## ASSASSIN KILLS HIM

PROMINENT KENTUCKY ATTORNEY SHOT IN COLD BLOOD.

## IS MURDERED AT COURT HOUSE

HON. JAMES B. MARCUM, OF JACKSON, THE VICTIM.

Long Marked for Death Because of His Connection With a Noted Feud—Man Who Kills Him Escapes and as Yet Is Unknown.

Lexington, Ky., May 4.—Just after he had finished filing papers reopening the contested election cases of Breathitt county, Hon. James B. Marcum was shot and killed by an unknown assassin today. He fell in his tracks in front of the entrance to the court house at Jackson, Ky., death being almost instantaneous.

His Life Long Threatened.  
Marcum was counsel for the fusionists contesting for offices now held by Democrats. As a result of his efforts and sympathy with the Cockrell faction in the famous Hargis-Cockrell feud, he had for a year been generally regarded as a "marked man."

Various plots to assassinate him had been reported and sworn to in affidavits. For seventy-two days last fall he was a prisoner in his own home. The bitterness of the feud somewhat abated, however, and the election cases were allowed to stop until Monday. Despite warnings Marcum felt safe in resuming his interrupted practice.

This morning after filing the papers he walked from the clerk's office to the front door of the court house and, facing the street, engaged in conversation with Benjamin Ewing. The corridor was full of men. Ewing was half leaning on Marcum's shoulder.

Is Shot at from the Rear.  
A shot rang out in the rear of the corridor, Marcum staggered and as he sank to the floor another shot was fired. The first bullet entered the back, passing through the body. The next shot passed through the top of his head. There was so much confusion that no one seemed able to state accurately where the assassin was located. The assassin tonight is still unknown, and no arrests have yet been made.

Marcum's body lay for ten minutes untouched. Even his friends feared to approach the place. Men feared to touch the body. It was finally picked up and taken home.

Some say they saw the assassin run out of the rear door, and it seemed certain he escaped that way during the confusion. It is generally believed the assassin was recognized by some people, but no one thus far has had the courage to name him.

Trustee of State College.  
Marcum was a trustee of the Kentucky state college and United States commissioner of his district, and represented several large corporations. He had avoided feuds, and until he took charge of the election cases which involved the Hargis faction he had been a friend of members of both factions.

For three months, beginning last July, he did not leave his home, and after that for months was always accompanied by wife and women friends or carried one of his children with him for protection.

Prominent Buffalo Man Shot by Wife.  
Buffalo, N. Y., May 4.—John H. Costello, prominent in lumber, oil and copper interests, was shot by his wife today. At the hospital the physicians said the wound may prove fatal, but that the chances favor his recovery. He is one of the best known and wealthiest men of Buffalo.

Kentucky Politician Victim of Accident.  
Lexington, Ky., May 4.—Walter S. Bronston, aged thirty-one, city solicitor and a prominent Elk and politician of Kentucky, accidentally shot and killed himself this afternoon. A revolver dropped from his hand struck the dresser in his room and was discharged, the bullet entering his stomach.

Domestic Trouble Lead to Tragedy.  
Deatur, Ill., May 4.—W. B. McNeil, druggist, was shot today and fatally wounded by Edward H. McCool, residing in the same house. Domestic troubles caused the tragedy.

BOY'S AIM IS DEADLY.  
Steuilenville, O., May 4.—Former Probate Judge Croskey died this afternoon from a fracture of the skull, caused by a brick thrown by a boy a few days ago. Judge Croskey had remonstrated with the boy for trespassing when the latter picked up a brick and threw it at the judge.

STOLEN MONEY RECOVERED.  
Sioux City, Ia., May 4.—Detectives for the United States Express company have recovered the money stolen from the Britt (Ia.) office last Thursday. Three thousand dollars were found under the office and \$1,000 more at a source not made public. The officers say this is the entire amount stolen.

IRISH LAND BILL ADVANCED.  
London, May 4.—Irish Secretary Woodham today formally moved the second reading of the Irish land bill in the house of commons. John Redmond, the Irish leader, supported the motion.

## RUSSIAN ASSURANCES REFUTED.

Manchurian Demands, as Published at Peking, Strike at Other Powers.

Peking, May 4.—The text of the Russian demands concerning Manchuria just made public here shows that instead of absolutely prohibiting the opening of new ports and admitting foreign consuls, these steps are to be prohibited from being taken without Russia's consent, which interested parties construe as meaning the same thing.

The Russian ambassador's assurances to British Foreign Secretary Lansdowne concerning Manchuria are refuted by the text, which stipulates that the administration of Mongolia is to remain unchanged and states vaguely that Russian interests are paramount in north China and that only Russians should be employed there.

A clause particularly distasteful to the representatives of the interested powers is the prohibition against granting concessions or leases of land in the valley of the Liu river to other powers, which, it is asserted, Russia would take extreme measures to prevent.

The scheme for a sanitary commission for New Chwang provides that the Russian consul and the Russian customs officials shall be members, but does not refer to other consuls.

Russian Text Summarized.  
London, Tuesday, May 5.—The Times publishes a summary of the authoritative Russian text of the demands concerning Manchuria. The demands are substantially as previously reported. The preamble recites the friendliness of China and Russia for centuries and the anxiety of the latter for a continuance of this relation, and expresses fear that the interference of strangers may impair and impede the friendly settlement of affairs. Russia considers it its duty to guard these relations, especially in Manchuria. Russia's sacrifices of money and men are set forth, and attention is called to the fact that by right of conquest Russia could annex this country but declares its unwillingness to do this. Then Russia offers to restore the territory upon the conditions named in the demands.

Warlike Preparations.  
Victoria, B. C., May 4.—Advices from Yokohama all indicate active preparations for war, Japan and Russia, apparently getting ready for hostilities over Manchuria. Great alarm is felt in New Chwang. Japanese papers assert that a state of siege has been declared by the Russian authorities at Talien and Kinchow and thence to the Yalu river, and that Russian troops have been dispatched from Port Arthur to Amok-gang, Korea. Japanese warships have gone there.

In certain quarters a collision between Japan and Russia is considered inevitable and the opening of hostilities is expected at any moment. It is also reported that Japanese reserves have been ordered to prepare for mobilizing, and that Japanese and British warships have been sent to the Yalu river.

WILL PROMOTE ARBITRATION.  
Chicago Council of the Civic Federation to Work for Industrial Peace.

Chicago, May 4.—To educate capital and labor and the general public to a realization of the benefits of arbitration and conciliation will be the main object of the Chicago council of the National Civic Federation, the first step in the organization of which was taken today by persons of prominence. Senator Hanna, President John Mitchell of the miners' union, Dr. Emil G. Hirsch, Franklin MacVeagh, President Harper of the University of Chicago, Bishop Fallows of the Reformed Episcopal church, Judge Tukey and several local leaders in industrial lines were present. Senator Hanna made a speech eulogizing the labor union, and all those who spoke pledged their efforts to promote the success of the new council.

RESCUED FROM SINKING SHIP.  
Survivors of the Crew of a French Brig Landed at New York.

New York, May 4.—Of the crew of a seventy-two men who sailed from St. Malo, France, March 28, on the French fishing brig "Sans Souci," sixty-five reached here today on the steamer "St. Andrew" from Antwerp. Of the others six were washed overboard and drowned during a gale on April 25 and one died later. When rescued by the "St. Andrew" the members of the crew were completely exhausted through their endeavors to keep the brig afloat.

TURKS AND REBELS MEET.  
Heavy Losses Sustained in a Battle in the Monastir District.

Salonica, May 4.—An engagement between Turkish troops and a band of revolutionists is reported to have taken place in the Monastir district. Both sides suffered considerable losses. Ten Turkish officers are said to have been killed.

Constantinople, May 4.—There was another bomb explosion at Salonica yesterday, but apparently no damage was done.

PREMIUM ON MATRIMONY.  
Married Officers of the Philippine Constabulary to Get More Pay.

Washington, May 4.—The Philippine commission has put a premium on matrimony by making an increase of \$1 (gold) per month in the salary and allowances of married officers of the constabulary. The increase is for the continuation of quarters. There are many bachelors on the force.

PAPER MILL FOR RHINELANDER.  
Appleton, Wis., May 4.—Capitalists of this city today let a contract for a paper mill to be built at Rhinelanders at a cost of \$900,000.

## GUEST OF COLORADO

WESTERN STATE GIVES ROOSEVELT HEARTY WELCOME.

## GREAT CROWDS GREET HIM

HE STOPS AT DENVER, COLORADO SPRINGS AND PUEBLO.

Features of the Day the Presentation of Two Medals to the President, One of Silver, the Gift of Colored Citizens.

Denver, May 4.—President Roosevelt was the guest of Denver today from 10:30 a. m. until 1 o'clock, when he left for Colorado Springs. He was greeted with a warmth and heartiness not exceeded on his transcontinental tour.

It is estimated that 150,000 people lined the route from the depot to the capitol grounds, a distance of six miles. The day was observed as a holiday. The schools and business houses were closed and the city was beautifully decorated for the occasion.

At the capitol grounds the president made a fifteen-minute speech, which was enthusiastically received by twenty-five thousand people. On his return to the depot the president stopped at the city park, where he was greeted by thousands of school children. The president in his speech briefly explained the irrigation law and then spoke at length on good citizenship.

On the train today Governor Peabody, on behalf of the Colorado Board of World's Fair commissioners, presented the president with a souvenir medal made of solid gold taken from the El Paso mine, Cripple Creek, and accompanied by a beautiful engrossed presentation certificate.

Gets Medal from Negroes.  
Colorado Springs, Colo., May 4.—Twenty thousand people welcomed President Roosevelt when he arrived from Denver at 3:40. The president was escorted through an avenue formed of a long double line of militia and uniformed men extending from the Rio Grande station to the Antlers Hotel, where the president addressed a great assemblage. He spoke briefly upon the responsibilities of citizenship.

Following the speech, colored citizens presented the president with a silver medal bearing the words, "To the president, the president of the people, the friend of the friendless." The president thanked the committee of colored citizens, and Rev. Mr. Gladden expressed the thanks of the colored residents for the stand the president has taken on the race question. After a drive about the city the party left for the south.

Deafening Farewell at Pueblo.  
Pueblo, Colo., May 4.—The whistles of the factories this evening sounded a deafening goodbye to President Roosevelt as his train sped away to the south and west after a remarkable welcome to him by a hundred thousand people of the Arkansas valley.

His train arrived at Mineral Palace Park, on the Denver & Rio Grande railroad, and, escorted by military, he drove to a platform in front of the palace. The president spoke about fifteen minutes to an enormous crowd.

On the way down town the procession paused at the Centennial school, where the president addressed several thousand pupils of the public schools. The remainder of the way to the Union depot was a mile of cheering crowds. At the station the president and party reviewed the military portion of the parade, and then boarded the train with a smiling adieu and a hearty "Good-luck to you."

Trinidad, Colo., May 4.—Fully a thousand people greeted the presidential party here tonight. The president made a short speech from the rear platform. The train left this city just before midnight.

GOTHAM POLICE KEPT BUSY.  
Strikes Disorders Frequent in Various Parts of the City.

New York, May 4.—Police reserves were called out frequently today in different parts of the city to quell disorders growing out of various strikes. Many arrests were made. In some cases non-union men were severely handled by the strikers.

Chicago, May 4.—The strike movement of laundry workers was augmented today by the closing down of five steam laundries in the suburb of Evanston. All the laundries in the city remained closed today.

Pana, Ill., May 4.—At the sub-district convention of miners today, all the miners in sub-district No. 19 were again ordered out. Only Pana, Moweaqua, Niantic and Witt obeyed the former order. There are now 3,000 men out.

New Richmond, Wis., May 4.—The section men on the Wisconsin Central in this district struck today for an increase in wages. The section bosses threaten to strike.

Council Bluffs, Ia., May 4.—Two hundred men, 125 employed in building trades and seventy-five teamsters, struck today for an increase in wages.

STATE RESTS IN AMES CASE.  
Defense of the Former Mayor to Be Mental Irresponsibility.  
Minneapolis, May 4.—The state rested this morning in the trial of former Mayor Ames for bribery and extortion. A number of women testified to paying Gardner, the go-between, various sums for protection. The counsel for the defendant paresis, claiming also that Ames was irresponsible mentally.

