her presence caused great popular indignation. At 3 o'clock several rifle shots were heard in the distance. Shortly afterwards, the Restaurador moved to a position outside the harbor and under protection of the guns of the British cruiser Tribune.

The Restaurador has been armed, equipped and manned by the Germans since her capture. Her anchoring close in shore was taken by the populace, in view of the Maracaibo occurrences, as a direct provocation to retaliation. It is not known whether the rifle shots were fired, but it is believed the precaution of the Restaurador is moving from shore was timely, as the hungry and unemployed populace of La Guaira, excited by the recent events and driven to desperation by their condition, had applied to the local authorities for arms and purposed making a night attack on the gunboat. The excitement against the Germans is running high.

WILL IGNORE BOMBARDMENT.

Policy of Administration or Bowen Not Changed by Incident.

Washington, Jan. 23.—Minister Bowen has not yet received a reply to his initial proposition to the allies regarding the Venezuelan affair. As such as he deplores the inexplicable action of Germany in twice bombarding the San Carlos fort with a force many times as large as that of the Venezuelans, Mr. Bowen is disposed to treat this parade of strength as "local," and as far as he is concerned will not let it interfere with his efforts to secure peace.

Kaiser Was Nettled.

The departure of the German charge from Caracas after the presentation of his ultimatum, with an ensuing attack (Continued on Page Four.)

PREVENTS TUBERCULOSIS.

Cattle Made Immune by Vaccination—Successful Experiments.

Philadelphia, Jan. 23.—Dr. Leonard Pearson, dean of the veterinary department of the University of Pennsylvania, today announced that experiments covering a period of more than two years had proven conclusively that cattle may be rendered immune from tuberculosis by vaccination. The vaccination consists of injecting into the veins of the animal a small quantity of suspension of tubercle bacilli non-virulent for cattle. This is repeated several times with gradually ascending quantities.

To prove the efficacy of the treatment, four healthy animals were secured and two were vaccinated. Then the four were inoculated with virulent tubercle bacilli. At the expiration of nearly a year, the inoculated cattle were killed. The two vaccinated animals were perfectly sound, while the others were extensively tubercular.

POLICE OVERPOWERED.

Striking Eastern Carriage Builders Men Who Took Their Places.

Amesbury, Mass., Jan. 23.—Five hundred union carriage builders tonight attacked the strike breakers who had taken some of their positions. The police were overpowered and the non-union men were chased, dragged from their places of concealment and assaulted.

IRISH MEMBER OF PARLIAMENT FOUND GUILTY OF TREASON.

HE IS SENTENCED TO DEATH

FOUGHT IN THE BOER ARMY AGAINST THE BRITISH.

Is Thought Likely, However, the Sentence Will Be Commuted and the Irish Colonel Be Given a Short Prison Term Instead.

London, Jan. 23.—Colonel Lynch, M. P., who fought with the Boers, was today found guilty of treason and sentenced to death, although it is believed the sentence will be commuted.

The lord chief justice, in his charge to the jury, said that in war time a British subject joined the king's enemies, whatever his purpose, he was guilty of an unlawful act. The jury was out half an hour. When asked if he had anything to say, and why he should not be sentenced to death, Colonel Lynch replied he had nothing to say. The sentence of death was then pronounced.

After the prisoner was removed Colonel Lynch and his counsel had a conference regarding the course to be adopted in the future, and later it was announced no action would be taken at present. The counsel can proceed with applying for a writ of error, but it is thought this may be rendered unnecessary by the communication of the sentence to short term imprisonment, in which case it is probable the prisoner will accept the situation.

SOUTHERN STATES SHAKEN.

Decided Shocks of Earthquake Felt in South Carolina and Georgia.

Columbia, S. C., Jan. 23.—A decided earthquake shock was felt here at 8:16 o'clock tonight.

Charleston, S. C., Jan. 23.—A distinct shock of earthquake was felt here tonight. No damage was done. The shock was felt throughout lower South Carolina.

Savannah, Ga., Jan. 23.—Two shocks of earthquake were generally felt this morning at Yates Center. The train struck a projecting car on a siding. The engineer and fireman were killed and the mail clerk was seriously injured.

Train Wreckers blamed.

Memphis, Tenn., Jan. 23.—In the wreck of the Illinois Central passenger train which went into an open switch on the outskirts of this city early this morning, the train was derailed. The engineer and fireman were fatally hurt and three other trainmen seriously. Not a passenger was injured. It is believed the accident was due to train wreckers.

RUMOR TRANSPORT IS LOST.

Unconfirmed Report at Seattle Asserts the Dix Is Sunk With All Hands.

Seattle, Wash., Jan. 23.—A rumor is current among shipping men to the effect that the transport Dix, bound for Manila with lumber and forage, has gone down this side of Yokohama with all on board. It is impossible to locate any credible origin for the story.

Later—Careful inquiry fails to find the slightest foundation for the rumor that the United States transport Dix had foundered.

KING OSCAR TO YIELD THE REINS.

Crown Prince to Govern as Regent Because of Monarch's Illness.

Stockholm, Jan. 23.—King Oscar today decided to temporarily intrust the government of the country to the crown prince, Gustaf, who will take over the regency next week. The action of the king was taken as a result of medical advice.

DINE ON HUMAN FLESH.

Drought in New Guinea Drives Natives Back to Cannibalism.

Victoria, B. C., Jan. 23.—The steamer Miowera, which arrived tonight, brings news of the murder of several white men by natives in New Guinea. Drought has been experienced for some time on the island, and it is thought that as a result of the shortage of food the natives have reverted to cannibalism. Murders are reported from several places. One report tells of the killing of two European prospectors who were eaten by the blacks, and a Dutch constable is reported to have been kidnapped and eaten. Several blacks also have been murdered. Many natives have no food and are subsisting on roots and herbs.

CUBANS SHOW HOSTILITY.

Not Disposed to Give Coaling Stations Provided for in Treaty.

Havana, Jan. 23.—Public sentiment is retarding the agreement between Cuba and the United States with regard to coaling stations. The Cubans, while realizing their obligations toward the United States, dread having their ports placed between fires in the event of a conflict with the United States and a foreign power. The Cuban government and one coaling station, but is not ready to believe the United States will bring pressure to bear to secure more than two or three stations.

LYNCH CONVICTED SPLITS HEAD OPEN

IRISH MEMBER OF PARLIAMENT FOUND GUILTY OF TREASON.

HE IS SENTENCED TO DEATH

FOUGHT IN THE BOER ARMY AGAINST THE BRITISH.

Is Thought Likely, However, the Sentence Will Be Commuted and the Irish Colonel Be Given a Short Prison Term Instead.

Chicago, Jan. 23.—Mrs. Stella Wright, a young woman acting as housekeeper for William F. Lewis, a carpenter living at 449 State street, was killed by Lewis today. The crime, the cause of which is not known, was committed with a hatchet; the head of the woman being cut open. Lewis disappeared. There was no trace of him until tonight, when he appeared at his home, where officers were on guard. He was arrested after a desperate fight.

While on the way to the station he requested the officer who was holding his hand to loosen his grasp. As soon as the officer complied, Lewis snatched a razor from his pocket and cut his own throat. He will die. He admitted killing the woman, and said he had left letters which would give his reasons for the crime.

Is Killed in Trivial Quarrel.
 Kansas City, Jan. 23.—Thomas H. Holman, forty-seven years old, a traveling engineer of Iowa, was shot and killed in this city tonight by his friend and roommate, Marcus C. Emanuel, as a result of trivial quarrel. Emanuel had been unemployed for a long time and was temporarily to accommodate guests of Holman. Emanuel resented this and shot Holman while the latter was trying to explain he had not sought to humiliate Emanuel.

TRAIN HITS PROJECTING CAR.

Engineer and Fireman Killed in a Wreck in Missouri.

Wichita, Kan., Jan. 23.—A Missouri Pacific passenger train was wrecked this morning at Yates Center. The train struck a projecting car on a siding. The engineer and fireman were killed and the mail clerk was seriously injured.

Train Wreckers blamed.

Memphis, Tenn., Jan. 23.—In the wreck of the Illinois Central passenger train which went into an open switch on the outskirts of this city early this morning, the train was derailed. The engineer and fireman were fatally hurt and three other trainmen seriously. Not a passenger was injured. It is believed the accident was due to train wreckers.

COMMENDS THE TRUSTS.

Ex-Gov. Savage, Nebraska, Urges Farmers to Organize and They Do.

Lincoln, Neb., Jan. 23.—Nebraska and Kansas farmers met here today and organized a co-operative grain and livestock association. The feature of the meeting was an address by former Governor Savage, in which he commended trusts and urged the farmers to organize one of their own.

CALLED TO LONDON PASTORATE.

Rev. S. G. Smith of St. Paul Invited to Fill Westminster Pulpit.

London, Jan. 23.—Westminster chapel, one of the best known churches in London, has decided to invite Rev. Samuel George Smith of St. Paul, Minn., to fill the pulpit.

POLICE SUPERINTENDENT DIES.

Cincinnati, Jan. 23.—Colonel Philip Dietsch, superintendent of police, died today.

MINERS' UNION CENSURED.

Witnesses for Operators Say It Has Badly Affected Discipline.

Philadelphia, Jan. 23.—The independent operators of the Wyoming and Lackawanna regions, in their session at Wilkesbarre are situated, occupied the time of today's session of the strike commission. Attorneys representing thirty companies in these two regions called about a dozen witnesses.

Nothing of importance was elicited. There was unanimity of opinion, however, that the lack of discipline among the miners and the restriction of their earning capacity, testified to by witnesses for large coal companies, are more pronounced since the union came into the anthracite field than it was before the men were organized.

The independent operators in the Hazleton region will open their case tomorrow.

Chicago Indictments Taken Up.
 Chicago, Jan. 23.—A motion to quash the indictments against the coal men was overruled today, and pleas of not guilty were entered. An agreement of facts was presented to the court. The date for hearing the arguments will be fixed early next week. At the request of the state attorney, the case against the Braceville Coal company was dismissed.

COLORADO DEADLOCK CONTINUES.

Absence of One Man Again Blocks Election of Senator by Democrats.

Denver, Jan. 23.—The joint session of the Democratic members of both houses of the legislature continued today except for two hours. Again today action on the senatorship was blocked by the absence of one man. Representative Kelley, who could not be found yesterday, was present today, but Representative Madden, of Denver, had disappeared and at a late hour could not be found. There is a suspicion he has been kidnapped. Caucuses and conferences were held during the day, but no settlement of the deadlock appears in sight.

