Brigham Young, "the noblest Mormon of them all," will no longer be a factor in the control and direction of the Mormon church, he having passed away Saturday night after a long and eventful life.

There has been a good deal of a tempest in a teapot at Ann Arbor over Professor Scott's action in falling into line with President Jordan and Leland Stanford, at a recent athletic meeting at Chicago.

The president has made the appointments for the general army staff. We have been hearing a good deal about reluctance of good officers to take these assignments, but nevertheless the president's selections seem to us to represent the cream of the army list.

Dr. Guy Carlton Lee, one of the editors of the Baltimore Sun, says in a Detroit interview that Admiral Schley must not be overlooked in the discussion of possible presidential candidates on the Democratic ticket.

WHAT THE TIMES SAYS. The Soo Times, Democratic, comments as follows on the recent municipal election at the Lock City:

merits of the Santiago fight, it is plain that the people reverse Schley because he was there. I have noticed this in my trip during the past month, which practically covered the itinerary of the Schley tour.

There is a new outbreak of spelling reform. Earnest persons are writing to the newspapers about it, and some newspapers are trying to begin at home and reform their own spelling, according to the artificial rules of the learned societies.

Having thus demonstrated what it can do the law department will be compelled to look after the trusts and companies more closely than heretofore.

GRADING UNDERWAY

ERIC JOHNSON IS WORKING ON PRESQUE ISLE AVE. EXTENSION.

WILL NOT FINISH THIS YEAR

MACADAMIZING NOT TO BE DONE UNTIL NEXT WINTER SEASON.

L. S. & I. Road Is Hauling the Dirt Now Being Used, Running It in on Street Car Tracks—A Proposed New Ordinance.

Eric Johnson, who was given the contract to ditch, grade, curb and macadamize Presque Isle avenue, from Wright street north to Hawley street, a distance of about half a mile, at the regular March meeting of the council, has made a start with the grading work on the project.

The improvement will not be completed this year, as the contractor was given until next spring in which to finish the macadamizing of the thoroughfare. He will haul his rock next winter, when it will be possible to do this work cheaper on account of the greater ease with which sleighs can be handled.

To Finish Streets. If a new ordinance of which the members of the street committee approve is passed by the council it will soon be necessary for all contractors who agree to undertake street work to promise to finish the streets with the roller, leaving them in practically the condition they are put by the street commissioner when he superintends building or rebuilding work.

They are left finished, or rather unfinished, with the rough stone, and they are both unsightly and unserviceable until the city puts on the fine dressing and rolls them. Under the proposed new arrangement streets will be finished and put in the best of condition as soon as they are macadamized. The advantages that would accrue from the proposed new ordinance are obvious.

LARGE ATTENDANCE. It Was Present at the Firemen's Ball Last Evening.

Over two hundred couples were entertained last evening at the Casino rink at the annual ball of Morse Hose company. The rink was decorated in the national colors and electric light designs. The full Marquette Ideal orchestra furnished the music, being located in a stand erected in the middle of the floor.

WILL MEET TODAY. County Canvassers Are to Officially Determine Election Results.

The board of county canvassers, J. E. Sherman, F. M. Moore and George A. Newell of Ishpeming, is to meet today to officially determine the results of last week's election on the state and county tickets. All the returns from the townships are in. County Clerk Ross has tallied the various votes, with the following result:

Justice of the supreme court—Hooker, Republican, 3,556; Pound, Democrat, 609; Fox, Prohibition, 253; Friesema, Socialist-Labor, 153; Hodge, 101. Regent of the state university—White, 3,570; Knappen, 3,556; Republican; Burt, 608; Abbott, 290; Democrat; Ward, 256; Leland, 249; Prohibitionist; King, 153; Ullbricht, Socialist-Labor; Hunt, 94; Benesi, 92; Socialist.

Both amendments to the state constitution carried. For that "providing a board of county auditors for the counties of Saginaw, Jackson, Washtenaw and Kent" there were 2,908 favorable votes as against 792 nays. The amendment of "relative to the circuit courts, affecting only the counties of Bay and Wastrenaw" received 2,420 aye votes, with 845 nays. Very little was known concerning either of these amendments by the electors, and it is safe to say that the great majority of those who took the trouble to vote on the questions involved cast "blind" ballots.

EQUIPMENT READY. Powell & Mitchell Now Prepared to Begin Work at Grand Marais.