## CHARGED IN RAIN OF BULLETS.

Scouts' Defeat of San Miguel's Band Marked by Desperate Galantry.

Washington, May 4.—Unofficial reports received at the war department give additional details of the campaign which resulted in the death of "General" San Miguel and the utter rout of his band of outlaws by the Philippine scouts commanded by Lieutenants Nickerson and Reese.

The scouts located San Miguel's band about half way between Calocan and Marquina, in a strongly fortified corral and blockhouse. The scouts, many years ago and so concealed by the jungle that it had escaped discovery.

Nickerson and Reese and their men made a gallant attack on this stronghold under a very heavy fire from the enemy through loopholes in the wall surrounding the blockhouse. The scouts charged over the wall and engaged the enemy in a hand-to-hand combat, driving them into the fort. In this assault Lieutenant Reese was shot through the thigh.

San Miguel, surrounded by a devoted band of thirty men, undertook to slip through the line, but upon being discovered put up a plucky running fight. Nickerson with fifteen men attacked Miguel's party, but withheld their fire until within short range, when they put three bullets through Miguel's body. Miguel died gamely, shooting while lying on the ground wounded. Six of his bodyguard were killed. The remainder escaped in the jungle.

The fight lasted an hour and a half. The Americans lost three men killed and ten wounded, including Lieutenant Reese. The enemy left forty dead that were counted, while the jungle concealed others killed, and also wounded. Prisoners were taken. Many valuable papers were found on the bodies of the dead and wounded and some are said to contain evidence against several prominent officials in the province.

BRIBER OF NEGROES GOES FREE.  
U. S. Supreme Court Holds State Invalid in a Kentucky Case.

Washington, May 4.—The United States supreme court, in an opinion handed down today by Justice Brewer in a case involving the validity of Section 5507 of the Revised Statutes, respecting the bribery of persons protected by the Fifteenth amendment, affirmed the decision of the lower court declaring the statute unconstitutional.

The defendant was indicted for bribing negro voters in the congressional election in the Fifth district of Kentucky in 1900. He was arrested, but sued out a writ of habeas corpus on the ground that the statute was in contravention of the federal constitution. The district court thereupon discharged him, and the government brought the case to the supreme court, which today affirmed the opinion.

Announcing the opinion of the court, Justice Brewer said that no point had been made of the fact that the persons bribed were of color. Speaking of the statute, he said: "On its face, it is clearly an attempt to exercise power supposed to be conferred by the Fifteenth amendment in respect to all elections and not in pursuance of the general control by congress over particular elections. To change this statute enacted to punish the bribery of persons named in the Fifteenth amendment at all elections, to a statute punishing bribery of any nature at certain elections, would be in effect judicial legislation."

TRAINS MEET ON A CURVE.  
Collision on Pere Marquette Kills Two Men and Injures Others.

Saginaw, Mich., May 4.—As the result of a head-on collision between Pere Marquette passenger trains at Mayville today, two men are dead and seven severely injured, one probably fatally. The collision took place on a curve.

The dead were: Fireman Albert J. H. Osmond, Saginaw; Baggageman Gus Plager, Port Huron.

The injured are: Engineer Robert Campbell, Port Huron; Engineer Terrence Kelly, Saginaw; probably fatally Express Agent A. O. Smith; Mail Agent Frank P. Peck; Conductor A. Haseltine, all of Saginaw; Mail Weigher Harold James, Jackson.

Blame for the disaster has not definitely been fixed.

Later—Peck died tonight.

Kallspeil, Mont., May 4.—A list of those injured in the wreck of the Great Northern express near Troy on Sunday shows that fully a dozen were hurt. Gus Cochran of Corvallis, Mont., and Mrs. Wilson of Sioux Falls, S. D., may die. Among others injured is Mrs. Thomas Kain, Wines City, Mich., ribs fractured. The accident was caused by an unlocked switch allowing the train to run into a ditch.

CHRISTIAN SCIENTISTS LOSE.  
Charter Refused in Pennsylvania on Ground of Improper Purpose.

Philadelphia, May 4.—The Pennsylvania supreme court today affirmed the ruling of the late Judge Arnold, in which the latter refused a charter to the Christian Science association on the ground the purpose of the association as disclosed is improper.

ACCUSED OF STEALING \$25,000.  
Brick Company Official Arrested at Cleveland for Embezzlement.

Cleveland, May 4.—Edwin C. Kelly, treasurer and general manager of the Enamel Brick company, has been arrested on warrants sworn out by the president of the company charging him with the embezzlement of \$25,000 of the funds of the concern.

A DROP IN BUTTER.  
Elgin, Ill., May 4.—Butter sold at 29 cents a pound on the Board of Trade this afternoon, a drop of two cents from last week.

Time seems most untimely when he brings a woman to the turn of life. Life is so short, he should be at its ripest and best for her, and she approaches this change with a dread of its effect born of her knowledge of the sufferings of other women at this season.

There is not the slightest cause for fear or anxiety at this period if Dr. Pierce's Favorite Prescription is used. It gives health of body and cheerfulness of mind, and by its aid the pains and pangs of this critical period are prevented or cured.

Dr. Pierce's Favorite Prescription is woman's medicine with a wonderful record of cures of womanly diseases. Diseases that all other medicines had failed to cure, have been perfectly and permanently cured by the use of "Favorite Prescription."

"I feel it my duty to write you as I have received so much benefit from the use of your medicine," says Mrs. Lizzie A. Rowman of New Matamoras, Washington Co., Ohio. "I have taken four bottles of 'Favorite Prescription' for female weakness and change of life. Before I began taking it I could not do anything. I had such pains in my head and in the back of my neck that I thought I would lose my mind. Now I can work every day. I recommend 'Favorite Prescription' to all females suffering in the period of change of life. It is the best medicine I have found."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place. Keep the bowels healthy by the timely use of Dr. Pierce's Pleasant Pellets.

SUBSCRIPTION RATES: Per month, by carrier, \$1.00. Per year, by mail, \$10.00. MARQUETTE, MICH., MAY 5.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Andrew Carnegie and J. Pierpont Morgan both left London on the same day. There should be something "doing."

Though the packing companies had a merger almost perfected a few weeks ago, they have decided to suspend operations in that direction until they see what the supreme court of the United States has to say about the Northern Securities case.

The early part of May finds the lake marine pretty busy. The movement of lake freights, merchandise, the grains, coal, ore, and the manifold other products that make up its annual proportions, is well under way.

The London Daily Mail has the following interesting and instructive comment on an experiment in municipal ownership of traction lines which the London council is working out:

Already, before the first section of the council's (the London County Council) new electric line is open for traffic, the calculations of its committees and advisers have been singularly falsified. The early estimates of cost on which the council as a whole sanctioned the experiment have been proved absurdly inadequate.

THE TIME IS RIPE. That the trade relations between this country and the Dominion of Canada are not better adapted to securing a permanent commerce between these two great political divisions of our continent is not due at all to lack of agitation in favor of treaties which may be framed with mutual profit.

Your Liver. Hood's Pills. Sold by all druggists. 25 cents.

agreed to its present policy it was warned, not only by this journal, but by many technical experts, what would happen. These warnings have been more than justified. It could be shown that the greater outlay has given some permanent benefit to London there would be less complaint. But every day makes it the more certain that within a few years systems of traction such as the new South London tramway will be almost as out-of-date as the stage coach.

A singularly needless accident was that at Detroit Sunday night, when a Grand Trunk flyer ran into a crowd of excursionists who were waiting for their train to Toledo, killing several men and injuring thirty or more.

Valuable mica properties in the province of Ontario and Quebec recently have been purchased by United States capitalists. An American transportation company has begun to build ships to be operated between Duluth, Minn., and Quebec, and many other investments have been made of American capital.

The resources of Canada are bound to be developed, and the commerce of the country is sure to expand. The United States should recognize that fact, and should so arrange matters as to benefit by it rather than to suffer from it, and that can be better done by closer relations than by a partition wall.

DEAFNESS CANNOT BE CURED. By local applications as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional means.

The Mutual Life Insurance Company of New York, the largest, strongest and best company in the world, has established a managing agency in Marquette, Mich., for the care of its business in the peninsula of Michigan and Northern Wisconsin.

ANNUITIES AND INSURANCE are two different things, a put and a call as it were. Each useful and legitimate, and we invite your inspection, your confidence and your patronage.

D. S. S. & A. RAILWAY. EXCURSION RATES FOR CONVENTIONS, MEETINGS, ETC. G. A. E. State Encampment, Muskegon, Mich., June 9th-11th, 1903.

THE SUPERIOR TRUST COMPANY. HANCOCK, MICH. CAPITAL \$150,000. SURPLUS \$30,000. BOARD OF DIRECTORS: Charles Briggs, James MacNaughton, John D. Cuddihy, Graham Pope, Rufus M. Gooden, Allen F. Keen, Lemuel Karger, Albert K. Gray, John J. Case, Edgar M. Towar, William A. Paine, Harry F. Fay, James Chynoweth, William E. Parnall, Charles H. Hall, James R. Cooper, Jacob Baer, George Kuppe, Archibald J. Scott, Charles A. Wright.

present year memorable by the establishment of new and immense enterprises and the enlargement of many of those now existing. American capitalists have started new railroads and banks, and vast tracts of timber land have been purchased by a new company composed principally of American capitalists.

Different companies have begun to mine coal, copper, nickel, and gold, and a large company has purchased a tract of land in Montreal on which to erect a pulp factory. Syndicates have been formed for the purpose of manufacturing pulp, timber, seeding machines, aluminum, iron, steel, and asbestos.

The development of Canadian mines by American capital, the lumbering of her forests, the organization of banks, and similar enterprises may be, perhaps, the opposite of injuries to the United States, but the erection of factories for the manufacture of products in Canada which can be supplied by our own factories, and would be, were there no tariff restrictions, is a different matter.

Copper Country Department

ARRIVES ON ITS FIRST TRIP.

Steamer Moore to Ply Bi-Weekly Between Duluth and Copperdom.

The steamer C. W. Moore, of the Booth line, arrived at Houghton on its first visit to Portage Lake Sunday afternoon. From now on until the close of navigation it will make regular bi-weekly trips between Duluth and the copper country, catering to the passenger and freight business. The boat until recently was on the north shore route, plying out of Duluth. On the Duluth-Houghton route it takes the place of the steamer, which the Booth line turned over to the Graham & Morton Transportation company, of Chicago, in exchange for the Moore and the Soo City late last summer.

Although not so large as the Argo, nor as handsome, the Moore is a staunch, seaworthy craft and has adequate facilities for the comfort of passengers. It is 124 feet in length with a 24-foot beam. Its net tonnage is 294. It was built in 1881 for the Graham & Morton Transportation company. The Moore was temporarily placed on the north shore route by the Booth line to await the opening of the local season. The steamer Soo City, which is running out of Chicago to Lake Michigan points, is about the same size as the Argo, but is a wooden boat. It is handsomely finished in mahogany and has the reputation of being a fine sea vessel. If the business warrants it, the boat will be placed on the Duluth-Houghton route later in the season.

With the Bon Ami, of the White line, there are now two boats plying between Duluth and Houghton, and just as soon as the weather is warm enough for a good passenger business the White line will put on a sixteen-mile-an-hour boat to replace the Troquois, which was sold to Eastern parties.

CHANGE IN LANDLORDS.

P. H. Landy of Rochester, Minn., has purchased the interest of J. McNeil in the Hotel Northwestern, Hancock. It is said the transaction involved \$2,500. The hotel has been conducted under the name of McNeil & McNeil, the gentlemen having taken hold of the place soon after the failure of P. Bolling about six months ago. The McNeils bear no relation to each other, but their business relations have been of the most friendly kind. The dissolution was made by mutual consent. Mr. Landy has already taken hold and with Thomas McNeil will conduct the hotel. The latter will, as in the past, spend most of his time at the Hotel Plover, Houghton, leaving after its interests. The Northwestern will be renovated throughout and several important improvements will be made.

McLAUGHLIN CASE POSTPONED.

The matter of a new trial for John McLaughlin, who was sentenced from this county to ten years in the Marquette branch prison for the crime of arson, and who is now an inmate of the hospital for the criminal insane at Ionia, on the ground that he is not now and was not prior to the crime in his right mind to commit the same, was argued in the circuit court, but was adjourned until next Monday. The attorneys, Messrs. Rees and Hambliter, have not yet arranged all the details.