Within One of a Choice.
 Later—At 10:50 o'clock tonight a ballot was taken in joint session. The Democratic Senators Bailey and Hill, who are sick, were brought to the state house in carriages. Fifty votes were cast, all for Teller. Madden was still absent, and there was no choice. The session was adjourned until tomorrow morning, and the Democratic senate resumed its continuous session in the senate chamber.

A committee from the Republican state central committee made a proposition to the Democratic senate that one of the Republicans unseated be reinstated, so as to tie the legislature and prevent a senatorial election. The Democrats refused.

TRUST CAN'T GET THEM.

Havana Cigar Factories Sign Agreement Not to Sell Out.

Havana, Jan. 23.—Four of the largest cigar factories here have signed an agreement to refrain for ten years from selling their brands or plants to the tobacco trust. Other factories are expected to do likewise.

SCALE IS DRAFTED

SOFT COAL MINERS FORMULATE THEIR DEMANDS.

WILL ASK 12 1/2-CENT INCREASE

ALL COAL TO BE PAID FOR ON MINE-RUN BASIS.

Convention Declares Its Intention to Stand by the Demands and Strikers Will Follow Refusal of the Operators to Grant Them.

Indianapolis, Jan. 23.—The miners' convention, in executive session this afternoon, completed consideration of the wage scale. It was decided to demand an increase in wages of 12 1/2 cents per ton on the mine-run basis, all coal to be paid for on that basis. A differential of seven cents between pick and machine-mined coal will be asked.

The entire competitive district, composed of Ohio, Indiana and Illinois and the Pittsburg district, is governed by this scale. The increase, if granted, would make the rate of wages in Indiana and Illinois 61 1/2 cents per ton, in the Pittsburg district 65 and in Ohio 70. A demand also will be made for a proportionate advance to the inside and outside common laborers.

Some Demands for Still More.
 The result will not be entirely satisfactory. Some demands were for nearly 50 per cent advance. It was said tonight that the desire of the convention was to ask a reasonable increase and stand by it. There will be no receding from this demand, it was said. It was the opinion of the majority that it would be better to make a demand which they expected to enforce rather than to demand a large increase and probably come down.

The convention today refused to endorse a resolution presented by an Iowa delegate favoring co-operation between producer and consumer in the sale and purchase of goods. The report of the committee on officers' reports endorsed all the recommendations of the officers except one advocating changing the time of holding the convention. It also approved a proposition to appropriate \$10,000 to appeal from the decision of Judge Jackson in the injunction cases.

MINERS' UNION CENSURED.

Witnesses for Operators Say It Has Badly Affected Discipline.

Philadelphia, Jan. 23.—The independent operators of the Wyoming and Lackawanna regions, in their session at Wilkesbarre are situated, occupied the time of today's session of the strike commission. Attorneys representing thirty companies in these two regions called about a dozen witnesses.

Nothing of importance was elicited. There was unanimity of opinion, however, that the lack of discipline among the miners and the restriction of their earning capacity, testified to by witnesses for large coal companies, are more pronounced since the union came into the anthracite field than it was before the men were organized.

The independent operators in the Hazleton region will open their case tomorrow.

Chicago Indictments Taken Up.
 Chicago, Jan. 23.—A motion to quash the indictments against the coal men was overruled today, and pleas of not guilty were entered. An agreement of facts was presented to the court. The date for hearing the arguments will be fixed early next week. At the request of the state attorney, the case against the Braceville Coal company was dismissed.

COLORADO DEADLOCK CONTINUES.

Absence of One Man Again Blocks Election of Senator by Democrats.

Denver, Jan. 23.—The joint session of the Democratic members of both houses of the legislature continued today except for two hours. Again today action on the senatorship was blocked by the absence of one man. Representative Kelley, who could not be found yesterday, was present today, but Representative Madden, of Denver, had disappeared and at a late hour could not be found. There is a suspicion he has been kidnapped. Caucuses and conferences were held during the day, but no settlement of the deadlock appears in sight.

Within One of a Choice.
 Later—At 10:50 o'clock tonight a ballot was taken in joint session. The Democratic Senators Bailey and Hill, who are sick, were brought to the state house in carriages. Fifty votes were cast, all for Teller. Madden was still absent, and there was no choice. The session was adjourned until tomorrow morning, and the Democratic senate resumed its continuous session in the senate chamber.

A committee from the Republican state central committee made a proposition to the Democratic senate that one of the Republicans unseated be reinstated, so as to tie the legislature and prevent a senatorial election. The Democrats refused.

TRUST CAN'T GET THEM.

Havana Cigar Factories Sign Agreement Not to Sell Out.

Havana, Jan. 23.—Four of the largest cigar factories here have signed an agreement to refrain for ten years from selling their brands or plants to the tobacco trust. Other factories are expected to do likewise.

Sidache, Back-ache, Head-ache.

And many other aches to which women are peculiarly subject are generally the result of a diseased condition of the womanly organism.

Germany will have a lot more explaining to do as a result of her bombardment of Fort San Carlos.

The Ministerial association of Salt Lake City has protested against the admission of Apostle Smoot to the United States senate.

The American people, except here and there a few isolated but undaunted friends of the Nicaraguan route, will rejoice at the tidings that the last obstacle in the way of the construction of the Panama canal has been cleared away.

President Mitchell, before the coal shortage commission at Indianapolis, gave it as his opinion that there was no collusion between operators and retailers to hold up coal with the purpose of securing extortion prices.

The Cleveland Iron Trade Review says of the ore situation from the Cleveland viewpoint:

The reluctance of buyers to place orders, which was marked for the first two weeks of the year, has disappeared to considerable extent and a more confident feeling exists among sellers.

It is hard to do, hard to bear, who should be easy, -vitality is on the ebb, and the whole system suffers.

For this condition take Hood's Sarsaparilla

It vitalizes the blood, gives vigor and tone to all the organs and functions, and is positively unequalled for all run-down or debilitated conditions.

HOOD'S FILLS cure constipation. 25 cents.

General Debility Day in and out there is that feeling of weakness that makes a burden of itself.

Food does not strengthen. Sleep does not refresh.

It is hard to do, hard to bear, who should be easy, -vitality is on the ebb, and the whole system suffers.

For this condition take Hood's Sarsaparilla

It vitalizes the blood, gives vigor and tone to all the organs and functions, and is positively unequalled for all run-down or debilitated conditions.

HOOD'S FILLS cure constipation. 25 cents.

tions change it will be unable to haul any more ore from docks and other companies are sending a very small number of cars to the docks for ore.

If the iron and steel industry is the barometer of trade, as we are told every little while, surely there is good weather ahead for business in the United States

A southern gentleman, of whom the president thought so well that he appointed him to high official place, is not confirmed by the senate because he declines to promise that he will abstain from the use of intoxicants.

How often has the eastern management been weighed and found wanting—ignoring the owners of the property, and running it in a way that to say the least has been peculiar?

The above are a few practical questions, out of hundreds, that stockholders might ask themselves, or perhaps Mr. Bigelow may inform them.

In the face of all the foregoing it behooves all stockholders, wherever located, to send their proxies to the committee, or at least to act with this committee in the interest of a change of management.

The magnitude of the traffic of the great lakes is forcing itself on the attention of seaboard cities that were slow to believe that the "fresh water ponds" of the interior had a traffic worth considering in comparison with the commerce of seacoast ports open to vessels from all parts of the world.

Discussing the possibilities of the mine, Mr. Wilson says: The South Kearsarge is said to be just as rich as Wolverine by people who know, and it ought to make a great showing, and in a probability will before the close of 1903.

Going north into North Kearsarge are seventeen levels—an area embracing 1,800 feet in depth or thereabouts—two or three times as large, and fully as rich, as both the north and south boundaries of the Wolverine, right up to the two Kearsarges, is as rich as the average of the Wolverine mine, and will make an immense property.

Going north into North Kearsarge are seventeen levels—an area embracing 1,800 feet in depth or thereabouts—two or three times as large, and fully as rich, as both the north and south boundaries of the Wolverine, right up to the two Kearsarges, is as rich as the average of the Wolverine mine, and will make an immense property.

Going north into North Kearsarge are seventeen levels—an area embracing 1,800 feet in depth or thereabouts—two or three times as large, and fully as rich, as both the north and south boundaries of the Wolverine, right up to the two Kearsarges, is as rich as the average of the Wolverine mine, and will make an immense property.

Going north into North Kearsarge are seventeen levels—an area embracing 1,800 feet in depth or thereabouts—two or three times as large, and fully as rich, as both the north and south boundaries of the Wolverine, right up to the two Kearsarges, is as rich as the average of the Wolverine mine, and will make an immense property.

Going north into North Kearsarge are seventeen levels—an area embracing 1,800 feet in depth or thereabouts—two or three times as large, and fully as rich, as both the north and south boundaries of the Wolverine, right up to the two Kearsarges, is as rich as the average of the Wolverine mine, and will make an immense property.

Going north into North Kearsarge are seventeen levels—an area embracing 1,800 feet in depth or thereabouts—two or three times as large, and fully as rich, as both the north and south boundaries of the Wolverine, right up to the two Kearsarges, is as rich as the average of the Wolverine mine, and will make an immense property.

Doing a Large Business

usually means assuming large risks—too large to be a safe burden upon an individual estate.

Wise business men carry special insurance to relieve their personal estate of this risk. All such will be interested in "A Banker's Will," containing the instructions of a New York Bank President to his trustees regarding investment of his personal estate.

A \$1,000,000 policy is another insurance romance of special application to men of affairs, described in "The Largest Annual Premium."

The Mutual Life Insurance Company of New York RICHARD A. McCURDY, President.

BRUCE WHITNEY, Manager, Milwaukee Wis.

ground that will continue to turn out thousands of tons of rock per month for an indefinite period, and rock that will yield excellent copper values.

Whenever expectations have not been realized from Osceola the fault has been that of the mine, but through blunders made, figures jumbled and the general neglect of the company's interests at the East end of the line.

If Osceola stockholders fail to take advantage of the present opportunity to oust the Bigelow management, they should forever after hold their peace.

AN OFFICIAL OF THE CALUMET & ARIZONA MINING COMPANY SAYS:

"The first furnace in our smelter was blown in Nov. 15, and the product of the furnace between that date and the 31 was a little in excess of 2,000,000 pounds. Of this amount over 1,000,000 pounds should be credited to the month of December.

