I carry the only stock of well-selected styles
in Marquette and invite your early inspection
of the same.

Fred L. Simmons, Tailor.

Ordering Drugs By Mail.

We have quite a number of out-of-town patrons who come to town once in a while, but who prefer our prescription work and general goods so much that they are frequently ordering by mail. Then we have quite a few town customers who, when away for any length of time, order by mail of us, in preference to having prescriptions put up in unknown stores. We invite more trade of this character. We have a special care in packing for economical and safe shipping. We make change by mail just as in the store. If you send too much money we return the excess. This Mail Order Service is proving very satisfactory and a great convenience to those at a distance. Try it, and see how nicely it works.

BLIZZARD IN WEST

MONTANA HAS STORM RIVALLING
THE WORST OF WINTER.

SNOW WAIST DEEP IN PLACES

TRAINS ARE STALLED AND LIVE-
STOCK SUFFERS SEVERELY.

Many Thousands of Lambs Succumb and
Dead Cattle Strew the Ranges, Re-
ports of Havoc Coming from
Every Section.

Helena, Mont., May 18.—The greater
portion of Montana is covered with snow
to a depth of two to ten inches and to-
night snow is still falling.

Salt Lake City, May 18.—Heavy rain
and snow storms are prevailing through-
out the intermountain region. The snow
fall at some points is the heaviest re-
corded for so late in the year. Helena,
Mont., reports six inches and Butte near-
ly a foot.

Heavy Losses Among Lambs.
Butte, Mont., May 18.—Advises from
northern and southern Montana tell of
extremely heavy losses among lambs as
a result of the snow storm yesterday
and last night. Dillon reports that tens
of thousands of lambs have fallen be-
neath the fierceness of the heaviest bliz-
zard for May in the history of that sec-
tion.

A Great Falls special says that
H. H. Wilson, a sheep herder near Par-
tage, has been lost and undoubtedly has
been frozen to death. Ranchers about
Fort Benton, Cascade and Griser have
suffered heavily and reports of losses
come in from every side.

Havre, Mont., May 18.—The storm
west of here, from Concord to the other
side of the Cascades, continues. The
snow at Citbank and westward is two
to three feet deep, and heavy loss is re-
ported among sheep and cattlemen.
H. H. Wilson, a sheep herder near Par-
tage, is said to have been frozen to death.
Montgomery is badly wounded, having
been shot through the left lung by the
jailer's wife and through the right groin
by the jailer just before the latter's
death.

A TRAGEDY IN KENTUCKY.
Ex-Lieut. Gov. Knoblock Slain by a Man
He Tried to Kill.

Thibodeaux, La., May 18.—A shooting
affair resulting in the death of ex-Lieut-
enant Governor Knoblock occurred to-
day on the main street. The affair cre-
ated intense excitement. The shoot-
ing was done by James Garault, a bar-
ber. Several witnesses declare that
Garault shot in self-defense. The two
were talking together, when suddenly
Knoblock drew a revolver, but the
weapon failed to explode. In the mean-
time Garault had whipped out his re-
volver and opened fire, inflicting five
wounds, any one of which would have
proved fatal. Garault surrendered him-
self.

MUELLER BILL A LAW.
Governor Yates of Illinois Signs the
Chicago Traction Measure.

Springfield, Ill., May 18.—Governor
Yates tonight signed the Mueller bill,
the Chicago traction measure, which
threatened defeat of which by an alleged
unwarranted use of the speaker's gavel
led to the riot recently in the house of
representatives here.

Says Measure Is Faulty.
The governor says: "I believe the
opponents of this bill are right in
claiming that it is faulty. I believe
that under its provisions the city coun-
cil of 1903 could make, with reference
to the property of a street railway,
such onerous, burdensome and prohibi-
tory terms that neither the city council
of 1903, nor the new grantee of 1903,
could or would turn over the property;
in which case it would follow that vested
rights would be that time have accrued
to the railroad company to have either
the council of 1903, or the new grantee
of 1903, take over the property at the
terms fixed and provided in the ordinance
of 1903; then, inevitably, the existing
corporation would have the right to
continue in the streets of the city per-
petually or at least indefinitely.

"So believing, I would veto this bill
were it not that I have great confidence
in the people. I believe this bill
should be vetoed were the general as-
sembly in session and that then either
this bill should be amended or a new
bill passed, without the faults of this
bill, but the calamity of a special ses-
sion, with its great expense to the state,
probably amounting to half a million
dollars, must be avoided if possible.

Holds Club Over Council.
"I wish, however, to distinctly state
that if, in 1903, the city council of Chi-
cago should pass a grant or ordinance
imposing terms so manifestly onerous
that neither the council of 1903, or the
grantee in 1903, could take over the
property upon the terms imposed, I will
not hesitate to within twenty-four hours
assemble the general assembly in spe-
cial session for the purpose of repealing
this act and providing an act with the
necessary restrictions."

RELIANCE MAY DISAPPOINT.
Not Assured the New Yacht Will Be the
Cup Defender.

New York, May 18.—Mr. Iselin, man-
aging owner, said this afternoon that
no decision had been reached as to the
yacht that will defend the cup, and that
the other boats cannot be made until
they sail in company. Mr. Iselin added
that he was not sure the Reliance would
defend the cup, as the Constitution or
Colombia might both out sail her.

SENATOR SPOONER INVESTS.
Buys Extensive Estate at Pittsburg, in
Northern New Hampshire.

Littleton, N. H., May 18.—Senator
Spooner of Wisconsin has bought the
extensive estate of the late David Blain-
chard at Pittsburg, the most northerly
town of New Hampshire, and probably
will use it for a stock farm or a game
preserve.

HIS DISMISSAL THREATENS.

Postal Clerk Promoting Suits Against
Government Called to Account.

Washington, May 18.—Second Assis-
tant Postmaster General Shallenbarger
today directed that Svend Schibaby, a
railway postal clerk at Kansas City, be
dismissed for promoting suits against the
government for traveling expenses of
postal employees.

There are 9,000 clerks and the purpose
is to prevent a widespread movement
having in view the prosecution of a
claim which the department regards as
preposterous. The position of the de-
partment is that the designated head-
quarters of these clerks is the route on
which their runs are made and not the
city or town where they may happen
to live. A case is now pending in the
court of claims in this city involving
this question of their traveling ex-
penses.

PLOTTER TRAPPED BY DECOY.
Arrest Follows Effort to Extort \$5,000
Under Threat of Train Wreck.

St. Joseph, Mo., May 18.—An un-
successful effort has been made to extort
\$5,000 from the Burlington officials here
under threat to blow up with dynamite
one of the fast mail trains between
Kansas City and Omaha. A decoy in the
form of a bag filled with rock was placed
at the spot designated by the robbers,
near Watson, Mo. At midnight last
night a man was seen to approach the
bag, but he rapidly disappeared upon
the discovery of the posse lying in wait.
He was captured and proved to be J. H.
Franklin, a farmer. He declines to give
the names of others supposed to be with
him in the plot.

WOMAN AIDED IN HIS ESCAPE.
Bigamist Who Killed Jailer at Guthrie Is
Recaptured, Badly Wounded.

Guthrie, Okla., May 18.—W. W. Mont-
gomery, charged with bigamy in Iowa,
Nebraska and Oklahoma and who es-
caped from jail here last Thursday after
killing Jailer Jerry Emerson, was re-
captured here today underneath the resi-
dence of Mrs. Kate Wyeth, who, it is
alleged, became infatuated with the
handsome prisoner, gave him a revolver
and thus assisted him in his escape.
Montgomery is badly wounded, having
been shot through the left lung by the
jailer's wife and through the right groin
by the jailer just before the latter's
death.