APRIL WEATHER.

The highest temperature during the month of April, according to the meteorological summary, was 76 on April 27, while the lowest was 21 on April 4. The mean temperature was 59, just what it was at the corresponding period a year ago. The total precipitation for the month was 3.70, as compared with 2.48 for April, 1902. There were twelve clear days; five partly cloudy; thirteen cloudy; and ten on which .01 inch, or more, of rain fell.

A SURE THING.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre, of Stephentown, W. Va., says "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by The Stafford Drug Co., druggist. Trial bottles free. Regular size 50c, \$1.00.

COPPERDOM BREVITIES.

The steamer M. B. Grover, which wintered at Portage Lake, may clear this week. The boat is all ready to move and is only waiting for orders.

Dan Washburn, proprietor of the summer resort at the canal, intends erecting a dancing pavilion and putting in bowling alleys at the place. The place is attractive as possible during the coming season.

Judge E. J. Carey, who practiced law at Calumet for several years, has left for the West to permanently reside. He intends opening a law office in some growing coast town. The judge is a fluent orator and despite his years is still hale and vigorous.

One of the features of the annual meeting of the grand lodge of the Knights of Pythias at Saginaw on May 12 will be a competitive drill for six uniformed rank companies. The grand lodge has appropriated \$250 and the city of Saginaw \$450 for prizes for the event.

Angus McLean of Calumet has left for Denver to attend the annual convention of the Brotherhood of Railway Trainmen. He will represent the Calumet lodges. Before returning home he may visit Globe, Ariz., near which is the Lake Superior & Arizona gold mine, in which he is interested.

The members of the school board of Calumet district No. 2 will visit the schools of the district in a body this week to more thoroughly familiarize themselves with the work being done. It is believed the visit will result in ideas which will prove helpful when future plans are considered. It is a new departure for the board.

The interior of the Calumet M. E. church, of which Rev. W. B. Coombe is pastor, will be thoroughly renovated and redecorated. Henry Haapana has the contract for the work, which was started yesterday morning. Until the auditorium of the edifice is finished services will be held in the basement. It will take several weeks to complete the work.

The officers of the Centennial Fire department for the ensuing year are: Captain John Pentecost, chief; John Rapsom, secretary; William Richards, treasurer; Edwin Richards, assistant chief; John Goldsworthy, foreman; James H. Mitchell, assistant foreman; John Mitchell, engineer; James H. Richards, assistant engineer.

C. M. Douthitt, physical director of the Calumet Y. M. C. A., will give instructions to his classes in outdoor athletics at the association gymnasium the next four Saturday evenings. The events will include the running high jump, pole vault, rope climb, standing high kick and the two-lap track run. The number of points won by each man will be credited to determine which athlete wins the series.

The bonds of sixteen liquor dealers, the same number as last year, have been approved by the Lake Linden village council. Among them are the Bosch Brewing company; Deschamps & Mogk, druggists; and L. Hennes & Co., dealers in general merchandise. The saloon keepers are: George Gouin; Thomas Kourke; Charles Pearce; Leo Demars; H. Kottenbell; William Tappe; Joseph Thiobaud; C. Lafreniere; Jerry Du-rant; Oliver Boyer; Joseph Generaux; Abraham Rubin; and Chris Meyers.

A petition praying that the asphalt paving be extended on Quincy street, Hancock, from Mesnard to the railroad crossing will soon be presented to the city council by property owners of that district. As previously announced most of the property owners are, it is said, in favor of the improvement. Providing the council will take the necessary steps to bring about the desired extension, it is not likely that the work will be done this year, however, as there would be considerable preliminary work to do and it would be late in the fall by the time the pavement was down. The council has attended to this matter so that the asphalt can be laid early next spring.

Presumably deserted by her husband on Thursday, April 27, by Anna Navarro, a Hancock woman, yesterday disposed of her household furniture and, accompanied by her thirteen-year-old daughter Amy, will leave this evening for Sault Ste. Marie to permanently reside. She is unacquainted with the present whereabouts of her husband, who is said to have severely beaten her prior to his departure. Navarro, whose first name is Nelson, is an electrician by trade, and was a resident of Hancock for about two years. Mrs. Navarro has no relatives or friends at the Soo, but she is a capable dermatologist and plans to take up her profession at Sault Ste. Marie, where she has a home. There is much sympathy for her, and it is hinted that it will go hard with Navarro should the Houghton county authorities run across him.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mother's and grandmothers' never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. You can get this reliable remedy at the Stafford Drug Store. Price 25c and 75c.

DUE NOTICE IS SERVED.

Due notice is hereby served on the public generally that DeWitt's Witch Hazel Salve is the only salve on the market that is made from the pure, unadulterated witch hazel. DeWitt's Witch Hazel Salve has cured thousands of cases of piles that would not yield to any other treatment, and this fact has brought out many worthless counterfeits. Those persons who get the genuine DeWitt's Witch Hazel Salve are never disappointed, because it cures. H. Harwood, Ishpeming; Stafford Drug Co., Marquette.

COPPER RANGE HOTEL (formerly the Auditorium) CALUMET, MICHIGAN European and American Plan. ROOMS: 50c, 75c, \$1.00. A. W. HANSON, Prop.

MINING NEWS AT THE MICHIGAN. Considerable Improvement Work to Be Done This Season.

The depths of both A and B shafts of the Michigan have been continually increased since last December. A shaft has now attained a depth of 1,341, while B has reached a point 1,651 feet below the surface, bringing it to the thirteenth level. As has been the case for some time past, the principal mining operations are being carried on with the object of further developing the West vein. The progress so far made is very satisfactory; and what is still more gratifying is the fact that the remarkably good showing made by this branch vein when first encountered, is still well maintained. Some exceedingly rich stamp rock is yielded by the lode, coming chiefly from points in close proximity to the masses of mineral which are encountered in great abundance and which sometimes attain weight considerably over a ton. In order to encounter the intersection of the branch vein with the principal lode, a winze is now being put down from the twelfth level of B shaft, this method being adopted for the reason that it will accomplish the object sooner than any other.

There are now twelve power-drills at work throughout the mine—a number somewhat smaller than that engaged some time previous—but it is quite evident that sooner or later, this number will be greatly augmented; for although there is now available sufficient compressed air to operate twenty-five drills, a contract has recently been closed with the Ingersoll-Sergeant Drill company for the delivery of a compressor of about forty-five drill capacity.

Since the first of last December, the management have been waiting patiently for the arrival of the big hoist from the Webster, Camp and Lane company, the delivery of which was called for about that time; and everything was in readiness long before that date to receive the machinery. But delay followed delay, until finally patience was rewarded by the arrival of a portion of the hoist a short time ago. It is hoped that the remainder, if it has not already been received at the mine, will be but a short time in coming, after which installation will commence immediately. This engine will go into service at A shaft, and it is sufficiently powerful to haul a car to operate twenty-five drills. The equipment at both shafts is of temporary character, but during the coming summer the shaft houses will be replaced by buildings of a permanent construction. The foundation for the building of A shaft is about completed, while at B, the excavation is only well under way. It is at the former point that the construction will be first rushed, so that affairs can be gotten in condition to break rock here as soon as possible. It was at first contemplated to construct the two shaft houses of structural steel; but because of the great economy, it was finally determined that they should be built of wood. For this purpose Washington iron has been secured, and most of it is already on the ground.

MINE PRODUCTS.

The Wolverine, known as "the little Calumet & Hecla," produced 499 tons, 1,100 pounds in April, despite the fact that the mine was shut down five days on account of the trammers' strike. The April product of the Mohawk was 395 tons, 140 pounds. Other productions were: Quincy, 1,020 tons, 680 pounds; Atlantic, 300 tons, 1,445 pounds; Winona, 100 tons, 1,225 pounds; Tamarack, 650 tons; Mass, 110 tons; Isle Royale, 105 tons; Trimonium, 620 tons; Calumet & Hecla, 3,450 tons. Since Jan. 1, the Isle Royale has produced 208 tons, the Mass 48, the Trimonium 2,395, the Tamarack 2,580, the Calumet & Hecla 13,253 and the Wolverine 2,006. In the same time last year Wolverine produced 1,055 tons and in 1901, 977.

16. Treasurer Endicott has been chosen his successor. Transactions in the newly floated Higgins stock were made yesterday at Houghton on the basis of \$16 per share.

It is said that the Old Dominion Copper company sold last month 1,500,000 pounds of copper at an average price of 14.41 cents per pound, which showed a net profit of over \$75,000. Copper yesterday was 2-6d higher at London, at £90. 10s for both spot and futures. At New York copper was nominally unchanged, the metal exchange quoting 14.56-14.75 for Lake, electrolytic and casting.

The report concerning the purchase of the Solomon Springs property, in the Warren district of Arizona, was stated at Houghton yesterday to be premature. It was added that negotiations were pending, prominent copper country men being in the deal, but that the purchase as yet had not been finally closed.

The following testimonial was received from Mr. John W. Young, an old soldier and highly respected citizen of Lincoln, Ill., who says, "I had a severe cough and cold and I decided to get some kind of medicine. I purchased a bottle of Hart's Honey and Horchound, and am pleased to say I am now well. I advise anyone suffering from throat or lung affections to use this valuable remedy. I cannot recommend it too highly." Sold by People's Drug Store.

BAFFLES THE POLICE

MURDER OF MISS REICHLIN AT LORAIN STILL PUZZLES.

DETECTIVES MAKE SMALL PROGRESS

HAVE BUT LITTLE EVIDENCE AGAINST FATHER WALSER.

Inquest Is Set for Today and Unless in the Meantime Developments Result the Release of the Accused Priest Is a Certainty.

Lorain, O., May 4.—The funeral of Agatha Reichlin, murdered here last Friday at the parsonage of St. Joseph's Catholic church, of which her brother is pastor, was largely attended today.

"If Father Walser was to have his preliminary hearing right here in my office now, and I had to use the evidence I have now in my possession against the man, in my judgment I think I should let him go," was the remark of Mayor King today when asked what he thought of Father Walser's guilt.

Sleuths at Work on the Case. Coroner French, Chief Braman and Prosecutor Stroup hold like views.

It was learned today that the stone which was used to beat the girl's life out was one which she had kept in her room for a long time to hold the hall door open and was not brought into the room by the murderer for the sole purpose of committing the crime.

Priest Could Have Opened Door. The examination of the lock on the door leading from the room of the priest to that of the unfortunate girl reveals the fact that it could not have been opened from Miss Reichlin's side at all and must have been opened from Father Walser's side.

As the officers progress in their investigation sentiment is more and more divided. One thing is certain—robbery was not the motive and the police have abandoned that theory entirely.

It was also discovered that two men were seen carrying a ladder from the yard where the one found leaning against the Reichlin residence belonged.

The only evidence of the presence of burglars in the neighborhood was received in the report of two robberies. A grocer whose place of business was near the Reichlin home informed the police that for some time Thursday night he heard a man tramping about his house on the side nearest to the home of the Reichlins.

Examination of the premises in the morning revealed the fact that the prowler had stood for some time in a spot affording a view of the home of the priest.

TODAY'S WEATHER.

Washington, May 4.—The following is the weather bureau's forecast for Upper Michigan: Showers Tuesday and probably Wednesday; light variable winds.

PRaises THE CITIZEN SOLDIER.

Secretary Root a Speaker at National Guard Convention at Columbus.

Columbus, O., May 4.—The interstate National Guard association of the United States opened here today with twenty-five states and territories represented.

The speakers at the afternoon session were Secretary Root, Assistant Secretary Sanger, Representative Conroy of Massachusetts, Colonel Hall, U. S. A., Judge Advocate General Davis, U. S. A., General Royster of North Carolina, General Stewart of Pennsylvania and General Spencer of New Jersey.

Secretary Root was greeted by enthusiastic applause. He said, in part: "There are only two ways of raising an army, by conscription or by voluntary service. The National Guard is the great school of the volunteers. It is not intended the national government shall pay the expense of maintaining the guard, but it is intended it shall add to the efficiency, strength and dignity of the guard."

