## A FRIEND

said recently: "I buy all my boy's clothes now with what I save on my own." He used to have all his clothes made-to-order, but now he has learned that a certain make of ready-to-wear garments will give him all that he can ask for in style and durability.

He always looks for this label,

THE STEIN-BLOCH CO.,  
Wholesale Tailors.

and when he finds it, he knows he is safe, and buys.

If you are not familiar with this make of clothes, come in and we will take pleasure in demonstrating their superiority over any other make of ready-to-wear garments, and show you how you can dress in the most modest or extreme style at small cost.

In HATS and HABERDASHERY, too, we can give you some money-saving hints.

## PRESIDENT HAS REST

SPENDS THE DAY IN COMPARATIVE  
QUIET AT SIOUX FALLS.

HE GOES TO CHURCH TWICE

WORSHIP IN EVENING DUE TO A  
MIX-UP BY COMMITTEE.

Tour Will Be Resumed at Nine Today—  
The Tariff the Topic of Important  
Speech Saturday—An Argument  
Against Radical Revision.

Sioux Falls, S. D., April 5.—President Roosevelt is the guest of Sioux Falls and will be until nine tomorrow morning. His special arrived at eight this morning and he was met by a delegation of prominent citizens. The president was escorted to the Cataract House by a detachment of the two militia companies here and enjoyed a day of comparative rest, the first he has had since his trip began.

Attends Church Twice.  
The president attended church both this morning and this evening, and in the afternoon went horseback riding accompanied by Seth Bullock, superintendent of the Black Hills forest reserves.

The fact that the president attended church twice today was due to a mistake on the part of the committee, which had the impression that the president was a member of the German Lutheran church and arranged to have him attend that church this morning. Later, when it was learned that the president worshipped at the Dutch Reform church, arrangements were made to have services held this evening at the Livingstone Reform church here. While it is not the custom of the president to attend services on Sunday evening, he consented to make an exception today when the facts were presented to him. The services this morning were conducted by the Rev. Herman Sell, president of the German-English college at Weldon, Ia., who came here for that purpose. The German language was used throughout.

Pickpocket Caught in the Act.  
A pickpocket was in the crowd in front of the Lutheran church this morning, and as the president was about to enter the edifice a man who gave the name of G. W. Earl abstracted \$25 from the pocket of A. Dockstader, a resident of this city. He was detected in the act, but before he could be seized had handed the money to a confederate who disappeared. Earl was arrested. Owing to the fact that both in Milwaukee and Minneapolis the length of the program did not permit the president to reach his car until after midnight, he has been obliged to announce that hereafter he will, in the evening, not begin speaking later than 8:30 o'clock and always will be back in his car by ten.

GIVEN CONTINUOUS OVATION.  
President's Reception at the Twin Cities  
the Greatest in Their History.

Minneapolis, April 5.—The biggest, most tremendous, most enthusiastic reception ever tendered any man in the Twin cities was that to President Roosevelt yesterday. From the time he arrived until his departure from Minneapolis at 11 o'clock for the West he was the recipient of a continuous ovation. His main speech was delivered before a great crowd at the Armory, and here he said:

"We are now in a condition of prosperity unparalleled not merely in our own history but in the history of any other nation. This prosperity is deep rooted and stands on a firm basis because it is due to the fact that the average American has in him the stuff out of which victors are made in the great industrial contests of the present day, just as in the great military contests of the past; and because he is now able to use and develop his qualities to best advantage under our well-established economic system. We are winning headship among the nations of the world because our people are able to keep their high average of individual citizenship and to show their mastery in the hard, complex, pushing life of the age. There will be fluctuations from time to time in our prosperity, but it will continue to grow just so long as we keep up this high average of individual citizenship and permit it to work out its own salvation under proper economic legislation.

Prosperity Won Under Tariff.  
"The present phenomenal prosperity has been won under a tariff which was made in accordance with certain fixed and definite principles, the most important of which is an avowed determination to protect the interests of the American producer, business man, wage-worker, and farmer alike. The general tariff policy, to which, without regard to changes in detail, I believe this country is irrevocably committed, is fundamentally based upon ample recognition of the difference between the cost of production—that is, the cost of labor—here and abroad, and of the need to see that our laws shall in no event afford advantage in our own market to foreign industries over American industries, to foreign capital over American capital, to foreign labor over our own labor. This country has and this country needs better-paid, better-educated, better-fed, and better-clothed workmen, of a higher type, than are to be found in any foreign country. It has and it needs a

higher, more vigorous, and more prosperous type of tillers of the soil than is possessed by any other country. The business men, the merchants and manufacturers, and the managers of the transportation interests show the same superiority when compared with men of their type abroad. The events of the last few years have shown how skillfully the leaders of American industry use in international business competition the mighty industrial weapons forged for them by the resources of our country, the wisdom of our laws, and the skill, the inventive genius, and the administrative capacity of our people.

Warns Against Radical Readjustment.  
"It is, of course, a mere truism to say that we want to use everything in our power to foster the welfare of our entire body politic. In other words, we need to treat the tariff as a business proposition, from the standpoint of the interests of the country as a whole, and not with reference to the temporary needs of any political party. It is almost unnecessary that our policy should be stable as that it should be wise. A nation like ours could not long stand the ruinous policy of readjusting its business to radical changes in the tariff at short intervals, especially when, as now, owing to the immense extent and variety of our products, the tariff schedules carry with them the interests of thousands of different articles. Sweeping and violent changes in such a tariff, touching so vitally the interests of all of us, embracing agriculture, labor, manufactures, and commerce, would be disastrous in any event, and they would be fatal to our present well-being if approached on the theory that the principle of the protective tariff was to be abandoned. The business world, that is, the entire American world, can not afford, if it has any regard for its own welfare, even to consider the advisability of abandoning the present system.

Important Considerations.  
"Yet, on the other hand, where the industrial conditions so frequently change, as with us must of necessity be the case, it is a matter of prime importance that we should be able from time to time to adapt our economic policy to the changing conditions. Our aim should be to preserve the policy of a protective tariff, in which the nation as a whole has acquiesced, and yet wherever and whenever necessary to change the duties in particular paragraphs or schedules as matters of legislative detail. If such change is demanded by the interests of the Nation as a whole.

Several bundles of letters were found addressed to Mrs. L. E. Wolfbauer, Baltimore, and to Mrs. Edward W. Wolfbauer, Washington, D. C. All of these were signed by Edward W. Wolfbauer and addressed the recipient as his wife. The woman's will, found among the letters, was dated Sioux Falls, S. D., March 2, 1903. This document leaves two houses and lots in Washington, D. C., to her daughter Dorothy.

Father an Army Captain.  
Baltimore, April 5.—Mrs. Louise Ames Weik was the daughter of Captain Edwin Ames, of the United States army. Fourteen years ago she was married here to Otto B. Weik of Indiana. Three years since they were divorced in Washington, D. C. After the divorce Mrs. Weik placed the prefix "Van" to the surname of her former husband. Her friends in this city are very reticent tonight, but it is understood that the body will be brought here for burial.

Granddaughter of Bishop Ames.  
Green Castle, Ind., April 5.—Mrs. Ames Van Weik, who committed suicide at Jersey City today, was a granddaughter of Bishop Ames of the Methodist Episcopal church, was president of her class at Depauw in 1888 and was prominent in Indiana society and in college Greek letter circles. Fourteen years ago she married Otto Weik, then a student at Depauw. Otto Weik is now a resident of St. Louis.

MISTAKEN FOR OFFICERS.  
"Cowboy Pianist" and Companion Slain  
by an Arizona Desperado.  
Kingman, Ariz., April 5.—News reached Kingman today of the killing of Charles Blakey, known as "the Cowboy Pianist," and Roy Winchester, a young miner, on a trail forty miles north of here, by James McKenney. Nothing definite is known of the cause of the killing, but it is thought that McKenney, who is wanted for the killing of William L. Wynn at Porterville, Cal., last July, mistook the men for officers and laid in wait for them on the trail. A sheriff's posse is now in pursuit of the murderer.

Wisconsin Man Slain by Stepson.  
Durand, Wis., April 5.—Carl Uhlig, aged forty-five, was shot and killed today by his stepson, Richard Hartwick, aged twenty. The shooting was the result of a family quarrel. Hartwick surrendered.

ONCE A NOTED PUGILIST.  
Tom Allen, ex-Champion of the World,  
Dies at St. Louis.  
St. Louis, April 5.—Tom Allen, retired heavyweight champion pugilist of the world, who for the past twenty-five years conducted a small saloon here, died today of general debility. He was born in Birmingham, Eng., April 23, 1839. Allen won his laurels in the days of bare fist fighting and was the only pugilist who lost the world's championship and regained and retired with it. He lost the championship to Jim Mason on May 10, 1870, and regained the title by defeating Mike McCool on Sept. 23, 1873.

M'GOVERN GETS A MATCH.  
Will Fight Benny Yanger of Chicago  
Some Time Next Month.  
Chicago, April 5.—Terry McGovern of Brooklyn and Benny Yanger of Chicago were matched here tonight, the fight to take place some time between May 15 and June 1 before the club offering the best inducements.

CONOVER IS DEAD.  
Masonic Grand Secretary of Michigan  
Expires at Ann Arbor.  
Ann Arbor, April 5.—Jefferson S. Conover, aged sixty-two, grand secretary of the Masonic lodge of Michigan, died here today.

## WOMAN ENDS LIFE

MRS. LOUISE AMES WEIK DIES  
IN A JERSEY CITY HOTEL.

DAUGHTER OF AN ARMY CAPTAIN

ONCE DIVORCED AND ABOUT TO  
BE FOR SECOND TIME.

Is Found Dead in Her Room, Sitting  
in a Chair Facing a Mirror, With Bul-  
let Wound in Heart and Re-  
volver Beside Her.

New York, April 5.—Louise Ames Van Weik killed herself in the Hotel Washington at Jersey City today. She was aged about thirty-five and was a handsome blond.

The woman arrived in Jersey City from the West on Friday and went to the Hotel Washington. She seemed in good spirits and was well supplied with money. She was last seen alive Saturday evening by one of the maids of the hotel.

Dies Facing a Mirror.  
Mrs. Van Weik was found in her room today, sitting in a rocking chair facing a mirror. She was dead. She wore a dressing gown, open at the throat. Apparently while sitting in front of the mirror, she had placed a revolver against her breast over her heart and fired. The revolver, containing four loaded shells and one empty shell, was found beside her.

Several bundles of letters were found addressed to Mrs. L. E. Wolfbauer, Baltimore, and to Mrs. Edward W. Wolfbauer, Washington, D. C. All of these were signed by Edward W. Wolfbauer and addressed the recipient as his wife. The woman's will, found among the letters, was dated Sioux Falls, S. D., March 2, 1903. This document leaves two houses and lots in Washington, D. C., to her daughter Dorothy.