"We are now drifting on the 1,150 foot level, and it is expected that richer ore will be encountered on this level than on any other. A great deal of native copper has been found on the 1,000-foot level, and it is stated by all mining men who have seen it that it is phenomenally rich.

"The mine is in condition at the present time to supply at least 500 tons daily to the smelter for many years to come and it is expected that after the next few operations show a very neat profit goes without saying. The company will be able to produce copper and make a good profit on a twelve-cent market.

a limited amount, thirty cents a share." The sharps who do this take advantage of the promoting companies' expensive advertising by which the demand for the stocks among small investors is first created. They do not advertise, themselves, except to distribute their circulars. They employ various expedients, playing upon human credulity, both to buy and sell their goods. They write to one man that his stock is practically worthless, but for special reasons they will take his holdings at, perhaps, five cents a share. To another holder of the same stock they represent that a pool is forming to oust the unsatisfactory management of what really is a very valuable property, and offer him a 1,000-share interest in the pool at twenty cents a share. In some instances they are supplied with stock directly from the promoting company, but that is done only when the original advertising campaign is about done. The pioneer house in this stock-jockeying business is a Philadelphia concern. One of its latest bargains lists embraces more than fifty mining and oil stocks, most of which are still advertised by the promoters, while others were long since abandoned by their sponsors, and are kept alive only by the transactions of this and similar concerns.

COPPER MARKET HIGHER. Copper advanced 10s at London yesterday, closing there at £24, 2s, 6d for spot and £24, 7s, 6d for futures. At New York copper also was firm and higher, with standard quoted at 11.87 1/2, Lake at 12.37 1/2, electrolytic at 12.30@12.32, and casting at 12.20@12.25.

MINING GOSSIP. The stamping cost of the Quiney Mining company in its new mill is less than nineteen cents per ton. The old mill is being improved which will permit of cheaper costs and greater capacity.

The West again bought Winona copper by thousand shares in Boston today. The West sees great things ahead in Winona. The West has a nearer view than the East.—Boston Herald.

It is stated that Royale copper is costing nine cents per pound. This could be reduced with two stamps fully supplied. The extension of new ground openings is confined to the bottom level of No. 2 shaft.

There have been recent sales of Abmeek Mining stock at 12 1/2 per share. There are sixty thousand shares on Abmeek, practically all of which is all owned by A. S. Bigelow and associates. The stock has been selling around \$5 up to a recent date.

It is said that Captain Wilcox, superintendent of the Mass, will go to the Triniton mine to assist Superintendent Clyneworth and that Captain Trezona of Eveleth, Minn., formerly of the Mass, will take the management of the Mass. The rumor, although current, has not been confirmed.

The Boston News Bureau estimates that the American copper production for this calendar year will be not far from 800,000,000 pounds, as compared with 600,000,000 pounds the past year. It assigns 50,000,000 pounds of this increase to Michigan, and the same to Montana.

Holders of Rhode Island stock are pleased these days over good news from the property. It is said that the showing recently secured by the Rhode Island in its lowest opening on the Peabody lode is more encouraging than anything found at that property for nearly two years.

The freight charge on Old Dominion metal to New York is stated as \$1.29 per ton, against \$1.80 formerly paid. The new broom in the management has done some good sweeping in this matter of freight charges in and out of the camp. It would be worth while to try a new broom at Tamarack and Osceola.—Boston Herald.

The recent rich strike in the Brooklyn mine of the Bingham Consolidated is twenty feet in width. Sixty feet of the vein, running twelve dollars to the ton in value, is exposed. Preparations to the smelter has already been started. The new find is a nice thing for the Bingham and it is already having effect on the stock. A dividend should surely be paid this year.

Hooley wires as follows on the copper situation: "The fact is, according to the most conservative estimates in use trade, those whose records stand not as manipulators, but as genuine buyers in copper metal, that statistics or no statistics, producers of copper are sold ahead for months to come and that large orders for the metal for future delivery at ruling market prices are constantly declined."

The operations of the Greene Consolidated Mining company have been somewhat interfered with by lack of coke or cars to haul coke to the smelters, with result that last month the company produced only a trifle over four million pounds of copper. The company is operating now only five of its seven furnaces by reason of its inability to secure its fuel supplies. Within three months,

Monarch over pain. Burns, cuts, sprains, stings. Instant relief. Dr. Thomas' Electric Oil. At any drug store.

A SCIENTIFIC DISCOVERY. Kodol cures for the stomach that which it is unable to do for itself, even when but slightly disordered or overloaded. Kodol supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. Kodol digests what you eat and enables the stomach and digestive organs to transform all food into rich, red blood. H. Harwood, Ishpeming; The Stafford Drug Co., Marquette.

WHAT IS ECZEMA? It is the ITCH-KING of the Blood! We cure the disease in the Young and Old, or make no charge...

Do you want to be cured? The prevalence of Eczema among the young and old is due to the introduction of poisonous matter in the blood. Those pimples, sores and eruptions upon the face, neck and body are all due to the same cause. It is a waste of time and money to attempt to cure the condition by doctoring the skin. The seat of trouble is in the blood. A specific course of MEDERINE will open the natural channels of the system and promote a drainage of the impurities of the blood, which will filter, cleanse and purify it so that no form of eruption upon the skin can appear. MEDERINE is the only guaranteed cure for Eczema and all blood impurities. It stands today upon its own merits, and challenges the world for a specific blood purifier like all due to the same cause.

Every bottle of MEDERINE is sold from the positive and absolute guarantee that if taken as directed in the regular course of treatment it will cure you or every dollar expended for it will be promptly refunded. Write MEDERINE REMEDY CO., 1008 Michigan, for a system of treatment. All letters answered. Illustrated booklet containing cures mailed free.

ECZEMA IS A LIVING FIRE to the blood, and the blood feeds the skin with the fuel of its impurities; remove the impurity and the trouble passes away. MEDERINE is a specific blood purifier that cleanses, filters and purifies the blood of every possible taint, and quickly and permanently cures Eczema. Thousands of well-known citizens in every section of the country have been cured by the MEDERINE treatment after all other remedies had failed.

Price \$1 per Bottle. Six Bottles for \$5. Sent express prepaid if your druggist does not carry MEDERINE in stock. FOR SALE AND GUARANTEED BY STAFFORD DRUG CO., Marquette, Mich.

The Horrible Tortures of Rheumatism can be overcome and the dreaded disease expelled from your system by the use of

For Sale and Guaranteed Only By PENDILL'S PHARMACY, Marquette, Mich. KIRKWOOD & O'DONOGHUE, Druggists Negaunee, Mich.

however, it is anticipated there will be a full supply of coke and the seven furnaces will be in operation, bringing the company's product above five million pounds of copper per month.

John Stanton, in an interview at New York yesterday, said: "The trade is in very good condition. More copper was consumed last year than was produced and the demand is good. The trade is not exactly in the condition that the coal trade is in, but the situation is more encouraging to producers than many would have the public think. If an accident should stop the production of any large mine, there would very soon be a shortage."

A Boston paper figures at what price the refined copper production of the various lake Superior mines is selling in the stock market. By dividing the annual output of these properties into the market value of the shares, it is found that the production of the Copper Range is selling for eighty cents per pound and Wolverine's for fifty-two cents, with the balance of the more important producers fluctuating between these high and low extremes. Wolverine's low price, it is stated, is undoubtedly due to the fact that the mine has a life of but twenty years—a period much below that of the other mines. The market value of the production per share of other mines is figured as follows: Calumet & Hecla, 67 cents; Triniton, 66; Quincy, 60; Mohawk, 57; Tamarack, 56; Osceola, 53.

The new stamp mill of the Phoenix is enclosed and should go into commission some time next spring. The management plans to run the single head in the new mill on day shifts only for 1903. This will be rendered necessary by the fact that not enough stopes have been opened underground to supply the head with rock for double shift, unless the stopes are gutted, which would be a very expensive proposition. The time and money required in shutting down and retimbering old shafts and opening the incline shaft at the St. Clair through to surface have precluded the opening of as many stopes as desired. The Phoenix should return from thirty to forty pounds of ingot copper per ton of rock stamped, the fissure veins being rich, though narrow. A considerable proportion of the product will be secured as mass and barrel copper.

Greatest European Authority on Skin Diseases, Says It's a Germ. The old idea that dandruff is scales of skin thrown off through a feverish condition of the scalp is exploded. Prof. Unna, Hamburg, Germany, European authority on skin diseases, says dandruff is a germ disease. The germ burrows under the scalp, throwing up little scales of cuticle, and sapping the vitality of the hair at the root. The only hair preparation that kills dandruff germs is Newbro's Herpicide. "Destroy the cause, you remove the effect." Not only cures dandruff, but stops falling hair and causes a luxuriant growth. Delightful hair dressing. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Stafford Drug Co., special agent.

VISITORS EASILY TRIMMED. WILL BOOM AGRICULTURE.

Portage Lake Hockey Team Scores 20 to St. Paul's 2.
Last evening's hockey game at the Amphidrome rink, at Houghton, resulted in an easy victory for the local team. The score was: Portage Lake, 20; St. Paul, 2. The visitors are speedy, but lacked team work, while the combination work of the home team was superb. It was 9 to 0 at the end of the first half. St. Paul scored one of its two goals just as time was called in the second half. The game was interesting and pleased a big crowd.
The teams lined up as follows:
Portage Lake: St. Paul:
Wilson.....goal.....W. Newell
Baker.....point.....O. Barron
Haller.....coverpoint.....Allen
Rowe.....left wing.....Clayton
Westcott.....right wing.....Clayton
Meinke.....center.....Armstrong
Stephens.....cover.....Cook
The two teams will again meet at the Amphidrome tonight.

STOLEN ARTICLES RECOVERED.
Come Back to Calumet Through Return Card on Hotel Envelope.
Ernest Bostwick, the member of the Walker Whiteside company who was arrested a few weeks ago while in Calumet with the troupe, on suspicion of having stolen a watch, two rings and a chain from the room of Mrs. Anna Wells, assistant cook at the Central Hotel, where Bostwick was stopping, has apparently been proven guilty of the theft by the postal service of the United States and Canada.
Proprietor Lewis of the Central House, was surprised on Thursday to receive a package containing the stolen articles. The package was addressed to Ernest Bostwick, Winnipeg, Canada. A Central House envelope, with the return request printed in the upper left hand corner, had been used by Bostwick in addressing the letter to himself at Winnipeg, where the company expected to play the week after the letter was sent. The letter was mailed on Jan. 21. But Bostwick did not get to Winnipeg to claim the letter, as he was turned over by the Calumet police to Marinette (Wis.) authorities, who also wanted him on a charge of theft.
Bostwick was let off at Calumet because the evidence against him was not strong and it was thought there was a better case against him in the Wisconsin town. However, the case was dismissed by Justice Bird of Marinette, and as he has already left that city his whereabouts are unknown. It is not likely he will ever be punished for his Calumet theft. Bostwick in sending the stolen jewelry away did so with the evident intention of pawing it upon arriving at Winnipeg. He was cut enough not to get rid of the articles in Calumet.

