## DEMANDS REFUSED

CHINA DECLINES TO ACCEDE TO THE RUSSIAN TERMS.

AMERICAN PROTEST IS PRESENTED

ACTION OF HAY AROUSES NEW YORK IRISH SOCIETIES.

Secretary of State Accused of Catering to England at Expense of United States—An Important Explanation by St. Petersburg.

London, April 27.—It is officially announced here that the Chinese government has sent to the Russian government, at St. Petersburg, a formal refusal to grant the latter's demands in regard to the evacuation of Manchuria.

Pekin, April 27.—Minister Ceng has sent a note to Prince Ching, grand secretary, protesting against two features of Russia's proposed Manchurian agreement which are considered particularly antagonistic to American interests.

Secretary Hay Assailed.

New York, April 27.—The United Irish societies of New York city have adopted and sent to President Roosevelt a resolution protesting against the reported action of Secretary Hay in instructing the United States minister to Peking to oppose the demands of Russia in Manchuria. The resolution declares that such action is fraught with peril to the United States and is taken at the instance of England to promote interests which are not American. The president is asked to note that the course of the state department "since John Hay assumed control of it has been and still is dictated by the sole purpose to serve British at the expense of American interests."

Russia Makes Explanation.

St. Petersburg, April 27.—The Russian dispatch of April 25 setting forth the demands by Russia on China regarding Manchuria, entered a denial of a number of points and minimized the importance of others.

Russia pronounces absolutely false the statement that under her demands no more Manchurian ports are to be opened; says the admission of foreign consuls into Manchuria depends upon China, states it is false the demands require that none but Russians be employed in the public service in Manchuria; denies that the demands insist Russia is entitled to attach the telegraph wires and poles of all Chinese lines in Manchuria, and declares that the "integrity of China is already adopted into the Russian program" and that there is "no need to discuss that now."

Is Good News to Washington.

Washington, April 27.—Considerable interest was shown here tonight in the Associated Press dispatch from St. Petersburg giving the answer by the Russian foreign office to inquiries regarding the demands which are being made upon China in connection with Manchuria. It was regarded as of great importance and if borne out by subsequent information through diplomatic channels will give general satisfaction and meet in a large degree the desires of our government.

Says Russia Is Ready to Fight.

London, Tuesday, April 28.—The St. Petersburg correspondent of the Telegraph says that Russia is ready to make special arrangements with the United States in regard to the opening of Manchuria to American trade. The Russian government has resolved to persevere to the end, the correspondent continues, and will only recoil before actual hostilities.

CHICAGO EDITOR QUESTIONED.

Legislative Boode Inquiry Is Resumed at Springfield.

Springfield, Ill., April 27.—The boode inquiry was resumed this evening. The greatest secrecy is observed. George W. Hinman, of Chicago, who is said to have been a witness and was accompanied by his attorneys. The nature of his testimony was not announced, but it was alleged he did not specifically designate any particular case of bribery. Charles Anderson, one of the speaker's clerks, and George B. Albert, of Marshalltown, who is alleged overheard remarks that "it would be cheaper to buy the speaker" also testified.

Springfield, Ill., Tuesday, April 28.—The committee adjourned about 2 o'clock this morning to meet again this afternoon.

STRIKE TIES UP BIG PLANT.

Chicago, April 27.—Two thousand union and non-union workers went on a strike in the plant of the Deering Harvester company today for the reinstatement of a hundred men discharged for belonging to a union and for recognition of the United Metal Workers' union. The other employees are considering a sympathetic strike. The tie-up of the plant will throw nearly five thousand persons out of work.

SASH AND DOOR TRUST FAILS.

Chicago, April 27.—The sash and door trust has failed to materialize and today through deeds filed in the recorder's office it was learned that the American Sash & Door company of New Jersey has decided back to the original owners the three plants here which had gone into the combination. It is said the promoters were unsuccessful in enlisting Eastern, capital in the enterprise.

CLARA BARTON ASSAILED.

Washingtonians Expelled from the Red Cross Issue Statement.

Washington, April 27.—The twenty-three suspended members of the National Red Cross society today issued a statement showing the legal status, as they view it, of the executive committee of the society, which suspended them. In addition the meeting appointed a special committee consisting of Simon Wolf, former Secretary of the Navy Herbert, Miss Mabel T. Boardman, Mrs. J. Ellen Foster and R. H. Warner to collect all facts at their command to show the "abuses that have been practiced by the old management and the unbusinesslike manner in which the finances have been collected and disbursed."

The statement reviews in detail the suspension of the members and the reasons assigned for such action, declares the by-law under which that action taken was "illegally adopted and cites the fact that under the act of congress authorizing the Red Cross society it was provided that annual meetings be held in Washington and not at such place as the executive committee may decide as proposed by the amendments to the by-laws. The statement recites the protest to congress and concludes:

"Unless the present methods are abandoned the society cannot retain public confidence, which is essential to its success," and that from the statement of facts, the public will judge for itself of the extent to which the purpose of resorting to expulsion, for the prevention of a debate as to stricter methods of accounting, controlled in the preparation of new by-laws and in the selection of the methods by which these by-laws were "put through."

SEEK REFUGEE IN CUBA.

San Domingo's Overtuned President Lands With 150 Followers.

Havana, April 27.—General Vasquez, former president of the republic of San Domingo, together with 150 political refugees, landed at Guantanamo, Cuba, today from a Dominican gunboat.

Losses by the Revolution Enormous.

San Domingo, April 27.—It was learned here today that General Vasquez and his close followers have left the island. Quiet has been restored and a presidential election soon will be held. The losses caused by the revolution are enormous. They are principally in and about this city. In the suburb of San Carlos, alone, the amount to \$100,000. General Vasquez and his troops pillaged wherever they went. The German gunboat Panther has arrived here.

Honduras' ex-President Executed.

New Orleans, April 27.—The steamship Breakwater, from Puerto Cortez, Honduras, brought news today of a sensational climax to the revolution in that country. According to information received at Puerto Cortez, former President Sierra was captured by the revolutionaries on the Salvador frontier and was summarily executed.

PAYNE FOR PROSECUTION.

Wants Grand Jury to Investigate the Abstraction of the Tyner Letters.

Washington, April 27.—Postmaster General Payne today granted Christiancy, assistant to General Tyner, an indefinite leave of absence and forwarded to Attorney General Knox additional information regarding the abstraction of the papers from General Tyner's office last Tuesday. The letter of transmission concludes:

"Inasmuch as it clearly appears that certain papers of the government were taken and since, in my opinion, all the facts presented tend to show a willful violation of the law, I recommend that the matter be referred to the United States attorney for this district, with instructions to submit the case to the grand jury as we decided in our recent interview."

Charles H. Robb, assistant attorney for the department of justice, has been appointed assistant attorney general for the post-office department to succeed General Tyner.

TROOPS KILL 200 FILIPINOS.