Father an Army Captain.  
Baltimore, April 5.—Mrs. Louise Ames Weik was the daughter of Captain Edwin Ames, of the United States army. Fourteen years ago she was married here to Otto B. Weik of Indiana. Three years since they were divorced in Washington, D. C. After the divorce Mrs. Weik placed the prefix "Van" to the surname of her former husband. Her friends in this city are very reticent tonight, but it is understood that the body will be brought here for burial.

Granddaughter of Bishop Ames.  
Green Castle, Ind., April 5.—Mrs. Ames Van Weik, who committed suicide at Jersey City today, was a granddaughter of Bishop Ames of the Methodist Episcopal church, was president of her class at Depauw in 1888 and was prominent in Indiana society and in college Greek letter circles. Fourteen years ago she married Otto Weik, then a student at Depauw. Otto Weik is now a resident of St. Louis.

CONOVER IS DEAD.  
Masonic Grand Secretary of Michigan  
Expires at Ann Arbor.  
Ann Arbor, April 5.—Jefferson S. Conover, aged sixty-two, grand secretary of the Masonic lodge of Michigan, died here today.

## WARSHIPS ORDERED TO SAIL.

American Squadron in the Far East to  
Be Materially Increased.

Washington, April 5.—The United States naval representation in the Orient will be increased materially as soon as the vessels now under orders to proceed to those waters arrive there. The navy department in making this increase contemplates squadrons in Asiatic and Philippine waters under three general heads, namely, battleships, cruisers and small craft designed especially for service in small bodies of waters.

Excites Surprise in Peking.  
Peking, China, April 5.—The report received here that the action of the United States in increasing its Asiatic squadron is on account of the "alarming reports of the situation in China" excites surprise in Peking. Such reports were not sent by the United States or British legations, which possess good facilities for judging the situation in China.

The only disturbances considered serious are those in Kwang Si province, southern China, where a hundred thousand rebels are said to be under arms. The latest reports regarding General Tung Fuh Siang, the "Boxer" leader, and Prince Tuan, the exiled anti-foreigner, who are at the head of the insurgent forces in the northwestern province of Kansu, are reassuring. The government claims to have come to an understanding with them whereby they agree to refrain from hostilities. It is believed that the government is supplying them with funds on condition that they remain quiet.

The United States consul at Canton telegraphs that the famine in Kwang-Si province, resulting from the rebellion there, is serious. Thousands will die unless assistance is forthcoming.

SULTAN URGED TO ACT.  
Envoys of Powers Demand Suppression  
of Albanian Revolt.  
London, April 5.—There is little further development in the Balkan crisis since Saturday. The rumor of death of M. St. Clerbina, Russian consul at Mitrovitza, who was shot by an Albanian sentry, proves to have been premature, but the consul's condition is serious. It is reported that the Albanian soldier who shot him has been sentenced to fifteen years at hard labor.

According to a dispatch from Constantinople, the Austrian, Russian and British ambassadors have had audiences with the sultan on whom they impressed the necessity of suppressing the Albanian agitation. The sultan informed them that in the event of the failure of the pacificatory mission he had dispatched to Albania, he would take measures for the military occupation of the disturbed regions.

BEAR ON HANNA'S RELECTION.  
Municipal Elections in Ohio Today  
Watched With Much Interest.  
Cincinnati, April 5.—In the local elections throughout Ohio tomorrow, the mayors of all the larger cities are running for re-election and "Golden Rule" Jones of Toledo for the fourth time. M. E. Ingalls, in Cincinnati, and Tom Johnson, in Cleveland, are credited with being candidates this year for the Democratic nomination for governor, as well as for the mayoralty of their respective cities, and next year for the presidency.

The election tomorrow is also closely watched on account of its bearing on the re-election of Senator Hanna. The legislature selected next November elects Hanna's successor and control of the municipalities is considered important in the coming state election.

BAD RIOT IN CHICAGO.  
Motorman Pushes Car Through Italian  
Parade With Serious Results.  
Chicago, April 5.—Because he tried to force his car through a parade that was blocking traffic in Halsted street tonight, Motorman Zoran was shot and seriously wounded by one of the marchers. Nearly 1,000 Italians, who were in the parade, broke ranks as soon as the disturbance began and a riot followed in which switching irons, bricks and other missiles were used. In response to a riot call a score of policemen were on the scene in a few minutes, but before quiet could be restored several persons were severely injured. Two of the Italians, who, it is supposed, did the shooting, were arrested.

THREATENED ROOSEVELT.  
Redlands (Cal.) Man Arrested as a Mat-  
ter of Precaution.  
San Bernardino, Cal., April 5.—B. P. Brown of Redlands, who was arrested just before the last visit of President McKinley, under the instructions of Governor Clegg, who learned that he had made threats against the president, is again in jail, having been arrested at Redlands after having been overheard making threatening allusions to President Roosevelt. Ever since the president announced his intention of visiting the West, Brown has been closely watched and his arrest was decided upon as a measure of precaution. He is charged with vagrancy.

CONOVER IS DEAD.  
Masonic Grand Secretary of Michigan  
Expires at Ann Arbor.  
Ann Arbor, April 5.—Jefferson S. Conover, aged sixty-two, grand secretary of the Masonic lodge of Michigan, died here today.

THE STATE TICKET. It is incumbent upon all good Republicans to get out to the polls today and help pile up an oldtime majority for the Republican state ticket.

President James B. Angell, of the University of Michigan, delivered an address before the Alumni association at Detroit last week that merits more attention than it has yet received.

When a tough who dwells in Fayette, Mo., had accumulated a fighting load of alcohol the other evening he sallied forth to whip the city marshal, against whom he had a grievance.

Some progress has been made in settling controversies as to wages of employes on docks and vessels, an agreement with the ore shovelers at 14 cents per ton having been reached.

Mr. Bryan has promised to publish in the Commoner a list of democrats who would make good candidates for the presidency and good presidents if elected.

The papers which interpret what President Roosevelt had to say about boasting and blustering and about the duty incumbent on our public men to refer to all foreign nations with respect, as a rebuke to Admiral Dewey for his recent comment on the German navy.

Tables prepared by the treasury bureau of statistics show that the total international commerce of the world now amounts to about \$21,000,000,000, of which about \$10,000,000,000 is exports and \$11,000,000,000 imports.

GRIP REMEDIES IN GREAT DEMAND. When colds and grip are prevalent the quickest and surest remedies are in great demand.

MAKES A CLEAN SWEEP. There's nothing like doing a thing thoroughly. Of all the Salves you ever heard of, Bucklen's Arnica Salve is the best.

ELECTION WILL BE QUIET. Opposing Candidates for Office Not the Rule in All Townships.

Today is election day in all townships in the county and in Hancock city. There is opposition in some of the precincts, but on the whole the election promises to be quiet.

E. F. Curry, of Calumet, who was defeated by Justice John B. Curtis for the nomination of justice of the peace in Calumet township, will oppose the nominee for the office.

William Kroll will have no opposition for the supervisors in Duncan township. Joseph Wilcox will be opposed for clerk by E. E. Levine. August Nordine has no opposition for treasurer.

Donald Grant and Fred Olson are opposing candidates for supervisor in Laird township. L. Gillespie and D. J. Lewis are in the field for clerk. T. Grenier, for treasurer, has no opposition.

For supervisor of Hancock township, through some misunderstanding a considerable number of Mr. Washburn's friends were not present at the caucus, believing he had pulled out in Chassel township. John S. Harrington and A. Bouchard will oppose each other for the supervisorship; A. Deziel and E. E. Warner will run for clerk; P. E. Desrampe for treasurer, no opposition; A. Clament and E. Michaud, for commissioner of highways; D. Desrampe, C. Bourgeois and A. Cournoyer, for overseer of highways; C. F. Hall and E. Wilkinson, for school inspector, and T. Carbonneau and W. W. Warner, for member of the board of review.

GRAND LODGE SESSION. Likely Will Be a Feature of the Pythian Reunion at Houghton.

While the officers of the grand lodge of the Knights of Pythias of Michigan are in Houghton to attend the grand jubilee and reunion of the upper peninsula lodges, to be held under the auspices of the Houghton county Pythians on April 30, a special meeting of the grand lodge will likely be held. It has about been decided, in fact, to hold the session, which, in that event, will be the first time the grand lodge has ever met in the upper peninsula. Its object is to confer the grand lodge rank on the past conferees, who alone are entitled to it. A large number of past conferees north of the straits have never received the rank. The number in Houghton county alone is large in itself.

From all that can be learned the upper peninsula Pythians will come to Houghton in large numbers for the reunion and jubilee, which promises to be the biggest affair of its kind ever held in this region. Three outside degree teams, probably Escanaba, the Soudan and Marquette will be in attendance to work the third rank in competition for a \$75 loving cup. If any one of the teams do not come, either Hancock or Houghton teams will be substituted. Some fine work is expected. The third rank work presents much of spectacular interest. The second rank will be worked by the grand lodge rank men.

MEDICAL SOCIETY TO MEET. The Houghton County Medical society will meet at the Douglass House, Houghton, this evening at 8 o'clock. A paper on "The Surgical Treatment of Fractured Spine" will be read and will be the principal subject discussed. Dr. C. H. Rodi, of the Tamarack hospital staff, who will present the paper, will report on a number of cases. Dr. E. T. Abrams, of Dollar Bay, will open the discussion.

DEATH OF MRS. MARY FINN. Mrs. Mary Finn, mother of Justice Michael Finn, died early Saturday morning at the age of eighty-seven. She had lived in Hancock for the past forty years. The funeral will be held this morning at 10 o'clock from St. Patrick's church. Besides Justice Finn, she is survived by two daughters, Mrs. J. B. Loooney of Hancock and Mrs. Dennis Connors of Chicago.

ARM BROKEN IN TWO PLACES. Edward Lee, a Hancock boy employed in the Evening Journal press room, had his right arm broken in two places Saturday afternoon. He grasped a rapidly revolving belt, which had slipped out of place, to stop it with the result that he was caught up and carried around the shafting above. The arm was set at St. Joseph's hospital.

ROBBED THE GRAVE. A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim. No one should fail to try them. Only 50 cents, guaranteed, at Stafford Drug Co., drug store.

RECOVERED SPEECH AND HEARING. Messrs. Ely Bros.—I commenced using your Cream Balm about two years ago for catarrh. My voice was somewhat thick and my hearing was dull. My hearing has been fully restored and my speech has become quite clear. I am a teacher in our town.

L. G. BROWN, Granger, O. The Balm does not irritate or cause sneezing. Sold by druggists at 50 cts, or mailed by Ely Brothers, 56 Warren St., New York.

COPPER GLANCE. Avery T. Hanson of Laurium, Mich., eastern representative of the Copper Glance Mining company of Bisbee, Ariz., desires to inform the public that he will buy and sell Copper Glance stock, charging for his services the regular bankers' and brokers' commissions. (2-19-17)

MINING NEWS

COPPER MINE CONTRASTS. Comparisons of Results of Operations at Four Leading Properties.

