TRUSTS NOW CURBED

PRESIDENT DECLARES THE PROBLEM PRACTICALLY SOLVED.

HIS MILWAUKEE SPEECH NOTABLE

LAUDS WORK OF CONGRESS AND ATTORNEY GENERAL KNOX.

Says the New Laws Will Effectively Control and Regulate the Big Corporations and That They Will Be Enforced to the Letter.

Milwaukee, April 3.—President Roosevelt arrived here at two this afternoon and met with a hearty reception. The party, accompanied by the reception committee, headed by Mayor Rose, was driven to the National Soldiers' Home, where the president reviewed two thousand veterans and afterwards addressed them.

After leaving the Soldiers' home the presidential party stopped at the Exposition building, where the president was formally welcomed by Mayor Rose. The president responded briefly. The party was then driven to the Deutscher club, where an informal reception was tendered.

The banquet, given by the Merchants & Manufacturers' association at the Plankinton House, was the climax of the president's ten-hour visit to Milwaukee.

After the banquet Toastmaster Wadhams, president of the Merchants & Manufacturers' association, introduced President Roosevelt, who responded to the toast, "The President of the United States," in great part as follows:

Trusts His Theme. "I think I speak for the great majority of the American people when I say that we are not, in the least, against wealth as such, whether individual or corporate; that we merely desire to see any abuse of corporate or combined wealth corrected and remedied; that we do not desire the abolition or destruction of big corporations, but, on the contrary, recognize them as being in many cases efficient economic instruments, the results of an inevitable process of economic evolution, and only desire to see them regulated and controlled so far as may be necessary to subserve the public good."

Very important law providing a department of fine and non-artisan body, reported to congress the result of their investigation of trusts and industrial combinations. One of the most important of their conclusions was that discriminations in freight rates and facilities were granted favored shippers by the railroads and that these discriminations clearly tended toward the control of production and prices in many fields of business by large combinations. That this conclusion was justifiable was shown by the disclosures in the investigation of railroad methods pursued in the fall and winter of 1901-1902. It was then shown that certain trunk lines had entered into unlawful agreements as to the transportation of food products from the West to the Atlantic seaboard, giving a few favored shippers rates much below the tariff charges imposed upon the smaller dealers and the general public.

These unjust practices had prevailed to such an extent and for so long a time that many of the smaller shippers had been driven out of business, until practically one buyer of grain on each railway system had been able by his illegal advantages to secure a monopoly on the line with which his secret compact was made; this monopoly enabling him to fix the price to both producer and consumer. Many of the great packing house concerns were shown to be in combination with each other and with most of the great railway lines, whereby they enjoyed large secret concessions in rates and thus obtained a practical monopoly of the fresh and cured meat industry of the country. These fusions, though violative of the statute, had prevailed unchecked for so many years that they had become entrenched in and interwoven with the commercial life of certain large distributing localities; although this was of course at the expense of the vast body of law-abiding merchants, the general public, and particularly of unfavorable localities.

"Congress, having had its attention drawn to the matter, enacted a most important anti-trust law, which greatly strengthens the interstate commerce law. This new law prohibits under adequate penalties the giving and as well the demanding or receiving of such preferences, and provides the preventive remedy of injunction. The vigorous administration of this law—and it will be enforced—will, it is hoped, afford a substantial remedy for certain trust evils which have attracted public attention and have created public unrest.

"All of this represents a great and substantial advance in legislation. But more important even than legislation is the administration of the law, and I ask your attention for a moment to the way in which the law has been administered by the profound jurist and fearless public servant who now occupies the position of attorney-general, Mr. Knox. The Constitution enjoins upon the president that he shall take care that the laws be faithfully executed, and under this provision the attorney general formulated a policy which was in effect nothing but the rigid enforcement, by suits managed with consummate skill and ability, both of the anti-trust law and of the imperfect provisions of the act to regulate commerce. The first step taken was the prosecution of fourteen suits, against the principal railroads of the Middle West, restraining them by injunction from further violations of either of the laws in question.

BATTLE IN BALKANS TURKS AND BULGARIANS FIGHT WITH COSTLY RESULTS. CASUALTIES ARE A THOUSAND. NEWS FROM THE FRONT STABLES CONSTANTINOPLE.

Berlin, April 3.—A Constantinople dispatch announces that Bulgarian bands and Turkish troops in the Okhrida district have fought a battle and that a thousand men were killed or wounded.

Salonica, April 3.—The railroad bridge over the Angista river, near Drama, thirty miles from Seres, Roumania, was blown up by Bulgarians during the night of April 1. All the telegraph wires in the vicinity were cut.

Many Villages in Rebellion. Constantinople, April 3.—Official advices from Monastir say that the Bulgarian inhabitants of thirty villages in the Okhrida district, totalling three thousand men and supported by a bishop and a number of revolutionary bands, have risen against the Turks.

Baron Sternburg the Guest of Honor at Banquet at Hartford. Hartford, Conn., April 3.—Baron von Sternburg, the German envoy to this country, was the guest of honor this evening at the annual banquet of the Hartford Yacht club, and was accorded a royal greeting. He responded to the toast, "The German Nation and Its Emperor, the Noblest Yachtsman of the World," Governor Chamberlain and other state officials were in attendance, and they complimented the envoy, eulogized his country and joined with the company in drinking a toast to the Kaiser.

MURDERED BY ROBBERS. Council Bluffs, Ia., April 3.—At 11 o'clock tonight Bert Forney, a saloon keeper, was shot and killed by masked robbers in his saloon. The robbers commanded the men in the saloon to throw up their hands. Forney made a motion to draw a gun when the robbers commenced firing, one bullet passing through Forney's heart. The robbers escaped.

THREATEN SEPARATE KINGDOM. Shanghai, April 3.—Advices from Fou Cheng, province of Hu Pei, say a large detachment of Hunanese troops arrived at Fou Cheng on March 12 on their way to Sian Fu, province of Shen Si. This is regarded as being a confirmation of the rumors Prince Tuan and General Tung Fu Siang have sent an ultimatum to the dowager empress, insisting on the deposition of the emperor and the enthronement of Pu Chun, formerly the heir apparent, and that otherwise they will make the provinces of Shen Si and Kan Su a separate kingdom, with Sian Fu as the capital.

SALT TRUST BROKEN UP. "In November, 1902, the attorney-general directed that a bill for an injunction be filed in the United States circuit court at San Francisco against the Federal Salt company—a corporation which had been organized under the laws of an Eastern state, but had its main office and principal place of business in California—and against a number of other companies and persons constituting what was known as the salt trust. These injunctions were to restrain the execution of certain contracts between the Federal Salt company and the other defendants, by which the latter agreed not to purchase salt from the Federal Salt company.

MINISTER BOWEN REFUSES.

Vetoes Proposition to Shift Cost of Blockade Onto Venezuela.

