Advocates of primary election in Michigan point with an "I told you so" air to Kent county, where a proposition to extend to the entire country this method of providing for a direct vote on nominations has just been approved by an overwhelming majority.

It is said that the end of the next four weeks will find the legislature pretty well through with the business of the present session. It has ground out a big grist of legislation, very little of it of prime importance.

Goodbye to the president. He has ducked into Yellowstone park for sixteen days' absolute seclusion from the newspaper man, the camera fiend and the enthusiastic citizen.

Score one for Clara Barton. She has procured the expulsion by the executive committee of those members, prominent in all walks of life, who have suggested that she is of an age where she should be willing to retire from the active direction of the Red Cross society.

The primary election bill providing for a direct vote on all nominations, even including those of state officers, passed the house by such a large majority Thursday that the vote was practically unanimous.

Representative Babcock is justly indignant at Secretary Root's declaration that there shall be no "tariff tinkering." Mr. Babcock says it is the plain duty of the Fifty-eighth congress not only to do some effective work in the line of reciprocity, but to make some effort to pave the way at least for a gradual revision of the tariff.

China's awakening. A change of tremendous import has recently taken place in China, according to Rev. Dr. Timothy Richard, who is connected with the mission work in that country.

In those days the idea of the government was to pay off the debt as rapidly as possible. The idea of the present secretary is to needlessly extend the debt by means of bond issues running for a stated period with no option of redemption.

For the taxpayers of the country this favor to the banks is rather expensive. The bonds now outstanding would call for an average of about three years' interest at four per cent, in all about twelve per cent. The thirty year bonds at two per cent will call for sixty per cent, making the refunding plan cost the country about forty-eight millions.

All this for the purpose of enabling the banks to issue bank note circulation. There has been considerable opposition to the proposal to permit the banks to issue notes which would be a first lien on their assets on the score that the currency would not be safe or that it would result in loss to somebody.

What this awakening portends for the rest of the world can now be only imagined. The teeming millions of Chinese may easily become a great factor in the industrial world, and the resources of the country, developed by modern methods, may seriously disturb existing industrial conditions.

At first, however, the country will need much in the way of machinery, railroad equipment and other articles which America is ready to furnish, and with the prestige enjoyed by the Americans, trade between the two countries for the next few years, at least, ought to grow rapidly.

This awakening is made by Dr. Richard...

FIFTY CENTS A MONTH. A small bottle of Scott's Emulsion costing fifty cents will last a baby a month.

Babies that are given Scott's Emulsion quickly respond to its helpful action. It seems to contain just the elements of nourishment a baby needs most.

Ordinary food frequently lacks this nourishment; Scott's Emulsion always supplies it.

WILL send you a sample free upon request. SCOTT & BOWNE, 409 Pearl Street, New York.

and the ground for an appeal for more missionaries. There is room in China for a thousand, he says, where there are but scores.

The development of the country along modern lines may change these conditions, but this progress will be accompanied by a development of resources which will supply the demand.

As to the wisdom of this step there is a division of opinion. It is unnecessary, so far as the government is concerned at this time, as the national income is so large as to justify the hope that by the time the bonds mature it will be possible to retire them altogether.

For years the Chinese displayed the utmost contempt for all civilization other than their own. China in their opinion represented the acme of human achievement. They did not want to even hold intercourse with the outside barbarians, and refused to believe that the foreign devils could possibly teach them anything of value.

The entire empire of China is divided into 1,500 counties, over each of which there is a district magistrate. The counties are arranged in groups of ten, each group constituting a province, with its separate government.

There has been considerable opposition to the proposal to permit the banks to issue notes which would be a first lien on their assets on the score that the currency would not be safe or that it would result in loss to somebody.

What this awakening portends for the rest of the world can now be only imagined.

SEVERE ATTACK OF GRIP. Cured by One Bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, Editor of the Enterprise, Shortsville, N. Y.

IT WILL BE JUDGE ANDREWS.
Recount of the Ballots Shows the ex-Mayor the Winner.