The Boston News Bureau institutes an interesting comparison between results of operating four prominent Lake Superior copper mines of Boston investment regard. Summarized, we see that for the calendar year 1902, in the cases of the Tamarack, Quincy and Osceola and for the year ended June 30, 1902, in the case of the Wolverine, results compare thus:

Tons—Fine Copper—Total Rock Pounds Produced—Cost—Shareholders' Total Payout—Quincy 953,019 19.92 18,988,491 9.02c; Tamarack 658,720 24.2 15,961,528 10.93c; Osceola 836,400 16.2 13,416,236 11.13c; Wolverine 187,482 26.59 4,984,367 8.51c.

The cost per pound of fine copper excludes construction, but includes mining, smelting, and all expenses of transportation. Further, the cost per pound of Wolverine copper, mined, treated and marketed, was half a cent less than the Quincy's, 2% cents less than the Osceola's and nearly 1/4 cents less than the Tamarack's.

Perhaps the expense for Wolverine's fiscal year may be higher—very likely it may, for labor and supplies have cost more generally than a year ago—but if such is the case, the superior richness of Wolverine rock seems to have enabled that company to make a unique record, increasing its dividend at a time of general reduction or of passing altogether by copper mining companies. The Wolverine appears also to have dressed its mineral closer than the others, getting 79.97 per cent of it in the shape of fine copper, where the Quincy obtained 71.856, the Tamarack 61.991, and the Osceola 72.797 per cent of fine copper from mineral, the first product of the stamp mills. Of course the comparison of the Wolverine's year ended June 30, 1902, hardly is fair with the other companies' calendar year, but the difference is too wide to be extinguished even when allowance is made for current higher costs in many directions, and that increased Wolverine dividend tells the story quite plainly. And perhaps that is why Wolverine stock has reached scarcely more than \$4 from its record price of the year, when certain other prominent shares of the Boston copper group show as much as \$10 or \$12 recession from the best prices made on the market rise in the metal this year.

ARIZONA BOOM STILL ON. While mining shares are dull in Boston, says Horace J. Stevens, the local activity was never greater. Where all of the money comes from is a mystery. The amount of Lake capital going into western mines, mainly Arizona copper properties, runs well into the hundreds of thousands of dollars, this referring to actual cash invested, and not to paper profits, the latter having averaged about two millions per month for the past two years. The local banks are full of money, and everyone seems to have a few hundred dollars to invest in every new copper mining proposition that is stamped with the magic names of Bisbee or Cochise.

There is more money than a score of Lake Superior mining or development companies operating in Cochise county, Arizona, and shares in the pioneer mine, the great Calumet & Arizona, are now selling at the rate of \$40,000,000 for the mine, which is a higher market valuation than possessed by any other copper mine of the world, excepting only the Rio Tinto and Calumet & Hecla. Some of the other properties of promise are also selling at the rate of millions.

The Boston people stand aloof and shake their heads at the Lake copper boom, which they denounce as temporary and fictitious. Perhaps it is being overdone, but at the worst the net balance to the good of Lake investors from money placed in Arizona copper properties will run into the tens of millions. A pleasing feature of the boom is the large number of tidy fortunes cleaned up by hard-working practical miners. There are probably not less than two hundred miners in this county who have made fortunes of ten to a hundred thousand dollars each, through the Calumet & Arizona alone.

ARCADIAN. The rumor that the Arcadian was to close down is denounced by the local management as a pure fabrication. The Arcadian was such a miserable failure, in the light of what it was promised to be, that since then public sentiment has held the mine at perhaps less than its true value. The policy of the company is one of rigid economy, limited production and thorough exploratory work. It is probable that the company is now making expenses—possibly more—and it has an enormous tract of only partially explored land, on which a mine of value may be found, through the plucky plan of prodding every foot of the territory for new copper beds.

CHAMPION. IF IT IS SAID THAT "ESAU" a learned and now on exhibition in London, has had his life insured in a Live Stock Insurance Company, "Mara." The drafter in knowledge is to know enough to insure, and the second is like unto it, to know where the money is being business in the States. Nat'l Life Ins. Co. of Vt. (Mutual). Organized 1850. M. W. Marshall, Gen. Mgr., Marquette, Mich.

Champion mine is well worthy of its name. Of the rock broken only about 15 per cent is discarded, and the balance gives the largest returns of any amygdaloid mine of the district. With a lode of phenomenal width, exceptional uniformity and carrying the largest percentage of copper of any mine in the district except the Calumet & Hecla, the detractors of Champion have found their guns so thoroughly spiked that the last one of them is abandoned. The Champion is a wonderful property, and in connection with its neighbors opened on the same lode, constitutes much the most important copper development secured in the Lake district since the opening of the Calumet & Hecla, nearly forty years ago.

ARIZONA MINING NOTES.

In a recent issue of a Michigan journal, says the Bisbee (Ariz.) Miner, the editor of this paper was taken to task for giving as his opinion that the Copper Glance would strike the ore body at a depth of 200 feet from the bottom of the present shaft. In this connection we may state that the directors of the Copper Glance have never claimed that they have a mine or that they have one. They have claimed all along that it was but a prospect and that they were working upon the theory that the ore bodies of the Copper Queen and Calumet and Arizona passed under the Glance property and that if they went down deep enough they would strike the same ore body. They went down 500 feet and struck water and were compelled to stop sinking until they could get pumps that would control the water and allow them to resume sinking. The ground became soft before the water was struck, which was a good indication. Picks and shovels left in the water for a few hours became corroded with copper. These indications lead the Miner to believe that the ore body will be met with when a depth of 200 more feet has been attained and we believe that our prognostication will become a fact. The new pumps for this mine are now on the way from the east, and as the grading for the engines and boilers is all done and the pump station at the 500 foot level is cut out no time will be lost in placing the machinery in position.

The Calumet & Pittsburg—Ore has been encountered in the lower end of this mine and this fact alone almost settles it that the ore body continues on under the Marquette, the Glance and other mines below.

The Calumet & Bisbee.—The two-compartment shaft on this property still continues to go down. Stringers of ore are being encountered continually as depth is attained, but no attention is being paid to them. The main body which is known to exist at a depth of 1000 feet in the South Bisbee No. 3, only 300 feet distant, is what Superintendent Scott Turner is after, and he is determined to go down until he gets it. He is equipped with machinery now that will allow him to go down 1500 feet.

The Marquette & Arizona.—Work is being pushed on this property under the general superintendency of Emil Marks, president of the company. The two-compartment shaft is being pushed as fast as three shifts of men can drive it. Considerable ore has been encountered as the shaft has gone down which gave assay values of gold \$19 per ton and copper 3.4 per cent. This is very encouraging to the managers, but they are passing this by in order to get down to the big body of copper sulphides which they believe underlies the claims and to this end they are devoting all of their energies.

TO VISIT ARIZONA MINES. A party of Calumet business men to the number of fifteen or twenty will leave this afternoon for the Warren district of Arizona to visit mines in which they are interested. A special car has been chartered for the trip. The party expects to arrive at Bisbee on Friday and several days will be spent in that district. Some of the gentlemen interested in the Lake Superior & Arizona mine near Globe will visit that property before returning home. In the Bisbee district most of the properties in which Lake Superior people are interested will be visited. Among those who have decided to take the trip are Frank Carlton, president of the Calumet & Bisbee and Calumet & Cochise companies; F. A. Kohlhaas, vice president of those companies; C. J. Wickstrom; V. Hermann; Peter Rippe, treasurer of the Calumet & Arizona company; Fred Smith; E. B. Lyon; E. Ulseth; and Will Deagan. Ernest Hollmann, of Laurium, who is now in Minnesota, will join the party at Bisbee. Thomas Houston, Norman MacDonald and Joseph Tonkin of Calumet are now at Bisbee.

MINING GOSSIP.

The March production of the Calumet & Arizona is given at 1,307,000 pounds. Two furnaces will be in operation within a week.

Boilers and other necessary equipment have been delivered at Alouze for the starting of its new shaft for the Keams-argue lode. Ground will be broken within a few days.

The Osceola production for March was probably about the largest ever secured from that mine. The Osceola should make not less than twenty million pounds of copper this year, and possibly twenty-five millions.

The Franklin management is contemplating the installation of the fourth stamp for which the new mill has room. The three stamps are being worked to their full capacity, and with the new shaft planned for the Alouze conglomerate at the Junior the mine could feed four heads with ease.

Loss of appetite is also loss of vitality, vigor, tone. To recover appetite and the rest take Hood's Sarsaparilla—it strengthens the stomach, perfects digestion, makes eating a pleasure. It also makes the blood rich and pure, and steadies the nerves.

7

IF IT IS SAID THAT "ESAU" a learned and now on exhibition in London, has had his life insured in a Live Stock Insurance Company, "Mara." The drafter in knowledge is to know enough to insure, and the second is like unto it, to know where the money is being business in the States. Nat'l Life Ins. Co. of Vt. (Mutual). Organized 1850. M. W. Marshall, Gen. Mgr., Marquette, Mich.

CATARRH A COMMON COMPLAINT.

Catarrh begins with a stubborn cold in the head, inflammation or soreness of the membrane or lining of the nose, discharge of mucus matter, headaches, neuralgia and difficult breathing, and even in this early stage is almost intolerable. But when the filthy secretions begin to drop back into the throat and stomach, and the blood becomes polluted and the system contaminated by the catarrhal poison, I had a continual headache, my cheeks had grown purple, my nose was always stopped up, my breath had a sickening and disgusting odor, and I coughed incessantly. I heard of S. S. S. and commenced to use it and after taking several bottles I was cured and have never since had the slightest symptom of the disease. Write in if in need of medical advice; this will cost you nothing.

It affects the kidneys and stomach as well as other parts of the body. It is a constitutional disease and as inhaling mixtures, salves, ointments, etc., are never more than palliative or helpful, even in the beginning of Catarrh, what can you expect from such treatment when it becomes chronic and the whole system affected? Only such a remedy as S. S. S. can reach this obstinate, deep-seated disease and purge the blood of the catarrhal poison. S. S. S. purifies and builds up the diseased blood, and the inflamed membranes are healed and the excessive secretion of mucus ceases when new, rich blood is coming to the diseased parts, and a permanent cure is the result.

S. S. S. is guaranteed purely vegetable and a reliable remedy for Catarrh in all stages. Write in if in need of medical advice; this will cost you nothing.

# MINERS DROP PICKS

WORK SUSPENDED AT MANY ANTHRACITE COLLIERIES.

STRIKE AWARD IS IN DISPUTE

LENGTH OF WORK DAY THE BONE OF CONTENTION.

Is Decided in Some Cases to Leave the Question to Joint Conciliation Boards and the Men Affected Will Return Today.

Philadelphia, Pa., April 5.—The disagreement between the mine operators and the miners regarding the strike commission's ruling on the number of hours to constitute a day's work has resulted in the closing of a number of collieries. The greatest dissatisfaction is expressed in the lower regions, and in Pottsville, Shamokin, Mahanoy City, and contiguous towns a majority of the mines were idle a portion of yesterday.