A TRAGEDY IN KENTUCKY.
Ex-Lieut. Gov. Knoblock Slain by a Man
He Tried to Kill.

Thibodeaux, La., May 18.—A shooting
affair resulting in the death of ex-Lieut-
enant Governor Knoblock occurred to-
day on the main street. The affair cre-
ated intense excitement. The shoot-
ing was done by James Garault, a bar-
ber. Several witnesses declare that
Garault shot in self-defense. The two
were talking together, when suddenly
Knoblock drew a revolver, but the
weapon failed to explode. In the mean-
time Garault had whipped out his re-
volver and opened fire, inflicting five
wounds, any one of which would have
proved fatal. Garault surrendered him-
self.

MUELLER BILL A LAW.
Governor Yates of Illinois Signs the
Chicago Traction Measure.

Springfield, Ill., May 18.—Governor
Yates tonight signed the Mueller bill,
the Chicago traction measure, which
threatened defeat of which by an alleged
unwarranted use of the speaker's gavel
led to the riot recently in the house of
representatives here.

Says Measure Is Faulty.
The governor says: "I believe the
opponents of this bill are right in
claiming that it is faulty. I believe
that under its provisions the city coun-
cil of 1903 could make, with reference
to the property of a street railway,
such onerous, burdensome and prohibi-
tory terms that neither the city council
of 1903, nor the new grantee of 1903,
could or would turn over the property;
in which case it would follow that vested
rights would be that time have accrued
to the railroad company to have either
the council of 1903, or the new grantee
of 1903, take over the property at the
terms fixed and provided in the ordinance
of 1903; then, inevitably, the existing
corporation would have the right to
continue in the streets of the city per-
petually or at least indefinitely.

"So believing, I would veto this bill
were it not that I have great confidence
in the people. I believe this bill
should be vetoed were the general as-
sembly in session and that then either
this bill should be amended or a new
bill passed, without the faults of this
bill, but the calamity of a special ses-
sion, with its great expense to the state,
probably amounting to half a million
dollars, must be avoided if possible.

Holds Club Over Council.
"I wish, however, to distinctly state
that if, in 1903, the city council of Chi-
cago should pass a grant or ordinance

preserve.

IRISH RIOT IN HALL

FIERCE FIGHT ATTENDS A CONFER-
ENCE AT DUBLIN.

IS OVER VISIT OF THE KING

FRIENDLY RECEPTION OPPOSED BY
GAELIC LEAGUERS.

Debate Leads to Blows and Before Order
Is Restored Many of the Combatants
Are Injured and Others Pres-
ent Flee in Terror.

Dublin, May 18.—Scenes of extreme
disorder were witnessed at a meeting of
citizens here tonight in support of the
Irish parliamentary fund, owing to the
presence of members of the Gaelic
league, who are opposed to giving King
Edward a friendly welcome on his coming
visit to Ireland.

While John Redmond was addressing
the audience Mrs. Major McBride, former-
ly Miss Maude Gonne, advanced and in-
terrupted the proceedings by asking
Lord Mayor Harrington whether he in-
tended, as head of the municipality, to
oppose the presentation of an address
of welcome. The lord mayor replied in an
evasive way. Mrs. McBride insisted on
a direct answer, whereupon scenes of
the wildest disorder occurred and pre-
vented John Redmond from continuing
his speech.

Members of the Gaelic league tried
to storm the platform amid cries of "Put
them out." Fierce collisions between
the Gaelic leaguers and members of the
assembly ensued. Chairs were hurled
about and many persons were injured in
their desperate efforts to eject the dis-
turbers and restore order. John O'Donnell,
member of parliament for South
Mayo, was badly injured in the head.
Many persons fled in terror from the
hall.

John Redmond persevered in continu-
ing his speech, and eventually a sem-
blance of order was regained and resolu-
tions in accordance with the object of
the meeting were carried.

CALLS TULLOCH A LIAR.
Senator Platt Resents Charge Made by
Former Postal Official.

New York, May 18.—Senator Thomas
C. Platt today denied the statement by
Seymour W. Tulloch, formerly cashier
of the Washington postoffice, that ex-
Superintendent Beavers of the salary
and allowance division of the postoffice
department had requested a high official
to use his influence to get bonding busi-
ness for the bonding company in which
Senator Platt's son is interested, saying
that "Senator Platt would greatly ap-
preciate it."

The statement is an absolute lie, and
Tulloch knew it was a lie," said the
senator. "I have no interest, direct or
indirect, in any bonding company."

Tulloch's Charges Followed Up.
Washington, May 18.—Postmaster
General Payne today sent letters to the
comptroller of the treasury, the auditor
of the postoffice department and other
officials of the department, calling at-
tention to the latest statements made
by ex-Cashier Tulloch. The letters ask
for any explanation or further infor-
mation that might throw light on the
subject. The formal charges of Tulloch,
Mr. Payne said, had been dissected and
that matter relating to particular
branches of the service had been referred
to the bureau having jurisdiction for
report. The postmaster general says an
officer may be guilty of irregularity and
still not be in violation of the law.
Many of Tulloch's allegations are consid-
ered irregularities on the part of officials
but not violations of the postal laws.
The alleged irregularities, however, will
be fully investigated.

Mr. Payne said it was a physical im-
possibility for Tulloch to know whether
the employees at Camp Alger or in Porto
Rico or in the department, were per-
forming the labor for which they were
paid. "Mr. Tulloch as cashier," he said,
"did not know what work any set of
clerks was doing." He also said that if
anyone has drawn money without ren-
dering service an effort would be made
to recover that money.

TAKES POISON IN CELL.
Ex-Convict Who Shoots Wife Commits
Suicide After Arrested.

New York, May 18.—Thomas Anderson,
Jr., recently released from prison,
after serving a ten-year term for bur-
glary, falling to induce his wife to live
with him again, tonight drew a revolver
and shot her, inflicting probably a mortal
wound. Anderson was arrested an hour
later and died in his cell. It is sup-
posed he secreted poison about his per-
son and swallowed it.

TORPEDO HIT THE MARK.
New Submarine Boat Porpoise Has Suc-
cessful Trial Trip.

Greenport, N. Y., May 18.—The Hol-
land submarine torpedo boat Porpoise
in the government trial today fired a tor-
pedo at the end of a successful sub-
merged run of a mile and half. The
torpedo went straight between two bags
set 150 feet apart, representing a war
vessel.

TODAY'S WEATHER.
Washington, May 18.—The following is
the weather bureau's forecast for Upper
Michigan: Showers Tuesday and Wed-
nesday; fresh south to southeast winds.

JUSTICE ASKED FOR JEWS.

Mass Meeting at Cincinnati Protest
Against Outrages in Russia.

Cincinnati, May 18.—The Chamber of
Commerce here was packed today at a
monday meeting to protest against the
outrages on Jews in Russia. Addresses
were made by General Michael Ryan,
Judge Rufus B. Smith, Father Mackey,
Rev. Frederick Goss, Rabbi Louis Gross-
man and others. Letters of regret were
read from many men prominent in busi-
ness, professional and church affairs.
Strong resolutions were adopted and for-
warded to the state department at
Washington. There have been many let-
ters received at the Union Hebrew col-
lege in this city from victims of persecu-
tion in Russia, and they give details of
the reign of terror in touching descrip-
tions.