Vigorous Campaign Puts Down Outbreak in Three Disturbed Districts.

Manila, April 27.—Rizal, Bulacan and Cavite have apparently been pacified as a result of the vigorous campaign of the scouts and constabulary. Extensive precautions have been taken to guard against further brigandage. It is estimated that two hundred soldiers were killed during the operations.

The conditions in Albay are unsatisfactory and the government is organizing another campaign. Surigao, Mindanao, is now orderly and the troops will soon be withdrawn. The Misamis movement is not important. The trouble there largely resulted from reports that all the American troops were to be withdrawn from the islands.

WEDS THE EARL OF YARMOUTH.

Alice Thaw, Pittsburg Heiress, the Bride of an English Nobleman.

Pittsburg, April 27.—The marriage of George Francis Alexander Seymour, Earl of Yarmouth, of England, and Alice Cornelia Thaw, of Pittsburg, daughter of the late William Thaw, and heiress to his twenty millions, was solemnized this afternoon at Calvary Episcopal church. After the church ceremony there was a reception at Lyndhurst, the Thaw residence. The couple left this evening for a brief honeymoon trip before sailing for England.

VOTE IN FAVOR OF REVISION.

Two-Thirds of the Presbyteries for New Confession of Faith.

Philadelphia, April 27.—Stated Clerk Roberts, of the Presbyterian general assembly, announced today that two-thirds of the presbyteries have voted in favor of revising the confession of faith. The subject will be finally disposed of by the general assembly at Los Angeles next month.

## BAD FOR THE TROOPS

PHILIPPINE CLIMATE MAKING INVALIDS OF MANY SOLDIERS.

GENERAL MILES MAKES REPORT

CRITICISES FEATURES OF THE SERVICE IN ARCHIPELAGO.

Declares, in Referring to General Conditions, the Distress Horrible and That Many Thousands of the Natives Have Died in Consequence.

Washington, April 27.—The war department today made public the report of Lieutenant General Miles, who made a tour of inspection of the Philippine islands. General Miles strongly recommended that beef on the hoof be supplied to the troops in the Philippines. This portion of the report was referred to General Weston, commissary general, who in making his report relative to the matter states: "In my judgment, it is not a feasible or an economical plan. There should be no departure from the present system of supplying frozen beef."

Found Soldiers Building Roads.

Additional portions of General Miles' report concerning his observations in the Philippines were made public tonight. Speaking of troops building a road to Lake Lanao, General Miles said he found 600 soldiers at work, seventy men were sick and 200 were on the sick report. He censures the employment of troops on such work unless in the event of great military necessity. The general says:

"The effect of the climate is the most serious detriment to the service. Men go there in perfect health and in the prime of manhood, but as a body are seriously affected in the course of two or three years of service. Very few escape. The majority are debilitated."

During his visit he did not see a single soldier under the influence of liquor, and as a result of his observations he considers the discontinuance of the liquor feature of the canteen beneficial to the army. General Miles considers it wrong for troops to occupy church property, and says it should be discontinued. The damage to these buildings, he says, will be extensive and will result in claims for millions against the United States which will have to be paid.

Natives Sorely Stricken.

The general renews his recommendation, made prior to his visit to the Philippines, that at least one strategic position be fortified beyond the possibility of capture by foreign fleets. Of general conditions, he says:

"In my journeys through the archipelago I was frequently appealed to aid in assisting people to obtain a food supply, of which they will be in great need in the near future. I do not think there is today a people so sorely afflicted as the eight millions of inhabitants of this archipelago. Their country has been devastated by war and several provinces are suffering severely as a result of the concentration in the past. In some places locusts have destroyed the crops. Pestilence has prevailed, resulting in the reported death of nearly 75,000 people, while it is estimated the number not reported is fully as large."

Portions of General Miles' report were sent to chiefs of bureaus, to which replies have been received. General Gillespie, chief of engineers, says no strategic point has been fortified because congress has first to vote it. Plans have been approved by the secretary of war, surveys made and final projects are still in progress, but no work can be done until authorized by congress.

Canteen Upheld by Dr. O'Reilly.

Surgeon General O'Reilly admits the bad effect of climate on the troops. He says troops serving in Texas have shown a greater sick rate and a higher percentage of deaths than those in the northern part of the United States, and so will the sickness and deaths in the Philippines be greater than in the United States. Dr. O'Reilly does not agree with General Miles on the canteen matter, and cites the tendency of soldiers in the Philippines to become addicted to drinking wine.

"The value of the canteen," Dr. O'Reilly says, "has always been considered to be a means by which the average soldier, not a drunkard, but a user of liquor, can get a few glasses of beer at home and every day in the month if he so desires, instead of being attracted to saloons where he is tempted to spend his month's pay at once for vile liquor, gambling and women."

"It is also very probable that the ratio of alcoholism in the Philippines is now lower than ever before on account of the prevalence of cholera. The enlisted men have been so repeatedly warned against the danger of drinking impure water, native soft drinks and frequenting native shacks, that, having seen the horrors of cholera among the natives and the comparative immunity of the troops, a decided deterrent effect must have been produced."

Gen. Hughes' Answer Withheld.

It is understood a reply has been received from General Hughes, who is one of the officers to whom General Miles refers in his report. It was not made public at the war department and little regarding it could be learned. General Miles, however, who has been furnished with copies of the replies sent each a note of a few lines stating that the replies to his comments on affairs in the Philippines were all of gentlemanly character save that of General Hughes.

KING EDWARD IN ROME.

Four Hundred Thousand Persons Turn Out to Do Him Honor.

Rome, April 27.—King Edward arrived here today from Naples this afternoon and was received by King Victor Emmanuel in person, who escorted the visiting sovereign through densely packed streets. Their majesties received a great popular ovation.

It is estimated that there were 400,000 people along the route traversed by the kings. Among the crowd were many Americans, as shown by the number of stars and stripes displayed. The center of the American Episcopal church, St. Paul's, which was decorated with American and Italian flags. When the sovereigns approached the church they were pleasantly greeted by hearing the chimes play "God Save the King," followed by the Italian royal march. King Edward recognized the courtesy of the Americans by saluting and smiling.

IS GUEST OF AFRICAN RULER.

President Loubet of France Pays Visit to the Bey of Tunis.

Tunis, April 27.—President Loubet arrived here today from Bonn, Algeria. He was received by the bey and was given a tremendous popular ovation. The official exchange of calls between the bey and the president took place during the day and the president afterwards entertained the bey at dinner. During the afternoon there was a review of thousands of native troops. This was followed by a banquet and ball. President Loubet in his address referred to the close ties existing between France and Tunis, and the bey responded with expressions of the devotion of Tunis to France.

FOREST FIRES RAGING.

Damage at Head of the Lake and in Houghton County.