At some of the collieries the men laid down their tools after they had worked eight hours, and at others they remained in the mines nine hours, but refused to work ten hours when requested to do so by the superintendents. The operators assert that they pay only for the actual time worked and the miners claim this to be a violation of the agreement.

Meetings of the local unions were held today and in the majority of cases the miners decided to return to work tomorrow and submit the question to a joint conciliation committee of the operators and mine workers as suggested by the commission.

Mahanoy City, Pa., April 5.—The first serious hitch in this region over the finding of the anthracite strike commission occurred yesterday, when the employees of the collieries in this region quit at 2:30 o'clock after working eight hours, causing the collieries to close down. The coal companies will not pay them a full day and the mine workers' organization threatens to declare future Saturdays holidays.

Engineers Get a Holiday.

Wilkesbarre, Pa., April 5.—The anthracite strike commission award with reference to mining engineers went into effect today. The new order gives the engineers a holiday on Sundays, which was observed today throughout the region for the first time in the history of coal mining.

WABASH MEN GAIN VICTORY.

Wage Troubles on the System Finally Satisfactorily Settled.

St. Louis, Mo., April 5.—After a four-months controversy between the operators and officials of the Wabash road, during which at one time a strike was imminent and was only prevented by an injunction restraining the employees from vacating their positions and which injunction was dissolved last Wednesday, the differences have been finally adjusted. The officials of the brotherhoods representing the employees declare the settlement eminently satisfactory, and a victory for organized labor. The Wabash officials declare that all differences with the employees have been finally terminated in a satisfactory manner, and that the future relations in all probability will be most harmonious.

The following are the main points embraced in the settlement: A 12 per cent increase for conductors, brakemen and baggage men in the passenger service and 15 per cent for conductors and brakemen in the freight service over the rates which existed Jan. 1, 1902, west of the Mississippi river. For the firemen, increases were granted on the Canadian lines in accordance with the Canada Southern division of the Michigan Central. On the lines in the United States material increases and improvements in the working conditions were granted the firemen. East of the Mississippi river the rates will be brought up to this standard when competing lines in the same territory grant similar increases. The yardmen receive a substantial increase, varying in different localities. There is an entire revision of the rules applying to all classes of train service. This was the main bone of contention and was granted in its entirety.

A letter from S. W. Ashley, acting president of the Wabash, giving the points of settlement, was made public tonight. This letter, it is said, indicates that the points which the employees scored was an acknowledgment that the Illinois Central and the Chicago & Alton are competing lines. This had been previously denied by President Ramsay. The discontinuance of the double-head system is another point gained by the men.

POSSE CAPTURES OUTLAWS.

Guthrie, O. T., April 5.—Sheriffs Morrison, of Kiowa county; Thompson, of Caddo; Porter, of Garfield, and Bottom, of Washita, surrounded a ranch near Cordele, Okla., today and captured six of the remaining outlaws of the Bert Casey gang, supposed to have robbed the Lager bank of \$80,000 last Friday. The bandits were surprised and taken without trouble.

CARDINAL GIBBONS OUT AGAIN.

Baltimore, Md., April 5.—Cardinal Gibbons, who had been confined to his room with a severe cold for several days, was so much improved today that he was able to deliver the usual sermon at the cathedral.

# FIGHTING IN THE SUBURBS.

Government Troops Advancing to Attack San Domingo City.

Santo Domingo City, April 5.—Large government forces are marching on the town and an attack is momentarily expected. The rebels are making great preparations for resistance. Yesterday the government troops outside the city attacked the insurgents in the suburbs of Pajaro. It was the most severe engagement since the rebellion broke out. The insurgents were driven back to the city, artillery from the fort covering their retreat. Several persons were killed inside the city by stray shots. The surgeon of the United States cruiser Atlanta assisted in attending to the wounded, many of whom, however, died for want of timely assistance.

Members of the consular and diplomatic corps here met today and appointed a commission to notify both sides that they must observe the rules of war, and to demand twenty-four hours' notice before any attack is made on the town in order that the foreign residents may go to a place of safety. All places of business are closed and the situation is extremely critical. Fifty marines from the Atlanta are protecting the American consulate.

# SECRETLY WEDDED.

Son of Senator Cockrell Marries a St. Louis Girl.

Kansas City, April 6.—The Times this morning says: Ephraim B. Cockrell, son of United States Senator Francis M. Cockrell, and Miss Hazel Hogan, of St. Louis, were secretly married at the home of Mr. and Mrs. Albert Yule in St. Louis early Sunday morning, after which they left for Kansas City. They arrived here last evening. The marriage was unexpected by their friends, and to them as well as to the families of the two it will prove a surprise. A telegram sent to the bride's parents last night gave them their first intimation of the wedding. Mrs. Cockrell is the daughter of R. B. Hogan, agency director of a life insurance company with headquarters in St. Louis, where he lives. The bride is aged nineteen, Cockrell is twenty-two.

# DISASTER AT SEA IS FEARED.

French Steamer Carrying Powder Believed to Have Been Blown Up.

London, April 5.—It is believed that the steamer Bambara, on her first trip from Marseilles to Dakar, French West Africa, with a cargo of 95,000 pounds of gunpowder and two cases of dynamite, was blown up at sea and foundered. The Lloyd's agency says there is reason to fear that this has occurred, although no confirmation is at hand. The Bambara has not been reported from Gibraltar, although she should have been sighted there March 31.

The captain of the French schooner Assumption, of Marseilles, reports that on March 28, he saw a brilliant flash of light which was followed by a loud explosion. The captain of the Nina makes a similar report. The crew of the Bambara numbered thirty-five men, and she carried six passengers.

# HEAVY FAILURE IN OHIO.

Akron Concern Owing Two Millions in the Hands of Receivers.

Akron, O., April 5.—A statement has been sent out to the creditors of the Aultman-Miller company, which went into the hands of H. P. McIntosh of Cleveland and George W. Crouse of Akron, as receivers, last night, showing that the assets of the company on Dec. 31 were \$1,751,650. This is \$134,000 short of the liabilities as they stood before that time. Hon. George W. Crouse, president of the Aultman-Miller company, is personally liable on over \$1,500,000 of the indebtedness. The creditors are numerous banks, those of Chicago holding more of the paper than any other one city.

# A ROYAL BETROTHAL.

Copenhagen, April 5.—Rumors are current among the German emperor's suite and in Danish court circles that the German crown prince, Frederick William, aged twenty-one, is to be betrothed to Dutchess Cecile, aged seventeen, sister of the Grand Duke of Mecklenberg-Schwerin.

# TODAY'S WEATHER.

Washington, April 5.—The following is the weather bureau's forecast for Upper Michigan: Rain or snow, Monday, warmer in east; Tuesday, rain or snow.

# ALICE ROOSEVELT HOME.

Washington, April 5.—Miss Alice Roosevelt returned to Washington tonight from her visit to Governor Hunt's family in Porto Rico.

# FROM AN AUCTIONEER.

Col. C. H. McDonald of Greenville, Ill., in a letter May 1st, 1901, says, "I am an auctioneer and being often exposed to the weather, am seriously troubled by my heart, becoming irritated and hoarseness following. When troubled in this way, I always use Hart's Honey and Tar. It is the only remedy that has ever done me any good and it positively cures." Sold by the People's Drug Store.

# Use Cudahy's Kettle Rendered Lard.

Pure and wholesome.

# PNEUMONIA IS ROBBED OF ITS TERRORS.

By Foley's Honey and Tar. It stops the racking cough and heals and strengthens the lungs. If taken in time, it will prevent an attack of pneumonia. Refuse substitutes. Sold by People's Drug Store.

**REXALL**

General Orders No. 4335.

"Reports from the field state that our campaign against Dyspepsia and Indigestion is making wonderful progress. "The people of Marquette are very friendly to us. They believe us when we say that Rexall Dyspepsia Tablets will cure, or money will be refunded. They know we could not afford to say this if it were not true. "As a result of the free distribution, 150 well directed shots were fired and many persons already feel that the enemy (Dyspepsia) is doomed. "Hundreds of Marquette people are preparing to assist in the campaign against Stomach Weaknesses, Distress after Eating, Headaches, Heartburn, and all results of poor digestion and dyspepsia by purchasing Rexall Dyspepsia Tablets and beginning treatment at once. "You will lose no opportunity to urge the people of Marquette to co-operate in banishing the foe and putting an end to the General Prevalence of Indigestion and Dyspepsia. "You will proclaim our iron-bound promise to refund the money if Rexall Dyspepsia Tablets will not do all we say, and report to the Stafford Drug Co. for further orders."

**Rexall Dyspepsia Tablets are Warranted to Cure all Forms of Dyspepsia and Indigestion.**

Money will be refunded, exactly as printed on package, in case of dissatisfaction. Price, 25 cents, at our stores or by mail.

**THE STAFFORD DRUG CO.**

# PRESIDENT HAS REST

(Continued from Page One.)

for them outweighs the disadvantages which may result; and when it becomes necessary to make them they should be made with full recognition of the need of stability in our economic system and of keeping unchanged the principle of that system which has now become a settled policy in our national life. We have prospered marvelously at home. As a nation we stand in the very forefront in the giant international industrial competition of the day. We can not afford by any freak of folly to forfeit the position to which we have thus triumphantly attained."

# COSTLY FIRES IN CHICAGO.

One, Causing \$500,000 Loss, Believed to Have Been Incendiary.

Chicago, April 5.—A grain elevator owned by the "Nickle Plate" railroad, located at Eighty-ninth street and the Illinois Central tracks, was destroyed by fire today. The loss is \$75,000.

Fire last evening destroyed the seven-story brick building at 75-77 West Monroe street and badly damaged another seven-story building, adjoining. The firms burned out are: J. C. Curtis & Co., caskets and undertakers' supplies; the Marquardt Maple Box company; the Chicago Case company, manufacturers of jewelry and eye glass cases; and the Leonard-See company.

The origin of the fire is a mystery. During the fire, several explosions occurred, one of which blew out a large portion of one wall, which, in falling, narrowly missed crushing several persons. The loss is \$500,000.

Fire Marshal Campion expressed the opinion that the fire was incendiary. When he arrived he found a blaze on the sixth floor and another in the basement, the fires having no apparent relation to each other.

# Heavy Loss at Birmingham.

Birmingham, Ala., April 5.—The big storage house of the Birmingham Fertilizer company was destroyed by fire today. The loss is \$225,000.

# Redding, Cal., April 5.—The entire business section of Dunsmuir was destroyed by fire today. The loss is \$50,000.

Mary Jennings, N. Yamhill, Oregon—Could not get along without Rocky Mountain Tea. Makes women strong and beautiful. Keeps them well. 35 cents. Stafford Drug Co.

# IF YOU PURCHASE

Ice cream, sweet cream, milk or baker's goods at Deschaine's, you may depend upon getting what you expect. Everything strictly pure and wholesome.