Slaughter Perpetrated by Robbers.
St. Louis, May 18.—L. Pearlstone, a
commission merchant here, has received
a letter from a relative in Kishineff,
Russia, describing the horrors of the re-
cent massacre of Jews. The writer de-
clares the massacre perpetrated by rob-
bers, who were protected and aided by
the police. He describes terrible scenes
of bloodshed and carnage that he wit-
nessed and concludes by asserting that
had the onslaught continued one day
longer the Jews would have all been
killed and none left to bury the dead.
When the soldiers arrived the Jews came
forth to bury their dead. Many bodies
were so badly mutilated they had to be
buried in boxes without immediate iden-
tification.

Massacre Denounced by Father John.
St. Petersburg, May 18.—Father John
of Kronstadt has published an open let-
ter to the Russian people, denouncing
the Kishineff outrages in the strongest
language as the work of barbarians an-
imated by a devilish spirit. Father John
declares the czar's heart, as well as the
correct tendency of national life, great-
ly pained by the terrible incidents of
Kishineff.

ANOTHER STRIKE IN CHICAGO.
A Thousand Blacksmiths and Helpers
Out to Force Higher Wages.

Chicago, May 18.—One thousand black-
smiths and helpers struck today to com-
pel their employers to accept a new
wage scale.

By their action in voting a strike in
sympathy with the colored waiters of
the same firm, seven hundred bakers
working in the wholesale plant of H. H.
Kohlsaat & Co. were locked out today.

The striking butchers and clerks re-
turned to work today, their demands
having been granted.

WANTED TO SEE A WRECK.
Minnesota Boy Steals Dynamite and
Mines a Railroad Track.

Milaca, Minn., May 18.—Lemuel Han-
dall of Foreston, Minn., has been ar-
rested on the charge of stealing fifty
pounds of dynamite from the Foreston
depot. He placed ten pounds of the
explosive on the track east of that place,
intending to blow up the William pas-
senger train. Section men removed H.
Handall, an eighteen-year-old boy, and
confessed. He says he wanted to see a
wreck.

CHINA'S HANDS TIED.
Russians Prevent Opening of Manchurian
Ports to Trade.

Peking, May 18.—China, in reply to
further representations of the United
States and Japanese ministers, has
again pointed out the impossibility of
including in the commercial treaties the
opening to trade of Manchurian towns,
on account of the Russian opposition.
The American minister proposes that
China open Mukden and a small port at
the mouth of the Yalu river.

COMPANY IS BLAMED.
Grand Trunk Railroad Held Responsible
for Detroit Disaster.

Detroit, May 18.—The coroner's jury
today rendered a verdict finding the
Grand Trunk railroad responsible for
the accident on May 3, when a Grand
Trunk train ran into and killed a num-
ber of Polish excursionists from Toledo.

JEFFRIES AND CORBETT SIGN.
Will Meet in a Match at San Francisco
in August.

San Francisco, May 14.—James J.
Jeffries and James J. Corbett here
today signed articles for a match
here about Aug. 14. The principals will
divide 70 per cent of the gross receipts.

BIG DEAL IN COAL MINES.
J. R. Walsh of Chicago Invests \$2,700,000
at Danville, Ills.

Terre Haute, Ind., May 18.—John R.
Walsh of Chicago has purchased the
Kelleyville mines, employing 2,700 men,
near Danville, Ills., for \$2,700,000. The
purchase includes 5,300 acres of coal
land.

FAVORS UNIONS OF EMPLOYERS.
President Gompers Thinks It Would Re-
sult in Much Good.

Washington, May 18.—President Sam-
uel Gompers, of the American Federation
of Labor, tonight declared in favor of
the organization of employers as well
as workmen, and said it would be good
for both sides.

PRESIDENT WILL ATTEND.
Cleveland, May 18.—President Roose-
velt has telegraphed Senator Linna sig-
nifying his acceptance of an invitation
to attend the wedding of Miss Ruth
Hanna and Joseph McGill McCormick
of Chicago, which will be solemnized in
this city on June 10.

ENGINEER MAKING SURVEYS.

Routes of Possible Extensions of Street Railway Being Made.

E. F. Learned, an engineer in the employ of Stone & Webster, of Boston, owners of the Houghton County Street railway, has been in the copper country for the past few weeks making preliminary surveys of possible extensions of the line.

W. O. Chapman, vice president of the road, who is here from Boston, states that the data being collected by Mr. Learned may be used at some future time.

W. O. Chapman, vice president of the road, who is here from Boston, states that the data being collected by Mr. Learned may be used at some future time.

FROM ALL OVER THE STATE.

Sunday School Workers Will Gather at Hancock in September.

Although the state convention of the State Sunday School association will not be held in Hancock until Sept. 1, 2 and 3, the Sunday school workers of Hancock and Houghton county have already been preparing for the entertainment of the visitors.

A rate of one fare for the round trip to Hancock from the lower peninsula passenger association, and the rate in the upper peninsula is much less than the regular fare.

It is expected that this convention will be one of the largest of its kind ever held in Michigan, and that this may be so every Sunday school worker in the copper country is laboring strenuously.

TWO GAME WARDENS.

Robt. E. Stephenson Also Appointed to Serve in Ontonagon County.

The Ontonagon Herald notes that R. E. Stephenson, of Ontonagon, well known in political and logging circles in the peninsula, has been appointed game and fish warden for Ontonagon county.

There is no question that there have been many flagrant violations of these laws in the past, but the presence of game wardens in the county will have a beneficial effect.

FOR... CENTURIES

It has been known that the juice of malt brings health and strength. Physicians are constantly recommending

Bosch's Malt Tonic

It is a food for the starved nerves and a banisher of sleeplessness. Drug stores and dealers sell it.

Bosch Tonic Department LAKE LINDEN, MICH.

FOR ABSTRACTS OF ONTONAGON COUNTY, EDWARD CARROLL, Official Abstractor for Ontonagon County.

STILL MUCH SMALLPOX.

General Vaccination Is Urged by County Physician Matchette.

Smallpox has not yet been stamped out in this county and County Physician Matchette urges general vaccination, particularly in the schools and at the mines. He believes that this is the only way whereby the disease can be successfully curtailed.

There are ten cases in the county at present and each of the patients is undergoing treatment at the county detention hospital. Dr. Matchette states that they either have not been vaccinated or they have not a successful scar.

ONTONAGON TO SEND TEAM.

The Ontonagon Fire company, which is now a member of the Upper Peninsula Firemen's association, expects to take an active part in the tournament at Hancock in August.

BRIDGE BEING EXAMINED.

The county has several experienced men examining the county bridge over Portage lake with a view of making what improvements are necessary.

GAS FRANCHISE UP TONIGHT.

A meeting of the Red Jacket council will be held this evening to consider the request of Messrs. Ingverson and Mores, of Calumet, who have asked for a franchise in the name of the Houghton County Gas company to extend the gas mains from the central plant at Lake Linden to the village.

MORE IRON BRIDGES.

Several iron bridges have been erected in Ontonagon township, Ontonagon county, of late and three more similar structures are soon to be added to the list.

BRICK PLANT TESTED.

The brick-making plant of the Michigan Supply company, of Houghton, at Mass City has been completed. It was given a partial test last week, when a few bricks were turned out.

A CHANGE IN LANDLORDS.

Melrose Christopherson yesterday succeeded Bart Cummings as proprietor of the International Hotel, formerly the Lake View house, at Hancock.

CENTENNIAL'S NEW SCHOOL.

The school board of Centennial has awarded the contract for the building of a new school to Edward Ulseth, a contractor of Laurium, at his bid of \$5,712.