FIREMEN URGE ACTION.
Hancock Department Anxious for Early Start on Tournament Work.
Hancock firemen are of the opinion that it is high time to take hold of the arrangements for next summer's tournament, at Hancock. It takes a long time to bring about a successful tournament, and it is believed a joint meeting of firemen and citizens should be called for the appointment of various committees to look after the preparations. That was the plan talked over a few weeks ago, but since then nothing has been done. The firemen believe the citizens should be up and doing and not wait until spring or early summer to plan what will be done at the tournament and to advertise it. All that should be done now, the firemen say, and they are willing to help.

cheese consumed in the United States during the course of a year and that annually the farmers of that state receive \$7,000,000 for cheese alone. He believes there is more money to be had in the dairy business than in gold and copper mining. Mr. Mylrea is not a farmer, but nevertheless he is well posted. W. S. Prickett, of Sidway, will also join the society, having informed Mr. Mylrea of his intention.
The society adjourned subject to a call by the board of control.
GOOD WILL FARM AFFAIRS.
Officials of Institution Sum Up the Work of the Past Year.
The annual meeting of the board of directors of the Good Will Farm and Home Finding association was held in the office of the president Dr. W. H. Dodge, at Hancock, Wednesday afternoon. A number of interesting reports for the fiscal year just closed were read, among them that of Superintendent K. A. Myers. He called attention to a few salient features of the year's work, his report in part being as follows:
"Considering that the erection of a new building must be deferred for a year or more, it became necessary to make some extended improvements on the old building. The rooms on the main floor and dormitory have been plastered; the entire house, inside and out, has been painted; a water and drainage system, including a bath room, lavatory and closet, has been installed; a cottage, providing an office, school room, teachers' apartment, and milk room supplied with a large refrigerator has been erected; the main yard and pastures have been fenced in; a hay barn and a fuel shed have been built; and the stables have been enlarged. The stock has been increased by one horse, four cows, four calves, four pigs and poultry. The income from the farm has been somewhat disappointing, but no more so than all farms in this locality. Small fruit has been planted and an asparagus bed made. The house furnishings have been increased by the purchase of bed and table linen and window furnishings. The children have had school instruction nine months of the year.
"The kindness of old friends and new in visiting the farm and sending boxes of clothing, money magazines and other reading matter, and providing the Christmas treat, is gratefully remembered. Cyril Brackenbury's gifts of a Morris chair and a fine cabinet organ are worthy of special mention. Our thanks are also due to the four hundred friends who have pledged themselves to the current expense fund. They are the upper peninsula 'four hundred', but may their ranks increase. We wish to express appreciation of the courtesy of the local railroad companies in granting half fare permits to all of our workers, and to the hotels for special rates. The sad feature of the year's work has been our inability to care for all the cases of destitute childhood for which application has been made. It seems cruel to turn a deaf ear to the cries of a homeless child, but until we have sufficient house room for them these conditions will remain. Hasten the day when the new building will be completed."
Mrs. K. A. Myers, wife of the superintendent, reviewed the year's work in the field as follows: "Thirty-nine children had been secured and nineteen placed in homes, of whom eight were returned to the farm. Every important place in our territory has been visited. Addresses have been made in the churches, aside from the talks to children in every school room sending a contribution. Over 4,000 miles have been traveled. The work at the home has been the superintendence of the school and the further training of the small hands and feet in helpfulness about the home. During the warm season each child has his own garden plot and reaps the benefits of his work in his bank account. We purpose extending this field to the larger one of a vocational school, should it be desired, which provided for in that case the boys and girls from town can be taught gardening and have systematic training in nature study and in the elements of the correlated sciences."
Mrs. G. M. Walker, financial agent for the home, said: "The chief feature has been the securing of the current expense fund for five years by yearly pledges. The amount pledged is \$2,780, subscribed to by four hundred people and coming from thirty-seven localities, two of which are outside of our territory. This income has been apportioned among the months of the year as evenly as circumstances permit, and according to the original estimate it should cover all current expenses except the cost of collecting. The new feature has been the employment of an assistant agent. It has increased the total collections 36 per cent. The apportionment of local collectors has been tried and proven

fruitful in such places as the agent could not profitably work. Mrs. J. W. Blake, of Winona, Minn., and Miss A. N. Martin, of Minneapolis, have been appointed as assistants for the ensuing year, with the view of hastening as rapidly as possible the securing of a fund for our new building."
The board of inspectors reported that "the rooms were neat cheerful and comfortable, showing interest and care on the part of the managers. In the school room little busy buzzed over their lessons, and such a perfect spirit of freedom prevailed that we felt that element of love had cast out fear. In submitting this brief report we, the undersigned, concur in one opinion of approval of the ways and methods used at the farm." The report is signed by Elizabeth L. Senter, Elba Johnson, Katherine T. Rice, Margaret L. Johnson, Mrs. C. H. Krause, and Marguerite Goodell.
The auditor's report showed: Balance in bank, Jan. 1, 1902, \$10,221; total deposits in 1902, \$9,414.84; checks issued, \$9,037.15; balance, Jan. 1, 1903, \$667.90. The report of collections was: Balance from Mrs. G. M. Walker, Jan. 1, 1902, \$97.05 and Miss Bristol, \$3.56. Collections, Mrs. Walker, \$5,147.23; Miss Bristol, \$2,915.28; Mr. and Mrs. Myers, \$1,000.31; Miss Hemminger, \$443.75; donated by mail, \$59.62.
The money contributed by public schools for the building fund was: Bay Mills, \$4.83; Calumet, \$204.31; Dollar Bay, \$15; Even, \$1.50; Gladstone, \$12.25; Grand Marais, \$15.97; Loretto, \$2.15; Manistique, \$22.86; Menominee, \$42.42; Munising, \$6.40; Ontonagon, \$10.30; Phoenix, \$7.66; Rockland, \$8; Seney, \$4.46; S. Ignace, \$8.40; and Thomaston, \$80; total, \$302.25.
The cities and towns from which subscriptions to the five-year fund came, and the amounts are: Alouez, \$30; Arcadian mine, \$5; Atlantic, \$15; Besmer, \$16; Calumet, \$425; Champion, \$2; Dollar Bay, \$19; Escanaba, \$41; Franklin, \$5; Gay, \$5; Gladstone, \$6; Hancock, \$308.50; Hermansville, \$5; Hibbing, Minn., \$10; Houghton, \$9.48; Iron Mountain, \$15; Ishpeming, \$92.50; Ironwood, \$94.50; Kearsarge, \$7; Kenton, \$20; Laurium, \$67; Lake Linden, \$62; Marquette, \$313.50; Menominee, \$76; Mohawk, \$10; Mountain Iron, Minn., \$5; Negaunee, \$42; Norway, \$22; Ontonagon, \$10; Opechee, \$10; Palmer, \$5; Phoenix, \$5; Rockland, \$20; Sidway, \$10; South Lake Linden, \$23; Vulcan, \$5; Wakefield, \$5; total, \$2,780.

JUNKETERS' TRIP POSTPONED.
The biennial junket of the house and senate committees on the Michigan College of Mines to copperdom has been adjourned for another week. The legislature will adjourn on Jan. 30 for a ten days' recess, during which time the various committees will visit the upper peninsula. They will remain in the copper country at least two days, coming here from Marquette. There will follow fifty days of the party, including the wives of the legislators.
EXCURSIONS TO DULUTH.
Duluth jobbers are making arrangements for the annual merchants' excursion to that city next month. The attention of merchants throughout the entire Northwest will be called to the advantages offered in Duluth and what they can see in the line of wares when they get there. A considerable number of copper country merchants took the trip last year and greatly enjoyed it. No doubt another copper country excursion will be arranged for this year.

WORKMEN'S ANNUAL BALL.
The annual ball of Hancock lodge, No. 128, A. O. U. W., which will be given on the evening of Feb. 20, will be made more of a county event this year. With that object in mind the committee on arrangements will personally visit every United Workmen lodge in the county for the purpose of extending an invitation. The committee will meet to talk over preparations for the party after the regular session of the lodge in Kautz's hall Friday evening.
MOUGA ARRESTED BY SHERIFF.
Sheriff Wills went to Kenton Thursday and returned in the evening with George Moug, who shot and dangerously wounded Joseph Morris, a Michigan-made blacksmith, by the accidental discharge of a 38-caliber revolver while in friendly scuffle in Frank Lewis' saloon early Wednesday morning, as noted at the time in The Mining Journal. Moug will be held pending an investigation. He is a man well along in years.
THE CHILDREN'S FRIEND.
There is no use trying to persuade American mothers that a substitute exists for Perry Davis' Painkiller. They know how it relieves the troubles of childhood, from sprained arms and legs to stomachache. Other preparations may do good, Painkiller is certain to. A big difference, and one that has been recognized for sixty years. There is but one Painkiller, Perry Davis'.

COPPERDOM BREVITIES.
Leonard Johnson of Ishpeming is a Portage Lake visitor.
Elgin Troyer of the Soo, the well-known skater, is in copperdom looking for races. Troyer is a speedy man.
Vital Paradise of Montreal, formerly in the lumber business in Lake Linden, is visiting old friends at the Lake after an absence of thirty years.

TERMS OF TREATY

PROVISIONS OF PACT WITH COLOMBIA DIVULGED.

ANNUAL RENTAL IS \$250,000

PAYMENT TO BEGIN AT THE END OF NINE YEARS.

Cash Bonus of \$10,000,000 Also Is to Be Made and in Return Full Control of Canal Is Given Practically in Perpetuity.

Washington, Jan. 23.—The treaty between the United States and Colombia, signed yesterday by Secretary Hay and Dr. Herran, was transmitted to the senate today and referred to the committee on foreign relations, which will consider it tomorrow.