The recount of the ballots cast in seven wards in the recent city election is ended and former Mayor Andrews' right to sit on the municipal court bench during the ensuing term of four years has been determined without an iota of doubt. The People's party candidate has been found the winner by twenty-eight votes majority. This is the same as was announced on the night of election day, for while a number of errors were found in the recount the sum total of the votes cast for either Mr. Andrews or Cornelius Kennedy, his opponent, shows no change. As the vote in the various wards now stands, it is as follows:

First	73	82
Second	87	143
Third	156	143
Fourth	84	146
Fifth	104	87
Sixth	158	80
Seventh	80	44
Eighth	79	62
Ninth	51	122
Tenth	95	30
Totals	967	939

In the recount by the board of canvassers and the special committee, each candidate lost one vote, the totals have stood 968 to 940. The changes were as follows: First ward, Andrews gained two and Kennedy lost one; Third, Kennedy gained one; Sixth, Andrews lost two; Seventh, Andrews lost one; Eighth, Kennedy lost one. It was not until about 11 o'clock last night that the work of recounting the ballots was finished.

Great Interest Taken.
Before the time set for the meeting of the council, a large crowd had gathered about the city hall and some lively discussions pro and con were heard. The Lake Angeline mine closed at 3 o'clock and practically the entire force started in a body for the city hall, adding to the numbers gathered about the building. When the mayor tapped his gavel, he called the council to order the space behind the rails was packed to suffocation with an eager throng that extended into the outer corridor.

There was an imposing array of legal talent, about all the representatives of the profession in the city being on hand either as advisers or spectators. At Sedgwick and T. J. Dundon were counsel for Mr. Andrews, while H. O. Young and Frank Harper of Chicago represented Mr. Kennedy. T. F. Nolan was also inside the rail, but not as the representative of either party.

The preliminaries were quickly disposed of. After the calling of the roll, Mr. Kennedy's protest against the alleged result of the vote and demand for recount was made. Mr. Sedgwick raised two objections to the notice, claiming that it was irregular because it had been filed with the recorder, while Mr. Sedgwick maintained was not the clerk of the board of canvassers and therefore not qualified to receive the notice, and, secondly, because the portion containing the notice that was served on Mr. Andrews was omitted from the reading. The second objection was withdrawn when the clerk read the notice and the first was found to be unwarranted since the recorder is actually the clerk of the board of canvassers.

Alderman Williams introduced a motion providing for a compensation of \$3 for each alderman for each eight hours served on the board of canvassers. The aldermen were not slow to vote in favor of the motion, and there was not a single nay vote.

Recount a Tedious Task.
Mr. Kennedy appointed D. J. Sliney as his representative on the committee that was to make the count and Mr. Andrews selected Edward Cory. Two ballots were necessary to elect a third member to represent the board of canvassers. On the first ballot William Trebilcock received eight votes, Joseph Kennedy two and James McCutcheon six. On the second, Mr. McCutcheon received seven and Mr. Trebilcock eight, which elected the latter. The work of recounting the votes proved a slow job. Mr. Andrews did not take advantage of his right to contest the three wards omitted from Mr. Kennedy's protest, but even with seven to handle the committee had its hands full.

The big tin ballot boxes were brought in and emptied on a table and each of the members of the committee examined every ballot. The ballots that were decided to be defective were set aside to be submitted to the whole board for final decision. The committee acted harmoniously as a whole, though occasional disputes arose. The attorneys kept a watchful eye on the entire proceeding and not a single ballot escaped their notice.

Attorney Potter gave general advice on legal points to the members of the board and to the committee. At the beginning of the session he had volunteered to give way to any other attorney whom the board might select, for the reason that some might think that his advice would be prejudiced in Mr. Kennedy's favor, as he had been the chairman of the Citizens' committee and had worked to secure the election of the nominees of that party. By a unanimous vote the board decided to retain him as its counsel.