# DREADFUL ATTACK OF WHOOPING COUGH.

Mrs. Ellen Harrison, of 300 Park Ave., Kansas City, Mo., writes as follows: "Our two children had a severe attack of whooping cough; one of them in the paroxysm of coughing would often faint and bleed at the nose. We tried everything we heard of without getting relief. We then called in our family doctor who prescribed Foley's Honey and Tar. With the very first dose they began to improve and we feel that it has saved their lives." Refuse substitutes. Sold by People's Drug Store.

# PRISON APPROPRIATION.

Bill Introduced by Mr. Dennis Calls for \$7,430 for Special Purposes.

Representative Dennis, of the committee on upper peninsula branch of state prison, has introduced in the house a bill for a special appropriation of \$7,430 for the Marquette institution. It has been placed on the general order and will doubtless be approved, as it represents the allowance that the ways and means committee decided to give the local prison. Originally over \$14,000 was asked for, of which some \$7,000 was wanted for a barn. All appropriations for state institutions were sealed and in the process the branch prison's barn was lost in the shuffle.

The text of Representative Dennis' bill, setting forth the things for which the appropriation was made, follows:

"The People of the State of Michigan Enact:—Section 1. There is hereby appropriated for the fiscal year ending June thirty, nineteen hundred four, for the State House of Correction and Branch Prison, upper peninsula, the sum of seven thousand four hundred thirty dollars for purposes and amounts as follows: For one farm horse, \$150; for one hay carrier, \$25; for one mower, \$45; for one farm roller, \$20; for one disc harrow, \$25; for one wagon, \$60; for two sets harnesses, \$70; for sundry small tools, \$35; for enlarging and cementing reservoirs and making needed extension of water plant, \$1,000; for drainage system and for boiler room and fixtures, \$500; for kitchen furniture and fixtures, \$780; for general repairs, including new floor for chapel, \$4,200; extension of electric lighting system, \$500. Provided, That if the amount designated in this section for any one of the purposes stated be insufficient to complete the work or purchase, any surplus remaining after the completion of the other work or purchase specified in this section may, by obtaining the consent of the state board of corrections and charities and auditor general in writing before any expense in excess of the specified appropriation is incurred, be used in the account or accounts where such deficiency seems unavoidable, the intent of this proviso being to make the entire \$7,430 available for the purposes stated here in if in the judgment of the state board of corrections and charities and auditor general it is deemed advisable to make the transfers for which provision is hereby made: Provided further, That the board of control may obtain money under this section before July 1, 1903, in such amounts as they may by requisition certify to the auditor general are necessary for immediate use, which amounts thus advanced shall be deducted from the total amount appropriated when the appropriation becomes available.

"Sec. 2. The general sums appropriated by the provisions of this act shall be paid out of the state treasury to the warden of the state house of correction and branch prison, upper peninsula, at such times and in such amounts as the general accounting laws of the state prescribe and the disbursing officer shall render his accounts to the auditor general, this Sunday.

"Sec. 3. The auditor general shall cooperate in the audit of the state for 1903, the sum of \$7,430, which when collected shall be credited to the general fund to reimburse the same for the money hereby appropriated."

TOMORROW EVENING.

Will Occur the First "Pay Off" of the Red Cross Legion, N. P. L.

Tomorrow will be celebrated by members of the National Protective legion in Marquette county the first "pay off" of the Red Cross legion of Marquette. The local legion was organized five years ago with thirteen charter members by Mrs. C. N. Connors, M. D., of St. Ignace.

The Red Cross legion now has a membership of 200, with the class to be initiated at Fraternity hall tomorrow afternoon at 2:30. In the evening the pay off will be observed at Fraternity Hall by a program which the public will be invited to hear. An admission of ten cents will be charged to help defray expenses and also to keep small children from taking up all the room. Upwards of \$3,000 is to be disbursed among the charter members during the evening.

The speaker of the evening will be Dr. Sattler of Manistique, who has already participated in two legion pay offs. He will be assisted by Dr. Connor. The full program is announced as follows:

- Piano solo..... Miss Irene Tremberth, legion pianist.
- Prayer..... Rev. E. A. Elliott
- Solo, selected..... Miss Norma Ross
- Violin and piano duet..... Misses Edith and Mammie Barry
- Recitation, selected..... W. A. Ross
- Solo, selected..... Mrs. M. E. Patrick
- Address of Welcome..... Mayor
- Address of the evening..... Dr. Sattler
- Remarks and payment of dividends..... Dr. Connor

SPEAK OUT.

The Searchlight of Publicity is Pleasing Marquette People.

Publicity is what the people want. Let the public speak on the subject. There has been too much claim—too little proof.

There is only one kind of proof for a Marquette citizen.

The experience of people we know. When friends and neighbors endorse. No question about such evidence.

This kind of proof backs every box of Doan's Kidney Pills.

Here is a case of it:

Mr. Edward Murtha of 221 W. Rock street, says: "I suffered off and on for a long time with attacks of pain through the small of my back and around through the groin. At times it became quite severe especially if I caught cold or strained myself. The kidney secretions were irregular and unnatural. I was advised to go to the Stafford Drug Co. and procure Doan's Kidney Pills. I did so and began to use them. The distress was removed from my back and loins and the kidney secretions regulated."

Sold for 50 cents per box. For sale by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name Doan's and take no other.

Reading, selected..... Mrs. Ed Quarters

Song..... Red Cross Legion, No. 209.

In the afternoon, after the reception of the visiting members from up-the-road will be held an initiatory ceremony at Fraternity Hall. It will be conducted by Mrs. Connor, M. D., of St. Ignace. Red Cross legion has paid four death and fifteen disability claims, the latter ranging from \$15 to \$50.

HEAVY SNOW STORM.

Marquette people were greatly surprised yesterday morning when they got about to find the city shrouded in white, there having been a heavy snow storm during the night. The fall did not begin until after midnight, but it was heavy while it lasted and it piled up several inches of snow, enough for good sleighing, although, to be sure, there were few sleighs out. The snow was wet and sticky, the storm being accompanied by rising temperatures. It stayed well yesterday, the thaw not amounting to much, but it will disappear rapidly as soon as the weather moderates a little more.

Builds up muscular flesh, healthy tissue, rich, red blood; clears the stomach, kidneys and liver. That's what Rocky Mountain Tea will do. 35 cts. Stafford Drug Co.

SWEDISH LADIES TONIGHT.

Excellent Musical Attraction at the Opera House.

During the Swedish Ladies' quintet will come to the opera house this evening with the best of recommendations. This excellent organization has been entertaining full houses all over the country and it has been giving the finest satisfaction. The advance sale of tickets here is very large, and the theater will doubtless be well filled. The Swedish ladies' quintet is one of the best musical organizations in Sweden, a fact which accounts for its popularity in this country.

TENDERS WANTED.

Tenders will be received by the Michigan Lake Superior Power company, this city, until noon Wednesday, April 8, 1903, for five hundred thousand feet of commercial grade Hemlock planking, three inches by twelve inches by sixteen feet, to be delivered in daily lots of twenty-five thousand feet beginning Monday, April 13, 1903, by rail or water at the company's Power House at Sault Ste. Marie, Michigan. (4-6-11)

Peacock's Hams and Bacon, the epicurean's delight.

EASTER MILLINERY AND SUIT OPENING

...Will take place...

WEDNESDAY, THURSDAY, FRIDAY AND SATURDAY, This Week.

AT GRABOWER'S.

Our showing will be far superior to anything ever shown in this section and it will be to the advantage of every lady who is interested in the above lines to wait until they see what we show, as we show exclusively eastern styles, and anything seen in our millinery department is not seen elsewhere.

Special showing in Carpets, Curtains and Rugs, this week.

Ishpeming and its Environs.

(Addition Ishpeming on Page 7.) ADMINISTRATION DEFENDED. Citizens' Party Leaders Puncture Charges Made by the Opposition.

Warm defense of the administration of the city's affairs under the regime of the Citizens' party during the past three years was the keynote of the speeches made at the big rally held at the Finnish Co-Operative society's hall Saturday night. Convincing arguments were presented to show that the public finances have been well guarded, that there has been no extravagance and that all departments of the city government have never been in better condition. W. H. Johnston, president, and in his brief speech of introduction he expressed the belief that the Citizens' ticket would be overwhelmingly victorious in today's election. Incidentally he tossed a "crumb" of comfort to those who had been disappointed in securing nominations, by saying that there were not enough offices to go around but that in time all the faithful would be rewarded. Congressman H. O. Young led off with a twenty-minute speech. He said that the Citizens' party only needs to point to its record during the time it has been in power as the best reason why it deserves to be continued in office. In municipal government, among the things of chief importance are good streets, pure water, good sanitation, and efficient police protection. Judged by these standards, the Citizens' party had succeeded in its administration. The water supply has been preserved and the city has been saved the great expense of securing a new source of supply by the installation of the meter system. The predictions that rates would be raised to a figure that would make city water a luxury had been knocked to a cocked hat and it was generally conceded that the meters are giving entire satisfaction. There is now, as a result, a sufficiency of absolutely pure water for all purposes, while the decreasing death rate shows that the health laws are being properly enforced. True, the expense of maintaining the city in good condition has been considerable, although not extravagant, but it cannot be denied that the results justify it. The history of the council when it was controlled by the opposite party showed that it had concerned itself only with the unimportant details, with bickering and petty squabbles, such as "Joe Richards' salary and how to get rid of Pat Devine." During the coming year public improvements of great importance will be in hand, the speaker said, and a comparison of the records of the two parties showed that the Citizens' is better prepared to handle the trust than the People's. Mr. Young paid a high tribute to the character and intelligence of Dr. Feleh, bringing out in a most striking manner his thorough honesty. He is an ideal man to place at the head of the city government, declared Mr. Young. "It is best to stick to the man we know," he said. Referring to the expense of entertaining the junketing party, he stated that it was a graceful act to extend the hospitality of the city to the legislators and that it had helped to give the town character and reputation throughout the state. It had cost the citizens only one-hundredth of one cent in taxes and the rest of the population had not felt the expense much more. The question of nationality should be eliminated from the campaign, Mr. Young asserted. "The English, or the Pinks, or the Scandinavians, or the Irish, do not vote only the Americans." It is wrong to try to arouse national prejudices to gain support for either party. If the citizens desire to vote for their own interests, for good government, good streets and the enforcement of the health laws, they should support the Citizens' ticket. Dr. Feleh gave a brief speech, saying the administration had only asked that the laws be obeyed and that it is all that will be asked if it remains in power. He eulogized the personnel of the council, saying it was not to be outbranded by any other in the state. William Peters followed, and, as Captain Hodgson afterwards said, "Billy made the hit of his life." Mr. Peters made a strong plea that differences of nationality be completely laid aside and that the citizens vote as men and not as nations. He said he would support the ticket heartily, that he cherished no ill feelings and accepted Mr. Johnston's statement that "men, if they are good men, can afford to wait for their reward and get off their coats and work."