By the terms of the treaty, the United States agrees to make a cash payment of \$10,000,000 in gold to Colombia, and after the expiration of nine years to pay a rental of \$250,000 per year.

The treaty provides for the canal and canal purposes, is practically made perpetual, the provision being that the first lease shall be for one hundred years and renewable thereafter in terms of one hundred years at the pleasure of the United States.

The strip is to be about six miles wide, and over this territory the United States is given police and sanitary jurisdiction, although it is explicitly specified that Colombia does not surrender sovereignty over it.

The United States is to have the privilege of free importation of vessels and material to be used in the construction of the canal. It is also given the right to improve, use and protect the harbors at both ends of the canal.

The grant is made exclusive to the United States and no taxes or rentals are to be charged in addition to the gross sums of ten million dollars cash and the quarter of a million dollars annually.

One Change in Original Draft. The treaty is identical with that drawn by this government several months ago and at that time submitted to Colombia, with the single exception of the amount of the annuity to be paid for the right-of-way of the canal.

This government proposed an annuity of a hundred thousand dollars and Colombia demanded \$500,000. That had been the point of difference for many weeks and at one time threatened to break off the negotiations entirely.

For several days active efforts were made to secure an agreement, but not until yesterday were they successful. All other points remain as they stood in the original draft.

The United States will have control of the canal practically in perpetuity, as required by the Spooner act. The exception of police and judicial control are settled by a scheme of joint action, although it especially is assured that no citizen of the United States be tried by any other than his own courts.

Control of the waters of Ports Colon and Panama is vested in the United States as far as may be necessary for the complete operation of the canal and it is assured our extra territorial jurisdiction will be unquestioned as to the waters and streams pertaining to the canal.

All port dues on vessels passing the canal are to go to the United States by way of an offset for the annuity payment.

The president and members of the cabinet are confident the treaty will be ratified at a reasonably early date without encountering serious opposition.

Colombia, Jan. 23.—The news received here today that the canal treaty was signed caused much jubilation throughout the isthmus.

TELLS OF ATTEMPTED BRIBE. Congressman Lesser Appears Before the House Naval Committee.

Washington, Jan. 23.—The house naval affairs committee, authorized by the house to investigate the alleged attempt to bribe Representative Lesser to vote in favor of the construction of submarine torpedo boats, heard three witnesses today.

Mr. Lesser was the most important witness. He repeated his story of the alleged attempted bribery, during which he used the name of former Representative Quinn.

SAY FORT IS IN RUINS

(Continued from Page One.)

upon the legation buildings, and the rubble of the Panther as the Venezuela fort are regarded as affording motives but not excuses for the continued hostilities of the German men-of-war.

It is understood that both of these incidents were a source of considerable chagrin to the German emperor and on this ground his orders to the Vineta, Falke and Panther are not so surprising.

It is hoped, however, that the fatalities reported yesterday from the forts will be sufficient to average German pride. The representatives of the allies here of course decline to comment on the activities in Venezuelan waters, but it is evident they fully appreciate how greatly the bombardments have increased the situation.

The Venezuelan situation was discussed at length at today's cabinet meeting, but it can be said by authority that no change in the attitude of the United States is in contemplation at this time. This government will continue its policy of "sitting tight."

The bombardment of Fort San Carlos is regretted sincerely by the administration because of apprehension it may complicate seriously the pending negotiations between Minister Bowen and the powers. However, while the administration regards the bombardment as unwarranted, the United States has no intention of taking any official cognizance of it.

German Aiding Revolutionists. The reports from London that Minister Bowen came to Washington with documentary evidence of the collusion of the German government with the Venezuela revolutionists, the date of the overthrow of Castro, are lacking confirmation here.

Mr. Bowen being unwilling as yet to affirm or deny them. It is stated, however, that the revolutionists are finding no trouble in securing ammunition and arms from some source.

UPHOLDS GERMANY'S COURSE. Kaiser's Foreign Secretary Makes a Statement in the Reichstag.

Berlin, Jan. 23.—Foreign Secretary Richtofen, speaking on the Venezuelan affair in the reichstag today, said that as early as July, 1901, Germany proposed to cast the controversy to the Hague.

Castro did not answer this proposal. Referring to the assertion during the debate that the navy acted contrary to international law in seizing merchantmen, Secretary Richtofen said: "With the beginning of the blockade, a state of war was created between us and Venezuela."

The navy had a full hand from its standpoint and also an obligation to capture Venezuelan merchantmen. The English and Italians did the same.

The secretary then stated the present diplomatic status of the question and expressed hope that the negotiations would soon reach a result. He said that while the blockade lasts the blockading forces must compel respect for it, and that probably accounts for the action of the German ships against Fort San Carlos.

The government was as yet without information, he said, regarding the bombardment, except a dispatch received from Maracibo stating that "the ships Vineta and Panther were fired upon, set fire to, and destroyed Fort San Carlos on Jan. 21."

While true no direct information had been received from the commander of the German fleet at the scene of action, Secretary Richtofen expressed belief he could unconditionally assume that the reichstag "will all agree that our comradre out there acted from a full and correct appreciation of the situation and that our blue jackets will maintain the honor of our flag."

JOINS THE ANTI-TRUST ARMY. Mayor Rose to Send Milwaukee Committee to Washington.

Milwaukee, Jan. 23.—T. E. Tarsney, corporation counsel of Detroit and personal representative of Mayor McQuinn, called on Mayor Rose yesterday and secured his promise to appoint a committee to attend the Washington meeting to be held soon with the avowed purpose of demanding of the president and congress enforcement of the present laws regarding commerce and trusts.

Mayor Rose said he could not go to Washington himself, but he would send a good committee.

REICHTSAG SPEAKER RESIGNS. Berlin, Jan. 23.—Count von Ballestaden has resigned the presidency of the reichstag in consequence of the disapproval of his attitude during the attempt by socialists to raise a debate in the house on the charges brought against the late Herr Krupp.

PRUSSIAN MILLIONAIRES. Berlin, Jan. 23.—The number of millionaires in Prussia has increased since 1899 from 6,016 to 6,061, according to the general tax returns.

ICE BOAT REGATTA IS OFF. Kalmazoo, Mich., Jan. 23.—The international yacht regatta scheduled to open at Gull Lake on Jan. 20 was indefinitely postponed today owing to the rough surface of the lake.

DYNAMITE EXPLODES IN TUNNEL

Premature Turning On of Current Kills Two Men and Injures Others.

Pittsburg, Jan. 23.—Two men were killed and four seriously injured in the Wabash tunnel today by an explosion of dynamite, due to some one turning on the electrical current without receiving the proper signal.

YANKEES WILL GOBBLE TRADE. Reciprocity Treaty Will Open Cuba's Doors to Dry Goods.

Havana, Jan. 23.—One of the heaviest importers of dry goods in Havana predicts that within a year after the ratification of the Cuban-American reciprocity treaty, 75 per cent of the Cuban dry goods trade will be in the hands of the United States.

The importer said that while English cottons are 20 per cent cheaper than American goods, they are losing ground in Cuba on account of their inferior quality.

COLLEGE ATHLETES CONTEST. Chicago Freshmen Defeat Illinois in Track Meet, 45 to 41.

Chicago, Ills., Jan. 23.—The University of Chicago freshmen tonight defeated the University of Illinois freshmen, 45 to 41, in the track meet. The winners were: 45-yard dash—Kern, Illinois; 4-1-5. Mile run—Hall, Chicago; 4:45.

VETERAN SHOWMAN DIES. Clinton, Mo., Jan. 23.—Charles M. Sherran, a veteran showman, died here today, aged seventy. In the sixties he amassed a fortune at Columbus, Ohio, in the museum business and in 1871 started a wagon show on the road from Bushnell, Ills.

GUN CREW SURVIVORS SUCCUMB. San Juan, Porto Rico, Jan. 23.—Landsmen Dasset and Patterson, the last survivors of the gun crew injured by the explosion of powder on the battleship Massachusetts on the 16th, died here last night.

MOTHER AND CHILD BURN. Antigo, Wis., Jan. 23.—Mrs. W. Knute and her youngest child, of Elcho, near here, are dead from the effects of burns sustained while escaping from their home, which was burned late last night.

MUSICALS AT WHITE HOUSE. Washington, Jan. 23.—Mrs. Roosevelt gave another of her Friday evening musicales at the White House tonight, to which a large number of guests were invited.

OHIO BANK PLUNDERED. Bellaire, O., Jan. 23.—At Somerton, west of here, robbers forced an entrance into the City bank last night and blew the safe open. They got away with \$6,000.

IMPEACHMENT PROPOSED. Helena, Mont., Jan. 23.—Resolutions were introduced in the house today looking to the impeachment of Judge Harvey of Butte, who rendered the famous Minnie Healy mine decision.

MORE DEATHS AT MAZATLAN. Mazatlan, Mexico, Jan. 23.—There were five deaths in the plague today. The number of patients in the hospital is forty-four and refugees in the sheds 240. Business is demoralized.

BABY CHOKES ON PIECE OF BREAD. Elkhart, Ind., Jan. 23.—Florence Hager, a baby a year old, choked to death last evening on a piece of bread given her by her brother, aged four years. She died before the arrival of a doctor.

GOVERNOR STOPS FIGHT. Peoria, Ills., Jan. 23.—The Ryan-Morgan fight was prevented tonight by the sheriff, acting upon telegraphic instructions from Governor Yates.

DENVER SALOONS HELD UP. Denver, Jan. 23.—Three saloons were held up tonight. The robbers secured nearly a thousand dollars and disappeared.

WILL BE INTERRED AT HOME. Havana, Jan. 23.—The bodies of twelve American soldiers buried in Cuba were exhumed today and will be sent home for interment.

FAST BOAT AT MILWAUKEE. Milwaukee, Jan. 23.—Martin Duffy of Chicago got the decision over Tom Wallace of Philadelphia after six rounds of hard fighting tonight.

FUNDS FOR ILLINOIS MILITIA. Springfield, Ills., Jan. 23.—Adjutant General Smith will ask the legislature for \$350,000 for the maintenance of the militia during the next two years.

HEADS SHOULD NEVER ACHE. Never endure this trouble. Use at once the remedy that stopped it for Mrs. N. A. Webster, of Winnie, Va.—she writes "Dr. King's New Life Pills wondrously cured me of sick headaches I had suffered from for two years."

BUSINESS IS BRISK

GOODS IN ALL LINES IN FIRM DEMAND AT HIGHER PRICES.