Washington, April 3.—A joint conference between Minister Bowen and the representatives of the allies was held today. Mr. Bowen presented his reply to the amendments which the allies proposed to the original draft of the protocol, informing the negotiators that under no circumstances would he accept the insertion of a new article providing that Venezuela pay the costs of the blockade in case the decision at The Hague be adverse to preferential treatment. His refusal on this point was absolute.

It was agreed that Bowen's objections and arguments should be called at once to London, Berlin and Rome. The original protocols provided for the submission of the simple question whether the powers that employ force to secure the payment of international debts are entitled to payment before other creditor powers which do not employ force. It is feared the new proposition will arouse a storm of opposition in Venezuela, where the congress is already becoming very restive and can scarcely be kept in line by the executive to secure the execution of the protocols drawn here by Mr. Bowen.

HOLDS OUT HOPE TO IRELAND.

Mr. Wyndham, Irish Secretary, Makes Notable and Significant Speech.

London, April 3.—At a speech at Manchester tonight Mr. Wyndham, chief secretary for Ireland, said that Ireland had not enjoyed the opportunity at the disposal of other parts of the empire, partly because in 1881 parliament, instead of giving her justice, gave her litigation. Furthermore, the last fifty or sixty years, the age of steam and coal, had not been happy or profitable for Ireland, a country lacking in mineral wealth.

OFFERED PROSECUTOR A BRIBE.

Gotham Attorney Interested in the Flower Case Nearly Trapped.

New York, April 3.—Lawyer George Edward Mills, business partner of the son of Dr. Richard C. Flower, has been arrested on the charge of attempting to bribe Assistant District Attorney Garvan, who is prosecutor in the case against Dr. Flower. It is alleged that he offered Garvan \$1,750 for the five original indictments against Flower. Mills was held in \$5,000 bail. According to a statement from the district attorney's office, Detective Brindley today met Mills at a restaurant. Mills, it is alleged, there gave him \$1,500, saying the money was to be given to Garvan; also \$250 for Brindley personally, saying to him that he (Mills) had \$250 more which he would keep for himself. Brindley then delivered to Mills the five original indictments against Flower, which the district attorney had procured for that purpose with the permission of the court.

TRAIN HITS ROCK; FIREMAN DEAD.

Northfield, Vt., April 3.—A Central Vermont northbound passenger train ran into a mass of rock which had fallen on the track, near here today. The locomotive and three cars plunged over a forty-foot embankment. Fireman O'Neil was killed, but none of the passengers or other trainmen were injured beyond slight bruises.

MINNESOTA WINS MEET.

Minneapolis, April 3.—Minnesota carried off the honors and individual gymnastic championship at the Western Intercollegiate meet tonight. Teams from Wisconsin, Chicago, Grinnell and Minnesota were entered. Minnesota won by 37 points. Wisconsin was second with 13, Grinnell following with 12 and Chicago with but one point.

YANKEE GUNNERS BREAK RECORD.

Pensacola, Fla., April 3.—The world's record for accuracy was lowered today by the gunners of the battleship Indiana. The Indiana turret guns made twelve hits out of twelve shots, the range being five miles. The previous record was fourteen out of sixteen.

BAND OF LADRONES IS ROUTED.

Manila, April 3.—A force of troops and constabulary, commanded by Captain Perry, overtook and routed on the shore of Lake Mainit, on March 31, a band of convicts and ladrones, who recently attacked and for a time held possession of Surigao, island of Mindanao.

JENKINS AGAIN CHAMPION.

CONTRACT AWARDED. COMES IN SEARCH OF MINERS.

Old Haas Brewery Building to be Rebuilt for Laundry Purposes.  
The contract for the remodeling of the old brewery structure on Montezuma street, Houghton, has been awarded the Northern Construction company by the A. Haas Brewing company. Needham Bros. laundry will again occupy the building. Architect H. T. Liebert of Hancock prepared plans suitable for a laundry and Needham Bros. will have even more convenient and comfortable quarters than they had previous to the fire which gutted the structure and wiped out their plant. George Brand of Houghton has the contract to clear away the burned debris. He is well along with the work and building operations may be started in a few days. The work will be hustled. The heavy stone walls will be used again. The front portion of the structure only will be modeled for the laundry. Needham Bros. will have the entire three floors.

**New Harrington Block.**  
Contractors are about to figure on the new Harrington business block to go up on the site of the burned structure at the corner of Sheldon and Huron streets, Houghton. The plans have just been completed by Architects Shand & Easton of Calumet. It will be a two-story solid brick building, fifty by sixty feet in size, with a pressed brick front, sandstone piers for the first story, and sandstone trimmings. The interior finish will be in oak. All modern improvements will be supplied, such as steam heat, electric lights, and open plumbing. The contract will be let in a few days. The debris from the fire has been cleared away preparatory to building operations.

**MUST PAY OR LOSE WATER.**

At its regular meeting Thursday evening the Houghton council passed a resolution to the effect that all consumers of water who have been delinquent in settling their accounts with W. J. Brand, the village water collector, will have to pay up by April 13 or the water will be turned off at their homes or places of business. The number of delinquents is small, but the council is determined that the village shall get what is due it and that all shall be treated alike. Mr. Brand reports the water collections for the months of February and March at \$1,022.25.

**LARGE HOUSE ASSURED.**

Judging from the number of seats taken for "The Christian," which will be presented at the Korrage theater, Hancock, this evening, the play will be presented to a good-sized house. The attraction comes heralded as an especially good one. The company embraces upwards of forty people. The play is intensely interesting. It is a strong acting piece and is thoroughly well acted.

**ROBBED THE GRAVE.**

A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at Stafford Drug Co., drug store.

**NEW DEPOT RUMOR REVIVES.**

It is again persistently rumored at Houghton that the South Shore road will build a new passenger depot this spring. It is even said that while the new depot is in course of construction the present building will be removed to the vacant lot just across the tracks. The present site is desirable in every way. A new depot will be welcomed.

**MINING NEWS**

COPPER GLANCE.