"A question now being considered is the minimum of a company, and it is a serious one. It should not be fixed so as to kill the organization of a company in rural districts where young men are not so numerous as in the cities. The required term of training is also to be considered—what kind of training and many other things are to be determined."

"The lines should be laid down so that the regulars and the National Guardsmen will be drawn closer. It too often happens that jealousies exist between the officers of the two branches, but that will be avoided by honest and sincere work. After the maneuvers at Fort Riley last year the officers of both branches left thinking a great deal more of each other. The elements of the one are needed by the other."

"There will never be any trouble in raising soldiers; the trouble will be in the limit of supply and transportation and equipment. With the national government performing the quartermaster's and financial part of the work, and the National Guard looking after the spirit, we can have an army that the whole world would contend with."

"The whole question of efficiency rests upon the officers and men of the regulars and the National Guard, and it needs but the application of the new law in sympathy and kindness and with due consideration for others, and we cannot go astray."

OLYMPIA IS ORDERED SOUTH.

Radical Change in Plans Disappoints Officers and Crew.

Norfolk, Va., May 4.—Officers and men of the cruiser Olympia are much disappointed at the orders received to return to Oulebra. Admiral Coghlan has received orders to go to Newport News for coal and to proceed from there on Wednesday to the southern station. This is disappointing to the officers and men, because they have been in Southwestern waters for eight months, and the Olympia's bottom is so foul that she will lose three or four knots of her speed, which is normally eighteen knots.

The Olympia came here to be overhauled, and the impression is that there is apprehension of trouble in Nicaragua to cause the radical change in the plan. Panama, Colombia, May 4.—Official news from Managua, Nicaragua, to the effect the revolution has been put down is contradicted. The Nicaraguan revolutionary junta here has received a request from General Chamorro, saying that the Nicaraguan government steamer De Lulio has been sunk by the rebel vessel Victoria. The entire crew of the government boat was lost, notwithstanding the efforts made to save them.

LANDGER'S SENTENCE CANCELLED.

Berlin, May 4.—Inquiries made direct at Solingen, Rheinisch Prussia, show that the sentences the local court imposed on Landger for discreditable conduct in that place, have been cancelled.

REFUSES POST AT MANILA.

Iowa City, Ia., May 4.—Dr. Frederick E. Bolton, professor of pedagogy at the state university, today called his resignation of the presidency of the Manila Normal school because he dislikes the Philippines.

KING'S VISIT ENDS DREAD THE MAFIA

EDWARD LEAVES FRANCE ON HIS RETURN TO ENGLAND. NEW YORK ITALIANS FEAR THE SECRET SOCIETY.

CROWDS EVERYWHERE CHEER HIM IT RULES WITH A HIGH HAND

EMPEROR WILLIAM, AT ROME, REVIEWS 25,000 TROOPS. MUCH BLACKMAIL IS LEVIED AND COLLECTED.

Later He Has a Long, Private Audience With U. S. Ambassador Meyer and Charges Him to Pay His Respects to Roosevelt.

Paris, May 4.—King Edward left Paris on his way to Cherbourg today, amid the booming of cannons and the acclamations of an enormous crowd of people. The economies at his departure were on the same elaborate spectacular scale as on his arrival here.

Cherbourg, May 4.—The royal train bearing King Edward arrived here this evening. A salute of 101 guns was fired from the fort. At all places where the train passed on its way from Paris crowds assembled and cordially greeted his majesty with cheers.

A second salute was fired when his majesty entered the arsenal, and when he descended from the train military honors were paid him and a band played "God Save the King." The king was met by Admiral Coehard and other local officials, with whom he exchanged a few words. He embarked on the launch of the maritime authorities and was conveyed to the Victoria and Albert, the royal yacht.

KAISER REVIEWS TROOPS.

Maneuvers Magnificent and Attended by a Hundred Thousand Persons.

Rome, May 4.—Emperor William reviewed twenty-five thousand Italian troops today. A hundred thousand people were present at the magnificent event.

This afternoon Emperor William reviewed in private and separate audiences the members of the diplomatic corps in the order of their seniority. United States Ambassador Meyer was fourth. The conversation between him and his majesty lasted some time and was quite confidential, but it can be said that the emperor asked about President Roosevelt and charged the ambassador to send him his respects. His majesty inquired regarding Roosevelt's health and said he had heard of his arrival at St. Louis.

The emperor recalled having met Ambassador Meyer at the Kiel regatta last year, when the schooner yacht sailed in one class. He explained that this year the regatta would be arranged so the schooners would sail in different classes in order to give his American subjects an opportunity of showing what she can do.

At today's sitting of the chamber of deputies, President Signor Bianchi said he considered it his duty to inform the chamber that he had the honor to be presented by King Victor Emanuel to Emperor William, to whom he had conveyed the respectful homage of the chamber. He had also expressed the great satisfaction of the nation upon this occasion of the third visit of Emperor William to Italy and the Italian king, which he said was a sincere manifestation of the lively sentiments of affection and friendship uniting the Italian and German nations.

Continuing, the president said Emperor William had given him the agreeable mission of thanking the chamber, and that he had conveyed to the emperor the chamber's respectful greeting and well wishes for the German nation. All the deputies stood while listening to the president's remarks.

TELEGRAPHIC NEWS CONDENSED.

Washington, May 4.—The treasury department has received to date \$30,241,150 of 3 and 4 per cent bonds for exchange into 2 per cent consols. The amount of those received is \$10,013,000 of fours, \$49,228,150.

New York, May 4.—The Northern Securities company issued today a statement of its income account from Nov. 13, 1901, to Dec. 31, 1902, showing the dividends received on stock to be \$15,364,261 and that the surplus, after the payment of expenses, dividends, interest, taxes, etc., stood at \$758,117.

Fosston, Minn., May 4.—The Red Lake Indians have refused to sign a treaty ceding twelve townships of the Red Lake Indian reservation, as provided in a bill passed at the last session of congress. The Indians object to giving Sections 16 and 36 to the state for school purposes.

Washington, May 4.—The funeral of the late Bishop John F. Hurst, who died early today, will be held Thursday afternoon from the Metropolitan Methodist Episcopal church. Bishop Charles H. Fowler of Buffalo, N. Y., will preach the funeral sermon and Bishop McCabe of Omaha, Neb., will assist him. The burial will be in Rock Creek cemetery.

Beloit, Wis., May 4.—Wisconsin today won the track meet from Beloit by 58 1/2 to 53 1/2.

St. Louis, May 4.—The proposed trip of the United States monitor Arkansas to Quincy was abandoned on account of the falling state of the river.

New York, May 4.—The trustees of Columbia University today announced the appointment of Professor James Brown Scott, dean of the law school at the University of Illinois, to a professorship in Columbia law school.

Superior, Wis., May 4.—Oscar Anderson was arrested today for the murder of Bernhard Natson, with whom he boarded. He is said to have struck Natson over the head with a club, death resulting.

Kioff, European Russia, May 4.—Thousands of poor Jews have fled from the city because of a report an anti-semitic crusade is imminent. The richer Jews have left their homes and sought refuge in hotels.

THE OLD RELIABLE

watch was taken and some of his jewelry, and he was allowed to go home with only sufficient clothing to make him decently presentable.

Banker Wanted No Bullets.

"Mr. P—, a banker of Mulberry street, near Hester, after failing to pay his assessments, was counseled to delay no longer. His warning read: Do you prefer to retain all your money or to acquire two bullets?"

"He paid. The fact that he knew who the men were made no difference."

"It is not true that all the Sicilians who come hither are deliberate criminals, but it may be that special conditions have been encouraged, and developed a tendency or inbred propensity among a great majority of them. These people seem to need to be helped to protect themselves from each other."

Dr. Saladino said the better class of Italians and Sicilians were eager to do something to counteract the spreading belief that the whole of them were of the class which has been kept under surveillance by the secret service men and some of whom had been corralled by the police for the Benedetto Madonia, the Catania, the Troja, and the other similar mysterious murders in this city.

American Officials Blamed.

Asked how it was possible for such crimes to flourish so unintermittently, Dr. Luigi A. Bosco said: "Not only do American institutions and ideas fail to suppress such crimes as these, but they even tend in some measure to foster them. A more or less corrupt police system is available here in the large cities to shield and help a strong hand of criminals, such as are found in these Mafia groups."

It is possible that the matter may be urged upon the Italian chamber of commerce. This organization includes in its membership several hundred of the leading merchants and business men of the city. Its meetings and annual banquets are attended by prominent men of all nationalities and it wields considerable influence commercially and socially.

STOCKS ACTIVE AND STRONG.

Prices Advance Decisively and Close Firm at the Top.

New York, May 4.—Prices advanced quite decisively in today's stock market and closed firm at the top. The day's business was considerably greater than on last Friday, which was the lowest thus far for the year.

The rise in prices was not due to any specific news development, but was based rather on the conviction of professional traders that stocks for sale had become scarce and holders were little disposed to sell, as shown by the recent power of resistance of the market to bad news. With these favorable technical conditions, and considering the extensive decline which has occurred from last year's high level, the professional bull party operated with confidence today.

The coalers were made the immediate subject of demonstration, and especially the high-priced members of the group. Owing to the small floating supply in the market of the top figures July broke 1/2. Traders who bought on predictions of frost Saturday were good sellers today, as the frost failed to materialize except at a few points and the predictions are for rising temperatures. Early buyers were good sellers on the decline. The cash business was slow and the country acceptances were light. The visible decreased 27,000 bushels. July opened at 32 1/2 @ 3/4; high-

sentimental effect upon speculative opinion. The spread of the movement to other quarters found readiest response amongst the graziers and Southwesterners, owing to the passing away of last week's crop scare due to wintry weather in the winter wheat belt. The strength of Sugar was based on its winning the suit for the rebate of a large amount of the war taxes.

Saturday's unfavorable view of the bank statement seemed to have been modified owing to the pervasion of the large loan expansion represented a simple transfer of obligations from foreign to domestic lenders. No unfavorable effect seemed evident from the indications furnished by the weekly freight traffic reports that the volume of traffic on the Western lines is appreciably diminishing. This tendency is said to be due to hesitancy on the part of manufacturers toward further expansion until there is a change in the labor situation.

Table with columns for various commodities and their prices, including Wabash, Mo Pacific, Manhattan, etc.

BOSTON COPPER QUOTATIONS.

The copper stocks dealt in on the Boston exchange closed as follows yesterday, the quotations being reported by Paine, Webber & Co.:

Table with columns for copper stock types and prices, including Adv., Arc., All., etc.

CHICAGO GRAIN MARKETS.

Chicago, May 4.—Selling by pit traders caused weakness in wheat today soon after the opening, which was a shade lower to a shade higher for July, at 73 1/2 @ 3/4, but there was sufficient scattered demand by shorts and commission houses to check the decline in a measure and after selling down to 72 1/2 July closed 1/2 lower, at 72 1/2 @ 3/4. The impression that American wheat was selling through brokers, although an open buy of July, together with numerous non-damage reports, brought about a rush to sell. The receipts were a little larger and the weather reports were better. These also had their influence. Liverpool was steady to 3/4 higher. At the subboard, twenty-five boatloads were taken. The visible decreased 2,100,000 bushels, against 2,121,000 decrease a year ago.