The board adjourned until 8 o'clock, soon after it assembled, but the majority of the members remained in the council chamber. At supper time the committee had counted the vote of the First and Fifth wards and Mr. Andrews was one ahead. Many ballots were thrown out, but they were nearly all those that the election inspectors had rejected in the original count.

Excitement Ran High.
During the evening the excitement ran high. Some of the miners were chosen down and those in operation worked short-handed, many hundreds of men being on the streets and about the city hall. At times it looked as though there might be trouble, but the clouds blew over and no disturbances were noted. Great enthusiasm by the Andrews men followed the result of the Kennedy contest and an impromptu jollification was held.

THANKED THE MAYOR.

Council Pays Graceful Tribute to the City's Chief Executive.

At its regular meeting Wednesday night, the council paid a graceful tribute to Mayor Felch. By a unanimous vote the aldermen adopted a motion, made by Alderman Persons, extending to the mayor the thanks of the council for the efficient manner in which he has presided over the affairs of the city of Ishpeming during the past year. Mayor Felch expressed gratification at the unusual action of the aldermen in a few appreciative words.

Injured Firemen Indemnified.
Alderman Kennedy introduced a motion granting the fire committee, together with the mayor and city attorney, a recess of five minutes to prepare a report providing for compensation to John Connors and Joseph Gunville for injuries they had received while attending fires. Connors broke his arm while running to the scene of the opera house fire on Feb 17 and has been unable to work since. Gunville sustained a bad injury to three of his fingers while on the way to the Carpenter-Cook fire about a month ago and has only recently resumed his duties as mail carrier. The committee reported as follows:

"Your committee to whom was referred the question of compensation of John Connors for injuries sustained at a fire, beg leave to report that said John Connors was injured in a serious manner, viz: A broken arm, and that he cannot recover complete health inside of three months, and we therefore recommend that said John Connors be paid at the rate of \$75 per month for three months, as full payment for loss of time and nursing, this payment of \$225 not to prejudice the said John D. Connors from asking for further compensation if he has not fully recovered on May 27, 1903, for loss of time sustained to that date. In regard to Joseph Gunville this committee recommends that the city pay him \$75 as full compensation for his injuries received while in the service of the fire department. (Signed) W. H. Sterling, Joseph Kennedy, J. T. Burke, W. T. Potter, T. A. Felch." The report was unanimously adopted.

Cost of Election Over \$700.
The cost of holding the election was diminished considerably by having only one day for registration instead of two. However, it cost the city quite a sum to get the ballots for the state election transported from Marquette. Each supervisor, in accordance with the law, was forced to make a trip to the county seat to get the ballots for his ward. For performing this service, each received \$4.50. The members of the election board were paid \$6 for their day's work and the gate keepers \$4. Two men acted on election boards as inspectors of election and went to Marquette, netting a total of \$15.30 for each. The total cost of the election was \$701.69.

Extra Pay for City Attorney.
Alderman Persons, in introducing a motion to pay City Attorney Potter \$100 for extra services during the past fiscal year, said the monthly salary the attorney receives is hardly sufficient for a retainer's fee. The other aldermen regarded the matter in the same light, and Mr. Potter was allowed the extra compensation without a dissenting vote. The salary of the city attorney is \$33.33 per month.

METHODIST CONCERT.
Following is the program which will be given at 7 o'clock at the Methodist church, under the auspices of the choir: Blow on Ye Merry Breeze—F. D. Jacob Choir.
Duet, flute and clarinet..... Selected Messrs. Sherman and Sundley.
Solo—The Swallows..... F. H. Cowan
Row, Boatman, Row..... A. Gribel Choir.
Tuba Solo and Var—Rocked in the Cradle of the Deep..... Robinson Geo. Delbridge.
Quartet..... Selected Messrs. Cornish, Delbridge, Watters and Walters.
Forest Glee..... C. E. Leslie Choir.
Solo—Flute..... Selected S. F. Sherman.
Quartet—King of Song..... Beirley Mrs. P. C. Bennett, Mrs. C. J. Walters, Messrs. Delbridge and Watters.
Gloria..... Mozart's 12th Mass Choir.