Powell & Mitchell, who have an important breakwater contract at Grand Marais this year, have been busy for some time overhauling their tug Ward, their scows and equipment of various kinds in preparation for the start with the work. They now have everything in good condition and are about ready for a move on Grand Marais. They could start work almost at once were it not for the fact that there is yet no little ice in and about Grand Marais Harbor.

FINE EASTER MUSIC. It Was Greatly Enjoyed at St. Paul's Cathedral Sunday.

On all sides have been heard nothing but words of praise for the music rendered by St. Paul's cathedral choir for the Easter services, both morning and evening. The full choral service had not been heard in this parish for a long time before, and it was the unanimous opinion of those present in the church Sunday evening that the extra hard work that had been done by both choir-master and choir during the past two months had been productive of most happy results. It is generally hoped by members of the congregation that the Easter music will be repeated again at some time when those who had not the pleasure of listening to it Sunday may be given another opportunity. The addresses at both the morning and evening services were in the nature of special Easter instructions, and being given by the bishop, they were listened to with the deepest interest.

DON'T! Don't get the notion that the curative power of a medicine exists in the name. It must be in the medicine itself. You may not have heard of Re-Go Tonic Lactative Syrup. It is not made of figs because the laxative principle of figs are the seeds, yet it is as pleasant to take as figs are to eat and is a certain cure for biliousness, constipation, indigestion and stomach troubles. The name is Re-Go, which in Sanscrit means "good." The merit is all in the medicine itself. Sold by The People's Drug Store.

CITY BREVITIES. Today's weather: Partly cloudy; stationary temperature; brisk northerly winds. Yesterday's temperature: 7 a. m., 38 degrees; 12 noon, 39 degrees; 7 p. m., 37 degrees; maximum, 40 degrees; minimum, 37 degrees.

est of the Hoyt forces, and it is said to be played by a very good company this season. The Woman's guild of St. Paul's Episcopal church will hold a ten cent tea in the chapel tomorrow afternoon at 3:30 o'clock. Tom Williams, who is attending the state university at Ann Arbor, is home to spend the Easter vacation with his parents. The whistle of the Pioneer furnace in North Marquette now sounds its note along with the other whistles about the city. The gas plant also has a new whistle.

The lot at the corner of Norwood and Fitch streets, North Marquette, has been sold to Sakr Maki, who has let a contract for the erection of a dwelling, twenty by twenty-four feet. William Johnson and Miss Sarah Mosher, both of this city, were united in marriage at the Methodist parsonage last evening by Rev. E. A. Elliott. Mr. Johnson is an employee at the powder mill. Chris Peterson of Ishpeming is building a cottage on the east side of Third street, between Ohio street and Hewitt avenue. Charles Regstrom, an Ishpeming contractor, is doing the work. Mr. Peterson is in charge of the Mather cottage at Ishpeming. For the past several days, since the first of the month, a small force of men has been employed on government work at the breakwater. They have been busy with the repair and overhauling of the government scow. As yet nothing has been done to put the cement plant in readiness for use in construction on the breakwater. This work is soon to be taken up.

NEW CARPETS, RUGS AND CURTAINS

We are equipped with a large and choice stock of Carpets, Rugs, Curtains and Draperies. If you wish to make a selection from new and desirable lines your opportunity is here. Latest styles, handsome patterns and reliable qualities bought for cash, and can make lower prices than you can buy them elsewhere.

GRABOWER'S MILLINERY AND SUIT DEPARTMENT.

Never have such styles been shown in this county. Never were the ladies more pleased with what they have seen, and never have we sold so many hats and suits as we have during the opening week. Our millinery, as well as suits, are different from other stores and so we want it to be. We have Eastern styles only and are a season ahead of our competitors. And then we have the exclusive sale from the leading houses in the above lines. Why should'nt we? We buy for cash and therefore can choose the houses we are dealing with, and buy for less than long-time-merchants buy these goods, therefore we can sell cheaper.

COME TO US FOR YOUR WANTS AND YOU WILL LEAVE SATISFIED.

Ask to see Dorothy Dodd Shoes.

LACES, EMBROIDERIES, RIBBONS, HOSIERY AND UNDERWEAR.

Never before have we shown as many pretty Laces and Embroideries as we do this season. Our Laces bought of Garrison, Wright & Co., large importers of laces, told us we bought one of the largest bills of laces they have sold outside of the large cities. We make special low prices on all our Laces, Embroideries, Allovers and Ribbons. There is no doubt but what we show you more Hosiery than all the other stores put together here.