Ashtand, Wis., April 27.—Forest fires of considerable magnitude have been raging in the woods of Ashtand, Bayfield and Douglas counties most of the day and it is thought much timber has been destroyed. Bayfield was in danger of destruction, but rain tonight arrested the progress of the flames.

Houghton, Mich., April 27.—Threatening forest fires are reported raging in the lower end of Houghton county. The details are meagre. Dense smoke overhangs Hancock and Houghton and the country south.

MANY RAILROAD CASUALTIES.

938 Persons Killed, 12,000 Hurt, on American Roads in Three Months.

Washington, April 27.—The interstate commerce commission today issued a bulletin on railroad accidents for the three months ended Dec. 31 last. It shows that during that period 11 train accidents 366 persons were killed and 2,788 injured. Accidents of other kinds, including those sustained by employees while at work, and by passengers in getting on and off cars, etc., bring the total casualties up to 938 killed and 11,873 injured. The damage to cars, engines and roadbeds by these accidents was \$2,466,956.

ITS PROFITS \$50,000,000.

Syndicate Which Launched the Steel Trust Is Dissolved.

New York, April 27.—The members of the original United States Steel syndicate, who put up \$25,000,000 cash and was still liable to have to put up \$175,000,000 more, today received notice of the dissolution of the syndicate and of their final share in the distribution of the profits, aggregating \$50,000,000, or 200 per cent. They long ago received their original cash deposit of 12 1/2 per cent back again. Besides that, 20 per cent dividends have been declared.

ADVANCE IN RATES NECESSARY.

Wabash Road Makes Answer to Interstate Commerce Commission.

Washington, April 27.—The Wabash road today filed with the interstate commerce commission its answer to the orders of the commission regarding advances in freight rates. The Wabash admits making certain advances on rates from points west of the Missouri to Chicago and Mississippi river points, but avers the advance is just and reasonable and necessary considering the cost of transportation and general conditions.

500 ROAD CALLS IN PASSES.

Free Transportation for Legislators in Violation of the Elkins Law.

St. Paul, April 27.—The Soo railway has notified the legislators of North Dakota to return all passes, as under the Elkins law railroad passes to state officials are illegal. The same action is expected in Minnesota. All the other roads are expected to follow the same course.

PASSES ST. PETER'S RECORD.

Pontificate of Pope Leo Now the Longest in History.

Rome, April 27.—If the pope is alive tomorrow, he will have surpassed the famous pontificate of St. Peter. His holiness was elected pope twenty-five years, two months and seven days ago. He has already received many congratulations on the event.

GAME WARDEN KILLS.

Frankfort Man Who Resisted Arrest Shot by State Official.

Frankfort, Mich., April 27.—B. F. Stafford of Cadillac, deputy game warden, today shot and killed Chris Melane while the latter was resisting arrest for spearing fish out of season.

"I sleep well enough at night, And the blindest appetite Ever mortal man possessed."

Riley's farmer is the very picture of a man advanced in years, yet in the enjoyment of perfect health. A good appetite, good digestion and sound sleep, are the chief factors in a vigorous old age.

Life is sustained by food, when it is properly digested and assimilated. When digestion fails, there is a loss of nutrition which soon shows itself in physical weakness, nervousness, sleeplessness, etc.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It strengthens the body in the only way possible, by enabling the assimilation of the nutrition extracted from food.

MARQUETTE, MICH., APRIL 28.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Michigan men are jubilant at the showing of the university's relay team in the four mile race at Philadelphia, where it won a handsome victory.

The lynching fever is moving north, having broken out in southern Illinois. One of these days it will manifest itself in some locality which may fairly claim to be really "north," and then we will have to stop pelting bricks at the southerners.

Probably the only city in the country that owns a forest is Brunswick, Me., the seat of Bowdoin college. The town is the owner of 1,000 acres of land.

The first reports from the cup defender Reliance are highly gratifying. They encourage people in a belief that she will be everything that has been expected of her, in which event our title to the cup will be safe for another year at least.

Some rather startling facts were set forth by President Harper of the University of Chicago in a recent article dealing with the increase of infidelity in the colleges of Christendom.

After Dinner Hood's Pills. To assist digestion, relieve distress arising from eating or drinking too heartily, to prevent constipation, take Hood's Pills.

any kind; that the purely technical teaching of some colleges influences many men who enter college with the aim of taking up religious work.

If New York papers may be accepted as criterions, then Gotham is undoubtedly the American seat of Anglo-mania. On a page of a recent Sunday paper there are but two articles which are not devoted entirely to free advertising.

The Atlanta Constitution has the following on the delay by Colombia in the ratification of the Panama canal treaty: The reports from Bogota appropos of the anti-ratification sentiment in Colombia are rather disquieting to friends of the Panama canal treaty.

A New York bank has collected through its correspondents in different parts of the country reports of business conditions. As a general rule they are optimistic to a degree.

Reports from most conservative sources in New England point out as an unfavorable feature that many concerns have shown increased business, expanded loans, but very modest gains, and in some cases losses, in net results.

However, this statement will be taken by the majority of those who read it as a good sign, a sign that the brakes are being put on while there is yet time to use them effectively.

ONE MAN'S STUPIDITY. Almost simultaneously with President Roosevelt's informal order to army and naval officers to stop talking about a war with Germany, the mail brought extracts from an editorial comment by the Berlin National Zeitung.

sees no cause whatever for regret because the doctrine as interpreted by the president puts up a bar to German expansion in the Western hemisphere.

The National Zeitung is one of the most prominent and most influential papers in Germany, and there seems to be little doubt that in this, as in most of its utterances on other subjects, it represents the feeling of the responsible and sober elements of the German nation.

The talk that has been indulged in by American naval officers is harmful as well as foolish, and the president has done well to issue his mandate against it. It, as well as the feeling against Germany which undeniably exists in some quarters, grew out of the actions of Admiral Dietrich at Manila.

A THOUGHTFUL MAN. M. M. Austin of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her.

NEW IT LEE'S 1903 GORDON HATS. YOU DON'T NEED THE THINGS you think you need, as much as you need insurance. You think you don't need.

STYLE. Why do hat styles change? Because the public demands a change. Perhaps it is just as well. If you waited until your GORDON hat wore out before buying another there would be fewer sold.

SALOONS AT PORTAGE LAKE. FOR BENEFIT OF COMPANY G.

Houghton and Hancock Will Have About Sixty the Coming Year.

Twenty-two saloons will be conducted in Houghton during the next fiscal year, beginning May 1. The number has been twenty-five, but three proprietors have decided to quit the business. Twenty of the bonds have already been accepted by the council, also the bonds of three drug store proprietors, one wholesale liquor firm, one brewery, and one mercantile company. Action on the bonds of the remaining two saloon keepers will be taken at the next regular meeting of the council.