Stockholders of the Copper Glance Mining company of Arizona are in receipt of a report, issued by the officers, viewing the operations during the fiscal year just closed. There is much of encouragement in the statement and the stockholders generally are pleased with it. In great part, the report is as follows: "At the close of the fiscal year, the company takes pleasure in announcing to the stockholders, that it is in a prosperous condition, and has grown in favor with the investing public, who have learned from different sources that the prospects of this company are most flattering and that it is being managed in an honest, practical and economical manner. "Every possible effort is being made to develop this property as rapidly as possible, and to make of it a producing mine, which, from the present outlook, would seem inevitable. "A year ago this company was the only one that was developing its properties in the Glance district, while today several strong companies have taken up active development work all around us, which goes to show that the mining world thinks of this district and their faith is evidenced by their willingness to spend large amounts in the development of this promising section. "During the past year the company has had no trouble in raising sufficient capital to carry on the work upon a large scale, in fact the subscription to stock offered for this purpose was so great that the sale was discontinued on Oct. 15, 1902, and no more has been sold since that date. We take pleasure in stating that some of the stockholders, who have visited this property during the year, have voluntarily offered to advance funds at any time, as a loan, when needed for development work; however, such recourse we feel positive will never have to be accepted. "All late developments in the Bisbee district prove beyond a doubt that the ore bodies of this section run to the southeast, toward this property, and ground situated several miles southeast of Bisbee which a year ago was considered more or less doubtful as to its value for copper ore, today has some of the largest and richest deposits of copper ore that have ever been discovered. The great showings of copper croppings together with the formations that are found upon the properties of this company are the main reasons why it is thought that, with proper development a large copper mine will be made on this property. "During the year a large amount of money has been spent in development. The two-compartment shaft has attained a depth of 505 feet, and would have been much deeper, but for the fact that water was encountered at 505 feet and proved to be of such volume that sinking was necessarily discontinued until a pumping plant could be installed to handle the flow of water. While the water has caused a cessation of work in sinking pending the arrival of the pumps, still the management was delighted at this sudden appearance of the water, for it means that a change of formation has been encountered and will also enable the installation of steam power. "A first class pumping plant has been ordered, including two 150 horse power pumps, a sinking pump and a station pump, which will pump 150 gallons per minute and raise same to a height of 800 feet. A station in the shaft is now being made for this pump and reservoir and grading for the boilers is being carried on. As it takes considerable time to get equipment after it has been ordered, everything is being arranged so that the plant can be set up and put in working order as soon after its arrival as possible. "The next two hundred feet in depth in this shaft will be closely watched as it is known that the formation has changed, being much softer, and it is in the softer ground that the ore bodies of this district are found. A drift in this shaft at the 500-foot level is now being driven for exploitation to the south, and at present is in 110 feet. No. 4 shaft, which is on the south side of the property, is down 200 feet, following a perfect foot-wall, and a cross-cut in this shaft will probably be driven in the near future. The company is taking out patents for the entire property, which will be granted during the year, and a large saving in assessment work each year will be made, beside having the best title obtainable. "A twenty-two horse power gasoline engine has furnished power at the two compartment shaft and will be used until a steam hoist is erected, when the gasoline engine will be moved to some other shaft. Several houses have been built for the accommodation of the miners and a large boarding house and store have recently been built. The El Paso & Southwestern railroad has built a siding at Glance station, which is a great convenience to the company in handling freight. **BISBEE CONSOLIDATED.**  
Capital Stock 200,000 Shares. Par Value \$5 Per Share.

While at Bisbee I secured an option, for a limited time, on 75,000 shares of the treasury stock of the Bisbee Consolidated Copper company at \$1.00 per share, the par value of which is \$5.00. The Bisbee Consolidated was organized by ten of the leading mining and business men of Bisbee and it was their intention to equip and develop the mine themselves, which course they have so far pursued. However, they found that it takes considerable money, to develop and equip a copper mine on the scale the properties in that section are now being worked and so decided to sell a limited amount of the treasury stock. Considerable of that offered was placed at Bisbee at \$2 per share, but as more money was needed at once to buy heavy machinery the Board of Directors decided to give me a ninety-day option on 75,000 shares at \$1 per share, I demanding it at that price, that I might get my friends in on the ground floor (as well as myself, for I took 10,000 shares) and assuring them that I could place the balance of the stock within one-half the given time. The Bisbee Consolidated has but 200,000 shares, which are fully paid up and non-assessable. It has seventeen full claims situated next to the big Copper Glance, only nearer to Bisbee. I have thoroughly examined the property, and know the character, ability and standing of the men in control and unhesitatingly recommend the purchase of Bisbee Consolidated stock, as I "foot-worked" the ground from Bisbee to the Mexican border and saw nothing better than the Copper Glance or the Bisbee Consolidated. Feb. 18th.—I have just returned from the East, where I placed most of this stock, and anyone wanting stock must order it at once, as there is but little left and my option will soon expire.

Topeka, Kas., April 3.—The railroads are suffering serious inconvenience as a result of a heavy snow storm. The telegraph wires are demoralized. Wheat has been greatly helped.

CHINESE FAMINE SEVERE. Washington, April 3.—Consul General McWade, at Canton, China, cables the state department that the famine is increasing in Kwangsi province. He says starving parents are selling their children for small sums of money, and makes an appeal for charitable help. In view of the urgency of this matter and the difficulty in the transmission of relief funds by individual contributors, the state department announces it will receive and transmit contributions.

BIG ROW OVER PUTS AND CALLS.

Disruption of Chicago Board of Trade Threatened by Bitter Fight. Chicago, April 3.—As the result of a bitter fight in the Chicago Board of Trade over the question of "puts and calls," evidence has been laid before the grand jury tending to prove that several of the most prominent commission houses in the city have been guilty of "bucket shopping" and the jury has invited seven indictments. No bills have been returned as yet, and this step will not be taken before tomorrow, when seven men will be called upon to give bonds for their appearance in court. Among the men against whom indictments have been voted are members of four of the leading and most wealthy commission houses of Chicago.

The dispute among the members of the board of trade regarding the question of "puts and calls" has reached such a stage where 900 members, constituting a majority, declare that unless they shall secure what they wish in the way of amendment to pending legislation they will force through the legislation such a bill as will close the doors of the board of trade. These 900 members are opposed to eight directors. The majority has drafted an amendment to a law passed in 1874 which makes it a crime to deal in grain for future delivery and which is still in effect. It thus prevents dealing in puts and calls, and the majority desires to deal in these. The amendment drafted is but little different from the original law. Only a few words are changed, and these made the intention of the trader, whether to deliver or receive grains contracted for, the pivot upon which conviction should be hinged.

This amendment was drafted without the knowledge of the directors. Immediately upon hearing of it, they drew up resolutions declaring against the measure. These they sent to Springfield, each representative receiving a copy. Ten out of the thirteen voted for these resolutions, but afterward two switched. When the board members heard of the resolutions, they drafted a protest against them and this was signed by nearly every member of the board. The brokers declare that unless they shall secure what they want they will work for a bill now before the senate intended to regulate the sale and barter of and prevent speculation in grain or other products, and declare that if this bill passes the doors of the board of trade will be closed and the brokers will go home.

WALL STREET STOCKS. New York, April 3.—There was another heavy selling movement in the stock market this morning, but it apparently overreached the mark, judging from the scramble by shorts to cover during the last hour, when the supply of stocks had become scarce. This led to a lively rally and a general recovery of prices to above last night's level. The rally was not well held, however, owing to evidence of renewed realizing and the satisfaction of the more urgent demand from shorts. As a result the closing

was easy and below the top level of the rally. An appreciable relaxation of the tension in the money market and confidence that the factors at work would bring still further relief next week were the dominant influences in the rally. The morning selling was primarily due to the bad influences of a violent break in Southern Pacific to 55 1/2, which aroused fears for the position of the pool. An apparently endless stream of liquidation in Pennsylvania was also turned into the market afresh, carrying the price to a new low level on the movement, at 135. The Friday requirements in the money market went up 3/4 at 7 1/2, the rate early in the day. The movement in Southern Pacific became feverish in the market, and in its rise to 60 1/2 there were several wide price changes.