QUICK ARREST.

J. A. Gullidge of Verbeno, Ala., was twice in the hospital from a severe case of piles causing 24 tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him.

MEDALS FOR BEST SHOTS.

Members of the Houghton Infantry Will Contest for Prizes.

Three gold and silver medals will be offered by Company G, Houghton Light Infantry, to the privates who score the most points in the competitive target shooting tournament launched by Captain Shields a few weeks ago.

MEMORIAL DAY.

It Will Be Fittingly Observed by the Military Organizations.

Memorial Day will be appropriately observed in the copper country. At a meeting of the copper country branch of the Society of Memorial Day at the Houghton Armory Sunday, preliminary plans for a due observance of the day at Houghton were discussed.

We have endeavored to have the baseball and lacrosse games arranged for the afternoon of Memorial Day postponed, said a well-known militiaman and veteran of the Cuban campaign yesterday.

EXERCISES AT CALUMET ALSO.

A general committee, comprised of representatives from the G. A. R., Santiago veterans and Company E, San Diego, have been organized at Calumet to arrange for an appropriate observance of the day.

DECIDE TO BUILD NEW CHURCH.

To meet the needs of the congregation, the members of the Methodist church at Trimountain have decided to build a larger and better edifice.

PLEASANT CONCERT AT BARAGA.

The concert given at Baraga last Saturday evening by the ladies of the Catholic church of the village was a decided success. All members who took part are deserving of praise.

DEAFNESS CANNOT BE CURED.

By local applications as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies.

COPPERDOM BREVITIES.

The Marquette lodges of Lake Linden and South Lake Linden have decided to attend the annual reunion of the order to be held in Hancock, June 13 together and at a meeting to be held this week will make final arrangements for the trip.

A FIXED DIVIDEND.

once, twice or four times yearly, as long as you live. A high rate of interest. Absolute security. No care, no tax, nothing to do but receive professional assistance.

THAN LITTLE EARLY RISERS.

Little Early Risers are different from all other pills. They do not weaken the system, but act as a tonic to the tissues by arousing the secretions and restoring the liver to the full performance of its functions naturally.

COPPER RANGE HOTEL

(formerly the Auditorium) CALUMET, MICHIGAN. European and... American Plan. ROOMS: 50C, 75C, \$1.00. A. W. HANCOCK, Prop. 3-23-17

MINING NEWS

(Continued from Page Two.)

many are holding off in anticipation of lower prices. The largest sellers predict 15 1/2 cents throughout the year.

Rock shipments at the Mass mine are 525 tons per day, yielding about twenty-three tons of copper to the ton, including mass copper.

The Shannon Copper company has shipped during the first thirty days' run of the smelter and new concentrator 900,000 pounds of fine copper.

Copper advanced about 10s at London yesterday, to £62, 10s for futures and £63 for spot. At New York the metal exchange quoted Lake, electrolytic and casting at 14.75.

It is believed that the Baltic lode has been encountered by drill operations on the St. Mary's property close to the Globe boundary at a depth of 281 feet.

A Boston broker, who keeps a pet squirrel at home, remarks inability to earn enough on the stock exchange to feed this pet.

A report comes from the Columbus Consolidated copper property that the twelve-foot drift west from the main fissure, which has been running three feet high grade and nine feet of concentrating ore, is now all high grade.

It is claimed that the Daly-West has at the present time in its treasury approximately \$400,000, which compares with a surplus carried forward the first of the year of \$255,316.

At the recent annual meeting of the Michigan, held at New York, it was decided, it develops, to have a stamp mill erected at once, but the selection of a site was left to the directors.

It has been learned that the two main features of the agreement arrived at between the Oseola management and the Lake Superior committee last March, called for the operation of the mine to its reasonable normal capacity at the earliest date possible.

The sinking of a shaft put down to tap the Kearsarge lode has been started at the Allouez. The shaft will be sunk at an angle of eighty degrees and should encounter the lode at a depth of 1,000 feet early next year.

Foreign advice says that a feeling has developed in London that the price of American copper may soon be reduced and the fact is causing buyers to hold off somewhat in making their purchases.

The best opinion, however, in copper circles, both in New York and in Boston, still holds that the present quotations for copper—and very likely better ones—will be maintained for some time to come.

The streams along the line of the Copper Range road in the South range district are popular with fishermen these days. Sunday witnessed some large catches, especially in Elm River, where several fishermen caught the full quota allowed by law.

An orator to address the Calumet High school graduating class at the commencement exercises to be held on the evening of June 17 has not yet been secured although the school authorities are in communication with several well known men. They were disappointed in not securing Senator Julius Caesar Burrows. An effort is now being made to have Rev. Dr. Crane, an eminent Chicago divine, deliver the address.

HOTEL DEE

Houghton, Mich. A newly constructed hotel, elegantly furnished with all modern conveniences, conducted on the European plan. Commercial men are especially requested to call and inspect the place. Rates furnished upon application.

Board of Trade Cafe Service a la carte

The Citizens' National Bank OF HOUGHTON

Shelf and Heavy Hardware AND MINING SUPPLIES.

We carry the only complete stock in the Upper Peninsula, bought direct from the manufacturers. Trade with us and save the small dealers extra cost in buying from second hands.

ST. CROIX Consolidated Copper Com'y

Was a conservative business investment, and that we were taking you in on the ground floor. Let us prove that what we say is correct.

Our capital stock is \$1,500,000, with \$750,000 in the treasury. We now own 22,000 acres of choice Mineral Lands with twelve excellent surface showings of Native Copper. We are buying 10,000 acres more. If what we say about these properties is true

These Lands are worth on an average at least \$100 per acre.

If you will call at our office we will show you unimpeachable evidence proving that every word we say of our holdings is absolutely true. Our properties then are worth \$2,200,000, or nearly \$1.47 a share for the entire capitalization.

Subscription lists open Monday, May 18th, at 10 a. m. and close May 20th, at 8 p. m.

Applications may be sent to either of the following banks: FIRST NATIONAL BANK, Calumet. FIRST NATIONAL BANK, Hancock. STATE SAVINGS BANK, Laurium.

Or at the office of BARSANTI & ARMIT, Laurium, or VAN ORDEN BROS., Houghton.

St. Croix Consolidated Copper Company, 11 and 12 Quello Bldg., CALUMET, MICHIGAN.

HOLDS FIFTY AT BAY

ONE AMERICAN CHECKS BAND OF FILIPINO BOLEMON.

HOLDS OUT TILL HELP COMES

DEFENDS FOR HOURS DEAD AND WOUNDED COMRADES.

Fight of the Cavalryman Against Heavy Odds Follows the Death of Captain Overton, a Victim of Escaped Prisoners.

Manila, May 18.—The story of the heroism of Trooper Hartlow, a cavalryman, who single-handed and wounded for several hours defended the bodies of his two companions against the onslaughts of fifty bolomen, is told in the report of the killing of Captain Cough Overton and Trooper Harry Noyes of the Fifteenth Cavalry, who met their death May 15 at Suctlan, Mindanao, at the hands of insurgent prisoners whom they were guarding. Trooper Hartlow held the Filipino fanatics at bay until the arrival of a rescue party, and then fell wounded, mortally.

The details of the encounter show that a desperate struggle took place. Captain Overton, who was in command of a small force of the Fifteenth Cavalry, had been scouting in the department of Misamis, Mindanao, in an effort to capture the insurgent leader Flores. At Suctlan the cavalrymen met a large force of Flores' followers, and routed them after a short encounter.