The saloon keepers whose bonds have been accepted are as follows: John Evert, Henry Corbelle, William Allen, Frank J. Voith, William H. McGann, M. J. Dillon, Joseph Strobel, Sackrider & McKenzie, Samuel O'Connell, John C. Mann, Martin Janch, Martin Kratt, Napoleon Carpenter, Emil Menzel, Frank St. Dennis, E. Croze, A. Turcotte, G. Frier, Edward Gallagher and Perrin & Roy.

The bonds of E. C. Des Rochers, B. T. Barry and F. W. Kroll, druggists; Borwarsky & Abel, wholesale liquor dealers; A. Haas Brewing company, and L. Hennes & Co. also have been approved. The bonds of Tipler & Nichols and A. Kestelo, saloon keepers, remain to be accepted. The saloon keepers who have gone out of business are Frank Kopp, Champion & Collins and Michael Michaels.

COPPERDOM BREVITIES.

Frank Schroeder, a Calumet saloon keeper, arrested for an alleged violation of the liquor laws, has been bound over to the next term of circuit court for trial by Justice Jackola.

The tug Grayling, owned by the McMillan Lumber company of Ontonagon, will leave Portage Lake for Ontonagon this week. During the winter the boat underwent extensive improvements at the Croze dry dock.

The steamer Japan, the first passenger boat of the Anchor line, arrived at Portage Lake yesterday morning.

The application for a new trial for John McLaughlin, who was convicted of arson in the circuit court and sentenced to ten years in the Marquette prison, was not presented to Judge Streeter yesterday as expected. Certain details are yet to be arranged and the request may not be made until next Monday.

A number of citizenship papers were granted at the session of circuit court yesterday morning. Twelve additional jurors, secured on Saturday, reported. In the afternoon the case against Blanchard and McLeod, charged with robbery, was resumed.

The street railway company will put a force of men at work the latter part of this week to ballast the branch from Calumet to Lake Linden.

keeper, Calumet, has been bound over to the next term of circuit court for trial by Justice Fisher. The charge against him is that of keeping his saloon open after hours. A rumpus during which several shots were fired occurred at his saloon at an early hour one morning last week.

The young men of St. Patrick's church, Hancock, have organized a literary society. Weekly meetings for the discussion of timely topics will be held.

The officers are: Daniel Holland, president; John T. Murphy, vice president; Will J. McCarthy, secretary, and Joseph Beakley, treasurer.

J. H. Jasberg, of Hancock, secretary of the Finnish Central Relief committee, has forwarded another check to the amount of \$305.94, received from numerous contributors during the last few weeks, to Treasurer Isaac Niemi at Calumet.

The circuit issue of Leslie's weekly has a fine full tone picture of the Portage Lake hockey team, champions of the United States, and a sketch of the seven's record.

Oscar Nadeau and Miss Oella Kaminski, both of Painesdale, were married last week at the Atlantic Catholic church. A large number of the friends of the young couple witnessed the ceremony. Both are well known to Painesdale. Mr. Nadeau is employed by the Champion Copper company.

J. H. Mercey has been appointed to succeed John Knox as mining engineer and assistant superintendent of the Tri-mountaine mine.

Miss Alice Dorais, daughter of Mr. and Mrs. John Dorais, of Lake Linden, was married to George Keast at the Marquette cathedral yesterday morning. The young people will make their home at the Central mine location.

Geo. A. Davis has been reelected as superintendent of the township schools of Lake Linden at an increase in salary. He will receive \$1,200 per annum.

Physical Director C. M. Douthitt, physical director of the Calumet Y. M. C. A., will shortly resign his position. He is undecided as to his future plans. Mr. Douthitt has been in charge of the athletic work at the association for three years and has made an enviable record.

The Laurium council will hold a special meeting this evening to consider liquor bonds.

Oscar Keckonen, of Calumet, has left for the state of Washington. He will permanently reside either at Spokane or Seattle.

John M. Erickson, of the Calumet force of mail carriers, has accepted a position in the bureau of immigration at Philadelphia, and he will leave shortly to take hold of his new duties.

The tug Silver Spray, well known at Portage Lake, has been purchased by A. F. Peterson, of Munising.

George Lung, a wealthy Chinaman who got his start at Lake Linden in the laundry business, was killed in a street railway accident at Appleton last week. He owned many buildings north of Milwaukee.

William Campbell, formerly of Lake Linden, was recently elected mayor of Leadville, Col. For the past two years he has been captain of police at that city. Mr. Campbell, who is a son of the late Andrew Campbell, of Lake Linden, left the copper country about fifteen years ago, when he was in his twenties.

Ed. Tobin, right fielder for the Calumet baseball team, has been offered

A TIME OF DANGER!

Thousands in Peril from Blood Diseases and Nerve Troubles Developed During the Winter Months.

Paine's Celery Compound

The Great Spring Blood Purifier, Nerve Bracer, and Health Builder.

Paine's Celery Compound is the wonder of the age! Its marvelous virtues are discussed amongst interested medical men, and its cures are talked of at every fireside.

As a spring health giver, Paine's Celery Compound stands far ahead of all other known remedies; it has no worthy competitor in the vast field of medicine.

To a large extent, the present popularity of Paine's Celery Compound is due to the fact that it has accomplished some of its most astonishing cures in the spring season—a time when men and women usually complain of ill health, loss of vitality, tired feelings—a time when people feel dull, listless, despondent, and ambitious.

Today, there are thousands of business men, mechanics, farmers, and dear wives and mothers, too, who though able to walk around, are, nevertheless, sadly "out of health."

At this season, Paine's Celery Compound is the great health restorer and strength giver for the "out of health" people—for those who are perilously nearing some organic disease. Paine's Celery Compound used at once, will quickly remove every trace of poison from the blood, brace up the weak nerves, build up the tissues, and tone the digestive organism.

If you, dear reader, feel that your health is not as robust and vigorous as it should be, let us honestly suggest the use of Paine's Celery Compound that has so wonderfully blessed your neighbors and friends. Be assured, "it makes sick people well."

EVERYTHING NEW.

Our Carriage rooms are stocked to their full capacity with everything new in the line of rigs on wheels. Speeding buggies, Punahoa Family Buggy, Sarrices, Delivery wagons and Hubber Tire Bikes. I have more such stock than can be shown in any other shop place in this part of the state.

A BAD DAY.

Coppers Were Off Yesterday, Reflecting the Decline in Amalgamated.

Palme, Webber & Co. said of the Boston market: "Amalgamated controlled the copper share market today, showing a weakness throughout and dragging the other coppers down sympathetically. Copper was sold off in London, the equivalent of about 300 per pound, and it is reported to be fractionally lower here. The general stock market is discouragingly heavy and everybody is pessimistic."

Hayden, Stone & Co. wired the Laidley Commission company: "Coppers have been rather weak today in sympathy with the decline in copper in London, and the weakness in Amalgamated. A good many traders have taken the short side, and this has helped the decline. The market is dull, and outside of Copper Range and Amalgamated and United States Mining there is little doing. While the decline may go further we believe coppers a better purchase than a sale."