In the early decline Amalgamated Copper weakened on the slump in the London copper market and a further offering down of the metal on the local metal exchange. Tennessee Coal was sold on a reduction in the price of pig iron by the Southern furnaces. Colorado Fuel extended its recent decline. The weakness of Sugar was attributed to the unsettled trade conditions. Confidence that the usual seasonal factors are at work for the replenishment of the local money market overshadows the influence of the probable immediate showing by the banks.

Closing prices of stocks are reported by Paine, Webber & Co. as follows: Wabash Pfd. 46 1/2, Mo Pacific 107, N. Y. Central 132, Manhattan 135 1/2, Southern Ry 31 1/2, Southern Pac 55, Sugar 122, Reading 38 1/2, Rock Island 44, Metropolitan 34 1/2, St. Paul 122 1/2, B & O 90 1/2, Rubber 68 1/2, T. Chicago Grain Markets. Chicago, April 3.—The failure of the Liverpool market to respond to the ad-

vice here yesterday, together with liberal Argentine shipments, created an easier tone in wheat at the start today and May was unchanged to 3/4 @ 1/2 lower, at 73 1/2 to 74 1/2. After a few sales at the lower figures there was a quick rally, due to bullish foreign advices, reports from France saying the weather had done considerable damage in some parts of the country. Under this influence May sold up to 74 1/2, but the advance failed to hold, heavy realizing sales bringing about a reaction. May declined to 73 1/2. A fair export demand late in the day caused a better feeling in the pit, but the final figures on May were off 3/4 @ 1/2, at 73 1/2 @ 3/4. July closed 1/4 @ 1/2 lower. Liverpool was 1/4 lower to 1/2 higher. At the seaboard, twenty-eight boatloads were accepted. Corn ruled moderately active, with May liquidation again the principal feature, the discount under July widening to a full one cent. September, on the contrary, was strong, under a better general demand, and closed a shade higher. July lost 1/4 and May declined 1/4 @ 1/2. The weather was rather against the movement, but this feature was offset by the vessel strike, which continues against the price, and the decline in wheat. The cables were indifferent. Liverpool was 1/2 lower to 1/4 higher. On the coast twenty-nine boatloads were taken. May opened at 43 1/2 @ 1/4; highest, 43 1/2; lowest, 42 3/4; closing, 43.

Oats closed at a loss of 1/4 @ 1/2 on the active futures, although they sold 1/4 @ 1/2 higher at the start. The break from the top point was 3/4 @ 1/2. It was made despite stormy weather which may delay seeding. Selling of May and July, mainly the latter, by the leading "long" and the poor cash demand had a depressing effect. The shipping business was restricted by the strike of lake freemen. The country acceptances were moderate. May opened at 34; highest, 34 1/2 @ 1/4; lowest, 33 1/2; closing, 33 3/4 @ 1/4.

INTENSE INTEREST CREATED.

The Manoeuvres and Generalship of Captain Rexall and Her Little Army Create the Most Unique Series of Advertisements Ever Produced.

The people have been taken by surprise, and during the past week, if curiosity could kill, not less than two-thirds of the people of Marquette would have departed this world.

There has never been any question in the minds of the people of Marquette regarding the enterprise of the firm, the Stafford Drug Co. Their enthusiasm in carrying out successfully any project to which they enter is characteristic, and certainly the advertising of this prominent firm of druggists during the past weeks has aroused unbounded curiosity. Even the newspaper publishers admit that this feeling of curiosity has been responsible for increased sales of their papers.

On the appearance of the first advertisement, last Monday, one immediately took on a feeling of anticipation, believing that there was something out of the ordinary about to happen in the advertising field. Friday the series of five advertisements spelling out of the name Rexall was completed, and only after five days of waiting, was curiosity satisfied.

It seems that Rexall is a name under which will be manufactured a line of medicines—a special and separate remedy for each human ailment. Each preparation will be made from a formula that specialists of highest standing in their particular line of practice have demonstrated to be most efficient. There are few who take interest in advertisements that realize what time, brains and money such a plan of advertising costs. The average reader thinks an advertisement good or bad, as it strikes him, but he should go back to the beginning before he criticizes. Take, for example, this Rexall advertising; there is no evidence here of haphazard work. The whole scheme must have been evolved by hard thought, and probably required months to perfect the idea. Each advertisement is one of a series, and each ad. must fit in consecutive order to form part of the complete whole.

To work out such a plan, it is necessary to have artists, and good ones at that. DR. HOLMES ONCE SAID: "It is better to be young at 60 than old at 25." A good way to be young at 60 is to receive an Endowment taken at 25. Other ages just the same. It is a question of doing it now, 54th year, and doing business in 25 States. Nat'l Life Ins. Co. of Vt. (Mutual). Organized 1852. M. W. Marshall, Gen. Mgr., Marquette, Mich.

Paine's Celery Compound

Has Kept Him Vigorous, Strong, and Happy.

We are now in the season of dangers and perils, and the tens of thousands of ailing and half-dead people should be brought to realize that they are standing on dangerous ground. This is especially true of men and women advanced in years.

The spring season, with rapid changes from warmth to frost, from clear, dry weather to chilling rains and piercing winds, is the time when aged men and

LARKIN D. MASON.

women suffer most; it is the time when weakness, nervousness, insomnia, rheumatism, neuralgia, and digestive troubles are most common. At this time the fact cannot be too strongly impressed upon aged people and those who care for them, that Paine's Celery Compound is what they need to renew their physical and mental powers. This great medicine enriches the poor and watery blood, braces the nerves, gives vitality, energy, restful sleep, and healthy appetite. Let us all endeavor at this time to make the dear old people in our homes happy, vigorous and contented. We can do the blessed work by giving them Paine's Celery Compound. Hon. L. D. Mason, aged 92 years, writes as follows after a long experience with Paine's Celery Compound:

"When I reached 80 years of age, I found my digestion growing feeble and my kidneys inactive. Although my store was well supplied with medicines, I had nothing that could meet my case. My grandson from Boston brought me a bottle of Paine's Celery Compound, and it helped me. I made further experiments, and the result was, for the last seven years I have taken Paine's Celery Compound regularly, and now at the age of 92, I am smart and active. My son is selling Paine's Celery Compound in our store, and those who buy it praise it highly."

TRUSTS NOW CURBED

(Continued from Page One.)

import, buy, or sell salt, except from and to the Federal Salt company, and not to engage or assist in the production of salt west of the Mississippi river during the continuance of such contracts. As the result of these agreements the price of salt had been advanced about four hundred per cent. A temporary injunction order was obtained, which the defendants asked the court to modify on the ground that the anti-trust law had no application to contracts for purchases and sales within a state. The circuit court overruled this contention and sustained the government's position. This practically concluded the case, and it is understood that in consequence the Federal Salt company is about to be dissolved and that no further contest will be made.