BUYING LIBERAL IN ALL SECTIONS

EARNINGS OF THE RAILROADS SHOW HANDSOME INCREASE.

Heavy Trade in Merchandise at Wholesale Is Reported, and There Is Still Great Complaint of the Slow Movement of Freight.

New York, Jan. 23.—R. G. Dun & Co.'s Trade Review will tomorrow say: "Heavy transactions in merchandise are reported, but there is much complaint regarding the slow movement of freight. The situation as to general lines is aggravated by the prevalence given fuel over all other freight except livestock and perishable goods."

It is conspicuous in practically every section of the country that, despite the high prices, the buying is liberal and for the better qualities of goods, while the dealings as a rule are on more of a cash basis.

The demand for building materials is unusually brisk, and the prices of lumber at the South have advanced. "The cotton goods situation grows steadily stronger and a few open advances in quotations are recorded."

Orders for standard print cloths at less than 37a cents are rejected, and wide goods are also firmly held. "Firmness has characterized the course of the leading staples, an abundant demand being in evidence, while available supplies are restricted by traffic restrictions."

Bradstreet's Summary. Bradstreet's will tomorrow say: "The previously favorable conditions still rule. Spring trade shows further expansion, particularly in dry goods, such as mens, wash fabrics, underwear and hosiery."

Bradstreet's Summary. Bradstreet's will tomorrow say: "The previously favorable conditions still rule. Spring trade shows further expansion, particularly in dry goods, such as mens, wash fabrics, underwear and hosiery."

Money on call, steady, at 3 1/2 per cent; closing, 3 1/2. Time money, light demand; sixty and ninety days and six months, 4 1/2 per cent. Prime paper, 5 1/2 per cent. Exchange, easy, at an advance, demand at 48.95 and sixty days at 48.95 at 48.4. Bar silver, 47.2.

BOSTON COPPER QUOTATIONS. The copper stocks dealt in on the Boston exchange closed as follows yesterday, the quotations being reported by Paine, Webber & Co.:

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure the deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound in your ears, which is sometimes attended by imperfect hearing and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous services. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

FREE VACCINATION. The board of health recommends that all people not successfully vaccinated within five years should be vaccinated. All who are unable to pay for their vaccinations will be vaccinated at the expense of the city at the office of Dr. Lunn during the regular office hours. (19-2w)

A CARD. We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded. Stafford Drug Co., Desjardins' Pharmacy, The People's Drug Store.

STOCK MARKET CLOSES LOWER. Venezuelan Situation and Panama Canal Payment the Bear Factors. New York, Jan. 23.—Today's stock was entirely colorless again and the level of activity fell below that of yesterday, which was the lowest since the

TODAY'S WEATHER.

Washington, Jan. 23.—The following is the weather bureau's forecast for Upper Michigan: Snow Saturday and Sunday; rising temperature; fresh southeast winds.

THE PERU-NA ALMANAC.

The druggists have already been supplied with Peru-NA almanacs. There is sure to be a great demand for these almanacs on account of the articles on astrology which they contain. The subject of astrology is a very attractive one to most people. The articles on astrology in the Peru-NA almanac have been furnished by a very competent astrologist, and the mental characteristics of each sign is given, constituting almost a complete horoscope. A list of questions and answers on astrology sent free upon request. There will be a great rush for these books. Ask your druggist for one early before they are all gone.

Paine, Webber & Co. said of the Bos-

ton market:

"The general market sold off this af-

ternoon on fear of unfavorable develop-

ments in the Venezuelan trouble and

coppers sagged somewhat in sympathy

with the other stocks. Copper was up

ten shillings in London, and was 1/2 high-

er on the New York metal exchange. We

do not anticipate that the scare will last

long. If it does it will affect the rail-

road and industrial stocks more than the

coppers. As soon as the situation clears

a little, copper should rally."

Hayden, Stone & Co. wired the Laid-

ley Commission company as follows:

"The market held well today in face

of the Venezuela trouble and develop-

ments before committing themselves;

therefore they are taking no position.

We look for a dull, uninteresting mar-

ket for the next few days, with but

slight changes."

Chicago Markets Sell Off.

Laidley said of the Chicago markets:

"Wheat opened higher, on better ca-

bles and buying by the local crowd.

There was heavy commission house

realizing at an advance, causing a 1/2

reaction early. There was a good

demand for January from shorts. An im-

pression prevails that the big holders

of the offerings. The cables were higher.

The market was nervous and the

fluctuations were violent at times.

Exporting houses say that their bids

this morning were the highest so far,

but the offerings last night were small

and so the acceptances are not large.

The close was steady, 1/2 cent lower than

yesterday. We think wheat should be

picked up on these breaks.

"Corn opened at top prices. The fea-

ture has been unlimited commission

house selling at 45 cents for May and

the market went off under weight of

these offerings. The cables were higher.

The closing was at a 1/2 cent decline. We

would buy on good breaks only.

"Scalpers had oats for sale this

morning, while commission houses

bought moderately. The market was governed

entirely by the fluctuations in the other

grains.

"Efforts on the part of commission

houses to sell May lard and ribs and

weakness in wheat caused a partial

loss of the early advance in provisions.

The market was strong early, with hogs

and general buying by the commission

houses. There was a sale of 4,000 barrels

of pork credited to Cudahy."

Some Weakness in New York.

Walker said of the New York market:

"The market today opened barely

steadily, with a weak tone. There was

very little going on and commission

house business was nearly at a stand-

still. This dullness continued until the

afternoon, when prices began to weaken

and traders found a great many weak

spots. Prices broke quite sharply and

there was little support given. The

tractions were very weak and sugar was

also sagging. The bank statement to-

morrow is expected to be good, but talk

of Venezuelan troubles was the chief

cause of weakness today."

SUNDAY AT THE CHURCHES.

Methodist—The pastor, Rev. E. A. El-

liott, will preach in the morning on the

subject, "Following the Master." In the

evening of the fourth of the series of ad-

dressings on "Six Great Lights" of religion

will be given. Its subject will be, "Mo-

hammad, the Light of the Arabians." All

are welcome.

St. Paul's Cathedral, Third Sunday after

Epiphany: Holy communion, at 7:30 a.

m.; matins and sermon, at 10:30 a.

m.; children's missionary service at

3 p. m. All the children of the parish

and their parents and friends are invited

to attend. Evensong and sermon, at

7:30 p. m.

Presbyterian—Preaching service at

10:30 a. m. Sunday school at 12 m.

Junior C. E. society at 3:30 p. m. Senior

society at 6:30. At 7:30 p. m. the

pastor will give the second illustrated ser-

mon on the "Life of Christ Topically

Considered." The morning subject is

"Christ's Ministry."

Baptist—Rev. Charles Maxson will

preach, morning and evening, at the

usual hours. The public is invited to at-

tend these services.

First Church of Christ, Scientist—

Service at church hall, 109 Spring street,

10:30 a. m. Subject "Love."

HIGH TRIBUTE TO THE ARMY.

After making a thorough investigation

of the prevailing condition of affairs in

the Philippine Islands during the past

year, the inspector general of the army,

in his report pays a high tribute to the

courage and kindness with which mil-

itary operations have been carried on.

The highest tribute is also paid to the

celebrated Hostetter's Stomach Bitters

by people all over this broad land, be-

cause of its reliability in cases of sick

headache, vomiting, heartburn, indiges-

tion, dyspepsia, liver complaints or ma-

laria, fever and ague. These people

having once tried it and proved its value

will not accept anything else. If you

are a sufferer from any stomach, liver

The Ills of Women Act upon the Nerves like a Firebrand.

The relation of woman's nerves and generative organs is very close; consequently nine tenths of the nervous prostration, nervous despondency, "the blues," sleeplessness, and nervous irritability of women arise from some derangement of the organism which makes her a woman. Herein we prove conclusively that Lydia E. Pinkham's Vegetable Compound will quickly relieve all this trouble.

Details of a Severe Case Cured in Eau Claire, Wis.

"DEAR MRS. PINKHAM:—I have been ailing from female trouble for the past five years. About a month ago I was taken with nervous prostration, accompanied at certain times before menstruation with fearful headaches. I read one of your books, and finding many testimonials of the beneficial effects of Lydia E. Pinkham's Vegetable Compound, experienced by lady sufferers, I commenced its use and am happy to state that after using a few bottles I feel like a new woman, aches and pains all gone. I am recommending your medicine to many of my friends, and I assure you that you have my hearty thanks for your valuable preparation which has done so much good. I trust all suffering women will use your Vegetable Compound."—MRS. MINNIE TIEZ, 620 First Ave., Eau Claire, Wis. (May 28, 1901).

Nothing will relieve this distressing condition so surely as Lydia E. Pinkham's Vegetable Compound; it soothes, strengthens, heals and tones up the delicate female organism. It is a positive cure for all kinds of female complaints; that bearing down feeling, backache, displacement of the womb, inflammation of the ovaries, and is invaluable during the change of life, all of which may help to cause nervous prostration.

Read what Mrs. Day says:

"DEAR MRS. PINKHAM:—I will write you a few lines to let you know of the benefit I have received from taking your remedies. I suffered for a long time with nervous prostration, backache, sick headache, painful menstruation, pain in the stomach after eating, and constipation. I often thought I would lose my mind. I began to take Lydia E. Pinkham's Vegetable Compound and was soon feeling like a new woman. I cannot praise it too highly. It does all that it is recommended to do, and more. I hope that every one who suffers as I did will give Lydia E. Pinkham's remedies a trial."—MRS. MARIE DAY, Eleonora, Pa. (March 25, 1901.)

Free Medical Advice to Women.

Mrs. Pinkham invites all women to write to her for advice. You need not be afraid to tell her the things you could not explain to the doctor—your letter will be seen only by women and is absolutely confidential. Mrs. Pinkham's vast experience with such troubles enables her to tell you just what is best for you, and she will charge you nothing for her advice.

Another Case of Nervous Prostration Cured.

"DEAR MRS. PINKHAM:—Allow me to express to you the benefit I have derived from taking Lydia E. Pinkham's Vegetable Compound. Before I started to take it I was on the verge of nervous prostration. Could not sleep nights, and I suffered dreadfully from indigestion and headache. I heard of Lydia E. Pinkham's wonderful medicine, and began its use, which immediately restored my health. I can heartily recommend it to all suffering women."—MRS. BERTHA E. DUBSKINS, 25 1/2 Lapidge St., San Francisco, Cal. (May 21, 1901.)