Corn was moderately active and firm early, an easier feeling developing later and the close showed May off 1/4 @ 1/2, while July was down 1/4 @ 1/2 and September 1/2 lower. The cables were rather firm and commission houses were fair buyers at the opening, locals, elevator and receiving houses leading in the selling. Professionals and shorts bought on the decline, checking the break. The country offerings were reported larger, the weather was better and the receipts showed an increase. Larger Southwest receipts were one of the "heat" factors. The visible decreased 1,275,000 bushels, against 645,000 decrease a year ago. Liverpool was steady to 3/4 higher. On the coast five boatloads were accepted. Oats were active, with a steady feeling early, but closed easy at the low point, at a net loss of 3/8 @ 1/2, the latter on July. From the top figures July broke 1/2. Traders who bought on predictions of frost Saturday were good sellers today, as the frost failed to materialize except at a few points and the predictions are for rising temperatures. Early buyers were good sellers on the decline. The cash business was slow and the country acceptances were light. The visible decreased 27,000 bushels. July opened at 32 1/2 @ 3/4; high-

SORE HANDS

Itching, Burning Palms, Painful Finger Ends,

With Brittle, Shapeless, Discolored Nails,

As Well as Roughness and Redness,

ONE NIGHT TREATMENT

Soak the hands on retiring in a strong, hot, creamy lather of Cuticura Soap. Dry and anoint freely with Cuticura Ointment, the great skin cure and purest of emollients. Wear, during the night, old, loose kid gloves, or bandage lightly in old, soft cotton or linen. For red, rough and chapped hands, dry, fissured, itching, feverish palms, with brittle, shapeless nails and painful finger ends, this treatment is simply wonderful, frequently curing in a single application. In no other way have Cuticura Soap and Ointment demonstrated their astonishing curative properties more effectually than in the treatment of the hands, especially when tortured with itching, burning and scaly eczema. Complete local and constitutional treatment for every humor of the skin, scalp and blood, with loss of hair, may now be had for one dollar. Bathe freely with hot water and Cuticura Soap, to cleanse the surface of crusts and scales, and soften the thickened cuticle. Dry, without hard rubbing, and apply Cuticura Ointment freely, to allay itching, irritation and inflammation, and soothe and heal and, lastly, take the Cuticura Resolvent Pills, to cool and cleanse the blood. This treatment affords instant relief, permits rest and sleep in the severest forms of eczema and other itching, burning and scaly humors, and points to a speedy, permanent and economical cure of torturing, disfiguring humors from infancy to age, when all other remedies and the best physicians fail.

BOSTON STOCK SALES.

The following were the transactions in copper stocks on the Boston exchange Saturday as furnished to The Mining Journal by Paine, Webber & Co.:

Table with columns for stock types and prices, including Adventure, Arnold, etc.

CHILD IS BORN TO LOUISE.

Lindau, Bavaria, May 4.—Princess Louise of Saxony has given birth to a daughter.

A recent dispatch from Berlin stated that a Saxon court official, with physician and nurses, was at Lindau, having received a royal order to bring the princess' child to Dresden three weeks after its birth.

Bay City, May 4.—Louis Rhea, said to have fought in the battle of Waterloo, is dead, aged 103.

Give the children Rocky Mountain Tea, this month, makes them strong, makes them eat, sleep and grow. Good for the whole family. A spring tonic that makes sick people well. 35 cents. Stafford Drug Co.

Large advertisement for Ayer's Sarsaparilla featuring multiple bottles and the text 'Take Ayer's Sarsaparilla. We say it, and the doctors say it, too. Ask your own doctor about it.' Includes the slogan 'THE OLDEST, SAFEST, STRONGEST, BEST.'

Continuation of the telegraphic news and other short articles from the previous page.

Advertisement for 'force' cereal featuring a cartoon illustration of a man and a woman, and the text 'Jim Dumps at night would sometimes say, "Come, wife, let's go to see a play." Nor did he seek a restaurant! For rounding out their little jaunt. A better plan occurred to him, "Some 'force' at home!" cried "Sunny Jim." "what say you to such a supper?" -Shakespeare. Sweet, crisp flakes of wheat and malt. Eat It Before Retiring. "We have been eating your excellent food every night regularly before going to bed. We are most sustaining and nourishing and the most satisfying cereal food we have yet tried." School, York, Eng.

# TAKE IT IN MAY.

## Purifies the Blood as Nothing Else Can Do— Makes Strong Nerves, Cures Diseases.

### Paine's Celery Compound.

Weariness, insomnia, impure blood, and nerve troubles make life a burden for our women in springtime. Accumulations of waste and morbid matters in the blood during the winter season have poisoned the life stream, causing the liver to become sluggish, and the kidneys are suffering and unable to remove waste and dangerous products from the system. It is now time for the sick and ailing to strike at the root of trouble. The month of May should be a time of recuperation and cure. The needed and blessed work can be successfully accomplished by the use of Paine's Celery Compound, the only medicine that can correct unhealthy nerve action, and feed the nerve centres with elements that will build them up into healthy tissues. Try Paine's Celery Compound this month if you are suffering, weak, languid, and despondent; happy and blessed results will follow.

Mrs. Rebecca K. Rowland, Lexington, Ky., writes as follows: "Some time ago I had a very severe attack of Grip, and it left me with a cough. Then kidney and bowel troubles set in, and I became so weak that I could scarcely walk. I was so nervous I could scarcely feed myself, and could only sleep a small part of the night. I had doctor after doctor, but did not get rid of my ailments. I chanced to hear of some wonderful cures wrought by Paine's Celery Compound, and decided to give it a trial. I did so, and it cured me of my troubles. I thank God that Paine's Celery Compound was discovered; it made me strong, it made me walk, and it gave me sleep. People say to me: 'You look younger than you did ten years ago,' and I reply that Paine's Celery Compound did it with God's help. I shall live Paine's Celery Compound while I live for all it has done for me."

### CITY BREVITIES.

Weather forecast: Partly cloudy, with probably occasional showers; warmer; fresh to brisk south to southwest winds.

Yesterday's temperature: 7 a. m., 42 degrees; noon, 50 degrees; 7 p. m., 41 degrees; maximum, 53 degrees; minimum, 39 degrees.

Fred Learned of Chicago was in Marquette Saturday and Sunday.

C. A. Shelton and family have returned from their eastern trip.

Carl C. Carleton of the Soo is in Marquette on legal business this week.

The W. C. T. U. will meet with Mrs. James A. Pearce this afternoon at 2:30 o'clock.

Mrs. Win. Williams and daughter leave this morning for Milwaukee, where there are henceforth to reside.

A surprise party in honor of Miss Sarah Hendrix was held at the A. O. U. W. hall last Saturday evening. Dancing was the order.

Miss Sarah Pendill arrived home Sunday from a month's visit in the south, most of which time she spent in Florida, at Lake Maitland and the seaside.

The annual tax sale will be on today at the court house, conducted by the county treasurer. It is expected it will be largely attended. The sale will be held in the court room.

Sixty-one Gladstone men are at Marquette, employed about the new furnace. As soon as the new plant is running smoothly, some of them will return—Gladstone Delta.

Powell & Mitchell's breakwater outfit, the tug Ward and four scows, together with minor equipment and a camping layout for the accommodation of the men, cleared for Grand Marais Saturday. The work there will begin forthwith.

Superintendent Retzius will this week replace the part of the electric light and power commission's work line that was blown down in the storms last week. It is found this side of the Holy Cross cemetery. Work out there will probably begin today.

The Western Express company is now at home across the street from its former office in the opera house block, having taken the vacant store in the Gregory building. The quarters it has just vacated will soon be occupied by the A. T. Van Alstyne company.

Work was resumed at the new court house yesterday. The greater part of last week was lost on account of the broken weather, it being the greatest interruption of the kind that has been suffered since operations were begun on the site of the new building.

All who wish to become charter members of the D. R. should send their papers to Washington before the 20th of May in order that the register-general may verify the same previous to the board meeting.

After a residence in Marquette of over five years, Wm. Pohlmann and family leave to make their home in Detroit. Mr. Pohlmann will retain his sample rooms in this city and will make his headquarters at the Hotel Marquette this coming summer.

The residence at 320 North Front street, occupied for some time by Geo. W. Shaw, having been sold, Mr. and Mrs. Shaw have taken rooms with Mrs. Lowell, on Blaker street. Mrs. Shaw leaves today to join a party of friends on an outing trip. She will be absent from the city for a month.

Deeds have been filed with the register recording the transfer from Jennie E. Gray to Addison A. Cole of lot No. 55, Moore & Sang's addition, consideration \$2,300 and of lot No. 2, block eight, John Burt's addition from Addison A. Cole to Dr. S. M. James, consideration \$2,950. The latter is the residence property on North Front street occupied by Mr. Cole for many years past.

Peter White is to be a prominent actor in the ceremonies attending the celebration of the semi-centennial of the Lake Superior Iron company at Ishpeming on the 24th of next month. He is to recount the story of primitive mining and life in the early days in Marquette county. He took a similar part in the exercises of the semi-centennial of the Cleveland-Cliffs Iron company at Ishpeming two years or so ago.

Painters and paperhangers now have sway at the Queen City hotel, of which Flynn & Fitzhenry are the new proprietors. They will be busy at the house, it is said, through all of May, and when they leave it will have been given a complete renovation, which will put it in the best of condition. The new proprietors say that it is their intention to make the house one of the best \$1 and \$1.50 hotels to be found in the length and breadth of the north country.

Trains on the South Shore traveled yesterday in accordance with the provisions of the new time table, which has just gone into effect. They were all on time. There was some little confusion over the changes, but it will quickly pass. There is no little satisfaction with the fact that the train due here from the east, at 2:05 hrs. over for a full hour. This means that its passengers will get out and move about the town, something that will do business no harm.

Despite the wet and chilly weather that has prevailed since the opening of the season for taking brook trout neighboring streams have been sought by a goodly quota of anglers during the past few days. Sunday many tried their luck, but from all reports, with indifferent success. The various streams are still high, and their water is so murky and cold that the trout are reluctant to bite and fishing is cold, disagreeable work. The fishermen, along with their "ay-breathen," are sighing for better days.

Spring laziness, legs ache, back aches, feel tired, no ambition, no appetite, all find new life into your body; you feel good all over. 35 cents. Stafford Drug Co.

**NOTICE!**  
For the next thirty days, commencing Jan. 2nd, I will deliver two and three cent lots of No. 1 16-in. dry hard block wood, from cars, at \$2.25 per cord, cash on delivery; also No. 1 16-in. green hard block wood, two and three cent lots, at \$2 per cord, c. o. d. I carry all kinds of 16-in. stove wood; also hard wall plaster, lime and cement, sewer pipe and brick, and do general teaming.

### SOO CANAL PASSAGES.

List of the Boats Locked Through on the Up-Bound Trip.

Sault Ste. Marie, May 4.—Up: Cort and whaleback, 10:40 last night; Poe, Lindsay, 11:30; Thos. Palmer, 5:20 a. m.; Langham, 8; Gilchrist, 8:30; Rensselaer, Sultana, 9; Mars, Leonard, 10; Steinbrenner, Mary Boyer, 10:30; Green and whaleback, Niagara, 11:30; Maunola, noon; Nyanza, W. T. Brown, 2:40 p. m.; Curtis, Holland, 5:30; Steel King, 5:40; Sauber, 6; Ericsson, Nansmyth, 7:30.

**Marine Notes.**  
The Centurion, for Ashtabula, cleared from the L. S. & I. dock yesterday. The steamer Mack was an arrival there.

The steamer Miami, which has unloaded a cargo of salt here, is now at the Dead river dock, where she is receiving a cargo of lumber.

The whaleback steamer Cort and its consort, barge No. 105, arrived at the South Shore docks yesterday for ore. There were no clearances.

The freighter Mahoning touched here Sunday, bound up. The India, also bound up, called at this port yesterday. The Ketchikan is in the lower harbor with a cargo of soft coal.

**ADOPTS THE DOYLE RULE.**  
At a recent meeting in Marquette of members of the Upper Peninsula Lumber Manufacturers' association, of which T. A. Green of Ontonagon is president, it was decided to use the Doyle rule in the future with the exception of large pipe. There has been no dissatisfaction with the Scriber rule in the past, but owing to the fact the bulk of the timber obtainable from now on will be small it was deemed expedient to make a change in the rule to be used.

**QUICK ARREST.**  
J. A. Gullidge of Verbena, Ala., was twice in the hospital from a severe case of piles causing 24 tumors. After doctors and all remedies failed, Buckler's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c at The Stafford Drug Co., druggist.

# Spiritualism

## We Don't Claim Everything

The Brockways, who are known far and near as remarkable spiritual mediums, are now in the city and will soon commence a series of "proof positive test" seances under auspices of Marquette spiritual society. Watch for further notice.

**MRS. A. BROCKWAY**  
gives readings daily, which for detail, exactness, truth, interest manifested in each individual case, sound advice and counsel are unequalled anywhere. She will tell you what you want to know, eliminating all uninteresting features, and not trying you with matters entirely irrelevant to the case in hand, as has been the case in readings you have had in the past. Many are groping along in darkness and gloom, not knowing what to do or which way to turn, who can be benefited by seeing her. She does all that anyone can, and much more than many who advertise impossibilities.