New Laws Meet the Problem.

"The above is a brief outline of the most important steps, legislative and administrative, taken during the past eighteen months in the direction of solving, so far as at present it seems practicable by national legislation or administration to solve, what we call the trust problem. They represent a sum of very substantial achievement. They represent a successful effort to devise and apply real remedies; an effort which so far succeeded because it was made not only with resolute purpose and determination, but also in a spirit of common sense and justice, as far removed as possible from rancor, hysteria, and unworthy demagogic appeal. In the same spirit the laws will continue to be enforced. Not only is the legislation recently enacted effective, but in my judgment it was impracticable to attempt anything of value to be expected from ceaseless agitation for radical and extreme legislation. The people may wisely and with confidence, await the results which are reasonably to be expected from the impartial enforcement of the laws which have recently been placed upon the statute books. Legislation of a general and indiscriminate character would be sure to fail, either because it would involve all interests in a common ruin, or because it would not really reach any evil. We have endeavored to provide a discriminating adaptation of the remedy to the real mischief.

Tariff "Remedy" Ridiculous.

"Many of the alleged remedies advocated are of the unpleasantly drastic type which seeks to destroy the disease by killing the patient. Others are so obviously futile that it is somewhat difficult to treat them seriously or as being advanced in good faith. High among the latter I place the efforts to reach the trust question by means of the tariff. You can, of course, put an end to the prosperity of the trusts by putting an end to the prosperity of the nation; but the price for such action seems high. The alternative is to do exactly what has been done during the life of the congress which has just closed—that is, to endeavor, not to destroy corporations, but to regulate them with a view of doing away with whatever is of evil in them and of making them subservient to the public use. The law is not to be administered in the interest of the poor man as such, nor yet in the interest of the rich man as such, but in the interest of the law-abiding man, rich or poor."

SUNDAY AT THE CHURCHES.

St. Paul's cathedral—Palm Sunday: Holy communion (plain), at 7:30 a. m.; holy communion (rich), at 10:30 a. m.; Sunday school at 12 m.; evensong at 7:30 p. m.; subject of instruction, "The Reformation of the English Church from Henry VIII to Queen Elizabeth."

Methodist—The pastor, Rev. E. A. Elliott, will conduct services, morning and evening, at the usual hours. The subject in the evening will be "Abraham Lincoln," the address being the second of the series on "Six Great Men." The public generally is invited.

Presbyterian—Preaching by the pastor morning and evening. At 10:30 a. m. the subject will be "The Day of Psalms"; at 7:30 p. m., "Indifference."

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get this reliable remedy at Stafford Drug Co. Price 25c and 75c.

AT THE THEATER.

"The Man from Sweden Tonight"—"The Christian" on the 7th.

The engagement of Knute Erickson here this evening in Charles Newman's "The Man from Sweden" should prove a big magnet to all classes of playgoers. There is said to be much laughter in the piece, together with situations of striking dramatic power. The leading role, that of a Swedish emigrant, ex-

sayed by Mr. Knute Erickson, is a sympathetic and interesting one and everywhere this delightful comedy has been presented he has scored an immense hit. He will be supported by a well balanced cast, among whom are Hector Dion, Charles Miles, Fred L. Powers, W. S. Cetti, Mark Thomson, Harry Ledy, Fred Beichert, William Wallace, the Novelty Comedy Four, Marie Stars, Lillian Maynard, Sophie Howell and Little Beatrice.

Lieber & Co.'s big company will present Hall Caine's great play, "The Christian," at the opera house Tuesday evening.

Its theme is a natural story of human love, heightened to an ideal by the sincerity and nobility of purpose of one man (John Storm), associated by a strong character, loving hearted woman (Glory Quale), a minor strain of sadness wrought by the perfidy of a moral degenerate (Lord Robert Ure) on an ignorant, though true and loving-hearted girl (Polly).

The play is natural in suggestion, action and appearance, and like the book from which it was dramatized, there is much to interest the students of human motive governing the laws of every-day life.

"The Christian" is presented in a prologue and four acts. The scene of the prologue is laid in the sitting ground in the ruins of Peil Castle, Isle of Man, brightened by the romantic atmosphere of that quaint little Manx island. Two years pass. The first act of the play takes place in the saloon of the Colosseum Music Hall in London, where Glory Quale has made her debut as a singer; the second act is in the club rooms of St. Mary Magdalene's church, Soho, where John Storm has become a worker in the slums of the East End of London; the third is in Glory Quale's apartments in the Garden House, Clement's Inn, London, and the fourth is in the club rooms of John Storm's church.

His Visit at the Badger Capital.

Madison, Wis., April 3.—The special train carrying President Roosevelt and party arrived here at 4 o'clock this morning. The president remained on the train until 9 o'clock, when he was met by a party of state, legislative and city officials, headed by Governor LaFollette and Mayor Groves. He was escorted to the Capitol, where he addressed the legislature in joint session and about seven hundred invited guests. The program was completed. When the president arose it seemed to be the signal for a general departure of the guests and the program proceeded no further. The presidential party left for La Crosse and Minneapolis shortly after midnight.

#### JOHNSON OUT OF THE RACE.

He Withdraws as the People's Party Nominee for Mayor.

Eric Johnson, who was nominated for mayor on the People's ticket, has withdrawn, the announcement of his decision not to make the run was made yesterday, and it created considerable of a stir. Just who will be selected to take his place on the ticket had not been made known last evening. The chairman and secretary of the party were authorized by the convention to fill any vacancies that may occur—and there are now a great number—and it is expected that they will announce their choice, if any, today.

Axel Holter, the People's nominee for constable in the Third ward, is also out of the race, having yesterday likewise announced his withdrawal. In this connection it may be stated that all nominees pulling off the ticket must make their decision known direct to the board of election commissioners, as otherwise their names will appear on the official ballot whether they wish it or not.

Today Registration Day, and it behooves all voters whose names are not now on the rolls to get around and have them recorded if they wish to exercise their right of suffrage in next Monday's election. The places at which the various boards will be in session in the different wards have heretofore been announced in these columns and are well known to the electors at large.

### Good Advice From Noted Michigan Editor

Col. C. V. DeLand, of the Jackson Citizen.

The prominent citizens of Michigan, the pioneers who have seen the marvelous change of wood and prairie to cultivated farms and thriving manufacturing cities, all know of Dr. Colwell's Magic Egyptian Oil, for many of them have had it setting 'round the house handy since childhood.

Col. C. V. DeLand, Well-Known Editor and Politician of Jackson, Mich.