MINES IDLE TODAY.
There will be no work at any of the mines of the city today. The banks and mercantile establishments will also suspend business. The barber shops will remain open until noon. All the milliners of the city will hold their spring openings today and tomorrow. This is the first time that they have conducted business on Good Friday, but there was a demand from patrons that they be given a chance to view the displays today. Many of the ladies who could not attend the openings any other day in the week will be out.

LADIES IN MINSTRELSY.
One of the novelties in minstrelsy this season and a leading feature with the Mahara minstrels is the appearance in the first part of eight handsome costumed lady vocalists. This double quartet of ladies are graduates of the famous Dunavin musical college, where all high class colored musicians are educated. It is an acknowledged fact that the singing features of this organization compare favorably with the finest operatic companies on the stage and surpasses in excellence of harmony all so-called minstrel vocalists. It has always been the endeavor of Mahara Bros. to excel in singing features and these ladies aided by twenty-eight male voices in grand chorus proves that the management has chosen the best to succeed. The company will hold the boards at the local theatre next Tuesday evening. The prices will be twenty-five, thirty-five

ISHPEMINGITE A DIRECTOR.

F. Braastad returned yesterday from the copper country, where he attended a meeting of the promoters of the Wolverine & Arizona Development company. The board of directors includes John Daniels, John Uleth, Captain Thomas Maslin, Paul P. Roehm, Captain Ben Chynoweth, Frank James, Fred Braastad, W. H. Brophy and E. A. Dolf. Mr. Brophy is a prominent banker of Bisbee, Arizona. The capital is 50,000 shares at a par value of \$10 per share. Only 20,000 shares have been placed on the market.

A THOUGHTFUL MAN.

M. M. Austin of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c, at Stafford Drug Co.'s drug store.

ISHPEMING IN BRIEF.

A party left yesterday for Camp Nine for a short outing.

There will be special services this evening at the Presbyterian church.

A girl was born to Mr. and Mrs. John Sleman, 123 Salisbury street, Tuesday.

G. J. Murray, postmaster of Michigamme, was a visitor in the city yesterday.

Walter Day arrived in town last night from Baltic. He will remain over Easter.

The members of the Tomawanda club are planning to give an entertainment in the near future.

A new nine drawer catalogue case for the subject catalogue has been received at the library.

Alhreck lodge, I. O. O. F., will meet today at 2 p. m. instead of at the regular hour in the evening.

J. Locher left for Milwaukee yesterday morning to join his wife, who has been there for several weeks. They will return Sunday.

The usual Easter union services by the young people's societies of the Protestant churches will be held Sunday morning at 7 o'clock in the prayer room of the Presbyterian church.

Mrs. Thomas Green of South Pine street entertained a number of friends Wednesday evening in honor of her forty-fifth birthday. She was the recipient of some beautiful presents.

Frank Harper and family arrived here yesterday morning from Chicago on a visit to Mrs. Harper's parents, Cornelius Kennedy and wife. They were accompanied by Miss Louise Kennedy, who has been visiting them in Chicago for a few weeks past.

There will be prayer service at Grace church this morning at 9 o'clock. Special services will be conducted for three hours, from 12 m. till 3 p. m., with meditations on the seven last words of Christ on the cross. Evening services with special music, will commence at 7:30 o'clock.

TO CURE A COLD IN ONE DAY
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

NEW CITY OFFICERS

THEY WERE APPOINTED ON WATER AND ELECTRIC BOARDS.

COUNCIL MET LAST NIGHT

JAMES MANEY AND J. FRED KERN NAMED BY MAYOR RUSSELL.

Supervisors Returned Over \$1,000 of Bills to the Aldermen, Claiming Not to Be Liable for Their Payment.

James Maney was appointed a member of the board of fire and water commissioners by Mayor Russell last evening, succeeding John Tobin, whose term has just expired.