The Situation in Wheat. Laidley said of the Chicago markets: "Higher English markets, as reflected by cables, brought a firm and opening here, although the French markets were considerably lower. The advance, however, was taken advantage of to market wheat upon and prices eased off rapidly. Afterwards a portion of this loss was regained, and the close to-night on the May option is 3/4c higher than Saturday, and the July 3/4c@3/8c lower. The receipts and estimates are both small. The world's shipments were large, Russia contributing heavily. The on passage statement showed an increase of 721,000 bushels, as against a decrease last year. The clearances were small, the Northwest receipts somewhat in excess of a year ago. The visible showed a decrease of 1,706,000. The cash demand was only fair, and but eight loads were reported for export. It looks as if Armour was marketing some of the May wheat, although the price held firm. We look for some little reaction unless war news or something that is not at present in sight should cause a sharp reaction.

The New York Market. Dick said of the New York market: "The market was strong in the early trading, but later became dull and declined under professional selling. It was rumored that the franchise tax will be declared unconstitutional tomorrow by the courts and this was responsible for most of the selling. The general news was favorable, but Atchison made a very unfavorable March report. The general list closed weak in tone, with stocks well down from the highest. The Metropolitan street railway's answer to the charges against it helped that stock for a while, but later it sold off again."

BASEBALL SCORES.

National League. Brooklyn, April 27.—The visitors were unable to do much today against Jones, who kept their hits well scattered, while Hanlon's men hit Duggeby freely. Summary: Brooklyn... 12 21 1000 7 13 2 Philadelphia... 00 01 00000 1 5 2 Batteries: Jones and Ritter; Duggeby and Roth.

TOWNE IS FOR "HARMONY."

Gold Democrats Can Return if They Swallow Bryman.

New York, April 27.—The annual dinner of the Brooklyn Democratic club, to commemorate the anniversary of the birth of James Monroe, and which had been spoken of as a "harmony dinner," was held tonight. Charles A. Towne of Minnesota responded to the toast of "Democracy of the West." In part, he said:

"Over against the portentous shadow of colonial empire now looming in the eastern seas, I place the glorious accomplishment of our ancestors who rebelled against a colonial status and founded a new kind of government among the nations, one limited to the ends of justice and seeking the source of its power in the consent of the governed. The existing system of special privilege that either creates or fosters conditions under which monopoly has become more powerful, more splendid and more insolent than ever medieval feudalism was, I confront with that great doctrine of American liberty which, as formulated by Thomas Jefferson, became and remains a fundamental tenet of Democratic faith: 'Equal right for all, special privileges to none.' This doctrine is a charter of universal opportunity. Under it, ability and genius are insured a fair field untrammelled by executive caprice or a legislative contrivance.

"The name of Monroe, which we mention with grateful remembrance tonight, is immortally associated with the dedication of this hemisphere to the righteous experiment of self-government. The American people is a unit in the maintenance of this proposition. But a greater danger threatens than any menace to the Monroe doctrine. That doctrine applies to the outer boundaries of liberty. The assault of the Republican party is against the citadel itself. Of what avail to mankind to preserve for awhile the soil of South and Central America from the burden of monarchial systems, if meanwhile we are surrendering the government of the United States to the practices of absolutism? Why vindicate to the peoples of neighboring republics the right to be undisturbed in the regulation of their own affairs unless we propose also to restore to American citizenship its original prerogatives? Kings may as well rule in Spanish America if legalized monopoly is to be king in the great republic.

"This, fellow citizens, as it seems to me, indicates clearly enough the duty and the opportunity of the Democratic party now and in the campaign of 1904. To restore the ancient landmarks of the Constitution, to wrest from private interest the control of the government and bring the people to their own again, is not this a program in which all genuine Democrats can unite? And if a man honestly join in such a cause, is he not a Democrat? Speaking for myself, as a man who advocated before hundreds of thousands of citizens in many states the principles of the Democratic platforms of 1896 and 1900, and who believed in those principles then and believes in them now as applicable to the same conditions, I am very frank to declare my conviction that both justice and expediency demand that no greater test of manly Democracy should be required today than his belief in and readiness to labor for the principles that are at stake today. If a man is sincerely with me now I have not the right either to deny him the glory of fighting nor to deprive myself of his assistance in our common cause on the ground that we were not agreed upon a former occasion.

"Let me not be misunderstood. I do not mean that a man's attitude in 1896 and 1900 is not now to be enquired about. It is possible that he may then have been a profound believer in the great fundamental principles of Democracy but that he may have withheld his support from the party from either honest doubt that the particular policies advocated would subvert those principles or from sincere conviction that they would not be the other hand either beliefs or sympathies adverse to the general doctrines of the party may have caused him to make of these particular policies an excuse or pretense for inactivity or for open aid to the Republican program.

"In the former cases I maintain that a man, if he be now in harmony with Democratic purposes, has a right to a seat at the counsel table and a place in the fighting lines. In the latter case, I contend just as stoutly, he should neither expect or receive the treatment of a friend and ally. His place is among the ranks of the enemy.

"To those Democrats, therefore, who were not with the party in 1896 or 1900, let us say: Are you sincerely with us now? If they answer 'yes' let us examine the record of those campaigns only as bearing upon their good faith. If satisfied with that I shall be glad for my part to keep step with you and then to the music of the Constitution and the Declaration of Independence until the principles of both are once again the recognized and honored bulwarks of the republic.

Congressman Slayden of Texas spoke of "the Ever Faithful Democracy of the South." He thought the Democratic party more in need of recruits than of reorganization, and would welcome back "those who have fallen from grace."

ITCHING ECZEMA

And Other Itching, Burning and Scaly Eruptions.

Instant Relief and Speedy Cure Afforded by

Cuticura Soap, Ointment and Pills

When All Else Fails.

COMPLETE TREATMENT, \$1.00.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalled head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants and the anxiety of worn-out parents, as in milk crust, tetter and salt rheum, all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment and Pills are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy, have made them the standard skin cures and humour remedies of the civilized world.

Bathe the affected parts with hot water and Cuticura Soap, to cleanse the surface of crusts and scales and soften the thickened cuticle. Dry, without hard rubbing, and apply Cuticura Ointment freely, to allay itching, irritation and inflammation, and soothe and heal, and, lastly, in the severer forms, take Cuticura Resolvent Pills, to cool and cleanse the blood. A single set is often sufficient to cure the most torturing, disfiguring and humiliating skin, scalp and blood humors, with loss of hair, when all else fails.

Right Up to the Minute THAT'S WHERE WE ARE AT.

The best paid mechanics in Marquette. The cleanest work.

Ishpeming and its Environs.

BACK FROM CALIFORNIA.

Captain William Wivell, a Former Ishpemingite, is in the City.