Col. DeLand has resided in Michigan over 20 years and is well known as a newspaper man, a politician, farmer and soldier; he having served during the civil war from 1861 to 1865, and in all grades, as a private, captain, colonel of the 1st Michigan Sharpshooters, and as brevet brigadier-general. He is 72 years old and is hale and hearty, and attributes much of his vitality and health to the constant presence and use of Magic Egyptian Oil. He says:

"Having used Dr. Colwell's Magic Egyptian Oil for 15 years, it gives me great pleasure to testify to its superior merits as a valuable medicine. I have used it for cuts, burns, scalds and bruises, and as an internal remedy for pains, colic and sciatica with success. It is equally useful for curing galls and sores upon stock and is almost invaluable as a household and farmer's remedy for numerous troubles. It is a very valuable preparation for any person to have on hand in many cases of sudden illness or emergency."

Charles V. DeLand, Jackson, Mich.

Dr. Colwell's Magic Egyptian Oil is for sale by all druggists at 25 cents and everyone should have a bottle setting around the house handy, in case of emergency, for it cures all pains and bruises, sores and aches of the body, limbs or head, and remember, every druggist is authorized to refund the money on any bottle of Dr. Colwell's Magic Egyptian Oil that does not prove entirely satisfactory.

#### SWEDISH SINGERS MAKE A HIT.

The Swedish Ladies' quintet scored a hit at the opera house last evening. A large-sized audience was in attendance, and the pleasure it felt in the entertainment was made manifest by numerous calls for encores. The concert will be repeated at the opera house Sunday evening, with an entire change of program. Many of the numbers will consist of "folk songs" of the singers' native land, and it is expected that Scandinavians especially will be interested in the entertainment.

#### AT THE OPERA HOUSE TONIGHT.

"The Man in the Iron Mask" will be the attraction at the opera house this evening. The seat sale has been very fair and a good-sized attendance is assured. The troupe comes well heralded. It possesses a number of very good actors who are said to do full justice to their roles. The play is a strong one; it is one of Dumas' best, and is replete with thrilling climaxes. This will be its first presentation in Ishpeming. In the copper country the past few days, it gave good satisfaction.

#### OFF FOR ENGLAND TODAY.

Rev. S. Polkinghorn, pastor of the Methodist church, leaves Ishpeming today, accompanied by his wife and daughter, for Boston. From that port they will sail on the 7th for England, where two months or more will be spent. Mr. Polkinghorn having been granted an extended leave of absence.

#### BISHOP WILL PRESIDE.

Tomorrow—Palm Sunday—will be made especially notable at Grace Episcopal church by the presence of Bishop G. Mott Williams. He will confirm a large class in the morning at 10:30 and in the evening, at 7:15 o'clock, will again be in charge of the services. Special music has been arranged.

#### LUNDIN GETS JUDGMENT.

The suit of August Lundin against N. M. Nelson was tried yesterday before Justice Gunderson. It resulted in a verdict for the plaintiff of \$95.50 and costs. The litigation involved a transaction in stocks, the facts of which have hitherto been published.

# "Saved My Life."

"Lydia E. Pinkham's Vegetable Compound cured me when all else had failed. I suffered a long time with female troubles."  
 "Mrs. Pinkham's advice and medicine saved me from a surgical operation. Doctors said an operation was necessary."

Thousands upon thousands of women throughout this country are not only expressing such sentiments as the above to their friends, but are writing letters of gratitude containing just such expressions to Mrs. Pinkham until she has more than a million from women in all classes of society who have been restored to health by her advice and medicine after all other means had failed.

Women should remember that it is Lydia E. Pinkham's Vegetable Compound that is performing such remarkable cures, assisted by Mrs. Pinkham's advice.

If you are asked by a druggist to take something else, demand the medicine which you know is best—the medicine which has made the greatest number of cures—the medicine whose record is unequalled by any other medicine, exclusively for women, in the world.

### GRIFFEY IS OUT.

He Has Announced His Permanent Retirement from the Iron Herald.

In yesterday's issue of the Negaunee Iron Herald, C. C. Griffey announced, over his own signature, his permanent retirement from the editorship and partial ownership of the paper. He says in part: "With this issue of the Iron Herald my connection with it for a period of nearly thirty years ceases. It was established in 1873 as a means of making a living for those who might be connected with it. This mission or purpose it has subserved very well as the affairs of weekly newspapers in country towns go. In putting aside the work of all these years there is of course the common regret of breaking an association so long and constant, during which friendships have been formed that may likely abide during the remaining years of my life. I trust that my retirement from the paper will not be confounded with an intention to retire from the town, for here, so far as present plans are concerned, will be the family home and place of citizenship; and here are the ties of kin and mostly all that makes life worth the living. In spite of all differences of opinion expressed through the columns of the paper from time to time with those of other citizens, I bear naught of malice from the foremost to the humblest, and have only to pronounce as the parting and speeding word, that I have respect for every last one."

In closing, Mr. Griffey refers to his successor, Fred Dougherty, and gives a short account of his career. Mr. Dougherty came to Negaunee from Escanaba in 1878 and remained here continuously till June 1890, when he took a position as reporter on the Evening Wisconsin, advancing to telegraph editor and from that to city editor, the position that he held up to the time of his resignation. For four years, from '86 to '90, he was the local representative of The Mining Journal, receiving his first training in the newspaper business while acting in that capacity.

Mr. Dougherty assumes Mr. Griffey's place as managing editor and partner of T. J. Flynn and J. A. Goodman. The three will be associated under the title of the Negaunee Printing Company.

### SETTLEMENT OF THE WAR.

After three weeks' negotiations a peaceful settlement of the Venezuelan controversy has been effected, by which the blockade is to be raised at once and property taken from Venezuela to be returned to her. It is always best if such disturbances can be settled in this manner. The best way to settle any disturbances of the stomach is to take a dose of Hostetter's Stomach Bitters at the very first symptom. It has a toning and stimulating effect upon the entire system, assisting the different organs in the proper performance of their duties. Good health is the result. It also cures headache, nausea, belching, loss of appetite, indigestion, dyspepsia, la grippe, and malaria, fever and ague. Try a bottle and see for yourself. Your druggist will supply you with the genuine.

My French tailored hats surpass anything of other seasons. Call and see them. (4-4-31) MRS. M. E. ARLAND.

### GOOD FOR CHILDREN

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of Cough, Croup and LaGrippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-sustaining oxygen to the blood and tissues. H. Harwood, Ishpeming, Stafford Drug Co., Marquette.

### CATARRH CURED BY DRY AIR.

Hymel Medicates the Air You Breathe, Kills the Germs and Cures the Disease. Hymel cures catarrh thoroughly and permanently, because it reaches the smallest air cells in the head, throat and lungs, kills the germs causing the disease and drives it from the system. Hymel goes to the root of the disease, cures the cause, makes permanent cures which can be effected in no other way. Breathe it for a few minutes four times a day and benefit will be seen at once. Continue this treatment for a few weeks and Hymel will have cured you.