Fifty Bolomen Taken. Fifty of the insurgents were captured and confined in a house at Suctlan, after they had been disarmed. The prison was hastily chosen, as Captain Overton was anxious to hurry a force after Flores. This he did, placing Lieutenant Cameron in command. With Troopers Hartlow and Noyes, he remained to guard the prisoners until Cameron could return from the pursuit.

Shortly after Cameron's force had departed, the prisoners suddenly broke out of their prison, secured their bolos, and rushed the three Americans on guard. Captain Overton ordered his men to lie down and a desperate fight followed. The Americans succeeded in holding the bolomen at bay for a long time, but the latter rushed them, using their bolos with effect. Captain Overton was terribly cut and bled to death. Trooper Noyes was instantly killed and dismembered, and Trooper Hartlow was badly wounded.

Attack is Renewed. In the meantime, the insurgents had escaped, but later they gathered and, seeing that one of the Americans had survived, renewed the attack. During their absence Trooper Hartlow created a flimsy barricade and placed the bodies of his companions inside. When the insurgents returned the attack, he used his own rifle and the weapons of his companions with such deadly effect that the bolomen fled in confusion. The attack was renewed several times, but the wounded cavalryman succeeded always in holding the insurgents in check.

Finally Lieutenant Cameron and his party returned and rescued Hartlow, but only when he had fainted from loss of blood. Captain Overton is criticized for having kept only three men to guard fifty and for having neglected to destroy the insurgents' bolos. Flores is a Visayan, and the majority of his followers are Baganos living in the Misamis mountains. No Moros were concerned in the affair.

Constabulary Defeats Fanatics. Colonel Taylor, with a force of constabulary, defeated several bands of fanatics in the interior of Cebu island on May 14, killing twenty and wounding several. Lieutenant Walker, of the constabulary, is missing.

A hurricane devastated Santa Maria, Bulacan, Luzon, Saturday. Earth shocks were felt and the stone barracks collapsed, killing one and injuring seven native scouts.

Aguinaldo at Mabini's Funeral. In spite of the fact that he died of cholera, the authorities permitted General Mabini, the Filipino politician and leader, to be given a public funeral Sunday. Eight thousand natives marched from Mabini's house to the grave in La Loma cemetery.

Hundreds of former insurgents, headed by Aguinaldo, took part in the procession. There were no anti-American demonstrations.

ROOSEVELT RESUMES TOUR. His Visit to Yosemite Ends and He Again Joins His Party.

Wawona, Cal., May 18.—President Roosevelt and party arrived here at 11 o'clock this morning. After luncheon they left for Raymond, where the president's train awaited him.

Berenda, Cal., May 18.—The presidential party on their arrival here were greeted by a large crowd, among them members of the Chamber of Commerce of Fresno, brought here on a special train. The president made a brief address.

MARKSMEN CONTEST AT SEA GIRL FOR PLACES ON AMERICAN TEAM.

Sea Girl, N. J., May 18.—Competition for places on the all-American rifle team that will be sent to Bisley, Eng., to endeavor to capture the Palma trophy, began here today. About forty experts faced the targets and from them a team of eight will be chosen at the end of a three days' trial.

The best scores made today were as follows: The possible total at each range was seventy, making a grand total of 225 over the three ranges of 800, 900 and 1,000 yards: Private G. Cook, First District of Columbia, 212; Lieutenant K. V. Casey, Seventy-first New York, 206; Lieutenant W. M. Farrow, Second District of Columbia, 206; Captain W. M. Martin, Second New Jersey, 205; Captain H. M. Bell, Second New Jersey, 202; Captain H. E. Evans, Sixty-ninth Pennsylvania, 200.

DECIDES TO PRODUCE BOOKS. Capitalist Verner, Sentenced for Contempt, Pays Fine of \$1,000.

Springfield, Ills., May 18.—Clarence Verner, the Boston banker, president of several electric light companies, was adjudged in contempt of court several days ago by Judge Humphrey in the United States circuit court for failure to produce the books of his companies before the master in chancery and was fined \$1,000 and costs and sentenced to six months in jail, today paid the fine of \$1,000. Judge Humphrey will be absent until Thursday or Friday and on his return Verner will produce the books in question.

Supreme Court Releases Attorneys. Washington, May 18.—The supreme court today ordered the release of Attorneys Watts and Sachs, committed to jail in Indianapolis last February for contempt, Judge Anderson, of the federal court there, charging them with obstructing his advice in a bankruptcy case. Chief Justice Fuller said the fine was charged by the federal court amounted to a charge of conspiracy between the attorneys and the state court, and such charge could not be tolerated.

BREAKS VOW: HAS HAIR CUT. Man Who Swore to Go Unshorn Until Ireland Was Free, Loses Locks.

Danville, Ills., May 18.—Michael McGuire, the Irishman who, when a mere boy, swore never to shear his hair or beard until Ireland should be free, appeared on the streets today with his hair and beard cut close to his head, and for the first time since his youth displayed his ears and the back of his neck to the public. McGuire refuses to give the reason for breaking the vow he kept so many years.

He is an inmate of the National Soldiers' home of this city and has been in a number of other homes. He has traveled extensively and is widely known because of the vow made so long ago, but which he has now broken.

FRANK ERNE WINS FIGHT. Buffalo, N. Y., May 18.—Frank Erne, former lightweight champion, won from Warren Zurbick at Fort Erie tonight in the tenth round. Erne was awarded the fight on a foul.

THE OLD RELIABLE ROYAL BAKING POWDER Absolutely Pure THERE IS NO SUBSTITUTE RAILROAD MEN IN SESSION. Trainmen Meet at Denver and the Switchmen at Indianapolis.

Denver, May 18.—About seven hundred delegates were present when Grand Master Morrissey called the national Brotherhood of Railroad Trainmen to order today. The sessions, which will be private, will continue two weeks.

Indianapolis, May 18.—The opening of the national convention of the Switchmen's union of North America here today was preceded by a parade in the downtown streets of three hundred delegates, representing twenty thousand switchmen. One of the chief subjects to come before the convention is the question of joining the American Federation of Labor. The feeling is divided.

Conductors Increase Salaries. Pittsburg, May 18.—The Order of Railway Conductors today increased the salary of Grand Chief Conductor Clark from \$5,000 to \$6,000 per year and the other officials in proportion. All the amendments to the constitution were adopted.

Tonight the members of the convention entitled to become "permanent members" of the grand division formed a permanent organization, electing W. P. Daniels of Denver president and W. J. Maxwell of Cedar Rapids, Ia., secretary-treasurer.

LIGHTNING WAS SEVERE.

One House Hit by Bolt and Woman and Children Shocked.

During the storm yesterday afternoon the residence of Ole Oien, of the New York location, was struck by lightning and Mrs. Oien and two children were rendered unconscious by the shock. Medical assistance was hastily summoned but all three recovered in short time. They suffered no ill effect from the stroke. The lightning caused considerable damage to the house. The storm was very severe, causing temporary interruption of the telephone service and stalling the street cars for a short time.

WELL SPOKEN OF.

The Ann Arbor Daily Argus has the following concerning "Joshua Simpkins," the rural comedy that appears here Friday night: "Joshua Simpkins," a New England comedy, with scenes laid in Vermont state and Washington, D. C., drew two large houses at the Athens theater Saturday, and all seemed well pleased with the performance. The play has many interesting and laugh producing scenes and situations, and good specialties are incidentally introduced during its action. George Flocker, as Uncle Josh, sang and danced well, and was supported by an evenly balanced cast. The company carries special scenery, also a fine orchestra which rendered some very acceptable music." Other press notices equally favorable have been received by the company on its appearance in many cities throughout the country. The prices will be twenty-five, thirty-five and fifty cents.