After being absent for six and one-half years, Captain William Wivell has returned to the Lake Superior country.

Captain Wivell says that mining is much more expensive in California than in the Lake Superior country.

Since leaving here, Captain Wivell has become thoroughly familiar with all the details of mining and milling gold and silver.

Captain Wivell says he notices few changes here, the town appearing the same as when he left it.

AT OPERA HOUSE TONIGHT.

The Kansas City Star of Oct. 16, 1901, says of a recent presentation of "For Her Sake":

Two large audiences, both at the afternoon and evening performance, attended the presentation of E. J. Carpenter's Russian melodrama, "For Her Sake."

ROBBERED THE GRAVE. A startling incident is narrated by John Oliver of Philadelphia, as follows:

DUE NOTICE IS SERVED. Due notice is hereby served on the public generally that DeWitt's Witch Hazel Salve is the only salve on the market that is made from the pure, unadulterated witch hazel.

TO STUDY GEOLOGY.

Party of Students from Several Universities Here for That Purpose.

Sunday night a party of students from the university of Wisconsin, a professor and student from Northwestern university and a student from the university of Chicago, several members of the Canadian geological survey and two Canadian mining men, twenty-five in all, arrived here for the purpose of studying the geological formation of the surrounding country.

The party has been out since April 19. The Minnesota ranges, the copper country and the other iron districts have all been visited.

TO GO BACK TO 'FRISCO.

Rev. Carl Anderson, pastor of the Swedish Mission church, presented his resignation Sunday night, to take effect at the end of three months.

Arnt Schoenberg, the solo cornetist of the city band, has composed a very pretty march which he has dedicated to the Ishpeming Light Guard.

COMPOSED A MARCH.

In the recent fire in one of our large cities an actor made known his presence on the roof of the burning building by writing a message on his cuff and casting it to the street.

ISHPEMING IN BRIEF.

Mrs. David Jayne is here from Calumet to spend a month with friends.

Frank Williams, wife and son arrived here Saturday from Calumet for a short visit with relatives.

Miss Annie Johnson of Negaunee, who has been visiting friends at the Winthrop, fell Sunday and broke a leg.

The high wind yesterday made walking very disagreeable. Although the sprinkler was out, the streets were filled with clouds of dust.

PHILIP D. KENNEDY has been here for several days arranging to open a brokerage office as a branch of the Hadden-Rodde company of Milwaukee.

The excavation for the basement under Braasdad's goods store is well advanced. The store has been completely undermined to the depth of over five feet.

ASSAULTS CHRISTIAN SCIENCE.

Prof. Hallberg, at Chicago, scoffs at the Modern Creed.

Chicago, April 27.—"Christian Science is neither Christian nor scientific. It is one of those medio-religious vagaries peculiar to all ages, born of superstition, nurtured by ignorance and maintained by fanaticism and egotism."

In these words Professor C. S. N. Hallberg summed up his address on "The Materia Medica of Christian Science" at the commencement exercises of the Chicago College of Pharmacy.

Professor Hallberg in support of his contention quoted from the Bible in aid of his first point. In part he said: "The statue of Aesculapius at Epidaurus is the well-known figure of a man carrying a staff around which is entwined a serpent, symbol of life and death. The poisonous serpent represents death, but when controlled and adapted by man it becomes the symbol of life, illustrative of how deadly poisons properly prepared and administered save instead of destroying life."

Moses Originated Symbol. "This symbol originated with Moses when he lifted up the serpent in the wilderness as was afterward adopted by Christ. Here we have, as said by Rev. Mr. Biting of New York, the greatest exponent of law and the greatest exponent of love united in symbol which has become the insignia of the profession which has for its object the relief of pain and suffering and the cure of disease."

Not at All Scientific. "To assert that this base assumption, always disproved when put to a crucial test, called Christian Science, is the least scientific is almost unnecessary. It is Christian Science in its theory or practice knowledge gained by systematic observation, experiment and reasoning? Knowledge coordinated, arranged and systematized?"

"To deny that this faith is scientific would contradict all our knowledge gained by centuries of observation, experiment and study. In the first place it denies the fundamental science of chemistry, the effects of oxidation and reduction, because on these life and death depend. It refutes physiology and pathology which are concerned in the action of medicines, in pharmacodynamics and toxicology."

"If faith or prayers or readings would cure a malignant disease due to some pathogenic poison, then the same treatment should also prevent the action of a poison administered to the body. Would a Christian Science healer prevent the effect of a powerful poisonous alkaloid like strychnine, for example? Certainly not, except by a chemical or physiologic antidote."

QUESTION ANSWERED. Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Biliousness.

Where to Stop When in Detroit. Hotel Metropole, Woodward Ave., City Hall, European plan. Rooms, \$1 per day; with bath, \$1.50.

COPPER SITUATION STRONG.

The following—from the usually reliable Boston News Bureau—will be cheerily information to holders of copper stocks:

Leading copper trade authorities say that the four-cent per pound advance in the price of copper from its low figure has apparently not yet interfered with consumption to any great extent, as the largest consumers of the metal are all rushed with work and these interests cannot afford to take the risk of buying from hand to mouth, owing to the scarcity of the spot metal.

A consumer of about 40,000,000 pounds of copper per annum says: "I have looked over the copper situation very carefully. I have found the consumption is something extraordinary and it should continue not only this year but next year. One of the reasons for the great increase in copper requirements is the fact that power developments of 100 or 250 miles have been found just as practicable as were five miles formerly, and the consumption of copper in this high power development is something enormous. I consider the copper situation is in a very strong position for the years 1903 and 1904. Beyond this it is not safe to look."

It is reported in the trade that the Calumet & Hecla company has sold 4,000,000 pounds of copper at 15 1/2 cents per pound for delivery in May, June and July. This trade report may be true a few weeks hence, but it does not seem reasonable, as we know of parties buying of the Calumet & Hecla recently at 15 1/2 cents, and within a few days some manufacturers have had named to them by the Calumet & Hecla a price of 15 1/2 cents, f. o. b., New York. For spot delivery, however, 15 1/2 cents might have been paid, but the market can be quoted strong at 15 1/2 sales and 15 1/2 asked for lake.

The leading copper producers have no desire to see copper sell much above fifteen cents per pound, but they believe that it will be forced to sixteen cents by July 1.

Now good digestion waits on appetite, and health on both. If it doesn't try Burdock Blood Bitters.

INVALIDS WOULD STEP QUICKLY. If they could, and they gaze with wonder when healthy men in the city walk the aged wonder when they could, they did not pay the price of income for life.