The Hymel in the chamber furnished with the outfit dries and sterilizes the air you breathe. It is a local and direct treatment for all catarrhs in the mucous membrane and tissues and in this way cures catarrh in any part of the system. Used in connection with Hymel Balm it has been successful in curing the worst and most deep-seated cases of catarrhal deafness. "I have spent a fortune on different treatments for catarrh and could not hear across the table. After using Hymel and Hymel Balm for eight days I can hear as well as ever."

Stronger than any claim that can be made in an advertisement, is the fact that the Stafford Drug Co. will give their personal attention to all cases of Hymel. They will refund the money if the purchaser can say that Hymel has not given satisfaction.

### CONDEMNNS WATER SUPPLY.

Health Officer Says It Is Unfit for Use a Great Part of the Time.

Dr. J. H. Hulston, the city health officer, submitted his annual report to the council Thursday night. The report shows that there were sixty-seven cases of typhoid fever; that ten deaths resulted from the disease, and in closing Dr. Hulston says: "You will notice the large amount of typhoid fever this year; also that Negaunee always has more of these cases by 50 per cent. than any other city in the county regardless of population. This in my opinion is due to the failure in enforcing the law requiring people to connect with sewers, also failure to provide means of taking care of garbage."

"I also consider our water supply unfit for use at least a great part of the time." There were ten cases of tuberculosis and three deaths, sixty cases of scarlet fever and three deaths, eighty-two cases of diphtheria and five deaths. Whooping cough and measles caused eight and seven cases of sickness, respectively, but neither resulted in any deaths.

The report of the clerk of the electric light plant for the month showed receipts of \$742.99, and expenses of \$553.96.

Thomas A. Rogkwell, president of the Negaunee Gas Co., gave formal notice of his acceptance of the gas franchise.

Alderman Heggot introduced a resolution, which the council adopted, forbidding any one from shooting across or about Teal Lake. Signs will be placed in the vicinity of the lake conveying the warning.

Mayor Houle informed the council that he had caused a Bell telephone to be placed in No. 1 hose house.

### LOOK THE FACT IN THE FACE.

The progress of a bad cold toward galloping consumption may be terribly sudden. Don't let this ugly fact frighten you, but when you begin to cough take Allen's Lung Balm, that stops the cough by curing the cold. Preparations containing opium, merely quiet the cough for a time. There is no narcotic drug in Allen's Lung Balm. Sold by all druggists.

## MISS FAY LEE,

President of the Shakespearean Club, Kansas City.

"Your booklet came to my home like a message of health when I had suffered with headache, backache and bearing-down pains. I was nervous and hysterical and had not consulted any doctor, thinking it would pass away in time, but instead I found that the pains increased and were more frequent. I decided to try Wine of Cardui and in a short time was much improved. It seemed to act like a charm. I kept up the treatment and the result was most satisfactory. Words fail to express my gratitude for the suffering that is now saved me. I am in fine health, physically and mentally. I can only say 'thank you,' but there is much more in my heart for you."

nervous tension. The nerves soon begin to give way under the strain. You perhaps jump at any unusual disturbance, or laugh or weep, hysterically, as no apparent cause. That is what Miss Fay Lee, 603 1/2 North Seventh Street, Kansas City, Kansas, was coming to when she rescued herself by taking Wine of Cardui. The Wine made her a strong, healthy woman again, as it has made a million other women strong and healthy. By inducing regular menstruation the entire system is relieved of the terrible wasting drains. The ligaments which hold the womb in place are strengthened by a healthy flow and that organ is returned to its normal position. Returning health is the result. This is what Wine of Cardui has done for thousands of the best women in America.

**B**EARING-DOWN pains are the worst that women know. If you are suffering from this trouble you need not be uncertain about it. The pains in the abdomen and back that feel as if heavy weights were pulling down on the nerves of the stomach are "bearing-down pains". They may not be particularly severe at present but they are growing worse. That headache which nearly drives you distracted now is caused by the terrible

If you need advice write The Ladies' Advisory Department, The Chattanooga Medicine Company, Chattanooga, Tenn., describing all your symptoms freely, and a letter of advice will be sent you. Secure a \$1.00 bottle of Wine of Cardui from your druggist to-day.

## WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

### REGISTER TODAY.

All new voters or those who have changed their places of residence from one ward to another since the last election must register today if they care to vote on Monday. The places of registration in the various wards are as follows:

1st Ward—Mrs. John Tresidder's residence on west-side of Barn street.

2nd Ward—The City Hall.

3rd Ward—The residence of Charles Washburn on south side of Iron street.

4th Ward—The Finnish Temperance Hall on corner of Healy Ave. and Case street.

5th Ward—Fire Engine House No. 2.

Apathy was never more evident in a municipal campaign than at the present time. With only one ticket in the field the voters show only the faintest interest in the outcome of the election, the brief season of faint enthusiasm having subsided as soon as the convention named the Taxpayers' ticket.

## Nasal CATARRH

In all its stages there should be cleanliness. Ely's Cream Balm cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a gold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists; by mail, Trial Size, 10 cents by mail. ELY BROTHERS, 66 Warren Street, New York.

NEWSPAPER MEN TO VISIT MARQUETTE AND COPPERDOM.

HERE PROBABLY ON JUNE 25

PARTY WILL BE GIVEN OPPORTUNITY TO SEE OUR PENINSULA.

General Passenger Agent Hibbard Promises Michigan Association His Co-operation—Party Will Be a Big One.

In a letter just written to Mr. H. A. Hopkins, of St. Clair, Mich., secretary of the Michigan Press association, which will hold its annual summer meeting in the Soo this year, some time in the latter part of June, G. W. Hibbard, general passenger agent of the South Shore, assures the pen pushers that his road will be pleased to do all it can to co-operate in their entertainment on the northern peninsula, and he promises them suitable accommodations for an excursion trip from the Soo to Marquette and the copper country. Mr. Hibbard wrote in part:

"It is most unfortunate, but nevertheless true, that a large proportion of our state population located south of the Straits of Mackinac has a very vague idea of the upper peninsula. We are so often made to feel when coming in contact with those people that the territory beyond Mackinac is 'away north' that I believe that a great many of them are inspired with the idea that we are, as it were, on the fringe of the Arctic circle; consequently we feel the necessity of educational work of a missionary character, and none are so well qualified for that work as up-to-date newspaper men. Therefore I am confident that not only the upper peninsula press but our commercial organizations as well will very gladly join the railroad company in giving your people a good time, if they will only afford us the opportunity."

Mr. Hibbard informed Mr. Hopkins that as soon as the association had decided definitely as regards the dates of its meeting at the Soo, he would be pleased to arrange and submit an itinerary for a trip to Marquette and the copper country. This means that the entire party of newspaper men will visit this region, coming on from the Soo. Mr. Hibbard realizes the possibilities of the visit with much justice. Far beyond junkets and commercial excursions, the trip of the newspaper men will result in creating a bond of real interest between the two peninsulas. Mr. Hibbard is doubtless right in assuming that the various commercial and business organizations will be ready and willing to co-operate in the entertainment of the visitors.