Dr. Hornbogen, the health officer, reported that the supervisors had referred small pox bills amounting to over \$1,000 back to the city council, on the ground that the patients concerned did not appear to be residents of this county.

If it can be shown that the quartet of patients concerned have been bona fide residents of this county the Marquette supervisors will have to foot the bills.

Votes of Thanks.

Last evening was the occasion of the last meeting of the council that has served during 1903. When next the aldermen assemble they will have a new mayor and a couple of new members in their midst.

Whereas, The Hon. James Russell is about to retire from the office of mayor of the city of Marquette, a position he has filled with conspicuous ability and with honor and credit to the city whose interests he has always sought to promote.

Resolved, That the thanks of the common council and the city's appointive officers are hereby tendered Mr. Russell for his uniform courtesy as presiding officer of this body, and

Resolved, That the best wishes of the members of the common council are hereby extended to Mr. Russell for his future success and happiness in all his undertakings.

In acknowledgment, Mr. Russell expressed his thanks to the aldermen for their very pleasant words and congratulated them on the year's work they had done together.

A man of mature and sound judgment, first class business ability and strict personal integrity.

Want Tracks Taken Up.

Alderman Shea introduced a resolution calling on the South Shore road to take up the tracks crossing Front street at a point between Main and Spring streets.

On motion of Alderman Shea the city controller was directed to advertise for the city's supply of coal, lumber and cement.

Other Matters.

The streets and sewers committee recommended that the petition of William D. King and five others for a sewer on the south line of Hewitt avenue between the east side of Third street and the east line of lot 8, block 2 in John Burt's addition be granted.

The street commissioner, in accordance with the petition of Martin Rustenhoven and thirteen others, was instructed to throw up a kind of a road running from the street railway power house and connecting with the Presque Isle drive.

The petition of John Bobko for permission to erect a two story frame dwelling on Rock street, between Third and Fourth streets, within the fire limits, was laid on the table.

The controller was instructed to advertise the city's intention to vacate an alley, 125 by twenty feet, for the benefit of the street railway company.

CHANGE OF DATE.

WILL DO THIS TIME

AMENDMENTS CONCERNING WATER BOARD SATISFACTORY.

WILL GO TO LANSING AGAIN

HYDRANT RENTAL IMPOSED TO SUPPORT DEPARTMENT.

Provision for Extending Water Mains by Creating Assessment District Embodied—Fire Wardens Provided For.

Last evening City Attorney Brown presented to the council a re-arranged bill amending sections five, eleven, thirteen, fourteen, twenty-one and twenty-two of an act entitled, "An act to create a board of fire and water commissioners in the village of Marquette and to define its powers and duties."

The bill provides for a hydrant rental for the support of the fire department by direct taxation; for the extending of water mains by the creation of special assessment districts for bearing the expense; for the appointment and compensation of fire wardens, and for minor matters.

Section 5 provides that a majority of the board shall constitute a quorum and that the board shall keep a record of proceedings and a list of recorded assessments for water rates.

Section 9 provides for the hydrant rental, as follows: "Said board shall on or before the second Monday of May of each year, estimate and report to the common council of the city of Marquette the amount of money required to be raised by tax during the ensuing year for said board for fire protection account, for sinking fund, for the payment of indebtedness and for other necessary expenditures, specifying the sum estimated for each of said purposes; and the sum specified for fire protection account shall be not less than thirty dollars for each fire hydrant in the city, nor more than fifty dollars for each hydrant. Said amount shall be raised by special tax, to be designated "Fire and Water Tax," upon the general tax roll of the city for each year, and when collected shall be placed to the credit of said board and be applied for the purposes for which the same was raised."