### BREAKWATER NOTES

#### AN ENGINEER DETAILED HERE FROM THE DULUTH OFFICE.

#### SEVERAL CONTRACTS HAVE BEEN LET

#### WORK ON THE CONCRETE CONSTRUCTION SOON TO PROCEED.

#### Noah Pellissier Will Haul the Sand for the Season's Work—Bid On Broken Rock Too Large and Was Rejected.

Assistant United States Engineer F. J. Dever, of the engineer's office at Duluth, has been transferred to the government engineer's office here, and he is due to assume his duties in this port today. Mr. Dever is detailed to Marquette, where he is well and favorably known, for the past sixteen years, and he has been an assistant engineer since 1901. Previous to that year Mr. Dever was connected with the government's office, but he left the service for a few years. Mr. Dever is detailed to Marquette to assume charge of the work on the completion of the concrete breakwater in the lower harbor, which is about to be taken up in earnest. Under the direction of J. A. McCarty, United States overseer of breakwaters here since the last annual construction work was done in the harbor a few years ago, a small force of men has been employed during the past few weeks preparing for the re-summation. They have been repairing the government sewer, and attending to matters of minor importance about the concrete pier at the land end of the breakwater. However, much in a preparatory way remains to be done, and it is assumed that this work will be pushed with all expedition, now that Mr. Dever has come here to assume charge of the summer's work. Two seasons' construction will be required to finish the cement breakwater in the lower harbor. All the necessary money has been appropriated, and the improvement will now be carried on without further delay.

At the Duluth office general orders have been received directing all the officers on the general staff, including Captain D. D. Gaillard, who has been engineer in charge of this district, to report at Washington. Major Lansing H. Beach of Detroit, who is to have temporary charge of the Duluth office until the arrival of Captain Potter, will assume his duties May 1.

Last week several bids in connection with work on the government breakwater improvements to be carried on this season were opened by Captain Gaillard. Noah Pellissier of Marquette was the lowest bidder for furnishing the sand that will be used in the construction of the cement superstructure here, and he was awarded the contract. His bid was forty-nine cents per cubic yard. Pierce & Maher, likewise of Marquette, bid sixty-two and a half cents. There was but one bid for the contract for furnishing broken stone for the improvement, that of N. D. Hodgekins at \$2.50 per cubic yard. It was rejected at \$2.50 considered too high. The Marshall-Wells company of Duluth was given the contract for furnishing the hardware supplies for Marquette.

#### A GREAT SENSATION.

There was a big sensation in Leesville, Ind., when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c. and \$1.00. Guaranteed by Stafford Drug Co., druggist. Trial bottles free.

### ON MAY 1.

#### Mrs. A. C. Anderson Will Take Possession of the Summit House.

Mrs. A. C. Anderson of Chicago, who recently purchased the Summit House from the Ward estate, is here to take possession of that hostelry, which has been conducted by P. W. Griffin during the past year or two. The property will be transferred to Mrs. Anderson on May 1, and she will continue to run it as a hotel, under her direct supervision. The house will be known as "The Summit" under her management. Mrs. Anderson has had no little experience in public work of the kind, and as she is a good business woman and a first-class manager she will doubtless run a very creditable hotel.

Mrs. Anderson is no stranger in Marquette. For the past twenty-five years she and her husband, who has an important railroad run as engineer out of Chicago, have spent the summers here, living in the Anderson cottage on Champion hill. Mrs. Anderson has, in fact, spent about half her time in Marquette, and she is well known here. Mr. and Mrs. Anderson will retain their cottage on Champion hill, and from now on they will spend more and more of their time in Marquette.

### EXPECT A BIG RUSH.

#### Marquette Gas Light Company Has Received Consignment of Ranges.

The Marquette Gas Light company received its first consignment of gas ranges Saturday. These ranges are of the latest improved design and are the best manufactured, notably in matter of construction, but also in economy of operation. There are several styles, among which are three never before shown in Marquette. The new stamped steel stove is handsome in appearance and yet low in price. The company is offering great inducements for the introduction of these ranges, and they should and probably will be appreciated. They are so liberal that the comfort and convenience of a gas range is brought within the reach of all.

The Gas Light company has recently closed a contract for several carloads of gas pipe which will be used to extend the mains. Two cars of this pipe have already been shipped and are expected this week. Work in South Marquette will be commenced upon their arrival. Other extensions will be made directly after the South Marquette work is finished up.

People who contemplate using gas this summer will do well to place their orders at once, as many have already been entered and more are being received daily.

### EPWORTH LEAGUE OFFICERS.

At the semi-annual business meeting of the Epworth League of the M. E. church last evening, these officers were elected:

President—J. A. Williams.  
 First Vice President—Harvey B. Hatch.  
 Second Vice President—Mrs. R. S. Brunner.  
 Third Vice President—S. E. Cornelle.  
 Fourth Vice President—A. E. Miller.  
 Secretary—John Erickson.  
 Treasurer—August Erickson.  
 Organist—Miss Mammie Barry.  
 Mrs. E. A. Elliott and Mrs. Wilde were chosen superintendents of the junior league.

Sister—when your complexion begins to fade don't use powder, paint or skin foods. Go to bed early and take a little Rocky Mountain Tea. 'Twill bring back the real beauty of youth. The Stafford Drug Co.

### FIRST OF THE SEASON.

Our new line of gas ranges just received. Call in and select your's today. Two dollars down, \$1 monthly, secures one. The Marquette Gas Light Co.

### PERSONAL.

If Daniel Flynn, son of the late Patrick Flynn, of Arthur township, Ontario, Canada, will communicate with James Egan, Mount Forest, Ont., he will hear of something to his advantage. Or anyone who knows anything of the whereabouts of the said Daniel Flynn, who was last heard of at Marquette, they will confer a favor by addressing Mr. Egan as above. (4-27-03)

### 800 CANAL PASSAGES.

#### List of the Vessels Locked Through on the Up-Bound Trip.

Sault Ste. Marie, Mich., April 27.—Up: Arania, Rockefeller, 9:40 last night; Northern King, W. W. Brown, 12:30 a. m.; Kennebec, 12:40; Matao, Corliss, 2; Nottingham, 8:30; Colgate and whaleback, 10; Morse, Muncey, noon; Maruba and whaleback, 2 p. m.; Richardson, Wawatam, Trevor, 2:20; Bessemer, 3; Moses Taylor, Presley, 4; Hayward, 4:30; Admiral, 5; Northern Wave, Pathfinder, 7; Sawyer and consort, Eturia, 8.

### Lake Freight Rates.

Representatives of the Steel Corporation announced, a few days ago, that they were ready to take up with vessels most the question of season contracts for the movement of iron ore. They offered eighty-five cents from the head of Lake Superior, seventy-five cents from Marquette and sixty-five cents from Escanaba. They found no difficulty in covering their present requirements at these figures, although it was expected that with an eighty-five-cent basis from the head of the lakes the Marquette rate would be eighty cents and the Escanaba rate seventy cents. But as the Steel Corporation insisted upon a greater differential, the same that was objected to last year, other shippers followed suit, and those among them who can not offer ore from Marquette and Escanaba are, of course, placed somewhat at a disadvantage in their dealings with the vessel men. The fact that the Escanaba rate is considered low in comparison with the head-of-the-lakes rate will also retard the movement of coal to Lake Michigan ports, unless the freight situation should go against the vessels.