J. H. Quinn dealt altogether in facts and figures, digging up statistics from the tax roll to prove that there had been no extravagance. He expounded the expenditures for highways, showing that of the \$17,000 spent for that purpose only \$4,845 was used for the work of repairing the streets. The expense of cleaning the streets and alleys, of laying sidewalks and placing curbing, etc., were all included under the head of highway expenditure and made up the bulk of it. He also called attention to the refund of taxes to the Lake Superior company in 1900 and explained how it was rendered necessary through error in transposing two figures in copying into the tax roll the changes in the assessment made by the state board of tax commissioners. Mr. Quinn said the matter had been thoroughly explained before, but that he would be perfectly willing to go over the books with any one who desired further information. Superintendent Scribner gave a short talk, being called from the audience. He said that he had not come to the meeting with the intention of making a speech but considered that the idea that a man should be deprived of all preferences of religion and politics merely because he was connected with the schools was not a true theory, but that on the contrary any person who did not have the "stamina and stability" to defend certain opinions in regard to matters of public concern was not fit to be at the head of the schools. He confessed that he had no right to say much, as he is a practical stranger in the city. But he considered "social litigation" to be unfortunate in its effects on a city, especially when narrow policies are allowed to rule. He cited the instance of Ithaca, N. Y., where an impure water supply established twenty years ago on a cheap plan had caused the deaths of over 300 persons. It is, in common sense and good citizenship, did not appear in Friday morning's Mining Journal because of a mix-up in the mails. However, it was evident from the speakers' remarks that the record of the administration during the past year was to be used as the strongest argument in favor of its continuance in power. H. O. Young opened the meeting with a brief, forcible talk. He said that the Citizens' party contained all the best elements of good citizenship of which the city can boast, and that after the men who form it have been deducted there would not be enough left to form another party worthy of the name of deserving support. The city will undertake some public improvements during the coming year that will call for a large expenditure of money, particularly the building of the library, and its affairs, Mr. Young said, should be guided by men of ability who will act wisely and in a conservative manner. The nominees on the Citizens' ticket are all, he declared, well fitted for the offices they hope to occupy. Mr. Young paid high tribute to Cornelius Kennedy. "He is," he said in conclusion, "honest, just and conscientious and possesses the full confidence of the great majority of our citizens."

Dr. Feleh reviewed the course of the council during his term as mayor. He said that it had been a real pleasure to participate in its proceedings because harmony had at all times prevailed. If the opposition criticized the expenditure for highway improvements, he said, the best answer is the present condition of the streets, and also the sidewalks. The excellent condition of all other city departments, in fact, is sufficient answer to any charges of "reckless extravagance," he added. Dr. E. Donahoe, speaking of municipal expenditures, referred to the fact that the city had bonded itself for \$100,000 to secure the construction of the present sewerage system and had spent \$80,000 to secure a water supply during his term of office as mayor. That was done when the city was much smaller than it is now, and the people did not shrink from the burden. He used the fact to illustrate that large sums of money are frequently required to conduct a city. It reflected no credit on any administration if a large surplus were left in the treasury, he declared. Captain Joseph Hodgson gave a brief sketch of the candidates, dwelling especially on the record of Cornelius Kennedy. He said that while in Marquette recently he had inquired particularly in regard to the number of Mr. Kennedy's decisions that had been sustained by the higher courts and had found that his record in that respect has been unsurpassed by any other justice who has served for so long a period.

GREENWAY IN MILWAUKEE. Former Rough Rider Sees the President at a Milwaukee Banquet. The Milwaukee Sentinel says of the visit of John C. Greenway to Milwaukee Friday: "The president met an old friend of his Spanish-American war days Friday while in Milwaukee. 'Jack' Greenway of Ishpeming, Mich. attended the banquet, and was greeted heartily by the president. "The meeting was brought about by Sherman Becker, who met Greenway yesterday morning. Mr. Greenway was visiting in the city and told Mr. Becker that he was with Roosevelt during the time the rough riders were being organized, and fought with him in the position of a sergeant throughout the war in Cuba. He said he desired to meet the president, and asked Mr. Becker to arrange it. "The Deutsche club Mr. Becker told the president of the request of Greenway. "There is a man in this city who is looking for you today," said Mr. Becker, "and he isn't an anarchist, either." "Who can he be?" said the president, laughing, and yet appearing to be interested. "When Mr. Becker mentioned the name of 'Jack' Greenway, the president turned to him and said: 'Is that so?' 'Jack' Greenway; I must see him. Where is he? Tell him to be at the banquet tonight. He was with me in Cuba, and he was one of the right sort.' The president also left word that room for Mr. Greenway should be made on the train and told Mr. Becker to ask him to ride to St. Paul with him. It could not be learned last night whether or not Mr. Greenway went with the presidential party."

Jason for Mayor. Will Head the People's Ticket in the Place of Eric Johnson. Henry G. Jason is the man whom the followers of the People's party will seek to elect as mayor today. This announcement was made Saturday morning, following up the notice of the withdrawal of Mr. Johnson, which occurred Friday night. Mr. Jason is a dealer in pianos and organs and his office is situated in the quarters of the Singer Sewing Machine company on Main street. William Andrews and J. D. West, the permanent committee, have also selected P. J. McGinly to fill the vacancy caused by the withdrawal of Thomas P. Jordan, who was nominated for school inspector. George Voelker was selected to run for supervisor in the Ninth in the place of Maurice Laughlin, who pulled off from the ticket several days ago. Saturday, Richard Goodman, who had been nominated for constable from the Seventh, appeared before the board of election commissioners and requested them to take his name from the ticket. He said that he had not been consulted previous to his nomination. The election commissioners were in session Saturday afternoon and inspected both tickets. THE BREAD CONTEST. The bread contest held at the parlors of the Methodist church Friday night under the auspices of John Quayle's Sunday school class attracted a large crowd. The novel form of the entertainment and curiosity to know who would be decided the best bread maker among the contestants gave the occasion particular interest. E. E. Scribner, J. H. Andrus and G. G. Johnston were the judges. The loaves were placed on a table, ready for inspection, each being designated by a number. John Quayle had a list with the names corresponding to the numbers and he was the only one who knew who made the loaves. The judges agreed that every sample was better than the average and that of picking out the winner taxed their abilities of discrimination to the utmost. Finally loaf number six was decided to be a shade better than any of the others. It had been made by Mrs. R. H. Shaver. The flour had all been furnished by the John T. Donahoe company of DePue, Wis. Three other brands of flour will be used in similar contests and the ladies who are declared the best bread makers with each will then have a contest to decide which of the four brands of flour is really the best. The lady who is first in the finals will receive a substantial cash prize contributed by the various manufacturers serving Friday night, consisting mostly of saffron buns and the bread that had just been under the inspection of the judges. The proceeds from the admissions and the refreshments netted a goodly sum. GOOD FRIDAY CONCERT. On the evening of Good Friday the choir of the First Methodist church will hold a concert. Some local musicians, not members of the choir, will assist. Refreshments have been held during the past few weeks, the entertainment will be given in the auditorium of the new church and the proceeds will be applied on the building fund. The admission prices will be twenty-five and fifteen cents for adults and children under fifteen, respectively. A THOUGHTFUL MAN. M. M. Austin of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was fully cured. Only 25c, at Stafford Drug Co.'s drug store. THERE IS NO DEBATE with disease; there is no debate with death. There is no reduction in death toll in the cancellation of liabilities. Safety therefore can be assured only by insurance, that is to say, a contract for the case made and provided. 54th year, and doing business in 35 States. Nat'l Life Ins. Co. of Vt. (Mutual) Organized 1850. M. W. Marshall, Gen. Mgr., Marquette, Mich. Foley's Kidney Cure if taken in time affords security from all kidney and bladder diseases. Sold by People's Drug Store. BUTTONS ON CLOTHING have certain responsibilities. Insurance is a button which should be attached to every button. 54th year, and doing business in 35 States. Nat'l Life Ins. Co. of Vt. (Mutual) Organized 1850. M. W. Marshall, Gen. Mgr., Marquette, Mich.

JASON FOR MAYOR.

Will Head the People's Ticket in the Place of Eric Johnson. Henry G. Jason is the man whom the followers of the People's party will seek to elect as mayor today. This announcement was made Saturday morning, following up the notice of the withdrawal of Mr. Johnson, which occurred Friday night. Mr. Jason is a dealer in pianos and organs and his office is situated in the quarters of the Singer Sewing Machine company on Main street. William Andrews and J. D. West, the permanent committee, have also selected P. J. McGinly to fill the vacancy caused by the withdrawal of Thomas P. Jordan, who was nominated for school inspector. George Voelker was selected to run for supervisor in the Ninth in the place of Maurice Laughlin, who pulled off from the ticket several days ago. Saturday, Richard Goodman, who had been nominated for constable from the Seventh, appeared before the board of election commissioners and requested them to take his name from the ticket. He said that he had not been consulted previous to his nomination. The election commissioners were in session Saturday afternoon and inspected both tickets.

THE BREAD CONTEST. The bread contest held at the parlors of the Methodist church Friday night under the auspices of John Quayle's Sunday school class attracted a large crowd. The novel form of the entertainment and curiosity to know who would be decided the best bread maker among the contestants gave the occasion particular interest. E. E. Scribner, J. H. Andrus and G. G. Johnston were the judges. The loaves were placed on a table, ready for inspection, each being designated by a number. John Quayle had a list with the names corresponding to the numbers and he was the only one who knew who made the loaves. The judges agreed that every sample was better than the average and that of picking out the winner taxed their abilities of discrimination to the utmost. Finally loaf number six was decided to be a shade better than any of the others. It had been made by Mrs. R. H. Shaver. The flour had all been furnished by the John T. Donahoe company of DePue, Wis. Three other brands of flour will be used in similar contests and the ladies who are declared the best bread makers with each will then have a contest to decide which of the four brands of flour is really the best. The lady who is first in the finals will receive a substantial cash prize contributed by the various manufacturers serving Friday night, consisting mostly of saffron buns and the bread that had just been under the inspection of the judges. The proceeds from the admissions and the refreshments netted a goodly sum. GOOD FRIDAY CONCERT. On the evening of Good Friday the choir of the First Methodist church will hold a concert. # Young America, What Ails You?

The man who lives an out-of-door life, who earns his living by his brawn and muscle, is a being who can defy bad weather and wet feet. He is quickening his heart, driving the blood through unused channels, hastening the breathing and increasing the secretions of the skin. He may be able to abuse his stomach, drink or smoke to excess and yet be healthy. His red corpuscles will still keep their round shape. But the person who does not live so close to nature, who works confined in office, shop, or ill-ventilated house, or is risking his life in commercial habits that are ruinous to the stomach and heart, such as lunches consumed at racing speed, overwork and late hours, will have fewer red blood corpuscles and an increase of white corpuscles. The red corpuscles instead of being round will form into all kinds of various shapes, as shown in border of this article. The stomach, heart, and nervous system of Americans is being sorely overtaxed. Our young people are over-educated and over-trained in school houses and homes, and this is bringing a growing evil to Young America. Sleep is often broken; the ill-used brain will not permit one to enjoy "Nature's sweet restorer"—sleep in bed.