Section 11 provides for the extension of water mains by the creation of assessment districts, for bearing the expense. It is as follows: "Said board shall have power to lay pipes in and through any of the streets, alleys and public grounds of said city and to construct such intakes, wells, reservoirs, pumping works, stand pipes, valves, gates, hydrants, fountains and other structures as they shall deem expedient; and may provide that the whole expense thereof, including the land and rights of way therefor, be defrayed out of any appropriate funds in hand or to be raised by tax or loan, or that such expense or such portion or amount thereof as they shall determine to be just, shall be raised by special assessment on the lots and parcels of real estate to be specially benefited by any such improvement. Before incurring any expense, except for land and right of way, for any improvement the expense of which is to be in whole or in part defrayed by special assessment, said board shall cause a brief description of such proposed improvement, with estimates of the cost and expense thereof and of the portion or amount proposed to be raised by special assessment and also a plat or description of the district pro-

posed to be assessed, to be deposited for public examination for at least ten days prior to the time when said board will hear objections and suggestions in relation to the same; and notice thereof and of the time and place where said board will meet to hear such objections and suggestions, shall be given by publication in a newspaper of said city at least ten days prior to such time. Upon or after such hearing said board may make changes or alterations in the plans and estimates for said proposed improvement, in the amount to be raised by special assessment, and in the district to be assessed; and may construct or enter into a contract for the construction of said improvement; and when the amount to be raised by special assessment for such improvement shall be determined by said board, it shall make or cause to be made a special assessment roll of all the lots and parcels of land within said district, except public property, and shall assess thereon against the said lots and parcels of land and against the owners, if known, the amount to be raised by special assessment for such improvement, assessing upon each lot or parcel of real estate in such district its just proportion, according to their judgment of the whole amount to be raised by special assessment for such improvement, having reference to the proportionate amount of benefit to be derived from such improvement by each of said lots or parcels of land. A time and place shall be fixed where said board shall meet to consider the revision and confirmation of said roll and ten days' notice of such meeting and the purpose thereof shall be given by publication in some newspaper of said city. Upon or after such hearing being given said board may confirm such roll or may revise and amend the same, and change the limits of the assessment district or the amount of the assessment upon any lot or parcel of land therein, or may make or cause to be made a new assessment roll for such improvement; and in case the limits of such district be enlarged or a new roll be made, another and like notice of revision and confirmation of said revised roll or of such new roll shall be given in the same manner; and proceedings may be had thereon in like manner and confirmation is had of a roll, a notice of the confirmation of which has been given, as aforesaid."

In section 12 provision is made for the levying and collection of the special assessments provided for in the foregoing section. Section 13 provides for the appointment and compensation of fire wardens by the board of fire and water commissioners, and specifies as to their duties.

Section 14 is important, reading as follows: "Said board shall, from time to time, cause to be assessed the water rate or rates to be paid by the owner or occupant of each premises, building or part thereof supplied with water upon such basis as they shall deem equitable; and such water rates and the reasonable costs of collection thereof shall be and remain a lien until paid, upon such premises and upon the lot or parcel of land upon which such building is situated. Such rates shall be so adjusted, from time to time, that the amount of money raised by water rates each year shall not exceed three-quarters of the total amount to be expended in such year for maintenance of the fire department, operating expenses of the water-works system and interest on the indebtedness of said board. Said board shall have power to make and enforce all necessary by-laws and regulations for the collection of water rates, either by the appointment of collectors to demand the same, requiring payment at the office of the treasurer, shutting off the water, or by suit in any court of competent jurisdiction; and suit may be brought in the circuit court for the county of Marquette, in chancery, for the foreclosure of the lien on real estate of any sun or sums for water rates, irrespective of amount involved, and said court shall have jurisdiction to hear, try and determine such suits; and provide that the attempt to collect such rates by any method above mentioned shall not in any way invalidate the lien of such water rates and the costs of collection upon the real estate until payment thereof."

Section 21 empowers the board to create a sinking fund, and authorizes it to cause to be raised by taxation for this purpose a sum of money not exceeding in amount one-tenth of one cent on each dollar of the assessed valuation of the city, the moneys to be invested in interest bearing government, state, county and municipal bonds.

The 22nd section provides for the time and manner of making the annual report of the board.

The changes will take effect immediately with the passage of the bill.