DEATH OF THOMAS BETTISON.

Thomas Bettison, whose death was mentioned in these columns yesterday morning, passed away as the result of an accident at the Salisbury mine about three weeks ago, when he fell eighty-five feet down the shaft, striking on his head and shoulders. It was thought at the time that the injuries were not serious, but there was no improvement in his condition and his life was despaired of over a week ago. Mr. Bettison was well known, having taken a prominent part in labor organizations during the strike of '95 and after. During William Andrews' administration as mayor he was a member of the police force. He left here a number of years ago for Roseland, B. C., where he engaged in mining, returning to Ishpeming about four months ago. He is survived by a wife.

BASEBALL AT A STANDSTILL.

Baseball is practically at a standstill so far as the local team is concerned; in fact, the opening of the season here appears to be very indefinite. The team has not been organized nor have any games been scheduled. Organization and practice appear to be waiting on the completion of the improvements on the Union Park diamond, which is said to be in an unlit condition for the game. The manager is confident, however, that things will move rapidly when a start has once been made.

HEAVY DOWNPOUR OF RAIN.

All outside work was suspended yesterday afternoon after the rain storm. It was the heaviest downpour that has occurred this spring and the streets were transformed into miniature rivers by the sudden rush of surface water. Vegetation was advanced wonderfully by the shower, the foliage appearing on most of the trees soon after it had passed.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious in the matter with you. You can get this reliable remedy at the Stafford Drug Store, Price 25c and 75c.

PAINTING AND PAPER HANGING.

W. J. Goldworthy, 310 High street, painter and paper hanger. Large assortment of wall paper and paint on hand. First-class work guaranteed. A call solicited. (5-4-1m)

DEBTS DON'T SHRINK.

Perhaps debts would shrink if they could when a man dies, but they do not. In that way, assets are more sympathetic, and oftentimes melt and disappear. Insurance stands in the gap. Each year, doing business in the States, Nat'l Life Ins. Co. of Vt. (Mutual) Organized 1857. M. W. Marshall, Gen. Mgr., Marquette, Mich.

DEW NOTICE IS SERVED.

Due notice is hereby served on the public generally that DeWitt's Witch Hazel Salve is the only salve on the market that is made from the pure, unadulterated witch hazel. DeWitt's Witch Hazel Salve has cured thousands of cases of piles that would not yield to any other treatment, and this fact has brought out many worthless counterfeits. Those persons who get the genuine DeWitt's Witch Hazel Salve are never disappointed, because it cures. H. Harwood, Ishpeming; Stafford Drug Co., Marquette.

STRONG TRACK TEAM SELECTED.

Ishpeming Will Be Heard From at the School Athletic Meet.

The following men will compete in the field day of the Upper Peninsula Inter-scholastic association on Memorial Day: Taken, captain; Conolly, Johnson, Bell, Gill, Upphart, Peterson, Brodine and Mudge. With possibly one exception every member of the team has had experience in track work. Most of them will enter in only one or two events, but some of them, particularly Bell and Peterson, can show up strongly in nearly all the important ones and will be formidable competitors for first honors. The team has been doing some hard work lately and shows marked improvement. When the repairs now in progress on the track are completed the facilities will be much better.

MORE WATER METERS.

Board of Public Works Will Put in Four Hundred This Season.

After having been given a test of nearly two years the water meter has thoroughly commended itself to the board of public works and the system will be extended this season by the addition of 400 new meters, which will raise the number in use to 1,250, giving over half the water consumers this service. The members of the board believe that they are acting in accordance with public sentiment in extending the system. Water takers who are now paying for city water on the flat rate are making constant requests to the board to be supplied with meters as the experience of others has proved that the average cost to small consumers is reduced by their use.

Superintendent Devine talked interestingly with a Mining Journal representative on the meter question Saturday. Mr. Devine is an enthusiast on the subject, having been one of the first to champion the change from the flat rate, against strong opposition. "I could talk for a week about meters and everything I could say would be in favor of them," said he. "In my opinion the money spent in establishing the system was the best investment that the city ever made in its condition and his life was despaired of over a week ago. Mr. Bettison was well known, having taken a prominent part in labor organizations during the strike of '95 and after. During William Andrews' administration as mayor he was a member of the police force. He left here a number of years ago for Roseland, B. C., where he engaged in mining, returning to Ishpeming about four months ago. He is survived by a wife.

Mr. Devine then spoke of the situation in regard to the water supply that prevailed here in the summer of 1901, when the plan of adopting meters was first seriously considered. At that time of that season the water in Lake Sally was so low that the pumps would not work. Many people thought that the lake would give out entirely as a source of supply and that some new body of water would have to be tapped. After the plan of adopting meters was first seriously considered, the water came in abundance to those living in more elevated portions of the town who had not been receiving any from the mains for five years. In a short time the pumps were not necessary except in case of fire. Since that time there has always been a plentiful supply.

Referring to the situation at Negaunee where the meter question is being much agitated, Mr. Devine said that he did not wish the impression to prevail that he was handing out free advice to the officials of the sister city, but at the same time he expressed his opinion regarding the expedient course for them to pursue. Of course, he said the same conditions do not prevail here as at Negaunee, but there is enough of a similarity between the two towns to have the same general rules apply to both places. "The water meter is not a new invention," Mr. Devine concluded. "It has been in use for years in hundreds of towns throughout the country and has everywhere given satisfaction. Unless a town has an unlimited supply of water that reckless and persistent waste will not diminish the supply of the individual consumers must be regulated and the meter is the best method that has yet been devised. Water hogs exist everywhere, and it would be impossible to control their wastefulness even if a whole force of detectives and superintendents were detailed to watch them. It is useless to talk about having the superintendent or his assistants keep tab on the people who use more than their share of water. Threats of raising the rates will have no effect for the waste will go on just the same when the superintendent's back is turned. Water meters are the only thing."

MADE YOUNG AGAIN.

"One of Dr. King's New Life Pills each night for two weeks has put me in my teens again," writes D. H. Turner of Dempseytown, Pa. They're the best in the world for Liver, Stomach and Bowels. Purely vegetable. Never gripe. Only 25c at The Stafford Drug Co.'s drug store.

We have stoves, ranges, carpets, wall paper, book cases, writing desks, china closets, etc., all going at 20 per cent off. Swanson, Warnberg & Co.

No man can cure consumption. You can prevent it though. Dr. Wood's Norway Pine Syrup cures coughs, colds, bronchitis, asthma. Never fails.

A PIONEER ODD FELLOW.

H. H. Mildon Became a Member of the Order in 1864.

"Joseph Chynoweth and Peter Kramer of Calumet and Osceola, respectively, are among the oldest Odd Fellows of the upper peninsula," so says the copper country correspondent of The Mining Journal. Here is one still older.

Hon. H. H. Mildon of Ishpeming joined Mesnard lodge, No. 79, of Houghton, in 1864, and was a charter member and first noble grand of Mystic lodge, No. 109, of Hancock, instituted in 1867. He officiated at the institution of Marquette lodge, No. 108, in 1868, was a charter member of Ahmeek lodge, No. 150, and was also its first noble grand. The judge is today one of the most active members of the latter lodge.

Have you attended our clearing sale of furniture, etc? Fine goods at 20 per cent discount till June 1. Swanson, Warnberg & Co.