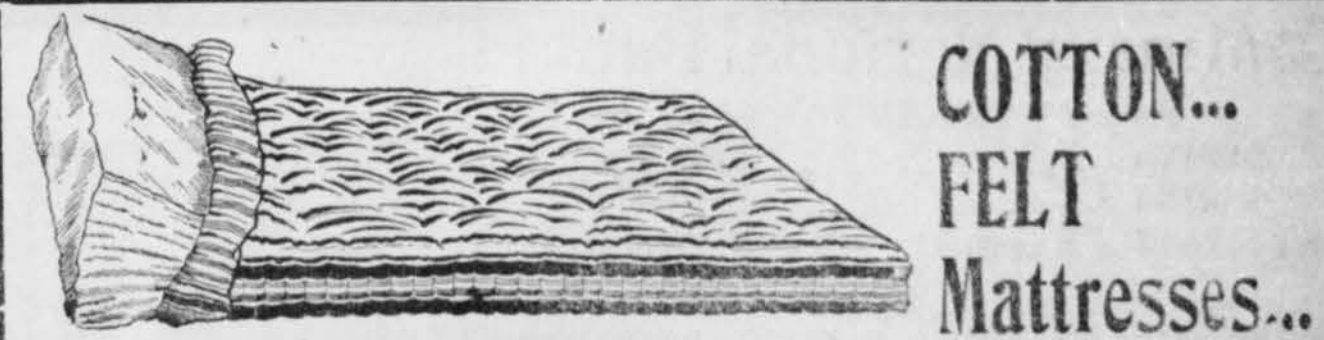

**W. Brockway, Nervopathist,**  
locates diseases free without you telling symptoms and how you can get health without knife or drugs.

**BROCKWAYS**  
511 N. Front St.  
Hours: 9 a. m. to 8 p. m. (5-4-1)

**Real Estate**  
George N. Hodgkins BROKER  
Buys and sells houses and lots in any part of the city on commission. Special sale of lots on corner of Pine and Hewitt. Give me a call.

**GEORGE N. HODGKINS,**  
OFFICE 212 NESTER BLOCK, Tel. Telephone 154

**Stein-Bloch Smart Suits and Spring Overcoats,**  
**\$15.00 TO \$25.00.**  
**GOODING & ORMSBEE,**  
127-129 WASHINGTON ST

**COTTON... FELT Mattresses...**  
We are selling a fine cotton felt Mattress, in two parts, with satin finish tick, at \$12.00, such as are being advertised in magazines and catalogues for \$15.00. We deliver them at your house and if they are not as represented you can return them at our expense.

**We are now showing a fine line of Rugs at popular prices.**

**Hager Bros. Co., Ltd.**  
118 South Front Street.

A prominent Southern lady, Mrs. Blanchard, of Nashville, Tenn., tells how she was cured of backache, dizziness, painful and irregular periods by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Gratitude compels me to acknowledge the great merit of your Vegetable Compound. I have suffered for four years with irregular and painful menstruation, also dizziness, pains in the back and lower limbs, and fitful sleep. I dreaded the time to come which would only mean suffering to me."

"Bitter health is all I wanted, and cure if possible. Lydia E. Pinkham's Vegetable Compound brought me health and happiness in a few short months. I feel like another person now. My aches and pains have left me. Life seems new and sweet to me, and everything seems pleasant and easy."

"Six bottles brought me health, and was worth more than months under the doctor's care, which really did not benefit me at all. I am satisfied there is no medicine so good for sick women as your Vegetable Compound, and I advocate it to my lady friends in need of medical help."—Mrs. B. A. BLANCHARD, 422 Broad St., Nashville, Tenn.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

"A Severe Case of Womb Trouble Cured in Philadelphia." "DEAR MRS. PINKHAM:—I have been cured of severe female troubles by the use of Lydia E. Pinkham's Vegetable Compound. I was nearly ready to give up, but seeing your advertisement I purchased one bottle of your medicine, and it did me so much good that I purchased another, and the result was so satisfactory that I shall never be without it. I hope that my testimonial will convince women that your Vegetable Compound is the greatest medicine in the world for falling of the womb or any other female complaints."—Mrs. MAY COOR, 2660 Birch St., Philadelphia, Pa.

Remember, every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand. Her address is Lynn, Mass., her advice is free and cheerfully given to every ailing woman who asks for it.

### Ishpeming and its Environs.

AN UNQUALIFIED NUISANCE.

Is the Regular Sunday Night Crowd at the South Shore Depot.

SCRIBNER UPHELD.

His Action at Dunkirk Sustained by New York State Superintendent.

The railroad people and the police officers have both been trying to find some satisfactory means of preventing the dense crowd from gathering around the South Shore depot every Sunday night at about seven o'clock, when the trains are due. People who are getting on or off the passenger coaches experience great difficulty in wedging their way through the dense mass of humanity which fills the platform for its entire length, from the station building right up to the steps of the cars. The crowd is composed almost entirely of Sunday idlers who seem to be drawn to the depot by some irresistible attraction, beginning to congregate fifteen or twenty minutes before train time and dispersing as soon as the bound train starts to pull out. Consideration for the rights or the convenience of those who have some purpose in coming to the depot is entirely lacking. The person who wants to purchase a ticket, or enter the baggage room, or the express office, has to fight his way through as best he can, taking his chances on losing his temper or parts of his apparel while jostling with the multitude. By making a wide detour to the rear of the depot or by getting down on the track it is sometimes possible to get to the desired location in less than the time spent in a struggle through the crowd, but those who want to get on or leave the trains have no relief; they must "butt in."

There seems to be no help for it. The railroad has appealed to the marshal, but that official says he cannot do anything to prevent people from assembling at the depot in as great numbers and as often as they please, for it is a public place, the same as street or other thoroughfare. It is impossible to distinguish between the loafers and those who are there on business, so the innocent suffer with the guilty if any attempt should be made to disperse the crowd. It has been suggested that gates might be erected at the entrance to the platform, as at the railway stations in large cities, and that only those with tickets be admitted to the enclosure. This plan would certainly do much toward the difficulty, if the company cared to go to the expense of putting it into effect.

PRIZES FOR MINING STUDENTS.

A number of the students of McGill University here on the summer school excursion are interested in the prizes offered by the Canadian Mining Institute for papers on topics of interest to mining engineers. The subjects of the papers are to cover the practical operations of mining and are divided into three groups. The first group embraces ore deposits and mining geology. The subject may be treated generally or some particular district or single deposit may be described or discussed. The second group of subjects covers mining practice. Any branch of mining may be treated, such as hoisting, ventilation, timbering, ore extraction, development, etc., or some particular method of mining, or some individual mine or group of mines, may be described or discussed. The third group is concerned with ore dressing and metallurgy. Any branch of ore dressing, for example, crushing, jigging, milling, concentrating, smelting, roasting, cyaniding, etc., or some particular plant may be described or discussed. The contest is open to Canadian students only. The merits of the papers will be determined by a committee of three members of the institute which shall also award the prizes—\$25 for the best paper on each subject. The students on the present tour are required to write essays on their observations and the faculty of the mining school is encouraging them to take part in this prize competition by offering to accept the same papers that are submitted in the contest.

Mr. C. L. Hizer, of Lincoln, Ill., says: "I have been a sufferer from constipation for the past twelve years, with severe gripping pains in my bowels nearly every day. Since I began taking Re-Go Tonic Laxative Syrup my bowels have moved freely without gripping. It is certainly a wonderful laxative." Sold by People's Drug Store.

TO THE MERCHANTS. I hereby give notice that I shall not pay any debts contracted by my wife. (5-4-1w) FRED HIRLEBERG.

THE LIVING VALUE OF MEN is stored up by insurance, and is paid to the families of dead men by the payment of average with the individual 5th year-dollars in 35 states. Nat'l Life Ins. Co. (Mutual). ORGANIZED 1852. M. W. Marshall, Gen. Mgr., Marquette, Mich.

IRON-OX TABLETS "I consider Iron-Ox TABLETS one of the most thoroughly satisfactory Proprietary Medicines I have become familiar with, in more than 25 years' experience."

"No pill or tablet that I have known, so well serves the purposes of an effective, yet gentle, liver pill and regulator of the bowels, while at the same time acting as a tonic to the blood and nervous system." S. E. HICK, Druggist, Goderich, Ontario.

The assessor is busy preparing to make out the tax roll. The blanks to be sent out to each property holder have not yet arrived, but will be distributed as soon as they come. The work of fixing valuations will be undertaken soon. The board of review will meet on June 23 for the purpose of revising the roll.

The following piece of news comes from Crystal Falls, appearing in the Diamond Drill: "Ishpeming will be in the swim this year with a baseball team."

Patrick Cronin, treasurer of the Catholic Order of Foresters, recently paid Thomas Welch the sum of \$2,000, the amount of the insurance carried by his son Joseph, recently deceased.

Joe Hooper is in Detroit attending a special meeting of the state board of barbers' examiners, which is prosecuting seven barbers arrested for engaging in business without securing a license.

Professor T. Wills of Calumet gave a photographic and moving picture entertainment Sunday evening at the Swedish Salvation Army barracks which was attended by a large assemblage. Professor Wills left yesterday morning for Republic.

In the little country town of Ishpeming, where the cows are allowed to wander at their own free will on the streets, the grocers no longer dare to exhibit fresh vegetables in front of their stores. The cows eat them up.—Detroit Times.

Copies of the Evening Observer of Dunkirk, N. Y., containing a full account of a controversy in the Dunkirk schools, of which E. E. Scribner, now superintendent of Ishpeming schools, was at the head last year, have been received here. It appears that the schools in the New York town have been infected with city politics. Political strife has created a very bitter feeling and the people are divided into two factions, each with its representatives on the school board. Shortly before his retirement from the superintendency Mr. Skinner appointed the daughter of the president of the school board to fill the vacancy caused by the resignation of one of the high school teachers. The new superintendent confirmed the appointment and the new teacher remains in her place. The president of the school board is a Republican and the Democratic faction raised a great uproar over the appointment. Mr. Scribner came in for the severest criticism and many charges of a serious nature were made against him. He has been in the town and was located at Ishpeming. The organ of the hostile faction containing articles detrimental to Mr. Scribner were sent to many people here. The matter was finally dragged into the courts. One of the most serious accusations brought against Mr. Scribner was to the effect that he had violated the school laws of New York by appointing a relative of a member of a school board to the vacant position. The case was finally brought before Charles R. Skinner, state superintendent of schools, for final settlement. In his report, which is printed in full in the Observer, he goes into all the details of the case, and concludes by exonerating Mr. Scribner entirely from all blame. Special attention is given to the contention that the law had been violated by appointing the daughter of the president of the board. Mr. Skinner speaks exhaustively from the state law and the charter of the city of Dunkirk and concludes that, inasmuch as the city has a special charter, certain provisions of the state law under which action had been commenced "do not apply to the Dunkirk district or are amended in every particular by the charter thereof." The hostile faction also tried to oust the president of the board from his place, but the state superintendent denies the petition.

LARGEST SHIP IN THE WORLD. The new steamer Cedric recently built is the largest and probably the strongest vessel of its kind ever built. When she recently set sail from Liverpool for New York a large crowd saw it start on its first long journey. There is also a large crowd of people throughout our country who are daily witnesses to the fact that Hostetter's Stomach Bitters positively cures stomach, liver and kidney complaints, because it cures them. It will do as much for you, too, if you will only give it a trial. It positively cures headache, belching, nausea, indigestion, dyspepsia, biliousness, nervousness, insomnia and malaria, fever and ague. Be sure to try it at once. The genuine is for sale by all druggists and general dealers. Don't accept any other.

ISHPEMING IN BRIEF. The board of public works will hold a meeting today.

Miss Edith Hosking visited friends in Marquette yesterday.

Mrs. M. W. Krognan and Miss Anna Walters have returned from Chicago.

Simon Wahlman returned Sunday morning from his trip to Chicago and other points.

The council holds its first regular meeting of the present fiscal year tomorrow evening.

Howard Peck of Chicago is in the city looking after some real estate in which he is interested.

A large number of Ishpeming people attended the funeral of Arthur Mitchell at Negaunee yesterday afternoon.

A large force of men in the employ of the board of public works was busy yesterday cleaning Pine street of its winter's accumulation of debris.