Like a Welcome Guest.

"It is doubtful if such kindness and courtesy can be met anywhere else as is shown by the railroad employes on the through trains west of Chicago. They are all nice readers. All you have to do is to look a little anxious and somebody will immediately volunteer the exact information you need. You are looked after like a welcome guest. You have every convenience that a first-class apartment house affords except a bathtub, and I presume the porter could have produced that if necessary."

This letter was written by a lady who made the trip to California in a Rock Island tourist sleeping car. It tells its own story. All that is necessary to add is that these cars leave Chicago, daily, for Los Angeles and San Francisco via the El Paso-Rock Island route; Tuesdays and Thursdays via Colorado Springs and Salt Lake City. Call or write for folder giving full information. Geo. F. Lee, G.A.P.D., 91 Adams St., Chicago, Ill.

Ishpeming and its Environs.

FATHER FRANK STICKS.

Much Advertised Pastor Says He Will Not Be Ousted from His Pulpit.

Rev. E. M. Frank, the former Ishpeming clergyman, who has been prominently before the public for several weeks on account of a serious disagreement with his parishioners at Sheboygan, Wis., is standing by his guns and he declares he will not leave Sheboygan. He has been sustained by the bishop of the diocese all through the controversy which has been steadily increasing in bitterness. Frank's flock seems to have repudiated him entirely and have thus come into direct conflict with Bishop Grafton. The whole diocese has become involved in the dissension and much discord and ill-feeling has resulted. The following Fond du Lac dispatch is from one of yesterday's Milwaukee papers:

"If the standing committee of the diocese of Fond du Lac attempts to interfere in the matter of the trouble between Father Frank and the members of the Sheboygan congregation I shall resign as bishop of this diocese."

This statement was made by Bishop Grafton Tuesday at the conference held at the bishop's home, which was attended by Bishop Grafton, Judge Gilbertson and Father Frank of Sheboygan and Father Hopkins of Waupaca.

Father Hopkins is a member of the standing committee and attended the conference in behalf of the excommunicated Sheboygan people. When the bishop found Father Hopkins present, he asked him what his business was. The Waupaca clergyman replied that he had formerly been rector of the Sheboygan church and that he knew what the condition of affairs was at that place. For that reason he wished to tell the bishop some things that he thought he ought to know. After a private interview the bishop announced that the charges made by Father Hopkins were too trivial to be considered.

A warm session resulted, at the conclusion of which Bishop Grafton made the announcement given above. Father Hopkins then withdrew.

Bishop Grafton stated Wednesday in regard to the conference Tuesday as concerns the removing of Father E. M. Frank from the parish, that the whole thing has been settled now as far as he was concerned and that it was now in the hands of Father Frank to decide as to whether or not he would remain in charge.

"There is absolutely no truth in the report that I am to give up my place as rector," said Rev. Father Frank Wednesday. "Bishop Grafton said Tuesday that the controversy was closed finally and that I was to remain here, in view of the fact that charges against me are not sustained. Those who left the church are at liberty to return and will be welcomed back to the parish."

FOR POSTAL SERVICE.

Examination for Carrier and Clerk Will Be Held Here Feb. 21.

Uncle Sam is making a bid for employes in the postal service. Notices have been sent out announcing a civil service examination to be held here Feb. 21. The test will be open to all citizens of the United States who comply with the requirements, which are comparatively easy. The applicant must be over eighteen years of age and less than forty-five and must have a medical certificate testifying to good health. Men who are less than five feet four inches in height and weigh less than 125 pounds need not apply. The examination is in all the common branches, but the most stress is laid on arithmetic, letter writing and penmanship. All who pass the examination will be placed on the list of eligibles. Immediate employment is not guaranteed, but all existing and future vacancies will be filled from the list. The notice states specifically that "competitors will be rated without regard to any consideration other than the qualifications shown in their examination papers, and eligibles are restricted strictly in accordance with the civil service law and rules."

The circular urges those who are qualified to take the examination, saying that it "offers an excellent opportunity for entering the federal service to bright, energetic young persons who are not afraid of hard work, and as previous examinations have failed to result in a sufficient number of eligibles, the commission urges all persons who are qualified, and who may desire to enter the post-office service, to apply for and take this examination. It may be stated that there is a wider field for advancement upon merit in the federal service than in many private employments. While the salary in the postoffice service is usually about \$400 per annum at the start, this amount compares favorably with the compensation of a beginner in private employment."

MRS. SOBER RESIGNS.

Mrs. Gertrude Sober, principal of the high school, has sent her resignation to the school board to take effect next Wednesday. She will be succeeded by Miss May McKittrick, who now teaches English. Mrs. Sober has given up her position on account of ill health. She began her work in the schools in the fall of 1901 and has filled her position very acceptably. Miss McKittrick, who succeeds her, has been teaching the department of English since the fall of 1900 when she came here with Miss O'Leary, filling the position of principal for the remainder of the term after the latter's death which occurred in June, 1901. She is a graduate of the University of Wisconsin.

TO CURE A COLD IN ONE DAY.

Take Laxative Bromo-Quinine Tablets. This signature on every box.

We are now selling 16-inch green hardwood at \$4.75 a load. Consolidated Fuel & Lumber Co. (11-24-ft).

MORE ANENT PEAT FUEL.

Company Has Been Organized in Wisconsin—Will Operate in the Spring.

Wisconsin people are taking hold of the peat business and they will find by practical test if the substance will actually make available fuel. At Waupaca the Wisconsin Peat Fuel & Gas company has been organized with a capital of \$100,000, and, it is expected, will erect a peat pressing plant to be in operation early during the coming spring. The incorporation papers were taken out in Illinois.

The officers of the company claim to have two machines, one for drying and compressing the peat and one for producing gas, which will turn out from between fifteen and twenty tons of the finished product a day.

Some time ago the treasurer of the company secured options on a number of peat bogs in the neighborhood of towns near Waupaca and it is said that the first plant will be built at Beulah.

HARVEST BEGINS NEXT WEEK.

Charles Johnson and Andrew Christianson, who recently purchased F. Braastad & Co.'s ice business, including ice house, tools, etc., will begin cutting their season's supply at Teal lake next Tuesday. The business will be managed by Mr. Christianson and Charles Johnson, Jr. The partnership will exist under the firm name of Johnson & Christianson.

Mr. Christianson has disposed of his saloon business to Axel Nord, his bartender, the transfer to take place May 1, at the expiration of Mr. Christian's license. The latter will devote all his time to the ice business. He has already started out to secure contracts for the season and he stated yesterday that he is meeting with gratifying success. The firm will open an office in the Johnson building, at the rear of Johnson & Heard's barber shop. The Marquette County telephone will be put in within the next few days.

RINK OPENS TONIGHT.

The Crescent ice rink, located in the church basement on Third and York streets, will be formally opened this evening at 7:30 o'clock. The Ishpeming City band will furnish music all evening. The admission prices will be twenty-five cents for gentlemen and fifteen for ladies and children. Manager Sanders yesterday stated that he has about three inches of fine ice on the floor and that it will be in first class condition tonight. The rink promises to be well patronized, as there are many lovers of skating in the city.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutrition is destroyed by indigestion or dyspepsia. You must prepare for their appetites and prevent their coming by taking regular doses of Green's August Flower the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get this reliable remedy at Stafford Drug Co. Price 25c and 75c.

TRAINMEN TO GIVE BALL.

Hematite lodge of the Brotherhood of Railroad Trainmen has decided to give a grand ball at Anderson's Hall on the evening of Feb. 19, and is already preparing to make it the event of the season. Trombly's full orchestra has been engaged.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers. They filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidneys. Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary efficacy of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail from Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Sheriff Dwelle, Jackson, Mich.

Has Used Over 100 Bottles of Dr. Colwell's Magic Egyptian Oil in 25 Years.

When a remedy has stood the test of time for a quarter of a century and has never failed in any emergency when a remedy has healed the sores, soothed the burns, aches and pains, and cured the non-healing sores for 25 years, it certainly does seem like it is a good thing to have a bottle setting round the house handy. Sheriff Dwelle of Jackson, Mich., says:

A. W. DWELLE, Sheriff of Jackson County, Mich.

I have used Dr. Colwell's Magic Egyptian Oil for at least 25 years and I cannot speak too highly of its merits. I always keep it in my house, and I believe I have used over one hundred bottles. I think it the greatest family medicine on earth. A. W. Dwelle, Sheriff of Jackson Co., Jackson, Mich. Many other well-known Michigan men have a good word to say of Dr. Colwell's Magic Egyptian Oil. Dr. Colwell's Magic Egyptian Oil is for sale by all druggists at 50 cents, and everyone should have a bottle setting around the house handy, in case of emergency, for it cures all pains and bruises, sores and aches of the body, limbs or head, and remembers every druggist is authorized to refund the money on any bottle of Dr. Colwell's Magic Egyptian Oil that does not prove entirely satisfactory.

ISHPEMING IN BRIEF.

Carl Tellefsen is supplying his patrons with some neat calendars.

Andrew Olson, 203 Marquette street, is the proud father of twins, both girls, born yesterday.

Tickets for the Crescent ice rink are on sale at the Atlantic and Pacific Tea company's store.

Avery T. Hanson of Laurium and Timothy Nester of Munising were both in the city Thursday.

The Oliver company has begun its annual ice harvest and the large houses are being filled rapidly.

The ski club will ski north tomorrow to the Ten Kilns. The members will meet at the usual place.

A delegation went to Marquette to see the game between the Calumet team and the Maccabees Thursday night.

Stephen Slaymaker will sing "The Chof Invisible" at the morning services at Grace Episcopal church tomorrow.

The decorators have begun work at the Methodist church. Tremblath Brothers have the contract for the work.

The seats for John Griffith in "Macbeth" Tuesday night will be placed on sale at Tillson's drug store this morning at 9 o'clock.

A number of Ishpeming ladies attended the installation of the officers of the Ladies' Auxiliary of the Ancient Order of Hibernians Friday night.

John Quayle has not taken a permanent position with the Finnish Mercantile association. He is merely assisting temporarily with the book work.

The Finnish young men will give a dance at Anderson's Hall this evening. The music will be furnished by the Ishpeming City band orchestra. Dancing will continue until midnight.

Reserved seats for the entertainment for the benefit of the Sisters which will be held Wednesday evening will be on sale at Tillson's Tuesday morning. The price will be fifteen cents.