However, all the season ore that has been offered thus far at the rates above named has been taken. Ore sales are slow and there are three or four large shippers who have as yet done practically nothing in lake freights. Various circumstances have combined to delay the starting of vessels and it is a little to the advantage of the ships that the first of May will see a very small general movement of freight compared with quite a large volume of business showing up on May 1 a year ago.

### Tug Wisconsin Coming Here.

Captain John De Vany of Saginaw has arrived at Duluth to take charge of the tug Wisconsin. As soon as the fitting out of the tug has been completed, she will proceed to Marquette to replace the Schenk, transferred by the Great Lakes Towing company to Duluth.

### Notes of Marine News.

The Griffin, of Cleveland, took out ore from the South Shore docks yesterday. The Brewer, heretofore a stranger at this port, cleared from the L. S. & L. bound for Ashtabula.

The Alice B. Norris, of the Edward Hines Lumber company's fleet, is at Ontonagon taking on hemlock lumber from C. V. McMillan & Bro.'s saw mill. The cargo is consigned to Tonawanda, N. Y. This will be the second shipment of lumber by water from Ontonagon since 1896, but it is expected that a boat will be loaded every two weeks for some time.

### ONE CARLOAD OF GAS STOVES HERE

We are now booking orders, therefore get your order in early. First come, first served. Two dollars down, \$1 monthly. The Marquette Gas Light Co.

### NOTICE TO WHOM CONCERNED.

After May 1, nine hours will constitute a day's work, with full pay, for the paper hangers and painters of Marquette. (Signed,) Committee. (4-24-03)

### A NEW FACTORY BY A WELL-KNOWN FIRM.

The Petoskey Rug Manufacturing Co., Ltd., have opened a branch factory for the manufacture of Rugs from old carpets at Sault Ste. Marie, Mich. Write them for a booklet about the way they make beautiful and sanitary Rugs from old worn-out carpets. They also manufacture a new rug from new wools which has proven to be the best thing of its kind as a low-priced rug on the market and as beautiful as an Oriental. They have no agents soliciting orders; write direct. (4-22-03)

### CITY BREVITIES.

#### Today's weather: Partly cloudy with possibly showers; brisk to high easterly winds.

Yesterday's temperature: 7 a. m., 54 degrees; 12 noon, 67 degrees; 2 p. m., 67 degrees; maximum, 71 degrees; minimum, 47 degrees.

Theodore Thoren of Negaunee was down on business yesterday.

J. S. Balfcock, the grocer, is out again after an illness of five weeks.

Born, yesterday, to Mr. and Mrs. S. W. Zryd, 242 Washington street, a son.

The jurors for the term of circuit court beginning May 18 were drawn yesterday, and will be notified at once that they must serve.

F. W. Read is home from an extended vacation. He spent no little of the time that he has been away from the city at Lake Maillard, Fla.

Seventy-three dollars were netted at the recent social dance at the A. O. U. W. hall given for the benefit of Willie Hornby, a patient at St. Mary's.

The steamer Japan, the first passenger boat of the Anchor line to visit this port, was in Sunday evening, from 10 p. m. until 1:30 a. m. yesterday, unloading a consignment of package freight.

A stiff south wind, which showed a tendency to get around to the west, prevailed yesterday, and made life miserable for people who had to be about. It whipped up tremendous clouds of dust.

Hi Henry's minstrels entertained a good-sized house at the opera house last evening. The show possesses some good features but it is not on a par with that given by Mr. Henry on the occasion of his last appearance here.

Work has been moving along briskly the past fortnight at the pulp mill at Munising. Twenty masons have been at work and several carloads of structural steel work have arrived. As soon as the weather becomes warm the force, already considerable, will be largely increased.

F. J. Lang, representing the Wisconsin Land and Lumber company, which makes a specialty of polished lumber, fine flooring, etc., with mills at Hermansville, Mich., is here visiting the trade. He will go from this county to the copper country.

The council will meet tomorrow evening to act on the liquor bonds and to appoint the police officers, on recommendation of the police committee. It is reported that there will be one or two changes in the present force. It is probable that a good crowd will be out to see what turns up.

The board of control for the Marquette branch of state prison met here yesterday. W. D. Calverley of Houghton and Otto C. Davidson of Iron Mountain being in attendance. Routine business was transacted. Mr. Davidson left for his home last evening, and Mr. Calverley will go out this morning.

The Carpenter-Cook company has moved its entire stock to its new quarters at the mercantile dock, where the company has its office and ware rooms. As soon as possible the concern will have a spacious sample room fitted up that will contain a sample of every article handled in the company's extensive stock.

A force of about thirty men is now employed at the new court house. Some six masons are working and, with their helpers, they are making fine progress on the walls, which it is expected to have up by about July 1. Everything about the new building is progressing nicely, although at this early date the work is not organized as well as will be the case later.

A meeting of the executive committee of the Lake Superior Press association has been called by Secretary Baldwin for Houghton on the 30th. The dates of the annual summer outing, which is to be held in the copper country this year, will be fixed. Plans for assisting in the entertainment of the Michigan Press association on its trip through the upper peninsula in the latter part of June will be discussed.

Win Williams came up from Milwaukee yesterday morning to make arrangements for moving his family to his new home. They will leave Marquette very soon now. Mr. Williams will return to Milwaukee this week. His permanent departure from Marquette will be regretted by many friends. He has made his home here since '73, and is well known all over the county.

The Kelly road roller received in the lower yards the other day will be unloaded today. The Pitts roller will be taken from its shed today, and in its place will be put the old street sprinkler, which is to be repainted. The Studebaker sprinkler was in use yesterday, laying the dust on the business streets, something it was only partially successful in doing, owing to the prevailing high winds.

A large St. Bernard dog was impaled on the high iron fence surrounding the government building yesterday morning on the Third street side. It got into its predicament while trying to leap the pickets. It fell on them, and one entered under the skin just back of the shoulder. The Rev. E. A. Elliott left the dog out of its dangerous and painful lodging place, the grateful animal all the time trying to bite him.

INCREASED FACILITIES TO POLICY-HOLDERS.

The Mutual Life Insurance Company of New York, the largest, strongest and best company in the world, has established a managing agency in Marquette, Mich., for the care of its business in the peninsula of Michigan and Northern Wisconsin. Increased facilities are thus afforded to the policy holders and agents of the company.

Exceptional opportunity is given to bright, energetic men to engage in the business. For particulars concerning agency contracts apply to E. M. Post, manager, Marquette, Mich.

GAS STOVES FOR EVERYONE.

No one need hesitate now. Think of it, 82 places a gas range in your home. The Marquette Gas Light Co.

RUGS MADE OF OLD CARPET.