The International correspondence schools will withdraw their 20 per cent industrial discount June 1. Applicants will do well to come in before that date. Apply to W. J. Williams, agent, room 13, Jenks' block. (5-18-1w)

We are selling sixteen-inch pine slabs at \$3.00 per load. Consolidated Fuel & Lumber Co. (11-24-f)

IMMEDIATE ANNUITIES.

The great security offered purchasers of Immediate Annuities should command the attention of investors. No fluctuation of income, no care, no danger of loss. Collectible in any part of the world. A permanent letter of credit, good as long as you live, as sure as you live. 5th year, doing business in 25 states. Nat'l Life Ins. Co. of Vt. (Mutual) Organized 1857. M. W. Marshall, Gen. Mgr., Marquette, Mich.

Nasal CATARRH

In all its stages there should be cleanliness.

Ely's Cream Balm cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spread over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Drug gets or by mail; Trial Size, 10 cents by mail.

ELY BROTHERS, 54 Warren Street, New York.

New Way to Polish a Stove.

No Waste—Odor—Dirt.

By sprinkling Sifter Stove Polish on the stove and then rubbing with a damp rag and gently brushing with a dry cloth, a brilliant, jet black lustre is obtained. Sifter Stove Polish comes in a large box with a perforated top, through which the polish is sifted just like peppering a beefsteak. Sifter Stove Polish is made of pure powdered graphite, which is not affected by fire, produces the most brilliant polish, and when applied, won't rub off. It is odorless. It never dries up. It does not require soaking in water before using. A 10 cent box of Sifter Stove Polish will polish more stoves than three times its cost in any other polish. Get Sifter Stove Polish of any dealer at 5 cents a box, a 10 cent box contains more than twice as much. Insist on the yellow label with the hand.

Wanted

WANTED—A gray, medium sized cow, with head a darker gray, downward curved horns, the tip of one horn being sawed off, with tail reaching to ground nearly. Had a new bell and strap. Last seen between Humboldt and Ishpeming. A liberal reward will be paid to person taking up cow and caring for same till I am notified. John Kasik, 440 S. Second st., Ishpeming. 5-18-2d

A. C. Seass left yesterday morning to spend several days at his camp at Little Lake.

A large number of Negaunee people went to Marquette Sunday to witness the ball game.

Bida, the fourteen-year-old daughter of Oscar Field, died early yesterday morning of bronchitis.

The funeral of James Sheehy was held Sunday afternoon from St. Paul's church. It was largely attended.

Harry Tremblath left yesterday morning to resume his work in the copper country for the insurance bureau.

The foundation of W. L. Bedford's residence has been completed and it is expected that the frame will be enclosed this week.

There will be a special meeting of the fire department tonight. Important matters will come up for consideration and the chief desires that every member shall attend.

The work of repairing the break in the sewer on Jackson street is proving a difficult undertaking. A large space was excavated, but it filled immediately with water to the depth of several feet.

A hand pump could not drain the hole so the portable boiler of the rock crusher was brought to the place to furnish steam for a small power pump.

BUSY DAY IN COURT

JUDGE STONE DISPENSED JUSTICE TO SEVERAL OFFENDERS.

NEGAUNEE SALOON MAN FINED

TRIAL OF J. M. BROWN, ACCUSED OF BURGLARY, ON TODAY.

Junk Dealers, Hoffman and Fine, to Be Up Wednesday—Old Moffat Pleaded Guilty and Will Be Sentenced Later.

After a preliminary of approving of the applications of some sixteen would-be citizens, mostly Finns, Judge Stone at 2 o'clock yesterday afternoon dispensed justice to several offenders held on account of violations of the criminal law.

Jacob Salo, a Negaunee saloonkeeper who does not remember to keep his screens open in the manner required by the statute, pleaded guilty to a second offense. Judge Stone informed the man when he was called out for sentence that he was of half a mind to commit him to the county jail, saying that he almost despaired of reforming his ways by the sentence treatment.

Isaacson is another Negaunee liquor law violator. Yesterday morning he proceeded to seek consolation in the liquor he customarily dispenses. The result was that when he should have been haled to the bar of justice to receive his sentence he was too drunk to make a respectable appearance.

The case of the People vs. Edward Blair, assault, etc., was continued, with bail in full force.

The case of the People vs. Richard J. Trewnick was dropped.

A settlement was reported in the case of the People vs. Ed Beckman, and the defendant was discharged.

Sentence Suspended. In the case of the People vs. Edward Dwyer, Michael Tansey, James Wild and Arthur Cadotte Judge Stone suspended sentence until the first day of the September term of his court, authorizing the prosecuting attorney to issue a bench warrant for the boys at any time in the interval that they should misbehave.

In the case of the People vs. Silas Moffat, the accused pleaded guilty to the charge of stealing five copper fountains from the basement of Pendill's drug store. Sentence was not pronounced, however, and Moffat is out on the old bond until later in the week when the judge will fix his punishment. The purpose is not disposing of his case finally yesterday was to have Moffat free at the time his testimony will be used in the cases of the People vs. Abraham Fine and the People vs. Nathan Hoffman, charged with receiving stolen goods. They bought the copper fountains taken from the Pendill premises by Moffat and he charges they were in collusion with him. The hearings in the cases of Fine and Hoffman are set for Wednesday. They have pleaded not guilty.

Feeney Pleaded Guilty. In the case of the People vs. Frank Feeney the prisoner pleaded guilty and will be sentenced later in the week. Feeney burglarized the Marquette Hardware company's store a few weeks ago.

A few days after his release from the Marquette branch of state prison. He will doubtless be sent back there again. J. M. Brown, accused of being one of the three parties who cracked the safe in Levine & Davidson's store at Champlain some days ago, entered a plea of not guilty, and his trial will proceed to-day. The jury was drawn yesterday afternoon, and the case will be taken up the first thing this morning. F. L. Joslin will conduct his defense.

A goodly representation of the lawyers of the Marquette county bar were in attendance at court in the morning when Judge Stone ran through the docket. The following disposition was made of the various cases: Trial by Jury—William E. Thompson vs. the C. & N. V. Ry. company, continued without costs; S. E. Byrne, Jr., vs. J. P. and F. F. Werner, set for trial Tuesday morning, first case; Peter Berginski vs. D. S. S. & A. road, set for trial Monday, first case; Julia Goff vs. A. F. Brown, Thursday, second case; Isaac Treudo vs. John and Michael Losselomg, Friday, first case; E. R. Nelson vs. Michigan Telephone company, Friday, second case; Daniel Curry vs. Daniel McInnis, continued by consent; Selma A. Kowell, by August Kowell, her next friend, vs. Mary Siootte, Friday, third case; Ernie Brindel, by Jane Brindel, her guardian, vs. M. W. and John Shea, Saturday morning, first case; W. H. Lucas vs. M. C. & P. I. St. Ry. company, Saturday morning, second case; W. F. Main company vs. J. E. Lindholm, Monday, second case.

Trial by Court—Sidney Adams vs. D. W. Powell and Ed Mitchell, to be submitted, date to be fixed; G. H. Bellinger vs. Ann Robinson, jury asked by H. O. Young, to be tried Tuesday, the 26th; W. C. Weber vs. George W. Shaw, countermanded; American Soda Water company vs. Jacob Dworkin, countermanded; Charles T. Sharp vs. M. Nelson, settled; J. H. Winter and J. E. Sues, co-partners, and Louis Miller vs. Ira A. Clark, continued without costs on motion of the defendant; Smith, Thornadyke & Brown company vs. Finnish Mercantile association, to be submitted, date yet to be fixed; Annie C. Redlund, in the matter of the estate of F. A. Bell appointed referee; Waston Plummer Shoe company vs. the Finnish Mercantile company, to be submitted, date yet to be fixed; Marcus Bacharach et al vs. the Finnish Mercantile company, to be submitted, date yet to be fixed; Max Edlerheimer et al vs. the Finnish Mercantile association, to be submitted, date yet to be fixed; August Lundin vs. N. M. Nelson, defendant asked for jury trial, Tuesday, 26th.