The blood is slow, sluggish and filled with white corpuscles. Stagnation of the blood causes headache, constipation, bad colds, coughs and a pale countenance.

### RICH RED BLOOD

is gained by taking a medicine which is close to nature's way of making up for the abuse of the body, such as stated above. Dr. R. V. Pierce for many years studied this serious question while in the active practice of his profession and finally made a prescription of botanical extracts which had a wonderful effect in increasing the red blood corpuscles. He placed it on the market under the name of Dr. Pierce's Golden Medical Discovery.

To gain in fat is nearly always to gain in blood, but to fatten a person does not depend merely on the food eaten; something more is wanted in the way of a digestive and tonic to enable the system to prepare and appropriate the food taken in. That is what the "Golden Medical Discovery" does. The blood-making glands are assisted in their work, the poisons driven out of the body, the liver made active; that force-pump of the body—the heart, is stimulated to healthy action, and every nerve of the body is fed on rich red blood—blood with an

abundance of red corpuscles. Languid, tired feelings, nervousness and irritability, lack of appetite and sleep, vanish quickly after using this nourishing tonic and blood purifier. Muscle and sound healthy flesh is put on at an astonishing rate if Dr. Pierce's Golden Medical Discovery is taken, together with mild physical exercise.

### \$3,000 FORFEIT!

Will be cheerfully paid by the World's Dispensary Medical Association, proprietors of Dr. Pierce's Golden Medical Discovery, if they cannot show the original signature of the individuals volunteering the testimonials published below.

"Last summer during a severe hot spell," writes John Goetz, Senior Beadle, Forrester of America, Kodak 325, Corporal of 6th (regular) Artillery, heavy Battery B, First separate Company, National Guard of N. Y., "I became completely prostrated, unable to eat or sleep, with severe pains in groins and back, also blinding headaches. The doctors prescribed for me, but I did not seem to gain any strength, so decided to try Dr. Pierce's Golden Medical Discovery, as I had heard it so highly spoken of. Am pleased to state that a complete change for the better set in almost as soon as I began using this medicine, and within three weeks, I was fully restored to health and had gained eleven pounds in weight. I feel it a duty to write and tell you this."

"Please accept my thanks for your wonderful medicine, 'Golden Medical Discovery,' which has brought me from the bed to a healthy man again," writes G. W. Briscoe, of Abilene, Kans. "When I began taking your medicine I was run down in health and flesh, had no appetite, had heavy pain in abdomen, headache, backache, dizziness, shortness of breath, also eyes were weak, could not do any work. After I got Dr. Pierce's Medical Adviser I told me just what was the matter and what I should take to gain health. My cure has remained permanent. After using five bottles of 'Golden Medical Discovery,' I am now able to do a good day's work and do it with ease. The relief was something that I could not describe. It has enabled me to do my work steadily ever since."

**DO YOU KNOW YOUR OWN SYSTEM?** A complete medical book and physiology of the body, is Dr. Pierce's Common Sense Medical Adviser, which can be had for the cost of postage, 31 one-cent stamps for the cloth-bound book, or 21 stamps for the paper-bound volume of 1008 pages. Address: Dr. R. V. PIERCE, Buffalo, N. Y.

### READ CAREFULLY THE CONDITIONS:

THE MANNA CEREAL CO., Ltd., of Detroit, will give \$700.00 in gold to those ladies who most successfully demonstrate what other dishes can be prepared from UNO WHEAT CRISPS besides those described on the package and besides being the best of breakfast foods.

Get a package of Uno Wheat Crisps of your grocer, and experiment. When you have found some new dish, prepare it carefully, write out the recipe clearly and attach your name and address to the dish you have prepared, as well as to the recipe for the same and SEND BOTH to the MANNA CEREAL CO., Ltd., 45, 47, 49 Fort St. East, Detroit. (Your name will be withheld till the award of prizes if you so desire.) Each dish and recipe must be accompanied by the Child Label from the package of Uno Wheat Crisps. Send your Uno Wheat Crisps preparations and recipes to reach us only on THURSDAY MORNING OF EACH WEEK. All dishes will be judged by a committee from the Stewards' Club of Detroit on Thursday afternoon of each week. You may call for your dish the following Monday. The contest commences this week and will be continued for ninety days. Special prizes will be given to the first successful prize winners, so get your Uno Wheat Crisps and commence at once.

### "THE WORLD'S GREATEST FOOD FOR THE WORLD'S GREATEST PEOPLE"

If you don't want to compete, write us and tell us just what you think of UNO WHEAT CRISPS, "the world's greatest food for the world's greatest people." It is the result of years of scientific experiment by a chemist of national reputation, and is therefore prepared upon scientific and hygienic principles. It contains the choicest material, is thoroughly cooked and the starch of the grain is largely converted into sugars by our own process of predigestion. Every one who has tried it likes it. Uno Wheat Crisps are absolutely in a class of their own. Don't delay, get a package at once.

Remember the special prizes for the first successful dishes. UNO WHEAT CRISPS are healthful, appetizing and delicious. The perfect food from babyhood to old age.

IF YOU GROCER DOES NOT KEEP IT, WRITE US.

**MANNA CEREAL CO., Ltd., Detroit, Mich.**

### ON THE ESCANABA.

Minneapolis Capitalists Said to Be Interested in Its Water Power.

For the past few months numerous rumors have been afloat regarding the plans of some Minneapolis capitalists who are said to be projecting the development of the water power of the Escanaba river at a point about thirteen miles from here in a direct line at the place called the Cataract. The river at this point runs through a narrow channel that was blasted out of the rock to allow logs to pass. The water here assumes a tremendous velocity, capable of being utilized for a power plant of great capacity. It is said that the artificial channel would make the work of harnessing the waste power comparatively easy and that the expense of establishing the plant would be less than usually attends such undertakings.

The plans of the promoters have not yet assumed definite shape, but are believed to include the erection of a large pulp mill near the cataract and the transmission of power to Escanaba.

A number of local men have been negotiating with the owners of the property surrounding the Carp River Falls; two miles from town, with the idea of harnessing the water power for a municipal power station, owned and controlled by the city and used as a substitute for steam for the electric light and pumping plant. However, so many different parties are concerned in the ownership of the water rights and the land and a clear title would be so hard to secure that the plan has been practically abandoned. At first the prospects for securing the property and the water rights at a reasonable sum appeared very encouraging but it was later discovered that the Jackson Iron company had reserved the perpetual right to the water power.

### A GREAT SENSATION.

There was a big sensation in Leesville, Ind., when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c. and \$1.00. Guaranteed by Stafford Drug Co., Druggist. Trial bottles free.

### LOCAL LACONICS.

Jacob Paltowitz will soon occupy the Caples building, where he will conduct a jewelry store.

Frank L'Huiler has returned from Escanaba, where he has been receiving medical treatment.

D. T. Murphy has taken the place of Mike Burns as deliveryman for the Western Express company.

Rev. A. E. Rundquist visited friends at Menominee and Marinette during the greater part of last week.

E. C. Dutton of Marquette has taken a position as head bookkeeper for the Besitang Hematite Mining company.

A. Boulton is planning to build two dwellings on the property in the eastern part of town, recently purchased by him.

John Ward came home Friday from Mt. Clemens, where he has been for a month, taking treatment for rheumatism.

The ladies of the Methodist church will hold a bazaar and serve supper in the Sunday School rooms today, as has been the custom for a number of years.

Florence Curran and Dominick Lavigne left Saturday night for Chicago, where they expect to spend about a week.

The family of Daniel Harrington, formerly alderman of the third ward, have removed to Ishpeming. Mr. Harrington is employed by the Lake Superior Iron company.

John Atkinson died at Green Bay March 20 of stomach trouble. He was a brother of Thomas G. Atkinson and had many acquaintances here, among the older residents.

John A. Redfern has accepted a position with the fee owners of the Hawkins and other properties at Nashauk, and will look after their interests at that point. It is not known whether he will give up his residence at Hibbing.

Joseph Andrews, who arrived here Thursday, is visiting the town for the first time since leaving here for Montana seven years ago. He came to Negaunee from Detroit, where he has been taking a course of treatment for stammering. Before returning he expects to dispose of his property on Snow street.

**DANGER OF COLDS AND GRIP.** Grip is their resulting in pneumonia. A reasonable cure is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of the dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by the Stafford Drug Co.

**EXCLUSIVE EASTER EFFECTS.** Mrs. M. E. Arland will show them at her parlor on April 8-9.

**MRS. M. E. ARLAND.** (4-4-3t)

Foley's Honey and Tar contains no opiates, and will not constipate like nearly all other cough medicines. Refuse substitutes. Sold by People's Drug Store.

**MAN STARTS INSURANCE.** so when he stops, insurance takes his place. If man starts no insurance, his earning or productive value stops when he stops. Insurance is an idea which, if carried out, projects man's value beyond his grave. 4th year, doing business in 35 States. Nat'l Life Ins. Co. of N.Y. (Mutual) Organized 1852. M. W. Marshall, Gen. Mgr., Marquette, Mich.

### GIRLS PLAYED BASKET BALL.

The basket ball game between the High school girls' teams at the rink Friday night was attended by one of the largest crowds of spectators that has assembled there during the season. Over 250 tickets were sold and fully that many people were in the building. The teams played plucky games, and kept the ball moving all the time. Some difficult baskets were thrown from the field. Few fouls were made by either side. The greatest interest centered on the last few minutes of the game when the playing became fast and furious. The ball was finally landed in the basket just before the referee's whistle blew. The game was new to most of the spectators, and the girls had only a few weeks of practice. It promises to become popular, and it will probably be taken up by others than the girls.

### Additional Ishpeming

#### ISHPEMING IN BRIEF.

Hon. C. J. Byrns is expected home from Lansing today.

W. E. McKee is taking treatment for rheumatism at Chicago.

Donald McViehe is home from the Hill school, New York, for his Easter vacation.

Miss E. W. Ruez announces her annual spring millinery opening for next Saturday.

Miss Libby Cox, instructor of music in the Municipal schools, is home for the Easter vacation.

John C. Greenway is expected here today from his trip to Milwaukee, where he saw the president.

James Scanton's family have moved to Iron River, where Mr. Scanton is engaged in diamond drill work.

The schools closed Friday for the Easter vacation of one week. Most of the teachers will remain in town.

Frank E. Backs's store on East Division street has been closed and creditors have taken possession of the stock.

Will Duncan is spending the Easter vacation with his parents. He is attending the Hill School in New York.

Captain Thomas Walters and wife and Mr. and Mrs. H. F. Heyne came home from their trip in the South yesterday.

W. J. Blaney, bookkeeper for the local branch of Nelson Morris, has left for Chicago, where he will remain for a few days.

The name of M. A. Kahn was unintentionally omitted from the list of commitments of the Citizens' party in the Fifth ward.

F. Braastad's crockery department will be opened in a few days in N. Johnson's former stand at the corner of Second and Bank streets.

There is a very pretty Easter display in one of Tiblson's windows that has attracted a good deal of attention during the past few days.