Several of the employes of the board of public works were engaged yesterday in making some changes in the water meter at the South Shore depot.

W. E. McKee, who has been at West Baden, Ind., for some time taking baths for rheumatism, writes that there has not been much improvement in his condition.

Patrick Cronin, treasurer of the Catholic Order of Foresters, recently paid Thomas Welch the sum of \$2,000, the amount of the insurance carried by his son Joseph, recently deceased.

Joe Hooper is in Detroit attending a special meeting of the state board of barbers' examiners, which is prosecuting seven barbers arrested for engaging in business without securing a license.

Professor T. Wills of Calumet gave a photographic and moving picture entertainment Sunday evening at the Swedish Salvation Army barracks which was attended by a large assemblage. Professor Wills left yesterday morning for Republic.

A SWEET BREATH is a never failing sign of a healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Creek, of White Plains, Ky., writes: "I have been a dyspeptic for years—tried all kinds of remedies but continued to grow worse. By the use of Kodol I began to improve in one week, and after taking a few bottles am fully restored in weight, health and strength and can eat whatever I like." Kodol digests what you eat and makes the stomach sweet. H. Harwood, Ishpeming; Stafford Drug Co., Marquette.

New Way to Polish a Stove.

No Waste—Odor—Dirt. By sprinkling Sifter Stove Polish on the stove and scrubbing with a damp rag and gently brushing with a dry cloth, a brilliant, jet black lustre is obtained. Sifter Stove Polish comes in a large box with a perforated top, through which the polish is sifted just like peppering a beefsteak. Sifter Stove Polish is made of pure powdered graphite, which is not affected by fire, produces the most brilliant polish, and when applied, won't rub off. It is odorless. It never dries up. It does not require soaking in water before using. A 10 cent box of Sifter Stove Polish will polish more stoves than three times its cost in any other polish. Get Sifter Stove Polish of any dealer at 5 cents a box, a 10 cent box contains more than twice as much. Insist on the yellow label with the hand.

A COWARDLY DEED. CHILDREN THEIR VICTIMS.

Louis Miller, Jr., Had a Narrow Escape from Death Sunday. Sunday afternoon Louis Miller, Jr., had a very close escape from being instantly killed. Together with another boy, he was passing through a vacant field near the Queen mine. While he was stooping to pick a cluster of wild flowers a man concealed behind a big stump at short distance behind the boy blazed away at him with a shot gun loaded with a heavy charge of buckshot which scattered about in unpleasant proximity to his person. One shot passed through his cap, another between his knees, perforating the shirt and the chest, and a third lodged in a fish pole that he carried in his hand. Young Miller and his companion did not stop to make any extended investigation, but beat a quick retreat from the neighborhood. Enraged tales of the affair reached town before they arrived and the rumors were afloat, it being the general opinion that a murder had been committed. Considerable excitement prevailed for a time, but all fears were set at rest when the supposed victim put in his appearance safe and sound, though badly wounded. All the circumstances seem to confirm the belief that a deliberate attempt was made by some unknown person to kill or at least inflict serious injury on young Miller. The identity of the would-be murderer remains a mystery. The boys saw no one in the field before the shooting took place and they were both so frightened afterwards that they made no effort to search for the man who fired the shot. Some think that the deed was committed by an insane man, for it seems incredible that any person in his right senses would attempt to take the life of an innocent young boy in such a treacherous manner. So far as is known there is no insane person in that vicinity, which the fellow might have been a man temporarily deranged by drink.

THE NEW SCHEDULE. The recent changes in the time table of the South Shore caused considerable confusion and not a few annoying delays yesterday. The changes are not great except in one or two cases, but any of them are sufficient to cause one to miss a train if figuring on the basis of the old schedule. The west bound afternoon train arrives here at the same time as formerly, 2:45. No. 2, east bound, has been changed from 12:30 p. m. to 2:15 p. m. The morning train west bound gets here at 7:25, just as it has for some time. The No. 7, which arrives here at 7:05. No. 7 gets to Duluth two hours earlier but comes here at the same time as when the old schedule was in force, at 11:25. The early morning train from Duluth will arrive at 4:20 and No. 10 will start from here over Sunday, Monday and Tuesday. The morning train of Republic, making Negaunee at 10:10 a. m. No. 11 will get here from Marquette at 6:45, making connections with the Northwestern. The morning St. Paul train arrives at 8:35, and the afternoon train leaves Republic and passes through Negaunee at 5:15. The morning Northwestern train from Ishpeming is not changed, but comes back from Marquette at 9:05. The new extra train which runs between Ishpeming and Marquette gets here at 1:55 p. m. and returns at 3:50. Nos. 211 and 212 are new Sunday trains that are run regularly during the summer months, the first arriving here at 10:20 p. m. and the latter going to Marquette at 1:35.

LOCAL LAONICS. C. B. Driscoll was here over Sunday, visiting his family. A number of men are engaged in putting in a crosswalk at the corner of Pioneer avenue and Main street. The store room in the Kuhlman block, lately occupied by Scanlon & Hassett for saloon purposes, is now for rent. John Harrington left Sunday night for Mexico, where he will do diamond work for the Sullivan Machinery company. John Trudell of Iron Mountain was here over Sunday, visiting his parents. He is engaged in diamond drill explorations at Iron Mountain. The funeral of William Staple was held Sunday afternoon from the Mitchell Methodist church, under the auspices of the A. O. U. W. It was largely attended.

IRON NOTES. Superintendent C. E. Walton, of the Hawkins mine, has been appointed superintendent of the La Rue, near by. An experimental plant to demonstrate the proposed system of washing sand from ore is to be installed at the Arcturus property. The amount of iron ore estimated to be in sight on the Mesaba iron range is 500,000,000 to 700,000,000 tons—this is ore containing over 58 per cent metallic iron. The amount of ore containing under 58 per cent metallic iron is known to be very large, but no estimate of the quantity has been made, owing to insufficient data. At some of the mines where it can be done inexpensively, where the lower grade ore is to be moved to get that of better quality, the low grade is being piled for future use. Other iron ranges of the Iron Superior region were established in 1902 to have a reserve of 350,000,000 tons of ore. The last and by long odds the largest bridge, between Two Harbors and Duluth on the Iron Range road to be transformed from wood to steel will be the structure over the Little Snaker river. It is 400 feet long and eighty feet high. All of the other bridges on the road between Two Harbors and Duluth have been made permanent by the introduction of steel girders and stone abutments, where stone had not already been employed. The bridge construction firm seeks to have orders far ahead. In some cases at least, for the first firm that the Iron Range asked for proposals from, said it could not deliver the girders under eight months. Another firm said it could do better than that and got the order. The bridge over the Little Snaker is one of the largest bridges on the Iron Range road.

A STARTLING TEST. To save a life, Dr. T. G. Merritt, of No. Mehopyan, Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in fourteen months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 50c at The Stafford Drug Co. For liver troubles and constipation There's nothing better in creation Than Little Early Risers, the famous Little Pills. They always effect a cure and save doctors' bills. Little Early Risers are different from all other pills. They do not weaken the system, but act as a tonic to the tissues by arousing the secretions and restoring the liver to the full performance of its functions naturally. H. Harwood, Ishpeming; Stafford Drug Co., Marquette.

arrange a basis of royalty, and also that the lessee had become tired of pumping water for the Union mine. The Commodore drains the Union and possibly some other of the Republic Iron & Steel properties in that immediate vicinity, and Corigan, McKinney & Co. wanted the pumping cost. It is not known just what arrangement, if any, has been reached. As soon as the Commodore mine was shut down it filled with water and then the Union mine started its pumps. Since the Commodore has resumed pumping the Union is doing little or no pumping, and in fact there is said to be a security of water at the latter property. The Commodore is a valuable property, but it is the wettest mine on the Mesaba since the Penobscot went out of commission. When the Lincoln mine was developed near the Commodore by the Jones & Laughlin it was expected the Commodore would have the job of keeping it dry also, but there is little if any water coming in from that source.

Iron ore, samples of which are found to contain 61 per cent iron, 2.18 per cent silica and 0.12 per cent phosphorus, is reported in the Iron Hill property in Washington. The mine is ten miles west of Valley Wash, on the S. F. & N. railway. It was acquired last summer by officials of the Great Northern railway. Louis W. Hill, son of President James J. Hill, has been in Spokane recently arranging for the continuation of the exploring work. Last summer when the property passed into the hands of the present owners, J. D. Farrell, chief western lieutenant of James J. Hill, was in charge of the negotiations. He announced the plan of the railway interests to be the erection of furnaces and mills to manufacture all kinds of iron and steel for Northwestern and Oriental use, provided the property showed ore at depth like that on the surface. The ore now being encountered is said to be richer than that found at the surface. Where to Stop When in Detroit. Hotel Metropole, Woodward Ave., opp. City Hall, European plan. Rooms, \$1 per day; with bath, \$1.50.

GOOD FOR CHILDREN. The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of Cough, Croup and Laryngitis because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. H. Harwood, Ishpeming; Stafford Drug Co., Marquette.

"NINE-TENTHS OF ALL THE MISERY OF this world, arises from a false estimate placed upon the value of things." (Franklin) The remaining one-tenth is without doubt directly traceable to wrong estimate of or intention to "know nothing" Annuitants Trust Certificates. Paid-up policies of some other form of the grand insurance idea which we represent. 50th year, doing business in 35 states. Nat'l Life Ins. Co. of Vt. (Mutual) ORGANIZED 1856. M. W. Marshall, Gen. Mgr., Marquette, Mich.

THE CLEANSING AND HEALING CURE FOR CATARRH. Ely's Cream Balm. Easy and pleasant to use. Contains no injurious drugs. It is quickly absorbed, gives relief at once. It opens and cleanses the nasal passages. Always inflammation. Heals and protects the Membrane. Restores the Senses of Taste and Smell. Full size, 50 cents, at druggists or by mail. Trial size, 10 cents by mail. ELY BROTHERS, 56 Warren St., New York.

MICHIGAN IRON & LAND CO., (Limited). J. M. LONGYEAR, Agent, Marquette National Bank Building, Marquette, Michigan.

THE MORNING AFTER. The depressing effect following a night of conviviality is quickly dispelled by the use of PALMO TABLETS. They restore tone to the stomach, soothe the nerves, regulate the kidneys, induce natural, refreshing sleep, and make you look and feel years younger. 50 cents. Book Free. Address The S. R. Fell Co., Cleveland, O. Sold only at PEOPLE'S DRUG STORE, Marquette.

### TOURED THE ORIENT

REV. C. H. MAXSON JUST HOME FROM AN INTERESTING TRIP.

IS PASTOR OF THE BAPTIST CHURCH

DURING HIS ABSENCE HE TRAVELED OVER 14,000 MILES.

Spent Twelve Days in the Holy Land—A Member of One of Cook's Parties—Conducted Religious Meeting on Mount Calvary.

Rev. C. H. Maxson, the lately appointed pastor of the First Baptist church, filled the pulpit for his congregation the first time Sunday, on his return from a three months' tour of the Mediterranean and the Orient. Rev. Maxson accepted his charge just before departing on this interesting trip. In the latter part of March, after a six weeks' stay in Marquette, during which time he acted as temporary pastor to the Baptist congregation.

Yesterday Mr. Maxson talked very entertainingly to a Mining Journal representative regarding his tour, in the course of which he covered, in steamships, by rail, on horseback, in all sorts of native conveyances and afoot, no less than 14,000 miles, visiting all the points of greatest interest along the shores of the Mediterranean and in the Orient, the latter including Turkey, the Holy Land and Egypt.

Mr. Maxson was a member of one of Cook's parties. It sailed from New York on the 4th of February, with a combined membership of 450 people, on the fine Hamburg-American liner Moltke, on which most of the trip was made, the Moltke having been specially chartered to carry the party across the Atlantic and to the eastern limits of the Mediterranean. The tourists to the Mediterranean and the Orient did not return as a party, but have come, and are coming and will come home at their own sweet will.

The Baptist congregation in Marquette will hear, in more or less detail, from their new pastor, some thoughts and observations on his trip into the Holy Land, as it is his intention, from time to time, to deliver sermon-lectures with his experiences and impressions as central themes.