Chancery—G. J. Maas vs. Joseph Kirkpatrick et al, continued.

Laidley vs. Kaufman.

The first step in what promises to be an important piece of litigation between W. H. Laidley and S. R. Kaufman occurred the last thing before adjournment for dinner, when W. S. Hill, for Mr. Laidley, sought and was granted a postponement in the hearing in the injunction lately obtained by Mr. Laidley until a week from yesterday, next Monday.

The litigation is the outgrowth of the severance of the partnership relations that existed between Mr. Laidley and Mr. Kaufman under the name of the Laidley Commission company, and the injunction referred to restrains Mr. Kaufman from selling notes said to be given by Mr. Laidley in part settlement of the consideration for which the latter bought out Mr. Kaufman. The postponement was granted by Judge Stone on the condition that a bond sufficient to cover any resulting damages, \$1,000, be filed at once. One of the notes for \$500 is overdue, but payment is tied up until the issue of the injunction matter is determined. The bill of complaint and the answer in this litigation were filed some days ago. They go over at length the business relations between the parties.

Another important case set for hearing later is the chancery case of the Chandler-Dunbar Water Power company vs. the Lake Superior Power company. Great things are at stake in this dispute, and it really involves tremendous amounts, as the complainant questions the right of the Michigan company to use the water flowing out from Lake Superior in the manner it is being utilized to operate the Michigan power canal. Questions of riparian rights are involved, and a decision in favor of complainant would be attended by great and far-reaching consequences. This case has been hanging fire for the past two or three years. It was originally brought in the Chippewa circuit, but was transferred to this county. Judge Stone yesterday appointed June 13 a date for beginning the hearing, and it is likely that the task of receiving testimony will be taken up on that date. It will require a week, at least, to submit the case.

BATCH OF CITIZENS. They Were Ground Out in Circuit Court Yesterday.

Some sixteen full-fledged citizens of the United States were turned out of circuit court yesterday afternoon, they formally forswearing allegiance to the foreign governments under whose flags they formerly lived. The men were mostly Finns, with a few Swedes included. All of the applicants for second papers were allowed these documents, except one, regarding whose residence the testimony was not entirely satisfactory. He is a young Finn, aged twenty-one years, and he will doubtless get his papers a little later. In addition to these second papers County Clerk Ross issued a large number of first papers to other aliens who will in the course of the specified times become full citizens. Between the demands of these new comers and the work of the court room the clerk had his hands full. All the applicants for both first and second papers were up-the-road men, mostly employed in the various mines. Together with their witness they made a party of in the neighborhood of fifty.

FOR BENEFIT OF FIREMEN.

The "Colonial Motion Picture" company will give an entertainment at the opera house on Saturday evening, June 20, under the auspices of and for the benefit of Morse Hose company. A large collection of moving pictures will be shown, including views of the coronation of King Edward, the eruption of Mount Pelee, an English stag hunt, a Boston "horseless" fire department in action, a storm at sea, Captain Nisson shooting the Whirlpool rapids, a London fire scene, "Jack and the Beanstalk," the latter from the famous Drury Lane pantomine production, and many others. Popular prices will be charged. The entertainment comes well recommended.

CITY BREVITIES.

Weather forecast: Partly cloudy with occasional thunder showers; brisk southerly winds.

Yesterday's temperature: 7 a. m., 67 degrees; noon, 83 degrees; 7 p. m., 69 degrees; maximum, 83 degrees; minimum, 63 degrees.

The Castalia arrived yesterday with a cargo of coal.

The steamers Gould and India were in port Sunday, bound up.

Mark Elliott of Palmer is in the city. He is one of the jurors for the present term of circuit court.

E. E. Johnson, superintendent of the Newberry furnace, left last night for up the road after several days spent here.

Henry Bohn and Miss Nellie Murphy, a popular young couple, were united in marriage yesterday morning at St. Peter's cathedral.

A. B. Eldredge has been at Munising this week. He has been concerned in the litigation between the Munising railway and the Lae LaBelle company, in the Alger circuit court.

Controller Bay has received fair returns from his tax statements, but there are still a number to come in. They should be filled out and returned without any further loss of time.

D. B. Waldo and L. F. Anderson, of the Normal school faculty, will participate in a teachers' institute at Mass City Thursday, Friday and Saturday of this week, being heard in several talks and addresses.

Albert Jackson post, No. 300, of the G. A. R., will attend the Baptist church in a body on Sunday, the 24th. An invitation to join in with them is extended to the Spanish-American War veterans and the Marquette Light Infantry.

Al Sedgewick, M. H. Crocker, H. O. Young, Tim Nolan, T. A. Thoren, William Peters, T. J. Dundon and F. A. Bell were among the up-the-road attorneys who attended the opening session of the May term of circuit court yesterday.

D. B. Waldo, president of the Northern Normal, has accepted invitations to deliver high school commencement addresses at Manistique, Gladstone, the Atlantic Mine, Champion and Humboldt. Most of these addresses will be given next month.

The Britton and James Watt took out one from the South Shore docks yesterday. They cleared for Cleveland. A. W. Thompson, in tow of the Warner, was expected to get away early this morning. There were no clearances from the L. S. & L. dock. The steamer Grammer was an arrival there late last night.

T. A. Thoren, who was in town attending the opening session of circuit court yesterday, and who manages the Negaunee baseball team, remarked to a Mining Journal reporter that he believed that Marquette was going to have a fast team this year. He based his remark on what he saw of the nine Sunday. He thinks the team is going to be a heavy hitting aggregation and that it will prove able to hold its end up with the best nines to be found in the north country. Marquette fans will hope that he is right.

A STARTLING TEST.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes: "A patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in fourteen months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 50c at The Stafford Drug Co.

Mme. Ratozzi, the noted beauty and singer, says: "My face is much fairer, the rose deepens in my cheeks, my eyes grow brighter since taking Rocky Mountain Tea. 35 cents." The Stafford Drug Co.

RUGS MADE OF OLD CARPET Address M. Iralson, Clifton Hotel.

TORTURING DISFIGURING Skin, Scalp and Blood Humours

Speedily Cured by Cuticura Soap, Ointment and Pills

When the Best Physicians and All Else Fail.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalded head; the facial disfigurements, as in pimples and ringworm; the awful suffering of infants, and anxiety of worn-out parents, as in milk crust, tetter and salt rheum,—all demand a remedy of almost superhuman virtues to successfully cope with them.

That Cuticura Soap, Ointment and Pills are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy have made them the standard skin cures, blood purifiers and humour remedies of the civilized world.

Bathe the affected parts with hot water and Cuticura Soap, to cleanse the surface of crusts and scales, and soften the thickened cuticle. Dry, without hard rubbing, and apply Cuticura Ointment freely to allay itching, irritation and inflammation, and soothe and heal, and, lastly, take the Cuticura Resolvent Pills, to cool and cleanse the blood.

This complete treatment, costing but one dollar, affords instant relief, permanent rest and sleep in the severest forms of eczema and other itching, burning and scaly humours of the skin, scalp and blood, and points to a speedy, permanent and economical cure when all other remedies and the best physicians fail.