The Ishpeming Light Guard will hold its annual Easter Monday ball one week from tonight at Anderson's hall. The City band orchestra will furnish the music.

Friday evening the fire department was called out by a fire in a chimney in Frank Vivian's residence on Cleveland avenue. The blaze was put out with the chemical fire extinguishers. No damage was done.

The meeting place of the Finnish Methodists has been changed from the hall in the second story of the Heiman block to apartments in the Voeiker block at the corner of Main and Division streets.

Carl Tellefsen is issuing certificates to stockholders of the Columbus Consolidated Mining company. The concern is an Arizona proposition and was floated in the copper country. Stock is now selling for \$1.50, but will be advanced shortly.

John D. Verran has accepted a position as bookkeeper and clerk at Ed Clark's store, succeeding Paul Paltowitz. Mr. Verran has had a wide experience as bookkeeper and has also been engaged in mercantile business, so he is well qualified for his new position.

The ladies of the Methodist church will give a bazaar at the church parlors today from 11:30 a. m. to 7:30 p. m. All kinds of fancy goods will be on sale. An admission fee of five cents will be charged. For the supper, which is to be served in the latter part of the afternoon and in the evening, the fee for adults will be twenty cents, and ten cents for children.

April is making a record thus far for sudden variations of weather. Yesterday morning a genuine March blizzard was blowing, and the snow was over four inches deep, though the temperature had not dropped much. Wagons were generally abandoned and the sleighs that had been put out of commission till next winter were brought out. Old weather experts prophesy that the month will be a cold one and that spring will be late.

Powr Commissioner Sporley was here last week looking into the case of a Finlander who arrived here direct from his native land last summer. The man was found to be suffering from consumption, with which disease he was ill when he landed. He was unable to work and he gave to applicants free of charge, a county check. The man was sent to New York, and from there he will be conveyed back to his home, the steamship company which brought him here standing the expense. This is one of the first instances in which the provisions of the immigration laws relating to contagious diseases has been enforced in this section.

**TO CURE A COLD IN ONE DAY** Take Laxative Broom Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

My French tailored hats surpass anything of other seasons. Call and see them. (4-4-3t) MRS. M. E. ARLAND.

## JAEDCKE BROS.,

Ishpeming, Mich.

### VOTES WILL TELL

ANNUAL MUNICIPAL ELECTION TO BE FOUGHT OUT TODAY.

GREENE OPPOSES ARCHAMBEAU

NATURALLY MOST INTEREST IS IN HEADS OF TICKETS.

Nevertheless the Ward Contests Are Attracting Much Attention, Particularly Those in the Second, Fifth and Sixth.

Greene vs. Archambeau, Archambeau vs. Greene, and everyone will know the outcome by nightfall. Interest in today's municipal election hinges principally on the result on the heads of the tickets, but nevertheless it is rarely that ward fights attract the attention that these minor contests are receiving in Marquette this year.

Saturday and yesterday were notable for a considerable warming up of the municipal campaign, which up to Saturday had been unusually quiet. Saturday night there was considerable "doing" in the way of lining up the faithful voter. There was activity in both the Archambeau and the Greene camps, though to be sure it was chiefly noticeable in the latter. This work was continued yesterday and last night, and it will not be given up today until the last of the available voters have been chased to the polls.

There has been no little election talk during the past two days, and the augurative voter was much in evidence yesterday. All things considered the campaign has warmed up pretty well. A week ago there was no tangible prospect of any fight whatever, but the contest that has developed stacks up favorably in comparison with the average spring campaign.

Last evening the Greene men professed no little confidence in the outcome, and they were offering odds on the result of today's balloting. They claim that their candidate's experience in municipal affairs, on the council and on the electric light and power commission, his mature experience in mechanical lines and his business ability, together with his popularity among all

classes in the city, have been standing him in very good stead, with the result that he is the legitimate favorite. They assert that Mr. Greene's friends are well organized and that his interests will be well looked after today.

Of course the Archambeau men are inclined to favor their leader's chances. They claim that he is strong because he was first in the field, which he had all to himself for the first couple of weeks of the annual spring spasm.

In the wards the Second promises to be about the biggest storm center, as it is there only that both the alderman and supervisor on the Citizens' ticket are being opposed. John Dwyer and Tom Morgan are in the field against Joe Fay and J. J. Donovan. There is much interest in this contest outside the Second and it all takes the form of a general desire that the Citizens' candidates shall be elected by a good majority. Mr. Fay is one of the most useful and influential supervisors Marquette has on the board and his loss would be a loss not only for the Second but for the city at large. Mr. Dwyer is a good man, but progress on the board is slow and it would be a good while before he or anyone else from Marquette could fill Joe's shoes. Mr. Fay, among other things, is chairman of the purchasing committee. Mr. Donovan is a public spirited and able member of the council, who, too, deserves every consideration from his constituents.

In the Fourth, Fifth and Sixth the office of alderman is in dispute, the opposing candidates being Ernie Bush and Allen Cowden, James Gray and Alfred Fleury and Andrew Hartvigh and Albert Holley. In each instance it is said that the result will be close, this being claimed to be particularly true of the Fifth and Sixth, where the People's candidates promise to make very good runs.

#### J. F. KERN STEPS UP.

He is Now the Manager of the Lake Shore Engine Works.

The directors of the Lake Shore Engine works have advanced J. F. Kern, for some years cashier and assistant secretary of that company, to the position of manager, to succeed Howard Greer, Jr., resigned. This promotion meets with the warm approval of Mr. Kern's many friends and associates and is in direct line with President F. H. Begole's policy of filling all vacancies on his staff with men from the "firing line." Mr. Kern is a graduate of the Marquette high school, class of 1890, and he entered the employ of the Engine works eleven years ago as office boy. Ben Gill is now the company's cashier, and Edward Cornell has been advanced to the position of bookkeeper.

The happiest couple in the world should be a deaf husband and a blind wife, both taking Rocky Mountain Tea. Keeps peace in the family. 35 cts. Stafford Drug Co.

#### FIRE WOOD.

Good dry hardwood, block or split. Dry pine slabs; dry hemlock slabs—any length required. F. W. Read & Co., Marquette. (12-19-03)

#### TOMORROW EVENING.

"The Christian" Will Be the Bill at the Opera House.

"The Christian", which will be the bill at the opera house tomorrow evening, will be mounted with an equipment especially built for the production. In addition to the speaking members of the cast, upwards of thirty auxiliaries are carried whose only business is to form the tableau of the great mob scene. This is one of the most dramatic pictures ever put upon the stage and in the hands of this corps of well-drilled supernumeraries, it creates an enthusiasm never before equalled. It is estimated that Hall Caine's novel has been read by over seven million people, hence the story is well known. The author dramatised his own work, and came from his home at Greeba Castle on Greeba Mountain, Isle of Man, to New York, to superintend the production of his masterpiece. That his work has been appreciated is emphasized by the fact that his royalties, so far, have reached one hundred thousand dollars. Several of Hall Caine's novels have been dramatised but, until "The Christian", proved himself as great in stage craft as he is in romance.

#### FLOWERS IN ABUNDANCE.

All kinds of cut flowers, Easter Lilies, Roses, Carnations, Hyacinths, Violets, etc. Give a potted plant for an Easter gift. We have a fine variety, including Palms and Ferns. The Stafford Greenhouses, Third St. Both phones, 4-6-14.

#### CITY BREVITIES.

Today's weather: Rain; high easterly winds.

Yesterday's temperature: 7 a. m., 29 degrees; 12 noon, 30 degrees; 7 p. m., 35 degrees; maximum, 36 degrees; minimum, 24 degrees.

Ned Ward is up from Chicago on a short visit with friends and relatives.

Mrs. James Russell and daughter, Mable, left Saturday evening for Fond du Lac, Wis., and Chicago.

M. H. Crocker of Ishpeming and Theodore Thoren of Negaunee were Marquette visitors Saturday.

J. H. Primeau, Jr., came down from Negaunee, where he has just accepted a position, Saturday evening, to spend Sunday here.

It is announced that the curtain at the opera house will rise at 8:15 o'clock sharp tonight, when the Swedish Ladies' Quintet will entertain.

The council will meet this evening, an adjournment being taken almost as soon as it is called to order, on account of its being election night.

The regular monthly meeting of the park and cemetery commission is called for this afternoon at 2 o'clock in the office of the secretary in the Harlow block.

Paul Greer, son of G. H. Greer, has been appointed to a cadetship at the naval academy at Annapolis by Congressman H. O. Young. Mr. Greer attended the University of Wisconsin in the early

part of the present school year, having been called home on account of the serious illness of his mother. He will take his examination in June or July.

John Downey, a Marquette railroad man who has been ill at Thomaston for the past week, was brought here yesterday and taken to St. Mary's hospital for treatment.

Paul Ash, of Milwaukee, who was a Marquette business man from '67 to '78, was here yesterday. He is in the county visiting Nels Clifton of Ishpeming, who travels for his firm.

Miss Inez Mathews and Miss Frances Mathews left for Chicago Saturday. The former will be in Chicago this week, and Miss Frances will proceed east on a several weeks' visit to different cities.

The public schools will have their annual Easter vacation this week. Sessions will be resumed a week from this morning. The sessions at the Northern Normal begin today, the Normal vacation having occurred last week.

R. C. Smith has come here from Detroit to assume the office management of the Northern Michigan Accident & Benefit association. He was formerly connected with the U. S. Health & Accident association of Saginaw.

James Smith, son of Joe Smith, and who has been employed at Van Alsty's dry goods house for some time, left Saturday evening for Chicago to join the crew of the steamer Maruba. He has taken a position as assistant cook on the boat and will sail on the vessel during the season of navigation. He makes the change in the interest of his health.

"The Man from Sweden" played to a fair-sized house at the local theater Saturday evening. Knute Erickson, in the title role, did well and was received with considerable favor. Aside from his dramatic talent, he is a good musician. Little Beatrice in the juvenile part was excellent, and some pleasing selections were rendered by the quartet which is a part of the troupe. There are some weak members of the cast, but all in all the play seemed to please the audience.

It was a week ago last Friday that a representative team of the Marquette ladies' whist club went up to Ishpeming and won the Biddle whist trophy by a score of ten plus. The Marquette ladies have not said anything about their victory, on account of their modesty, and the Ishpeming ladies have been keeping still about the outcome of the game, too, so it has just transpired that the trophy is back in this city. It is a challenge trophy and the local team is liable to be called on to defend it any time. In fact it is reported that the Ishpeming ladies are contemplating an early invasion of this city, with a view of getting it back.

Peacock Hams and Bacon are unexcelled. (3-23-3m-o)

OPTICIANS' CANNOT AID those persons who are short-sighted as to neglect insurance. 5th year, and doing business in 35 States. Nat'l Life Ins. Co. of Vt. (Mutual) Organized 1850. M. W. Marshall, Gen. Mgr., Marquette, Mich.

Cudahy's Kettle Rendered Lard—like mother used to make.