#### Saves Time and Worry.

As a means of visiting the continent Mr. Maxson does not particularly recommend the personally conducted excursion of the nature of the one of which he was a member on his tour to the Mediterranean and the Orient. In France, Germany, Italy, the British Isles, Spain and the other continental countries he thinks that the traveler finds it more profitable, instructive and interesting to wander about at his own sweet will, without being in any way accountable to some inevitable schedule. However, he does heartily recommend the Cook parties, and their like, to people who, without previous experience in that corner of the world, are planning a brief, comprehensive and reasonably expensive trip to the out of the way-points of the Mediterranean and the countries of the Orient.

Touring on the continent and touring in the Orient are two entirely different things, and the latter offers great difficulties, even to a traveler who may have had much experience in getting about in the more western countries of Europe. The Mediterranean, on its southern shore, and the Orient seem to the traveler to be the veritable home of fraud and deceit, and it is only when traveling under the care of a great concern like Cook & Son, with their own hotels, steamers on the Nile, tenting outfits in the Holy Land, guides and agents, that one can be immune from the countless delays, annoyances and vexatious hold-ups that are the lot of the independent tourist.

#### A Long Journey.

Time and space alike forbid any extended or detailed treatment of Mr. Maxson's tour. The amount of distance, the variety of scenes, cities and countries, all of surpassing historical, literary and religious interest, that went to make up his journey forbid any attempt to more than outline his trip.

In all he spent twelve days in the Holy Land, divided between Galilee and the southern part of the country. His impressions of the Holy Land are of the most pleasant. His party was there at the end of the rainy season, in fact experiencing some heavy storms in the Galilean country, and Palestine was at its best. Its verdure was brilliant to a degree, and its richness and luxuriance were a revelation. Rev. Maxson was surprised at the wonderfully varied flora. He describes the Holy Land as a country of a peculiarly fascinating beauty, no little of which is a natural result of the spirit in which it is approached by the traveler. Industrially and economically, of course, it everywhere reflects the Mohammedan, and in this connection there is little to be said that is pleasant or encouraging.

On Mount Calvary Rev. Maxson presided at a big religious meeting in which many well-known divines and a large assembly of pilgrims to the Holy Land participated. It chanced that the Cook and Clark parties were in Jerusalem on the same day.

After leaving the Holy Land Mr. Maxson spent five days in Egypt, thence sailing from Alexandria for Naples, touching at Nice, with an excursion to Monte Carlo, and then shortly sailing for New York and home.

The outbound itinerary first included a stop at Funchal, Madeira, and then a brief stay at Gibraltar. From Gibraltar there was an excursion to Granada, with a visit to the Alhambra from which Rev. Maxson says, the party returned with Spain greatly raised in its estimation. The carefully tiled and cultivated lands of the beautiful Andalusian country persuaded its members that the Spaniards cannot be as black as they are painted. Then in successive stages the party visited Algiers, where President Louet of the French republic has just lately been received with great demonstrations, Malta, the Piræus in Greece.

Athens, Constantinople, points on the Bosphorus, Smyrna, and various points in the Holy Land; then to Egypt and back to the continent.

The party was favored throughout by pleasant weather and the most thoroughgoing care. It was quartered in excellent hotels, and was given the best of Cook & Son's accommodations. The trip was generally regarded as a great and pleasing success.

#### COUNCIL LAST EVENING.

City Fathers Disposed of a Grist of Routine Business.

A fair-sized grist of routine business was disposed of at the regular May meeting of the council last evening, nothing of particular interest developing, however. The bids for furnishing the city's lumber were opened, and they were found to be identically the same. Under the circumstances there was no particular advantage to be gained by letting the contract, and the street committee was instructed to buy where it could do so to the best advantage. There is a suspicion that the local dealers are in a combine, and the aldermen wouldn't mind particularly if they could break it up. The coal bids were likewise at the same figure, and they were laid on the table for the time being.

The salaries were fixed at the same figures that were in force last year. It was reported that no poundmaster had been found for North Marquette, although there is urgent need for one.

The street committee reported that it would begin work on the south end of Front street this week.

#### AN EXCELLENT PERFORMANCE.

Was James O'Neil's Presentation of "The Manxman" Last Evening.

James O'Neil won an abiding place in the hearts of Marquette theater-goers at the opera house last evening by his masterful and sympathetic interpretation of the role of "Pete" Quilliam in the excellent dramatization of Hall Caine's masterpiece "The Manxman." It can hardly be said that Mr. O'Neil acted Pete. He was Pete and at times it seemed that he must be suffering all of the stress of Pete's mental agony, so convincing was his portrayal of the great, purehearted, magnanimous Manxman. The role is admirably suited to his capacities as an actor, and he is an ideal player for the role. He is destined to make a great success in it; such a success that again he may find it difficult to get the public to allow him to try new fields. Such seems forever the fate of James O'Neil.

Mr. O'Neil evidently possesses the esteem of his managers in a rare degree. They do not stint him for support, and the company by which he is surrounded is easily the best, as a whole, that has visited Marquette this season. It is well rounded out, and very little just fault can be found with its presentation of "The Manxman." It is uniformly so good that an attempt to treat the players deserving of commendation individually calls for the enumeration of the several principal members of the cast.

In Miss Buckley Mr. O'Neil is fortunate in the support of a young lady who has evidently been well schooled in her profession and who is at the same time sweet and winsome to look upon. Her interpretation of the part of Kate, the wife who has previously wronged poor unsuspecting Pete, as only a great actor can do, was a masterpiece. She embodied Kate, only in a lesser degree, as Mr. O'Neil embodied Pete.

James Kilgour, as Philip Christian, gave a strong and impressive characterization of this thankless part. Charles Kent's acting as Caesar Cregeen added much to the pleasure of the piece, and Frank A. Connor's Ross Christian was admirably done. Annie Wood, who played Nurse Nancy, is no stranger in Marquette, and, as always, she proved an element of no little strength to the cast. Minor characters were all satisfactory.

Of the play, it may be commented that it is an unusually good type of the best work that dramatists are doing with novels; it is pure and good and its lesson highly moral. Its development, while, perchance, a little bit precipitate, is logical and plausible. Its lines and repartee are good and it has a number of strong climaxes and highly dramatic scenes. It is bound to be popular for its dramatic "go," and Mr. O'Neil's fine work will make it appeal to the best classes of theatergoers everywhere.

The house last evening was highly appreciative, and the applause was warm and sincere, although "The Manxman," cast in an unusually somber key, is not provocative of vociferous demonstrations of approval.

Mr. O'Neil is to be congratulated on his new play and his new part.

#### HERPICIDE'S MISSION.

New Remedy That Destroys the Dandruff Germ.

Nothing is more annoying to men or women of middle age when they notice that their hair is growing thinner, when they must admit that the first indications of baldness have commenced to appear. Many would give a thousand dollars and more for a remedy with which to preserve their natural hair-dress. However, they don't need to. Newbro's Herpicide removes the effect of dandruff by destroying the cause, the only dandruff cure that actually destroys the dandruff germ. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Stafford Drug Co., special agent.

#### GAS STOVES FOR EVERYONE.

No one need hesitate now. Think of it, 82 places a gas range in your home. The Marquette Gas Light Co.

#### FIRE WOOD.

Good dry hardwood, block or split. Dry pine slabs; dry hemlock slabs—any length required. F. W. Read & Co., Marquette. (12-19-11)

Stafford Drug Co. sells Ryckman's Old Brocton Port Wine and G. W. Blaine's Grape Juice. (4-9-3mo)

#### BALL GAME THIS AFTERNOON.

High School and Alumni Teams to Play at New Fair Grounds.

The high school baseball team will cross bats at the new fair grounds this afternoon, after school hours, with a nine representing the alumni of the school. The game is scheduled to start at 4 o'clock. No admission will be charged, and it is expected a large crowd will be out. Street cars will run direct to the park. The line-up of the alumni had not been arranged last evening; that of the school team is as follows: the players being given in their batting order: McLeod, left field; Brown, shortstop; Osgood, third base; Kraft, catcher; Erickson, first base; Mackey, second base; Whitman, pitcher; Grunstadt, center field; Scholtiss, right field.

#### A HANDSOME MACHINE.

Is S. W. Shaull's Powerful Buffalo Motor Car.

S. W. Shaull, who recently received a handsome Buffalo motor car, manufactured by the E. R. Thomas Motor company of Buffalo, N. Y., gave the machine its first practical test Sunday, and found that it worked to his entire satisfaction. The car is a beauty in all its externals. It is a low, powerful looking machine, finished tastily in a maroon shade. It has a capacity of six people, four adults and two children, having a roomy front seat, and two seats at the rear, to which access is had from behind the combined car, considering its weight, that Mr. Shaull could find on the market. He looked over all makes of machines with the idea of getting the maximum power combined with the minimum weight, and he found that the Buffalo machine was far the best in this respect.

On the hills Sunday the car worked to perfection. It was with no difficulty at all that it made six miles, its full low speed, on the heaviest of local grades. Mr. Shaull expects to be able to do considerable country touring with the car. It is equipped with three-inch tires, and this equipment, combined with its light weight in comparison with its power, should make it practicable for sandy roads. Mr. Shaull will use it a good deal of the time in getting to and from his farm, south of the city.

#### COPPERS ARE DULL.

There is Nothing Doing in the List—It Is a Waiting Time.

Paine, Webber & Co. said of the Boston market: "The market has been dull, but most of the stocks have been going for the day. It still seems to be a traders' market, with narrow fluctuations. Coppers can be sold on rallies and bought on declines for small profits."

Hayden, Stone & Co. wired W. H. Laidley & Co.: "Our coppers have been much stronger today, but they continue dull. Outside of Copper Range and Winona there has been little doing. There are few coppers for sale and a few buying orders would advance them very easily."

Sold Off Some.

W. H. Laidley & Co. said of the Chicago market: "After a firm opening brought about by higher foreign markets as reflected by the cables, the market turned weak and sold off sharply, closing 3/4 cents lower for July and 1/4 lower for May. The world's shipments are not quite so large as last week. The on passage decrease is 24,000 and the visible decrease 2,109,000. Reports from the country are somewhat mixed. There are some claims of severe damage being done, as well as statements that no damage has occurred. There seemed to be considerable liquidation, and with this out of the way we would advise buying wheat on any further break."

"Corn opened firm at about Saturday's closing prices, but followed the course of wheat, meeting with considerable liquidation and closing 3/4 under Saturday. The receipts are heavier. The world's shipments are much larger than last week. The on passage increased 652,000. The visible decreased 1,275,000. We would advise buying corn on any further break."

"Oats followed the course of the rest of the markets, closing 3/4 under for May and 3/4 under for July. The cash demand was good, the estimates a little 1/2-3/4. The visible decreased 1,275,000. We would buy oats on any further break."

"Provisions opened steady, with the exception of May pork, which was higher, meeting with stop loss orders on the advance. After an early flurry, prices eased off somewhat. The cash demand continues poor, and we continue to advise the sale of provisions on the bulges."

#### Good Day in New York.

Walker said of the New York market: "The market today was dull and steady at the opening, but later developed some strength. There was some short covering and this helped prices. During the middle of the day the market was very dull. In the afternoon there was further buying, and the market became strong. The good stocks were bid up. Delaware & Hudson had a big advance, and most of the high priced stocks showed strength. The close was steady at the best prices of the day, and with a much better feeling. Money remained easy. The traders tried at the close to cause short covering, and succeeded very well."

A regular meeting of Headlight Lodge, L. A. to B. R. T., will be held this afternoon at 2:30. All members are requested to attend. (5-3-11)

Maud—Last night Jack told me that he wouldn't marry the best girl living—unless—what—unless she used Rocky Mountain Tea. Send the fellow, 35 cents. Stafford Drug Co.

#### FIRST OF THE SEASON.

Our new line of gas ranges just received. Call in and select your's today. Two dollars down, \$1 monthly, secures one. The Marquette Gas Light Co.

RUGS MADE OF OLD CARPET Address M. Iralson, Clifton Hotel.

## SMART CLOTHES

Rogers, Peet & Co., New York.

Garson, Meyer & Co., New York and Rochester.

The better judge you are of good clothes the better you will appreciate our hand tailored clothing.

The best argument in their favor is not only that they cost less than the tailor would charge, but that they are better than the average tailor will make.

Suits, \$18 to \$30

Overcoats \$15 to \$25