### Details of Program.

According to advices from the association's headquarters, it is likely that the lower Michigan editors will leave Detroit on June 29, on a steamer of the D. & C. line, entirely given over to their party. They will be landed at St. Ignace, thence proceeding to the Soo, where they will spend two days, the visit at the Lock City constituting the real summer meeting, to which the excursion to Marquette and the copper country will be an afterthought.

At the Soo elaborate arrangements are already underway for the entertainment of the party. Not the least of the features of the program will be the Indian performance of Longfellow's "Hiawatha."

It is probable that the party will be in Marquette on the 25th, and it will not unlikely spend a whole day here. The 26th will be given over to a visit to the copper country. The party will return on the South Shore to Ishpeming, where it will take the Northwestern for Menominee, spending a day there. In the evening it will board a specially chartered Ann Arbor ferry boat for Frankfort, where it will spend Sun-

day at the Frontenac, the Ann Arbor's summer hotel at that point. From Frankfort the members of the party will separate and go to their homes.

There will be between 100 and 200 people in the party. The Lake Superior Press association is to meet at Houghton this year. It has been suggested that it might be arranged to have the upper peninsula newspaper men assemble on the day that the lower peninsula party is entertained in copperdom. If this plan is carried out the copper country will indeed see a big assemblage of pen pushers.

### SOME LITTLE ACTIVITY.

Politics, With Their Late Start, Beginning to Wake Up.

There was some little activity in politics yesterday, although it by no means reached the boiling point. The campaign really had its beginnings, and it will be in full swing today and tomorrow. Up to yesterday the whole election was shrouded in doubt, doubt as to whether it would be a walkaway for the Citizens' candidates, or there would be opposition from the People's ticket. This doubt was dispelled by Mr. Greene's unqualified acceptance, with the result that the lines began to be sharply drawn and work in preparation for Monday was initiated. To date there has been little done. There has been some little organization in Mr. Archambeau's behalf, but naturally it has not been of a very strenuous order, in view of the fact that for a number of days it appeared that his election was to be allowed to go by default. Mr. Greene's friends were busy yesterday making up for lost time and it was evident by nightfall that they had succeeded in a notable degree. The opposing tickets will start in on the two days' campaign with everything equal, as far as organization is concerned. Of course there was more or less political talk, much of it in fact. As usual the extreme partisans were claiming everything in sight, while the cooler heads were content with sizing up the situation without doing much talking.

Some of the ward contests are attracting no little attention. In the second, where Joe Fay and J. J. Donovan are being opposed by John Dwyer and Tom Morgan, and in the fourth, where Ernie Bush is opposed by Allen Cowden, it appears that the Citizens' candidates have the best of the situation. In the fifth Mr. Gray promises to run very well, with a fair chance of coming in ahead, and in the sixth it is heard a good deal of Holley talk, although Hartvig has a number of elements of strength.

### WILL BE INTERRED HERE.

The remains of James Connolly were expected to arrive here on the early train this morning from Ewen for interment in the local Catholic cemetery. Mr. Connolly's death occurred Wednesday at his Ewen home, after a brief illness with pneumonia. It was sudden and unexpected, and occasioned much grief to his family and the community, where he had resided many years. Mr. Connolly was a man of forty-two years, and he had a wide acquaintance of friends who held him in the highest esteem. He is survived by a wife and two children.

### A THOUGHTFUL MAN.

M. M. Austin of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c, at Stafford Drug Co.'s drug store.

### CITY BREVITIES.

Weather forecast: Generally fair; slightly warmer; brisk north winds, shifting to northwest and becoming high. Yesterday's temperature: 7 a. m., 27 degrees; noon, 26 degrees; 7 p. m., 24 degrees; maximum, 27 degrees; minimum, 24 degrees.

Will Brown is down from Duluth. Mrs. F. O. Clark and daughter, Miss Martha, left for Chicago last evening.

Miss Julia Verebeck left for Calumet yesterday for a brief visit with friends. Justice F. B. Trathan of Laurium is in the city, visiting John Stewart and wife.

Chase O. Youngs left for Florence, Wis., last evening to spend the Easter vacation.

Grabower's millinery opening will be announced later. The dates are April 9, 10 and 11.

C. W. Hall is to return to Marquette to take the management of Grabower's dry goods store.

The Marquette Millinery company's opening is announced for Monday, Tuesday and Wednesday of next week.

Miss Fannie Russell and Miss Gen Sherman left yesterday for Ann Arbor, where they will spend the Easter vacation.

Business has been so good at the Bee Hive that Proprietor Louis Getz has been obliged to secure an extra force of clerks.

C. G. Griffey, who has just sold his interest in the Negaunee Iron Herald and has retired as editor, was in the city yesterday.

Mr. and Mrs. Johnston of Manistique were up attending the funeral services of David P. Kimball, Mrs. Johnston being a daughter.

A carload of extra large newspaper is on the way, consigned to The Mining Journal. As soon as it arrives The Mining Journal will be permanently enlarged.

Principal Kienholz, of the high school, left yesterday for Elk River, Minn., where he was called on account of the death of his mother-in-law, Mrs. Kienholz has been at her mother's bedside for the past several weeks.

A message received from Mrs. Grace Blankley, at Ithaca, N. Y., yesterday, conveyed the information that her sister, Mrs. Stoddard, had died at 11 o'clock in the morning. The funeral will take place tomorrow afternoon. Mrs. Stoddard was very well known here. Her mother, Mrs. Beatley, formerly of Marquette, died but a week ago.

Marquette people are remarking on a strange coincidence. The homes of A. E. Archambeau and William H. Greene, the opposing candidates for mayor, are located opposite each other on Hewitt avenue, although the candidates live in different wards. Mr. Archambeau is in the Seventh and Mr. Greene is in the Sixth. The defeated candidate will be able to congratulate the victor by calling across the street.

The funeral services of David P. Kimball were held at the residence, 217 Bluff street, at 12:30 o'clock yesterday. The Rev. E. A. Elliott officiating. Immediately following the service, the cortege moved to the South Shore depot, the remains being taken to Fremont, Mich., for interment, on the 1:30 train. Members of the Albert Jackson post, G. A. R., acted as pall-bearers. The deceased is survived by his wife and five children.

### FROM AN AUCTIONEER.

Col. C. H. McDonald of Greenview, Ill., in a letter May 1st, 1901, says, "I am an auctioneer and being often exposed to the weather, am seriously troubled by my heart, becoming irritated and hoarseness following. When troubled in this way, I always use Hart's Honey and Horehound. It is the only remedy that has ever done me any good and it positively cures." Sold by the People's Drug Store.

For a clear skin, clear all the way through, transparent enough to let sunshine—rosy cheeks show through—take Rocky Mountain Tea this month, spring time. 35 cents. Stafford Drug Co.