A large number of the Ishpeming Lady Foresters attended the social given by the Negawan lodge Thursday night. Miss B. Laughlin won the first prize at cards. Mrs. Navins was also a prize winner and received a large belt, elaborately decorated.

FINDS WAY TO LIVE LONG.

The startling announcement of a Discovery that will surely lengthen life is made by Editor O. H. Downey, of Chubbuck, Ind. "I wish to state," he writes, "that Dr. King's New Discovery for Consumption is the most infallible remedy that I have ever known for Coughs, Colds and Grip. It's invaluable to people with weak lungs. Having this wonderful medicine no one need dread Pneumonia or Consumption. Its relief is instant and cure certain." Stafford guarantees every 50c and \$1.00 bottle, and gives trial bottles free.

H. C. Cain and George Trevasakis, Voecker block, Ishpeming, are authorized to take subscriptions for the Marquette & Arizona Mining Co. stock. (12-19-11)

Our winter goods of all kinds are being closed out at greatly reduced prices. Finnish Mercantile association.

UNCONSCIOUS FROM CROUP.

During a sudden and terrible attack of croup our little girl was unconscious from strangulation, says A. L. Spafford, postmaster, Chester, Mich., and a dose of One Minute Cough Cure was administered and repeated often. It reduced the swelling and inflammation, cut the mucus and shortly the child was resting easy and speedily recovered. It cures Coughs, Colds, La Grippe, and all Throat and Lung troubles. One Minute Cough Cure lingers in the throat and chest and enables the lungs to contribute pure, health-giving oxygen to the blood. H. Harwood, Ishpeming; The Stafford Drug Co., Marquette.

"It was almost a miracle. Burdock Blood Bitters cured me of a terrible breaking out all over the body. I am very grateful." Miss Julia Filbridge, West Cornwall, Conn.

FANCY NAVEL ORANGES.

We are selling them at 20, 25, 30, 40 and 50 cents per dozen....

Fancy Grape Fruit, Egg Plant, Cauliflower, Vegetables, Etc., of all kinds. We have Strawberries and Cream.

J. SELLWOOD & CO.

Suffered for Over Ten Years. Cured by Dr. Iman's Ladies' Restorative

TALMADGE, MICH. THE IMAN MED. CO., Grand Rapids, Mich.

Dear Doctor: I have been thinking for some time that I ought to write you a few words of praise for your wonderful LADIES RESTORATIVE. It did me worlds of good. I suffered such untold agonies with my meneses, and with female complaints, for over ten years, that death would have been a relief to me. I took doctors' medicine and several kinds of patent medicine, but they all availed me nothing. I am so thankful that I learned of DR. IMAN'S LADIES' RESTORATIVE that I want to recommend it to every lady that is suffering from those terrible complaints. Any one wishing to know more about it may address, MRS. L. MORSE, Talmadge, Mich.

FOR SALE BY— People's Drug Store, Marquette; Werner Nikander, Neunauge. City Drug Store, Ishpeming, Mich. 9-2-10

MISS FAY LEE,

President of the Shakespearian Club, Kansas City.

"Your booklet came to my home like a message of health when I had suffered with headache, backache and bearing-down pains. I was weak, nervous and hysterical and had not consulted any doctor, thinking it would pass away in time, but instead I found that the pains increased and were more frequent. I decided to try Wine of Cardui and in a short time was much improved. It seemed to act like a charm. I kept up the treatment and the result was most satisfactory. Words fail to express my gratitude for the suffering that is now saved me. I am in fine health, physically and mentally. I can only say 'thank you,' but there is much more in my heart for you."

nervous tension. The nervous system soon begins to give way under the strain. You perhaps jump at any unusual disturbance, or laugh or weep, hysterically, at no apparent cause. That is what Miss Fay Lee, 633 1/2 North Seventh Street, Kansas City, Kansas, was coming to when she rescued herself by taking Wine of Cardui. The Wine made her a strong, healthy woman again, as it has made a million other women strong and healthy. By inducing regular menstruation, the entire system is relieved of the terrible wasting drains. The ligaments which hold the womb in place are strengthened by a healthy flow and that organ is returned to its normal position. Returning health is the result. This is what Wine of Cardui has done for thousands of the best women in America.

BEARING-DOWN pains are the worst that women know. If you are suffering from this trouble you need not be uncertain about it. The pains in the abdomen and back that feel as if heavy weights were pulling down on the nerves of the stomach are "bearing-down pains". They may not be particularly severe at present but they are growing worse. That headache which nearly drives you distracted now is caused by the terrible

If you need advice write The Ladies' Advisory Department, The Chattanooga Medicine Company, Chattanooga, Tenn., describing all your symptoms freely, and a letter of advice will be sent you. Secure a \$1.00 bottle of Wine of Cardui from your druggist to-day.

WINE of CARDUI

PLANS MUCH WORK

WATER BOARD PLANS ONE HIGHLY IMPORTANT IMPROVEMENT.

NEW MAINS WILL BE SOON LAID

THEY WILL SECURE CITY AGAINST INTERRUPTION OF SUPPLY.

Will Be Put Down in the Immediate Neighborhood of Pumping Station—Will Provide Duplicate System.

The board of fire and water commissioners has definitely decided to make during the present year an improvement which will put the finishing touch on Marquette's system of water supply and fire protection, making it unexcelled in the north country.

It is the purpose to strengthen the weakest point in the system, as it now exists, by, in brief, providing against any accident to the mains in the immediate vicinity of the water works cutting off the city's water supply. This will be done by putting in several hundred feet of pipe and eight gates, the cost of the improvement being estimated by Superintendent Kern at \$4,791.85.

The work will be undertaken in the spring and will be completed during the summer.

As a preliminary to describing what is to be done it is fitting that the present conditions at the pumping plant be outlined.

The main leading from the pumps is twenty inches in diameter. It turns at a right angle onto Ridge street and continues twenty inches in diameter until it reaches a point about two rods beyond the corner of Walnut, where its size is reduced to sixteen inches. At the corner of Cedar street is found a gate. This sixteen inch main continues up Ridge street and forms the main feed pipe for the residence part of the city.

Twelve-inch Main on Lake.

There is also, in the neighborhood of the corner of Walnut and Ridge, another main twelve inches in diameter, connecting with the twenty inch main and running under J. M. Longyear's lot south of Ridge. It connects with the twelve-inch main on Lake street, this being the source of the water supply and fire protection for the business district.

The system of gates now in use in conjunction with these two mains in the immediate vicinity of the pumping station is entirely inadequate and makes possible, by this inadequacy, the entire suspension of the water supply for a greater or less time in case of serious accident. This for years has been the real weakness in the water system, and

there will be much satisfaction with the knowledge that it is to be corrected. The board of fire and water commissioners now proposes to make practical application of a plan whereby the city will be secured against disastrous consequences from almost any possible accident to the mains.

It is the intention to make a connection for another twenty-inch main running from the pumping station parallel to the present main, and only a short distance from it, to Walnut street where it will be continued south to Ridge street, there being joined with the present main.

It is also the purpose to abandon the twelve-inch main now running under J. M. Longyear's lot and to make the connection with the Lake street main direct on Walnut street from the corner of Ridge.

The plan that the commissioners have approved contemplates the installation of no less than eight valves, seven of them being of twenty-inches and the eighth of twelve. These will be arranged so that no matter what accident may happen to the mains in the immediate vicinity of the pumping station an uninterrupted supply of water can be sent up town, securing continuous service for water takers as well as a reliable fire protection. There will be four twenty-inch valves at the corner of Walnut and Ridge street, they permitting the water to be cut off from any section where trouble may be experienced and still enabling the city to be supplied by other mains, all that is necessary being an adjustment of the valves.

To Supply North Marquette.

It is the further intention of the board to make adequate provision for supplying North Marquette with water and for obtaining a good pressure in that section by extending a twelve-inch main north on Walnut street. This main will be connected with the mains on Arch, Michigan, Ohio streets, Hewitt avenue, and the other thoroughfares as they are reached and it will, in the course of time, be extended as far north as is necessary to give prospective water takers good service.

The work projected for the neighborhood of the pumping station will be rather difficult, owing to the fact that most of the excavating will have to be done in solid rock. However, it is believed that it can be completed for inside of \$3,000.

The improvement will practically give the city a duplicate system. It has two pumps, either one of which may be used singly, and it has a duplicate set of boilers. With several combinations of valves by which the city can be kept supplied with water it will have the equivalent of two separate and independent pumping stations, the best guarantee in the world against disastrous interruptions of the service.

It is said that the proposed improvement will result in a somewhat better rate for fire insurance.

Not a dollar need be paid until you're cured. Get a package of Rocky Mountain Tea. If it fails to make you well, and keep you well, it don't cost a cent. 35 cents. The Stafford Drug Co.

BETTER GAME LAST NIGHT.

Maccabees Again Defeat Calumet at Indoor Ball—10 to 7. The Maccabee ball team again defeated the Calumet city aggregation at the Casino last evening, the match resulting in the score of 10 to 7. The contest was a much better one than that played the previous evening. The locals were never in danger of losing, gaining a good lead at the start, but after the first two innings the Calumet men put up a star game and the honors were evenly divided. By innings, the runs were made as follows: Marquette.....25000102*-10 Calumet.....021000013-7

The seven runs scored by the Maccabees in the two first innings were mainly due to a combination of wild pitches and passed balls. After that Wester studied down somewhat, had better control of the ball and kept the hits well scattered, while the backstop work also improved and better support was given on the diamond and field. Wester, as in the first game, was much of a puzzle to the locals, as his record of twenty-two strike-outs would show. On eight of the strike-outs, however, the Maccabees gained first base through the catcher missing the third strike. Hogan, for Marquette, aside from striking out sixteen men, allowed but a few scattering hits, his pitching as usual being first-class. Hogan's strike-out record is generally large, but he does not throw the ball with the speed of which he is capable, preferring to make it as easy for his catcher as possible and depending more on his support before the home plate, a policy that so far has proven very successful. The Maccabees played a strong game, as usual, last evening, although a bad fumble in the last inning by one of the fielders was responsible for three Calumet men scampering across the plate, even the batsman scoring, when it was an easy matter to retire the side with another blank. But two of Calumet's runs were earned.

The attendance was very fair, considering the one-sided contest Thursday evening, but the Maccabees have made no money on the two games. This evening the Calumet men will play at Ne-gaume.

So far this season the locals have won ten games and lost none. They have scored 139 runs to thirty-six for their opponents.
